NUMBER 388

STORM KING STILL AT WORK

Suffering Among the Poor of the Big Cities.

SEVERAL DEATHS IN CITY OF CHICAGO

Official Proceedings Interrupted in St. Louis by Scarcity of Coal.

Chicago, Feb. 18.—A "reinforcement" of the cold wave, which according to the official forecast, "precludes any moderation in temperature" in the immediate future, gave this city a temperature today which promised to beat the record for the winter, reached early yesterday, of 10 degrees below zero. A biting wind that sprang up during the night increased in keenness and reached nearly the velocity of a gale as the day advanced and added materially to the intensity of the cold. There is much suffering among the destitute notwithstanding the best efforts of all charitable organizations, although the scarcity of coal is less general than in the previous cold spell.

In addition to one death reported yesterday the following are said to have died directly or indirectly from the effects of the cold:

Fred Burgard died from heart disease, aggravated by the cold; Charles Fredler died on the way from the hospital from exposure.

Through trains continue to arrive hours behind schedule time, while suburban and traction lines operate with more or less irregularity.

Broken in Pennsylvania.

Philadelphia, Feb. 18.—Reports from up the state are to the effect last night was a record breaker for low temperature. At Pottsville early today the mercury was 14 degrees below zero, at Shamokin 6 below, at Tamaqua 6 below, and at Reading 10 below.

Lakes Frozen.

West Superior, Feb. 18.—The head of the lakes is in the grip of a blizzard today, the wind velocity being forty-two miles an hour. The official temperature at 7 a. m. was 20 below zero. Business is practically suspended. All coal other than that sold under contract is exhausted.

Temperature Rising.

Kansas City, Feb. 13.—It was 7 degrees below zero in Kansas City this morning, a rise of 2 degrees in the past twenty-four hours, with indications of moderating weather.

Severe Weather in Iowa.

Des Moines, Iowa, Feb. 18.—Thirteen degrees below zero was recorded here this morning by the weather bureau, while still more severe weather is reported from the northern portion of the state. Suffering among the poor is acute. A perfect gale is blowing, which makes outdoor employment dangerous.

Moderating in New York.

New York, Feb. 18.—The storm of yesterday gave way to clear skies and cold winds, accompanied by falling temperature. At 8 a. m. the weather bureau thermometer stood at 6 degrees above zero, the lowest so far this winter. Dispatches from various parts of the state report temperatures ranging from zero to 18 degrees below that point, the latter in the Adirondack region. The snow fall is the heaviest of the winter.

Bitter Weather in the Northwest.

St. Paul, Feb. 18.—The lowest official temperature in this city last night was 15 below zero. Intense cold weather is reported from all weather stations in the northwest. A biting wind intensifies the cold.

Scarcity of Coal.

La Crosse, Wis., Feb. 18.—The thermometer has dropped to 20 degrees below zero since Sunday night and promises to fall still lower tonight. There is a great scarcity of coal and tenants of office buildings are complaining seriously of the cold.

OFFICIALS FREEZING.

Scarcity of Coal Clogs Proceedings in St. Louis.

St. Louis, Feb. 18.—Owing to the scarcity of coal at the Four Courts, which contains the jail, police headquarters, criminal courts, etc., the building was closed today.

Not a pound of coal could be found in the engine room and old floors are being torn up to keep the 250 prisoners

in the jail warm. This fuel will be exhausted by night.

The grand jury investigation of the Turf Investment companies was suspended and the two branches of criminal court and the court of criminal correction adjourned for the day.

This condition of affairs is the result of negligence on the part of a contractor who failed to deliver coal already contracted for.

Other city institutions are also short of fuel and an investigation will be held to ascertain who is to blame and to compel fulfillment of contracts in the future.

ELKS' OPERA HOUSE.

The Members Will Advise for Bids for the Building.

The Elks' opera house committee met in the office of D. J. Rankin yesterday afternoon and some important business was transacted, the report of which, theategoers of the city will peruse with pleasure. It was decided at the meeting to advertise for bids for the building. The bids will be opened and let the first of March.

Readers of The Citizen already know what a handsome playhouse the Elks intend building, as a detailed description of it has already been published. D. J. Rankin, a prominent Elk and chairman of the building committee, said this afternoon that the Elks hoped to have the new opera house ready for opening by October 1. This is good news.

Both Will Take Office.

Washington, Feb. 18.—George B. Cortelyou took the oath of office as secretary of the department of commerce and labor shortly after 11 o'clock this forenoon. At the same time, William Loeb, jr., was sworn in as secretary to the president. The oaths were administered by Chief Justice Fuller, of the United States supreme court.

Justice Shiras Resigns.

Washington, Feb. 18.—Justice Shiras, of the United States supreme court, today presented the president his resignation as a member of that tribunal to take effect February 24. Former secretary of state, William R. Day of Ohio, has been selected as successor of Mr. Shiras.

RETURNED FROM SANTA FE.

What Messrs. Miera and Sandoval Say About New County.

Hon. E. A. Miera, Hon. Alejandro Sandoval and other well known republican politicians, who were at Santa Fe watching the legislature, returned to the city last night, and they give it out that there will be no new county carved out of Bernalillo county at this legislature, as they found a large number of country people of certain precincts in the proposed new county against division, and again, after further consideration, there was not enough taxable property in the new county to support a county government.

This morning, Mr. Miera started on his long drive to his home at Cuba, in the Nacimiento country. Tonight he will rest up at Los Corrales, and continue homeward tomorrow morning.

In a New Role.

Frank W. Hall, until yesterday deputy United States marshal of New Mexico, has resigned that position to accept the position of special officer for the Santa Fe Pacific, with headquarters at Winslow, Ariz. Mr. Hall received a telegram yesterday from Superintendent L. L. Hibbard, of the Albuquerque division of the Santa Fe Pacific, to come to Winslow and get orders. Mr. Hall finished his work under United States Marshal Forsaker yesterday and left last night for Winslow, C. F. Forsaker, of Silver City, will succeed Mr. Hall as deputy marshal.

Current History Club.

The Current History club that met at the home of Mrs. W. H. Barney, on South Third street, yesterday afternoon, had an unusually interesting meeting. Mr. Barnett, brother of Mrs.

Elder, kindly consulted to give a little sketch of his trip through Palestine, which he did in a very pleasing manner. Mrs. John King, cousin of Mrs. Barney, from Malone, N. Y., who is spending a few days with Mrs. Barney, gave the club a description of the work the history clubs at her home are doing, which made the afternoon very enjoyable. Mrs. Barney will leave with Mrs. King for southern California Friday evening, where she will meet her brother and family from the east, who are spending the winter.

McDANIEL' THE FORGER.

He Escaped from County Jail—Returned This Morning.

James McDaniel, alias J. L. Stewart, the escaped jailbird and forger, was brought back to the county jail, from which he severed his connections on New Year's morning, from Winslow, this morning, by Deputy Sheriff Newcomer.

McDaniel was arrested here by Marshal McMillin on Tuesday, October 21, 1902. He was charged with forging checks, several of which he passed in the city. Two were cashed at S. Krifels, who runs the old Sullivan place on First street. One check was for \$6.25 and the other for \$8, but McDaniel only got \$4 of the latter. Another small check for \$2.25 was cashed by Owen Dinsdale and one for \$3.25 by the Blanchard Meat & Supply company.

He worked his small check racket to a good advantage for several days, but he finally got too bold and was placed under arrest. When he was given a hearing he waived examination and was bound over under a bond of \$1,000. After a month and a half of roaming he will again take up life in the county jail. His father is T. P. McDaniel at the head of a packing house of La Jara, Colo., and is said to be well to do.

MASS MEETING.

Held Last Night and County Division Favored.

RESOLUTIONS ON THE SUBJECT.

Pursuant to notice, issued by G. L. Brooks, president of the Board of Trade, a large number of taxpayers and merchants of the city met last night upstairs over Zeiger's cafe to discuss the county division proposition and to protest against the withdrawal of the bill creating the proposed new county of Sandoval.

At 8:30 o'clock President Brooks called the meeting, and besides himself, there were present the following gentlemen: Secretary P. F. McCanna, Mayor C. F. Myers, W. W. McClellan, William Farr, C. B. Hawley, W. P. Metcalf, Prof. A. B. Stroup, Charles Mausard, Arthur Everitt, W. W. Strong, Joe Sheridan, Felix Lester, J. H. Stingle, Ed B. Quickel, F. G. Pratt, O. Bachechi, O. N. Marron, David Weinman, P. P. Hall, D. H. Boatright, John A. Lee, William McIntosh, Siegfried Grunfeld, A. Felscher, A. J. Mitchell, E. B. Seward, Jacob Metzgar, Dr. W. G. Hope, Dr. J. H. Wroth, Prof. A. Montoya, Professor Espanosa, William Klocke, and representatives for both The Citizen and Journal-Democrat. Sheriff T. S. Hubbard, Maj. Ernest Meyers and F. J. Otero joined the gathering a few minutes after the meeting had been called to order.

The first thing on the program was the reading by the secretary of two telegrams from Dr. G. W. Harrison at Santa Fe, to Mayor Myers, relative to the county division situation. The doctor stated that the council was in favor of county division, but it would be a hard matter to pass the measure in the house.

A telegram was then read by W. T. McCright from Senator Hughes, stating that "if the people of Albuquerque want the county divided he will be glad to lead the movement."

After the reading of these telegrams the secretary was instructed to read some suggestions for resolutions submitted in writing to the meeting by Hon. F. W. Clancy, that gentleman finding it impossible to attend the meeting.

The reading of the suggestions, by paragraphs, elicited considerable discussion pro and con from a number of the orators present, those leading in the debates being O. N. Marron, Arthur Everitt, Summers Burkhardt, W. P. Metcalf, Mayor C. F. Myers, Dr. J. H. Wroth, G. L. Brooks, Ernest Meyers and Felix Lester.

C. W. Ward stated to the meeting that he had advised from Santa Fe to the effect that a petition had been signed by a large number of country

(Continued on page four.)

NATIONAL NOTES

Quay Having Hard Time to Secure a Vote.

POLITICAL FINESSE OF VENEZUELA

The Wabash and Committee Conference Over Wages.

EIGHT HOUR LAW IN STATE OF COLORADO

Washington, Feb. 18.—The resolution of Senator Quay, declaring that it is the sense of the senate that there should be a vote on the statehood bill, occupied a portion of the morning hour in the senate today.

Mr. Spooner opposed it, saying it was in a sense a closure to which he was opposed or a closure upon the minority which he did not think was right. Under the present rules, he maintained, the interests of the country are being served better than if there was a closure. The resolution, he insisted, calls on the senate practically to put a vote of closure upon those who happen to be conscientiously opposed to the omnibus statehood bill.

No action was taken on the Quay resolution, or a substitute by Mr. McComas, and the senate at 1:45 went into executive session to consider the Colombian treaty.

THE NATIONAL HOUSE.

Washington, Feb. 18.—When the house met today, the speaker announced that the committee on rules had considered the question raised yesterday by Mr. Cooper of Texas, concerning a bill passed Monday, which he thought technically repealed the river and harbor bill, and had found that the assumption was incorrect.

Mr. Hull of Iowa, then called upon the conferees for a report on the army appropriation bill.

A POLITICAL FINESSE.

Venezuela's Minister of Foreign Affairs Makes a Decree.

Washington, Feb. 18.—The following cablegram was received at the state department today from Mr. Russell, who is in charge of the United States legation at Caracas during the absence of Minister Bowen:

"Minister of foreign affairs of Venezuela has decreed 30 per cent increase duties on all imports as a war measure."

Just why this decree was issued by the minister of foreign affairs, instead of President Castro, in the ordinary course, puzzles the officials here. The action recorded in the cablegram is regarded as a keen stroke of political finesse, for practically it amounts to placing the indemnity which Venezuela is to pay the powers wholly upon the shoulders of the foreign merchants who conduct all of Venezuela's import trade. The increase mentioned, 30 per cent, is the same figure as the percentage of the customs dues at La Guayra and Puerto Cabello to be assigned to the claimant nations.

BEEF TRUST.

Judge Grosscup Overruled Demurrer of Packers.

TRUST AGAINST THE PEOPLE.

Chicago, Feb. 18.—The demurrer of the packers in the so-called "Beef Trust" case was overruled by Judge Grosscup in the United States circuit court today, and a motion granted for temporary injunction.

"There can be no doubt," said Judge Grosscup, "that the agreement of defendants to refrain from bidding against each other in the purchase of cattle, is a combination in restraint of trade; as also their agreement to bid up prices to stimulate shipments, intending to cease from bidding when the shipments have arrived. The same result follows when we turn to the combination of defendants to fix prices upon and restrict the quantities of meat shipped to their agents or their customers. Such agreements can be nothing less than restriction upon competition, and, therefore, combination in restraint of trade, and thus viewed, the petition as an entirety makes out a

case under the Sherman act. The demurrer is overruled and the motion for preliminary injunction granted."

The packers did not announce what their next step would be. They have twenty days within which to make up their minds. If they dispute the facts upon which Judge Grosscup based his decision, the matter will go before a master in chancery and be argued again before Judge Grosscup. The packers, however, may decide to take an appeal in order to hasten the final adjudication of the case. It is not thought likely they will let the matter go by default and thus make the injunction permanent.

THE WABASH PRESIDENT

Tells Railroad Committee That Road Cannot Increase Wages.

St. Louis, Feb. 18.—President Jos. Ramsey, jr., of the Wabash, after hearing the application of a committee of brakemen and conductors for an increase of wages, announced that the company cannot in reason and justice be asked to pay more on the east side of the Mississippi than competing lines operating in the same territory. The matter is now in the hands of the committee for further consultation among themselves. There will probably be another conference with the Wabash management tomorrow.

EIGHT HOUR BILL.

Denver, Feb. 18.—The eight hour bill was reported to the house by the mines and mining committee today. There were three reports. A majority favored the Stephen bill in an amended form. The minority, signed by two two members, favored the Moore bill, which already has passed the senate, while a second minority bill, also signed by two members, a favored modified form of both bills. The fight will probably be on the Moore bill.

A GRAND SUCCESS.

Santa Fe Pacific Hose Company No. 1 Entertain Their Friends.

COLOMBO HALL CROWDED.

The members of the Santa Fe Pacific hose company proved themselves to be admirable hosts at the ball given by them at the Colombo hall last night, and all their hopes for a grand success were more than realized. The attendance was large and the merry crowd hugely enjoyed the dancing made pleasant by the inspiring music furnished by the Berry-Devine orchestra. A more congenial and happy crowd could not have been gotten together and the dancing reigned supreme until the hours of morning were approaching. At midnight the crowd went to supper, the dance being resumed at the interval of an hour.

There were twenty-four numbers on the program, no one dance becoming monotonous, as a variety such as schottische, polka, quadrille, rye walk, oxford minuet, varsovienne, two-step and waltz were included in the well prepared program.

The grand ball not alone attracted people from Albuquerque, but a delegation of the Santa Fe Pacific hose company at Needles, Cal., came all the way from that city to attend the function given by the firemen here. The guests from the western town were: Mr. and Mrs. M. W. Byrne, Luke Mears, Love Moore, James Gaffney, Arthur Taylor and Roy Gilbert. All the gentlemen of the visiting party are members of the well equipped fire company established last year by Superintendent C. O. Young.

The Albuquerque Santa Fe Pacific hose company were extended an invitation to attend a grand function to be given at Needles by their guests, and assurance was given that a large number of the boys would attend. The reception committee were untiring in their efforts to make every one enjoy themselves, which was the only result possible.

The reception committee consisted of C. O. Young, W. Boorbie, D. Miller and W. D. Young, and the arrangement committee consisted of John Leighton, P. A. Lillie, J. Rollie and Ed Moore, are to be complimented on their successful appointments.

Those on the floor committee were A. L. Newton, F. Chamberlain, Robert Lillie and Ed Sherman. There was nothing lacking in their attention and consequently everything went off without any trouble. Considering the affair from a sociable standpoint is was a score for the boys, and also from a financial standpoint it scored several points. It has been the intention of the hose company to purchase uniforms with the surplus receipts of the ball, and now their desires will be realized.

TERRITORIAL LAWMAKERS

Twentieth Day's Doings of Legislative Assembly.

SANDOVAL COUNTY BILL WITHDRAWN

Trouble With Faculty of Las Vegas Normal School--Interesting Measures.

Special to The Citizen.

Santa Fe, N. M., Feb. 18.—Both houses devoted the morning to consideration of bills in committee.

TWENTIETH DAY, TUESDAY, FEBRUARY 17, 1903.

The Council.

(Afternoon Session—Nineteenth Day.) After the presentation of bills yesterday afternoon, the council went into committee of the whole to consider council bill No. 4, an act providing for the creation of Roosevelt county, out of northeastern Guadalupe counties, with Portales as the county seat. The bill was read and adopted section by section, there being no opposition. The committee rose and recommended the passage of the bill. The bill was passed by 11 votes in the affirmative and none in the negative.

House bill No. 30, by Mr. Pollard, an act to authorize the treasurer of Grant county to pay over to the treasurer of the county of Luna certain school moneys already apportioned, was passed by a unanimous vote.

House bill No. 31, by Mr. Bowie, an act providing for the offering of rewards by the governor and serving regulations, was referred to the committee on judiciary.

House bill No. 57, by Mr. Dalies, an act amending section 1711 of chapter 2, under title of election, of the compiled laws of 1897, relating to the recompense of members of registration boards, was referred to the committee on privileges and elections.

The council then adjourned until Tuesday morning at 10 o'clock.

(Morning Session—Twentieth Day.)

In the council, prayer was offered by Rev. W. R. Dye. The journal was read and approved. Mr. Hawkins introduced council bill No. 68, an act to prevent injury to ditches, water pipes or reservoirs. Referred to committee on irrigation.

Mr. Duncan introduced council bill No. 69, an act to amend section 1921 of the compiled laws of 1897, relating to the fees of appraisers of the estates of deceased persons. Referred to judiciary committee.

The council then took a recess subject to the call of the chair.

After recess, council substitute for council joint resolution No. 4, relating to the printing of documents in Spanish, was reported from the finance committee with the recommendation that it be adopted. It was read the third time and adopted. Mr. Hawkins alone voting against it. The original council joint resolution No. 4 was then laid on the table.

Mr. Fall, by unanimous consent, introduced council bill No. 70, an act to define the qualifications and regulating the drawing of jurors. It was referred to the judiciary committee.

The following house bills were then handed down by the president and referred: No. 55, an act to provide for an assistant to the secretary of New Mexico; referred to committee on territorial affairs.

No. 47, an act to require companies or corporations to disclose to a levying officer the number of shares held by each shareholder; referred to committee on banks and banking.

No. 72, an act to adjust water rights; referred to committee on irrigation.

No. 26, an act concerning community ditches; referred to committee on irrigation.

No. 56, an act relating to the distribution of water; referred to committee on irrigation.

By unanimous consent, Mr. Spies introduced council bill No. 71, an act to create the office of reporter of the supreme court and providing therefor. It was referred to judiciary committee. The council then took a recess until 2 o'clock in the afternoon.

(Afternoon Session.)

President Chaves called the council to order at 2:30 o'clock, and on motion of Amado Chaves, the council took a recess to permit committees to meet. The council was called to order to receive a message from the governor. The council then went into executive session.

During the executive session, the nomination of H. O. Bursum to be superintendent of the territorial penitentiary for the coming two years, was received from the governor of New Mexico and the same was unanimously confirmed.

As soon as the open session was resumed, Mr. Duncan offered the following resolution which was unanimously adopted:

Be resolved by the council of the Thirty-fifth legislative assembly of the Territory of New Mexico:

That whereas a "Statement by the faculty of the New Mexico Normal University, February, 1903," has been printed and placed upon the desk of the members of the council, containing an attack upon the board of regents of the Normal university.

And whereas, such an attempt as is made upon pages 2 and 8 of said document can only be an example to the students of said institution calculated to incite them to insubordination, and supervision of all discipline—and whereas—in the opinion of this body, said publication is sufficient evidence that the welfare of the school system and this institution in particular would best be served by the securing and acceptance of the resignation of the faculty signing said document.

Therefore, the attention of the governor of the Territory of New Mexico is respectfully called to the aforesaid document, and we respectfully recommend the appointment and retention in office of regents for such institution who will see that the members of said faculty signing said petition be allowed and requested respectfully to sever their connection with the Normal university immediately.

The names signed to the protest referred to are Richard H. Powell, department of English; James Graham McNary, department of modern languages and music; T. D. A. Cockerell, department of biological science; Wellington B. Gliven, department of manual training and physics; K. M. Chapman, department of art; Margaretta M. McNary, department of Latin and Greek; Wilma P. Cockerell, department of psychology and training work; Louis C. Butcher, department of history and Spanish; Frank H. Wolcott, departments of mathematics and chemistry; Eleanor M. Hill, department of reading and physical culture; Elizabeth F. Remley, training teacher, grammar grades; Anna T. Fitzhugh, training teacher, primary grades; and M. Madeline Veverka, training teacher, kindergarten.

The council then adjourned until 10 o'clock Wednesday morning.

The House.

(Afternoon Session—Nineteenth Day.) Late yesterday afternoon, the house unanimously passed council substitute for council bill No. 30, an act relating to eminent domain, suits to partition and real estate, actions to quiet title, sale of real estate of infants and married women and perpetuating testimony, by Mr. Spies. This bill now goes to the governor. The act is a very important one from a legal standpoint.

House bill No. 26, by Mr. Ortega, an act relative to community ditches or acequias and to amend and repeal certain sections of the compiled laws of the Territory of New Mexico with reference thereto, was laid before the house as special order. The bill was favorably reported. Mr. Pendleton presented an amendment excepting San Juan county from the provisions of the bill and permitting the existing laws to remain in force an defect for San Juan county. Mr. Dalies asked him if it would not be special legislation. Mr. Pendleton said not and said the passage of the bill would be ruinous to San Juan county. The adoption was moved by Martin Sanchez. Mr. Turner expressed doubt if such amendment would be legal. Mr. Ortega moved to lay the amendment on the table indefinitely. The motion was lost by 14 to 19. Pedro Sanchez said the amendment was too long. It should have said "San Juan county exempt".

New Mexico demands Statehood from
the Fifty-Seventh Congress.

J. Pierpont Morgan doesn't send telegrams to United States senators, but he gets there just the same.

Chicago as a convention city had pull enough to attract the dentists, 2,000 of whom are now gathered there.

The increase in horses in the United States last year was 25,000—almost enough to see Great Britain through another war.

Colonel Bryan's announcement regarding his candidacy is a trifle more positive than that of Mr. Cleveland, but the colonel's would stand strengthening.

Venezuela's outside debts amount to \$33,000,000, a sum which, with good government, can be easily paid. But a succession of revolutions is a poor basis for business.

An alliance between England and Germany would amount to something in the neighborhood of Constantinople, but it is wasted as far as American territory is concerned.

The bunco schemes do not all succeed. Chicago failed to get the Olympian games away from St. Louis, and they will be duly held in the world's fair city, as they should be.

A stronger word than sucker is needed to describe the man who lost his savings in a Brooklyn get-rich-quick scheme a few years ago, and again drops all in the latest smash-up.

Colonel Watterson has been telling what he would do with the Monroe doctrine if he were king. But what is the use of talking about the king business, when a man isn't even one of Uncle Sam's two spots.

That was a fine meeting of taxpayers and business men last night. The resolutions passed by the meeting on the county division proposition are published in another column of today's Citizen.

Kate Claxton is still traveling around with the Two Orphans and is heading west. If any more orphans are needed for the collection she will find the cold plains scattered with poor motherless mavericks.

Something has happened to the old fashioned St. Louis Globe-Democrat. It grew yellow in a night and now it appears with head lines, front page cartoons and all the marks of a Hearst or Munsey publication.

The Pueblo Chieftain says: The city of Albuquerque, about half as large as Pueblo, has raised \$40,000 toward a bonus for the Albuquerque Eastern railroad. Some towns do go after a good thing when they see it.

DEATHS FROM TUBERCULOSIS. Chancellor von Buelow has sent to the German reichstag a memorandum on tuberculosis treatment in which he recited facts gathered by the imperial health office.

Out of a thousand deaths in Germany of persons between the ages of 15 and 60, 316 die of tuberculosis alone. Persons under 15 and over 60 are seldom affected. The mortality of the whole population averaged 242 per 100,000 yearly, rising in the Bavarian

SUNDAY CLOSING.

Question Sought to be Solved by
House Bill No. 88.

PROVIDES FOR LOCAL OPTION.

The bill introduced in the house by Speaker Montoya and commonly known as the local option bill, is attracting general attention throughout the territory.

"The bill has been most carefully drawn," said Mr. Montoya, "by attorneys who have endeavored to make it legally perfect. It has been carefully considered and is, I believe, the solution of the Sunday question. It leaves to each community the right to say what shall and what shall not be done within the limits of the community. Its provisions have been generally discussed and agreed upon and I believe the bill will be passed as it ought to pass."

The bill is known as house bill No. 48, and the first section provides that when a petition signed by at least 100 qualified voters of any county who live outside the corporate limits of any city or town, is presented to the county commissioners, that body shall order an election within forty days, to be held in the same manner as a general election, to determine whether or not the sale of intoxicating liquors and the carrying on of ordinary business pursuits shall be permitted on Sunday.

The elections shall not be held within sixty days of any general election, but shall be separate and distinct from any other election. The same course shall be followed in regard to cities and towns and the petition in that case shall be presented to the city council or board of trustees. Frauds perpetrated in such special elections shall be punished as provided in the present laws governing general elections and the result of the special election shall be published in a newspaper having a general circulation in the city or town, for four consecutive weeks and the last insertion shall be within ten days of the day appointed for the election. At any such election those who favor prohibiting the buying, selling or trading of goods, wares, merchandise, spirituous and intoxicating liquors, including wine and beer, the keeping open and carrying on of any business, shops, stores, offices and places of business, and the doing of all worldly work and labor, the pursuits of one's ordinary business and calling, works of charity, mercy, religion and necessity excepted, on Sunday, shall have written on their ballots "For Sunday Closing," those opposed to it shall have "Against Sunday Closing." If the majority of votes be against Sunday closing, it is made lawful to carry on any business on Sunday. If the majority is for Sunday closing then the result of the election shall be published for four consecutive weeks in some newspaper and thirty days from the date of the last publication it shall be unlawful to carry on any business on Sunday. When the question is once decided by a county, city or town, it shall not be again submitted for four years. Sunday is legally defined as extending from midnight Saturday night to midnight Sunday night. The penalty provided is a fine of not less than \$50 or imprisonment for from five to thirty days. The fines shall go to the school fund. In case of necessity farmers and gardeners shall be permitted to irrigate their lands and, when necessary to save same, to remove grain and other products from the fields on Sunday. Nothing in the act is to be construed as preventing cooks, waiters, and other employees of hotels, restaurants and boarding houses or persons engaged in the necessary operation of railroads, street cars or other public conveyances, from following their necessary duties on Sunday. The present laws are repealed.

COLLIER'S WEEKLY.

Collier's Weekly is against statehood and is constantly saying some very bitter words against the people of this territory. There is an agent for the publication, now in the territory. He was here the other day, probably here now, and he is around securing subscriptions. When he calls he should be promptly turned down, for no publication which insists on libeling the people of New Mexico should be patronized by the people they libel. Remember these facts, and don't become subscribers to Collier's Weekly.

REDISTRICTING OF TERRITORY.

Delegate Rodey has introduced a bill amending the act authorizing the appointment of an additional associate justice of the supreme court of New Mexico, to provide that the chief justice and his associates, or a majority of the members of the supreme court, may re-district the Territory of New Mexico into five judicial districts and make such assignments of judges as shall be deemed proper.

The Topeka State Journal says: The manner in which the statehood bill is being held up by a majority in the senate shows how easy it is for persons interested in preventing any other kind of legislation, to do so. Probably anybody less determined than Senator Quay would have grown discouraged and give up the fight for the omnibus bill before this time.

Frank Quier and Will Russell have returned from Los Angeles, where they have been for some time.

RED

Red is the color of danger, whether on the semaphore or on the skin. When the face is reddened by eruptions, when boils break out on the body, or the angry red of sores and ulcers is displayed in the flesh, it is nature's danger signal. The blood is obstructed and tainted by impurities, and there can be no safety until the blood is made pure.

Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the effete matter which clogs and corrupts it. It cures pimples, boils, eczema, scrofula, sores, ulcers and other consequences of impure blood.

"I feel greatly thankful for what your medicine has done for me," writes Mrs. Chas. Hood, of Kankakee, Mich. "I suffered with scrofula of the head for twelve years. Tried every kind of medicine that I heard of but found no cure. Every one that looked at my head said they never saw anything like it. The last doctor I took two or three bottles of your 'Golden Medical Discovery' and using the local treatment you prescribed for me, I was cured and my head was entirely free from scrofula."

Accept no substitute for Doctor Pierce's Golden Medical Discovery. There is no other medicine which is "just as good" for diseases of the blood and the eruptions which are caused by the blood's impurity.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send twenty-one one-cent stamps for the book in paper covers, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

AMUSEMENTS.

JAMES NEILL.

Will Appear Next Monday Night at Colombo Hall.

"Hon. John Grigsby," in which James Neill and company will be seen in this city at Colombo hall on next Monday night, is a play with a quaint, homely flavor and a central character endowed with the old-fashioned spirit of honesty and chivalry and touched with the mellowness and cheer of the middle of the last century. It has stolen into the affections of theatergoers everywhere who like character delineation of excellent quality.

Before half an act is over Sol Smith Russell sticks out of "Hon. John Grigsby." It is, in fact, a three act American comedy, written by Charles Klein, for Mr. Russell, and by him played on the road. Langdon Mitchell has "done it over" somewhat for Mr. Neill and, with that actor as a star will be seen for the first time in this city. It amuses and touches everywhere and had a reception such as would be accorded a play of its kind which was liked splendidly.

The merit of the pieces lies in the

HOSTETTER'S STOMACH BITTERS

Has become famous during the past fifty years because it is a family medicine that can always be relied on for any derangement of the stomach, liver, kidney and bowels. It is therefore especially adapted to those who suffer from indigestion, dyspepsia, constipation, nervousness, or liver and kidney troubles and who want to get well again. Commence taking the Bitters today. Good health is sure to follow. Avoid substitutes.

central character, John Grigsby. The burden of the story is his triumph over corrupt and malicious political enemies. With the scenes laid in Illinois, in 1849, the quaintness of Grigsby, his aptness for tiding over a climax with a funny story and his broad humanity, which cause him to see the humor in situations that would dismay another, suggest Lincoln. Him the author doubtless had in mind.

This quaintness, this droll way of meeting danger Mr. Neill is said to bring out with an art whose charm lays in its quiet methods. There are scenes in which the lawyer is touched with sorrow or roused to anger, and to these the actor is said to do full justice.

The advanced sale of seats for Mr. Neill's engagement commenced at O. A. Matson's this morning.

FOR PUBLIC LIBRARY BENEFIT:

Entertainment to be held at Library Hall Thursday, February 19.

Edith Norman Klock made a success in her songs. Her voice is a mezzo-soprano of much sweetness and power and of fresh ringing quality, and her appearance and manner wholly natural and pleasing, and she will doubtless become a favorite here.—San Francisco Dramatic Review.

I take pleasure in recommending Miss Miriam Eskridge as a very entertaining and impressive reader and character delineator. I have heard her on several occasions and have been delighted with the ease, versatility and naturalness of her delivery. Her audiences are always captivated. I wish especially to recommend her for the spirit of purely and chaste sentiment that characterize her readings.—L. A. Lowther, Superintendent of Schools, Kansas City, Mo.

STORAGE.
At A. J. Crawford's warehouse on North First street, opposite John A. Lee's lumber yards.

WM. MCINTOSH SOLOMON LUNA GEO. ARNOT,

KILLED IN A DUEL.

The Town of Carlsbad, Eddy County,
the Scene of a Tragedy.

GEORGE H. HUTCHINS THE VICTIM.

George H. Hutchins, a well known newspaper correspondent, and proprietor of the Hotel Schlitz, was shot and killed at noon today by Clabe Merchant, of Black River, says a dispatch from Carlsbad, under date of February 16. Merchant was shot first by Hutchins, the bullet entering below the ribs on the left side, and taken out near the backbone on the right side. The affair grew from a statement by Merchant to the effect that Hutchins had thrown him out of the hotel. Merchant may recover.

The coroner's jury today found from the evidence that Merchant entered the hotel and walked up to the counter in the office, saying to Hutchins: "You are a ———!" Hutchins said: "I do not want to have any trouble with you," and started out from behind the counter, when Merchant kicked him.

Quick as a flash Hutchins shot, and Merchant commenced to stagger. Hutchins then started toward the back door of the office, appearing to think he had given Merchant his death wound, but Merchant raised up and walked after him, shooting Hutchins in the back of the head, the bullet coming out of the left eye. Merchant claimed Hutchins would not give him a room when he wanted it.

Merchant is improving and will recover. The remains of Mr. Hutchins will be laid to rest tomorrow with Masonic honors, he being a chapter member.

George H. Hutchins, the victim of the above, was born in New York in 1845. He went to California when about 20, where he was employed in the San Francisco postoffice for several years, then in the Odd Fellows' bank, later in the London & San Francisco bank, then became a member of the San Francisco stock board. He was married in 1874 to Miss Cora Wrightman, and two children survive, Florence and Howard. Mr. Hutchins was most noted as a newspaper correspondent, while conducting hotels in Abilene, Sierra Blanca and Fort Blanco and Fort Worth on the Texas & Pacific railway, coming here from Fort Worth in March, 1899. Since coming here he has endeared himself to a large majority of our citizens by his whole-souled hospitality. He represented as correspondent some twenty-five papers and magazines, and the productions of his pen in Outing and other magazines were very entertaining. Mr. Hutchins was a Mason and Odd Fellow, in good standing, and stood high in those societies.

Clabe Merchant is a gambler, having last Saturday night won \$1,145 at monte. He has figured in several desperate encounters, among them being the cutting and nearly killing of Hall Herring on Black river, a few years ago. Herring undertook to compel Merchant to stand his share of night guard on a bunch of cattle, and a dispute arose which came to blows. Then Merchant pulled a knife and nearly finished Herring. The only man who has ever been known to get the best of Merchant was Aleck Kemp, who, after a dispute on the range here, whipped Merchant, who then proposed to go to camp, get his gun and shoot it out. Both men ran their horses to camp, but while unrolling their bedding to procure their revolvers were stopped by other men.

TERRITORIAL
LAWMAKERS

(Concluded from page one.)

and then stopped. Mr. Sanchez thereupon moved an amendment to the amendment embodying his idea. Mr. Pendleton thought that Mr. Sanchez had moved the adoption of the Pendleton amendment and therefore seconded the motion. When he discovered his mistake he hastened to correct himself and withdrew the second. Mr. Pendleton said it would not do. Mr. Sanchez insisted upon his amendment and Mr. Pendleton tried to settle the matter with him privately. He was unable to do so and Mr. Sanchez insisted on his amendment to the amendment while everybody smiled. The vote on the amendment to the amendment was 15 yeas to 7 nays. The amendment to the amendment was therefore declared adopted. Mr. Llewellyn moved to strike out section 10 of the bill, which amended section 50 of the compiled laws of 1897. The section was ordered stricken out. The bill was then passed by 19 to 3 votes, Messrs. Pendleton, Turner and Llewellyn voting against it.

The house then adjourned until Tuesday forenoon.

(Morning Session—Twentieth Day.) After roll call and prayer, a message was received from the council announcing the passage of council bill No. 4, an act to create Roosevelt county; council bill No. 79, an act to repeal section 1099 of the compiled laws of 1897, which provides as follows:

presto
the kitchen magician

"Every person or persons who shall, in a gross, insolent or angry manner, insult another personally against his honor, delicacy or reputation, shall be deemed guilty of having committed an assault and battery, and shall be punished before any justice of the peace or district judge, provided, however, that upon trying the case, the accused shall have the right to summon witnesses in his defense, and if it be proved that what is said, is the truth, and that the injuries have been committed with a view of correcting the misdemeanors of the defendant in an injury to public society, and offensive to the dignity of the territory in such case, and thus proved by the defendant before the judge or court trying or examining the case, the accused shall be declared not guilty." and house bill No. 30, authorizing the treasurer of Grant county to pay over to the treasurer of Luna county, certain school funds. The journal was then read.

Mr. Ortega rose to a question of personal privilege, after the journal was read. He said that his bill, house bill No. 26, which was acted upon yesterday afternoon, was made the second of the special order of business last Friday. The speaker ruled him out of order.

Mr. Martinez presented a petition from the people of Guadalupe county in opposition to the creation of a new county from Guadalupe county. The speaker presented a petition from Bernalillo county against the creation of a new county from Bernalillo and Valencia counties. Both were referred to the committee on county and county lines.

Mr. Howard, from the committee on printing, favorably reported council resolution No. 7, providing for sending to newspapers, copies of all bills passed. The rules were suspended and the resolution was unanimously adopted.

The committee on agriculture and manufactures favorably reported house bill No. 64, by Pedro Romero, an act allowing heads of families an exemption of \$200 from taxation and to amend section 8, chapter 22, of the laws of 1899. Mr. Pollard presented a minority report against the bill because its provisions are covered by the present laws.

House bill No. 95, was introduced by Speaker Montoya. It is to amend section 1, chapter 74, of the session laws of 1901, relating to peddlers. Referred to committee on judiciary.

House bill No. 96, was introduced by Speaker Montoya, to encourage mills and other industries. Referred to committee on agriculture and manufactures.

House bill No. 97, was introduced by Mr. Llewellyn and repeals section 50 of the compiled laws of 1897, which reads as follows:

"Hereafter it shall be prohibited to elect or appoint as mayor, alderman, or public road supervisor all persons of ill health, of a notable malady, or who are demented or of unsound mind, or who are lame either in one leg or both or one arm or both, and furthermore all persons who are exempted by law from paying road taxes."

Referred to committee on judiciary. Mr. Llewellyn also introduced house bill No. 98, to repeal section 1948, compiled laws of 1897, which now reads as follows:

"Any person capable of making a will would do better making it in writing than verbally, but a verbal will may be valid, on condition that in either case they give it all the validity possible, as well as the freeness of the will, the proof of soundness of mind and entire judgment."

Referred to judiciary committee. House bill No. 99, was introduced by Mr. Llewellyn, by request, an act to amend section 1971 of the compiled laws of 1897, relating to the fees of appraisers of estates. Referred to judiciary committee.

House bill No. 100 was introduced by Mr. Llewellyn, an act in reference to the property rights of married women. Referred to judiciary committee.

House bill No. 101 was introduced by Mr. Howard, by request, an act relating to the appointment of a fish and game warden and to protect game. Referred to committee on territorial affairs.

House bill No. 102 was introduced by Martin Sanchez, an act relative to compulsory education and to amend section 1555 of the compiled laws of 1897. Referred to committee on education.

House bill No. 103 was introduced by Mr. McCash, an act to prohibit non-residents from killing game. Referred to committee on territorial affairs.

House bill No. 104 was introduced by Mr. McVern, an act relating to the peace officers of cities or towns. Referred to committee on judiciary.

House bill No. 105 was introduced by Mr. Coleman, an act to prevent black-listing or boycotting. Referred to committee on railroads.

Mr. Sandoval asked unanimous consent to the house to withdraw house bill No. 79, an act to create Sandoval county. Speaker Montoya, as a member from Bernalillo county, stated that it seems to be the consensus of opinion of the people in Bernalillo county and the proposed new county, that it would be unwise and inexpedient from every point of view to separate at this time. Consent was given and the bill was withdrawn.

House joint resolution No. 6 was offered by Mr. Llewellyn, and reads as follows:

The council concurring that the committee on judiciary of both houses be and they are hereby requested at the earliest possible date to hold a joint meeting for the purpose of considering the advisability of preparing an act to be presented to the legislative assembly of this, the Thirty-fifth legislative session, whereby, if in the opinion of the said joint committee it is practical to use the convicts imprisoned in the territorial penitentiary for the purpose of constructing a road between the city of Santa Fe and the city of Las Vegas in this territory.

And, he further resolved, that said joint judiciary committee be requested and directed to investigate and if practical to report an act whereby the convicts imprisoned in the territorial penitentiary may be used from time to time for the purpose of constructing permanent roads elsewhere in the territory of New Mexico. Together with what appropriation, if any, is necessary to employ additional guards to guard said convicts while engaged in constructing said highways.

By unanimous consent the rules were suspended and the resolution was adopted. Mr. Llewellyn presented house resolution No. 10, which instructs the finance committee to audit the accounts of the chief clerk of the house and report to the house at the earliest possible moment. The rules were suspended and the resolution was adopted.

House bill No. 47, by Mr. Turner, an act requiring officers of corporations and companies doing business in the territory to disclose to an officer levying thereon, the number of shares owned in such corporation or company by a shareholder. The bill was passed unanimously.

The speaker announced that the members could draw their pay at the office of the territorial secretary, and the announcement was received with applause. He also added to the judiciary committee, Mr. Baca and Mr. McVern. A public meeting of the Historical society was announced. Pedro Sanchez, from the committee on penitentiary, then rose and said he desired to say on behalf of the committee, that the affairs at the penitentiary were conducted in the most efficient manner. He paid a high tribute to the management of the institution and said the conditions here were found to be most excellent and satisfactory.

The meals are good, the quarters are clean and the convicts are satisfied. He said the institution is one the territory can be proud of and the committee favors the reappointment of Mr. Bursum as superintendent.

The house then adjourned until 10 o'clock Wednesday, that the committee might meet in the afternoon.

MASS MEETING.

(Concluded from page one.)

people of the upper precincts, saying that the scheme to divide was an Albuquerque scheme and that they were opposed to the division.

After Mr. Ward's talk, Dr. Hope asked the chair to call on Professor Montoya for his opinion on the remarks of Mr. Ward, and the professor said "It was true he was from the country, but was now temporarily living in town. He did not know the feeling of the country people in the matter or toward the city, but if the country was to be divided he wanted to live on this side of the line."

After all the discussion on the suggestions had been submitted, they were arranged into resolutions, and read as a whole, on the motion of Sheriff Hubbell, to the meeting as follows:

At a meeting of the board of trade and citizens of Albuquerque generally, representing the business and material interests of said city the following resolutions were unanimously adopted:

Resolved, That in the opinion of this board and the citizens of Albuquerque the sentiment of the citizens of the city of Albuquerque, irrespective of politics, is practically unanimous in favor of a division of the county, substantially as proposed in the bill recently introduced into the legislature for the creation of the county of Sandoval, and that the details of such division are not of great importance to the people of Albuquerque.

Resolved, That it is the sentiment of said meeting that the business interests of the city of Albuquerque would best be subserved by having as small and compact a county as possible, and to that end, the meeting favors the lines of the proposed county as contained in the original bill and would be satisfied with even a smaller county.

Resolved, That all that the people of Albuquerque desire as to the apportionment of the public debt between the two counties, is that it should be made upon a fair and equitable basis, and this meeting adheres to its recommendation concerning such apportionment, which was made at its meeting on Friday, February 13, 1903, to which no objection has been made by any one.

Resolved, That while the citizens of Albuquerque would undoubtedly prefer to exist at an early date, yet the proposition that that county shall not begin until January 1st, 1905, as set out in said bill pending before the legislature is not so objectionable that citizens of Albuquerque oppose the bill on that account.

Resolved, That copies of these resolutions be sent to the members of both legislative houses and that the members from Bernalillo county be instructed to carry out the wishes of this meeting as expressed in these resolutions.

On motion of Mr. Burkhart, seconded by several voices, the resolutions were adopted unanimously. The meeting then adjourned.

COMING EVENTS.

Wednesday evenings—Mrs. F. Fillmore's school and dance.

Thursday evenings—Mrs. B. F. Fillmore's school and dance.

NUT-LET

Butter, A NEW FOOD made from the finest grade of hand picked new process blanched peanuts. By special process all unsound and inferior nuts are removed; also the little heart or germ of the kernel, which gives that bitter taste to the whole nut if ground up together. NUT-LET Butter is absolutely free from germs of all kinds, that infect cow's butter and other animal fats. It is a perfect emulsion, easily digested, healthful and ready for instant use. For seasoning purposes it imparts a very rich and pleasing flavor, and can be used for all purposes for which butter, cream or milk is usually applied. In nutritive value it far exceeds all animal fats. A delicious article for a quick luncheon, 5 o'clock treat, etc. It is always ready. In glass jars, 15c and 25c each; in bulk, by the pound, 20c. Sold by the SAN JOSE MARKET.

OUR FURNITURE MUST BE RIGHT

In price and quality to be able to sell
to a Japanese nobleman for shipment
to Japan. This we done this last week,
viz: One quartered and ached oak
dresser and bedstead, one Leggett and
Platt bed spring, one air felt silk floss
mattress. This Jap had been all around
the world and didn't see anything to
suit him until he reached our store.

DISTRICT COURT.

A Number of Important Cases De-
cided by Judge Baker.

PROCEEDINGS FOR PAST WEEK.

In the case of Jose Vidal Mora vs.
Richard F. Heller, wherein the plain-
tiff sues for a debt of \$251.94, the
court gives judgment for the full
amount, including costs.

In the case of W. F. Bledsoe, defend-
ant, vs. M. H. Grunsfeld, plaintiff, in a
suit for debt, the court grants the
plaintiff judgment for \$731.42, includ-
ing costs, and decrees that interest be
paid on the amount of said debt from
January 30, 1902.

In the case of Viterbo Anaya and
Jesus Anaya vs. Hfeld Bros., the court
gave judgment for \$1,812.50, and costs
amounting to \$7.55. The defendants
pay attorneys' fees amounting to
\$181.80. The court also granted that
the first named defendant pay an in-
dividual debt of \$178.61.

In the case of Abran Abeyta and
Richard Abeyta vs. E. V. Chaves, the
court granted an execution against the
defendants for \$5,522.35, including
costs.

In the case of garnishment B. P.
Freelove and Clara B. Roberts, garni-
shee, vs. H. F. Strong, the court
granted a decree of \$191.12, including
costs of the action.

In the case of suit for debt, James
Grunsfeld was granted a decree
against Pedro Topia for \$415.35, in-
cluding costs.

In the replevin suit of Caesar
Grande vs. Thomas S. Hubbell, sheriff,
the court granted a decree for \$602.25.

Cases Filed.

Jenovebo Chavez, defendant, vs.
Perfecto Montoya de Chaves, plain-
tiff. The plaintiff prays the court for
a divorce, giving abandonment as the
grounds for the plea. The plaintiff
also asks for the care and control of
four children, all minors.

Gross, Kelly & Co., and C. F. Waugh
named as plaintiffs vs. Fred W.
Meyers and Amelia J. Meyers, defend-
ants. The plaintiff sues for a debt of
\$947.96.

THE CECILIA CLUB.

The Members Met at Mrs. Noa Hfeld's
Residence Yesterday.

The St. Cecilia club gave a pleasant

Miss Fitch.

Rhapsodie Hongroise Liszt

Miss Menaul and Mrs. Hfeld.

Jeltz-Covington.

A pretty wedding took place last
evening at the home of Mr. and Mrs.
W. H. Joyce, on Tijeras avenue, Mrs.
M. L. Jeltz becoming the wife of W. L.
Covington. Only a few intimate
friends were present. Rev. J. P. Por-
ter of the A. M. E. church performed
the ceremony. The gown worn by the
bride was very becoming. After the
ceremony the guests repaired to the
dining room where a wedding supper
was served.

All the healing balsamic virtues of
the Norway pine are concentrated in
Dr. Wood's Norway Pine Syrup. Na-
ture's own remedy for coughs and
colds.

Good orchestral music. Supper
free and a good time guaranteed at
the Guards' ball Thursday night at
Grant hall.

WANTED—Clean cotton rags for ma-
chine purposes at The Citizen office.
Price 4 cents per pound.

At Grant hall tonight. Dance by
Mrs. Rosa Berry. Good dancing music.

Imported beer at the White Elephant
—just received.

Nasal Catarrh quickly yields to treat-
ment by Ely's Cream Balm, which is agree-
ably aromatic. It is received through the
nostrils, cleanses and heals the whole sur-
face over which it diffuses itself. Druggists
sell the 50c. size; Trial size by mail, 10
cents. Test it and you are sure to continue
the treatment.

Announcement.
To accommodate those who are partial
to the use of atomizers in applying liquids
into the nasal passages for catarrhal trou-
bles, the proprietors prepare Cream Balm in
liquid form, which will be known as Ely's
Liquid Cream Balm. Price including the
spraying tube is 75 cents. Druggists or by
mail. The liquid form embodies the medi-
cinal properties of the solid preparation.

Railroad Topics

It is rumored that Joe Howells, foreman at the Las Vegas round house, has resigned, and that a man from Haton will soon take his place.

According to the Railway Age the Santa Fe will lay 650 miles of eighty-five pound steel rails during 1903 in California, Arizona, New Mexico and Texas.

Mrs. John Bieher, wife of the Santa Fe fireman, and Mrs. Clarence Roberts have left Las Vegas for Chicago to spend thirty days visiting friends in that vicinity.

H. G. Prout has resigned the editorship of the Railroad Gazette to accept the position of vice president and general manager of the Union Switch & Signal company, a part of the Westinghouse concern.

The Rock Island will shortly have a new Chicago wire. The new wire will be a copper quadruplex and will be strung as soon as the factories can turn it out. It is probable that the force of operators will be increased as soon as the new wire is up.

George E. Roe, the popular division freight and passenger agent for the Santa Fe at El Paso, was in the city this morning between trains, while en route to Trinidad, Colo., where he goes on business for his road. He will return to Albuquerque in a few days.

John Andrews, formerly an employee of the local Santa Fe Pacific shops, but who recently went to Mexico to accept a position on the Mexican Central, has given up his new job and gone to Los Angeles. He was disappointed in the job on the Mexican Central.

The San Bernardino Transcript states that there is a possibility of a conference between J. H. Morse of the Rock Island and President Ripley of the Santa Fe in regard to a new traffic agreement between the Santa Fe and the Rock Island. Both parties are now in California.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

RAILROAD EMPLOYEES BLAMED.

It was the fault of the Engineer That Two Trains Telescoped at Tecolote. The verdict of the coroner's jury at Alamogordo, which investigated the Rock Island train disaster at Tecolote, in which five persons were killed, blames the train crew for the accident. The train was running at fifty miles an hour when the crash came. The train into which it ran had stopped at Tecolote on account of a disabled engine and was just pulling out of the station at the rate of about five miles an hour. The accident was the fault of the dead engineer, Prosser, but was in a measure unavoidable. The night was cold and sleety and the cab windows of the engine were blurred with ice so that the engineer could not see through them. The train should not have been run at so high a speed for the train was within yard limits and the speed was against the rules of the company.

One Minute Cough Cure gives relief in one minute, because it kills the microbes which tickle the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. B. H. Briggs & Co., and S. Vann & Son.

RAILROAD "GEMS."

The "Mark Twain" on the Las Vegas Record Again Uses His Pen.

The twentieth edition of Mark Twain—the funny man on the Las Vegas Record—is known. He is reported to be Ed. C. York, who a few years ago was considered one of the brightest young gentlemen of the meadow town. Since getting into a printing office and having charge of a lead pencil, he has drifted into a try-to-be-funny man, and his many railroad paragraphs, which otherwise would prove interesting and readable, are marred by his far-fetched humor. For instance, The Citizen again reproduces a few of his latest "gems"—poking disagreeable fun at the railroad employees.

Engineer C. Switzer, the man with the cheery cognomen, was labeled for eight hours of uninterrupted bliss between the sheets.

Machinist Gaur, who has been off picking cotton for several days past, has again reported for duty with his bathing suit on.

Machinist McMullen, who handles a hammer with ease and grace, but who never is a knocker, has resumed his duties machinist after several days off on the banks of the river.

J. Montgomery, one of the Katzenjammer kids, who deals in coal with Uncle Heinz, is enjoying a short vacation of one trip only, the first in some time.

Brakeman F. B. Metz, a member of Conductor Joe Koebler's energetic crew

of brake twisters, is laying off for recreation so Brakeman Criswell was sent out to toss up high balls in his stead.

Engineer Calvert is marked up as being off for a few days for a stroll down the avenue where the glad hand of the gang is always outstretched to welcome new members to the ranks of compound interpreters.

Engineer Martin, who is a bird in name even if he can't fly, is lingering among the sweet magnolias for a trip or so, just to sign his name to a piece of paper that can be changed into filthy lucre.

Engineer Dantelner, whose name is like a breeze from Holland, was tired on his arrival here yesterday, so he retired to the exclusion of his boudoir to enjoy eight hours of peace go away and let me sleep.

Ford Willoughby and Will McCaddon, the sleep disturbers in engineers' heaven, who have just completed a tour of the world, are once more on duty and Jack Pettite, who has been officiating during their absence, is wandering in the wilderness in search of a job which he will not soon find.

Acker's Blood Elixir positively cures chronic blood poisoning and all scrofulous affections. At all times a matchless system tonic purifier. Money refunded if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co., and B. H. Briggs & Co.

The tariff committee of the southwestern freight committee has recommended a further increase in freight rates of from 15 to 20 per cent from St. Louis to Texas points. The present rates are already abnormally high, and are as follows: First class, \$1.30 per hundred pounds; second, \$1.13; third, 97 cents; fourth, 90 cents. The proposed rates are: \$1.56 for first class; \$1.16, second, and \$1.08 for the other classes.

A Weak Stomach

causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach, and wards off and overcomes disease. J. B. Taylor, a prominent merchant of Christman, Texas, says: "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." B. H. Briggs & Co., and S. Vann & Son.

Motive power on the local divisions of the Santa Fe, is still inadequate to handle the immense volume of freight that continues to block the yards in many places. Although the shops are crowded with workmen to their utmost capacity and the men are putting in considerable overtime, as is shown by the fat checks they received this last month, engines are coming out of the shops too slow to equal the rush. Engineers will remain first out on the board for several hours at a time and yet trains remain in the yards made up and ready to go out. No. 99, the local south, is held several hours almost every day and the trainmen make no bones about registering the train late on account of motive power.

WEAK AND LOW-SPIRITED.

A Correspondent Thus Describes His Experience.

"I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with distressing mental depression and low spirits. Herbine must be a unique preparation for cases such as mine, for a few doses entirely removed my complaint. I wonder at people going on suffering or spending their money on worthless things, when Herbine is procurable, and so cheap." 50c a bottle at Cosmopolitan Pharmacy—B. Ruppe.

The Los Angeles Express says that Carrie has exchanged the hatchet for a hammer and will tell the women "How Wives Are Deceived."

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At all drug stores 50 cents.

The cruiser Colorado, which is soon to be launched, will be one of the largest and speediest ships in the navy. Colorado is a large and speedy state. The ship is properly named.

Cut this out and take it to any drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 25c, per box.

The bill to pension school teachers in Colorado should become a law. The Colorado Springs Telegraph says that owing to the demand for pretty wives in that state they do not remain long in the service, therefore the pension list would not be an extensive one.

Millions Put to Work. The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all drug stores.

FOR SALE—Old papers, 25 cents per copy, at the Citizen office.

CONSUMPTION

the most dreaded and deadly of all diseases, as well as pneumonia, and all lung troubles are relieved at once and cured by Ackers English Remedy "the lag of all cough cures." Cures coughs and colds in a day 25 cents. Your money back if unsatisfied. Write for free sample. W. H. Hooker & Co., Buffalo N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Friendship improves happiness and abates misery, by the doubling of our joy and the dividing of our grief.

A Legacy of the Grip.

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

When you fret and fume at the petty ills of life, remember that the wheels which go round without creaking last the longest.

Buy It Now.

Do not wait until you or some of our family are sick nigh unto death, and then send for Chamberlain's Colic, Cholera and Diarrhoea Remedy, but buy it now and be prepared for an emergency. It is the one remedy that is always depended upon in the most severe and dangerous cases. For sale by all druggists.

Speaking of the strenuous life, what is the matter just now with the pretender in Morocco?

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Dr. Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been so noted that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

LOOK OUT FOR CATARRH

When the cold wave flag is up, freezing weather is on the way. Winter is here in earnest, and with it all the miserable symptoms of Catarrh return—blinding headaches and neuralgia, thick mucous discharges from the nose and throat, a hacking cough and pain in the chest, bad taste in the mouth, fetid breath, nausea and all that makes Catarrh the most sickening and disgusting of all complaints. It causes a feeling of personal defilement and mortification that keeps one nervous and anxious while in the company of others.

In spite of all efforts to prevent it, the filthy secretions and mucous matter find their way into the Stomach and are distributed by the blood to every nook and corner of the system; the Stomach and Kidneys, in fact every organ and part of the body, become infected with the catarrhal poison. This disease is rarely, if ever, even in its earliest stages, a purely local disease or simple inflammation of the nose and throat, and this is why sprays, washes, powders and the various inhaling mixtures fail to cure. Heredity is sometimes back of it—parents have it and so do their children.

In the treatment of Catarrh, anti-septic and soothing washes are good for cleansing purposes or clearing the head and throat, but this is the extent of their usefulness. To cure Catarrh permanently, the blood must be purified and the system relieved of its load of foul secretions, and the remedy to accomplish this is S. S. S. which has no equal as a blood purifier. It restores the blood to a natural, healthy state and the catarrhal poison and effete matter are carried out of the system through the proper channels. S. S. S. restores to the blood all its good qualities, and when rich, pure blood reaches the inflamed membrane and is carried through the circulation to all the Catarrh infected portions of the body, they soon heal, the mucous discharges cease and the patient is relieved of the most offensive and humiliating of all complaints. S. S. S. is a vegetable remedy and contains nothing that could injure the most delicate constitution. It cures Catarrh in its most aggravated forms, and cases apparently incurable and hopeless. Write us if you have Catarrh, and our physicians will advise you without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

FRANCIS SCHLATTER.

Mrs. Ada M. Morley, Socorro County, Writes a Letter.

SHE CONTROVERTS A STATEMENT.

Mrs. Ada M. Morley, of Datil, in Socorro county, insists that the Schlatter who has been heard from in Chicago is a false prophet. She declares she knows Schlatter never married, and that the statement that A. S. Whitaker has recently made about Schlatter's appearance in an Ohio town and later in Chicago are groundless. Mrs. Morley has sent the following letter to the Denver News:

In seems my good fortune to have in my possession the order on A. S. Whitaker for Francis Schlatter's valise, in the dealer's own handwriting, and it is therefore timely for me to correct many errors in Mr. Whitaker's article in your issue of February 1. The first error is the date. Schlatter reached Denver in the fall of 1892, and was only in your city eight months, as he told Fitz Mac in that memorable article written by him when Schlatter's fame was at its height.

It must have been that Schlatter refused to accept the proffered money offered by Mr. Whitaker, according to his own written account of his two years' tortuous walk from July 20, 1893, to the same month in 1895, when his public work began in Albuquerque. The written record of his own life is accurate as to details of his leaving Denver under the direct guidance of the "Voice," and on the seventh day he asked the "Father": "How will I live? I have only \$3.75 in money. How can I undertake such a trip without money?"

The answer came back: "I will take care of you." A grievous mistake also is to state that he was the guest of H. M. Porter, on one of his many ranches in this region. Not at all. Schlatter never saw one of Porter's ranches. He was entertained at what is currently known as the White house, also named Hermosillo ranch, but several miles from the V. T. T. headquarters, home of that big cattle company.

Why does Mr. Whitaker presume to make erroneous statements so coolly and deliberately? Think you the three families who had the honor to entertain him as their holy guest cherish the memory lightly? To one, at least, it was the greatest blessing in an otherwise dark, unfortunate life, and no one must attempt to rob us of that marvelous experience.

As to the valise being stolen, there is not much mystery about that; things are stolen every day. There is a mystery about his life. How is it, you of Denver, who saw his mighty works, have no faith in his word? He told all of us that came in close touch with him and I learned at his feet, his mission and its meaning. I can never forget the closing scene in those silent mountains. I broke hours of oppressive stillness by this question: "How will your friends know what has been your fate? How can they tell whether

**ACKER'S
DYSPEPSIA TABLETS**
cure dyspepsia and all disorders arising from indigestion. Endorsed by physicians every where. Sold by all druggists. No cure, no pay. 25 cents. Trial package free by writing to W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

you are dead or not? You will surely die! What you have told me of your leading is enough to terrify the stoutest heart, for it's to be alone in some jungle or vast range uninhabited, except here and there a hut. You will die!"

"Have patience and faith!" he quietly said. "Look within, and by the faith that is in you you will know that I can not die. I was not born to die, but to live—to do the Father's work. In His time He will bring me back. Suffer! Yes, but that is all. My hair will turn white, maybe in a night, but I cannot die. I'll hear the roar of wild beasts and see the king of the forest, but nothing can harm me. If I am to do the work, I must be protected; and I will be."

So wrote the greatest healer since Jesus. Why do those who saw and knew him doubt him? That is the greatest mystery concerning his career. He repeatedly promised to come back, but always in the humblest words. "In his time—not mine." Such was his inexplicable faith in the Father's voice. He trusted, no matter how it tortured so faithful a follower. You of Denver saw. How is it you forgot him in less than one year? But all his prophecies are being fulfilled. Often in a low, gentle voice, he would say: "Father will not let my name die. Others will arise in my name and deceive many, but my name will thus be kept alive during my absence."

As to marriage, it is too absurd to give a second thought. That beautiful letter of truth, William Morris, says: Let dead hearts tarry, and trade and marry.

And trembling nurse their dreams of mirth; While we, the living, our lives are giving— To bring the bright new world to birth.

"His true Schlatter never married, and never will. It would be as credible to believe old St. Paul married, as the 'Silent Man of Denver.' He has a work, a mission. There's no time for conventional life or ways for such types of illumined souls as he. Such have ever been absorbed in their one idea, one work, and they therefore can not marry, as the one life would blight the other. Both never seem to have been possible in the same individuality. Who that saw and heard can forget his terrible words as he would spring to his feet and tremblingly affirm:

"Father will take a hand in the affairs of men. Never forget I am a workman."

The great struggle of the laboring classes has become terribly tense since he left us seven years ago. His full sympathy was with the working classes then; what, then, would it be now? He greatly admired Eugene V. Debs, though they never met, but they probably will before long. His great work will be accomplished when he is permitted to re-appear, which he will be, according to Schlatter's own prophecy: "In His time—not mine."

However, all we can do is to "have patience and faith"—his daily admonition.

His hostess
A. M. MORLEY.
Hermosillo ranch, Datil, N. M., February 9.

GOLDEN DISTRICT. What the Miners and Prospectors Are Doing at Golden.

WORKING PLACER FIELDS.

Special Correspondence.

Golden, N. M., Feb. 16.—In the new placers mining district all the men, both in Golden and San Pedro, are working in the placer fields. Some are making more than ordinary wages, while others just manage to make a fair living for themselves and families. Placers in the vicinity of Golden have been very rich in different channels, and when one of these channels are found they generally make good many people happy, making for many days and weeks extra high wages. Since the men from both towns have combined in exploring the only fields not claimed, or owned by some large companies, they have in the past month discovered some of these rich channels, and quite large amounts of gold is dry washed every day. Saturdays the merchants there being three in Golden and that many in San Pedro, exchange this gold for their dry goods and groceries, and every week the money is put in circulation, most of it coming from the United States mint in Denver, where most of the gold is exchanged.

Lumber has been arriving every day in Golden from the Slinger mill at San Antonio for the Gold King mine, where it will be used as a chute to scute the ore some hundred feet down where the same can be loaded on wagons and shipped to Cerrillos for treatment. The ore taken out of the Gold King runs 25 per cent in copper, besides \$6 in gold, and by present developments a larger body of ore has been opened up than expected when first discovered. By March 1 shipments will commence from the Gold King and heavy improvements will be made in the mine after that date. In the McKinley mine steady sinking has been carried on since my last communication and at present the shaft is over 120 feet deep. The ore found while sinking is richer and in white quartz, the ore being very free and the gold very coarse in most of the ore. The gold can be seen without a magnifying glass. Several tons of the ore has been sorted out and will be treated as soon as the weather will permit the mills to start up again for spring work. The New Mexico Fuel & Iron company, operating at Hagan, in Benalillo county, have been putting in some heavy hoisting works to handle the coal from the coal banks of the company. The boiler and other machinery will be ready by Monday, and a large increase of employees will be placed to carry on the development work on a larger scale. The town of Hagan will soon have a postoffice established there. A boarding house, saloon and store have been there for some time. The owners of the Baird Mining company, limited, spent a few days in camp, taking up several samples of the cement to be tested in several parts, and if the cement has enough values in gold the company will start their thirty-stamp mill next summer.

Mr. Carley, our townsman, who spent two weeks in Santa Fe during the opening of the legislature, returned to his home and has been attending to his mining interest in camp. Mr. Carley has the welfare of the mining districts of New Mexico at heart, always taking pains and time to show the minerals of New Mexico in any place where they can be shown to mining men. In July, 1897, he represented the southern part of Santa Fe county in Denver, where the first international mining convention was held. There he showed the people the precious metals produced in Santa Fe county. The next place that New Mexico must exhibit the minerals and other precious metals is St. Louis, and the sooner the minerals are gotten up and leveled and ready the better the display New Mexico will have. Men who will take personal pains to get together the exhibit must be appointed, and New Mexico will have as good a mineral exhibit at the world's fair as any other state or territory.

Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

LETTERS BY DELEGATE RODEY.
Grateful to Friends of New Mexico—Introducing New Variety of Alfalfa.

Delegate B. S. Rodéy has sent letters of thanks on behalf of the New Mexico people, to Senators Clay, of Georgia, and Elkins, of West Virginia, for their eloquent defense of New Mexico and their work for the omnibus statehood bill on the floor of the United States senate. He also sent the following letter to Dr. T. B. T. Galloway, chief of the bureau of plant industry of the department of agriculture, who is experimenting at present with forage plants that are especially adapted to the arid regions:

Dear Sir—I have your letter of the 6th instant, telling me that you will send to five of our citizens twenty (20) pounds of Turkestan alfalfa, on the condition that they will plant it and take care of it, in accordance with directions furnished by the department, and sell 75 per cent of the seed har-

vested to the department at \$15 per 100 pounds. You say that it is more resistant to extremes of heat, cold and drought than is the common alfalfa; and that it is the desire of the secretary of agriculture to distribute it in such manner as to insure a thorough test of this variety, and to establish a home source of supply for such seed.

I give you the names of the following gentlemen in New Mexico, who, I am sure, will attend to this properly, and will be glad to receive it:

Will C. Barnes, Dorsey, N. M.
J. F. Hubbell, Esq., Paparito, N. M.

FATAL MINE ACCIDENT.

A Native Killed in the Copper Dick Mine.

Saturday, at the Copper Dick mine, near Hachita, there was an accident which proved to be fatal, says the Lordsburg Liberal. J. B. Tyler, owner of the mine, had let a contract to a Mexican to sink sixty feet in a shaft which was about thirty feet deep. There was no ladder in the shaft, and the men had to be hoisted with the windlass rope. About thirty feet from the bottom a tunnel led off from the shaft, and some of the men used to step off into the tunnel, which led through an uprise to a ladder, which led to the surface. A few days previous a Mexican who gave his name as Lucas, was set to work. Saturday evening he was being hoisted out, and was the last to come up. The man turning the windlass noticed it lightened when the man was about opposite the tunnel, but as he did not come up an investigation was made and he was found at the bottom of the shaft, badly injured. Mr. Tyler sent word to Hachita for a physician, and Dr. Crocker was telegraphed for. He went down Sunday, and found the man in a bad way. There was no place to care for him at the mine, and he was taken to Hachita, and Dr. Crocker was going to bring him to Lordsburg, where he could be cared for, but he died at Hachita. He was a man about 55 years old, and nothing was known of him nor his friends. While Mr. Tyler could in no manner be held responsible, as he had let a contract and the man was working for the contractor, he acted very generously. He sent for and paid the physician, and told Dr. Crocker to care for the man until he got well, and he would pay all bills.

Bucklen's Arnica Salve.
The best and most famous compound in the world to conquer aches and kill pains. Cures cuts, heals burns, and bruises, subdues inflammation, masters piles. Millions of boxes sold yearly. Works wonders in boils, ulcers, felons, skin eruption. It cures or no pay. 25c at all drug stores.

SHOOTING AFFRAY.
A Few Shots Exchanged by Herders of Goats.

W. Boyed, who owns a goat ranch about twenty-five miles southwest of Carlsbad, came in Tuesday and reports a shooting scrape at his place Monday. It seems he has two camps, one of which is tended by his son, a 17-year-old boy, and is several miles from the father's camp. Monday afternoon two Mexicans came to the boy's camp and ordered him to take his goats away from that vicinity. Upon the boy's refusal, one of the Mexicans drew a revolver and began cursing and threatening the boy, who pluckily stood his ground and threw rocks at

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders. I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

Kodol Digests What You Eat.

Bottles only, \$1.00. Size holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. C. DEWITT & CO., CHICAGO, B. H. Briggs & Co. and S. Vann & Son

the Mexican. The man with the pistol opened fire on the boy, one of the shots passing through his coat sleeve. The latter retreated to the jacal, got his gun and returned the fire, wounding and bringing to the ground the man who did the shooting, the other fellow running away during the shooting. Afterward the Mexican that ran away returned on horseback and carried off the wounded man, and the boy went to his father's camp, reported, and Tuesday the latter came to Carlsbad to get an officer to trail down and arrest the Mexican, who was unknown to young Boyed. They had been about the neighborhood of the goat camp for several days trapping wolves and coyotes. It is supposed the boy and his herd's proximity interfered with the Mexicans' sport and they attempted to "bluff" him into running away, with the above results.—Carlsbad Argus.

LEGAL NOTICE.

Last Will and Testament of Mary Kelley, Deceased.
To Albert Kelly, Bryan Kelly and Michael Kelly, Devises, and M. W. Flournoy, Executor, and to all whom it may concern:

You are hereby notified that the last will and testament of Mary Kelly, late of the county of Bernalillo and territory of New Mexico, deceased, has been produced and read in the probate court of the county of Bernalillo, territory of New Mexico, at a regular term thereof, held on the 2nd day of February, 1903, and the day of the proving of said alleged last will and testament was by order of the judge of said court thereupon fixed for Monday, the 2nd day of March, A. D. 1903, term of said court, at 10 o'clock in the forenoon of said day.

Given under my hand and the seal of said court, this 2nd day of February, A. D. 1903.

J. A. SUMMERS,
Probate Clerk.

We are sole agents for the Leggett & Platt steel bed springs, every one guaranteed—thirty days' trial and if not satisfactory your money back—price \$5.00. Also the Duplex mattress at \$7.50 on the same conditions. Futrell Furniture company.

•••••
• Everybody in Albuquerque ought to attend our Overstock Sale commencing Monday, February 16, Bargains to heat the band. LION STORE.

Notice of Stockholders' Meeting.
There will be a stockholders' meeting of the C. & C. Consolidated Mining Company on March 1st, 1903, at 7:30 p. m. at the office of L. B. Stern.
LEON B. STERN, Secretary.

Just received the early spring Knox stiff hats. They differ in various ways with the last year styles, the crown is a little lower and the brim a little narrower. They are the highest grade stiff hats in the market, \$5, but prove the cheapest in the long run. Simon Stern, the Railroad Avenue Clothier.

The Santa Fe will run personally conducted excursions to California tri-weekly during colonist period, April 1 to June 15, 1903.—F. L. Myers, Agent.

Horseshoeing.
If dissatisfied with your present shod try Ortiz & Co.'s expert, who is recently from the east.

Flower festivals are held in California during April and May. Take the Santa Fe through tourist cars. Colonist rates April 1 to June 15, 1903.

Early Spring Styles, Knox Hats!
Just unpacked the latest style soft and stiff Knox hats. They comprise the largest and most complete assortment of high grade hats ever brought to Albuquerque. Call in and see them. Simon Stern, the Railroad Avenue Clothier.

LOCAL PARAGRAPHS.

Modesto Ortiz, the attorney at law, went to Santa Fe this morning to be gone a few days.

Attorney H. B. Holt, of Las Cruces, passed through the city this morning bound for Santa Fe.

Secundino Romero, the popular district court clerk of San Miguel county, is here on business.

James Carruthers, the well known mine operator at San Pedro, is in the city today on business.

Messrs. Hall & Leonard went to Belen yesterday on business, and to look over the booming town.

W. L. Trimble & Co. have just put out a nicely painted buggy to be used for their collector, J. H. Peague.

Joseph Barnett and wife left last night for a few weeks' sojourn at the hot springs of Santa Rosalia, Mexico.

Passenger trains Nos. 7 and 1, due here tonight from the north are reported between two and three hours late.

It has been rumored that the University basketball team will entertain the Minors basketball team at a swell banquet.

The Woman's circle of the Baptist church will meet for work tomorrow afternoon at 2:30, at Mrs. Preston's, 630 South Edith street.

The Zeigler Cafe is in possession of a Pioneer wheel, which was left at that place some time ago. The owner is welcome to same by making himself known.

W. E. Neal, general agent for the Union Central Life Insurance company in Arizona and New Mexico and a part of Texas, went to Santa Fe this morning.

Miss Edna Frank, who has been spending a few days in the city visiting Mr. and Mrs. Maynard Gursel, returned to her home at Algodones this morning.

Justice Borchert was made a proponent of a handsome cane of horn, highly polished, by Justice Seferino Crolett. The cane was made by one of the prisoners at the penitentiary.

A contract has been let to Joe Mitchell, colored, to take up all the dogs not licensed and put them in the city pound. The dog catcher will be kept busy for some time, gathering in the stray canines.

Julian J. Trujillo and wife, of Socorro, are in the city, coming in from the south this morning. Mr. Trujillo is an old soldier of the rebellion, and he is here to be examined by the local board for a pension.

Mr. and Mrs. Ben Bibo, of Laguna, who spent yesterday in Albuquerque, went to Bernalillo this morning. They expect to spend the day at Bernalillo and go to Los Lunas tonight. Mr. and Mrs. Bibo have just recently returned from a visit in California.

Frank Barton, the heavyweight depot master, is around town introducing his two visiting friends, Charles Horner and L. Lederer, merchants of Chicago. The gentlemen will leave tonight for Phoenix, where they will visit for a few days, after which they will return to Chicago.

Nathan Barth, one of the oldest and best known merchants of the territory, who has been in the city the past few days buying a new stock of goods for his San Rafael store, received glad news yesterday from his wife and daughter, who are spending the winter in California, that both are improving in health.

The Albuquerque guards spent an hour at a good drill last night. Captain O'Donnell is giving the boys the instruction necessary for a good organization and they in return are manifesting more interest than formerly. The members of the company will give another social dance at Grant hall tomorrow night, serving supper to their guests.

A couple of specimens of the rolling stock of humanity were up before Judge Crawford this morning, who were turned loose as their stories were pretty straight. One was a western railroad grader, known in the east as a common bum. The other was a lad about fifteen years old who was beating his way to California to see his mother.

J. W. Edwards, department commander of the Grand Army of the Republic of New Mexico, received a telegram this morning from the commander in chief of the Grand Army, Thomas J. Stewart of Pennsylvania, in answer to one sent him by Mr. Edwards, saying: "Will notify you from San Francisco next Monday when I will arrive in Albuquerque." Commander Stewart is on his way to the coast to make arrangements for the national encampment next August.

Col. A. M. Tinker, of the interior department, and C. F. Nesler, inspector of Indian schools and agencies, of Washington, D. C., arrived in the city last night from Santa Fe. They visited the local Indian schools this forenoon and expressed themselves pleased with the condition of the institution. They have been in the territory for some time and intend to stay a couple of weeks longer and will visit all the Indian pueblos and schools in New Mexico before returning to Washington.

Owing to the irregularities in the prompt delivery of The Citizen, City Circulator Dutcher has been compelled to discharge one of the ring leaders of the carriers, who, from his own lips, has said he didn't care whether he left the papers for subscribers or not.

presto the kitchen magician

Others of the carrying force have been dropped, and the weeding out will continue until The Citizen obtains a force of young boys who don't blaspheme every word they utter and are respectful in their language to their seniors.

Industrial Commissioner Here.

Wesley Merritt, industrial agent for the Santa Fe, with office at Chicago, is in the city. He has control of this department for the Santa Fe and has taken considerable interest in agricultural developments of the Rio Grande valley. It will be remembered by readers of The Citizen that a meeting was called at the Commercial club a few months ago to consider a letter written the club by Mr. Merritt in reference to tobacco raising in the valley. He is probably here to make personal investigation of the conditions of the soil and climate of the valley as to whether or not tobacco could be grown here successfully. Mr. Merritt held consultations with several of the prominent business men of the city this morning.

Mrs. Filmore's social dance Thursday night, Odd Fellows' hall. Tickets on sale at Matson's.
