## BIG BLAZE

**Destructive and Costly Fire at J. C. Baldrige.**

**EVERYTHING IN REACH CONSUMED**

**Big Lumber Yards and Brick Building Succumbed to the Flames.**

**CARRIED VERY LIGHT INSURANCE**

Six fires in less than two weeks is the record Albuquerque presents to fire insurance adjusters. Last week, the Santa Fe Pacific railway hospital, the Foster Millinery company and the Golden Rule Dry Goods company were either destroyed or pretty badly scorched by fire. This week, so far, the fire department has been called out three times, viz: On Monday to the burning of a barn, or small storage house, in the rear of the B. B. Borden residence; yesterday morning, to the residence of Frank Hopping on South Edith street, and last night to the J. C. Baldrige fire on South First street. A pretty good record for a city the size of Albuquerque, entailing a loss estimated at about \$45,000, with an insurance of about one-half that amount.

**The J. C. Baldrige Fire.**

The well equipped new lumber yards and office building of J. C. Baldrige, on South First street, is a mass of ruins today, the result of the most disastrous conflagration that has visited the city for many a day. The entire block, the recently built brick office building, sheds, and the barber shop on the corner were consumed. The loss is estimated at about \$20,000, on which about \$5,000 or \$6,000 insurance was carried.

**Confusing Fire Alarms.**

In connection with the distressing mocking bird whistle, alarms were sent in from four or five different boxes which was very confusing. The first discovery found the entire lumber yards in flames. Flames leaping wildly into the air and the large columns of smoke brought half the city to the scene.

When the fire department reached the scene the flames covered the entire block and were spreading rapidly. The fire boys, assisted by eager volunteers, worked hard, for it looked as if the viaduct, Albuquerque steam laundry, Beaven's coal and wood yards would in a short time be a mass of flames. But the fire fighters put forth great exertion and in a short time the blazing telegraph poles on the viaduct and the smoking timbers of the viaduct were under control. After it was seen that it was impossible to save the lumber yards and buildings, the fire fighters used all their efforts in confining the fire within the arena of shooting flames.

The great crowds who had gathered to see the beautiful yet disastrous conflagration kept well back, in fact it was the only thing they could do, as the heat was so intense that it was almost unendurable to get within a hundred feet of the fire.

**Crumbling Brick Wall.**

The walls of the large brick office building filled with doors, windows, boxes of window glass and paint, looked dangerous from the time the fire started. However, they only began to tumble down after the entire interior had been burned out and the vast amount of stock fallen to the floor. Many fears were expressed lest the brave fire fighters be caught beneath the falling brick walls. But most fortunately not a single life was lost, nor were there any accidents.

There are various opinions as to the origin of the fire. The universal opinion is that it was the work of incendiaries. Several people, who live on First street, claim they passed the lumber yards not ten minutes to the time the sea of flames were seen, and that there was no indication of fire. It is thought that whoever set fire to the yards used oil most lavishly, as there was no breeze or draft to cause the flames to spread in the mysterious

manner in which they did. There were casks of paint, oil and gasoline and other highly combustible articles in the large main building, but it is asserted the largest sheets of flames were in the other end of the yard when the fire was discovered.

**Worked Heroically.**

The fire fighters worked heroically and many of the old volunteers were soon in the midst of the brigade of fighters, the old spirit predominating. The fire department from the Santa Fe railway shops were on hand with their hose cart and did very effective work.

The water pressure was poor at the start, but gradually grew stronger as the fire progressed. A city of Albuquerque's progressiveness should have a better water equipment, for it means everything in a fire.

**The Insurance.**

Mr. Baldrige was seen this morning and he stated that he had no idea how the fire originated. The loss, he said, would not reach over \$20,000, of which only about a fourth was covered by insurance. F. H. Kent had \$500 on the stock in the Liverpool, London & Globe company; Rankin & Co. had \$800 on the stock and \$1,500 on the brick building, all in the Niagara company; Metcalf & Straus had \$500 on the stock in the North British & Mercantile company; George Brewer & Co. had \$500 in the Insurance Company of North America, and \$500 in the Philadelphia Underwriters.

Mr. Walker, the bookkeeper, stated this morning that he carried some insurance on both stock and building, but as the policies were locked up in the safe, which was buried under the debris, he was not able to give the exact amounts. The amounts given above are correct as far as could be learned. The total insurance will not reach over \$6,000.

The fact that Mr. Baldrige carried so little insurance on the stock and buildings is to be regretted. The loss to Mr. Baldrige will be considerable. Why anyone should commit such a dastardly crime is not known. Mr. Baldrige is one of Albuquerque's most enterprising and good business men. He has the sympathy of the whole community.

**Books and Papers Saved.**

Most of the books, papers and furniture of the office were saved and all the barber shop equipment was gotten out. But it took quick work, as the flames were ravaging both buildings in a short time.

The big safe was kept from getting red hot by an almost continual stream of water, and it is thought the contents will be uninjured. The firemen were still working this morning. Small blazes are continually springing up and require constant watching.

**Correct List Insurance.**

A. E. Walker, bookkeeper for Mr. Baldrige, was seen this afternoon and gave the following insurance as the correct list carried on the buildings and stock:

George E. Brewer & Co. had \$500 on stock in the North American company and \$500 on stock in the Philadelphia Underwriters.

F. H. Kent had \$500 on stock in the Liverpool, London & Globe.

Metcalf & Straus had \$500 on stock in the North British & Mercantile company.

D. J. Rankin & Co. \$800 on buildings and \$800 on stock and buildings in the Niagara.

A. E. Walker, \$800 on brick building, \$600 on the frame buildings and sheds in the rear, \$500 on stock, and \$500 on the main building, all with the Springfield company.

Making a total of \$6,000 on the entire stock and buildings.

The safe was removed from the ruins this afternoon and moved into the building north of the main office. The contents of the safe were not injured in the least, and the safe is as good as ever, with the exception of the paint being burned off.

All the telephone wires in front of the lumber yards are down, and the service in the southern part of the city will be out of order for a few days.

**Republicans of Precinct 26.**

There will be a meeting of republicans of precinct No. 26 at the office of Justice Borchert on Third street Friday, January 9, at 7:30 o'clock, for the purpose of nominating candidates for justice of the peace and constable for said precinct. Election Monday, January 12, at the office of E. H. Dunbar.

## TERRIFIC GALE

**Struck City of Omaha and Did Great Damage.**

**OTHER DESTRUCTIVE BLIZZARDS**

**The Coal Strike Commission Has Resumed Its Labors.**

**MINNESOTA'S GOVERNOR SWORN IN**

Omaha, Neb., Jan. 7.—Probably half a hundred buildings were more or less damaged by the gale which struck Omaha last night. The wind did not abate with the morning, but continued to blow at a furious velocity. Wires are prostrated in all directions and the city was in darkness the latter part of the night. Telephone and telegraph companies report wires down throughout Nebraska and western Iowa with strong gale from the northwest, causing serious interruptions to communications.

**Blizzard in Iowa.**

Des Moines, Iowa, Jan. 7.—With the wind blowing at a rate of forty miles an hour, Des Moines experienced no particular difficulty with the blizzard which is prevailing throughout the northwest. No snow to amount to anything accompanying the gale. The only damage experienced was the blowing down of numerous signs, chimneys and outhouses.

Council Bluffs, Iowa, Jan. 7.—Last night's wind storm destroyed temporarily every electric light circuit in the city, smashed a number of plate glass windows and did other damage. Heavy wind continues today with light fall of snow. The storm was general throughout the northwest.

**Wisconsin Weather.**

La Crosse, Wis., Jan. 7.—A severe blizzard has been raging here all night and still continues. Railroads are considerably hampered by the storms.

West Superior, Wis., Jan. 7.—A northwest gale struck the lakes early today and drifting snow is interfering badly with traffic. A sudden drop in temperature, accompanied the high winds.

**Old Time Illinois Storm.**

Bloomington, Ill., Jan. 7.—An old time blizzard is raging in central Illinois with the heaviest snow fall of the winter. Railroads are reporting delayed traffic. The mercury is falling rapidly.

**Gale in Missouri.**

Kansas City, Mo., Jan. 7.—A gale has prevailed in this part of the state for the past twelve hours. As a result trains are more or less delayed and telegraph and telephone service has been crippled slightly. A number of poles in the outlying districts have been blown down. No serious damage is reported.

**Swift Wind in Kansas.**

Lawrence, Kas., Jan. 7.—The wind blew at a velocity of sixty miles an hour. The mercury remained close to the freezing point. No snow.

**Strike Commission Resume Work.**

Philadelphia, Jan. 7.—The strike commission began its work promptly at 10 o'clock today. The attorneys for the non-unionists who have been calling witnesses to show that union miners were responsible for alleged lawlessness in the anthracite coal region last year, resumed the presentation of witnesses.

**Van Sant's Second Term.**

St. Paul, Jan. 7.—In the presence of both houses of the legislature, Samuel R. Van Sant was today sworn in by Chief Justice Starr for his second term as governor of Minnesota.

**CLUB MEETING.**

It was interrupted by the Baldrige Fire Last Night.

The enthusiastic meeting which was to have taken place at the Commercial club last night did not materialize. The meeting had begun and quite a number had gathered to take part, when the shrill whistle of the mocking bird broke in, announcing the big fire. The clubmen departed for the scene of the conflagration as soon as they saw the great columns of flame in the

direction of the lumber yards.

However, the resolutions which had been drawn up condemning the testimony of the United States civil engineer, Newell, to the senate committee, will be presented and discussed at a called meeting. The committee, Hon. E. S. Stover, W. S. Burke and T. J. Curran, who had been appointed to draw up the resolutions were present and many other enthusiastic clubmen.

The reputation of the old Rio Grande will be upheld by the old residents of the valley, who do not intend to see the river slandered by any eastern engineers who theorize from their closets. It was the intention to censure the United States for allowing one of its departments to attempt to prove the Rio Grande navigable, while another made statements that it contained no water at all.

The omnibus statehood bill was one of the subjects which was to receive attention.

**FAIR MEETING.**

Executive Committee and Directors Called Together Tonight.

A very important fair meeting will be held upstairs over Zeiger's Cafe tonight, and it is desired by President Hall that the executive committee and directors attend. Resignations will be considered.

## LUMBER MILL SITES.

**The Clellan Site Abandoned, Owing to High Figures Demanded.**

**OTHER SITES NOW IN VIEW.**

President C. W. Wald, of Chicago; Ira B. Bennett, of Detroit; Edgar F. Allen, of Cleveland; Judge H. Sawyer, of Hillsdale, Mich.; and D. W. C. Merriam, of Chicago, composing the committee of inspection which is here representing the American Lumber company, with a view of locating mills in Albuquerque, accompanied by W. S. Strickler, G. L. Brooks and Herman Blueher, are in Trimble's explorer this afternoon driving around the city looking over different proposed sites. Two sites especially were investigated. That of the old Zeiger ranch, north of the city, and another very acceptable site just south of the city.

The property owned by A. W. Clelland, in the western part of the city, and probably the most acceptable site, has been given up on account of the exorbitant price set on the property by the owner.

It is not as yet positively known that the mills will be established here, but as an encouragement to the millmen the citizens are showing and offering sites thought practicable and desirable, as an inducement to the bringing of the mills as near Albuquerque as possible.

Messrs. C. F. Myers and T. H. Kent, who went to Denver to look to matters concerning the Clelland site, are expected to arrive home tonight.

**A SUCCESSOR FOR MASON.**

Will Be One of the Main Questions Before the Illinois Legislature.

Springfield, Ill., Jan. 7.—The Illinois general assembly convened in biennial session today with a prospect of lively and much work before final adjournment is reached. First and foremost on the agenda is the election of a United States senator to succeed William E. Mason, whose term will expire in March. The choice of a republican is assured by the republican control of the assembly. The last republican state convention endorsed Congressman A. J. Hopkins for the senate, but open and vigorous efforts to block this plan have been at work ever since the convention. Senator Mason is an avowed candidate for reelection and those who remember the circumstances and conditions that surrounded his first election would not be taken entirely by surprise at any piece of luck that might befall the Chicago statesman. Close followers of the political game, however, are of the opinion that Hopkins has a long lead in the race and with the support of the Yates organization is bound to win. The contest, whatever may be the result, will undoubtedly have an important bearing on the future organization and control of the republican party in Illinois.

## NATIONAL NEWS

**Important Matters Before Senate But Not Statehood.**

**HAWAIIAN COINAGE BILL PASSES**

**Colorado Republican Legislators Are Opposed to Wolcott for Senator.**

**SANTA FE WILL NOT GRANT RAISE**

Washington, Jan. 7.—In the senate today, the resolution offered by Mr. Stewart, of Nevada, was adopted directing the committee on the District of Columbia to make inquiry regarding the wholesale and retail prices of coal in Washington and to ascertain whether the scarcity of coal is the result of failure to ship to Washington or whether there is any lack of prompt and efficient distribution among the people.

The resolution of Mr. Vest, directing the finance committee to prepare and report a bill, removing the duty on coal, went over until tomorrow, on motion of Mr. Aldrich. Mr. Vest not being present today. The militia bill was then taken up.

The senate committee on foreign relations today authorizing Senator Lodge to report favorably to the general international arbitration treaty recommended by the Pan American conference held at the City of Mexico last winter. The treaty is on the lines of the Hague treaty, but applies also to the republics of the Western Hemisphere.

Senator Hoar introduced a second trust bill. It provides especially for the expediting of suits in equity brought under the provisions of the present anti-trust law.

At 2 o'clock the militia bill was displaced by the statehood bill. Beveridge then made the point of no quorum, necessitating a roll call.

A quorum being found to be present, Beveridge sent to the desk and had read a number of resolutions favoring single statehood for Oklahoma and Indian Territory.

Mr. Quay criticized the resolutions and said the single statehood bill, to which they referred to, was not before the senate, having been withdrawn, and therefore they had acted unintelligently.

"You have done away with your bill," said he, addressing Beveridge. He said parties attending the convention which drew up the resolutions had quarreled as a representative convention of the people of Oklahoma, whereas it was a convention of the advocates of the Nelson, or single, statehood bill.

Responding, Mr. Beveridge declared that the observations of the subcommittee which visited Oklahoma and Indian Territory were that a vast majority of people favored single statehood. Mr. Bate, of Tennessee, had read the resolutions of the five civilized tribes opposing statehood with Oklahoma.

**IN THE HOUSE.**

**Philippine Constabulary Tomorrow—Hawaiian Coinage Bill Passed.**

Washington, Jan. 7.—At the opening session of the house today, Mr. Cooper, of Wisconsin, chairman of the insular committee, asked unanimous consent that the bill to promote the efficiency of the Philippine constabulary be made a special order for tomorrow. The request was agreed to, with the understanding that two hours be allowed for general debate.

A senate bill to refund certain tonnage taxes was also passed. A resolution was adopted which called on the secretary of war for a report upon the operation of the law of February 2, 1901, which prohibits the sale of beer and light wines at post exchanges.

The house then went into the committee of whole and proceeded to the consideration of the senate Hawaiian coinage bill. The house was passed with diversion.

At 2 p. m. the house adjourned.

**Connecticut Legislature.** Hartford, Conn., Jan. 7.—The possibility that Senator Hawley, whose health is very poor, may be induced to resign his seat in the United States

senate, and the selection of his successor thereby rendered necessary causes more than usual interest to attach to the session of the Connecticut legislature which began today. Among the names now frequently mentioned in connection with the senatorship is that of George P. McLean, who has just retired from the office of governor. Governor Chamberlain, the new chief executive of the state, delivered his inaugural message to the assembly today. The paper was brief, but vigorous in tone, and his attitude in regard to the question of constitutional reform was of a generally satisfactory character.

**COLORADO LEGISLATURE.**

**Republicans Don't Like Wolcott—Democrats Will Be Unseated.**

Denver, Jan. 7.—The fourteenth general assembly, which is to elect a successor to Teller, met at noon today. The republicans have a majority of three in the house, but only seventeen of thirty-four republican members attended the caucus this morning, those opposed to Wolcott for senator refusing to join the caucus. It is understood a deal has been made between anti-Wolcott republicans and democrats which will prevent the election of Wolcott.

The democrats have a majority of thirteen in the senate and of ten on joint ballot, but the republican leaders have planned to unseat seventeen or more democratic members of the house, thus securing a majority on joint ballot.

It is said the anti-Wolcott republicans have now agreed to unseat only six members and while this will give the republicans an apparent majority of two on joint ballot, the result of the senatorial election will still be in doubt, as two members, who have been counted on as republicans, were nominated by democrats as well as republicans, and it is uncertain whom they will support for senator.

With Wolcott out of the race, the leading republican candidate is Frank C. Goudy.

It has been tacitly agreed by the democrats that Adams, of Conejos, will be president pro tem of the senate.

The house and senate met at noon today.

The senate adjourned until tomorrow without action.

The house took a vote on chief clerk and resulted: Democrats 31 for Thos. Lyons; Wolcott republicans, 17 for C. A. Lyman; anti-Wolcott republicans 17 for John Vivian. Probably will adjourn without result.

**WILL NOT GRANT RAISE.**

**Santa Fe Company So Inform Grievance Committee.**

Topeka, Jan. 7.—The committees representing the conductors and brakemen of the entire system, in session here, were today notified that their demand for 20 per cent wage increase was out of the question. The officials declare that such a raise is simply impossible.

**TWO ARRESTED.**

**Gallup Men in Trouble for Selling Liquor to Indians.**

Special to The Citizen. Gallup, N. M., Jan. 7.—Lucas Uranch, a saloonkeeper, and Paddy Lavin, a miner, were arrested by United States Deputy Marshal Fornoff today for selling liquor to Indians. Uranch waived examination and gave \$500 bond for his appearance at court in March. In default of bond, Lavin will be taken to Albuquerque tomorrow.

Bennett Bros. are building a telephone line to Zuni.

**Celebrates Birthday.**

Last night at his residence on North Broadway D. Morelli, an old resident of this city, celebrated his 54th birthday in good old style. The members of the Italian band surprised the old man by meeting at their quarters on Third street and marching up in a body to his residence, where they gave him a good serenade. After playing several selections, the band boys, with the rest of the invited guests, were treated to an elegant supper and many other refreshments. At a late hour they all separated wishing Mr. Morelli may more such birthdays.

**All Re-Elected.**

New York, Jan. 7.—At the annual meeting of the Atchison, Topeka & Santa Fe directors all the outgoing officers were re-elected.

## BUBONIC PLAGUE

**Causing Alarm Around Tucson, Arizona.**

**NEW JERSEY MURDERER HUNG**

**Chinese Government Must Pay War Indemnity on Gold Basis.**

**ATCHISON DIRECTORS ALL RE-ELECTED**

Los Angeles, Jan. 7.—A special \$ from Tucson, Arizona, says: "The \$ spread of bubonic plague toward \$ the United States caused such \$ great alarm in Arizona that at a \$ meeting of prominent physicians \$ today it was decided to appeal to \$ the government authorities for \$ aid, and to secure, if possible, a \$ quarantine against the infected \$ portions. Rumors that the pla- \$ gue is spreading north of Guay- \$ mas have been confirmed and \$ fear is felt at Yuma that the pla- \$ gue may be carried to that city by \$ boats coming up the Colorado \$ river and Gulf of California, from \$ ports on the western coast of \$ Mexico."

**A DENIAL.**

**The California Governor Says No Bubonic Plague Exists in that State.**

San Francisco, Jan. 7.—Governor Gage, in his biennial message to the legislature reiterates his former statements that there never had been any, and there is not now any, bubonic plague in San Francisco. He says the visit of Surgeon General Wyman and his assistant, Dr. O. Glennan, and their examination of health conditions here, will save the state from all further annoyance of threats of improper quarantine and of inaccurate reports growing out of reckless investigations.

**SUFFERED DEATH PENALTY.**

**Youthful Murderer Hanged in Presence of Several Witnesses.**

Camden, N. J., Jan. 7.—In the county jail and in the presence of a half dozen or more witnesses, Paul Woodward, the youthful murderer who has been confined in the jail for the past two months, today paid the death penalty on the gallows.

Woodward's crime was the murder of two lads named John Coffin and Walter Jennings. Woodward, who was 24 years of age, was a close friend of the Jennings boy. Early in November last Jennings and Coffin, who were about ten years of age, and companions, were found dead in the woods near Collingswood. Woodward was arrested on suspicion of knowing something of the death of the boys. During his trial it developed that he was last seen with them and testimony was adduced showing that he had purchased poison. It was shown that robbery was the motive for the crime. Woodward, according to the testimony, induced the two boys to accompany him to the Collingswood woods, where, during a luncheon he administered the poison and robbed the children of what money they possessed. Jennings, it was testified, had stolen \$10 from his father before going to meet Woodward. Woodward was tried on the direct charge of murdering Coffin. He attempted to prove an alibi, but failed.

**TERRORIZING CHINA.**

**Foreign Ministers, Except Minister Conger, Must Have Gold.**

Peking, Jan. 7.—At a meeting today all the foreign ministers, except Minister Conger, of the United States, signed a joint note informing the Chinese government that a failure to fulfill its obligations in refusing to pay the war indemnity on a gold basis, as provided for in the peace protocol, may result in grave consequences.

**Republicans of Precinct 12.**

On Friday night, January 9, at 7:30 o'clock the republicans of the above precinct will meet at the city building for the purpose of nominating candidates for justice of the peace and constable of said precinct. Let all republicans attend. Election will be held on Monday, January 12.

## New Mexico demands Statehood from the Fifty-Seventh Congress.

At the mints of the United States last year the gold coinage amounted to \$47,109,852 and the silver coinage to \$29,928,167.

If nations can collect debts from weaker people by bombarding cities, why cannot individuals do likewise in the collecting of debts?

The enterprising town of Tucumcari is promoting a plan to have a new county seat, with a slice of Chaves county and a slice of Guadalupe tributary.

Fourteen concerns manufacturing carriage materials in Ohio, Indiana and Tennessee, and controlling ninety per cent of the entire product of the country, have just organized a trust with a capital of \$3,000,000.

The St. Louis Globe-Democrat claims that that city is the gateway of New Mexico and Arizona, and yet that paper opposes the advancement and prosperity of these territories by objecting to their admission as states.

Senator Quay has never been beaten, and he enjoys leading a forlorn hope. If the statehood bill is beaten, it will be at the expense of all other legislation this session. Senator Quay has declared: "We'll pass the statehood bill within the next thirty days or force an extra session."

It develops that Senator Nelson is not a Swede, but a Norwegian, hence The Citizen owes an apology to the whole Swedish nation for its assertion that Nelson is a Swede. The Swedish people are the smartest in Europe and if Nelson was of that nationality he would not oppose statehood for New Mexico and Arizona.

At the El Paso mid-winter carnival will be a good time to advertise the great New Mexico annual fair. The fair association should prepare a neat badge which should be worn at the carnival by all New Mexico visitors. Such a badge would secure many courtesies for the wearer at the El Paso merry-making.

Labor Commissioner Carroll D. Wright announces that wages in the United States are now at a higher level than ever before in the history of the country—higher even than before in the history of the country—higher even than in the exceptional year of 1892. The best of it is that there is nothing on the horizon to indicate that they will not maintain their present level for a year or more to come.

**TERRITORIAL MATRIMONY.**  
The El Paso News has the following paragraphs on the proposed merging of the territories of New Mexico and Arizona into one state:

"New Mexico seems not to be displeased with the proposition to silence the knockers against statehood by a compromise act merging Arizona with the more populous territory and fixing the capital at Santa Fe for ten years. "The provision would be equivalent

to saying the capital shall never be far away, if any move be made; although in time the Arizona people might join for removal to a more central and accessible point, Albuquerque for instance.

"New Mexico would doubtless be able to control in the selection of public officers, in most cases, although Arizona would claim one senator and one of the three representatives in the lower house.

"With parties as evenly divided as they now are in each territory, the sectional claim would hold good. But if one party should become able, in New Mexico, to ignore the Arizona end, then Arizonans would receive just about as much of a share in a division of state officers as does the country west of the Pecos, in Texas.

"It is all very natural for New Mexico to view without alarm the absorption of Arizona. The people of New Mexico can have little cause to object, although such an arrangement would upset the plans of more than one citizen to reserve a seat in the United States senate.

"The Arizona newspapers will doubtless protest against the merger, thus showing the feeling of the people and the politicians.

"The inconvenience of having the seat of government a thousand miles away from some of the citizens will be pointed out. The objection to a state with a large area is more or less serious, according to what the people are used to in this respect.

"In each territory are counties far removed from a capital. Officials, attorneys and politicians must make a long journey to reach a seat of government. Other people rarely need to go, although it might be better to have a legislature and public officials more in the public eye than is possible now in either territory.

"Arizona may echo the flings of the Indiana senator, the race objections to New Mexico having extended powers of government.

"With some degree of logic Arizona may ask how, if the New Mexicans are not fit to govern themselves, they could rightly govern other people?

"Certainly a locality far from a capital, or far removed from the masses of population in a big state is largely ignored by the majority, is too rarely visited by numbers of citizens and is generally left out of calculations in the distribution of government benefits.

"Loyal west Texas knows how it is to be regarded as an annex and to have people of portions of the state where conditions are entirely different from those in this region, secure legislation that they need, and lend no help to any the west wishes—an irrigation law for instance; also mineral land and mining laws.

"However, New Mexico and Arizona are as one in their physical conditions and together do not comprise an area

## SMALL MONEY.

## What a Quarter Did.

The person who uses the brain and nerves actively needs food to rebuild them and replace the waste, and should not rest on stimulants. Coffee excites these organs so they cannot get the necessary rest and nourishment and steadily tears them down, then other disorders follow.

"I am under a constant nervous strain as I have fifty-two girls under my care," writes a school teacher from Knoxville, Tenn.

"I suffered terribly with indigestion and nervousness in its worst form, and paid out hundreds of dollars in doctors' bills. Many of my friends advised me to quit coffee and use your Postum Food Coffee, and I tasted it once and it was something horrible. Some time later I met a friend who wished me to try a cup of Postum and her manner was so convincing that I finally tasted the Postum to please her. Great was my astonishment to find it so different from what I had drunk before and I immediately asked how the difference in taste was brought about and discovered it was simply that the first I had was only boiled a minute or two, whereas fifteen minutes boiling brings out the delicious flavor and food value, so I determined to use Postum in the future, following the directions carefully, and have done so ever since.

"My indigestion has entirely left me, my nervousness gone, and I now feel bright and well after the most tiresome day in the school room. A little 25-cent package of Postum did me more good than the hundreds of dollars I paid for doctors and medicines." Name given by Postum Co., Battle Creek, Mich.

as great as that of all Texas, whose people are used to magnificent distances and to getting along without laws and favors to suit all alike.

"If political prejudices are to put Arizona and New Mexico under the same government blanket, the people may as well get ready to be warm in friendship, if the politicians will let them, and acclaim the glories of a land that will be 'bigger and better than ever,' ranking second in size to the Lone Star, that will never have one of its scintillating points lopped off if the people have their say forever and for aye."

Dr. George T. Gould, for many years connected with the newspapers of New Mexico and El Paso, has assumed editorial charge of the Las Vegas Record, vice A. N. Brown, resigned. Joe Joquel has charge of the advertising, job and circulation departments of the Record.

## Unconscious From Croup.

During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures coughs, colds, lagrippe, and all throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. J. H. O'Reilly & Co. and B. H. Briggs & Co.

## Mrs. Willett Dead.

Mrs. Willett, wife of Rev. J. O. Willett, of Raton, died on New Years day, and was buried on Monday. She was for several years a sufferer from consumption, and she was brought to Raton about a year ago, but she came too late for the climate to benefit her. The funeral services were held from the Baptist church. Besides her husband, the children survive her.

## A Scientific Discovery.

Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. J. H. O'Reilly & Co. and B. H. Briggs & Co.

## Machinery in Place.

The well drilling machinery of the New Mexico Oil and Gas company has been transferred from the car to the McKown ranch near Raton and the actual work of drilling will be commenced at an early day. The machinery includes a thirty-horse power boiler, a twenty-five-horse power engine, 2,500 feet of cable and heavy timbers of the derrick.

They cure constipation, biliousness, sick headache, torpid liver, jaundice, malaria and all other liver troubles. J. H. O'Reilly & Co. and B. H. Briggs & Co.

## LEADING STARS.

Ten Best Players in National League, According to Nick Young's Figures.

The official averages of National league players who participated in fifteen or more games during the summer of 1902, as compiled by Secretary N. E. Young, were made public yesterday. They show that the leading ten players were W. J. Wagner, of Pittsburgh, leading; Clarke, Beaumont and Leach, Pittsburgh; Crawford, Cincinnati; Tenney, Boston; R. Thomas, Philadelphia; Keeler, Sheppard, Brooklyn; Beckley, Cincinnati.

The ten leaders in sacrifice hits were as follows: Tenney, of Boston, leading with 29; Dobbs, Cincinnati and Chicago; Demontreville, Boston; Keeler, Brooklyn; Dexter, Chicago and Boston; Flood, Brooklyn; Dunn, New York; Ritchey, Pittsburgh; Tinker, Chicago; Smoot, St. Louis.

The ten players who led in stolen bases were: J. Wagner, Pittsburgh, 43; Slagle, Chicago; P. Donovan, Barclay, St. Louis; Clarke, Pittsburgh; Carney, Boston; G. Smith, New York; Beaumont, Pittsburgh; Lush, Boston; Dexter, Chicago and Boston.

The batting averages of the leaders follow:

Name—Team	Av.
Beaumont, Pittsburgh	.357
Seymour, Cincinnati	.349
Keeler, Brooklyn	.342
Sebring, Pittsburgh	.338
Crawford, Cincinnati	.333
Phillips, Cincinnati	.333
Beckley, Cincinnati	.331
Wagner, J., Pittsburgh	.329
Kelley, Cincinnati	.327

Slagle, Chicago	.313
Smoot, St. Louis	.312
Jones, Chicago	.310

There was a cry in the streets. People rushed from their doors and strained their eyes on the struggling balloonist fighting for life. Even the poor, panting sufferer in the sick room was forgotten while the family gazed breathless at this strange tragedy of the air. Then they went back to the sick room to tell of the terrible struggle for life they had just witnessed. It did not occur to them that under their very eyes a more terrible, more pathetic struggle was going on daily.

There can be nothing more pitiful than the struggle the consumptive makes against disease. The greatest help in this struggle is gained by the use of Dr. Pierce's Golden Medical Discovery. It cures obstinate coughs, weak and bleeding lungs, emaciation, and other ailments which if neglected or unsuitably treated find a fatal termination in consumption.

"In 1896 one of my daughters was suffering on account of a severe cough, hectic fever, wasting of flesh and other symptoms of diseased lungs," writes Rev. Joseph H. Esperman, of Barren Springs, Fredell Co., N. C. "I promptly gave her Dr. R. V. Pierce's Golden Medical Discovery with gratifying success, and she now enjoys excellent health. This being true, I hereby heartily endorse your medicine."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

## Another Divorce.

Mrs. Margaret Covington brought suit against her husband, Benjamin H. Covington, of Colfax county, to have the bonds of matrimony, which bind her to the defendant, set aside on the grounds that he has lost all the love and affection which he bore for her and has become jealous and petulant in his manner toward her, which causes her many hours of grief. She claims that their troubles have become so serious that the situation has become intolerable to her, as she has always been a faithful, kind and loving wife. The couple have no children and no property.

## Railroad Topics

Superintendent J. F. McNally, of the Rio Grande division, was up from San Marcial yesterday.

J. C. Rose, of El Paso, general agent of the Atchison, Topeka & Santa Fe railway, at that point, is in Santa Fe.

Henry Baca, who is employed in the store of the Santa Fe Central railway at Torrance, is spending a few days with relatives in Santa Fe.

Harry Alexander, so the New Mexican is informed, has resigned as general manager of the Santa Fe Central railway, and left for El Paso.

The boys of the B. of R. T. have issued invitations announcing a grand ball at Colombo hall, January 19. It will be a very enjoyable affair.

The first through train from Tucumcari to Dawson passed over the road Sunday. It was a mixed train and largely loaded with native laborers.

E. E. Chrysler, round house foreman at Las Vegas for many months past, has been transferred to Raton, where he will assume the same position in the shops there.

The fire fighting department of the Santa Fe, maintained at all important points where much company property is located, is just now being improved all along the line.

The last rail has been laid on the Dawson branch of the Rock Island system and it is expected that traffic over the entire line will be inaugurated within a few days.

Harry Demarets, who formerly ran an engine out of Needles, Cal., on the Santa Fe Pacific, arrived in Las Vegas a few days ago and has accepted a position as engineer out of that city.

G. R. Joughins, superintendent of machinery on the Santa Fe coast lines, is here from San Bernardino presumably to look after matters in connection with installment of the new foremen of the local shops.

The largest engine in the world, or the Santa Fe's white elephant, the 987, was sent out east for the first time in five weeks, it having been laid up at the Las Vegas shops awaiting the arrival of a new crosshead.

George E. Roe, division passenger and freight agent for the Santa Fe, with headquarters at El Paso, passed through the city this morning en route to Santa Fe and Las Vegas. He expects to return to Albuquerque about Saturday.

Fireman Bunnell, who fell off of an engine while taking water at a station above Las Vegas and injured his hands severely, will be laid up for some time it is said, as it has been found necessary to place his hands in a plaster cast.

G. W. Patterson, night operator at the Western Union telegraph office, Las Vegas, is afflicted with partial paralysis of the throat and his position is being filled by W. E. Atchison. Manager Brooks has been on duty both day and night, filling the delinquency.

There was a wreck on the Rock Island system at Santa Rosa on Saturday, which completely demolished one engine and partly wrecked another. The passenger train ran into an open switch on which was standing a smaller engine. No one was injured, but several hours were required to clear the track.

Here is the verdict returned in a recent suit against a railroad in Pennsylvania: "If the train had been run as it should have been run, if the bell had been rung as it should have been rung, if the whistle had been blown as it should have been blown—both of which they did neither—the cow would not have been injured when he was killed."

J. L. Ward, telegraph operator for the Santa Fe Pacific at Winona, Arizona, accidentally shot himself through both legs Wednesday night. He was lying on the bed playing with a 45-caliber revolver when it was discharged, the ball going through both legs above the knees. The wounds are not serious. Mr. Ward was taken to Flagstaff and is at the home of G. W. Pattee.

Rev. Carlisle P. B. Martin, L. L. D., Waverly, Texas, writes: "Of a morning when first rising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons, needing a medicine for throat or lung troubles." Price 25c, 50c, \$1.00 a bottle at Cosmopolitan Pharmacy—B. Ruppe.

### CHANGED HIS MIND.

Relatives Not Satisfied With Santa Fe's Offer of Settlement.

Patrick Ford, a section foreman on the Rock Island, was lately killed by a train at Wathena, and the Atchison Globe says that Thomas Flannigan, a brother-in-law of Ford, advised the widow not to bring suit but to trust the company to do what was right. The fact was widely commented on at the time by the papers as an evidence of

good sense. Flannigan is at Atchison, and says that when he went to Topeka, representing Mrs. Ford, he was offered \$250 by the claim agent. He is disgusted, and when seen by a reporter was on his way to see a lawyer about bringing suit.

For a cheerful smoke after lunch get one of Kirster Bros.' Havana fillers.

### ENGINE NO. 1.

'Frisco Digs Up Ancient History for World's Fair.

The 'Frisco has sent to the shops at Springfield an old wood-burning engine, one of the first it owned, to have it cleaned up and made presentable. It will be sent to the world's fair at St. Louis as a part of the 'Frisco's exhibit there.

It is a small looking piece of machinery compared with the locomotives of today and is badly battered and rusted. The cowcatcher is gone and much of the cab machinery is lost. Its general appearance would suggest that it was bound for the scrap pile.

It stands on a flat car in the north side yards near Springfield avenue, engine, tender and all being on a 34-foot flat car. It is a curious sight, and all in all is worth a visit from anyone.

It is said to have been engine No. 1 of the 'Frisco system, which would make it about twenty-five years old, and close inspection more than confirms that belief.

Take the burn out; heals the wound; cures the pain. D. Thomas' Electric Oil, the household remedy.

### CONTRACT HAS EXPIRED.

Santa Fe Will Haul No More Coal for Rock Island.

The contract of the Rock Island with the Santa Fe for the hauling of coal expired on Monday, and the connection of the two parts of the Dawson road was that day made and shipments of coal from Dawson to El Paso will be over that road instead of through Las Vegas as has been the case since the opening of the Dawson mines.

The Dawson road has a well at Roy's station which yields 15,000 gallons daily; but the road at that point requires a daily supply of 30,000 gallons. Whether there will be an attempt to develop the present well by deeper boring or whether a new well will be sunk, has not been announced.

### The Secret of Long Life.

Consists in keeping all the main organs of the body in healthy, regular action, and in quickly destroying deadly disease germs. Electric Bitters regulate stomach, liver and kidneys, purify the blood, and give a splendid appetite. They work wonders in curing kidney troubles, female complaints, nervous diseases, constipation, dyspepsia and malaria. Vigorous health and strength always follow their use. Only 50c, guaranteed by all druggists.

### NO WICK IN LAMP.

Possible Cause of the Recent Disastrous Santa Fe Wreck.

A San Bernardino, Cal., dispatch says: A reporter yesterday held conversation with a man who had talked with the conductor of No. 7, shortly after the collision at Siam, Cal., and the latter says: "The conductor stated that immediately after the concussion he went back to examine the switch and found, to his surprise, that it contained no wick. Naturally, inquiry was made of the section men in the neighborhood, from whom it was learned that not over four hours previous to that time the light had been burning. Though no explanation has yet been found, which will definitely decide the matter, it is believed that the signal lamp had been tampered with by Mexicans, who had been seen along the track that day."

### Finds Way To Live Long.

The startling announcement of a discovery that will surely lengthen life is made by editor O. H. Downey, of Churubusco, Ind., "I wish to state," he writes, "that Dr. King's New Discovery for consumption is the most infallible remedy that I have ever known for coughs, colds and grip. It is invaluable to people with weak lungs. Having this wonderful medicine no one need dread pneumonia or consumption. It's relief is instant and cure certain." All druggists guarantee every 50c and \$1.00 bottle, and give trial bottles free.

### Wells' New Car.

Saturday morning there was an atmosphere of intense excitement in the Santa Fe paint shop and if anyone had happened to ask one of the workmen what it was all about he would have been answered as follows: "No. 223 is going out this afternoon and we've got to hustle in order to put the finishing touches on." No. 223 is a very fine special car that has been in the Santa Fe shops for A. G. Wells, general manager of the Santa Fe coast lines. Work on the car was started in the coach shop about five months ago. About a month ago the men in the coach shop turned it over to the paint shop force

and they have been working on it ever since. The car certainly does credit to the men in both shops. In fact, it might be said that the Pullman company could not have turned out a better car. No. 223 is entirely new, with the exception of the framework, which was taken from an old dining car, No. 1408.—Topeka State Journal.

### UNNA DEFINES A CAUSE.

European Skin Specialist Says Dandruff is Caused by Parasites.

Upon the theory, proved beyond a doubt, a cure for dandruff was sought after. Scientists, chemists, druggists and physicians all "took a hand" and the successful issue is the present product known as Newbro's Herpicide.

This remedy actually kills the parasites that infest the hair bulb, does its work most effectively and contains not an atom of substance injurious to anything else than the germ alone. Herpicide causes the hair to grow as nature intended it should, soft and abundant.

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents."

### Territorial Land Board.

The regular monthly meeting of the territorial land board took place Monday. Quite a number of applications for the purchase of territorial timber tracts, situated in the Manzano mountains, were received and acted upon.

### If Unwell.

Try a 50c bottle of Herbine, notice the improvement speedily effected in your appetite, energy, strength and vigor. Watch how it brightens the spirit, gives freedom from indigestion and debility.

Isaac Story, Ava, Mo., writes: Sept. 10th, 1900. "I was in bad health. I had stomach trouble for twelve months, also dumb chills. Dr. J. W. Mory prescribed Herbine, it cured me in two weeks. I cannot recommend it too highly, it will do all you claim for it." Sold by Cosmopolitan Pharmacy—B. Ruppe.

### Homestead Entry Contest.

In the land office at Santa Fe yesterday the contest of Poncion Tafaya against Alejandro Mora was being heard. The contest involves homestead entry No. 5252 for the west half of the northwest quarter of section 29, and the east half of the northeast quarter of section 30, township 13 north, range 9 east, and situated about five miles southwest of Galisteo in Santa Fe county.

## GALLUP GLEANINGS.

Several Pleasant New Year Socials—

## INTERESTING PERSONAL NOTES.

## Special Correspondence.

Gallup, N. M., Jan. 5.—The mid-winter holidays are now a thing of the past for this season, and the irrepressible "young set" are planning a jollification for Burns' anniversary, and are canvassing ways and means for celebrating the 14th and 22nd of February. Young America has no more hopeful, happy representatives on the face of the globe than the boys and girls of New Mexico and particularly those of Gallup. With "Christmas doings" at the churches, Christmas dinners at the homes and the Christmas dance at the hall, our citizens were kept pretty busy on the 25th of December.

New Year's eve was the date of the Colton-Lannigan ball, for which invitations were issued some two weeks in advance. The young gentlemen, Charley and Leo, who gave the ball in honor of Miss Barbara Colton, who was home from Los Angeles for the vacation, have proven themselves quite capable of entertaining any number of guests. In addition to the twenty or more couple of young people the boys kindly remembered some of their older friends, Messrs. Ketner, Hart, Goodrich and Risdon, and their wives being present, as, of course, were Mr. and Mrs. C. N. Colton and Mr. and Mrs. R. B. Lannigan. At 11 o'clock a dainty lunch was spread, and at 12 o'clock promptly, Charley Colton announced the fact by wishing the guests a "Happy New Year." This will long be remembered as one of the most pleasant social functions of the season.

Between the hours of 2 and 5, on New Year's afternoon, Mrs. Palmer Kuhn's reception was held. The parlors were beautifully decorated, the dining room artificially lighted and the luncheon dainty, yet abundant, and those in attendance were entertained by music and song. Mrs. Kuhn understands the art of making her "at home" most enjoyable to her guests. C. N. Colton, son-in-law and son, have consolidated their interests under the firm name of the C. N. Colton company. Charley is rather young as partner in a business of such magnitude, still "Here's success."

It is understood that the Montezuma band is thinking of giving an entertainment in the near future. The boys can give us a first-class evening if they care to exert themselves, and if they undertake a play, no doubt our young ladies would be quite willing to assist.

A. F. Stone is in the employ of Mr. Bretherton, agent of the Clarkville Mining company.

W. H. Morris' new adobe building is progressing rapidly and is to be used when completed as a trading store and warehouse.

The new board of county commissioners are to assume their duties today. W. L. Bretherton, of the former board, remains in office, and W. H. Morris and S. E. Aldrich are the new members. L. L. Henry is the new deputy for Probate Clerk Fred Meyers.

W. A. Maxwell sold his Gallup real estate holdings during a recent visit.

A social dancing club has been organized, and we predict a series of pleasant evenings for those who attend.

The young people who were home for the holiday vacation have all returned to their work or schools.

The city schools are again in session this morning, after a two weeks' vacation. Mr. Larkin, Miss Hawes and Miss Blake attended the educational convention at Las Vegas. The remainder of our teachers celebrated in Gallup.

The Republican has been purchased by a gentleman from Holbrook, so it is said. I wonder if "Billy" is going to be married? I heard so.

A beautiful box of holly and mistletoe was received by the Risdons from Alabama. It was sent by Robert Wyper, who is spending the winter with his parents in the "sunny south."

Miss Barbara Colton has returned to Los Angeles, where she is attending a select school. Barbara is missed by her coterie of girl friends, and, of course, "there are others"—for Topsy is a girl of kind heart and pleasant manners.

F. W. Sisson, of Flagstaff, won three prizes in the Eastman photographic contest. How long can one press the lever or squeeze the bulb and still re-

## Maine Legislature Meets.

Augusta, Me., Jan. 7.—The seventy-first session of the Maine legislature was commenced today. The state does not choose a senator this year and the prospective laws to receive attention are of little interest outside the borders of the commonwealth.

## New York Legislature.

Albany, Jan. 7.—The New York state legislature assembled in annual session today. The organization of both houses was completed according to the plans of the party leaders and the message of Governor Odell was read. The message dealt at length with the canal question, the police system of New York city, taxation and other matters of pressing importance.

## GOVERNOR'S REPORT.

Copies of His Report, Showing Conditions of Territory, Received.

## SCHOOL BONDS FILED.

Five hundred copies of the report of Governor Otero to the secretary of the interior, showing the conditions of the territory for the year ending June 30, 1902, have been received at the executive office in Santa Fe, and The Citizen also acknowledges a copy. The volume is a splendid epitome of the conditions and resources of the territory, contains 638 pages and several valuable maps. Five hundred copies of the report have been ordered by the bureau of immigration for distribution throughout the territory, and to applicants from the states. These have not yet been received by the bureau.

## Bonds Being Filed.

Col. J. Francisco Chavez, territorial superintendent of public instruction, is receiving the bonds given by county treasurers as custodians of the school funds. The law requires that each shall give a bond in a sum which shall be fixed by the superintendent of public instruction at double the probable amount of moneys they will handle but no bond shall be for less than \$10,000. Two bonds have been returned by Colonel Chavez because they were for less than the minimum amount permitted by law.

The bonds covering school funds that have been approved and placed on file are: George W. Knaebel, Santa Fe county, \$30,000; sureties, Samuel Eldred, Fred Muller and Thomas B. Caffron.

Perfecto Esquilbel, Rio Arriba county, \$10,000; sureties, T. D. Burns and S. Martinez.

I. N. Jackson, Otero county, \$15,000; sureties, R. H. Pierce and Perry Kerney.

E. W. Hurlbert, Lincoln county, \$10,000; sureties, R. Michellis and J. Jaffa.

John D. Walker, Eddy county, \$20,000; sureties, J. R. Joyce, D. H. Lucas, L. S. Crawford, C. W. Cowden, J. T. Joyce and F. G. Tracy.

Walter Guiney, Luna county, \$12,000; sureties, Louis H. Brown and John Corbett.

J. C. Plimmons, Sierra county, \$12,000; sureties, T. T. Lee, T. J. Ross, C. C. Cruces and Thomas Murphy.

John W. Fleming, Grant county, \$40,000; sureties, Frank P. Jones, John S. Burnside, Stefan Uhl, C. Reihis, A. G. Goodell, Robert Bulware and B. Rosenfeld.

Solomon Luna, Valencia county, \$20,000; sureties, John Becker and Frank A. Hubbell.

## DELEGATES ARE KICKING.

Messrs. Rodey and Smith Don't Like  
New Mexico and Arizona Combine.

## FEARS OF A LONG DELAY.

A special dispatch to the St. Louis Globe-Democrat from Washington, dated January 3, on the statehood matter, says:

Delegates Smith, of Arizona, and Rodey, of New Mexico, ridicule the report received today from New Mexico to the effect that the citizens of the two territories would be willing to accept statehood by a union of the territories.

Mr. Rodey insists that the people of New Mexico do not want such a combination.

Mr. Smith declares that there are not five citizens of Arizona who would vote to ratify a constitution providing for such a combination.

"The New Mexico proposition," said Delegate Smith, "is simply another effort to kill the omnibus bill. It is on a par and of the same piece as the Beveridge substitute. The bill in that form, if passed by the senate, would be killed in the house. If it were adopted by both branches and signed by the president the people of Arizona and New Mexico would repudiate it at the polls. The mileage of state officials, under such a consolidation, would amount to more than the entire expense of a state administration for either of the territories."

"The advocates of statehood have a majority in the senate and we would like to see a vote. We are accused of obstructing legislation. The charge is untrue. It is the other side that is obstructing legislation. The friends of statehood are ready for a vote without any further discussion. I am not authorized to make this statement, but I have been reliably informed that Senator Quay is determined to press the statehood bill to a vote, even if it is necessary to prevent consideration of appropriation bills until the statehood matter is disposed of in one form or another."

Mr. Smith states that the friends of statehood have a majority in the senate and he does not believe that the opposition will be able to break into the ranks of the supporters of the bill. "In that estimate," said Mr. Smith, "I am making allowances for a couple of weak-kneed democrats who will probably vote against us."

The delegates from the three territories feel that if their bill is not passed at the present session statehood will be delayed for at least ten years. "If the bill is not passed at this session," said Mr. Smith, "it is certain to be sidetracked until after the presidential election. If that should be close there is no telling when statehood legislation would be considered again. As a democrat, I have no hesitancy in saying that Mr. Roosevelt would carry Oklahoma and New Mexico without a question, and I am not certain but that he would carry Arizona. There is no other living republican who could carry the state under existing conditions."

Senators Foraker, Elkins, Bailey, Patterson and Teller will speak in support of the omnibus bill.

## THE MISSOURI MUDDLE.

Much Interest Being Taken in the  
Contest for the Senatorship.

Jefferson City, Mo., Jan. 7.—With the assembling of the state legislature today the contest for United States senator to succeed Senator Vest is on in full force. The political lieutenants of William J. Stone declare they have enough votes pledged to nominate the ex-governor on the first ballot, but the opposing faction assert with equal vigor that the Stoneites have made a serious error in their counting of noses and that when the balloting is begun it will be found that there are other entries, and strong ones, too, in the race for the toga. With several congressmen and others of more or less strength and popularity in the democratic ranks known to be receptive if not active candidates it is believed that Stone must win quickly if he is to win at all, for his position is not one of such strength as to stand a long siege.

## SAN JUAN COUNTY.

## Farmington.

From the Times.

George H. Browne left for a trip to Gallup and Albuquerque on company business.

Sunday here was the worst day of the winter so far. It was quite cold and a heavy wind blew all day.

Last week Harley Knight came in contact with the business end of a mule and since then his locomotion when observed across the street looks as though he were starting off on skates with one foot while the other was going upstairs.

Charley Holly came down from Bloomfield and spent the night in town. He was on his way to Fruitland to do some surveying on the Fruitland irrigating canal. After he has finished there, which will be at the latter part of the week, he will begin the survey of the Independent ditch.

New county officers that went in were: Joe Prewitt, clerk, vice I. C. Grove; W. G. Black, treasurer, vice Joe Prewitt; J. E. Elmer, sheriff, vice John W. Brown; C. F. Holly, surveyor, M. Garcia, probate judge, vice Juan B. Valdez; Boone C. Vaughn, assessor, vice D. J. Donovan; J. R. Williams, commissioner, vice S. E. Knott; J. E. McCarty and Dr. McEwen retaining their respective offices.

## From the Hustler.

Mrs. Minor McCracken and Mrs. D. K. B. Sellers were victims of tonsillitis last week.

Work on the new city hall has been suspended for a few days, owing to the cold weather.

Mrs. William Locke has been confined to her bed for several days past, with a threatened attack of pneumonia but is now better.

A breakdown in the electric light plant has returned the town to lamp light for a few nights, or until repairs can be made.

Contractor Tice is kept busy. He is now engaged in putting the finishing touches on Mrs. Benning's new house.

Joe Wilkin came in from Little Water, and says there is more moisture on the reservation than has been for the past ten years. The Navajos will be in clover this year.

Samuel Rugh, the hustling real estate agent, has sold the E. B. Bond ranch across the Animas, to Larkin Beck. Although Mr. Beck is now visiting at his old home in Oklahoma, the sale was consummated by letter.

William A. Carson and Mrs. J. C. Carson, his brother's wife, departed for Boulder, Colo., where Mrs. Carson goes to seek renewed health in a celebrated sanitarium. Mr. Carson will return in about ten days.

The First National bank of Farmington has just purchased an additional \$15,000 worth of United States government bonds, to secure that amount of additional bank notes of their circulation, which they have just had printed by the treasury department at Washington. The full amount of their capital stock of \$25,000 is now backed up by government bonds, the purpose of the directors being to make this bank the strongest possible.

## Aztec.

Mrs. Mert Stewart, of Flora Vista is quite ill.

Viola Sweeney, who had the misfortune to break her arm some ten days ago, was able to re-enter school this week.

Alfalfa seed at \$14 to \$16 per hundred and not a pound to sell, is keeping our farmers poor.

Business at the court house during December indicates that San Juan county is growing fast.

Now is the best time of the year to clear off sage brush and prepare for more alfalfa and corn next year.

D. E. Labato has gone to Durango to make purchases for his Canon store. Mr. Labato reports a good business in his new store.

Aztec, Farmington, Fruitland and San Juan county have grown more in 1902 than in any previous year and they will grow more in 1903 than ever before.

Ellis Ferguson, who has spent several years in southern New Mexico and Texas, has arrived home on a visit to his mother and other relatives.

Mrs. James Deaton, whose husband died on the San Juan in October, left with her children for Utah, where they will spend some time with her parents.

Show is reported deep in the La Plata mountains. This early snow means big crops in the La Plata valley and no spot of God's vineyard grows bigger crops.

Mrs. Clara E. Wallis, of Farmington, was in town attending to land office business. She tells us her father and mother, Mr. and Mrs. Orange P. Ups, are now at Pueblo Bonita, where her father is building a tannery.

S. D. Hildebrand, who has just arrived with his family from South Dakota, was in town with his brother, J. R. Hildebrand, of Farmington. Mr. Hildebrand says he and his family are well pleased and expect to locate in the county. J. R. Hildebrand tells us

## Eczema, Psoriasis, Salt Rheum, Tetters and Acne

Belong to that class of inflammatory and disfiguring skin eruptions that cause more genuine bodily discomfort and worry than all other known diseases. The impurities or sediments which collect in the system because of poor digestion, inactive kidneys and other organs of elimination are taken up by the blood, saturating the system with acid poisons and fluids that ooze out through the glands and pores of the skin, producing an indescribable itching and burning, and the yellow, watery discharge forms into crusts and sores or little brown and white scabs that drop off, leaving the skin tender and raw. The effect of the poison may cause the skin to crack and bleed, or give it a scaly, fishy appearance; again the eruptions may consist of innumerable blackheads and pimples or hard, red bumps upon the face. Purification of the blood is the only remedy for these vicious skin diseases. Washes and powders can only hide for a time the glaring blemishes. S. S. S. eradicates all poisonous accumulations, antitoxins the urine and other acids, and restores the blood to its wonted purity, and stimulates and revitalizes the sluggish organs, and the impurities pass off through the natural channels and relieve the skin. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no Arsenic, Potash or other harmful mineral.

Write us about your case and our physicians will advise without charge. We have a handsomely illustrated book on skin diseases, which will be sent free to all who wish it. **THE SWIFT SPECIFIC CO., Atlanta, Ga.**

he has bought the W. B. Bond ranch, near Farmington, for Larkin Beck, who, with his family, is now in Kansas on a visit.

Tobacco growing promises to be a great industry in New Mexico and from a few specimen plants we have seen grown we would say San Juan, as in the production of other crops, will be the banner county of the territory in the production of the weed.

R. H. Gillespie was arrested by Constable Baker on a warrant sworn out before Judge Berry, charging the unlawful taking from Gregorio Labato, a son of D. E. Labato, a note given by Gillespie to D. E. Labato. The trial will come up Saturday.

Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

W. L. Brackett & Co., the new blacksmiths on Copper avenue, between Second and Third streets, have received a new rubber tiring machine and guarantee their work. They do horseshoeing as a specialty.

Have your house well ventilated by using a Peninsular base burner.—Whitney Company.

## Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder. If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

## Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

Agent Hazlett now has in his possession \$10,000 which he will use for the benefit of the Navajos in making reservoirs and irrigating ditches.

Peter Kramer, of this office, thought he wasn't having as much vacation as the balance of the boys, so he sprained his ankle and laid off.

M. Picard, who is employed at the briquette plant, has been off duty for a few days on account of running a nail through his foot. He rather enjoys it as he wanted to lay off during the holidays anyway.

Marshal Winders had an old shack on the corner of Coal avenue and Second street cleaned out on Tuesday. Under a lot of rubbish he found seven full boxes of thirty calibre cartridges, such as are used by the government. The owner can have them by proving property.

Mr. and Mrs. E. M. Sanjule entertained a few of their friends at an elegant dinner given on New Year's eve. After the dinner the evening was pleasantly passed with cards and music, until the new year was ushered in by the blowing of steam whistles and the explosion of fireworks.

W. A. Maxwell sold his building on Railroad avenue, which was formerly occupied as a drug store, and the three vacant lots back of it fronting on Coal avenue, to Joseph Kuhn. Consideration private. Mr. Maxwell also sold to Mrs. Marie Raillard the brick dwelling occupied by her. Consideration private.

### Simple Colds.

Cease to be simple, if at all prolonged. The safest way is to put them aside at the very beginning. Ballard's Horehound Syrup stops a cold and removes the cause of colds. 25c, 50c, \$1.00 a bottle at Cosmopolitan Pharmacy—B. Ruppe.

### LAS VEGAS.

### CHAS. POITREY KILLED.

Caught by a Passenger Train and Run Over.

ACCIDENT LAST NIGHT.

Charles Poitrey, a wealthy resident of Trinidad, Colo., who met with a painful and serious accident last night at the depot by falling under the wheels of a passenger train, had his right arm amputated just above the elbow at the St. Joseph's hospital this morning.

Mr. Poitrey was a passenger on passenger train No. 7, and in attempting to dismount from the train, while still in motion, he stumbled and fell beneath the wheels. The right arm was run over and crushed badly. And at the time of the accident it was thought several internal injuries had been received, but upon careful investigation it is believed that there are no fatal internal injuries.

Mr. Poitrey was taken to the St. Joseph hospital. He was unconscious most of the time and suffered the greatest agony when consciousness was regained.

Dr. Elder stated this morning that they had been unable to find any indications of internal injuries. However, the fall and injuries received were quite a shock to the aged man's nervous system. But the doctors have reason to believe Mr. Poitrey will recover from his injuries.

The unfortunate man is well known in Albuquerque. He owns considerable property on North Fourth street, and many vacant lots around town. His wife was telegraphed at Trinidad last night. It is sincerely hoped by his many friends in this city that he will recover from his injuries so as to be able to be around. The accident cost him an arm, but it came near being his death.

He is Dead.

The injuries received by Poitrey resulted fatal, his death occurring at 1:30 this afternoon. The nature of the injury and the shock was too much for the aged man, who was about 70 years old. A. Borders took charge of the remains and will prepare them for interment. His wife was telegraphed at Trinidad, and will reach here this evening.

### INSTALLATION EXERCISES.

Maccabees and Odd Fellows Entertained Last Night.

From 2 o'clock yesterday afternoon until late last night Odd Fellows' hall, on South Second street, was a scene of much doings.

The Ladies of the Maccabees met in the afternoon and celebrated the event of their annual installation of officers. Mrs. Minnie Miller, the estimable past lady commander and retiring officer, as commander, was honored by being presented with a handsome cut glass dish, as a token of appreciation for work done during her term of service.

A most delicious repast followed the installation of the following new officers:

Past lady commander, Mrs. Minnie Miller; lady commander, Mrs. Sadie McMillon; lieutenant commander, Mrs. Anna Fenner; recorder, Mrs. Manie Carroll; finance keeper, Mrs. Margaret Bigelow; chaplain, Mrs. Eliza Drury; sergeant at arms, Mrs. Lucy Rummel; mistress at arms, Mrs. Minnie Corson; sentinel, Mrs. Flora Griffith.

In the evening the Odd Fellows congregated at the hall in goodly numbers and a most pleasant session was held. After the work of installation, those present partook of a most inviting repast. The new officers are: Noble grand, H. E. Fox; vice grand, F. H. Strong; secretary, O. S. Pillsbury; treasurer, H. Brockmeier.

Sheriff T. S. Hubbell has returned from an official trip to Santa Fe.

Miss Mabel Fox is at home suffering from a severe cold.

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Giant block. Both phones.

Mrs. B. Frank Fillmore's dancing class will meet at Odd Fellows' hall Thursday night promptly at 8 o'clock.
