FIGHTING GOING ON

Blue Jackets Landed at La Guayra.

SERIOUS TROUBLE ANTICIPATED

German Papers Sustain Government's Action, Except Socialist Organ.

FOREIGN SUBJECTS WERE RELEASED

London, Dec. 11.—The Central News says it is reported in the lobby of the house of commons that the allies have landed blue jackets at La Guayra for the purpose of effecting the capture of President Castro and that fighting is going on in the streets. The foreign office has no information to this effect.

NOTHING OFFICIAL IN LONDON.

It is known, however, that serious trouble has been and is still brewing in Venezuela.

London, Dec. 11.—The foreign office at 1 o'clock this afternoon was still without official news from Venezuela. The officials were glad to hear of the release of the British subjects, but were unable to express any opinions on the press dispatches, except to say that they presumed they were correct. In connection with the reported seizure of the Venezuela customs house the foreign office officials say that arrangements for that step have not been completed. Before any general seizure could occur Germany, Great Britain and other nations would have to come to an agreement for a pro rata division and adjustment of their respective claims, similar to that arrived at by the powers in China, except that the La Guayra custom house may possibly have been seized purely as a military measure. Though the seizure of the custom houses will take place eventually, it is pointed out that while hostilities are in progress the customs, as a fiscal institution, are practically valueless.

In the house of commons today Under Foreign Secretary Cranborne confirmed the reports of the capture of three Venezuelan vessels at La Guayra and the disablement of the fourth vessel without resistance, and also confirmed the capture of the Venezuelan gunboat Bolivar at Port of Spain, Trinidad.

Two of the prizes, he added, were sunk. The under secretary also said that the release of the British subjects at Caracas had also been demanded, but up to that time the government had not been advised that the demand had been complied with.

The government had no official information of the reported arrest of the British Consul at Caracas. The latest information received was that he had left Guayra yesterday evening. The British subjects arrested had not been harmed.

Pleased With Minister Bowen.

Berlin, Dec. 11.—The German foreign office officials are much pleased at Minister Bowen's energetic action at Caracas, resulting in the release of most of the Germans in prison there and by his efforts to obtain the liberation of the others. Full advices on the subject have been received from Washington.

The direct dispatches received from Venezuela by the foreign office here are that Venezuela's naval vessels have not yet been captured; that only her revenue cutters were captured but that the capture of the former is expected immediately.

Troops Arriving at La Guayra.

La Guayra, Dec. 11.—General Ferrer, minister of war, has arrived here with 5,000 troops. Eight hundred men under Castro's brother are expected here at 10 o'clock. Only the British cruiser Indefatigable is now here. All the other warships have left La Guayra. Minister Haggard and Herr Van Pilgrim Baltzell, it was learned today left here last night. The former was on board the Retribution and the latter on the Vineta, which sailed for Trinidad.

Socialist Paper Opposes.

Berlin, Dec. 11.—All the newspapers here, with the exception of the socialist Vorwaerts, are in sympathy with the government's action toward Venezuela. The morning papers contain many humorous references to what they term President Castro's magnificent manifesto cabled to the representatives of Venezuela in Paris and made public last night.

The Vorwaerts, which never loses

an opportunity to assail what it considers to be "political sham," says it thinks the formidable ultimatums of the two powers and the naval demonstration are governmental bluster, a fine piece of pretension and international nonsense, suggested, however, for the promotion of certain financial aims.

Prisoners Released.

Washington, Dec. 11.—Minister Bowen, of Caracas, in a cablegram to the state department today, confirms the press reports that all the German and British prisoners have been released.

Venezuela Vessels Captured.

Kingstown, Island of St. Vincent, Dec. 11.—Venezuela troop ship Zamora and coast guard vessel Veinte Tres de Mayo were captured in the Gulf of Paria and taken to Port of Spain, Trinidad, this morning by the British sloop of war Alert.

Want Claims Arbitrated.

Washington, Dec. 11.—A joint resolution was offered in the house today by Mr. Shafroth, of Colorado, authorizing the president to propose to Great Britain and Germany to submit their claims against Venezuela to arbitration and to guarantee payment of awards that may be found.

The Cain Honeymoon.

It has just come to light that at least one of the railroad men who were in the city this week combined pleasure with business. Mr. Frank Cain, of Topeka, Kan., was accompanied by his bride of only a few days, and spent the honeymoon in the city of sunshine under the guise of business. Mr. Cain was wedded last Thursday to Miss Portia Page, of Chanute, Kan. Formerly he was connected with the shops at Topeka, but is now division clerk for Master Mechanic Mitchell, of Chanute.

LOCAL PARAGRAPHS.

Deputy United States Marshal Geo. Kaseaman is in Deming on official business.

The W. C. T. U. will meet with Mrs. Shoup, 416 South First street, Friday afternoon at 3 o'clock. A full attendance is desired.

Thomas Hall, of the firm of Hall & Learnard, left yesterday for Chicago, where he will be attending to business for the firm for about two weeks.

Mrs. F. Bartolone, a prominent Italian lady, died at her home, 322 Carroll avenue, shortly after noon today. No funeral arrangements have as yet been made.

Robert Dunlap, general eastern solicitor for the Santa Fe with headquarters at Chicago, arrived from the west this morning. He is accompanied by his wife.

W. W. Sherman, a well known financier, of New York, accompanied by a large party of friends, left this morning for Pasadena, after spending yesterday in the city.

J. T. Spires, of South Second street is nursing a badly bruised hand, the result of an accident at the ice plant. The injury is such that it will keep him off duty for several weeks.

The store room in the W. T. Armijo building, soon to be occupied by R. Ruppe, the druggist, is undergoing some extensive changes and repairs. Mr. Ruppe expects to move some time next week.

An Icy Bath.

W. H. Holmes, the well known carpenter, had an experience that he will not soon forget and while it was not especially enjoyable to him, the incident furnished much amusement to the pay party with him. A number of young ladies and gentlemen were out hunting up the Pecos river. Mr. Holmes took his horse from the buggy and drove it with the harness on, down to the water to drink, but the horse seemed to think the water on the other side was better and made for it. Mr. Holmes was afraid to turn him loose twelve miles from town, so he held on to the reins and the horse pulled him across the river through the icy water to a sand bar. His lady companion sat in the buggy and saw her escort ducked. As it was cold and chilly and the incident happened early in the morning, Mr. Holmes' pleasure for the day was somewhat marred.—Roswell Register.

Being Remodeled.

The annex brick building of the First National bank building, owned by M. W. Flournoy and occupied by the office of the Mutual Life Insurance company, is undergoing a siege of repairs, even to such an extent that when finished, it will not be recognized as the same place. It will have a brown stone front. The lower story will have an arched doorway, with a large plate glass front. Brown stone veneering and fancy stucco will form the finishings and cornice work.

The Mutual Life office will continue to occupy the upstairs and H. E. Fox, the jeweler now at the corner of Gold avenue and Second street, will move into the lower store room.

NEWS OF CAPITAL

Quay Confident He Will Win On Statehood.

THE BILL TO COME UP MONDAY

Interesting Election Contest Case From Missouri in the House.

AN ELECTION WRANGLE IN COLORADO

Special to The Citizen.

Washington, D. C., Dec. 11.—The statehood bill came up again in the senate on next Monday and there will be lively times from that on until the final disposition of the bill. Senator Quay's minority report was a very strong argument for the admission of the territories, and he is confident that he will win the day. The majority report is a libel upon the people of New Mexico and Arizona.

IN THE SENATE.

Protest from Indian Territory—Several important bills introduced.

Washington, Dec. 11.—When the senate met today, Mr. Quay, of Pennsylvania, presented resolutions adopted by the five civilized tribes of Indian Territory, protesting against joint statehood with Oklahoma.

A bill was passed allowing consuls, generals, consuls and commercial agents who were not allowed to trade, actual expenses of office rent, not exceeding \$1,800 per annum; also a bill refunding certain tonnage taxes on the steamers to Santiago de Cuba, Santiago, Cienfuegos and Olinia at the port of New York.

Mr. Allison called up the bill to provide for the payment of expenses and compensation of anthracite coal strike commission.

Statehood Bill Come Up Monday.

Washington, Dec. 11.—The statehood bill went over until Monday and the senate agreed that when it adjourned today it will be until Monday.

IN THE HOUSE.

Election Contest Case from Missouri—Foot and Mouth Disease.

Washington, Dec. 11.—The house today set aside Sunday, January 25, for paying tribute to the memory of the late representative, Charles Russell, of Massachusetts.

Mr. Olmstead, of Pennsylvania, of the committee on elections, called up the bill which limits the time for taking testimony in the contested election case of Wagoner vs. Butler from the Twelfth Missouri district. The sitting member in this case was re-elected to fill a vacancy created by the action of the house in unseating him at the last session. At the November election this year he had something over 6,000 plurality on the face of the returns. His opponent charged "systematic and stupendous fraud" and the election committee reported the resolution to shorten the time for taking testimony in order that the house might pass upon the case before the expiration of the session, March 4 next. Mr. Richardson, the minority leader, raised the question of consideration against the report. The house voted 136 to 114 to consider the report.

Pending its consideration Mr. Wade, of New York, reported from the committee on agriculture a bill to appropriate \$1,000,000 to eradicate the foot and mouth disease among live stock in New England and gave notice he would call it up tomorrow.

Mr. Richardson then made the point of order that the report of the election committee was directly in the teeth of the federal statutes fixing the time for taking testimony and was not privileged.

The speaker ruled the house having voted to consider the report the point of order came too late.

Army's \$2,000,000 Order.

Washington, Dec. 11.—Uncle Sam is preparing to buy new clothes for his boys in blue. In order to provide the soldiers with new outfits from head to toe he is obliged to go down into his pocket to the extent of about \$2,500,000. Bids for furnishing this large amount of goods to the army will be opened today by the quartermasters in New York, Philadelphia, Boston and Chicago. Some of the items for which proposals are invited are 350,000 yards of olive gray covert cloth, 185,000 yards of drab serge, 1,200,000 dull bronze coat buttons, 30,000 pairs of

buckskin gloves, 20,500 pairs of calf-skin shoes, and 50,000 cotton flannel drawers.

Colorado Election Case.

Denver, Dec. 11.—There was another battle this morning over the state returning board counting the vote for representative in San Juan county. Cooper, republican nominee, secured mandamus in the district court directing the state board of canvassers to count the returns favorable to him. A motion to dismiss was denied and the board appealed to the court of appeals. The matter is very important as the change of a few votes in the legislature may affect the election of United States senator.

Off On a Year's Cruise.

New York, Dec. 11.—Equipped for a year's cruise the magnificent steam yacht Niagara left the New York club anchorage today with Mr. and Mrs. Gould and a party of friends aboard. The itinerary includes a trip to Bermuda, hence across to Madeira and Gibraltar and along the Northern coast of Africa touching at various ports until Alexandria is reached. The party will also go down the Nile and visit the Holy Land on the return trip.

Pacific Mail's New Ship.

New York, Dec. 11.—The magnificent new steamship Siberia of the Pacific Mail Steamship company sailed from New York today for San Francisco. The Siberia was recently completed at Newport News and is one of the largest ships ever built in this country. She is a sister ship to the Korea, which recently established a new record for a fast run across the Pacific. Capt. J. T. Smith expects the Siberia to make the trip to San Francisco by way of the Horn in thirty-six days. She will then go into service between San Francisco, Honolulu, Japan, China and the Philippines.

CATRON STRUCK.

Col. Thomas Smith Used His Umbrella on the Santa Fe Lawyer.

Special to The Citizen.
Washington, D. C., Dec. 11.—Last night in the office of the Willard hotel, Col. Thomas Smith, formerly United States attorney of New Mexico, without a word of warning, struck Hon. T. B. Catron, of Santa Fe, across the breast with his umbrella while Catron was sitting on the sofa. The two men clinched and friends separated them. Smith was taken out of the hotel.

Truly the statehood fight is hot and there will be something doing.

HUNTERS RETURN.

No One was Killed—They Report Having Had a Fine Time.

The six sport-loving hunters—Joe Barnett, Arthur Henry, Jake Levy, Jack Dixon, Snapper Hale and Officer Harry Cooper returned last night from a week's outing down the Rio Grande. Everyone of the gentlemen, not only report a successful and pleasant trip, but their general appearance gave evidence that the outing was beneficial to their general health.

They reached La Joya Sunday morning, when they learned of the dispatches inquiring about the sad death of Joe Barnett. Immediately a telegram was sent to this city, stating that all were well and everyone was happy.

Rabbits, ducks, quail and other game which abounds in the river valley were bagged in large numbers. The camping outfit consisted of two large wagons filled with everything for the convenience and comfort of the hunters. There were no accidents or mishaps connected with the trip that in any way marred the pleasure of the sportsmen. Many are the stories, befitting to a fisherman, told of the game that came into their camp.

MAD MULLAH

Report That He Has Been Assassinated.

SANTA FE STOCKHOLDERS MEET

University of Wooster, Ohio, Formally Dedicated Today.

UNION COLLEGE ALUMNI BANQUET

Aden, Arabia, Dec. 11.—A rumor has reached here of the assassination of the Mad Mullah in Somaliland. The report was brought to the coast by a native runner from Garreero via Berbera. The Mullah is said to have been killed by a spear thrust in the stomach, inflicted while he was praying.

SANTA FE STOCKHOLDERS.

The Annual Meeting Now on at Topeka, Kansas.

Topeka, Dec. 11.—A number of important subjects are to be considered at the annual meeting of the stockholders of the Atchison, Topeka & Santa Fe system in session here today. Four directors to hold office for four years will be elected, and independent auditors will be appointed. The stockholders are asked to also approve and confirm the purchase of the stocks and bonds of the different companies organized to construct extensions in Oklahoma, and action will be taken, in pursuance of the policy heretofore followed, further to consolidate and unify the system by vesting, as far as possible, the legal title of the various lines controlled in one company.

The 7,876 miles composing the Santa Fe system is now divided as follows: Atchison, Topeka & Santa Fe, 4,843 miles; Gulf, Colorado & Santa Fe, 1,177 miles; Santa Fe Pacific, 875 miles; Southern California, 478 miles; San Francisco and San Joaquin Valley road, 372 miles, and the Southern Kansas & Texas, 129 miles.

For both statistical and operating purposes it is believed the management of the company can be considerably simplified by vesting in the railway company, so far as possible, the legal title to the various lines.

At the last session of congress an act was passed authorizing the sale or lease by the Santa Fe Pacific Railroad company of its railroad and other property to the Atchison, Topeka & Santa Fe railway. It is proposed to execute a conveyance under this act, and the stockholders are to confirm it at today's meeting. No new obligations will be created, the Atchison, Topeka & Santa Fe now owning all the stocks and bonds of the Santa Fe Pacific.

The stockholders are also asked to approve and confirm the purchase of the stocks and bonds of the different companies organized to construct extensions in Oklahoma. Over 300 miles of railroads have been constructed or are in course of construction. Included among the extensions is a new line that is being built from a point between Albuquerque and El Paso to the Pecos Valley & Northwestern, which will shorten the transcontinental line and obviate difficult grades on the Glorieta and Raton passes.

Directors Re-elected.

Topeka, Kas., Dec. 11.—President Edward P. Ripley, of Chicago; Victor Morawetz, general counsel, and C. S. Gleed, of Topeka, were the only directors present at the annual meeting of Santa Fe stockholders this afternoon. Nothing of importance was transacted, save the ratification of the purchase of a number of branches of the year. Howell Jones, of Topeka; Byron L. Smith, of Chicago; Charles Steel, New York, and E. P. Ripley, of Chicago, whose terms as directors expired, were re-elected.

Noted Men at Banquet.

New York, Dec. 11.—Many men of note will gather about the festive board at the Hotel Manhattan tonight at the annual dinner of the Union College Alumni association. Andrew Carnegie has accepted an invitation to be present and the speakers will include President Raymond, of Union university; former Postmaster General Charles Emory Smith, former United States Senator Warner Miller, J. Sloan Fassett and the Rev. Sheldon Jackson, of Alaska.

Wooster's New Buildings.

Wooster, Ohio, Dec. 11.—The new buildings of the University of Wooster were formally dedicated today with interesting exercises attended by the students, faculty, alumni and many friends of the institution. The new

structures, which are commodious and well equipped for educational purposes replace the old buildings of the university which were destroyed by fire one year ago today. The good fortune of the university in being able to obtain a new and suitable home in such a short time is due to the magnificence of Andrew Carnegie, Louis Severance of Cleveland, and other friends of the institution who contributed liberally for its reconstruction.

New Officers.

The Non-Sectarian Benevolent society, at its annual meeting, elected the following named officers for the ensuing year:

President—Mrs. Gengina Edwards.
Vice President—Mrs. Alfred Grunsfeld.

Secretary—Mrs. Mamie Carns.
Treasurer—Mrs. Kearn.
Collector—Miss Blanche Reed.

Members or others can pay Miss Reed dues or money, and they will be duly accredited.

Etter Married.

W. K. Etter, chief clerk to General Superintendent J. E. Hurley, of the Santa Fe, passed through the city this morning, accompanied by his bride of a day, en route for a tour of the coast. Mrs. Etter was formerly Miss Lockie Ford, of Las Vegas. The wedding occurred at the bride's home last night.

Miss Ford is the daughter of Capt. L. C. Ford, of Las Vegas. He is one of the leading lawyers of New Mexico.

W. K. Etter went to Topeka at the time Mr. Hurley was made general superintendent of the Santa Fe. He was associated with Mr. Hurley in the same capacity when the latter was general superintendent at La Junta, Colo.

During Mr. Etter's absence, his place in Mr. Hurley's office is taken by W. Y. Black, formerly of Pueblo, Colo.

LOCAL PARAGRAPHS.

Walter Calley, of Boston, an orator of noted ability, will make an address at the Baptist church tonight. Mr. Calley is general secretary of the B. Y. P. U. of America, and making a tour through the southwest and west.

The Ladies' Aid society of the Lead Avenue Methodist Episcopal church are serving dinner and supper in the vacant room on West Railroad avenue. The chicken pie dinner was excellent and a large number of city folks enjoyed it.

Judge Borchert had a larceny case before him yesterday afternoon, that of C. E. Jones versus a native for the theft of some harness and a wagon. The latter was arrested by Constable Smith. The case, however, will be settled by Mr. Jones refusing to further prosecute.

J. S. Campbell, an old soldier and member of the Grand Army of the Republic, who lives in the southern part of the city, is reported very sick. Members of G. K. Warren post No. 5, of which Mr. Campbell is a member, are arranging to have him removed to the hospital, where he will receive better care.

J. Gould, of New York, was an amusing character, who appeared on the streets last evening. "A Big Eastern Gun, Arriving in a Palatial Private Car," was the beautiful song sang by the dreamy visitor, but finding the story was not of a nature to reach the inquisitive public of the Duke city he most fortunately woke up before the dream materialized.

A report is around among the railroad folks in the neighborhood of the shops that A. Bratina, the South Second street general merchant, has recently been married, and a crowd of the boys called on him last night to ascertain whether or not the report was true. Mr. Bratina was seen this morning and denied the report, saying that it was too good to be true.

Rev. Foulks Heard From.

Rev. W. E. Foulks, formerly pastor of the Highland Methodist church, later of the Methodist Episcopal church at Gallup, but now pastor at Alpine, Texas, in a letter to The Citizen, writes as follows:

"We are doing nicely here, all enjoying splendid health. Have had two snows since the first of December, which rejoices the stockmen. Country is in better condition than in years past. My father arrived from Kentucky on the 4th for a visit of a few weeks with us. We have not forgotten our New Mexican friends.

"With best wishes for the season and New Year, remain, yours truly,

W. E. FOULKES.

The many friends of Rev. Foulks in this city will be glad to learn of his success in the new field of labor.

Card of Thanks.

I wish to express my sincere appreciation and heartfelt thanks to the Brotherhood of Railroad Trainmen and the many kind friends for their help and sympathy in my great trouble—the death of my dear husband, Ralph Hill.

Dead Body of Colorado Saw Miller Found.

DISAPPEARANCE OF KANSAS LADY

Sensational Political Case Will Soon be Heard in Montana.

A NEW ROAD FOR NORTH DAKOTA

Dillon, Colo., Dec. 11.—The body of W. T. Smith, the Slate Creek saw mill owner, has been found under a snowslide on Ten-der Foot mountain, eight miles northeast of Dillon. Smith was quite wealthy and one of the most prominent men of this section of Colorado.

HUNTING FOR MRS. BARBER.

Wife of a Kansas Professor Has Suddenly Disappeared.

Lawrence, Kan., Dec. 11.—The entire body of 1,200 students of the state university, under the direction of the faculty, began an organized search today for Mrs. Marshall A. Barber, wife of Professor Barber, who disappeared from her home in this city yesterday. Mrs. Barber, who had been a sufferer from insomnia, left her home yesterday morning. No alarm was felt at her absence till last night, when several students and members of the faculty began a systematic search. No clue was found and today the entire membership of the university is pursuing the hunt.

MONTANA POLITICIANS.

They Are Released from Custody—Clark's Son in the Case.

Butte, Mont., Dec. 11.—C. E. Alsop, the Butte politician, and George Casey, who was chairman of the county democratic committee, who were arrested two days after the election on a charge of bribery and who were bound over to the district court, have been released upon bonds of \$1,000 each.

Charles W. Clark, second son of the senator, is now in California ill at his home near Los Angeles, but has announced his intention of appearing for trial when the case is called. The date of hearing of Alsop and Casey has not been set. The case is one of the most sensational in the history of Montana.

North Dakota Extension.

St. Paul, Dec. 11.—Gen. W. D. Washburn's road, the Bismarck, Washburn & Great Falls probably will be extended farther north in the spring. This will mean a greater development of the rich agriculture district in North Dakota, as well as the opening up of new lignite coal mines in that section of the state that promise to be as productive as the mines now operating in the vicinity of Wilton, N. D., where it is claimed, that in one quarter section of land alone there are 3,000,000 tons of lignite in sight.

Just how far north the line will be extended has not been determined, but it will extend far enough to open up a territory which is conceded to be as good for agricultural purposes as any in North Dakota, and with the combination of coal and agriculture the future for any road extending into that section, it is claimed, is assured.

Another Dairyman's Views.

Editors Daily Citizen.
Albuquerque, N. M., December 11.—The Journal-Democrat of the 10th inst., in an editorial entitled "Very Bad Logic," attempts to ridicule Mr. Albers' views of the milk ordinance as given in the same paper of a previous issue. Mr. Albers did not give as a reason that small dairies should pay more per cow because the larger ones were at greater expense. He merely stated a fact as it exists, and plainly said that the dairymen object to paying for the work done by the one cow man. The cause of the steel trust and the Albuquerque foundry is not at all in point. The facts simply are that a certain amount of work, incurring a certain fixed expense, is done, not for each cow in the land, but for each dairy, regardless of whether there is one cow or twenty in such dairy, and the present ordinance requires the man who sells the milk from one cow to pay \$1.50 per year for having inspections made which will cost the city just the same amount per year as the inspections made for the twenty cow man, and for which he pays \$30 per annum. Perhaps this is justice! Or does the Journal-Democrat expect the ordinance to be a dead letter as far as one cow dairies are concerned.

RESISTING TEMPTATION.

A Long Island City minister resign-
ed his pastorate because his parishion-
ers invited him to drink wine. He was
induced to this step because he saw no other
way to avoid temptation to which,
according to his own confession, he
had often yielded.

Avoiding temptation is well, but
there are times when it cannot be
avoided. Then to resist it is a better
evidence of strength and contributes
much more to the upbuilding of char-

acter. The pastor himself was funda-
mentally weak and his explanation
gives fresh point to the old French
proverb that he who excuses excuses.

Thomas B. Reed is dead, but the
Reed rules remain. They have been
proved to be absolutely necessary in
the house of representatives, and the
democrats, under Speaker Crisp, who
opposed the rules when advocated by
Reed, appropriated them when they
got in power. This code will always
be a reminder of the courage and san-
nity of the great speaker.

A Million Voices.

Could hardly express the thanks of
Homer Hall, of West Point, Ia. Lis-
ten why: A severe cold had settled
on his lungs, causing a most obstinate
cough. Several physicians said he had
consumption, but could not help him.
When all thought he was doomed he
began to use Dr. King's New Discovery
for consumption and writes: "It com-
pletely cured me and saved my life. I
now weigh 227 lbs." It's positively
guaranteed for coughs, colds and lung
troubles. Price 50c and \$1.00. Trial
bottles free at all druggists.

Sick from Horse Meat.

Mrs. Mary L. Ellridge, field matron
for the Navajos, is visiting Farmington.
The lady says she is now located
on the San Juan river about forty-three
miles west of Farmington. She also
reports considerable sickness among
the Indians, due to over-eating horse
meat, the result of last year's corn and
vegetable crop failure.—Farmington
Hustler.

The Pride of Heroes.

Many soldiers in the last war wrote
o say that for scratches, bruises, cuts,
wounds, corns, sore feet and stiff
joints, Bucklen's Arnica Salve is the
best in the world. Same for burns,
scalds, boils, ulcers, skin eruptions
and piles. It cures or no pay. Only
25c at all druggists.

Cattle Shipment.

The G. O. S. Mountain Range and
Chico Cattle companies, together with
Otto Heuschling, Mrs. O. C. Carpenter,
McGregor Brothers and other cattle
owners of the Mimbres country are
shipping about 2,500 head of stock this
week at Deming, having sold to Miller
& Lux, the California buyers. Ship-
ments could not be made from Silver
City, owing to the inability to secure
cars. The sale is one of the most ad-
vantageous which has been made in
recent years. It is understood that the
N. A. N. company will likely include
about 1,000 head in the same shipment.

Coughs, Colds, and Constipation.

Few people realize when taking
cough medicine other than Foley's
Honey and Tar, that they contain
opiates which are constipating besides
being unsafe, particularly for children.
Foley's Honey and Tar contains no
opiates, is safe and sure and will not
constipate. Alvarado Pharmacy.

GARRETT'S NEW ORDER.

The Collector of Customs at El Paso
Issues Orders to Inspectors.

Collector of Customs P. F. Garrett
has issued the following order to the
inspectors, which go into effect at
once:

To Inspectors of Customs: Having
observed the too liberal construction

ENGAGED.

Marriage is very largely an accident.
In few cases do men or women set up a
standard of manly or womanly excellence
and choose by it. In most cases people
become engaged as the result of propin-
quity rather than because of any deep
rooted preference. And so it often
happens that the wife enters upon the
obligations of maternity just as thought-
lessly as she entered on the marriage relation,
because no one has warned her of the dangers she
faces. Thousands of women become
invalids for lack of knowledge of
themselves. It is to this large body
of women that Dr. Pierce's Favorite
Prescription comes as a priceless boon, because it
cures womanly ills.

"Favorite Prescription" establishes
regularity, dries weakening drains, heals
inflammation and ulceration and cures
female weakness. It makes weak women
strong, sick women well.

"After my first child was born," writes Mrs.
Jordan Smith, of Farmington, Frederick Co., Va.,
"my health was very poor for a long time, and
last winter I was so bad with pain down in back
I could hardly move without great suffering.
My husband got me a bottle of Dr. Pierce's Fa-
vorite Prescription and a vial of his 'Pleasant
Pellets,' which I used as directed. In four days
I was greatly relieved, and now, after using the
medicine three months, I seem to be entirely
well. I can't see why it is that there are so
many suffering women when there is such an
easy way to be cured. I know your medicines
are the best in the world."

Dr. Pierce's Pleasant Pellets the fa-
vorite family laxative. One 'Pellet' a
laxative, two 'Pellets' a cathartic dose.

of my order of recent date allowing
small privileges to passengers crossing
the International bridge from Mexico,
and the abuses that have resulted
therefrom, also the advantages taken
by the merchants of Juarez and the
purchasers themselves, I find it nec-
essary to modify the same; and you are
hereby directed to allow no one to
cross to the United States with for-
eign purchased articles free of duty,
that are not strictly in the nature of
souvenirs valued at not more than \$1,
of which you must endeavor to inform
yourselves and be the judges.

The articles that can generally be
classed as souvenirs of Mexico, are as
follows:

Bull fight handkerchiefs and fans,
cut coin jewelry, carved canes, carved
leather goods, filigree silver jewelry,
feather cards, fiber articles, opals, pot-
tery, straw Mexican hats, souvenir
spoons, top hair and straw hats.

You are directed to discontinue the
practice of asking passengers crossing
the bridge, "Have you anything duti-
able?" Inquire of them, "Have you any
purchased or acquired article from
Mexico?" which you are expected to
know, whether dutiable or not.

All previous orders of this character
issued from this office, are hereby an-
nulled, and I shall expect from each
inspector a strict and courteous com-
pliance with the foregoing. Respect-
fully,

PATRICK F. GARRETT,
Collector of Customs.

SAMPLE LETTERS.

Received by Bureau of Immigration from ignoramus of "Educated" States.

The Bureau of Immigration, the United States land offices of the territory and the printing offices, during the year, receive many letters from the "educated" states that, if perused by Senator Beveridge, would undoubtedly cause him to say that the states from which the writers hail are, like New Mexico and Arizona, (in his mind) unfit for statehood.

From Michigan.

"Dear Sir: Is those Lands in New Mexico all desert Lands. Or are there some wood Lands and Prairie Lands also in that territory of New Mexico. Or do those Lands belong to the U. S. A. Government or to the territory of New Mexico? Or do those Lands in New Mexico have to be irrigated? Or is their water or Springs or Rivers or creeks running through those Lands? I Suppose all those Lands that is surveyed is subject to entry by U. S. A. citizens. Do you have to apply to Washington D. C. to commissioner of Public Lands, or are you the party dose all the business in regard to full entry of Public lands I Suppose you do have to locate immediately on those lands after Preemption of those Lands. I Suppose its a pretty wild part where those lands is Situated. What part of the territory of New Mexico is those lands Situated Or is it mountainous or a hilly country or are they agricultural or mineral Lands or a Part of both is that a healthy country out their I Suppose the most Part of New Mexico is a dry and warm climate Please answer this letter and give me all the Reliable information you can and oblige yours. very Respectfully,"

From New York.

Sir: Please send me a descriptive catalogue of the farm lands of your state.

From Arkansas.

Is the weather cold does it snow or is it damp and foggy does grass stay green all winter what crops raised most successful schools of what duration and free or private what kind of timber is water plentiful what kind is there many negroes is Mexico rough or is it moral in other words can ladies go about Santa Fe without an escort or men without pistol in safety please answer.

Serious Charge.

Marshal Curwright received a wire yesterday from the chief of police at Trinidad asking him to arrest a young man by the name of Harry R. O'Neal who is wanted there on the charge of forgery. He is accused of passing three bogus checks on unsuspecting people in this city, one for \$10 and two for \$20 each. The marshal soon got his eye on the young man and landed him where there is no market for bogus checks. He will probably be returned to Trinidad at once.
This afternoon O'Neal refused to return to that place with requisition papers, so he is still held in jail here until the Colorado officers can secure the necessary papers.

The cause of this young man's downfall is the usual one of "woman in the case," and to satisfy her demands for money he resorted to the forgery method.—Las Vegas Record.

THE INSURANCE FRAUDS.

Companies Banded Together to Inform Each Other of Suspicious Applicants for Policies.

"It is a surprise that Richardson, if he has done all they claim, should not have known that he would in the end be found out. We sometimes hear of bright, sharp persons being caught in the commission of crimes similar to those of which Richardson is accused. But they were not acquainted with the insurance business."

This remark was made to an El Paso Times reporter by a gentleman who held a position for six years in the general office of the Equitable Life Insurance company in New York. Finally his health failed and he was obliged to come south. He is now employed in soliciting policies for the New York Insurance company in this city. Owing to the startling developments in the Richardson and Mason case, the reporter sought information as to how the companies proceed to investigate their cases.

"I do not care to have my name used," answered the insurance man in answer to inquiries, "as it might hurt me in my position with the New York company. But I can say that the companies have an intricate and comprehensive system of investigation which is almost sure to result in the detection of any fraud. In the first place through their general boards, they have a perfect system of co-operation and keep each other constantly advised concerning the suspicious characters or new scheme for defrauding. It is easier to cheat an insurance company out of a half a dozen small insurance policies than one large one. The reason of this is that in an application for a policy over a certain amount more reports are required from different channels, and the examination is more thorough. This amount in the Equitable is fixed at \$10,000. In important cases, besides the recommendations of the applicant, the reports of the local agent and general supervising officers and statement of examining physicians, there are what are known as moral investigators, whose work is done in secret and whose identity is not known to the others. Their duty is to carefully examine into a man's financial standing and moral habits. The object is to definitely ascertain not only as to an applicant's ability to keep up the payment of the heavy premiums, but also whether he had any motive in taking out the policy besides making a suitable provision for those depending upon him for support. The object of this is to guard against any collusion between the assured and the beneficiary by which the former might disappear and the latter collect the policy on the reported death of a man still in the land of the living. Again, the family and social relations of the insured are examined into so as to see if there is any danger of his being put out of the way by those who would be benefited by his death. In short, the system of examination in cases where large policies are taken out is so elaborate and thorough that it is almost impossible to deceive a life insurance company, but still it is done. While I was working in New York I knew of several cases of fraud that were unearthed. There was one case in particular on which the detectives worked for two years."

Winter Stock to be Sacrificed!

We take stock January 2nd, and we consider it much better business to sink the knife into profits now and dispose of a large quantity of Dry Goods than to wait until next year, when the demand for goods of this character will not be so great. This is something entirely unlooked for at this time, as merchants generally figure on doing business in December on a good, round profit. We are not anxious to cut prices like this, but there's no help for it—circumstances demand it.

STATEHOOD BILL FIGHT.

Opponents of the Bill Fear it Will Pass if Allowed to Come to a Vote.

SENATOR QUAY'S MOTIVE.

The Washington correspondent of the New York Mail and Express, under date of December 6, says:

The fight over the omnibus statehood bill in the senate has developed into an assault upon the motives of its advocates, and particularly upon the motives of Mr. Quay. It is intimated that Mr. Quay has friends who may profit, either financially or politically or both, by the simultaneous admission to statehood of Oklahoma, New Mexico and Arizona, and by implication his colleague from Pennsylvania, Mr. Penrose, is included in the charge.

Senator Quay makes no concealment that he wrote a letter to Arizona, and one to New Mexico as well, saying it would be better if the territories should go democratic in the recent election than that they should elect republican delegates to congress. His notion was that if the territories went democratic, it would tend to hold the support for the omnibus statehood bill of democratic senators, without whose assistance there would be no chance for it to pass.

Mr. Quay's Reasoning.
Quay regarded it as more important to promote the success of this bill than to elect two delegates, who have the right to speak in the house and no right to vote.

Republican supporters of the omnibus bill regard Oklahoma and New Mexico as reliably republican and count upon four republican senators and four republican members of the house from those territories, so soon as they have been authorized to erect state governments. The tendency in Arizona is so strongly republican that Senator Quay feels confident that the two senators and the member of the house chosen, in the event of the territory's admission to statehood, would also be republican.

Therefore, in advocating the election of democratic delegates from Arizona and New Mexico, he says he felt he was promoting the interests of the republican party by advancing the cause of statehood, and so strengthening the party in congress.

Charges by Opponents.
That is the Quay side of the case. But it is evident that the opponents of the omnibus statehood bill propose to make great capital out of the Quay letters and to emphasize the fact that friends of the senator are interested in Arizona. Senator Quay has not denied that he has friends who have interests there, but the fact that they would be benefited should the territory become a state—and that all interests would be similarly affected—does not seem to him to be at all essential in view of the far greater reasons which appear to him to justify and require the passage of the omnibus bill.

Senator Quay is confident that the bill will pass if a vote can be secured, and its opponents are worried because they believe his claim that a majority of the senate favor the bill is based upon a careful canvass.

But the fight in favor of the bill reported by Senator Beveridge, chairman of the committee on territories, to admit Oklahoma and Indian Territory alone, as the one state of Oklahoma, will be a determined one. Mr. Quay has arrayed himself against some of the best republican thought in the senate in this contest.

A heavily laden freighters wagon played havoc with the telephone line and the road up the hot springs canyon recently. In coming down the steep hill above the last ice house the wagon in some way managed to wait over the edge of the precipice, and when it finally stopped it lay some 200 feet below the road, wrapped comfortably in telephone wires.

A Mexican driving along Douglas avenue this afternoon with a heavily load wagon became entangled with a light trap driven in the opposite direction by Dr. H. M. The bureau of immigration shipped 5,000 copies of the pamphlets on the counties of New Mexico through which the Atchison, Topeka & Santa Fe railway passes, to W. J. Black, general passenger agent of that road, who made a request to that effect. He expressed himself in very commendatory terms upon the pamphlets and will distribute them where they are bound to do great good for the territory. The pamphlets sent are those on Colfax, Mora, San Miguel, Santa Fe, Bernalillo, McKinley, Valencia, Socorro, Dona Ana, Luna and Grant counties.

Cooper, member of the board of regents of the College of Agriculture and Mechanic Arts, for issuing an order by the court upon the solicitor general to show cause why he, the solicitor general, had not allowed the name of the territory to be used in such writ. This application was argued some months ago by T. B. Catron and E. A. Fiske for the relator and taken under advisement by the court, which denied the same, holding that the court had no jurisdiction.

Application for Requisition.

Governor Otero has received from District Attorney W. H. H. Llewellyn a request that he issue a requisition on Governor Ahumada, of Chihuahua, for the return of W. S. Childers, who is said to be in Juarez. He was recently tried and acquitted at Silver City of a murder charge, but a few days ago at

ADVERTISE IN THE DAILY CITIZEN

THE QUAY LETTER.

He Admits Writing—Says He is Sure of Statehood.

A special dispatch from Washington to Cincinnati Enquirer says:

Senator Quay's attention was called to an article in a New York paper declaring that a republican member of the senate committee on territories has in his possession a letter written by Senator Quay advocating a democratic victory in the territories in order that it might better influence democrats in congress to vote for their admission.

When asked whether there was any truth in this story Senator Quay said that it was partly correct.

"A member of the local statehood committee in Arizona wrote to me last summer asking my opinion regarding the chances for statehood," said Senator Quay.

"I wrote back that, in my judgment, it would be better for Arizona to go democratic this fall, as the fate of the statehood bill must depend upon democratic votes and Oklahoma and New Mexico were evidently safely republican. Some of the republicans in Arizona tried to get me to recall this letter, but as it expressed my candid judgment I would not do so. Arizona did go democratic this fall, and the result has naturally strengthened the statehood bills in the senate."

Senator Quay added that he felt confident that the house bill now on the calendar would pass, although the opposition might attempt to talk it to death.

"If they succeed in doing so, there will be plenty of unfinished business on the calendar when congress adjourns next March," added the senator grimly.

In the senate today Mr. Beveridge read resolutions adopted by Oklahoma's non-partisan convention, favoring the admission of Oklahoma and Indian Territory as one state. The senate was in session only an hour, most of which was spent in executive session.

ALBUQUERQUE BAPTISTS.

Met Last Night and Elected Set of New Officers.

The annual meeting of the members of the Albuquerque Baptist church was held in the church last night. Officers were elected and other important business transacted. The meeting took under advisement the building of a parsonage, and recommended that a parsonage be bought, as it would be better in many ways than building, if a suitable one could be found convenient to the church. It was also decided at last night's meeting to call a meeting of the members of the church on New Year's eve, to watch the going out of the old year and the coming in of the new. It will be a pleasant social affair.

The officers elected are as follows:

Deacons—N. W. Alger, to succeed himself, term three years; W. H. Worth to succeed J. S. Horton, term two years.

Deaconesses—Mrs. W. H. Worth, to succeed herself, term three years;

Mrs. A. M. Codrington, to succeed Miss Newell, term two years.

Trustee—W. K. Preston, to succeed J. A. Carter, term three years.

Treasurer—E. A. Field, term one year.

Clerk—Miss Selma Persson, term one year.

Members at Large on Finance Committee—Mrs. Pearl Wolvin, Mrs. Ida M. Edie, term one year.

GLASS OF WATER

Upset Her.

People that don't know about food should never be allowed to feed persons with weak stomachs.

A little over a year ago a young woman who lives in Mercer, Me., had an attack of scarlet fever, and when convalescent was permitted to eat anything she wanted. Indiscriminate feeding soon put her back in bed with severe stomach trouble and inflammation of the kidneys.

"There I stayed," she says, "three months, with my stomach in such condition that I could take only a few teaspoonful of milk or beef juice at a time. Finally Grape-Nuts was brought to my attention and I asked my doctor if I might eat it. He said, 'yes,' and I commenced at once.

"The food did me good from the start and I was soon out of bed and entirely recovered from the stomach trouble. I have gained ten pounds since my recovery and am able to do all household duties, some days sitting down only long enough to eat my meals. I can eat anything that one ought to eat, but I still continue to eat Grape-Nuts at breakfast and supper and like it better every day.

"Considering that a year ago I could stand only a short time and that a glass of water seemed 'so heavy,' I am fully satisfied that Grape-Nuts has been everything to me and my return to good health is due solely to it.

"I have told several friends having nervous or stomach trouble what Grape-Nuts did for me and in every case they speak highly of the food."

Name given by Postum Co., Battle Creek, Mich.

For commissioners for Chilili grant (poll book precinct No. 34) Benigno Torres, Daniel Torres, Ramon Moya, Mairos Gurule and Romolo Gutierrez.

E. A. MIERA, Chairman Board of County Commissioners.

Attest: J. A. SUMMERS, Clerk.

Mrs. Laura L. Barnes, Washington, D. C., Ladies Auxiliary to Burnside Post, No. 4, G. A. R., recommends Lydia E. Pinkham's Vegetable Compound.

"In diseases that come to women only, as a rule, the doctor is called in, sometimes several doctors, but still matters go from bad to worse; but I have never known of a case of female weakness which was not helped when Lydia E. Pinkham's Vegetable Compound was used faithfully. For young women who are subject to headaches, backache, irregular or painful periods, and nervous attacks due to the severe strain on the system by some organic trouble, and for women of advanced years in the most trying time of life, it serves to correct every trouble and restore a healthy action of all organs of the body.

"Lydia E. Pinkham's Vegetable Compound is a household reliance in my home, and I would not be without it. In all my experience with this medicine, which covers years, I have found nothing to equal it and always recommend it."—Mrs. LAURA L. BARNES, 607 Second St., N. E., Washington, D. C.—\$2.00 per bottle. (If original of above letter proving genuineness cannot be produced.)

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women.

**Pretty
Children**

"We have three children. Before the birth of the last one my wife used four bottles of MOTHER'S FRIEND. If you had the pictures of our children, you could see at a glance that the last one is healthiest, prettiest and finest-looking of them all. My wife thinks Mother's Friend is the greatest and grandest remedy in the world for expectant mothers."—Written by a Kentucky Attorney-at-Law.

MOTHER'S FRIEND prevents nine-tenths of the suffering incident to childbirth. The coming mother's disposition and temper remain untroubled throughout the ordeal, because this relaxing, penetrating liniment relieves the usual distress. A good-natured mother is pretty sure to have a good-natured child. The patient is kept in a strong, healthy condition, which the child also inherits. Mother's Friend takes a wife through the crisis quickly and almost painlessly. It assists in her rapid recovery, and wards off the dangers that so often follow delivery.

A Good Cough Medicine.
(From the Gazette, Toowoomba, Australia.)

I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Wockner. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by all druggists.

What's in a Name?
Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. J. H. O'Reilly & Co.—B. H. Briggs & Co.

Superintendent J. F. McNally, of the Rio Grande division, accompanied by his family, passed through the city last night en route to Brookville, Mo., where he is called by the serious illness of his mother.

A Cold Wave.

The forecast of sudden changes in the weather serves notice that a hoarse voice and a heavy cough may invade the sanctity of health in your home. Cautious people have a bottle of One Minute Cough Cure always at hand. E. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures coughs, colds, LaGrippe, bronchitis, pneumonia and all throat and lung troubles. One Minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs. J. H. O'Reilly & Co.—B. H. Briggs & Co.

Two Opinions.

Looks like the railroad is a go. The surveyors have ordered some lumber of the Farmington lumber yard, presumably to make a whistling post for Aztec.—Farmington Hustler.

When the railroad runs to Durango, switches off from here and runs a branch over to the La Plata coal fields and another branch down the valley. Aztec will be quite a railroad center.—Aztec Index.

BOYS ALL QUIT.

Refused to Release Company From Liability in Case of Injury.

Because of the order recently passed in the G. H. shops at El Paso, requiring apprentice boys under the age of 18 years to present a written release from liability in case of injury to their persons, all of the boys have quit. Their parents or guardians, as the case might be, refused to sign the release in compliance with the order, and there was, of course, nothing left for the apprentices to do but give up their positions. The new order is in accordance with regulations existing in a great many of the states in reference to the liability of railroad companies in the case of minors employed by them.

THE ESQUIMO

The Esquimo eats blubber. The lumbermen eat pork. These people are constantly exposed to cold and physical strain. Experience has taught them that fatty foods give warmth and nourishment.

For those who have cold and thin bodies, or are threatened with consumption or any wasting disease, there is no fat so digestible and palatable as form as Scott's Emulsion. Physicians prescribe it.

Saved at Grave's Risk.

"I know I would long ago have been in my grave," writes Mrs. S. H. Newsum, of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the forms of indigestion, waterbrash, stomach and bowel dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For indigestion, loss of appetite, stomach, liver and kidney troubles Electric Bitters are a positive, guaranteed cure. O'Reilly & Co.—B. H. Briggs & Co."

At a meeting of the freight officials of western railroads in Chicago the other day the Santa Fe's representative proposed to advance the rate of live stock from Kansas City to Chicago from 12 to 18 cents per 100 pounds. It looks as if the Santa Fe wanted to return to its old 23-cent rate which was cut to 12 cents last August when the Great Western made its famous contract with the meat packers at Kansas City.

A Thousand Dollars' Worth of Good.
A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years passing gravel or stones with excruciating pain. I got no relief from medicines until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and feel like a new man. It has done me a \$1000 worth of good." Alvarado Pharmacy.

Rock Island Wells Going Dry.

For some cause or other the new well in the Rock Island yards in El Paso is failing to furnish the necessary amount of water for use at this point. Whether this shortage will be permanent or not it cannot be said, but the company hopes that it will not. The pumping plant at Hereford is also closed down at present undergoing some needed repairs. In order to secure the necessary water for this end of the line, the company has again started up the pumps at Fort Bliss.

Report From the Reform School.

PLENTY OF ANNOYANCES.

Railroading is Not a Bed of Roses These Days.

There has been big doings in passenger and freight traffic of the Santa Fe the past week. The regular trains, both fast and slow, have arrived here all the way from one to twelve hours late, and some as much as fifteen hours late. Never before was traffic business in such a wrangle, and the traffic managers here to witness it. Although the country has been swept with bad weather which would cause some delay, most of the tardiness is caused by bad roadbeds, wrecks, and broken rails.

The California flyer, which arrived here yesterday afternoon, some fifteen hours late, had some severe experiences. It left Chicago about on time. Several small wrecks and the running into a broken rail tells the tale.

The big wreck occurred in Missouri. The train being late, was traveling at a very high rate of speed, and hit a broken rail. The engine left the track, taking with it three or four cars, killing and injuring several persons.

One incident which occurred in connection with this train was very strange. The dining and buffet car crew that was first called in Chicago to make the run refused to go, and for no apparent reason. Another crew was called and several of them were injured in the wreck which occurred. No passengers were injured in the accident.

Passenger trains No. 1 and No. 7, due here last night, arrived about 7:30 this morning. No. 1 having encountered a freight wreck this side of Dodge City, Kan., and being delayed by a derailed freight car near Glorieta. The Chicago Limited, No. 4, was several hours late this morning by being held west of a derailed freight car near Isleta.

No. 2, due here this morning, did not arrive until afternoon. No. 27, the El Paso train, was held until 7:30 this morning, as it was yesterday, which is about eight hours late.

TO BE DEPENDENT ON.

Because it is the Experience of an Albuquerque Citizen and Can Readily Be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is a natural consequence; it's like a ship in a strange port—a trusty pilot familiar with the harbor is always called upon to bring her safely to her moorings. So it is with endorsement; we doubt the sayings of people living at distant points because we can't investigate, but public expression of local citizens can be depended on for 'tis an easy matter to prove it. Evidence like the following is beyond dispute:

J. W. Gertig, bookkeeper, residence 408 West Canal avenue, says: "When I lived in Mansfield, Ohio, several years ago I had an attack of lumbago. Doan's Kidney Pills were highly recommended by residents of Mansfield in the papers of that city and I went to the drug store kept by a friend of mine, named W. Barton, for a box and commenced the treatment. A continuation of it for some time stopped the attack and for several years there was no recurrence. Some six months ago I noticed pain in my back and knowing what Doan's Kidney Pills had performed when they first came to my notice, I went to the Alvarado drug store for a box. The treatment was just as effective as it was when I first used it in Ohio. This to me positively proves that Doan's Kidney Pills can be depended upon."

For sale by all dealers; price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

GALLUP.

From the Republican.
Miss Gretchen Harris returned this week from a pleasant visit to California.

One of Parker's freighters at Manueto threw a small rock at a balky horse and killed him.

C. W. McKittick came in from Supai, Ariz. He is suffering with a severe attack of rheumatism.

Will Emery passed through here on his way from Fort Worth, Texas, to Mohave, Cal., to visit his parents.

Mrs. John C. Patterson, of Marshall, Mich., arrived here to spend a few months with her son, Rev. G. L. Patterson.

Miss Minnie Wilson has written to friends here that her father died at his home in Canada two days after her arrival.

W. W. Risdon, who has been absent from Gallup for the past six weeks or so on business in Colorado and Utah, returned home.

G. S. Saunders, the photographer, who has occupied the Morris building on Second street for the last six weeks, has gone to Prescott, Ariz. He is a good workman.

From a well informed former resident of Gallup we learn that the Gallup public schools rank higher than the California schools except those in the city of San Francisco.

TWO LATE APPOINTMENTS.

W. H. Hamilton, Master Mechanic—L. Wellman, Foreman of Engines. William H. Hamilton who for six months has been acting master mechanic of the Santa Fe eastern division, has been given that position permanently. After the resignation of Milton Player in April the appointment of a man to handle the duties of the place temporarily hung fire, but Mr. Hamilton had been road foreman of engines on the division and as was at once assigned to the duties of master mechanic, the headquarters which had previously been in Topeka being removed to Argentine. Since then he has served as both road foreman of engines and master mechanic. Before coming to the Santa Fe he ran an engine through Topeka on the Union Pacific. He is considered a first class man on mechanics and is particularly popular where he is known.

Succeeding to the duties of road foreman of engines, which Mr. Hamilton has discharged, is Irving Wellman, whose appointment to that place is announced. Mr. Wellman, it is understood, however, will have jurisdiction over the line from Emporia, Kan., to Marceline, Mo. He is among the oldest engineers on that division, and for several years has pulled the fast trains out of Topeka. He is known as one of the fastest runners on the division, and has made some wonderful records for speed. Mr. Wellman is a member of the engineer's grievance committee of the Atchison, Topeka & Santa Fe and is widely and favorably known among the engineers.

SCOURING YOUR SCALP.

Will Remove Loose Dandruff Scales But It Won't Cure Dandruff. If your hair is brittle and thinning, you have dandruff. The mere scouring of the scalp of the loose scales, won't cure dandruff; because dandruff is nothing but scales of scalp being thrown up by a pestiferous little germ in burrowing its way to the root of the hair, where it saps the vitality causing falling hair and, in time, baldness. Now you can't stop dandruff, nor falling hair, nor prevent baldness unless you destroy that germ; and the only preparation that can do it is the new scientific discovery, Newbro's Herpicide. In fact no other hair preparation claims to kill the dandruff germ—all of them will clean the scalp; soap and water will do that, but only Newbro's Herpicide gets at the root of the trouble and kills the dandruff germ. Send 10 cents in stamps for sample to Herpicide Co., Dept. "F," Detroit, Mich.

Nearly ten years ago he finished his education in St. Patrick's academy, Chicago, and gave up all this world's goods and aspirations to devote his life to the education of youth in the Order of Christian Brothers. He was a young man of talent, a linguist, a good musician and modest and unassuming.

POLICE COURT.

After several days of painful inactivity (financially) the benches in the office of Police Judge Crawford were filled with a few troubles, which were soon disposed of. But, sad to relate, there was little doing in the way of fines. Every guest so far this month have lacked the necessary endowment, and the judge has been compelled to repeat those heartrending words, "ten days." In consequence of so many days being given out the city streets have been very much improved in condition and appearance. The receipts for last month in the police circles amounted to \$625, but the financing for this period is deplorable.

Vagrants and victims of hard luck, who have infested the Duke City for the past two weeks, were shipped out and put to work on the Santa Fe road bed at Kennedy.

The court this morning displayed a feeling of tenderness, with the three

dilapidated drunks on the mourners' bench, and five days each was their reward for doing evil.

There are Some Men

WHO YEAR AFTER YEAR SPEND MONEY NEEDLESSLY ON EXPENSIVE MADE-TO-MEASURE SUITS. THEY THINK IT IS HUMILIATING TO WEAR READY-TO-WEAR CLOTHES, OR THAT THE MATERIAL, THE TAILORING AND THE FIT IS NOT OF THE BEST. READY-MADE CLOTHING HAS HAD ITS SHORT COMINGS. BUT THIS IS AN AGE OF PROGRESSIVENESS. NO LONGER IS IT NECESSARY TO GIVE \$25 to \$60 FOR MADE-TO-ORDER GOODS. WE OFFER YOU NOW

Faultless Ready-to-Wear Clothing

AND BE YOU LONG OR SHORT, FAT OR THIN, WE CAN FIT YOU PERFECTLY. THE MATERIALS ARE OF THE SAME HIGH QUALITY, AND THE WORKMANSHIP IS OF HIGHEST POSSIBLE GRADE, SHOWING SPLENDID TAILORING SKILL.

Prices are from \$10 to \$30 cheaper

THAN MADE-TO-ORDER GARMENTS.

JUST COME AROUND—WE SHOULD LIKE TO SHOW YOU SOME OF THE FEATURES OF THESE FAULTLESS SUITS, SHOW YOU THE GRACEFULLY BROAD, ROUNDING SHOULDERS, THE CLOSE FITTING COLLAR, THE FULLNESS ACROSS THE CHEST, AND ALL THE OTHER LITTLE THINGS, WHICH DEMONSTRATE THE SUPREMACY OF READY-TO-WEAR CLOTHES.
