The Daily Citizen will be delivered in

week, or for 75 cents per month, when
paid monthly. These rates are less than
those of any other daily paper in the ter-
ritory.New Mexico demands Statehood from
the Fifty-Seventh Congress.Don't forget the poor and needy in
the distribution of presents these holi-
days.The South African diamond trust
made \$11,000,000 profits off a frivolous
world in the past year.Guess we'll have to send Clay Mc-
Connell and his band of cowboy
ropers to Washington to lasso that
frisky statehood steer.Another trust has been formed, the
ax and tool manufacturers having com-
bined. The hammer artists now are
expected to get together again.The Cleveland Plain-Dealer emerges
from the Hanna-Johnson gabfest long
enough to define a trust as "a small
body of men surrounded by water."If the universities keep on at this
course-shortening program, pretty soon
they will be granting an A. B. degree
between trains and throw in a chrono-
m as an inducement.President Pro Tem Frye of the senate
might have been a little facetious
when he told Senator Quay that he
would "see that the omnibus statehood
bill remained as unfinished business."The Rio Grande Republican, pub-
lished at Las Cruces, has greatly im-
proved under the manipulations of Mr.
Downs. He has had the rollers washed
and the paper presents a clean appear-
ance.The Chinese court has resolved to
pay special devotions and make double
extra sacrifices to the river gods of the
Hoang Ho in return for having spared
the people from inundations this last
summer. Lucky we don't have to
bother that way about our Rio Grande.Stockholders of the Standard Oil
company yesterday received Christmas
presents in the shape of a \$10 dividend
on each share of their holdings. This
is \$2 a share in excess of the dividend
declared at this time last year, but on
the other hand the total amount of the
company's dividends for this year falls
slightly below the total for last year.

FIGHTING TOBACCO TRUST.

It is now war to the death between
the independent retail cigar and to-
bacco dealers of Detroit and the to-
bacco trust. The retailers have suc-
ceeded in forming a strong organiza-
tion, embracing all the prominent in-
dependent dealers in the city, and
after much deliberation it was decided
that the hardest blow that could be
dealt the trust was to refuse to handle
its goods. This decision became operative
yesterday and in accordance
with the mutual agreement no
trust goods of any description are
to be seen in the independent stores.
This is the most radical step yet taken
by any of the independent organiza-
tions formed to fight the trust and the
result will be watched with close in-
terest in Chicago, New York, Kansas
City, Philadelphia and other cities
where similar fights are in progress.

FOR CONSUMPTIVE PLAYERS.

For two years Robert E. Bell has
been industriously at work arousing
professional and public interest in the
project of erecting a sanatorium for
consumptive players at some point in
Arizona, New Mexico or Colorado here-
after to be selected by a commission ofphysicians, says the Denver Repub-
lican. There are few men to whom the
project more strongly appeals in a hu-
manitarian way than Mr. Bell himself.
He is a victim of the disease and nothing
but courage of the highest order
has kept him alive and given him a po-
sition of comparative independence.But his own experiences have
brought him into contact with other
afflicted members of the theatrical pro-
fession and rendered him keenly alive
to the difficulties under which they
struggle with limited cash, which
means poor accommodations, improper
food, eventual discouragement and un-
timely death.It is these experiences which gave
him the inspiration. Under his plan
the burden need not fall heavily upon
anyone. He proposes that each theatri-
cal company in the United States set
aside the proceeds of one benefit every
year to form the basis from which a
fund may grow that will eventually re-
sult in the construction of the proposed
sanatorium. In this direction he has
met with encouragement and sympathy
from every theatrical manager
with whom he has talked since he be-
gan to agitate the question. He has
received scores of promises of help
along the lines he suggests and offers
of sites have already come from Colo-
rado, New Mexico and Arizona.The actors' fund, through which
much good has been done, allows a
benefit of \$7 a week, which is totally
inadequate in the cases of consump-
tives who have no other means of sup-
port. The proposed sanatorium is a
practical extension of the benefits
along lines which have proven so suc-
cessful and done so much good for
other professions. The idea has now
assumed such tangible shape and so
much good work has been done by Mr.
Bell to further it, there is in it so much
to appeal to the common sense and
humanity of the profession, that we
hope soon to see it taken up system-
atically as a national project, and that
it will not be allowed to rest until it is
an accomplished fact.

STATEHOOD COMMENTS.

The El Paso News is saying some
mighty good words in favor of state-
hood these days, and are belaboring
the traducers of the two territories
(New Mexico and Arizona) in good
fashion. The following clippings are
from the News columns.There are a few nice people in Ariz-
ona, says the anti-statehood report
of Beveridge, but they are few and far
between. Their mines have got their
growth and will gradually decline.
There is little land that can be irri-
gated and there is no future but one
of failure. This is the substance of the
slander put upon Arizona. The terri-
tory gets a black eye that will dis-
credit with mine investors and cap-
italists generally, and with home-seek-
ers who can believe that snarlers see
aright. New Mexico is classed with
Arizona as to aridity and waste land,
but does not get credit for having
any nice people, because too many of
them speak Spanish. And all this
injustice because the capitalist class
in control of the government is afraid
a few new senators from the west
might reverse some conditions the sen-
ate permits to exist.Pennsylvanians are planning a rail-
way from a Rock Island connection in
New Mexico to Durango, Colo., ofBlindfold a
woman and she
loses all confi-
dence in herself.
Her step is slow,
hesitating and
uncertain. Her
hands are raised
to ward the im-
aginary blows
which threaten
her. When a
sick woman
seeks the means of health she is often
like a woman blindfold. She has no
confidence. She cannot tell what her
effort will lead to. She turns now to
this side and then to the other in uncer-
tainty and doubt.The sick woman who uses Dr. Pierce's
Favorite Prescription may do so with
absolute confidence. It invites open-
eyed investigation. There need be no
hesitation in following the hundreds of
thousands of women who have found a
perfect cure for womanly ills in the use
of this medicine."Favorite Prescription" cures irregu-
larity and dries weakening drains. It
heals inflammation and ulceration and
cures female weakness."With a heart full of gratitude to you for send-
ing out over the land your wonderful medicine I
send these few lines, hoping that some poor suf-
fering woman will try Dr. Pierce's medicine,"
writes Mrs. C. L. Bond, of Greenleaf, Minn.,
Washington Co., Maryland. "I had suf-
fered severely from female weakness and had to
be in bed a great deal of the time. Had head-
ache, backache, and pain in left side when lying
down. I commenced taking Dr. Pierce's Favor-
ite Prescription, and had not taken two bottles
when I was able to be around again and do my
work with but little pain. Can now eat any-
thing and it never hurts me any more. Have
taken seven bottles of Dr. Pierce's Favorite Pres-
cription, and one of his Compound Extract of
Santonin and several vials of his 'Pleasant
Pellets.' Feeling better every day. My hus-
band says I look better every day."
Dr. Pierce's Pleasant Pellets cure bil-
iousness and sick headache.which W. H. Andrews, of Hillsboro, is
a promoter. He is a friend of Sena-
tor Quay and a prospective candidate
for senator from New Mexico. There-
fore the anti-statehood clique in the
senate has invented a story that Quay
has a plan to secure statehood and
then get Arizona and New Mexico to
vote \$10,000,000 to \$15,000,000 bonds
for railways. The territory people are
getting railways rapidly without going
into debt for them. The experience
of reckless bonding and bonus has al-
ready been endured by counties and
municipalities and there is no danger
of any break of that character. Rail-
way builders in the territory no longer
ask for bonds or bonus, knowing
counties and towns would not grant
requests.

and, indeed, a powerful remedy for
stomach ailments. I recommend it to
my friends. J. H. O'Reilly & Co.—B.

From Beveridge's State.

A "Hoosier" made a kick a couple
days ago because the postoffice wasn't
open at 4 a. m. He hasn't paid his box
rent for six months, and when asked
what the number was, he said he didn't
know, that he always found it by rota-
tion. He got a wedding invitation and
wondered audibly if he could dye his
\$4 black hand-me-downs which he still
owes for.

Saved at Grave's Brink.

"I know I would long ago have been
in my grave," writes Mrs. S. H. New-
som, of Decatur, Ala., "if it had not
been for Electric Bitters. For three
years I suffered untold agony from the
forms of indigestion, waterbrash, stom-
ach and bowel dyspepsia. But this ex-
cellent medicine did me a world of
good. Since using it I can eat heart-
ily and have gained 35 pounds." For
indigestion, loss of appetite, stomach,
liver and kidney troubles Electric Bitters
are a positive, guaranteed cure.

Sentenced for Life.

James F. Dinwiddie, alias James F.
McDonald, charged with the murder of
George M. Wright, formerly of Santa
Fe, at Alamosa, Colo., on October 13
last, was found guilty of murder in the
first degree at Antonio, after the jury
had been out but an hour and ten min-
utes. His punishment was fixed at life
imprisonment. Dinwiddie declared
that if he was standing on a gallows
with a rope around his neck, he would
have to declare that he did not kill
Wright. The district attorney told
him his sentence was light as it could
be proven he had killed a man at Five
Points.

IT'S IMPOSSIBLE.

To Disprove Facts—it is Decidedly
Easy to Verify Albuquerque
Opinion.Nothing by way of an introduction
could be added to the experiences and
opinions given below, which could in-
crease their value. Albuquerque peo-
ple can safely be left to draw their own
conclusions based on such convincing
proof as this citizen offers. What is
there lacking in evidence like this to
satisfy a dyed-in-the-wool doubting
Thomas?Mrs. M. J. Butler, (M. J. Butler, night
watchman in the Santa Fe shops), re-
sidence, 717 East street, says: "When
I went to the Alvarado Pharmacy
for Doan's Kidney Pills I had an at-
tack of backache. It was only one of
many which had annoyed me for two
or three years. At first they were mild
and I expected they would leave just
as mysteriously as they came, but with
the passing of time the attacks were
more frequent and of longer duration.
I used three boxes of Doan's Kidney
Pills and was rewarded with an entire
cessation of the aching. Up to date,
and it is considerably over six months
since I stopped the treatment, there
has not been a sign of any recurrence."

"Brown's In Town."

An unending laugh is the way the management of "Brown's In Town" describes the newest farce comedy which will be the attraction at the Colombo hall tonight. It is replete with humorous complications and is said to brim over with witty thrusts and a choice selection of catchy musical numbers. The action of the farce all takes place during one summer's day in the country home of a man supposed to be Mr. Brown, but in reality is the young hero. The plot hinges on the desire of a young man who marries at the age of 23 against the wishes of his father, and takes his bride to a country place, to concoct a scheme whereby he can break the news to his irate dad. He wishes to be alone, but his friends and relatives happen in and in trying to keep his marriage a secret, causes quite a number of complications to arise. Three acts are used in tell the story, the first being morning, the second afternoon and the third, night.

A Million Voices.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for consumption and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1.00. Trial bottles free at all druggists.

IT IS NO JOKE NOW.

G. Volney Howard Figured in a Duel in Which Bread Bullets Were Used.

The faculty of Colorado university has taken up the question of the mock duel which was held Thursday night at Boulder and suspensions or expulsions may result. The principals were G. Volney Howard, a son of George Hill Howard, well known in this city and elsewhere in the territory, who is a freshman, and Eugene Dawson, a junior from Denver. The upper classmen arranged the duel and carried it out as a joke on the lower classman and substituted bread bullets, but Howard thought it was in deadly earnest. He went into it with that idea and when the pistol was handed to him he remarked: "If I win I hang; if I lose I will probably die anyway." Howard is now in Denver, where his parents are temporarily residing and where he will remain for some time. He comes from fighting stock, his grandfather having fought a duel with ex-Governor Foote, of Mississippi, in the early days.

The Pride of Heroes.

Many soldiers in the last war wrote o' say that for scratches, bruises, cuts, wounds, corns, sore feet and stiff joints, Bucklen's Arnica Salve is the best in the world. Same for burns, scalds, boils, ulcers, skin eruptions and piles. It cures or no pay. Only 25c at all druggists.

TO ORGANIZE RANGERS.

Bill Will be introduced to Clean Out Southwestern New Mexico. One of the bills that will be presented at the next session of the legislature will be to create and organize a force of rangers to work in the southwestern part of the territory. The plan of organization will be the same as adopted in Texas. Sheriff Baca, of Luna county, is heartily in favor of the law. Said he:

"It will save a great deal of money and will put a stop to much of the lawlessness now existing in that wild country. Six men and a captain could make a wonderful change down there. As it is now, if a sheriff sends deputies after men, it is money out of his pocket unless he gets the men. The distances are great and it is almost impossible to get men after they once get in the western part of Grant, Sierra and the other southwestern counties. It is a good idea and I am sure will be favored by the sheriffs serving in that country."

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. J. H. O'Reilly & Co.—B. H. Briggs & Co.

Brooks' Narrow Escape.

G. L. Brooks had a narrow escape from what might have resulted in a serious injury yesterday. Mr. Brooks was passing the new Barnett building at the corner of Railroad avenue and Second street, when a brick dropped from the second story, striking the rim of his hat over his right temple. The stiff rim of the hat prevented the brick from striking the temple. However, the force of the blow caused a swelling of the temple, but the injury was not serious. The hat was wrecked and Mr. Brooks is complimenting himself on his narrow escape.

CITY COUNCIL.

Big Lot of Business Transacted at Meeting Last Night.

THE MILK ORDINANCE PASSED.

The city council met last night with Aldermen Harrison, Rogers, Harsch, Deaven, Grunsfeld, McMillen, Hubbs, McKee and City Clerk Harry Lee present.

President Harrison, of the council, was in the chair in the absence of Mayor Myers.

Bills were read and approved. New bills were read and referred to the different committees.

The various city officers' reports were read.

City Attorney Stingle, who had been ordered at a previous meeting to look up the lease of the city building and learn whether or not the city is liable for repairs on said building, which repairs are badly needed, reported that a clause in the lease stated that three rooms were to be repaired by owners of building. The matter was referred to building, light and fuel committee.

City Physician Elder recommended that the city council take some action in regard to the sickness at the Indian school. He suggested that the quarantine on the school be raised and a strict quarantine be made on the Indian school hospital. A councilman stated that he was surprised at the condition that existed at the schools. He said that on a recent visit to the school he learned that the school physician and a number of the teachers had rooms in the hospital building. It was rather a strange manner of circumstances and some provision should be made preventing such circumstances to exist. A question then arose as to whether the city had any right to impose restriction on the school, as it was outside the city limits, but the two mile limit law that gave the city jurisdiction on North Fourth street was found to take in the Indian school.

City Street Commissioner Tierney was instructed to repair the approaches to the Coal avenue viaduct. Under the head of unfinished business came two ordinances: The building and repairing of the sidewalk on the north side of Gold avenue directly in front of the Casa de Oro being one. The ordinance passed.

An ordinance also passed ordering the building of a brick walk in front of lots 1 and 11, block 23, Huning Highland addition.

Fire Chief Hubbs was given permission to employ Fireman John Headen in the vacancy caused by the resignation of Fireman Scott, and present the name of the mayor.

Milk Ordinance, No. 208.

At the close of regular business President Harrison asked for other business, and Alderman Hubbs stated that he thought it was "milk time."

The milkmen were all there, some eight or ten of them, and through their attorney, Summers Burkhardt, presented an amendment to the new milk ordinance.

Attorney Burkhardt addressed the council, but with little effect. His amendment to the ordinance was read and discussed pro and con, but finally found its destination on the table.

President Harrison surrendered the chair to Alderman Hubbs and made a verbal amendment to the fourth section of the ordinance.

During the discussion that followed a written amendment was substituted for the verbal made by Mr. Harrison. The amendment passed with one dissenting vote, that of Alderman Harsch, was made to read as follows:

"Sec. 4. The owner or keeper of any cow or cows the milk or products of which is sold or offered for sale within said city shall pay an annual inspection fee of \$1 for each cow so owned or kept, payable at the office of the city clerk, semi-annually in advance on the first day of December and June of each year; provided, an inspection fee of 75 cents shall be paid for each cow for any period less than six months."

The amendment changes the fee of inspection from \$1.50 per cow per annum to \$1 per cow per annum.

It is not yet known what stand the milk men will take toward the ordinance as it is now, but it is rumored that they intend to test the validity of the special tax clause, as made by said ordinance.

KRIS KRINGLE.

The Grand Old Fellow is Slowly Approaching the City.

It is just nine days until Christmas and the holiday trading has begun in earnest. The merchants carrying large and choice stocks of holiday goods say that not in the history of the city has trade been so good so many days before Christmas as it is now.

"And the people are paying cash," said a leading merchant. "My cash sales for the past week surpass all expectation."

"The people and holiday traders especially are buying a better class of goods this year than usual," said another merchant.

"We are selling a large amount of costly blankets to the Christmas buyers," said a curio merchant. "Nice Navajo rugs make an excellent and pleasing present for eastern friends. We do well during the holidays."

In fact the people of Albuquerque have more money this winter than ever before, and are in excellent spirits, and the merchants are reaping the harvest thereof.

Today is payday and there will be something doing the next few days in trading. The railroad boys have had a good month and their checks are large ones. All the merchants will keep open stores tonight and every night from now on until New Years, so as to give those people occupied during the day a chance to do their holiday shopping.

Basket ball is becoming so popular in the city that the boys of the fire department, regulars and volunteers, are considering the organization of a team that will meet any team in the territory after a few weeks of practice.

LOCAL HAPPENINGS.

Mrs. C. M. Adamson and little daughter, of old town, will leave for Winslow Wednesday with Mrs. Adamson's brother, L. T. Matta.

J. Gundelfinger, manager of the Orendonk Live Stock company's ranch near Lamy, was in the city Monday consulting local merchants.

Kirster Bros., the second street cigar manufacturers, were around yesterday passing out some very pretty and appreciative 1903 calendars.

Baggage transfer men had some fun skating at the station house yesterday morning. Water flowed into the wagon court Sunday night and a smooth coat of ice spread itself over the bricks. One horse skated down and

bad to be dragged off the ice before he could gain his feet.

Sneak thieves got in their work one night last week in the barn of C. T. Phillips, North Third street, when they got away with a new set of harness.

The young men of the Lead Avenue Methodist church are preparing to give a Christmas entertainment Christmas night in the Grant hall, 309 West Railroad avenue. It will be a benefit.

George E. Lewis and wife departed on Sunday's flyer for San Francisco, Cal. Mr. Lewis is one of the native born citizens of this city who has achieved success in his undertakings in the east and the best wishes of The Citizen and his many friends here will always follow him.

The Columbia Knitting mills of New York, of which Ernest A. Grunsfeld, a brother of Sig Grunsfeld and formerly a resident of Albuquerque, is secretary and treasurer, sends The Citizen an invitation to their second annual masquerade and civil ball, to be held in New York on Christmas eve.

A smooth thief played a cute joke of Sheriff W. M. Robins, of Sierra county, who passed through the city Sunday night, homeward bound from a trip to Santa Fe. The thief stole the sheriff's grip out of the station house, took his six shooter, leaving some heavy shackles in it and put the grip under a bench just outside of the depot. No clue has been found as to who the smooth thief is.

Captain L. F. Hanlin, of the city fire department, pleasantly entertained a number of friends at his home on North First street Saturday night in honor of his 37th birthday. Music and games were the entertaining features.

NO GREASE OR DANGEROUS DRUG

In "Herpicide," the New Scientific and Successful Dandruff Treatment.

Have you dandruff? Then you have a contagious parasite disease, unpleasant, unhealthy and one that will eventually lead to baldness. To cure it you must destroy the parasite that eats at the root of the hair. The only preparation for destroying these germs is Newbro's Herpicide. Charles Klein, of Laramie, Wyo., says: "Herpicide allayed the itching, cured the dandruff and stopped my hair falling out; and it is bringing a new crop of hair." Herpicide is free from grease or dangerous drugs, and makes hair glossy and soft as silk. One bottle will convince you of its merits. Send 10 cents for a sample to The Herpicide Co., Dept. "F," Detroit, Mich.

R. B. Thomas, general manager of the Consolidated Mining and Smelting company of Cerrillos, spent yesterday in the city and returned to Cerrillos this morning.

SANTA FE.

From the New Mexican.

M. B. Otero, son of Mr. and Mrs. A. M. Bergere, will spend his Christmas holidays with Mrs. Mandelick in New York, who, it will be remembered visited the Bergere home last summer.

On the 13th of January, Thomas B. Catron and Alois B. Renahan, assignees of the Santa Fe Mercantile company, will begin a three days' session in the Sena block for the adjustment and allowance of claims against the trust fund of the company.

Governor and Mrs. Otero and son expect to spend the holidays in New York City and Washington. They will leave for the east upon the return of Secretary J. W. Reynolds, who is expected to return here with his family in about two weeks.

C. C. Everhart, formerly of this city, but recently of Trinidad, Colo., died in that city on Thursday. The cause of his death has not been learned by his relatives here. Miss Gannon, Sec'y Detroit Amateur Art Association, tells young women what to do to avoid pain and suffering caused by female troubles.

"DEAR MRS. PINKHAM:—I can conscientiously recommend Lydia E. Pinkham's Vegetable Compound to those of my sisters suffering with female weakness and the troubles which so often befall women. I suffered for months with general weakness, and felt so weary that I had hard work to keep up. I had shooting pains, and was utterly miserable. In my distress I was advised to use Lydia E. Pinkham's Vegetable Compound, and it was a red letter day to me when I took the first dose, for at that time my restoration began. In six weeks I was a changed woman, perfectly well in every respect. I felt so elated and happy that I want all women who suffer to get well as I did."—Miss GUILA GANNON, 359 Jones St., Detroit, Mich., Secretary Amateur Art Association.

It is clearly shown in this young lady's letter that Lydia E. Pinkham's Vegetable Compound will certainly cure the sufferings of women; and when one considers that Miss Gannon's letter is only one of the countless hundreds which we are continually publishing in the newspapers of this country, the great virtue of Mrs. Pinkham's medicine must be admitted by all; and for the absolute cure of all kinds of female ills no substitute can possibly take its place. Women should bear this important fact in mind when they go into a drug store, and be sure not to accept anything that is claimed to be "just as good" as Lydia E. Pinkham's Vegetable Compound, for no other medicine for female ills has made so many actual cures.

How Another Young Sufferer Was Cured.

"DEAR MRS. PINKHAM:—I must write and tell you what your Vegetable Compound has done for me. I suffered terribly every month at time of menstruation, and was not able to work. Your medicine has cured me of my trouble. I felt relieved after taking one bottle. I know of no medicine as good as yours for female troubles."—Miss EDITH CROSS, 169 Water Street, Haverhill, Mass.

Remember, Mrs. Pinkham's advice is free, and all sick women are foolish if they do not ask for it. No other person has such vast experience, and has helped so many women. Write to-day.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

BLOODY BATTLE ON A TRAIN.

Rock Island Smoking Car the Scene
of an Awful Tragedy.

There arrived in El Paso this morning on passenger train No. 1, of the Rock Island, a smoking car that was the scene of a terrible tragedy while coming down the road day before yesterday, near Kansas City, says the News.

The information received from passengers on the train, who were on at the time of the tragedy, is to the effect that there was a bloody battle between members of a construction gang that had boarded the train at a camp to go into a town.

It seems that several members of the gang attacked one man, who was armed with a razor. He made it warm for his assailants, pitching into them with the razor until three or four of them were bleeding like stuck hogs. He killed one, cutting his throat from ear to ear.

But they were too much for the one man, and when they did get him going, he didn't last long. They got him down and stamped and kicked him until life was extinct and his body unrecognizable.

To Get Rid of a Troublesome Corn.

First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general treatment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

New Freight Rates in Effect.

In pursuance of the agreement reached last month a general restoration of freight rates, except those in packing house products and cattle, was put into effect yesterday by the western lines. This action is probably the most important from a traffic standpoint taken by the western roads in years and will have a marked effect on next year's revenues, provided it develops that the traffic can be maintained. It is estimated that the restoration of rates to the basis of January 1, will add fully 25 per cent to the revenues received in commodities effected and fully 10 per cent to the aggregate gross revenues received by western roads.

Had a Good Time.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says: "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by all druggists.

Cut-Off for the Bisbee.

Engineer Manangault, a surveyor for the El Paso & Southwestern, left this morning for Forrest station on the road beyond Douglas, Arizona, from which place he will commence laying out a route for a cut-off of the El Paso & Southwestern to Naco, says the El Paso News.

Mr. Manangault had with him seven surveyors, one of whom was Cruger

Chase, an El Paso boy, son of Horace Chase, the real estate man.

The cut-off for which the gang will select a route will run in an almost straight westerly direction from Forrest to Naco. Forrest is a small station about eleven miles west of Douglas. From that station to Don Luis, from which place the Bisbee branch runs, the road runs to the northward and very much up grade. It then runs

in a southwesterly direction to Naco junction, from which place the Naco branch runs.

The new line from Forrest will do away with the extra distance caused by the curve to the northward of the main line and will also evade the heavy grade of the main line for freight business between Douglas and Naco and Cananea. Of course all business between Bisbee and Douglas

and points farther northward on the Gallup line will still be done over the original line, as will all passenger business.

The cut-off is to be built only for the advantages it will give to freight traffic between Douglas and Naco and points farther south.

The city press made a mistake in yesterday's issues by stating that Mrs. Alfred Grunsfeld had entertained her mother-in-law, Mrs. Albert Grunsfeld, Sunday night. There was no reception or entertainment, in any sense of the word. Mrs. Albert Grunsfeld, who for many years was one of Albuquerque's best known ladies, had just returned from an extended visit in Europe, and a few of her old friends called Sunday evening, at the home of her son, to pay their respects and greet her back to Albuquerque.
