THE STATE-HOOD TANGLE

Senator Quay Rises, Making Usual Request.

TRYING TO UNRAVEL THE MUDDLE

Missouri Bank Robbers Again Escape From Their Rendezvous.

Washington, Feb. 21.—The senate resumed its sitting again at 11 o'clock with the doors closed, and with Thursday's session proceeding.

The presiding officer had scarcely taken his seat when the point of no quorum was made. A sufficient number of senators soon responded and Mr. Morgan was about to proceed with his canal speech when there was a general request on the part of the senators to be allowed to transact some morning business.

Senator Cullom yielded to this demand and it soon became apparent that a very large volume of this business had accumulated. Mr. Cullom then moved an open session of an hour for the transaction of the legislative business. There was no objection and accordingly twenty minutes after the beginning of the session the doors were opened. The hour was given up largely to the introduction of bills and the making of committee reports. The business had not proceeded far when Mr. Quay rose and said:

"I merely rise to make my usual request with, I presume, the usual result, that on Thursday, the 26th of February, a vote be taken on the omnibus statehood bill and all amendments without further debate."

Messrs. Depew and Nelson objected simultaneously, and Mr. Quay took his seat, with a wave of his hand to Mr. Alger, who had yielded the floor to him.

A number of bills passed. Mr. Mason gave notice that on Monday he would ask the senate to take up the postoffice appropriation bill immediately after the disposition of the routine morning business.

The senate then, on motion of Mr. Cullom, resumed the consideration of the Panama canal treaty in executive session.

When the senate went into executive session for the second time, Mr. Quay again took the floor and said he desired to present to the senate certain reports, but that he was indisposed and therefore would like to have them read by the clerk.

There was no objection and the reading clerk accordingly began the reading of a long report on the question of isthmian canals which Mr. Quay sent up.

THE NATIONAL HOUSE.

Washington, Feb. 21.—At the opening of the session of the house today, Mr. Hemenway of Indiana, asked the unanimous consent for the consideration of a bill to exempt from taxation the property of the Daughters of the Revolution in the District of Columbia.

Mr. Moon of Tennessee objected, saying he would continue to object to the consideration of any bill by unanimous consent.

Mr. Fowler of New Jersey then moved that the house go into a committee of the whole to consider the currency bill, and pending that motion he asked that he control time for the bill, and Mr. Thayer of Massachusetts against it.

To this Mr. Bartlett of Georgia objected, saying there was a difference of opinion on the democratic side concerning this question.

The motion was carried 137 to 95.

Accordingly, the house went into a committee of the whole and Mr. Fowler, chairman of the committee on banking and currency, took the floor in support of his bill.

TRYING TO UNLOCK.

Statehood Compromise May Be Used to Do the Unlocking.

Washington, Feb. 21.—The statehood compromise which is expected to unlock the present tangle in the senate and remove the blockade proposed to admit two states, one Oklahoma, according to its present boundaries, with a provision that the Indian territory shall be added in 1906, when the treaty obligations with the Indians will not be in the way.

The other state is to be composed of New Mexico and Arizona under the name of Montozuma, with a provision that when the present territory of Arizona has a population of 300,000 people it shall become a separate state,

providing that the people of the territory affected vote in favor of being divided from New Mexico.

Senator Spooner has been entrusted with the legal questions involved, especially in regard to the rights of the Indian tribes in the Indian territory.

While this compromise will be acceptable to the republicans there is yet considerable doubt about the democrats, and so far as can be learned they will oppose it with vigor, which means defeat at this stage of the session. It has been suggested that when the compromise plan is formulated the democrats may hold a conference and if a majority agree to accept the bill, the minority will yield.

However, this is only conjecture, but the men who are managing the compromise hope that some agreement can be reached.

The effect upon the canal treaty will at once be felt and Senator Quay and other statehood men will not try to prolong the debate on this measure.

At the same time senators served notice yesterday upon those who are pressing the treaty that Senator Morgan should have full opportunity to present his views and amendments to the treaty in an orderly manner and without undue pressure.

Senators Teller, Dubois and Rawlins were especially emphatic when making these declarations, saying that even if the treaty had to go over until after March 4, the Alabama senator should not be subjected to undue pressure.

Oregon's New Senator.

Salem, Ore., Feb. 21.—At twenty minutes after midnight on the forty-third ballot, Charles W. Fulton, of Astoria, was selected United States senator. The scene was one of great enthusiasm when the result was announced.

PILFERING GOODS.

Thin Story Told by a Thief to His Honor, Judge Crawford.

Pedro Perea, a native teamster of old town, was given his choice of thirty dollars or thirty days in the police court this morning for stealing a sack of beans from the Gross-Kelly & Co. warehouse last night. Night Watchman Thomas Ford has been having considerable trouble every night from keeping pilferers away from the stock of goods piled up in the burned warehouse. Last night, while he was making his rounds he ran across a man with a sack on his shoulder. He was just in the act of putting it in his wagon, which was near by, when Ford nabbed him. There were two other men with him, but they made good their escape.

At the hearing this morning Perea said he was drunk, and did not know what he was doing, and that he did not know the names of the other two men with him. Perea was given a light sentence as he has a wife and four children to support.

There has been so many petty robberies of late that the judge intends to put a check on them.

The two men with Perea, who escaped, were after the meat which is piled on the platform, but the timely appearance of the officer stopped their little game.

Washington Party.

Miss Mabel Strong, niece of Mr. and Mrs. W. W. Strong, of North Eighth street, was the charming hostess at a pleasant Washington's birthday party last evening. Numerous games, choice and appropriate to the occasion, music and delightful refreshments, were the entertaining features of the affair.

Sanchez Released.

Locopas Sanchez, the native arrested for violation of the postal laws, was released this afternoon, as there was no statutes in the United States laws by which he could be held. Sanchez presented a postoffice order for \$50, payable to Andrew B. Lopez, representing himself to be Lopez. However, the real Lopez had left an address several days previous to which the letter was

to be forwarded, and the signatures of Lopez and Sanchez not corresponding, he was refused the money. This case was one of the most peculiar that has ever come up before the United States courts in this territory.

Barbers to Organize.

"Follow the crowd," seems to be the popular by-word among the laborers of the various branches of trade in Albuquerque. There are already a large number of unions in the city, each a member of the Central Labor union. Another is to be given birth tomorrow afternoon, when the tonsorial artists of the city will meet, at 3 o'clock, in Carpenters' hall on West Gold avenue and elect officers and make application to their international organization for a charter. They will send delegates to the Central Labor union.

BANK ROBBERS ESCAPE.

Have Adopted Tracy Tactics of Threatening Farmers.

St. Louis, Feb. 21.—A special dispatch to the Post-Dispatch indicates that Bill Rudolph and Frank Lewis, the Union, Mo., bank robbers, who are located in a cabin near Richview, Ill., have again escaped and a posse of citizens, in addition to that of Sheriff Howe, are being formed to pursue and capture them if possible. The entire community is in arms.

According to report from communities through which the robbers have passed, they have adopted Tracy tactics, intimidating farmers and threatening to kill any posse that may be sent in pursuit. They converse only with women and children, from whom all the details concerning them have been learned, except of the general description given by a hunter who encountered them in the woods Friday.

They approach a farm house, and, standing some distance away, call loudly until some one makes his appearance. If it is a man, they keep on talking to him until he comes up closer and then they throw their rifles down on him and order him to leave the premises. Like Tracy, they accompany this order with a threat to massacre the entire family if any attempt is made to summon help. In this way they obtained food.

At one farm house they found the farmer's wife and children alone. They ordered her to get breakfast and chatted freely while she was cooking the meal. All questions concerning themselves they parried. The man supposed to be Rudolph stood on guard while the other ate, and Lewis then acted as picket.

SPRING RACES.

A Meeting of Local Horsemen Held Last Night.

The Gentlemen's Driving association held a rousing meeting in the hall over Zeiger's cafe last night. Business of importance was transacted and matters in connection with the advisability of having a spring race meeting was discussed at length. All the members present took an interest in the business in hand and the proposition of having a spring meeting was discussed from most every viewpoint. Considering it from a business standpoint it looks good, if made a success. The prospects of it being a success are very bright.

El Paso horsemen write that there are several cars of good horses wintering at El Paso, which intend to make the spring circuit in Colorado and would gladly stop off here for a few days.

If the meeting is to be held here it will occur some time in the month of May.

Band Concert.

The United States Indian school band will give their first open air concert tomorrow afternoon. The program to be rendered is as follows: March, "Bunker Hill," Leighton Overture, "Um Paul," Huntington Solo alto and saxophone.

FINE BALL.

The Italian Band Entertained Royally Last Night.

The grand ball given by the Italian band at Grant hall last night was well attended by a pleasant crowd. There was nothing lacking in the music line. The band rendered many fine selections during the street concert, just before the dance, and also during the evening the dancers were treated to some excellent band music. The dancing music was furnished by Professor Di Mauro's excellent orchestra. Besides having a most enjoyable evening, the band realized a neat little sum for the benefit of the organization.

J. D. Herbert, the hotel keeper of Magdalena, is in the city.

The occasion was rendered notable and interesting by addresses delivered by President Roosevelt, Secretary of War Root and Major General S. B. M. Young, president of the war college. Today's ceremonies marked the beginning of a project which has been fostered by the president, Secretary Root and others interested in the advancement and thorough training of the United States army.

Salt Lake, Utah, Feb. 21.—Two trolley cars collided this morning on the South Temple street line. Motorman Farrow was probably fatally injured and the cars badly smashed. The passengers escaped with a few bruises. A dense fog prevailed at the time.

SELECTING SITE.

The General Citizens' Committee Holding Important Meeting.

GREAT INTEREST MANIFESTED.

The following notice was sent to all the members of the Citizens' committee:

As a member of the citizens' committee of sixty you are requested to attend a meeting of said committee to be held over Zeiger's Cafe at 4 o'clock Saturday afternoon, February 21, to examine and pass upon the various sites which have been offered to the executive committee as depot and terminal grounds for the Albuquerque Eastern railway.

C. F. MYERS, G. L. BROOKS, W. S. STRICKLER, Executive Committee.

This meeting will undoubtedly bring about some definite decision as to sites for the depot and terminal grounds for the Albuquerque Eastern railway, which will be submitted to General Manager Hopewell.

At 4:30 o'clock Mayor Myers called

the meeting to order, there being present about fifty of the sixty members, every man present, if not a taxpayer, is deeply interested in the future of this city.

Mr. Brooks submitted the following estimates for sites and rights of way: West side, \$27,500; east side, \$19,150; saw mills site, \$22,500. It is understood that the chief engineer favors the west side (the Robinson-Raynolds-Clellan ground), while Mr. Hopewell is leaning toward the west side (the Childers-Saint ground).

The meeting is still in progress as The Citizen goes to press.

DEATH OF E. A. HUNT.

Sudden Demise of the Local Cashier of Washington Life Insurance Co.

E. A. Hunt, cashier of the local office of the Washington Life Insurance company, died suddenly at his rooms on South Arno street this afternoon about 2 o'clock. Lung trouble is supposed to have been the cause of his death. The deceased was in his office until after 12 o'clock, when he was requested by his employer, J. H. O'Reilly, to go home and rest, as his appearance showed that he was not feeling well. His friends say that his health has been falling rapidly the past few days.

Mr. Hunt was quite well known in Albuquerque, having excellent vocal powers and having appeared publicly in several entertainments occurring in the city. He was a member of several lodges. He came to Albuquerque from New York city.

On account of the death of E. A. Hunt, the called meeting of Rio Grande chapter, No. 4, R. A. M., for tonight, has been postponed.

THE CROOKED SWITCHMAN.

Taken to Las Vegas and Pleads Guilty to Stealing Pay Checks.

Ben Williams, special officer for the Santa Fe, returned last night from Las Vegas, where he went Thursday night with G. M. Storms, the Santa Fe switchman who was arrested here for stealing Santa Fe pay checks and also for forgery. Although Storms strenuously denied committing the crimes charged, while here, he pleaded guilty to both charges at the trial in the Meadow City yesterday. He was bound over to the grand jury under \$500 bond for each charge.

Storms stated that he threw the bundle of checks away at the corner of the vacant lot west of Putney's warehouse. But there has been no knowledge of any of them being found yet.

John Cruise, colored, died at his rooms on Copper avenue yesterday, of consumption. He was about 35 years old and came here from Austin, Texas, where his parents reside. The body will be interred at Fairview cemetery.

The Knights of Columbus will meet tonight at 8 o'clock in the Knights of Pythias hall. It is hoped that a large attendance will be had as arrangements will be perfected to initiate into the order and give first, second and third degrees in March to about thirty-five members.

R. L. Dodson, proprietor of the Albuquerque Cycle and Arm company, has returned from Denver, where he ordered goods for his establishment and also purchased a 1,200 pound Rambler automobile. The horseless carriage is expected to arrive one day next week.

Messrs. Thomas Hall and George P. Leonard, of the progressive music firm of Hall & Leonard, returned yesterday from a business trip to the bustling town of Belen. Mr. Leonard stated this morning that the prospects for business are bright, and the town has all the appearances of progressiveness.

Harry J. Franklin and wife are in the city from Los Angeles, Cal., and will enjoy a few days with their friends, Mr. and Mrs. F. E. Sturges. Mr. Franklin is well known throughout New Mexico. He is now the popular general claims agent of the coast lines of the Santa Fe, with headquarters and home at Los Angeles.

TERRITORIAL LAWMAKERS

Twenty-Third Day's Doings of Legislature.

TWO IMPORTANT REPEALING ACTS

Santa Fe to Be Improved--Roosevelt and Quay Counties Created.

The Council.
(Friday's Morning Session.)

The council was called to order at 10:15 and after roll call there was prayer by Rev. W. R. Dye. The journal was read and approved. The committee on territorial affairs, through Mr. Jaramillo, reported favorably house bill No. 55, an act to provide for an assistant secretary of New Mexico; council bill No. 41, an act to prohibit desecration of the American flag, passage recommended; council bill No. 47, an act to repeal the law on bounties and making provision in regard thereto, passage recommended by Mr. Duncan and Mr. Pinard, passage not recommended by Mr. Jaramillo; council bill No. 27, an act to require police officers to enforce the law on Sunday observance and to prevent the sale of liquors and gambling on Sunday, passage recommended by Mr. Pinard, passage not recommended by Mr. Jaramillo and Mr. Duncan.

The committee on privileges and elections favorably reported council bill No. 64, an act to amend the election laws.

Mr. Hughes introduced council bill No. 74, an act to repeal the law providing for a geological survey of New Mexico and to make an exhibit at the St. Louis Exposition. The bill recites that a large amount of money has been collected for these two purposes but that the government has taken no action regarding the survey. Many members of congress are opposed to the admission of New Mexico as a state and for these reasons the bill provides that the Louisiana purchase exposition commission shall pay all bills and cease to exist. The money in the two funds shall be equally divided among the seven territorial educational institutions. Referred to the committee on finance.

Council bill No. 75 was introduced by Mr. Hughes. It recites that the untidy and dilapidated condition of Santa Fe is a great regret to all citizens of New Mexico; that no capital is so rich in historic associations, that it is a matter of pride to all citizens of New Mexico that the capital should be beautified and made as attractive as possible. The preamble recites that the financial condition of Santa Fe is such that the city can do nothing. The bill provides that on the request of the city council and mayor of Santa Fe, and the approval of the governor, convicts may be used to improve streets, parks and public places in Santa Fe. Bricks, stone and other products of the penitentiary shall be furnished free. The same privilege is authorized for the construction of an executive mansion and a building for the historical society. It was referred to the committee on territorial affairs.

Council bill No. 76 was favorably reported by the committee on irrigation. It is to prevent injury to ditches, pipe lines, reservoirs and the taking and beheading of waters therein. The rules were suspended and the bill passed unanimously.

By unanimous consent, council bill No. 80 was introduced by Mr. Martinez. It is an act to amend the laws relating to the qualifications of justices of the peace. Referred to judiciary committee.

The committee on municipal and private corporations favorably reported council bill No. 65, an act to amend the law relating to the appointment of police forces in towns having not more than 3,000 population. It was passed unanimously.

The same committee recommended that council bill No. 44 be tabled indefinitely and the substitute reported by the committee be passed. The bill relates to the election of municipal officers and was assigned to take its regular course.

By unanimous consent, Mr. Spies introduced council bill No. 81, an act regarding the limitation of time of beginning legal actions. It was referred to the judiciary committee.

The council then took a recess until 2 o'clock in the afternoon.

and Jaramillo voting for it. The minority report was adopted, Mr. Duncan and Mr. Jaramillo alone voting against it. The bill was amended in several particulars and was passed unanimously.

A message was received from the house announcing the passage of amendment house substitute for house bill No. 49, an act to create Quay county; house bill No. 53, an act relating to contested elections; council substitute for council joint resolution No. 4, relating to the printing of reports, documents, etc., in Spanish; council bill No. 73, an act to create an orphan's home at Belen; amended council bill No. 4, an act to create Roosevelt county.

Council bill No. 5, by Mr. Hawkins, an act to amend the election law was taken up. Favorable action was recommended by the committee on privileges and elections. The bill provides that a voter whose name has been omitted from the registration list, shall have the right to vote on presenting an affidavit by himself, supported by the affidavits of two other voters of the precinct, that he is a qualified voter of that precinct. The bill was unanimously passed.

House bill No. 55, an act to provide for an assistant secretary for the territory, was recommitted to the judiciary committee to investigate whether or not the legislative assembly has the right to enact such a law. It had been favorably reported by the committee on territorial affairs.

The passage of council bill No. 41, an act to prevent the desecration of the American flag, was recommended by the committee on territorial affairs and the bill was unanimously passed.

Council bill No. 47, an act repealing chapter 10 of the session laws of 1901, regulating the bounties to be paid for killing wild animals and providing therefor, was called up. The majority of the committee on territorial affairs recommended its passage, but the minority report, signed by Mr. Jaramillo, was against it. The minority report was rejected and the majority report adopted. The bill provides a bounty of \$2 each for coyote, wildcat or lynx, and \$20 each for gray wolf, lobo, panther, mountain lion or bear. Mr. Fall moved to strike out the enacting clause as he believed \$2 too much to pay for coyotes. He believed it would pay better to kill coyotes than to go to the sheep business. His motion was lost by 7 to 4. The bill was then passed by a vote of 8 to 3.

Council bill No. 68 was favorably reported by the committee on irrigation. It is to prevent injury to ditches, pipe lines, reservoirs and the taking and beheading of waters therein. The rules were suspended and the bill passed unanimously.

By unanimous consent, council bill No. 80 was introduced by Mr. Martinez. It is an act to amend the laws relating to the qualifications of justices of the peace. Referred to judiciary committee.

The committee on municipal and private corporations favorably reported council bill No. 65, an act to amend the law relating to the appointment of police forces in towns having not more than 3,000 population. It was passed unanimously.

The same committee recommended that council bill No. 44 be tabled indefinitely and the substitute reported by the committee be passed. The bill relates to the election of municipal officers and was assigned to take its regular course.

By unanimous consent, Mr. Spies introduced council bill No. 81, an act regarding the limitation of time of beginning legal actions. It was referred to the judiciary committee.

The council then took a recess until 2 o'clock in the afternoon.

(Friday's Afternoon Session.)

When President Chaves called the council to order, he announced that he had been requested from a high authority to call the attention of the council to the necessity for early consideration of the appropriation bill so

New Mexico demands Statehood from
the Fifty-Seventh Congress.

THE STATEHOOD BLOCKADE.

The concessions made by the advocates of the omnibus statehood bill in favor of the consideration of the Panama canal treaty will commend themselves to the country, says the Kansas City Star. The importance of the canal project is fully appreciated by the public at large. The urgency of having the treaty disposed of at the present session, of which but two weeks remain, is sufficient reason for making it a special order of business. The fact that it does not disturb the place of the statehood bill as the regular order, and the additional fact that the canal treaty cannot be considered without the consent of the statehood supporters, open the way for the disposal of the question.

In the meantime, however, the majority of the people will take satisfaction in the position that Senator Quay and his followers have maintained. The omnibus bill is now attached to the appropriations bill as a rider, and in this relation will become a law or cause the defeat of necessary appropriations and necessitate an extra session to provide for the operation of important branches of the government.

Those republicans who object to the bill on its provisions, or who want only such a measure as can be passed by republican votes, do not command the approval of the public at large. This is a popular government, and the people are jealous of the rights and powers of the majority. Senator Quay has demonstrated that a majority of the senate is favorable to the omnibus bill. That majority should rule. The majority has a right to overcome the minority, if possible, but it has no right to prevent the issue from coming to a vote. Between the filibustering of the minority and the stand taken by Senator Quay, the latter is nearer to the basic principles of popular government, and, therefore, appeals more strongly to the public.

An effort is being made to improve and clean up the city of Santa Fe. This is necessary to the comfort of visitors to the capital city.

NOT DESERVED.

The legislature has named a new county in this territory in honor of President Roosevelt. The compliment is not deserved by Mr. Roosevelt. He used New Mexico and Arizona as stepping stones to reach the presidency and then spurned his humble friends and refused to make good his public pledges regarding the admission of these territories to statehood. In this respect Mr. Roosevelt is not different to the ward politicians of all the states and territories. His promises are subject to revision and he has turned upon the people who followed him from Santa Fe to San Juan hill. But for the opposition of President Roosevelt New Mexico and Arizona would now be states of the American union. When the bills creating Quay and Roosevelt counties passed the territorial council yesterday a resolution was passed notifying Senator Quay that a county was named in his honor because of his faithful and untiring work for the territory. A similar resolution could not be passed for Pres-

dent Roosevelt, because it was well known that he had done nothing to help pass the statehood bill.

That little miscreant...

promptly punished by the territorial council.

ST. LOUIS FAIR.

The people of New Mexico are opposed to a square dance party or festival and dollars on the St. Louis fair. The people and those of that city have joined in a protest against the fair. The people of New Mexico are in a position to live absolutely independent of all humanity. We have never asked and certainly have not received any favors, courtesies, aid or kindness from any of the eastern cities. Then why should we pay taxes to make a St. Louis holiday? A bill is pending in the legislative council repealing the law creating a New Mexico commission for the St. Louis exposition and distributing the funds provided for the exhibit to the various educational institutions of the territory. That bill should pass by unanimous vote. Let's get together and provide millions for the education of our children and not spend a cent for the glorification of any city whose press is constantly vilifying the territory.

The legislature is doing good work.

FORMALIN A FAILURE.

The widely heralded discovery of formalin as a cure for blood poisoning is now declared by New York physicians to be a failure. Tests which they have made are said to have shown that formalin is only a temporary check to the growth of the germs and in the long run proves an injury to the patient. Rabbits infected with blood poison germs and subjected to formalin treatment died several hours sooner than rabbits similarly infected and not placed under the treatment.

Dr. George F. Shady says he regards the result of the tests conducted by the bacteriological expert of the health department as confirming his view and that of many others of the profession that the formalin treatment was a failure.

"It has gone the way of many other suddenly heralded cures," said Dr. Shady, "when it was first announced it struck the medical profession with wonder that such a simple remedy should have so long been overlooked. That had much to do with the scepticism with which it was regarded."

There are now twenty-three counties in New Mexico.

The Easy Pill.

DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ark. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." DISFIGURING AND TROUBLESOME SKIN DISEASES EASILY BANISHED BY

Paine's Celery Compound

A Marvelous Cure After the Failures of Ten Doctors.

Skin diseases are very common with old and young, and some forms are exceedingly troublesome, and cause serious disfigurement of the face and complexion. Eczema, salt rheum, scrofula, ringworm, boils, pimples, itch, and a score of other disagreeable troubles, result from sluggish, impure, and poisoned blood. If you truly desire to get rid of such evils, do not resort to outward treatment or applications. Common sense and the experience of your friends will at once suggest a blood purifier and system renovator like Paine's Celery Compound. This marvelous cleanser soon multiplies the number of vital red corpuscles, and fills the arteries with a health stream that produces clean, solid flesh, and firm, well-braced nerves. Mrs. L. S. Bailey, West Potomac, N. Y., writes thus:

"I had small blotches break out on my head, and in a short time my whole body was covered. The doctors called it scrofula. I have had as many as ten doctors treat me, but none seemed to help me. At night time my whole body would itch so that I would have to walk the floor nearly all night. I have taken all kinds of sarsaparillas, and used soaps and ointments without effect. I read in a paper of Paine's Celery Compound, and I could not rest until I gave it a trial. I am now on my fifth bottle and consider Paine's Celery Compound miraculous in its effects. I am completely cured with the exception of one spot on my arm, which is fast going away. I wish all who suffer to give this wonderful medicine a trial."

The interior of a boudoir of the period and incidentally the wallpaper in colors. It was a pale pink with vertical lavender stripes and flowers scattered all over it. Since such patterns are now obsolete, the plate was turned over the scene painter, who proceeded to paint the walls with historically correct if aesthetically outer designs in imitation wallpaper. So the ghost of John Grigsby should he revisit the scene, should feel thoroughly at home.

Railroad Topics

F. E. Richards, of Trinidad, is a new train dispatcher at Las Vegas.

Several names are said to have been forged to railroad pay checks at Raton and the money drawn and appropriated by the forgers.

The Santa Fe railway and the cattlemen are having a little controversy about stock fences along the railway in the vicinity of Nutt station.

J. L. Wiser, the newly promoted conductor, left Las Vegas for Raton, having been transferred to that point where he will have a regular car.

J. F. McNally, superintendent of the Rio Grande division of the Santa Fe, arrived from the south this morning in his private car, No. 136, attached to passenger train No. 22.

Engineer George Crossen departed from Las Vegas for Kansas City, where the wisecracks say he will be fitted with a brand new safety-valve in the form of a blushing bride.

Santa Fe Watch Inspector S. Vann has returned from an official trip down on the Rio Grande division. He reports that the new depot at San Marcial is in course of construction. The foundation has been laid.

George Small, a Santa Fe brakeman, who raised such a disturbance at the Wooster house in Las Vegas while full of bug juice, was arraigned in court and fined \$50 and costs. Not having the necessary spandix, he still lingers behind the bars.

Trains from both east and west are arriving, or have arrived the past twenty-four hours, about on time. Trains No. 1 and No. 7 of last night were only a few minutes late. The trains from the west and south have been on time the past few days.

A Raymond-Whitcomb excursion train carrying sixty-six Boston and New York people, passed through the city this morning en route to the coast. The train stopped in the city about an hour and the tourists enjoyed a visit to the Alvarado curio rooms.

J. M. Reed, who resigned the position of baggage master at the local Santa Fe station, to go back to his old home in Kansas, has returned to Albuquerque. He says that a few years in New Mexico has spoiled his once felt love for Kansas and that he has come back to stay.

On March 1 the daily train service on the New Mexico division of the Denver & Rio Grande railroad between Santa Fe and Antonio will be restored. This is good news to Santa Fe and to the citizens of northern Santa Fe, Rio Arriba and Taos counties, and will prove of benefit to the road.

S. H. Brown, superintendent of the Harvey system of eating houses between Needles, Cal., and La Junta, Colo., left this morning for Lamy. Mr. Brown is kept pretty busy these days as he is looking after matters for John Stein, superintendent of the division east of La Junta, while that gentleman is enjoying his honeymoon.

A PESTIFEROUS GERM.

Burrows Up the Scalp Into Dandruff and Saps the Hair's Vitality.

People who complain of falling hair as a rule do not know that it is the result of dandruff, which is caused by a pestiferous parasite burrowing up the scalp as it digs down to the sheath in which the hair is fed in the scalp. Before long the hair root is shriveled up and the hair drops out. If the work of the germ is not destroyed hair keeps thinning till baldness comes. The only way to cure dandruff is to kill the germ, and until now there has been no hair preparation that would do it; but today dandruff is easily eradicated by Newbro's Herpicide, which makes hair glossy and soft as silk.

CONNECTION IS MADE.

Santa Fe and Santa Fe Central Joined at Santa Fe.

The survey of the connection at Santa Fe of the tracks of the Atchison, Topeka & Santa Fe and the Santa Fe Central was completed Thursday. The Santa Fe Central yards were also laid out. A force of graders is completing the grade from the United States Indian school into the capital. Fifteen miles of the 120 are to be graded yet between Moriarity and Willard, but it is the easiest work along the line. Fifty-one cars of steel rails have arrived from Youngstown, O., and 150 more cars are on the way.

GALVESTON SHORT LINE.

Santa Fe Will Build From Portales, N. M. to San Angelo, Texas.

NEXT IMPORTANT EXTENSION.

While in Topeka Wednesday a prominent railway contractor who does a great deal of work for the Santa Fe road, and who is in close touch with the plans which the directors and officials of that company have in mind, said to a reporter for the State Journal:

"In about one year, the Santa Fe will announce a new 300-mile extension to connect Albuquerque with Galveston. The general plans for this extension have already been made. It will begin at Portales, and will connect with the Gulf, Colorado & Santa Fe line probably at San Angelo, Texas. San Angelo is the western terminus of the G. C. & S. F.

"It is practically certain that the Santa Fe will continue its New Mexico cut-off eastward from Llano Junction to Portales. This portion of the work has been temporarily held up, awaiting the outcome of the plan which the Santa Fe had in mind for building south from Dodge City to Liberal, and either paralleling the Rock Island, or securing trackage rights over the Rock Island from Liberal to Llano Junction.

"The proposed new line through to Galveston will be one of the most important extensions ever built by the Santa Fe. It will give to that road a direct line from Galveston to the Pacific coast, and will place it on a competitive basis with the Southern Pacific which now has the most direct lines between the Gulf and the Pacific. As I say, the plans for this new extension are not yet fully formulated, but it is safe to say that unless some unexpected developments occur within the next twelve months, active preparations will be commenced on this new line."

"At the time the Eastern Railway of New Mexico was incorporated, provision was made for the junction of that road, which is now generally known as the 'New Mexico cut-off' with the Pecos valley lines at Texico, with a branch line from about fifty miles west of Texico angling off to the south and crossing the Pecos lines at Portales. It appears that now the plan is changed, and that instead of building to Texico, the line will be built to Portales, thus avoiding the necessity of building two almost parallel lines, one going to Texico and one to Portales.

"The object which was to be achieved by the Portales line was a more direct route to Galveston than would be gained by the Texico terminus. It now seems to be decided that the Portales line will answer the purpose both as a Galveston line, and a main line from the east to Rio Puerto, the western terminus of the cut-off.

SHORT AND SWEET.

A Quick Food Cure Quickly Told.

Some have the knack of telling a long story in a few words. Such is the case with a Plymouth, Ill., lady who writes: "Here are a few lines about myself and how I was cured by Grape-Nuts food."

"For over a year I was almost prostrated with what two of our best doctors called catarrh of the bowels. Everything I ate seemed to hurt me so my husband, having heard of the pre-digested food Grape-Nuts, purchased a package and had me try it."

"I can truthfully say that one package did me more good than anything else I had tried. So I have continued the use of it ever since."

"I quit medicine and used Grape-Nuts and it has made me sound and well and I would gladly recommend it to others."

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Dr. Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been solved that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

that the council may have ample time to consider any house amendments.

Council bill No. 44 was laid on the table and the substitute taken up. It provides that terms of mayors of cities shall be two years instead of one; of members of city councils two and four years instead of one and two years and the same to apply to members of board of education. The bill was passed unanimously.

Mr. Fall called up house substitute bill No. 49, the Quay county bill. It was read the first and second time of title. Mr. Pinard offered an amendment to cut the southern tier of townships in Union county out of the proposed new county. Mr. Spiess and Amado Chavez opposed it. Mr. Martinez, Mr. Pinard, Mr. Hughes and President Chavez voted for the amendment and it was lost. The bill was then passed by 9 ayes and 2 nays, Mr. Martinez and Mr. Pinard voting no.

Council bill No. 4, an act to create Roosevelt county, was taken up and the council concurred in the house amendments. Mr. Hawkins moved that the chairman of the statehood committee notify Senator Quay that the legislative assembly had named a new and prosperous county for him in recognition of his efforts for New Mexico. Mr. Albright desired to amend by adding President Roosevelt. Mr. Hawkins begged that the amendment be withdrawn. Mr. Fall, who seconded the amendment, at first refused consent but finally gave it. Mr. Spiess tried to speak but Mr. Fall and Mr. Hawkins raised so many points of order that he desisted. Finally it was decided that President Chavez and Chief Clerk Martin send the telegram, and it was so ordered.

By unanimous consent, Amado Chavez introduced council bill No. 82, an act to authorize the secretary of the territory to correct manifest errors of spelling and punctuation in acts; and the committees of both branches to do the same. Mr. Fall raised the point that this should be a joint resolution. He was sustained by the president. Mr. Chavez consented to the change and it became council joint resolution No. 14 and was adopted.

Council bill No. 35 was called up. It is an act to provide for the consolidation of benevolent, charitable and scientific associations. It was passed unanimously.

Council bill No. 53, an act to provide for fees for probate clerks. It was a bill by Mr. Hughes and he voted no as a joke. Messrs. Duncan, Fall, Jaramillo, Hawkins, Pinard and Martinez promptly changed their vote to no and the bill was lost by 7 nays to 4 ayes.

Council bill No. 54, an act providing for the annexation of contiguous territory by cities and towns, was unanimously passed.

Council bill No. 45, an act authorizing cities and towns to levy a special tax for water and light purposes was unanimously passed.

Council bill No. 51, an act providing for the registration of trademarks and labels was reported. Mr. Spiess saw a combination forming against the bill and tried to have it recommitted. Mr. Fall moved to table the bill and this was done by a vote of 6 to 5 amid great laughter. Mr. Spiess walked over to Mr. Fall's desk and passed in front of Mr. Jaramillo's desk, who at once asked that Mr. Spiess be required to keep his seat as it prevented free hearing of the proceedings. President Chavez joined in the fun and ordered Mr. Spiess to sit down. Mr. Fall remarked that Mr. Jaramillo was reading a paper and did not care to hear. Mr. Jaramillo said that his excuse was that it was Mr. Luna's paper. Mr. Chavez said it was a more serious offense to read another man's paper.

Council bill No. 52 was then taken up, an act regulating the admission of foreign corporations and providing for penalties for failure to comply with the laws. It was passed unanimously.

House bill No. 53, an act relating to appeals in contested election cases, was laid before the council. Referred to the judiciary committee.

The council then adjourned until Monday morning at 10 o'clock.

The House.

(Thursday's Afternoon Session.)

After the message from Delegate B. S. Rodey to Hon. Frank A. Hubbell had been read in the house yesterday afternoon, during the discussion on the creation of Quay county, Mr. Llewellyn arose and was addressing the chair when Mr. Martinez moved to adjourn until 10 o'clock in the morning, but the chairman ruled him out of order because he was making the motion while another had the floor. As soon as Mr. Llewellyn finished, Mr. Martinez resumed his motion to adjourn, but this was voted down. Minor amendments were then adopted. Cristobal Sanchez then presented an amendment to change the name of the county from Leonard Wood to Quay. Mr. Llewellyn moved to table the amendment. Mr. Sanchez withdrew his amendment. Mr. McIvers moved to adjourn but the motion was lost. Mr. Bowie presented an

amendment to change the name to Quay. Mr. Llewellyn move to table the amendment. Mr. Bowie made a plea to change the name and his reference to Mr. Quay's efforts was received with applause. Mr. Dalles opposed the name Quay on the ground that Mr. Quay should be given more than the pitiable honor of having a county named after him. Mr. Llewellyn said he would yield to no one in his admiration for Senator Quay, but the committee unanimously decided on Wood. The county lies next to Roosevelt county and it is fitting that the two counties should be created at the same time. Mr. Pendleton poked fun at the members for speaking so frequently when there are many ladies present.

Cristobal Sanchez spoke in favor of Quay. Mr. Sanchez stopped to read a telegram from Delegate Rodey that the statehood fight is on. Every reference to Quay, Wood and statehood was received with uncheered applause. Mr. Pedro Sanchez most vehemently urged the name of Quay. Mr. Sanchez said if he had a son to be baptized he would be named Quay. Mr. Sanchez pounded on Mr. Llewellyn's desk with such vigor that Mr. Llewellyn protested. The speaker held the protest well taken and ordered Mr. Sanchez to return to his seat. Mr. Sanchez did not return and soon again forgot himself and pounded on Mr. Llewellyn's desk with great force. Mr. Llewellyn rather angrily protested and the speaker again ordered Mr. Sanchez back to his desk. Mr. Sanchez continued to stand in the middle of the room and after he had most vehemently spoken for some time, he was again ordered back to his desk but again disregarded the order. Mr. Dalles finally raised the point that Mr. Sanchez was not speaking to the question and the point was sustained. The motion to table the amendment was lost by 10 ayes to 8 nays. The bill passed by 20 to 4.

The bill to create Roosevelt county caused a second prolonged fight. There was a difference in the committee on county and county lines regarding it. Mr. Gutierrez is chairman of the committee and the other members were ready to report the bill favorably. Mr. Gutierrez declined to present it on the ground that he had not had sufficient time to examine it. Mr. Baca moved to suspend the rules and receive a report from the committee on county and county lines. Mr. Gutierrez objected to rushing bills through the house. He said he had not been given an opportunity to examine the bill as he should and the other members of the committee were trying to force him to make a report really before a bill reaches him so that he could look into it. Mr. Baca and Mr. Llewellyn said that when a bill is referred to a committee it goes to the committee and not to the chairman alone. When the majority of the committee is ready to report it should be done. Mr. Dalles moved that the chairman of the committee on county and county lines make an immediate report on amended council bill No. 4, an act to create Roosevelt county. Mr. Baca withdrew his motion as that by Mr. Dalles covered the case. Mr. Bowie protested against such action and said Mr. Gutierrez should be given time to examine the bill at length. The report was ordered by a vote of 13 to 11. Mr. Romero moved to adjourn but the motion was lost by a vote of 6 to 16. Mr. Gutierrez then commenced to prepare his report and Mr. Llewellyn presented the majority report of the committee recommending the passage of the bill. The house waited some little time for Mr. Gutierrez to examine the bill and then he made a report without recommendation on the ground that he had not been given sufficient time to look into the matter. The majority report of the committee was then adopted. Mr. Baca moved to suspend the rules in order that the bill might be read the first and second times. Mr. Gutierrez moved to table Mr. Baca's motion and on the roll call, used his privilege to explain his vote to say that he had been unjustly treated and robbed of his privileges as a member of the house. He protested at some length. The motion to table was lost by 5 ayes to 18 nays. Eduardo Martinez at once moved to adjourn but the motion was lost. The roll was called on the motion to suspend the rules and this resulted in 15 ayes to 9 nays. As a two-thirds vote is necessary to suspend rules, the motion failed. Mr. Llewellyn at once moved to go into a committee of the whole to consider the bill. Mr. Kilpatrick insisted that the refusal of the house to suspend the rules caused the bill to take its regular course. The speaker read the rule of the national house of representatives on the subject and it makes it unnecessary even to go into a committee of the whole and permits action to be taken. Mr. Kilpatrick then moved to adjourn and it was lost. Martin Sanchez caused a great laugh by saying that he was so anxious to see the bill pass that in order that his votes might not possibly be misunderstood, he intended to vote on all roll calls in connection with it in both English and Spanish, and he did. The vote on the motion to adjourn was 8 ayes, 16 nays. Mr. Llewellyn moved to read the bill the third time preparatory to placing it on its passage, but Mr. Gutierrez moved to table the motion and the motion was lost by 8 ayes to 16 nays. Mr. Llewellyn demanded the previous question on his motion and Mr. Gutierrez moved

to adjourn. The last motion was declared out of order by the speaker and the previous question was ordered. The bill was then read the third time. Mr. Turner presented an amendment and said that in the passage of the bill creating Quay county, there had been caused a slight discrepancy in the boundary lines between the two counties and it was desired to correct this in the present bill. Mr. Gutierrez moved to table the amendment but the motion was lost. Martin Sanchez then moved to adopt the amendment and Mr. Llewellyn demanded the previous question. Mr. Gutierrez moved to table Mr. Sanchez's motion but was declared out of order. The amendment was then adopted. Mr. Sanchez moved the reading of the bill by title preparatory to its passage and Mr. Llewellyn demanded the previous question. Again Mr. Gutierrez moved to table Mr. Sanchez's motion and again motion was declared out of order. The bill was read by title and Mr. Baca moved the passage of the bill while Mr. Dalles demanded the previous question. On the roll call on the previous question Mr. Gutierrez made an impassioned speech against receiving such treatment and declared he was given no rights or privileges whatever. Mr. Baca finally demanded that he be called to order as he was not explaining his vote and the speaker took the same view of the question. The main question was ordered by a vote of 18 to 6 and the bill was then passed by 19 ayes to 5 nays. The house adjourned at 5:50 until 10 o'clock Friday morning.

(Friday's Morning Session.)

The house was called to order at 10:15 this morning and the journal was read and approved. As the chaplain was absent, prayer was dispensed with.

Mr. Romero moved to suspend the rules and take up house substitute for house bill No. 64, commonly known as the "exemption bill." Mr. Bowie opposed wasting time in suspending rules. The provision of the bill is that exemption shall apply not only to real but also to personal property of heads of families. The rules were suspended by a vote of 16 to 7. The majority of the committee recommended the passage of the substitute, but the minority was opposed to it. Mr. Pollard moved to recommit the bill to the judiciary committee. Mr. Romero moved to table the motion and the motion to table was lost. On Mr. Pollard's motion the vote stood 7 yeas and 16 nays and it was lost. The reports of the committee were read and the substitute bill was read the third time by title. Mr. Ortega moved to table the minority report. Cristobal Sanchez moved to amend by adopting the majority report. Mr. Pendleton spoke against the bill. He was opposed to further exemption or to any exemption and he gave notice of his bill, house

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back, A lame, weak or aching one, Would you experiment on it? You will read of many so-called cures

Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case:

W. R. Tripp, engineer at the Hotel Alvarado, residence 511 South Broadway, says: "If backache had been my only symptom of kidney trouble my case would probably have been very simple, but when there was added to it trouble with the kidney secretions the complications did not respond to medicine as readily as I expected. About once every year I had these attacks and the use of Doan's Kidney Pills procured at the Alvarado Pharmacy tided me over one which was only a successor of similar predecessors. For six months I have had immunity from the annoyance and if Doan's Kidney Pills can be depended upon to act as they did when they first came to my notice, I know what to use should an attack recur in the future."

bill No. 67, which is on the calendar, to repeal the exemption law. Mr. Pollard said the bill did not increase the exemption but he was opposed to the bill because it was substantially the same as the law now on the statutes. Cristobal Sanchez and Pedro Sanchez spoke in favor of the bill. The vote to table the minority report stood 16 yeas and 6 nays. Mr. Pollard moved to amend the bill so as to exempt San Juan county. Cristobal Sanchez moved to further amend so as to include Luna county in the original amendment and Mr. Pollard accepted it. The amendment was then tabled by a vote of 17 to 5. The bill was read the third time by title and passed by 19 yeas to 4 nays.

The regular order was then taken up and the finance committee presented its report on the accounts of the chief clerk. Two reports were presented. The majority report recommends the payment of 50 cents extra to committee clerks. A full statement of the accounts of the house for the session is included and then the majority recommended that the clerks named by Mr. McCash and Mr. Coleman be paid only from the date of their employment. The report commends the speaker for his careful disbursements of the moneys.

The minority report recommended that the employees named by Mr. McCash and Mr. Coleman be allowed full pay for the second ten days. On all other points the minority report endorsed the report of the majority. Mr. Turner moved to accept the majority report but Cristobal Sanchez moved as an amendment that the minority report be adopted. Mr. Sanchez said the agreement among the republicans was that these employees were to be paid for the second ten days. Mr. Turner, Mr. Pollard and Mr. Bowie said the statement was incorrect. Mr. Turner said that he had made no such agreement and that had the caucus made such an agreement he would not hesitate to violate it. He was opposed to paying men for time when they were not employed. The records of the caucus were called for and statements requested of Mr. Llewellyn as chairman of the caucus, and of Mr. Baca as secretary. The amendment was adopted by 13 to 9 and the minority report adopted.

By unanimous consent Mr. Pendleton introduced the following bills: House bill No. 115, an act to amend section 1542 of the compiled laws of 1897. Referred to committee on education.

House bill No. 116, an act to permit mercantile association to transact a banking business in towns of less than 1,500 population. Referred to committee on banks and banking.

By a vote of 12 to 10, the house then, at 12:50, adjourned until Monday afternoon at 2 o'clock.

SWITCHMAN STORMES.

How He Supplied Himself With Checks Belonging to Others.

CAPTURE IN ALBUQUERQUE.

Las Vegas Record, Feb. 19.

Last evening between 4 and 5 o'clock Guy Stormes and Ed Thomas, two switchman that had resigned, walked into the local freight office and Thomas asked for his discharge check, and was informed by Cashier Carey that it had not arrived yet, whereupon he, Carey, turned his back and continued work at his desk and the two men went out, but later Thomas returned and again asked for his check, thinking that it had come down from the superintendent's office. Upon search being made it was discovered that the check was not there, and it was also discovered that a bundle of twenty-one pay checks which had been lying just inside the office grating was also missing. Search was immediately instituted for the missing checks, which brought to light that while No. 7 was standing at the depot, the man Stormes had entered the drug store of K. D. Goodall, signed a check and had it cashed and immediately disappeared. When Mr. Goodall came to examine the check, which was for \$80, he discovered that it belonged to Engineer Tom Collier, and that the man who had it cashed had forged Collier's name.

Search was immediately instituted for Stormes, which resulted in his capture at Albuquerque last night. When captured he had \$75 in money on his person, but no checks, so it is supposed that he threw them away, as one of the missing checks was found on the depot platform after his arrest. He will be brought to this city on No. 8 to-night and in the meantime Thomas is held as a witness, there being little or no evidence that he was implicated in the theft, but his presence in the office at the time the theft took place places him in an awkward position.

Following is a list of the checks stolen from the Las Vegas freight office the afternoon of February 18. If presented for payment refuse to honor: Shops—Check No. 89,181, F. C. Jenkins; Engineers' Department—Check No. 91,667, T. Collier; 81,669, J. W. Cook; 91,678, C. T. Evans; 91,710, H. D. Stewart; 91,716, H. G. Woodworth. Firemen—Check No. 91,865, C. C. Donoho; 91,867, C. H. Evans; 91,884, J. Kerr; 91,888, F. Lowe; 91,905, H. Pierce; 91,908, F. Spindler; 91,916, L. Ulivrie; 91,921, J. R. Welch. Station Department—Check No. 91,475, P. Crowley; 91,480, F. McColgan; 91,476, W. R. Mize; 91,498, R. Workheiser; 91,507, R. D. Mott; 91,511, R. C. Brown; 91,495, J. Magness. W. J. LUCAS, Agent.

Mining Engineer in Town.

Dr. F. A. Jones, a mining engineer of national repute, and former assayer of this part for the United States during the administration of Surveyor of Customs Milton Welsh, arrived from the west today after several years' absence in the Mexican Cordilleras and the far southwest. He is now an attaché of the division of mining and mineral resources of the United States geological survey, with headquarters at Albuquerque, N. M. Dr. Jones was born near this city and was educated at the state school of mines at Rolla. He is registered at the Midland and

Uncle Sam says it's all right

Uncle Sam, in the person of ten of his government officials, is always in charge of every department of our distillery. During the entire process of distillation, after the whiskey is stored in barrels in our warehouses, during the seven years it remains there, from the very grain we buy to the whiskey you get, Uncle Sam is constantly on the watch. We dare not take a gallon of our own whiskey from our own warehouse unless he says it's all right. And when he does say so, that whiskey goes direct to you, with all its original strength, richness and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE of PURITY and AGE, and saving the dealer's enormous profits. That's why HAYNER WHISKEY is the best for medicinal purposes. That's why it is preferred for other uses. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.

ALVARADO TRIO.

There Will Be Another Concert at the Alvarado Tomorrow.

Manager Cheatham, of the Alvarado, is making himself a very popular man among the hotel's winter guests and the traveling public by the pains he takes in trying to please and make the time pass pleasantly at the hotel. Last Sunday night, for the first time, a new musical organization called the "Alvarado Trio" appeared at the hotel and performed in a praiseworthy manner. The music was enjoyed immensely and the guests voiced their appreciation so loudly that Manager Cheatham decided it a good thing and in the future the "Alvarado Trio" will be a drawing card for the hotel every Sunday, Tuesday and Thursday evenings. The program for tomorrow evening will be as follows:

Overture, "From Dawn to Twilight," Bennett
Waltz, "The Band Played On," Engel
Trio, (Scherzo, Andante, Allegro)
Polka, "Lafayette," Stobbe
Overture, medley, Beyer
