VOLUME 16

ALBUQUERQUE, NEW MEXICO, TUESDAY AFTERNOON, FEBRUARY 17, 1903

NUMBER 382

## THE WEATHER IS TERRIBLE

### Records From All Sections Show Zero Weather.

### THE WHOLE COUNTRY IS FREEZING

### Cold Waves, Heavy Snows and Even Floods are Being Reported.

Chicago, Feb. 17.—Intense cold, the most severe of the winter, prevailed this morning throughout the middle west, the temperature ranging from 1 degree above zero at Louisville to 24 below at West Superior, Wis. Official records at other centers were:

Chicago	19 below
Peoria	14 below
St. Louis	6 below
Indianapolis	8 below
Milwaukee	10 below
Columbus	2 below
Kansas City	9 below
Des Moines	3 below
St. Paul	20 below
Omaha	10 below
Topeka	12 below

Farther west and northwest the weather was more moderate. Up to 10 o'clock no deaths directly due to the cold had been reported, but relief committees everywhere were taxed to the limit in relieving the suffering of the poor. There was no indication of a coal famine. Trolley lines were badly crippled and both suburban and through trains on railroads were delayed. Telegraph and telephone service was seriously crippled.

#### Shivering in Chicago.

Chicago, Feb. 17.—Chicago is shivering today in the coldest weather of the season. The cold wave which descended upon the city yesterday increased in severity throughout the night and sent the mercury down to a point variously reported at from 9 degrees to 15 degrees below zero. The latter temperature is reported unofficially from exposed suburbs which felt the full force of the fierce northwest wind. The intense cold practically cut the city off from telegraphic communication with the outside world during the early part of the day. Contraction of the wires caused breakages in every direction and only intermittent service could be maintained.

#### High Waters at Pittsburg.

Pittsburg, Feb. 17.—Pittsburg is in the grip of a cold wave, heavy snow and a flood. Luckily the high water missed the danger point and beyond flooding the lowlands and causing inconvenience to owners of plants along the river front, no damage was done. During the night a fierce snow and wind storm developed and today there is a half foot of snow on the level and zero weather prevails.

#### Blizzard in Philadelphia.

Philadelphia, Feb. 17.—A storm savoring of a blizzard which reached this city last evening and raged with unremitting force during the greater part of the night, still prevails today, but in a somewhat milder degree. During the night snow fell to a depth of six inches and the temperature dropped to 20 degrees at 8 o'clock this morning. Railroad and street railway traffic is badly handicapped and telegraph and telephone service is crippled.

#### Zero Weather at Louisville.

Louisville, Ky., Feb. 17.—Following a thirty-six-hour rain and a half day's record breaking snow fall, Louisville this morning experienced the coldest weather of the winter, 1 above zero.

#### Below Zero at Peoria.

Peoria, Ill., Feb. 17.—The weather is becoming colder. Temperature at 6 a. m. was 13 below and at 7 o'clock it was 14 below. Clear and no wind.

#### Intensely Cold in St. Louis.

St. Louis, Feb. 17.—At 7 a. m. today the thermometer at the weather bureau registered 6 below zero, the coldest weather of the season for this vicinity. This is a drop of 12 degrees from midnight. Out in the suburbs and through southern Illinois and Missouri reports of even lower temperatures are being received.

#### Terrible Weather in New York.

New York, Feb. 17.—The blizzard of last night left New York in a better condition today than was expected. The snow ceased falling at an early hour, but began again about 2 o'clock. Surface and elevated railroad lines were partly crippled. Up to 9 o'clock the total snow fall in this city as reported by the weather bureau was

9.7 inches. This is by far the heaviest fall of snow this winter.

Buffalo.—The thermometer at 9 o'clock this morning registered zero, the lowest so far this season. Only a few inches of snow have fallen here in the last forty-eight hours. Mails, however, are arriving from one to five hours late, the latter from the west.

Schneetday.—This city and vicinity is experiencing the worst blizzard of the season. Since yesterday afternoon more than fifteen inches of snow have fallen and it is still snowing hard. The railroad trains are hours late and scarcely any attempt is being made to maintain the schedule. Interurban trolley systems are greatly impeded and the local railroad service has been tied up almost completely.

Rochester.—There is ten inches of snow on the ground and the blizzard is still raging.

Utica.—One of the deepest snows of the winter fell in this section last night and the railroads are finding much difficulty in running trains.

#### No Indications of Moderation.

Kansas City, Feb. 17.—The intense cold weather in the southwest continues. In Kansas City at 8 o'clock, the thermometer recorded 9 degrees below zero, the coldest of the winter here. Further west the temperature was still lower, with no indications of moderation. Train schedules are still badly demoralized.

#### Zero Wave in Nebraska.

Omaha, Feb. 17.—The extreme cold weather continued last night and today. The temperature again touched 10 below, and trains from the west are generally late. The zero wave is general throughout the state, the eastern half of Iowa and the Dakotas. Slow rising temperature is predicted.

#### Iowa Has Record Weather.

Des Moines, Iowa, Feb. 17.—It was 9 degrees below zero here this morning, 1 degree higher than the record for the winter. Difficulty is experienced in operating the electric lines.

#### Snow Storm in Boston.

Boston, Feb. 17.—The worst snow storm of the winter prevailed here last night. Snow continued to fall this forenoon. Railroad and street car service was badly hampered and shipping was effectively tied up. There is a large number of trans-Atlantic vessels due at this port.

#### Connecticut Under Snow.

New Haven, Conn., Feb. 17.—Street car traffic in this city was badly crippled today by the snow storm. Similar conditions were reported at many other points in the state.

#### Record Broken in Topeka.

Topeka, Feb. 17.—Following the heaviest snow storm in years the temperature also started out to break the record. It succeeded in reaching 12 degrees below during the night.

#### Severe Weather in the South.

Atlanta, Ga., Feb. 17.—The severest weather of the winter prevails over the south today, following yesterday's storms which killed two people and injured several. In Atlanta all records for high winds were broken when the gale blew sixty miles an hour. This velocity was maintained at several other places. The temperature is 2 above at Nashville, 6 at Memphis and 9 at Knoxville. In Birmingham the mercury has fallen 59 degrees in twelve hours and in New Orleans 43. Communication with Jacksonville is cut off. Colder weather is the forecast for Florida tonight.

#### AMATEUR BOWLER.

E. R. Vaughn Has a Record Equal to a Professional.

E. R. Vaughn, a young man who runs on the Santa Fe limited, out of this city, is making a fine record for himself as a bowler. Here is his record: 215, 220, 260, 262, 212, 255, 215, 214, 211, 181; total, 2,135; average, per game, 213½.

The above series of games were bowled by Mr. Vaughn at the Sunnyside alleys, old Albuquerque, February

14. The series of games were rolled to ascertain Mr. Vaughn's ability to bowl the highest ten-game individual average ever bowled in Albuquerque. As shown by the scores rolled, Mr. Vaughn has bowled over the 200-mark in nine games and averaged for the ten games the sum of 213½ pins per game. This is a demonstration of bowling excellence by no individual bowler in New Mexico, to our knowledge, and it is a fair assertion to say not equalled by many individual bowlers in the country. Mr. Vaughn is not a professional, bowling simply for pastime. The ten games as rolled consist of 2,135 pins, and in bowling same there were 53 strikes, 35 spares, 6 splits and 5 errors.

#### A Meeting of the Owls.

A rousing meeting of Owls was held in the office of Dr. N. E. Wilson in the Grant building last night. About fifty of the feathered tribe were present and considered preliminary work toward the organization of the lodge to meet next Friday night in Knights of Pythias hall.

#### A LIVELY MEETING.

The City Fathers Debate Questions and Repeal Obnoxious Ordinances.

#### A FIRE CHIEF APPOINTED.

The city council considered many important issues last night, some of which had been hanging over their heads and others were entirely new, they being referred to the different committees to report at the next meeting.

After a series of hot discussion the ordinances changing the street names were repealed, and the wishes of the citizens were granted.

A few of the councilmen wanted to have the matter referred until the next meeting, but the others stated that public sentiment was so strongly opposed to it that it was their duty as representatives of the business men to repeal the ordinances at once.

If the storm of opposition had been visible at the time the ordinances were passed some of the councilmen would not have voted for it. However, all the controversy and confusion as regards streets is passed and the streets are the same as of old.

On recommendation of Acting Fire Chief Hubbs, Mr. Nash was appointed fire chief at a salary of \$300 per year.

When the body was called to order Councilman McMillen was the only member absent.

A petition asking that the city ditch be cleaned, signed by about fifty taxpayers, was read. It further stated that the ditch had not been cleaned for two years. On motion the petition was referred to the sewer committee.

Also they are to investigate the legality of the city to fill up said ditch.

A petition, asking for a sidewalk on the north side of Railroad avenue, between Eleventh and Twelfth streets, and another on the east side of Twelfth street, between Railroad and Tijeras avenues, were referred to the street committee.

An unsolicited communication from Mr. Seery was read, in which he gave an estimate of the cost of street railway construction in the city. The estimate for six miles in the city was set at \$83,400; of the line to Tijeras canyon, \$86,400; making a total of \$169,800.

Since the matter of municipal street railways had come up, M. P. Stamm was invited to speak to the council concerning municipal ownership. He presented a petition signed by about 130 business men of the city, who desired the city to contract, own and operate her own electric street railway. In part he said that Albuquerque could never be in a better position to own her own street car line than now, by reason of the expiring franchise, which would involve no difficulties with the private ownership, as it would when it came to buying them out. He read statistics gathered from many cities who own their own electric lights, water system and street cars. All he asked was that the issue be put before the citizens and taxpayers at the coming election and that he was confident it would be supported by at least 80 per cent of the voters.

The council passed a motion thanking Mr. Stamm for his address on a timely question and referred his suggestions to the street committee.

Some time passed in general discussion of the subject in hand. Councilman McKee stated that he thought the question of owning the water system was more important than owning the street railway. The street committee were also instructed to make investigations along this line.

When Mr. Stamm was making his

(Continued on page eight.)

## SOME EXCITEMENT

### Slight Blaze in the House of Representatives.

### THE LITTLEFIELD ANTI-TRUST BILL

### Trainmen Scalded to Death in Accident on Denver and Rio Grande.

### ENGLISH PARLIAMENT OPENED

Washington, Feb. 17.—Some little excitement was created in the house of representatives just before that body convened today by the discovery of a slight blaze in the flooring of the east reserved gallery. The flooring had become ignited from a defective flue in the democratic cloak room and when discovered about fifteen feet of the molding was ablaze. The blaze was extinguished and the members suffered no inconvenience when the house met.

### THE NATIONAL SENATE.

Littlefield Anti-Trust Bill, as Amended, Introduced.

Washington, Feb. 17.—Soon after the senate met today Mr. Hoar, from the committee on judiciary, reported the Littlefield anti-trust bill as amended.

Mr. Platt, of Connecticut, of the committee, stated that it was not a unanimous report and that he was opposed to the measure. He said a large proportion of the bill had been more wisely treated in the legislation recently. Concerning the new features, there were, he said, constitutional provisions in them. "If they were within the constitutional authority of congress they are mischievous and will work great injury to the business interests of the United States."

In the senate this afternoon the Quay resolution asking for a vote on the statehood bill went over.

The Carmack resolution directing the committee on Philippines to visit the islands to investigate the conditions, was, on motion of Mr. Lodge, referred to the committee on Philippines.

At 2 o'clock the statehood bill was taken up and Mr. Dewey resumed his remarks against it.

### Statehood Bill to Be Displaced.

Washington, Feb. 17.—The republican senators will hold a caucus at 4 p. m. and the steering committee will then recommend that the canal treaty be taken up and the statehood bill displaced.

### Adjustment of Venezuelan Claims.

Washington, Feb. 17.—Secretary Hay of the United States, and Mr. Bowen for Venezuela, today signed a protocol providing for the adjustment of claims against Venezuela in a commission to meet at Caracas.

### HORRIBLY SCALDED.

Accident on the Denver & Rio Grande in Colorado.

Leadville, Colo., Feb. 17.—By the jumping of switch engine No. 37 on the Denver & Rio Grande, near the Arkansas smelter, at 10 o'clock this morning, three men were fatally injured and one slightly. Those fatally injured were Conductor John Summers, Engineer Benjamin Spencer and Switchman W. E. Rogers. The accident occurred on a sharp curve. Ice had accumulated on the tracks and when the engine struck the curve it jumped from the rails and turned over. The boiler pipes were broken in an instant. Summers, Rogers and Spencer were enveloped in steam and horribly scalded.

### The English Parliament.

London, Feb. 17.—King Edward, accompanied by Queen Alexandra and surrounded by the court and all the officers of state, opened parliament this afternoon. The king in his speech referred to the settlement of the Venezuelan trouble and expressed his pleasure thereat. He also mentioned the signing of the treaty for the adjustment of the Alaskan boundary.

### SEEKING INFORMATION.

A Letter Received Regarding Col. J. L. Morris.

The recent death notices published of Col. J. L. Morris brought about a singular communication received by Mayor Myers yesterday, which is as follows:

To the Mayor of the City of Albuquerque, N. M.:

Dear Sir—Seeing a notice of the death of a Col. James L. Morris, of Al-

bquerque, in a Chicago paper, I hasten to drop you a few lines, hoping you will give me the much sought for news. I have a brother-in-law with the above name. He has completely dropped out of existence and for forty years have not heard from him. We have heard that he has crossed and recrossed the Rocky mountains to California on foot and has been quite friendly among the Indians. The last time I got news from him he was at St. Paul, Minn. We wrote to him there and the letter was returned through the dead letter office.

Trusting that this may bring me some news of him, I remain, with many thanks for your trouble,

MRS. J. MORRIS RUST,  
Chicago, Ill.

The communication was placed in the hands of Commander J. W. Edwards, of G. K. Warren post, G. A. R., and he will furnish the lady with the desired information.

The alley back of Grunsfeld Bros., wholesale dry goods merchants, should receive the attention of the street commissioner. It needs grading.

### MEETING TONIGHT.

President Brooks, at Request, Calls the Citizens Together.

### COUNTY DIVISION QUESTION.

Having been requested by twenty-five or thirty business men to call a meeting for this evening of Board of Trade members and of citizens generally, with the view of taking further action on the county division question, all citizens interested are hereby requested to meet over Zeiger's Cafe at 8 o'clock tonight.

G. L. BROOKS,  
President Board of Trade.

Since the news was telegraphed from Santa Fe that the county division proposition was off, there has been some very strong talk going on among the merchants and business men regarding certain actions after they, at a called mass meeting held last Monday night a week, so fully expressed themselves in favor of county division.

Half a dozen or more merchants, representing heavy taxpayers, this morning expressed themselves heartily in favor of the county be divided, and they stated that a protest should be entered against any kind of a proposition now looking to the abandonment of a law creating Sandoval county, after the scheme had been brought to their attention by parties interested and they had been requested to meet in mass meeting and give their ideas.

"That meeting was held," said one gentleman, "and it was the unanimous verdict of those present, between 75 and 100 people, that the county would suffer nothing by division."

The meeting tonight is a general invitation for everybody to attend, and a rousing crowd should be present.

### LOCAL PARAGRAPHS.

Dr. G. W. Harrison has gone to Santa Fe for a couple of days.

Hon. J. M. Sandoval was a passenger for Santa Fe this morning.

County Commissioner Ignacio Gutierrez went to Santa Fe this morning.

Mr. and Mrs. Ben Bilbo, prominent people of Laguna, are in the city shopping and visiting.

Rev. Robert Hodgson, of the Methodist church south, Gallup, is in the city. He will return tonight.

United States Marshal C. M. Foraker left last night for California, to be gone a couple of weeks. He goes on official business.

Regular meeting of Harmony lodge, No. 17, I. O. O. F., this evening. Degree drill. All members of the order urged to attend.

W. H. Burke and wife were passengers for Santa Fe this morning to visit with their son, who is a student of the Brothers' school there.

O. W. Strong, of the big furniture dealing firm of North Second street, has gone to southern California. He will return to this city in a short time.

Roy McDonald went south last night in the interest of the Mutual Life Insurance company. Las Cruces, Rincon, Deming and perhaps Silver City will be among the places visited.

T. H. Roe, general western agent for the Singer Sewing Machine company, with headquarters at Denver, was in the city last night and went to Santa Fe this morning.

John C. Flournoy, formerly a clerk in the Mutual Life Insurance office here, but recently of Los Angeles, Cal., is in the city visiting his brother, M. W. Flournoy, vice president of the First National bank. He will be the southwestern traveling agent for the Simmons Hardware company of St. Louis, vice P. Morrow, resigned.

## TERRITORIAL LAWMAKERS

### Nineteenth Day's Doings of Legislative Assembly.

### FAVORABLE FOR ROOSEVELT COUNTY

### Territory to Have Assistant Secretary—The Villifiers are at Work.

Special to The Citizen.

Santa Fe, Feb. 17.—Governor Otero nominated H. O. Bursum for superintendent of the penitentiary and he was confirmed by the council.

The bill to create Sandoval county was withdrawn from the house and the measure is dead.

NINETEENTH DAY, MONDAY, FEBRUARY 16, 1903.

### The Council.

(Afternoon Session.) Every member except Mr. Andrews, excused, answered to the roll call. Council petition No. 4, from citizens of Espanola valley, asking that they be annexed to Rio Arriba county, was presented by Mr. Jaramillo. Referred to the committee on county and county lines.

A communication from the employees of the council was presented, giving an Elks' badge to Chief Clerk Martin in honor of his thirty-sixth birthday anniversary.

Mr. Albright, from the committee on county and county lines, made a favorable report on council bill No. 4, for the creation of Roosevelt county. The report was adopted.

Mr. Martinez introduced council bill No. 62, by request, amending the compiled laws of 1897, in reference to the medical board. The bill provides for the licensing, the same as physicians of other schools, of practitioners of osteopathy. Referred to committee on territorial affairs.

Council bill No. 63, by Mr. Jaramillo, by request, an act to annex the Espanola valley, now a part of Santa Fe county, to Rio Arriba county. Referred to committee on county and county lines.

Council bill No. 64, by Mr. Hawkins, to amend the election laws of New Mexico, touching qualification of voters. Referred to the committee on privileges and elections.

Council bill No. 65, by Mr. Hawkins, to amend section 7 of the laws of 1901, to provide for the appointment of a police force in unincorporated of more than 3,000 people. This bill is for the especial benefit of Alamogordo. Referred to committee on municipal and private corporations.

Council bill No. 66, by Mr. Hughes, by request, a bill to create the office of game and fish warden in New Mexico. Referred to committee on territorial affairs.

Council bill No. 69, by Mr. Duncan, an act relating to the offense of assault with words, to repeal section 1099 of the laws of 1897. This bill was passed unanimously under suspension of the rules.

### The House.

(Afternoon Session.) It was almost 2:30 o'clock when Speaker Montoya called the house to order this afternoon. Prayer was offered by the chaplain.

When the reading of the journal was completed, Speaker Montoya laid before the house the following telegram from Delegate B. S. Rodey:

"There are a lot of snakes in the grass at Santa Fe and at other places in the territory who are watching our legislature and sending everything they think will injure our people and our territory to our enemies on the floor of the United States senate. Let this be published that they may be smoked out. Pass proper resolutions denouncing our villifiers."

Mr. Vargas moved the appointment of a special committee to take action. Cristoval Sanchez suggested that the matter be referred to the joint statehood committee. This was done.

House bill No. 55, by Cristoval Sanchez, by request, an act to provide for an assistant secretary of the territory of New Mexico, was reported favorably by the committee on territorial affairs.

Messrs. Pendleton, Cristoval Sanchez and Pedro Sanchez made eloquent pleas for the passage of the bill and a motion by Mr. Romero to lay it on the table was lost by 18 yeas to 4 ayes.

Mr. Bowle asked for information as to whether the bill was constitutional, and if the secretary can delegate his powers. Mr. Llewellyn replied that

the act does not conflict with the organic act as the assistant will transact territorial business only. Pedro Sanchez spoke strongly for the bill and then moved its passage. The bill was passed unanimously.

The speaker laid before the house, house bill No. 72, by Mr. Baca, by request, an act for the purpose of adjusting water rights. The report of the committee on irrigation was favorable. An amendment by the committee was that the law should not interfere with community ditches in the Rio Grande valley. Mr. Llewellyn made a hearty plea for the passage of the bill, which had been urged in a petition signed by about 1,000 citizens of Santa Fe county. He was applauded by the gallery in which were many of those who had signed the petition.

The bill was passed unanimously and so was house bill No. 56, by D. Vargas, an act relating to the distribution of the water of ditches by commissioners or superintendents. The bill was so amended as to except community ditches in the Rio Grande valley, Las Animas, La Plata and San Juan valleys.

Late in the afternoon the house considered council bill No. 30, by Mr. Spies, an act relating to eminent domain, etc.

### The Assistant Secretary Act.

An act to provide for an assistant secretary for the Territory of New Mexico. Be it enacted by the legislative assembly of the Territory of New Mexico:

Sec. 1. The secretary of the territory is hereby authorized to appoint his chief clerk to be assistant secretary, at salary of \$300 per year; payable monthly out of any territorial funds appropriated for miscellaneous expenses of the secretary's office. Such assistant secretary shall, before entering upon the discharge of his duties give bond to the territory in the sum of \$5,000, which bond shall be approved by the secretary of New Mexico and filed in his office, and shall take and subscribe an oath of office as prescribed by law.

Sec. 2. The assistant secretary shall have power, in the absence of the secretary, to file all instruments required by the laws of New Mexico to be filed in the office of the secretary of New Mexico, and to certify to copies thereof, under his hand and the great seal of the territory, with the same force and effect as if the same had been filed or certified by the secretary of the territory.

Sec. 3. This act shall be in force from and after its passage.

### SUIT FILED.

Against Co-Operative Building and Loan Association.

Through their attorney, W. B. Childers, Ophelia A. Pearce and Frances L. Pearce, plaintiffs, have instituted suit in the district court against the Co-operative Building & Loan association of Albuquerque, defendant.

The plaintiffs in the papers of suit make many charges. They allege that the business of the association has been mismanaged and conducted without interest and benefit to the stockholders.

The plaintiffs pray the court that an accounting be made between them and the defendant, and that an injunction be granted enjoining the association from borrowing any money.

The suit concerns more than \$25,000 worth of stock and property and its finish will be watched for with interest.

A. J. Frank, the Algodones smelter man, who has been in the city the past few days on matters of business, left this morning for Denver. He expects to return the early part of next week. Mr. Frank is now engaged in sinking a well for oil on the mesa about six miles east of Algodones. The hole is down about 500 feet. He has machinery with which he can sink a well 3,000 feet and will make a thorough test as to whether or not there is any oil in that part of New Mexico.

those of any other daily paper in the ter-  
ritory.

New Mexico demands Statehood from  
the Fifty-Seventh Congress.

This is a particularly fitting time to  
remember the poor.

It is feared the ice man will have  
cold feet these days.

It is a fine bright sunny day in New  
Mexico, and yet somehow not a favor-  
able day for microbes and other sum-  
mery bug.

Russia doesn't want American sup-  
plies for the famine-stricken Finland-  
ers, possibly for political reasons, but  
just across the line the Swedes are  
very anxious to get them.

The new county proposition, which  
flourished like unto a Green Bay tree  
for a few days, has been declared off  
for the present, and the grand old coun-  
ty of Bernalillo, with its immense and  
numerous resources, will remain un-  
divided.

The fine new battleship Maine, far  
larger and more powerful than the first  
one, is now afloat and ready for busi-  
ness. She started from League Island  
yesterday to join the North Atlantic  
squadron. The Maine has twenty guns  
and 640 men.

The lesson of the recent railway ac-  
cidents is certainly not more rules, but  
more precautions. Every trainman  
now has about six times as many rules  
to observe as he can recollect and it  
is dangerous to forget between the  
shining rails.

The city council did a wise act, last  
night, in recognizing the appeals of the  
business men in the matter of repeal-  
ing the two ordinances changing the  
streets and avenues of the city. The  
move should never have been made  
without first giving the people an op-  
portunity to air their opinions on the  
changes then in contemplation.

IN MEMORY OF PROF. ADAMS.  
Memorial services in honor of  
Charles Kendall Adams, late president  
of the University of Wisconsin, were  
held yesterday at Madison in the uni-  
versity armory. Every seat in the edi-  
fice was taken, and a large number  
stood in the aisles during the service,  
which was of an impressive and touch-  
ing character. The principal speakers  
were Dr. E. A. Birge, acting president  
of the University of Wisconsin, and  
President Angell, of the University of  
Michigan. A paper was also read from  
President Wheeler, of the University  
of California, who was an intimate  
friend of President Adams at Cornell.  
The program also included eulogistic  
addresses on behalf of the faculty,  
students and alumni of the university.

HISTORICAL ESTATE.  
By order of court, Mount Airy, the  
colonial estate of the Calvert family in  
Prince George's county, Maryland, was  
put up for sale yesterday. Miss  
Eleanora had ordered it to be sold so  
that it can be divided.

Mount Airy was granted to the Cal-  
vert family in 1632 by King Charles I.  
of England. The tract of land con-  
tained about 10,000 acres originally,  
but since that time about 9,000 acres  
have passed into strange hands. The  
colonial mansion, which was erected in  
1751, is standing in a good state of  
preservation, and was used by Miss  
Eleanora Calvert and her brother, Dr.  
Charles Baltimore Calvert, who died  
about three years ago. It is of brick,

and every brick in it, brought from  
England, was paid for in tobacco, then  
used as currency in that part of Mary-  
land. The walls are covered with ivy,  
and the surroundings are extremely  
picturesque.

## SNAKES IN THE GRASS.

Hon. Nestor Montoya, speaker of the  
house of representatives, received the  
following dispatch from Delegate B. S.  
Rodey Saturday:

"There are a lot of snakes in the  
grass at Santa Fe and at other places  
in the territory who are watching our  
legislature and sending everything they  
think will injure our people and our  
territory to our enemies on the floor  
of the United States senate. Let this  
be published that they may be  
smoked out. Pass proper resolutions  
denouncing our villifiers."

Speaker Montoya will present the  
dispatch to the house of representa-  
tives when it meets on Monday and  
will ask that it be referred to the joint  
statehood committee for answer and  
action. He will also introduce a joint  
resolution providing for a committee  
on investigation for the purpose of  
ferreting out the persons who are in-  
juring New Mexico and her people in  
the matter, in order that they may be  
known to the people and receive the  
condemnation they deserve.

## GOVERNMENT POSITIONS.

A Few Choice Situations for American  
Citizens.

The United States civil service com-  
mission announces that on February  
24, 25 and 26 there will be another ex-  
amination for the position of deck of-  
ficer in the coast and geodetic survey;  
age limit from 18 to 25 years.

On March 10 and 11, for the position of  
attendant and skilled photographer at  
the United States military academy  
at West Point, N. Y., at a salary of  
\$1,000 per annum.

On March 10, for the position of aid  
(male) in the science of mollusks, na-  
tional museum, Washington, D. C., at  
a salary of \$1,000 per annum.

On March 24, for the position of in-  
terpreter (male) in the Turkish, Ara-  
bic, Hebrew, Spanish, French and Ital-  
ian languages in the immigration ser-  
vice at Ellis Island, New York, at a  
salary of \$3 per diem.

On April 21, for the positions of as-  
sistant and mechanical draftsman in  
the ordnance department at large at  
Washington, D. C., and elsewhere at  
salaries of from \$72 00 to \$1,200 per an-  
num.

On April 7 and 8 for positions as  
hydrographic aid in the geological sur-  
vey at salaries of \$60 to \$75 per month.

On April 21, for the position of elec-  
trical engineer.

Ask Postmaster Hopkins or the sec-  
retary of the local board of examiners  
for necessary blanks.

N. O. MURPHY.

Former Governor Murphy, of Arizona,  
Refutes Statements of Senators.  
In a letter to the Denver Republican,  
Hon. N. O. Murphy, ex-governor of Ari-  
zona, says:

Phoenix, Ariz., Feb. 9, 1903.—I en-  
close editorial which appeared in The  
Republican of the 5th inst. I do not  
understand how any well informed  
American citizen can favor the admis-  
sion of Arizona and New Mexico as  
one state, and I cannot believe that  
any United States senator seriously  
entertains any such plan. Any careful

DR. PIERCE'S  
FAVORITE  
PRESCRIPTION

CURES  
BACKACHE  
NERVOUSNESS  
HEADACHE  
AND  
FEMALE WEAKNESS

investigator cannot fail to discover  
that the idea is absurd in the extreme.  
The size of the two territories combin-  
ed makes their government impractic-  
able as one state. The distance from  
one side to the other is nearly as great  
as that from New York to Chicago,  
and the area embraced within them ex-  
ceeds that of Maine, Massachusetts,  
New Hampshire, Connecticut, Ver-  
mont, Rhode Island, New York, Penn-  
sylvania, Ohio, West Virginia and  
Maryland. Their capitals are now 500  
miles apart. The jurisprudence is en-  
tirely different from that of Arizona,  
the legal practice of the former being  
under the common law, while the lat-  
ter has a code of its own. Arizona  
would object to sharing the debt of  
New Mexico and the adjustment there-  
of could not possibly be arranged sat-  
isfactorily to both commonwealths.  
Each has its own public buildings, also  
racial problems peculiarly its own.  
The physical formation of the country  
such as to make a single government  
unwieldy and expensive to almost a  
prohibitive degree. Forty years ago  
the congress of the United States seg-  
regated what is now Arizona from  
New Mexico and gave it a separate  
government, particularly because of  
the great area covered and the dis-  
tance between populated sections. The  
area of the two territories is but 25-  
600 square miles less than that of the  
state of Texas, which, under the agree-  
ment of its annexation, is entitled to  
be made into five states. Admitting  
New Mexico and Arizona as one state  
would be one of the most inexcusable  
legislative blunders ever perpetrated  
upon the country. The people of Ari-  
zona with almost entire unanimity  
would prefer to remain a territory in-  
definitely than to be joined in the man-  
ner proposed, although it is stated  
that the New Mexicans are not indif-  
ferent to the proposition, which no  
doubt would be greatly to their ad-  
vantage.

I hope the Republican will look into  
this subject further and correct what  
is clearly a misapprehension of con-  
ditions. Yours very truly,

N. O. MURPHY.

## SILVER CITY EAGLES.

Capt. Cundiff, Formerly of This City,  
Working Up an Eagle Interest.  
Through the efforts of Geo. M. Cun-  
diff, who has energetically forwarded  
the movement, the aerie of Eagles  
soon to be installed in Silver City,  
will be founded with a larger charter  
membership than that of any lodge yet  
instituted in this city.

The names as far as obtainable add-  
ed to the list published in last week's  
Enterprise are: G. I. Carvill, W. H.  
Rosecrans, George D. Hauser, Thomas  
E. Dalrymple, Henry Barksdale, Chas.  
S. Couch, Martin Mullen, George M.  
Cundiff, Moses P. Barber.

Another list is out with an addition  
of some twelve names and is still in-  
creasing.

The Fraternal Order of Eagles has  
been growing rapidly. Its present  
membership numbers over 40,000, and  
it is but four years since the first  
aerie was formed.

It is expected to have the working  
team of twenty-five or thirty members  
here from El Paso within the next ten  
days.

Ed J. Ashley, of El Paso, or Frank  
McKee, of Albuquerque, will institute  
the aerie and install the officers.—Sil-  
ver City Enterprise.

## A Weak Stomach

causes a weak body and invites dis-  
ease. Kodol Dyspepsia Cure cures and  
strengthens the stomach, and wards off  
and overcomes disease. J. B. Taylor, a  
prominent merchant of Christman,  
Texas, says: "I could not eat because  
of a weak stomach. I lost all strength  
and run down in weight. All that  
money could do was done, but all hope  
of recovery vanished. Hearing of some  
wonderful cures effected by use of  
Kodol, I concluded to try it. The first  
bottle benefited me, and after taking  
four bottles I am fully restored to my  
usual strength, weight and health." B.  
H. Briggs & Co., and S. Vann & Son.

The Santa Fe will run personally  
conducted excursions to California tri-  
weekly during colonist period, April 1  
to June 15, 1903.—F. L. Myers, agent.

## STORAGE.

At A. J. Crawford's warehouse on  
North First street, opposite John A.  
Lee's lumber yards.

Everybody in Albuquerque ought  
to attend our Overstock Sale com-  
mencing Monday, February 16,  
Bargains to beat the band. LION  
STORE.

## Fresh Cut Flowers.

IVES, THE FLORIST.

Flower festivals are held in Califor-  
nia during April and May. Take the  
Santa Fe through tourist cars. Colo-  
nist rates April 1 to June 15, 1903.

Notice of Stockholders' Meeting.  
There will be a stockholders' meet-  
ing of the C. & C. Consolidated Mining  
Company on March 1-th, 1903, at 7:30  
p. m. at the office of L. B. Stern.

## Military Land Warrants.

\$5.00 paid persons telling who has  
one, whether I buy or not. R. K. Kel-  
ley, Kansas City, Mo.

No room for new spring goods!  
Will you help us clear the shelves  
Monday, Feb. 16. LION STORE.

Paine's Celery  
Compound

The Great Nerve Builder and  
Blood Purifier.

A Remarkable Restoration to Health  
After Failures of Physicians.

Fully half of the indisposed, weakly  
and sick people around us are victims  
of nerve troubles and unhealthy blood.  
They seem to forget one important  
fact, "that the nerves regulate the  
blood supply through the body." It is  
now an accepted truth that upon the  
action of the nerves depends health  
and happiness. Incurable and flabby  
nerves bring on insomnia, dyspepsia,  
headache, prostration, irritability, and  
lassitude; these in due course cause  
more serious ills. Paine's Celery Com-  
pound is the only medicine that can  
bestow a full and lasting measure of  
health to men and women who suffer  
from nerve and blood troubles. This  
wonderful agent feeds, nourishes, and  
strengthens all the nerve centres, puri-  
fies and enriches the blood, tones the  
stomach, and invigorates the entire  
nervous system. Miss Mary Dahl,  
Richville, Mich., writes thus:

"For two years I have suffered with  
dyspepsia, debilitated nervous system,  
and palpitation of the heart. I had an  
awful bad feeling in my stomach, and  
a bad taste in my mouth. I tried three  
different physicians but could gain no  
relief from any of them. At last I  
heard of Paine's Celery Compound,  
used it, and owe my restoration to  
health to my use of that grand medi-  
cine. I only took four bottles, and it  
cured me."

A Boy's Suit Costs Only TEN CENTS  
When  
**DIAMOND DYES**  
Are Used.

These dyes color any kind of cloth  
any color. Any good cloth can be  
died a fresh, rich color and cut over  
for the boy's suit.

Direction book and forty-five dyed  
samples free.  
DIAMOND DYES, Burlington, Vt.

W. H. Greer, a prominent cattleman  
of Luna county, arrived from Deming  
yesterday morning, and spent the day  
in the city. He went up to Santa Fe  
last night. Mr. Greer is deeply inter-  
ested in territorial legislation concern-  
ing the cattle industry and his mission  
at the capital is to lobby for such legis-  
lation as is beneficial to that indus-  
try.

## Railroad Topics

L. U. Morris, the popular trainmaster of the Rio Grande division, is an Albuquerque visitor.

A number of big boilers have been received at Belen to be taken out along the line of the Santa Fe cut off to be used to furnish power for boring for water.

Trainmaster E. J. Gibson, of the Albuquerque division of the Santa Fe Pacific, is in the city. He reports trains moving nicely on his division, considering the shortage in motive power.

Both the Santa Fe and the Santa Fe Pacific checks have arrived and are being passed out to the boys. This has been a good month and the checks call for good sums. The month's pay roll is one of the largest ever paid out in Albuquerque.

The Carlsbad Argus says: News has reached here of the marriage at Alamogordo, last week, of Miss Etta Blakely to Mark Hardin, a young employee in the El Paso & Northeastern railway offices. Mrs. Hardin was formerly a Carlsbad girl, and many friends here wish her much joy in her married life.

Ben Williams, special officer for the Santa Fe, has returned from Winslow, where he went a few days ago to capture a Santa Fe brakeman supposed to be an accomplice with safe cracker Halley, now in durance vile at El Paso. Officer Williams got his man and by so doing prevented a big robbery plan which was to have been committed at Winslow. Williams got wind through an El Paso detective that there was a bad man, to be at large, at Winslow. He also learned that a plan was being formulated to rob a saloon safe at that place. He had little trouble getting his man and placing him in jail at Winslow.

Harry Crawford, representing the Brotherhood of Railway Trainmen at the conference which is being held in Topeka, between the officials of the Santa Fe and representatives of the Brotherhood of Railway Trainmen, in reference to an asked for increase in the scale of wages, passed through the city this morning en route to Topeka from San Marcial. Mr. Crawford was at Topeka until last week, but went to San Marcial with the dead body of the young son of Mr. and Mrs. Joe Harrison. Mr. Harrison is also a representative of the Brotherhood of Railway Trainmen of the Rio Grande division at Topeka. Mr. Harrison lives at San Marcial, and took his family with him to Topeka. While there the son died and the body was taken to San Marcial for burial.

### ANOTHER RESIGNATION.

General Manager Grieg's Assistant, E. J. Dedman, Resigns.

The announcement was made officially of the resignation of E. J. Dedman, assistant to Assistant General Manager A. S. Grieg, of the El Paso & Northeastern railway system, says the El Paso News. The resignation is regarded by some as a courtesy on the part of Mr. Dedman in order to allow Mr. Martin, the incoming general manager, to choose his own staff. It is not thought that the resignation will be accepted, as Mr. Dedman has been a very capable official and a good trainman.

Superintendent Martin is still in Alamogordo and it is stated that there may be a general wedding out of the office force in his department when he takes hold in March.

At 9 o'clock this morning the trains were behind a four-foot snow bank. A large force of men had been employed to dig out the train, but they had not effected their purpose. The snows east of here are heavier than at places west of this point. At Alamogordo, a snowfall of eight inches has been reported. The snow has drifted and the wind has blown and added it, until there is a drift some hundreds of yards in length.

The limited east bound left here last night and was ordered to stop at Alamogordo.

### "DON'T EAT THE SALAD."

That Was the Life and Death Message Which Pursued James Hunter.

Because the cook had covered the potato salad with a green painted platter which had discolored the salad and caused arsenic from the paint to get into it, the telegraph wires of the entire Nevada and Minden division of the Missouri Pacific were tied up for about an hour a couple of days ago trying to locate Baggageman James Hunter and warn him to not eat that salad in his lunch, says the Pittsburg Headlight.

Baggageman Hunter has the run on Missouri Pacific trains 49 and 50, between Nevada and Wichita. He takes his dinner with him, and this unfortunate discolored potato salad formed part of the dinner on this particular day. After he left home it was discovered that the salad was tainted and steps were taken at once to warn the baggageman.

A telegram flashed over the wires to Pittsburg saying:

"Tell Hunter on 49 not eat potato salad. It is poisoned."

But train 49 was on its way to Coffeyville when the message arrived.

The warning was flashed to Coffeyville and again it missed him. Finally he was caught at Peru. It was almost noon, and the baggageman was just about to get down his dinner bucket and eat his lunch when he received the warning.

The dangerous potato salad was thrown from the car and a message of assurance was flashed back to his anxious wife in Nevada from Sedan: "Potato salad thrown out two miles west of Peru. Am saved."

A fervent "amen" sounded from the operators all along the line between Sedan and Nevada for the life of Baggageman Hunter was at stake in that race between the telegraphic message and the potato salad.

### BETTER THAN PROMISES.

Work Has Commenced on an Important Rock Island Extension.

Work on the Rock Island extension from Amarillo, Texas, to Tucumcari, N. M., has been commenced and it is said that the line will be completed this season, says a dispatch from El Paso.

The prime object of the new line is to shorten the Choctaw line from Memphis and southwestern points to the Rock Island system to El Paso. This cut off from Amarillo in northwestern Texas to Tucumcari puts the Choctaw in direct connection with the El Paso line by the shortest route. The line has been surveyed and the proposition to build has been under discussion for some time and at intervals there have been reports that the work was to commence.

The completion of this short line will be but one of the moves in the policy of the Rock Island to strengthen its El Paso line and bring the Choctaw up to the greatest efficiency in the handling of southwestern and transcontinental traffic. From Tucumcari, the western end of the proposed extension where a junction is formed with the Rock Island's El Paso main line, the distance is not great.

### A Legacy of the Grip.

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this dreaded disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

### ROADS WELCOME.

New Lines in New Mexico Mean a Great Advantage to the Mining Industry.

William Chaplin, a mining man of Taos, N. M., arrived in Denver and is registered at the Albany, says the Rocky Mountain News. Mr. Chaplin is connected with the Taos Mining & Milling company. Taos is a new camp. "You see," said Mr. Chaplin, "we are handicapped in our camp on account of inadequate facilities to handle our ore. We are thirty miles from any railroad. The nearest station is Pecos. The ore is sent to smelters in Kansas and Colorado."

"The Albuquerque Eastern railroad, a branch of the Rock Island being built out of Albuquerque to the southeastern part of the territory, will run through Taos. When that road is finished, dozens of camps will be opened in territory not now able to handle the ores mined."

"The work on the Albuquerque Eastern railroad is begun. Laying of track has been begun. Twenty miles of the roadbed is finished, and by July next trains will be running over the new division."

"The city of Albuquerque is becoming a metropolitan town. Four large mills and a railroad shop and round house are in course of construction."

"Besides the building of the Albuquerque Eastern railroad, the Santa Fe and Rock Island, in combination, are building 250 miles of railroad which will enable these two companies to cope with other transcontinental lines."

"As soon as the Albuquerque Eastern is finished, our company will increase its capacity tenfold and erect more stamp mills."

### APPETITE COAXING.

Not Necessary When Proper Food Is Used.

Coaxing up an appetite is hard work and unnecessary when a little thought is given to scientific feeding.

Fill the stomach with the wrong stuff and it is not long before the palate too is affected and even the sight of food is nauseating. Stomach and nervous ill of all kinds soon come and the body is left without nourishment.

Then take on Grape-Nuts for a few days and see the difference. Eating is no longer a duty but a delight, for the food is made of the proper grains, prepared in a natural, scientific manner and the flavor is delicious. The case of a schoolma'am of Cedar Mills, Minn., is interesting. She writes: "I used to go without lunch many a day, not finding it tasty. In consequence I usually had a severe headache before the afternoon session was over and felt nervous and cross."

"I had almost concluded to give up teaching on this account when a friend induced me to try Grape-Nuts. I will say frankly I did not care for it at first but tried it two or three times and then found myself beginning to enjoy the crisp, nutty flavor."

"The food has changed the order of my life. I carry it for lunch every day now. The color has come back to my cheeks and lips and I have no more headaches or nervous spells."

"My body is full of energy and new life, and life seems worth the living now that I have found the proper food." Name given by Postum Company, Battle Creek, Mich.

### AN OLD TICKET.

One Honored by Burlington Which was Issued in 1877.

There has just been honored for passage on the Burlington road a ticket reading from Lincoln to Omaha, which was originally issued by the Baltimore & Ohio road at Baltimore February 20, 1877. The transportation issued at that time was from Baltimore to Cincinnati, to St. Louis, to Atchison and to Omaha by way of Lincoln. It was of unlimited form and the validity of the last portion of this transportation could not be questioned when it was presented on the train a day or two ago. The holder gave no reason why he had abstained from using it for so many years.

### Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction. 50c, \$1.00. Trial bottles free.

### OFFICIAL MATTERS.

#### Postoffice Established.

A postoffice has been established at Pastura, Guadalupe county.

#### Agent Designated.

A certificate was filed with the territorial secretary, signed by Catherine Drexel as president of the directors of the order of Sisters of the Blessed Sacrament for the education of negroes and Indians, designating Mother M. Gabriel (Joanna Howland), superior of St. Catherine's Indian school in Santa Fe, as New Mexico agent for the order. The former agent was Mother M. Avangelis (Mary A. Gillespie), who has been transferred to Arizona.

### SANTA FE.

From the New Mexican.

Today was the coldest day that Santa Fe has experienced in several years, the minimum being 4 degrees below zero.

Mrs. Stevenson, mother of Mrs. J. L. Sellman, is very critically ill at the residence of her daughter, and it is feared that she will not survive her present illness.

Norman B. Conger, of Detroit, one of the three inspectors of the United States weather bureau, is here inspecting the local office. Mr. Conger has been in the service for twenty-five years and is a veteran.

The survey for the connection of the tracks of the Santa Fe Central railway and the Atchison, Topeka & Santa Fe railway for this city have been completed, an da force of graders are at work grading the track of the Santa Fe Central from the Indian school to the depot yards of the Atchison, Topeka & Santa Fe railway on the south side. The Santa Fe Central railway yards have also been surveyed and are being staked off. These will be situated on the south side and will be quite extensive.

Fred Mendenhall in the Toils Again.

A marked copy of a Durango, Colorado, paper, again carries Fred Mendenhall, the old ex-Carlsbad ne'er-do-well. This time he gets into trouble masquerading under the name of W. B. Boyd, passing himself off as an oil expert and swindling various parties in the vicinity of Durango and Farmington, New Mexico, out of several hundred dollars. He has been arrested and will probably serve a lengthy term in a Colorado prison. It will be remembered that Mendenhall was tried here on a similar charge, several years ago, and while his guilt was established very clearly, he got off on the plea of insanity—or rather, because he was a monomaniac on this particular crime. He was put under

bond by the Eddy county district court, released during good behavior, and put in custody of his father, the well known contractor, S. S. Mendenhall. The chances are good that when he gets out of the Colorado pen, New Mexico courts will deal with him.—Carlsbad Argus.

### Don't Buy

your carpets until you see and get prices from The Futrelle Furniture company. They have a larger line than ever in Ingrains, velvets and ax-minsters, and their prices are right. Terms to suit.

### DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and catmen all know this.

Deming, the coming city of New Mexico. Deming has a magnificent school system.

Deming, the railroad center of New Mexico. Deming, the gateway to the best part of Old Mexico.

Deming, the seat of the new county of Luna. Deming is the great mining center of the southwest.

Deming! Don't overlook it if you are looking for a safe and paying investment. Deming water is chemically pure—equal to Polan springs.

Deming has increased 50 per cent in population in four years. Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and treble in one year. Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply. Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

See the new Knox Pantoulls hat, comes in the light beaver color. The swellest thing in the market. Simon Stern, the Railroad Avenue Clothier.

## CARNIVAL SHOWS.

The Fair Secretary in Communication  
With Some Good Ones.

## COMMENCED WORKING EARLY.

Secretary P. F. McCanna, of the Territorial Fair association, has received many communications from many of the leading carnival shows throughout the country making inquiries regarding the territorial fair next October.

Mr. McCanna is giving each the consideration it deserves, and intends to make no hasty engagements. It is just as cheap and a great deal more satisfactory to the people to get the latest carnival attractions, rather than book some old attractions.

Secretary McCanna has just received a letter from Patterson & Brainerd Carnival company setting forth facts and figures regarding a novel attraction which they wish to bring to the territorial fair next fall. This is what is known as the electrical fountain. The performance consists of a grand water display; serpentine and fire dancers; living pictures, which are exact life; reproductions of the most famous paintings in the leading European art galleries; the beautiful and dazzling poses plastique. In which embodies the finest set of effects in the United States, ending with a gorgeous display of fireworks, all of which takes place on the fountain amid prismatic water effects, lasting from twenty to thirty minutes.

This would undoubtedly prove a great attraction and would be something different from anything that has ever been seen at the territorial fair. Mr. McCanna visited the mid-winter carnival fair at El Paso last month and looked over the attractions there. He will more than likely make an effort to secure attractions such as are uncommon and that will at the same time be good drawing cards.

## Legislative Pointers

From the  
Territorial  
Press....

## Having Fun.

Hon. Thomas Hughes spent all day yesterday giving children and members of the fair sex rides in the only sleigh owned by the livery stables in this city. The senior senator from Bernalillo county was as happy as a lark and enjoyed the fun fully as much as did his guests.—New Mexican.

## Death of a Brother.

Hon. Malacalles Martinez, at Santa Fe, received the following dispatch on Sunday: "Albuquerque Depot, Feb. 15.—Brother Narciso Valdez died at El Paso at 9 a. m. yesterday. I am on the way with the remains to Springer. E. Valdez."

Deceased died of heart disease from which he has been suffering for some years. He leaves a wife and no children. He was highly respected and a member of one of the leading and best known families in Mora, Colfax and Taos counties. He was well to do, great respected and liked. His residence was at Ocate, Mora county, where he lived upon a finely improved ranch. He was also prominent in politics and twice represented the council district consisting of Mora, Colfax and Union counties in the legislative assembly. The funeral will take place at Springer.

## The Appropriation Bill.

The appropriation bill for the two coming years was introduced by Councilman Thomas Hughes, chairman of the finance committee of the council, has been printed and is in the hands of members. It will be necessary to make good many amendments and changes before it comes to a vote. The territorial education institutions are working for increased appropriations and the chances are that they will get them.

## Likes Santa Fe.

There is no other place for the capital of the compromise state of Arizona except at Santa Fe. All New Mexico says so, and with her superior population and advantages, New Mexico should decide this matter.—If the omnibus bill must be compromised.—Las Cruces Progress.

## Joint Resolution.

The following resolution has been prepared for introduction in the house at the first opportunity and it is a resolution that ought to pass:

The council concurring that the committee on judiciary of both houses be and they hereby are requested at the earliest possible date to hold a joint meeting for the purpose of considering the advisability of preparing an act to be presented to the legislative assembly of this the Thirty-fifth legislative session whereby if in the opinion of the said joint committee it is practical to use the convicts imprisoned in the territorial penitentiary for the purpose of constructing a road between the city of Santa Fe and the city of Las Vegas in this territory.

And be it further resolved that said joint judiciary committees be requested and directed to investigate and if practical to report an act whereby the

HELPS HEALTH  
**FORCE**

## SCHOOL GIRLS.

'Tis a pretty age—that time in a girl's life when she has all the beauties of womanhood without the later lines of care and worry.

But here and there even among school girls appear pale and drawn faces.

Pale blood is at the bottom of the trouble and Scott's Emulsion can cure it.

Scott's Emulsion brings back the beauty to pale girls because it is blood food.

Send for Free Sample.

SCOTT & BOWNE, Chemists, 400 Pearl St., N. Y.

convicts imprisoned in the territorial penitentiary may be used from time to time for the purpose of constructing permanent roads elsewhere in the territory of New Mexico. Together with what appropriation if any is necessary to employ additional guards to guard said convicts while engaged in constructing said highways.

## Keep Both Going.

As both New Mexico and Arizona have an educational institution drawing \$40,000 appropriation per year from the government, the question now arises—which institution must quit business in the event of the passage of the proposed compromise bill, combining the two territories?—Las Cruces Progress.

## No Sandoval County.

It is reported today that the plan to create the county of Sandoval out of northern and western Bernalillo county has been fully considered and dropped by those who were its advocates. It is said that there were several conferences held yesterday and this morning between all interested and that a compromise to let the matter rest has been agreed upon.—New Mexican.

## A Conspicuous Figure.

Capt. Pedro Sanchez, the venerable representative in the house from Taos county, has finished the writing of "Biographical and Historical Sketch of Father Antonio Jose Martinez." Father Martinez was a conspicuous figure in northern New Mexico for fifty years. In 1826 he established in Taos the first college in what is now New Mexico. In 1836 he commenced the publication of the first newspaper in all this section. It was printed in Taos on the first printing press ever brought to this section of the United States, and was purchased by him from Ramon Abreu, one of the Abreu brothers assassinated in the Pueblo insurrection in 1836. The paper was called "Crepusculo." Father Martinez was born in 1793 in Abiquiu, and died in Taos in 1866. The sketch written by Captain Sanchez will be printed in the Spanish and English languages and will make a volume of about 120 pages. It will be found of great literary and historical merit and value and an important contribution to the history of New Mexico.

## Bankers Considering Bill.

Chairman Hawkins of the council committee on banks and banking, has sent to every bank in the territory copies of the bill introduced by Councilman G. F. Albright, providing for the organization of trust companies in the territory. He is receiving answers from bankers and financial men in the territory concerning his measure daily and his committee is giving the subject careful consideration, before acting upon it.

## He Kept His Promises.

The coal oil inspection law of New Mexico has been repealed and the result shows that Hon. W. H. H. Llewellyn has kept his promise to his constituency. In his canvass last fall he declared he wanted the law stricken from the statute books of the territory. In the house of representatives he worked for its repeal and when the roll was called he voted as he said he would. And as to the mugwumps who prophesied otherwise—"Hark from the tomb a doleful sound."—Las Cruces Progress.

## Has a Back-Bone.

The Santa Fe legislative correspondent of the Silver City Independent, a democratic newspaper, pays the following compliment to Governor Otero in its last issue:

"Governor Otero is manifesting signs of having a back bone and he will make a little criss-cross on the games that are being inaugurated, and if the players in these games get too bold there is the shadow of the penitentiary, for under Governor Otero's administration, the judiciary of the territory has risen to a dignity and an integrity that is not to be trifled with. Rumored offers to sell votes for \$250 or \$500 for certain important measures for the legislature are being quietly spotted, and if the rumors prove to be based on facts there will be interesting times after the legislative adjournment."

J. T. Jones, representing the United States Canning company, of Buffalo, N. Y., passed through the city yesterday morning east bound.

Jacob Metzgar, the old time butcher and at one time proprietor of the San Jose Market, has returned from Palestine, Texas, where he has been the last year.

## SANTA FE CENTRAL.

Force of Forty Men Laying Out Yards and Switches in Santa Fe.

## FIVE GRADING CAMPS.

The latest information received by the New Mexican concerning the completion of the Santa Fe Central railway is to the effect that grading of the fifteen miles of line between Moriarty and Willard station is going on rapidly, and that the entire grade will be completed by the 1st of March. There are now five grading camps between Moriarty and Torrance, three under the management of Mulligan Bros., El Paso railroad contractors, and two under the direct management of the engineering department of the Santa Fe Central railway. Of the 150 carloads of steel rails purchased and paid for in Pittsburg, only fifty-one cars have so far arrived at Torrance, the remaining 100 cars being stretched out at stations on the Chicago, Rock Island & Pacific railroad, over which road they were shipped.

General Manager Hopewell is doing his best to have these cars moved and have them at Torrance as soon as possible. The shipment of rails and track material purchased and paid for at Youngstown, Ohio, have commenced and this material is expected to arrive in this city and at Kennedy station between this date and the 1st of March. The track construction and putting down of rails will commence at Torrance and will be pushed northward as rapidly as possible for about fifty miles.

When this shall have been completed the track laying machines, locomotives, box cars, construction trains and the like will be sent to Santa Fe via the El Paso & Northeastern and the Atchison, Topeka & Santa Fe lines and the remainder of the track will be constructed from this city for about seventy miles south where it will be joined to the track constructed from the south.

There is a force of about forty men now at work in this city grading and preparing for laying a track to connect with the Atchison, Topeka & Santa Fe railway track here and for the necessary yard and side tracks to be located on the south side of the river.

A force of graders is also at work from Moriarty station westward and about three miles of the track of the Albuquerque Eastern railroad has been laid.—New Mexican.

## Death and Burial of J. M. McMurtrie.

J. M. McMurtrie died Sunday morning of tuberculosis and the funeral was held this morning from the parlors of A. Borders. Mr. McMurtrie was for three years manager of Trimble's red barn. He came to Albuquerque a sufferer of the disease, but the healthy

## SO SOOTHING.

Its Influence Has Been Felt by So Many Albuquerque Readers.

The soothing influence of relief After suffering from itching piles From eczema or any itchiness of the skin Makes one feel grateful to the remedy

Doan's Ointment has soothed hundreds Here's what one Albuquerque citizen says:

A. M. Whitcomb, nursery, corner of Eighth and Tijeras streets, says: "In my estimation there is no ointment for the purposes it is used that can equal Doan's. There was a spot just below my knee which annoyed me for ten years. Unlike eczema it did not spread but at times it itched so exasperatingly particularly after I went to bed or sat by the stove, that I scratched it until it smarted before relief came. I tried every salve and ointment I came across, when one did not help I bought another and slapped it on. Reading about Doan's Ointment induced me to go to the Albuquerque Pharmacy and pay four bits for a box. In a few days the itching ceased and the life of the part affected was killed for up to date, and it is now over six months since I stopped the use of the salve there has not been a symptom of its reappearance."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

## AMUSEMENTS.

## MISS MIRIAM ESKRIDGE.

Reader and Character Delineator at  
Public Library Building.

Miss Miriam Eskridge, who will ap-  
pear at the Public Library building on  
February 19, is a young reader of more  
than ordinary merit. Her elocution is  
faultless and her dramatic instinct far  
above the average. Miss Eskridge has  
appeared in the large cities of the east  
and middle west and comes to us with  
a long list of successes.

Miss Eskridge presents a large and  
varied repertoire but in nothing is she  
so well known as in her inimitable  
child work. It has been truly said  
that she is without a peer in child im-  
personations. Many of her selections  
are original which adds much to this  
gifted lady's charms.

Miss Eskridge is more than success-  
ful as a pantomimist and this work is  
quite a feature of her entertainment.

## "HON. JOHN GRIGSBY."

James Neill Will Be Here on Monday,  
February 23.

James Neill plays the principal part  
in "Hon. John Grigsby," by Charles  
Klein, which will be seen at Colombo  
hall next Monday evening, for the first  
time in this city. The play tells a  
story of politics in Illinois in the late  
forties, and its central figure is the  
Abraham Lincoln type of country law-  
yer. The story uses the fugitive slave  
law as a part of the material and the  
bitter hostility of the time to any one  
who tried to help negroes in any way  
furnishes part of its background. The  
story is simple, straightforward and  
dramatic. What is even more impor-  
tant, it introduces the best portrayal of  
the early western type of American we  
have had in a long time. Grigsby is a  
direct, straightforward, practical law-  
yer, who fights his enemies in a prac-  
tical and forcible way, the one poetic  
touch being that he fights for his honor  
more stoutly than for place or power  
and is ready to resign these when he  
thinks they have been won at the ex-  
pense of that. In the title role James  
Neill is said to be very effective in the  
quiet naturalism of his acting and in  
the skill in which he produces artistic  
effects by the simplest means. There  
is a big scene between Grigsby and  
Oden, the villain, in the second act,  
which will appeal to every man of af-  
fairs. James Neill's own playing is so  
fine and strong that he is scarcely  
likely to be a stranger to this city for  
any extended period. He has, too, a  
good company, who fill their parts ef-  
fectively and are thoroughly in the  
picture of the scenes depicted. The  
costuming and setting are careful and  
are said to help the illusion greatly.

The advance for Mr. Neill's engage-  
ment here will open at Matson's Wed-  
nesday morning.

## HOTEL ARRIVALS.

## Harry Lockhart Married.

Cards have just reached several par-  
ties in the city announcing the mar-  
riage of Harry Lockhart, son of Mr.  
and Mrs. Henry Lockhart, of this city,  
to a young lady, Miss Aletha Pearle  
Swift, of San Antonio, Texas.

## HERPICIDE NOT A FAKE.

Unsolicited Testimonials Tell of Its  
Superiority.

Alf. R. Kelley, residing at 2195 De-  
leadero street, San Francisco, Cal.,  
writes the following:

"When I first purchased Herpicide, I  
thought, like the majority of hair pre-  
parations, it would prove a fake. I am  
happy to state that, on the contrary, it  
is all, and even more, than you claim  
for it. Quite a number of barbers  
throughout the section in which I travel  
have called attention to the new  
hair sprouting out on my scalp, and in-  
quired of me what I have been using. I  
told them 'Herpicide,' also give them  
your name and address."

"Sold by leading druggists. Send  
30c in stamps for sample to the Her-  
picide Co., Detroit, Mich. B. H. Briggs  
& Co., special agents."

## NICHOLSON-MENAU.

Charles F. Nicholson and Miss Eliza-  
beth Menaul Married.

A prettily appointed wedding took  
place last evening at the Presbyterian  
church. Miss Elizabeth Menaul, the  
charming daughter of Dr. and Mrs.  
John Menaul, became the wife of  
Charles F. Nicholson, well known in  
educational circles as principal of the  
Second ward school. Only the im-  
mediate friends of the family were pres-  
ent. The beautiful ring ceremony of  
the Presbyterian church was used.  
Rev. T. C. Beattie conducted the mar-  
riage ceremony. The gowns worn by  
the bride and bridesmaids were very  
becoming, and the music for the occa-  
sion was very beautiful. After the  
ceremony the bride and groom drove  
to the bride's home, where an elegant  
wedding supper was served.

Mr. and Mrs. Nicholson left this  
morning for Newton, Kas., where they  
will visit the parents of the groom.  
Then they will depart for their home  
in Oklahoma, where Mr. Nicholson  
will go into the real estate business.  
The happy couple have the best wishes  
for a successful and happy future.

## MINERAL LODGE, NO. 4.

There is Trouble in the Ranks and the Lodge Will Disband.

## REGRETABLE STATE OF AFFAIRS.

A rumor is being circulated throughout the territory that there is trouble among the members of Mineral lodge, No. 4, Knights of Pythias, and that the feeling of dissatisfaction has grown to such an extent that the lodge is likely to surrender its charter. This rumor has spread so wide that it is being talked of in Knights of Pythias circles in all parts of the territory.

The Socorro Republican of last week published the following article: "Mineral lodge of Albuquerque, owing to a general feeling of dissatisfaction, has surrendered its charter. Its members are joining other lodges by card. We have looked for this for the past four years. As a harmonizer B. F. Adams has been a failure, at least so far as his own lodge is concerned. It will need more than a walking delegation such as was at Las Vegas in 1901, to build up a good lodge at Albuquerque, at least until after the session of the grand lodge in October of this year which meets at Alamogordo."

A representative of The Citizen called on Grand Chancellor B. F. Adams this morning and called his attention to the above clipping.

Mr. Adams said that he considered the matter of such a nature that he did not think it his duty to discuss it to a representative of the press.

Other prominent Pythians and officers of Mineral lodge, No. 4, who were seen and refused to be interviewed on the matter, were B. Ruppe, W. F. Switzer and D. E. Phillips, still they admitted something was wrong.

The Citizen has been aware of the fact that the majority of the members of the local lodge have taken little interest in the affairs of the organization the past year and also that the crisis of the circumstances was reached the first of the year when the annual election of officers was to have taken place, but refrained from publishing the same as there was a possibility of matters being adjusted and for the reason that the lodge was a home organization. A meeting was called and a few of the faithful members were present. L. H. Chamberlain was elected chancellor but withdrew. Since that time W. F. Switzer has presided as acting chancellor commander. Other withdrawals of memberships followed and finally the faithful members decided to give up the lodge charter and applied to the grand chancellor for cards to be placed in other lodges of the territory. Few, if any, of those who applied for cards have as yet been received. It has been learned that a great many of the cards, when granted, will be placed with the Knights of Pythias lodge at Socorro.

The officers presiding in Mineral lodge, No. 4, at the time of disorganization are as follows:

W. F. Switzer, acting chancellor commander; Dr. W. G. Hope, vice chancellor commander; D. E. Phillips, keeper of records and seals; B. Ruppe, master of finance; M. H. Sablin, master of exchequer; and A. Borders, prelate.

The lodge was organized some twenty years ago and was flourishing until about two years ago. It had sixty members at the time of disbanding, a great many of them being beneficiary members.

It is thought the lodge will be reorganized as soon as the present difficulty is disposed of.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which thickens the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. B. H. Briggs & Co., and S. Vann & Son.

A Lively Lynx.

A wild lynx was brought into Socorro last week and was purchased by George Kline. One man got too close to it when the animal sprang on him and clawed his face badly. Another citizen playfully poked his foot at the beast and lost the toe of his shoe. It was finally decided to kill the pet as it was too dangerous.

Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

## COLORADO RACES.

Program of the Circuit With Dates of Meet.

The program of the entries of the Colorado Racing association for the summer of 1903 has just been issued. The places of meeting and dates are as follows:

Trinidad, June 2, 3, 4 and 5; Pueblo, June 8, 9, 10 and 11; Colorado Springs, June 13, 15, 16, 17 and 18; Denver, June 20 to July 4, inclusive. Leadville will have a three days' meet July 22, 23 and 24.

The purses offered by the Elks' racing association, which will meet at Trinidad on the dates mentioned above, amounts to \$7,000, the prize for

the 2:15 pace being \$1,000 and the same amount for the 2:25 trot.

The Pueblo State Fair association offers \$7,500 in purses and specials. One thousand five hundred dollars is offered for the 2:25 trot and \$1,000 for the 2:15 pace. Both are early closing events.

The Colorado Springs Racing association meeting at Roswell park from June 13 to 18 leaving out Sunday, the 14th, offers in stakes and prizes \$10,000. A purse of \$1,000 is offered in the 2:15 pace and the same amount in the 2:25 trot, both early closing; and \$600 for the 2:35 pace, early closing.

Forty thousand dollars is offered in purses and specials by the Denver-Overland Racing association, to be held at the Overland park from June 30th to July 4th inclusive. One thousand dollars is offered in each of the following early closing events: 2:20 pace, 2:15 pace, 2:25 trot. All the other events bring \$500 prizes.

**Bucklen's Arnica Salve.**  
The best and most famous compound in the world to conquer aches and kill pains. Cures cuts, heals burns, and bruises, subdues inflammation, masters piles. Millions of boxes sold yearly. Works wonders in boils, ulcers, fclons, skin eruption. It cures or no pay. 25c at all drug stores.

**Tore Marshall's Clothing.**  
Henry Driess, city marshal of Socorro, had a strenuous time the latter part of the week. He arrested Lauterio Baldonado and Francisco Zamora, both of whom were drunk. They resisted him with vigor and nearly landed all his clothing off. He finally landed them in jail in safety and then went home to change his clothes. While he was gone they set fire to the jail and narrowly escaped burning themselves up.

**Buy It Now.**  
Do not wait until you or some of our family are sick right up to death, and then send for Chamberlain's Colic, Cholera and Diarrhoea Remedy, but buy it now and be prepared for an emergency. It is the one remedy that an always be depended upon in the most severe and dangerous cases. For sale by all druggists.

The policemen of Colorado Springs gave their tenth annual ball the other evening. The members of the force and their families were driven to and from the ball in the patrol wagon in place of carriages.

The scratch or a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and unequalled as a quick healing liniment for cuts, bruises and burns. For sale by all druggists.

It is submitted that Governor Mickey of Nebraska, who denounces dancing, card games and the theater as agencies of sin, will not be shocked if the young people stay at home nights and embroider tidies.

**A Mother's Recommendation.**  
I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

A Missouri judge has decided that the egg money belongs to the farmer's wife and fined a farmer in that state a good round sum for selling the eggs from the farm and appropriating the proceeds.

**The Easy Pill.**  
DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. B. H. Briggs & Co., and S. Vann & Son.

J. J. Crowe, of Council Bluffs, Iowa, has received a letter from England stating that Pat Crowe, his brother, alleged to have been connected with the kidnapping of Eddie Cudahy, is now in Liverpool. The letter says that Pat is employed as a solicitor for a wholesale house and is receiving a salary of \$200 a month.

**Tendency of the Times.**  
The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Dr. Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been solved that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

**AN ACKNOWLEDGED FACT.**  
Cerrillos lump goes one-third farther than any other coal, but costs the same. \$5 per ton. Hahn.

## CONSUMPTION

the most dreaded and deadly of all diseases, as well as pneumonia, and all lung troubles are relieved at once and cured by Ackers English Remedy "The Ink of all cough cures." Cures coughs and colds in a day 25 cents. Your money back if unsatisfied. Write for free sample. W. H. Hooker & Co., Buffalo N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Prof. J. W. Jenks, of Cornell university, has been invited by the Mexican government to go to Mexico to consult with the authorities there regarding the establishment of a new monetary system. The Cornell trustees have granted Professor Jenks leave of absence for one month and he will leave for Mexico on March 1.

**DeWitt's Witch Hazel Salve.**  
The only positive cure for blind, bleeding, itching and protruding piles, cuts, burns, bruises, eczema and all abrasions of the skin. DeWitt's is the only Witch Hazel Salve that is made from the pure, unadulterated witch hazel—all others are counterfeits. DeWitt's Witch Hazel Salve is made to cure—counterfeits are made to sell. B. H. Briggs & Co., and S. Vann & Son.

Carrie Nation has been arrested in Los Angeles for riding in a decorated hack. Her desire to hack seems to be irresistible.

**A Liberal Offer.**  
The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to any one wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. All druggists.

If the ex-slaves are pensioned, as proposed by Senator Hanna, the number of young negroes who will suddenly discover they have passed 40 will be amazing.

**Acker's Blood Elixir** positively cures chronic blood poisoning and all scrofulous affections. At all times a matchless system tonic purifier. Money refunded if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co., and B. H. Briggs & Co.

**F. A. Jones, E. M. C. E.**  
Consulting Mining Engineer  
Field assistant U. S. Geological Survey; Albuquerque, N. M.  
Correspondence solicited.

**Notice for Publication.**  
(Homestead Entry No. 4603.)  
Land Office at Santa Fe, N. M., Jan. 29, 1903.

Notice is hereby given that the following named settler has filed notice of her intention to make final proof in support of her claim, and that said proof will be made before the Probate Clerk of Bernalillo County, at Albuquerque, N. M., on March 10, 1903, viz.: Jane Hall, for the NE 1/4 Sec. 12, T. 10 N., R. 3 E.

She names the following witnesses to prove her continuous residence upon, and cultivation of, said land, viz.: James E. Elder, of Albuquerque, N. M.; Mrs. Lella A. Brown, of Albuquerque, N. M.; David Stewart, of Albuquerque, N. M.; Watson H. Downs, of Albuquerque, N. M.

## The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains and misery by **Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM:—Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily and each dose added health and strength. I am so thankful for the help I obtained through its use."—MRS. FLORENCE DANFORTH, 1007 Miles Ave., St. Joseph, Mich.

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any other medicine the world has ever produced. Here is another case:—

"DEAR MRS. PINKHAM:—For years I was troubled with falling of the womb, irregular and painful menstruation, leucorrhoea, bearing-down pains, backache, headache, dizzy and fainting spells, and stomach trouble.

"I doctored for about five years but did not seem to improve. I began the use of your medicine, and have taken seven bottles of Lydia E. Pinkham's Vegetable Compound, three of Blood Purifier, and also used the Sanative Wash and Liver Pills, and am now enjoying good health, and have gained in flesh.

I thank you very much for what you have done for me, and heartily recommend your medicine to all suffering women."—MISS EMMA SNYDER, 218 East Center St., Marion, Ohio.

#### "FREE MEDICAL ADVICE TO WOMEN."

Women would save time and much sickness if they would write to Mrs. Pinkham for advice as soon as any distressing symptoms appear. It is free, and has put thousands of women on the right road to recovery.

Mrs. Pinkham never violates the confidence thus entrusted to her, and although she publishes thousands of testimonials from women who have been benefited by her advice and medicine, never in all her experience has she published such a letter without the full consent, and often by special request of the writer.

**\$5000 FORFEIT** if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

Lydia E. Pinkham Medicine Co., Lynn, Mass.

### The Snowfall Bulletin

NEW MEXICO SECTION

Santa Fe, Feb. 9.—It seems to be the consensus of opinion that with the exception of the water sheds of the Canadian and tributaries, the present season shows thus far a better prospect for the abundant water supply in the streams of the territory than for some years past.

At the close of January there was very little snow lying on the ground below 8,000 feet, but since then there have been several light, moist snows, which soon evaporated. Above 10,000 feet, in the northern mountains, the average depth at the close of the month was from three to four feet on north sides but on south and east sides there were frequent bare spots. However, the exceedingly heavy winds during the last week in January, although a potent evaporating agent, doubtless proved more advantageous than otherwise by filling the mountain canyons with the drifting snow. With the exception of the northeastern quarter of the territory, which has been unusually dry throughout the past fall and winter, the prairie soil is in very good condition for the early start of spring grass and at the present writing there is every prospect for an early spring with good grass and a good water supply.

The following remarks are extracted from the reports of few correspondents:

**San Juan Watershed.**  
Farmington, I. M. James—Colder than usual, but not much snow. Has been more cloudy than for several years, but less wind.

Hood, R. A. Hood—Patches on north sides; two inches on February 2.

#### ACKER'S DYSPEPSIA TABLETS

cure dyspepsia and all disorders arising from indigestion. Endorsed by physicians every where. Sold by all druggists. No cure, no pay. 25 cents. Trial package free by writing to W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

is believed to be assured until the rainy season.

Hillsboro, George S. Miller—Ranchers report soil moist to considerable depth. A great help for grass in the spring.

Kingston, J. F. Prevost—The Black Range is covered with snow.

**Mimbres Watershed.**  
Faywood, T. C. McDermott—In this immediate vicinity we have not had to exceed one-half inch of snow in the last three years.

Mimbres, Charles Dennis—Snow began the evening of February 2 and continued all night. Snow in the valleys about gone the next evening, but the hills covered. A big flow of water in the Mimbres river.

**San Francisco Watershed.**  
Cooney, A. G. Morrow—An open winter. About thirty inches of snow on the divide.

Mogollon, L. Howard—Very little snow in this section this winter.

**Gila Watershed.**  
Redrock, H. B. Tucker—Damp winter up to the 18th. Small grain looks well, and there is plenty of moisture without irrigation.

**Canadian Watershed.**  
Cimarron, Jas. K. Hunt—Six inches of snow at the head of the Cimarron. Very little moisture; wells and creeks generally dry.

Elizabethtown, L. L. Cahill—Considerable snow here this winter, but on account of heavy winds snow did not stay long. In the valleys the ground is very dry, while the Moreno river at this point is gorged with ice. There will be considerable water for the lower country, but little for this.

Osha, G. Martinez—Stock in good condition, and as yet have not been required to be fed.

Ocate, M. Weil—Very cold and dry weather and very high wind.

Weber, E. H. Blernbaum—Terrible winds during the last week, melting the snow on the hills.

Buelah, Mrs. P. Z. Parker—We have had about 24 inches of snow, but owing to the clear days there is very little on the east and south slopes. The high winds have drifted and deep gorges almost full; better prospects than in 1902.

Sapello, Henry Goeke—About fifteen miles up the river there is about four feet of snow.

**Pecos Watershed.**

Fulton, F. M. Schukhart—Very little snow in the valleys this winter; feed is very short, unless we get snow or rain soon it will be shorter.

Tecolote, Simon Lopez—Good snows in January and if February does as well it will be all we can ask for.

Ruidoso, Martin Brown—There has been more snow than lies at present. In some parts of the White mountains there is five feet of snow, but this is caused by drifting.

Glencoe, A. E. Coe—Dry and windy; plenty of snow in the mountains; farmers are getting water on the land.

R. M. HARDINGE,  
Section Director.

**Millions Put to Work.**

The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all drug stores.

**HE WAS A SPENDTHRIFT.**

San Simon Jack Sold a Mine and Squandered the Funds in a Few Days.

San Simon Jack, formerly well known in this section of the country, has been keeping his record good, although he is down in Mexico. In December he sold a mining claim for \$16,000, and got the cash about the first of January. Whether the money was gold or Mexican the reports do not say, but it makes little difference to Jack now. His first transaction was to buy a saloon in Cananea and invite in all his friends. It was the most popular resort in Cananea, for it had no cash register, nor a slate.

**WHEN BABY  
IS COMING  
USE  
Mother's Friend**

Woman's greatest dream of beauty and glory is when nature has chosen her to become a mother. Every faculty is keenly alert as she foresees the joy, ambition, success and the life-long satisfaction coming nearer, day by day, in the dear and innocent being so soon to see light, and the uncertainty whether she shall see a sweet girl or a brave boy face beside her on the pillow adds zest to her expectancy.

**Mother's Friend** applied externally throughout pregnancy will relieve the pain of parturition, and no mother and child can fail to be healthy, hearty, strong, clear complexioned, pure blooded and cheerful in disposition, who are mutually influenced by the continued use of this great liniment, **MOTHER'S FRIEND.** Buy of druggists, \$1.00 per bottle. Our treatise "Motherhood" mailed free. **THE BRADFIELD REGULATOR CO., Atlanta, Ga.**

# SYRUP OF FIGS

Acts Gently;  
Acts Pleasantly;  
Acts Beneficially;  
Acts truly as a Laxative.

Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are obtained from an excellent combination of plants known to be medicinally laxative and to act most beneficially. To get its beneficial effects—buy the genuine—manufactured by the

**CALIFORNIA FIG SYRUP CO.**  
Louisville, Ky. San Francisco, Cal. New York, N.Y.

For sale by all leading Druggists, in original packages only, bearing the full name of the Company.

Everything was free to Jack's friends and every man was a friend of Jack's. By the first of February the sixteen thousand was all gone, and Jack was punching a burro over the mountains, hunting for another sixteen thousand proposition. Those who know San Simon Jack can readily believe the story, and can imagine what a glorious time he had during the month of January.—Lordsburg Liberal.

Cut this out and take it to any drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 25c, per box.

Bring in your tinware and have it repaired.—Albuquerque Hardware company

## A LIVELY MEETING.

(Continued on page four.)

address he said that if the city were to construct and operate a water system they would have to pay the water company the \$6,000 a year for the hydrants, according to the franchise, and the water company would lower their rates to such an extent that it would be impossible for a municipal ownership to make it a success; that it was absurd for the city to think of buying the old water system, considering the condition of its pipes, and that he had no intention of taking the water question on to the street railway ownership.

Then came a season of interesting and exciting proceedings, in which nearly all the councilmen had their little say. This was a petition that the ordinances changing the names of streets and avenues be repealed.

A motion was made by Mr. Beaven that the petition be granted.

Mr. Hubbs immediately amended the motion, that this matter be referred to the street committee to report at the next meeting.

The amendment was put before the house and lost, but not before spirited discussion took place.

Those in favor of repealing the ordinance did not see any use in carrying the matter over as all the citizens wanted it knocked out.

Those opposed to its repeal thought it showing weakness on the part of the council to repeal an ordinance, which had been passed with due form, without proper consideration.

Mr. Harrison defended the ordinance, saying that the street committee had spent considerable valuable time on the changes, and he still believed it a good thing, as there were some streets that before had no names and others were complicated.

H. Brookmeyer and Postmaster Hopkins addressed the council, expressing the sentiments against the ordinances and the general objections of the people.

The original motion, that the petition of the citizens be granted was carried and Councilman Beaven made a motion that the city attorney be instructed to draw up an ordinance repealing ordinances 212 and 215, which was carried by all but one vote.

Appreciation was expressed by the mayor and council for the work done by Councilman Harrison and the street committee, in what was to them a good cause. Mr. Harrison had consulted several business men and at that time they thought well of the issue, but when they saw the trend the public sentiment was taking they changed their opinions.

A report was made by City Chemist Weinzierl, in which he stated that the apparatus had been received and the milk inspection was well under way. Examination had been made of nearly all the dairies and the milk was found to reach the standard set forth in the ordinance.

City Physician Elder reported that the water furnished the city would be in a healthy condition after the removal of the woolen mills. It was not stated that it was pure and excellent. In connection with recommended improvements in the water system, he stated that it would be well for the council to take action in the matter of cess pools, surface wells, closing up on open sewer, build a crematory for the burning of garbage and improve the sewer system.

On motion these matters were referred to the sewer committee.

An ordinance prepared by the city attorney repealing the ordinances changing the names of the streets was passed with only one dissenting vote.

An ordinance making it unlawful for the hackmen and runners to be more than six feet from their vehicles at the edge of the walk was referred to the police committee.

After a short discussion the fire chiefship was brought up and finished. Councilman Hubbs recommended Mr. Nash as a most desirable candidate for the position, by reason of his years of experience and being an electrician. He would keep the fire system in repair free of charge.

An ordinance raising the salary of the fire chief to \$300 was read and sustained.

The committee on buildings and lights reported the amendment to the ordinance providing for the painting of telegraph and telephone poles, but the amendment was not as satisfactory as the original ordinance discussed at the last meeting and consequently it was referred back to the committee.

The standing committees made their reports, which were accepted, and a number of bills were allowed.

Many important questions will be brought up at the next meeting, principally the street railway franchise and points regarding the inadequate water system.

The council adjourned at 11:15 p. m.

ITALIAN BAND BALL

GRANT HALL

FRIDAY NIGHT

DI MAURO'S ORCHESTRA

LOCAL PARAGRAPHS

Hon. G. F. Albright has returned to his legislative council duties at Santa Fe.

Judge Seferino Crockett, who was here on a visit to his family the past three days, returned to Santa Fe this morning.

Dr. Charles E. Keyes, president of the New Mexico School of Mines at Socorro, was in the city between trains this morning while en route to the capital. Dr. Keyes says that in another year the New Mexico School of Mines will be the best equipped

school of mines in the west. Arrangements are almost completed whereby the school will get control of and operate the Socorro smelter. The smelter will need some few repairs and it is to secure an appropriation to be used for this purpose that Dr. Keyes is going to the capital.

Prof. C. M. Light, president of the Silver City normal school, was in the city between trains yesterday morning, bound for Santa Fe.

The Albuquerque guards will entertain their friends with a dance Thursday night. A fine supper will be served during the evening.

C. W. Newhall, of the First National bank, who has been on the sick list the past few weeks, is reported convalescing, and will no doubt be down at his bank duties in a few days.

Ex-Mayor Fred Eaton, of Los Angeles, spent yesterday in Albuquerque attending to matters of business. Mr. Eaton is consulting engineer for the water supply company of that city.

Mrs. H. E. Sherman received a dispatch this morning, conveying the sad intelligence that her mother was dangerously ill and to come at once. Mrs. Sherman will leave for Topeka, Kas., tonight.

Dr. C. G. Cruickshank, of San Marcial, passed through the city this morning, bound for Santa Fe, where he will lobby at the legislature for concessions concerning irrigation in the Rio Grande valley.

Wm. Fraser, the Chilli sheep raiser, came in from the eastern ranges the other day. He reports heavy snows in the Sandia and Manzano ranges of mountains, and says the sheep are passing through the winter in good order.

A. J. Relling, representing the Diamond Match company, of Chicago, returned to the city this morning from a trip to Hillsboro, where he is interested in some mining property. His family has been spending the winter in Albuquerque.

Miss Kathryn Carson, of Oakland, Cal., is in the city for a week's visit with Mrs. William Jenks. Miss Carson was formerly a resident of Albuquerque and has a large circle of warm friends in the city, who will try to make her visit a pleasant one.

Dr. James H. Wroth returned yesterday morning from Rincon, where he was called Saturday night by the illness of Miss Marguerite Dolan, sister of the former ticket agent of this city. Miss Dolan is quite sick, but the doctor says that it is nothing serious.

The first annual ball of the Santa Fe Pacific Hose company will come off tonight at Colombo hall. The fire fighters have spared neither time nor money for the entertainment and enjoyment of their guests, and there promises to be a large crowd present.

Sol. Benjamin, of Benjamin company, has returned from his trip to Natchez, Miss., and was accompanied by his newly wedded wife. They will make their home with the groom's mother on North Second street. Miss Marie Benjamin, who was visiting with friends in Natchez, did not return, but stopped off in New Orleans until after the Mardi Gras.

W. V. Worvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both phones.

Italian band dance at Grant hall Friday night. Tickets 50 cents, admitting gentleman and ladies.

Go to the White Elephant for Muenchen Hofbrau beer.

### MONEY TO LOAN

On diamonds, watches or any good security. Great bargains in watches of every description.

A. H. YANOW  
209 South Second street, a few doors north of postoffice.

**DOCTOR CONNOR, OSTEOPATH.**  
Rooms 21-23 Whiting Building.

After drugs have failed, which they some times do, try Osteopathy. It is founded on truth and a thorough knowledge of the anatomy and physiology of the human body. Nothing succeeds like success. Call or write to me and I will refer you to patients cured by Osteopathy without any injurious effects of drugs.

Yours in the work,  
C. H. CONNER, M. D. D. O.
