## EARLY CHRISTMAS

Two Pioneers Tell Thrilling Stories.

HOW CITY OF DENVER WAS NAMED

D. T. Evans and Col. J. Morris Talk Interestingly.

MORRIS' MEDAL FOR BRAVERY

Christmas without the universal Christmas tree, the giving and receiving of beautiful presents, the elaborate family dinner and the public spirit of generosity and cheerfulness, would seem very unnatural, but should we go back to the Christmas of forty years ago, we would find all these enjoyments missing, and a most strenuous life confronting us.

It perhaps may be interesting to some to learn of the conditions of the west and how Christmas was celebrated in the year of 1858.

D. T. Evans, a pioneer who now resides in Albuquerque, tells of the first Christmas he spent in the west in a very interesting manner.

"In the fall of 1858 a party of four, myself included, crossed the Missouri river bound for Pike's Peak. We had not gone far when we came to the Sevenwirth on the Fort Laramie road, and got in company with several boys from Kansas. When we arrived at the Platte river we found a party of men, who joined our party, making it number thirty-four men. We marched up the Platte river to where Denver now stands. During our march we increased the number of the party to 750 men, two women and six children.

"We were divided into three camps—one called Aurora, now called Denver, another three miles up the river called Idaho, and the other four miles farther up, known as Placerville. Aurora was situated between the Platte and Cherry Creek rivers. This camp had 350 people and could boast of having one woman and all the children, the family of Richard Wooten, Sr. The other woman was in the Idaho camp. The boys used to dress up on Sunday and go to the two camps to get a glimpse of these two members of the fair sex, and we would pay them as much respect as if they were queens.

"Just previous to the Christmas of this winter, we held an election in our tents and cabins for the purpose of electing two delegates to congress. A man by the name of Bennett was elected to represent us in congress and a man named Graham was elected to represent us at the legislature at Topeka. We paid their way there and back. When our case was presented at Washington and it was explained to them that we had marked out a territory at the western end of Kansas, where Colorado is now located and that we had called it Jefferson, they wanted to know how many families there were. Being told there were but two real families, they said we were only a band of prospectors and that we were rather premature.

"It was at this time, almost Christmas, that the first house was built on the higher ground, where the city hall stood before it was burned down two years ago. We made up our minds to build a new town. As Camp Aurora was in danger of being flooded in case of high water, some wanted to call this new town Fremont, others wanted to call it Kit Carson, and different names were suggested when I said, 'Why not call it Denver, after the governor of Kansas at that time.' It was agreed to put it to vote, and the result was that the town was called Denver and has retained that name to this day.

"On Christmas day the boys in our camp wanted a change from the accustomed fare of meat, which we had in a great variety, but no vegetables or other desirable food. It was discovered that some of the boys in the camp had some New Orleans molasses. After considerable talk we prevailed upon them to let us have a half gallon, for which we paid the small sum of \$8. So we started in on our Christmas feast of elk, deer, antelope, mountain sheep and turkey, touched off with pancakes and molasses. But we fared better than we anticipated, for an ox train of some twenty or thirty oxen arrived from Taos, with a load of onions and flour. This timely load of supplies completed the Christmas feast. We had to pay enormous prices for the supplies. Flour was worth \$25 per 100 pounds, sugar \$1 per pound and coffee the same.

"We had very little reading matter that winter. I think we received three different papers and only twelve copies of them. We made a contract with a

man to carry our mail from Fort Laramie, paying him eighty cents a letter each way.

"We did not have the brilliant effect of the modern Christmas, but we enjoyed them because of the fascinating uncertainty connected with them."

Col. J. L. Morris' Tale.

Another story of a more exciting nature, dealing with the early days of fighting and strenuous life of the plainsman, and a noted act of bravery was obtained from Col. J. L. Morris.

The colonel was chief of scouts from 1879 until 1880, and now wears a medal of honor presented him by the congress of United States for a brave deed. Previous to his serving as a scout he was a soldier during the civil war.

"Just about Christmas time in the year of 1870," said the colonel, "the soldiers at Fort Selden, N. M., were accused of stealing squaws. This caused Chief Juanika of the Apaches to go on the warpath. He had with him at the start ten warriors, and twenty more joined the party, making

a band of thirty Indians after blood. They were causing considerable trouble and excitement.

"With thirteen men I was sent out to bring the warriors to time. We followed them for five days and nights, swimming the Rio Grande three times and finally came face to face with the enemy in Canyada Alamosa. Then came the tug of war. I knew I had to save my men and the chief had men to spare. It was a battle of giants; the Apache chief weighed 225 pounds and was six feet and two inches tall. I was not small myself, for I weighed 215 pounds and was six feet and three inches tall. It was a case of whoever killed the first won the fight. The chief got the first shot, hitting me in the neck, tumbling me over and bringing a warwhoop out of him. The chief rushed to scalp me, but there was one shot left in my pistol. When at very close range I fired at the infuriated chief, but the shot did not stop him. It stunned him so that I was able to get at him and beat his brains out with the butt of my pistol. I then had a chance to take his scalp, which I did. This

event furnished the most exciting Christmas I ever spent in the southwest, especially in New Mexico."

The scalp of the Apache chief, taken by Colonel Morris, is on exhibition in the Smithsonian Institute with the bow and arrow used in this battle by the chief.

Five years after this when the records were being looked over, congress of the United States came to the conclusion that among the brave deeds during the year of 1870, this thrilling and successful experience of Colonel Morris stood out most conspicuous, and he was presented with a medal of honor. Out of the thirteen men brought into battle three were killed and ten wounded, but the Indians all went to their happy hunting grounds, for they all lay on the field of battle, when the day's work was done.

Colonel Morris is still with us, an honored and respected citizen. The young folks like to gather around the colonel and hear the tales of the old times. He is now postmaster at Thornton, N. M., but has been in Albuquerque for the past six weeks. He was

confined to his bed with pneumonia, but the old warrior pulled through another narrow escape from being a dead man and is again on the streets. The colonel says he can still feel the hug of the chief's arms around his neck, as he was dying.

W. R. C. Ball.

Of all the entertainments and attractions of the week the masquerade ball to be given at Colombe hall Friday night by the ladies of the Woman's Relief Corps, is likely to be the jolliest and most entertaining. The corps ladies are making big preparations and it will equal, if not surpass, the ball given by them last year. The costumes worn by the maskers will be funny and good to see. They always are.

Footballists at Santa Fe.

The Albuquerque Indian football team left last night for Santa Fe, where they will engage in a pie skin contest with the Santa Fe Indian team on the gridiron this afternoon. The Indians are in excellent condition for a hard fight. These two

teams are the best in the territory and evenly matched, and there will undoubtedly be a game of intense interest. The line up of the Albuquerque Indian school is as follows: Captain and full back, Johnson; right half, Vigil; left half, Roybal; quarter, Pecogucoma; center, Laws; right guard, Brown; left guard, Colter; right tackle, Gato; left tackle, Sombrero; right end, Lobato; left end, Framona; substitutes, Flores, Sandoval and Perry.

The team was accompanied by Mr. Travis, of the Indian school, who will be one of the officials of the game. They will return tonight.

The E. L. Washburn cigar is the latest thing out in the smoking line. They were made by Kirster Bros., and are especially for Mr. Washburn, who is passing them out as Christmas smokes on him.

Rev. and Mrs. R. M. Craig have as their guest during the holidays their daughter, Miss Minnie Craig, who is here from Lincoln, where she is a public school teacher.

## CATTLE DYING

Thousands of Cattle Dying in State of Colorado.

MACKAY REMEMBERS EMPLOYES

Sharkey Challenges Jeffries for Any Sort of a Fight.

RAILROAD WRECK IN ILLINOIS

Denver, Colo., Dec. 25.—Thousands of cattle are reported perishing on the ranges of Rout and Rio Blanco counties, where there is no feed or water. It is impossible, the owners say, to take feed to them or drive them to suitable quarters.

Postal Employees Remembered.

New York, Dec. 25.—It has been reported that John W. Mackay left in his will provision that the older employees of the Postal company were to receive a gift January 1, 1903, proportioned to their term of service of ten years or longer. Though this report could not be verified it was learned positively from Clarence Mackay that he and a committee of old friends and employees of his father were contemplating a New Year's present for employees of the Postal that was of some importance.

Sharkey Wants to Fight.

New York, Dec. 25.—As a sequel to the recent defeat of Champion Jeffries by "Jack" Munroe at Butte, Mont., Tom Sharkey has issued a challenge to Jeffries or Munroe for any sort of a bout for a side bet of \$1,000 to \$5,000.

Railroad Accident.

Bloomington, Ill., Dec. 25.—The projection of a heavy freight engine onto the main track of the Chicago & Alton in Atlanta last night resulted in the wreck of the south bound passenger train from Chicago. The express car, baggage and smoker were telescoped and overturned, while the engine plunged into an embankment. Two hundred passengers were badly shaken up and bruised.

Blanton Duncan's Will.

Los Angeles, Cal., Dec. 25.—Superior Judge Shaw handed down an opinion declaring that the will of the late Col. Blanton Duncan was invalid and awarding the estate to Mrs. Katherine Lewis, daughter of Colonel Duncan. Mrs. Lewis sued for reversal of the will on the ground that her father was not mentally competent.

Death of a Veteran.

New York, Dec. 25.—Col. Henry Clay Lockwood is dead in Bellevue hospital after a short illness. He is 63 years old. Lockwood enlisted in 1862 in the Union army, and was breveted major general for gallantry at the storming of Fort Fisher, in 1865.

Wages Increased.

Pittsburg, Pa., Dec. 25.—Employees of the Buffalo, Rochester & Pittsburg railroad have been granted 7 per cent increase of wages, effective December 1. The company employs about 12,000 men.

Made a Rough House.

Bisbee, Ariz., Dec. 25.—A fight in a disorderly house at Cananea, Mexico, caused a fire which resulted in a loss of \$50,000. During the fight the lamp was knocked over.

BACK TO WALLA WALLA.

The Crook, Harry Munroe, Taken Back to Washington Penitentiary.

Harry Munroe, the escaped Walla Walla penitentiary convict and supposed accomplice in the S. Vann & Son safe robbery, which occurred some time ago on a donkey a few days before the capture of Munroe, who has a wide reputation as a croaker, in this city by City Marshal McMillin, has gone to Walla Walla, and with him the last slender thread which might possibly lead to the capture of the S. Vann & Son safe robbers and the recovery of goods stolen.

W. E. Carson, assistant superintendent of the Washington state penitentiary at Walla Walla, arrived last night and left today on the delayed passenger No. 2, taking the crook, Munroe, with him. The first attempt to get Munroe from the Albuquerque officials by outside parties was unsuccessful. Chief McMillin holding on to him with the hopes of securing the much wanted evidence about the Vann robbery. This has not materialized, and Munroe is gone.

Mrs. E. S. Clark, wife of the popular district attorney of Prescott, Ariz., is visiting her sister, Mrs. P. G. Cornish.

"For He's a Jolly Good Fellow."

Among all the jolly good fellows  
Who travel the wide world around,  
No fellow so good and so jolly  
As Santa Claus ever was found;  
Each Christmas he comes around promptly  
With goodies and gifts loaded down,  
His rosy old face always smiling  
And never defaced by a frown.

Yes, Santa's a jolly good fellow—  
At least so the little folk think,  
And were you to question the elders  
They'd surely agree with a wink;  
The merry old saint is so elfin  
With love and a hearty good will,  
Each Christmas to him it's a pleasure  
His little friends' stockings to fill.

How nice it would be if Old Santa  
Could travel about through the day,  
And give folks a chance to behold him  
A-sailing around in his sleigh;  
I'm sure they would greet him so warmly  
And keep him so long by the way  
He'd scarcely find time all his visits  
Among people's chimneys to pay.

But, then, that would spoil all the pleasure  
Of hanging up stockings at night  
And finding them full Christmas morning  
Before it's fairly daylight;  
I think, on the whole, it is better  
That Santa Claus keeps himself dark,  
Because, if he didn't, the children  
Might not think him up to the mark.

deal more of Santa Claus than they  
do, if he would get out of the habit of  
distributing drums and horns.The Post is the only Washington  
daily newspaper favoring statehood  
for the territories. It is one of the  
best papers in the national capital.The Tucson Citizen says that after  
reading Beveridge's report on Arizona,  
it is easy for us to imagine how much  
the windy hoosier knows about the  
Philippines and other things he has  
written about.Colorado has ever had a large Mexi-  
can population exactly on the level  
with those of New Mexico; but, says  
the El Paso News, perhaps when Col-  
orado became a state there was no  
objector of the level of Senator Be-  
veridge.The postoffice department has pre-  
pared a set of statistics which amount  
to an indictment against every fourth  
person in the country for misdirecting  
mail. The department handled 19-  
954,427 pieces of mail last year, which  
were wrongfully or imperfectly ad-  
dressed. Nearly 10,000,000 of these  
were either forwarded with correct-  
ed addresses or returned to the send-  
er.It seems probable that the new de-  
partment recommended by the presi-  
dent in his annual message—the de-  
partment of commerce—may be cre-  
ated at this session of congress. The  
house committee on interstate com-  
merce has voted to report favorably  
the bill providing for such a depart-  
ment, and at the rate at which the  
house has been doing business this  
session already, the bill may soon be  
passed.By order of congress Washington  
City is to have a \$4,000,000 union de-  
pot, and we are all going to help pay  
for it, as the money is to come out  
of the national treasury. Half of the  
sum is to go to two railway companies  
to compensate them for the expense  
of reaching the depot, one of them  
having to tunnel. Part of the money  
will go to provide a plaza park, which  
is now a desirable accompaniment of  
a public depot.

## NEW MEXICO VOLCANO.

The Pueblo Chieftain says that a  
New Mexico volcano is now placed  
on the list of scenic attractions of the  
Colorado Southern railroad, Passen-  
ger Agent Fisher having been making  
it a visit and secured a number of  
photographic views. The volcano issix miles from Folsom station, and  
its name is Mount Capulin. It is a  
high cone with no foothills, is com-  
posed of lava and light ashes and  
rises to a height of 8,500 feet. The  
crater is a hole a quarter of a mile  
in diameter and a thousand feet  
deep. This volcano is a dead one, or  
at least it has not been active since  
about 1812, but there is another vol-  
cano fifteen miles further east known  
as Sierra Grande, 11,000 feet high,  
which is a pretty warm proposition.  
Faint rumblings are to be heard, and  
snow that falls soon melts. Should  
either of these volcanoes spout fire  
again the flames would be visible  
through a large part of Colorado and  
Texas.

## PURE FOOD LAW.

Congress has struggled with so called  
pure food bills for so many ses-  
sions that the recent action of the  
house in passing such a measure may  
be considered as a notable victory,  
even if there are several steps yet to  
be taken before final enactment. Os-  
tensibly this proposed legislation has  
the appearance of being the response  
to a demand of the people that their  
well being shall not be jeopardized by  
the sale and consumption of unadul-  
terated food products, but in reality it  
is an attempt to purge commerce of  
disreputable practices. It is therefore  
one of the most important bills which  
have been presented to congress, for  
its enforcement will accomplish the  
double purpose of protecting the stom-  
achs of the people from harm and im-  
proving their moral character, if such  
a thing is possible by law.

## FIRST WHITE HOUSE CHRISTMAS

The first dinner at Christmas time  
given in the White House was that  
which took place in the year 1800,  
when John Adams was president and  
thrifty Abigail, his wife, sat at the  
head of the table as hostess. It was  
not a comfortable meal, although a  
splendid haunch of venison, the gift  
of Mrs. Washington, graced the  
board, and the country people of what  
Mrs. Adams called "the city of the  
wilderness," had generously contrib-  
uted gifts of all sorts to make the  
feast as toothsome as might be. The  
discomfort lay in the fact that the  
occupants of the White House found  
reflected in their residence evidence  
of the same haste that characterized  
the new government.The reception after dinner took  
place in the oval room, which at that  
time was barely habitable. The sur-  
roundings of the executive mansion  
were about as desolate as could be  
imagined. On all sides was a deep  
morass covered with alder bushes.  
The sidewalks were laid with chips  
from the stones with which the cap-  
itol was built. A wooden bridge span-  
ned Black Timber creek, and low,  
two story houses, also built of wood,  
were the residences of the congress-  
men.

## A Nervous Woman

Will often feel compelled to stop the  
clock whose ticking seems unbearable to  
her. In such a nervous condition the  
woman needs a building up of the entire  
system. It is useless to attempt the cure  
of the nerves while the cause of the nerv-  
ousness remains un-  
cured. A very  
common cause  
of nervousness  
in women is a  
diseased condi-  
tion of the delicate  
womanly organism.Dr. Pierce's Favorite  
Prescription cures  
womanly diseases  
and the nervousness  
which they cause. It changes  
irregularity to regular-  
ity, dries the drains  
which weaken women,  
heals inflammation and ulceration  
and cures female weakness. It is a perfect  
tonic and purifier, tranquilizing the  
nerves, promoting the appetite and in-  
ducing refreshing sleep.  
"When I first wrote you I had been to three  
different doctors and two of them said I would  
never get better without going to the hospital  
for an operation," writes Mrs. Selma Erickson,  
of 400 Rice Street, St. Paul, Minn. "Was not  
able to do anything. If I would get up and walk  
to the kitchen and back I would have to lie in  
bed for a day or sometimes two days. Now I  
have used six bottles of Dr. Pierce's Favorite Pre-  
scription and six of the Golden Medical Discovery,  
and the result is just wonderful. I was so  
nervous I had to have some one by my side all  
the time even in day time, and I could hardly  
eat anything. I took treatment from a doctor  
twice a week, and every time I would go there I  
felt so sick, but since I quit all the doctors and  
began taking your medicines I gained right  
along. I weighed 125 pounds, when I began  
taking your medicines (in August) and now  
I am up to my usual weight 165. I am as well  
and feel as good as ever."Faint, Dr. Pierce's Common Sense

blocked out and the ore gives better  
results than ever.The Elkhart mill is being repaired  
and will soon be in running order. It  
was concluded to repair and remodel  
the old mill and not remove it to a new  
site for the present on account of the  
big expense attached. The mine is  
looking fine and it is said that there is  
now more than \$100,000 in sight.Superintendent McNulty has several  
men at work doing the assessment  
work on a number of turquoise claims,  
near Mineral Park. The turquoise  
mines of that section have been big  
producers of excellent quality of stone  
during the past three years.There are two hundred and seventy  
men at the Gold Road boarding house,  
forty at the Snowball and thirty-five  
at the Leland. Besides the men at  
the boarding houses there are several  
hundred who board themselves. This  
shows the large number of men who  
are getting into the Gold Road coun-  
try. Every wagon that goes in there  
now take in from one to a half dozen  
men. There is not an idle man in the  
camp.It is rumored in Kingman that  
James Dundon has given an option for  
the sale of his mining claim in Union  
Basin to a mining company and that  
he is to receive full payment inside of  
eight days. The claim was formerly  
known as the Nightingale and pro-  
duced rich gold ore from the surface  
ores. The price is stated to be \$25,000.  
If this is true we are more than pleased  
to note the fact.A large force of men are at work on  
the Queen Bee mine, at Mineral Park,  
under the superintendency of Jacob  
Detar. Hank Lefler is foreman in  
charge of the mine. The company has  
just ordered a new hoisting plant and  
as soon as it is installed sinking below  
the 200 will be commenced. At pre-  
sent drifts are being run off south from  
the 180 level and north from the 125  
level. The chute has not yet been cut  
on the south, but it will be reached in  
a week or ten days.Quite a number of carloads of lum-  
ber for the Gold Road country have  
been unloaded at this station and is  
awaiting transportation to the mines,  
but owing to the lack of teams it will  
be some time before it is forwarded.  
The growing business of the camp has  
made it impossible to obtain teams of  
sufficient capacity to haul all the  
freight offered but new teams are com-  
ing in daily and it will be but a few  
weeks until the roads between King-  
man and the outlying camps are lined  
with big freighters.—Kingman Miner.

## WHITE OAKS.

From the Eagle.  
White Oaks needs a shoemaker. Thin soles are not desirable in winter, and the editor is not the only man walking on his uppers.

John W. Owens' bond has been fixed by Judge McMillan. The bond as sheriff is \$5,000 and the bond as collector of saloon and gambling license \$5,000.

Robert Taylor came in from Corona a very sick man. He went over to Corona to put up a water tank and worked out in the storm part of one day. Besides a heavy cold he is threatened with appendicitis. Dr. Padden was called Monday morning and his patient is resting as well as could be expected at the present state of his illness.

W. A. Hyde, the Three Rivers sheepman, has one of the finest graded flocks on the ranges of Lincoln county. He has ewes that shear an average of twelve pounds each and about seventy very fine registered bucks. His ranch is located about thirty miles out from White Oaks. It is his intention to raise registered stock for the market, and will offer the first lot for sale about October, 1903.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acker's Blood Purifier, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50 cents and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

## HILLSBORO.

From the Advocate.  
Senora Gregoria Gutierrez y Bargas, wife of Jose Antonio Bargas, died at the age of 52 years.

Alfred Sheppard has moved his family in from Cave Creek and is occupying rooms in the Meade building.

The creek below town was frozen over last Monday morning, and the boys had great sport sliding on the ice. Sunday night was the coldest so far this winter.

John D. Mooney, of Denver, special agent and adjuster for the Ocean Accident and Guarantee corporation (limited), of London, was here this week. The loss of the bank from the robbery was adjusted and approved.

The masquerade ball to be given on Christmas eve, under the auspices of the Hillsboro Sporting club, promises to be the event of the season. A general hot time may be anticipated. The best music procurable will be had.

There is no little complaint on the part of the cattlemen because of scarcity of stock cars. They have to hold their herds at the railroad stations some times for weeks, thereby entailing great loss from the cattle falling off in weight. Many of them have turned their cattle back onto the range, preferring to forfeit their contracts than to starve their cattle.

Sick headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25c and 50c. Write to W. H. Hooker & Co., Buffalo, N. Y., for free sample. J. H. O'Reilly & Co. and B. H. Briggs & Co.

## CERRILLOS.

From the Register.  
Judge Neils has been on the sick list this week.

Mrs. M. A. Bush, who has been a resident of Cerrillos for some time, has moved to Santa Fe.

Ed. Bennett is quite busy these days doing assessment work on his mining claims north of town.

Henry Welch lately employed at the smelter here, has taken up mining work under John Reynolds.

Rashed Koury fell from his wagon and severely injured his right leg, so that he will not be able to work for a few days.

Dr. C. O. Harrison returned from an extended business trip to Watrous and other points north and east.

H. C. Yontz returned the first of the week from Gallup, where he had been a few days assisting his brother, R. E. Yontz, who has located at that point.

O. L. Merrill, who came in from the south, reported a heavy fall of snow on the plains which will insure abundant water to start the grass in the spring.

When you feel bilious.

They will improve your appetite, cleanse and invigorate your stomach and regulate your liver and bowels. For sale by all druggists.

H. F. McIntyre, St. Paul, Minn., who has been troubled with a disordered stomach, says: "Chamberlain's Stomach and Liver Tablets do me more good than anything I have ever taken." For sale by all druggists.

## ALAMOGORDO.

From the News.  
Capt. V. E. Stottler, who for a number of years was agent at the Mesalero agency in this county, returned to Alamogordo this week after an absence of four and a half years. The captain was surprised at the change in the situation during his absence and will probably make his future home in this section of New Mexico.

While most of us were at lunch fire broke out in the Teed confectionery place. It originated from the stove. As the fire had just been overhauled it is believed that the workmen left the

woodwork touching it and so fire caught. Quick action saved what might have been a very destructive fire, as Teed's place is in the heart of damage done was the burning away of part of the roof. Probably \$25 will cover the loss.

Manager S. S. Hopper, of the lumber company informs the News that on the 16th instant he closed one of the largest deals yet made by his mills. He sold to George M. Forbes, of Colorado, two and a half million feet of yard stock with the privilege of increasing the order to five million feet. Mr. Hopper tells us that his company is receiving some very large orders from different sections of the country, especially from Texas, and that business is continually coming in filling orders. For the last month, however, the railroad has not delivered logs at the mills as promptly as the lumber company would like, and what they want now are logs in order that these big orders may be filled promptly. Mr. Hopper thinks that the trouble with the railroad will be overcome shortly and this will enable his mills to do a bigger business from time to time.

## The Pride of Heroes.

Many soldiers in the last war wrote to say that for scratches, bruises, cuts, wounds, corns, sore feet and stiff joints, Bucklen's Arnica Salve is the best in the world. Same for burns, scalds, boils, ulcers, skin eruptions and piles. It cures or no pay. Only 25c at all druggists.

## SAN MARCIAL.

From the Bee.  
Mr. and Mrs. Howard Sweet will spend the holiday season in Topeka.

J. D. Chandler was in Socorro attending to some business in the probate court.

Messrs. McKinney and Woods, two prospective mining magnates of Rosedale, spent part of the week in town.

Frank Anderson, accompanied by his wife and child, arrived here a few days since. He has sold his farm in Oklahoma for a satisfactory sum and will invest in land near San Marcial.

As usual, the children of Christ church Sunday school will celebrate Christmas by having a tree in the church on Christmas eve. There will be music and recitations. Everyone is invited to put their gifts on the tree and to join in making the occasion a joyous one.

The name of Miss Angelica Jofola has been sent to Delegate Rodey in connection with the vacancy in the Clyde postoffice. Angelica is a very nice name, but it will soon be battered out of shape by the average run of delivery window patrons of a postoffice.

J. N. Broyles has secured a judgment for several hundred dollars against school district No. 13 for unpaid warrants dating back several years. Mr. Broyles should have had this money long ago. Probably the district will be forced to raise the amount by a special levy.

## Falls a Deadly Attack.

"My wife was so ill that good physicians were unable to help her," writes M. M. Austin, of Winchester, Ind., "but was completely cured by Dr. King's New Life Pills." They work wonders in stomach and liver troubles. Cure constipation, sick headache. 25c at all druggists.

## SOCORRO.

From the Chieftain.  
Miss Ora Russell has gone to her home in Magdalena for the holiday vacation.

John Blinn has gone over to Hillsboro and the Black Range district for the holidays.

Frank Siskies left Socorro for Mexico. He expected to be gone some time.

Dr. C. G. Duncan has been sick but is now recovering quite rapidly.

W. A. Cozine was a visitor in town from Water Canyon. He reported considerable snow in the Magdalena.

The postoffice at Cienega, this coun-

ty, will be discontinued after December 31. Mail for the office will go to Salt Lake.

E. A. Clemens made a brief visit in Socorro from his stock ranch west of Magdalena.

Ed. Dodd was summoned from Albuquerque as a witness for the defense in the preliminary examination of Felipe Baca.

Miss Anne W. Fitch left for Juarez, Mexico, where she will spend the holiday vacation with her sister, Mrs. Paul J. Terry, and family.

Mrs. Charlotta Cortez returned from a business visit in Douglas, Ariz. Mrs. Cortez expects soon to leave for Mexico for a prolonged stay.

F. Fischer was a welcome visitor in town a day or two this week. Mr. Fischer is now doing a hustling and successful business for the Continental Oil company.

Misses Cecil and Lolita Alexander, daughters of Attorney S. Alexander, are expected home from Las Cruces to spend the holidays.

It is reported that Miss Irene Tiffany was recently married at her home in Albuquerque. If this report is true the bride will have the heartiest of good wishes of her many Socorro friends.

The poles for the telephone exchange have been erected on the principal streets of the city this week. Everybody will be glad to be able to "Hello!" to his neighbor.

There came very near being a fire at the Windsor hotel Wednesday morning. Some clothing was left lying against a stovepipe and the usual result followed. Landlord Yunker appeared upon the scene in time, however, to prevent a conflagration.

## CHRISTMAS DOINGS.

Observance of Christmastide at the Various Churches Last Night.

## EVERYBODY SEEMINGLY HAPPY.

Last night was Christmas eve, and the various churches and organizations of the city held appropriate Christmas exercises. Today is the "day of all days," and the weather is perfect. In a quiet way everybody is enjoying themselves.

Church of Immaculate Conception. One of the finest musical programs ever heard in the city was rendered during Christmas mass services at the Immaculate Conception church last night. The large edifice was well filled with people early in the evening and they were well entertained until after midnight. Father M. Mandalari presided. The choir was made up as follows:

Mrs. T. J. Shillick, soprano; Miss A. Armijo, contralto; E. A. Hunt, tenor; C. E. Burg, basso.

Miss Nellie Taylor presided at the organ and Prof. Di Mauro assisted with his peerless violin.

The musical program follows:

Prelude.....Rosini  
Violin obligato with organ accompaniment.

Christmas Anthem—"We Have Seen His Star".....Clare Keyrie Elison.....Hayden's 16th Mass Gloria in Excelsis.....George's 8th Mass Credo.....Mercadente's Third Mass in G. minor.

Offertory—Adeste Fideles.....Novello Sanctus.....Mozart's 12th Mass Inter Mezzo.....Silent Prayer Organ and Violin.

Agnus Dei.....Mozart's 16th Postlude—Hallelujah Chorus.....Handel

## The Ragtime Ball.

The ragtime ball held in Grant hall last night by the members of the B. W. club and their friends proved to be a very swell affair. The frocks and gowns worn by the dancers were gorgeous to behold. Prizes were offered for the most slightly costumes and they were so many and curious that it was almost a draw who should carry away the honors. It was finally decided that Edward Lane and Edgar Williams were the raggedest ragers there. Dan Brown and Mrs. Lewis took the cake in a walk. The dancers danced until early morning. The music was fine.

## Lead Avenue Methodist Church.

The Christmas exercises given by the Sunday school of the Lead Avenue Methodist Episcopal church last night was fine. The church was comfortably crowded.

The program rendered by the children of the school, assisted by the Harwood Home girls, was quite lengthy and consisted of choice readings, recitations and songs. The tableaux, "The coming of the three wise men and the birth of the Christ child" was beautifully carried out and had a very touching effect. The exercises closed by the congregation singing "Joy to the World."

## At Commercial Club.

Only a small crowd attended the Commercial club dance last night. No extra effort was made toward making the affair any more than the regular semi-annual dance, and as Christmas entertainments were being held in different parts of the city the attendance was necessarily small. The club's big holiday ball will be given a week from last night, on New Year's eve.

## Congregational Church.

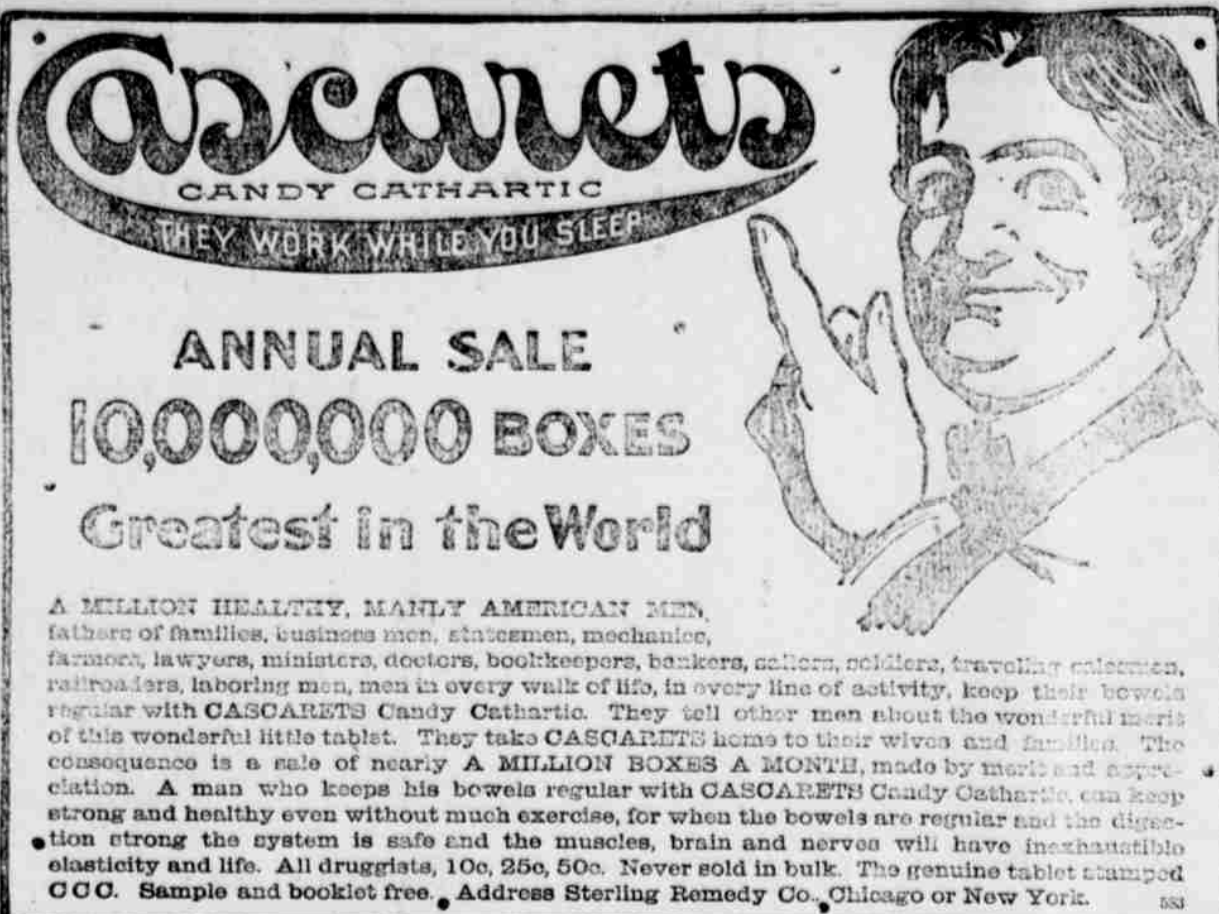

The Christmas exercises of the Congregational Sunday school were held at the church last night. The program was to have begun at 6:30 o'clock, but owing to the tardiness of some of the actors was delayed until after 7 o'clock. The rostrum of the church was decorated appropriately for the occasion. In the center stood a handsome tree, set with colored electric lights and hanging full of presents. The exercises were opened with a short song service, after which a series of stereopticon views all relating to Christ and Christmas times were shown. Recitations were heard and the program closed with the appearance of old Kris Kringle and the distribution of the presents. The church was well filled.

## At Wool Mills.

A pleasing scene of Christmas festivities was enacted at the Albuquerque Wool Scouring mills last night. The usual custom of the proprietors of the mills to give their employees a Christmas dance was not departed from last night. In fact the affair last night surpassed any that has yet occurred since the beginning of the mills. There was a handsome tree, loaded until bending with useful presents, as tokens of good work done and appreciated, given by Messrs. Bearup, Wilkerson and Edie, the big hearted proprietors. The music was

good and the mill folks danced until morning. Then they all received their presents and partook of the good things provided. It was early morning before they disbanded.

## Presbyterian Church.

Santa Claus was at the Presbyterian church last night with the young folks, having a good time. The old fashioned brick fire place with a couple of glaring stockings was also there to help make the evening one of cheer and happiness. Old Santa had the little folks in a crowd upon the pulpit of the church. He teased and coaxed them into laughter and treated when some of the little ones said their pieces real nice or sang some Christmas carol prettily. The program was rather long and lasted until almost midnight. The church was crowded to the utmost.

## Baptist Church.

Christmas was celebrated at the Baptist church last night in a most appropriate manner. Not only those clothed with plenty were made happy, but the poor and needy were also remembered. The church was well filled. Every person, church member and Sunday school scholar brought some present, necessities and nick-nacks, to be given to those who were not able to buy for themselves. The program was carried out to a letter and was pleasing to all. It consisted of songs and recitations. The well filled tree was stripped of its heavy load and the presents were distributed among the children and all went home happy to dream of the jolly fat man in the big red coat who smiled at them from the chimney corner.

## A Cold Wave.

The forecast of sudden changes in the weather serves notice that a hoarse voice and a heavy cough may invade the sanctity of health in your home. Cautious people have a bottle of One Minute Cough Cure always at hand. E. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures coughs, colds, LaGrippe, bronchitis, pneumonia and all throat and lung troubles. One Minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs. J. H. O'Reilly & Co.—B. H. Briggs & Co.

## Death of C. J. Stoner.

The spirit of C. J. Stoner, a well and favorably known resident of this city, passed to the great beyond at 8 o'clock this morning. The news of his death came as a shock to many who had seen him within the last few days and thought him as well as usual. His death was as sudden as it was unexpected. He arose, as usual, this morning and dressed himself, but a few minutes later was attacked with a hemorrhage of the lungs and died in ten minutes.—Las Vegas Record.

## A Million Voices.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for consumption and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1.00. Trial bottles free at all druggists.

## PROF. W. G. TIGHT.

Extracts of a Short Talk Made at Educational Association Gathering. Dr. W. G. Tight, the popular president of the New Mexico Territorial university, attended the meeting of the New Mexico Educational association at Las Vegas, and the professor was on the program to make a few remarks. The Optic quotes him as follows: Dr. W. G. Tight, of Albuquerque, declared that when he thought he couldn't talk, and when he talked he couldn't think. He referred to the multitudinous duties of the head of one of the territorial institutions, and gave his experience of one day, in which he was plumber, singing teacher, preach-

er, wire pulled, and wrangler for an appropriation. When he received the invitation to attend the convention, he felt like the little boy who saved the eggs from a hen, and when she wanted to sit he put twenty-four of them under her. His mother asked if he expected them all to hatch. He said no, but that he just wanted to see old Speck spread herself. He came because he wanted to see Las Vegas spread herself, and she had done so to his entire satisfaction. He humorously referred to the difficulty of getting here, owing to the irregularity of the trains; of the striking difference to one coming from the mosquitoes and blistering heat of Albuquerque to the Siberian cold of Las Vegas; told of stopping at the Optic hotel and reading an Optic paper; took up a tablet which some traveling advertiser had gotten out, and in which the population of Las Vegas was given as 11,181, which reminded him of a story. A teacher asked Johnny what was the population of the town in which they lived. He said 2,357. A girl was asked, and she said 2,356, which the teacher pronounced correct. "But," said Johnny, "I had a little brother born last night." So, Dr. Tight thought that in estimating her population, Las Vegas had counted the probabilities. He then paid Las Vegas some pretty compliments, characterized the papers read before the Academy of Sciences as the equal of any he had ever heard, and sat down, having created a most favorable impression on all who heard him.

## A Good Cough Medicine.

(From the Gazette, Toowoomba, Australia.) I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Wockner. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by all druggists.

## LOCAL PARAGRAPHS.

James D. Eakin, who was at Santa  
Rosa and Tucumcari, has returned to  
the city.

George C. Bowman, deputy internal  
revenue collector, has returned from  
an official trip to Santa Fe.

Ellsworth Ingalls, special attorney  
for the interior department, has re-  
turned from an official trip to Ros-  
well.

T. P. Montfort, Jr., representing the  
Denver Republican, is in the city doing  
business for that excellent Colorado  
journal.

Antonio Joseph, Jr., of Ojo Caliente,  
passed through the city last night for  
San Francisco, where he will remain  
indefinitely.

Hank Thomas, the day mixer at  
Sturges' European bar, is laid up with  
the rheumatism. Henry Faber is on  
watch instead.

Miss Elizabeth Cross, the popular  
school teacher at Golden, will spend  
the Christmas holidays with relatives  
and friends at Santa Fe.

R. Q. Jackson, formerly of the Har-  
vey house at Dealing, has arrived and  
will succeed Night Clerk Walker at the  
Alvarado, who will go to California for  
a vacation.

Governor and Mrs. Otero and son,  
Miguel, will leave Santa Fe this even-  
ing for New York. They will remain  
there until January 5, when Governor  
Otero will go to Washington to assist  
in the statehood fight.

H. D. Clowhurst will arrive tonight  
from Santa Fe, and continue on to  
San Francisco, to engage in the lum-  
ber business there with H. S. Buck-  
man. These two gentlemen have just  
completed timber cutting on the Ra-  
mon Vigil grant.

Among the leading drug stores dis-  
playing Christmas goods in their win-  
dows is the Alvarado Pharmacy, cor-  
ner of First street and Gold avenue.  
Of the Xmas goods displayed and car-  
ried in the store, toilet articles proba-  
bly take precedence.

James Barton Adams, one of the  
well known writers of the Denver  
Post, and Mrs. Adams passed through  
the city Tuesday night on their way  
home from California, where they  
have made an extended visit. Mr. Ad-  
ams is one of the best known writers  
of verse in the west and his column in  
the Post is widely copied from.

Hon. M. S. Otero is in the city from  
his ranch near the Sulphur hot  
springs in the Jemez mountains. He  
spend Christmas with his family. He  
says that considerable snow had fallen  
in the Jemez mountains during the  
last cold spell. In fact the snow has  
been so deep as to interfere materi-  
ally with work on his new sulphur  
reduction mill which is in course of  
construction. The new mill will be ready  
for active work in about a week, pro-  
viding no more snow falls.

The services at Temple Albert Fri-  
day evening will be exceptionally in-  
teresting. Rabbi Kaplan will speak on  
the "Feast of Lights." A very special  
musical program will be rendered by  
Mrs. Israel, soprano; Miss Grace  
Houghton, alto; Mr. Walker, tenor;  
Mr. Newton, bass, and Miss Braith-  
waite, organist. After the regular ser-  
vices, Messrs. Alfred Muller and Mil-  
ton Antueger, prominent lawyers of  
Denver, Colo., will address the audi-  
ence in behalf of the B. B. lodge. The  
aim and object of the order will be set  
forth ably and eloquently by these gen-  
tlemen. After the meeting, an in-  
formal reception, arranged by Mrs. Al-  
fred Grunfeld, will be tendered the  
distinguished visitors.

## LAS CRUCES.

From the Citizen.

John Patrick, who has been working at the Modoc mine for several weeks, has gone to look after his copper properties in the San Andres district.

H. P. Flint, stenographer, returned from Chihuahua last week and is doing stenographic work and studying law in the office of Attorney J. F. Bonham.

Five of our prominent young business men have just concluded the final arrangements of the organization of "The International Investment Company," whose purpose will be to deal in all classes of investments, especially those of New Mexico and Dona Ana county. We are assured of a successful career for the company as it is composed of men fully capable of carrying out any contract they may enter into.

From the Republican.

Las Cruces had a soaking rain Saturday.

The public schools were never in a better condition. Professor Molina is the right man in the right place.

R. Y. Anderson was down from the Sunol mine after supplies preparatory to the operation of this promising gold property.

Frank L. Oliver, of Chamberino, was in the city during the week. He has located several claims in the Potrillo mountains and has done the assessment work on them. This mining district is attracting prospectors right along. Copper, gold and lead are found in paying quantities, but water is scarce.

Parties from the east who were in Las Cruces recently looking over the country in view of purchasing land to establish a colony of fifty families, took an option on the Picacho ranch, owned by Don Jacobo Chaves of this place. They are German and French, and according to Mr. Chaves' statement, their object is to set out vineyards, make wine and raise vegetables. They took a number of views of the valley before returning, to exhibit to the members of the company. Las Cruces hopes the deal will be made, as a colony of industrious and scientific gardeners will fill a want long needed in the valley.

From the Progress.

John P. Casey, Jr., is a visitor in town from the Pass City.

The postoffice inspector was here several days this week, making his annual inspection of the postoffice.

E. Van Patten has about completed a large two-story dining and dance hall at his mountain home at Dripping Springs.

We are informed from reliable sources that the Torpedo mine at Organ has been bonded and leased to eastern capitalists, who will begin work the first of the year.

W. N. Hager, president of the Guadalupe Oil company, left for Santa Rosa in response to a telegram stating that the contract depth of 1,000 feet had been reached.

Court Stenographer H. B. Holt, on his return from Deming, had the misfortune of losing his typewriter in El Paso. On getting off the Deming train he entrusted the machine to a negro boy with instructions to take it to the hotel. The boy never put in an appearance with the machine, and in inquiry so far has failed to locate either the boy or Holt's reliable old "Remington."

## NO HUMBUG HERE.

Albuquerque Endorsement is What Counts with the Albuquerque Public. You can't fool the public all the time. They will find you out at last.

Every time a man is fooled. Another skeptic is made.

Many the remedy that makes the skeptic.

Because it fails to keep its promises.

Doan's Kidney Pills bring renewed reward.

They cure the skeptic.

Plenty of proof of this at home;

Albuquerque proof for Albuquerque people.

Here's a case of it:

C. G. Lott, for ten years stationmaster in Albuquerque, now retired from active cares of life, residence 315 North Arno street, says: "I had attacks of backache stretching over a period of three years. One of them occurred shortly before Doan's Kidney Pills came to my notice and I went to the Alvarado Pharmacy for a box. I knew the cause of my trouble arose from imperfect action of the kidneys because the behavior of the kidney secretions and their condition fully proved it but what to do to check the trouble was a mystery. Doan's Kidney Pills effectively stopped the difficulty. If everyone in Albuquerque receives as undoubted benefit as I from that remedy, kidney complaint, backache and trouble with the kidney secretions will cease to exist in this vicinity."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no substitute.

DEMING.

From the Headlight.

A. W. Pollard is now on the rapid road to recovery and hopes to be attending to his law practice in a very short time.

The Southern Pacific company have just completed the shipment of about 300 cars of cattle to California points. A large portion of these cattle were shipped by J. F. Cureton from the ranches around Silver City.

Misses Lillian Lindauer, May Clark and Mary Tracy, all of whom are attending the Visitation academy at Las Cruces, have arrived to pass the hol-

day vacation with their respective parents at this place.

George L. Shakespeare, editor and proprietor of the Headlight, left for his old home in Wisconsin, on a brief visit. During his absence the entire business affairs of the Headlight office will be under the management of J. Waldemar Waldron.

Last week the doors of Robinson's grocery store on Pine street were closed, and inquiries revealed the fact that Sam had decamped, leaving goods, store and creditors with his Mexican clerk. What train Sam took, or in which direction he was or is precipitating his anatomy, no one knows. A letter was received a few days since by a friend, stating that he would return no more to Deming. Allen L. Kuntz of Wamel's grocery, has temporary charge of the business, which is still closed. It is not at all improbable that the place will be opened shortly under competent management.

In running his tunnel Christ Yaeger struck a cave the first of the week. This is something unusual in the Shakespeare district. The cave is some two feet wide, and contained some excellent ore.

The Diamond A and the XT cattle companies have been trying to make a shipment of cattle from Hachita to California this week, with poor success. The weather has been so cold and stormy that the cowboys have not been able to herd in the cattle as early nor as easily as expected.

For the past week we have had a stretch of about as disagreeable weather as the oldest inhabitant can remember. There has been considerable rain, which was snow in the mountains, it has been cloudy all the time, a great deal of the time it has been very cold, and the prevailing wind has been from the east, which is the most disagreeable wind that blows into Lordsburg. The only consolation the people have had is that as such weather is phenomenal in this section it cannot last very long.

## A Thousand Dollars' Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years passing gravel or stones with excruciating pain. I got no relief from medicines until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and feel like a new man. It has done me a \$1000 worth of good." Alvarado Pharmacy.

#### DEMAND MORE PAY.

Western Railroad Conductors and  
Brakemen Serve Notice.

Demand for an increase of 20 per cent in wages for passenger and freight conductors and brakemen were submitted Saturday to officials of forty systems of railroads west of Chicago and St. Louis. Accompanying the demands was a notification that an answer must be returned by January 5. The increase will affect 150,000 conductors and brakemen. Officials of every railroad running west from Chicago and St. Louis and west of a line drawn from Duluth to New Orleans were called upon for an answer.

Although the demands are backed by the brotherhood of railroad trainmen and order of railroad conductors, the grievance boards of each railroad system submitted the papers. All negotiations will be carried on by these boards, although the officials of both brotherhoods will lend their assistance when needed.

Arrangements for asking for the increase were begun last June. Representatives of both brotherhoods met in Kansas City and agreed to make a concerted demand for 20 per cent increase in wages. This was submitted to the rank and file, which endorsed it. The conductors, however, did not complete their vote on the question until November 15. A meeting of the leaders of both organizations was held at the Sherman House, Chicago, a few days later, and December 29 was fixed as the date for the demands to be presented. In many instances this was done by mail. Forty committees of trainmen and conductors in Chicago proceeded to the offices of the various companies. Similar committees visited the offices in St. Louis, Kansas City, San Francisco and other places.

On January 5, the date on which answers are expected, the committees will all meet in St. Louis to take action. The original plans of the two brotherhoods included a demand for an increase for all the yardmen. This issue, however, was settled several weeks ago by the companies agreeing to pay in the neighborhood of a 15 per cent advance. Extra compensation is asked for trains in which two engines are used, or when the train exceeds forty cars in length.

Foley's Honey and Tar positively cures all throat and lung diseases. Refuse substitutes. Alvarado Pharmacy.

#### No Apology Necessary.

On a Rock Island train last week, says the Marion, Kan., Record, two well dressed, ardent lovers, evidently a newly married couple, amused the other passengers with their cooling. After awhile the fair young bride leaned back in her chair and fell asleep. Her companion took advantage in the lull in affectional demon-

strations, and went into the smoker to enjoy a cigar. While he was gone a long, lank, grizzly specimen of humanity came in and sat down in the vacant chair beside the sleeping beauty. Presently the young woman, half asleep, turned and laid her head lovingly on the shoulder of the stranger and put her plump arms around his neck. He merely looked around at the convulsed passengers and grinned. Then the hilarity awoke the young woman, and opening her large blue eyes she saw her mistake. With flushed cheeks she stammered an apology. "You needn't apologize to me," drawled the stranger; "I didn't keer."

#### Kodol Dyspepsia Cure.

Digests all classes of food, tones and strengthens the stomach and digestive organs. Cures dyspepsia, indigestion, stomach troubles and makes rich red blood, health and strength. Kodol rebuilds worn-out tissues, purifies, strengthens and sweetens the stomach. Gov. G. W. Atkinson, of W. Va., says: "I have used a number of bottles of Kodol and have found it to be a very effective and, indeed, a powerful remedy for stomach ailments. I recommend it to my friends. J. H. O'Reilly & Co.—B. H. Briggs & Co."

#### Midgley's Figures.

In a letter which goes to every big railway magnate in the country, J. W. Midgley gives facts and figures to show that the operation of the per diem system of paying for foreign freight cars is saving the railroads the enormous sum annually of \$210,750,000. This sum will be largely increased, it is argued, when the per diem system is working at its best. In connection with the financial statement Mr. Midgley calls attention to the fact that the rule exempting private cars from the operation of the per diem is a serious mistake. There are in the entire country 129,000 private cars in which railroad companies have no interest. The number exempted from the per diem system, however, is in round numbers 160,000.

#### To Get Rid of a Troublesome Corn.

First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

The grocers have Lenox Soap for sale now. A most popular high-grade laundry soap. Just fits the hand, doesn't chap the skin or ruin the clothes. Try it.

Lenox Soap leaves the clothes soft, sweet and clean. Try it.

#### SAN ANTONIO'S SIDE.

Claimed That Southern Pacific Will  
Not Move Its Shops.

A dispatch from San Antonio, Texas, says: The dispatch from Houston stating that the Southern Pacific had finally determined to "remove its shops, yards, round house and everything movable" from San Antonio, has caused great excitement here. Manager Van Vleet has stated in interviews and letters to San Antonio people that the company has no intention of moving its shops or round house, and that in time it might be necessary to move the yard outside of the city limits because of not having sufficient room in the city for switching purposes.

The last heard from Mr. Van Vleet in San Antonio has led to the belief that the differences between the road and the city council with reference to the building of a viaduct across the reservation might be settled without even the removal of the yards from the city.

#### If you fell ill and need a pill

Why not purchase the best?  
DeWitt's Early Risers  
Are little surprisers,  
Take once—they do the rest.

W. H. Howell, Houston, Tex., writes: "I have used Little Early Risers Pills in my family for constipation, sick headache, etc. To their use I am indebted for the health of my family. J. H. O'Reilly & Co.—B. H. Briggs & Co."

A. C. Potter, the Santa Fe baggage man, running between this city and La Junta, formerly depot baggage man in Las Vegas, was married to Miss Alice Koebel at noon, Wednesday, at the residence of the bride's mother, Rev. A. C. Geyer, the Methodist minister, performed the ceremony. The happy couple returned to this city last night.

A kidney or bladder trouble can always be cured by using Foley's Kidney Cure in time. Alvarado Pharmacy.

W. S. Hopewell, vice president of the Santa Fe Central railway, came in from the north last night and continued south to his home in Sierra county to spend Christmas.

Boy's life saved from Membranous Croup.

C. W. Lynch, prominent citizen of Winchester, Ind., writes: "My little boy had a severe attack of membranous croup, and only got relief after taking Foley's Honey and Tar. He got relief after one dose and I feel that it saved the life of my boy." Refuse substitutes. Alvarado Pharmacy.

There is a rumor that the El Paso & Southwestern Railroad company has offered to buy the Santa Fe's Silver City branch. What the Biscoe road wants with it is not clearly stated, but

the story goes that the Santa Fe people have refused to sell and that they mean to extend this line in the near future into southern Arizona territory. The general officers of the Santa Fe traffic department recently visited this territory with a view to ascertaining the business likely to originate in Biscoe and the copper country.

**Report From the Reform School.**  
J. G. Gluck, superintendent, Pruntytown, W. Va., writes: "After trying all of the advertised cough medicines we have decided to use Foley's Honey and Tar exclusively in the West Virginia Reform school. I find it the most effective and absolutely harmless." Alvarado Pharmacy.

George H. Hackett, formerly manager of the Western Union Telegraph company in Santa Fe, and of recent years stationed at Durango, Colo., has been transferred to Boise, Idaho, where he will take charge of the office. The change is a decided promotion.

Don't be imposed upon by taking substitutes offered for Foley's Honey and Tar. Alvarado Pharmacy.

Rufus Goodrich, private secretary to Division Superintendent J. L. Hibbard, of the Winslow division, is in the city for the holidays.

#### What's in a Name?

Everything is in the name when it comes to Wite's Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. J. H. O'Reilly & Co.—B. H. Briggs & Co.

#### MORE OIL SIGNS.

Owners of Newman Well at Santa Rosa Expect a Gusher Any Day.

It is given out that there are renewed indications of oil in the Newman well that is being put down north of Santa Rosa. The indications now found are said to be positive. It is impossible to remain near the well for any length of time on account of the gaseous odors, and it is said that if a quart can be filled with water from the well and allowed to stand the oil will rise to the surface to the thickness of a piece of card board. The oil has been tested and is of a good grade of paraffine or illuminating oil. It was the first intention to put the well down 1,000 feet, but this depth was reached last week and it was then decided to go down 200 feet farther. The owners of the well are expecting work to be interrupted any day by striking a gusher.

#### OFFICIAL MATTERS.

Notary Public Appointed—Land Office  
Business.

BECKER COMPANY INCORPORATES.

Governor Otero has appointed Chas. M. Stauffer, of Santa Fe, a notary public.

#### Land Office Business.

Homestead Entries—H. E. Montoya of Moriarty, 100 acres of land in Bernalillo county; Alfonso Lucero, of Roy, forty acres of land in Mora county.

Mineral Applications—W. S. Strickler, M. S. Otero and Arthur M. Backwell, by W. S. Strickler, attorney in fact, the Monster lode mining claim in the Cochiti district, Bernalillo county; same applicants, Corona lode mining claim, Cochiti district, Bernalillo county.

Final Mineral Entry—M. A. Samard, of New Orleans, La., through Charles P. Easley, Esq., attorney in fact, entry No. 102 for the Bender group, consisting of the Bates, Cuachilla, Goldsmith and Baby Shoe claims, in the new placer mining district in the San Pedro mountains, Santa Fe county.

#### Incorporation.

John Becker, Paul Dalies and Chas. Reinken, all of Belen, Valencia county, have filed articles of incorporation for the John Becker company for a term of fifty years. The purpose of the company is to buy and sell merchandise, and to carry a general mercantile and trading business in Belen; to acquire by purchase or otherwise, hold or sell on commission, sheep or other domestic animals; to do a flour milling business, to acquire, own and operate telegraph and telephone systems for public and private use in Belen and elsewhere in the territory; also gas, water and electric light works. The capital stock is \$200,000, divided into 2,000 shares of the par value of \$100 each.

#### KILL THE DANDRUFF GERM

Or Your Hair Will Fall Out Till You  
Become Bald.

Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causing falling hair, and, ultimately, baldness. After Prof. Unna, of Hamburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made which resulted in Newbro's Herpicide. It alone of all other hair preparations kills the dandruff germ. Without dandruff, hair grows luxuriantly. "Destroy the cause, you remove the effect." Send 10 cents in stamps for samples to The Herpicide Co., Dept. "F," Detroit, Mich.

#### Of Local Interest.

A. B. McMillen, Esq., an attorney of Albuquerque, was here today on legal business.

Mrs. C. O. Harrison, of Cerrillos, formerly of Albuquerque, will arrive here Monday and take possession of the office formerly occupied by the late Dr. Manley. Dr. Harrison has purchased the equipment and office furniture and will locate here permanently. He will move his family here at once.—Santa Fe New Mexican.

#### Had a Good Time.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says: "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by all druggists.

Fred Huning has returned to his ranch at Los Lunas from a trip to Winslow, Ariz., where he made a sale of a bunch of sheep. He spent Monday night in the city visiting with his mother on North Second street.

**Coughs, Colds, and Constipation.**  
Few people realize when taking cough medicine other than Foley's Honey and Tar, that they contain opiates which are constipating besides being unsafe, particularly for children. Foley's Honey and Tar contains no opiates, is safe and sure and will not constipate. Alvarado Pharmacy.

**Narrow Escape from Serious Injury.**  
A dispatch from Kennedy says that Henry Bergmann and wife met with what might have been a serious accident while returning from Lamy last night. One of the horses shied at an object beside the road and the buggy was overturned. Mr. and Mrs. Bergmann were thrown in a snow bank and Mrs. Bergmann was not injured. In his struggle to control the frightened horse, Bergmann was kicked on the knee and in the side, but finally quieted the horse and reached Kennedy all right. Although a little lame and sore, he is attending to business as usual.

#### COUGHS AND COLDS IN CHILDREN

Recommendation of a Well Known  
Chicago Physician.

I use and prescribe Chamberlain's Cough Remedy for almost all obstinate constricted coughs, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—Mrs. Mary R. Melendy, M. D. Ph. D., Chicago, Ill. This remedy is for sale by all druggists.

## THE EDUCATORS.

They All Enjoyed a Fine Meeting at Las Vegas.

## NEW OFFICERS ELECTED.

The opening session of the New Mexico Educational association was held at Las Vegas Monday night, followed by two sessions on Tuesday.

Addresses of welcome were made by M. W. Browne, chairman of the board of trade; W. G. Hayden, of the Las Vegas board of education; Frank Springer, chairman of the board of regents of the normal university, and E. Chacon, representative of the Las Vegas bar.

Responses were made by Prof. Hiram T. Hadley, of the agricultural college, and Dr. W. G. Tight, president of the University of New Mexico.

After the adjournment in the afternoon of Tuesday, a reception was given the teachers at the Las Vegas residence of Hon. J. S. Reynolds, president of the First National bank of Albuquerque and El Paso.

Tuesday night, Dr. A. E. Winship, editor of the Boston Journal of Education, delivered a lecture and the Las Vegas Oratorio society rendered "The Holy Child."

The Albuquerque teachers, who attended the meetings at Las Vegas, returned to the city last night, but as far as The Citizen could learn today, much to this paper's regret, the list of newly elected officers was overlooked by the returning delegates, and The Citizen is unable to give a complete list of those elected. Prof. Tight remembers that Dr. E. L. Hewett, president of the Las Vegas Normal university, was chosen president of the New Mexico Territorial Educational association; that Superintendent Woods, of the Santa Fe public schools, was elected chairman of the executive committee; that Prof. C. M. Light, of the Silver City territorial normal school, was chosen president of the educational council, with Prof. D. M. Richards, of Las Cruces, as secretary of the council. He also informs The Citizen that Santa Fe was chosen as the next place of meeting.

The New Mexico educational council has adopted a high school curriculum for use in all high schools of the territory.

**Academy of Science Officers.**  
The officers of the New Mexico Academy of Science, organized at Las Vegas on Tuesday, are:

Frank Springer, of Las Vegas, president; Dr. Charles R. Keyes, School of Mines, Socorro, vice president; Dr. W. G. Tight, New Mexico university, Albuquerque, secretary-treasurer; T. D. A. Cockrell, Normal university, Las Vegas, and J. D. Tinsley, Agricultural and mechanical college, Las Cruces, with officers, as the executive committee.

## LOCAL PARAGRAPHS.

The markets of the world are closed today.

One lone drunk was cooled off in the city cooler last night.

Melville Summers and Arthur Shaw are up the river hunting for the day.

Sol Block has returned from Grants to spend Christmas with his family.

D. C. Hobert, of Silver City, is here today on business. He will probably return home tonight.

The child of Mr. and Mrs. Frank Townsend is reported quite sick at the Grand Central hotel.

Louis McRae, from the Chilli sheep grazing district, is in the city today to enjoy the Christmas holidays.

Mrs. W. S. Hayes has arrived from Massillon, Ohio, to visit her son, M. E. Porter. The lady will remain some time.

No market reports were received in the brokerage office of W. P. Metcalf today, but the chess club held a full session.

Fred Fisher, well known here, is in the city from Kennedy. He will enjoy his Christmas turkey in the territorial metropolis.

M. R. Williams, superintendent of bridges and buildings on the New Mexico division, is in the city from Las Vegas.

O. S. Brown and Linus Shields, of the James hot springs, reached the city late yesterday afternoon. Mr.

Shields, before returning to the springs, will visit Santa Fe on business.

This morning, at 10 o'clock, Christmas services were held by Knights Templar at the Masonic hall on North Third street.

Mechanics are working on the new woolen mills this forenoon. The new mills are being pushed toward completion with all possible haste.

Harry P. Owen, the court stenographer and attorney, has as his guest his sister, Miss Martha Owen, who arrived last night from Las Vegas.

Mr. and Mrs. August Schwalbe have as their guest this Christmas their daughter, Miss Christiana Schwalbe, who arrived yesterday morning from Socorro.

C. F. Jones, of the firm of Jones & Smith, merchants and millers of Los Lunas, passed through the city this morning en route to his home at Las Vegas to spend Christmas with his family.

N. E. Stevens, the outside rustler for the Montezuma Building, Loan and Savings association, is at home enjoying the holidays with his family. He has just returned from a business trip to the Pecos valley country.

R. A. Ploghart died at his rooms on the Highland this morning of consumption. He came here some time ago from Olivia, Minn., accompanied by his wife, who was present when death occurred. The body will be shipped to the Minnesota home for burial.

Annual communication of Temple lodge No. 6, A. F. and A. M., Saturday evening, December 27, at 7:20. Installation of officers and banquet. All members of Temple lodge and visiting brethren are cordially requested to attend accompanied by their wives or lady friend. Doors close at 8 p. m. By order of W. M. Robert Abraham, secretary.

Words of praise and commendation must be said of the work did by the Santa Fe shop fire department at the Santa Fe Pacific hospital fire Tuesday night. They were the first on the scene of disaster and but for the heroic efforts of these brave fire boys, the chances are that some of the unfortunate inmates of the hospital would have lost their lives. It was through the efforts of some of the members of the Santa Fe fire company that the surgical instruments and apparatus were saved.

While preparing for a merry Christmas last evening, trimming a tree for her little boy, Mrs. John Boswell, of Hunting avenue, received the sad intelligence of the death and burial of her father in the east. It seems that a telegram was sent at the time of the death of the old gentleman, but was miscarried, and not receiving a reply Mrs. Boswell's sister again telegraphed her, telling her of the circumstances. Mrs. Boswell has many friends in this city who deeply sympathize with her.

Want to Avoid Litigation.  
At a meeting of the board of trustees of the Las Vegas grant, a tract of 500,000 acres for which a government patent has been issued to that city, Jefferson Reynolds was elected president, Eugenio Romero, vice president; Charles Hild, treasurer, and Judge E. V. Long, secretary. The unanimous sentiment of the board is to protect titles and provide some means whereby those with homes or lands within the grant may within reasonable limit secure deeds and if possible keep the tract out of litigation.
