## CASES ON FEDERAL DOCKET

Rules Prescribed by Judge Pope  
For Admission to  
Practice.

In the federal court today before Judge W. H. Pope, the case of the United States vs. the Denver & Rio Grande Railroad Company was tried. The company is charged with violating the federal hours of service of act.

District Court.

Judge E. C. Abbott, of the district court, sitting in chambers, yesterday sentenced John Galovich of Madrid to pay a fine of \$100 for selling liquor without a license. Galovich was arraigned some days ago and plead not guilty. Later the plea was changed to guilty and sentence followed.

**Moving Bodies From Fort Wingate.**

Today bids were opened in the quartermaster's office of the U. S. army at Chicago for the removal of the buried soldiers at Fort Wingate, McKinley county, to the National Cemetery at Santa Fe. The Fort Wingate reservation is soon to be placed on the market and the land sold to the highest bidder.

**Paroled From Reform School.**

Russell Chenev, 14 years old, was yesterday paroled from the New Mexico Reform School at Springer where he was serving a sentence of 5 years by Governor W. C. McDonald. The boy was turned over to his relatives with the understanding that they were to educate him and report to the superintendent of the reform institution each month.

**Incorporation.**

The Socorro Land and Live Stock Company of Denver, Colorado, this morning filed their charter with the state corporation commission and asked to establish their business at Salt Lake, Socorro county, New Mexico. The concern was incorporated to do a general cattle and real estate business by the following: Mark Wright, Simon Bitterman and J. H. Carpenter, all of Denver, Colorado. The capitalization is given at \$10,000 all of which has been issued. The par value of the stock is \$1 a share.

**Notaries Public Appointed.**

The following were appointed notaries public by Governor W. C. McDonald this morning: W. D. Mayben, Midway, Chaves county; Reginald M. Young, East Las Vegas, San Miguel county; Edwin S. Gibbary, Roswell, Chaves county; Epifanio Garcia, Barney, Union county; Carlos Manzanares, Parkview, Rio Arriba county; Andres Sena, Los Alamos, San Miguel county; H. L. Cuthler, East Las Vegas, San Miguel county; A. B. Robertson, Albuquerque, Bernalillo county; A. A. Beeman, Elida, Roosevelt county; Mrs. Ada Dale Thomas, Pendleton, San Juan county.

**Santa Fe's Official Altitude.**

Santa Fe's official altitude is not 7,000 feet as is so often printed and told. The U. S. Weather Bureau has just scientifically and officially determined that the southwest corner of the monument in the Plaza has an elevation of 6,982.28 feet in altitude; that the cornerstone of the Capital City Bank is at an elevation of 6,984.54 above sea level and that the coping at the top of the three story building is 7,034.14 feet. Of course, the decline from the Plaza to the river is very rapid. Any elevation from 5,000 to more than 12,000 feet is within less than twenty miles of Santa Fe.

**The Governor Still Has the Power.**

There is a section of New Mexico that stands in urgent need of a notary public as the following application indicates:

—New Mexico, April 20, 1912.

Hon. W. C. McDonald, Santa Fe, New Mexico.

Dear Sir—I would like to be appointed notary public of \_\_\_\_\_ county, N. M., if you still have the power of appointing notaries public. If not will you please help me to get the appointment as our notary public has moved away and it is 50 miles to the nearest notary. We are very much in need of that office here and oblige,

Yours truly,

**Delegates Appointed.**

The following were appointed delegates this morning by Governor McDonald to represent New Mexico at the Convention of the Associated Advertising Clubs of America to be held in Dallas, Texas, May 19 to 23: C. C. Tannehill, Roswell; F. E. Lester, Las Cruces; Thomas J. Naylor, Albuquerque; J. S. Harris, Santa Fe; J. R. Joyce, Carlsbad; Paz Valverde, Clayton; Willard Holt, Deming. The delegates will make a thousand mile tour of the State of Texas and reception for them will be given in five of the large cities of that state. In appointing the delegates Governor McDonald remarked that this would be an excellent opportunity for instruction along the line of town advertising and commercial methods.

**The Agua Fria Road.**

The Good Roads Commission this afternoon completed work on the Agua Fria road, which is part of El Camino Real between Albuquerque

(Continued on Page Four.)

RESCUE SHIP  
SAILS MONDAY

Doctors and Women Nurses  
Will Go With Army Trans-  
port Buford

## MEXICAN LAWS NOT ENFORCED

Fifty Federal Troops at Guadalupe y Calvo Desert to Rebel Forces.

(By Special Leased Wire to New Mexico.)

San Francisco, Calif., April 27.—The United States Army transport Buford, which received orders from Washington yesterday to sail to ports on the west coast of Mexico and take aboard American refugees, will leave port here Monday noon. This date was decided upon by army officials today as the earliest possible moment at which the ship could be put in readiness.

The Buford was sent to dry dock today and the work of fitting the transport for the voyage is being rushed by an emergency crew of mechanics.

Captain Frank E. Healey will be in command and the ship will carry a full quota of doctors and nurses. It has been decided to take a number of women nurses, if this plan is sanctioned by Washington, on account of the certainty that a large number of the refugees are women and children.

**Americans Repulsed Bandits.**

Chicago, Ill., April 27.—Two of the five Americans who recently repulsed an attack made by bandits on the American Hacienda Quimichio on the Sinaloa-Tepic border in Mexico saving eight women and children by walking twenty miles and escaping in Canoes to Teacapan were Chicagoans. They were Killian Stimpson, 20 years old, and Guy L. Jones, 31 years old. Stimpson left Chicago for Mexico last October and Jones has been employed there as a superintendent for two years. The last letters received by the families of the men were posted at Quimichio April 12. In the letter dated April 12, Jones said the form of government was everywhere present but the substance was lacking.

**More Pretense of Law Enforcement.**

"The sacking of a ranch will be reported to the local magistrate," he wrote. "The magistrate will go through all the form of getting a description of the marauders, file complaints against them, report it to the next town and go through all the red tape, but when it came down to hunting the men the police would look every place but where the men are likely to be found."

**No Authority to Enforce Laws.**

Jones, who is a Harvard graduate, wrote that "there is no authority anywhere to enforce the laws."

In the Madero revolution about 500 of the 20,000 peons on the Hacienda joined the revolutionary forces and told of weapons and horses which had been secreted. The revolutionists returned after one visit to the place and seized the weapons and drove off the horses. The Hacienda contains 90,000 acres and is owned by a Los Angeles syndicate.

**Federal Troops Desert.**

Jimenez, Mexico, April 27.—Fifty Federal troops, under Lieutenant De La Roche comprising the garrison of the town of Guadalupe y Calvo, have joined the rebel cause and will join the forces at Parral tomorrow.

General Salazar with the last trainload of troops will leave for Escalon this evening, from which point he will direct the campaign south. In the face of the concentration at Escalon, the Federals have drawn in their outposts to Bernalillo. It seems evident that they prefer to act on the defensive, which probably will delay a decisive engagement for a week or ten days.

**Americans Reported Safe.**

Washington, D. C., April 27.—Reassuring advices received today at the State Department from Mexican points, that Americans in Los Merichis and Esperanza, Sonora, where serious conditions were reported several days ago, are said to be safe. It is from this point that Americans will be taken aboard by the army transport Buford.

The Yaqui Indians are reported to have quieted down. Tranquil conditions are also said to exist at Saltillo, Coahuila, Lluvis de Oro in Durango. Only rumors have come to the State Department that great Britain would send a warship to the western coast of Mexico.

SENATOR LA FOLLETTE AD-  
DRESSES STUDENTS.

Senator Reiterated Statement That He  
Would Get Republican Nom-  
ination.

(By Special Leased Wire to New Mexico.)

Los Angeles, Calif., April 27.—Senator La Follette opened the second day of his southern California tour today with an address before the men law students of the University of Southern California. Mrs. La Follette spoke before the women students of the same department. Senator La Follette reiterated a statement made in his auditorium speech last night that he would go into the Republican national convention at Chicago next June, holding the balance of power, and that unless Taft or Roosevelt was nominated on the first ballot, the nomination certainly would fall to him.

TWO DENIALS  
BY GOVERNOR

He Did Not Attend Judson  
Harmon Meeting at  
Albuquerque

## ELMER PRICE STILL IN PEN

He Is Serving Life Sentence For  
Murder of Conductor  
Curtis.

\*\*\*\*\*

Governor McDonald today entered two denials. Both are emphatic. One is that the following from the Harmon National headquarters at the Elbitt House, Washington, D. C., dated April 23, is absolutely false, the Governor not having been in Albuquerque on that date and having emphatically refused to take part in the meeting:

"Advices today to the Harmon headquarters in this city from Colonel J. G. Albright of Albuquerque, N. M., tell of the organization in that city of the Judson Harmon Club with more than three hundred members. A statewide movement has been started in the interests of the Ohio governor, and clubs are being formed in Santa Fe, Roswell, and Deming. At the Albuquerque meeting, Governor W. C. McDonald, of New Mexico, was present and delivered an enthusiastic address, predicting a Democratic victory in that state next November. Colonel Albright declared he was convinced that New Mexico's eight delegates to the Baltimore convention would be pledged for Governor Harmon."

\*\*\*\*\*

**Elmer Price Not Released.**

In August, 1907, Elmer Price, was sentenced from Roosevelt county to serve a life sentence in the penitentiary for killing of Conductor Curtis on a train. Since then determined efforts have been made to secure the pardon or commutation of Price. A report that has gained circulation that Governor McDonald had pardoned and released Price is untrue. Price is still in the penitentiary. The report, perhaps, grew out of the conditional parole of Madison H. Price, sentenced in June, 1910, from Lincoln county for two to three years for burglary, the parole being dated March 27.

SKIRTS WILL CONTINUE  
ON STRAIGHT LINES.

Ladies Clothiers Meet at Toledo and  
Fixed Styles for Autumn  
Season.

(By Special Leased Wire to New Mexico.)

Toledo, Ohio, April 27.—Styles for autumn were adopted here today by the National Cloak, Suit and Skirt Manufacturers' Association. About 100 manufacturers were in attendance. The following are the styles:

Suit jackets will show a gradual rather than a radical increase in length, finger tip length (approximately 32 inches) predominating; the lengths to be based on the varying heights of women.

Skirts will continue on straight lines the slightly raised waist line with the inner belting will continue in favor.

Separate coats will be full length and cut on straight lines. Some materials will be made in perfectly loose shapes with or without belt and others will be made in more shapely effects. The feature of separate coats will consist of set-in sleeves, deep arm holes, sloping shoulders and high buttoning effects.

CIVIL WAR AGAIN BREAKS  
OUT IN PARAGUAY.

Ships That Attacked Revolutionists  
Are Compelled to Retire

(By Special Leased Wire to New Mexico.)

Buenos Ayres, Argentine, April 27.—Civil war has again broken out in Paraguay. Telegrams from Asuncion today state that four government warships bombarded the revolutionists who are commanded by former President Jara, at Villa Encarnacion, 175 miles southeast of Asuncion. The fire returned by the revolutionists was so well directed that the warships were compelled to retire in a damaged condition.

POWERS WILL ASK ITALY  
TO OPEN DARDANELLES.

(By Special Leased Wire to New Mexico.)

Vienna, April 27.—The closing of the Dardanelles is causing such costly interference with international shipping that the Neufre Presse understands the powers have decided upon a joint effort to induce Italy to abstain from active operations in the Aegean sea, and restrict the Turko-Italian war to Tripolitania.

FIFTY MILE GALE SWEEPS  
OVER LAKE SUPERIOR.

(By Special Leased Wire to New Mexico.)

Sault Ste. Marie, Mich., April 27.—A fifty mile gale accompanied by snow and freezing temperature swept Lake Superior last night and considerable anxiety is felt for the safety of steamers that passed up yesterday. The gale has driven much ice down, filling the passage above the Soo canal.

ROOSEVELT IN  
MASSACHUSETTS

Scheduled For Speeches in  
Six Cities and Rally  
at Boston

## TO ANSWER TAFT CHARGES

President Will Pick Up Colonel's  
New England Trail Next  
Monday.

(By Special Leased Wire to New Mexico.)

Boston, Mass., April 27.—With speeches scheduled in six large cities in Massachusetts, this promised to be a day of activity for Colonel Roosevelt. His first address after leaving Boston was to be a rear platform speech at Quincy, Brockton, Middleboro, Taunton, New Bedford, and Fall River, also were on the list for speeches. The closing rally of the day will take place tonight at the Boston arena where it is believed Colonel Roosevelt will reply to the charges delivered from the same platform by President Taft on Thursday night. Leaders of the Roosevelt campaign in this state had arranged rallies in more than a score of cities and towns with several prominent leaders included in the list to give addresses to the voters.

The cheers for Roosevelt in the South Station had scarcely died away when they were renewed by the advent of Governor Wilson from the rally here last night for additional speeches today in Worcester, Springfield and Holyoke.

At the Taft headquarters, arrangements were perfected for the second visit of the President on Monday when he will take up the Roosevelt trail through Bristol, Plymouth, Essex and Middlesex counties.

A statement issued by the supporters of Senator La Follette says he would poll 20,000 in the preferential primaries on Tuesday.

At the Clark headquarters, it was said, former Senator Towne, of New York, Governor elect Robinson of Arkansas, and Ex-Senator Fred DuBois of Idaho, would speak in several Boston wards, as well as at Brockton and Chelsea tonight. Copies of the "Hour Dawg" song are being given wide distribution.

WILL CLAIM  
TITANIC DEAD

Bereaved Friends Gather at  
Halifax Where Bodies  
Will be Landed

## UNCLAIMED BURIED THERE

Full Description of Unidentified  
Will be Published  
Widespread

(By Special Leased Wire to New Mexico.)

Halifax, N. S., April 27.—Documents giving verdicts of "accidental death" were prepared here today in readiness for the coroner's jury, which will inspect the bodies of the Titanic's dead now on their way here on board the cable ship Mackay-Bennett. The names of the drowned will be filled in later, in cases where names can be ascertained.

Stone cutters were set at work today inscribing a number of headstones which will mark the graves of those bodies unidentified or unclaimed, which will be buried in Halifax cemetery.

## Only Friends May See Dead.

No further news regarding the position of the cable ship was received here this morning. The latest information is that she will arrive either later Sunday night or Monday morning. The White Star Line officials persist in their refusal to admit to the dock any persons besides friends and relatives of the dead.

More than one hundred of the bereaved are already here from various parts of the United States. Arrangements will be made with the express companies to permit of the shipments of the bodies immediately after their identity has been established to all parts of Canada and the United States. All the formalities in connection with the crossing of the line will be waived.

## To Advertise Unclaimed Dead.

A full description of the unclaimed bodies will be taken and forwarded to the New York offices of the White Star Line. It is the intention of the company to publish them in papers throughout the United States and Canada. If a body is claimed after burial, the mayor of Halifax has promised that there will be no difficulty in getting it exhumed and shipped to relatives.

**Inspection of Bodies at Morgue.**

Extraordinary precautions have been taken to guard the dock at which the Mackay-Bennett will tie up. The coffins which contain the bodies will not be opened until they reach the city morgue. There they will be placed in charge of a local undertaker and full opportunity will be given to those

TOGAS DO NOT  
COST SO MUCH

Senators Fall and Catron  
Filed Campaign Ex-  
pense Statement

## POLITICAL SCRAP IN HOUSE

Such Things As Trust Controlled  
Newspapers Are Said  
to Exist.

(By Special Leased Wire to New Mexico.)

Senate.

Not in session, meets Monday 2 p. m.

Titanic investigation continued; Captain James H. Moore of steamer Mount Temple testifying of his efforts to reach Titanic.

House.

Met at 10:30 a. m.

Resumed consideration of postoffice appropriations bill.

Representative Langley replied to Representative Campbell's attack on Colonel Roosevelt.

**Money Trust Investigation.**

Washington, D. C., April 27.—As the first step in the money trust investigation the committee on banking and currency announced today that it had sent to more than 30,000 banks a request for detailed information on all phases of their business and their relations with other institutions. The committee has embraced national, state, private and savings banks in its inquiry, as well as loan and trust companies. Reports are asked for showing conditions at close of business April 29.

**Direct Election of Senators.**

Washington, D. C., April 27.—The House will not act in the constitutional amendment for direct election of senators until the postoffice appropriation bill has been disposed of. Chairman Rucker of the elections committee said today he had intended to ask for immediate agreement with the Senate on the direct election resolution, but that at the request of members who desired to speak on the subject had decided to withhold action until next week.

## Fall and Catron File Expenses.

Senators Fall and Catron have filed their campaign expense statements with the secretary of state.

Senator Fall says he expended \$704 for hotel expenses while entertaining friends at Santa Fe.

Senator Catron's expenses show that he gave Solomon Luna \$500 as treasurer of the Republican state committee, and \$750 to Celso Lopez, treasurer of the Santa Fe committee.

## National Park for Elephant Butte

Senator Fall, of New Mexico, will shortly introduce a bill in the senate to create a National park and game preserve at Elephant Butte dam.

**Bills From New States.**

Bills have been introduced in the senate as follows: By Senator Mark Smith to appropriate \$150,000 for a site and erection of a public building at Nogales, Ariz.

**Annex for Soldiers.**

By Senator Catron for erection of a public building at Raton, N. M., to cost \$180,000; also providing that an annex to all the national homes for disabled volunteer soldiers be established in Ten Mile gap between the Organ and Franklin mountains, N. M., in section 24, township 25 south, range 2 east, New Mexico meridian, about 28 miles north of El Paso, Tex.

**Campbell Taken to Task.**

Washington, D. C., April 27.—Presidential politics again held the attention of the House today. Representative Langley of Kentucky, a Republican, took Representative Campbell of Kansas, Republican, to task for his recent attack on Colonel Roosevelt.

"I do not think it proper for gentlemen who may have gotten the worst of it on the stump or in the newspaper to come into the House and air their grievances," said Mr. Langley.

The Kentuckian a little later declared that if the Republican leaders continued to fight each other a Democratic victory in November might be expected. The postoffice appropriation bill was under consideration.

**"Harvester Trust" Again.**

Representative Barnhart of Indiana, Democrat, speaking on his amendment to the postal laws to require the names of owners, stockholders and publishers of newspapers to be printed daily, contended there were many rumors that the International Harvester Company controlled certain New York papers and that he "knew it controlled a certain Chicago paper."

"I don't think the gentleman knows that," interrupted Representative Mann.

**Charged Tribune Not Organ.**

"Do not the McGraws control the Chicago Tribune?" asked Mr. Barnhart. "Not the same McGraws who are in the International Harvester Company," said Mr. Mann.

"Are they not the same family?" asked Mr. Barnhart.

"No, not even the same family," said Mr. Mann.

"My information has been that the same family that are the principal stockholders in the International Har-

(Continued on Page Four.)

SHIPS RUSHED  
TO AID TITANIC

Captain of Mount Temple  
Testified Three Saw  
Liner Go Down

## ICEBERGS PREVENTED RESCUE

Investigation Brings Out Record  
of Tragedy Written by  
Wireless.

(By Special Leased Wire to New Mexico.)

Washington, D. C., April 27.—Two steamers and a schooner were only a short distance away from the Titanic when she sank, according to the testimony of Captain James H. Moore of the Mount Temple today before the Senate committee investigating the tragedy. Ice was the barrier that held back vessels hurrying to the rescue and the Mount Temple did not arrive at the spot where the Titanic sank until two hours after she had gone down.

## Three Ships Near Titanic.

The Mount Temple intercepted the Titanic calls for help. Captain Moore said, and immediately he turned his ship's course toward the crippled liner. On his way he raised the lights of a schooner within a few miles of the scene of the tragedy and coming from that direction. When day broke to disclose a great field of ice ahead, the Mount Temple discovered a tramp steamer close by. The identity of neither schooner nor tramp was fixed. Captain Moore read a long list of messages from the Titanic intercepted by the Mount Temple's operator. It was virtually a complete record of the wireless appeals sent out by the doomed vessel.

## When the Titanic's Wireless Ceased.

"At 1:10 the Titanic was still calling 'C. Q. D.,'" said Captain Moore. "At 1:20 it raised the Olympic and said 'Get your boats ready. Going down fast by the head.' The Frankfort replied at 1:35 'Starting for you.' Six minutes later the Titanic flashed 'C. Q. D.' bolters flooded."

"A message from D. F. P. then followed. 'Are there any boats around you a ready?' There was no answer. 'Other ships then began calling but could get no answer. Later the Birma raised the Olympic and reported, 'All quiet now. Titanic has not spoken since 1:47.'"

## "Are You Still There?" "No Answer."

"The Carpathia at 1:50 sent the message 'Are you still there? We are firing rockets.'"

"Did you see those rockets?" interrupted Senator Smith.

"I saw no rockets at all that night. I thought of sending up rockets myself, but did not do so because I feared that it might divert other ships hurrying to the Titanic."

**Titanic Gave Wrong Position.**

The witness said the Titanic undoubtedly had not fixed her position properly. He said she must have been eight miles further east than the spot reported.

Second Officer Lightoller of the Titanic was recalled and testified that the man who claimed to be Louis Klein of the Titanic's crew and who disappeared after being brought here from Cleveland was not Klein. The real Klein was drowned, Lightoller said.

**Mount Temple Spoke Carpathia.**

Captain Moore continuing his testimony said his observation taken Monday indicated that the Titanic's position probably was 50 min. 30 sec. west.

"The fact that no evidence of the wreck was found when the Titanic's position was reached tends to confirm the testimony of Wireless Operator Burrett of the Mount Temple."

"Your idea was the ship was eight miles east of the position she gave?" said the Senator.

"Yes, sir," said Captain Moore.

"Later I sighted the Carpathia on the other side of the ice field where she picked the Titanic's boats up."

Captain Moore said he heard from the Carpathia at 8:30 Monday morning, that she had picked up the Titanic's boats and that Titanic had sunk.

**Other Ships Sighted.**

"Up to that time I had not given up hope of sighting the Titanic," said Captain Moore. "I had been steaming around in the ice all night. After I got the news I stayed around until 9 o'clock and then steamed on my course."

"Were there any other vessels in sight at the point where the Titanic is supposed to have gone down?"

"We saw a tramp steamer and at 8 o'clock Monday morning we sighted the Birma. We also sighted the California but the ice was between us."

## Messages Picked Up By Mount Temple.

Captain Moore read further from the report.

Among the messages picked up by Burrett and communicated to Captain Moore were: "3:40 a. m. Birma thinks she hears Titanic and sends. 'We are coming to you. Only fifty miles away. Hope you are safe.'"

"2:00 a. m. Carpathia calls Titanic. All quiet."

"3:05 a. m. Birma and Frankfort working."

"3:20 a. m. We (Mount Temple) back out of the ice. Large bergs all around."

"3:25 a. m. California calls 'C. L. Q.' I answer and give her Titanic's position. She had it before."

"3:40 a. m. California now working"

(Continued on Page 4.)

FREEDOM IN  
MEDICAL PRACTICE

House in Committee of  
Whole Agrees to Wise  
Texas Statute

## PENITENTIARY WAS INSPECTED

Legislative Committee Makes  
Rounds and Incidentally Is  
Entertained.

Floor Leader W. H. H. Llewellyn skillfully steered House Bill No. 17, the Medical bill, based on the Texas law and the Massachusetts statute, allowing what is called "medical liberty," between the Scylla of those who would throw down the bars on the one hand and the Charybdis of those who would nail them up high. Representative Catron watched the legal and technical points and helped put the bill in proper form in the committee of the whole, which arose and reported the measure with amendments to the House which ordered it printed with the amendments prior to final passage next week, this being the third time that the bill is to be printed in each language. The proceedings printed yesterday took the bill up to section 11. "Or her," was inserted in Section 11. Catron moved to substitute "shall" for "may" in the clause giving the board of medical examiners the right to refuse certificates to applicants for certain causes. This amendment as well as several other verbal changes were adopted.

In section 12, the word "shall" was also substituted for "may" directing the district judge to revoke any license upon proof of violation of the law. The words "and for violation of the ethics of the American Medical Association," were also inserted in Section 12.

Section 13 was adopted as printed. Verbal changes were made in Section 14 by Catron, so that a violation may be punished with fine or imprisonment or by both. House moved to strike out "and each day of such violation shall constitute a separate offense." After an argument against the amendment by Catron, House withdrew his amendment.

Sections 15 and 16 were adopted as read.

Rogers opposed Section 17, which he said laid down all the bars, and would permit the most selfish, superstitious and ignorant to levy toll on the innocent public. He said he would offer an amendment that would tolerate every religious claim, every school of practice, every belief, but that would at the same time protect the people against contagious disease and against incompetency. His amendment was: "Provided, no charge shall be made, nor compensation, reward, gratuity, gift or thing of value be given or received, either directly or indirectly, for treating of mental or physical ailments, unless the practitioner passes the medical examination as in this act provided."

Christman moved to table the amendment, making an address in favor of his motion, until the presiding officer ruled that a motion to table is not debatable.

The amendment was tabled.

Section 18, the last section was adopted as read.

The committee adopted the bill as amended, rose and reported to the House its action. The report was adopted.

On motion of Catron, the bill was amended so as to have it go into effect ninety days after the adjournment of the legislature. The bill was ordered printed with amendments.

The House adjourned to Monday afternoon at two o'clock.

**Inspection of Penitentiary.**

The House Committee appointed by Speaker Baca to visit the state penitentiary to report on its needs and desired improvements, today performed that part of its duty relating to visiting the institution. It was royally entertained at dinner and was shown every nook, corner and cranny of the crowded institution and its interesting as well as its sordid features. The committee consists of Representatives Miguel Baca, W. E. Blanchard, J. W. Campbell, R. H. Boulware and O. T. Tombs.

**McManus Complimented.**

The House Committee that inspected the Penitentiary completed its work early in the afternoon and complimented Warden McManus upon the excellent condition of the penal institution, the apparent discipline and good sanitation. It will recommend a women's cell house, a new dining room, kitchen, baths, and other much needed improvements.

**Sumner County Bill.**

The Ways and Means Committee wrestled with the Sumner County bill all forenoon and again this afternoon. The passage of the bill through the committee and the House for the present seems doubtful.

**Medical Bill Hearing.**

The Senate Committee on State affairs which had announced a public hearing on Senate Bill No. 44, the Medical bill, for yesterday afternoon, lacked a quorum when the time came for a hearing. No one appeared for or against the measure, however. A public hearing is announced for next Tuesday evening at 7:30 o'clock.

**Competent Interpreters.**

In Octaviano Perea and D. A. Ortega, the House possesses two especially well qualified interpreters.

## Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

BRADFIELD REGULATOR CO., Atlanta, Ga.

### SIGN BOARDS FIRST NEED OF HIGHWAYS.

W. H. Hahn Vividly Illustrates Loss to Travelers Because of Lack of These.

W. H. Hahn who took the new superintendent of the Santa Fe Gold and Copper Company to San Pedro from Albuquerque, took a new road across the Tijeras pass, with his automobile, that, it was assured him, was much better than the road usually traveled. Perhaps it is, but Mr. Hahn soon got onto other roads that apparently lead nowhere. There was dense ignorance about roads in general and where they led to, by people who lived along the roads he was traveling, and he lost many miles, had to cut across country and do other stunts that would prove very embarrassing to any stranger or tourist not as well posted as Mr. Hahn with the region traversed. The remedy, says Mr. Hahn, is sign boards which the county commissioners should put up, as provided by the Compiled Laws. He warmly commends the Hilton bill which seeks to remedy this serious defect of New Mexico's road system. Mr. Hahn states that contracts had been let for supplies which indicate a resumption of work in the mines and smelter at San Pedro, if the present high price of copper prevails, although it is feared that the high price will immediately lead to over-production and that in turn, to the closing down of mines like that at San Pedro, where copper cannot be produced for less than 13 cents a pound.

### DISTILLERS FEAR OVER-PRODUCTION OF WHISKEY.

So Much Made in Kentucky That Curtailment of Output is Advised.

(By Special Leased Wire to New Mexican) Louisville, Ky., April 27.—Over-production of Kentucky whiskey, similar to that during the four years from 1890 to 1893, inclusive, which was followed by several years of depression, is feared by local distillers, who have agreed that curtailment in the output is imperative. The trade has produced about 90,000,000 gallons in the last two years, more than 70,000,000 in excess of the demand.

Distillers say a tremendous stimulus was given the production of Kentucky Bourbon by the pure food rulings as to what constitutes real whiskey, and many increased the capacity of their plants in anticipation of a big demand. The overwork of Dr. Wiley's conclusions later cut into the consumption of aging whiskey. Jobbers over all the country, they say, practically have closed buying anything younger than 1910's and when they buy goods of older inspection the purchases are altogether for immediate wants.

### PROBABLE SHOWERS CHECKS GRAIN BUYING FEVER

(By Special Leased Wire to New Mexican) Chicago, Ill., April 27.—Probable showers tonight or Sunday throughout Kansas and Nebraska, checked the buying fever today in wheat. The fact, however, that the weather map showed rain had not fallen in either state in the last twenty hours caused strength at the outset. Besides, there were continued damaging reports from Kansas indicating that no surplus yield might be expected to come from the commonwealth as an offset to the losses in territory further east. The opening here was 1-4@3-8c lower to 3-8@1-2 up. July started at 112-3-8 to 113, varying from 1-4@3-8c lower to 1-4@3-8c advance and declined.

The close was nervous at 113-1-4 to 1-4 for July, a net gain of 1-2c. Steadiness to a degree unusual of late developed in the corn trade. There was not much demand, but neither was there much pressure to sell. July opened 1-8 off to a shade up at 77-1-2 to 77-5-8@3-4, and appeared inclined to keep within those limits.

The market afterward hardened a little with wheat but closed easy at 77-5-8@3-4 for July, a shade above last night.

Selling on the part of local speculators had a depressing effect on oats. July started unchanged to 1-8@1-4 down at 54-1-4@54-1-2 and sagged to 54-1-8@1-4.

Lightness of offerings allowed provisions to continue to advance. Initial sales ranged from 2-1-2c lower to 17-1-2 higher with September delivery 19.60 to 19.65 for pork; 11.22-1-2 to 11.25 for lard and 10-65 to 10-67-1-2 for ribs.

## PERSONAL MENTION

THE ROSE.  
(By Ruth L. Skeen of Artesia, N. M.)  
Life is a rose, Sweet,  
Pluck it and wear it,  
If the thorns wound thee  
Smile thou and bear it;  
Fragile its beauty,  
Short-lived its power,  
It will be faded,  
Dear, in an hour.

Fragrant and beautiful,  
Warmth is a part of it,  
Clasp not too closely  
A warm at the heart of it—  
Love not too fondly,  
Tears may not wet it,  
When it is perishing,  
Do not regret it.

H. F. Robinson, supervisor of irrigation for the Indians, is a guest at the Montezuma.

J. E. Sheridan, state mine inspector, is a visitor in Santa Fe from Silver City. He is at the Palace.

National Committeeman Solomon Luna returned to his home in Los Lunas yesterday afternoon.

W. R. Smythe, good roads engineer, left Santa Fe for his headquarters in East Las Vegas last evening.

Receiver R. H. Sims of the federal land office at Las Cruces returned to his home yesterday afternoon.

M. A. Ross, the lumberman of Albuquerque, arrived in Santa Fe last evening and is stopping at the Montezuma.

S. B. Davis, Jr., United States attorney, arrived in Santa Fe from his home in Las Vegas and is a guest at the Palace.

W. D. Murray, the Silver City banker, left yesterday afternoon for Chicago but expects to return to Santa Fe in a few days.

V. L. Griffin, superintendent of the city schools of Clovis, arrived in the city yesterday afternoon and registered at the Palace.

R. R. Larkin, a text book salesman with headquarters at Las Vegas, is a business visitor in Santa Fe. He is stopping at the Palace.

Lee A. Harris, of the forest service, arrived in the city from his headquarters at Tres Piedras last evening and registered at the Palace.

Former Governor William J. Mills was in the city yesterday afternoon returning to his home in Las Vegas on a late train last evening.

Reed Holloman, the attorney of Tucumcari, who was a candidate for district judge, is a visitor in the Capital and a guest at the Palace.

A. Paul Siegel, the attorney of Nara Viza, arrived in Santa Fe last evening and registered at the Palace. He is here on new county business.

F. E. Summers, former probate clerk of Bernalillo county, arrived in the capital from his home in Albuquerque last evening and is stopping at the Palace.

The Rev. J. H. Heald, superintendent of the New Mexico congregational missions, arrived in the city from his home in Albuquerque last evening and is stopping at the Montezuma.

William D. McBee, probate judge of Curry county, arrived in the Capital from his home in Clovis yesterday afternoon and is stopping at the Palace. He is here in the interest of a proposed new county.

Dr. Frank H. H. Roberts, president of the Las Vegas Normal School, is a visitor in the city, and will occupy the pulpit of Saint John's Methodist Episcopal church on Don Gaspar avenue, in the absence of Rev. Shimer, tomorrow, both morning and evening.

Dr. Roberts has filled the pulpits of several of the churches here on various occasions and is noted as an able and forceful speaker.

Mr. and Mrs. W. H. Hahn of Albuquerque, and Mrs. Nuding of this city, have arrived from Albuquerque, having made the trip in Mr. Hahn's automobile via Tijeras pass, San Pedro and the Estancia valley and that without a mishap, despite the bad roads over the Sandias. Mr. Hahn took to San Pedro, the new superintendent of the mines and smelter of the Santa Fe Gold and Copper Company, which may resume if the present high price of copper is maintained.

Dr. E. McQueen Gray left last evening for Kansas City to attend tonight the performance there of the University of New Mexico singers who will there present the "Humor of the Hour" also to be given by them at Santa Fe on Saturday evening of next week. At the entertainment at Canadian, Thursday evening, so Doctor Gray was informed yesterday, even standing room was at a premium and the huge audience was immensely pleased with the program. Before returning to New Mexico, Doctor Gray will also visit at Topeka.

Noyes Weltmer, son of Mr. and Mrs. Jacob Weltmer, who has been at Garfield, Utah, as a mining engineer, has accepted a promotion which has taken him to the smelter at Miami, Arizona, which will be his residence for the present.

Assistant District Attorney E. P. Davies was in Estancia this week on legal business.

Captain Fred Fornoff of the mounted police was in Estancia on Thursday. Presbytery Meeting—The Presby.

HOW'S THIS?

## HIS ECZEMA GONE AND BOILS CURED

Eczema Began When Three Weeks Old. Arms, Shoulders and Breast a Solid Scab. Boils Broke Out During Teething. Used Cuticura Soap and Ointment, and He Was the Picture of Health.

"My son was about three weeks old when I noticed a breaking-out on his cheeks, from which a watery substance oozed. A short time after, his arms, shoulders and breast broke out also, and in a few days became a solid scab. I became alarmed, and called our family physician who at once pronounced the disease eczema. The little fellow was under his treatment for about three months. By the end of that time he seemed no better. I became discouraged."

I dropped the doctor's treatment, and commenced the use of Cuticura Soap and Ointment, and in a few days noticed a marked change. The eruption on his cheeks was almost healed, and his shoulders, arms and breast were decidedly better. When he was about seven months old, all trace of the eczema was gone.

"During his teething period, his head and face were broken out in boils which I cured with Cuticura Soap and Ointment. Surely he must have been a great sufferer. During the time of teething and from the time I dropped the doctor's treatment, I used the Cuticura Soap and Ointment. Nothing else, and when two years old he was the picture of health. His complexion was soft and beautiful, and his head a mass of silky curls. I had been afraid that he would never be well, and I feel that I owe a great deal to the Cuticura Remedies." (Signed) Mrs. Mary W. Ramsey, 224 E. Jackson St., Colorado Springs, Colo., Sept. 24, 1910.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a liberal sample of each, with 24-page booklet on the skin and hair, will be sent, post-free, on application to Fetter Drug & Chem. Co., Dept. 35, St. Paul, Minn.

tery of Santa Fe met this week at El Rito, Rio Arriba county.

Clinton J. Crandall, Jr., who left Santa Fe last February to go with his father and mother to Pierre, South Dakota, drank of the waters of the Rio Chiquito and has consequently returned to New Mexico. He is with the Tie and Lumber Company at Hodges.

### "THE HOLY CITY" WAS GREAT MUSICAL SUCCESS.

Local Talent Last Evening Presented Cantata to Appreciative Audience.

The cantata of the "Holy City" by the Santa Fe Choral Society was given last night at the Elks' theater before an appreciative audience. The chorus work showed hard practice on the part of each individual member of the society and was fully appreciated as was shown by the applause of the audience.

The soloists did creditable work. Each rendered his part with effectiveness. Miss Ora Wade and A. J. Teare did particularly well in their respective renditions. Miss Jesse Carroll and Miss Hinojos did exceptionally fine solo work and were applauded freely by the listeners.

W. C. Wade rendered his part in a manner creditable to both the society and himself. Much credit is also due him in his untiring work as conductor for the society. Miss Hazel Sparks at the piano and Miss Laura Wood and Miss Ashton with the violins did their part with skill and ability.

It is hoped that the society will continue to progress and carry out the good work they have begun. The best wishes of the people of the city are with them.

### STENZEL ECZEMA LIQUID

A clear white liquid for cleansing purifying and healing skin and scalp diseases.

Stops itching or burning instantly; cures eczema permanent.

A few days after using the Liquid the disease begins to disappear.

Price \$1. Sold in Santa Fe by Fischer Drug Co. and Zook's Pharmacy.

## LETTER THAT COST \$25,000

Written by Martin Luther to  
Emperor Who Didn't  
Read It

GERMANY WILL TAX FELINES

New Source of Revenue Seriously  
Discussed in Capital City  
Berlin.

(By Special Lensed Wire to New Mexican)  
Berlin, April 27.—Martin Luther's famous letter of explanation to Charles V. saved to Germany by the generosity of J. Pierpont Morgan, is to find a place in the Luther hall at Wittenberg upon a pedestal presented by the Emperor. The commission to make this pedestal has just been given to the sculptor Paul Juckhoff. It is to be of light limestone in late Gothic style. Mr. Morgan's representative bought the letter for a trifle more than \$25,000 at a Leipzig autograph sale last May, and the financier promptly presented it to the German Emperor. His reward was the order of the Red Eagle, first class, one of the highest decorations in the gift of the Emperor. The letter which Emperor William valued so highly was written by Luther on his return from the Diet of Worms in 1521. It describes the proceedings of the diet and defends the writer's course there. Charles V. never saw the letter, according to a note written thereon by that monarch's archivist, setting forth that nobody had dared show it to the Emperor.

### Royal Yachts.

The sweeping victory of the American yachts in the international "bonderclass" races at the Kiel regatta last year is revolutionizing conditions in the German sander-class fleet. Among the yachtsmen who are having new yachts built on the admittedly superior lines of the American boats, with which the German constructors in their own waters, the German imperial family is well represented. The Crown Prince, the most enterprising sailor of the family, who had allowed his interest in the sport to wane for a year or two, is having a yacht built in Hamburg, which will soon be ready for its trial trips. Prince Henry of Prussia, brother of the Emperor, is again co-owner of this year's "Tilly," whose predecessor was one of the German representatives last year, and Prince Eitel Fritz, a younger brother of the Crown Prince, is also having a yacht built.

### A Tax on Cats.

"The government sees no objection to the introduction of a tax on cats," is the serious beginning of a seriously meant ministerial decree just addressed to the municipalities of Greater Berlin, which for several years have been anxiously searching for new sources of revenue to meet the constantly growing cost of municipal activities. The Minister of the Interior and the Minister of Finance gravely continue that the cost of cat licenses must be in proper proportion to the license tax now imposed on dogs, and that not all the regulations of the latter should be copied in any cat-tax ordinance. The identification of licensed cats by a collar and tag being particularly impracticable since many cats, owing to their habits, would inevitably get hanged by their collars

and perish painfully.

Aeroplanes.  
Five years ago there were no makers of aeroplanes in Germany and until two years ago none that had achieved any real success. Today the great exhibition hall in Berlin's Zoological Garden is filled with an exhibit of German flying machines, German motors and other flying accessories which is hardly less than astounding. The comparison is emphasized by the presence of the original biplane with which Orville Wright, early in September, 1909, made on the Tempelhof Field, south of Berlin, the first successful flights ever made in Germany. This biplane, now the property of the German Museum at Munich, stands beside a Wright machine just made for the German army. The comparison is striking. The old machine has two light propellers and its equipment comprises only the indispensable things. The new military machine has but one propeller and it is equipped with wireless telegraph apparatus. With its 50-hp. horsepower motor the military Wright weighs but 770 pounds.

One of the exhibits that attracts general attention is the Euler biplane in which Prince Henry gained his aviator's license. Beside the Prince's machine stands the military Euler, the "aeroplane destroyer." Upon it is mounted a machine gun, or, rather, a machine gun was mounted upon it once. The mounting is still there, but the war department has evidently not cared to have the gun publicly exhibited.

One monoplane exhibited has three propellers, and another presents something new—two propellers moved independently of each other by two motors. This would seem to insure against the calamity of a dead motor in midair.

Prince Frederick Sigismund of Prussia exhibits a racing monoplane which, he proudly declared, "was built entirely by me, without the assistance of an engineer or any mechanic." Prince Frederick is a millionaire many times over, belonging to the "rich" branch of the Hohenzollern family. He expects to reach at least 72 miles an hour with his new machine.

A tendency to protect the aviator is manifest in most of the new models, the majority of them providing a covered or partially covered seat for the pilot and his passenger, within which they sit much as one might sit in the nose of a great torpedo.

H. McGowan, 1218 W. 2nd St., Little Rock, Ark., says, "I suffered with severe pains across my back and the kidney action was irregular and very painful. After taking Foley Kidney Pills for a few days the pain left my back and the kidneys became normal. I can gladly recommend Foley Kidney Pills for I know they helped me. For sale by all druggists."

## OFFICIAL PAPER OF SANTA FE COUNTY.

The new Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the State, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

## NEWSPAPERMEN NOT IN FAVOR.

"This is not the place for newspapermen," is the impression that some have gained because of the disfavor with which newspapermen are looked upon by certain legislators.

The Albuquerque Herald has been hauled out in both Houses as a shameless assassin of reputations.

The Albuquerque Journal has been pilloried as "a thief of reputations, a liar in whom the truth does not dwell."

The New Mexican has been pointed out as a grifter.

If the other newspapers haven't got their's as yet, it is because they have escaped the discerning scrutiny of the lawmakers.

Even though it might weary the New Mexican's readers, yet, because several of the legislators still misunderstand the matter of printing the legislative bills, unintentionally, of course, for they are all honorable gentlemen, the New Mexican reviews very briefly the facts.

1. Upon agreement with the printing committee, on which there are several publishers and printers, Democratic as well as Republican, the New Mexican at the beginning of the session printed 200 copies of each bill, either in English or Spanish, as ordered, for \$1.75 a page, or not quite a cent per printed page, one hundred pound paper, wirestitched, in ten point type, sixteen lines to a page and spaced as bills in Congress are spaced so as to permit interlineation and thus save the cost of reprinting the amended bill, and on force account when ordered. Under this agreement, the New Mexican furnished some 52,000 copies of bills in both languages, averaging eight pages each or a total of 416,000 printed pages, for which the total charge was around \$3,500, or about three quarters of a cent a page.

2. The printing committee at the end of about three weeks, decided to change the style of printing and asked for bids on "eights" pound paper, 32 lines on a page, short bills to be delivered in 48 hours and longer bills in a greater period of time.

The highest bidder was the Albuquerque Journal, which asked \$1.50 a page, or only 20 cents less than the New Mexican had charged for the printing on 100 pound paper and on rush orders. The New Mexican put in a bid on a sliding scale, short bills at a higher price than longer bills. The present contractor put in a flat bid of 65 cents a page for House bills and 80 cents per page for Senate bills and was given the contract.

3. The New Mexican offered, that if the style were still further modified, if 60 instead of 80 pound paper, if 8 point instead of 10 point type were used, if the style used with satisfaction and economy by the Constitution at Convention were adopted, the New Mexican could save the Legislature fifty per cent on the cost, fifty per cent in time, fifty per cent in trouble and all of the postage. At the beginning of the legislature, the New Mexican, through Senator Walton offered to mail all of the bills for \$150. Since then \$750 have been appropriated for postage alone, because some of the legislators thought there was "graft" in the offer of the New Mexican.

4. The extravagance lies in the style of printing and in the unnecessary duplication of bills. House Bill No. 17, The Medical Act, (Senate Bill No. 44) has been printed eight times in various forms in the two languages, and the end is not yet. The printer may have set it up only once, but he is sure to charge for it eight times. The school code of 150 pages was simultaneously introduced in each house. The Criminal Code, of 350 pages, will be simultaneously introduced in both houses. The printer need set it up only once, but he will charge for every time that it is printed. That is according to contract, that is business, but there lies opportunity for real economy.

This is short, are the facts. There was nothing underhand about these transactions; no imposing on any one; no charging all the traffic would bear, by the former or the present contractor, but a plain business agreement and contract such as would be binding in any court of the land, and such as can bear the closest scrutiny by the public. If that is graft, then every businessman and every legislator is a grifter.

## A LITTLE SERMON ON THE REVELATION OF JESUS CHRIST.

(By the Rev. J. W. Healy.)

The Bible presumes the existence of God. It does not argue about it, or attempt to prove it. It opens with the grand words, "In the beginning, GOD." That is, "in the beginning,"

before there were worlds, or stars, or angels, or anything, living or inanimate, God was. To this agrees our reason, all that we can learn from ourselves, from the world around us, and from the planets and stars above us. All tell us that there is a God who made them and sustains them. But we cannot of our own power discover more about God. We cannot tell what He is, or Who He is. We may search the rocks and the foundations of the earth; we may penetrate the vast depths of space and bring the stars to our feet as it were; we may turn our eyes inward and examine ourselves, and the wonderful bodies we possess, and we shall find evidences of God's existence everywhere; but we shall not be able to find Him; for by no amount of inward scrutiny, or of scientific search into the secrets of nature can we find God. If there is anything known of God outside the mere fact of His existence, which all nature bears witness to, that knowledge must have come through revelation.

Now it is not reasonable to suppose that the God who made us, was either unable or unwilling to make Himself known to us. And so, we find that from the very first God granted to men revelations of Himself. At first the revelation was progressive. Men were taught more and more of the nature and will of God, as they were able to comprehend it. At last, when the world was fitted to receive a full and perfect revelation of God, God sent forth His Son to teach men what He is. Jesus, being "the brightness of God's glory and the express image of His person," by His perfect life left neither room nor need for further revelation. Ours it is, therefore, to contemplate the revelation which Christ has given; to enter more and more as years and ages pass, into the fullness of its meaning; but ours it is not, to suppose that anyone ever can add anything to what He has revealed.

Though I have said that Jesus Christ made a full and perfect revelation of God, and one to which it is impossible to add, I do not mean that Jesus Christ revealed everything about God, so that He left nothing more that could be made plain. If you think for a moment, you will see that such a thing would not be possible. It would not be possible for us with our limited powers of mind to comprehend fully all the deep mysteries contained in the words, "The Father hath life in Himself," to fathom the depth of that wisdom and the greatness of that power which can create and sustain worlds. Mysteries must surround God. The Bible does not pretend to explain them. Jesus Christ did not come to reveal them. He did so only in so far as it was necessary for us to know something of them.

What then did Jesus Christ come to reveal? How can His revelation, if it be only partial, be said to be perfect and complete—so complete that we may never expect any additions thereto from any quarter, nor from any being, whether man or angel? The answer is, Jesus Christ made a perfect revelation of the love, the goodness, the mercy, the truth, and the long-suffering of God. He made a partial, but sufficient, revelation of the nature and being of God. That is to say, Jesus Christ revealed to us what we most needed to know of God.

It concerns not a child's happiness to have a perfect knowledge of his father's anatomy. What the child needs is a full assurance of his father's love. When he is satisfied of that, by the acts and words of his parent, he needs only the vaguest idea of his father's strength and wisdom, to make him, not only love him in return, but to trust him fully—feeling perfectly sure that his father, who loves him so well, is big enough and strong enough to protect him from anyone who would hurt him; and wise enough to provide for his wants. With such knowledge of his father, the child is perfectly and supremely happy; he does not need to know more. It is just this kind of a revelation of God that we want. It was just this kind of a revelation of God that Jesus Christ came to give. The Bible is one long record of the love of God to man. All through the Old Testament God was seeking men and calling them to Him by the prophets. In the New Testament we see Him still seeking men through His Son, "God so loved the world, that He gave His only begotten Son to live and die for men. The revelation of God which Jesus Christ gave is what all mankind longs for. The words that Philip addressed to our Lord, echo the cry of humanity, "Lord, show us the Father, and it sufficeth us." And Christ's answer must be the answer for all time: "Have I been so long a time with you, and yet hast thou not known Me, Philip? He that hath seen Me, hath seen the Father; and how

## VALLEY RANCH ACTIVITIES.

VALLEY RANCH ACTIVITIES. ready spent two summers at Valley Ranch, April 27, 1912. Ranch is expected to reach here for the third summer in a few days.

There will be the usual Saturday night dance at Valley Ranch to which all guests and friends are cordially invited.

## SANTA FE NOT 7,000 FEET HIGH.

Continued from Page One.

When men looked on Jesus they saw in Him divine love, divine compassion, divine truth, and divine power; but that power was always exercised in mercy. Men looked on Jesus Christ and they saw, not merely a Man, but God in His most loving and lovely form. That the Father and the Son are One, so that the Son perfectly represents the Father, Jesus Christ made perfectly clear. That the Holy Spirit is sent from the Father in the name of the Son to dwell in the hearts of God's children to give them a new and spiritual life, Jesus Christ plainly asserted. But the mystery of the Divine life, whether manifested in the unity of the God-head, or as it is seen in the church, is unexplained. All that Jesus Christ revealed of God's nature or of His life, was first so much as was necessary to comfort and assure us.

Just as the child in his father's arms, without knowing the full extent of his parent's wisdom and strength, feels secure and has no fear because he trusts his father fully; so it is not necessary for us to know all about God's person, or being, or power; we can rest content in the knowledge of God's love; and in the assurance that our "Father is greater than all and no one is able to pluck us out of His hand."

And so, the revelation that Jesus Christ gave of God is a perfect revelation, because it reveals all that we need to know; although it leaves much to be revealed; and much more which never can be revealed to created beings.

Reports reach the Watson & Co. Agency that the life insurance companies had an immense amount of insurance at risk on the TITANIC passenger, the same applies to accident insurance, the amount of which was over one million dollars with The Travelers Insurance Company of Hartford. There was the most completely equipped transatlantic liner in existence, safeguarded by every means and device, commanded by a veteran of over forty years experience, which facts caused mankind to imagine such a catastrophe impossible; yet the elements willed otherwise. At eleven o'clock at night the TITANIC was a floating palace—at half past two, a tomb of fifteen hundred mortals. Another object lesson to be long held in remembrance by thousands who every year go down to the sea in ships.

## WILL CLAIM TITANIC DEAD.

(Continued from Page One.)

who prove their right to view the bodies and make identifications. The coroner's jury will make its inspection at the morgue.

## Mackay-Bennett Due Monday.

Halifax, April 27.—The Mackay-Bennett will not arrive here until Monday according to a wireless from the steamship received here today. It was signed "Mackay-Bennett" and was as follows: "Confirm bodies of Astor and Straus on board. Due Monday with 189 bodies." As 205 bodies have been picked up, it is assumed that 16 were so mutilated that burial at sea was necessary.

## Frank D. Millet's Body Found.

New York, April 27.—A wireless message received today by the White Star Line from the cable ship Mackay-Bennett announces that 80 more bodies of the Titanic disaster by the Mackay-Bennett and Minia, have been identified. Frank D. Millet, the artist who accompanied Major Butt on his trip abroad, is among the dead picked up by the Mackay-Bennett. His name appears on the list of identified dead sent in by wireless today.

## Belgium for Cooperation.

Brussels, Belgium, April 27.—The executive bureau of the International Maritime Committee today voted to study anew the international regulations for the protection of life at sea. The bureau, which took this action because of the Titanic disaster, pointed out in its resolution that the desired reforms were not possible of realization unless all countries with shipping interests co-operated.

vester Trust control the Chicago Tribune. If that is not true, I will not make the statement."

"That certainly is not true," said Mr. Mann.

Another "Trust" Newspaper.

"Well, I happen to know it is true." It is also reported that Mr. Perkins, head of the Harvester trust, owns the New York Mail and owns it by subterfuge," declared Mr. Banhart.

"The company re-organized and issued bonds and Mr. Perkins holds the majority of the bonds and dictates the policy of the paper in behalf of the Harvester trust and a certain great reform candidate for the presidency."

## SANTA FE NOT 7,000 FEET HIGH.

Continued from Page One.

and Santa Fe. In place of 28 former ditch crossings there are now only seven aqueducts and these run through well constructed culverts. The road has been straightened in many places, has been properly drained and crowned and will in a few weeks pack well with a hard, smooth surface. The board of county commissioners, especially Commissioner George Kinsell, took great interest in the work and aided it in every possible manner. The road construction was inexpensive, the two weeks' work with grader and teams costing less than \$600. Road Supervisor Ricardo Alarid ably co-operated in the work.

## Federal Court Rules.

In the order, providing rules for the federal court in this district, handed down by Judge W. H. Pope, are the following.

Any persons possessing the qualifications prescribed by law for admission to practice law in the courts of the State of New Mexico or the supreme court of the United States, may be admitted to practice as an attorney and counselor at law and solicitor in chancery in this court upon taking the proper oath of office and paying the clerk for such admission and certificate thereof the sum of \$1.00.

When it is not convenient for an applicant who desires to be admitted to practice as an attorney and counselor at law, to be personally present in open court, he may send his written or printed application for such admission to the court. And if with said application, he has taken the usual oath of said office, and is recommended by a district judge of the State of New Mexico, or by a judge of the New Mexico supreme court, and by one member of the bar of this court, who shall certify that the applicant is a member of the Bar of the supreme court of the State of New Mexico or of the supreme court of the United States in good standing, is a person of good moral character, and recommending such applicant for admission as a member of the Bar of the United States district court for the district of New Mexico, the presiding judge of this court may, by written order, direct the clerk to admit such applicant, place his name on the roll, and issue him a certificate, upon payment of the usual fees.

## Federal Cases.

The following cases have been set for hearing in the Federal Court before Judge W. H. Pope:

April 27—No. 126, U. S. v. D. & R. G. Ry. Co.

May 6—No. 23, U. S. v. Pat H. Boone, civil; No. 95, U. S. v. Margaret Romero, civil.

May 8—No. 12, U. S. v. Aniceto Chavez.

May 9—No. 10, U. S. v. Edwards Lucero; No. 23, U. S. v. Pablo Wiggins.

May 10—No. 31, U. S. v. Lurch & Hughes; No. 26, U. S. v. Clemente Maestas, (civil); No. 28, U. S. v. J. S. Candelario, (civil).

May 11—No. 51, (civil) U. S. v. Peccos & Northern Ry. Co.

May 13—No. 52, (civil) U. S. v. John W. Green.

May 14—Nos. 63, 64 and 65, (civil) U. S. v. A. T. & S. F. Ry. Co.

May 15—No. 97, (civil) Rayitos H. Herrera, Adm. v. St. Louis & Rocky Mt. Ry. Co.; No. 106, (civil), Alfred G. Green v. Town of Las Vegas.

May 16—No. 100, (civil) Geo. H. Hunker, Trustee v. Benjamin F. Fortsythe; No. 101, (civil) Geo. H. Hunker, Trustee v. Cris Wiegand.

May 19—No. 114, (civil) Charles O'Connor et al. v. A. T. & S. F. Ry. Co.

May 27—No. 46, (civil) U. S. v. J. N. Upton.

May 29—No. 109, (civil) U. S. v. Filiberto Jantett.

May 30—No. 111, (civil) U. S. v. Apolonio G. Martinez, et al.

June 3—No. 42, (civil) U. S. v. J. F. Horn; No. 49, (civil), U. S. v. George Hayden; No. 55, (civil), U. S. v. C. N. Bateman, et al.; No. 80, (civil) U. S. v. David M. Nunn; No. 81, (civil) U. S. v. C. D. Nelson; No. 82, (civil) U. S. v. A. T. & S. F. Ry. Co.

with the Frankfurt. Frankfurt also gives Titanic's position.

"4:00 a. m. California now working with Virginian.

"4:25 a. m. California now working with Birma.

"5:10 a. m. Signalled California. She wants my position (Mount Temple). We are very close together.

"6:00 a. m. Much jamming in wireless instrument.

"6:45 a. m. Carpathia reports twenty boat loads rescued from Titanic.

"7:30 a. m. Baltic sends a service message to California as follows: 'Stand by—You've been instructed to do so frequently.' This signalled by an inspector.

"7:40 a. m. California gets message. No need to stand by as nothing more can be done." Carpathia and Olympic very busy.

## THE DAILY HOUND UP.

Call No. 9 for auto livery.

Big Confetti Battle tonight at the carnival.

A satin hand bag was found this morning in the capitol building. Owner can have same by calling at the New Mexican and paying for this advertisement.

FOR SALE—A range. Apply 128 Galisteo street.

D. & R. G. Bridge Burned.—The Denver and Rio Grande bridge known as the Red Bridge, near Embudo, burned down yesterday. It spanned a 75 foot chasm at a height of 75 feet. Passengers are being transferred around the place and the running of freight trains has been suspended for the present.

Ladies, for pretty neckwear, cheap, go to the White House this week. Tonight's program at the Elks: "A Message from the Moon."

Treat your stomach right and eat at the New State.

Carrizozo Man Dies of Injuries.—Robert H. LaLande of Carrizozo, died of injuries received when he was struck by a passenger train.

Copper Clad Malleable Ranges at GOEBELS.

New line of large hats received at Miss Mugler's.

Tularosa Bank to be Reorganized.—The Citizens' Bank at Tularosa is to be reorganized with \$25,000 capital and to be reopened shortly.

LOST—Three bank books. Finder return to this office and receive reward.

Do not fail to read the change of advertisement of Miss Mugler today.

FOR RENT—Two handsomely furnished rooms, single or en suite, with bath. Address Box Y 2.

"Trapped by Wireless," and "The Squaws Debt of Gratitude."

Grant County Republican Committee.—The Grant county Republican Central Committee met at Silver City today to endorse candidates for postoffice and other federal offices.

Fragrant Perfumes from the greatest manufacturers in the world can be found at Zook's.

Boston Sends Out Appeal.—From Boston headquarters an appeal has been made to all state headquarters of the Christian Endeavor Societies to protest vigorously against the staging of the Johnson-Flynn fight at Las Vegas.

Warm Weather is coming. Cooking by electricity is cheaper than coal. Sparks can prove it. See him.

McGrath After Gambler.

Sheriff McGrath of Grant county has given his deputies orders to break up all poker games and other gambling expeditions, to arrest all those engaged in them without fear or favor.

Ladies Garments made to measure at cost, the rest of this week, special, 123 Don Gaspar avenue, East side of Capitol.

Forget your troubles and go to the carnival this evening. Last evening of the big show.

Liquor Salesman Killed Himself.

Carter Smith, aged 30 years, traveling for the Smith & McDowell liquor business, was found dead at the home of his uncle, U. S. Smith, at Tucuman, death having been caused by a pistol wound shot.

Budweiser, Fallstaff and Neef Bros. bottle beer for sale by Henry Krick. Phone Red 35.

Fifteen Year Old Boy Killed.—Fifteen year old Damaso Portillo was accidentally killed at El Paso with a 22 caliber rifle, said to have been in the hands of Epimenio Prieto, who has been arrested on the charge of murder.

See the program at the Elks tonight. It's good.

Bill of Sale Recorded.—A bill of sale was recorded in the office of County Clerk M. A. Ortiz which transferred the ranch equipment of the Bishop ranch from A. G. Woodford to M. L. C. Woodford. The consideration was nominal.

Well cooked food goes a great ways toward good health. Try the New State meals. They are right.

The White House Sale is still on, but this is the last week. Pongees, madras, batistes, neckwear, and gen's silk hose are the special bargains now. Stock up while the price suits.

Gold Strike Near Alamogordo.

While blasting in the Box Canon Road near Hight Rolls between Alamogordo and Cloudercroft, a ledge of rock was uncovered that assays \$243.20 gold to the ton. Intense excitement prevails over the discovery.

All Boxes of the Santa Fe Electric Laundry brought into the office will be redeemed at 10c doz.

Murderer Sentenced at Mora.—Judge David J. Leahy at Mora sentenced Abel Flores charged with the killing of Lucas Vigil to fifteen to twenty-five years in the penitentiary. Luis Landaro was given ten days in jail for assaulting a dwelling house; Emilio Guerin, aged 15, was given eleven months in the Reformatory School at Springer for vagrancy, idleness and viciousness; Juan Olano was

## FIRST NATIONAL BANK OF SANTA FE

THE OLDEST BANKING INSTITUTION IN NEW MEXICO.

Loans money on the most favorable terms on all kinds of personal and collateral security. Buys and sells bonds and stocks in all markets for its customers. Buys and sells domestic and foreign exchange and makes telegraphic transfers of money to all parts of the civilized world on as liberal terms as are given by any money-transmitting agency, public or private. Liberal advances made on consignments of livestock and products. The bank executes all orders of its patrons in the banking line, and will extend to them as liberal treatment in all directions as is consistent with sound banking.

# Plays AND Players

DE LEON AND DAVIES  
DANCING AT ELKS' THEATER.

Combination of Ballet Steps, Delsart, Buck and Wing Form Basis of Novel Dances.

It required months of constant effort on the part of Walter De Leon and Miss "Muggins" Davies to perfect the various difficult dances which they execute so cleverly. Mr. De Leon, who by the way, is somewhat of a genius being only twenty-four years of age, and not only writes book, lyrics and music for his musical comedies, but also plans every dance number, studied the terpsichorean art for a long time before he attempted to plan any dances. He read volume after volume relative to dancing and then studied Delsart and after he had mastered the rudiments of the art, began putting his knowledge into practice. At the present time, Miss Davies assists him in the preparation of all their dances

and at times actually works out dance steps and helps with suggestions that are invaluable. Mr. De Leon is first of all an eccentric dancer. Small wonder then that he has worked into classic poses some of his own eccentric ideas. One of the most difficult dances which the young couple do is a combination of ballet steps, Delsart poses, buck and wing and double shuffle. To say the least, the dance is one which requires skill and grace as well as muscular development on the part of Mr. De Leon for he is called upon to support the entire weight of his dancing partner numerous times during the evolution of the dance. In the specialty number, "The Same Old Love" which Mr. De Leon and Miss Davies do in the second act of "The Campus" they dance and illustrate, although in a small degree a Scottish reel, a Sailor's Hornpipe, a French Can-can, a stately English waltz, a Texas Tommy and a German dance.

**GERMAN BATTLESHIP IS CHRISTENED BY PRINCESS.**

"By Special Leased Wire to New Mexican" Danzig, Germany, April 27.—The battleship Koenig Albert, named for a former king of Saxony, was launched today. The present Saxony king, Frederick August, was present and made a speech and his Princess Matilda christened the vessel.  
The Koenig Albert is practically identical with the battleships Kaiser, Kaiserin, and Frederick der Grosse. It has a tonnage of 24,500 and is armed with ten 12-inch, and fourteen 6-inch guns. The specifications demand a speed of twenty-one knots.

### GOOD WORK.

Done Daily in Santa Fe, Many Citizens Tell of it.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Santa Fe still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

Alberta Jarcia, Gallisteo St., Santa Fe, New Mexico, says: "I deem it a pleasure to corroborate the public statement I gave in praise of Doan's Kidney Pills about seven years ago. I found them to be an excellent remedy and I have never hesitated to vouch for their merit when an opportunity has been presented. For two years I was in bad shape from backache and kidney trouble and when Doan's Kidney Pills were brought to my notice, I resolved to try them. I procured a box and they not only drove away backache, but regulated the passages of the kidney secretions and toned up my entire system."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The warships turbines are adapted for the consumption of either coal or oil fuels. She has five turrets, three of which are in the center line before and after and the other two amidships. The cost of construction is nearly \$12,000,000.

### MEDIATORS IN RAILROAD ENGINEERS' STRIKE CONFER.

Judge Knapp Departed for Washington and Negotiations Await His Return.

"By Special Leased Wire to New Mexican" New York, April 27.—United States Commissioner of Labor Charles P. Neill and Judge Martin A. Knapp, of the United States commerce court, believe that their negotiations with the representatives of fifty railroads in the eastern territory and the engineers over the question of increased pay will not prove unproductive, but decline to discuss the present situation except to say that progress is being made. The two mediators conferred again this morning with the sub-committee of railroad managers and on Monday will meet the committee of engineers. Judge Knapp departed today for Washington to be absent until Monday. After a brief conference with the sub-committee of railroad managers, Commissioner Neill said there would be no more conferences until Judge Knapp's return. In the meantime Warren S. Stone, grand chief of the engineers and chairman of their sub-committee, is expected to make known to Mr. Neill what procedure would meet the engineer's approval.

### PRESIDENT WILL ADDRESS UNION LEAGUE CLUB.

"By Special Leased Wire to New Mexican" Philadelphia, Pa., April 27.—President Taft will be the guest of honor at the dinner to be given by the Union League Club tonight in commemoration of the nineteenth birthday anniversary of General Ulysses S. Grant.

The President is scheduled to arrive here at 6 p. m. from Trenton, New Jersey. From the portico of the club house he will review the first brigade of the National Guard of Pennsylvania, which today celebrates the fourteenth anniversary of its departure for the Spanish-American war. A reception will follow the review after which the dinner will be held. President Taft will be the principal speaker. He will leave for Washington at midnight.

**Barela Ranch Sold Out.**—The large landed state of State Senator Casimiro Barela of Trinidad, Colorado, who was recently in Santa Fe has been sold under the hammer to H. B. Phelps of Raton for \$20,000. It covered 2,387 acres of land.

### FOURTH ATTEMPT TO LIBERATE HARRY K. THAW.

Slayer of Stanford White, in New York Six Years Ago, Would Be Free.

"By Special Leased Wire to New Mexican" New Rochelle, N. Y., April 27.—A fourth attempt through the agency of the law to liberate Harry K. Thaw from the Matteawan state hospital where he has been imprisoned for the slaying of Stanford White six years ago, on the charge of "insanity" was made today by Justice Keogh of the supreme court in New Rochelle. Thaw was brought down from Matteawan this morning. The hearing, on a writ of habeas corpus was expected to be preliminary in character and it was expected that no witnesses would be examined or exhibits produced. An adjournment for several weeks, in order that counsel for the state may go over the voluminous records in previous habeas corpus proceedings was predicted.

### JUDGE POLLOCK TO STUDY ORIENT R. R. AFFAIRS.

Application for Receivers' Certificates Are Delayed in Kansas Federal Court.

"By Special Leased Wire to New Mexican" Kansas City, Mo., April 27.—After consulting with attorneys for the receivers of the Kansas City, Mexico and Orient Railway, Judge Pollock of the Federal court, in Kansas City, Kansas, today announced he would not decide their application for receivers' certificates until he had given the matter consideration. He said he desired to further gather information himself concerning affairs of the road.

Application for receivers' certificates to the amount of \$250,000 for further improvement of the line was made April 22, as Judge Pollock took the matter under advisement. He said he probably would reach a decision next week.

### PRESIDENT W. H. TAFT FINDS TIME FOR GOLF.

Puts on Old Sweater and Grey Cap Shows 'Em How to Play the Game.

"By Special Leased Wire to New Mexican" Newark, N. J., April 27.—President Taft laid aside his political clothes, put on an old gray cap and a sweater and relieved his feelings by knocking a golf ball around the course today at the Baltusol Golf Club near Orange. The President played with Odgen Colgate of New York. There were many other players on the links, but out of respect for Mr. Taft, there was no gallery to watch him play.

M. D. Boardman, 573 W. Main St., Helena, Mont., gives an interesting account of his improved health through the use of Foley Kidney Pills. After giving a detailed account of his case, he says, "I am almost 79 years old and have spent hundreds of dollars for medicines, but find that I have received more benefit from Foley Kidney Pills, than from all other medicines. Further particulars sent on request." For sale by all druggists.

### CALL FOR DEMOCRATIC CONVENTION.

Santa Fe County, New Mexico. By direction of the Democratic Executive Committee of Santa Fe County, New Mexico, a delegate convention of the Democrats of said county is hereby called, to be held at the County Court House in Santa Fe, New Mexico, on Monday May 6th, 1912, at 2 p. m. of said day, for the purpose of electing fourteen delegates to represent said county in the Democratic State Convention to be held at Clovis, New Mexico, on the 14th day of May, 1912, for the purpose of selecting eight delegates and eight alternates to represent the State of New Mexico in the National Democratic Convention to be held in the City of Baltimore, Maryland, on the 25th day of June, 1912, for the purpose of nominating Democratic candidates for President and Vice-President of the United States.

Primary meetings are hereby called to be held in the various precincts of said county, on Friday the 3rd day of May, 1912, at the hour of 7:30 o'clock p. m. in the city of Santa Fe, New Mexico, and at such hour and place on said day in the various precincts of said county, outside of said city, as the precinct committeemen fixes and determines.

The representation from the respective precincts to said county convention, and the names of the precinct committeemen whose duty it will be to call such meetings to order at the time and places specified, are as follows:

Precinct No. 11. Golden. One delegate. J. D. Har. Committeeman.  
Precinct No. 12. Lamby. Two dele-

## MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn."

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity. If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

gates, Felipe Salazar, Committeeman. Precinct No. 13. Glorietta. One delegate. Pedro Ortiz, Committeeman. Precinct No. 14. Chinayo. One delegate. Eulogio Martinez, Committeeman.

Precinct No. 15. Santa Cruz. One delegate. Jose A. Maestas, Committeeman.

Precinct No. 16. Santa Cruz. One delegate. John S. Block, Committeeman.

Precinct No. 17. Santa Fe. Five delegates. Meeting to be held at Thedford's Hall. Gus Hunter, or Doran, Committeeman.

Precinct No. 18. Santa Fe. Seven delegates. Meeting to be held at the Court House. C. O. Harrison or Melton Castillo, Committeeman.

Precinct No. 19. Madrid. Two delegates. Tomas Archibeque, Committeeman.

Precinct No. 20. Santa Pedro. One delegate. Quinto Sandoval, Committeeman.

Precinct No. 21. Otto. One delegate. S. M. Johnson, Committeeman.

Precinct No. 22. Namba. Three delegates. Cesario Ortiz, Committeeman.

Precinct No. 23. Rio Medio. One delegate. Pedro Jimenez, Committeeman.

Precinct No. 24. Kennedy. One delegate. Juan Sanchez, Committeeman.

All Democrats and citizens irrespective of past party affiliation, who believe in the objects sought to be attained by the Democratic party, are requested to participate in said primaries and the selection of delegates to said county convention.

ARTHUR SELIGMAN,

Chairman, Democratic County Central Committee.

ADOLPH P. HILL,

Secretary, Democratic County Central Committee.

Santa Fe, New Mexico, April 25th, 1912.

### TIME TABLE ALL LOCAL TRAINS

## How Build Today To Replace the Worn out Parts of Yesterday?

Each day thinkers use up cells of the Brain  
Each day active workers destroy cells in the nerve centres  
If the food lacks the things Nature demands for rebuilding, Nervous Prostration and Brain fog result.  
Suppose a bricklayer tried to build a wall and the boss furnished brick, sand and water, but left out the lime?  
Suppose you eat plenty of albumin and take sufficient water, but neglect food which contains Phosphate of Potash?  
Nature cannot rebuild gray matter in nerve centres and brain without Phosphate of Potash which binds together albumin and water to make it  
Phosphate of Potash, as given in the grains by Nature, is more than half the mineral salts in Grape-Nuts.

## SOCIETY

(Continued from Page Five.)

The rendition of the Holy City last evening at the Elks' theater by the Santa Fe Choral society was a musical event, because it betokens greater and better things to come and because it was the first serious attempt in twelve or more years in the Capital City to render so ambitious a work as this cantata or oratorio. With more precise training and more frequent rehearsals of the entire chorus with soloists and instrumentalists, there is no reason, for the choral society not becoming a leading factor in the musical life of the Southwest. Director Wade deserves much praise for his painstaking and enthusiastic work, for it requires an enthusiast to undertake such a task. Chorus, as well as soloists, together with the instrumental trio, acquitted themselves well, demonstrating that Santa Fe has much musical talent. The audience was a large and discerning one. The program and those who took part were published in last evening's New Mexican.

A Panama Afternoon.

One of the most pleasant afternoons of all the season's festivities was that spent with Mrs. Paul A. F. Walter at her delightful home on Palace avenue, last Tuesday. Mrs. Walters invited the members of the Fifteen Club and a few others to meet Mrs. Lorin C. Collins and hear her give a talk upon her experiences in Panama. It proved to be a rare treat to those who were fortunate enough to be guests and the afternoon will long be remembered for the interesting talk and the congenial hospitality that made everyone

enjoy being together. The guests were seated in the large living room where Mrs. Collins gave her talk and passed around many interesting photographs of Panama. Judge Collins was appointed as United States Justice in Panama and he and Mrs. Collins were prominent residents there for five years. That Santa Fe is especially fortunate in having such charming and cultivated people make their home here hardly needs to be stated. Mrs. Collins contrasted the conditions in Panama before and after the beginning of the construction work on the canal. She pictured very vividly the squalor and wretchedness of the native quarters, the naked brown babies of Bolivar street, the girls washing clothes in the river, and the proud Panamanian in his gala costume of a pajama jacket and a derby. Then came the U. S. engineer and the civilizing changes he brought. The old unkept cemetery had been called Monkey Hill and the American changed that into a well cared for Mount Hope. Malaria and yellow fever were so prevalent that the government found the sanitary conditions must be improved before work could go on. Municipal buildings were begun, such as the Y. M. C. A., the Strangers Club and finally the Woman's Federation erected their club house, where women took up civic work, study clubs and arranged for concerts and the entertainment of prominent guests such as President and Mrs. Taft. Mrs. Collins' talk was delivered in such a charming way and was of such interest that one wanted to start for the canal zone immediately.

Governor McDonald will go to Albuquerque this evening where a pow-wow of Democratic leaders is on and may go to his ranch at Carrizozo before returning.

State Engineer Charles D. Miller spent a few days in Las Cruces this week.

State Senator Charles J. Laughren left for his home at Doming yesterday.

State Senator Bolesio Romero went to Los Lunas over Sunday.

State Senator H. B. Holt was a passenger bound for Las Cruces last evening. He expects to return on Tuesday.

Dr. W. E. Garrison, president of the Agricultural College, will make the commencement address to the Albuquerque High School on May 29. Mr. and Mrs. Numa Raymond and Miss Amelia Frenger, who have been visiting at their former home in the Mesilla valley, have left on a leisurely trip after a tour of the world for their present home at Geneva, Switzerland, to which the New Mexican has been following them for many years past.

PROPOSED ORGANIZATION OF  
DEMOCRATIC CONVENTION.

(By Special Leased Wire to New Mexican) Baltimore, April 27.—The question of the temporary organization of the Democratic national convention here next June was brought up at the meeting of the national committee's sub-committee on arrangements today, but was dropped when Chairman Mack argued that the selection of temporary officers now might create the impression that the committee

was seeking to organize the convention in the interest of a particular candidate. Colonel John T. McGraw of West Virginia, brought out the question. He proposed the selection of United States Senator O'Gorman of New York, as temporary chairman, Urey Woodson, of Kentucky, secretary of the national committee as secretary pro tem, and Colonel John I. Martin, of Missouri, sergeant at arms of the national committee as temporary sergeant-at-arms of the convention.

DELAWARE DEMOCRATS  
CHOOSING STATE DELEGATES.

(By Special Leased Wire to New Mexican) Wilmington, Del., April 27.—Primaries are in progress in Delaware today for the election of delegates to the Democratic state convention which will be held at Dover next Tuesday. The state convention will choose six delegates and six alternates to the Democratic National convention.

General Lyawatey Selected Governor and Minister Regnault Will Be Withdrawn.  
(By Special Leased Wire to New Mexican) Rambouillet, France, April 27.—At a cabinet meeting today, General Lyawatey was selected as the resident French governor of Morocco. This action followed the decision that conditions in Morocco demand the immediate establishment of a protectorate. Eugene Regnault, French minister to Morocco, was transferred to become the head of some legation in Europe.
