ALBUQUERQUE, NEW MEXICO, TUESDAY AFTERNOON, DECEMBER 30, 1902

NUMBER 340

NAVAJO INDIANS

They Are in Need of Government Help.

ENEMIES AFTER GOV. M. A. OTERO

Recommendation for Federal Building at City of Albuquerque.

BOUQUETS FOR TERRITORIAL METROPOLIS

A special dispatch to the Denver Republican from Washington, D. C., under date of December 28, contains the following articles of interest to the southwest, and one especially to this city:

Navajo Indians Want Help.

W. R. Johnson, who for the last six years has been living on the Navajo reservation as an independent missionary, is at Washington to obtain aid from the government for the Navajos, who have become almost impoverished on account of the drought that has existed in their country for the last six years. A few years ago these Indians were the owners of large bands of sheep, and a majority of the tribe gained their living by selling wool and by making blankets. By reason of the drought the herds of sheep have been depleted, and few of the Indians now have more than 100 head. The crop of wool is poor, the fleeces not yielding more than three pounds each. It is impossible under the present conditions to carry on the business they have been conducting for so many years.

Mr. Johnson says that financial aid is not wanted, but the friends of the Indians wish to show the government how the Indian can take care of himself. They want the government to build irrigation ditches so that they can cultivate grounds which is now worthless, but which with irrigation, would be productive.

Mr. Johnson is accompanied by two Navajo Indians, and with him they called on the president and on Indian Commissioner Jones, and told their troubles.

After Governor M. A. Otero.

Gov. Otero of New Mexico has an anonymous enemy in Washington who takes every opportunity that presents itself to attack him. During the past week every senator and representative in congress has received a printed circular without signature or anything to indicate the author. This circular purports to be an argument in favor of the admission of New Mexico to statehood, but it is mainly an attack upon the governor. The circular charges Governor Otero with "constant illegality." It declares "he has removed officers contrary to law, and appointed members of the legislature and others whose appointment was prohibited. He uses the appointing power as a personal perquisite with no thought of fitness, but simply to secure a political striker. He filled the chief offices with his cronies, a saloon man, Clark, having the most lucrative office. The pardoning power is prostituted for political purpose, a promise of political support quickly opening the door to the worst criminals. The sale and lease of the public land is a scandal and disgrace. The whole administration is a political machine, used for personal purposes, not republicanism, but Oterolism."

Probably every member of congress consigned the anti-Otero document to his wastebasket. The same class of circulars was in evidence when Mr. Otero was before the senate for confirmation upon being appointed governor and again when reappointed.

Albuquerque's Federal Building.

The secretary of the treasury has recommended to congress that a government building be erected for the accommodation of different branches of the public service at Albuquerque, N. M. In his recommendation the secretary says:

"Albuquerque is the center of a large commercial territory, and is the largest city in New Mexico, having a population of 6,238, according to the last census of 1900. There has been a continuous growth in the past of both the city and the postal business, with every promise of a larger growth in the near future. In the fifteen years from 1887 to 1892, there has been an increase in the postal receipts of the Albuquerque office from \$9,450 to \$22,726.

A site has been selected for a federal building and action is now being taken with a view to having the title to the land vested in the government. In addition to the postoffice sessions of United States court are held in Albuquerque, and there is also an internal revenue gauger permanently located in

the city. To meet the requirements of these offices for the present, and for a considerable number of years to come, it is believed that a three story building should be provided, covering an area of about 4,800 feet, the entire cost of which, including elevator, vaults, heating apparatus, etc., is about \$200,000, exclusive of site.

This afternoon, Marshal McMullin arrested a colored man for stealing the overcoat of a roomer at Mrs. Bambini's lodging house on First street. The man gives his name as "Dr." Albert Apperson, and says he is from Canada, where he practiced medicine.

The old town base ball club, the Tigers, will give a dance at the Mutual Protective society hall, New Year's eve. A fine orchestra will furnish the music for the occasion.

Modesto Ortiz will leave for Santa Fe tonight, in response to a message that his father, Mateo Ortiz, is seriously ill.

The Spanish American War Veterans will meet tomorrow night over Zeller's at 8:30 o'clock.

Miss Sadie Souder, of Santa Fe, is the guest of Dr. and Mrs. Croston for a few days.

CHRISTIAN ENDEAVOR.

Members of the Territorial Society Held Big Meeting at Las Vegas.

NEWLY ELECTED OFFICERS.

A large congregation assembled at the Presbyterian church, Las Vegas, to attend the spring session of the territorial Christian endeavor convention, Friday evening, December 26. The first session was in the nature of a welcome meeting. It was marked by enthusiasm and spiritual fervor, and was an auspicious opening for the convention. Addresses of welcome were made by Judge John R. McFie for the territory, by Rev. Norman Skinner for the churches, and by Rev. A. C. Guyer for the societies. Appropriate responses were made by Rev. Samuel Magill, and Prof. C. T. Nicholson. An address was then delivered by Rev. Clarence E. Eberman, of Boston, field secretary of the United society. The choir of the Presbyterian church furnished inspiring music. After the program the audience was invited into the parlors of the church where an informal reception was held for visiting delegates. A pleasant hour was passed, dainty refreshments were served, and the Christian endeavor societies of Las Vegas fully sustained the reputation of their city for hospitality.

With the exception of some changes made necessary by the unavoidable absence of some speakers expected, the program for Saturday was carried out as previously arranged. The attendance Saturday evening was large, and the services were full of inspiration for Christian workers. Strong addresses were delivered on different phases of Christian endeavor work by Rev. C. E. Eberman, H. R. Chapman, and Rev. W. T. Patchell.

Sunday was the great day of the feast. The various pulpits of the city were occupied by members of the convention. In the evening the churches all united in the service at the Presbyterian church. Mr. Eberman delivered a stirring address on "A Pledge and Consecrated Life," which was followed by a tender and impressive consecration service.

The delegates came away filled with enthusiasm for their work, with many pleasant memories of the convention, and with a deep appreciation of the more than hospitable treatment they received from the people of Las Vegas.

The one source of regret throughout the entire session was the absence of the president, A. M. Forrester, of Las Cruces, who was detained at home by illness.

At the business session Monday morning the following officers were elected for the ensuing year:

President—A. M. Forrester, of Las Cruces.

Vice Presidents—Walter Hidden, of Las Vegas; Prof. C. E. Magnusson, of Albuquerque.

Secretary and Treasurer—Mrs. J. G. McNary, of Las Vegas.

Corresponding Secretary—Miss Fannie E. Blakesley, of Las Cruces.

INGLAS SHOT.

Ranchmen of Lake View Quarrel—One Dangerously Wounded.

News comes from Hillaboro, down in Sierra county, of the shooting and dangerous wounding of Thomas Inglas, a well known and popular ranchman of Lake View, that county. The shooting took place last Saturday night, and T. T. Lee, another ranchman, is charged with the crime. The men are reported to have beforehand engaged in a bitter quarrel.

CABINET MEETING

President and Advisers Pleased With Year's Work.

INVESTIGATING COAL SITUATION

Marriage of Niece of President McKinley to Denver Attorney.

BRISK BOSTON WOOL MARKET

Washington, Dec. 30.—Today's meeting of the cabinet was brief, the meeting consuming less than half an hour. All the members excepting Secretary Shaw were present. The president and his advisers exchanged felicitations upon the results of the past year's administration and looked forward with hope to the new year. Secretary Hay had little news to present to the cabinet on the Venezuelan question or upon other matters relating to foreign affairs. It is understood to be the hope and expectation of the president and his advisers that upon receipt of President Castro's reply to the arbitration proposition the allies will agree to raise the blockade. Secretary Moody and Postmaster General Payne brought to the attention of the cabinet some matters relating to their departments but they were of such a nature that no announcements were made concerning them. Affairs relating to the land office were also discussed.

Castro's Reply.

Washington, Dec. 30.—President Castro's answer to the allies' proposal to arbitrate the Venezuelan troubles has not been received. In fact Secretary Hay had nothing of importance on the Venezuelan situation to communicate to the cabinet. There are, however, under discussion such questions as those relating to the best means of terminating the blockade and other matters touching the personnel of the commission, which, it is expected, will meet in Washington to lay down the lines of the arbitration scheme.

MAKING INVESTIGATION.

No Reason Why There Should Be Soft Coal Shortage.

Chicago, Dec. 30.—Attorney General Hamlin arrived here this morning to enter upon his investigation of the coal situation. Invitations were sent to the railroad officials, coal dealers, shippers and some large consumers to meet Mr. Hamlin at 2 o'clock. While he has no mandatory power, Hamlin says that he expects to get to the bottom of the question of a shortage of bituminous coal. The investigation is prompted by the report that thousands of car loads of soft coal is being held out of the market in a conspiracy to raise the price.

HAPPY MARRIAGE.

Niece of Mrs. McKinley Will Wed Denver Attorney.

Canton, Ohio, Dec. 30.—Miss Mary Barber, niece of Mrs. McKinley, will be married at 6 o'clock this evening to Ralph Hartzell, a prominent young attorney of Denver. Mr. Hartzell is a son of one of the oldest Canton families, and was the schoolmate of the bride. Miss Barber is the oldest daughter of Mr. and Mrs. M. C. Barber and spent much time with Mrs. McKinley, in white house and on the extended trips made by the presidential parties. About 150 guests have been invited, mostly relatives and close friends. Mrs. McKinley will attend. Her presence to the bride is a magnificent silver table service.

FIRE LAST NIGHT.

The Foster Millinery Company Stock Burned and Damaged.

CARRIED GOOD INSURANCE.

The Foster millinery company stock, in the Jaramillo building on West Railroad avenue, is almost a wreck from destructive work of fire and water last night.

Oakey Clifford, the hackman, passed the building about 11 o'clock, and seeing smoke issuing from the door, he drove quickly to the corner of Second street and Railroad avenue, where he informed Ray Stamm, who was inside the vehicle. As soon as Ray learned of the fire he turned in the alarm.

The fire department made a fast run

and in short time had the hose strung and ready for action. The glass of the front door was broken in, but the smoke was so dense it was impossible for them to enter. A hose was placed through the opening and then it was that the hats and millinery stock were scattered right and left. The rear door was next broken into by the fire boys, who were able to enter at this stage.

They found the first evidence of fire in a pile of paper boxes on the right hand side as they entered. Before, nothing was seen but smoke. This blaze was quickly extinguished, but not before another blaze was discovered in a small room adjoining, separated from the large room by a light partition. At this point it was discovered that the entire ceiling, which was covered with cloth and decorations,

(Continued on page eight.)

HIGH SCHOOL DEFEATED.

Basket Ball Team From Mesilla Park College Victorious.

WITNESSED BY A BIG CROWD.

Albuquerque's star basket ball players—the High school girls—were defeated by the Mesilla Park girls by a score of 9 to 6.

The defeat was not one to make the High school girls feel discouraged or disheartened, but rather they have every reason to feel happy over the excellent showing they made and the scientific game they played.

The first half started fast, showing that both teams did not wish to lose by bad or slow playing. The High school girls plainly displayed their superiority in quickness and agility.

The large house of sport lovers were expectant, as the teams showed they were evenly matched, and when Ada Vaughn threw a goal from field during the first few minutes, the crowd gave vent to their feelings by hilarious and enthusiastic yelling, such as never before reverberated in Colombo hall.

During the first half the ball hovered either near one basket or the other. Ada Vaughn gained possession of the ball again and made a beautiful throw from field, and scored two more points. Several fouls were called during the first half.

The Mesilla valley girls were given several chances to score on a foul, but only once did they make good.

The High school girls were in excellent spirit when the first half ended with a score of 4 to 1 in their favor.

The second half started with a determination, visible in both teams, that it decidedly interesting.

The Mesilla Park girls improved in their team work and also interference and the High school girls were kept busy. The ball passed with remarkable rapidity from one college player to another until it reached Miss Sarah Meyers, who tossed it into the basket from field.

In a few minutes Miss Meyers had an open field again and repeated the play. Although it was going against the High school girls the rooters for the home team kept up the encouraging cries.

The High school girls fought hard the last half and several times the ball had a narrow escape from the basket, but they couldn't make good. The college team, by Miss Foster, threw another goal from field and scored two more on fouls, giving them nine points at the end of the second half.

The improvement in the team work of the High school is very noticeable and they are to be commended on the excellent game they play, even when they see they are losing.

Miss Vaughn received praise from all sides for her skill as a goal thrower and Rose Harsch and Helen Finch, the sturdy guards, won the admiration of the audience by their clever interference. Eliza Bossett played an excellent game, as did Rose Hartzinger, the center. Everyone feels proud of Albuquerque's star basket ball players, and even if they were defeated they have won a reputation of excellent bearing as basket ball players.

The college girls play a game that is to be admired. They display skill and strength and give evidence of thorough training.

A dance, hugely enjoyed by basket ball players and enthusiasts alike followed the game.

Mrs. Rosa Berry furnished music for the mirthful crowd.

The basket ball team from Mesilla Park will be the guests of honor at a reception at the home of Prof. A. B. Stroup on North Walter street this evening. The visitors will return to the college tonight after the reception. The select five entertained the five basket ball players from the south with a tally-ho ride this afternoon.

The Albuquerque Indian girl basket ball players were guests at the game last night.

BRAVE CONDUCTOR

He Grappled With a Masked Train Robber.

SULTAN OF MOROCCO BESEIGED

Immense New Year Dividends of the Steel Trust.

BRAZIL AGREES TO EXTRADITION TREATY

Louisville, Ky., Dec. 30.—Conductor J. D. Keene, of the north bound New Orleans and Cincinnati express on the Louisville & Nashville road, had a desperate encounter with a train robber early today as the train was nearing South Louisville. The conductor, who was shot by the robber over the left temple, is confident that he killed or mortally wounded the intruder with a bullet from a Winchester rifle.

Keene said that while he was passing through the Pullman car as the train was entering the limits of South Louisville shortly after 3 o'clock, he was stopped by a man wearing a mask. The robber had jumped from a dark corner of the car, and with a drawn revolver commanded Keene to throw up his hands. Instead of doing so, the conductor grappled with the man.

A pistol ball momentarily stunned Keene and the robber pulled the bell cord, but before the train stopped the highwayman robbed the passengers in the sleeper.

He held up Joseph Redford, Pullman car conductor, and J. E. Moore, the only passenger, taking \$25 from the latter.

As the train slowed down, the robber jumped off, but was followed by Conductor Keene, who had secured a Winchester. The conductor fired as he went and emptied his rifle at the fleeing man.

At one of the shots the robber let out a yell of pain. The firing aroused the passengers and caused considerable excitement.

BIG DIVIDEND.

Steel Trust Will Disburse \$5,000,000 in New Year Dividend.

New York, Dec. 30.—Before New Year's day every holder of the common stock of the United States Steel corporation will receive a substantial dividend on his holdings. Checks for the amounts due were mailed today from the general offices of the corporation and amounted in the aggregate to \$5,000,000. Large as this amount is it is but a drop in the bucket to the great dividends to be disbursed from Wall street during the coming month. It is estimated that the aggregate dividend and interest payments of the big railroads, traction companies and industrial corporations within the next week or so will reach the figure of \$200,000,000.

Treaty With Brazil.

Rio Janeiro, Dec. 30.—The protocol of the extradition treaty between Brazil and the United States has unanimously passed both houses.

Boston Wool Market.

Boston, Dec. 30.—Notwithstanding the holiday season, the wool market has been active and is stronger than last week. Some of the largest manufacturers have been buying freely. Stocks are unusually small for the season. Territorial wools are in good demand with prices fully sustained. Fine staples are quoted at 56¢@60¢; strictly fine, 50¢@55¢; fine and fine medium, 50¢@52¢; medium, 45¢@47¢. Fleece wools also are in good demand and prices are firmly held.

FORAKER'S VIEWS.

Thinks That New Mexico and Arizona Will Be Admitted as One State.

DELEGATE SMITH WILL OPPOSE.

United States Marshal C. M. Foraker, a brother of Senator Foraker, of Ohio, and a member of the statehood committee which recently visited Washington in behalf of this all important measure, has returned home and this morning was found busily engaged with the duties of his office. During Mr. Foraker's absence of three weeks, work has been piling up in the marshal's office and The Citizen representative was much surprised to find the marshal in such a pleasant frame of mind.

Marshal Foraker said that he had

enjoyed his trip and spent a pleasant Christmas with a brother who is an attorney living in Cincinnati. He said that it was pretty cold in Ohio and that he was glad to get home. There may be reasons for his gracious feelings under the prospect of burying himself in the desk full of papers stacked before him. In regard to the statehood situation Marshal Foraker's views are very encouraging. He says that in his opinion, obtained from facts gathered while in Washington, is that the territories were sure to be admitted, but not through the omnibus bill. He thinks that the omnibus bill will be withdrawn and in its stead will come a bill taking in Arizona and New Mexico as one state, that state to be called Arizona. Senator Foraker, who is a warm friend of Senator Quay, the statehood champion, has openly stated himself as in favor of taking in the territories as states, and has intimated that a movement was now on foot to make a change in the bill for statehood as above mentioned. When approached with this idea, Delegate Mark Smith, of Arizona, was not pleased and is quoted as having said that he would refuse to use his influence for any such bill.

FROZEN TO DEATH.

August McCue Found Dead and His Horses Almost Starved.

REWARD FOR KYLE'S MURDERERS.

Special Correspondence.

Gallup, N. M., Dec. 28.—A span of horses attached to a farm wagon was found yesterday in a ravine off of the road about a mile south of Fort Wingate. The wagon contained the body of August McCue, a well known ranchman, who has lived for over twenty years in the Zuni mountains east of Fort Wingate. The horses appeared to be nearly starved and had apparently been there about a week.

Major Hardy had an examination of the body made, and as there were no signs of foul play the conclusion was that McCue had frozen to death.

A casket was sent up today and the body will be buried tomorrow.

McCue was in the habit of getting drunk whenever he could get liquor. Two years ago his team was found in a snowbank off the road and the wagon was taken to pieces to get it out. His wife left him twelve years ago, and several of his children were sent by subscription to the sisters at Santa Fe. One son is thought to be in Winslow.

It is proposed to raise a fund between here and Apache county, Ariz., to offer a reward for the murderers of Charles Kyle, who was killed and burned at Cienega, Ariz., two weeks ago. Over \$100 have been subscribed here already.

SULTAN FOILED.

He Is Penned Up in Fez by the Rebel Army.

Madrid, Dec. 30.—It is reported that the Sultan of Morocco has been foiled in an attempt to break out of Fez by the rebels, who are investing the city.

Foreigners Must Leave.

Tangiers, Dec. 30.—Foreigners in the interior of Morocco have been advised to make for the coast, as provisions are scarce and communications almost closed. The pretender himself is reported only twenty miles from Fez.

Water Supply Shut Off.

Madrid, Dec. 30.—A dispatch from Tangier, Morocco, today announced that the rebels had cut the aqueduct which supplied Fez with water, and adds that the place was practically without water. It is further asserted that unless the Kabyleh tribesmen from the south come to the succor of Fez the place must surrender within three days.

GAS EXPLOSION.

Woman Fatally Hurt by Explosion of Natural Gas.

Delaware, Ohio, Dec. 30.—When Miss Helen Kurrly went to the cellar this morning to start the fire for breakfast, a terrific explosion of natural gas occurred from a lighted lamp and wrecked three sides of the house. Five members of the family were blown through the house and Miss Kurrly was fatally injured and her mother seriously hurt. The other three were slightly injured. Gas had leaked into the cellar and filled the house during the night.

DELICIOUS Ripe Olives

25c pint, genuine queen olives 20c pint, stuffed olives 30c pint, Colossal queen olives 30c pint, German Dill pickles 2 for 5c, large sweet or sour pickles 1c each, Sauer Kraut 12 1/2c quart. Try our strictly fresh eggs 30c dozen.—SAN JOSE MARKET.

CORONATION FETE

India Celebrates the Crowning of King Edward.

GRAND FETES OF GORGEOUS EAST

Ohio Woman Fatally Injured by an Explosion of Natural Gas.

DEATH OF EX-CONGRESSMAN MOREY

London, Dec. 30.—Under date of yesterday a dispatch from Delhi says: Gray-haired veterans of the Indian service declare that the present week will add to their stock of recollections the memory of the greatest scenes of popular enthusiasm they have ever known. The curtain was rung up today on the gorgeous functions which are to be held in celebration of King Edward's coronation and for a week to come the ancient city of Delhi will be the theater for a pageant of unparalleled magnificence.

Today's contribution to the Durbar program was the state entry into Delhi of the vicerey and the ruling chiefs. The route of the pageant extended from the station a distance of six miles through the principal thoroughfares of the capital to the great camp which has been established on the plain outside the city walls and which is to be the scene of grand review and other leading features of the celebration. The procession was truly oriental in its dazzling color and glittering splendor. The viceregal party, the turbaned chiefs, the officials of state and military officers of high degree were included in the line, some on elephants, some on horseback and others in carriages. To an American the procession would suggest nothing so much as a circus parade of the good old-fashioned sort and it is just possible that the comparison may have entered the minds of some of the American women present—perhaps of Lady Curzon herself, the central figure in the great show.

The line of march lay beneath seas of flags and bunting and wound under magnificent arches adorned with flowers. Every house top and window along the way was occupied and temporary stands, swathed with bunting and filled with people, occupied all the available spaces commanding a view of the procession. Large numbers of mounted and unmounted troops drawn from every part of India plied their strength against the masses of spectators who struggled for positions in the streets.

The people have entered into the celebration with an enthusiasm almost foreign to their race and spirit. Their mood increased as the ancient capital took on fresh accensions of color, and finally everybody appears to be lending his voice and presence to the popular revelry. The city is filled early and late with the crash and babble of voices. It is like a great circus, a huge picnic and an endless succession of street fairs. Whenever Lord and Lady Curzon or the Duke and Duchess of Connaught appear one sees repeated acts of the passionate homage which distinguishes the whole festival.

Tomorrow Lord Curzon will open the Indian Arts exhibition with pomp and ceremony. For months the bazaars from Peshawar to Cape Comorin have been ransacked, so that nothing worthy of a place in the great exhibition should escape.

New Year's day will be the great day of all. At noon in the arena, which seats 8,000 people, Edward VII. of England will be proclaimed emperor of India. At the stated hour Lord and Lady Curzon will enter the arena to a fanfare of trumpets and take their seats on the golden thrones in the center of the crimson dais. To the right of the vicerey will be seated the Duke and Duchess of Connaught and to the left the leading princes in India, including the Nizam of Hyderabad, the Gaekwar of Baroda, and the Maharajas of Jaipur, Mysore and Travancore. The ceremonies will include the reading of a proclamation in Hindustanee announcing the king's coronation and an address by the vicerey assuring the princes and people of India that he will ever uphold their rights and rule them in justice and equity. One day's program will conclude with a grand military review in the afternoon.

Death of Ex-Congressman.

Dayton, Ohio, Dec. 30.—Hon. H. L. Morey, former congressman from this district and a member of the board of trustees of Dayton state hospital, died shortly after midnight at his home in Hamilton, Ohio, from a stroke of apoplexy.

New Mexico demands Statehood from
the Fifty-Seventh Congress.It is about decided that the Monroe
doctrine is a myth.The Durango Democrat is having a
lively fight with the printers' union.There are over 300,000 acres of land
under irrigation in sight of Alberque-
que.The business men of this territory
are closing their books on a remark-
ably successful year's trade.With over \$350,000 cash balance in
the treasury, New Mexico will enter
the new year in prosperous condition.The statehood fight has effectually
settled one thing. Senator Beveridge
will never be president of the United
States.The daily press of this city, during
the past year, has led in every meas-
ure for the advancement of Alberque-
que and New Mexico.The philosopher of the Salt Lake
Tribune insists that the man who con-
quers one bad habit at the beginning
of the year is greater than he who ac-
quires two new ones.

ROOSEVELT ON STATEHOOD.
At Las Vegas, on Sunday, June 25,
1899, during the Rough Riders' re-
union, Hon. Frank Springer presented
Col. Theodore Roosevelt a medal on
behalf of the people of New Mexico. In
response, colonel, now president,
Roosevelt, said:

"I cannot say how glad I have been
to come here. I never was in New
Mexico before, but I never felt like a
stranger for one moment among you.
(Applause). I claim the same right
that each of your sons claims of glory,
and take pride in the name and fame
of New Mexico. I am an American, as
you are Americans, and you and I alike
have the right to claim as our own
every acre and every rod of country
from Maine to Oregon; from Florida to
California. (Applause). The heavens
have been more than propitious, so far,
and we must not complain of this
showers. All I shall say is, if New
Mexico wants to be a state, you can
count me in, and I will go to Wash-
ington to speak for you, or do anything
you wish." (Long and continuous ap-
plause.)

The Las Vegas Optic says that the
words were taken down verbatim by
W. E. Gortner, court stenographer for
the Fourth judicial district. They are
reproduced at this time to illustrate
the change which seems to have come
between Colonel Roosevelt and Presi-
dent Roosevelt as regards statehood
for New Mexico.

CONTEST WITH IGNORANCE.

The Arizona Republican says that in
pressing for admission into the union,
the territories have found, of course,
that ignorance is the chief enemy with
which they have to deal. It is neces-
sary to overcome ignorance of geogra-
phy, ignorance of climate, ignorance of
the people, their resources, and all
their equipment for statehood—and in
addition to this, ignorance of the ele-
mentary principles upon which the fed-
eral government was founded. The
prospects for the bill would undoubt-
edly be brighter if there were not so
many statesmen and newspaper writ-
ers who are entirely lacking in under-
standing the true theory of the fed-
eral union. The general discussion of
the pending measure has brought out

very clearly the need of better instruc-
tion in the public schools—or some-
where—concerning the fundamental
principles of the constitution of the
United States. With the impetuous
zeal which usually accompanies igno-
rance, the opponents of admission
take the absurd ground that the popu-
lation of any given state should not be
greatly disproportionate to the popu-
lation of any other state.

For the first time in American history,
this nonsensical theory received the
formal sanction of a senate com-
mittee when Senator Beveridge argued
in his report in favor of waiting until
Arizona and New Mexico each should
have a population of 1,650,000, his
contention being that "any new state
should have a population equal to the
average population of the remainder of
the states."

Ignorance cannot be imputed to the
Indiana senator, of course, for in his
report he takes notice of the rule
which has prevailed from the founda-
tion of the government, namely, that
a new state should have, merely, a
population approximating the mini-
mum population allotted to a congress-
sional district. The senator states
frankly in substance, that the time
has come for making a new rule, his
reason being that the senate should
not be permitted to become a populous
body. But the ignorance to which we
refer is found among the people who
insist that some existing rule or law
or principle would be violated by the
admission of Arizona and New Mexico
as they stand.

There seems to be a general igno-
rance of the fact that the question of
senatorial representation was thor-
oughly threshed out in the debates in
the great assembly which framed the
American constitution. The argument
was then advanced that it would be un-
just for a small state to have the same
representation in the senate as a state
vastly greater in population, and while
there were many answers to this con-
tention the most forceful were these:

1. That the question of liberty and
self-government under state autonomy
was not properly dependent upon popu-
lation, beyond a requirement that
each state should have in addition to
area and resources, a population suf-
ficient to maintain a state government.

2. That a senator of the United
States is not a "representative" of his
state in the senate, but is, in fact, "a
senator of the United States." The al-
lotment of two senators to each state
was to preserve an equilibrium be-
tween the wealthy and populous com-
munities, and those which were poor
and sparsely settled.

3. That representation according to
population was provided for in the na-
tional house of representatives, in
which house all legislation affecting
taxation must originate. Thus we find,
today, that if Arizona were a state she
would have one lonesome representa-
tive in the lower house as against the
thirty-four representatives from the
state of New York.

THE STATEHOOD QUESTION.

Senator Beveridge's conscientious
scruples about admitting New Mexico
and Arizona as states lack that spishi-
tude that is supposed to exist in the
conclusions of unbiased minds, says
the Indianapolis Sentinel. He urges
with much vehemence that it would be
unjust to give territories with their
population the same power in the sen-

"WILFUL
WASTE"

That old copybook maxim finds its
most forceful application in the waste
of vitality, which is called "burning the
candle at both ends." A woman is
often tempted beyond her strength by
domestic or social demands. Some day
she awakens from this waste of strength
to the awful want of it. She has be-
come weak, nervous and miserable.

For weak, nervous, run-down women,
there is no better tonic and nerve than
Dr. Pierce's Favorite Prescription. It
restores the appetite, quiets the nerves
and gives refreshing sleep. It cures
local diseases peculiarly womanly which
undermine the general health. It makes
weak women strong, sick women well.

"No doubt you have forgotten me, but after
you read my letter you will remember me,"
writes Mrs. Annie E. Moring, of 28 7th Avenue,
N. W., Knoxville, Va. "In the year 1901, I wrote
to you for advice, which you gave me free of
charge. When I wrote to you I was a wreck; I
could not walk straight for pain in my abdo-
men; could not sit down, lie down, or get any
ease at all. I had what was called the best doc-
tor here, but did not get any better until I went
through a course of your medicine. I took eight
bottles each of 'Favorite Prescription' and
'Golden Medical Discovery,' and ten bottles of
the 'Pleasant Pellets.' I tell you the medicine
made a cure of me."

Weak and sick women are invited to
consult Dr. Pierce, by letter, free. All
correspondence is held as strictly private.
Address Dr. R. V. Pierce, Buffalo, N. Y.
Dr. Pierce's Pellets cure biliousness.

ate as the largest states in the union,
but he ignores the matter of giving
them the same power as the smaller
states, which now have the same num-
ber of senators as the large ones. Popu-
lation has nothing to do with repre-
sentation in the senate.

Arizona, by the census of 1900, has
122,931 people. That is three times as
many as Nevada has, and Nevada was
admitted by a republican congress.
New Mexico has 195,310, against 184-
735 for Delaware, 161,722 for Idaho,
and 92,531 for Wyoming. It is rather
late in the day to be setting up the
plea that Arizona and New Mexico
have not enough population to entitle
them to statehood, as compared with
states that are now members of the
union.

But, further than that, the question
is not what population the states have
now, but what they had when they
were admitted. Senator Beveridge
talks of the population of Indianapolis
now, but there was no Indianapolis
when Indiana was admitted in 1816,
and the population of the state by the
census of 1810 was only 24,520. A
special census and estimate in 1815
gave Indiana 63,897. Illinois had only
55,211 in 1820, two years after her ad-
mission. Colorado was admitted in
1876, and her population in 1870 was
33,864. When Idaho was admitted in
1890 her population was 24,255.

OBJECTIONS TO NEW MEXICO.

One of the silly charges against New
Mexico is that our people are disloyal
to the government, and this in face of
the fact that during the civil war the
territory raised more than its quota of
troops without a draft, and during the
Spanish war parts of two volunteer
regiments were given by New Mexico.

On this subject the San Francisco
Chronicle says:

"The senate committee on territories
reported against the admission of New
Mexico to statehood on the ground
that its population was made up large-
ly of persons of Mexican birth and
Spanish blood, and a Chronicle cor-
respondent, writing in the same vein, ac-
cuses them of disloyalty. The commit-
tee's objection is exceedingly frivolous
when it is considered that the nation
is, in fact, a combination of cosmopol-
itan peoples welded into a homogene-
ous mass by a common affinity for re-
publican institutions, controlled by an
enlightened system of government and
a liberal code of laws. If, on the other
hand, the correspondent's charge were
admitted to be true—that the New
Mexicans of Spanish origin or extrac-
tion are now tainted with disloyalty to
the government—the policy of exclud-
ing them from the privileges of self-
government by refusing to admit the
territory to statehood, is much more
likely to keep them disloyal and to
strengthen and perpetuate their anti-
pathy to American principles than it is
to win their friendship."

"The same objection might have
been raised against the admission of
California to statehood, for a large
proportion of the inhabitants at the
time admission was granted were of
Mexican birth and Spanish extraction.
What is more, these people were then
suffering from the wounds inflicted by
an American war of conquest which
had only a few years before terminated
in the arbitrary transfer of the terri-
tory in which they were domiciled un-
der the American flag. The influx of
population from other states, which
was stimulated by the act of admis-
sion, soon submerged the native Cal-
ifornians of Spanish blood, and they
have since accepted American citizen-
ship as a precious boon and conducted
themselves becomingly with the strict-
est loyalty."

"The presumption is a fair one that
the native New Mexicans of Mexican
and Spanish blood will pass through
the same experiences if statehood is
granted by congress. The conversion
of the territory into a state will cer-
tainly help to develop its resources,
and their development will as surely
be the means of attracting an influx
of new blood from other states, into
which the native blood will be as
quickly and as thoroughly assimilated
as it has been absorbed here. The
only rational way to make New Mexico
American is to make the territory an
American state and thus cultivate the
pride and aspirations of American citi-
zenship among its people. A denial
of the privilege which they ask will
merely tend to embitter them."

Railroad Topics

Abe Peeler is quite ill at the Las Vegas hospital, suffering a relapse of pneumonia.

Conductor Charley Stevenson has returned from California greatly improved by the trip.

Dr. P. W. Connell, physician and surgeon for the Santa Fe, is a guest at the Castaneda hotel, Las Vegas.

Charles White, stenographer in the office of Master Mechanic F. P. Barner, is sick at his home on South Second street.

John Boardman, a clerk in the Albuquerque railroad office, is down with pneumonia at the Las Vegas railroad hospital.

The Santa Fe Railway company opened a telegraph station at Dorsey station Sunday, and at Hebron and Otero yesterday.

R. T. Davenport, formerly night chief for the Western Union at Las Vegas, will, on January 1, take a position with the Postal Telegraph company in this city.

Nort J. Reid and wife, of Gallup, will leave for San Bernardino, Cal., next Monday morning. It is reported that he will fire an oil burner on the Santa Fe.

Word from Senator Andrews is to the effect that he is greatly improved and after a short business trip to Chicago will return to Washington to join the statehood forces.

The Santa Fe Central railway's telegraph line between Kennedy and Moriarity was blown down by the wind on Sunday and it took some time to re-establish communication.

The bent and twisted remains of the engines that took part in the Peach Springs wreck a week or so ago, were brought to this city yesterday and dumped off in the local yards.

Commencing December 1, just passed, the machinists in the employ of the Santa Fe at Needles had their scale of wages raised from \$3.75 to \$3.80. On March 1, 1903, the pay will be raised to \$3.90.

J. R. Hollinger, a Gallup round house employe, had the misfortune to break his leg on last Tuesday night. He was trying to start an air compressor with a crowbar and was off his guard when it started.

J. E. Saint, of the Santa Fe Central Railway company and postmaster at Torrance, left Sunday evening for that point where work is to be commenced in a few days on the laying of track for the Santa Fe Central.

The Santa Fe railway fire department at Needles expects to receive a steam fire engine soon and when it arrives it will furnish Needles with the best fire protection on the desert. They are also about to close an order for twenty-one new uniforms.

Hon. W. S. Hopewell passed up the road Sunday morning from a visit to Hillsboro, Sierra county, whither he had gone the day before Christmas on his return from the east. He is on his way to Chicago, where he will meet and confer with Senator Andrews on railroad business.

The Lordsburg Liberal brings out that town to stand alongside of Deming and Santa Fe as the only towns in the territory with three railroads. The Liberal proudly calls attention to the fact that not only has it three railroads but Lordsburg is the only town in the territory which has a union depot into which all passenger trains enter.

W. S. Burdick, city passenger agent of the Atchison, Topeka & Santa Fe railway at Denver, has been promoted to the position of traveling passenger agent. He will work from the Denver office. This will give the company two traveling passenger agents in the Denver territory, but is made necessary by the increase in territory which will go into effect the first of the year.

Dan Cunningham, former chief of the Santa Fe railway fire department at Needles, was called to the hose house the other evening and, after a short speech by the newly appointed first assistant chief, J. H. Armistead, he was presented with a fine Knights of Pythias charm by the boys as a token of their appreciation and esteem. E. L. Cumbach succeeds him as chief of the Needles department.

General Manager Wells, of the Santa Fe coast lines, in acknowledging the receipt of the big petition asking that the proposed new Santa Fe hospital be located at San Bernardino instead of Los Angeles, plainly tells the San Bernardino people that unless they can arrange for an abundant and permanent supply of good water for that town the proposition for the location of a hospital there can not be seriously considered.

UNJUST FREIGHT RATES.

Compelling Flour Mills at Wellington to Close Down.

A dispatch from Wellington, Kansas, says: "We will be compelled to shut down our mills unless there is a vast change in our favor, and I believe the Aetna mills will meet the same fate," said G. H. Hunter, of the Hunter mills. He was speaking of the unjust freight rates adopted by the railroads in Kansas against her towns and in favor of Kansas City and other Missouri towns. "Since December 15," continued Mr. Hunter, "we have been compelled to reduce the price of corn from 33 cents to 28 cents a bushel, showing that the rates are exerting an injustice to the farmer. It is an outrage and something that the incoming legislature should take cognizance of. It is a matter that should be remedied or the ultimate outcome will be the closing down of every jobbing interest in the

state, including the mills. We will have to close down our mills, because we cannot operate under the prevailing circumstances and from talk I have had with Kramer Bros. I am inclined to think that they look at it in the same light. It's a bad state of affairs." Mr. Hunter stated that whenever the Santa Fe and Rock Island do not go the local flour output cannot be shipped. Texas and Louisiana, as well as other southern states, into which a great deal of Wellington flour has always been shipped, are now closed to it.

From Wellington to Gainesville, Texas, the rate is 31½ cents a hundred on corn. From Kansas City to Gainesville, 247 miles farther away, it is 22½ cents a hundred. The rate from Wellington to Kansas City is 12 cents. All stuff must be sent by way of Kansas City, because of a discrimination which the railroad people lay to river competition.

There is no proportional rate between Kansas City and Kansas points. Because of the distance the rate from Kansas City to Newton should be less than it is to Wichita, yet it is the same. So it is between Anthony and Harper and Wichita. It costs 20 cents a hundred more to ship from Wichita to Anthony than it does from Kansas City. Wellington is on the same schedule and is being oppressed.

Don't be imposed upon by taking substitutes offered for Foley's Honey and Tar. Alvarado Pharmacy.

MAN EXTEND TEXAS & PACIFIC.

Denver Rumor Says Big Changes Are Contemplated.

The Denver Times says that the announcement comes from an apparently authentic source that the branch of the Texas & Pacific railroad from Weatherford, Texas, to Mineral Wells, Texas, is to be extended to Trinidad, Colorado, where connection will be made with the Denver & Rio Grande railroad, thus giving Denver another direct railroad into Texas and the south.

It also says that the Denver & Rio Grande will expend something like \$2,000,000 improving its roadbed between Denver and Pueblo in contemplation of increased traffic as a result of the new extension of the Texas Pacific.

Further improvements are contemplated from Trinidad and Walsenburg, Colorado.

The road from Weatherford, Texas, will be about 450 miles long, and will form a link which will give the Gould system its own road from New Orleans to Oden, Utah. It will form an outlet for all of the northern Pacific ports to the leading Gulf shipment points and give the Gould system a new connection of its own interest west. It will also be the following out of Mr. Gould's policy of making himself independent of the Hawley-Harriman interests in the event of an extension of their fight, as it will be a parallel road for Mr. Hawley's Colorado and Southern Texas road.

A Million Voices.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for consumption and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1.00. Trial bottles free at all druggists.

CARTHAGE ACCEPTS.

Will Raise \$20,000 to Buy Right of Way for Rock Island.

At a citizens' mass meeting, held at Carthage, Mo., it was agreed to accept the terms of the proposition made by the Oklahoma Central & St. Louis railroad, the proposed branch of the Rock Island, to build to Carthage. President W. R. McCaull, of the road, stated during the day to a committee of Carthage citizens that the proposed line will be built through Carthage if the people will furnish the right of way for a distance of thirteen miles from Carthage. It is estimated that such right of way will cost \$20,000. Carthage will undertake at once to raise the amount.

A Timely Topic.

At this season of coughs and colds it is well to know that Foley's Honey and Tar is the greatest throat and lung remedy. It cures quickly and prevents serious results from a cold. Alvarado Pharmacy.

THOSE SUN DIALS.

Description of a Unique Santa Fe Device at Dodge City, Kansas.

Upon the right of way at Dodge City, where the company "changes time," just east of the station platform, the Atchison, Topeka & Santa Fe railway has described in the ground north of the track two big sun dials, about fifteen feet in diameter, that never fail to attract the attention of travelers, says the Kansas City Star.

They are side by side, the one on the east marking "central time" and the one on the west "mountain time." The hours are indicated by Roman numerals, as the dial of a clock, and are formed of white shells set in the black earth.

The shadow is cast by a bar set at an angle and sustained by a post. On the dial of mountain time, the sun day begins at 5 o'clock in the morning and

ends at 7 in the evening. On the other it begins at 6 o'clock in the morning and ends at 7 o'clock in the evening. The ten hours between are not indicated by the dials, for the obvious reason that there is no sun above the horizon during that part of the day.

In the figures here given the artist has cast the shadows at 7 o'clock a. m. mountain time, and an hour later, central time. A line between the two dials indicates where central time ends, going west, and mountain time begins. The western edge of mountain time is in Arizona and Nevada and the eastern edge of central time is in Ohio.

To thoughtful persons, the sun dials at Dodge City are instructive, and while trains wait to change crews and take meals passengers never fail to study them carefully.

A kidney or bladder trouble can always be cured by using Foley's Kidney Cure in time. Alvarado Pharmacy.

TRAVELED 37,591 MILES.

Big Rebate Transaction by Western Passenger Association.

The largest refund payment ever made by the Western Passenger association on a credential mileage certificate was one of the transactions of this department of the association's work this week, says a Chicago dispatch.

The certificate turned in showed that the holder had traveled during the past year 37,591 miles on the credential book and that the amount of expenditure had been \$1,102.95. The amount of the refund made to him was \$349.30.

The extent to which these credential tickets are used by traveling men is well illustrated by this man's refund checks. Usually the holders of the books turn in their refund checks as soon as they have enough of them to show that they have traveled 2,000 miles, the minimum on which the refund is allowed. In the case in point the holder preferred to hold his checks until the end of the year, and when he was winding up his other yearly business he sent in the whole batch at once.

Report From the Reform School.

J. G. Gluck, superintendent, Pruntytown, W. Va., writes: "After trying all of the advertised cough medicines we have decided to use Foley's Honey and Tar exclusively in the West Virginia Reform school. I find it the most effective and absolutely harmless." Alvarado Pharmacy.

DEMANDS A NEW JOB.

Per Diem System Results in Creation of New Kind of Position.

A new office has been created on some eastern roads—that of traveling car man—the duty of which is to see that the fullest effect is given to the per diem system of handling borrowed cars.

"Division officers, superintendents, train masters, agents and yard masters have lived so long under the mileage plan of handling cars," said a member of the railway transportation committee at a recent meeting, "that they have not yet awakened to the fact that they are paying so much per car per day and that time is a factor. One system of roads has appointed five traveling car men, assigned to different divisions, reporting to one of the leading transportation officials. The duties of these men are to canvass a certain district and note the delay of cars, foreign as well as those of their own road, and they send a letter or telegram calling attention to cars lightly loaded or to cars that are delayed. When they find cars without consigners held beyond the car service limit they report to the car service manager and see that he keeps them moving according to the rules of the bureau. They also see that cars are properly loaded. Although these men have been in service but a short time, it is found that in a week they earned a great deal more than their salaries for the entire month. It is not what they earn now from a per diem standpoint, but the taking care of the business, which has necessarily been brought about by the per diem, and the desire of the management is to take care of the business of the line."

We sell the greatest of blood purifiers, Acker's Blood Elixer, under a positive guarantee. It will cure chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1. J. H. O'Reilly & Co., and B. H. Briggs & Co.

ENGINEER HAYWARD DEAD.

Result of a Wreck on Santa Fe Pacific at Siam Siding.

An Associated Press dispatch sent out last night from San Bernardino, Cal., gives the following account of a wreck to the No. 7 west bound passenger train:

The Santa Fe overland passenger train No. 7 crashed into light engine, standing on a siding at Siam, a station between Danby and Needles this afternoon. Engineer Charles Hayward, of the light engine, was instantly killed, while Fireman Arkills suffered a fractured skull. His body is also seriously crushed and he will probably die. M. L. Shackelford, the fireman on the overland was bruised about the body and has a broken arm. Engineer James Gray, of the Overland, saved himself by jumping.

The light engine left Needles to meet the Chicago limited, No. 4; Engineer Hayward had run onto the side track at Siam and was waiting for the No. 7 to pass. The overland, instead of keeping to the main line, rushed into the siding. The passenger was running at a high rate of speed, and the im-

It's Just a Cough

that gets your lungs sore and weak and paves the way for pneumonia or consumption, or both. Acker's English Remedy will stop the cough in a day and heal your lungs. It will cure consumption, asthma, bronchitis and all throat and lung troubles. Positive-ly guaranteed, and money refunded if not satisfied. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y., J. H. O'Reilly & Co., and B. H. Briggs & Co.

fact was terrific, completely demolishing both engines.

A defective switch is said to have been the cause of the collision. None of the passengers were seriously injured, though all were somewhat shaken when the crash came, several receiving slight bruises.

RAILWAY OPERATORS.

Their Grievances With the Santa Fe to Be Fixed Up.

The Order of Railway Telegraphers which has been successful in gaining concessions from a number of railroads lately is preparing to make an effort to secure an understanding again with the Santa Fe system, says a dispatch from Topeka, Kan. The Santa Fe has been a non-union road as far as the telegraphers are concerned since their strike in 1889. After the strike General Manager Mudge said that he would have no dealings with the telegraphers' organization as long as the officers then in charge were retained. Since then President Dolphin of the telegraphers' union has been superseded and the operators think they now have a chance to present grievances.

Two boys from the shops met at the corner of Railroad avenue and Third street Friday evening and engaged in a fist encounter. A few words, a few heavy blows, and the smaller one picked himself up and departed, and the fun was over before a very large crowd of sightseers congregated.

The Pride of Heroes.

Many soldiers in the last war wrote o say that for scratches, bruises, cuts, wounds, corns, sore feet and stiff joints, Bucklen's Arnica Salve is the best in the world. Same for burns, scalds, boils, ulcers, skin eruptions and piles. It cures or no pay. Only 25c at all druggists.

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming, the coming city of New Mexico. Deming has a magnificent school system.

Deming, the railroad center of New Mexico. Deming, the gateway to the best part of Old Mexico.

Deming! Don't overlook it if you are looking for a safe and paying investment. Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming water is chemically pure—equal to Polan springs.

Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and triple in one year.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Imperial Laundry

Back of Postoffice.

It pays to patronize a high class laundry, even if its prices are a trifle higher than others—pays because your clothes last longer, to say nothing of their better appearance. For many good reasons it pays "in the long run" to have your laundering done at the Imperial.

Cascarets
CANDY CATHARTIC
THEY WORK WHILE YOU SLEEP

ANNUAL SALE
10,000,000
BOXES
Greatest in the World

A MILLION GOOD LIVERS, in a double sense, credit their good feeling to CASCARETS Candy Cathartic, and are telling other high livers about their delightful experience with CASCARETS. That's why the sale is nearly A MILLION BOXES A MONTH. The one who likes good eating and good drinking, and is liable to over-indulge a little, can always depend on CASCARETS to help digest his food, tone up his intestines, stimulate his liver, keep his bowels regular, his blood pure and active, and his whole body healthy, clean and wholesome. "In time of peace prepare for war," and have about the house a pleasant medicine for sour stomach, sick headache, furred tongue, lazy liver, bad breath, bad taste, all results of over-indulgence. CASCARETS Candy Cathartic are what you want; a tablet at bed-time will fix you all right by morning. All druggists, 10c, 25c, 50c. Never sold in bulk. Genuine tablet stamped O.C.C. Sample and booklet free. Address Sterling Remedy Co., Chicago or New York.

THE FINANCES OF NEW MEXICO

Report of Territorial Treasurer Vaughn.

Territorial Treasurer J. H. Vaughn has submitted to Governor Otero his report for the two years ending November 30 last. It shows the financial condition of the territory to be exceptionally good and the outlook the best in its history.

On December 1, 1900, at the commencement of the fifty-second fiscal year, there were balances in the various funds to the amount of \$109,974. During the past two years the receipts from all sources amounted to \$1,087,102, and the disbursements to \$948,626, leaving on hand as cash balances in the various funds, the sum of \$248,449. During the fifty-second and fifty-third fiscal years all claims within the appropriations made were promptly paid, and in addition the bonded debt has been reduced from \$1,205,100 to \$1,122,200, a reduction of \$82,900. Certificates of indebtedness paid amounted to \$48,900, capital contingent fund bonds redeemed to \$30,000 and capital building bonds purchased to \$4,000. In addition to this the territory has accumulated for the ultimate redemption of capital building bonds \$87,760, and for provisional indebtedness bonds \$26,321, or a total of \$114,082.

The territorial funds are deposited in nine territorial depositories which are entitled under the applications and bonds filed to have on deposit \$203,000. These banks now have on deposit the full amount of their applications which bear interest at the rate of 3 per cent per annum. The total tax levy for the fifty-third fiscal year, ending November 30, 1902, was 14.29 mills and the appropriations for the same year for general territorial purposes, \$182,172. The territorial tax levy for the fifty-fourth fiscal year was reduced to 13.99 mills and the appropriations to \$177,372, or a decrease of \$4,800.

On May 1, 1903, \$101,800 of casual deficit bonds become redeemable at the option of the territory. These bonds are dated May 1, 1893, running thirty years and optional after ten years from the date of the bonds, bearing 5 per cent interest. The present law makes it lawful for the territory to issue 4 per cent bonds, to take up any bonds that bear a higher rate of interest, when the bonds may have become redeemable at the option of the territory, but restricts such action from being taken until the optional period has expired. In order to allow ample time to allow and prepare such bonds, treasurer Vaughn recommends the amendment of the law so that the treasurer, with the approval of the governor, can dispose of the new refunding bonds for cash for not less than par, at any time within three months prior to the time at which the outstanding bonds become redeemable at the option of the territory.

Attention is called to the present law governing the class of securities required to be given by banks doing business in the territory, who may apply to become a depository of territorial funds. Under the law, as it exists, personal securities shall be accepted. Treasurer Vaughn says:

"The late experience of the territory in the case of the suspended Taos County bank leads me to believe that all banks applying for territorial monies should furnish the territory such security or bond as could be at once realized upon provided it became necessary. It would be a very difficult undertaking for the treasurer to attempt to keep informed as to the sufficiency of the securities on the bonds given by the different banks, and as there is good reason to believe the territory will be able to continue to carry on large deposits with the various territorial banks, it would surely cause no little embarrassment to the territory should an amount equal to that now on deposit with any one of the authorized depositories get tied up. This can be obviated and the territory secured from any possible loss by repealing the present law and passing a law making it compulsory that any bank applying for a deposit of territorial monies shall, before receiving such deposit, execute and deliver to the territory a bond in some reliable surety or guar-

anty company, authorized to do business in this territory; such bond to be in penalty, which shall not be less than double the amount applied for."

On the subject of a traveling auditor Treasurer Vaughn says: "It was recommended to the thirty-third and thirty-fourth legislative assemblies that there be created the office of traveling auditor or territorial examiner, the duty of such officer to be the examination of the assessment rolls, tax lists, collectors and treasurers' accounts and territorial banks, at stated or irregular intervals, and establish and maintain a uniform system in each county for the keeping of records and accounts. The conditions as they appear today demand more imperatively than ever that such an office be created and it may be done without in the least working any hardship on any interest. As an economic measure this method of systematizing the public business of the territory would increase the revenues very materially and result in a corresponding decrease in tax levies, as well as equalizing the values placed on property of the same class and value for taxation purposes over the territory."

The receipts in each fund from December 1, 1900, to and including November 30, 1902, and the cash balance on the last named date, were:

Interest fund—Receipts, \$263,490; balance, \$23,141.

A QUICK LOAN.
The Household Loan Co. will accommodate you. Grant Building; open evenings.

Choice fruit cake 40 cents a pound at the Woman's Exchange, 323 South Second street.

Coughs, Colds, and Constipation.
Few people realize when taking cough medicine other than Foley's Honey and Tar, that they contain opiates which are constipating besides being unsafe, particularly for children. Foley's Honey and Tar contains no opiates, is safe and sure and will not constipate. Alvarado Pharmacy.

Watch Night Service.
The Lead Avenue Methodist Episcopal church will celebrate the close of the year by a big watch night service on Wednesday night. It will open with a song service conducted by Sidney Houghton at 9 p. m., followed by a sermon by the pastor, Rev. F. V. Fisher. At 10 p. m. H. P. Grant will conduct a testimony service, followed at 11 p. m. by a consecration service held by the deaconess, Mrs. Myra A. Yanchow. All denominations are cordially invited to join in this meeting.

Had a Good Time.
A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says: "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by all druggists.

Notice.

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 25 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades.

As to teas. Everyone knows that we keep the very best to be had in the territory.

A. J. MALOY, 214 W. Railroad Ave

ADVERTISE IN THE DAILY CITIZEN

COL. JOHN J. DICKEY.

Western Superintendent of Western Union Telegraph Company Dead.

An Associated Press dispatch from Omaha, Neb., of last night says:

Col. John J. Dickey, superintendent of the fifth district of the central division of the Western Union Telegraph company, and one of the oldest officials in the service of that corporation, died at his home in this city tonight of pneumonia.

He had been ill but a few days, having been at his office in good health on Christmas day. On that day Mr. Dickey went home suffering from the grip, which developed into pneumonia. His condition became critical early today and during the afternoon, after a consultation his physicians announced that he could live but a few hours.

They resorted to every means known to medical science to prolong his life, but he lost consciousness at an early hour in the afternoon and never rallied. His children were summoned to his bedside this evening but none were able to reach the Dickey home before death.

Mr. Dickey was born in Rushville, Ill., April 11, 1839. In 1857 he entered the law office of Judge J. D. Caton, of Chicago, where he also learned telegraphy. He identified himself with a number of telegraph companies and served during the civil war as a military telegrapher. He then entered the service of one of the large companies, which later merged into the Western Union, with which concern he held a high office for twenty-five years.

A Good Cough Medicine.

(From the Gazette, Toowoomba, Australia.)

I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Wockner. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by all druggists.

POLICE COURT.

"You bet I'm drunk, and I am going to keep drunk," said Pat O'Donnell in police court this morning. But the judge gave him ten days in which to sober up.

A couple of boys, broke and in hard luck, were up for vagrancy. After their stories had been told the judge gave them five days each.

If you fell ill and need a pill Why not purchase the best? DeWitt's Early Risers Are little surprisers.

Take one—they do the rest. W. H. Howell, Houston, Tex., writes: I have used Little Early Risers Pills in my family for constipation, sick headache, etc. To their use I am indebted for the health of my family. J. H. O'Reilly & Co.—B. H. Briggs & Co.

"Punch" Tansill Dead. R. W. Tansill, a well known millionaire cigar manufacturer, formerly of Chicago, died at Carlisle, this territory, yesterday, of heart failure. Mr. Tansill came to Carlisle several years ago for his health. He had been very prominent in advancing the interests of the territory. He is known throughout the country as "Punch" Tansill, in honor of his famous five-cent "Punch" cigar.

To Get Rid of a Troublesome Corn. First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequaled. For sale by all druggists.

Pensions.

Late New Mexico pensions allowed: John F. Allard, Deming, \$10; Maria A. Garcia de Gallegos, Las Vegas, \$8; Francisco Lopez (dead), \$8; Prudencio Sanchez, \$6; Belle M. Forsha, Santa Fe, \$8; David F. Graham, United States general hospital, \$17, (war with Spain); John Whalen, \$30, (war with Spain); Joseph R. Guffey, Fort Bayard, \$30, (war with Spain); Juan Luna, Lemitar, \$6; Juan de las Pelles Arguello, Penasco, \$12; Lorenzo Romero, La Cueva, \$10; Eugenio Gonzalez, Garfield, \$8; Robert P. McAuliffe, Albuquerque, \$10; Jose Carmen Cardenas, Cleveland, \$12; De Witt D. Brier, Clayton, \$8, (war with Spain).

Attention, Spanish American War Veterans. Comrades: You are requested to attend a meeting of Frank Booth camp, No. 255, Wednesday evening, December 31, 1902, at 7 o'clock, over Zeiger Cafe. Annual election of officers for 1903 and other important business. All ex-volunteers who desire to become members are invited to attend. Fraternally, JOHN BORRADAILE, Commander. J. S. BLACK, Adjutant.

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. J. H. O'Reilly & Co.—B. H. Briggs & Co.

Patent Case Oysters.—SAN JOSE MARKET.

Malicious Trespassing.

The constant and malicious trespassing of pedestrians across the corners of the blue grass lawn around the Alvarado, has worn the grass off until in a number of places nothing but the bare ground remains. The railroad company has spent about \$5,000 to set that grass and intend to make a whole of the lots where the Putney wholesale house now stands. If the citizens continue to destroy the improvements already made, it will be rather discouraging to them to make more. This trespassing should be stopped.

Boy's life saved from Mem rancous Group.

C. W. Lynch, prominent citizen of Winchester, Ind., writes: "My little boy had a severe attack of membranous croup, and only got relief after taking Foley's Honey and Tar. He got relief after one dose and I feel that it saved the life of my boy." Refuse substitutes. Alvarado Pharmacy.

New Year's dance at Grant's hall. Mrs. Rosa Berry's class and social dance.

OYSTERS

Received fresh daily in Patent Shipping Cases—oysters shipped in these cases are protected in every way, they are not allowed to come in contact with ice or water, no impurities of any kind can reach them, they are protected from dirt, no chemical preservative of any kind is used in transporting them from the coast to us, all the natural flavor of the oyster is retained. Patent Case Oysters are the only Pure Food Oysters and the only bulk oysters fit to eat. Do not forget that the tasteless, water soaked oysters shipped in wooden pails are subject to all the impurities contained in the ice and water with which they are mixed and are always embalmed with formaldehyde or boracic acid, they are dangerous to the health. Patent Case Oysters can be obtained only from the San Jose Market.

CRUSHED BY THE ROOF.

John William Werney, an Old Resident of Grant County, Was Killed.

John William Werney, an old resident of Grant county, was crushed to death by the roof of a dug out falling on him at Gold Hill the other day. Werney owns some mining claims about a mile and a half from Gold Hill camp and was doing his annual assessment work on them. He was accompanied by his wife and they were living in a small dugout which he had constructed near the claims. Last Friday night they retired as usual but late in the night Mrs. Werney rose for a drink of water. Werney was awake and the two were talking when the roof fell without warning. Mrs. Werney was standing close to the fire place and the roof fell in such a manner as to leave a clear space around her. The mass of dirt and rocks of the roof fell on Werney. His wife tried to get him out but was unable to make any progress. Werney was then alive and was trying to talk to her but she was unable to understand him. After working in vain for some time Mrs. Werney went to Gold Hill camp and procured assistance and Werney was dug out. He was dead when the rescuers got to him as a heavy beam had struck him on the temple and he was injured internally. The body was taken to Silver City on Tuesday. The deceased was a native of Austria and was sixty-seven years old. He lived in Grant county for nearly twenty years and was engaged in mining and stock raising. He is survived by his widow and two children, Otto, who lives in Grant county, and Lillian, who lives in Chicago.

SOFT, GLOSSY HAIR.

It Can Only Be Had Where There Is No Dandruff.

Any man or woman who wants soft glossy hair must be free of dandruff, which causes falling hair. Since it has become known that dandruff is a germ disease, the old hair preparations that were mostly scalp irritants, have been abandoned, and the public, barbers and doctors included, have taken to using Newbro's Herpicide, the only hair preparation that kills the dandruff germ. E. Dodd, Dickinson, N. D., says: "Herpicide not only cleans the scalp from dandruff and prevents the hair's falling out, but promotes a new growth. Herpicide keeps my hair very glossy." Send 10 cents in stamps for sample to The Herpicide Co., Dept. "F," Detroit, Mich.

Young Forger Remanded to Jail.
The young man who was arrested Wednesday, for passing forged checks, appeared before Judge Wooster at Las Vegas, waived a preliminary examination and was bound over to district court in the sum of \$500 and remanded to the San Miguel county jail.

First he claimed his name was John Rogers, but changed it immediately and said it was W. G. Wood, and that he was 20 years old. In fact names do not seem to count much with him.

He established the fact that he had been in this part of the country for the past ten weeks, and that he was working for Daily & Adams on November 15 and 16, which clears him of the train robbery charge, as that took place on November 18.

He does not deny passing the checks but says he found two of them, and bought the \$25 one he passed on Ike Lewis for \$5.

He had on his person when arrested a book of the First National bank blank checks, one of which he had started to fill, having completed the date. All of the clothing which he secured on the spurious check was discovered intact yesterday at the preserving works by Marshal Curtwright and returned to the victims.—Record.

Saved at Graves Brink.

"I know I would long ago have been in my grave," writes Mrs. S. H. Newsum, of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the forms of indigestion, waterbrash, stomach and bowel dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For indigestion, loss of appetite, stomach, liver and kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50 cents at all druggists.

John Frederickson has moved his shoe shop to South Third street, next to Hild's dry goods store, where he will be glad to see both his old and new customers.

We make the best door and window screens. They are far superior to any made in the east at the same price.—Albuquerque Planing Mill company, A. T. Telephone No. 463.

CONVENTION OF STOCKMEN.

Elaborate Program Arranged for the Gathering at Kansas City Next Month.

The program for the sixth annual convention of the National Live Stock association has been issued. The convention will be held at Kansas City January 13 to 16 inclusive. The program for the last day includes an address on "The Process of Evolution from a Populist to a Stockman" by Hon. Jerry Simpson, of New Mexico. The social arrangements are unusually complete. The convention will be held in the Century theater and on Tuesday the opening day, street cars will be provided for the visitors to visit the stock yards and packing houses. In the evening serenades will be given at each hotel. Wednesday evening a grand ball will be given in Convention hall. Thursday afternoon the ladies of Kansas City will give a reception and tea at Emery, Bird and Thayers tea room. Thursday evening a reception and smoker will be given at press headquarters. Friday night a great smoker and luncheon will be given in Convention hall at which it is expected to entertain 15,000 people.

A Cold Wave.

The forecast of sudden changes in the weather serves notice that a hoarse voice and a heavy cough may invade the sanctity of health in your home. Cautious people have a bottle of One Minute Cough Cure always at hand. E. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures coughs, colds, LaGrippe, bronchitis, pneumonia and all throat and lung troubles. One Minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs. J. H. O'Reilly & Co.—B. H. Briggs & Co.

For a cheerful smoke after lunch get one of Kirster Bros.' Havana fillers.

SANTA FE REPUBLICANS.

A New Chairman for the County Central Committee.

Pursuant to call, the republican central committee of Santa Fe county held a special meeting yesterday forenoon at 10 o'clock at the office of David M. White, at the capital. Those present were Chairman J. D. Hughes, D. M. White, Amado Chavez, J. W. Akers, T. B. Catron, C. C. Closson, Antonio Salazar and J. D. Sena, by Marcelino Ortiz, proxy. The chairman stated that conditions have arisen which necessitated tendering his resignation as chairman and thereupon he made the tender. It was accepted and D. M. White was elected chairman to succeed him. Mr. Hughes then tendered his resignation as a member of the committee and it was accepted. Major R. J. Palen was elected to fill the vacancy. The committee adjourned to meet at the call of the chairman.

DEMING.

From the Herald.

Mr. and Mrs. Bullard, recent arrivals from Denver, have a child sick with tonsillitis.

Mr. and Mrs. Posten came in thirty miles with their child, suffering from tonsillitis, to see a physician.

W. D. Miller, the carpenter, has gone to Gainesville, Texas, to reside. His family moved there several weeks ago. T. S. Robinson's store is still closed and no one appears to know the whereabouts of the proprietor. The store was closed under orders from Mrs. Robinson, in California. Al. Kuntz has the keys to the place in his possession.

Three young boys who are out seeing the world are washing dishes for the cowboys at the stock yards for their board. They are Will Tyra, Ray A. Puddy, and Johnny Boone, and they say they are headed for Bisbee. Will Tyra, who is only about 8 years of age, gravely informed the reporter that he was in search of work.

The new officers of the Eastern Star were installed at Masonic hall as follows: Mrs. R. Hudson, worthy matron; U. Francis Duff, worthy patron; Mrs. Mary Powell, conductress; Mrs. U. Francis Duff, associate conductress. A delicious banquet followed.

It appears to be quite well understood that there will be two tickets in the field for justice and constable in this precinct, Louis I. Marshall and Captain Oglesby on one and Edward Pennington and Cipriano Baca on the other. However, we have been unable to ascertain to a certainty from Messrs. Pennington and Baca themselves whether they will be candidates or not.

The announcement of the death of Col. A. E. Head, at his home in San Francisco, Cal., last week, was received with much sorrow in Deming, where he had resided and was universally esteemed and respected. "Too much cannot be said in favor of Colonel Head as a friend and public spirited citizen," is the general expression among his old friends. The deceased was one of the organizers of our great Diamond A Cattle company.

The last heard of J. W. Childers was that he had reached Cananea, Mexico, and was heading for the San Madre mountains as fast as a horse could take him. Letters were received in this city during the week from Childers' relatives in Texas, anxiously inquiring if the man he beat up here with a six-shooter was really dead as reported by the El Paso dales. They were informed that he still lived, and was able to drink and have considerable to say.

Several days ago a couple of strangers hired one of F. W. Lewis' best rigs to go out in the country and not returning in the time agreed the liveryman became uneasy. Just as he was about to set out in search of his property he received a telegram from Lordsburg informing him that there was a stranger there endeavoring to sell his team. Mr. Lewis telegraphed back to hold both man and outfit until he could reach them. He went up Saturday and secured his team out the stranger had escaped. The whip and robe had already been sold. Mr. Lewis offers a reward for the arrest of the man.

COUGHS AND COLDS IN CHILDREN

Recommendation of a Well Known Chicago Physician.

I use and prescribe Chamberlain's Cough Remedy for almost all obstinate constricted coughs, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—Mrs. Mary R. Melendy, M. D. Ph. D., Chicago, Ill. This remedy is for sale by all druggists.

SOCORRO.

From the Chieftain.

Jim Stevens left for Timber Peak to do some assessment work for C. T. Brown.

Mrs. Simon Stern and children, of Albuquerque, are visiting at the home of Joseph Price and M. Loewenstein, on California street.

C. B. Allaire, of San Antonio, was in town considerably interested in the proceedings in the contest case. Miss Melton, the popular and successful principal of the San Marcel public schools, is visiting friends in Socorro during the holiday vacation.

J. G. Fitch, son of Capt. A. B. Fitch, of Magdalena, was in the city and offered his testimony as to the manner in which the election was conducted at Kelly, where he was a clerk of election.

C. T. Brown returned from Hillsboro. He brought with him a petrified fish about six inches long which was found in cleaning out a spring on Canada Alamosa creek four miles above Monticello. The specimen will be presented to the School of Mines.

Mayor Cooney has received a letter from a glove manufacturer in Germany asking what inducements the city would offer for the establishment of a

SMOTHER A COUGH.

You can smother a cough with your hand but you can't cure it that way. Some medicines only smother coughs.

Scott's Emulsion cures them. Old coughs and deep-rooted coughs can't be cured until the inflammation which causes them has been replaced by healthy tissue.

That is exactly the kind of thorough work Scott's Emulsion does. It changes the entire nature of the throat and lungs so that there is nothing to cough about.

Send for Free Sample.

SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

glove factory here that would employ a hundred hands. A favorable reply has been sent.

J. J. McCormick, wife, and two daughters, of Guthrie, Okla., arrived in Socorro a few days ago and will remain some time for the health of one of the daughters. Mr. McCormick and family have taken a suite of rooms in Abran Abeyta's rooming house north of the plaza.

James F. Berry arrived home after an absence of several months in California. Jim traveled about a good deal while away but came home pretty well satisfied that after all there is no other place on earth quite as good as Socorro.

Dr. and Mrs. C. G. Duncan entertained a number of their friends at Christmas dinner with their usual generous hospitality. Mrs. Duncan's dinners are known to be unsurpassed and this dinner was no exception to the rule. Other hospitable homes of the city were open to guests on Christmas day and according to report all guests were most bountifully entertained.

Folia a Deadly Attack.

"My wife was so ill that good physicians were unable to help her," writes M. M. Austin, of Winchester, Ind., "but was completely cured by Dr. King's New Life Pills." They work wonders in stomach and liver troubles. Cure constipation, sick headache. 25c at all druggists.

SANTA FE.

From the New Mexican.

Miss Souder left for Albuquerque, where she will be the guest of friends for two weeks.

The postoffice department has instructed Postmaster Walter to ask for bids for five year leases on property suitable for postoffice premises. Blank

bids can be secured from him. Charles M. Waters, assistant superintendent of the postoffice department, will be in Santa Fe next month to examine the bids and the premises offered for post office purposes and will then make his recommendation to the first assistant postmaster general, who will thereupon locate the future home of the Santa Fe postoffice.

Arthur Staab is in Alabama looking after business interests, and before returning will visit friends in Athens, Georgia.

Thomas B. Catron returned from a four weeks' trip, which includes New York, Washington and other eastern cities.

Territorial Secretary and Mrs. Raynolds, accompanied by their children arrived from Las Vegas, where they spent a few days on their way back from Omaha.

Arthur Austin, who has been here for a few weeks, left for El Paso, where he will spend the balance of the winter.

Dr. C. O. Harrison arrived from Cerrillos last evening and took possession of the dental office and effects of the late Dr. Manley.

J. L. Yells and family, who formerly lived at Cerrillos, have gone to their new home at Nacozari, Mexico, where Mr. Wells has accepted a position in the large smelting works situated there.

Eugenio Romero, treasurer and ex-officio collector of San Miguel county, who was re-elected to that office at the last election, is a visitor in town on business with the Santa Fe Central railway.

Hon. Nestor Montoya, member-elect of the house from Bernalillo county and who will probably be the next speaker, returned to his home at Albuquerque last night. He expects to return in about two weeks.

Foley's Honey and Tar positively cures all throat and lung diseases. Refuse substitutes. Alvarado Pharmacy.

GALLUP.

From the Republican.

Six drunken Indians were arrested by Marshal Winders and an assistant on Christmas evening. Four of them got ten days each and two of them got thirty days. If some of the parties

What Is the Use

of suffering from indigestion if you eat what you want, or of starving yourself to avoid such distress? Acker's Dyspepsia Tablets taken after eating will digest your food perfectly and free you from all the disagreeable symptoms of indigestion and dyspepsia. Eat what you want at any time and take an Acker tablet afterward. Positively guaranteed. Your money will always be refunded if you are not satisfied. Write to us for a free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

A LONG-FELT WANT.

It is Supplied at Last in Albuquerque. Good-natured people are often irritable.

If you knew the reason, you would not be surprised.

Ever have itching piles?

Not sick enough to go to bed; not well enough to be content.

The constant itching sensation Hard to bear; harder to get relief;

Spoils your temper, nearly drives you crazy.

Isn't relief and cure a long-felt want?

You can have relief and cure if you will follow the advice of a local citizen.

J. Johnston, machinist in the Santa Fe R. R. shops, residence 705 South First street, says: "When a man has itching hemorrhoids commonly called piles and he has to work every day the annoyance becomes positively a plague and he is more than anxious to get rid of it. When Doan's Ointment first came to my notice I wrote to the manufacturer for a box and used it as directed. It stopped the attacks. I have not the slightest hesitation in advising all residents of Albuquerque if annoyed in any way with hemorrhoids or piles to go to the Alvarado Pharmacy, buy Doan's Ointment, take a course of the treatment and the annoyance will cease."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

who are engaged in selling liquor to the Indians were given three years in the penitentiary it would have a tendency to put a stop to the business. It is reported that J. B. Smith has sold his cattle to M. B. Johnson.

Thomas Leaden is in from the reservation to spend the holidays.

Miss Barbara Cotton returned from California to pass the holidays with her parents.

Mrs. T. A. Waring returned from a visit of two months with relatives in Missouri.

The water has been dammed in the Puerco near the round house, and Gallup will shortly have a fine skating pond.

John Heindle attended to the transfer business of Chas. Kuchenbecker during the latter's absence in California.

The miners at Weaver were paid last Sunday. The pay roll amounted to \$30,000. For sometime all of the miners have been working seven days per week.

Mr. Hills, the mineralogist for the Colorado Fuel and Iron company and patentee of the process of briquetting lignite coal, returned from a business visit to Denver last Wednesday.

E. A. Johnson, of the Colorado Supply company's store, received the sad intelligence this week that his aged father had passed to the unknown beyond. The gentleman was about 87 years of age.

A Thousand Dollar's Worth of Good. A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years passing gravel or stones with excruciating pain. I got no relief from medicines until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and feel like a new man. It has done me a \$1000 worth of good." Alvarado Pharmacy.

SAN MARCIAL.

From the Bee.

Mr. and Mrs. W. K. Nattress, Mr. and Mrs. Willie Nattress and Charley are spending the holiday season at Chloride.

Mrs. Isaac Holloway joined her husband in El Paso with the intention of being away until after the wind-up of the carnival.

Miss Della M. Schmet, of Fierro, is spending the holiday season with her sisters, Mrs. W. J. Parsons and Miss Rose Schmidt.

Jock Harlan was going about on crutches, the result of a sprained ankle while trying to break records in the jumping line.

F. C. Selman appears to be losing ground in his struggle against a cancerous malady. He is still fighting manfully, however, and will win out if the prayers of his many friends are of any avail.

The large house erected and partially completed three years ago by Dr. Shaw has found a new owner. Last week it was transferred by L. M. Lasey to J. N. Broyles. Mr. Broyles intends to complete the building during the coming summer months.

Thursday night the local Masonic brethren elected the following officers: W. M. J. A. Johnson; S. W. Gus Lese-man; J. W. Sid Hockett; treasurer, L. Loewenstein; tyler, L. A. Carr. Appointive officers: S. D. H. Bonem; J. U. L. U. Morris; chaplain, J. K. De Hart; S. S. J. E. Nichols; J. S. Lee Schellenberger; secretary, J. R. Nesbit.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headache. 25c and 50c. Money refunded if it does not satisfy you. Write to W. H. Hooker & Co., Buffalo, N. Y., for free samples. J. I. O'Reilly & Co., and B. H. Briggs & Co.

LAS VEGAS.

From the Optic.

Judge John R. McPie is killing two birds with one stone. He is attending the Christian Endeavor convention and trying a case at the same time. In the chambers of Jones & Rogers this morning, the judge heard arguments in the case of the Red River

Valley company vs. George S. Good & Co., on a motion to set aside default judgment. Jones & Rogers represented Good & Co., Money and Haydon represented the Red River Valley company. Judgment was not rendered.

The smoke stack of the street car power house fell and broke into four pieces.

Mrs. Atanacio Casasa, of Fulton, has been treated by a Las Vegas physician for paralysis of the intestines.

Mrs. Robert Long, wife of Graaf & Hayward's bookkeeper, is reported dangerously ill with membranous croup, an incision having been made in her throat Saturday afternoon.

George Lewis, who is employed with M. M. Sundt on government buildings at Fort Stanton, is reported to have been badly injured by the falling of a scaffold. He will be brought to Las Vegas for medical treatment.

The new fountain for the plaza park cost \$526.70 in New York and the freight charges to Las Vegas aggregated \$47.85. There were also paid the following bills: Architect, \$75; erection of basin, \$268; plumbing, \$53.77; wiring for electric lights, \$16.90; surveying, \$1; total, \$889.22. After collecting all amounts subscribed and outstanding, the Davis of the west side park committee, found himself in the dilemma of being \$121.67 short of that amount. However, it was easy enough forthcoming. Jefferson Reynolds drawing his personal check for an additional \$100, and Dr. William Curtis Bailey, of the Plaza hotel, for an additional \$27.67.

Kodol Dyspepsia Cure.

Digests all classes of food, tones and strengthens the stomach and digestive organs. Cures dyspepsia, indigestion, stomach troubles and makes rich red blood, health and strength. Kodol rebuilds worn out tissues, purifies, strengthens and sweetens the stomach. Gov. G. W. Atkinson, of W. Va., says: "I have used a number of bottles of Kodol and have found it to be a very effective and, indeed, a powerful remedy for stomach ailments. I recommend it to my friends. J. H. O'Reilly & Co.—B. H. Briggs & Co."

MELINI & EAKIN.

E. L. WASHBURN

FIRE LAST NIGHT.

(Concluded from page one.)

was on fire. Then it was that the fire department had to work hard. The hats, bonnets and trimmings, were excellent fuel, and the fire spread rapidly on the inside.

Alderman Hubbs, acting fire chief, was on hand and worked with the fire boys, all of whom should receive high praise for their efforts put forth.

A Citizen representative called on Mrs. Foster, at her room upstairs at No. 116 Third street, this morning and found her in bed. The pews of the catastrophe, brought to her just after she had retired last night, was too much of a shock for her and she was almost prostrated.

"I left the store about 10:45 o'clock last night," said Mrs. Foster. "How the fire originated is a mystery to me. There were many orders in that had to be out today and I stayed later than usual last night to complete the work. During the afternoon and evening I had a man painting the tables and chairs. He was smoking the most of the time he was working. Last night before I left I thought I scented smoke, but thought perhaps it was only the smoke of the cigars. The only way I can account for it is that it must have originated from a cigar stump or a match, which might have been thrown in the cotton or other material and becoming smothered was slow in burning through. Everything in the store was very inflammable and with a start it would take only a few minutes for the entire place to be in flames."

The name of the painter Mrs. Foster could not give.

Mr. Foster is in El Paso on his way to this city, being expected to arrive in the morning.

The people who live over the store were not long in getting out when they learned of the fire. Many were wrapped only in blankets, not waiting to get their clothing.

The insurance carried on the stock will amount to \$3,500. The following are the companies insured with and the respective amounts:

Continental company, represented by A. Fleischer, \$1,500; Aetna company, represented by George Brewer, \$1,000; British-America company, by W. Moore Clayton, \$500, and the Niagara company, by Rankin & Co., \$500. Mrs. Foster stated this morning that their stock in the heavy season usually reached \$7,000, but that she thought the stock which they had on hand would reach \$4,500, although the millinery season has been over the past few weeks.

The total loss is not yet known, but if not a total loss it will not be far from it. The entire stock was either burned or soaked with water, the cases were burned and scorched, and the glass in many of the show cases were broken.

The damage to the building is slight and fully covered by insurance.

The fire is really a mystery; Mrs. Foster had left only a small fire in the stove in the rear department and it is absolutely certain, from her version, that the blaze did not occur from the stove or from a defective flue. The insurance companies interested will no doubt cause an investigation.

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.

THOSE BIG MILLS.

American Lumber Company May Yet Decide to Locate in This City.

Mayor Charles F. Myers received a letter from General Manager Ira B. Bennett, of the American Lumber company, from Detroit, which bears very encouraging news:

"Mr. Myers: The executive committee of the American Lumber company expects to arrive in your city January 5 on their way to visit the timber lands in Valencia county.

"According to our talk last week, I would be very much pleased to have you and your committee bring about some definite proposition that you could make this company, in regard to locating our mills, etc., in your city.

"I regret very much that I was unable to see you before our return home, but explained to Mr. Brooks and others of your friends about what our company wanted. Hoping you will be able to take the matter up with us in a formal way during our visit there. I am yours very truly, etc."

Mr. Bennett called at The Citizen office while he and Mr. Davis were in the city several weeks ago for the purpose of investigating the advisability

Fifty Years the Standard

Awarded
Highest Honors World's Fair.
Highest Tests U. S. Gov't Chemists

of locating the mills here, and stated that at a meeting of the directors it had been decided to locate on the timber tract.

The reasons given by Mr. Bennett for their decision to locate on the timber tract, was that there were more advantages to be gained and less expense connected with a mill on the tract. However, the conditions of both places were thoroughly investigated before he returned to Detroit, but it seems that there are certain conditions, which, if met by the committee, will bring the mills to this city.

To those who favor the introduction of new industries this will be good news, considering the requirements are not too heavy. If the conditions desired by the company are reasonable there is good prospect of having the lumber mills located in Albuquerque.

TWO MORE NAMES.

Are Added to the Growing List of Piano Purchasers at Hall & Larnard's Music Store.

Mr. Robert Miller, who has been a resident of Albuquerque for the past fifteen years, purchased a Chickering Bros. piano from Hall & Larnard for his new home on South Third street. Mrs. G. F. Cochran surprised her little daughter this afternoon by exchanging the old square piano for a fine new upright. This is always an agreeable surprise for the boys and girls who are studying music.

Parents are invited to look over the handsome stock of pianos at Hall & Larnard's.
