## BISHOP O'CONNOR

**Celebrating His Ordination to the Priesthood.**

## BETTER FREIGHT RATE CONDITIONS

**Chicago May Assume Ownership of City Street Railways.**

## JENKINS AND BOTHNER TO WRESTLE

Newark, N. J., Dec. 22.—Special religious and other services were held today in St. Patrick's cathedral in celebration of the twenty-fifth anniversary of the ordination to the priesthood of Bishop J. J. O'Connor. The participants included a large number of laymen of the Newark diocese, together with prelates and priests of prominence from New York, Trenton, Philadelphia and other places.

## UNEQUALLED CONDITIONS.

**The Railroads Enjoying Prosperity in Another Respect.**

New York, Dec. 22.—The prosperity which the railroads throughout the country are now enjoying is in one respect different from any period of prosperity which railroads have enjoyed in the past. Railroad officials generally agree that the rate situation in all sections of the country is in a better condition than ever before. The scheduled tariffs are being almost universally maintained, while there is practically no cutting of rates by any of the railroads. Never before has the rate situation throughout the country appeared so perfect, and this is generally considered one of the main reasons of the excellent showing of earnings which the railroads have made during the last year. The railroads have enjoyed many periods of prosperity in the past, but in practically every instance this prosperity has been interrupted by rate disturbances.

Since 1895 there has been a steady improvement in the rate conditions throughout the country, until at present it is reported by railroad officials in several sections of the country as being almost ideal. Discriminations in rates have been almost wholly abolished, and the scheduled tariffs are being maintained as never before. This is considered not only one of the main causes of the excellent earnings, which the railroads are now reporting, but one of the strongest reasons for the belief that the prosperity the railroads are enjoying will continue, with temporary reactions, for an indefinite period.

There are a number of causes for the excellent rate conditions. One of the reasons why rates are being so uniformly maintained is the large amount of traffic offered the railroads, which gives no incentive for cutting rates. The community of interest movement, whereby the greater proportion of the railroad mileage of the country has been brought under the control of a few groups of financiers, also has been a powerful factor in clearing up the rate situation. Through this movement many of the smaller and weaker roads, which were continually cutting rates in the attempt to secure traffic from their stronger competitors, have been absorbed.

Another favorable factor is that during the last few years there has been little or no competitive railroad building. While the new mileage that has been constructed has aggregated a considerable amount it has been composed almost wholly of short branches and extensions.

While it can hardly be hoped that rate disturbances have been forever eliminated from the railroad industry it is believed by many prominent railroad officials that the developments pointed out have wrought such a revolution that any such general disturbance of rates as occurred in 1881 and 1890 have been made impossible in the future so strong are the allied roads which are against the practice.

**Chicago May Take Street Railways.**  
Chicago, Dec. 22.—The ordinance providing for the taking over of the transportation lines by the city will come up for special consideration at the hands of the city council tonight. The bill provides a new method for assuming the financial obligation through the establishment of a special fund into which the receipts from operation of the lines may be placed, and by the execution of a mortgage, or deed of trust, to a twenty-year franchise as security for the buyers of the certificates. In case the council approves the bill it

will be placed before the state legislature without delay. Powerful influences are already at work to defeat the measure and the action of the council is awaited with keenest interest.

**Jenkins and Bothner to Meet.**  
New York, Dec. 22.—For lovers of wrestling a treat appears to be in store at the Grand Central Palace tonight when Tom Jenkins, the catch-as-catch-can champion, and George Bothner, the lightweight wrestler, come together on the mat. Jenkins has undertaken to throw his opponent four times in one hour. The articles of agreement call for a contest at catch-as-catch-can, pin falls only to count, and with the strangle hold barred. Jenkins realizes that he has undertaken an arduous task, but he is confident that he can put the "little wizard" to the mat four times inside the time limit. Both appear to be in superb condition and a fierce contest is expected to be the outcome.

**Going Back to Laguna.**  
The pottery makers at the Harvey curio rooms will leave tonight for Laguna, where they will spend the holidays, and join in the annual feast and dance of their tribe. They will return after the first of the year and take up the work of making pottery.

These Indians have been a most interesting and valuable introduction into the Harvey curio system and Manager Switzer is sparing no efforts in its promotion.

**High School Girls Defeated.**  
The Indian girl basketball players of the Albuquerque Indian school defeated the High school girls in a lively game Saturday afternoon by a score of 29 to 8. Both teams played a fine game, but the Indian girls showed their superiority in team work. The weather for an outdoor game was excellent, and even if the High school girls did lose, the practice which they received will do them much good for the coming contest with the Las Cruces team.

## BACK FROM WASHINGTON.

**Messrs. F. A. Hubbell and E. V. Chaves Have Returned.**

## DELEGATION MADE GOOD IMPRESSION.

Hon. Frank A. Hubbell and Attorney E. V. Chaves returned this morning from Washington, where they were in the interest of statehood.

Mr. Hubbell in an interview with a Citizen reporter this morning said: "The non-partisan committee who went from Albuquerque to Washington in the interest of the statehood bill have done some very valuable work. They created a good impression among the senators and refuted the false charges made by the sub-committee of the committee on territories about New Mexico, Arizona and Oklahoma as to their fitness for statehood."

"The non-partisan committee took great care with all the efforts they put forth in the interest of statehood, and a great deal of good was accomplished for the territory. The senate stands as nearly as could be found out a majority of sixteen in favor of the omnibus bill. The vote will be taken before the 20th of January if the statements of the senators of the opposition are correct."

"Senators Quay and Foraker will take the lead of the republican side, and Senators Bailey and other democrats will take the lead in favor of the territories. Senators Beveridge and Dillingham are taking the lead of the opposition against the admission of the territories."

"The general opinion prevails among the committee from this city that we will have statehood."

Messrs. Thomas S. Hubbell, Thos. Hughes and J. M. Sandoval were left in Chicago and will probably reach the city tonight or tomorrow night.

Judge B. S. Baker, U. S. Marshal C. M. Foraker and Mr. O. N. Marron, on leaving Washington, visited eastern relatives and friends, and they should arrive in a few days.

City Engineer Pitt Ross made a flying trip to Santa Fe Saturday to attend a meeting of the territorial irrigation commission. The meeting failed to transpire on account of lack of a quorum.

The W. R. C. will meet at K. of P. hall Tuesday afternoon at 2:30 o'clock, December 23. By order of president, Temperance Whitcomb, secretary.

Simon and Ben Bibo, who were at Washington the past two weeks, talking statehood for the territories, returned to the city last night, and will go out to Laguna tonight.

Hon. M. R. Otero, register of the United States land office at Santa Fe, who was at his ranch home in Valencia county the past few days, has returned to Santa Fe.

## KILLING PEOPLE

**Earthquake Destroying Homes and Inhabitants.**

## KNOXVILLE, TENNESSEE, BIG FIRE

**Crown Princess of Saxony Has Fled From Her Home.**

## CORNELIUS VANDERBILT GETTING BETTER

London, Dec. 22.—A dispatch from New Marghela, Russian Turkestan, reports that an earthquake at Andijan killed 2,500 people in and near that city and destroyed 16,000 houses. The rumblings continue. The authorities so far have not been able to cope with the destitution of the starving, unsheltered people.

## ANOTHER BIG FIRE.

Knoxville, Tenn., Dec. 22.—The worst fire, which was ravaged in the business portion of the city since the disastrous million dollar conflagration of 1897 broke out at 1:30 o'clock this morning in a four-story building on Commerce avenue, directly opposite the Central fire station and occupied by the Knoxville Pants company.

In two hours buildings adjoining it on Commerce avenue occupied by Broyles, McClellan & Lackey, agricultural implement dealers; the David Commission company; the immense establishment of the Brown Hardware company on Gay street, Shanklin Grain company and the R. H. Gate & Co., buildings on the same street, had been completely gutted. The six-story building of McTeer, Hood & Co., wholesale clothiers, and the three-story building of the Davies Furniture company, which were reported destroyed, withstood the storm of flying embers and were but little damaged. Brandau & Kennedy, retail tailors; W. E. Newton, jewelers; The White-Spence Trunk company, and other retail stores on Gay street, opposite the burning structures, were considerably damaged. Conservative insurance men say the loss will be between \$400,000 and \$500,000. Other estimates place it much higher. The fire was a very spectacular one and attracted a crowd numbering into the thousands. It is a miracle that no one was hurt with the showers of falling glass and terrific explosions in the Brown Hardware company, that scattered bricks, burning embers and all conceivable articles of merchandise. The collapse of the Brown building saved the business district from loss of \$2,000,000, at least, the flames being easily handled after that structure had fallen.

**PETERSON CUT.**  
Tulip Used His Knife on Charles Peterson—A Sunday Night Fracas.

Charles Peterson was sliced up with a knife in the hands of a man named Lee Tulip in the 8-Spot saloon on South Second street.

The scrape started over a few words and ended in one man in the hospital and the other behind the bars. It seems that Tulip took offense because Peterson refused to shake hands with him and pulled out a knife, sticking it into Peterson's side, inflicting an ugly wound.

Peterson was removed to quarters in the Santa Fe hospital, and Dr. Elder was called to attend the wounded man. The injury was pronounced not dangerous, but it will be several days before he will be able to be around.

Officer Cooper was dispatched after the man who had used the knife and soon locating him locked him up in the city prison. He was removed to the county jail this morning to await the appearance of Peterson, when the case will be tried.

Later.  
Dr. Elder stated this afternoon that young Peterson is resting very easy and that the wound will not result fatally. It was only a flesh wound, he thought the young man would be able to sit up tomorrow, and it will only be a short time before he will be able to be around.

The following telegram was received by P. F. McCanna, secretary of the Commercial club, from the chairman of the Santa Fe traffic managers, who recently met in this city and were tendered the hospitality of the club's handsome quarters:

The Atchison, Topeka & Santa Fe Railway System—Chicago, Dec. 17, 1902.

Mr. P. F. McCanna, Secretary Commercial Club, Albuquerque, N. M.  
Dear Sir:—Permit us to express our hearty appreciation of the courtesies tendered our party by your club during our recent visit to Albuquerque. The privilege of holding our business sessions in your parlors was a great accommodation to us; and the reception tendered by the ladies and gentlemen of your club to our party was especially pleasing, because we were very sure it was an expression of good will and friendly feeling to us as representatives of the Santa Fe road.

Very sincerely yours,  
W. B. BIDDLE,  
Freight Traffic Manager.

GEO. T. NICHOLSON,  
Passenger Traffic Manager.

Going to Las Vegas.

Dr. W. G. T.ight, Prof. and Mrs. John Douglas Walker, of the University; Superintendent A. B. Stroup, Principals W. H. Decker and Chas. Nicholson, and Teachers Mrs. Ella La Bar, Misses Mabel Hunt, Mata Tway and Sallie King, of the city schools, are those who have gone to Las Vegas to attend the convention of the Educational association. The Silver City and Las Cruces delegates, who have passed through the city en route to Las Vegas, are Dr. C. M. Light and Miss Sarah Ellis from Silver City, and Dr. Luther Foster, Prof. D. M. Richards, Hiram Hadley and Miss Fannie Blakeley, of Las Cruces.

store, so that there will be no shortage tonight and it will probably not occur again. The shortage on the gas plant was due to a great measure to the cloudy weather of last week, the stores using much gas during daylight. Had it not been for that fact we could have pulled through the holiday season without difficulty.

"It is the intention of the company to improve the gas plant as soon as the necessary machinery can be obtained, and we want the public to know that we have done everything in our power and have spared no expense, and sincerely regret the occurrence, which was unavoidable."

The above is the statement that Maynard Gussul, manager of the company, made to The Citizen this morning.

**Milk Ordinance Satisfactory.**  
The dairymen furnishing milk to the city and other cow owners, who will pay the special tax imposed by the new milk ordinance, have voiced their satisfaction with the rate of \$1 per cow designated by the last amendment to the ordinance and will make no opposition.

There was some little show of dissatisfaction at first after the passing of the ordinance, but after an investigation and consultation with laws dealing with such special tax laws the opposition first in evidence has dwindled until now most of the dairymen have either taken out their license or else designated their intention to do so. The lowering of the tax from \$1.50 to \$1 has made it quite reasonable.

## THE NETHERLANDS

**They Are Neutral in the Venezuela Trouble.**

## MISSOURI PACIFIC TRAIN WRECK

**Terrible Plight of Sailors From Ocean Schooners in Collision.**

## TRADING STORE ROBBED IN GALLUP

The Hague, Dec. 22.—The government of the Netherlands has decided to observe a strictly neutral attitude in the Venezuela trouble. Ships of the blockading powers will be prohibited from calling at the Dutch colonies.

## WAITING ANSWER.

**President Suggests The Hague Tribunal to Settle Trouble.**

Washington, Dec. 22.—The United States government is awaiting the reception of formal answers from the allied governments to the president's last suggestion that the Venezuelan dispute be referred to The Hague. So far these responses have not come to hand, but it is pretty well understood that they will hold for the arbitration of President Roosevelt himself. Signs point to the president's ultimate acceptance of the trust, though nothing positive is yet known on this point.

## WANT ROOSEVELT TO ACT.

Berlin, Dec. 22.—The notes of Germany and Great Britain formally inviting President Roosevelt to act as arbitrator in the Venezuelan dispute were handed to the United States ambassador here and to the United States charge in London today.

## THE BLOCKADE.

**Was Established Effectively Against Venezuelan Ports Last Saturday.**

Washington, Dec. 22.—The following cablegram has been received from Commander Diehl, of the Marietta, which lies at La Guayra. The message comes via Hayti and is dated yesterday:

"The British vice admiral established an effective blockade from and after the 20th of December of La Guayra, Caranero, Guanta, Cumana, Carupeno and the mouths of the Orinoco. Vessels sailing from the United States and West Indies before the date of notification allowed grace, steamers ten days, sailing vessels twenty days. Other ports, steamers twenty, sailing forty. Vessels in blockaded ports fifteen days."

Ambassador Tower has notified the state department from Berlin that he has received official notification from the German government of German squadron blockade. Ambassador Meyer has cabled that he yesterday received from the minister for foreign affairs an official note dated December 20, announcing that Italy had decided to participate with her naval forces in the blockade of Venezuelan ports, which had been declared by the British and German governments.

## CASTRO IN GOOD HEALTH.

Caracas, Dec. 22.—There is no truth in the report published in the United States that Castro is suffering from a mysterious illness. The correspondent of the Associated Press saw the president today. He is enjoying his usual health.

## THE USUAL WRECK.

**Colorado Flyer on the Missouri Pacific Into the Ditch.**

Ottawa, Kas., Dec. 22.—Missouri Pacific train No. 1, known as the Colorado flyer, due here at 9 o'clock, left the track just east of Rantoul and the whole train, with the exception of the sleeper, turned into the ditch. Nobody was killed and only six persons slightly injured. Spreading rails caused the wreck. The escape of the passengers is almost miraculous as the train was making about forty miles an hour.

## TERRIBLE CONDITION.

**Survivors of Ocean Schooners Are Raving Maniacs.**

Boston, Dec. 22.—Foreign steamer Manhasett arrived at 2:30 this morning with ten survivors of the crew of the schooner Frank A. Palmer and Louise B. Cray, which were in a collision off Massachusetts bay Wednesday. Six men of both vessels were drowned in the collision. The balance, fifteen, took to one boat. Three subsequently became insane and jumped overboard. Two died from exposure and two went insane after getting ashore. Both captains were saved.

All the survivors were frost bitten and some of them will probably have to have their feet and hands amputated.

The Manhasett came into the harbor early this morning, showing signals for assistance and by the time she arrived at the wharf ambulances were ready to transfer the sailors to a hospital. Only six of the men could be removed, however. The other four were in such condition that it was deemed impossible that they could survive being taken from the vessel. Two of the men on the Manhasett are capt. Potter, of the Cray, and Capt. Rawling, of the Palmer. The other two men are sailors, both of whom are raving maniacs.

**Indiana Rob Store.**  
Special to The Citizen.

Gallup, N. M., Dec. 22.—Charles Weldemeyer's trading store was robbed by Indians last night while Storekeeper McAdams was away at supper. Thirty-five dollars in cash and \$5 in silverware were taken.

## COLORADO ELECTION CASE.

Denver, Dec. 22.—The state board of canvassers met this morning and immediately adjourned till this afternoon. It is expected that some decision in the case of the disputed legislative candidates from Las Animas and San Juan counties will be reached today.

## HE BOUGHT CURIOS AT HYDE'S.

Dr. Carl Herdlika, the celebrated anthropologist, spent a day in this city on his return from a trip through Mexico. While in the city Dr. Herdlika visited the Hyde store and made many purchases. He was exceedingly pleased with the store and stock.

Dr. Herdlika is now with the United States museum of natural history in New York, and was making a trip through Mexico for the purpose of gathering material for the study of the Aztec race, the article of which appeared in the Christmas Harper's.

## BERNALILLO SHOOTING.

**Wife Shot and Dangerously Wounded by a Drunken Husband.**

## IN CALABOOSE AT BERNALILLO.

Special to The Citizen.

Bernalillo, N. M., Dec. 22.—About 4 o'clock yesterday afternoon a man by the name of Sanchez, while in an intoxicated condition, shot his wife, the bullet entering her abdomen. She is still alive but not expected to live till midnight. Sanchez, after the shooting, was taken into custody by the marshal of this place and taken to jail. So far no motive is known for the crime.

## PRESIDENT AT WHITE HOUSE.

Washington, D. C., Dec. 22.—President Roosevelt and family arrived in Washington from Rapidan, Va., at 11:25 o'clock today. They were met at the station by Secretary Cortelyou and were driven directly to the White House.

## LOCAL PARAGRAPHS.

The funeral services of John Wickstrom took place yesterday at the parlors of O. W. Strong & Sons. A number of friends of the deceased were present. Rev. R. Richter, pastor of the German Lutheran church, presided. Burial in Fairview cemetery.

Mrs. Maud Hill and Mrs. A. F. Keith will accompany their sister, Mrs. W. H. Walkup, to Clarendon, Ark., leaving here Christmas eve. Mesdames Hill and Keith will remain several weeks, and on their return to the city Mrs. Hill will open a kindergarten school.

The Art club was pleasantly entertained by Mrs. Mike Mandell last evening. Different from other clubs, the artists have a unique way of entertaining which is one of the secrets of the organization. A lunch that would satisfy only the most artistic taste was served by the hostess.

M. M. Dutcher and wife are enjoying a pleasant visit from the former's sister and nephew, Mrs. A. H. Keefer, of Westerville, Ohio, and Master Ralph Dutcher, of Columbus, who arrived Saturday night. They expect to remain several months, and will visit California and the Grand Canyon before returning east.

D. A. Macpherson received a telegram yesterday conveying the sad news of his mother's death, which occurred at the old family home at Ontario, Can. Death was caused by cancer of the stomach.

The Albuquerque council of Knights of Columbus met Saturday night in the Knights of Pythias hall and initiated into the rites of the first degree of the order the following candidates: Father McNamara, P. J. McCaffrey, Prof. Espinosa, Thos. Keleher, Jr., James Foley, George Powers and John Brennan.

## TWENTY-FOUR KILLED IN A WRECK

London, Dec. 22.—The second edition of the Times prints the text of a wireless Marconi message received from the Canadian government as follows:  
"Ottawa, Dec. 21.—The government of Canada, through the Times, desires to congratulate the British people on the accomplishment by Marconi of the greatest feat of modern science has yet achieved."  
"CARTRIGHT,"  
"Acting Premier."

## TRANS-ATLANTIC MESSAGES.

**Marconi Has Been Sending and Receiving Messages for a Week.**

London, Dec. 22.—The representatives of Marconi say they have been receiving Trans-Atlantic messages for a week. They add that the message to King Edward and others came through without a hitch and practically instantaneous. It is calculated that the company will be able to handle 1,000 words per hour. As soon as it is able to get the postoffice authorities to connect Poldhu with the inland telegraph, the company will commence regular commercial business between Cornwall and Nova Scotia.

## KING EMMAUEL CONGRATULATES.

Rome, Dec. 22.—King Victor Emmanuel this morning received the wireless message from Marconi forwarded from Cape Breton, via Cornwall, and sent a congratulatory reply.

## PIETRO MASSCAGNI.

**Himself and Italian Opera Company Stranded in Chicago.**

Chicago, Dec. 22.—The American tour of Pietro Mascagni and his Italian opera company came to a sudden close today in this city with the cancellation of all dates. The culmination of Mascagni's woes came last evening when an attachment was made on his personal effects by a constable representing a local claimant for \$134. As a result of his financial difficulties, Mascagni is now confined to his room at the Auditorium annex suffering from nervous prostration.

## DEATH ROLL TWENTY-FOUR.

San Francisco, Dec. 22.—At the Southern Pacific hospital in this city this morning it was reported that no more deaths had occurred in that institution as a result of last night's accident at Bryon, Cal., and that the injured are doing well. The death roll now numbers twenty-four.

## GASOLINE EXCITEMENT.

**A Blaze Caused Some Trouble in the Atlantic Beer Hall.**

A little excitement occurred in the Atlantic beer hall on West Railroad avenue between 5 and 6 o'clock last evening when a gasoline lamp came apart and the fluid which it contained caught on fire. It looked a little dubious for the saloon for a few minutes, but when the first flurry of excitement was over, the danger and damage was found to be only slight. The young man, who cares for the Hydro-Carbon Light company's lights, was around last evening as usual lighting the lamps used in the different stores. After pumping up and lighting the lamp in the Atlantic saloon, he found that its light was not quite as bright as it ought to be, and thought that a little more air pressure would help some. While giving the lamp a little more air it came apart in the middle, where it was soldered together and let the gasoline out over the floor, chairs and bar fixtures. His lamp that he carries around to generate the stationary lamps with, was sitting on the counter near by and immediately set fire to the spilled gasoline. The room was ablaze in a minute, but as it quickly evaporated, the fire did not burn long. However, the fact must not be overlooked that gasoline is a bad fluid to fool with.

before appointed in a single year.  
Anyone wishing information about  
these positions can secure it free by  
writing for the civil service announce-  
ment of the Columbian Correspondencecollege, Washington, D. C. The com-  
mission will hold examinations to se-  
cure young men and women for these  
places during March and April, at Al-  
buquerque. Many people do not know  
that these appointments are made  
without political influence and that a  
large share of them are filled by those  
having only a common school educa-  
tion, but such is now the case.

## THE HAPPY CHRISTMAS SEASON

Most sincerely do we wish our read-  
ers one and all a merry cheerful Christ-  
mas. It ought certainly to be a kind,  
forgiving, charitable, pleasant time.  
It has been said with something of grim  
humor that we shall be a long time  
dead, and again, we shall not pass this  
way again. As to what happens after  
we have shaken off this mortal coil;  
what route we shall take next or how  
long we shall remain dead, we need  
not bother our heads very seriously if  
we recognize that today is a king in  
disguise.It is really easier to be happy than  
most people realize. The best and  
easiest way to be happy is to do or say  
something that will bring feelings of  
kindness to others; something that  
will make some one else feel that life  
is worth living. "Do your work as well  
as you can and be kind" is the way one  
good man puts it. The beautiful char-  
acter whose birth we will celebrate  
Thursday of this week never strove for  
place or wealth. He was not afraid  
to lend a hand or give a word of en-  
couragement to the most lowly and  
downcast of earth.Wealth, position and fame may give  
great happiness while one is in pursuit  
of them, but if we may believe the tes-  
timony of those who have a right to  
speak, lasting happiness and peace of  
mind are still beyond after one has  
pursued them to the topmost pinnacles  
along these lines. To depend upon  
these things is to lean upon a broken  
reed and often to become embittered  
and broken in spirit when the shallow-  
ness of money, place and fame have  
been fathomed. To cultivate a spirit  
of cheerfulness and good feeling is the  
road that leads to the greatest and  
most enduring realities of life.

## WHY THIS CHANGE.

The opposition to the admission of  
Arizona and New Mexico is not with-  
out an element of mystery, says the  
Denver Times. Both territories have  
more population than most of the  
states had at the time of entering the  
union. The fact that part of this popu-  
lation is Mexican has been urged, but  
the same thing was true of California  
and, to a certain extent, of Colorado.Delegate Rodey, of New Mexico,  
claims to hold a letter from President  
Roosevelt favoring the admission of  
that territory. There has been a gen-  
eral impression over the entire coun-  
try that the president desired the state-  
hood of all three territories. The re-  
publican national platform pledges the  
party to such a program. And yet here  
is a considerable majority of that party  
in the senate promising to go to any  
lengths to defeat the very thing its  
platform favors. "Why this change?"There can be but one possible expla-  
nation, and that is that powerful in-  
fluences in the east dread the growing  
power of the west. It must be that  
legislation is contemplated which it is  
feared that all representatives of the  
west will oppose.

No section can afford to do injustice

**THE AX** of toughest steel  
becomes dulled  
by constant use and must have a new  
edge if it is to do good work. Constant  
work dulls a man as it does an ax, makes  
him sluggish of body and dull of mind.  
He needs a tonic  
something that will  
restore the keenness  
of mind and activity  
of body.Dr. Pierce's Golden  
Medical Discovery  
puts new life into  
weak, worn-out, run-  
down men and  
women. It strength-  
ens the weak stom-  
ach, purifies the  
blood, and effect-  
ively stimulates the  
liver. The whole  
body is built up with  
sound, solid flesh by  
the use of "Golden  
Medical Discovery."  
"I was confined to my  
bed for four months  
from January 1st, 1899,  
and commenced to take  
your medicine January  
24th, 1899," writes Mrs.  
Selle, a shepherd, of  
Poplarbluff, Mo. "I  
took eight bottles of Dr.  
Pierce's Golden Medi-  
cal Discovery, four of  
"Favorite Prescription,"  
two vials of "Pleasant  
Pellets," and one bottle  
of Doctor Pierce's Com-  
pound Extract of Smart-  
weed as a liniment.  
Indigestion, obstinate  
constipation, and hardening  
of the liver was my  
trouble. I am at this time able to do almost any  
kind of house work. Your medicine saved me  
from my grave. Thanks to you for the benefit.  
My case was hopeless when I began taking your  
medicine."Don't be fooled into trading a sub-  
stance for a shadow. Any substitute  
offered as "just as good" as "Golden  
Medical Discovery" is a shadow of that  
medicine. There are cures behind every  
claim made for the "Discovery," which  
no "just as good" medicine can show.  
Bifluorine is cured by the use of Dr.  
Pierce's Pleasant Pellets.The United States civil service com-  
mission reports that for the year end-  
ing June 30, 1902, there were 14,983  
persons appointed from its registers.  
There was 4,682 more than was ever  
before appointed in a single year.  
Anyone wishing information about  
these positions can secure it free by  
writing for the civil service announce-  
ment of the Columbian Correspondenceto another section. But inasmuch as  
that seems to be the intention; inas-  
much as this has developed into a fight  
of one part of the country against an-  
other, every western man, irrespective  
of party, owes it to this great and  
growing region to do everything in his  
power to prevent that injustice.This is no longer a matter which  
merely interests Arizona and New  
Mexico. It vitally affects the entire  
west.**TO CURE A COLD IN ONE DAY**

## INJUNCTION CONTINUED.

It Was Received by the Red River Cat-  
tle Company Against Alleged  
Trespassers.The injunction which was granted  
in favor of the Red River Cattle com-  
pany against a number of cattlemen  
by Judge McFie in the Fourth district  
court, was continued yesterday by the  
court pending a determination of the  
trespass suit. Chief Justice Mills was  
disqualified from sitting in the case  
and Judge McFie heard the proceed-  
ings. It was alleged by the cattle  
company that a number of owners of  
cattle had driven their stock on the  
land of the company to its damage and  
detriment. An injunction was asked  
and suit for trespass was brought.

## A Cold Wave.

The forecast of sudden changes in  
the weather serves notice that a hoarse  
voice and a heavy cough may invade  
the sanctity of health in your home.  
Cautious people have a bottle of One  
Minute Cough Cure always at hand.  
E. H. Wise, Madison, Ga., writes: "I  
am indebted to One Minute Cough  
Cure for my present good health, and  
probably my life." It cures coughs,  
colds, LaGrippe, bronchitis, pneumonia  
and all throat and lung troubles. One  
Minute Cough Cure cuts the phlegm,  
draws out the inflammation, heals and  
soothes the mucous membranes and  
strengthens the lungs. J. H. O'Reilly

## CHRISTMAS TOYS.

They Are More Thoroughly Up-to-Date This Year Than Ever Before in the Annals of Christmases.

Toys for the coming Christmas are more thoroughly up to date than ever before. The animals which heretofore have moved on wheels are doing their own walking this year. Even the tiger and the bear travel on their own four feet, and a horse with a surprising highstep action pulls a carriage. These walking creatures are astonishingly life-like in their movements, and similar mechanism is used in connection with dolls that draw vehicles, swinging their arms and turning their heads from side to side as they proceed. A fashionable young lady doll in a stylish turnout looks this way and that as she goes along, as if bestowing a languid interest upon passers-by.

Small but ingenious automata are conspicuous among this year's playthings. One of the best of them represents a donkey taking a music lesson. The teacher (a clown) waving his baton and nodding his head, while the animal opens and shuts its mouth and brays. Miniature circus riders disport themselves on horseback, a girl jumping through a hoop, while a boy stands on his head and clashes cymbals together with his feet. Then there is a very funny pig which walks along and squeals at intervals while a dog hangs on by its curly tail.

Many of the mechanical toys are operated simply by being drawn or pushed along the floor, and these of course are on wheels. There is a water tower of modern pattern, though on a small scale, which will serve to put out a bit of a fire, elevating a hose to a height of three feet or so, and discharging a steady stream. Such an apparatus would easily reach the third story of the newest kind of doll's house, which latter, by the way, is a wonderful improvement on the kind of thing that little girls were accustomed to play with a few years ago.

The new doll's house is as nearly as possible like a modern dwelling, the suburban villa being the model most usually copied. It has porches and a small front lawn, and the second-story piazza is even decorated with tiny flowering plants in pots. The interior of the dwelling is disclosed by opening the back, which is on hinges, and all the rooms are seen to be as completely furnished in all respects as any residence of well-to-do people would be. There is actually a complete telephone in one corner of the library, and on the floors, in addition to carpets, are tiny imitation skin rugs with animals' heads on them. In the front hall, too, there stands a hat rack, with cunning little hats hanging upon its pegs.

Mission furniture of a size appropriate for children's use, is one of the novelties of the season, and has the advantage of being almost indestructible. Mrs. Roosevelt, a toy man said, bought a set of it for the white house young folks the other day, including a table and several chairs, suitable for dolls' tea parties. Quite new also are little Morris chairs, just like the big ones and with cushions most comfortably stuffed for the children.

The dolls themselves are proportionately elaborate and expensive. A fashionable young lady doll of Christmas, 1902, must have her traveling trunk, made just like a real one, containing a complete trousseau. Such a trousseau may be bought complete for as little as \$27, though some of them run much higher. Almost a necessity is a black silk Monte Carlo coat for Miss Dolly, made precisely in the likeness of the garment which has recently been the height of the mode.

A beautiful musical toy is a little gold box, out of which, when the mechanism is turned on by a switch, there pops a tiny silver bird, which flaps its wings, opens and shuts its beak and sings a song. Then, when it has finished its song, it pops into the box, and the lid shuts down. One can buy one of these exquisite playthings for only \$110.

By next January the toy makers of the Hartz mountains and elsewhere in Europe will be working on toys for the following Christmas, for they are obliged to keep that far ahead of Santa Claus' demands.—Philadelphia Record.

## A CITY EDITOR

## Bright's Disease and Diabetes Are Positively Curable.

Before the business men who incorporated the Fulton Compounds invested they put them to the test in dozens of cases. Hearing that Dr. W. Wood, the editor and proprietor of The Wine and Spirit Review, of 509 Montgomery St., had a certain case of Bright's Disease, he was one of those urged to test it. The following letter will now be understood:

"Office Wine and Spirit Review, 509 Montgomery St., San Francisco, Sept. 21, 1901.  
"Gentlemen: I consider it my duty to tell the world what the Fulton Compounds did in my case. In November, 1900, after a long illness, which carried me to the verge of the grave, a scientific analysis by the most noted men in this city disclosed that I was a victim of Bright's Disease. My physician told me that my only hope lay in a strong constitution. I changed to a warm climate. He suggested Santa Barbara, and I went there, but in a short time, during my absence in the south a San Francisco business man called upon my wife, and told her of the Fulton Compounds; that it was actually curing Bright's Disease, and urged that I try it. I began under protest. I soon felt better. Normal sleep returned, and in a few months I regained my health. I now weigh 230 pounds, and enjoy better health than I have in fifteen years. Naturally I told several of the same, and in every instance the results were the same, even where they had been told that Bright's Disease is at last curable, and appreciating my own good fortune, I will be glad to give further details to interested parties."  
"R. M. Wood."

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent are positively recovering under the Fulton Compounds. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price, \$1.00 or the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 509 Montgomery street, San Francisco, sole importers. Free tests made for patients. Descriptive pamphlet mailed free.

## SANTA FE.

From the New Mexican.

William Schneppe, clerk in Kaune's grocery, and Miss Emma Bandallier, cashier in the same place, were married by Rev. W. R. Dye, of the Church of the Holy Faith, at the rectory. Both the bride and groom are well known and highly respected here and have a host of friends who have nothing but the best wishes for them. Mr. Schneppe was a Rough Rider during the war with Spain. They will go to house-keeping about January 1.

Rufus Barrett Stone, president and general manager of the Star Publishing company, which publishes the Evening Star at Bradford, Pa., is in the city. Mr. Stone suffers from a throat and bronchial trouble and will remain in the territory about a month or six weeks. He has experienced great relief since his arrival and is confident his trouble will be eliminated by the time he returns. He is president of the Historical society of his home county and is greatly interested in the historical treasures to be found in Santa Fe.

## To Get Rid of a Troublesome Corn.

First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

## DEMING.

## A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming, the coming city of New Mexico.

Deming has a magnificent school system. Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico. Deming! Don't overlook it if you are looking for a safe and paying investment.

Deming, the seat of the new county of Luna. Deming is the great mining center of the southwest.

Deming water is chemically pure—equal to Polan springs. Deming has increased 50 per cent in population in four years.

Deming water and pure ozone make strong and healthy people. Investments in Deming lots will double and triple in one year.

Deming has now a large ice plant and electric light system under contract. In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens. Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and catmen all know this.

## SILENT OBSERVER.

A picture, which only the easterner can paint, New Mexico a land of cow punchers, scalp hunting Indians and bed whisky dispensaries. Mothers of the east who have a wayward or otherwise son in New Mexico picture him a hero with a red shirt, top boots, huge sombrero and smoking six-shooter. However is the artist that draws lurid pictures of the "busted" miner or the cow puncher rolling in wealth, but unable to write his name; of a land where the musical Spanish takes the place of the American language and where the days are long and sunnw and the chief occupation is rolling cigarettes and dancing with señoritas.

The telegraph wires north, south and west are covered with messages "Look out for this or that grip." Since the trains run whenever convenient many grips go on without their owners. "Don't rad that time table," said one traveling man to another at the depot this morning, "but keep your eye on the train for it is liable to start any time."

Several swell young gentlemen who were watching the weather with one eye and the ice with the other, went out skating this morning before breakfast. The ice on the river looked all right, but a few strokes brought the first adventurer to grief, he went in with both feet. Then all the others got "cold feet" and they returned home satisfied that Albuquerque and winter do not mix. It may get cold but there is never any winter.

"Poco frio," is the sweet little song that passes many a chapped lip these cold days. This remark calls forth "Oh, si," or some other cheap remark. What a grand thing it is we have weather. There would be no conversation were it not for the harming changes of the weather man. It requires no brain, skill, ability, talent and very little sense to talk about what's doing in the air, on the ground, all around, yet it is a most beautiful topic, by which we can keep on speaking terms. One can talk all around the weather when the mind may be solving the most paramount questions of the day (as statehood.) It is like love, everyone seems to know all about it. There are about as many various opinions on the weather as there are in a baby show. The weather man doesn't care whether he suits the dissatisfied public as long as he gives them something to talk about. When it is not the weather it is Beveridge and statehood.

## The Pride of Heroes.

Many soldiers in the last war wrote o say that for scratches, bruises, cuts, wounds, corns, sore feet and stiff joints, Bucklen's Arnica Salve is the best in the world. Same for burns, scalds, boils, ulcers, skin eruptions and piles. It cures or no pay. Only 25c at all druggists.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. ## STATEHOOD ARGUMENT

Hon. F. W. Clancy Interviewed.

The Citizen has received a marked copy of the Washington, D. C., Star, which contains the following interview with Hon. Frank W. Clancy, who was at the national capital attending the United States supreme court and talking statehood. The interview is to the point and is here reproduced in full:

"Frank W. Clancy, who lives at Albuquerque, N. M., and is a member of the bar of that territory, is in Washington on business pending in the supreme court, and a Star reporter has obtained from him some expressions of views as to statehood for New Mexico. Mr. Clancy formerly lived in Washington, but has lived for many years in New Mexico and his character and standing are such as to make anything he says of value, in view of his knowledge and familiarity of New Mexican condition. He was questioned as follows:

"What do you think of the proposition to unite New Mexico and Arizona and admit them as one state?"

"It requires no thought. Such a bill is not seriously considered by anyone. It cannot pass either house, and if it could the people of the territories would not even elect delegates to a constitutional convention, and no man could be found willing to be a candidate for election to such a convention. It would be more reasonable to talk of making four states of New Mexico and Arizona, as Senator Morgan once suggested. It cannot be that the president ever expressed approval of such a plan."

"What is your opinion of the objections to New Mexico set up in Senator Beveridge's report?"

"In advance of seeing the report, which is still withheld for revision, although it was due on December 3, it is difficult to answer that. From what I have learned, however, the objections appear to rely for success upon an appeal to the ignoble prejudice which is assumed to be always present in the Anglo-Saxon mind against all other races. It is represented that a large part of our population is of Spanish descent, many of them cannot speak English and that some of them are illiterate. These things are true, but it does not follow that these people are not good citizens. As a matter of fact, they are, as a whole, orderly, peaceable, law abiding, with a greater respect for all lawfully constituted authority than the average citizen of English descent. Those counties in New Mexico where they are largely in the majority have less crime and disorder than those in which so-called Americans predominate, and less than in most counties anywhere in the United States."

"They are progressive in the best sense of the word, ready to adopt new ideas when shown their value, and eager for the advantages of education to an extent that is touching to see. And the existing illiteracy is diminishing with marvelous rapidity. Under our school law school districts are allowed by vote to levy special taxes upon their property for school purposes in addition to the large general tax, and it is in the American communities that advantage is taken of this provision. These are the people who, shortly after the annexation, confiding in the promise of the treaty that they should be taken into the union, held a convention more than fifty years ago and framed a state constitution which prohibited human slavery in any form. Those of the present day are much farther advanced in every way, but they have the same love for liberty and freedom which animated their fathers in 1850, and have developed strong devotion to our institutions and government as best calculated to gratify that desire."

"I speak of these things because it is undoubtedly the fact that there is a general lack of knowledge as to the character and disposition of this part of our population."

**Testimony Taken by Committee.**

"Is it not the fact that the testimony taken by the committee shows New Mexico's unfitness for statehood?"

"No one has yet seen that testimony outside of the committee, but it cannot possibly prove anything of the kind. I have no doubt that it makes the worst possible showing for New Mexico, as it was evidently taken for that purpose, and not with any impartial and judicial intent. The complaint is universal in New Mexico that the committee cited only such witnesses and sought to elicit only such testimony as were expected to discredit upon us, and whatever they obtained of a different character was accidental and undesired. They stayed part of a day in Las Vegas, a day in Santa Fe and three days in Albuquerque, and in this length of time assume to have familiarized themselves with a country containing 123,000 square miles—an area nearly four times as great as that of the state of the chair-

man of the committee, and more than thirteen times as great as the states of the amiable gentlemen from New England who were members of the committee."

"What would be the political complexion of the new states if admitted?"

"Of Oklahoma, I do not know enough to say. I believe Arizona would be democratic, and New Mexico would certainly be republican. We had an 'object lesson' between 1893 and 1897 which drove it firmly into the minds of our people that democratic domination and disaster and poverty go together, and they cannot forget. Our business interests are bound up with the maintenance of a protective tariff."

**No Great Opposition to Statehood.**

"Is it not true that there is great opposition to statehood in New Mexico, as stated in the committee's report?"

"No; there are some foolish persons opposed to statehood who greatly magnify their own numbers and importance when they talk at all, but they are few. The vote at the last election showed this. There always have been such people in every territory seeking admission to the union. The republican candidate for delegate, Mr. Rodey, made a campaign all over the territory on the statehood question. He shouted 'statehood' in the ears of the voters every chance he could get, and he got a great many chances, for he was very active. His competitor dared not antagonize the state movement, and made his campaign largely on violent and unfounded attacks upon the administration of Governor Otero, and this undoubtedly helped to increase the republican majority. On election day an Albuquerque man who ought to have known better told me that Rodey's statehood campaign was foolish and would be very disastrous to him, as there was great opposition to statehood, and Rodey might even be defeated on that account. Somebody like this might have talked to the committee. Rodey's majority was overwhelming, larger than ever had been known before, and so large that those of us who had lived in New Mexico could hardly believe it possible when the returns came in."

"Is not all the business of the courts carried on through interpreters?"

"Not all, but a great deal of it is. Your question seeks to convey the idea, like the committee report, that if interpreters are employed that fact indicates that English is not the language of the courts. But you can see that if there is only a small portion of litigants, witnesses or jurors who do not understand English, interpreters are still necessary. This is not a matter of great importance. If it could be shown that the people were of such a character that business was not properly transacted in the courts that would be serious. But jurors and witnesses are quite as good with us as they are elsewhere."

**A Thousand Dollars' Worth of Good.**

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years passing gravel or stones with excruciating pain. I got no relief from medicines until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and feel like a new man. It has done me a \$1000 worth of good." Alvarado Pharmacy.

**Teller Hopes Quay'll Win.**

In His Statehood Bill Fight—Hay Will Look Out for Venezuela.

Senator Henry M. Teller, of Colorado, owner of a silver tongue, a silver mine and silver hair, was studying the trade winds at Broadway near Twenty-third street, says the New York Sun.

"I'm with Senator Quay in his statehood bill fight," said Senator Teller, "and I think he's going to win."

"As for Venezuela," said the senator, "I believe that the Monroe doctrine covers any oppression to which that republic may be subjected by Great Britain and Germany, and while I am not in the confidence of the state department, I expect that it will stand for justice for the little country."

"Cuba is getting along famously, and, let alone, will do well."

**Kodol Dyspepsia Cure.**

Digests all classes of food, tones and strengthens the stomach and digestive organs. Cures dyspepsia, indigestion, stomach troubles and makes rich red blood, health and strength. Kodol rebuilds worn-out tissues, purifies, strengthens and sweetens the stomach. Gov. G. W. Atkinson, of W. Va., says: "I have used a number of bottles of Kodol and have found it to be a very effective and, indeed, a powerful remedy for stomach ailments. I recommend it to my friends. J. H. O'Reilly & Co., B. H. Briggs & Co."

**OKLAHOMA STATEHOOD.**

Mr. Clark Says the Indian Territory Should Have Separate Government.

Ex-Representative Sidney Clark, chairman of the Oklahoma statehood executive committee, is at the National, says the Washington, D. C., Post.

"I am for the omnibus bill which admits Oklahoma, New Mexico and Arizona to statehood," said he, "and that is the only just and reasonable measure for the senate to pass. The unfortunate conditions which exist in the Indian Territory do not justify its un-

ion with Oklahoma at this time. The fee simple title to the whole body of land outside of town sites is still in the Indians, and it will be some years before the final allotments are made, and the estate settled under the direction of the Dawes commission. What is needed in the Indian Territory is a territorial government, such as is provided in the Moon bill, now on the house calendar, reported unanimously at the last session of congress by the committee on territories."

"I believe," said the veteran statesman, "that the bill reported by the senate committee on territories will not pass the senate when the unsatisfactory conditions which exist in the Indian nation are fully understood. The great mass of the white people of the territory do not want it. The Indians, who are the land owners, are unanimously against such a measure, and there are many important reasons why the bill should be defeated. Oklahoma, with more than half a million people, is ready for admission, and a majority of them are asking and pleading with congress for statehood as a right that ought not to be delayed. They declared in favor of the omnibus bill at the last election, and they look anxiously to the senate to carry out the pledges made by both political parties in national convention to admit the territories as states."

**A Good Cough Medicine.**

(From the Gazette, Toowoomba, Australia.)

I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Wockner. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by all druggists.

**Premature Announcement.**

The Albuquerque Citizen of last evening prematurely announced the betrothal of Jack Pettitt, formerly of Pope's cigar store in this city and now employed in the railroad shops in the Duke city, to Miss Gracie Roseberry, daughter of N. B. Roseberry, of this city. The young lady is lovable and winsome, but she is only "sweet sixteen," and has not yet completed her studies at school. It could only be another instance of youthful ardor at best.—Las Vegas Optic.

**COUGHS AND COLDS IN CHILDREN**

**Recommendation of a Well Known Chicago Physician.**

I use and prescribe Chamberlain's Cough Remedy for almost all obstinate, constricted coughs, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—Mrs. Mary R. Melendy, M. D. Ph. D., Chicago, Ill. This remedy is for sale by all druggists.

**A Fatal Accident.**

An unfortunate and particularly sad accident occurred about half past eight o'clock last evening, and which resulted in the death of Robert Pinyan some three hours later. The young man had been engaged in hauling freight from Durango, and at the time of the accident was on his way to Farmington with a load of flour for Andrews & Randolph, and while driving through the lane, running east of the D. B. Ross ranch, a broken

bridge caused the wagon to lurch, which threw the young man off the seat, both wheels passing over his back, which caused a hemorrhage of the lungs and other internal injuries from which he died. Young Pinyan was only 17 years of age, son of Mrs. J. L. Jones, and was born at Animas City, Colo., where the remains will be shipped today for interment.—Farmington Hustler.

ADVERTISE IN THE DAILY CITIZEN

## BEAT TRINIDAD.

The Albuquerque Chess Players Defeated Trinidad.

Another scalp was added to the Albuquerque Chess club's belt last Thursday and Friday, when Trinidad, Colo. players went down in defeat in consecutive days. One game being played each day.

Think of a game of chess by correspondence! Such a game is being arranged with El Paso. Unless one or the other of the players is checked in a few moves, it will require several weeks to play the game.

A handicap prize tournament is the latest move of the local club. It was started last week with the players arranged as follows:

Class A gives to class B a knight and to class C a rook. Class B gives to class C a knight.

There will be three prizes and the players have entered classes as follows:

Class A, W. B. Mundelle; class B, F. O. Keyes, F. H. Pearce, W. P. Metcalf; class C, T. J. Shilick, A. L. Mahaffey, George Purdy.

The contest promises to be sharp and spirited.

The championship tourney is about completed, the score being in order as follows:

	Won.	Lost
Mundelle	21½	6½
Pearce	6	6
Metcalf	16	13
Wilkinson	8½	9½
Keyes	10	15
Shilick	7½	13½
Purdy	6	12
FOX	1½	4½
Metcalf	1	3

The handicap prize tourney is absorbing most of the attention now and the score so far is as follows:

	W.	L.
Mundelle	6	1
Keyes	7	4
Shilick	2	2
Purdy	2	2
Pearce	2	4
Mahaffey	2	5
Metcalf	1	4

## POLICE COL.

An Old Soldier Hoboing—The Destructive Work of Another Tramp.

Police court disposed of a couple of hoboes of the typical brand this morning. One was an old soldier, who now has nothing to spend but his time. His hair was long and shaggy, and a heavy beard covered his face, leaving only a small portion around the sharp piercing eyes visible. His coat is fitted up as a traveling kitchen. Tin pans, spoons and all sorts of necessary articles are hung in regular order in the back. Hoboing is his business and he has all the modern conveniences and comforts connected with the trade. He was not arrested, but he most naturally seeks his court (the police court) for a night's rest. The court turned him loose this morning and he is rambling out of town.

The patched up piece of humanity that made himself conspicuous on the streets Saturday by his unapproachable appearance and weighty jag, was a star performer in a one act comedy this morning, the curtain falling on a ten days' performance.

Saturday morning this demoralized mass of flesh was sent to the hospital, but he didn't have any use for that institution, as they demanded cleanliness. He sneaked away and wandered around the town until he was sent to his accustomed resting place. Then the trouble began. He had a pain in his side and as Payne, the jailor, was not around to obtain medical attention for him he proceeded to ruin the furniture in the city prison. The upholstered rocking chairs, alias soap boxes, were completely wrecked. The fine feather beds, alias a bunch of old quilts, were torn into strips, and the brick-bat, alias tin cans, old pipes and chewing tobacco, were thrown around the room. He told the judge he wanted to spend Christmas in El Paso, but the judge was of the opinion that if he could handle bad streets in the same active manner in which he did the furniture in the jail, he was worth retaining.

## Sheep Stolen.

Eight or nine sheep were stolen from David Farr at the stock yards early Sunday morning. A brakeman on a passing freight saw three natives stealing the sheep from the end of the

car. He reported the matter to Special Officer Ben Williams, of the Santa Fe, who is working on the case.

Yesterday Officer Williams, in company with another officer, visited the house of a man suspected, but found nothing that would in any way connect this man with the theft, but the man became angry because of the intrusion and search and began to abuse the officers by profanity galore, whereupon he was arrested and placed in jail. He was released this morning, as no charge was filed against him. The officers assert that when they called at the house, he invited them in and make a search if they desired, and that he had no cause to use the language he used.

## ARIZONA TOWNS

## ASH FORK.

From Williams News.

Frank Murphy is making Ash Fork a visit.

Mr. Hudson is now manager of M. Salzman's store at this place.

All have returned from the carnival at Prescott and report a good time.

The Navajo Indians that have been staying in town for some time have left.

William Tucker and Mack Stewart sold their horses to a Mr. King from Kansas.

A Stump and family have moved to town and will start a boarding house on the corner of Fifth street.

A hunting party consisting of Arthur Doyle and father, John Bishop, John Gray, Mr. Smiley and two Indians returned Wednesday with seven deer.

A kidney or bladder trouble can always be cured by using Foley's Kidney Cure in time. Alvarado Pharmacy.

## ST. JOHNS.

From the Snips.

Abraham Chaves and family came in from their ranch to visit with their relatives for a short time.

There is an optician in the city. From the number of traveling opticians who visit our city it seems that it would pay a good man to locate in our midst.

B. Schuster has just returned from attending United States court at Prescott. He took in the carnival, but claims that he never saw "Ho-ho!" the Wild Man.

Our old friend, A. F. Potter has completed an investigation of the western forest and will return to Washington soon. Mr. Potter is proving a valuable man to the government.

Mr. and Mrs. J. J. Karnes took a trip to the Zuni villages last week. They intended to visit the time honored dances of the Zunis, but on account of the diphtheria being rampant among them the visitors returned without seeing the dances.

Don't be imposed upon by taking substitutes offered for Foley's Honey and Tar. Alvarado Pharmacy.

## SNOWFLAKE.

From Holbrook Argus.

Mrs. Nellie Freeman returned from Salt Lake City.

A number of young people attended the dance at Taylor.

Lewis E. Johnson left for a mission to Denmark. Hans Hansen, of Woodland, came down, accompanied by his wife, and left with Mr. Johnson for the same purpose.

The diphtheria is still making its terrible inroads upon our little folks. The little 4 year old son of J. H. Frost died of diphtheria. There are still three places quarantined in town with the disease.

Foley's Honey and Tar positively cures all throat and lung diseases. Refuse substitutes. Alvarado Pharmacy.

## HOLBROOK.

From the Argus.

J. R. Hunter, of Gordon canyon, has been spending the week in Holbrook.

Willis Bros., who have a contract for hauling material to Keam's canyon, are taking out some heavy loads of lumber these days.

This section was visited by a heavy rain and some snow. Next season promises to be good for grazing in Arizona—stocked or no stocked.

Mr. and Mrs. Fred Wetzel and J. R. Hunter, of Gordon canyon, were at Winslow. Mrs. Wetzel and Mr. Hunter were initiated in the Eastern Star lodge that evening.

In a letter from Sigfried Meyerhoff he states that he has a lucrative position as shipping clerk in a wholesale wire mattress house in San Francisco, and is satisfied in his new location. He wishes to be remembered to his many Holbrook friends.

It has been decided to give a dance Christmas for both the little folks and the grown people. The dance for children will begin Christmas eve and the elder people will have their Christmas night. Committees have been appointed and arrangements are being made for a good time.

W. B. Woods, postal telegraph manager, is quite a schemer. He is building a high board fence about twenty-five feet west of one around his lots and figures that when the Arizona breezes begin to get in their work along in February and March, the wind will blow all of this sand out and level this piece of ground down even with that where his house stands. We'll wait and see.

## A Timely Topic.

At this season of coughs and colds it is well to know that Foley's Honey and Tar is the greatest throat and lung remedy. It cures quickly and prevents serious results from a cold. Alvarado Pharmacy.

## WINSLOW.

From the Mail.

Geo. W. Ames, a sheepman from Taylor, is visiting in town.

Henry Carston, who is connected with the Bley Bros.' sheep ranch, has been in town this week.

J. X. Woods and F. W. Nelson returned from Prescott, where they have been engaged in jury work.

Charlie Wyrick has made his appearance on the streets of Winslow, after an absence of six months in the mountains. He has been taking charge

of Campbell & Perkins' sheep ranch during that time.

Lesser & Sawyer have sold 2,500 fat wethers to Mr. Alexander, the sheep buyer from Los Angeles. The sheep will be shipped next week.

George Wolff, Louis Krentz and Willie Graves left on a bear hunting expedition. If the bears don't get the hunters, the latter will return some time next week.

Fred Krentz, better known as "Rube," has quit farming and is now clerking for Babbitt Bros. After the holiday rush is over, he will return to his favorite occupation of digging turnips.

Barney Stiles, the well known cattleman, is building a tank about eight miles north of Coon mountain. He is planning to make that place the headquarters for his cattle ranch.

Illin Sultan was arrested at Williams on complaint of Mrs. Charles May, who charged her with stealing some rings. She was brought to Winslow and confined over night. The case came up before Judge Mahoney, who dismissed the complaint and assessed the charges against both parties.

An endeavor is being made to organize a boy choir at the Episcopal church. J. W. Francis is at the head of the movement and he would like to have an interview with all the boys who can sing and are willing to join the choir. A special service for Christmas will be the first public effort of the choir.

Krentz & Wolff are working on the Chevelon ditch with four teams and a gang of men and have the work now about half done. It is expected to have the job completed in about a week's time and then the ditch will be ready for another season's irrigating. The enlarged ditch will carry about twice the amount of this year's flow.

Half the ills that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

## KINGMAN.

From the Miner.

Mrs. Ida Crozier, of Crozier, has been in Kingman all of this week looking after her large business interests.

James Uncapher came in from the Queen Bee mine a few days ago and has gone on to Albuquerque, where he will visit with friends.

W. W. Dunbar, who has been at the San Jacinto hot springs, trying the curative properties of its waters for rheumatism, returned home a few days ago seemingly entirely cured.

Mrs. Grace Johnson, nee Overman, died at her home in Meyer, Yavapai county. Mrs. Johnson taught school in Kingman several terms a few years ago and endeared herself to the people of the town by her many admirable qualities. Her sister, Mrs. Collins, and husband were with her when the end came. The burial took place at Prescott.

The jury in the cause of the United States against Andy Lancer, after two mistrials, brought in a verdict of acquittal, at Prescott, last Wednesday. Lancer has been indicted on three counts for opening the correspondence between W. H. Hall and wife. Mrs. Hall was brought on from Maine to testify against Lancer. One of the juries stood eleven for conviction and one for acquittal.

Mrs. M. G. Burns, who has been ill for nearly a year past, passed away at San Diego. We understand that the cause of death was dropsy. Her husband was with her at the time of her death and did all that loving care could devise to prolong her life. She was a most estimable woman and her death will cause great regret among her friends and acquaintances in this county.

E. T. Perkins, who has charge of the work of the geological survey between Yuma and the Grand Canyon, along the Colorado river, was in Kingman a few days ago. A corps of engineers will be placed in the field at Cottonwood Island and that section mapped. Mr. Perkins is an enthusiastic believer in the great possibilities of the Colorado river as an irrigation source and his report is liable to cause the government to put in the dams on the river that he recommends.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Electric Oil relieves the pain instantly. Never safe without it.

## FLAGSTAFF.

From the Sun.

J. Aubineau has been on the sick list this week.

W. T. Elliott, of the Indian school at Truxton, was here several days the past week.

Mrs. Asa Clark left for Los Angeles, Cal., where she will spend the winter.

Mrs. Eva Wheeler is seriously ill with pneumonia, at the home of her parents, Mr. and Mrs. A. A. Dutton.

On account of the prevailing bad weather the Greenlaw mill has closed operation until more settled weather prevails in these parts.

J. C. Moritz and family have moved from Bellemont to Flagstaff, and are now occupying the Fenton Jones residence on West Aspen avenue.

Jack Butler will spend the next one hundred and fifty days in the county jail, Justice Quinlan having imposed that sentence on him for being a common drunk.

The room in the court house, formerly occupied as the office of the sheriff,

is being fitted up for the new district attorney, E. M. Doe. The room will be divided, making two convenient rooms.

Oswald Reuckwolt, who for more than a year past has been the popular clerk at the Commercial hotel, left for Williams, where he will accept a similar position in the Grand Canyon hotel.

D. M. Francis returned from a month's visit to his old home in Missouri. Mr. Francis says the weather in the east is disagreeable, and he is glad to get back to Arizona and sunshine.

T. F. Moran, of Winslow, spent a day here. Mr. Moran was elected district attorney of Navajo county at the November election, and after the first of the new year he will make Holbrook his place of residence. He will make Navajo county an efficient official.

Flagstaff lodge, No. 7, F. & A. M., elected the following officers for the ensuing year at their meeting: J. J. Coalter, W. M.; A. E. Douglass, S. W.; Harry Fulton, J. W.; T. E. Pollock, treasurer; F. S. Breen, secretary. The officers will be installed on the night of December 25, when the lodge will occupy the Elks hall, arrangements having recently been made whereby the Masonic lodge will hereafter hold its meetings in that attractive lodge room.

Dan Francis returned from a several weeks' visit to his old home in Chillicothe, Mo.

The snow has disappeared very fast in the last few days, but it looks now like we will soon have another visitation of the "beautiful."

Howard Jordan, a former resident of this place, but who has been in Colorado for the past three or four years, returned to Flagstaff last Friday.

Died, in Flagstaff, Mrs. Lucinda Jones, wife of Milton Jones. The deceased was 66 years old. She leaves a husband and two daughters, Mrs. H. Dietzman and Mrs. W. H. Nichols, to mourn her death. The relatives of the deceased have the sympathy of this community in their bereavement.

## WILLIAMS.

From the News.

Mrs. Amos D. Adams and baby left for Los Angeles, where she will spend the remainder of the winter.

Mrs. G. W. Martin expects to leave the first of the week for Fresno, California, where she will make a lengthy visit.

Miss Amanda Stallman left for Rhoades. Her mother, Mrs. J. M. Baumgartner, of that place, has been indisposed for the past two weeks.

Mrs. Joseph Johnston returned from Albuquerque, where she attended the funeral of her brother, Ralph Hill. Mrs. Kennedy will return the coming week.

Sheriff James A. Johnson arrived home from northern California, where he had been to make final proof of his timber claim. We understand Jim was offered a liberal inducement to sell, but refused.

Mr. and Mrs. J. H. Phelan went hunting out in the Red Lake country, returning on Tuesday. They had several break downs, as the roads were heavy, and failed to kill any game.

Mr. and Mrs. O. C. Strait came in from Los Angeles, where they have been for the past two months. They left on the afternoon train for the canyon, where Mr. Strait resumes his old position at the hotel.

Maurice, son of Mr. and Mrs. M. Salzman, is expected home next week for the Christmas holidays. He comes from California, where he is attending St. Matthew's military academy. His many friends here will welcome him home.

F. O. Polson left for Garfield, Kansas, to attend the bedside of his brother, Andrew, who is very low with typhoid fever. He had been on the road to recovery but suffered a relapse.

J. M. Dennis has returned to Rhoades from his vacation and rest in California. He left Mrs. Dennis with her daughter, Mrs. F. L. Rogers, at Cupertino, Cal., where she will spend the holidays. She is enjoying better health since leaving the mountains.

Engineer J. B. Girard with his assistants, Park Latimer and L. W. Hansen, came in from Prescott. On Tuesday they departed for the Grand Canyon, where they will survey the properties under the management of Mr. Penhale, known as the Hance Asbestos claims. They will be in the canyon some ten days.

W. W. Wilsey had the misfortune to have his horse fall upon him at Rhoades. At first it was thought that his injuries were of a serious nature and he was brought to the city and placed in the hospital. Examinations showed that he was only badly bruised and he will be around again in a few days.

Win. F. Nichols recently purchased a half interest in C. C. Hutchinson's sheep business. At the time their sheep numbered some 7,000 head. For the past ten days Mr. Hutchinson has been over in New Mexico making extensive purchases, until their total is close to 14,000 head. Part of those acquired in New Mexico will be shipped to Ash Fork and the remainder to California.

**PUNISH SAN ANTONIO.**

**Southern Pacific Will Move Its Shops  
Away From Town.**

W. G. Van Vleck, manager of the  
Atlantic system of the Southern Pa-  
cific, was at San Antonio, Texas, the  
other day. In an interview he stated  
that the company has acquired a tract  
of land five miles east of San Antonio,  
to which the company would remove  
its switching yards and ultimately its  
shops, round houses, etc. In other  
words, they will start another town.  
According to Mr. Van Vleck, this was  
the only course left the company, as  
the city of San Antonio has harassed  
and annoyed them continually. The  
removal of the yards and shops will  
mean a great loss to San Antonio.

The mayor of San Antonio has writ-  
ten Mr. Van Vleck a letter demanding  
an explanation of the interview, and  
the answer is contained in the reite-  
ration of the statement. Some years ago  
the people of Columbus took occasion  
to do what they could along the line  
of making life miserable for the road,  
and the new town of Glidden was es-  
tablished as division headquarters, all  
the yards were removed to that place,  
and the town of Columbus made a way  
station, which it remains, despite sev-  
eral efforts on the part of the people to  
secure a reconsideration. This case is  
cited by Mr. Van Vleck in regard to  
the San Antonio situation.

"Harry Duckwell, aged 25 years,  
chocked to death early yesterday  
morning at his home, in the presence  
of his wife and child. He contracted  
a slight cold a few days ago and paid  
but little attention to it. Yesterday  
morning he was seized with a fit of  
coughing which continued for some  
time. His wife sent for a physician  
but before he could arrive, another  
coughing spell came on and Duckwell  
died from suffocation.—St. Louis Globe  
Democrat, December 1, 1901." Bal-

**WON'T RECOGNIZE UNIONS.**

**Pullman Employees as Individuals Re-  
fuse to Work on Sunday.**  
The 8,000 employees in the shops of  
the Pullman Palace company at Chi-  
cago are preparing to take a stand in  
support of a demand for shorter hours  
and no Sunday work. Foremen in all  
the shops were notified that individ-  
ually the men would not report for  
Sunday work hereafter.

The Pullman company has never rec-  
ognized any of the unions of men in its  
employ and the unions have not asked  
recognition in this case. The various  
bodies quietly agreed that members  
would take the stand and put an end  
to Sunday and overtime work. Later,  
it is the purpose of the unions, it is as-  
serted, to formulate a scale of wages

providing for a slight advance and sub-  
mit it to the company. There are  
twenty different crafts or trades em-  
ployed in the shops which have been  
organized.

Foley's Honey and Tar contains no

**Orient Road Will Have Some Novel  
Attractions to Offer.**

Harry C. Orr, general passenger  
agent of the Orient railway, has just  
returned from a trip to Topolobampo,  
and gives a glowing description of  
what he saw there. Among other  
things he said:

"The scenery on the Orient road  
through the Sierra Madre mountains is  
equal in grandeur to any on the North  
American continent. When the road is  
opened and fully prepared for handling  
business, tourists and pleasure seekers  
can go from Kansas City and connec-  
tions to Port Stilwell, thence by steam-  
ers to San Diego, San Pedro (Los An-  
geles), Santa Barbara and San Fran-  
cisco, returning by the way of other  
lines or vice versa, at the regular rates  
charged, including meals and berths  
on the steamer. From Chihuahua the  
Orient road is progressing both east  
and west rapidly."

**Ballard's Horehound Syrup.**

Immediately relieves hoarse, croupy  
cough, oppressed, rattling, rasping and  
difficult breathing. Henry C. Stearns,  
ruggist Shullsburg, Wisconsin, writes  
May 20, 1901: "I have been selling  
Ballard's Horehound Syrup for two  
years, and have never had a prepara-  
tion that has given better satisfaction.  
I notice that when I sell a bottle, they  
come back for more. I can honestly re-  
commend it: 25c, 50c and \$1.00 at Cos-

Fifteen hundred motormen and con-  
ductors employed by the Pittsburg  
Railways company received a bonus of  
\$20 each, an aggregate of \$30,000. Six  
months ago the company announced  
that it would give a bonus of 1 cent an  
hour to every motorman and conductor  
who did not have an accident during  
the year. Just half the conductors  
and motormen closed the designated  
period with clean records, and these  
shared in the division of the money.

**Had a Good Time.**

A. J. Snell wanted to attend a party,  
but was afraid to do so on account of  
pains in his stomach, which he feared  
would grow worse. He says: "I was  
telling my troubles to a lady friend,  
who said: 'Chamberlain's Colic, Chol-  
era and Diarrhoea Remedy will put  
you in condition for the party.' I  
bought a bottle and take pleasure in  
stating that two doses cured me and  
enabled me to have a good time at the  
party." Mr. Snell is a resident of Sum-

Track laying on the Santa Fe Cen-  
tral railway has not been commenced,

**HEAVIER RAILS.**

All Light Rails on Santa Fe System  
Must Go.

In conversation with a reporter for  
the Topeka State Journal, General  
Manager H. U. Mudge, of the Santa Fe,  
stated that during the year 1903 the  
Santa Fe will lay 335 miles of new 75-  
pound rails on the lines between Chi-  
cago and Albuquerque.

The new rails will replace the 65, 66  
and 71-pound rails now in use at vari-  
ous places on the line. By 1904 it is  
the intention of the Santa Fe company  
to have no rails on its lines of less  
than 75 pounds weight.

About seventeen miles of new rails  
will be put in between Topeka and Car-  
bondale, replacing the lighter rails  
now in use. It was at Wakarusa, be-  
tween Topeka and Carbondale, that  
the last disastrous wreck occurred, and  
by some the cause of the wreck is be-  
lieved to be the fact that the rails were  
too light for the fast and heavy passen-  
ger locomotives.

About twenty-five miles of the new  
75-pound rails will be used in double  
tracking the Emporia cut off. This  
will be nearly enough to complete the  
double line of steel from Kansas City  
to Emporia.

The Santa Fe main line from Chi-  
cago to Peoria will also be double  
tracked.

It is also stated by General Manager  
Mudge that similar plans for replacing  
the light rails with 75-pounders are  
perfecting for the Santa Fe coast lines,  
but he was unable to state the exact  
number of miles which will have to be  
changed. The plan is to make the 75-  
pound rail the minimum of weight for  
all of the Santa Fe system.

**Cause of Wrecks.**

There is a general belief with the  
public that the cause of many of the  
recent Santa Fe wrecks is the practice  
of running heavy engines on rails  
which are too light to withstand the  
terrible impact. When asked concern-  
ing this, General Manager Mudge said:  
"We do not believe that the cause of  
these wrecks is the use of engines too  
heavy for the rails. Most of the  
wrecks, as it happens, have occurred  
where there are already heavy rails in  
use. An examination of the track  
where the wrecks have happened fails  
to show that the rails are injured or  
turned over."

The fact that the Santa Fe has de-  
termined to replace all the light rails  
on the entire system indicates very  
clearly, however, that they are not giv-  
ing satisfaction, and even though so  
far the wrecks may have not been oc-  
casioned by the light rails, the evident  
intention is to avoid further possibility  
of danger from that source.

The Santa Fe has been steadily in-  
creasing the weight of its engines,  
until the climax was reached in the  
immense decapods, which weigh 125

It has numerous engines which  
weigh in the neighborhood of 100 tons.  
Yet while such immense improve-  
ments have been made in the motive  
power, the same track has in general  
been allowed to continue in service.  
Now the Santa Fe has apparently de-  
termined that it is time to make the  
track keep pace with the motive power  
in strength and weight.

Homer Hall, of West Point, Ia. Lis-  
ten why: A severe cold had settled  
on his lungs, causing a most obstinate  
cough. Several physicians said he had  
consumption, but could not help him.  
When all thought he was doomed he  
began to use Dr. King's New Discovery,

Restore Full Strength and Vigor of Youth.

**SENT FREE TO ALL**

**INSURES LOVES AND A HAPPY HOME.**

There is no longer any need for men  
to suffer from lost vitality, night loss-  
es, varicocele, etc., when it can be  
cured almost like magic in the privacy  
of your own home and restore small  
weak organs to full strength and vigor  
of youth by a simple remedy which  
any man can use. Simply send your  
name and address to the Dr. Knapp  
Medical Co., 2083 Hull Building, De-  
troit, Mich., and they will gladly send  
you the Doctor's full prescription free  
and everything necessary for a quick  
and lasting cure.

The following, taken from their  
daily mail, shows what men say who  
have taken advantage of this grand  
free offer.

"Dear Sirs:—Please accept my sin-  
cere thanks for yours of recent date. I  
have given your treatment a thor-

ough test and the benefit has been ex-  
traordinary. It has completely braced  
me up. I am just as vigorous as when  
a boy and you cannot realize how  
happy I am."

"Dear Sirs:—Your method worked  
beautifully. Results were exactly what  
I needed. Strength and vigor have  
completely returned and enlargement  
is entirely satisfactory."

"Dear Sirs:—Yours was received  
and I had no trouble in making use of  
the receipt as directed, and can truth-  
fully say it is a boon to weak men."

"Don't stop and wonder how they can  
afford to do all this, but send today;  
the offer is genuine, and the prescrip-  
tion will be sent by return mail in a  
perfectly plain envelope absolutely  
free just as stated. Write today and  
soon you'll be happy."
