TWO FACTIONS AMONG MINERS

Socialistic and Conservative Elements Again Clash.

COLORADO MUDDLE STILL CONTINUES

Bombardment by the Warships of Germany --Venezuelan Negotiations.

Indianapolis, Ind., Jan. 24.—Another clash between the socialistic and conservative factions opened the United Mine Workers' convention today.

A resolution from Gwynne, Kan., favored public ownership of railroads and coal mines.

The committee on resolutions brought in a counter resolution setting forth the inability of railroads to move the coal from the mines and recommended the convention be not committed on the "get coal" movement, government ownership and other such grave questions.

The whole matter was tabled on the motion of W. H. Haskins, of Ohio.

A resolution was passed favoring the establishment of co-operative stores by miners absolutely free of any connection with the organization.

L. P. Talmage, of Iowa, presented a resolution favoring committing the convention to socialism.

It was defeated by an overwhelming vote.

The convention today voted to increase salaries as follows:

John Mitchell, president, to \$3,000; W. B. Wilson, secretary-treasurer, to \$2,500; Vice President Lewis, to \$2,500; members of the executive committee and auditing committee, to \$4 per day. S. M. Sexton, editor of the Miners' Journal, to \$1,300.

The convention has adopted a resolution in favor of limiting the power of the federal courts in issuing injunctions against labor organizations.

WAITRESS' ROOM ENTERED.

She Was Robbed by a Young Man, Named J. T. Atwell.

BOUND OVER TO GRAND JURY.

J. T. Atwell, the young man arrested yesterday, charged with stealing a watch and chain and revolver from the head waitress at the Hotel Highland on Wednesday night, was given a hearing before Judge Crawford this morning.

Atwell pleaded not guilty to the charge.

The testimony given by the complaining witness and another witness, to whom the watch and chain were sold, was overwhelming against the defendant and the judge found him guilty of burglary, and bound him over to the grand jury under a \$500 bond.

The room of the head waitress at the Highland hotel was entered Wednesday night by a window being broken, and when she returned about 10 o'clock the robbery was discovered.

About 8 o'clock a young man, who was later identified as Atwell, entered Yanow's brokerage office on Second street and sold the watch and chain for \$1. The robbery was reported to Marshal McMillin, who found the watch and chain at Yanow's, and from the description given of the young man soon had him in custody. Atwell was formerly employed as a dishwasher at the Highland, but has recently been working for the electric light plant.

Atwell is not a bad looking fellow, but his appearance shows untidiness and cheap living.

NO SENATOR YET.

The Colorado Legislature Take a Rest Until Monday.

Denver, Jan. 24.—The joint session of the democratic members of both houses of the legislature, which took a recess late last night, reconvened at 9:30 today, and adjourned until noon.

The democratic members of the house agreed to vote for the expulsion of Madden if he wilfully absents himself today.

The proposition came from anti-Wolcott republicans and such action would make the membership of the legislature 50 democrats and 50 republicans.

House Adjourned.

The house was called to order at

10:18 a. m. There were three absentees, including Madden. No action was taken regarding the proposed expulsion of Madden.

The house adjourned until Monday at 10 a. m. by a vote of 39 to 23, the democrats and anti-Wolcott republicans voting in the affirmative.

Democratic Senate Recognized.

The joint session reconvened at noon. No republicans attended. Fifty democrats were present. Representative Madden was absent, and the sergeant at arms was ordered to bring him in. The secretary of state today recognized the democratic senate by sending the printing bill to that body.

Madden Very Ill.

Representative Madden sent a physician's certificate that he was too ill to attend the joint session today.

The joint session is considering the motion by Senator Seldomridge, ordering the sergeant at arms to bring Madden in, "dead or alive."

The joint session adopted Seldomridge's motion.

Republicans in Conference.

A conference of republican senators and a committee of five from the Wolcott and anti-Wolcott republican factions of the house, is being held this afternoon in the supreme court chamber behind closed doors.

The republican senators demanded recognition of their body. Members of the house committees said they could not find the house, and agreed to present the question to the house Monday morning. The conference adjourned till 4 o'clock Monday.

The democrats declare they will not agree to any compromise which would deprive them of the present majority.

SHELLS FIRED.

Germany Has Bombarded Shore--Negotiations in Progress.

Berlin, Jan. 24.—An official dispatch from Wilhelmstadt, dated January 23, says:

"The Vineta arrived in the gulf of Maracaibo January 21 and approached within 7,300 yards of the shore. At 11 o'clock she began a bombardment which was continued with an hour of intermission until 3 p. m. The Panther, which was standing by, observed that forty-four shells took effect."

JUST MISSED DEATH.

A Hand Car Ran Into by Passenger Train No. 2 This Morning.

TWO MEN SERIOUSLY INJURED.

Passenger train No. 2, which arrived here this morning forty minutes late, struck a hand car loaded with a section gang at Garcia station, mile post 38, injuring James Morrison, foreman, and S. C. Valles, a native.

Train No. 2 passed Garcia station this morning between 7 and 8 o'clock just as the section gang was starting out to work. It was late and was running with full head on. Morrison and his men were pumping their hand car along and did not see the train until the engine was almost upon them. All the men jumped and could easily have escaped. Three of them did. It seems that Morrison and the other man injured tried to save the hand car and were lifting it from the track when it was struck. Both men were hurled a considerable distance. The hand car was a complete wreck. The injured men were taken on board the train and brought to this city and are under care at the St. Joseph's hospital.

Dr. J. S. Soward, of Greep, Ky., a passenger on board the train, made an examination of the wounds. He reported Morrison's injuries serious. He has three ribs broken, hand smashed and a compound fracture of the left leg.

Negotiations Going On.

Washington, Jan. 24.—An exchange is going on between Great Britain and Venezuela as represented by Mr.

Bowen, respecting the latter's proposal to raise the blockade of Venezuelan ports as a condition precedent to further negotiations. The British government, however, so far, has returned no answer to Mr. Bowen's proposition, which fact is the subject of unpleasant comment here. The guarantees offered by Mr. Bowen are regarded by the United States government as eminently reasonable.

Cannot Be Entertained.

London, Jan. 24.—It was learned today by the Associated Press that Great Britain, Germany and Italy have agreed that Minister Bowen's proposal that the blockade of Venezuela be immediately raised cannot be entertained and the coercive action must continue until a proper guarantee is forthcoming.

Will Lead to Grave Complications.

Washington, Jan. 24.—Venezuela's initial proposition to the allied powers remains unanswered by Germany and the blockade continues. This is the situation in a nutshell today, but it by no means indicates the diplomatic activity in Washington. The feeling is increasing that unless the blockading squadrons withdraw from Venezuelan waters within a comparatively short time grave complications may arise. Mr. Bowen has repeatedly assured the representatives of the powers that he has full powers to act, whether for peace or for war, though he reiterated that his visit to Washington was a peace mission provided honorable terms could be obtained.

The popular McKinnin family, stopping at the Alvarado, enjoyed a pleasant dance at the hotel last night.

TERMINAL NOT SETTLED.

Manager Hopewell Could Not Agree With Albuquerque Citizens.

HIS INTERVIEW IN EL PASO.

W. S. Hopewell, vice president and general manager of the Santa Fe Central railroad, was at the Sheldon hotel Thursday, leaving last night for Albuquerque, says the El Paso News.

Mr. Hopewell came here in company with Senator W. H. Andrews, president of the railroad, who left last night for Washington. The two gentlemen were in consultation Wednesday with a committee of citizens of Albuquerque relative to the settlement of terminals in Albuquerque for the Albuquerque Eastern railroad, of which Mr. Hopewell is general manager. This road is still more or less in prospective and is connected with Albuquerque by junction at Moriarty, a station on the Santa Fe Central.

Relative to his railroad plans Mr. Hopewell said last night: "We are laying steel on the Santa Fe Central as fast as it is possible by human means, and unless something unforeseen happens we will be running over the Santa Fe Central by May 1. In fact we must finish the railroad by that time for our contract calls for it."

"In conference with the mayor and a committee of Albuquerque citizens we agreed to have the work on the Albuquerque Eastern begin at once. We dispatched a messenger to Moriarty, at which point the Albuquerque Eastern joins the Santa Fe Central, giving orders that the construction crew at work there should at once transfer to the line of the Eastern. The grading of the Santa Fe Central has been almost completed, and the whole force of graders will follow the Moriarty outfit to the Eastern."

"The question of terminals in Albuquerque has not been settled. Four sites were offered by the citizens' committee. The surveys of the company will run lines on all the sites before making the choice."

SULTAN OF JOLO.

With a Native Retinue He Will Visit St. Louis Exposition.

Manila, Jan. 24.—The sultan of Jolo has announced his intention to visit the St. Louis exposition, accompanied by a native retinue. It was erroneously announced January 19 that the sultan had died of cholera. It was the sultana o. Jolo, his mother.

"Platero" Will Leave for Home.

The silversmith, "Platero," who has been a unique attraction at the Harvey curio rooms for several months will leave tonight for his home north of Guam. He will return in a few days bringing with him another silversmith and two blanket weavers. The other two Navajo Indians, the squaw weaver and the hair worker, have gone to their home on the reservation on the northern divide to look after their stock. They will return in about fifteen days. Manager Switzer is making a success of his progressive ideas in the curio business.

THE USUAL WRECK

This Time a Union Pacific With Fatal Results.

COURT MARTIAL OF MAJOR GLENN

Brass Moulders Guilty of Conspiracy --Heavily Fined.

TOBACCO GROWERS OF TENNESSEE

Omaha, Jan. 24.—The first section of Union Pacific No. 3, east-bound, which left here yesterday afternoon for Denver, ran into an extra freight at Gothenburg, Neb., at midnight last night. The fireman of the passenger train was killed and a number of other trainmen more or less injured. No passengers were seriously injured.

The fireman killed was R. L. Dolson. His father, W. L. Dolson, who was riding on the train, was slightly injured. Other members of the engine crew saved themselves by jumping. The passengers received a severe shaking up. The cause of the wreck is not known.

COURT MARTIAL TRIAL

Arguments in the Case Against Major Glenn.

Manila, Jan. 24.—The arguments in the trial by court martial of Major Edwin F. Glenn, charged with unlawfully killing prisoners of war, were heard today. The court submitted a verdict, which was believed to be an acquittal, although the finding was not announced.

Major Glenn read an extended argument devoted to the conditions of Samar and justification of the measures taken to end the insurrection.

FOUND GUILTY.

Chicago Brass Moulders Heavily Fined for Conspiracy.

Chicago, Jan. 24.—Four of the six brass moulders on trial for conspiracy to injure non-union men during the labor troubles of 1902 were found guilty today.

Jacob C. Johnson and W. H. Mangum were sentenced to pay a fine of \$1,250; Gus Hoppe and Thomas Christie, \$750 each.

STATEHOOD ASSURED.

Senator Quay Wires That Omnibus Bill Will Pass.

WHAT SENATOR ANDREWS SAYS.

Senator W. H. Andrews, a member of the New Mexico council, was at the Sheldon hotel, El Paso, Thursday, en route to Washington, D. C., where he has been called by Senator Matthew Quay, the leader in the omnibus statehood bill fight in the United States senate, says the El Paso News. Senator Andrews was granted a leave of absence from the council at Santa Fe to go to Washington.

Shortly after his arrival here, Senator Andrews received a telegram from Senator Quay urging him to lose no time in getting to Washington. The telegram stated that prospects were very bright for statehood, and that Senator Quay had blocked legislation in the senate so that the body would have to come to a vote on the omnibus bill very soon.

Senator Andrews was seen relative to the statehood situation. He said: "The test vote which was held in the senate Wednesday showed that the omnibus bill adherents had a majority of ten in that body."

"It is to this situation Mr. Quay refers when he says that prospects are bright for the passage of the bill giving New Mexico and Arizona statehood. I am informed that Senator Quay has things so tied up that he can block legislation and force a vote on the statehood question. If he does that, I feel assured that the omnibus bill will pass. Senator Quay has stated in other telegrams that he would pass the measure if he could get a vote upon it, and I am sure he can do so."

"I am going to Washington to assist in the passage of the statehood bill and leave tonight for that point. I hope to return with statehood of the two sister territories secured. If I do not, I am sure that a compromise will

be effected, whereby the two territories will be made into one state. This will be the next best thing, and will, I think, be satisfactory to the people of both territories."

Senator Andrews is one of the republican leaders of New Mexico, and is an avowed candidate for the position of United States senator. When he was a state senator from Pennsylvania he was the right hand man of Senator Quay, and that is said to be one reason why Senator Quay is taking such an ardent stand in New Mexico's behalf in the statehood fight.

Urges Repeal of Tobacco Tax.

Clarksville, Tenn., Jan. 24.—A well attended meeting was held here today of the Tobacco Growers' association of the Clarksville district, which was organized a year ago. The association is preparing a petition to congress, urging the repeal of the present tax on tobacco, so that the producer may sell as he pleases to whom he pleases. The association declares that this would produce a greatly increased demand throughout the southern states directly from the producer's hand and have the effect of broadening, stimulating and enriching the industrial growth of tobacco.

Died Suddenly.

Fred C. Templeton, aged 32 years, died at his rooms on First street this morning of heart failure.

Templeton's home is in Chicago. He came here from Pueblo, Colo., only having been here about three days. The remains were taken charge of by A. Borders and his sister, Edith Templeton, has been telegraphed, and nothing will be done until word is received from her.

HAMPE CAPTURED.

One of Santa Fe's Escaped Prisoners and Murderers.

STORY FROM PENA BLANCA.

Word was received at Santa Fe yesterday from Deputy Sheriff Charles Closson, dated Thornton, saying that he had caught Albert Hampe, one of the murderers of Jailer Epitacio Gallegos, but had seen nothing of Telles.

Another report comes from Pena Blanca, dated Thursday, January 22, that Telles and Hampe stopped at a house in Pena Blanca, Bernalillo county, Wednesday night. The family, ascertaining who they were, locked them in the house and gave warning. The house was at once surrounded and guarded by the people of the town, while the officers were sent for.

Hampe is reported as having one foot frozen and a wound through the hand.

The report differs from the one received at Santa Fe from Closson, which is undoubtedly correct. Closson telegraphed early yesterday that he was in pursuit of the men near Thornton. One of the penitentiary bloodhounds found the men, who shot at him.

Telles will undoubtedly be captured soon, as he is being hunted hard. It is thought that Telles deserted Hampe just before he was captured.

Card of Thanks.

I wish to thank all of my friends for their kindness to me in my late bereavement, the death of my wife, and more especially Mrs. Mausard, Mrs. Everitt, Mrs. Borders and the Eastern Star.

J. W. MALETTE.

EN ROUTE TO ALAMOGORDA

Attorney Peeler Will Be Arrested on Serious Charges.

Deputy United States Marshal Frank Hall left for Alamogordo last night for the purpose of arresting Attorney W. L. Peeler, who will be taken before the supreme court to give reasons for interfering with the regulations of the penitentiary.

Peeler was admitted to the bar on January 6 at Alamogordo and on January 8 he wrote a letter to a man named Lipton at Fort Lyons, Colo., who is interested in the welfare of a prisoner at the penitentiary named Good that he (Peeler) had received assurance from Good that a full pardon would be granted on the payment of \$1,000 and requested that the money be sent.

Lipton sent the letter to the governor, and the letter is now in the hands of the court.

R. B. Thomas, general manager of the Consolidated Mining & Smelting company, of Cerrillos, did not get away for that town last evening as expected, but went this morning. Mr. Thomas said this morning that the report circulated that the Cerrillos smelter was shut down the past few days on account of a shortage of coke, was untrue.

FRIENDLY RELATIONS

Between United States and Great Britain Strained.

VERY LITTLE INTEREST ON STATEHOOD

Representative Lessler Refused a Five Thousand Dollar Bribe for His Vote.

London, Jan. 4.—The reciprocity treaty between Cuba and the United States threatens to raise one of the most serious differences of opinion between Great Britain and the United States that has occurred for years.

So much importance is attached to the matter that a meeting of the cabinet is being especially summoned to see what action can be taken.

There is, of course, no alarmist feeling as to any possible straining of diplomatic relations, but Great Britain's entire commercial policy is believed to be vitally concerned.

NATIONAL SENATE.

Sponsor Talking Against Statehood— Small Bills Passed.

Washington, Jan. 24.—When the senate assembled today, in charge of the omnibus statehood bill, moved that when the senate adjourned today it adjourn to meet at 11 o'clock on Monday, an hour in advance of the usual time. He gave as a reason the fact that the diplomatic appropriation is to be taken up Monday.

Mr. Hale, of the committee on appropriations, objected to the motion as being opposed to the real expedition of business and the request was withdrawn by Quay, who said he did so in deference to the wishes of the appropriations committee.

On Mr. Quay's motion the omnibus statehood bill was then taken up, but Quay gave way while a few small bills were passed.

The senate committee on foreign relations today considered the Columbian treaty, but reached no conclusion except to vote that it should be made public. The treaty is a very lengthy document, containing much detail and it will be some time before it is reported to the senate committee.

At 1:30 the statehood bill was again called up. Spooner took the floor. He said he did not propose to speak on the pending bill and began discussing the Indianapolis, Miss., postoffice case.

St. Paul Broke Down.

Southampton, Eng., Jan. 24.—The American line steamer St. Paul broke down in Southampton water this afternoon, shortly after sailing for New York, owing to a mishap to her machinery. It is said the injury is trivial and will cause only a few hours' delay.

TRAIN WRECKERS.

A Colorado & Southern Passenger Train Ditched at Watervale.

HALF A DOZEN MEN INJURED.

Trinidad, Colo., Jan. 24.—The south bound Colorado & Southern passenger train No. 2 was wrecked last night four and a half miles south of Watervale, N. M. The train was running at high rate of speed when the wreck occurred. The engine turned completely over, and the express car and smoker also left the rails and turned over. Four persons were injured, two of whom may die. All the passengers were given a hard shaking up. The injured are:

John E. Patton, engineer, badly scalded, may die; I. N. Schoonover, of Purdy, I. T., internal injuries, may die; J. M. Robertson, fireman, back sprained; C. Y. Jenkins, express messenger, bruised about the body. The injured are in a hospital here.

The spikes had been pulled and the flatplates connecting the ends of the rails removed. Footprints near the scene indicate that three men were concerned in the job.

NATIONAL HOUSE.

Agricultural Appropriation Bill--Lessler Refused a Big Bribe.

Washington, Jan. 24.—The house took up the agricultural appropriation bill. Wadsworth, in charge of the bill, explained that it carried \$5,258,860, being \$29,000 in excess of the current law.

The house committee on naval af-

fairs today resumed the investigation of charges made by Representative Lessler that he had been approached with an offer of money for his vote. Phillip Doblin was the first witness. He detailed the conversation he had with Mr. Quigg. Mr. Doblin said:

"We talked over the Roberts submarine boat bill. Mr. Quigg was anxious to get Lessler's friendly disposition toward the bill and he said, after talking variously, 'There is \$5,000 in it.'"

Doblin said when he broached the matter to Lessler the latter said: "Quit!"

Doblin said McCullagh had never asked him to see Lessler in regard to submarine boats.

John F. McCullagh, state superintendent of electricians in New York, denied specifically Lessler's statement that he said he came to Washington on behalf of men who could defeat him (Lessler) for election and that Lessler had replied to his request that he would see him (McCullagh) "in hell first." McCullagh, replying to questions, said he had not in any way intimated to Lessler that his acts would in any way affect his election.

Democrats to Meet.

In a telegram to The Citizen, from Santa Fe, W. S. Hopewell, chairman of the territorial democratic central committee, says: "Please announce a special meeting of the democratic central committee at Santa Fe, January 27, at 2 o'clock."

POLICE COURT.

Vags Got the Usual Dose--A Poor Farm Patient From Missouri.

HE TELLS PATHETIC STORY.

Three vags were before Judge Crawford this morning. After hearing the stories of their hard and unfortunate existence the judge gave two of them ten days each, and the other was discharged, as he had a chance to go to work.

A weather beaten and time worn old wanderer, who claimed to hail from a poor farm near Liberty, Mo., was given his breakfast at the city jail this morning. A story of injustice and inhuman treatment from the hands of the authorities at the poor farm was told by the enfeebled man. The story run that he was subject to violent fits and that the doctors had recommended a warmer climate for his general health.

A friend at El Paso had written him to come to El Paso and he would care for him. The poor farm authorities promised him transportation to the southern point, but when he got on the train he discovered his transportation only extended to the next county. His whole trip has been made from county to county. It is probable he will be sent from here to El Paso. He has reached the age where traveling under his circumstances is neither a pleasure nor enjoyment.

LOCAL PARAGRAPHS.

R. F. Heller, the prosperous Cabezon merchant, is in the city buying supplies.

Judge N. B. Laughlin, a prominent attorney of Santa Fe, spent yesterday in the city.

Dr. and Mrs. George Booth, of Toronto, Canada, are in the city for the remainder of the winter. Dr. Booth was a resident of Las Vegas some fifteen years ago.

Few days have returned home. Mrs. J. Green entertained a number of friends at cards at her home, 501 Third street, Thursday afternoon. Progressive whist was the game and it was played at four tables. Refreshments were served.

W. H. Greer, the popular manager of the Victoria Land and Cattle company, whose stock graze on the hills and in the valleys of Luna county, passed up the road for Santa Fe yesterday, where he goes on some legislation for southern New Mexico.

 menting on the Colorado legislature,

THE RIO GRANDE IN NEW MEXICO
 The business men of Santa Fe are
 disturbed on account of a report that
 the management of the Denver & Rio
 Grande intends to reduce the service
 on the road between their town and
 Antonio to three trains per week,
 says the Denver Republican.

It is improbable that this will be
 done, for the people of a considerable
 part of New Mexico would be put to
 great inconvenience if but three trains
 a week were run over the road in ques-
 tion.

Denver people are in sympathy with
 the citizens of Santa Fe in this mat-
 ter, for they desire that a good con-
 nection as possible be maintained be-
 tween this city and all points in New
 Mexico reached by the Denver & Rio
 Grande.

It would seem to be the part of wis-
 dom for the company to extend its
 system far into the interior of New
 Mexico rather than reduce its service
 to any part of that country. Denver
 has been in a measure cut off from
 close connection with New Mexico
 points by lack of better connection by
 way of the Denver & Rio Grande. The
 Atchison, Topeka & Santa Fe is more
 of a Kansas City road than a Denver
 line. Its interests lie in the develop-
 ment of traffic between New Mexico
 and Missouri river points. But the
 Denver & Rio Grande would bring its
 New Mexico business directly to Den-
 ver, and hence the interests of this
 city would be promoted by an exten-
 sion of that road to Albuquerque and
 other points in the interior of New
 Mexico. The subject is by no means
 new, but Rio Grande officials have
 never seemed to look with much fa-
 vor upon proposed extensions into the
 southwest beyond the limits of this
 state—at least since General Palmer
 laid out the original plans of the Den-
 ver & Rio Grande system.

When the life of Mrs. Ruff was
 hanging in the balance she used
 Dr. Pierce's Favorite Prescription and
 was restored to health. Her ex-
 perience made her the firm friend of
 the medicine that cured her.

Dr. Pierce's Favorite Prescription
 has no equal in its cures of womanly
 disease. It establishes regularity,
 dries the drains that weaken women,
 heals inflammation and ulceration
 and cures female weakness.

"Five years ago when my life was hang-
 ing in the balance, Dr. Pierce's Favorite
 Prescription was brought to my home,"
 writes Mrs. Caroline Ruff, Director of
 German Orphan's Home, residing at 139 Row-
 en street, Detroit, Mich. "I took it, and
 it won me back to health. Ever since that
 time, I have been its firm friend. We fre-
 quently have mothers come to our 'Home'
 who are suffering with uterine troubles, in-
 flammation, tumors and obstructions. Our
 great remedy for a female trouble is Dr.
 Pierce's Favorite Prescription, and we have
 found nothing so far which would so quick-
 ly cure the disease, relieve inflammation

other things, have held their own in
 American homes for a season or more,
 there are many interesting details of
 their manufacture which is not known
 to the casual customer. The impress
 of the Spanish cross, recalling the in-
 vaders of the Colorado expedition of
 1540 is still paramount in this industry
 of the tribe. This marked the Nav-
 ajo's first knowledge of the white race
 and the later influence of Mexican art
 can be traced in the zigzagging di-
 amond. There is always one blanket
 weaver in a Navajo family, generally a
 woman, though sometimes a man, and
 the blanket frame which is erected
 outside of the "hogan," or hut, is part
 of its architecture. This frame is of
 upright posts or rude poles. Kneeling
 or squatting in front of it is the patient
 weaver from morning till night. The
 blankets are considered a medium of
 barter, as current as any coin among
 the neighboring tribes, for the Navajo's
 country is the finest for stock raising,
 and their wool far famed. The dyes
 used, too, are practically indelible, and
 their manufacture is a tribe secret.
 The blanket is the banner garment of
 the Navajo with idiosyncratic aspira-
 tions, and the choicest of wigwam de-
 corations. The care taken in the mak-
 ing of these blankets may be realized
 when one knows that two or three
 months are given to the manufacture
 of some of the more elaborate. No
 two of these are ever exactly alike, and
 for certain tribal ceremonies, especial
 patterns are introduced. The choicest
 designs are reserved for enshrining
 the dead, as the journey to the "Happy
 Hunting Ground" is considered much
 enhanced by the richness of the trav-
 eler's wrapping. It is the Navajo
 blanket, too, that oftenest forms the
 charmed square of the snake dancing
 Mohis, and the sun dancers of the Sho-
 shones and Arapahoes carpet their sa-
 cred inclosures with these same
 weaves that American bachelors and
 den devotees of all classes pay such
 round prices for. No wonder with its
 history, its wealth of association, with
 its richness of color, and originality of
 design, the Navajo blanket has at-
 tained a national reputation.—New

Amusements.
 Next Wednesday and Thursday
 the Curtis Comedy company will be
 the attraction at the Colombo hall.
 This well known organization comes
 here with the highest praise from both
 press and public, and our theater go-
 ers can rest assured of a grand treat
 at their hands. On Wednesday night
 they will present the four act society
 drama, "The Senator's Daughter," a
 very interesting play, dealing with so-
 ciety life at Washington, D. C. This
 play permits the liberal display of cost-
 ly gowns and handsome stage settings,
 and gives every opportunity for the
 artists to display their ability. A grand
 open air concert will be given Wednes-
 day morning at 11 o'clock in front of
 the reserved seat sale. A very choice
 list of high class music will be ren-
 dered.

Don't Worry.
 This is easier said than done, yet it
 may be of some help to consider the
 matter. If the cause is something over
 which you have no control it is obvi-
 ous that worrying will not help the
 matter in the least. On the other hand,
 if within your control you have only
 to act. When you have a cold and fear
 an attack of pneumonia, buy a bottle
 of Chamberlain's Cough Remedy and
 use it judiciously and all cause for
 worry as to the outcome will quickly
 disappear. There is no danger of
 pneumonia when it is used. For sale

CIGARS IN THEIR HATS.

Customs Inspectors Capture Rock Is-
 land Limited Passengers with
 Smuggled Mexican Cigars.

Inspectors Ketchum and Smith, of
 the Stanton street customs station
 captured two well dressed gentlemen
 yesterday afternoon with a quantity
 of Mexican cigars in their possession.
 The men were passengers on the lim-
 ited and were passing through here,
 when they took time to go over to
 Juarez and buy several hundred cigars.

When they came to the inspectors
 they each declared six cigars. The in-
 spectors were suspicious and searched
 them. More than two hundred cigars
 were found on them. Some of them
 were secreted in the tourists' hats.
 The men were released.—El Paso

Is There a Weak Spot That is Likely
 to Develop Disease?

Paine's Celery Compound

Quickly Reaches the Affected Parts,
 Fortifies Them and Imparts
 New Life to the Blood.

Are you conscious of a weak spot in
 connection with any of the great or-
 gans of the body? Do your kidneys
 bother you? It may be that you ex-
 perience pain in urination or pain in the
 small of the back. You, perhaps, find
 the skin dry and harsh, the urine high
 colored or a deposit in it. Any of these
 symptoms point to kidney trouble.

If your liver doing its work prop-
 erly? If you have vomiting, nausea, fur-
 red tongue, constipation or disordered
 vision, there is a weak spot in connec-
 tion with the liver. This demands in-
 stant attention.

Is the network of muscular fibres of
 the stomach in a healthy condition,
 or are the nerves weak, irritated or in-
 flamed? Is the digestion poor? Have
 you dyspepsia, indigestion, heartburn,
 or waterbrash? Any of these troubles
 are forerunners of suffering and ill
 health.

Does your blood, as it courses to all
 parts of the body, carry nourishment
 and life, or is it filled with impurities
 and poisons? Unless you have a full
 and vigorous supply of pure blood,
 your life is daily in danger.

Eminent medical men and the tens
 of thousands made well and strong by
 Paine's Celery Compound, will tell you
 that this marvelous medicine is your
 sure deliverer from all the troubles we
 have mentioned. Paine's Celery Com-
 pound quickly and promptly reaches
 the weak suffering parts, fortifies
 them, gives new life to the blood, nour-
 ishes the nerves, builds muscle and
 tissue, and makes you rejoice in a con-
 dition of health that will be permanent
 and lasting.

Conductor Wells, of the Rio Grande division, has returned from a visit to New York.

Two switchmen and a freight ruster at the Gallup depot were discharged last Tuesday.

Lawrence Gilroy, of Los Angeles, special agent of the A. T. & S. F., spent a day at Gallup this week.

William Flaherty, a brother of the ball player, George Flaherty, made his first trip as a brakeman Wednesday.

A. L. Oliphant, roadmaster of the Rio Grande division of the Santa Fe, was an Albuquerque visitor yesterday.

Charles Watkins, formerly a nurse at the local Santa Fe Pacific hospital, has returned from a trip to his home in Canada.

George A. Bible has been appointed traveling passenger agent of the Rock Island at Salt Lake City, vice Frank M. Miller, resigned.

Engineer C. L. Schock has left Las Vegas for Grand Junction, Colo., out of which place he will run an engine for the Denver & Rio Grande.

A. Reinisch, landscape gardener for the Santa Fe, and who made the park at the Las Vegas depot, is in the city, having some work in his line in connection with the Alvarado.

On the Mexican International railroad a reduction of 20 per cent for passengers traveling over 350 kilometers has been put into effect. The freight schedule shows a reduction of from 5 to 20 per cent.

Mrs. Artholony, wife of the dead conductor, has returned to Raton from Beardsburg, Ill., for the purpose of settling up business matters, after which she will return to Beardsburg to make her future home.

Engineer A. F. Eames and his daughter, Mrs. Smith, with her children, the family of Engineer Sam Smith, will go to El Paso for a few months' residence to benefit the health of Mrs. Smith's second son, who is suffering from a nervous disorder.

The Chicago & Alton signed contracts for the construction of fifty passenger cars and ten locomotives, to be used in the St. Louis world's fair traffic. The Illinois Central has ordered 2,000 coal, 2,000 box cars of 80-90 pounds capacity each, and 200 refrigerator cars, for February to May delivery.

Two hundred and fifty Apache Indians are to be employed on the new road now being built to connect San Carlos with Fort Apache. A distance of forty miles is to be built, a stretch of twenty-five miles, to a government saw mill, having been constructed by the aid of Indian labor last year. The new road is expected to become the main thoroughfare into Fort Apache, to which access is now by way of Holbrook, on the Santa Fe Pacific.

Jones Saved \$600,000.

Clinton Jones, who has been passenger representative at San Francisco for the Rock Island road for twenty-seven years, has decided to retire on account of ill health. He has a fortune of about \$600,000, and is considered the wealthiest passenger agent in the United States. During the '70s and '80s as high as \$20 commission was paid on a single ticket between San Francisco and New York. Jones went to San Francisco for the Rock Island for a certain salary and commission on tickets he could sell. President Cable, when out there a few years ago, said he could make money by changing places with Jones.

ROCK ISLAND CHANGES.

New Freight Traffic Manager—New Rails to Be Laid.

Important changes in the general traffic department of the Rock Island have been announced. J. F. Holden is appointed freight traffic manager in charge of freight traffic of all the lines in the system. The jurisdiction of Passenger Traffic Manager John Sebastian is also extended over the Choctaw, Oklahoma & Gulf and St. Louis, Kansas City & Colorado railroads.

Mr. Holden has for several years been the general traffic manager of the Choctaw, Oklahoma & Gulf. About a month ago he went to Chicago as assistant freight traffic manager of the Rock Island and continued to act as general traffic manager of the Choctaw road. He now relinquishes the latter position, the passenger traffic of the Choctaw road being placed in charge of Mr. Sebastian. J. M. Johnson, who has been vice president and freight traffic manager, drops the latter title, but continues as third vice president.

Orders New Rails.

It is announced by C. W. Jones, division superintendent of the Rock Island and railway at Topeka, that the Rock Island has decided to place an order for 800 tons of new 80-pound rails, at a cost of \$20,000.

The new rails will be used for relaying all the sidetrack curves from frog to tangent which are now laid with 60-pound rails. The only 60-pound rails to be allowed to remain are the tangents of the sidetracks.

Although no definite announcement has been made of the fact, it is expected that this change is a general

one which will apply to the whole Rock Island system. The work of changing the rails will be commenced as soon as the steel can be delivered.

The reason for the change is the difficulty which has been encountered in running the heavy new locomotives around the curves made of 60-pound steel. The 60-pound rails are not heavy enough on the curves to withstand the impact. Some of the heaviest engines owned by the Rock Island road are assigned to this division.

The Santa Fe company has had considerable difficulty of the same kind with its light steel on curves, and is making plans to lay heavy steel during the coming year.

DISMISSED THE SUIT.

Union Pacific Escapes From a \$635,000 Damage Case.

The Nebraska supreme court has ordered the dismissal of the suit against the Union Pacific Railroad company for \$635,000 damages for alleged violation of the Nebraska freight rate law. The court affirms the report of the board of referees appointed to inquire into the case. This report in effect declared unconstitutional the act creating the state board of transportation, which assessed the penalties against the road. The merits of the maximum freight rate law are not taken into consideration, but the case is stricken from the docket.

GIBSON IN LOG BOOK.

Says California Limited Has Sherry's "Beat to Death."

C. D. Gibson, the celebrated New York artist, has contributed to the log book of the California Limited. The limited is the Santa Fe's track train, and its log book is for the purpose of giving passengers an opportunity to write in it whatever they see fit about the train.

Mr. Gibson says: "Oh, such eating! Take a seat and have a meal that has got Sherry's beat to death."

Another inscription on the pages of the log book ought to be investigated by the fast teams of whist clubs. It suggests an opportunity to humble the proud spirits of the alleged whist players:

"The California Limited Whist club," reads the inscription, "hereby challenges all parties interested in the game to play at any time in any city mentioned. Address all communications to

"GUY H. POWELL, Chicago."
"BEN BASS, Kansas City."

Railways May Establish Agencies.

The end of the controversy of the western lines over the immigrant traffic may be the establishment by them all of European agencies.

The present deadlock is largely because the Southern Pacific maintains such an agency, and by means of it controls 50 per cent of the immigrant traffic to California. This was the condition of affairs when the immigrant bureau was organized.

The Southern Pacific refused to come in, but for the sake of harmony agreed to take 27½ per cent of the California immigrant traffic and turn the rest over to the bureau lines. Now the

CLEVER BOY

Took the Teachers' Food.

Careful observation on the part of parents and school authorities as to proper food to use to bring up children will lead to a healthy generation.

A pupil in a Philadelphia, Pa., school says, "I had a severe attack of typhoid fever, after which I was so very weak and delicate that I could not attend school regular."

"One day, our teacher, who is a great student and able teacher, gave a lesson in physiology, in which proper food was discussed. She recommended Grape-Nuts to the class, as she had used the food a long time and watched results."

"I thought that if Grape-Nuts had enabled her to teach a class of boys as she taught us, the food would do me good in my weak state and I commenced eating it."

"I have used Grape-Nuts steadily for over a year, am a little past 15 years old, and now measure 5 feet 8 inches, weigh 137 pounds and am strong and well, having entirely recovered from my weak and delicate condition. I am very fond of athletics and join actively in all the sports in our vicinity."

"I can truthfully say that Grape-Nuts is just the food for me and has built me up into a strong active boy." Name given by Postum Cereal Food Co., Ltd., Battle Creek, Mich.

Ayer's Hair Vigor

Probably you know how it always restores color to gray hair, stops falling, and makes the hair grow. Then tell your friends.

Southern Pacific refuses to give up any of the 27½ per cent to the Rock Island.

The Rock Island wants a red division on the basis of 100 per cent, when the bureau lines only have 72½ per cent to base a division upon.

SAYS THEY ARE PARTNERS.

Alleged That Santa Fe and Rock Island Have Made a Combine.

The Rocky Mountain News evidently has a brand new railroad reporter. He has made the following interesting discovery:

"The Rock Island and Santa Fe railroad companies are partners in the building of the short line which will extend from Rio Puerco, on the Santa Fe, to a junction on the Rock Island. B. Lantry & Sons were recently given a contract for sixty miles of the road. Construction crews are being sent out daily to join on the short cut. The short line will be about 250 miles long, traversing part of New Mexico from Albuquerque to Rio Puerco and thence to Durango. Rio Puerco is on the Santa Fe Pacific railroad, and is about 100 miles from Portales, on the Pecos Valley line."

Railways To Spend Vast Sum.

New York, Jan. 23.—Expenditures for railroad betterments and extensions during 1903 will exceed \$300,000,000. The Pennsylvania work alone, which will begin in a short time, will amount to \$80,000,000. Of this sum the Pennsylvania budget sets aside \$30,000,000 for immediate use in New York city, and a large portion of this will be used in taking up options on real estate. The New York Central will spend fully \$25,000,000 in this city alone. The Baltimore & Ohio Railroad company has decided to spend \$30,000,000 in addition to the \$80,000,000 already expended.

The seven Pacific directors have decided to continue the expenditures on that system on a par with the previous year. The total amount of these will approximate \$40,000,000. The directors of the Chicago and Rock Island has decided to spend \$2,000,000 in improvements on the lines in Iowa and Nebraska and as far west as Denver. Atchison interests are to spend \$20,000,000 in the construction of new lines in Oklahoma, consisting of about 1,000 miles of road, touching all the principal points in Oklahoma.

Heads Shoud Never Ache.

Never endure this trouble. Use at once the remedy that stopped it for Mrs. N. A. Webster, of Winnie, Va., she writes: "Dr. King's New Life Pills wholly cured me of sick headaches I had suffered from two years." Cure headache, constipation, biliousness, 25c at all druggists.

Conference for Good Roads.

Governor Otero has received the official notification of the international conference on the subject of good roads which will be held in Detroit on February 13 and 14, in connection with the annual meeting of the American Road Makers. The conference will be international in character, because requests have been received from Canada and Mexico that they be permitted to join it. In addition to the general subject of betterment of roads, two special subjects will be considered.

The first question which will be taken up is, "Will it be wise and feasible to formulate a general plan for the construction and maintenance of inter capital connecting highways through the co-operation of federal, state, county and township governments, the support from each of the political divisions being graduated according to ability and other equitable considerations?"

The second great problem will be to devise ways and means for perfecting and securing the passage of the bill recently introduced in congress by Mr. Brownlow, of Tennessee, the object of which is to create in the department of agriculture a bureau to be known as the bureau of public roads, and to provide for a system of national, state and local co-operation in the permanent improvement of public highways.

Governor Otero is requested to appoint ten delegates from New Mexico to attend the conference.

SUPREME COURT.

Judgment of the District Court of Bernalillo County Was Affirmed.

The supreme court met yesterday morning with Chief Justice Mills presiding and Associate Justices John R. McFie and Frank W. Parker present. Clerk J. D. Sena and Solicitor General E. L. Bartlett were present.

Case No. 1020, the German-American Insurance Company vs. Henry Lockhart et al, appeal from the district court of Bernalillo county, was docketed and the judgment of the lower court affirmed. Execution against the sureties on the appeal bond for \$433.66 was stayed for six months.

Case No. 997, Joseph T. Johnston et al, appellants, vs. City of Albuquerque, appellee, appeal from the district court of Bernalillo county, was argued and submitted.

The court then adjourned until 10 o'clock Monday morning.

Dislocated Her Shoulder.

Mrs. Johanna Soderholm, of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep, which she had not done for several days. The son was so much pleased with the relief it gave to his mother that he has since recommended it to many others. For sale by all druggists.

Curious Find.

A Mexican while exploring a cave in Sycamore canyon above Pinos Altos last week found a small hand shovel beaten out of native copper. However, the most curious part of the find is that the shovel is almost an exact reproduction of the modern instrument of that name, with the exception that it lacks the little "frills" and other fancy work, the outcome of a higher civilization. The shovel is now in the possession of Ben Laswell, who purchased it from the Mexican. Mr. Laswell declares that the copper will run very high in gold and silver.—Enterprise.

A Scientific Discovery.

Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. J. H. O'Reilly & Co. and B. H. Briggs & Co.

New Mexico Cattle Association.

At the National Live Stock convention held in Kansas City last week, the New Mexico delegates met and formed the New Mexico Cattle association, with W. H. Jack, president, and W. C. Barnes, of Colfax county, secretary. The association will hold its annual convention in Deming in March immediately after the adjournment of the Texas Live Stock association in El Paso, when it is expected that President Springer, of the National association, Paul Morton and other distinguished gentlemen, who will attend the latter meeting, will be present.

Croup.

The peculiar cough which indicates croup is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly recommended, but give this medicine as directed and all symptoms of croup will quickly disappear. For sale by all druggists.

NEW COLLECTOR AT NOGALES.

Special Deputy Edwin Baker Succeeded the Late Collector Doane.

Special Collector T. J. Roush, of the customs service, who called on Special Agent Col. J. F. Evans brought the news of the appointment of Edwin Baker as collector at Nogales, Arizona. Collector Baker is the successor to Collector W. H. Doane, who died some weeks ago of typhoid pneumonia. The new appointee was formerly the special deputy in charge of the customs office at Nogales.—El Paso News.

VERY ANNOYING.

This Hardly Expresses What Albuquerque People Say of It.

Any itchiness of the skin is annoying. Little drzger in itching skin diseases.

But they make you miserable. Doan's Ointment is a never failing cure

For piles, eczema, all itching troubles.

Albuquerque citizens endorse it. Mrs. R. E. Waite, rooming house, 202 North Second street, says:

"There came to my notice some time ago a case of eczema or of some disease of the skin, which had resisted all the efforts of the party to stop. Doan's Ointment was procured at the Albuquerque Pharmacy and a course of the treatment commenced. It gave positive relief after an application or two and upon a continuation of it for some time the annoyance ceased. This information should be of untold value to residents of Albuquerque who are in quest of an article upon which they can depend to cure any itchinness of the skin or eruption thereof."

For sale by all dealers. Price, 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

THE OLD YEAR with all its happiness and sadness, its fulfilments and disappointments, its gains and its losses, is gone.

THE NEW YEAR fraught with limitless possibilities, hopes and ambitions, is here.

May your coming year make your possibilities actual facts; may your hopes and ambitions be realized; may wealth and happiness be yours.

NO BETTER WAY

to obtain these blessings can be suggested than by the purchase of one of the WASHINGTON LIFE INSURANCE COMPANY'S combination bond policies.

It will secure you a competency in your old age.

It will perpetuate your fortune when you die.

It will be an asset in your business during its term.

It has a specified cash loan value at 5 per cent interest after the second year which will protect your bond from lapse and you from loss.

Many men give from 5 to 30 years of their lives to the service of their country to be retired on a pension. You can buy a 10, 15 or 20-year payment combination bond, never miss the annual deposit required and CREATE YOUR OWN PENSION.

RICH RECITAL.

Mrs. Avilla Tells of the Wrong Doings
of Miss Petty.

AS GUILTY AS HER HUSBAND.

Editors Citizen:

I do not uphold anyone in wrong doing. My sympathy runs with those who have been wronged. And if Ada Petty had been so wronged and deceived as she has led everyone to believe, I would certainly give her my heartfelt sympathy. I certainly uphold and protect a good girl trying to do right, but I believe in justice being done in every case. And if my husband is guilty, as she claims, she, too, is guilty. God in heaven and they two alone know. Then why should one be shielded and the other bear all the blame? She claims that when she found he was a married man she left him; contrary to that she wrote an anonymous letter to me, knowing that I was yet in bed after the birth of our baby, telling me he was untrue to me and asking me to come to 204 North Arno street and see. Signed, "A Friend." This letter was written December 6. She talked with me on December 21, when I came here, telling me everything possible to get me to leave him. And when Mr. Avilla and I went to his room, 215 Silver avenue, (where she had obtained a room next to his), (that evening after my talk with her in the afternoon), to get his clothes, there was a note telling him his wife had been to see her, and she wanted to see him, after pretending to me when she found out he was a married man she would have nothing more to do with him. I am too proud to beg him to live with me, even though he is my husband, so I told him to take his choice before her. If he wanted to live in the house for the sake of our children he could, but if he chose her I would never get a divorce, and he could not get one. He chose his wife and after our return home he changed his run to Needles. And between the time of our departure from Albuquerque till his arrest we received something like seventeen letters from her, begging him to leave his wife and children, that God would provide for his children, that he must go away with her, saying your wife said she would not grant a divorce, but she did not care if they were never married—he must go away with her by the 15th of January, or she would have vengeance if it fell on the whole family. She would not live without him. Our baby took sick and died and the doctor said his sickness was caused by the worry and nervous strain upon me caused by the trip to Albuquerque and the letters she still persisted in writing after he had told her he did not want to have anything to do with her. She was not satisfied with all she had done; no, she had to do more. She acknowledged in two letters that she had written those anonymous letters to me, and said about a dozen times she was in a delicate condition, and said she would send the child to the orphan's home, and in another letter asking him to ask me to tell her what to do to get rid of it. I never wrote her a line and surely she did not expect me to tell her that. Anyone, even not a Christian, should have more honor. Up to her last letters she claimed to be sick and in that condition, and now denies it.

She said she never went under the name of Avilla. She ordered a paper for a month and sent the bill to my husband to pay. The bill is headed Mrs. Avilla. She saw when he advised her to go home and live a Christian life that all her threats and pleadings had been in vain, so she then brought up the story of the mock marriage, of which she has not even a witness nor a certificate—nothing to prove it took place.

Mr. Avilla was in a little play once and took the name of James Forrest. He has often written it in autograph albums before and after our marriage, six years ago the 23d day of November. He often told me since he went on passenger two years ago the 7th of November, that girls would ask him his name and he would say that considering it none of their business, he would not tell them. From observation and hearsay I think that if people on trains knew their place and would keep it there would be less trouble and many a heartache saved.

I was 24 years old the 12th day of last October, and if my hair was once brown (as the paper said) is now streaked with gray my friends and myself fail to notice it, but some things are done for spite, as I am sure this was, because desired information could not be obtained. If each person would be sure they were faultless before they comment on others' faults, they would not talk so much.

All I ask is justice, neither censuring nor excusing either party concerned. I will always stand by a woman as long as I conscientiously can. And I consider it my duty to help the father of my children as much as is in my power to do.

Mr. Avilla took one week's lay off

THE CHILDREN ENJOY

Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well-informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs—and for the same reason it is the only laxative which should be used by fathers and mothers.

Syrup of Figs is the only remedy which acts gently, pleasantly and naturally without griping, irritating, or nauseating and which cleanses the system effectually, without producing that constipated habit which results from the use of the old-time cathartics and modern imitations, and against which the children should be so carefully guarded. If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines, when medicines are not needed, and when nature needs assistance in the way of a laxative, give them only the simple, pleasant and gentle—Syrup of Figs.

Its quality is due not only to the excellence of the combination of the laxative principles of plants with pleasant aromatic syrups and juices, but also to our original method of manufacture and as you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits. Please to remember, the full name of the Company—CALIFORNIA FIG SYRUP CO.—is printed on the front of every package. In order to get its beneficial effects it is always necessary to buy the genuine only. For sale by all reliable druggists.

when our baby took sick and died. He laid off the 29th of December, our baby was buried on the 30th of December, and our other two children being sick, as well as myself, he remained at home the rest of the week in Winslow, which the Santa Fe Pacific books will show.

I helped organize the Ladies' auxiliary to the B. of R. T. in Winslow, and served last year as chaplain in Navajo lodge, No. 246, of Winslow, and I must say that I am more than surprised to learn how little some of the members of the brother lodge realize their binding obligation taken during their initiation in the B. of R. T. Although some things in these lines may seem hard to some people they are facts and can be proven.

If every person would prefer death to losing their honor, the highest and noblest thing on this earth, there would be less suffering and sin in this wicked world.

Yours with friendly regard,
MRS. ZELLA A. AVILLA.

Unconscious From Croup.

During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures coughs, colds, lagrippe, and all throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. J. H. O'Reilly & Co., and B. H. Briggs & Co.

BOTTLE BABIES

Bottle babies are so likely to get thin. What can be done? More milk, condensed milk, watered milk, household mixtures—try them all. Then try a little Scott's Emulsion in the bottle.

It does for babies what it does for old folks—gives new, firm flesh and strong life. You'll be pleased with the result. It takes only a little in milk to make baby fat.

We'll send you a little to try, if you like.

REFORM SCHOOL.

Belen Wants This Territorial Institution.

The pretty little town of Belen in Valencia county is making quite a fight for the location of the reform school there, says the New Mexican.

Hon. Carl A. Dailies and Hon. Martin Sanchez, representing Valencia county in the house, have started the fight and will carry it on to success if possible. When the bill locating the territorial reform school at Belen has passed the house and reaches the council, it will find a very strong champion there in Col. J. Francisco Chaves, the veteran presiding officer. Belen would indeed be a splendid location with the completion of the Eastern railway of New Mexico, connecting the Pecos division of the Atchison, Topeka & Santa Fe with its Rio Grande division and the Atlantic & Pacific railroad. The town will have first class railroad facilities and direct railroad connection with every part of the territory, except with the extreme northwest and the extreme southeast. Within two years, however, rail connections with these now remote sections will be an accomplished fact and then Belen will be in the swim.

GOOD BASKET BALL.

A Fine Game Played Last Night at
Colombo Hall.

HIGH SCHOOL BOYS WON.

The best basket ball game that the lovers of the sport have ever witnessed in the city was the contest between the Minors and University at Colombo hall last night.

The score of 16 to 12 in favor of the Minors was obtained by a hard fought battle of real skillful basket ball, there being no evidence of any football plays. The team work of both teams was excellent and won the admiration of the enthusiastic audience. However, it may safely be said that the university boys played a more scientific game, in which the individual and team work gave evidence of thorough practice.

The exciting and interesting game started by Cannon, of the university, throwing a basket from field during the first two minutes of play. Then, in a few seconds, the Minors scored on a basket thrown by Strumquist. This gave vent to a series of enthusiastic yelling and applauding from the audience, who saw that the game would be close.

Strumquist, a skillful and cool headed forward, threw three more baskets from field and made two goals out of the five fouls on the university. There were eight fouls declared on the Minors, but not once did the university put the ball in the basket.

Captain Anderson threw three goals, all of which demonstrated his ability and skill as an expert player. Two goals were over-head throws from the center of the field and the third, which won the hearts of the spectators, was thrown from a reclining position.

Bowie, an active and persistent player of the university, made three goals from field, and Cannon, one of the university star players, did excellent work.

In fact all the players deserve the highest praise for the clean and fast game they played. The defense of the university was without fault. Their weak point was in throwing. The ball was dangerously near the Minors' basket several times, rolling around the edge, but it seemed as if it would not be thrown from a reclining position.

The university team was in possession of the ball the larger part of the time.

The staunch and muscular player, Myers, of the university, added four points to the university's score by throwing two baskets from the field.

The line up of the teams was as follows:
Minors—Albers, right forward; Strumquist, left forward; Anderson, center; Holman, right back; Bearup, left back.

University—Bowie, right forward; Springer, left forward; Cannon, center; Strong, right back; Myers, left back.

Mr. Berry, the referee, is well versed in the game and his decisions were not questioned. Tom Keleher and Louis Becker, the umpires, showed no partiality in their calling of fouls and decisions.

Everyone was well pleased with the game of rare skill and clever playing. The championship of the territory resulted in a tie, which will be settled in a game two weeks from last night at Colombo hall. The line up of the teams in this coming game will be the same.

The music for the pleasant dance, which followed the game, was furnished by Mrs. Rosa Berry.

Mrs. Rosa Berry entertained a large crowd of young people at a pleasant dance this afternoon. The young people enjoy this new idea of Saturday afternoon entertainment.

SHERIFF'S SALE.

Notice is hereby given that by virtue of an execution issued out of the District Court within and for the County of Bernalillo, on the 8th day of November, A. D. 1902, addressed to the Sheriff of Bernalillo County, in Case No. 6208, wherein Grunsfeld Brothers are plaintiffs and Rafael Sanchez is defendant, I have levied upon the following described real estate, land and premises, to-wit:

A piece or parcel of land 80 varas wide and 100 varas long, bounded on the north by land of C. Turrieta, on the south by land of A. J. Chavez, on the east by the acequia and on the west by land of J. L. Chavez.

Also a certain piece or parcel of land 100 varas wide and 100 varas long, bounded on the north by land of S. Sanchez, on the south by land of P. Turrieta, on the east by the river and on the west by an arroyo.

All of said pieces and parcels of land being situated in Precinct No. 6 (Los Padillas) in the County of Bernalillo and Territory of New Mexico.

Now, therefore, I, Thomas S. Hubbell, Sheriff of Bernalillo County, New Mexico, do hereby give notice, that in obedience to said writ, I will, on Saturday, January 31, A. D. 1903, at the hour of 10 o'clock in the forenoon of said day, at the front door of the Court House in the town of Albuquerque, County of Bernalillo, New Mexico, offer for sale at public auction all the right, title and interest of the defendant in and to the above described property and real estate, to the highest and best bidder for cash in hand, to satisfy the judgment in the said cause, dated Oct. 24, A. D. 1902, amounting, with interest and costs of suit to the day of sale, not including accruing costs, to the sum of \$156.98.

The Ills of Women Act upon the Nerves like a Firebrand.

The relation of woman's nerves and generative organs is very close; consequently nine tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the organism which makes her a woman. Herein we prove conclusively that Lydia E. Pinkham's Vegetable Compound will quickly relieve all this trouble.

Details of a Severe Case Cured in Eau Claire, Wis.

"DEAR MRS. PINKHAM:—I have been ailing from female trouble for the past five years. About a month ago I was taken with nervous prostration, accompanied at certain times before menstruation with fearful headaches. I read one of your books, and finding many testimonials of the beneficial effects of Lydia E. Pinkham's Vegetable Compound, experienced by lady sufferers, I commenced its use and am happy to state that after using a few bottles I feel like a new woman, aches and pains all gone. I am recommending your medicine to many of my friends, and I assure you that you have my hearty thanks for your valuable preparation which has done so much good. I trust all suffering women will use your Vegetable Compound."—MRS. MINNIE TRETZ, 620 First Ave., Eau Claire, Wis. (May 28, 1901).

Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound; it soothes, strengthens, heals and tones up the delicate female organism. It is a positive cure for all kinds of female complaints; that bearing down feeling, backache, displacement of the womb, inflammation of the ovaries, and is invaluable during the change of life, all of which may help to cause nervous prostration.

Read what Mrs. Day says:

"DEAR MRS. PINKHAM:—I will write you a few lines to let you know of the benefit I have received from taking your remedies. I suffered for a long time with nervous prostration, backache, sick headache, painful menstruation, pain in the stomach after eating, and constipation. I often thought I would lose my mind. I began to take Lydia E. Pinkham's Vegetable Compound and was soon feeling like a new woman. I cannot praise it too highly. It does all that it is recommended to do, and more. I hope that every one who suffers as I did will give Lydia E. Pinkham's remedies a trial."—MRS. MARIE DAY, Eleanor, Pa. (March 25, 1901.)

Free Medical Advice to Women.

Mrs. Pinkham invites all women to write to her for advice. You need not be afraid to tell her the things you could not explain to the doctor—your letter will be seen only by women and is absolutely confidential. Mrs. Pinkham's vast experience with such troubles enables her to tell you just what is best for you, and she will charge you nothing for her advice.

Another Case of Nervous Prostration Cured.

"DEAR MRS. PINKHAM:—Allow me to express to you the benefit I have derived from taking Lydia E. Pinkham's Vegetable Compound. Before I started to take it I was on the verge of nervous prostration. Could not sleep nights, and I suffered dreadfully from indigestion and headache. I heard of Lydia E. Pinkham's wonderful medicine, and began its use, which immediately restored my health. I can heartily recommend it to all suffering women."—MRS. BERTHA E. DRINKINS, 253 1/2 Lapidge St., San Francisco, Cal. (May 21, 1901.)

ANOTHER WONDER OF SCIENCE.

Biology Has Proved That Dandruff Is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam delved, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair and finally baldness. Without dandruff hair must grow luxuriantly. Herpicide at all druggists. It is the only destroyer of dandruff.

Newbro's Herpicide

WHO ARE THEY?

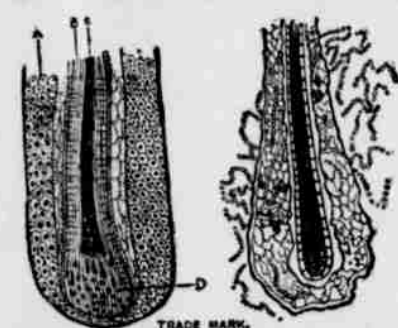

In determining just who should use this new scalp treatment you are apt to be in error, unless you have posted yourself and know that Prof. Unna, of Hamburg, Germany, discovered that dandruff, itching scalp and baldness are caused by a germ or parasite which enters the sebaceous glands of the hair follicles, where it sets up an inflammation, causing dry, brittle, or lusterless hair, accompanied by dandruff, itching scalp, and finally, falling hair. Later, the microbe extends its operations deeper into the hair follicle, where it attacks the hair bulb and lastly the papilla, from which the hair root receives its nourishment, after which chronic or incurable baldness will likely follow. Therefore, the persons who need the new antiseptic scalp germicide are not the hopelessly bald ones, but, practically, every one else. Read the reason for this.

A WELL KNOWN COLORADO TEACHER WRITES: "I wish to say that I used Newbro's Herpicide for falling hair, and it had the desired effect in two weeks. I trust that it may be used by others similarly affected." (Signed) ANNA E. LITTLE, Greeley, Colo.

A CALIFORNIA DENTIST REPORTS: "I have been troubled with dandruff and falling out of my hair for several years, and have tried every known remedy, but found nothing that would effect a cure until I tried your Herpicide. One bottle of it completely cured the disease, and I now use it but once a week." (Signed) W. A. SEHORN, Dentist, Auburn, Cal.

DR. FULLERTON, OF IOWA, PRESCRIBES IT. "I tested Newbro's Herpicide in my own case and it has removed all the dandruff, leaving the hair soft and smooth, and I am very much pleased with it. I have already prescribed it in a number of cases and shall continue to do so in the future." (Signed) O. J. FULLERTON, M. D., Waterloo, Iowa.

The success of Newbro's Herpicide has caused the market to be flooded with so-called dandruff germ destroyers. Don't expect satisfactory results from something the druggist assured you was "just as good." Consultations with dentists never recommended substitutes. Mrs. Jefferson Davis is critically ill with pneumonia at her home on the south side.
Stewart Conover, a merchant at Lyden, in Rio Arriba county, about forty miles north of this town, who has been in the city several days on business, left this morning via the Denver & Rio Grande for home.
C. C. Huckabee, mining engineer, of Birmingham, Alabama, is in town and is accompanied by his mother. He may become interested in coal mining in this territory, and will visit the different sections where coal is found in New Mexico. His deceased uncle, C. C. Crowe, was appointed governor of New Mexico by President Grant thirty years ago, and came to Santa Fe to take possession of the office, but died shortly after his arrival and before qualifying.
Beginning on Sunday evening next

MOTHERS, DO YOU KNOW
the many so-called birth medicines, and most remedies for women in the treatment of her delicate organs, contain more or less opium, morphine and strychnine?
Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?
Do You Know that you should not take internally any medicine for the pain accompanying pregnancy?
Do You Know that Mother's Friend is applied externally only?
Do You Know that Mother's Friend is a celebrated prescription, and that it has been in use over forty years, and that each bottle of the genuine bears the name of The Bradford Regulator Co.?
Do you know that when you use this remedy during the period of gestation that you will be free of pain and bear healthy, hearty and clever children?
Well, these things are worth knowing. They are facts. Of druggists at \$1.00. Don't be persuaded to try a substitute. Our little book "Motherhood" free. THE BRADFORD REGULATOR CO., Atlanta, Ga.

It's Just a Cough

Rev. W. Hayes Moore, pastor of the First Presbyterian church, will deliver the first of a series of sermons on "The Vision Splendid," to be devoted to immortality. The subjects of the different sermons will be: January 25, "What Is Life?" February 1, "Other Worldliness;" February 8, "Incompleteness;" February 15, "Instinct;" February 22, "Conscience;" March 1, "Broken Love;" March 8, "The First Moment After Death;" March 15, "Farther On;" March 22, "Are There Few That Be Saved?"

Professor Clinton J. Crandall, superintendent of the United States Indian school, near this city, has returned from Washington, where he spent two weeks on official business. Professor Crandall is sanguine that the Indian appropriation bill for the coming year will contain an appropriation of \$5,000 for the drilling of an artesian well on the lands of the school owned by the government; also that an appropriation of \$15,000 for the putting in of a steam heating plant will be had. Professor Crandall presented the importance of these appropriations to the proper officials of the interior department and also to the members of the senate and house committees on Indian affairs and appropriations in congress. The professor is a model official and the best superintendent of the Indian school in this city has ever had. He has accomplished very gratifying results by his administration of the school and of Pueblo Indian affairs under his charge.

Ad druggists guarantee every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two-thirds of its contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia. All druggists.

HE WAS JOLLIED.

How a Would-be Man Hunter Was Brought to a Stern Realization.

BRAVE WITH HIS GUNS.

Even the bravest and strong hearted men tremble with fear when desperate murderous characters are known to be at large.

After all the particulars of the Santa Fe jail tragedy, in which the jailor had been shot and killed, had been learned, and the villainous characters of the escaped murderers, who were at large, was made known, many a man felt unsafe in the dark shadows of the earth. Then when the report was circulated that the criminals were headed toward Albuquerque, the little sensational and blood curdling act took place.

In one of the down town health palaces, there is a young man, tall in stature and stern facial features made prominent by dark hair and heavy dark eyebrows. This young man sits on his stool calmly all day and watches the stacks of dollars increase and decrease. The news of the desperadoes at large had a weakening effect upon his usually iron nerves. First he began with a long windy speech as to what he would do were he given a surprise by these escaped prisoners. His dreams of being held up grew more vivid, until at last he secured a big gun, several knives and other dangerous weapons. These he laid carefully on his stool, and he stood by like a master watch dog. When a stranger would enter he would grip the gun tightly, until the bullets were almost squeezed out. But most fortunately for the criminals they never put in their appearance.

Last evening as this terrified desperado hunter went in the door he was surprised by being confronted by his own weapons in the hands of another man. His fright was plainly visible, but he soon was next that the boys were jollied him, and that the desperate hold-up was only a fellow-workman. Now he has nothing to say. Hot air and weapons have disappeared and he sits all day as if in a trance, with a far away look in his piercing dark eyes.
