## NEWS FROM WASHINGTON

### Short Proceedings of Senate and House.

#### AN OPINION SAVES CAPT. BROWNELL

#### Offered Judgeship in the Philippines--Venezuelan Proposal Refused.

Washington, Jan. 29.—In the senate today, Mr. Hanna moved to disagree to the amendments of the house to the department of commerce bill and agree to a conference.

The chair appointed Messrs. Hanna, Nelson and Clay on the part of the senate.

At the close of routine business, Mr. Lodge then resumed his remarks in opposition to the omnibus statehood bill.

#### The National House.

Washington, Jan. 29.—When the house met today it was agreed that at tomorrow's session bills from the committee on claims should be considered and that recognition should be accorded to members alternately on each side of the political aisle to call up bills on the calendar.

The house then resumed consideration of the Indian appropriation bill.

#### FAVORABLE TO BROWNELL

Opinion of Attorney General Saves Him from Court Martial.

Washington, Jan. 29.—The attorney general has rendered a decision to the effect that Captain Brownell, who was a member of a volunteer regiment and whose name has been mentioned in connection with the killing of Father Augustin in the Philippines, and whose conduct has been the subject of discussion in congress, is no longer amenable to civil or military law for his actions while in command of a volunteer regiment in the Philippines.

#### OFFERED A GOOD JOB.

Will Go to the Philippines as Justice of the Supreme Court.

Washington, Jan. 29.—John T. McDonough, formerly secretary of state of New York, has accepted provisionally the appointment of justice of supreme court of the Philippines. The conditions on which he accepts are said to be of such a nature that his appointment will undoubtedly be made.

#### Big Powers Object.

London, Jan. 29.—Great Britain, Germany and Italy have sent a joint reply to Minister Bowen, refusing to accept the proposal that all the countries having claims against Venezuela should be placed on an equality with these co-operating powers.

Washington, Jan. 29.—There was a pause in the Venezuela negotiations today that perilously near a breach, and the end is not yet in sight. It all grows out of the allies insisting upon preferential treatment for themselves in the settlement of their claims.

#### Message on Currency.

Washington, Jan. 29.—The president today sent to congress a message in relation to the currency and the coinage of Mexican and Chinese governments, accompanied by papers from the representatives of these governments. He recommended legislation which would enable the government to assist in carrying out the proposed arrangement.

#### Millionaire Elected.

Olympia, Wash., Jan. 29.—Levi Ankeny, the millionaire banker and farmer, of Walla Walla, Wash., was elected United States senator on joint ballot of the legislature today to succeed George Turner.

#### False Report.

El Paso, Texas, Jan. 29.—Mexican Consul Mallen says the report of the taking of San Marcial by Yaquis is false. He wired General Torres and received the above information.

#### VIEWED THE REMAINS.

Trying to Identify Bodies in Awful Southern Pacific Wreck.

Tucson, Jan. 29.—The coroner's jury empaneled today by Coroner J. W. Culver viewed the remains of fourteen victims of yesterday's disaster on the Southern Pacific near Fall's Station. Identification was difficult and the body of J. M. Hilton was the only one identified with certainty. Other remains are being taken from the ruins. It was stated this morning that four

colored porters of the dining car are missing, not having been seen since the disaster. The total number of dead thus far reported is twenty-four, and it is now believed that the fatalities will number not less than thirty-five. The total injured so far heard from number forty-seven.

#### Wore Pink Carnations.

Denver, Jan. 29.—Every house member this afternoon wore a pink carnation in honor of McKinley's birthday.

Just seven days more remain in which to introduce bills and it is not expected the legislature will settle down to work till after the last bill is introduced.

#### A Pretender Licked.

Madrid, Jan. 29.—A dispatch to the Imperial from Tangier announces that B. U. Hammara, the pretender to the throne of Morocco, has been repulsed and is retreating rapidly.

#### SCHOOL BOARD.

Will Meet Tonight and Fill Vacancies Caused by Resignation.

An adjourned meeting of the special meeting called by President Hopkins, of the school board, last Saturday evening, will be held at the Central school building tonight.

The purpose of this meeting is to consider and probably accept applications for vacancies made in the faculty of the city school by the resignations of Professors Lenker and Nicholson, tendered a week ago and to take effect next week, February 9.

President Hopkins said this morning that it was more than likely that the vacancies would be filled by teachers to be employed at tonight's meeting. It is already known by readers of The Citizen that Professors Lenker and Nicholson resigned their positions in the school to engage in the real estate business.

#### A SCARED TENDERFOOT.

Instead of a Fire, It was a Gust of Albuquerque Sand.

The windy season has arrived, bringing with it many amusing incidents in which the easterners, who have never had the pleasure of witnessing a windy period in the southwest, figure most conspicuously.

While the day was yet enveloped in darkness, several hours previous to the breaking of the glorious day, a young tenderfoot, who has received the benefits of several months of the exhilarating western atmosphere, was awakened from a peaceful slumber, by the ripping and tearing of the window shade and a terrible hammering of the window. In this state of half wakefulness he imagined (an imagination like to that of a newspaper man) that the room was filled with smoke and that the brave fireman were breaking in the window.

"Bill, for God sake, get up. The house is on fire," yelled the frightened young man to his sleeping roommate. Bill made a leap from his warm bed and landed in the middle of the floor. Turning on the lights with the swiftness of a Santa Fe train, he was disappointed to find that the imaginary column of smoke was only a whirlwind of dust that was blowing in from the window, which had fallen in the night. The young man went back to bed crestfallen and with bitter feelings, for they had been deprived of a sensational story.

#### "OUR CHINAMEN."

The Professor on the Journal-Democrat Envious of The Citizen Chinese Reporter.

It could not have possibly been Albuquerque's Chinaman, whom the hammering city editor of the morning Journal-Democrat pictures as "intelligent and well educated," giving evidence of having a Webster's Unabridged beneath his pig tail. The idea of an imported Chinaman using the words "disastrous, picturesque, excruciatingly, imaginative, lucubrations," and other unmeaning words, which would result disastrously with the Chinaman's jaws, is absolutely ridiculous. It

only shows a foolish state of mind, which a dignified city editor, (be he a professor,) should be above. From all indications this nocturnal newspaper man must have been celebrating the Chinese new year, as they are prone to do. If care is not taken there may appear worse things than the editing of "Our Chinamen," for during the interview of the ambitious young reporter he was told in the real Chinese lingo "makee velly drunk." As to being copied from the Denver Republican this is one of the tricks of the trade, which the dignified and spirited minded city editor of our esteemed contemporary should learn, and he would make fewer mistakes. His criticism this morning was the only item of a local nature in the Journal-Democrat, except the numerous mailed "special dispatches" from Santa Fe, and even this item he attempted to palm off on the public, who is well acquainted with the writer of the jaw breaking words, on to an "intelligent, well educated" Chinaman, who don't know the Denver Republican from any other kind of a newspaper.

Judge B. S. Baker, who attended the supreme court as one of the associate justices, returned home last night from Santa Fe.

#### SURVEYORS AT WORK.

The Gentle Tract Survey Completed and at Work Elsewhere.

#### EVERYBODY ON ANXIOUS SEAT.

The Albuquerque Eastern surveyors, under Chief Engineer Farwell, have finished the survey of the Gentle tract, lying just north of the Albuquerque Wool Scouring mills, which was one of the proposed sites for a terminal of the new road.

Today they are engaged in the survey of the tract east of the location of the American Lumber mills. The tract being surveyed covers about forty acres, which is one of the most favorable tracts proposed. From this site a survey has been made for a right of way to the corner of Fourth and Marquette avenues, which point is considered an excellent place for a depot. However, this is only of the many proposed locations for a depot.

It was reported this morning that Mr. Hopewell would arrive in the city tonight, but a telegram was received later saying it would be impossible for him to come.

The people interested in this new railroad project are waiting anxiously for the surveys to be completed, so that they will know where the terminal will be located and when the construction work will begin. The public interest in this new project is universal.

#### Orders Work.

The executive committee handling the railroad and mill subjects received the following from General Manager W. S. Hopewell this morning:

"We have sent orders for active work to commence on the Albuquerque Eastern, so that from fifty-five to sixty teams will be at work out there right off, and if any of the good citizens of Albuquerque or the committee wish to satisfy themselves as to whether work has started or not, they can drive out and see for themselves.

"I expect to be in Albuquerque very shortly and will bring our chief engineer along with me and together we will look over the field very closely."

#### MAY BE HURLEY.

Will Likely Be Elected Director of Kansas City Union Depot Company.

J. E. Hurley, general superintendent of the eastern grand division of the Santa Fe, will, it is believed, be elected to the position of director on the board of the Kansas City Union Depot company, to succeed C. F. Resesguie, resigned.

Mr. Hurley and General Manager H. U. Mudge left for St. Louis Monday to attend the meeting of the company. B. F. Winchell, of St. Louis, is the president, and the meetings are held in that city instead of Kansas City. It was stated at the Santa Fe general offices today that there was not much doubt of Mr. Hurley's election to the place, as the Santa Fe is entitled to a position on the board.—Topeka State Journal.

Mrs. George F. Albright, who enjoyed a few days in Santa Fe, returned home last night. Mrs. Albright attended the ball and reception given by Hon. and Mrs. Solomon Luna, at the Palace hotel, on Thursday night.

Clifton Hill, postmaster and general merchant at Isleta, is an Albuquerque visitor. He will return home tonight.

## MORE FATALITIES

Men Killed and Injured by Explosion at Fort Wayne.

#### BLAMES OTHERS FOR ACCIDENT

Accident on the Monitor Puritan and Several Members Burned.

#### ACQUITTED OF UNLAWFUL KILLING

Fort Wayne, Ind., Jan. 29.—Four men were killed, one fatally and three other seriously injured, and half a score of others, more or less severely hurt, in an explosion which wrecked a large section of the Eckart Packing company's plant at 7 o'clock this morning.

The dead: John Foltz, Fort Wayne; Fred Matthews, Plymouth; Henry Piepenbrink, Fort Wayne; Conrad Miller, Fort Wayne.

Fatally injured: John Yobst.

The explosion occurred half an

after operations had begun for

the day and it is believed to have

been due to an accumulation of

natural gas in the cellar beneath

the section of the factory destroy-

ed.

#### BLAMES OTHERS.

Dying Engineer Puts Blame for Terrible

Train Accident on Others.

New York, Jan. 29.—Chief of Police Kiley, of Plainfield, admits that he has obtained an important statement from Davis, the engineer who sustained fatal injuries in the wreck at Graceland Tuesday night.

Davis was told he could not live and was advised to do all he could to explain the circumstances of the accident.

It is understood that he defended himself and placed the blame primarily upon others connected with the New Jersey Central railroad, but not a hint as to the nature of the statement could be learned from the chief directly.

#### Engineer Davis Dead.

Plainfield, N. J., Jan. 29.—Engineer James H. Davis, of the Reading train, which ran into the Easton express at Graceland on Tuesday night died in the Muhlenberg hospital today. Other victims of the wreck, who are in the hospital, are reported to be doing as well as could be expected, but it is feared several may not recover.

#### STEAM CASK EXPLOSION.

In the Monitor Puritan—Several Members of Force Burned.

Norfolk, Va., Jan. 29.—News was received from the navy yard today of the explosion of a steam cask in the boiler room of the monitor Puritan. Two members of the fire room force were seriously burned. No particulars have yet been given out.

#### No Details.

New York, Jan. 29.—A special from Norfolk, Va., to the Evening World, says an explosion in the boiler room of the monitor Puritan today severely injured several of her crew. The dispatch gives no details.

#### Major Glenn Acquitted.

Manila, Jan. 29.—Major Edwin F. Glenn, Fifth Infantry, who was tried by court martial on the charge of unlawfully killing prisoners of war, has been acquitted.

#### McKinley Birthday Dinner.

New York, Jan. 29.—One of the largest dinners of the season will be the McKinley birthday dinner this evening, under the auspices of the West Side Republican club. In the grand ball room of the Astor Gallery of the Waldorf-Astoria. Secretary of the Treasury Leslie M. Shaw, Senator Dryden, of New Jersey; Senator Depew, of New York; Governor Odell, and Rev. Dr. Frank M. Bristol, President McKinley's pastor at Washington, will speak.

#### Observe McKinley's Birthday.

Columbus, Ohio, Jan. 29.—There was a general response throughout the state today to the proclamation of Governor Nash asking for an observance of McKinley's birthday anniversary. In the public schools, universities and colleges appropriate memorial exercises were held, while clubs and organizations of various kinds signified the day by holding their annual banquets.

#### Fighting Tobacco Trust.

Louisville, Ky., Jan. 29.—Reports made public today show rapid progress in the movement of the tobacco grow-

ers of the White Burley district towards the formation of a strong organization to fight the tobacco trust. Forty thousand growers have become interested in the movement and organizations have been formed in all of the tobacco growing counties of Kentucky, Ohio and Indiana. The association is to be incorporated with a capital stock of \$1,000,000.

Presented to Mrs. McKinley. Canton, Ohio, Jan. 29.—Prominent members of the Society of the Sons of the American Revolution, of Cleveland, Ohio, came to Canton today and presented to Mrs. McKinley an elaborate memorial of her husband, who was a member of the society.

#### Kansas Day Banquet.

Topeka, Jan. 29.—The Kansas City Day club, a republican social and political organization, has made elaborate preparations for its annual banquet tonight. Members of the legislature, state officials and leading republicans from all parts of Kansas, will be among the several hundreds of guests who will gather about the festal board. Brigadier General Frederick Funston has accepted an invitation to respond to the first toast, "Kansas," and several other men of national prominence will be among the speakers.

#### KILL ONE BANDIT.

Officers Attack Gang That Robbed Bullion Train.

#### SILVER THROWN OFF TRAIN.

A special dispatch to the Denver News, from Alamogordo, dated January 27, says:

One of the boldest robberies ever committed in the southwest occurred between Alamogordo and El Paso last night.

A United States bonded car, in transit from the El Paso smelter to Chicago, loaded with 600 bars of silver bullion was entered by robbers and eighty of the bars stolen.

At Jarilla Junction the broken seal was discovered and an investigation revealed three Mexican bandits in the car. When an attempt was made to eject them from the car they pulled knives and a lively fight took place, in which the crew was victorious, and drove away the robbers.

At Dog canyon Sheriff Hunter saw three Mexicans, who took to the brush. A call to halt was answered by a fusillade from one of the bandits. A running fight ensued. Hunter shot a Mexican, the bullet entering the heart. The other two men escaped, but posess are after them.

The inquest was held aboard a special train.

Officials are of the opinion that the bonded car was entered by robbers just outside El Paso, who threw the bars out of the car, to be gathered up by confederates. The value of the missing bullion is estimated at \$40,000.

The special returning to Alamogordo with the jury ran into an open switch on the edge of the yards, turning the engine over. The engineer, fireman and chief clerk of the mechanical department, who were on the engine, were severely injured. The engineer reversed the engine and applied the emergency brake or a number would have been killed, as the special was making about thirty miles an hour.

A number of others who were in the caboose received severe cuts and bruises.

## TERRITORIAL LAWMAKERS

### Seventh Day's Proceedings Legislative Assembly.

#### COUNCIL CHOPPED OFF EMPLOYES

#### House Members Wrangle Over "Honorable" and "Mister."--Legislative Notes.

#### Special to The Citizen.

Santa Fe, N. M., Jan. 29.—The council has reduced the lost of employees and is now buckled down to business. Senator Albright is making a good record.

The house is still wrangling over employees.

Governor Otero entertained members of the council last night with an elaborate dinner.

The council passed the bill paying employees over the veto of the governor. The council cut off over half the number of employees.

#### SEVENTH DAY, WEDNESDAY, JAN. 28.

#### The Council.

The council after the preliminaries of opening in the afternoon and listening to a letter from Delegate B. S. Rodey, similar to the letter in the house, went into executive session to consider the question of employees.

At the close of an executive session lasting from 2 o'clock until 5, the council reduced the list of territorial employees in that branch of the legislative assembly to twenty-seven, or about one-half of the original list and adjournment was taken until Thursday morning.

#### The House.

All members answered to roll call at the morning session.

The journal, after being read in English and Spanish, was approved.

The following bills were introduced: House bill No. 29, by Mr. Bowie, an act to repeal section 1271, Compiled Laws of New Mexico. This section relates to the sale of liquor to Indians. Referred to committee on judiciary.

House bill No. 30, by Mr. Pollard, an act to authorize the treasurer of Grant county to pay over the treasurer of Luna county certain school moneys, referred to committee on finance.

House bill No. 32, by Mr. Bowie, an act providing for the offering of rewards by the governor and serving requisitions. Referred to committee on finance.

House bill No. 33, by Mr. Dalles, an act to amend sections 2915 and 2916, chapter 8, title 33, of Compiled Laws of 1897, relating to the time of commencing actions on accounts, etc. Referred to committee on judiciary.

House bill No. 34, an act to amend chapter XXXVIII of session laws of 1901, an act to create the county of Luna and to readjust the boundaries of Grant and Dona Ana counties and for other purposes, and to provide for the readjustment of the indebtedness of Luna and Grant counties. The bill provides for the issuing of bonds to adjust the indebtedness of Luna county to Grant and Dona Ana counties. Referred to committee on finance.

Speaker Montoya had read his acknowledgment of the receipt of the communication from the Wyoming legislature read yesterday and in his acknowledgment expressed the hope for favorable action on the statehood memorial by the Wyoming legislators.

Speaker Montoya also announced that he had received the answer of Mr. Holland to the contest of Mr. McCosh for the seat from Union county. The answer was referred to committee on privileges and elections.

The house then adjourned until 2 o'clock in the afternoon.

Speaker Montoya announced the receipt of a letter from Delegate to Congress B. S. Rodey. It was read as follows:

Hon. Nestor Montoya, Speaker House of Representatives of New Mexico, Santa Fe, N. M.

"My Dear Sir:—Permit me by this to sincerely thank you and the house for its kind resolution on behalf of my humble efforts, wired to me yesterday.

A few hours after I received it, it came in good play against a statement being made by Senator Burnham, that only the delegate and a few politicians wanted statehood. I went around and gave it to Senator Quay and Senator

Hansbrough, who were sitting together, and Senator Quay sent it to the desk, interrupting Burnham, and had it read as a reply to his charge. It squelched him, of course. You will see it in the Record of the 23rd instant, when it arrives.

My best wishes to the present house of New Mexico and my sincere thanks for their efforts in wiring the state legislators. Sincerely yours,

B. S. RODEY, Delegate in Congress from New Mexico.

The letter was ordered to be spread on the journal.

A recess was taken to await a report of Mr. Baca of the committee on house employees.

Hon. Pedro Sanchez remonstrated against keeping the house waiting so long for a report. Considerable chaffing ensued.

The report was then read and it was moved to adopt the action taken by the council and house conference committee yesterday afternoon except that the recompense of several of the clerks be increased from \$4 to \$5 per day. The report recommended an appropriation of \$2,379 to pay the house employees for the first ten days and an appropriation of \$100 for the chief clerk to be used in the payment of contingent expenses such as postage.

Mr. Vargas moved to reject the report making a forcible speech in support of his motion.

Mr. Kilpatrick moved that the house take a recess and a caucus be called to discuss the report. He was ruled out of order as Mr. Vargas had the floor. Mr. Vargas contended for an increase of the number of employees and greater uniform remuneration for the employees of the same clerks.

Messrs. Sanchez and Llewellyn supported the report. Mr. Llewellyn saying among other things that the council had employed thirty-six committee clerks and that the report was a compromise.

Mr. Bowie objected to the report. He said in the first place forty-two employees for the house had been agreed upon. Later, he said, ten more were added as necessary, because the others named first were not competent. Under that plea second and third additions were made.

Mr. Llewellyn said that the appropriation for extra employees of the Thirty-fifth legislative assembly will not reach the appropriation for that purpose of the Thirty-fourth legislative assembly.

Mr. Bowie replied that he did not object to an appropriation for necessary and competent help, but objected to the employment of incompetent help. Mr. Turner opposed the increase of the list of employees beyond the number agreed upon by the caucus. He had been informed that there are upon the list of employees a number of incompetent persons who are doing nothing but to draw pay. He was in favor of cutting off these incompetents whether he or any other member was responsible for their appointment. Rather than increase the list of employees it should be reduced by cutting off the incompetents.

Mr. Kilpatrick, to cut off the discussion, moved to adjourn until 10 o'clock Thursday forenoon.

A roll call was had, the result being as follows:

The motion to adjourn was lost by a vote of 17 to 6.

Messrs. Bowie, Gutierrez, Kilpatrick, Pendleton, Martin Sanchez and Pedro Sanchez explained their vote.

Mr. Kilpatrick moved to recommit the report. This caused another long discussion, in which Mr. Llewellyn, chairman of the committee whose report was under discussion, stated that he now saw that the committee had exceeded its authority by recommending the appointment of two more clerks. The point was also made that the committee had exceeded its authority by discriminating in the salaries of employees of the same grade and in assigning committee clerks.

During the reading of the committee report, Mr. Llewellyn rose

The "special dispatch" racket, from  
Santa Fe, is being worked in ridicu-  
lously large chunks these days.

The price of coal in New York is go-

The bubonic plague is now setting  
out to conquer South Africa and is  
likely to accomplish it with far less  
difficulty than the British had.

Mayor Carter H. Harrison, of Chi-

Mr. Rockefeller is not a contented

Word comes from Santa Fe that the  
legislature will consider a bill extend-  
ing the tenure of office of the mayor to  
two years, allowing him a salary of \$50

An inquisitive merchant, who has  
some idea of the cost of telegrams, was

portion, weighing 350 pounds.

Greater New York is all very fine  
for the big boys of that pretentious city,  
but it comes high. The assessors have  
been at work in Greater New York.  
The total assessment on real estate for  
taxation has been raised nearly \$1,500,-  
000,000. The Waldorf-Astoria hotel,  
for instance, has been assessed at \$9,-

last year.

The newspapers everywhere are now  
publishing the portrait of Cardinal  
Vanutelli, who is more than likely to  
be the next pope, and it shows him to  
be a fine looking man, and considerably  
more stalwart of figure than Leo. Car-  
dinal Serafino Vanutelli, who has  
just been appointed successor to Car-  
dinal Parocchi in the vice chancellor-

ship of the Roman church, was created  
a cardinal on March 14, 1887, while he  
was serving as papal nuncio to Vienna.  
He holds the rank of a cardinal bishop  
and presides over the see of Frascati.  
One of his offices is that of grand plen-  
ipotentiary of the church. He was born  
in 1834 at Genazzano, was educated at  
the Jesuits' college in Rome, and from  
youth has been a distinguished diplo-  
mat.

Walter Wellman, the Washington  
correspondent of the Chicago Herald-  
Record, writes a bitter article against  
statehood for that paper, it being pub-  
lished in last Sunday's issue. Wellman  
says the statehood scheme is a "money  
making proposition" for Senator Quay  
and others from Pennsylvania. That's  
poor argument. What we want, out  
this way, regardless of schemes, is  
statehood, and that's what the national  
platform of the republican party de-  
clared for.

By means of the Marconi system it

This will strike the landlubbers out  
here in the west as something that can  
be applied to those railroad trains that  
get lost. When they fail to come and  
are marked "two hours late" on the  
bulletin board, and then again "five  
hours late" and in fact are lost alto-  
gether, we can fit up the wireless wire  
and ask the engineer where he is at.

in congress authorizing the secretary

settlement. The bill provides that no  
fences shall be constructed in a man-  
ner to actually inclose any part of the  
public domain and all shall be so con-  
structed as to permit free passage of  
sheep beneath the lowest wire or

gaps or openings as may be necessary  
for public convenience. Rights granted  
under this act shall in no way convey  
title to the land to parties erecting  
fences.

## NO HEBREW RACE.

At a joint meeting of the American  
Ethnological society and the New  
York Academy of Sciences, held in  
New York, Dr. Maurice Fishberg, a  
well known anthropologist, delivered  
an address in which he made the  
declaration that there was no such  
thing as a Hebrew race and that He-  
brews were not descended from Abra-  
ham, Isaac and Jacob, but were in  
reality Armenians.

"The Aryans," he said, "were up to  
quite recently, considered to be a race  
on account of their linguistic affin-  
ities, although in the light of modern  
anthropological research we know that  
there is no such thing as an Aryan  
race."

After citing opinions on the origin  
of the Semites, Dr. Fishberg advanced  
the theory that they were differenti-  
ated from other races in Africa and  
not in Asia, as was generally believed  
to be the case and reviewed the phys-  
ical characteristics of ancient and  
modern Semites.

women in charge of the arrangements  
for the annual convention of the Cal-  
ifornia Federation of Women's clubs,  
which is to be held here next week,  
have received advices indicating that  
the attendance will far exceed that of  
previous conventions of the organiza-  
tion. Delegates have been appointed  
by clubs throughout the state and other  
visitors will also be numerous.

The preparations for the reception  
and entertainment of the visitors are  
going on apace. The homes of leading  
citizens will be thrown open for the en-  
tertainment of the fair delegates, and  
in fact Fresno will keep the latch  
string hanging on the outside in every  
sense of the word. Preparations are  
already being made for the decoration  
of Armory hall, where the sessions of  
the convention will be held. Other pub-  
lic and private edifices will be decor-  
ated in honor of the convention dele-  
gates. With a large attendance and an  
excellent program there is every rea-  
son to believe that the convention will  
be the most interesting and successful  
in the history of the state organization.

## Ayrshire Breeders Meet.

New York, Jan. 29.—The Ayrshire  
Breeders' association held its twenty-  
eighth annual meeting today at the  
Fifth Avenue hotel. George H. Yeaton,  
of Dover, N. H., presided, and C. M.  
Winslow, of Brandon, Vt., acted as  
secretary of the convention. Among  
the matters considered was the advis-  
ability of making a creditable exhibit  
at the St. Louis exposition.

## New Century Comfort.

Millions are all finding a world of  
comfort in Bucklen's Arnica Salve. It  
kills pain from burns, scalds, cuts,  
bruises; conquers ulcers, and fever  
sores, cures eruptions, salt rheum,  
boils and felons; removes corns and  
warts. Best pile cure on earth. Only

## Ohio Editors Organize.

Columbus, Ohio, Jan. 29.—For  
the first time in the history of Ohio jour-  
nalism the editors and publishers of  
all the newspapers of the state are  
meeting in one great convention. Some  
time since it was decided to federate  
all of the various district press asso-  
ciations into one large state organiza-  
tion. This was accomplished at a  
meeting begun here today. The vari-  
ous organizations merged into the  
state association include the Ohio Ed-  
itorial association, the Associated Ohio  
Dailies, the Hocking and Ohio Valley  
Editorial association, and the Ohio  
Publishers' association.

## Group.

The peculiar group which indicates  
croup is usually well known to the  
mothers of croupy children. No time  
should be lost in the treatment of it,  
and for this purpose no medicine has  
received more universal approval than  
Chamberlain's Cough Remedy.  
Do not waste valuable time in experi-  
menting with untried remedies, no  
matter how highly recommended, but  
give this medicine as directed and all  
symptoms of croup will quickly dis-  
appear. For sale by all druggists.

## Louisiana M. E. Conference.

Natchitoches, La., Jan. 29.—There is  
a large attendance of clerical and lay  
visitors at the annual session of the  
Louisiana conference of the M. E.  
church, which began here today with  
Bishop Mallalieu presiding. The ses-  
sions will continue several days, dur-  
ing which time there will be sermons  
and addresses by several ministers of  
note.

## ANOTHER GERM DESTROYER.

Herpicide is Death to Dandruff Germs.  
The germ burrows into the scalp, throw-  
ing up the cuticle in thin scales, called  
dandruff, or seurf, and digging at the  
root of the hair where it saps the hair's  
vitality. First comes brittle hair, then  
lusterless and dead-like hair, then fall-  
ing hair, and, finally baldness. Nine-  
tenths of the hair troubles are caused  
by dandruff. Without dandruff, hair  
will grow luxuriantly, as nature intend-  
ed. "Herpicide" kills the dandruff  
germ leaving the hair to grow unham-  
pered, as it does with the American  
red man.

Sweeney vs. McFadden.  
Boston, Jan. 29.—The Essex Athletic  
club expects a good crowd on hand to-  
night when Patsy Sweeney, the local  
lightweight, and George McFadden, of  
New York, come together in an eight-  
round bout. The two men are old time  
rivals in the ring. The last time they  
fought McFadden was awarded the de-  
cision over Sweeney after twenty  
rounds of fierce fighting.

## Don't Worry.

This is easier said than done, yet it  
may be of some help to consider the  
matter. If the cause is something over  
which you have no control it is obvi-  
ous that worrying will not help the  
matter in the least. On the other hand,  
if within your control you have only  
to act. When you have a cold and fear  
an attack of pneumonia, buy a bottle  
of Chamberlain's Cough Remedy and  
use it judiciously and all cause for  
worry as to the outcome will quickly  
disappear. There is no danger of  
pneumonia when it is used. For sale

## NURSING MOTHERS

A mother's poor health is bad  
enough for the mother but  
worse still for the nursing  
baby.

Mothers find Scott's Emul-  
sion a nourishing and  
strengthening food. If the  
breast milk is scanty or thin  
Scott's Emulsion will make it  
rich and more abundant.

When mothers take Scott's  
Emulsion the babies share in  
the benefits. Thin babies grow  
fat. Weak babies get strong.

## A Scientific Discovery.

Kodol does for the stomach that  
which it is unable to do for itself, even  
when but slightly disordered or over-  
load. Kodol supplies the natural juices  
of digestion and does the work of the  
stomach, relaxing the nervous tension,  
while the inflamed muscles of that  
organ are allowed to rest and heal.  
Kodol digests what you eat and en-

## Railroad Topics

A. H. Hobbs, W. J. Leemann, J. V. Schrick are three new machinists recently employed at the local Santa Fe shops.

J. P. McNally, superintendent of the Rio Grande division of the Santa Fe, is in the city from his headquarters at San Marcel.

H. B. Hastings, a boilermaker, has accepted a position in the boiler-making department of the local Santa Fe Pacific shops.

Geo. P. Boggs, secretary of the Chicago, Rock Island & Pacific Railway company, has been elected a director of the new Rock Island company.

A. S. Rankin, traveling train dispatcher for the Santa Fe, is in the city looking after matters in connection with schedules of local trains. He is a very popular railroad man.

John A. Ross, traveling engineer for the Santa Fe at Las Vegas, is in the city. Mr. Ross is here on matters concerning the spur to be run from the Santa Fe main line to the site of the American Lumber company's mills.

Will McAbee, brakeman, who worked for the Santa Fe railroad at Raton and has been braking on a Nebraska road for the past two years, has returned and accepted a position on the Santa Fe again in the same capacity.

Eugenio and Jesus Baca, brothers of Pedicandro Baca, father of the young girl ravished at Belen, Tuesday, were absent from their places in the brass foundry of the local shops yesterday. They went to Belen to learn the true extent of the injuries done their little niece.

The Lordsburg Liberal says: Some freight cars got off the track on Strauss hill, this side of El Paso, and tied up traffic for about twelve hours. The Golden State limited and the Pacific express, which should have passed through town Monday evening did not get here until Tuesday morning.

The people of Elmsdale, Kas., are making a determined effort to secure the reinstatement of their agent, S. A. Pearsall, who was recently discharged "for permitting the windows and office to become dirty." Mr. Pearsall is very efficient, accommodating and deserving and Elmsdale people will visit Topeka officials with a long petition begging his retention by the company as their agent.

The run of the engine and freight crews of the Rock Island has been changed from Santa Rosa to Tecolote instead of Alamogordo. That makes Tecolote, half way between Alamogordo and Santa Rosa, a division point. A round house has been built and a boarding house for trainmen will be erected. This makes three runs between Santa Rosa and El Paso of about ninety miles each.

W. J. Black, general passenger agent for the Santa Fe, with headquarters at Topeka, and wife, arrived from the south this morning and will remain in the city until tomorrow morning, when they will continue their journey home at Topeka. Mr. and Mrs. Black are just returning from San Antonio, Tex., where the gentleman attended the Texas Rate Sheet meeting, held there last week.

The Las Vegas Optic says: Hon. Eugenio Romero, collector of San Miguel county, returned from an extended trip along the Santa Fe Central, where he has several tie camps. He reports that the work of grading is about complete and that the rails are on the ground at Florence, the junction with the El Paso & Northeastern railroad, where track laying will commence in a few days. He says he has his tie contracts well up and the delivery is progressing satisfactorily.

A change in arrangement of Pullman service of the Rio Grande division, which will be of much benefit to Albuquerqueans wishing to go to El Paso. In the past passengers wishing to go to El Paso would have to sit up and wait for the El Paso sleeper, which comes in from the north on passenger train No. 7. It is not unusual for No. 7 to be from one to six hours late. In such cases passengers would have to sit up and wait. It is now arranged so that if No. 7 is late a passenger for El Paso can go to bed in the Deming sleeper, which stays here, and change cars at Rincon, thus getting a good night's sleep.

### WESTERN SUPERIORITY.

We Beat the East as to Finely Equipped Trains.

"In the conduct of passenger traffic and in advertising passenger service the eastern railroads are far behind the west. Our methods are obsolete and we need something to wake us up."

This is what D. B. Martin, passenger traffic manager of the Baltimore & Ohio road, said in Chicago when talking about California traffic. In all things the east has always assumed a spirit of superiority over the west, and it has only been recently that eastern railroad men would admit that the west had a decent railway system.

The competition of the Santa Fe with its California limited is largely responsible for this changed condition of things. The Santa Fe was the first of the transcontinental lines to really make a great feature of its limited equipment. It bought the finest cars on the market and then advertised these cars thoroughly. The result was that the Santa Fe California limited was soon transformed from a semi-weekly to a daily train, and this year, additional cars had to be put on to

take care of the increasing business. The Golden State limited of the Rock Island has followed the example of the Santa Fe's crack train, and is proving to be a wonderful success.

### Heads Shoud Never Ache.

Never endure this trouble. Use at once the remedy that stopped it for Mrs. N. A. Webster, of Winnie, Va., she writes: "Dr. King's New Life Pills wholly cured me of sick headaches I had suffered from two years." Cure headache, constipation, biliousness, 25c at all druggists.

### Chicago Great Western Plans.

Chicago, Jan. 29.—It is reported on seemingly good authority that the Chicago Great Western railroad intends to acquire a road through Nebraska and a portion of Wyoming to a connection with the Southern Pacific at Ogden. It is further said the company has an agreement with James J. Hill by which it can acquire within the next two years a line extending west from Sioux City to O'Neill, 135 miles, known as the Pacific Short Line. The understanding is that the Chicago Great Western is anxious for an outlet of its own to the west that it may maintain its position and not be dependent upon the Harriman system west of the Missouri river gateways. With a line of its own to Ogden it would be in a position to take other business which it cannot now hope to get.

### The Secret of Long Life.

Consists in keeping all the main organs of the body in healthy, regular action, and in quickly destroying deadly disease germs. ### CAR THIEVES.

Broke into Car at Lordsburg and Stole Bolts of Cloth.

Sunday night thieves broke open a car in the Southern Pacific yard and stole some thirty or forty bolts of cloth, says the Lordsburg Liberal. The car was a bonded custom car, en route from El Paso to Nogales, and had been sealed by the customs authorities. The local authorities could not find the thief, nor the plunder. Tuesday a Mexican named Donciano Herrera, shipped some goods by freight to Morenci.

Something about the box aroused the suspicion of Agent Kyes, of the Arizona & New Mexico road, who had received the shipment. The box was opened and about twenty pieces of the cloth were found.

Herrera was arrested, but swore he had bought the cloth. He did not know the name of the man he had bought it of, but could tell where his house was. The officers went to the house and found that the person who lived there was named Ramon Chavarria, who works for the Southern Pacific company. On searching the house a lot more of the cloth was found. Chavarria swore that he had also bought the cloth. He did not know the man's name, but could tell him if he saw him. He was taken around town on a hunt for the man, and finally located one man named Juan Medrano, who was arrested.

Medrano was not on to the buying scheme, and did not swear the stealing off onto some one else. Judge McGrath sent Chavarria and Herrera to jail for three months for receiving stolen goods, and sent Medrano to the pen.

### TO THE ROOTS.

A School Boy Digs Down to Find Food to Build Him Right.

A good, straightforward letter was recently sent by a bright clever youth which shows his ability to go to the bottom of a trouble and rectify it.

He says: "I attended high school for three years but made little progress. I did not enjoy good health; my food was not properly digested; this caused headache and hence I could not study. I tried taking exercise in the foot ball field but was unable to stand it as it always increased my headache."

"During the summer holidays I began eating Grape-Nuts and the benefit was immediate, the headache stopped, my food digested properly so that I had no more stomach trouble, my general health improved, my weight increased and my brain was clear and bright."

"The result was that this summer I procured Junior Leaving and Junior Matriculation Standing. I also took my place on the foot ball team as half back and played in all the games of 1901."

"This wonderful increase in mental and physical health I attribute to no other cause than the nourishment I got from Grape-Nuts. I recommend them to everybody who desires health. I am only a boy of 17 years, but my weight is 148 pounds and this weight was procured solely by the use of Grape-Nuts." Name given by Postum Cereal Co., Battle Creek, Mich.

There is a reason why Grape-Nuts should correct a delicate, physical, or a sluggish mental condition. The food is highly nutritious and is predigested so that it helps the digestive organs to assimilate other food. It is also rich in the phosphates that go directly to make up the delicate gray matter of brain and nerve centers.

drano to jail to await the action of the grand jury. There is no telling what will happen to him if the customs officers get after him.

### "HOLD ME, WHILE I LAUGH."

Serious: Railroad Items Made to Appear Funny by an Alleged "Mark Twain."

The Las Vegas Record has in its employ a real funny man, and here are some of his "brightest" items: Fireman Gwinn, the man with the never lost name, has placed the sick plug after his name on the board.

Engineer Garvin is taking a vacation of one trip's duration, just to see what in damnation is the matter with the nation.

Wec Willie Mansfield, the machinist, has reported for duty after being off a day or so to gather roses in the garden.

Engineer Martin let his feet hang over the dash board coming down the mountain last trip, so is laid up on the sick board.

Engineer George Seelover, better known as little sure shot, has reported for duty with monkey wrench and torch after one trip off to visit with the Indians.

### HAS INCREASE BEEN GRANTED?

Report that Some Roads Are Dealing With Trainmen.

It is expected that some tangible understanding will be arrived at at St. Louis between the wage increase committees and the officials of the four roads on whom the demands have been made.

Conferences between the committees of the Missouri, Kansas & Texas, Missouri Pacific, Cotton Belt and the Frisco and the officials of those systems have been held more or less frequently, either collectively or individually, for several weeks, and on the best information it seems that no material progress has been made.

It is reported that the Missouri, Kansas & Texas men have received a definite offer of increase from that system and are now polling its acceptance or non-acceptance among the employees of that road. The result of this poll will be learned this week and a reply made to the officials as to whether it will be accepted.

It is also said that the officials of the Missouri Pacific have granted an increase to their men and a poll will be made this week as to whether it will be accepted.

Further conferences between the officials of the Cotton Belt and the Frisco are also expected to be held this week.

### To Discuss Sanitation.

Columbus, Ohio, Jan. 29.—Sanitation is the general subject selected for discussion at the thirteenth annual meeting of the state and local boards of health, which began here today. Among the topics scheduled for consideration are the following: Regulation of the barber shop, the fly and mosquito as disease carriers, the importance of pure air and sunshine in the home, methods and cost of garbage disposal, clinical aspects of the present epidemic of small pox throughout the United States, together with the consideration of previous outbreaks.

### Honors to Adelaide Ristori.

Rome, Jan. 29.—This is the eighty-first birthday of the Marquise del Grillo (Adelaide Ristori), the famous Italian tragic actress, and she has been receiving congratulations personally, by telegraph and by the mail, since early morning, and in large numbers, from all parts of the world. Presents and felicitations were received from King Victor Emmanuel and Queen Helena, and congratulatory messages came from monarchs and other distinguished personages throughout Europe. In Rome, Milan, Florence and other cities of the kingdom the theaters give commemorative performances tonight.

Ristori was born at Cividale, Italy. On her appearance in Paris in 1855, she was harshly criticised for posing as the rival of Rachel, then at the height of her fame. Ristori won popular favor, however, and her receptions in other countries, especially in the United States, were enthusiastic. Among her leading parts were Francesca da Rimini, Maria Stuart, Piel Tolomei, Myrrha, Phedra, Judith and Lady Macbeth. The last character she played in America with Edwin Booth. She retired from the English stage in 1873, but has since appeared before the footlights in her native land occasionally.

### False Fire Alarm.

The shrill mocking bird whistle sounded an alarm of fire this morning which brought crowds of excited people to the streets, who were eager to see the fire department make one of their fast runs. The department did not appear, but the expectant crowd waited patiently. The acting fire chief went dashing up Second avenue in a single buggy to see what the trouble was. He had been out in the

southern part of the city looking after the wires, which are liable to get out of order during the windy days. On arriving at the station he was informed that no alarm had come into the station. It is thought the wind must have blown the wires together, which caused the alarm to be sounded by the mocking bird whistle.

## SECRETARY'S REPORT.

## Large Increase in the Number of Charters Granted.

## SEVERAL RECOMMENDATIONS.

The report of Territorial Secretary J. W. Reynolds for the calendar years 1901 and 1902, has been submitted to Governor Otero and in it are important recommendations for changes in the existing laws. The secretary says as the law requires him to canvass the vote for members of the legislature from districts composed of more than one county and issue a certificate of election, the office should be informed as to who are nominees and the legislature should take such action as will require the county committees to forward to the office before election day a certified list of the nominees for the several offices.

The greatest volume of business transacted in any one portion of the department is from the filing of incorporation papers. The two years just closed show a material and encouraging increase. During 1899 and 1900 there were formed 207 companies with an aggregate authorized capitalization of \$139,543,500, or an average of \$675,000 for each company. The fees collected for the territory amounted to \$11,325. During the years 1901 and 1902 there were filed 386 charters with an aggregate capitalization of \$230,344,325, or an average of about \$600,000 for each company. The filing fees were \$21,969, or an increase of nearly 100 per cent over the fees for the two previous years.

The incorporation law is liberal and invites outside capital to incorporate in New Mexico. One of the most attractive features is that corporations pay no annual or franchise tax in this territory. The law relating to filing fees as passed in 1899 is unbusinesslike and unjust in the classification. For example if a company organizes for mining purposes with capital of \$1,000,000, the filing fee is \$70; same amount of capital organized for irrigating lands must pay a fee of \$110, while the same amount organized for manufacturing or industrial pursuits must pay a fee of \$406.

A law that is uniform in its requirements should be passed as the secretary is now compelled to draw the line between the different classes of companies and subjects himself to complaints and the liability of an accusation of discrimination. There is also a demand for a law that will permit the consolidation of companies engaged in the same or similar lines of business.

At the present time railroad companies are the only ones permitted to consolidate and the law should be made so broad as to cover all lines of business.

The present law regarding the admission of foreign corporations should be amended so as not to require the filing of a certified copy of the general corporation law of the state under which they are incorporated. It is recommended that the law relating to building and loan associations be amended in such a way that foreign associations can do business in New Mexico under no more onerous burdens than are applied to domestic organizations.

The conditions prescribed now financially prohibit any foreign association from doing business in New Mexico and while this is an advantage to local organizations, the people as a whole derive no benefit from it. A fine should be provided to be collected from companies and corporations doing business in the territory without first complying with the incorporation law. There is no necessity for the law requiring all new corporations to publish a certified copy of the articles of incorporation in the county in which the principal office is located, but if the law is to be permitted to stand, it should be so amended as to specify how many times said notice should appear. A law is needed covering the registration of trade names, trade marks and labels.

There is a steady increase in the resources of the banks of New Mexico. The banking laws should be amended in a few particulars. Banks of discount now report to the territorial treasurer and savings banks and trust companies report to the territorial secretary. The reports of both should be made to the same person. The law provides for an examination of a saving bank, for which \$100 is paid by the bank, but it is not enforced because of a discrimination in favor of a bank of discount. The necessity for the appointment of a traveling auditor to examine the banks is dwelt upon strongly. The secretary also recommends that a monetary penalty be imposed on any individual, firm or corporation who shall receive money on deposit, whether on certificates, promissory notes or subject to check, without incorporating under the banking law. No banking should be done in the territory except by legal authority and under legal supervision.

During the two years, commissions were issued to 437 notaries public, and many of them are unable to purchase a full set of statutes as required by law. They therefore remain in ignorance of their powers, duties and legal rate of fees. It is recommended that the law be amended so that the laws covering these subjects be published in concrete form and furnished to each appointee. The law providing for the appointment of commissioners of deeds should be amended so as to prescribe a fixed term of office, say four years.

The Spanish archives dating back to 1620 are in the vaults of the office and

are not classified or properly cared for. The secretary recommends that either the offer from the librarian of congress to care for them be accepted or that some suitable provision be made for their translation and proper classification. An appropriation will be necessary to mail copies of the laws and journals of the legislature printed in Spanish, as the government has ruled against sending them under frank. On account of the increase in business the secretary should be permitted to nominate his chief clerk to be assistant or acting secretary in his absence.

## TERRITORIAL LAWMAKERS

(Continued from page one.)

not in good taste in the proceedings of the house and the word "master" should be substituted.

Mr. Baca objected. The speaker ruled that in accordance with the usage of the United States congress the word "master" should be used.

Mr. Baca insisted on being addressed Honorable R. L. Baca.

Mr. Llewellyn persisted that it was not in good taste nor was it the custom of other legislative bodies to use the word "honorable" and cited in illustration the Congressional Record.

The speaker sustained the point of order of Mr. Llewellyn. Mr. Baca protested, saying that the laws of New Mexico provided that the members of the legislature should be called "honorable."

Mr. Llewellyn said he did not know or never heard of such a statute.

Mr. Dales said that the house had been in session ten days at a cost for salaries of members along of \$1,020 and that practically all this time had been spent over the question of extra employees. He for one was tired of this, and was in favor of getting down to business. Nearly every member was heard on the question. The motion to recommit was carried by 15 to 6.

The house adjourned until 10 o'clock Thursday forenoon by a vote of 17 to 6.

## Legislative Notes.

A severe cold kept Councilman Spies from legislative work yesterday afternoon.

Hon. Malaquias Martinez, of Taos, is the able chairman of the council committee on agriculture and manufacturing.

As chairman of the house committee on counties and county lines, Martin Sanchez, the venerable representative from Valencia county, has an important position, which, however, he is perfectly capable of filling.

Judge Granville Pendleton, as chairman of the house committee on territorial affairs, is the right man in the right place. His legislative experience in Colorado and in this territory is proving quite valuable to him.

Councilman J. S. Duncan, the veteran railroad builder and thoroughly acquainted with railroad matters, is the chairman of the council committee on railroads. His appointment to that important position was certainly a wise one.

The house finance committee has some very strong men among its membership, and Representative Carl A. Dales, of Valencia county, is chairman. It is a very important committee. Mr. Dales will do good work as its chairman.

Yesterday noon the house was twenty-three bills ahead of the council in the number of bills introduced. In the council ten bills have been introduced against thirty-two that had been introduced up to that time in the council two years ago. In the house thirty-four bills had been introduced up to yesterday noon against sixty-one two years ago.

The house and council conference committee Wednesday afternoon fixed the pay of the territorial employees as follows: Interpreters, assistant chief clerks and translators, \$6 a day; reading clerks, assistant translators, stenographers and typewriters, journal clerks, \$5 a day; assistant enrolling and engrossing clerks, assistant sergeants at arms, assistant journal clerks, \$4 a day; assistant reading clerks, sweepers, messengers, day and night watchman, doorkeepers, committee clerks, postmaster, porters, cloak room clerks, bill clerks, \$3.50 a day; pages, \$1.50 per day. It is estimated that the pay roll for territorial employees for both houses will average about \$400 a day, which is about one-fourth of the daily pay roll of the Colorado legislative employees.

## "THE SENATOR'S DAUGHTER"

## Well Played by a Good Company Last Night.

## COMING ATTRACTIONS.

"The Senator's Daughter," a popular society comedy, played by the Curtiss Comedy company at Colombo hall last night, drew a large house. The play brings up many amusing incidents in Washington society life, yet it deals more with the dramatic side of the social world.

The first noticeable pleasing feature of the company's initial appearance was the well equipped orchestra, which won the high approval of the audience. The music furnished by the orchestra was excellent, and the audience showed its appreciation in more ways than one of having the opportunity to visit a theater with a well regulated orchestra. Miss Dale, "Lucia Stetson," the senator's daughter, appeared in several beautiful gowns, which are seldom seen on the stage in Albuquerque. Burt M. Jack as "Lord Henry Beresford," proved himself a clever actor, which won the hearts of the pleased audience. George E. Tilden, as the senator, played the role of a typical southern politician in a manner that showed he is an artist in his line. The support of the other characters of the cast was effective, demonstrating the talent and ability of the Curtiss company.

The specialties could not have pleased the house more. Jack and Paul, in a comedy duo, did some very clever work. Both have strong rich voices, and their character sketches brought many comments from the theatergoers. Little Cecil Staples held the audience in an appreciative attitude by her sweet violin tones. The little maiden gives evidence of a brilliant future in the musical world.

There was nothing in the whole performance that was not worthy of the high praise of which the Curtiss company is deserving.

"In His Power," a comedy drama of no unusual merit, will be played tonight. From the favorable impression made last night, there is sure to be a filled house tonight.

## The Great Italian Band.

The Cavaliere, Emilio Rivela, who has but recently come over from Italy to direct Channing Ellery's Italian band, is one of the most distinguished of all the young leaders of his native land. He comes of a noble family noted for its blue blood and its artistic ability. He is a graduate of the Royal Conservatory of music of Naples and is a brilliant pianist, as well as bandmaster. Signor Rivela is not yet 30 years of age, but is ranked among the very best composers of Italy for both bands and piano. He was until the time of his sailing for America, director of one of the greatest municipal bands in the Italian kingdom. Last year at the annual national co-course of bands at Naples, he secured in competition with 146 bands, the king's trophy, an elegant loving cup. Signor Rivela is a cavaliere, or knight as we would say in English, and wears the cross of Savoy, with which he was decorated by the late King Humbert, shortly before that much loved ruler was assassinated.

Signor Rivela has been in this country but a few months, but in that time he has brought himself to be recognized as a leader of great ability by those who have had the pleasure of watching him conduct. He is graceful in all his movements, yet puts life into his work. Those who have already seen him, declare that he will become the rage of all America in less than a year.

The band comes to the Colombo hall on Friday night, January 30.

## "Sidelacked."

Jules Walter's famous comedy novelty will be the bill Saturday, Jan. 31. It has been very successful for many seasons and the Third Avenue, New York; Bijou, Chicago; Haylin's, St. Louis; Grand, Kansas City; Bijou and Grand, Minneapolis and St. Paul, all look forward each year to "Sidelacked" as the biggest money getter of the season. It came to us fresh from a big successful week in Denver. Seats ready now.

and Mrs. O'Neal, who conduct the mine boarding house, becoming lost on the plains, says the Deming Herald.

It appears the father started for the El Paso & Southwestern railroad station, nine miles away, in the morning, taking the little fellow with him about about three miles of the distance for company, where he sat him down and directed him to return home. It was a well beaten road and the father, it seems, felt no uneasiness for the little fellow's safety. But what was the father's horror on returning home in the evening to find that his child had not yet returned home! News of the little one's disappearance soon spread to every house in the hamlet and the miners under direction of Superintendent McCoy, turned out to search for him. They searched all that evening and all that night and until 10 o'clock next day before little Raymond was found, aimlessly wandering among the soap weeds, having traveled fully twenty-five miles from the point of starting. He was very tired and soon fell asleep in the arms of a rescuer. When restored to the arms of his almost distracted parents there was great rejoicing in camp.

## AN INJUNCTION GRANTED.

Must Construct Second Shaft for Pro-  
tection of Employees.

Upon the report of the efficient and  
hard working United States coal mine  
inspector for New Mexico, J. E. Sheri-  
dan, of Silver City, a suit has been  
filed in the United States district court  
for the first judicial district of this ter-  
ritory by the United States against  
the George W. Kutz company, a cor-  
poration mining coal near Monero in  
Rio Arriba county, to compel the com-  
pany to comply with the federal stat-  
utes in such matter made and provided  
and to construct a second opening in-  
to the coal mine operated by the com-  
pany for the better protection and the  
safety of the lives of its employees.

A temporary injunction has been  
granted by Judge John R. McFie out of  
the United States court of this district  
enjoining the company from working  
its mine until such second opening has  
been made.

The company is ordered to show  
cause in Santa Fe on the 25th of Feb-  
ruary before Judge McFie why the  
temporary injunction should not be  
made permanent.

## If Unwell.

Try a 50c bottle of Herbine, notice  
the improvement speedily effected in  
your appetite, energy, strength and  
vigor. Watch how it brightens the  
spirit, gives freedom from indigestion  
and debility.

Isaac Story, Ava, Mo., writes: Sept.  
10th, 1900. "I was in bad health, I  
had stomach trouble for twelve  
months, also dumb chills. Dr. J. W.  
Mory prescribed Herbine, it cured me  
in two weeks. I cannot recommend it  
too highly, it will do all you claim  
for it." Sold by Cosmopolitan Phar-  
macy—B. Ruppe.

## For Over Sixty Years.

An old and well tried remedy.  
Mrs. Winslow's Soothing Syrup has  
been used for over sixty years by mil-  
lions of mothers for their children  
while teething with perfect success.  
It soothes the child, softens the gums,  
allays all pain, cures wind colic, and  
is the best remedy for diarrhoea. Is  
pleasant to the taste. Sold by drug-  
gists in every part of the world.  
Twenty-five cents a bottle. Its value  
is incalculable. Be sure and ask for  
Mrs. Winslow's Soothing Syrup, and  
take no other kind.

## BOYS WANTED.

Half a Dozen Yelling Kids Wanted at  
Once.

The Citizen has a fine lot of boys  
selling papers, but they have lost their  
yelling powers by the use of cigarettes  
and chewing huge chunks of tobacco,  
hence their voices cannot be heard  
above a whisper. During the legisla-  
ture, and while the paper is building  
railroads, lumber mills, factories, and  
other big enterprises all over the town,  
half a dozen husky kids, who can yell,  
are wanted to sell The Citizen every  
afternoon for the next few months.  
Call at the office between 4:30 and 5  
o'clock in the afternoon, and the  
heavyweight, who has charge of the  
city circulation, will protect you from  
"de lodge gang," provided you prove to  
be gritty and can stand the intima-  
tion.

## HOMICIDE IN AMERICA.

Statistics of Crime in This Country  
Furnish Evidence of a Terrible  
Tide of Murder.

Comparative statistics of murder  
should teach us some lessons of na-  
tional humility, because, blink it  
as we may crime, and especially that  
of homicide, is a pretty "accurate"  
measure of the attainment of civiliza-  
tion. There are about 10,000 murders  
a year in the United States. Mr. Robert Anderson, of London, has  
lately astonished his readers by  
stating that in the 6,000,000 inhabi-  
tants of London there are annually  
on the average only about 18 mur-  
ders. In a sermon on crime a clergy-  
man of one of our smaller American  
cities recently stated that in his city  
(of about 200,000 inhabitants) there  
were in the last five years an aver-  
age of nearly 30 homicides a year,  
says American Medicine. Supposing,  
therefore, that these people would  
not become far more criminal when  
massed together by millions, it fol-  
lows that if the clergyman's city  
were as large as London there would  
be nearly 900 murders a year in it,  
instead of 18. But, worse is yet to  
come: Out of the 145 murders in five  
years there were only 23 convictions,  
and the very worst is the fact that  
not one of these convicted murder-  
ers suffered the death penalty! Upon  
one side, surely, the report no  
longer holds that the doctors put  
their bad work beneath the ground  
and the lawyers hang it up above it.  
"As much hemp grown, as little used,"  
may be pertinently quoted.

## ANT HYPNOTISTS.

A Science in Medical Science Among  
Some of the Latest Witnessed  
by a Student.

That ants doctor their sick by hypno-  
tism and magnetism is proved by ob-  
servation. An ardent student tells  
how he witnessed what may be termed  
a science in medical science among ants.  
He saw several of these little creatures  
emerge from the hills and noticed that  
there were some among them which  
were weak and emaciated—invalids, in  
fact. They were accompanied by  
healthy members of the community,  
and all made their way toward a dis-  
tant mound.

On following their movements  
through a glass the observer saw on  
this mound a big and sturdy ant which  
made some motions in the direction of  
the advancing invalids. The latter  
went up the mound one by one, and  
submitted themselves to treatment.  
This consisted in the physician ant  
passing his feelers over the head and  
body of the patient in a manner dis-  
tinctly suggestive of the hypnotizing  
of nerves and muscles practiced by  
human doctors. Every one went  
through the treatment, then the pa-  
tients went back, and the doctor  
marched off in the opposite direction.

## King Edward's China.

The proverbial "bull in a china shop"  
would find a rich field for exercising  
his proclivities could he gain entrance  
to King Edward's closets. The value of  
the china at Buckingham palace and  
Windsor is said to exceed \$2,000,000,  
reports the St. Louis Star. The Sevres  
dessert service in the green drawing-  
room at Windsor is valued at \$500,000,  
and the Rose du Barri vases at \$250,000.  
At Buckingham palace there are six  
Sevres vases which are valued at \$25-  
000 each.

## THE STUDY OF CHINESE.

Advocated by United States Consular  
Agent in the Interests of  
American Trade.

Mr. Charles Neuer, United States  
consular agent at Gera, in an official  
communication to the state depart-  
ment advocates the study of the Chi-  
nese language as a means of extending  
American trade in the Chinese empire,  
says the Washington Star. "While  
China is considered the land of prom-  
ise for our farmers and manufactur-  
ers," says he, "the importance of the  
knowledge of the Chinese language is  
greatly undervalued. I submit the de-  
tails of a recent interview with a lin-  
guist who has given special attention  
to this subject. It is well understood  
that in order to enter into perman-  
ent commercial relations with a for-  
eign country it is indispensable to  
know its language. When Russian in-  
dustries began to develop the Germans  
recognized that in order to engage in  
profitable trade in that country it was  
necessary to learn Russian, and there  
is now no country where the Russian  
language is so much taught as in Ger-  
many.

"The Chinese language is ideograph-  
ic. It conveys the idea and not the  
word for the thing, as the figure '8' re-  
presents the idea and not the word. The  
Chinese have invented more than 40,  
000 marks for their writing. In the  
opinion of my informant it will require  
only about 5,000 marks for mercantile  
correspondence, and it will be easier  
to learn them than the words of an  
ordinary foreign language.

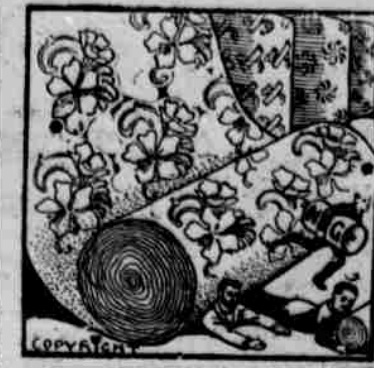

"Russian is more difficult for Amer-  
icans than Chinese. It takes much  
longer to learn the spoken language,  
because of the variety of dialects; but  
any one who can learn enough of the  
writings to answer ordinary purposes  
in a few months and have his knowl-  
edge perfected by a linguist within  
about a year. An exact instruction in  
one of the Chinese languages can only  
be given by a Chinaman.

"This method has been adopted in  
Germany. Besides the professor for  
the theory of language, there are four  
Chinese linguists in the Oriental sem-  
inary of Berlin teaching the business  
style and the language of Peking,  
Shanghai and Canton. It is not intend-  
ed to fit pupils for the diplomatic ser-  
vice, but for commercial work."

UNTIL FEBRUARY 26.

**Supreme Court Finished Hearing Cases and Took a Recess.**

The supreme court yesterday morning completed hearing cases and adjourned until February 26. Every case has been heard as assigned and the court has kept up with the docket. Chief Justice Mills presided today and Associate Justice John R. McFie, Associate Justice F. W. Parker and Associate Justice B. S. Baker were present. Solicitor General E. L. Bartlett and Clerk J. D. Sena were also present.

In case No. 931, U. S. Stewart, appellant, vs. The Board of County Commissioners of Bernalillo county, in which a motion for rehearing was granted some time ago, assignment for hearing was made for February 26.

In case No. 970, The Territory of New Mexico, appellee, vs. William Hall, appellant, appeal from the district court of Lincoln county, a motion for rehearing was denied some time ago, and this morning a motion for appeal to the United States supreme court was denied on the grounds that it was not appealable.

Case No. 1,003, The Territory of New Mexico, ex rel W. M. Adair and others, relators, appellees, vs. The Board of County Commissioners of Taos county et al., respondents, appellants, appeal from the district court of Taos county, was argued and submitted.

Case No. 1,004, George W. Johnston, administrator, etc., appellant, vs. The Board of County Commissioners of Bernalillo county, appellee, appeal from the district court of Bernalillo county, argument was made by A. B. McMillen, Esq., representing appellant. Thirty days was given F. W. Clancy, Esq., representing appellee, to file a brief, as he is sick.

**OF LOCAL INTEREST.**

From the New Mexican.

Judge B. S. Baker, associate justice of the supreme court, left this evening for his home in Albuquerque.

E. V. Chaves, an Albuquerque attorney, attended the meeting of the democratic territorial central committee here yesterday.

O. N. Marron, former mayor of Albuquerque, was in town yesterday in attendance upon the meeting of the democratic territorial central committee.

William McIntosh, an extensive sheep grower with headquarters at Chilili, Bernalillo county, is in town. He is interested in some matters before the legislative assembly.

Mrs. F. A. Hubbell, Mrs. Thomas and Mrs. Romero returned to their homes at Albuquerque this afternoon, after having attended the dance at the Palace hotel last evening.

Jo E. Sheridan, United States coal mine inspector for New Mexico, who has been here several days on official business, left last night for Gallup to inspect the coal mines at that place.

Angus McGillivray, in the sheep business in eastern Bernalillo county, with headquarters at Chilili, was among yesterday's arrivals in town. Mr. McGillivray is interested in the creation of a new county.

Mrs. Harry Benjamin, of Albuquerque, the pretty granddaughter of Col. J. Francisco Chaves, attended the Luna reception and ball at the Palace hotel last evening. She is a guest at the residence of her mother, Mrs. Armijo on the south side.

**OFFICIAL MATTERS.**

The postoffice at Woodbury, Bernalillo county, has been discontinued, and the mail for that point will be sent to Bland in the future.

**Pecos River Forest Reserve.**

Forest Superintendent I. B. Hanna has received instructions from the forestry department to assume charge of the Pecos river forest reserve in conjunction with his duties as forest inspector in New Mexico and Arizona. Supervisor George Langenberg's resignation taking effect February 1.

**DEMING.**

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming, the coming city of New Mexico.

Deming has a magnificent school system.

Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico.

Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming! Don't overlook it if you are looking for a safe and paying investment.

Deming water is chemically pure—equal to Polaris springs.

Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and triple in one year.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattlemen all know this.

**The Themometer is Seldom Higher Than 80° in Mexico City**

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

## NEW MEXICO TOWNS

### PORTALES.

From the Herald.  
Mrs. L. D. Bowlin and sister will  
open their photograph gallery to the  
public about February 1.

P. A. Cox, of Comanche, I. T., has  
located near town. He informs us  
that he expects a number of his old  
Indian Territory neighbors here in the  
early spring.

The Red Men lodge, recently organ-  
ized here, has about thirty-five mem-  
bers and is rapidly growing. The lodge  
meets every Tuesday night.

A gentleman from Mexico informed  
us this week that his little town was  
still on the boom and there was no  
doubt but what they will have a city  
of 500 population by March 1.

G. L. Merriweather, of Bethel, was in  
town, and while here paid this office a  
pleasant visit. He informed us that  
an effort was being made to connect  
his town with Portales by means of an  
independent telephone line, to be own-  
ed and controlled by Bethel citizens.

### Unconscious from Croup.

During a sudden and terrible attack  
of croup our little girl was unconscious  
from strangulation, says A. L. Spafford  
postmaster, Chester, Mich., and a dose  
of One Minute Cough Cure was admin-  
istered and repeated often. It reduced  
the swelling and inflammation, cut the  
mucus and shortly the child was rest-  
ing easy and speedily recovered. It  
cures coughs, colds, lagrippe, and all  
throat and chest and enables the lungs  
to contribute pure, health-giving ox-  
ygen to the blood. J. H. O'Reilly &  
Co. and B. H. Briggs & Co.

### WHITE OAKS.

From the Eagle.  
Owen & Hall are boring a well for  
Frank Crumb, east of town.

William Edson was elected justice  
of the peace at Captain and J. W.  
Smith as constable.

The Exchange bank, with new paint-  
ing, paper, and linoleum on the floors,  
etc., looks good, and you don't often  
see a neater financial habitation in any  
country.

Several homestead claimants in the  
vicinity of Captain have recently re-  
ceived notice from the register of the  
land office at Roswell that their home-  
stead entries have been held for can-  
celation for non-compliance with the  
homestead laws, upon information fur-  
nished the general land office at Wash-  
ington by its special agent.

The crowned heads of every nation.  
The rich men, poor men and misers  
All join in paying tribute to  
De Witt's Little Early Risers.  
H. Williams, San Antonio, Texas,  
writes: Little Early Riser Pills are  
the best I ever used in my family. I  
unhesitatingly recommend them to  
everybody. They cure constipation,  
biliousness, sick headache, torpid  
liver, jaundice, malaria and all other  
liver troubles. J. H. O'Reilly & Co.  
and B. H. Briggs & Co.

### RATON.

From the Range.  
Miss Icie Pickle has gone to Daw-  
son, where she will visit with Mrs.  
Fred Whitney for a month.

R. H. Ayres, of the First National  
bank, left for Excelsior Springs, Mo.,  
where he hopes to gain health and  
strength. Mrs. Ayres will join him in  
about a week.

The Baptist Young People's Union  
elected officers recently as follows:  
President, Merton Davenport; vice  
president, Mrs. Tom Bourne; secre-  
tary, Mrs. Willett; treasurer, Alva Ol-  
bert; organist, Miss Bessie Noble.

Reuben S. Leonard, who has been  
employed in J. W. Crouse's furniture  
store, is seriously ill with la grippe  
and was taken to the Sisters' hospital  
at Trinidad. Mr. Crouse, who has  
done what he could for the old gen-  
tleman's comfort, is in correspondence  
with his relatives in the east.

Owing to a failure in securing nec-  
essary timbers for the completion of  
the derrick, the New Mexico Oil and  
Gas company was not able to start  
drilling on the oil well near Raton  
this week. It is anticipated that ev-  
erything will be in readiness to com-  
mence drilling the first of next week.

### Finds Way To Live Long.

The startling announcement of a  
discovery that will surely lengthen life  
is made by editor O. H. Downey, of  
Churubusco, Ind., "I wish to state," he  
writes, "that Dr. King's New Discovery  
for consumption is the most infallible  
remedy that I have ever known for  
coughs, colds and grip. It's invaluable  
to people with weak lungs. Having  
this wonderful medicine no one need  
dread pneumonia or consumption. It's  
relief is instant and cure certain." All  
druggists guarantee every 50c and  
\$1.00 bottle, and give trial bottles free.

### LAS VEGAS.

From the Record.  
W. E. Hill, the jovial proprietor of  
the Eldorado, experienced considerable  
trouble in getting ready for the dance  
Monday night. He had his special  
Elk's dress suit in the hands of the  
tailor for cleaning and pressing and

eases, as well as pneumonia, and all  
lung troubles are relieved at once and

when he called for it at a late hour was  
given a suit that was probably made  
for some 16-year-old youngster, judging  
from the way it fit. When he made  
the awful discovery that the suit was  
too small, the tailor had closed up  
shop and gone home, which necessitated  
a good deal of skirmishing on  
Mr. Hill's part ere he was able to make  
his appearance toggled out in a swallow  
tail. They do say he held his shoul-  
ders well back all night and was real  
careful how he stooped when he at-  
tempted to be polite and pick up a pro-  
gram which some lady had dropped.

Mike Boylan was reported sick.  
Felipe Delgado y Lucero was reported  
to be a very sick man.

Rudolph Volmer has brought suit  
against William T. Reed et al. to fore-  
close a mortgage on certain real estate  
given to secure a loan.

Miss Minnie Deterick, of this city,  
who is at present in Boston, studying  
music at the Boston musical conservatory,  
writes home that she has been  
selected from her large class as one of  
the number to form a large chorus for  
special purposes.

In the suit of Benigno L. Romero, ex-  
sheriff of Guadalupe county, against  
the county commissioners of that county,  
to secure payment for feeding pris-  
oners and other services rendered,  
judgment has been rendered in favor  
of the plaintiff for the sum of \$1,520.50.

Mrs. Benjamin, a lady residing at the  
Hot Springs, started out Saturday  
night in search of some children who  
were spending the night in a cave  
near by. Before she had gone far she  
fell into an old prospect hole, some  
twenty feet deep, but luckily escaped  
with only a few slight bruises to re-  
mind her of her exciting experience. It  
is very likely she will take a lantern  
with her the next time she wanders  
over the hills at night.

### From the Optic.

Mrs. F. G. Niems is now in charge of  
the Santa Fe route rooming house, lo-  
cated on Railroad avenue.

Miss Pearl Barker is detained from  
attendance at the Normal with a very  
painful and ulcerated gum, where the  
wisdom tooth should be.

The physicians have given up the  
life of the little babe of W. D. Pratt,  
and it is said the little one will not out-  
live the day. Paralysis of the bowels  
is the trouble.

The fifth anniversary of the organiza-  
tion of Las Vegas lodge, No. 408, B.  
P. O. E., was celebrated Monday eve-  
ning by a grand public ball and ban-  
quet at the Montezuma hotel pavilion.

Thursday night of next week is set  
for the banquet of the "reds" by the  
"blues," which means the entire asso-  
ciation membership of the Young  
Men's Christian association. The an-  
nual business meeting will occur at  
the same time, including election of  
directors.

Mrs. W. T. Trevorton is in receipt of  
a letter from Mrs. H. E. Lehman, at  
Forest, Ind. It will be remembered that  
her husband was a former contractor  
and builder here and at the hot springs  
in partnership with Mr. Adams. He  
also kept a grocery on the east side.  
Mrs. Lehman mentions having recently  
seen old Mr. Auble and his son, George,  
whose lower limbs have been paralyzed  
for several years.

is the value H. A. Tisdale, Summerton,  
S. C., places on De Witt's Witch Hazel  
Salve. He says: "I had the piles for  
20 years. I tried many doctors and  
medicines, but all failed except De  
Witt's Witch Hazel Salve. It cured  
me." It is a combination of the healing  
properties of Witch Hazel with anti-  
septics and emollients; relieves and  
permanently cures blind, bleeding  
itching and protruding piles, sores,  
cuts, bruises, eczema, salt rheum and  
all skin diseases. J. H. O'Reilly & Co.  
and B. H. Briggs & Co.

### SILVER CITY.

From the Independent.  
The report has come from resident  
physicians that the year ending 1902  
was the most successful one known in  
the Ladies' hospital.

The street cleaning which has been  
done during the last few days is well  
worth the commendation of the people,  
as it makes a marked improvement in  
the appearance of the town.

The prospects of the new gymnas-  
ium are growing brighter all the time.  
Several of the men of town have come  
in and entered their names on the list,  
the size of which is now so great that  
President Newell says he can vouch  
for its surely being a "go."

W. S. Cox is preparing a level yard  
out of a sloping hillside and last week  
in blasting the Mexican there employ-  
ed succeeded in breaking a few win-  
dows. The result of this work of lev-  
eling will, however, make very great  
improvement on Mr. Cox's residence  
site.

Two sailor boys arrived in the city  
last week on their way to the sanitar-  
ium at Fort Bayard. There are several  
navy patients there at the present time  
and those interested in the success of  
the sanitarium hope that it will soon  
be made into both an army and navy  
hospital. The navy patients there at  
present are supported from the navy  
fund.

Espello Sopera, who has been at the  
Ladies' hospital for several weeks, had  
his foot amputated Friday. This Mex-  
ican was injured in Lordsburg in De-  
cember when being put off the car by a  
conductor, while the train was in mo-  
tion. The man was stealing a ride and  
was dismissed on this account. When

## Why Syrup of Figs is the best family laxative

It is pure.  
It is gentle.  
It is pleasant.  
It is efficacious.  
It is not expensive.  
It is good for children.  
It is excellent for ladies.  
It is convenient for business men.  
It is perfectly safe under all circumstances.  
It is used by millions of families the world over.  
It stands highest, as a laxative, with physicians.  
If you use it you have the best laxative the  
world produces.

## Because

Its component parts are all wholesome.  
It acts gently without unpleasant after-effects.  
It is wholly free from objectionable substances.

It contains the laxative principles of plants.  
It contains the carminative principles of plants.  
It contains wholesome aromatic liquids which are  
agreeable and refreshing to the taste.

All are pure.  
All are delicately blended.  
All are skillfully and scientifically compounded.

Its value is due to our method of manufacture  
and to the originality and simplicity of the  
combination.

To get its beneficial effects—buy the genuine.

### Free Cure for Sick Headache.

Chamberlain's Stomach and Liver  
Tablets are a certain cure for sick  
headache. If taken as soon as the  
first indication of the disease appears  
they will prevent the attack. Get a  
free sample at all drug stores and give  
them a trial.

### DEMING.

From the Herald.  
It is reported that our distinguished  
fellow citizen, Judge Seaman Field,  
will be offered the chairmanship of the  
Deming National Sanitarium auxil-  
iary board.

Wm. Cotton, Esq., who has suffered  
much from a gathering in his ear  
during the last month or so, had an  
operation performed by Dr. Swope  
one day last week, which was very  
successful and has afforded him much  
needed rest.

The Deming National Sanitarium  
enterprise is shaping itself nicely and  
is ready creating considerable inquiry  
from health seekers. The sanitarium  
board has issued its prospectus, a neat  
folder of about fifteen pages, contain-  
ing valuable testimony of the curative  
qualities of Deming air, sunshine and  
water on affected lungs.

On Friday last the cozy home of G.  
H. Harris, near the Methodist church,  
caught fire from a defective flue and  
was entirely consumed together with  
its contents. Mrs. Harris and baby  
narrowly escaped with their lives.  
Their pet dog, that lived under the  
house, was burned to a crisp. Loss  
\$1,000; insurance in Burnside's agency  
\$500.

### Beautiful Thoughts

The sweet, pure breath of the babe is  
suggestive of innocence and health.  
A mother's yearning for children is in-  
separable from a love of the beautiful, and  
it behooves every woman to bring the  
sweetest and best influence to bear on  
the subject of her maternity.

### Mother's Friend

is popularly used. It is a liniment easily  
administered and for external use only.  
Pregnant women should try this remedy,  
it being undeniably a friend to her during  
nature's term of suspense and anticipation.  
"Mother's Friend," if used throughout  
gestation, will soften the breasts, thereby  
preventing cracked and sore nipples. All  
muscles straining with the burden will  
relax, become supple and elastic from its  
continued application.

Albuquerque Endorsement is What  
Counts with the Albuquerque Public.  
You can't fool the public all the time.  
They will find you out at last.  
Every time a man is fooled  
Another skeptic is made.  
Many the remedy that makes the  
skeptical.  
Because it fails to keep its promises.  
Doan's Kidney Pills bring renewed  
reward.

They cure the skeptic.  
Plenty of proof of this at home;  
Albuquerque proof for Albuquerque  
people.

Here's a case of it:  
C. G. Lott, for ten years stationmas-  
ter in Albuquerque, now retired from  
active cares of life, residence 315  
North Arno street, says: "I had at-  
tacks of backache stretching over a  
period of three years. One of them  
occurred shortly before Doan's Kidney  
Pills came to my notice and I went to  
the Alvarado Pharmacy for a box. I  
knew the cause of my trouble arose  
from imperfect action of the kidneys  
because the behavior of the kidney se-  
cretions and their condition fully  
proved it but what to do to check the  
trouble was a mystery. Doan's Kid-  
ney Pills effectively stopped the dif-  
ficulty. If everyone in Albuquerque re-  
ceives as undoubted benefit as I from  
that remedy, kidney complaint, back-  
ache and trouble with the kidney se-  
cretions will cease to exist in this vi-  
cinity."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo, N.  
Y., sole agents for the United States.

**Dislocated Her Shoulder.**  
Mrs. Johanna Soderholm, of Fergus  
Falls, Minn., fell and dislocated her  
shoulder. She had a surgeon get it  
back as soon as possible, but it was  
quite sore and pained her very much.  
Her son mentioned that he had seen  
Chamberlain's Pain Balm advertised  
for sprains and soreness, and she asked  
him to buy her a bottle of it, which  
he did. It quickly relieved her and  
enabled her to sit up, which she had  
not done for several days. The son  
was so much pleased with the relief it  
gave to his mother that he has since  
recommended it to many others. For

### LOCAL PARAGRAPHS.

Deputy United States Marshal R. E. Leatherman, who was in attendance on United States court at Santa Fe the past two weeks, returned home last night.

Mrs. F. A. Hubbell, Mrs. Louise Thomas and Mrs. Romero, who were guests at the ball given at Santa Fe on Tuesday evening, have returned home.

A social will be held at the Baptist church on Tuesday evening. A nice musical program has been arranged for the occasion. A cordial invitation is extended to all.

The Lion dry goods store has been supplied with a number of large electric arc lights. These, with a couple of the large gasoline lamps, light up the big store to perfection.

D. C. Cain, general superintendent of the western grand division of the Atchison, Topeka & Santa Fe railroad, with headquarters at La Junta, is expected to arrive in the city the next few days.

There will be a special convocation of Rio Grande chapter No. 4, Royal Arch Masons, this evening at 7:30 o'clock at Masonic hall. Work. By order of the E. H. P. L. H. Chamberlin, secretary.

Mrs. F. V. Fisher, wife of Rev. Fisher, of the Lead Avenue Methodist Episcopal church, who is out in California recuperating, has gone to California to join him. Rev. Fisher's mother and son remain here.

There will be a social at the Baptist church tomorrow evening from 7:30 till 8 o'clock, to which all members of the church and congregation are invited. Strangers especially welcome. A fine musical program has been prepared.

B. H. Hill, from Allegheny City, Pa., is in the city, being introduced around by Mayor C. F. Myers. Mr. Hill is well acquainted with General Torrance and other Pennsylvania capitalists, who are interested in railroad building in New Mexico.

D. A. Walker, of Columbus, Ohio, president of the Consolidated Copper company, is in the city. He is here to meet Secretary McDonald, of the same company, who will arrive here tonight from Denver, Colo. The Consolidated Copper company has large interests in New Mexico.

J. D. Larabee, senior member of the Larabee Flour Mills company, Stafford, Kansas, is in the city, stopping over on his way to southern California. While here, Otto Berger, of the French bakery, showed the visitor courtesies. The Larabee flour is handled in carload lots by Mr. Berger.

Ross Merritt, with the Bank of Commerce, was at the depot this morning to meet and visit with his uncle, C. T. Merritt, of Chicago, who passed through the city en route home from a trip to the coast. Mr. Merritt has been a member of the Board of Trade of Chicago for twenty-three years.

Members of Temple Albert and others who wish to attend the services will please take notice that this Friday evening services will be held at 7 o'clock instead of 7:45 o'clock. Music will be furnished by Mrs. Braithwaite and Mrs. Israel. Rabbi Kaplan will lecture on "Disillusionment." The public is welcome.

R. R. McKinnis and wife expect to leave in a day or two for a short sojourn in southern California. Mrs. P. L. McKinnis, mother of R. R. McKinnis and wife of President McKinnis of the proposed New Mexico Northern railroad, will probably accompany the young folks to the coast. The young man is in rather poor health.

Eugene V. Debs, the famous speaker and leader of socialism, who is one of the most popular lecturers of the day, will pass through the city some time in March, bound for the coast. A. W. Veatch, advance agent for the Central Lumber bureau, was here yesterday and it is likely that arrangements will be made by which Debs will be secured to speak in Albuquerque. W. P. Metcalf is at the head of the movement.

The Whitney Company, the big plumbing and hardware house on South First street, are the fortunate possessors of a contract to furnish and fit a steam heating system in the new Barnett building at the corner of Railroad Avenue and Second street. This is the second big contract for plumbing and steam heating fixtures the Whitney company has secured the past two weeks. The other contract recently secured by the Whitney company, was for the new Santa Fe depot at San Marcial. The plumbing of the Barnett building will be the very finest.

### DEVICE IN USE.

New Feature of Railroad for El Paso Just West of Town.

The safety interlocking plant erected at the point where the El Paso & Southwestern railroad crosses the Southern Pacific, just west of town, was put in use Sunday, the railroad commission at Austin having approved it upon the recommendation of Engineer Thompson, who was sent to examine it by that body. It is the first device of the kind ever established in El Paso or vicinity.

A bulletin posted in the local dispatcher's office of the Southern Pacific instructs the trainmen to be given by the signals to be given them by the towerman when they are passing the crossing. This so notifies the trainman that the double track of the Southern Pacific is now operated just the reverse of the old way, that is, trains now use the right hand track in the direction in which they are going instead of the left. A lack of knowledge of this change caused an engineer to run his engine onto the ground near the interlocking plant Sunday night.

The switch at the west end of the double track is now thrown by the towerman, so that both east and west trains can pass it without stopping.—El Paso News.

Rev. Carlisle P. B. Martin, L. L. D., Waverly, Texas, writes: "Of a morning when first rising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons, needing a medicine for throat or lung troubles." Price 25c, 50c, \$1.00 a bottle at Cosmopolitan Pharmacy.—B. Ruppe.

### SUICIDE AND MURDER.

Double Tragedy in the Rear Room of a Saloon on Account of a Jealous Quarrel.

A special dispatch from Clifton, Ariz., dated January 28, to El Paso Herald, says:

At 4:30 this morning Dot Garland, known as "China Dot," was shot four times with a 45-caliber revolver by William Garland, known as a rounder and gambler, who afterwards shot and killed himself, blowing the top of his head off. The Garland woman is dying but she refuses to give information of her identification, but is known to have a brother near St. Louis and is supposed to be from there.

The tragedy occurred in a room in the rear of Siriano's saloon. The room presented a horrible aspect. The brains of Garland bespattered the contents of the room.

Both are old timers and the woman is believed to be rich as she associated years ago exclusively with Chinese, who showered gold on her.

Both have been lately addicted to opiates. The suicide and murder was the result of a quarrel, presumably because of jealousy.

Surgeon Horn, of the Arizona Copper company, is momentarily expecting the woman's death.

### Simple Colds.

Cease to be simple, if at all prolonged. The safest way is to put them aside at the very beginning. Ballard's Horehound Syrup stops a cold and removes the cause of colds. 25c, 50c, \$1.00 a bottle at Cosmopolitan Pharmacy.—B. Ruppe.
