NUMBER 341

THE RECEPTION

National Capital Will Observe the New Year.

WAR IN PROGRESS IN MOROCCO

Republican Legislators of Colorado Will Hold a Caucus.

ANNIVERSARY BATTLE OF STONE RIVER

Washington, Dec. 31.—From all indications tomorrow will pass as other New Year days at the capital have passed before. It will be given over to society. Business and politics will be forgotten. The people will wear their best clothes and the streets will be crowded with men and women engaged in making calls which the obligations of society demand. The ceremonies will center as usual around the White House. To the public at large the occasion will afford the first opportunity to view the interior improvements recently completed in the executive mansion.

The completed program for the reception is as follows:

11 a. m.—The president will receive the members of the cabinet and of the diplomatic corps.

11:15 a. m.—The chief executive and the associate justices of the supreme court of the United States, the judges of the court of appeals, the judges of the supreme court of the District of Columbia, ex-cabinet members and ex-ministers of the United States.

11:25 a. m.—Senators, representatives and delegates in congress, the commissioners and judicial officers of the District of Columbia.

11:40—Officers of the army, officers of the navy, officers of the marine corps, commanding general and general staff of the militia in the District of Columbia.

12 m.—The regents and secretary of the Smithsonian institution, the commissioner of fisheries, members of the civil service commission and of the interstate commerce commission, the commissioner of labor, assistant secretaries of departments, assistant postmaster general, the solicitor general, assistant attorneys general, the treasurer of the United States, commissioner of pensions, commissioner of patents, controller of the currency, the heads of bureaus in the several departments, the president of the Columbia institute for the deaf and dumb.

12:15 p. m.—The associated veterans of the war of 1846-7, the Grand Army of the Republic, the military order of the Loyal Legion of the United States, the Union Veteran Legion, Union Veterans' Union, Spanish War Veterans, the members of the Oldest Inhabitants' association of the District of Columbia.

12:35 p. m.—Other citizens.

Spanish Expedition.

Gibraltar, Dec. 30.—The Spanish Infanta Isabel sailed from Algeiras today for Morocco. General Chacel will assume command of a Spanish expeditionary force should developments in Morocco necessitate its dispatch to that country.

Cruiser Ordered.

Barcelona, Spain, Dec. 31.—The cruiser, Rio de la Plata, has been ordered to Tangier, where she will watch events.

Colorado Republican Caucus.

Denver, Dec. 31.—A caucus of republican members of the house will be called for Monday or Tuesday night. The caucus will be on organization only and the senatorial bill will not be brought up. All factions of the republican party seem to be willing to caucus on this basis.

Survivors of Stone River.

Greencastle, Ind., Dec. 31.—The fortieth anniversary of the battle of Stone River, Tenn., was celebrated here today by a reunion of the Stone River Survivors' association, of which John M. Carleton, of Martinsville, this state, is president. The anniversary program included addresses of an historical nature by John D. Whitehead, of Topeka, Kan.; John G. Dunbar, of Greencastle; Rev. John Spears, of Spencer, and others.

Illinois Central's New Short Line.

Chicago, Ill., Dec. 31.—The management of the Illinois Central has determined to push to completion as rapidly as possible the extensions south of the Ohio river, which will give the company a new short through line between Chicago and Nashville. This new route is expected to be of great value to the company and to the section through which it will pass. The

route will lie through a section where were developed the first coal fields of the lower Ohio valley. The future of the extension of the Nashville line to the northwest will include a connection with the Illinois Central's St. Louis line, affording a new line to the west as well as to the Great Lakes.

Gardner and Gans Ready.

New Britain, Conn., Dec. 31.—Joe Gans and Gus Gardner, who are to battle here tomorrow afternoon for the lightweight championship title now held by Gans, have completed their work of preparation and are ready for the bout. Both appear in fine trim. They will weigh in at 11 o'clock tomorrow morning at 136 pounds. A large crowd is expected to be on hand to see the contest.

Royal Divorce Suit.

Dresden, Dec. 31.—King George has appointed a special court of seven judges to try the suit for divorce which the crown prince has decided to institute against the crown princess.

CHANGE AT ALVARADO.

W. A. Cheatham Succeeds J. Fred. Klooz as Manager.

W. A. Cheatham, formerly manager of "The Castaneda" at Las Vegas, and wife, arrived last night. Mr. Cheatham comes as the new manager of "The Alvarado," succeeding J. Fred. Klooz, who left a few days ago for his old home at Louisville, Ky. The Citizen regrets to lose Mr. Klooz from the business circles of the metropolis. He was one of the most jovial, good natured fellows imaginable, and drew around him a large circle of warm personal friends, who wish well wherever he may locate. He is a hustler in the hotel business and such a man will not be without a good position long. To Mr. Cheatham The Citizen extends the right hand of fellowship. He stands high with the Harvey house officials, and will prove a worthy successor to the retiring manager, Mr. Klooz.

Miss Campbell Surprised.

Miss Ada Campbell was tendered a pleasant surprise last evening by a number of her friends. The unexpected and sudden arrival of a host of friends was a complete surprise, but seeing they were her schoolmates and every day companions the young lady welcomed them and the evening was one of pleasure and enjoyment. Those present were: Misses Helen Rodey, Mabel Strong, Susie Dobson, Mildred Fox, Gladys Childers, Messrs. Will Pratt, Raymond Stamm, Frank Springer, Ralph Tascher and Lloyd Sturges.

TWO GOOD LETTERS

About Albuquerque Eastern Railway and the Big Lumber Mills.

WATCH OPTION HOLDERS.

G. L. Brooks, who was at Flagstaff in the interest of the Aztec Land and Cattle company, returned to the city this morning, for the purpose of meeting here tonight W. S. Hopewell, of the Albuquerque Eastern railway, but instead he found a letter awaiting him, saying that Mr. Hopewell had left Santa Fe on Sunday night for Chicago for a conference with Hon. W. H. Andrews, president of the company. Mr. Hopewell informs Mr. Brooks that he will return from Chicago the latter part of the present week. He will meet here the company's corps of surveyors, now at Durango, and will then begin the survey of the Albuquerque Eastern into the city.

The plat of the new railway company was filed with Probate Clerk Summers this morning.

Lumber Mills.

Another letter of importance to Albuquerque was also found in the post-office this morning waiting the coming of Mr. Brooks. It is from Ira B. Bennett, general manager of the American Lumber company, and is dated from Detroit, Mich., December 27. That part of the letter of vast interest to this city is as follows:

"The executive committee of our company expect to leave Chicago on the evening of January 3rd, arriving in your city on the evening of the 5th. We hope you and your associates will be at that time have a proposition that will enable us to settle one way or the other whether we locate our mills in Albuquerque or not. Our committee will probably spend a day or so in your city, and after that visit their timber lands at Thoreau."

These are two important items—that of the survey of the line of the Albuquerque Eastern railway into the city, and the location of the mills of the American Lumber company also here.

TIME SIGNALS

Midnight Signal Will be Telegraphed West.

GRAND JURY ON TRACTION ABUSES

Carriage Factory in Milwaukee Destroyed by Fire.

CONGRESSIONAL ELECTION CONTEST

Washington, Dec. 32.—A special series of time signals, on the same plan as the signals sent out daily at noon, will be transmitted from the United States naval observatory here over the lines of the Western Union Telegraph company, at midnight, 75th meridian time, December 31, and again at 1, 2 and 3 a. m., 75th meridian time, January 1, as an exact midnight signal to the eastern, central, mountain and Pacific coast sections, for the benefit of those interested in all parts of the country in knowing the exact instant of the beginning of the New Year.

GRAND JURY REPORT.

Urge Annulment of Brooklyn Rapid Transit Company Franchise.

New York, Dec. 31.—The King's county grand jury made a presentment today on traction facilities in Brooklyn, recommending that steps be taken to annul the charters of the constituent companies of the Brooklyn Rapid Transit company and the city to acquire and operate the surface and elevated lines. The presentment declares that present conditions are intolerable and contains the statement that the officials of the Brooklyn Rapid Transit company had admitted they could cure the evils but were unwilling to do so. The jury expresses the opinion that the roads could be operated at a profit on a 3 cent fare basis.

FACTORY BURNED.

Big Carriage Factory in Milwaukee Destroyed by Fire.

Milwaukee, Dec. 31.—The entire plant of the Charles Albrecht company, carriage makers, was destroyed by fire early this morning, entailing a loss of \$100,000. After the fire was under control and the firemen were directing streams on the smoldering ruins, the south wall of the main building fell, injuring seven firemen. The injured were taken to the Emergency hospital. Their condition is not regarded as serious, the injuries consisting of cuts and bruises.

ELECTION CONTEST.

California Candidate for Congress Will Bring a Contest.

San Francisco, Dec. 31.—Congressman Julius Kahn, defeated for re-election in the Fourth California congressional district, by E. J. Livernash, has served notice on the latter for a contest for the congressional seat. The official count gives Livernash a majority of 141 votes, but a decision rendered by Superior Judge Hubbard in the Webster-Langdon contest, for superintendent of schools, throws out so many votes affecting Livernash's majority that a partial recount, on the snap tally principle, gives Kahn a plurality of 124 votes. A further tally will add greatly to these figures.

JUDGE BAKER RETURNED.

His Views on Statehood and President Roosevelt's Position.

FORNOFF ALSO RETURNED.

Judge and Mrs. B. S. Baker returned to their home in this city last night. After the trip to Washington with the Albuquerque statehood committee, the judge and his wife spent a short time in Omaha.

Judge Baker was seen at his home this afternoon by The Citizen and he expressed himself strongly in favor of statehood.

"We will have statehood," said Mr. Baker. "If not as presented in the omnibus bill, we will have it in some form. If the bill was brought to a vote now, there is no doubt but that it would pass, because there is a majority large enough to carry it. There is a determination among the senators opposed to the bill to de-

feat it, and that is the reason why the fight is being prolonged. Beveridge would not acknowledge that there were enough votes at present to carry the bill, but stated that if it was necessary they would adopt the tactics of talking it to death, which can be accomplished if the senators find the majority favors the passage of the bill.

"I will not betray any confidence when I say that President Roosevelt told me that he did not want the bill to come to him in its present form, but if all the parties concerned were satisfied with the bill making one state out of New Mexico and Arizona and Oklahoma and Indian Territory one state, he would give it his hearty support. But he has never expressed himself whether or not he would veto the bill in its present form. There is no doubt that we will get statehood in some form."

Deputy United States Marshal Fred. Fornoff, who was a member of the Albuquerque statehood committee, returned to this city today. After the committee had finished their work in Washington Mr. Fornoff spent a few days with his mother in Baltimore, Md.

Claims Against Venezuela.

Paris, Dec. 31.—A dispatch to the Matin from Caracas confirms the statement that Venezuela has promised France to treat her claims as those of Great Britain, Germany and Italy, but adds that a similar promise was refused to Belgium, Spain and Holland.

Harry L. Miles left yesterday on his return home to Wichita, Kan. Mrs. Miles will remain with her mother, Mrs. H. G. Whitcomb, a week or so longer.

RAILROAD NEWS.

Resident Engineer Mudge Resigns and Will Go on Santa Fe Cut-Off.

A FEW INTERESTING FACTS.

Fred H. Mudge, for a number of years resident engineer for the Santa Fe with headquarters at Las Vegas, has resigned that position and passed through the city last night en route to Deming to visit his brother, R. B. Mudge, night clerk at the Harvey house at that place.

Mr. Mudge is a competent civil engineer and has filled his late position with the utmost satisfaction to the railroad officials, and it is thought that as a compliment and reward for such services, the Santa Fe is soon to tender him a more lucrative position. It is not positively known, but constant rumor has made it almost certain that Mr. Mudge's new position will be along the line of inspector of construction on the Santa Fe cut off.

This is another reason preceding and giving strong evidence of the early building of the cut off. Although the corporation papers of the New Mexico Eastern, as the cut off is called, have not as yet been filed with the territorial secretary at Santa Fe.

F. M. Smith, the right of way man, is at work securing the titles for land and making deals in his capacity, for the new work.

The bids for construction of the cut off are in the office of James Dun at Chicago, and it is reported that the names of the contractors whose bids have been accepted, will be given out in a few days.

The building of the bridge across the Rio Grande at Belen will be begun first. Inquiries being made of Superintendent McNally of the Rio Grande division as to whether or not slag for the abutments of the bridge could be secured at the Silver City smelter, is evidence that the company contemplates the immediate building of that structure. The bridge will be at least half a mile in length, and will run almost straight across the river from bank to bank. The river bank on the east is high and furnishes a fine foundation for the bridge abutments, the bank on the west is low and in the spring when the water is high, is covered with the overflow and becomes swampy, making a very poor place for a bridge foundation. It will require a large amount of waterproof riprap to make a bridge located there secure and it is for this reason that the company is already making these inquiries.

A railroad man with experience in railroad bridge building said this morning that it would take 300 men nine months to build the new Rio Grande bridge.

Republican Committee Meeting. There will be a meeting of the Bernillo county republican central committee on Saturday, January 10, at 10 o'clock a. m., at La Bandera Americana newspaper office. All members of the committee are requested to attend. F. A. HUBBELL, Chairman.

TRAIN DITCHED

Colorado Road the Scene of a Fatal Accident.

ATTEMPT TO ASSASSINATE A MAN

Thirty Men Injured in Railroad Accident in Arkansas.

MANY PRISONERS IN INDIA RELEASED

Denver, Dec. 31.—A combination train on the South Park road, which left Denver last evening, was wrecked about 4 o'clock this morning near Pittsburgh switch, four miles east of Breckenridge. The engine and four cars jumped the track and rolled down an embankment. Engineer Daniel Williams and Fireman Frank Young, both of Como, were pinned under the locomotive and terribly scalded. Williams died two hours after being removed from the wreck. Younger may recover. The passenger car remained on the track and no passengers were injured.

Shot and Wounded.

Kansas City, Dec. 31.—In Kansas City, Kansas, today one of two men shot and fatally wounded Jesse B. Dulin, aged 33, keeper of a stall at the city market on the Misori side, firing from behind. Dulin, who was driving a wagon, arose in the seat after being shot and fired at the two men, wounding one, but both escaped, leaving no clue. Their purpose evidently was robbery.

THIRTY CRUSHED.

Frightful Accident to Arkansas Work Train and Many Injured.

St. Louis, Dec. 31.—A special to the Post-Dispatch from Little Rock, Ark., says:

"Thirty men, railroad employees, were injured, four perhaps fatally, in a wreck today at the Fort Smith crossing in North Little Rock. The 'hoodlum' train, in which the employees ride to work, approached the crossing at a fair rate of speed, the engine pushing the cars. Suddenly the engineer saw a light switch engine emerge from behind a building and start across the track ahead of him. He applied the emergency brakes, but the four cars broke loose at the sudden stop and rolled on, striking the switch engine broad side. The 200 men on the cars jumped, but thirty were caught and crushed."

Prisoners Released.

Delhi, India, Dec. 31.—In commemoration of the coronation Durbar orders have been issued to release certain classes of military offenders and 16,138 prisoners who are in civil jails.

Archaeological Institute Meeting.

Princeton, N. J., Dec. 31.—The general meeting of the Archaeological Institute of America began today at Princeton Inn and will continue in session until Saturday. President Wilson, of Princeton university, delivered the address of welcome at the opening session and this evening the visitors will be entertained at Prospect, President Wilson's home. The annual address before the institute will be delivered tomorrow by Prof. William W. Goodwin, of Harvard university.

OFFICIAL MATTERS.

Notary Public Appointed—Filing of Railroad Plat.

NEW INCORPORATIONS.

N. A. Glassford, of Raton, Colfax county, has been appointed a notary public by acting Governor J. W. Reynolds. V. A. Garcia, of Chapman, Union county, and Frank Andrews, of Torrance, were also appointed notaries public.

Railroad Plat Filed.

The Albuquerque Eastern railway has filed a plat in the office of the territorial secretary showing the right of way from the junction of the Santa Fe Central into the city of Albuquerque.

Incorporations.

The Schrock & Fletcher Lumber company has been incorporated. The object of the company is to buy and

sell all kinds of building material, wood and coal, together with real estate. The principal place of business will be in Roswell, Chaves county, and the incorporators and directors are John Schrock, Cora E. Schrock and George Fletcher. The capital stock is \$25,000, divided into 250 shares of the par value of \$100 each.

John Shaw, Frank H. Pierce, Edward A. Cahoon, Robert Kellehn and Fred W. Rankin filed incorporation papers for the Diamond Ice company. The purpose of the company is to manufacture and sell ice and distilled water, maintain and operate a cold storage plant, buy and sell fruit, meat and other perishable merchandise and conduct a wholesale and retail business in coal and wood. The business will be conducted in Roswell. The capital stock is \$25,000, divided into 250 shares of the par value of \$100 each.

The C. N. Cotton company has been incorporated by Clinton N. Cotton, Richard B. Lanigan and Charles M. Cotton, of Gallup, McKinley county. The capital stock is \$100,000, divided into 1,000 shares of the par value of \$100 each. The object is to buy and sell merchandise of every description, to carry on a general merchandise business in Gallup and elsewhere in the territory if so desired, to buy and sell real estate and live stock and to carry on an undertaking business.

Articles incorporating The Four Mile Irrigation company were filed this morning by Thomas M. Waller, of McMillan, Eddy county; Williams A. Germain, Henry C. Fenn, Frederick L. Hopkins and Edith Fenn, all of Carlisle. The purpose is to acquire, construct and maintain dams, reservoirs, canals, ditch pipe lines, water ways, and other works and means for the impounding, storing, distribution and use of the waters of natural streams; to maintain and control flood waters and to manage, control and operate the same for the purpose of supplying water for the irrigation of lands and for mining, manufacturing and for domestic purposes, including the use of water by cities and towns. The capital stock is \$50,000 divided into 500 shares of the par value of \$100. The incorporators are also the directors.

The Montezuma Savings, Loan & Building association, of Albuquerque, has filed papers giving notice of an increase in capital stock from \$1,000,000 to \$1,500,000, divided into 15,000 shares at \$100 each.

Money Market.

New York, Dec. 31.—Money on call firm at 12 per cent; prime mercantile paper 6 per cent; silver, 43%.

NEW COUNTY OFFICERS.

Gilt-Edged Bonds Filed and Accepted by Commissioners.

EVERYTHING READY FOR BUSINESS.

This morning, half a dozen of the newly elected county officers filed their bonds, for the faithful performance of their duties, with Probate Clerk Summers and that gentleman submitted them to the county commissioners for approval. They were promptly approved, and the clerk instructed to place the bonds on file for future reference. Hon. F. A. Hubbell, who will be the popular county collector and treasurer of Bernillo county for the ensuing year, submitted his bond for \$200,000—\$150,000 for handling county funds and \$50,000 for school funds. The following well known gentlemen furnished the gilt edged bond: J. M. Sandoval, William McIntosh, Solomon Luna, Juan Garcia, W. S. Strickler, Esquipula Baca and E. A. Miera. Each gentleman qualified for \$25,000 and more. Mr. Hubbell stated this morning that his deputy would be J. J. Sheridan, and that gentleman furnished a bond to Mr. Hubbell in the sum of \$10,000.

As probate clerk and clerk of the county commissioners, J. A. Summers filed his bond, with J. C. Baldrige and D. J. Abel as sureties.

Esavio Vigil, the new county school superintendent, also filed his bond.

The new officers, from the head of the list to the river commissioners, will be either sworn into office tomorrow or on January 2.

Murdered a Moor.

Madrid, Dec. 31.—A dispatch received here from Ceuta, Morocco, says that a Moor who was under British protection has been murdered by Moors between Tangier and Tetuan. The Moors, in the vicinity of Mellilla, Morocco, are quiet. People who have arrived at Ceuta from Fez do not take very serious views of the situation there.

S. E. Newcomer was unable to be at his place of business yesterday on account of sickness.

CASTRO ACCEPTS

Submits Venezuela Claims to the Hague Tribunal.

DR. LORENZ SAILS FOR ENGLAND

New York Police Inspector Charged With Exceeding His Authority.

MORE PAY FOR THE RAILROAD MEN

Washington, Dec. 31.—Secretary Hay has received the answer of President Castro to the proposal of the powers to arbitrate the Venezuelan difficulties before the Hague tribunal. President Castro accepts the general principles of the proposition. His answer will be transmitted from here to London, Berlin and Rome some time today.

The details of the answer will not be published here in advance of its reception by the European allies and in fact it may be withheld entirely from publication on the ground that it really belongs to those powers. As the answer is quite long and undoubtedly will require long and careful consideration at London, Berlin and Rome, it is not expected that any further steps toward a final settlement can be taken for a day or two. The feeling here, however, is based on a knowledge of Castro's position, is that his answer practically clears the way for the submission of the case to arbitration. The answer has given great satisfaction here.

Distinguished Surgeon.

New York, Dec. 31.—Dr. Lorenz, the orthopedic surgeon of Vienna, sailed today for England.

Inspector to Be Tried.

New York, Dec. 31.—Magistrate Brann today handed down a decision that Police Inspector Brooks had violated section 120 of the penal code and had exceeded his authority in forcibly entering Canfield's alleged gambling house on December 1, 1902. The magistrate held that Brooks must be held for trial and must answer in the court of special sessions.

More Pay for Railroad Men.

Chicago, Ill., Dec. 31.—This is to be a Happy New Year for the engineers and firemen employed on the Chicago & Northwestern railroad. The new wage scale which becomes effective tomorrow provides for increases of approximately 8 per cent in the pay of these two classes of the road's employees. It is estimated that the advance will cost the railroad \$600,000 a year.

SWITCHMAN INJURED.

Slipped on the Ice and Had Left Foot Run Over.

Special to The Citizen. Gallup, N. M., Dec. 31.—Jack Kemmerer, a well known switchman, slipped on the ice in front of a car, while he ran to throw a switch this afternoon and had his left foot run over by one wheel and was bruised somewhat about the body. The wheel ran quartering across the foot, missing the big toe, so that he will lose only part of the foot. He had just renewed his accident insurance at noon today. He will receive \$10 per week until he recovers. He has a wife and one child. He has lived here for several years and is highly esteemed by all who know him.

Union Pacific to Pension Its Men.

Omaha, Neb., Dec. 31.—The Union Pacific system has completed arrangements for putting into operation with the new year the pension system devised for the benefit of its employees. To be eligible an employee must have been in the service of the company ten years or longer. Then if he has reached the age of 70 he must be retired. But he may be retired at 65, either by the voluntary action of the company or upon his own application, which must be favorably acted upon by the board of pensions. The rate of pension amounts to 1 per cent of the average monthly pay which the applicant has received for the ten years prior to his retirement, multiplied by the number of years he has been in the company's employ.

Isaac Cox, of the plumbing firm of Brockmeier & Cox, was around bright and early yesterday handing around to the business houses handsome calendars of 1903, representing the above firm's business.

New Mexico demands Statehood from
 the Fifty-Seventh Congress.

Next month will be a historic month
 in the annals of New Mexico.

The statehood battle in the senate
 will be resumed next Monday.

This has been a busy and prosperous
 year with the people of this city.

Happy New Year to all the United
 States senate—except Beveridge.

New Year resolutions, like national
 republican platforms, are made to be
 broken.

New Mexico has more varied re-
 sources than any state east of the Mis-
 sissippi river.

Morgan, the financial wizard, made
 a clean up of about fifty millions dur-
 ing the past year.

President Roosevelt has promised to
 help New Mexico secure statehood and
 he will redeem that pledge.

The attention of the senate is called
 to the liberal appropriations made by
 this territory to educational institu-
 tions.

The anonymous attack upon Gov.
 Otero at Washington is the method of
 a sneak, and its object is to injure the
 statehood bill.

The Las Cruces chamber of com-
 merce has adopted strong statehood
 resolutions. The resolutions were sent
 to Senator Quay and they will be read
 in the senate.

The Santa Fe Capital is not author-
 ized to speak for the Bernalillo county
 legislative delegation upon any ques-
 tion. The paper is a fraud and its edi-
 tor is a chronic falsifier.

When the Albuquerque Eastern rail-
 road is completed New Mexico will do
 business largely with Denver. The
 Colorado city can next year secure a
 large trade in this territory.

The territory of New Mexico has
 \$248,449 deposited in the banks of this
 territory. The money should be better
 secured than it is, and banks handling
 territorial funds should give ample
 bond for its safety.

The annual meeting of the National
 Wool Growers' association will be held
 in Kansas City on Saturday, January
 17th, the day following the adjourn-
 ment of the National Live Stock as-
 sociation's convention.

"There are three ages of man," says
 the Washington Star. "Most men
 spend one-third of their lives trying to
 make the world different, another third
 in learning to live in it as it is, and
 the remainder in explaining how much bet-
 ter it used to be."

Disappointments, trials, vexations,
 etc., are happenings incidental to ev-
 ery life. Everybody has more or less
 burdens to bear, so don't grumble or
 imagine that an unkind fate has singled
 you out or any particular one as
 its sole burden bearer, for such is not
 the case.

The Los Angeles Times says that
 should all the sons and daughters of
 men turn over a new leaf for the new
 year regarding the use they make of
 their tongues regarding all the other
 sons and daughters of men that they

may happen to count among their ac-
 quaintances, or whom they may know
 only by common hearsay, the new year
 would be the happiest one the world
 has ever known.

This territory is sending solid trains
 of fruit to eastern markets. The Ros-
 well region is becoming noted as the
 fruit growing center of the southwest.

The Citizen is grateful to the people
 for the liberal patronage extended dur-
 ing the past year, and hopes to merit a
 continuance during the coming year.
 If the statehood bill is passed The Cit-
 izen will become a metropolitan paper
 in every way—one that would be a
 credit to any state.

The Citizen is of the opinion that it
 has done its full duty during the past
 year to the nation, the territory and to
 the city. The paper's postage bill for
 the year is over \$300. The territory
 has received in the way of taxes a con-
 siderable sum, and the city has receiv-
 ed the faithful work of the paper ev-
 ery day in the year.

The fund for making a territorial ex-
 hibit at the St. Louis fair on December
 1, amounted to \$10,820. The sum of
 \$6,820 of this sum is in the hands of
 the territorial treasurer. The remain-
 ing \$4,000 is in the hands of Treasurer
 Palen, of the commission. The ex-
 penses of the commission the past two
 years for clerk hire and postage is
 about \$200.

There are several eligible sites for
 the proposed depot and yards of the
 Albuquerque Eastern railroad. The
 people of this city will not stand for
 any extortion in the selection of the
 site. It is said that there is a plan to
 extract about \$25,000 from the sub-
 scribers to the fund. The citizens' com-
 mittee should advertise for bids for
 the grounds.

Senator W. P. Dillingham, of Ver-
 mont, in his speech against statehood
 for New Mexico, made the astonishing
 statement that this territory had
 scarce 300,000 acres of land in all its
 immense area that is fit for farming
 purposes. And, says the Las Vegas
 Optic, that is the kind of argument,
 so-called, which is being used against
 New Mexico's admission to the union.

FORAKER FRIENDLY.

A special Washington dispatch to
 the Cincinnati Commercial Tribune
 says:

Senator Foraker is on the firing line
 in the statehood fight in the absence
 of Senator Quay in Florida. The New
 Englanders, under the leadership of
 Senator Beveridge, have been trying to
 rush matters a little during the last
 week. On the day that congress ad-
 journed they were boasting that Sen-
 ator Quay was losing ground. The
 most bitter opponent of the admission
 of these states is Senator Hale, of
 Maine, who makes no concealment of
 the methods he is in favor of using
 when the appropriation bills come
 over from the house. These will be
 used to force the senators who are in
 favor of admitting the states to change
 their front.

Senator Foraker said today he saw
 no change in the alignment of the
 senators who are favorable to admission.
 He said he had made no count himself,
 but thought he would have heard if
 there were any changes. The active

"He Won't Die"

Of consumption "is a remark often made
 of a fleshy man. The remark expresses
 the popular recognition of the fact that
 the sign of consumption is emaciation,
 loss of flesh. On the other hand, a
 gain in flesh is a sure sign that wast-
 ing diseases are being cured.

Emaciated people with obstinate
 coughs, bleeding lungs, night-sweats
 and weakness, have been perfectly
 cured by the use of Dr. Pierce's Golden
 Medical Discovery. The several steps
 of the cure were recorded in ounces
 and pounds of increasing weight.
 When there is gain in flesh the wasting
 disease is being surely cured.

Mr. Will H. Whitmore, of Arkon,
 Ohio, writes: "Our son contracted a
 deep cold about the first of July, 1899, and
 had a terrible cough. We called a doctor and he pro-
 nounced it irritation of the bronchial tubes, with
 asthmatic trouble, and he informed me that my
 son was liable to die at any time. He told me
 that if we could keep the bronchial tubes open,
 he would cure him, but after treating him several
 weeks and my son growing worse all the time,
 I concluded to try Dr. Pierce's Golden Medical
 Discovery and Pleasant Pellets. I had seen
 several almost miraculous cures brought about
 by the use of these medicines, and of course I
 had wonderful faith in them. He used three
 bottles of 'Golden Medical Discovery' at home
 and one oval of the 'Pellets,' and was then well
 enough to go to West Virginia, taking a supply
 with him. I am just in receipt of a letter from
 him from which I quote: 'I am well and hardy
 and getting very fleshy.'"

support of Senator Foraker has mater-
 ially strengthened the statehood bill.
 Foraker, like Quay, has been a consist-
 ent supporter of President Roosevelt.
 While the president protests that in
 legislation of this sort personal inter-
 ests and friendship should not be tak-
 en into account, the friends of the om-
 nibus bill are confident that he will
 not use his influence against the pas-
 sage of the measure to the same extent
 that he would if so many of his per-

 bill.

BENEFICIAL TO FARMERS.

The superintendent of the rural
 mail delivery service reports that in
 Dubuque county, Iowa, 15,000 farmers'
 families have their mail brought to
 their doors daily by carriers whose
 daily routes of travel is 7.8 miles.
 The number of daily newspapers sub-
 scribed for by those 15,000 farmers
 has increased more than 20,000 since
 the service began. There are now
 12,000 rural delivery routes in the
 United States. The carriers travel
 nearly 300,000 miles daily, and serve
 over 7,000,000 members of the farming
 population with letters, newspapers,
 and packages every day. The exten-
 sion of the service has been more rapid
 than any other public utility ever
 known. In 1897 there were only 44
 routes in operation; in 1899, 1,276;
 in 1897 the entire appropriation was
 only \$40,000; in 1902 it had grown to
 \$2,593,740, while \$12,555,809 is asked
 for next year.

NOT CONSISTENT.

During the fiscal year ending June
 30 the government expended \$219,-
 529.59 in trying to keep the Chinese
 out of the country and during the same
 period admitted 162,188 persons of
 other nationalities who were unable
 to read or write. These latter immi-
 grants, as a rule, immediately become
 naturalized and begin to exert an in-
 fluence on our politics, which the Chi-
 naman doesn't do and usually has no de-
 sire to do.

It is universally conceded by those
 familiar with the conditions in the an-
 thracite regions of Pennsylvania that
 it is the foreigners who have brought
 wages to that point that has caused
 the strikes and troubles of various
 kinds which have prevailed so much of
 the time in that territory, says the To-
 peka Journal.

The Chinaman may be willing to
 work for less than current prices when
 he first lands, but he soon gets over
 that and demands full price for his
 service and gets it, owing to the super-
 ior character thereof.

To an impartial observer it must
 seem that there is much room for im-
 provement in the immigration laws,
 especially if it is desired to make them
 consistent.

Carl Brawner left Las Vegas for Lamy to resume his position as fireman on the mountain.

Conductor Up Hays has reported for duty punching tickets, which sends Conductor Forkner back to his freight run.

Dr. Baird has resigned his position at the Las Vegas freight office, being succeeded by Harry Haskell, who has been the night ticket agent there for some time past.

John Tate has resigned the master mechanicship of the Rio Grande shops at El Moro, and goes to the Rock Island. A. Mr. Smith, formerly with the Union Pacific, succeeds him.

S. E. Hobson, a Rock Island fireman at Santa Rosa, N. M., accidentally shot himself with a 44 caliber revolver, which fell out of his hip pocket when he was retiring for the night.

The fifth annual ball given by Hope Lodge, No. 97, International Association of Machinists, Raton, occurred at the opera house of that town Christmas night and proved to be a decided success.

C. J. Boyd, who had been at Lamy for two years and in the service of the Santa Fe railway for fourteen years, resigned his position with the company and returned with his family to Las Vegas.

Mrs. Charles Medland, wife of Car Inspector Medland, left yesterday for Chicago. Mr. Medland will leave in a few days for El Paso, where he will accept a car inspectorship with the El Paso & Southwestern railroad.

O. B. Turner, chief engineer of the proposed New Mexico & Pacific railroad from Raton to Elizabethtown, having completed the survey, has returned to his home in St. Louis. It is expected that grading will be begun early in the spring.

The Las Vegas Record says: Railroad life seems to be a continued story just now, running in chapters of twenty hours from here to Albuquerque, and thirty and forty coming back; then a big kick for rest. Eight hours is all anyone gets to rest.

The builders of the Dawson railway were not able to complete that line and have it in operation on Christmas day, on account of delays in receiving material. The passenger and freight tariffs for the road are now in the press and will be issued as soon as formally approved. The passenger tariff shows a rate of 5 cents a mile. The laying of steel is being rushed from both directions and the two gangs are now only a few miles apart.

Hurt in Las Vegas Yards.

A young man by the name of Press White, who recently came to Las Vegas from Oklahoma, was run down by the cars in the local yard and severely injured, says the Record. He had been at the round house to make application for work, and was returning through the yards when he was struck by some cars of coal, which the switch engine was putting into the coal chutes.

There is a switch at the point where he was hurt and, evidently he mistook the track that the cars were going to take. He was immediately conveyed to the Ladies' home, where it was ascertained that he had sustained severe scalp wounds, besides being injured in the back and spine and, probably, internally. He is resting easy, but the extent and seriousness of his injuries are not known.

OKLAHOMA LEADS.

Has Built 570 Miles of New Railroad During 1902.

A carefully preliminary estimate made by individual canvasses of the railroads and supplemented by the Railroad Gazette's own records, figures furnished by the state railroad commissions and other sources of information, shows that approximately 6,626 miles of new steam railroad have been built within the United States between January 1 and December 31, 1902. The figures are exclusive of second track, sidings and all electric lines. Rebuilt mileage is also excluded except where the work involved such extensive charges in alignment that a

new route was established, as in the case of the Southern Pacific between certain points in Nevada.

Railroad building was reported done in forty-two states and territories and Oklahoma leads the list with track laid on 570 miles of new line during the year. Texas comes second, with 496 miles; Arkansas is third, with 371 miles, and Indian Territory is fourth, with 363 miles. Georgia built 336 miles during the year.

In addition to these, Illinois, Iowa, Missouri and New Mexico show returns of over 200 miles built, and Alabama, California, Florida, Louisiana, Michigan, Minnesota, Mississippi, Ohio, Pennsylvania, Washington and West Virginia built between 100 and 200 miles.

No steam mileage was reported from Alaska, Delaware, Idaho, Maryland, New Hampshire, New Jersey, Rhode Island or Wyoming.

Returns received direct from practically every locomotive and car building plant in the country show that approximately 164,547 cars have been built, including cars for use on elevated railroads, but exclusive of street and other electric cars. This is considerably the largest record which has ever been made in the country, and exceeds by 25,542 the output for 1901.

Of the cars recorded approximately 162,599 are for freight service and 1,948 for passenger service; 161,747 are for domestic use and 2,800 are for export.

Last year the total number of cars built was 144,267, which exceeded by 20,161 the recorded output for the year 1900. The 1901 figures included also 5,262 street cars.

During the year 4,070 locomotives were built in the various locomotive plants in the country, as against 3,384 last year. The number for the current year includes 74 electric locomotives. The real meaning of this figure is perhaps best realized by calculating the expenditure involved, which would be nearly \$48,000,000, if the average cost per locomotive is assumed to be \$12,000.

MAY OWN A RAILROAD.

Indiana Likely to Buy One in Self Defense.

That the state of Indiana should own and operate a railroad within the next two years is within the range of probabilities.

The board of audit consisting of the governor, secretary of state and auditor of state, met in the governor's office with W. A. Ketcham, ex-attorney general, to consider the future policy of the state in relation to the Vandalla litigation in which the state recently won a judgment, with interest, of a little over \$1,000,000.

The board considered the question of whether legislation is needed this winter to put the state in a position should the need arise, to bid on the T. H. & I. (Vandalla) railroad in case it should be sold by the receiver, Volney T. Malett.

The receiver is an appointment of the United States circuit court. The Pennsylvania railroad holds mortgages on the property, and the question may arise whether the lien of the state is junior or not to these mortgages. If the state's lien is second, the Pennsylvania might be able to bid the road in at a low figure without rival bidders, and the state would have to whistle for its million. Hence the need of authority for the state to bid. The board did not decide what course to pursue, but is preparing for emergencies. The situation is rendered complex because the receivership is in the federal court and the judgment for the million was rendered in a state court.

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. J. H. O'Reilly & Co.—B. H. Briggs & Co.

POLICE COURT.

Batch of Evil Deeds Up Before Justice Crawford.

Albert Epperson, a young colored fellow, representing himself as a physician, was brought before Judge Crawford, charged with stealing an overcoat from the Majestic rooming house on South Third street. Epperson said that if he was guilty of the crime he did not do it intentionally, as he was drunk, and it was through a mistake he took the coat. But excuses do not go with the law as exercised by the court, and Mr. Epperson was sent over for sixty days. He had several good letters of recommendation, and a few books and instruments that proved he might possibly have been all right, but went to the bad when he struck the

W. N. Smith and J. P. Murphy were up for being drunk on the street. The same old excuse "that they had over-estimated their capacity," was used, but the phrase has been time worn, and five days was the best that could be obtained from the judge.

A lad giving the name of David Floyd, one of Las Vegas' young men, was thrown in the jail last night for loitering around in the railroad yards at an untimely hour. He claimed he had only come down to see the town and intended to go back today. His story seemed straight and the judge turned him loose.

The receipts for the past month will amount to \$475. This month has been a very good month, notwithstanding there were several days when there was no court.

Deming, the gateway to the best part of Old Mexico.

Deming! Don't overlook it if you are looking for a safe and paying investment.

Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming water is chemically pure—equal to Polan springs.

Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and triple in one year.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

IN THE LONG RUN

It pays to patronize a high class laundry, even if its prices are a trifle higher than others—pays because your clothes last longer, to say nothing of their better appearance. For many good reasons it pays "in the long run" to have your laundering done at the Imperial.

BOND INDEBTEDNESS.

Facts About Total Debt of the Territory of New Mexico.

PROVISIONS FOR PAYMENT.

The total debt of the territory of New Mexico, according to Territorial Treasurer Vaughn's figures, is \$1,122,200. The indebtedness is divided into fourteen classes.

Of the capitol building bonds \$96,000 were issued September 1, 1884, and \$100,000 March 5, 1885. The bonds bear 7 per cent interest and are to run for 20 years. The annual tax from September 1, 1899, is sufficient to raise 29 per cent of the issue for five years. The bonds are payable at the National Bank of Commerce, New York.

Current expense bonds were issued in three series, \$50,000 on May 3, 1887, \$50,000 on November 1, 1887, and \$50,000 on May 1, 1888. The bonds bear 6 per cent interest and are for 20 years and optional at five or ten years from date. On their face value they are payable at the First National bank of New York, but all coupons are paid by the National Bank of Commerce, New York.

Of provisional indebtedness bonds, \$100,000 was issued May 1, 1899, and \$100,000 September 2, 1899. The bonds bear 6 per cent interest and are for 30 years but optional at 20 years or after. They are payable at the National Bank of Commerce, New York. An annual tax after ten years from the date of the bond is sufficient to create a fund to pay off the bonds at maturity.

Casual deficit bonds to the amount of \$101,800 were issued May 1, 1893, which bear 5 per cent interest and are for 30 years, but are optional after ten years. The annual tax after ten years is sufficient to pay them in full at maturity.

Refunding bonds were issued July 1, 1893, to the amount of \$104,000, which bear 6 per cent interest. They are for thirty years but optional after twenty years and the annual tax after twenty years is sufficient to pay the bonds at maturity.

The penitentiary refunding bonds were issued in two series, \$71,000 on July 1, 1894, and \$10,000 January 1, 1895. They bear 5 per cent interest and are for thirty years, but are optional at twenty years or after. The tax provided for the refunding bonds also applies to the payment of these.

Territorial institution bonds were issued July 1, 1895, to the amount of \$35,000. They bear 5 per cent interest and are for thirty years, but are optional at ten years. Annual tax after ten years is sufficient to pay the bonds at maturity.

The New Mexico military institute bonds were issued July 1, 1895, for \$15,000. They bear 5 per cent interest and are payable at the Western National Bank, New York. They are for thirty years, but optional at ten or after. The provision for the payment of the territorial institution bonds covers these bonds.

Insane asylum bonds amounting to \$30,000 were issued July 1, 1895, for thirty years or optional at ten years or after. They bear 5 per cent interest and the provision for their payment is the same as for territorial institutions bonds.

Capitol rebuilding bonds were issued in two lots. On May 1, 1895, \$25,000 were issued and on November 1, 1895, \$50,000. The bonds are for thirty years but optional at ten years or after and bear 5 per cent interest. The provision for payment is the same as for territorial institutions bonds.

The second series of capitol rebuilding bonds was issued May 1, 1899, in the sum of \$60,000 for thirty years, but optional after twenty-five years. They bear 4 per cent interest and the annual tax after ten years from their date will be sufficient to create a fund to pay them in full at maturity.

Series A of certificates of indebtedness, amounting to \$21,000, was issued March 1, 1899. Series B amounting to \$28,400 was issued on the same date. In both series the certificates bear 6 per cent interest and run for five years. One-fifth of the amount is paid each year.

The total fees paid into the treasury by district court clerks, from December 1, 1900, to December 1, 1902, amounted to \$18,709 or an average per cent of the salaries paid of 58 4-10 per cent. A. M. Berger, clerk of the First district, paid in \$2,405, or 36 3-10 per cent of salary; H. P. Owen, clerk of the Second district, \$2,485, and W. E. Dame, clerk of the Second district, \$1,792, or a total for the Second district of \$4,277, or 66 8-10 per cent of salary; James P. Mitchell, clerk of the Third district, \$4,018, or 62 8-10 per cent of salary; Secundino Romero, clerk of the Fourth district, \$4,543, or 71 per cent of salary; and J. E. Griffith, clerk of the Fifth district, \$3,444, or 53 6-10 per cent of salary.

The banks having territorial moneys on deposit and the amount each had on November 30 are: Bank of Commerce, Albuquerque, \$28,000; First National bank, Las Vegas, \$30,000; First National bank, Albuquerque, \$30,000; San Miguel National bank, Las Vegas, \$30,000; First National bank, Raton, \$15,000; First National bank, Roswell, \$15,000; Citizens' bank, Roswell, \$15,000; First National bank, Clayton, \$20,000; First National bank, Carlsbad, \$20,000; Taos County bank, \$4,773; New Mexico S. B. & T. Co., Albuquerque, \$781; First National bank, Santa Fe, \$31,313; and National Bank of Commerce, New York, \$8,582. The Silver City National bank, on November 30, had made application to become a depository to the amount of \$20,000.

WAGES INCREASED.

Thousands of Pennsylvanians Will Get Increased Pay.

New York, Dec. 31.—Beginning tomorrow a new schedule of wages will go into effect on the Delaware, Lackawanna & Western railroad that will increase substantially the pay of a large percentage of the employees in all the departments of the road.

The percentage in increase varies in different departments and with different men or classes of employees.

According to an official statement the new schedules, taken in connection with various increases made during the year 1902, will make the total increase approximate what other roads located in the territory through which the Lackawanna roads run have done in this direction.

President Truesdale would not state definitely what the increases will aggregate per month or year, but it is ascertained that they will approximate \$50,000 per month.

He Found a Cure.

R. H. Foster, 318 Second street, Salt Lake City, writes: "I have been bothered with dyspepsia or indigestion for twenty one years, have tried many doctors without relief, but I have found a cure in Herbine. I recommend it to all my friends, who are afflicted that way, and it is curing them, too. 50c at Cosmopolitan Pharmacy.—B. Ruppe."

Progressive Euchre.

Progressive euchre was the pleasant pastime at the home of Miss Ephema Nelson, who entertained a number of young people in a charming manner. A large Jack Horner pie was brought into view at the close of the euchre contest and the ends of the ribbons were given each guest who drew from the pie a small gift. A number of beautiful piano solos were brilliantly rendered by Miss Mary Menaul. Elegant refreshments were served.

Had a Good Time.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says: "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by all druggists.

Willie Fraser Surprised.

A number of friends of Master Willie Fraser gave him a complete surprise, by dropping in on him in an unexpected manner at his home last night. The evening of pleasure and games was greatly enjoyed by the merry throng.

Favorite Family Remedy.

Frequently accidents occur in the household, which cause burns, cuts, sprains and bruises; for the use in such cases, Ballard's Snow Liniment has for many years been the constant family remedy. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy.—B. Ruppe.

RESIGNATION SENT IN.

Ralph P. Collins Resigns as Superintendent of Local Indian School.

Ralph P. Collins, who for the past three years has been superintendent of the local government Indian school, has sent in his resignation to the proper authorities at Washington, to take effect on March 1, 1903. Mr. Collins was seen this afternoon by The Citizen and he stated that on leaving the school he would return to Rocky Ford, Colo., where he has a good farm and in the future follow farming. Mr. Collins has made a most conservative superintendent, and many will regret his determination to quit the city. There are several applicants now in the field for the appointment as superintendent.

ADVERTISE IN THE DAILY CITIZEN

AT MESILLA PARK.

Our Indian Girls Will Play Agricultural College Basket Ball Team.

The young girls' basket ball team of the Albuquerque Indian school will play a game at Mesilla Park with the Agricultural and Mechanical Arts college basket ball team, who defeated the High school girls here this week. The game will be played on January 10.

The Mesilla Park team have been victorious in every contest engaged in this year. And if they can stay with the fast and effective Indian girls there will be no doubt as to their skill as basket ball players.

W. J. Travis, of the Albuquerque Indian school, received a letter from the Indian school at Phoenix, asking for a game with the Indian school here. He made them a favorable reply, but has received no word from them since. The championship of the territory is at stake and there is little doubt but that it will be settled soon.

Ballard's Horehound Syrup.
Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, registered Shillsburg, Wisconsin, writes May 29, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle, they come back for more. I can honestly recommend it: 25c, 50c and \$1.00 at Cosmopolitan Pharmacy—B. Ruppe."

THEY WERE ENTERTAINED.

Prof. and Mrs. A. B. Stroup Honor Mesilla Park Visitors.

Basket ball players and many enthusiastic admirers gathered at the home of Superintendent and Mrs. A. B. Stroup, on North Walter street, last evening, where the Mesilla Park maidens were the guests of honor at a pleasing reception.

The game of Wednesday night did not weaken the bonds of friendship between the two teams in the least, and a more congenial and mirthful crowd would be hard to find. Games, interesting and amusing, were the pastimes of the evening, prizes being awarded for the most successful or accomplished contestant. An elegant lunch, highly seasoned with jokes and pleasant conversation was greatly enjoyed.

The merry crowd escorted the visitors from the south to the hotel, where the farewell biddings were exchanged. The party for Mesilla left on the late train for their college town. They expressed themselves as highly pleased with their visit to this city and were profuse in their thanks for the manner in which they were entertained.

Tally-Ho Ride.

The High school girls entertained the victors in the afternoon with a tally-ho ride. The Indian schools and many other interesting places in and around the city were visited. The young ladies had to keep the ride a secret until just before the start. The High school boys did not like the idea of seeing so many young ladies riding alone, and so they hired the tally-ho Explorer and accompanied the party.

The basket ball game Monday night was a success financially. After the athletic association of the High school paid all expenses there was a neat sum left.

COUGHS AND COLDS IN CHILDREN

Recommendation of a Well Known Chicago Physician.

I use and prescribe Chamberlain's Cough Remedy for almost all obstinate constricted coughs, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—Mrs. Mary R. Melendy, M. D. Ph. D., Chicago, Ill. This remedy is for sale by all druggists.

CAN'T GET READY.

Challenge from Santa Fe Indians Turned Down for New Year's Game.

W. J. Oliver, manager of the Albuquerque Indian football team, received the following telegram from Superintendent Crandall, of the government Indian school at Santa Fe:

"Our football team is anxious to settle the championship. Will meet your team in your field on New Year's day if notified."

The Santa Fe New Mexican states that if the Albuquerque team refuses to play, the Santa Fe team will claim the championship.

Mr. Oliver stated to The Citizen today that the message was received at too late a date for them to make preparation for a New Year's game.

Furthermore they would not give Santa Fe the championship on a refusal, but would undoubtedly play the Santa Fe Indians at an early date, notification being given in time for both teams to prepare for the contest.

The Santa Fe team seems confident of victory if they meet Albuquerque's fast Indian players again. But when the fact is brought to view that some of the Albuquerque Indian players, who were in the game at Santa Fe on Christmas day, had none or little practice, it can be readily seen why Albuquerque did not play the aggressive game they are supposed to play. Then Albuquerque played in hard luck. Two of their best men being disabled and taken out of the game.

The coming contest for the championship of New Mexico will no doubt be the best foot ball game ever played in the territory. Both teams and schools are greatly interested in this coming event, which from the present sentiments will take place soon.

Foot Ball New Year's Day.

A foot ball game will be played between the second team of the Albuquerque Indian school and The Citizen team.

Although the players are not the large, stalwart and muscular players which one expects to always see on the gridiron, but the players of both teams are fast and trained players. The second Indian team have practiced with the champions of the territory, while The Citizen team have played several victorious games this season. Those who love the inspiring sport will not be disappointed with this game on New Year's day.

Report From the Reform School. J. G. Gluck, superintendent, Pruntytown, W. Va., writes: "After trying all of the advertised cough medicines we have decided to use Foley's Honey and Tar exclusively in the West Virginia Reform School. I find it the most effective and absolutely harmless." Alvarado Pharmacy.

INDIAN SCHOOL NOTES.

The children are enjoying the holidays immensely and the merry shout and peals of laughter may be heard from all parts of the premises.

Our second team of foot ball players are practicing very diligently preparatory to meeting the town team on New Year's day at the fair ground. They expect a hard battle, but they fully expect to defeat the city team.

Our new disciplinarian is expected in this evening and will take charge of the boys tomorrow morning.

Severo Lente, from Las Lunas, is spending the holidays with friends at the school.

Mr. and Mrs. Martin, from San Felipe, were callers at the school yesterday.

Dr. Wood has gone west on official business.

Miss Maclovio Devalis was called to her home in El Paso on account of the serious illness of her mother.

The basket ball teams from Las Cruces and from the city high school, made a short call at the school yesterday.

Our basket ball girls wish to thank the high school girls for the courtesy extended to them at the game on Monday. The girls do not have much to say but they appreciate any kindness very much.

Coughs, Colds, and Constipation.

Few people realize when taking cough medicine other than Foley's Honey and Tar, that they contain opiates which are constipating besides being unsafe, particularly for children. Foley's Honey and Tar contains no opiates, is safe and sure and will not constipate. Alvarado Pharmacy.

COUNTY COMMISSIONERS.

They Were in Session Yesterday and Are Today Winding Up Affairs for the Year 1902.

Hon. E. A. Miera, the popular chairman of the board of county commissioners, arrived in the city yesterday morning, after a cold drive from his place of business at Cuba, up in the Nacimiento mountains. He was a pleasant caller at The Citizen office, and states that, although the weather is extremely cold in his section of Bernalillo county, his immense flocks of sheep are in fine condition.

Mr. Miera came to the city in order to meet with the other two commissioners and wind up the affairs of the county for the year 1902. The old board was in session yesterday and today, and on New Year's day the new board will be sworn in and organized, after which they will hold a few days' session.

All the newly-elected county officers will take office on the New Year, their bonds having been filed with the probate clerk and will be presented for approval to the county commissioners.

east side merchants are mentioned
among his creditors.

Kenneth Mymy, who was struck on
the head some time ago with a fence
picket in the hands of another boy was
operated upon and two large splinters
removed from the wound.

The woman and two children, who
were around town Saturday asking for
assistance to help them get to Trin-
idad, where the woman claimed they
had relatives, left on 26, 8 Saturday
night, having secured enough to take
them on to their destination. They
came from California and were sent
here from Albuquerque.

Sam Hunter, an old colored man,
who had been cooking for Eugenio Ro-
mero at the stage station of Bado de
Juan Paiz, was found Saturday after-
noon, lying on the floor of his room
dead. He had imbibed quite freely of
whisky in the morning, and those
around thought he was merely intoxi-
cated until late in the evening. He
was about 65 years old and leaves a
wife and four children, his wife being
an inmate of the asylum here. The
body will be brought to this city for
burial.

Mrs. R. T. Long, wife of Graaf &
Hayward's bookkeeper, passed quietly

away about midnight Saturday night,
from membranous croup. She was
29 years of age and, in addition to her
husband left two children, a boy of 13
and a girl of 10, to mourn the loss of a
devoted wife and a tender mother.
The body will be shipped to Silver

burg, \$3,000.

Manager Sparks last evening turned
on the current from the new dynamo
that had just been installed at the
Santa Fe Light & Water company's
plant on Water street. The service,
however, was betwixt good and bad up
to 11 o'clock, when everything went
along nicely until this morning. Sun-
day night the water service in the ca-
nyon gave out and last evening the
lights were furnished by the Water
street plant. In starting new ma-
chinery there are great many annoy-
ances that have to be met, such as hot
boxes and getting the different parts of
the machinery regulated. All these
things Manager Sparks had to contend
with last night, but he hopes tonight
to have things nearly righted.

Kodol Dyspepsia Cure.

Digests all classes of food, tones and
strengthens the stomach and digestive
organs. Cures dyspepsia, indigestion,
stomach troubles and makes rich red
blood, health and strength. Kodol re-
builds worn-out tissues, purifies, strength-
ens and sweetens the stomach. Gov.
G. W. Atkinson, of W. Va., says: I
have used a number of bottles of Kodol
and have found it to be a very effective
and, indeed, a powerful remedy for
stomach ailments. I recommend it to
my friends. J. H. O'Reilly & Co.—B.

PRIEST DEAD.

Father J. P. Puetz, of Las Vegas, Died
Suddenly.

Rev. J. P. Puetz, a Catholic priest,
died suddenly yesterday morning of
heart failure. He was 70 years of age
and was a well known figure in the
city. His death came as a shock to his
many friends, as he was up and about
as usual Saturday and apparently in
good health.

His attendant entered his room yester-
day morning, opened the window
blinds and then went out. Returning
later to arouse him for breakfast, they
were horrified to discover that his
spirit had passed to the great beyond.
Mass was held in the east side church,
saint at Newcomer's.

KODOL digests what you eat.

KODOL cleanses, purifies,
strengthens and sweet-
ens the stomach.

KODOL cures indigestion, dys-
pepsia, and all stomach
and bowel troubles.

KODOL accelerates the action of
the gastric glands and
gives tone to the digestive organs.

KODOL relieves an overworked
stomach of all nervous
strain, gives to the heart a full, free
and untrammelled action, nourishes
the nervous system and feeds the
brain.

KODOL is the wonderful remedy
that is making so many
sick people well and weak people
strong by giving to their bodies all of
the nourishment that is contained in
the food they eat.

A Cold Wave.

The forecast of sudden changes in
the weather serves notice that a hoarse
voice and a heavy cough may invade
the sanctity of health in your home.
Cautious people have a bottle of One
Minute Cough Cure always at hand.
E. H. Wise, Madison, Ga., writes: "I
am indebted to One Minute Cough
Cure for my present good health, and
probably my life." It cures coughs,
colds, LaGrippe, bronchitis, pneumonia
and all throat and lung troubles. One
Minute Cough Cure cuts the phlegm,
draws out the inflammation, seals and
soothes the mucous membranes and
strengthens the lungs. J. H. O'Reilly
& Co.—B. H. Briggs & Co.

Here, Too.

The management of the sixth annual
convention of the national live stock
association, meeting in Kansas City,
January 13, 14, 15 and 16, 1903, should
pay more attention to small details.
Advertising matter which the news-
papers are expected to publish gratui-
tously is being sent out with insuffi-
cient postage attached and the news-
paper people are called upon to make
up the delinquency. The printed mat-
ter mailed at Kansas City should be
forwarded unsealed and then letter
postage would not be demanded.—

Saved at Grave's Grink.

"I know I would long ago have been
in my grave," writes Mrs. S. H. New-
son, of Decatur, Ala., "if it had not
been for Electric Bitters. For three
ears I suffered untold agony from the
forms of indigestion, waterbrash, stom-
ach and bowel dyspepsia. But this ex-
cellent medicine did me a world of
good. Since using it I can eat heart-
ily and have gained 35 pounds." For
indigestion, loss of appetite, stomach,
liver and kidney troubles Electric Bi-
tters are a positive, guaranteed cure.
Only 50 cents at all druggists.

short stay at Deming they will go to
Mexico for a few weeks.

A DOUBTING THOMAS.

Had His Falling Hair Stopped, and
Dandruff Cured, Without Faith.

H. B. Fletcher, Butte, Mont., Oct. 20,
1899, says: "Like many other people
I have been troubled for years with
dandruff, and within the last few
months my hair came out so badly that
I was compelled to have what I had
left clipped very close. A friend re-
commended Newbro's Herpicide. I con-
fessed I doubted his story; but I
gave Herpicide a trial; now my hair is
as thick as ever and entirely free from
dandruff." "Destroy the cause, you re-
move the effect." At druggists, \$1.00.
Herpicide is a delightful hair dressing
for regular use. Send 10 cents in
stamps for sample to The Herpicide

sage treatment and manicuring. Mrs.
Bambini's own preparations of com-
plexion cream builds up the skin and
improves the complexion, and are
guaranteed not to be injurious. She
also prepares a hair tonic that cures
and prevents dandruff and hair falling
out; restores life to dead hair; re-
moves moles, warts and superfluous
hair. Give her a trial. She also has
a very fine tooth powder, which she
guarantees to be free from all metallic
substances. It perfumes the breath,
hardens the gums and makes the teeth
clean and white. It is highly recom-
mended by all first class dentists. Al-
so a face powder, a freckle cure, and
