ALBUQUERQUE, NEW MEXICO, WEDNESDAY AFTERNOON, FEBRUARY 4, 1903

NUMBER 371

THE BLIZZARDS ARE TERRIBLE

Snow, Sleet and Rain Cause Trouble Everywhere.

CHICAGO WAS PRACTICALLY ISOLATED

Revolutionists Moving on Caracas and the People Will Repel the Attack.

Chicago, Feb. 4.—Chicago was the scene today and last night of the worst blizzard in years.

Wires are down in every direction and all telegraphic lines, except those of the Chicago-Milwaukee roads, were unworkable as were the long distance telephone wires, except one line to Omaha.

Chicago for hours this morning was cut off from news of the outside.

No stock quotations have been received from New York up to 10:30 o'clock.

Nearly a foot of snow fell yesterday and last night, a rain and sleet storm accompanied by a gale of wind completed the havoc.

Street car traffic is depleted and all incoming trains are reported late.

The storm continues today, hampering the work of the repair crews sent out in every direction by the telegraph companies. Two lives were lost and numerous accidents have been reported.

cause great damage to stock in this section. About six inches fell on the level but drifts from four to ten feet are piled up. Traffic is almost blocked and all wires are down. Trains have been from three to eight hours late last night and today.

Storm in St. Louis.

St. Louis, Feb. 4.—A wind storm, which gained a velocity of fifty miles an hour, prevailed during the greater part of last night and this forenoon, causing much mischief and destroying telephone and telegraph wires in every direction. A flurry of snow accompanied the storm, with prospects of heavier fall before night. The temperature is falling. For several hours St. Louis was entirely cut off from wire communication with Chicago and the east except by a roundabout route.

REVOLUTIONISTS.

They Are Moving on Caracas—Threat from Blockaders.

New York, Feb. 4.—A dispatch from Caracas says:

The army of revolutionists is almost at the gates of Caracas and everywhere in the city preparations are being made to repel the attack.

The blockaders have notified the authorities that if they sell soldiers in the streets they will shell the fort. The residents regard this as new tactics of the Germans to assist the matos revolution.

Don't Like Silver Movement.

London, Feb. 4.—People here interested in the silver and silver securities look coldly up on the movement started by Mexico and China for the purpose of bringing about an agreement between silver using countries. Some bullion brokers go so far as to say if this currency campaign were to succeed on the lines indicated by Roosevelt's message to congress recently it will be a bad thing for the white metal.

IN THE ROPED ARENA.

Several Good Bouts to Be Pulled Off Tonight.

Detroit, Feb. 4.—Mike Ward and Jimmie Duggan are to furnish the wind up at tonight's boxing show of the Detroit Athletic club. The men met once before and Duggan gained the decision. Since then Ward is said to have greatly improved and his followers appear confident of his ability to reverse the decision.

Handler vs. O'Rourke.

Bangor, Me., Feb. 4.—The National Athletic club expects a good crowd on hand for its boxing show tonight. The attraction arranged to draw the fight followers is a twenty-round bout between Jimmy Handler, of Brooklyn, and Charley O'Rourke, of Boston. The two are considered evenly matched and a lively contest is expected to be the outcome.

Easy Money for Ryan.

Hot Springs, Ark., Feb. 4.—Tommy Ryan, middleweight champion of the world, will defend his title against "Cyclone" Kelly, of San Francisco, at the Whittington Park club tonight. Kelly, though he has made a good showing against several fighters of more or less prominence, is not regarded as anything like the equal of Ryan. For the champion the contest will serve as good practice work for his coming fight with "Philadelphia Jack" O'Brien.

Parr and Jenkins to Wrestle.

Montreal, Quebec, Feb. 4.—Before a local athletic organization tonight Tom Jenkins, the former middleweight champion, and Jim Parr are to meet in a finish wrestling bout. Both men appear to be in excellent condition and there is considerable rivalry between them an interesting contest is expected to be the outcome.

Inquiry Into Fighter's Death.

Scrutiny, R. I., Feb. 4.—The case of Hugh Murphy, the New York pugilist who is charged with manslaughter as a result of the death of Eugene McCarthy, his opponent in a bout here

two weeks ago, came up for hearing in court here today. While it is generally believed that Murphy will be exonerated, the fatal ending of the bout is certain to put a quietus on fight fighting in Rhode Island for some time to come.

Kentucky Fair Circuit.

Louisville, Feb. 4.—A meeting of the secretaries of the county fairs throughout Kentucky was held here today to discuss the formation of a state fair circuit. The object of the proposed circuit is to control the county fairs, so that the dates will not conflict, and so that the interests of exhibitors will be protected from loss of time and other evils consequent on the present disorganized custom of holding the county exhibitions. Many counties have responded to the call and from present indications the movement will be successful.

New Central League.

Anderson, Ind., Feb. 4.—A meeting of the owners of the Central Baseball league teams, which was organized at Indianapolis last month, is in session here to elect officers and complete the work of organization. The names of several men are mentioned in connection with the presidency and it is difficult to forecast the result of the election. The schedule committee has about completed its work. It is likely that the season will open April 23 and that the schedule will embrace 140 games.

Roger Bresnahan Weds.

Toledo, Ohio, Feb. 4.—Roger Bresnahan, catcher of the New York National league ball team, was married here today to Miss Adeline Leideke, of this city. The ceremony was performed this morning in St. Ann's Catholic church, which was thronged with friends of the couple.

NEW MEXICO NORTHERN.

Contract Let for Grading Road into Cochiti Mining District.

DALLAS' TEXAS MAN SUCCESSFUL.

The contract for the construction of the New Mexico Northern railroad, a short line running from a point a few miles north of Thornton station on the Santa Fe to the Cochiti gold mining district, with Bland as the terminus, has been let.

M. A. Wogan, a large railroad construction contractor of Dallas, Texas, who has been spending some time here and had daily conferences the past week with Dr. L. P. McKinley, president of the proposed new road, has been awarded the contract and left today for his headquarters at Dallas, Texas, to make arrangements for moving his construction gangs to the site of the new road.

Mr. Wogan's contract calls for the grading, furnishing ties, track laying and surfacing, and will cost something near \$200,000.

Weather permitting the grading will be commenced the fore part of April next.

D. C. Dunbar, chief engineer of the New Mexico Northern, will leave tomorrow for Bland and a trip over the survey of proposed road, and after spending a couple of days at Bland will go to Chicago to complete arrangements in the matter of securing construction material.

Mr. Wogan said today that if the necessary material can be secured without unnecessary delay, the new road will be in operation by September.

Army Change.

Washington, Feb. 4.—Under notice posted at the war department today. General Frank Baldwin will succeed General Funston in command of the department of the Colorado, April 1. General Funston goes to the department of the Columbia.

Who Cares?

Paris, Feb. 4.—A dispatch received here from Tangier says: A special courier from Fez has brought a renewed report that the pretender to the throne, Bu-Hamara, has been captured.

Strike in Maine.

North Vassal Boro, Maine, Feb. 4.—A strike has begun in the American Woolen company's mills here, the spinners asking for an increase in wages, and the weavers objecting to the practice of teaching apprentices.

Excelsior lodge No. 1, Degree of Honor, will meet in regular session tonight at 7:30 sharp. All members are requested to be prompt. After lodge has adjourned, we will give one of our pleasant social dances. Everybody invited. Etta B. Allison, recorder.

OKLAHOMA CITY

Scorched by a Big Fire This Morning.

FIREMEN INHALE DEADLY FUMES

That Sensational War Story From Mexico Only a Fight.

COLEMAN YOUNGER PARDONED

Wichita, Kan., Feb. 4.—A special to the Beacon says that Oklahoma City is burning, and that help has been asked from Guthrie. The best business blocks are already destroyed.

The Particulars.

Oklahoma City, Okla., Feb. 4.—A fire that started in the Lion store, dealers in general merchandise, here this morning, caused a loss of \$250,000. The insurance covers about one-half of the loss. The entire stock and building of the Lion store was consumed, entailing a loss of more than \$15,000.

Another fire in the frame building on Broadway, at the same time, caused an additional loss. Fire apparatus was sent in by El Reno and Guthrie; and at 11:30 the fire, which for a time threatened the city, was under control.

DEATH TO FIREMEN.

A Number in Critical Condition as Result of Fire at Milwaukee.

Milwaukee, Feb. 4.—James Foley, truckman; Andrew White and Edward Hogan, of the Milwaukee fire department, and four other firemen, are in a critical condition as a result of inhaling fumes at a fire at the Schwab Steel company's steel plant last night. Captain Lancaster, of the engine company, is also prostrated and is said to be in a dying condition.

ONLY A SMALL FIGHT.

Report of Big Fight of Mexican Soldiers and Yaquis Denied.

Tucson, Ariz., Feb. 4.—A special from Hermosillo says: There is little truth in the stories of the alleged fight between Mexicans and Yaquis near San Marcial. A small fight probably occurred, but no such number were killed as reported.

YOUNGER PARDONED.

He Must Not Sell Himself as a Dime Museum Freak.

St. Paul, Feb. 4.—Coleman Younger, survivor of the three brothers who were sentenced to life imprisonment because of connection with the bank robbery and murder at Northfield, Minn., in 1876, was today granted a full pardon by the state board of pardons on condition that he promise never to place himself on exhibition, and that he leave the state.

RAILROAD RUMOR

One Good Reason for the Santa Fe-Rock Island Alliance.

GOULD WILL REACH THIS CITY.

Since the rumor published in The Citizen of the Santa Fe-Rock Island traffic alliance the same has been verified, though disputed and criticized to a considerable extent. The Citizen publishes another rumor which it has every reason to believe to be correct. It is that strained relations exist between the Rock Island and the El Paso Northeastern and that this was one of the minor reasons for the recent alliance between the two big roads. If this rumor be true, after the building of the Santa Fe cut off, the Rock Island's El Paso business will go over the new cut off to Belen, the crossing of the cut off and Rio Grande division of the Santa Fe, and thence to El Paso over this latter road.

This will be another ten strike for the little town of Belen, as it will necessitate a large amount of freight transfer work at that point. It will also create better passenger train service between Albuquerque and El Paso. But the most important sequence this state of affairs may lead up to and which is good news to New Mexico and especially to Albuquerque, is the possible advent of the Gould lines. The

Texas Pacific, virtually a Gould property, now runs into El Paso. It is known that the Gould people have been buying El Paso Northeastern stock. By using the Santa Fe Central tracks to Santa Fe they would make connection with the Denver & Rio Grande. By using the Albuquerque Eastern tracks it would give them entrance to Albuquerque.

Diamond Match Prosperous.

Chicago, Feb. 4.—The stockholders of the Diamond Match company held their annual meeting in this city today and listened to reports which show the company's affairs to be in a flourishing condition. The net earnings of the company for 1902 approximated \$2,075,000, as compared with \$2,011,000 in 1901.

Prohibitionists Confer.

Springfield, Ill., Feb. 4.—The prohibitionist leaders of Illinois began a two days' love feast and conference here today. Addresses were delivered by many prominent leaders from all sections of the state.

In Arion hall this evening exercises are to be held in memory of the late Hale Johnson, chairman of the state central committee and former prohibition candidate for vice president, who was shot and killed last November.

Convention of Painters.

Richmond, Va., Feb. 4.—Arrangements have been perfected for the annual convention of the National association of House Painters and Decorators, which is to be held in this city during the coming week. From all indications the gathering will be the largest ever held by the craft, delegates coming from nearly all parts of the United States and Canada. A feature of the convention will be an elaborate exhibition of painters' supplies and examples of practical work by master painters and decorators.

SENATOR QUAY.

Advises Acceptance of Plan to Consolidate Two Territories.

DELEGATE SMITH OPPOSES.

Phoenix, Ariz., Feb. 4.—The legislative assembly today received a dispatch from Marcus Smith, delegate to congress, who asserts that a crisis has been reached in the statehood struggle, and that Senator Quay, fearing the opposition will accept the extra session rather than pass the omnibus bill, advises acceptance of the plan proposed by the opposition to admit Arizona and New Mexico as a single state. Smith is unreservedly opposed to this compromise and the Arizona legislature has unanimously adopted a resolution sustaining him in his opposition to the consolidation of New Mexico and Arizona.

TRAFFIC ASSOCIATIONS.

Trying to Devise Means for Adjusting Correction Sheets.

New York, Feb. 4.—Representatives of all the traffic associations began a joint conference in this city today to devise means for adjusting correction sheets between various lines in the passenger business. At present, and for a long period, there has been great need of some systematic arrangement or plan that will obviate the necessity for interminable correspondence growing out of efforts to reach a satisfactory understanding and settlement of claims among the roads.

These claims arise from unwillingness upon the part of some one or more roads to accept the proportion allowed by an issuing line in the division of a through rate. The latter gets notice of this through the receipt of a correction sheet, and perhaps it refuses to make and change. More often it declines to correct its figures. This is the beginning of an interminable correspondence with no certainty that the subject will ever reach a final adjustment. It is believed that a less cumbersome method can be found that will readily facilitate and insure prompt disposal of whatever controversy arises, prevent friction that often is provoked and give less occasion for irritation.

Wireless Telegraph Plants.

New York, Feb. 4.—In a statement issued by the Marconi Wireless Telegraph company it is asserted that the fast steamers of the International Mercantile marine company will be supplied immediately with wireless telegraph plants.

Will Be Compromised.

Washington, Feb. 4.—The three months preferential treatment for allies promises to be compromised upon which they and Minister Bowen will agree as to conditions precedent to raising the blockade.

TERRITORIAL LAWMAKERS

Eleventh Day's Proceedings Legislative Assembly.

LIVELY DISCUSSION ABOUT COAL OIL

Senators Spleen and Fall Oppose Each Other—Many Bills.

Special to The Citizen.

Santa Fe, N. M., Feb. 4.—The council will pass the bill repealing the coal oil law.

The house unseated Holland, of Union county, this morning, seating McCash.

ELEVENTH DAY, TUESDAY, FEB. 3.

The Council.

The roll call was answered by every member except Mr. Andrews, Rev. W. A. Cooper led in prayer. After the reading of the minutes, a memorial was presented by Mr. Fall from the Mesilla chamber of commerce for the repeal of the coal oil inspection law.

Council joint memorial No. 3, petitioning for the right and authority to refund legally the bonded indebtedness of \$42,400 and the floating indebtedness of \$7,000 of Taos county. It is proposed to reduce the interest on the bonded indebtedness from 6 to 5 per cent. It was introduced by Mr. Martinez.

Council bill No. 22, by Mr. Martinez, an act to amend sections 3224 and 3225 of the compiled laws of 1897, in relation to the time for selecting justices of the peace. The bill fixes the election on the same as that of county officers in November of every second year beginning in 1904.

Council bill No. 23, to amend section 2 of chapter 90 of the session laws of 1901, relating to the refunding of any territorial bonds that have become optionally due. Introduced by Mr. Amado Chaves upon request of the territorial treasurer and referred to committee on finance.

Council bill No. 24, by Mr. Amado Chaves, an act to amend chapter 42 of the acts of the Thirty-third legislative assembly, relative to the asylum for the deaf and dumb. The bill carries an appropriation of \$9,000 to complete the interior of the new asylum at Santa Fe and provides that until a territorial asylum for the blind is ready to take pupils, blind children be admitted to the deaf and dumb asylum. The bill was referred to the committee on public institutions.

Council bill No. 25, by Mr. Hughes, an act in relation to the coal oil law. The bill provides for a flash test of 160 degrees. An attempt was made to pass the bill on the third reading, but it was vigorously opposed by Mr. Spies, who said that he would introduce in committee a substitute for all coal oil legislation on the statutes that would prevent New Mexico being made the dumping ground of the Standard Oil company. He said that although Arizona has no inspection of coal oil, yet coal oil sold in Arizona at from 35 to 40 cents a gallon, showing that it is not the inspection of oil that raises the price. At Las Vegas oil sold at 40 cents a gallon before the coal oil inspection went into effect. He attacked the Standard Oil monopoly. He pleaded for intelligent legislation on the subject as there were not many persons in New Mexico who had any intelligent conception of the provisions and full bearing of the legislation on coal oil on the statutes of New Mexico.

Mr. Fall replied that the present inspection law does not inspect, that the inspection consisted of the Standard Oil company agents stamping with a stencil John S. Clark's name on coal oil tanks. He reviewed the history of coal oil inspection legislation in New Mexico, attempting to show that the Standard Oil company has been in back of all this legislation. At El Paso coal oil sells at 16 cents a gallon, and at Las Cruces, forty-eight miles away, at 30 cents a gallon. He cited the case of a man at Alamogordo who brings ten gallon cans of coal oil from El Paso. The Standard Oil agent, finding that threats would not avail, told him they would sell the oil to him at Alamogordo at 16 cents a gallon, but he should tell no one about it. A merchant at Three Rivers had bought a barrel of oil at El Paso at 13 cents a gallon and sold it at Three Rivers at 20 cents a gallon until the Standard Oil company agents threatened him with criminal prosecution. He said the Standard Oil company could not afford to sell inferior oil to the people of New

Mexico, inspection or no inspection, the people of New Mexico do not want inspection, but they demand the repeal of the present coal oil legislation.

Mr. Spies replied that there are members of the council unacquainted with the present coal oil legislation and that the greatest clamor against the inspection of coal oil comes in part from the people who do not use coal oil. He said he was not satisfied with the present inspection law and that if the present inspector does not inspect he should be compelled to inspect; that there should certainly be inspection. The bill of Mr. Hughes provides for a flash test of 160 degrees, but how can this be enforced without inspection?

A rather heated running debate between Messrs. Fall and Spies followed. A roll call resulted 4 against 6 on the question of passing the bill on the third reading, those voting for it being Messrs. Albright, Fall, Hughes and the president. Those voting against it were Messrs. Chaves, Duncan, Hawkins, Martinez, Pinard and Spies. The bill was referred to the committee of the whole to act upon it on Thursday morning, after the reading of the journal.

Council bill No. 26, by Mr. Pinard, an act to establish a miners' hospital at Raton.

Council bill No. 27, by Mr. Pinard, an act to compel peace officers to enforce the Sabbath observance and to inspect saloons and gambling places on Sunday; to prevent the sale of liquors and gambling on Sundays. Referred to the committee on territorial affairs.

Mr. Hawkins presented council joint resolution No. 7, to secure publicity through the public press or the territory of the proceedings of the Thirty-fifth legislative assembly. It directs the secretary of the territory to send a copy of each bill introduced to each newspaper in the territory. Referred to committee on printing.

House resolution No. 1 was read. It petitions the president of the United States to give by proclamation the abandoned Fort Marcy reservation to the city of Santa Fe for public purposes. The memorial was referred to the committee on education. Mr. Amado Chaves stating that a number of citizens of Santa Fe desire to be heard before the committee on the memorial.

House bill No. 29 was then read and took its regular order.

The council then went into executive session. In the executive session of the council the employees question came up again. It was finally decided to give the governor an extra clerk during the legislative session. Miss La Rue, of Las Vegas, was elected to that position.

The council adjourned until 2 o'clock in the afternoon.

Afternoon Session.

The committee on private and municipal corporations reported council bill No. 5 with the recommendation that it pass. The bill provides for conferring additional duties and powers upon mayors of cities and towns, giving the mayors right to veto the acts of the city and town councils. It provides that such veto can be set aside by a two-thirds vote of the city and town councils. The bill was amended by setting the time limit of three days in which the mayor can veto the action of the council and restricting the time in which a council can pass any ordinance over the mayor's veto.

It must be at the next regular meeting at which a quorum is present. The bill as amended was unanimously passed.

Mr. Fall introduced council bill No. 28, by request, an act to provide the necessary buildings for the New Mexico College of Agriculture and Mechanical Arts. The bill carries \$25,000 and was referred to the finance committee.

Mr. Fall had a set of resolutions read in the council which were adopted by the board of county commissioners of Socorro county, requesting Mr. Fall to look after the interests of Socorro county during the absence of Mr. An-

ritory.

New Mexico demands Statehood from
the Fifty-Seventh Congress.

The world has bloodless surgery and
bloodless war, but what it wants most
of all is an occasional harmless train
wreck.

Rudyard Kipling has demonstrated
that the pen of a poet may do more
execution than the whole Krupp gun
foundry.

It is said that fourteen women in
Paris set all the fashions, which ought
to be a great comfort to the 14,000,000
American men who pay the bills.

Captain Mahan is telling Europe just
what the Monroe doctrine means. But
his magazine articles don't tell half
so much as the ones that your Uncle
Sam is having rushed to completion at
the arsenals and powder mills.

Senators Wellington, of Maryland,
has again illustrated the fact that man
wants but little here below. The senator
proposes an amendment to the na-
tional constitution providing that no
person shall be worth more than \$10,
000,000.

It is stated that Germany has decided
to station a fleet in American wa-
ters, and especially in the Caribbean.
As Germany owns no territory in Amer-
ica, the innovation will tend to add
to the energetic enlargement of the
United States navy.

HURRAH FOR QUAY!

New Mexico should never forget
Senator Quay, says the Las Vegas Op-
tic. He has done more to bring this ter-
ritory into prominence, to establish its
credit, to defend its good name, to re-
fute the slanders which have been ut-
tered against us, than any other man.
He took hold of the statehood bill
near the close of the last session and
put it in position on the calendar
where the senate must act.

Day in and out, night after night, he
has remained on duty in the senate
fighting for New Mexico.

Quay is never defeated.
He always wins out.

He holds the reins and New Mexico
should back him up to the fullest ex-
tent.

He has placed the statehood bill as
a rider on two appropriation bills and
they cannot pass unless the omnibus
bill also passes.

He has made new converts so that
today the statehood measure is strong-
er than ever.

Every indication now is that the bill
will pass the senate.

True, even the most favorable condi-
tions may change and we may not be-
come a state, but if so it will not be
the fault of Senator Quay.

He is proving himself a great leader,
an able parliamentarian and a firm
friend of New Mexico.

AGAINST A MINORITY.

Whatever may be one's opinions as
to Senator Quay's political record in
the state of Pennsylvania, there is only
admiration for the plucky fight he is
making in behalf of the statehood bill,
says the El Paso Herald. Opinion has
been more or less divided in the ter-
ritories, at least in New Mexico, as to
the desire for statehood, though the
majority has always been in favor of
it; now, after the long fight in the sen-
ate, and in view of the many false and
hurtful allegations that have been
made by the opposition to support their
side, the spirit of the people has been
roused, and practically all are for
statehood.

Quay's plucky fight brings forth ad-

mirration, just as Beveridge's ill nat-
ured and prejudiced report excited only
disgust and resentment. Then, aside
from the fact that Quay is on the side
that is popular out here, there is the
added fact that he is on the side of the
senate majority, and his opponents are
obstructionists. Quay has repeatedly
said that all he wants is a vote, and
he will stake everything on the result
of it; he feels quite certain that his
side has more adherents than the
other, and he does not purpose that a
minority shall balk him. The country
looks on with amusement, and rather
favors Quay because he is so frank
about his willingness to have a vote
any time.

Quay is 70 years old, and a past
master of political trickery, as well as
of parliamentary practice. By combin-
ing the two weapons, he will have a
pretty fair chance to win. It is known
that the president is opposed to state-
hood for Arizona and New Mexico, but
it is not thought that he would carry
his opposition to the point of vetoing
the bill if passed. The appropriation
bills, the Cuban treaty, and other im-
portant measures are being held up
pending the disposition of the state-
hood bill. Quay will stand pat; it is
a matter of supreme, compelling pride
with him now, aside from whatever
other motives may actuate him, and
pride is a sharp goad. He has some
powerful supporters, and he has the
power of numbers. It will take some
mighty strong pressure to break the
combination he has organized, and if
any such pressure is finally successful
it will undoubtedly be accompanied by
a definite promise with a guarantee of
fulfillment. For our part, we don't
like to see the republican platform
foiled with in this way—a platform
meant to be put into effect, or else it
is a stupid lie that ought to be repudiated
by intelligent people. It is not
honest, politically, for republicans to
oppose statehood.

THEY WERE PREJUDICED.

An attempt has been made by the
public press in general to cast blame
on Senator Quay of Pennsylvania be-
cause he stands for the incoming of
three new states. The Farm, Field and
Fire-side, of Chicago, thinks these ter-
ritories have waited long enough. They
have the requisite population. They
have resources far beyond what some
other states had when they came into
the union. It would be an act of jus-
tice to the people who have made their
homes in these territories with the ex-
pectation that they would have all the
privileges of statehood. Senator Quay
is not the filibuster but rather the mi-
nority who are talking against time.
He has with him a majority and the
majority should rule in the senate as
elsewhere in our country. It is simply
the despotism of a minority that is de-
termined to keep out these states. The
Farm, Field and Fire-side is credibly
informed that the sub-committee of the
senate that went to New Mexico were
prejudiced against admitting that ter-
ritory and had made up their minds
before they went there; so they simply
sent for Mexican justices of the peace
or other local subordinate officers and
made up a report that the people were
all too illiterate to manage their own
affairs. Those who for twenty years
have been familiar with the leading
citizens of New Mexico as is the Farm,
Field and Fire-side, and familiar with
the great wealth of its cattle and sheep

THE BUGLER'S CHEST

Is well expanded. He uses his lungs to
their fullest capacity. People in ordi-
nary do not use much over half their lung
power. The unused lung surface be-
comes inert and offers a prepared ground
for the attack of the germs of consump-
tion. There is no need to warn people
of the danger of consumption, but
warning is constantly needed not to
neglect the first symptoms of dis-
eased lungs.

Dr. Pierce's Golden
Medical Discovery
cures obstinate
coughs, bronchitis,
bleeding lungs,
and other condi-
tions which, if
neglected or un-
skillfully treated,
find a fatal ter-
mination in consump-
tion. It is entire-
ly free from opiate
and narcotics.

"About three years
ago I was taken with
a bad cough, vomiting
and spitting blood,"
writes Mr. J. Rob-
ertson, of Spring
Garden, Va. "I tried
many remedies; noth-
ing seemed to help me.
I commenced using
Dr. Pierce's Golden
Medical Discovery. After
using ten bottles and
four vials of his Pleasant
Pelle's, I commenced
to improve. My case
seemed to be almost
hopeless. Doctors pronounced
me to be a consumptive
at the time. I was
given up to die by all
thought it would be im-
possible for me to live
over night at one time.
I haven't spit any blood
now for more than twelve
months, and worked on
the farm all last summer.
It was Dr. Pierce's
medicines that cured me."

Accept no substitute for "Golden Med-
ical Discovery." There is nothing "just
as good" for diseases of the stomach.
The "Medical Adviser," in paper cov-
ers, is sent free on receipt of 21 one-cent
stamps to pay for mailing only. Address
Dr. R. V. Pierce, Buffalo, N. Y.

range, its fine fruits and where suit-
ably irrigated the productiveness in
general of its soil and of its mines of
coal and the precious metals, must see
in this attempt of an imperious mi-
nority in the United States senate
simple despotism. Of course it grows
out of politics. Some of the leading
republicans and particularly the com-
mittee of which Senator Beveridge
was chairman, made up their minds
that there was danger of some demo-
cratic senators coming up from New
Mexico and Arizona, and so they are
determined to keep them out.

ABSORPTION OF RAILROADS.

The absorption of the capital stock
of different roads by the larger railroad
corporations during the last decade
has reached a stupendous total, whole
systems having passed out of legal ex-
istence during this time. The differ-
ent reports of the interstate commis-
sion bring out this movement strik-
ingly. From 1890 to 1900 no less than
\$506,000,000 of the capital stock of the
railroads of the country was absorbed
by the larger railroad systems. Dur-
ing this decade the total amount of the
capital stock of all the railroads in-
creased 32 per cent, while during the
same period the amount of stock of
other roads owned by the larger rail-
road corporations increased more than
52 per cent. In other words, during
these ten years the absorption of out-
standing stock by the railroads in-
creased at a rate nearly twice as great
as the entire increase shown in the
capital of all the roads. This is cer-
tainly a significant showing. In 1890
the railroad companies owned 21 per
cent of the total amount of the capital
of all the railroads outstanding, while
in 1900 they owned 25 per cent. This
absorption of securities by the rail-
roads has been proceeding at an amaz-
ing speed during the last few years.
Of the total absorption of \$506,000,000
during the ten years ending with 1900
more than \$410,000,000 were absorbed
during the three years 1898, 1899 and
1900. During the same three years the
capital stock of all the railroads owned
by other than railroad corporations in-
creased only \$73,000,000. During the
single year 1900 capital stock of rail-
roads having a par value of more than
\$250,000,000 was absorbed by the large
railroad systems. It is unfortunate
that there are no comprehensive sta-
tistics covering this movement for a
later period than the year ended June
30, 1900. While there are no statistics
on this point, all of the available facts
indicate an uninterrupted continuance
of the rapid absorption of the capital
stock of railroads by other railroad
corporations.

TWO LAND ACTS.

Desert and Timber and Stone Laws
Deemed Obnoxious by Secretary
Hitchcock.

Senator Hansbrough, chairman of
the public lands committee, laid before
the senate a letter from Secretary
Hitchcock strongly recommending the
repeal of the timber and stone act and
the desert land law, and mildly sug-
gesting the advisability of repealing
the commutation clause of the home-
stead act, says a dispatch from Wash-
ington, dated February 2. Under the
two former laws, the secretary says,
private individuals and corporations
are enabled, in a perfectly lawful man-
ner, to acquire large tracts of the pub-
lic domain, contrary to the policy of
congress when those laws were framed.
Such dealings cannot be stopped as
long as these laws remain on the sta-
tute books, and if not repealed, says
Secretary Hitchcock, the most valuable
government lands will soon be taken
up.

Speaking of the timber and stone
act, Secretary Hitchcock says that in
the past ten years 25 per cent of the
entries under this act have been can-
celled for fraud. He recommends
repeal of this law, on the proposition
that the act as it stands, when legiti-
mately observed, affords such facilities
for acquisition by individuals and cor-
porations of vast bodies of public ter-
ritory land that it is the greatest menace
to the statute books today against the
avowed policy of the government of re-
serving its lands for actual settlers.

He shows that about 30 per cent of the
entries under the desert land act in ten
years has been cancelled because of
fraud.

"This law bears on its face," says he,
"its own condemnation in the facility
it affords for acquisition by individ-
uals, associations and corporations of
vast bodies of the public domain and
is another menace to the avowed policy
of the government of preserving the
remaining public lands for homes and
for actual settlers."

"The commutation clause of the
homestead act," he says, "does not pre-
sent the same serious objections as the
other two laws, as it requires fourteen
months' residence on the land, yet it
tends to encourage speculation in pub-
lic lands."

Senator Hansbrough, who introduced
the bill for the repeal of these three
laws, said quite recently that he had
no intention of pressing his bill at this
session. He, like Chairman Lacey, had
introduced the bill at the suggestion
of Secretary Hitchcock. It seems,
therefore, that the secretary's earnest
recommendations will go for naught.

Railroad Topics

There are from twenty to twenty-five patients constantly under treatment at the Las Vegas railroad hospital.

Fireman Blake, who is suffering with rheumatism and other complications at the Las Vegas hospital, is progressing nicely.

The Optic says: Traveling Engineer John A. Ross, of the Santa Fe, went down to Albuquerque Saturday afternoon with John McMurray, who will take Mr. Ross' place on the Las Vegas division, and Mr. Ross will take the north end. The trip is being made to familiarize the new engineer with his territory.

The Chicago, Rock Island & Pacific Railway company and the Great Western Railway company have practically closed a deal for 160 acres of land in Sioux City. The deal is considered to mean that an extension of these two lines to Sioux City is assured. It is further said that the two roads will use the track for terminals. The price paid for the tract is \$128,000.

A Pullman sleeper on the rear of train No. 8, which was wrecked near Tucson, was detached by the tremendous force of the collision and ran down the grade into Tucson, crashing into a switch engine. Both the engine and the sleeper were damaged to a considerable extent. The arrival of the company sleeper was the first news of the wreck to reach Tucson.

J. W. Coburn, of Los Angeles, committed suicide at Tucson by taking strychnine. He was formerly in the employ of the Southern Pacific, as conductor on the Los Angeles-Bakersfield run, and was a member of No. 111, Order of Railroad Conductors. Coburn left a note saying that "wine and women" were the cause of his downfall. The remains are held at Tucson awaiting Los Angeles advices.

The Chicago, Peoria & Western railway company and the Glucose Sugar Refining company are defendants in twenty-one suits filed in the circuit court in Chicago to recover a total of \$32,500 damages. The suits are brought by various railroad companies to collect money alleged to be due for the use of their cars by the defendants. The Santa Fe claims \$500 and the Rock Island \$1,000 out of the total.

The Las Vegas Record says: The switch engine had a set-to with a Mexican's wagon loaded with wood on the Jackson street crossing Saturday, and when the atmosphere had cleared sufficiently to observe objects it was found that the wagon was horse de combat, while the Mexican and the wood were piled gracefully on the track in front of the engine. A narrow escape for the Mexican as the wheels were within a few inches of his body.

Rock Island traffic officials have become tired of holding freight cars for eastern connections. Accordingly a notice was served by that company at Chicago on all eastern lines that freight consigned to them would, after a delay of forty-eight hours, be placed in storage. The Rock Island has more traffic than it can handle. Other western lines, which are not in so badly congested condition as eastern lines, may take the same protective measures.

A. Andres, who has been working as foreman of the cement factory of Good & Co., along the new Dawson branch of the El Paso & Northeastern, is in El Paso from Tucumcari. Mr. Andres says: "The work along the line has now all been finished except about a week's work at French, finishing up some cement work there on a bridge. Good & Co. have moved their entire outfit up to Colorado to work on the new Moffat road. I have not decided yet whether I will go with them or not, but probably will."

The passenger department of the Rock Island has published a booklet in which some of the history of the selection of the name for their new California through train, the Golden State Limited, is told. The work of naming this train was left to the public and the competition for the prize, which went to the proposer of the most appropriate title, drew thousands of suggestions. Several hundred of these names, which were not selected, are printed in the booklet. As illustrating the different ideas of what is needed to make a good train name they are varied enough to be interesting.

It is now believed without doubt that the Santa Fe railroad is seeking to establish an entrance to New Orleans and secure terminals there. For several days last week a party of capitalists and railroad magnates were at New Orleans, ostensibly on pleasure, but it leaked out that they were busy in real estate matters, just as the Frisco and the Shreveport & Red River Valley railway officials had been before them. In the party were Paul Morton, of Chicago, vice president of the Santa Fe; E. A. Potter, T. A. Shonts and Joy Morton, all capitalists and heavy Santa Fe stockholders. They admitted at the time that they had a proposition.

Bids are to be asked in a few days by the Santa Fe for the erection of a new tourist hotel on the brink of the Grand Canyon of the Colorado in Arizona. The hotel is to cost not less than \$175,000. And will be built only 400 feet from the canyon brink at the head of Bright Angel trail. The site is a commanding one and the view from the upper balcony will be one of the finest to be had. Work will begin on the new hotel April 1 and contracts will call for its completion by December 1. It will be in charge of R. B. Burns, chief engineer of the Santa

Fe Pacific, who attends to the construction of all of the company's buildings.

Chris Peterson, who for such a length of time has been an engineer on the run from Rincon to Silver City, is to be changed to the main line, running between Albuquerque and El Paso. Mr. Peterson and his wife have many friends in Silver City who will be very sorry to hear of their intended departure, says the Independent.

A Liberal Offer.
The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to any one wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. All druggists.

INJURIES FATAL.

Santa Fe Switchman Has Both Legs Cut Off Above the Knees.

Charles Lee, a switchman employed by the Santa Fe, died at 5 o'clock Monday morning at the Pueblo, Colo., hospital from injuries which he received at 2:30 o'clock, when he fell under a freight car in the yards at the steel works.

Lee was climbing down from his car for the purpose of making a coupling. The two cars came together while he was descending, throwing him off under the wheels. Both legs were severed above the knees.

He was sent to the Pueblo hospital, where it was seen at once that he could not live.

His wife was notified of the accident and went at once to the hospital. Lee was conscious until death, and gave a clear account of how the accident happened.

Are You Restless at Night?
And harassed by a bad cough? Use Ballard's Horehound Syrup. It will secure you sound sleep and effect a prompt and radical cure. 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

Pennsylvania's Great Project.

Preparations are being pushed by the Pennsylvania railroad for the early beginning of the construction work on the New York tunnel terminal. Real estate has been purchased along the line which will cross the east river by a bridge over Ward's and Randall's islands. Between Long Island City and Woodside much land has been secured. This will be owned jointly by the Pennsylvania and the New York, New Haven & Hartford road through the New York connecting railway, which was organized for the purpose. Freight, as well as passenger, trains will run over this route. While the latter will be run through the New York tunnel terminal system, freight is to be carried over the Long Island road to Bay Ridge, where it will be transferred by lighter across the bay to the new ocean docks to be built at Greenville.

SANTA FE CENTRAL CONTRACTS.

Large Shipments Will Be Made Over Denver & Rio Grande Road.

The Santa Fe New Mexican has been informed and that by a reliable source, that a contract has been entered into by the Santa Fe Central railway with certain steel and iron works at Youngstown, Ohio, for 100 carloads of steel and other necessary track material for the construction of the Santa Fe Central railroad from Santa Fe to Torrance on the El Paso & Rock Island railroad.

These carloads of material under the contract will commence to leave Youngstown on the 6th instant and will be hauled to Santa Fe by the Denver & Rio Grande railway and to Kennedy, a station twenty-two miles south-east of here, on the Santa Fe railway, by that road.

This means that construction work on the Santa Fe Central will begin at Santa Fe, and is news of great and good importance to the town. It is also believed that the large shipments that are to be made by the Santa Fe

THE EDITOR'S BRAIN

Did Not Work Well Under Coffee.

A brain worker's health is often injured by coffee, badly selected food and sedentary habits. The experience of the managing editor of one of the most prosperous newspapers in the Middle West, with Postum Food Coffee illustrates the necessity of proper feeding for the man who depends on his brain for living.

"Up to three years ago," writes this gentleman, "I was a heavy coffee drinker. I knew it was injuring me. It directly affected my stomach and I was threatened with chronic dyspepsia. It was then that my wife persuaded me to try Postum Food Coffee. The good results were so marked that I cannot say too much for it. When first prepared I did not fancy it, but inquiry developed the fact that cook had not boiled it long enough, so next time I had it properly made and was charmed with it. Since that time coffee has had no place on my table save for guests. Both myself and wife are fond of this new cup which 'cheers but does not inebriate' in a much truer and sifter sense than coffee. My stomach has resumed its normal functions and I am now well and strong again mentally and physically."

"I am confident that coffee is a poison to many stomachs, and I have recommended Postum with great success to a number of my friends who were suffering from the use of coffee." Name given by Postum Co., Battle Creek, Mich.

Central over the Denver & Rio Grande railroad will compel the management of the latter road to restore the daily train service on the Antelope-New Mexico division and probably will even compel it to run Sunday trains.

Coughs and colds, down the to the very borderland of consumption, yield to the soothing healing influence of Dr. Wood's Norway Pine Syrup.

AN IMMIGRATION AGENT.

New Mexico Newspaper Man Named for the Position by the Rock Island Railroad.

J. H. Lightfoot, a former New Mexico newspaper man, has been appointed immigration agent for the Chicago, Rock Island & Pacific railway, with headquarters at this place, says the El Paso Herald.

Mr. Lightfoot is the pioneer newspaper man along the Rock Island in New Mexico and was for some time immigration agent for the El Paso-Northeastern system.

The evidence of his ability in the advertising line is the rapid development of the resources along the El Paso-Northeastern.

The first house in Alamogordo was a newspaper office with Mr. Lightfoot as editor of the paper.

His personal knowledge of the resources of New Mexico and Old Mexico as well, peculiarly fit him for the position of immigration agent.

The establishment of such an office in El Paso by the Rock Island is evidence of the fact that this road is not going to relax its efforts in advertising the resources of the great southwest.

MISCELLANEOUS "HAIR TONICS."

Most Hair Preparations Are Merely Scalp Irritants, of No Value.

Most hair preparations are merely scalp irritants, mislabeled hair tonics. When hair is brittle, lusterless and begins to fall out, the dandruff germ is getting in its deadly work at the root, sapping the vitality. Since science discovered that dandruff is a germ disease there has been only one preparation put on the market that will actually destroy the dandruff germ, and that is Newbro's Herpicide. It always itching instantly, destroys the germ; and the falling hair stops and hair grows luxuriantly. Ask your druggist for Herpicide. It always itching instantly; makes the hair grow.

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

Chicago-Toledo Trolley.

A traction line between this city and Toledo, Ohio, is now assured. The successful financing of the Garrett, Auburn & Northern railway and the Chicago & Indiana Air Line has just been announced. The roads are being promoted by interests closely allied with the Toledo & Western road, and with the Indiana railway the three roads will form a connecting link between the two cities. Preparations are now well advanced for beginning work on the Toledo & Western road.

A Weak Stomach

causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach, and wards off and overcomes disease. J. B. Taylor, a prominent merchant of Christman, Texas, says: "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." B. H. Briggs & Co., and S. Vann & Son.

FREIGHT WRECK

Occurred Two Miles Below Deming Sunday Morning.

Sunday morning, at 7:30 o'clock, there occurred on the Santa Fe line, two miles the other side of Deming, one of the largest freight wrecks that has been known on that road for a great length of time, says the Silver City Independent. The freight train consisted of seventy-five cars, laden with coke, coal and rails. Suddenly the engineer heard a fearful crash and discovered that the cars behind him were falling one upon another with most disastrous results. The train was immediately stopped and the cause investigated. It was discovered that one of the drawbars had dropped, causing such an obstruction that the cars behind it were unable to come in contact with it without being completely destroyed. Such was the case with thirteen cars, the remaining ones in front and behind the fallen drawbar remaining whole and unharmed. It was believed that there were six tramps on the train, and after the wreck only three were to be seen, but the bodies were not found and there is no truth in the report that three were killed. The wreck delayed the west bound passenger train only about two hours, the debris being cleared away in that time. The loss for the road will amount to quite a good deal, since all of the thirteen cars were laden to their utmost capacity.

Santa Fe Men Voting on Strike.

The conductors and trainmen on the western lines, among which is the Santa Fe, are voting on a proposition for a general strike unless the railroads accede to their demand for a readjustment of the wage schedule, says a dispatch from Topeka, Kas. So far as can be learned the sentiment appears to be in favor of a strike, although this is in great part conjecture, as the men keep their business pretty closely to themselves.

The roads have all refused to meet the demand for a 20 per cent increase,

Ayer's

Hair Vigor

Your gray hair shows you should use it—unless you like to look old! Have young hair and keep young. Ayer's Hair Vigor always restores color to gray hair and stops falling hair. Sold for 60 years.

J. C. Ayer Co., Lowell, Mass.

although quite a number have offered to compromise on a smaller per cent. But the boards of adjustment, both for the conductors and trainmen take the ground that they have made a conservative request, and they will not budge from 20 per cent. This is an increase of 20 per cent from the schedule agreed on in 1892.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. B. H. Briggs & Co., and S. Vann & Son.

Thos. H. Healy Goes Up a Peg or Two.

This morning general passenger agent J. S. Myers, of the C. R. I. & M. at Dalhart, Texas, and general passenger agent A. N. Brown, of the El Paso & Northeastern system, issued a circular effective January 15, appointing Thomas H. Healy passenger agent of the two systems with headquarters at El Paso.

Mr. Healy has been city passenger agent of the two systems for a number of years, before which time he was traveling auditor of the Mexican Central and has many friends in this section who will be pleased to learn of his promotion. Mr. Healy's territory will extend over northern Mexico, southern New Mexico, and Arizona and western Texas.

A Legacy of the Grip.

Is often a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by all druggists.

COMING EVENTS.

February 4—Degree of Honor ball at Odd Fellows' hall.
Thursday, Feb. 5—Guards' ball at Grant hall.

Friday, Feb. 6—Basket ball game, Minors vs. University.
Saturday afternoon, Feb. 7—Mrs. Berry's social dance at Grant hall.

February 7—The "Telephone Girl" at Colombo hall.

February 17—Santa Fe Pacific Hose company ball at Colombo hall.

February 20—The Orpheus Concert company, at Colombo hall.

February 27—A ball given by the International Association of Machinists, Rio Grande lodge, No. 131, at Colombo hall.

February 25-March 8—Catholic mission at Immaculate Conception church by Rev. Father Barry.

March 2—Schubert Symphony club quartet at Colombo hall.

March 28—"The Kelties," forty musicians, at Colombo hall.

WEAK AND LOW-SPIRITED.

A Correspondent Thus Describes His Experience.

"I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with distressing mental depressions and low spirits. Herbine must be a unique preparation for cases such as mine, for a few doses entirely removed my complaint. I wonder at people going on suffering or spending their money on worthless things, when Herbine is procurable, and so cheap." 50c a bottle at Cosmopolitan Pharmacy—B. Ruppe.

DRESS GOODS PRICES

have undergone some remarkable reductions. It's the reliability and the never-failing substantiability that have made the Lion Store the rendezvous for every woman who demands style and good taste in the selection of their fabrics for street, house and evening dresses

WE'VE JUST GOT THROUGH TAKING INVENTORY

and find to our sorrow that we have on hand an immense amount of Dress Goods, black and colored, which must be counted "over-stock." In order to clear the shelves and make room for Spring Goods we have made unusual price reductions for tomorrow—not in a few instances, but all through the Department.

These quotations represent but a few of the many

Dress Goods Specials

45 pieces of 52-inch All-Wool Etamine, 52-inch All-Wool Cheviot, 50-inch All-Wool Storm Serge, 48-inch All-Wool Scotch Tweed, 40-in. All-Wool Satin Soleil—all worth \$1.25 yd—**tomorrow 69c**

75 pieces of the finest \$1.50 and \$2.00 Dress Goods at 95c per yard.

Just think of buying 50-inch All-Wool Sharkskin, 50-inch All-Wool Whipcord, 48-inch All-Wool Camel's Hair Plaid, 42-inch Silk-Mixed Crepon, 50-inch All-Wool Corkscrew, 54-inch All-Wool Clay Worsted, 48-inch All-Wool Momie Cloth, 50-inch All-Wool Natte, 54-inch All-Wool French Broadcloth, 48-inch Finest French Voile—all worth \$1.50 to \$2.00 per yard—**tomorrow 95c**

New Embroideries and Laces

Our selection today is practically limitless. The values are of that high standard which have in the past made our reputation. The entire selection is reasonably priced at from **3c per yard and up**

THE OLD YEAR with all its happiness and sadness, its rillments and disappointments, its gains and its losses, is gone.

THE NEW YEAR fraught with limitless possibilities, hopes and ambitions, is here.

May your coming year make your possibilities actual facts; may your hopes and ambitions be realized; may wealth and happiness be yours.

NO BETTER WAY

to obtain these blessings can be suggested than by the purchase of one of the **WASHINGTON LIFE INSURANCE COMPANY'S** combination bond policies.

It will secure you a competency in your old age.

It will perpetuate your fortune when you die.

It will be an asset in your business during its term.

It has a specified cash loan value at 5 per cent interest after the second year which will protect your bond from lapse and you from loss.

Many men give from 5 to 30 years of their lives to the service of their country to be retired on a pension. You can buy a 10, 15 or 20-year payment combination bond, never miss the annual deposit required and **CREATE YOUR OWN PENSION.**

DASTARDLY DEED.

Augustin Villa, of Cerro, Rapes an Eight-Year-Old Girl.

VICTIM HIS SISTER-IN-LAW.

Special Correspondence.

Tome, N. M., Feb. 2.—Saturday evening about 2 o'clock, at the Cerro, a little place about one and a half miles from the old sleepy town of Tome, there happened one of the worst cases of rape that ever occurred in New Mexico. At Cerro there lives one Augustin Villa, a young Mexican, who heretofore has borne a good reputation among the quiet, peaceable citizens of the Cerro, who has been married only about one year to a very pretty and respectable girl of one of the best families of the Cerro, a daughter of Camillo Aragon, well and favorably known in Albuquerque.

Augustin Villa is a young man of about 22 years of age, a son of Jose Villa, who died here about two months ago, and who was a quiet and peace-loving man of a large family—a family who has been one of the most quiet and respectable families of the Cerro.

The family of Camillo Aragon, the father-in-law of this Augustin Villa, lives about 500 yards from the house of his son-in-law. On Saturday the wife of Camillo Aragon baked some bread and gave a loaf of it to her little daughter, a child about 8 years old, and told her to take it to her sister, the wife of Augustin Villa, and to hurry back, as she needed her. The little girl left with her bread to go to her sister's house. During the time of the little girl's absence Augustin Villa came to his mother-in-law's house and after talking a while he asked for the little girl. His mother-in-law told him she had sent her with a loaf of bread to his house. After a few more words he got up to leave and his mother-in-law told him if he saw the little girl to tell her to hurry back, as she needed her, and he answered her that he would.

Half way between the two houses there is an old abandoned house. At this house Augustin Villa met his little sister-in-law. He stopped her and told her to come into the room. Once inside he accomplished his heinous deed. He bruised her, scratched her, choked her, and ravished her, and then he told her to go, and if she told he would kill her. Then he left the house and went to the bushes and there left his underclothes which were full of blood, and he also took some of the underclothes of his little sister-in-law, which were in the same condition, and hid them in the bushes, and then he went home. After the little girl reached home she told of the dastardly deed. The news flew like wildfire. In a short time all the inhabitants were gathered together, the men looking for the brute, and the women gathered at the house of the little girl. They found her in a terrible condition. She was black and blue over the body and smeared with blood. At that time she was not expected to live.

During the time, the men had found the brute and turned him over to the constable, who took him to the house of the justice of the peace, and he was given a hearing. He stoutly denied the crime and said the people were placing on his head the deed done by another. He was taken to jail at Los Lunas, where the negro is who committed the same kind of a crime last week at Belen.

Bucklen's Arnica Salve.
The best and most famous compound in the world to cure aches and kill pains. Cures cuts, heals burns, and bruises, subdues inflammation, masters piles. Millions of boxes sold yearly. Works wonders in boils, ulcers, fevers, skin eruptions. It cures or no pay. 25c at all drug stores.

A Big Policy.
John M. Mack, of Philadelphia, has just taken out the third \$1,000,000 life insurance policy ever written in the history of the business. The other two million dollar policies were issued on the lives of George W. Vanderbilt, of New York, and the late F. H. Peavey, of Minneapolis. The only insurance company in the world which has ever issued such a policy is the one that has issued all three of them—The Mutual Life Insurance Company of New York. The annual premium paid on the Peavey policy was \$48,390. The annual premium paid by Mr. Vanderbilt is \$25,000, and the annual premium on Mr. Mack's policy is also \$48,390.

The Mutual Life Insurance Company of New York, upon issuing these million dollar policies at once reinsured themselves to the amount of \$750,000 largely in English companies.—Philadelphia Inquirer, January 18, 1903.

Buy It Now.
Do not wait until you or some of your family are sick right unto death, and then send for Chamberlain's Colic, Cholera and Diarrhoea Remedy, but buy it now and be prepared for an emergency. It is the one remedy that can always be depended upon in the most severe and dangerous cases. For sale by all druggists.

STEFAN UHLI.

Deplorable Demise of One of Silver City's Most Worthy Citizens.

Stefan Uhl is dead. Such news has come as the greatest and most terrible shock to all of Silver City. He had been ill at his home in this city for the past two weeks, but was supposed to be improving until Sunday, when his condition took a turn for the worse. It was known that he was seriously ill,

but how few realized that the end would come so soon!

He died this morning at 2:15. The cause of his death was an aneurism. The physicians had hoped that the cause might be removed without bringing death, but their hopes were in vain.

He was only 33 years of age, being born December 22, 1863. He came to Silver City at an early age and was employed by Dan McMillen in his meat market here. He gave splendid satisfaction and was given more and more important positions. By great effort on his part and much saving, Mr. Uhl soon acquired the means to build the substantial block on the south side of Broadway. This building was erected in 1897, and since that time Mr. Uhl has been exceedingly prosperous.

He leaves a most sorrow stricken wife and child to mourn his death, and the sympathy of all is extended to them.—Silver City Independent.

STEALING A RIDE.

A Young Man Run Over in Local Yards This Afternoon.

A young man giving the name of W. W. Cowles, of Denver, fell between a west bound freight train at the southern end of the yards this afternoon about 1:30 o'clock, and his right arm was run over and terribly mangled to the shoulder.

He was beating his way, when in some manner he fell. His head was lying on the rail when a rod hanging from beneath the train knocked his head off the rail, and left his right arm so that the wheel crushed it. He was stunned by the fall and consequently was not able to drag himself off.

O. W. Strong & Sons' ambulance was called and he was removed to the sanitarium.

Dr. Moore, in the Jackson building, Denver, and his sister, Miss W. H. Cowles, were notified.

It is probable that there may be some internal injuries which might result seriously.

TIMBER LANDS.

An Ohio Company Secures Lands in Valencia and McKinley Counties.

The purchase of 10,000 acres of timber land, adjoining the timber tract of the American Lumber company in Valencia and McKinley counties at \$4.50 an acre, by Sumner B. Day, of Elyria, Ohio, at Santa Fe yesterday is being widely discussed throughout Albuquerque today.

This is considered the most important sale ever made by the territorial land board.

Col. E. W. Dobson, local attorney for the American Lumber company, appeared before the board and bid in opposition to the attorney for Mr. Day and his associates. The sum of \$4.25 was bid by Mr. Dobson, for the land sold, but when \$4.50 was bid by the Ohio company he refused to raise the bid.

The company represented by Mr. Day are in no way connected with the American Lumber company, and their operations will in no way interfere with those of the American Lumber company. The Ohio company will manufacture their timber, and have already appeared before the board and attempted negotiations for a traffic arrangement with the American Lumber company, for the transportation of their logs over the American Lumber company's road to the Santa Fe main line. More important developments along this line are expected soon.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and unequalled as a quick healing liniment for cuts, bruises and burns. For sale by all druggists.

Michigan Editors Meet.
Battle Creek, Mich., Feb. 4.—Prominent editors from all parts of the state members of the Michigan Press association, are rounding up in Battle Creek for what promises to be the best attended meeting in the history of the association. Today was given over largely to receiving the visitors, many of whom are accompanied by their wives and families.

The annual meeting of the Michigan Associated Dailies will also be held here during the next two days. An elaborate program for the entertainment of the visitors will be ushered in this evening with a theater party. The real business of the convention will begin tomorrow afternoon.

Millions Put to Work.

The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at all drug stores.

Advance Sale.

The advance sale of "The Telephone Girl," the great New York Casino success which is to appear at Colombo hall on Saturday night, opened this morning at 9 o'clock. This presentation of the greatest of all New York Casino successes will be presented here in duplicate of the New York production. It should be remembered that this company, which is one of the largest on tour, is composed of New York favorites and one of the handsomest, well drilled feminine choruses before the theatre-going public today.

Aluminum house numbers; three for 25 cents. See C. A. Hudson, Second avenue.

Subscribe for the Citizen.

ABOUT BELEN CUT-OFF.

Rumor of Work Having Been Called Off Denied by Charles Lantry.

WORK WILL PROCEED.

It was rumored around the street last night that work on the Santa Fe cut off in Abo Canyon had been called off. How this rumor got started is not known, but it created considerable speculation with those who still insist that the proposed building of the cut off is only a big bluff by the Santa Fe.

This morning there arrived from Belen and the scene of the building of the new road, Charles Lantry, of B. Lantry Sons, the contractors who have the contract for building the fifty-five miles as yet left, and his secretary, S. D. Lucas. Mr. Lantry was amused when told of the rumor. It was so absurd to him that his only remark in regard to it was that their expenses were still going on down there.

Mr. Lantry left on passenger No. 2 for his headquarters at Strong City, Kan., to be gone a few weeks. Mr. Lucas returned to Belen on a freight train.

LIVELY RUNAWAY.

Brockmeier & Cox's Horses Caused Excitement at Noon Today.

The two one-horse wagons of Brockmeier & Cox became mixed up in the alley in the rear of their place on Gold avenue at noon today, and resulted in a double runaway. One of the wagons was demolished and left behind in the alley. Then both horses, one with a wagon attached, and the other free, made a sensational run up Gold avenue. The free horse stopped running just beyond Second street, but the other was terribly frightened and went up Third avenue from curb to curb, making things look lively until only one wheel was left, which caught on a tree and held the horse fast until some one arrived.

As they came out of the alley on Gold avenue they hit the curb and scattered bicycles right and left. Both wagons were demolished, but the horses escaped without injury.

SILVER CITY.

From the Independent.

The newly elected officers of the Rebekahs are: District deputy, Hattie McCullough; noble grand, Mrs. Frank P. Jones; vice grand, Mrs. T. F. Farnsworth; secretary, Mrs. S. H. McAninch; treasurer, Miss Agnes Green.

At last night's council meeting a resolution was adopted calling upon Delegate Rodey to use his influence to pass the bill now pending before congress, providing free delivery for all cities where the postoffice receipts are over \$5,000 per annum, and in which class Silver City is.

Hugh Lenox Hodge, of the Diamond Bar outfit, who has been absent from this section for the past year or more, returned on Sunday's train and left the same evening for the ranch in Black canyon. Mr. Hodge has been spending his time in California while away.

While returning from Fort Bayard Sunday, H. Gordon, Silver City's well known tailor, was put to a great deal of inconvenience by passing an automobile. The horse which he was driving was a lively animal and was not used to the appearance of steam engines on pneumatic tires, hence he thought it best to get away as soon as possible, which he succeeded in doing, leaving Mr. Gordon and another gentleman with a horseless buggy. The gentlemen started to walk to town, but were met by a lively rig, which started out immediately upon the arrival here of the runaway horse. No serious damage was done.

INDIGESTION

Is the cause of more discomfort than any other ailment. If you eat the things that you want and that are good for you, you are distressed. Acker's Dyspepsia Tablets will make your digestion perfect and prevent dyspepsia and its attendant disagreeable symptoms. You can safely eat anything at any time, if you take one of these tablets afterward. Sold by all druggists under a positive guarantee. 25 cents. Money refunded if you are not satisfied. Send to us for a free sample. V. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

DEMING.

From the Herald.

J. W. Hannigan received a telegram Saturday from K. M. Colbrath, of Lordsburg, inquiring if John Colbrath reported injured in the Organ mountains, was in Deming. John could not be located here.

Rev. M. F. Fifield, district missionary for New Mexico, has decided to make Deming his headquarters. Rev. Fifield will move his family here some time next week.

The membership of the Adelphi club is increasing with leaps and bounds. Among the latest applicants for initiation are: P. A. Burdick, A. A. Tempke, W. H. Stecker and J. J. Johnson.

While gardening in his residence grounds, Sam W. Brown lost his coat. He had worked pretty hard and found the coat uncomfortable. Taking it off he placed it in the croch of an apple tree while he went on with his work. At noon he went in to dinner, leaving the coat in the tree. A chilly tramp came along and appropriated the garment.

Rev. George H. Brewer, general Baptist missionary for Arizona and New Mexico, preached and sang to two large Baptist congregations at Odd Fellows hall last Sunday morning and evening. Rev. Brewer is an eloquent pulpit orator and a fine solo singer. He assured his congregations that Deming would have a Baptist meeting house of its own in the near future.

STORAGE.

At A. J. Crawford's warehouse on North First street, opposite John A. Lee's lumber yards.

LEGAL NOTICE.

Last Will and Testament of Mary Kelley, Deceased.

To Albert Kelly, Bryan Kelly and Michael Kelly, Devises, and M. W. Flournoy, Executor, and to all whom it may concern:

You are hereby notified that the last will and testament of Mary Kelly, late of the county of Bernalillo and territory of New Mexico, deceased, has been produced and read in the probate court of the county of Bernalillo, territory of New Mexico, at a regular term thereof, held on the 2nd day of February, 1903, and the day of the proving of said alleged last will and testament was by order of the judge of said court thereupon fixed for Monday, the 2nd day of March, A. D. 1903, term of said court, at 10 o'clock in the forenoon of said day.

Given under my hand and the seal of said court, this 2nd day of February, A. D. 1903.

J. A. SUMMERS,

Probate Clerk.

IF YOU ARE A STRANGER
In a strange land and need a doctor, do you ring the first doctor's bell you see, or make careful inquiry? If you had to furnish the doctor's instruments for an operation you would see that they were of a good make, strong and sharp. How about drugs, the prescriptions, you long for him to effect a cure with? You can't judge the quality of these, but must depend upon the druggist's reputation. We are not the "only druggists," but think our reputation will bear scrutiny.

Brokaw-Nave Wedding.

St. Joseph, Mo., Feb. 4.—One of the largest and most fashionable weddings ever celebrated in St. Joseph took place today, the contracting parties being Miss Lucille Nave, daughter of the late Samuel M. Nave, a millionaire merchant of this city, and Mr. Irving Brokaw, of New York. The bride is a beautiful and accomplished young woman, who has traveled extensively and spent much time in the east.

Mr. Brokaw is a young lawyer and was graduated from Princeton university in the class of 1893. While there he distinguished himself in athletics and for a time was the holder of the world's championship skating record.

Dyspepsia—bane of human existence. Burdock Blood Bitters cures it, promptly, permanently. Regulates and tones the stomach.

TERRITORIAL
LAWMAKERS

(Continued from page one.)

Mr. Spies questioned the right of the board of county commissioners to take any action of this kind and objected to spreading the resolutions upon the records of the council. He defended the absence of Mr. Andrews, because Mr. Andrews is at Washington working for the good of the territory.

Mr. Fall replied in a caustic manner and said he could see no objection to spreading the resolutions on the journal or referring it to the committee on rules. He said that had he known Mr. Andrews had asked leave of absence to go to Washington to work for statehood he would have resisted granting the leave of absence for the council had no right to delegate one of its members for that purpose. The resolutions were not intended as a slight to Mr. Andrews. Mr. Fall accused Mr. Spies of having forced through a recent republican convention over which he presided, a resolution lauding the gentleman whom he was now defending for his work for statehood.

President Chaves said the right of petition was very dear to the American people and that this resolution was not addressed to the council, but to Mr. Fall; and that every member of the council is supposed to represent the whole territory. The petition was referred to the committee on rules.

Mr. Spies introduced, by request, council bill No. 29, an act requiring insurance companies to file an annual report with the territorial auditor. The bill was referred to committee on insurance.

The council then adjourned until 10 o'clock Wednesday forenoon.

THE HOUSE.

Every member answered to the roll call.

The committee on judiciary reported house bill No. 29, with the recommendation that it pass. Under suspension of the rules the bill was passed unanimously. It appears section 1271 of the Compiled Laws and makes the territorial statute uniform with the United States statute in fixing the penalty for selling liquor to the Indians. The new act makes liquor selling to the Indians a felony in place of a misdemeanor and provides a penalty of a fine not to exceed \$500 and imprisonment not to exceed two years.

Mr. Martin Sanchez presented a petition asking for an increase of house employees.

The following bills were introduced: House bill No. 53, by Mr. Montoya, an act relating to appeals in contested election cases. Referred to the committee on judiciary. The bill provides for appeals of election contests to the territorial supreme court.

House bill No. 54, by Mr. Stockton, an act to establish a miners' hospital at Raton. Referred to committee on public institutions.

House bill No. 55, by Cristobal Sanchez, by request, an act to provide for an assistant secretary of the territory of New Mexico. Referred to committee on territorial affairs.

House bill No. 56, by Mr. Vargas, an act relating to the distribution of waters of ditches by commissioners or superintendents. Referred to committee on irrigation.

House bill No. 57, by Mr. Dalles, an act amending section 1711 of chapter 2 of the Compiled Laws of 1897, relating to the recompense of members of registration boards. Referred to committee on judiciary.

House bill No. 58, by Mr. Howard, an act to provide for a district attorney for the county of Socorro separately and also for a district attorney for the counties of Lincoln, Chaves and Eddy. Referred to committee of judiciary.

The following house resolutions were introduced: House resolution No. 5, to provide for a copy of the supreme court reports for the use of the committee on judiciary during the session of the Thirty-fifth legislative assembly, to be borrowed from the supreme court library. Upon motion of Mr. Baca the resolution was adopted.

House resolution No. 6, providing that two additional assistant clerks be given the chief clerk of the house, in the persons of Leon T. Wilson and R. M. Carley. This opened up the employment question again and parliamentary sparring ensued. A motion of

THE SURE WAY

to prevent pneumonia and consumption is to cure your cold when it first appears. Acker's English Remedy will stop the cough in a night, and drive the cold out of your system. Always a quick and sure cure for asthma, bronchitis and all throat and lung troubles. If it does not satisfy you the druggist will refund your money. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., San B. H. Briggs & Co.

Mr. Bowle to table the resolution passed by a vote of 17 to 7, and a motion to reconsider failed by a vote of 22 to 2.

Mr. Llewellyn then called a republican caucus to consider the McCash vs. Holland election contest.

The house adjourned until 10 o'clock Wednesday morning.

The Easy Pill.

DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. B. H. Briggs & Co., and S. Vann & Son.

BERNARD SELIGMAN.

Business Man of Santa Fe Dead in Philadelphia.

The shocking news of the sudden death of Hon. Bernard Seligman in Philadelphia, head of the old and well known firm of Seligman Bros., in this city, was received here at 9 o'clock this morning, by members of the Seligman family.

The news was entirely unexpected, although the deceased had been a sufferer for some time past with an attack of paralysis and weakness of the heart. All day yesterday he evidently was quite well and in good spirits as a dispatch on business matters was received from him by his son, Hon. Arthur Seligman, on yesterday afternoon.

Deceased was born in the town of Gungesheim, Germany, on the 23rd of November, 1837, and was therefore a little over 65 years of age at the time of his death. He received a first class education in the public and commercial schools of his native land where he also gained considerable business experience while employed in a wholesale establishment there. In 1858 he emigrated to the United States, coming directly to Santa Fe and taking a position in the wholesale and retail establishment of Seligman & Clever, which shortly thereafter was merged into the firm of Seligman Bros., of which he and his older brother, Siegmund Seligman, were members. Upon the death of the latter in 1876 he became senior member of the firm, remaining such until the 15th of January last, when the firm was incorporated under the name of Seligman Bros. company.—Santa Fe New Mexican.

Cured Consumption.

Mrs. B. W. Evans, Clearwater, Kan., writes: My husband lay sick for three months; the doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We cannot do without it. For coughs and colds, it has no equal." 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

Saved Her Child's Life.

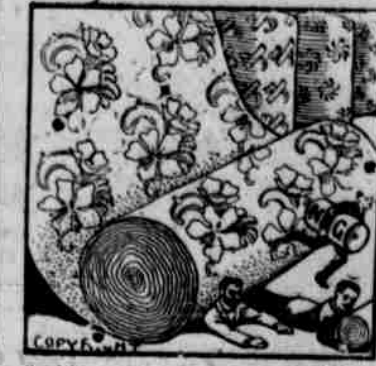

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, Ohio. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption, and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know it's the only sure cure for coughs, colds and all lung diseases. All druggists guarantee satisfaction. 50c, \$1.00. Trial bottles free.

FARMERS INSTITUTES.

To Be Held Under the Auspices of the New Mexico College of Agriculture and Mechanic Arts.

The college offers the following list of speakers who are available in the holding of farmers' institutes throughout the territory, together with a list of subjects presented by such speakers. It is suggested that the people of any locality who desire to arrange for holding a farmer's institute address the president of the college concerning the matter, mentioning the subjects they would like to have discussed. A local committee of arrangements should be appointed and a number of local speakers added to the program. The college will pay all the expenses of the speakers whom it sends out.

Following is a list of speakers and subjects:

President Luther Foster—The education of our sons and daughters; home adornment; what shall the farmer read? the experiment station and the farmer.

Prof. Arthur Goos—Irrigating water; stock foods; composition of soils and soil fertility; alkali; sugar beets.

Prof. Hiram Hadley—Francisco Wilard; the civilization of New Mexico; progress of education in New Mexico; fifty years of educational progress (reminiscent).

Prof. E. O. Woolton—The effects of overstocking the range; native plants of decorative value; the forest trees of our territory.

Prof. Francis E. Bester—Flowers and flower gardens for New Mexico; what pumping for irrigation means for New Mexico.

Prof. John D. Tinsley—Origin of soils; relations of the texture of soils to the methods of irrigation, and the amount of water required for irrigation; alkali, its source, composition, effects, etc., and the method of overcoming it; drainage and flooding for reclaiming alkali lands; soil moisture and its relation to crop growth.

Prof. John J. Vernon—Pumping for irrigation; alfalfa; wheat and other cereals; forage crops and sowing in their relation to the dairy; labor saving machinery; principles of breeding live stock and market demands; the Angora goat.

Prof. R. F. Hare—Atmospheric plant food and how it is assimilated; the relation of chemistry to agriculture; analysis of soils and irrigating waters, and an interpretation of the results; New Mexico's natural resources of plant food.

Prof. Fabian Garcia—Spraying; a discussion of insects and remedies; vegetables, onions, tomatoes and chili; orchard fruits, kinds and varieties and orchard management.

Prof. H. C. McCallen—Dairying; selection and types of the dairy cow; care and handling of milk; butter making; bee keeping.

Headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25c and 50c. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample. J. H. O'Reilly & Co. and B. H. Briggs & Co.

NEW MEXICO POSTOFFICES.

Nearly Four Hundred Doing Business in the Great Territory.

According to the postal guide for the year 1903 just issued, New Mexico has 371 postoffices, there being eight commonwealths having a less number. Of these postoffices 124 are money order offices. San Miguel and Socorro counties lead in the number of postoffices having each 29. The other counties follow in the following order: Rio Arriba, 26; Bernalillo, 26; Grant, 24; Colfax and Valencia, each 22; Lincoln, 21; Santa Fe, 19; Union, 18; Guadalupe, 17; Taos, 16; Mora and San Juan, 15 each; Dona Ana, 14; Sierra, 13; Otero, 11; McKinley and Chaves 10 each; Elddy, 8, and Luna 7.

The following are presidential offices with their salaries, those with salaries of \$2,000 and over being second class offices, and the others third class offices: Albuquerque, \$2,600; Santa Fe, \$2,300; East Las Vegas, \$2,100; Roswell, \$2,000; Silver City and Raton, \$1,800 each; Alamogordo, \$1,700; Las Vegas, \$1,600; Carlsbad, Deming and Gallup, \$1,500 each; Las Cruces, \$1,400; Clayton, \$1,300; Socorro and Springer, \$1,100 each.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixir, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50 cents and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

BASKET BALL.

Another Game to Be Played at Colombo Hall Friday Night.

It is most gratifying and extremely satisfying to the lovers of the sport of basket ball, when both of the crack basket ball teams of the city are manifesting a spirit of determination in the games preliminary to the championship game Friday night at Colombo hall.

The Minors, the team whose victory of two weeks ago has caused a refreshing and comforting feeling among the high school rooters and enthusiasm producers connected and disconnected with that institution, have practiced and practiced until "expertness" does not describe their playing. Back of this practice of skill and dexterity in the game, which has won a popular place in the learning institutions of the country, there exists a spirit of confidence, reliance and assurance that

Nasal Catarrh quickly relieved by Ely's Cream Balm, which is easily absorbed. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. It relieves the 50c, and 25c. Testimonials on hand. Testimonials on hand to convince the treatment.

To secure relief from a nasal catarrh, the use of Ely's Cream Balm is a sure remedy. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. It relieves the 50c, and 25c. Testimonials on hand. Testimonials on hand to convince the treatment.

they will be the champions of the territory.

But then there is another team of equal ability and tact, namely, "The University." These players have the physique and all the requirements of the modern gladiators and their quickness and cleverness in the art of handling the ball in systematic team work has won the admiration of every lover of the sport. They, too, have given much time to practice, which gives assurance that this contest for the championship will be a game of intense interest and excitement.

The Minor lineup will be the same. Anderson, the heavy and strong center, whose sensational plays cause throat trouble among the spectators; Strumquist, the sprightly and swift forward, whose quick eye is always on the basket; Elbers, an active and effectual man, who is game in and out of season; Holeman, who is famous for swiftness and aggressiveness, and Bearup, the little guard, who is always causing trouble for his opponent, and handles the ball with promptness, are all in the pink of condition, and give promise of clever team work, and good individual playing.

The lineup of the University will be changed somewhat. Cannon, the center, is a player whose suppleness and spryness wins the admiration of everyone. Captain Bowie has the build of an athlete, which accounts for his alertness and fleetness in making clever plays. Myers is another heavyweight, whose constitution harmonizes with the game. Tascher, although light in weight, makes up for the deficiency in this line with skill, governed by self-reliance. Irwin is a new man before the public, and his initial appearance will be watched with considerable interest. The University possesses the same confidential spirit of winning as the Minors.

Strong, who has always had a tendency to cause heart failure in the audience by his sensational cannonball throws, will not be in the game. Some have expressed their regret, as Strong was a strong player and he caused plenty of excitement. As each team has won a game, the enthusiasts are careful about expressing themselves, as there is every evidence of a close game.

A Mother's Recommendation. I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have no words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

Nothing will be more appreciated by your wife or girl than one of those beautiful black dress patterns. Prices to suit your purse. —LION STORE.

Sleeping Volcanoes

A thin, vapory smoke, lazily ascending from its crater may be the only visible sign of life in the sleeping volcano, but within is a raging sea of fire, molten rock and sulphurous gases. Those who make their homes in the peaceful valleys below know the danger and, though frequently warned by the rumblings and quakings, these signs of impending eruption go unheeded. They are living in fancied security when the giant awakes with deafening roars and they are lost beneath a downpour of heated rock and scalding ashes. Thousands of blood poison sufferers are living upon a sleeping volcano and are taking desperate chances, for under the Mercury and Potash treatment the external symptoms of the disease disappear, and the deluded victim is happy in the belief of a complete cure, but the fires of contagion have only been smothered in the system, and as soon as these minerals are left off will blaze up again. Occasional sores break out in the mouth, a red rash appears on the body, and these warning symptoms, if not heeded, are soon followed by fearful eruptions, sores, copper colored spots, swollen glands, loss of hair and other sickening symptoms. Mercury and Potash not only fail to cure blood poison, but cause Mercurial Rheumatism, necrosis of the bones, offensive ulcers and inflammation of the Stomach and Bowels.

The use of S. S. S. is never followed by any bad results. It cures without the slightest injury to the system. We offer \$1,000.00 for proof that it contains a mineral of any description. S. S. S. is an antidote for contagious blood poison, and the only radical and permanent cure known. It destroys every atom of the virus and purifies and strengthens the blood and builds up the general health.

We will mail free our special book on Contagious Blood Poison, which gives all the symptoms of the disease with full directions for home treatment. Medical advice is furnished by our physicians without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

NEW MEXICO TOWNS

HILLSBORO.
From the Advocate.

George T. Miller has been on the sick list.
Charley Ross has returned from a visit to his home in Texas.

The dance at Kingston last Saturday night was well attended by Hillsboroites.
Miss M. A. Randol, Kingston's efficient school teacher, was in town last Saturday.

Hon. Judge Walker, who died at Kingston last week, was buried at that place last Friday.

Ten lamps for lighting the streets of Hillsboro have been ordered. It is expected that they will be installed in due time.

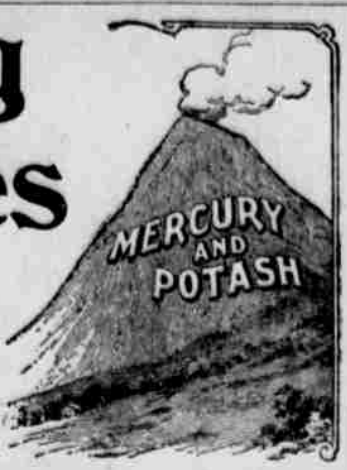

When coming to school the other morning, Mary Sherman was thrown from her horse and dragged for some distance. She escaped with slight injury.

It is reported that the telegraph instruments of the Santa Fe to Lake Valley will be removed and a telephone system will be installed; also that the present agent, G. A. Hallock, who has made many warm friends during his stay at Lake Valley, will soon go away.

S. C. Taylor, of Cincinnati, Ohio, arrived here last week. Mr. Taylor is a stockholder in the Prosper Gold Mining & Milling company and is very much pleased with the excellent showing of the properties. He will probably remain here some time, and is at present stopping at the Prosper mine.

During the dark, silent hours of a few nights ago, some person broke in the back door of Will M. Robins' store room. The would-be robber evidently got frightened away, as nothing was missing next morning. When the intruder departed he left the door open and a cow took possession and made herself at home among the bales of hay. When discovered and driven out she took the door with her, leaving it a total wreck outside the building.

There was a rough house at the Union Bar last Monday night between cowboys and Mexicans. Chairs and billiard cues were freely indulged in, and for a time it was a veritable San Juan hill mix-up. One big Mexican entered the saloon and kicked up a fight. The boys attempted to talk him out of it, but he wouldn't have it that way, and when the thing got started it was a free-for-all affair—no one barred. The big Mexican got considerably done up, and some of his friends got a few jolts. The only man of official capacity that appeared on the scene was Deputy Sheriff Julian Chavez, who, it is alleged, attempted to go into the saloon (after the riot was over) with a gun in his hand, but was met at the door by a man with a gun full cocked, primed and panted, and it looked to Chavez to be as large as Uncle Sam's new twenty-one-mile cannon, and he wilted—so report has it. After the

Bowling Green, Ky.,
March 24, 1902.
Gentlemen: For over four years I suffered greatly from a severe case of contagious blood poison. I went to Hot Springs, staying there four months at a big expense. I then consulted physicians, who prescribed Mercury. Nothing did me any good, in fact, the treatment proved more harmful than beneficial. I mentioned my case to a friend, who told me that S. S. S. had certainly cured him. I at once commenced its use, and in six months could find no trace of the disease whatever. This was about two years ago. I continued S. S. S. for some time to make sure of a permanent cure, and I can truthfully say I am entirely well.

D. M. SANDERS.
We offer \$1,000.00 for proof that it contains a mineral of any description. S. S. S. is an antidote for contagious blood poison, and the only radical and permanent cure known. It destroys every atom of the virus and purifies and strengthens the blood and builds up the general health.

After the

very successful operation for cancer on the lady. Before leaving, Mr. Read presented the doctor with a beautifully engraved gold headed cane in token of the esteem in which he held the doctor's ability. The gift is highly appreciated and will be treasured by the recipient.

Dan Rhodes and wife drove out to Trout Springs, on Sunday and took dinner with J. K. Leonard, it being the occasion of his 50th birthday. Others were invited but they did not care to brave the snow storm that raged in the mountains.

A letter to Dr. Mills from Edward Jenks, editor of the Army and Navy Register, says that it is not likely that the military post matter in which this city is interested, will be taken up at this session of congress.

"The Telephone Girl."
"The Telephone Girl," a New York Casino gem, set to the danciest music, the score by Gustav Kerker, that acknowledged wizard of the baton, the book by Hugh Morton, who, in collaboration with Mr. Kerker, has written many of the best musical comedies produced in the past few years, notably "The Belle of New York," "The Lady Slavey," "In Gay New York," and "The Casino Girl," will be seen at the Colombo hall on Saturday night.

"The Telephone Girl" is exceptionally well written in that it is adapted to all tastes and pleases all manner and kind of theater goers. It is one of the most jolly, most irresistibly funny and furiously comical entertainments now touring the country. This accounts in a great measure for its continued popularity. This season's company are made up of talent who are especially adapted to the parts assigned them, and who are noted for their ability as clever entertainers. Among the principals are Joe Kane, an excellent and original comedian, who is playing the leading character; Pearl Revare, James S. Devlin, Edith Walmsley, Al. Holt, Mamie Keogh, Geo. Ebner, Ruby Marion, Jethro Warner, Ruth Jordan, Maud Courtney, Lillie Bernard and a host of bewitching chorus girls.

Is it a burn? Use Dr. Thomas' Electric Oil. Is it a cut? Use Dr. Thomas' Electric Oil. At your druggists.

Lemons for the Toilet.
On every washstand a lemon or two should be kept. Nothing is better for the toilet than the juice of this fruit. It is refreshing to the taste and it is cleansing to the skin. A few drops squeezed into the water with which the teeth are cleansed not only will aid in keeping the tartar away from them, but it will also make the breath sweet and pure.

Lemon juice rubbed on the face aids in keeping the skin soft and fresh. If persistently used it will remove freck, and when applied to the hands it will whiten them. An excellent thing for the nails is to cut a lemon in half and dig the fingers vigorously into the pulp. This is a far better way of removing stains than by too hard scrubbing with a brush, which injures the nails.

Only one remedy in the world that will at once stop itches of the skin in any part of the body. Doan's Ointment. At any drug store, 50 cents.

SHEEPMEN KILLED.

Arizona Flock Owners Assassinated by Unknown Parties.
A special dispatch to the Denver News, from Phoenix, Arizona, dated February 2, says:

Charles E. Goddard, a well known sheep owner, and his teamster, Frank Cox, were killed in the most cold blooded manner in a cabin at Goddard station, fifty miles north of Phoenix, last night by two unknown Mexicans, according to information received at the sheriff's office tonight.

The men were seated at the dinner table, without a suspicion of the plot that involved their lives, when the Mexicans, under cover of darkness, crept close to the windows and opened fire. Their bodies were literally riddled with bullets.

The crime was prompted probably by a desire to even up fancied grievances.
It is reported that Goddard, who lives in Phoenix, and had started for his camp on Friday, was accompanied by his wife, who may have been present at the killing, but the rumor lacks confirmation.

Phoenix and Prescott were notified of the crime at about the same time. Joe Roberts, the sheriff of Prescott, is in Phoenix, tonight, planning with "Billy" Cook, the sheriff of this place, for the capture of the desperadoes. Both towns will furnish posses, and many citizens are so incensed over the unprovoked killing of the popular sheepman that the regular posses will be heavily reinforced, and the Bradshaw mountains will be scoured from spur to spur in the chase.

If the murderers reach their probable rendezvous in the Wild Weaver district, which swarms with bandits, further bloodshed is almost inevitable.

Cancer Cured.
Mr. W. W. Prickett, Smithfield, Ill., writes, Sept. 10th, 1901: "I had been suffering several years with a cancer on my face, which gave me great annoyance and unbearable itching. I was using Ballard's Snow Liniment for a sore leg, and through an accident, I rubbed some of the liniment on the cancer, and as it gave me almost instant relief, I decided to continue to use the liniment on the cancer. In a short time the cancer came out, my face healed up and there is not the slightest scar left. I have implicit faith in the merits of this preparation, and it cannot be too highly recommended." 25c 50c and \$1.00. For sale by Cosmopolitan Pharmacy—B. Ruppe.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.
If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders.
I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy I seldom need it, as it has cured me. Mrs. J. W. Coolbaugh, Milo Center, N. Y.

Kodol Digests What You Eat.

SUGAR FACTORY DESTROYED.

Fire at Carlsbad Destroys the Building and Machinery.

The best sugar factory at Carlsbad, owned by Milwaukee, Wis., capitalists, burned yesterday morning.

Buildings and machinery are a total loss. There was no insurance, and losses are estimated to be over \$200,000.

The origin of the fire is unknown, but it is believed to have been caused by the carelessness or criminality of tramps who probably slept last night in the building.

DeWitt's Witch Hazel Salve.

The only positive cure for blind, bleeding, itching and protruding piles, cuts, burns, bruises, eczema and all abrasions of the skin. DeWitt's is the only Witch Hazel Salve that is made from the pure, unadulterated witch hazel—all others are counterfeits. DeWitt's Witch Hazel Salve is made to cure—counterfeits are made to sell. B. H. Briggs & Co., and S. Vann & Son.

For Over Sixty Years.

An old and well tried remedy.
Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

DEMING.
A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming.
Deming has just been incorporated.
Deming, the coming city of New Mexico.

Deming has a magnificent school system.
Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico.
Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.
Deming! Don't overlook it if you are looking for a safe and paying investment.

Deming water is chemically pure—equal to Polian springs.
Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.
Investments in Deming lots will double and triple in one year.

Deming has now a large ice plant and electric light system under contract.
In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.
Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.
At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.
Deming is a great health resort—has no superior climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.
Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.
Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.
Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and catmen all know this.

LOCAL PARAGRAPHS.

The temperature dropped down to within eight of zero this morning.

Charles Chadwick returned last night from Magdalena, where he completed a deal by which he disposed of 10,000 lambs.

Miss Julia Bronson, the popular daughter of Dr. Bronson, was the charming host to the Smart Set High Five club last night.

Tonight the regular monthly meeting of the Spanish-American War Veterans will be held in Carpenters' hall on West Gold avenue.

T. J. Curran, of the firm of Curran, & Stubbs, the mining brokers, has returned from a few days trip at different places in Arizona.

The monthly social of the Woman's Circle of the Baptist church will be held tomorrow afternoon at 2:30 with Mrs. C. D. Goff, 628 South Arno street.

John Lee Clarke, of the Hyde Exploring Expedition, who has been in charge of the company's branch store at Chicago, will return to Albuquerque in a day or two.

The body of Engineer Wilkie, who was killed in the Southern Pacific wreck near Tucson, Ariz., a few days ago, was shipped through the city this morning en route to Denver, Colo., for interment.

Misses Essie and Lena Price, popular young ladies of Socorro, are expected in this city tomorrow morning. They will spend some time visiting their sister, Mrs. L. B. Stern, and other relatives here.

Dr. and Mrs. B. H. Briggs entertained a few friends at cards at their home on the Highlands last night. High five was the game of the evening, after which refreshments were served at the tables.

V. P. Edie, of the firm of Bearup, Wilkinson & Edie, is expected home either tonight or tomorrow morning from a trip to Phoenix, Ariz., where he transacted business for the Albuquerque Wool Scouring mills.

C. T. Harrison and sister, Miss Grace, of Chicago, passed through the city this morning en route home from California resorts. Mr. Harrison is route agent for the Wells-Fargo Express company at Chicago.

Three drunken boiler-makers were on the bench at police court this morning. They were charged with being drunk and disturbing the peace, but all pleaded not guilty. They were given a hearing, and also handed ten days each.

At a meeting of the school board Monday night, the superintendent was given permission to use the tuition fees from the central school for the purchase of two microscopes to be used by the botany class. This class has just commenced the study and the use of the microscope will be beneficial to them.

Mrs. K. B. McGaffey, mother of A. B. McGaffey, of the Hyde company, and Mrs. John W. Poe, of Roswell, who have been the guests of Mrs. A. B. McGaffey for several days, left last night for the Grand Canyon. From the canyon the ladies will make a tour through California and return by the way of Salt Lake.

Dr. C. R. Keyes, president of the New Mexico school of mines at Socorro, came up from the Gem City this morning and is spending the day visiting at the university. Dr. Keyes says that the School of Mines has a larger attendance this year than ever before and that the students are making very gratifying progress in their studies.

Much interest is already manifested in the appearance here on Saturday night at the Colombo hall of "The Telephone Girl," that very popular New York Casino musical comedy. Features of the performance are a well written story, interspersed with catchy, jingling melodies, clever comedy, pretty girls, a wealth of gorgeous scenery and electrical effects. A big production in every way.

C. T. Brown, the Socorro county mining man, was in the city this morning between trains, while en route north on important business. He will visit Denver before returning to his home at Socorro. Mr. Brown is now associated with Capt. A. B. Fitch, of Magdalena, in the operation of the Graphic smelter and the Graphic group of mines located in the Magdalena mountains. It is the expectation of Messrs. Fitch and Brown to have the Graphic smelter running within the next few weeks.

A short time ago The Citizen mentioned the fact, along with other names, that C. O. Young, chief of the Santa Fe Pacific hose company, would likely make an effort to secure the chiefship of the Albuquerque paid fire department. The Citizen understands that the gentleman, and his many friends, not only in South Albuquerque but elsewhere in the city, are in earnest about the matter, and his name will be pressed for the chiefship. He has had considerable experience as a fire fighter, and would prove a valuable man.

J. E. Saint, with the Santa Fe Central and Albuquerque Eastern railroads, went to Kennedy this morning after spending a couple of days in the city visiting with his family. Mr. Saint goes to Kennedy to meet Hon. W. S. Hopewell, general manager of the two roads. Mr. Saint said this morning that work on the Santa Fe Central was progressing rapidly. At the present rate of construction the road would be completed and trains running over

it by July. Mr. Saint had nothing to say in regard to the Albuquerque Eastern terminals.

George Arhot, manager of the local house of Gross, Kelly & Co., returned last night from a trip to Belen, where he is overseeing the building of a warehouse for his firm. He says that work on the new building is going on nicely.

P. Morrow has resigned as the southwestern traveling salesman for the Simmons Hardware company, of St. Louis, with headquarters in this city, and in the future will devote his time and spare funds to the development of some good mining properties down in Arizona. His position will be filled by John C. Flournoy, formerly of this city but the past couple of years residing at Phoenix, Arizona, where he represented the Union Hardware and Metal company of Los Angeles.

W. V. Worvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.

The second session of St. Vincent academy opens February 3. For course of study, terms of tuition, music, etc., apply to Sisters of Charity.

ASKING SIGNATURES.

The Subjoined Petition is Being Handled Around for Names.

To the Honorable Mayor and City Council:

Whereas, The merits of municipal ownership is now well established, and in a few years, where no entangling contracts exist, private ownership of public utilities will be a thing of the past in most American cities, Chicago being the most recent example of this trend toward municipal ownership, as she is about to take over her entire system of street car lines; and

Whereas, No city in the United States offers a better opportunity for the commencement of municipal ownership than Albuquerque does at present by the building, equipping, and operating a street car system;

Therefore, we, the undersigned taxpayers of the city of Albuquerque, respectfully request your honorable body to take immediate action in such a way as you deem necessary to build, equip, and operate a comprehensive system of electric street car lines for this city.

The petition was shown at The Citizen office this morning, and the names of over a hundred taxpayers had already been signed. It is said by the gentleman, who has the petition in charge, that the names represent 95 per cent of the taxpayers of this city.

Minors vs. University. Basket ball game at Colombo hall Friday night. Dance after game.

THE FIRE CHIEF.

A Few Facts Put on the Question by a Taxpayer.

Editors Citizen.

The important question of fire chief is receiving an unusual amount of attention, and animated and lively discussions are to be heard on every side. The carnival of fires in the city in the past months has been an incentive for the people to give the subject some consideration.

When life and property are at stake it is a cause worthy of every citizen's serious thought. The ideas being expressed as to the proper and most economical manner of improving the present fire system are various and many worthy of reflection.

It is acknowledge by every one that the present fire department has been outgrown by the city. Building after building has gone up and the resident portion has extended to such a degree, that a fire is many localities would result disastrously. A better lot of firemen would be hard to find, but when it comes to three men taking care of some of the fires that have recently taken place, it is impossible for them to conform to the ideas some of the people have concerning fire fighting.

But they have been most fortunate at many of the fires in securing a number of volunteers. With one man handling the horses, another stringing the hose and the third making the coupling, it requires fast work to keep one stream on the fire. Two streams would be impossible, and to do justice to a fire, at least two streams are necessary. What is needed is more men to work, and better equipment.

A fire chief is an essential factor in a large city where there forty or fifty firemen under his supervision, but the idea of having a fire chief directing and overseeing three men is absurd. With a couple more firemen to get out and work at the fire more effective work can be done. It will be only a short time before Albuquerque will require a larger wagon, better equipment, and beyond doubt, another station in the southern part of the city.

When the woolen mills, lumber mills, new railroad yards and shops, are all in operation, it will be absolutely necessary for the city to put in a better fire system and on a much larger scale, for even now the city has outgrown the present system. Then it will be necessary to have the fire system under the supervision of a fire chief.

If the money, which will be handed over to a fire chief, was taken and placed in the hands of two competent, experienced firemen, (and there are plenty of them in the city) who would be stationed at the fire house, the city fires would be handled with better results. Of course, there are many opinions as to what are the proper steps to be taken in this matter, but when it comes to a good common sense management, such as outlined above, will be more effectual in the long run.

The Walton Home.

One of the most conveniently arranged homes in the city is that of Mr. and Mrs. W. V. Walton, which has recently been remodelled throughout, with the addition of a second story. There are prettier homes as to outside finish, but when once on the inside of the Walton home it will be observed that everything has been carved out for comfort's sake and that the rooms, hallways and toilet departments are so arranged that they show the hand of an artist in their architectural make-up. The remodeling and the additions were executed by John Hart, the contractor and builder, while the architect was J. L. LaDriere, who received many of his pointers in the arrangements from Mrs. Walton.

Building Toward Lake Erie.

Oberlin, Ohio, Feb. 4.—The people of this section of Ohio are deeply interested in the plans of the Ashland & Wooster railroad, which is headed toward Lake Erie. The route of the road is from Wooster, through Ashland, Wellington and Oberlin, to North Amherst, striking the lake a short distance west of Lorain, where new docks are to be erected for the railroad. The road will be equipped with both steam and electric power.
