CONSUMED IN FLAMES

Terrible Train Collision Near Tucson, Arizona.

BELGIUM INTERESTED IN VENEZUELA

Fearful Boiler Explosion In Alabama--Little News From Washington.

Tucson, Ariz., Jan. 28.—There was a fearful collision this morning at 3 o'clock.

Passenger train No. 9 and passenger train No. 8 were in a head end collision, while both were at full speed, near Vail, seventeen miles east of Tucson. The trains are piled on each other.

Eleven cars were consumed in a few minutes, on account of the oil tanks spreading oil through the wreck. Engineer Bruce and his fireman, and Engineer Wilkie were burned to death, and the latter's fireman seriously injured.

Eight bodies have been found. How many more are consumed it is not known.

A relief train with seventeen injured has just returned here.

The names of the dead as yet are unobtainable.

Later.

Killed—J. M. Hilton, Cambridge, Mass.; J. W. Brice, engineer; O. R. Wilkey, engineer; George McGrath, fireman.

Seriously Injured—Frederick Romero, Juarez, Mexico; H. W. Harkman, Saginaw, Mich.; Fred Donahue, Battle Creek, Mich.; Ben Sayer, Silverton, N. Y.; G. S. Gilbert, fireman; Ben Braden, Mayhill, N. Y.

Slightly Injured—S. H. Boehm, baggage man; S. Clark, Milson, Tucson, Arizona; F. C. Glidden, Cambridge, Mass.; R. E. Heaguita, Hermosa, Mexico; G. S. Walker, Tucson; Dr. Myers, Springfield, Ohio; B. Watick, Tombstone, Arizona; Miss Irene Millington, Phoenix, Arizona; Lem L. Bradford, Canon City, Colo.; traveling man, name unknown.

Not less than eight were killed and it may run to twenty.

BELGIUM INTERESTED.

Will Take Charge of Venezuelan Customs for the Allies.

Paris, Jan. 28.—It was learned today that the Belgian charge d'affaires at Caracas has informed his diplomatic and official colleagues that Belgium will undertake the administration of the Venezuelan customs in behalf of the allies and other foreign claimants, thus relieving the United States and other interested parties from the responsibility of administering the settlement.

Expecting Final Answer.

Washington, Jan. 28.—No advice have yet arrived here from London, Berlin or Rome, relative to the Venezuelan negotiations. The representatives of the allies are hopeful that the final answer of the powers, authorizing them to raise the blockade, may reach here within the next twenty-four hours. It will be communicated at once to Mr. Bowen and the preliminary protocol will then be signed.

They Urge Acceptance.

Washington, Jan. 28.—The Italian and British ambassadors and the German charge d'affaires, at a joint conference today, agreed to cable their governments urging a prompt acceptance of Bowen's last proposition to enable the lifting of the Venezuelan blockade at once. In this cablegram which was sent at noon, it was suggested that consideration of the details of the proposition be postponed until after the signing of the preliminary protocol.

Answer Awaited from Venezuela.

Berlin, Jan. 28.—The allies are awaiting Venezuela's reply to their conditional acceptance of the guarantee. Venezuela appears to have asked the allies to permit all countries having claims against her to participate in their payment out of the proceeds of customs set apart for that purpose. This the allies have declined to agree to, and it is upon this point particularly that Venezuela's answer is awaited.

BOILER EXPLOSION.

Six Men Killed and Twenty Badly Injured.

Anniston, Ala., Jan. 28.—A large boiler in the malleable foundry of the Southern Car and Foundry company blew up today, killing six persons and

injuring twenty others, several of whom will die.

The dead: Thomas Birch, pipe fitter; Ike Hardy, car maker; J. A. Forte, boilermaker, and three colored men.

Probably die: W. H. Lewis, helper; Clyde Price and two colored men.

National House.

Washington, Jan. 28.—Soon after the house convened today a motion was made to concur in the senate amendments to the bankruptcy bill and after some debate, was agreed to, 124 to 32. The house then resumed consideration of the Indian appropriation bill.

The sub-committee of the house naval affairs, committee, appointed to draw up findings for the committee in the matter of the investigation of the Lessler bribery charge, did not meet today owing to the absence from Washington from one of the members.

Chinese New Year.

New York, Jan. 28.—The old and for the most part dilapidated structures included in that motley section of the lower east side bounded by Mott and Pell streets and the Bowery and which enjoys the geographical appellation of Chinatown, was decked out in holiday attire today. Red and yellow flags and banners, showing the rampant dragon, fluttered over the narrow streets and from the latticed verandas were suspended paper lanterns and streamers of bright red paper.

It was the first day of the Chinese new year and the almond eyed denizens of the colony were making merry in their customary way. Laundries were closed in all parts of Manhattan, Long Island and in the adjacent cities of New Jersey and the sons of the Flowery Kingdom trooped into Chinatown to join in the general celebration. The festivities cover a period of several days, during which time there is little work but much feasting, music and gaming. It is also a banner week for the Chinese theater in Boyer street where the manager expects to display the "S. R. O." sign each afternoon and evening during the remainder of the week.

Glass Will Succeed Casey.

Washington, Jan. 28.—Rear Admiral Casey's two years' tour of sea duty expired today. He will be succeeded in the command of the Pacific squadron by Rear Admiral Henry Glass, now in command of the naval training station at San Francisco.

Transport Arrives Safe.

Washington, Jan. 28.—Quartermaster General Ludington has received a cablegram from Quartermaster Baker at Nagasaki, saying that the transport Dix, which had been reported lost, arrived there this afternoon from Seattle. She had a fair and uneventful passage.

TERRITORIAL DEMOCRATS.

The Central Committee Met in Santa Fe Yesterday.

SERIES OF RESOLUTIONS.

Pursuant to call the territorial democratic central committee met at Santa Fe yesterday afternoon in the office of the secretary, N. B. Laughlin.

Hon. W. S. Hopewell, chairman of the committee, presided.

The meeting was called for the purpose of considering and deciding on some plan of action to be taken by the democrats of the territory as a political organization toward the action of the United States senate on statehood for New Mexico.

Statehood for New Mexico under the omnibus bill and statehood for New Mexico and Arizona as one state, were the questions at issue.

The meeting finally adopted the following resolutions:

"Whereas, The democratic party in convention assembled has repeatedly declared for the admission of New Mexico to the sisterhood of states, and

"Whereas, The democratic senators

and representatives of the congress of the United States have consistently and unanimously supported this pledge of the national platform and by their work and by their votes have advocated measures for the admission of this territory as is evidenced particularly at this present time, by their united support of the statehood measure pending.

"And Whereas, It is the unanimous desire of the democrats of the territory of New Mexico that this territory should be immediately admitted as a state; therefore, be it

"Resolved, By the democratic territorial central committee meeting duly and regularly assembled that the thanks of the democrats be and are hereby tendered to the democratic representatives and senators for their unwavering, united and loyal support of the present measure pending, and be it further

"Resolved, That we hereby request their continued support."

The joint statehood proposition was not considered.

STOCKMEN KILLED.

In a Rear End Collision Between Stock Trains.

Chicago, Jan. 28.—Three persons were killed, four seriously injured and eight slightly injured in a rear end collision between stock trains on the Chicago & Northwestern railway near La Fox, Ill., this morning.

The dead are: A. A. Amery, Scranton, Iowa; Mr. Coe, Woodbine, Iowa; Mr. Lane, Vail, Iowa.

The trains came together in a dense fog. The killed and injured were for the most part stockmen in charge of stock in their way to Chicago and the east.

OUR CHINAMEN.

Sam Kee and Chong Lee Talk About Their New Year.

CELEBRATE IN PRIVATE.

Today at noon began the Chinese new year, which is a great event to the Chinaman in his own country and even some parts of the United States where the Chinese colonies exist they are given permission to celebrate this great event, but not to the extent they are accustomed to doing in their own country. The festivities consist of exploding bombs and firecrackers and feasting and drinking.

Sam Kee, one of the oldest Chinese citizens in Albuquerque, was called upon this morning and asked if he intended to celebrate this event.

"Me no celebrate," said Sam, shaking his head wisely. "Law no permit alle Chinese to shootee fire crackers. Anyhow me Melican now. No likee shootee firecracker velly well, only Fourth July. Firecracker scare horse, makee lots trouble."

Sam explained that he had been in this country about thirty years and was now an American citizen; that the celebration lasted until February 4 and during the time there was a noisy time in China.

Chong Lee was given a call by the same inquisitive newspaper man.

"Alle Chinese here no celebrate; big time all samee in Frisco; shootee lots big firecracker; drink lots good whiskey; lots fun; big time. Get no permit here; to muchee noise."

Then Chong went on in his own unique way and told how all the Chinese in Frisco and other Chinese colonies light the fires in the joss houses, and how the incense to their god permeates the alleys and aqual quarters, while all the Chinese in these enjoy a financial harvest, American sight-seers being the principal contributors.

So the Chinese population of Albuquerque will celebrate only if any, in a quiet way. There will be no public demonstrations as is their custom.

Catholic Mission.

From February 25, which will be Ash Wednesday, till March 8, a mission will be conducted by Rev. Father Barry, S. J., at the church of the Immaculate Conception. Father Barry is a member of the Society of Jesus and a great friend of Father Mandalari, at whose invitation he comes to this city to address the congregation two or three times every day for about two weeks. Since Father Mandalari has been in charge of the Immaculate Conception parish, the Catholics and non-Catholics of this city have been addressed by missionaries of the highest merit in te west. Father Barry will prove himself equal to the very best of them.

Dr. S. D. Swope, of the enterprising city of Deming, is an Albuquerque visitor for a day or two.

MANY KILLED

Engineer Responsible for Terrible Train Wreck

A LUCKY MINER OF COLORADO

Yaqui Indians Attack Town of San Marcel and Take Possession.

A FATAL STOCK TRAIN COLLISION

New York, Jan. 28.—Two wrecking crews worked all night, taking the bodies from the wreck caused by the collision of a Philadelphia and Reading express local on the Central railroad of New Jersey, at Graceland, N. J. In all twenty-one bodies were taken from the wreckage and the following identifications have been made:

Rowland R. Chandler, Plainfield, N. Y.; Thomas E. Cumming, Plainfield; Edward Field, Plainfield; Harvey S. Patterson, Dunellen, N. J.; George E. Reed, Scotch Plains, N. J.; C. P. Thayer, Plainfield; Edward W. Williams, Plainfield; Frederick Walser, Plainfield; Harry Rogers, Fred Hardingham, Craig Hardingham, Plainfield.

W. E. Davis, the engineer of the Reading express, died today.

A policeman who aided in the work of rescue, made a statement today concerning Davis:

"I assisted in carrying Davis, the engineer, from his engine. He was terribly injured. He said: 'I am responsible for the accident. I saw the danger signal, but expected it to turn white.'"

Fifty and More Injured.

New York, Jan. 28.—Up to noon today the total loss of life by last night's train wreck on the Central railroad of New Jersey at Graceland, N. J., was believed to be twenty-two. Of these fifteen bodies have been identified. More than fifty persons were injured, some of them very severely. The hospital reports today were, however, that with perhaps one or two exceptions, all would recover.

LUNA RECEPTION.

Hon. and Mrs. Solomon Luna Entertained at Santa Fe.

BRILLIANT SOCIAL EVENT.

Santa Fe has been the scene of many brilliant social functions, but never before in the history of social life, during the assembly of the legislature, has a more elaborate, more enjoyable, more charming, as to decorations and appointments, event taken place than the reception and ball given by Mr. and Mrs. Solomon Luna at the Palace hotel last evening.

The spacious hotel was a theater of exquisite beauty. Palms, evergreen and American beauty roses adorned the halls and parlors of the second floor in a most artistic arrangement.

The name "Luna" in striking red lights, stood out prominent in an immense arch of evergreen that was suspended over the main stairway. An arch of beautiful flowers contrasted with masses of green, lighted by many concealed lights, surmounted the center stairway, where the receiving party were stationed.

Mr. and Mrs. Luna were assisted in receiving the guests by Governor M. A. Otero, Secretary J. W. Reynolds, Judge J. R. and Mrs. McFie, Mr. and Mrs. Bergere.

Dancing began at 10 o'clock, at which time all the guests had arrived. During the hours of pleasant dancing punch was served by Misses Nina Otero, Virginia Otero, Bertha Staab and Montoya.

The dining room was arranged with tasteful and attractive decorations. The guests assembled for refreshments at midnight, and eatables of the most toothsome and delicious nature were enjoyed by the guests.

The ball, which is the first formal social event of the legislative assembly, speaks in the highest terms of the social world in New Mexico.

The affair was attended by many people from all parts of the territory, who greatly added to the completeness of the event. The costumes of the ladies were of an elaborate and exquisite

beauty that always gives brilliancy to a ball room, and the picture presented in the ball room of the Palace last night will long be remembered by the society of the southwest.

Among the guests, including the members of the legislature and prominent gentlemen of the official circles, were:

Messrs. and Mesdames M. A. Otero, J. W. Reynolds, J. R. McFie, A. M. Bergere, A. H. Bartlett, H. O. Bursum, W. E. Martin, Hanna, Rivers, J. H. Sloan, G. W. Armijo, N. B. Laughlin, O. C. Watson, F. Delgado, E. D. Reynolds, V. Jaramillo, A. J. Abbott, Safford, Drebert, Boyle, Whitman, A. Seligman, J. Seligman, Cartwright, R. M. Turner, G. F. Albright, Amado Chaves, A. J. Kennedy, I. Sparks, F. A. Hubbell, Mesdames Cohn, Benjamin, Thomas, Wright, Harroun.

Missess Olson, Ortiz, Otero, Virginia Otero, Montoya, Anita Armijo, V. Perrea, McKenzie, Palen, Doyle, Glidersleeve, Pendleton.

Messrs. Morgan O. and C. Llewellyn, Gortner, Parker, Mills, Baker, L. B. Prince, E. C. Abbott, Baer, Critchlow, McCance, Field, Morris, Metzger, Vaughn, Sargent, Harding, Freeman, Cartwright, R. E. Twitcheil, H. L. Waldo, Dr. Massie, Harry P. Owen, Wilson.

This brilliant affair was branded on the minds of the guests as one of the most enjoyable of the season.

A LUCKY MINER.

Buried Under Hundreds of Tons of Earth and Not Injured.

Victor, Colo., Jan. 28.—At 1 o'clock this morning Charles Schrieber, a miner, was imprisoned in the Nellie Mine by a cave-in of hundreds of tons of earth. A rescue party at once went to work and at 7 o'clock this morning Schrieber was taken out. He was not injured in any way.

OFFICIAL MATTERS.

Notaries Appointed--Land Office Business--Appeal for Troops.

AMENDED MINERAL SURVEY.

H. L. Logan, of Stegman, Eddy county, has been appointed a notary public by Governor Otero. Other notaries appointed were: W. F. Buchanan, of Tucumcari, Guadalupe county; Thomas M. DuBois, Corona, Lincoln county; W. Harris, Kingston, Sierra county; William H. Newcomb, Silver City, Grant county.

Land Office Business.

Homestead Entries—Edwin C. Manning, of East View, 160 acres of land in Valencia county; Paul McCormick, of Chaperito, 162 acres of land in San Miguel county; Antonio Gonzales, of Wagon Mound, 160 acres of land in Mora county; Manuel Bernal, of Cleveland, 160 acres of land in Mora county.

New Mexico Map.

Surveyor General Morgan O. Llewellyn has been advised by the general land office at Washington that a new map of New Mexico has been compiled and will be completed in about two months. The lettering remains to be put on.

Amended Mineral Survey.

An application has been received at Surveyor General Morgan O. Llewellyn's office from George Kingdon, assignee of Jane Hutchinson, for an amended survey of the Emma lode, Central City mining district, located in Grant county, section 3, township 17 north, range 12 west. The location was made October 1, 1897, and was recorded December 8, 1897.

Appeal for Troops.

On request of Superintendent Crandall, of the government Indian school, Governor Otero asked from the interior department that a detail of troops be sent to Santa Clara. The Indians there are suffering from diphtheria and refuse to permit a physician to attend them, according to the orders of Mr. Crandall, or to observe any quarantine. The last resort is to have troops take charge and as a precaution this is asked.

THE YAQUI INDIANS.

They Attacked Mexican Town--Eight Americans Killed.

Cannanea, Mexico, Jan. 28.—News has just been received here that the Yaquis three days ago attacked the town of San Marcel and took possession of it. Among the defenders of San Marcel were twenty Americans, eight of whom were killed. The names so far as known are Mr. McAllister, formerly superintendent of the Puerto Cretos mine of this place; Frank Pendleton, formerly foreman of the same mine; Ed Schutt and George Carroll. It is reported that a number of Americans fought on the side of the Yaquis.

Sixth Day's Proceedings of Legislative Assembly.

COUNCIL AND HOUSE BILLS INTRODUCED

The Axe Used on Another Batch of Un- necessary House Employees.

SIXTH DAY, TUESDAY, JAN. 27.

The Council.

The council was called to order at 10 a. m. with President Chaves in the chair. All members answered roll call, except Mr. Andrews.

The chair announced that since the committee on territorial affairs consisted of only three members and, as one of the members, Mr. Andrews, was necessarily absent for some time, he would substitute the name of Mr. Duncan for that of Mr. Andrews on statehood.

A communication from the Seventh legislative assembly of the state of Wyoming was read acknowledging the receipt of the statehood memorial telegraphed to it last Thursday evening.

Mr. Albright introduced council bill No. 10, an act relating to trust companies.

Council resolution No. 1, protesting against the reduction in the train service on the Denver & Rio Grande railroad, introduced by A. Chaves, was upon motion of Mr. Fall, tabled indefinitely because it would make it appear that the council was attempting to hold up the railroad company, should it pass such a resolution.

President Chaves then referred the bills introduced Monday, as follows: Council bill No. 5, an act conferring additional powers on mayors of cities and towns, to the committee on municipal and private corporations.

Council bill No. 6, an act to provide for the burial of deceased honorably discharged soldiers and marines, to the committee on territorial affairs. Mr. Fall joyously moved to amend bill so as to provide for the placing of a monument to legislators over their graves.

Council bill No. 7, an act to protect territorial lands from trespassers, to the committee on public lands and institutions.

Council bill No. 8, an act requiring certain county officials and banks holding territorial funds to give bonds signed by surety companies, to the committee on banking.

Council bill No. 9, an act appropriating \$5,000 for the drilling of an experimental artesian well at the New Mexico penitentiary, to the committee on finance.

Council joint resolution No. 4, that there shall be printed in Spanish all documents ordered printed in either house, to the committee on printing.

Council joint resolution No. 5, providing that whereas 3,000 copies of the report of the superintendent of public instruction were printed and distributed, although there were no funds available therefore, be it resolved that \$1,175.65 be appropriated to pay for the same, referred to the committee on finance.

TRYING TO LOCATE TELLES.

The Hunted Fugitive and Murderer Said to be in Sandia Mountains.

DEPUTY SHERIFFS AFTER HIM.

Deputy Sheriffs Closson and Hubert, of Santa Fe, left this morning for Bernalillo to follow up the reports received that Telles, the escaped jailbird and double murderer, who killed Jailer Gallegos, had been seen near there. However, the latest reports received state that Telles has made for the Sandia mountains, and the officers will follow, if the reports have any evidence of being true. It is probable that Telles came near enough to Albuquerque to see the lights, then took to the mountains. He will have less difficulty in obtaining food from the native homes in the mountains, than he would have in a town. There are undoubtedly some people living far out that know nothing of the hunted man or his atrocious crime.

The report that United States Marshal Fred Fornoff, Policeman Harry Cooper and Depot Officer Barton had gone with the deputy sheriffs in quest of Telles is false.

mittee on finance.

House joint resolution No. 1, thanking Senator Quay and Foraker for their efforts on behalf of the statehood bill, referred to the committee on statehood.

House joint resolution No. 3, appropriating \$100 or as much of that as may be needed for telegraphing statehood memorials to the United States senate and western state legislatures, to the statehood committee. The fact was mentioned that over \$100 had been spent for that purpose already.

Mr. Fall rose to a question of personal privilege and had read an article in La Luz which reflected on the honor of the thirty-fifth legislature assembly by saying that a new capitol would have to be built to hold all the legislative employees. After some good natured bantering the matter was dropped.

Quite a discussion ensued over the motion to adjourn until 2 o'clock Wednesday afternoon. Mr. Fall working against adjournment for a longer time than till Wednesday morning. Mr. Spess working for the original motion. There was considerable parliamentary sparring but finally by a vote of six to five, the council adjourned until 2 o'clock Wednesday afternoon.

The House.

All members answered to the roll call except Messrs. Turner and Pollard. Chaplain Rabeyrolle offered prayer.

The reading of the minutes in Spanish and in English consumed thirty minutes.

Speaker Montoya announced that the caucus of republican members Monday afternoon had instructed the Speaker to cut eight more names from the list of employees and to restore the name of Horatio W. S. Otero upon the list of committee clerks. This had been done. The discharged employees will receive pay until Monday evening.

The following bills were then introduced:

No. 25, by the Speaker, An act relating to judgments and proceedings in the courts of the territory. Referred to the committee on judiciary.

No. 26, by Mr. Ortega, relative to community ditches. Referred to the committee on irrigation.

No. 27, by Mr. Eduardo Martinez, An act to amend an act of the thirty-third legislative assembly relative to county commissioners. Referred to the committee on judiciary.

No. 28, by Mr. Howard, An act to provide for the furnishing of proper bonds by territorial and county officials. Referred to the committee on judiciary.

A communication from the House of the seventh legislative assembly of Wyoming was received and read. It acknowledged the receipt of the statehood memorial from the New Mexico legislative assembly and states that it will be taken up and disposed of at the proper time. Speaker Montoya was instructed to acknowledge the receipt of the communication.

The house then adjourned until 10 o'clock Wednesday forenoon.

The National Senate.

Washington, Jan. 28.—In the senate today the resolution offered yesterday by Mr. Rawlins, calling on the secretary of war for information regarding certain trials by court martial in the Philippines, was called up and caused loud debate.

Discussion of the statehood bill was taken up later in the senate and Lodge spoke against it.

Belen to Have a Bank.

R. A. Frost, with the First National bank, went to Belen last night. It was reported on the streets today that the First National bank was going to establish a bank at Belen, N. M. M. W. Flournoy, vice president of the First National bank was seen this afternoon and said that the report was true and that Mr. Frost had gone to Belen to secure a building for the new bank. He will be cashier.

cause there have been two fine days in

retirement of James K. Jones.

A timely put paragraph from the
Denver Republican: "Nobody is get-
ting up any most-popular-man voting
contests in Arizona now, as it is a sure
thing that a man named Quay would
be the winner."

Hon. Amado Chavez, formerly terri-
torial school superintendent, is the
councilman from Santa Fe county. He
is familiar with all parts of New Mex-
ico, and is proving one of the best
members of the council.

Hon. Saturnino Pinard, one of the
best known citizens of northern New
Mexico, guards the interests of the
First district in the territorial council.
Colfax, Mora and Union counties are
truly well looked after by Mr. Pinard.

San Miguel and Guadalupe counties
have two hard working representa-
tives in the territorial council, namely
Senators James S. Duncan and Charles
A. Spleen. They are experienced mem-
bers and will guard well the interests
of their constituents.

Speaker Montoya, who is making a
record for himself as the presiding
officer of the legislative house, made a
good selection when he named Major
W. H. H. Llewellyn, of Dona Ana
county, chairman of the house commit-
tee on judiciary. This is a very import-
ant committee.

The Third district, constituting the
counties of Taos, Rio Arriba and San
Juan counties, is represented in the
territorial council by Senators Melqui-
ades Martinez and Col. Venceslao Jar-
amillo. Both gentlemen are thorough-
ly familiar with the duties of a legis-
lator, and are valuable members of
the council.

For the Fifth district, representing
Bernalillo county, Senator George F.
Albright is doing good work. For the
counties of Bernalillo and McKinley,
also of the Fifth district, Hon. Thomas
Hughes is the council representative.
This is Mr. Hughes' fifth term as a
member of the territorial council, and
he is familiar with all the details of a
tried legislator. Mr. Albright is serv-
ing his first term.

The New Mexican says: "Hon. Pe-
dro Sanchez, representative for the
county of Taos, is now over 70 years
of age, nevertheless, he is a man of
great energy. At the present time he
attends to his duties as representative
and is also concluding the writing of
'Memoirs of Father Martinez.' In a
few days he will have the booklet
ready to go to press; moreover he al-

ways finds time to meet, and that with
pleasure, every man, rich or poor, who
calls upon him."

Hon. H. H. Howard, of San Marcial,
who publishes the Bee, one of the best
weekly newspapers in the territory,
is the chairman of the committee on
printing in the house. The selection
is one of the best made by Speaker
Montoya.

Hon. W. H. Andrews, the railroad
builder, was sent to the territorial
council from the Seventh district,
composed of Socorro and Sierra coun-
ties. At present he is in Washington
working for statehood, but on his re-
turn he will be found a most worthy
member of the upper house of the pres-
ent territorial legislature.

The war horse of the territorial
council is Col. J. Franco, Chavez, who
was first elected from Valencia county
in 1875, and has been returned to the
council every two years since that
date. He is serving his seventh term
as president of the council. The Sixth
district is in no danger of being al-
lotted as long as Col. Chavez is a
member of the council. He is also the
efficient territorial school superintend-
ent.

In noting the appointment of Editor
Hughes on the council committees, the
New Mexican says: "Councilman
Thomas Hughes has been named by
President Chavez as chairman of one
of the most important committees in
the council, namely the one on finance.
This is on account of his long service
in the council. He is also chairman
of the council committee on printing,
as he is a printer and one of the pub-
lishers of the Albuquerque Citizen."

The big district of the territory,
composed of the counties of Grant,
Dona Ana, Lincoln, Luna, Chavez, Ed-
dy and Otero, is represented in the
territorial council by Senators W. A.
Hawkins and A. B. Fall. Both gentle-
men are lawyers by profession, and
are carefully guarding the interests of
the seven counties of their district.
Senator Fall has already gained con-
siderable notice by his objections to
the string of employees in the legisla-
ture.

Hon. Alex. Bowie, the McKinley
county representative in the territorial
house, is gaining a reputation on his
quotations. The New Mexican says:
"Mr. Bowie, of McKinley county, is in-
clined at times to quote the poets
when some amusing or weighty prob-
lem is up for consideration. But then a
legislator anxious to secure for his
town a public institution is licensed to
approach his colleagues in almost any
way, but the poetic route is a new one
to most of them."

Statehood Bill Will Be Passed, Says
Judge Morrison, if Vote Can

Hon. A. L. Morrison has returned to

He was present in the senate during a
part of Senator Foraker's speech for
the omnibus statehood bill. Contrary

It looks as if a man's back is the center of strength when he is straining to lift or haul a heavy weight. But the center of strength is not the back, but the stomach. There's no strength in the back of a giant if he's starving. All strength is made from food, and food can only be converted into strength when it is perfectly digested and assimilated. When the stomach is diseased, the nutrition of food is lost and physical weakness follows.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It makes men strong and muscular, by enabling the perfect digestion and assimilation of the food eaten.

"I suffered from a very obstinate case of dyspepsia," writes R. E. Secord, Esq., of 15 Eastern Ave., Toronto, Ontario. "I tried a number of remedies without success. I was so far gone that I could not bear any solid food on my stomach; felt melancholy and depressed. Could not sleep nor work. A friend recommended your 'Golden Medical Discovery.' I have taken three bottles and it has accomplished a permanent cure."

to the usual custom, when a long
speech is delivered in the senate, the
members remained in their seats and
gave close attention to what Mr. For-
aker said. It was a long speech, says
Judge Morrison.

"The passage of the omnibus bill by
the senate," said Judge Morrison, "is
generally conceded in Washington if it
can be brought to a vote. There is no
doubt there but that Mr. Quay has the
votes for it that he claims, but the op-
ponents seem determined to talk it to
death. Senator Quay is a wonderful
man. He is no speaker and no debater.
Has a high, squeaky voice, but he sits
there in his seat just like a bull dog
and watches every move of the opposi-
tion."

SUPREME COURT.

Judgment of the Lower Court Affirmed
in an Otero County Case.

The supreme court met yesterday
morning with Chief Justice Mills pre-
siding and Associate Justices John R.
McFie, F. W. Parker and B. S. Baker
present.

Solicitor General Edward L. Bartlett
and Clerk J. D. Sena were also pres-
ent.

In the case No. 975, The Territory of
New Mexico, appellee, vs. Joseph Tay-
lor, appellant, appeal from district
court of Chavez county, the motion for
rehearing was overruled.

In case No. 911, Lee Moor, appellee,
vs. J. Fitzgerald Moore, alias Fitzger-
ald Moor, appellant, appeal from dis-
trict court Otero county, the judgment
of lower court was affirmed.

The following cases were argued and
submitted:

No. 1001, Board of County Commis-
sioners of Grant County, Territory of
New Mexico, appellant, vs. Frank W.
Cross, appellee, appeal from district
court Grant county.

No. 1002, in the matter of the estate
of John McMillen, deceased, appellee,
vs. Protest of John Joseph McMillen

W. E. Atchison, night operator at the Western Union office at Las Vegas for several weeks past, left for Denver yesterday.

J. E. Ramsay, general manager of the Sierra Madre road, running south from El Paso, was in the city a few hours the other day.

D. E. Betts has resigned as car service agent for the Rock Island and C. H. Cannon, who now holds the same position with the Great Northern, will succeed him.

J. W. Conway, formerly a machinist at the local shops, but who recently returned here to go to El Paso, has returned and will resume his former position at the shops.

The Alvarado electric fountain was in operation yesterday the first time for some weeks. A number of large growing palms arranged in a circle under the spraying water enhanced its usual beauty.

H. W. Bailey, representing the Phyle National Electric Light company, which company has a contract to furnish engines on western divisions of the Santa Fe with electric equipment, was a visitor at the local storehouse yesterday.

George C. Montgomery is the traveling accountant of the coast lines of the Atchison, Topeka & Santa Fe. He formerly resided in this city, and his old friends are pleased to learn that he is climbing the ladder in the railroad service.

The report that the Pennsylvania railroad has negotiated a loan approximating \$40,000,000 in the New York market at 4 1/2 per cent is confirmed in high quarters. The loan is to run for six months, with privilege of renewal for a like period.

The supreme court of Missouri has granted the eleven railroads of Missouri which Attorney General Crow is seeking to oust for making a consignment charge of \$2 at St. Louis for grain shipped over their lines, two weeks further time to file their returns to the information.

The twenty-five section men employed in the 'Frisco yards at Cherokee, Kan., who went out on a strike two weeks ago on account of a cut in their wages from \$1.50 to \$1.25 a day, have returned to work, having compromised with the railroad company. They will receive \$1.25 a day and work nine hours.

Robert E. Kinard, at one time general passenger and ticket agent of the Fort Wayne, Cincinnati & Louisville railroad, with headquarters at Fort Wayne, committed suicide at Huntington, Ind., Sunday by taking morphine. Five years ago he was general auditor of the Santa Fe railroad at Wichita, Kan. The cause is unknown for the act.

The Fort Smith & Western and the Denver, El Paso & Gulf, a 'Frisco extension, are now racing for the honor of running the first train into Guthrie, Okla. Both companies have extensive grading forces within the city limits completing this end of the lines. The former road comes from Fort Smith, Ark., over 200 miles, and the 'Frisco from El Paso, fifty miles.

The railroads in western immigration bureau have settled the trouble over the withdrawal of the Rock Island from co-operation as to California, New Mexico, Arizona and southwestern business, it having been decided that the road may retain its connection with the bureau and participate in business through other western gateways and that at El Paso also.

C. C. Bawner, the popular and well known fireman, and Miss Minnie Duenner were quietly married in the parsonage of the Methodist church, Las Vegas, by Rev. A. C. Geyer. George Crossen and Miss McLaughlin were groomsmen and bridesmaids respectively. The happy pair left for Lamy, where they will make their future home, the groom being fireman on one of the mountain helpers working out of that point.

George F. Wilson has resigned as superintendent of motive power and equipment of the Chicago, Rock Island & Pacific, to take effect on February 1, and M. K. Barnum, at present assistant mechanical superintendent of the Southern railway, has been appointed to succeed him, with headquarters at Chicago. Wilson has been with the Rock Island system since March, 1889, when he became assistant general master mechanic and assistant master car builder of the Chicago, Kansas & Nebraska division.

The Topeka State Journal says: Harry Hillyer and wife, of San Bernardino, Cal., arrived in Topeka Sunday and are now making a short visit with the family of T. M. Ramsdell at 526 Lincoln street. About fifteen years ago Mr. Hillyer was a clerk in the office of the superintendent of the Santa Fe shops. From here he went to San Bernardino, where he has been holding the position of chief clerk to the mechanical superintendent ever since. He has severed his connection with the Santa Fe and is now on his way to Franklin, Pa., where he has secured a better position with the Galena Oil company.

SLATED FOR SEAR'S JOB.
Rumor That C. & S. Superintendent Will Be Succeeded by Rio Grande Man.

Persistent rumors continue in circulation concerning more changes on the Colorado & Southern as a result of the change in management of the operating department, says the Denver Republican. According to the latest re-

port, Superintendent T. H. Sears, of the Fort Collins and Clear Creek district, with headquarters in Denver, will leave the service of the company at the end of this week.

It is said that his resignation will be announced on February 1, and that his successor will be J. W. Dean, at present superintendent of terminals for the Rio Grande at Pueblo. Mr. Sears came from the Santa Fe with General Superintendent Dyer when the latter assumed direction of the Colorado & Southern operating department, and his reported successor is an old Santa Fe man. Mr. Dean went from the Santa Fe to the Rio Grande under the general superintendency of Mr. Egan, and now that the latter has become general superintendent of the Colorado & Southern, he is expected to secure the services of Mr. Dean and possibly others of those in whom he had especial confidence while on the Rio Grande system. Mr. Dean was trainmaster of the Rio Grande at Salida when Superintendent Hardy had charge of that division, and went to Pueblo about the time that Mr. Hardy was transferred to control of the first division, succeeding J. J. Gogerty as superintendent of terminals.

Don't Worry.
This is easier said than done, yet it may be of some help to consider the matter. If the cause is something over which you have no control it is obvious that worrying will not help the matter in the least. On the other hand, if within your control you have only to act. When you have a cold and fear an attack of pneumonia, buy a bottle of Chamberlain's Cough Remedy and use it judiciously and all cause for worry as to the outcome will quickly disappear. There is no danger of pneumonia when it is used. For sale by all druggists.

WILL NOT FIGHT.
Santa Fe and Rock Island Enter a Protective Alliance.

The threatened danger of a serious conflict between the Atchison, Topeka & Santa Fe and the Rock Island railroads has been averted, says the Kansas City Journal. As the result of last week's conferences between the presidents and executive officers of both systems in New York an understanding has been reached by which the rights of each company will be safeguarded, and there will be no rate-cutting and no unnecessary traffic rivalry.

While the Atchison has been steadily extending its lines in Oklahoma and New Mexico, the Rock Island, in its remarkable expansion within the last year and a half, has spread into territory heretofore served exclusively by the Atchison. It has been agreed, however, by the executive officers of the two railroad systems that the rapid development of the territory in the southwest will afford business enough for both, and they do not intend to reduce their revenues or profits by any cutting of rates. Changes in tariffs that may be found necessary hereafter will be made by joint action.

That the Rock Island system will some day extend to the Pacific coast is certain. The frequent rumors of friction between the Southern Pacific and the Rock Island companies over traffic and train service are denied by officials of both companies.

There is nothing now to warrant a belief that the Rock Island has determined to immediately extend its line west of El Paso. Even if disposed to do so it could not make a trackage contract with the Santa Fe company. The extension being built by the Santa Fe company to Santa Rosa will not be completed in less than fifteen months.

EMBALMS THE FOOD.
A California Physician's Idea About Coffee.

A well known California physician, John M. Read, of Redding, Cal., maintains that coffee, when taken with the meals, has a tendency to "embalm" or "preserve" the food so that it will not digest. With this knowledge he has made many complete cures of indigestion, stomach troubles and nervous diseases by taking away the coffee and giving his patients Postum Cereal Coffee, which helps indigestion.

Dr. Read's theory is spoken of in a letter from a gentleman of Oak P. O., Cal., who says: "Twelve years of indigestion had made me so nervous and thin that I could scarcely work. I had noticed the newspaper articles about Postum Coffee but didn't think seriously of the matter. Finally, however, they impressed me and I went to my family physician, Dr. John M. Read, of Redding, and asked him about Postum."

"He immediately recommended it, having used it in his own and other cases for exactly the same purpose. Dr. Read is well known throughout northern California and he surprised me by the following statement: 'Coffee acts in many cases like a large dose of alcohol taken after meals; it preserves the food so it cannot be digested.' 'I have great faith in Dr. Read and immediately commenced Postum with the result that at the end of one month I was greatly improved and now, at the end of three months I am a well man, nerves steady and digestion O. K. Am gaining steadily in weight and can do a hard day's work.'"

"My brother, who suffered from palpitation of the heart when drinking coffee, claims that his heart does not trouble him in the least when using Postum." Name furnished by Postum Co., Battle Creek, Mich.

Ayer's Cherry Pectoral

Consumption can certainly be cured. Not all cases, but very many. Ayer's Cherry Pectoral is the principal medicine. The oldest doctor knows from experience. The youngest, just from college, knows from theory. Both uphold us.

25c, 50c, \$1.00. J. C. AYER CO., Lowell, Mass.

When this line is completed it would be greatly to the advantage of the Rock Island to make an alliance with the Santa Fe, and break away from the Southern Pacific.

Such an agreement with the Santa Fe would give the Rock Island the shortest line from Chicago to the Pacific coast. Its present agreement with the Southern Pacific does not bind the Rock Island to make a traffic or trackage alliance with the Santa Fe or any other company. It is possible that the Santa Fe would prefer making a trackage agreement rather than have the Rock Island extend to the coast, but no such agreement has been made.

One Hundred Dollars a Box.
Is the value H. A. Tisdale, Summerton, S. C., places on De Witt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except De Witt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases. RAILWAY WAGE QUESTION.

Wages Have Been Raised Considerably in Six Years.

Railroad wages occupy a large share of general attention owing to the universal demand for advances by the men directly involved. The Chicago Post has compiled the following interesting statistics on the subject:

In 1900 the number of employees of railroads reporting to the Interstate commerce commission was around 1,000,000 for the first time. The figures in aggregate and each 100 miles of track operated compare as follows for a series of years:

| | Total. | Per 100 miles. |
|------|-----------|----------------|
| 1895 | 785,034 | 441 |
| 1896 | 826,620 | 454 |
| 1897 | 828,476 | 449 |
| 1898 | 874,558 | 474 |
| 1899 | 928,924 | 495 |
| 1900 | 1,017,653 | 529 |
| 1901 | 1,071,169 | 548 |

It is important to note that in 1901 the railroads were employing on an average 108 men more each 100 miles of track than in 1895, being an increase of almost 25 per cent. This in spite of the fact that the revenue train mileage showed relatively little increase. It compares as follows:

| | 1895. |
|---------------------|-------------|
| Pass. train miles | 317,565,615 |
| Freight train miles | 449,291,238 |

| | |
|---------------------|-------------|
| Total | 766,856,853 |
| 1901. | |
| Pass. train miles | 385,172,507 |
| Freight train miles | 491,942,041 |

Total 877,114,548
In this the increase is but 116,000,000 train miles, or, say, 14 per cent. On analyzing the increase in force, totaling 108 and 100 miles of line, the principal increases will be found to be as follows:

| | |
|-----------------------------------|----|
| Trackmen per 100 miles | 35 |
| Shopmen per 100 miles | 19 |
| Engine and trainmen per 100 miles | 17 |
| Station men per 100 miles | 9 |
| Laborers, etc., per 100 miles | 8 |
| Miscellaneous per 100 miles | 8 |

Total 108
This is very much the statement that one would expect to find in view of the immense betterment work which was in progress last year, very little of which was being done in 1895.

The amount paid in wages and salaries compares as follows for a series of years:

| | |
|------|---------------|
| 1895 | \$445,508,251 |
| 1896 | 468,824,531 |
| 1897 | 465,601,581 |
| 1898 | 495,055,618 |
| 1899 | 522,967,896 |
| 1900 | 577,264,841 |
| 1901 | 610,713,701 |

In 1901 wages and salaries took 59.26 per cent of total operating expenses. The average daily pay of certain classes of employees compares as follows in 1901 and 1895:

| | 1901. | 1895. | Inc. |
|-----------------|--------|--------|------|
| Engine men | \$3.78 | \$3.65 | 3.5 |
| Firemen | 2.16 | 2.05 | 5.3 |
| Conductors | 3.17 | 3.04 | 4.3 |
| Other trainmen | 2.00 | 1.90 | 5.0 |
| Machinists | 2.32 | 2.22 | 4.5 |
| Carpenters | 2.06 | 2.03 | 1.5 |
| Section foremen | 1.71 | 1.71 | ... |
| Trackmen | 1.23 | 1.17 | 5.6 |
| Laborers | 1.69 | 1.65 | 3.0 |
| Station agents | 1.77 | 1.74 | 1.6 |
| Station men | 1.59 | 1.62 | *1.9 |

*Decrease.
From the figures given above it may be reckoned conservatively that an average increase of 10 per cent in the wages of trainmen, shopmen and track-

men will add in round figures about \$45,000,000 to the wages of the railroads when the increase goes into effect.

COLONIZATION SCHEMES.

Santa Fe Working Among Swedes, Boers and Dunkards.

The new representative of the Santa Fe at Sweden reports to Chicago headquarters that there will be a heavy immigration from Sweden, Norway and Denmark next spring and summer to the great southwest. The hard times in the north of Europe and the good times in our own country will influence thousands of hardy Swedes, Norwegians and Danes to cross the ocean and get a new home under Uncle Sam's flag. For the fiscal year ending June 30, 1902, 54,000 settlers came to our shores from these three countries.

A prospect is also on foot to locate a thousand African-American families from the Transvaal in Texas, New Mexico or Colorado. A committee of four Boers has looked over the ground for this last trek of the sturdy conquerors of the African wilderness. General Samuel Pearson, late quartermaster general of the South African republic, represents the movement in American. A million acres will be bought at first, and if colonized successfully, it is thought that this exodus will be the forerunner of a heavy immigration from South Africa to the United States. The first thousand families will consist of the so-called progressives, who are accustomed to high class farming and grazing, being educated, intelligent men and women. The plan is to divide the land holdings into a thousand farms.

The movement of eastern farmers to the southwest still continues. A large colony of Dunkards from central Illinois expects to locate in the Arkansas valley of eastern Colorado, where they will raise sugar beets and fruit. There is also a heavy demand by individual settlers for cattle ranches in western Kansas and western Oklahoma. A large colony of Dunkards and Quakers is negotiating for a tract of land in the San Joaquin Valley, California, along the Santa Fe.

Croup.

The peculiar cough which indicates croup is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly recommended, but give this medicine as directed and all symptoms of croup will quickly disappear. STATEHOOD CHANGES GOOD.

Senator Quay Has Made a Brave Fight in the Senate.

SENATORIAL TRADITIONS UPSET.

Four propositions will be made in open session by supporters of the statehood bill, says a Washington dispatch under date of January 22.

The first request will be for an agreement to vote next Saturday. A vote will be asked each Saturday following until February 13. If the opponents of statehood are unwilling to agree to a vote the supporters of the bill will insist on continuous sessions until a vote is reached, and will be prepared to sleep, if necessary, in the capitol.

Senator Quay has once more staggered the senate coterie of omnipotence. Monday night he gave a dinner at his home to the republican senators who are supporting the omnibus bill. These tactics are altogether new in the United States senate. The oligarchy which depends on courtesy and a recognition of senate traditions for its power no longer conceals its indignation. Mr. Quay is accused of introducing the methods employed in political conventions to accomplish his senate purposes. What is to become of the United States senate if these methods are to be employed? Mr. Platt, Mr. Hale and Mr. Allison shake their heads despairingly and wonder. Only the other night Mr. Quay and Mr. Platt were hobnobbing in the Arlington lobby. Mr. Quay took from his pocket a list of senators and handed it to Mr. Platt.

"That list contains the names of forty-six senators who are going to vote for the statehood bill," said Mr. Quay nonchalantly. "If you think you can get any of them you are welcome to try."

Not a word in reply said Mr. Platt. Never before in his long senate service had any one come to him with a proposition of this kind. He is unaccustomed to any such tactics as a tyro in politics would be.

Quay isn't Apologizing. Mr. Quay has not asked that any explanations or apologies be made for him. He has reached the point in his political life where he never offers excuses. It can be said, however, that the Pennsylvania senator did not in the beginning contemplate the tactics to which he is now resorting. He started in to win and fight for the omnibus bill. Early in the struggle he discovered that clear majority of the senate sympathized with him. His supporters, however, were a hodge podge. They included senators of all political beliefs who had nothing in common and who were personally indifferent to each other. The opposition was composed exclusively of republicans led by the senate veterans whose word has been law in all conferences of republicans. The coterie of omnipotence began to tamper with Mr. Quay's young republican followers. The newspapers scouted the possibility of Mr. Quay or anybody else winning a fight against such opposition. Mr. Beveridge, who is always exasperating, made a pilgrimage to the White house and assured the president that it was impossible for Mr. Quay to win. He told the newspapers that the omnibus forces would crumble and that whatever was done he and his committee would do.

Mr. Quay didn't try to beat the senate experts at their own game. He tried the game he knew the best and about which they knew the least. He began picking up senators just as he picks up delegates at a national or a state convention. He brought to his support the best schooled republican politicians in the senate. They were not allies of the coterie of omnipotence, but were politicians who understood how to form combinations and had won by standing by their promises.

Mr. Quay has left the democrats severely alone. If they fail him they will only have their own political stupidity to blame. In order to win the senate must be made to comprehend that the Quay organization cannot be bought by legislative plunder nor scared by threats of a senatorial boycott. Mr. Foraker has not hesitated to follow where Mr. Quay has led. In his speech concluded Monday he inferentially accused republicans who denied admission to the territories of party treachery. Adroitly he lifted the veil and exposed New England and its purposes. He showed the attitude of New England by quoting from a speech delivered by Josiah Quincy in congress, when he proposed to establish the state of Louisiana. In that speech Josiah, among other things, said:

Quoted Josiah Quincy. "It was not for these men that our fathers fought. It was not for them that the constitution was adopted. You have no right to throw the liberties and properties of these people in with the wild men on the Missouri nor with the mixed, though more respectable race of Anglo-Hispano-Gaelo-Americans who bask in the sands at the mouth of the Mississippi. Do you suppose that the people of the northern and Atlantic states will, or ought to, look with patience and see representatives and senators from the Red river and Missouri pouring themselves on this and the other floor, managing the affairs of a seaboard 1,500 miles removed at least from their residence?"

After reading this quotation in a most solemn tone Senator Foraker added quite as solemnly, "Perish the thought."

Turning from Josiah Quincy, Senator Foraker began to discuss New Eng-

land's attitude when it was disposed to admit a number of western states, now great commonwealths.

"New England was unwilling to admit these states," he said, "on the ground that they were going shortly to grow so tremendously in population that they would be substantially equal to the great states of Vermont, New Hampshire, Rhode Island and Delaware. No, I didn't mean Delaware," continued Senator Foraker, "but only the other states which are leading the opposition. Delaware will be represented here after awhile, I suppose, and when she does come I expect her to throw up her hands in holy horror against the outrage on the great states of the union by admitting Arizona and New Mexico to statehood, as proposed."

At the conclusion of Senator Foraker's speech Senator Alger, who had listened attentively to the Ohioan, advanced and congratulated him. "I had intended to vote against the bill," said Mr. Alger, "but I have changed my mind and shall support it."

RODEY'S WORK.

Has Introduced the Subjoined Bills and Joint Resolutions.

Joint resolution for the printing of five thousand copies of the report of the governor of New Mexico to the secretary of the interior for the year 1902.

Resolved by the senate and House of Representatives of the United States of America in congress assembled,

That there be printed five thousand copies of the report of the governor of the territory of New Mexico to the secretary of the interior for the year 1902 for the use of the said governor.

A bill for the relief of William H. Hugo.

Be it enacted by the senate and house of representatives of the United States of America in congress assembled:

That the laws regulating appointments in the army of the United States be, and they are hereby, suspended for the purpose of this bill, and that, in view of his services to his country, the president is hereby authorized to nominate and, by and with the advice and consent of the senate, to appoint William H. Hugo, now at Fort Bayard, New Mexico, a first lieutenant of cavalry in the army of the United States, and thereupon to place him on the retired list of the army with the pay and emoluments of a retired officer with the rank of a first lieutenant, without regard and in addition to the retired list now authorized by law.

A bill granting a pension to William Reagan.

Be it enacted by the senate and house of representatives of the United States of America in congress assembled:

That the secretary of the interior be, and he is hereby, authorized and directed to place on the pension roll, subject to the provisions and limitations of the pension laws, the name of William Reagan, late of company D, First Regiment New Mexico Volunteer cavalry, and pay him at the rate of \$25 per month.

A bill granting a pension to Julian Lujan.

Be it enacted by the senate and house of representatives of the United States of America in congress assembled:

That the secretary of the interior be, and he is hereby, authorized and directed to place on the pension roll, subject to the provisions and limitations of the pension laws, the name of Jose Gutierrez y Garcia, late of company L, Third regiment New Mexico Mounted Infantry, and pay him a pension at the rate of \$25 per month.

BOYS WANTED.

Half a Dozen Yelling Kids Wanted at Once.

The Citizen has a fine lot of boys selling papers, but they have lost their yelling powers by the use of cigarettes and chewing huge chunks of tobacco, hence their voices cannot be heard above a whisper. During the legislature, and while the paper is building railroads, lumber mills, factories, and other big enterprises all over the town, half a dozen husky kids, who can yell, are wanted to sell The Citizen every afternoon for the next few months. Call at the office between 4:30 and 5 o'clock in the afternoon, and the heavyweight, who has charge of the city circulation, will protect you from "de lodge gang," provided you prove to be gritty and can stand the initiation.

IN JAIL AT LOS LUNAS.

Sheriff Baca Tells of Stoney Ball's Crime at Belen.

WORKED FOR FATHER OF GIRL.

Sheriff Carlos Baca, of Valencia county, passed through the city this morning en route to Santa Fe, where he will be a spectator in the legislative assembly a few days.

It was Sheriff Baca that rescued Stoney Ball, the negro charged with having committed several dastardly crimes in this city and other places, from a furious but not a determined mob at Belen yesterday.

The sheriff was seen at the depot and told the following story about the exciting affair.

He first received news of Stoney Ball's assault at Belen about 11 o'clock yesterday morning. Taking with him a couple of deputies, he went to the scene with all haste, arriving there about 2:30 o'clock in the afternoon. He found Stoney Ball in the clutches of a mob of men and boys. The negro was tied with ropes, both hands and feet. His leg was broken from a revolver shot and he was badly bruised and beaten about the face and head.

Sheriff Baca and his men took Ball in their buggy and immediately returned to Los Lunas, where the prisoner was placed in jail and under guard. But, the last precaution for his safe keeping was unnecessary, as it would be impossible for him to escape with the broken limb. Ball's injuries have received medical attention.

How It All Happened.

Stoney Ball disappeared from this city last Friday night and all efforts of the police could not locate him. Friday afternoon he got after his wife with a razor and made her jump out of a two-story window, taking window sash, screen and glass, to the ground. Fortunately nothing serious came of the fall, his wife only receiving a few bruises from her experience. That was much better than being carved to pieces by an angry husband. The police found out about the affair, and when they went to look for Stoney he was gone.

He went to Belen and took lodging with Pedicentro Baca, who runs a hotel at the valley town, and who is father of the girl ravished. The girl is about 14 years of age and helps in the dining room. It was while stopping at this hotel for a couple of days that the negro first saw her. Between 8 and 9 o'clock of the morning of the crime, the girl went to school. Instead of going around by the road, she took a short cut by a path through the brush. The negro followed her and in the most obscure spot, caught hold of her, and began licking her, as the girl said. Apparently he became frightened at her screams and ran away before he had fully accomplished his purposes. The girl returned to the house and told her father. Mr. Baca immediately organized a mob of neighbors and went in pursuit of the negro.

Ball's direction of escape led down the river and not until some eight miles below the town was he overtaken. He was completely exhausted. The shot that crippled him was fired by an excited native, who came upon the negro in the brush. The native emptied his six-shooter at the negro at a very few paces, but only one shot took effect. The negro was taken back to Belen and before a justice of the peace. The girl identified Stoney Ball by describing him as having a gold tooth. It was just about the time of the close of the trial that Sheriff Baca appeared and took the prisoner in charge.

Colored People Indignant.

The colored people of Albuquerque do not uphold Stoney Ball in his criminal career. They have had their indignations aroused time and time again at the inhuman treatment of his wife, but the people with whom he formerly associated when he bore a good reputation, gave him every consideration, thinking he would get over his evil ways. Albuquerque has an intelligent and respectable class of colored people who are not to be judged by one without any regard for human life.

Civil Service Situations.

The United States civil service commission announces that on February 24, an examination will be held for the positions of irrigation engineer and assistant engineer or hydrographer in the geological survey, at salaries rang-

ing from \$720 and \$1,200; on February 24, for the position of Hebrew interpreter in the immigration service at Montreal, Canada, at a salary of \$1,200; on February 24-25, for the position of watch officer in the coast and geodetic survey. On February 18, an examination will be held for the position of clerk and carrier in the postoffice service in this city. This examination offers an excellent opportunity for entering the federal service to bright, energetic young persons who are not afraid of hard work, and as previous examinations have failed to result in a sufficient number of eligibles, the commission urges all persons who are qualified, and who may desire to enter the postoffice service, to apply for and take this examination. It may be stated that there is a wider field for advancement upon merit in the federal service than in many private employments. While the salary in the postoffice service is usually about \$400 per annum at the start, this amount compares favorably with the compensation of a beginner in private employment.

On March 10, for the position of field matron in the Indian service at the Navajo agency, arranged at a salary of \$50 a month.

For application blanks, full instructions, specimen examination questions, and information relative to the duties and salaries of the different positions, and the location of an examination room, application should be made to the secretary of the board of examiners at the postoffice.

WILL CONTINUE SERVICE.

The Denver & Rio Grande and the Territorial Capital.

A telegram has been received in this city from A. J. Edson, general manager of the Denver & Rio Grande railroad, to the effect that on account of the sessions of the United States district court in this city, during the month of March, daily trains except Sunday would be run on the New Mexico division of the road from Antonio to Santa Fe during that month and that if the business warranted, daily trains would be continued thereafter, says the New Mexican.

Mr. Edson says in his dispatch: "The fact has been mentioned during my recent visit in Santa Fe that the United States court would be in session during the month of March and that great many people from the counties north of Santa Fe would attend court and that it would be an accommodation to those people, which would be appreciated by the city of Santa Fe if the trains could be run daily except Sunday during the month."

"This is to advise that the company will arrange to run its trains daily except Sunday during the month of March, and I trust in the meantime the business men of your city will be able to route enough business via the Rio Grande to justify a continuation of the daily service before the period named."

IRRIGATION WORKS.

Federal Aid Will Help the Great
Western States and Territories.

SOME INTERESTING FIGURES.

Special to The Citizen.

Washington, Jan. 28.—The acceptance by congress of the principal of federal aid in the construction of irrigation works in the western states has given a great impetus to every industry in that section of country. The people of the eastern states are just beginning to realize the opportunities offered in the territory to be opened up. As the proposition develops, a tide of immigration will inevitably set in and this region will become one of the most populous and prosperous in the country. With large areas of reclaimable land New Mexico especially will be benefited by the measure.

The actual work of surveying, locating and constructing reservoirs and other irrigation works will be done by the geological survey. In order to obtain a better understanding of present extent of irrigation, the location of the areas irrigated, and to gain other information useful in this work, the Fifty-seventh congress, authorized the director of the census to bring down to date the irrigation statistics obtained in 1900 by that office. Letters of inquiry and schedules are now being sent out to secure the necessary information. All interested in irrigation should answer as fully and as promptly as possible any inquiries they may receive so that the merits of the various sections of the country may be known. Irrigators who do not receive blanks within a reasonable time should notify the census office at Washington and they will be supplied. It is interesting to note in this connection how much it will mean to the country at large to have the arid lands of the west reclaimed.

According to the census of 1900 the total improved farm area of the United States was 414,800,000 acres. It is conservatively estimated that the reclaimable area is not less than 50,000,000 acres. Its reclamation, therefore, will add nearly one-eighth to the actual crop producing area of the country and will exceed by a liberal margin the tillable land of all the states, excepting New York, on the Atlantic coast from Maine to Florida. Allowing forty acres, the average size of irrigated farms, this area will make 1,250,000 farms, or a little less than one-fourth the number in the United States in 1900. The occupants of these farms will add directly to the population 6,250,000, and indirectly, in the accompanying mercantile, professional, manufacturing and industrial classes at least 3,125,000 more, a total increase in the population of the United States of 9,375,000, or nearly 12 1/2 per cent.

The total value of all the farms in 1900, including all improvements, except buildings, was \$13,115,000,000. At \$12.50 per acre, the average value of irrigated land, the 50,000,000 acres to be reclaimed will add to the value of the farm land \$1,250,000,000. If buildings are included, the value will be increased \$775,000,000, while the augmented wealth through railroads, cities, mills and factories, is beyond estimation.

The annual value of all the farm products in 1900 was \$4,379,000,000. The average value per acre of products of irrigated lands was \$14.81. At this rate the area to be reclaimed will add products worth \$740,500,000, an addition of nearly one-sixth of the life-sustaining powers of the country.

The number of irrigating ditches and canals in operation in the United States exceeds 20,000, and their combined length is not less than 50,000 miles. If joined end to end they would reach twice around the world. Formed into one they would constitute a navigable canal, such as the Erie, thirty feet wide and five feet deep, extending from San Francisco to New York, a distance of over 3,000 miles.

The figures of the last census show that the works required to irrigate 7,263,273 acres cost \$64,289,601, an average of \$8.85 per acre. At this rate the expenditure required to reclaim the area proposed would be at least \$450,000,000. After the government has performed its part there will be no delay by the farmers in carrying out the work. While the initial expense

"Ladies of Isabella."

A notable coming event is a meeting to be held at Odd Fellows' hall next Sunday evening, at which an auxiliary to the Knights of Columbus will be organized. The new organization will be called the "Ladies of Isabella." The Knights of Columbus lodge was organized in this city less than a year ago and has grown exceedingly in numbers and is now one of the strong societies in the city. It is hoped that the ladies auxiliary will meet with similar success.

Notice.

The commissioners of the Barelais aqueduct hereby give notice that the work of cleaning out the ditch will begin February 10th, 1903. The property owners who wish to pay money for the use of the water must pay it at least five days before the above date, otherwise they must furnish the men assigned to them. We further notify the property owners of said ditch that we will allow nobody to place culverts under said ditch for the purpose of bringing water across from the Griegos ditch. Those who wish to bring water from the other ditch must do so by placing the culverts on top of the borders of the Barelais ditch.

Notice to Stockholders.

Albuquerque, N. M., Jan. 20, 1903. The annual meeting of the stockholders of the Co-operative Building and Loan association will be held on Thursday evening, January 29, 1903, at eight o'clock at the office of the secretary, room 20, Grant block, for the transaction of such business as may come before said meeting, also, the following proposed amendments to the by laws will be presented for action. That section 2 of article 15 of the said by laws be amended to read as follows:

Sec. 2. The premium must be bid at so many cents per share per month during the life of the series the stock of which is to form the basis of the loan.

That section 1 of article 16 be amended to read as follows:
Sec. 1. A stockholder or borrowing member failing to pay his monthly installment as often as they may become due shall be fined at the rate of twelve per centum on the total amount of delinquencies.

That section 10 of article 16 be repealed.

G. A. KASEMAN, Secretary.

NOT FORGOTTEN.

Early Romance of New Mexico Couple Finally Ends at the Altar in This City.

Under the above headlines the Denver News of Wednesday has the following account of the marriage of Mrs. Mollie F. Schmidt, of Las Vegas, but who is well known in this city, to John A. Tully:

An exciting and romantic courtship yesterday ended in a happy wedding, which will be the greatest sort of surprise to the many friends of the bride and groom in New Mexico, as well as in Colorado. It had been thought by friends that the affair between the couple had long since been forgotten.

Mrs. Mollie F. Schmidt and John A. Tully were quietly married at 11 a. m. at the residence of Dr. and Mrs. Robert F. Coyle, Rev. W. J. Harsha officiating. Afterward, at the new home of the bride, 735 Colfax avenue, an elaborate breakfast was served. Only a few immediate relatives were present, and while both possess scores of warm friends, the news of their marriage will come as a complete surprise.

Until lately both were popular residents of East Las Vegas, N. M. Mrs. Schmidt was the widow of the late J. J. Schmidt, who a number of years ago was one of the richest merchants and cattlemen in New Mexico. His interests were chiefly at Wagon Mound. John A. Tully, the fortunate groom, has been a resident of Colorado and New Mexico for six years, and is at present largely interested in the development of the rich copper strike in the new district about to be boomed in Chaffee county. Although the groom of only a few hours, he is obliged to leave almost immediately for the scene of this activity. However, it is their plan to make Denver their permanent home.

IMPORTANT MINE DEAL.

The Ida Hill Group of Mines Sold to Fitch and Brown.

An important mining deal was consummated at Socorro yesterday. The Ida Hill Mining and Smelting company, owning the Ida Hill group of mines in this county, at Kelly, transferred the property to Capt. A. B. Fitch, the well known manager and lessee of the Graphic group of mines, and to C. T. Brown, mining engineer and expert.

The Ida Hill group of mines will be consolidated with the Graphic group of mines and both will be managed by Captain Fitch and Mr. Brown. The ore bodies will be treated by a new process recently thoroughly tested by a new process recently thoroughly tested by Captain Fitch and Mr. Brown, at Joplin, Mo., and Denver, Colo., and it is believed that the process will prove very successful.

Rev. Carlisle P. B. Martin, L. L. D., Waverly, Texas, writes: "Of a morning when first rising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons, needing a medicine for throat or lung troubles." Emperor William's Birthday.
Berlin, Jan. 28.—The birthday of Emperor William, who was born January 27, 1859, was generally observed throughout the empire. A Young New York Lady Tells of a Wonderful Cure.

"My trouble was with the ovaries; I am tall, and the doctor said I grew too fast for my strength. I suffered dreadfully from inflammation and doctored continually, but got no help. I suffered from terrible dragging sensations with the most awful pains low down in the side and pains in the back, and the most agonizing headaches. No one knew what I endured. Often I was sick to the stomach, and every little while I would be too sick to go to work, for three or four days; I work in a large store, and I suppose standing on my feet all day made me worse. At the suggestion of a friend of my mother's I began to take Lydia E. Pinkham's Vegetable Compound, and it is simply wonderful. I felt better after the first two or three doses; it seemed as though a weight was taken off my shoulders; I continued its use until now I can truthfully say I am entirely cured. Young girls who are always paying doctor's bills without getting any help as I did, ought to take your medicine. Triple Celebration Held.
Easton, Pa., Jan. 28.—Archbishop Ryan of Philadelphia and other prominent prelates of the Roman Catholic church took part in a triple celebration held by the parishioners of St. Joseph's church of this city. The celebration commemorated the fiftieth anniversary of the church, the twenty-fifth anniversary of the ordination of the Rev. Joseph Regnery to the priesthood, and the fiftieth anniversary of the latter's birth.

Dislocated Her Shoulder.
Mrs. Johanna Soderholm, of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep, which she had not done for several days. The son was so much pleased with the relief it gave to his mother that he has since recommended it to many others. For sale by all druggists.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming, the coming city of New Mexico. Deming has a magnificent school system. Deming, the railroad center of New Mexico. Deming, the gateway to the best part of Old Mexico. Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest. Deming! Don't overlook it if you are looking for a safe and paying investment. Deming water is chemically pure—equal to Polar springs. Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people. Investments in Deming lots will double and treble in one year.

Deming has now a large ice plant and electric light system under contract. In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cat-tlemen all know this.

The Themometer is Seldom Higher Than 80° in Mexico City
This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.
The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.
Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

MRS. FILLMORE'S DANCING SCHOOL
THURSDAY NIGHT
8 O'CLOCK SHARP.
SOCIAL DANCE POSTPONED FEBRUARY 5th.

AMUSEMENTS.

The Curtiss Comedy company with their fine band and operatic orchestra will open their engagement at Colombo hall tonight. The four-act society comedy drama, "The Senator's Daughter," will be presented by a first class cast. Mr. Curtiss, the able manager of this splendid organization, has made special arrangements to give this play an elaborate presentation tonight, and our theatergoers can look forward to a delightful entertainment. Miss Marie Dale, who appears in the leading role, is an actress of well known reputation, which has been earned by her artistic and finished performance of the role of "The Senator's Daughter," a part in which she has appeared for the past two seasons. The play will be handsomely staged and every detail looked after to make the performance a success. A first class orchestra will furnish music between the acts, which will be an enjoyable feature. The prices tonight are 25, 35 and 50 cents.

ROYAL ITALIAN BAND.
This Great Organization Here on Friday Night, January 30.

Channing Ellery's Royal Italian band, under the direction of Cavaliere Emilio Rivala, will be at Colombo hall on the evening of Friday, January 30. Of all the really first class foreign musical organizations that have visited America, this band is easily the best.

It is a well known and always conceded fact that the Italians excel other nations of the world in the arts, particularly music, and what America is to the world in a commercial way, Italy is in art. Her supremacy has never been questioned, hence when it is known that the royal Italian band is composed of fifty-five of the leading band musicians of their native country it will be readily seen that it is a superior organization. When the band was organized, the utmost care was taken to get only those who were capable soloists.

Prior to the organization of this band the members were all identified with leading bands which are sustained by the cities and provinces, and it required as much influence and red tape procedure to get them released as it would to secure a man's discharge from the United States' standing army before his time expires.

"Sidetracked."
One of the funniest comedies ever seen in our city will be "Sidetracked," that plays here Saturday, January 31. Cleverest of specialties will be introduced and the company's own scenery used. Jules Walters, the owner and author, has had this comedy on the road eleven years, and it seems destined to run eleven more, as this present season has been the best as to receipts in the history of the play.
