CHILD SUES FOR \$5,000 DAMAGES

Father, Chas. O'Connor, Was Killed at Domingo by Santa Fe Train

FEDERAL JURORS DISCHARGED

Meeting Held Last Night of Spanish-American Normal School Trustees.

Deputy Superintendent of Insurance Peter Llanu left the capital yesterday afternoon for Amarillo, Texas, where he will make an examination of the affairs of the Amarillo Life Insurance Company.

Prisoners for Penitentiary.

Sheriff W. C. Kendall of Sierra county and Deputy J. E. Tafuya arrived in the capital at noon yesterday from Hillsboro with four prisoners for the state penitentiary. The recruits are: Louis Rahn, one year to eighteen months for flourishing a deadly weapon in a threatening manner; Extra Miller, one year on a statutory charge; Cruz Reaso, one year to two years for larceny; Jose Barela, seventeen to eighteen months for assault with a deadly weapon.

\$5,000 Damage Suit Against Railroad.

The federal court is having its last jury trial today. Half of the petit jurors were discharged yesterday and the remaining jurors will be discharged when the present case is completed. Beginning yesterday morning the court heard evidence in the case of Bell O'Connor, plaintiff, vs. the Atchison, Topeka, and Santa Fe railroad, defendant, in a damage suit for \$5,000 brought by the minor child of Charles O'Connor the latter being a former employee of the Santa Barbara Pole and Tie Company and was killed two years ago in an accident on the Santa Fe railroad. The case is being heard on a removal from Sandoval county.

Federal Court Notes.

In the case of Louis Napoleon, bankrupt of Santa Fe, the court ordered the disposal of the property of the bankrupt by private sale for the benefit of the creditors. A bankruptcy case was filed yesterday from Las Vegas by G. J. Fredericks, bankrupt, and was referred to a referee.

An order of court was entered directing the turning over of certain property to the Racine-Satterly Company by the Hill brothers, general merchants of Vaughn, declared bankrupt.

Notice of motions for new trials were filed in the federal court by the Atchison company which was found to have broken the twenty-eight hour law and Lucero was convicted of having sold liquor to the Apache Indians of the Jicarilla reservation in Rio Arriba county.

Spanish-American Normal School.

The trustees of the Spanish American Normal School at El Rito met last evening at the Office of Governor W. C. McDonald, in the Capitol.

Besides the governor, there were present L. B. Prince, president; Malachias Martinez, vice president; and Dr. J. H. Sloan; and also Hon. Squire Hart, who has been a member of the board but resigned when he became senator, in accordance with the constitution. Colonel Venecio Jaramillo, the secretary and treasurer, was unavoidably prevented from attending, by engagements at El Rito; and Dr. Sloan was elected to act in his place.

May 24 School Will Close.

By unanimous vote, May 24 was designated for the ending of the school term, and the closing exercises. The question of future appropriations was then considered. It will be remembered that though the past appropriations were very inadequate, yet the board has absolutely refused to incur any debt, and its accounts show no deficiency. The success and growth of the school, however, require a considerable increase, and there are many improvements that are very necessary.

The trustees in their discussion and action showed a full appreciation of the financial condition of the new state and the impropriety of asking anything not absolutely necessary at this session, and agreed to limit its request for appropriation to \$8,000, most of which it will be probable to carry on the school during the next year and to provide a water supply. The governor expressed his appreciation of the economical business management of the institution, and his great interest in its success, and made some important suggestions for improvements when funds can be afforded. The board then adjourned to meet early in June, when secretary Jaramillo can be present.

WILLIAM A. PENDERGAST WILL NOMINATE ROOSEVELT.

(By Special Leased Wire to New Mexican) Washington, D. C., May 21.—William A. Pendergast, comptroller of the city of New York, has been picked by Colonel Roosevelt to make the speech placing him in nomination for the presidency before the Chicago convention next month. This fact was announced today by Lucius N. Littauer, former congressman, and one of the Roosevelt delegates from New York to the National convention. Mr. Pendergast has been a National figure in Colonel Roosevelt's campaign.

OHIO PRIMARIES HELD TODAY

Result Will be Decisive in Choice of Presidential Nominees

SUNSHINE MEANS LIGHT VOTE

Farmers Will Remain at Home to Plow Political Prophets Have Declared.

(By Special Leased Wire to New Mexican) Columbus, Ohio, May 21.—The most sultry weather of the season played havoc with the vote in the Ohio presidential primary election today. At noon a total city vote of less than half the usual figure was expected by politicians, while in the agriculture districts a much smaller proportion of citizens went to the polls.

Taft Manager Jubilant.

Taft managers were jubilant over the weather and termed it a perfect Taft day. Anti-Harmon politicians declared that the sunshine would result in a greatly decreased vote for the governor.

A cold wet spring has put the farmers weeks behind in their spring work and put them in a position where they must take advantage of every fine day. Consequently they remained in the fields at work rather than driving to voting places.

Republican Vote Outnumbers Democratic.

In most of the cities, watchers declared that Republican voters were outnumbering the Democrats. In Columbus, the proportion was as high as four to one. This was caused, it is said, by the unusual interest in the fight for the Republican presidential nomination and the unprecedented speaking tours just completed by President Taft and Colonel Roosevelt. In most of the cities, too, the interest was augmented by local contests for places on the judicial or county tickets.

Roosevelt supporters stuck to their former claims that a majority of the delegates elected would be Roosevelt men.

Large Early Ballot.

Almost all of the approximately five thousand voting precincts in the state opened at 5:30 o'clock and in the cities a large early vote was cast. The polls will close at 5:30 tonight in the cities, but in some of the country districts will remain open until six o'clock.

Two Candidates Vote at Cincinnati.

Two candidates for the presidential nomination, President Taft and Governor Harmon, will cast their votes in Cincinnati. The president will leave that city early in the day. Governor Harmon will remain at his home to hear the returns.

40 Per Cent Vote in Cleveland.

Ideal weather was reported from almost every point in the state. Indications at Cleveland were that only forty per cent of the votes would be cast. Numerous wagers have been made. It was estimated at Cincinnati that 25,000 or 30,000 votes, twenty-five or thirty per cent of the total in Hamilton county, would be cast.

50 Per Cent Republican Vote at Akron.

Akron reported that fifty per cent of the Republican vote and twenty-five per cent of the Democratic vote of Summit county had been polled at 9 o'clock. Bitter fights for congressional and county nominations brought voters of Stark county out early. Out of twenty delegates to the Republican state convention, fourteen are expected to be for Roosevelt as they are union districts.

Toledo Votes Hard.

Early activity today followed a vigorous campaign indicated an unusually heavy vote at Toledo where there are nearly one hundred candidates for local nominations and where, therefore, the count may be late.

Watchers at the polls in Columbus declared that the Republican ballots were taken at the rate of about four to one, and that the morning Democratic vote was unusually light. Supporters of Governor Harmon declared he would have almost the total local Democratic vote.

Farmers Will Not Vote.

Many farmers are reported not to be voting today because of the inhibition in the Kinsle corrupt practices act which prevents the hauling of voters to the polling places in vehicles.

SAN DIEGO DEMONSTRATION IS CALLED OFF.

(By Special Leased Wire to New Mexican) San Diego, Calif., May 21.—Sentiment in opposition to the projected demonstration of citizens against the Industrial Workers of the World and persons connected with their trials developed today and it was said the mass meeting at the court house planned for tomorrow morning might not be held.

OPEN MEETING OF CHAMBER OF COMMERCE.

There will be an open meeting of the Chamber of Commerce at 8 o'clock this evening in the Palace of the Governors. Matters of importance to the city will be discussed and citizens are urged to attend.

VOTE WILL BE HEAVY.

Denver, Colo., May 21.—Ideal weather brought a heavy early vote today in Denver's municipal election. At 1 o'clock this afternoon estimates placed the vote cast at 45 to 50 per cent of the registration. The polls close at 7 o'clock tonight.

CUBAN REPUBLIC FACES UPRISING

Negro Armed Band Attacked Rural Guards Near Guantanamo Bay

SANTIAGO REPORTS ROVERS

Government Advises State Department of Revolt's Suppression.

(By Special Leased Wire to New Mexican) Havana, Cuba, May 21.—The Cuban government disclaims any further knowledge regarding the uprising of the negroes, but the opinion is spreading that conditions are becoming more serious. It is creditably reported today that two armed parties are operating in the province of Matanzas which hitherto has been reported tranquil. Orders were issued today for additional troops to be prepared to take the field.

Battle Near Guantanamo.

The newspapers complain that the government is holding up all press dispatches from the disturbed districts. A strong band of negroes assaulted the barracks of the rural guards at Manguito, near Guantanamo, but the guards were able to offer a successful defense, although they lost two killed. The loss of the negroes was not been ascertained.

Santiago Fears Trouble.

Santiago, Cuba, May 21.—Great unrest prevails and there is grave apprehension throughout this vicinity. It is reported today that a party of armed negroes has passed through the town of Siloney near the coast, with a number of horses stolen from an American citizen. Many of the longshoremen on strike are missing this morning, and it is reported that they have joined armed parties in the field.

Conspiracy Declared Suppressed.

Washington, D. C., May 21.—The Cuban government has expressed confidence that the recently discovered conspiracy of the negro element of the island to revolt has been successfully suppressed, according to state department advices today from the American legation at Havana. In the provinces of Santa Clara and Pinar del Rio, a large number of negroes have been arrested on the charge of revolutionary conspiracy.

Serious Situation in Oriente.

General Evaristo Esteno, a liberal leader and Gen. Ivonet are directing the movements of the negro insurgents in the province of Oriente, where the situation has become most serious, according to dispatches received by the government today. The province of Matanzas and the District Camaguey, in the Province of Puerto Principe remain quiet. Two small bands in the province of Havana and Pinar del Rio have been dispersed by troops. Colonel Azcona, leader of the former, has been arrested.

Assurance of Support.

The government continues to receive from all quarters assurance of support. General Emilio Nunez, president of the Association of Veterans and Alfredo Zayas, vice president of the Republic as the leader of the liberal party, have both explained that they deplore the fact that the anniversary of the birth of the nation should be marked by an attempt on the life of the republic and urge all patriotic Cubans to rally loyalty in defense of the government.

DARROW TRIAL AWAITS ARRIVAL OF VENIREMEN

Juror Already Sworn May Be Excused on Account of Violent Headaches.

(By Special Leased Wire to New Mexican) Los Angeles, Calif., May 21.—There was no session of the Darrow trial today, owing to the inability of the court to secure service on all of the new special veniremen drawn yesterday afternoon when the first special venire was exhausted.

Juror May Be Excused.

Paul Ritter, one of the first jurors selected, told Judge Hutton yesterday that he was subject to violent headaches and that he had suffered greatly by the confinement. The court announced that if he felt no better when the trial was resumed, he would be excused.

HEAVY VOTE IN DENVER'S MUNICIPAL ELECTION.

(By Special Leased Wire to New Mexican) Denver, Colo., May 21.—Estimates by leaders of the Citizens Party announced at 2:30 this afternoon, predicted the election of Arnold by approximately 2,000 over Hunter and Bailey.

The estimates were based on personal canvasses of votes cast this morning. John B. Hunter and W. T. Daver, chairman of the central committee, was optimistic and credited the election of the Democratic ticket. They declared the heavy ballooning gave assurance that the full party vote would be cast. Odds posted in local pool rooms today favored Arnold, the odds being five to two.

VOTE WILL BE HEAVY.

Denver, Colo., May 21.—Ideal weather brought a heavy early vote today in Denver's municipal election. At 1 o'clock this afternoon estimates placed the vote cast at 45 to 50 per cent of the registration. The polls close at 7 o'clock tonight.

INSTRUCTION TO BE A LA CARTE

Agricultural School to Be Taken to Farmers, Says Sec'y Wilson

NEW RATES ARE SUSPENDED

Increased Freight Charges Held Up By Interstate Commerce Commission.

(By Special Leased Wire to New Mexican) Senate.

Met at Noon.

Senator Stone in speech criticized the methods of the Republican presidential nomination aspirants.

House.

Met at 11 a. m. and resumed consideration Panama administration bill.

Judiciary Committee Continued Its Investigation Into Charges Against Judge Archibald of Commerce Court.

Coal Car Distribution.

Washington, D. C., May 21.—The Denver & Rio Grande railroad and the Colorado & Southern railroad today were ordered by the interstate commerce commission to file before July 29, regulations to govern the ratings of coal mines on their lines in Huefano and Las Animas counties, Colorado, and to provide for an equitable distribution of coal cars. The order was made on complaint of the Colorado Coal Traffic Association.

New Freight Rates Suspended.

Washington, D. C., May 21.—Pending further investigation, the interstate commerce commission today continued in suspension until December 14 next the proposed new classification of freight rates in western territory. This new classification, known as "Number 21," through a re-rating of hundreds of articles, would provide for a material increase in practically all freight charges in the west.

Instruction in Farm Management.

Washington, D. C., May 21.—Secretary of Agriculture Wilson has announced plans to be instituted for farm management study and work in the north for which both houses of Congress have made provision in the agricultural appropriation. This plan, which the secretary and Dr. Galloway, chief of the bureau of plant industry, have been working for several months, corresponds to the co-operative demonstration work in the south.

Home Study for Farmers.

The federal government through their agents who will act in co-operation with state and local inspectors, proposes to make a comprehensive study of the farms of the country with a view especially of carrying to the farmer information which will show him why a certain branch of the industry is unprofitable and how he can make it pay, or if not, why he should drop that branch.

Carry School to Farmer.

"We will carry the agricultural school to the farmer," said Secretary Wilson. "Ordinarily only one man in a large number can go to school to study farming. We must take the school to him."

RICHESON MET DEATH BRAVELY

Boston Murderer Succumbed to First Application of Current

BURIAL WILL BE IN VIRGINIA

Body Was Claimed After Execution by Brother Living in Chicago.

(By Special Leased Wire to New Mexican) Boston, Mass., May 21.—Douglas Richeson, of Chicago, brother of the former clergyman, Clarence V. T. Richeson, who paid the penalty for the murder of Avis Linnell in the electric chair at the state prison just after midnight, claimed the body today. Before the body could be turned over to relatives, it was necessary for Dr. George Magrath, medical examiner of Suffolk county, to perform the autopsy required by law. This he planned to do during the forenoon.

Remains Taken to Virginia.

Richeson's body will be taken back to his old home in Virginia, if his wishes are carried out and will be buried in the little cemetery at Amherst court house. The last words as the remains are committed to the grave will be said by the Rev. Herbert S. Johnson, of Boston, who acted as Richeson's spiritual adviser after he was taken to the death house. One of the last requests made by Richeson was that Mr. Johnson accompany the body to Virginia. Mr. Johnson also will carry messages from the executed murderer to his relatives.

Left No Will.

Richeson left no will, but in conversations with Mr. Johnson and William A. Morse, his counsel, during the hours preceding his death, he gave directions as to the disposition of his personal effects. His library Richeson left to clerical friends.

Successful Execution.

The execution of Richeson is said by witnesses to have been most successful of any of the fourteen that have been held at the state prison since the electric chair was adopted. It was only necessary to apply the current once and in less than fifteen minutes after Warden Bridges and the party of witnesses left the prison of fee, for the death house, they fled back and attached their signatures to the papers stating that the order of the court had been complied with.

Steps Did Not Falter.

After his collapse of last Friday, it had been feared that Richeson would not be able to stand the final strain, but on the way from his cell to the execution chamber his steps did not falter, and he answered the questions as to his faith in God, put to him by his spiritual advisers, calmly.

New Occupants for Death House.

Within a few days the death house will be occupied again by Lena Cusmano and Enrico Mascioli, of Hull, who have been sentenced to death during the week of June 2 for the murder of the woman's husband.

REBELS RETAKE CUSTOMS PORT

Federals Who Captured Gaudalupe on Rio Grande Evacuate Town

ARMIES ARE MARKING TIME

It Is Believed That Mexican Government Will Not Attack Juarez.

(By Special Leased Wire to New Mexican) El Paso, Tex., May 21.—Colonel E. Z. Stever, commanding the United States border guard, received advices at Fort Bliss this morning from his guards near Fabens, Texas, that the federals who yesterday took the town of Guadalupe from the rebels, gave it up last night and that the rebels had again re-occupied it. The rebels in Juarez had no advices from the men they sent out yesterday, to attack and retake Guadalupe.

Federals Will Not Attack Juarez.

Washington, D. C., May 21.—Possible complications with the United States undoubtedly will prevent the Mexican federals from attempting to take Juarez according to a report from Colonel E. Z. Stever commanding the department of Texas, to the war department today.

Troopers in Federal Ranks.

The federal commander at Nogales, Mexico, has been arrested, charged with complicity in a revolutionary plot launched by political exiles in Nogales, Arizona. Twenty-three persons, including both officials and private citizens, have been taken into custody on a like charge at Magdalena, Sonora.

Armies Making Time.

Jimenez, Mex., May 21.—Santa Barbara, near Parral, was re-occupied by 500 rebels yesterday without resistance. It had been left unguarded and had been taken by a small group of Maderistas who fled on the appearance of the rebels. Traffic north of here on the Mexican Central was resumed last night, the train going out early this morning. Though the two armies are near, there was no fighting this morning.

Molina Is Inevitable.

Mazatlan, Sinaloa, Mex., May 21.—The British gunboat Algerine departed late today for San Blas, Manzanillo and Acapulco. Applications have been received from two refugees at San Blas asking permission to board the Algerine. Federal Commander Claro Molina is reported marching to Mazatlan with 150 rebel prisoners. In the last six months he has won every battle in which he has engaged, killing or capturing the chiefs of five large rebel bands.

Chased Rebel Band From U. S.

Fabens, Texas, May 21.—Troop B of the Fourth U. S. cavalry at 6 o'clock this morning chased a band of 300 liberal soldiers across a wagon road, which marks the boundary between the United States and Mexico. The revolutionaries shouted "muera" meaning "death" and formed in battle array. Only 300 feet intervened. Lieutenant Dougherty withdrew his troops 200 feet, wishing to avoid conflict, but Texas Rangers C. H. Webster and G. H. Moore went into the road and demanded that the liberal leaders enter into a parley.

Rebels Didn't Know U. S. Troopers.

Four captains, including Jose Cordova, explained to the rangers that they had not recognized the American soldiers. The liberals were on their way to meet 200 federals who yesterday captured Guadalupe. A battle is due this afternoon.

MEMBERS OF DETROIT TEAM FINED \$100 EACH.

(By Special Leased Wire to New Mexican) Philadelphia, Pa., May 21.—The American league in special meeting today fined each member of the Detroit baseball team \$100 for refusing to play ball in this city last Saturday and Monday.

Executed Murderer to his Relatives.

Left No Will.

Richeson left no will, but in conversations with Mr. Johnson and William A. Morse, his counsel, during the hours preceding his death, he gave directions as to the disposition of his personal effects. His library Richeson left to clerical friends.

Successful Execution.

The execution of Richeson is said by witnesses to have been most successful of any of the fourteen that have been held at the state prison since the electric chair was adopted. It was only necessary to apply the current once and in less than fifteen minutes after Warden Bridges and the party of witnesses left the prison of fee, for the death house, they fled back and attached their signatures to the papers stating that the order of the court had been complied with.

Steps Did Not Falter.

After his collapse of last Friday, it had been feared that Richeson would not be able to stand the final strain, but on the way from his cell to the execution chamber his steps did not falter, and he answered the questions as to his faith in God, put to him by his spiritual advisers, calmly.

New Occupants for Death House.

Within a few days the death house will be occupied again by Lena Cusmano and Enrico Mascioli, of Hull, who have been sentenced to death during the week of June 2 for the murder of the woman's husband.

HOUSE PASSES BILLS RAPIDLY

However Loan to San Juan County Caused Lengthy Debate

TWO COMMITTEES OF THIRTY

Investigators Have Same Number as Famous Ways and Means Crowd.

(By Special Leased Wire to New Mexican) The Senate late this afternoon passed a resolution to submit to the people a constitutional amendment to repeal the language qualification clause of the constitution.

There were forty-nine bills on the calendar when the House met this forenoon. There was other urgent business, too, such as a resolution defining the duties of the investigating committee appointed by Speaker Bacon last evening. There was also the House Substitute for House Bill No. 111, to pay the expense of investigating four House members accused of bribery and which carries an appropriation of \$2,042.42, of which interpreter Cesario Pedregon is to receive \$70; stenographer Lotia Hanna \$172.54; Sergeant-at-Arms Cashinero Lucero \$187; Attorney E. R. Wright, George W. Prichard and B. M. Read \$500 each.

Ten Senate bills appear on the House calendar. Three of these are by Holt, two by Walton, while Hinkle, Crampton, Clark, Burns and Hild each have one. Speaker Bacon has seven bills on the calendar, Llewellyn, Carter, Cordova, Chrisman, Gurule, Burg, Vargas and Mullens two each, and Llewellyn also appears as joint author with Moreno of a bill on the calendar, and also as chairman of the judiciary committee which takes credit for one of the bills. Others having bills on the calendar are Rogers, Gage, Campbell, Young, Skidmore, Hilton, Lopez, Sanchez, Toombs, Trujillo and Chaves.

That New Committee.

Speaker Bacon added the name of McGilivray to the investigating committee of twenty-nine appointed last evening. The resolution defining the duties of the committee will be brought in tomorrow. It is to be very comprehensive, will make an adequate appropriation and will provide that various sub-committees are to investigate county offices, financial affairs in every county, every state institution and every state office during the legislative recess and report at the session convening next January.

The Old Palace.

A joint committee from the Historical Society and Chamber of Commerce will meet with Governor McDonald tomorrow forenoon to discuss the two bills introduced by Speaker Bacon this forenoon regarding the management of the Palace of the Governors. A meeting held this forenoon in the office of Attorney A. B. Reichen seemed productive of a mutual, satisfactory understanding.

Senate.

After a caucus of the Republicans the Senate was called to order at 3:15 p. m. The following bills were introduced:

Senate Bill No. 156, by Pankey, an act to provide for the government of the Old Palace.

Senate Bill No. 157, by McCoy, defining liquors and regulating the liquor traffic and local option elections.

Senate Bill No. 158, by Navarro, an act to regulate and classifying itinerant vendors. Judiciary.

Senate Bill No. 159, by McCoy, to amend Section 26, Chapter 97, Laws of 1907, relating to education. Education.

Senate Bill No. 160, by Navarro, to establish a bureau of insurance to be subject to the corporation commission. Banks and Banking.

The bill provides for a superintendent of insurance at \$2,400 a year who shall name an assistant at \$1800 a year and also to employ other necessary help, all salaries and expenses to be paid out of the receipts of the bureau. The insurance commissioner is to be named by the corporation commission. The bond of the insurance commissioner is to be \$10,000. The bill will put into effect the provision of the constitution that insurance matters shall be under the supervision of the corporation commission.

Committee Reports.

The committee on public institutions reported a substitute for Senate Bill No. 98, regarding the breaking of jail. The bill was placed on today's calendar under suspension of the rules, as was also Senate Bill No. 153, reported favorably by the Committee on Judiciary. The bill provides that civil summons may be served by a person other than the sheriff; also permitting attorneys to make copies of process papers, now solely made by clerks of courts.

The Committee on Judiciary reported a substitute for Senate Bill No. 15, and reported adversely to Senate Bill No. 67 and original of Senate Bill No. 11, regarding legal publications. It reported favorably Senate Bill No. 154, regarding the recording of seals and effects of acknowledgments. It reported amendments to Senate Bill No. 66, to determine the boundary be-

Sample of Compliments.

To the amusement of the Senate, Senator Stone read "samples" of the police exchanges of "compliments" among the three Republican candidates. He said he must grant that President Taft "innately a gentleman" evidently was reluctant to enter upon "this ruffian fight". He asserted, however, that the last word in "this black chapter of American history" would be written at Chicago.

"I say last chapter," he added, "because I cannot believe that after this storm of strife and these exposures the American electorate will consent to return the Republican party to power."

He concluded with a statement that the Democratic candidates were conducting themselves with a sense of propriety.

LIGHT ON LOS ANGELES BUNGALOW MURDER MYSTERY.

Miss Minnie Quinn of Chicago is Believed By Police to Be Victim.

(By Special Leased Wire to New Mexican) Chicago, Ill., May 21.—The Chicago police are convinced that the identity of the murderer of the young woman whose body was found in an empty Los Angeles bungalow ten days ago and of his victim, has been established. Further details of the garments and appearance of C. C. Dillon, and more particulars about Miss Minnie Quinn, who, the police are convinced, were the actors in the western tragedy, were forwarded today to the Los Angeles police.

NEW YORK BURGLAR HAD \$20,000 IN LOOT.

(By Special Leased Wire to New Mexican) New York, May 21.—Shackled to his prison keeper and guarded by a detail of detectives, Bert Curtis, under arrest as a burglar, went to a branch of the Colonial bank here today and there opened five packages which he took from a safe deposit box. A moment later there lay spread out before the detectives a display of gold and diamonds valued at \$20,000. Curtis was arrested last Sunday as he was coming out of a cellar under a jewelry store. Several thousand dollars worth of loot was found in his flat.

GAS, DYSPEPSIA AND INDIGESTION VANISH.

Diapiesin Settles Your Upset Stomach
and Ends All Indigestion
in Five Minutes.

You can eat anything your stomach
craves without fear of indigestion or
dyspepsia, or that your food will ferment
or sour on your stomach, if you
will take a little Diapiesin occasionally.

Your meals will taste good and anything
you eat will be digested; nothing
can ferment or turn into acid or
poison or stomach gas, which causes
belching, dizziness, a feeling of fullness
after eating, nausea, indigestion
(like a lump of lead in stomach), biliousness,
heartburn, water brash,
pain in stomach and intestines or other
symptoms.

Headaches from the stomach are absolutely
unknown where this effective
remedy is used. Diapiesin really does
all the work of a healthy stomach. It
digests your meals when your stomach
can't. A single dose will digest all
the food you eat and leave nothing
to ferment or sour and upset the
stomach.

Get a large 50-cent case of Paper's
Diapiesin from your druggist and
start taking now, and in a little while
you will actually brag about your
healthy, strong stomach, for you then
can eat anything and everything you
want without the slightest discomfort
or misery, and every particle of
impurity and gas that is in your stomach
and intestines is going to be carried
away without the use of laxatives
or any other assistance.

Should you at this moment be suffering
from indigestion or any stomach
disorder, you can surely get relief
within five minutes.

LET'S DON'T WORRY ANY MORE.

(By Mae Peregrine in Alamogordo
News.)

Let's don't worry! For we know
"Won't help any; not a bit.
Troubles boun't come, and so
Let's just make the most of it.
'Long with ev'ry thing you eat,
Bitter's mixed in with the sweet;
Apple's boun't have a core.
Let's don't worry any more!

"Wouldn't be no fun at all
If the world just went our way;
If the rain or snow 'ud fall
Just whenever we sh'd say;
"Wouldn't be a bit o' fun
Orderin' weather up for one.
Life 'ud git to be a bore,
So, why worry any more?

Let's don't worry! If we git
All that's comin' to us, then
Let's just thank the Lord fer it,
And share with our brother-man.
Then when other folks ain't square,
Let's don't show how much we care!
What's the use o' gittin' sore?
Let's don't worry any more!

AROUND THE STATE

Roswell Boys Found Guilty.

Juan Garcia Chavez and Juan Trujillo, two Roswell boys, were found
guilty of assault with intent to murder
in the justice of the peace court
at Lincoln.

Stabbing at Clovis.

Saloonkeeper Isaac Cannon was
badly cut with a cleaver during a
fight in front of his saloon yesterday
morning. William Ogg, a restaurant
keeper, has been arrested.

Freight Train in the Ditch.

The track at mile post 74 gave way
on the Dawson line ditching two coal
cars and the caboose of train No. 185
which caused a delay in traffic and
much work for the wrecking crew and
section men.

Had Leg Crushed.

John Lewis was brought to Albuquerque
suffering from a badly crushed
leg. Lewis was injured at Bluewater,
by having a car run over him. His
condition is said to be very serious,
and he may not live.

Gun Toter Sentenced.

Judge M. C. Mechem at Hillsboro
sentenced Louis Rahn from twelve to
seventeen months, and Jose Barela
seventeen to eighteen months for gun-
toting. Porfirio Apodaca was given
three years for assault to kill.

Killed by Passenger Train.

Clyde Miller, aged 21 years, was
struck by a passenger train on the
Santa Fe near Barr station. Miller
with a companion was walking home
to Lucy from Albuquerque and becoming
dazed walked in front of the
train. Death was instantaneous.

Mail Robbery at Clovis.

A porch containing seventy-five
pounds of first class and registered
mail was stolen from the baggage
room of the Santa Fe at Clovis. Two
pouches taken at the same time have
been recovered. The baggage room
was broken into during the early
morning hours yesterday.

Two Boys Agrested.

Francisco Sena, Jr., and Francisco
Martinez, were taken into custody at
Watrous by Special Santa Fe Officer
Charles Stewart, on the charge of
stealing a package containing under-
wear and a straw hat belonging to
John W. Neal, the 12-year-old nephew
of Santa Fe Station Agent Neal of
Shoemaker. They were taken to Las
Vegas.

The Lamb Crop.

Secundino Romero, who with Mrs.
Romero has returned to Las Vegas,
after a long visit to his ranch at El
Cuervo, declares that his lamb crop
this year amounted to over eighty per
cent. Mr. Romero says other ranch-
ers in El Cuervo neighborhood were
equally fortunate. Those further
north, however, suffered considerable
loss on account of the cold weather
and snows, according to Mr. Romero.

The Charles Hild Company says it
has received work from ranchers in
the Pintada district who report lamb
crops as large as ninety per cent.
Other sections of the country do not
make such good reports and the con-
clusion, taking this part of the state as
a whole, is not particularly good.

Two Divorce Cases.

The court at Albuquerque granted
an absolute divorce, by default, to
Lena Candelaria de Strunk, from Robert
Strunk on the ground of abandon-
ment. A decree of divorce was granted
Mabel Llaville from Calvin Lin-
ville, by default, on the ground of
cruelty and non-support. The com-
plaint alleged that the defendant had
deserted his wife in September, 1910.
Judgment was given for costs.

Police Court at Albuquerque.

Henry Hawkins, a supposedly in-
sane man, was sent to the county jail
at Albuquerque. He told the police
that three brothers-in-law were trying
to kill him, and appealed to the court
for protection. He seemed hopelessly
drunk. Three women of the under-
world received fifteen days or dollars
sentences in police court on vagrancy
charges. They paid. A man, Walter
Ryan, drew twenty days on a similar
charge.

Wool Growing in San Juan Basin.

The total amount of wool grown in
the San Juan basin during the past
year, the estimates being taken from
the shipments, brings the grand total
up to three-quarters of a million
pounds, divided in the basin as fol-
lows: Dolores, 210,000 pounds; Man-
cos, 220,000 pounds; Hesperus, 200,
000 pounds; Farmington, 100,000
pounds. A total of eighty-three car-
loads of wool found its way to the
eastern markets.

Conductor Terry Seriously Hurt.

Conductor Charles Terry was caught
between a traction engine which was
on a flat car, and a brake wheel, on
the Dawson branch, and was badly in-
jured but probably not fatally. He
was standing on the flat car in front
of the traction engine attending to the
brake wheel while going down the
steep grade at Medio, when the ma-
chinery slipped, pinning him between
the wheel and engine. He was taken
to the hospital at Tucuman where he
is receiving medical treatment.

Poor, Timid Men.

That men don't like to go to church
because they are shy, timid creatures
and afraid of being stared at was the
opinion expressed by Archdeacon Mad-
den, the noted English divine of Liver-
pool, at a meeting of the leaders of
the Men and Religion Forward move-
ment at the Y. M. C. A. at Denver.
Madden said that if a man stays away
from church for a month it is almost
impossible to get him to return to the
house of worship because of the fact
that he dreads the curious gaze of his
fellowmen—and women. Madden
said that the problem of bringing men
into the churches is one for men
themselves to solve, because a minis-
ter cannot persuade men to come to
church as easily as a layman can.

"The reason the church is cringing
before the forces of evil today is that
its members do not believe in God,"
he said, "You pray to God, you preach
God and you sing about Him but you
don't believe in Him. The church is
paralyzed because it doesn't believe in
God."

WHEAT MARKET TAKES UPWARD TURN TODAY.

Evidence of Overselling Caused Shorts
to Cover and Hoist
Prices.

(By Special Leased Wire to New Mexican)
Chicago, Ill., May 21.—Evidence de-
veloped today that the wheat market
had been oversold. Accordingly
prices tended upward. Moreover,
there was word of a big falling off
in the wheat yield of India. Opening
figures ranged from 1-4 lower to 1-2
higher. July started at 107 1-4 to
107 1-2, a gain of 1-8 to 3-8 and
rose to 107 7-8.

The close was firm with July 1-8
@14 higher at 108 1-4@3-8.
Offerings dried up in the corn mar-
ket. Shorts scrambled to cover and
in their eagerness hoisted the market
against themselves. July opened 1-8
to 1-8@1-4 off at 73 1-2@5-8 to
73 5-8, and climbed to 74 1-2@3-8.
The close was firm at 74 3-4 for
July, a gain of 1c net.

There was right and left purchasing
of oats when that cereal made a dip
at the outset. In consequence the
early loss was more than overcome.
July started unchanged to 5-8 down
at 47 1-4 to 47 7-8 and rallied to
48 1-8@1-4.
Provisions worked higher all
around. Packers led the advance. In-
itial sales varied from 20 1-2 to
22 1-2 up with September delivery
18-20 to 18-25 for pork; 10-70 to
70-72 1-2 for lard, and 10-27 1-2 to
10-32 1-2 for ribs.

Deafness Cannot be Cured

by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deaf-
ness, and that is by constitutional re-
medies. Deafness is caused by an in-
flamed condition of the mucous lin-
ing of the Eustachian Tube. When
this tube is inflamed you have a rum-
bling sound or imperfect hearing, and
when it is entirely closed, deafness
is the result, and unless the inflama-
tion can be taken out and this tube
restored to its normal condition, hear-
ing will be destroyed forever; nine
cases out of ten are caused by Cat-
arrh, which is nothing but an in-
flamed condition of the mucous sur-
faces.

We will give One Hundred Dollars
for any case of Deafness (caused by
catarrh) that cannot be cured by
Hall's Catarrh Cure. Send for cir-
culars, free.

pation.

SUFFERED AGONY WITH ITCHING

And Burning. Sores Like Boils All
Over Body. Parts of Flesh Raw.
Could Scarcely Bear Clothes On.
Nearly Worn Out When He Tried
Cuticura Remedies and Was Cured.

"About four years ago I broke out with
sores on my arms like boils. After two
months they were all over my body, some
coming, and some going away. In about
six months the boils quit, but my arms, neck and
body broke out with an
itching, burning rash. It
would burn and itch, and
come out in pimples like
grains of wheat. I was in
a terrible condition; I could
not sleep or rest. Parts of
my flesh were raw, and I
could scarcely bear my
clothes on. I could not lie
in bed in any position and
rest. In about a year the
sores extended down to my feet. Then I suf-
fered agony with the burning, itching sores.
I could hardly walk and for a long time I
could not put on socks.

"At this time I was trying everything I
could hear of, and had the skill of three
doctors. They said it was eczema. I got no
benefit from all this. I was nearly worn
out, and had given up in despair of ever
being cured when I was advised by a friend
to try Cuticura Remedies. I purchased
Cuticura Soap, Ointment, and Resolvent, and
used exactly as directed. I used the Cuticura
Remedies constantly for four months, and
nothing else, and was perfectly cured. It is
now a year, and I have not had the least
bit since. I am ready to praise the Cuticura
Remedies at any time." (Signed) E. L. Cate,
Exile, Ky., Nov. 10, 1910.

Cuticura Soap and Ointment are sold
throughout the world. Send to Potter Drug
& Chem. Corp., Dept. 211, Boston, for free
sample of each with 32-p. book on the skin.

AVIATOR MAKES RETURN TRIP OVER CHANNEL.

Dropped Visiting Card at St. Marg-
arets, England, and Flew Back to
Belgium.

(By Special Leased Wire to New Mexican)
Dover, Eng., May 21.—H. Crombers,
a well-known Belgian aviator, crossed
the English channel from Nieuport,
Belgium today, circled over the fishing
port of St. Margarets in a wide grace-
ful sweep and without landing, started
to return across the channel, taking
the direction of Calais, France.
When the aviator appeared over St.
Margarets, he dropped from his mono-
plane a visiting card on which was
written: "I regret to be obliged to
return to Nieuport, Belgium, without
breaking my journey."

METHODISTS FAIL TO ELECT ON NINTH BALLOT.

(By Special Leased Wire to New Mexican)
Minneapolis, Minn., May 21.—With
no election declared, Dr. T. S. Hen-
derson, of New York, East Confer-
ence, was high man on the ninth bal-
lot in the fight for a place on the
board of bishops of the Methodist
Episcopal church. Dr. Henderson re-
ceived 451 votes, 516 being necessary
to elect W. O. Shepard of Chicago,
was second with 448, and R. J. Cooke,
New York third, with 353.

How to be Certain of Curing Constipation

Prejudice is a hard thing to overcome, but where health is at stake and the opinion of thousands of reliable people differs from yours, prejudice then becomes your menace and you ought to lay it aside. This is said in the interest of people suffering from chronic constipation, and it is worthy of their attention.

In the opinion of legions of reliable American people the most stubborn constipation imaginable can be cured by a brief use of Dr. Caldwell's Syrup Pepsin. You may not have heard of it before, but do not doubt its merits on that account, or because it has not been blantly advertised. It has sold very successfully on word of mouth recommendation. Parents are giving it to their children today who were given it by their parents, and it has been truthfully said that more druggists use it personally in their families than any other laxative.

Letters recently received from Mr. Wm. Dehlin, 924 Coeur D'Alene St., Coeur D'Alene, Idaho, and Miss Lina Peñes, Sebastopol, Calif., are but a few of thousands showing the esteem in which Dr. Caldwell's Syrup Pepsin is held. It is mild, gentle, non-gripping—not violent, like salts or cathartics. It cures gradually and pleasantly so that in time nature again does its own work without outside aid. Constipated people owe it to themselves to use this grand bowel specific.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

MINES AND MINING

Grant County.

The new hoist and boiler which arrived some time ago for the Golden Cream at Santa Rita has been installed and as soon as the new head frame has been completed work will be resumed in the shaft. At the Lead King the old shaft has been cleaned out and retimbered to a depth of ninety-eight feet. J. M. Stewart is continuing his development work at the San Jose shaft. A force of about twenty-five men is working steadily at the Lucky Bill mine which is producing about four hundred carloads of ore a month. It is reported that the Vanadium Mines Co., who have been operating extensively at Cutter, N. M., are going to buy this property.

Sierro County.

The United States Treasury Mining Company has accepted the mill constructed by the Morrisons under contract. Some new machinery soon to arrive, that will enlarge the capacity of the mill, will be installed by the Morrisons at the company's expense.

The case of W. A. Fleming Jones et al versus the Victoria Chief Copper Mining and Smelting Company which in the case of the receivership was postponed for three weeks, the court at Hillsboro naming H. P. Owen as referee.

Taos County.

Parties from Seattle, Washington, have been making an examination of the Black Copper mine near Red River and from what little information was given out, the indication is that operations will be resumed in the near future.

ations will be resumed in the near future.

Cofax County.

Thirty ton of fifty-dollar ore was billed to the Pueblo smelter from the Aztec mine last week. Twenty tons per day is being treated at the company mill. The ore averages from ten to twelve dollars per ton, and a recovery of about 90 per cent is effected on the plates and concentrating tables.

CORONER'S JURY IN APOLONIO BARELA CASE.

Deceased Came to His Death From Traumatic Pneumonia Caused By Gunshot Wound.

Justice of the Peace Jose Maria Garcia empaneled a coroner's jury yesterday afternoon to inquire into the cause of death of Apolonio Barela at St. Vincent's hospital. The men empaneled were: Jose Clementes, Pedro A. Sandoval, Charles Wheeler, Donald Vigli, Cooley Beaver and H. A. Colvin. The jury found that deceased came to his death from traumatic pneumonia and blood poisoning caused by an operation made necessary by a gunshot wound inflicted at Stanley, southern Santa Fe county, by a person unknown. Barela was unmarried.

Mrs. M. Bishop, Columbus, Kansas, suffered from a weak back a good many years, as a result of kidney trouble. I began taking Foley's Kidney Pills and soon after the pain left my back and today I am fully cured." For sale by all druggists.

LEGISLATIVE POINTERS

Third House Journal of May 17. The House met pursuant to adjournment with Speaker Romero in the chair. Upon motion of Mr. Martinez the reading of the Journal was dispensed.

Mr. Hubbell took the floor on question of personal privilege stating that a certain member had told him that a second member had said that his presence was not wanted as a member of the Third House. Mr. Ortega made a motion to appoint a committee to investigate in regard to the matter. Upon motion of Mr. Reed, Ortega's motion was tabled and by unanimous vote the House demonstrated its high appreciation of Mr. Hubbell for his good qualities and ability.

R. L. Baca and John B. Burg being present Mr. Hutton moved that a committee of three be appointed to escort these gentlemen by the Speaker's chair which motion was amended by making Mr. Baca presiding officer for the time being, the Speaker then appointed Mr. Reed, Mr. Cordova and Mr. Ortega and by unanimous consent Mr. Hutton was also included in that committee and escorted the gentlemen to the rostrum, Mr. Baca taking the gavel as presiding officer, addressed the House. Mr. Burg followed with a short and interesting speech.

Mr. Ulibarri made a motion that a vote of thanks be extended to the distinguished gentlemen and was unanimously approved. Upon motion of Mr. Reed, Mr. Burg and Mr. Baca were made honorary members of this House. Upon motion of Mr. Hutto, Mr. Romero again took the chair and proceeded with the regular order of business, then Mr. E. Lujan moved to adjourn which motion was carried and adjournment was taken until Tuesday evening at 7:30 o'clock.

ANDRES A. ROMERO, Jr., Speaker.

PANCRACIO SENA, Chief Clerk.

POLITICS AND POLITICIANS.

Clark Is a Lame Duck.

One of the most significant facts in opposition to Champ Clark in his desire to be president, is the fact that he would be opposed by many of the independent Democratic newspapers and by the independent newspapers. This would undoubtedly leave Clark with little more to be depended upon than the straight Democratic vote, and perhaps he could not give even all of that.—Roswell Daily Record (Democratic).

Every Woman is interested and should know about the wonderful **MARVEL** Vaginal Spray. The new Vaginal Syringe. Best—most convenient. It cleanses instantly. Ask your druggist for it. If he cannot supply the MARVEL, accept no other, but send stamp for illustrated book—sealed. It gives full particulars and directions. A valuable index. MARVEL CO., 44 East 23rd Street, New York.

BACA PUTS ONE OVER AGAIN

Under Authority of Rules He Appoints Two Powerful Committees

CATRON'S CODE IS PASSED

Surprise Sprung at Night Session Again Demonstrating Speaker's Hold.

As Speaker Baca had announced last week, the House got down to night work. It wound up the afternoon by passing the Burg Code of Civil Procedure. J. J. Clancy was in the chair while the measure was considered section by section. Only a few slight amendments were made.

Evening Session.

Speaker Baca presided at the evening session.

House Bill No. 72, by Catron, a brief code of criminal procedure, was the special order of business. The bill was read section by section. The first section was amended reducing the number of grand jurors from 21 to 17. The amendment was adopted 21 to 13. The fact was brought out that 12 grand jurors can return a true bill. Other slight amendments were made. It was a rather dreary hour and a half for the spectators who had come in expectation of fire works and instead had to listen to the reading of 73 sections of more or less legal technicalities. Balchard offered a substitute for section 73, that no case shall be reversed for immaterial error, or unless such error be clearly prejudicial to the party complaining. The substitute was adopted.

Rogers sought to amend section No. 45, so as to have the jury assess the punishment. He objected to district judges having this power. Catron replied that he felt the force of the Rogers argument, but that the schedule of punishments provided by the New Mexico law is very complex, has a great technical range and that the Rogers amendment would work a hardship on defendants. He therefore moved to lay the amendment on the table. Mullens declared that he had seen plenty of jury service and therefore was better able to tell how a juror feels than does the trial lawyer who never served on a jury. He favored the Rogers amendment as it would often prevent hung juries. Tombs took kindly to the Rogers amendment. He said that the jury is better able to tell the extent of guilt of the defendant than is the judge, and that the verdict guilty is not sufficiently elastic to inform the judge whether the defendant should have one or ten years for his crime. "I am willing to trust the people all the time and a jury of twelve men is better able to pass judgment intelligently, and is more apt to mete out justice to the defendant, than his 'onor, the presiding judge.'" Tully did not presume to argue the legal phase of the question, but he has had some melancholy experience on juries and to place more responsibility on the jurors than to pass on the facts, would be a serious mistake. Jurors take great comfort in the fact when they do not need to measure the punishment to their neighbors. Vargas was willing to leave the matter to the lawyers of the House, but he believed that the juries should be given the right to assess punishment. That in his county, at least, juries are intelligent, honest and capable.

Chrisman said that the average juror had about all he can do to comprehend the evidence and to saddle the task of assessing the punishment, would mean the extra expense of furnishing each juror with a copy of the criminal code and a legal adviser to interpret it. Burg declared he would rather be judged by one man learned in the law than by twelve jurors with all their prejudices. Juries in criminal cases are often taxed beyond their understanding by the instructions of the judge. He cited the detailed and technical instructions on reasonable doubt in murder and manslaughter cases. He spoke of packed juries, such as have sat in the various New Mexico counties, or had been corrupted by outsiders or had worked spite on defendants.

Carter said he was restive under the injustice done the citizenship of this state, by the intimation that the people of New Mexico lacked the intelligence to pass on the law as well as on the facts. He said judges had their political bias, their personal prejudices and had partisan debts to pay. "Our jury system is the bulwark of American liberties."

Catron said that since time immemorial the questions of fact are for the jury and the questions of law for the court. This is a wise distinction. The previous question was moved by Skidmore but it being only 9:45 p. m., the House was anxious to hear a few more speeches from the "lawyers" of the House, Skidmore's motion was voted down.

Evans warned against the proposed change of long established custom which has been so successful a one in New Mexico.

Vontoya wanted more power for juries and less power for the lawyers. Lucero declared he had considerable experience on petit juries and he knows that too much responsibility is thrust on them, that seldom more than four of the jurors had sufficient intelligence to understand a case and that juries often are unjust. He therefore opposed the amendment.

Rogers said that hung juries would often compromise on some degree of punishment. Even if jurors do not understand the law, it is the duty of the court to instruct the jury explicitly and to define the technical points of the different degrees of punishment applicable in each case. He said the

Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

BRADFIELD REGULATOR CO., Atlanta, Ga.

system had been tried for three quarters of a century in Texas; and is a step of progress that should follow the change of government from the territorial form to state government. The motion to table the Rogers amendment was lost 23 to 17. The amendment was adopted.

The bill as amended passed 35 to 6.

Climax of Evening Session.

Then came the climax of the evening session. Speaker Baca asked for time to announce two committees, before a motion to adjourn to 10 a. m., Tuesday forenoon was put. One committee is to be an investigating committee of twenty-nine which during the recess of the legislature from June 8 to January 1913, is to investigate every public institution, every county office and to report to the January session. The other is to be a House steering committee of nine.

The investigating committee has upon it most of the members of the ways and means committee, but also eight representatives who are also members of that committee. A parliamentary tiff of the Speaker with Catron and Blanchard, brought loud cheers for the Speaker when he overruled Blanchard and call Catron to order.

Investigating Committee.

The investigating committee consists of: Marcos Baca, W. H. H. Llewellyn, John Baron Burg, R. Lopez, J. S. Casados, James W. Chaves, Manuel C. Martinez, W. W. Nichols, James W. Mullens, P. Moreno, Manuel Cordova, J. W. Campbell, George H. Tucker, S. J. Smith, T. A. Garule, Rafael Garcia, T. Labadie, Juan J. Clancy, J. P. Lucero, M. P. Manzanares, Thomas Cooney, Hugh M. Gage, J. T. Evans, Florence Love, John L. House, Miguel Baca, Julian Trujillo, P. E. Carter, W. H. Chrisman.

Steering Committee.

W. H. H. Llewellyn, Tranquillo Labadie, Juan Clancy, Thomas Cooney, James W. Mullens, J. W. Campbell, Florence Love, Thomas A. Garule, Roman L. Baca.

Mrs. Wm. A. Allen, Chacon, New Mexico, had so severe a cough that it nearly choked her to death. Mr. Allen says: "We tried many things without helping her when by good luck I got a bottle of Foley's Honey and Tar Compound. It helped her at once and finally cured her. It is the best medicine we ever used."—For sale by all druggists.

FORTY-FOUR ENROLLED FOR SCHOOL GARDENS.

Civic Committee of Mothers' Club Meets With Citizens to Discuss Movement.

Last evening in the Chamber of Commerce rooms, the civic committee of the Mothers' club met with a committee of citizens to elaborate details for the school gardens and to formulate rules to govern the awarding of prizes of which there will be quite a number for the best kept garden plots. Thus far, forty-four have enrolled in four school rooms and the lots west of the New Mexican building have been plowed and prepared to begin the work. The Mothers' club will furnish the seed. Dr. J. H. Sloan has been overseeing the preparation of the garden plots.

New Tuberculosis Remedy Based on Medicine

To say that a specific exists for the cure of Consumption is perhaps too strong a statement, but in Eckman's Alternative we have a medicine that has been the means of saving many a life to years of usefulness, and in permanently curing a large number of Consumptives. Certainly a person afflicted with a wasting disease should be well fed with wholesome, nourishing food, but frequently raw, cold, or la quantities cause a digestive breakdown, and then no food nourishes. As for milk, a very good food for many, but a producer of biliousness for many.

Any diet that keeps a Consumptive well nourished is the right one, but what is going to cure the patient? Eckman's Alternative has cured and is curing many a case of Consumption. Let those speak who know. Here is a specimen: "In Savannah, Ga., Rochester, N. Y., 'Gentlemen: On Jan. 2, 1907, I was operated upon for Tuberculosis, pneumonia, at St. Mary's Hospital, Rochester, N. Y. After the operation my physician gave me up as hopeless. I was then urged by a priest to take Eckman's Alternative, which I did. My weight at that time was 72 lbs. I began to improve and steadily gained in health and strength. I now weigh 125 lbs., and am absolutely cured. Believing I owe it to myself and others I make this statement."

Signed AMATELLE EDNA FINZER. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in unobedient the system. Does not contain poisons, either or habit-forming drugs. Ask for booklet of cured cases and write to Eckman's Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and by Zook's Pharmacy, Santa Fe.

Passes Unanimously

JOINT RESOLUTION No. 4-11-44

THIS IS AN ACT making it a misdemeanor to wear a suit of clothes that has not been made at the Capital Tailors.

The strongest argument in favor was that they know how to make a suit of clothes, and make, every inch of it right in the city, leave their money here, and therefore should be patronized.

OFFICIAL PAPER OF SANTA FE COUNTY.

The new Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the State, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

THE VARGAS MEMORIAL.

House Joint Memorial No. 7 introduced in the House yesterday by Representative Vargas touches upon an old and important question that the New Mexican has been discussing for many years. It is the "treaty of the Pueblo Indians and their relation to the settlers adjoining and on Pueblo Indian grants. The New Mexican has maintained consistently that these Pueblos are not Indians in the sense of the other tribal Indians of the United States, that they are citizens of New Mexico, that their rights as citizens are guaranteed by the treaty of Guadalupe Hidalgo under which, to a certain extent they also derived title to their lands, though later confirmed by Congress, and that therefore they should be treated by the United States, in the same manner as other citizens who derived their citizenship under that treaty; that they should be permitted to alienate their lands the same as other citizens, should pay taxes, and should have the right to vote. If that view were taken, New Mexico would have two Congressmen after March 4, instead of only one, and both Uncle Sam, as well as the state, would solve a question that will otherwise vex them for many years to come.

Says the Memorial to Congress introduced by Mr. Vargas:

"From the earliest historical times these Pueblo Indians have had nothing in common with the Tribal Indians who have been known and called by the Spanish settlers of New Mexico as Wild Indians or 'Indios Bravos' to distinguish them from the Pueblo Indians. They have always lived in villages, in fixed communities, each having its own local government and have been pastoral and agricultural people, peaceable, industrious and intelligent and far superior to all but a very few civilized Indian tribes. They were citizens of the Republic of Mexico and their property and their rights were guaranteed by the treaty of Guadalupe Hidalgo, just as much as were the rights of the other citizens of Caucasian descent. Their character as a people and their status as citizens have been repeatedly recognized by the courts of New Mexico as will appear by reference to the cases of De la O vs. Acoma, 1 N. M., 226; United States vs. Lucero, 1 N. M., 427; United States vs. Santistevan, 1 N. M., 590; Territory vs. Delinquent Taxpayers, 12 N. M., 141; United States vs. Mares, 14 N. M., 3.

"No one can read these opinions without being convinced that they are correct. In addition, attention should also be called to the case of United States vs. Joseph, 94 U. S. 616, affirming the same case reported in the first volume of New Mexico reports, where the court quotes with approval from the opinion of the supreme court of New Mexico although the court does not distinctly declare that the Indians are citizens of the United States, refusing so to do because that question was not necessarily involved. The opinion does say, however, that their status is not to be determined by the circumstance that some officer of the government has appointed for them an agent, and holds, as we have already stated, in substance that they do not resemble the Indian tribes to whom the Non-Intercourse Acts of Congress apply, and it is stated that the Pueblo Indians, hold their lands by a right superior to that of the United States, a title which was fully recognized by the Mexican government and protected in the treaty of Guadalupe Hidalgo. Any attempt to apply the non-intercourse acts of the United States concerning Tribal Indians to the lands and villages of the Pueblo Indians in New Mexico and to the Indians themselves will be productive of very unjust and absurd results. Eight of these Pueblo villages, San Juan, Santa Clara, San Ildefonso, Cochiti, Santo Domingo, San Felipe, Sandia and Isleta are situated on the banks of the Rio Grande, the principal water course in New Mexico, and each is possessed of large and extensive tracts of land held by title derived from the Spanish government, and the villages and land are traversed by public highways which have been in use for centuries. To prohibit the use of these highways by members of the public for travel up and down the valley of the Rio Grande, with merchandise of any lawful sort which may be carried on the public roads, would work great injustice and hardship to the public generally and would constitute an unjustifiable interference with the rights of the Indians themselves. Other Indian Pueblos such as Taos, Tesuque, Laguna and Acoma are similarly situated.

"These Indian towns have nearly all had as neighbors citizens of other races who have settled near them and in many cases these other citizens have acquired title to portions of the

Indian grants and have made their homes on the Indian lands living there for many generations and have made towns close to or even upon the Indian lands themselves.

"The lands held by these Indian Pueblos must be nearly if not quite 500,000 acres, but we cannot give the exact figures. The grants which were confirmed more than fifty years ago by Congress to the Indian Pueblos continued over 450,000 acres and some additional claims to land were confirmed to some of the Pueblos by the Court of Private Land Claims. A large part of these grants contain some of the richest, most fertile and productive agricultural lands in the state of New Mexico and yet Congress has seen fit to withdraw this great body of land worth millions of dollars from all taxation by the state. That this is an injustice to other taxpayers in the state needs no demonstration but we were compelled to submit to this as one of the conditions of our admission to statehood just as we were compelled to submit to other shameful and insulting conditions imposed by the Enabling Act.

"We submit to Congress that nothing can be found in the history or conditions of the Pueblo Indians of New Mexico to justify the national government in treating them in any different manner from the treatment accorded to other citizens, and that they have always been able to protect and care for themselves without any Congressional assistance as it has only been within very recent times that they have become the special object of the fostering care of the office of Indian affairs. They have never been denied their civil rights and have voted at elections in New Mexico whenever they have offered to do so."

POSSIBILITIES OF GOAT RAISING IN NEW MEXICO.

Five hundred million goat skins have been imported into the United States during the last decade, and the money sent out of the country in payment thereof amounts to 250 million dollars. The figures of the Bureau of Statistics, Department of Commerce and Labor, show that the goat skins imported into the United States have ranged in value from 20 million to 30 million dollars per annum during the last decade, making a total for the period in question of slightly more than 250 million dollars. The number of goats whose skins are represented by this 250 million dollars is approximately 500 million, since the average value of the goat skins now being imported is, according to the figures of the Bureau of Statistics, about 50¢ each, the valuation being those in the country from which exported to the United States.

This statement of the large value (\$250,000,000) of goat skins imported during the last decade, together with that indicating that the number of goats which this \$250,000,000 represents is approximately 500 million, is extremely suggestive in conjunction with a statement recently supplied to the Bureau of Manufactures, Department of Commerce and Labor, by the United States consul at Vera Cruz, Mexico, from which country large numbers of these skins are imported, in which he says that the meat of the goat, which is used as food and found very similar to that of the sheep, is of even greater value than that of the hides, and that the goats are grown in large numbers upon lands not available for agricultural purposes. "The dry plains of Nuevo Leon," he adds, "with scant growth of brush, are able to support large flocks of goats, though these same plains will not produce corn, cane, or grass, unless water is supplied for irrigation. * * * Mountain lands and rough, broken sections of foothill lands may be secured for about \$1 per acre, and each acre will, in the moist regions, support 5 or 6 goats. * * * The steep mountain sides, the deep gorges, the narrow valleys covered everywhere with exuberant vegetation afford congenial feeding grounds for goats. * * * The value of the goat depends upon three things: Meat, tallow, and the skin. The matter of fresh meat in the farming districts of the hot country is greatly simplified by the breeding of goats. * * * and the flesh alone would make it a profitable industry."

The above statement indicating that large additions to the meat supply of the United States may be grown upon lands not available for general agricultural purposes, together with the statement of the Bureau of Statistics that the skins of 50 million goats are imported annually into the United States, coupled with the further well known fact that the meat of goats is now being sold for food in the markets of many cities of the United States, offers an interesting suggestion as to the possibilities of large additions to the meat supply of the United States and the retention at home of the 25 million dollars per annum now being sent out of the country

The Switzerland of America.

VALLEY RANCH ACTIVITIES.

Valley Ranch, N. M., May 20, 1912.—Among the Sunday arrivals at Valley Ranch was a large number of State Senators, Robert P. Ervin and Thomas P. Gable, our most successful game and fish warden. Few states have been as fortunate in the selection of

a game warden as New Mexico, when it chose Mr. Gable for the position. Few men are better fitted, more interested, or more earnest in their work than Mr. Gable.

The river was high and muddy, but in spite of it a number of fine fish were taken back to Santa Fe.

try for the purchase of goat skins. New Mexico especially is adapted to goat raising.

British India supplies about one-third the entire importations of goat skins into the United States, that country having been credited with 15 million skins out of a total importation of 43 million in the fiscal year 1911. The next largest importations of that year were 6 2-3 million from China, 3 million from Mexico, 2 3-4 million from England, 1 1-2 million from British East Africa, 2 million from Brazil, 1 1-3 million from Argentina, 1 million from Venezuela, about 1 million each from France and Russia, and two-thirds of a million from Turkey in Asia. Considerable amounts are also imported from Turkey, Austria-Hungary, Germany, Italy, Peru, the Dutch East Indies, and French Africa.

The statement, furnished by the American Consul quoted above and printed in the Daily Consular and Trade Report by the Bureau of Manufactures of the Department of Commerce and Labor, will serve as an illustration of how the business of goat raising is conducted in Mexico (the money values are assumed to represent Mexican pesos, one of which equals 48 cents in American currency).

In 1904 the manager of the farm received 66,000 goats, including large and small, at a valuation of \$1.50 each equal to \$99,000. From the produce of these he sold, during 9 months of 1904 and the years 1905 and 1906, 50,000 head at \$5 each, equal to \$250,000, and had, at the close of 1906, \$8,000 head on the farm, being 22,000 more than he started with. The result was, counting the value of the 22,000 increase at \$1.50 each with the foregoing sales, the investment of \$99,000 produced in less than 3 years \$283,000 and besides the original stock of 66,000 goats was intact.

KILLING THE GOOSE THAT LAYS THE GOLDEN EGG.

Lucius Tuttle of the Boston and Maine railroad, at its annual dinner, told the Traffic Club of New England some pretty plain truths. He said: "Not only is the railroad the foundation of all business, but it is the subject of attack by all business men. At times we reach the very verge of despair over the antics of the government, but always the common-sense of the people comes to the surface, and we get along until the next time." Mr. Tuttle's remarks recall those of Mr. Schwerin, president of the Pacific Mail Steamship Company, when speaking recently before an assembly of lawyers. They opened their eyes very wide when this over-sea traffic manager told them traffic rates did not affect to any appreciable degree the cost of commodities to the ultimate consumer. Bewildered, they inquired if he really meant what he said, being evidently suspicious that he was talking for effect. But the man, of experience in affairs, persisted in his views, and defied them to figure into the retail cost of a pair of shoes or of a bar of soap the difference in freight rates between the highest demanded by the carrying companies and the lowest clamored for by the politicians, with the cry of the mass of the people behind the latter.

AS JAKE SYKES SIZES UP THE TAFT-ROOSEVELT CONTROVERSY.

Jake Sykes, of Jefferson county, Pa., has sized up the Taft-Roosevelt fight. He thinks that the country should "stand by Roosevelt and nominate Taft." "It is like this," he said, "and you can't get round it. Roosevelt knows what to do when in a box. They got him in a snarl in the Philippines, but he knew what to do; he sent Taft out, and Taft fixed it up nicely. Then things went wrong in Cuba, and Teddy sent Taft down and he smoothed it out. T. R. stole a piece of land about Panama, and he wanted folks to think he got it honestly, and he sent Taft down. Taft fixed it up until it looked half decent. Roosevelt was President and he got the Republican party and country in a mess and he put this man Taft in to fix this, too, and it is a devil of an undertaking, and no fellow could get through with it under eight years, so I think we ought to stick to Teddy and give him man Taft four more years to finish his job."

The New Mexican congratulates the Farmington Enterprise upon its seventh birthday anniversary. The Enterprise has been an exponent of clean, courageous journalism and although published in a Democratic community, it has prospered despite its staunch loyalty to Republican principles. When Frank Staplin, now chief clerk of the House, went to Farmington from Taos to establish another paper in the San Juan valley, many doubted his wisdom but he has made good and the Enterprise is a monument to his energy and ability.

It may be of interest to know that the successful tactical maneuvers of

the majority of the House, are a dim reminder of the Pennsylvania legislature of some fourteen or so years ago when one William H. Andrews was the floor leader there and was the chief lieutenant of one pastmaster in practical politics, named Matthew Stanley Quay.

HOUSE PASSES BILLS RAPIDLY

(Continued From Page One.)

between Texas and New Mexico in the Rio Grande valley.

Bills on Third Reading.
Senate Bill No. 85, to punish the unlawful appropriation of electric current, etc., passed, 22 to 0.

Senate Substitute for Senate Bill No. 41, to provide for the study in the schools of the effect of alcohol on the human system, passed 19 to 3.

House Bill No. 110, for the capping of gas and oil wells, was on motion of motion of Page recommitted.

Senate Bill No. 121, for the inspection of native wines, was tabled.

Senate Bill No. 128, by Holt, a measure for the regulation of the liquor traffic, was passed 13 to 9, but failing to receive two thirds majority, the emergency clause will not apply.

Senate Substitute for Senate Bill

No. 94, was laid over, because the printed bill had not been received. It relates to the election of city school directors.

House.

Speaker Baca presided.

Chaves, chairman of the committee on finance, reported favorably House Bill No. 207, by Speaker Baca, providing for the appointment of a traveling auditor and two assistants by the State auditor.

The following bills were introduced: House Bill No. 229, by M. C. de Baca, to amend chapter 47 of the Laws of 1907, an act to regulate logging and prescribing the right to the use of streams for floating logs, poles, timber and lumber thereon.

House Bill No. 230, by Speaker Baca, a New Mexican Museum bill carrying an appropriation of \$17,500 for the restoration, repair and maintenance of the Palace of the Governors and providing for a board of regents of seven members.

House Bill No. 231, by Speaker Baca, providing for the government of the Old Palace by the capitol custodian committee.

House Bill No. 232, by Moreno and Llewellyn, to amend Section 1372, Compiled Laws of 1897, regarding Sabbath observance. The bill provides that saloons must close at 11:30 Saturday evenings and must be kept closed to 5:30 a. m. Monday.

Bills Passed.

The district attorneys measure, House Bill No. 164, by Llewellyn, was passed 38 to 2, without discussion. It fixes the salaries of district attorneys.

Substitute for House Bill No. 67, the Retail Merchants' Garnishment Act, went over until the afternoon.

House Substitute for House Bill No. 70, by Manuel Cordova, an act for quieting title to real estate, was passed 43 to 1, Burg voting no.

San Juan County Bridge Bill.

The House then took up House Substitute for House Bill No. 1, providing for a loan of \$25,000 by the state to the county of San Juan, for the reconstruction of bridges over the San Juan destroyed by floods last fall, the amount to be repaid in seven years.

Vargas moved the passage of the bill. Catron moved to amend that the rate of interest be five per cent. Rogers asked whether it would not be practical for San Juan county to issue its own bonds and sell them in the east where money is cheaper. Burg answered that San Juan had already reached the limit of bonded indebtedness prescribed by the constitution.

Llewellyn offered an amendment that the rate of interest be three per cent. The same was paid by the banks for state money, these banks again loaning it to citizens as high as 12 per cent. Chrisman explained the bill and its course through the ways and means committee and made a plea for the loan without interest. Gage called attention to the fact that the state deposits in banks are subject to check and if the state has money to loan on time it can get a much better rate of interest. Lucero argued that the money should be loaned the unfortunate county without charging interest. It is one of a family of counties and the rest of the state should be willing to come to its aid. Catron accepted the Llewellyn amendment, but explained that the state deposits in banks are "call" money. If other counties would make such demands, the state would have to issue bonds at a greater rate of interest in order to lend it to counties at a less rate. Burg dwelt on the terrible flood that overwhelped San Juan county last fall and impoverished the people in the San Juan, La Platte and Las Animas valleys. He graphically described the catastrophe and the desolation it wrought. He said a bill has already passed one house of this "splendid" legislature to charge banks from 2 to

TESTIFIED THAT STEEL PRICES WERE FIXED.

Subsidiary Concerns Formed Pool in Restraint of Trade It Is Alleged.

(By Special Licensed Wire to New Mexican)

New York, May 21.—Hearings in the federal suit to dissolve the United States Steel corporation under the Sherman anti-trust law were resumed today with John C. Langan, of Brooklyn, formerly private secretary for U. C. Temple, on the stand.

Temple, the witness said, was "commissioner" of the Plate Association and the Structural Steel Association which were alleged to have been in operation during the early years of the last decade.

These associations are held by the government to have been illegal pools organized to fix prices and restrain trade and to have included in their membership subsidiaries of the United States Steel corporation.

PERSONAL MENTION

OF COURSE.

(From Judge.)

"Where will we leave the baby when the mother goes to vote?"
Well, just for the convenience of any one that axes.
We'll naturally leave him—will our critics all please note?
Exactly where we left him when we went to pay the taxes.

Attorney Ralph Easley has returned from a business trip to Estancia and Willard.

Governor McDonald was a visitor in Socorro on Sunday but remained only on trains.

O. Carr, manager of the Tierra Amarilla land grant, departed for his home in Chama yesterday.

Mrs. Frost and sister, Miss Pain, have returned to Santa Fe after spending the winter at Kansas City.

R. G. Cobbett, the ranchman of Tesuque, returned from Trinidad, last night and is at the Montezuma.

Dr. W. L. Brown, the physician of Espanola, was a visitor in the city yesterday and a guest at the Montezuma.

Captain Fred Fornoff and Sergeant John W. Collier of the mounted police have returned from a trip to Lincoln county.

Nicolas Herrera left the city last evening for Denver where he will register in the Western Union school for telegraphers.

Mrs. W. D. Hayes for several years a resident of Santa Fe, yesterday underwent a serious operation at Colorado Springs.

Ben Strickland, a traveling salesman of Las Vegas, arrived in Santa Fe yesterday afternoon and is a guest at the Montezuma.

T. H. O'Brien, the coal mine superintendent at Dawson, arrived in the Capital yesterday afternoon and is stopping at the Palace.

Mrs. T. J. Sawyer, wife of the lumberman of Albuquerque, arrived in the city last evening with her children and registered at the Montezuma.

Federal Judge William H. Pope will go to Agricultural College, Dona Ana county, on Wednesday evening to deliver the commencement address.

Mrs. Charles A. Cunningham of Santa Fe arrived Saturday morning and has taken up her residence on the Burney ranch which was purchased recently by Mr. Cunningham.—Alamogordo News.

County Treasurer W. H. Merchant, C. W. Merchant, J. D. Walker, Assessor John W. Price and S. F. Stonia, Jr., of Carlsbad, arrived in the city yesterday afternoon and registered at the Montezuma.

Judge E. R. Wright of Santa Fe, was a visitor in Taos this week. He is the attorney for Reed Holloman in the Lieb-Holloman contest. The judge has many political friends in this section and made a number of personal friends while here.—Taos Valley News.

Mrs. Robert M. LaFollette, wife of the United States senator of that name from Wisconsin, who is also a presidential candidate, passed through here yesterday on her way from Grand Canyon, where she has been on a visit to the east.—Albuquerque Journal.

Governor W. C. McDonald arrived last night on No. 7 from Santa Fe, to consult it is said, with local counsel relative to the merits or demerits of

the Coler bond bill, which has passed the House and is expected to pass the Senate early this week.—Albuquerque Journal.

Senator Gregory Page has returned from a business trip to Gallup.

Representative Duncan McGilvray has returned from a trip to Crown Point, near Gallup, McKinley county.

The motor car party that left Santa Fe Friday night for Trinidad returned to the city last evening. They report good roads and excellent weather conditions for overland touring. In the party were: Messrs. McCormick, McCallister, Paul Doran, Williams and Dockweiler.

Mrs. L. H. Rapp, daughter Helen, and niece, Miss Jean Eke of Illinois, arrived yesterday from the east and took possession of the new Rapp home on East Palace avenue. Mrs. Rapp spent the past few months with relatives in Florida and Illinois. Mr. Rapp went to Denver to meet his family.

Next week Mrs. P. B. Abreu and her two daughters, the Misses Sophia and Victoriana, will leave for southern California, where they will spend the summer. On their way out they will make short visits at Santa Fe and Las Cruces with relatives and friends.

Shortly after arriving the Misses Sophia and Victoriana will embark for Honolulu, and expect to spend several weeks visiting there and at other points of interest in the Hawaiian Islands. A few weeks later Mrs. D. A. Clouthier of this city, and Miss Fannie Abreu of Rayado, expect to join them in California and spend the balance of the summer.—Coffax County Stockman.

C. M. Forester, United States marshal, left today for Santa Fe.—Albuquerque Herald.

Judge Frank W. Parker was in Albuquerque this morning en route from Deming to Santa Fe.—Albuquerque Herald.

W. A. Hawkins, general counsel for the El Paso and Southeastern, was in Albuquerque today en route from El Paso to Santa Fe.—Albuquerque Herald.

Mrs. A. M. Hoy of Taos, is visiting her sister Mrs. Frank Staplin for several days. From here Mrs. Hoy goes to Los Angeles, Cal., to spend several months.

Governor W. C. McDonald was in Albuquerque for an hour last night en route from the southern part of the state to Santa Fe.—Albuquerque Herald.

Theodore Espe, chief of the field division of New Mexico with headquarters at Santa Fe was in the city Wednesday and Thursday on official business.—Spanish-American.

State Engineer Charles D. Miller of Santa Fe was in the city the first of the week en route to Albert where he went to look into some irrigation projects.—Spanish-American.

A. J. Whiting, merchant and banker at Clovis, who lived here eighteen years ago, is a visitor in the capital and expressed himself pleased and surprised at the evidences of growth and improvement on all sides.

State Geologist J. A. Pinch of the University of New Mexico at Albuquerque, and Professor G. E. Anderson of the School of Mines at Socorro, are in the capital to interest the legislature in a geological survey of the state in which the U. S. Geological Survey would co-operate.

Judge Parker, Chief Justice Roberts and N. Salmon of Santa Fe, spent several days in Deming returning home Sunday. These gentlemen were looking over some of their farm property here with a view to installing a pumping plant on the same and reclaiming 640 acres of land.—Deming Headlight.

Mr. and Mrs. D. E. Clarkson, 310 South Edith street, the latter a sister of R. H. McKenzie, have gone to Santa Fe to visit relatives and friends.

Mr. McKenzie expects to join them in a few days and while at Santa Fe he will place monuments over the graves of his three children.—Albuquerque News.

Yesterday afternoon Miss Katherine Van Stone entertained over a score of her little friends in honor of her seventh birthday anniversary. The young people met at the Van Stone residence and were taken to the park by Elmer Adair in his tally-ho. Games of various kinds were indulged in after which lemonade and cake was served in abundance. The afternoon seemed not more than half spent when the call went out that the tally-ho had come to return them to their homes. Miss Katherine received several gifts as mementos from her little friends.—Estancia Daily News.

HOUSE PASSES BILLS RAPIDLY.

(Continued From Page Four.)

not more than 3 per cent, for millions and millions of dollars, that they will loan out again to citizens of the state at a high rate of interest.

Llewellyn took the same view and called attention to the fact that the territory had loaned Quay and Torrance counties sums of money without interest. He paid an eloquent tribute to the pioneers of San Juan county.

He seconded the motion of M. C. de Baca, to table the interest amendment. The amendment was tabled.

Blanchard intimated that it was just as unconstitutional for the state to lend money to a county as it was to give state funds to counties, and that the assumption of county debts by the state, left those counties free to borrow up to the constitutional limit.

Christman again explained the dire needs of San Juan county. Tully spoke in favor of the measure. Llewellyn called attention to the fact that the last legislative assembly gave the people of Folsom, Union county, \$5,000 because of destruction wrought by a flood. Mullen said he had been one of the introducers of the Folsom measure and explained the circumstances under which the appropriation was made when the "game was played under the old rules." He favored the San Juan county measure.

Catron explained he had offered the

Fresh Oysters, Poultry, Grapes, Oranges, Grape Fruit, Apples.

FRESH VEGETABLES DAILY.

the balance of this month

MRS. W. LINDHARDT,
125 Palace Ave.

Interest amendment in order to bring the measure under the provisions of the constitution, but if San Juan county and the House are willing to assume the risk, he was willing too, to vote for the measure. The bill passed 45 to 0.

A recess to 2 p. m. was taken after Catron had announced a meeting of the public lands committee at 1:30 p. m. to consider two measures pending before it.

House—Afternoon Session.

The special order of the afternoon, Senate Bill No. 42, by the finance committee, the corporation commission bill was taken up. Both Sanchez and Clancy offered amendments, reducing and itemizing the appropriation carried in the bill, which totals \$30,000.

On motion of Chavez, the Sanchez amendment, providing \$2400 for chief clerk, \$1900 for assistant chief clerk, \$1800 for a tariff clerk, \$1500 for an insurance clerk, \$1000 each for two stenographers and \$500 for contingency expenses, was tabled, 27 to 16 votes.

Memorial to Congress.

By unanimous consent, Llewellyn and Moreno, introduced a House joint memorial to Congress requesting the passage of Senate Bill No. 6501 by Senator Fall, or House Bill No. 2775 by Congressman Curry, to create a second judicial district in New Mexico, with headquarters at Las Cruces and regular sessions also at Roswell.

The Clancy amendment similar in tenor and appropriating \$7,166.64 for clerical help and contingencies, was also tabled on motion of Chavez.

The bill then passed 27 to 6. The measure now goes to Governor McDonald.

At the request of the Retailers' Association, Campbell, the author, moved to recommit House Substitute for House Bill No. 67, so as to give the right of way to the Barth garment act, pending in the Senate, and approved by the retailers.

House Substitute for House Bill No. 111, by Toombs, an act to appropriate funds to pay the expenses of the House committee appointed to investigate certain charges against J. P. Lucero, Manuel Cordova, Julian Trujillo and Luis R. Montoya, was taken up.

Blanchard moved to strike out "Claude Hutto \$112.54," and "Casimiro Lucero \$187" as they are covered by the per diem of these two employees by the House. Burg declared that it would be a palpable injustice to these two employees and that the appropriations are legal and proper. The attorney general had declared the two items legal as being for extra work under a rule of the House and that not to pay for the work would be a breach of faith. Vargas dwelt on the hard work of the two employees in question and their extraordinary competency. Llewellyn declared the employees of the legislature are not the slaves of the members, that they are worthy of their hire, that every item is correct and just. Campbell stated that at the regular price for stenographic work, the bill would have been more than \$400 and the state is saved \$131.42 on this item. He moved to table the amendment.

Smith and Blanchard spoke in favor of the amendment, a heated colloquy between Burg and Blanchard ensued, the latter insisting that the rules of the House are in conflict with the constitution, and the former that the rules of the House are equally as binding on the House as is the constitution. Sanchez insisted that the eight regular stenographers of the House should have taken care of this work, as some of them had no work to keep them busy. Llewellyn replied that the stenographers are working every evening, often at times when the members of the House were having a good time elsewhere.

Nichols also argued to the stenographers are entitled to the sum charged. Catron read the original resolution he had introduced, which authorized the committee to employ "a" competent stenographer, and not more than one stenographer. Mullen opposed the amendment and said the bill should have been paid long ago. The amendment was tabled 28 to 12.

Burg moved to amend by providing an appropriation of \$256 for printing the transcript and report of the committee. After a colloquy ensued between Burg and Catron, the amendment was passed by viva voce vote and the bill as amended was passed 29 to 4.

House Bill No. 87, by Gurule was recommitted because of another bill of the same nature on the calendar. House Bill No. 127, by Young, was at request of Young recommitted.

House Bill No. 147, by Burg, authorizing county commissioners to have lands within the county surveyed for the better return of taxable property, led to another clash between Catron

and Burg, and the farmer's motion to recommit was defeated. Blanchard offered an amendment to strike out section 2 which authorizes the validation of prior contracts for county surveys. Burg explained the contract made by Bernalillo county with Surveyor John L. Zimmerman for a county survey, which had been invalidated by the court, tying the hands of the county commissioners, leaving the surveyor high and dry with the survey half completed and with all his means expended, his house mortgaged. "I live in a county, Mr. Speaker, that always stands ready to pay its just debts, and does not push off payment from year to year, as some other county has done; and it asks for no cash donation, but merely permission to pay the debt it owes." Catron appreciated the Bernalillo county situation, but the county asks too much when it asks the legislature deliberately to violate the constitution of the state.

Rogers said that this legislature ought not to try to meet any special or local prior obligations, to validate any former contract, by a general law to cover twenty-six counties to meet an emergency in only one county. Llewellyn said a careful examination of the bill fails to show wherein it is unconstitutional, and the measure has no objectionable features. Hilton insisted that the bill is clearly in violation of section 25 of the constitution.

The Blanchard amendment was carried, 23 to 19.

Chavez offered an amendment to strike out "competent surveyor," therefore in Section 1 Burg spoke in opposition, declaring he would not discuss whether the attitude of the other members is intended to help their counties or to hurt Bernalillo county. Carter and Clancy entered into the ensuing colloquy. Clancy

saying that the very competent surveyor of Gladiol county last year earned only \$50 from the county. The Chavez amendment was adopted. A motion to table the bill was lost 26 to 17. On motion of Burg the bill was recommitted to the Committee on Ways and Means.

House Bill No. 166, by Skidmore, providing that railroad employees may vote elsewhere than in the precinct in which they are registered and qualified, was under discussion when the New Mexican went to press.

Let Him Know It!—If you are out of a position, you must let the employer know it. A want advertisement in the news and professional men in the city and county and a great many in the state. If you have any special talent, do not hide it under a bushel.

It will not pay you to waste your time writing out your legal forms when you can get them already printed at the New Mexican Printing Company.

Superintendent.

Are the Fly and Mosquito Dangerous?

The fly, with spongy feet, collects the invisible germs of diseases, spreads them over our food and poisons us with typhoid and cholera. The mosquito with its bite injects into our veins malaria and yellow fever. The bacteria of consumption, or grip, are everywhere present for us to breathe into our lungs. The blood which flows through our veins and arteries is our protection. It should contain healthy red and white blood corpuscles--capable of warding off these disease germs. Dr. Pierce's Golden Medical Discovery is a blood medicine and alternative made entirely without alcohol, a pure glyceric extract of bloodroot, golden seal, Oregon grape root, queen's root, mandrake and stone root, which has enjoyed a good reputation for over forty years. The refreshing influence of this extract is like Nature's influence--the blood is bathed in the tonic which gives life to the blood--the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

M. MAGUIRE, Esq.

Dr. Pierce's Pleasant Pellets are for liver ills.

"BIG SMOKE" STARTS FOR LAS VEGAS FRIDAY.

Jack Johnson Will Go Into Training at Forsythe Ranch Near Meadow City.

(By Special Leased Wire to New Mexican) Las Vegas, N. M., May 21.--Jack Curley, promoter of the Johnson-Flynn bout for the heavy weight championship of the world, this morning received a message from Jack Johnson informing him that the big champion would leave Chicago Friday night and would arrive in Las Vegas Sunday morning.

Johnson's trainer-in-chief and manager, Tom Flanagan, will accompany him and the "big smoke" will go into training immediately upon his arrival. Curley has been authorized by Johnson to engage training quarters for him and Curley has practically decided upon the Forsythe ranch, seven miles northwest of Las Vegas.

CRACKSMEN BLEW VAULTS AND SECURED \$7,000.

(By Special Leased Wire to New Mexican) Camden, Tenn., May 21.--Robbers who yesterday got \$7,000 from the vaults of the First National Bank of this city, are still at large today. The men used six charges of nitro-glycerine to open the vaults and when citizens were aroused by the explosion prevented interference by pointing pistols at all who approached the building.

J. E. McKeen, 1301 Cleveland St., Wichita, Kansas, reports: "I suffered from kidney trouble, had severe pains across my back, and was all played out. I began taking Foley Kidney Pills and soon there was a decided improvement. Finally the pain left entirely and I am fully cured of all my kidney trouble."--For sale by all druggists.

REPRESENTATIVE MANUEL CORDOVA OF TAOS COUNTY.

2,000 PRESBYTERIAN CHURCHES "PASTORLESS."

Decline in Number of Candidates for Ministry Attributed to Old Age Elimination.

(By Special Leased Wire to New Mexican) Louisville, Ky., May 21.--After the declaration that 2,000 churches in the United States were "pastorless" had been made in the general assembly of the Northern Presbyterian church today, resolutions were adopted urging all Presbyterian commissioners (laymen) to keep in close touch with young men who might be candidates for the ministry. Rev. Joseph W. Crane, of Philadelphia, discussing a minister's "living chances" said: "We hear that a man to be a minister must starve. I never knew that to be true. I will admit the salaries are not princely, but it can't be remedied except by this very assembly. Immediately the Rev. Dr. Henry J. Becker of Dayton, Ohio, interrupted: "Hundreds of gray-haired men of the ministry annually are dismissed or cast

aside," he said. "Men of brains, education and good records are eliminated for no other reason than that they are 'too old.'"

To this, Dr. Becker attributed the gradual decline of successful candidates for the ministry.

COMFORTING WORDS.

Many a Santa Fe Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Santa Fe readers. Pasquale Yanni, College St., Santa Fe, N. Mex., says: "In 1902 I gave a public testimonial in praise of Doan's Kidney Pills to the effect that they had cured me of a pain in my back, caused by disordered kidneys. My work obliges me to sit down a good deal and this weakened my kidneys, causing backache. While at work I suffered more intensely than at any other time and I was very anxious to find a remedy that would relieve me. Learning of Doan's Kidney Pills, I procured a box and to my delight, they soon fixed me up in good shape. I have since had no need of kidney medicine."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name--Doan's--and take no other.

CLOSING OF PUBLIC SCHOOLS

Senior Play Thursday Evening At Elks' Feature of Graduation Week

THE EIGHTH GRADE EXERCISES

Presentation of High School Diplomas Friday Evening at Auditorium.

GRADUATION WEEK

IN PUBLIC SCHOOLS.

Monday--Examinations.

Tuesday--Examinations.

Wednesday--8:15 o'clock p. m., Eighth grade graduation exercises.

Thursday 10:30 o'clock a. m., Junior essays in Auditorium. Kindergarten closing exercises 10 o'clock a. m., at the High School. 8:15 p. m. Senior play at Elks'.

Friday--8:15 o'clock p. m., Senior graduation exercises in auditorium; 2 o'clock p. m. closing exercises of the grades.

The days of hard "exams" have come and the teachers and pupils of the public school are immersed in this week in summing up the accomplishments of a year's study. The examinations are given during the morning session and in the afternoon the teachers grade the papers and make careful classifications.

Exhibits of the work of the pupils in all lines of scholastic endeavor are available for the inspection of visitors at the high school building. The graduating exercises for the eighth grade will take place at 8:15 o'clock Wednesday evening in the high school auditorium. The following program has been arranged:

Eighth Grade Graduation.

Chorus by Eighth Grade Glee Club.

Oration--"Progress of Our Country"--Ruth Safford.

Violin Solo--Rosa Frankley.

Oration--"The Spanish Language"--Della Lucero.

Vocal Solo--Alta Sanford.

Oration--"Elements of Success"--Evelyn McBride.

Oration--"Some Things Which Have Happened Since Our Grandfather's Boyhood"--Meriam Wasson.

Violin Solo--Ruth Safford.

Address and presentation of eighth grade diplomas by Jose D. Sena, president of the board of education.

Chorus by the Eighth Grade Glee Club.

At 10:30 o'clock Thursday morning the junior classmen will read their essays in the high school auditorium. Closing exercises of the kindergarten at 10 o'clock a. m. Thursday morning in the kindergarten room in the high school.

Senior Play.

Thursday evening at the Elks' theatre the seniors will present their class play, a snappy college comedy brimful of human interest and laughable situations as well as some serious ones and known by the poetic title of "The Kingdom of Heart's Content."

Grade Promotion Cards.

At 2 o'clock Friday afternoon the pupils of the grades will receive their promotion cards.

Presentation of High School Diplomas.

The most imposing and the most momentous event of the graduation week will be the presentation of diplomas to the senior class of the high school at 8:15 Friday evening at the high school auditorium. The graduation exercises will be conducted according to the following program:

Graduation Program.

Song--"O Pretty Red-Lipped Daisy" by J. B. Wekerlin.

Announcements.

Song--"Wiened" by J. L. Frank.

Girls of the High School Glee Club Class Address--J. Wight Giddings.

Presentation of Diplomas.

Song--"Swing Song" by Frederic N. Lohr.

Girls of the High School Glee Club.

Second Ward School.

The closing exercises of the Second Ward School will be held at 2 o'clock Friday afternoon and will be followed by an exhibit of the work of the pupils of Miss Schneppe's and Miss Wood's rooms. The following is the program:

Recitation--"June Time."

Song--"Salute the Flag."

Recitation--"Girls," by Cecilio Maez.

Recitation--"Jumping Rope," by Lena Quintana.

"I'm Glad School Is Over," by Mary Lopez.

Action song--and march--"The Japanese."

Recitation--"In the Empty School House," by Kenneth Eller.

Recitation--"The Four Winds."

Playing mothers meeting.

Get Set for Senior Play.

All the exercises in the closing of the public schools are without cost of the public except the senior play for which the small admission of fifty, thirty-five and twenty-five cents will be charged to help pay the expense of production. Seats for the play on sale at Fischer's Drug Store.

READY MARKET FOR NEW CLIP OF WESTERN WOOL.

(By Special Leased Wire to New Mexican) Boston, Mass., May 21.--With very little old wool left in the market and only light arrivals of the new clip, trading in the domestic product is along very narrow lines and in odd lots. Values held fairly firm in nearly all lines. Interest centers almost wholly in the new clip and arrivals from the West find ready takers.

Bidding in Utah and Nevada is reported as very brisk and 20c is reported to have been paid for medium wool. In the fleece sections medium wools are bringing 25c in Michigan and Ohio f. o. b. A lot of old territory fine staple brought 18c recently. Pulled wool is scarce and high.

THREE YEARS OF MISERY

Mrs. Burnside Escaped an Operation by Taking Lydia E. Pinkham's Vegetable Compound.

Mahoningtown, Pa.--"For three years I suffered untold misery every month, and had to stay in bed the first two or three days. I also had a displacement and other ailments peculiar to women. I became so weak and run down I could scarcely walk across the floor."

"The doctor told me I would never be well unless I would undergo an operation, but I was advised by my mother to take Lydia E. Pinkham's Vegetable Compound and after I had taken four bottles I am strong and well. I have got others to take your medicine with the same good results and they cannot say enough for it."--Mrs. J. A. BURNSIDE, Mahoningtown, Pa.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Women who suffer from those distressing ills should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

TODAY'S STOCK MARKET
DULL AND IRREGULAR.

Rubber Declined on Announcement of the Proposed Twenty Per Cent Dividends.

(By Special Lensed Wire to New Mexico.)
New York, N. Y., May 21.—Dullness and irregularity were the main characteristics of today's early stock market, with some hardening of prices later. Early weakness in Canadian Pacific followed another break in that stock abroad. The movement in the standard shares was exceedingly narrow. Another fractional advance in copper metal appeared to exercise no influence.

Bonds.
Bonds were steady. High priced specialties were buoyant and advanced sensationally on light dealings. The tobacco group, advanced two to six points and Sears Roebuck 65-8.

Renewal of weakness in Lehigh Valley and Reading, which went lower than in the early part of the session were the only features of the late afternoon. The market closed steady.

Rubber.
Rubber declined sharply on announcement of the proposed twenty per cent stock dividend and retirement of the second preferred, but soon made partial recovery. Reading was again weak in the late trading. Smelting was strong.

AMATEUR BIRD MAN
FALLS TO DEATH.

(By Special Lensed Wire to New Mexico.)
Xenia, Ohio, May 21.—Fred J. Southard, of Minneapolis, Minn., an aviator, fell 100 feet at the Wright aviation field near Osborn early today and was instantly killed. Southard, who was forty years old, had just bought the aeroplane from the Wright brothers. He obtained the keys to the hangar after he had been refused permission to take the aeroplane out without further experience. He fell just six minutes after he had begun the first flight alone. His body was badly crushed.

AMENDMENT TO ARTICLES OF INCORPORATION OF THE AUTOMATIC SCALE VENDING COMPANY.

State of New Mexico.
Office of the State Corporation Commission.
It is hereby certified, that there was filed for record in the office of the State Corporation Commission of the State of New Mexico on the 16th day of May, A. D., 1912, at 10 o'clock a. m., amendment to Articles of Incorporation of The Automatic Scale Vending Company, Reducing Capital Stock, (No. 7199), and also that the following copy is a true and correct transcript of the original now on file.

In testimony whereof, the chairman and chief clerk of said Commission have hereunto set their hands and affixed the seal of said Commission, at the City of Santa Fe, on this 16th day of May, A. D., 1912.

(Seal) HUGH H. WILLIAMS, Chairman.
GEO. W. ARMJO, Chief Clerk.

Amendment to the Articles of Incorporation of The Automatic Scale Vending Company.

BE IT KNOWN that on the 14th day of February, 1912, a meeting of the directors of The Automatic Scale Vending Company, whose principal place of business is in the Rialto Building, located at the southwest corner of Ninth and Grand Aves., in Kansas City, Jackson County, State of Missouri, was held for the purpose of considering a resolution decreasing the capital stock of said Company, pursuant to consent to the holding of such meeting signed by all the directors of said Company.

That at said meeting a resolution reducing the capital stock of said Company to one hundred and fifty thousand dollars, (\$150,000) divided into shares of the par value of one hundred dollars (\$100) each, and that the shares of stock of said Company be pro rata reduced and that a meeting of the stockholders of the Company was then and there called to take action on said amendment.

That thereafter and in pursuance of the resolution so adopted by said Board of Directors, a meeting of all of the stockholders of the said Company was held on the 5th day of March, A. D., 1912, and upon the consent of ninety per cent (90%) of the stockholders of said Company and in pursuance of the by laws of said Company, at the principal place of business of said Company in the State of New Mexico and that at said meeting there was present in person or by proxy ninety (90) per cent of all of the stockholders holding at least ninety (90) per cent of all of the capital stock of said Company and that the resolution of the Board of Directors declaring it to be advisable to reduce the capital stock of said Company to one hundred and fifty thousand dollars (\$150,000) divided into shares of the par value of one hundred dollars (\$100) each, and that the shares of stock of said Company be pro rata reduced, was presented and unanimously adopted by said stockholders.

THE AUTOMATIC SCALE VENDING COMPANY.

(Corporate Seal)
By J. A. BRUBAKER, President.
T. J. TEMPLER, Secretary.

State of Missouri,
County of Jackson.—as.
On this 19th day of April, 1912, before me appeared J. A. Brubaker to me personally known who being duly sworn upon oath says that he is president of the Automatic Scale Vending Company and that the seal affixed to said instrument is the corporate seal of said corporation, and that the said instrument was signed and sealed in behalf of said corporation by authority of its Board of Directors and said J. A. Brubaker acknowledged said instrument to be the free act and deed of said corporation.

IN WITNESS WHEREOF I have

FELT BAD
ALL THE TIME

Shellhorn Lady Suffered a Great Deal, But Is All Right Now.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die. At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well."

I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health.

As a remedy for woman's ills, it has a successful record of over 50 years.

Your druggist sells it. Please try it.

N. B.—Write to Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

heronto set my hand and affixed my notarial seal on the day and year first above written.

(Seal) JESSIE M. HAMPEL, Notary Public in and for Jackson County, Missouri.

My commission expires April 24, 1912.

State of Missouri,
County of Jackson.—as.

J. A. Brubaker and T. J. Templer, president and secretary respectively of the Automatic Scale Vending Company, being first duly sworn upon their oaths state that the assent of two-thirds in interest of all of the stockholders was given to the amendment to the Articles of Incorporation of The Automatic Scale Vending Company reducing the capital stock of said Company to one hundred and fifty thousand dollars (\$150,000) divided into shares of the par value of one hundred dollars (\$100) each, and that the shares of stock of said Company be pro rata reduced, as set forth in the certificate amending said Articles herewith filed. The principal place of business is Santa Fe, N. M., and the agent in charge thereof is E. C. Abbott.

(Corporate Seal)
J. A. BRUBAKER, President.
T. J. TEMPLER, Secretary.

Subscribed and sworn to before me this 19th day of April, A. D., 1912.

(Seal) JESSIE M. HAMPEL, Notary Public in and for Jackson County, Missouri.

My commission expires April 24, 1912.

Subscribed and sworn to by T. J. Templer, before me this 27th day of April, 1912.

(Seal) S. C. MONDRAGON, Notary public in and for Sandoval County, State of New Mexico.

My commission expires July 7th, 1912.

ENDORSED No. 7199.

GEO. W. ARMJO, Clerk.

Compared EDC to JJO.

Pentecost—This evening will be the first night of Shavuoth, which is the Hebrew holiday known as the Feast of Weeks, or the Pentecost.

Eddy County Sensation—The emaciated form of a man buried in his underclothes, was found in the sands near San Simeon ranch, Eddy county.

Arrested for Pool Selling—Sam Kline was arrested at El Paso for pool selling and bookmaking.

SYRUP OF FIGS IS BEST FOR A CHILD.

If Its Little Tongue Is Coated, Breath Feverish, Stomach Sour and Bowels Clogged.

Every mother immediately realizes after giving her child delicious Syrup of Figs that this is the ideal laxative and physic for the children. Nothing else regulates the little one's stomach, liver and bowels of tender bowels so promptly, besides they dearly love its delightful fig taste.

If your child isn't feeling well; resting nicely; eating regularly and acting naturally it is a sure sign that its little insides need a gentle, thorough cleansing at once.

When cross, irritable, feverish, stomach-ache, diarrhoea, sore throat, full of cold, tongue coated; give a teaspoonful of Syrup of Figs and in a few hours all the foul, constipated, clogged up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics, it cannot be harmful.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

The KITCHEN CABINET

WHAT we call little things are merely the causes of great things. One single black speck may be the beginning of gangrene, of a storm, of a revolution.

ONE-TALENT PEOPLE.

Lincoln said: "The Lord must have loved the one-talent people, for he made so many of them."

We are too prone to look at talents as accomplishments, like painting, singing or being a good musician, forgetting that there are talents of far more lasting quality which are hardly recognized as such.

A dear little Quaker woman once made the remark that she would rather have merited this epitaph on her tomb stone than any she ever knew: "She was easy to live with."

Being easy to live with is a talent worth cultivating and one which is all too rare.

If our children today might be taught that to be agreeable and companionable, unselfish and thoughtful of others are qualities far more valuable in life than being able to speak seven languages.

We need to teach our daughters that the humble, though exalted, profession of home-making is more desirable than the superficial accomplishments which take their time, strength and interest.

The object of the profession of home-making is a comprehensive one, to raise the ideals of home-making is one, to make housekeeping an inspiring profession instead of deadening drudgery, to make the daily task in the home entertaining as bridge whist.

To make the housekeeper's allowance go as far as possible that the best things of life may not be left out.

To promote the household welfare and insure domestic tranquility.

To develop in each child all the perfection of which he is susceptible, mentally, morally and physically.

The profession of home-making is becoming more and more difficult each year, and the young women who expect to enter the profession untrained will be the ones who in the future will figure in the divorce courts.

Nellie Maxwell.

The KITCHEN CABINET

THE secret of life—it is giving; Love binds the man to the angel, And ruin befalls if we savor.

There are breadths of celestial horizons Overhanging the commonest way; The cloud and the star share the glory, And to breathe is an ecstasy.

SOME REMINDERS.

In sewing on buttons to match the vertical button holes in shirt waists, it is well to remember that the button should be sewed on with the threads running the same way as the button hole or there will be a gaping button hole and easily unbuttoned button.

Lace curtains may be quickly mended by dipping a piece of lace to match in cold starch and ironing the piece over the hole, trim out and the place will never be noticed.

For dusting a sick room, cotton batting is recommended by physicians. Place a small bundle in a steamer, and when it is well moistened, used to remove all dust from the room. Burn the duster and all germs will go with it.

Don't fail to wipe the top of the milk bottle after removing the cap, for many hands may have handled it and not been over clean.

Coffee is much improved if a tablespoonful of freshly ground coffee is added to the pot just before serving.

Cream Pie.—Scald a pint of milk, add the yolks of two eggs, two tablespoonfuls of flour, a quarter of a cup of sugar and the whites of the eggs well beaten. Put into a crust and bake.

Salad dressing for fruit, two tablespoonfuls of almond butter, salt; add a half cup of water and two tablespoonfuls of lemon juice, drop by drop. Cook in a double boiler. Use with apple and banana salad.

Nellie Maxwell.

Man Still in the Majority.

E. Dana Durand, discussing in the World's Work Immigration in relation to the census says that among the foreign-born whites in the United States in 1910 who had been in this country less than ten years, there were 155 males to 100 females. Of all foreign-born whites combined, the males numbered 7,522,000 and the females 5,821,000, or 129 males to each 100 females; in 1900 the proportion was 117. These figures contrast strikingly with the sex distribution of the native white population, in which there was 103 males per 100 females.

Grumblers Preferred.

New Boarder—I s'pose you like boarders who will eat anything that's set before them and not grumble? "Mrs. Stimmet—Bless you, no. I'd a sight rather they'd grumble and not eat."

Outclassed.

"Does your automobile go faster than your neighbor's?" "No," replied Mr. Chuggina. "But my danger signal makes a much more disagreeable noise than his."

SHOULD BE TAKEN SERIOUSLY

Childish Mmd, Groping in Darkness, Is Craving for Information That Is Denied It.

Every trace of useful information is carefully concealed from the very young child. A rattle, or at most a rubber doll, is its only plaything. As it grows older it is very slowly and gradually introduced to the various mysteries of numbers and of languages it has as yet no conception. Its constant questions are for the most part answered "humorously" and hence incorrectly, or they are not answered at all. This eternal "humor" is most galling of all. Why should a human infant be such an irresistible joke? The lower animals take their young seriously and train them from the start with a very definite purpose in view. Yet their possibilities are infinitesimal as compared with those of the average baby.

And we sit calmly by and enjoy the "humor" of childhood and insist that the child is enjoying itself! Also, even though its little soul may be thirsting for information which is laughingly denied it. And we continue to put off the inevitable day when the child will have to take life seriously and, hence, according to our tradition, sadly.

One important point which is quite overlooked by the upholders of the brainless child is the fact that nonsense and silliness are just as taxing to the infant mind as useful information would be. It requires no more mental effort to realize that A is A than to grasp the extraordinary fact that a mass of brownish softness is a "fuzzy little Teddy bear, yes it is."

In fact, the letter A has a distinct advantage. And at a more advanced age it is certainly less puzzling to be told that five and five make ten than to have one's own respectable pink toes described as a series of pigs going to market or entering into the various other activities of life.—Sigmund Spaeth in Harper's Weekly.

TURNED LEAVES OF ROMANCE

Vangy Found, as Others of Her Sex Have Done, That Man Was Ever Fickle.

"Will you have a cup of tea, Vangy?" asked Mrs. Greene, as Vangy came in from hanging out the clothes. "Ah don't sayah of Ah do, Mis Greene. It right col in de roof an' Ah's mos' chill to de marrer ob mah bones. Yo's berry kin' an' as, yielding to Mrs. Greene's suggestion, she deposited her portly form on a chair near the kitchen table, "Yo's allus tryin' to make a punson comfable. Yo' min's me ob mah maw—o' cos' yo' ain' as ol' as her, but yo' like her in yo' mannahs. Oh, yes, Ah likes sugah in mah tea. Weneber anybody ast me ef I like sugah in mah tea Ah tink ob a gamman fren' Ah was 'gaged to oncet. 'Ware he now? Lor, Ah dunno, he le' de city. He ain' no 'count no how an' Ah don't sayah ef he nevah come back. Dere's jes' as good meat in de hash as eber come out ob it, Mis Greene. 'Wot's his name? honey. His name Mistah Dobson, at dat time. He use come 'rout to mah house to take his afternoon tea wif me an' maw. He mighty sweet on me den. Ah 'member one day he come an' maw, she po'd out a cup o' tea fo' him an' he taste it an' den he say mos' 'grayshatin' like, 'Mis Vangy, would yo' min' puttin' yo' lile fingah in mah tea—only de ve'y tip ob it? 'Wot yo' wan' me put mah fingah in yo' tea fo'?' Ah say, 'W'y, he say, 'yo' maw fo'got to put in de sugah an' I cayn drink tea 'less it berry sweet.' Now days,' she concluded with a shake of her head, 'he wouldn't drink his tea, Ah reckon, ef Ah was to put mah whole han' in.'"

Bomb's Deadly Work.

Paris is truly a city of tragedies. At a quarter past eight the other morning there was a terrific bomb explosion on the Place de Montreux. Policemen rushed up, and found a young man of eighteen, Alfred Hervé, shrieking with pain, and rolling in agony on the ground. His face and hands were covered with blood and his clothes were burning. Two policemen put the fire out, put Hervé in a cab, and took him to the nearest hospital. The other policemen found the bomb. It had been made of two metal soap boxes tied together, and filled with powder and nalls. Hervé declared that he knew nothing about the bomb. He was on his way to his work, saw the thing lying on the pavement, and kicked it off into the gutter. It broke open, and wondering what the black stuff in it was, Hervé lit a match and bent down to find out. An explosion followed.

Fashions Long Kept Up.

The British admiralty's annual order for black silk handkerchiefs for the navy, recently passed for 90,000, led to inquiry, "why black?" It is said to be as mourning for Nelson's death at Trafalgar. Another instance of long-continued mourning is shown in the dark clothes officially worn by the Anglo-Saxon race; and at the decease of the duke of Gloucester. Queen Anne's half-apprant, the bar went into mourning and has never doffed this, though the lapse of the Stuart dynasty on the British throne was scarcely to be regretted. Doubtless the largest following of one fashion by men was after Alexander set the style of having the face clean-shaven; in this was kept up by the Graeco-Roman world for five hundred years.

Hat Ornaments.

One of the practical and universally becoming trimmings being put on to straw hats for the south are the wing, plume or egrettelike ornaments made of shadow lace, tulle or other gauze. While these hat trimmings are usually simple in number, a single ornament such as the one mentioned being as much as is needed, the size of the ornaments is often very large. These made feather arrangements admit of a great variety of shapes and effects.

The KITCHEN CABINET

IS ALWAYS morning somewhere, And above the awakening continents, From shore to shore, Some where the birds are singing evermore.

EGGLESS FOODS.

When eggs are forty and fifty cents a dozen one feels inclined to look for dishes that call for few or no eggs. Here are a few for those of us who must economize:

Oatmeal Cookies.—A cup of fine oatmeal (it may be made finer by putting it through the meat grinder), a cup of flour, a half cup of lard or butter and lard mixed, a half cup of milk, two-thirds of a cup of sugar and a fourth of a teaspoonful of soda, dissolved in milk. A little grated lemon or orange peel and nutmeg, with flour enough to roll thin.

Apple Sauce Cake.—A half cup of shortening, a cup of sugar, a cup of sifted apple sauce, a teaspoonful of soda, one and three-fourths cups of flour, and spice to taste. Add raisins or currants if desired, and bake in small cakes or in a loaf.

Hot Water Gingerbread.—Dissolve in a cup of boiling water two teaspoonfuls of soda; add a cup of molasses, a quarter of a cup of melted butter, and cinnamon, ginger, clove and nutmeg to taste. Use flour enough for a soft batter and bake in small patty tins. These are delicious with apple sauce and cottage cheese for luncheon or a dessert.

Feather Muffins.—Take a cup of milk, a tablespoonful of melted lard or butter, a half teaspoon of salt, a tablespoonful of sugar and two teaspoonfuls of baking powder. Mix together with flour enough to make a batter as stiff as an ordinary cake batter. Bake in muffin rings.

Nellie Maxwell.

No Tigers In Africa.

The natives of Africa fear the leopard almost as much as they do the lion. Once in a while some traveler tells of tigers in Africa. No tigers are there, but careless writers thus misname the leopard, which has terrors of its own and is scarcely less formidable than the monarch of the Bengalese animal kingdom.

New Criterion.

"How About Venice? Shall we stop off at Venice?" "Venice, eh? How many pages does Venice take up in the guide book?" "Eight." "In that case it must be worth a stop."—Waabington Herald.

His Connections.

The office boy for one of the largest financial houses in New York recently found a package of valuable papers. He promptly returned the property to its owner and was told he would be sent a suitable reward.

"And, by the way," said the grateful owner, "shall I send it to you, care of —?" mentioning the name of the firm.

"Now," said the boy; "send it care of the Daring Donsen Social club, No. — East Fourteenth street."

Success attends the man who views it Right The back and forward meaning differs quite For this is how it reads To the man of ready deeds— WON.

FAVORITE DISHES FROM FAMOUS COOKS.

The following recipes have been gathered from the cherished stores of many cooks:

Baked Round Steak.—Put a slice of round steak that has been scored and pounded with flour; season with salt and bits of butter, cover with cold water and bake in a close dish for one and a half hours. Add hot water as needed in the cooking. Onion may be added if the flavor is desired.

Orange Ice.—Make a sirup of four cups of water, two of sugar and cook until thick. Cool, and add the rind and juice of two oranges, and freeze.

Orange and Lemon Sherbet.—To the juice and rind of three oranges and one lemon add a cup of sugar and a pint of cream; strain out the rind and freeze. This is very pretty served in the halves of oranges, or in grape fruit shells with the meat course.

Cream Torte.—Beat the yolks of six eggs, add a cup of sugar and three tablespoonfuls of fine bread crumbs which have been sifted with a teaspoonful of baking powder. Add a half pound of dates cut fine, a half pound of walnuts and the well beaten whites of the eggs. Bake in layers and put together with whipped cream.

Pineapple Puff.—Beat the whites of three eggs until stiff, add three tablespoonfuls of sugar and four tablespoonfuls of grated pineapple. Beat together and put into slightly buttered cups. Partially fill the cups and stand in hot water and bake a light brown. Turn out of the cups and serve with whipped cream. Garnish with a little preserved pineapple.

The KITCHEN CABINET

IS ALWAYS morning somewhere, And above the awakening continents, From shore to shore, Some where the birds are singing evermore.

EGGLESS FOODS.

When eggs are forty and fifty cents a dozen one feels inclined to look for dishes that call for few or no eggs. Here are a few for those of us who must economize:

Oatmeal Cookies.—A cup of fine oatmeal (it may be made finer by putting it through the meat grinder), a cup of flour, a half cup of lard or butter and lard mixed, a half cup of milk, two-thirds of a cup of sugar and a fourth of a teaspoonful of soda, dissolved in milk. A little grated lemon or orange peel and nutmeg, with flour enough to roll thin.

Apple Sauce Cake.—A half cup of shortening, a cup of sugar, a cup of sifted apple sauce, a teaspoonful of soda, one and three-fourths cups of flour, and spice to taste. Add raisins or currants if desired, and bake in small cakes or in a loaf.

Hot Water Gingerbread.—Dissolve in a cup of boiling water two teaspoonfuls of soda; add a cup of molasses, a quarter of a cup of melted butter, and cinnamon, ginger, clove and nutmeg to taste. Use flour enough for a soft batter and bake in small patty tins. These are delicious with apple sauce and cottage cheese for luncheon or a dessert.

Feather Muffins.—Take a cup of milk, a tablespoonful of melted lard or butter, a half teaspoon of salt, a tablespoonful of sugar and two teaspoonfuls of baking powder. Mix together with flour enough to make a batter as stiff as an ordinary cake batter. Bake in muffin rings.

Jr., a Western Union messenger boy
and son of Mariano Sena, Sr., of Pal-

ace avenue, while carrying a message
on his wheel shortly after noon today
ran into a small girl in front of Sal-
mon's store on lower San Francisco
street, was unseated and fell to the
pavement fracturing his knee cap. He
was taken at once to his home where
he was attended by physicians.

Sure Cure for Blues—Those who
are disposed to have periods of mel-
ancholy are urged to attend the Elks'
Theatre for a lasting cure by witness-
ing the rollicking college play "The
Kingdom of Heart's Content." Thurs-
day evening. Tickets at Fischer's
Drug Store.

SUGAR KING IN UNIQUE
ROLE OF CATTLEMAN.

Site for Sugar Factory Was Secured
by Havemeyer as Pasturage
for Stock.

(By Special Leased Wire to New Mexico)
New York, N. Y., May 21.—A copy
of a telegram sent by Henry O. Have-
meyer, to Samuel C. Hooker, his per-
sonal agent at Denver, was introduced
in the government's dissolution suit
against the so-called sugar trust by
Assistant District Attorney Knapp to-
day to support the charge that Mr.
Havemeyer had prepared to crush by
competition, the independent beet
sugar plant of the Greeley Sugar Com-
pany, then building. The telegram
read: "Go to Greeley and secure a
good site or options."

Havemeyer Got What He Wished.
Chester S. Morey, of Denver, chief
agent of Havemeyer in acquiring con-
trol of Colorado companies, testified
that the site was procured and not
long after this Mr. Havemeyer bought
an interest in the Greeley company.

Land Rented for Pasturage.
A letter from Hooker to Havemeyer,
written November 22, 1902, was then
introduced. It suggested that Mr.
Havemeyer rent the site for pastur-
age for a year and said that four per
cent net return could be realized if
this was done. "It is probably as fa-
vorable an opportunity as can be ob-
tained at the present time" the letter
concluded.

Mr. Morey said the various beet
sugar companies with which he had
been identified were merged into the
Great Western Company, a New Jer-
sey corporation, in 1905, although the

Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with
epileptic fits for three years, the attacks
coming every few weeks. We employed
several doctors but they did her no
good. About a
year ago we
heard of Dr.
Miles' Nerve-
and it certainly
has proved a
blessing to our
little girl. She is
now apparently
cured and is en-
joying the best
of health. It is
over a year since
she has had a
fit. We cannot
speak too highly
of Dr. Miles' Nerve-
"

MRS. FRANK ANDERSON,
Comfrey, Minn.

Thousands of children in the
United States who are suffering
from attacks of epilepsy are a
burden and sorrow to their parents,
who would give anything to restore
health to the sufferers.

Dr. Miles' Nerve

is one of the best remedies known
for this affliction. It has proven
beneficial in thousands of cases
and those who have used it have
the greatest faith in it. It is not
a "cure-all," but a reliable remedy
for nervous diseases. You need
not hesitate to give it a trial.

Sold by all Druggists. If the first
bottle fails to benefit your money is
returned.

HAVE YOUR WATCH
CLEANED OCCASIONALLY

A WATCH will run without
oil or clean up longer than
any other piece of machin-
ery—but it needs both occasion-
ally.
If you will consider that the rim of
the balance wheel travels over fifteen
miles a day, you will not prodge your
watch a speck of oil and a cleaning
twice a year. It will increase the
life and accuracy of your watch.
Leave your watch with us to-day.

S. SPITZ,
THE JEWELER.
