HELP WANTED

Big Corporations Will Work for Statehood.

OPERATORS UNFAIR IN TESTIMONY

Two Important Appropriation Bills Passed by the Senate.

FORM CHURCH FEDERATION

The Citizen was informed today by a well known southern New Mexico gentleman, that the officers and managers of Colorado Fuel & Iron company; the Atchafalaya, Topeka & Santa Fe and Rock Island Railroad companies, and other big corporations in southwest, have recently held a secret conference, and agreed among themselves to send delegates to Washington on or about January 15, 1903, to work among the republican senators, now opposing statehood for the territories, and try to get them to vote for the passage of the omnibus bill. The delegates will go to Washington fortified with figures, showing that the companies they represent have invested heavily in the two territories (New Mexico and Arizona) and that they desire and must have statehood. It is thought that such influence will have great weight among the senators now opposing the omnibus bill. A telegram today from Delegate Rodey says: "Telegrams from officials, individuals, organized boards and bodies, to the senate favoring the omnibus bill, should be sent at once from all over the territory. Help counts now."

TAKING TESTIMONY.

Coal Operators Shown Up as Unfair in Their Testimony.
Scranton, Pa., Dec. 17.—The miners today put on the witness stand before the coal strike commission, the fathers of two of the little girls who had testified on Monday that they worked all night in silk mills.
The operators yesterday submitted wage statements showing that one of these men and his laborer received \$1.681 and the other and his laborer were paid \$1.400 last year.
John Demko, father of one of the girls, said four and sometimes six men figured in the division of the \$1,400.
The other miner claimed that four men divided the \$1,681.
After the witness left the stand, Chairman Gray asked for an explanation from the Pennsylvania Coal company regarding the wages of men. The wages mentioned by the company were handed to the commission some days ago and did not indicate that more than two persons figured in the distribution. W. A. May, general manager of the Pennsylvania Coal company, explained that because of the system in vogue in the company's mine it would be difficult to show in every case how many men shared in one pay.
C. S. Darrow, for the miners, said the miners had no confidence in the figures submitted by the company and added that the way they were handed in was unfair.

NATIONAL LEGISLATION.

The Senate Pass Urgent Deficiency and Appropriation Bills.
Washington, Dec. 17.—Immediately after the senate convened today Mr. Hale, of Maine, called up the urgent deficiency bill, and it was passed without discussion. It carries an appropriation of \$1,140,400, including \$500,000 to suppress the foot and mouth disease. Mr. Hale stated it was evident that no business will be transacted until after the holiday adjournment and on his motion it was agreed the senate adjourn from today until Saturday.
Mr. Morgan, of Alabama, gave notice that on Saturday he would address the senate on the construction of an isthmian canal.
Mr. Gallinger, of New Hampshire, reported the pension appropriation bill, which was passed without division. It carries \$139,897,000 and is the first of the regular appropriation bills to be passed by the senate at this session.
After passing a number of minor bills, the senate resumed consideration of the militia bill.
In the House.
Washington, Dec. 17.—When the house convened today a bill was passed

to extend the act of June 6, 1900, which authorizes the sale of stone and timber for use in the Indian Territory so as to provide for its sale to railroads, parts of whose lines are in the territory. After some minor business the house resumed consideration of legislative appropriation bill.

To Form Church Federation.

San Francisco, Dec. 17.—The Federation of Churches and Christian Workers of Northern California is to be organized permanently at a convention which opens in the Y. M. C. A. hall this evening and continues through tomorrow. The organization is to be formed along the same lines as similar federations existing among the churches of the east. Committees will be appointed on moral reform, on evangelizing the state, missionary comity, etc. The rumor is regarded as of far reaching significance and one of the most important of the last decade among religious workers. One of the problems to be solved is the overchurched of small towns.

New English Contralto.

New York, Dec. 17.—Mme. Kirkby Lunn, and English Contralto who has won renown abroad not only as a concert and oratorio singer but on the operatic stage as well, will be heard for the first time in America tonight at the Metropolitan Opera House. Following her New York engagement Mme Lunn will make a tour embracing the leading cities of the country.
Jesse and W. S. Grant, Jr., passed through the city on their way to Washington to attend the funeral of their mother, Mrs. Ulysses S. Grant, who died Sunday night. The two sons were spending the winter at Pasadena, California.

STATEHOOD FIGHTERS.

Strong Delegations From the Territories Now at Washington.

RESULT LITTLE IN DOUBT.

A special dispatch to the St. Louis Globe-Democrat, from Washington, D. C., dated December 13, says:
Oklahoma, New Mexico and Arizona are represented in Washington by strong delegations of citizens, who are here to urge favorable action by the senate on the omnibus statehood bill. Officials, business men and attorneys from each of the territories are here with the intention of staying until the contest is settled, and bringing every possible pressure to bear upon the senators to secure the passage of the bill which will add three states to the flag. The Oklahoma delegation consists of Sidney Clarke, of Oklahoma City; Horace Speed, United States district attorney; U. C. Guss, president of a bank at Guthrie; Judge Frank Dale, W. H. Merton, F. H. Greer, Joseph McNeal and C. E. Billingsley, bankers, and T. J. Lowe and H. E. Asp, attorneys. These gentlemen are working industriously to counteract the impression that the people of Oklahoma will favor a bill granting statehood to Oklahoma and Indian Territory as one state. "Oklahoma does not want to come in with the Indian Territory," said Horace Speed tonight, "and the Indian Territory does not want to come in as a part of Oklahoma. Oklahomans, who have the interests of their territory at heart, want the omnibus bill passed."
The Oklahomans assert that the Beveridge bill embodies every feature urged by the democrats in their campaign in the territory.
Included in the delegation that favors the Beveridge bill, admitting Oklahoma and Indian Territory as one state, are: C. Bates, of Oklahoma City; W. H. Cassat, of Wagoner; William Johnstone, of Bartlesville, I. T.; E. N. Ratcliff, of Vinitia, I. T.; George Cook, of Oklahoma City; J. L. Cheatham, of Bristol, I. T.; James Long, of Wetumka, I. T.; T. H. Allen and J. H. Lovett, of Coweta, I. T., and others.
The New Mexicans are here in force and called upon President Roosevelt today. The members of the party who visited the white house were Delegate B. S. Rodey; L. Bradford Prince, ex-governor of the territory; Benj. S. Baker, judge of the federal court for New Mexico; C. M. Foraker, United States marshal and brother of Senator Foraker; Thomas Hughes, editor of the Albuquerque Citizen; F. A. Hubbell, school superintendent of Bernalillo county; T. S. Hubbell, sheriff of Bernalillo county; O. E. Cromwell, capitalist; O. N. Marron, democratic territorial committeeman; F. W. Clancy, district attorney for Bernalillo county; J. Leahy, attorney at Raton; F. Porroff, deputy sheriff of Bernalillo county; E. V. Chaves, attorney of Albuquerque.

GERMAN DENIAL

Squadron Has No Orders to Seize Margarita Island.

DEWEY WILL WATCH POWERS

Balfour Says War Does Exist With the Venezuela Republic.

NO "PACIFIC BLOCKADE."

Berlin, Dec. 17.—The foreign office here denies explicitly that the German squadron in Venezuela has orders to seize Margarita Island, adding that no occupation of the territory of Venezuela will occur.

IF WAR EXISTS

Admiral Dewey Will be Instructed to Watch American Ships.

Washington, Dec. 17.—Secretary Hay has cabled Ambassador Tower at Berlin to ask the German government to define exactly what is meant by "peaceful blockade."

This government contends there is no such thing as "peaceful blockade." If a state of war does not exist the United States ships must be allowed to pass. The test will come next Saturday when the Red D. line steamer Caracas arrives at La Guayra. If that ship goes through without a pass, if it does not then Admiral Dewey will be instructed to convey the American ships through the lines. The situation is now more critical than when trouble began.

The only cablegram received at the state department from Minister Bowen over night was the announcement that the Italian minister at Caracas had requested him to take charge of Italian interests in Venezuela which, under the state department's instructions, he was about to do and the minister was leaving Caracas. This cablegram was sent from Caracas last night.

"PACIFIC BLOCKADE"

No Such a Thing, Says Balfour, and War Does Exist with Venezuela.

London, Dec. 17.—In the course of a long statement in the house of commons today, Premier Balfour said there is no such thing as a "Pacific blockade." A state of war actually existed with Venezuela and an imitation of blockade would shortly be given to the powers.

"The blockade will be carried out by Great Britain and Germany along different portions of the coast and though the two fleets will have the same objects, they will not act as one force. We never had any intention of landing troops in Venezuela or of occupying territory even temporarily. We do not think it desirable on either military or other grounds."

Balfour concluded his statement with saying he could make no announcement as to whether the offer of arbitration from Venezuela would be accepted by Great Britain.

MINISTER BOWEN.

He is Kept Busy in Venezuela Looking Out for Various Interests.

Washington, Dec. 17.—The Spanish minister, and Baron Monchour, the Belgian minister, have not received official advices relative to the joint note their governments have addressed to President Castro, asking that in the event of a settlement of claims of the allied powers, Spain and Belgium be given similar treatment. Baron Monchour regards the position of his country as thus far neutral, but in case circumstances change his attitude it is likely that Minister Bowen will be requested to look after Belgian interests in the Venezuelan capital. Mr. Bowen's position is realized to be one of extraordinary difficulty. He is now in charge of the interests of Great Britain Germany, Italy and Holland, besides those of the United States, and may be called upon to take charge of those remaining European countries, with the possible exception of France, which remains of pleasant relations with Venezuela.

Still Considering.

Berlin, Dec. 17.—Germany and Great Britain are still considering President Castro's arbitration proposition, but the deliberations have not yet reached a stage where the results can be published.

Germany considers that President Castro's proposal to arbitrate is inadequate, unaccompanied, as it is, with guarantees to pay if the arbitrators decided against him and a reply in

that sense has been or will be sent through Minister Bowen.

Great Britain will make a similar answer. These statements are not made officially, but are arrived at from an excellent source.

A formal notification of the blockade of the Venezuelan coast by the war vessels of the allied powers is likely to be issued tomorrow. It is understood that the ships of the United States will be on precisely the same basis as those of other nations.

Eagles, Attention.

This evening, in the hall over Zeigler's Cafe, there will be a meeting of all Eagles who are interested in the formation of a marching club to attend the next session of the grand aerie in New York city. A good attendance is desired by those having the matter in charge.

DEATH FROM THYROID FEVER

James Morse Died at the Sanitarium This Morning.

James Morse, aged 36 years, died this morning at 4 o'clock at the sanitarium from thyroid fever. Mr. Morse accompanied by his wife came to Albuquerque about the first of October and was engaged in buying wool. He was taken sick about five weeks ago with thyroid, and received all the medical attention possible, but he failed fast, the disease had too great a hold on him for recovery.

The deceased was employed by the firm of Harding & Caverly, of Boston, the largest wool dealers in the east. He was also very prominent in eastern athletic circles.

During his brief residence in this city Mr. Morse had made many friends who are filled with sorrow by his untimely and sad death.

Besides a wife four small daughters are left to mourn the death of a kind and dear father.

The remains were prepared for shipment by O. W. Strong & Sons, and will be sent to the home in Boston.

Daily Topics Discussed.

Hillsboro, Ore., Dec. 17.—This was a busy day for the delegates to the annual session of the Oregon Farmers' congress. Among the papers presented and discussed at the forenoon session were the following: "The railroad's interest in the Dairy Industry," H. E. Lounsbury, of Southern Pacific company, Portland; "Dairy Farming and Its By Products," William Schuler, of Farmington; "Variations in Hand Separator Cream," F. G. Cutlip, deputy dairy commissioner, Portland. The convention will come to a close with a series of interesting addresses this evening.

SILENT OBSERVER.

A Few Local Happenings and Sightings Around Town.

The extraordinary funny farce, "Brown's in Town," was the only play seen by the audience, while the actors were enacting a comedy behind the scenes by doing their best to keep warm. The costumes for the play were negligible and summer gowns. The conversation was about flower gardens, dusty and hot roads and burning sunshine, yet the actors were shivering and praying for heat. It reached an alarming stage, and it looked as if it would be a tragedy before the last act. But the continued dancing and lively stunts between plays and appearance they managed to keep warm.

The funeral of Mrs. George Bowman, which took place from the residence on South Walter street this afternoon, was largely attended. The religious services were conducted by Rev. Fisher, of the Lead Avenue Methodist Episcopal church and were accompanied by beautiful music rendered by the male quartet. The remains of the good and kind woman were laid to rest in Fairview cemetery.

Regular review of Albuquerque tent No. 1, K. O. T. M., will be held this evening at 8 p. m. in Knights of Pythias hall. B. Ruppe, commander.

SHOT AND KILLED

Double Tragedy at Mining Town of Jerome.

BISHOP BECKWITH CONSECRATED

The Political Squabble in Colorado Still Before the Public.

OTHER TELEGRAPHIC HAPPENINGS

Jerome, Ariz., Dec. 17.—Al Cowles shot and killed John Kerwage at the ranch of Kerwage & Haskell, a few miles from here. Cowles then killed himself. Kerwage was wealthy and a member of the Arizona legislature. Cowles was employed by him. The cause of the quarrel is unknown.

BISHOP BECKWITH.

Consecrated Bishop of the Episcopal Diocese of Alabama.

Montgomery, Ala., Dec. 17.—The Rev. Charles M. Beckwith, D. D., was consecrated Bishop of the Episcopal diocese of Alabama in St. John's church today. The services, which began at 10:30 o'clock, were presided over by the Right Rev. Thomas M. Dudley, Bishop of Kentucky, assisted by the co-consecrators, the Right Rev. Alexander C. Garrett, Bishop of Dallas, and the Right Rev. C. K. Nelson of Georgia. Besides the presiding bishops and the co-consecrators a number of other bishops of the south and middle west were present.

The attending presbyters were the Rev. William T. DuBoise of Sewanee, Tenn., and Rev. Arthur B. Kinsolving of New York. The Rev. J. C. Glass of Anliston was deputy registrar and the Rev. E. E. Cobbs of Montgomery, was master of ceremonies.

One of the most impressive features of the ceremony was the entrance of the procession which came into the church in two divisions. The procession was preceded by a crucifer vested in scarlet cassock and gilded alb. Then came the vestry, the standing committees of the diocese, the deacons and priests of the dioceses, and the visiting bishops. Prominent lay members of the church were present from many parts of the state and the church, especially through it, was crowded to the doors long before the opening musical service began.

The second division of the procession consisted of the presenting bishops, the bishop-elect and his attendants, the preacher, the co-consecrators, and, closing the procession, the presiding bishop. The presenting bishops were Right Rev. Ellison Capers, bishop of South Carolina, and Right Rev. J. B. Chesire, bishop of North Carolina. The sermon was delivered by Right Rev. G. H. Kinsolving, bishop of Texas. Following the close of the ceremonies there was an informal reception for the visiting bishops and others.

Right Rev. Charles Minnegerode Beckwith, the new bishop of Alabama, was born forty-eight years ago in Petersburg, Va. He is a nephew of the late Bishop Beckwith, of Georgia, and was named for the celebrated Dr. Minnegerode, of Richmond. He received his early education at the University of Virginia and took the theological course at Sewanee. He was next master of the grammar school at Sewanee, and after taking orders became rector of St. Luke's church, Atlanta, Ga. Some fifteen years ago he went to Texas as rector of Trinity church, Houston, where he served seven years, afterwards locating in Galveston, where he continued to reside until called upon to preside over the diocese of Alabama.

COLORADO MUDDLE.

The Election is Still Going on in the Centennial State.

Denver, Dec. 17.—The court of appeals today dismissed the writ of mandamus granted by District Judge Palmer regarding the state board of canvassers to certify to the election of C. A. Cooper, republican, instead of J. T. Whitelaw, democrat, as representative from San Juan county, holding that the court had no right to interfere thus with the executive officers in the performance of their duties. This decision has important bearing on the election of a United States senator, as it leaves the state board of canvassers liberty to seat two democrats whose seats have been contested. If certificates are given both democrats, the house will consist of thirty-three republicans and thirty-two democrats, and the democrats are hopeful that

with a majority of only one, the republicans will be thwarted in an attempt to unseat democratic members from Arapahoe county, and thus secure a majority on joint ballot.

Mrs Langtry Sails for America.

London, Dec. 17.—Prominent among the passengers on the Celtic, which sailed for New York today, were Mrs. Langtry and the leading members of her company who are to engage in a tour of the large cities of America this winter. A large bevy of friends assembled at the station to bid the famous actress bon voyage.

Tom and Tabby On the Bench.

Chicago, Dec. 17.—The purring aristocracy of the nation met today in the Coliseum in a friendly competition for valuable trophies offered by Mrs. Minnie Madden Fiske, Mrs. J. Ogden Armour and others. The affair is held under the auspices of the Beresford Cat club and is the first exclusively cat show to be held in the United States. It called together a collection of nearly 1,000 felines, including thomases and tabbies of every conceivable variety. There are to be seen every kind of cat, from Manx to Siamese, and from blue-blooded Persian and Angora aristocrats to plain tabbies of the alley variety. The show is to continue through the remainder of the week and the premiums will be awarded by A. J. Buriend and James Vidal of England.

Word comes from Las Vegas that the chances of recovery for Joe M. O'Brien, the express messenger who was hurt in the wreck of No. 2 recently at Tipton, are very slim. He was injured internally and at last reports he was very low.

INSANE RACKET.

It Was Played for a While by a County Prisoner.

HE IS ALL RIGHT NOW.

In the last few days several incidents of criminals working the insane racket, brings to notice an amusing story of one of the prisoners now in confinement at the city jail.

During the territorial fair a young man named Denny, alias Myers, was arrested on the charge of forgery. Several checks for small amounts, one on W. W. Strong, and others on other citizens, were passed by Denny. He was apprehended in the act, arrested and tried in justice court. He waived examination and was bound over to the grand jury. After he was placed in the jail he played the insane dodge to perfection, claiming he knew nothing that transpired since he left Denver. At the time of his arrest about \$12 was found on him, and was turned over to the parties on whom he forged the check.

The marshal visited the jail the other day and Denny, who appeared in a rational mind, asked the marshal if he could have the money which was taken from him when arrested.

Marshal McMillin looked at him a minute and said: "I thought your mind was a perfect blank at that time. If you remember that money so well, you surely remember how you obtained it."

Denny saw that he had given himself away and had no more to say. He played the insane dodge so well after his arrest that a physician was summoned to attend him."

A Gorgeous Wedding.

Baltimore, Md., Dec. 17.—Society was dazzled today by one of the most gorgeous weddings that has ever been celebrated in the old city of Baltimore. The contracting parties were Mr. Thomas Alexander McIntyre, millionaire, clubman and Wall street power of New York, and Mrs. Archibald Paul Mitchell, a young and wealthy widow, also of New York. The ceremony was performed at the home of the bride's relatives, Dr. and Mrs. James D. Englehart in West Lantane street. Into the ceremony were introduced many novel and costly features. From the bridegroom's great estate of 3,000 acres, Onslow Hall, in North Carolina, were brought carloads of southern vines and plants and flowers, so as to make the great Colonial drawing-rooms of the Inglesharts resemble a fairy woodland scene, and in this environment the knot was tied. The Rev. Dr. John Timothy Stone, of Brown Memorial church, was the officiating clergyman. The bridal from "Lohengrin" was sung by the full Mendelssohn Chorus, brought from New York in a private train. Following the ceremony there was a wedding breakfast served to 200 guests by Delmonico of New York.

REAL ESTATE MEN.

They of Nebraska, Holding Convention at Omaha.

Omaha, Neb., Dec. 17.—The leading cities and towns of the state were represented today at the opening of the annual convention of the Nebraska Real Estate Dealers' association. Three days will be occupied by the sessions of the convention and many questions of importance to the real estate world will be discussed. Proposed changes in the laws governing state taxation will be considered and other matters to receive attention include changes in existing laws on the sale, rental and mortgaging of property and the foreclosure of mortgages. Matters concerning the best methods of making sales and the size of commissions also will be discussed.

At the opening session today president Conkling called the meeting to order and prayer was offered by Rev. H. C. Herring. An address of welcome by president Harrison of the Omaha exchange and responses by representative members of the association followed.

DESTROYED BY EARTHQUAKE.

A Town in Russian Turkestan Totally Destroyed.

Ashkabad, Russian Turkestan, Dec. 16.—The town of Andijan, Ferghana government, was totally destroyed by an earthquake today. The number of fatalities is not yet ascertained. The population is threatened with starvation. Shocks were felt in New Marghelan and surrounding villages and a railway at Andijan was destroyed for a considerable distance. Food and clothing are being sent to Andijan. Andijan is a town of Russian Central Asia, seventy-three miles from Krokand. It had a population of 30,000 souls.

ST. JOHN ARRESTED.

President of Miners' Union Indicted for Murder and Robbery.

Telluride, Colo., Dec. 17.—Vincent St. John, president of the Miners' union, is one of the twenty-two men indicted for participation in the riot at the Smuggler-Union mine July 1, 1901, in which two men were killed and four wounded. He was arrested this morning. Indictments charge St. John with murder and attempt to murder and robbery. He was released on \$7,000 bond.

Witnessed Indian Dance.

Colonel John Borradaile and P. F. McCanna visited Los Griegos one day last week, and witnessed the annual feast and dance of the Malachines. The dance is traditional with Montezuma. A small girl dressed in a fantastic costume, representing the daughter of Montezuma, headed the procession. The dance is an honored religious ceremony among the native people. The Indians participating are arrayed in fantastic costumes and their faces, arms and legs are painted to represent weird and mysterious beings. The idea that these gentlemen visited the dance for the purpose of securing their services for the remote territorial fair is erroneous, as these dances are religious ceremonies, and they would not consent to make a showy performance.

Harry Moore, 31 years of age, died at his room on the Highlands this morning about 2 o'clock. The deceased came here a few weeks ago from Whiting, Ind., with his two brothers, but the climatic change was too much for his system, and death, which has been hovering over him, carried him into the beyond. His brother, J. B. Moore, will accompany the remains to the home in Indiana. O. W. Strong & Sons have taken charge of the remains, which will be shipped in the morning.

is a hard one which states that the
Sioux Indians are willing and anxious
to go to work and earn a living. One
of the agency officials at Cherry Creek
agency in South Dakota says that
President Roosevelt's plan to make the
Indians self supporting by giving them
employment instead of rations is a
"brilliant success," and that they are
taking kindly to the plan. To old-
time western people it will seem in-
credibly. They would go a long way
to see Indians actually doing good
work, building roads at \$1.25 per day.

BEVERIDGE'S OPINION ONLY.

Senator Beveridge does not believe
in the half way methods of Senator
Bard, says the Phoenix Republican.
The California senator merely ex-
pressed the opinion that Arizona has
reached the maximum of development,
for the time being. He ventured no
positive opinion on potential resources
or ultimate development. But Sena-
tor Beveridge is strenuous, and be-
lieves in going the full length when
there is an opportunity to denounce
and cripple a defenseless people. He
expresses the opinion that Arizona's
"resources are too limited to entitle
the territory to statehood." In other
words, there is no hope, now or here-
after, that Arizona can develop to the
status of a state! The resources are
not here, according to the distinguished
Indiana wing investigator. And, of
course, the word of all Arizona to theIt is a great affliction for a woman to
have her face disfigured by pimples or
any form of eruptive disease. It makes
her morbid and sensitive, and robs her
of social enjoyment. Disfiguring eruptions
are caused by impure blood, and are
entirely cured by the great blood-
purifying medicine—Dr. Pierce's Golden
Medical Discovery. It removes from the
blood the poisonous impurities which
cause disease. It perfectly and perman-
ently cures scrofulous sores, eczema,
tetter, boils, pimples and other eruptive
diseases which are caused by the blood's
impurity. It increases the action of
the blood-making glands and thus in-
creases the supply of pure rich blood."For about one year and a half my face
was very badly broken out," writes Miss
Adams, of 16 West Main Street, Butte,
Mich. "I spent a great deal of money with
doctors and for different kinds of medicine, but
received no benefit. At last I read one of
your advertisements in a paper, and obtained a bottle
of Dr. Pierce's Golden Medical Discovery. Be-
fore I had taken one bottle of this medicine I
noticed a change, and after taking three bottles
I was entirely cured. I can well recommend
Dr. Pierce's Golden Medical Discovery to any
one similarly afflicted."The sole motive for substitution is to
permit the dealer to make the little
more profit paid by the sale of less mer-
itorious medicines. He gains; you lose.
Therefore accept no substitute for
"Golden Medical Discovery."

CHRISTMAS IN JERUSALEM.

Christmas is held in the greatest re-
verence by the Christians of the east,
and nowhere is its observance more
solemn and imposing than in Bethle-
hem, the picturesque old town where
Christ was born. On Christmas eve
the devout of Jerusalem gather togeth-
er and flock out of the city and march
to the Church of the Nativity in Beth-
lehem, the oldest monument of Chris-
tian architecture in the world. There
mass is celebrated, while armed Tur-
kish soldiers stand on guard beside
the altar and around the brilliant star,
where Christ is supposed to have lain
in the manger and which gleams up
from the pavement, the most conspic-
uous object in the grotto.

APPEAL TO YOUNG MEN.

The late John P. Altgeld once made
the following fine and graceful appeal
to young men, and as the day for
"good resolutions" is approaching,
The Citizen reproduces and urges up-
on the attention of all its young read-
ers:Young men, life is before you. Two
voices are calling you—one, coming
from the swamps of selfishness and
force, where a success means death,
and the other from the hilltops of jus-
tice and progress, where even failure
brings glory. Two lights are seen in
your horizon—one, the fast-fading
marsh light of power and the other
the slowly rising sun of human brother-
hood. Two ways lie open for you—
one leading to an even lower plane,
where are heard the cries of despair
and the curses of the poor, where man-
hood shrivels and possession rots
down the possessor, and the other
leading up to the highlands of the
morning, where are heard the glad
shouts of humanity, and where honest
effort is rewarded with immortality.TO CURE A COLD IN ONE DAY

LARGE LAND DEAL.

A San Miguel County Ranch Sells for a Handsome Amount.

The big deal at Los Alamos in San Miguel county in the sale of the Placita ranch owned by Travis F. Jones has been closed, the papers having been signed yesterday says the Las Vegas Optic. The tract comprises several thousand acres of land, formerly the property of Andres Sena, and purchased from Maylon Harold by Mr. Jones over two years ago. It brought \$57,750, making it at once the largest land transaction that has been consummated in these immediate parts for some time.

The purchasers are J. D. Hand, a wealthy young man from Alabama, and S. H. Slaven from off the plains of Texas. The latter named has been made general manager of all the properties included in the purchase, one piece of land alone containing 12,000 acres. Wiley Jones has been retained in the position of manager. Immediate possession of the premises was given and the contemplated great improvements are already under way.

Mr. Jones, who has just closed this profitable deal, will leave on Monday for New York, in which city he will place his daughter at school; thence he goes to Kentucky where he owns 15,000 acres of valuable coal and timber lands out of which he will net a fortune. He will arrange to spend Christmas with his aged mother at Waco, Texas.

Had a Good Time.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says: "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and took pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by all druggists.

Scouring Mills' Christmas Dance.

The second floor of the Albuquerque Wool Scouring mills will be a scene of gaiety on Christmas eve.

The proprietors of this, one of Albuquerque's largest and best industrial institutions, employs a large number of women and men, girls and boys, and it has been the habit of Messrs. Bearup, Edie & Wikerson, since the advent of the company, to give their employees a grand ball twice a year, on the Fourth of July and Christmas eve.

The spacious second floor of the big mill is cleared of sacks of wool and other obstacles and made most cheerful. The floor is already polished until it shines by constant contact with glossy and snow white wool. The mill furnishes the music and merry are the hours whiled away by the appreciative employees and many are the resolutions of praise for the thoughtful employers and resolves to do better work. Cheerful refreshments are always furnished by the mill. These are the events of the year to the employees of the big mills, and are looked forward to from July to December and from December to July, with longing and pleasure.

Such courtesies from the employer to his employees are more appreciated by the employees than a raise in salary would be, and yet the cost and inconvenience is only small.

A Million Voices.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for consumption and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1.00. Trial bottles free at all druggists.

High School Publication.

The High school editors have every reason to feel proud of their school paper, the "Occident," which is an excellent criterion of their literary ability. The first issue, Christmas number, is nicely gotten up. The cover, the work of Miss Mae Muggley, of the class of '95, is a work of art and the young lady deserves to be congratulated.

The arrangement of the various articles and also their appropriateness for a school journal are points that demonstrate the capability of the editors. If the paper continues to make the favorable impression which attended its initiation, there is no doubt but that its permanency is established. A copy to Beveridge would prove that New Mexico shows evidence of high education.

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine, J. H. O'Reilly & Co.—B. H. Briggs & Co.

LAS VEGAS.

From the Optic.

The bonds of Florencio Garcia, probate judge-elect, in Guadalupe county, have been approved by the chief justice in the sum of \$5,000; also the

bonds of Raymundo Harrison as county commissioner for the same county. The sleigh bells rang merrily on the thoroughfares of the city yesterday and today, this snow furnishing the first opportunity in many years for sleighing.

The annual election of officers was held by the Las Vegas Gun club, with the following results: A. R. Quinly, president; Shan Rhodes, vice president; S. R. Dearth, secretary and treasurer; C. R. James, Arthur Lowe, Fred Cameron, directors.

O. J. Johnston, of Indianapolis, and A. W. Buchanan and M. M. Perkins, of Crab Orchard, Ky., will leave for Roswell tomorrow. They are pleasant people who have been here for some weeks, but go south for warmer climate. Their departure from the city is much to be regretted.

Dan Rhodes had one of his hacks on runners and carried people by wholesale. There were a number of pretty cutters, a larger number of buggies on runners, spring wagons on runners, and a small number of wooden sleds without metal. The children with their small sleds had an immense time.

From the Record.

Frank Blanchard, son of Charles Blanchard, arrived in the city on a visit to his father, from Montreal, Canada. The young man has been in school in that city for the last five months.

C. E. Moore suffered an accident yesterday that came near laying him up in bed for some time to come. In coming out of his home he slipped and fell on the steps, striking on his side and severely injuring himself.

A judgment has been rendered against Patricio Sena and wife in favor of Browne, Manzanarez & Co. for the sum of \$1,052.11 and W. E. Gortner has been appointed special master to make sale of certain real estate given to secure the debt.

Charles Daniels, an old Las Vegas boy, who still has a warm spot in his heart for the Meadow City, came in from Morcenc, Arizona. He has been in the employ of a large copper company, but resigned and came back to his first love. He will spend the holidays with his brother, Jules, and then probably go to Mexico.

Harry O'Neal, the young man who was arrested by Marshal Curtright a week ago, on a message from the Trinidad chief of police, charging him with forgery, agreed to return without requisition papers, was turned over to Capt. O'Bryan, of the Trinidad police department, who left with his prisoner immediately for that city. The penalty for forgery in Colorado is from three to ten years in the penitentiary, and O'Neal admits his guilt.

Jenkins vs. McNery.

Cleveland, Ohio, Dec. 17.—Tom Jenkins, the world's champion catch-as-catch-can wrestler, and Tom McNery, who are to meet on the mat in this city tonight, have completed their preparations for the bout. Both men appear to be in the finest fettle and an interesting contest is expected to be the result.

To Get Rid of a Troublesome Corn.

First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. HOSTETTER'S STOMACH BITTERS

threw their riders into the air for coming in contact with it. One sleigh was put out of business and into the hands of a blacksmith in short order.

Carlos Sanchez and party indulged in a sleigh ride yesterday for a short time only, as the sleigh found a gully on the side of the road and turned over, depositing the entire party in a snow drift. But their misfortunes did not end here, as the horses broke loose and left the party to foot it home.

A crowd of young people from one of our well known hotels indulged in a sleigh ride last night, and from all accounts they also indulged a little too freely in the stuff that cheers, as they became rather boisterous on the west side. The liveryman had fears for his rig, so followed the party and took it away from them, leaving the hilarious young men and their damsels to walk home.

Snow shovels were at a premium yesterday, the supply not equaling the demand.

The government gauge showed a snow fall of eleven inches, the greatest in a few years.

The Las Vegas Transfer company's employees treated all the girls who have no "fellows" to a sleigh ride yesterday.

A crowd of sleigh riders came to grief at the corner of Sixth and Douglas yesterday. Their sleigh mixed with the street car track and the latter came off victorious, leaving its vanquished foe in a rather demolished condition. The horse was unhitched and, with the young man leading it and the girls following with the lap robes, the procession was taken up for the livery barn. It was probably the first time the young ladies had taken part in a procession.

Isaac Davis, the well known groceryman, received the sad intelligence yesterday of the death of his brother, Joseph A. Davis, in New York city, last Wednesday morning, at the age of 29 years. The deceased was a well known theatrical attorney in that city and was a man of robust health and great strength; but some time ago he was prostrated by an attack of appendicitis which necessitated an operation. He never rallied from the shock, however. One thing that contributed to his demise was a "tobacco heart," he having been an inveterate smoker. Mr. Davis has the sympathy of the entire community in his bereavement.—Las Vegas Record.

LIFE OR DEATH

Often hang on several things—the physician, the nurse, the drugs and medicines. The drugs are our part, and it is our constant aim by careful buying, by the careful selection of the best drugs and chemicals, and by the utmost care in compounding them, to play that part well. Correct diagnosis is hardly more important than that the remedy selected should have the effect expected of it.

STATEHOOD FIGHTERS.

(Concluded from page one.)

quaque; B. Bibb and S. Bibb, mer-
chants of Laguna; C. A. Spess and O.
A. Larrazolo, attorneys of Las Vegas.

The president talked with the dele-
gation for a few minutes on statehood
matters. He was noncommittal, much
to the disappointment of the New
Mexico visitors, and refused to in-
dicate what action, if any, he would take
in the contest that is now pending in
the senate. "The report has been cir-
culated," said a member of the dele-
gation, "that the president gave us to
understand that he was opposed to the
admission of New Mexico at this time.
Such is not the case. Our impression
is that he will keep hands off in the
fight before the senate. We expect
him to do that and we do not believe
he will do otherwise. Of course, we
hoped he would openly champion our
cause."

The president is very busily engrossed
just now in matters of national and
international importance, and, it is
presumed and generally understood,
does not desire or intend to become in-
volved in any way in the statehood
controversy. So far as can be ascer-
tained, there is no change in the state-
hood situation. Senator Quay and the
advocates of the statehood bill still ex-
press the greatest confidence in the
final passage of the bill and apparently
have the votes to accomplish that ob-
ject if the matter is pressed to final
consideration in the senate. At the
same time, opposition to legislation is
strong among some of the leading re-
publican senators and every effort will
be made to prevent action upon the bill
at this session.

TRIED TO ESCAPE.

James F. Dinwoodie, Who Killed Geo.
Wright, Implicated in a Plot
in Colorado.

James F. Dinwoodie, who is serving
a life sentence in the Colorado peni-
tentiary for the murder of George
Wright, formerly of Santa Fe, was im-
plicated in an attempt to escape Sat-
urday, although he claims he was an
unwilling participant, and the prison
officials believe him. Two men named
Armstrong and Russell got out of their
cells and then with keys they had
made or that had been passed in to
them, liberated three others, among
them Dinwoodie, who was brought to
the prison only the day before. They
bound and gagged the cell house keeper
and then sawed some bars at the
rear window.

Armstrong tried to crawl through
but the opening was not large enough
and he stuck fast.

All this required time that covered
the half hour report time of the cell
house keeper to the captain's office
and an emergency call was sounded
for an investigation. Two dozen armed
guards hurried to the cell house and
forced the men back into their cells.
All except Dinwoodie were severely
punished.

COUGHS AND COLDS IN CHILDREN

Recommendation of a Well Known
Chicago Physician.

I use and prescribe Chamberlain's

constricted coughs, with direct results.
I prescribe it to children of all ages.
Am glad to recommend it to all in
need and seeking relief from colds
and coughs and bronchial affections.
It is non-narcotic and safe in the hands

cago, Ill. This remedy is for sale by

Poultry Show.

Middletown, Ohio, Dec. 17.—One of
the largest poultry shows ever held in
this section of the state opened here
today under the auspices of the Mid-
dletown Poultry club. Several states
are represented among the entries,
which are both numerous and of un-
usually high class.

Nasal Catarrh quickly yields to treat-
ment by Ely's Cream Ointment, which is agree-
ably aromatic. It is received through the
nostrils, cleanses and heals the whole sur-
face over which it diffuses itself. Druggists

cents. Test it and you will be sure to continue
the treatment.

Annoying Complaint.

To necessitate those who are partial
to the use of nasalizers in applying liquids
into the nasal passages for catarrhal trou-
bles, the proprietors prepare Cream Ely's
Liquid Cream Ointment. Price including the
spraying tube is 75 cents. Druggists or by
mail. The liquid form embodies the medi-
cinal properties of the solid preparation.

STERILIZED BARBER SHOP.

A Famous Shop in the Carrollton Hotel
Baltimore, Maryland.

The barber shop in the Carrollton
hotel, Baltimore, sterilizes everything
it uses in the shop. The towels, the razors,
the strops, the soap, the combs and
brushes are all sterilized before being
used on a customer. Where there is
no sterilization, have the barber use
Newbro's Herpicide. It kills the dan-
gerous germ, and it is an antiseptic for
the scalp, and for the face after shav-
ing. All leading barbers everywhere
appreciate these potent facts about
Herpicide and they use it. "Destroy

NEW MEXICO TOWNS

SANTA FE.

From the New Mexican.

A report from Bland to the weather bureau this afternoon says it has been snowing there for thirty hours and the snow in Bland is now over twenty-four inches deep. It is much deeper in the canyons.

The remains of Charles C. Everhart, who died at Trinidad of diabetes on Thursday last, were received here this morning and interment was made in San Rosario cemetery. He was a native of Pennsylvania and at the time of his death was 54 years of age. He was well known here, having lived here for some time. At the time of his death he was superintendent of construction for the sociological department of the Colorado Fuel and Iron company. No services were held in this city.

The football game of the year in New Mexico will be played in this city on Christmas afternoon at 3 o'clock, between the Santa Fe Indians and the Albuquerque Indians. The game will decide the championship of the territory and it promises to be a close one from start to finish. The Santa Fe eleven is getting in good practice every day.

Harry Boyle died at the sanitarium this morning at 9 o'clock of consumption. The deceased was a young man about 30 years old and had been at the sanitarium three weeks, although he had been in this county since September. The remains were taken in charge by Undertaker Chas. Wagner, who will embalm them and ship them tomorrow to Toledo, Ohio, for burial. The young man came too late to receive any benefit.

H. T. McIntyre, St. Paul, Minn., who has been troubled with a disordered stomach, says: "Chamberlain's Stomach and Liver Tablets do me more good than anything I have ever taken." For sale by all druggists.

LAS CRUCES.

From the Progress.
Mrs. A. B. Pouillet was confined to her bed with fever for two days.

The Mormon Mining and Milling company has changed its headquarters from Kansas City to Las Cruces and has appointed W. B. Murphy as its New Mexico agent. The company are beginning work on their property at Gold Camp and will employ ten men to start with. It is their intention to increase their force, their motto being "slow and sure." J. Brazel has been made foreman.

The voting contest at the Bazar Friday night, for the most popular young lady, and the most popular lawyer resulted in favor of Miss Georgia Galles and N. C. Frenzer. As a token of her popularity Miss Galles received a beautiful lace handkerchief made by Mrs. Theodore Roosevelt for the occasion, and presented with her best wishes to the most popular young lady. Mr. Frenzer received a handsome twenty pound Navajo blanket.

The Tom Cobb company, which will make its appearance at Convent hall on the 18th instant, is composed of college talent and if the performance is as good as those given heretofore the people will certainly get their money's worth and be made to feel so pleased with themselves that they can make their New Year's resolves with good grace. The young ladies of the basketball team are to act as ushers of the occasion.

Two or three posters were received at the college announcing the football game between the Albuquerque Indians and the Santa Fe Indians. The game will be played at Santa Fe on Christmas day and will be for the territorial championship. Many of the football enthusiasts here have strongly expressed a desire to see the game as it will be the hardest and fastest fought yet this year. Some of the boys will be fortunate enough to see it as they will be spending the holidays at their homes in Santa Fe.

From the Republican.
The mission school will have its Christmas tree exercises Tuesday evening, December 23.

Wednesday evening a very interesting lecture on "Yellowstone Park" was given at the college hall for the benefit of "The Collegian." Mr. Wiley, who gave the address was formerly a guide through Yellowstone park. He was assisted in his descriptions by stereopticon views, which added greatly to the interest of the subject.

At the Hotel Dieu, El Paso, Miss Maggie Hegan, daughter of Mr. and Mrs. John Hegan, of Gold Camp, died of typhoid fever last Sunday morning. The death of Miss Hegan comes as a shock to her family and friends, for though she had been quite ill of the fever, she was thought to be entirely out of danger and on the road to recovery. Her father was in El Paso at the time, and had her remains interred there. Mrs. A. B. Fall, with whom the young lady had been stopping prior to

her illness, came at once to Las Cruces and proceeded to Gold Camp to break the sad tidings to the mother. All that kind friends could do was done.

A Timely Topic.

At this season of coughs and colds it is well to know that Foley's Honey and Tar is the greatest throat and lung remedy. It cures quickly and prevents serious results from a cold. Alvarado Pharmacy.

SAN MARCIAL.

From the Bee.

John A. Barton is the new manager of the postoffice drug store.

Thos. S. Lane has been spending a few days in town with the family of his brother, W. G. Lane.

Delegate Rodey writes the editor that the postmaster at Clyde has resigned, and unless some one can be induced to take the office it will be discontinued.

Mr. and Mrs. C. M. Crossman changed the attractions of ranch life for the excitement incident to holiday shopping for a few days this week.

The respected mother of Jordan Rodgers died suddenly of heart failure Wednesday morning at the age of 79 years. The interment in the San Marcial cemetery took place Thursday.

H. Bonem, the secretary of the school board, says there is money enough on hand to pay salaries for the present month. He has a list of substantial subscribers to a fund for continuing the school after the holidays. This, with the expected apportionment early in the new year, will enable the town to partially cast off the disgrace shouldered upon us in an educational way, for the past few years, by having only a three months' term of school.

Boy's life saved from Membranous Croup.

C. W. Lynch, prominent citizen of Winchester, Ind., writes: "My little boy had a severe attack of membranous croup, and only got relief after taking Foley's Honey and Tar. He got relief after one dose and I feel that it saved the life of my boy." Refuse substitutes. Alvarado Pharmacy.

DEMING.

From the Headlight.

Carpenters are now busy finishing the interior woodwork of the new Allison building on Silver avenue.

Deming seems to be a good place for grafters, if one is to judge by the way the hoboes stick when they light in town.

John Corbett and Frank Wyman went out to Stein's Pass the fore part of the week to look after their mining interests at that place.

Mr. and Mrs. John Burnside came down from Silver City and are guests at the residence of Mr. and Mrs. Samuel Burnside on Spruce street.

Deputy Collector Fall reports that 25,000 cattle will shortly pass through the port of Columbus from Mexico. That means shipment from Deming and a great stimulation of all branches of trade.

Mr. and Mrs. J. G. Jaeger accompanied by Misses Musa Moore and Harriett Prudy, all of Portage, Wis., arrived here a few days ago and will spend four months here before continuing westward. Mr. and Mrs. Jaeger have rented the Hugh Williams residence. These folks are friends of Mr. and Mrs. A. W. Pollard and are sure to become popular in Deming social circles.

L. W. Dalrymple, a brother of Mrs. J. P. Byron, one of the artists of the Chicago Tribune, has sent his sister the original drawing of the cartoon which appeared in that paper a short time ago, entitled "A Vain Appeal," in which Miss New Mexico is represented in an imploring attitude before the congress of the United States. The drawing has been elaborately colored by another brother, C. R. Dalrymple. Mrs. Byron is very proud of this piece of work, coming as it does when the statehood question is attracting so much attention.

Saved at Grave's Brink.

"I know I would long ago have been in my grave," writes Mrs. S. H. Newsum, of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the forms of indigestion, waterbrash, stomach and bowel dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For indigestion, loss of appetite, stomach, liver and kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50 cents at all druggists.

HILLSBORO.

From the Advocate.

A mask ball will be given by young men of Hillsboro on Christmas eve at Galles hall. Free to get in—can't say how much to get out.

many lasting friendships.

Malcom McKinney, an old resident of Sierra county, after an illness of only a few days, passed away at his home on the Jaralosa on the 10th instant. He was nearly 61 years of age. He leaves a widow and four girls, all married, and three boys, grown men.

Francisco Borjorques is laid up this week from the effects of injuries received while roping a calf last Saturday. He had roped the animal, but the rope fouled with a dead tree and pulled it down. The tree of falling struck Mr. Borjorques upon the head, knocking him out for a time.

W. O. Thompson, editor and proprietor of the Advocate, left last Saturday afternoon for San Francisco, Cal., summoned thence by a telegram demanding his immediate presence, as Mrs. Thompson was seriously ill. We are glad to announce that the lady is now much better and in a fair way to recovery.

Messrs. R. Cordes and B. Hoffman, of Milwaukee, Wis., both of whom are large owners in the Copper King '85 group of mines in this district, are here in the interests of their company. These gentlemen are making an examination of their properties, with a view of resuming work on them about the first of the New Year. These mines have lain idle for several years, and the resumption of work there will be regarded with satisfaction by all. These are excellent properties, and regular development work will soon place them on the list of producers and dividend payers.

The Pride of Heroes.

Many soldiers in the last war wrote to say that for scratches, bruises, cuts, wounds, corns, sore feet and stiff joints, Bucklen's Arnica Salve is the best in the world. Same for burns, scalds, boils, ulcers, skin eruptions and piles. It cures or no pay. Only 25c at all druggists.

Invitations are out for the marriage of Miss Margaret Genevieve Howard and Hugh Samuel McGinn, of Gibson. The ceremony will take place on the morning of Thursday, the 25th of December, 1902, at 10 o'clock, church of the Sacred Heart, Gallup.

Foils a Deadly Attack.

RAILROAD NOTES.

Fred Perea, a machinist apprentice
at the local shops, has gone to California
to spend the holidays.

It is stated that the Pennsylvania
has borrowed more than one hundred
engines to help out in the rush business.

Engineer Calvert has accepted a position
on the Santa Fe, and will pull
the throttle between Las Vegas and
Albuquerque.

George Selis and A. F. Davis have
successfully passed both the mechanical
and time card examinations, and
are now engineers.

S. F. Dutton, for several years a division
superintendent of the Harvey
system of eating houses, has resigned
from its employ and will soon engage
in the hotel business at Fort Worth.

A lazy liver makes a lazy man. Burdock
Blood Bitters is the natural,
never failing remedy for a lazy liver.

The Optic says: Several colored
porters on the passenger trains running
through here quit work of their
own accord in the last day or two.
When the porter of No. 7 last evening
failed to show up for duty, Justin Con-
saul, a brakeman, was requested to
take the run for that trip, and did so.

Ordinary household accidents have
no terrors when there's a bottle of Dr.
Thomas' Electric Oil in the medicine
chest. Heals burns, cuts, bruises,
sprains. Instant relief.

F. Meredith Jones, who had been to the
Panhandle of Texas, and to Dodge
City, Newton and other places in Kansas,
where he has some surveying parties,
was here yesterday on his way to the
Santa Fe cut off below this city.

"Tearing hemorrhoids were the
plague of my life. Was almost wild.
Doan's Ointment cured me quickly and
permanently, after doctors had failed."
C. F. Cornwell, Valley Street, Saugerties,
N. Y.

The Santa Fe company had about
100 men employed in the Las Vegas

yards all Saturday night. They were
engaged in shoveling snow away from
the switches to keep the latter from
freezing and delaying traffic.

Dr. Wood's Norway Pine Syrup
seems especially adapted to the needs
of the children. Pleasant to take;
soothing in its influence; it is the remedy
of all remedies for every form of
throat and lung disease.

The Denver & Rio Grande Railway
company has presented the Alamosa,
Colo., public library 400 volumes of the
latest literature, comprising selected
fiction, history, biography and reference
works.

Favorite Family Remedy.
Frequently accidents occur in the
household, which cause burns, cuts,
sprains and bruises; for the use in
such cases, Ballard's Snow Liniment
has for many years been the constant
family remedy. 25c, 50c and \$1.00 at
Cosmopolitan Pharmacy.—B. Ruppe.

The Santa Fe has just completed the
construction of a spur track of about
eight miles to the Hebron coal mines
in New Mexico. For the present it is
probable that the output of these
mines will be largely consumed by the
railroad fuel department, but as development
progresses the product will
doubtless be put on the market. A
fine quality of coal is produced, and
these mines will form an important
source for fuel supply for the south-
west.

He Found a Cure.
R. H. Foster, 318 Second street, Salt
Lake City, writes: "I have been both-
ered with dyspepsia or indigestion for
twenty one years, have tried many
doctors without relief, but I have
found a cure in Herbine. I recommend
it to all my friends, who are afflicted
that way, and it is curing them, too.
50c at Cosmopolitan Pharmacy.—B. Ruppe.

The laying of steel on the Dawson
branch of the Rock Island is progress-
ing very rapidly. Steel has now been

laid up as far as Roy, sixty-nine miles
from Tucumcari. The line is now
open for traffic as far as Cabeza, forty-
six miles from Tucumcari. The laying
of steel out of French, south, is being
pushed as rapidly as possible. There
is now about twenty more miles of
steel to lay until the two gangs meet.
It is thought that by Christmas, at the
latest, all this work will be finished
and the line open for traffic. The
freight and passenger tariffs of this
line are now in the press and as soon
as approved by the territory of New
Mexico, will be issued. The passenger
tariff will show a rate of 5 cents per
mile.

"Harry Duckwell, aged 25 years,
chocked to death early yesterday
morning at his home, in the presence
of his wife and child. He contracted
a slight cold a few days ago and paid
but little attention to it. Yesterday
morning he was seized with a fit of
coughing which continued for some
time. His wife sent for a physician
but before he could arrive, another
coughing spell came on and Duckwell
died from suffocation.—St. Louis Globe
Democrat, December 1, 1901." Ballard's
Horehound Syrup would have
saved him. 25c, 50c and \$1.00 at Cos-
mopolitan Pharmacy B. Ruppe.

Jack Risque, at one time a resident
of Albuquerque and popular in society
circles, is now assistant to Engineer
of Tests, Wicksham, with headquarters
at San Bernardino.

Ballard's Horehound Syrup.
Immediately relieves hoarse, croupy
cough, oppressed, rattling, rasping and
difficult breathing. Henry C. Stearns,
ruggist Shullsburg, Wisconsin, writes:
May 20, 1901: "I have been selling
Ballard's Horehound Syrup for two
years, and have never had a prepara-
tion that has given better satisfaction.
I notice that when I sell a bottle, they
come back for more. I can honestly re-
commend it; 25c, 50c and \$1.00 at Cos-
mopolitan Pharmacy.—B. Ruppe.

SANTA FE.

From the New Mexican.
A letter received this morning from
Golden, states that snow in the south-
ern part of Santa Fe county is five in-
ches deep on the level. This in the
heaviest fall of snow in that section
for many years.

The many friends of Hon. Amado
Chaves were gratified to see him at his
office today after his long spell of con-
finement to his residence, suffering
from the injuries received on last elec-
tion day by the falling of a telephone
pole upon him. Mr. Chaves is slowly
but steadily improving.

There are postoffices named Santa
Fe in Florida, Illinois, Indiana, Kansas,
Kentucky, Missouri, New Mexico,
Ohio, Tennessee, Argentina Republic,
Mexico, in every Central American
state, in every South American repub-
lic, Spain, and on the Isle of Pines.
There isn't a day that the local post-
office does not receive mail matter in-
tended for some other Santa Fe. It is
quite likely, too, that often letters or
parcels intended for Santa Fe, N. M.,
go to some other Santa Fe on account
of illegible address or the name of the
territory being omitted in the address.

The report of City Treasurer W. J.
McPherson for November shows a bal-
ance on hand in the general fund of
\$670.77. The balance on hand at the
beginning of the month was \$145.18
and the warrants paid amounted to
\$118.70. In the interest fund the re-
ceipts and expenditures were each
\$45.47. The contingent fund has a bal-
ance on hand of \$1. The amount on
hand in the salary fund is \$402.71, and
the receipts from 1899 taxes were
\$88.38 and from 1900 taxes \$178.68. In
the school fund the balance on hand
at the beginning of the month was
\$88.89. The receipts from the county
treasurer were \$1,156.19, making the
total \$1,245.08. The warrants paid
amounted to \$714.17, leaving a balance
on hand of \$530.91.

A Thousand Dollar's Worth of Good.

A. H. Thurnes, a well known coal
operator of Buffalo, O., writes: "I have
been afflicted with kidney and blad-
der trouble for years passing gravel or
stones with excruciating pain. I got
no relief from medicines until I began
taking Foley's Kidney Cure, then the
result was surprising. A few doses
started the brick dust like fine stones
and now I have no pain across my kid-
neys and feel like a new man. It has
done me a \$1000 worth of good." Alvar-
ado Pharmacy.

Two Weeks' Vacation.

Like the big senators at Washington
the children of the city schools will
have two weeks' vacation. The schools
will close on Friday next and not take
up again until Monday, January 5. The
usual Christmas holiday exercises will
be given Friday afternoon in every
school room in the city. The program
arranged to be given by the High
school pupils in assembly hall, Central
school building, will be quite elabo-
rate, the scholars being more advanced
and are taking considerable interest
in the event.

Don't be imposed upon by taking
substitutes offered for Foley's Honey
and Tar. Alvarado Pharmacy.

Albuquerque Quiet Socially.

Albuquerque society has practically
dropped out of existence. Not a single
event of any magnitude, with the
exception of those given at the Com-
mercial club, has been given in the
city during the winter, and none of the
society folks have as yet signified their
intention of doing any entertaining.
The holidays are usually a time of fes-
tivity and hospitality, but unless some-
thing turns up the next few days the
present holidays will be dull socially
for the people of Albuquerque.

A few social debts have been paid,
but in a piece meal manner. A few
invited in to play cards or hunt the
whistle or do some other manner of
amusement, for an evening, has been
the custom.

Report From the Reform School.

J. G. Gluck, superintendent, Prunty-
town, W. Va., writes: "After trying
all of the advertised cough medicines
we have decided to use Foley's Honey
and Tar exclusively in the West Vir-
ginia Reform school. I find it the most
effective and absolutely harmless."

A Clever Company.

The cleanest, brightest and funnest
farce seen for a long time was
"Brown's in Town" at Colombo hall
last night. A young married couple,
wishing to keep their marriage a se-
cret, take up quarters in a rural dis-
trict; immediately they are surround-
ed by his father and all their friends,
whom they do not wish to know the
secret. The situation becomes desper-
ate; everything becomes so complicated
that the situation seems hopeless,
when the cloud clears away and expla-
nations are easy.

The audience were laughing from
the rise to the fall of the curtain. The
peculiar situations and striking chim-

KODOL digests what you eat.

KODOL cleanses, purifies,
strengthens and sweet-
ens the stomach.

KODOL cures indigestion, dys-
pepsia, and all stomach
and bowel troubles.

KODOL accelerates the action of
the gastric glands and
gives tone to the digestive organs.

KODOL relieves an overworked
stomach of all nervous
strain, gives to the heart a full, free
and untrammelled action, nourishes
the nervous system and feeds the

KODOL is the wonderful remedy
that is making so many
sick people well and weak people
strong by giving to their bodies all of
the nourishment that is contained in
the food they eat.

Bolt Weevil Evil.

Dallas, Texas, Dec. 17.—The bolt weevil is to be exterminated in Texas if a concerted course of action throughout the state can bring about that result. At a conference here today held under the auspices of the Commercial club and to which members of the state legislature, state officials and representatives of commercial bodies and farming interests were invited the preliminary steps were taken for waging an active campaign against the pest. The legislature is to be called upon to make a liberal appropriation to be used for weevil extermination.
