NUMBER 345

RECESS ENDED

Congress Convened for the Short Session.

THE CUBAN RECIPROCITY TREATY

United States Supreme Court Decision on Sugar Tariff Case.

SAXONY ROYAL DIVORCE SUIT

Washington, Jan. 5.—At noon the house re-convened after a holiday recess of fifteen days. Many members had not yet returned from their homes and there were not over 100 members on the floor when Speaker Henderson called the house to order. DeWitt C. Flanagan, who was elected to succeed the late Representative Salom, appeared at the bar and took the oath.

Mr. Hull, chairman of the committee on military affairs, then asked unanimous consent for the consideration of the bill reported from his committee to create a general staff for the army. Mr. Richardson, of Tennessee, the minority leader, said he did not believe such an important measure should be considered by unanimous consent and he objected. Mr. Hull then moved the passage of the bill under suspension of the rules.

After the bill had been debated for forty minutes and two roll calls, it developed that there was no quorum present, and the house at 2 o'clock adjourned.

The Senate.

Washington, Jan. 5.—As soon as the senate met today, Mr. Hoar, of Massachusetts, gave notice that he would address the senate tomorrow on his anti-trust bill.

A concurrent resolution was adopted providing for the preparation under the direction of the attorney general of a compilation of all laws enacted by the various states relating to trusts or to combinations in restraint of trade and for the regulation and reorganization of corporations.

Tariff on Coal.

Washington, Jan. 5.—Senator Vest today introduced a resolution directing the committee on finance to prepare and report a bill removing the tariff on anthracite coal. He asked for its immediate consideration in the senate, but, on objection, it went over until tomorrow.

Suspending Duties on Coal.

Washington, Jan. 5.—Senator Lodge today introduced a bill suspending for a period of ninety days the duties on coal imported into the United States.

CUBAN RECIPROCITY.

Treaty to Be Considered by Senate Committee This Week.

Washington, Jan. 5.—Senator Cullom, chairman of the committee on foreign relations, had an extended conference with the president today concerning the Cuban reciprocity treaty which is pending before his committee. It is his purpose to have a meeting of the committee on Wednesday to consider the treaty. He hopes to report either the latter part of this week or first of next and as soon as possible afterward, he will move for its consideration by the senate. Cullom believes that while some opposition to the treaty has developed it will be ratified.

SUGAR CASE.

Supreme Court Decides a Russian Sugar Tariff Contention.

Washington, Jan. 5.—In an opinion handed down by Justice Brown today, the United States supreme court decided in the Bohns case, that the money paid by the Russian government on sugar exported is a bounty, and that the collector of customs at New York was justified in levying a countervailing duty on Russian sugar under the terms of the Dingley law.

Money Market.

New York, Jan. 5.—Money on call at 9@10 per cent. Prime mercantile paper 6 per cent. Silver, 49.

Royal Divorce Suit.

Dresden, Saxony, Jan. 5.—The German consul at Geneva has received the

necessary permission to serve a writ on the crown princess, Louise, in connection with the suit for divorce brought against her by the crown prince of Saxony.

The First Lease.

J. H. O'Reilly, district manager for the Washington Life Insurance company, has secured a lease for a handsome suite of three rooms in the new Barnett block, now in course of construction. The rooms secured are on the corner in front and probably the most acceptable office site in the city. The Washington Life office will be moved in just as soon as the new building is finished.

Mr. O'Reilly said today that his office rooms in the Grant block, his present location, were neat and close to the business center, but that he was in need of more room on account of his growing business and it is for that reason that he intends to move to the Barnett building.

This afternoon, Mr. Barnett stated that he had applicants for a number of the rooms on the second floor, Dr. J. H. Wroth having taken a lease on three of the best rooms on the east side of the building. Several applicants have put in claims for the lower floor, but this matter will not be decided for a few days yet.

LUMBER OFFICERS.

Big Officials of American Lumber Company Here Tonight.

Another trip of inspection of the conditions and advisability of location will be made by the American Lumber company.

President C. A. Ward, of Chicago, and the executive committee of the American Lumber company, will arrive tonight from the east to make a final inspection.

Ira B. Bennett, of Detroit; Edgar F. Allen, of Cleveland; Judge H. Sawyer, of Hillsdale, Mich., and D. W. C. Merriam, of Chicago, will accompany Mr. Ward.

Several days will be spent in Albuquerque by the executive board. Many of the business men of the city will be called upon and the matter of locating the mills of the company will be greatly discussed. After all the necessary examinations are made of the conditions, favorable and unfavorable, in Albuquerque, the committee will visit the forest in Valencia and McKinley counties and a careful inspection will be made of that territory.

At the last visit of the committee a decision was made in favor of locating the mills at the forests, but there are good prospects of locating in Albuquerque. If their requests of the business men are reasonable the company may build in this city.

FIRE THIS MORNING.

The Fire Department Called to Put Out a Blaze on the Highlands.

A small storage house at the corner of Lead avenue and Edith street, filled with building paper and tools, made quite a blaze this morning.

The storage house stood in the same lot with the large house owned by B. B. Borden and occupied by Charles F. Whittlesey, the architect, who owned all the burned building material and tools.

Mr. Whittlesey stated that the paper had been placed in the room about a week ago and no one had entered the house since. How the fire originated he did not know. Some of the neighbors noticed the fire first and turned in an alarm. When the fire wagon reached the scene of conflagration, the building and high board fence near by were in flames and the windows and roof of a small brick house in the adjoining lot were smoking and almost ready to burst into flames. Had it been a frame building it would have been a double fire. As it was the window glass was broken and the frames badly burned.

The loss of the building material and tools will probably reach \$250, which is not insured. The building, which also was without insurance, was a cheap frame affair, which will cost very little to be replaced.

Mr. Whittlesey and family were about to vacate the house and leave for California to spend the winter.

St. Louis Wool.

St. Louis, Jan. 5.—Wool—Unchanged; territory and western medium, 17@19c; fine, 13@18c; coarse, 13@17c.

B. S. Simpson, advance agent for the "Krause Tailor" company that will show at Colombo hall January 12 to 18, is in the city.

POISONED LIQUOR

Colorado Springs Couple Drink Drugged Whiskey.

THE SULTAN MAY ABDICATE

Receiver Appointed for a Large Manufacturing Concern in Illinois.

WILL MAINTAIN VENEZUELAN BLOCKADE

Colorado Springs, Colo., Jan. 5.—Mrs. J. E. Bailey, wife of a coachman of George N. Killborne was declared to be out of danger from strychnine poisoning, taken into her system last night by drinking from a whisky bottle from which her husband had drunk. He died in agony at midnight. Mrs. Bailey, since her recovery, tells a story that indicates that some one deliberately poisoned her husband by means of a bottle of whisky given him as a New Year's present. The coroner and police are investigating and state that it is a case of strychnine poisoning. Mrs. Bailey's condition was brought about by her drinking from the same bottle after her husband had been thrown into convulsions in order to see what was in the bottle.

Sultan May Abdicate.

Madrid, Jan. 5.—A special dispatch from Tangier says that the sultan is disposed to abdicate in favor of his brother, Mulai Mohammed, who is acclaimed whenever he appears in the streets of Fez.

RECEIVER APPOINTED.

Large Manufacturing Plant in Illinois in Financial Trouble.

Chicago, Jan. 5.—Announcement of the receiver for the Keystone Manufacturing company, of Rockford, Ill., was made today by Attorney C. B. Haffenberg, who represents a number of petitioning creditors in the federal court. Bankruptcy proceedings were begun in the United States district court several days ago, but were kept secret until Henry L. Wilson had taken possession as receiver for Judge Kohlsaat.

The Keystone company's principal plant near Sterling, Ill., consists of eleven buildings, in which about four hundred men are employed. Another large plant at Council Bluffs, Iowa, and this has also been placed in the protection of Mr. Wilson and A. M. Patterson.

The liabilities are said to be close to \$350,000, while the assets at Rockford consist of a plant mortgaged for \$300,000 and other property worth about \$75,000.

VENEZUELA BLOCKADE.

It Will Be Maintained by Great Britain and Germany.

Berlin, Jan. 5.—Great Britain and Germany came to an understanding four days ago to enforce the blockade of the Venezuelan coast precisely as though the negotiations for arbitration were not going on. It was doubtless in consequence of this understanding that the vessels at Porto Cabello were taken, though both the foreign office and the navy department are yet without advices showing that the vessels were taken or marines landed.

DEMAND INCREASE.

Railroad Employees Hold Conference for Advance of Wages.

St. Louis, Jan. 5.—A material increase in pay for nearly 200,000 railroad employees of the middle and north west will probably result from the conference begun here today by officers and other representatives of four powerful labor organizations. The organizations represented are the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen, Brotherhood of Railroad Trainmen and Order of Railway Conductors.

The movement for a general advance in wages was commenced by the four organizations some time ago. An omen of success for the movement was to be found in the mere fact that for the first time in their history the four organizations were working in harmony toward the desired end. At a

joint conference held in Chicago early in December committees were appointed to wait upon the railroad officials and present the demands of the men. It is for the purpose of receiving the reports of these committees that the present conference is held. Though the conference is being held behind closed doors enough has been learned from the participants to give grounds for the hope that an amicable settlement will be reached with the railroads. Some of the roads have anticipated the demands of the labor organizations by voluntarily increasing wages and others have announced their intention of following suit. While these increases do not quite come up to the figures asked by the employees it is believed that a compromise satisfactory to both sides will be reached.

California Federation of Labor.

Los Angeles, Jan. 5.—The California State Federation of Labor began its third annual convention in this city today and will remain in session until the end of the week. There is a large attendance of delegates from the local unions of San Francisco, Oakland, Sacramento, Fresno, Bakersfield, Vallejo and other cities of the state. Plans for pushing the work of organization and prospective legislative measures affecting labor interests will occupy the convention. The annual report of Secretary Rosenberg shows a gratifying increase in membership during the last twelve months.

Involving the Metal Trades.

Pittsburg, Pa., Jan. 5.—In response to the call of T. H. Flynn, general organizer of the American Federation of Labor, a meeting of representatives of the iron crafts was begun here today for the purpose of settling jurisdiction disputes involving the metal trades.

Postmasters Appointed.

Washington, Jan. 5.—Nominations: Postmasters—Texas, H. Nelson; Snyder, Arizona, Milton Bohal; Nogales, Colorado, Maude E. McLean; Breckenridge.

Officers Inaugurated.

Cheyenne, Wyo., Jan. 5.—Governor De Forrest Richards, Secretary of State Chatterton, State Treasurer H. G. Hay, Auditor Leroy Grant, Superintendent of Instruction T. T. Tynan and Justice C. N. Potter were inaugurated today.

MIGHTY CRUISERS.

Bids Opened at Washington for Construction of Two Warships.

Washington, Jan. 5.—Bids for the construction of the two most powerful armored cruisers ever designed for the United States navy were opened at the navy department today and within a day or two it is probable the result will be announced and the contracts awarded. It is said the bidding for the construction of these two ships has been unusually active, proposals having been received from nearly every concern in the country having a plant capable of turning out a warship of the desired type.

The two ships will cost not less than \$6,000,000 each and will be the costliest vessels in the navy, the price being greater by several hundred thousand dollars than that of the heaviest battleship. The cruisers will be known as the Tennessee and the Washington, and are the vessels about which a disagreement arose in the board of construction as to whether power should be sacrificed to speed. A negative decision was reached.

The yards awarded the contracts will receive from the government not less than \$4,000,000 each for the construction of hulls and machinery, and the armor factories will receive practically the remainder. Nearly two years' time was devoted by the experts to the designs for these cruisers, and it will be at least three years before they are completed.

Miss Kate Kelly, who has been a resident of this city for a number of years, left last night for Belen, where she will reside in the future. She goes to be on the ground floor when the expected boom overtakes the little city, caused by the coming of the Santa Fe cut off.

R. B. Mudge, formerly clerk at the Alvarado, but recently transferred to a clerkship at the Harvey house at Deming, has been relieved there by H. E. Byerley and arrived here yesterday morning. He expects to go to Raton tonight to fill a position with the Harvey people at that place.

NO REPORT

Nothing From Washington on Statehood Fight.

TROUBLES MAY NEVER END

City of Seattle in the Midst of a Flood of Water.

STORMY COLORADO POLITICS

The debate on the omnibus statehood bill began at 2 o'clock in the senate this afternoon, but the Citizen failed to receive any report of the proceedings.

POOR VENEZUELA.

Revolution Stricken Land to Be Ravaged by Europe.

Washington, Jan. 5.—The responses of the allied powers to Castro's last propositions to submit Venezuela's case to the arbitration of The Hague tribunal have not yet been received, but it is believed that answers will not be much longer delayed, as a continuance of the present state of affairs on the Venezuela case is not viewed with satisfaction. The blockade is believed to be working injury to American interests, therefore the desire is strong to see the protocol which will include a provision for the termination of the blockade, speedily agreed upon. Mr. Bowen's advices from Caracas show conditions there are very much disturbed, that internal revolutionary troubles has intensified and that President Castro is sorely beset.

SEATTLE FLOODED.

Country in Vicinity of That City Badly Damaged.

Seattle, Jan. 5.—The flood situation in the district south of Seattle does not seem to be greatly improved this morning. Only the most meager particulars from the various points have been received. The first casualty as a result of the rising of the waters are reported from O'Brien, on the Northern Pacific, between Seattle and Tacoma. There the water is six or eight feet high and last night it was rushing past the houses with the swiftness of a mountain current. Two men, Martin Cummings and F. Shaughnessy, were in a boat rescuing people from second-story windows and on one of the trips the boat capsized and Cummings and Shaughnessy were both drowned. No trains are running through the flooded district, the Northern Pacific this morning making no preparations to begin operations between this city and Tacoma.

Colorado Legislative Muddle.

Denver, Jan. 5.—It is said that seven democrats will vote in the senate against unseating republican senators in retaliation for unseating democrats in the house. This would block such action by the senate. Wolcott, in an interview today, denies that he ever asserted that the president had taken sides in the Colorado senatorial fight. He asserts that he is first of all fighting for republican success. It is reported that Howbert and Dixon will shortly announce their withdrawal in favor of Wolcott.

Woodmen Install Officers.

Cottonwood Grove No. 2, Woodmen Circle, met in goodly numbers Saturday night. After the initiation of a number of new members the following officers were installed:

Worthy Guardian—Julia Goodwin. Advisor—Lucy J. Rummell. Magician—Elizabeth Preissner. Clerk—Lula Hopping. Banker—Frankie Cochran. Attendant—Rosa Fredericks. Sentinels—Mrs. Strumquist and Mrs. Keppeler. Managers—Sophia Lillie, Kate Hopking and Mrs. Grundman. After the installation a sumptuous banquet was served.

DISTRICT COURT.

The court this morning tried the case of Noa Ifeld et al vs. Ramona L. be Baca et al, suit involving an attack upon deeds made by the late Ramon A. Baca to his wife in his life time, and to

subject the property thereby conveyed to the payment of his debts.

The case of Clouthier & McRae vs. Mrs. B. Hopkins, judgment was rendered in plaintiffs favor by default for \$124 and interest.

The case of George E. Lewis vs. J. T. Herrera, judgment in plaintiff's favor was rendered by default for \$167.85, with interest.

In the case of J. L. Bell & Co. vs. W. H. Bunce, property attached was ordered sold.

In Valencia county district court the case of Simon Neustadt vs. Candelario Aragon the cause was dismissed by plaintiff.

This Is Prayer Week.

The churches of the city will observe this week as a week of prayer. The services will be held in union. The program arranged is as follows:

Monday night at Presbyterian church, M. Hodgson, leader.

Tuesday night at Methodist church, T. C. Beattie, leader.

Wednesday night at Lead Avenue Methodist Episcopal church, Rev. W. J. Marsh, leader.

Thursday night at Baptist church, Rev. Walter Calley, of Chicago, leader.

Friday night at Grant hall, Rev. Robert Renison, leader.

Services begin at 7:30 each evening. The public are cordially invited and urged to attend these services.

M. HODGSON,
Secretary Ministers' Association.

LOCAL PARAGRAPHS.

The Choral society will meet this evening.

City council and board of education will hold their regular meetings tonight.

Miss Margaret Newman has returned from a short sojourn in southern California.

Forest McKinley, special agent for the United States interior department, was a passenger for Santa Fe yesterday.

Miss Christian Schwalbe has returned to Socorro, where she is making her home with her uncle, P. N. Yunker, proprietor of the Windsor hotel.

Miss Minnie Holzman, of Las Vegas, who enjoyed the holidays in the city visiting with her sister, Mrs. Samuel Neustadt, returned home last night.

Miss Ruby Custers, the school teacher at Esmeralda, Valencia county, who has been spending the holidays in the city with her parents, returned to her school last night.

Col. J. T. Foss, well known over Missouri as the proprietor of the Foss hotel at Joplin, is in the city to stay indefinitely. Mr. Foss is not enjoying the best of health.

It is reported that Edward M. Otero, of Santa Fe, and Miss Anita Armijo, are engaged to be married, and the happy event is scheduled to take place sometime this year.

Miss Minnie Craig has returned to her school at Lincoln, Lincoln county, where she is teaching, after spending the holidays with her parents, Rev. and Mrs. R. M. Craig.

The new Commercial Pacific cable is now completed to Honolulu and will be open for business Monday, January 5. The rate will be fifty six cents per word from San Francisco.

A neat sum was realized from the benefit play given at Orchestra hall yesterday afternoon for the old town Catholic church. The play was well put on and deeply appreciated.

The First Regiment band of Old Albuquerque has been engaged to play at the El Paso midwinter carnival. The band is in excellent condition, and the boys will make fine music at El Paso. Miss Martha Owen, teacher in public school at Springer, N. M., who has been spending a couple of weeks in the city visiting with her brother, Attorney Harry P. Owen, has returned to Springer.

The regular monthly meeting of the Commercial club will occur at the club building tomorrow night. The proposed tobacco cultivation project in the Rio Grande valley, the water supply of the river and a number of other important subjects will be discussed. A good attendance is requested.

Mrs. Rosa Berry will give a private masquerade ball on Monday evening, January 12, for those who took part in the minstrel show last month. The earlier part of the evening will be devoted to entertaining the younger folks and a grand mask ball will begin about 9 o'clock. Invitations to the number of 150 will be issued and everyone is supposed to come masked. The ball will take place in Grant hall.

RACE PREJUDICE

Mississippi Post Office Closed by the Government.

ROW OVER NEGRO POSTMISTRESS

Col. Herrick Will Make Race for Governor of Ohio.

NEW MINISTER TO SWITZERLAND

Indianola, Miss., Jan. 5.—There can be no mistaking the fact that a large portion of this community is considerably wrought up over the action of the government in closing the post-office here. The partial paralysis to business is being felt more and more. Today a private office was established for the distribution of mail collected by an independent messenger service from Heathman and Greenville. Both of the postoffices are congested with mail as the result of the closing of this office. The independent office here will be maintained at the expense of the citizens. No serious trouble is anticipated by conservative people, but precautions have been taken by both the city and county officials to depute a sufficient number of men should the occasion demand. A large number of people publicly say they will not accept the negro woman as postmaster under any circumstances, despite the inconvenience which is being suffered. The undercurrent of excitement extends to surrounding towns. A large number of strangers are here and more are arriving on every train.

Office May Be Reopened.

Washington, Jan. 5.—Senator McLaurin, of Mississippi, today conferred with Postmaster General Payne on the situation at Indianola, Miss., where the postoffice has been closed as a result of antagonism to the negro postmaster. Senator McLaurin stated that he believed the office would be re-opened this week. Payne said that the office will be re-opened if there is no intimidation of the postmaster.

Governor of Ohio.

Cleveland, Jan. 5.—Col. Myron T. Herrick, when asked by a representative of the Associated Press today if he would be a candidate for the republican gubernatorial nomination, said: "If the republicans of Ohio should request me to be their candidate for governor this year, I shall accept their nomination, fully appreciating the duties and grave responsibilities of that high office."

Minister to Switzerland.

Washington, Jan. 5.—Dr. David Jayne Hill, first assistant secretary of state, will relinquish that post this month to become United States minister to Switzerland. He will be succeeded as first assistant by Francis B. Loomis, at present United States minister to Portugal. Mr. Loomis will be succeeded at Lisbon by Charles Page Bryan, who has been confirmed as minister to Switzerland, but who has never assumed the post.

Fred Scholle, the general merchant of Belen, was in the city yesterday.

Robert Lillie had the fortune to secure a couple of grey geese while out hunting Saturday.

Mayor C. F. Myers and F. H. Kent were passengers for Denver last night. It is a flying business trip and they will return in a few days.

Mrs. J. T. Barraclough, of Oakland, Cal., is in the city visiting with friends and looking after her Albuquerque business interests.

The funeral of the infant son of Don Collins, who died at the home on the Highlands Saturday, took place yesterday. Interment at Fairview.

Judge F. W. Parker, of Las Cruces, came down from Santa Fe Saturday night, spent yesterday in the city and returned to the capital this morning. He will attend territorial supreme court which convenes there tomorrow.

Invitations are out bidding the Shriner and friends of the city to attend a public installation ceremony of officers to be held at Masonic hall on the evening of January 12. The Shriner are royal entertainers and the affair is likely to be one of social proportions. A fine program is being arranged.

will ably represent the territory, and
will get statehood if it is possible.The Pueblo Chieftain says that the
idea of New Mexico and Arizona being
joined in one state is a pretty good
one, and may prove a solution of the
entire statehood problem. It is now
stated that a bill providing for admit-
ting the two as one state will be intro-
duced as soon as the senate meets,
and that Senator Quay is in favor of it
as an alternative in case the omnibus
bill can not be passed.No man can put a chain about the
ankle of his fellow man without at last
finding the other end of it fastened
about his own neck. The lesson of all
ages on this point is that a wrong
done to one man is a wrong done to all
men. It may not be felt at the mo-
ment, and the evil day may be long
delayed; but so sure as there is a
moral government of the universe, so
sure will the harvest of evil come.—

MINERS' HOSPITAL.

The McKinley County Republican
says: "The people of McKinley coun-
ty will ask the territorial legislature
for the location of the Miners' hospi-
tal at Gallup. The Santa Fe company
runs three finely equipped passenger
trains daily each way through the
town, which is only a little over five
hours ride from Albuquerque. A block
of land finely located has been donated
by the Santa Fe company for the hospi-
tal. There is as little sickness here
as in any town in the territory. The
atmosphere is pure, the sun shines all
the year and we have pure mountain
water. For building material we have
the finest of sandstone, good dirt for
adobe, and no better brick are made
in the territory than here. Labor can
be had for a reasonable price. This
county leads the territory in the pro-
duction of coal. More miners are em-
ployed here, and of course more
miners are injured and need the ben-
efit of a hospital. There is no terri-
torial institution in the county. Many
of the other counties have been fav-
ored with one institution and some of
them with more. This county is solid-
ly republican and we will ask the con-
sideration of our claims by a repub-
lican legislature."

A YEAR'S DONATIONS.

The Chicago Tribune finds that
while the donations which have been
by gift and bequests to educational,
charitable and religious institutions
during 1902 fall far short of those
which were made in 1901, still they are
greatly in excess of those of any year
prior to 1901. In 1900 the total of \$62,
461,304 was thought to be a large one,
but in 1901, the record breaking year,
the immense sum of \$123,888,732 was
reached. This year the total is \$77,
147,167, which is far above the aver-
age, leaving out last year's.Educational institutions have had
their fair share of gifts. One hundred
and forty-four of them have received
\$27,900,803 in sums ranging from \$1,000
to \$1,000,000 and upwards in individual
donations. Churches and religious so-
cieties have received \$4,869,700. This
sum does not include the regular Sun-
day offerings, which amount to a large
total in a year, nor the twenty-one
million Twentieth century offering to
the Methodist Episcopal church, which
covers a period of three years. Char-
ities have received the large total of
\$36,519,864, and museums and art gal-
eries the comparatively small amount
of \$2,886,000.Library donations have dropped
from \$15,388,732 in 1901 to \$4,970,800,and of this amount Mr. Carnegie is to
be credited with only \$2,598,500, as
compared with \$12,888,500 in 1901. In
1899, the first year of his library dona-
tions, he gave \$3,503,500 for thirty-four
libraries; in 1900, \$640,000 for nine-
teen; in 1901, \$12,888,500 for 109; and
in 1902, \$2,598,500 for ninety-six, mak-
ing a total of 258 libraries which he
has caused to be erected all over the
United States at a total cost of \$19,
630,050.

TOO LARGE.

Socorro county is too large, causing
extra expenditure on the part of the
people. The Socorro Chieftain says:
"It is reported that a petition is be-
ing circulated in the western part of
Socorro county with the object of se-
curing the annexation of that part of
the county to Grant county. It is
hardly probable that the move will
meet with any serious opposition from
the eastern part of the county, as it is
pretty generally recognized that the
present enormous size of Socorro
county is the source of an unusually
heavy burden upon all tax payers
alike."

NEEDS INVESTIGATING.

The attention of Senator Dillingham
is called to the demoralized condition
of Vermont. The Colorado Springs
Telegraph says that a fearful state of
affairs has been revealed since the ad-
journment of the Vermont legislature.
That august body meets for a month or
so, once in two years, and this year ap-
parently some of the Solons thought
they would become thoroughly steeped
in wickedness. They played poker, by
gum! And one man lost \$50 at a
sittin'. Fifty dollars! Think of it! Why,
that would buy 200 pounds of
pure maple sugar, or a couple of year-
ling calves, or a farm horse, or many
other things that are needed to do busi-
ness at the old stand in the Green
Mountain state.All this devilishness has come to
light through the suit brought by Bill
Sage to recover \$50 in the shape of a
poker debt from one of the senators.
This Vermont Solon thought poker
was a good game while he was win-
ning; but when it came to dropping
\$50—he welched. Such goings on will
have to be looked into. They have
already stirred the Green Mountain
state more than the recent question of
no rum, some rum or free rum. The
honor of Vermont is at stake. It's all
right to play pinocchio, but poker—
that's another story.

THE PROPOSED COMBINE.

The New Mexican says: The state
of New Mexico, consisting of what is
New Mexico and Arizona at present,
would certainly be a great common-
wealth, great not only in extent of
territory but also in resources. If the
name of New Mexico could be retained
for the commonwealth and Santa Fe
as the capital, if three representatives
in congress were given it and if it
were divided into two United States
districts; the plan to admit New Mex-
ico and Arizona might be acceptable to
the people. The appointment of three
representatives in congress, in ad-
dition to two United States senators is
certainly very alluring. With five votes
in the national congress and the kind
of men that would be sent to cast them
the new state would cut a wide
swath and its claims and necessities
would receive due consideration at the
hands of the national law making body.
At any rate the proposition is one well
worth considering. It is reported that
President Roosevelt would be in favor
of it and the sentiment of senators and
representatives is setting strongly in
that direction. The action of the sen-
ate upon the statehood bill during the
coming week will throw much light
upon the subject. Until then the peo-
ple of New Mexico will watch and
pray.TO CURE A COLD IN ONE DAY

Another Contract Closed.

The Consolidated Mining and Smelt-
ing company has just closed a con-
tract for the term of one year from
Jan. 1, 1903, with F. G. Burns, of Pima
county, Arizona, for all copper ores
and concentrates shipped by him from
his mines at or near Readinton, Ariz.
We are informed that at the pres-
ent time Mr. Burns has an output of
from two to three cars per week of a
high-grade copper ore, carrying some
silver. This, with the copper ore that
the smelter company obtains from its
own mines at Magdalena, N. M., will
doubtless enable them to continuously
run the copper stack in conjunction
with the lead furnace.We understand that the shut-down
which took place Dec. 24, was due to
want of limestone caused by storms
and bad roads at Glorieta, from
whence this material is obtained, but
that the matter of hauling has now
been arranged so that there will be
no future difficulty on this score.The run just finished has been the
most successful one ever made by the
company. With the ores on hand and

OSTRICH LOGIC.

"When I can't see danger there is no
danger." That's the logic of the ostrich
which hides its head and exposes its
body to the hunter. There are not a
few people who seem to have gone to
the ostrich to learn logic. The most
dangerous enemies of humanity are the
breeding microbes which infect the
blood. It is harder to get the microbe
out of the blood than to keep it out, but
Dr. Pierce's Golden Medical Discovery
does both, by puri-
fying the blood
and then keeping
it pure.

If there are
eruptions on the
skin, boils, pim-
ples, sores or other
signs of impure
blood, use Doctor
Pierce's Golden
Medical Discovery,
which will
purify the blood
and cure the
eruptions which come from it.

My blood was all out of order, and I had to
go to the doctor, writes Mrs. James E. Moss, New
London, Stanly Co., N. C. "He gave me medi-
cine which helped me for a short time. In the
winter of 1901 I got worse than I had ever been.
My tonsils were enlarged and my neck swollen
all out of shape; my throat was sore and I could
not cure it. My husband went for the doctor,
but he gave me no encouragement. He helped
me a little, but it did not last long. He attended
me for twelve months, when a friend of a lady
whose condition was like mine, who was taking
your medicine and was getting well. So I se-
cured some of the medicine and began taking it.
In one week I was able to do my cooking. When
I began taking the medicine I could sit up only
a few minutes at a time, and I could not sleep
only a little while at a time. My throat was so
sore at times I could not even swallow sweet
milk, and my tonsils were full of little eating
sores. My left side was swollen out of shape
and I could hardly get my breath. The doctor
said I would not get well, but three bottles of
Dr. Pierce's Golden Medical Discovery, three
bottles of his 'Pellets,' three bottles of Dr. Sage's
Catarrh Remedy and the use of salt water did
the work and cured me."

Railroad Topics

F. M. Jones, chief field engineer for the Santa Fe cut off, was up from Belen yesterday.

Machinist D. C. Allen was among those let out at the local Santa Fe Pacific shops last week.

H. N. Howe has succeeded T. J. Ward as clerk in Assistant Engineer Arey's office, at Williams.

H. E. Redding, night yardmaster at Las Vegas, is the proud papa of a baby girl, who arrived New Year's.

T. F. Mishou, a railroad contractor who was at Las Vegas a couple of days, arrived here last Saturday.

John N. Bach, a railroad employe at Lamy, is on the sick list and has been taken to the hospital at Las Vegas.

M. O. Bunnell, a Santa Fe fireman, fell from the tank at Otero, and was badly hurt. He is now at the hospital at Las Vegas.

E. W. Blake, a fireman between Las Vegas and Raton, was brought back to the former city suffering with rheumatism, and taken to the hospital.

G. C. Carleton, a stenographer in Superintendent Hibbard's office at Winslow, and Alex Robinson are engaged in clerical work for the roadmaster. Mr. Robinson was formerly with Mr. Hutchinson in Gallup.

The "Owl" train of the Southern Pacific in California is evidently a "hoodoo." Last week it was in a mix up and twenty-eight people lost their lives. The other day it collided with another train, but, fortunately, no one was injured.

J. P. Elliott, a member of the Brotherhood of Railway Trainmen, who formerly resided at Winslow, died in El Paso last week. He had only been in El Paso for a short time, where he went for the benefit of his health. He leaves a mother in California and two brothers, A. J. Elliott, of Peoria, Ill., and C. H. Elliott in Nevada.

An order to the effect that no relative of an official shall be employed in a position subordinate to that official on the Missouri Pacific & Iron Mountain system went into operation Thursday. The order had resulted in a number of changes at every division point on the lines in southeast Kansas, many men holding subordinate positions having been transferred to superintendents to whom they are not related. The motive of the order is to place all employes on an equal basis in the matter of advancement.

PETITIONERS WILL WIN.

Believed That San Bernardino Will Get New Hospital.

A telegram from San Bernardino, dated January 3, says:

The Santa Fe coast lines hospital board will meet next week at Los Angeles. There are several important questions to be decided at this meeting. First of these is the location of the new coast hospital.

"There is little doubt as to where the new hospital will be located," said a local man yesterday, who is familiar with the workings of the association. "The 700 employes at San Bernardino want the new hospital there, where it will be of use to them, and in San Bernardino it will be located. You see, the employes support the association, in fact they are the association, and money they pay in every month is for its support and their accommodation, so they have a good deal to say about where and when their money shall be spent. The men are represented by delegates from the ranks in the councils of the association and these are in sufficient numbers to control the situation. It is impossible for the Santa Fe to get along without a hospital here and there need be no uneasiness about the question of the burned building being replaced."

The board will also arrange for the rebuilding of the burned Albuquerque hospital. The general impression among members of the hospital association here seems to be that the ruins of the old hospital will be cleared and the new building put up on the same foundation. The new wing of the burned building can undoubtedly be repaired and made fit for use at small expense and this will probably be the decision of the board.

WORK OF COMMERCIAL CLUB.

Through Pullman Service From Albuquerque to Silver City Secured.

Division Superintendent J. F. McNally, of the Rio Grande division of the Santa Fe was in Silver City last Tuesday in conference with the members of the railroad committee of the Commercial club with whom he has been in correspondence during the last three weeks on the matter of securing through Pullman service from Albuquerque instead of switching the car at Deming and compelling Silver City passengers to ride the rest of the way in the bunkers, says the Enterprise. Mr. McNally all through the correspondence has been very obliging and courteous and while here he informed the members of the committee that he had given the matter serious thought and had decided to recommend the proposed change. A recommendation from Mr. McNally, in this case, practically means a realization and it won't be many days until Mr. Pullman's product will be toted into Silver City with the regular train. Mr. McNally is deserving of the heartfelt thanks of our citizens for the interest he manifested in the matter. The members of the railroad committee which had the affair in charge are C. W. Cook, Jr., M. F. Downes, E. Cosgrove, W. H. Jack, T. L. Lowe and J. W. Penniwell.

NEW RAILROAD.

Grading Contract Let on Line Between Cochise and Naco.

R. R. Coleman, of Prescott, has secured the contract for grading the railroad between Cochise, on the Southern Pacific, to Naco, on the El Paso & Bisbee road. The new road will be called the Cananea, Pacific & Yaqui road, and will cover a distance of some eighty-five miles, and will open up a rich section of Cochise county, Arizona, which has heretofore been inaccessible, and will greatly increase the value of some properties which were, although very rich, unprofitable to work, on account of very expensive transportation.

Active work will be commenced next week and the construction of the road will be pushed with vigor.

The line of the road will extend from Cochise to Naco, passing through Pearce and Turquoise, with branch lines to Bisbee and Douglas. For the past month ties and other supplies for the construction have been arriving at Cochise, until now it is calculated that there is enough there for the construction of the entire road.

The rumor of the road being constructed has added an impetus to building at the towns at the terminals, and it is calculated that real estate values have nearly doubled since the certainty of the carrying out the project has been assured.

OPERATORS SATISFIED.

Superintendent Gaunt Denies Report of Contemplated Strike.

The following dispatch was recently sent out under a Topeka date line:

"The Order of Railway Telegraphers which has been successful in gaining concessions from a number of railroads lately is preparing to make an effort to secure an understanding again with the Santa Fe system. The Santa Fe has been a non-union road as far as the telegraphers are concerned since their strike in 1899. After the strike General Manager Mudge said that he would have no dealings with the telegraphers' organization as long as the officers then in charge were retained. Since then President Dolphin of the telegraphers' union has been superseded and the operators think they now have a chance to present grievances."

When asked about this matter, Superintendent C. H. Gaunt, of the Santa Fe telegraph department said: "I have not heard of any negotiations between the Santa Fe telegraphers and the officials of the road. Neither have I heard that there is any dissatisfaction among the operators. If there was any movement of this sort going on, I would probably know something about it."

The Santa Fe telegraphers, so far as known, are on good terms with the officials, but the union has no standing, says the Topeka State Journal. There are, however, a great many union men employed by the road in the telegraph department.

Some time ago the Santa Fe commenced taking back into its employ the telegraphers who were frozen out at the time of the big strike. This policy has been continued, and there are now working for the Santa Fe a great many men who quit when the strike occurred.

None of the leaders, however, have been taken back, and it is learned from reliable sources that none will be.

Hair Vigor

No hair? The trouble is your hair does not have life enough. Save your hair. Feed it with Ayer's Hair Vigor. If the gray hairs are coming, Ayer's Hair Vigor will restore color every time. Tested for over half a century.

They are on the blacklist so far as the Santa Fe is concerned. It is quite natural that the Santa Fe should not want to harbor in its employ the men who were responsible for so much expense and trouble a few years ago.

It is, of course, possible that some of the old union employes who are back on the road are trying to make trouble, or there may be a bona fide effort on the part of some of the union men to secure a friendly understanding between the company and the union. But Superintendent Gaunt denies that there is anything of this sort on foot.

UNIVERSAL PROSPERITY.

Many Orders Placed for Engines and Cars and Few Roads Were Pecuniarily Insolvent.

The record of the year in car and locomotive building is nearly equal to that of last year, when all previous records were surpassed. The necessities of the railroads are more clearly indicated by the orders which have been placed for new equipment than by the number of cars and locomotives actually built during the year, since the latter figures are merely a statement of the capacity of the various building concerns.

The Railway Age has compiled from its weekly record a statement showing that during the year 1902 orders have been placed for the building of 185,000 freight cars, 4,700 locomotives and 2,700 passenger equipment cars of the various classes, including baggage, mail and express. The figures have been corrected and additions made by the officials of the roads concerned and by the manufacturers, and are presented in detail. A corresponding record published by The Railway Age on January 3, 1902, showed totals of 193,000 freight cars, 4,340 locomotives and 2,879 passenger cars.

The low water mark of railway bankruptcies which was reached in 1901, when only four receivers were appointed, has scarcely been raised during the past year, only five companies being placed under receivership on account of insolvency in 1902, and these succumbing to difficulties of long standing. No road of any importance has failed to meet its obligations.

Only twenty-two roads, aggregating 1,270 miles out of the 294,000 miles of railway in the United States, are now being operated by receivers on account of failure to meet their obligations. The only important road in the list, the Terre Haute & Indianapolis, representing 422 miles, including leased lines, is controlled by the Pennsylvania and could be restored to the company if the stockholders so desired. This deducted would reduce the insolvent roads to 838 miles—a wonderful change in a few prosperous years.

The record of foreclosure sales also shows rapid progress toward complete reconstruction and solvency. In 1902 there were sold and reorganized eighteen roads aggregating 693 miles and representing a nominal capitalization of nearly \$40,000,000.

SUPERINTENDENT DYER.

He is to Leave the Colorado & Southern Railroad.

Charles Dyer, well known in this city, has tendered his resignation as general superintendent of the Colorado & Southern road, and, says the Denver Republican, one of the first matters which will be considered by Vice President and General Manager J. M. Herbert, when he takes charge of the operating department of the Colorado & Southern and the Fort Worth & Denver City roads, will be the appointment of Mr. Dyer's successor. The resignation is not to be effective at once, and it is understood he will not

retire until Mr. Herbert has become thoroughly familiar with the workings of the Colorado & Southern road. Mr. Dyer is considering offers from the Santa Fe and other railroads, but may decide to retire permanently from the railroad business. He formerly was with the Santa Fe and is a very popular as well as capable railroad man.

Mr. Herbert had an extended conference with President Trumbull, relative to the affairs of the roads. Owing to the affairs of the road. Owing to show Mr. Edson, his successor on the Rio Grande, over that system, he will not take charge of the Colorado & Southern until some time next week. President Trumbull is contemplating a trip to New York city and may leave before Mr. Herbert's return. The report of the resignation of Mr. Dyer has caused much speculation as to who will succeed him. F. W. Egan, general superintendent of the Rio Grande, is mentioned as the probable appointee. This is purely a rumor and has no substantial foundation so far as can be learned.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Professor Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market today.

FORGER'S GUN PLAY.

Narrow Escape of Officer Rossi, the Chief of Detoxs of the Rio Grande.

LANDS HIS PRISONER IN JAIL.

Charles Robinson, whose real name is unknown, was bound over to the grand jury under a bond of \$1,000 in Justice Crawford's court this morning.

Robinson was charged with passing a forged check on S. Vann & Son Saturday night. The check called for \$24.50, signed by J. H. Newlander.

Robinson entered Vann's store and bought some medicine amounting to 50 cents. In payment he offered the check. Mr. Vann inquired of a friend if Newlander was writing checks, being informed that he was, he handed \$24 out to the unknown man. Immediately after the man left the store, he telephoned to Newlander and was informed that no such check had been issued.

At a late hour Saturday night Robinson was arrested by Officer Rossi in an Italian lodging house. When near the jail Robinson pulled a gun and placing it against the officer's breast and pulled the trigger, but Rossi, who is known as "chief of the detoxs of the Rio Grande valley," was too quick for his man. He grabbed the gun as it was placed to his breast and one of his fingers dropped under the hammer just as the trigger was pulled. Another charge more serious than the first will be brought against him when the grand jury meets.

Robinson does not appear the smooth individual as reported, but is a very ordinary man, short in build, peaked nose and very weak face. In a sweat box session with Marshal McMillin yesterday he strenuously denied having passed the check or having attempted to pass any others. He also refused to reveal his real name and said he wished the officer had killed him.

In court this morning he was identified by S. Vann and his druggist, E. A. Page, as the man who bought the medicine and had the check cashed. Robinson had nothing to say in court this morning, but he looked many things. He has anything but a good appearance and will no doubt look natural behind the bars. He claims to be 35 years old, that he is a book-keeper, but beyond these few facts nothing can be learned.

No doubt his real name adorns many police records, and when it is learned he may prove a valuable catch. Quarters in the county jail were prepared for him today.

Over to County Jail.

Charles Robinson, the forger and would-be murderer of Officer Rossi, was sent over to the county jail this afternoon. He claims that he did not reveal his identity to Marshal McMillin, because he has a wife and family in the territory, and does not wish them to learn of his trouble. He still denies he was the man who had a check cashed, but claims that he was in the St. Elmo and tried to have one of his own cashed there, which he tore up later, and that suspicion was thrown upon him because he was not successful in his attempts to have several checks cashed. When arrested he was minus the heavy coat and cap which he wore when he was in Vann's store. He wore a light suit and a pair of house slippers. His grip and clothing, he claimed, he left at Las Vegas, but whether he lived there, and what he was doing could not be learned. He also denied having tried to shoot Officer Rossi. The gun was pulled from his pocket and the Officer grabbed it. Robinson seems to think he will be let off easy for the two crimes he perpetrated in a very short space of time Saturday night.

AN IMPORTANT CAPTURE.

Constable Andrews, of Williams, Arrests Man Wanted for Murder in New Mexico.

An important arrest was made on Thursday of last week by Constable Thomas Andrews of a man wanted at Magdalena, New Mexico, for a murder committed on the 20th of last October, says the Williams, A. T. News.

It seems that on that date the accused, George English, and the murdered man, one McMains, were employed at a camp, the first in the capacity of a cowboy and the latter as a cook. Some days previous the men had had trouble, English having been badly worsted in a fight and this rankled in his breast. It is stated that he, in some manner, got hold of McMains' gun and took out the main spring.

Later on, English took occasion to

stir up more trouble and in the gun play that followed had McMains at his mercy, killing him on the spot.

After the murder English fled the country and was only last week located. A cousin of the murdered man, named Phillips, came here recently and gave Constable Andrews all the information in his possession, which finally resulted in his placing English under arrest.

Word of the capture was wired to Sheriff Blackington, of Socorro county, who arrived here Monday, and, identifying the man, returned with him to New Mexico the same evening.

COMMITTED SUICIDE.

Body of John Engle, Section Foreman on Santa Rita Branch, Found Near Hall Station.

The body of John Engle, employed as a section foreman on the Santa Rita branch of the Santa Fe, was found last Sunday a week, about three-quarters of a mile below Hall station, with a gunshot wound through the head.

The gruesome discovery was made by Mrs. Jay, wife of a mining man living in the vicinity. Together with the two little Hotchkiss girls she started out to look for some cows that had gone astray. About three-quarters of a mile below Hall station they noticed an object wrapped in a blanket lying in some brush. Upon further investigation they discovered that it was the body of a man, and thoroughly frightened they hastened back to the station and informed Mr. Larson who lives near. Mr. Larson lost no time in sending word to Justice of the Peace Crowley, of Central, and that official empaneled a coroner's jury and hastened to the scene.

The body was found with a six-shooter and razor lying beside it and from all circumstances the man had evidently committed suicide, the verdict being so rendered.

Engle was comparatively a stranger around Hall station where he had been employed by the Santa Fe but a short time. Late last November he resigned his position and sent his wife and children to El Paso, intending to follow them on foot. He was last seen at Hall station November 30, since which time nothing has been heard from him until the discovery Sunday. The remains were so badly decomposed that they would not permit of removal and were buried where they were found. Deceased was a Pole by birth.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless; positive cure for coughs, colds, bronchitis, asthma.

A Negro Follows a Young Lady and Makes a Play.

POLICE HAVE THE FACTS.

Several loud screams, the opening of the front door of the Huntzinger residence on North Second street, and a fleeing negro was the sensational scene enacted about 10 o'clock Saturday night.

The young lady, who was returning to her home unattended, noticed a man walking along the other side of the street, but paid little heed to him, as the thought of being approached never entered her mind. When she was out Second street quite a distance he crossed over and running up behind her grabbed her around the waist and began searching for her pocketbook. Her screams were heard in the Huntzinger residence across the street. As the door flew open the negro released his victim and made good his escape.

The attack of the brute frightened the young lady very much, but from the latest reports the fright did not result seriously. She was able to furnish the police with a good description of the negro, and they are making every effort to locate him.

Albuquerque has been very fortunate in keeping clean of these dastardly crimes, and if the perpetrator of this deed is captured he will be dealt with to the extent of the law. There is nothing that will arouse the public quicker than an attack at night on an unattended lady.

ITEMS FROM THORNTON.

Special Correspondence.

Thornton, N. M., Jan. 2.—There is probably one man who did appreciate New Year's day, or secured the wishes made for a "Happy New Year, Major." With the coming of the cold wave and the heavy blanket of snow around the head of the Rio Grande valley "Major Bogardus, of Wallace," found himself suffering an increase of the malady under which he is struggling and which was being aggravated by approaching winter. On the 11th ultimo he found himself snowed in and was obliged to plod through snow from one to three feet to his woodhouse and the buildings in front in order to push the snow away from his back door in order to get in and out of his house. Then he was obliged to push through other snow banks and drifts to get to the postoffice. This and the drop of 35 degrees in the mercury in less than twenty-four hours, and feet continually damp from passing between house and office, so much increased his cold, which had settled in his kidneys, that he felt decidedly "under the weather."

But he kept up to his work until Tuesday night or rather early Wednesday morning, when he was suddenly awakened from a sound sleep by a violent fit of coughing to find that his lungs were clogged with phlegm, his breath a mere concussion of gasps, his head aching, his heart throbbing, which, with the pain in his back and limbs, showed that his disease had advanced until it had reached a climax. To add to all he also found that the disease had so weakened him that he could not even sit up in bed. Then, too, to think that he had a lot of New Year's presents to give away and was unable to deliver them or purchase "dulce" to accompany them. However, he found Mr. Lyserge, telegraph operator, who took the gifts to their destination on Thursday, for the old veteran spent most of the day in his bed on his back. Fortunately he had no appetite, so his declination of an invitation to a turkey dinner did not come too hard. He is still an invalid, but as he is no "quitter" he will try to resume his duties in the world. But it does not do to ask him if he had a happy new year or many many wishes, unless the door is between.

LAKE VALLEY SHOOTING.

Some of the Facts of the Shooting of
Thos. Inglis by T. T. Lee.

A few days ago The Citizen published
a brief account of the shooting of
Thos. Inglis at Lake Valley by T. T. Lee.
The particulars are told in the
following article clipped from the Si-
erra County Advocate.

A bad shooting affray occurred at
Lake Valley last Saturday evening, in
consequence of which T. T. Lee is un-
der \$1,000 bonds, and Thos. Inglis lies
in a very serious condition.
It seems that the two men were eat-
ing supper in the China restaurant,
and were alone at the time the trouble
occurred.

According to report the helpers in
the rear of the restaurant were start-
led by two pistol shots in the dining
room. Pete Hidalgo went into the room
and found Inglis on the floor and Lee
standing near by. Others came in, and
Mr. Inglis, who was unconscious, was
taken care of.

Mr. Lee walked out of the restaurant
and in an hour's time gave himself up
to the justice of the peace. He was
placed under \$1,000 bonds.

The weapon used by Mr. Lee was of
small caliber and the bullet struck Mr.
Inglis in front of the temple and rang-
ed along the side of the head.

Just what the trouble was about we
have been unable to learn.
Later reports are to the effect that
the wounded man, while unconscious
at times, is improving, and the chances
for his recovery are very good.

The affair is greatly deplored as both
men are among the best citizens in the
county and have many friends.
Mr. Inglis was moved to his home
the next day and we hope to soon hear
of his complete recovery.

DEATH OF DR. COWAN.

While on a Visit to a Patient, Attacked
With Heart Trouble and Expired.

A telegram received by Las Cruces
friends Wednesday announced the sud-
den death of Dr. J. V. Cowan, at Ala-
mogordo, the previous evening, says
the Las Cruces Republican.

Later news gave the particulars. Dr.
Cowan had left home about 10 o'clock
at night, in response to a call to see a
sick patient, and when only about a
block away from home had an attack
of the heart. Knowing it was fatal he
hurried into the home of C. A. Morgan,
where he sunk down, urging that his
wife be called at once, saying he knew
he was beyond the help of a physician.
Mr. Morgan hastened for Mrs. Cowan,
but before she could reach him her
husband's spirit had already flown.
The shock was so great that his wife
was nearly prostrated, and his friends
fairly stunned at the suddenness of it.
Mrs. Cowan arrived in Las Cruces
Thursday night, accompanying her
husband's remains. Friday morning at
10 o'clock services were held in the
Presbyterian church, and from there a
large concourse of friends paid their
tribute of respect to the memory of
Dr. Cowan by following his remains to
Masonic cemetery. At the grave the
solemn rites of the Masonic order were
held.

Dr. J. V. Cowan was for many years
a resident of Las Cruces, and his kind-
ness and benevolence will never be
forgotten. He was a Christian man
and good citizen, and made more
friends than most people. He was a
man of splendid vigor, and his sudden
taking away seemed shocking, but—
he was ready.

Within the year Dr. Cowan removed
with his wife to Alamogordo, where he
had just bought a home and settled
comfortably.

To his bereaved wife we extend sin-
cerest sympathy, realizing that we, too,
suffer by the loss of a true faithful
friend.

POLICE COURT.

Julian Martinez, better known as

fore Judge Crawford this morning for
fighting on the street Saturday night.
Cornog was fined \$5 and "Tulipan" was
turned loose.

The trouble, which caused the fight,

A WEAK SYSTEM

When the stomach is weak the
whole system becomes weak also, be-
cause it is from the stomach we re-
ceive strength. Besides weakness, you
also suffer from Loss of Appetite,

complaints you cannot take a better
medicine than Hostetter's Stomach

happened over a week ago, and from
what can be learned Cornog was just-
ified in delivering a few effective blows,
but when it comes to fighting on the
street it is up to the police.

It is asserted that "Tulipan," who is
a nuisance around the gambling tables,
assaulted Cornog by words, which
would be hard for any man to stand.
Cornog could not leave his business to
settle with "Tulipan" at that time and
it was a week before he had an oppor-
tunity to settle for the insult, which he
did and then settled for it.

peals to every boy and girl, as well as
every man and woman, as it awakens
memories of childhood. This play of
the old, old story, is well worth the
price of admission.

Thirty thousand latest moving pic-
tures which are guaranteed not to quiv-
er or blur, which renders the eyes en-
tirely free from all that dazzle; also
latest illustrated songs, such as "The
Tie that Binds," in twenty-six scenes,
colored; "The Silent Violin," sixteen
scenes, colored, and "Honey, Come
Kiss Your Baby" in fourteen beautiful
scenes.

Beaty Bros. are kings of the moving
picture machine business, and they
have the only six moving machines on
earth with diamond projecting lenses,
and are certainly among the most suc-
cessful traveling entertainers, as they
rent all opera houses outright. Opera
house Thursday and Friday, January 8
and 9; admission 25, 50 and 75 cents.
Mr. Matson, manager of the opera
house, will refund your money if not
satisfied.

TO THE PUBLIC.

We have enjoyed a splendid trade the past
year, for which we extend thanks to the pub-
lic in general, and hope to merit the same con-
sideration in the future.

FOR THE HOME.

Some Interesting Paragraphs for the Good Housewives.

WAFFLES, DOUGHNUTS, CROQUETTES.

On cold mornings nothing tastes better than waffles. To make them, beat three eggs well, add one pint of sweet milk, one tablespoonful of butter and sugar, two tablespoonfuls of baking powder and flour enough to make a thin batter. Have the waffle iron hot and spread the batter evenly.

An old-fashioned invalid drink is called crust coffee. Over the equivalent of two slices of bread toasted a golden brown in the oven, pour one pint of boiling water. Steep gently for fifteen minutes, strain and serve, adding sugar and cream to taste.

In cake-making while butter is so expensive, instead of using all butter, use half lard and half butter. Of course only the nicest of lard should be used. An eggless fruit cake may be made as follows: One cupful of sour milk, one scant cupful of sugar, a scant half-cupful of butter, two cupfuls of flour, one of chopped raisins, one teaspoonful each of soda and cinnamon and one-half teaspoonful of nutmeg.

When frying doughnuts, croquettes, etc., use half lard and half rendered beef suet. This is more wholesome than the clear beef lard and costs much less. To prepare the suet, take only the clean white leaves, cut them up in inch pieces, place in granite kettle together with a pint of water for each five pounds of suet. Cook briskly until the water has all boiled out and the bits of suet are brown and crackly, stirring often to prevent them catching on bottom of kettle and scorching. When done, strain through cheesecloth into a half-gallon crock.

Fudge candy is made as follows: Put one tablespoonful of butter in a saucepan, and three cupfuls of sugar and one cupful of milk. When the sugar has melted add four or five level tablespoonfuls of cocoa. Stir and boil fifteen minutes, take from the fire, add one tablespoonful of vanilla, stir until creamy, pour upon buttered plates and cut in squares. This is the best and cheapest rule, as the cocoa is more digestible than chocolate and the starch makes the fudge creamy. Some cocoas are richer than others and four level tablespoonfuls are sufficient.

The salamander iron is one of the most useful of new acquisitions to the kingdom of the kitchen. It is a flat iron disk, fastened to a handle. When thoroughly heated over coals the iron is lifted and held over pastry, mergues, etc., which have not been browned evenly in the oven for fear of overbaking. The iron must be very hot. It can be heated in the fire if desired and then carefully wiped before applying to the half-browned pie or custard. The heat from the iron will in a very few moments do what the oven failed to do. In this way every housekeeper is able to obtain for her pastry and other dishes an evenly browned appearance, which always adds much to their appetizing attractiveness.

January is the best time to buy table linen. Never buy a mixture of cotton and linen and beware of damask that is stiff and crackly, for it has probably been starched to make it appear of better quality than it really is. Good linen has an elastic texture. Some of the finer French damasks appear exquisite, but they do not pass the soap and water test creditably. Considering all points, the Irish linen is far superior to any other. Two yards, and a half is the best width for general use, as it covers well a table four feet wide and three yards is a convenient length for the ordinary table. It is well to have two cloths of the same piece in case of a considerable extension of the table on some special occasion and one very long cloth may be so rarely used as to become yellow. The cloths that come woven in one piece are especially beautiful in design and texture and cost a mere trifle more than the well goods.

One Hundred Dollars a Box. Is the value H. A. Tisdale, Summerton, S. C. places on De Witt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except De Witt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with anti-septics and emollients; relieves and permanently cures blind, bleeding itching and protruding piles, sore cuts, bruises, eczema, salt rheum and all skin diseases. J. H. O'Reilly & Co., and B. H. Briggs & Co.

ANOTHER PIONEER.

Bright's Disease and Diabetes Are Positively Curable.

When the San Francisco business men were investigating the Fulton Compound they heard that Dr. C. D. Zeile had both Bright's Disease and Diabetes, and was given up as incurable, and they waited on him and got him to take it. Now for the sequel. This letter was written 9 months later:

"222 Pacific St., San Francisco, Sept. 7, 1901.
"Dear Sirs: I have conducted my own pharmacy on my own property on Pacific St. for over eight years, hence my associates number some of the best old school physicians. I had chronic Bright's Disease and Diabetes of long standing, which got so serious that in October last the judgment of my medical friends was that three months would see the end. We all looked upon the mere suggestion of a cure as empirical and visionary. But I yielded to the earnestness of the parties, and the insistence of one of my family, and went on the Fulton Compound for Bright's Disease as a test. The first week I improved, but thought it a coincidence. But every week thereafter the improvement continued. The time for the fatal end passed and I was still growing stronger. This continued till July, when the last trace of both albumen and sugar disappeared. I suppose I have given the Compound to a dozen, and they all reported favorably. However unreasonable I may appear, the cure has been found. If those interested care to call at my drug store I will be glad to tell all I know concerning this important matter. The discovery is second only in importance to the discovery of a cure for gonorrhea."
"CARL D. ZEILE."

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 420 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

Like
a Comet

This

famous remedy
does for the stom-
ach that which it
is unable to do for
itself, even if but
slightly disordered
or overburdened.

Kodol

supplies the natural
juices of digestion and
does the work of the
stomach, relaxing the
nervous tension, while
the inflamed muscles
and membranes of that
organ are allowed to
rest and heal. It cures
indigestion, flatulence,
palpitation of the heart,
nervous dyspepsia and
all stomach troubles by
cleansing, purifying and
strengthening the glands,
membranes of the stom-
ach and digestive organs.

CERRILLOS.

From the Register.
Mrs. C. C. Green has been suffering
with rheumatism the past two weeks.
Miss Minnie Williams, of Albuquer-
que, visited at the home of W. H. Cole-
man during the holidays.

Mrs. Albert Kohler left for Kingman,
Arizona, to join her husband, who left
some weeks ago.

Misses Ethel Porter and Mand
Davenport have been quite sick for
two or three weeks, but are much
better now.

Mrs. Hyde, of Joliet, Ill., arrived
Monday for an extended visit with her
son, Superintendent G. P. Hyde, of the
Cerrillos smelter.

G. M. Kidd, James and Perry Nelson
who have been working on the Santa
Fe Central, have moved their families
to town and are going to reside here
until spring.

R. Green lost a valuable horse Mon-
day evening. The animal began to
show signs of being sick at Madrid on
the return trip with the mail from
San Pedro, and died a few hours after
reaching home.

Mr. and Mrs. G. P. Hyde very pleas-
antly entertained a few friends New
Year's eve at their beautiful home.
Mrs. F. C. Buell, Misses Ruth Buell
and May Harney, Messrs. Bretherton,
Barnes and Eschwege were those pres-
ent. Light refreshments were served
and a delightful time enjoyed by all.

The total amount collected for the
Christmas tree at the Methodist church
was: Cash, \$38.75. The oranges, ap-
ples and tree were contributed by
Messrs. Kinsell, Thomas, Jones and
Michael. The Dorcas Aid, contributed
\$15 of the cash contribution. Mr. Hyde
the superintendent of the smelter, gave
\$5. The balance was made up by the
business men and houses.

A social New Year party was given
last night at the home of W. H. Cole-
man, in honor of Misses Lucy Cole-
man and Minnie Williams. Refresh-
ments were served and the evening
spent in playing games. Those pres-
ent were: Misses Ruth Buell, May
Harney, Agnes Newhouse, Minnie
Williams, Edna Young, Belle Sweet,
Amelia Gutterman; Messrs. and Mes-
dames W. H. Coleman, William Cole-
man, James Coleman; Mrs. H. J.
Dague; James McHughes, Otis Kelly,
Clarence Sweet, Earl Hartley, Fred
North, N. S. Rose.

Rev. Carlisle P. B. Martin, L. L. D.
Waverly, Texas, writes: "Of a morn-
ing when first rising, I often find a
troublesome collection of phlegm,
which produces a cough, and is very
hard to dislodge; but a small quantity
of Ballard's Horehound Syrup will
at once dislodge it, and the trouble is
over. I know of no medicine that is
equal to it, and it is so pleasant to
take. I can most cordially recom-
mend it to all persons, needing a med-
icine for throat or lung troubles." Price
25c, 50c, \$1.00 a bottle at Cosmo-
politan Pharmacy—B. Ruppe.

LAS VEGAS.
From the Optic.
The Las Vegas Gun club has been
invited to participate in the gun club
shoot at El Paso, during the mid-winter
carnival.

Walter G. Benjamin, Christmas, re-
ceived a very handsome Elk's charm
as a token of appreciation from sev-
eral of his employees.

The Agua Pura company has ship-
ped 500 cars of ice in the last two
weeks. This ice goes to Albuquerque,

San Miguel, El Paso, La Junta and as
far west as San Diego.

James McIntosh, who had been here
for about three weeks, died yesterday
afternoon. He leaves a wife and three
children, who are in destitute circum-
stances.

Col. F. A. Blake was seized with a
congestive chill at his residence here
and for a time his life was despaired
of, it having settled in his lungs. How-
ever, he was much better at last ac-
counts.

A young girl, whose name is with-
held from publication on account of
the other hearts that would ache, was
arrested last night under the age-of-
consent law. The Optic may have
something to say about the traffic in
young girls in a future issue.

Dr. E. B. Shaw, of this city, present-
ed the Roswell military institute, at-
tended by his son, a very valuable and
acceptable Christmas present, consist-
ing of a Century dictionary and cyclo-
pedia and atlas, together with a hand-
some case. This is an invaluable gift
and all interested in the school are cor-
respondingly grateful.

From the Record.
Mrs. Flora Prentice, an attendant at
the asylum, has taken a thirty days'
leave of absence, which she will spend
in town.

Miss Jennie O'Brien arrived in the
city from Seattle, Wash., called there
by the serious illness of her sister,
Miss Winifred O'Brien.

Mrs. C. W. Uptegrove and Harry
Stecker, after a pleasant visit here
with Mrs. C. Waring, left for Deming,
at which place Mrs. Uptegrove will
spend the winter.

Miss Julia Tysler, one of the accom-
modating operators at the Las Vegas
Telephone company's office, was not at
her post of duty on account of the
serious illness of her sister, Miss Hel-
en.

Rev. Frank C. Ward, of Centralia,
Mo., has accepted the call of the East
Las Vegas Baptist church and will be
here in time to hold services on the
second Sunday in January. Rev. Ward
is a comparatively young man, being
only thirty-two years of age, and comes
highly recommended as a pulpit orator
and exhorter.

SCROFULA

I bequeath to my children Scrofula with all its
attendant horrors, humiliation and suffering. This is a
strange legacy to leave to posterity; a heavy burden to
place upon the shoulders of the young.

This treacherous disease dwarfs the body and hinders
the growth and development of the faculties, and the
child born of blood poison, or scrofula-tainted parentage,
is poorly equipped for life's duties.

Scrofula is a disease with numerous and varied
symptoms; enlarged glands or tumors about the neck
and armpits, catarrh of the head, weak eyes and dreadful
skin eruptions upon different parts of the body show the
presence of tubercular or scrofulous matter in the blood. This dangerous
and stealthy disease entrenches itself securely in the system and attacks
the bones and tissues, destroys the red corpuscles of the blood, resulting in
white swelling, a pallid, waxy appearance of the skin, loss of strength and
a gradual wasting away of the body.

S. S. S. combines both purifying and tonic properties, and is guar-
anteed entirely vegetable, making it the ideal remedy in
all scrofulous affections. It purifies the deteriorated
blood, makes it rich and strong and a complete and
permanent cure is soon effected. S. S. S. improves
the digestion and assimilation of food, restores the
lost properties to the blood and quickens the circulation, bringing a healthy
color to the skin and vigor to the weak and emaciated body.

Write us about your case and our physicians will cheerfully advise and
help you in every possible way to regain your health. Book on blood and
skin diseases free.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

D. H. Weir, who has charge of the
work of installing the machinery in the
power house of the street railway com-
pany, left Wednesday for El Porvenir
to secure a pole for use in erecting the
smoke stack which fell recently. He
returned with a monster, it being a
spruce tree, sixty-eight feet in length,
sixteen inches through at the base and
eight inches through at the top. Con-
siderable trouble was experienced in
getting it to town, on account of its
great length and, the many short
curves in the road, but it was landed
here safe and sound and the stack will
be placed in position at once.

Simple Colds.
Cease to be simple, if at all prolong-
ed. The safest way is to put them
aside at the very beginning. Ballard's
Horehound Syrup stops a cold and re-
moves the cause of colds. 25c, 50c,
\$1.00 a bottle at Cosmopolitan Phar-
macy—B. Ruppe.

LORDSBURG.
rom the liberal.
A happy lot of people danced out
the old year and in the new at the
Knights of Pythias hall Wednesday
night.

Miss Olive Walton, a Morencio school
marm, who spent Christmas with Mr.
and Mrs. H. G. Shafer, returned to
her home in the copper camp the first
of the week.

The other evening Dr. and Mrs.
Crocker dined away from home.
During their absence a burglar effect-
ed an entrance to the house and stole
a set of pearl handled fruit knives and
a pair of gloves. No trace of the mis-
sing property has been found.

A letter from Harry Classen tells
that he is about restored to normal
health. At one time it was thought
he never would be able to walk again,
but he has got better, and almost en-
tirely regained the use of his legs, and
is able to travel around again as usual.
This his many friends in this section
are glad to know.

If Unwell.
Try a 50c bottle of Herbine, notice
the improvement speedily effected in
your appetite, energy, strength and
vigor. Watch how it brightens the
spirit, gives freedom from indigestion
and debility.

Isaac Story, Ava, Mo., writes: Sept.
10th, 1900. "I was in bad health. I
had stomach trouble for twelve
months, also dumb chills. Dr. J. W.
Mory prescribed Herbine, it cured me
in two weeks. I can not recommend
it too highly, it will do all you claim
for it." Sold by Cosmopolitan Phar-
macy—B. Ruppe.

Frank Forsythe Canned.
B. F. Forsythe, of Las Vegas, was
presented with a gold headed ebony
cane by three of his employees—L. W.
Wright, G. W. Post and Dell Cham-
bers. The cane was an unusually
heavy and handsome one, and Mr. For-
sythe was justly proud of the appre-
ciation which the gift expressed.

It may be said, in passing, that he
is president of the Las Vegas city coun-
cil, chairman of the finance committee,
chairman of the streets and alleys
committee and chairman of the ordi-
nance committee. He is a past eminent
commander of the Knights Templar
and a past exalted ruler of the Elks.

Finds Way To Live Long.
The startling announcement of a
discovery that will surely lengthen life
is made by editor O. H. Downey, of
Churubusco, Ind., "I wish to state," he
writes, "that Dr. King's New Discovery
remedy that I have ever known for
coughs, colds and grip. It's invaluable
to people with weak lungs. Having
this wonderful medicine no one need
dread pneumonia or consumption. It's
relief is instant and cure certain." All
druggists guarantee every 50c and
\$1.00 bottle, and give trial bottles free.

BIG CATTLE DEAL.

Ballou and Barksdale Lease the Bur-
dick Cattle and Ranches.

M. R. Ballou, foreman of the G. O. S.,
and H. P. Barksdale, foreman of the
Diamond Bar, both of Grant county,
have leased all the ranches, farms,
stock and cattle belonging to the C. A.
Burdick outfit, owning the T. J. Con-
nect brand. The ranches and cattle

are in Socorro county, and comprise
about 7,000 head of cattle. These gen-
tlemen have resigned their respective
positions with the above named com-
panies and took charge of their new
lease on January 1, 1903.

Unconscious From Croup.
During a sudden and terrible attack
of croup our little girl was unconscious
from strangulation, says A. L. Spafford
postmaster, Chester, Mich., and a dose
of One Minute Cough Cure was admin-
istered and repeated often. It reduced
the swelling and inflammation, cut the
mucus and shortly the child was rest-
ing easy and speedily recovered. It
cures coughs, colds, lagrippe, and all
throat and chest and enables the lungs
to contribute pure, health-giving oxy-
gen to the blood. J. H. O'Reilly &
Co. and B. H. Briggs & Co.

An Attorney Honored.
Hugo Seaberg, Esq., an attorney of
Springer, has received the degree of
doctor of laws from the Nashville Col-
lege of Law. Mr. Seaberg has been a
resident of New Mexico for the past
twelve years and is enjoying a lucra-
tive and growing law practice through-
out the Fourth judicial district. He is
rapidly rising in his profession and is
already recognized as a leader in the
bar of the Fourth judicial district and
the territory. He is but thirty-six years
of age and his law office and practice
are at Springer. The honor is one
worthily bestowed.

get them in Deming cheap now, with cer-
tain advance assured?
Agricultural lands in Deming are unsur-
passed for fertility, production of fruits
and vegetables of all kinds.
Deming offers the same opportunities
now that the most prosperous cities in the
west offered several years ago.
Deming needs one hundred new houses
to supply the demand, and needs them
now. This demand continues to grow.
Deming ships over 100,000 head of cattle
annually; is the center of the greatest
breeding region in the southwest and cat-
tlemen all know this.

IN SOCIAL LIFE.

Card Party.

One of the most enjoyable social events of the holiday season was a card party given by Mrs. F. A. Hubbell, at her home, 511 West Coal avenue, Saturday afternoon. The Hubbell home was handsomely decorated for the occasion with cut flowers and evergreen. Progressive euchre was the game. Dainty refreshments were served at the tables.

An At-Home.

Mrs. Mabel Stevens-Himoe was at home to a number of ladies who called New Year's afternoon. They were Mrs. E. L. Medler, Mrs. O. A. Matson, and Misses Fitch, Willey, Betty Willey.

Mrs. Hubbs Entertains.

Mrs. J. A. Hubbs invited a few friends to the Hubbs home, 415 South Third street, Friday night. Music was enjoyed. The guests were Mrs. E. P. Reid, Mr. and Mrs. John Douglas Walker, Mrs. Mabel S. Himoe, Miss Reece, Robert T. Blair, Duncan Bell, H. B. Henning.

Euchre Party.

The Grunsfeld home on West Copper avenue was a scene of a very pretty New Year's evening. Mesdames Hilda and Edward Grunsfeld were the pleasing hosts to a number of city and out of town friends. Euchre was played and refreshments served.

Progressive Hearts.

Miss Irma Tascher entertained at her home on South Broadway on New Year's eve with the mystic game of hearts. The guests sat at the four tables. Refreshments were served. Those present were Helen Rodey, Susan Dobson, Gladys Childers, Regina Rosenwald, Mildred Fox, Ada Campfield, Irma Schuster, Lillian Spitz, Ralph Tascher, Frank Springer, Raymond Stamm, Ward Anderson, Lloyd Sturges, Romie Jaffa, Kirk Bryan and Will Pratt.

Scratch, scratch, scratch: unable to attend to business during the day or sleep during the night. Itching piles—horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

LOCAL PARAGRAPHS.

E. Chacon, attorney of Las Vegas, is in the city on business.

Peter Solomon, registering from Armenia, Turkey, is in the city.

Mrs. M. C. Fleming has returned from a pleasant visit with friends at Belen.

Mrs. Joseph Barnett, who has been ill the past week, is reported convalescing.

Miss Marie Pettie, an accomplished young lady of Des Moines, Iowa, is in the city.

Bernardo Valdez, of Alameda, died this morning at 5 o'clock. A. Borders had charge of the funeral.

Mrs. Jacob H. Gainsley, who has been quite ill during the past few days, is reported getting along nicely.

Col. R. E. Twitchell, assistant attorney for the Santa Fe, is in the city. He will go to Las Vegas tonight.

Sheriff T. S. Hubbell was a passenger for Santa Fe this morning. He expects to return home this evening.

George Hofheins, the Cochiti miner, who has been employed at Santa Fe the past few months, is in the city today.

Mrs. E. E. Ralston is the cheerful demonstrator for the Vina Vita breakfast food, who is held forth at the Jaffa grocery store.

As a consequence of somebody's carelessness one of the large panes of glass in the front of J. A. Skinner's grocery store is broken.

Donaciano Romero, son of Bolesto Romero, of Los Lunas, passed through the city this morning bound for Santa Fe, where he is a student of the St. Michael college.

United States Marshal C. M. Foraker has returned from a few days spent at Silver City attending to private business matters and the shipment of some cattle from his ranch.

Sol Metzgar is today the proudest man in the city, his wife having presented him with a bouncing boy that tips the scales at ten pounds. Both mother and baby are doing well.

J. K. Hines, for some time billing clerk at the local freight house, has been appointed to a position as stenographer in General Manager A. G. Wells' office at Los Angeles and has gone hence to fill it.

Mrs. Quirina Sanchez de Barela passed away at 9 o'clock this morning at her home in Ranchos de Atrisco, after a lingering illness of eight months. She leaves to mourn her loss a husband and ten children, eight of whom are girls and two boys.

J. E. Jeffery, the famous old time type setter, who years ago made the little breviter letters quiver with fright on account of the rapidity with which they were picked from the case, dropped in from the west this morning, to enjoy a day with the printers of this city. He has aged considerably since leaving here several years ago, and is now on his way to the printers' home

at Colorado Springs, Colo., where he will be free from the print shops and the wrangling of the kickers over whether this or that piece of matter should be set leaded or solid. Jeffery realizes that the linotypes have kicked out the old hand typesetters, and, being too old to commence the trade over again, he now goes to the home for aged and infirm printers to live in supreme peace the remainder of his days.

Harry Bailey, formerly of Albemarle, a nephew of O. P. Posey, who is heavily interested in Bland district mining property, is in the city on a visit to his friend, Ike H. Graham. Mr. Bailey is on his way to Acme, Arizona, where there is now being erected one of the largest smelting and milling plants in the west.

Mrs. Lucy Mather and daughters, of Chicago, spent yesterday in the city and left last night for Redlands, Cal. They had intended stopping some time in Albuquerque, but on account of one of the daughter's being effected with heart trouble it was decided that the altitude here was too high for her.

The two sons of J. M. Sandoval, after spending the holidays here with their parents, returned to Denver this morning. They are students at the Sacred Heart college.

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant clock. Both 'phones.

PIANOS! PIANOS!!

High Class Instruments Going Fast at Hall & Learnard's.

Another piano today was the report on Hall & Learnard's piano record sheet. The large shipment of Chickering Bros' pianos received about a week ago are going fast. The progressive firm know what the people want and use their best efforts in securing it. In connection with the finest lot of pianos that ever come into the city, they have an assortment of pianos and organs received in exchange for pianos sold. These instruments are in excellent condition and just the thing for the young folks to learn on.

The prices and terms are reasonable and will be made to fit any pocket-book. If you are interested call at Hall & Learnard's.
