VOLUME 16

ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, JANUARY 30, 1913

NUMBER 367

## NEWS FROM WASHINGTON

### Quay's Committee is Favorable to Statehood.

#### THE CABINET CONSIDERING MATTERS

#### Great Britain, Germany and Italy Slow in Accepting Bowen's Proposition.

Washington, Jan. 30.—The committee on organization of executive departments, of which Senator Quay is chairman, has ordered a favorable report on the statehood bill offered by the senator as an amendment to the appropriation bills. The committee was not formally called together, but Mr. Quay saw the members on the floor of the senate and secured their consent to the favorable report of the bill as a rider to the supply members. All of the committee, who are in the city, gave their assent, except Senator Beveridge, who, as the leader of the opposition to the bill, of course, objected.

Senator Wetmore, who is a member of the committee, is opposed to the bill, but he is absent from the city and could not be consulted.

#### The National House.

Washington, Jan. 30.—In the absence of Speaker Henderson, Mr. Dabzell, of Pennsylvania, presided in the house today.

On motion of Mr. Gillett, of Massachusetts, the report on the memorial of the National Red Cross society sent to congress yesterday was ordered printed as an executive document.

Under the order made yesterday, the house then proceeded to the consideration of private claims bills.

#### CABINET MEETING.

Several Very Important Questions Considered.

Washington, Jan. 30.—The question of most serious importance before the cabinet today related to Venezuela.

Action taken by congress for strengthening coast defense fortifications and improvement of naval and military establishments was generally referred to and cordially approved.

It is made clear that the United States is not expecting nor looking for trouble, but the administration is determined to be prepared for any situation that may arise.

#### THEY ARE SLOW.

Big Powers Delay Answer to Bowen's Venezuela Proposition.

Washington, Jan. 30.—No answer has yet come from the allied powers to Mr. Bowen's last proposition. The British ambassador sent a long cablegram to Lord Lansdowne yesterday afternoon stating what might be expected in case Great Britain and her two allies insisted on the preferential treatment for the blockade powers. The text of the cablegram cannot be published, but it informed the foreign office that Minister Bowen, in the event of a refusal of his proposition would call upon the representatives of the other claimant powers in Washington and state to them that Venezuela was being forced by the triple alliance to yield to the plan which would affect seriously the interests of France, Belgium, Norway and Sweden, Spain, Denmark, Holland and the United States. When this step is taken it is expected that France will make representations at once to London, Berlin and Rome, protesting against any interference with the previous arrangement she made with Venezuela for the settlement of claims. France may be joined in this protest by the other claimant nations.

#### THE MINORS ENTERTAIN.

Their Dance Last Night a Most Enjoyable Affair.

With enlivening and exhilarating music rendered by an orchestra, whose equal is seldom heard in any of the city dances, the Minors' basket ball team entertained in the most enjoyable manner a large number of their friends in honor of the University basket ball team at Grant hall last night. A program of dances familiar to the crowd of young folks was an exquisite pleasure when accompanied by the sweet strains of music furnished by the Berry-Devine full orchestra. The merry and joyful crowd enjoyed the hospitality of the Minors until the cheerful evening was nearing the first hour of the day. That the teams are devoted to true sport is proven by en-

tertaining in a pleasant social atmosphere, then meeting with a most friendly feeling in a contest where a championship is at stake.

On next Friday evening the two teams, who have won the admiration of the lovers of the sport, will play a game at Colombo hall, which will determine the championship of the territory.

The basket ball season will last for several months yet and with the predominating spirit, it looks well for a decidedly increased interest in the next few months.

The University basket ball team and the many friends who were guests of the Minors last evening, are profuse in their thanks for the evening of pleasure and enjoyment tendered them.

#### MCKINLEY DAY.

It Was Appropriately Observed Here Yesterday.

Mckinley day was celebrated in Albuquerque yesterday in a most appropriate manner.

The city schools observed the day by holding exercises appropriate to the occasion.

The members of G. K. Warren post No. 5, and the ladies of the local Woman's Relief Corps met at the residence of Mr. and Mrs. A. Harsch in the evening in honor of the martyred president.

A fine program of speakers, music and refreshments had been arranged.

The speakers were Gov. E. S. Stover, Department Commander J. W. Edwards, Doctor J. S. Warner, Capt. H. A. E. Pickard and the Rev. Thomas Harwood. The latter gentleman returned thanks for supper. The attendance was large, the refreshments was a lap supper and many were the good things provided and served.

#### Colored Woman Dead.

Mrs. Julia de Fuentes, a colored lady of the city held in the highest respect by her many friends, died at the residence of her daughter, Mrs. E. T. Ellsworth, 809 Third avenue, at 10 o'clock this morning, after an illness of nine months. Deceased has been a resident of this city since 1888, and had reached the age of 52 years. She is the mother of three children, who still survive her. A daughter, Mrs. Ellsworth, and son, Edgar, of this city, and a son, Rodney, of Denver. Funeral services will be held at the African Methodist Episcopal church tomorrow afternoon at 2:30 o'clock.

#### Found Not Guilty.

Aspen, Colo., Jan. 30.—Owen Thom, a merchant charged with the murder of James Counts, who was found dead in the rear of Thom's store, was today found not guilty by the jury. Counts was killed by a blow on the head. He was at one time a wealthy mining man.

#### Marriage at La Junta.

Harry H. Bourne and Miss Bertha M. Baldrige were united in marriage on Wednesday at noon at the bride's parents' residence at La Junta, Colo.

The bride is the daughter of Mr. and Mrs. J. H. Baldrige, of that city, and a niece of J. C. Baldrige, proprietor of the Baldrige lumber yards, of this city.

The groom is a druggist, now employed at one of the leading drug stores of La Junta.

Dr. Kimball, pastor of the Methodist church at La Junta, performed the ceremony.

The newly married couple have gone to Denver to spend their honeymoon. The bride has visited in Albuquerque and has friends here who will be glad to hear the news.

#### SCHOOL BOARD.

A Professor Elected for the Central School.

The school board met at the Central school last evening in an adjourned meeting of the special meeting held on Saturday night and called on matters in connection with accepting the resignations of Professors Lenker and Nicholson and employing teachers to

fill such vacancies in the faculty. At the meeting last night the board employed Professor Connolly, recently of Antigonish, N. S., to fill the principalship at the high school building, formerly occupied by Professor Lenker.

The matter of employing a teacher to fill the vacancy of the Second ward school, caused by the resignation of Professor Nicholson, was deferred until the regular meeting, which will be held on next Monday night.

A number of applications have been made for the position.

**Wool Market.**  
St. Louis, Jan. 30.—Wool—Steady; territory and western medium, 17¢; 18¢; fine, 13¢; coarse, 13¢ to 17¢.

**Money Market.**  
New York, Jan. 30.—Money on call, easier 3/4; prime mercantile paper, 5¢ to 5 1/2; silver, 47 1/2.

#### Colorado Legislature.

Denver, Jan. 30.—Both houses of legislature adjourned today until Monday.

#### POLICE COURT.

Tramps and Drunks Entertained by Judge Crawford.

#### THE USUAL FINES.

A convention of hobos and drunks was held at the police station this morning, at which nine of the roving order answered the role call. After each member's name had been recorded in the police records, the judge proceeded to assign them to special work. Several worthy members were released on the strength of the strong life's history presented.

R. V. Taylor, a well dressed sport, presented the court with a \$10 bill, that the disastrous attempt to break up a Chinese restaurant might be branded upon his mind.

J. W. Linnick pleaded guilty to the charge of vagrancy without attempting to tell the judge any hard luck story. He received five days visit at the city building for his frankness.

Dodge City was represented by three young fellows whose appearance did not speak well for their home order. They all claimed that they were almost, but not quite, ready to go work when they were ordered to appear before the grand regulator of the hobo order. Lenard Hawkins, a lad claiming to be only 14 years old, would make the court believe that his father is a well to do physician at Dodge City, while he is versed in the art of dish washing around cheap restaurants.

The judge piled all sorts of questions regarding this peculiar state of family relations, which only resulted in the story becoming more complicated. The boys were released with strict orders to get to work or hit the pike.

Fred Burnett, a retired miner, with a sensational life's history, was detained five days because his story did not take well. According to his imagination he has a mother and sister in England, whom he has been supporting and educating, while he has been playing the role of the wandering Willy.

J. M. Armstrong, a fallen counter jumper, whose appearance shows he is not on friendly terms with work, will lend his efforts toward improving the streets for five days.

Fred Jones, an English coal miner, who has a wife and two children in the old country, told a story of an unfortunate existence abroad, while at the same time he was supporting his family abroad. His story warranted consideration from the judge, as his appearance was presentable, and he was given the pass word to get out of the city.

Depot Officer Barton rounded up six of the delegates at this morning's session of court. Although this session of activity at the station did not fatten the police funds, it is the duty of the officers to herd them in, when they are found loitering around. Some of the men will work but are handling hard lines. The judge is very just in his dealing with this peculiar class of humanity and those who give any evidence of having worked are turned loose, for there is no use making them an expense to the city. Officer Barton says he is having a harvest of trouble with the traveling kentry now, who without exception claim they are bound for Helen, but that it is his duty to run them in when found loitering about the yards.

"When they blow in," said the officer this morning, "all black and dirty from the smoke, and dirt they accumulate in riding, they look like desperate characters, but when they get up to the police station and wash up it makes all the difference in the world."

The hobo order is as interesting as it is amusing.

## GOVERNOR LONG

He is Dangerously Sick at Boston Hospital.

#### A BIG FIRE AT NIAGRA FALLS

The Santa Fe-Rock Island Alliance Officially Confirmed.

#### CONSTABULARY DEFEAT THE LADRONES

Boston, Jan. 30.—The following was issued on the condition of Governor Long at 5:30 this morning:

Governor Long has had three hours sleep during the night, besides naps. Kidneys are a little more active and he is certainly holding his own.

Although Mr. Long came to the hospital two weeks ago with catarrh of the bladder, it was not until Tuesday that his condition became so unfavorable. At that time symptoms of grippe set in. On Wednesday the patient became mildly delirious and a new complication, in the shape of the kidneys failing to perform their functions, set in. Since then the physicians have been fearful of uraemic poisoning.

#### DAMAGING FIRE.

Will Cripple Many Big Enterprises at Niagara Falls and Buffalo.

Niagara Falls, N. Y., Jan. 30.—Fire in the power house of the Niagara Falls Power and Conduit company last night destroyed thousands of dollars worth of valuable machinery and doubtless will mean a great loss to most of the big factories here, some of which must remain idle for weeks. Officers of the company were not prepared to give an estimate of the damage, but they admitted that the situation is serious and would badly cripple many plants, not only in this city but in Buffalo, Lockport and Tonawanda. The fire is said to have been caused by lightning, which prevailed throughout this district during the night.

#### THE ALLIANCE CONFIRMED.

Santa Fe-Rock Island Combine—No Opposition Lines to Be Built.

Topeka, Kas., Jan. 30.—General Manager Mudge, of the Santa Fe, today said of the Rock Island-Santa Fe alliance:

"The Santa Fe will build from Dodge City to Liberal, Kansas, connecting the Santa Fe main line with the Rock Island at once. From Liberal to some point in New Mexico, where the new Santa Fe cut off crosses the Rock Island, a distance of 350 miles, the Santa Fe will use the Rock Island tracks. From this point the Rock Island will use the Santa Fe tracks to the Pacific coast."

"This will probably blot out the plans of both roads for rebuilding heretofore proposed New Mexico opposition lines."

#### LADRONES DEFEATED

The Constabulary Defeat Rebels Over in the Philippines.

Manila, Jan. 30.—Eight Ladrones and one constable were killed in an encounter at Ormoc, West Leyte province, on Tuesday.

The fight was a hard one but the constabulary finally won by a daring charge.

One hundred and fifty Ladrones surrendered at Ormoc the following day. The district has been orderly and it is believed this surrender will lead to pacification.

The bodies of the three American volunteers, including Mr. Osborne, a teacher, who were killed at Bolinae, recently, in a fight with Ladrones, have been recovered.

#### A Village Burning.

Milwaukee, Wis., Jan. 30.—An Evening Wisconsin special from Portage, Wis., says: The village of Rio, Columbus county, is burning. Rio has a population of 500 and contains but few business houses.

#### Accident in Local Yards.

Traffic was stopped in the northern part of the Santa Fe yards for several hours this afternoon, by a car in a heavy fruit train jumping the track just as the train was leaving the yard, bound for the north. The last part of extra 34 was passing the switch at Tijeras road when the fifth car from the caboose left the track. It ran about a hundred yards on the ties and then toppled over in a half upright position,

being held by the coupling of the other cars. The train was made up of about fifty cars all loaded with fruit. The car that went over was filled with oranges, but there will be little or no damage to the contents. It is thought that a spread rail caused the car to leave the track at the switch.

**County Builders at Santa Fe.**  
A delegation has arrived in Santa Fe to push the formation of a new county out of eastern Valencia and Bernalillo and southern Santa Fe counties. The new county is to be named after Peder and Peak, one of the land marks in the proposed new county. Among the promoters of the scheme are William McIntosh and Angus McGillivray, well known sheep growers with headquarters at Chubb. It is understood that the county seat is to be fixed near Willard on the Santa Fe Central railway. A strip six miles from the north to the south is to be taken from the south end of Santa Fe county; the remainder is to come from eastern Valencia and eastern Bernalillo counties.—New Mexican.

#### MILLS AND BUILDINGS.

Immense Structures for American Lumber Company.

#### ENGINEER DAVIS AT WORK.

Chief Engineer Davis, of the American Lumber company, is busily engaged in drawing up the plans for the location of the mills and buildings on the company's grounds northwest of the city. To a citizen representative, the plans, as far as completed, were given for publication.

At the extreme northwest corner of the site the log pond will be located. This pond has a capacity for about 3,000,000 feet of logs, board measure.

Next to this will be saw mill No. 1, a double band mill, the main building measuring 70x220 feet. The large engines and boiler, to be used for furnishing power for the plant, will be located east of saw mill No. 1. Near to the power house the large machine shops will be located. A refuse burner, for consuming all the waste material that will accumulate around the mills will be built south of these buildings. By this means the premises will be kept in a clean and neat condition.

Saw mill No. 2 will be located directly west of mill No. 1. This mill will be the same size and will be exactly the same design as mill No. 1, and another power house will be built to furnish power for mill No. 2.

Tracks will be run to both mills in order that the timber in a manufactured state can be loaded for shipment right from the mills.

The next building will be a large pump house, containing the water system, which the company will use to furnish water for the log pond when the water in the Rio Grande is low.

Near the pump house a water tower eighty-five feet high, having a capacity of 35,000 gallons will be erected.

Then in order, trending toward the south will be built the dry kilns, dry lumber sheds, planing mills, a large box factory, storage house for boxes crated ready for shipment. The dimensions for these last named buildings have not been decided upon as yet.

A main line spur will be run from the Santa Fe main line direct to the log pond, spurs will be run from this main spur to all the different buildings.

Track No. 1 will run to the planing mill. Track No. 2 will run to saw mill No. 1. Track No. 3 to the box factory. Track No. 4 to the storage house. Track No. 5 to the yard containing the stock as it comes from the mills, and to mill No. 2. Track No. 6 to the yard in which will be stored the lumber in the rough state. South of all the other buildings, the storage grounds, which will have a capacity of from 15,000,000 to 20,000,000 feet of lumber. The grounds of the company will be entered about a half mile north of the city limits at the end of Twelfth avenue.

Engineer Davis stated today that they were waiting for the arrival of the Santa Fe engineers, who will immediately begin work on the main line spur. As soon as this is finished stone, lumber and building material will be shipped in, and work will begin on the construction of the buildings. It will possibly be three weeks and perhaps less time before everything will be in readiness to begin work.

The great expense which will be necessary in erecting all these buildings assures the permanency of the American Lumber company's plant.

#### Chicago Grain.

Chicago, Jan. 30.—The following are the quotations at the close of market today:

Wheat—May, 77 1/4; July, 74 1/4. Corn—Jan., 46; May, 44 1/2. Oats—Jan., 33 1/2; May, 36 1/2. Pork—Jan., 118.75; May, 116.55.

## TERRITORIAL LAWMAKERS

### Eighth Day's Proceedings Legislative Assembly.

#### DISMISSED EMPLOYEES WILL BE PAID

#### Governor Denies the Charge That He and the People Are Against Statehood.

#### THE COUNCIL.

The council was called to order promptly at 10 o'clock a. m., by President Chaves.

After prayer, roll call and reading of the minutes, the following bills were introduced:

Council bill No. 11, by Mr. Albright, an act providing for a geologic and natural history survey of New Mexico. Council bill No. 12, by Mr. Albright, an act to amend sections 1, 2, 5, 9 and 11, of chapter 66 of the laws of 1899, relating to jurors.

Council bill No. 13, by Mr. Martinez, an act to repeal sections 1368 and 1378 of the compiled laws of 1897, relating to the observance of the sabbath day.

The council then went into executive session to consider the question of employees, and a telegram, said to have been sent to Governor Otero. The telegram was referred to the committee on statehood.

Council joint resolution No. 6 was introduced appropriating funds for the payment of the employees of the Thirty-fifth legislative assembly. It carries \$2,485 to pay the council territorial employees for the first ten days, and \$2,339 to pay the house territorial employees for the first ten days. It passed and was sent to the house for concurrence.

After the executive session, which lasted an hour and a half, the following bills were introduced:

Council bill No. 14, an act providing for the uniform indexing of all titles and instruments affecting titles, etc., by Mr. Spiess.

Council bill No. 15, an act to repeal section 1 of chapter 99 of the session laws of 1901, relating to supreme court judgments, by Mr. Spiess.

Council bill No. 16, an act to amend sections 888 and 889 of the compiled laws of 1897, relating to supreme court judgments.

President Chaves ruled that the statehood committee had not yet been discharged.

The council then adjourned until 2 o'clock in the afternoon.

#### Afternoon Session.

The council was not called to order until 2:40 o'clock, awaiting the report of the committee on statehood.

A message was received from the house announcing its concurrence in council joint resolution No. 6. The president presented a petition from the New Mexico Military Institute at Roswell asking for the appointment of a legislative committee to inspect the institute. The petition was referred to the committee on education.

The committee on rules reported that it recommended a rule that the intent and purpose of bills and resolutions be expressed in their title. The recommendation was adopted.

Mr. Fall, chairman of the committee on statehood, reported that he had been instructed to confer with Governor Otero to refute the charge that the governor and people of New Mexico are opposed to statehood.

By unanimous consent the rules were suspended and the following bills were introduced:

Council bill No. 17, by Mr. Duncan, a bill to create Mills county. Tucumcari is to be the county seat of the new county. Referred to the committee on county and county lines.

Council bill No. 18, by Mr. Spiess, upon request of Mr. Andrews, relating to the assessment of sheep for taxation. Referred to committee on finance.

The council then took a recess to await the action of Governor Otero on council joint resolution No. 6, passed by both houses and sent to him.

Shortly after 4 o'clock a message was received from Governor Otero, in which he stated that he had vetoed council joint resolution No. 6, providing for the pay of extra legislative employees for the first ten days of the session.

The council unanimously passed the resolution over the governor's veto and then adjourned until Friday forenoon at 10 o'clock.

#### THE HOUSE.

The house was called to order at 11 o'clock a. m.

There was considerable debate over the adoption of the journal, Mr. Kil-

patrick moving that all reference to the territorial employees be stricken out. The motion was lost 7 to 17. A motion by Mr. Dalles to reconsider was lost 10 to 14.

A message was received from the council asking for concurrence in council resolution No. 6, providing for the pay of extra employees for the first ten days.

House joint resolution No. 2, relating to furnishing each member with a copy of the compiled laws, was sent back from the council for translation.

The special conference committee on employees made its report through its chairman, Mr. Llewellyn, as follows:

Your committee on conference beg to report that we have held a meeting with a like committee of the council, and that we have agreed upon the following list and scale of wages to be paid the employees of this, the thirty-fifth legislative assembly, until changed:

	Per day.
Interpreters	\$6.00
Assistant enrolling and engrossing clerk	5.00
Assistant sergeant at arms	4.00
Reading clerk	5.00
Assistant reading clerk	3.50
Translator	6.00
Assistant translator	5.00
Stenographers and typewriters	5.00
Assistant chief clerk	6.00
Journal clerk	5.00
Messengers	3.50
Day watchman	3.50
Assistant journal clerk	4.50
Doorkeepers	3.50
Committee clerks	3.50
Night watchman	3.50
Sweepers	3.50
Postmaster	3.50
Porters	3.50
Cloak room clerk	3.50
Bill clerks	3.50
Pages	1.50

Cristoval Sanchez moved to amend by inserting \$5 in place of \$3.50 after messengers, day watchmen, assistant journal clerk and doorkeepers. He expressed himself in favor of paying all employees well. Upon motion of Mr. Dalles the motion was tabled.

Upon motion of Mr. Bowie and by unanimous consent asked for by Mr. Llewellyn, the words, "for the first ten days of the session," were substituted for "until changed." The report was then adopted.

The following bills were then introduced:

House bill No. 35, by Mr. Bowie, an act providing for the burial of deceased soldiers and marines, honorably discharged. This is similar to a bill introduced in the council by Mr. Hughes. Referred to the committee on military affairs.

House bill No. 36, by the speaker, an act to amend chapter 38 of the laws of 1901. Referred to committee on judiciary.

House bill No. 37, by Mr. Martinez, an act relating to the building of school houses in school districts. Referred to the committee on education.

House bill No. 38, by Mr. Gutierrez, an act relating to land grants and for other purposes. Referred to committee on judiciary.

The house adjourned until 2 o'clock in the afternoon.

#### Afternoon Session.

The finance committee made a verbal report through its chairman, Mr. Dalles, recommending the passage of council joint resolution No. 6, providing for the payment of employees. The resolution was passed under suspension of the rules.

The house took a recess to await the report of the committee on statehood.

The session was resumed at 2:35 o'clock. Mr. Bowie, chairman of the committee on statehood of the house, reported that Mr. Fall, chairman of the joint committee, had been instructed to see Governor Otero and with him to refute the statement made in the California legislature.

The committee on statehood held a meeting this afternoon to answer the following telegram received by Gov-

those of any other daily paper in the ter-  
ritory.

New Mexico demands Statehood from  
the Fifty-Seventh Congress.

Lead and zinc mines have been  
found in Greenland. Probably the next  
big deposit of coal will be uncovered  
at the north pole.

There is a woman in Jamaica who  
has served one household a period of  
seventy-four years. She is a right  
smart woman, even for that gingery  
island.

It is not exactly an Alphonse and  
Gaston act that Beveridge and Quay  
are producing in the senate, but it is  
something akin to it, with Quay having  
the best of the argument.

Ed O. Wolcott says he will remain  
in Colorado. He proposes to use the  
axe in the decapitation of those repub-  
licans who helped along his defeat for  
the United States senate.

The man or woman who is always  
construing another's actions or words  
to have an evil meaning not intended  
by the author is usually one whose own  
acts will not bear close scrutiny.

Notwithstanding the fearful weather  
stories that come from elsewhere, the  
temperature at Albuquerque is still  
favorable for building operations. Keep  
the hammers and trowels going.

All intelligent South Americans must  
see that the Monroe doctrine has just  
saved one of their republics from ter-  
ritorial seizure. The United States is  
their real bulwark against foreign ag-  
gression.

There seems to be no limit to the  
power of a monarch. Emperor Wil-  
liam has interdicted the translation  
of Kipling's poetry, and the shah of  
Persia has prohibited the importation  
of automobiles.

McClure's has a \$50,000 libel suit on  
its hands. When magazines enter the  
field which until recently was occu-  
pied exclusively by the daily and week-  
ly newspapers they cannot hope to es-  
cape the ordinary consequences.

Two hundred excursionists have  
just had a narrow escape in the vicinity  
of Mount Pelee, the volcano hav-  
ing suddenly blown off its cap again.  
It is a queer place for picnic parties,  
but its fascinations seem to be irre-  
sistible.

Never in all the history of railroad-  
ing has there been such a continuous  
series of frightful railroad wrecks as  
that of this winter. There were four  
for the news columns yesterday, in ad-  
dition to several described the after-  
noon before.

A good many theatrical shows have  
been circulating in this region of late,  
and they are all applauded in the high-  
est circles—that is, the galleries. The  
class of shows being handled this sea-  
son are far above those sent out this  
way, when one, L. M. Crawford, of To-  
peka, had charge of the circuit.

A Vienna paper is alarmed about the  
construction of the Panama canal, and  
says: "America will soon be the pre-  
dominant world power." Why should  
the Panama canal do more harm than  
the Suez canal? As for American su-  
premacy, it is already established in  
many respects, and it is working to  
the advantage of mankind, though not  
of royalty.

think to hear of commencing their  
spring plowing about the first of Feb-  
ruary.

From present indications there will  
be a large increase in the acreage  
planted the coming season.

T. G. Utley says there is no doubt  
that work on the smelter will com-  
mence in a few days, as he says the  
machinery is on the road. And we  
will have a boom in a short time.

A new coal vein has been struck  
about eight miles from here and claims  
are made that it is the best quality of  
coal, and the vein is five feet thick.  
If such is the case it will help this  
place, as this is the nearest railroad  
point.

News from the Santa mountains is  
good and the miners are satisfied with  
the outlook.

We are in hopes of seeing the state-  
hood bill pass and statehood given to  
the territories.

## A Scientific Discovery.

Kodol does for the stomach, that  
which it is unable to do for itself, even  
when but slightly disordered or over-  
load. Kodol supplies the natural juices  
of digestion and does the work of the  
stomach, relaxing the nervous tension,  
while the inflamed muscles of that  
organ are allowed to rest and heal.

Kodol digests what you eat and en-  
ables the stomach and digestive or-  
gans to transform all food into rich,  
red blood. J. H. O'Reilly & Co. and B.  
H. Briggs & Co.

## CEMENT BEDS AT GOLDEN.

President Sopers and Experts to In-  
vestigate the Gold Contents  
of These Properties.

President Sopers, of the Bayard Min-  
ing company, which has its property at  
Golden, in Santa Fe county, has arrived  
at Golden.

Mr. Sopers is a multi-millionaire of  
Toronto and he is accompanied on this  
trip by his wife and daughter and a  
party of friends that includes two min-  
ing experts.

It is the intention during the trip to  
start the mill of the Bayard company  
and make a thorough test of the gold  
bearing cement beds. Every precau-  
tion has been taken to have this test  
complete and to establish beyond any  
doubt whether or not the beds can be  
worked at a profit. At a previous test  
the opinions of the two experts were  
exactly opposed.

## Don't Worry.

This is easier said than done, yet it  
may be of some help to consider the  
matter. If the cause is something over  
which you have no control it is obvi-  
ous that worrying will not help the  
matter in the least. On the other hand,  
if within your control you have only  
to act. When you have a cold and fear  
an attack of pneumonia, buy a bottle  
of Chamberlain's Cough Remedy and  
use it judiciously and all cause for  
worry as to the outcome will quickly  
disappear. There is no danger of  
pneumonia when it is used. For sale  
by all druggists.

## Notice for Publication.

(Homestead Entry No. 4603.)  
Land Office at Santa Fe, N. M., Jan.  
29, 1903.

Notice is hereby given that the fol-  
lowing named settler has filed notice  
of his intention to make final proof in  
support of his claim, and that said  
proof will be made before the Probate  
Clerk of Bernalillo County, at Albu-  
querque, N. M., on March 10, 1903, viz.:  
Jane Hall, for the NE $\frac{1}{4}$  Sec. 12, T. 10  
N., R. 3 E.

He names the following witnesses to  
prove his continuous residence upon,  
and cultivation of, said land, viz.:

James E. Elder, of Albuquerque, N. M.;  
Mrs. Leila A. Brown, of Albuquer-  
que, N. M.; David Stewart, of Albu-  
querque, N. M.; Watson H. Downs, of  
Albuquerque, N. M.

MANUEL R. OTERO, Register.

Opposite A. & P. Shops. 923 South Second Street

## Railroad Topics

The steam wrecker is at Cerrillos to place a couple of cars on the track.

G. E. Roe, general freight and passenger agent for the Santa Fe at El Paso, is in the city on important business.

The many friends of Engineer John Rueb will be glad to learn that he is getting along nicely and will not lose his arm as was at first thought.

The Lake Erie, Alliance & Wheeling railroad was sold to the Lake Shore & Michigan Southern road. The price paid is not known. The Vanderbilts will take possession February 1.

The contractors have finished grading for the half-mile curve at Florence, Colo., which will connect the Chandler and Oak Creek branches of the Rio Grande. Construction men will arrive there in a few days to lay the track.

O. W. McCourtney, an engineer on the Santa Fe, was severely scalded at Bloom, near La Junta. His engine jumped the rails and turned over, severely scalding his face, neck, arm and one leg. He is now at the Santa Fe hospital and it is thought he will recover.

The members of the Santa Fe fire department of the local shops are making great preparations for their ball which will take place on the night of February 17. Quite a number of tickets have been sold, the money for which will go to buy new uniforms for the department.

The Las Vegas Record says: Mrs. A. M. Brown, whose husband was a fireman here and who skipped out and left her in an impoverished condition some time ago, sold all of her furniture and left town between two days, Monday night, and failed to notify several creditors of her destination.

D. C. Cain, general superintendent of the western division of the Santa Fe railway, with headquarters at La Junta, and F. C. Fox, division superintendent at Las Vegas, were in consultation at Santa Fe yesterday with General Manager W. S. Hopewell, of the Santa Fe Central railway, concerning the crossing at Kennedy and other railway matters.

I. N. Wheatley, a foreman and inspector of work for B. Lantry & Sons, railroad construction contractors, with contracts on the Santa Fe cut-off at Belen, is in the city, having come up from the valley town this morning. Mr. Wheatley says that the wye at Belen is almost finished and that the grade from Belen to the river will be finished tonight.

An order has just been issued to the effect that engineers on the California limited are to use particular care in taking curves between Las Vegas and Albuquerque. The passengers on the fast trains usually get breakfast and lunch in the dining car during the run between these points and the waiter sometimes finds it difficult to keep the oysters on the plate when he finds the car floor suddenly wandering from under him.

Robert Wilkie, an engineer on the Southern Pacific, killed in the collision near Tucson, Ariz., was a brother of Engineer Joe Wilkie, of the Colorado Midland. The latter received a telegram at Colorado Springs, Colo., notifying him of the death of his brother and left for Tucson. The deceased was well known in Colorado, having resided in Colorado City, and had a run on the Midland road up to about a year ago.

It is asserted at Montreal that William Mackenzie, one of the promoters and builders of the Canadian Northern, took with him to England acceptance by the Grand Trunk Pacific people of an offer for all their railroad interests in Manitoba and the northwest. The total price agreed upon is placed at \$18,000,000, or \$6,500,000 more than the total outlay to date. Friends assert that Mr. Mackenzie carries with him minute financial details so that the deal can easily be consummated.

### EMPLOYEES STAND FIRM.

Insist Upon Their Demand for More Pay from Wabash.

Locomotive firemen and trainmen on the Wabash railroad have voted almost unanimously to uphold the committees that have presented demands to President Ramsey. The exact vote records 97 per cent in favor of enforcing the request for higher wages, signed schedules and better conditions of employment.

Although President Ramsey is in Florida, General Superintendent McGee has agreed to meet the committee in St. Louis to consider the propositions presented. P. H. Morrissey, grand master of the brotherhood of railway trainmen, and A. B. Garretson, first vice grand conductor of the order of railroad conductors, are in St. Louis awaiting the vote on the question of a strike by the employees of the Missouri, Kansas & Texas railroad. After this vote the officers will again meet the railroad officials, and upon their decision rests future action.

### RAILROAD MATTERS.

Denver & Rio Grande Has Troubles Since Reducing Its Service.

Of eight cars of freight on the Denver & Rio Grande siding at Tres Piedras, seven cars, three of them loaded, burned to the ground Tuesday night, says the New Mexican. If the daily service had not been abandoned, these cars would in all probability have been moved before the fire and thus escaped destruction. When the narrow gauge train left Antonito yesterday morning there were twenty cars of freight in the yards to be moved south, but only ten could be taken, and with these ten the train had to be run into Santa Fe as a double header. It is hard to see where the saving comes in for the railroad company in reducing its service when even with a daily service traffic on the Santa Fe-Antonito line was hard to handle. At Alamosa day before yesterday a number of cars went over an embankment. This morning the train went out of Santa Fe two hours late. It was an hour late last evening in arriving here.

### The Tres Piedras Fire.

During a heavy wind storm Tuesday evening or some time during the night, seven cars, mostly loaded with merchandise, were burned at this depot. The cause of the fire is not known, but supposed to have originated from freighters' camp fire. The loss is believed to be quite heavy.

### HAIR NATURALLY ABUNDANT.

When it is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect"—dandruff.

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

### QUAY'S SHREW MOVE.

Introduces Statehood Bill as an Amendment to Appropriation Bills.

A few minutes before Senator Lodge suspended his speech in opposition to the omnibus statehood bill Wednesday, says a Washington dispatch, Senator Quay, in charge of the bill, introduced the statehood measure as an amendment to each of the two appropriation bills, the agricultural and the sundry civil bills.

The document was handed in very quietly and the occurrence attracted no attention at the time. The amendments contained in each case all the provisions of the bill as it came from the house, and provide for the admission of Oklahoma, New Mexico and Arizona as states of the union.

Senator Quay would not discuss the purpose of this step, but his friends practically admit that it is the intention to so join the measure with the bills providing money for the conduct of the business of the government as to render it necessary to accept the statehood amendment, in order to secure the passage of the appropriations bills.

That this is the purpose is made more evident by the fact that Mr. Quay requested that the amendments be referred to the committee on organization and conduct of executive departments, if which he is chairman.

A rule of the senate requires that in order to avoid being thrown out on a point of order, an amendment to the appropriation bill must have been reported by some committee of the senate.

Senator Quay's committee is composed of nine members, a large majority of whom are friendly to the admission of all the territories as states, and although it is a committee which has not had a meeting for years, it is contended that it is perfectly competent to pass on any measure that may be referred to it for consideration.

In the usual order of business the amendment to the sundry civil bill would have been referred to the committee on appropriations and the amendment to the agricultural bill to the agricultural committee, but this was not done because those committees are not so certainly favorable to the statehood proposition, if favorable at all to it. Hence Mr. Quay decided to have the bill go to his own committee, where he feels sure of securing the action he seeks. The intention is to have the committee called together at an early day to consider the amendments.

It is understood that the decision to take this step accounts for Mr. Quay's motion to adjourn at an unusually early hour Wednesday, in the face of the notice given by him Tuesday, that he would ask the senate to sit in continuous session until the statehood bill should be disposed of.

Try a 50c bottle of Herbine, notice the improvement speedily effected in your appetite, energy, strength and vigor. Watch how it brightens the spirit, gives freedom from indigestion and debility.

Isaac Story, Ava, Mo., writes: Sept. 10th, 1900. "I was in bad health, I had stomach trouble for twelve months, also dumb chills. Dr. J. W. Mory prescribed Herbine, it cured me in two weeks. I cannot recommend it too highly, it will do all you claim for it." Sold by Cosmopolitan Pharmacy—B. Ruppe.

They Pound and Bruise Rafael Baca in a Frightful Way. Rafael Baca, of Tecolote, yesterday caused complaint to be filed against Isidro Solano, Vivian Lopez, Redondo Trujillo, Serafin Bernal and Pedro Martinez for assault with intent to kill. Sheriff Romero at once went out to Tecolote, gathered in the accused and placed them in the county jail for safe keeping pending the preliminary trial.

From what could be learned the accused caught Baca alone and cruelly beat him with rocks and clubs over the breast and head, only ceasing their cowardly attack when Baca was unconscious and presumably dead.

He regained consciousness, however, and lodged complaint, although he is lying in a very critical condition at present. The trial is set for Monday, February 2.

One of the accused, Isidro Solano, was convicted of assault on his wife at the last term of court, and sent to the penitentiary for 100 days. That sentence was made light on account of his being connected with a highly respected family, but it is safe to say that if convicted this time there will be no leniency shown.—Las Vegas Optic.

Unconscious from Croup. During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford postmaster, Chester, Mich., and a dose of One Minute Lough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures coughs, colds, lagrippe, and all throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. J. H. O'Reilly & Co., and B. H. Briggs & Co.

HOTEL ARRIVALS.

In the usual order of business the amendment to the sundry civil bill would have been referred to the committee on appropriations and the amendment to the agricultural bill to the agricultural committee, but this was not done because those committees are not so certainly favorable to the statehood proposition, if favorable at all to it. Hence Mr. Quay decided to have the bill go to his own committee, where he feels sure of securing the action he seeks. The intention is to have the committee called together at an early day to consider the amendments.

It is understood that the decision to take this step accounts for Mr. Quay's motion to adjourn at an unusually early hour Wednesday, in the face of the notice given by him Tuesday, that he would ask the senate to sit in continuous session until the statehood bill should be disposed of.

Try a 50c bottle of Herbine, notice the improvement speedily effected in your appetite, energy, strength and vigor. Watch how it brightens the spirit, gives freedom from indigestion and debility.

Isaac Story, Ava, Mo., writes: Sept. 10th, 1900. "I was in bad health, I had stomach trouble for twelve months, also dumb chills. Dr. J. W. Mory prescribed Herbine, it cured me in two weeks. I cannot recommend it too highly, it will do all you claim for it." Sold by Cosmopolitan Pharmacy—B. Ruppe.

They Pound and Bruise Rafael Baca in a Frightful Way.

Rafael Baca, of Tecolote, yesterday caused complaint to be filed against Isidro Solano, Vivian Lopez, Redondo Trujillo, Serafin Bernal and Pedro Martinez for assault with intent to kill. Sheriff Romero at once went out to Tecolote, gathered in the accused and placed them in the county jail for safe keeping pending the preliminary trial.

From what could be learned the accused caught Baca alone and cruelly beat him with rocks and clubs over the breast and head, only ceasing their cowardly attack when Baca was unconscious and presumably dead.

He regained consciousness, however, and lodged complaint, although he is lying in a very critical condition at present. The trial is set for Monday, February 2.

One of the accused, Isidro Solano, was convicted of assault on his wife at the last term of court, and sent to the penitentiary for 100 days. That sentence was made light on account of his being connected with a highly respected family, but it is safe to say that if convicted this time there will be no leniency shown.—Las Vegas Optic.

Unconscious from Croup.

During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford postmaster, Chester, Mich., and a dose of One Minute Lough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures coughs, colds, lagrippe, and all throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Tia, galvanized iron and copper work. Albuquerque Hardware company.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming, the coming city of New Mexico.

Deming has a magnificent school system.

Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico.

Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming! Don't overlook it if you are looking for a safe and paying investment.

Deming water is chemically pure—equal to Polaris springs.

Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and treble in one year.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility; production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cat-tlemen all know this.

THE OLD YEAR with all its happiness and sadness, its fulfillments and disappointments, its gains and its losses, is gone. THE NEW YEAR fraught with limitless possibilities, hopes and ambitions, is here.

May your coming year make your possibilities actual facts; may your hopes and ambitions be realized; may wealth and happiness be yours.

## NO BETTER WAY

to obtain these blessings can be suggested than by the purchase of one of the WASHINGTON LIFE INSURANCE COMPANY'S combination bond policies.

It will secure you a competency in your old age.

It will perpetuate your fortune when you die.

It will be an asset in your business during its term.

It has a specified cash loan value at 5 per cent interest after the second year which will protect your bond from lapse and you from loss.

Many men give from 5 to 30 years of their lives to the service of their country to be retired on a pension. You can buy a 10, 15 or 20-year payment combination bond, never miss the annual deposit required and CREATE YOUR OWN PENSION.

## OFFICIAL MATTERS.

## Notaries Appointed—Land Office Business—Maps Filed.

## NEW INCORPORATION.

The Eastern Railway of New Mexico has filed in the office of Territorial Secretary Reynolds four sectional maps. They are of Sections 3, 4, 5 and 6 in Valencia county.

## Notaries Appointed.

Governor Otero has appointed William A. Bayer and Charles L. Bishop, both of Santa Fe, Santa Fe county, notaries public.

## Land Office Business.

Homestead Entries: Thomas F. Keating of Rowe, 10 acres of land in San Miguel county; Edward J. Pennell of Rowe, 160 acres of land in San Miguel county; David Pino of Wagon Mound, 160 acres of land in Mora county.

Mining Entry: The Keystone Copper Mining Co., the Pay Role lode in the Bromide mining district, Rio Arriba county, comprising about 20 acres.

## Incorporation.

La Sociedad Union y Fraternidad Mexicana of Roswell, Chaves county, was incorporated yesterday. The society is organized for mutual assistance, aid, care for the sick, to bury the dead, etc. The term of existence is fifty years and the location of the society Roswell. The incorporators are Francisco Santana, Susana Becerra, Rinaldo Contreras, J. M. Garcia, Jesus A. Montoya and Manuel Mendosa.

## TERRITORIAL LAWMAKERS

(Continued from page one.)

Hahn, of Pasadena, Cal., states that you and your people are opposed to statehood. Will you wire Senator W. H. Savage, Sacramento, to the contrary for use in California legislature.

The malicious charge will be denied in the most emphatic terms.

Mr. Turner informed the house that the council had adopted a scale of pay for its employees in the future and that it would be well for the house in caucus to settle the matter as soon as possible.

The house then adjourned until 10 o'clock Friday forenoon.

Phoenix, Ariz., Jan. 29.—Senator

"Special Dispatch" Racket Exploded.

The Citizen, yesterday, called attention to the fact that the "special dispatch racket from Santa Fe" is being worked in ridiculously large chunks these days.

No reference was made to any person or corporation, in calling attention to the "special dispatch racket," but it resulted in an open confession from the talented city editor of the Journal-Democrat in the following sentence:

"By an especial arrangement with the Wells-Fargo express company, the report of the day's (legislative) proceedings are promptly brought to the office and later matter is sent by wire."

Therefore the two or three columns of "special dispatches," so labeled and published daily in the Journal-Democrat, are not "special dispatches" at all, but are brought to the office by especial arrangement with the Wells-Fargo Express company and not the Western Union Telegraph company. It is good for one's soul to tell the truth.

## A Gun Play.

The young Italian bartender in the saloon on First avenue north of the Rico cafe, was arrested this afternoon charged with making a gun play on a young fellow from a Santa Fe road gang. The trouble started in the saloon, and when the fellow from the road gang had left the building the bartender followed him out. A volley of stones were sent after the young fellow and not being satisfied the bartender went after a gun, which he had ready for use. The timely appearance of a Citizen reporter caused him to conceal the gun. Gun plays on First avenue are becoming too numerous and the matter was reported to the police, who arrested both of the men. They will have a hearing in the morning.

## Co-Operative B. &amp; L. Association.

The annual meeting of the directors and stockholders of the Co-Operative Building and Loan association was held in the secretary's office in the Grant building last night.

The meeting closed after a thorough review of the business of the past year and election of officers for the ensuing year, which are as follows:

President—D. Weinmann.  
Vice President—W. W. Strong.  
Treasurer—George A. Kaseman.  
Secretary—H. H. Tilton.  
Board of Directors—Chas. Mausard, Frank McKee, C. E. Cramer, C. A. Hawks.

Attorney—Felix Lester.  
A new series of stock is being issued and as an investment is of the best as a monthly saving account.

## Fire This Afternoon.

This afternoon, about 2:30 o'clock, the fire department was again called to the residence of Frank Hopping, 726 Edith street, whose house was burned about a month ago. This time the fence, out building and a pile of lumber were destroyed. A carpenter was at work on the house repairing the damage from the former fire when the blaze was discovered.

The frequency of fires lately in the Highlands have caused the people

some alarm. Several small blazes were discovered in that part of town last week, but were extinguished before serious damage was done.

## Civil Service Situations.

The United States civil service commission announces that on March 3 and 4, 1903, an examination will be held for the position of aid in zoology in the national museum, Washington, D. C., at a salary of \$60 per month; on March 10, for the position of aid in herpetology in the national museum, Washington, D. C., at a salary of \$50 per month. See local board of examiners for proper blanks.

## Death From Consumption.

Henry O. Robertson, a young man for many years connected with the Santa Fe offices at Chicago, died in this city last evening at 7 o'clock of tuberculosis. Deceased came here about the middle of December, but the dreaded disease had a fast hold upon him, and the ideal climate was not beneficial to his condition. The young man was about 35 years of age. He comes from England, where he has two sisters at present. A sister resides in the United States, who has been notified of the brother's death. The remains were embalmed by O. W. Strong & Sons, who will await instructions from the sister in this country.

## WILL FORMULATE DEMANDS.

## The National Wage Committee of United Mine Workers in Session.

## AFFECTS ONLY BITUMINOUS FIELD.

Indianapolis, Ind., Jan. 30.—The national wage committee of the United Mine Workers and the representatives of the coal mine operators began their conference today to fix the wage scale and conditions of labor for the ensuing year. There are sixteen miners and sixteen operators in the conference, representing twenty-four mining states. Extravagant stories are heard concerning the demands to be made by the miners and the attitude of the operators, but despite these reports there are indications that a wage scale will be agreed upon without resort to extreme measures by either side. The miners are prepared to insist upon an increase in wages and it is believed that the operators are willing to concede an advance, though conceding that present conditions do not justify it. After the usual preliminary skirmishing the conference between the miners and mine owners undoubtedly will resolve itself into a controversy over the amount of the wage increase.

It is believed that the miners' wage committee will be willing to receive an increase of 15 per cent, or even less, though they go into the conference prepared to demand an advance of 25 per cent. It seems that the Ohio and West Virginia miners are asking the maximum. The miners of Indiana, Illinois, western Pennsylvania and central Pennsylvania favor a demand for an advance of from 15 to 20 per cent.

The result of the conference is binding only on the miners and operators of the bituminous field in what is known as the central competitive district. This district includes the states of Illinois, Indiana and Ohio, and the Pittsburgh or Fifth district—in Pennsylvania. Only bituminous coal is mined in this district. The anthracite operators have not yet acknowledged the organized organization to the extent of meeting it in wage conference.

The scales of all twenty-four states, however, depend upon the scale that is signed in the central competitive district, and all other scales are signed on the basis of that settlement. Consequently the results of the conference begun today are of paramount importance to miners and operators in Iowa, Missouri, West Virginia, Kentucky, Tennessee and other states outside the central competitive district.

Besides making the demand for an advance in wages, it is known that the miners will ask the operators to put the run-of-mine system into effect and grant a proportionate increase for the inside and outside common labor around the mines. A smaller differential between pick and machine mined coal will also be demanded. Owing to the number and importance of the questions to be discussed and acted upon it is probable that the conference will be in session ten days longer.

## Best Liniment On Earth.

Henry D. Baldwin, Supt. City Water Works, Shullsburg, Wis., writes: "I have tried many kinds of liniment, but have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and \$1.00 a bottle at Cosmopolitan Pharmacy—B. Ruppe.

## THE ADJUTANT GENERAL.

## Interesting Report About National Guard Officers and Men.

## CIVIL WAR VOLUNTEERS.

The annual report of Adjutant General Whitman to Gov. Otero shows the condition of the national guard of New Mexico on December 31 last. Its composition on that date was seven companies of infantry, one troop of cavalry and a signal corps, which with the addition of the members of the staff, constitutes a total strength of 525 officers and men. Regret is expressed that the Gatling gun squad was not reorganized, as its term of service expired during the year and it was an excellent organization, well drilled and efficient in every respect. In the infantry, company C was disbanded during the year on account of lack of interest and company I on account of the expiration of its service. The term of troop E of the cavalry also expired and no steps have been taken to reorganize it. Three infantry companies were organized during the year, D at Silver City, H at Socorro and K at Las Vegas.

General Whitman says the guard is in better condition than ever before in every respect. The great drawback has been the lack of opportunity to get that training and drill in battalion and regimental formation, in guard mounting and guard duty and other duties incumbent on a soldier which can only be secured in camp. The passage of the militia bill in congress will require much harder work of both officers and men in the guard and they will be inspected by officers of the regular army. It is recommended that the appropriation of \$1,000 per year for armory rent and \$500 for contingent expenses be increased to the lump sum of \$2,000 and that the two amounts be placed in the same fund. Nor should the places where armory rent is to be paid be specified in the act as it some times happens that companies named in the act disband during the year and others not mentioned are organized so that rents for such organizations cannot be paid.

It is recommended that the salary be increased to \$2,000 a year as so much is required of the adjutant general. He is also quartermaster general, commissary general, chief of ordnance and common laborer in packing and unpacking stores and receiving and shipping them. In addition the passage of the Dick bill adds to the responsibility of the adjutant general and during the coming summer he will handle \$10,000 of the government money for which he will have to give bond to the government in the sum of \$20,000. The present salary is insufficient for the duties required and will be more so with the other duties added.

The maneuvers at Fort Riley are reviewed at some length and their practical character and the uniform good results to officers of the guard and army are commented upon. The officers of the army extended a constant courtesy to the national guard officers and good feeling between the two was greatly promoted.

The compilation of a roster of New Mexico volunteers of the Spanish-American war, for which the last legislature made an appropriation of \$600 has not been made and the amount will be returned to the treasury. The war department refused the military records of Colonels Wood and Roosevelt on the ground that the regiment was not a territorial organization and it is against the rules of the department to furnish state or territorial officers information concerning national volunteers. The commanders of the troops of the regiment raised in New Mexico offered to assist and prepare rolls, but not one was received. From lack of data, the roster has not been made.

The New Mexico Military Institute, located at Roswell, is highly praised. It was inspected on March 16, and everything pertaining to it was found in good condition. General Whitman says that at each inspection of the institution he has found conditions improved over those of the previous year. The great need of the institute is more room and there should be an additional building. So many county cadets are maintained at actual cost that until accommodations are increased the institute will not be self supporting. It is earnestly urged that the law be amended so as to permit territorial and county cadets to remain for the full term of four years. The law as it now

stands, authorizing the governor and each member of the legislature to appoint a cadet, will in its operation turn out many of the cadets at the end of a two years' course.

Many of the muster rolls of New Mexico volunteers in the civil war are becoming so worn as to no longer bear handling and they should be copied in a book so that the originals can be filed away and not used. There have been several instances in which the granting of pensions depended upon verification from the rolls in the office and they were so worn that the names could not be made out. It is urged that an appropriation of \$300 be made to employ a clerk to copy the rolls. It also asked that \$100 be appropriated for a case in which to keep the battle flags and other relics now in the office. The report closes with the complete roster of the national guard.

## New Century Comfort.

Millions are all finding a world of comfort in Bucklen's Arnica Salve. It kills pain from burns, scalds, cuts, bruises, conquers ulcers, and fever sores, cures eruptions, salt rheum, boils and felons; removes corns and warts. Best pile cure on earth. Only 25c at all druggists.

## AMUSEMENTS.

## "IN HIS POWER."

A Large Audience Attended Play at  
Colombo Hall.

"In His Power," by the Curtiss Com-  
edy company, was the bill at the Co-  
lombo hall last night and a well filled  
house turned out to see the play.

Miss Dale, as "Nana Weston," the  
adopted daughter of Col. Lee," carried  
the heavy role in a very pleasing man-  
ner. The only objectionable feature  
about Miss Dale was that she used a  
superfluous amount of paint in her  
make up.

Wilber Atkinson, as "Jerry, the  
Tramp," and W. S. Hammer as "James  
Blackburn," his nephew, and who also  
carried the heavy role of the villain,  
were excellent, both in character and  
make up.

The story: Col. Lee, a banker, sur-  
rounded with luxury, adopts Nana  
Weston when she was but a few days  
old. Very few know that she is not  
his own daughter, not even his wife.  
Mrs. Lee's own child died a few days  
after birth and the Weston child was  
substituted. The girl grows up to be  
a woman under the impression that  
she is a Lee. She falls in love with  
Jack Worthington, a very likely young  
man and a close friend of the family.  
They are to be married, and to make  
the story short they should have been.

James Blackburn, the villain, who is  
Col. Lee's right hand man at the bank,  
falls in love with the girl also and  
when it becomes known to him that  
she is to be married to Worthington,  
becomes furious and uses his villainous  
arts in hopes of winning. He knows  
Lee's secret and employs a  
tramp to expose it to the girl and her  
lover. Worthington is true and per-  
sists in the marriage coming off. The  
tramp impersonates her father and  
takes the unfortunate girl into the  
woods to live, where she remains some  
time before she is found by her  
friends. The villain visits her there  
and again asks for her hand. She re-  
fuses, preferring the home in the  
woods to life with him in luxury. By  
accident it is discovered that the  
tramp is really her father. It also  
becomes known that the tramp is an  
escaped convict. Blackburn also knows  
this secret, and uses it to accomplish  
his marriage with the girl. He threat-  
ens to expose Weston unless the girl  
will consent to his wishes. The father  
has a noble heart, even if he is a con-  
vict, and goes to jail rather than his  
daughter should marry a man she does  
not love. Jack and the Lees find the  
girl in the house in the woods and take  
her back to the Lee home. It is dis-  
covered that Weston, the convict, was  
not guilty of the murder for which he  
was imprisoned. The discovery came  
about by the real murderer's death  
bed confession. Weston is released  
and returns to his daughter. Col. Lee  
has been speculating in mines and is  
tricked by Blackburn, and loses his  
fortune. Weston appears on the scene  
and exposes Blackburn and his fraud.  
Officers appear and take the villain  
away and to jail. The plot ends, none  
of the cast get killed nobody gets mar-  
ried, in fact there is no sequence to the  
play.

The performing was good.  
The attraction tonight is Ellery's  
Royal Italian band.

## GREAT ITALIAN BAND.

Will Appear at Colombo Hall This  
Evening.

The two trumpet soloists of the  
Royal Italian band are among the  
greatest Italy has ever produced. It  
is well known among musicians that  
trumpets are much more difficult to  
master than cornets and that for play-  
ing the leads of a band they are much  
superior, having a clearer, purer tone,  
and greater carrying power. The two  
solo trumpets of this band are in the  
hands of two great artists, Senor De-  
mencio Palma and Signor de Mitris.

Senor Palma came to this country  
as second trumpet player in the origi-  
nal Banda Rossa. He was but 20 years  
of age, but since then he has made  
such strides in his art that today he is  
recognized as a trumpet soloist with-  
out an equal in America. He is per-  
haps the greatest artist on that instru-  
ment Italy has ever sent to America.  
So great is his unassuming modesty  
that probably but few persons realize  
that when they are listening to the

trumpet playing of Senor Palma they  
are hearing something quite out of the  
ordinary—indeed something unusually  
fine in the line of wind instrument  
playing. This little Italian gentleman  
is an artist by nature, and his school-  
ing in his native country was given  
him by no less a person than Cavaliere  
Riviera himself, who recognized Pal-  
ma's great ability when he first heard  
him play at the age of 15.

Palma's exquisitely human vocal  
tone is beyond criticism, while his  
phrasing and interpretation leave no-  
thing to wish for.

Should Senor Palma decide to make  
a specialty of high class American  
songs and ballads, with a band accom-  
paniment such as the great Riviera can  
give him, he would endeavor himself to  
the American public as no other trump-  
et player has ever done. No amount  
of gymnastics and pyrotechnics can  
take the place of that warm luscious  
tone of Palma, and his depth of musical  
expression.

Senor Eliseo de Mitris is one of  
the great trumpet celebrities of Italy,  
his name over there being known from  
the Alps to Mount Aetna. He has  
played solo parts in nearly all the  
great Italian bands, and is undoubtedly  
a wonder. His tone is Argentine and  
dramatic and he possesses a command  
of respiration little short of phenom-  
enal. Senor de Mitris, as his name and  
features both indicate is of Greek or-  
igin and is a decidedly handsome  
man. His solos in the great operatic  
selections played by the Italian band  
are those assigned to the dramatic  
soprano in the opera as sung. In this  
particular work de Mitris can not be  
excelled.

Side Tracked Tomorrow Night.  
Speaking of "Side Tracked," which  
appears at the Duncan tomorrow eve-  
ning, the Chicago Inter-Ocean, says:

The Bijou did its usually big Sun-  
day business yesterday with the old  
Chicago favorite, "Side Tracked." This  
play never seems to grow old,  
and never loses its drawing power,  
and the reason is that it always has  
the best of specialties together with  
up to date talking matter which con-  
stitutes the drama.

The entire cast is pleasing. The  
management seems to have spread  
themselves in trying to secure the  
best talent available. Some of the  
principals are Wm. A. Adams, who  
for years starred in Badger, in the  
"Streets of New York;" Ed. Kadow,  
late of the "Dearborn Stock Co.;"  
Harry Crawford, Edwin Kraft and  
Miss Madge Daley, from the Keith &  
Proctor circuit; Miss Helen Fox, late  
of the "Arizona;" Clarence Oliver,  
who came from the Auditorium Stock  
company, where he had been working  
for the past three seasons.

The scenery and mechanical effects  
are just what the patrons of the Bi-  
jou want. A ninety-yard train crosses  
the stage at a twenty-mile-an-hour  
speed. The specialties are of the very  
best.

## James Boys Coming on Feb. 4.

The wonderful and thrilling drama,  
"The James Boys in Missouri," speaks  
volumes not only for the play but also  
for the company presenting it. Every-  
one has heard of and read about the  
James boys and their band and remem-  
bers how the career of Jesse was  
brought to a sudden close by a coward's  
bullet. The most daring outlaw  
that ever lived was killed without warn-  
ing, while he was at his fireside with  
his family. This broke up the band  
and their escapades ended for all time  
to come. The play deals with the life  
of the James boys from the time they  
began their career of crime during the  
civil war until Jesse was killed. It  
shows in a most realistic and thrill-  
ing manner some of the bold deeds  
they committed which made them the  
most feared men in the country. The  
company carries all the scenery nec-  
essary for the play and the spectacular  
effects are well worth seeing. The fa-  
mous Blue-Cut train robbery is given  
in a most realistic manner, showing  
the outlaws concealed in the hut, the  
hold up of the express, the rifling of  
the express safe and the escape of the  
bandits. There is a vein of refresh-  
ing comedy running through the play  
and a romantic love story told in an  
attractive way as well. John Abbott  
and Harriett Lee head the company  
presenting the play and an excellent  
performance is assured. At Colombo  
hall, February 4.

Group.  
The peculiar cough which indicates  
croup is usually well known to the  
mothers of croupy children. No time  
should be lost in the treatment of it,  
and for this purpose no medicine has  
received more universal approval than  
Chamberlain's Cough Remedy.  
Do not waste valuable time in experi-  
menting with untried remedies, no  
matter how highly recommended, but  
give this medicine as directed and all  
symptoms of croup will quickly dis-  
appear. For sale by all druggists.

MONUMENTS.  
All kinds of stone and marble work.  
Prices moderate. Shop and yard cor-  
ner Fifth street and Railroad avenue.

## WEARINESS OF WEALTH.

"Godless Magnificence and Selfish Prodigality of Some Rich New Yorkers."

The very rich men of the world are growing exceedingly tired of the vast wealth accumulated. In New York scores and hundreds of men to-day are paying anywhere from \$9,000 to \$16,000 a month rent for suites of rooms, not homes which they have built for their families, but simply apartments which they have rented for awhile, says a writer in *Homiletic Review*. The godless magnificence, the selfish prodigality, the overwhelming ostentation of the wealth of New York in certain circles cannot be described; but it is all an indication of the fact that the climax has well-nigh been reached in the display of what wealth can get. The world is waiting now to know what wealth can give. It is the nemesis of vast wealth that it brings its own retribution, and that retribution is the weariness of being unable to find happiness in merely having things.

## THE LITTLE FINGERNAIL.

It Was Worn Long Many Years Ago, But Now It Is Carefully Manicured.

Forty years ago in certain parts of the United States it was the custom to grow long nails. I well remember some of the swells and puffers who devoted more attention to their little finger nails than they did to their teeth, and often have I seen the fifth digit with a claw on it an inch and a quarter in length. The nail was carried in a stall, and on occasion was split after the manner of a steel or quill pen, so that its wearer could sign his name to a check with it, says a writer in the *New York Press*. The trimming of nails to-day is an art which gives employment to many pretty women who style themselves manicures. Nearly every first-class, up-to-date barber shop has its manicure, who delights the man needing a shave or hair cut with an innocent flirtation. She dresses garishly and has a strut on her that would arouse the envy of a saddle-astir fox chaser.

**New Chance for Bachelors.**  
The National Dressmakers' association will hereafter endeavor to find husbands for worthy seamstresses who are unable to conclude matrimonial negotiations without help. This is a praiseworthy enterprise, says the *Chicago Record-Herald*, and should be looked into by all bachelors who are charitably disposed.

**Tourists in Italy.**  
Of 954,000 foreign tourists who visited Italy during the year ended June 13, 65,000 were English. It is estimated that the visitors spent \$70,000,000 during their stay in the country.

**In Northern Norway.**  
Trondjem, the northernmost town of any size in Norway, is as far from Berlin as Rome is.

**AMERICAN MANNERS.**  
Are Much Better Than the Average Britisher of London Has Any Idea Of.

The ordinary Londoner who has not had the good fortune to cross the Atlantic is wont to picture his American cousin wearing a goatee and a victim to the constant chewing of tobacco and liberal expectoration. On arriving in New York he is amazed to discover that the goatee is conspicuous by its absence, tobacco chewing unnoticeable and expectoration practically unknown. In this respect he finds the New Yorker far more cleanly in his habits than the Londoner, more especially on public cars and in public places, says an eastern exchange. The unrestrained indulgence of spitting on and off the tops of buses and in railway trains, and the random chewing and smoking of tobacco in and around London are simply odious, and make traveling intolerable and oftentimes disgusting even to a smoker. Here the strange prohibition against spitting in public places and the sensible regulation as to smoking are so thoroughly observed that traveling becomes a pleasure. If London would only copy the most admirable example existing in New York in this respect the English metropolis would soon be rid of a most unwarrantable and filthy habit.

**CHINA MAKING PROGRESS.**  
Industrial and Commercial Growth of Asia's Greatest Country is an Assured Thing.

Europeans and Americans who have lived long in China are quite unanimous in the opinion that the greatest country of Asia, taking account of area, population and natural resources, is making steady progress industrially and commercially, and the general belief is that more rapid gains are assured for the next few years. Statistics of exports and imports tell the same story. So does the development of railways and telegraph lines. The world-wide importance of this progress is not easily exaggerated. It promises to insure the existence of the Chinese empire as an immense independent state, for it lessens the force of such pretenses as might have been discovered or invented for dividing or seizing the country. It also makes the international importance of China so evident and so great that no one European power is likely to find the way open for the absorption of so rich an empire, while the more progressive Chinese become the less chance there will be for an agreement between the leading nations of the west as to the terms of a possible partitioning of the middle kingdom.

## ACKER'S DYSPEPSIA TABLETS

## ABEYTA'S SHORTAGE.

Believed to Be to Socorro County and to the Territory \$25,000.

The report of ex-Collector Abran Abeyta to the county commissioners of Socorro county made on Thursday, shows a shortage of \$15,077.37, on account of county collections of Socorro county.

It is reported that his shortage to the territory amounts to \$9,000.

Abeyta's total official and private indebtedness is estimated at about \$45,000 by those who are well acquainted with his affairs.

Rev. Carlisle P. B. Martin, L. L. D., Waverly, Texas, writes: "Of a morning when first rising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons, needing a medicine for throat or lung troubles." Price 25c. 50c, \$1.00 a bottle at Cosmopolitan Pharmacy—B. Ruppe.

We are sole agents for the Leggett & Platt steel bed springs, every one guaranteed—thirty days' trial and if not satisfactory your money back—price \$5.00. Also the Duplex mattress at \$7.50 on the same conditions. Futrell Furniture company.

Thermometers are going down. There's no demand for fies. The biggest tumble in the town, however, are our prices.

The No. 3 and No. 4 are the limited  
and they arrive daily.  
Local freight No. 99, going south,  
carries passengers.  
F. L. MYERS, Agent.

## NEW MEXICO TOWNS

### SANTA FE.

From the New Mexican.

The meeting of the New Mexico Press association, called for Monday evening, did not materialize for lack of a quorum.

W. A. Gillenwater, of Albuquerque, who is interested in securing legislation concerning building and loan associations, is in the city watching legislative proceedings.

The remains of the late Flora A. Skidmore were shipped to her home at Guilford, Mo., for burial. Her father accompanied them, but her brother remained here.

John H. Riley, of Colorado Springs, for many years a citizen of this territory, with headquarters at Las Cruces, was an arrival from the north.

The Woodmen of the World of this city raised \$50 for the family of Epitacio Gallegos. Gallegos had applied for admission to the lodge, but was rejected upon his medical examination.

W. E. Lindsey, of Portales, who has been here for the past ten days working for the creation of the new county of Roosevelt, left for his home to attend to important business. He expects to return here in two weeks.

The remains of the late Mrs. J. F. Henchen, wife of W. H. Henchen, were shipped to her former home in St. Louis for burial. They were accompanied by the deceased's husband, daughter, father, mother and sister.

D. L. Miller, janitor of the capitol building, has fenced in that part of the terrace to the Santa Fe river, belonging to the capitol grounds and fronting on Don Gaspar avenue. An attempt had been made to jump this valuable lot, but the fencing of the ground puts an end to this. It would be a splendid site for an executive mansion.

Sheriff Kinsell begins to think it possible Jose Telles may have captured the deputies pursuing him as he has not received word from them for two days. Telles was last heard of south of Albuquerque, and it is thought by the sheriff that the deputies have gone into the Sandia mountains after him. Hampe remains at the jail in about the same condition.

At 10:40 this morning, Sallie Belle, the youngest daughter of Mr. and Mrs. T. P. Gable, died at the residence of her parents on the north side. The deceased was 23 years old and nearly all her life has been more or less of an invalid. She has suffered for some time from a complication of troubles, but the immediate cause of her death was bronchitis that was almost pneumonia in its severity. She had lived here nearly all of her life.

**Dislocated Her Shoulder.**  
Mrs. Johanna Soderholm, of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sit up, which she had not done for several days. The son was so much pleased with the relief it gave to his mother that he has since recommended it to many others. For sale by all druggists.

**LAS VEGAS.**  
From the Record.  
Mrs. R. J. McDonald is reported to be very sick.

George Beattie will go to Belen to erect a livery stable for H. T. Byers. The little baby of George J. Herman, the Bridge street grocer, is reported quite ill.

Miss Hamie Taylor returned to her school duties at the convent, after several days visiting with her sister, Mrs. Ed. Mcvey.

Charley Tamme was 57 yesterday, he and Kaiser William being born on the same day, but thirteen years apart. Miss Emma Petty left for Kentucky, where it is said she will soon wed the man of her choice. It is said there are a few lonely hearts left behind here.

Frank Springer has placed with the governor his resignation from the Normal university board of regents and the citizens are getting up protests against the governor accepting it.

The citizens of Las Vegas met to consider ways and means of reviving interest in the Citizens' association with a view to reorganizing that body. Their object is to look after the interest of the town, they having the same authority as a city council has in an incorporated city. Some of the improvements they have in view are the betterment of streets and sidewalks and to likewise have the police force placed under their jurisdiction. No permanent organization was effected, but it is very likely that it will occur in the near future.

About 7:30 this morning a fire alarm was turned in calling the E. Romero fire company to the stairway between the First National bank and the post-office, where smoke was seen to be issuing from under the stairs. Before using any water, however, the fire ladders investigated and found that the smoke was issuing from a defective flue underneath the stairs, caused by

the strong wind forcing the smoke back down the chimney and out through a crack in the chimney. The E. Romero responded promptly to the alarm and in less than three minutes had sixteen men on the scene and a line of hose laid, which shows the efficiency of the E. Romero hose and fire company.

**CONSUMPTION**  
the most dreaded and deadly of all diseases, as well as pneumonia, and all lung troubles are relieved at once and cured by Ackers English Remedy "the king of all cough cures." Cures coughs and colds in a day 25 cents. Your money back if unsatisfied. Write for free sample. W. H. Hooker & Co., Buffalo N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

the strong wind forcing the smoke back down the chimney and out through a crack in the chimney. The E. Romero responded promptly to the alarm and in less than three minutes had sixteen men on the scene and a line of hose laid, which shows the efficiency of the E. Romero hose and fire company.

From the Optic.

P. C. Crews, well known in Las Vegas, now a resident of Raton, is mourning the loss of his father, Dr. L. Crews, who died at his home in Hamilton, Texas, the 17th inst.

A girl came to gladden the hearts of Mr. and Mrs. C. W. Todd, at 9 o'clock this morning. The little queen and mother are doing well but as the father is in Santa Fe it is not known if he survived.

W. C. Nones, of Louisville, Ky., gave a dinner at the Castaneda hotel to about twenty invited guests, among the number being Major and Mrs. A. H. Whitmore, Capt. and Mrs. J. A. LaRue, H. W. Kelly and wife, F. H. Pierce and wife, John Robbins and wife, Jefferson Reynolds and wife, Mrs. Norris, Jacob Gross, Mrs. C. A. Spiess and Charles Hild.

The publication of cards of thanks is out of date and serves the purpose perhaps of saving the writing of a number of letters to those to whom it is desired to express gratitude for kindnesses and courtesies rendered. In short it is a way of expressing a feeling of thankfulness that could be more delicately expressed by a short note. However, the motive of the Optic, in refusing to publish them has been so misconstrued, that the management of this paper has concluded to accept them hereafter at the regular local rates.

L. A. Therson and E. G. Larson, of Fort Dodge, Iowa, came in on the flyer and stopped off between trains to shake hands with Col. F. A. Blake and Gus Gilbert, with whom they trapped through the northwest before the iron horse had driven the buffalo and red man from the plains. After spending a pleasant half day with their old comrades they took No. 1 for Albuquerque, and from there will continue their trip as far as Honolulu before returning to Iowa.

**Finds Way To Live Long.**  
The startling announcement of a discovery that will surely lengthen life is made by editor O. H. Downey, of Churubusco, Ind., "I wish to state," he writes, "that Dr. King's New Discovery for consumption is the most infallible remedy that I have ever known for coughs, colds and grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread pneumonia or consumption. It's relief is instant and cure certain." All druggists guarantee every 50c and \$1.00 bottle, and give trial bottles free.

**Southwestern Passenger Bureau.**  
Fort Worth, Jan. 30.—Pursuant to the recent announcement of Chairman C. M. Pratt, the southwestern passenger bureau ceases to exist after today. The reason assigned for dissolution of the bureau by the Texas lines was the embarrassing position occupied by the association by trying to keep it up with only four out of the original membership of about twenty-two lines, whose membership was essential to a complete and practical passenger association.

Get a free sample of Chamberlain's Stomach and Liver Tablets at all drug stores. They are easier to take and more pleasant in effect than pills. Then their use is not followed by constipation as is often the case with pills. Regular size, 25 cents per box.

**DENIES CHARGE.**  
Delegate Smith, of Arizona, Answers Accusation That Territory Repudiated Debts.

In the house Wednesday, Mr. Smith, the delegate from Arizona, took the floor and replied to some of the charges made in the senate during the debate on the statehood bill, to the effect that Arizona had repudiated her debts, says a Washington dispatch.

Mr. Smith complained that he was compelled to reply to the house because Arizona had no representative in the senate. He denied that Arizona had ever repudiated a single dollar of debt or defaulted on a dollar of it. The charge, he said, was based upon the fact that a "horde of men" owning bonds known to be fraudulent, had come to congress and had those bonds validated after they had been declared invalid by the supreme court. He explained how one of the counties in the territory had been induced to issue bonds to promote a railroad enterprise, but, he said, not an inch of railroad had been built for the \$400,000 of bonds which congress saddled on the people of Arizona.

He thought the act validating the bonds should be repealed, or the United States should assume their payment.

Can't be perfect health without pure blood. Burdock Blood Bitters make pure blood. Tones and invigorates the whole system.

**Statue of Charles I.**  
London, Jan. 29.—The statue of King Charles I. in Trafalgar square, was decorated in the customary manner today, this being the anniversary of the beheading of that monarch. Many wreaths from legitimist clubs, including one from the American society, were placed on or about the statue.

## Parents' Responsibility Great

It is the right of every child to be well born, and to the parents it must look for health and happiness. How inconceivably great is the parents' responsibility, and how important that no taint of disease is left in the blood to be transmitted to the helpless child, entailing the most pitiable suffering, and marking its little body with offensive sores and eruptions, catarrh of the nose and throat, weak eyes, glandular swellings, brittle bones, white swelling and deformity.

How can parents look upon such little sufferers and not reproach themselves for bringing so much misery into the world? If you have any disease lurking in your system, how can you expect well developed, healthy children? Cleanse your own blood and build up your health, and you have not only enlarged your capacity for the enjoyment of the pleasures of life, but have discharged a duty all parents owe to posterity, and made mankind healthier and happier.

There is no remedy that so surely reaches deep-seated, stubborn blood troubles as S. S. S. It searches out even hereditary poisons, and removes every taint from the blood, and builds up the general health. If weaklings are growing up around you, right the wrong by putting them on a course of S. S. S. at once. It is a purely vegetable medicine, harmless in its effects, and can be taken by both old and young without fear of any bad results.

Write us about your case, and let our physicians advise and help you. This will cost you nothing, and we will also send our book on blood and skin diseases.

**THE SWIFT SPECIFIC CO., Atlanta, Ga.**

**SSS**  
A largely attended service was held this morning in memory of the king at St. Margaret Patters, Rood-lane. The officiating clergy were attired in red vestments, this being symbolical of the blood of the martyr.

The crowned heads of every nation. The rich men, poor men and misers. All join in paying tribute to De Witt's Little Early Risers. H. Williams, San Antonio, Texas, writes: Little Early Risers pills are the best I ever used in my family. I unhesitatingly recommend them to everybody. They cure constipation, biliousness, sick headache, torpid liver, jaundice, malaria and all other liver troubles. J. H. O'Reilly & Co. and B. H. Briggs & Co.

**For Over Sixty Years.**  
An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

**HEARING ON RODEY'S BILL.**  
Public Lands Committee Listens to Stockmen's Argument.

A special dispatch from Washington, dated January 28, says: The house public lands committee gave a brief hearing on Delegate Rodey's bill authorizing the erection of drift fences on public lands of New Mexico.

Judge Conway, representing southwestern stock interests, made argument for the measure. He informed the committee that range conditions in New Mexico are different from most sections of the west, that regions where cattle are herded are subject to severe storms, and when no drift fences are allowed, large numbers of cattle are frequently driven before these storms and are lost to their owners. He said the stockmen were complying with the department's requirements and removing fences, heretofore erected, but felt it was only just that they should be allowed to erect fences such as stipulated in Mr. Rodey's bill, which would not retard settlement in any way, especially as they would be under control of the secretary of the interior.

The committee referred the bill to Secretary Hitchcock and if he reports favorably, the measure will be reported to the house. It is hardly possible, however, that it can receive consideration at this session.

## Two Hospitals Said Diabetes.

Bright's Disease and Diabetes Are Positively Curable.

People either cured or recovering from the above diseases are in every ward in this city. Mrs. C. C. Mathewson, proprietor of the Clifton Hotel, 502 Powell street, is one of them, and makes this statement:

602 Powell St., San Francisco, Nov. 21, 1901.  
For two years I suffered greatly from diabetes. Finally I had to go to one of the hospitals, going to one of this city's very best. Three physicians there confirmed my case as diabetes, and put me under treatment and strict diet. Getting no relief, I went home. I got steadily worse and went to another well-known city hospital. The physicians there also said diabetes, and stated that they could produce my life, but that I could never be well. I left the hospital after a few months completely broken down, the percentage of sugar being 31 per cent. It was at this juncture I heard of the Faxon Compound and sent for it. The second and third weeks I began to sleep untroubledly, and found that the awful thirst I had suffered with for over two years had left me. I am now an entirely different person, though still taking it to insure permanency. I have recommended it to a number all getting favorable results. One was a warm friend and another is a Berkeley attorney who had Bright's Disease and is now perfectly restored. I choose publicity, but feel that this thing ought to be known.

Mrs. C. C. MATHEWSON.  
Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent. are positively recovering under the Faxon Compound. (Common forms of kidney complaint and rheumatism offer but short resistance. Price, \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 420 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.)  
J. H. O'Reilly & Co., Sole Agents, Albuquerque.

## FRUIT GROWERS.

Northwestern Association Will Hold Convention in Spokane, Washington.

Spokane, Wash., Jan. 30.—Unless all signs go astray the convention of the Northwestern Fruit Growers' association, which is to be held in this city during the coming week, will be the largest and most representative gathering of horticulturalists and others interested in the fruit growing industry that has ever been held in the Pacific northwest.

Advices received by those in charge of arrangements for the gathering show that prominent fruit growers will be here from many sections of Washington, Oregon and Idaho.

An interesting and instructive program is being arranged, calling for papers and addresses on timely topics by horticultural experts of widest prominence.

"Neglected" colds make fat graveyards. Dr. Wood's Norway Pine Syrup helps men and women to a happy, vigorous life.

Simms and Kearns to Meet.

Milwaukee, Jan. 29.—Five good bouts have been carded by the Milwaukee Athletic club for its first boxing show, to be given tonight, and in the windup an event of unusual value will be offered in the contest between Art Simms, of Akron, and Tim Kearns, the Boston lightweight. Both men have been training faithfully and appear to be in splendid trim for the go.

If Simms is successful in beating Kearns, he will be matched to fight Seltoff, who recently broke Kearns' winning streak by securing a decision over him in a six round bout at Chicago.

**Free Cure for Sick Headache.**  
Chamberlain's Stomach and Liver Tablets are a certain cure for sick headache. If taken as soon as the first indication of the disease appears they will prevent the attack. Get a free sample at all drug stores and give them a trial.

**Preparing for Tailors.**  
Cincinnati, Jan. 30.—The local committee of arrangements is making extensive preparations for entertaining the visiting delegates who will come from all parts of the United States next week to attend the meeting of the Merchant Tailors' National exchange. The convention promises to be the most successful ever held, the organization having developed a healthy growth during the past year.

One of the matters to be discussed by the convention is the proposed establishment of a national home for infirm, disabled or dependent tailors. The project was first suggested ten years ago, since which time funds have been raised until the aggregate now approaches \$50,000. It is believed that another year will see the realization of the project. Colorado and several other localities have been mentioned as the site for the institution, but no definite selection has as yet been made.

All druggists guarantee every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two-thirds of its contents. This is the best remedy in the world for the gripe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia. All druggists.

**London's Automobile Show.**  
London, Jan. 30.—London's automobile show, for which preparations have been making for a long time past, opened auspiciously today at the Crystal palace. It is an excellent exhibition of the progress of the automobile industry in this country. Nearly all the leading British firms and a great ma-

**KODOL**  
Digests What You Eat

## Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, putting it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

## Kodol

Digests What You Eat  
Mrs. Loring Nichols of Penn Yan, N. Y. writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.

Bottles only \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c.

PREPARED BY  
E. C. DeWitt & Co.  
Chicago

J. H. O'Reilly & Co. and B. H. Briggs & Co.  
J. H. O'Reilly & Co. and B. H. Briggs & Co. are displaying the latest products of their factories. Owing to the great area available for exhibition purposes, the show is an exceptionally fine one from a spectacular point of view, as well as interesting.

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures, quickly and permanently. At any drug store, 50 cents.

**May Equal Power of Niagara.**  
Augusta, Maine, Jan. 30.—The Bangor board of trade has taken the initiative in a movement to utilize the immense water power of the Penobscot river, and a company organized for the purpose will soon be chartered. The plan of the promoters involves the outlay of about \$10,000,000, and it is expected that 60,000 to 100,000 horsepower will be developed, or a force almost equal to Niagara.

**Simple Colds.**  
Cease to be simple, if at all prolonged. The safest way is to put them aside at the very beginning. Ballard's Horehound Syrup stops a cold and removes the cause of colds. 25c, 50c, \$1.00 a bottle at Cosmopolitan Pharmacy—B. Rupp.

### LOCAL PARAGRAPHS.

Frank Cline came down from Santa Fe last night.

Dr. H. H. Vankirk is in the city from Fort Wingate.

James D. Lucas, a mining expert of Cerrillos, is in the city.

Attend the Italian band entertainment at Colombo hall tonight.

Deputy United States Marshal Forbes was a passenger north last night.

E. P. Hubbell, representing the Denver Type Foundry company, is in the city today.

The famous Ellery Italian band at Colombo hall tonight. Everybody should attend.

If you want to hear fine music, attend the Ellery Italian band concert at Colombo hall tonight.

Miss Blanche Fitch, daughter of Capt. A. B. Fitch, of Magdalena, is in the city visiting and shopping.

Probate Judge Esquilpula Baca is down from Pena Blanca. He will open probate court at the court house on Monday next.

Mrs. L. B. Stern returned this morning from Socorro, where she had been visiting with her parents, Mr. and Mrs. Joseph Price.

E. W. Wright, who represents the Rothenburg & Schloss Cigar company in Arizona and New Mexico, was a passenger south last night.

Dr. G. W. Ticht, president of the University of New Mexico, who has been at the capital on legislative business, returned to the city last night.

The sewer connection with the Rio Grande Woolen Mills has been completed. The sewer main is 800 feet long and connects with the Second avenue main.

Mrs. A. L. Hale and daughter, Grace, will leave tonight for Troy, Kansas. Mrs. Hale received a message yesterday stating that her father, who resides at Troy, is quite ill.

Among the important improvements recently made in the city are a number of neat brick cottages built on Third avenue. J. E. Haines is the owner of these pretty cottages.

Charles S. Schenrich, general merchant at Bland, who has been spending the past few days in the city, visiting and trading with local wholesale merchants, left for home this morning.

The street car drivers of Albuquerque will give a dance to their friends at Orchestra hall tomorrow night, January 31. Manager Trimble has kindly given the boys the use of the hall.

Mrs. H. Albers left this morning for Pueblo, Colo., where Mr. Albers is employed in the postoffice transfer department as substitute for S. D. Dinwiddie, transfer clerk of the mails at that place.

Frank Eldred, a well known eastern gentleman, came in last night, and proceeded on to the City of Mexico. Frank Cline, of Santa Fe, accompanied him to this city. Mr. Cline returns north tonight.

On next Wednesday evening the local lodge of Spanish-American War Veterans will have a big smoker in Carpenters' hall on West Gold avenue. All veterans of this war are invited, and a rattling good time is assured.

Dr. G. W. Harrison, who went to Santa Fe the fore part of the week to appear before the territorial legislative assembly as a delegate from the city council on matters of importance to the city of Albuquerque, returned home last night.

Manager A. B. McGaffey, of the Hyde company, returned from a business trip to Denver today, accompanying him were Rodman Bouck, of Farmington, and J. W. Benham, of New York, directors of the Hyde company, who were in Denver with Mr. McGaffey.

Watson Downs, recently with the United States postoffice department here, but now district superintendent for the International Correspondence schools of Scranton, Pa., has returned from a trip to Gallup. He reports having experienced severe weather while in the Carbon city.

Trains from both the north and south continue to arrive late. No. 1, of last night, from the north was an hour late, and No. 7 was a trifle more than an hour late. Severe weather in the east is given as a cause. No. 2, of this morning, from the west, was almost an hour late. A crippled engine was the cause.

The Rio Grande Woolen Mills, the big manufacturing institution promoted and built by J. H. Bearup on the Mountain road, is to receive its motive power, electricity, from the Albuquerque Electric Light and Power company. The poles for the lines and wires are put up and the wires are being strung. The new mills are nearing completion rapidly.

A large Navajo blanket and three small Navajo rugs were stolen from A. D. Johnson's residence, 512 South Broadway, last night about 7 o'clock. The blankets had been hung on a clothes line in the rear of the house, and the thief who took them must have seen them there in the afternoon and formed his plans of operation before it got dark. The stolen property is valued at about \$20. Quite a number of Navajo blankets have been stolen from people living on the Highlands the past few months.

The Albuquerque guards are making elaborate preparations for a grand ball on Thursday evening, February 5. Since a well equipped orchestra makes

a dance a more enjoyable affair the boys have decided that nothing short of the best will satisfy them. The ball will be given at Grant hall. The funds received will be used for the benefit of the organization, which is steadily improving in every way. The boys are taking considerably more interest in the work and in a short time will have a full equipped organization of which the city will have every reason to feel proud.

It has been announced that Prof. C. T. Nicholson and Miss Bessie Menaul are to be married in a few days. Both are well known in the city and popular favorites in the best social circles. Miss Menaul is the daughter of Dr. John Menaul, living on the Highlands. Professor Nicholson came to Albuquerque some years ago from Kentucky, and until recently was principal of the Second ward schools.

Nathan Barth, the well known sheep raiser, will leave tomorrow night for Los Angeles, Cal., where Mrs. Barth and daughter, Miss Bertha, have been the past few weeks for their health. Mr. Barth has recently returned from his sheep ranges in the Zuni mountains, and reports the sheep in fine condition, the country having been recently visited by a fine snow.

A six-handed euchre party was given last night by Mr. and Mrs. F. H. Kent at their residence on West Copper avenue, and those present had a splendid time. Mrs. W. P. Metcalf and Mrs. R. W. D. Bryan won the first and second prizes for ladies, respectively, while Felix H. Lester and O. A. Matson took the men's prizes.

Al. Frost, who was at Belen looking up a location for the branch house of the First National bank, has returned to the city. He says the branch bank will occupy quarters at the John Becker company store until a building is erected for the purpose. The new bank will be ready for business by February 15.

George E. Roe, general freight and passenger agent for the Santa Fe at El Paso, is in the city interviewing the merchants in regard to freight rates and looking after other important matters. He will return to El Paso tomorrow night.

Judge A. A. Freeman, who has been spoken of as a candidate for the judgeship of the Fifth judicial district provided Judge McMillan is retired, has announced that he is not a candidate for the office.

T. J. Curran, of the firm of Curran, Jenks & Stubbs, mining brokers, is the owner of a fine new automobile. The new machine arrived yesterday. It is a beauty.

George Wehnert, one of the best general clerks in the city, will leave tonight for Belen, where he accepts a position with the John Becker company.

A new postoffice has been established at Publimos, Valencia county, with Charles Mann, the general merchant at Jarales, as the postmaster.

Herman Claussen, who is in charge of the boarding tents along the Santa Fe Central, is in the city on a visit of a few days to his wife.

Policeman Rossi is on the sick list.

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.

### Grand Opening.

"The North Pole" saloon, at No. 213 Second street, is now ready for business, but the well known proprietor, Chas. Koppeler, will give a grand opening and free lunch at the resort Saturday night. Everybody invited to visit the new place and partake of the good things to eat.
