GOVERNOR GOES TO ALBUQUERQUE

Will Attend Banquet Given To-morrow Night by Retailers' Association

INSURANCE COMPANY APPLIES

Parole From New Mexico Penitentiary Is Issued to Santos Montoya.

Governor and Mrs. McDonald will leave the capital tomorrow afternoon for Albuquerque where he will attend the banquet of the Retailers' Association tomorrow evening in the Masonic temple. This function will close the session of the retailers' convention.

Supreme Court.

Case No. 1436, Territory of New Mexico vs. Felix Muniz, and Manuel Duran, appellants. Appeal from the district court of Taos county. The syllabus for this case reads:

1. Appellants were indicted and tried for murder. The jury returned the following verdict: "We, the jury find the defendants, Felix Muniz and Manuel Duran guilty of manslaughter, third degree." A motion was made in arrest of judgment, upon the ground that the jury did not convict the defendants of any crime recognized or existing under the laws of the Territory of New Mexico, there being no degree of manslaughter known as third degree. The motion was overruled. The words of the verdict, "guilty of manslaughter," was a full and complete finding, and the super-added expression "third degree" is meaningless and to be treated as surplusage.

2. An instruction that, "If you believe that any witness has willfully testified falsely in any particular, you have the right wholly to disregard all the evidence of that witness," is erroneous in not limiting the false testimony, upon the falsity of which the jury might disregard all the evidence of a witness, to some material fact.

The judgment of the lower court in this case was reversed and a new trial granted.

Opinion by R. H. Hanna, all concurring.

Treasurer's Receipts.

The following sums of money were received in the office of State Treasurer O. N. Marron: Fidel Cordova, treasurer of Taos county, taxes, \$200.66; R. W. Hedlin, treasurer of San Juan county, taxes, \$616.82; Chris Rathel, treasurer of Lincoln county, taxes, \$40.34; C. O. Bennett, district clerk of Dona Ana county, fees \$250.40.

Insurance Co. Would Enter State.

The Beneficial Life Insurance Company of Salt Lake City, Utah, this morning applied to the New Mexico department of insurance for necessary papers to make application for admittance to do business in the state.

Qualified as Regent.

Eugenio Romero, of Las Vegas, yesterday afternoon qualified as regent of the New Mexico Normal University.

Santos Montoya Paroled.

Governor W. C. McDonald this morning paroled Santos Montoya from the state penitentiary. Montoya had served eighteen months of a three years' term from Dona Ana county for horse stealing. The application for parole of J. B. Romero was considered at the next meeting of the pardon and parole board. Romero is serving a life sentence from Mora county for murder. He has served twenty years.

Prisoners From Eddy County.

M. C. Stewart, sheriff of Eddy county, brought five prisoners to the state penitentiary from Carlsbad. The recruits are: Cecilio Valles, eighteen months to two years for assault with intent to kill and assault with a deadly weapon; Julio Mendoza, one year to fifteen months for receiving stolen property; Francisco Dominguez, one year to fifteen months for assault with intent to kill and assault with a deadly weapon; J. A. Jackson, one year to fifteen months for larceny and receiving stolen property.

Taft Will Spend Ten More Days in Ohio.

Beginning Monday President Will Do Thorough Work in Home State.

(By Special Leased Wire to New Mexican) Winchester, Ohio, May 8.—After consulting with Republican leaders in Ohio, President Taft has decided to spend ten days more in the state before the primaries May 21. He will leave Washington next Sunday afternoon for Marietta. He will give most of his time to northern Ohio. The last speech of the trip will be made at Dayton Monday night May 20, and on Tuesday the President will vote in Cincinnati and will leave at night for Washington.

The President left Cincinnati today for the last day of his present campaign tour through southern Ohio. His schedule for the day called for stops at fourteen towns and cities, ending at Columbus tonight.

Portsmouth, Ohio, May 8.—"I've been hit below the belt, and I am here to fight," declared President Taft in a speech here today.

"I am said to represent the interests under the influence of special privilege," said Mr. Taft at Peleebs.

"There is no administration in the history of the government in which the prosecutions have been so uniform and have been so prosecuted

SENATE PASSES TWO HOUSE BILLS

Evans Anti-Trust Act and Jail Measure Are Tabled Promptly

MULLENS BEE ACT AMENDED

Ghost of Famous Timber Cases Is Raised by Proposed Legislation.

In the Senate this forenoon, telegrams against the Pankey-Moreno Pure Food bill, began pouring in. The following petitions were filed: By Holt, from Dona Ana county, signed by nineteen, for prohibition; by Burns, from Rio Arriba county, signed by 70, against prize fights; and from the Christian Endeavor Union of Connecticut, against prize fighting.

New Bills.

The following bills were introduced: Senate Bill No. 131, by Crampton, an act to return money to those persons and corporations who have contracted to purchase lands from the Territory of New Mexico, and which contracts were not carried out by the Territory of New Mexico. To the Judiciary. This is a sequel of the famous and long-standing timber cases.

Senate Bill No. 132, by Abeyta, an act to provide for the government and control of community land grants.

Senate Bill No. 133, by Romero, to define and punish the crime of embezzlement.

Bills on Third Reading.

Senate Bill No. 70, by Evans, an anti-trust measure, was tabled by 18 yeas and 5 nays upon unfavorable report of the committee on Judiciary.

Senate Bill No. 125, providing for the construction of jails in places other than county seats, was tabled upon unfavorable report of the Committee on Judiciary.

House Bill No. 9, the Mullens Bee bill, was reported favorably with amendments by the Committee on Finance and was passed unanimously, 23 yeas.

House Bill No. 112, giving district courts jurisdiction to adjudicate townsite disputes where the townsite is owned by a probate judge, was on favorable report of the Committee on Judiciary passed unanimously, 22 yeas. This bill has special reference to the townsite of Mogollon.

Senate Substitute for Senate Bill No. 40, by Walton, fixing the time for holding terms of court in the sixth judicial district, was passed unanimously, 23 yeas.

The Senate adjourned to 10 a. m. Thursday.

STRIKERS FIGHT WITH POLICEMEN

Four Men Were Shot, Three of Whom Will Probably Die of Wounds

WERE FINALLY DISPERSED

Three Thousand Miners Attacked State Troops With Fatal Results.

(By Special Leased Wire to New Mexican) Pottsville, Pa., May 8.—In a battle between the state police and a crowd estimated at between two and three thousand at Minersville early today four men are known to have been shot and three probably were fatally wounded. It is believed that a dozen or more others also were struck by bullets. A woman, Mrs. George Woll, who was standing on her porch, was struck on the arm by a brick, and was painfully injured. The men who are thought to have been fatally hurt are David Davis, shot through the stomach, and two unidentified foreigners. Another foreigner was shot through the leg and seriously wounded.

Mob Held Up Superintendent.

The fight occurred on Fourth street, in the central part of the town and came when a crowd attempted to prevent Superintendent George W. Keiser of the Pine Hill Coal Company from taking two men in his automobile to the colliery. Keiser had been coming to Minersville the last several days and taking Thomas Parry, a repairman, and William Ward, a pumpman, to work. Today when Keiser called at a garage for his machine, he was warned by a crowd not to take it out and practically was held a prisoner at the place.

Crowd Refused to Disperse.

Chief Burgess Richard Levan, a civil war veteran, addressed the crowd and demanded that they disperse but no attention was paid to him. He thereupon requested the state police barracks at Pottsville to send a detail to Minersville. Three men who make daily patrols of that section arrived and shortly after were reinforced by four more from Pottsville barracks. Under their guard, the automobile was taken from the garage and was being cranked when some one in the crowd threw a brick. It struck a po-

TEXAS RESULT IN DOUBT

Republican Favorite Must Be Chosen by Coming State Convention

ROOSEVELT APPARENTLY AHEAD

Contested Delegations Will Neutralize the Colonel's Lead, However.

(By Special Leased Wire to New Mexican) Dallas, Texas, May 8.—It will require the state convention on May 28 to decide between President Taft and Colonel Roosevelt as to Texas preference for the presidential nomination. Colonel Roosevelt had a substantial lead over Mr. Taft in the county convention returns received this forenoon, when three quarters of the state's counties had been heard from. Contested delegations, however, neutralized the effect of any lead for either candidate.

Corrected returns up to noon today gave: Roosevelt 77, state convention votes; Taft 45; Uninstructed 38; contested 10. No conventions held and consequently not eligible for state convention, 17 votes. Necessary to control convention 127, provided full quota of votes cast. On face of returns to date 118 votes will control. Votes yet to be accounted, 72.

Harmon Gets 139.

Corrected returns up to noon give Woodrow Wilson forty-two majority for the state Democratic convention and slightly cut the morning figures for Harmon. At noon the vote stood: Wilson 354 votes in state convention; Harmon 139; Clark 41; Uninstructed 24; contested 4; no convention 8 votes. Total votes unaccounted for 47. Total convention votes 623.

Dallas, Texas, May 8.—Theodore Roosevelt's supporters will go to the Texas State Republican Convention May 28 with a good lead over President Taft on instructed delegates, but without sure control, according to the returns from two-thirds of yesterday's county conventions.

Power Rests With Uninstructed.

Roosevelt's instructed delegates at noon number seventy-seven and Taft's forty-five. The balance of power apparently lies with the uninstructed delegates. Though nominally the Republican convention has 252 votes making 127 sufficient to control, the failure of numerous Texas counties to hold Republican conventions is expected to reduce the number necessary to control and this puts the Roosevelt vote of seventy-seven in an important position.

Wilson Led All by 42.

Woodrow Wilson's majority in yesterday's county conventions shown by late returns today was forty-two over all competitors, with but twenty-nine of the state's 249 counties yet to hear from, and no possibility that the remaining returns could affect the result. The Texas state convention sends forty delegates to Baltimore. Returns showed a contest in only one county, Lavaca, which has six votes.

TWO SAN DIEGO POLICEMEN SHOT

Crime Laid to Agitators of Industrial Workers of the World

CALIFORNIA CITY IS IN ARMS

Fifty Arrests Have Been Made and Severe Threats of Violence Are Rife.

(By Special Leased Wire to New Mexican) San Diego, Calif., May 8.—The renewal of the campaign by police and citizens today against the Industrial Workers of the World, brought about by the wounding of two policemen and the shooting of one of the agitators last night, resulted in the discovery of a cache containing eight rifles and revolvers and two flasks believed to contain nitro-glycerine and the subsequent arrest of fifty men. Joe Mikolash, the wounded Industrial Worker will die, according to hospital reports early today. He was shot three times by one of the policemen, after the attack on the officers.

Hunting Down Assassins.

Every available policeman was called to headquarters early today and a thorough search of the city begun. Twenty-five men were arrested by 7 o'clock. Two hours later the number of arrested men reached fifty and the search still was going on. Every known rendezvous of the invaders, including saloons, and lodging houses, in the lower part of the city has been searched. At one saloon, ten men were taken. The lodging houses in the neighborhood where the shooting occurred, and in another section of the city, known as a favorite resort of the hunted men, were empty when the police arrived. After the shooting last night, five men were found in the at-

\$50,000 FOR MISSISSIPPI

Senate Passes Emergency Crop Bill to Provide for Flood Victims

DESTROYED WIRE POOL PAPERS

Whitney Testifies the Vice President of Corporation So Ordered.

(By Special Leased Wire to New Mexican) Senate.

Met at noon. Discussed delay in report of Lorimer committee investigation. Foreign relations committee tabled Nicaraguan and Honduran loan guarantee treaties by tie vote.

Passed appropriation of \$50,000 for emergency crops in Mississippi valley.

House.

Met at noon. Considered miscellaneous legislation of regular calendar. Agricultural expenditures committee was urged by Representative Nelson to investigate Bureau of Animal Industry.

Steamship and other interests opposed Senate Immigration bill before immigration committee.

Oldfield Bill Revising Patent Laws Was Opposed as a Direct Attack on Legislative Business by Manufacturers Before Patents Committee.

Chidsey Appointed Bank Examiner.

Washington, D. C., May 8.—John C. Chidsey of Paris, Texas, today was appointed a national bank examiner for Texas.

Steel Trust Hearing.

New York, N. Y., May 8.—Further testimony to support the contention of the government that the American Steel and Wire Company one of the largest subsidiaries of the United States steel corporation, was an illegal combination, was taken today when the hearings in the suit to dissolve the corporation under the Sherman anti-trust act were resumed.

Destroyed Records.

Harry A. Whitney testified concerning what he knew of the disappearance of the papers in the wire pool cases used as evidence before the federal grand jury and were returned to the steel corporation after indictments were found.

Pool Minutes Disappeared.

Whitney testified he had destroyed the papers last October or November, on orders from Frank Baackes, vice president of the American Steel and Wire Company. The order was given when Baackes visited the Worcester plant, he said. He was told before he destroyed them to take them to the office of George A. Cragin, a Worcester official of the company, where they remained until the visit of Mr. Baackes. Among the papers destroyed, Whitney testified, were the minutes of the wire rope pool, the pool agreement and correspondence concerning its operations.

UNDERWOOD DEFEATED WILSON IN MISSISSIPPI.

So Little Interest in Primary That Only Twenty-Five Per Cent Voted.

(By Special Leased Wire to New Mexican) Jackson, Miss., May 8.—Oscar W. Underwood defeated Governor Woodrow Wilson by a decisive majority in the Democratic presidential primary in Mississippi Tuesday, according to figures compiled today. Not more than twenty-five per cent of the registered vote was polled.

Returns are coming in very slowly. The figures on hand show that Underwood has carried at least sixty-five of the seventy-eight counties in the state and the number may be increased by the official figures.

EMILIO GOMEZ IS IN BAD

Failure of Orozco to Recognize Him Creates Awkward Situation

IS DUE TO MISUNDERSTANDING

Provisional President Declares Rebel Chief's Name Has Been Forged.

(By Special Leased Wire to New Mexican) Juarez, Mex., May 8.—The provisional government established here last Saturday by Emilio Vasquez Gomez hangs in the balance. The reputation of the civil authority which Gomez as provisional president created to govern the destinies of the revolution is today worrying him greatly. Gomez and his associates declare a

TAFT LEADERS CLAIM MARYLAND

Although Roosevelt Is Given Majority, Delegates Favor President

COL'S FRIENDS CONFIDENT

Are Sure That No Circumstances Can Rob Them of Fruits of Victory

(By Special Leased Wire to New Mexican) Baltimore, Md., May 8.—The attitude of the Taft leaders in Maryland toward the peculiar situation, that might develop through the working of the new state primary law, was still undeclared today.

While the delegates elected to sit in the state convention appeared on the primary ballots with no designation to indicate their affiliations, complete unofficial returns indicate that, leaving the matter of instructions aside, a majority of them will be personally friendly to the President. Some of the Taft leaders say there will be sixty-eight such Taft delegates to sixty-one known to favor Roosevelt.

Taft Leaders Claim Control.

Although the unofficial returns that the counties and Baltimore city by their preference vote have instructed these delegates to choose a delegation to the national convention, bound to vote for Roosevelt, the Taft leaders, according to their claims, could control the organization of the state convention and the personnel of the national delegates.

The Roosevelt leaders assert that they have no fear such a complication would rob them of the fruits of the victory they claim on the preference vote.

Complete Republican Returns.

The figures, complete for the Republican vote and practically complete for the Democrats, show that the preference vote of the state as a whole was as follows:

Republicans: Roosevelt 29,124; Taft, 26,009. Roosevelt's majority 3,114.

Democrats: Clark 34,282; Wilson 22,436; Harmon 7,168. Clark's plurality over Wilson 11,847.

MARINE IS CHARGED WITH STEALING DIAMONDS.

Mrs. Knox, Wife of Secretary, Missed Gems While Aboard Cruiser Washington.

(By Special Leased Wire to New Mexican) Los Angeles, Calif., May 8.—A marine aboard the cruiser Maryland is in custody today charged with having robbed Mrs. Philander C. Knox, wife of the secretary of state, of diamonds valued at more than \$2,000. The accused marine is said to have been arrested in San Diego March 29.

Several of the stolen diamonds were recovered from a pawnshop. They will be sent to Mare Island to be used as evidence when the marine is brought to trial. Mrs. Knox missed the jewels while the party was traveling from the canal zone to San Jose de Guatemala on the cruiser Maryland.

BLOW FOR OLD KING NICOTINE

Methodist Conference Prohibits Use of Weed to Church Officers

MISSIONS IN CATHOLIC FIELD

Delegates Condemn Decision Which Discontinues Greek and Roman Work

(By Special Leased Wire to New Mexican) Minneapolis, Minn., May 8.—With-out debate, but in a slightly modified form, the resolution presented Monday by W. F. Rice, of Chile, protesting against the action of the Ecumenical Missionary Conference in Edinburgh recently, which set aside all Protestant mission workers in Greek and Roman Catholic countries, was adopted by the general conference of the Methodist Church here today. The resolution in part follows:

"Whereas in all those lands which for a large part of the missionary field of the Methodist Episcopal Church, the teachings and practices of Romanism deprive the people of the Bible, pervert many of the fundamental doctrines of Christianity, and foster superstitions which alienate the thinking class and bind heavily burdens upon the poor, therefore be it,

"Resolved that the Methodist Episcopal church recognizes its plain duty to prosecute its missionary enterprises in Greek and Roman Catholic countries with increasing zeal, and be it,

"Resolved that it is our duty to oppose the machinations of Romanism and to counteract its attempts to gain an ever-increasing control of our public schools, to use the public funds for sectarian schools; and finally be it,

"Resolved, that we feel the deepest sympathy with love toward the

MOSLEM HOLY WAR DECLARED

Is Slowly Enveloping Islam, According to a French Correspondent

FEAR GRIPS ALL FOREIGNERS

Report From Turkish Island of Rhodes Says Italians Lost 1,000 Men.

(By Special Leased Wire to New Mexican) Paris, May 8.—The call for all Moslems to participate in a holy war, which was launched at the start of the Turco-Italian war is, according to the correspondent of the Temps in Tunis, secretly enveloping all Islam and moving steadily from tribe to tribe in every Mohammedan country.

Owing to the threatening conditions in Morocco, the French government has decided to send seven battalions of infantry instead of the three battalions as originally planned, as well as extra batteries of artillery to that country. Two battalions of National Senegal infantry are now being mobilized at Dakar, and these will reach Casa Blanca, Morocco, on June 20. These reinforcements will give General Moliner a force of 32,000 men with another 11,000 spread out along the frontier of Algeria.

The latest advices from Fez by courier indicate that foreigners there are filled with a vague uneasiness and fear that further outbreaks are pending.

London, May 8.—The governor of the Turkish Island of Rhodes, where Italian troops landed a few days ago, telegraphs: "We have won a victory and have captured 1,000 Italians," according to a special news dispatch dated May 8 from Pera, Turkey.

ALAMOGORDO VOTES TO RE-INCORPORATE.

Special to the New Mexican.

Alamogordo, N. M., May 8.—The vote on incorporation carried by 143 to 91. Alamogordo, which had been reincorporated, voted to reincorporate a year ago on account of the saloon question, the law under which the town incorporated not permitting the taxing of the town's saloons. The present incorporation is under the general incorporation act.

COLONEL WINS KANSAS EASILY

Delegates Selected at State Convention Instructed for Roosevelt

PROGRESSIVES IN CONTROL

Bristow and Stubbs Decline to Go to Chicago, Though Urged to do so.

(By Special Leased Wire to New Mexican) Independence, Kansas, May 9.—The Republican state convention, which was called to order at noon today to name four delegates at large to the national convention, will endorse the candidacy of Colonel Roosevelt for the presidential nomination and instruct the "Big Four" to vote for him from the first to the last ballot. William Allen White, of Emporia, will be endorsed for national committeeman.

"Big Four".

The make-up of the national delegation appeared to be Henry J. Allen, Wichita; Ralph Harris, Ottawa; John London, Independence, and Ansell Clark, of Rice county.

Were No "Slates."

The convention is going to be given a free hand. If there were any real "slates" other than those the delegates themselves had been boosting over night, they did not appear before the convention opened. There will be no rushing through of the "Big Four." Each one proposed for membership will be voted upon separately.

Bristow and Stubbs Decline.

Early today a telegram addressed to the convention was received from Senator Dixon, manager of the National Roosevelt Bureau, urging the convention to name United States Senators Bristow and Governor Stubbs on the "Big Four." Bristow wired from Washington again that he would not permit himself to be named, adding that the office holders should keep off the "Big Four" delegation and give place to the workers. Governor Stubbs, too, was firm in his decision made several days ago to remain off the delegation.

In his telegram, Senator Dixon urged the necessity of the attendance of Bristow and Stubbs on the floor at Chicago, declaring their attendance would do much for the Roosevelt candidacy.

Stubbs Chairman.

No answer to the message sent to Senator Dixon last night as to the leg-

HOUSE CLEANS UP CALENDAR

Public Utility Corporations Are Given Twist by Burg Measure

GOLD FEET ON LOCAL OPTION

Pending Bill Recommended So That It May Be Toned Down Considerably.

House Bill No. 60, the Llewellyn local option and high license measure was recommitted together with all other prohibition, local option and high license bills and resolutions, to the Committee on Finance, for the purpose of preparing a committee substitute that will be less drastic than the Llewellyn act. The Committee on Temperance worked until late last night, or rather until early this morning on this proposition, and Chairman Burg of the Ways and Means Committee made a hurried canvass of the House this forenoon in favor of recommitment.

Railroad Hearing Tomorrow.

Tomorrow evening at 7:30 o'clock, the committees on railroads will hold a public hearing in the Senate chamber on the pending railroad measures. Railroad officials are gathering from every direction to make arguments against such legislation as they deem - and harmful.

Artisan Well Bill.

It seems fairly well established that the House will pass the Hinkle artisan well bill which has been already passed in the Senate, in place of the Rogers bill which is pending in the Ways and Means Committee.

Income Tax.

House Floor Leader Llewellyn today introduced a resolution to federal income tax amendment to the federal constitution.

House.

Speaker Bacon presided. After the routine preliminaries, he signed:

The bill making Columbus day, October 12, a legal holiday.

Senate Substitute for Senate Joint Resolution No. 18, directing the Governor to appoint a Panama expedition commission of five to serve without compensation or expense to the State.

House Joint Memorial No. 1 asking Congress to open and allow the Navajo and Apache Indian reservations, and to eliminate from forest reserves un timbered lands.

Petitions were presented from Valencia county signed by 80 Spanish-Americans, from Socorro against the prize fight; and from East Las Vegas in favor of the "full crew" bill, the latter being by unions of railroad employees.

Committee Reports.

The Ways and Means Committee, through Chairman Burg, reported unfavorably on the Normal School Bills, No. 42, Artesia, 127 Portales, 11 Clayton and 85 Tucuman, which is a victory for Clovis. The committee also reported in favor of recommitting House Bill No. 8, the Burg High License Bill, to the Committee on Finance. The committee reported favorably House Bill No. 109, to establish a normal school at Clovis, and House Bill No. 45, to create the county of Sumner.

New Bills.

The following bills were introduced: House Bill No. 180, by Montoya, to authorize and empower the board of county commissioners of any county to transfer monies from the court house repair fund to the road fund.

House Bill No. 181, by Llewellyn, providing additional appropriations for the 63d fiscal year to pay salaries, etc., of state officials.

Carter introduced House Joint Resolution No. 23, authorizing the governor to appoint a commission of three to visit the various places asking for the proposed normal school in eastern New Mexico and report to the legislative session next January as to the attractions and advantages of each proposed site.

House Joint Resolution No. 24, was introduced by Llewellyn, for the ratification of the income tax amendment, the sixteenth to the federal constitution. The ratification of four more states is needed to make it effective.

House Joint Resolution No. 25, introduced by Chaves, by request, appropriates \$1620 for extra pay for the capitol employes because of the extra labor imposed upon them by the session of the legislature.

Special Legislation Repealed.

Substitute for House Bill No. 153, to repeal Chapter 13 of the 38th Legislature, was passed after Burg had explained that Chapter 136 was a special law passed to protect special interests as against the rights of the common people. The repeal is to deprive water companies of the right of lien on property for which water rent has not been paid. Burg cited the case of houses vacated in which the water company intentionally fails to turn off the water and then charges the property owner with the rent. After a parliamentary tiff between the Speaker and Blanchard, the bill was passed unanimously, 44 yeas. The measure is especially aimed against the Albuquerque Water Company.

Additional U. S. Circuit Court.

House Joint Memorial No. 5, by Speaker Bacon, favoring the creation of an additional U. S. circuit court district, was passed unanimously, 43 members voting. The memorial points out the cost and disproportionate size of the 13 western states comprising

MAN ESCAPES DANGER

A narrow escape from being run over by a train or automobile gives a sense of danger easily realized. James Allen of Brooklyn was in a danger just as perilous, and he escaped by knowing just what to do.

In a letter he says: "I had been in poor health for three years and might have been yet if it had not been for Vinol which built me up wonderfully. Almost immediately after I began taking it I began to improve and gain weight. My appetite is now good, I sleep well and feel as well as I ever did."

Hundreds of worn-out, miserable people right around here who are in broken health and think there is no help for them, could be built up and made strong by Vinol, our delicious cod liver and iron remedy without oil. Weak, sickly women and men, puny children and feeble old people need the new strength and vitality that Vinol gives, and they ought to begin taking it right now. We guarantee Vinol to give satisfaction, and pay back your money if it does not. The Capital Pharmacy, Santa Fe, N. M.

THE CALL OF THE SKY.

(Mina Irving in Leslie's)
When balmy breezes from the fields
The breath of blossoms bear,
I long to hear the whirling planes
Beneath me beat the air.
I yearn to start the motor up,
And take my spiral flight
Above the clouds that spread below
Like beds of lilies white.

What joy to graze the rainbow's edge,
And stem the morning's gold,
And see around me as I fly
The universe unfold.
To float from azure height to height,
And fearlessly to soar
In vast eternities of light
Where none have sailed before.

Oh! let me feel upon my brow
The virgin cold of space,
And through the silence of the spheres
In dizzy circles race.
Go creep along the dusty roads,
With horses or with cars,
All ye who will, but give to me
The highway of the stars.

AROUND THE STATE

Arrested for Drunkenness.
Francis J. Gonzales was arrested at Las Vegas on the charge of drunkenness. He pleaded guilty.

Fire in East Vaughn.
The residence of J. A. Woodlief, of East Vaughn, Guadalupe county, caught fire and was burnt to the ground.

What is the Matter?
While more than 3,000 girls are tramping Denver streets in search of positions as clerks, stenographers and shop girls, there are places begging for 1,000 girls in homes as house maids, nursery maids and servant girls. These figures are furnished by Denver employment agencies.

Woman on Fire.
Her clothing a mass of flames Mrs. Alcarita Montoya at Las Vegas, rushed from her home into South Pacific street on the west side screaming at the top of her voice. Henry Monnier, hearing her cries, hurried to her assistance. Seizing a Navajo blanket he wrapped the struggling woman in its ample folds and soon extinguished her burning clothing.

Father Vaughan on Race Suicide.
Father Bernard Vaughan, the "Mayfair Jesuit," in speaking at the banquet tendered him at Denver at the Savoy hotel by the alumni of Sacred Heart college, declared again against race suicide in his appeal to all men to be married. "What is the meaning of this misery in France and Belgium—race suicide," said Father Vaughan. "If this race suicide continues in this country the Catholic church will be on top, and we don't want to get on top in this way. If I were a Protestant I would preach in every state in this Union against race suicide."

His Advice.
A convivial gentleman, returning home late one evening, leaned against a lamp-post to rest as a mover passed him. The mover, an economical chap, was doing his moving by hand, and he had on his back a huge grandfather's clock.
The inebriate stared vacantly at the sweating figure bent under the weight of the great clock, and then hailed him.
"Hey!" he called. "Hey, there!"
The mover stopped and turned slowly around.
"Well, what is it?" he asked.
"Take my advice, young fel," said the inebriate, unsteadily wagging his head—"take my advice an' buy 'shelf—a watch."—From Norman E. Mack's National Monthly.

Albuquerque City Appointments.
By a vote of five to three, the Albuquerque city council last night refused to confirm the nomination of W. W. McClellan to succeed George R. Craig as police magistrate. McClellan is a Democrat; Craig is a Republican. The majority of the council is Democratic, there being five Democrats and three Republicans. The council confirmed appointments on the library board as follows: A. B. McMillen, Miss Ethel A. Hickey, J. A. Miller, Mrs. H. B. Ray, George Dent, Mrs. George F. Albright, Miss Josephine Parsons. The mayor nominated Dr. H. B. Kauffman, Dr. J. F. Pearce, Dr. J. A. Reidy and John Lee Clarke as members of the board of health, the council confirming the appointments. The council accepted the resignation of Alec Craig as park commissioner, and R. S. Elwood was nominated.

inated and confirmed to succeed him. George Washington Ward was confirmed as poundmaster over C. W. Hunter.

Five-Year-Old Murderer.
Grand Junction, Colo., May 8.—A childish tragedy was enacted as a result of which a 7-year-old boy is dead and his 5-year-old playmate is held by the police on a charge of murder. Little Mickey Maloney, not quite 4 years old, was the only witness to the killing. He childishly explained to the police how Johnny Santos walked up to John Maloney, his brother, and placing a .38 caliber revolver to his ear fired a bullet into his brain. Five-year-old Johnny Santos, as his playmate fell dead, tossed aside the revolver and walked out of the Santos home.

CHINESE FAMINE NOW AT ITS WORST.
Starvation Destroying Thousands in China—Late Reports From an American Observer.
Last to Die.

Reports from China received at the National Headquarters of the Red Cross within the last few days state that the famine is now at its most acute stage. During the next six weeks while the new crops are ripening the need for relief, will be most intense. At present the relief committee is employing about 90,000 men on public works and the earnings of these men are saving probably 500,000 persons from starvation. Meanwhile, certainly 2,000,000 are suffering and many measures are greatly extended.

Mr. Charles W. Harvey of the Y. M. C. A. of Tientsin, made a recent journey through the famine districts and at the request of United States Minister Calhoun, at Peking, prepared a report of his observations. The character of this report which has been forwarded to the state department and is now in the hands of the Red Cross, may be indicated by quoting briefly from its contents.

"No children were seen at play. No grain, meat, vegetables or foodstuffs of any kind except the bark of trees, dried grass, wild garlic and roots were seen. We found no sign of clothing anywhere, except the rags on the backs of the people, no bedding."
* * * few farming implements, nothing that could possibly be turned into money except an occasional piece of furniture and the doors of the houses or rafters in the thatched roofs. In many places we noted the absence of doors in the homes and saw the mud walls of houses stripped of roofs which we soon found had been used for fuel or exchanged for food.

"On the first morning out of Ching Kiangpu we met a man pushing a wheelbarrow containing a low flat basket in which was huddled the starving forms of his wife and child and beside them a few charred pieces of wood which he hoped to exchange in the city for food * * * I shall never forget one little mud hut without door, window or furniture, on the mud floor of which sat a young woman of twenty-two with a child of two years lying on its face moaning. When I asked her why she moaned she replied without comment, 'I cannot get him to eat any more grass. He is starving to death.'

"In all our visits to the homes of these starving peasants there was no begging, no appeals to our pity, no tales of their suffering, no tears, no emotion, but simply the one sentence over and over again, 'wo men Essu lias'—We are starving to death.' Unlike the beggars so common in the cities, these people a few years ago were successful farmers and laborers unaccustomed to begging. They have not learned to beg. We found several homes in which only children were left, and in one home a single little child of eight years, huddled in a corner with a bowl of cooked bark and weeds, which she was eating with chop sticks. She was the last of her family. The workers in famine relief said it was usual for the father to die first, then the mother, then the older children and the younger children last of all, showing that affection and self sacrifice persisted even under these conditions. * * *

"I visited two of the stations for famine relief carried on by the Central China Famine Relief Committee. These were at You Kuo and San Chia Wei Tsu; the first was conducted from a village of about 1,000 and the latter in a farmhouse of one of the local gentry. We thoroughly investigated the relief work in operation, talked over the plans of the Chinese and the foreigners in charge, and with those being relieved, and I am convinced that the relief is sanely and economically conducted; effective in relieving the suffering of the people; in helping to prevent the repetition

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
F. J. CHENEY, & CO., Toledo, Ohio.
Sold by all druggists, 75c.
Take Hall's Family Pills for constipation.

NO CASCARET USER EVER HAS HEADACHE

A 10 Cent Box Will Keep Your Liver, Stomach and Bowels Clean, Pure and Fresh for Months.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means instant cleanliness and a clear head for months. Ask any of the millions of Cascaret users if they ever have headache.

of famine conditions; does not pauperize those helped but rather encourages self-help; and that every dollar is honestly administered."

The American Red Cross has forwarded to the relief committee in China over \$150,000 since January 1. This includes the amount raised by the vigorous efforts of the New York Famine Relief Committee which is a tireless auxiliary of the Red Cross. But the Committee in China pleads for at least \$200,000 more to enable it to carry on its great task until the new harvest ripens. Contributions of any amount will help. They should be sent to the American Red Cross, Washington, or to the treasurer of the State Red Cross Board of any state or to Mr. Jacob H. Schiff, treasurer of the New York Committee.

PAN AMERICAN INSTITUTE
Dr. McQueen Gray, President of the University of New Mexico, has received from the Diplomatic Representative of one of the most important Spanish Republics—possibly the most important of all—a version in Spanish of the Bulletin on the Spanish language in New Mexico for circulation among Spanish Americans in this country and elsewhere.

Although it is not possible in the circumstances, to publish the name of the translator or of the Bulletin, extracts from his accompanying letter will show to what extent the Spanish American Republics are being interested in the foundation and development of the proposed Pan American Institute.

"I pray you to believe that it has been a very great satisfaction to be able to assist, although unofficially, in a work of such interest to all concerned as you have undertaken.
"I limit myself, therefore, in order to synthesize my personal opinion, to ask you to accept my most hearty praise for the undertaking to which you have dedicated yourself with such praiseworthy energy and I wish it all the success that your hopes justify.
"Reiterating my wishes for the complete success of your effort and with my appreciations of gratitude for the gracious terms of your letter, I remain, with my highest regards,
Always at your service.

LOCAL OPTION, HIGH LICENSE

Important Measure by Llewellyn Taken Up Yesterday Afternoon

MADE SPECIAL ORDER TO DAY

Several Bills of Much Consequence Are Introduced in the House

House Bill No. 60, by Republican House Leader W. H. Llewellyn, is a drastic local option and liquor regulation act, that if placed on the statute books and enforced, will do much toward disarming the opposition to the liquor traffic.

Whenever twenty per cent of the legal voters of any county, cast at the previous election for governor, petition for a local option election, it is the duty of the board of county commissioners to call and hold such an election, and a majority vote for prohibition shall have the effect of closing the saloons within thirty days after the election. The act is also made applicable to smaller units than the county, and any city, town, village or precinct may secure local option and city councils and town boards are given the power to forbid the sale of intoxicating liquor. A local option election shall be called within fifteen days and after due publication, after a petition of 20 per cent of the voters cast at the last gubernatorial election, has been filed. The penalty for violating the act is placed at from \$100 to \$500 fine, or county jail sentence, and in case of subsequent offenses both fine, costs and imprisonment. Confiscated liquors shall be publicly destroyed on order of the court. The act makes it the duty of the district attorney not only to prosecute but also to investigate violations of the act. Druggists can sell intoxicants only upon prescription by a regularly licensed and practicing physician and can fill such a prescription only once.

A local option election shall not be held oftener than once in two years. The state fees in addition to local fees for liquor licenses shall be \$1,000 for first class cities of more than 3,000 inhabitants; \$800 for incorporated cities of from 1,000 to 3,000, and \$600 for licenses at other places. No liquor shall be sold within five miles of any Indian reservation or pueblo grant. No person under 25 years, or who has been convicted of a felony or knowingly has in his employ a person convicted of a felony, or whose agent has been convicted of a violation of this act within three years, shall be granted a license to sell intoxicants. Liquor shall not be sold or given to any person under 21, to a person intoxicated or bordering on intoxication, to a habitual drunkard, or to any person where notice in writing has been given, nor shall liquor be sold or given away on Sunday. It shall also be unlawful to have any screens or blinds or curtains or any other covering obstructing full view of the saloon from the street, or to have any enclosed stall or to serve liquor in any other room except that licensed. No recovery shall be had in civil action for the purchase price of liquor sold to be drunk on the premises, and all security for such debt shall be void. Saloons must be closed from 8 p. m. to 6 a. m. Husband, wife, parent, son, daughter, guardian, employer, mayor, chief of police, city marshal or any town trustee, or county commissioner, or district attorney may serve notice on saloonkeeper not to sell liquor to any particular person. Every applicant for license must give bond for \$1,000 with two sufficient sureties, that he will obey the law.

Today's House Calendar.

Special Order.
House Bill No. 60, introduced by Llewellyn, April 9th, An Act defining liquor, providing for the regulation, limitation and prohibition of the beverage liquor traffic, etc.; referred to Committee on Temperance, May 1, reported with recommendation that it be passed with amendments, May 7th read in full and made special order for tomorrow at 2 o'clock.

Bills on Third Reading.

House Bill No. 126, introduced by Roman L. Baca, April 23rd, An Act to amend section 2228 of Title XXVI, Chapter one of the Compiled Laws of 1897, etc.; referred to Committee on Judiciary, April 30th, reported with recommendation that it be returned to introducer for correction, May 1, reported by Judiciary Committee with recommendation that it be passed.

House Substitute for House Bill No. 153, original introduced by Burg, April 20th, An Act to repeal chapter 136 of the Acts of the Thirty-eighth Legislative Assembly of the Territory of New Mexico; referred to Committee on Ways and Means, May 1st, reported with recommendation that it be passed.

House Joint Memorial No. 5, introduced by Roman L. Baca, April 25th, favoring the creation of an additional United States circuit court district; referred to Committee on Judiciary, May 1st, reported with recommendation that it be passed.

House Bill No. 77, introduced by M. P. Manzanarez, April 15th, An Act to provide an appropriation for gauging the streams of the State of New Mexico, etc.; referred to Committee on Irrigation, May 2nd, reported with recommendation that it be passed.

House Bill No. 151, introduced by the Judiciary Committee, April 30th, An Act prohibiting acts of sexual perversion; laid on Speaker's table for further consideration when printed.

House Bill No. 152, introduced by Judiciary Committee, April 30th, An Act to define and punish the crime of embezzlement by executors, administrators and guardians; laid on Speaker's table for further consideration

when printed.

House Substitute for House Bill No. 58, original introduced by J. T. Evans, April 9, An Act defining additional jurisdiction powers and duties of the probate courts of the State of New Mexico, to provide for appeals therefrom, to provide a court fund and to provide for a court reporter; referred to Committee on Judiciary, May 7th, reported with recommendation that it be not passed, but that Committee Substitute be passed in lieu thereof.

The following additional bills were introduced in the House yesterday afternoon:

House Bill No. 167, by Cordova, an act providing for a public road from Mora to Taos and appropriating \$5,000 therefor. To Ways and Means.

House Bill No. 168, by Burg, ceding to the United States, exclusive jurisdiction over certain lands acquired for public purposes. To Ways and Means.

House Bill No. 169, by Burg, an act providing for the establishment of the New Mexico State Fair at Albuquerque, provided 160 acres be decided to the State for that purpose.

House Bill No. 170, by Carter, referring to acknowledgments of written instruments affecting titles to real estate, heretofore taken before U. S. Commissioners.

House Bill No. 171 by Clancy, an act to amend Section 4 and repeal Section 19 of Chapter 80 of the 38th Legislative Assembly. This will relieve insurance companies of the necessity of publishing annual statements, and also city council of publishing minutes of their meetings.

House Bill No. 172, by Rogers, to permit products to be sold by the producer to the consumer without license or taxation.

House Bill No. 173, by Rogers, an act to prescribe the mode of filing chattel mortgages, the fees to be charged, etc.

House Bill No. 174, by Vargas, to amend Section 25 of Chapter 22, Laws of 1899. This section relates to the filing of assessment returns.

House Bill No. 175, by Padilla, to regulate the enforcement of land lord liens.

House Bill No. 176, by Llewellyn, to amend sub-section 8, section 22, chapter 62, 34th legislative assembly. This refers to causes for divorce.

House Bill No. 177, by Llewellyn and Moreno, to amend Section 10, chapter 96 of the 38th Legislative Assembly, authorizing the traveling auditor and state bank examiner to appoint two assistants and one stenographer and to fix their salaries.

House Bill No. 178, by Casados, an act for the protection of personal property lost through abandonment.

House Bill No. 179, by Hilton, an act extending the time for securing deeds to land within the Socorro land grant.

Vargas introduced a House Joint Resolution to provide for the printing in Spanish of one hundred copies of a pocket edition of the House and Senate rules and roster.

Senate Bill No. 42, by Hlford, an act providing that executions shall take place at the penitentiary, was on motion of Conney recommitted to the Committee on Ways and Means.

House Bill No. 60, by Llewellyn, a stringent county, city, town, village and precinct local option and high license act, was read for the third time. Because of a provision forbidding the issuing of licenses within 25 miles of any Indian Reservation or Pueblo Grant, which would make Albuquerque, Santa Fe, Alamosa and many other places dry, and because of apparent conflicts in Section 15, and other minor defects, the bill was made the special order for tomorrow afternoon at two o'clock, so as to give time to formulate amendments.

The House adjourned to 10 a. m. Wednesday.

CHURCH POLITICS IN METHODIST CONFERENCE.

Election of Ten Additional Bishops Occupies Attention of the Delegates.

(By Special Leased Wire to New Mexican.)
Minneapolis, Minn., May 8.—With the beginning of the second week of the quadrennial conference of the Methodist Episcopal church the "politics" of the church, which hinges principally on the election of the bishops, is occupying more and more the attention of the delegates.

Conservative leaders place the number of names which will be voted on at the first ballot at 100, while others say there will be nearer 200. A two-thirds vote of the 850 delegates is necessary for election of a bishop. Among these were prominently mentioned as candidates from whom the probable eight or ten new bishops are to be chosen, and who in most cases have been candidates in previous conferences are Naphthali Luceck, Kansas City; M. Hughes, Pasadena, California; A. E. Schell, president Iowa Wesleyan, Mount Pleasant, Iowa; Fletcher Homan, Portland, Oregon; Benjamin Young, Portland, Oregon; George H. Bradford, president Epworth University, Guthrie, Oklahoma; F. D. Board, San Francisco.

Cure Your Backache and Rheumatism

WITH FOLEY KIDNEY PILLS

Backache drags on your vitality. Saps your strength. Weakens your endurance. Hampers you in your work. Besides that, it means something wrong with your kidneys; a weakness, an inflammation, a breaking down, may be, of the kidney tissues. Foley Kidney Pills is the true answer. They will help you QUICKLY, strengthen and heal your kidneys, regulate the action of your bladder, and drive out Backache and Rheumatism. They will make a strong, well man of you. No habit forming drugs. Try them. For sale by all druggists.

GOOD NEWS S.S.S. CURES OLD SORES

To every person suffering with an old sore or chronic ulcer, the very best news in this paper is contained in the present article. It is good news because it is true; it tells of a way to get rid of these plague spots which so often sap the strength and vitality, and best of all, this permanent cure is in reach of every one.

It is an absolutely true statement to say that every old sore or chronic ulcer exists solely because of bad blood. Outside contaminations or influences may increase the local inflammation, but such things have nothing to do with keeping the place open. It is the infected blood discharging its impurities through a weak spot on the flesh that does this, and the sore will continue, gradually growing worse, until the blood is purified of the exciting cause.

See how nature points to the cause through the symptoms. The inflammation, discharge, discolored flesh, and the fact that external applications never have any curative effect on the sore, show that deep down in the circulation there is a morbid cause which prevents the place from healing. But more convincing proof that bad blood is responsible for old sores, is furnished by the fact that even removing every visible trace of the ulcer by surgical operation does not cure; the sore always returns.

S. S. S. heals old sores because it is the greatest of all blood purifiers; it goes into the circulation and removes the cause from the blood. When the blood has been purified there is no longer any inflammatory or infectious matter to irritate the place and nature causes a natural and certain healing of the ulcer. When S. S. S. has cleansed the circulation and the place is well, it is not a surface cure, not simply a smoothing over of the outward evidence, but it is a perfect and permanent cure, because every vestige of the old cause has been driven out. S. S. S. is made entirely of roots, herbs and barks, cleansing and invigorating in their nature, and of great tonic value. It is a medicine adapted to persons of any age, and is just as effective with the old as with the young or middle aged. Under the purifying and tonic effects of S. S. S. the system is greatly strengthened and benefited. To hear of S. S. S. has been good news to thousands, it is good news for you.

If you wish any special advice about an old sore or ulcer write for our free book, and ask our medical department to give any instructions you may feel the need of. No charge for the book or advice. S. S. S. is sold at drug stores.

THE SWIFT SPECIFIC CO. ATLANTA, GA.

TEN CONVICTS DUG OUT OF PRISON DUNGEON

Two Wyoming Prisoners Are Still at Large With Posse in Close Pursuit.

(By Special Leased Wire to New Mexican.)

Rawlins, Wyo., May 8.—Ten men in solitary confinement for infraction of rules, dug their way out of the dungeon of the state penitentiary here at 11 o'clock last night and gained the prison yard before they were discovered. Night guards gave the alarm, and the entire guard was called out and captured eight of the convicts without difficulty. Two prisoners, M. Bosworth, serving term for horse stealing, and J. Gonzales, for robbery, escaped, over the wall and are still at large, although a posse has been in pursuit all night. So far as known, the fugitives are unarmed.

ARIZONA PROHIBITS EMPLOYMENT OF FOREIGNERS.

Bill Requiring Workmen in Mines and on Railways to Speak English.

(By Special Leased Wire to New Mexican.)

Phoenix, Ariz., May 8.—After long debate the senate, in committee of the whole, recommended for passage the Kinney anti-alien labor bill, considered the most radical measure introduced in the legislature. The vote was 13 to 6. The bill provides that men employed in mines and on railways must be able to speak and read the English language. It was strongly opposed by mining companies employing foreign labor.

OFFICIAL PAPER OF SANTA FE COUNTY.

The new Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the State, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

FISHING IS GOOD.

To the uninitiated there is a strange fascination in watching the symptoms among his acquaintances that indicate that the trout season is about to open, as it does in New Mexico on May 15. The fever comes on gradually but each day notes a rise of temperature until on the idea of May nothing will hold the patient to his desk or his store or his shop, and he hies himself to the favorite stream to catch his first trout of the season. To him, however, who has had the transcendent experience of a season in camp on one of New Mexico's trout streams there is no surprise over the eagerness with which hard-headed businessmen, hard-working mechanics, zealous officials, look forward to the fishing season. Take such streams in northern and northwestern New Mexico as are reached from the Denver and Rio Grande railroad, and there are a score of them that in picturesque, in attractive solitude among mountain crags and whispering pines find no superior, if a counterpart, anywhere else in the world outside of the Rockies, and you do not wonder at their irresistible lure. In their isolation they are the sportsman's paradise and in them the game trout is still abundant.

Beginning on the Colorado border, the streams that flow into the Rio Grande from Taos and Rio Arriba counties, each offer attractions that are peculiar to themselves. The Costilla, the Rio Pueblo, the Rancho, the Pecos, the Penasco, the Santa Barbara, the Red River, the Truchas, rise in the snow capped peaks of the Sangre de Cristo or Blood of Christ Range, culminating here in the highest summits of New Mexico, those of the Truchas (the Spanish name for trout) and Taos. They dash over precipices in waterfalls into canyons that on all sides are closed in by the national forests which Uncle Sam has established to protect the headwaters of these streams and particularly to preserve the flow of the watersheds of the Rio Grande and the upper Pecos, the latter stream rising only a few hundred yards from the top of the Rio Grande watershed which sends down the streams mentioned through Taos county. For miles and miles from their source, there are no permanent habitations along these streams and it is only on their lower reaches that one finds the quaint Pueblo Indian settlements, the old-fashioned Mexican placitas, the hot springs, the sanctuaries, the cultivated fields, all giving additional charm to a trip that even without them would be one of rare pleasure to the lover of nature and fishing.

On the Rio Arriba county side, the Chama gathers into itself most of the trout streams before they have a chance to reach the Rio Grande, but there are such notable exceptions as the Santa Clara and the Petaca, and farther down in Sandoval county, the Rio de los Frijoles. Along these streams, the added attractions consist of the mysterious prehistoric cliff and communal dwellings that sit abandoned and silent in the sun as if brooding for their lost children. On this side too, the Brazos canon is an unusual attraction and their other spots of unsurpassable beauty, frequented only by the swiftfooted deer and the intrepid fisherman.

Going farther south into Santa Fe county there are such streams as the Santa Cruz, the Rio Medio, the Nambé, the Tesuque, the Santa Fe, and just across the massive mountain back that forms a pass between Mount Baldy and Lake Peaks, flow the Holy Ghost, the Mora, the Macho, Dalton, Indian Creek and a host of other tributaries that form the upper Pecos, the most royal trout stream of them all. The beauty of these streams is that although isolated from the habitations of men, they are easily reached by trail and wagon road and that one is never far from a source of supply of beans and bacon without which even fishing in the best of streams may pall.

Many of these trout streams that leap with such vigor over granite walls, and dash with much noise through narrow canyons, are later lost in the sands and the traveler through the state hardly suspects when his eyes sweep over the bare mesas that border the railroad track, that in those blue and white hills, shimmering in the sunshine covered with dense forest growth, there are brooks and rivers that once followed to their source are never forgotten and that call insistently every spring for the fisherman to come and try his luck.

Oklahoma like New Mexico is primarily an agricultural state and yet, the census credits it with 2310 manufacturing establishments employing 18,034 persons earning \$9,285,000 a

year and producing \$53,682,000 or seven times as much as all the shops, mills, factories and plants in New Mexico. The Oklahoma industries are practically all small establishments but in the aggregate they add much to the state's prosperity.

THE UNREST.

Serious minded men are discussing the present unrest that is disquieting the multitude imagines or is convinced, that it is not getting its desert, that the few are prospering at the expense of the many. This unrest holds those in power responsible for present conditions. Be the existing authorities Republican or Democratic the trend is toward a change, and the man in office has a hard time to hold his own against those pressing to dispossess him.

That is the disadvantage under which President Taft is laboring. If Jim Smith at Kalamazoo fails in business, he blames the Taft administration. If John Brown at Kokomo is earning only \$4 a day when he thinks he ought to have \$5 it is Taft who is to blame. It would make no difference whether the Presidential incumbent were Taft, Cleveland, Wilson, or any one else, those in power must bear the burden of the discontent of the masses.

And whence this discontent? Some one says it is caused by the press. Another one blames it on education, because the educated young man and the educated young woman are naturally dissatisfied to live as their parents lived; they expect more from the world and if they do not get it, whether they deserve it or not, they become insurgents. At one of the largest universities the other day, a straw ballot showed the majority of votes cast for Debs for President. One sees it even here in New Mexico. In Agua Fria, just outside of Santa Fe, there are twenty abandoned adobe homes. The young folks have drifted. They are no longer satisfied to cultivate a few varas of soil for beans and chile, or to haul the fire wood from the foothills. They want white-shirt sleeve jobs in the towns and cities. Who can blame them? And yet, this trend away from the land helps to raise prices, brings about unrest, the end of which must either be industrial disaster, financial panic and general suffering, or a revolution the scope of which no man can foretell.

PARTY RESPONSIBILITY.

There is deep significance in the resolutions adopted by the Democratic county convention when they say: "We deeply deplore the 'playing of politics' by the present session of the legislature and its failure to respond to the will of the people and to provide necessary legislation."

There is no getting away from two facts: The Republican party has an opportunity to rehabilitate itself with the majority of the voters, such as seldom if ever comes to a political party that has met partial defeat. The other fact is that the Republicans are not taking advantage of it, although they will be held responsible by the people. No explanation will go at the next election if the Republican majority fails to enact needed and beneficial laws.

The man with the ballot does not care a snap about personal quarrels or questions of dignity between the two houses. To him, House and Senate look alike, and he will permit neither to blame the other for legislative failure. His disposition will be to say: "A plague on both of your houses. I gave each an overwhelming Republican majority thinking that thus there would be certainty of agreement on needed and important legislation. Instead you have played peanut politics, wrangled over questions of personal privilege and openly played into Democratic hands."

What answer will the Republican party, or the legislative members of the majority give? Will they impress the voters by pointing the fingers at each other and shouting: "He is to blame!"

IS "PURE DEMOCRACY" A DELUSION?

Government which comprises the initiative, referendum and recall of officials and of judicial decisions says Leslies today, is government by impulse and caprice. Rome's plebiscitum was the initiative in its essential form, while the recall is the ostracism of Athens under a new name. Both worked badly and were discarded. Under modern conditions and in a great nation like the United States, they would work worse than they did in the countries in which they were invented.

In a crude but effective way, the ini-

VALLEY RANCH ACTIVITIES.

Valley Ranch, N. M., May 7, 1912.
The splendid work in straightening and improving the road around Canoncito is a great credit to the Good Roads Commission. We have heard of

hewing roads out of solid rock. This is literally being done at Canoncito, and too great credit cannot be given Mr. A. E. Haywood who has the work in charge as he is making a road apparently which will last as long as the country lasts and over a section which has been heretofore considered impos-

sible from a Good Roads standpoint. We are glad to note the return of the Forest Service force whose household and office furniture are being moved to the Panchuelo Station today. All on the Upper Pecos are glad to welcome Stewart and his able force again.

to keep the docket clear as it should be kept; and that new cases were being filed faster than the old ones were off of the docket. The move has his hearty approval.

Tucumcari Protests Against School Bill.

A letter of protest has been addressed to the legislature by the Tucumcari chamber of commerce against those sections of the proposed school bill which makes taxes collected from saloons and other sources for school purposes, apply as a general fund over the entire county in which they are collected. It is pointed out that such a law would deprive the schools of Tucumcari of \$2,500 annually of taxes taken from businesses supported largely by Tucumcari. It is asked that the proposed school bill be recommitted until the next term of the state legislature. D. J. Aber, Donald Stewart and Harry McElroy acted as a committee on the matter.

EMELIO GOMEZ IS IN BAD.

(Continued From Page One.)

misunderstanding has occurred and an exchange of letters will straighten it out.

Provisional Government in Balance.

It is generally admitted now that while General Orozco invited Gomez to come from San Antonio, Texas, to participate in the direction of revolutionary affairs, the invitation did not extend to the assumption of executive authority, such as a provisional president might have. Should Orozco and Gomez fail to agree eventually, Gomez is likely to find himself in an embarrassing position. The Mexican Government will arrest him on charge of treason should he venture into federal territory. In Juarez, or the rebel zone, now he is virtually under the control of Orozco, and rumors that he is actually a prisoner of Orozco have been numerous in the last few days. To return across the Rio Grande into the United States friends of Gomez believe impossible as it is reported that American special agents now have gathered evidence enough; Gomez with fomenting revolution against Mexico, while on American territory. Much depends on the military achievements of Orozco in the next few days.

News of a decisive battle somewhere between Torreon and Jimenez was expected hourly today.

Orozco the Dictator.

Gomez has a strong following in the South but has little popular support in the North where Orozco is the dictator. Should Orozco be defeated it may mean the rise of Gomez or a new military chief. A rebel victory it is believed, spells a complete dictatorship hereafter by Orozco and perhaps the downfall of Gomez. Like wise, a revolutionary triumph at this moment would present a serious situation for the Madero government; as agents of the latter in El Paso declared today the federal government had concentrated nearly all its military strength for a decisive blow to the insurgents.

Has Been President Since March 2.

Emilio Vasquez Gomez gave a detailed explanation today of the tangle that has arisen over his relations with General Orozco. Seated in the customs house, the provisional capital of the Republic with Pascual Orozco, Sr., father of the military chief, at his side, Senor Gomez declared he had been acting in accord with Orozco for months. As early as March 2, he asserted, proclaimed him provisional president and simultaneously invited Orozco to join the revolutionary cause. As proof of this, Senor Gomez produced a copy of the proceedings of the El Paso on March 2. The names of Dr. Policarpo Buedi, new revolutionist representative in Washington, and other prominent Mexicans, are signed to it.

Third Chief Is Blamed.
Senor Gomez also exhibited the letters of Pascual Orozco accepting the offer of military chief of the revolution and the correspondence in which Orozco welcomed Gomez as provisional president.

To all these the elder Orozco nodded consent. Senor Gomez declared the confusion that appeared to exist was the handiwork of Gonzales C. Enrile, now in Chihuahua, who he said, was ambitious to control revolutionary affairs. Enrile, it is alleged, signed Orozco's name to these telegrams expressing opposition to Gomez.

Gomez Says Orozco Will Consent.
Fear that the American authorities might apprehend him for a violation of neutrality laws, was the reason given by Gomez for his repeated denials heretofore of complicity in revolutionary propaganda. The messenger sent by Gomez to Orozco at the rebel front, 200 miles away, should reach him late today, when, according to Gomez, Orozco will fully understand what has

been done and will formally sanction it.

Federals Poison Wells.

Escalon, Mex., May 8.—Poison in drinking water is the ammunition which the federals now are using to crush the rebels. This was the charge made by General Salazar who today reported to General Orozco that the recent battle at Cuatro Ciénegas was a rebel victory. Salazar sent word by courier that he lost 22 men most of whom perished after drinking from a spring presumably infected by the federals. Many of Salazar's men are ill. Salazar declared the government loss was 70 killed and many wounded. The battle lasted twelve hours.

After the town capitulated Salazar gathered a large quantity of ammunition, left a garrison in the town and proceeded southward to join the main body of Orozco's forces.

Residents in this section have complained lately of poisoned wells. Many horses have been lost by the rebels as a result of this condition.

TWO SAN DIEGO POLICEMEN SHOT.

(Continued from page one.)

of a lodging house near the scene of the shooting.

Found Maxim Silencer.

The supposed explosive was unearthed in the cellar of a lodging house on the outskirts of the downtown district. One of the rifles found in the same place was equipped with a Maxim silencer. Scores of special policemen, United States sailors and marines are aiding in the search, and it is believed to be the intention of the police to take every man seized to the outskirts of the town, and send them across the desert with a final warning never to return.

Shot Policeman From Ambush.

Patrolman H. C. Stevens, and R. M. Heddon, who were shot from ambush while on duty last night near the lodging house at Thirteenth and K streets, are believed this morning to be out of danger. According to their statements today, about six men stepped from the shadow of the building and fired simultaneously. Both fell at the first fire, but in spite of their wounds, returned the fire.

Agitators Burn Lumber Plant.

Bellingham, Wash., May 8.—Three Industrial Workers of the World agitators are in jail in Sumas today charged with having burned the \$150,000 plant of the Cline Lumber Company at the border town early today. The men were permitted to sleep in the mill over night, and about 5 o'clock this morning, the fire broke out. The dry kiln and sheds were saved, but the main part of the plant was totally destroyed.

Seek to Bring on Strike.

Agitators are spread throughout the country seeking to bring about strikes in logging camps and mills. Two men were arrested at Acme yesterday for threatening employees of the Bolcom-Vanderhoof Company at Acme.

Judge John A. Kellogg of the Superior court has placed a large United States flag in his court room and will force all aliens applying for citizenship papers to swear allegiance to the emblem in the future.

BRYAN STUMPING OHIO.

AGAINST JUDSON HARMON.

(By Special Leased Wire to New Mexican)
Toledo, Ohio, May 8.—William Jennings Bryan made an early start today on his second day's speech-making tour of Ohio in which he is opposing the nomination of Governor Judson Harmon and advocating that of a progressive. His train left here at 3:30 this morning and the day's speech-making was begun at Norwalk at 7 o'clock.

Tut! Tut! Mr. Bryan.

Colonel William J. Bryan, in his speech here today said that since coming into the state he has obtained a letter in evidence that Governor Harmon is favored by Wall street. He said:

"I have stated that as late as February, 1908, Governor Harmon still hoped to be the Wall street candidate for President that year. I am now prepared to add that as late as June, 1908, his friends hoped to nominate him at Denver, notwithstanding that two-thirds of the delegates had been instructed for me. His friends tried to purchase delegates in Ohio who had been instructed for me.

What! A Democratic Trust Candidate.
"I do not say that Mr. Harmon authorized his friends to pay delegates, but I challenge him to deny in writing that his friends did not try to buy votes. If any one will furnish me with a written denial, signed by him, I will produce the letter, of which I have a copy showing that the money which was to have been used to purchase delegates was to come from New York and the men who were to furnish it were prominent in Wall street. Mr. Harmon then, as now, was the choice of Wall Street."

ADOLF SELIGMAN DRY GOODS COMPANY.

Quarter of a Century Ago.

(From the New Mexican of Monday May 8, 1887.)

The local elections in Indiana show large Democratic gains, but nevertheless, it is confidently predicted, that the Republicans will carry the state in the Presidential election.

A delegation of Las Cruces citizens is here to extend a hearty welcome to the stockholders of the A. T. & S. F. who meet here, to visit the Mesilla Valley. The stockholders met in the office of H. L. Waldo and elected directors.

A piece of turquoise weighing five pounds is shown by Judge Sloan who took it out of the old turquoise mine just across the Valley southwest of Santa Fe.

Contracts have been let for the erection of 200 dwelling houses in El Paso this spring. When Santa Fe organizes a building and loan association, the same thing will happen here.

In Missouri, the people are greatly dissatisfied with the Democratic administration and the Democratic bosses and gang, and they will shake off the yoke next November.

Mrs. Atkinson, mother of Mrs. J. Weltmer, is visiting her daughter.

Major W. H. H. Llewellyn of Las Cruces is a guest at the Palace. He is growing more handsome daily, and boasts that the late arrival of a boy babe at his home gives him a flock of six children—three boys and three girls—that can't be surpassed anywhere in the west.

Sixty New Englanders reached Santa Fe today on the Raymond and Whitcomb excursion and will remain two days because Santa Fe has the best hotel accommodations and the most points of interest of any place in the west.

The Knights of Pythias had 150 people with their Sunday excursion to the Canon Diablo and the Cliff Dwellings.

The smelter at San Pedro is to resume on June 1. Eight yoke of oxen drawing two wagons loaded with firebrick, left for San Pedro today. Joseph B. Mayo of Newark, N. J., is the new superintendent and he will make things hustle.

Dr. L'Engle has opened an ice cream

THE OLD PLEA,

He "Didn't Know it Was Loaded."

The coffee drinker seldom realizes that coffee contains the drug caffeine, a serious poison to the heart and nerves, causing many forms of disease, noticeably dyspepsia.

"I was a lover of coffee and used it for many years and did not realize the bad effects I was suffering from its use. (Tea is just as injurious as coffee because it, too, contains caffeine, the same drug found in coffee.)

"At first I was troubled with indigestion. I did not attribute the trouble to the use of coffee, but thought it arose from other causes. With these attacks I had sick headache, nausea and vomiting. Finally my stomach was in such a condition I could scarcely retain any food.

"I consulted a physician; was told all my troubles came from indigestion, but was not informed what caused the indigestion. I kept on with the coffee and kept on with the troubles, too, and my case continued to grow worse from year to year until it developed into chronic diarrhoea, nausea and severe attacks of vomiting. I could keep nothing on my stomach and became a mere shadow, reduced from 150 to 125 pounds.

"A specialist informed me I had a very severe case of catarrh of the stomach which had got so bad he could do nothing for me and I became convinced my days were numbered.

"Then I chanced to see an article setting forth the good qualities of Postum and explaining how coffee injures people so I concluded to give Postum a trial. I soon saw the good effects—my headaches were less frequent, nausea and vomiting only came on at long intervals and I was soon a changed man, feeling much better.

"Then I thought I could stand coffee again, but as soon as I tried it my old troubles returned and I again turned to Postum. Would you believe it, I did this three times before I had sense enough to quit coffee for good and keep on with the Postum. I am now a well man with no more headaches, sick stomach or vomiting and have already gained back to 147 pounds." Name given by Postum Co., Battle Creek, Mich.

Look in pkgs. for the famous little book, "The Road to Wellville." Ever read the above letter. A new one appears from time to time. They are genuine, true, and full of human interest.

parlor in the Exchange block.

Col. Breeden has bought from H. F. Swope the bay colt, "Santa Fe Ring" for \$300.

A Denver contractor is offering \$2.50 a day to laborers and wants 200 to go to work on the Denver & Rio Grande railroad, but finds every man in Santa Fe employed.

Vandals threw rocks through the plate glass window of the First National Bank and several adjoining stores. The bank offers \$100 for the apprehension of the scoundrels.

E. A. Fiske and Judge Warren have dissolved partnership. Mr. Fiske came to Santa Fe in 1876 from Washington where he had served as clerk of private land claims in the Interior Department. He has the largest and most important clientele of any lawyer in the First and Fourth Judicial districts.

A Mexican woman aged 68 years, eloped with a Mexican 75 years old at Las Cruces. Her husband, aged 82, tried to get her back but was unsuccessful although he promised forgiveness.

Editorial.

The heads of postmasters are falling right and left, and all in the interests of civil service reform. The mungwump does not see it. None are so blind as those who will not see.

New Mexico will boom one of these fine days, especially if statehood comes, but it will never boom under a Democratic administration. It is only a question of time, however, when the Republicans will again be on top. Of course, the boom would come much sooner had the territory a Republican administration now, which would work for the best interests of the people, instead of the present administration which is doing all in its power to retard the best interests of the people.

STOCK MARKET SHOWED AN UNSETTLED TONE.

Trading for Most Part Was Dull and Plainly of Professional Character.

(By Special Leased Wire to New Mexican) New York, May 8.—The stock market showed an unsettled tone during the early session today. Reading rose and fell alternately, reflecting the temper of the professional traders. The familiar tactics of recent days, namely, selling of United States Steel, were resorted to by the short interest, the stock declining to 64-1/4 on comparatively small offerings. Union Pacific was also offered at concessions and St. Paul weakened the most conspicuous feature of the granger group. In the forenoon Reading again declined sharply.

Bonds were steady. Union Pacific led a mild rally in the noon hour but trading was dull and plainly professional. The April report of the copper producers showed an enormous increase in metal on hand, but exercised no marked influence over the copper shares.

Trading became increasingly dull in the course of the afternoon. Illinois Central made an abrupt decline of 2-5/8 points. The market closed steady. Some revival of activity was noted in the last hour. Union Pacific again touched its best of the day, with greater strength in U. S. Steel, and Amalgamated Copper. American Sugar and American Beet Sugar were the features of the specialties, both rising over two points. Reading failed to share in this movement which was again followed by recessions from the best.

CONFEDERATE VETERANS TURN DOWN G. A. R.

(By Special Leased Wire to New Mexican) Macon, Ga., May 8.—The committee on resolutions of the United Confederate Veterans, in a report to the Confederate reunion here today, advised the organization to decline the invitation of Grand Army of the Republic for the veterans of the South to participate in the semi-centennial celebration of the battle of Gettysburg in July 1913.

The committee holds that the acceptance of the invitation will be in violation of the constitution of the United Confederate Veterans, that it would be improper for the Southerners to celebrate a battle that contributed to their defeat.

Fair Weather to Continue.—The Weather Bureau predicts the continuation of the present fair May weather. Yesterday the maximum shade temperature reached 68 degrees, the minimum last night was 43 degrees while the relative humidity yesterday was down to 26 per cent.

Plays AND Players

NO WAITING.

The program rendered by the Schubert Co. is entirely devoid of waits. Pleasing the people is a trade with this famous organization, and they know that tireless waits are not a part of an enjoyable program. Although their program is bright and entertaining and contains a great deal of pure fun, it is so refined in character and the laughs so wholesome, that it is endorsed and patronized by the most select people everywhere. Hear them May 8 at the Elks' theater.

"THE BARRIER."

"The Barrier" is one of the best dramatizations of one of the best books ever presented for stage purposes. The novel by Rex Beach has always been recognized as a masterpiece of descriptive work, as well as a thrilling and interesting novel, and in its portrayal of real Alaskan life, it stands quite alone. Mr. Beach spent six of his early years in this last of the far West, and his sympathetic touch has transferred to its pages the very life of the region in all its verities and picturesque characteristics. Eugene Presbury has preserved in the play all this atmosphere and art, and the result is most satisfying in every detail. Add to that its interpretation by a specially selected cast, with all that went to make it a record-breaker at the New Amsterdam, New York and it is easy to see why its appropriateness is most striking.

RECEIPTS OF CATTLE LAST WEEK WERE VERY LIGHT.

Hog Supplies Are Showing Unexpected Volume Late—Supply Does Not Yet Equal Demand.

Kansas City Stock Yards, May 8, 1912.—Light receipts of cattle here last week and a good demand from killers was a combination that gave the market an uplift of 25 to 40 cents. Fed steers made the greatest gain, particularly medium grades, which kind are selling higher than they have sold in forty years, or since the reconstruction days following the civil war; top steers have sold at higher figures than at present, though several lots sold today here at \$8.50 to \$9.70, unequalled previously this year. The supply today is between seven and eight thousand head here, the market strong and active. Supply figures for the year to date at the five leading markets of the country show only a six per cent decrease from same period last year, which renders the explanation for the advance of forty per cent in values in the same time. Hogs and sheep have increased at the same markets so far this year, over last year, which renders the explanation still more adequate. Evidently the consuming population has gained several laps on production of meats more than has been suspected. Distant territory continues to send in cattle, else the shortage at Kansas City would be much greater than it is. Bulk of the native steers sell at \$7.25 to \$8.50, sugar beef steers \$7.25 to \$8.40, hay fed steers \$7.00 to \$7.90, South Texas grass steers, \$5.00 to \$6.00, quarantine fed steers up to \$8.25, top native cows \$7.25, stock steers, \$5.00 to \$6.75, feeders \$6.25 to \$7.15.

Hog supplies are showing unexpected volume lately, the run last week aggregating 60,000 head here. Receipts today amount to 7,000 head, one thousand more than the first estimate and 13,000 are expected for tomorrow. The increase in supplies is common at all the market points, and the situation became too heavy last week, resulting in a net loss of 30 cents in values for the week. Prices are steady today, top \$7.70, bulk of sales \$7.45 to \$7.65. The estimate for tomorrow here is moderate, and should be correct, and typical of runs elsewhere as well, an upturn in prices would naturally result.

Few sheep and lambs came in last week after Thursday, a fortunate circumstance for shippers, as the market was being undermined the last days of the week. But the blow fell all the harder today, when the run of 15,000 head consisting of a varied assortment is selling 25 to 75 cents under last Thursday. The best woolled lambs only reached \$9.50 today, and good clipppers stopped at \$8.50, fair ones going at \$7.50. Choice Texas wethers sold at \$6.10 today, nearly a dollar under last Tuesday, and goats

were being hawked about the sheep yards with small chance of selling, even at sharply reduced values, up to noon. Buyers threaten still more punishment later this week.

SHRINERS SELECT DALLAS FOR NEXT CONCLAVE.

Ernest A. Suttis, of Savannah Today Elected Imperial Outer Guard.

(By Special Leased Wire to New Mexican) Los Angeles, Calif., May 8.—Ernest A. Suttis of Savannah, Ga., was elected today Imperial Outer Guard by the Imperial Council, Nobles of the Mystic Shrine, in conclave here. Dallas, Texas, was chosen for the 1913 conclave. William Cunningham, of Baltimore, former Imperial Deputy Potentate, was elected Imperial Potentate, succeeding John Frank Great of Fargo, North Dakota. William S. Brown, of Pittsburg, and Benjamin W. Rowell, of Boston, were re-elected Imperial Treasurer and Imperial Recorder, respectively.

New Mexican want ads always brings results.

MISSION SCHOOL COMMENCEMENT WILL BE TONIGHT.

Interesting Entertainment by Pupils Last Evening—Address by Attorney Bryan.

Last evening at the Allison school room of the Presbyterian Mission, a very excellent and instructive programme was rendered by the girls and boys of the two mission schools, the Matilda Allison and Mary James respectively. To listen to the vocal work and the piano renditions and to watch the stage acting for the different drills and songs, was a revelation to many of the visitors, who for the first time had attended such an exercise by the Spanish American children. The entire programme was well carried out and testified not only to the faithfulness of the teachers who had trained the scholars, but also to the capabilities of the scholars for high grade work of this character.

The front of the school room was tastefully arranged and curtained off as a stage. The floor had been elevated, curtains had been placed, and apartments for the different participants had been arranged at either end. To the right of the center of the platform was the piano, at which Mrs. Robinson presided. Rev. F. L. Schaub was in evidence in all parts of the room, directing and seeing to the proper arrangement as the parts were announced. The colors of the school, blue and white, were conspicuous in the decorations. The program was as follows:

Invocation by B. Z. McCollough, minister of the First Presbyterian church.

A piano solo, "The Lily of the Valley," by Sidney Smith. Played by Isabel Giron.

Song, Seven small girls. Recitation by Trinidad Martinez entitled "In the Allison Office." This was one side of a telephone conversation and brought in several of the staff.

Song by four primary girls entitled, "Four Little Waiters." The stage had a table set, and the girls sang their parts as imaginary waiters.

Exercise, "Blossom Day." Four of the larger girls acted Japanese parts. Chorus entitled "Spring Time" by seventeen children from Miss McPhee's room.

Exercise, "Vacation time," by seven boys from Miss Wood's room. Exercise, "Vacation." Various boys and girls from Miss Reid's room showed their gladness in the approach of vacation and what they would then do.

Piano solo, "Love and Chivalry," by Gottschalk. Played by Josephine Barela.

Exercise by eight girls from Miss Reid's room. "The Contest of the Flowers."

Fishing song by six boys from Miss Wood's room. This was probably the most exciting thing in the programme. After singing fisherman's advice, each one fished for and succeeded in landing his trout.

Piano duet, "A Happy Moment," by Van Giel played by Misses Giron and Barela.

"Crowning the Ivy Queen," an exercise by nineteen of Miss Wood's girls. This was an exceedingly beautiful scene and showed careful drill on the part of each one.

The closing number was a song entitled "Mission Bells" written as a description of the different bells heard in the Mary James and Matilda Allison schools.

After the exercises were over, the audience adjourned to the main building and inspected some of the work of the sewing classes in charge of Miss Robe. This was a very interesting exhibit and showed forth the really practical work that is being done in the school.

The closing chapter in this school year will take place tonight. At the First Presbyterian Church at 8 o'clock Hon. R. W. D. Bryan of Albuquerque will deliver the commencement address and graduating orations will be delivered by the two girls who have finished the tenth grade work. The work done in the Mission is of the same character as that done in our grammar and high schools through the tenth grade. One of the two graduates, Beneranda Otero is 19 years old, is from San Rafael, Valencia county, and has been an Allison pupil for three years. Lydia Archuleta, the other graduate, is 19 years old, is from Raba, Sandoval county, and has been in the Allison School for eight years. Every one who can attend will find a welcome and will feel well repaid for attending the exercises. The program is as follows:

Processional. Invocation . . . Rev. B. Z. McCollough

Chorus, "The Dance of the Fairies."

Oration, "Napoleon Bonaparte," . . .

Oration, "A Second Chance," . . .

Chorus, "The Voice of the Woods," . . .

Address . . . Hon. R. W. D. Bryan

Presentation of Diplomas . . .

Chorus, "Awake, Arise," . . .

Benediction.

BEARISH CONSTRUCTION GOVERNMENT'S CROP REPORT.

Wheat Market Opened With Wild Fluctuations and Prices Suffered.

(By Special Leased Wire to New Mexican) Chicago, Ill., May 8.—The wheat trade today put a bearish construction of the government report. Wild fluctuations took place at the outset, but the entire range of prices fell sharply below last night's level. First sales varied as much as 1-1/4, at the same instant in different parts of the pit. Much wheat was sold out on stop-loss orders, but commission turned buyers on the decline and brought about a relatively steady feeling. A drop of 1-2 to 2-3/8-1/2 a bushel was shown at the opening in wheat. July started at 112-1/4 to 113-1/2, a descent of 11-8/11-1/2 to 2-3/8-1/2-1/2 but rallied to 114.

The close was nervous at 113 3/8-1/2 for July, a loss of 1-4 net. The small amount of spring plowing done led to an upturn in corn. July opened at 52-7/8 to 53 and quickly advanced to 53 3/4-7/8.

Closing prices were 1-2@5-8c net higher for July at 77-7/8. Offerings of oats proved remarkably light. Accordingly the market leaned to the bull side. July started 14 to 2-8c lower at 52-7/8 to 53 and quickly advanced to 53 3/4-7/8.

Provisions were lifted by the strength at the yards. Initial transactions ran from 2-1/2 to 15c up with September options 19.60 to 19.72-1/2 for pork; 11.25 to 11.30 for lard and 10.70 for ribs.

OFFICE C. Q. M. Chronicle Bldg. San Francisco, Cal. April 10, 1912. Sealed proposals will be received here until 11 a. m. May 10, 1912, for furnishing wood, coke, charcoal, fuel and mineral oil, and gasoline, required at post in West. Information furnished on application here or to Post Quartermasters, and Quartermasters at Seattle, Wash., Portland, Ore. and Honolulu, H. T. and bids may be received by Post Quartermasters and Quartermasters. Honolulu, H. T. until 11 a. m. Pacific time, May 10, 1912. F. VON SCHRAEDER, C. Q. M.

theatre is a refined and pleasing en-
tertainment.
Blown Down by Windstorm—The
usual May winds blew down some of
the finest shade trees in Roswell this
week, many of them ten years old.
House Burned Down—The house of
B. Holman burned down on a farm
several miles north of Hagerman,
Chaves county. Nothing but a pillow
and a mattress were saved.
Postmaster Finds Ancient Relics—
C. J. Marbut, postmaster at Kenna,
Chaves county, has found interesting
prehistoric relics in an Indian grave
he opened. Several pieces of pottery
and a skeleton were found in the tomb,
which was triangular and pointed
toward the east.
Do You Know that at the Thomas
ranch they produce the finest cream
you can get? Do you know that it is
made up into rich ice cream? Do you
know that this delicious ice cream is
on sale at the Fischer Drug Company,

the Rexall store? Have you tasted it?
Try it once and you will always insist
on getting it.
Boosting Santa Fe—Santa Fe adver-
tisements appearing in Boston and
two hundred other newspapers calling
special attention to Colorado rates,
say: "After you have seen Colorado,
visit the old city of Santa Fe," and
tell readers to send for the pamphlet
"Old New Santa Fe" of which a second
edition is just from press, 5,000
copies being on their way to the Santa
Fe Chamber of Commerce for general
distribution, while 15,000 more copies
of this superbly illustrated publication
are being distributed by the Santa Fe
railway in the east.
