MEMBERSHIP OF OIL COMPANIES IS DISCLOSED BEFORE SENATE

Presidents O'Neill and Folger of Prairie and Standard of New York Give Testimony

COMPACT GROUPS ARE HEAVY STOCKHOLDERS

Production of Crude in Country Has Reached Its Peak, One of Experts Tells Hearers

Washington, Dec. 22.—Affairs of two oil companies, the Prairie Oil and Gas company and the Standard Oil Company of New York, were delved into today by the senate oil investigating committee with the respective presidents, James E. O'Neill and H. C. Folger, as the principal witnesses.

Inquiry into the identity of the larger stockholders of the two concerns was placed at the head of the questions by J. E. Rye, attorney for the committee, and brought from Mr. O'Neill that eight interests owned 57 per cent of the stock of his company, and from Mr. Folger that four interests held approximately 55 per cent of his corporation's stock.

Mr. O'Neill gave the eight principal stockholders of the Prairie Oil and Gas company with the percentage of their holdings of total outstanding stocks, as Edward S. Harkness, 3 per cent; Northern Finance Corporation, 4 per cent; John D. Rockefeller, Jr., 12 per cent; A. M. Harkness, 5 per cent; the estate of the late Henry H. Houston, 1 per cent; a little more than one per cent; General Educational Board, about 3 per cent; Laura Spellman Rockefeller Memorial, 3 per cent, and the Rockefeller Institute of Medical Research, 4 per cent.

The largest stockholders of the Standard Oil Company of New York, with the percentage of their holdings as compared to the entire outstanding stock, were given by Mr. Folger as John D. Rockefeller, Jr., 25 per cent; A. M. Harkness, about 3 per cent; Edward S. Harkness, 3 per cent, and the Northern Finance Corporation, 4 per cent.

Mr. O'Neill was questioned closely by the committee attorney and also by Chairman La Follette as to the reason that prices for crude oil posted in the mid-continent field in 1911 by the Standard of New York, according to a compilation presented to the committee by Mr. Folger, who added that during the same period his company had paid \$75,000,000 in taxes. Mr. O'Neill did not take account of the stock dividend of 200 per cent recently declared and now being paid.

PATROLS TO STOP TRAINWRECKING IN IRISH TERRITORY

London, Dec. 22.—In view of constant train wrecking in Ireland, the Irish government will establish along the railroads a system of blockhouses, similar to those erected by the British during the South African war, according to a dispatch to the Daily Mail from Dublin.

The blockhouses will be a few miles apart. Each will be garrisoned by from 50 to 100 men, who will patrol the territory intervening between them. The Irish government has been issued that henceforth any unauthorized persons in the neighborhood of the railroads shall be shot on sight.

POLAND PRESIDENT BURIED

Warsaw, Dec. 22 (by the Associated Press).—Gabriel Narutowicz, president of Poland for two days when he met death by an assassin's bullet, was buried today in a crypt in the cathedral. The services were attended by the new president, the members of the cabinet, the senate and the diet and a large representation of diplomats. As the coffin was lowered all the bells of the city tolled and the presidential salute of 101 guns was fired.

WEATHER

FORECAST
Denver, Colo., Dec. 22.—New Mexico: Saturday and Sunday fair, continued mild temperature in east portion.
Arizona: Saturday and Sunday fair; little change in temperature.

Wind velocity..... 8
Direction of wind..... Southwest
Character of day..... Clear

TWO ARRESTED HERE HELD FOR SAFE BLOWING

Two Safes Blown at Los Lunas Thursday Night; Men Apprehended in Albuquerque Are Suspected

Some time between midnight Thursday and 6 o'clock yesterday morning two safes in Los Lunas were blown open. Sheriff Joseph Tondre was apprised of the robbery yesterday morning and by noon he had apprehended two men who are suspected of complicity in the robbery. However, Sheriff Tondre is still seeking a third man—the one who is believed to have been the leader in the robbery and believed to have been the "soup dealer" who did the actual safe blowing. The two men arrested gave their names as Bud Ward and Tony Tondre, according to Sheriff Tondre the "haul" from the two safes amounted to about \$100.

According to Sheriff Tondre, the Los Lunas postoffice safes in the Los Lunas Mercantile company were blown open some time after midnight Thursday. The safe blowing was reported to him yesterday morning and at the same time he was informed that an auto truck had been stolen from the garage of Diego Aragon, a short distance from the two places which were entered.

Three men had been seen loitering about Los Lunas through the day Thursday. These men were suspected of the crime, while Sheriff Tondre connected the theft of the auto truck and the safe blowing.

He followed the tracks of the auto truck out of Los Lunas and found the truck where it had been abandoned on the west side of the river south of the B-rebas bridge. He then came into Albuquerque to locate the men he was seeking.

At Third street and Central avenue he met two men whom he identified as being two of the trio he had seen loitering about Los Lunas Thursday. He took them to his office and they were held in custody as suspects of complicity in the crime. Both denied any connection with it.

Sheriff Tondre decided to separate the two men to prevent them from acting in concert. He placed testimony in case they are guilty as suspected. For this reason he has placed Ward in the city jail and looked Driver in the county jail.

The third man being sought is believed to have done the actual work of safe blowing and is also believed to have blown a safe at Bernalillo recently. In order to obtain a trace of this man Sheriff Tondre is seeking some one who may have seen three men crossing the Bernalillo bridge, on the west side, at any time yesterday morning, either before or after sunrise. He has asked that anyone having seen three men thus passing will report it to the sheriff's office.

At the postoffice at Los Lunas was robbed the federal authorities will institute an investigation. Ernest A. Abner, postoffice inspector with headquarters at Albuquerque, will conduct this investigation.

BORAH SCOTTS COMPETITION IN NAVY BUILDING

Tells Senate That Present Indications Are That Old-time International Rivalry Will Be Resumed

Washington, Dec. 22.—Extension of naval disarmament among world powers was discussed in the senate for several hours today but without action and adjourned until tomorrow under a "gentlemen's agreement" reached yesterday to meet and adjourn until Wednesday.

The calling of an international conference to curtail construction of naval vessels of less than 10,000 tons and aircraft not covered by the Washington armament conference agreement was urged by Senator Borah, republican of Idaho. He deferred discussion, however, of his amendment to the naval appropriation bill, requesting the president to call an international conference to deal with economic problems and with land and sea armaments.

Senator Borah, declaring a new naval building race appeared imminent, cited the heavy expenditures and taxes of this and other nations and declared that the increase through construction of armaments.

Senator Poincaré in charge of the naval bill, which was given temporary right of way over the administration shipping bill, declared the provision in the bill, as passed by the house, proposing a conference on limitation of small vessels and aircraft, the condition pointed out by Senator Borah. He agreed the competition was reported between naval powers in armaments covered by the recent arms conference naval limitation treaty.

Senators Poincaré and Stanley, democrat of Kentucky, declared substantial tax reduction would not be brought about even by abolishing the navy. Senator Stanley said the insistent demand for lower taxes might be met in part by abolishing useless government commissions and boards.

MINE PRESIDENT SUE

Chicago, Dec. 22.—Suit for \$100,000 damages was filed here today against Charles E. Hansen, president of the Colorado-Utah Mines Holding company, by George E. Orr, former general manager of the company. Orr was exonerated yesterday of a charge of having embezzled \$155,000 in negotiable bonds belonging to the company. He contended that the securities were charged with having embezzled in reality belonged to him.

GOVERNMENT IS ALOOF TO PLAN FOR COMMISSION ON REPARATION

Official Circles in Washington Indicate That Proposal to Appraise Germany Is Not Approved

PLAN IS ORIGINATED BY BUSINESS GROUP

What Part United States Will Take in European Settlement Appears to Be Still Undecided

Washington, Dec. 22 (by the Associated Press).—The situation relative to extension of American aid toward a European reparations settlement continued today to present a badly beleaguered picture, on which little light was thrown from any quarter.

American officials reiterated their denial of government backing at the present stage for the American commission plan sponsored by commercial leaders, and of various published statements regarding the direction in which American official opinion was tending.

But there was no clear-cut denial that high officials in Washington had discussed the commission proposal earnestly among themselves and with others, and no one attempted to give the impression that the United States government would be displeased should the commission now in progress result in an agreement.

Neither did any official come forward to explain the true character of the mysterious movements behind the scenes of world diplomacy to which allusion has been repeatedly made in official outgivings both in Washington and in the capitals of Europe.

In all of their negative comment on the subject, state department authorities seemed most anxious to deny that the government itself, despite the loose talk it is maintaining with the situation, was in any way a party to the present commission plan for a survey of reparations.

At Third street and Central avenue he met two men whom he identified as being two of the trio he had seen loitering about Los Lunas Thursday. He took them to his office and they were held in custody as suspects of complicity in the crime. Both denied any connection with it.

Sheriff Tondre decided to separate the two men to prevent them from acting in concert. He placed testimony in case they are guilty as suspected. For this reason he has placed Ward in the city jail and looked Driver in the county jail.

The third man being sought is believed to have done the actual work of safe blowing and is also believed to have blown a safe at Bernalillo recently. In order to obtain a trace of this man Sheriff Tondre is seeking some one who may have seen three men crossing the Bernalillo bridge, on the west side, at any time yesterday morning, either before or after sunrise.

He has asked that anyone having seen three men thus passing will report it to the sheriff's office.

At the postoffice at Los Lunas was robbed the federal authorities will institute an investigation. Ernest A. Abner, postoffice inspector with headquarters at Albuquerque, will conduct this investigation.

SIX SAILORS SAVED AFTER BATTLING SEA AND HUNGER IN BOAT

New York, Dec. 22.—Nearly 1,000 miles from the Atlantic coast, the freighter Menominee, plying its way through heavy seas toward New York, found a lifeboat containing six men half dead from fatigue and lack of food, according to a wireless message received today from the Menominee.

The men, members of the crew of the fishing schooner Gordon Rude of St. Johns, N. F., abandoned their boat after a long and bitter struggle with storms on the return trip from Torreyville, Spain, with a cargo of salt fish. The Menominee is due to arrive here Tuesday.

WILL RESTORE STATION

Chicago, Dec. 22.—The Dearborn Street railroad station, partly destroyed by fire yesterday, will be repaired and used again by all eight roads which have made it their terminal for years past. President H. G. Hetzler of the Chicago and Western Indiana railroad, owners of the property announced today that repairs now will be started at once, it was said.

HAPPENINGS AT WASHINGTON IN TABLOID FORM

President Harding granted "Christmas pardons" to three federal prisoners. Favorable report of the Capper "Truth in Fabric" bill was ordered by the senate interstate commerce committee.

The house rejected a proposal to appropriate \$300,000 for the customary free distribution of seed by members of congress. The senate began consideration of the maximum appropriation bill with debate at the outset centering on disarmament proposals.

Official Washington Shops

Above, Mrs. Calvin Coolidge, right, wife of vice president, picks out Christmas cards. Below, left, Mrs. Henry C. Wallace, right, wife of the secretary of agriculture, buying Christmas baskets. Left, Mrs. Hubert W. Wallace, wife of the postmaster general, on a shopping tour.

Postmaster General Hubert W. Wallace advised that Christmas shopping be done and packages mailed early. So what is more proper than that Mrs. Wallace should set an example to the rest of the official set in Washington. Mrs. Wallace did her shopping and mailing early and not only that, but the other mem-

bers of official Washington followed suit. Wives of the members of President Harding's official families were snapped while doing their holiday buying.

FREIGHT RATES ARE REDUCED 12 PER CENT IN '22

Western Railways Say That Reductions Are Out of Proportion With Prices of Other Things

Chicago, Dec. 22.—Reductions of railroad freight rates have averaged 12 per cent within the last year and are costing railroads \$471,000,000 annually, the western railways committee on public relations said in a statement tonight protesting against agitation for further reductions. Additional reductions would constitute a "menace to the existing prosperity of the country," the statement said.

While railway rates and earnings have been reduced, the prices of other commodities have advanced, the statement said. Total freight earnings of the country's roads for September alone declined \$47,774,000 through the rate reductions.

Asserting the people in western territory and particularly farmers were making the loudest clamor for lower rates, the statement said that largest reductions have been made in western territory because rates on grain products and other commodities have advanced.

The committee said that the reduction in railroad freight rates while prices of other commodities advanced, has been such that the average freight rate per ton per mile for the country is only 54 per cent higher than in 1912, the statement continued, adding that the average wholesale price of all commodities other than farm products is 66 per cent higher than in 1912, while the average price of farm products as compared with 1912 is now higher than the average rate of western railways, the average per ton per mile for western roads in September being 58.6 per cent higher than in 1912, while the average price of farm products for November was 43 per cent higher than for 1912, according to the statement.

The railways are not only suffering from rate reduction, but from increases in the prices of material they must buy, the statement said, explaining grain products increased 20 per cent in the last year, coal raised 40 per cent since the strike and lumber has increased from 39 to more than 80 per cent.

COTTON DUTY DROPPED

Calexico, Calif., Dec. 22.—Export duty on cotton shipped into the United States in bond, but held for export, has been dropped by the federal reserve system, according to a ruling promulgated today by the Mexican government. The new ruling amounts to a Christmas present of \$2.50 a bale to many cotton growers.

GOLD COINS DEMANDED

New York, Dec. 22.—A brisk demand for two and a half dollar gold pieces, for Christmas gifts has put a premium on the coin which is becoming scarcer every day. Some banks hold them today for \$2.30 and \$3.

SMITH TO HAVE TRIAL ON NEW COUNTS DEC. 28

Arizona Man Found Guilty of Embezzling Bank's Funds; Sentence Will Be Passed on December 29

Yuma, Ariz., Dec. 22.—Alvin E. Smith, found guilty by a jury here today on a charge of embezzlement of \$5,000 of the funds of the Valley bank at Parker, Arizona, will go on trial again next Tuesday on one of three additional counts against him in connection with the failure of the Parker bank, of which he was vice president at the time of its failure last August.

The count on which Smith was convicted today charged that in purchasing stock in the Valley bank of Parker, Arizona, last spring, he gave checks on the First State bank of Clarita, Oklahoma, and later transferred funds of the Parker bank to meet payment on the checks.

Superior Judge Fred Ingraham set December 29 as the date for passing sentence. Neither Smith nor his attorneys made any statement regarding the jury's verdict.

The case went to the jury last night after nine days of testimony, but the jurors retired for the night shortly afterward. Agreement on the verdict was reached an hour after deliberations were resumed today.

It had not been decided this afternoon on which of the remaining counts Smith will be tried first. These counts charge the making of false entries in the books of the Parker bank and the misappropriation of funds.

The opinion in court circles that the remaining trials will not be as long as the one just completed and that there will be more repetition of testimony given in the embezzlement trial.

Following Smith's arrest on a boat bound from San Diego, Calif., to Mexico last August shortly after the failure of the Parker bank, a contract for his custody was waged in California by Arizona, Oklahoma and Nebraska authorities, which ended when Governor Stephens of California granted Smith's extradition to Arizona.

Several Oklahoma bankers and officials who testified during the trial left for their homes this afternoon.

FEAR CHANGES IN FEDERAL RESERVE WILL HARM NATION

New York, Dec. 22.—Lewis P. Mason, president of the Merchants' Association of New York, and chairman of the board of the Irving National bank, wrote President Harding today that there is a feeling of profound alarm among the merchants of the United States "lest changes in the federal reserve system may work harm to the country."

He said that unless a determined effort was made at once "to arrest present efforts to bias the minds of a large portion of our people," the federal reserve system might become so disorganized that "a repetition of the disastrous history of the First and Second Banks of the United States" might occur.

The reserve system can survive the banker declared, only if its management is continued in the hands of men of courage, expert training and moral independence.

YULE SPIRIT IS LACKING IN THE LAUSANNE MEET

Turkish Delegate Refuses to Make Concessions, Including Protection of the Christian Cemeteries

Lausanne, Dec. 22.—Christmas threatens to be a stormy time at the Lausanne conference. Thursday was a bad day; today was worse. A temper which did not seem to harmonize with the usual spirit of the Yuletide pervaded today's session of the sub-committee on minorities.

Efforts were made to get Dr. Riza Nur Bey, the second Turkish delegate, who formerly was accredited by the Ankara government to the Young Men's Christian Association of North America, today added his protest to the wave that has inundated Will H. Hays, head of the motion picture industry, since his announced lifting of the ban on films of Roscoe "Fatty" Arbuckle, screen comedian.

His telegram to Mr. Hays follows: "As a member of the committee of 29 and representing as I do, the Young Men's Christian Association of North America, having in their membership hundreds of thousands of growing boys now at the age of hero worship (not to mention hundreds of thousands of young men), I deplore the action of reinstating Roscoe Arbuckle."

"He should be encouraged in every way possible to return to the path of the youth of the land, to whom the sight would recall memories of widely reported crimes of less than two years ago."

Mr. Laroche of the French delegation, made an appeal to Riza Nur Bey on military exemption, saying "Come on and make the allies a little Christmas present on this point." The Turkish delegate, however, reported angrily, "We don't believe in Christmas presents."

Riza Nur Bey also refused to agree to a provision for the preservation of Christian cemeteries in Turkey. This caused much surprise among the other representatives, as the Turks ordinarily are extremely careful to protect all cemeteries.

Won't Respect Women The allies insisted upon consideration of the clause providing that the Turks must respect the work done under the "league of nations" in recovering and restoring to their families Christian women and children who were seized and Islamized by the Turks before the close of the great war.

The Turks also declined to agree to this provision and the subcommittee ended the session, seemingly with a feeling of utter dissatisfaction at the attitude of Riza Nur Bey, which several members of the subcommittee described as "highly insolent."

The Turkish delegation has received instructions from Ankara that no agreements are to be made at Lausanne on economic questions which are to be over for negotiations at some later time.

This has created dissatisfaction among the allies, especially the French, who are anxious that economic questions should be settled at this conference.

Control of the straits still being considered in private sessions, the intransigent position of the Turks on capitulations, straits control and the rights of minorities in Turkey. This caused much surprise among the delegates as being due, at least in part, to their desire to hold as many questions as possible in reserve for the purpose of future trading, and that they may yield many moot questions if they are able to get strong guarantees which will prevent the invasion of Turkey.

ARGENTINE SELLS PRODUCTS Washington, Dec. 22.—The department of commerce was advised today that a provisional contract has been arranged under which the Argentine government will sell 300,000 tons of wheat and 10,000 head of live cattle to Greece.

SENATOR PAINCARE FAVORS RATIFICATION OF NAVY PACT

Poincaré Places the Future of His Administration Upon the Issue of Washington Agreement

HAS SUPPORT OF BRIAND AND OTHERS

Action Will Include Four-Power Treaty; Entire Matter Referred to Sub-Committee for Report

Paris, Dec. 22.—The French government today committed itself through a recommendation made to the foreign affairs commission of the chamber of deputies by Premier Poincaré, to stand or fall on the question of ratification of the Washington naval agreement.

Aristide Briand, former premier, seconded the stand of M. Poincaré on the question, which also embraced the four power treaty as amended in the United States senate by Senator Brandegee of Connecticut. The premier declared that the reservation of Mr. Brandegee would in no way "entail military participation."

That the chamber was practically agreed upon ratification was shown when M. Briand, leader of the left, and Andre Tardieu, head of the Clementists, both announced their support of the premier in his attempt to put the treaties through.

George Mandel, former chief of the cabinet under Premier Clemenceau, alone was reluctant. M. Saraut, who signed the final documents in Washington as a member of the Poincaré cabinet, staunchly advocated ratification.

The government's viewpoint, as expressed by M. Poincaré, was a stern opponent in M. Guernier, who declared France had been put in the same position as Italy by the Washington accord, so far as naval armaments were concerned. "We must have more ships than Italy," he argued, "because we have more colonies and long seaboard."

The commission decided to refer the matter to a sub-committee, which will report back immediately after the New Year's recess.

M. Guernier explained to the Associated Press, however, that there was little chance of the Washington naval agreement's coming before the chamber for open discussion before January 15, as we have other important matters to attend to, including the budget.

Y. M. C. A. JOINS IN ANTI-ARBUCKLE CRY

New York, Dec. 22.—Dr. John R. Mott, general secretary of the international committee of the Young Men's Christian Association of North America, today added his protest to the wave that has inundated Will H. Hays, head of the motion picture industry, since his announced lifting of the ban on films of Roscoe "Fatty" Arbuckle, screen comedian.

His telegram to Mr. Hays follows: "As a member of the committee of 29 and representing as I do, the Young Men's Christian Association of North America, having in their membership hundreds of thousands of growing boys now at the age of hero worship (not to mention hundreds of thousands of young men), I deplore the action of reinstating Roscoe Arbuckle."

"He should be encouraged in every way possible to return to the path of the youth of the land, to whom the sight would recall memories of widely reported crimes of less than two years ago."

Mr. Laroche of the French delegation, made an appeal to Riza Nur Bey on military exemption, saying "Come on and make the allies a little Christmas present on this point." The Turkish delegate, however, reported angrily, "We don't believe in Christmas presents."

CRUIQU GIVEN ULTIMATUM ON KILBANE BOUT

O'Rourke Tells European Featherweight He Must Accept \$25,000 Guarantee or 20 Per Cent of Gate

New York, Dec. 22.—Tom O'Rourke, New York boxing promoter, today called Eugene Criqui, European featherweight champion, that plans to match him with Johnny Kilbane of Cleveland, the world's title holder, next Decoration day at the Polo grounds, would be cancelled unless Criqui agrees to accept a guarantee of \$25,000, or 20 per cent of the gate receipts.

O'Rourke's cablegram was answered to one from Robert Eubelne, Criqui's manager, demanding 22 1/2 per cent of the gate receipts as the Frenchman's share.

"I also informed Criqui's manager," O'Rourke declared, "that if he fails to accept my offer, I will match Johnny Dundee of New York, for a title bout with Kilbane. I have Kilbane's agreement to fight on that date, with any opponent I may select."

Dundee is recognized as the featherweight champion by the New York State Athletic commission which ruled Kilbane had vacated his title for failure to accept Dundee's challenge.

O'Rourke also announced he was angling for a championship heavyweight bout at the Polo Grounds, next July 4 and had communicated with Jack Dempsey, who is under contract to fight at the Polo Grounds, in an effort to match one of them with Jack Dempsey.

HOODED MOB IS BELIEVED CAUSE OF DEATH OF 2 KIDNAPPED MEN

Troops Are Sent to Morehouse, La., Where Bodies, Bound With Rope, Emerge From Water

CONSPIRATORS THOUGHT CAUSE OF EXPLOSION

Object of Operations Believed to Cover Up a Horrible Crime; U. S. Officers Join Investigation

Morehouse, La., Dec. 22.—Relatives and friends late today partially identified the bodies of two wire-bound men cast up today by Lake Fourche lake, as Watt Daniels and Thomas Richards, missing since kidnapped by hooded men four months ago. It was reported here tonight, that bodies and bits of clothing were said to have been recognized by several who viewed the bodies.

The bodies late today were placed by the corner of Morehouse in the hands of A. E. Parsland, chief investigator of the department of justice, and brought here tonight under military guard to await the arrival of a pathologist from New Orleans, who will determine whether the men were killed before being bound and thrown into the water or whether they were thrown in alive and drowned.

The coroner announced an inquiry will be held here. Fifty additional members of the Monroe national guard, ordered out this morning to reinforce the troops now here, marched into this town tonight.

Resistance Is Expected when the state's warrants calling for arrest of a number of men believed to have been the ringleaders of the hooded men's party, it was indicated here. The presence of an additional body of state troops, it was believed, will serve as a precaution against the probable outbreak.

Special investigators of the department of justice, working under the direction of the governor, have been in the vicinity of Morehouse since several months ago when the investigators reported an attempt was made during the night of November 10, 1921, to spot on Lake Fourche lake, guarded as the probable resting place of the bodies.

The opinion is advanced that these same men returned in the dead hours of the last night and placed a charge of dynamite and released the decapitated, wire-bound bodies from the weight that for four months had held them securely to the bottom of the lake. Divers spent the afternoon seeking to locate the rusty wagon wheels which were missing from the banks of the lake significantly with the disappearance of the men, the only missing link in the chain of evidence the investigators had submitted to the governor as their solution of the mystery.

Decoy Gang Active While LaFouche was being located, what was believed to be a decoy of eight or ten men were active in Lake Fourche, several miles away, drawing the fire of the state guards and bringing the entire military company from Mer Rouge, La., to the lake.

The military company with the investigators were not responsible for the blasting last night and a search is under way to identify the decoy gang.

With divers operations concentrated chiefly on the ferry landing where a chart indicated the bodies of the missing men, most likely a night in the water, the guilty men were eventually located and decided to recover them and remove them to another burial place in the nearby vicinity. The dynamite evidently became freighted for the ferry to take their quarry and ran away, the story goes.

Government agents declared that more than 100 pounds of dynamite was used by the ringleaders. The explosion was declared to have been terrific, and houses in the nearby vicinity were rocked by the shock. A large part of the bank was blown away. The evidence purpose was to cover up the bodies at the bottom of the lake, as at that point the depth of the lake is sixty feet, agents said. But instead, the far released the bodies from the weights to which they were attached and permitted them to rise to the surface.

GOVERNOR REFUSES TO OUTLINE HIS POLICY

Eaton Rouge, La., Dec. 22.—Governor Parker said today that he would not make a statement tonight when questioned regarding the next step the state would take in the Morehouse parish kidnapping situation. The governor has steadfastly declined to talk to newspaper men on the subject since the investigations started early this week.

MACHINE GUN COMPANY IS ORDERED TO SCENE

New Orleans, La., Dec. 22.—Machine Gun Company D, 16th Infantry, Louisiana national guard, was ordered into active service tonight by Adjutant General Tombs and will remain at 7:30 tonight. The destination is reported to be Eastport, parish seat of Morehouse, where the bodies of the kidnapped men were found.

The departure also of Attorney General Cocco for Morehouse, is taken here as an indication the state is ready to proceed with the arrest and prosecutions of those responsible for the murder of the two men, alleged victims of hooded men, whose bodies were given up by a Morehouse lake today.

WINS NINE LETTERS Cambridge, Mass., Dec. 22.—A new variety record will be hung at Harvard next June when George Owen of Newton, ends his college career in possession of nine varsity "H"s for prowess in football, baseball and hockey, the Alumni Bulletin announced today.

LYNCH DEFENDS TITLE AGAINST MIDGET SMITH

Bantamweight Champion Gets Decision After Fifteen Rounds of Hard Fighting in New York

New York, Dec. 22.—Joe Lynch of New York successfully defended his world's bantamweight championship title tonight, receiving the judges' decision after fifteen rounds with Midget Smith, also of New York, at Madison Square Garden.

Smith weighed exactly 115 pounds, the bantamweight limit, while Lynch scaled 115 1/2.

The Fight by Rounds

Round One—Smith landed a hard right on Lynch's temple without drawing a reply. Both missed with swings for the head, but Lynch shook Smith with a right uppercut. Smith labored effectively with his left as Lynch stayed on the defensive.

Round Two—Smith whipped over a left to the body and another to the head, forcing the champion to clinch. They mixed furiously for a few moments, Lynch cutting Smith's mouth badly with a series of stinging rights and lefts. Smith shook Lynch with a hard left swing to the jaw.

Round Three—Lynch snatched Smith's head back with a left jab but missed several wild swings. The champion outboxed his rival during a session of in-fighting, but landed ineffectively. Smith rocked Lynch with a hard right hook and received an uppercut in return.

Round Four—Lynch's long left kept the midget out of range until the challenger landed a damaging left to the head. Both quickened the pace, as Smith shot over a right that staggered Lynch. The champion drove in with both fists and started a blood flow of blood from Smith's mouth.

Round Five—Lynch beat a tattoo on the midget's jaw with his left and hammered away with the challenger's body during a clinch. Lynch swung wildly and Smith shot in his right to the jaw. Lynch was outboxing Smith by a wide margin.

Round Six—Both landed stiff blows to the body and Smith connected with a left to the jaw. Smith's right sent the champion staggering back for a second, but he quickly regained his poise and shook Smith with a rapid fire attack to the head. Both mixed furiously for a few minutes.

Round Seven—Smith plunged in with both fists, rocking Lynch's head with hard right and left hooks to the jaw. Lynch kept jabbing with his left and landed a stinging attack to the head. Smith answered the champion's jab to the jaw with a damaging right to the ribs.

Round Eight—Both sparred for an opening. Missing a number of wild swings, Smith opened a vicious attack to the head and the fastest session of mixing so far.

Round Nine—Smith took the aggressive but stepped into a jolting left hook. A hard right to the ribs drove Lynch back, the champion backing to the ropes under a barrage of body blows.

Round Ten—Smith shot in several stiff blows to the head while Lynch stayed on the defensive. Both landed hard body

blows while Lynch smashed his right to the challenger's jaw. They spent most of the round snarling.

Round Eleven—Lynch delivered a fast session of in-fighting. Smith shook the champion with a hard right to the chin, but Lynch drove the challenger back with the most damaging attack he had shown. Lynch cuffed the midget with his left without drawing a return.

Round Twelve—Smith missed a wild right swing but hooked his left to the body as Lynch backed to the ropes. The champion landed lightly to the head and hammered away at Smith's body as they clinched, but was sent back by a slashing left to the chin. Smith shook the champion with a right to the head.

Round Thirteen—Smith landed a stiff right that staggered the champion as the round opened. Lynch ducked Smith's rushes and pummeled away at the midget's body. Smith stumbled to his knees, but rose quickly and both mixed furiously. Smith rocked the champion with a right to the jaw and both were trading in at top speed as the round ended.

Round Fourteen—Smith forced the champion to miss after he landed with rights and lefts to the head. The champion's left jab shook the challenger and he had Smith apparently groggy with a smashing attack to the head. Smith landed a vicious right to the body and drove the champion to the ropes, swinging both fists.

Round Fifteen—Smith forced the champion to miss after he landed with rights and lefts to the head. The champion's left jab shook the challenger and he had Smith apparently groggy with a smashing attack to the head. Smith landed a vicious right to the body and drove the champion to the ropes, swinging both fists.

MAISEL TO TORONTO

Toronto, Ont., Dec. 22.—George Maisei, outfielder of the Chicago Nationals, has been signed by the Toronto baseball club of the International League, the management announced today.

FILM COMEDY STAR WINS HER DIVORCE FROM RICH HUBBY

DAWSON WINS FIRST BASKETBALL GAME; DEFEATS TRINIDAD

Special to The Journal. Dawson, N. M., Dec. 22.—Before a large crowd in the new gymnasium the Dawson high school basketball team Saturday defeated the strong team from Trinidad by the score of 21 to 20. The game was the fastest ever played here and kept the fans on their toes from start to finish. The first half ended in a tie, 10 to 10. In the second half the home boys got a lead of six points and then Trinidad got a foul goal and two field baskets. The last half minute of play was full of excitement as both teams tried long shots. The Dawson team was composed of Covert, English, Sienito, Lujan, Saul and Cullender. Coach Humphreys expects to put out a team that will be a contender for district honors.

LAST APPEAL FOR LITTLE TOTS; DON'T YOU FEEL IT WOULD BE A PRIVILEGE TO MAKE 'EM HAPPY?

Are you going to allow to pass unheeded your opportunity to celebrate Christmas in its real spirit—that of making others happy? Today is your last chance to help bring Christmas joy to some little tot whom Santa may miss but whom Jack Frost may not fail to find.

Do you know that there are many children in this community who lack the necessities of life—food, shelter, clothing? These little folk are not asking you for Christmas gifts. But the community, in their name, is asking that you contribute something from your Christmas shopping budget that will make them happy and comfortable. Can you withstand the appeal of the little one who is cold and hungry on Christmas day?

Send your contribution today to the Morning Journal's Elks Community Christmas Tree fund.

Great preparations are being made for the big tree, at which every child who appears on Monday afternoon at 2:30 o'clock will receive presents of candy and toys. Nearly 50 ladies, wives of Elks, worked all yesterday afternoon placing the goodies in the sacks. Over 20 boxes of apples, 20 boxes of oranges, 20 boxes of candy, and 10 big sacks of nuts were used to fill the bags. Over 2,500 bags were filled. Over 5,000 toys have been arranged for distribution.

Contributions to the tree fund to date are as follows:

Previously received	\$231.03
S. S. Service	2.00
Fred Mackey	1.00
Robert Mackey	1.00
E. A. Jones	1.00
Mrs. M. L. Kimball	1.00
Total	\$237.03

YEAR-END TRADE BEST SINCE '09; OUTLOOK BRIGHT

Bradstreet's Review Indicates That Business Conditions in Country Are on the Upgrade

New York, Dec. 22.—Bradstreet's tomorrow will say: "Year-end retail trade, including holiday distribution, better than in 1921 or 1920, the best, in fact, since 1907; the largest volume of December mail order business on record, really good record buying from jobbers to fill depleted retail stocks of holiday necessities of heavy wearing apparel, more than normal seasonal purchasing for spring delivery; an unusually active industrial and manufacturing situation, with improvement in the cities apparently further reduced; collections a shade better, and a new upward surge in car loading due to expansion in shipments of merchandise and coal, the former owing to the holiday rush, the latter to colder weather, are prominent features in the trade dispatches this week.

"Over and above all other features and especially because of its sharp contrast with recently preceding years at this date, is the air of optimism noted in the reports from the various divisions of trade and industry as results of the past year are considered and the outlook for the new year is discussed. Weekly bank clearings \$7,531,613,000.

WOOL MARKET'S TONE IS GOOD; PRICES FIRMER

Dull Season Developments Give Hopeful Outlook for the Coming Twelve Months

Boston, Dec. 22.—The Commercial Bulletin tomorrow will say: "Considering the fact that business is usually dull during the last few weeks of the year, there is a remarkably good tone to the wool market. While trade has been more or less apathy, there has been a fair volume of business done at prices which are fully firm throughout the last."

The Commercial Bulletin will publish the following wool quotations tomorrow:

Domestic—Ohio and Pennsylvania fleeces: Delaine unwashed, 54¢; 56¢; fine unwashed 49¢; 50¢; half blood combing, 55¢; 3-8 blood combing, 55¢; 55¢; Wisconsin, Missouri and average New England: Half blood 47¢; 48¢; 3-8 blood 48¢; quarter blood 46¢; 47¢.

Overland—Texas: Fine 12 months, \$1.25; 14 months, \$1.20; 16 months, \$1.15; 18 months, \$1.10; 20 months, \$1.05; 22 months, \$1.00; 24 months, \$0.95; 26 months, \$0.90; 28 months, \$0.85; 30 months, \$0.80; 32 months, \$0.75; 34 months, \$0.70; 36 months, \$0.65; 38 months, \$0.60; 40 months, \$0.55; 42 months, \$0.50; 44 months, \$0.45; 46 months, \$0.40; 48 months, \$0.35; 50 months, \$0.30; 52 months, \$0.25; 54 months, \$0.20; 56 months, \$0.15; 58 months, \$0.10; 60 months, \$0.05; 62 months, \$0.00; 64 months, \$0.00; 66 months, \$0.00; 68 months, \$0.00; 70 months, \$0.00; 72 months, \$0.00; 74 months, \$0.00; 76 months, \$0.00; 78 months, \$0.00; 80 months, \$0.00; 82 months, \$0.00; 84 months, \$0.00; 86 months, \$0.00; 88 months, \$0.00; 90 months, \$0.00; 92 months, \$0.00; 94 months, \$0.00; 96 months, \$0.00; 98 months, \$0.00; 100 months, \$0.00; 102 months, \$0.00; 104 months, \$0.00; 106 months, \$0.00; 108 months, \$0.00; 110 months, \$0.00; 112 months, \$0.00; 114 months, \$0.00; 116 months, \$0.00; 118 months, \$0.00; 120 months, \$0.00.

LITTLE TALKS ON THRIFT

By S. W. STRAUS, President American Society for Thrift.

PEOPLE often imagine that economy means a state of bondage, and that it restricts them in a full enjoyment of life's advantages and blessings. Or the contrary economy and thrift open a direct road to independence and liberty. Independence through thrift would be a good motto to keep constantly in mind.

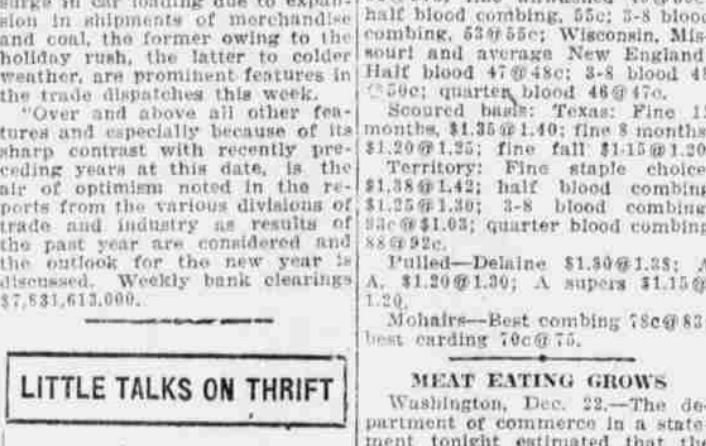

"Economy," wrote Dr. Samuel Johnson, who was a noted exponent of the gospel of thrift, "is the parent of integrity, of liberty and ease and the beautiful sister of temperance, of cheerfulness and health."

The value and satisfaction of liberty and independence, so generally unrecognized in the bloom and vigor of youth, looms up as the years advance, and we begin to crave a freedom from the servitude which always goes hand in hand with poverty and dependence upon others.

The ways of extravagance and waste, which appear so inviting at first, soon begin to narrow down and present the terrifying prospect of penury.

Systematic economy and precaution against waste and extravagance in the days of prosperity will prevent this unhappy condition in later years.

Do not contemplate thrift as difficult or a sacrifice of personal liberty. Its consistent and regular practice, in fact, provides the only way one can attain genuine liberty and a complete fulfillment of the ultimate objects of life.

WITNESS SAYS HE SAW A UNION MAN SHOT DOWN

Testimony for Defense in Herrin Case Is Tended to Show That Non-Union Men Fired First

Marion, Ill., Dec. 22.—(By the Associated Press.)—The killing of the first three union miners slain during the Herrin riots was described today by Edward Crenshaw, one of the first witnesses for the defense, at the trial of five men charged with murder in connection with the slaying of 20 non-union workers during the outbreak.

The defense began introducing its testimony at the opening of the morning session after formal motion asking that all the evidence introduced by the state be excluded and that the court direct a verdict of "not guilty" had been overruled by Judge D. T. Hartwell.

A number of the first witnesses called had testified that the territory surrounding the mine was peaceful and quiet until after union workers had been discharged and non-union men and armed guards were sent into the pit by the coal company.

Several of the witnesses testified that the guards had gone up and down the public highway near the mine in a motor truck, each one carrying two pistols and a rifle, that they held up and searched peaceful travelers, shouted at women and warned everybody to stay off the road after sundown.

Other witnesses told of hiding in their cellars when the shooting began at the mine between 1:30 and 2 p. m. the afternoon of June 21, and of having their stock killed by shots from the mine.

It was during this shooting that Edward Crenshaw, who testified that he was a former union miner and had lived a half mile from the Lester mine all his life, said he saw the shooting of Jarry Henderson, the first union man killed. Crenshaw said he was standing in front of his home when he saw Henderson, who was unarmed. Bullets began to come from the direction of the mine.

"I did not see anyone shot," Crenshaw said. "I saw Henderson, who was unarmed, and he fell about 100 yards from my house. He must have been killed instantly."

"Yes, they said his name was Henderson, and he fell about 100 yards from my house. He must have been killed instantly."

The shooting of Crenshaw was postponed until tomorrow.

NEW AUDITING SYSTEM NEEDED SAYS OFFICIAL

State Traveling Auditor Recommends District Examiners to Be Named on Non-Partisan Basis

Santa Fe, Dec. 22.—A new auditing system with district auditors in charge of the counties, cities and institutions in their territory but under supervision of the traveling auditor is recommended by Traveling Auditor A. G. Whittier in his yearly report.

His plan, he estimates, would cost \$48,000—practically twice the cost of the traveling auditor's office now but which, he points out, is far from adequate.

A provision to make the system non-partisan is suggested in a law to require the traveling auditor to appoint men from both parties on his force and not to appoint more than 50 per cent from either of the parties. It is highly desirable, he says, this office be non-partisan. During his administration he has striven to make it so.

The New Plan
Mr. Whittier's system includes a central office for the traveling auditor, an assistant to write up reports, chief clerk, attorney and possibly an assistant; two assistants to be kept at the state house permanently to check accounts and start a pre-auditing system; district auditors in each of ten districts to examine the counties, cities, public institutions, etc.

The districts he suggests follow:
1. Santa Fe, Rio Arriba and San Juan.
2. San Miguel, Taos and Mora.
3. Colfax, Union and Harding.
4. Quay, Guadalupe and Torrance.
5. Bernalillo, Sandoval and McKinley.
6. Valencia, Socorro and Catron.
7. Grant, Sierra, Luna and Hidalgo.
8. Otero, Lincoln and Dona Ana.
9. De Baca, Curry and Roosevelt.
10. Chaves, Lea and Eddy.

Collect Back Taxes
It is also suggested by Mr. Whittier that the collection of delinquent taxes be placed in the traveling auditor's hands. These taxes now amount to five million with two million estimated to be collectible. An organization, like that suggested, he believes, could be effectively employed to make the property owners who owe them "come across."

When Mr. Whittier took charge of the traveling auditor's office, April 1, 1915, the auditing of state officials was seven years four months behind schedule on the average, the auditing of state institutions, seven years, the auditing of county officials three years five months; but now the auditing of state officials is a year five months behind on the average, the auditing of institutions two years seven months, the auditing of

CHILD THROWN IN MAIL SACK IN XMAS RUSH

Cleveland, Dec. 22.—Amid the hustle and bustle of a large crowd of Christmas shoppers in the main postoffice today came the cries of a mother for her lost infant.

While the mother was addressing Christmas packages at a table in the lobby she placed the child in a market basket, which she placed under a table. Her packages ready to be mailed, she looked for the baby. It had disappeared.

The basket, with its contents, had been picked up by a post-office employee and thrown into a mail sack. "Cries from the child as the sack was about to be placed on a mail truck led to its discovery."

The woman refused to divulge her identity.

county officials a year and four months.

Too Much Work

It is admitted, Mr. Whittier says, that new duties thrown on his office by the 1921 legislature, such as the examination of cities, towns and villages, drainage and irrigation districts and justices of the peace, have been "hardly touched at all" because of the limited force allowed him. A decision to let these new duties wait until the legislature made proper provision for their performance was reached, he says, after a consultation with the governor.

Property accounting has not been properly looked after, he says, though hundreds of thousands of dollars are spent yearly by state and county officials for furniture, equipment, machinery and other things. With the limited force allowed him, he says, this couldn't be taken care of by his office.

A confidential report will be made to the governor later, according to Mr. Whittier, "touching suspensions against county and state officials, the action taken and the results accomplished."

WILDCATS AND UTAH AGGIES READY FOR CHRISTMAS MIXUP

Phoenix, Ariz., Dec. 22.—The Arizona Wildcats, 30 strong, arrived here today for their Christmas day post-season grid game with the Utah Aggies, and went through a light practice to work out the kinks after their train trip from Tucson.

The Utah squad, including 11 players, Coach Romney and Trainer Nelson, are due to reach Phoenix at 10 o'clock tomorrow morning. The Aggies practiced training at Colton, Calif., this afternoon, a telegram received here stated.

Both teams will hold secret practice tomorrow on the new gridiron constructed at the state fair grounds and then will rest over Sunday.

"The Arizona players are all in perfect condition and we have no alibis to offer now or after the game," Coach McKale said tonight.

The Phoenix Junior Chamber of Commerce is prepared to accommodate 10,000 spectators at the contest, which will be the first intercollegiate football game held in Phoenix since 1916.

DENVER DRY GOODS COMPANY PAYS 900 PER CENT DIVIDEND

Denver, Dec. 22.—The Denver Dry Goods company, one of the largest retail mercantile houses of the city, today announced a stock dividend of 900 per cent, increasing its capital stock from \$500,000 to \$5,000,000. Hugh McWhirter, vice president and general manager, who made the announcement, declared it was the first adjustment of capital account to reinvestment since 1901 and that since that time the business of the firm had grown from annual sales of \$1,500,000 to more than \$10,000,000.

CUDAHY MAKES PROFIT
Cudahy, Dec. 22.—The Cudahy Packing company made a profit of \$1,231,489.45 on its business for the fiscal year ending October 28, according to a financial statement to stockholders made public tonight.

TAX PROBLEM IS CRITICAL, SAYS THE COMMISSION

Rate Is Mounting Yearly and Values Decreasing; Burden of Bonded Debt Cannot Be Increased

Special to The Journal
Santa Fe, Dec. 22.—The problem of taxation in New Mexico, frankly described as "critical," is discussed in all its phases in the biennial report of the state tax commission, just filed with Gov. M. C. McChesney. The report is signed by Joseph E. Saint, chief commissioner, and George L. Ulrich and J. R. Aguilar, commissioners. There is no minority report, dissenting and Chief Commissioner Saint "stands pat" upon the findings and recommendations.

Taxable property on the rolls reached the peak of \$405,000,000 in 1920, but slumped to \$321,000,000 in 1922, a decrease of approximately 18 per cent.

Rate Grows Steadily
Individual taxpayers have been subjected to a steady increase in the tax rate since 1917. It is shown in that year the tax upon \$1,000 of property was \$16.50, climbing to \$17.20 in 1918, to \$23.91 in 1919, to \$27.65 in 1920, and to \$29.71 in 1921.

A vast deal of the property owned in the state is escaping taxation, while more of it is put on the rolls, but grossly undervalued. It is shown in the tables appended, showing the ratio of sale of loan value to the taxable value. In handling the report to newspaper men, Mr. Saint declared that if the property in the state could be placed upon the rolls at its actual value, it would be possible to reduce the present tax levies at least 50 per cent. How to get the property on the taxrolls at its real value is the question for the legislature and the tax authorities to solve, in the judgment of the commission.

Real estate in all the counties bears a ratio of only 49 per cent, the tables show. Dona Ana county is shown to have the highest ratio, \$1 per cent, but the average for all the counties is grossly low. Such counties as Valencia, showing 20 per cent, and Torrance, with 34 per cent.

Stock Escapes Taxation

How livestock is escaping taxation is shown in an examination of conditions in fourteen counties. In Quay county twenty-two persons or firms were assessed with 4,133 cattle, 35 horses, 595 sheep, at \$45. These same persons or firms borrowed \$120,629 on 4,908 cattle, 62 horses and 1,660 sheep. About the same proportion is shown in about all counties investigated.

In 1921 the state spent every \$100 collected in taxes on this basis: Schools, \$50.98; roads, \$17.65; all other state and county, \$31.36. In Union county the basis was: Schools, \$60.95; roads, \$14.50; state, county, interest on bonds, salaries of every kind, nature and character, \$24.55.

The bonded debt of the state has increased from \$6,000,000 in 1915 to \$18,000,000 in 1921.

Burden Is Staggering

Sounding a warning, the report says:

"We cannot continue to forever add to our bond issues. They, as above stated, have increased in several years \$12,000,000."

"We should not lose sight of the fact that federal taxes added to those who are now paying to the state, county and municipality are about all our people can manage under the present conditions. If they are to stagger under it, those who are trying to develop our resources, who own and control our enterprises, are taxed in excess of the amount they, in times of stress can afford to pay. The result will be taken out of business and all incentive will be gone. Few are willing to work against time."

In discussing the decreases, and some of the causes, the report finds:

According to present prospects, the 1923 assessment will in all probability show a further decrease.

"It goes without saying the present legislature will be asked to make appropriations that will not only equal, but probably exceed, those made for 1921 and 1922. If they are made or granted, additional methods of raising revenue will have to be adopted, as some rates, for instance, state and county, are limited by law."

"Deflation, drought and extravagance have brought many of our people to the verge of ruin. Several years must elapse before many can recover; some never will. In view of the facts it is needless to say we will be forced to spend less. The legislature, it is fair to assume, will be asked for many things that cannot be used to advantage. As we are not, however, in a position to pay for them, we should try to manage to get along without them until we can."

"This situation calls for definite action, looking toward the placing of the state's governmental finances upon a sound basis. We can no longer continue a policy which cannot fail to result in drying up the resources of public revenue. In the solution of the problem the first question to be answered is what is the approximate taxable wealth of the state of New Mexico, and the second is what rate of taxation are the people and the industries of the state able to pay and still survive and prosper."

BELGIAN STUDENTS OPPOSE FLEMISH RULE IN SCHOOL

Brussels, Dec. 22 (by the Associated Press).—Thousands of students from the universities of Belgium took part in a manifestation today in the streets of the capital against the action of the chamber of deputies changing Ghent university into a Flemish institution. Four thousand students signed a protest which was presented to the chamber. About 20 persons were injured in street disturbances.

SOLDIER ON TRIAL
Washington, Dec. 22.—Private Egon B. Lange of the Third cavalry was under guard tonight at Fort Myer, pending an investigation of the killing of Private Albert Nathan, formerly of the Twelfth infantry at Camp Meade, Md., a general prisoner. According to post officers, Lange, who was on guard duty, shot Nathan after the latter had refused to obey orders and had approached him threateningly.

A remarkable assortment of beautiful "Old Dutch Silver" at Everitt's, Inc., Adg.

GIRL SHOT BY FOSTER FATHER STILL LIVING

Says Man Objected to Her Going With Certain Companions and Fired at Her Deliberately

South Bend, Ind., Dec. 22.—Elsie Wyman, 15 years old, who was shot and seriously wounded by John R. Wyman, her foster father, during a quarrel which followed his scolding her for disobeying him, recovered consciousness for a short time today and gave her version of the shooting to the police.

She said Wyman came into her room and began voicing his objections regarding persons she was associating with. She said a heated argument followed and she got up and started to leave the room. Then Wyman, according to the girl's story, pulled a revolver from his pocket and shot her.

"He didn't think a girl could associate with anyone and still be respectable. I am not a bad girl, and he ought to know it. He would not let me pick my chums and wanted me to quit going to school."

Wyman, in his story of the shooting, said he pointed the gun at the girl to frighten her and that it was accidentally discharged.

CLEMENCEAU GIVES A MEDAL TO HONOR THE AMERICAN SOLDIERS

Paris, Dec. 22.—Georges Clemenceau called at the American embassy today and expressed to Ambassador Herrick his deep appreciation of the cordial attitude of the people of the United States during his lecture tour. He handed to the ambassador for transmission to the museum at Mount Vernon a gold medal given by the city of Mulhouse, Alsace, on the occasion of his first visit there after the liberation of the district from the Germans.

M. Clemenceau desired his gift to be taken as a tribute to the American soldiers, who splendidly aided in freeing Alsace in "reparation of the German crimes."

GAS FROM BOG FIRE IN A PENNSYLVANIA TOWN POISONS SIX

Elmira, N. Y., Dec. 22.—One man died and an entire family of five is seriously ill, and many others are affected by what chemists and local health officials declare to be monoxide gas, produced from a smoldering fire in an old swamp in the heart of the residence section of the village of Sayre, Pa., near here. Tonight chemists and mine experts have been sent in an effort to locate and extinguish the deadly fire.

Robert A. Decker died late today after attending physicians said he had been poisoned by monoxide gas.

The Decker home, where five persons are dangerously ill, has been closed to all but officials.

AMNESTY IS GRANTED
London, Dec. 22.—A dispatch to the Times from Rome says King Victor Emmanuel has signed a decree granting amnesty to all persons accused of political crimes up to and including the time of the recent seizure of the government by Mussolini's forces.

BEATS AGED MOTHER
Detroit, Mich., Dec. 22.—Paul Hisecho, a former policeman, was convicted in municipal court today of beating his 73-year-old mother, Mrs. Minnie Hisecho. Judge Heston sentenced him to the maximum, 90 days, expressing the wish he could make it 90 years.

BENTON IS TRADED
St. Paul, Minn., Dec. 22.—Confirmation of the deal whereby "Babe" Benton, left-handed pitcher of the St. Paul American Association champions and former big leaguer, will go to the Cincinnati Nationals for two players and a cash consideration was announced by Manager Mike Kelly of the St. Paul club today.

Lenin says Russia isn't afraid to give foreigners concessions. Of course not. The trouble is that the foreigners are afraid to take them.—Greenville Piedmont.

Enrich the Diet
When the diet is deficient in health-building vitamins, children and adults suffer in body and strength.

Scott's Emulsion
of pure cod-liver oil abounds in health-building vitamins. If the body is run down in vitality, add the pure vitamin-richness of Scott's Emulsion to the diet. It builds up health.

DESIRE FEDERAL AID FOR ORIENT THROUGH LOANS

Promoters of Scheme Would Have Railway Pay Back Money Advanced Through Operation Profits

Washington, Dec. 22.—A plan to provide for the continued operation of the Kansas City, Mexico and Orient railroad, now in receivership, by co-operation of state and federal authorities, was submitted today to the Interstate Commerce Commission by Lynch Davidson, lieutenant governor of Texas and chairman of the board of engineers of the Texas State railroad.

The plan will be further considered, Mr. Davidson announced, at a meeting of officials and railroad representatives concerned, which he has summoned to be held in San Angelo, Texas, January 2. Though difficulties have been encountered in the efforts to keep the Orient line in operation, its continuance until March 1 is now said to be assured by arrangements for financial aid and rate revisions which have been effected.

Owners of the line's bonds have agreed to abandon any effort to recover from their investment. Lieutenant Governor Davidson said in a letter to Comm. Viner E. Echols outlining the proposal, which provides the road should be taken over for operation by the state of Texas. Federal legislation recommending all the requirements should be enacted, the letter continued, and similar measures should be enacted by the legislatures of Oklahoma and Kansas, where the line also operates. All profits from operations should be returned to the federal and state governments in consideration of loans now made or to be made for rehabilitation of the line.

RAIL HEARING CALLED
San Francisco, Calif., Dec. 22.—The state railway commission today telegraphed a request to the Interstate Commerce Commission that hearings be held in San Francisco after the Washington hearing scheduled for January 19, on the proposed consolidation of railroads into a limited number of systems. Western lines entering California are concerned.

Reckless automobile driving arouses the suspicion that much of the horse sense of the good old days was possessed by the horse.—Boston Post.

INVESTIGATE DEATH OF A UTAH GIRL WHO MARRIED A SALESMAN

Los Angeles, Dec. 22.—Los Angeles county authorities at the request of United States Senator William H. King of Utah, have begun an investigation of the death here several months ago of Miss Lola Christensen, daughter of C. M. Christensen of Ephraim City, Utah, it became known today.

According to Senator King, the young woman's parents were in doubt as to the legality of her marriage to a traveling salesman with whom she left her home for Colorado, and later Los Angeles, some time ago. This man, it was said, had been married previously, and Miss Christensen's parents were represented as uncertain whether he had been divorced.

Two children were born to Miss Christensen and her husband. It was said, but the girl's parents said the father did not wish to see the babies and that when they came to Los Angeles to investigate their daughter's death, his conduct aroused their suspicions.

Official records here give the date of the young woman's death as July 3, last, and state a bottle which had contained poison was found near her body. A coroner's jury rendered a verdict of death "by poisoning."

BUSINESS CONDITIONS BETTER IN NOVEMBER

Washington, Dec. 22.—Business conditions during November showed further increases in both production and distribution, according to a statement tonight by the department of Commerce.

November totaled 577,661 bales, the largest for any month since July, 1917, according to department records. Export cotton also increased to \$5,327 bales, or approximately 8 per cent of the entire crop.

Increases were reported in the production of pig iron, steel ingots, zinc, coke and leather. A slight decline in the unfilled orders of the United States Steel corporation was attributed largely to increased production and better transportation.

GETS 'MOB' DAMAGES
Winfield, Kans., Dec. 22.—James Haggard, who brought suit recently against Arkansas City under the Kansas "mob" law, was awarded damages of \$200 by a jury in court here today. Haggard asked for damages of \$35,000, alleging he was "hunted up" by alleged strikers during the recent railroad strike at Arkansas City.

TWO STRONG GRID ELEVEN'S OF THE EAST STOP HERE

University of West Virginia
and Pennsylvania State
Teams in City on Way to
Coast; One Practices

The two most powerful aggregations of football talent which have ever visited Albuquerque were here yesterday for a short time. In recognition of the national prominence of the two crews most of Albuquerque assembled at the depot to give the husky gridiron warriors welcome. The two squads were those of the University of West Virginia and of Pennsylvania State college.

Both squads are on their way to California to participate in games, West Virginia to play Gonzaga university on Christmas day at San Diego, and Penn State to clash with the University of Southern California, at Pasadena, on New Year's day, in connection with the tournament of the Rose. The two squads came in on train No. 3, which was late and did not arrive until 11:30. Coach Hugo Bezdek elected to have his Penn State charges walk about the city to limber up and work off the train stiffness. Coach Spears, however, decided that the West Virginia men needed more strenuous work, as their game comes a week before Penn State plays.

Spears hustled his players over to the vacant space beside the Gross-Kelly warehouse and put them through stiff practice. He opened up with the old army set-ting-up exercises and then sent the crew through forward passing and punting practice. There were several huskies on the West Virginia squad who picked the ball out of the air on the dead run, taking the ball over their shoulder after the fashion of Circus Solly Hoffmann clutching a baseball.

The games in which West Virginia and Penn State will participate will offer a good line on the relative strength of east and west. Neither is considered amongst the upper set in the east but both Gonzaga and U. S. C. bow to California in Pacific coast football. University of West Virginia is rated in the second class in the east, being placed behind Princeton and Cornell. In a group with Pittsburgh, Army, Navy, and several other teams. Penn State is placed on the same level with West Virginia by some sport writers and just behind by others.

R. H. Norton, traveling passenger agent for the A. T. & S. P. railroad at San Diego, met the football crew here. He came here for the purpose of accompanying the West Virginia players to San Diego.

Tom Thorne, New York sport writer and old time football player, accompanied the Penn State crew. Tom was one of the great tackles at the time he played with Columbia university in New York City. That was back in the days when Bill Morley had graduated to coach and Harold Weeks was hurdling the line and bringing victories to Columbia and when "Artie" Howe was shining for Yale. Tom helped Columbia hold Syracuse to a scoreless tie that year. He has been selected to referee the Penn State-U. S. C. game.

Others in the Penn State party were: Coach Hugo Bezdek and Mrs. Bezdek, Neil Fleming and Mrs. Fleming, Trainer Bud Martin, Anderson, Johnson, Provost Hamilton, Bedenk, McMahon, Artieb, Palmer, Wentz, Wilson, Patton, McCoy, Legue, Elwood, Benton, Baird, Frank, Lafferty, Pleaster and Gregory.

In the University of West Virginia party were: Coaches Spears, Rodgers and Kay, Trainer Carlwell, Director Stansbury, Captain Meredith, Hawkins, Graham, Howard, Setron, Hill, Mahon, Nardacel, Martin, Eckburg, Simon, Tallman, Okey, Ogden, Fucy, Pierre, Hill, Quinlan, Quarles, Bowers, Davis, McMillan and Barnum.

WAR VETERAN IS BEING HELD ON A MURDER CHARGE

Martha Domer, Shot Thursday Night, Died Yesterday; Harry J. Ford Held for Murder; Inquest Today

Harry J. Ford, veteran of the world war, with a record of having been in nearly all of the big offensives in which the American "doughboy" participated in the county jail today charged with the murder of Martha Domer. Miss Domer was shot Thursday night in the Bittner rooming house, on South First street and died just before 11 a. m. yesterday. Thursday night the police, Ford

and those who knew of the shooting viewed it merely as a case of assault with a deadly weapon. In fact, it is reported that an effort was made yesterday morning to allow Ford to plead to an information charging such an offense. Now Ford is in the county jail with the most serious charge on the statutes hanging over him.

According to Mrs. Bittner and other witnesses, Ford shot Miss Domer in the lobby of the Bittner house between 8 and 9 o'clock Thursday night. They allege that he fired three shots at her without warning, one of the bullets striking her in the leg.

The police were called to the scene and an ambulance called for the wounded woman. A doctor accompanied the woman to the hospital to which she was removed. An inquest is to be held at 2:30 this afternoon, by Judge W. W. McClellan. A special jury to try the case was summoned yesterday afternoon. The jury viewed the body, but it was too late in the day to transact any further business in connection with the case.

The cause of death will not be determined until after the jury reaches a decision. It is believed that an artery in the woman's leg was severed by the bullet. The theory has also been advanced that death may have been due to a heart affection.

As far as known the only living relative of the dead woman is her mother, Mrs. John Domer. The mother is reported to live in County Kerry, Ireland.

GONZAGA USES BATHING SUITS FOR PRACTICE

Gets Ready for West Virginia by Workouts on Coronado Beach Clad in Hot Weather Garments

San Diego, Calif., Dec. 22.—Football practice in bathing suits on a beach was the novel sight afforded to San Diego gridiron fans today when the Gonzaga university squad, here to meet West Virginia at the city stadium Christmas day, took a workout under the direction of Assistant Coach Bill Higgins. The Gonzaga squad had come from the northwest and a temperature hovering around the zero mark, and Higgins did not want his men to feel too much the balmy 74 degrees prevailing at Coronado, where the team is quartered. So he got a lot of large sized bathing suits from the hotel management and ordered his charges into them. The Gonzaga gridiron warriors went down to the hard sand and were put through a brisk workout of an hour and a half.

What was under here today that the West Virginia squad was in New Mexico today and had taken short workouts at Albuquerque and Gallup.

JOHNSON MAKES ALL WACO'S SCORE IN WIN OVER ABILENE

Fort Worth, Texas, Dec. 22.—Abilene high school today lost the state high school football championship to Waco in a hard-fought game that ended with the score 13 to 10 in favor of the Waco team. Woody Johnson was unquestionably the star of the game for Waco. He scored all of the points made by his team—one touchdown, one goal from touchdown, and two drop kicks that won the game in the last period. One was from the 17-yard line and the other from the 37-yard line.

Abilene, in the opinion of critics, far outclassed Waco throughout the game. Seventeen first downs were made by the West Texas team, whereas their opponents made only nine. Waco apparently had no defense that could stop the hammering of Coach Shotwell's three little backs.

General Pershing advises the people not to drift into a pacifist state of mind. But we believe there is little danger of that, with prices where they are.—New York American.

TY COBB'S HIT CAUSE OF HOT FLOW OF TALK

President Johnson of American League Keeps It Going; Addresses Washington Writers Harshly

Chicago, Dec. 22 (by the Associated Press).—President Johnson of the American league in a letter tonight to President F. G. Lieb of the New York Baseball Writers' association, after stating that baseball official scorers "in many cases are grossly lacking in efficiency and responsibility," advised the baseball writers' association to "put their own house in order before sending me scurrilous and questionable complaints" on the Ty Cobb hit controversy.

The New York chapter of the baseball writers' association recently adopted and forwarded to President Johnson a protest against the latter's action in discarding the box score of the official scorer in a Detroit-Yankee game at New York last May.

In substituting the Associated Press box score of the game, Ty Cobb gained one more hit.

SOCIETY

MR. AND MRS. DANAHY TO HAVE OPEN HOUSE
Mr. and Mrs. Thomas M. Danahy will have open house Christmas eve at their home, 421 North eleventh street.

Mr. and Mrs. Fred R. Brooks and children, Barbara and Fred, Jr., arrived Friday from Longmont, Ind., for a visit over the holidays with Mrs. Brooks' sister, Mrs. T. E. Whitmer of Luna boulevard.

MRS. CHAS. S. WHITE HOSTESS FOR DINNER
Mr. and Mrs. Charles S. White entertained with a dinner of nine covers at their home, 104 North Eighth street. Table decorations of red roses and red candles radiated out the room. Decorative scheme, covers being laid for Messrs. and Mesdames White, Frank Butt, J. M. Reynolds, and L. M. Reynolds.

Mr. and Mrs. R. C. Lenthien of Phoenix arrived in Albuquerque Friday to spend the holidays as guests of her parents, Mr. and Mrs. W. P. Switzer, 609 North Eleventh street. Mrs. Lenthien was formerly Miss Hortense Switzer.

Miss Beatrice Hill is expected to arrive Sunday to spend the holidays with her mother, Mrs. N. J. Strumquist, 323 North Sixth street. Miss Hill will spend a week here before returning to school at Stanford University at Palo Alto, Calif.

DE BREMOND HAGEMAN WEDDING AT ROSWELL
A marriage of unusual interest to Albuquerque was that of Miss Marie Louise de Bremond, eldest daughter of the late Col. Charles de Bremond, a Harvard graduate, who was married to Harry Hageman of Colorado Springs, which was solemnized at the de Bremond home in Roswell, N. M., Bishop Francis B. Bowden officiating. The ceremony, which was performed before a charming improvised altar of palms in the de Bremond living room, was witnessed by forty relatives and immediate friends of the couple. Mrs. Robert C. Campbell played Lohengrin's bridal chorus. Mrs. Will Hageman, sister of the bride, was her matron of honor, and Mr. Hageman had as his best man Will Hageman. The bride wore an exquisite gown of heavy white silk antique moire, with a bridal veil fastened with a pearl band. Her bouquet was of white roses and lilies of the valley. Mr. and Mrs. Hageman went immediately to their home on the South Springs ranch, where they are at home to friends. Mrs. Hageman, who has many friends in Albuquerque, attended the Cathedral school at Washington, D. C., and the French school in New York city. Mr. Hageman, a Harvard graduate, was overseas with the Harvard unit. Among the out-of-town guests at the wedding were Mr. and Mrs. Percy Hageman and Miss Eleanor and Anne Hageman, parents and sisters of the bridegroom, of Colorado Springs.

Mr. and Mrs. G. O. Sill and daughter Thera left Friday night for Olathe, Kansas, for the holidays.

Miss Grace Herdendale left Friday for Sierra Madre, California, to spend the Christmas holidays with relatives.

Mrs. Cortez S. Quikel, holder of the alternate ticket at the recent orphanage bridge at the Elks, has been awarded the prize of a floor lamp.

FORTNIGHTLY CLUB WILL CAROL CHRISTMAS EVE

Members of the Fortnightly Music club are planning to give carols for all of Albuquerque Christmas eve. The various hospitals and sanatoriums will be visited first, then private homes. Each group of singers of the club has been given one portion of the city to cover so that no street will be left unvisited. Those having favorite songs are asked to telephone Mrs. Elizabeth Bradford, president of the club, and leave their names with their selections. Other families who wish the carolers to sing for them, have been asked to leave lighted candles burning in their windows. The caroling on Christmas eve has been an annual affair with the Fortnightly club for a number of years.

The Adelante club met for their regular supper at the Y. W. C. A. Thursday night. The girls spent the evening filling charity Christmas boxes.

Miss Helen Sievert, teacher of the Frances E. Willard school in Santa Fe, is here, spending the holidays with her mother, Mrs. W. H. Sievert of South Broadway.

Charles V. Schelke, junior mechanical engineer at the University of Colorado, has arrived in the city to spend the holidays with his parents, Mr. and Mrs. Charles Schelke of 501 South Third street. Schelke graduated with the class of 1919 of the local high school and was prominent in school activities. He has made a very good record at Colorado "U." His grades being of the caliber which place him in the upper portion of his class. Schelke is a member of Beta-Upsilon chapter of Pi Kappa Alpha and secretary to the fraternity there.

GIFT SHOWER HELD FOR F. WILLARD SCHOOL
A shower of gifts for the students and for the Frances E. Willard school centered this week's meeting of the Albuquerque W. C. T. U., which was held at the Y. W. C. A. Gifts for the school included a pair of blue wool blankets, sleeping dolls and large pillows; seven dollars given by Miss Florence Adams of the Y. W. C. A.; handkerchiefs and beads, Mrs. Earl Perterfield; kid gloves and a number of pairs of hose from Miss Ada Philbrick; books for each student from Mrs. N. J. Strumquist; gifts from Mrs. Albert Morris; fifteen gifts from the Junior Music club; five dollars from Mrs. Adelaide Luna of Long Beach, California; box of nuts from Matteucci and Palladino; pair wool blankets and Christmas bells from Mrs. Mary Rached; five dollars from Warren Graham; towel bars, soap holders and tumbler holders from Mrs. Strumquist; and a pledge of one hundred dollars from the Albuquerque W. C. T. U.

A program is being arranged by the W. C. T. U. for the night of January 16, to celebrate prohibition. The program at the Y. W. C. A. included violin solo by Miss Strumquist, accompanied by Miss Helen Gurule; "La Golondrina," by Miss Gurule, and piano solos by Miss Cremo.

Students and faculty of the Frances E. Willard school were entertained with a Christmas party given by the Santa Fe Kiwanis club. Harry Bowman, attorney general, presided as toastmaster.

Today's Recipes
Roast Goose—Select a goose of suitable size for the number to be served. One pound per person is the usual rule. Dress and clean by scrubbing inside and out with soda water. Rinse in boiling water and dry; stuff and sew up. Rub with flour, salt and pepper; baste with drippings and after first hour add one cup water. Skim off most of fat in pan and make gravy by adding one cup white sauce, stirring until well mixed and then adding hot water gradually to make of right consistency.
Plum Pudding—Take one cup suet put through food chopper, one cup chopped raisins, one cup currants, one-quarter cup citron (diced), one cup sweet milk, one cup molasses, one teaspoon cinnamon, salt to taste, teaspoon soda, three cups flour; mix; steam for three hours, serve with foamy sauce.
Foamy Sauce—Take six tablespoons butter, one cup powdered sugar, three eggs, one teaspoon vanilla and two tablespoons boiling water. Cream butter, add sugar slowly, beating continually. Beat egg yolks until thick and add gradually. Beat well, add stiffly beaten egg whites, flavoring and water. Before serving heat over boiling water five minutes, stirring constantly.
Vegetarian Turkey—Two cups legume puree, two eggs, one-half cup toasted bread crumbs, one-half cup browned flour, two teaspoons celery salt, one teaspoon salt, two teaspoons sage, one cup strained tomato, two cups nut meal or finely chopped nuts, one-quarter cup cream, two tablespoons grated onion. Cook the legumes, either lentils, peas or beans, until quite tender and dry. Make into a puree by mashing through a colander. Beat the egg slightly, add the puree and the other ingredients in the order given. Then bake in a loaf in a hot oven 20 to 30 minutes, or until nicely browned. Serve with cream sauce or brown sauce. The mixture may be shaped with a paring knife or spatula to represent a fowl.
Roast Duck—Dress, clean and

truss the duck. Place on a rack in a dripping pan, sprinkle with salt and pepper, and cover breast with a few very thin slices of salt pork. Bake 20 or 30 minutes in very hot oven, basting every five minutes with the fat in the pan; cut string and remove string and skewers.
Peanut Stuffing for Duck—One cup cracker crumbs, one-half cup cream, two tablespoons butter, melted, one-half cup shelled peanuts, chopped, few drops onion juice, salt and pepper.
Today's column is devoted exclusively to Christmas cooking. The menu features goose for Christmas, but of course the turkey is the real Christmas bird in America. However, there are people who prefer duck, and we are including a recipe for that savory bird. Then again there are those who are on a strictly vegetarian diet and for them we are including a "vegetarian turkey" recipe, so we hope all will be suited and gastronomically, at least, will have a happy Christmas.

Let us just drop one hint. In the servantes home it is a much happier Christmas if everyone helps so that mother has a playtime, too. No one wants to work on Christmas day. Every one wants to play with the new things, or go skating or dip in the new book or play with the baby. But we are all anxious to eat the Christmas dinner and we can do it with a better appetite. We are sure, if we all have a hand in its preparation, "So everyone to his task with 'peace and goodwill.'"

DAY NURSERY PLANS GOOD TIME FOR THE BOYS AND GIRLS

A Christmas tree and entertainment will be held this afternoon at 4 o'clock at the Albuquerque Day Nursery. All boys and girls who formerly attended the nursery and all those now in attendance there will be welcomed. There will be presents for all the children. Parents or the children are invited to be present.

CLOTHES FOR THE BABY DOLL

Have you ever priced dolls' clothes ready-made in the shops? If not, you have a surprise in store for you, for the prices are generally high.

An adorable set of clothes consisting of dress, petticoat, shirt, drawers and cap that would bring loads of joy to a little girl's heart on Christmas morn is shown in this sketch. Even the gracious giver will find no end of pleasure in this set for it would take but a few hours to make and the work is really fascinating.

The pattern No. 9830 is cut in sizes for doll, 12, 14, 16, 18, 20 and 22 inches high. Size 16 or 18 inches high requires 7/8 yard 24-inch material for dress; 1/4 yard 32-inch or wider with 1 yard 2-inch embroidery for petticoat; 3/4 yard 27-inch material for shirt; 1/4 yard 18-inch or wider for drawers and 3/4 yard 36-inch material for cap. Price 15c, stamps or coin (coin preferred).

Order patterns by number. Send all orders direct to Fashion Department, Albuquerque Morning Journal, 230 South Wells street, Chicago, Ill.

DOG HILL PARAGRAPHS

By GEORGE BINGHAM

While the Excelsior Fiddling Band was rendering one of its famous open-air concerts Saturday night, someone buried a full-grown turnip at the leader, Ellick Helwanger. Whoever is guilty of such misconduct, evidently has no ear for music, but, fortunately Ellick dodged injury, having an eye for turnips.

Washington Hocks says it has been his observation that while at times it appears that a person who sits around and doesn't try to do anything worth while, has an easier time than anybody, he doesn't.

Jefferson Pollocks has gone back to chewing home-spun tobacco after trying the store-bought kind, and is now chewing some so strong he can put a peanut hull out of commission at fifteen steps.

After-Dinner Tricks

No. 67—Tumbler From Pocket
To carry a tumbler filled with water in the pocket and remove it without spilling a drop seems an impossibility, but it is quite easily accomplished. Procure a piece of thin rubber and stretch it across the mouth of the tumbler. Secure the rubber with an elastic band. The tumbler may then be carried in the pocket as long as you desire, removing it from the pocket first slide off the rubber and bring out the glass alone.

HEART AND HOME PROBLEMS

BY MISS ELIZABETH THOMPSON

Dear Mrs. Thompson: I am very much worried and don't know what to do. I have been writing to a boy for two years. He asked me to marry him and I refused although I loved him dearly all the time. I have been making preparations to be married, but in the last letter I wrote some very cruel things which I did not mean. After I sent the letter I could see my mistake. I waited four weeks and then wrote and told him if he was going to write to me at once for I was preparing to leave town, which I intended to do for a short while. When that brought no answer I saw my mistake. I hate to give in and admit myself in the wrong. I am sure of his love for me. We are both old enough to give up our silly ways.

What would you advise me to do? I would like to have him know I am sorry but I am afraid to write the third letter for fear he would think I was running after him. BLUE EYES.

You have loved in a selfish way and taken cruel enjoyment in your power to hurt the one who loved you. Since you are in the wrong I would advise you to write a third letter admitting that you made a mistake and that you really love him. It may be that you have killed his love for you by your cruelty, but if not he will reply to your letter. Let this be a lesson and in the future try to protect one you love from injury instead of deliberately trying to inflict it.

Dear Mrs. Thompson: Will you please tell me of a good bleach that can be made at home? If one has been invited out for the day, upon leaving should she thank the hostess for the dinner and supper? How should the hostess reply? E. B. C.

Equal parts of lemon and peroxide make a good bleach for whitening the skin about the finger nails or causing the hair on the arms to become a lighter color. You have not mentioned the thing for which you want the bleach.

Tell the hostess you have had a happy time or enjoyed yourself immensely. Do not thank her for the dinner and the supper. She should reply that she has enjoyed having you.

Dear Mrs. Thompson: Please suggest some inexpensive Christmas gifts for girls of the ages of thirteen to fifteen. Also suggest some Christmas gifts for men and women teachers. BLUE EYES.

Fine linen handkerchiefs could be made with little expense and they would be appropriate for young girls and for men and women teachers. You might also string beads for the young girls. Another thing which would please a teacher, either man or woman, is a bowl of narcissus bulbs in bud. If they are started at once they ought to be in bud by Christmas time.

Dear Mrs. Thompson: Kindly publish an eyebrow grower. I have heavy hair on my head, but my eyebrows are thin.

THANK YOU.
For an eyebrow grower the following is recommended:
Vaseline, two ounces; tincture of cantharides, one-eighth ounce; oil of lavender, fifteen drops; oil of rosemary, fifteen drops.

Mix thoroughly and apply to the eyebrows with a tiny toothbrush once a day until the growth is sufficiently stimulated; then less often.

The ointment may be used for the eyelashes also. In this case, it should be very carefully applied. It will inflame the eyes if it gets into them.

BANKERS DOWN BULLDOG TEAM BY LONG COUNT

Albuquerque High School Basketball Quintet Is Outplayed and Loses First Game of Season 38 to 21

Holding their opponents even through the first half but clearly outplayed in the second period, the Albuquerque High School Bulldogs went down to defeat last night, in the high school gymnasium, before the strong Bankers quintet. The final score stood Bankers 38, A. H. S. 21.

There was no question of the superiority of the Bankers last night. In the first half the Bulldogs fought them to a standstill, partly because of effective guarding and partly because the Bankers did not swing into their full stride. Just after the second half opened the Coin Grabbers uncorked a spurt that soon carried them well to the front. Pegue broke loose and Gilbert worked well with him, while the other members of the quintet worked into the combination nicely. The Bulldogs failed to ride Pegue closely, could offer no effective defense against the Banker drive.

The Bulldogs started with both Malcolm Long and Wilson. When out of the game, Long is the leading point gatherer of the aggregation and one of the best floor players. Wilson is the strongest defensive player. With these two players in later in the season, the Bulldogs may reverse the result of last night. But last night the Bankers were clearly the better team.

Referee Berry started the game by calling bodily contact closely and for a few minutes the game was a fast, open affair, of the sort well worth watching. Then Berry began to make allowances for the small floor and the affair soon developed into another of those wild scrambles. The game was not as rough as one or two others earlier in the season and there was nothing which savored of unclean play. But it was unduly rough.

After the game Coach Addison Moore stated that the game was the cleanest which had been played on the high school floor in some time. Moore undoubtedly knows whereof he speaks, so the only comment which can be made is that there is still ample room for improvement if Albuquerque wants to be recognized as one of the best teams in the state.

The game did not serve to offer a correct line on the possibilities of the Bulldogs later in the season. With both Wilson and Long back in the game the quintet will certainly be better. It is also certain the team play which Coach Moore has drilled into his charges will prove more effective on a larger floor. But how much difference these changes will make cannot be determined at least until Long and Wilson get back into the game.

Pegue, as usual, was the big point gatherer for the Bankers. It was the lean, rangy captain who kept the Bankers in the game during the first half and he who went on a rampage of basket tossing in the second half, a rampage that clinched the game for his crew. He scored 23 points alone, more than the entire Bulldog squad. Tony Gilbert staged the best shot of the night, with a long toss from close to the center of the floor and near the sidelines.

Bryce, the Auburn shocked lad who has recently been added to the Bulldog regulars, accomplished all that was asked of him. He played a fairly strong game and was the best point gatherer for the Bulldogs, making 11 of the 21.

The lineups and scoring follow: Bankers: Pegue (Capt.), 9 field and 6 foul goals, 23; Gilbert, 4 field goals, 1 f.; White, 3; Wilkinson, 2; Renner, 2 field goals, and Bryan, 1. Total 38.

High school: Bryce, 5 field and 2 foul goals, and Hammond, 2 field goals, 1 f.; Glassman (Capt.), 2 field goals, and Roybal, 1 f.; Foraker, 1 field goal, 2 Renfro, 1 field goal, Jordan, and Glassman, 1 f.; Allen and Gion, 1 f. Total 21.

COUNTY OFFICIALS DRAW THEIR FINAL SALARIES

Outgoing county officials drew their final salary vouchers yesterday afternoon. The county commissioners held a special meeting at the county court house and approved the salary bills. The salaries are not due until the end of the month but it was decided to grant them now because of the approach of Christmas.

The only other business transacted at the meeting was in connection with a deed. Barton Keller decided to the county a strip of land for Manuel invent in return the county decided to him a strip of land ten feet wide on the south side of Manuel avenue.

DEATHS AND FUNERALS

BORKMAN—Charles Borkman died at his apartment here yesterday, aged 35 years. Funeral services will be held at Strong Bros. chapel this morning at 10 o'clock. Interment will be in Fairview cemetery.

WEED—Funeral services for Mrs. E. F. Weed will be held from the First Methodist church at 2:30 this afternoon. Rev. E. E. McGuire officiating, assisted by Rev. H. A. Cooper. The following will act as pallbearers: S. A. Kay, A. L. Martin, A. A. Hefflin, Fred Hennrich, George Dent and Frank Boyer. Burial will be in Fairview cemetery. The body will lie in state at the home from 10 a. m. to 1 p. m. C. T. French is in charge.

SANTA CLAUS IS VISITOR TO THE FOREST OFFICES

Hands Out Presents to Government Officials and Their Children; Jolly Time Is Enjoyed

Fifty-two children of the United States forest service members assembled at the office of the District forester at 4:30 yesterday afternoon, to receive the gifts Santa Claus had to distribute. The children ranged from babes in arms of a few months to 10 years of age. There were presents for all.

An entertainment was offered in connection with the distribution of gifts. There was music throughout. And the entire entertainment was staged solely for the benefit of the kiddies, along lines they would most appreciate.

The entertainment end of the program opened with a reading by Emma Williams entitled "My Old Santa." A male quartet, composed of Messrs. Marsh, Cook, Cooper, and Ancona, all members of the forest service, sang "Silent Night." Mrs. Jones then offered a reading entitled "The Christmas Tree."

Then came the most pleasant end of the program for the kiddies. Santa Claus, togged out in full regalia, passed about the presents from the little ones as they clutched the offering he handed out. To many the sight of "Dear Old Santa" himself was more attractive even than the presents.

The forest service Christmas tree is an annual institution.

SCARAMELLI RANCH SUIT SETTLED AFTER TWO-DAY DISCUSSION

The suit to quiet title to the Scaramelli ranch six miles south of town, which has occupied the last two days of the district court here, was settled just before the close of the defendants' case yesterday afternoon by the offer and acceptance of the parties to the suit of a compromise settlement.

It was during the examination of one of the defendants, whether or not he was willing to make settlement with the plaintiffs by accepting from the money the witnesses claimed he and his partner had expended in getting title to the land and stock in dispute. The witness said he was willing.

This involved \$4,500. Attorneys for Scaramelli, who had brought suit to quiet title to the \$10,000 ranch that was alleged to have been obtained from him by other parties without consideration, immediately called a conference. The proposition made was agreed upon and an agreed judgment was signed and entered on the court records. In this it was understood that Scaramelli would pay \$4,500, with interest at 7 per cent by July 1, 1923, then defendants would release all claims to the ranch, failing to pay this amount at that time, all rights of plaintiffs to the ranch and property to go to defendants, H. D. Mustain and A. M. Guerrero of Walsenburg.

The title to this land was obtained, it was claimed, by Scaramelli in his suit against the defendants, by a man by the name of Max Weiler, through fraud. He claimed that he never received any consideration for the sale. Max Weiler was subsequently arrested for fraud in connection with the transaction and was bound over to await the action of the grand jury of this county. He has not been seen here since.

It is claimed that Weiler traded Scaramelli land to which the former had no title for the land involved in the case, and that later the title to this land to Mustain and Guerrero, to whom Weiler was indebted. The defendants claimed they were innocent purchasers of the Scaramelli land, and that the title to the land was brought the suit to settle the matter. It is claimed that the ranch is a improvements, etc., are worth approximately \$10,000. However, defendants in the suit did not pay that amount for the property, although they had a deed to it which they were relying upon to give them full title.

H. B. Jamison and T. J. Mabry appeared as attorneys for the defense.

HAYWOOD'S \$15,000 BOND IS PAID; HE CANNOT RETURN HOME

Chicago, Dec. 22.—The United States was enriched to the extent of \$15,000 today through the flight to Russia two years ago of William D. Haywood, I. W. W. leader, who was under prison sentence at that time.

The money represented the amount of bonds of Haywood and was paid by William Brown Lloyd, wealthy communist, recently released from Joliet prison after his sentence for violation of the anti-syndicalist law had been commuted, and Otto Christensen, attorney for Haywood.

The \$15,000 bonds for Charles Rothfischer, another I. W. W., now in Hungary, also were paid. Payment of the bonds, it was pointed out, does not mean that either of the men can escape arrest should they return to America.

PAL MOORE WINS

Chicago, Dec. 22.—Pal Moore of Memphis was given a newspaper decision over Bud Taylor of Terre Haute, Ind., after 14 fast rounds aboard the U. S. S. Commodore here tonight. The men are bantamweights.

LOCAL ITEMS

Beatrice Garcia, mother of Mrs. Desiderio Montoya, arrived last night from Winslow, Arizona. She will spend the Christmas season with her daughter and the latter's husband, Justice of the Peace Desiderio Montoya, at the home of the latter, on Indian school road.

Kenner Kartchner, supervisor of the Manzano national forest, has purchased a Ford truck for use in transportation of supplies and field travel in the forest.

The Congressional Record of December 16 shows that Homer H. Snyder, chairman of the House Committee on Indian affairs, introduced in the house, on Saturday, December 16, a bill which in text is almost identical with the Bureau bill.

Captain John E. Harn, U. S. Immigration Inspector, went to Santa Fe yesterday afternoon to secure Manuel Balbuena, who is to be taken to El Paso for deportation to Mexico. Balbuena, whose home is in Juarez, has just completed a sentence in the penitentiary. He was sentenced to serve one year for the removal of property from a box car at Suanuco, New Mexico.

Sheriff Ortiz is going to finish his regime as sheriff "in style" as far as the prisoners in the county jail are concerned. Tony, who is known far and wide for his liberality, has decided to spread as much Christmas cheer as he can for a little while at least. He will serve such a dinner as would be fit to grace any home.

R. M. Britain, manager of the Paulin Motor Car company, will leave this evening for El Paso, Texas, where he will spend the Christmas holidays with relatives and friends. The Paulin company is a local distributor for the Reo cars and speed wagons.

Mr. and Mrs. David Gibson, Jr., left last night for El Paso, where they will spend the Christmas holidays with relatives.

Mr. and Mrs. H. J. Ryan of Las Vegas are here to spend Christmas with Mr. and Mrs. Colbert C. Root, 1605 East Central avenue.

C. A. Doty, state road inspector under the U. S. biological survey, has returned from an official trip to Colfax, Union and Harding counties.

Mrs. N. D. Harrel of Lewisville, Ark., has arrived in the city for a visit with her son Frank, a student at the University of New Mexico, and Mrs. Anna Curd, 607 North Fourth street.

Dr. Murray, Osteopath, Violet-ray treatments. Armijo Bldg. Ph. 741.

FORMER LAS VEGAS HEADS D. A. R. IN HAWAIIAN ISLANDS

Mrs. Sallie Home Douglas, who lived for many years in Las Vegas, where she was prominent in educational and social affairs, recently was appointed state regent for Hawaii for the Daughters of the American Revolution. Mrs. Douglas has lived for 15 years in Honolulu. The Daughters of the American Revolution now number 139,000 members. The combined chapters of the organization in New Mexico have 1,000 members. Mrs. R. P. Burns of Albuquerque is state regent for this state. Mrs. Frances Cushman of Santa Fe is vice president.

NO TRACE FOUND OF DENVER BANK ROBBERS

Denver, Dec. 22.—Authorities tonight apparently are facing the same blank wall which confronted them in their investigation of Denver's bank truck robbery, before Thursday evening's wild chase over country roads in Northern Colorado, supposedly on the heels of the four desperadoes blamed for the \$200,000 theft, and the shooting to death of C. E. Linton, federal reserve bank guard.

Tonight two detective agencies here claim to have definite clues to the identity and probable location of the bandits. Rowland K. Goldard, operative in charge of federal secret service agents for the Colorado district, is absent on an unannounced mission, which is being kept secret.

Chief of Police H. R. Williams of Denver, however, is inclined to doubt whether four automobile loads of Denver police officers were on the trail of the bandits Thursday evening and apparently believes the status of the man hunt is substantially the same as it was before Sheriff Frank Hall of Greeley sought the aid of local police.

MIXED TOSSER TEAM DEFEATS HARWOOD FIVE

Team With Two Bernalillo Players and Three Sigma Chi Men Wins 37 to 27; Midgets Play First Game

The Harwood school basketball quintet which defeated the strong Banker crew a week ago, went down to defeat last night at the hands of a mixed team, composed of three Sigma Chi players and two from Bernalillo. The final score stood Mixed team 36, Harwood 27.

The mixed team is the same crew which played against Menaul last week, as "Bernalillo" and defeated the Menaul quintet. Benjamin Seligman and Betts, the Sigma Chi players, are all members of the University of New Mexico squad. The game last night was a closely contested affair and was uncertain regarding the outcome until close to the end. With only a few minutes remaining to play Harwood led by a close margin. Then the mixed team spurred, overhauled the Harwood crew and spurted to the front.

H. B. Ricketts refereed the contest. His work was exceptionally good. He held the situation well in hand throughout, calling personal fouls closely. The result was that the game was the cleanest played in Albuquerque this season. Madrid, left guard, was the leading point maker for Harwood, netting six field goals and two free throws, for a total of 14 points. D. Campa was just behind him, with five field goals. Benjamin Seligman and Betts divided honors for the mixed team. Betts gathered 13 points, Benjamin 11 and Seligman 10.

Prior to the regular game the Harwood Midgets and Harwood Midgets staged a game. The Harwood lads outlasted the Boy Scouts, winning by a count of 32 to 13.

The lineups and scoring in the second game were as follows: Mixed Team: Benjamin, 5 field and 1 foul goals, 11; Seligman, 5 field goals, 1 f.; Betts, 5 field and 1 foul goals, 11; Stowell, 1 field goal, 1 f.; Block, 1 f. Total 36.

Harwood: Campa, 5 field goals, 1 f.; Robles, 1 field and 1 foul goal, 3; J. J. Costales, 2 f.; O. Costales, 2 f.; 3 total, 6 field and 2 foul goals, 1 f. Total 27.

No More Dread of Dental Chair

I came to Albuquerque just this week and announced through the press what my intentions were. I have been too busy to tell you any more, but now I'm going to tell you something.

We are making a specialty of modern and most scientific and painless dentistry known to the profession. Our name alone will be a guarantee that your work will be of the best. We specialize in each department.

We take this method of advertising to establish our business on the merits of our workmanship and to produce popular prices that you may become acquainted with our modern dental office, and most improved and scientific dentistry. Teeth extracted, crowned and filled, absolutely without pain. X-ray examination.

CITY SHOWS BIG GROWTH IN 1922; 500 NEW HOMES

Building Activities and New Water and Light Connections Show That Population Increased

M. L. Fox, manager of the Chamber of Commerce, has prepared a report showing the progress made by the city in the year just closing, and outlining some of the major activities of the organization. Following are some excerpts from the report:

M. L. Fox, manager of the chamber, presented a report, showing the progress made by the city in the year just closing, and outlining some of the major activities of the organization. Following are some excerpts from the report:

City's Rapid Growth
Approximately \$4,000,000 in building and improvements in city and suburbs. Above \$3,000,000 inside of city limits; nearly all estimates for permits below actual cost.

The city has been advertised in newspapers having aggregate circulation of 3,000,000 copies; in magazines with aggregate circulation of 1,600,000.

Special articles relating to Albuquerque have been printed in daily newspapers of Wilkes Barre and Philadelphia, Pa.; Des Moines, Ia.; Jackson, Mich.; Marietta, Ohio; Bluefield, W. Va.; Richmond, Roanoke and Bristol, Va.; Nashville, Knoxville, Greenville and Johnson City, Tenn.; Devils Lake, N. D.; Denver, Colo.; El Paso and Houston, Tex.; Little Rock, Ark.; Jackson, Miss.; Indianapolis and Terre Haute, Ind.; and in "The Earth," a weekly magazine printed by the Santa Fe road.

Frederic J. Haslin syndicate has accepted and paid for three articles about Albuquerque, one of them dealing with the Albuquerque climate as a factor in the cure of tuberculosis, which has appeared or will appear in 100 newspapers.

Dr. Williamson, with slides and pictures, is now lecturing in the east on the scenic and historic background of Albuquerque, dealing especially with Acuna, Isleta and Laguna, and the Jemez country, including the Hot Springs and Sulphurs.

More than 13,000 people, traveling on special trains to and from the Pacific coast, including Rotarians, Shriners, real estate men, bankers, Knights of Pythias, dentists and osteopaths, were shown about the city, the Chamber of Commerce going on the theory that the best advertising Albuquerque can have is to show the city itself.

The city has been shown in this way to prominent people of practically every city of 5,000 population and above in all the country west of Arizona, Colorado and Wyoming.

More than 50,000 pieces of literature have been distributed in what the Chamber of Commerce believes to be the most effective way. Much of it went to Rotary clubs of the east, much of it was in envelopes ready for address and mailing to friends at former homes of residents. Much of it has been mailed out in reply to inquiries.

Arrangements have been made with the Santa Fe road to feature Albuquerque and the attractions centering about it in its advertising literature, and to give a summer tourist rate.

The Masonic Hospital
Decided progress has been made toward securing the location of a Masonic hospital here for the care of children. This hospital, to cost \$250,000, will be located here within two years. Strong representations have been made regarding the location of the sanatorium of the Brotherhood of Railway Trainmen. That hospital is much sought by several cities of the southwest, and it is not possible to secure it. Efforts are being made to secure a hospital to be erected by the Knights of Columbus. The location of a War Mothers Memorial hospital here seems now probable.

It was through the Chamber of Commerce that arrangements were made for paving East Central avenue outside the city limits. The property owners put up \$15,000, the county commissioners \$5,000, and the remainder of the sum required will be put up by the state and federal government.

The Chamber of Commerce banquet in honor of Secretary of Commerce Herbert Hoover, was a notable event in many respects. A banquet with more than 700 diners is unusual, even in a large city. Not only did it give the people of Albuquerque an opportunity to see and hear Secretary Hoover, but it brought together our people to hear the stirring appeals of Governor Campbell of Arizona, and Arthur P. Davis, commissioner of the U. S. reclamation service, in behalf of reclamation of the land of the middle Rio Grande valley. These speakers made it quite clear that if Albuquerque is to grow greatly, there must be reclamation of the valley and bench lands between the White Rock canyon and San Marcial.

The Reclamation Project
The Chamber of Commerce took up the reclamation project early in the spring and organized the Middle Rio Grande Valley Reclamation association with approximately 300 members. It was the purpose to immediately organize a legal district, but when that work was started it was found that the laws of New Mexico were defective. An effort was made to have a special session of the legislature called to remedy the laws; but when it became apparent that the Smith-McNary bill would not be passed before adjournment of congress, the effort was abandoned.

Acting upon instructions of the board of directors, the manager of

VETERAN U. S. OFFICIAL HAS RECORD OF THIRTY-ONE NOTCHES ON HIS RIFLE

J. T. Brown.

When visitors arrive at Oklahoma City for the gubernatorial inauguration ceremonies early in January they're going to find J. T. Brown on duty in the interests of law and order. Brown has been wearing a federal officer's shield and a brace of pistols for the last thirty years, and he's credited with having thirty-one notches on his guns lawbreakers killed resisting arrest.

The chamber of commerce took steps to have a bill drawn for presentation when the legislature meets that will legalize the creation of a reclamation district in such way as to meet the requirements of the Smith-McNary bill, should it become a law, or to enable the district to meet the conditions of the present reclamation laws and market its bonds through some agency other than the federal farm loan board.

The reclamation bill will provide for the formation of a district and its development through public utility agencies, bringing in the corporations and incorporated towns and cities that would be benefited by flood protection, irrigation and drainage. The public utility feature is incorporated so that the bonds will not be regarded as a first mortgage upon the lands, which would stop them from securing loans through the federal farm loan banks or from a joint stock land bank. Should the Smith-McNary bill pass, the bonds will be sold at 5 per cent. Should it not pass, the bonds would be marketed at 6 per cent. In any event the bonds being free from taxation in any form.

While there has been some criticism of the delay of the reclamation project, which is by far the most important of all the agencies by which it is hoped to bring prosperity to the middle Rio Grande valley and build a greater Albuquerque with a solid and continuing background, it is fair to say that we found no way of hurrying the matter. To have spent the money getting signatures for the formation of a district that could not function legally would have been waste.

A Tourist Bureau
The chamber of commerce has maintained an information bureau for tourists. Through this bureau Albuquerque's advantages have been given to an average of 100 people per day.

The chamber of commerce assists and extends every courtesy to the stranger—first in securing rooms or houses, and then securing positions or any other service. Something of the growth of the city in 1922 is indicated by the installation of 700 more electric light connections; 269 more telephone connections; 253 water connections within the city limits; 120 in University Heights; 68 in Thaxton addition, and 30 in Stamm addition; total new water connections, 441. Both in the Thaxton and the Lincoln additions many homes depend upon wells.

WOMAN CHARGED WITH VAGRANCY SENTENCED TO SERVE SIXTY DAYS
Mrs. Ollie Workman La Mere, charged with vagrancy and disorderly conduct, was sentenced to a fine of \$50 or to serve 60 days in the county jail in lieu of fine, by Justice Desiderio Montoya, yesterday afternoon. She had demanded a jury trial through her attorney and the jury found her guilty. Upon her failure to pay the fine, Justice Montoya ordered her committed to jail.

Mrs. La Mere is the wife of Joe La Mere, who is being held in the county jail to await trial on a charge of having transported his wife here from Casper, Wyoming, for immoral purposes.

There were a number of interesting sidelights in connection with the case. One of the witnesses claimed to be a prize fighter and said that he boxes under the name of Willie Taft. He resembles his famous namesake far more than a prize fighter in construction. The only fighter he resembles is "Phat" Willie Meehan. The two Willies would be able to stage a first class "roly poly" act.

Acting upon instructions of the board of directors, the manager of

SANTA TO COME IN AIRPLANE TO HEIGHTS TREE

Celebration of Christmas and Distribution of Gifts to Kiddies Sunday Afternoon at 4 o'clock

Santa Claus will arrive by airplane Sunday afternoon at 4 o'clock to open the ceremonies at the University Heights Board of Trade's community Christmas tree. All the youngsters in town and their parents too are invited to be present, but Santa will have presents only for the 250 youngsters living in the Heights, as he could not bring a big load in the airplane.

The presents will consist of candies, fruits and other goodies, placed in stockings by the Heights ladies. Each stocking will bear the name of the kiddie for whom it is intended. In case any of the Heights youngsters cannot attend because of illness, their presents will be taken to their homes.

A 40-foot tree has been erected in front of the Board of Trade office and has been equipped with electric lights and other decorations. It will be lighted for the first time tonight.

After the distribution of the presents the French quartet will sing several Christmas carols, after which there will be community singing from song books that will be distributed. The tree will be lighted at 5:30 o'clock and the singing will continue until 6 o'clock. The Board of Trade invites the public to join in the celebration of Christmas.

Theaters Today

"B" Theater—Repeating today for the last time, the great Paramount picture, "Burning Sands," with an all-star cast; also repeating the "Pathé Review" pictures.

Lyric Theater—"White Shoulders," with an all-star cast headed by Katherine MacDonald and Bryant Washburn, will be repeated today for the last time; also repeating the non-serial picture, "The Leather Pushers."

Pastime Theater—For the last time today, the management is repeating the picture, "Sisters," with Seena Owen and Gladys Leslie as the principal stars; also repeating Harold Lloyd in the comedy, "Now or Never."

Yes, Times Have Changed

A FEW centuries ago the word "idiot" meant a member of the Roman citizenry. Citizens in general would resent the implication that the word conveyed, today. There are still idiots, but the application of the word is entirely different from what it was of old. There was also a time when some advertisements had to be taken with a grain of salt. A few misguided advertisers thought they could sell their goods better by misrepresenting them. Those advertisers have long since gone out of business or mended their ways. Hard experience taught that untruthful advertising didn't pay. Other advertisers proved that the only way to advertise successfully, make regular customers, and build up good will was to tell the **absolute truth** about their goods. Today you can depend on the merchant or manufacturer who advertises. The concern that tells you frankly what it is doing is a good concern with which to do business. The store that advertises is a progressive store that has something worth while to say to you. And companies that advertise their products or their services believe in them. You can safely share their confidence.

Read the advertisements in the Morning Journal

FORT BAYARD NURSES TO PLAY BASKETBALL; ANXIOUS FOR GAMES

Special to The Journal
Fort Bayard, N. M., Dec. 22.—

The nurses of Fort Bayard have organized a basketball team and after a few practice games among themselves have cast their bonnets in the ring as a challenge to any of the girls' and women's basketball teams of the surrounding towns. Miss Bess Thompson, chief nurse, is the manager of the team, and she says she is looking for games at Fort Bayard after the first of the year, and wishes other managers to communicate with her as soon as possible so that a good schedule may be arranged.

Among the nurses out for the team are Misses Leeper, Robertson, King, Hacker, Thomassen, Rose, Gratzmark, Whitelake, Armstrong, Wardle, and others.

The men's basketball team has received a number of challenges for games, and Manager Byron Crow is arranging a good schedule, with most of the games on the Colorado River. Several games would have been booked during the holidays, but on order for suits, shoes and other paraphernalia put in until December 1, have not arrived, and the team will not be able to take the floor in public until they receive their supplies.

However, some good practice work is being done under the supervision of Coach Crow, and the delay in giving the team time to develop team work, which at present is lacking, because the players have not had practice in several years, and have never played together before.

NO TRACE FOUND OF YOUNG PASCOE, LOST WHILE OUT HUNTING

Special to The Journal
Fort Bayard, N. M., Dec. 22.—

In search of possible traces of his son, Douglas Pascoe, who was lost while out hunting on Thanksgiving day, C. F. Pascoe of Clinton, Ariz., visited Fort Bayard and all communities of Grant county Wednesday and Thursday of this week. At one time young Pascoe was reported found in Hueco, but the report was erroneous and the father is running down every possible clue and devoting himself to the search, which is now nearly a month old without an authentic trace of the boy being found.

Young Pascoe went out hunting with two companions, Sidney Bills and Augustin Uria, Thanksgiving day in the Juniper pasture of the Mill creek country near the Arizona-New Mexico line. He became lost from his companions and they returned home thinking he would wander in.

The search has been fruitless and W. B. Warner of the Silver City headquarters of the forest service is instructing members of his force to keep an eye out for the boy.

Young Pascoe is 22 years of age, has dark hair, blue eyes, a scar over the left eye, and wears a five and a half shoe, six and seven-eighths hat and fourteen collar.

BRICK WALL FALLS
Denver, Colo., Dec. 22.—Four men narrowly escaped death shortly before 8:30 this morning when they were caught beneath an avalanche of bricks and the plant of the Colorado Ice and Cold Storage company, 1700 West Colfax avenue. The workmen were cleaning an old refrigerator room and undermined a wall which gave way. Forty square feet of brick crumbled and caved in on them.

Uncle Sam is reported to be about a billion and a half shy on his income, and he is going out to know how the rest of us feel.—New York Evening Post.

NEVER KISSED WIFE

Chicago, Dec. 22.—Mrs. Charlotte Bancroft was granted a divorce yesterday from Wilbur W. Bancroft, whom she claimed boasted that "in all his life, he had never kissed a woman." She said that Bancroft had not kissed her in their two years of married life.

Quite properly, the bone-dry Arizona government is represented at the Lusane conference by a gentleman named Art Bey.—New York Times.

NOW FOR THE WINDUP

The celery, head lettuce, fresh tomatoes, cucumbers, etc., will be ready.

Olives! Olives!

Most people know we have those splendid, large, green olives in bulk. And those large stuffed olives, each a mouthful.

Pickles! Pickles!

Heinz sweet mixed, sweet, sour, dill; also complete line in bottles.

The Florida grapefruit is fine. Extra small canned pears.

Asparagus tips. Our bottled cider is the next best thing.
