HIS PROPOSITION

Castro Wants United States to Arbitrate Claims.

A MOVEMENT AGAINST TRUSTS

Senator Clark Will Build a City in State of Nevada.

DELAWARE IS TIRED OF ADDICKS

Washington, Jan. 2.—The condition which President Castro attached to his response to the allies' arbitration proposal was in the nature of an alternative proposition.

Almost from the beginning, showing an aversion to The Hague tribunal, Castro, while accepting the principle of arbitration, asked that the case be tried by the American republic.

As President Roosevelt already had declined to act and as some of the reasons which inspired him in his declaration would apply with equal force to the chief executive of any other American state, he was obliged to withhold any endorsement of this proposition of Castro. Therefore it may be dismissed from the field of possibilities, and unless Castro is unexpectedly insistent the original proposition in reference to The Hague tribunal will carry.

There were no developments over New Year's day in the way of cablegrams containing news from European capitals or from Venezuela.

THE TRUSTS.

Strong Movement in New York City Against the Combines.

New York, Jan. 2.—The beginning of the new year witnesses more active steps in the warfare against the tobacco trust than any heretofore taken. Visits to the stores of the independent cigar dealers discloses the fact that the familiar goods of the various firms allied with the trust have been removed from show cases and windows and signs and cards advertising the trust wares are also conspicuous by their absence. It has taken the Retail Cigar and Tobacco Dealers' association several months to perfect their organization, but now with a membership of nearly 1,000 dealers, the association seems to be in a fair way to make the combine feel its claws. At a meeting of the association tonight delegates will be named to attend the convention of the National Retail Cigar and Tobacco Dealers' association, to be held in Chicago two weeks hence. At this convention a working plan will be formulated to bring the independent dealers in New York, Chicago, Indianapolis, Detroit and other cities where organizations have been formed into active co-operation for the fight against the trust.

CLARKE'S CITY.

The Montana Senator Will Build a City in Nevada.

Salt Lake City, Utah, Jan. 2.—Word is expected daily of the consummation of the negotiations pending for some time past between United States Senators Clark, of Montana, and Stewart, of Nevada, for the purchase of the Las Vegas ranch in southern Nevada by Clark.

The object of the purchase is said to be the building of a new city nearly midway between Los Angeles and Salt Lake on the San Pedro, Los Angeles & Salt Lake railroad. Las Vegas ranch is in Lincoln county, Nevada, and the property is described as exceptionally fertile. Included are 1,800 acres of tillable land, with 500 inches of water. The purchase price will be about \$55,000. It is intended to establish in the new city, round houses, shops and other adjuncts necessary for a railroad town such as that proposed.

The ranch proper is said to be a garden spot, productive of semi-tropical and citrus products of all kinds.

PLAN TO BEAT ADDICKS.

Little Delaware is Tired of the Rule of the Boss.

Dover, Del., Jan. 2.—The political pot in Delaware is beginning to boil furiously with the approach of the contest which will be waged in the legislature over the election of two United States senators. Possibility that the eight regular republicans who hold the balance between the democrats and the Addicks republicans will make a combination with either side has set all the politicians to figuring. Indication of the attitude of the regulars will be given next Monday night, when three caucuses will be held here to prepare for the organization of the legis-

lature next day. It is understood that the democrats will nominate their own officers, but will also appoint a committee to secretly meet the regular republicans to agree to some plan whereby the democrats will aid the regulars in the organization of both houses, putting regulars in every office, to the complete defeat of the Addicks followers. It is believed that the union republicans, who are determined to vote for J. Edward Addicks for United States senator for both of the present vacancies until he is elected to one, will also confer with the regulars concerning organization. The senatorial caucuses of the three factions will be held Monday night, January 19. Then the candidates for the two vacant senatorships will be nominated.

Trust Company Merger.

New York, Jan. 2.—The merger of the Manufacturers' Trust company of Brooklyn, into the Title Guarantee and Trust company was effected today pursuant to the action taken by the stockholders of the two concerns last month. For the purposes of the merger the stock of the Title Guarantee and Trust company has been increased to \$4,375,000. The officers of the Manufacturers' Trust company are retired, with the exception of President William J. Cools, who became chairman of the board of trustees.

TOMMY RYAN.

Once Famous Pugilist to Locate in New York City.

New York, Jan. 2.—During the coming week, according to news current in sporting circles, Tommy Ryan, famous for many years as the middleweight champion, will follow the example of "Kid" McCoy, Tom Sharkey and other pugilists and open a saloon in New York. Ryan's former home was in Syracuse, but for the last year he has been engaged in the saloon business in Kansas City. The failure of the authorities to permit his fight with "Philadelphia Jack" O'Brien is said to be responsible for his shaking the dust of Kansas City from his feet. It is announced that his removal to New York means that he has retired from the ring for good and all. He is worth about \$60,000 and has been in the ring for almost fifteen years. During that time he has figured in about 200 battles, losing about eight.

COUNTY OFFICIALS.

Some Sworn in and Their Bonds Approved and Filed.

The county officials, who have been sworn in, and their respective bonds, which have been approved by the county commissioners, are as follows: Hon. F. A. Hubbell, collector and treasurer, bond \$200,000—\$150,000 for handling the county funds and \$50,000 for school funds. Thomas Hubbell, sheriff, bond \$15,000. J. M. Sandoval, assessor, bond \$2,000. Estelvio Vigil, county school superintendent, bond \$2,000. Manuel Baca, probate judge, bond \$5,000. Ignacio Gutierrez, county commissioner, bond \$5,000. J. A. Summers, probate judge, bond \$5,000.

Retail Merchants Meet.

Lafayette, Ind., Jan. 2.—The annual meeting of the Indiana Retail Merchants' association opened here today. Indianapolis, Evansville, South Bend, Terre Haute, Fort Wayne and other leading cities of the state are represented by large delegations. H. M. Cook of Evansville is the president of the association. The annual report of the secretary, Gottlieb Hitzman of Fort Wayne, shows an increasing number of local organizations in the state, all generally in good condition. The convention will occupy itself with the discussion of legislative measures and other matters of general interest and importance to the retail trade.

Art Exhibit at Boston.

Boston, Mass., Jan. 2.—The best exhibition ever made by the Boston Art club was formally opened today. It is the sixty-seventh annual show and besides the large exhibition of canvases there are many notable pieces of statuary. There are on view almost 400 oil paintings, representing all the leading artists not only of Boston, but the whole country, while a number come from London, Paris, Berlin and other art centers of Europe. The exhibition will continue through the month of January.

Alpha Kappa Kappa Meeting.

Chicago, Ill., Jan. 2.—The Alpha Kappa Kappa Medical fraternity began its eighth annual convention in Chicago today with delegates present from many states. Dr. George Cook, of the Alpha chapter, is the presiding officer. The meeting will last two days, concluding tomorrow evening with the annual fraternity banquet.

PACIFIC CABLE

Line Completed and Working to Honolulu.

RAILROAD MEN DEMAND MORE PAY

First Shovelful of Earth on Denver's New Railroad.

BIG ELECTRIC PLANT IN OLD MEXICO

Honolulu, H. L., Jan. 2.—[By Pacific Cable.]—By courtesy of the Commercial-Pacific Cable company, the Associated Press is permitted to tender congratulations for the completion of the first section of the submarine cable. The cable was completed at 8:40 o'clock last night when the two ends were brought together in Molokai channel, thirty-five miles from Honolulu, where the San Francisco end had been buoyed since December 26. Shortly after communication was established the fact was announced to a crowd in waiting and greeted with cheers.

Judge Cooper, representing Governor Dole, who was absent from the island, filed a message to President Roosevelt, announcing the opening and extending greeting from the citizens of Hawaii.

Greeting to Roosevelt.

San Francisco, Jan. 2.—San Francisco and Honolulu are now connected by cable. The first words passed under the ocean a few minutes past eleven last night. The wire worked perfectly.

The first response from Honolulu came into San Francisco at exactly 11:03. It was then just 8:41 in Honolulu, the time difference being two hours and thirty-two minutes and a few seconds.

After the greeting to President Roosevelt a second message was directed to President Mackay, of the cable company.

The Associated Press correspondent on the cable ship Silvertown then got the wire and filed a long detailed message of the difficulties encountered in making the landing.

Storms, lasting from December 26 to last night, prevented connection being made before, but everything now is in working order.

DEMAND MORE PAY.

Western Railway Employees Getting Together for Increased Wages.

St. Louis, Mo., Jan. 2.—That the general movement of western railroad employees for a wage advance is rapidly approaching a crisis is evidenced by the early arrival of many delegates to the national conference to be held here early in the coming week, at which committee reports will be received and acted upon. It is declared that the conference will represent fully 175,000 railroad employees and will be participated in by the national brotherhoods of the engineers, firemen, trainmen and conductors. It is the culmination of efforts which have been making for more than five years to induce the four big organizations to "get together" for their mutual benefit. While it is difficult to learn the exact nature of the reports to be submitted by the committees, it is said on good authority that the schedule which will probably be fixed upon will call for an advance of 12 per cent. The railroads are to be given one month to meet the demand.

Denver's New Railroad.

Denver, Jan. 2.—The first shovelful of earth on the Denver, Northwestern & Pacific was turned this morning by a construction gang of graders at a point eight miles from Marshall and opposite South Boulder creek canyon. There was no ceremony and 200 men to work.

BIG ELECTRIC PLANT.

City of Mexico to Have a \$12,000,000 Establishment.

Mexico City, Jan. 2.—Sir Westman Pearson & Son, the English contractors who have large investments in Mexico, have obtained a concession from the Mexican government for the establishment of an extensive system of electrical energy. They announce that they have the necessary plans completed for expending \$12,000,000 in constructing an electric generating plant in the mountains of the state of Puebla, where there is an abundance of water power. It is proposed to establish transmission lines from the generating plant to this city, and to have available 80,000 horse power of electrical energy for electric

lights and power for manufacturing concerns here.

Before United States Commissioner. Estanislado Sals and Mrs. Telesfora Garcia, accused before United States Commissioner H. R. Whiting of having committed adultery, were held by the commissioner for the March term of the district court. The man was committed to the county jail in default of \$200 bail and the woman, who has a very young baby, was permitted to go to her home.

Ira Ingalsby was arraigned for a violation of the United States internal revenue law and this cause continued, an offer of compromise having been made to the United States collector.

Carpenters' and Joiners' Union.

At a meeting of the Carpenters' and Joiners' union, held in their hall on Gold avenue, last night, the following officers were installed:

President, O. H. Scott; vice president, J. G. Samuels; recording secretary, Ralph Goodwin; financial secretary, J. J. Votaw; conductor, James Drury, Jr.; warden, Nick Gehring.

A number of new names for membership were presented and nine applicants were initiated. The lodge now has about fifty members and is growing rapidly.

HUNTING LOOT.

Officers McMillin and Newcomer Visit Spot Indicated by Munroe.

NO HIDDEN TREASURE FOUND.

Marshal McMillin and Deputy Sheriff C. E. Newcomer returned from Socorro this morning without the buried treasure, regarding which they had received information that appeared to be without a flaw.

The clue which the officers were following was one that came direct from the hands of Harry Munroe. Before Munroe left the county jail for Walla Walla, Wash., he tipped off to Meyers, one of the suspects of the safe robbery, that a grip containing some valuable goods had been planted some distance out of Socorro on the Santa Fe branch.

In connection with the information of the buried loot, a map showing the exact location of the planting was given to Meyers by Munroe, which had been drawn by the latter, or some of his accomplices.

The officers, accompanied by Meyers, left early yesterday morning for Socorro, and the entire day, from 7 a. m. until 5 p. m., was spent in digging and prodding the spot indicated on the map. They covered about 150 feet of ground in their efforts to locate the hidden treasure, running a spade and iron rods down every few inches, but all their work was without success.

The officers are confident that the information is good and that the map is not a fake. For whoever drew the map had evidently been on the ground and knew the location perfectly. However, the officers' unsuccessful search does not prove that the treasure is not hidden there.

The information received did not state that the goods came from the Vann safe, but merely that some goods were planted in this particular spot.

It has been stated that Munroe bought a ticket to Socorro two days after the Vann robbery, which is only a report that cannot be confirmed.

Parties in Socorro have stated that the man who accompanied the officers yesterday to Socorro had been seen there shortly after the robbery, but these facts do not in any way clear up the mysterious safe robberies.

That nothing materialized from the short search of the officers does not stop the work of investigation. A party of excavators will begin work on the spot indicated on the map, and continue investigations until some definite conclusion is reached. There are good prospects of finding a clue which might end the mystery of the safe robberies.

A Canning Factory.

It now seems certain that a cannery will be one of the new and important industries of the coming year. The parties pushing the enterprise are the Bowman Bros. and M. M. Engleman. The enterprise will also embrace an ice factory and cold storage plant. With the advent of a railroad which now seems almost certain, this will be one of the best paying propositions for both patron and owner that there is in these valleys.—Farmington Times.

JAIL BIRDS

Names and Descriptions of the Seven Men.

A RECORD OF THEIR CRIMES

Colorado Judge Charged With Bias and Prejudice.

BIG FIRE IN A COLORADO TOWN

The seven prisoners who escaped from the county jail are still at large. Sheriff Hubbell has sent deputies in all directions and notified the authorities in all the surrounding towns.

The last news of any of the escaped birds was brought in last night about 7 o'clock by a native who had come from near Rio Puerco. He stated that he had met two men thinly clad, who appeared to be tired and almost exhausted. They asked for something to drink at a house where he was stopping. Their request being granted they pushed on without wasting any time.

Many other reports are afloat, but they cannot be substantiated, but with the progress the officials have made in getting notices throughout the neighboring towns, there is little doubt but that they will be apprehended soon.

Men and Descriptions.

Yesterday afternoon Sheriff Hubbell had the following record of the escaped prisoners printed and mailed to the officers up and down the road:

John Dougherty, Burglary—Aged about 24 years; height 5 feet 11 inches; weight about 170 pounds; reddish brown hair; smooth face; ruddy complexion; dark features; wore patent leather shoes; smokes cigarettes.

J. K. McDaniel, Forgery—Aged about 31 years; height about 5 feet 9 inches; weight about 150 pounds; smooth face; scar running from center of mouth to chin; has bullet scar on throat about where collar button would be; wore soft black hat.

William Nolan, Burglary—Aged about 18 years; height 6 feet 2 inches; weight about 170 pounds; light hair, close clipped; no beard; blue eyes; wore black shirt and corduroy pants.

John Nordquist, Burglary—Aged about 24 years; weight about 135 pounds; height about 5 feet 6 inches; brown moustache; Swede, from Des Moines, Iowa; wore large Mexican hat.

Joseph Cowell, Burglary—Aged about 28 years; weight about 180 to 200 pounds; light hair; light complexion; hair very thin on top of head; wore large black hat; brim of hat torn and sewed up.

Ed Walker, Burglary—Colored; very black; age about 28 years; weight about 170 pounds; has a very sloping forehead; is known as "Wood River Shine"; blood shot eyes; wore light colored vest.

Carley Mason, Grand Larceny—Aged 20 years; height 5 feet 6 inches; weight about 140 pounds; brown hair and blue eyes; wore black trousers and short ragged coat; walks with sort of swagger.

The foregoing prisoners escaped from the Bernalillo county jail on the night of December 31, 1902. All are hard men. A reward of \$25 will be paid by Sheriff Hubbell for the arrest of each of the above for their apprehension and detention in any jail.

Several other prisoners were in the corridor from which the seven prisoners escaped, but the warm jail looked better to them than a cold hunted experience.

The prisoners who are in for serious crimes are locked in the cages at night.

These men were in the corridors because the cages were filled.

COLORADO JUDGE.

On Trial for Running His Court in Biased Way.

Golden, Colo., Jan. 2.—Judge de France, of the district court of Jefferson county, sustained the motion this morning to overrule the second plea in abatement in the embrocary cases transferred from Judge Johnson's court to Golden.

Granting this motion has the effect of releasing Judge Johnson from trial on the charges of bias and prejudice in forming a grand jury.

Judge de France gave an order that the other pleas to be filed by the defense should be filed within twenty days.

Colorado Town on Fire.

Aguilar, Colo., Jan. 2.—This place was visited this morning by the worst fire in its history and before the

flames were subdued \$15,000 worth of damage was done. A high wind prevailed and for a time the whole town was threatened. It started in the Aguilar drug store and the origin is unknown.

Bernstein as a Wrestler.

New York, Jan. 2.—When Joe Bernstein and "Young Muldoon" meet in their wrestling match at Clarendon hall tonight many hundreds of dollars will change hands on the result. The greatest rivalry exists between the two little men and the bout will be as hotly contested as any fistie engagement Bernstein ever took part in. The two boys have trained faithfully and appear to be in the best of shape for the contest.

Business Change.

A business change that has taken place the past few days is that when John A. Carter, formerly of the firm of Carter & Neal, district managers for the Union Central Life Insurance company, sold his interest in the agency to W. E. Neal, his partner, who will hereafter have entire control of the company's business in Arizona, New Mexico and western Texas.

Mr. Carter has also sold his home at 313 South Arno street to the Baptist church, and will return with his family to his former home at Raton. The Baptist church will use its late purchase as a parsonage. Rev. H. J. Powell, the pastor, is moving in today.

CHANGES AT SHOPS.

Several Department Foremen Step Down and Out.

The locomotive department of the Santa Fe shops opened this morning with a complete change of foremen. The reason for this unexpected change is not known.

C. M. Jackson, a well known foreman, was relieved of his position, and William Essex, the gang boss, was installed. Mr. Jackson has been foreman for the past year, having come here from the Northern Pacific road. It is probable he will remain in Albuquerque.

Robert Abrahams has been appointed to take the place of machine shop foreman, H. N. Stovell. Mr. Stovell has been connected with the shops for several years, having served in several capacities. It is understood that he will leave the city.

Jack Spellacy has been appointed temporary foreman of the boiler shops to succeed Foreman William Morrissey, who has gone to San Francisco.

William Essex will be succeeded by Jack Robinson.

This complete change of foremen was quite a change to the boys around the shops, but changes as well as improvements are sometimes a good thing in a well regulated business.

CLIMATIC EFFECTS.

Daily Walks and Stone Throwing by Visitors.

There are a couple of gentlemen stopping at the Alvarado, apparently men of means, who daily walk up the railroad tracks north of the city. They are health seekers and their physicians have recommended this daily exercise.

Another diversion they practice and which supposedly was recommended to them, is the throwing of stones. These gentlemen have been here some time and have been taking their exercises daily.

The elder gentleman of the two is apparently past his 60th birthday, and even at that remarkable age and having come to New Mexico in a very poor state of health, he is rapidly growing strong, and is becoming an expert in throwing stones. He throws with both his right and left arms and can average hitting seven telephone poles out of ten at a distance of twenty yards.

These gentlemen signified their intention of leaving Albuquerque three weeks ago, but on account of the pleasure they derive from their daily walks have decided to remain until next spring.

Want to Be Annexed.

Residents of western Socorro county are anxious that they be annexed to Grant county and it is understood that a petition to that effect is being circulated to be presented to the next legislature. Most of the people living in that portion of the county do their trading in Silver City and while here they could also transact their court business instead of getting on the train and traveling over 200 miles by rail to Socorro. Practically all the freight for Cooney, Mogollon, Graham and Alma is handled through Silver City and as a matter of fact those towns are more closely allied to Silver City than many places in Grant county.—Silver City Enterprise.

WAR IN MOROCCO

Pretender Does Not Want the Throne Himself.

NEGRO HANGED AT ST. LOUIS

Dewey Having Good Time With the Atlantic Fleet.

DYNAMITE EXPLOSION IN PENNSYLVANIA

Tangier, Jan. 2.—The pretender has issued a proclamation announcing that he is not fighting for the throne for himself but for the sultan's imprisoned brother, Mullah Mohammed, surnamed the "One Eyed." It is now confirmed that the sultan has ordered his brother's release and that the honors of his rank be paid him. The governor in a recent conference with the kayle chiefs, pointed out to them that they are responsible for the safety of the roads running through their country. The Spanish sloop of war, Infanta Isabel, has arrived here.

Fez Is Peaceful.

Gibraltar, Jan. 2.—The dispatch of Spanish reinforcements to Morocco has been countermanded. The latest advices from Fez say that the city remains calm.

Will Declare Holy War.

Tangiers, Jan. 2.—If the situation becomes more grave the sultan will abandon the capital, retire to Rabat and summon the border tribes to a holy war. The sultan will then declare himself shereef and defender of Islam, renounce all European loans, and then at the head of new forces attempt to retake Fez.

NEGRO HANGED.

Execution Witnessed in St. Louis by Large Crowd.

St. Louis, Jan. 2.—Thomas Dunn, colored, was hanged today for the murder of Peter Jackson, a negro with whom he had quarreled over \$4. The prisoner spent his last hours in prayer and said he was ready to die.

Before leaving the jail for the gallows a number of prisoners bade Dunn good-bye.

The execution was witnessed by a crowd of nearly four hundred persons, among them being several women and children, who had crowded their way into the jail yard.

DEWEY REPORTS.

Atlantic Squadron Visits All the West Indian Ports.

Washington, Jan. 2.—The navy department has received the following cable from Admiral Dewey, dated San Juan, P. R.:

"The combined squadron reassembled at Culebra and visited the various West Indian ports, and were most cordially welcomed. The effect is excellent in every respect. The fleet is continuing tactical exercises. The marines and torpedo flotilla engaged in special drills, including a night attack by the latter upon designated ships. F. Bralley, coal passer, was drowned in the sinking of the Newark's steam cutter by collision with a torpedo boat."

Fatal Dynamite Explosion.

Pottsville, Pa., Jan. 2.—A quantity of dynamite exploded in one of the gang ways of the Oak Hill colliery, instantly killing three miners and severely injuring a dozen others.

The dead:

Michael Onder, 37 years of age, married, with wife and four children.

 seat on March 4, 1873, and by subse-
 quent elections has served continuously
 since, a period of thirty years. His

MURPHY IS HOPEFUL.

W. J. Murphy, of Phoenix, Arizona,
 has returned home from Washington,
 where he spent several weeks prior to
 the holiday adjournment and did con-
 siderable work among the senators.
 Mr. Murphy said:
 "The chances for statehood during
 the coming year are good. The senti-
 ment in favor of the admission of the
 territories is growing and I do not see
 how the leading republicans can with-
 consistency stand against us after two
 national conventions have declared in
 favor of the admission of all three of
 the territories. I believe that the re-
 publicans at heart are just as much in
 favor of the bill as the democrats and
 that when a test is made it will be
 found that there are enough votes to
 pass it. The difficulty, however, is
 going to be in getting a vote, but I look
 for success in spite of the opposition."

PROF. HEWITT.

The Citizen is glad to hear from
 Delegate Rodey and Hon. Frank
 Springer that its information in re-
 gard to Prof. Hewitt going to Wash-
 ington to fight statehood, is absolutely
 without foundation, and that the dis-
 tinguished educator is doing every-
 thing in his power at the national cap-
 ital to secure self government for this
 territory. The information that the
 professor was going to Washington to
 fight statehood came from Las Vegas,
 and from what was at that time de-
 manded a reliable source.

Prof. Hewitt is one of the leading
 educators of the west. He is a per-
 sonal friend of the Citizen, and this paper
 has taken special interest in his ex-
 cellent work in the Normal Univer-
 sity, at Las Vegas.

The Citizen has taken deep interest
 in a newspaper and in a legislative ad-
 viser in holding to build up the Las Vegas
 Normal University, and will continue
 to do so, but when we heard that Prof.
 Hewitt was fighting statehood, we
 promptly demanded his removal by the
 board of regents of that territorial
 institution. This was on the belief that
 the report was true. There being no
 foundation for the charge, The Citizen

BELEN VISITOR.

A Writer From Los Lunas Tells His
 Opinions.

Editors Citizen.
 Los Lunas, N. M., Dec. 30.—The
 writer took the train Sunday morning
 for Belen to spend the day in the pleas-
 ant and progressive little town which
 is now having its "measure taken" for
 its new garb of a metropolis, that is
 looked forward to after the Santa Fe
 cut off is built. Its commanding com-
 mercial situation in the midst of its
 lovely and productive valley, undoubt-
 edly justifies its citizens in their ex-
 pectations, especially when the fact is
 added that besides the progressiveness
 of its business men the Belen denizen
 is hospitable to a fault. There are
 many who remember the good time
 and kind treatment they have experi-
 enced there.

At the great mercantile house of
 John Becker everything was bustle in
 preparation for the launching forth of
 the new corporation to be known as
 the "John Becker company." No doubt
 the new firm will grow in importance,
 aside from the well known business
 talent of Mr. Becker. Messrs. Rein-
 ken and Dalles, the other incorpora-
 tors, are possessed of excellent like
 qualities and energy.

In the afternoon the writer had
 the pleasure of joining in games of bow-
 ling at the Hey Day club and noticed
 some marked improvements, which
 makes the bowling alley much more
 convenient and roomy, as well as add-
 ing considerably to its appearance. In-
 deed, it is the finest bowling alley in
 the territory, and is well in keeping
 with the fine club room, of which it
 is an adjunct. The new polished floor,
 presented by an Albuquerque citizen,
 has been put in place and looks fine.
 It is lettered with the name of the
 club in gilt on the glass panel.

The writer had the pleasure of meet-
 ing his old time friend, Carl Huning,
 some times called "Hones" for short,
 who now holds his old time position at
 John Becker's. He went to Germany

and came back with a wife. They now
 occupy the new cottage built by Mr.
 Becker.

Miss Fanny Graves, one of the teach-
 ers at the Duke city, is spending her
 vacation at Belen.

Luis Becker, a University student,
 is also spending his vacation at home.
 Hon. Carl A. Dalles is using all his
 spare time in preparation for legisla-
 tive work, as his duties will soon com-
 mence.

Miss Anna Gruse, of Green Lake,
 Wis., a sister of Mrs. H. Gleason, who
 came for her health, is visiting her sis-
 ter, Mrs. W. Meyerford, at Belen. Six
 weeks of New Mexico's climate has
 done wonders for her.

Dr. Radcliffe was out Sunday for the
 first time after his severe spell of sick-
 ness. Dr. Kauffman, of Albuquerque,
 came down to attend to his practice.

Graphite Vein in Wisconsin.

Stevens Point, Wis., Jan. 2.—Much
 interest is manifested in the new large
 graphite plant in this city. It is the
 only graphite works in America ex-
 cept that operated at Ticonderoga, N. Y.
 The mill is near the mouth of the
 Plover River and this stream furnishes
 the power. It has been found that not
 only an immense vein of graphite
 exists in this locality but it is said to
 be superior in quality to that found at
 the celebrated Ticonderoga mines.

ONE STEP MORE

Will be fatal to the sleep-walker. Will
 he draw back or will he take the final
 fatal step? A great many people are in
 peril like the sleep-walker. They are
 diseased. The disease is progressing
 day by day. The time comes when one
 more step away from health is fatal.
 The man who has suffered from indi-
 gestion or gastric trouble goes some-
 times to a dinner and returns home
 to find he has taken that last step from
 health which can never be tak-
 en back.

To neglect the cure of
 indigestion or some
 other form of stomach
 trouble is dangerous. It
 is also incurable. Dr.
 Pierce's Golden Medical
 Discovery cures diseases
 of the stomach and other
 organs of digestion and
 nutrition. It purifies
 the blood, stimulates the
 liver, cures biliousness,
 and eliminates bilious
 poisons from the sys-
 tem.

"The praise I would like
 to give your 'Golden Medical
 Discovery' I cannot utter in
 words or describe with pen,"
 writes Jas. B. Ambrose, Esq.,
 of 120 1/2 Millin St., Hunt-
 ington, Va. "I was taken
 back in 1891 was taken
 with what our physicians said was indigestion.
 I doctored with the best around here and found
 no relief. I wrote you, and you advised me to
 use Dr. Pierce's Golden Medical Discovery. I
 took three bottles and I felt so good that I
 stopped being cured. I have no symptoms of
 gastric trouble or indigestion now."

If you ask your dealer for "Golden
 Medical Discovery" because you have
 confidence in its cures, do not allow
 yourself to be switched off to a medicine
 claimed to be "just as good," but which
 you did not ask for and of which you
 know nothing.

Plenty of fine literature, all about California resorts, can be obtained by calling on the ticket agents at the local depot.

GOOD FOR KANSAS.

Railroads Paid State of Kansas \$1,968,965 Taxes in 1902.

According to the annual reports of the state board of railway commissioners of Kansas, filed Tuesday, the past year has been a profitable one for Kansas railways. Only one road lost money, and that one road was the so-called Leavenworth & Topeka line, a branch which leaves the Santa Fe's Atchison line at Meriden and goes through Oskaloosa and other small towns. The Leavenworth & Topeka reports a deficit of \$2,787.

The report shows that there are 10,485 miles of road in the state.

The total number of railway employees in the state aggregate 30,558, drawing salaries aggregating \$16,901,759 yearly.

All told the sum of \$35,773,148 was paid out in dividends on stock during the year. The railroads also paid \$1,968,965 in taxes in Kansas. The Santa Fe was the greatest tax payer, having paid \$702,440. The Missouri Pacific was next, paying \$421,589. The Rock Island was third with \$301,128, and the Union Pacific fourth, with \$122,422.

During the year fifty-three employees were killed and 779 injured in Kansas, five passengers were killed and 187 were injured; 63 trespassers were killed and 156 injured; others not trespassing, 20 killed and 80 injured.

FOR NEW ORLEANS.

Illinois Central and Frisco Making Important Deals.

Vice President J. T. Harahan, of the Illinois Central railroad authorizes the statement that arrangements have just been closed for the double tracking of the main line of the Illinois Central from Memphis to Fulton, Ky., a distance of 122 miles. Mr. Harahan says the work should be finished within a year and will give the Illinois Central a complete double track between New Orleans and Chicago.

On January 4 the Southern Pacific will, in connection with the Illinois Central, operate all trains from the New Orleans side of the river, affording direct connection between New Orleans and San Francisco. Negotiations are also pending for the operation of the Louisville & Nashville trains into the same depot. President Yoakum and Vice President Winchell, of the Frisco, are in New Orleans, as is Assistant General Freight Agent Yoakum of the Chicago & Alton. It is expected that an official announcement soon will be made that the Frisco will enter New Orleans, coming down through Arkansas and Louisiana via Alexandria, and confirming the reported purchase of the Big Port Chalmette terminals on the river front by the Frisco as well as the other property rights of way of the New Orleans Belt & Terminal company and the Carondelet Canal & Navigation company. The Frisco is credited with purchasing twenty squares of ground in the heart of the city whereon its terminals will be built.

President Yoakum, of the Frisco, with W. H. Lyford, general counsel of the Chicago & Eastern Illinois railway, spent a day in New Orleans in a tour of the various terminals of the roads entering that city. All the necessary papers will be signed after banking hours providing for the entrance of the Frisco into New Orleans. The tour included a visit to Avondale, where the Southern Pacific will cross its passenger trains by ferry, in order to reach the Illinois Central depot. It is considered not improbable that the Frisco will arrange to enter the union depot.

"Suggestion—furnish pepsin tablets with this breakfast without extra charge."

Don't forget Mrs. Rosa Berry's class and social dance at the Grant hall on Saturday afternoon.

THE ARE HERE.

Picasant Words About the New Manager and Head Bell Boy of the Alvarado.

W. H. Cheatham, the popular manager of the Castaneda hotel, left for Albuquerque, accompanied by his wife. Mr. Cheatham will assume charge of the Alvarado at that place, while J. E. Gillis, of La Junta, takes charge of the house here. Mr. Cheatham is one of the most popular managers the Castaneda has ever had and we are sorry to see him go; but, as it comes in the line of promotion, we extend our congratulations.—Las Vegas Record.

Wm. P. Reidy left with Manager Cheatham for the Alvarado hotel, Albuquerque, where he will be in charge of the hotel bell boys, as he had been here. Mr. Reidy is a small man, but he is quite large enough when it comes to the faithful discharge of his duties. He had been here for three years, in the service of the Harvey system, and never a guest but had for him a word of praise. Mr. Cheatham's estimate is shown by his taking Reidy with him. As the change is a promotion for both manager and bell boy, their friends are both glad and sorry to see them go—glad for their good, sorry for our loss.—Las Vegas Optic.

After His Porks.

Some time ago several hogs strayed away from their own freside on Dr. M. M. Milligan's ranch, east of Las Vegas. A few days ago the doctor discovered his porkers in a pen belonging to William Monahan across the railroad tracks. He replevined the spare-rib producers, but when the parties appeared before Justice Wooster, they settled the hog insurrection outside of court. Milligan paid the board and lodging of the porcine truants, as well as the costs, and Monahan surrendered them with amiable alacrity.

Death of Dr. Cowan.

A dispatch from Alamogordo to the El Paso Herald says that Dr. J. V. Cowan, a well known physician of Alamogordo, died last Tuesday night of apoplexy while on his way to see a patient. Dr. Cowan was an old New Mexico pioneer, having settled at Kingston and Mesilla in the early days and is known throughout southern New Mexico. He will be buried at Las Cruces under the auspices of the Masonic order of Alamogordo and Las Cruces.

Albuquerqueans Attend Dance.

A number of young Jewish people last evening got up an impromptu dance at Rosenthal hall, in honor of the Albuquerqueans who attended the I. O. B. B. installation. There were twenty couples, and at the close of the dance an excellent repast was partaken of at the Imperial restaurant.

In the afternoon, three of the Albuquerque young gentlemen and three of Las Vegas' charming daughters went out to the Montezuma in a four-in-hand. The visitors left on the flyer Tuesday morning, having the highest words of praise for this city and its good people.—Optic.

The grading of West Lead avenue, so long needed, is going on merrily under the personal supervision of Street Commissioner Tierney. He stated last night that that portion of the avenue had long been an eye sore to him, but it will not be so in a very short time, for he intends to have it one of the nicest avenues in the city.

Francisco Chaves, the territorial school superintendent, who was down south on a visit to his ranch at Progreso, Valencia county, returned to the city yesterday, and proceeded on No. 2 for Santa Fe. The Torpedo Mine.

ALVARADO—CASTENADA.

Few Interesting Facts About Fine Homes Here and in Las Vegas.

As is generally known, the Harvey hotel in this city is named Alvarado, from a captain in Coronado's army, which invaded New Mexico in 1540, and the Harvey hotel at Las Vegas is named Castaneda from a literary gentleman who accompanied the army, and who has been called the historian of the expedition because the letters he wrote back to Spain contain about the only account of what the expedition did and saw.

While there was a French translation of these letters, made many years ago, there was no English translation until 1895, when George Parker Winslow, son of Dr. Winslow, who delivered a lecture in Las Vegas on December 23, went to Spain, secured from the government, which keeps the letters in a glass case, under lock and key, consent to copy them, and did so, and then translated them into English, the translation being printed by our government in Vol. 14 of the Ethnological reports. Many gross errors were found in the French translation, from which the errors had passed into history. George Parker Winslow was himself in Las Vegas about two years ago.

MILLIONAIRE'S ORCHESTRA.
In Addition, Chicagoan Has Private Dentist and Thirty Servants.

Lakewood, N. J., has a new sensation in James Hubert Moore, a Chicago millionaire. He arrived in a private train of six cars, with a retinue of thirty servants, a stable of twenty-six horses, most of them blue-ribbon winners, and four-in-hands, braken, victorias and traps galore.

He sheds a shower of gold wherever he goes, and everyone in Lakewood is trying to get under. He never gives a tip less than \$10. The bell boys at the Lauryl house, where he occupies a magnificent suite of rooms, are getting rich. Whenever his bell rings their rush fairly shakes the building.

He brought with him an orchestra to which he took a fancy at Hot Springs, Va. He had the toothache the other day, and the next there appeared on the scene a dentist and a private dentist's chair from Chicago.

Mr. Moore carries his physician, Dr. H. L. Knight, of St. Louis, with him. He offers the use of his horses to his acquaintances, and when one took a special fancy to an animal Mr. Moore gave it to him. He went to New York the other day and brought home a \$50,000 emerald, surrounded with diamonds, for his wife.

Mr. Moore is a member of the firm of Moore Bros., of Chicago, which promoted the tin plate, match and other trusts. His wealth is estimated at anywhere from \$20,000,000 to \$50,000,000.

American Lumber Company Stops Further Sales of Its Treasury Stock.

WITHDRAWS FROM STOCK MARKET.

At the last meeting of the board of directors, called for the purpose at the company's office in the Rockery building, Chicago, a statement of the company's financial condition was submitted, and as ample funds had been secured to develop its property it was decided by the directors to immediately withdraw all the treasury stock from the market and to begin the letting of the contracts for the construction of the mills, railroads, etc., on the company's property in New Mexico, consisting of about 300,000 acres of choice white pine lands, says the Chicago Record-Herald, Dec. 29.

The Sub-Committee Report.
The report of the sub-committee of the committee on territories of the United States senate has been received by the Range. It makes a bulky volume and contains the testimony of a large number of witnesses, principally from the counties of San Miguel, Santa Fe, Bernalillo and Dona Ana. A "smelling committee" was a good name to apply to this committee. Its desire to collect nothing but adverse testimony is plainly manifest. No investigation was made of the favorable conditions that exist in the territory—of our industries and resources, of our educational institutions, of our rapid advancement in population and all lines of industry, and the most progressive, "Americanized" sections of the territory were not visited. It was a biased "investigation," and if the United States senate accepts the report, made from a flight of a few days through New Mexico, in preference to the voluminous report of Governor Otero and of the testimony of the many people who are thoroughly acquainted with the conditions existing in this territory, it will not be because of any inclination on the part of that body to be fair.—Raton Range.

UP FROM SOCORRO.

Judge McMillan Goes to Santa Fe on Legal Matters.

SOCORRO ELECTION CASE.

Judge Daniel H. McMillan, of the Fifth judicial district, passed through the city this morning en route from his home at Socorro to Santa Fe to attend territorial supreme court which convenes there next week, and also to confer with and seek authorities on laws with a view to rendering a decision in the Socorro county election contest case, which has been occupying the attention of his court the past few weeks. The court took the case under advisement last Saturday. Judge McMillan said this morning that the field for securing authorities on the case is much larger in the libraries at the capital than at Socorro, and that he thought that a decision in the case would be forthcoming in a few days after his arrival there. He will make known his decision from Santa Fe.

Sheriff Leandro Baca and Assessor Benjamin Sanchez, candidates elected on the independent ticket, took up the duties of their offices yesterday. ex-Sheriff C. T. Blackington and Captain Coney, candidate for assessor on the republican ticket, and two of the contesting candidates, having been counted out in the counting of the ballots which occurred a week ago Wednesday.

The other candidates, seven in number, continue in the contest and whether or not they are elected, will be determined by the court's decision in the pending case.

Felipe Baca, who is being held for trial for the murder of David Baca, was given to bail yesterday in the amount of \$5,000. It is just a month tomorrow that Felipe Baca shot and killed David Baca, during a quarrel in the lobby of the Windsor hotel at Socorro.

Last Year the McSpadden-Springer Transfer company moved 101 pianos, a most one for every day in the year.

A Good Cough Medicine.
(From the Gazette, Toowoomba, Australia.)

I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Wockner. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by all druggists.

THE CIGARETTES DEFEATED.

The Kids of the Indian School Defeat the Whites at Foot Ball.

A fierce battle with the pigskin took place at the fair grounds yesterday afternoon between the kid team of the Indian school and the giants of the Cigarette eleven.

The Indians scored 21 points, while the Cigarette smokers were unable to score at all.

One of the little boys of the Indian team called at The Citizen office this morning, and stated that they could have made the score 121 to 0, but their manager told them to knock off the 100 and make the defeat 21 to 0.

One of the playing members of the Cigarette team states that, although defeated, they are not in the least discouraged, and as soon as they get some of the poisonous nicotine out of their bones they will give the small Indian boys another tussle.

Old Aztec Pot Found.

While in the mountains known as the Whitewater Cliffs, a few days ago, Ross Rogers, son of Clark Rogers, of Lone Mountain, found lying among the rocks a veritable curiosity in the shape of an old Aztec copper pot, of about three gallons capacity. The metal of which the pot was made had undoubtedly been taken out of the Santa Rita mines by the Indians and then hammered into its crude shape with rocks. The "find" is being preserved at the Rogers home at Lone Mountain. Silver City Independent.

A Thousand Dollars' Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years passing gravel or stones with excruciating pain. I got no relief from medicines until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and feel like a new man. It has done me a \$1000 worth of good." Alvarado Pharmacy.

San Juan County Officers.

The Aztec Index says that the following are the officers elected in that county:

Granville Pendleton, representative; J. R. Williams, commissioner first district; J. E. McCartney, commissioner second district; J. V. Lujan, commissioner third district; J. E. Elmer, sheriff; Marcelino Garcia, probate judge; Joe Prewitt, probate clerk and recorder; William G. Black, treasurer and collector; Dr. O. C. McEwen, superintendent of schools; Boone C. Vaughan, assessor; C. F. Holly, surveyor.

Coughs, Colds, and Constipation. Few people realize when taking cough medicine other than Foley's Honey and Tar, that they contain opiates which are constipating besides being unsafe, particularly for children. Foley's Honey and Tar contains no opiates, is safe and sure and will not constipate. Alvarado Pharmacy.

Dramatic New York Divorce.

A dramatic scene was enacted in the supreme court in New York the other day when Mrs. Jessie W. W. Powers, wife of a former park commissioner, was compelled on the witness stand, amid a flood of tears, to admit the fact that one of her sons stole the affection of the wife of his own brother. The circumstances that made the mother a necessary witness was the case wherein her son, Harry, brought suit for divorce against his wife, naming his younger brother as correspondent. With the greatest possible reluctance and amidst sobs the mother told the tragedy of the wrecked home; how one

brother had caught the other brother in the act of wrong doing, and that a hand to hand struggle that meant life and death had taken place, when she had entered and separated the two boys. The aged father was also called upon to testify, but blankly refused, saying that he was too ashamed of finding the couple together to speak of it publicly or privately.

Boy's life saved from Membranous Croup.

C. W. Lynch, prominent citizen of Winchester, Ind., writes: "My little boy had a severe attack of membranous croup, and only got relief after taking Foley's Honey and Tar. He got relief after one dose and I feel that it saved the life of my boy." Refuse substitutes. Alvarado Pharmacy.

HOP JOINT RAIDED.

The Police Capture Only One Opium Fiend.

A raid was made on a "hop joint" on Silver avenue last night, but only one of the opium smokers was captured. The only name that could be obtained from the unfortunate fiend in police court this morning was Sam. He was so full of the dope this morning he could barely walk. There were several naps in the joint at the time of the raid, but they made good their escape.

At the same time Sam was taken into custody, four oriental pipes, two boxes of dope and several other utensils used in the joint were secured. Sam not only furnishes a place for the dope fiends, but sells opium as well. The scales used in weighing the dope are of an oriental type and very unique. Sam tried to deny running the joint, but a witness was present who had smoked in the place and bought opium of Sam. The judge means to break up these joints if possible, and as a starter fined the chink \$50.

Had a Good Time.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says: "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by all druggists.

How to Preserve a Husband.

In spite of the rapid age in which we live the above kind of preserving is of no little moment to a great number of women who would like to learn the great mystery of how to keep husbands in the wedding day spirits for aye and forever.

Someone who has studied the question carefully says:

"First, be careful in your selection. Do not choose one who is too young, and take only such varieties as have been reared in a good moral atmosphere. When once the selection has been made let the past remain forever settled, and give the entire thought to the future. Some insist on keeping the husband in a pickle, while others prefer hot water. It does not seem to be generally known that even poor varieties may be made sweet, tender and good by furnishing them with patience, smiles and affection. They should then be wrapped in a mantle of charity and kept warm with a steady fire of devotion. Thus treated they will keep for years as when first selected. Sometimes they improve with age."

A Timely Topic.

At this season of coughs and colds it is well to know that Foley's Honey and Tar is the greatest throat and lung remedy. It cures quickly and prevents serious results from a cold. Alvarado Pharmacy.

TO THE PUBLIC.

We have enjoyed a splendid trade the past year, for which we extend thanks to the public in general, and hope to merit the same consideration in the future.

We Were Too Late.

Bright's Disease and Diabetes Are Positively Curable.

Upon hearing that Charles A. Newton, the yardmaster of the Southern Pacific Company at Sacramento, had a certain case of Diabetes, the business men who were investigating the Fulton Compounds, wrote him asking him to take it; but they were late, as he had already heard of it, as per his letter in answer as follows:

"Dear Sirs: Yours of the 19th received, and I thank you for your information regarding the Diabetes medicine made by J. J. Fulton. I was permanently cured of Diabetes by this medicine, and I now enjoy good health once more. I commenced taking it March 30, and June 1st was pronounced cured. I now enjoy my old diet in a mild form, but advance more on it as time goes by, not willing to attempt too much at once. I was very bad with the disease. The gravity was 100, and I was so weak I could scarcely walk. The physicians helped me some, but said there was no cure. I then heard of and went to treating with the Fulton Compound, and only took three bottles when I commenced to feel better, and then kept on improving until I was restored to health."

"I know of another case of Diabetes, an engineer on the road who had the disease for four years. He went to Tucson to die. When I was getting better I sent him to come to Sacramento to go on the same treatment. On his return he believed no medicine would cure him; but I prevailed upon him to try it. This was in May. He has now as much improved that he is on his regular working every day. There are also two cases of Bright's Disease taking it from 1 box of it. I hope some graduate will get this medicine and build sanitariums all over the country for the treatment of these dreadful diseases. Trusting I have not said too much. Yours,

"CHAR. A. NEWTON, Yardmaster, S. P. Co., Sacramento."

Medical works agree that Bright's Disease and Diabetes are incurable, but 92 per cent. are positively recovering under the Fulton Compounds. (Common forms of kidney complaints and rheumatism offer but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 423 Montgomery St., San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

street has been purchased by O. S.
Reeder, who is now busy engaged in
installing the steam laundry plant in
the building. With improved machin-
ery and conditions, Mr. Reeder hopes
soon to start up again and give better
satisfaction than ever.

The interior of the Methodist church
has been thoroughly renovated this
week. The ceiling and the walls have
been newly papered, the walls a dark
green and the ceiling a light pattern,
and the woodwork has been repainted.
The auditorium now presents a very
attractive appearance. The Ladies'
Aid society is responsible for the im-
provement, which has been done un-
der the direction of Frank Jones.

UNCONSCIOUS FROM COUP.

During a sudden and terrible attack
of croup our little girl was unconscious
from strangulation, says A. L. Spafford
postmaster, Chester, Mich., and a dose
of One Minute Cough Cure was admin-
istered and repeated often. It reduced
the swelling and inflammation, cut the
mucus and shortly the child was rest-
ing easy and speedily recovered. It
cures coughs, colds, lagrippe, and all
throat and chest and enables the lungs
to contribute pure, health-giving oxy-
gen to the blood. J. H. O'Reilly &
Co. and B. H. Briggs & Co.

FLAGSTAFF.

From the Sun.
Mrs. Bury, of Phoenix, is visiting
her daughter, Miss Francis Bury.

M. J. Kennedy, who has the con-
tract for building a government build-
ing at the White River Indian agency,
is spending the holidays here with his
family.

Miss Mina Jones, teacher in our
public schools, left for Phoenix to
visit relative and to attend the meet-
ing of the Territorial Teachers' asso-
ciation in Phoenix.

A. H. Spellmire, who for the past
ten years has had charge of the office
work for Babbitt Bros., left recently
for Los Angeles, where he expects
to reside in the future. Mr. Spellmire
is an excellent business man, and a
citizen that any community will gladly
welcome to their number.

Miss Minnie Neidecken and Homer
Bartlett were married recently at the
residence of Mr. and Mrs. William Mc-
Intire, the latter being a sister of the
bride. The ceremony was performed
by Rev. George Logie, pastor of the
Presbyterian church. The newly wed-
ded pair left for California where they
will spend a fortnight. They will make
their home in Flagstaff.

The boys who were throwing snow
balls on the depot grounds recently
had better be a little more careful in
the future, as there is an ordinance
now in force prohibiting the same, and
Agent Sullivan says that henceforth
he will not wear out the tip of his boot
but will let the law take its course.
Mr. Sullivan has the names of the
boys who were throwing snow balls on
Christmas day, and a repetition of
their acts will bring them before the
magistrate.

From the Gem.
Where's that jeweler who is going
to locate at Flagstaff?

Mrs. Eva Wheeler, who has had a
siege of pneumonia, is recovering and
will soon be well.

Thomas Sayer, the sheep grower,
came in from the Cataract canyon to
look after some business.

S. A. Wilson, wife and daughter,
Miss Jessie, left for a visit to their old
home in Kansas.

There are a dozen or more men haul-
ing wood to town for sale and they
can hardly supply the demand.

The Masons of this place have leased
the Elks' hall for a lodge room,
where they will hereafter hold their
meetings.

Sam Johnson, who has been in town
several days nursing a sore foot, left
for Cameron's camp to resume his po-
sition of butchering timber.

Miss Mary Rioridan, who has been
attending school at San Francisco,
Cal., came in to spend the holidays
with her parents, Mr. and Mrs. T. A.
Rioridan.

WILLIAMS.

From the News.
Harry Schlee has returned from his
trip to California.

H. F. Adams returned home from a
lengthy visit to Prescott.

F. O. Polson returned from Kansas,
where he attended the bedside of his
brother who is rapidly recovering.

Jack Mullin, while engaged in cut-
ting ice on Pheba's dam some days
since, slipped and fell into about six
feet of water, and in doing so lost an
axe.

Arthur Harrell and Mrs. Ranney
went to Winslow for a visit with rela-
tives. Mrs. Ranney will remain there
some time.

Governor Brodie last week appoint-
ed Dr. A. Tyroler, of Williams, a mem-
ber of the board of territorial medical
examiners in the place of Dr. W. J.
Barrett, of Prescott, who had resigned.

Mrs. C. B. Lindsay and daughter,
Miss N. Josephine, arrived from Min-
neapolis, Minn., for a visit to their
daughter and sister, Mrs. E. J. Lin-
dsey, the accomplished stenographer
for the Saginaw and Manistee Lumber
company. About the middle of Janu-
ary the ladies will all leave for an out-
ing at the coast.

On last Saturday, at his home in
Hobart, Okla., T. B. Clark, father of
Mrs. H. F. Adams, of this city, was
called to his last rest. Mr. Clark was
a man 88 years of age, and had always
been robust and vigorous, even up to
the time of his death being able to look
after and care for himself. At that
time, also, his mind was perfectly
clear, which was remarkable for one
of his age. A son, E. P. Clark, of Los
Angeles, went east to be at the bedside
of his father, arriving in time to be
present in his last moments. The
community extends its sympathy to
the family in its loss.

HOLBROOK.

From the Argus.

Robt. D. Morgan, of Menomonee,
Wis., was the guest of H. A. Pease
this week, having arrived from the
frozen north Tuesday morning.

Miss Chapman, of California, ar-
rived here and will go out to Kean's
canyon Monday, where she has a posi-
tion as teacher in the Indian schools.

This office is in receipt of the report
of the governor of Arizona for 1902.
The work is gotten up in fine shape
and contains valuable information
concerning the resources of the terri-
tory.

The masquerade dance given for the
school children Wednesday night was
about the best time the children ever
had. Quite a number of very cute cos-
tumes were worn and all seemed to en-
joy themselves to the fullest extent.

A party consisting of Barney Stiles,
George Hennessy, Pete Pemberton,
Ed Hargman, George Larson, Mrs. J. L.
Clark, Misses Maggie Jervis, Eliza Jer-
vis and Cora Maupin went down to
Frank Wallace's home the other day
and in the evening had a dance and
general good time, until about 2
o'clock. About this time Miss Annie
Despaine was taken suddenly ill and a
messenger was sent here to wire to
Winslow for a physician. The cause
was probably congestion of the stom-
ach and from being overheated. She
is very low at this writing, but we
hope for her speedy recovery.

One Hundred Dollars a Box.
Is the value H. A. Tisdale, Summertown,
S. C., places on De Witt's Witch Hazel
Salve. He says: "I had the piles for
20 years. I tried many doctors and
medicines, but all failed except De
Witt's Witch Hazel Salve. It cured
me." It is a combination of the healing
properties of Witch Hazel with anti-
septic and emollient; relieves and
permanently cures blind, bleeding
itching and protruding piles, sores,
cuts, bruises, eczema, salt rheum and
all skin diseases. J. H. O'Reilly & Co.

KINGMAN.

From the Miner.

The Kingman lodge of Odd Fellows
have purchased a plot of ground and
will soon commence the construction
of a building for lodge purposes.

Ell Hilly, who recently suffered the
fracture of one of the bones of his leg
by a fall at Needles, arrived in town
Wednesday night. He is still unable
to get around.

There are about twenty carloads of
lumber in the Kingman yards con-
signed to the Gold Road company,
which teams are hauling to the mines
as fast as it can be loaded. Buildings
for every purpose will be built at the
mines, including a large mill building.
The company is just now working ev-
ery man that shows up.

The Elks are working earnestly on
the subject of a lodge building in
Kingman and it is expected that the
matter will assume definite shape at
the special meeting to be held in a few
days. They now have enough money
in the treasury to buy a lot and begin
the work of construction and it is the

intention, we believe, to incorporate a
company to carry the matter through.

We understand that the Catholics of
Kingman are negotiating for a plot of
ground in Kingman and will soon com-
mence the construction of a church.
There are a large number of communi-
sants of that church in Kingman and
the country surrounding and it is be-
lieved that more interest can be
aroused in church matters by having a
church dedicated to that creed.

Fred Stull came over from the
Lucky Boy mine recently. He reports
that on the 500 level the vein known
as the "black ledge" is yielding won-
derful rich ore. One of the peculiar
things about this ore is that it is free,
although above that point for two hun-
dred feet the ore is a heavy iron sul-
phide. A somewhat similar occurrence
is noted in the C. O. D. at a depth of
400 feet, the ore being greatly oxidiz-
ed, but there the break in the vein is
very noticeable. In the Lucky Boy
there does not appear to be any break
in the vein, but above that point there
is a well defined fault.

A. P. Davis, chief hydrographer of
the geological survey, and F. H. Now-
ell, of the same department, have gone
to Bulls Head Canyon and other camps
of the survey corps to inspect the
work so far done in this locality. Mr.
Davis will leave for Washington some
time in January to personally place
before the department the necessity
of storage and overflow dams in this
country for the irrigation of the mil-
lions of acres of fertile lands. He is
an enthusiastic irrigationist and is one
of the best posted men in the United
States on the subject of irrigation of
the arid lands.

HERPICIDE'S MISSION.

New Remedy That Destroys the Dandruff Germs.

Nothing is more annoying to men or
women of middle age when they notice
that their hair is growing thinner,
when they must admit that the first
indications of baldheadedness have
commenced to appear. Many would
give a thousand dollars and more for a
remedy with which to preserve their na-
tural head-dress. However, they don't
need to. Newbro's Herpicide re-
moves the effect of dandruff by de-
stroying the cause, the only dandruff
cure that actually destroys the dan-
druff germ.

picide Co., Detroit, Mich. B. H. Briggs

Sudden Death of Old Miner.

Martin Hammond, who has lived in
Mohave county for many years, died
suddenly at the Penberthy lodging
house in Kingman Wednesday evening.
He had come in from his camp near
Oak Creek about noon Wednesday and
going to the lodging house got a bed
and complained that he felt ill and
went to bed. About 4 o'clock Tom
Murphy heard a noise in the room oc-
cupied by Hammond and went in to
see what the matter was and found the
old man in the throes of death. It
was thought that death was caused by
neuralgia of the heart. Deceased was
nearly 70 years of age at the time of
death, a native of the state of New
York, and a veteran of the civil war.
—Kingman Miner.

A Scientific Discovery.
Kodol does for the stomach that
which it is unable to do for itself, even
when but slightly disordered or over-
loaded. Kodol supplies the natural juices
of digestion and does the work of the
stomach, relaxing the nervous tension,
while the inflamed muscles of that
organ are allowed to rest and heal.
Kodol digests what you eat and en-
ables the stomach and digestive or-
gans to transform all food into rich,
red blood. J. H. O'Reilly & Co. and

Sheep in Southern Pastures.
Hon. William Morgan, of Show Low,
last week arrived in Phoenix by the
overland route and an interview with
him was printed in the Phoenix Repub-
lican. Mr. Morgan says that there
will be more sheep in the Salt River
valley of Arizona this year than ever
before, probably not less than 250,000
head. Over the Heber trail 100,000
have gone already by actual count, and
it is estimated that 125,000 have passed
over the Chavez route. Feed is spring-
ing up everywhere on the Maricopa
desert, this winter being very much
like the season of 1897 when all the
sheep owners got enormously rich.

New Century Comfort.
Millions are ailing finding a world of
comfort in Bucklen's Arnica Salve. It

bruises; conquers ulcers, and fever
sores, cures eruptions, salt rheum,
boils and felons; removes corns and
warts. Best pile cure on earth. Only
25c at all druggists.

KODOL
Digests What
You Eat

**Weak
Hearts**

Are due to indigestion. Ninety-nine
of every one hundred people who have
heart trouble can remember when it
was simple indigestion. It is a sci-
entific fact that all cases of heart dis-
ease, not organic, are not only trace-
able to, but are the direct result of
indigestion. All food taken into the
stomach which fails of perfect diges-
tion ferments and swells the stomach,
puffing it up against the heart. This
interferes with the action of the heart,
and in the course of time that delicate
but vital organ becomes diseased.

Kodol
Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y.,
writes: "After eating, my food would distress
me by making my heart palpitate and I would
become very weak. Finally I got a bottle of
Kodol and it gave me immediate relief. After
using a few bottles I am cured."

Kodol cures indigestion, dyspepsia
and all stomach disorders, and gives
the heart a full, free and untram-
meled action.

EVENTS OF NEW YEAR.

**It Was Ushered in Yesterday—The
Fixed and Movable Festivals.**

The year 1903 bumped in on a Thurs-
day and will go out, of course, on same
day of the week; as is always the case
except on leap years. Leap years have
been few and far between, but we will
have one in 1904. In 1903 there will be
four eclipses, two each of the sun and
moon; but none of them will amount
to much from a spectacular point of
view in this region. The only one of
the four visible here at all will be a
partial eclipse of the moon, on April
12. There will be a total eclipse of the
sun on September 29, but it will be
visible only in the far southern hemi-
sphere. Easter Sunday will occur on
April 12, which is a little earlier than
the average date of that great relig-
ious festival. Decoration day and the
Fourth of July, which always come
just five weeks apart, will this year
come on Saturday.

For the year 1903 the days and dates
of important events, anniversaries and
holidays will fall as follows: Epiphany,
Tuesday January 6; Septuagesima Sun-
day, February 8; St. Valentine's Day,
Saturday, February 14; Sexagesima
Sunday, February 15; Quinquagesima
Sunday, February 22; Washington's
birthday, Sunday, February 23; Shrove
Tuesday, (Fastnacht), February 24;
Ash Wednesday, February 25; Quad-
regesima Sunday, March 1; St. Pat-
rick's Day, Tuesday, March 17; Mid-
Lent Sunday, March 18; Palm Sunday,
April 5; Maundy, Thursday, April 9;
Good Friday, April 10; Easter Sunday,
April 12; Low Sunday, April 19; Roga-
tion Sunday, May 17; Ascension Day,
Thursday, May 21; Decoration Day,
May 30; Whit-Sunday, May 31; Trinity
Sunday, June 7; Corpus Christi, June
11; Independence Day, Saturday, July
4; Labor Day, Monday, September 7;
Michaelmas Day, Tuesday, September
29; Thanksgiving Day, Thursday, No-
vember 26; first Sunday in Advent, No-
vember 29; Christmas, Friday, Decem-
ber 25.

business man, popular in society cir-
cles, has resigned as manager of the

here to accept a position as assistant

Fe. He is succeeded by E. W. Rich, a
young man of good business attain-

year. He is a nephew of the former at-
torney general of Massachusetts, re-
cently deceased. Mr. Fleming has also
tendered his resignation as secretary
of the Montezuma club and the Busi-
ness Men's Protective association. He
leaves for Santa Fe on Sunday, and
will be followed by the good wishes of
everybody.—Optic.

LAS VEGAS.

From the Optic.
Mrs. Pierce J. Murphy continues a
very sick woman, there not being that
improvement in her condition that had
been hoped.

Alexander Mac Lembrae, porter at
Williamson's barber shop, was married
to Maggie Scott by Judge Wooster.

Mrs. Goin, at the hotel restaurant,
has the first Chinese lilies in bloom in
the city. She has a bowlful which be-
gan blooming on Monday.

The surveyors for the long distance
telephone line to be built between
Raton and Las Vegas are at work this
side of Springer, headed this way.

Harry Patterson, the 11-year-old son
of the night operator at the Western
Union office, was thrown from his pony
and dragged by the stirrup and severe-
ly bruised and cut about the head and
face.

The brewery pond is ready for ice
making. The brewery's capacity for
storing ice is 1,000 tons, but 600 or 700
tons will answer its purpose. One cut-
ting from the pond, if the ice be eight
inches thick, will yield the latter quan-
tity.

The California pepper tree was
largely used for decorative purposes
in this city during the present hol-
idays. It is well qualified for that use,
as it droops like the weeping willow,
with foliage much like a large fern,
and red berries resembling those of
the holly, though of a lighter color and
not so large.

Another Las Vegas young lady to
the front. Professor Lucas, principal
of the Elizabeth town public school,
Colfax county, has resigned the posi-
tion and is succeeded by Miss Maie
Sebben, formerly of this city, who has
had charge of the primary department
only, but will now conduct the whole
school during the remainder of the
term.

If Unwell.
Try a 50c bottle of Herbine, notice
the improvement speedily effected in
your appetite, energy, strength and
vigor. Watch how it brightens the
spirit, gives freedom from indigestion
and debility.

Isaac Story, Ava, Mo., writes: Sept.
10th, 1900. "I was in bad health. I
had stomach trouble for twelve
months, also dumb chills. Dr. J. W.
Mory prescribed Herbine, it cured me
in two weeks. I cannot recommend
it too highly, it will do all you claim
for it." Sold by Cosmopolitan Phar-
macy—B. Rappe.

CONSUMPTIVES MAY NOT WED.

**Bill to Be Introduced in Indiana
Against Them.**

A bill to prevent the marriage of
consumptives is now being prepared
and it will be presented in the Indiana
legislature next month. The author
of the bill is consulting with physi-
cians and gathering statistics. The
provisions to prevent marriages of con-
sumptives will not be based on the old
theory of heredity of the disease in
offspring, but on association.

Statistics which make an appalling
showing are being compiled. Last
month over eighty mothers died of
consumption in Indiana, leaving over
100 motherless children. The death of
fathers was hardly as large. The
number of children who died of the disease
was large.

On the figures thus presented it will
be urged that steps should be taken
not only to protect offspring but to cut
down the number of parents that die
and leave orphans.

Rev. Carlisle P. B. Martin, L. L. D.
Waverly, Texas, writes: "Of a morn-
ing when first rising, I often find a
troublesome collection of phlegm,
which produces a cough, and is very
hard to dislodge; but a small quantity
of Ballard's Horehound Syrup will at
once dislodge it, and the trouble is
over. I know of no medicine that is
equal to it, and it is so pleasant to
take. I can most cordially recom-
mend it to all persons, needing a me-
dicine for throat or lung troubles." Price
25c, 50c, \$1.00 a bottle at Cosmo-
politan Pharmacy—B. Rappe.

Have a settlement with your creditors at the opening of the new year, whether any money changes hands or not. It is some satisfaction to know how you stand financially, even though you may not be in circumstances to satisfy your debts in full.

A New Year's party was given at the home of Herman Blucher, in old town, Wednesday night. Henry Loeb, of the Southwestern Brewery and Ice company, contributed materially to the refreshments served. About twenty gentlemen were in attendance.

Albuquerque lodge, No. 1, I. O. O. F., will meet for degree work and installation of officers tonight at 7:30 o'clock at their hall on South Second street. All members requested to be present. Visiting members invited. Refreshments. D. G. Miller, noble grand.

W. D. Kemp, the mining man, is in the city from the Sandia mountains. He is engaged in developing some copper properties owned jointly by Messrs. Thos. Hall, George P. Leonard and a number of other Albuquerque gentlemen. Mr. Kemp says that the properties are most favorable.

H. H. Henjes, representing the Theo. Haviland Co., of New York, probably the largest china and crockery jobbing house in the United States, was an Albuquerque visitor yesterday. Mr. Henjes says that Albuquerque is the only place he stops between Kansas City and Los Angeles. That is quite a compliment to the city.

Robert Miller, one of the faithful drivers for the Southwestern Brewery and Ice company, had a narrow escape from a very serious accident this morning. He drove up to the Atlantic beer hall to deliver a half barrel of the foaming fluid. On taking the barrel from the wagon he slipped on a piece of ice, and the barrel came down on his back. For a few moments, Mr. Miller suffered considerable pain, but he, nevertheless, continued his rounds.

A. D. Johnson, the contractor, has just finished the strenuous job of placing two 5,000-gallon steel tanks on the top of the new woolen mills and the placing in position of the smokestack. The smokestack is eighty feet high and thirty inches in diameter, and Mr. Johnson accomplished the almost impossible feat of placing it in position in fifteen minutes.

Attorneys are invited to inspect the brief and transcript work turned out at The Citizen office. Can't be beat in any office in the country. It is a safe proposition to leave your orders for such work at reliable printing establishments.

Ben Bothe has received a handsome picture of a four-mast bark from a friend in Alsterufer, Hamburg, Germany. The ship is now on her way from New South Wales to America. The picture was intended as a Christmas present but arrived a little late.

McDaniels, the forger, who is one of the escaped prisoners from the county jail, is wanted at La Jara, Colo., also for forgery. He is a bad egg, and is better in the penitentiary than outside.

Passenger train No. 7, due here last night, did not get in until 4 o'clock this morning. Other trains from both east and west have been on time during the past twenty-four hours.

Modesto Ortiz, the old town attorney, returned this morning from Santa Fe. He left his father, who was seriously ill last week, considerably improved in health.

MUSICAL EDUCATION.

For Children in Every Home in New Mexico.

To give their children a musical education is the desire of most parents in well regulated homes. Yet they lose sight of the fact that they must develop the musical talents while the child is young and a most apt scholar. The question which delays many parents in fulfilling their heart's desire, is the matter of obtaining a piano or musical instrument at a reasonable price and terms.

Hall & Learned, the popular music dealers, have in connection with a fine line of Chickering Bros' pianos, just received, a number of upright and square pianos which they have received in exchange. All of which are in fine condition and just the thing for the children to learn upon. Several good second-hand organs are in possession of the firm. These will be sold at the same reasonable prices and terms as the others. Hall & Learned are progressive and are willing to help those that desire assistance.

Tomorrow there will be for the public a very profitable and unique sale at T. Y. Maynard's jewelry store. Something that will interest the old and young alike. It is to be a grab sale and is conducted in such a way that everyone will not only be pleased, but will benefit by the investment. With each grab a ticket is given which entitles the holder to a chance on a fine mantle clock, also a beautiful pearl and olive ring as second prize. Prizes on exhibition in the store window.

Last Year

the McSpadden-Springer Transfer company moved 363 pianos, almost one for every day in the year.
