ARE CAUTIOUS

The Powers to be Protected in Venezuela Arbitration.

THEY WANT EVERYTHING IN SIGHT

Germany's Answer to Venezuela Arbitration is Now Ready.

PERU WILL HELP VENEZUELA

London, Dec. 19.—Great Britain has sent a reply to the United States in regard to the suggestion that the Venezuelan question should be submitted to arbitration. The tenor of the reply, it is expected here, will tend to bring about some arrangement for a satisfactory solution while thoroughly safeguarding the interests of the powers concerned.

PARTIAL RESPONSES.

The Big Powers Want Everything on Their Side in Arbitration.

Washington, Dec. 19.—Secretary Hay has received partial responses from the governments of Great Britain, Germany and Italy respecting the proposal to arbitrate the Venezuelan difficulties.

Great Britain is favorable to arbitration with proper safeguards; Germany accepts arbitration in principle, but finds a multitude of small adjustments to be made before entering into an agreement; Italy, as the junior partner of the allies, declares that she is favorable to arbitration but will be bound probably by the action of the senior parties.

Germany's Answer Ready.

Berlin, Dec. 19.—Germany's answer to Venezuela for arbitration is ready and will be sent to the United States government in a day or two. The officials here maintain absolute silence regarding the character of the answer.

But We Will Object.

London, Dec. 19.—In a reply made public today to a question in parliament of Gibson Bowles, conservative, Premier Balfour says no intimation has been received from the government of the United States that it will object to American shipping being interfered with in the event of a blockade of the Venezuelan coast.

THE CABINET.

Acquainted With Correspondence in the Venezuelan Situation.

Washington, Dec. 19.—Secretary Hay laid before the cabinet the latest phases of the Venezuelan situation as shown today by the correspondence he has had with our ambassadors and the foreign office at London, Berlin and Rome, and also acquainted the members with the substance of verbal exchange which had taken place with the ambassadors in Washington. The cabinet gave its unqualified approval to everything that has been done by Secretary Hay and also his plans for the future so far as they were outlined. It is gathered that the attitude of the United States is for the present a waiting one in the hope that the three allies will be soon able to agree upon the basis upon which they are willing to accept arbitration.

Want Equal Treatment.

Paris, Dec. 19.—The foreign office here desires to have it understood that the note sent to the French chargé d'affaires at Caracas does not ask Venezuela to give preferential treatment to French claims, but only treatment equal to that which the other powers may receive through their recourse to force. This applies only to claims which have arisen since 1899, previous claims having been submitted to arbitration.

Offering Service to Venezuela.

Lima, Peru, Dec. 19.—A number of army officers here propose cabling their names to the president of Venezuela, offering their services in the case of the situation becoming more complicated.

CONGRESSIONAL.

The Pure Food Bill Passed in the House.

Washington, Nov. 19.—The house committee on interstate commerce today ordered a favorable report on the department of commerce bill. The vote on reporting stood 5 to 3. The provision for including the bureau of labor in the new department was retained on a tie vote. Some preliminary business preceded

resumption of debate on the pure food bill in the house today.

The house committee on banking and currency today favorably reported the currency bill introduced by Chairman Fowler.

The house passed the pure food bill.

Smuggler-Union Will Reopen.

Telluride, Colo., Dec. 19.—Before Bulkley Wells, vice president of the Smuggler-Union mine, left for Denver this morning, he said the mine would reopen December 27, with O. B. Kemp as temporary manager.

Found Guilty.

New York, Dec. 19.—The jury in the case of Thomas J. Sharkey, accused of the murder of Nicholas Fish, the banker, returned a verdict today of manslaughter in the second degree and recommended that mercy of the court be exercised.

Iron Company Meeting.

New York, Dec. 19.—Wall street is considerably interested in the special meeting of the stockholders of the Temple Iron Company to be held today in Reading. President George F. Baer of the Reading Railway system is president of the company, which is virtually the Coal Trust. All of the directors of the company are presidents of coal carrying companies. Little is known as to the object of the meeting save that the stockholders are to vote on the question "of increasing its indebtedness to \$3,326,000 and of authorizing an issue of bonds of \$500,000." Increase of indebtedness is thought to be either to make up losses because of the strike, or to buy a few more collieries and to arrange an extension of the anthracite market.

A DRENCHED HOME.

Water Has Ruined Almost Everything at Judge Baker's Residence.

COLD SNAP CAUSED TROUBLE.

The cold freezing nights have caused trouble of a serious nature in Judge Baker's residence on Twelfth street, while Judge and Mrs. Baker are in Washington.

Last night about 11 o'clock, as Frank H. Strong and A. B. McGaffey were passing the judge's residence on the way to their homes, their attention was attracted by the sound of running and dripping water. Upon closer investigation they found water running down the side of the house from the second story. Immediately they sought H. H. Tilton, owner of the house, and related to him the mysterious flow of water around the judge's residence. He gave them permission to break in and ascertain the trouble. They were soon inside and found things from the bath room to the cellar in a deplorable state of affairs. The dining room, which was the first room they entered, was covered with about three inches of water, the walls were soaked through and the plastering was dropping off in large cakes. The furniture and carpets were ruined. They saw that the whole house would be a wreck if the flow of water was not stopped soon. Wending their way to the bath room they found the water pipes under the wash basin had been burst and a good sized stream was flowing from the leak. The turn off could be found nowhere in the room, and finally they went to the cellar in a hurry, only to be greeted with three feet of water. But a little water did not dampen their purpose. Wading around in the water, which reached above their knees, the nocturnal heroes soon stopped the flowing of the destroying fluid.

Judge and Mrs. Baker have been in Washington for the past two weeks, the house having been closed during their absence.

It is thought that the leak could not have occurred more than a couple of days ago at the most. Over 2,000 gallons of water had escaped and marred the beauty of the pleasant home.

The work of repairing the wreck will be commenced at once.

Youngs Takes Office.

New York, Dec. 19.—William J. Youngs today assumed the office of United States district attorney for the state of New York, succeeding George H. Pettit, whose term of office has expired. Mr. Youngs was formerly district attorney of Kings county, and was private secretary to Mr. Roosevelt while the latter was governor of New York.

Egyptian Medical Congress.

Cairo, Dec. 19.—The Egyptian Medical Congress began its session here today with a large attendance of eminent medical men. Prominent among the foreign delegates present is Dr. Henry R. Carter, of the United States Marine Hospital Service.

COLORADO CRIME

"A Man About Town" Shot and Killed.

HIGH TREASON AGAINST LYNCH

McGovern-Corbett Fight Will Not be Allowed in Michigan.

WYOMING ENJOYING A BLIZZARD

Como, Colo., Dec. 19.—At 1:20 this morning, Dick Lechner, bartender shot and instantly killed Billy Hayden, a man about town. They had a quarrel in a dance hall. Lechner secured a rifle and shot Hayden four times. Lechner gave himself up shortly afterwards.

COL. LYNCH INDICTED.

Charged With High Treason Against Great Britain and Will Be Tried.

London, Dec. 19.—The grand jury summoned to consider the indictment of Col. Arthur Lynch, member of parliament from Galway, who was arrested on June 11, on the charge of high treason in connection with the part he took in the South African war, where he is alleged to have commanded the Irish brigade, returned a true bill today against the defendant. The lord chief justice, in charging the jury, remarked that it was sixty-two years since a grand jury had to deal with such a charge, which was the highest crime known in law.

Col. Lynch's trial at the bar is expected to begin January 20.

CAN'T FIGHT IN MICHIGAN.

McGovern and Corbett Will Have to Seek Other Fields.

Lansing, Mich., Dec. 19.—Governor Bliss will not permit the McGovern-Corbett fight, which was to have been held in Detroit next month. He wrote this afternoon to Sheriff Dickson, of Wayne county, calling his attention to the law on the subject and telling him that he expected him to see that the fight was not held in Detroit. In the letter the governor calls the sheriff's attention to the decision of the supreme court against fights in Michigan and tells him that if he needs assistance to prevent the fight it will be given him.

Heavy Snows in Wyoming.

Cheyenne, Dec. 19.—All last night and all today a heavy snow has been falling, accompanied by a wind which makes the storm a veritable blizzard, and it is expected that sheep and cattle will suffer. Up to 19 o'clock this morning eight inches had fallen, completely shutting off grazing. The storm extends over a wide area and will do much damage. The Union Pacific has cut snow plows, but is not making much progress. A prolonged blockade is not improbable.

Oil as Fuel Here to Stay.

New York, Dec. 19.—It is the opinion of those most interested that oil as fuel for locomotives has come to stay, at least in certain parts of the country where its use has been a success in that regard, both in results on engines and the economy obtained in cost of fuel. Within a short time the Southern Pacific will have a complete system of stations for supplying the fluid to engines, huge tanks having been built for the double purpose of storage and feeding. They occupy points about one hundred miles apart on the average, except in the desert and some other places where circumstances permit of 150 miles.

Ex-Police Captain on Trial.

New York, Dec. 19.—Former Police Captain Daniel C. Moynihan was arraigned for trial today before Justice Davy, in the criminal branch of the supreme court, on the charge of accepting a bribe. It is alleged in sworn affidavits made by proprietors of disorderly houses in the upper East Side district known as "Little Italy" that Moynihan, while in charge of the precinct, regularly accepting bribes in return for protection. The wealth of the former police captain is estimated in the neighborhood of half a million dollars. He has engaged eminent counsel for his defense and declares that he will have no difficulty in proving his innocence of the charges brought against him.

On Trial for Treason.

London, Dec. 19.—It is evident that the government acted wisely in delaying the trial of Col. Lynch, member

of parliament for Galway and who is accused of treason in that he is alleged to have fought on the side of the Boers during the recent war. While the war was in progress Col. Lynch's case was a subject of heated discussion but when the case was called to trial today in the law courts there was a small attendance and but little public interest.

Col. Lynch, who has been in jail for several months, is in good health and expects to be acquitted on the ground that he was a Boer citizen when he took up arms against England. General Botha will testify in behalf of the prisoner and a number of other witnesses from South Africa will be heard. The government will spare no effort to secure conviction in order to invalidate Col. Lynch's election for Galway and to exclude him from the house of commons. It is thought that only a nominal sentence will be imposed if he is convicted.

Pays Death Penalty.

Newroads, La., Dec. 19.—Willis Williams, colored, was hanged today in pursuance of the death penalty fixed at his trial during the last term of court. Williams' crime was the murder of young Alex Herbert, a barkeeper at Fardoch Station.

IT WAS A SUCCESS.

The Entertainment Given Last Night at St. Mary's New Hall.

EVERYBODY PRESENT PLEASED.

The large, beautiful St. Mary's new school hall was dedicated last night with a musical and specialty program, which was highly appreciated by those present.

Prof. Di Mauro's orchestra rendered some very beautiful selections.

Miss Florence S. Chapin delighted those who love clever reciting in her rendering of "Mr. Travers' First Hunt," by Richard Harding Davis.

Harry McKay, in his impersonation, of a colored guy made a hit. His jokes were timely and appropriate. Several sketches written by himself were well delivered.

Mrs. T. J. Shinick and Miss Anita Armijo appeared in a vocal duet. The audience showed their appreciation by hearty applause.

The piano solo by Miss Nellie Taylor was a pleasing number.

Clever and laughable specialties were by Messrs. John Oliphant and Wm. E. Grimmer.

In the second part of the program musical numbers predominated and were heartily received.

Dr. Eugene W. Baltes, a well known baritone, scored a success in his first appearance before an Albuquerque audience. Mr. Baltes displays evidence of thorough training. His voice is rich and full of volume, which instantly won favor with the lovers of artistic work.

The cornet solo by Andres Mayo was a feature of merit. Mr. Mayo proved himself to be master of the popular instrument.

Ethan Allen Hunt touched many a heart by his rendering of the sweet old Scotch melody "Flow Gently Sweet Afton."

The flute trio was received with enthusiastic appreciation by the audience. Dr. W. N. Macbeth, C. E. Burg and E. W. Baltes, who composed the trio, are all accomplished in the art of rendering good music.

The new hall is a most delightful place for entertainment and musicals and the institution has every reason to feel proud of it. The opening entertainment was certainly a credit to the society. The seating capacity is about 500. The stage is elevated to a height where everyone can see the performance without dodging from side to side. The public are pleased with a hall so elegantly finished and comfortable.

Gans Takes on Wilson.

Providence, R. I., Dec. 19.—The spectacle of a lightweight champion of the world battling for the small purse of \$800 will be afforded the patrons of the Seaside Athletic club of this city tonight, when Joe Gans will meet Howard Wilson, Philadelphia, in a 20 round bout. It is a well-known fact in sporting circles that Gans or perhaps his manager, is of a thrifty turn of mind and believes in making hay while the sun shines; but the purse to be fought for tonight is about the smallest gone after since the colored boy reached the front ranks of pugilism some five or six years ago. Wilson, though comparatively an unknown, is said to be a hard hitter and his friends assert confidence in his ability to make a good showing before the Baltimorean.

James D. Lucas, the mine expert, is down from Cerrillos.

THE COMMISSION

Testimony of Manager of Company Questioned.

TRANSPORT TROOPS AND SUPPLIES

New Yorkers Call on President Roosevelt on Currency Matters.

PANAMA CANAL TREATY DELAYED

Scranton, Pa., Dec. 19.—Chairman Gray, when the strike commission opened its session today, recalled the incident of Wednesday, when the accuracy of the wage statements of two men employed by the Pennsylvania Coal company was questioned. The lawyers for the miners challenged the good faith of the general manager of the company and Chairman Gray said that if the company could not show how many figures in the wages handed to the commission it might shake the faith of the commission in the wage statement.

BID ACCEPTED.

Eastern Steamship Company Will Transport Troops and Supplies to Philippines.

Washington, D. C., Dec. 19.—Secretary Root announced today that he had decided to accept the bid of the Boston Steamship company so far as it affects transportation of troops and military supplies between the United States and the Philippines which are sent or received by way of Seattle or Tacoma. He explained that the existing service at San Francisco would be continued for the present and added that if satisfactory arrangements could be made for the disposal of army transports, either by sale or charter, the transportation companies at that port would be given a share of government business.

Want Elastic Currency System.

Washington, Dec. 19.—Former Secretary Gage and John H. Rhodes, chairman of the finance committee on New York chamber of commerce, called upon the president today to present to him resolutions recently adopted by the chamber of commerce in advocacy of a more elastic currency system. President Roosevelt received them cordially but did not indicate what his attitude regarding the resolutions would be.

Canal Treaty Delayed.

Washington, Dec. 19.—Confirmation of the Panama canal treaty with Colombia has again been moved into the future and it is now said that no treaty can be expected before Christmas and probably not until the beginning of next year.

THE NEWSBOYS.

They Will Eat Turkey Christmas Day at Graham's Restaurant.

The newsboys of Albuquerque will feast with Graham Brothers on Christmas day.

The newsboys of this city are not of the ragged and homeless kind, which are seen in alarming numbers in the large cities, but have homes and dress as do other boys. Being endowed with the comforts of life does not make it impossible for them to enjoy a fine dinner, the generous gift of a newsboys' friend.

Turkey and cranberries, brown potatoes, plum pudding and all those good things, which tastes good from the time the eyes rest on it until it reaches that bottomless pit, known as a boy's stomach, will be spread in the Graham Brothers' restaurant in the rear of the Railroad avenue bar.

Every newsboy in the city, carrier and peddler, is invited to feast at the newsboys' Christmas banquet, but they must have recognition cards from the managers of the daily newspaper offices of the city.

This is second time that the Graham Brothers have feasted the newsboys. Last year, their first Christmas in business in Albuquerque, the newsboys were also their guests.

Improving the Plant.

The Albuquerque Gas, Electric Light and Power company have received the first motor of the installment of motors with which to furnish power for the many power consumers, who have contracted with this company to use electrical power to replace the steam plants now in use. The other motors

will arrive at once. All of the material for the new power lines necessary to care for this business, including poles, wire, etc., has been ordered and is in transit, as well as all the necessary material for the additional street lighting for the city, for which the transformers and arcs arrived some time since. To provide the additional power at the station made necessary by the above, temporarily, there is a 100 kilowatt alternating generator expected to arrive daily, as the big direct connected workings cannot be obtained for several months on account of the manufacturers of large machinery being so far behind with their orders, and the need here being urgent made it necessary for this company to go to the extra expense of providing equipment for temporary use to serve its patrons.

Bowling Party.

Fred Hathaway was the pleasing host to a jolly bowling party which made merry at the Sunnyside alleys last night. They were Misses Hathaway, of Los Angeles, Florence Vann, Nettie Gertig, Kennedy, May McDonald, Nellie Brewer, Messrs. Campbell, Dr. Sam Vann, Roy McDonald, Arthur Beal and E. R. Fergusson. It was a pleasant affair.

Capt. S. L. Douthirt and wife, of Columbus, Ohio, are in the city for a couple of weeks. They are en route to California, where they will remain until spring. Capt. and Mrs. Douthirt are not strangers in Albuquerque, as they were residents here several years ago.

Mrs. W. C. Whitney is in from Laguna doing Christmas shopping.

ALAMOGORDO-DEMING.

Towns to be Connected by the California Short Line Railway.

A ROCK ISLAND CUT-OFF.

Another railroad is projected for New Mexico and its construction will be of particular benefit to Las Cruces, and will make it one of the most important towns in the southern part of the territory. It is the California Short Line railway of New Mexico, and was incorporated at the territorial capital yesterday.

The road will extend from Alamogordo, through Otero, Dona Ana and Luna counties, to Deming, an estimated distance of 126 miles. The road will thus make connection with the El Paso & Northeastern at Alamogordo and with the El Paso & Southwestern at Deming, giving the Rock Island system a shorter trans-continental route than it has at present.

The Rock Island now operates over the Southern Pacific by way of El Paso and this cut off will be shorter than the present route by seventy-five miles for trans-continental trains. The country through which it will pass will be easy of construction, with light grades, except through the Organ pass, where there will be heavy cuts and much rock blasting. The road will pass through the rich Black Mountain and Organ mining districts which, although still greatly undeveloped, have shown good gold and copper ores.

The new road will pass through Las Cruces and will cross the Santa Fe railway there. This will make Las Cruces a much more important point and will undoubtedly add to its prosperity and growth.

The capital stock of the road is \$1,250,000.

The survey of the line has been completed. The incorporators of the company are William G. Crenshaw, Jr., and Thomas P. Foy, of New York; S. Dabney Crenshaw, Thomas Armstrong, and Lewis D. Aylett, of Richmond, Va., and Richard L. Young and George W. Frenger, of Las Cruces.

The principal office will be at Las Cruces, and of the amount of capital stock \$12,000 has been paid to the treasurer, Thomas Armstrong, of Richmond, Va.

LOCAL PARAGRAPHS.

There will be a regular meeting of Adah chapter No. 5, O. E. S., this evening, December 19, at 7:30. By order of worthy matron, Laura Fluke, secretary.

Rev. Robert Renison conducted litany services at the St. John's church this afternoon. His subject, "Christ, the Lamb of God," was well appreciated by the fair sized audience that attended.

Ira B. Bennett, general manager of the American Lumber company, passed through the city last night en route to Detroit, Mich., from the company's tract of land. Mr. Bennett expects to return to Albuquerque with his family in the course of a few weeks.

VANDERBILT SICK

Bulletins Proclaim the Millionaire Very Sick.

CONVENTION AT INDIANAPOLIS

Senator Hanna Will Address Philadelphia Students Tonight.

AMBASSADOR TOWER AT BERLIN

New York, Dec. 19.—The following bulletin on the condition of Cornelius Vanderbilt was issued at 9:30 a. m.: "Mr. Vanderbilt had a fair night and has held his own. The fact is that he is no worse this morning than he was yesterday." "Drs. Flint, Janeway, Brown and DeLafeld held a consultation previous to the issuance of the bulletin, lasting about twenty-five minutes." "Dr. DeLafeld said: 'Mr. Vanderbilt is a very sick man, but there is hope and he is not going to die today.'"

Rumor Untrue.

New York, Dec. 19.—A rumor that Vanderbilt was dead was circulated shortly after noon today. Inquiry at the sick man's home showed the report untrue.

He is Very Low.

New York, Dec. 19.—This afternoon Reginald Vanderbilt and Miss Cathleen Nelson arrived at the house. Mr. Vanderbilt made inquiries and left his card while Miss Nelson remained in the carriage. A very close friend of Mr. Vanderbilt's today said: "Mr. Vanderbilt is very low, but there is hope."

MINERS' CONVENTION.

They Are Preparing to Meet at Indianapolis, Ind.

Indianapolis, Ind., Dec. 19.—The members of the national executive committee of the United Mine Workers are gathering at the headquarters of the organization in this city preliminary to the holding of the committee meeting which precedes the annual convention. The convention, which will begin its sessions one month from today, will be one of the most important and most interesting ever held by the organization, in view of the great struggle through which the miners have gone during the past year. The officers and members of the executive committee will make full reports to the men as to the inside workings of the great strike in the anthracite field, and it is to prepare these reports that the preliminary meeting of the executive committee is held.

Hanna to Address Students.

Philadelphia, Dec. 19.—A striking program has been arranged for the annual graduation exercises of the Peirce school, to be held in the Academy of Music this evening. The presiding officer is to be President Clement A. Griscorn, of the International Mercantile Marine company. Others to take part are Senator Hanna, of Ohio, Coadjutor-Bishop Mackey-Smith, Director of the Census William R. Merriam and President George E. Reed, of Dickinson college. Peirce school is the largest business school in the United States. Of the 1,700 students now enrolled a large number are young men and women from Cuba, Mexico and Porto Rico, who are learning American business methods and the English language.

New Ambassador at Berlin.

Berlin, Dec. 19.—Ambassador Tower presented his credentials to Emperor William at the palace today. All the members of the staff of the embassy were present.

Callahan vs. Yanger.

Chicago, Dec. 19.—Tim Callahan, the clever Philadelphia boxer, and Benny Yanger, the "Tipton Slasher," are to furnish the wind-up tonight at the weekly boxing show of the American Athletic club. It will be the second meeting between the boys. Before the Penn Art club of Philadelphia a short time ago the two engaged in a six-round bout in which Callahan had the better of his opponent.

Tea at the White House.

Washington, Dec. 19.—Mrs. Roosevelt gave the third of her series of teas this afternoon, when she welcomed several hundred guests in the red parlor. Receiving with the hostess were Mrs. Knox, Mrs. Payne, Miss Wilson and other ladies of the cabinet circle.

REFORMING PENSION SERVICE.

Eugene F. Ware, commissioner of
pensions, in line with his policy to re-
organize the force of employees at the
pension bureau for more effective ser-
vice, has reduced the salaries of sev-
enteen aged and incompetent clerks. The
clerks received notices of the commis-
sioner's action last Saturday when
they were handed reappointments to
places with duties not exacting and
with salaries ranging from \$200 to \$300
a year less than those they had been
drawing. The reduced clerks at first
were inclined to appeal to members
and senators to have them reinstated,
but an investigation convinced them
that the commissioner would not be
moved by political influence. Then they
got together in the corridors and
discussed their grievances. Some of
them gave way under their misfortune
and cried. Commissioner Ware told
why he has reduced the salaries of the
aged clerks."The pension bureau is filled with a
lot of old and disabled men," Mr. Ware
said, "whose usefulness passed away
long ago. They are not capable of per-
forming their duties and are not earn-
ing the high salaries paid them. It was
realized that something must be done,
and it was decided to cut their salaries
and give them less trying and less diffi-
cult work. There are many aged clerks
in the bureau disabled from one cause
or another who should stop work and
try to regain their health. I feel sorry
for them. They are old men, sick and
worn out. At the same time they can
not do the work they are called upon
to perform, and giving them less ex-
acting labor was the best thing to be
done under the circumstances."The clerks had ample notice of the
commissioner's intentions to reorgan-
ize the pension bureau, as he stated
in his annual report that as many of
the employees were unable to perform
the work required of them, he thought
the time had come for the establish-
ment of a civil pension list. In this
report Mr. Ware declared that 100
young men could do the work it takes
500 old and incapacitated clerks to do.TO CURE A COLD IN ONE DAY

dropped down the precipice, the slip-
pery log over the abyss, anything that
offers a chance of life, is eagerly snatched
at. The end the man seeks is safety.
He cares nothing for the means to
that end.There are thou-
sands of men and
women whose
lives are at stake,
who are hindered
from accepting
the one means of
safety by foolish
prejudice.Doctor Pierce's
Golden Medical
Discovery has
been the means of
restoring health
to many men and
women whose hol-
low cough, bleed-
ing lungs, emaci-
ation and weak-
ness seemed to
warrant the state-
ment of local phy-
sicians—"There is
no cure possible."
Why should prejudice against a put-up
medicine hinder you from trying what
has cured thousands of suffering men
and women?"Only for Dr. Pierce's Golden Medical
Discovery I think I would be in my grave to-day,"
writes Mr. Moses Miles, of Hilliard, Utah Co.,
Wyoming. "I had asthma so bad I could not
sleep at night and was compelled to give up
work. It affected my lungs so that I coughed
all the time, both day and night. My friends
all thought I had consumption. My wife had
taken Dr. Pierce's Favorite Prescription and it
had helped her so much she insisted on my try-
ing his 'Golden Medical Discovery'—which I
did. I have taken four bottles and am now a
well man, weighing 150 pounds, thanks to Dr.
Pierce's Golden Medical Discovery."
The sole motive for substitution is to
permit the dealer to make the little more
profit paid by the sale of less meritorious
medicines. He gains; you lose.eye. The court fined them \$5 apiece
for disturbing the peace.A saloon row of several days stand-
ing was brought up in police court
this morning. It was all news to the
police and warrants were sworn out
for the arrest of the hard hitters. Dan-
iel Apodaca, a young native, was
pounded up in fine style and kicked
around over the floor in the saloon of
P. Badaracco, on the corner of North
Third street and Tijeras avenue. The
Badaracco and the bartender, Thomas,
are charged with being the chief pro-
moters and victors in the fight, and
they will appear in court and tell their
stories. Apodaca is said to be in a
critical condition, which made it neces-
sary to summon a physician to attend
his injuries. His right eye is swollen
so that it is impossible for him to see
out of it. At first it was thought he
would lose the sight, but from the lat-
est report the injury is not considered
serious. The peculiar part of the affair
is that the matter was not reported to
the police until it was found Apodaca
was injured so bad that he could not
leave his bed.The case is set for tomorrow morn-
ing.

UNIVERSITY NOTES.

Some Good Items About a Fine Terri-
torial Institution.Last Tuesday, Mr. Harding, of San
Francisco, gave an instructive lecture
at assembly hour on our "National
House of Representatives." He vividly
pictured the troubles and disap-
pointments of a newly elected member
who tried to gain fame by introducing
and securing the passage of pet bills.
He explained why oratory and debate
are not used in the house; why the
work is practically done by the vari-
ous committees, the vast influence of
the speaker and the chairman on the
various committees and the necessity
of the present "gag" rules to enable
the house to do business. He also
pointed out some characteristic dif-
ferences between the house of repre-
sentatives and the house of commons.President Tilt and Professors
Weinzirl and Magnusson are very busy
these days preparing their respective
papers for the meeting at Las Vegas
of the New Mexico Academy of Sci-
ence.Pupils wishing to spend their vaca-

KODOL
Digests What You Eat

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol
Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: "After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured."

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.

Bottles only \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c.

FEEDING THE BIRDS.

A Happy Christmas Custom Among Swedish Peasants.

Christmas is celebrated in Sweden to an extent unknown in our country, and the celebration is not over until January 13, or "twentieth day Yule." A very pretty feature of the festivities is thus described by a writer who has visited that country: "One wintry afternoon, at Jultide, as the season is called, I had been skating on a pretty lake three miles from Gothenburg. On my way home I noticed that at every farmer's house there was erected, in the middle of the yard, a pole, to the top of which was bound a large, full sheaf of grain.

"Why is this?" I asked my comrade.

"Oh, that's for the birds, the little wild birds. They must have a merry Christmas, too, you know."

And so it is; not a peasant in Sweden will sit down to a Christmas dinner within doors until he has first raised aloft a Christmas dinner for the birds in the cold and snow without.—Pittsburg Dispatch.

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine, J. H. O'Reilly & Co.—B. H. Briggs & Co.

We make the best door and window screens. They are far superior to any made in the east at the same price.—Albuquerque Planing Mill company, A. T. Telephone No. 462.

Plumbing.

We have added a plumbing department and tin shop to our business. When you have anything in this line to be done see us about it before placing your order.—Albuquerque Hardware company.

Peninsular base heaters burn less fuel, give more heat and ventilate your rooms.—Whitney Company.

We are sole agents for Wheeler & Wilson sewing machines.—Albert Faber, 305 Railroad avenue.

Tin, galvanized iron and copper work. Albuquerque Hardware company.

\$1,000.00 borrowed from the Mutual Building association of Albuquerque costs you only \$13.25 per month. A. E. Walker, secretary.

Orders taken for every known make of stoves and ranges.—Albuquerque Hardware company.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

SANTA FE.

From the New Mexican.

Charles L. Bishop left for Antonito, Colorado, and will be gone several days.

Miss Belle Quick, a pupil at Loretto academy, will leave shortly for Raton to spend the holidays with her parents.

Mrs. O. P. G. Clark, mother of Mrs. R. L. Baca, and her niece, Miss Maud Harding, of Washington, are expected this week to make a visit.

The 3 year old daughter of E. E. Hatcher, of Pagosa Springs, Colo., who is ill in the city with pneumonia, is reported better.

Lowitzki's stable will hereafter run three hacks, two of them in day time, the drivers being Hyman Lowitzki and Eusebio Escudero, and the third driver at night, J. L. Van Arsdell. All day and all night service will be maintained.

Mrs. W. J. McDowell, of Butler, Pa., has arrived at Las Cruces in response to a telegram notifying her that her son, who is here for his health, was seriously ill. The young man formerly was in this city, and has many friends here. His condition is now greatly improved.

Invitations have been issued for the marriage of Gabriella Ortega to Fernandillo Jaramillo at the parish church at Santa Cruz on Saturday, December 20. The bride is the daughter of Hon. Victor Ortega, one of the best known citizens of northern Santa Fe county.

G. Volney Howard, formerly of this city, who figured in the mock duel at Boulder, Colo., and whose merchandise was broken in the melee, was presented with an unusually handsome pipe by a Boulder business firm.

The heavy new boiler for the plant of the Santa Fe Water and Light company, was yesterday taken across the bridge on Don Gaspar avenue and is now at the power house. The bridge was strengthened by putting supports of piles of ties under each bent and then the boiler was rolled across. The new engine arrived yesterday and as soon as it is put in position the practically new plant will be ready for operation. It is hoped to begin by Christmas, but it will certainly be not later than January 1.

CHAMBERLAIN'S STOMACH AND LIVER TABLETS.

Try them

When you feel dull after eating.
When you have no appetite.
When you have a bad taste in the mouth.
When your liver is torpid.
When your bowels are constipated.
When you have a headache.
When you feel bilious.

They will improve your appetite, cleanse and invigorate your stomach and regulate your liver and bowels. For sale by all druggists.

H. T. McIntyre, St. Paul, Minn., who has been troubled with a disordered stomach, says: "Chamberlain's Stomach and Liver Tablets do me more good than anything I have ever taken." For sale by all druggists.

LAS VEGAS.

From the Record.

The plumbers were busily engaged today in repairing damaged water pipes.

Ben Wellier, the well known traveling man, spent the day calling on our merchants.

Antonio Castillo left for Las Cuevas where he goes to take charge of the Long and Rosenwald ranches.

D. H. Weir is a new arrival here from Indianapolis. He came to install and start the engines of the street railway company.

James Lowe, the fireman at the electric light plant, fell from a ladder recently and sustained several severe bruises.

Some of our citizens seem to be a little slow in regard to shoveling the snow off their walks. There is danger of getting a severe fall on some of them.

Letters of administration were granted Amanda Padia de Marquez in the estate of her husband, who was the man accidentally killed recently at Chapel.

James Leonard and Charley Leavitts came down from Trout Springs and returned in the afternoon. They said it was 14 degrees below zero up there.

The Agua Pura company has 150 men employed cleaning snow off the ice on its ponds in the canyon, and is making arrangements to increase the force to 300 as soon as ice cutting commences.

A number of east side society folks were out in a four horse sleigh, with sleigh bells, cow bells and all the necessary adjuncts to a first class sleigh ride. The welkin rang with their merry shouts until a late hour.

Rev. Father George Julliard, of Gallup, who had been visiting friends here for a few days left for Watrous. His sermon in the east side Catholic church last Sunday was thoroughly enjoyed by the congregation. He spoke of the immaculate Conception and the virgin of Guadalupe.

Rosa Littrell has filed a suit for divorce against her husband, Samuel E. Littrell, alleging abandonment and non-support. She asks for the custody of their only child and alimony for the support of herself and child. Both parties are residents of Colfax county.

A family by the name of Gilbert, residing on Eighth street, came near having a serious accident this morning. The water pipes in the kitchen range froze during the night, and when a fire was started in the stove this morning they promptly exploded, completely demolishing the stove and playing havoc with the kitchen. No one

was in the room at the time of the explosion, consequently there were no fatalities to chronicle.

A Million Voices.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for consumption and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1.00. Trial bottles free at all druggists.

THAT COLORADO SLICE.

Some Fine Lands in Centennial State Belong to New Mexico.

RECENT DISCOVERIES.

The startling discovery has been made that the revised statutes of the United States take off an entire degree of Colorado's territory and attach the area to New Mexico.

In other words, the northern boundary of New Mexico and the southern boundary of Colorado, according to the official description in the new statutes, overlap an entire degree of latitude.

The boundary between the commonwealths has always been given as the 37th degree, and has never been disputed. Now New Mexico's northern line is described as running along the 38th parallel.

According to the latest status on the subject a strip of Colorado sixty miles from north to south and 400 miles from east to west, belongs to New Mexico.

The counties lying wholly south of the 38th degree are La Plata, Dolores, San Juan, Montezuma, Mineral, Archuleta, Conejos, Costilla, Huerfano, Las Animas and Baca, while the counties which the line divides are San Miguel, Ouray, Hinsdale, Saguache, Custer, Pueblo, Otero, Bent and Prowers. If the matter gets to a point where the discrepancy between the statutes and the old surveys is taken into the courts all of this immense area of what was supposed to be a part of Colorado, will be a veritable No Man's land until the dispute is settled.

The 38th parallel of north latitude passes through the state in a line a few miles north of La Junta and a few miles south of Lake City and Ouray. If the revised statutes are to be believed a dozen important counties, in which are included a portion of the fertile Arkansas valley, almost the entire San Luis valley, the rich mining region of the San Juan, and other districts of equal importance are all in New Mexico.

State Engineer McCune received the news in an unofficial way this morning, but he has no doubt that the federal statutes give the boundary line as stated. Mr. McCune believes it is either an error of great magnitude on the part of the men who revised the statutes or is a scheme concocted by the opponents of New Mexican statehood to start a boundary war, and thus cause such a confusion among the friends of statehood that the proposition will be badly defeated.

The discovery of the contrary was made several days ago by the commission in charge of the codification of the federal laws in Washington. The new statutes gave the 38th degree as the boundary between Colorado and New Mexico, and the commission looked up the maps and surveys and saw that the line given there was the 37th degree.

It appears that an attempt was made to keep the matter a secret until an investigation could be held, but the senate committee on statehood secured possession of the information and will spring it at the proper time as one of the arguments against statehood.

Several of the New York papers published stories about the boundary variance last week and held that the statutes would have to be amended or a large slice of Colorado's territory would be added to New Mexico. The cities and towns that would be affected by any such drastic ruling are Telluride, Silverton, Durango, Monte Vista, Pagosa Springs, Alamosa, Conejos, Antonito, Trinidad, Walsenburg, La Junta, Springfield and numerous others of lesser importance.

"The changing by the statutes of the boundary line between Colorado and New Mexico must be an error but I can not see how any such mistake could have been made," said the state engineer this morning. "It will certainly be productive of great confusion before it is settled. The discrepancy may have been purposely arranged in order to befuddle the members of congress on New Mexican statehood."—Denver Post.

SHORT LINE TO COAST.

The Santa Fe Cut-Off Will Clip Twelve Hours to California.

An Associated Press dispatch, sent out last night from Los Angeles, gives the following important item regarding the Santa Fe cut-off through sections of New Mexico:

Los Angeles, Dec. 18.—President E.

P. Ripley, and his associates have incorporated the Eastern Railway of New Mexico. The charter is for a period of fifty years. It is intended to construct a line from a point at or near Rio Puerco, on the Santa Fe Pacific in Valencia county, New Mexico. The road will run in a southeasterly and easterly direction through Valencia and Guadalupe counties, New Mexico, to a point in connection with the Pecos Valley & Northeastern railroad at or near Texico, near the eastern New Mexico boundary. The estimated length of the line is 265 miles.

Branch lines will be constructed to tap many sections. The headquarters of the new company will be in Los Angeles. Under its charter the new company has seven directors, including President Ripley, Victor Moraretz and Edward J. Berwind, of the Santa Fe, and Henry L. Waldo, R. E. Twitshell, F. C. Fox and Charles A. Spies, all of Las Vegas, N. M. The officers named in the incorporation include the general officers of the Santa Fe system. It is estimated that the new line will require a year to build and equip. Its completion will give the Santa Fe two separate routes between Chicago and Los Angeles and by shortening the route between Kansas City and Chicago will enable the company to operate overland trains to Los Angeles and San Francisco in at least twelve hours less time than any of its competitors.

WANT STATEHOOD.

The Citizens of Mountainair, at Abo Summit, Hold a Meeting.

SERIES OF RESOLUTIONS.

At a meeting of the citizens of Mountainair, the new town at Abo Summit, on the line of the Santa Fe railroad cut off, in Valencia county, N. M., the following proceedings took place on December 12, 1902:

John W. Corbett was chosen chairman and Melvin G. Green, secretary, and on motion Col. E. C. Manning, George V. Hanlon and Wilfred M. Brown were chosen as a committee on resolutions. The purpose of the meeting having been stated by the chairman comments and remarks were in order which disclosed much indignation towards United States Senator Beveridge and his associates on account of their attitude upon the question of statehood for New Mexico. The committee on resolutions reported the following preambles and resolutions which were unanimously adopted:

Whereas, The people of New Mexico have by every method known to American civilization manifested their desire and demonstrated their corporate ability in favor of a place among the stars upon the national emblem, and Whereas, Nearly one-half of the states constituting the federal union, which New Mexican blood was shed to preserve nearly forty years ago, have been clothed with the panoply of self-government since the creation of the territory of New Mexico, and

Whereas, A sub-committee of the committee on territories in the United States senate, of which one Beveridge is chairman, has reported against the admission of New Mexico as a state of the union and said chairman has designated its inhabitants as unqualified for self-government, thereby classifying them with the inhabitants of the Philippine colonies, and

Whereas, This same Beveridge has said of the Philippines, "that the government we propose to establish in the Philippines will be so pure and patriotic as to reflect its beneficent and elevating influence upon our own country," we venture to inquire if we are to be perpetually assigned to that thankless fate also. Therefore, be it

Resolved, That it is the sense of this assembly that the presence of this Beveridge in the United States senate, once honored by a Morton and a Thurman, is no evidence that Indiana is not relapsing into the impotent condition of colonial imbecility but adds to its noted reputation for producing hoop-poles and pumpkins that of producing a tantalizing "beverage" which should be shunned by men, scorned by women and spurned by dogs.

Resolved, That a copy of these preambles and resolutions be sent to Hon. B. S. Rodey, a copy furnished the Albuquerque Citizen and Santa Fe New Mexican for publication and a copy thereof, written upon asbestos parchment, be forwarded to the chairman of

LOCAL PARAGRAPHS.

Frank Cramer and John Dramer have gone to Trinidad, Colo., where they expect to engage in the restaurant business.

J. C. Brown, traveling auditor for the Harvey system of eating houses, is in the city checking up the accounts of the local station.

C. May, the Railroad avenue shoe merchant, has presented the public with a very pretty Christmas window. A small Christmas tree, a little winter holly and a fine display of winter shoes are the features displayed.

The Futrelle Furniture company, on South Second street, is showing, besides their large line of elegant furniture, a nice lot of beautiful pictures. Mr. Futrelle has struck on a good idea of displaying his goods on the outside of his store.

Mrs. August Zeng and son, Freddie, will leave Sunday night for Wichita, Kan. Mrs. Zeng will remain a few days and then return to the city. Fred will be left at Wichita to attend school during the winter. Fred is one of the carriers of The Citizen, and the boys around this office will give him a reception at their lodge room Saturday night.

Department Commander J. W. Edwards of the G. A. R. is in receipt of a letter from Congressman Chester I. Long, of Kansas. In the letter Mr. Long states that although he does not intend to be in Washington, D. C., until about the middle of January, if the statehood bill is not disposed of before he gets there he will use all of his influence in its behalf.

Mrs. A. G. Wells, wife of General Manager Wells, of the Santa Fe coast lines, and family, passed through the city this morning in private car 98 bound for a visit with friends at St. Joseph, Mo. Mrs. Wells' old home, at the local station, Mrs. Wells was joined by Mrs. W. B. Childers and Misses Mary and Ida Settle, who are going to Santa Fe for a few days' visit.

A telegram from Topeka, Kan., says: The Santa Fe management decided to replace all light rails on the road with 75-pound rails. During the next year the road will lay 335 miles of new rail between Chicago and Albuquerque. The Pacific coast lines will receive like treatment. It is the intention of the road to have nothing but 75-pound rails in use and thus take away much danger of wrecks occurring.

Often hang on several things—the physician, the nurse, the drugs and medicines. The drugs are our part, and it is our constant aim by careful buying, by the careful selection of the best drugs and chemicals, and by the utmost care in compounding them, to play that part well. Correct diagnosis is hardly more important than that the remedy selected should have the effect expected of it.

SCHOOL EXERCISES.

How Christmas Was Observed Today at City Schools.

APPROPRIATE ENTERTAINMENTS.

Today, at noon, all work in the public schools ceased until after the holiday recess. This afternoon exercises befitting the season were held in all the rooms. The usually plain blackboards were resplendent with drawings and quotations which told only too well, even to the most pessimistic visitor, of the joy and gladness that was abroad in the Albuquerque schools this afternoon. "Peace on earth and good will to men" reigned everywhere. Even Old Sol could not resist the influence and came out bright and cheerful after several days of sulks. The teachers of each room, except in the primary rooms, were careful to let the pupils do the decorating and the parents and friends that visited today saw what their children could do, in some cases much to the parents' surprise. It would be time well spent if parents would visit oftener.

H. Appleton, Pearl Thigpin, Anna Maples, Jack Goss, Edna Farr, Hazel Breen, Gertrude Murray, James Regan, Anita Gonzales, Helen Sampson, Donald Darrow, Ernest Hammond, Clairmont Bell and Lillian Baker furnished the program, consisting of songs and recitations that was given in the little frame building on Edith street under the direction of Miss Flora Hartman.

At Central school the two literary clubs of the high school united and gave a most interesting program. There is enough material in either society to produce a good program and when both unite the one and one-half hours allotted is far too short.

There were many acts today in the high school that suggested Christmas but the prettiest of these was the thoughtfulness of the students in remembering their pianist, Miss Rose Huntzinger, with portfolio of the Gibson drawings. It is the custom of the eighth grades to entertain, by turns, the grade across the hall. Today both grades met in Miss Coltrane's room and her pupils covered themselves with glory. On account of the necessary absence of their teacher last week many were the fears that their decoration and program would not be what it should be, but this afternoon proved that a teacher need not be present to direct such wide awake boys and girls as met in the southwest room at Central school. They have every reason to feel that their program was a success. Their decoration was excellent and the program all that could be desired.

The seventh grades also met alternately for the rhetorical exercises and today they met with Miss King. The music dealers, Hall & Learned, very graciously loaned them a piano for their exercises which made it possible for them to have some extra members. Their program consisted of piano solos, duets and trios, vocal solos, duets and songs, recitations and pantomimes.

At the close, Miss King announced as a Christmas treat that Miss Irving and Miss Naylor would entertain the schools with a vocal and piano solo.

First Ward.

The first ward exercises were greatly appreciated by many visitors. The decorations in this ward showed the story in picture of the Christ child, the star of Bethlehem, etc. The programs were well rendered.

Second Ward.

The rooms at the Second ward were nicely decorated and quite lengthy and interesting programs were rendered. Every pupil participated in some exercise. The programs are too long to give in full.

Third Ward.

The teachers of the Third ward school building, Principal Preston, Misses Anna Thomas, Ida Elder, Katherine Wilson, Manuel Hunt and Matta Tway, are holding their Christmas exercises in their separate rooms this afternoon. Quite a few patrons of the school are present. Christmas recitations and songs predominate in the programs.

Ayer's Hair Vigor

Probably you know how it always restores color to gray hair, stops falling, and makes the hair grow. Then tell your friends.

J. C. Ayer Co., Lowell, Mass.

Fourth Ward.

About one and one-half hours were very pleasantly spent in the fifth and sixth grades at the Fourth ward school. Their program consisted of choruses, recitations, vocal and instrumental solos. The third and fourth grades also had a program of songs and recitations appropriate to this happy season. The opening number in the second grade was a cantata by twenty-five children, representing fairy story book characters, etc. Following this was a Christmas drama, "A Cure for Loneliness." The program closed with a song and drill by the boys' band. This band was composed of all the boys gaily dressed.

Miss Newman, having been compelled to be away from her school at the time when it was necessary to practice, had to give up her original program, but a very pleasant hour was spent in her room with recitations and songs. All the rooms were nicely decorated.

Miss Nichol's school in the Spencer building had a very neat little program. Miss Nichol being absent last week on account of sickness, was put under great difficulties. Her pupils being of the first grade, they could not go ahead alone.

All the schools very generously united in a Christmas gift to the poor. A full dry load was turned over to the Non-Sectarian Benevolent society for distribution.

T. Muensterman, the South Second street shoe merchant, is not behind with showing his Christmas and winter footwear. Although there is nothing superfluous about the windows in question, the goods displayed would make useful presents.

A bunch of keys, picked up on the street today, was left at this office by Policeman Cooper.

A Beautiful Picture Given Away

To every cash customer who purchases a dollar or more; and you do not pay more, for we sell our goods as cheap as the cheapest—quality or quality considered—if not a little cheaper.

Maynard, the Jeweler

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades.

As to teas. Everyone knows that we keep the very best to be had in the territory.

ADVERTISE IN THE DAILY CITIZEN

NEW MEXICO TOWNS

FARMINGTON.

From the Times.

Mrs. L. M. Jarvis is assisting in the postoffice for the morning and evening mail and will continue to do so until after the holidays and perhaps permanently.

Clay Hensley, of Pine river, drove through town Saturday with a herd of 250 head of fine cattle which he will winter at A. F. Koehler's place near Jewett.

Harvey Towner, the efficient educator and principal of the Fruitland school, was up from that place Saturday and was accompanied by Mr. Crowley, the teacher at Ohio. Both schools are doing good work.

Fells a Deadly Attack.

"My wife was so ill that good physicians were unable to help her," writes M. M. Austin, of Winchester, Ind., "but was completely cured by Dr. King's New Life Pills." They work wonders in stomach and liver troubles. Cure constipation, sick headache. 25c at all druggists.

AZTEC.

From the Index.

C. G. Brewer and wife have gone overland to Gallup, from where they will go by the Santa Fe railroad to California, where they will spend the winter.

Henry Wood made final proof, before the probate clerk, on his homestead of 160 acres at Cedar Hill. George A. Tinker and Frank W. Blackmer were his witnesses.

Harry L. Dunning left for Durango, where he will take the train for Washington points. He will spend the winter along the Pacific coast, returning here in the spring.

Judge Robert C. McRee, of Chattanooga, Tenn., was in town this week. The judge is a lawyer by profession, but has decided to mingle with mother earth and has concluded to settle on the La Plata river, and has already sent for his family. He will buy land on the La Plata and devote himself to farming and cattle raising.

The Pride of Heroes.

Many soldiers in the last war wrote o say that for scratches, bruises, cuts, wounds, corns, sore feet and stiff joints, Bucklen's Arnica Salve is the best in the world. Same for burns, scalds, boils, ulcers, skin eruptions and piles. It cures or no pay. Only 25c at all druggists.

LORDSBURG.

From the Liberal.

Mrs. Sam Hughes, who has been visiting friends at Florence, N. M., for several weeks, returned home to the great delight of her husband, who had gotten quite lonesome.

D. W. Briel, superintendent of the North American company, made a trip down to El Paso last week, and returned with Mrs. Briel, formerly Miss Mary McGee, of Shamokin, Pa.

Mr. and Mrs. Bon Markley, of Bluffton, Ind., arrived here the first of the week, and Mr. Markley has gone to work for the Eagle drug mercantile company. Mrs. Markley and Mrs. S. M. Chase are sisters.

To Get Rid of a Troublesome Corn.
First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequaled. For sale by all druggists.

CARLSBAD.

From the Argus.

There is a coal famine on in Carlsbad these days. The black diamonds are \$10 a ton, but can not be secured even at that price—scarcity of cars is the reason given.

Miss Mary Breeding is at her home from the Guadalupe to spend the holidays with her parents. Her school has been "let out" until the first Monday in January.

The new cottage built by A. J. Crawford has been finished, and has been rented by W. A. Roberts, whose wife and son are expected soon to arrive from Indiana to make Carlsbad their home.

The 900 tons of Kaffir corn and Milo maize, contracted by the Irrigation company to Clifton Chisholm, the Roswell hog feeder, has nearly all been delivered, only a small amount still being due, and this will go forward as soon as cars can be secured. The contract price was \$10, in the head, and thus it is that 9,000 of Mr. Chisholm's good dollars have gone into the pockets of lower valley farmers.

An accidental shooting took place at the home of J. H. Bromley, at Lone Tree, Sunday morning. His son, Lea, was handling a 10-gauge shotgun which went off in some manner, the shot wounding Mrs. Bromley, his little sister and a younger brother. The little girl was most seriously hurt, receiving ten of the shot, one of them penetrating the lungs. The mother was hit by two of the shot and the boy by five, but neither seriously hurt. The charge of the gun struck the stove and this scattered it with the above serious results.

J. T. Choat, a ranchman of Rocky Arroyo, brought into town, Tuesday, the hide of the biggest "loafer" wolf ever seen in these parts. The animal was notorious among the cattlemen

west of here on account of his great size and the amount of damage he had inflicted on flock and herd, and there was a standing reward of \$80 offered by stockmen, besides the regular \$20 territorial bounty. Mr. Choat killed it about thirty miles west of here, and it measured an even six feet from tip of nose to tip of tail. Boyd Clark, traveling salesman for the Simmons Hardware company, of St. Louis, bought the hide and will send it east to be mounted.

Had a Good Time.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says: "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by all druggists.

RATON.

From the Reporter.

Victor Brackett is visiting friends in Albuquerque.

Mrs. Seth Rueb, of Topeka, is visiting friends in Raton.

Miss Marie Fox left for her home in Pueblo, where she expects to remain indefinitely.

Mrs. Charles Howells, of Trinidad, is visiting in the city, the guest of Mr. and Mrs. William Howells.

Mrs. C. Smyer, nee Farley, of Kansas City, is expected here in a few days to spend the holiday season with her folks.

C. E. Stivers and wife are enjoying a visit from the latter's sister and her husband, Mr. and Mrs. W. A. Hunter, of Farmington.

Deputy Sheriff Ed Corbet, of Springfield, brought to the county jail one Francisco Maes, who was committed by Justice Hutchinson, to await the action of the grand jury on the charge of horse stealing.

J. F. Ruffner was found dead in his bed in the room in the rear of the First National bank. Death came to him peacefully and without warning, as he was resting on his pillow as if in natural sleep. He was afflicted with organic heart trouble, which was the cause of his death.

A Timely Topic.

At this season of coughs and colds it is well to know that Foley's Honey and Tar is the greatest throat and lung remedy. It cures quickly and prevents serious results from a cold. Alvarado Pharmacy.

DEMING.

From the Herald.

T. S. Robinson, the merchant, has been absent from the city nearly a week and his store is closed.

At the last term of district court Mrs. J. A. Nelson secured a divorce from her husband and is again Mrs. Mary E. Collins. Nelson is somewhere in Arizona.

Quite a stream of water is running in the Mimbres river, past Deming. This is something entirely new at this season of the year and never seen before by the oldest inhabitant.

The engagement is announced of James Stowe, a tinner at the Mahoney shop, and Miss Ethel Hudgens, daughter of Mrs. William Hudgens, of this city. Both the young people are well and favorably known. The wedding takes place December 25.

William Sprague, of Deming, heard for the first time last evening that his son, Billy, aged 21, and living in Nevada with his brother, died there a year ago. The brother was afraid to tell the father before, knowing that the news would greatly affect him.

Don't be imposed upon by taking substitutes offered for Foley's Honey and Tar. Alvarado Pharmacy.

ROSWELL.

From the Register.

Mrs. W. D. Slease was called home to Lake Valley, N. M., by the death of her father, Mr. McKinney, of that place.

There is three feet of snow in the White mountains and the new comers of Roswell in their shirt sleeves won't believe it is snow that they can see so plainly.

J. W. Townsley, of Lee, Iowa, father-in-law of H. F. Smith, arrived in Roswell last week for a visit to his two daughters—Jennie and Junie, who are attending school here.

Rev. W. G. Read is quite ill at his home on Richardson avenue. Mr. Read has been confined to his home for several months with rheumatism and injuries received from a fall, and his recovery has not been as rapid as his friends have wished.

W. J. Chisum has made a number of land sales lately, among them being 100 acres in West Grand Plains, nine miles southeast of town, to C. A. Price, of Bebee, Ark., for \$600; 100 acres to M. A. Walker, of Kentucky, for \$600; 280 acres to R. W. Lewis, of Oklahoma City, for \$800; and 80 acres four and a half miles southeast of town, to Fred Rota, terms private.

W. T. Jones, the well known carpenter and builder, left for Denver, where he has promises of the organization of a company to manufacture and push the improved adjustable mechanic's apron which Mr. Jones has invented.

Two Hospitals Said Diabetes.

Bright's Disease and Diabetes Are Positively Curable.

People either cured or recovering from the above diseases are in every ward in this city. Mrs. C. C. Mathewson, proprietor of the Clifton Hotel, 502 Powell street, is one of them, and makes this statement:

502 Powell St., San Francisco, Nov. 21, 1902.
For two years I suffered greatly from diabetes. Finally I had to go to one of the hospitals, going to one of this city's very best. Three physicians there confirmed my case as diabetes, and put me under treatment and strict diet. Getting no relief, I went home. I sat steadily worse and went to another well-known city hospital. The physicians there also said diabetes, and stated that they could prolong my life, but that I could never be well. I left the hospital after a few months completely broken down, the percentage of sugar being 11 per cent. It was at this juncture I heard of the Famous Compound and sent for it. The second and third weeks I began to sleep untroubled, and found that the awful thirst I had suffered with for over two years had left me. I am now an entirely different person, though still taking it to insure permanency. I have recommended it to my family, all getting favorable results. One was a warm friend and another is a Berkeley attorney who had Bright's Disease and is now perfectly restored. I dislike publicity, but feel that this thing ought to be known.
Mrs. C. C. MATHEWSON.

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism offer but short resistance. Price, \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 430 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

J. H. O'Reilly & Co., Sole Agents, Albuquerque.

Those who have seen the apron pronounce it an article of much merit and one that will be universally used by carpenters and others.

Morrow & Tannehill, last Saturday, let the contract to C. P. Sherman and D. Y. Tomlinson for the brick store building on the corner of Third and Main streets. The building will be 198 feet long and have a frontage of fifty feet on Main street, and for 100 feet back will be two stories. The contract price was \$26,500 and a bond of \$1,500 was entered into for the completion of the building within six months. The contractors have such a reputation as pushers that the completion of the building on time is assured.

A kidney or bladder trouble can always be cured by using Foley's Kidney Cure in time. Alvarado Pharmacy.

SILVER CITY.

From the Independent.

From present indications there is going to be a building boom on in Silver City next year.

The glass house at the Fort Bayard sanitarium is finally nearing completion and will be ready for occupancy by the first of the year.

According to the annual report of the superintendent of public instruction, the value of the public school property in Silver City is \$10,500.

Martin Maher, who, with his wife, is enjoying an extended vacation in Los Angeles, was in Silver City last week on matters connected with his local property interests.

Mrs. Max Schutz returned from Los Angeles, where she had been visiting her son and daughter, who are attending school in that city.

The new Normal school building, which is now ready for the roof, will be completed by Contractor Grabe by February 1. This will place twenty-one rooms at the school's disposal.

The entertainment which was to have been given at Fort Bayard Saturday evening by the Normal School Mandolin club, was postponed until next Saturday evening, December 20, on account of the inclement weather.

The case of the territory against Robert Stanford, charged with killing a cow belonging to the Lyons & Campbell company, was up before Justice Newcomb. Stanford waived examination and bail bond was fixed in the sum of \$500.

While not definite, it is understood that the present board of county commissioners will meet on January 5, for the purpose of closing up the business of the term, and at the conclusion of their labors the new board will organize.

Theodore W. Carter, who has been absent for some weeks in Old Mexico, developing a big gold mining proposition which he has in the state of Sonora, returned to Silver City on Sunday's train and will leave during the present week to spend the holidays with his family, who are temporarily at Davenport, Iowa, during Mr. Carter's absence in the republic.

"Shorty" Gidding, who is employed by Contractor J. A. Hanlan, in the construction of the big dam at the south end of the city, had a very narrow escape from serious injury last Tuesday afternoon, and as it was, did not come out wholly unscathed. Mr. Gidding was working on the false work constructed for the purpose of driving the piling, when the plank on which he was standing broke, precipitating him to the bottom of the gulch, a distance of about twenty feet. He was cut about the face and head and sustained a sprain of the right leg, necessitating an enforced vacation of several days.

Foley's Honey and Tar positively cures all throat and lung diseases. Refuse substitutes. Alvarado Pharmacy.

MOUNT VERNON PURE RYE

FAST TIME BY SLOW FREIGHT.
Notable Achievement on the Santa Fe
in Arizona.

In from Arizona has drifted a story
that is of more than ordinary interest
to railroad men, says the Los Angeles
Times.

A week ago yesterday one of the
most remarkable runs in the history
of the Santa Fe road was made in the
second district of the Albuquerque divi-
sion from Gallup, N. M., to Winslow,
Arizona, in which Cain and Abel, who
were the subjects of something of a
scandal a few centuries ago, again
came into prominence. Conductor
Cain and Engineer Abel, with en-
gine No. 864, made the district, a dis-
tance of 128 miles, in seven hours and
fifteen minutes, with a train of eighty-
six loads and twenty-two empties, a
total of 108 cars, with train tonnage
of 3,300 tons, and an average speed of
seventeen and seven-tenths miles per
hour.

Engine No. 864 is of the tandem com-
pound class, built by the Pittsburg
locomotive works, and is one of the
engines recently purchased by the
Santa Fe for service on the coast lines
of their system. These engines weigh
on drivers, 174,100 pounds and have a
total weight, ready for service, of 199,-
250 pounds. The builders claim a
tractive force of 45,000 pounds, and it
has been a matter of some str-

tion in railroad circles as to
the engines

has an ascending grade of 15.8 feet to
the mile a portion of the way, to Win-
slow from Gallup, and 31.5 feet to the
mile on another portion, the run is
really remarkable.

The trip was also notable for the
fact that it is the first time in history
that Cain and Abel have been on har-
monious terms since they had that lit-
tle trouble on the Adams homestead
just outside the city limits of Eden-
ville.

**Boy's life saved from Membranous
Croup.**
C. W. Lynch, prominent citizen of
Winchester, Ind., writes: "My little

nous croup, and only got relief after
taking Foley's Honey and Tar. He got
relief after one dose and I had that lit-
tle saved the life of my boy." Refuse sub-

At Yuma, Arizona, a boiler maker
named Kelly was knocked under the
cars and sustained the loss of a leg
and both hands. He is now in the ho-
spital at Tucson and will probably die.

Saved at Grave's Brink.
"I know I would long ago have been
in my grave," writes Mrs. S. H. New-
som, of Decatur, Ala., "if it had not
been for Electric Bitters. For three
ears I suf-

fered from
the brake beams were killed in the
smash up, but the bodies have not yet
been found. Passenger trains were
held up for several hours.

Ordinary household accidents have

chest. Heals burns, cuts, bruises,
sprains. Instant relief.

The Rock Island will in a few days
commence burning gumbo for ballast
on the Smoky Hill bottom two miles
west of Abeline, Kas. Two hundred
men will be used and the ballast will
be used on the main southwest line.
With this ballast and gravel from
Texas the line will be completely bal-
lasted to El Paso.

seems especially adapted to the needs
of the children. Pleasant to take;
soothing in its influence; it is the reme-
dy of all remedies for every form of
throat and lung disease.

It is said that several eastern roads
are to establish shortly a system of
special express trains which are to be
run on passenger train schedules and
it is hoped will lighten the work of
regular trains, thus helping to lift the
blockades which have become preva-

the south and the depot site will prob-
ably be in the eastern part of town.
Raton believes that the Frisco people
are behind the new road.

COUGHS AND COLDS IN CHILDREN
Recommendation of a Well Known
Chicago Physician.

I use and prescribe Chamberlain's
Cough Remedy for almost all obstinate
constricted coughs, with direct results.
I prescribe it to children of all ages.
Am glad to recommend it to all in
need and seeking relief from colds
and coughs and bronchial affections.
It is non-narcotic and safe in the hands
of the most unprofessional. A univer-
sal panacea for all mankind.—Mrs.
Mary R. Melendy, M. D. Ph. D., Chi-
cago, Ill. This remedy is for sale by
all druggists.

A. E. Powell, route agent for Wells-
Fargo company, was in Las Vegas all
day Wednesday, assisting in getting
the wrecked express matter into shape.

Coughs, Colds, and Constipation.
Few people realize when taking
cough medicine other than Foley's
Honey and Tar, that they contain
opiates which are constipating besides
being unsafe, particularly for children.
Foley's Honey and Tar contains no
opiates, is safe and sure and will not
constipate. Alvarado Pharmacy.

Mrs. W. L. Smith, wife of a well
known Santa Fe brakeman, of many
years' residence in Las Vegas, left for
Los Angeles. Mr. Smith is now at
Port Worth, but he will join his wife
in Los Angeles, and they will make
it city their future home.

He Found a Cure.
ter, 318 Second street, Salt
springs: "I have been both-
ered by indigestion for
years, have tried many
remedies, but I have
not found relief. I recom-
mend who are afflicted
with indigestion, to
try this remedy. It has
cured me. J. H. O'Reilly & Co.,

MRS. MARY GREGOVICH,
Of Phillipsburg, Montana, Tells How
She Was Cured of Dandruff.

Mrs. Mary Gregovich, of Phillipsburg,
Mont., under date of November 26,
1899, writes: "I had typhoid fever
this summer, consequently was losing
my hair terribly, and my head in
places was perfectly bald. Newbro's
Herpicide had just come into use in
Phillipsburg, and the doctor strongly
recommended it to me. After three or
four applications my hair stopped fall-
ing out, and is coming in again quite

gash on the back and other parts of
the body, which will confine him to his
room for some time. When picked up
Mr. Gormley was unconscious. He was
taken to Dr. J. J. Shuler's office and
after having his injuries attended to
was taken to his home, where he is
resting as comfortably as circum-
stances will permit.

"Harry Duckwell, aged 25 years,
choked to death early yesterday
morning at his home, in the presence
of his wife and child. He contracted
a slight cold a few days ago and paid
but little attention to it. Yesterday
morning he was seized with a fit of
coughing which continued for some
time. His wife sent for a physician
but before he could arrive, another
coughing spell came on and Duckwell
died from suffocation.—St. Louis Globe
Democrat, December 1, 1901." Bal-
lard's Horehound Syrup would have
saved him. 25c, 50c and \$1.00 at Cos-
mopolitan Pharmacy B. Ruppe.

The Southern Pacific has placed or-
ders with the Pullman company for
fifty new vestibule chair cars to be
ready by the first of June and also for
sixty new locomotives of different
types. Eighteen of these engines will
be moguls, thirteen of the Atlantic
type and ten of them ten-wheel pas-
senger locomotives similar to those al-
ready delivered.

Ballard's Horehound Syrup.
Immediately relieves hoarse, croupy
cough, oppressed, rattling, rasping and
difficult breathing. Henry C. Stearns,
ruggist Shullsburg, Wisconsin, writes
May 20, 1901: "I have been selling
Ballard's Horehound Syrup for two
years, and have never had a prepara-
tion that has given better satisfaction.
I notice that when I sell a bottle, they
come back for more. I can honestly re-
commend it; 25c, 50c and \$1.00 at Cos-

Report From the Reform School.
J. G. Gluck, superintendent, Prunty-
town, W. Va., writes: "After trying
all of the advertised cough medicines
we have decided to use Foley's Honey
and Tar exclusively in the West Vir-
ginia Reform school. I find it the most
effective and absolutely harmless." Al-
varado Pharmacy.

Oranges and lemons are being rushed
through here for the east by the
hundreds of cars, and have preference
over other freight, while coal and coke
are being rushed west, merchandise be-
ing laid on the sidetrack to make way

Arizona that will cost the company
considerable money if they are forced
to shut down on account of shortage
of fuel.

A Cold Wave.
The forecast of sudden changes in
the weather serves notice that a hoarse
voice and a heavy cough may invade
the sanctity of health in your home.
Cautious people have a bottle of One
Minute Cough Cure always at hand.
E. H. Wise, Madison, Ga., writes: "I
am indebted to One Minute Cough
Cure for my present good health, and
probably my life." It cures coughs,
colds, LaGrippe, bronchitis, pneumonia
and all throat and lung troubles. One
Minute Cough Cure cuts the phlegm,
draws out the inflammation, heals and
soothes the mucous membranes and
strengthens the lungs. J. H. O'Reilly

A Thousand Dollar's Worth of Good.
A. H. Thurnes, a well known coal
operator of Buffalo, O., writes: "I have
been afflicted with kidney and blad-
der trouble for years passing gravel and
stones with excruciating pain. I got
no relief from medicines until I began
taking Foley's Kidney Cure, then the
result was surprising. A few doses
started the brick dust like fine stones
and now I have no pain across my kid-
neys and feel like a new man. It has
done me a \$1000 worth of good." Al-
varado Pharmacy.

JOHN WICKSTROM DEAD.

The Well-Known Character, Once
Wealthy, Yields Up His Life.

HIS WAS A CHECKERED CAREER.

John Wickstrom, better known as "Swede John," died this morning at his room in old town.

He was about 49 years of age and his life while here was of a very interesting character.

John spent the larger part and by far the most active part of his life in Albuquerque, being very prosperous and successful until his memory failed him several years ago.

In the early days he worked as a section man on the railroad. He dropped into Albuquerque one day and began playing poker. His first winnings resulted from his setting in the game. From that time on he became a typical character around town and his wealth increased until he was worth from \$75,000 to \$100,000. But he dropped his wealth in the same manner he obtained it.

In Los Angeles he was known as "King Swede." The papers of that city on several occasions have had long stories of his visits there, relating his adventures and the easy way in which he spent his money.

His mental derangement became hopeless and his fortune gone, he was placed under the care of the county authorities until he could be sent to the asylum at Las Vegas.

Everyone in the city knew of "Swede John" and his fascinating life, which was short at its best, and his death removes the most interesting character that ever frequented the streets and gambling houses of the city. He was placed under the care of the county authorities about four months ago. His mind became a total blank and he was unable to properly care for himself.

His friends in the city will take charge of the remains and see that the once active and popular man receives a good burial. Arrangements for the funeral have not as yet been completed.

His wife, who secured a divorce from him a few years ago, is now residing with her son in Chicago. Before the complete wreck of her husband she secured enough out of his fortune to keep her and her son in comfortable circumstances for many years to come.

LOCAL PARAGRAPHS.

Ed. F. Thomas is helping T. Y. Maynard, the jeweler, during the holiday rush.

Mayor Charles Myers went to Las Vegas this morning to be gone a couple of days.

Constable James Smith has returned from a ten days' trip to the Rio Puerco country, serving papers.

George Zirhut was able to be out a little yesterday. His injured foot is coming around all right.

Rev. George Leo Patterson, formerly of this city, but now of Gallup, is in the city for a few days.

Roy Wilson, colored, died yesterday at Santa Fe of Bright's disease. Wilson at one time lived in this city.

George Arnot, manager of the Albuquerque house of Gross, Kelly Co., spent day before yesterday at Las Vegas.

Mrs. M. A. Landon and son, Fred, former residents of Socorro, are late arrivals in Albuquerque. They expect to make this their home.

R. F. Heller, the postmaster and general merchant at Cabezon, spent yesterday in the city doing Christmas trading. He returned home last night.

The remainder of the Thanksgiving, which is being given by the children of the city schools, was taken up today. A neat sum was secured.

It has been rumored that Miss Grace Roseberry, of Las Vegas, and Jack H. Pettitt are engaged to be married soon. Mr. Pettitt has been a resident of Albuquerque and has many friends who will bestow many congratulations upon Jack.

Mrs. H. Holloway and son, Ha, will leave in a few days for Los Angeles, where she will meet her brother Elijah Harris, whom she has not for twenty-four years. Mr. Harris is a mining man in Nevada. Mrs. Ha and son will be absent a few weeks.
