BOWEN IS BUSY

Minister to Venezuela Has Rush of Business.

BRITISH MARINES HAVE NOT LANDED

Will of Stratton Again Before the Colorado Courts.

VERDICT OF TRINIDAD CORONER'S JURY

Washington, Dec. 29.—The Venezuelan negotiations do not await upon President Castro. By latest advices it is noted that President Castro is expected at Caracas today and it is felt that he will not consume much time in making up his mind to accept the proposals held out to him through Minister Bowen by the allied powers. It now seems probable that Minister Bowen will come to Washington as Venezuela's representative on the commission which will draw up the protocol providing for submission of the claims of the powers to the Hague tribunal. It has been decided that he may so represent Venezuela, notwithstanding the fact that he is at present charged with the interests of Great Britain, Germany, Italy and other European powers in Venezuela. The selection of Bowen will cause a postponement of the assembling of the proposed commission until he can arrive here from Caracas.

British Marines.
Caracas, Dec. 29.—There is no truth in the report circulated in the United States that British marines have been landed at La Guayra. Commodore Montgomery, British commander, when interviewed on the subject, said no landing had taken place and that such step would not be in accordance with the policy of Great Britain towards Venezuela.

Will Be Settled by Arbitration.
Berlin, Dec. 29.—Foreign Secretary von Richthofen is awaiting the receipt of President Castro's answer to the proposal to submit the Venezuelan dispute to arbitration of The Hague tribunal, with certain reservations before corresponding with Great Britain over the personnel of the tribunal or the date for raising the blockade.
"Assuming that if Castro declines to accept the reservations, will arbitration fall through?" asked the correspondent of the Associated Press of a foreign official today, and the official replied, "The settlement will be reached by arbitration in any event."

STRATTON'S WILL

Case Called in the Court at Colorado Springs.
Colorado Springs, Dec. 29.—The will of the late W. S. Stratton, involving a fortune of between \$10,000,000 and \$12,000,000, came up for probate today before Judge Orr, of El Paso county. The case was called at 10 o'clock, when the lawyers representing the executors who offered the will, and I. Harry Stratton, son, who is fighting the will, appeared and asked for a continuance until 2 o'clock in order that the two sides might get together on a course of procedure in the hearing that are to follow. The case was continued.

No One Blamed.
Trinidad, Colo., Dec. 29.—The coroner's jury empaneled to hold an inquest over the bodies of those killed in the Colorado Southern collision on December 24, brought in a verdict today to the effect that they could attach blame to no one.

FIRE BOYS OF THE SHOPS.

Are Arranging for a Grand Dance on Tuesday Night, February 17.
The members of the fire department of the local railway shops are making elaborate preparations for a ball to be given by them at Colombo hall on the night of February 17. The boys intend to have a very swell affair and for that reason they have begun their making of arrangements so far in the future. The proceeds of the ball are to go to a fund being raised for the purpose of buying the members of the company new uniforms. After the heroic work done by them at the recent Santa Fe Pacific hospital the boys are sure to be liberally patronized.

Very little is known of this organization outside of the people employed at the shops. It has eighteen members and a full list of officers.
At a recent meeting of the company new officers were elected and are as follows: C. O. Young, chief; P. A. Little, assistant chief; George Giegoldt, foreman; Ed Moore, house foreman;

Frank Chamberlain, secretary and treasurer.

The company has a nice house in the yards and the railroad company has been very liberal and furnished neat and cozy quarters for those of the company that remain on watch at night. A large brass pole extending from the sleeping quarters to the cart house furnishes means of rapid transit for the boys in case a hurried call is received by them.

One obstacle not overcome yet by the boys is a clear alleyway across the entire yards. On most every occasion of fire they have experienced considerable trouble in getting the hose cart from the fire house to the fire.

The Albuquerque railroad fire company is considered one of the best on the entire Santa Fe system.

Back from Socorro.

Attorneys W. B. Childers and E. W. Dobson returned yesterday morning from Socorro, where they represented the contestants in Socorro county election contest case which has been occupying the attention of Judge D. H. McMillan's court. The last bit of evidence was in Friday and the arguments finished Saturday. The court took the case under advisement and it is thought will render a decision about January 1. It is one of the most important cases of the kind ever tried before any court in New Mexico, and its termination is looked forward to with much interest. Attorneys James G. Fitch and H. M. Dougherty, of Socorro, represented the respondents.

AMONG THE MASONS.

Public Installation of Officers Temple Lodge Last Saturday Night.

A GRAND SOCIAL AFFAIR.

A most pleasant social affair was held in the hall of the Masons on North Third street Saturday night.

In connection with the brilliant social function, was the public installation of officers of Temple Lodge, No. 6, A. F. and A. M.

The spirit of congeniality prevailed, charming music was a pleasing feature, and a sumptuous supper was enjoyed by everyone present.

The officers installed were: Master, A. B. McMillan; senior warden, W. P. Fox; junior warden, C. O. Young; treasurer, Simon Stern; secretary, Robert Abraham; chaplain, Rev. W. D. Clayton; stewards, W. D. McFerran and C. A. Barlydt; deacons, Harry O. Strong and Frank H. Strong.

The ceremony of installation was impressive and performed in a manner that was very commendable.

A grand charge was delivered to the newly elected officers by Past Master E. L. Medler.

The entertaining program rendered was made up of selected talent. Many fine selections were rendered during the evening by the quartet composed of Messrs. J. Douglas Walker, Ethan Allen Hunt, T. J. Maynard and Harry Bullard.

Mr. Walker sang a solo, which was highly appreciated.

A piano duet of a very pleasing nature was rendered by Misses Taylor and Hesseldein.

An interesting address was delivered by the new master, A. B. McMillan. Nearly 300 guests were entertained with an elegant banquet, complete in all its appointments, which followed the program.

This social function of the Masons speaks of the growing popularity of the grand old lodge. The Masons were accompanied by their families, who endorse the lodge as a worthy organization.

BACK FROM THE EAST.

"Thinks We Will Get Statehood," Says O. N. Marron.

Hon. O. N. Marron returned from the east yesterday. Mr. Marron was a member of the statehood committee from Albuquerque that recently visited Washington, after which he visited New York relatives.

To The Citizen Mr. Marron said: "I think the committee from this city did effectual work in convincing the senate that Beveridge's reports were false. We proved that Beveridge's investigation committee made their trip through the southwest for the purpose of obtaining testimony against us."

"President Roosevelt is in favor of statehood for New Mexico, and I believe all the others of the committee believe that we will get statehood."

Mr. Marron spent a few days with his mother at Port Henry, N. Y., before he returned home.

ASSISTANT SECRETARY TREASURY

American Historical Association Convention Discuss Popular Subjects.

AMERICAN UNIVERSITY MEETING

Denver, Dec. 29.—Mrs. Minnie Richards, wife of John B. Richards, circus man, committed suicide by taking carbolic acid early this morning. The couple apparently lived happily together and the husband says that the wife acted on the spur of the moment. Before marriage Mrs. Richards was Miss Minnie H. Cook, of Hot Springs, Ark. The couple afterward lived in Carrollton, Deming, N. M., in Central America and in Richmond, Texas, where Richards has relatives now residing.

Assistant Secretary of Treasury.

New York, Dec. 29.—Robert Armstrong, private secretary to Secretary of the Treasury Shaw, will be appointed assistant secretary of the treasury on the re-assembling of congress, to succeed General Spaulding, whose resignation has been in the hands of Secretary Shaw for some time. History Discussed.

Philadelphia, Dec. 29.—At today's sessions of the American Historical Association's convention, held in McKean Hall of the University of Pennsylvania, medieval town history was discussed. Papers were presented by Prof. N. B. Trenchard, of the University of Missouri; Prof. Earle W. Dow, of the University of Michigan, and Prof. John M. Vincent, of Johns Hopkins university. The session this evening is to be held jointly with the American Economic association when "Currency Problems in the Orient" will be one of the interesting subjects discussed.

American University Meeting.

New York, Dec. 29.—Representatives of leading institutions of learning throughout the country affiliated with the Association of American universities gathered at Columbia university today for their fourth annual conference. Uniformity of university statistics and requirements for admission to professional schools are two of the important matters to be discussed at the meeting, which lasts three days.

LP TO THE LADY.

Midwinter Carnival at El Paso Will Not Stand for Expenses.

El Paso, Texas, Dec. 27. Hon. C. F. Myers, Mayor, Albuquerque, N. M.:

Dear Sir—Replying to your favor of December 17th, addressed to W. W. Turney relative to appointment of young lady to represent Albuquerque at the Midwinter Carnival to be held in El Paso January 12th to 17th. This and your former communication were referred to me some time since by Mr. Turney, but owing to my absence from El Paso neither communication has received attention.

The Carnival association cannot incur any expense in the way of transportation or any other manner on account of maids of honor. We are very anxious to have Albuquerque represented and hope that you will find some suitable young lady who will consider that the expenses incident to the trip are counterbalanced by the honor of her selection. Yours truly,

W. R. FAGAN, Chairman Committee of Arrangements.

Lodge Organized.

Simon Stern, the Railroad avenue clothier, returned this morning from Las Vegas, where he went Saturday night, and Sunday, assisted in the organization of a lodge of the Independent Order of B'nai Brith at the Meadow City.

The J. E. Rosenwald lodge, No. 445, was organized with thirty-five members. Attorneys Mueller and Anfänger, who are district deputies for the I. O. B. B., have returned to Denver. Those who went from here are expected home tonight. A brilliant banquet at

the Castaneda followed the installation of the new lodge.

LOCAL PARAGRAPHS.

Oscar Goebel, Jr., is up from Belen for a couple of days. He has been employed for the past few months with a surveying corps doing work on the Santa Fe cut off. He says that the corps with which he has been employed is to be disbanded. Oscar is missed from his former position behind the counters at the Golden Rule dry goods store.

Secretary P. F. McCanna, of the Commercial club, again received a communication from S. E. Edmunds, of Cincinnati, dealing with the prospective cultivation of tobacco in the Rio Grande valley. Mr. Edmunds is considered an expert tobacco grower and thinks that he has hit on a plan by which tobacco growing might be experimented with in the river valley at a very small expense to any one person, which, taken in the light he throws on the subject, if successful, would yield nice profits. The business men of the city will probably consider Mr. Edmunds' plan.

CONTEST CASES ENDED.

Conclusion of Testimony and Arguments in Socorro Cases.

DECISION OF COURT AWAITED.

The Socorro county election cases are ended in the district court as far as testimony and arguments are concerned says the Socorro Chieftain. The last bit of testimony was taken Friday morning, and the attorneys concluded their arguments Saturday. The court will take the case under advisement and it is thought that on or before January 1 the decision will be rendered.

As has already been stated in these columns there is a general feeling of satisfaction with the manner in which Judge McMillan has conducted the trial. No one seems disposed to complain of unfairness or partiality in his decisions. There is also a feeling of confidence that the decision will be in accordance with the law and evidence as the court interprets them. At any rate it is earnestly hoped that the decision will meet with a quiet acquiescence and no weight given to any reckless talk emanating from irresponsible persons.

The contest cases are remarkable in some respects. In the first place certain candidates defeated on the face of the returns by majorities of 300 in a total vote of 2,500 have undertaken to prove that they were beaten by means of a fraudulent ballot. In the next place, to do this they must cause to be thrown out 324 ballots cast in good faith. Finally, the cases have raised several questions without precedent to the application of the election law. These facts are of sufficient importance to make the history of the cases noteworthy in the legal annals of New Mexico and to attract to the trial of the case the scrutinizing attention of lawyers and courts far outside the bounds of this territory.

Secretary of the Treasury Visiting New York City.

AN EARTHQUAKE SHOCK IN ASIA

Madrid, Dec. 29.—The Spanish government is preparing for eventualities in Morocco and has ordered troops at Malaga, Cadiz and Algeiras to be held in readiness to promptly reinforce the garrisons at Ceuta and Melilla, Morocco, should the situation require it. A Spanish cruiser has been ordered to Tangier. According to dispatches received here from Tangier rebels have chased the troops of the sultan to the gates of Fez. It is reported that the Europeans are preparing to leave Fez.

Sultan Besieged.

Tangier, Dec. 29.—The sultan of Morocco is said to have retired to his palace at Fez with all his valuable artillery and ammunition and to have strongly barricaded himself in consequence of the threatened attack on the part of the rebels.

Advance of Wages.

VISITS NEW YORK.

Secretary Shaw Spending Holidays in New York City.

New York, Dec. 29.—Secretary of the Treasury Shaw, who is in New York today, visited the financial district, calling at the sub-treasury and custom house. The secretary was accompanied by his son and two daughters.

"My visit here has no public significance. I am combining pleasure with business. At present my plans include a journey to Philadelphia tomorrow. I do not expect to meet any New York bankers."

EARTHQUAKE IN ASIA.

City in Asia Devastated by Severe Earthquake Shock.

Ashkhabad, Russian Turkistan, Sunday, Dec. 28.—Another violent earthquake shock occurred at Andijan at 10 o'clock last night. Passenger service on the Andijan railroad, interrupted as the result of previous earthquakes, has been restored.

Thousands Killed.

St. Petersburg, Dec. 29.—Further advices from Andijan say that the earthquake victims number 4,800, of which 1,600 persons were killed in the town of Andijan and the rest in the adjacent country. About 1,000 square miles were affected. The center of disturbance was four miles south of Andijan, where there was a cleft in the ground whence sand, water and mud were issuing.

STILL UNCONSCIOUS.

Jose Molino at St. Joseph's Hospital in a Bad Condition.

Jose Molino, the young man who was found on the Santa Fe tracks at Laguna early last Saturday morning in a horribly bruised and unconscious condition, and who was brought here Saturday night and placed in the St. Joseph's hospital for treatment, lies on his cot at that institution still unconscious. His skull is fractured and until he arouses from his present stupor, it is impossible to say whether or not he will live. His mother, Felicitas Dominguez, who lives at 413 North Broadway, was seen this morning and said that her son was 19 years old and had gone to Gallup about a month ago to work in a barber shop. He had written that he had resigned his position at Gallup and would return to Albuquerque. As he had no money, and no person was missed on any of the trains which arrived here Friday night and Saturday morning, it is more than likely that he was stealing a ride and unfortunately fell under the train. His father is employed at the Cochiti saloon.

WHERE IS "DR." J. J. PHELAN?

The Ex-Albuquerquean Who Flourished in Denver Has Disappeared.

It appears that "Dr." J. J. Phelan, formerly of this city, but of recent years a resident of Denver, has disappeared from that city and his bondsman will be called upon to produce the distinguished gentleman for trial or pay up. The Denver Republican says:

"Ignatz Lederer, who signed the bond of John J. Phelan, has been notified to appear in the county court and state why the amount of the bond shall not be forfeited. It was for \$300 and was to secure the attendance of Phelan in court to answer a charge of practicing dentistry in this city without a certificate from the Colorado board of dental examiners. Phelan was arrested several months ago. He had an office in the Iron building. His hearing was to come up about the first of this month and upon his failure to appear the summons upon his surety was issued by the sheriff on December 18.

"About the same time Phelan was made defendant in a divorce case which was brought by his wife while she was in California. She charged him with extreme cruelty."

Arrested in Spain.

Paris, Dec. 29.—Members of the Humbert family who were recently arrested in Madrid, in connection with safe frauds in this city, arrived at the Orleans railroad station here at 7:40 o'clock this morning. There was no demonstration. The prisoners were conducted to the Conciergerie prison.

Mrs. F. A. Hubbell, residing on West Coal avenue, announces that during the winter months she will be at home to callers on Thursday afternoons.

RAILROAD PATIENTS.

They are Well Cared for in Comfortably Arranged Tents.

DR. CUTTER TO THE RESCUE.

A visit to the local Santa Fe Pacific hospital this morning found Dr. J. P. Cutter, chief surgeon, and his improvised tent hospital camp in good order and neat and cozy. None of the patients have as yet shown any disposition to be the worse for their experience during the burning of the hospital.

Besides the use of the reading room and laundry building, in which are confined the more serious cases, a couple of rows of tents have been established on the ground and brought into use.

The little camp is real military, the two rows of white tents fronting on a street running from the old laundry building to the kitchen. The street is sheltered by a row of large cottonwood trees that give it rather a picturesque appearance.

Dr. Cutter was chief surgeon of the United States army field hospital at the Presidio near San Francisco, and he met the needs in the event of the recent catastrophe and within a few hours of the burning of the hospital had the comfortable quarters arranged.

The tents are real cheerful, the white canvas letting the brightness of the sun come through almost unobstructed. Each tent is furnished with a small stove, a table and three cots. The inmates express themselves well pleased with their surroundings and are getting along nicely.

Dr. H. N. Morrison, who is chief surgeon of the Santa Fe Pacific system of hospitals, was here Sunday and visited the local hospital premises. He thought that Dr. Cutter had provided well for the patients. He expressed himself as recommending the rebuilding of the local hospital. He returned to Los Angeles last night and will attend a meeting of the Santa Fe Pacific hospital board, which will occur at that place about the first of the year, and until after that meeting it will not be known what will be done toward the rebuilding of the burned hospital. But there is every reason why it will be rebuilt. The company has the ground here and it is a lovely site the shops are here and they are the largest on the coast lines. If rebuilt, it will be either brick or stone.

EAGLES IN MEETING.

They Will Be Represented at the Big Meeting in New York.

The Eagles had a rousing meeting in Knights of Pythias hall last night. Five new members were initiated. A fine lunch was served. It has been decided by the Eagles that Albuquerque send a delegation to the meeting of the national aerial which meets in New York next September. The Eagles of the neighboring towns will be invited to join them and assist in securing a special car for the occasion.

Opera House at Atlanta, Georgia Destroyed by Fire.

FIRE AT BRADDOCK, PENNSYLVANIA

Delhi, India, Dec. 29.—Viceroy Lord Curzon made a state entry into the capital of the Moguls today. This constituted the official opening of the durbar held to celebrate the accession of King Edward as emperor of India. It was a splendid pageant, possibly unparalleled in magnificence. At the head of the elephant procession was Lord Curzon on the plate "grand tankar," twelve feet high, the largest elephant in India. The elephant was gorgeously decked. The duke of Connaught, representative of the king, and duchess followed, their elephants equally compassed. Then followed a long procession of nobles mounted on elephants. In the rear of the procession rode Lord Kitchener, commander-in-chief of India, surrounded by a brilliant staff and followed by heads of provinces.

Opera House Burned.

Atlanta, Ga., Dec. 29.—Fire broke out in the Star theater at 11:45, and that building, together with the contents, will be a total loss. The building is four stories high and located in the business portion of the city. The fire is not yet under control.

Fire at Braddock.

Pittsburg, Dec. 29.—Three buildings were burned to the ground and two homes and the postoffice were damaged at Braddock, Pa., by fire today. During the fire, Chief McMichael, of the fire department, and Policeman George Young were badly injured by the explosion of gas. The loss is \$55,000.

AT VILLAGE OF ISLETA.

The Art Club and Camera Fiends Attend Dances Yesterday.

The art club spent Sunday at Isleta, the guests of Pascual Abeytia and his father, Marcelino Abeytia, and witnessed the feasting and dancing. Sunday was the last day of the Christmas feast and dance. The camera and pencil was busy most of the day, although it was necessary to conceal the camera most of the time. One of the members of the club speaks the Isleta language very well and knows many of its best people. In this manner everything of interest was visited. There were many interesting sights to be seen yesterday in the usually quiet pueblo.

The dancing spirit predominated and a lively scene followed when any one of the Indians refused to dance. A squad of six painted bucks were sent after them, and when they were captured they were thrown into the cold water in the Rio Grande. The dancers were divided into two different parties, one painted with white and the other black paint. Each danced a half hour at a time in the spacious church yard. Then they were relieved by the other party. This was kept up until sundown. If a camera was brought to view near the dance trouble was sure to follow.

New Mexico demands Statehood from
the Fifty-Seventh Congress.

Last week was a record breaker for
frightful railway accidents.

In this day and age advertising is
the foundation of all successful busi-
ness.

The subjugation of the Indian has
cost \$445,000,000 and his education,
\$240,000,000.

There are twenty-one counties in
New Mexico, any one of which is lar-
ger than the state of Rhode Island.

At Las Vegas President Roosevelt
publicly pledged himself to help New
Mexico and Arizona get statehood.

New Mexico will help El Paso cele-
brate its midwinter carnival next
month. A large crowd will attend from
this city.

Cattle are reported as starving and
freezing by the thousands on the high
ranges in Colorado. It is stated that it
is not possible to get them out.

Nearly ninety thousand Boers are
preparing to "trek" to America, and
will settle in Colorado, New Mexico
and Texas, according to the Denver
Times.

During last year \$669,083,000 was in-
vested in oil stock companies. About
3,000 dry wells represented a loss of
nearly \$5,000,000. The unfinished wells
represented a still larger loss.

The New Mexico-Texas boundary
line will be resurveyed if a bill intro-
duced in congress to that effect be-
comes a law. The demand for the new
survey comes from stockmen on both
sides of the line.

Venezuela has had 104 wars in sev-
enty years. The number would un-
doubtedly have been larger if it had
not been for rain and darkness and
other circumstances that were beyond
human control.

The United States civil service com-
mission reports that for the year end-
ing June 30, 1902, there were 14,983
persons appointed from its registers.
There was 4,692 more than was ever
before appointed in a single year.

There are about 600,000 Smiths in
the United States. Add to these the
Smyths, Smythes, Schmidts, Smids and
the rest, and this number is increased
to at least 1,000,000, or one out of ev-
ery eighty of the total population.

Chairman McLeod of the Western
Passenger association, in a table re-
garding immigration for the year end-
ing June 30, 1902, shows where a total
of over 700,000 immigrants went, and
it appears that of this number the
state of New York got 203,824 and
Pennsylvania 139,000.

The United States has 200,000 miles
of railway upon which there are 548
employees for each 100 miles. The cost
of operating these roads with steam
power is \$502,000,000 a year; but to
carry on the same amount of work
with men and horses would cost the
country \$11,368,500,000.

The postmaster general will recom-
mend an extension of the international
postal card system. As the limit of
weight in the United States mails is
fixed by law at four pounds, he will
recommend that this be the limit in

all new international treaties. Ger-
many admits packages weighing eleven
pounds.

Not a single new state admitted
east of the Mississippi in addition to
the original thirteen had as large a
population by the census nearest to
the date of admission as New Mexico
had by the census of 1900. Indiana
was admitted in 1816. By the cen-
sus of 1810 it had only 24,000 inhab-
itants and by the census of 1820 only
147,178—nearly 50,000 less than New
Mexico had two years ago.

The national bankruptcy law would
not have been enacted had it not been
for the panic of 1893. There was an
irresistible pressure on congress to
give relief to the victims of that finan-
cial disaster. Some of them were un-
derstanding of relief, but the great ma-
jority were deserving. The persons
for whose benefit the law was chiefly
intended mostly took advantage of it
promptly. As a consequence there has
been a notable decline in the number
of petitions in bankruptcy the last two
years.

WIRELESS TELEGRAPHY.

Up to the year 1902 wireless tele-
graphy was in the experimental stage,
and no successful instruments had
been invented to transmit the elec-
trical fluid without the confining and
conducting wire. In the past year, how-
ever, Marconi has not only invented,
or rather perfected, a wireless tele-
graph instrument, but he has proven
by more than experiment that the dis-
covery is now an assured fact. Mes-
sages have been transmitted across
the Atlantic, and one experiment from
Land's End, in Cornwall, to Table Bay,
South Africa, fulfilled all the promises
of the genius Marconi.

The importance of this invention to
the world can not be over-estimated.
The great cost of sub-marine cables
will be evaded, and land systems of
wire and pole done away with, and in
their place will be built at intervals,
the huge receiving and transmitting
stations invented by Marconi.

NOW THAT CHRISTMAS IS OVER.

It is well that there is one season in
the year, however brief, in which con-
sideration for others should take first
place. But as there is one, at Christ-
mas, why should not the same spirit,
even in a modified degree, be scattered
throughout the year?

In the practical everyday world one
cannot look for a too altruistic spirit,
but the pleasure which so many enjoy
being due entirely to the consideration
which they give to others might be
projected through the length and
breadth of the year, in a less con-
centrated form perhaps, but with a result
which would have a vast influence up-
on the world and tend greatly to pro-
mote the happiness of all those who
live in it.

Most of us are inclined to put the
Christmas spirit off and on like a coat,
to be worn only for a day or for the
few closing days of the year. If some
of the same spirit were carried through-
out the year's end to year's end every-
body would be the better for it and
when the grand total of profits and
losses were summed up none would be
found the losers by it.

WILL BE REJECTED.

There is talk at Washington of merg-
ing New Mexico and Arizona into one
state. The idea is visionary and en-

How long will it take the man to fill
the sack if he does not stop the leak?
To attempt to nourish the body when the
stomach is diseased is like trying to
fill the sack with the hole in it. When
the stomach and other digestive and
nutritive organs are diseased, there is a
constant loss of nutrition.

Enough is eaten, but the body
loses flesh, plain proof that the food
eaten is largely wasted because it is not
digested and assimilated.
Dr. Pierce's Golden Medical
Discovery cures diseases of the
stomach and other organs of diges-
tion and nutrition. It stops the leaks
by which nutrition is lost, and en-
ables the building up of the body by the nutri-
tion derived from food. The gain in
weight proves the cure.

"Three years ago I was taken sick with what
the doctor called nervousness and indigestion,"
writes Mrs. Warren E. Parker, of Orange Street,
Nauvoo, Mo. "He gave me medicine for the
trouble, but I could not eat even a little toast
or oatmeal without suffering severely. In a few
months I began to have distressing pains right
in the pit of my stomach. I called the doctor
again and he said I had catarrh of stomach;
gave me medicine but it did not do any good.
I lost 25 pounds in three months. I then
commenced taking Dr. Pierce's medicine and soon
began to feel better. I have taken six bottles of
"Golden Medical Discovery," two of "Favorite
Prescription" and six vials of Dr. Pierce's Pe-
llets. I have gained ten pounds. Can eat every-
thing."
Dr. Pierce's Pleasant Pellets cure con-
stipation.

tirely impractical. The combined state
would be too large and expensively
unwieldy, and the people of each terri-
tory would reject the measure.

There is little in common between
the two territories. New Mexico was a
state of the Mexican republic before the
American conquest in 1846, and has
been an American territory for more
than a half century. The territory is
larger in area than a majority of the
states. Combined with Arizona it
would almost equal Texas in size. The
cost of a state government for so vast
a country would be enormous, and there
would be constant friction between the
two sections.

It is supposed that the scheme to
combine the two territories is on a
par to combine Oklahoma and the In-
dian Territory—simply to amend the
omnibus statehood bill and secure its
final defeat.

New Mexico and Arizona earnestly
desire statehood, and each territory is
every way qualified to become a mem-
ber of the American union, but the
people of each will bitterly oppose
any measure combining the two into
one state.

The area of the proposed combined
state would be about 800 miles long
by 400 wide.

People would have to travel hun-
dreds of miles to reach the borders of
the vast commonwealth.

The idea is too chimerical to deserve
serious thought from the senate of the
United States.

Brakeman H. C. Chapman has gone to Kansas for a short rest.

A. E. Walker, night clerk at the Alvarado, has gone to California for a month's vacation.

Harry Snyder, of the mechanical department of the local shops, has returned from a short trip to Topeka.

Engineer J. W. Lyons, of San Marcial, has been relieved of his severe attack of rheumatism by systematic treatment at the institute of Dr. McCrory.

W. D. Hitchcock returned to San Marcial from Raton to assume the duties of general foreman at the shops, pending the complete convalescence of his father.

Allie Lowe, hostler at the Santa Fe shops in El Paso, while working around a buzz saw the other day, got in too close contact with the instrument and came away minus one of his fingers.

Wells-Fargo Express company have notified their clerk at Las Vegas, Guy Gatchell, that they have raised his salary \$5 per month as a Christmas present, in lieu of the usual turkey and oysters.

Charles Wincheck, division master mechanic on the Mexican Central, with headquarters at the City of Mexico, who has been spending Christmas with his family on Stover avenue, left last night for Mexico.

Mike Deveraux, who will be remembered as a fireman out of Las Vegas some sixty days ago, was killed in the head-end collision on the Colorado Southern road, near Trinidad, Wednesday evening last.

Machinist James Tierney left last night for San Bernardino to resume work in the Santa Fe Pacific shops at that place. He has been spending Christmas with his parents, Mr. and Mrs. Martin Tierney.

W. H. Matson, Jr., and wife, who spent Christmas with his parents on the Highlands, have gone to their home at Fresno, Cal. Mr. Matson is traveling passenger agent for the Santa Fe coast lines.

Coie Lydon, for many years superintendent of the fifth division of the Denver & Rio Grande railroad and well known in New Mexico, is very ill in a Denver hospital and there seems to be no hope for his recovery.

Orders were last Friday sent to Torrance to commence track laying on the Santa Fe Central at that point as soon as the weather and condition of the ground will permit. It has been undecided as to whether the work would be done from this or the lower end of the road.

Mrs. M. R. Williams, wife of the superintendent of railroad bridges and buildings, has returned to Las Vegas, with her son, Frank, who was an inmate of the hospital at Albuquerque, suffering from typhoid fever. His condition now is very favorable, and a speedy recovery is expected.

W. E. Younker, formerly in the trainmaster's office at Las Vegas, and who has been away on a visit to Marcelline, Mo., for the past three weeks, returned and took the position as night ticket agent at the Las Vegas depot. Harry Haskell, who had held the position previously, takes a desk in the freight office there.

John A. Edson, the new manager of the Denver & Rio Grande railroad system, will assume office on January 1, 1903. He is a railroad man of long and varied experience. He was born February 14, 1854, at Sylvania, Ohio. He entered railway service in 1867 as an operator on the Lake Shore & Michigan Southern railroad. From 1872 to 1886 he was chief dispatcher and train dispatcher on the Union Pacific. Later he was employed by the Chicago, Milwaukee & St. Paul railroad. In 1887

he was made division superintendent of the Kansas City-Omaha division of the Missouri Pacific, after which he went with the St. Louis Southwestern railroad and then assumed the management of the Kansas City Southern, better known as the Port Arthur route. The road runs from Kansas City almost directly south to Port Arthur.

T. A. Grady, who has been manager of the Santa Fe's California tourist service for the last three years, will leave the company the first of the year. He has been appointed general traveling passenger agent of the Oceanic Steamship company, with headquarters at Sydney, Australia. His successor with the Santa Fe has not been appointed.

The Santa Fe has issued some expensive and handsome pictures of the Bright Angel of the Grand Canyon of Arizona. The picture is in colors and so arranged that the reflection from colored tinsel gives the proper light effects to the canyon. If you can induce W. J. Black to send you one they will make a handsome ornament for any library or den.

Walter Merrifield, formerly chief train dispatcher at Dodge City, has been appointed trainmaster with headquarters in that city. Mr. Merrifield succeeds R. D. Fowler, who has accepted a position in General Manager H. U. Mudge's office as transportation clerk. Mr. Fowler was off on leave of absence this summer and Mr. Merrifield performed the duties of the office as acting trainmaster.

The Optic says: Engineer T. C. Evans, on his return from Sedalia, Mo., where he went to pay the last sad rites of respect to his aged father, brought with him a cane which had long been an heirloom in the family. It was first presented to Mr. Evans' great grandfather by his father in 1832. T. C. Evans' grandfather fell heir to the cane in 1852, and his father, recently deceased, became its possessor in 1882, while it descended to T. C. Evans in 1902.

The Deming Herald says: A Santa Fe railroad bridge gang was in town and got gloriously drunk, apparently having considerable money among them. While one of them was exhibiting his roll in a saloon another of them, named Hagin, snatched it. Constable Oglesby snatched the snatcher and jailed him, securing the money, \$214. No one appeared against the snatcher, however, and he was released. Constable Oglesby still has the money.

The Baltimore & Ohio railroad officials in Baltimore made the announcement that the company will undertake the work of building a new railroad some 200 miles long that will shorten the distance between Baltimore and Pittsburgh by at least fifty miles and, in connection with cut offs to be built west of Pittsburgh, will bring Chicago eighty miles nearer Baltimore so far as travel by the Baltimore & Ohio is concerned. In the construction of the new line the old south Pennsylvania route will be utilized.

J. A. Edson, general manager of the Kansas City Southern railroad, has resigned and will succeed J. M. Herbert as manager of the Denver & Rio Grande, the Rio Grande Southern and Rio Grande Western roads of the Gould Rocky Mountain system. The change becomes effective January 1. The office which Mr. Edson held will be abolished and B. F. Dickson, now superintendent of maintenance and ways, will take up the duties of general manager in connection with a promotion to the title of general superintendent.

IT IS SETTLED.

G. R. Joughins Will Move to Los Angeles January 1.

The headquarters of G. R. Joughins, mechanical superintendent of the Santa Fe coast lines, which have been located in San Bernardino for several years past, will be transferred, along with that official and his clerical force to Los Angeles, on or about January 1, 1903.

Last Saturday Mr. Joughins returned from a week's stay in Los Angeles, where he has been discussing affairs with the mechanical officials of the system, and made the official statement that the offices were to be moved to the Angel city the first of the new year. As has been stated, the change is made that the office, which is in reality a part of the general headquarters, may be in immediate connection with the heads of the department.

WOODMAN LEAVES SANTA FE.

Rock Island Captures an Expert on California Advertising.

E. H. Woodman, chief clerk in the advertising department of the Santa Fe at Chicago, will leave that company January 1 to become chief clerk in the same department of the Rock Island road. W. H. Simpson, advertising agent of the Santa Fe, has not announced Mr. Woodman's successor.

Mr. Woodman is counted as one of the strongest advertising men in the employ of the road. He was with the Southern Pacific for many years and started their magazine called "Sunset." From San Francisco he removed to Chicago at the death of his wife, and it is supposed that the Rock Island expects to utilize his services especially in preparing California advertising matter.

CONDUCTOR ARTHALONEY.

His Injuries Resulted in His Death at Las Vegas Hospital.

After several weeks of stubborn clinging to life and suffering of untold pain, Steven A. Arthaloney, the Santa Fe conductor, whose head was mashed by a chain between two cars a few miles this side of Thornton the fore part of December, succumbed to injuries received at the Santa Fe hospital at Las Vegas last Friday. The grief stricken family, consisting of a wife and four children, were present when the end came.

Immediately after being injured Conductor Arthaloney was brought to the hospital in this city for the treatment of his wounds. His face was horribly crushed and at the time the physicians thought it barely possible for him to live. But the injured man rallied under the treatment received and hopes were entertained that he would recover. He finally became so improved that it was thought safe to move him to the Santa Fe hospital at Las Vegas, as he was a Santa Fe railway employee. Shortly after the change had been made, the roof of his mouth, which when injured was broken down and had been bandaged up, broke loose afresh and with it came a hemorrhage, which ultimately caused his death.

The body was taken to Raton for burial.

NOT FOR LOVE OR MONEY.

No Show to Buy Any More Engines This Year.

"Locomotives can not be had for favor or money just now," said President Loree, of the Baltimore & Ohio railroad in discussing the lack of hauling power. "For seven years the Baltimore & Ohio has been pouring money into improvements and increased facilities, and we have had more money to spend than we could possibly use. No man can get a locomotive until January, 1904, unless the orders are in, and money can not buy them. I happened to stumble over a chance to get space for the construction of seven engines in the Baldwin shops and paid \$7,000 premium for these spaces. The premium was paid to the Pittsburgh, Shawmut & Northern railroad, and the engines will be delivered in January. Then we have 100 engines to be delivered in January, February and March, and 100 more in the fall. As it is with engines so it is with cars, rails and terminal facilities."

President Loree gives figures to show that the Baltimore & Ohio is moving east as rapidly as possible, both east and west, and that no discrimination is being practiced, as charged in eastern quarters.

Report From the Reform School.

J. G. Gluck, superintendent, Pruntytown, Va., writes: "After trying all of the advertised cough medicines we have decided to use Foley's Honey and Tar exclusively in the West Virginia Reform school. I find it the most effective and absolutely harmless." Alvarado Pharmacy.

What Harriman Wants.

From New York to San Francisco in three days and a half is the task that E. H. Harriman has set forth to accomplish. He says it will be accomplished within three years. He declares that as fast as men and money can make the change the Union and Southern Pacific systems from Omaha to San Francisco will be in every respect equal to the best road from New York to Chicago. Millions are to be expended in straightening the road from Omaha westward, and the work of rebuilding the Southern Pacific from Ogden will follow. The Sierras are to be tunneled so that the grade will be no greater than the grades found on the lines east of Ogden.

ANOTHER CITY EDITOR

Bright's Disease and Diabetes Are Positively Curable.

Editor Engleke, editor and proprietor of the California Journal, the German paper of 43 Montgomery St., San Francisco, interviewed:

Q.—Will you help us convince the people that Bright's Disease and Diabetes are positively curable by resorting to your recovery?

A.—I've told it to a great many myself, and some of them profited by it and were cured.

Q.—How long ago was it?

A.—About six years ago. I was so ill with Bright's Disease that the doctors, being unable to help me, advised me as a last resort that I try some of the springs. Before going I heard of the Fulton Compound and took it and didn't have to go. I began to get better, and kept on with it till I was finally as well as ever.

Q.—Any symptoms of a return of it?

A.—None, although I don't permit a year to pass without taking some of it.

Q.—You say you told others?

A.—I told Charles F. Wacker of 131 Sixth St. about it on learning he had diabetes. He took it and is entirely well. I told a well-to-do German lady afflicted with Bright's Disease. She had been to Europe for treatment without result. She, too, took it and got well. I've told a great many. I know these compounds to be certain cures in Bright's Disease and Diabetes. It is so incredible that one has to be cured to be convinced, and it even then dawns on one slowly.

Medical works agree that Bright's Disease and Diabetes are incurable, but 75 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism after hot short resistance.) Price \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 430 Montgomery St., San Francisco, sole compounders. Free trials made for patients. Descriptive pamphlet mailed free.

LOCAL HAPPENINGS.

Dr. and Mrs. Oswald Parker and Mrs. Anna Reed, of Waltham, Mass., who enjoyed several days in the city, left yesterday for California.

The boys of the St. Elmo resort are telling a good story on a member of the local sporting fraternity, in which he had some unwritten experience with a recent arrival from Denver.

Mrs. H. W. Hendricks, sister of W. T. McCreight, accompanied by her little son, Hyda, left last night on the No. 8 passenger train for Ohio, being called back to Cincinnati in response to a telegraphic message that her husband, Dr. Hendricks, was dangerously ill. The lady had about completed her visit, but her trip home, under the present conditions, is not a pleasant journey.

A Cold Wave.

The forecast of sudden changes in the weather serves notice that a horse voice and a heavy cough may invade the sanctity of health in your home. Cautious people have a bottle of One Minute Cough Cure always at hand. E. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures coughs, colds, LaGrippe, bronchitis, pneumonia and all throat and lung troubles. One Minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs. J. H. O'Reilly & Co.—B. H. Briggs & Co.

Miss Hattie Kunz entertains. There was a very pleasant holiday party Saturday evening at the home of C. W. Kunz. It was Miss Hattie's birthday and she royally entertained a number of her friends. The evening was passed playing games and having a good time. The following were present: Misses Zeiger, Albright, Rose and Daisy Huntzinger, Bearup, Neher, Strong, Henry and Teller, and Messrs. Holman, Anderson, Strumquist, Glen Bearup, Pratt, Sturges, McClellan, Tom and John Hughes and Grover Strong.

A Million Voices.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for consumption and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1.00. Trial bottles free at all druggists.

Chess Club's Doings.

As a result of last week's games the players of the Albuquerque Chess club's championship tourney stands as follows: Mundelle, Pearce, Keyes, Metcalf, Shlanick, Wilkerson, Purdy, Mahaffey and Fox. The handicap prize tourney resulted as follows: W. H. Mundelle, first prize; F. O. Keyes, second prize, and the third prize lies between A. L. Mahaffey and George Purdy, who have not finished their games.

Saved at Grave's Brink.

"I know I would long ago have been in my grave," writes Mrs. S. H. Newsum, of Decatur, Ala. "If it had not been for Electric Bitters. For three years I suffered untold agony from the torments of indigestion, waterbrash, stomach and bowel dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For indigestion, loss of appetite, stomach, liver and kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50 cents at all druggists.

Dope Fiends in Police Court.

Frank N. Rogers, a dope fiend, and a woman claiming to be his wife, were before Judge Crawford on the charge of vagrancy. They both are addicted to the habit of hitting the dope, and are of the type who frequent the city police courts. They were informed by the court that this place was very unhealthy for them and that he would give them ten days to remind them what will be always waiting them should they hit the town again.

Harry Duckwell, aged 25 years, checked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, December 1, 1901. Ballard's Horehound Syrup would have saved him. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy B. Ruppe.

CARELESS SHOOTERS.

Mrs. Lenker, wife of Prof. Lenker, Had a Narrow Escape. Again, for the third time in three weeks, the small boy with the 22 caliber does damage. Although no personal damage was done in this third instance the call was so close that there was no fun in it for the person that came near stopping the leaden missile.

Mrs. L. A. Lenker, wife of Principal Lenker, of the Central city school, was standing at the south window of her home on West Coal avenue Saturday evening. She was startled by the ping of a bullet and the breaking of glass

above her head. On investigation it was found that a ball from a 22 rifle had shattered the window glass near her head and passed across the room, lodging in the opposite wall.

Two weeks ago last Saturday evening, an hour or so earlier in the day, Mrs. K. Fackner, a housekeeper on a work train standing near the Crystal ice works, was shot in the head by a 22 ball, which was the consequence of the careless shooting of a small boy.

It was Friday afternoon last that Lawrence Fielden was shot and almost fatally wounded while shooting at a mark with a number of other small boys.

Careless shooting with these small rifles is becoming a serious problem with the people of the city.

Mrs. J. A. Skinner, mother of Bert Skinner, who accidentally shot Lawrence Fielden last Friday afternoon, stated this morning that her son, Bert, has just only recently learned to shoot a gun, and was not out shooting the day that the woman was shot by a stray bullet two weeks ago.

Ballard's Horehound Syrup.

Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, rugged Shullsburg, Wisconsin, writes May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle, they come back for more. I can honestly recommend it; 25c, 50c and \$1.00 at Cosmopolitan Pharmacy—B. Ruppe.

Numerous Counterfeit Nickels.

Numerous spurious 5 cent pieces are about in the city. It has been discovered in the last few days that some smooth individual is stuffing the slot machines with them. They are of a very soft quality of lead and of such poor workmanship that they can be told at a glance, and were it not for the slot machines the graft would be an unprofitable one. It is more than likely that the first of the month will find the slot machines full of them.

SANTA FE.

From the New Mexican. Mrs. Alfred M. Bergere and daughter, Dolores, and Miss Doyle, who are now in southern California for Mrs. Bergere's health, will spend the next ten days at Long Beach.

Adjutant General and Mrs. W. H. Whitman are in Denver visiting their two daughters residing in that city and will not return to the capital until after the holidays.

A suit was filed in Santa Fe county by the Santa Fe Water and Light company against W. E. Dame, at present clerk of the court for the Second district at Albuquerque. The suit is for \$254 claimed to be due for the rent of a farm owned by the water company near this city.

Governor and Mrs. Otero and son, Miguel, left on Thursday for New York City, where they will remain until the 5th of January. Governor Otero will then go to Washington to aid in the passage of the omnibus statehood bill, and he and Mrs. Otero and son will return to New Mexico about the 14th of January.

Hon. Nestor Montoya, member of the house of representatives of the Thirty-fifth legislative assembly from Bernalillo county, and editor of La Bandera Americana, the well known Spanish publication at Albuquerque, came up from the south accompanied by his 8-year-old son. He is here to rent a house wherein he and his family will reside during the session of the assembly, he and his wife being natives of Santa Fe. It is universally conceded that Mr. Montoya will be elected speaker and it is believed that he will make a first class record in that position.

Had a Good Time.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says: "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by all druggists.

LAS VEGAS.

From the Optic. One of the Spies children is thought to be out of danger. Eldon Tuttle returned recently from his Buellah trip and reports snow, ice and mud on the roads in that direction.

The well for S. D. Hemler, on the Mora road, reached a depth of 292 feet, where an abundance of excellent water was obtained.

John Coddington, who has had charge of the Blake ranch for some time, has given up his plan of farming and returned to town to seek employment.

J. J. Herring, an attorney from Trinidad, Colo., filed a petition of involuntary bankruptcy against W. F. Ruffner, of Raton, at the instance of the creditors.

The Baptist people have invited Rev. F. C. Ward, of Centralia, Mo., to stop over and preach for them a Sunday or two on his way to California.

A letter from Charles Barker, a well remembered graduate of the New Mexico Normal University, tells of his welfare at Jasper, Colo. He is mining at that place, at an altitude approaching very nearly 10,000 feet. But even at so great an altitude the temperature has not fallen 20 below zero.

From the Record. Mrs. L. E. Trainer left for Raton,

called there by illness in the family of Mina Murphy.

Mrs. Joe Pullen and son left for Denver, to be absent about ten days on a visit to her mother.

The merchants claim to have done a splendid Christmas business. One meat market disposed of 2,300 pounds of turkey, geese and chickens.

The little Mexican child by the name of Martinez who was so badly burned a week ago was in town, and while here presented W. M. Lewis with a large portrait of her father in uniform.

A. Adler and Mrs. David Winteritz received the sad intelligence of the death of their sister, Mrs. Clarissa Kaufman, in Maryland. The lady left here only about three weeks ago, and her early death came as a shock to her brother and sister here.

The porter at the opera bar wanted to clear the soot out of the chimney, so he placed the powder in the stove, which did the work effectually. It not only cleaned out the chimney, but blew the soot lid off, the pipe down and deposited soot all over the building and bystanders. It is a rather uncertain recipe for cleaning chimneys.

An old man named Karl Webber presented himself at the residence of Father Pouget some time ago in search of something to eat. He was taken in, cared for and given a position as house keeper and cook. Last night he showed his gratitude by taking all the available funds he could lay his hands on and leaving for parts unknown.

Several young men loaded with Christmas cheer wandered into the Antlers saloon and started to buck the tiger, but ere the game had progressed very far a dispute arose, which ended in a real old-time Tipperary row. During the melee the young man who caused the row made his escape by a side door, leaving his companions to fight it out. One of the combatants landed against a glass door and demolished it, while a peacemaker, who attempted to settle the difficulty, received a jolt in the eye which dispensed with all his peacemaking proclivities in an abrupt manner, which was the extent of the damage done. The usual moral applies.

The basket ball players from the college who are in the city are: Miss Ruth Coleman, manager; Miss Flossie Foster, captain; Miss Happy Llewellyn, Miss Flora Evans, Miss Francis Ford, Miss Nellie Newton and Miss Sarah Myers.

J. S. McGregor also accompanied the party and Walter Goebel, a student of the institution, joined the party at Belmont.

Both teams are in excellent condition and a most friendly spirit exists between them, which gives indication of a clean game. It will be a close game as the teams have had considerable practice since they met at Mesilla Park.

Coughs, Colds, and Constipation.

To Get Rid of a Troublesome Corn.
First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

What's in a Name?
Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. J. I. O'Reilly & Co.—B. H. Briggs & Co.

Jim Dumps at Christmas formerly
Was cross and cranky as could be.
But see him now among the holly,
From eating "Force" grown spry and jolly.
You'll find, by looking hard at him,
That Santa Claus is "Sunny Jim."

Sweet, crisp flakes of wheat and malt.

A Wonderful Boon.
"Force" Food has been a wonderful boon to me,
and I have eaten almost three cases now. I want to
thank you very much for the benefit I have received
from it. I can't see how I could have got along with-

A NOVEL CONTRACT.
Sixty-Four Thousand Apple Trees Will
Be Set Out on Six Hundred and
Forty Acres of Land.

A novel contract has been made by
H. R. Morrow and K. F. Barnett of the
Barnett and Morrow Land, Irrigation
and Orchard company, of Chaves county.

They have 1,800 acres of land one
mile east of Hagerman and have con-
structed a dam across the Felix at a

cost of \$3,000. The dam is 120 feet
long, built of tiling and backs the wa-
ter a quarter of a mile. They have
contracted with James McNichol, of
Lost Springs, Kansas, for converting
the 640 acres of land now covered by
the water that is backed up into an ap-
ple orchard.

McNichol has taken charge of the
land and will furnish and plant the
trees. He estimates that 64,000 trees
will be required to cover the 640 acres.

He will set out a certain number of
trees each year and will care for the
land for five years from the date of
planting. On the expiration of that
time he will turn over the land to Bar-
nett and Morrow and will receive a
deed for one-half of it.

This year trees will be set out on
160 acres of land and trees that perish
after planting will be replaced. The
varieties used are the Missouri Pippin,
Ben Davis and Wine Sap.

COUGHS AND COLDS IN CHILDREN

Recommendation of a Well Known
Chicago Physician.

I use and prescribe Chamberlain's
Cough Remedy for almost all obstinate
constricted coughs, with direct results.
I prescribe it to children of all ages.
Am glad to recommend it to all in
need and seeking relief from colds
and coughs and bronchial affections.
It is non-narcotic and safe in the hands
of the most unprofessional. A univer-
sal panacea for all mankind.—Mrs.
Mary R. Melendy, M. D. Ph. D., Chi-
cago, Ill. This remedy is for sale by
all druggists.

Educational Report.

Col. J. Francisco Chaves, as superin-
tendent of public instruction, has is-
sued the eleventh annual report from
the superintendent's office. It shows
a good advancement in all the educa-
tional interests of the territory, and is
not only a pleasing commentary to be
spread abroad of New Mexico, says the
Carlsbad Argus, but is a testimonial to
the earnest labors exerted by Super-
intendent Chaves in promoting the
most important branch of territorial
growth. He has given full time and at-
tention to the duties devolving upon
him, and the result is now manifest.

CAUSE OF FALLING HAIR.

Dandruff, Which is a Germ Disease—
Kill the Germ.

Falling hair is caused by dandruff,
which is a germ disease. The germ in
burrowing in to the root of the hair,
where it destroys the vitality of the
hair, causing the hair to fall out, digs
up the cuticle in little scales, called
dandruff or scurf. You can't stop the
falling hair without curing the dandruff,
and you can't cure the dandruff
without killing the dandruff germ.
"Destroy the cause, you remove the
effect." Newbro's Herpicide is the only
hair preparation that kills the dandruff
germ. Herpicide is also a delightful
hair dressing. Send 10 cents for a
sample to The Herpicide Co., Dept.
"F," Detroit, Mich.

Library for Las Vegas.

Now that Mr. Carnegie has expres-
sed his entire satisfaction in regard to
the preliminary steps taken by the city
in the public library matter and is
ready to turn over his library gift of
\$10,000 as fast as building contracts
call for it, what is the next step to be
taken? It is the intention of those in
charge of the matter to try and solve
the problem of the support of the institu-
tion in some way so that the city will
not have to resort to increased taxa-
tion for the necessary funds, and they
are now working to that end. A sink-
ing fund must be provided for its sup-
port, but how, is what is puzzling the
committee just now.—Las Vegas Rec-
ord.

A Thousand Dollar's Worth of Good.
A. H. Thurnes, a well known coal
operator of Buffalo, O., writes: "I have
been afflicted with kidney and blad-
der trouble for years passing gravel or
stones with excruciating pain. I got
no relief from medicines until I began
taking Foley's Kidney Cure, then the
result was surprising. A few doses
started the brick dust like fine stones
and now I have no pain across my kid-
neys and feel like a new man. It has
done me a \$1000 worth of good." Alvar-
ado Pharmacy.

A GRAVEL DEAD.

Body Was Found in the Macho Canyon
Where He Had Been Frozen.
Word has been received of the death
of A. Gravel, who for twenty years
past has been well known in the Pecos
valley. His body was found last Sun-
day in the Macho canyon, about eight-
teen miles from Santa Fe. It was cov-
ered with snow and he had been froz-
en to death. The remains were taken
to the little settlement of Macho where
they were buried. Gravel has been a
miner since he has been in the Pecos
valley.

Foils a Deadly Attack.

"My wife was so ill that good phys-
icians were unable to help her," writes

was completely cured by Dr. King's

in stomach and liver troubles. Cure
constipation, sick headache. 25c at all
