## NEWS FROM WASHINGTON

### Brief Proceedings of Senate and House.

#### GERMANY ACCEPTS BOWEN'S TERMS

#### General William Booth in Washington--Colorado's Crooked Officials.

Washington, Feb. 12.—The senate went into executive session today soon after meeting, and some routine business was transacted.

Immediately after the senate went into executive session today, Senator Pettus moved to reconsider the vote by which the senate yesterday ratified the Alaskan boundary treaty.

Senator Lodge moved to lay the motion on the table and the latter motion prevailed—36 to 25.

There was very little debate on the motion.

After confirmation of a number of nominations and the refusal to re-open the Alaskan boundary question the senate in executive session began consideration of the Panama canal treaty between the United States and the republic of Colombia.

Senator Morgan immediately took the floor to urge that the treaty be amended in many respects and to oppose it unless amended.

#### THE NATIONAL HOUSE.

##### Conference on Report of Bill to Create General Staff in Army.

Washington, Feb. 6.—In the house today the conference report on the bill to create a general staff in the army was adopted. After some further routine business of a minor character the house went into committee of the whole and resumed the further consideration of the sundry civil bill.

#### GERMAN GOVERNMENT.

##### Waives Its Cash Demand and Will Accept Bowen's Proposal.

Washington, Feb. 12.—At the urgent suggestion of Baron Von Sternberg, the German government agreed to waive its demand for a cash payment of \$240,000 and has accepted the proposition of its minister to receive its money from Venezuela in five monthly installments, the first installment to be paid two weeks after the signing of the protocol. This fact was communicated to Mr. Bowen this morning and the German minister hopes to have his protocol ready for signature within the next twenty-four hours. Italy is somewhat annoyed at Germany's demand for increased cash and the Italian ambassador cannot present his protocol for his signature before the receipt of further instructions from his government.

#### GEN. WILLIAM BOOTH.

##### The Salvation Army Official Lunched With President Roosevelt.

Washington, Feb. 12.—General William Booth, commander in chief of the Salvation Army, and his son-in-law, Commander Booth Tucker, in charge of the work of the army in the United States, took luncheon with President Roosevelt today. Invited to meet the president's guests were members of the cabinet, including Secretaries Hay, Root and Moody, Senator Hanna and some other men distinguished in public affairs. The president takes the liveliest interest in the work of the Salvation Army, knowing personally of the results achieved by it, particularly in the large cities. He extended to General Booth a most cordial welcome and discussed with him for some time the work of the army both in this country and in England.

##### Tillman's Case.

Newbury, S. C., Feb. 12.—Application for bail for former Lieutenant Governor James H. Tillman, charged with the murder of N. G. Gonzales at Columbia, was argued here this afternoon. The hearing was presided over by Chief Justice Pope, who on last Saturday granted the hearing to attorneys of Tillman.

#### IN COLORADO.

##### Certain Officials are Squandering the Funds of That State.

Denver, Feb. 12.—The report of Special Commissioner Schwanbeck, who was appointed by Governor Peabody to examine into the squandering of the general incidental fund under the last administration, and which was fully

exposed last October, was handed to the governor today.

The report is a severe arraignment of the methods of the state auditor's office. The printing of bills amounting to \$138,477 are considered "outrageously extravagant," not only in prices charged, but also in the amount of supplies furnished. He finds that the prices for the contract of 1903-4 average about 39 per cent reduction from last year.

##### Against Turkish Rule.

Rome, Feb. 12.—Gen. Ricciotti Garibaldi, one of the sons of the great patriot, who raised a force of Italian volunteers for Greece during the Graco-Turkish war, is organizing a volunteer expedition to assist the Macedonians in their rising against the Turkish rule, which is believed to be impending.

##### Looks Warlike.

Constantinople, Feb. 12.—The fourteen battalions of redifs, (emergency militia), of the Third army corps, whose headquarters are at Salonica, have been ordered to join their colors. According to official statements these troops are intended to replace the reserve battalions called out to quell the Macedonian outbreak last autumn. The latter are still under arms and it is generally believed they will be kept with the colors.

#### THEY CAN MARRY AGAIN.

##### Crown Prince and Princess are Separated in the Old Way.

Dresden, Feb. 12.—The decree of divorce granted to Crown Prince Frederick yesterday permits both parties to marry again. The crown prince applied merely for a separation of bed and board, but the former crown princess asked for an absolute divorce which the judges decided they could not refuse under the new civil code, which King George himself designated as governing the proceedings. The princess, however, cannot marry Giron and get recognition of her marriage under the German government.

##### Quick Telegraphy System.

Berlin, Feb. 12.—Emperor William spent part of the morning watching the Polakia Virag quick telegraphy system working in the technical university. The apparatus averaged 50,000 words an hour over a 300-mile circuit. The emperor sent for the empress, the minister of posts, the chief of the general staff and other distinguished persons and explained to them technically the way the apparatus worked. The government will experiment with it between Berlin and Koenigsburg, a distance of 440 miles.

W. M. Bell, the shoe factory promoter, has recovered from a severe illness and is able to be around again.

#### THE WOOLEN MILLS.

##### Getting Ready to Be Started Up in a Very Short Time.

The time is rapidly drawing near when the wheels of the Rio Grande Woolen Mills, the one manufacturing institution of which all loyal Albuquerquians are justly proud, will begin to turn in real industry and grind out yard and cloth. Too much cannot be said in support of this institution and the gentlemen who are responsible for its origin.

J. H. Bearup, president of the new mills and who has been instrumental in its building, has spent much time the past few months perfecting on details, and it is sincerely hoped that his anticipations of success are realized to their fullest extent.

The Albuquerque Wool Scouring Mills, which for years has been one of the leading industries of Albuquerque, will be moved from their present quarters out to the Mountain road and be run in connection with the other institution.

The Bearup Bros. wool pulling establishment will also be run in connection with the woolen mills.

The big black building and home of these industries now to be seen on the

Mountain road east of the Santa Fe tracks, is not very prepossessing in appearance only for its immense proportions, but it will perform a world of work and furnish employment for a small army of men and women. The machinery is all in position and the motive power, consisting of several large electric motors, are now being installed.

A number of experienced men have arrived from the east and will act as foremen in the new mills.

##### Robinson-Manning.

At the home of the bride's sister, Mrs. L. E. Carey, residing at 305 South Broadway, last night, occurred a quiet but pretty wedding in which Miss Jennie Manning, recently of Independence, Kas., and Albert Robinson, of this city, were the parties most interested. Rev. H. J. Powell, of the Baptist church, performed the ceremony. The house was prettily arranged for the happy occasion, and the affair went off pleasantly. After the ceremony and congratulations had been showered on the fortunate young groom, the wedding party and guests sat down to a bountiful supper. Those present were:

Rev. and Mrs. Herman Powell, Mr. and Mrs. J. H. Shuffelbarger, Mr. and Mrs. J. A. Skinner, Mr. and Mrs. O. M. Dry, Mr. and Mrs. Fayette McSpadden, Messrs. Deardorff and Barnett, Miss Clara and Edna Tiekert, Messrs. Slight and George Manning.

#### SOLDIER AND SCOUT.

##### Col. J. L. Morris, Wrapped in a Flag, Buried in Fairview Cemetery.

Colonel J. L. Morris, the old soldier and scout, who served his country faithfully during his active days, was laid to rest in Fairview cemetery this afternoon.

The ritual services of the Grand Army were observed, and the flag for which the colonel fought was wrapped around him. The funeral took place at the parlors of J. W. Edwards and was largely attended by all the old soldiers and members of the Woman's Relief Corps.

The following statement was issued by the G. K. Warren post:

##### To the Public.

The committee appointed by the G. K. Warren post, Grand Army of the Republic, desires to thank all who generously subscribed toward the burial of Comrade J. L. Morris. This being the third comrade we have buried within three months our funds are exhausted, or we should not have called on the public for help. Santa Fe post to which he belonged, drained their treasury caring for him. Our post spent some \$30 caring for him, but in his weak and feeble condition of body and mind he refused to listen to what we wished to do for him. As a last resort we called on the city marshal and city physician to compel him to go to the sanitarium some ten days before his death. Still we looked after him and gave him cheer, times without number. He requested that when he died we wrap the flag around him and have the Grand Army bury him without religious services other than the simple ritual of the Grand Army.

#### PRESIDENT BAER.

##### He Makes Argument Before the Coal Strike Commission.

Philadelphia, Pa., Feb. 12.—With the expectation of hearing George Baer, president of the Philadelphia & Reading company, make the closing argument against the miners, the largest crowd that has yet jammed into the United States circuit court room was present when the coal strike commission opened its session today.

Many prominent men and women were among the throng which fought its way into the room.

Former Congressman Wolverton, principal counsel for the Philadelphia Coal & Iron company, who was making his argument when the commission adjourned yesterday, concluded it this morning.

Baer's argument was a long and exhaustive statement of the operators' side of the case, during which he defended the right to organize for lawful business. He alleged the mine workers' union was responsible for the lawlessness of the coal regions, and said a uniform scale covering the whole anthracite field was impracticable. He said the chief objection to Mitchell's organization was the foreign organization interested in rival business, (bituminous mining.) If Mitchell represented anthracite employees exclusively, there was no objection to dealing with him. He claimed and hinted the mine workers was a monster monopoly, and that the civic federation had not dealt honestly and justly with the operators. He gave a comprehensive account of the difficulties and the expense of the production of anthracite.

## THE MUTINEERS

### Three Will Hang and Balance to Life Sentenced.

#### THE LADRONES KEEP FIGHTING

##### President Baer Gives His Argument Before Strike Commission.

#### BURLINGTON TRAIN HELD UP IN MONTANA

Manila, Feb. 12.—Thirty-one members of the crew of the inter-insular steamer, Dos Hermanos, who mutinied in August last at Port Virac, Island of Catanduanes, and murdered the chief engineer, steward and carpenter of the vessel, and wounded the captain, mate, second engineer and one of the passengers, were convicted of murder today. Three of the men were sentenced to be hanged, and 28 were condemned to life imprisonment. The mutiny on the Dos Hermanos was plotted under the leadership of a native boatswain of that vessel. The mutineers purposed to steal \$150,000 which was supposed to be on board. The officers were dining when they were attacked. The steward and carpenter were murdered while defending the officers. During the combat the steamer ran aground and a force of constabulary which went to the rescue killed three of the mutineers and captured thirty-one of them.

#### THE LADRONES.

##### They Attack a Town but Are Put to Flight.

Manila, Feb. 12.—One hundred Ladrones attacked the town of Nanjín, Island of Mindoro, yesterday. The constabulary repulsed them after a scattering fight which lasted several hours, during which one Ladrone was killed and one wounded. Twenty women and children living in the town were injured. Inspector Crockett, with a large force of mounted constabulary, has swept through northern Rizal and southern Balacan, where the Ladrones have been operating, but he failed to find a trace of them.

## AN OPEN LETTER.

### Chaplain MacNamara on the Last Wish of Col. J. L. Morris.

#### CONTRADICTS G. A. R. APPEAL.

Editors Citizen,  
Dear sirs:—With no intention of stirring up a controversy, but with a desire that the public should hear the truth in the matter, I wish to place before the citizens of Albuquerque the following facts concerning the late Col. J. L. Morris:

The statement of the G. A. R. committee in this morning's Journal-Democrat contains one clause that is calculated to mislead the general public. The clause I refer to is the one concerning "the request" of Col. Morris to have the Grand Army bury him without religious services other than the simple ritual of the G. A. R. Col. Morris may have made that request at one time or another. At any rate it was not his "last" request.

For sixteen days previous to his death, Col. Morris was an inmate of St. Joseph's sanitarium where he received every possible care and attention, and for which he was deeply grateful. In my capacity as chaplain of the sanitarium I attended Col. Morris and ministered to his spiritual needs. Col. Morris was a Roman Catholic and died consoled and fortified by the last sacraments of the Catholic church. It was his wish and desire to be buried as a Roman Catholic from the Catholic church and in Catholic ground. Such was his "last" wish and request as expressed of his own free will to me.

Commander Edwards and the G. A. R. committee were notified by me of Col. Morris' wishes in the matter. Incidentally, I will say, that Mr. Edwards and the committee were given by Col. Morris' heirs the legal power to conduct the burial. In making arrangements with Father Mandalari to conduct the services, Mr. Edwards and the committee informed Father Mandalari that if the post took charge of the funeral and defrayed the expenses they would insist on carrying out the full G. A. R. ritual over the grave. Now,

the Catholic church forbids the use of the religious portion of any ritual other than its own over the bodies of its members. If any other ritual is used that conflicts with the law, then the church cannot hold services over the body. The religious portion of the G. A. R. ritual is a prayer offered by the post chaplain. This part of the ritual conflicts with the laws of the church. As Commander Edwards and the committee insisted that the full ritual would be carried out if the funeral took place under the auspices of the post, Father Mandalari could not hold services over the body of Col. Morris.

I went to see Mr. Edwards and met the committee at his office. After failing to come to an agreement I told the committee and Mr. Edwards that had I thought such a difficulty would arise as to prevent Col. Morris' last wish being carried out, I myself would have defrayed the burial expenses. The committee informed me that it was not then too late to take charge of the burial, if I so wished. I told them I would consult Father Mandalari and give them an answer as soon as possible. Two hours later Father Mandalari and I informed the committee that we were willing to take charge of the funeral and defray the expenses. Our offer was not accepted, in spite of what was told me two hours before, and the reason given was that the coffin and grave were already purchased. Father Mandalari and I stood ready to bury Col. Morris as he desired and we stood ready to stand the expenses of the burial.

Commander Edwards and the G. A. R. committee did not carry out the last wishes of Col. Morris, as he expressed them to me. It is true they have been given the legal authority to take charge of the burial, but their action in the matter is in direct contradiction to what Col. Morris desired. Opportunity was given to them to allow Col. Morris to be buried in accordance with his last wishes and with no expense to them. The offer was rejected and so the brave old soldier will not be buried as he desired. I have entered into the matter in an entirely non-partisan spirit and solely with the view of making public Col. Morris' last request regarding his burial. Col. Morris was in full possession of his mental faculties when he made the request and I, for one, think that the wish of the brave old soldier should have been considered and carried out. The spirit that prevented his wish being carried out, is one that I feel is un-American, and the refusal of Commander Edwards and the G. A. R. committee to regard this wish, is one that to me as well as others who know the circumstances, savor very strongly of an attitude that is anti-Catholic and reminiscent of A. P. A.-ism.

From what I can learn, Col. Morris did not need the G. A. R. or any other else to defray his funeral expenses, as there is enough salary due him as postmaster at Thornton to cover such expenses. Very truly yours,

JOHN A. MACNAMARA,  
Chaplain, St. Joseph's Sanitarium.

#### TWO WOUNDED MEN.

##### Held Up Burlington Express Train in Montana.

Butte, Mont., Feb. 12.—The Burlington express, No. 6, east bound, was held up shortly after midnight on the Northern Pacific tracks, eight miles east of this city, near Homestead, by two mounted men with rifles. They uncoupled the engine, mail and express cars and ran them ahead about two miles, and blew open the safe in the express car. The railway people say they contained nothing of value. A special train left Deer Lodge at 3 o'clock this morning with bloodhounds for the scene of the hold up.

#### TO THE HOSPITAL.

##### Mrs. Faulkner Brought Here for Medical Treatment.

Mrs. Faulkner, a lady who has been housekeeper on a work train car near Ialeta, was brought to the city Tuesday morning in a badly injured condition and placed in St. Joseph's sanitarium under the care of Santa Fe Physician Dr. James H. Wroth. Mrs. Faulkner received her injuries, which are bruises on different parts of the body, by being thrown forcibly down in the car by a sudden lurch of the train.

Mrs. Faulkner is the lady who was accidentally shot in the head last December with a .22 caliber rifle ball, through the carelessness of some small boys.

Her recent injuries are not thought serious.

### Sixteenth Day's Doings of Legislative Assembly.

#### DEBATE LOCATION OF INSTITUTIONS

##### Many Bills Introduced in Both the Council and the House.

##### Special to The Citizen.

Santa Fe, N. M., Feb. 12.—Both houses of the legislature transacted a large amount of business and the bills adopted are beneficial measures.

#### SIXTEENTH DAY, WEDNESDAY, FEBRUARY 11, 1903.

##### The Council.

(Fifteenth Day—Afternoon Session.)  
The council met after recess at 4:10 p. m.

The council was called to order at 4:10 p. m. Mr. Fall from the committee on municipal and private corporations, reported council bill No. 31, an act to grade streets and assess the cost to adjoining property owners, with the recommendation that it pass as amended. He also reported council bill No. 32, an act relating to condemnation proceedings with the recommendation that it pass.

Mr. Hughes, from the committee on printing, reported on council joint resolution No. 4, a resolution to print all bills in both English and Spanish. The report strongly recommended the resolution as amended to print 500 copies of the secretary's report. It was placed on the table. Mr. Hughes from the same committee favorably reported council joint resolution No. 7, a resolution to secure publicity of the proceedings of the legislative assembly. On motion of Mr. Martinez the report was adopted and upon motion of Mr. Fall the resolution was adopted. It provides that every newspaper in the territory be supplied with a copy of every bill introduced.

Mr. Spies, from the committee on judiciary, reported council bill No. 13, an act to repeal sections 1268 to 1374 of the compiled laws of 1897, relating to Sunday observance. The majority of the committee recommended the bill be not passed. The minority report, signed by Mr. Martinez and Amado Chaves, recommended the passage of the bill. Mr. Spies moved the minority report be laid on the table. The motion was carried by a vote of 7 to 4. Messrs. Martinez, Amado Chaves, Hughes and President Chaves voting against it. The majority report was then adopted and on motion of Mr. Fall the bill was laid on the table indefinitely. On motion the council adjourned until 10 o'clock Wednesday forenoon. (Sixteenth Day—Morning Session.)

Mr. Andrews, excused, was the only absentee.

Mr. Chaves reported for the committee on engrossed bills, that council joint resolution No. 5, providing for the printing of the report of the superintendent of public instruction, had been properly engrossed.

A telegram was read from the legislature of Utah, saying that it has passed a joint resolution favoring the admission of New Mexico and Arizona. It was ordered placed on the journal.

The following bills were introduced: By Mr. Pinard, council bill No. 47, an act repealing chapter 10 of the session laws of 1901, relating to the payment of bounties on wild animals. It also provides for the payment of the following bounties: Coyotes and lynx \$1; bear and mountain lion \$10 each, providing for a tax levy of 1/2 mill on sheep and goats to pay these bounties and regulating the manner of payment. Council bill No. 54, by Mr. Albright, an act providing for the annexation of contiguous territory to cities and towns. Referred to committee on municipal and private corporations.

Council bill No. 55, by Mr. Fall, by request, an act for the licensing of certain persons and for other purposes. The bill is a josh and is an act to license kissing and for other purposes, so it was stated. The license is to be issued by the secretary of the territory and contains some interesting provisions. Referred to committee on privileges and elections.

Council bill No. 56, by Mr. Fall, an act to amend section 13 of the compiled laws of 1897, relating to the building of ditches and acequias. Referred to committee on irrigation.

Mr. Spies moved to suspend the rules to take up house substitute bill No. 75, and to put it on its immediate passage. The bill relates to the cattle sanitary board. Mr. Spies explained the measure fully and the bill was passed unanimously and is the first bill to go to the governor.

A recess was then taken for fifteen minutes.

After the recess Mr. Jaramillo presented the omnibus bill on public institutions, providing that the deaf and dumb asylum be located at Santa Fe, the blind asylum at Alamogordo, the miners' hospital at Raton, and the reform school at some point in Rio Arriba, Taos or San Juan counties. The report was adopted by a vote of 5 to 4. Messrs. Albright, A. Chaves, Hughes and Martinez voted against it. President Chaves was paired with Mr. Duncan who was absent. Mr. Spies asked unanimous consent to take up the bill, but Mr. Hughes objected. Mr. Fall then moved to go into the committee of the whole to consider the bill.

Mr. Hughes moved to adjourn, but the motion was lost 5 to 4. The council then went into the committee of the whole by a vote of 5 to 4. The bill was read by sections and the provision for the deaf and dumb asylum at Santa Fe was permitted to stand. Mr. Hughes moved to amend by limiting the location of the reform school to Taos county, but this was defeated by a vote of 5 to 4. Mr. Hughes demanded a rising vote on this and subsequent motions. The section was adopted to locate the reform school at some point in Rio Arriba, Taos or San Juan counties.

Amado Chaves offered an amendment to locate the blind asylum at Belen instead of at Alamogordo, but he was defeated by a vote of 5 to 4.

Mr. Hughes wanted to amend the bill so as to locate the miners' hospital at Gallup instead of at Raton, but his motion was defeated—5 to 4.

Mr. Spies presented a large number of amendments which were adopted without opposition. The committee then rose and the bill was favorably reported as amended. The report was adopted. The bill was read the third time by title and then passed, Messrs. Albright, Amado Chaves, Hughes and Martinez voting against it. Five votes were cast for it. Mr. Spies moved to reconsider and lay on the table the motion to table. It was done by a vote of 5 to 4. Mr. Hughes moved to adjourn but his motion was defeated. Mr. Spies moved to suspend the rules and take up council bill substitute bill No. 30, an act relating to the right of eminent domain, the rights of married women, etc. The substitute was passed. At 1:25 p. m. the council adjourned.

## New Mexico demands Statehood from the Fifty-Seventh Congress.

It is to be feared that the Dreyfus affair is to be all gone over again. In this case it will be necessary to get a new supply of telegraph editors in this country; the present ones will all resign and look for employment as ranch hands.

This seems to be a high priced sort of country. Rabbits are selling in some sections at 20 cents apiece. In Thomas county, Kansas, some men the other day killed "35 bushels of rabbits," being an even wagon bed full, and sold them at 2 1/2 cents each.

The new Mexican says: The people of Albuquerque favor a small and compact county with their town as the county seat. This is not bad policy. It is the experience in New Mexico as well as in many other commonwealths, that small counties are more easily, more economically, and better governed than are larger counties.

There is ground for uneasiness in the renewal of fighting in the Philippine Islands. An outbreak of several hundred natives in Luzon almost within sight of Manila is not a pleasant indication. For which reason it may be expected that the democrats in congress, who do not want any pleasant indications in the Philippines, will to the last minute oppose or hinder the reconstruction of Philippine currency, on which peace and order there depend.

Hon. Mark Smith, delegate from Arizona, defended his territory the other day, and replied to some of the statements derogatory to Arizona made in the senate during the statehood debate. He declared that the illiteracy charges were untrue and that the "Mormon scare" was a gross imagination. He ridiculed the investigation of the senate sub-committee on territories, which, he said, spent two days in investigating and two months in telling the senate what they thought they learned. He declared that the outrageous misrepresentation and slander of the people of Arizona in the senate and in the press had hurt their credit and standing.

## HIGHER TRAINING.

The editor of an exchange has figured out the following from the latest census reports:

An uneducated child has one chance in 150,000 of attaining distinction as a factor in the progress of the age.

A common school education will increase his chances nearly four times.

A high school training will increase the chances of the common school boy twenty-three times, giving him eighty-seven times the chance of the uneducated.

A college education increases the chance of the high school boy nine times, giving him two hundred and nineteen times the chance of the common school boy and more than eight hundred times the chance of the untrained. Of the 7,852 "notables," 4,810 proved to be full graduates of colleges.

## COMPROMISE BILL READY.

A dispatch from Washington says: The republican senatorial advocates of a compromise statehood bill have prepared their bill for the admission of two states, Oklahoma and Indian Territory comprising one state and Arizona and New Mexico the other.

They will bring it before the commit-

tee on territories at the first opportunity, but are holding it back because of the opposition of the democratic senators and also because some of the republican statehood supporters of statehood are not entirely reconciled to the change.

There is renewed talk of pressing the omnibus bill as an amendment to the agricultural appropriation bill, and the advocates of that course contend that they have pledges of support from a majority of the senators.

## POSSIBILITIES OF BASKET BALL.

The report of a recent basket ball game between the young ladies of two Connecticut high schools, as played in a New Haven gymnasium, should convince the most skeptical that the strenuous life is by no means the heritage of the masculine element alone.

According to Associated Press reports the girls struck each other in the face, pulled hair, tripped and threw each other, and at the conclusion of the game, had to be almost dragged apart. The young ladies of the Waterbury high school managed to score 12 points, while the young ladies of the New Haven high school scored 10.

It is only in recent years that basket ball has become a favorite sport of young women, but evidently there are great possibilities in the game—possibilities that lift it far above golf as a means of exercise and amusement. In ten or twelve years, doubtless, basket ball matches will put the modern football game back into the class with tiddewinks and other parlor pastimes. People who now get their thrills at football games will not pay to see anything short of a basket ball match between teams of brawny, athletic and determined girls—girls who have been trained on raw beefsteak and who could have a professional prize fighter groping for the ropes in two minutes after the tap of the gong.

The young ladies of Waterbury and New Haven seem to have suddenly brought out the hidden merits of this game of basket ball, which has hitherto been hazily confounded with ping-pong. We only hope that when the next game is arranged between the young ladies of the Waterbury and New Haven high schools Mr. Dooley will be given a chance to report it.

## ON THE GAME LAW.

Editors Citizen.

Santa Fe, N. M., Feb. 9.—I desire most respectfully to call your attention to the conditions, at present and for many years past, existing in this territory in regard to the protection and preservation of fish and game. As the law now appears on the statute books with regard to deer, antelope, elk, mountain sheep or goats, it is a farce, benefitting only a particular class. I beg to refer you to page 97, chapter XLVI, section 1, of the laws of 1901:

"After the passage of this act, for a period of five years thereafter, it shall be unlawful to kill or in any wise destroy or injure any elk, deer, antelope, or mountain sheep in the territory of New Mexico, except upon private ground or property, by the owner or lessee thereof, or with his permission."

From the amount of venison sold in the market both in and out of season, I should judge that we have a large number of land owners we know nothing about.

What is to prevent any person from

## Baby Costs Too Much

When the price paid is the mother's health and happiness. The father doesn't realize as he romps with the child what years of wifely suffering must be set against the baby's laughter.

Chronic invalidism is a high price to pay for the painful joy of maternity, yet it is at such a cost that many a woman becomes a mother. Such a price is too much because it is more than nature asks.

By the use of Doctor Pierce's Favorite Prescription, maternity is made practically painless, and a quick convalescence is assured in almost every case.

"I am pleased to give my testimony and wish I could find words strong enough to induce other sufferers to use Dr. Pierce's Favorite Prescription."

writes Mrs. Wesley Guy, of Kentville, Ont., Box 6. "For eight years after my little boy was born I suffered with female weakness, also soreness in ovaries, especially on my right side, and pain in back. Was so miserable sometimes I did not know what I was going to do. Tried several doctors but derived no benefit until I began using Dr. Pierce's Favorite Prescription. Had only used four bottles, also some of Dr. Pierce's Antiseptic and Healing Suppositories, when I felt like another person. I recommend Dr. Pierce's medicines to all my friends. If anyone wishes to write me I will gladly answer."

Dr. Pierce's Favorite Prescription contains no alcohol and is entirely free from opium, cocaine and all other narcotics.

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss; therefore, accept no substitute.

killing with impunity any of the aforementioned game animals of this territory when such persons may use to advantage the above excuse?

There is no limit as to the number of animals which may be killed, so that a man may come in with any number of deer or other animals, and if arrested can simply say they were killed on his own premises, and who is going to prove that he did not? There is no way of enforcing the law even if we had one. The wardens appointed by the governor have to look out for themselves, and must follow people all over the country, winter and summer, to find out whether they kill on their own ground or not, and take chances of getting paid for their pains out of any fines that may be collected after a trial and conviction. This latter would be the case even if the law referred to were a good one.

As to game and fish, most of the streams of this territory have furnished the most delightful of all outdoor sports, but they are rapidly being cleaned of fish, (owing to imperfect laws and no means of enforcing any at all), and if something is not done to prevent, one of the most attractive features in the territory, both to residents and tourists, will soon entirely be blotted out.

Even during the winter trout are taken by means of the noose or lasada (a somewhat primitive concern) while the fish are lying in the deep pools, and such fish are placed on the table at most all times.

To prevent this wanton destruction of our game and fish, it is to be hoped that our present legislature will see a way to put this territory with regard to game and fish on a par with other states, by enacting such legislation as will cover this case. Create the office of state or territorial wardens and appropriate enough to enable such officer to properly organize the territory for the protection and preservation of its game animals, fish and birds. If this is not done soon there will be no need of any sort of action, as at the present rate of destruction, at the end of a few years, there will be nothing to protect or preserve. More anon.

Very truly yours,

GEO. H. CROSS.

The section of the city in which the skeleton was found was, it is said, at one time, the site of an extensive Indian village. The skeleton had been presented to the ark street school by Mr. States, and ref. Kemp and the pupils are taking a lively interest in the dead warrior.—Trinidad Chronicle.

## The House.

(Sixteenth Day—Morning Session.)  
The house was called to order at 10:15 o'clock a. m. Prayer was offered by the chaplain. Mr. Kilpatrick moved to dispense with the reading of the journal, but Cristoval Sanchez objected. A roll call was demanded. Mr. Llewellyn raised the point of order that unanimous consent is required to dispense with the reading of the journal. Speaker Montoya held the point well taken and ruled the motion of Mr. Kilpatrick out of order.

A message was received from the council announcing the adoption of council joint resolution No. 7, a resolution to provide for the publicity of the proceedings of the legislative assembly; council joint resolution No. 8, to accept the scholarships tendered under the will of Cecil Rhodes; council joint memorial No. 3, regarding the refunding of the indebtedness of Taos county; and council joint resolution No. 9, a substitute regarding the pay of employees.

The journal was then read and approved. Cristoval Sanchez moved to suspend the rules to take up council joint resolution No. 9, regarding the payment of employees. Mr. Pollard at once raised the point that house substitute bill No. 75, relating to the cattle railway board, was before the house. Mr. Bowie held that when adjournment was taken yesterday, his motion for the previous question was pending and should at once be voted upon. Speaker Montoya ruled that the point was well taken and ordered the vote on the previous question. Cristoval Sanchez contended that the bill is unfinished business, but the speaker held against him. Mr. Kilpatrick raised the point that the previous question is not debatable and the speaker sustained him and ordered the roll called. The previous question was ordered by a vote of 19 to 5.

Cristoval Sanchez moved that the house resolve itself into a committee of the whole, but Mr. Llewellyn objected and raised the point of order that a vote on the bill was required. The speaker sustained Mr. Llewellyn. The bill then passed by 10 to 5 votes, Messrs. Gutierrez, Romero, Cristoval Sanchez, Pedro Sanchez and Vargas voting against it. A motion to reconsider and then to table was carried by the same vote.

Eduardo Martinez presented a petition from the people of Guadalupe county in opposition to cutting off any part of the county for the creation of any new county. It was referred to the committee on county lines.

The committee on finance reported house bill No. 30, by Mr. Pollard, an act to authorize the treasurer of Grant county to pay to the treasurer of Luna county certain school moneys with the recommendation that it do pass.

The committee also reported house bill No. 31, by Mr. Bowie, providing for the offering of rewards by the governor and serving requisitions with the recommendation that it pass.

The committee on judiciary reported the following bills:

House bill No. 5, by Cristoval Sanchez, to prevent desecration of the Sabbath, passage not recommended as the provisions are embodied in sections 1368 of the compiled laws; house bill No. 57, by Mr. Dalles, relating to recompense of members of registration boards, passage recommended; house bill No. 52, by Eduardo Martinez, an act relating to fees of justices of the peace and constables, the majority report was against passage, but Mr. Martinez presented a minority report; house bill No. 27, by Eduardo Martinez, amending the act in relation to county commissioners, with the recommendation that it do not pass, Eduardo Martinez presented a minority report; house bill No. 32, by Mr. Dalles, relating to the time of commencing actions on accounts, passage recommended; house bill No. 17, by Eduardo Martinez, an act in relation to public officers failing to perform their duties when called upon to do so, passage not recommended; house bill No. 12, by Mr. Gutierrez, to amend an act in reference to jurors, passage not recommended as the provisions are embodied in house bill No. 33, which has been passed.

House bill No. 8, Cristoval Sanchez, an act to prevent the gathering of disorderly persons at dances, passage not recommended; house bill No. 28, by Mr. Howard, an act providing for the bonds of territorial and county officers, passage recommended. The bills were all put on the table to take their regular course.

Cristoval Sanchez moved to suspend the rules to consider joint resolution No. 9, relating to the pay of employees. The rules were suspended by a vote of 19 to 5, and Mr. Baca moved that the resolution be referred to a special committee of three for immediate consideration. Messrs. Baca, Martin Sanchez and Gutierrez were appointed and the house took a recess until 2 o'clock in the afternoon.

(Afternoon Session.)

As soon as the house met, Mr. Baca

presented the report of the special committee on council joint resolution No. 9, relating to the pay of employees. The council resolution omitted all reference to house employees and the committee reported in favor of amending so as to add an appropriation of \$2,200 to pay the house employees for the second ten days of the session. Martin Sanchez moved the adoption of the report and this was done. Mr. Baca then moved the reading of the amended resolution preparatory to adoption. The amended resolution was adopted unanimously.

Mr. Dalles asked that copies of all bills be supplied members of the house. Mr. Ortega moved that house bill No. 18 be recommitted to the committee for correction. Mr. Baca moved to place the bill on the table indefinitely. Pedro Sanchez created a laugh by moving to place Mr. Baca on the table. The vote on Mr. Baca's motion was 6 ayes and 17 nays. On the motion to recommit the bill, the ayes were in the majority and the bill was sent back. When the introduction of bills was called for, Mr. Sandoval presented house bill No. 79, an act to create Sandoval county. The bill was referred to the committee on county and county lines. The county is to be created out of northern Bernalillo county.

House bill No. 80 was introduced by Mr. Montoya. It is an act to amend section 1833, chapter 1, compiled laws of 1897, relating to elections. It was referred to the committee on judiciary.

House bill No. 81, by Mr. Dalles, an act regarding the payment of taxes by the Santa Fe Pacific Railway company. Referred to committee on finance.

House bill No. 82, by Mr. Stockton, by request, an act relating to school trustees. Referred to the committee on education.

House bill No. 83, by Mr. Dalles, an act to compile and print the school laws. Referred to committee on education.

House bill No. 84, by Mr. Dalles, an act giving mayordomos the power to appoint assistants. Referred to committee on irrigation.

House bill No. 85, by Mr. Dalles, to amend section 1829, relating to the width of highways. Referred to committee on roads and highways.

House bill No. 86, by Mr. Dalles, to prevent the desecration of graves. Referred to judiciary committee.

House bill No. 87, by Mr. Dalles, an act regarding school houses. Referred to committee on education.

House bill No. 88, by Mr. Dalles, an act relating to roads. Referred to committee on roads and highways.

House bill No. 89, by Mr. Dalles, an act relating to terms of county commissioners. Referred to committee on judiciary.

Council bill No. 20, to repeal the coal oil inspection law, was then laid before the house. Mr. Dalles asked that it be made a special order for Friday morning, but this was lost. On motion of Mr. Llewellyn, the house resolved itself into a committee of the whole to consider the bill. Mr. Bowie took the chair and the bill was read. Cristoval Sanchez after the reading of the bill, moved that the committee rise and the bill be referred to the committee on territorial affairs. Pedro Sanchez moved a report in favor of the passage of the bill. The latter motion was carried. The committee then rose and the house received a message from the council that the latter had passed council bill No. 20.

Mr. Bowie reported the action of the committee and the report was adopted on motion of Pedro Sanchez. Martin Sanchez moved to place the bill on its passage, but the speaker held that the bill had not been read at all.

The bill was passed by a vote of 20 to 3, the votes in the negative being Messrs. Coleman, McCash and Cristoval Sanchez.

## LOCAL PARAGRAPHS.

Regular meeting of the Eagles to night.

K. K. Scott, attorney, of Gallup, is in the city today on legal matters.

Gus Johnson, superintendent of the Colorado Fuel and Iron company mines at Madrid, is in the city. He is a particular friend of City Marshal McMillin.

Santa Fe Pacific brakeman, J. T. Conley, who has been laid up at the Santa Fe Pacific hospital for some weeks with rheumatism, is able to be about again.

Mrs. E. J. Gibson, wife of the popular trainmaster of the Albuquerque division, and daughter, Miss Celia, and Stanley Weld, of Boston, have returned from a short visit to the Grand Canyon of Arizona.

Mrs. E. L. Williams and daughter, Miss Edna, will leave tonight for Corona, Cal., where Mrs. Williams will enter the hospital and submit to a surgical operation. They expect to be gone from the city about two months.

Mrs. B. Frank Fillmore has a notice, published elsewhere in The Citizen, announcing her regular school and dance at the Odd Fellows' hall this evening. Her school is constantly increasing in numbers, and her pupils are pleased with her teachings.

Attorney A. B. McMillen and family expect to leave Sunday for New Orleans to visit friends and relatives and to take in the Mardi Gras festivities. Mr. McMillen will return in about a month. Mrs. McMillen and the children will be absent from the city until the coming summer.

The Citizen is in receipt of a "stunning" communication from an old timer, regarding the Water Supply company, the fire chief question, and the street changing ordinances. The writer says he is a heavy taxpayer, but he forgets, in penning his communication, that he used words against certain officials that would not look nice

in print, hence the communication has been consigned to the waste basket. For the information of the writer, The Citizen informs him that a petition has been signed asking the city council to repeal the street changing ordinances; that the Water Supply company intend to improve its plant, so as to give a much stronger pressure at fire, and the fire chief question—well, it is still under consideration by the council, and will undoubtedly come to some head in a very short time.

The delayed trains of yesterday and last night arrived this morning as follows: The California limited shortly after 1 a. m.; passenger No. 1, 5:07 a. m., and passenger No. 7, about 7 o'clock this morning. Passenger No. 27, the El Paso train, was held until 7:30 o'clock this morning.

There will be litany service in St. John's church tomorrow at 3:30 o'clock. Rev. E. J. Cooke, of Schuylerville, N. Y., will officiate. He has also kindly consented to officiate at the services on Sunday. Communion at 7 o'clock a. m. Morning and evening service with sermon at 11 a. m. and 7:30 p. m. respectively.

J. S. Mann, a prominent clothing merchant of Winfield, Kas., passed through the city this morning en route from El Paso to his home. He was accompanied by his wife and daughter, Miss Helen. The latter is in delicate health and it was in hopes of securing relief for her that they have been spending the winter in El Paso. Mr. Mann is an old friend of W. R. Whitney, of the Whitney company.

F. H. Bogh, who was for several years the bookkeeper for the Water Supply company, accompanied by his charming daughter, Miss Carolyn, left this morning for Franklin, Ind. After a visit of about two weeks in Indiana they will go to Macungie, Pa., Mr. Bogh's old home, where he will embark in business. During his residence in Albuquerque he made many friends, who will learn with regret that Mr. Bogh has left the city with the intention of going into business elsewhere.

J. T. Norton, Jr., the superintendent of agencies, United States department, of the Mutual Life Insurance company, is in the city, paying the territorial agency a visit, after a trip to the Pacific coast. In company with Darby A. Day, manager of the New Mexico agency of the company, Mr. Norton visited Santa Fe yesterday, both returning to the city on the belated passenger train this morning. Tonight, both gentlemen will go south to El Paso, thence to Roswell, and from there Mr. Norton will continue east via Guthrie, Oklahoma, and Kansas City. Mr. Day will return to this city.

Cancer Cures.

Mr. W. W. Pickett, Smithfield, Ill., writes, Sept. 10th, 1901: "I had been suffering several years with a cancer on my face, which gave me great annoyance and unbearable itching. I was using Ballard's Snow Liniment for a sore leg, and through an accident, I rubbed some of the liniment on the cancer, and as it gave me almost instant relief, I decided to continue to use the liniment on the cancer. In a short time the cancer came out, my face healed up and there is not the slightest scar left. I have implicit faith in the merits of this preparation, and it cannot be too highly recommended." 25c 50c and \$1.00. For sale by Cosmopolitan Pharmacy—B. Ruppe.

Amusements.

Pretty, winsome Lottie Kendall, of the Olympia Opera company, and of whom throughout the south and west has acclaimed the beauty of the season, will appear in the company's production of "Said Pasha," which is to take place at the Colombo opera house Friday evening. This little lady will doubtless delight the eyes of an audience that tests the capacity of our local play house, that is, judging from the present strenuous demand for desirable seat locations.

Are You Restless at Night?

And harassed by a bad cough? Use Ballard's Horehound Syrup. It will secure you sound sleep and effect a prompt and radical cure. 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

OLYMPIA OPERA COMPANY.

Fast Approaching Close of Notable Season of Comic Opera.

The extraordinary success of the Olympia Opera company continues at the Auditorium. Despite the intense heat and traditional "off Saturday" the company again made manifest that it was one of the smoothest and most capable comic opera organizations that has ever visited the south. The company's farewell performance takes

place Monday evening. This farewell performance will conclude the most notable season of comic opera ever enjoyed by any Texas city. During its six weeks' stay in Houston, the Olympia Opera company playing to uniformly large and well pleased audiences nightly, has presented ten operas with the fullest accessories of staging and costuming. The company leaves for Dallas Tuesday morning, leaving behind it the unique record of having scored the first and only success ever credited to Houston's giant Auditorium.—Houston Daily Post, July 14, 1901.

It is the opinion of many that a thing will improve with age. We will have the pleasure of judging for ourselves Friday and Saturday evenings when the far famed Olympia Opera company makes its appearance at Colombo hall.

Cured Consumption.

Mrs. B. W. Evans, Clearwater, Kan., writes: My husband lay sick for three months; the doctors stated he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We cannot do without it. For coughs and colds, it has no equal." 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

As Lent draws near our thoughts turn to sackcloth and ashes, but what are we going to do for ashes if we can't get any coal?

WEAK AND LOW-SPIRITED.

A Correspondent Thus Describes His Experience.

"I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with distressing mental depressions and low spirits. Herbine must be a unique preparation for cases such as mine, for a few doses entirely removed my complaint. I wonder at people going on suffering or spending their money on worthless things, when Herbine is procurable, and so cheap." 50c a bottle at Cosmopolitan Pharmacy—B. Ruppe.

"Honesty may be the best policy," says the Manayunk Philosopher, "but the fellow who hesitates to steal a kiss will not get any."

Everybody's liable to itching piles, Rich and poor, old and young—terrible the torture they suffer. Only one sure cure. Doan's Ointment. Absolutely safe; can't fail.

No man can cure consumption. You can prevent it though. Dr. Woods' Norway Pine Syrup cures coughs, colds, bronchitis, sore throat. Never fails.

place Monday evening. This farewell performance will conclude the most notable season of comic opera ever enjoyed by any Texas city. During its six weeks' stay in Houston, the Olympia Opera company playing to uniformly large and well pleased audiences nightly, has presented ten operas with the fullest accessories of staging and costuming. The company leaves for Dallas Tuesday morning, leaving behind it the unique record of having scored the first and only success ever credited to Houston's giant Auditorium.—Houston Daily Post, July 14, 1901.

It is the opinion of many that a thing will improve with age. We will have the pleasure of judging for ourselves Friday and Saturday evenings when the far famed Olympia Opera company makes its appearance at Colombo hall.

Cured Consumption.

Mrs. B. W. Evans, Clearwater, Kan., writes: My husband lay sick for three months; the doctors stated he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We cannot do without it. For coughs and colds, it has no equal." 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

As Lent draws near our thoughts turn to sackcloth and ashes, but what are we going to do for ashes if we can't get any coal?

WEAK AND LOW-SPIRITED.

A Correspondent Thus Describes His Experience.

"I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with distressing mental depressions and low spirits. Herbine must be a unique preparation for cases such as mine, for a few doses entirely removed my complaint. I wonder at people going on suffering or spending their money on worthless things, when Herbine is procurable, and so cheap." 50c a bottle at Cosmopolitan Pharmacy—B. Ruppe.

"Honesty may be the best policy," says the Manayunk Philosopher, "but the fellow who hesitates to steal a kiss will not get any."

Everybody's liable to itching piles, Rich and poor, old and young—terrible the torture they suffer. Only one sure cure. Doan's Ointment. Absolutely safe; can't fail.

Paine's Celery  
Compound

Has Proved a Blessing to Thousands of  
Our School Teachers Who Were  
Victims of Nervous Prostration,  
Insomnia, Dyspepsia, and  
Irritability.

Mr. C. C. Harper says:

"The Use of Two Bottles Com-  
pletely Restored My  
Health."

Nervous prostration, insomnia, dys-  
pepsia, constipation, and impure blood  
make life a weary burden for thou-  
sands of our school teachers. When  
nerve force is low, the brain tired, and  
digestion in a disordered condition,  
there is irritability, bad temper, impa-  
tience, and often great despondency.  
Under such circumstances, the grand  
work of teaching can never be suc-  
cessful.

Paine's Celery Compound is doing a  
wonderful work for half-sick and run-  
down school teachers in every part of  
the land. Thousands engaged in the  
work of educating the young are kept  
well from year to year by the strength-  
giving virtues of Paine's Celery Com-  
pound. It is daily raising to new life  
men and women in all classes of so-  
ciety. It is the one medicine that  
makes pure blood, strong nerves, and  
good digestion.

Mr. C. C. Harper, school teacher, of  
Mount Carmel, Ill., says:

"My school work has proven a great  
mental strain, and I found myself thor-  
oughly worn out and almost prostrated.  
I commenced the use of Paine's Celery  
Compound with splendid results. The  
use of two bottles completely restored  
my health. I have been in my present  
position eight years, and I am certain  
that your medicine has enabled me to  
carry on my school work, when with-  
out it, I should have been compelled  
to give up. I will take great pleasure  
in recommending Paine's Celery Com-  
pound, for I know that it is good."

feathers, stockings, dresses, and  
suits for children can be made

purchased the fixtures of the Foster

built by a mysterious fire a few weeks  
ago. The Citizen understands that Mr.  
and Mrs. Foster will soon leave for  
Salina, Kansas, where they have prop-  
erty, and to which town they will pack  
up and ship their stock of goods, not  
otherwise destroyed entirely by the re-  
cent fire. The Misses O'Brien take  
the lease of the store room on West  
Railroad avenue on the 15th of the  
present month, and they are expected  
to return to this city in a short time.

## Resolutions of Sympathy.

Whereas, The Infinite Ruler of the  
universe has removed from our midst  
the esteemed wife and companion of  
Gov. E. S. Stover; and

Whereas, The intimate and cordial  
relation which has existed between  
Governor Stover and the University of  
New Mexico, since the first day of its  
organization, as regent, and as its first  
president, makes it most fitting that  
we, the faculty of the university, do  
resolve as follows: therefore, be it

Resolved, That we tender to Govern-  
or Stover and his family our deepest  
sympathy in this hour of profound sor-  
row, and express the hope that even  
so great a bereavement may still serve  
the highest good. Be it further

Resolved That a copy of these reso-  
lutions be handed Governor Stover;  
that these resolutions be spread upon  
the minutes of the faculty; that they  
be printed in the Mirror, the official  
organ of the university, and that the  
city papers be furnished copies for publication.

## CRUEL McNELLIS.

Will Be Taken Back to Pueblo, to Face  
Wife and Children He Deserted.

Deputy Sheriff W. H. Shurtz, of Pu-  
eblo, Colo., arrived in Albuquerque  
last night to take charge of W. M. Mc-  
Nellis, who was arrested here Tuesday  
by Marshal McMillin on the charge of  
having deserted his wife and three  
small children at Pueblo.

McNellis will be taken to Pueblo to  
face the charges preferred against him  
by the board of county commissioners.  
Mrs. McNellis appeared before the  
board of county commissioners there  
some days ago, stating that she and  
her three small children were in desti-  
tute circumstances, having been left  
dependent on the county because of  
the departure of her husband, who left  
without making any provision for her  
and her children. The board decided  
it would prosecute.

Deputy Sheriff Shurtz stated this  
morning that McNellis was a struc-  
tural iron worker, and being skilled in  
his line could command good wages,  
but the excessive use of liquor caused  
him to lose his job and leave his fam-  
ily. He has been known to leave his  
family in the same manner before. His  
wife is a consumptive and is in very  
poor health.

## Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Dr. Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been solved that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

"Honesty may be the best policy," says the Manayunk Philosopher, "but the fellow who hesitates to steal a kiss will not get any."

## A Legacy of the Grip.

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, food purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

## DeWitt's Witch Hazel Salve.

The only positive cure for blind, bleeding, itching and protruding piles, cuts, burns, bruises, eczema and all abrasions of the skin. DeWitt's is the only Witch Hazel Salve that is made from the pure, unadulterated witch hazel—all others are counterfeits. DeWitt's Witch Hazel Salve is made to cure—counterfeits are made to sell. B. H. Briggs & Co., and S. Vann & Son.

As Lent draws near our thoughts turn to sackcloth and ashes, but what are we going to do for ashes if we can't get any coal?

## A Weak Stomach

causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach, and wards off and overcomes disease. J. B. Taylor, a prominent merchant of Christman, Texas, says: "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." B. H. Briggs & Co., and S. Vann & Son.

## Movement for Life Diplomas.

At a meeting of the board of education last evening a bill was endorsed which will be sent to Hon. C. A. Spies for introduction into the legislative council. The bill empowers the territorial board of education to grant life diplomas to teachers, so they will not be required to submit to examination every few years, as now. But such diplomas can be issued to only four classes of persons: Those who have completed a college course entitling them to the degree of A. B., and have in addition spent one year in the study of psychology and pedagogy, or who

## WHY STAY PALE.

A pity to see pale girls stay pale and dull when it is so easy to get Scott's Emulsion.

One of the best things Scott's Emulsion does is to give rich blood to pale girls.

The result of regular doses of Scott's Emulsion is an increase not only in the red color of the blood and in the appetite but in the good looks and bright manners which are the real charm of perfect health.

SCOTT & BOWNE, Chemists, 900 Pearl St., N. Y. have been examined by the board in such college course and in psychology and pedagogy; those who have received a normal school education, including model school work, in some New Mexico institution; those who have earned such diploma by not less than five years of eminent service as educator in New Mexico; and those who have held state certificate or professional diploma from a state which accredits such certificate or diploma from New Mexico. Such life diploma may be withdrawn at any time by the board.—Las Vegas Record.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. B. H. Briggs & Co., and S. Vann & Son.

Seeks Divorce in Union County. Goldie M. Hightower has brought suit in the Union county court against her lord and master, Santford Hightower, and requests the court to free her from the galling bonds of matrimony which bind her to him. According to Goldie's story, she was united in the holy bonds of matrimony with the defendant at Breckenridge, Texas, in 1895, and that they lived happily ever after until January 25, 1901, when the heartless Stanford, wholly regardless of his marriage vows, did desert and abandon her to the mercies of a cold, cold world without just cause or provocation and has continued to remain away from her and does not contribute anything towards her support, so she prays the court to free her from her vows to honor and obey the said Santford.

## The Easy Pill.

DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. B. H. Briggs & Co., and S. Vann & Son.

## OFFICIAL MATTERS.

Postoffice Affairs. The star service between Pinos Wells to Torrance station will be discontinued on February 14.

Governor Otero's Report for Year 1902. The Bureau of Immigration has just received 500 copies of the report of Governor M. A. Otero to the secretary of the interior upon the resources and statistics of New Mexico for the year ending June 30, 1902. The demand for copies of this valuable report is very great, and the bureau is filling applications for such at the rate of about a dozen per day. Five times 500 copies could be sent out per year could they be had. The quota allowed the governor by the interior department is small, and hence the bureau of immigration purchased 500 copies to partially fill the applications for the same.

## VACCINATION AND DANDRUFF.

There is as Sure Prevention of Baldness as There is of Smallpox.

It is now accepted that vaccination renders the vaccinated person exempt from smallpox; or at worst, he never has anything but the lightest kind of a case. Now as sure a preventive and cure for dandruff, which causes falling hair and baldness, has been discovered—Newbro's Herpicide. It kills the dandruff germ. C. H. Reed, Victor, Idaho, says: "Myself and wife have been troubled with dandruff and falling hair for several years. We tried remedies without effect until we used Newbro's Herpicide, two bottles of which cured us." Hundreds of similar testimonials.

## The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

### to hunt another happy home.

Myer Hilder has struck a vein of  
coal in Blue canyon, Mineral Hill dis-  
trict, which is pronounced very fine  
and three feet thick at the outcrop.

### FARMINGTON.

### From the Hustler.

Mrs. Retta M. Allen will open a pri-  
vate school Monday, for second, third  
and fourth grade pupils.

John Rodgers is back again at his  
post of duty in the First National bank,  
after a severe siege of rheumatism.

J. D. Young has opened up a new  
vein, of what he believes to be bitu-  
minous coal, about two miles north of  
Fruitland. The vein is said to be eight  
feet high and seventeen feet wide.

The new flour mill machinery is now  
all here and the building almost com-  
pleted. All that now remains is for  
our farmers to plant plenty of wheat.  
This industry will put lots of money in  
circulation here.

General Manager J. W. Benham,  
Chief Auditor R. B. Bouck and Local  
Manager George H. Browne, of the  
Hyde Exploring Expedition, will arrive  
from Durango. The gentlemen have  
been making an inspection tour of the  
various branches.

D. K. B. Sellers has been commis-  
ioned by Governor Otero as delegate  
to represent the territory of New Mex-  
ico at the International Conference on  
Good Roads, which will be held in the  
city of Detroit, Mich., February 13 and  
14, 1903.

A private letter from J. W. Knight,  
dated at New Market, Iowa, says he  
feels slightly better, that the pains in  
his head are less severe, however his  
nervousness is about the same, per-  
mitting him to sit up but a short while  
at a time.

Preliminary arrangements are being  
made to have one of the best public  
schools in the territory, at Farmington.  
The legislature should enact a law per-  
mitting each individual county to regu-  
late its school taxes. San Juan, for  
one, appreciates the education of its  
children and are not "penny wise" as  
to school taxes.

W. J. Skeed, deputy sovereign com-  
mander of the Woodmen of the World,  
who recently came here to reside, will  
next Monday organize a lodge of that  
order in Farmington. Already some  
thirty names have been secured for  
charter membership. The order has  
an emergency fund of nearly \$1,000,  
the rate of assessment is of a  
graduated scale from 20 cents to \$2.50  
per month according to age, from 18  
to 52 years. Mr. Skeed can be found  
at the office of D. J. Kennedy every  
afternoon until Monday, where he will  
be pleased to give all information re-  
garding the order, its objects, benefits,  
etc.

### SANTA FE.

### From the New Mexican.

A lusty boy baby was presented to  
Mr. and Mrs. DeMier, at the Hesch  
homestead on the south side.

Col. George W. Prichard, of White  
Oaks, territorial district attorney for  
the Fifth judicial district, arrived in  
the city last evening. He attended to  
a legal case before Associate Justice  
Frank W. Parker today and will re-  
main in town a few days looking after  
legislative matters.

There was a rumor in circulation last  
evening and today that William Astler  
has been frozen to death near San  
Pedro. The report was brought here  
by Cornelius Callahan. Astler, who is  
a cattle buyer, started for San Pedro  
several days ago to purchase stock.  
His brother has heard nothing from  
him and on Monday sent a man out to  
trace him and see what the trouble is.  
As the New Mexican goes to press it is  
learned that Astler, the missing butch-  
er, returned safe and sound this after-

### noon.

He had extended his trip look-  
ing for beef cattle to San Pablo, Guad-  
alupe county.

### AZTEC.

### From the Times.

There were ninety-eight instruments  
filed for record in the clerk's office  
during January, of which thirty were  
warranty deeds.

Larkin Beck, of Farmington, has  
purchased the W. J. Wright 80 acres  
one mile from Aztec, paying \$3,100  
cash for it.

Buke Maupin was here attending  
probate court. He was appointed ad-  
ministrator of the estate of his father,  
the late Silas L. Maupin.

Harry L. Dunning returned from a  
trip to Seattle and other Washington  
points, fully satisfied that San Juan  
county is hard to beat. He says it  
looks good to see the sunshine and  
breathe New Mexico air again.

Mrs. Ellen Conger and Miss Jennie  
Pingree, of Texas, have purchased the  
Barrett and Paschal ranches on the La  
Plata, paying \$5,500 cash for the two  
tracts, one of 160 acres and the other  
80 acres. Mr. Conger recently visited  
this section and was much impressed  
with it, hence the purchase.

### ROSWELL.

### From the Register.

J. C. Shearman has just sold to  
Harry W. Hammond, of Iowa, his 20-  
acre orchard about three and one-half  
miles from town. Since his return from  
Tennessee about three months ago, Mr.  
Shearman has cleared \$1,000 from his  
property.

E. P. Rasmussen, contractor and  
builder, has begun placing material on  
the ground for the new cold storage  
plant which will be a substantial com-  
bination stone and brick building 50x75  
feet, two stories high. Messrs. Hobson,  
Lowe & Co. deserve much credit for  
adding this improvement to Roswell.

J. X. Dunn, who recently came here  
from Bryanville, Ky., with his family,  
has bought a 20-acre tract in Sunset  
addition, from C. D. Bonney and C. W.  
Haynes, for \$1,125. He will bore a  
well and put in a pumping plant with  
which to irrigate and set out an or-  
chard, and otherwise improve the  
place.

**HERE'S A BABY**  
Its Mother is Well.

The baby is healthy because during the  
period of gestation its mother used the  
popular and purely vegetable liniment.

**Mother's Friend**

Mother's Friend is a soothing, softening,  
relaxing liniment, a muscle maker, invig-  
orator and freshener. It puts new power  
into the back and hips of a coming mother.  
It is applied externally only, there is  
no dosing and swallowing of nasty drugs,  
no inward treatment at all.

The state of the mother during gestation  
may influence the disposition and future  
of the child; that is one reason why moth-  
ers should watch their condition and  
avoid pain. Her health, that of the child  
and their lives, depend on keeping free  
from pain, worry and melancholy. Be of  
good cheer, strong of heart and peaceful  
mind. **Mother's Friend** can and will  
make you so. Bearing down pains, morn-  
ing sickness, sore breast and insomnia are  
all relieved by this wonderful remedy.

### PUERTO DE LUNA.

### From the Democrat.

Dr. F. Ynelan, who has been absent  
from Puerto de Luna for some time  
past, is again in our midst.

W. D. Metzgar, the genial manager  
of the Melini & Eakin liquor establish-  
ment at Santa Rosa, passed his 26th  
mile post in this vale of tears last Sun-  
day. This publication congratulates  
Mr. Metzgar and hopes he will cele-  
brate many more such happy events as  
the aforesaid.

Last Saturday there was ventilated  
before Justice of the Peace Perfecto  
Bacon a case in which the Territory was  
complainant and F. W. Nations was  
defendant. The case was one in which  
Liborio Lucero, in the name of the  
territory, accused Nations of having  
assaulted him with a deadly weapon.  
After hearing the evidence the justice  
of the peace placed the defendant un-  
der \$500 bond to await the action of  
the grand jury, besides being placed  
under a \$200 bond to keep the peace.  
Crescenciano Gallegos represented the  
Territory and Judge F. D. Morse from  
Santa Rosa, represented the defendant.
