## "THE HUGGER"

He is Annoying the Girls of  
Wichita, Kansas.

## JAPAN INTERNATIONAL EXPOSITION

Important Gathering of University  
Men at National Capital.

## NEW YORK ART EXHIBIT

Wichita, Jan. 3.—"Jack the Hugger" has made his debut in Wichita, and his second victim has been reported. This seems to be the beginning of an epidemic which sweeps over every city about once or twice a year. This renowned Jack usually frequents dark places on deserted streets for his deeds, and when a woman passes rushes out, catches her in his arms and kisses her, then beats a hasty retreat before her screams bring help.

On this occasion a young lady living in the north part of town was walking north on Market street to her home. When she reached Third street a man stepped from behind a tree and followed her. She quickened her steps and he did also. Then she walked slower, thinking he would pass her, but when he caught up with her instead of passing he threw his arms around her and without saying a word attempted to kiss her. She screamed and struck him in the face, and finally succeeded in breaking away from him. By this time she was thoroughly frightened and ran screaming to the nearest house, which was that of John Cleary, 409 North Market. She expected every moment to be caught by the hugger, and when she reached the door she did not stop to ring the bell but rushed right in upon the family. She was so wrought up over the scare that she could hardly tell her story and by the time Mr. Cleary learned the facts the hugger had disappeared.

A case something similar to this happened two nights before. A young lady was crossing the Douglas avenue bridge after dark and while she was in the shadow made by one of the bridge piers she was caught and kissed by some man. She screamed and struck him. There was a number of persons on the bridge at the time but the hugger escaped.

Whether both acts were committed by one person is not known, but both girls say their assailants were white men and that they were young fellows, about 25 years of age.

## JAPAN'S EXPOSITION.

International Exposition to Be Held at  
Osaka Next Year.

Washington, Jan. 3.—The Japanese legation is in receipt of advices giving details of the rapid progress made in the preparations for the international exposition to be held next year at Osaka, the chief industrial city of Japan. The entire world has been invited to take part in the affair and from all accounts the chief countries of Europe, as well as of America, will be well represented.

The exposition will present some novel and interesting features never witnessed on similar occasions in the past, to one of which in particular the imperial government desires to call the attention of foreign manufacturers and of the industrial public in general. That is the establishing of a special building for the samples of such articles produced or manufactured in foreign countries as may be of value for purposes of comparison or reference in the way of industrial improvement. The primary object aimed at is to afford the Japanese manufacturers an opportunity of studying the latest products of western invention with a view to the improvement of Japanese industries. At the same time this display of samples will offer to foreign manufacturers a rare opportunity for exploiting the rapidly developing markets of the whole far east, for the exposition is expected to attract thousands of visitors from the continental countries of Asia.

## EDUCATIONAL MEETING

Important Gathering of University Men  
at Washington.

Washington, Jan. 3.—Of all the educational meetings and conferences held from one end of the country to the other during the present week probably none exceeds in interest and importance the meeting of the Na-

tional Association of State Universities, which began its sessions at the Ebbitt house today.

It is the regular annual meeting of the body and the purpose is to discuss educational matters from the viewpoint of the country at large.

The wide scope of the association's efforts is displayed in the schedule of topics arranged for discussion. Included in the list are the following: Schools of mines and state universities; methods of correcting or eliminating idle or unprofitable university students; intercollegiate athletics and official university control; the regulation of attendance on religious exercises in state universities; how may the Cecil Rhodes scholarships be made useful in America?

## St. Paul's New Coast Service.

Chicago, Ill., Jan. 3.—The new passenger service between Chicago, Colorado and California, to be operated by the Chicago, Milwaukee & St. Paul, the Union Pacific the Southern Pacific roads, was inaugurated today. The service provides for three trains out of Chicago over the St. Paul daily. The first of these is a new Chicago-Omaha train, leaving Chicago at 9:35 a. m. and arriving at Omaha at 10:35 a. m. The other two trains, which are to carry the coast service, leave Chicago as heretofore, 6 p. m. and 10:30.

## ART EXHIBIT.

Fine Exhibition by the National Academy of Design.

New York, Jan. 3.—The seventy-eighth annual exhibition of the National Academy of Design was opened today, the galleries of the American Fine Arts society in West Fifty-seventh street. The attendance was good, but composed principally of art students. There are more than 500 works in oil, pastel and sculpture on exhibition. To a large degree the great amount of interest manifested in the exhibition is due to the several thousand dollars offered in prizes for the best American figure composition, the three best pictures in oil painted by citizens of the United States under 35 years of age, and for the best landscape. Many of the pictures entered, however, are not in competition, and the academy people have purposely refrained from publicly designating the works that are really contending for the prizes, the wish being to get an idea of public opinion as to which really is the best picture unbiased by any outside considerations.

## MISS NELL FLOURNOY.

She Entertained Her Young Friends  
Elegantly Last Night.

Miss Nell Flournoy entertained a number of her friends last night with a farewell party at her happy home on East Railroad avenue.

Miss Flournoy will leave for Pasadena, Cal., to enter school, after ending her holiday visit in this city.

The young lady proved a charming hostess and her friends will remember the entertainment as one of pleasure.

The house was beautifully decorated with smilax, palms and a variety of green things used for adornment during the holidays. Most of the evening was spent in the ball room, which occupies the third floor. This spacious hall was lavishly trimmed with floral decorations that trailed over walls and ceiling.

A choice repast was served to the following gathering: Misses Tascher, Childers, Thomas, Settle, Fitch, Stevens, Betty Willey, Nelson Willey, Haloran, Lewinson, Saint, Walton, Staab, Louise Saint, Rosenwald, Alma Rosenwald, Messrs. Pickard, Brooks, Frost, Griffing, Alger, Bell, Hunt, Newman, Spencer, Lewinson, Kuhns, Hertzog, H. Weiler, D. Weiler, Appel, Thomas, W. Jaffa, B. Jaffa, Faber and Reynolds were the guests at the luncheon.

## HOSPITAL FIRE LOSS.

Adjuster Holden Makes His Report on  
Railway Hospital Fire.

F. L. Holden, adjuster for the Phoenix Fire Assurance company of London, visited the scene of destruction of the Santa Fe Pacific hospital fire yesterday, in company with Division Superintendent I. L. Hibbard, of Winslow.

Mr. Holden said this morning that he put the railroad company's loss by the fire at \$14,000, \$8,000 of which is covered by insurance carried in his company. He also said that certain railroad officials who are in a position to know, had intimated to him that the hospital would be rebuilt and would be either brick or stone.

Mr. Holden expects to return east tomorrow. His headquarters are in Chicago.

## MINE CAVED IN

Big Hole in Ground at Oliphant  
Mine in Pennsylvania.

## BIG RAILROAD ENGINES COLLIDE

President Roosevelt Receives the  
American Science Association.

## GERMAN TROOPS EVACUATE CHINA

Scranton, Jan. 3.—There were no new developments in the vicinity of yesterday's cave-in at the Oliphant mine, except for a few rumbling noises which caused more fright than harm. The cave-in covered an area of 150 feet long and 120 feet wide. Four buildings went into the cavity, one of them being a large hotel valued at \$20,000. The cavity is being filled today.

## Another Cave-in.

Scranton, Jan. 3.—Just before noon today another fall of earth enlarged the big cave-in at Oliphant and removed over half of the support from beneath the Evans building which stands on the corner of the hole made by yesterday's cave-in. Several large cracks have appeared on the surface of adjacent property and the feeling of security which prevailed at daybreak has given way to one of alarm. The Delaware & Hudson company has built a switch to the edge of the cavity and is dumping hundreds of car loads of ashes into the big hole. It will take about a week to fill it even if it does not become enlarged.

## ENGINES COLLIDE

Another Fatal Accident to the Grand  
Trunk Railroad.

St. Catharines, Ont., Jan. 3.—The Chicago express, east bound, consisting of two baggage cars, two day coaches and two sleepers drawn by an eighty-ton engine, collided today with another eighty-ton engine running light, just west of Meriton tunnel, on the Grand Trunk railroad. Fireman DeSaut was killed and Engineers Buckett and Duke, and Fireman Horning were seriously injured. Both engines and the baggage car were badly wrecked. Thirty passengers escaped with a bad shaking up, a few bruises and scratches. The cause of the accident is not known.

## CALLED ON PRESIDENT.

Small Army of Visitors Make Calls on  
Roosevelt.

Washington, Jan. 3.—Herr Von Holleben, the German ambassador, called at the executive offices today to introduce to President Roosevelt, Commander Schroeder, the recently appointed naval attaché of the German embassy.

A little later, Assistant Secretary Brigham, of the department of agriculture, introduced to the president the members of the executive committee of the national grange.

Shortly before 11 o'clock the president received at the white house 500 members of the American association for the advancement of science. To each the president gave a cordial greeting and his good wishes for the New Year.

## German Troops Leave China.

Shanghai, Jan. 3.—The last of the German troops which belonged to the garrison here left Shanghai today, mostly for home. The evacuation of this port is thus completed.

## COMMITTED SUICIDE.

Prominent Silverton, Colo., Miner and  
Banker Kills Himself.

Silverton, Jan. 3.—At noon today James H. Robin was found dead three miles from town, near a water tank. He had shot himself through the head. The body was found by Charles Rue, water works employe, who received a reward of \$100.

Robin was the president of the bank at Silverton. He was last seen shortly after 7 o'clock standing in front of the Grand hotel.

Yesterday when A. H. Mundee, cashier of the bank, found that Robin

did not show up at the bank he instituted a search and found that he had not been home all night. As a matter of precaution he closed the bank. It was stated at the time that Robin had been acting in a peculiar manner for several days and it was feared that he had made away with himself. Search was instituted yesterday and continued all night and this morning, with the result that the body was found at noon.

It is generally believed that the bank is in sound financial condition, and Robin was out of his head when he killed himself.

He was generally respected and business men who knew Robin say his wealth will amount to a half million dollars. He was principal owner of the Iowa-Tiger mine and promoter of the Camp Bird extension.

## TELEGRAPH TO QUAY.

Delegate Rodey Wants Facts About  
New Mexico.

Washington, Jan. 3.—Let our press ask every official, mayor, board and body in the territory to wire Quay condemning the Beveridge report and favoring the omnibus bill. Now is the time.

## ONE CAPTURED.

William Nolan, One of the Escaped  
Prisoners, Again in the Toils.

## SHERIFF HUBBELL'S ACTIVITY.

After a three days' vacation, William Nolan, one of the seven escaped county jail prisoners, was returned to the county jail this morning. Nolan was captured at Los Lunas by Sheriff Carlos Back, of Valencia county. Deputy Sheriff Newcomer, of this county, brought the escaped prisoner to the city this morning.

Nolan presents a rather attractive appearance, about 18 years old, six feet tall, light hair, blue eyes and does not have the bearing of a criminal. He is a United States prisoner, awaiting to be tried for breaking into a bonded car, which offense is considered very serious.

Two other men have been arrested, but they proved to be the wrong men and were immediately released. It has been learned since the escape that Howard J. Gould, whose freakish maneuvers created sensations and losses some time ago, could have escaped, but he preferred to await his trial. The descriptions of the escaped men, as published yesterday in The Citizen were also furnished by Gould, who has proven to be a very bright fellow.

Sheriff Hubbell is to be given the highest credit for his efforts to locate the prisoners since their escape. All the neighboring towns have been notified by wire and the deputies out are in constant communication with Sheriff Hubbell.

A jail delivery is an occasional occurrence in all communities, and it may be said that the delivery at the county jail was cleverly executed.

The idea was immediately taken from Munroe's attempt to escape, which was in the same manner.

## Message from Honolulu.

Washington, Jan. 3.—Postmaster General Payne today received the following cablegram from Honolulu:

"The postmaster and staff at Honolulu send compliments of the season to the postmaster general."

"JOSEPH M. OATS, Postmaster."

## POLITICAL CONTESTS.

Wholesale List of Contests in the Colorado  
Legislature.

Denver, Jan. 3.—Contests were filed today with the secretary of state and notice will be served on every democratic member of the house and senate whose seat has not been contested. In each case allegations are fraud, intimidation at the polls and illegal counting of ballots. It is said that if the democrats in the senate carry out their threat to oust republican senators, if the Arapahoes are ousted from the house, then the republican majority in the house will unseat every democratic member of the house.

Jose Y. Aragon, a ranchman from the Mancos neighborhood, is in the city with his family.

## REBELS IN FEZ

Pretender and His Army Enter  
the City.

## BANK DYNAMITED AND ROBBED

Paymaster of Iowa Coal Mine Held  
Up and Robbed.

## SPAIN WILL ADOPT GOLD STANDARD

Madrid, Jan. 3.—According to information received by the Lib-eral pretender to the throne of Morocco has entered Fez and met with a good reception.

## Knew He Was Whipped.

Tangier, Jan. 3.—A letter from the sultan was read in the mosque today, acknowledging his recent defeat, but promising to punish the rebels soon.

## Situation Serious.

Madrid, Jan. 3.—Telegrams received here from Tangier agree that the situation is more serious. The postoffice refuses to be responsible for registered letters. One dispatch says the sultan's position is extremely critical, as the Jews, of whom there are 10,000 in Fez, smarting from injustice and cruelty, are inclined to support the pretender and an outbreak in the city is apprehended.

## Illinois Bank Robbed.

Galesburg, Ill., Jan. 3.—Five men entered the First National bank of Abingdon early today, bound and gagged the night watchman and leisurely blew open the vault, securing \$4,800. Thirteen charges of dynamite were discharged before the cash was reached. The robbers are believed to have entered the city in two buggies and to have driven north and west afterwards.

## Two Robbers Arrested.

Quincy, Ill., Jan. 3.—Two of the five men who dynamited the First National bank at Abingdon and stole about \$4,800, were arrested here on the arrival of the fast mail on the Burlington from Galesburg. Both men carried enormous pistols and tried to draw them on the officers who made the arrest, but were overpowered and disarmed. Each man had a grip filled with money and also burglar tools and explosives. The money amounted to \$1,127.

## PAYMASTER ROBBED.

He Afterwards Shot and Captured One  
of the Robbers.

Bussey, Iowa, Jan. 3.—W. R. Sullivan, paymaster of the Bussey coal mine, near this place, was held up by three robbers early today and robbed of \$1,800. After the robbers had obtained the money, Sullivan secured a shotgun and began firing at them. One of the men was seriously wounded, being shot in the face and arm. He was captured and taken to Knoxville for treatment. He refuses to give his name. The other two robbers escaped with the money.

## Gold Coinage in Spain.

Madrid, Jan. 3.—Finance Minister Villaverde is preparing for presentation to the senate a financial scheme, providing for the free coinage of gold and the absolute prohibition of the coinage of silver. The budget surplus will be employed in the improvement of the monetary circulation.

## PANAMA CANAL.

Negotiations for the Big Ditch Pro-  
gressing Satisfactorily.

Washington, Jan. 3.—Mr. Herran, the Colombian charge here, and Cromwell, counsel for the Panama Canal company, called at the state department today by arrangement, separately, though in pursuit of a common purpose. Naturally, in the incomplete state of the canal negotiations, the state department officials are unwilling to be quoted to the effect that in the judgment of the canal company officials the negotiations are progressing satisfactorily and promise to result in a settlement and the signing of a treaty.

## Back From Gallup.

Officer Harry Cooper returned this morning from Gallup and a few other

western towns, where he has been searching for the prisoners who escaped from the county jail Thursday morning. Officer Cooper had a strenuous trip which was without excitement and result, but if there had been anything doing he would have been right there. They say Cooper is a regular "human bloodhound" when he gets on a man's trail.

## FOSTER FIRE ADJUSTORS.

Judge C. W. Potter and F. H. Rhoades,  
of Denver, Arrived Today.

On the Santa Fe limited, which arrived from the north today, there were two fire insurance adjustors—Judge C. W. Potter, representing the Aetna company, and Fred H. Rhoades, for the Continental company. They came to investigate into the facts of the Foster Millinery company fire, and will also officiate as adjustors for the other two companies interested—the British-American and the Niagara Fire Insurance companies. There was an insurance of \$3,500 carried on the stock of goods, namely \$1,500 in the Continental, \$1,000 in the Aetna, \$500 in the Niagara, and \$500 in the British-American.

Mrs. Rhoades, wife of one of the adjustors, is a close relative of Mrs. Foster, and Mr. Rhoades, who represents the Continental, is placed in the peculiar position of adjustor and sympathizer.

## MILK WAGON RUN AWAY.

Gleckler's Team Made Lively Times  
on Railroad Avenue.

The team of spirited horses hitched to Gleckler's dairy wagon created considerable excitement on Railroad avenue by running away this morning.

The team was hitched in front of Walton's drug store, when in some manner one of the horses became frightened and jumping back broke the bit and jerked the bridle off. Lunging forward they went out Railroad avenue, throwing milk right and left. At Fifth street an employee of the city wagon stopped the frightened horses. The driver had almost covered his morning route and consequently there was very little milk in the cans.

The wagon tongue was broken and the wagon battered up some, but otherwise it was a fortunate runaway.

## FIRE LOSS ADJUSTED.

Payment Made to Golden Rule Dry  
Goods Company.

A few days ago the Golden Rule Dry Goods company store, corner of Railroad avenue and Third street, was visited by a blaze, which was blazing away at a lively rate underneath the front stairway, leading into the store, when discovered.

On the building, owned by the A. A. Grant estate, and the stock of goods, the property of the Golden Rule Dry Goods company, there was an insurance of \$75,000 in half a dozen or more fire insurance companies. W. A. McGrew, who is here on important fire insurance matters, and George Brewer, acted as adjustors for the companies interested, and today reached a satisfactory conclusion, awarding \$1,200 as a total loss by the fire—on the building \$175, and goods and furniture, damaged by water, smoke and fire, \$1,025. Quick settlement.

## THE ODD FELLOWS.

Installation Services Very Enjoyable  
Last Night.

At a well attended meeting of the members of Albuquerque lodge No. 1, I. O. O. F., held last night, the officers-elect for the ensuing term were installed. A lunch and smoker followed the installation of officers.

The officers installed by Deputy Mann are:

Noble Grand—John Wiley.

Vice Grand—F. R. Brown.

Recording Secretary—D. G. Miller.

Corresponding Secretary—E. B. Cristy.

Treasurer—Emil Mann.

The appointive office have not yet been named.

The supper was enjoyed by every member present, and the cigars were of a brand to put a pleasant finishing touch to the meeting.

## Danish West Indies.

Copenhagen, Jan. 3.—The government commission appointed to investigate the Danish West Indies question sails tomorrow. The commission will also visit the British West Indies for the purpose of gathering information concerning these islands and will return here in April.

## EVANGELICAL WEEK OF PRAYER

Porto Cabello, Venezuela, Jan. 3.—The blockading warships of the powers took all the Venezuelan vessels from the inner harbor here yesterday morning. They landed forces on the wharf, but there was no firing and their occupation of the place was temporary. The incident caused great excitement among the population.

## CASTRO'S PROPOSITION.

Nothing Heard From the Powers on  
Venezuelan Proposal.

Washington, Jan. 3.—Nothing has been heard here from either London, Berlin or Rome in the nature of an answer to President Castro's amended proposition relative to arbitration. The United States ambassadors and charges at the capitals named have advised the state department that they have delivered the Castro proposition at the foreign offices in their respective capitals, and it is assumed here that the holiday season is the cause of the delay, though it also is known that exchanges are in progress between London and Berlin with a view to its having uniform action by the allies.

## STREET CARS COLLIDE.

Usual Daily Incident of Strenuous Life  
in Chicago.

Chicago, Jan. 3.—Several persons were injured, some fatally, in a collision early today at Milwaukee avenue and Halstead street between a cable train and an electric car. Both were crowded and a panic ensued among the passengers. Ambulances and patrol wagons from the nearby police stations were summoned and the injured removed to hospitals and adjacent drug stores. The slippery condition of the rails, altogether with the congested traffic, three streets intersecting at that point, are said to have caused the accident.

## KING GEORGE.

Aged King of Saxony Near the End of  
Long Life.

Dresden, Saxony, Jan. 3.—King George is evidently growing weaker. His pulse is extremely irregular and occasionally is imperceptible. The attending physicians are stimulating his majesty with quinine. The king's heart action is feeble and his temperature vacillates 5½ degrees in half a day, falling to 92½.

His majesty's condition has grown worse through the insistence of the patient in discharging government business.

## WEEK OF PRAYER.

Evangelical Alliance of the World An-  
nounce Week of Prayer.

New York, Jan. 3.—The American branch of the Evangelical Alliance of the World has completed preparations for the week of prayer, to begin tomorrow. The branch has decided to follow essentially the British program and has suggested to the churches the following subjects for thought and prayer:

Tomorrow is to be marked by sermons on the aspiration for a manifestation of the Divine outpouring and a consequent revival of the spiritual life of the people. The church militant, foreign missions, home missions, special work among the young in families and schools, nations and their rulers, and the ministry of the gospel by pastors, teachers and evangelists, are to be taken as topics in the order named, one for each evening of the week. The effort is to close on Sunday week with sermons on the speedy and certain answer to prayer and the injunction to be "sober and watch unto prayer," for the end of all things is at hand.

J. B. Martin, wife and daughter, registering from Boston, Mass., are in the city for a few days.

New Mexico demands Statehood from  
the Fifty-Seventh Congress.

Next Monday the statehood fight  
will be resumed in the senate.

San Juan county, one of the smallest  
in the territory, has 80,000 acres of  
land under irrigation.

While the senate is trying to prove  
that the Rio Grande is a dry stream,  
the government is trying to establish  
the claim that the river is navigable.

A description of the undeveloped re-  
sources, mineral and agricultural, of  
New Mexico, would make a larger and  
more reliable book than the Beveridge  
report.

Bradstreet, the man of facts and  
figures, tells us that the year which  
has just closed was "the best year of  
all." That is to say it was by far the  
most prosperous year that the country  
has ever known.

During the war with Spain this terri-  
tory sent 1,195 volunteers. Of this  
number 535 were members of Colonel  
Roosevelt's regiment, and the remain-  
der were parts of the First Territorial  
regiment and the Thirty-fourth infan-  
try.

The El Paso News has changed  
owners. Felix Martinez and J. M.  
Hawkins having sold the paper to C.  
W. Kindrick. The News is one of  
the best papers in the southwest, and  
under the able management of Mr.  
Kindrick it will be greatly improved.

At the port of New York since  
January 1, 1902, the exports of gold  
aggregate \$26,618,870 and silver \$31-  
820,900, against \$51,364,140 gold and  
\$48,057,394 silver in 1901. The decline  
in silver exports is in part explained  
by the payments in London of the  
Chinese war indemnity, which  
amounts, all told, to \$215,000,000.

The St. Louis Globe-Democrat is op-  
posed to the admission of New Mexico  
on "account of the character of the  
population of the territory." There  
is a large per cent of Missourians lo-  
cated in this territory and the Globe-  
Democrat probably refers to them.  
That paper has insisted for several  
years that Missouri is hardly capable  
of self-government, and the boulder  
exposures in St. Louis gives proof in  
that direction.

Owners of property are growing less  
numerous in Massachusetts each year  
in proportion to the population of the  
state. In 1890 there were 271,707  
persons assessed for property against  
430,283 for poll tax only. In 1902  
there were 331,854 property owners  
against 598,056 without property. The  
former were nearly 10,000 less than in  
1900, and the latter nearly 28,000 in  
excess of the number existing two  
years ago.

## SACKS OF SEEDS.

Delegate Rodey got a hump on him-  
self as to seeds this year and went to  
the secretary of agriculture and made  
a spiel and instead of one quota of  
seeds obtained three for the territory,  
or in all about 40,000 packages. Ten  
thousand of the packages have just  
got into the territory and are address-  
ed to people all over the country. The  
other 30,000 will come in large sacks  
later on to the politicians and post-  
masters, who will distribute them.  
Every woman, man and child in New  
Mexico who wants a package of seeds  
can have it if they will only write for  
same.

## GROWING COUNTRY.

It has been ascertained in the in-  
vestigations being made in the statehood  
fight that since the census was taken  
eighty new postoffices have been es-  
tablished in New Mexico, and that the  
territory now contains 372 postoffices.  
It would appear as though New Mex-  
ico was making progress when one  
million and a quarter acres of land  
have been taken up, mostly for home-  
steads, and eighty new postoffices es-  
tablished, as well as nearly 500 miles  
of railroad constructed since the cen-  
sus was taken.

Last year San Juan county produced  
and shipped over three hundred car-  
loads of fruit.

## A CLEANLY AGE.

Twentieth Century Ideas incline To-  
ward Sanitation and Preventatives.  
Nowadays scientists believe that in  
cleanliness lies the secret of preven-  
tion of diseases.

To prevent a disease, remove the  
cause.  
Just as unclean habits breed many  
diseases, so careless habits will breed  
dandruff. Improper use of another's  
brushes, combs, etc. will surely cause  
dandruff, and, in time, will just as  
surely cause baldness.

It's microbial infection, nothing more  
nor less.  
Newbro's Herpicide kills the dand-  
ruff germ, and causes hair to grow

hall, was made. There will be a nice  
cash balance after all expenses are  
paid.

## Finds Way To Live Long.

The startling announcement of a  
discovery that will surely lengthen life  
is made by editor O. H. Downey, of  
Churubusco, Ind., "I wish to state," he  
writes, "that Dr. King's New Discovery  
for consumption is the most infallible  
remedy that I have ever known for  
coughs, colds and grip. It's invaluable  
to people with weak lungs. Having  
this wonderful medicine no one need  
dread pneumonia or consumption. It's  
relief is instant and cure certain." All  
druggists guarantee every 50c and  
\$1.00 bottle, and give trial bottles free.

## SHERIFF'S SALE.

Notice is hereby given that by virtue  
of an execution issued out of the Dis-  
trict Court within and for the County  
of Bernalillo, on the 8th day of Novem-  
ber, A. D. 1902, addressed to the Sheriff  
of Bernalillo County, in Case No. 6208,  
wherein Grunsfeld Brothers are plain-  
tiffs and Rafael Sanchez is defendant, I  
have levied upon the following de-  
scribed real estate, land and premises,  
to-wit:

A piece or parcel of land 80 varas  
wide and 100 varas long, bounded on  
the north by land of C. Turrieta, on the  
south by land of A. J. Chavez, on the  
east by the acequia and on the west  
by land of J. L. Chavez.

Also a certain piece or parcel of land  
100 varas wide and 100 varas long,  
bounded on the north by land of S.  
Sanchez, on the south by land of P.  
Turrieta, on the east by the river and  
on the west by an arroyo.

All of said pieces and parcels of land  
being situated in Precinct No. 6 (Los  
Padillas) in the County of Bernalillo  
and Territory of New Mexico.

Now, therefore, I, Thomas S. Hub-  
bell, Sheriff of Bernalillo County, New  
Mexico, do hereby give notice, that in  
obedience to said writ, I will, on Sat-  
urday, January 31, A. D. 1903, at the hour  
of 10 o'clock in the forenoon of said  
day, at the front door of the Court  
House in the town of Albuquerque, County  
of Bernalillo, New Mexico, offer for sale  
at public auction all the right, title and interest of the defend-  
ant in and to the above described prop-  
erty and real estate, to the highest and  
best bidder for cash in hand, to satisfy  
the judgment in the said cause, dated  
Oct. 24, A. D. 1902, amounting, with in-  
terest and costs of suit to the day of  
sale, not including accruing costs, to  
the sum of \$156.98.

## The Price of Pleasure.

It is hard for a lovely woman to forego  
the pleasures of the life which she was  
created to enjoy and adorn. She may  
have to be busy all day in office or in  
store, yet she cannot deny herself the  
social pleasures which are offered her.

But the fatigue is  
often too great for  
her, and she suf-  
fers from headache,  
backache and the  
other aches and  
pains to which  
women are subject.  
It establishes regu-  
larity, dries weak-  
ening drains, heals

ulceration, and  
cures female weak-  
ness. It makes weak  
women strong and  
sick women well.

Women who are  
tired and worn out  
will find a perfect  
tonic and nerve in  
Dr. Pierce's Fa-  
vorite Prescription.  
It cures headache,

Cal., "I suffered  
so much with great  
pains in my back and the lower part of my  
stomach and palpitation of the heart, that at  
times I could hardly lie down. Could hardly  
get up in the morning, but after using three  
bottles of Dr. Pierce's Favorite Prescription, and two vials  
of Dr. Pierce's Pleasant Pellets, I am like a new  
woman."

Sick women, especially those suffering  
from diseases of long standing, are in-

## GOLDEN DISTRICT.

## A Resume of Operations in a Good District North of City.

## THE OUTLOOK FOR THE FUTURE.

## Special Correspondence.

Golden, N. M., Jan. 1.—The new placer mining district has received the new year of 1903 rather quiet and with no excitement to speak of. The old year of 1902, for the first eight months, was very prosperous for the district. There has been plenty of work for everybody residing in the district, besides giving work to hundreds of people outside of the district. The new year is not so prosperous as it might have been, although the indications are that before the year is out it will bring more prosperity to the miners of the district. The many owners of claims in camp have not lost faith, and every claim in the district had the assessment work done on it to hold it for the next twelve months. The many new discoveries of copper made in the last year is very encouraging, and they will be the making of a large boom when the warmer days of the year will enable the prospectors to commence shipping the ore to some smelting plant. The Cerrillos smelter, which has been enlarged, and is a first class smelting plant, will be the means of opening a very large scope of country that lies north of Cerrillos, which has been waiting for the smelting facilities to treat the large bodies of lead, silver and zinc ores, of which the district has been so famous, for the past twenty years. Several claims have been opened up and development work done on them shows large bodies of ore. Every owner of claims has in the last twelve months applied for patent, and are keeping the same clear of any law suits. Taking everything into consideration south Santa Fe county will have a very prosperous year in 1903.

While in the Dolores district no heavy development work has been done in the past year, yet some very large contracts were let on several mining claims, which have developed some large, rich bodies of mineral never before found in the district, and the day is not far off when the Dolores district will have a reduction plant in operation, extracting the gold out of the mountains of the old Ortiz grant. One company alone has mined enough ore to supply a fifty-ton capacity smelter, and keep it grinding or smelting for a hundred of years, and as the owners of several claims in the district are men of capital New Mexico will see another large plant in operation before many months have passed in the vicinity of Dolores.

The prospects of the Albuquerque Eastern railroad coming within a few miles of the new placer district is one of the greatest needs of the present to enable the miners to put their ores in the several places where smelters are in operation, and which can handle the lead as well as the copper ores of the district.

The town of Golden, being situated as it is on a level country between the Ortiz range of mountains and the Tuer mountains, where an abundance of water is found at a depth of twenty feet, and only six miles from the Una de Gato coal fields, is the coming town of the new year for Santa Fe county, and while the population is now only 220, it looks as if before the year is out it might reach 2,000. The Santa Fe Central railroad and the Pennsylvania Development company are enough to assure better times for the camp. While the town does not expect to have a direct line into Golden, they do expect that a spur of the road will be run close enough to help boom the camp.

The lay of the country, from Stanley, on the Santa Fe Central, to the Una de Gato coal fields, has been easily grade all the way between the two mountains, and the abundance of water will be one of the main points to have the spur run close to Golden.

The Baird Mining company, the Industrial Placer mining company and the Interstate Placer Mining company, who own all the cement beds east of de Gato, which deposits are extensively large and carry some fair values of placer gold. All of these companies have done assessment this year and several small plants have been built to test the cement and find out if possible the cheapest way of treating the ore.

The Baird company have been keeping the whole country busy finishing this year's assessment, and the thirty-stamp mill on the company's ground is now ready to run. The well which was sunk last year will supply all the necessary water to keep the mill running day and night.

The Santa Fe Gold and Copper company's plant, having been shut down for the last sixty days, don't show any indications of starting up until some better facilities are acquired whereby the fuel and other material for the smelter can be handled cheaper and the company can depend on keep-

ing the supply required to run the smelter.

The San Lazarus gold mining plant, which was sold under the sheriff's hammer last month, is now offered for sale by the receiver who bid the property in for the creditors. While this property has been getting the worst black eye of any mining property in the district, all on account of the mismanagement of the superintendent who were sent out by the company, and who threw the company's money away. There is not the least doubt but that everybody remembers the large shipments of gold that was made by the San Lazarus company twelve years ago. There are large deposits yet in the mine waiting for the right man to get the property and develop it in proper shape. As the mine and plant is situated in one of the richest mineral belts of the camp it will be to the interest of some mining man to look this property up and get hold of it while the same is for sale, as it will be the means of making lots of money for the right man, with small capital. There are a good many other properties in the camp that can be bought at present at very reasonable prices, which will cost ten times as much later on, as the times are now and the prospects of the new year being prosperous in New Mexico.

There is no doubt but that New Mexico's best friend, Senator Quay, will succeed in making our territory a state in spite of the reports made against us by the chairman of the committee on territories, and New Mexico will not forget her true friend who helped to put her star in the great American flag.

## Southern Pacific Change.

New Orleans, La., Jan. 3.—Commencing tomorrow all Southern Pacific passenger trains will enter and leave the Union depot, jointly with the Illinois Central. Heretofore all trains of the Southern Pacific for the west left the company's depot in Algiers, outside of New Orleans. By the new arrangement a ferry exchange is done away with and passengers from Chicago and the north bound for southern California and San Francisco are enabled to make close connections and in most instances without a change of cars.

## Benefit for Marie Dressler.

New York, Jan. 3.—The benefit to be given to Marie Dressler at the Victoria theater tomorrow promises to be one of the biggest affairs of the kind ever given in New York. The popular actress has been ill with typhoid for many weeks and is only now convalescing. Oscar Hammerstein has given the free use of the theater and many prominent players have volunteered their services, among the number Fay Templeton, Edna Wallace Hopper, Peter F. Daley, John T. Kelley, Marshall P. Wilder, Thomas Seabrooke, Marie Cahill and Blanche Ring.

## The French Elections.

Paris, Jan. 3.—The French political world attaches great weight to the senatorial elections which take place tomorrow and which will affect one-third of the seats in the upper chamber. For more than a month all factions have been pursuing a vigorous campaign, the radicals defending the present administration and the progressists and others bitterly denouncing the conduct of the Combes government and painting black pictures of the financial situation.

## College Fencers Meet.

New York, Jan. 3.—The newly formed intercollegiate fencing association is holding its first meeting here today for the purpose of fixing dates for the championship and other tournaments to be held this spring under the auspices of the association. The institutions represented are Columbia, West Point, Annapolis, Harvard, Yale, Cornell and the University of Pennsylvania. It appears probable that March 21 and the New York Athletic club will be decided upon as the date and place for holding the annual intercollegiate championship.

## To Entertain The President.

Washington, Jan. 3.—The president's reception day before yesterday marked the real opening of the social season in Washington and from now until Lent the ball will be kept whirling at a lively rate. Tonight the first of State and Mrs. Hay being the hosts. The dinner is given in honor of the president and the guests will include besides the chief executive and Mrs. Roosevelt, Attorney-General and Mrs. Knox, the Secretary of the Treasury and Mrs. Shaw and other members of the cabinet circle.

## HOPEWELL IN CHARGE.

## The Officials of Several Enterprises Will Report to Him for Orders.

## TRACK LAYING TO COMMENCE.

The New Mexican says that Hon. W. S. Hopewell, chairman of the democratic territorial central committee has returned from a visit to Chicago, where he was on business for the Santa Fe Central Railway company. While in the "Windy City" he was in consultation with several prominent politicians who are interested in the passage of an enabling act for New Mexico and Arizona.

It was developed that there was much opposition to the present omnibus bill, but that a bill providing for one state out of New Mexico and Arizona had a good chance to re-pass both houses and to become a law, as it was understood that President Roosevelt was favorable to such a solution of the statehood question.

Mr. Hopewell stated that from his observation a bill combining the two territories as one state under the name of New Mexico, granting the new state three representatives in congress, two United States district courts, one for the eastern district to be composed of what is now New Mexico, and one for the western district to include what is now Arizona, with two United States marshals and two United States district attorneys and retaining the capital of the new state for the first ten years at the city of Santa Fe might be acceptable to the people of the two territories. As far as he was concerned, he would in his official capacity, favor such a bill, especially if three members of congress were allowed the new state and the name remain New Mexico and the capital be fixed in Santa Fe.

Mr. Hopewell is of the opinion that a bill including these points will be substituted for the present omnibus statehood bill upon the reassembling of congress and that unless too strong an opposition was waged against it by the people of New Mexico and Arizona, it would pass and be approved by President Roosevelt.

The sentiment of senators, he was informed, was rapidly changing towards the project of one state for New Mexico and Arizona. He thinks that the people of the two territories could afford to unite upon the basis above stated, namely: two senators, two United States court districts, with a full complement of officers for each, the name of New Mexico to be retained, the capital to be fixed at Santa Fe and the state supreme court to be organized in two divisions, one for what is now New Mexico with seat at Santa Fe and the other for what is now Arizona with sessions in Phoenix.

If a bill of this character is offered Mr. Hopewell will throw his political and personal influence in its favor as he believes the passage of such a bill will prove for the benefit of all concerned and will make New Mexico a strong state with an efficient and well supported state government and will advance the new commonwealth very rapidly in population, in wealth, in importance and industrial and moral progress.

Mr. Hopewell is first in favor of New Mexico and Arizona as separate states but if this cannot be then he is in favor of the one state of the two territories, Arizona to be attached to New Mexico.

## HOPEWELL RETURNS.

## He Thinks Arizona and New Mexico Will be Combined.

## ROOSEVELT FAVORS THE PLAN.

Hon. W. S. Hopewell, vice president of the Santa Fe Central railway, has returned to the territory from a business trip to Chicago. Mr. Hopewell has been placed in entire and full charge of all matters connected with the Santa Fe Central railway, the Albuquerque Eastern railroad, the New Mexico Fuel & Iron company, and the Pennsylvania Development company and all subordinate officials of the four corporations will report to him for orders.

Two locomotives and a number of cars for the Santa Fe Central railway are en route from Chicago to Torrance. One of the locomotives was in a wreck at Joliet, Ill., and had to be taken back to the shops at Chicago for repairs. Mr. Hopewell states that the Santa Fe Central railway is about ready for track laying and that this will be done from Torrance north and from Santa Fe south. Active work on track laying will commence on the south end as soon as the weather permits and from the territorial capital as soon as the rails can be brought to that city. These are already on the road.

## WEEK OF PRAYER.

The Protestant churches of Albu-  
querque have arranged the following  
excellent program for the week of  
prayer which begins next Sunday, Jan-  
uary 4:

Sunday Evening—At Congregational  
church, address by Rev. H. J. Powell.  
Monday Evening—At Presbyterian

Drying preparations simply de-  
pend on the dryness of the skin, and  
which adhere to the membrane and de-  
compose, causing a far more serious trouble  
than the ordinary form of catarrh. Avoid all dry-  
ing inhalants, fumes, and smoke, and  
use that which cleanses, soothes and  
heals. Ely's Cream Ointment is such a remedy,  
and will cure catarrh or cold in the head  
easily and pleasantly. A trial size will be  
mailed for 10 cents. All druggists sell the  
50c. size. Ely Brothers, 50 Warren St., N. Y.

The Ointment without pain, does not  
irritate or cause sneezing. It spreads itself  
over an irritated and angry surface, relieving  
immediately the painful inflammation.

With Ely's Cream Ointment you are armed  
against Nasal Catarrh and Hay Fever.

church, Rev. M. Hodgson, leader.  
Tuesday Evening—At Highland M.  
E. church, south, Rev. T. C. Beattie,  
leader.

Wednesday Evening—At Lead Ave-  
nue M. E. church, Rev. W. J. Marsh,  
leader.

Thursday Evening—At the Baptist  
church, Rev. W. Calley, of Chicago, na-  
tional secretary of the Baptist Young  
People's Union, will speak.

Friday Evening—At Grant Hall, Rev.  
R. Renison, leader.  
Let all our Christian people arrange  
to rally round these very important  
services.

## HANDSOME PRESENT.

Chickering Bros.' Piano to Presbyter-  
ian Church by F. McSpadden.

F. McSpadden, senior member of the  
McSpadden-Springer Transfer compa-  
ny, has donated to the Presbyterian  
church a handsome Chickering Bros.  
piano.

Mr. McSpadden selected the piano  
from the large stock carried by Hall &  
Learnard, and New Year's day trans-  
ferred it to the church. The church  
was badly in need of a new instrument  
and the gift comes at an opportune  
moment and is duly appreciated.

It was a present worthy of accept-  
ance and the congregation of the  
church have grateful feelings toward  
the donor.

## At the Congregational Church.

The following program of music will  
be rendered at the Congregationalist  
church Sunday morning:

"Oh for a Closer Walk with Thee,"

tenor solo and quartet, by Foster.  
Solo by Prof. John Douglas Walker,  
"Repentance," (Gounod), accompanied  
by piano, violin and organ.

In the evening at 7:30 the following  
selections will be given by the quartet:  
"O Jesus, Thou Art Standing," Shep-  
herd.

Violin Solo, "Ave Maria," (Gounod),  
by Professor Blair.

"Praise Ye the Father," (Gounod),  
quartet.

The quartet is composed of John  
Douglas Walker, tenor; Miss Mabel  
Fitch, soprano; Mrs. S. B. Miller, con-  
tralto; H. Jay Stone, basso; Mrs. Bert-  
well, organist; Robert Blair, violinist;  
Mrs. John Douglas Walker, accompan-  
ist.

## Card of Thanks.

I wish to thank the Woman's society  
of the Lutheran church for the Christ-  
mas present received and in the name  
of the congregation to express thanks  
for gifts to the church.

R. RICHTER, Pastor.

## OFFICIAL MATTERS.

Territorial Funds—Surveys Approved—  
December Land Business.

## NEW INCORPORATIONS.

Territorial Treasurer J. H. Vaughn has received from A. M. Bergere, clerk of the First district court, fees for quarter ending December 31, 1902, amounting to \$335.30. H. O. Bursum, superintendent of the penitentiary, has paid into the treasury \$261.06 from convict earnings.

## December Land Business.

During the month of December at the Santa Fe land office, forty-two entries were made under the homestead law in which 5,805 acres of land were taken up. The fee amounted to \$380 and the commissions to \$228.20. Fifteen final homestead entries were made involving 2,319 acres of land. The commissions amounted to \$92.94.

## Surveys Approved.

Surveyor General Morgan O. Llewellyn has approved of the survey of the Whalen mining group, comprising of the Whalen Maid of Erin and Silver King lode mining claim No. 1,151, situated in the Cerrillos mining district, Santa Fe county. The claims are owned by Albert Guyer, of Louisville, Ky., and Thomas Whalen, of Cerrillos. The survey was made by Hiram T. Brown, United States deputy mineral surveyor.

Surveyor General Llewellyn has also approved of the Home Stake lode, No. 1,148, situated in the Steeple Rock district, Grant county. The claim is owned by the Dixie Gold Mining & Reduction company and is represented by S. M. Ashenfelter, of Silver City. The survey was made by J. C. McKee, United States deputy surveyor.

## Incorporations.

The Santa Fe Lumber company has filed incorporation papers, the incorporators being Warren H. Wherry, Norma J. Wherry, Jose L. Lopez and Carlota U. de Lopez, all of Santa Fe. The company will buy and sell timber and lumber, and is also organized for the manufacture and sale of lumber; to buy and sell builders' supplies, builders' hardware and the like. The capital stock is \$5,000, divided into 100 shares of the par value of \$50 each. The principal place of business is Santa Fe and the period of existence is fifty years. The directors are W. H. Wherry, N. J. Wherry, J. L. Lopez, C. U. de Lopez and Arthur Seligman.

The Chaves Land & Cattle company, a corporation organized under the laws of Missouri, has filed a certificate stating that Roswell, Chaves county, will be the principal place of business in this territory. J. E. Carroll, of Roswell, has been appointed agent. The company is capitalized at \$150,000 and the purpose is to buy, own, raise, feed and pasture all kinds of live stock.

Harry W. Hamilton, J. Mack Smith and John Richey, all residents of the territory, have filed papers incorporating The Artesia Townsite company with a capital of \$15,000, divided into 150 shares at \$100 each. The purpose is the sale and transfer of lands and the improvement and colonization of the same in Eddy county. The company will also lay off lands into town-sites and additions thereto, and plat the same into blocks, lots, streets, commons and parks, bore artesian and other wells and operate and maintain a telephone system. The principal place of business will be Artesia.

The Penasco Live Stock company has been incorporated by James O. Cameron, Alfred A. Freeman, Louis O. Fullen, all of Carlsbad, Eddy county, and Morgan M. Davis, of Hope. The company will buy, sell and raise live stock, such as sheep, cattle, horses, hogs and goats; also hold and sell real estate, ranches and ranges for grazing purposes. The capital stock is \$40,000, divided into 400 shares at \$100 each. The principal place of business will be in Carlsbad.

NEWS OF THE CHURCHES.

Church interests, maintenance and betterments are now costing the people of the United States \$260,000,000 a year. And this vast sum does not include \$70,000,000 which is given in benevolence, outside of government charity, and in sums above \$5,000 each gift. Of this benevolence, \$3 in every \$4 comes from members of churches. It cost to maintain all Baptist churches in the United States last year \$14,188,195, all Episcopal churches \$15,184,926, and all Congregational churches \$10,276,105. Figures for Reformed churches (Dutch) last year are \$1,622,696, and for Presbyterian, North, \$17,080,191. To maintain all Methodist churches, South and North, cost last year \$24,522,890. These figures in every case include betterments. They also include contributions to missions, both home and foreign. Financial figures for Roman Catholic churches are unobtainable, in great part, because Catholic officials do not themselves collect them.

**Evidence of Prosperity.**  
As indicating the prosperous times, and how prosperity effects the churches, the average church member last year gave a larger sum of money for all purposes than on any previous year. Curiously, it is to be noted that most of the large bodies—large in membership—are the ones whose members give largest individual contributions. There are exceptions to this rule in both directions. One is the Roman Catholic, a large body that raises a vast sum of money each year, but whose members give each quite small sums. Another exception are Baptists, because of the large colored membership in the South. A third is the Universalist, a small body whose members average high per member. The highest of all, per member, is the Episcopal, each communicant in which gave last year \$13.82. Other figures are: Presbyterian \$16.25, Reformed \$14.37, but without them it is \$11.52. United Brethren stand \$6.66, and Disciples of Christ \$5.28. These averages are, as has just been pointed out, higher for last year than for any previous year since records have been kept.

**Growth of Churches.**  
Church membership growth during the year has been steady. Bodies that show largest actual figures are the Disciples of Christ, and the Lutherans. Wether Roman Catholics ought

or ought not to be included it is impossible to say. Improvement is being had in the making of Catholic statistics, but much is still to be desired. Many parish priests do not know how many communicants belong to their parishes, and keep no records of their names. Fifty Catholics dioceses show no increase whatever in membership, and these include some of the largest, but this is due to the fact that Catholic population has long been estimated in those dioceses, and it has not been thought worth while this year to change the estimate. Catholic growth is steady, helped much by immigration, but changes from one religious body to another have gone on during the year just ended with tremendous rapidity. These changes include those from Protestant to Roman, and from Roman to Protestant communions, and it is difficult to tell, after a study which covers years, which way changes are greatest.

**Large Membership.**  
In reported figures the Roman Catholics show no growth for the year. These figures are as official as any existing. Presbyterian grew 32,000, all bodies; Methodist 61,000, Baptist 36,000, but almost wholly among colored people South. Episcopalians 14,000, Congregationalists 12,000, Disciples 20,500, and so on. These growths, the Roman Catholic excluded for lack of data, indicate percentages of from 18 to 33 each decade, or an average larger than population percentage growth. During the century 1800 to 1900 the population of the United States multiplied itself by 14, but practically all religious bodies multiplied their membership growths by numbers far larger, for example, Presbyterian by thirty-nine, Baptists by forty-five, Episcopalians by fifty-nine, and so on. The last twelve months indicate, in spite of all that is said to the contrary, a growth all around that will compare favorably with the past.

**Some Rows No Good.**  
Some rows developed during the year, and one was settled. Church leaders do not look upon rows as un-mixed evils, however, for during the year just passed, as formerly, rows that looked portentous at their inception, demonstrated their economic usefulness. Baptists conclude the year with a discussion whether baptism is essential to church membership. The matter was precipitated by Mr. Rockefeller's pastor, and has now reached the South, from whence are coming condemnatory expressions in large as well as strong numbers. The International Sunday school lesson committee split over the matter of uniform lessons. At a convention in Denver uniformity of these lessons was broken, and so was the convention and the committee, the former by a division, and the latter by the loss of its secretary through failure to be re-elected. Discussion is still on. Money matters of Methodists South came into the general conference at Dallas, and on the surface a settlement was effected of them. The settlement has not, however, healed everything. The history of the trouble is interesting.

**Some Controversies.**  
A publishing agent deceived United States senators concerning a claim for damages sustained by the publishing house at Nashville during the civil war. The deception consisted of the point whether any commission was to be paid to a lobbyist. Methodist leaders largely of the laity, demanded that the entire amount be returned to the government. The general conference repudiated the deception, but did not return the money, because the senate said there was no one authorized to receive it. English Lutherans have difficulty separating from their German brethren. After a row the New York ministerium divided last summer and an English synod resulted. Episcopalians started out to found an autonomous Episcopal church in Mexico. A storm arose, and the three bishops

**WHY STAY PALE.**  
A pity to see pale girls stay pale and dull when it is so easy to get Scott's Emulsion.

One of the best things Scott's Emulsion does is to give rich blood to pale girls. The result of regular doses of Scott's Emulsion is an increase not only in the red color of the blood and in the appetite but in the good looks and bright manners which are the real charm of perfect health.

nominated were not consecrated. One of their number has been designated to look after things till the row blows over. Christian Science readers were making good things financially out of their positions, by reason of healing arts which they practiced. Mrs. Eddy put a limit to their tenure, and a new set of readers came in, the old ones meanwhile trying with fair success to hold on to their healing practice.

**New Men to The Front.**  
Hardly the usual number of new men came to the front last year. An example of official progress is shown by Episcopalians, who consecrated a larger number of new bishops last year than during any previous twelve months, and five of the twelve did not represent new men for old places merely, but were both new men and new places. Mr. John Willis Baer, long general secretary of Christian Endeavor, quitted an official position for an official one, and became a secretary of a Presbyterian board. A new force came into Presbyterian evangelistic work in the Rev. Dr. J. Wilbur Chapman, new in that he represents an official bureau. With him, but representing the intellectual side, although in sympathy with the evangelistic, is the Rev. Dr. Henry Van Dyke, no longer a local pastor, but a national leader as moderator of the general assembly. Close beside him is the Rev. Dr. A. E. Kittredge, this year's president of the reformed general synod and head of that body's evangelistic committee. Among Baptists the Rev. Dr. E. E. Chivers is new as field secretary of their home mission society, and among

Congregationalists John Don O. Shelton is new as a secretary of their home missionary society.

**Catholic Promotions.**  
Among Roman Catholics the most significant change was the entrance into a position of the first grade of Archbishop Farley, of New York. Various other Catholic promotions are talked of, among them positions in Chicago and San Francisco, but Archbishop Farley's promotion is important in that it replaced Archbishop Corrigan, a reactionary official of the old school with a liberal-minded, progressive and spiritual man of the new school. And the replacing was done, not by the triumph of one party and the defeat of another, but by the unanimous voice of all elements. Americanism as the term is employed by Catholics gained much by the change. Archbishop Guici was sent as apostolic delegate to Manila and Monsignor Falconi came to Washington in the same capacity.

**Unconscious From Group.**  
During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly thereafter child was resting easy and speedily recovered. It cures coughs, colds, lagrippe, and all throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. J. H. O'Reilly & Co., and B. H. Briggs & Co.

### GLOBE TROTTER.

Young Frenchman Touring the Country—Here Today.

M. Joseph Gerard, a native of Montauban de Bretagne, France, who is touring around the world without money or luggage, arrived in the city last night on passenger train No. 7. His last stop was at Las Vegas.

He left Paris, France, March 1, 1901, and expects to return there in about three years from that time. He has already visited Belgium, Denmark, Norway, Sweden, Finland, Russia, Siberia, Japan, China, Cochinchina, France, Spain, Portugal, England, Ireland, Scotland, Canada and a large part of the United States. From here he goes west, his itinerary taking in the following cities and countries: Los Angeles, San Francisco, Vancouver, Mexico, Panama, South America, Australia and Africa.

He is making his way by lecturing and selling pictures of himself, but mostly by the latter method, as he speaks English with a very decided accent, thus preventing his lecturing. When he has money he rides on his travels and when his funds are limited he walks.

He landed in New York, November 2, 1902, and since has visited the most important cities in the east. He says

that he has enjoyed his trip thus far through the states and has progressed on his journey rapidly since in America.

Gerard is 31 years old. He is rather small and stocky in stature and wears a leather coat. His head is decked with the same material as his coat. He carries a small satchel and a light cane.

Gerard is making this tour around the world for a purse of \$24,000, to be paid by the "Societe Literaire," of Paris.

He will spend the night in the city and leave for the west tomorrow.

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.

### NEW YEAR'S GIFT.

Presbyterian Church Presented With Fine Chickering Bros. Piano.

A generous spirit was displayed by Mr. F. McSpadden at the beginning of the year by presenting the Presbyterian church of Albuquerque with one of the finest pianos on the market. One of the latest makes of Chickering Bros. purchased of Hall & Larnard.

At present the Presbyterian, Congregational churches and the Central school of the city have been transferred by these universally popular Chickering Bros. pianos, sold by Hall & Larnard, and many public institutions throughout the territory have been furnished with the same make of piano and by the same firm.

Hall & Larnard have good prospects of furnishing several churches with the finest of Chickering Bros. pianos in the near future.

The fine line of pianos received by the firm during the holidays are going fast, another one of the Chickering Bros. pianos was sold this morning to Miss Maud Hill, on South Edith street.

Anyone interested in pianos are invited to call at the establishment of Hall & Larnard at any time and inspect the fine line of pianos and musical instruments on hand.
