GENERAL BOOTH AT THE SENATE

His Appearance Caused a Crowd to Attend.

DEPEW AGAINST STATEHOOD BILL

He Is Crazy in His Statements Regarding Mormonism--Elkins' Rebate Bill.

Washington, Feb. 13.—The senate was crowded today as it has not been since the opening of this session.

Nearly all the senators were on the floor, many members of the house were present, while the sides of the chamber were lined with employees. The galleries were filled, many visitors standing in the aisles and corridors. The attraction was General William Booth, of the Salvation Army, who delivered the prayer at the opening of the session. He made an earnest prayer and it was quite extended, occupying six minutes. In the gallery was his chief assistant and son in law, Booth Tucker. Many other members of the Salvation Army were present.

Mr. Stewart reported the Indian appropriation bill.

The resolution of Mr. Morgan calling for the correspondence of naval officers regarding the military occupation of the bays of Panama and Colon was agreed to.

An act was passed refunding certain taxes passed by the Anheuser-Busch Brewing association.

The statehood bill was then taken up, but Mr. Quay yielded the floor for the consideration of the District of Columbia appropriation bill.

The senate committee on postoffices and post roads today decided to amend the postoffice appropriation bill by adding as an amendment the omnibus statehood bill.

The vote on the motion to amend was 8 to 5.

The members who voted for the proposition are Elkins, Mitchell and Penrose, republicans, and Clay, Culbertson, Dubois, Simmons and Tallaferrero, democrats.

Those who voted in the negative were Beveridge, Deboe, Dilliver, Lodge, and Proctor, all republicans. Senator Mason, chairman of the committee, presided, and did not vote.

The bill was passed and consideration of the statehood bill was resumed.

Mr. Depew yielded to Mr. Dietrich, of Nebraska, who, under the latitude of debate, and he "would submit some observations regarding some affairs in the Philippines," and spoke briefly.

Mr. Depew, resuming his remarks, begun Wednesday, said, referring to the anti-polygamy provision of the statehood bill, he could see the "fine Italian hand of the Mormon apostle had been at work among the preparation of the measure and that concentrated influence of the Mormon hierarchy could be seen in the determined effort to prevent any amendment which would completely exclude polygamy."

It is not disputed, he said, that the vote of the Mormon church is absolutely controlled by the central hierarchy of that organization. He declared that the migration of the Mormons to different states and territories was not for the purpose of securing homes, but through compact to control legislation.

Mr. Rawlins informed Mr. Depew that the address was fictitious and that Mr. Depew had been imposed upon. He never knew of a Bishop Lunt, of the Mormon church, and said the Mormon organization had repudiated the address.

Any legislation, Mr. Rawlins declared, in any state directed at Mormonism is futile unless there is a public sentiment which will sustain the same. The question was not as to the inadequacy of provisions against polygamy, but as to the exercise of political power.

Persecution is the need of the Mormon church, he declared, and he did not do any good to arraign the entire people and brand every Mormon as a slave to unjust accusation.

"To do that," he said, "you solidify those who would aid you in bringing about the very conditions you seek here."

The best possible school, he said, for correction of these evils is to emancipate the Mormons and leave them free to work out their own destinies.

THE NATIONAL HOUSE.

Washington, Feb. 13.—In the house today, Mr. Dalzell, of Pennsylvania, from the committee on rules, presented a special order for the consideration of the Elkins rebate bill. The rule provides for a hour's debate and a vote on the bill and committee amendments at the end of that time without intervening motion. The previous question being ordered on the adoption of the rule, twenty minutes debate on each side were allowed under the rules. Mr. Dalzell contented himself with a very brief explanation. He said the provisions of the measure were familiar to all; that it was one phase of anti-trust legislation which should receive consideration.

Mr. Richardson, the democratic leader, protested that there was no emergency which required such a drastic course as the special order proposed. It permitted no opportunity to amend or recommit the bill.

Mr. Underwood, of Alabama, said he favored the passage of the bill, but he protested that it did not go far enough. The Elkins bill passed the house by a vote of 241 to 6.

Those voting the negative were Messrs. Cochran and Dearmond, of Missouri; Glass, democrat, of Virginia; Hooker, democrat, of Mississippi; Klutz, democrat, of North Carolina, and Neville, democrat, of Nebraska.

MEETING TONIGHT.

To Consider New County and Board of Trade.

Tonight, at 8 o'clock, upstairs over Zeiger's Cafe, an important meeting will be held to consider the creation of a new county out of portions of this (Bernalillo) county, and to take action relative to the organization of a board of trade.

It is to be hoped that a large crowd will attend this meeting.

Special in Trouble.

Charles Special, colored, was given a special hearing before Judge Crawford this morning, charged with having assaulted Mrs. Louise Thomas last night at the home of V. P. Edie, where Mrs. Thomas is employed as a servant. The case was a very complicated one. From the facts that could be obtained at the trial this morning, it seems that Special had accompanied Mrs. Thomas home, then they had a quarrel, which ended in Special threatening her life. She became frightened and ran out into the street, where she hailed a boy who was passing on a bicycle and sent him after the police. Officer Cooper located his man at Martin's restaurant on Third street, where Special is a cook, and placed him in safe keeping. The judge fined him \$10 for trifling with the tender affections of the young woman.

After Indian Fashion.

The most unique building that has been erected in Albuquerque for many years is being built today by three Navajos, who are employed in the industrial department of the new Harvey curio rooms, on the Indian village site on First avenue. The building is one of the hogans, which are so much in evidence on the reservation, and being built in the heart of the city it is attracting considerable attention. The hogan is shaped like a bee hive, the top being a cone shape with a hole in the top. A fire is built in the center of the hogan and the Indians sleep with their feet to the fire. It is built entirely of mountain cedar, the posts being stood upright and the cracks filled in with adobe.

There are now fifteen people living in this unique Indian village, which Manager Switzer, of the Harvey curio, has spent considerable time and labor in constructing according to his ideas. The inhabitants of the growing village are all employed at the curio rooms, with the exception of the children. Joseppa, a Poma Indian woman from Ukiah, California, is considered the finest basket weaver in the world. It was through the efforts of Mrs. Hudson and Dorsey, of the Field Columbian Museum of Chicago, that Manager Switzer was able to obtain her services at the curio.

Besides Joseppa, there are three other Poma basket weavers. In the same rooms with the basket weavers at the curio there are three Navajo blanket weavers, three silversmiths, one hair quilt maker, two Pueblo pottery makers and a belt weaver.

This small band of industrial Indian workers spend the entire day at the curio rooms, producing the beautiful and rare Indian goods for which they are noted.

Dr. F. A. Jones, the mining expert, anticipates leaving tomorrow for Chicago on matters of business in connection with the development of some rich iron mining properties in the Oscura mountains, in which he is interested. He will be absent from the city a couple of weeks.

BACHELOR'S CLUB.

"Ye Lonesome Fellows" Royal Entertainers Last Night.

A PLEASURE TO WRITE THEM UP.

The bachelors of this city—those who had recently formed themselves into a club to be known and called, for the time being only, "Ye Lonesome Bachelors"—were in evidence last night, and from 9 o'clock until almost the dawn of another day held sway, with many invited friends, at the handsome Alvarado hotel.

For weeks, in a quiet way, the bachelors were arranging all details for their reception and ball, and last night, with their committees stationed conveniently throughout the big hotel, everything connected with one of the swiftest and nicest affairs ever held in the territorial metropolis moved off as smoothly as clock work.

The tables in the spacious dining room had been removed, and chairs arranged around the walls. The floor had been prepared, under the eyes of an artist, for the disciples of Terpsichore, while the spacious room had been most artistically decorated with the choicest of California flowers and plants, carnations and red pepper plants predominating. Of course there were smilax, ferns and evergreens, showing that expense was not considered in the decorations.

As the guests entered the dining room, or rather, now the ball room, the ladies were presented with small bouquets of cut flowers, and a committee of handsome young bachelors met the guests, escorting them to the west side of the room, where they were introduced to the patronesses of the ball—Mesdames G. W. Harrison, M. W. Flournoy and Louis Hild, Mesdames F. H. Kent and G. L. Brooks being absent.

At 9:30 o'clock dancing was announced, the grand march being climaxed, and to delightful strains of music from Professor Di Mauro's well trained orchestra the mazy waltz and two-step, and the interesting lancers were indulged in to the great enjoyment of those present.

At 11 o'clock, on the buffet order, the following menu of well prepared and delicious refreshments were served:

Menu.
Consomme en Tasse
Fried Oysters
Egg Pickles
Celery
Queen Olives
Claret Punch
Cold Turkey
Glaced Ham
Roulade of Veal
Lobster Mayonnaise
Chicken Salad
Fresh Shrimp, Marinade
Lemon Ice
Tutti Frutti Ice Cream
Assorted Cake
MacLaren's Imperial Cheese
Crackers.

The bachelors were designated by wearing pink badges with the inscription "Los Solteros," while the other members of the male gender wore badges made of apron strings. The ladies, of course, carried bunches of flowers.

The committees were as follows: Executive—E. J. Alger, J. W. Elder, D. Weiller, R. A. Frost, C. E. Newcomer, H. S. Pickard, F. J. Wilson.

Refreshments—D. Weiller, F. J. Wilson, Wm. Spencer.

Reception—C. E. Newcomer, L. C. Brooks, J. W. Elder, T. N. Wilkerson, F. J. Otero, G. H. Fitzgerald, H. F. Raynolds, L. Hertzog, B. O. Jaffa, M. H. Sabin, F. H. Newman, G. A. Kaseman, H. S. Pickard, D. Rosenwald.

Floor—R. A. Frost, S. J. Lewinson, H. B. Weiller, G. P. Learnard, S. Rosenwald, Wm. Spencer, J. Staab, R. E. Kuhns, E. B. Booth, C. C. Griffing, J. K. Walter, A. E. Perea, A. Faber, L. B. Hunsing.

ITALY IS KICKING

Is Now Blocking the Venezuelan Settlement.

A ROTTEN ST. LOUIS COMPANY

Chicago Nationals Will Play in Albuquerque March 30 and 31.

SCHOFIELD HAS GOT ANOTHER BANK

Washington, Feb. 13.—The Italian ambassador called on Mr. Bowen this afternoon and informed him that he felt that his government should receive an increased cash payment in view of Germany's demands for \$340,000. Mr. Bowen stated that Italy, if she insisted on this payment, would be violating previous agreements.

Word Waited From Rome.

Washington, Feb. 13.—The delay is now with Italy in closing up the Venezuelan negotiations. Word is awaited from Rome before the ambassador here can sign the protocol, as the Roman foreign office was necessarily consulted at the last moment, owing to the change of the program caused by the readjustment of German claims. However, it is expected that delay will not be great, for all of the parties to the negotiations seem now earnestly desirous to close up this first preliminary stage at the earliest possible moment for humanitarian reasons, if for no others, there being every evidence of intense distress at Caracas.

VANN'S JEWELRY.

Found in an Old Barn Near Minneapolis Lodging House.

IT WAS MUNROE'S PLUNDER.

The big pile of jewelry which was stolen from the safe of S. Vann & Son, several months ago, was discovered this afternoon under the old red barn north of the Minneapolis rooming house, on South Second street.

A couple of small boys were hunting for eggs when they found a couple of watches under the edge of the barn. They reported the matter to a couple of gentlemen at the house and a search was made, which brought about the discovery of a coffee can concealed under the lead into the barn.

This contained about eighty watches and a number of chains and rings. Marshal McMillin was notified and a more thorough search was made, in which a large coffee sack was discovered which was filled with the working material, cases and works. A blue handkerchief and an old cloth both filled with rings and chains were found along with the other.

The jewelry was brought to the Vann store just as The Citizen is going to press, and it was impossible to get a complete list of that discovered. But from the quantity the cans, sack and handkerchiefs contained there is no doubt but that all the stolen jewelry has been recovered.

That Monroe was the right man, is beyond doubt, as it is known that he slept at the Minneapolis house the night of the robbery. Farrell and Myers, the other two suspects, held at the county jail, who have confessed having been connected with the robbery.

GET-RICH-QUICK.

Officers Looking for Officials of the St. Louis Company.

St. Louis, Feb. 13.—The grand jury today resumed investigation into the methods of the Turt Investment companies.

E. J. Arnold, head of the company which bears his name, left Hot Springs, Ark., last night, ostensibly for St. Louis, but he could not be found for an interview this forenoon and deputy sheriffs are out looking for him to serve a grand jury summons.

Crowds of anxious people still besiege the offices of the various investment companies, though none is paying out money today.

On his return from New York, Circuit Attorney Folk at once took personal charge of the grand jury investigation of the get-rich-quick company.

Speaking of the present state of affairs, Mr. Folk said:

"The laws of Missouri and the federal laws are deficient in this line of cases. The federal authorities attempted to reach these people some time ago but could not. I ordered this investigation two weeks ago and placed it in charge of George M. Fickelissen. I was not expecting the collapse so soon."

"Just what charges we will make will depend upon this investigation, which will last several days. One thing is certain, the get-rich-quick concerns must be driven from Missouri."

An employee who for obvious reasons refused to make her name public, states that at present E. J. Arnold & Co. has 300,000 investors—30,000 in St. Louis and the remainder scattered over the country. The receipts of this company, the employee says, averaged \$125,000 a week.

GENERAL MANAGER BENNETT.

He, of the American Lumber Company, Arrives With His Family.

ANOTHER BIG ENTERPRISE.

General Manager Ira B. Bennett, of the American Lumber company, accompanied by his wife and two children, and also by C. W. Kotcher and wife, of Detroit, Mich., who are on their way to California, arrived in the city last night.

The household goods of Mr. Bennett arrived some days ago, and residence will be taken up in the Mrs. Rose residence on West Copper avenue at once.

Mr. Bennett, in company of Mayor Myers and John A. Lee, called at The Citizen office this morning.

Harry Bradstuber, a skilled millwright, was left at Milwaukee, and is expected to arrive in Albuquerque in a day or so, when work on the big lumber plant will be rushed to completion. Considerable of the construction material has been ordered. The boiler and large burners to be used in the power houses, have been purchased from the Muskegan Boiler company, of Muskegan, Mich.

It was also stated by Mr. Bennett this morning that an order had been placed for the cars to be used on the logging tracks at the timber tract. An order has also been placed for two large band mills, and the capacity of the planing mills, as soon as practical, will be increased from 40,000,000 to 100,000,000 feet per annum.

Besides the two large log saw mills

NATIONAL BANK CLOSED.

J. W. Schofield, Formerly of Albuquerque, Put in Charge.

Washington, Feb. 13.—The First National bank of Asbury Park, N. J., was closed today by direction of the comptroller of the currency, and national bank examiner, J. W. Schofield, was placed in charge as receiver. The bank was closed because of losses which absorbed the surplus and undivided profits and seriously impaired the bank's capital. The bank's assets are of such a character that additional losses, it was feared, would have resulted which would wipe out that remaining capital.

Trust Company Closed.

Asbury Park, N. J., Feb. 13.—The Monmouth Trust & Safe Deposit company, which had offices in the building occupied by the First National bank, closed its doors today. The officials of the trust company said this was done to prevent a run on their institution and that it was done at their own volition. They said they would re-open as soon as possible, perhaps on Monday or Tuesday next, and that the institution was in good shape. The excitement here is intense and crowds surrounded both institutions. The closing of the trust company caused the greatest alarm, as the savings of the poorer classes are deposited there.

NATIONAL LEAGUE TEAM

Hart's Chicago Players Will Be in Albuquerque March 30 and 31.

Chicago, Feb. 13.—President James A. Hart announced today arrangements have been made for the spring training of the National league team. Los Angeles is where the preparatory work is to be done. The itinerary of the spring games is to be through Texas, New Mexico, Colorado and Nebraska, and back to Chicago in time to play a series of three games with the American league team before the regular season opens. The team will leave here March 7 and go directly to Los Angeles, remaining there until March 26. On the return trip games have been arranged at El Paso, March 28 and 29; Albuquerque, March 30 and 31; Colorado Springs, April 2 and 3; Denver, April 4 and 5; and Omaha, April 8, 9 and 10.

TERRITORIAL LAWMAKERS

Seventeenth Day's Doings of Legislative Assembly.

EXCITING DEBATES ON VARIOUS BILLS

Members of Both Council and House Introducing Bills Galore

Special to The Citizen.

Santa Fe, N. M., Feb. 13.—Both houses adjourned this afternoon till Monday.

SEVENTEENTH DAY, THURSDAY, FEBRUARY 12, 1903.

The Council.

After the roll call and prayer in the council in the morning, instead of reading the journal, the Silver City Independent was read and the characterization of the members of the house largely enjoyed by the members of the council. Mr. Spiess jokingly moved that the council ascertain what Mr. Walton wants it to give him. Mr. Hughes desired to correct a quotation that was used regarding the "mills of the gods" and his motion was carried. After the fun was over, Mr. Pinard presented a petition from the people of Union county requesting that Mills and Wood county be not created and protesting against taking any of the territory of that county. The petition was referred to the committee on county and county lines.

Council joint resolution No. 9 was returned from the house with the amendment that \$2,200 be appropriated to pay the house employees. Mr. Fall moved that the council refuse to concur in the amendment. The motion prevailed by a unanimous vote. Mr. Spiess moved that a committee of three be appointed to confer with a like committee from the house regarding it and Messrs. Spiess, Fall and Albright were named as the committee in accordance with the motion.

Council bill No. 31, by Mr. Duncan, was favorably reported by the committee on municipal and private corporations. It is an act empowering cities to grade streets and assess the cost on abutting property. A recess of fifteen minutes was taken to consider amendments, after which, with a few minor amendments, the bill was passed by 10 votes in the affirmative.

Council bill No. 32, by Mr. Duncan, was favorably reported by the committee on municipal and private corporations. It provides that cities may bring condemnation proceedings for municipal purposes in the same manner as railroad companies. On motion of Mr. Albright the bill was passed without amendment by 10 affirmative votes.

Council joint resolution No. 4, providing for the printing of documents, bills, etc., in the Spanish language and for the payment for the printing of the reports of the auditor and treasurer for 1901 and 1902, was favorably reported by the committee on printing. Mr. Fall moved that the resolution and the report of the committee be re-submitted to the committee on printing. Mr. Hughes, as chairman of the committee, asked to amend by adopting the report. Mr. Spiess moved, as a substitute, that the resolution be referred to the finance committee and this was done.

The council then took a recess until 2 o'clock in the afternoon.

(Afternoon Session.)

The council this afternoon first heard the report of the committee on council joint resolution No. 9, relating to the pay of employees. The committee reported in favor of accepting the house amendment and providing that no money shall be paid from the penitentiary fund to employees. The report was accepted and the resolution as amended, was adopted.

A message was received from the governor announcing he had signed house joint resolution No. 2 and council joint resolution No. 5.

The council then took a recess in order that the committees might meet. The council was called to order for a few moments to permit Mr. Hughes to introduce the appropriation bill. It was read the first and second times and referred to the committee on finance. The bill was ordered printed. The council again took a recess. It was later called to order and by request of Mr. Hawkins introduced council bill No. 58, to empower the cattle sanitary board to sell stray horses, asses and mules. It was referred to the committee on territorial affairs. He also, by request, introduced council bill No. 59,

an act in relation to the members of the cattle sanitary board. It provides for appointing two members at large. The bill was referred to the committee on territorial affairs.

The council the adjourned until 10 o'clock Friday morning.

The House.

(Sixteenth Day—Afternoon Session.) After the reading of council bill No. 20, in the house yesterday afternoon, repealing the coal oil inspection law, Mr. Llewellyn spoke vigorously in favor of the repeal of the present law and urged all members to stand by the party pledges. Mr. Dalles said that the law does not inspect and characterized the present law as a measure of iniquity and a vicious measure that disgraces the statute books. He said that it operates practically as a steal for the Standard Oil company.

Cristoval Sanchez at length opposed the pending bill. He contended that the inspection law was not the cause of the high price of coal oil.

Pedro Sanchez advocated the passage of the bill. He declared that the party platform is for the repeal of the law. Because the republican party of the nation does not keep its platform pledge to give New Mexico statehood is no reason why New Mexico republicans should follow the bad example and break their party pledges.

Mr. Bowie moved that the pending bill be passed. Cristoval Sanchez rose to amend, but Mr. Llewellyn raised the point of order that the bill could not be amended. The speaker asked for the rule, but Mr. Llewellyn withdrew his point. No second was secured for Mr. Sanchez's motion to amend. The bill was then passed by a vote of 20 to 3, those voting in the negative being Messrs. Coleman, McCash and Cristoval Sanchez.

A motion to adjourn was lost by a vote of 7 ayes to 17 nays.

Cristoval Sanchez moved to go into committee of the whole to consider council bill No. 38, relating to public institutions. The speaker ruled that a suspension of the rules was unnecessary. Mr. Dalles moved to lay the motion to go into committee of the whole, on the table, and the roll was called. Mr. Dalles' motion was lost by a vote of 17 to 7. Mr. Dalles moved to reconsider the vote. This motion was not seconded and the house then went into committee of the whole.

In explaining his vote on the roll call, Mr. Bowie made a vigorous attack on the members of the council for lobbying for the passage of a bill in the house. Mr. Dalles spoke in the same strain. He scored the council members and twice called out applause from members and spectators by his strong denunciation. Speaker Montoya called for order and held that Mr. Dalles was out of order. Mr. Llewellyn promptly asked unanimous consent that Mr. Dalles might proceed and this was granted. Mr. Dalles resumed his arraignment of the council. He protested against the council trying to "gag" the house and said the house should not be the plaything of the council. He wanted to work with and not for the council. He said he did not wish to insult the members of the council or the council as a body, but he demanded from the council a proper respect for the house. Mr. Gutierrez followed in a like vein. Mr. Llewellyn came to the defense of the council and said that body promptly passed and courteously acted upon all measures coming from the house. The rules were then suspended by a vote of 17 to 7. Mr. Dalles demanded with some heat if a two-thirds vote was not necessary to suspend the rules and the speaker replied that it was. Mr. Dalles said he could not see how the rules were suspended and demanded to know what a two-thirds vote of the house is. The speaker smiled as he replied "sixteen." Mr. Dalles looked astounded for a moment, and then he joined in the roar of laughter which followed.

Mr. Llewellyn then moved the passage of the bill, but Mr. Dalles at once moved to adjourn. The motion to adjourn was lost by a vote of 8 to 15. On

New Mexico demands Statehood from the Fifty-Seventh Congress.

Yesterday was the anniversary of Lincoln's birthday.

St. Valentine's day Saturday. Prepare your Valentines.

Attend meeting over Zeiger's Cafe tonight. Subjects to be discussed: Creation of new county of Sandoval, and the organization of a board of trade.

London's Lancet is aroused at the invasion of England by the American quick lunch. The idea of eating without thinking luxuriously over each mouthful as it goes down is something of a novelty.

Mayor Myers telephones The Citizen that a meeting of merchants and taxpayers will be held over Zeiger's Cafe tonight, at 8 o'clock, to discuss the creation of the new county of Sandoval, and the organization of the board of trade.

A special agent of the interior department has been visiting Santa Fe vicinity lately looking up the dispute over the eastern boundary of the Pecos river forest reserve, where it conflicts with the western boundary of the Mora and the Las Vegas grants.

Of all the tax laws now being discussed in the various state legislatures none seems to be better or more uniform than the one in force in New York, where the millionaires are permitted to make annual donations, based upon their respective ideas of good citizenship.

The new issue of 2 cent stamps, bearing the portrait of Washington in a new position, with draped flags above the vignette, is being distributed by the postoffice department at the rate of about 20,000,000 a day. All of the other issues of 2 cent stamps have been exhausted except those in stamp books.

The new cup defender is to be named the "Republican." It is a good name, and wisely chosen, out of some hundred or more that was submitted. A yacht with the name "Republican" ought to bring glory to herself and to the nation, and be a fitting successor to Puritan, Mayflower, Columbia and the rest of them.

Governor Otero has received notice that he has been appointed a vice-president of the Jefferson Memorial association, organized for the purpose of erecting at the national capital an appropriate and truly national memorial to the author of the Declaration of Independence. Admiral George Dewey is president of the association.

In relation to an attempt here to organize a board of trade, the New Mexican says: "Albuquerque has organized a real board of trade with no side issues along social lines, and much work is expected from it. But to do much good it will have to be more lively than the Santa Fe board of trade, which must devote its greatest energy to keeping itself alive."

Congress did a very commendable act in increasing the salaries of federal judges. It was a moderate increase, but it is a move in the right direction. If we are to have men highly learned in the law, and men with exceptional ability, upon the bench, they should receive a salary sufficiently large to

compensate them, at least in a measure, for the income they sacrifice by leaving their law practice.

The bill to create a new county, to be known as Sandoval county, out of the northern sections of Bernalillo county, is published elsewhere in today's Citizen. It should be read over carefully by taxpayers.

GOV. E. S. STOVER.

In connection with an item on the death of his beloved wife, which occurred in this city the other day, the Topeka State Journal has the following regarding Governor Stover:

"E. S. Stover was elected lieutenant governor of Kansas in 1872. He lived at Council Grove at the time. In the senatorial election of 1874, when there were about a dozen candidates for senator, Stover was one of the leading candidates. The others who were well in the lead were James M. Harvey, Preston B. Plumb and J. K. Hudson. Harvey was elected. The Stovers lived in Topeka for a time, but went to Albuquerque about twenty-five years ago. Governor Stover was captain of a company in the Fifth Kansas during the war."

LOOKS BRIGHT FOR BILL.

A dispatch from Washington, on the statehood situation, says:

"The republican senatorial advocates of a compromise statehood bill have prepared their measure for the admission of two states, Oklahoma and Indian Territory comprising one state and Arizona and New Mexico the other. They will bring it before the committee on territories at the first opportunity, but are holding it back because of the opposition of the democratic senators and also because of the fact that some of the republican supporters of statehood are not entirely reconciled to the change. There is renewed talk of pressing the omnibus bill as an amendment to the agricultural appropriation bill, and the advocates of the course contend that they have pledges of support from a majority of the senators."

TUBERCULOSIS FROM COW.

At a meeting of the Berlin Medical society the question was again discussed as to whether bovine tuberculosis could be transferred to human beings. Professor von Haeussmann showed the strength of Professor Koch's theory from prolonged observations, and declared that tuberculosis certainly could be transferred through food, which caused tuberculosis tumor of the intestines. This frequently heals itself, but sometimes spreads to other parts of the body. He added:

"In no case, however, does the infection cause ordinary tuberculosis of the lungs, which results in phthisis, and since the fact that this bovine tuberculosis of the human intestines is never by itself fatal. Professor Koch's assertion, to all practical intents and purposes, has turned out quite right. It would, therefore, be harmless to feed children with uncooked milk, but the milk which is commonly sold contains a number of other dangerous ingredients, which frequently lead to catarrh of the intestines."

LAS VEGAS.

From the Record.

Mrs. Bearinger, mother of Mrs. Mann, was reported among the sick. In the suit of James A. Dick against James Barton to recover on an open account, judgment was rendered in favor of the plaintiff in the sum of \$111.65.

Capt. J. A. La Rue, secretary of the New Mexico cattle sanitary board, returned home; also M. N. Craffin, member of the board.

Paul Hernandez, the little son of Dr. Hernandez, while out riding his bicycle, was thrown from the machine by running over a dog and sustained several very severe bruises, but nothing serious.

Suit has been entered in Colfax county by Mrs. Alice West et al., vs. Thomas McBride for \$500 damages for and on account of damages sustained by plaintiff to lands, spring and house by the trespassing of cattle, belonging to the defendant, on said lands.

William Hall has brought suit in Colfax county against the Maxwell land Grant company, for the enforcing of an agreement made between the said parties for the sale to the defendant of certain lands, mining claims and mill sites, and to recover from the defendants \$5,000 alleged damages.

News was received in the city last night of the death on Monday last at Salado, eighty-five miles from here, of Candido Robledo, a brother in law of Don Eugenio Romero, at the age of 65 years. A conveyance was sent out from here last night for Bado de Juan Paiz, where it will meet the funeral procession and bring the body to here for burial, probably reaching this city tonight.

A. T. Rogers, the well known blacksmith, who has been a citizen of Las Vegas for a great number of years, and who is at present a member of the board of county commissioners, was so unfortunate as to suffer a rather

severe accident while at work at his place of business. He was striking something on the anvil with a steel hammer when a small particle of the hammer flew off and striking him on the hand, penetrated deeply into the flesh, cutting a small artery on the way and causing a very painful wound. The wound was probed for the piece of steel but unsuccessfully as it is so small that it is very difficult to locate.

Day before yesterday a small boy of about two years, created a commotion on Bridge street. The little fellow occupied the thoroughfare for some minutes, running in front of teams and crying, barely escaping being run over once or twice until Ludwig lifted him into his store. The little fellow was so scared he could not tell his name or give an account of himself and for some time his identity could not be ascertained. Mrs. Albert Slack, however, appeared after the police had been notified and claimed the child, she having hunted all over town for him. The boy had run away from home and traveled over a mile in his wanderings.

AFTER JUDGE McMILLAN.

A. A. Freeman Opposing Him, Though Not a Candidate.

A special dispatch from Washington, says: Judge A. A. Freeman, of Carlsbad, N. M., is here avowedly to oppose Judge D. H. McMillan, who is seeking to hold his position in spite of charges of improper conduct. Freeman has sent word to the president that he is not a candidate for McMillan's place.

HALFSICK

Generally the expression is, "I don't feel half well," though sometimes people say, "I feel half sick." But there is no such thing as being half sick. The man who feels half sick is all sick. As a rule, the cause of the weak, tired, half sick feeling is disease of the stomach, resulting in loss of nutrition and consequently in physical weakness.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It restores strength by enabling the perfect digestion and assimilation of food. It makes half sick people all well. "I suffered for four years with pain in my stomach so that at times I couldn't work nor eat," writes Mr. Frank Smith, of Granite, Chaffee Co., Colo. "I wrote to you about my sickness and was told to use your medicine, which I did with good results. I only used four bottles of your Golden Medical Discovery, and now say that I am entirely cured and feel like a new man, and I can highly recommend your medicine to any sufferer."

"Golden Medical Discovery" contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It is strictly a temperance medicine. Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach. The "Common Sense Medical Adviser," one thousand and eight large pages, in paper covers, is sent free on receipt of twenty-one one-cent stamps, to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Brakeman Patterson, who was laid off about ten days ago, has gone back to work again.

A. McGee and Phil Callahan left Las Vegas for Rio Puerco to do stone work on bridges on the Santa Fe cut off.

F. L. Moeller, clerk in the dispatcher's office at Las Vegas, will have charge of a construction gang on the Santa Fe Central.

J. F. McNally, the busy superintendent of the Rio Grande division of the Santa Fe, is in the city from his headquarters at San Marcial.

S. A. Rankin, traveling train dispatcher of General Manager Mudge's office, was in the city this morning on matters concerning his official position.

President E. P. Ripley, of the Santa Fe system, is now interested in the irrigation enterprise of the lower Pecos valley. He subscribed for \$5,000 worth of the Pecos irrigation company's bonds, part of the \$50,000 issue to build the big concrete flume over the Pecos, just north of Carlsbad.

Forest Parker has returned from a sojourn of several weeks spent in Arizona. Mr. Parker has secured stock in the Southwestern Bridge and Iron company operating in Kansas and Oklahoma and will leave in a few days for Wichita, Kan., to take an active interest in the company's business.

The Topeka State Journal says: Henry Lantry, one of the famous firm of Lantry Bros., contractors, was in Topeka Monday. It is thought that he was here for the purpose of looking over some of the Santa Fe engines with the view of buying one. The Lantry Bros. already have several engines which they have good use for in their business.

Conductor Charles E. Weis, some years ago, was expelled from the order of railway conductors for some failure to comply with its regulations. He afterward requested the officers to furnish him with a transfer card to a division of the order in Jersey City, and on refusal he commenced suit. After going through various courts and being tried several times in the supreme court of New York, an adverse decision has been rendered and the unprofitable litigation of several years has ended in favor of the order.

Big Tie Contracts.
Eugenio Romero is head over heels in the tie business these days, and friends say he is on the high road to retrieve the losses sustained by him during the hard years of the business and return to the opulence and wealth he enjoyed in the early eighties. Mr. Romero has a big force of men scattered through the mountains along the route of the Santa Fe Central and is delivering ties along that line at the rate of 500 per day. Mr. Romero has also just landed a contract from the Santa Fe which will amount to 500,000 ties, and will occupy his mind and time for a year to come.—Las Vegas Optic.

Bucklen's Arnica Salve.

RAILROAD GEMS.

The twentieth edition of Mark Twain on the Las Vegas Record, who prepares copy for the railroad column of that paper, continues poking fun at the railroaders of that town. Here are some of his latest "gems":

Brakeman Ben Coles, the man of mystery, is laying off. His constitution is hardly strong enough for the hard labors of a brakeman as yet.

Fireman Ward has been assigned for riding the goat in Walden's back yard and seeing to it that Billy gets its feed when needed.

Fireman Ferguson is the cold storage bremen now, that is, he has been placed on the ice run as the proper man to keep the ice from burning up.

Fireman Fletcher is once more at his post of duty watching the hands on the steam gauge do their Irish reel after several days off in the wilderness of idleness.

Jim Kinnen, the Apollo of the local yard, who has been off for some days past wrestling with a severe cold, resumed his occupation of giving automobile kick signals today.

Engineer Schubert having lost several pounds avoidropids traveling around the city in search of that which is strange, has announced himself as ready for duty, increasing his pay check.

Fireman Klecan, who loves to wander over hill and dale with a fair one by his side, has abandoned this search for the elixir of life and reported himself as ready to resume operations with the scoop where the fire is the hottest.

Hopewell at Santa Fe.
General Manager W. S. Hopewell, of the Santa Fe Central railway, returned last night from a lengthy trip along

the line of the road, says the New Mexican. The steel rails ordered from Youngstown, Ohio, are being shipped, and General Manager Hopewell expects a heavy consignment of them to arrive in Santa Fe almost any day. The entire line of the Santa Fe Central railway between Santa Fe and Torrance is graded, with the exception of a stretch of fifteen miles between Kennedy and Willard station. This will be graded as soon as the weather permits, and work thereon may commence any day. The yards at Torrance are in good shape and ready for business. Track laying machines, locomotives and flat cars for the laying of steel are there and ready.

HURT HIS SPINE.

Kansas City Dentist Sues Rock Island for \$50,000.

Dr. C. W. Correll, a dentist of Kansas City, who was injured in a wreck at Herington, Kan., a few months ago, is bringing large suits for damages. His petition alleges that his spine was injured. Dr. Correll sat in the court room in Kansas City in a wheel chair and testimony given by witnesses tended to show that Dr. Correll had lost the use of his legs. He is suing the Aetna Accident Insurance company for \$1,700. Suit has also been filed against the Rock Island railway for \$50,000. The attitude of the attorneys for the defense showed that they will try to prove that Dr. Correll's injury is not as severe as he represents.

New Missouri Pacific Road Through Oklahoma.

An amended charter was filed at Guthrie, Okla., with the territorial secretary by the Kansas, Oklahoma & Southwestern company, with the principal place of business at Stillwater, Okla., and with \$11,000,000 capital stock. The proposed lines are 640 miles in length. The main line runs from Peru Junction, Kan., to Kirklund, Texas, striking Stillwater, Guthrie and El Reno, in Oklahoma. Branch lines are provided for running south-east from Stillwater through the Indian Territory to Fort Smith, Ark., and from Stillwater northwest through Oklahoma territory to Woodward, Okla. S. F. Swinford is president, George W. Hall vice president and general manager, J. E. Sater secretary and Dale Lytton treasurer. The Missouri Pacific is financing this line, which is now surveyed permanently from Peru to Guthrie.

EARNINGS RAPIDLY INCREASE.

Rock Island May Pay 6 Per Cent on Common Stock.

For the six months ended December 31, 1902, the Rock Island system has earned \$9,363,485 net. Adding income from investments, \$692,392, makes the total net earnings \$10,055,877. As a year's fixed charges of the system are officially estimated at \$9,600,000, it is evident that all further net earnings in the next six months will be applicable to dividends.

What the Rock Island system earned in the first six months of the calendar year 1902 is not clear, as the properties embraced in the system did not make regular monthly reports. It is estimated, however, that net earnings in the first half year were approximately

BOBBY BURNS SAYS:

"The Honest Man Tho' E'en Sae Poor is King O' Men for A' That."

The honest man is honest with himself, with the body God gave him. He is careful to choose the amusements and food which most nearly bring about the results which he wishes to obtain. Of all these proper food is the most important. He recognizes the need of a "strong mind and sound body" and seeks a form of sustenance which will not move the machinery of the human system out of line.

Trimming logs is a humble occupation and the man who follows this laborious calling truly earns his living. A workman in the pine forests of North Carolina writes: "I used to drink about nine cups of coffee a day and I got so I had headaches so bad I had to give up work. My heart would flutter and sometimes it seemed to stop beating. While I was sick a friend advised me to quit coffee and use Postum Food Coffee. So I got some and in one week I was back to work trimming logs which is very hard work. I have been well since and stick to Postum. I had a friend here in the camp who acted like he had consumption. He was weak and ill. I persuaded him to give up coffee and use Postum. He began to improve steadily until now he is well again and what we thought was consumption is all gone. I thank you for restoring my health." Name given by Postum Co., Battle Creek, Mich.

\$6,200,000. In the calendar year 1902, therefore, total net earnings were about \$16,200,000. Earnings on the common may be figured as follows:
Total net earnings \$16,200,000
Less estimated charges..... 9,600,000

Balance for shares..... \$ 6,600,000
Four per cent on preferred, 2,160,000

Surplus for common..... \$ 4,440,000
Earned on \$75,000,000 common, 5.9 per cent.

December earnings were not so large as in the two previous months, but they compare very favorably with earnings of the same properties in 1901. Gross earnings increased \$568,000 and net earnings \$127,000. These are by far the largest increases reported by the system since its formation. Allowing for further increases in the next six months, the common stock will probably earn by next June about 7 per cent.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Dr. Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been solved that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

Amusements.

Pretty, winsome Lottie Kendall, of the Olympia Opera company, and of whom throughout the south and west has acclaimed the beauty of the season, will appear in the company's production of "Said Pasha," which is to take place at the Colombo opera house Friday evening. This little lady will doubtless delight the eyes of an audience that tests the capacity of our local play house, that is, judging from the present strenuous demand for desirable seat locations.

IMPORTANT SCIENTIFIC DISCOVERY

A Clinical Preparation That Positively Kills the Dandruff Germ.

A most important discovery has been made after a year's patient laboratory work aimed in a certain direction—it is Newbro's Herpicide, a preparation that cures baldness, prevents falling hair, and speedily and permanently eradicates dandruff. These evils are caused by a germ or parasite that burrows into the scalp, throwing up dandruff, as it seeks to sap the life of the hair at the root. There's no baldness without falling or thin hair, no thin hair without dandruff, and no dandruff if the germ is destroyed. Newbro's Herpicide is the only preparation that will do the work. "Destroy the cause, you remove the effect."

"Sold by leading druggists. Send for in stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

WET WINTER IN TERRITORY.

Prospect of Plenty of Grass on New Mexico Ranges.

The weather bureau at Santa Fe has published its annual snowfall bulletin which shows that with the exception of the watersheds of the Canadian and its tributaries the season thus far shows a better prospect for an abundant water supply in the streams of the territory than for some years past.

At the close of January there was very little snow on the ground below 8,000 feet, but since then there has been several light, moist snows which soon evaporated.

Above 10,000 feet, in the northern mountains, the average depth at the close of January was from three to four feet on the north sides, but on the south and east slopes there were frequent bare spots.

However, the exceedingly heavy winds during the last week of January, although a potent evaporating agent, doubtless proved more advantageous than otherwise by filling the mountain canyons with the drifting snow.

With the exception of the northeastern quarter of the territory, which has been unusually dry throughout the fall and winter, the prairie soil is in very good condition for the early starting of spring grass, and at the present writing there is every prospect for an early spring with good grass and a good water supply.

TRIALS OF A PROFESSOR.

One of Albuquerque's Tough Kids Assaults His Teacher.

"Spart the job and spoil the fun" is a befitting modern proverb, which can be appropriately applied to the little comedy drama that was played in one short but fast and furious act at the Albuquerque Business College one day this week.

Professor Odenwalter has a little piece of hose, which when applied by the professor gives the mothers of the boys a little mending to do. On this particular occasion, which was exciting to the limit, the professor saw fit to use his hose on the sensitive anatomy of one of the students who spends his time sometimes studying and most of the time studying how to keep from

studying.

In a stage like manner the professor advanced toward the villain, but the villain in the play is next to his game, and places a small bottle of black ink between the professor's eyes. But playing the black did not put the professor out of the game. On he comes with renewed energy and anger. The villain seeing he was losing on the black, picked up a bottle of red ink and played the red. This time it hit the professor on the bridge of the nose with a winning effect. The red ink not only covered the professor's crimson face already heated from anger, but all the surrounding landscapes were tinged with red.

When the wreckage was cleared away and traffic resumed it was discovered that smashing of the glass bottle on the professor's nose had cut an ugly gash, which required several stitches and the extensive use of court plaster.

The villain in the show has ceased to be a student of the college, and higher education is a fallen air castle.

A Weak Stomach

causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach, and wards off and overcomes disease. J. B. Taylor, a prominent merchant of Christman, Texas, says: "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." B. H. Briggs & Co., and S. Vann & Son.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattlemen all know this. Deming, the coming city of New Mexico.

Deming has a magnificent school system. Deming, the railroad center of New Mexico. Deming, the gateway to the best part of Old Mexico. Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest. Deming! Don't overlook it if you are looking for a safe and paying investment. Deming water is chemically pure—equal to Polan springs.

Deming has increased 50 per cent in population in four years. Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and triple in one year. Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

TERRITORIAL LAWMAKERS

(Concluded from page one.)

each roll call those in the minority explained their votes at great length and much time was consumed in this proceeding. Mr. Llewellyn then moved to read the bill by title and on that motion demanded the previous question. Mr. Bowie objected to these tactics. He denounced it as "tag rule" and said he did not admire a man who would make such a motion or men who would advocate such methods. He bitterly denounced the tactics adopted. The previous question was ordered by a vote of 16 to 8, and then Mr. Dalles moved to adjourn. Speaker Montoya held that a motion to adjourn could not be entertained until the main question was put. Mr. Bowie took exception to the ruling and insisted that a motion to adjourn was always in order. The speaker held to his ruling and then Mr. Dalles moved to lay the motion on the table, but this was held to be out of order. The motion to read the bill a second and third time by title was then carried by a vote of 16 to 8.

Mr. Llewellyn then moved the passage of the bill and on that demanded the previous question. Mr. Bowie again bitterly protested against the attempt to prevent amendment or debate. Speaker Montoya ruled that the motion should be divided on the passage of the bill. He held that the motion to pass the bill should be considered alone. Mr. Dalles was recognized and at length entered a protest against the bill on behalf of Valencia county. He said that Belen wanted the reform school and spoke of the services rendered the republican party by his county. He spoke along political lines and made a strong plea that Valencia county should be given consideration in the matter and scored his colleagues for not saying anything about the bill. Mr. Dalles spoke at great length on this question and was followed by Mr. Bowie with a motion to amend the bill by striking out Raton and locating the miners' hospital at Gallup, and to locate the reform school at Belen. Mr. Kilpatrick presented a third amendment to locate the miners' hospital at Cerrillos. Mr. Ortega moved to adjourn but the motion was lost by a vote of 9 ayes to 15 ayes. Mr. Bowie then took the floor to speak on the amendments. He at great length, presented the advantages of Gallup as the location of the miners' hospital and referred to the mining industry of which Gallup is the center. He denounced the action of council members in working for the passage of the bill and begged that the amendments should be adopted. As soon as he finished Mr. Ortega again moved to adjourn, but it was lost by the vote of 16 to 8. On this and all other roll calls, many members explained their votes and much time was consumed. Mr. Dalles then rose to speak to the amendments. After he had spoken for about half an hour, Mr. Llewellyn demanded that he be limited in his time and that the 15-minute rule be enforced. Martin Sanchez at once granted his time. There was some parliamentary sparring between Messrs. Dalles and Llewellyn. This became quite heated. The speaker called both to order and then Mr. Dalles and Mr. Llewellyn each apologized to the house. Mr. Dalles spoke for over an hour, different members granting him their time. Throughout the debate members rose to protest against personal attacks and the speaker was kept busy. When Mr. Dalles was exhausted all the time he could command, Cristoval Sanchez moved to reject all amendments and demanded the previous question. Martin Sanchez had risen to speak on the amendments, and Mr. Dalles raised the point of order that he had the floor and Cristoval Sanchez had no right to offer his motion at that time. The speaker spoke at great length and Cristoval Sanchez rose several times to object and claimed Mr. Dalles was not confining himself to explanations. The speaker several times ordered him to confine himself to his reasons for voting as he intended to. Finally, Mr. Llewellyn rose to protest and declared the so-called explanation and the course of Mr. Dalles to be discourteous to the speaker and an insult to the house. Mr. Dalles resumed and then was ordered to sit down by the speaker. Mr. Kilpatrick rose to appeal from the ruling of the chair, but the speaker did not hear a second to the appeal and again there was tumult. Finally order was restored and roll call was finished. The bill was passed 16 to 8, those voting against it being Messrs. Sanchez of Valencia, Bowie, Dalles, Kilpatrick, Ortega, Sandoval, Gutierrez and Mr. Speaker. A motion to reconsider was then made and the motion tabled. It was after 8 o'clock when final adjournment was taken.

(Seventeenth Day—Morning Session.) When the house met this morning, prayer was offered by the chaplain. Mr. Sanchez moved to dispense with the reading of the journal, but Mr. Bowie objected. Mr. Sanchez asked a recess of half an hour in order that a compromise on the employees question be completed. This was objected to and the journal was read.

The speaker called Pedro Sanchez to the chair. Corrections were made in the journal, especially in reference to the exciting session of yesterday afternoon. It took almost an hour to read and correct the journal. Speaker Montoya then resumed the chair.

Council bill No. 6, an act relating to the burial of indigent soldiers was laid before the house and referred to the committee on military affairs. Pedro Sanchez moved a suspension of the rules to pass the bill. Mr. Bowie and Mr. Gutierrez explained their votes.

Pedro Sanchez made an impassioned speech for the bill which was received with applause that went unchecked. The rules were not suspended as the vote was 13 ayes and 11 nays. The bill was referred to the committee on military affairs.

Council bill No. 5, an act relating to duties and powers of mayors of cities and towns was referred to the committee on municipalities.

Council joint resolution No. 7, relating to the publicity of proceedings of the legislative assembly through the public press was referred to the committee on printing.

Substitute council bill No. 30, an act relating to eminent domain was referred to the committee on judiciary.

Council joint memorial No. 3, relating to the refunding of the Taos county bonded indebtedness, was referred to the committee on finance.

Council joint resolution No. 8, accepting the scholarships under the terms of the will of the late Cecil J. Rhodes, was referred to the committee on education.

House bill No. 90, was introduced by Mr. Baca. It amends sub-section 103 of section 1655 of the compiled laws of 1897, and was referred to the judiciary committee.

House bill No. 91, by Mr. Howard, is for the relief of A. B. Baca for the capture and return to Santa Fe of Jose Telles, who was one of the prisoners who escaped from the county jail after murdering the jailer, Eptacio Gallegos. The bill appropriates \$500, of which \$100 is to be refunded to Sheriff Kinsey, of Santa Fe county, for the money he paid Baca from his private means. The remaining \$400 is for the expenses and pay of the men employed. Mr. Ortega moved that the rules be suspended and the bill passed. When Mr. Howard's name was reached on the roll call he asked that the bill take its regular course, and Mr. Ortega withdrew his motion and the roll call was suspended.

A message was received from the council that it had failed to concur in the house amendment to council joint resolution No. 9, which provides for the payment of employees. As adopted by the council it made no appropriation for the payment of the house employees. The house amended so as to add \$2,200 for the payment of its employees. The contention between the two branches is that the house has not abided by the schedule agreed upon in caucus and is paying its employees more than the council is paying. Messrs. Spies, Albright and Fall of the council appeared as a conference committee on the resolution, and Cristoval Sanchez moved the appointment of a conference committee on the part of the house. The motion was carried, and Speaker Montoya named Messrs. Cristoval Sanchez, Baca and Martin Sanchez as the committee. The two committees at once went into conference.

House bill No. 92 was then introduced by Mr. Turner. It provides for the payment of expenses of the territorial board of education and for the holding of teachers' institutes. It was referred to the committee on education.

By request, Pedro Sanchez presented house joint resolution No. 4, providing that the regular employees of the capitol building shall be placed on the legislative pay roll for the session at the rate of \$1.50 per day each on account of the extra work they are required to perform. The resolution carries an appropriation of \$40 for this purpose. It was referred to the committee on finance.

The house then took a recess until 2 o'clock to await the report of the conference committee.

(Afternoon Session.) When the house met this afternoon, house bill No. 17, by Eduardo Martinez, an act in relation to public officers failing to perform their duties when called upon to do so, was reported by the committee on judiciary with the recommendation that it do not pass, being too general. The report stated that the intention of the bill was the best and was to correct a general complaint. The report was adopted and the bill laid on the table.

House bill No. 52, by Eduardo Martinez, relative to fees of justices of the peace and constables, was reported adversely by the committee on judiciary. The minority report, advocating its passage, was signed by Eduardo Martinez. The minority report was rejected and the bill laid on the table indefinitely.

House bill No. 27, by Eduardo Martinez, amending the law in relation to county commissioners, was reported by the majority of the committee unfavorably. The minority report was signed by Mr. Martinez. The minority report was rejected and the bill laid on the table indefinitely.

House bill No. 28, by Mr. Howard, to provide for the furnishing of proper bonds of territorial and county officials, was reported favorably by the same committee. It requires surety or security company's endorsement on all bonds of officials and bars personal sureties. Mr. Llewellyn moved the adoption of the report, but Cristoval Sanchez in an amendment moved that the bill be laid on the table indefinitely. On the roll call, many members made speeches for and against the measure in explanation of their vote. The vote was 19 in the affirmative and 6 in the negative. A motion to reconsider was tabled.

House bill No. 8, was reported by the judiciary committee with the recommendation that it be not passed. It is by Cristoval Sanchez to prevent the presence of disorderly and drunken persons at recreation dances.

A message from the council reported the adoption of substitute resolution

No. 9, for the payment of employees. By unanimous consent the substitute was adopted.

House bill No. 8 was then referred back to the judiciary committee.

The house adjourned till 10 o'clock Friday morning.

A Legacy of the Grip.

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, food purifier and regulator of stomach, liver and kidneys. THE OLD SOLDIERS.

Commander Edwards Responds to Chaplain MacNamara's Letter.

A LENGTHY REJOINDER.

Editors Citizen:

We wish through your paper to answer a letter which appeared in The Daily Citizen of the 12th, signed by John A. MacNamara, who says he has no intention of stirring up a controversy, but only to place before the citizens the facts, etc.

The reverend gentleman starts out with statements which, parliamentary speaking, are devoid of the facts, that we are misleading the general public by saying he (Morris) requested to be buried by the Grand Army, etc. He undertakes to say that no request was made of us or to that effect, or at any rate it was not his (Morris') last request, etc. In his weak and feeble condition on the night prior to his death, he may have made a request as he states, from Mr. MacNamara's own lips, he told us. That on the night before Morris' death he (MacNamara) sat up with Mr. Morris until 1 o'clock in the morning, praying and talking to him, and at last he consented to take the sacrament which he administered to him, and at that time he made the request to be buried as a Catholic and in the Catholic cemetery. This is his (MacNamara's) statement to the committee and myself Wednesday night, besides several others who were present. Now, several of us know, including his son, that for several days previous to his death he could not talk so anything could be understood. His own son, the day before he died, tried to get his father to recognize him and tell him his wishes, but he could not utter a word audibly, while he was in reasonable health and with his full faculties of mind. Several of the comrades talked to Comrade Morris at different times, and he made the request that the Grand Army of the Republic bury him. The writer hereof whom he insinuates is an A. P. A. as well as the committee, only day before he (Morris) went to the hospital called on Comrade Morris at noon and took him some soup and tea. Colonel Morris then and there voluntarily said to me: "Comrade Edwards, you have been a comrade to me. The Grand Army have treated me splendidly. God bless you," and with tears streaming down his poor old cheeks, said: "Comrade, I am slowly dying, and when I do, I want you to see me laid away decently, by the Grand Army; wrap a flag around me. I do not want any religious services except the Grand Army ritual. You and the Woman's Relief Corps are the only ones who have paid any attention to me outside of a few personal friends." We consider that request as more sacred than any other which could be made. As to the arrangements as he says, with Father Mandalari, which were first entered into, I will say that I went with the son to the parsonage. Father Mandalari said in going over the probable expense, included in it \$5 for services in church, \$10 for grave, \$12 for hospital, besides hearse, casket, etc. I told him there was not one cent of money in his possession, and asked him about allowing the Grand Army to come to church, and thence into the cemetery and perform the ritual services of our order. He finally gave his permission to all, except he would not allow our chaplain to say a word of prayer. I told him, if agreeable to my post, it would be to me, and that we would have a meeting that night. I laid the matter before my post. They arose almost to a man and said "No," and proceeded to demand a

committee be appointed to have charge of all arrangements and that the full ritual must be carried out, if we raised the funds to defray the expenses; but if the Catholic church wished to defray the expense and raise the money they could have the whole arrangements and we would follow him to the cemetery; but they said nothing about paying any part of the expenses, except that if it was a charity affair they would charge nothing for the church services or grave. That was the last offer made to the committee that night. The committee promptly declined to surrender our principles, but at the late hour of from 7 to 8 o'clock Wednesday night there came to my office some of the committee and they said they were prepared to take charge of the remains and bury them, but not one word did they say about defraying the expenses, or without expense to us. The committee informed them that the arrangements were all completed and we would bury the remains in Fairview, but even then again offered to take him to the Catholic church, let them hold their services for him and then we would take him to Fairview and hold our ritualistic services. They declined to allow us to do so, but asked us to surrender our principles and promises to our comrade for his, and called us un-American and reminiscents of A. P. Aism, etc. That evening he threatened us he would let it be known or words to that effect. I replied I hoped he would. Now, in conclusion, I will say that I could tell a great many more facts to the general public, but refrain at this time. I will say that I have, and the whole committee have, only the most kindly feeling for Father Mandalari, and truly believe he wanted to do right had he been left to deal alone with the committee. He has always treated the Grand Army kindly and acceded our wishes during my administration.

Myself and the committee sincerely regret that this unhappy controversy has been thrust upon us, but attacking and howling vile insinuations against one of the most patriotic and charitable and non-sectarian orders on earth, against men who are his equals in all things, and his superiors in many; against men who dared to risk their lives and health, fighting the battles of their country, and made it possible for him and all of us the right of free speech, to air his opinions in the public press. We trust this unhappy controversy will end here and it will so far as the committee and myself are concerned, and we believe the loyal people of this community will say amen to all we have done. This reverend gentleman is probably not responsible for not knowing that when he attacks the committee of the grandest organization ever in existence, founded on fraternity, charity and loyalty—that he is howling slander at a host of friends of ours in this community who gladly come to our assistance when we need it. And now, Mr. Editor, we thank you for the privilege of space in your loyal paper to publish this letter.

THE MARKETS

Special Correspondence.

Kansas City, Feb. 13.—Receipts of
cattle for two days of this week
amount to 20,000 head, as compared
with 20,000 head the same days last
week, and 12,000 head the same days
a year ago. She stuff and feeders and
stockers had about the usual Monday
demand yesterday, and were a little
higher than a week ago, but corn cat-
tle were the fullest of any week since
Christmas. The bad market yesterday
was accounted for by the demoralized
close of eastern markets last week,
and an excessive run there Monday, of
this week.

Western markets have had the enor-
mous total of 75,000 cattle this week
against 65,000 head the same days last
week. Nothing but lower prices could
be expected under these circum-
stances.

Range cattle on the quarantine side
have been in moderate supply, al-
though showing an increase of ten
cars over two days last week, and
twenty cars over the same days last
year, the total for two days being eighty-
three cars. The proportion of steers
has been large, and the market any-
thing but satisfactory. Some steers
yesterday were good enough to bring
\$1.25, but they were meat and corn fed
Indian steers, and weighed 1,300. Most
light steers bring from \$2.55 to \$3.85.
The few cows on this side have sold
from \$2.60 to \$2.90, with one bunch of
heifers at \$3.35. Bulls have been lower
bidders at \$3.35. Bulls have sold lower
this week.

Western range stuff has been scarce,
and such as came followed the fluctua-
tions of the natives today, fat steers
and cows lower, and stockers and feed-
ers steady. Ninety-one western cows
weighing 1,011 sold at \$3.45 today, and
seventeen head weighing 902 sold at
\$3.35 yesterday. These were corn fed.
Colorado stockers from 600 to 800
pounds sold at \$3.75 yesterday.

Buyers had a good supply of sheep
at their disposal today, the run being
the heaviest for many days. Receipts
were well divided between lambs and
muttons, with a greater percentage of
wethers than usual. Buyers got to
work early, and the best muttons were
fully steady, while ewes were not of
best quality, and showed some weak-
ness. Western wethers sold from
\$4.80 to \$5.10 today. A bunch of Mex-
ican yearlings sold at \$5.65, which is 5
cents higher than they have sold pre-
viously this winter. The movement of
lambs was active throughout today,
and prices steady with recent sales.
Colorado and Mexican lambs of the
better class sold at \$6.00 today, al-
though top for the week on these was
\$6.15, for some very choice lambs. J.
D. Scott, of Las Animas, sold a bunch
from his feed lot yesterday weighing
seventy-four pounds at \$6.10. These
lambs made a gain of sixteen pounds
in three months, on a ration of sugar
beets and alfalfa. Medium quality
westerns bring \$5.65 and lightweight
Mexicans sold at \$5.35.

(Concluded from page one.)

there will be an extensive log pond,
two power houses, water tower, pump
station, box factory, planing mills,
storage houses and yards built, which,
when all completed, will cover many
acres of ground.

The Santa Fe railroad have expres-
sed themselves as well pleased with the
location and will put the main line
spur in as soon as possible in order
that the construction material can be
moved to the grounds and work on
the buildings commenced at once.

The plans of the company, when car-
ried out, will make Albuquerque the
leading lumber market of the south-
west, and will place her in the ranks
of the manufacturing cities.

All the difficulties, which would in
all ways cause the plans of locating to
fall through, have been removed
and the establishment of the lumber
plant is assured.

The deeds and abstracts have all
been signed, transferred to the com-
pany and passed upon by their attor-
ney; and as it now stands the land
all belongs to the company, which will
insure an early start of the construc-
tion work.

The transfer of land having been
made to the company, the next thing
in order was the collection of the sub-
scriptions from the citizens. Consider-
ing this fact the citizens' executive
committee have issued the following call:

Call for First Assessment.

Subscribers to the Albuquerque
Eastern railway terminals and Ameri-
can Lumber company saw mill site are
hereby notified that the first call for
one-third of the subscriptions is now
called for, to be paid into the Bank
of Commerce on or before the 22nd in-
stant.

There is urgent need for prompt pay-
ment not later than date named and it
will greatly facilitate matters if sub-
scribers make payment to the bank
direct and not wait personal call.

Miss Heimbeck Married.

Last Tuesday at the Episcopal
church, Trinidad, Colo., occurred the
marriage of Miss Katherine Heimbeck
to Lowell Terry Laidley. The bride,
until recently, made her home in this
city, and was very popular owing to
her vocal accomplishments. The groom
is a trustworthy young man now em-
ployed as bookkeeper in a wholesale
house at Las Vegas. Mr. and Mrs.
Laidley will be at home in East Las
Vegas after March 1.

his bruised anatomy.

The Eagles Meet.

The Eagles held a rousing meeting
last night at their usual place of meet-
ing, and several important issues were
up for consideration. One of the mat-
ters that was acted upon was the pre-
senting of a play, some time in the
near future, probably next month. It
has not been decided yet as to whether
this will be a minstrel or a comic op-
era. W. L. Barnes was appointed to
look after the arrangement and man-
agement. He has secured the assist-
ance of Mrs. Rosa Berry for the mus-
ical features. The Eagles will spare
no efforts in making this an elaborate
affair, and already considerable inter-
est has been manifested in the coming
event.

Sandoval County Bill

Los Corrales to be the County Seat

An act to create and establish the county of Sandoval, fixing the boundaries thereof and providing for its government.

Be it enacted by the legislative assembly of the territory of New Mexico:

Section 1. That a county be and the same is hereby created and established in the Territory of New Mexico, to be known as the county of Sandoval, which county is bounded and described as follows:

Beginning at the closing corner of township twenty-four, between range 6 and 7 east, on the fifth standard parallel north, thence south along the line between ranges 6 and 7 east of the New Mexico principal meridian, to the center of township 11 north, thence west through the center of said township 11 north, to the boundary line between the counties of Bernalillo and Valencia, thence in a northerly direction along the boundary line of said Valencia county to the third standard parallel north, thence west along said third standard parallel north, to the corner of township 13 north between ranges 7 and 8 west, thence north on the line between ranges 7 and 8 west to the northwest corner of township 23 north range 7 west of the New Mexico principal meridian, thence east on the line between township 23 and 24 north to the New Mexico principal meridian, thence south along said principal meridian, thence south along said principal meridian to the corner of township 20 and 21 north, and thence east between townships 20 and 21 north, a long the 5th standard parallel north, to the place of beginning.

Sec. 2. The county seat of said county of Sandoval shall be and the same is hereby located at the village of Los Corrales or Sandoval, now in the limits of Bernalillo county.

Sec. 3. The county officers for the said county of Sandoval and their duties shall be the same as those prescribed by law for officers of other counties in the Territory of New Mexico, and they shall be elected at the same time and in the same manner as the officers of other counties in New Mexico. On or before the first day of August, 1904, the governor of the territory of New Mexico shall appoint three qualified persons who shall be legal voters within the limits of said county of Sandoval, as an election and returning board. The members of said returning board before entering upon the discharge of their duty shall take an oath before some officer duly qualified to administer the same, which oath shall be that now prescribed for county commissioners, and shall be in writing, and after having executed the same, it shall be filed by the members with the secretary of the territory, who shall thereupon send the said returning board registration lists, poll books and all other blanks which are sent by him to county commissioners of organized counties, for the purpose of conducting elections therein. It shall be the duty of such returning board to appoint boards of registration, judges and clerks of election, and to call and give notice of the holding of a general election at the time and in the manner now prescribed by law and qualified as herein provided, shall have the same power and authority as to receiving, canvassing and certifying of the returns of the general election to be held on the first Tuesday after the first Monday of November, 1904, as is now conferred by law upon the boards of county commissioners of the several counties of the territory. Such members of said returning board shall serve as such without compensation and their functions shall cease with the election of a board of county commissioners of said county of Sandoval.

Sec. 4. The said county of Sandoval with reference to the salaries and compensation of officers shall be a county of the third class as defined in and provided for in chapter 60 of the session laws of 1897, compiled in the compiled laws of 1897, at pages 303 and 304, and the emoluments of the officers of said county shall be the same as are now provided for officers of counties belonging to said third class, as they are now or hereafter may be provided by law.

Sec. 5. For legislative purposes, the said county of Sandoval is hereby attached to and made part of the fifth council and the ninth legislative district and jointly with the county of Bernalillo shall elect one councilman, and Sandoval county alone shall elect one representative to the house of representatives of the territorial legislature.

Sec. 6. The said county of Sandoval is hereby attached for judicial purposes to the second judicial district, and a district court for the trial of causes arising under the laws of the territory shall be held twice a year by the judge of said court, at the county seat of Sandoval county, at such time as the judge of said court may determine until regular terms of said court therein shall be prescribed by law, and the district attorney for the counties of Bernalillo, Valencia and McKinley, shall also act as district attorney for said county of Sandoval, and his appointment shall include said county.

Sec. 7. The precincts and school districts now existing in the territory included in such county of Sandoval, and the officials thereof, shall remain the same as they now are, until they may be changed as provided by law.

Sec. 8. It shall be the duty of the auditor, treasurer and solicitor general of the territory to assemble as a commission for that purpose to ascertain, on

the 1st day of October, A. D. 1904, the total indebtedness of Bernalillo county, from which Sandoval county is segregated, less cash on hand to meet such indebtedness, and less the value of all permanent public improvements remaining in Bernalillo county, and also ascertain from the assessment rolls for the year 1904, the value of all taxable property embraced within the limits of Sandoval county, so taken from Bernalillo county; and thereupon to determine the amount of such indebtedness that may be due from Sandoval county to Bernalillo county, less the amount of cash on hand to meet such indebtedness, as such conditions existed on the 1st day of October, A. D. 1904, and the amount so found to be due from Sandoval county to Bernalillo county, by said commission, shall be final and conclusive on both counties.

Sec. 9. For the purpose of enabling Sandoval county to pay to Bernalillo county the amount of its obligation and debt as found and ascertained by the commission provided for in section eight of this act, the board of county commissioners of Sandoval county is hereby authorized and directed to issue its coupon bonds of that county, which shall bear interest at the rate of five per cent per annum, evidenced in coupon bonds, payable semi-annually; such bonds shall be payable absolutely twenty years from their date, and at the option of said county after ten years from their date. They shall be in the sum of one hundred dollars, or some multiple thereof; they shall be signed by the chairman of the board of county commissioners, countersigned by the clerk of said board, attested by its seal and endorsed by the treasurer of the county, and shall be in form to be approved by the district attorney of the second judicial district.

Sec. 10. Such bonds may be sold for cash, at not less than par and the proceeds turned over to the said county of Bernalillo in full settlement of said debt; and if said sale cannot be made by the first day of July, A. D. 1905, then and in that case the said bonds and coupons attached shall be turned over to Bernalillo county in full settlement of said debt. And it shall be the duty of the board of county commissioners of Sandoval county to annually levy a tax sufficient to pay the interest coupons coming due semi-annually upon said bonds, and in addition a sufficient amount to create a sinking fund to pay said bonds when they become due. Said bonds shall be the first issued by said Sandoval county, and the levy for the payment of interest and to create a sinking fund shall be the first made, and such bonds shall be known and designated as "Sandoval county establishment bonds." Such bonds shall be dated the 1st day of July, 1905, and the coupons due and payable semi-annually thereafter. The debt ascertained to be due from Sandoval to Bernalillo county on the 1st day of January, A. D. 1905, shall bear interest at the rate of 5 per cent per annum from date until the payment of the same in cash or the taking of the bonds above provided for and this amount of interest shall be added to the debt evidenced by the issuance of said bonds, and be included therein and from January 1, 1905, the 5 per cent additional interest due to July 1, 1905, shall be considered and treated as a current expense of Sandoval county, and paid as such.

Sec. 11. Sandoval county shall be entitled to have and receive from the county of Bernalillo all unpaid taxes for the year 1904, which taxes have been levied and assessed upon or against property within the former limits of Bernalillo county and which by this act are cut off from Bernalillo and become a portion of Sandoval county; and the treasurer and collector of said Sandoval county shall collect and receipt for the same to the same extent as the treasurer of Bernalillo county might have done had said property remained within the limits of said county. And Sandoval county shall be entitled to and receive from Bernalillo county, such proportion of the moneys received from licenses issued by Bernalillo county, in force in Sandoval county during any part of the year 1904, as such unexpired term of each such license may bear to the whole term for which said license was issued. And all taxes already collected and paid into Bernalillo county for the year 1904, upon the persons and property situated within the limits and boundaries of Sandoval county, shall be credited upon the proportion of Bernalillo county debt accrued and to be paid by Sandoval county; and all penalties or interest accrued upon taxes due upon such property within the limits and boundaries of Sandoval county for the year 1904, are hereby transferred to that county, and its treasurer shall collect and receipt for the same as if they had originally accrued to Sandoval county.

Sec. 12. For the purpose of enabling said county of Sandoval to provide for its current expenses until taxes may be levied and collected therein said county is hereby authorized and directed to issue its current expense bonds to an amount not exceeding \$5,000, and for the purpose of erecting a suitable court house, bonds to the amount of \$60,000 to be known as court house bonds, and for the purpose of erecting a suitable jail bonds to the amount of \$5,000, to be known as jail bonds. All of such bonds shall bear interest at a rate not to exceed 6 per cent per annum, to be evidenced by interest coupons, and all of such bonds shall be in the form and for the time issued and sold and the proceeds disposed of in the manner

provided in section 12 of chapter 38, session laws of 1901, being an act to create the county of Luna.

Sec. 13. This act shall take effect and be in force on and after the first day of January, A. D. 1905, at which date the first officers of said county selected at the general election of 1904, shall assume their respective stations and the said county shall be fully established as a county of the territory of New Mexico, and the provisions herein contained providing for a returning board and its action in calling the election and canvassing the votes, and the method of ascertaining the debt of Sandoval county to Bernalillo county, shall take effect and be in force from and after the passage of this act.

No man can cure consumption. You can prevent it though. Dr. Woods' Norway Pine Syrup cures coughs, colds, bronchitis, sore throat. Never fails.

When a girl first gets a figure she is afraid everybody is looking at it; afterward, that everybody is not.

Everybody's liable to itching piles. Rich and poor, old and young—terrible the torture they suffer. Only one sure cure. Doan's Ointment. Absolutely safe; can't fail.

Women like to drink champagne because there are bubbles in it and because it costs more.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. B. H. Briggs & Co., and S. Vann & Son.

There may be a lot of comfort in a good character, but one's credit is in a good reputation.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. A Mother's Recommendation.
I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

The Easy Pill.
DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. B. H. Briggs & Co., and S. Mercury and Potash

ONLY SERVE AS A MASK FOR
CONTAGIOUS BLOOD POISON

They hide its repulsive form, and this serpent disease, stupefied by these drugs, lies dormant until the effects have worn off or treatment is discontinued, when it breaks down the mask and becomes as full of life and venom as ever. Mercury and Potash may dry up the sores and eruptions, but at the same time they drive the poison back into the blood and system, where it feeds upon the tender tissues, membranes and nerves, finally breaking out in most disgusting sores and even destroying the flesh and bones.

Mercury and Potash cannot accomplish a radical and permanent cure. They have a palliative but not curative effect upon this treacherous snake-like disease. These drugs produce mercurial Rheumatism, destroy the teeth and corrode the membranes of the stomach and bowels, causing inflammation and dyspepsia, nervousness and general derangement of the system.

S. S. S. is a Specific for Contagious Blood Poison, and the only antidote for the peculiar virus that spreads so quickly throughout the system, corrupting the blood and infecting every organ of the body.

S. S. S. destroys the serpent, and eliminates every atom of poison from the blood, it makes a thorough and radical cure of the disease, and at the same time builds up the general health. S. S. S. contains no minerals of any kind, but is a purely vegetable remedy and we offer \$1,000 for proof to the contrary.

Write us about your case and our physicians will cheerfully advise without charge. Our home treatment book will be sent free to all who desire it.

LENTEN CAMPAIGN.

Christians of All Denominations Ap-
pealed to by Twentieth Century.

AN APPEAL TO EVERYBODY.

New York, Feb. 10, 1903.

The central committee of the twentieth century national gospel campaign, of which William Phillips Hall is chairman, has just issued an appeal for a national Lenten gospel campaign, addressed to the Christian ministers and leaders of America. The committee, in this appeal, says:

Pursuant to avowed purpose and work of this committee, of promoting a national gospel awakening "through existing organizations and agencies," for the spiritual, moral and social rescue of unsaved millions of our beloved country, we send you, in the name of our Divine Lord, this our fourth appeal for your prayerful, practical and simultaneous co-operation with us, and with all others who may be likewise engaged, in the great movement for which this committee stands.

We are encouraged to issue this call just at the present time, by the fact that the manifest blessing of the head of the church has rested upon the past efforts of the committee in the way of "inspiration and education." Those who receive this appeal will see reason to thank God that, in various movements in the line of aggressive evangelism, local and national, our suggestions and plans have been adopted and carried out, and have helped, with the blessing of God, to quicken the consciousness of evangelistic opportunities and responsibilities in the ministers and members of various branches of the Christian church. Every one who loves the Lord Jesus will be glad to join in thanking God for the present awakened interest, and in praying that it may lead to the fulfillment of the undoubted obligation of the churches for the full and final execution, in this generation, of the great commission given by the risen Lord. We therefore invite your prayerful attention to the suggestions following:

A National Lenten Gospel Campaign.
The Lenten season has of late years—owing to the special emphasis placed upon it by some branches of the church, and the resulting temporary staying of the tide of worldliness and frivolity at that time—proved peculiarly favorable to the promotion of religious interest. Its connection with the death and resurrection of our Lord increasingly recognized in all branches of the church, would seem to make it a most opportune time for the quickening of Christians for spiritual life and service.

We therefore respectfully suggest a plan for making the most of this Lenten opportunity this year for the furtherance of the spiritual advance for which the present crisis so urgently calls.

Day of Humiliation and Prayer.
Would not every minister or leader receiving this appeal do well to prepare for and initiate this movement by making February 25, 1903, known as "Ash Wednesday," a special day of humiliation and prayer? Let him invite his people to join in confession and in humiliation in view of past sins and shortcomings and in supplication and intercession before God, on the basis of Luke xi:13, for the blessings of which the churches stand in such poring need.

That the praying may not be of that general and indefinite kind that never brings answer, the committee enumerates some of the things for which there is pressing call for prayer:

1. For a return to absolute faith in the Bible as the inspired, authoritative word of God, and as furnishing the churches their only credentials and message; and for an immediate revival of earnest and systematic study of that word in order to learn what God

would have us to in the present condition.

2. For a quickened sense of the sinfulness of sin, and of man's lost and hopeless condition without Jesus Christ.

3. For a new version of the greatness, sufficiency and efficacy of the atonement of Jesus Christ as the only hope for lost man.

4. For an overwhelming sense of the obligation and responsibility, on the part of the disciple of Christ, for witnessing to the lost soul—and to all lost souls he can reach—of the saving power of Christ, and urging the immediate acceptance of salvation through Him.

5. For a mighty outpouring of, and endowment of the holy spirit that the church throughout the entire nation may be equipped to do her God-appointed work in sharing the mission of the Master in seeking and saving the lost.

We think it would be well that on that day the church doors should be thrown open from morning until the close of the evening service, and that the Christian community be urged to come in silence to the house of God, at any convenient hour, and there in genuine travail of soul, pray for a national and universal revival of the religion of Christ.

Observance of the Balance of Lent.

We beg to suggest that, following the day of prayer, and continuing until April 10, every Christian minister, in his own church or in co-operation with the ministers of neighboring sister churches, undertake the work of personal, positive evangelism among the unsaved. Let evangelistic sermons be preached, let special gospel music be sung, let there be discreet and enterprising advertising done through the public press, circulars, cards and bill boards, so that the attention of the entire church shall be focused upon the supreme work of winning men to Christ. Let the gospel work be carried out in the cottages and shops and halls of the community until every soul shall receive the hearty personal offer of Christ as a special Saviour.

We suggest that during a part or the whole of this period Sunday and week night evangelistic services be held in the individual churches and in groups of churches, in theaters, music halls, opera houses and other public meeting places where non-church-going people may be reached by the gospel of Christ.

In order further to emphasize publicly the intense desire of Christians to reach and make welcome the non-church-going people, we would suggest that all church buildings be open to the public each day, from morning until the close of services at night, during the Lenten season.

Let every possible effort be made to prove to the non-Christian public that extraordinary sacrifice of effort, time and money is being made by Christians everywhere to lead men to a saving knowledge of God in Christ Jesus.

We earnestly invite and appeal for the active co-operation of officers and members of all young peoples societies and other Christian organizations, in carrying out this plan.

May we not ask the religious and secular press to lend its influential support and co-operation in the movement, in making public this appeal, with a plan of campaign, and to further the beneficent work which it aims to accomplish?

May we not ask every ministerial association, and other similar organizations of clergymen and laymen, to take this matter energetically in hand at each local point, and let the coming month of March witness, in God's good pleasure, the greatest evangelistic uprising that has ever taken place in the history of the church of Christ in America?

The committee is willing and will be glad, so far as it can, to assist with suggestions or plans of work along the line of this appeal, and invites correspondence with those ministers and leaders who wish to co-operate in the movement, and by so doing assist in promoting further this great work for the Master, upon which life or death of the nation or the church may depend. The address is signed by the national central committee of the twentieth century gospel campaign, William Phillips Hall, chairman, whose address is 113 Fulton street, New York, and the names of the committee are: Rev. Francis E. Clark, D. D., Rev. John L. Withrow, D. D., Rev. A. C. Dixon, D. D., and H. M. Moore, Boston; Rev. D. J. Burrell, D. D., Rev. D. S. Gregory, D. D., Rev. R. S. MacArthur, D. D., Rev. S. **We Were

Bright's Disease and Diabetes
Are Positively Curable.

Upon hearing that Charles A. Newton, the yardmaster of the Southern Pacific Company at Sacramento, had a certain case of Diabetes the business men who were investigating the Fulton Compounds, wrote him asking him to take it; but they were late, as he had already heard of it, as per his letter in answer as follows:

"Dear Sir: Yours of the 21st received, and I thank you for your information regarding the Diabetes medicine made by J. J. Fulton. I was permanently cured of Diabetes by this medicine, and I now enjoy good health once more. I commenced taking it March 2d, and June 2d, was pronounced cured. I now enjoy my old diet in a mild form, but advance more on it as time goes by. I hope some day to meet you at once. I was very bad with the disease. The gravity was such, and I was so weak I could scarcely walk. The physicians helped me some, but said there was no cure. I then heard of and went to treating with the Fulton Compound, and only took three bottles when I commenced to feel better, and then kept on improving until I was restored to health."

"I know of another case of Diabetes, an engineer on the road who had the disease for four years. He went to Tucson, Ariz. When I was getting better I sent for him to come to Sacramento and go on the same treatment. He returned, he believed no medicine would cure him; but I prevailed upon him to try it. This was in May. He is now so much improved that he is on his engine working every day. There are also two cases of Bright's Disease taking it which I told of. I hope some syndicate will get this medicine and build sanitariums all over the country for the treatment of these dreadful diseases. Trusting I have not said too much, Yours,
"CHAR. A. NEWTON,
"Yardmaster, S. P. Co. Santa Fe."

Medical works agree that Bright's Disease and Diabetes are incurable, but it is possible to positively recover under the Fulton Compounds. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 443 Montgomery St., San Francisco, sole agents. Pounds. Free tests made for patients. Descriptive pamphlet mailed free.

KODOL
Digests What
You Eat

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol
Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia, and all stomach disorders, and gives the heart a full, free and untrammelled action.

Bottles only \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c.

Francisco Delgado has received a letter from Judge W. H. Pope, at Tacloban, Philippine Islands, in which Mr. Pope urges Mr. Delgado to come to the Philippines and promising his good position as stenographer. Judge Pope is in good health, although he works hard, and is delighted with the country and its climate.

Ralph McFie is again at Manila after having been a resident of Legaspe for some time. In addition to his successful business ventures in hemp and other products he is now engaged in erecting a factory near Manila for the manufacture of a certain perfume for which there is a read sale and which is prepared from a native Philippine flower, the business being very profitable. The young man was a Rough Rider who won distinction in Cuba, and is a son of Judge and Mrs. McFie, of this city, where he was a general favorite during his residence.

Cured Consumption.
Mrs. B. W. Evans, Clearwater, Kan., writes: My husband lay sick for three months; the doctors stated he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We cannot do without it. For coughs and colds, it has no equal." 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Cancer Cure.

Mr. W. W. Prickett, Smithfield, Ill., writes, Sept. 16th, 1901: "I had been suffering several years with a cancer on my face, which gave me great annoyance and unbearable itching. I was using Ballard's Snow Liniment for a sore leg, and through an accident, I rubbed some of the liniment on the cancer, and as it gave me almost instant relief, I decided to continue to use the liniment on the cancer. In a short time the cancer came out, my face healed up and there is not the slightest scar left. I have implicit faith in the merits of this preparation, and it cannot be too highly recommended." 25c 50c and \$1.00. For sale by Cosmopolitan Pharmacy—B. Ruppe.

ALVARADO TRIO.

Albuquerque Citizens and the Traveling Public in General will be pleased to learn that the "Alvarado Trio" is a Possibility of the Near Future.

Manager Cheatham, who is gradually introducing features which tend to increase the reputation of the Alvarado as a hostelry of the highest rank, is now contemplating a move which will add greatly to the popularity of the Alvarado, not only through the musical loving tourist, but with our home people who have few public places of entertainment. During the past week a trio under the management of Joseph H. Blandin has been organized consisting of Professor Di Mauro, violin; Miss Hanthorn, piano; and Mr. Blandin, cello. This trio will play at the Alvarado in the dining room during the dinner hour Sunday evening, February 15. It is this organization which may become a permanent attraction at the Alvarado. Professor Di Mauro and Miss Hanthorn need no introduction to Albuquerque people, being known as artists of the highest ability, and Joseph H. Blandin is well and favorably known to Albuquerque musicians as a cellist of marked ability with four years' experience in the largest orchestra of the French capital.

The program will be published in this paper Saturday evening. A treat is in store for all who dine at the Alvarado Sunday evening.
