PORTS BLOCKADED

Official Proclamation Against Venezuela Ports.

GREAT BRITAIN HAS PROCLAIMED

Roosevelt Wants Arbitration Submitted to the Hague Tribunal.

ROOSEVELT WANTED AS ARBITRATOR

London, Dec. 20.—The official proclamation of the blockade of the Venezuela ports was gazetted this morning and becomes effective today. The text of the proclamation is as follows:

"Foreign Office, Dec. 20, 1902.—It is hereby notified that as the United States of Venezuela have failed to comply with the demands of his majesty's government, a blockade by his majesty's naval forces of the ports of La Guayra, Caranero, Guanta, Cumana and Carupano and the mouths of the Orinoco is declared and such blockade will be effectively maintained from and after the 20th of December, subject to the allowance of the following days of grace:

"For vessels sailing before the date of this notification from West Indian ports and ports on the east coast of the continent of America. Ten days for steamers and twenty days for sailing vessels; and from all other ports twenty days for steamers and forty days for sailing vessels."

"For vessels lying in the ports now declared to be blockaded, fifteen days."

"Vessels which attempt the blockade will render themselves liable to all measures authorized by law of nations and by the respective treaties between his majesty and the different neutral powers."

President Roosevelt's Proposal.

Washington, Dec. 20.—President Roosevelt has proposed to the allied powers that the Venezuelan dispute be submitted to the arbitration of The Hague Tribunal. The powers have replied with a counter proposal that President Roosevelt himself arbitrate the issues.

They Want Roosevelt as Arbitrator.

Berlin, Dec. 20.—The semi-official statement made tonight says:

"The invitation to President Roosevelt to act as arbitrator was made after a thorough consultation between Germany and Great Britain. An understanding has been reached by the two powers on the reservations attached to the offer and the German note will agree with the English note on all essential points."

Cruisers Arriving.

La Guayra, Venezuela, Dec. 20.—The United States cruiser Albany, French cruiser Troude and the British cruiser Retribution have just arrived here.

Begin on Christmas Day.

Washington, Dec. 20.—The state department received notice from Charge d' Affaires White, at London, that the blockade of the Venezuelan ports will begin on December 25.

THEY WILL BE THERE.

Albuquerque Teachers Will Attend Meetings at Las Vegas.

The teachers of the Albuquerque schools will visit Las Vegas to attend the New Mexico Educational association which will meet in that city next Tuesday. Superintendent Stroup, Professors Lenker, Decker and Nicholson, Mrs. La Bar, Misses Hughes, Hunt and Tway will attend the meeting from the public schools. Dr. Ticht, Prof. Hodgkin, Prof. Magnusson and several other members of the faculty of the university will be present. In the program as given out, it will be seen that Albuquerque figures prominently in the work of the convention.

WICKSTROM'S FUNERAL.

Will Be Tomorrow Afternoon in Fairview Cemetery.

Tomorrow afternoon, at 2:30 o'clock, at O. W. Strong & Sons, funeral services will be held over the remains of John Wickstrom, whose sad death was chronicled in The Citizen yesterday. Rev. Richter, pastor of the German Lutheran church, will officiate, after which all that is mortal of the once well-to-do and genial John Wickstrom, who died as a pauper, will be laid to rest in Fairview cemetery.

In connection with his death, The

Citizen wishes to give a case of "man's inhumanity to man," although his death should have atoned for any bitter feelings previously held against him.

Yesterday Carl Hoffman telegraphed the news of the death of Mr. Wickstrom to his brother-in-law, John Henrickson, of 1514 Capital avenue, Omaha, Neb., asking if he would defray the expenses of burial. The answer came back as follows:

"Will stand no expense of Wickstrom's funeral."

Mr. Henrickson is a member of the piano and music firm of P. E. Flodman & Co., of Omaha, and when John Wickstrom was flush with money that brother-in-law received many a dollar from him, and some say that it was Wickstrom's money that set him up in business. To show his gratitude, he now refuses to aid in giving his benefactor a decent burial.

This morning, before Joe Barnett had appeared at his place of business, William Menasco, a kind hearted sport, started around with a subscription paper to secure funds for Wickstrom's burial. Mr. Barnett heard of Menasco's act of kindness, and sought out the gentleman to ascertain if facts were true. Being so informed, Mr. Barnett had all the funds collected returned to the subscribers, tore up the subscription paper, and the entire funeral and burial expenses of John Wickstrom will be borne by Mr. Barnett, who, only a few years ago, was a partner of the dead man in The St. Elmo business. It is truly an act of genuine kindness on the part of Mr. Barnett.

UP FROM SOCORRO.

Judge McMillan Here and Gives Some Court News.

SEVERAL IMPORTANT CASES.

Judge D. H. McMillan and wife and daughter, Mrs. Ross McMillan, came up from Socorro this morning and are spending the day in the city doing Christmas shopping.

Judge McMillan's court has been taken up the past few weeks with Socorro county election contest cases and the preliminary hearing in the Baca murder case.

"It is rather unusual for a district judge to hear the preliminaries in a case of this kind," said Judge McMillan this morning, "but as the local magistrate of our city is father of one of the principals in the case, and the next nearest was uncle, it was more agreeable to all concerned that I should hear the preliminaries."

Judge and Mrs. McMillan and daughter expect to return home tonight.

LOCAL PARAGRAPHS.

Attorneys W. B. Childers and E. W. Dobson, who are representing the contestants in the Socorro county election contest case, returned this morning from Socorro, where the case is being heard before Judge D. H. McMillan, of the Fifth district.

All departments of the Presbyterian mission school for boys held Christmas exercises yesterday afternoon. A Christmas tree was had in most every room. A number of the teachers and children have gone to their homes to spend the holidays.

Dr. Carl Herdika, scientist and magazine writer, spent yesterday in the city and left last night for his home in New York. His latest literary accomplishment, "A Study of the Aztec Race," appeared in the Christmas number of Harper's Weekly.

The High school basketball team are more enthusiastic than ever over the game of skill and dexterity. This afternoon they will contest with the famous Indians girls at the Indian schools. Since the recent victory the spirit of these promising players has been renewed and they are confident of victory in all their contests. They will have another chance to display their ability as star players on December 29, in the basket game with the A. & M. girls of Mesilla Park.

Sheriff Dixon Will Not Allow McGovern-Corbett Fight at Detroit.

THE ROOSEVELT FAMILY VISITING

Washington, Dec. 20.—In the presence of a notable assemblage, including President Roosevelt, some of his cabinet, many senators and representatives, and most of the army, navy and marine officers in the city, in their dress uniforms, funeral services over the remains of Mrs. Julia Dent Grant, widow of the former soldier and president, were held in this city this morning in the Metropolitan Methodist Episcopal church and the casket immediately afterward was taken to New York on a train over the Pennsylvania railroad, which left here at 11 o'clock.

All of the family were present, except Jesse Grant, who will reach New York this morning and attend the ceremony in that city tomorrow.

Rev. Dr. Frank M. Bristol, pastor of the church, officiated and opened the ceremony by reading from the scriptures as he walked down the aisle, followed by the honorary pall bearers, consisting of senators, the speaker of the house and others. The pall bearers were seated just back of the stricken family. The casket was covered and the pulpit was banked with floral tributes. The choir sang "Lead, Kindly Light," after which Dr. Bristol offered prayer. Following this the choir sang "Nearer, My God, To Thee," and the service was closed. The family were then driven to the Pennsylvania depot and left on the 11 o'clock train for New York.

The Roosevelt Family.

Washington, Dec. 20.—President Roosevelt, accompanied by Mrs. Roosevelt and four of their children, left at 12:05 p. m. for Rapidan, Va., to spend Sunday with friends.

Hon. Joshua Reynolds, president of the First National bank, arrived from El Paso this morning.

Bailey Favors Statehood.

Will Fight in Senate to Secure Passage of the Omnibus Bill.

A special dispatch from Washington to the St. Louis Globe-Democrat says: Senator Bailey, of Texas, will make a fight in the senate against any effort of the opponents of the omnibus statehood bill to include Indian Territory as a part of Oklahoma in any bill that may be passed by the senate.

"I have received a large number of telegrams and letters from my friends in Indian Territory," said Senator Bailey today, "urging me to support the Beveridge bill, as it is called, granting statehood to Oklahoma and Indian Territory as one state. I cannot apply to all of these appeals, but I want to make it clear that I am opposed to any such proposition. I am in favor of the omnibus statehood bill. The residents of Indian Territory are naturally anxious to secure relief from their present conditions, as they are practically without any form of government, but they should understand that it would be to their serious disadvantage to have the bill passed uniting them with Oklahoma at this or any other time. Indian Territory must be admitted as a state in a very short time, in a few years at most. Then Oklahoma and Indian Territory would be entitled to

four senators, whereas, by the terms of the proposed substitute, the two territories would have but two senators, if admitted as one state. All of the large states are now in the west, and all the small ones in the east. I am unwilling to further increase the advantage of the east and add to the disadvantage of the west by making one state where there ought to be two. The pole purpose of the bill proposing to admit Oklahoma and Indian Territory as one state is to defeat the omnibus statehood bill and to defeat any statehood legislation at this session."

Most of the statehood advocates from Oklahoma, New Mexico and Arizona have gone home for the holiday recess, with the intention of returning to Washington in January to renew the fight for the omnibus bill. Even the most enthusiastic of these advocates are now beginning to be despondent over the prospect of securing favorable legislation at the present session of congress.

ABOUT SAN MARCIAL.

It Will Have a New Depot—J. A. Harlan Will Secure Contract.

"San Marcial is soon to have a new depot," said a man from that place this morning. He also said that it is very likely that J. A. Harlan, former superintendent of bridges and buildings on the Rio Grande division, will get the contract for its construction. The plans for the new depot are at San Marcial now.

Mr. Harlan, since he left the employment of the Santa Fe, has been doing contract work on his own hook. He stands well with General Manager Mudge of the Santa Fe, and his chances for getting the contract for the new depot are almost certain. Although Mr. Harlan left the Santa Fe several months ago he continues to occupy a company house. He also carries a system pass, instead of his former official pass, which was taken up after his resignation. The new pass comes as a special compliment to Mr. Harlan for past services rendered the company.

CORNELIUS VANDERBILT IMPROVING

Scranton, Pa., Dec. 20.—The anthracite coal strike commission held its last session of the year today and adjourned to meet in Philadelphia on Tuesday, January 6. In order to permit the commissioners and others connected with the proceedings to catch the trains, today's session began at 9 o'clock. The attorneys for the non-union men continued calling witnesses from Lackawanna and Luzerne counties for the purpose of proving that violence, intimidation and boycotts were resorted to in preventing non-union men from continuing work.

Madame Humbert Arrested.

Madrid, Dec. 20.—Madame Humbert, the other member of the Humbert family, and Mr. and Mrs. Daurignac, the brother and sister in law of Madame Humbert, who became notorious in connection with the great safe frauds in Paris, have been arrested here. They had been in Madrid since May 9.

CLAMORING FOR COAL.

A Crowd of Shivering People Attack a Coal Company Office.

St. Paul, Minn., Dec. 20.—A crowd of several hundred people broke through the door of the Northwestern Fuel company's Robert street office today, after a remarkable three hours' rush for coal, savagely beating a clerk who had acted as doorman and admitted only one customer at a time. The company had received only a few hundred tons of coal, which were disposed of in single ton cash orders at \$8.75. After breaking into the office police had to be called and order was restored with difficulty.

His Condition Much Better.

New York, Dec. 20.—Cornelius Vanderbilt, who is ill with typhoid fever and peritonitis, continues to improve, according to the statement made at the house early today.

Mrs. Parr Seriously Ill.

Mrs. W. A. Parr, wife of the contractor and builder who resided in Albuquerque in 1901, is reported seriously ill at Winslow. The Mail says: Mrs. W. A. Parr was taken suddenly ill last Saturday and her condition became much worse on Sunday. Mr. Parr, who had been called to Prescott on jury service, was telegraphed for, and reached home early Monday morning. There being no improvement in her condition, Dr. Mallick, of Williams, was called in consultation on Thursday, and he decided that Mrs. Parr was suffering from congestion of the brain, but held strong hopes of her recovery. There is no improvement as yet in her condition. The sympathy of the community is with Mr. Parr in his trouble and is being expressed in many practical ways.

DEATH'S DOINGS.

James S. Cowley.

James S. Cowley, aged 50 years, died this morning at 6 o'clock of meningitis. Mr. Cowley has been employed by the Santa Fe as passenger brakeman between Albuquerque and Las Vegas. He was taken sick while on a trip and was brought to his home, where he was only confined to his bed a couple of days previous to his death. The family have been residents of the city since July. Previous to their residence here they lived in Las Vegas, but were formerly from Dodge City, Kan. He has a mother at Alvarado, Kan., a daughter in Topeka, Kan., and a wife and son in this city. The son, O. S. Cowley, is connected with the freight offices of this place. The deceased was a member of the B. of R. T. of Dodge City, Kan. The mother and daughter have been wired of the sad death and the arrangements for the funeral will be completed as soon as word is received from them.

Mrs. Wilhelm Ludwig Hess.

Mrs. Wilhelm Ludwig Hess, a young woman 22 years of age, died this morning about 7 o'clock at the home of her sister, Mrs. Dunsbaugh, 516 West Marquette avenue. The young lady accompanied by her mother, Mrs. Ferrell,

came to Albuquerque about three months ago from Toronto, Can., for the young lady's health, but the climatic change did not improve her condition as was supposed. Mrs. Hess was married little more than a year ago. Her husband has been wired and is expected to arrive tomorrow. The remains were prepared for burial by J. W. Edwards, and will be sent to the home in Toronto, Can., for interment.

Estilano Lucero.

Estilano Lucero, a young man 21 years of age, died on South Second street this morning of tuberculosis. He came here about a month ago from Alameda for the benefit of his health. The funeral will take place tomorrow morning at 9 o'clock under the direction of O. W. Strong & Sons. Interment at Bernal cemetery.

A Lunatic and a Thief.

William Rhodes, who was committed to the county jail for six months on a larceny charge, by Justice Root, was recognized as a lunatic by the name of Gates who had been committed to the asylum from China. He escaped from the asylum some months ago for the second time and has been looked for ever since. He stole various articles of small value. At home he succeeded in getting hold of \$10 in money, a gun, a razor and other small articles. He also stole a gun and a bunch of keys from the Blake hotel at Goffs. Needles (Cal.) Eye.

A BATTERED FACE.

Unknown Man, With a Badly Bruised Face, in Town.

FELL FROM A TRAIN.

The worst piece of battered up humanity seen on the streets for many mornings attracted the attention and curiosity of the street travelers this morning. His head was covered with bandages that once might have been called white and his clothes were soiled and ragged, showing the wear and tear on the bumpers and rods. What was supposed to be a human face was a sight to behold. His disgusting and disfigured appearance was tipped off by a large load of booze. He tried to work the sympathy scheme, but his appearance was not approachable and he was turned down. He rambled into a saloon and asked the bartender if he could direct him to a tinshop. "What do you want with a tinshop," said the man behind the bar, "make a cage for that face of yours."

The dilapidated wanderer explained that he was a tinsmith by trade. His disfigured face and head was caused by falling from the bumpers while stealing a ride.

He rambled all around the town, till the policemen cut him down and hauled him off to the hospital and not the pound.

"For all he's tattered and ragged and torn, he's somebody's darling boy, you know."

LOCAL PARAGRAPHS.

T. Y. Maynard, the jeweler, has greeted the public eye for beauty with a handsome window showing a brilliant electrical floral display. Rare gems and a resplendent showing of jewelry also are glaring features noted by the passerby.

The following form a delegation of students who returned home this morning for the holidays from the Agriculture and Mechanic Arts college at Mesilla Park: Miss Sarah Meyers, Miss Estrid Fredrickson, Walter Weilmann, Arthur Fraker and John D. Hughes.

Miss May Harney, Miss Alice Kune and Miss Neithie Durdin, students at the Agriculture and Mechanic Arts college at Mesilla Park, passed through the city this morning en route to their homes to spend the holidays. The former goes to Cerrillos and the latter two go to Santa Fe.

L. N. Fee, who presides at the soda fountain at J. H. O'Reilly & Co.'s drug store, has proved that he is not far behind in Christmas decorations, and has literally covered the front of the fountain with palms, ferns, Christmas plants, holly and mistletoe until it has all the appearance of a genuine Christmas tree laden with nice presents for the little people.

AT WASHINGTON

Senate and House Adjourn for the Holidays.

FEW MEMBERS WERE PRESENT

Bank Note Forgers Sentenced and One Shot and Killed Himself.

PRESIDENTIAL POSTMASTERS NAMED

Washington, Dec. 20.—There were twenty senators in their seats when the senate was called to order for final session before the Christmas holidays.

After agreeing to report the coal strike arbitration bill, Mr. Lodge, of the committee on Philippine affairs, reported the Philippine currency bill and gave notice that as the measure is important he would call it up during the morning hour of the senate at the earliest moment. He expressed the opinion that the bill would not lead to a prolonged debate.

House Adjourns for Holidays.

Washington, Dec. 20.—There were not over seventy-five members of the house present today at the last session before the holiday recess.

Immediately after convening Mr. Cannon explained that it was important that the coal strike commission bill and the urgent deficiency bills be finally disposed of before the holiday recess. The conference report upon the former, he said, was in the senate and asked that a recess be taken until it was returned from that body. A recess was accordingly taken for twenty minutes.

When the house reconvened Mr. Cannon presented the conference report on the coal strike commission bill and the report was adopted without discussion.

The house remained in session until the bill was enrolled and signed by the speaker and then adjourned until January 5, 1903.

BANK FORGERS.

Sentenced to Imprisonment—One Shot and Killed Himself.

London, Dec. 20.—The three bank note forgers who were committed for trial on December 10, pleaded guilty and were sentenced today—Philip Bernstein to twenty years, Solomon Barnash to fifteen years and William Barnash to ten years imprisonment. After being removed to their cells, Solomon Barnash shot and killed himself.

Postmasters Nominated.

Washington, Dec. 20.—The president today sent the following postoffice nominations to the senate:

Texas—James H. Kindred, Amarillo; William D. McCaslin, Detroit; Elie A. Vater, Timson.

POLICE COURT.

Several Interesting Cases Before Police Magistrate Crawford.

Daniel Apodaca, the young native who was put to the bid in the saloon fight at Joe Badaracco's place, appeared before Judge Crawford with his head done up in bandages. Owing to several of the witnesses being absent the case was continued. It is said that the others that were mixed up in the scrap are nursing lovely eyes and facial bruises.

Officer Barton threw in a young man named Albert Palmer for begging at the depot last night. Most naturally this was Palmer's first attempt at begging, and he was unsuccessful. He was broke flat and came to the conclusion that the town owed him a living. The city will furnish him an existence for the next ten days.

The case of brick throwing which occurred at the depot several days ago, was brought up this morning, only to be continued again for the third time. The promoter of the throwing, who was knocked out by coming in contact with a brick, did not appear as notified. The case was postponed indefinitely.

G. Vargas, who has been with Hall & Leonard, the square music dealers, for the past few years, will leave tonight for Los Angeles, accompanied by Mrs. Vargas and daughter. They go to make their future home in southern California, but, as Mr. Vargas said this morning, he may return and again connect himself with Messrs. Hall & Leonard, leaving his family in California, either at Los Angeles or San Diego.

AGAINST US.

The Los Angeles Times, heretofore
supposed to be in favor of statehood
for the three territories and especially
for New Mexico and Arizona, where
that paper has a large circulation, is
strongly against statehood, and even
don't like Senator Quay. Here are

some editorial flings from that sheet:

"It leaks out that Matt Quay is ex-
pecting to hitch the three proposed
new states onto Pennsylvania as a po-
litical annex. From all appearances
the country has about as many sena-
tors on its stomach from the Keystone
state as it can digest without straining
the apparatus.""Instead of reaching out to acquire
some more senators from remote ter-
ritories, Pennsylvania would do well to
take up the work of suppressing child
labor in factories. No little girl, even
in the Keystone state, ought to be
called upon to work from 6 p. m. to
6 a. m.""New states are not to be created by
abusing everybody who presumes to
question the expediency of the admis-
sion of territories. In the making of
new states 'molasses catches more
flies than vinegar,' as some of the
slangwangers for statehood will prob-
ably ascertain before there are any ad-
ditions to the bunch of stars on the
beautiful flag of our country."

FIGHT AGAINST TERRITORIES.

Harper's Weekly editorially calls
Arizona and New Mexico "rotten bor-
oughs," says the Denver Times. On
just what ground this highly cultured
mouthpiece of the trusts finds for such
a characterization does not appear. If
it is on the score that a few people in
the territories do not speak English,
this is equally true of New York, Chi-
cago, or almost any other eastern city.
If it is because some gambling is per-
mitted in the newer settlements, pray
what of the "Tenderloin" and the gam-
bling houses in the more fashionable por-
tions of the metropolis?There is not an argument urged
against Arizona and New Mexico that
would not have been applied with almost
equal force against any of the states at
the time of their coming into the union.
These conditions are found in
practically all newly settled communi-
ties.The pioneer who goes into the wil-
derness and makes it fit for the habita-
tion of man does not always belong to
the order of those who shine in the
drawing rooms of New York; but per-
haps he is all the better for it. He is
at least a man. He is of the stuff that
has built up this country.The fact of the matter is that, the
west has too many senators and rep-
resentatives in congress to suit the
trusts of the east. For this reason the
business interests of these young and
growing territories must be injured by
false and unfair representations such
as those contained in the report of the
majority of the senate committee and
in papers like Harper's Weekly. And
all because they had the temerity to
ask for the same recognition that had
been granted all other territories at
their stage of development.What does the editor of Harper's
Weekly know of the actual conditions
in Arizona and New Mexico? What
right has he to sit in judgment on two
struggling American communities that
are trying to build themselves and to
become a strength and ornament to

Mother's Girl.

There exists often a very beautiful
companionship between the mother and
her daughter. The intimacy is frank,
free and sympathetic. But some day
the mother feels as if something had
chilled this intimacy. The child is
silent and sad, and seems to shun her
mother instead of seeking her.This change very often occurs when
the young girl is crossing the bor-
der line of woman-
hood. She is mor-
bid, nervous, fear-
ful, as she enters
upon this new ex-
perience.The use of Dr.
Pierce's Favorite
Prescription at
such a time will
do more than re-
store the normal
balance of mind
and body. It will
establish the wom-
anly function upon
a basis of sound
health, as well as
improve the ap-
petite, nourish the nerves, and promote
the general physical health."Two years ago my daughter's health began
to fail," writes Mrs. Dan Hall, of Broadhead,
Green Co., Wis. "Everything that could be
thought of was done to help her but it was of no
use. When she began to complain she was
quite stout; weighed 150— the picture of good
health, until about the age of fourteen; then in
six months she was so run down her weight was
but 120. I felt I could not give her up as she
was the only child I had, and I must say, Doc-
tor, that only for your 'Favorite Prescription'
my daughter would have been in her grave to-
day. When she had taken one-half bottle the
natural function was established and we bought
another one, making only two bottles in all, and
she completely recovered. Since then she is as
well as can be."The Common Sense Medical Adviser,

board, and it is safe to say that they

lished.

THE STATEHOOD REPORT.

"No lawyer ever wrote a brief more
one sided and partial to the cause he
advocated than the report of the ma-
jority of the senate committee on ter-
ritories in opposition to the admission
of New Mexico and Arizona, says the
Denver Republican.Its whole tone shows it to be a spe-
cial plea against statehood, an argu-
ment based upon the most unfriendly
presentation of evidence that could be
made.For instance, in discussing the pres-
ence of a Spanish speaking population
and under the sub-head: "Children
Tend to Relapse Into Spanish," the
following statement is made:"Of all schools (save probably the
high schools at Albuquerque and East
Las Vegas and the purely American
towns of Carlsbad, Roswell and Ro-
wan) the children at play during the
recess or going home from school
speak Spanish instead of English.""When the children finish their
school career, or leave school for good,
their tendency is to relapse into the
Spanish, that being the language in
their homes and in the affairs of daily
life.""There are towns (some even when
surrounded by heavily predominant
American conditions and influences,
such as Las Vegas) where the signs
at grocery stores, meat markets and
all mercantile establishments are
printed exclusively in Spanish."The evident purpose of this is to
create the impression that the "Ameri-
can" population of the territory is nu-
merically so small and so weak in in-
fluence that it can find a parallel only
in the American "colonies" that exist
in Germany, France and other non-
English speaking countries. The only
qualification is found in another para-
graph and under a different heading
in which it is said that the remain-
der of the 195,310 people in New Mex-
ico are called in that territory "Ameri-
cans," as contradistinguished from the
class above spoken of, who are there
termed "Mexicans."But this does not appear from the
statement quoted, for observe that the
language used is "of all schools (save
probably the high schools at Albu-
querque and East Las Vegas, and the
purely 'American' towns of Carlsbad,
Roswell and Rowan)." It ignores the
fact that probably the whole town of
Albuquerque is American. Before the
advent of the railroad there was an old
Mexican town called Albuquerque
about a mile from where the railroad
station was substantially built. After
the railroad came, a new town was
built around the station. It is a dis-
tinctly American community, and al-
though some Mexicans reside in the
old town, the latter has fallen into de-
cay and plays almost no part in the
life of the community. To represent
that the school children in the gram-
mar schools of Albuquerque habitually
speak Spanish during recess and on
their way home from school is simply
absurd. They do not do it, and yet the
committee conveys the impression that
this is true of all the schools except,
probably, the high schools.This part of the report also gives
the impression that the only purely
American towns are Carlsbad, Roswell
and Rowan. It ignores the existence
of Silver City, Deming, Georgetown,
Hillsboro, Raton, Springer, Gallup,
Farmington and other places scatter-
ed through the territory that are as
American as any other towns in the
United States outside those southern
states in which there is practically no
foreign born population at all.As for the declaration that there are
towns where all the business signs
are printed "exclusively in Spanish,"
it is simply not true, unless its appli-
cation is confined to a few little "pla-
zas" or villages that are inhabited in
the main by Mexicans. But to say that
this is true of Las Vegas, Raton, San-
ta Fe, Albuquerque, Silver City, Las
Cruces, Socorro or any other town
worth taking into consideration, it is
absolutely contrary to the truth that
it is almost sufficient to brand the en-
tire report as a gross misrepresentation
of the facts. The existence of a
large number of daily papers—to say
nothing of the weeklies—printed in
English is a demonstration of the un-
truthfulness of the statement that even
in towns surrounded by "heavily pre-
dominant American conditions and in-
fluences" the signs on "all mercantile
establishments" are printed "exclusi-
vely in Spanish."It is exceedingly unfortunate, apart
from the question of statehood, that
so gross a misrepresentation of condi-
tions in New Mexico has been made
under the authority of a senate com-
mittee report. It may take years for
New Mexico to recover from the slan-
der.**E. W. Grove**This signature is on every box of the genuine

CHRISTMAS COMING.

The Postal Officials and the Express Company Boys are Very Busy.

The Christmas rush is now full upon the postoffice force, and Postmaster Hopkins states that even with his present increase of clerks, it is all the force can do to prevent a congestion of mail. Catalogues and calendars Christmas presents, etc., are already going and coming at a lively rate and every department is rushed, but not nearly so much as in a few days, when the force will be almost swamped.

The same conditions exist at the local office of Wells-Fargo Express company, but Agent McFerran and his excellent force are attending to their duties in fine style.

Christmas is a season of dread in a business way for postal employees, and express company employees. The ancient idea originating from childhood memories of finding gifts in a stocking in the darkest of the morning of December 25, has a far reaching influence. Every man and every woman who has a friend or relative dear enough for a remembrance figures out the time allowance for train schedules and posts a package so that it will arrive at its destination exactly on the appointed day. The mail and express cars on Christmas run overloaded. For days previous the condition is felt, and for a few days after the influence remains but it is close to the evening of the 24th that the concentration occurs, and then the messengers, clerks and carriers persevere.

Every postoffice in the land and practically every one in the civilized world is taxed to its capacity when the gift day comes around. In the United States, the condition is accentuated by the wider range of service and the more far reaching and general travel and acquaintance. If the machine were less perfectly oiled the result would be chaos. As it is the work stands as little more than an incident of the year. Blockades have been known to occur, but they have been few and of short duration. The small amount of mail not delivered according to established schedule goes out the next day and the greatest reason for delay is the fact that one man can carry no more than his strength allows at one trip.

CLEANLY WOMAN.

Erroneously Thinks By Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide killing the dandruff germ, leaves the hair free to grow as healthy nature intended. Destroy the cause, you remove the effect. Kill the dandruff germ with Herpicide. Send 10 cents in stamps for sample to The Herpicide Co., Dept. "F," Detroit, Mich.

RAILROAD NOTES.

Conductor Hook is reported sick.

E. Oberlag has been stationed at Winslow as operator.

Brakeman Frank Yonakum and wife have returned from a visit to Chicago.

W. H. Mann, who is well known at Winslow, has been appointed agent at Navajo Springs.

J. W. Risque, assistant to Engineer of Tests Wickersham, of San Bernardino, paid a brief visit to Winslow this week.

Mr. Jamison, of Los Angeles has taken the position of coal accountant in Superintendent Hibbard's office at Winslow.

T. D. Powers has resigned his position in Superintendent Hibbard's office at Winslow and has gone to Needles, Mr. Howell is his successor.

Conductor E. H. Sweet, of San Marcial, stopped off in the city this morning between trains while en route to Topeka to spend Christmas with friends.

Had a Good Time.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says: "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by all druggists.

WANT MORE BUILDINGS.

San Bernardino Would Have More Santa Fe Shops.

The mechanical department of the Santa Fe has prepared its annual statement of permanent needs of the company. The report of the coast lines, which includes Los Angeles division and San Bernardino, is already in the hands of General Manager Wells, who will forward it to the company's main offices the first of the year. Among the recommendations of importance for San Bernardino include a new store house, the completion of the roundhouse, and the building of a new set of scrap bins. As the round house now stands it describes the third of a circle, although pits are built covering a semi-circle. It is recommended that the house be continued, covering all of the pits.

Folia a Deadly Attack.

"My wife was so ill that good physicians were unable to help her," writes M. M. Austin, of Winchester, Ind., "but was completely cured by Dr. King's New Life Pills." They work wonders in stomach and liver troubles. Cure constipation, sick headache. 25c at all druggists.

\$4,000,000 DEPOT.

Washington Railroads Get Permission to Build a Palace.

The house on Tuesday passed the senate bill for a union railroad station in Washington to cost \$4,000,000. The station is to be situated north of the present site of the Baltimore & Ohio depot at Delaware and Massachusetts avenues and in front of it is to be a large plaza park. The Pennsylvania railroad by the terms of the bill is to remove its tracks from the Mall and reach the site of the proposed station through a tunnel to run between the capitol and library buildings. The government is to pay the Pennsylvania \$1,500,000 and the Baltimore & Ohio \$2,000,000 in addition to providing for the plaza park.

The Pride of Heroes.

Many soldiers in the last war wrote to say that for scratches, bruises, cuts, wounds, corns, sore feet and stiff joints, Bucklen's Arnica Salve is the best in the world. Same for burns, scalds, boils, ulcers, skin eruptions and piles. It cures or no pay. Only 25c at all druggists.

Holders of the common stock of the Norfolk & Western railroad yesterday received a semi-annual dividend of 1 1/2 per cent. This is an advance of 1/4 of 1 per cent over the last semi-annual dividend, which was 1 per cent, declared in June last, and puts the stock on a 3 per cent basis. Dividends on the common stock of the Norfolk & Western began last year, 2 per cent being paid in that period.

To Get Rid of a Troublesome Corn.

First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

The occupants of the western row of cottages south of the railroad track at Winslow have received notice from the Santa Fe company that if agreeable to the tenants the houses will be remodeled into single cottages.

A Timely Tip.

At this season of coughs and colds it is well to know that Foley's Honey and Tar is the greatest throat and lung remedy. It cures quickly and prevents serious results from a cold. Alvarado Pharmacy.

Peninsular heaters burn less fuel, give more heat and ventilate your rooms.—Whitney Company.

GENERAL REVISION.

Vice President Kendrick Has Big Task on Coast Lines.

"The conference now being held between Third Vice President Kendrick and a committee of six engineers, selected by the Santa Fe employees, is not held solely for the purpose of readjusting the wage schedule, but it is more in the nature of a general revision of the forty or more articles which regulate the working day of the employees, number of hours that shall be put in, and other detailed matter, in addition to fixing the wage schedule."

The above announcement was given out by Mr. Kendrick's secretary, at the close of an all day session of the committee in the office of General Manager Wells in the Conservative Life building, says a dispatch from Los Angeles of December 16. The task which Mr. Kendrick has undertaken is no light one, as each of the forty or more articles has to be gone over separately and as revised to meet present conditions.

As many of the articles have not been changed for more than three years, the amount of labor that is required to straighten them out can best be judged from the fact that although the conference have been in session three days, less than half the articles have been reached. The question of wages has not yet been reached. Yesterday the committee labored on the number of hours that shall constitute a day's work. The tlemen are to be heard separately, and it is expected that Mr. Kendrick will be ready to meet them next week. The revised schedule is made necessary by changes in the company's lines and time schedules within the last two or three years, and the concession that will be made, it is said, will be along the same lines as granted recently by the Southern Pacific company to its employees. Just what these changes will amount to cannot be summed up until the conference has ended.

Don't be imposed upon by taking substitutes offered for Foley's Honey and Tar. Alvarado Pharmacy.

William Dunn, the assistant foreman at the Winslow round house, has gone to Elsinore Hot Springs, Cal., to recuperate from his recent accident and the attack of grip which followed. J. F. Murray is filling Mr. Dunn's position meanwhile.

A kidney or bladder trouble can always be cured by using Foley's Kidney Cure in time. Alvarado Pharmacy.

The Flagstaff Sun says: The tie-picking plant of the Santa Fe Pacific Railroad company was destroyed by fire on Tuesday night of last week. The building was a total loss and the machinery badly damaged. The plant had been running steadily for the past two months, and was about to close operations for the winter. The fire was supposed to have originated from sparks from a locomotive engine.

Foley's Honey and Tar positively cures all throat and lung diseases. Refuse substitutes. Alvarado Pharmacy.

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for ulcers. For blind, bleeding itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. J. H. O'Reilly & Co.—B. H. Briggs & Co.

Malone Joyce, traveling passenger agent for the Colorado Midland railway, with headquarters in San Francisco, Cal., spent a day in Flagstaff. While there he met for the first time since their boyhood days, H. C. Hibben. Both were raised in the same Ohio town, and they personally renewed their old-time friendship.

A Million Voices.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for consumption and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1.00. Trial bottles free at all druggists.

Conrad Stumpf, who was formerly located at Navajo Springs, is now section foreman at Ash Fork. His Albuquerque friends are glad to learn of his continued prosperity.

There was a wreck on the Santa Fe at Kennedy the other afternoon, which was caused by a draw-head pulling out. When the two cars came together the draw-head was broken and dropped on the track. Two cars were smashed, but the damage would have been more serious had the train been going at a high rate of speed.

Hon. W. S. Hopewell, vice president of the Santa Fe Central railway, left for Chicago on business connected with the company. It is understood he has gone to arrange for the transportation of many tons of steel rails over the Santa Fe railway to Kennedy to be used in track laying.

W. W. Hutton, of Las Vegas, chairman of the railway conductors' association, and R. E. Scott, of Topeka, chairman of the order of railway trainmen, are in the city on important business. They were counseling with a number of the local railroad people at the Alvarado this morning.

James H. Kennedy is in jail at Lincoln because he is unable to furnish bail in the sum of \$1,500. He was arrested between Corona and Torrance on the charge of stealing fencing posts from the railroad company. He owns a ranch between the two stations and it was alleged he has been using the posts to fence in his land. He was held to the grand jury.

BROKE HIS NECK.**Antonio Pantrcho Fell Off a Wagon and Was Run Over.**

Antonio Pantrcho, 7 years old, was killed Saturday near South Spring. He was riding on a heavy wagon with his father and in some manner fell off, striking on his head and breaking his neck. The wheels of the wagon passed over his body. The father hurried to town with him, not knowing he was dead.

A Cold Wave.

The forecast of sudden changes in the weather serves notice that a horse voice and a heavy cough may invade the sanctity of health in your home. Cautious people have a bottle of One Minute Cough Cure always at hand. E. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures coughs, colds, LaGrippe, bronchitis, pneumonia and all throat and lung troubles. One Minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs. J. H. O'Reilly & Co.—B. H. Briggs & Co.

CHILDREN ABANDONED.

Father Was Working Under an Assumed Name and Could Not Be Found. There are five children at Roswell who seem to be abandoned. About two weeks ago a man arrived there from Durant, Indian Territory, accompanied by the children who, he claimed, belonged to a man named McMahon, who abandoned his second wife and left in her charge the five children by his first wife. He had gone to Roswell and secured work under an assumed name. He then wrote for the children to be brought to him, but on their arrival he could not be found. The children were thrown on the town and homes have been found for them, while further efforts are being made to locate the father.

A Thousand Dollar's Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years passing gravel or stones with excruciating pain. I got no relief from medicines until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and feel like a new man. It has done me a \$1000 worth of good." Alvarado Pharmacy.

NEW WELL AT RATON.

Machinery on the way to Put One Down on the McKown Ranch. A. C. Majors, secretary of the New Mexico Oil and Gas company, has returned to Raton from Colorado, where he purchased a new well outfit. Work of drilling on the McKown ranch will begin within the next two weeks. The point selected by the company for putting down the well is believed to be the most favorable in the field. Mr. Majors says there is no abatement in the operations in the Boulder oil fields and several paying wells have recently been opened up. Eaton expects to exceed Boulder.

NEW ROAD OPENED.

Eleven Miles Cut Off Between Silver City and the Mimbres River. The new road from Silver City to the Mimbres has been completed and thrown open to traffic. It shortens the distance between the two points over eleven miles. The county commission-

ers of Grant county gave \$100 toward the cost of the road, and the balance was raised by the ranchers on the river and merchants in Silver City.

Kodol Dyspepsia Cure.

Digests all classes of food, tones and strengthens the stomach and digestive organs. Cures dyspepsia, indigestion, stomach troubles and makes rich red blood, health and strength. Kodol rebuilds worn-out tissues, purifies, strengthens and sweetens the stomach. Gov. G. W. Atkinson, of W. Va., says: "I have used a number of bottles of Kodol and have found it to be a very effective and, indeed, a powerful remedy for stomach ailments. I recommend it to my friends. J. H. O'Reilly & Co.—B. H. Briggs & Co."

Died Together in Bed.

In Chase creek canyon, near Clifton, Arizona, a short time ago, Gabriel Valdez, a foreman of the Arizona Copper company, and his mistress, Leonore Marquez, were murdered by means of dynamite. The explosive was placed against the wall of the adobe house occupied by the pair, and lighted about 2 o'clock in the morning. The explosion was a terrific one, not only tearing down the house, but fairly dismembering the bodies of the two unfortunates, who were in bed. A part of the man's head was blown across the street through the window of a shop.

The man bore a fairly decent reputation, and was considered a good workman. The only explanation is that the deed was committed by some Mexican whom he had discharged from his gang at the smelter.

Report From the Reform School. J. G. Gluck, superintendent, Pruntytown, W. Va., writes: "After trying all of the advertised cough medicines we have decided to use Foley's Honey and Tar exclusively in the West Virginia Reform school. I find it the most effective and absolutely harmless." Alvarado Pharmacy.

Rich Old Man Slain.

Last Saturday, Patrick Lynch, one of the best known cattlemen in Aravaipa canyon, Graham county, Arizona, was found in his house dead. Murder had been committed. A single bullet had done the work, passing through the body near the heart. It appeared as though Lynch had been shot outside his house, and that he had succeeded in re-entering and securing a double barreled shot gun, which he was unable to fire, however. Lynch was 89 years of age and had been a resident of Arizona for more than thirty years. He was more than well to do and was believed to have had at least \$10,000 in cash in the house. A traveling dentist was arrested, charged with the crime, but is believed to be innocent.

COUGHS AND COLDS IN CHILDREN**Recommendation of a Well Known Chicago Physician.**

I use and prescribe Chamberlain's Cough Remedy for almost all obstinate constricted coughs, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—Mrs. Mary R. Melendy, M. D. Ph. D., Chicago, Ill. This remedy is for sale by all druggists.

CHRISTMAS IN SERBIA.

How They Celebrate in Serbia, Across the Big Waters.

In Serbia they keep Christmas eve in a somewhat peculiar way. The father of the family goes into the woods and cuts down a straight young oak, choosing the most perfect he can find. He brings it in saying, "Good evening and happy Christmas," to which those present say, "May God grant both to thee,

and mayest thou have riches and honor!" Then they throw over him grains of corn. Presently the young tree is placed upon the coals, morning, which they salute by repeated firing of a pistol.

The national dish in Persia is pork. The poorest family in Persia will pinch themselves all through the year so as to have money enough to buy a pig at Christmas. Skewered to a long piece of wood, the pig is turned over a blazing fire until cooked, the guests watching the process with increasing interest. After dinner stories are told and songs sung. Santa Claus, who in the person of an honored guest, is present to receive instead of to give presents, departs, after the feast, decorated with a long ring of cakes around his neck and laden with such gifts as his friends can bestow.

A Good Cough Medicine.

(From the Gazette, Toowoomba, Australia.) I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Wockner. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by all druggists.

An Adverse Report.

It is understood the rural mail route which was asked for by the people on the lower Gila will not be inaugurated. An agent visited the proposed route and is said to have made an adverse report because there is no bridge over the river. It has been thought for a long time that the route was absolutely secured.

Saved at Grave's Brink.

"I know I would long ago have been in my grave," writes Mrs. S. H. Newson, of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the forms of indigestion, waterbrash, stomach and bowel dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For indigestion, loss of appetite, stomach, liver and kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50 cents at all druggists.

FILLED WITH SHOT.

Careless Handling of a Gun Wounds Mother and Two Children.

Mrs. J. H. Brumley and her two children, Edward and Pennie, are suffering from gunshot wounds as the result of a careless handling of a gun by Lee Brumley. The families live in Lone Tree, eight miles from Carlsbad, and last Sunday morning the mother and her two children were standing by a table while Lee Brumley was sitting on the opposite side of the room. The gun was accidentally discharged and the shot struck the stove, glancing towards the group of three. Mrs. Brumley received two shots, Edward five and Pennie ten. None of them were fatally injured.

Boy's life saved from Membranous Croup.

C. W. Lynch, prominent citizen of Winchester, Ind., writes: "My little boy had a severe attack of membranous croup, and only got relief after taking Foley's Honey and Tar. He got relief after one dose and I feel that it saved the life of my boy." Refuse substitutes. Alvarado Pharmacy.

NEWS OF THE CHURCHES.

Methodist leaders are enthusiastic over the outlook for missions. The recent meeting of the missionary committee at Albany, N. Y., followed closely the mass convention at Cleveland, has keyed interest to a high pitch. Receipts for all mission causes last year were \$112,000 larger than ever before, making a total of \$1,315,297. A balance of \$30,000 now remains in the treasury. Appropriations for the year now open equal last year's contributions. The increase in income will, it is announced, permit 15 1/2 per cent larger expenditures in the foreign, and 13 per cent in the domestic field. A large sum is forthcoming for special gifts, supplementing the regular work. China, India, Korea, Africa and the Philippines in what is classed as foreign work will be benefited, as will Porto Rico in the domestic. New fields will be entered. Peking university, greatly injured by the disaster of the Boxer troubles, is now rebuilding, and the schools at Foochow are to be improved. The latter consist of the Anglo-Chinese college, and a greater number of day schools, built up by the Rev. George S. Miner, and known by his name.

Plan of Mission Work.

The organization which will erect this apostolic mission house is the American Catholic Missionary union. This union is organized upon the same lines as the American Baptist Home Mission society, the American Missionary association and other American institutions of the kind. In plan of work, however, it is somewhat different, in part because it has, since its organization, taken up something new, and been itself somewhat changed by it. It is hardly yet a decade old, and grew out of the Paulist society work, with the late Archbishop Corrigan as its nominal president. The leading spirit in it was and is the Rev. A. P. Doyle, a Paulist father, and secretary of the Catholic Total Abstinence union. It was organized to raise funds to maintain missionaries in the south, but the Rev. Walter Elliott, one of the Paulist fathers also, has developed successfully mission work among non-Catholics, and the new apostolic mission house is for the training of missionaries for the last named work. The Rev. Walter Elliott will be rector of the new mission house when completed and will direct the non-Catholic mission effort as heretofore.

Trained Men for Y. M. C. A.

A new profession has grown up by because of the extension of the Young Men's Christian association work in this country, and the trained Y. M. C. A. secretary is now considered as important a personage as is the member of any of the older professions. The associations now employ 1,714 trained secretaries, physical, educational and religious work directors and boys' secretaries, and the demand for these trained men in every year for greater than the supply. The association has two training schools, one in Chicago and the other in Springfield, Mass., and each has a three years' course, the two schools graduating about twenty-five men annually. That this number is far too small is shown by the fact that last year the demand of the association was for 347 trained men. Association leaders declare that it would be possible to double the number of associations in a very short time were the properly qualified men needed for secretaries and directors procurable. The training school at Chicago has about eighty students, and that of Springfield about ninety. The latter school has a fine equipment, with a large athletic field and gymnasium and the most complete physical laboratory in existence for the study of physical training.

Reformed Church of America.

The Reformed Church of America, better known, perhaps, as the Dutch Reformed church, is making the attempt to fall in line with other churches in the prosecution of special evangelistic work during the present winter. When the general synod of the church met last summer a committee was appointed, with the president of the synod, Rev. Abbott E. Kittredge, of New York, as chairman, to bring the matter before the individual churches and secure, if possible, their co-operation in a general movement. The committee has just issued a letter to the pastors and consistories asking that evangelistic work be entered upon, and suggesting the appointment of a "day of prayer" in each church in preparation for special meetings and other efforts which may follow. The Reformed church is one of the smaller Protestant bodies, having but 112,900 members, but it was one of the earliest to be established in this country in colonial times.

For Work Among Students.

There was recently held at Harvard university a meeting of representatives of Protestant Episcopal societies in principal eastern colleges to consider the question of church work among students. These societies exist for the work of bringing together Episcopalians among the young men attending colleges, and as far as possible to induce them to undertake some specific task, such as Bible class teaching, lay reading, personal visiting of the sick, relief work in hospitals and prisons and the like. In some of the colleges monthly meetings of the societies are held, when lectures are given along these lines. Societies in Yale, Trinity, Princeton, Pennsylvania, Cornell, Williams, Hobart, Columbia and Harvard were represented at the re-

cent conference, the societies thus represented having a combined membership of about 2,000. It was decided to undertake to bring about the organization of similar societies in other colleges, especially in those of the west.

A New Lesson Plan.

A new lesson plan for Sunday schools is announced, and the religious press is printing praises of the departure. As might be expected, the Congregational Sunday school and Publishing society lead the movement, and it has been joined by the American Baptist Publication society. They have taken up the scheme of the Bible Study Union, which affords the graded series for advanced scholars and much else, and are pushing the same vigorously against the international plan. Already it is being said in many directions that present conditions of Bible study by the young demand that both systems be thrown overboard, and in their places something up to date be provided, that will combine the good points of both. It is announced as probable that an inter-denominational Sunday school convention will be called early in the new year. It is to the conservative international committee, but it is said that Bible study may gain by the change. To repeat, Sunday school lesson uniformity has gone forever, if signs of present times are to be taken at par.

Spreading Presbyterianism.

The Presbyterian general assembly's evangelistic committee will try to get into Congregational New England. In these states Presbyterians are few. Rev. Dr. J. Wilbur Chapman, who has just resigned a metropolitan pulpit to become head of this movement, says work is being pushed through presbyterial, synodical and assembly committees, and the purpose is first to arouse Presbyterians and then, if possible, to get hold of non-churchgoers. So far, about forty evangelists have been hired, John H. Converse, the Philadelphia locomotive builder, furnishing money to pay their salaries. Money is also used to hire supplies for pulpits of pastors absent as working evangelists. These forty professionals are laboring in the middle west. Indiana, Ohio, Michigan, Minnesota and the Dakotas are being canvassed, and individual ministers in all states appealed to. Iowa and Indiana prove most responsive to date, and the headquarters of the movement reports large accessions to Presbyterian churches in those states. Some questions are being asked whether it is possible to force interest after this manner, but the committee replies that results thus far justify the employment of modern methods. Similar efforts last year and the year before, although on not quite so extensive scale, failed.

Open Door Missions.

It is probable that a new missionary agency of Methodists, started tentatively during the current year, will be made permanent. This agency has been given the name "open door," a word created to bridge over times of deficiency, and to take advantage of special emergencies on the mission fields. Attached to it are a large number of officers whose duty it is to see there is always something in the fund. Bishop Thoburn has been a leading member of the new plan. He has been in the United States because of his own illness and that of his wife. He is now in the best of health, however, and has returned to India. With him left out, the new open door commission will be all of the old members and some new men added, especially to represent the middle west. There is to be a meeting of the commission on December 16, when it is said the plan will be made permanent. Some traveling secretaries will be named, whose duty will consist in increasing interest in missions among Methodists, and it may be a resident secretary will be named for the head office. The open door fund is one of the new features of Methodist activity, charged chiefly in future to raise the income of the missionary society to \$2,000,000 a year as soon as possible.

Thank Offering Fund.

Permanent organizations are to come out of the temporary money raising boards. The Methodist thank offering fund closes nominally on December 31, with a total fund to date of a little more than \$18,500,000. It is expected that several gifts, yet to be announced, will raise the fund to the desired \$20,000,000. Just now effort is making to increase the fund for superannuated ministers, the fund for which has been slow in coming. An appeal for these aged workers has been sent out to all conferences and individual churches, asking that collections be taken for the fund on the last Sunday of this year. The raising of the \$20,000,000 fund and the coming of December 31 does not mean, though, that Methodist money campaigns are at an end. In all of the spring conferences the year will be held to close next April and not with the calendar, and an effort is to be made to make the fund reach \$1,000,000 more than the original stint. No positive announcement has been made, but quiet talk among leaders points to local and general committees, practically permanent, charged with the duty of stimulating Methodist giving for benevolent objects.

Gems Gleaned From the Teachings of All Denominations.

God gives to us as we grow to what he gives.—Rev. A. M. Campbell, Presbyterian, St. Louis.

Your money back

If you are not satisfied

DO YOU SUPPOSE that a company with a capital of \$500,000.00, paid in full, and the proud reputation of 36 years of continuous success, would make such an offer and not carry it out to the letter?
DO YOU SUPPOSE we would jeopardize our standing with the public and our chances of still greater success by failing to fulfill any promise we make?
DO YOU SUPPOSE we would make such an offer if we did not have the utmost confidence in the satisfactory quality of our goods?
WE KNOW we can please you and save you money, for HAYNER WHISKEY goes direct from our distillery to you, with all its original richness and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY AND AGE and saving you the big profits of the dealers. That's why it's best for medicinal purposes. That's why it's preferred for other uses. That's why we are regularly supplying over a quarter of a million satisfied customers. That's why YOU should try it.

Direct from our distillery to YOU
Saves Dealers' Profits! Prevents Adulteration!

The Standard of Worth.—Measure your worth by the standard of duty well done, not by the opinion of others.—Rev. George H. Hopworth, Congregationalist, New York.

Heaven on Earth.—Men need not necessarily die to be in heaven. Some saints live today almost in the outskirts of heaven.—Dr. Alonzo Monk, Methodist, Atlanta, Ga.

Doors Closed Against Jesus.—The doors of many a church with elaborate ritual and beautiful ceremonial have often been slammed in the face of Jesus.—Rev. Dr. Robert S. MacArthur, Baptist, New York.

Live in the Present.—The man or the church that lives in the past lives to no purpose in these intense days of activity in every department of human life.—Rev. Dr. Barker, Presbyterian, Philadelphia.

More Education Needed.—What we need more imperatively than anything else to offset the influences that work against the maintenance of a deep personal religious interest is education.—Rev. Nicholas R. Walsh, Catholic, Boston.

Effect of Good Books.—Good books and good papers leave their impress upon the mind and heart like the river upon the land through which it runs. They furnish mental and spiritual pabulum.—Rev. Dr. W. H. H. Rees, Methodist, Pittsburg.

Representing Jesus Christ.—To stand before the world, before those with whom you associate, as the representative of Jesus is surely a privilege, and to fully represent Him we must be as nearly like Him as possible.—John D. Rockefeller, Jr., Baptist, New York.

Sin of Parental Ignorance.—Oh, the sin of parental ignorance! It has ruined more homes, slaughtered more lives, bred more disease, called into life more selfishness and tyranny, more vice and crime than all other causes combined.—Rabbi Joseph Krauskopf, D. D., Philadelphia.

Not as a Theory, But as a Fact.—It is not in theology we are to find out how to be Christians, but it is in God's own word and in the words of Jesus and his interpreters in the Bible. If we study, we find that we must not receive Jesus as a theory, but as a fact.—Rev. Stowell L. Bryant, Methodist, Chicago.

Standing on Firm Foundation.—Lifted up by the spirit out of the world's troubled sea and set securely on the Rock of Ages, the believer cannot be thrown into confusion or be made to feel that the foundations of his life are falling from under.—Rev. W. S. Fulton, Presbyterian, Pittsburg.

Teaching the Conscience.—The conscience needs constantly power of revelation, the vision of God. Every man must follow conscience, but every man must see that his conscience is taught of God and is the soul's window opening out on God.—Rev. Dr. M. Burnham, Congregationalist, St. Louis.

Christ the Only Way.—For me the present contains a large possibility of happiness for the frugal, honest poor, and the future holds forth hope for more. Neither rich nor poor can be happy. Each must take his way to Bethlehem. The Christ is the only way. He says, "Come," and in Him alone there is peace.—Archbishop Corrigan, Catholic, New York.

Only Source of Hope.—Have faith in yourselves, faith in your fellow men, faith in God and the Providence that governs the world. In the midst of the changing scenes of life faith in God is the only source of assured hope, the only secret of a true and worthy life, the only key to happiness, the only strength that is secure.—Rev. C. J. Hill, People's Tabernacle, Denver.

Meekness of Spirit.—The evolution of 1,900 years has just begun to teach men the value of gentleness and kindness, to show them that more is to be gained in the long run by the employment of these agencies which make up, take it, meekness of spirit than by

the use or employment of any other force whatsoever.—Rev. Cyrus Townsend Brady, Episcopalian, Philadelphia.

The Spirit of the Age.—In spite of all adverse tides, surely, but steadily, the commercial spirit has risen until it has become the dominating material force in the world's life of today. The gravest danger of the Twentieth century lies in this fact: If these great forces are the servants of men, they will prove a great blessing, but if they dominate every phase of life they will be a curse.—Rev. Robert Bagnall, Independent, New York.

Evil of White Lies.—The great evil of falsifying lies in the small things—in slightly modifying the details to interest or amuse others or to gratify personal vanity. * * * Not only is there untruthfulness in society and in business, but there is more or less of it in religion. There is a good deal of lying in our public prayers. We have all heard preachers and others tell the Lord things we knew were not so.—Rev. Dr. J. L. Jackson, Baptist, Chicago.

A HELPING HAND.

Is Gladly Extended by an Albuquerque Citizen.

There are many enthusiastic citizens in Albuquerque prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove a "helping hand" to scores of readers. Read the following statement:

C. A. Hall, a machinist in the round house of the Santa Fe shops, residence 204 Atlantic avenue, says: "I have had attacks of pains just across that part of my back immediately over the kidneys. Some of which lasted an entire week. When they occurred there was no let-up to the aching and naturally I was on the outlook for something to check the trouble, if not radically dispose of it. The last medicine I tried was Doan's Kidney Pills procured at the Albuquerque Pharmacy. To say they are worth recommending feebly expresses my opinion of them and to show in what estimation I hold the remedy let me add I keep the pills constantly in the house for fear of recurrence taking place, fully convinced that I can depend upon the treatment to bring speedy relief.

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute. *18

THE OTHER SIDE.

What the Opponents of Statehood Are
Wiring From Washington.

The following articles are taken
from the Los Angeles Times, being
wired as special dispatches to that
paper from Washington, under date of
December 16:

After two days of actual debate in
the senate, it has been practically
agreed, all around, with the exception
of Senator Quay, that the statehood
bill is hopelessly dead for this con-
gress and that not even Oklahoma will
be admitted, let alone Arizona and
New Mexico. One thing that is operat-
ing against the omnibus statehood bill
is the vindictiveness of some advo-
cates of statehood for Arizona, who
have fallen to abusing every senator
who fails to agree that Arizona is not
fully equipped to take her place in the
union.

There is vast amount of such abuse
in Washington just now. It is com-
ing in letters from Arizona, and is
doing an incalculable amount of harm
to the entire statehood prospect.

Quay Would Own 'Em.

New reasons for defeating the om-
nibus statehood bill, the discussion
of which was begun in the senate to-
day, have been put forward by the op-
position in a quiet way, and amount to
the practical statement that if Arizona
and New Mexico were admitted, Sena-
tor Quay would "own" the two new
senators.

It is openly said among the members
of the opposition that one of Senator
Quay's chief reasons for advocating
the omnibus bill is that he wished to
bring to the senate his well known po-
litical friend, William H. Andrews, for-
merly of Pennsylvania, who is now liv-
ing in New Mexico.

Another statement freely made is
that a brother of Senator Penrose,
who has large financial interests in the
territory, also wishes to become Uni-
ted States senator. On this account,
the statehood contest, which is still
in an acute stage, is, among other
questions, turning on the point as to
whether Pennsylvania will have four
United States senators or only two.

Coughs, Colds, and Constipation.

Few people realize when taking
cough medicine other than Foley's
Honey and Tar, that they contain
opiates which are constipating besides
being unsafe, particularly for children.
Foley's Honey and Tar contains no
opiates, is safe and sure and will not
constipate. Alvarado Pharmacy.

CHRISTMAS BUSINESS.

Agent McFerran Reports the Rush on
at the Local Express Office.

In the shipment of Christmas pack-
ages east last year's business sur-
passed all previous records, but this
year promises to break even last
year's record.

"I have been in the business prac-
tically all my life," said Agent McFer-
ran, of Wells, Fargo & Co., "and I
have seen many Christmas rushes, but
this year is the greatest I have ever
known. I do not mean to say that we
have been swamped. We will take all
packages which may be consigned to
us and we will guarantee that they
will be safely and promptly delivered.
What I mean is that the advance
business is now as great as it was a
few days before Christmas last year,
and if the rush nearer the holidays is
proportionate, we will do this year the
greatest business which has ever been
done here.

"We have adopted a new method of
sending Christmas packages this year,
and one which I know will appeal to
those who have goods which they de-
sire to send east. You know that all
packages which are sent by mail are
dumped into a pouch and are tumbled
about in a car until it often happens
that many packages are broken. Our
new system is different. We use a
number of large boxes or trunks. Sup-
pose a man wants to send a package
to Kansas City. That package is placed
in a trunk along with many other
packages and the trunk is locked and
taken to a car. It is not necessary to
open that trunk until Kansas City is
reached, and thus the package is han-
dled only by the man who places it in
the trunk.

"Now we may have half a dozen or
more trunks for Kansas City on each
train which leaves here, and say ten
or more for Chicago and about three
for New York. Those trunks are not
opened until they reach their destina-
tion. Suppose a present is sent to some
town near Chicago. With our new sys-
tem it is like sending the package from
the Chicago office, for it is handled no
more than if it were sent from there.
"We believe this system will be very
satisfactory to our patrons. We are
prepared to take care of all business
which may be offered, and will deliver
goods as fast as trains from the east,
west and south bring them in."

Mr. Hall, of Hall & Larnard, the successful dealers in Albuquerque, New Mexico, was a Chicago visitor last week, the object being to buy pianos.
