THE SENATE AND THE HOUSE

Some Bills Called, But Quay Wants Statehood Vote.

TO EULOGIZE DEAD REPRESENTATIVES

President Roosevelt Has Conference on the Elkins' Rebate Bill.

Washington, Feb. 10.—When the senate met today a bill was passed permitting the town of Montrose, Colorado, to enter 160 acres of land for reservoir and water purposes.

A senate bill was passed extending for a period of three years the time for making proof and payment for all lands taken under the desert land laws by the members of the Colorado Cooperative colony.

The Rawlins resolution regarding courts martial cases in the Philippines was referred to the committee on Philippines.

Mr. McComas gave notice that he would call the eight hour bill up on Thursday next.

Mr. Quay said he was in sympathy with the effort to secure the speedy passage of the bill, but he would interpose the statehood bill to antagonize it until a day is fixed for a vote on that bill.

The District of Columbia appropriation bill was then taken up.

The National House.

Washington, Feb. 10.—At the opening of the session of the house today, Mr. Steele, of Indiana, called attention to the speech of Mr. Conroy, of Massachusetts, printed in the record this morning under the general leave to print granted on the anti-trust bill. The speech dealt with the subject of Mr. Conroy's contested election case in Massachusetts, and Mr. Steele claimed that it was a violation of the order which confined remarks to be printed to the subject of anti-trust bills. He asked that the speech be stricken from the record. As Mr. Conroy was absent, at the request of his friends, the matter went over.

Sunday, February 22, was set aside for paying tribute to the memory of the late Representative Tongue, of Oregon.

Eulogies upon the life and public services of the late Representative Rumble, of Iowa, were also ordered on the same day.

Mr. Hepburn, chairman of the interstate commerce commission today agreed to favorably report the Elkins anti-rebate bill with certain amendments.

In the discussion of the department of commerce bill in the house today, Richardson, of Alabama, explained why he was opposed to the Nelson amendment covering the bureau of corporations. He did not believe the amendment was aimed at the trusts, but was a "pretext and subterfuge."

Mr. Ball, of Texas, who followed Mr. Richardson, ridiculed the program of the administration regarding anti-trust legislation. The administration, he said, was represented as anxious to secure the passage of the Nelson and Elkins bill and it was pretended that the Standard Oil company was sending telegrams to prominent senators against their passage. He did not believe it.

"I do not believe," said he, "that John D. Rockefeller, or any other trust magnate, has raised a protest against the homoeopathic in those bills. They are no more harmful to trusts than would be Mrs. Winslow's Soothing Syrup."

The conference report of the department of commerce bill was adopted, 251 to 19, in the house.

ELKINS' REBATE BILL.

President Roosevelt Holds Conference With House Leaders.

Washington, Feb. 10.—In order that the administration and trust program of legislation may be rendered entirely symmetrical, it is known that President Roosevelt desires that what is called the Elkins rebate bill shall be enacted into a law. The measure was passed by the senate last week and is pending now before the interstate and foreign commerce committee of the house, of which Representative Hepburn is the chairman.

During the past several days the president has been conferring as opportunity afforded, with prominent members of the house about the rebate bill and the subject was considered last night at a conference at the White House between President Roosevelt and several leaders of the house. The

president has also had a conference with Speaker Henderson concerning the bill. It is understood that while the speaker is not wholly in sympathy with the measure, he will not stand in the way of its consideration by the house. Indeed, it can be stated upon excellent authority that the speaker and the committee on rules, of which he is ex-officio member, will authorize if necessary a special rule providing for the consideration of the bill after it had been reported by Mr. Hepburn's committee. Such action, it is asserted, practically would mean the passage of the measure by the house and its enactment into law.

CABINET MEETING.

Members Well Pleased With the Anti-Trust Legislation.

Washington, Feb. 10.—President Roosevelt and his cabinet were in session for nearly an hour and a half today, but at the conclusion of the meeting, it was stated that while some matters of importance were under consideration, no decisions regarding them had been reached. Both the president and members of the cabinet, it was said, expressed themselves as reasonably well satisfied with the situation in congress as to anti-trust legislation. It is said they are assured now that practically such legislation is desired, and is in a fair way of enactment.

IN COURT.

Turf Investment Company of St. Louis in Trouble.

St. Louis, Feb. 10.—The office fixtures and all visible assets of the John J. Ryan Turf Investment company were attached today by a constable of Justice Kleiber's court. The attachment is the result of a suit brought by Miss Mabel Quinn for \$200 which she alleges she gave to the Ryan company for investment and which the company refused to turn over on demand. Ryan's offices were crowded all morning with investors. Representatives of the company declare the company is solvent, and that all dividends, about 5 per cent a week, will be paid as heretofore and withdrawals will be permitted under the rules of the company. A constable is in charge of the attached property.

MRS. ELIAS S. STOVER.

Her Death at an Early Hour This Morning—Funeral Will Be Private.

The death of Mrs. Elias S. Stover occurred this morning at 1 o'clock. Mrs. Stover had been in poor health ever since she suffered a stroke of paralysis nearly a year ago, but no one expected the end was so near at hand. She had reached the age of 58 years. Born in New Hampshire, her early days were spent in Topeka, Kan., where she resided until 1877, when the family moved to Albuquerque. A home was established in Old Albuquerque until a few years ago, when a fine residence was built on Railroad avenue opposite the park.

Mrs. Stover has many warm and true friends who will be filled with the deepest sorrow by the death of a good and highly respected lady.

Although there has been little hope for her recovery, ever since she suffered the stroke of paralysis, the unexpected news will come as a painful shock to a large number of her friends.

The entire community extend their sympathy to the bereaved husband and son, Roderick, who is a student at Columbia university.

Messages have been dispatched to the son and a sister, Mrs. George Cole, who is now in Paris with her daughter.

The funeral will take place from the residence Thursday morning at 10:30 o'clock. Rev. Thomas Harwood will conduct the service. The funeral will be private. The remains will be laid to rest in Fairview cemetery.

ENGINEER DAVIS.

Has Returned to the City From the Timber Lands.

Engineer Davis, of the American Lumber company, returned from the timber tract in McKinley and Valencia

counties Saturday night. Mr. Davis stated this afternoon that he had a large number of men at work cutting ties. On last Thursday, Friday and Saturday he contracted for 30,000 ties. The Santa Fe engineer, Frank T. Beckett, has finished the locating survey of the main line spur to be run to the company's mills here, and returned to San Marcial last night.

Everything is in readiness for the engineers and construction gang to go to work, which will be in a very short time.

General Manager Ira B. Bennett has wired Mr. Davis that his household goods, horses and other personal property will be in Albuquerque most any day.

Bernard Fleisher and wife of Leavenworth, Kan., are at the Alvarado. They are here to spend the remainder of the winter. The gentleman is a brother of Berthold Fleisher, who is the Denver manager for the Rothenburg & Schloss Cigar company.

BACK FROM TORRENCE.

What Ernest Meyers Has to Say on the Railroad Situation.

DELAYS WERE UNAVOIDABLE.

Ernest Meyers, senior member of the firm of Meyers-Abel company, wholesale liquor and cigar dealers, has just returned from a trip through central Texas, returning through New Mexico by the way of Torrance. Mr. Meyers, who is a staunch advocate of progress and permanency in growth of his home town, carefully investigated the railroad matters at Torrance, and was very favorably impressed with the progress that has been made and with the present outlook.

Mr. Meyers was seen by a Citizen representative this morning and he gave the correct facts regarding the situation as far as he was able to learn and observe.

"I saw General Manager Hopewell of the Santa Fe Central," said Mr. Meyers, "and had a long talk with him concerning the Santa Fe Central and Albuquerque Eastern railroads. One of the principal reasons why work has been delayed on the Santa Fe Central was because of the shortage of motive power on the El Paso and Northeastern, and consequently they were unable to furnish water for the Santa Fe Central locomotives. The Santa Fe Central have loaned one of their locomotives to the El Paso & Northeastern."

"The yards at Torrance have been laid with steel, but has been greatly impeded owing to the extremely bad weather and their inability to get water. As soon as the weather permits the work of laying steel will be resumed and will progress rapidly to completion. As soon as the line reaches Estancia the trouble of being unable to obtain water will be eliminated, because there is plenty of water in this district.

"Seventy cars of steel have been unloaded at Torrance and car load after car load of ties are being unloaded.

"Another reason why the work has not advanced as rapidly as many have thought it ought to, is because of the intense cold weather and the scarcity of flat cars, which are essential in the work of track laying. They have plenty of cars, but the other roads, who have them have failed to return them, owing to the scarcity of cars all over the country. General Manager Hopewell has borrowed twenty cars of the Sierra Madre & Pacific Central, which will be delivered at Torrance immediately to be used for grading on the Santa Fe Central. There is only fifteen more miles to be graded on the Santa Fe Central, which is between Moriarty and Willard. When this stretch has been graded, the engineers and construction gangs will be put to work and rush the work to completion.

"As soon as the material which has been ordered, and which is on the road has been received, work on the Albuquerque Eastern will be rapidly advanced and the citizens of Albuquerque will have an opportunity of giving an extensive Fourth of July celebration in honor of the completion of a railroad system, which will connect Albuquerque with three different routes.

"General Manager Hopewell is to be congratulated on his efforts under adverse circumstances in pushing the work to completion. He has had many things to contend with besides the shortage of water and cars, and the disagreeable and impeding weather."

J. W. Hanson, representing a large powder manufactory at San Francisco, is here for the purpose of supplying the construction gangs, doing work for B. Lantry Sons, in Abo Pass, with blasting powder.

HAS GONE ASHORE

A Steamer Loaded With Excursionists on the Reefs.

FRANCE SOMEWHAT FRIGHTENED

Anarchist Rubino, Who Fired at King Leopold, Found Guilty.

RAILWAY COMPANY RAISES WAGES

Hamilton, Bermuda, Feb. 10.—The Quebec Steamship company's steamer Madiara, Captain Frazer, which sailed from New York on Saturday last on a special cruise among the Caribbean Islands, with a party of excursionists, has gone ashore on the reefs off this island and is likely to prove a total loss. Tugs have left here in endeavors to rescue the passengers.

The Madiara is lying with a heavy list and broadside to the wind of the reef, one and a half miles east of North Rock. The seas are breaking over her. The tug Gladisfen only succeeded in getting within a mile of the Madiara. Efforts are being made to transfer the latter's passengers to the Gladisfen by means of a life boat. A heavy sea is running.

Confirmed.

New York, Feb. 10.—A. E. Outbridge & Co., the local agents of the Quebec Steamship company, have received cable advices from Hamilton confirming the Associated Press report of the wreck of the Madiara. According to their advices the ship is a total loss, but no mention is made of any loss of life.

Passengers Safe.

New York, Feb. 10.—The agents of the Quebec Steamship company received a cable dispatch saying the passengers are being taken from the wrecked ship. So far as known there have been no casualties.

The passengers and crew of the Madiara have just been landed. No loss of life.

FRANCE FRIGHTENED.

Don't Like to See So Many Turkish Troops Mobilized.

Paris, Feb. 10.—The officials here are not disposed to accept the port's assurances that Turkey has no intention of mobilizing a large force of troops. When the Turkish denial was brought to the attention of the officials here who have access to the government's sources of information, the following reply was made:

"We have received similar pacific assurances from Turkish sources, but our own information is positive and specific that orders for the mobilization have been actually issued. This was three days ago and we are unable to say whether the execution of the order is withheld in view of the effect they have produced among the powers, who are seeking to reinforce the Balkans. Our advices further show that the mobilization would affect 240,000 troops."

ANARCHIST RUBINO.

He Goes to Prison on a Life Sentence at Penal Servitude.

Brussels, Feb. 10.—Gennaro Rubino, the Italian anarchist, who has been on trial here since February 6, charged with attempting to assassinate King Leopold, November 15, by firing three shots at the king, while he was returning from the cathedral after attending a deum mass in memory of the late Queen Henrietta, was found guilty today and sentenced to imprisonment for life at penal servitude.

WAGES ADVANCED.

Pittsburg Railway Company Gives a Raise of 1 Cent.

Pittsburg, Feb. 10.—The Pittsburg Railway company, operating all the traction lines in this city, has voluntarily advanced the wages of 3,000 motormen and conductors 1 cent per hour, to take effect from December 1, 1902, and to be paid to all who continue in the service of the company until July, 1903. The advance gives the men who have been employed in the company three years 24 cents an hour.

New Assistant Secretary.

Washington, Feb. 10.—Francis B. Loomis was today formally installed

in office as assistant secretary of state. It has been arranged that the incoming assistant secretary shall take up part of the important diplomatic work of the state department at once, in conjunction with a portion of the consular business.

Protocols Will Be Signed.

Berlin, Feb. 10.—The foreign office officials deny that any insuperable obstacles to the signing of the German protocol at Washington exist. They add that a comparatively unimportant question of detail has been referred to Berlin but that the signing will occur in a few days. First Great Britain's protocol will be signed and then the protocols of Germany and Italy.

J. F. Palmer, the well known First Avenue grocer, surprised the public yesterday by bringing forth a beautiful float to be used in his business, which has been increasing in a most satisfactory manner.

COL. J. L. MORRIS.

The Old Soldier and Indian Fighter Passes in His Checks.

HIS DEATH FROM PNEUMONIA.

Col. J. L. Morris, the white haired veteran, is dead.

The sad news brings a feeling of regret to the hearts of everyone who knew the brave soldier and daring Indian fighter.

For the past three weeks he has been confined to the St. Joseph's hospital, where his death occurred just a few minutes before midnight. The colonel suffered from an attack of pneumonia last fall from which he never fully recovered. Although he was able to be around the streets for several months after his illness, he was never the robust and healthy Morris again.

Colonel Morris was 62 years old, and more than half of those years were spent in serving his country. And during that time many exciting events took place, which branded the colonel as a brave and fearless man. The colonel was chief of scouts from 1870 to 1880. Previous to that time he was a soldier during the rebellion, having served under different capacities. His war records are in care of the Carlton post, Grand Army of the Republic, of Santa Fe, and at present it is impossible to obtain his correct record.

While the colonel was a scout on the frontier in the year of 1870, he was awarded a medal by the congress of the United States for a noted act of bravery. The story of the colonel's daring deed appeared in the Christmas number of The Citizen. With thirteen men the colonel killed Chief Juaneka and thirty Apache warriors who were on the warpath. Out of the thirteen men three were killed and the other ten wounded. The colonel was shot in the neck, but there was plenty of fight left in him, and he shot the brave old chief with the last shot left in his gun. The scalp of the Apache chief, and his bow and arrows used in the fight are in the Smithsonian Institute at Washington, D. C.

Five years after this, when the records were being looked over, the congress of the United States came to the conclusion that among the brave deeds during the year of 1870, this thrilling and successful experience of Colonel Morris stood out most conspicuous and he was presented with a medal of honor.

Colonel Morris was a powerful man during his active days. He weighed 215 pounds and was six feet and three inches in his stocking feet. He retained his fine physique until only a few years ago.

Colonel Morris served in the capacity of postmaster at Thornton up to the time of his illness last fall, where he also conducted a general merchandise store.

Undertaker J. W. Edwards took charge of the remains, and the Carlton post, Grand Army of the Republic, of Santa Fe, of which he was a member, was telegraphed and word was received that they would stand the expense of shipping the body to the capital and the remains would be buried in the National cemetery.

Final arrangements for the shipment and funeral will be made later.

Arrangements for the funeral of Col. J. L. Morris were completed late this afternoon. The funeral services will take place from the church of Immaculate Conception at 10 o'clock Thursday morning, under the auspices of G. K. Warren post, Grand Army of the Republic. The veterans will meet at the undertaking parlors of J. W. Edwards and conduct the body to the church, thence to the Santa Barbara cemetery, where the interment will take place.

TERRITORIAL LAWMAKERS

Fifteenth Day's Doings of Legislative Assembly.

DECENT BURIAL FOR OLD SOLDIERS

Drift Fence Memorial in the House--Important Laws Introduced.

Special to The Citizen.

Santa Fe, N. M., Feb. 10.—The house devoted the morning session to discussing the Texas fever bill and came to no conclusion.

The senate devoted the morning session to the introduction of bills.

FIFTEENTH DAY, MONDAY, FEB. 9.

The Council.

All answered present except Mr. Andrews, excused, on the convening of the council in the afternoon.

Mr. Jaramillo, for the committee on territorial affairs, reported council bill No. 6, recommending its passage with several amendments. He also reported council bill No. 14, with the recommendation that it pass with the amendment substituting the word April for January.

Mr. Hawkins, from the committee on education, reported a house joint memorial No. 1, with the recommendation that it pass without amendment.

The committee on judiciary, through Mr. Spless, recommended that joint memorial No. 3, be adopted.

Mr. Jaramillo introduced council bill No. 38, an act to establish and maintain a deaf and dumb school at Santa Fe, a blind asylum at Alamogordo, a reform school in Taos, Rio Arriba or San Juan counties, and a miners' hospital at Raton. The bill was referred to the committee on public institutions.

Mr. Spless introduced council joint resolution No. 8, formally accepting the offer of Oxford university of scholarships provided in the will of Cecil John Rhodes, New Mexico receiving two scholarships. The resolution empowers the territorial board of education to take charge of all the arrangements, examination of candidates, that an engrossed copy of the resolution be forwarded to the secretary of state to be presented to the trustees of Oxford university.

Joint resolution No. 9, providing for an appropriation of \$2,000 to pay the territorial employees of the house, and \$1,700 to pay the territorial employees of the council, for the second period of ten days, was referred to the committee on finance.

The report of the committee on territorial affairs recommending the adoption of council bill No. 6, was adopted. The bill provides for the decent burial of honorably discharged deceased soldiers and sailors who die indigent. The funeral expenses are to be paid out of the treasury of the county in which such soldier lived. Mr. Hughes had introduced the bill and there was much good-natured chaffing at his expense. He explained that he had introduced the bill by request. The bill was passed by a unanimous vote.

The report of the committee on territorial affairs, recommending the passage of council bill No. 14, was adopted. The bill provides for a uniform system of indexing documents relating to instruments of record affecting land titles. It was introduced by Mr. Spless.

An amendment to cut the charge for indexing from 5 to 3 cents was defeated by a vote of 4 to 7. The bill was recommitted by a vote of 6 to 5.

House joint memorial No. 1, asking the president of the United States to set aside the Fort Marcy reservation by proclamation to the city of Santa Fe for municipal purposes, was passed unanimously.

Council joint memorial No. 3, petitioning for legislation to permit Taos county to refund its indebtedness, was passed unanimously.

The council then adjourned until 10 o'clock Tuesday forenoon.

The House.

After the reading of the journal and the roll call, at the morning session, a message was received from the council, announcing concurrence in the passage of house resolution No. 2, and the passage of council joint resolution No. 5, asking the concurrence of the house therein.

House petition No. 5, asking for the passage of an act for the adjustment of water rights, was laid on the speaker's table pending the introduction of

a bill covering the desire of the petitioners.

The special committee to report on house bill No. 18, an act to provide for the indigent and authorizing counties to establish poor farms, reported the bill without amendments and with the recommendation that it pass.

The following bills were introduced: House bill No. 70, by Mr. Vargas, an act directing the territorial treasurer to transfer certain funds to the penitentiary fund. Referred to the committee on finance.

House bill No. 71, by Mr. Baca, by request an act to adjust water rights. It was accompanied by a petition of Santa Fe citizens. Together with house petition No. 5, it was referred to the committee on irrigation.

House bill No. 73, by Mr. Stockton, an act with reference to taxation by municipal corporations. Referred to the committee on municipal corporations.

House bill No. 74, by Mr. Romero, an act to amend sections 1 to 4 of chapter 4 of the session laws of 1901. Referred to the committee on judiciary.

House bill No. 75, by Mr. Pollard, an act relative to the duties of the cattle sanitary board. Mr. Pollard moved that the rules be suspended and that the bill go to the judiciary committee for immediate consideration. The quarantine bill is the same as published in The Citizen yesterday in the report of the proceedings of the cattle sanitary board. Messrs. Cristoforo Sanchez and Pedro Sanchez opposed the suspension of the rules. The bill was then read.

House bill No. 76, by Mr. Martin Sanchez, an act to define the preference rights of ex-United States soldiers with reference to leasing sections 16 and 36. Referred to committee on public lands.

House bill No. 77, by Celso Sandoval, an act with reference to the duties of sheep inspectors and for other purposes. Referred to judiciary committee.

Mr. Baca asked that the rules be suspended for the reading of house joint memorial No. 2 which he wished to offer. The rules were suspended without objection and the memorial was read. It urges upon congress the passage of house resolution 17,087, as offered by Mr. Rodey last month and permitting the erection of drift fences on public lands in New Mexico that are not needed or desired for immediate settlement. The fences are not to be in any sense enclosures, but are merely to prevent cattle from drifting. They are to be put under restrictions and specifications of the commissioner of the general land office and are to be such that sheep will not be prevented from going under the lowest board or wire. The memorial asked the immediate consideration and adoption of the resolution and provided that four copies were to be sent to Mr. Rodey for reference to the chairmen of the committees considering the resolution. Mr. Baca moved that the rules be suspended and the memorial be read the second and third time by title. Mr. Martinez, of Guadalupe, objected and said he could see that the resolution gave power to the cattlemen to erect drift fences that would be enclosures, and he did not believe the people of New Mexico are willing that the public domain shall be so used. He believed the resolution would be for the benefit of a few large cattle companies or owners and he therefore opposed the memorial. Mr. Llewellyn said that if the resolution meant the fencing of one acre of the public domain for the use of one man, he would be opposed to it, but it did not so mean and does not contemplate such a thing. He read the resolution pending in congress and said he could see no harm in the bill, but great benefit, because the provisions for restricting the construction of such fences are most complete and leave it in the hands of the commissioner of the general land office and the secretary of the interior. He stated that the sole purpose of the bill is to keep cattle from drifting and so protect them from the infectious diseases in Texas, Mexico and Arizona. Pedro Sanchez opposed suspending the rules

Railroad Topics

I. L. Hibbard, superintendent of the Albuquerque division of the Santa Fe Pacific, arrived from the west this morning.

According to the Railway Age, the Santa Fe will lay 650 miles of eighty-five pound steel rails, during 1903, in California, Arizona, New Mexico and Texas.

Firman Fred Walker, who fell from an engine in the San Bernardino yards last Friday, is suffering with a dislocated neck, which is giving the surgeons trouble to re-adjust.

A Santa Fe newsboy had the misfortune to fall under the wheels of the Santa Fe local in Riverside, Cal., resulting in the amputation of one of his feet and the severe crushing of the other. He was taken to a hospital in that city, where he now is.

John Cassel, while at the Needles roundhouse one evening last week on business, fell into the turn table pit, quite seriously bruising his left side. He is recovering under the doctor's care and will be out again in a few days.

Brakeman Fell From Train.

R. S. Johnson, a Santa Fe brakeman, met death near Hesperia, the other morning by falling from the top of his train and dashing his brains out on the rocks at the side of the track. The remains were brought here and the inquest was held, after which the body was shipped to Los Angeles for interment. A number of the trainmen testified that the train, which was a freight, was traveling at a good rate of speed when a sudden lurch of the cars threw Johnson to the ground below. He evidently struck with terrific force, as his head was terribly crushed, death coming almost instantly.

Johnson was well thought of by the men on this division, where he had been employed for some time. His home was in Los Angeles, where he leaves a family.—San Bernardino Sun.

EMPLOY SIXTY SURGEONS.

New York Central Tries a Plan to Save Damage Suits.

Says a New York dispatch: Recent heavy verdicts against the New York Central railroad in damage suits have set the officials of that road at work to devise some method of protecting itself. With this end in view it has decided to employ sixty surgeons whose duty it will be to go out at once to the scene of an accident and give aid to the injured. Each physician will be assigned to a specified section of the road.

It is hoped in this way that many lives will be saved, and very often crushed limbs, being properly attended to within a short time of their being

Pretty Children

"We have three children. Before the birth of the last one my wife used four bottles of MOTHER'S FRIEND. If you had the pictures of our children, you could see at a glance that the last one is healthiest, prettiest and finest-looking of them all. My wife thinks MOTHER'S FRIEND is the greatest and grandest remedy in the world for expectant mothers."—Written by a Kentucky Attorney-at-Law.

MOTHER'S FRIEND prevents nine-tenths of the suffering incident to childbirth. The coming mother's disposition and temper remain unruffled throughout the ordeal, because this relaxing, penetrating liniment relieves the usual distress. A good-natured mother is pretty sure to have a good-natured child. The patient is kept in a strong, healthy condition, which the child also inherits. MOTHER'S FRIEND takes a wife through the crisis quickly and almost painlessly. It assists in her rapid recovery, and wards off the dangers that so often follow delivery.

Paso, while on traffic via the Ogden gateway it is put on the same footing with the Northwestern and Milwaukee & St. Paul roads, which have through train privileges over the Union and Southern Pacific roads.

When the Rock Island completed its El Paso extension it made a traffic arrangement with the Southern Pacific for the running of through passenger trains from Chicago to California and the interchange of freight, but it did not get as favorable conditions from Mr. Harriman as it desired.

A short time ago the Rock Island entered into negotiations with the Santa Fe with the view, it is alleged, to forming a traffic alliance with that road and to send its business via Albuquerque and the Santa Fe Pacific instead of via El Paso and the Southern Pacific. There is no connection between the Rock Island and Santa Fe, but a survey for a connecting link between Santa Rosa and Albuquerque had been made and construction, it is said, was to have been commenced in the spring.

Whether this was a bluff on the part of the Rock Island or not cannot be stated, but it had its effect, and Mr. Harriman made the concessions the Rock Island desired. But notwithstanding these concessions Mr. Harriman has reason to be well satisfied with the results achieved. He is assured of the active co-operation of the Rock Island, Milwaukee & St. Paul and the Northwestern system, and in addition the Alton and Illinois Central, in which he is largely interested, will also act as feeders for his Pacific lines.

FELL INTO WELL.

A Car Inspector at Lordsburg Meets Horrible Death.

Saturday night there was a sad and fatal accident which resulted in the death of W. T. Litchy. Mr. Litchy belonged to the car inspection force, and was up at the west end of the yard inspecting the cars in a freight train. It is supposed he was walking along the train, and some feet from it when the bank around the old well between the Southern Pacific and the Arizona & New Mexico tracks, caved in and he went with the cave. He was missed during the night, but it was thought he had rode up to the west end of the yard on No. 7 and found the train going too fast for him, and he had been carried out. After trains had come back from the west and he had not appeared a search was made for him, and he was found at the bottom of the well. Death had been instantaneous. W. T. Litchy was probably between twenty-five and thirty years of age. He had been in Lordsburg but a short time, working for the railroad company. From letters found on him it was learned that he came from Ohio City, Ohio. His parents were notified and ordered his body shipped home, which was done.—Lordsburg Liberal.

"Mr. Howell is a very clever and entertaining impersonator and humorist."—Indianapolis Journal.

Hear Mr. Howell in "Eben Holden" at Congregational church Thursday evening, February 12.

Samuel Gruell, of Wells county, Indiana, one of the oldest democrats in that state, claims he originated the rooster as a party emblem by writing to an Indianapolis editor to "cheer up" and print a rooster in his paper.

A Legacy of the Grip.

Is often a run-down system. Weakness, nervousness, loss of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

R. H. Milward, the Birmingham solicitor who drew up the marriage settlement between Miss Vanderbilt and the Duke of Marlborough, has been sentenced to six years' servitude for misappropriating trust moneys. His embezzlements amounted to \$420,000.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and unequalled as a quick healing liniment for cuts, bruises and burns. For sale by all druggists.

The Illinois girl who went to sleep about 120 days ago is said to be recovering, and is writing occasional notes to mother. The explanation seems to be that the girl worked in a restaurant, and became thoroughly tired of carrying ham and eggs and things, and has been taking a good rest.

DeWitt's Witch Hazel Salve.

The only positive cure for blind, bleeding, itching and protruding piles, cuts, burns, bruises, eczema and all abrasions of the skin. Albuquerque, - - - New Mexico

County Division-- Board of Trade

With a few exceptions all the representative business men of the city met in a special called session held over Zeiger's Cafe last night.

By all odds it was the best attended meeting of business men ever held in Albuquerque.

The purpose of the meeting was to get business men together to discuss among themselves the importance of whether or not it is to the city's interest to have Bernalillo county divided into two counties.

A bill for a division and the formation of a new county will be introduced before the territorial legislature now assembled within the next few days.

The meeting was called to order by Mayor Myers.

Hon. F. A. Hubbell, chairman of the territorial republican central committee, who is taking an interest in political and business affairs, which are important to Albuquerque, was introduced by Chairman Myers and laid the county division proposition before the meeting. He expounded on matters in connection with the division from both political and business standpoints and the probable effect it would have on the business interests of the city.

After Mr. Hubbell's talk a recess of a few minutes was had in which Mr. Hubbell pointed out on the map of the territory the position of the county and the topographical effect of the division. It was found by measuring by a scale on the map that the new county would be about fifty by twenty-two miles, thus embracing about 1,100 square miles. The long way of the county extending from east to west.

The meeting was again called to order and another short talk on the resources of the proposed new county and the prospective development of taxable resources, and also the division of the county's bonded debt, followed from Mr. Hubbell.

The real purpose of the meeting was to bring out the sentiment of the business men toward the proposed division. To bring this out Frank McKee, of the First National bank, made a motion in favor of the division.

The motion was seconded by G. L. Brooks, and had the desired effect.

Several short talks were made by members of the meeting and several amendments and provisos were offered and made to the original motion.

Attorney A. B. McMillen took the floor for several minutes, and made a talk that met with the favor of the meeting.

Although several other gentlemen of the assemblage made short but good speeches setting forth various views of the situation of the division, Mr. McMillen's speech probably covered the situation fully. He said that he believed that the organization of the new county, thus cutting down Bernalillo county to Albuquerque and the small bit of neighboring country, would be of great benefit to Albuquerque. It is the largest and wealthiest city in New Mexico. Bernalillo county, even after the division, would still have an exceedingly large population for a county of New Mexico. Statistics show that the city pays about 80 per cent of the taxes as it is, and as expenses would be cut down, and if administered to economically the taxes would be lowered in the city instead of being increased. The greatest expense the county now experiences is the bringing of jurors and witnesses from the extreme outlying districts. With a smaller county this evil would be done away with. A great many of the crimes for which the county has to pay prosecution expenses are committed in the outlying districts.

Another question of importance dwelt on by Attorney McMillen, which is of utmost importance to the division of the county, is the distribution of the county's bonded indebtedness. According to legislative rules, in case of such as the proposed division, the indebtedness of a community undergoing division is made pro rata with the last assessment. In this case, Bernalillo, or "We," as Mr. McMillen expressed it, would get the load of the debt. But, if the city now pays the larger part of the interest, why not take the larger part of the debt.

Mr. Hubbell had said that a bill was to be introduced in the legislature making it a law to tax sheep where they were being grazed the first of February. If such a bill is passed Mr. McMillen explained that Bernalillo county would get a very small portion of the outlying taxes heretofore paid on sheep in this county.

He also explained that, although some proposed new railroads which may be built in the northern part of the county and increase the taxes coming from that portion, the city will, without a doubt, increase in population and wealth more rapidly. He was in favor of the division under certain conditions.

The motion of Mr. McKee, as amended, was carried, showing that a majority present favored division.

The meeting finally decided on informing Senators Hughes and Albright at Santa Fe of the sentiment of the

business men of Albuquerque and request of them that a typewritten copy of the proposed new county bill be submitted to the business men of the city, to be considered before it was introduced.

Before adjourning the meeting appointed a committee of five prominent business men to look into and take data on the matter of the division of the county and report at the next meeting. The members of the committee are Mayor Myers, J. Korber, David Weinmann, Frank Sturges and Charles Mausard.

Board of Trade.

Immediately after being adjourned the meeting was again called to order by Mayor Myers for the purpose of taking steps toward organizing a board of trade for the city of Albuquerque.

C. B. Hawley made a motion, seconded by P. F. McCanna, to arrange the preliminary matters toward the organization. The motion was carried and the chair appointed the following: Chairman, Alderman S. Grunfeldt, Wm. Farr, P. F. McCanna, John A. Lee and Frank McKee.

The meeting adjourned to be called to order by Mayor Myers.

EVERY LINE A LIE.

"Pipe Dream Story" With Sensational Trimmings From Cincinnati.

STATEHOOD ENEMY AT WORK.

In the St. Louis Republic of Sunday appears a "western pipe dream," evidently the low and base work of some enemy of statehood, that is false and without any foundation whatever.

In the first place Albuquerque is an Americanized town, and the natives here are as peaceful and law abiding as any citizens in the United States. In the second place Albuquerque has no such dance halls as described in the article. The story, injurious to an extensive degree and which reflects on the patriotic characters of the westerners, is as follows:

Republic Special.

Cincinnati, Feb. 7.—Tossing in delirium, Doctor Nathaniel Powell Graham lies in a private room in the Good Samaritan Hospital critically ill. An adventure, such as would try the stoutest heart, is the direct cause of his present condition, and that he is alive today is only because a kind providence diverted the bullet that was intended to lay him low.

Doctor Graham, whose home is in Madison, Ind., where his widowed mother and a sister live, is well known in this city.

Three years ago he was an interne at the city hospital. When his eighteen months' term at the hospital ended he accepted a flattering offer from a mining company in Albuquerque, N. M., to be the physician for the 1,500 men in its employ.

Visited by Classmates.

Until four weeks ago he filled that position to the satisfaction of the company, and then one night two tourists arrived at the Mexican town from the east. They were Arthur Trumbull and William French, from New York, classmates of Dr. Graham, when he was studying in the east. As a matter of course they hunted up their college chum, and the following night was set apart to see Albuquerque by gaslight. In their wandering they struck a dance house and saloon kept by a Mexican. The reputation of the house was shady and it was known that the most dissolute characters and "greasers" frequented the resort. The three Americans held aloof and watched the actions of the motley throng congregated there from a distance.

Murderous Mexicans.

Just as the revelry was at its height two Mexicans, with revolvers strapped to their sides in true cowboy style, entered the place. They walked up to the bar, and noticing the Americans, invited them to take a drink. The invitation was in Spanish, and Doctor Graham, who speaks the language like a native, made a forward movement as if about to accept. His friends, however, only looked at the "greasers" with contempt. In a twinkling of an eye both Mexicans drew their revolvers and their weapons spoke almost simultaneously. At the first shot Trumbull fell, shot through the heart, his death being instantaneous. The second shot struck Finch in the left arm and he, too, sank to the ground. The man who had shot Trumbull again lifted his weapon and a third report rang out, but the bullet intended for Dr. Graham missed its mark, and before he knew it one of the crowd friendly to him had shoved him out of the door. The police soon were on the scene and the men who had done the shooting were quickly placed under arrest.

Died on Operating Table.

An hour afterwards Finch was placed on the operating table. It was found that the bullet had completely shattered his arm and amputation would be necessary. Science, however, could not save him and he died on the table. The next day Dr. Graham, broken in spirit, packed his belongings and took a train for New York. On the journey he lived over the agonizing moments of that fatal night, and when he reached his destination he was a very sick man and had to be taken to a hospital. Con-

valet, he took a train for Cincinnati, intending to go to his home in Madison for a long rest. But the memory of that terrible scene haunted him like a nightmare, and again he collapsed under the strain, and was obliged to seek the sheltering walls of the Good Samaritan hospital. While his relatives are apprehensive, they build their hope on his strong constitution, which they believe will eventually triumph.

It is only base ignorance of the western people and their progressive ways, that cause such scandalous and infamous stories to be circulated. If such a character as Doctor Nathaniel Powell Graham ever existed he should at once secure a place on Bernalillo's statehood committee, and combine his wild discreditable dreams with the reports made by Bernalillo.

Albuquerque has records to substantiate that a more law abiding and peaceful city is difficult to find even in the perfect eastern states.

Little Katherine Dead.

Katherine Grace Johnson, the six-months-old daughter of Mr. and Mrs. Harry D. Johnson died this morning at 5 o'clock from fever contracted when recovering from whooping cough. Mr. Johnson is the well known bicycle man at Brockmole & Cox. The funeral will take place from the residence tomorrow afternoon at 2 o'clock. Rev. Thomas Harwood officiating. Interment at Fairview cemetery.

Against Street Changing.

Last night, at the mass meeting of business men, a petition was handed around, asking signatures from those present against the recent action of the city council in passing two ordinances changing the names of streets and avenues in the city. Everybody present gladly signed the petition, and some expressed themselves pretty fiercely regarding the two ordinances. The petition will be presented to the city council at the next meeting, and the signers would like to have the two ordinances repealed.

The Misses Price Honored.

Misses Essie and Lena Price, daughters of Mr. and Mrs. Joseph Price, of Socorro, who are here visiting, were the guests of honor at a nicely arranged card party given last night by their sister, Mrs. L. B. Stern, 516 West Cooper avenue.

The handsome Stern home was brilliantly lighted and tastefully decorated with potted plants and palms. The players sat at six tables and the games played were many in variety and extremely interesting. A large number of appreciative presents were given away by the hosts. Delightful refreshments were served at the card tables. About forty guests were present.

THE ART CLUB.

Gave a Farewell Dance in Honor of Miss Minnie Williams.

The Art club entertained with a farewell reception and dance at Grant hall last evening in honor of Miss Minnie Williams, who will leave in a day or so for Las Vegas. About ten couples were present and a large part of the evening was given up to dancing.

The gay throng glided merrily over the floor until near the hour of 12 o'clock. A lunch prepared to satisfy the artistic tastes of the happy crowd was served. The affair was tendered as a surprise to Miss Williams, and it was one of those successful surprises which was highly enjoyed by everyone. The young lady will leave for Las Vegas about Thursday, where she will make her future home.

Mrs. Rosa Berry furnished the music for the delightful occasion.

Notice of Stockholders' Meeting.

There will be a stockholders' meeting of the C. & C. Consolidated Mining Company on March 1st, 1903, at 7:30 p. m. at the office of L. B. Stern.

Women, Why Suffer?

Nervousness and Its Train of Terrible Evils Permanently Banished By

Paine's Celery Compound

Mrs. Clark Tells of Her Happy Rescue From Suffering After Failures of Physicians.

Nervous disorders and disease are on the increase, and women are the chief sufferers. Digestion gives out, there are pains in the head, the tongue is coated, the muscles ache, there is constipation, heart palpitation, gloomy fears oppress continually, and sleep is broken and disturbed.

The only reliable remedy that medical science has given to humanity for the cure of nervousness, is Paine's Celery Compound, prescribed by eminent physicians with the happiest results. In critical cases, Paine's Celery Compound has saved life and restored health when all other medicines failed. Mrs. Clark, of Moscow, Idaho, writes as follows about her success with Paine's Celery Compound:

"While suffering terribly from nervousness and nervous prostration, I was attended by several physicians, but their efforts brought no assuring results. I finally got so bad that it was impossible to sleep at night. My husband again wanted me to have a doctor, but I told him it was no use. He then went to the druggist who recommended Paine's Celery Compound. The first night I used the compound, I slept well and I continued to improve from day to day. I used in all eight bottles of Paine's Celery Compound and am perfectly cured. I cannot say enough in its favor."

OLYMPIA OPERA COMPANY.

Fast Approaching Close of Notable Season of Comic Opera.

The extraordinary success of the Olympia Opera company continues at the Auditorium. Despite the intense heat and traditional "off Saturday" the company again made manifest that it was one of the smoothest and most capable comic opera organizations that has ever visited the south. The company's farewell performance takes place Monday evening. This farewell performance will conclude the most notable season of comic opera ever enjoyed by any Texas city. During its six weeks' stay in Houston, the Olympia Opera company playing to uniformly large and well pleased audiences nightly, has presented ten operas with the fullest accessories of staging and costuming. The company leaves for Dallas Tuesday morning, leaving behind it the unique record of having scored the first and only suc-

cess ever credited to Houston's giant Auditorium.—Houston Daily Post, July 14, 1901.

It is the opinion of many that a thing will improve with age. We will have the pleasure of judging for ourselves Friday and Saturday evenings when the far famed Olympia Opera company makes its appearance at Colombo hall.

Try the home-made scientific bread at the Woman's Exchange; loaves 5 cents each. If you wish good cake, pie, cookies or doughnuts go to the Woman's Exchange. Remember every Saturday Boston Brown bread and baked beans. Wednesdays meat pies. On Tuesdays and Thursdays salt rising bread. Always on hand a full stock of Health Foods.—Woman's Exchange, 323 Second Street.

Rev. Irl R. Hicks' Almanac for 1903, a copy of which we have, is certainly a splendid, artistically printed, luminously illustrated book. The storm and weather forecasts of Professor Hicks, now too well known to need comment, are given fully in this fine book of nearly 200 pages. No family or business should be without it. Send 30c in stamps to Word and Works Pub. Co., 2301 Locust street, St. Louis, Mo., with your address, and you will get a copy by return mail.

and said "violent legislation is not very good." He spoke against the Rodey bill and said it is dangerous to owners of small numbers of cattle. He asked that the memorial take its regular course, so Mr. Baca withdrew his motion and the memorial was referred to the committee on stock and stock raising.

On third reading of bills, house bill No. 5, by Cristoval Sanchez, an act providing that no one shall work on Sunday except in attending sheep, was reported by the judiciary committee with the recommendation that it do not pass, as its provisions are covered by existing laws. Mr. Bowie moved to adopt the report of the committee, but Mr. Sanchez protested and spoke in favor of the bill. Mr. Llewellyn suggested that the bill be recommitted to the committee and that Mr. Sanchez be notified when it would be again taken up. The suggestion was accepted and Mr. Bowie withdrew his motion. The bill was recommitted.

C. Sanchez moved that council joint resolution No. 5, providing for the payment of the printing of the annual report of the superintendent of public instruction, be considered under suspension of the rules. Pedro Sanchez moved that the resolution be read the third time by title and be put on its adoption under suspension of the rules. This motion was carried, and Mr. Baca moved the adoption of the resolution. Mr. Bowie objected because the resolution carried an appropriation and he said he had not had sufficient time to consider it. Mr. Llewellyn asked him if it was not a fact that he was familiar with its provisions, and Mr. Bowie said he was, but wished to give it more consideration. Mr. Baca explained the resolution at some detail and a roll call was demanded. It was adopted by 20 to 2. Mr. Bowie and Mr. Kilpatrick voted against it.

The house adjourned until 2 o'clock in the afternoon.

Afternoon Session.

As soon as the house met, Speaker Montoya called for bills on third reading. House bill No. 1, an act to have all criminals condemned to execution brought to the territorial penitentiary for that purpose, which had been reported by the committee on judiciary, with the recommendation that it do not pass on account of the great expense attached to its enforcement, was then taken up. Mr. Llewellyn moved the adoption of the report, and Cristoval Sanchez moved to lay the report of the committee on the table. The latter motion was lost by 17 yeas to 7 nays. The report was then adopted.

Mr. Dalles, who was absent from the morning session, asked unanimous consent to report on two bills. Cristoval Sanchez objected and Mr. Kilpatrick moved to suspend the rules and permit Mr. Dalles to report on the bills. A roll call was demanded. Cristoval Sanchez said he wanted to consider the bills because he is a member of the committee and he might want to make a minority report. The motion to suspend the rules was lost by 13 to 11.

House bill No. 11, by Mr. Sanchez, an act regarding the age qualifications of jurors, was reported by the committee on judiciary with the recommendation that it do not pass as its provisions are embodied in house bill No. 33. The report was adopted.

House bill No. 33, by Mr. Llewellyn, an act relating to jurors and to amend sections 1, 2, 5, 9 and 11 of chapter 66, session laws of 1899, was reported by the judiciary committee with the recommendation that it pass. The bill was read in detail and the report was adopted. The bill was read the third time by title. Mr. Dalles presented an amendment exempting physicians and clergymen from jury service.

Cristoval Sanchez moved to lay the amendment on the table and a roll call was ordered. Mr. Llewellyn protested against including clergymen and physicians among those not required to serve when the others disqualified are habitual drunkards, and professional gamblers. The amendment was tabled by a vote of 16 to 8. Mr. Gutierrez asked that the vote on the passage of the bill be postponed until 10 o'clock Tuesday morning as he had an amendment to offer. The house refused to postpone by a vote of 12 to 12. The bill was then passed unanimously.

Mr. Ortega asked unanimous consent to introduce house bill No. 78, an act

to regulate the feeding, shearing and care of sheep and goats. It was referred to the committee on judiciary.

Mr. Vargas rose to a question of personal privilege to protest against the non-receipt of the rules in Spanish and a copy of the compile laws. The speaker announced that the rules will be delivered tomorrow afternoon and Mr. Vargas withdrew his protest for the time being.

The committee on judiciary reported house bill No. 75, an act to amend the act relating to the cattle sanitary board, with the recommendation that the original bill do not pass and that substitute bill No. 75 do pass. The bill was made the special order for 10 o'clock tomorrow forenoon.

The house adjourned until 10 o'clock Tuesday forenoon.

EASTERN EDITORS.

Here Today, with Their Wives, and Taking in the Sights.

Edward Bok, the distinguished and world known editor of the Ladies' Home Journal, and the equally celebrated literary man, F. W. Doubleday, editor of the World's Work, accompanied by Mrs. Bok, Mrs. Doubleday and daughter, and Holt Johnson and wife, are guests of the Alvarado today, having arrived last night from the east. Mr. Bok, when seen by a Citizen reporter today, stated that they were not here to obtain evidence against statehood, but were only interested in the picturesque Indian and the many natural wonders of the southwest. The party visited the Albuquerque Indian schools this morning, and also paid their respects to Old Albuquerque. They leave tonight for El Paso and other western Indian pueblos. The petrified forests will be paid a visit of a day or so and then the Grand Canyon of Arizona.

The party will spend the remainder of the winter on the coast, taking in the pleasing sights of the Golden state, and enjoy the beautiful winter climate.

SHORTAGE STILL STANDS.

No Part of the \$15,000 Due from Abran Abeyta Has Yet Been Turned Into County Treasury.

No part of Abran Abeyta's shortage of \$15,000 has yet been paid into the county treasury, says the Socorro County Chieftain.

It is understood the arrangement published in the Chieftain last week for making good the shortage has been adopted, but it has not been carried out. By this arrangement Victor Sals and Henry Chambon, two of Abeyta's bondsmen, are to supply the deficit. It is to be hoped that the money will be forthcoming. Otherwise the taxpayers of the county may be called upon for a special tax levy to pay interest on county bonds and for other purposes.

Socorro county's finances are in a great muddle. That fact is obvious. The lesson is a severe one, but it is to be hoped that it will teach the taxpayers of the county to see to it that hereafter the public funds are entrusted to the right hands.

The Chieftain promises its best efforts to keep its readers posted on all matters pertaining to the conduct of the county's affairs.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous of diseases that medical men have to contend with, can be prevented by the use of Dr. Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been solved that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all druggists.

HOBOES AT DEMING.

People Getting Tired of Petty Cheating Going On.

Two hobo's went into E. Mathews' tailor shop early last evening and asked for buttons. While Mr. Mathews was getting the buttons one of them picked up a coat that had been left in the shop for repairs and made off with it. Mr. Mathews soon notified the officers and this morning the hobo's are in jail, but the whereabouts of the coat is still unknown. The two hobo's were brought before Justice of the Peace Pennington this morning, and on the evidence produced were fined \$50 and costs, or sixty days in jail at hard labor.

The business men and taxpayers generally are getting very tired of having this town overrun from day to day with tramps and hobo's, and burglaries being committed almost every night. While it is getting so that in the day time our families are not safe in their own homes. Everyone is of the opinion that with three officers in a town of the size of Deming they should have the protection from this element that they are taxed to pay for. Better make a cleaning out Mr. Officers, before you hear something drop—Deming Headlight.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headache. 25c and 50c. Money refunded if it does not satisfy you. An Uninvited Guest.

Last Wednesday morning when Leo Loewenstein entered his general merchandise establishment, he was confronted by evidences of some individual having feasted at his expense during the night. Apple parings, sardine cans and other remnants of a hearty meal littered the floor about the stove, where the unknown guest appeared to have refreshed himself comfortably.

ANSWER IT HONESTLY.

Are the Statements of Albuquerque Citizens Not More Reliable Than Those of Other Strangers?

This is a vital question. It is fraught with interest to Albuquerque.

It permits of only one answer. It cannot be evaded or ignored. An Albuquerque citizen speaks here, speaks for the welfare of Albuquerque.

A citizen's statement is reliable. An utter stranger's doubtful. Home proof is the best proof.

B. H. Thomas, Rooming House, 509 South Second street, says: "I have read somewhere that backache was generally an indication of kidney complaint and when there was added to it trouble with the kidney secretions and signs were unmistakable. When I contracted a cold with these annoyances existed and for eight months if one attack ceased another was sure to follow, so that I can consistently say I was almost bothered continually. I finally went to the Alvarado Pharmacy for Doan's Kidney Pills and took a course of the treatment. It did exactly as promised—stopped the annoyance very promptly and very effectively."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

and at his leisure. After attending to the wants of the inner man he proceeded to improve the appearance of the outer, for that purpose appropriating a suit of underclothing, corduroy coat, overalls and other articles of masculine attire. With an eye to future adornment he put a razor in his pocket. He left a suit of soiled clothing, presumably for the laundry, but there were no instructions. He effected an entrance by breaking in at the back window, and when he took his departure by the door there is every reason to believe that he was fully clothed, but whether in his right mind—well, ask Mr. Loewenstein, who estimates the loss at about \$25.—San Marcial Bee.

Horse Races and Sports.

At Magdalena, on the afternoon of St. Valentine's day, February 14, there will be horse races and other sports. One hundred and fifty dollars has been hung up for the winners in a short dash for running horses, \$100 to the first and \$50 to the second. This event will be 300 yards and free for all. There are already entered for this event Jack Pot and Nigger Baby, owned at Frisco, N. M. The succeeding races will be for cow horses with \$50 subscribed to be divided among the winners of cow pony races of 300 yards. The course will then be open for private matches. At night an entertainment will be provided by a grand masquerade ball in the Knights of Pythias hall, to which all are cordially invited.

A Weak Stomach

causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach, and wards off and overcomes disease. J. B. Taylor, a prominent merchant of Christman, Texas, says: "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." B. H. Briggs & Co., and S. Vann & Son.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction. 50c, \$1.00. Trial bottles free.

SYRUP OF FIGS

CALIFORNIA FIG SYRUP CO.
Louisville, Ky. San Francisco, Cal. New York, N.Y.

Acts Gently;
Acts Pleasantly;
Acts Beneficially;
Acts truly as a Laxative.

Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are obtained from an excellent combination of plants known to be medicinally laxative and to act most beneficially. To get its beneficial effects—buy the genuine—manufactured by the

SAN MARCIAL.

From the Bee.
Mrs. C. V. Goodyear has rented the neat little cottage on the road to Old Town, owned by Francis Wilson, and will make that her residence.

The cattlemen of the territory are agitating the creation of a ranger force to protect their interests in the outlying districts.
Mrs. Jordan Rodgers, who has been with friends in Nebraska for some months, and just concluded a week's visit with our acquaintances in Albuquerque, reached San Marcial yesterday and hastened out to the ranch.

SOCORRO.

From the Chieftain.
Joe Hilton has been numbered among the sick this week.
Miss S. M. Rowe, of Kelly, was a visitor in Socorro.

Mrs. Joseph E. Smith has been quite ill for two or three days from an attack of erysipelas.

The enrollment at the School of Mines for the present year is now almost one-third larger than for any previous year and is still increasing.
Charles H. Jackson, of Evanston, Ill., arrived in the city to enter upon the mining engineering course at the School of Mines. Mr. Jackson was a junior at the Northwestern university last year.

The report that Franklin Farrel is dead is, happily, unfounded. Mr. Farrel is a Connecticut capitalist who recently visited Socorro county, became interested in its development, and is pleasantly remembered here.

GALLUP.

From the Republican.
Rev. Vanderwagon, of Zuni, spent a day in Gallup.

Born to Mr. and Mrs. L. L. Henry, a daughter, February 3, 1903.

Ed. Spitz, of Hildes & Co., Albuquerque, spent a day here this week.
Marshal Winders used a gang of hoboes to clean the snow off the sidewalks.

Charles Brown has purchased a lot at Belen, and is building a lodging house.

Ben Wilson has resigned his position as cashier at the Colorado Supply store and is working for J. A. Gordon.

Charles Kelsey has resigned his position at the Colorado Supply store for the purpose of engaging in business at Bluewater.

A fair will be given on February 20 for the benefit of the Catholic church. Elaborate preparations are being made for the entertainment.

H. A. Pease, of the Republican, has been taken to task by some of the brother newspaper men for being a bloated newspaper monopolist. We could not stand for such accusations, and have severed our connection with

the Winslow Mail, and on the first of the month sold the Holbrook Argus to L. D. Diverbeas, who will continue the business in the future.

DEMING.

From the Headlight.
W. Lee Thompson, from the Upperumbres, was in Deming on important business.

Mrs. Richards-Hudson was called to Clifton, Ariz., by the illness of her daughter, Mrs. H. H. Williams.

Lou H. Brown returned from a visit of several days' duration to Separ, where he had been attending the shipment of cattle to California.

The Alamo Hueco Cattle company made a shipment of 539 head of cows to California this week. This will greatly relieve the crowded condition of that company's range.

Mrs. George L. Shakespeare went out to Faywood Hot Springs and will remain there for some time, trying the curative properties of those waters for rheumatism with which she has been afflicted for some time.

The Adelphi club rooms addition will soon be completed and everything rearranged, and when all is done this town will have a set of club rooms that would be a credit to a city of 10,000 inhabitants.

Representative A. W. Pollard informs the Headlight that copies of all bills introduced in the present legislature will be kept on file at the probate clerk's office in this city, and Mr. Pollard will consider it a favor if his constituency in this county will examine these bills and whenever one is of interest to any person would be pleased to have them forward him their opinion on said bill.

Last Wednesday N. A. Bolich, accompanied by his daughter, Miss Alice, left for his old home in Pennsylvania, where they will visit relatives and friends for a time. Before returning to their home in this city they will visit Washington, New York city and other points of interest. On his return, Mr. Bolich expects to bring with him a corps of shoemakers that can be relied upon, and again start his boot and shoe factory to be run on strictly first class principles as in days of yore.

CARLSBAD.

From the Argus.
The children of C. W. Moore and the young son of J. D. Walker, all sufferers from pneumonia, are pronounced out of danger, and convalescing.

The following names of new members are posted on the bulletin board of the Union club: H. C. Fenn, Will Rickman, C. O. Hoffman and Dr. A. J. Andrew.

George H. Webster, Jr., reports that he is hurrying his lamb-feeding proposition these days, in order to take advantage of the present high market for fat lambs and muttons, the price now being well over the \$6.25 per hundred mark. He will have ready for shipment between the 20th and 25th of this month, about ten cars (2,500 head) of prime fat stuff, and will devote his shipment between the Kansas City and St. Joseph markets.

A. A. Beeman returned from Iola, Kan., Saturday night, where he has been for about six weeks past superintending the shipment of the cement to be used in the building of the irrigation company's flume. He states

that the last shipment of the 6,000 barrels left Iola the same day he did—last Friday. It will all be on the ground soon, and the work of construction will be finished, ready for water, on or before March 20.

LAS CRUCES.

From the Republican.

Prof. Hiram Hadley was qualified as road supervisor on Wednesday.
R. L. Young, who has been confined in bed for the past week, is reported much improved.

C. E. Stone, supreme organizer of the Fraternal Brotherhood, arrived in Las Cruces last Wednesday and will organize a lodge of the Fraternal Brotherhood here.

George Williams returned last week from a two months' visit to Palo Alto, Cal., bringing his mother, Mrs. Morgan Williams, with him. They will make their home in the future on their fine ranch west of town.

During the recent winds the two thousand-gallon tank and tank house back of Mrs. Fred Lohman's collapsed, injuring the water pipes and the hot air engine. The structure had been erected for ten or twelve years and the timbers were weak and the structure unstable, hence its collapse.

HILLSBORO.

From the Advocate.
All three of Mrs. Jean Stauffer's children are sick.

Miss Edna Anderson will close her three months' term of school in the Faulkner district next Saturday.

Mrs. Alex Maxwell, who has been very ill at her home at Las Palomas, is reported much better.

Mrs. W. J. Worden has opened up a restaurant in the Lennon building and is doing a good business.

A week ago last Friday night some enterprising person went into W. M. Robins' corral and helped himself to a horse. Up to date the horse has not been discovered.

Henry Lyons and Felix Grundy were recently arrested charged with having gathered in fresh beef not belonging to them. They were brought before the justice of the peace in the Faulkner district and waived examination and gave bond for their appearance at the next term of district court.

It was with regret that the people of this section learned of the death of Father P. Jos. Immel, which occurred at Colorado, N. M., last Monday. He was pastor of the Catholic church here with headquarters at Colorado. The cause of his death was pneumonia, and his illness was brief. Deceased was universally liked and was a young man about 28 years of age. The remains were buried at Colorado. Father Immel was a native of Germany.

SANTA FE.

From the New Mexican.

Mrs. D. H. McMillan has left for Socorro, where she expects to remain for some time visiting Mr. and Mrs. Ross McMillan.

Justice Jose Maria Garcia, sitting as city magistrate, has heard the cases of Alberto Martinez, Frank Blair, Rodriguez Torres and Canuto Espanosa, charged with breaking the peace. Each was fined \$5 and costs, or ten days in jail.

In the probate court the last will of the late D. W. Manley was approved

and A. C. Ireland was named as executor. W. H. Kerr filed his final report as administrator of the estate of Lucy Jackson, deceased, and was discharged. The semi-annual report, as to the estate of Flora Hilder, deceased, was filed by J. P. Victory, esq., and was approved.

In the First Presbyterian church Sunday forenoon quite a number of persons were admitted to membership. The church was crowded to the doors. Communion was celebrated. Under the pastorate of Rev. W. Hayes Moore, the church has made a remarkable increase in membership as well as in general prosperity.

George B. Brady, who is interested in the sawmill business on the Francisco Montes y Vigil land grant, forty miles north of this city, was in town on Saturday on business. His headquarters are now at Velarde. The sawmill has commenced to saw lumber for the construction of buildings, but will not commence to saw for commerce purposes until some time in April as there is a good deal of snow on the ground in that section.

LORDSBURG.

From the Liberal.
R. E. Keane, who has worked in the Southern Pacific office here for a long time as telegrapher, has been transferred to the Tucson office.

Cashier Smith, of the Clifton branch of the Gila Valley Bank and Trust company, and Miss Mary Woodman, bookkeeper for the same institution, made a trip to Lordsburg last Sunday, enjoying a rather short vacation.

A petition was sent to the postoffice department, through Representative Rodey, asking for the establishment of a postoffice at Animas, a station on the El Paso & Southwestern road, about thirty miles west of Hachita, and a request that Stephen Dunagan be appointed postmaster.

The Easy Pill.

DeVitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. B. H. Briggs & Co., and S. DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and catmen all know this. Deming, the coming city of New Mexico.

Deming has a magnificent school system. Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico.

Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming! Don't overlook it if you are looking for a safe and paying investment. Deming water is chemically pure—equal to Polar springs.

Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and triple in one year.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

He says he will, in a very short time, have the finest dental parlors in the southwest.

W. F. Buchanan, J. A. Street and A. D. Goldenberg form a party of prominent citizens of Tucuman, Guadalupe county, who passed through the city this morning, bound for Santa Fe, where they go to lobby for a bill making a new county from parts taken from Guadalupe, Union and San Miguel counties. They propose to call the new county Wood, and make Tucuman the county seat.

Low Brown, the well known banker of Deming; M. D. Roberts and Ira Baker, of Separ; W. J. Wamel, of Deming, and J. W. Fleming, of Silver City, were in Albuquerque yesterday on their return from Santa Fe, where they appeared before the cattle sanitary board to urge the repeal of a law that is obnoxious to cattle raisers in southwestern counties. The law to which they are opposed is the one which provides that no cattle are to be allowed north of the Southern Pacific railway without inspection. The party left last night for the south.

Sentiment Favors Combination.

The sentiment in Albuquerque is turning considerably in favor of the proposed compromise measure by which Arizona and New Mexico shall be admitted as a single state. The political leaders still say they prefer separate statehood, but no man can

Probably the feeling that Albuquerque will sooner or later become the capital of the point state has much to do with the matter. But there is a belief also that in combination with Arizona, a better local government could be established.—El Paso News.

Prospects Bright.

The Central Labor union of Albuquerque held a very enthusiastic meeting last night. Among other things District Organizer A. L. Weems reported the prospects never brighter for organized labor in Albuquerque than at present. There is every reason to believe that before the next meeting, two weeks hence, four new unions will be formed and will affiliate with the central body.

McNELLIS ARRESTED.

Deserted His Wife and Children and Came on to Albuquerque.

W. J. McNellis, of Pueblo, Colo., who is charged with having deserted a sick wife and three small children at Pueblo about ten days ago, was arrested by Marshal McMillin this morning.

From the story published by the Denver Times, and reproduced in The Citizen yesterday, McNellis, when last heard from, was in Albuquerque. He had informed his wife that he had left her for good and was going to Arizona. McNellis has been in Albuquerque since the middle of last week, but the description furnished the marshal was very incomplete. It merely stated that he was five feet six inches tall and had a smooth face. McNellis is somewhat taller than the description and has red hair. He is a structural iron worker, and since he has been here he has been working with the Albuquerque Electric Light & Power company.

When arrested he was putting the motors in at the wooden mills.

He states that he got into trouble at Pueblo where he was working and quit his job. That when he wrote his wife from here that he was going to Arizona, as he did not think he could get work here. He denies the fact that he had deserted his wife for good, but intended to go back when he got some money. He may not be as bad as pictured by the Denver papers, but being a shiftless fellow, evidently did not consider leaving his wife and children to look for themselves a serious matter.

Marshal McMillin received a telegram this morning informing him to place McNellis under arrest. Immediately after the arrest he telegraphed to the authorities at Pueblo and is now waiting instructions.

We have an up-to-date stock of high grade shoes. No shoe store can sell you better goods and no shoe store can afford to sell them on as small margin of profits as we do. The shoe stores' entire expense account and net profits must come out of the shoes, our shoe department bears only a very small proportion of our expense account. That is why we can undersell them. The same explanation holds good in our grocery department, and that is why we have been able to make it so interesting for the grocery men for over ten years.

When you want reliable goods at the lowest possible prices come to us.
