## STATEHOOD SPEAKING

### Senator Burton Talking in Our Interests.

#### QUAY AND THE REPUBLICAN CAUCUS

#### Invitation to Attend Dedictory Exercises World's Fair--Nominations.

Washington, Feb. 20.—When the senate met at 11 a. m. it was still the legislative day of yesterday, a recess having been taken last night until this morning. The proceedings were still behind closed doors.

The Panama canal treaty was immediately laid before the senate.

Senator Morgan yielded the floor to Senator Burton, republican, an advocate of the statehood bill. He spoke especially of the importance of the passage of that measure, only indirectly referring to treaty. His contention was that while the canal treaty might be a meritorious measure, the statehood bill was equally so, and that it should be voted upon.

Senator Burton's speech was drawn out by some criticisms of the decisions of the republican caucus.

Senator Quay made complaint of the decision and Senator Hoar said the caucus discussions were not for the newspapers.

Senator Burton referred only briefly to the caucus, and then made an argument of an hour and a half's duration in favor of the admission of the three proposed states.

Mr. Burton was generally congratulated upon the conclusion of his remarks.

Mr. Duffie, of Idaho, followed with a speech in criticism of the treaty and of what he characterized as the summary action of the republican caucus.

The most interesting event of the day transpired before the beginning of the routine proceedings, when Senator Quay rose to a question of personal privilege. He sent to the desk and had read an article from a New York paper of this morning, accusing him of violating a pledge which, the paper stated he had made at the republican caucus Wednesday to support the treaty to the exclusion of every other subject. He said such was not the case, but that on the contrary, he had protested to the last in the caucus of any action looking to the displacement of the statehood bill. He called upon other senators to testify to this effect and several did so, among them Senator Foraker, who said that he was quite sure that Senator Quay had made no such pledge.

Senator Lodge stated that he had not heard him make any remark.

Senator Nelson expressed the opinion that a pledge was at last implied.

Senator Hoar thought that the proceedings of the caucus should not be revealed, not even in an executive session of the senate.

Senator Burton expressed the opinion that there should be a committee publication. Having taken the floor at that purpose, he went on with his statehood speech.

#### THE NATIONAL HOUSE.

Washington, Feb. 20.—At the opening of the session today the speaker laid before the house the invitation of the St. Louis exposition commission and the exposition company to the congress to be present at the dedicatory exercises April 30-May 2, 1903.

Mr. Tawney, of Minnesota, offered a joint resolution which was adopted, accepting the invitation on behalf of the congress.

Adding for the appointment of a committee of seven senators and eleven representatives to represent the two houses.

#### Nominations.

Register of Land Office—Samuel A. Alby, at Pueblo, Colo.

Receiver of Public Money—John J. Lambert, at Pueblo, Colo.

#### Colorado Appointments.

Denver, Feb. 20.—Governor Peabody today appointed the following officers of the national guard: Sherman B. Hill, of Independence, adjutant general; William F. Sweeney, Jr., of Pueblo, assistant adjutant general; Frederick W. Gross, of Denver, inspector general; William A. Freeman, of Denver, military secretary; Peter Oliver Hanford, M. D., of Colorado Springs, surgeon general; Chas. H. Miller, of Denver, state armorer.

The governor also named his staff of nineteen colonels, one being Bartley B. Calvin, of Silverton.

#### WOOL MARKET.

St. Louis, Feb. 20.—Wool—Firm: St. Louis, Feb. 20.—Wool—Firm: 18½; fine, 12@17½; coarse, 13@15½.

#### FAILED AT FORGERY.

But the Guilty Party Was Arrested and Will Be Tried.

A native by the name of Leopold Sanchez was arrested by Marshal McMillin yesterday afternoon under the double charge of violation of the United States postal laws and forgery. Sanchez presented a postoffice order for \$50, payable to Andrew B. Lopez, and signing that name asked for the money. Early in the week a gentleman claiming to be Andrew B. Lopez had called at the postoffice and left an address to which the letter was to be forwarded, and the signature of Leopold Sanchez, alias Andrew B. Lopez did not correspond to that of the first Lopez, consequently such a complication existing he was not given the \$50 he demanded. After being arrested and put through the sweat box he confessed that his name was not Lopez, but Sanchez. He asserted he had a brother named Andrew B. Lopez, who by the way is a half brother, and that he was trying to get the order cashed for him.

Sanchez was in possession of the letter addressed to Andrew B. Lopez, who is from St. Louis and left the name of that city as his address. How Sanchez gained possession of the letter and order is not known, but all these facts will be brought out when he has his hearing before the United States commissioner as a violation of the postoffice laws.

#### ON TO GALVESTON.

Santa Fe Line to Connect Albuquerque With Galveston.

An Associated Press dispatch of last night says:

Topeka, Kan., Feb. 19.—Within the present year the Santa Fe railroad company will announce a new 300-mile extension to connect Albuquerque, N. M., with Galveston, Tex. General plans for this extension have been already made. It will begin at Portales and will connect with the Gulf, Colorado & Santa Fe line probably at San Angelo, Tex. San Angelo is the western terminus of the Gulf, Colorado & Santa Fe. It is practically decided that the Santa Fe will continue its New Mexico cut-off eastward from Llano Junction to Portales. This portion of the work has been temporarily held up, awaiting the outcome of the plan which the Santa Fe had in mind for building south from Dodge City to Liberal, and either paralleling the Rock Island, or securing trackage rights over the Rock Island from Liberal to Llano Junction.

#### ALBUQUERQUE GUARDS.

The Local Soldier Boys Entertained Royally Last Night.

The Albuquerque Guards entertained about 100 of their friends last night at a very enjoyable social dance. The spacious hall was crowded to a pleasing dancing capacity. About midnight the boys served lunch consisting of sandwiches and coffee in army style, and the manner in which it was served was greatly enjoyed by the guests. A program of about twenty dances were danced, being those familiar with the merry crowd. When it comes to entertaining qualities the guards are hard to beat, as they try to make it as pleasant as possible for everyone who attends their dances. The Berry-Devine orchestra furnished the music.

#### Paid in Full.

W. C. W. Lyle, representing the St. Paul Fire & Marine Insurance company, with headquarters at Denver, and J. W. Fogarty, representing the Royal Insurance Co. of England, with office at San Francisco, who have been in the city several days looking after matters concerning the adjustment of

insurance losses on the Gross, Kelly & Co. warehouse fire, finished up their business here yesterday and have returned to their respective offices. The insurance on the burned building and merchandise amounting to \$16,000 was paid in full. The amounts carried by the different companies are as follows: On the Stock—Royal Insurance company, \$7,500; Fire Association, \$2,500; St. Paul Fire Insurance company, \$2,500, all represented by P. F. McCanna, local agent, and in the Liverpool, London & Globe Fire Insurance company, \$2,500, represented by F. H. Kent, making a total of \$15,000.

On the Building—in the Royal Insurance company, \$1,000.

#### Taken Back to Las Vegas.

Officer A. A. Rugg, of the Santa Fe railroad, left last night for Las Vegas with his prisoner, G. F. Stormes, the Santa Fe switchman who was arrested by Officer Rugg at the depot Wednesday night, on the charge of stealing Santa Fe pay checks. Only one of the checks has been found here, which was the one for \$124 mentioned in yesterday's Citizen. The evidence against him is very strong, notwithstanding that he can in no way be charged with having thrown away the check here. One of the checks was cashed by Mayor Goodall of Las Vegas, which is known to be one of the stolen checks. It seems as if Stormes was very bold and did the mayor first of all.

#### Death of George Smith.

George Smith, a well known sport, is dead, was the sad news which came to his friends in the city last night from El Paso. Mr. Smith was well known in Albuquerque, having been here the last time for more than a year. About a month ago he was taken sick and removed from his rooms to the sanitarium. His mother, who lives at El Paso, came here and took him to that city a week ago last Monday. From reports it was thought his condition was improving, and the news of his death was very sudden. George was a member of the Eagle lodge of El Paso, and his Eagle friends here are pained to learn of his death.

Mrs. J. C. Flournoy and child accompanied Mr. Flournoy, who arrived the fore part of the week from California, and will make their future home in Albuquerque.

#### POPE LEO XIII.

He Celebrated Today the Jubilee of His Twenty-Fifth Pontificate.

#### ONE OF HIS HAPPIEST DAYS.

Rome, Feb. 20.—People today celebrated the jubilee of the twenty-fifth anniversary of the pontificate. He completed the functions of his jubilee without undue fatigue. Upon returning to his apartments he exclaimed: "This is really the happiest day of my life."

Early this morning letters and telegrams began arriving at the Vatican, congratulating his Holiness upon the anniversary. A majority of the foreign tributes came from France, Spain, Austria and Bavaria, but among hundreds of others were many from Great Britain, Ireland and the United States. Autograph letters were received from the czar, Emperor Francis Joseph of Austria and King Alfonso of Spain. The pontiff insisted upon reading them personally, so far as possible, and he sent the others to the translators. At noon the pope received in audience a number of representatives of Catholic associations and Italian and foreign representatives of religious orders. In the afternoon a Te Deum was sung in the Vatican. The singing of the Te Deum, which was a most impressive service, was conducted by Cardinal Rampolla, in the presence of more than a score of cardinals and twice as many bishops, together with innumerable priests and lay spectators. The pontifical noble guard was present, wearing their new uniforms for the first time.

Another interesting feature of the day's ceremonies was the presentation to the Holy Father of a magnificent targa of gold as the offering of filial love from his children. The targa will be worn for the first time by the pope on the anniversary of his consecration two weeks hence. The targa consists of three crowns standing superimposed in high relief, representing the triple power of the papacy, the whole being surmounted by a cross.

Leo XIII is the two hundred and fifty-seventh occupant of the chair of St. Peter, and of that long line of popes only two others have lived to

## BURNED TO DEATH

Terrible Fire in a Hotel at Cedar Rapids.

#### GUESTS MET DEATH IN FLAMES

A Shooting Colored Man of New Orleans Finally Killed.

#### INVESTMENT COMPANY'S SAFES

Des Moines, Iowa, Feb. 20.—Fifteen to twenty persons were burned to death and twice that number seriously injured in the fire that destroyed the Clifton hotel at Cedar Rapids at 2 o'clock this morning. There were 120 guests in the hotel when the fire broke out and most of the dead are buried in the debris. Owing to the destruction of the hotel register, the names of the missing had not been obtained up to 3 o'clock this morning.

The fatally injured—L. C. Burdette, of Nebraska City; badly burned, Clara Curries, head waitress; jumped from third story.

The seriously injured—Conductor Strickland, of the Northwest, of Clinton, Iowa; F. C. Outing, of Center Point, Iowa; H. W. Bremer, of Lyon; F. R. Moore, of Chicago; J. N. Winner, of Waterloo; J. E. Anderson, of Chicago; A. S. Morrow, of Boone; F. M. Gardiner, of Woodburn; C. F. Taylor, of Davenport; Dr. Groves, of Cedar Rapids; C. M. Larson, of Oelwein; L. O. Vernon, C. J. Dalley, of Clinton, Ill.; C. F. Hawes, of Decorah, Iowa; Ed. Templeton, of Monticello; George Taggart, of St. Paul; John W. Leads, of Ottumwa.

The fire originated in the basement, presumably from an electric wire. The fire was discovered by a bell boy and had already gained considerable headway. By the time work of sounding the alarm had begun, escape was cut off from the ground floor. At 9:30 it was stated that there must be fifteen or twenty dead bodies in the debris, and as large a number of persons had been seen to fall back from the windows into the flames. The proprietors of the hotel also estimated that there must be close to this number unaccounted for. The work of identification of the missing was, however, necessarily difficult.

At 10 o'clock all but ten of the missing had been accounted for. These are supposed to lie in the debris, although it is possible they may be located among the rescued. The ruins are still burning and it is impossible to search for the bodies.

The bodies of W. A. Montrey and an unknown woman were taken from the ruins shortly after 11 o'clock. The bodies were frightfully charred. Searchers are now at work.

Three more bodies were removed from the ruins shortly before 2 o'clock. Their condition was such as to preclude identification. Three or four of the injured are believed to be dying.

#### A NEW ORLEANS AFFAIR.

A Bad Man, with a Gun, Finally Shot and Killed.

New Orleans, Feb. 20.—A negro named Lafayette Sims, who barricaded himself in a North Rampart street lodging house early this morning and defied the police, shooting frequently at them, was finally killed by the officers after the fire department had been called out and preparations made to smoke him out. The origin of the trouble is trivial. The landlord tried to compel Sims to open the door to make room for another lodger. When refused the landlord sent for a policeman who smashed the door. Sims then began to shoot.

#### Arnold's Safes Opened.

St. Louis, Feb. 20.—Three steel safes in the turf investment offices of E. J. Arnold & Co. were opened today by experts, at the direction of Receiver Swartz. Two were found to contain only books and papers, and the contents of the third and largest safe has not been revealed. The legislative investigation committee resumed inquiries today into the methods employed by the cooperative concerns.

#### Come On to a City.

It is reported that an attempt is being made to move the office of the sur-

voyor general from this city to Albuquerque. It is said that the proposition has been agitated before the general land office for some time. There is absolutely no good public reason why the surveyor general's office should be removed from this city. There is no demand for such removal except by a few interested parties.—New Mexican.

#### ORPHEUS ENTERTAINERS

Talented Young Ladies at the Public Library Last Night.

The concert given by the Orpheus entertainers, under the auspices of the public library, was one of the most enjoyable treats of literary and musical talent that Albuquerque audiences have heard this season.

Miss Edith Norman Klock, whose winning personality won her many enviable comments, charmed by her voice of rich quality, displaying careful training and cultivation. Every number rendered by Miss Klock was heartily enjoyed and each time she obligingly responded.

Miss Miriam Eskridge, the accomplished reader and elocutionist, won a warm place in the hearts of her listeners by her clever manner and ample fund of enjoyable humor. She is entirely original in her delivery, which is one of her admirable points of entertaining.

The gifted pianist, Miss Margaret Davis, clearly manifested a mastery touch and a pleasing expression that was highly appreciated by the crowd of music lovers.

Everyone who attended this rare treat were well pleased and extend their thanks to the library association for their efforts in procuring cultivated talent.

Tomorrow evening the Orpheus entertainers will give a concert at the Santa Fe reading rooms for the benefit of the railway employes, their families and their friends. This entertainment is free and is one of the series arranged by the superintendent of the reading rooms. Since the entertainers were greeted with a well filled house at the library building last night, there will undoubtedly be a large crowd at the Santa Fe reading rooms Saturday night. The program will be published tomorrow.

#### THE MORPHINE ROUTE.

A Visiting Physician Takes an Overdose of the Deadly Drug.

#### DIED AT THE SANITARIUM.

An overdose of morphine caused the death of Dr. W. W. Reed, a practicing physician of Anton Chico, San Miguel county, yesterday afternoon about 5 o'clock at the St. Joseph's sanitarium, where he was taken about an hour previous to his death.

About 12:15 o'clock Dr. Reed was sitting in the office at the livery stable of A. Hart, on North First street, talking to John J. Bordon. He complained of being sick at the stomach and taking a small paper of some kind of a powder from his pocket he emptied the entire contents into his mouth. He went out and drank some water and came back saying he feeling sick. Mr. Bardon advised him to lay down on the sofa. He did as advised and soon fell asleep. He laid in the same position for over three hours. Mr. Hart tried to arouse him about 4 o'clock, and becoming alarmed summoned a physician. Drs. Crosson and Spargo arrived in a few minutes and upon examination found that Dr. Reed was in a critical condition.

The ambulance was called immediately and he was taken to the sanitarium, where he was given every attention possible. Symptoms of morphine poisoning were very much in evidence. But with all that could be done, the deadly drug had gained too much of a hold on the system of the old physician to be counteracted and his sufferings were relieved by death.

Dr. Reed had driven here from Anton Chico to attend to some business, and had gone to the livery stable to get his horses. He leaves a wife and several grown stepsons. The doctor was about 68 years old and came to Albuquerque quite often.

There is not the least suspicion that the physician had any intention of suicide, but feeling ill had taken a usual dose of morphine to produce sleep, and his system not being in normal condition, the drug took a deadly hold upon his enfeebled system.

The body was taken charge of by O. W. Strong & Sons, and word was immediately dispatched to the family at Anton Chico. The body will be kept here until instructions are received from the family.

#### EXPENSES OF BOARD OF EDUCATION

#### Orphan Asylum for Belen--County Named for Senator Quay.

#### Special to The Citizen.

Santa Fe, N. M., Feb. 20.—The house adjourned at noon until Monday.

The council transacted a large amount of business today.

Hughes introduced a bill repealing the law creating the St. Louis fair commission.

The council passed bills creating Roosevelt and Quay counties.

The council adjourned until Monday.

#### 22ND DAY, THURSDAY, FEBRUARY 19, 1903.

#### The Council.

(Wednesday's Afternoon Session.) Thirteen amendments were made to council substitute for council bill No. 2, before the committee rose. After the council was in session. Mr. Fall offered another amendment which was adopted. The bill was passed unanimously. It reads as follows:

An act to provide for the expenses of the territorial board of education, to regulate county institutes, and for other purposes.

Be it enacted by the legislative assembly of the Territory of New Mexico.

Section 1. The members of the territorial board of education shall receive 10 cents per mile for attending each meeting of said board of education, counting one way from their place of residence to its place of meeting, and \$2 for each an every day said board is in session. This mileage and per diem shall be paid to the members of said board of education by the territorial treasurer upon the order of the territorial auditor out of the funds arising from the rental of the common school lands of the territory.

Sec. 2. For the purposes of meeting the expenses of county institutes, in addition to that already provided for by law, each applicant for a county certificate shall be charged the sum of \$1 for each examination, and the county treasurers in counties of the first class shall set apart annually from the general school funds of their counties \$100 for purposes of holding such county institutes, and in counties of the second class \$75 for this purpose, and in counties of the third class \$50 for this purpose. The money thus set apart and that collected by the county superintendents from applicants for county certificates and from those attending county institutes shall be known as the county institute fund, and the county treasurer shall be its custodian, but he shall not receive any of it for his services as such custodian. This money shall be disbursed in accordance with the provisions of sections 1615 and 1616 of the compiled laws of 1897, except all orders on this fund issued by the county superintendent shall be countersigned by the conductor of such institute.

Sec. 3. The territorial board of education is hereby empowered to issue a course of study for county institutes and revoke certificates for incompetency or immorality of the holder or for any cause that should have withheld the issuing of such certificates.

Sec. 4. The territorial auditor is hereby directed to draw an order on the territorial treasurer, in favor of the superintendent of public instruction, for any sum not to exceed \$2,000 annually, to be paid out of the moneys accruing from the rental of public school lands, for the purpose of printing "the forms and blanks necessary in the details of the common school system, so as to secure its uniform operation throughout the territory." as provided for and contemplated in and by section 1521 of the original school statutes, compiled laws of 1897, the price of such blanks not to exceed the price now paid for ordinary commercial work of similar character in this territory, provided that said printing of said blanks be let to the lowest bidder.

Sec. 5. The superintendent of public instruction is hereby authorized to issue, pending the regular examination of teachers, temporary permits to teach in the public schools of this territory to persons holding certificates any state, or whose credentials as to ability and experience in teaching,

from institutions of good standing in properly certified, are deemed sufficient to meet the requirements of law, until such next regular examination of teachers; each such permit shall expire upon the first day of the next succeeding semi-annual examination of teachers, and shall not be renewed or again granted.

Sec. 6. The territorial board of education is hereby empowered to issue territorial certificates to such of the following classes of persons as are physically or otherwise qualified to engage in educational work in New Mexico under the laws thereof; but only the following classes of persons shall be eligible to receive such certificates:

First—Those who have received the degree of A. B. or B. S. D. from any college or university, and have taken one year's professional work, including psychology and pedagogy; or those who pass an examination given by the territorial board of education and held by its authorized representatives.

Second—Those who have graduated in any acceptable normal training course, including modern school work, in any of the already established normal departments of the educational institutions of this territory.

Provided, that a fee of \$1 shall be paid to the territorial superintendent by the recipient of such certificate to be used by him in defraying the expense connected with the printing and issuing of said certificate; provided, also, that territorial certificates shall not be granted for a longer period than five years, and shall not be renewed with and over three years successful experience during such period.

Said board shall have the power to revoke such certificates for incompetency or immorality of the holder or for any cause that should have withheld their issue.

Sec. 7. Persons holding such territorial certificates and who shall have attended some institute or approved summer school as provided by law, shall be deemed qualified to teach in any of the public schools of this territory, and they shall not, during the time such certificates are in force, be subject to re-examination by any board of examiners within this territory.

Sec. 8. All laws and parts of laws in conflict herewith are hereby repealed, and this act shall take effect thirty days after its passage.

Council bill No. 53, by Mr. Hughes, an act providing fees to probate clerks for filing and recording proof of labor on mining claims, was reported favorably from the committee on mines and public lands by Mr. Fall. The committee on municipal and private corporations favorably reported council bill No. 45, by Mr. Pinard, with reference to taxation by municipal corporations giving to cities and towns, the power to levy a special tax for water and light purposes; council bill No. 51, as amended, by Mr. Spless, an act providing for the registration of trademarks and labels; council bill No. 52, as amended, by Mr. Spless, an act to regulate the admission of foreign corporations and providing a penalty for corporations failing to comply with the law; council bill No. 54, by Mr. Albright, an act providing for the annexation of contiguous territory to cities, towns and villages.

A message was received from the governor in which he announced having signed council substitute for council bill No. 39, by Mr. Spless, an act relating to eminent domain, suits to partition real estate, actions to quiet title, sale of real estate of infants and married women and perpetuating testimony; house joint memorial No. 1, and act to authorize the treasurer of Grant county to pay over to the treasurer of the county of Luna certain school moneys.

Chief Clerk Martin announced a communication from Postmaster Walter announcing the receipt of two sacks of seeds for each member of the council from Delegate B. S. Rodey.

New Mexico demands Statehood from  
the Fifty-Seventh Congress.

In London there are more fires on  
Saturday than on any other day in the  
week.

A Russian nobleman has a house  
made of paper. It contains sixteen  
rooms, and its architect declares that  
it will last longer than a stone build-  
ing.

The business to be handled by the  
new department of commerce will ag-  
gregate about \$20,000,000 this year.  
Secretary Cortelyou may have to re-  
move his coat.

It will be all the more exasperating  
to Colonel Bryan to hear that Grover  
Cleveland and David B. Hill are sincere  
in their support of Judge Parker's  
candidacy for president.

After all of the senators and con-  
gressmen have tried their hands in the  
preparation of a law to restrain the  
trusts it is possible that J. Pierpont  
Morgan may be called in to show how  
it can actually be done.

All printing establishments in Tur-  
key, according to a new law just  
passed, may have only one door, and  
that opening on to the street. Win-  
dows must be covered with close-  
meshed wire-netting, so that no papers  
can be handed through. A statement  
must be made a year in advance of the  
amount of ink required, which will be  
supplied by the state. A specimen of  
everything printed is to be kept, and  
must be shown at any time to a police  
inspector on pain of a fine.

The New Mexican says: "It is nat-  
ural that Albuquerque favors division  
of Bernalillo county. Unlike Santa Fe,  
Albuquerque is different in its population  
and tendencies from the surrounding  
precincts, and a smaller county with  
Albuquerque as the county seat, will  
mean home rule for the Duke City.  
Home rule is always the ideal of a  
republican form of government and Al-  
buquerque cannot be censured for  
seeking to obtain it, especially since it  
has the population, the wealth and can  
and does pay the taxes to enable it to  
maintain a county government of its  
own."

#### THE NEW MEDICAL BILL.

Council bill No. 36, the medical bill,  
should be carefully looked after by the  
members of the medical profession and  
by the people generally, says the New  
Mexican in its comments on said bill.  
It would be an improvement upon the  
present law. Under the existing law,  
the territorial board of health has en-  
tirely too much power. No person  
holding a license to practice medicine  
in the territory should be deprived  
thereof or should have the same re-  
voked for "unprofessional conduct"  
without being given a full hearing and  
a chance to defend himself against any  
charges that may be brought against  
him. The pending bill in this respect  
is better than the present law. It also  
enlarges the powers of the executive  
in the matter of appointments to the

board of health, so that the governor  
can appoint such physician as he sees  
fit no matter whether they are allo-  
paths or homeopaths or of any other  
school. This paper does not think the  
territorial board of health ought to  
have too much power and certainly the  
powers given it to grant, revoke or  
suspend licenses to practice medicine  
in the territory should always be sub-  
ject to revision by the courts. The  
New Mexican is also of the opinion  
that with a few amendments, specially  
one allowing the practice of osteopa-  
thy in New Mexico, the bill now under  
consideration, if it passes, would give  
better satisfaction than the statute  
upon this matter now in force. As to  
the practice of osteopathy in the ter-  
ritory, if great states like Illinois, Iowa  
and Missouri and others permit this,  
there is certainly no good reason why  
New Mexico should not do so.

#### SOMETHING BEYOND A SALARY.

A boy or man who works simply for  
his salary, and is actuated by no higher  
motive, is dishonest, and the one  
whom he most defrauds is himself,  
says Success. He is cheating himself  
in the quality of his daily work, of that  
which all the years, try as he may, can  
never give him.

If I were allowed but one utterance  
on this subject, so vital to every young  
man starting on the journey of life, I  
would say: "Don't think too much of  
the amount of salary your employer  
gives you at the start. Think, rather,  
of the possible salary you can give  
yourself, in increasing your skill, in  
expanding your experience, in enlarg-  
ing and ennobling yourself." A man's  
or a boy's work is material with which  
to build character and manhood. It is  
life's school for practical training of  
the faculties, stretching the mind and  
strengthening and developing the in-  
tellect, not a mere mill for grinding out  
salary of dollars and cents.

#### DOCTORS ENDORSE HERPICIDE.

Because its Formula is Submitted to  
Them.

Alexander McMillan, M. D., a promi-  
nent physician of Lansing, Mich.,  
writes: "On three cases I have tested  
Herpicide for dandruff and the result  
has been all that could be desired."

Herpicide is made upon an entirely  
new principle, that is, that dandruff  
and falling hair are caused from a mi-  
crobe that infests the hair bulb, and,  
by destroying the microbe one's hair is  
bound to grow luxuriantly. Herpicide  
is the only hair remedy, that claims to,  
and really does destroy the dandruff  
germs.

#### EMBLEMS AND DEVICES.

An Act on the Subject for the Use of  
Them by Political Parties.

House bill No. 80, introduced by  
Nestor Montoya, February 11, 1903,  
and referred to the committee on  
Judiciary, reading as follows:

An Act to amend sections 1633 and  
1634 of chapter 1, of title 12, elections,  
of the compiled laws of New Mexico  
of 1897, about use of emblems and de-  
vices by political parties.

Be it enacted by the legislative as-  
sembly of the territory of New Mexico:

Section 1. Section 1633 of chapter  
1, of title 12, elections, of the com-  
piled laws of 1897, is hereby amended  
to read as follows:

"Section 1633. That hereafter it  
shall be lawful for any political con-  
vention held in this territory or any  
county thereof, for the purpose of  
nominating candidates to be voted for  
at any election held in this territory  
or any county thereof, to adopt by  
resolution, some mark or designating  
device to be printed on the face of and  
at the head of the ticket or ballot,  
containing the names of the candi-  
dates for office nominated by such  
convention, and when such mark or  
designating device shall have been  
adopted by any such convention and  
an imprint of such ticket or ballot  
containing such mark or designating  
device so adopted, and the names of  
the candidate or candidates nomi-  
nated by such convention, and certified  
to by the presiding officer of such  
convention and the secretary thereof  
shall have been filed with the probate  
clerk of the county in which such con-  
vention was held, it shall be, and con-  
tinue to be, the mark or designating  
device of such party until it shall  
have been abandoned by it, and it  
shall be unlawful for any political  
convention, person or persons in such  
county to adopt or use any such mark  
or designating device for election pur-  
poses, or to cause the same to be  
placed or printed on any ticket or bal-  
lot to be voted at such election, with-  
out having printed in such ticket or  
ballot all the names of the candidates  
nominated by the political convention,  
adopting such mark or designating de-  
vice, and it shall be unlawful for any  
person or persons whatsoever, after  
the adoption and filing of such mark  
or designating device, to print or  
cause to be printed, utter, distribute  
or circulate, or cause to be uttered,

printed or circulated, any ticket or  
ballot having thereon such mark or  
designating device with any name  
printed thereon, other than the name  
or names of the candidate or candi-  
dates nominated by the political con-  
vention, adopting such mark or desig-  
nating device; provided, that nothing  
in this section shall be construed to  
prohibit any person from erasing or  
changing in any manner any name on  
any such ticket or ballot voted by  
such person; and, further provided,  
that this act shall not be so construed  
as to prevent any executive commit-  
tee or any political party holding such  
convention that adopted such mark or  
designating device, from having  
printed on any ticket or ballot con-  
taining such mark or designating de-  
vice, the name or names of any candi-  
date, selected by such committee by  
authority of such convention to fill  
any vacancy caused by the death, de-  
clination or retirement of any candi-  
date nominated by such convention.  
Any person violating any of the pro-  
visions of this section shall be deemed  
guilty of felony, and upon conviction  
thereof before any court of competent  
jurisdiction shall be punished by im-  
prisonment in the territorial peniten-  
tiary for not less than one year and  
not more than five years at the dis-  
cretion of the court trying the case."

Sec. 2. Section 1634 of chapter 1,  
of title 12, elections, of the compiled  
laws of 1897, is hereby amended to  
read as follows:

"Sec. 1634. That hereafter all tick-  
ets or ballots used at any general  
election held in this territory shall be  
printed on plain white paper, three  
inches in width and eight inches in  
length, or within one quarter of an  
inch of that size. No such ticket or  
ballot shall have any mark or number  
or designating device on the back, so  
that its character may be known when  
folded. If such ticket shall have upon  
its face the mark, number or designat-  
ing device provided by the first sec-  
tion of this act, such mark, number or  
device shall be printed at the head of  
the ticket or ballot, that may be  
printed in large black letters, the  
character of such ticket or ballot  
designating the political party or the  
particular question it is intended for,  
and then shall follow the name or  
names of the candidates and the of-  
fice or offices for which they are can-  
didates, or the question to be voted on.  
And it shall be unlawful for any per-  
son or persons to print or cause to be  
printed any ballot or ticket with any  
false designation or having any false  
heading printed thereon, or any other  
ballot or ticket calculated or intended  
to deceive or mislead any voter. All  
such ballots or tickets with a false  
designation, or all ballots intended to  
deceive or mislead any voter are here-  
by declared unlawful ballots or tickets  
and shall not be counted by the  
judges of any election. Any person  
violating any of the provisions of this  
section shall be punished, on con-  
viction thereof before any court of com-  
petent jurisdiction, by a fine of not  
less than one hundred dollars and not  
more than five hundred dollars, or by  
imprisonment in the county jail not  
less than three months, nor more  
than six months, or by both such fine  
and imprisonment, at the discretion  
of the court trying the same."

Sec. 3. All acts and parts of acts in  
conflict herewith are herewith re-  
pealed, and this act shall be in full  
force and effect from and after its  
passage.

"I had scrofula and  
erysipelas for eight-  
een years, until I  
heard

Of Dr. Pierce's Golden Medical Discovery,"  
writes Mr. Hilary Koons, of Queens,  
W. Va. "When I commenced to take  
this medicine I weighed one hundred  
and thirty pounds. I have taken six  
bottles of Dr. Pierce's Golden Medical  
Discovery and three vials of his 'Pleasant  
Pellets,' and am glad to say I feel  
like a new man. I now weigh one hun-  
dred and seventy-five pounds. When I  
had used one bottle of the medicine I  
could feel it was helping me. I realize  
it is the best medicine on earth."

Dr. Pierce's Golden Medical Discovery  
purifies the blood and entirely  
eradicates the poisons that  
breed and feed disease. It cures  
scrofula, eczema, erysipelas, boils,  
pimples and other eruptions that  
mar and scar the skin. Pure blood  
is essential to good health. The  
weak, run-down, debilitated con-  
dition which so many people ex-  
perience is commonly the effect of  
impure blood. Dr. Pierce's Golden  
Medical Discovery not only cleanses  
the blood of impurities, but it in-  
creases the activity of the blood-  
making glands, and it enriches the  
body with an abundant supply of  
pure, rich blood.

## Railroad Topics

Pete Body has returned to his run between Winslow and Seligman, after a lay-off of three weeks.

G. W. Goodrich, formerly of Gallup, has accepted a position as stenographer to Chief Dispatcher Dixon.

A speed of over eighty-two miles an hour for fifteen miles has been attained by an American made locomotive on an English railroad.

Carl P. Smith, who has been chief clerk to the trainmaster at Winslow for the past two years, has accepted a position with the Consolidated Copper company of Mexico.

Trains from the north continue to arrive here late. No. 1 and No. 7 of last night were both several hours behind time. Trains from the west are arriving about on time.

L. D. Lucas, secretary for B. Lantry Sons, contractors, who have uarge contracts on the Santa Fe cut-off, arrived from the west this morning and went to Belen on the delayed local freight No. 39.

Senator W. H. Keller, of San Miguel county, is at El Paso, Tex., where he brought a damage suit against the Santa Fe company for injuries sustained by being struck by a train at El Paso, some months ago.

Fireman Jack Heath, of Winslow, was seriously injured the other day by falling from the tender of the engine No. 32, fracturing his thigh. Dr. Brown attended the injured man and he was removed to the Los Angeles hospital.

A telegram from Topeka says: As the outcome of the recent executive coal famine investigation, two bills were today reported in the legislature. They make it a crime for a railroad to confiscate any coal consigned to a shipper, no matter how great its need may be. As a penalty for violation a fine of \$1,000 is provided.

The bill which came up in the Kansas legislature to compel railroad companies to pay their employees every two weeks instead of every month, as is the present custom, meets with disapproval at the hands of the workers who make out the workmen's time and vouchers. To get the checks paid out once a month keeps the workers busy two weeks of the month and if the company paid every two weeks they would be at this work early all the time.

R. L. McCance, assistant to W. S. Hopewell, general manager of the Albuquerque Eastern and the Santa Fe Central railways, passed through the city this morning en route to his headquarters at Santa Fe, from an extended sojourn in Pennsylvania. He was accompanied by Mrs. McCance. They returned by the way of El Paso, this making the greater part of the journey from the east on the Rock Island, which is friendly to the new roads now being constructed.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At all drug stores 50 cents.

### FIGHT TICKET SCALPERS.

Effort to Drive Them Out of St. Louis Before the Fair.

Through the efforts of George Elstine and the officials of railroad centering in St. Louis a bill has been introduced in the legislature of Missouri which will make ticket manipulation during the world's fair dangerous.

In brief the measure provides that anyone who sells or deals in a non-transferable railroad ticket, unless he be the authorized agent of a railroad company, will be subject to a fine of not less than \$100, nor more than \$500, or to imprisonment for a term of not less than thirty days, nor more than one year, or both fine and imprisonment. Other provisions of the bill are such that perfect safeguards are thrown about the transportation paper of the railroads, and it is expected that few if any ticket scalpers will dare to operate in St. Louis, provided the measure becomes a law.

### ARIZONA BRAKEMAN.

They Made Hoboes "Cough Up," But Met His Fate.

Ordinarily a man of few words, "Baldy" Ryan has at times related incidents which illustrate the ups and downs he has experienced, says the St. Louis Globe-Democrat.

"Along in the 80s I was in the most straitened circumstances of my life," said he to a group of friends the other day. "Together with two hoboes, whom I had met while beating my way east from California, I became stranded at a little town in Arizona.

"We boarded a freight train and were making ourselves as comfortable as possible when the conductor rudely disturbed us by demanding that we 'cash up' or get off. Between us we managed to scrape together about 50 cents, which he accepted and passed on. We still had about 15 cents and were congratulating ourselves that we would have enough to get a bite to eat at the next stop, when along came a brakeman.

"He held us up for the remaining 15 cents, but we decided that if any further attempt was made to put us off we would fight.

"Soon after we saw another brakeman with one of the iron bars used to set brakes, and we resolved that if he attempted to put us off we would kill him.

"Climbing into the car, he faced me and said we would either have to

'cough up' or get off. The two hoboes had managed to get behind him while he was talking, and suddenly one of them grasped him around the waist, pinning his arms to his sides. I tore the iron bar from his hand and struck him a terrific blow on the head.

"He fell like a dead man, without uttering a sound. Well, sir, I could feel the life going out of that fellow when the bar struck him.

"We didn't wait to see whether he was dead or not, but made our 'get away' in short order. I never heard whether he recovered or not. We left him lying on the floor of the car."

### For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

### STOP THE DUST.

Road Bed of the Santa Fe's Denver-Pueblo Line to Be Oiled.

"Tracks Sprinkled With Oil," will be the motto of the Colorado & Southern and Santa Fe lines this summer, for these two roads are now contemplating a dust laying crusade that will go away with this one of the few disagreeable features of travel on most Colorado lines in the summer time, says a Denver special dispatch.

Announcement has been made by the passenger department of the Colorado & Southern that this movement would be inaugurated with the coming tourist season or earlier if possible in conjunction with the corresponding department of the Santa Fe towards sprinkling oil on the road bed between Denver and Pueblo. Boulder oil will be used for this purpose and special tank cars for the purpose will be built.

An order has already been placed for a number of these cars and several preliminary experiments along the line will be made before the system is put in final operation. There is a big traffic on the Santa Fe tracks which are used jointly by the Southern and the Santa Fe between Denver and Pueblo, as many as twenty-six passenger trains using them daily by the two roads and in the summer time this is considerably increased by specials and extras, not counting the usual heavy freight traffic.

### Army of Additional Employees.

Among the items of increased cost in the operation of railways not publicly known is the large number of additional employees required. The payrolls of the railways now carry over 200,000 more names than they did ten years ago, and that this is not wholly on account of increased mileage is shown by the fact that the number of employees per mile of track has increased nearly 15 per cent during that period. When this increase in number is taken into account and ad-

### AN ENDLESS CHAIN.

That's What It Looks Like to a Coffee Toper.

The trained nurse has a hard task indeed during the long lonesome hours of the night when she must keep watch and it is hardly to be wondered at that many of them fall into the use of stimulants.

"When I first entered the profession," writes a trained nurse of Kansas City, Mo., "I was required to give my patient most careful watching and during the long, sleepless nights I used to refresh myself every now and then with a cup of strong coffee.

"For a time it would seem to revive me but unless I took another cup my condition was worse than ever. In time I became extremely nervous and my strength failed me but a sister nurse came to my relief by telling me her own experience. She said, 'I have been just where you are now, on the verge of nervous prostration, but if you will do as I did you can be restored to perfect health. If you will give up your coffee and use Postum Food Coffee your strength will return and your nerves be rebuilt.' Upon her advice I immediately quit coffee and began the use of Postum Food Coffee and what a change!

"It has been two years now since I commenced Postum, and notwithstanding the days and nights of hard work which coffee to every nurse I find I am strong in every way and feel ready to live my allotted 'three score and ten.' Postum is a good friend to me and I have tried to be a good friend to Postum in return and many of my nervous patients have been greatly benefited by its use.

"One of these cases I will mention briefly. The patient was a newspaper editor and his condition was such that the doctors were afraid to let him be left alone. I made Postum for him and made it good. He was delighted with it and quit coffee entirely and it was not long before he completely recovered. Is now strong physically and mentally, and has resumed his editorial duties. I know the chief cause of his recovery was the leaving off of coffee and taking Postum Food Coffee. He is naturally a good, strong friend of Postum." Name given by Postum Co., Battle Creek, Mich.

ed to the increased rate in wages it is not strange that the railroads should feel the burden. This item is wholly apart from what is known as construction work, the men employed in that work not being carried on the operating rolls. The large amount thus disbursed by the railroads is in no small degree responsible for the general prosperity of the country. Abundant wages form the mainspring of many industries, and is second only to good crops in promoting commercial welfare. Should the time come when railroads, because of decreasing revenues, are compelled to reduce the wages, the effect will be very much wider than the immediate circle of railroad employees.

### NEW JOB FOR WELLS.

San Bernardino Sun Gives Him an Important Promotion.

The San Bernardino Sun is having its fun with General Manager Wells, of the coast lines, while Mr. Wells is away. It says: "The announcement made in yesterday's Sun to the effect that it was being slyly whispered that General Manager Wells, of the Santa Fe coast lines, was going to resign his position to accept one with an eastern road, caused no little stir in local railroad circles hereabouts. It was the talk of the day about the depot and several theories were readily offered as to where he was going and as to who would be his successor.

"It was even stated that Mr. Wells was not going with another road at all, but was simply resigning that he might take the third vice presidency of the Santa Fe proper. Be it understood, however, that the whole affair is thus far only rumor and cannot be officially confirmed from an official source yet available. Mr. Wells is at the present time in the east and cannot be interviewed regarding the report.

### NEW SANTA FE CONNECTION.

The Berwyn Company to Build a Line Near Chicago.

Articles of incorporation were filed at Springfield, Ill., with Secretary of State Rose by the Berwyn Connecting Railway company, with its principal office located at Chicago. The capital stock is \$20,000, and the object is to construct a line from Ack Park to a connection with the Atchafalaya, Topeka & Santa Fe railway to a connection with the Chicago Junction railway at or near LaGrange. The incorporators and first board of directors are Theodore B. Cole, George R. Jenkins, Anson L. Bolte, Elmer Tapper and William F. Smith, all of Chicago.

### CAN'T BE KISTLER.

He is Not the Author of the "Funny" Railroad Items.

The report here that Editor Russ Kistler, of the Las Vegas Record, is the author of the miserable attempt to be funny at the expense of the railroad employees is a mistake. Kistler is too well known among newspaper men for them, or anyone else, to wholly on account of increased mileage is shown by the fact that the number of employees per mile of track has increased nearly 15 per cent during that period. When this increase in number is taken into account and ad-

### PAYMENT OF TAXES.

An Act on the Subject Relative to the Santa Fe Pacific Railroad Co.

House bill No. 81, introduced by Carl A. Dalles, February 11, 1903, and which was referred to the committee on finance, is as follows:

An Act in relation to the payment of taxes by the Santa Fe Pacific Railroad company. Whereas, Pursuant to the terms of an act of the congress of the United States, entitled "An Act authorizing the Santa Fe Pacific Railroad company to sell or lease its railroad property and franchises, and for other purposes," approved June 27, 1902, it is provided that the said Santa Fe Pacific Railroad company, its successors or assigns, shall pay an annual tax at the rate of one hundred and seventy-five dollars per mile to the territories

of New Mexico and Arizona, respectively, for each mile of main track in said territories respectively, the same to be apportioned among the counties of said territories in which said railroad is located according to the mileage in each county, said taxes so fixed by said act being in lieu of all other taxes upon the property mentioned in said act of congress, excepting the land grants and the shops situate at Albuquerque, New Mexico, including the machinery therein and the lands upon which said shops are situate; and

Whereas, It is provided by said act of congress that said tax shall be paid to each of said territories, but does not specify how or to what officers of the territory the same shall be paid; now therefore,

Be it enacted by the legislative assembly of the territory of New Mexico:

Section 1. The said tax upon the property of the Santa Fe Pacific Railroad company, as fixed by the act of congress, approved June 27, 1902, shall be paid by said railroad company, its successors or assigns, to the collectors of the counties of Bernalillo, Valencia and McKinley, respectively, at the time and in the same manner as other taxes are paid in this territory, proportionately according to the number of miles of main track of said Santa Fe Pacific Railroad lying and being in each of said counties, respectively, and the said collector of taxes shall make and issue to said railroad company, its successors or assigns, his receipt for rail taxes paid to him under the provisions of this act in the same manner as tax receipts are now issued by collectors of taxes under the laws of this territory.

Sec. 2. Upon the payment to the collector of the counties hereinbefore named of the total amount of the taxes due to said county under the provisions of the said act of congress, the said collector shall distribute the same to the several funds, territorial, county, school, municipal, town and city, as well as all interest funds, using as a basis for such distribution the several levies as annually made by authority of the law for the above enumerated purposes.

Sec. 3. This act shall take effect and be in force from and after its passage.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cat-tlemen all know this.

Deming, the coming city of New Mexico. Deming has a magnificent school system.

Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico.

Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming! Don't overlook it if you are looking for a safe and paying investment. Deming water is chemically pure--equal to Polan springs.

Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and treble in one year.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort--has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

# TERRITORIAL LAWMAKERS

(Concluded from page one.)

Vegas was taken up. Mr. Fall asked if convict labor cannot be used on the blind asylum at Alamogordo. Mr. Fall then moved the appointment of a committee of three to act with a like committee from the house as a joint legislative committee or "steering committee." The motion was carried and President Chavez said he would announce the committee in the morning. The resolution was laid on the table until such committee is named.

House bill No. 91, for the relief of A. B. Baca, was referred to the finance committee. By unanimous consent, President Chavez introduced council bill No. 73, an act to establish an orphan children's home at Belen. It was referred to the committee on public institutions.

The council then adjourned until 10 o'clock Thursday morning.

(Morning Session.)

President Chavez called the council to order at 10:15. After roll call prayer was offered by Rev. W. R. Dye. The journal was read and approved. President Chavez announced as council members of the steering committee, Messrs. Fall, Spies and Albright. The committee was instructed to inform the house of the action and ask like action.

Mr. Spies of the committee on finance, reported house bill No. 73, by President Chavez, an act to establish a children orphans' home at Belen. The majority report recommended passage. Mr. Hughes presented a minority report to establish the institution at Albuquerque. The minority report was tabled and the majority report adopted. The rules were suspended and the bill read the third time for passage. The bill was then passed, Messrs. Albright, Hughes and Hawkins voting against it.

The council then took a recess subject to the call of the chair.

At 11:45 the council was called to order that an adjournment might be taken to 10 o'clock Friday morning, and this was done.

The House.

(Morning Session.)

The house was called to order by the speaker at 10:15. Prayer was offered by the chaplain. The journal was read and approved. A message from the council announced the passage by that body of house bill No. 56, by Mr. Vargas, an act relating to distribution of water, with amendment; amended council bill No. 22, by Mr. Martinez, an act relating to justices of the peace; substitute for council bill No. 2, an act relating to the territorial board of education.

The council committee consisting of Messrs. Fall, Spies and Albright announced their appointment to represent the council on a "steering" committee, and asked the appointment of a like committee from the house. A like committee was ordered appointed. A message was presented from the council announcing the passage of council bill No. 73, by President Chavez, an act to create and establish an orphans' asylum at Belen. The bill was at once taken up and under suspension of the rules passed by the house unanimously.

On motion of Cristoval Sanchez, council substitute for council joint resolution No. 4, relating to the printing of documents and reports in Spanish was called up out of regular order. The vote on suspending the rules was 21 ayes and 2 nays. Mr. Sanchez moved the reading of the resolution the first second and third time, and this was ordered. The resolution was then adopted by a vote of 22 ayes to 2 nays. Mr. Bowie and Mr. Kilpatrick voted no.

Mr. Llewellyn moved to take up under suspension of the rules, house bill No. 53, by Mr. Montoya, an act relating to appeals in contested election cases. The favorable report of the committee was adopted and the bill read in full.

The bill amends section 1736 of the compiled laws of 1897 and provides for appeal in election contest cases to the supreme court. It is also permitted to file the original papers in the supreme court in lieu of a transcript. The rules were suspended by a vote of 19 ayes to 4 nays and the bill was then passed unanimously. The house then took a recess until 10 o'clock in the afternoon.

(Afternoon Session.)

When Speaker Montoya called the house to order at 2:15, he announced that photographs are desired of all members to make a group picture. Mr. Pedro Sanchez moved to reconsider the vote by which council joint resolution No. 4 was adopted and then table the motion. This was done by a vote of 19 to 2.

Eduardo Martinez presented a petition from the people of Guadalupe county against the creation of Wood county. Referred to the committee on county and county lines.

Mr. Dalles, from the committee on finance, favorably reported house bill No. 67, by Mr. Pendleton, an act to repeal section 1757 of the compiled laws, relating to exemptions.

The committee on education report-

ed house bill No. 87, by Mr. Dalles, an act to provide for public school houses from the surplus in the general school funds, with the recommendation that it pass as amended.

Two reports were presented by the committee on agriculture and manufacturing on house substitute to house bill No. 64, by Pedro Sanchez, an act relating to heads of families an exemption of \$200, etc. The majority favored passage, but the minority opposed it on the ground that its provisions are found in the existing laws.

The judiciary committee reported on the following bills: House bill No. 44, by Mr. Pendleton, an act for the registration and use of emblems or devices upon ballots for voters, passage recommended as amended; house bill No. 74, by Pedro Romero, an act to amend in part sections 1 and 4 of Chapter 47 of the laws of 1901, passage not recommended; house bill No. 25, by Mr. Montoya, an act relating to judgments and proceedings, in the courts of this territory, passage as amended recommended.

The committee on county and county lines reported in favor of the passage of the substitute for house bill No. 49, by Mr. Llewellyn, to create Leonard Wood county. Mr. Martinez moved to suspend the rules and Mr. Llewellyn seconded the motion. Mr. Martinez saw what he had done and turned to withdraw his motion, but Mr. Llewellyn would not agree to the withdrawal. The rules were suspended by 21 ayes to 3 nays. Mr. Martinez moved to recommit the bill to a special committee of five. Mr. Vargas moved to table the motion and on the roll call, Mr. Martinez made a lengthy speech against the new county. He said he had presented many petitions against this bill. Mr. Llewellyn retorted that all petitions are in the same writing. The motion of Mr. Martinez was tabled by 18 to 6 votes. The bill was then read in full.

The report of the committee was adopted. The house then indulged in a parliamentary wrangle. Mr. Kilpatrick moved to table the original bill. Mr. Turner, Mr. Bowie and Mr. Llewellyn spared as to points of order. The speaker held that the original bill could be tabled without affecting the substitute bill. Mr. Martinez utilized the roll call again to oppose the new county. The original bill was then tabled. Mr. Llewellyn then moved the adoption of the report of the committee, recommending passage of the substitute and this was done. It was then read the first and second time. Mr. Martinez moved to recommit to a special committee of five. This was tabled. Quite a fight then developed over an amendment to name the new county Quay instead of Leonard Wood. While the debate on this point was in progress, the following telegram received by F. A. Hubbell from Delegate B. S. Rodey was read: "Enemies of statehood got separate into secret session on Panama treaty, but now rumor has it that they cannot consider the treaty unless they first agree on statehood. It is a fight to the finish."

The name Quay county was adopted and the bill passed by a vote of 20 to 4.

MEDICINE ACT.

In Relation to the Practice of Medicine and the Practice of Osteopathy

Council bill, No. 62, introduced by Mr. Martinez, on the subject, read as follows:

An Act amending sections 3694, 3695, 3700 and 3701 of the compiled laws of New Mexico of 1897, relating to the practice of medicine and the practice of osteopathy.

Be it enacted by the legislative assembly of the territory of New Mexico:

Section 1. That section 3694 of the compiled laws of New Mexico of 1897 be and the same is hereby amended by adding after the word "medicine" in the first line thereof, the words "or osteopathy"; and by adding after the word "medicine" in the fourth line thereof the words "or osteopathy"; and by adding after the word "medical" in the seventh line thereof the words "or recognized osteopathic"; and by adding after the words "medicine" in the twelfth line thereof the following: "or osteopathy, according to the authority contained in such diploma"; and by adding after the word "medicine" in the thirteenth line thereof the words "or osteopathy."

Sec. 2. That section 3695 of said compiled laws be and the same hereby is amended by adding after the word "practicing" in line three of said section the words "doctors of osteopathy and"; and by adding after the word "medical" in line five thereof, the words "or osteopathic"; and by adding after the words "schools" in line eight of said section the following: "and the school or science of osteopathy, known as such"; and by striking out the word "four" and figure "(4)" in line nine of said section, and inserting in lieu thereof the word "three" and figure "(3)"; and by adding after the words "system of medicine" in lines ten and eleven of said section, the words "and (1) one of the school or system of osteopathy"; and by adding after the word "medical" and before the word "institutions" in lines twenty-two and twenty-three of said section 3695, the words "or recognized osteopathic."

Sec. 3. That section 3706 of said compiled laws be and the same hereby is amended by adding after the

word "compensation" in line twelve thereof, the following, "and for the purpose of this act the words 'practice osteopathy' shall mean to investigate or diagnose, or offer to investigate or diagnose any physical or mental ailment of any person with a view of affording relief, as commonly done by doctors of osteopathy according to the system or science of the recognized schools and systems of osteopathy in the United States; to treat any person by manipulation of the muscles, bones and nerves, according to the system and science of the recognized schools of osteopathy in the United States, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily injury or deformity after having received, or with the intent of receiving thereafter, directly or indirectly, any bonus, gifts or compensation."

Sec. 4. That section 3701 of said compiled laws be and same hereby is amended by adding after the word "medicine" in line one of said section the words "or osteopathy."

Sec. 5. Within thirty days after the passage of this act the governor shall appoint the members of the board of medical examiners, according to the representation thereon provided in section 2 of this act.

Sec. 6. It is the intent and purpose of this act that the graduates of the recognized schools or colleges of osteopathy in the United States shall have the right and privilege of practicing the science and system of osteopathy in this territory upon complying with sections 3694, 3695, 3696, 3697, 3698, 3699, 3700, 3701 and 3702 of the compiled laws of New Mexico of 1897, as amended by this act.

Sec. 7. This act shall be force and effect from and after its passage, and all acts or parts of acts in conflict herewith are hereby repealed.

Death of Mrs. Metz.

Mrs. Elizabeth Metz died at the residence of Mr. and Mrs. T. A. Riordan on Tuesday, after an illness of several weeks.

The funeral occurred on Thursday from the Catholic church and was attended by a large concourse of mourning friends.

Mrs. Metz was born in Hanover, Germany, and was 73 years of age at the time of her death. She leaves to mourn her loss the following children: Mrs. T. A. Riordan, Mrs. M. J. Riordan, and Miss Alice Metz, of Flagstaff; Misses Anna and Blanche Metz, of the order of Ladies of the Sacred Heart, and William Metz, of Colorado Springs, Colo. She was a sister of A. H. Spellmire and an aunt of the Babbitt brothers. She was a noble woman and beloved by all who knew her.—Flagstaff Sun.

LOCAL HAPPENINGS.

The wife and two daughters of N. H. Andrus, of the Diamond palace, arrived last night from Omaha, Neb., and will make their home in the Duke City.

There will be a regular meeting of Albuquerque lodge, No. 1, I. O. O. F., on Friday, February 20, at 7:30 sharp. All members are requested to be present. Visitors always welcome. Work in initiation. By order of N. G. D. G. Miller, secretary.

B. A. Sleyter, the insurance agent, has returned from a week's sojourn at the valley town of Roswell. He has lots of good things to say about Roswell and the surrounding country. He says the town is growing rapidly and that the growth it is making is of a permanent nature. Live stock wintering in the Pecos valley is looking well and the indications are that 1903 will be a year of plenty for Roswell.

Tearing Down Mills.

Work of tearing down the Albuquerque Scouring mills preparatory to moving that institution to the new site out on Mountain road next to the Rio Grande Woolen mills, is progressing. Work has been going on for several days and has progressed to such an extent that almost all the machinery is ready to be moved and the interior of the building is stripped of all projecting portable timbers. A recent press article left the impression with the public that the Rio Grande Woolen mills would occupy the same building. This is a mistake. Although the two institutions are owned and managed almost altogether by the same gentlemen, they will be conducted as separate concerns, and will occupy separate buildings.

Charcoal Burner Near Prescott Shoots a Printer and is Now in Jail.

Frank Spence, a charcoal burner and rancher living a few miles west of Prescott is in jail charged with an attempt to murder.

Friday night last two tramp printers en route to Phoenix called at the cabin for a drink of water. The night was bitterly cold, and Spence invited them into the house. He had been in Prescott during the day, and returned home with a jug of whisky. Soon all three were under its influence.

One of the men lay down on the floor in front of the fire and was about asleep, when Spence addressed a re-

## POPE LEO XIII

(Concluded from page one.)

celebrate the silver jubilee of their  
pontificates. These were St. Peter him-  
self, according to tradition, and  
Leo's predecessor, Pius IX, whose  
tenure of the see of Rome extended to  
thirty-one years, seven months and  
twenty-two days. It was on February  
20, 1878, that Vincent Joachim Pecci,  
by a majority of four votes, was elected  
as supreme head of the Roman  
Catholic church, the triple tiara being  
placed on his brow on March 3.

His Holiness was born at Carpineto  
on March 2, 1810, and had, accordingly,  
entered his sixty-ninth year when the  
coronation ceremony was performed.  
Dr. Lapponi, the pope's physician, has  
expressed the opinion that should only  
natural causes be in operation; that is  
to say, apart from any accident, his  
holiness may yet live to be a centen-  
arian. Leo himself has the fullest  
confidence in his own longevity, and  
in this connection an interesting  
anecdote is related. A young journal-  
ist had secured the privilege of presen-  
tation to his holiness. Asked what  
attracted him, a Protestant journalist,  
to the eternal city, the young man  
blurted out that he was there to pre-  
pare for the conclave. "Then," re-  
plied the pontiff, "you may take a long  
holiday, for there will be no conclave  
for a good time to come."

On another occasion a French bi-  
shop was making his visit "ad limina."  
On taking leave of the holy father he  
expressed the fear that this would be  
his last farewell, as, at the pope's  
great age, he could hardly expect to  
find him in the chair of St. Peter when  
he made his next canonical visit.  
"And when do you hope to come to us  
again?" asked the pope. "Alas, holy  
father," replied the prelate, "it may

not be until seven whole years are  
past." "If so God spare your life, my  
brother," rejoined Leo gravely, "come  
back in seven years' time; you will  
find me here." Last year the bishop  
came again.

## JAMES NEILL.

Will Appear Next Monday Night at  
Colombo Hall.

"Hon. John Grigsby," in which  
James Neill and company will be seen  
in this city at Colombo hall on next  
Monday night, is a play with a quaint,  
homely flavor and a central charac-  
ter endowed with the old-fashioned  
spirit of honesty and chivalry and  
touched with the mellowness and  
cheer of the middle of the last cen-  
tury. It has stolen into the affections  
of theater-goers everywhere who like  
character delineation of excellent  
quality.

Before half an act is over Sol Smith  
Russell sticks out of "Hon. John  
Grigsby." It is, in fact, a three act  
American comedy, written by Charles  
Klein, for Mr. Russell, and by him  
played on the road. Langdon Mit-  
chell has "done it over" somewhat for  
Mr. Neill and, with that actor as a  
star will be seen for the first time in  
this city. It amuses and touches  
everywhere and had a reception such  
as would be accorded a play of its kind  
which was liked splendidly.

The merit of the piece lies in the  
central character, John Grigsby. The  
burden of the story is his triumph  
over corrupt and malicious political  
enemies. With the scenes laid in  
Illinois, in 1849, the quaintness of  
Grigsby, his aptness for tiding over a  
climax with a funny story and his  
broad humanity, which cause him to  
see the humor in situations that  
would dismay another, suggest Lin-  
coln. Him the author doubtless had  
in mind.

This quaintness, this droll way of  
meeting danger Mr. Neill is said to  
bring out with an art whose charm  
lies in its quiet methods. There are  
scenes in which the lawyer is touched  
with sorrow or roused to anger, and  
to these the actor is said to do full  
justice.

The advanced sale of seats for Mr.  
Neill's engagement commenced at O.  
A. Matson's this morning.

## Cancer Cure.

Mr. W. W. Prickett, Smithfield, Ill.,  
writes, Sept. 10th, 1901: "I had been  
suffering several years with a cancer  
on my face, which gave me great an-  
noyance and unbearable itching. I was  
using Ballard's Snow Liniment for a  
sore leg, and through an accident I  
rubbed some of the liniment on the  
cancer, and as it gave me almost in-  
stant relief, I decided to continue to  
use the liniment on the cancer. In a  
short time the cancer came out, my  
face healed up and there is not the  
slightest scar left. I have implicit  
faith in the merits of this preparation,  
and it cannot be too highly recom-  
mended." 25c 50c and \$1.00. For sale  
by Cosmopolitan Pharmacy—B. Ruppe.

## FOR THE HOME

**Spiced Cake:** One cupful of risen dough, four eggs, whites and yolks beaten separately, half a cupful of butter, two cupfuls of sugar, a teaspoonful of ground cloves and ground cinnamon, a little nutmeg and half a teaspoonful of ground allspice. Flour well a pound of stoned raisins. While mixing all well together, sift in enough flour to make a good batter. Pour into pans and let stand a half hour. Bake slowly.

**Ham patties** may be made of the small cuttings of cold ham. Take one cupful of cold chopped ham, one-half cupful of bread crumbs, one teaspoonful of butter, a little mustard and pepper. Mix thoroughly and moisten with a little milk. Press into patty tins, leaving a hollow in the middle and set away in a cold place over night. In the morning break an unbeaten egg into each patty and bake in the oven until the egg is done, hard or soft, as preferred.

**Peach Mousse:** Use a can of peaches, mash and rub them through a colander. Add to a cupful of peach pulp half a teaspoonful of lemon juice, a few drops of almond extract and enough sugar to sweeten it. Dissolve in one-quarter of a cupful of hot peach juice one and three-quarters table-spoonfuls of granulated gelatin which has been soaked for an hour in half a cupful of cold water. Add the gelatin to the peach mixture. When it begins to set mix it until smooth, then fold in a half pint of cream whipped to a stiff froth and turn it into a mold. Serve with whipped cream.

The habit of rapid eating is so prevalent that the youth of today are growing up into a gluttonous manhood. Dining at a friend's house recently the writer was horrified to see the children shoveling in their food like coal into an empty furnace, allowing little or no time for mastication, heaping the fork so full of food by means of the knife shovel that part would drop off onto the cloth. No conversation took place except the half inarticulate cry for more food. Remonstrance on the part of the parents seemed useless and really the enormity of the crime did not evidently dawn upon them.

To prepare German potatoes, chop one pint of raw potatoes and one-fourth cupful of celery quite fine, one teaspoonful of lemon juice, one teaspoonful of onion juice, one-half teaspoonful of salt and a dash of red pepper. Have the bottom of a frying pan covered with butter or nice drippings and when hot turn in the mixture, cover tightly and set back where it will heat through slowly and let cook slowly until the potatoes are tender; then increase the heat and let it cook until the moisture has dried off, but not browning it. Toss it about and when free from moisture serve at once.

**Molded Rice:** Wash one cupful of rice, put it into one quart of boiling water in which one-half cupful of sugar has been dissolved, add the grated rind of one lemon and one-half teaspoonful of salt. Cook it carefully and at the last let the water boil entirely away. Add the juice of the lemon, one teaspoonful of cream and one-fourth cupful of the juice of the fruit. Fill a buttered mold with the rice and let it become cold. When ready to serve dip the mold in hot water for a moment; turn out the rice and garnish with canned raspberries, cherries or quinces. If a ring mold is used put the fruit in the center, if a solid mold then around the edge and over top.

Fine tea biscuits are made by taking two quarts of dough, add a heaping tablespoonful of sugar, enough tepid water to dissolve the sugar and two heaping tablespoonfuls of butter. Mix well and roll a half-inch thick, making it first into two parts. Spread one part with butter, lay the other rolled part on this, cut into biscuits four inches in diameter, place in a large pan, let rise till twice the thickness, spread with melted butter and bake in a quick oven without sticking with a fork. Break one open, press with the finger. If done the dough will spring out again, if not there will remain a slight depression.

All the healing balsamic virtues of the Norway pine are concentrated in Dr. Wood's Norway Pine Syrup. Nature's own remedy for coughs and colds.

The Santa Fe painters have been at Holbrook the past week painting the company's buildings. Hundreds of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures croup, heals burns, cuts, wounds of every sort.

## OLD POSTAGE STAMPS.

At a Private Sale in London \$6,000 was Realized.

According to the Boston Globe nearly \$6,000 was realized at the two days' sale of a private collection of postage stamps, which was held in London last week. A superb strip of six-penny orange Grenada stamps brought \$110, St. Lucia four-penny blue \$105, six-penny green \$130, shilling orange, \$55, St. Vincent five-shilling rose red \$42, British Guiana, used, pair of one 10-cent magenta, dated 1852, \$65; British Guiana, used, 4-cent magenta, 1856, \$95; 4-cent blue, \$45. So the canceled 2-cent stamps which Uncle Russ Sage is said to be saving may net him a

**Buy it Now.** Do not wait until you or some of our family are sick high unto death, and then send for Chamberlain's Colic, Cholera and Diarrhoea Remedy, but buy it now and be prepared for an emergency. It is the one remedy that is always depended upon in the most severe and dangerous cases. For sale by all druggists.

Guessing parties are much in vogue in Salina, Kan., and the first prize is carried off by the woman who can tell what breakfast food was most generally used that morning in the homes of the other guests.

Westminster college, located at Fulton, Mo., has offered a prize for the best new, up-to-date college yell.

**Tendency of the Times.** The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Dr. Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been solved that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

H. Briggs & Co., and S. Vann & Son.

If three members of the Free family of Jasper county, Missouri, had not shown that they had webbed feet—a family mark—they would have lost out on their share of a half million dollars left by their grandfather.

**A Mother's Recommendation.** I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

When the office wants the man it doesn't have to advertise for him. He's always right where it can stumble over him.—Atlanta Constitution.

**Acker's Blood Elixir** positively cures chronic blood poisoning and all scrofulous affections. At all times a matchless system tonic purifier. Money refunded if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Samuel Keller of Hamilton, O., killed his wife with a hammer and sawed up the body, and then cut his own throat, and the press dispatches report that he was crazy.

**A Weak Stomach** causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach, and wards off and overcomes disease. J. B. Taylor, a prominent merchant of Christman, Texas, says: "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." B. H. Briggs & Co., and S. Vann & Son.

Seventeen San Francisco letter carriers have been suspended for political activity during the November campaign. Most of them fought Congressman Ladd.

**Millions Put to Work.** The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all drug stores.

The two old bachelors of a Kansas town who, upon going home to their rooms the other night, found a baby carriage, a baby and a note containing some good advice awaiting them,

do not know whether to consider the articles as jokes or sensible suggestions.

## The Easy Pin.

DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. B. H. Briggs & Co., and S. Vann & Son.

Mr. Bryan says he makes about \$5,000 a year out of the Commoner, but the cash question is a very insignificant matter compared with the fun he is having.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and unequalled as a quick healing liniment for cuts, bruises and burns. For sale by all druggists.

We are told that 700,000 Brits now wear American shoes on their feet, and some of them are so far advanced as to wear American ideas in their heads.

## A Legacy of the Grip.

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

The New Jersey legislature has passed a resolution calling for a larger navy. The people of that state have felt a friendly interest in naval affairs ever since the creation of a mosquito fleet.

**One Minute Cough Cure** gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. B. H. Briggs & Co., and S. Vann & Son.

A Topeka, Kan., minister prayed that Mayor Parker, of that city, might be either converted or killed, at the discretion of the Lord.

## Stomach Troubles cured by KODOL

**DYSPEPSIA CURE**  
Under all curable conditions

B. H. Briggs & Co. and S. Vann & Son  
LAS VEGAS.

From the Record.  
Frank Springer attended the meeting of the historical society at Santa Fe, but President E. L. Hewett was prevented from doing so on account of illness.

The stage from Chavez reached here sixteen hours late on its schedule. Five horses were used in conveying the mail to this city and the driver reports one foot of snow on the level in the vicinity of Chavez and owing to the high wind it had drifted badly.

R. C. Ragan, the west side photographer, was engaged in securing likenesses of all prisoners in the county jail. They were marched down to his studio, one at a time, under guard and after having their features taken were returned to their cells. Sheriff Cleofes Romero believes in being able to furnish a good description if any of his tenants should escape.

The Placito Ranch company, of Los Alamos, are purchasing land in large tracts in that vicinity. The following parties have been placed on record as selling land to the company: Jose Andres Montoya, 100 acres; Judge Severo Baca, 133 1/2 acres; Albino G. Gallegos, Jose N. Gallegos and Santiago L. Gallegos, 84 varas; Isabel M. de Gallegos and Rafael Gallegos, a strip of land 250 yards wide.

**Saved Her Child's Life.**  
"In three weeks our chubby little boy was changed by pneumonia almost a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction. 50c, \$1.00. Trial bottles free.

ST. JOHNS.

From the Herald.  
George Hennessey, formerly foreman of the Wash ranch, has bought Hon. J. L. Hubbell's cattle and is now an Arizona cattle king.

Frank Thomas, one of our leading freight contractors, is up at Holbrook with a big outfit. He will have a cold trip this time, but he never fails to get in on time.

Fred T. Colter, of the Phelps Cattle company, was in the city. He has been pretty well over the range recently, and says that it is getting poor and that many cattle are going to winter hard.

**Cured Consumption.**  
Mrs. B. W. Evans, Clearwater, Kan., writes: My husband lay sick for three months; the doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We cannot do without it. For coughs and colds, it has no equal. 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

HOLBROOK.

From the Argus.  
About three inches of snow fell Sunday night.

Owing to the recent storm but little freighting has been going on the past week.

Mrs. John Blevins and little daughter came down from Adamana.

Joe Knight, who has been tending bar at the Pioneer saloon for the last few months, left for Navajo Springs.

**ACKER'S  
DYSPEPSIA TABLETS**  
cure dyspepsia and all disorders arising from indigestion. Endorsed by physicians everywhere. Sold by all druggists. No cure, no pay. 25 cents. Trial package free by writing to W. H. Hooper & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

last week. From there he will go into the Navajo reservation and take charge of a trading post for Hugh Lynch.

Captain Hurst came from the east and went to Fort Apache, where he will take command of his company.

Ex-district attorney of Apache county, Alfred Ruiz, and family, passed through here last week on their way from St. Johns to Prescott, where they will make their future home.

Hon. W. A. Parr, of Navajo county, seems to be made of the right kind of stuff. He believes in the legislature showing off to the best advantage. He introduced a resolution, which was adopted, prohibiting smoking in the assembly hall during the session of that body. This is all right. It shows the right spirit. It will prove agreeable to both the members and visitors, especially to the ladies.

KINGMAN.

From the Minor.

Mrs. J. C. Potts has been very ill this week.  
Miss Lillian Wilson has gone to Prescott.

Jesse Tarr, the bright young photographer, is ill at the rooms of his brother, N. W. Tarr.

Tom C. Lake, who has been out in the hills for some months past, is visiting in Kingman.

Mrs. Ben Holmes, of Gallup, N. M., is visiting with Mrs. G. R. Gooding in Kingman.

Charles Ellery Hall and his mother, Mrs. M. L. Bodgett, of New York, who are interested in the Enterprise Mining company, arrived in Kingman a few days ago. They will remain some time examining into the mines and the affairs of the company.

Mrs. J. M. Murphy was this week elected president for Mohave county of the Woman's Suffrage association by the territorial organization at Phoenix. The organization is growing in numerical strength and influence and it looks as though the measure for the enfranchisement of the sex would be carried through at this session of the territorial legislature.

Miss Fannie Calfee, matron of the Indian school at Truxton Canyon, is in Kingman visiting with friends. She reports that all the children in that institution who were ill with a disease resembling smallpox have entirely recovered and that there are now no traces of disease in the school. No deaths occurred from the disease.

The snow storm was one of the worst this section has experienced in years. The ground was frozen when the snow fell and as a consequence the snow is very dry and drifting badly. In the mountains the fall is the greatest in years, which indicates that next spring will be one of the best from a cattleman's standpoint in the past seven or eight years. Grasses are now appearing on the south side of the hills in great luxuriance.

**Are You Restless at Night?**  
And harassed by a bad cough? Use Ballard's Horehound Syrup. It will secure you sound sleep and effect a prompt and radical cure. 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

WINSLOW.

From the Mail.

The little daughter of Mr. and Mrs. J. F. Mahoney has been very ill this week.

Richard Hart, the well known sheepman, came in from the range for supplies.

Mrs. J. L. Fish, accompanied by her son, Mahouri, have been here for several days from Holbrook visiting Mrs. Seacrest.

J. E. Wilson, who has been surveying the oil fields, returned Tuesday from Adamana, where he was surveying for Manager A. L. Truax, of the Wabash Cattle company.

M. J. Meedham, of Algert, is in town for the purpose of getting a teacher to take to the Blue Canyon school. Mr. Meedham is superintendent of the Blue Canyon school district.

Sickness was prevalent among the school teachers this week. Professor Young reports that Mrs. Meyer and Miss Ausemus were slightly indisposed and Miss McCann had to remain at home for half a day. Mrs. Howard Grimshaw teaching her grade.

Fred Seegar has returned from Los Angeles. He says Tom is gradually recovering from his injury. Miss Rose Seegar went to Los Angeles with Tom's little son, Fred, where Tom's wife is attending him.

Mrs. T. O. Mossman, nee Miss Anna DeSpain, who is visiting Mrs. Workman and other friends in Winslow, was married last week to T. O. Mossman at Aztec ranch, the home of Mr. and Mrs. Wallace. Mrs. Mossman is well known here as an attractive and charming young lady, while Mr. Mossman is a popular young man and much esteemed. They will make their future home at San Marcial, N. M.

N. S. Bly returned from a trip to San Francisco and Los Angeles. While in San Francisco he met J. T. Williams who is under the doctor's care for a recent illness and is fast regaining his health. He also met Col. J. H. Breed, one of the old landmarks, and says he looks younger than ever. Mr. Bly enjoyed his trip, but was glad to get back to Winslow, which he prefers to the country he just went over.

Stewart Christal was bitten by his dog this week, and but for prompt interference the St. Bernard would no doubt have had a choice meal of him. Stewart on Tuesday changed his attire in some manner which made him look strange to the dog, and on his return home from town the dog attacked him, biting him in the arm and leg. Mrs. Christal came to her son's rescue and was having a hard time endeavoring

## Eczema, Psoriasis, Salt Rheum, Tetter and Acne

Belong to that class of inflammatory and disfiguring skin eruptions that cause more genuine bodily discomfort and worry than all other known diseases. The impurities or sediments which collect in the system because of poor digestion, inactive kidneys and other organs of elimination are taken up by the blood, saturating the system with acid poisons and fluids that ooze out through the glands and pores of the skin, producing an indescribable itching and burning, and the yellow, watery discharge forms into crusts and sores or little brown and white scabs that drop off, leaving the skin tender and raw. The effect of the poison may cause the skin to crack and bleed, or give it a scaly, fishy appearance; again the eruptions may consist of innumerable blackheads and pimples or hard, red bumps upon the face. Purification of the blood is the only remedy for these vicious skin diseases. Washes and powders can only hide for a time the glaring blemishes. S. S. S. eradicates all poisonous accumulations, and restores the blood to its wonted purity, and stimulates and revitalizes the sluggish organs, and the impurities pass off through the natural channels and

to make the huge beast loosen his hold on her son, when Mr. Dag appeared on the scene and, after a fierce struggle, succeeded in making the dog let go. Mr. Dag's appearance saved Setwart from being seriously bitten. Dr. Hathaway dressed the lacerations, and Stewart will soon be around again. A St. Bernard is of a very gentle nature, as a rule, but when they are aroused it is hard to approach them.

FLAGSTAFF.

From the Gem.

Newt, Berry left for Los Angeles, Cal., to visit for a short time.

George W. McFarland, formerly connected with the Jerome News, has accepted a position with the Williams News.

The county jail at this place contains fifteen prisoners, six of whom are awaiting the action of the grand jury.

Miss Jessie Todd, who has a severe attack of rheumatism, left for her home in Los Angeles, with hopes of being benefited by the change. Miss Jessie's many friends here hope for her early recovery.

D. L. Hogan and J. C. Grim returned from Fort Apache, where they have been doing carpenter work for the government. While coming across the country by stage they got lost five miles the other side of Holbrook in a blinding snow storm, and as it was after night, it was over an hour before they found the road.

Last Saturday morning was the coldest morning since the winter of 1897. The thermometer one morning during that winter registered 21 degrees below zero. Last Saturday morning it was 3 degrees less, being 18 below. We are indebted to Mrs. Reno, who has charge of the weather bureau at this place, for the information, and we can vouch for the same, as she is one of the most accurate and painstaking persons in the service on the Pacific slope.

From the Sun.

Miss Mae Rogers is in charge of the telephone office and your "hello" will be answered promptly.

Robert Finkle, of Beaver Creek, came up from his home and returned the next day. He reports good rains as having fallen in that vicinity.

S. B. Gilliland has been visiting relatives in Texas for the past four months, and returned. He reports the Lone Star state as being prosperous, but he is satisfied to live in Arizona.

Mrs. J. B. Wilson, of Cincinnati, Ohio, has arrived. She is on a visit to her son, who is employed at the Babbitt trading post at Red Lake, on the reservation.

There is one smallpox patient in the pest house, his name is McNeill, and came here last week from Gallup.

## A PIONEER MERCHANT

Bright's Disease and Diabetes  
Are Positively Curable.

Adolph Weiss, the well known pioneer of 236 Grand street, San Francisco, one of the founders of the California Cracker Company, interviewed December 11, 1901:

Q—Will you permit us to refer to you as one of those cured of diabetes by the Fulton Compound?

A—You may. It ought to be known. I have told a great many about it myself.

Q—You found it hard to convince them?

A—Only those cured can believe easily. You will have great difficulty in making people believe it.

Q—Had physicians diagnosed your case as diabetes?

A—Several. The kidneys were also affected. I had to sleep with my hand under my back to sustain me so I could rest.

Q—How long before you began to improve?

A—It took hold slowly—it must have been several weeks.

Q—How long before you were fully restored?

A—About a year.

Q—Do you recall any you told about it?

A—One was a Mrs. D., a friend of ours in the country. Her trouble was Bright's Disease. She, too, recovered.

Q—Any other?

A—A lady friend in Windsor, Sonoma County, was a widow with three children, and she had Bright's Disease, the second degree completely restored her.

Q—Had you then seen now of the curability of Bright's Disease and Diabetes?

A—Cures await those who will take these compounds for a sufficient length of time.

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price, \$1 for the Bright's Disease and \$2 for the Diabetes Compound. John J. Fulton Co., 433 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

### AMUSEMENTS.

#### FOR THE FIRST TIME.

"Hon. John Grigsby" Will Appear at Colombo Hall Monday Night.

Sol. Smith Russell's play, "Hon. John Grigsby," will be seen for the first time in this city at Colombo hall next Monday evening by James Neill & Co. He appeared for the first time last evening. The play was written by Charles Klein, and has been reconstructed by Langdon Mitchell. The presentation of "Hon. John Grigsby" by Mr. Neill is said to lack nothing to make it complete in every detail. The scenes of the play, which is of a political character, are laid in Illinois during the slavery days. The conditions existing at that time are more fully appreciated by elderly people, but they are said to be so vividly illustrated by Mr. Neill that a modern, up-to-date audience is keenly alive to the dramatic situations. As the honest, sympathetic lawyer, and tender, affectionate father, Mr. Neill is said to display rare dramatic talent that will surely keep him to the fore in the theatrical profession. He brings out to the full all there is in "Hon. John Grigsby," and no one can do better. Mr. Neill is supported in an able manner.

#### CHALLENGE.

We, the undersigned Bowling Club, claim the championship of New Mexico. Match games with any team in the territory invited. Belen and Santa Fe teams preferred.
