NOW WORK FOR STATEHOOD

Strong Resolutions Introduced and Passed at Mass Meeting Last Night.

PEOPLE'S FEELINGS EXPRESSED

Delegation Left Last Night for Washington, Where They Will Meet in Battle Array the Traducers.

SOME COMMENTS FROM THE OUTSIDE

The statehood sentiment was plainly manifested at a mass meeting last night in the city building.

The unfavorable and prejudiced reports of Senator Beveridge and several senators of the senatorial committee were condemned by the enthusiastic statehood workers.

Hon. E. S. Stover presided over the meeting.

There was nothing lacking in feeling of resentment against the senator for taking such a narrow-minded view of the conditions of the commonwealth of New Mexico.

It was expressed that every town in the territory would pass strong resolutions denouncing the prejudiced methods of Beveridge and his followers.

A committee was appointed to make resolutions that would express the prevailing sentiment of the people.

The following resolutions demonstrate the spirit that was in existence at the meeting:

Strong Resolutions.

"Whereas, By solemn treaty between the United States and the Republic of Mexico, commonly known as the treaty of Guadalupe Hidalgo, dated February 2, 1848, the United States of America sacredly agreed that Mexicans in said territory shall be incorporated into the union of the United States and be admitted at the proper time, . . . to the enjoyment of all the rights of citizens of the United States according to the principles of the constitution."

"And Whereas, As from that date until the present time not only the people who became citizens of the United States by said treaty, but thousands of citizens native born in the different states of the union, have united their fortunes and lives with the afore-said citizens of New Mexico and their descendants have been and still are denied the rights of citizens of the United States."

"And Whereas, The people of New Mexico have been and still are denied the rights of citizenship, and are governed without regard to the sacred rights of immunity from taxation without representation, and the sacred principle that all just government rests upon the consent of the governed and that no taxation can be imposed without representation."

"And Whereas, For more than fifty years the people of New Mexico have been deprived of their inalienable rights while they have royally responded to every call made upon them in peace and war by payment of taxes and services on the field of battle for the preservation of the union and against foreign foes."

"And Whereas, Congress after congress has denied to the people of this territory the said sacred rights of American citizens which can only be fully enjoyed by the admission of the territory to the union as a sovereign state."

"And Whereas, There is a bill for the admission of the territory of New Mexico into the union together with the territories of Arizona (carved out of the said ceded territory) and the territory of Oklahoma, has passed the house of representatives of the United States, and is now pending in the senate of the United States, the passage of which would do the people of New Mexico but tardy justice."

"And Whereas, A sub-committee of the senate committee on territories has recently visited our territory, coming for the preconceived purpose of finding evidence to furnish a basis for a hostile report against the passage of said bill."

"And Whereas, The said committee, after visiting our territory, spending not more than a week's time, and stopping at not more than a half dozen localities in the territory, has, according to the public press, made a report with the object of defeating said bill, which

report may not only accomplish that sinister purpose but which slanders and maligns us in the opinion of all civilized people.

"Be It Resolved, That we, the citizens of the city of Albuquerque, in mass meeting assembled, express our indignation at the unfair methods of the said sub-committee, and appeal to the sense of justice and fairness of the American people and the senate of the United States for a vindication of our rights as American citizens under the constitution of the United States, the declaration of independence and the solemn treaty of the United States with the Republic of Mexico."

"Be It Further Resolved, That in our opinion, not only are we dishonored and disgraced by the action of the majority of said committee but in view of the fact that both of the great political parties of the country have in national convention declared in favor of according to us our rights to admission as a state, that we regard the hostility of the majority of the senate committee on territories as an act of unprecedented perfidy in American history which does not tend to inspire confidence in the plighted faith of the American people with Cubans, Porto Ricans, Filipinos, or the civilized world."

"Be It Further Resolved, That we recognize the action of said senatorial committee in recommending the admission of the Indians of the Indian territory to full citizenship and denying the same rights to the people of New Mexico as an emphasis of our degradation at the hands of said committee."

"Be It Further Resolved, That we ask our fellow citizens in the several communities of the territory to unite with us by appropriate action in expressing our common indignation."

OFF FOR WASHINGTON.

A Delegation on Statehood Now En Route to National Capital.

If the omnibus statehood bill is defeated it will not be because the prominent citizens of New Mexico failed to help the good cause.

A number of strong believers of statehood left the city last night for the national capital and will see that New Mexico has fair treatment and will expose the slanders that have been a great injustice to the commonwealth.

Judge B. S. Baker, Sheriff T. S. Hubbell, Hon. F. A. Hubbell, Hon. Thomas Hughes, Attorney E. V. Chavez, Hon. J. M. Sandoval, United States Marshal C. M. Foraker, Hon. O. N. Marron, and Fred Fornoff composed the statehood delegation, who will see that we are fairly represented.

Judge N. B. Laughlin joined the party at Las Vegas. At Las Vegas the party was joined by Attorneys Charles A. Spiess and O. A. Larrazola, and at Raton by Hon. Jerry Leahy.

It is expected that many other prominent gentlemen throughout the territory will follow the party to Washington and all will do their duty as gentlemen and citizens to see that the stories of barbarism and uncivilization, which have been set afloat, are thrown to the winds.

The popular opinion is that the report of the senate committee on statehood will be defeated, but they will not lose an opportunity to see that no dirty work is placed against them.

Many of the delegates who left here last night have personal friends in the senate whose influence will be brought to bear upon this important issue.

Judge Baker, Messrs. Hughes and Foraker are accompanied by their wives. Mrs. Hughes will visit her son, Garfield Hughes, in Chicago, while the

other ladies will continue on with their husbands to Washington.

Other delegates, from various sections of the territory, will move on the national capital in January, provided no action has been taken on statehood in the meantime.

UP TOMORROW.

Beveridge Will Take the Floor Against New Mexico and Arizona.

A dispatch from Washington, under date of December 7, says:

In accordance with the unanimous agreement of last session the senate will take up the statehood bill Wednesday, and it is expected to remain the unfinished business for some time thereafter. The bill undoubtedly will provoke considerable debate and it is generally believed that it will continue to receive attention until the adjournment for the Christmas holidays at least. Senator Beveridge as chairman of the committee on territories, will call the bill up Wednesday and probably will make a speech in support of the report in favor of the substitute bill presented by the committee. Other members of the committee who agree with him will follow. All of them will give careful attention to testimony taken by the sub-committee which recently visited the territories.

The committee's written report has not yet been submitted to the senate and this, too, will probably be put in on Wednesday. The report will analyze the testimony, dealing with the questions of soil, mines, agricultural possibilities, educational facilities and general fitness of the population of the various territories for statehood. It is generally understood that a strong position will be taken in opposition to the claims of New Mexico and Arizona, considerable stress being laid on the fact that a large percentage of the people of those territories are non-English speaking and that an interpreter is necessary in the conduct of the business of many of the courts.

Attention also will be given to previous reports on the subject of statehood for those territories, many of which are severely criticised by the present committee on the ground that they fail entirely to represent the real conditions. The report giving the views of the committee will be accompanied by a transcript of the testimony taken by the committee, which will be printed for the information of the senate and the country.

OKLAHOMA'S OPPOSITION.

Single Statehood Bill Not Approved by Oklahoma Republicans.

The Oklahoma Capitol, published at Guthrie, Okla., contains the following statement of the position of the republican party of that territory in regard to the bill reported by the senate committee on territories in favor of admitting Oklahoma, and leaving Arizona and New Mexico out in the cold:

"The action of the majority of the senate committee on territories in reporting a substitute single statehood bill in the place of the house bill is in direct opposition to the sentiment of the republican party of Oklahoma as outlined in the End convention in endorsing the Flynn bill, and is contrary to the wishes of the people generally of Oklahoma as expressed on this same issue at the recent election whereby they declared their favor of that measure by a majority of 294 votes which was cast for Hon. B. S. McGuire."

A majority of 394 may be small as a measure of the sentiment of the whole people, but it leaves the republican party, as such, practically unanimous in opposition to proposed method of admitting Oklahoma, says the Denver Republican in its comments. Doubtless on a straight issue, free from the complications of a partisan contest, the majority against union with the Indian Territory would be much larger.

But what we have to consider in this connection is purely the attitude of the republican party, and it is clear that the republicans of Oklahoma stand with the republicans of practically all the remainder of the far west in favor of admitting all three territories as they are now constituted. This would leave the Indian tribes to wait until they have sufficiently advanced in civilization to participate intelligently in the government of a state.

The three territories should be admitted, primarily, because they are able to maintain state governments. The right to govern itself should never be denied a prospective American state after it has attained the requisite ability in population and taxable wealth. They should be admitted, also, because under state governments their material development

and growth in population would be greatly stimulated. Finally, they should be admitted because the interests of the whole western half of the union call for a proper increase in the voting strength and influence of the trans-Missouri region.

Cold Wave Moderating.

Chicago, Dec. 9.—The cold wave has moderated generally throughout the western and central sections, with an average rise in temperature at different points of about eight degrees since midnight. All indications for a continued moderation, except in the extreme northwest, where another cold wave is developing.

Ultimatum with Venezuela.

London, Dec. 9.—One of the latest representatives of the Associated Press the ultimatum of Great Britain and Germany had seventy-two hours limit and therefore will expire on Wednesday. The foreign office, while not denying the correctness of this statement, intimated tonight that the period is liable to extension. There are indications of a possible settlement though apparently nothing definite has yet been decided.

DYNAMITE EXPLOSION.

Four Men Killed and Ten Injured in Pennsylvania Coal Mine.

CARELESS HANDLING OF BOX.

Wilkesbarre, Pa., Dec. 9.—Four men were killed and ten injured, three probably fatally, by the explosion of a box of dynamite in No. 5 mine, of the Lehigh and Wilkesbarre company, at South Wilkesbarre. The names of the killed are:

Robert Humblebee, carpenter, aged 35, married.
Arthur Jones, company hand, aged 28, single.
Matthew Phillips, miner, aged 36, married.
James McGinn, laborer, aged 36, married.

The fatally injured are:
George Knorr, Geo. Stafford, Thos. Evans.

The men had lowered into the shaft, which is 110 feet deep, a box of dynamite, weighing fifty pounds. When the bottom of the shaft was reached Phillips took the box off the carriage. It slipped from his hands and fell to the ground. The concussion exploded the dynamite and the twenty men who were in the immediate vicinity getting their tolls in readiness to go to their respective chambers, were hurled in all directions. The wooden work at the bottom of the shaft was also torn and scattered about.

As soon as possible work was sent to the surface and a rescuing party sent down.

The mine has the reputation of being the most gaseous in the entire region and at first it was reported the gas had exploded and that a score of miners had been killed outright. Fortunately, however, the gas did not explode.

The accident caused the big colliery to suspend operations for the day.

ATLANTA, GA., FIRE.

Block of Buildings in Heart of City Destroyed.

NO LOSS OF LIFE.

Atlanta, Ga., Dec. 9.—A fire early today destroyed nearly a block of buildings in the heart of the city. The loss at present is estimated at \$500,000.

The fire broke out in the furniture store of the Snook & Austin company, on Whitehall street. A strong northwest wind sent showers of sparks in every direction.

There was no loss of life as far as known, although Captain Joyner experienced some apprehension for the safety of all the guests at the Williams hotel.

There was considerable excitement among the guests of the Kimball house, half a block away, the sparks and flames were blowing in that direction, but the iron windows were closed and the guests experienced little inconvenience beyond the smoke in the building.

It is rumored that there were several people sleeping in the Nacross building and have not been seen since the fire broke out, but this lacks confirmation.

Territorial Land Commissioner A. A. Keen was a passenger for Santa Fe this morning.

LABOR IN DEMAND

Never So Great as at the Present Time.

A COLD WAVE IN THE EAST

Coal Miner's Sad Story of His Treatment by Heartless Operators.

INDEPENDENT COAL OPERATOR DEAD

Chicago, Dec. 9.—Never in the history of the central west has the general demand for labor been greater, nor within the memory of the oldest business men has such a scarcity of wage-earners existed. The conditions are unprecedented. As a result industries are suffering, in that they cannot operate to capacities warranted by the conditions. Manufacturers are offering the greatest inducements to labor in the history of their operation. Hundreds of the largest and hardest pushed concerns in the central west have found that their only salvation lies in the importation of labor from the east, where, according to the westerners, the activity is not nearly so great. They have been able to obtain some relief from this source.

All lines of trade are being pushed as never before, and, instead of diminishing, the activity seems to grow more pronounced. Students of the commercial and industrial situation in the central west say present conditions are assured for a year to come.

The railroads having terminals here are greatly hampered. Within the last month 3,000 railroad laborers have been imported to this city from the western sections, but the number seems to have made but little impression. The railroads say they should have 20,000 more men, but despair of getting them. The employment agencies, especially those having contracts to provide labor to the railroads, have taken off their fees to applicants—of whom there are few—and notified the state labor bureau to send all the help they can muster to them. They have sent notices to other cities that they will pay for transportation to this city, but the conditions elsewhere stand in the way of a realization of their desires.

The scarcity of labor is not confined to the railroads or any line of business but is general in the broadest sense of the word. Many a housewife is doing her own work because of the dearth of domestics. In no other field is the shortage of help more pronounced. The general average of wages for domestic help has increased, but girls who formerly worked in homes are more content with labor in factories and stores. Boys are needed everywhere, but cannot be found. The scarcity of boys has come to be a problem for the business men to solve. Thousands of youngsters that were compelled to assist in the maintenance of their families in former years are now enjoying the benefits of the schools.

Another strong indication of the betterment of the laboring classes is shown in the statistics of the charitable organizations. Within the last few months the calls for assistance from needy families have been few and scattered, and have come chiefly from families rendered penniless by illness.

HEARTLESS MARKLES.

Pathetic Story of an Old Miner Who Was Cruelly Treated.

Scranton, Pa., Dec. 9.—Among the witnesses examined by the coal strike commission today was Henry Coll, another Markle miner. He gave another graphic description of how he was injured in the mines.

He said one of his legs was no better than a wooden one; he had only one eye; his hands had been crushed, ribs broken and skull fractured. The company gave him nothing until the employees took up a collection for him; then he was given \$50 after being on the injured list for two years. The company took out of the collection the cent he owed.

Then followed the most pathetic story yet told the commission.

The old miner, decrepit from many injuries, told how he was evicted. The wife was sick and her one hundred year old mother was blind and unable to work. The day on which they were thrown out of work was rainy. He took them as best he could to Hazleton, seven miles away, and placed them in a cold, damp empty house. This was last month when the atmosphere was quite cold. His wife became worse. Medical aid was kindly furnished free by a Hazleton doctor,

but it did not help her much.

"We were greatly worried because of our having been turned out of the house, and one night," he said, between sobs, "she died."

"She died," said Judge Gray, who was pacing to and fro across the room, as he quickly turned when he heard the man's last words.

"Yes, sir, she died and I buried her yesterday."

All the commissioners and many occupants of the court room were much affected by the old miner's story. The witness went on to say that he did not know whether the centenarian was alive today or not. She was in bad condition owing to her daughter's death when he left the house last night.

No one cared to cross examine and Judge Gray said:

"That is all, Mr. Coll, and that's enough."

TERRIFIC DECEMBER WEATHER

Many Points Below Zero is the Record Made in the East.

Boston, Dec. 9.—"The coldest night in December since 1884" was the statement of the weather bureau officials in this city today with reference to the temperature last night.

The thermometer at the weather station went to 8 below zero during the night and at 8 a. m. was 6 below. Reports from places in the vicinity of Boston indicated temperatures ranging between 20 below and 8 below during the early morning.

Away Below Zero.

Schenectady, N. Y., Dec. 9.—Bitterly cold weather prevails here today. The thermometer registered 22 below zero at 6 a. m. It is next to impossible to procure coal from local dealers and many cases of extreme suffering have been reported.

Connecticut Cold Bound.

New Haven, Conn., Dec. 9.—The mercury at 8 o'clock this morning was 5 below zero, the lowest since February 11, 1898. In Torrington and other places in the northwestern part of the state the mercury went to 14 below this morning.

NATIONAL LEGISLATION.

Minor Matters Before the House at Opening Today.

MILITARY BILL IN SENATE.

Washington, Dec. 9.—Some minor business was transacted at the opening of the session of the house today.

The senate bill to regulate the duties and fix the compensation of customs inspectors at the port of New York was passed.

Also a bill to provide additional districts in the Indian Territory where legal instruments can be filed.

Mr. Payne, New York, chairman of the committee on ways and means, reported back from that committee the resolution for the distribution of the president's message, and gave notice that he would call it up tomorrow. He also called up the resolution which provides for a holiday adjournment from December 20 to January 5 and it was adopted without division.

Mr. Sherman, of New York, reported the Indian appropriation bill.

Mr. Tawney, of Minnesota, then demanded the regular order of business, the London landing charge bill, of which he has charge. He gave notice that he would move to substitute the bill for the pending house bill, the two being practically identical. He then began his argument in support of the bill.

Tawney read a petition from the big packing houses favoring the bill and Mr. Mann said he had telegrams from all those houses withdrawing their support.

Dock Bill Killed.

Washington, Dec. 9.—The London dock charges bill was killed by having the enacting clause stricken out. The vote was 135 to 129.

The Senate.

Washington, Dec. 9.—The senate considered the bill to amend the militia laws of the United States.

After some discussion, the military bill went over until tomorrow.

DR. RICE DEAD.

He Was a Prominent Independent Coal Mine Operator.

Scranton, Pa., Dec. 9.—Dr. J. N. Rice, a prominent independent coal operator, who took a conspicuous part in the present arbitration proceedings, died today from heart trouble.

Dr. Rice was a member of the committee which went to New York ten days ago, which resulted in the calling off of the proposed settlement of negotiations.

ASSASSINS

Anarchists Arrested Before They Killed the King of Italy.

FAILED ATTEMPT TO ROB BANK

Services Over Remains of Thomas B. Reed at Portland Today.

TELEGRAPHIC STOCK AND WOOL MARKETS

Rome, Dec. 9.—Thirteen anarchists were arrested near Spezia last night after a desperate struggle. The police surprised them at a meeting while they were in the act of taking an oath with pignards to assassinate King Victor Emanuel. One of the anarchists and one of the police were severely wounded.

ROBBERS FAILED.

They Overpowered Bank Watchman, but Fled Without Securing Money.

Irwin, Pa., Dec. 9.—An unsuccessful attempt was made to rob the First National bank of this place early today. Their robbers first overpowered and bound the watchman and telephone operator, and cut the wires to prevent all possibility of detection. They blew open the safe but the noise awakened the citizens and the robbers becoming frightened, fled without securing the money. A large amount of cash is said to have been in the vaults.

THE REED FUNERAL.

Simple but Impressive Were the Services Over the Remains of Thomas B. Reed.

Portland, Me., Dec. 9.—Simple but impressive services, consisting of music, scripture reading, prayer and a brief eulogy were held over the remains of ex-Speaker Thomas B. Reed at the First Unitarian church. The church was thronged with a distinguished assemblage, which included the governors of Maine and Massachusetts, Loyal Legion, several grand army posts, members of bar, city officials and delegates from nearly every political organization in the state. The services in the church were held at 2 o'clock, but for some hours the body had been lying in state in the parish house, where it was viewed by throngs of people.

TELEGRAPHIC MARKETS.

Boston Wool Market.

Boston, Dec. 9.—A very strong and active tone is noted in the wool market with a decided improvement in prices. New Mexico demands Statehood from the Fifty-Seventh Congress.

The postoffice department has decided that a man and wife cannot draw two salaries. And when it comes to a choice between a husband and a job, which one is likely to be dropped?

The sultan gave a medal to an author recently, and at the same time stopped the sale of the man's book. The sultan's method of literary encouragement might be tried to great public advantage in this country.

Spend your money in Albuquerque and you may have a chance to get some of it back. Our merchants will sell you goods just as cheap as you can get them anywhere. Besides you know just what you are getting. The Citizen pounds away every day in the year for the laboring man and they should appreciate the fact by having all their job printing done at home offices.

The interstate commerce commission is going to ask the railroads why they raised rates. The answer of the roads, in effect, will doubtless be because they wanted to. It will be phrased in more diplomatic language than this, of course, but the meat of the matter will be there. The interstate commerce commission will find this a very conclusive answer, and there, in all probability, the inquiry will rest.

The Lordsburg Liberal hits the nail square on the head in this paragraph: "Senator Beveridge will never be very popular in New Mexico. His report to the senate that the people of New Mexico were not fitted for statehood was capped by the proposition to let in the Indian Territory and make the Indians all citizens of the state. The citizens of New Mexico can stand a certain amount of dirt, but they object to having it rubbed in this way."

A Washington dispatch says: The annual report of Governor Otero of New Mexico to the secretary of the interior says the territory is unusually prosperous, irrigation work has taken great strides, new mines are opening and new towns and cities are springing into life. The net bonded debt of the territory is \$1,034,054. The assessed valuation of property in New Mexico is now \$41,108,745, which the governor says is not one-third of its actual value for taxable purposes, a fair estimate, he says, not falling far short of \$150,000,000.

SUCCESSFUL MISSION.

Archbishop Chapelle, formerly of New Mexico, later of New Orleans and papal delegate to Porto Rico and Cuba, has gone to Genoa from Rome, Italy, where he will take passage on the steamer Leo XII, which sails for New York. Before his departure the archbishop said to the Associated Press: "My seven weeks' stay in Rome has been profitable for the settlement of the pending questions in accordance with the propositions I submitted to the vatican. By conferring directly with the high dignitaries of the church I succeeded in arriving at solutions which it would have required several months' correspondence to reach. I return to resume work, animated with the most sincere desire to contribute to the prosperity of Cuba and Porto Rico, and to the moral, intellectual and social advancement of the people to whose destiny I feel myself entirely devoted."

"In all questions depending on my influence as the representative of the head of the church, my influence will

be exerted not in partisan interests, but for the happiness of the people as a whole, their commercial welfare and their greatness as a race, together with the maintenance and strengthening of the most firm and friendly relations with the United States on a footing of equality, not of subjection, either political, economical or moral. I have the satisfaction of feeling that on one side I have the assistance of the holy see in this mission, while on the other hand I know that these ideas were shared by the late President McKinley, and are shared by his worthy successor, President Roosevelt."

ANGRY NEW MEXICANS.

As might have been expected, the wrath of the people of New Mexico and Arizona toward the senate's subcommittee which visited those territories, and which reported adversely to their admission to the union, is great, says the Pueblo Chieftain. If an election should be taken just now the republican candidates would stand a poor chance for success, as the newspapers are roasting the whole party on account of the action of Senator Beveridge's committee and the probability of the concurrence of the republican senate. Of course, there is no chance in sight for these two remaining to get into the union till republicans put them in, but at the present writing they are soured on the grand old party, and especially to Mr. Beveridge. Some of the frothy diatribes makes interesting reading.

TEXAS THE LOSER.

A report has just been filed in the state land office, at Austin, Texas, giving the result of the work done under the act of congress in 1901, requiring the secretary of the interior to establish the one-hundredth meridian which forms the eastern boundary of Texas from the Red river, in Childers county, north to and including Lipscomb county. It fixes the meridian so that Texas loses a strip of land three-quarters of a mile wide. The survey takes off that much of the eastern edge of Lipscomb, Heap Hill, Wheeler, Collingsworth and Childers counties, a total loss of 112½ sections or 72,000 acres. It was at first understood that the new line would give to Texas a strip of eight miles of Indian Territory, but the corner as lately marked is made permanent. People who own the property now on the west, but formerly on the east side of the line, will be without title as a deed from Texas will be worthless. This new location will stand unless the people of Texas can prevail upon congress to authorize a joint survey for the purpose of marking a new line.

This makes the third portion of the Texas boundary line in dispute.

SOCORRO CONTESTS.

The Respondents Filed their Answer to Notices of Contestants.

The respondents in the election contest cases in Socorro on last Saturday through their attorneys, Messrs. Fitch and Dougherty, filed their answers to the notices of the contestants. In these answers the respondents undertake to set up facts in substance as follows:

It is alleged, that the independent republican emblem was adopted and filed prior to the adoption and filing of the so-called republican emblem;

"I wrote to Doctor Pierce, who sent me a very kind letter and advised me."

Thousands of weak and sick women can trace the beginning of a new life of perfect health to that letter written to Dr. Pierce.

Sick and ailing women are invited to consult Dr. Pierce, by letter, free. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription cures weak and aching backs, headaches, nervousness and other womanly ailments by curing the womanly diseases which cause them. "In the spring of 1900 I became very ill," writes Mrs. Alvina Scholtz, of Lake Washington, Lesauet Co., Minn. "My back was very weak and ached so that I could do no work at all, so I was obliged to take to my bed. I felt a constant desire to urinate and the pains in abdomen were almost unbearable. I wrote to Dr. Pierce, who sent me a very kind letter, and advised me to take his 'Favorite Prescription' and 'Golden Medical Discovery.' I took six bottles of each and am a well woman now. I cannot say enough in favor of Dr. Pierce's medicines."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

that there was no attempt at deception in the adoption and filing of the independent republican emblem; that there is no record of the adoption of any emblem whatever by the republican county convention; that the independent republican emblem was published in one or more papers of the county and was freely discussed in the county; and that all the republican candidates knew of the adoption of the emblem and raised no objection to it until late on election day when certain purported letters of W. B. Childers, United States attorney, were filed to prevent the counting of independent republican votes.

With respect to San Antonio precinct it is set forth, that the regular judges of election appointed by the county commissioners held an election in the manner and at the place prescribed by law; that these judges were prevented from opening the polls at nine o'clock by an assembly of disorderly and riotous persons crowding about the polls and in the room occupied by the judges of election; that no objection was made by the people at the polls to the manner of the appointment of the judges; not any attempt made by the people to select other or different judges; that the riotous and disorderly persons aforesaid went to a part of the precinct 1,500 feet distant, held a purported election, and allowed large numbers of disqualified persons to vote; and that this purported election was held in a place not in sight of the regular election booth nor where any other election had ever been held.

With respect to the precinct of Cienega it is alleged, that 25 votes were cast by persons who had not registered; that all the votes of this precinct were cast in favor of the contestants; that an election board was appointed by the county commissioners but failed to act; and that one member of the board attempted to register voters on the first day of November but acted alone and administered the oath of office to himself as judge of election.

The respondents further set forth the fact that in the precinct of Kelly the judges of election were intimidated by a purported letter of W. B. Childers, United States attorney, and threw out eight votes cast for respondents, also the fact that one vote for respondents was thrown out in Socorro precinct No. twenty-four for like reason.

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Albuquerque Homes.

Hard to do housework with an aching back;

Hours of misery at leisure or at work.

If women only knew the cause:

Backache pains come from sick kidneys.

Doan's Kidney Pills will cure sick kidneys.

Albuquerque people endorse this: Mrs. J. H. Smith, of 115 Huning avenue, (J. H. Smith, deputy sheriff), says: "Every woman who has had backache for a month so severe that every movement she made hurt and she never knew the moment but the slightest strain on the muscles of the back brought a twinge which could only be described as excruciating, is more than pleased when she finds a means to at first check such attacks and then radically dispose of them. When suffering from backache I went to the Alvarado Pharmacy for Doan's Kidney Pills and took a course of the treatment. It stopped the annoyance. Since then I have had no necessity to use Doan's Kidney Pills nor any other medicine for aching across the small of the back."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute. *13

MANAGERS AND AGENTS

Of Passenger and Freight Departments of Santa Fe in Session.

RECEPTION AT CLUB THIS EVENING.

The traffic managers are expressing themselves as pleased with Albuquerque and its people.

Last evening, at the Alvarado, W. B. Biddle, of Chicago; Don A. Street, of Amarillo; Chas. H. Moorehouse, of Denver; F. B. Houghton, of San Francisco; and J. B. Denison, of Galveston, spent the evening in pleasant conversation with many of their old time friends of the city. Most of these gentlemen spent days of their clerkhood in Albuquerque and consequently they retained in their memories many interesting stories relating to those days.

The freight and traffic passenger managers went into a closed door session this morning. The program of business covers a wide scope of important questions, which are being fully considered that every division may be fully benefited by the various ideas and suggestions.

Everything is private, not that anything concerning the management of the road is to be withheld from the interested public, but the business transacted would not be of any interest to those not directly interested in the traffic business.

The importing and exporting of goods in the southwest has reached such enormous measures that it requires the closest consideration of the important traffic issues.

Final arrangements have been made by the reception committee for the grand reception to be given tonight in honor of the traffic managers at the Commercial club. It is expected that the society element of the club will be present and the evening rendered one of delightful pleasure and entertainment.

The closing session will be held tomorrow morning and all the important issues which are under consideration will be brought to a definite standing.

Falls a Deadly Attack.

"My wife was so ill that good physicians were unable to help her," writes M. M. Austin, of Winchester, Ind., "but was completely cured by Dr. King's New Life Pills." They work wonders in stomach and liver troubles. Cure constipation, sick headache. 25c at all druggists.

BALLUT ABYAD TEMPLE.

The Shriner's Met Last Night and Elected New Officers.

The Shriner's of Ballut Abyad Temple were in session last night, the most important business transacted was the election of officers for the coming term. Plans for a public installation were agreed upon, which promises to be a very elaborate affair. The officials elected are as follows:

Illustrious Potentate—Charles K. Newhall.
Chief Kabbalan—E. L. Medler.
Assistant Kabbalan—W. H. Hahn.
High Priest and Prophet—John Borradaile.
Oriental Guide—T. N. Wilkerson.
Treasurer—A. J. Maloy.
Recorder—L. H. Chamberlin.
Representative to Imperial Council—Arthur Everitt.
First Ceremonial Master—F. E. Sturges.
Second Ceremonial Master—W. W. Strong.
Marshal—H. O. Strong.
Director—A. Everitt.

Y. J. H. O'Leary & Co., and B. H. Briggs & Co.

Captain of the Guard—J. J. Sheridan.

Outer Guard—A. M. Whitcomb.

A spread of good things in the banquet hall brought the enthusiastic meeting to a close.

The date for the public installation will occur during the month of January. The families of the shriners and a few of their friends will be invited to attend this brilliant affair.

"FLYER" IN A WRECK.

Train Demolished and Several Killed—Cause Derailment.

No "flyer" passed through the city today, in fact the limited did not pass anywhere, as it was demolished at Rothville, Mo., shortly after noon yesterday.

The wreck was caused by the coaches being derailed on an open switch, which the engine passed safely when the train was running at a high rate of speed.

Engineer Sam Wise, of Argentine, Kan., and his fireman, Alex. Havelin, were killed. The only passenger injured was John McKean, of New York, who escaped with a few bruises. Three colored waiters were injured, one receiving a broken arm.

Congressman-elect Loud, of Michigan, and Rabbi Hirsch, of Chicago, were among the passengers.

After reaching Kansas City the most of the passengers resumed their journey west on Nos. 1 and 7.

Later.

A telegraphic report received here at 12 o'clock today gives the arrival of California Limited No. 3, due here at 1 o'clock this morning, as 4 o'clock tomorrow morning.

Passenger trains No. 1 and No. 7, due here this evening, will get in tomorrow morning about 7 o'clock. A stub train running as No. 7 left Kansas City yesterday and will get here this evening on time.

CAPITALIST COOK.

He Passed Through the City for a Visit to Mexico.

George D. Cook, a capitalist, and party, of New York, passed through the city this morning in a private car, homeward bound from a trip to Mexico City.

The party took breakfast here and had words of praise to say about the Alvarado curio rooms.

Mr. Cook is back of one of the largest investment securities companies in New York and is among the prominent of the Broad street brokers. His company's business last year with the republic of Mexico was about \$200,000,000.

Mr. Cook was seen by a Citizen reporter and talked pleasantly about the early days of New Mexico. He was at one time interested financially in the territory, having invested more or less in different railroad projects of the southwest. He said that he rode over the Santa Fe before the first passenger train was run, which was before the construction had been entirely completed. He said that he and his brother spent \$25,000 making a survey from here to Durango, which was the first survey ever made in that direction. He was not surprised to hear that the Durango route was being surveyed again, and said he was sure it would be a paying property.

Don't forget the sale of unclaimed express packages at 202 West Railroad avenue, beginning tomorrow, December 10, at 10 sharp. Great opportunity.

Prof. Edgar L. Hewett, president of the Las Vegas Normal, is an Albuquerque visitor.

Tom Lane, of Winslow, who is just returning from a visit in Missouri, is spending the day in the city.

Watch inspector for the Santa Fe, Dr. S. Vann, has returned from a short business trip down on the Rio Grande division.

A. Fleischer, the real estate agent, has moved into the small new store room of the Ferguson building on South Second street.

Capt. A. B. Fitch, general manager of the Graphic smelter and lessee of the Graphic mine, near Magdalena, is in the city. He expects to return to Magdalena tonight.

BIG LUMBER COMPANY.

The Directors Will Undoubtedly be Here on Coming Sunday.

MILLS FOR ALBUQUERQUE.

The directors of the American Lumber company have advised their attorney in New Mexico, Col. E. W. Dobson, that the executive committee of the company will be in Albuquerque the first of next week to make final arrangements for the opening of active operations in the forests of the Mitchell tract and to complete arrangements for the executing of the company's plan in this city.

Mr. Merriam, the organizer of the company, visited this city about a year ago and since that time the company have made rapid strides toward the point of active operations. The board is in condition to begin operations with a working capital of about \$4,000,000, since the financing of the company is now complete.

The committee expected to arrive here about Sunday are Messrs. Chas. A. Ward, D. W. C. Merriam, of Chicago; Edgar A. Allen, of Cleveland; W. H. Sawyer, of Hillsdale, Mich.; and Ira B. Bennett, of Detroit.

The American Lumber company, which is one of the largest corporations ever engaged in a southwestern enterprise, is attracting wide notice from lumber men and dealers, and the general opinion is that the enterprise will prove a great financial success.

All members of the choral society are urged to attend the rehearsal of the club this evening, December 9. A concert will be given Tuesday evening December 16, at 8 p. m. Promptness and regularity in attendance at rehearsals is imperative.

The members of the Colored Political club are requested to meet at T. O. Mason's barber shop on December 11 at 8 o'clock in the evening to transact important business. Sam Watson, chairman.

The Non-Sectarian society will meet tomorrow (Wednesday) afternoon at 2:30 o'clock in Mr. Clancy's office.

There will be a meeting of the Gentlemen's Driving association over Zeigler's Cafe tonight at 8 o'clock.

G. K. Warren post, No. 5, G. A. R., will meet tonight for the election of officers for the ensuing year. After the business of the meeting, a camp fire will be given by the ladies of the Woman's Relief Corps. These camp fires are always pleasant affairs, and the one held tonight will be no exception. Commander J. W. Edwards of the Grand Army of the Republic said this morning that both of the local societies of the Grand Army of the Republic and the Woman's Relief Corps had gained in membership the last year in large and pleasing proportions. G. K. Warren post gained about 125 per cent, and the Relief Corps gained about 380 per cent. The Woman's Relief Corps met for the election of officers this afternoon.

The directors of the concert to be given at the opening of St. Mary's new hall, which will occur December 18, say that the best musical talent of the city is secured to perform and are practicing daily. It promises to be a great success.

The Christian Endeavor society of the Presbyterian church will give an apple social Thursday night. It promises to be a very pleasant affair.

HERPICIDE NOT A FAKE.

Unsolicited Testimonials Tell of Its Superiority.

Mr. R. Kelly, residing at 2195 Divisadero St., San Francisco, Calif., writes the following:

"When I first purchased Herpicide, I thought, like the majority of hair preparations, it would prove a fake. I am happy to state that, on the contrary, it is all, and then more, than you claim for it. Quite a number of barbers throughout the section in which I travel have called attention to the new hair sprouting out on my scalp, and inquired of me what I have been using. I tell them 'Herpicide'; also give them your name and address." Send ten cents in stamps for sample to The Herpicide Co., Dept. "F" Detroit, Mich.

ADVERTISE IN THE DAILY CITIZEN

DOUBLE MURDER.

Two Women Reported Killed Near Moriarty Grading Camp.

CRIME IN SANTA FE COUNTY.

A report from Moriarty, received at Santa Fe, states that a double murder occurred on Friday night of last week in one of the grading camps of the Santa Fe Central railway near Moriarty, in southern Santa Fe county. The report has it that a woman, named Manuela Gonzales de Casados, of Santa Fe, and a woman whose first name is Adela, but whose last name could not be learned, were murdered by some men, one of them supposed to be a negro working in one of the grading camps. The men are not yet apprehended. Particulars are hard to obtain on account of the isolation of the camp. The Casados woman was on her way from Santa Fe to visit her daughter on a ranch near Cebolla and stopped off at the grading camp on her way. She has not been living with her husband for some time. He is out at present with some sheep in eastern Valencia county.

The telegraph operator at Moriarty, late yesterday afternoon, could give no details of the affair.

Sheriff Marcelino Garcia late yesterday afternoon had not heard of the murder and doubts the authenticity of the report.—New Mexican.

Story Not True.

Special to The Citizen.

Moriarty, N. M., Dec. 9.—Heard nothing of two women being murdered near here.

Yesterday evening Willie Garrehy, the 9 year old son of the foreman of camp No. 3 near here, while riding between two dump cars, fell between them and was run over and instantly killed.

Saved at Grave's Brink.

"I know I would long ago have been in my grave," writes Mrs. S. H. Newson, of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the forms of indigestion, waterbrash, stomach and bowel dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For indigestion, loss of appetite, stomach, liver and kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50 cents at all druggists.

PAINE'S

Celery Compound
Is an Infallible Cure for All
Forms of
RHEUMATISM

Although we are all born with the principles of dissolution in our frame which continue to operate from our birth to our death, we are under obligation to Haven and our loved ones to keep ourselves free from disease and suffering. While death must come to every human being, pain may be avoided, and our days made happy and long, if we keep the blood and physical structure in proper condition.

At this time, while we warn the thousands of rheumatic sufferers of the folly and danger of allowing rheumatism to run unchecked at this season of the year, we can comfort them with the happy assurance that Paine's Celery Compound permanently cures the terrible disease. This wonderful medicine has won the hearty indorsement of medical men, and its virtues are lauded by tens of thousands rescued from agony and death. Mr. Chas. W. Luckner, Mount Pleasant, S. C., who banished his rheumatism by use of Paine's Celery Compound, writes thus:—

"It is now going on two months since I have taken Paine's Celery Compound for rheumatism. No other medicine, I think, could ever have done me so much good. I have not ever had an attack of it since. Previous to taking the Compound, I tried everything, and had two of the best doctors in Charleston, but they only gave me some relief for a few days. Two bottles of Paine's Celery Compound completely cured me."

COUNTY COMMISSIONERS' PROCEEDINGS.

Special Session Continued.

Albuquerque, N. M., Sept. 11, 1902. This contract and agreement made and entered into this 11th day of September, A. D. 1902, by and between the Electric Light company of Albuquerque, a corporation duly organized under the laws of the territory of New Mexico, with its principal place of business in the city of Albuquerque, New Mexico, party of the first part, and the county of Bernalillo, a body corporate and politic, created under and by virtue of the laws of the territory of New Mexico, party of the second part.

Witnesseth: That the said party of the first part for and in consideration of the payment hereinafter mentioned, and the covenants and agreements hereinafter named, to be kept and performed by the party of the second part, to furnish and supply for the period of ten (10) years from the first day of October, A. D. 1902, all electric light used, required or needed for the purpose of lighting the Bernalillo county court house and all the rooms and offices therein, and also the county jail, both of said public buildings being now located in Old Albuquerque, county of Bernalillo, and territory of New Mexico, at and for the price of 15 cents per kilowatt hour.

And the said party of the second part hereby agrees and binds itself to pay to the said party of the first part its successors or assigns, the sum of 15 cents per kilowatt hour, for any and all lights which may be necessary, required or needed, or used for the purpose of lighting the said county court house and county jail and the rooms and offices therein, payment for all lights so used in said public buildings mentioned to be paid for by the said party of the second part by warrant or warrants drawn upon the general county fund, and which said payment for the electric lights so used as aforesaid shall be made quarterly, that is to say, payment shall be made for all lights used at the end of each quarter, during the term of this contract.

It is further understood and agreed that this contract shall be binding upon the successors and assigns of the party of the first part hereto.

In witness whereof, party of the first part has caused this contract to be executed by its proper officers and its corporate seal to be affixed, and the said party of the second part has likewise caused the same to be executed by the chairman of the board of county commissioners of the county of Bernalillo, attested by the recorder of said county of Bernalillo, and the corporate seal to be affixed by virtue of a resolution duly passed by the board of county commissioners of the county of Bernalillo at a meeting of said board held on the 11th day of September, A. D. 1902.

STORK TIME

to most women is a term of anxiety, serious thought and sweet anticipation. With the cessation of pain necessary to childbirth, there comes calm nerves, sleep and recuperation.

MOTHER'S FRIEND

does diminish the pain accompanying maternity. With its aid mothers can and do bring healthy, sweet dispositioned and ideal babies into the world. Morning sickness, sore breasts and excruciating pains caused by the gradually expanding organs, are relieved by this penetrating and relaxing liniment. Among the manifold aids to childbirth Mother's Friend has grown in popularity and gained a prestige among rich women as well as poor; it is found and welcomed in the mansion as well as in the cabin. By lessening the mother's agony of mind and diminishing pain a beautiful influence is wrought upon the child, and instead of peevish, ill-tempered and sickly forms you have healthy, laughing humanity, remaining a blessing ever to you and its country. All druggists sell Mother's Friend at 15c. Write for our free book "Motherhood." THE BRADFIELD REGULATOR CO., Atlanta, Ga.

Railroad Topics**RIO GRANDE BROAD GAUGE.**Road May Extend to Durango Through
Antelope Park and Bear
Creek Country.The broad gauge rails on the Den-
ver & Rio Grande railroad have been
laid to the city of Creede and the di-
vision superintendent has instructed
local train crews between Creede and
Alamosa to take all the narrow gauge
cars and engines to Alamosa and put
in their places broad gauge engines
and cars. Monday morning the new
system was substituted for the old be-
tween Creede and Alamosa.It is said to be an assured fact that
the railroad will be extended from
Creede through the Antelope park
country to Durango early in the spring.
The route selected is along the banks
of the Rio Grande, through the Bear
creek country, which has been consid-
ered one of the best gold districts in
Colorado.It will also traverse the sulphur bed
country, which has been in litigation
in the courts and contested before the
state land board for the last eighteen
months.**To Get Rid of a Troublesome Corn.**

County, Colo., Sold to Syndicate.It is reported at Walsenburg, Colo.,
on good authority, that H. J. Cross, of
Walsenburg, one of the largest indi-
vidual owners of coal lands in south-
ern Colorado, has sold to the Gould
syndicate coal lands in Huerfano coun-
ty aggregating more than 1,800 acres.
For several days attorneys and experts
for the syndicate have been at Walsen-
burg preparing detailed reports of their
investigation.There is no doubt entertained that
the final transfer has been made.Mr. Cross is one of the pioneers in
the coal business and has engineered
several large sales of coal lands. He
owns large mines at Walsenburg and
in New Mexico.This deal, in connection with the re-
cent sale of the Pueblo Pinon Fuel
company's tract of 2,500 acres, repre-
sents the transfer of more than \$250,-
000 worth of coal property that will
be developed soon.Within the last two or three days a
large party of surveyors has been placed
in the field between Walsenburg
and Pueblo and is supposed to be sur-
veying the line of the Denver & Rio
Grande, which is to be diverted from
eight to ten miles to the north. This
will place these lands within two or
three miles of the new main line.**A Cold Wave.**The forecast of sudden changes in

a mild type.

A number of Indians have been here

during the past few days from San Il-
defonso, purchasing medicine to mix
with their remedies for "misyery in the
throat" among the babies and small

is diphtheria and it is understood there
are many cases among the Indians in
that vicinity.A. J. Fischer, chairman of the health
committee of the city council, has de-
clared an official quarantine against
San Ildefonso on account of the preva-
lence of diphtheria there. All citizens
of Santa Fe are warned against going
there; and those coming from there
will be required to leave town at once
or be locked up and fumigated.Dr. Haelterman, of Santa Cruz, has
been designated by Superintendent

OYSTERS

Fresh by express every morning: Blue Points direct from Long Island, N. Y.; Large Houma Selects from Louisiana. All our oysters are received in Patent Shipping Cases so constructed that it is impossible for ice or water to come in direct contact with oysters, all the original flavor of the shell oyster is retained, and the oysters reach us as fresh and pure as the day they were taken from the ocean. We guarantee full measure of solid oyster meats. Remember the tasteless, water-soaked oysters shipped in pails are subject to all the impurities contained in the ice and water with which they are mixed, and are always embalmed with formaldehyde. They are not fit to eat. "Patent Case Oysters" can be obtained only from the SAN JOSE MARKET.

Fresh Fish Wednesday. SAN JOSE MARKET.

St. Mary's New Hall Will be opened December 18 with an entertainment that everyone will enjoy. The best musical and specialty talent in the city have volunteered their services to make it a big success and everyone will receive \$1 worth of entertainment for 50 cents. Tickets on sale at Ruppe's drug store and O. A. Matsor's.

Dressed Chickens. San Jose Market.

Notice to Contractors. At the request of Mr. Bachechi, of the firm of Bachechi & Glom, I will continue to receive proposals for the erection of their building until Thursday, December 11, 1902, at 11 o'clock a. m. Contractors may submit proposals for the whole or any part of the same in separated figures. All bids to be sealed and delivered at my office.

There are Some Men

WHO YEAR AFTER YEAR SPEND MONEY NEEDLESSLY ON EXPENSIVE MADE-TO-MEASURE SUITS. THEY THINK IT IS HUMILIATING TO WEAR READY-TO-WEAR CLOTHES, OR THAT THE MATERIAL, THE TAILORING AND THE FIT IS NOT OF THE BEST. READY-MADE CLOTHING HAS HAD ITS SHORT COMINGS. BUT THIS IS AN AGE OF PROGRESSIVENESS. NO LONGER IS IT NECESSARY TO GIVE \$25 to \$60 FOR MADE-TO-ORDER GOODS. WE OFFER YOU NOW

Faultless Ready-to-Wear Clothing

AND BE YOU LONG OR SHORT, FAT OR THIN, WE CAN FIT YOU PERFECTLY. THE MATERIALS ARE OF THE SAME HIGH QUALITY, AND THE WORKMANSHIP IS OF HIGHEST POSSIBLE GRADE, SHOWING SPLENDID TAILORING SKILL.

Prices are from \$10 to \$30 cheaper

THAN MADE-TO-ORDER GARMENTS.

JUST COME AROUND—WE SHOULD LIKE TO SHOW YOU SOME OF THE FEATURES OF THESE FAULTLESS SUITS, SHOW YOU THE GRACEFULLY BROAD, ROUNDING SHOULDERS, THE CLOSE FITTING COLLAR, THE FULLNESS ACROSS THE CHEST, AND ALL THE OTHER LITTLE THINGS, WHICH DEMONSTRATE THE SUPREMACY OF READY-TO-WEAR CLOTHES.
