## GRAND SPEECH

**Senator Foraker Making Rousing Speech for Statehood.**

**EDITOR SHOT IN SOUTH CAROLINA**

**Bad State of Affairs Brewing in Colorado Politics.**

**PITTSFIELD STREET CAR MAN INDICTED**

Special to The Citizen.  
Washington, Jan. 15.—Senator Foraker is making a grand speech in favor of the omnibus statehood bill. He said that the New Mexico railroads are worth more than all the property in Indiana and Minnesota when those states were admitted.

## SOUTHERN TRAGEDY.

**Prominent South Carolina Editor Shot by Lieutenant Governor.**

Columbia, S. C., Jan. 15.—N. C. Gonzales, editor of The State, was shot down on the street here today by Hon. James H. Tillman, lieutenant governor of South Carolina. The wound is in the stomach and may be serious.

Editor Gonzales was on his way home to dinner when he met Mr. Tillman. Tillman was accompanied by two state senators. It is said that not a word was spoken as the editor and lieutenant governor met face to face. Tillman instantly drew a revolver, it is said by eye witnesses, and placing it close to the body of Gonzales fired without a word. Gonzales staggered and then catching his balance turned toward the man who had shot him. Tillman had the smoking revolver in his hand with the muzzle pointed at the wounded man.

"Coward," shouted Gonzales as he was caught by parties who had rushed to his assistance. Lieutenant Governor Tillman was immediately placed under arrest and Gonzales was hurriedly carried to the office of the Columbia State, where medical aid was summoned. In the city the wildest excitement prevailed and thousands congregated at the scene of the shooting and at the newspaper office. Gonzales at this hour, 3 p. m., is still in his office. He is perfectly rational and declares that he has given no recent offense for the shooting.

The cause of the shooting is supposed to date back to the recent campaign, when Editor Gonzales made a hard fight against Tillman. Tillman is under arrest. He declines to make any statement. Physicians report later that the wound may be fatal.

## Gonzales Dying.

Atlanta, Ga., Jan. 15.—A message from Columbia at 3:25 p. m. says:

Colonel Gonzales is still alive. He is now unconscious and sinking rapidly. It is reported now that Gonzales may have precipitated the trouble and it is said that Tillman's words following the shooting were: "I got your message."

## May Lynch Tillman.

Atlanta, Ga., Jan. 15.—A special to the Journal from Columbia says the wildest excitement prevails there at this hour, 4 p. m. Open threats are made to lynch Tillman. Gonzales is said to be dying at the hospital. It is understood that his friends are rallying there in the streets. Tillman, who is held at police barracks under a heavy guard, still declines to make any statement whatever.

## COLORADO POLITICS.

**Bad Condition of Affairs Brewing Over Senatorial Election.**

Denver, Jan. 15.—Governor Peabody, it is said, will call out the militia of the state to establish the rights of the proposed republican "rump" senate to the occupancy of the senate chambers. This is alleged to be the sentiment expressed at a secret conference of republican legislators last night, but no decision was reached on the matter and it is not believed that the governor would agree to such an arrangement.

## Election Contest.

Denver, Jan. 15.—The house committee on elections heard democratic testimony this morning. It was a general denial that there was any conspiracy to carry the election by fraud. It is now believed that not more than six democrats will be removed, giving the republicans a majority of one on joint ballot, unless republican senators are removed. The senate committee on elections also were busy all the morning with contests. Neither house was in session this morning.

ing with contests. Neither house was in session this morning.

## Indicted for Manslaughter.

Pittsfield, Mass., Jan. 15.—The grand jury in the case of Euclid Madden and James T. Kelly today reported an indictment against each, charging manslaughter. These men were in charge of the electric car which last August ran into the carriage of President Roosevelt, with the result that the secret service agent, William Craig, was killed.

## Patients Removed.

Regardless of the severity of the weather the patients of the Santa Fe Pacific hospital were removed from Dr. Cutter's tent hospital to a ward in the St. Joseph's sanitarium. The ward secured for the Santa Fe Pacific patients is what was called the ladies ward and is composed of a suite of rooms on the second floor of the east wing of the handsome new sanitarium building. At 3 o'clock this afternoon none of the patients moved were the worse for the morning's airing. The new quarters are a big improvement over the improvised tents that did good service in emergency.

## General Staff Bill.

Washington, Jan. 15.—The senate committee on military affairs today authorized favorable report on the general staff bill which passed the house a week ago.

## TERRITORIAL SUPREME COURT

**Decisions Handed Down in Several Important Cases.**

## REHEARING IN A BERNALILLO CASE

The territorial supreme court met yesterday afternoon at 2 o'clock with Chief Justice Mills presiding, and Associate Justices John R. McFie, F. W. Carker and B. S. Baker present. Clerk J. D. Sosa and Solicitor General Bartlett were also present.

Decisions were handed down in the following cases:

No. 882, Territory of New Mexico, appellee, vs. David Baca, appellant, appeal from district court of Socorro county. Reversed and remanded.

No. 928, Territory of New Mexico, appellee, vs. Levi Claypool, et al, appellants, appeal from district court of Socorro county. Reversed and remanded.

No. 931, U. S. Stewart, appellant, vs. Board of County Commissioners Bernalillo county, appellee, appeal from district court Bernalillo county. Rehearing granted.

No. 970, Territory of New Mexico, appellee, vs. Miguel Muniz, appellant, appeal from district court of Chaves county. Rehearing denied.

No. 975, Territory of New Mexico, appellee, vs. Joseph Taylor, appellant, appeal from district court Chaves county. Judgment of lower court affirmed.

No. 987, Margarito Romero, administrator, appellant, vs. The A. T. & S. F. Railway company, appellee, appeal from district court San Miguel county. Argued and submitted.

## "MONTE CRISTO."

**Presented at Colombo Hall Last Night—Rip Van Winkle Tonight.**

The presentation of Monte Cristo, a drama that never fails to make a strong impression on the audience, by the Krause-Taylor company attracted a large house.

J. C. Taylor, as the "Count de Monte Cristo," held the crowded house by his excellent and clever acting.

The company in every way demonstrated their ability to handle this stirring old drama in a manner that pleased the expectant audience.

There is no doubt in the minds of the theater goers but that the Krause-Taylor company will give a good presentation of all the plays scheduled for the remainder of the week.

Several clever specialties between the acts changed the atmosphere of tragedy and pathos into amusement and mirthful laughter.

Rip Van Winkle, the celebrated old drama, which has been identified with the success of Joseph Jefferson will be presented tonight.

Tomorrow night Dr. Jekyll and Mr. Hyde will be given.

## Increased Membership.

G. K. Warren post, No. 5, Grand Army of the Republic, was increased by five new members taken in at the meeting Tuesday night. The Woman's Relief Corps was also increased in membership by an addition of five new members.

These worthy societies made remarkable increases last year, which it is hoped, will be equalled the ensuing year. They have made a good start.

## WIDENED INQUIRY

**Evidence Showing Combine to Create Coal Famine.**

**LANDMARK OF JESUITS REMOVED**

**Pan-American Congress in Session in New York City.**

**THE STEAMER ST. LOUIS LOST AT SEA**

Chicago, Jan. 15.—On new developments in the coal investigation the special grand jury has widened its scope of inquiry. On information received late yesterday subpoenas have been sent to the sheriff of Sangamon county for the appearance before it of Charles A. Starne, of the Virden Coal company, and the West End coal company, of Springfield; Terrence Casey, of the Williamsville Coal company, and L. W. Senseney, of the Alton & Auburn Coal company, at Auburn. The evidence of the men from the Springfield district, it is said, will form the connecting link in the chain of evidence showing agreements between the operators of Illinois and Indiana. Several witnesses summoned for yesterday were heard today after which the grand jury gave its attention to the volume of documentary evidence.

## THE JESUITS.

**Removal of a Historic Landmark of the Order.**

Baltimore, Md., Jan. 15.—The final closing today of the historic old novitiate at Frederick, Md., marks an epoch in the career of the Jesuits, which order has been prominent in the affairs of Maryland since the landing of Calvert in 1634. The novitiate has been removed to St. Andrews-on-the-Hudson, for the reason, it is said, that the south has ceased to be the center from which novices are procured and that the eastern states, particularly New York, are more helpful to the society in this way than in the past.

The old novitiate property at Frederick was bought in the early part of the last century and is within a stone's throw of the home of Barbara Fritchie and of the grave of Francis Scott Key. Recently the property, which had been offered to Cardinal Gibbons, and refused, was sold to private parties and will be cut up into building lots.

From 1634 to 1810, the Jesuits, although they ministered in Maryland, were all educated abroad. The novitiate at Frederick was established in 1810 and the majority of the members of the Jesuit order in this country and who have belonged to the order within the last century were educated there, which consequently renders it an important place in the estimation of the fathers.

The new institution located on the Hudson is magnificent and complete in every particular. It starts on its career with about 300 novices in charge of Rev. J. H. O'Rourke, rector of the novitiate.

## PAN-AMERICAN CONGRESS.

**Important Convention to Be Held in New York City.**

New York, Jan. 15.—The Pan-American customs congress, one of the three international gatherings arranged for by the Pan-American congress held in Mexico two years ago, was formally opened in this city today. With but one or two minor exceptions every republic of the western world is represented at the congress. The United States is represented by Collector Stranahan, of the port of New York, ex-Mayor William R. Grace, of New York city; George W. Whitehead, appraiser of customs at New York; I. F. Fischer, president of the board of general appraisers; Special Deputy Collector J. J. Couch and Commissioner of Navigation Chamberlain.

The congress will endeavor to reach an understanding which will simplify commercial intercourse between the United States and the Latin-American republics and adopt a universal American form of consular manifest, so that the varying customs of regulations may be simplified at least by a common mode of presentation of business at the various ports. The bureau of American republics at Washington will be the distributing point for regulations suggested by the congress.

The United States delegates will, of course, take a leading part in the congress, but it is the aim of the representatives of this government not to attempt anything like a control of the meeting. Nevertheless, the United

States delegates will present certain matters forcibly in the expectation that the best interests of the congress will be promoted, and that some similarity of administration among all the republics of this hemisphere will be secured.

## STEAMER ST. LOUIS.

**The Good Ship Probably Lost at Sea.**

New York, Jan. 15.—Up to 9 o'clock this morning the overdue American line steamer St. Louis from Southampton and Cherbourg had not been reported. There was quite a crowd at the office of the American line asking for news of the St. Louis, most of the people being friends and relatives of passengers. The Spanish steamship Montevideo docked today. Her captain said that the steamer had come over the southern route but had not sighted the St. Louis. The American line did not attach much importance to this failure to sight the boat as they said the St. Louis would not take the southern route.

## New York Metal.

New York, Jan. 15.—Lead—Quiet: \$4.12½. Copper—Unchanged.

## New York Money.

New York, Jan. 15.—Money on call steady at 4 per cent. Prime mercantile paper at 5@5½. Silver, 47½.

## "ACCIDENTAL" FIRES.

**What an Old Time Insurance Agent Says on the New Subject.**

"Hereafter," said a well known local insurance agent, "all fires in Albuquerque must be designated as 'accidental,'" and the agent immediately commenced a jolly laugh.

"Say," continued the gentleman, "if a fellow sprinkled coal oil or some other inflammable fluid throughout your store, residence or yard, and applies a match the fire is 'accidental.' Not much, in the eyes of the fire insurance companies. There has been some awfully suspicious fires in Albuquerque, which, not until now, has either of the city daily papers called 'accidental,' and some of the fires will never go down in the history of Albuquerque as 'accidental' fires. Wonder if the man who gave credence to the 'accidental fire story' can say truthfully that the fire at a certain lodging house a few years ago and before the present proprietor took charge, was 'accidental,' when half a dozen or more rooms were discovered to be on fire almost at the same time.

"If there ever was a fire in Albuquerque, where fire bugs got in their work, it was at the J. C. Baldrige fire, and the insurance that gentleman carried, only \$6,000, did not pay more than one-fourth of his entire loss, but there are others, very suspicious, and the list is a long one, for I have been in the fire insurance business here for over fifteen years and know whereof I speak.

"The daily newspapers of the city, in their reports of fires which could not be fully explained, have thrown out some strong insinuations, but the evil will probably continue as long as inflammable oils are used and matches are manufactured."

## BARRETT FINED.

**For Slugging Tagliaferri He Will Have to Pay \$25 and Costs.**

Robert Barrett, an apprentice of the Santa Fe machine shops, who was arrested for beating up watchman Nick Tagliaferri, was fined \$25 and costs.

The case was tried before the police judge a few days ago and taken under advisement. On account of Barrett's age, and this being the first offense he has ever been charged with, the court was as lenient with him as possible. If the case had been turned over to the grand jury it is hardly possible he would have been convicted on the evidence in the case.

That the boys were trespassers and had no business on the company's property is beyond question. Yet at the same time there would have been no fight had not Tagliaferri courted it by throwing a plank in front of the moving car, which might have injured some of the boys for life.

This will be a warning for the shop boys to keep away from the yards on Sundays and holidays when they are not working.

## Death of Little Son.

Clifford, the 6-month-old son of Mr. and Mrs. William F. Owings, died this morning at the home on Third street.

Mr. and Mrs. Owings came to Albuquerque about three weeks ago from Circleville, Kan., for Mrs. Owings' health. The child was taken sick several days ago and all medical treatment was of no avail.

The funeral will take place at 2 o'clock this afternoon. Interment at Fairview cemetery.

## THE RESOLUTIONS

**Live Stock Convention Desire Laws Changed.**

**WANT THE HOMESTEADS ENLARGED**

**Desire Expert Report on Needed Changes in the Arid Region.**

**CONVENTION WILL ADJOURN TOMORROW**

Kansas City, Jan. 15.—At the third day's session of the National Live Stock convention many papers were read and discussed and a flood of resolutions were introduced and considered. The convention will finish its work tomorrow and will be followed on Saturday by the annual meeting of the wool growers' association, at which important action regarding the range problem is expected.

One of the most important resolutions introduced in the live stock convention today sought to heal the long standing bitterness existing between cattlemen and sheepmen over the question of ranges. A. R. Robertson, of Texas, yesterday introduced a resolution calling for the amendment of the laws regulating the grazing on public lands and approving the leasing of such lands in states where such a policy is desired by the people. This was referred to the executive committee and finally laid upon the table. In its place the following substitute resolutions, prepared by a cattleman and which, it is said, is approved by sheepmen and by many of the cattlemen, was introduced:

"Resolved, That the laws governing the use of the public lands of the United States have become outgrown and obsolete, owing to the rapid advance of civilization and we believe that the time has come when congress should take action looking toward laws that will recognize the changed conditions and will encourage the settlement and improvement of the largest possible area and provide protection to the settlers using said lands for grazing purposes.

"Resolved, That we approve the suggestion of President Roosevelt in his last annual message to congress, that larger areas of these semi-arid lands should be allowed for a homestead, and that a commission of experts be appointed to investigate the present existing condition and suggest to congress remedies that will be fair and just and will build up rather than retard the growth and improvement of the west.

"Resolved, That a memorial from this convention be prepared calling the attention of congress as briefly as possible to the fact that the present land laws encourage the destruction of the forage upon the public lands and retard improvement and settlement; that the memorial petition congress to adopt the suggestion of President Roosevelt to appoint a commission of experts to make a careful investigation into the actual conditions now prevailing and to suggest new laws that will benefit sections of the country, the varied and conflicting conditions existing in the various sections of the west being the principal obstacle from agreeing among themselves upon a plan for a change in the laws, as the law that would benefit one section would cause loss and ruin to another, where different conditions prevailed.

"Resolved, That said memorial be prepared immediately and presented to the present session of congress with an urgent appeal that action be taken to the end that this grave question may be settled at an early date and to the further end that congress may not act hastily and unduly in changing the present laws until properly informed through its commission of experts as to the actual prevailing conditions in all sections."

Several important resolutions were adopted by the cattlemen today. One was by J. W. Robinson, of Kansas, favoring an amendment to the interstate commerce law so as to grant to that commission power to adjust freight rates and put into full force and effect rulings till reversed or modified by the courts. A resolution by C. W. Baker, of Illinois, reaffirming the association's attitude on the so-called forty-hour law which provides for the extension of time that cattle can be confined in cars without unloading, which was adopted after some discussion.

## Program for the Year.

A neat little pamphlet has been published by the Albuquerque Historical club, containing the club's program of study for the ensuing year. Although

the club has only been in existence the past three months, the pamphlet gives evidence that it has become a permanent organization.

The program for the year is in most every instance a study of New Mexico history.

Attorney M. E. Hickey has been elected president of the club. It will continue to meet in the office of Attorney A. B. McMillan.

## BACK FROM EL PASO.

**President Marron, of Territorial Fair, Returns to the City.**

Hon. O. N. Marron, president of the territorial fair of 1903, who with Secretary P. F. McCanna and Sheriff T. S. Hubbell, went to El Paso Monday night to spend a few days at the carnival, has returned and with him comes stories of the big doings at the Pass city.

He was there for the opening and it came with a boom. He says that the city was crowded and that the crowds were being entertained and being taken care of admirably. The attractions are well selected and ample. Sheriff Hubbell and Secretary McCanna remained at El Paso.

Frank Harrison, owner of some valuable Albuquerque real estate, is in the city from Fort Worth, Texas. He is in splendid health, and carries around an aldermanic physique.

## ON TO WASHINGTON.

**Judge McMillan Will Controvert and Disprove Charges Against Him.**

## CANDIDATES FOR THE OFFICE.

Yesterday, The Citizen published a Washington special dispatch, giving information that a New Mexico delegation had called upon President Roosevelt and recommended the removal of Judge D. H. McMillan, of the Fifth judicial district, and the appointment of Judge A. A. Freeman, of Carlsbad.

Charges had been filed at Washington against Judge McMillan, and the dispatch says that the president declared that McMillan would have to answer charges made against him relative to his conduct while on the bench or resign.

In connection with the above dispatch, Judge McMillan left Santa Fe, where he was attending territorial supreme court, yesterday morning for Washington, carrying with him a large number of affidavits and facts to controvert and disprove the charges made against him. It seems that he has never been furnished with a copy of the charges and he goes to Washington for the purpose of obtaining such copy, and to answer the charges in detail. A special agent of the department of justice spent several weeks in this territory investigating charges and preparing a report upon them, but of this Judge McMillan had no official knowledge, and the special agent never called upon him for any defense or disproof of the charges.

News from Washington is to the effect that Judge Clement S. Smith, of Michigan, one of the district judges of that state, and who is now upon the bench, stands a very good chance for appointment should Judge McMillan resign. Judge Smith is said to be pushed for the position by United States Senator J. C. Burrows, of Michigan.

Those who are pretty well acquainted with the circumstances of the case believe that Judge McMillan will be fully able to vindicate himself and to disprove the allegation and charges made against him, although it is understood that the report of the special agent in this case is unfavorable and sustains part of the allegations and charges made against Judge McMillan.

## CHARLES ZEIGER CUT.

**In a Fight in His Barroom at El Paso With Tom White.**

Charles Zeiger was cut several times about the face and neck by Tom White in a scuffle and fight in the Zeiger bar last night shortly after midnight, but the wounds were not serious and Mr. Zeiger is reported as resting easy this morning.

White formerly had a cigar stand in the same building occupied by the Zeiger hotel and bar.

How the trouble originated could not be learned. The saloon was crowded at the time of the affray and friends separated the two men as soon as it was seen that White was using a knife.

One of Mr. Zeiger's wounds is said to have come near severing the jugular vein in his neck.—El Paso Herald.

Col. J. L. Morris is reported quite sick at his rooms on First avenue.

## SIGNED THE BILL

**Roosevelt Approves Bill Suspending Duty on Coal.**

**PRICE OF COAL IN CITY OF LONDON**

**Senate Committee Agree to Favorably Report Cuban Reciprocity Treaty.**

**SWEDEN SUFFERING FROM A FAMINE**

Washington, Jan. 15.—The president signed the bill suspending the duty on coal at 1 o'clock this afternoon.

## Passed Hoar Resolution.

Washington, Jan. 15.—The senate today passed the resolution introduced by Mr. Hoar yesterday, calling upon the president to inform the senate what government is now existing in the island of Guam and asking why Mabini is detained in that island.

The Vest resolution regarding the removal of duty on coal was taken up and Mr. Tillman resumed his remarks. He declared that the railroads are absolutely in the saddle on the coal question. They mine and market coal and fix the price, he charged, without regard to a solitary independent operator. He said it was an infamy the way the press of the country was prostituted and lending itself to befuddle the minds of the people and deceive them into the idea that the railroads are willing and anxious to relieve the distress occasioned by the coal famine, but that somebody, somewhere, called an independent operator, is responsible for the present condition of affairs.

Upon the conclusion of Mr. Tillman's remarks Mr. Spooner stated that several senators desired to speak on the resolution and asked that it go over, which was agreed to.

The statehood bill was then taken up and Mr. Foraker, of Ohio, spoke in favor of the omnibus bill, granting statehood to Oklahoma, Arizona and New Mexico.

## Cuban Reciprocity Treaty.

Washington, Jan. 15.—The senate committee on foreign relations today agreed to report the Cuban reciprocity treaty to the senate with two amendments. The first is the guarantee against a further reduction of the sugar tariff which was adopted yesterday and the other makes a reduction of 40 per cent in the reduction of the duty on American cattle exported to Cuba instead of 20 per cent, as provided in the treaty, as it was originally transmitted to the senate. Senators Bacon and Bailey cast their votes against the resolution for a favorable report, but all the other votes were in the affirmative.

## Army Bill.

Washington, Jan. 15.—Without preliminary business the house today resumed consideration of the army appropriation bill.

Without further amendment the bill was passed.

Mr. Daize, of Pennsylvania, from the committee on rules, then presented a special rule to make the senate department of commerce bill a continuing order until disposed of, not to interfere with the appropriation bills or other privileged reports. The rule was adopted and under its terms the house proceeded to the consideration of the measure.

## COAL IN LONDON.

**Price Little Affected by the Action of Congress.**

London, Jan. 15.—Prices in the London coal market thus far have not been affected by the action of congress in providing a rebate of duties on all coal for a year and placing anthracite on the free list, though a better feeling prevails.

No further large orders have yet been received from America. The most important houses do not expect large exports of coal to the United States. They believe that Canadian coal will chiefly benefit by the rebate duties.

It is added that nearly all the English coal heretofore sent to America was ordered by speculators, the leading American merchants not being buyers on account of the length of time required to arrange for large shipments from England.

## Famine in Sweden.

London, Jan. 15.—Telegrams from Stockholm confirm the distressing accounts of famine in northern Sweden, where 30,000 people are affected. Beside the failure of crops there is extreme scarcity of fish.

New Mexico demands Statehood from  
the Fifty-Seventh Congress.

Albuquerque is almost certain to  
add 5,000 to its population within less  
than two years.

The numerous anti-trust bills prove  
that there is no lack of desire on the  
part of the republican party to cure  
existing evils.

Delegate Rodey is trying to secure  
the location of a government irriga-  
tion reservoir on the Puerco river at  
the village of Casa Salazar.

The Citizen reflects the sentiment of  
the people of New Mexico and Arizona  
when it asserts that they want no  
compromise on the omnibus statehood  
bill.

The territorial agricultural college  
will hold a farmers' institute at Las  
Cruces on January 24. An interesting  
program has been arranged for the oc-  
casion.

The San Juan County Index has  
changed hands, L. C. Grove retiring  
and Joe Prewitt taking editorial  
charge. The Index is a good local  
newspaper.

The recent durbur at Delhi is said  
to have cost \$5,000,000. It was prob-  
ably worth the money. Nothing so  
powerfully appeals to the inhabitants  
of India as lavish and magnificent dis-  
play.

The stockmen must get off the pub-  
lic lands of the United States. The  
day of free ranges has passed. The  
homesteader is pressing in on every  
side, and the big cattle ranches are  
doomed.

The Prescott Journal-Miner says  
that the politicians do not take kindly  
to the proposition to make one state  
out of Arizona and New Mexico. There  
is too much senatorial timber which  
would go to waste under such an ar-  
rangement to suit them.

The California legislature will in-  
struct Senator Bard to vote for the ad-  
mission of Arizona. The old man is  
opposed, and since he has been hob-  
nobbing with the eastern corporations  
has conceived that he was bigger than  
the state he represented.

## FIGHT IT OUT.

The Las Vegas Optic is in favor of  
fighting the statehood battle to the fin-  
ish. It says:

Statehood is right or it is not. If  
it is right it is worth fighting for. We  
believe that it is right; that it will  
bring to New Mexico new blood, new  
capital, energy and enterprise.

For fifty years we have been in the  
old rut; we have tried the old way,  
while those territories which have  
come in as states have tried the new  
way, and have left us behind in the  
race for success, progress and devel-  
opment.

We have no right under existing  
conditions to vote for governor, sec-  
retary or treasurer of state, judges  
or any territorial officials. We have  
no influence in their selection.

Senators with a pull name our offi-  
cials. The people who should have  
a right to some voice in the selection  
of their public servants, are "like a  
bound boy at a husking match." They  
have no voice, no pull, they are not in  
it.

A petition a mile long, for the ap-  
pointment of any individual named in  
such petition, would be turned down  
to please a senator who had access to  
the White House.

This is true of all parties and ad-

ministrations and at all times.  
It is the voice of the people  
should be heard. A territory which  
has not sufficient ambition to battle  
for its right to become a sovereign  
state, is fit only for subordinate posi-  
tion.

A town which has not public spirit  
enough to assert itself in such a bat-  
tle, will soon become afflicted with  
the dry rot.

Bringing in new blood will hurt no  
one, make against no enterprise, in-  
terfere with no business.

We cannot afford to repress prog-  
ress and keep down new concerns for  
fear they may create competition.

Open the door wide, invite the en-  
ergy, the money, the business expe-  
rience of the outside world to come in  
and become part and parcel of our  
cities and commonwealth.

Defeat now is an evidence that the  
slanders our enemies are repeating is  
true.

It is a public declaration that New  
Mexico is illiterate, unpatriotic, non-  
progressive.

Defeat is equivalent to a declaration  
to the world that New Mexico has  
been unable after fifty years of effort  
to qualify herself for statehood.

Such a declaration will place a  
strong barrier in the road to devel-  
opment and progress. We are in the  
statehood fight. Retreat or indiffer-  
ence is alike disgraceful and disas-  
trous. The world loves a plucky fight-  
er, a game man, a fearless adversary.  
If we win this battle it will prove we  
have resources, that our people are  
competent and patriotic, that we have  
persistent character and courage. The  
line of battle should be strengthened.  
Petitions, letters, telegrams should go  
forward, showing that the people are  
in earnest.

## STATUS OF STATEHOOD.

A Washington dispatch says that  
although nothing has been settled as  
yet regarding the time of taking a vote  
on the statehood measure, there are  
plenty of indications that inference  
is at work to bring about an agreement  
for reaching a vote.

The friends of the omnibus bill are  
feeling cheerful and are predicting  
with more assurance than ever the ul-  
timate triumph of their cause.

Senator Quay maintains his com-  
plete confidence in the ultimate suc-  
cess of the omnibus bill for the ad-  
mission of New Mexico, Arizona and  
Oklahoma.

"Do you know when you will get a  
vote on the statehood bill?" inquired a  
correspondent.

"No," responded the senator, "but  
we will get a vote."

He placed decided emphasis on  
"will," indicating that the bill would  
not be tied up by parliamentary red  
tape.

It is said that the president is be-  
coming decidedly nervous, and told  
Beveridge that he would rather see  
the omnibus bill passed than reciproc-  
ity treaty with Cuba fall of ratifica-  
tion. Pressure is also being exerted  
by the war department and the state  
department to get the statehood issue  
out of the way in some manner.

The secretary of war wants the senate  
to take up the army general staff bill  
that was passed by the house last  
week. Secretary Hay wants the treaty  
with Columbia providing for the isth-  
mian canal ratified, and Senator Hoar  
is anxious that his trust bill should

have the floor for a couple of weeks.  
Allison, the chairman of the appropria-  
tion committee, is also fearful that  
some of the big supply bills will fail,  
which would inevitably make neces-  
sary an extra session of congress. All  
these influences are at work to force  
a vote on the omnibus bill.

Extraordinary efforts have been  
made to influence Quay to let state-  
hood slide until next congress but he  
remains as firm as a rock, and informs  
comers that nothing can be done  
until a fair vote is taken on the  
omnibus bill. The report that Quay  
was disposed to favor the proposition  
to merge Arizona and New Mexico is  
a mistake. He wants all three ter-  
ritories admitted.

It is now regarded as absolutely cer-  
tain that none of the important mea-  
sures can be considered until the  
omnibus bill is disposed of by a vote.

## Dislocated Her Shoulder.

Mrs. Johanna Soderholm, of Fergus  
Falls, Minn., fell and dislocated her  
shoulder. She had a surgeon get it  
back as soon as possible, but it was  
quite sore and pained her very much.  
Her son mentioned that he had seen  
Chamberlain's Pain Balm advertised  
for sprains and soreness, and she ask-  
ed him to buy her a bottle of it, which  
he did. It quickly relieved her and  
enabled her to sleep, which she had  
not done for several days. The son  
was so much pleased with the relief it  
gave to his mother that he has since  
recommended it to many others. For  
sale by all druggists.

## DEMING.

A Few Pointers About a Good Town in  
Southern New Mexico.

Keep your eye on Deming.  
Deming has just been incorporated.  
Deming, the coming city of New Mex-  
ico.

Deming has a magnificent school sys-  
tem.  
Deming, the railroad center of New  
Mexico.

Deming, the gateway to the best part of  
Old Mexico.

Deming! Don't overlook it if you are  
looking for a safe and paying investment.

Deming, the seat of the new county of  
Luna.

Deming is the great mining center of  
the southwest.

Deming water is chemically pure—equal  
to Polan springs.

Deming has increased 50 per cent in popu-  
lation in four years.

Deming water and pure ozone make  
strong and healthy people.

Investments in Deming lots will double  
and triple in one year.

Deming has now a large ice plant and  
electric light system under contract.

In Deming the demand for rental  
houses is five times in excess of the sup-  
ply.

Deming has an abundance of water for  
irrigating vineyards, orchards, or gar-  
dens.

Buy lots and build in Deming. Your  
rental returns will be 20 per cent on the  
investment.

In Deming good safe loans can be had  
at better rates than in the old established  
towns.

At Deming you can buy lots at \$100  
which will pay you 100 per cent in less  
than twelve months.

In Deming another good hotel is needed  
to accommodate the enormous increase of  
population.

Deming is a great health resort—has no  
fever in climate for the cure of pul-  
monary troubles.

Deming will be the great smelter center.  
Two large plants will be installed within  
the year.

Why buy high priced lots when you can  
get them in Deming cheap now, with cer-  
tain advance assured?

Agricultural lands in Deming are unsur-  
passed for fertility, production of fruits  
and vegetables of all kinds.

Deming offers the same opportunities  
now that the most prosperous cities in the  
west offered several years ago.

Deming needs one hundred new houses  
to supply the demand, and needs them  
now. This demand continues to grow.

Deming ships over 100,000 head of cattle  
annually; is the center of the greatest  
breeding region in the southwest and cat-  
tlemen all know this.

## The Start

In married life is generally  
made on an equal footing  
of health in man and wife.  
But how soon, in many  
cases, the wife loses the  
start and fades in face and  
fails in flesh, while her  
husband grows even more  
rugged and robust.

There is one chief cause  
for this widely failure and  
that is, the failure of the  
womanly health. When  
the system is irregular or an  
unhealthy drain, inflamma-  
tion, ulceration or general  
female weakness, the gen-  
eral health is soon im-  
paired.

Dr. Pierce's Favorite  
Prescription cures woman-  
ly diseases. It establishes  
regularity, dries unhealthy drains, heals  
inflammation and ulceration and cures  
female weakness. It makes weak women  
strong and sick women well.

"A little over a year ago I wrote to you  
for advice," says Mrs. Elizabeth J. Fisher, of Diana,  
W. Va. "You advised me to use Dr. Pierce's  
Favorite Prescription and 'Golden Medical Dis-  
covery,' which I did and with the most happy  
result. I was troubled with female weakness  
and bearing down pains. Had a very bad pain  
nearly all the time in my left side, nervousness  
and headache. Was so weak, I could hardly  
walk across my room. Could not sit up only  
just a little while at a time. My husband got  
me some of Dr. Pierce's medicine and I began  
its use. Before I had taken two bottles I was  
able to help do my work. I used three bottles  
in all and it cured me. Now I do all my house-  
work. It is the best medicine I ever used."

The Common Sense Medical Adviser,  
in paper covers, is sent free on receipt of  
21 one-cent stamps to pay expense of  
mailing only. Address: Dr. R. V. Pierce,  
Buffalo, N. Y.

The New Mexican says: Mrs. R. E.  
Leatherman, wife of Deputy United  
States Marshal Leatherman, who is at  
Santa Fe in attendance on the su-  
preme court, went up to the capital  
yesterday and will remain there during  
the session of the district court.

## Don't Worry.

This is easier said than done, yet it  
may be of some help to consider the  
matter. If the cause is something over  
which you have no control it is obvi-  
ous that worrying will not help the  
matter in the least. On the other hand,  
if within your control you have only  
to act. When you have a cold and fear  
an attack of pneumonia, buy a bottle  
of Chamberlain's Cough Remedy and  
use it judiciously and all cause for  
worry as to the outcome will quickly  
disappear. There is no danger of  
pneumonia when it is used. For sale

### CASSATT'S ASSISTANT TALKS.

Mr. Pitcairn Does Not Like the Anti-Pass Agreement.

As the Pennsylvania has been understood to be strongly and irrevocably committed to the anti-pass agreement, it is surprising to hear views entirely at variance with this policy expressed by one of the leading officials of the company, Robert Pitcairn, resident assistant to President Cassatt, when he says:

"The method of not exchanging passes is one of the most destructive policies ever hit upon by the trunk lines. As far as I know, no passes are being exchanged between the lines east of Pittsburgh and Erie and the western lines.

"As much as I would like to see this, I am powerless to intervene. Personally, I have received no passes for 1903, nor did I have any, for that matter, during 1902.

"It stands to reason that if a western representative holds an annual pass from an eastern road other than the Pennsylvania, he will throw business toward the road that gives free transportation. Those who have been accustomed to riding on passes all of their lives consider the rule an injustice."

### SECTION MEN ON A STRIKE.

Would Not Stand a Cut of 25 Cents in Their Wages.

Every section hand on the Pittsburg, Kan., division of the "Frisco" system quit work Saturday morning at 8 o'clock. The cause of the strike is a cut in their wages. They have been receiving \$1.50 per day and a reduction to \$1.25 was announced Saturday. Meetings were held by the men and it was agreed to strike rather than accept the cut. Several months ago the section men were granted an advance from \$1.25 to \$1.50 per day and the advance was the cause of much rejoicing. The action of the company in reducing the wages is not understood. The strike is general over the system, where the reduction was made and word was received from Cherokee and Weir City stating that the men were out there. Roadmaster Schrantz, who has charge

between Fort Scott and Afton. Arcadia and Cherryvale and Girard and Joplin, was conferring with the division officials regarding the trouble. At this time of year the roadbed is always "soft" and in bad shape, and the strike of the section men leaves the road in a critical condition. Within a few days the roadbed will be in such shape that unless the section men are back to work, the trains will have to run slow to avoid disaster.

One Hundred Dollars a Box. Is the value H. A. Tisdale, Summerton, S. C., places on De Witt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except De Witt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with anti-septics and emollients; relieves and permanently cures blind, bleeding itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases. J. H. O'Reilly & Co. and B. H. Briggs & Co.

### FIRST DISTRICT COURT.

Two San Juan County Divorce Cases Decided by Judge McFie—New Suits Filed.

Judge John R. McFie, of the First judicial district, has handed down decisions in two divorce cases from San Juan county. James H. Ferguson was granted a divorce from Rachael E. Ferguson on the ground of abandonment. The custody of the two children, Edith Perle Ferguson, aged 15 years, and Harry E. Ferguson, aged 12 years, is given to their mother. F. V. Williams was granted a divorce from Susan Williams on the ground of abandonment that was cruel and inhuman.

In the First district court for San Juan county, M. L. Steward has brought suit against John R. Pond. His complaint alleges that on November 15 last, at La Plata, he purchased from Pond thirty-four tons of alfalfa hay at \$6 per ton, or a total of \$204. He paid on that date \$100, and at Farmington on December 30, tendered the balance of \$104 due. Pond, he says, refused to accept it and has refused to deliver the alfalfa. The complaint says that when the purchase was negotiated the market price was \$6 a ton, but that now it is \$12 a ton. Steward says he has cattle to feed and wants possession of the alfalfa. He deposited with the court the balance due of \$104 and asks that the hay be awarded him and that he be given damages in the sum of \$600.

In the court for Rio Arriba county, T. D. Burns has brought two suits against Miguel A. Salazar. The plaintiff conducts a store at Tierra Amarilla.

### LOST SIGHT OF.

A Most Important Aid to Education. An important point often overlooked by parents in bringing up children is the use of proper food as an aid to education.

Children make wonderful progress when scientifically fed.

A little woman in East Brentwood, N. H., says of her girlhood days: "I was never very rugged and cold lunches and hearty evening meals and improper food soon began to work serious havoc.

"Then came a period of self-board-ing while away at college, and it is now easy to see where, in the haste to acquire knowledge the true knowledge of proper and nourishing food was neglected. The result, as may be imagined, was indigestion, dyspepsia and constipation. Then followed a weary time of dieting and, one after another, physicians were consulted, till hope of permanent cure was abandoned. Then, two years after leaving school, I entered a new home as a bride and having grown wiser through experience, I resolved to use food in accordance with hygienic principles. This was also necessary as I could not eat anything at all rich.

"We commenced to use Grape-Nuts and soon became convinced that it was the most nutritious food we could obtain. I noticed an immediate improvement in my health, my indigestion became less marked and eventually left me for good.

"It is now two years that we have eaten Grape-Nuts regularly, and I was never as well in my life as now. I have gained ten pounds in weight and can eat, without causing the slightest distress, the richest kind of food as well as anyone, the dyspepsia is entirely gone and constipation never troubles me.

"This may not interest others, but it is of great interest to us, for it is our firm belief that my present good health is due solely to the constant use of Grape-Nuts and we feel that we have great reason to be thankful to the maker of such a perfect and delicious food." Name given by Postum Co., Battle Creek, Mich.

### CERRILLOS MINING CLAIMS.

Pennsylvania Men Interested in the Smelter Have Completed Purchases. Charles R. Galbraith and Charles G. Warner, both of Franklin, Pa., who have been in Santa Fe for several days, have closed pending negotiations for the purchase of mining claims at Cerrillos. The "Great Western" claim in the Cerrillos mining district was purchased from A. Staab, of Santa Fe, for \$2,000. From M. F. Laudenslager and husband, of Albuquerque, they purchased the four claims, "Robert G. Ingersoll," "Sure Winner," "Bertha Mable" and "Little Chief." All the claims are located in the Cerrillos mining district and the consideration was \$5,000. Both of the purchasers are financially interested in the smelter at Cerrillos and both left for their homes yesterday. It is expected the smelter will in a short time be operated at its full capacity as there is an abundance of ore in sight. There has been some fear that sufficient coke could not be secured, but arrangements have been made whereby coke will be burned at the smelter.

### Croup.

The peculiar cough which indicates croup is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies; no matter how highly recommended, but give this medicine as directed and all symptoms of croup will quickly disappear. For sale by all druggists.

## HEAVY PRESSURE.

Friends of Statehood Will Demand  
Strict Attention to Omnibus Bill.

## FORAKER READY WITH FACTS.

A special dispatch to the Denver News, from Washington, under date of January 13, says:

Ever since the 5th of January Senator Nelson has been killing time with his lengthy speeches against the omnibus statehood bill, while his comrades among the majority members of the committee on territories have been trying to devise a way to offset the bill from its place each day on the senate calendar. The speech continued in all its dearth today, and the opposers of the bill were as much at sea as ever. They claim enough votes to defeat the statehood bill, but reject the repeated offers of Leader Quay to allow a vote to be taken at once.

It is rumored today that after the 20th of January the statehood people are going to be more rigorous than ever in the demands that statehood as the regular order of business shall be complied with, and will urge night sessions in order that the bill may be gotten out of the way in time for the appropriation bills.

Senator Nelson will yield the floor tomorrow to Senator Foraker, who will deliver the first installment of what the statehood people have to say in answer to the wild statements published in Beveridge's report and reiterated by Nelson. Foraker spent most of his holiday vacation looking into the condition of the territories, and it is safe to say he will have some convincing facts and figures to offer. He will be followed by Senator McCumber, who will also speak in behalf of the communities that are knocking for admittance to the union.

The question of a territorial form of government for Indian Territory came up in the house today, when Congressman Moon said it was his purpose to allow no more "unanimous consents" in the house until the speaker agreed to give the Indian Territory bill a chance on the floor. He asserted that despite all efforts to get a time for the bill, he had been turned down, and now proposed to have a fair show. The legislatures of New Mexico and Colorado have been asked to memorialize congress in behalf of statehood for the territories.

It is given out at the white house that President Roosevelt has called upon Daniel H. McMillan, judge of the Fifth territorial district in New Mexico, to make a statement as to charges concerning his personal conduct that have been filed against him by citizens of New Mexico. It is said that the president has promised to remove McMillan in case he cannot successfully refute the charges. Judge Freeman, of Carlsbad, will probably be named as his successor in case the removal is made.

## Heads Shoud Never Ache.

Never endure this trouble. Use at once the remedy that stopped it for Mrs. N. A. Webster, of Winnie, Va., she writes: "Dr. King's New Life Pills wholly cured me of sick headaches I had suffered from two years." Cure headache, constipation, biliousness, 25c at all druggists.

## MARRON INTERVIEWED.

What He Says Regarding Joining the  
Two Territories.

O. N. Marron, ex-mayor of this city and the president of the Territorial Fair association, was at El Paso on Tuesday, and on his visit to that city the News says:

O. N. Marron, former territorial chairman of the democratic executive committee of New Mexico, is here with the Albuquerque delegation to the carnival. Mr. Marron recently returned from Washington, where he has been with a number of other New Mexicans of prominence, trying to promote the passage of the omnibus statehood bill. He says that all the latest advices which he has received now tend toward a compromise admitting Arizona and New Mexico as one big state. This substitute is favored by a special statehood committee and Senator Beveridge, of Indiana, and assurances of the president's support have been received. Mr. Marron stated:

"The admission of the territories of New Mexico and Arizona as one large state is no longer a possibility, but a very present probability. It seems to be a solution to the whole statehood problem. The opposition to the omnibus bill favors it, and the chief adherents of the separate statehood bill, Senators Foraker and Quay, are said to favor the combination of the territories. It will make not only the richest state in the union, and second to the largest, Texas being but a trifle larger than the areas of both Arizona

## INDIGESTION

In the cause of more discomfort than any other ailment. If you eat the things that you want and that are good for you, you are distressed. Acker's Dyspepsia Tablets will make your digestion perfect and prevent dyspepsia and its attendant disagreeable symptoms. You can safely eat anything at any time, if you take one of these tablets afterward. Sold by all druggists under a positive guarantee. 25 cents. Money refunded if you are not satisfied. Send to us for a free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

and New Mexico combined."

Mr. Marron says that the people of both territories are perfectly willing to acquiesce to the situation and would gladly become joined together in statehood.

Albuquerque is arranging a fair for next October, which should eclipse anything before attempted in the way of entertainment, and he and Secretary McCanna came to El Paso with a view to study the situation and see how El Paso handles its crowds.

**Real Cause of Dandruff and Baldness.**  
At one time dandruff was attributed to be the result of a feverish condition of the scalp, which threw off the dried cuticle scales.

Professor Unna, Hamburg, Germany, noted authority on skin diseases, explodes this theory and says that dandruff is a germ disease.

This germ is really responsible for the dandruff and for so many bald heads. It can be cured if it is gone about in the right way. The right way, of course, and the only way, is to kill the germ.

Newb's Herpicide does this, and causes the hair to grow luxuriantly, just as nature intended it should.

Sold by leading druggists. Send loc in stamps for sample to the Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

## MRS. MARY KELLY.

Died at St. Joseph's Sanitarium Yesterday Afternoon.

Death came to Mrs. Mary Kelly, an esteemed and respectable old lady of Albuquerque, about 5 o'clock yesterday afternoon.

Mrs. Kelly was 65 years of age, and her health had been in an excellent state until about three weeks ago, when she was taken ill with the formation of a tumor.

Two weeks ago Friday she was taken to the St. Joseph's sanitarium, where an operation was performed with seeming success, but the nervous shock attending the operation was too great for the old lady, whose death has cast a gloom of sorrow over all who knew her.

The husband, Byron Kelly, died two years ago, and now rests in Santa Barbara cemetery.

Three sons, Michael Kelly, an engineer on the Santa Fe railroad, living in this city; A. A. Kelly, a well to do farmer near Spokane, Wash., and Bryan Kelly, of Hilliard, Wash., survive the kind and loving mother.

The two brothers out of the city have been notified of their mother's death by wire and arrangements for the funeral will be made as soon as they are heard from.

## New Century Comfort.

Millions are daily finding a world of comfort in Bucklen's Arnica Salve. It kills pain from burns, scalds, cuts, bruises, conquers ulcers, and fever sores, cures eruptions, salt rheum, boils and felons; removes corns and warts. Best pile cure on earth. Only 25c at all druggists.

## THE PIANO DEALERS.

Hall & Leppard Have a Few Words to Say to the Public.

Hall & Leppard, the progressive piano dealers, wish to call the attention of all people musically interested, throughout the territories of Arizona and New Mexico as well as their home town, that they are in a position to furnish anything in the line of music, from piano to stringed instruments, at better prices and terms than any other dealer in the territory. From the fact that they pay spot cash for all their goods they are able to purchase the highest class instruments and compete with others whose instruments are inferior.

They specially solicit the correspondence of everyone interested. All information, catalogues and price lists furnished free upon application.

A car load of pianos were received on December 26 and nearly all have been disposed of. A larger shipment will be received in the next thirty or sixty days, and now is the time to make your inquiries regarding prices and terms.

Hall & Leppard will give your correspondence prompt attention.

## MINING SUIT SETTLED.

Injunction of S. L. Bean vs. American  
Con. Copper Co. Dissolved.

## VALUABLE PROPERTY INVOLVED.

Judge F. W. Parker, of the Third judicial district, who is at Santa Fe attending the January term of the territorial supreme court, has rendered a decision sustaining every claim made by the American Consolidated Copper company in a suit brought by S. L. Bean, of El Paso.

The case grew out of negotiations started about a year and a half ago and involved the Henry Clay, Florence, Bessie and Yellow Jacket properties in the Virginia district, in southern Grant county.

The American Consolidated Copper company entered into a contract with S. L. Bean, who claimed to be the legal representative of the owners, and who afterwards refused to carry out the contract.

The corporation sued for specific performance, which disclosed the fact that Bean had no legal authority in the premises.

Bean filed a cross complaint asking for an injunction to prevent the defendants from mining, shipping or otherwise operating the properties. Upon this complaint a temporary injunction was granted which has been in force twelve months.

In the meantime the American Consolidated Copper company began to accumulate a chain of title and succeeded in buying the property from the rightful owners, paying full consideration therefor and received complete and satisfactory title.

The hearing just closed resulted in dissolving the injunction as against the corporation, and the issuing of an injunction by the court restraining Bean from entering upon the premises. This gives the American Consolidated Copper company full and peaceful possession and adds to their already large producing properties another that will have great significance in the company's future operations. The amount involved as claimed by Bean is over \$100,000.

William Z. McDonald, secretary of the company, who was in attendance at the hearing, came on to Albuquerque last night and continued on south, either to Silver City or Lordsburg, where later in the week he will meet D. A. Walker, treasurer, and it is expected important future developments, which will be of great benefit to the mining industries of this territory will be decided upon.

The property involved is one of the richest and most productive of any mining property in the southern part of the territory.

## BISHOP POTTER.

He, With Monsignor Nugent, Visits St. Mary's School.

Bishop Potter, of Minnesota, and Monsignor Nugent, of Liverpool, Eng., who arrived in the city last night from the north, visited the St. Mary's school on Sixth avenue this morning, and expressed themselves highly pleased with the teachers, children, studies and building, and especially admired the handsome assembly hall. At the request of Rev. Father Mandalar, Bishop Potter gave the scholars a half holiday. The distinguished Catholic priests expect to leave tonight for San Francisco on a short visit.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Elixir, which we sell under a positive guarantee. ## "NEW MEXICO DAY"

It Was Yesterday at the El Paso Carnival.

The El Paso carnival, although touched by snow, rain and wind, is still drawing big crowds. Yesterday (Wednesday) was "New Mexico" day, and the El Paso News says:

The third day of the carnival broke gray and dreary. A sharp wind moved in from the northeast, and

during the dark hours of the morning, a fine wet snow sifted down on the city. It is New Mexico day, and the visitors from the big territory to the north are having things their own way all over town.

The end of the drilling contest came today without any undue happening. There was no more sensational work like that of yesterday, and the records established then, will remain untouched for a long time.

Tomorrow will see the opening of the roping tournament and there certainly can never be any more interesting feature of a carnival than that given by the ropers.

Last night the midway was jammed and all the shows did a great business.

The bad weather will not lessen business on the midway to any great extent, but if the weather clears the enclosed shows will entertain a throng that will be a record breaker in size.

A thousand visitors are expected in tonight to attend the roping exhibition.

## DEATH VALLEY NITER.

Recent Discoveries of Deposits in That Region Cause Rush of Prospectors.

Discoveries of vast deposits of niter in Death valley have started a rush to that desolate region. Dozens of expeditions fitted out by capitalists and hundreds of miners are leaving Deggett, Borate, Randsburg and Mojave for Death valley. Already there are more than 400 men waiting at Ballarat for information as to which portion of the terrible desert is best to rush to, says a late report. The niter deposits are reported by the discoverers as being of such extent as to rival if not surpass those of Chile. So far their real range is not known, but many square miles have been examined by the prospectors. There are millions of dollars' worth of the much-sought material in sight.

Those who have so far made claims to the niter beds are poor men. "Borax King" Smith, Lord Humphreys and Millionaire Singleton are the capitalists who have taken the keenest interest in the fields, but they have as yet made no claims. Nearly 100 men are being sent into Death valley by "Borax King" Smith, Lord Humphreys and The expense attached to their operations will approximate \$250,000.

## Unjustly Punished.

A friend of mine returning to camp after a day's shooting, says a writer in Navy and Army, suddenly came in sight of a big she bear with two cubs following in single file, proceeding along a ridge, the forms of the three being sharply silhouetted against the sky. It was a very long shot, but he determined to try it, so drew a bead on the old she bear and fired. The result was curious. The procession stopped, the she bear scratched herself hastily, then turned around, and regarding the cub immediately behind with grave disapproval, boxed its ears soundly, and then went trundling on along the ridge, evidently under the impression that her frolicsome offspring had been up to some unusually objectionable tricks.

## A Musical Note.

Music is declared by a Smart Set writer to be at once the "glory and the scandal of the universe." It is certain, says the Chicago Tribune, that a great deal of glorious music is scandalously sung.

## WHY LEAVES CHANGE COLOR.

Changes in Temperature and the Work of Jack Frost Are the Principal Agents.

A leaf is composed of a great number of cells, the walls of which are brown. In the spring and summer these cells are all filled with fluid, colored with minute grains of red, yellow and other pigments, which, mixed together, appear green. In the autumn, through the cold, oxidation and other changes take place in the leaf-cells, destroying more or less rapidly certain of the color elements, says the Woman's Home Companion. As soon as one of these elements is gone the leaf no longer appears normal green, but assumes the shade of the remainder of the color elements mixed together. When only the red element is left the leaf is red; when the yellow alone remains, the leaf is yellow, and when all the coloring matter is gone the leaf is brown.

Frost is not the sole cause of the changes of color, but it is an important cause. The more gradual the changes of temperature from summer heat to winter cold, the greater will be the variety and brilliancy in the coloring of the autumn leaves.

## Japan's Cheap Mail.

The cheapest postal service in the world is that of Japan, where for two sen—about seven-tenths of a penny—letters are conveyed all over the empire.

## BAD BREATH

"For months I had great trouble with my stomach and bad breath. My tongue was coated with a thick layer of mucus, and I was unable to eat. I tried many remedies, but nothing helped. I then saw an advertisement for Cascarets and bought a box. I took them as directed and in a few days my stomach was normal and my breath was sweet. I am now able to eat and sleep comfortably. I can truly say that Cascarets is the best remedy for indigestion and bad breath. I have recommended it to many of my friends and they all have found it to be a most reliable and pleasant remedy."—Chas. H. Haines, 107 Livingston St., New York, N.Y.

## DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming, the coming city of New Mexico.

Deming has a magnificent school system. Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico. Deming! Don't overlook it if you are looking for a safe and paying investment. Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest. Deming water is chemically pure—equal to Polish spring.

Deming has increased 50 per cent in population in four years. Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and treble in one year. Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply. Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured? Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

## SILVER CITY.

From the Independent.

There are over 600 children of school age in our town and only about 53 per cent are attending school at the present time.

Brigadier General James M. Bell, retired, of Washington, is visiting his nephew, W. B. Walton, in this city, having arrived on yesterday's train.

Dr. Bloomberg, who has for some time been stationed at the United States sanitarium at Fort Bayard, will in a few days leave for the Philippines, to which place he has been transferred.

A. F. Witzel left on Friday evening's train for Denver. Mr. Witzel has been in town quite a few days and the people were commencing to consider him a resident again. He will, however, return to Silver City off and on, as he has many business interests here.

The report comes from the mountains to the effect that there is more snow there than has been known for fifteen years. This is good news to the mining and cattlemen in general in this section, as it insures an abundant supply of water in the creeks and rivers until late in the summer months.

The precinct election passed off quietly as usual, the polls being at Newcomb hall. The greatest question under discussion was on the justice of the peace vote, the two candidates being Judge W. H. Newcomb and John M. Ginn. The office was again given to Judge W. H. Newcomb by a majority of 139.

With the close of this week ends in our Normal school the first term of the year 1902-1903. No more successful term has ever been known in the school's history. Each week that has passed has witnessed some new advancement, some looked for success. Pupils and teachers alike have striven to obtain the results which were before them.

Hon. R. M. Turner, of this city, who has been chosen by the people of the Thirteenth district as their representative in the thirteenth legislative assembly, will leave Friday evening for Santa Fe, in order to be present at the opening of the session Monday. Mr. Turner has a number of measures in readiness for introduction, and may be expected to give a good account of his stewardship.

## Unconscious From Croup.

During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures coughs, colds, lagrippe, and all throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. J. H. O'Reilly & Co. and B. H. Briggs & Co.

## LAS VEGAS.

From the Optic.

The children of Rev. A. C. Geyer are considered by the family physician to be out of danger.

Carl Lehmann, the bright young son of Mr. and Mrs. Gus Lehmann, has taken full charge of The Mountaineer, the school publication.

J. M. Crane, who runs a restaurant here, and later deserted his wife and married another in El Paso, Texas, has been located in Los Angeles, Cal., where he is in company with the man Smeed, who tried to shoot up the town. "Birds of a feather," etc.

Miss Edith Well entertained a number of her little friends at the home of her parents on Eleventh street, Saturday, in celebration of her ninth birthday. Each of the little girls carried home with her an appropriate souvenir of the occasion.

Just as the Optic goes to press we learn that Sheriff Romero returned to the city and reports that the report of the shooting at La Cuesta was a mistake. There was a free fight during which rocks and missiles were freely used, and several parties were somewhat cut and bruised, but no very serious damage resulted from the melee.

S. A. Connell, the inventor, is in receipt of his first thread cutting machine for mechanics, out of which he and his associates confidently expect to realize a handsome fortune. It is at present employed as the asylum where Mr. Connell has charge of the stationary engine and other mechanical appliances. It will soon be placed on exhibition down town.

From the Record.

The band boys are contemplating giving a dance on the 20th of this month.

Jose Barcala, who came to this city some time ago from Pecos for medical treatment is reported much better.

Frank Guerin has resigned his position at C. E. Bloom's meat market, and has gone to El Paso. He is succeeded.

Teodorita Venavides, the 3 year old daughter of Jesus Ma. Venavides, died at La Manga of diphtheria.

Mrs. Emma R. Niedig, supreme vice president of the Fraternal Brotherhood, left for Raton, where she will install the officers of the lodge there. She will return here in time to be present at the initiation of about twenty new members to the organization Friday night.

Lieutenant Tarkington, who assumed charge of Troop A as captain, ordered that all the non-commissioned officers appear before the board of examiners next Tuesday evening to be examined for promotion. Troopers Elllegeorge, Mercer, Kennedy, Schaffers and Trambly were ordered to appear at the same time and take the examination for corporal.

Frank J. Buch, consulting engineer for the Las Vegas Copper company, was in the city, but left on his return to Denver. He has contracted with the Fraser Mountain Copper company, near Embudo, to supply them with blue stone from the mill here for use in their large smelter, which will be run entirely by electricity. Mr. Buch will install new electrical machinery for this company and make other improvements in their plant, after which he will return here and stay until the Tecolote mill is in operation, which will not be long, as the timbers are nearly all on the ground for its construction.

## SANTA FE.

From the New Mexican.

A. M. Dettelbach has resumed the work of numbering the houses of Santa Fe and the work will now be pushed to completion.

The water works pressure yesterday dropped to thirty pounds, or hardly sufficient to insure fire protection. The water was shut off from the penitentiary and ice ponds until normal pressure was restored.

Postoffice Inspector Charles L. Doran has officially recommended an entire new equipment for the Santa Fe postoffice. He says that the present equipment of the Santa Fe postoffice is the poorest of any presidential office in New Mexico.

The funeral services of the late Mrs. Josefa Chavez, wife of Col. J. Francisco Chavez, territorial superintendent of public instruction, were held at the cathedral. A large number of friends escorted the remains from the house to the church where low mass was celebrated by Vicar General Anthony Fourcheu. Interment in Rosario cemetery followed. During the funeral all the offices in the capitol were closed and members of the supreme court and territorial officers attended the service. The floral remembrances were unusually handsome. Colonel Chavez has received telegrams expressing sympathy from all parts of the territory. The pall bearers were A. M. Bergere Martin Sanchez, Ireneo L. Chavez, Antonio Ortiz y Salazar, George H. Cross, R. L. Baca.

All druggists guarantee every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two-thirds of its contents. This is the best remedy in the world for colds, coughs, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia. All druggists.

## OFFICIAL MATTERS.

Postoffice Matters—Land Office Notes—Board of Equalization.

W. F. Williams has resigned as postmaster at San Pedro and ex-Postmaster N. J. Strumquist will succeed him. James Wood has resigned as postmaster at Madrid. The postoffice at that place will be moved into the store of the Madrid Supply company and E. J. Thompson will be appointed postmaster.

## Land Office Business.

Homestead Entries—Julian Wengert of Wagon Mound, 120 acres of land in Mora county.

Final Homestead Entry—Bernard Carroll, of Cerrillos, 160 acres of land in Santa Fe county.

## Board of Equalization.

The territorial board of equalization was not in session yesterday forenoon as the members attended the funeral of the late Mrs. Josefa Chavez. At the session yesterday afternoon the board nearly completed its business. There was no change in the assessment of railroads from the year 1902, made except in the case of the Pecos Valley & Northeastern railroad, in which case the assessment was increased \$500 per mile. The question of the assessment of personal property and of land was left to the assessors and county commissioners of the several counties. The board finished its business late last evening.

## The Themometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mahana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

## SOCORRO COUNTY ELECTION CASE

.....Contest Ordered Dismissed—Respondents Win.....

Judge Daniel H. McMillan yesterday morning at Santa Fe rendered his decision in the Socorro county election contest case. The contest was brought in the Fifth judicial district court, Socorro county, and is entitled Abeyta, contestant, vs. Hermene G. Baca, respondent. The contest was for the office of treasurer and ex-officio collector of Socorro county. The notice of contest was dismissed by the court and judgment ordered in favor of the respondent.

The decision in full is as follows:  
District Court, Fifth Judicial District  
of New Mexico, Socorro County.

Abeyta, )  
Contestant, )  
vs. ) No. 4011.  
Hermene G. Baca, )  
Respondent, )

This is a contest, under the election law, for the office of treasurer and ex-officio collector of Socorro county.

The contestant, Abeyta, was the candidate for treasurer and collector of Socorro county on the republican ticket, to which office he was duly and regularly nominated by that party in convention. The respondent, Baca, was the candidate for the same office on the democratic ticket. The conventions which nominated these candidates were each held in the city of Socorro on the 2nd and 3rd days of October, 1902. By reason of some dissension in the republican party, a number of republicans convened in the public plaza of that city on the 3rd day of October, about midday, and arranged to hold a convention of independent republicans at 5 o'clock in the afternoon of said day; such convention, however, was not held until 7 o'clock in the evening, at which time they organized as independent republicans, and nominated a ticket which, with the exception of the republican delegate to congress, was identical with the ticket nominated by the democratic party of that day. It appears, however, that one or two of the candidates nominated on the democratic ticket were republicans.

At the convention held on the evening of October 3 by the independent republicans, they adopted resolutions declaring their principles or the reasons for the organization of the party, perfected a party organization, and adopted as their emblem the American flag enclosed with a square. The republican party in convention on the same day, between the hours of 3 and 4 o'clock in the afternoon, by resolution, duly adopted the American flag as their party emblem.

Nothing further was done by either

the republican organization or the independent republican organization, with reference to perfecting the right of either, to their respective party emblems, adopted by the respective conventions, by way of filing a duly authenticated certificate thereof, until October 29, 26 days after the conventions adopting the respective emblems had adjourned. On October 29 at 11 o'clock in the forenoon, the certificates required by statute, duly certifying the adoption of a party emblem and the nomination of a ticket, together with a printed ticket, embracing the emblem and candidates nominated by each of said conventions, were duly filed in the office of the probate clerk in the city of Socorro, as required by statute. The endorsement made by the probate clerk on each of these certificates is as follows:

On the republican certificate:  
"Territory of New Mexico, Socorro County, ss. This instrument of writing was filed for record on the 29th day of October, A. D. 1902, at 11 o'clock a. m., and duly recorded in Vol. — of — on page —. H. G. Baca, probate clerk and recorder, by E. V. Baca, deputy."

On the independent republican certificate:  
"Territory of New Mexico, Socorro County, ss. This instrument of writing was filed for record on the 29th day of October, A. D. 1902, at 11 o'clock a. m., and duly recorded in Vol. — of — on page —. H. G. Baca, probate clerk and recorder, by E. V. Baca, deputy."

Each of these endorsements was accompanied with an impress of the seal of the probate court of Socorro county. Each endorsement was made by a rubber stamp, in blank, the year, month, day and hour and the signatures thereto, being filled in with pen and ink.

The whole number of independent republican votes that were cast and counted in this election were 324. It is contended on the part of the contestant that the 324 independent republican tickets cast and counted in said election are illegal and void, for the reason that the American flag within a square is the same or a similar device to that adopted by the republican party; and that it was calculated to mislead and deceive; and that the independent republicans had no right to use such emblem.

The statute regulating the adoption of a party emblem is as follows:

"That hereafter it shall be lawful for any political convention held in this territory or county thereof for the purpose of nominating candidates to be voted for at any election held in this

territory or any county thereof, to adopt by resolution some mark or designating device to be printed on the face of and at the head of the ticket or ballot containing the names of the candidates for office nominated by such convention, and when such mark or designating device shall have been adopted by such convention and an imprint of such ballot or ticket containing such mark or designating device so adopted and the names of the candidate or candidates nominated by such convention, and certified to by the presiding officer of such convention and the secretary thereof, shall have been filed with the probate clerk of the county in which such convention was held, it shall be unlawful for any other political convention, person or persons in such county to adopt or use any such mark or designating device for election purposes, or to cause the same to be placed or printed on any ticket or ballot to be voted at such election without having printed on such ticket or ballot all of the names of the candidates nominated by the

political convention adopting such mark or designating device, and it shall be unlawful for any person or persons whatsoever after the adoption and filing of such mark or designating device to print or cause to be printed, utter, distribute or circulate, or cause to be uttered, printed or circulated, any ticket or ballot having thereon such mark or designating device with any name printed thereon other than the name or names of the candidate or candidates nominated by the political convention adopting such mark or designating device. \* \* \* \* \* Com. pilled Laws of 1897, Sec. 1633.

From a reading of this section it appears that it is only upon the filing of the certificate that a party acquires priority in the use of the emblem which it adopts. From and after the time of the filing it is made unlawful for any other political convention, person or persons in such county to adopt or use any such mark or designating device for election purposes. The adoption and prior filing of an emblem are essential to give any party the sole right to its use as an emblem, as against any other convention or person.

At the time the independent republicans adopted their emblem, the republicans had acquired no exclusive right to the use of the American flag in the county of Socorro for the election of 1902, for the reason that at that time no certificate had been filed. It was therefore legal, and not within the prohibitions of the statute, for the independent republicans to adopt the flag within a square at a time such action was taken by their convention.

Had the republicans, however, filed their certificate first the action of their convention in adopting the American flag as the emblem of their party in Socorro county for the election of 1902 would have been given vitality, and their exclusive right to such emblem would thereby have been established, and the use of such emblem by any other party or person would thereafter be unlawful. But the two certificates having been filed concurrently, no priority in the use of the emblem adopted by either convention was acquired. Both were legal and regular at the time of their adoption, and priority could only be given by priority in the filing of the certificate. There being no priority in the filing of either certificate, but the filing of both concurrent, the emblem and ticket of each party is legal and regular, and could legally be cast and counted.

It has been urged on behalf of the contestant that the filing of the republican certificate, although concurrent with the filing of the independent republican certificate, related back, and became operative from the time of the adoption of the emblem by the republican convention, and that thereby the republicans gained an exclusive right to the American flag. This is not the legal rule. The filing or recording of an instrument in writing only relates back to the date of its execution or delivery when the statute fixes the time within which such filing must be made after its execution or delivery. (Clark vs. White, 12 Peters, 178; Hanson vs. Cochran, 21 Atlantic Reporter, 800.) Where there is no statute fixing the time after delivery within which a written instrument must be filed or recorded, priority is acquired from the moment of filing or recording. Here the statute makes priority date from the time the certificate is filed, and the common law rule has no application. To hold that the filing of the certificate of adoption of an emblem relates back to the time of its adoption, would put it in the power of a few persons to hold a convention in a remote precinct of a county at an early day in the canvass and to refrain from filing a certificate of adoption until the evening before election, and thereby defeat the use of such emblem by any party whom they might have reason to believe would adopt such emblem for their party ticket to be used in the same canvass and within the same

county.

Had the court considered the oral testimony as to whether or not either certificate was filed before the other it would have been led to the conclusion that the preponderance of such evidence showed that the independent republican certificate was filed first; out the endorsements made by the probate clerk on the backs of the certificates showing that each was filed at 11 o'clock on the morning of October 29, having been made at a time when the office was open for business, and being regular on their face, the court has taken such endorsements to be conclusive as to the time when the certificates were actually filed.

The court is therefore of the opinion that both the republican tickets and the independent republican tickets cast and counted in Socorro county in the election of 1902, so far as the infringement of the emblem of either by the other is concerned, were regular and legal and should stand as counted and certified by the board of county commissioners of said county.

This disposes of the only question raised by the notice of contest on behalf of the contestant. The various other questions raised by the answer and the replication are unnecessary to consider, for the reason that no different result would be attained by any decision the court might reach upon such questions. The notice of contest is therefore dismissed, and judgment ordered in favor of the respondent.

DANIEL H. McMILLAN,  
District Judge.

After rendering the above decision, Judge McMillan approved the bonds of the county officials elected and having a majority of votes on November 4 last, the above case being a test for all of them. The approved bonds have been mailed to the successful candidates at Socorro.
