OLD TRAIL CONVENTION

Fifteen Delegates Named By Governor to Attend Kansas City Meeting

HISTORICAL SOCIETY ELECTS

One Incorporation and a Charter Amendment Filed With Corporation Commission.

Governor McDonald today issued the following call and appointed the following delegates:

Whereas, a National Old Trails Road Convention has been called, by the Missouri Old Trails Road Association, to meet in Kansas City, Missouri, Wednesday and Thursday, April 18th and 19th, 1912; and

Whereas, plans will be considered and formulated at this convention for the making and marking of a permanent road across the continent following as near as practicable the route of the Cumberland Pike, the Boone Lick Road, the Santa Fe Trail and the Sunset Route;

Now therefore, I, William C. McDonald, Governor of the State of New Mexico, by virtue of the authority in me vested, do hereby appoint as delegates to said convention the following:

R. E. Twitchell, Las Vegas, N. M.; O. B. Erickson, Fort Sumner; A. H. Hilton, San Antonio; P. F. McCanna, Albuquerque; B. M. Cutting, Santa Fe; W. E. Griffin, Santa Fe; H. B. Henz, Albuquerque; L. Bradford Prince, Santa Fe; H. D. Rankin, Watrous; J. D. Hand, Las Vegas; D. K. B. Sellers, Albuquerque; Hugo Seaberg, Raton; Morgan O. Llewellyn, Las Cruces; W. D. Murray, Silver City; J. E. Rhea, Roswell; Melton Torres, Socorro; Jose Baca, Las Vegas; J. M. Hervey, Roswell; W. F. Gortner, Las Vegas; Cipriano Lucero, Cerrillos; J. S. Mac-tavish, Magdalena.

W. C. McDONALD, Governor.
Done at the Executive Office this 25th day of March, A. D. 1912.
Witness my hand and the great seal of the State of New Mexico.
By the Governor:
ANTONIO LUCERO,
Secretary of New Mexico.
Trade Mark Registered.

The trade mark "Sulphur" a liquid compound of sulphur and a remedy, made by the C. M. C. Stewart Sulphur Company of Seattle, Washington, was this morning filed with Secretary of State Antonio Lucero.

A brief session of the board of regents of the University of New Mexico was held at the Alvarado at Albuquerque. Judge Alford W. Cooley being ill in Santa Fe could not attend, those present being President R. W. D. Bryan, secretary and treasurer; Dr. J. A. Reddy, Nathan Jaffa of Roswell and E. H. Bickley of Raton.

Historical Society Elects Officers.

The New Mexico Historical Society met yesterday and elected the following officers: President, L. Bradford Prince; Recording Secretary, William M. Berger; Corresponding Secretary, E. A. Johnston; Treasurer John K. Stauffer; Vice-Presidents, William J. Mills, Frank W. Clancy and Ralph E. Twitchell; Curator, Henry Woodruff.

Charter Amended.

The Cimarron Construction Company has changed its name to the French Lumber Company of French, New Mexico, and has extended its scope of business to include the milling and manufacture of lumber products and the right to operate a general merchandise store, according to a statement filed with the state corporation commission. The amendment is signed by S. E. Phelps, president, and Mrs. S. E. Phelps, secretary.

Incorporation.

The Overland Auto Company of Denver, Colorado, a foreign corporation, yesterday filed their charter with the state corporation commission. The charter shows that the original incorporators were: Marvin H. McGuire, Louise M. Fugate and Theodore W. Fugate, all of Denver, Colorado. The company started with a capitalization of \$5,000 which was gradually increased until it reached the sum of \$100,000 of which \$83,000 worth of capital stock has actually been issued. The stock is divided into 500 shares valued at \$100 a share. According to the statement filed with the commission the company expects to do a general motor car sales and supply business with New Mexico offices at Albuquerque under the charge of H. A. Green, statutory agent.

District Court.

Piterbo Quintana, was this morning appointed a deputy sheriff, according to papers filed with the clerk by Charles Clonson, sheriff of Santa Fe county. C. A. Watson, a defendant under indictment for obtaining money under false pretenses in connection with alleged real estate frauds, failed to appear when his case was called in the district court and a bond of \$500 was forfeited. Watson was accused of having sold and re-sold imaginary property supposed to be in or near Taos. A suit against the local Mason's lodge, brought by L. Bradford Prince, for the alleged non-performance of a contract, was yesterday decided in favor of the former. The evidence showed that the Masons did not accept the

Senate.
Washington, D. C., March 26.—In session 1:45 p. m. Resumed debate on Stephenson election resolution.

Representatives Howard and Bartlett of Georgia urged before Senate and House just sub-committee of judiciary committees postponement of action on proposed workmen's compensation bills.

Met at noon. Began consideration of diplomatic and consular appropriation bill.

Florida everglades land investigation continued.

Editor Arnold of agricultural department, saying department does not put its o. k. on any report on the everglades.

House Politicians Skirmish.

Washington, D. C., March 26.—Without warning today the House jumped into a political skirmish in which the names of Governor Wilson and Theodore Roosevelt figures most prominently.

The outburst started when minority leader Mann had the clerk read from the desk a recent bitter newspaper attack on Governor Wilson by William Randolph Hearst, in which the governor's democracy was denied. It drew Republican applause.

Washington, D. C., March 26.—Governor Foss today notified Representative Curley of Massachusetts that while he was not a candidate, he desired, as announced last night, he presided that his name "appear as a preferential candidate to be voted on at the primaries in Massachusetts April 29." Champ Clark, accordingly declined to allow his name on the ballot.

Washington, D. C., March 26.—Officials of the Department of Justice plainly showed their disappointment over the acquittal of the packers, but declined to make any statement. They declined to commit themselves on the question whether the government would proceed against the packers with a civil suit under the anti-trust law.

(By Special Leased Wire to New Mexican)
Rome, March 26.—The condition of Pope Pius today practically is unchanged. It now is expected the suspension of general audiences will be extended until after Easter, so as to give him a thorough rest. The Pope received this morning, Cardinal Casimiro Gennari, Manager Sansoni, Bishop of Cefalu, Sicily and Manager A. Secchetti, Bishop of Smyrna. With the latter he had a long conversation regarding the situation in his diocese, especially in case of an attack by the Italian fleet.

BLOODY BATTLE STILL RAGING

General Orozco Is Directing Movements of Rebel Army in Person.

(By Special Leased Wire to New Mexican)

Jimenez, Mex., March 26.—Federal forces under General Tomas Urbina and General Trucey Aubert attacked Hacienda Dolores, four miles west of here at 7:30 o'clock this morning. The place was defended by one thousand liberals with three rapid fire guns and two field pieces.

Orozco in Command.
Jimenez, Mex., March 26.—General Orozco arrived from Chihuahua this morning with reinforcements. The federal forces under General Trucey Aubert, Francisco Villa, and Tomas Urbina, are within three miles of here, at Dolores ranch, and firing has started.

Jimenez was attacked at 11 o'clock with the federals cannonading and the liberals returning it. Both are in good positions. General Orozco is directing the fight in person. The liberals are 2,000 strong and the federalists about 1,500. General Trucey Aubert led his federal cavalry within six miles of Jimenez last night, but early today his movement was checked by the outposts at Hacienda Dolores. He has 1,200 men including rurales under Urbina and Villa. The attack of Aubert was not a surprise. It was known yesterday that he had left Cuernavaca, a short distance southwest of here and was heading for Jimenez with 500 men.

The forcing back of the federalists south of town last night enabled General Salazar to return to Jimenez last night with 500 of his men, with two machine guns, which, added to the artillery here and the garrison of 500 making it possible to put up effective resistance to the federalists under Aubert. It was known that they would advance over the trail for the west.

Federals Lose 350 Men.
A force was sent out last night to hold the Hacienda. Machine guns supported by two field pieces were sent to the front. Hacienda Dolores is defended by 1,000 men, three machine guns and two field pieces. Fighting stopped below Cuernavaca with the federalists back near Escalon. They were practically surrounded by the insurrectos. The fatalities were much smaller than reported yesterday, when according to the best information, the federalists lost in dead, wounded and captured more than 350. At four o'clock yesterday afternoon General Salazar sent word to General Campa at the front stating that General Aubert was reported close to Jimenez, and suggesting the advisability of sending 500 men at once with two machine guns captured from the federalists and two cannons also trophies. Special trains were sent out from Jimenez and arriving beyond Cuernavaca, picked up 600 men and artillery.

Rebels Attacked Mazatlan.

Tucson, Ariz., March 26.—Rebels attacked the important west coast Mexican city of Mazatlan at an early hour today, according to reports reaching Tucson. Dispatches to railroad of officials denoted uncertainty whether the federalists or the rebels controlled the city, but advises to the Mexican consul stated that the federalists still held it. There was no report as to the casualties.

Rebels Demoralized.

Mexico City, Mex., March 26.—The federal artillery created havoc among the revolutionaries at Jimenez, according to reports reaching President Madero today from El Paso. The following statement was issued today from the President's office:

"Persons arriving from Jimenez and despatches from the rebels say the federal troops caused great destruction with their artillery and that the rebels concentrated at Jimenez are greatly demoralized. It is calculated that a loss of more than 1,000 dead and wounded was inflicted on the enemy, and according to the report, great fear exists among General Orozco's men."

COAL STRIKE BY MONDAY

A Settlement Between Miners and Operators Considered Unlikely

450,000 WILL QUIT WORK

Owners Declare Suspension Is Preferable to Granting Higher Wages.

(By Special Leased Wire to New Mexican)

Cleveland, Ohio, March 26.—"A strike is preferable to the granting of the miners' demands. We cannot grant a wage increase even if all other demands are waived. In other words, the operators cannot yield, and the miners do not, a strike will follow."

That was the statement issued today on behalf of the bituminous operators of Western Pennsylvania, Ohio, Indiana, and Illinois, by J. C. Kolson, of Terre Haute. The operators will make no other offer than to extend the present wage agreement for another two years—the position they took when the conference adjourned last week—according to Mr. Kolson.

The differences, therefore, involving the possibility that more than 450,000 miners will quit work next Monday when their present wage scales expire, today appeared to be no nearer a settlement. The conference convened, but owing to the non-arrival of delegates, a recess was taken.

Strike Seems Certain.
Cleveland, Ohio, March 26.—The miners policy committee still is here awaiting to recommend what shall be done in the anthracite and bituminous situations. The committee had fixed to suspend any action until the outcome of the bituminous conference is known. If the bituminous conference fails to reach an agreement the committee's recommendation for a referendum will be similar in the cases of bituminous and anthracite miners.

John P. White, president of the union, said in case of a disagreement, the policy committee could recommend only that the miners strike. The shutting down of the mines next Monday would follow automatically without any action by the union executive heads, he said.

New Jersey Mills Close When Operators Refuse to Accept the Workers' Demands.

(By Special Leased Wire to New Mexican)
Paterson, N. J., March 26.—Sixteen of the nineteen silk mills at Hudson county were closed today because of a strike of 7,000 silk weavers who demand an increase of wages. The strike leaders say they will close up every mill in New York and Pennsylvania if necessary to win the strike. The mill owners say they cannot accept the demands for higher prices.

79 IMPRISONED IN A MINE

One Man Taken Out Dead and Ten Alive by Fellow Workers

HOPE FOR OTHER SIXTY-EIGHT

Two Rescue Cars Are on the Way to Scene of West Virginia Explosion.

(By Special Leased Wire to New Mexican)
Welch, W. Va., March 26.—An explosion in the mine of the Jed Coal & Coke Co., at Jed today imprisoned seventy-nine men, of whom ten have been taken out alive and one dead. There are hopes that the remaining sixty-eight may be found alive. The Jed mine is 150 feet deep and is located at Jed, six miles south of Welch, in McDowell county. The mine is on the Gary branch of the Norfolk and Western railroad.

Hope Abandoned.

Welch, West Va., March 26.—The bodies of four miners had been taken from the Jed Coal mine up to 3 o'clock this afternoon, and ten men had been rescued alive. It was reported at this hour that there were still 68 men in the mine. Government rescuing men believe that few of the remaining men in the mine are alive.

Expert Rescuers to Scene.

Washington, D. C., March 26.—Director J. A. Holmes of the Bureau of Mines, today ordered mine rescue car No. 7, at St. Paul, Va., to Jed. It carries four expert mine rescue men, headed by foreman William Burke. This car will go as a special to Jed and should arrive there this afternoon. Mine rescue car No. 6, at Irwin, Pa., also was ordered to Jed. This car is in charge of Foreman W. A. Raudenbush, with two expert rescue men.

Cause of Explosion Unknown.

Welch, W. Va., March 26.—Rescuing parties are making frantic efforts to reach the miners still imprisoned. The cause of the explosion is unknown.

PACKERS ARE NOT GUILTY

At End of Nineteen Hours Jury Brought In Verdict For Defendants

RESULT WAS A SURPRISE

Many Who Watched the Trial Believed the Chicagoans Would Lose.

(By Special Leased Wire to New Mexican)

Chicago, Ill., March 26.—Not guilty was the verdict which the jury returned today in the trial of the ten Chicago packers accused by the government of violation of the criminal sections of the Sherman anti-trust act. The verdict was returned before United States District Judge Carpenter after the jury had deliberated more than nineteen hours.

Thomas J. Connors and Edward Tilden were the only defendants, in court when the verdict was read. They were soon after joined by Edward F. Swift, Charles H. Swift, Francis A. Fowler and J. Ogden Armour, who hurried to the court room on receiving notice that the jury had reached a verdict. Edward Morris, Louis H. Heyman, Arthur Meeker and Louis F. Swift did not reach the federal building until after the proceedings in the court were completed.

Three ballots were taken today on the question of guilty or not guilty. The first ballot resulted four for acquittal and four for conviction. The second ballot showed eleven for acquittal and one for conviction. The third ballot was unanimous for acquittal.

The only ballot taken last night was on the question whether if one was guilty, all were guilty. This ballot stood ten to two in favor of the proposition. The verdict was handed to the clerk of the court by Judge J. E. Harvey, who was selected foreman. It reads: "We, the jury, find the defendants not guilty."

United States District Attorney James H. Wilkinson was deeply affected by the verdict. He jumped to his feet as the words sounded through the court room and tears filled his eyes.

"I have nothing to say," was his only comment as he walked from the court room.

Figures Didn't Count.

The court session occupied less than ten minutes. J. H. Edwards of Street, one of the jurors, discussing the proceedings in the jury room said: "The reason on which the acquittal was based was that we gave the defendants the benefit of the doubt. We did not believe that the government had made out a strong case. The people had not suffered and we could not see our way clear to convict the defendants. Under the evidence presented, we did not attempt to analyze the figures presented by the government and decided the case on the broad lines of the arguments and the testimony, which we remembered."

Provisions Go Up.

Chicago, Ill., March 26.—After the announcement of the verdict in the packers trial, provisions advanced all around. The rise was 15 cents for pork and bacon and 7 1/2 to 10c for lard.

The addition to the cost of packing house products was attributed on change to active covering by shorts and to sympathy with a bulge in the price of corn. Swift & Company shares advanced 2 3/4 points on the Chicago stock exchange today, an hour before the verdict. After the jury had come in a further jump upward occurred, making a total advance of six points.

Verdict a Surprise.

Chicago, Ill., March 26.—The ten defendants accused by the government and acquitted, are: Swift group—Louis F. Swift, president of Swift & Co.; Edward F. Swift, vice president of Swift & Co.; Charles H. Swift, director of Swift & Co.; Francis A. Fowler, manager dressed beef department Swift & Co.

Armour group—J. Ogden Armour, president Armour & Co.; Arthur Meeker, director and general manager Armour & Co.; Thomas J. Connors, director and general superintendent, Armour & Co.

Morris group—Edward Morris, president Morris & Co.; Louis H. Heyman, manager beef department Morris & Co.; Edward Tilden, president of the National Packing Company.

The court room was crowded and a hurried exit of many from the room when the verdict was read was checked by the judge.

The verdict came as a surprise to many who had been watching the case and had feared that the nineteen-hour wait meant a long battle in the jury room.

Jailed for Spitting on Flag.

New York, March 26.—"I am sorry that I cannot punish you more severely. If I could I would. As it is, you will make a good example to men of your stamp," said Justice Olmstead today in the Brooklyn court of special sessions, to Felix Adolpho, convicted of spitting on and setting fire to an American flag. Then the court fined him \$100 and sentenced him to serve thirty days in jail.

Boy Steals Funds to Go to Denver.

Ernest Jude, the 18-year-old boy whose parents live in Roswell, broke down in the Roswell jail after his arrest by the city officers charged with breaking the locks on the Roswell Gas and Electric Light company residence and gas meters, and then stealing the money, and making a complete confession. While C. M. Elmhart and J. C. Hamilton of the company think that something like \$125 was stolen the boy says that he only got about \$25. He wanted funds to go to Denver.

County Detective Finds Woman With Nine Husbands.

Allentown, Pa., March 26.—Mrs. Jennie Schmozer, wife of Edward Schmozer, was committed to jail tonight on a charge of bigamy. She is accused of having married ten husbands and never having a divorce from any. Her case shows the most extraordinary matrimonial career ever heard of hereabouts, especially as she is only 27. Her latest husband entered the charge. The listing of her husbands formed the hardest job County Detective Herbert M. Bachman ever had.

Sentenced to Penitentiary.

Marcelino Lujan was sentenced to two years in the penitentiary for forgery by Judge T. D. Lieb at Clayton, Union county. Ben Lujan was also sentenced but sentence was suspended. Felipe Caraball was indicted for illegal voting, Emeterio Cordova for election fraud, Lucas Gallegos for procuring illegal votes, Refugio Pacheco for rape, Virginia Lobato de Jaramillo for murder, Soledad Trujillo for murder, Albert Williams for larceny of cattle, Ralph Jones for carrying deadly weapon, Frank McMullen, John Burrus, Ricardo Casados, David Martinez, Candido Quintana, for burglary; James Neely, for assault with a deadly weapon; Peterson Real and Thomas Real for larceny of cattle; J. W. Mays for assault with intent to murder, and Manuel Encinas for election irregularities.

Quality in Cooking Fats

In cooking fats Cottole is superior in quality to all others. Its source is clean and wholesome, it is made in clean surroundings, and is packed in airtight pails of special design that keep the contents indefinitely sweet and fresh—free from dust and odors. Cottole is richer and will go one-third farther than lard or other cooking fats made to resemble Cottole.

In everything else quality usually regulates the price. If your grocer should ask you a trifle more for Cottole, it is because it is worth more. Besides, Cottole is guaranteed "satisfactory or your money back."

How to be Certain of Curing Constipation

Prejudice is a hard thing to overcome, but where health is at stake and the opinion of thousands of reliable people differs from yours, prejudice then becomes your menace and you ought to lay it aside. This is said in the interest of people suffering from chronic constipation, and it is worthy of their attention.

In the opinion of legions of reliable American people the most stubborn constipation imaginable can be cured by a brief use of Dr. Caldwell's Syrup Pepsin. You may not have heard of it before, but do not doubt its merits on that account, or because it has not been blatantly advertised. It has sold very successfully on word of mouth recommendation. Parents are giving it to their children today who were given it by their parents, and it has been truthfully said that more druggists use it personally in their families than any other laxative.

Letters recently received from Mr. Wm. Dehlin, 924 Coeur D'Alene St., Couer D'Alene, Idaho, and Miss Lina Reues, Sebastopol, Calif., are but a few of thousands showing the esteem in which Dr. Caldwell's Syrup Pepsin is held. It is mild, gentle, non-gripping—not violent, like salts or cathartics. It cures gradually and pleasantly so that in time nature again does its own work without outside aid. Constipated people owe it to themselves to use this grand blood purifier.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Editorial.

"The conditions are favorable for Republican success in 1888, despite the fact that the Democrats control all of the offices and election machinery. One thing, the party can certainly count upon, the united support of the old soldiers. These have at last become convinced that the Democratic party and its president are not friends to the defenders of the Union. Four years of Democratic rule have been more than enough for the business and industrial interests of the Nation. They will have no more of it for a long time to come, or until they have forgotten the distress, bankruptcy and souphouses."

"Every enterprising citizen in Santa Fe should take stock in the artilian well scheme. It is a project calculated to help Santa Fe and the whole country surrounding immensely. Give it a lift."

MINES AND MINING

Colfax County.

The production of the Stag Canon Fuel Co. for the year was 1,148,471 tons, a decrease of 232,986 tons, as compared with 1910, used as follows: For steam raising at mines, 1443 tons; sold to employees, 4293; sold to railroads, 448,625; commercial sales, 120,801 tons; used for cooking, 572,399 tons. There were three fatalities, making 382,823 tons of coal mined per life lost. The product of the mines is marketed through the Vermejo Coal & Coke Co., a newly organized subsidiary of the Stag Canon company. The general stores business, hitherto conducted by these subsidiaries, has been taken over by the Phelps-Dodge Mercantile Co., which pays a rental to the mining companies for the store buildings. The total sales of merchandise were \$5,317,994 on which a profit of 7.51% was made. Owing to the rulings of the Treasury Department in regard to the Corporation Excise Tax Law, per-

mitting depreciation to be written off on mining properties, the book values of the various company mines have been written up during the year as follows: Copper Queen, from \$500,286 to \$1,367,242; Detroit, from \$85,984 to \$213,579; Montezuma, from \$92,771 to \$3,849,292; Stag Canon, from \$600,000 to \$3,479,032. The Copper Queen had net earnings of \$4,155,911 for the year, before allowing for depreciation, and paid \$5,200,000 dividends; the Detroit earned \$630,496, before allowing \$267,700 depreciation, and paid \$800,000 dividends; Montezuma earned \$1,206,183 before allowing \$655,506 depreciation, and paid \$754,900 dividends; Stag Canon earned \$245,071 before allowing depreciation of \$56,498, and paid dividends of \$240,000. It appears therefore, that with the exception of Stag Canon earned \$245,071 before all the subsidiaries would have decreased had it not been for the additional mines values written in.

TWENTY CARLOADS OF CATTLE SHIPPED FROM DEMING.

Mountainview Has Been Designated as a Postoffice—Barn Burned to the Ground.

Deming, N. M., March 26.—John C. Hosack, architect and designer for the F. & S. Milling Company, yesterday bought four lots in the Orchard addition from the Blevins-Maynard-Child Co., and will begin Monday the erection of a \$3,000 bungalow on them.

Sam T. Clark bought an eighty acre relinquishment yesterday from Dr. A. J. Hulen. This land adjoins the Clark homestead on the south, and is about fourteen miles south of Deming.

Major James R. Waddill returned Saturday evening from Silver City, having finished with the criminal dock at the Silver City court.

Twenty car loads of Old Mexico cat-

tle were shipped to Deming Saturday by R. D. Hall of Denver, eight car loads being put on pasture near Deming, and the remainder shipped to the El Paso market.

The burn of L. E. Margrave in the western portion of town was burned to the ground last night, destroying several tons of feed.

E. O. Suppiger of Stanton, Texas, is visiting his brother A. E. Suppiger of this place. Mr. E. O. Suppiger will likely locate in Deming.

Mountain View fifteen miles south of Deming has obtained a postoffice, and Mr. H. H. Hougland has received appointment as postmaster.

Incendiaries Fire Railroad Trestles.

The Rock Island trestle near Cuervo, Guadalupe county, was burned by incendiaries last week. Several other trestles have been lately set on fire out of revenge by passengers put off trains because they had no ticket.

Nature's Way Is The Best.

Buried deep in our American forest we find bloodroot, queen's root, man-drake and stone root, golden seal, Oregon grape root and cherrybark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "Golden Medical Discovery."

This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require when recovering from a hard cold, grip, or pneumonia. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach, puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body. The weak, nervous, run-down, debilitated condition which so many people experience at this time of the year is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue."

"More than a week ago I was suffering with an awful cold in my head, throat, breast, and body," writes Mr. JAMES G. KENT, of 710 L. Street, S. E., Washington, D. C. "Some called it La Grippe, some pneumonia. I was advised by a friend to try a bottle of your 'Golden Medical Discovery.' I tried a bottle and it did me so much good that I feel safe in saying it is the greatest and best medicine that I ever took. My health is much better than it was before using your medicine. It does all you claim for it and is satisfactory."

J. G. Kent, Esq.

INVESTIGATION NEARS END

Last of the Four Defendants Goes On Stand This Afternoon

DECISION IS EXPECTED SOON

The Accused Legislators Have Not Been Shaken in Story That They Tell.

Defendant Luis R. Montoya on the stand yesterday afternoon when the New Mexican went to press, in substance repeated the story of the movements of the four defendants in the Spanish-American campaign, at the Palace Hotel on Saturday, March 16, and on Monday, March 18, and the two days subsequent in the county jail, his testimony corresponding in most details with that related already by Defendants Julian C. Trujillo and Manuel Cordova. "Boys, I want you to vote for Mr. Fall and for me," Elfege Baca said as he counted out the money, according to Montoya. Cordova replied: "I will vote for Fall but will vote for a man from Taos county for the second candidate." Montoya testified that he and Cordova had agreed among themselves, after consulting with several visitors from Taos, to cast their votes for Fall as that appeared to be also the sentiment of these visitors from Taos. "All the money in the world could not have changed my mind as to my purpose,—not to vote for Elfege Baca," was the forceful declaration of the Defendant Montoya.

Montoya also testified that Mounted Policeman Sena had a revolver in his hand as he entered room 41, and commanded Elfege Baca to give no further instructions and gathered the money. Montoya said he was "scared blind," when the Mounted Policeman with drawn gun entered, and therefore could not read the resignation blank handed him by State Chairman Jaramillo, who said at the same time: "Boys, you have been led into this trap by your own friends, I am very sorry for this." Montoya also testified that Sena offered to release them and say nothing if Jaramillo gave the word.

"Lucero said to Jaramillo that he would rather have all his clothes taken from him and his heart cut out through his back than to suffer this shame," was the testimony of Montoya. To a question of A. A. Sena in jail to tell who had given or offered Montoya money, the latter replied that no one had. Montoya related that he told Mounted Policeman A. A. Sena that he had accompanied Malaquias Martinez, State Senator Juan Navarro, and Representative Cordova to breakfast at the home of Senator Andrews, and had also taken supper there with Representative Lucero, but that the U. S. Senatorship was not as much as mentioned at either time.

When Elfege Baca asked Montoya to take a drink, after introducing Montoya to Judge A. B. Fall and Judge Frank W. Parker, Montoya declined saying: "No, sir, I do not drink whiskey," so Montoya testified. At the meeting on Saturday afternoon with Judge A. B. Fall, in the presence of Elfege Baca, Montoya said: "If you will help us we will help you," meaning that he expected to help Fall to the Senatorship if the latter would help the Taos candidate to become Senator.

Montoya categorically denied that he had ever solicited money for his vote for United States Senator. Attorney Prichard then turned the defendant over for cross-examination. The committee adjourned to Tuesday afternoon at two o'clock.

LIQUOR QUESTION REAL ISSUE AT CARLSBAD.

Saloons Had Closed Voluntarily Last June—Smudge Pits Burning.

Carlsbad, N. M., March 26.—Indications are that the liquor question will be the real issue in the spring election next month in Carlsbad. It will be remembered that the saloons closed voluntarily last June under an agreement made with the city administration in which the saloons were given time to close up their business without loss. There are people that did not take kindly to a dry town and they have been agitating ever since to have the question brought to the front. The "extra dries" have also been active to make the town dryer if possible, as the thirsty at present are readily supplied from outside points. It is rumored that both the "extra dries" and the "very wets" have held closed meetings the last few days and laid plans for a fight to the finish. The majority of the people are satisfied, however, with conditions as they are and it is not likely that any change will take place. The business interests are opposed to any serious fight, as it disturbs business.

Smudge Pits Burning.

The fruit situation remains satisfactory. The weather has been unusual, but the smudge pits have been burning when cold nights appeared. F. G. Tracy, the peach man, says that the elbertas that bloomed first, are all safe and he does not anticipate any trouble with later varieties. Mr. Tracy has perfected arrangements for handling the crop this year that is far in advance of any system tried so far in the valley. The marketing of the crop is the most difficult part in successful fruit growing. The system Mr. Tracy inaugurated last year and that he will further improve this season, resulted in successful marketing of over fifty cars of peaches.

HANDS WOULD BURN LIKE FIRE

Could Lay Pin in Cracks. Four Long Years of Eczema. Only Relief in Scratching. Used One Set of Cuticura Remedies. Hands Entirely Well.

"Ten truthfully say Cuticura Remedies have cured me of four long years of eczema. About four years ago I noticed some little pimples coming on my little finger, and not giving it any attention, it soon became worse and spread all over my hands. If I would have them in water for a long time, they would burn like fire and large cracks would come. I could lay a pin in them. After using all the salves I could think of, I went to three different doctors, but all did me no good. The only relief I got was scratching."

"So after hearing so much about the wonderful Cuticura Remedies, I purchased one complete set, and after using them three days my hands were much better. To-day my hands are entirely well, one set being all I used." (Signed) Miss Ella Barber, R. F. D. 2, Spring Lake, Mich., Sept. 26, 1910.

No stronger evidence than this could be given of the success and economy of the Cuticura Remedies in the treatment of torturing, disfiguring humors of the skin. A single hot bath with Cuticura Soap and a gentle anointing with Cuticura Ointment are often sufficient to afford immediate relief in the most distressing cases and permit rest and sleep when all else fails. Cuticura Soap and Ointment are equally effective in preserving, purifying and beautifying the skin, scalp, hair and hands.

Although Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold throughout the world, a liberal sample of each, with 32-p. book on the skin and scalp, will be mailed free on application to Potter Drug & Chem. Corp., Dept. 215, Boston, Mass.

chial Club and discussed the building of a road across the Fousss sands on the Plains. The road built to the Plains some years ago has proved a good investment to Carlsbad and the club is anxious to have more work done in the near future. The club offers to raise a considerable part of the funds needed for building the road across the Fousss sands. The county will do its share. The proposition was carefully gone over with Mr. Miller and he will present the matter to the Good Roads Commission and report to the club.

Death of Mrs. Kerr.

Mrs. Mary Baine Kerr was laid to rest in the city cemetery Tuesday, followed to her last resting place by a large number of sorrowing friends. She was one of the pioneers here coming to Carlsbad in early days. Her late husband was engaged in business and also served efficiently as superintendent of schools for several terms. She is survived by four children: Mrs. H. F. Christian, William A. Kerr, Montros T. Kerr, and Theodore Kerr.

Mrs. Kerr always took an active part in the community. For many years she was a director of the Eddy county hospital and did much to make the hospital what it is today. She was a member of Grace church and its guild. Hers has been a long and active life and Carlsbad will long remember the kindly and helpful Mary Baine Kerr.

OFFICIAL PAPER OF SANTA FE COUNTY.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the State, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

THE GREATEST AND THE ABLEST.

"What is the 'quid pro quo' that the New Mexican receives for advocating the election of Hon. Thomas Benton Catron and William H. Andrews, to the United States Senate?" a cynical contemporary asks. The New Mexican will be as frank as if it were under oath under the new perjury law, and it will be naively personal at the same time. What does the New Mexican receive for its stand? Not even a "thank you," or a pleasant smile from the Hon. Thomas Benton Catron. The New Mexican does not look for the Hon. T. B. Catron to appreciate the compliment paid him. It is his way—a playful, foolish way,—that he has had for years with his best friends. Often the New Mexican looked out of its windows to see who was kicking its dog around, and discovered the Hon. Thomas Benton or some satellite of his, in the act of landing on the canine. The Honorable Thomas Benton has studiously refrained for fifteen years at least, from doing the New Mexican any kind of a favor, political or otherwise. When he had any printing to do, he asked for the lowest price, and the longest time to settle the bill, or perhaps, sent it to Kansas City, Denver or Albuquerque. If he had any political favors to dish out, they didn't go to any one connected with the New Mexican. Act after act might be cited to show that he seemed to class the New Mexican among his pet aversions. Only recently, when the New Mexican bought a lot on which to erect its new building, he saw to it that several feet were sliced off the lot and the price raised several dollars on each remaining foot. It is a way that he has of not making friends for he treats others in similar manner probably on the theory that whom he loveth he chasteneth. If it were not for this inexplicable way of slapping those who most recognize his ability, and throwing kisses to those that betray him, Hon. Thomas Benton Catron would have landed in the United States Senate on the first ballot. The New Mexican does not like any better than his other friends being kicked around, but it advocates his election to the United States Senate nevertheless, for he is by far the biggest man in New Mexico for the job, and New Mexico needs a big man to look out for its interests and to represent it in the biggest law making body of the world. New Mexico wants to be proud of the caliber of its Senators and Catron has the caliber even if he hasn't the manners.

Hon. William H. Andrews, on the other hand, has always worked for the New Mexican, and the New Mexican has always worked for him,—for the last nine years anyway. He has never made a political move of importance but that he has consulted the editor of the New Mexican, and it does not hurt him a bit, for the Hon. William H. Andrews landed again and again through political adversity after political adversity laid snares for him and predicted his political demise. Hon. William H. Andrews granted every favor the New Mexican ever asked him, and he has a way of sticking to his friends closer than a brother. He is a representative who has been getting things for New Mexico and abiding with those who stayed with him and a lot of others besides. When the editor of the New Mexican wanted reappointment as postmaster, and Theodore Roosevelt was burning to give the job to a Rough Rider, Mr. Andrews took off his coat and saw to it that the editor kept the job. When it came to a question between doing a favor for a friend or hurting himself, he did the favor to the friend, generally to discover in the end that he did not hurt himself thereby. It is the Andrews way, as distinguished from the Catron way. Yet, it is not for those reasons, that the New Mexican favors Hon. William H. Andrews for the United States Senate. There are others that have done the New Mexican great favors. William J. Mills, Albert B. Fall, L. Bradford Prince, R. Liberato Baca, William D. Murray and even Andrews A. Jones and others in the Senatorial race have been friends of the New Mexican for years, even before William H. Andrews came to New Mexico.

The New Mexican is for William H. Andrews, for the same reason that every legislator ought to be, because he is the ablest man for the work that New Mexico can send to the United States Senate. He hasn't any money now, and is not likely to have any before he dies, and the New Mexican is expecting no pecuniary reward, but nevertheless, it believes that the majority in the Senate and in the House will do as the New Mexican is doing, sink grudges, forget favors and shout for the biggest and ablest men for the job, Thomas Benton Catron and William H. Andrews, and what is more, do what the New Mexican can't do, vote for them.

Without disparaging the brilliant qualifications of the others, all friends

of the New Mexican, too, the new state cannot send a better senatorial team to Washington than Andrews and Catron!

AN OBSOLETE RULE.

As a matter of party ethics, not of politics, the Democratic members of the legislature refrain from voting for Republican candidates for the United States Senate. It is an unwritten law that the minority shall not vote for a majority Senatorial candidate, although the rule has often been broken, notoriously so in the Lorimer election in Illinois. There is every indication that this rule of ethics will soon be obsolete, for there no longer exists any good reason for it and it is a maximum, that when the reason for a rule fails, that rule itself fails. It is absurd to contend that there is any virtue, or any principle, in not helping to decide so vital a question as that of the selection of two United States Senators. These Senators while certain to be chosen from among the majority party, represent the entire commonwealth, everybody, irrespective of party or politics. It is just as much the duty of the minority to use its influence that the most worthy and able men are chosen as it is the duty of the majority. If by their vote the minority can prevent an unworthy man from donning the toga, it seems to be a matter of patriotism as well as of good politics, to do so. The minority cannot spite the majority party but may have some satisfaction at the expense of the majority by deciding a question that the partisans of the majority imagined was for them alone to settle.

THE FEE AS AN INCENTIVE.

The decision of the state supreme court that county officials must serve without remuneration for the present until the legislature passes, and the Governor approves, a salary bill, which, however, may relate back to the time that each official took office, gives the legislature an important task that should be attended to without delay and furnishes another reason why the Republicans must get together in caucus to dispose of the Senatorship. In passing a salary bill, attention should also be given to the fact, that now collectors of taxes have not the incentive of a fee for each dollar collected, and that some provision must be taken to make it more than mere patriotic interest for the collector to gather in the taxes promptly, as the commonwealth needs the revenue in its business and the county to pay the salaries. How would it be to make the payment of the collector's salary contingent upon his turning in all of the taxes charged upon the tax duplicate or assessment roll, unless the board of county commissioners specifically exempts him in a particular case, or he has exhausted every legal means to collect such taxes? And how as to the other officers with whom the fee has been a powerful motive in the past "to get busy?"

Some of the newspapers unfriendly to Governor McDonald see in the introduction of a state law library bill by Representative Blas Sanchez an attack by the Republican members of the legislature, on Governor McDonald as postmaster, and Theodore Roosevelt was burning to give the job to a Rough Rider, Mr. Andrews took off his coat and saw to it that the editor kept the job. When it came to a question between doing a favor for a friend or hurting himself, he did the favor to the friend, generally to discover in the end that he did not hurt himself thereby. It is the Andrews way, as distinguished from the Catron way. Yet, it is not for those reasons, that the New Mexican favors Hon. William H. Andrews for the United States Senate. There are others that have done the New Mexican great favors. William J. Mills, Albert B. Fall, L. Bradford Prince, R. Liberato Baca, William D. Murray and even Andrews A. Jones and others in the Senatorial race have been friends of the New Mexican for years, even before William H. Andrews came to New Mexico.

The Chinese Republic has granted its women the right to vote. The Arizona legislature has decided to submit a woman's suffrage amendment to the Arizona electorate. The question now arises whether the women of New Mexico are not as much entitled to, and as fit to have, the ballot as Chinese or Arizona women?

The Democrats and Progressives have done the best they could by nominating Mayor Arthur Seligman. It is up to the Republicans to do just as well; they hardly can go any better.

Contrary to expectations, the comments of the metropolitan press on the bribery episode at Santa Fe are distinctly favorable. They are almost unanimous in declaring that New Mexico has set an example in swift action and publicity that great states like Illinois, Wisconsin and Colorado might emulate with distinct advantage to the Nation. They recognize that human nature is the same the world over, that there is a certain percentage of men everywhere who are purchasable, but that it is only when civic ideals are high that apprehension and trial follow so quickly and with such certainty as they did in New Mexico in the present instance.

One stay-at-home vote made certain the war of 1812. A Federalist (Republican) voter stopped to pull a pig out of a fence and when he arrived at the polls found them closed. A Democrat was elected to the legislature by ONE vote, the state being Rhode Island. The legislature elected a Democratic Senator by ONE vote. This Senator's ONE vote made a majority for war when the question was at issue in the national body. All the bloody battles upon land, the memorable water victories—all were caused by ONE voter who neglected to vote.

An order has been placed for 4,500 rose and honey-suckle stalks to be planted along the drives of a suburban farm at Roswell. That is after all, not a costly improvement but it will add city per cent to property values in that section. It is an idea that whole streets or avenues in Santa Fe might adopt. What a transformation 4,500 rosebushes and honeysuckle stalks, for instance, would make in the gardens and lots on any street in the Capital City.

Deming and the Mimbres Valley have three pages in the advertising section of Sunset for April. How much they cost, the New Mexican does not know, but it must have been quite a chunk out of \$5,000 a year that Deming businessmen spend to advertise the Windmill City. What is best, the expenditure is already coming back to them in manifold forms.

The dispatches announce that a convict has escaped from good roads work in Arizona, but they do not announce that Hon. George William Paul Hunt has resigned as governor.

Bribery Investigation.
The House Bribery Investigation Committee waited half an hour for Governor McDonald to sign the perjury bill, but as the measure had not yet reached the governor the committee proceeded at 2:30 p. m. with Luis R. Montoya on the stand to be cross-examined by Judge E. R. Wright.

"What did you mean by saying to Judge Fall that you would help him who helped you?" Montoya was asked.
Defendant explained that he meant to help that candidate who would help to elect the Tacs candidate.
Defendant said he became scared when Elifege Baca pulled the money out of his pocket and began counting it. Montoya fearing the money would fall over the edge of the small table, he scooped it up with his hands and laid it on the bed and probably sat on it although he does not distinctly remember the act.

Montoya spoke in low monotone and in Spanish. The cross-examination did not seem to shake his story which corroborated that of the other two defendants, Trujillo and Cordova.

He said he signed a paper presented to him by Chairman Jaramillo, but did not know it was a resignation, it not having been read to him. Montoya could not recognize resignation offered in evidence as the paper he signed on the evening of March 18. He said if it was, he signed it because he was afraid of the mounted policeman, who had a gun in his hand.

He quoted Jaramillo as saying: "We have tried for four days to catch you." Attorney Prichard objected and asked the committee to pass on his objection, that it was unfair to ask the witness to state whether the other witnesses had been telling the truth or a falsehood. The committee sustained the objection and ruled that witnesses should only testify to facts or conversation within their own knowledge.

Witness said he had been "scared blind," when he was asked to sign his resignation. And he withdrew the

resignation because it was obtained under duress.

Jose P. Lucero was the next witness and the last of the defendants to be sworn. He preferred to testify in Spanish. His story was practically the same as told by the other three accused legislators.

Lucero said that no caucus of the Spanish Americans was held at the office of Speaker Baca on Monday evening, March 18, because some of those present wanted to go to a quieter place; others thought it looked too much like a race question, and others advised that Americans should be invited to be present. Lucero and Trujillo went out to find some of the Spanish Americans at the Palace Hotel and also because the defendant wanted to speak to Senator Thomas D. Burns.

Lucero was very explicit in his story of the events of the evening of March 18, and put considerable dramatic force into his answers. He appeared very neatly dressed and groomed, and a Navajo silver bracelet gleamed on his right wrist.

"God Almighty, this man has led us into a trap!" was Lucero's thought as he saw Elifege Baca pull out the money. There were whiskey glasses on the table in room 44, when the defendants entered. The first pile of money Baca shoved over to Montoya, and the last of the four piles to Lucero.

He described dramatically the entrance of Mounted Policeman Apolonia A. Sena with pistol in his hand, a moment after Elifege Baca had clapped his hands and said: "Now friends, I will give you my instructions." He had a very ingenious explanation for the twenty dollar gold piece found on his person. He saw the money on the table, and thinking he was in a trap, he deemed it a good idea to take the gold eagle and compel the officer to search him for the money without a search warrant and thus violate the constitutional guaranty against illegal personal search and demonstrate to the legislature what kind of officers the state employs.

"We have seen you go into the house of Andrews four and five times a day and you must be doing something corrupt," Lucero declared one of the men who entered the room, said to defendants. Lucero asked whether he could give a description of the pistol in A. Sena's hand, said emphatically: "SI Senor, I did not take my eyes from it for a moment." It was the sight of this pistol that induced Lucero and others to sign the blank resignations submitted to them by Colonel Jaramillo.

"This is the most horrible trick that any one could play, especially on friends and Republicans from the same county, but I will release you, if Colonel Jaramillo will say so and promise not to say anything." Mounted Policeman A. A. Sena was quoted as saying to defendants by witness. "If you like honest men, make the statement that you have been given or have been promised money by Andrews or any one else, I will see to it that you are liberated," was the suggestion made to defendants, but these vehemently denied that they had been offered money or had been approached by any one, declaring that nothing could induce them to testify falsely against an innocent man. "I would rather go naked into the street than have my wife hear of the charge you circulated against me," the defendant declared with fervor.

Lucero was still on the stand when the New Mexican went to press.

SENATOR BORAH LAMENTS GOOD OLD DAYS OF YORE.

Personal Bickering Rather Than Great Issues Characterize Political Campaign.

(By Special Leased Wire to New Mexican)
Washington, March 22.—Senator Borah, of Idaho, one of the Progressive Republican leaders of the Senate, speaking in that body today charged both of the great political parties with utter failure in their campaigns to give to the people clear and distinct issues as of old. He contrasted present issues with those discussed by Lincoln and Douglass.

"We awake each morning to a saturation of personal drive, to bickerings and quarrels which have all the flavor of discussions carried on in the political grogeries of the lowest dives in the most rotten districts of our great cities," said Senator Borah. "One week our great dailies are teeming with the difference between Wilson and Harvey, the next week with what Colonel Roosevelt said to some personal friend in Oyster Bay, the next week how the President failed to appreciate the worth of some Rough Rider and thereby changed the current of history."

"If we could know the withering contempt and bitter scorn which the earnest and industrious people of this country really have for this cowardly abandonment of the great issues, for this betrayal of the destinies of a great party, some heroic effort would certainly be made to get away from the most shameful and disgraceful contention that ever embarrassed a great cause. Turn back and read the great debates of Lincoln and Douglass when those intellectual giants fought for supremacy—scarcely a personal allusion from beginning to end. They were leaders worthy of great parties and they held the confidence of men as few men have done."

Senator Borah said that both parties are drifting. He declared that the political party will win which gives to the people the clear and definite policy in its platform in the next campaign and puts upon the platform a man whose character is a guarantee that the pledge will be kept. It is immaterial, he said, under what name or under what banner the announcement is made.

Senator Borah was speaking in defense of the primary system which had been assailed by many Senators in their discussion of the investigation of the case of Senator Stephenson.

CHILDREN INJURED

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associated bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Orderlies in Santa Fe only at our store—The Rexall Store, The Fischer Drug Co., 232 San Francisco St.

of Wisconsin. Defending the primary system he said no one ever contended it would make all candidates decent and all men honest. "You had just as well declaim against the whole moral law of Sinai and the statutes which define and punish crime, because after three thousand years, notwithstanding the statutes, men still commit crimes," he said.

"Corruption cannot live under the primary system," said Senator Borah. "If men have courage, as they will have, to punish those who stand exposed. A primary system accompanied with a corrupt practice act will make it impossible to control our elections by the use of money. Senator Stephenson could have put a million into a caucus and brought his purchased parchment of election here, and the chances would have been even in ten thousand that it would ever have been known. But he put in a hundred thousand dollars and even without a corrupt practice act, and with an attempt to destroy original memoranda, the exposure is nevertheless complete and the only thing now left to be determined is the judgment of the Senate."

It was argued by Senator Borah that if a rich man has no qualification for office other than his money it will cost him money to run. But if the candidate represents some question of great moment, the Senator said, "if he deals in ideas and issues, instead of patronage and checks, he will win over all the money you can put into the fight. One of the very things for which I hold Senator Stephenson responsible in this campaign is that he entered the race with his bank account for his platform."

Senator Borah denied that primaries have disorganized parties. He condemned the old caucus system in politics and pronounced it the most "vicious, treacherous, subtle, venal influence" ever perpetrated to the detriment of the people.

"Parties come and go, live and die," said Senator Borah. "They come with a message and they go when they cease to have a message. They live so long as they offer to the voters a concrete and constructive platform with which to deal with human interests and human welfare—they die when abandoning all principle and all policies they fall into a contest over position and power and engage alone in the personal rows of ambitious leaders."

TAFT HAS A MAJORITY OF DELEGATES IN COLORADO.

Out of 902, Taft Supporters Claim 675. Leaving Only 227 for Roosevelt.

Colorado Springs, Colo., March 26.—With only one contest filed with the Republican State Central Committee over the seating of the delegations, the committee took a recess until 2 o'clock this afternoon.

The contest filed is from Archuleta county. According to Merle D. Vincent, the Roosevelt leader, a contest may be filed by the Roosevelt men from Prowers county, unless it is decided to make the fight before the

LIVERPOOL DEMAND MAKES WHEAT MARKET FIRM.

Corn and Oats Fluctuated and Provisions Advanced in Price With Hogs.

(By Special Leased Wire to New Mexican)

Chicago, Ill., March 26.—A broadening demand at Liverpool brought renewed firmness here today in the wheat market. The opening was 1-8 off to 1-4 higher. May started at 102 3-4@103, the same as last night, to 1-4 up, touched 102 5-8 and rallied to 102 7-8.

The close was firm 3-4@7-8 net higher for May at 103 1-2@5-8.

Longs were unloading corn. May opened 1-8 to 3-8 down at 71 3-4 to 72, sagged to 71 5-8@7-4, and rallied to 72. The close was steady with May 5-8@7-4 up at 72 3-4@7-8.

The oats market took color from corn. May started unchanged to 1-8 higher at 53 3-4 to 53 7-8, and descended to 53 5-8.

Provisions advanced with hogs. Initial sales ranged from 2 1-2 to 7 1-2 higher with July delivery 16.92 1-2 for pork, 9.82 1-2 for lard, and 9.52 1-2 to 2.55 for ribs.

San Francisco, Calif., March 26.—A disagreement over the weight question may prevent Eddie McGoorty and Frank Klaus from meeting at Daly City, April 13, in what virtually would be a middleweight championship fight. Negotiations had been begun for the match on that date but Klaus blocked proceedings by declaring McGoorty must make 158 pounds ringside, two hours before the fight. McGoorty wired Promoter James Coffroth yesterday, he would agree to make 158 pounds, six hours before the tap of the gong and would make no other concessions. Klaus refused to agree to this followed. Coffroth said today there was still hope of bringing the men together.

DOMESTIC WOOL MARKET IS REPORTED SLACK.

Only New Western Clip Shows Signs of Activity in Boston Dealing Today.

(By Special Leased Wire to New Mexican)

Boston, Mass., March 26.—Dull trading with weakening prices mark the domestic wool market. The decline particularly is noticeable in the finer grades although holders have shown a willingness to dispose of cheaper wools at recessions. New Arizona wool is arriving slowly and sells readily at 20 to 22 cents. Interest in the new clip in other parts of the West is maintained and it is reported that plenty of buyers are willing to take Montana at 18. Some Texas 12 months has changed hands at 53. Pulled wool continues dull but the foreign product is active.

ROOSEVELT WINS IN NEW YORK, SAYS DIXON.

Is Doubtful Whether "They" Will Permit Honest Count of Primary Votes.

(By Special Leased Wire to New Mexican)

Chicago, Ill., March 26.—Senator Joseph M. Dixon returned to the Roosevelt headquarters today from a conference with his New York associates.

"In seven districts of New York our checking shows we will poll two votes for Roosevelt to one cast for Taft, in today's primaries," said Senator Dixon. "Whether they will permit us to count them is another question."

NOT GOOD ENOUGH FOR US!

Style isn't style when it has no foundation on quality materials, when it is not expertly tailored into the garment. In all lines of endeavor there is always one man or firm that is by all acknowledged supreme, preeminent. Every good dresser recognizes the supremacy of the ROYAL TAILORS. Paste may serve the purpose of good diamonds, but cotton will not take the place of wool in your suit.

"MAN-AFRAID-OF-HIS-CLOTHES."

That's good Indian for the man who discovers, after it is too late, that his clothes are part cotton. Poor fellow! He knows the rain will spot the fabric—a wetting will put the shape all out. Don't get stuck that way. Buy ROYAL TAILORED CLOTHES. They will not shrink on your back. Form-fitting and shape-retaining. EVERY THREAD GUARANTEED TO BE WOOL OR YOUR MONEY REFUNDED. Prices as cheap as you are paying for half cotton.

A Suit for \$18.00 you have been paying \$22.50 for
A Suit for \$25.00 any man might be proud of
A Suit for \$30.00 will make the ladies take notice
A Suit for \$35.00 you would pay \$75.00 for on Fifth Av.

SANTA FE MAN IS HONORED

Something Different, Is What Great Exposition Promises the World.

Santa Fe, N. M., March 26.—Officials of the World's Exposition to be held in San Diego in 1915 have just entered into an agreement with the American Institute of Archaeology which will enable them to successfully carry out their intention of presenting to the world the first attempt to show the progress of man from the prehistoric times down through the ages to the present.

Dr. Edgar L. Hewett, managing director of the Institute, who is now here will undertake the gathering and installation of the races of earth. He will accompany President D. C. Collier of the San Diego Exposition to

gaze on the gate-money. Her 1400-acre park, particularly adapted to the purpose, is being arranged by the foremost landscape gardeners in America. The best architects have made the building plans. The officers are in the saddle, and the whole population backing them. Nearly twice as much money in bank today as the Seattle Exposition had cost when the receipts had redeemed it in the last days. The San Diego Exposition will not only open on the first day—it will be ready.

That is in itself a new record. But stranger yet is the new culture-lesson this California city is going to set for itself and its guests. Instead of undigested exhibits—miles of canned goods, and pickles, and bakers, and fakers,—instead of tiresome dollops of Philadelphia in 1876, when the honey-moon was real, which is by now rather faded—San Diego proposes the first great educational extension by way of an exposition, in the hands of the most critical and the most practical scientific auspices. Nothing like it was ever before attempted. The scientific management will be in the hands of the School of American Archaeology, whose executive committee has just voted to accept San Diego's proffer of full scientific control. Director Edgar L. Hewett will be in charge for the School; and the expert staff of explorers he has assembled will be utilized in the many expeditions throughout the three Americas—North, South and Central.

The general scope of the San Diego Exposition will be a great and logical

ENDS AT ONCE ALL STOMACH DISTRESS.

A Little Diapepsin Cures Indigestion, Gas, Heartburn or Dyspepsia in Five Minutes.

If you had some Diapepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Pape's Diapepsin contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion, or any other stomach disturbance.

LEGISLATIVE POINTERS

Eight of the nine Democrats in the Senate are wearing Wilson buttons.—Tucumcari Sun.

E. H. Bierbaum, one of the Mora county Republican veterans, was a legislative visitor this forenoon.

The convention of New Mexico county officials met only informally yesterday afternoon and convened again at one o'clock this afternoon.

Staphia of Farmington, who is chief clerk of the House, is a Mason, an Elk, a newspaper man, and an all round fine gentleman.—Tucumcari Sun.

The committee on judiciary has set Wednesday of next week for hearing of House Bill No. 17, the "Doctors' Bill," in which there appears to be nationwide interest.

The situation is bringing out one thing very prominently, and that is the fact that Bursum is not politically dead, as announced. Bursum is by far the biggest thing in Republican politics in and around New Mexico.—Carriazo News.

Donna Ana county is as much to the fore in the legislature as it was in the constitutional convention. The gentleman from Donna Ana (H. B. Holt) is floor leader of the Republicans in the Senate, and he is a crack-jack, and Colonel W. H. H. Llewellyn, the Rough Riders and legislative

veteran, is the floor leader in the House.

Senator Isaac Barth of Albuquerque, is looked upon as leader of the minority, and he is leader. He should make a fine leader as his father was a German Jew, his mother a Spanish-American, and as he says, he married an Irish woman. He has the sagacity of the Hebrew, the polish of the Castilian and the humor of the Sons of the Emerald Isle. Barth is all right.—Tucumcari Sun.

State Senator Isaac Barth, a member of Bernalillo county delegation in the first state lawmaking body, and who enjoys the distinction of being the caucus leader in the Senate, was an arrival in Albuquerque yesterday, coming down to spend Sunday. Senator Barth advances the opinion that Judge Fall and Solomon Luna will ultimately be elected United States senators to represent New Mexico at Washington.—Albuquerque Journal.

Get Together! The Democrats and Progressive Republicans in the state legislature have a great opportunity in their hands. And they should be held accountable by the people.

Instead of frittering away their time and quarreling over minor matters, they should get together, elect two United States senators, choosing good men irrespective of party, and with this question on the way, get down to business they were sent there to transact; do it and then quit.

The Record believes that this could be done; that there are enough men in the legislature desirous of the good of the state rather than tied to party politics.

Cut out factionalism, partyism and get to work for the good of the state.—Roswell Daily Record.

Melrose Wants Part of Quay County. Melrose will make application to the present legislature to have a new county formed. Some of the representatives of the movement are in Santa Fe, and have their maps, petitions, etc. Some time in the year of 1910, there was a petition taken to many of the residents of Quay county at points south of the Caprock, and quite a number of signatures were obtained for the forming of a new county. This paper is still in the hands of the Melrose people, and it is supposed that they will use it when they present their bill for the creation of a new county. The signatures were secured from Jordan, McAllister, and perhaps two other points. The map they have runs the line of the proposed county along the Caprock, cutting off of Quay, all of that territory south of the Caprock. Recently Tucumcari and Quay county spent a good sum of money in putting the roads of the Caprock in good condition so that the farmers in the southern part of the county could reach the county seat.—Tucumcari Sun.

Backache Almost Unbearable Is an almost certain result of kidney trouble. D. Toomey, 803 E. Olive St., Bloomington, Ill., says: "I suffered with backache and pains in my kidneys which were almost unbearable. I gave Foley Kidney Pills a good trial, and they done wonders for me. Today I can do a hard day's work and not feel the effects." For sale by all druggists.

Kid Williams of Los Angeles, who meets young Conley in the 10-round semi-final to the main event will arrive tonight and reports from Albuquerque where he has been training for the bout report him to be in the best of shape and he is confident that he will be returned the winner.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble."

My husband asked me to try Cardul. I felt better after the first bottle, and now I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardul.

Cardul is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

N. B.—Write to: Ladies' Advisory Dept., Chas. E. Linney Co., Chattanooga, Tenn., for Cardul, its benefits, and a booklet, "How to Treat Womanly Trouble," sent in plain wrapper, on request.

PLENTY OF EXCITEMENT OVER COMING BOUT.

Fight Promises to Be Fastest Battle Ever Fought in New Mexico.

The advance sale of seats for the 15-round bout between Johnny Murphy the Aspen Whirlwind and Young Abbe Atwell of Denver, which takes place at the Elks' theater tomorrow night has been the heaviest that has ever been experienced by the local promoters and by the time that the delegation of fight fans from Albuquerque headed by Mark Levy arrives the house will practically be sold out. Both boys worked out yesterday afternoon at the Elks' theater before a large crowd of local fans who were more than pleased with the showing that the boys made against their sparring partners but only light work was indulged in as both contestants are on edge and will only need light work to fit them for the contest.

This bout promises to be the fastest battle that has ever been staged in this state as both boys claim that they had enough margin to gain the verdict in the Albuquerque bout which was called a draw and each is confident that he will be returned the winner tomorrow night by a knockout. Several wires from El Paso, Trinidad and Raton were received yesterday requesting that reserved seats be set aside for their delegations.

Jake Levy the matchmaker of the local club yesterday announced that he was willing to bet \$1,000 to \$500 that Johnny Murphy could knock out Gregory of Gallup out inside of fifteen rounds if the latter would make a 130 pounds for the Aspen heavyweight. These boys fought twenty rounds to a draw at Albuquerque last month but the general opinion was that Murphy would have received the decision if any was rendered. The Gallup boy outwitted Murphy sixteen pounds besides having considerable reach and height upon him but fought on the defensive throughout.

Bert Connors who is managing Murphy yesterday received an offer for his protegee to meet Mike Malone of Denver in a 20-round bout at Walsenburg the middle of next month and will except providing that suitable inducements are offered.

Kid Williams of Los Angeles, who meets young Conley in the 10-round semi-final to the main event will arrive tonight and reports from Albuquerque where he has been training for the bout report him to be in the best of shape and he is confident that he will be returned the winner.

How Cold Causes Kidney Disease.

Partly by driving blood from the surface and congesting the kidneys, and partly by throwing too much work upon them, Foley Kidney Pills strengthen the kidneys, give tone to the urinary organs and restore the normal action of the bladder. They are tonic in action, quick in results. Try them. For sale by all druggists.

Maryland Legislator Bribed.

Annapolis, Md., March 26.—The charge that State Auditor-elect John F. O'Malley offered Delegate William R. Smallwood of Prince George's county \$2,500 to vote against the statewide local option bill has been substantiated. Action by the grand jury of Anne Arundel county is anticipated. This was the substance of an unanimous report to the house of delegates by the committee appointed to investigate the charges.

Life Insurance or Death Insurance—Which?

People willingly pay large sums for life insurance, which is really death insurance; but read life insurance. Frequently consists in taking Eckman's Alternative. Can any "long sick" person afford not to take the Alternative?

If sharpness of appetite, makes life look different, brings better health with greater energy, power, often persons are so much improved that they can work even before they are fully cured. Investigate it. If you are broad minded enough to believe that there can be a cure for Consumption, which has not been sensationally exploited, or which is not based merely on climatic or diet restrictions. Mr. Webb's report follows:

"Gentlemen—During 1905, my physician sent me to Texas, from there to Colorado. I became worse and was sent home to die. I heard of Eckman's Alternative, began treatment, and was cured. I earnestly recommend Eckman's wonderful cure for Consumption. (Signed) ARTHUR WEBB. Fuller details of this case upon request. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists. Look's Pharmacy, Santa Fe.

LOCOMOTIVE ENGINEERS MAY DECIDE NOT TO STRIKE.

Will Take Referendum Vote April 10 to Settle Matter is Announced.

(By Special Leased Wire to New Mexican)

New York, March 26.—The demands of the engineers of the fifty railroads east of Chicago, and north of Norfolk & Western railroad having been refused and neither of the committees of the railroads and the engineers indicating any retraction from their position, moves were made today to submit the whole matter to a referendum vote of the engineers involved to determine what policy should be pursued. Later fifty representatives of the Brotherhood of Locomotive Engineers, headed by Warren S. Stone, voted here today to submit to a so-called strike vote the question of increase and standardization of wages, as refused by the Eastern railroads. It will require several days to distribute the ballots. April 10 has been set for making public here the result.

MURDERER DIES SINGING TWENTY-THIRD PSALM.

Hez Roscoe Was Hanged This Morning in Jail in Marysville, Missouri.

(By Special Leased Wire to New Mexican)

Marysville, Mo., March 26.—Hez Roscoe, murderer of the Hubbell family of four, was hanged in the yard of the county jail here as the clock was striking six this morning. Roscoe protested his innocence on the scaffold and recited the twenty-third psalm. He met death calmly. The crime for which Roscoe was hanged was the murder of Mr. and Mrs. Oda Hubbell and their two small children at their home near Guilford, Missouri, on the night of November 20, 1910, and the burning of the house to cover the

In most cases 'tis the kidneys. Doan's Kidney Pills are for the kidneys.

Mrs. Agripina de Gonzales, 102 Garcia St., Santa Fe, N. Mex., says: "In September, 1906, I used Doan's Kidney Pills for backache which had been a source of much annoyance. In the morning when I arose my back was so lame and painful that I could hardly stoop. I knew that my trouble was due to disordered kidneys and I was finally led to try Doan's Kidney Pills, by the good reports I heard about them. The contents of one box of this remedy drove away all my pains and I am happy to state that my cure has been permanent."

the site of the exposition previous to his next trip to Central America, where his field experts are now gathering relics of prehistoric races. "Something Different" is what San Diego has promised the world for 1915. The completion of the Panama Canal, the greatest American enterprise, will be celebrated in many lands and in many ways; but nowhere else in so original or so lasting fashion. In business and in science, it is a new record already. In the history of Expositions there has been no such time preparation. More than three years before opening time, San Diego has her exposition financed—not a string on a dollar of it, no debts, no mort-

object-lesson in the whole development of man and his industries in the New World, from savagery up to San Diego in 1915. Every phase of human life will be shown from its rudest inception onward, and shown accurately. It is the judgment of educators who know the adopted plans that this will be, for men, women and children of all classes, the most interesting as well as the most instructive exposition yet given.

The active President, Col. D. C. Collier, has several million dollars and a solid San Diego bank at his back. The oldest city on our Pacific Coast has pledged itself to a work worthy of the occasion.

20,000 OPERATIVES ARE IDLE IN LOWELL, MASS.

Increased Wages Does Not Seem to Be a Sure Cure for Industrial Unrest.

Lowell, Mass., March 26.—Nearly 20,000 operatives in the seven cotton manufacturing plants of Lowell will be idle until the differences between the agents and employees are adjusted. Orders were received today from the head offices in Boston to close all of the mills allied with the Lowell Manufacturing Association until further notice.

More than one thousand textile operatives in this city today joined the ranks of the two-thousand strikers who are demanding a greater wage increase than that granted by the manufacturers.

NO WORDS WASTED. A Swift Transformation Briefly Described.

About food, the following brief but emphatic letter from a Georgia woman goes straight to the point and is convincing:

"My frequent attacks of indigestion and palpitation of the heart culminated in a sudden and desperate illness, from which I arose enfeebled in mind and body. The doctor advised me to live on cereals, but none of them agreed with me until I tried Grape-Nuts food and Postum."

"The more I used of them the more I felt convinced that they were just what I needed, and in a short time they made a different woman of me. My stomach and heart troubles disappeared as if by magic, and my mind was restored and is as clear as it ever was."

"I gained flesh and strength so rapidly that my friends were astonished. Postum and Grape-Nuts have benefited me so greatly that I am glad to bear this testimony." Name given by Postum Co., Battle Creek, Mich.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

EDITORIAL FLASHES

Dagoes for Once.

Tuesday evening all of the editors and newspaper correspondents who were in the city, were the guests of the editor of the Santa Fe New Mexican at a course turkey supper. There were twenty-four at the table. The editor did justice to the occasion, and proved to the entire satisfaction of their host that when there was an attack on Turkey they were all Italians.—Cuervo Clipper.

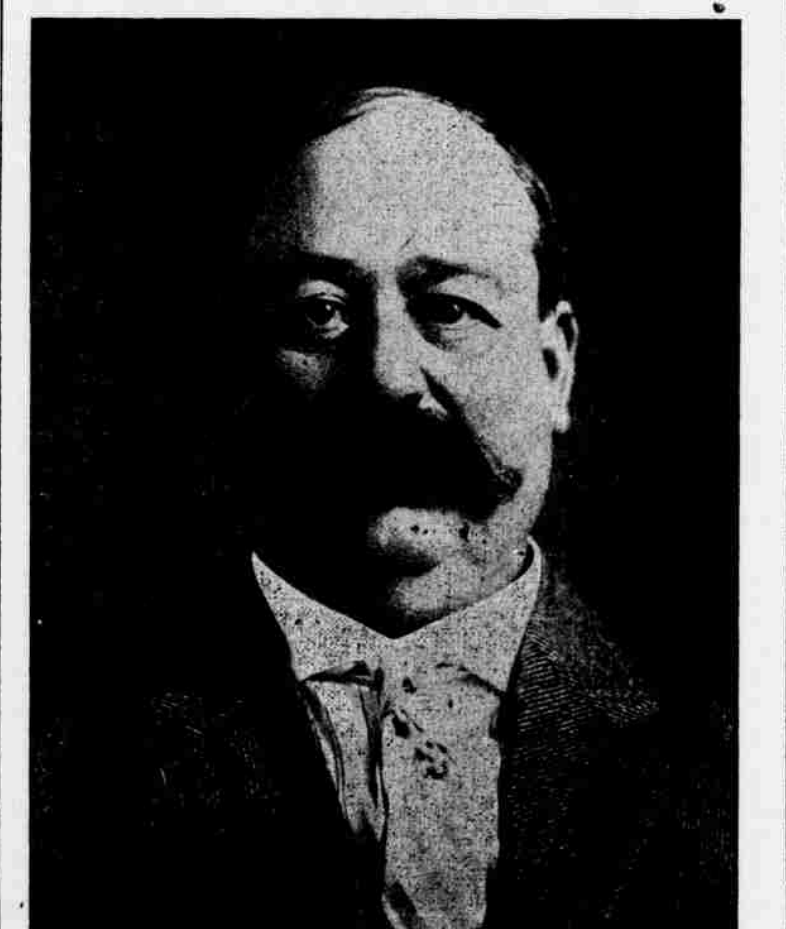

Not Angry, But—

Under the signature of A Taxpayer, a low, base, cowardly liar makes certain charges against the city administration and the writer of this editorial. If the cur writing in the Boozie had the manhood to sign his name to the lies he writes we would have at least a semblance of respect for him, contemptible liar though he is, but as he does not, we have nothing except contempt for him. As to the charges against myself! They are simply lies from beginning to end, and if any person or persons made such statements to the cowardly liar writing them, he or they lied equally with him.—Roswell Record.

Pecos Game Preserve Will Beat It.

A dispatch from Pittsfield, Mass., says: The Whitney estate on October mountain, perhaps the largest private game preserve in the East, is to be perpetuated by the action of the owners in transferring title to a trust association headed by Harry Payne Whitney. The preserve, which includes more than 16,000 acres of timbered land, was bought by the late William C. Whitney in the early '90s. Of the herds of big game that Mr. Whitney had there are now several herds of moose, wapiti, deer and elk, while the forests are alive with smaller animals. This is as it should be. We would be glad to see the same line of policy followed within reason by the federal government. The preservation of our wild animal life is wise both from a sentimental viewpoint and as a good financial investment.

Easley, chairman; M. T. Dunlavy, secretary; and Francisco Delgado, treasurer. The joint campaign committee of the Democratic and Citizens' ticket will make their headquarters with the Progressive Republicans in the old Beavers' Home. An important meeting for 2:30 o'clock tomorrow afternoon is called.

ARIZONA NAMES UNITED STATES SENATORS.

Entire Procedure Was Concluded in Five Minutes Across State Line.

(By Special Lensed Wire to New Mexico) Phoenix, Ariz., March 26.—The Arizona legislature elected Marcus A. Smith and Henry F. Ashurst today to represent the new state in the United States Senate. In each branch of the legislature, the nomination speech for each new Senator was confined to one minute. Then followed the seconding of each and finally the voting on both nominations at the same time by a single roll call in each house. The entire procedure was concluded in five minutes. The election of two senators at the same time left to the United States Senate the solution of the question as to who should have the long and the short term.

SAN DIEGO MAKES GOOD IMPRESSION ON DUNNE.

New Mexico Should Be Represented at Exposition By a Worthy Exhibit.

(By Special Lensed Wire to New Mexico) San Diego, Calif., March 26.—San Diego is building an exposition now and officials will move to the executive buildings on the grounds tomorrow. From many indications it seems safe to predict that the San Francisco exposition will not be ready until 1916. Hence it is all the more important for New Mexico to have a splendid exhibit at the San Diego exposition grounds in which the world will gather for an entire year. The climate here, winter and summer, is delightful and the manifold attractions of this city and country have not been fully told even by Colonel Collier. Please tell your legislature this is coming from a Santa Fean now in San Diego. Descriptive letter follows. BRIAN B. DUNNE.

LITTLE ENTHUSIASM IN STOCK MARKET DEALINGS.

Selling for Shorts is Credited With the Noon Hour Declining Prices.

(By Special Lensed Wire to New Mexico) New York, March 26.—Though the list strengthened in the second hour on the stock market today, it failed to display any of the previous day's early buoyancy. Improvement was scored by some of the independent steel stocks, and electrical shares also moved up. Activity in American Can, American Beet Sugar, and Corn products failed to inspire enthusiasm. Bonds were steady. Selling for the

short account was somewhat effective during the noon hour, when all the leading stocks, including Copper, excepted, suffered further decline. The market closed steady. Buying of Reading, which had that stock to within a fraction of yesterday's best, checked the declining tendency of the early afternoon. Most of the active list was up a point or more from its low level. Missouri Pacific, International Harvester, Interborough Metropolitan preferred, and American Beet Sugar were features of the final dealings.

offer of Mr. Prince for the purchase of certain real estate.

Supreme Court Decision.

No. 1428, Mark Wright, appellant, vs. Citizens Bank, appellee, appeal from the district court of Union county. Case reversed and remanded. Opinion by E. C. Abbott, district judge, sitting as associate justice and concurred in by Judge R. H. Hanna and Frank W. Parker, Chief Justice C. J. Roberts disqualified. The syllabus of this case follows: A denial by the alleged makers of a promissory note, under oath, of the signature thereto, coupled with an allegation that the signature is a forgery, places in issue the genuineness and due execution of the same under sub-section 208, chapter 107 of the laws of New Mexico, 1907, and does not constitute an affirmative defense, casting upon the defendant the burden to establish by preponderance of the evidence that he did not make and execute the note in question.
