Traffic Managers Holding Sessions in This City.

MEETING AT COMMERCIAL CLUB

All the Principal Managers and Agents of the Santa Fe Present.

THE RECEPTION TOMORROW NIGHT

At the Commercial club this morning the Santa Fe freight and passenger traffic managers and agents were in session from 9:30 until after 1 p. m.

The meeting was of a very important nature involving some weighty traffic questions.

There were about eighty traffic men in attendance at the meeting this morning, the largest part of whom arrived yesterday and last night, the rest coming in this morning.

W. A. Bissell, assistant traffic manager, and John J. Byrne, general passenger agent of the coast lines, with representatives from San Francisco and Los Angeles, arrived yesterday morning.

Passenger Traffic Manager George T. Nicholson and W. J. Black, general passenger agent, came in from the east yesterday, accompanied by some sixty prominent railroad men. The party arrived in a special train of Pullman coaches.

Some twenty or thirty arrived this morning and the meeting opened as scheduled.

W. B. Biddle, freight traffic manager of Chicago, called the meeting to order, then they divided and the business was considered under department heads—the passenger men discussing the passenger questions and the freight men the important questions involved in the freight department.

All the business transacted was strictly private, just as they would discuss the timely issues in their offices.

The traffic managers and agents will be in the city until Wednesday.

The management of the various traffic department of the Santa Fe system, requires the co-operation of all managers throughout the entire system.

These meetings are very essential for a systematic and effectual management.

Immediately after the meeting this morning an Indian war dance took place, not by the traffic managers, however, but by the Taos braves who have been dancing about the city. It was a most spectacular sight to the "men of the rails," who have very few opportunities to witness the dancing of the highly decorated Pueblos.

The traffic managers have gladly accepted the invitation tendered them by the Commercial club and will all attend the reception at the club tomorrow (Tuesday) night. The reception is not by invitation, but is given by the club as the regular semi-weekly function, given a day sooner to suit the convenience of the guests.

At the Alvarado.

The big gathering of railroad traffic managers and agents, now holding their important meetings in this city, are registered at the handsome Alvarado hotel as follows:

Short Paragraphs.

George T. Nicholson, the passenger traffic manager, with headquarters at Chicago, is one of the best railroad officials in the country, and he is a particular friend of the southwest. He is for statehood, as was evidenced in conversation with several Albuquerque citizens this morning. W. A. Bissell is the assistant traffic manager of the system, with his headquarters at San Francisco.

The two general passenger agents are W. J. Black, with headquarters at Topeka, and J. J. Byrne, for the coast lines, with home and headquarters at Los Angeles. Both gentlemen are thorough in their departments, and their friends are legion up and down the big Santa Fe railway system.

The freight traffic manager of the Santa Fe, with headquarters at Chicago, is W. B. Biddle. He is well known here, having filed a clerical position years ago in the offices on South Second street and when the coast lines were then known as the Atlantic & Pacific. Promotions followed his good work, and now he is at the head of the freight traffic department of the Santa Fe at Chicago. His stay here will be made most pleasant.

A few years ago Don A. Sweet was chief clerk of the Atlantic & Pacific in this city. He is now traffic manager of the Pecos Valley road of the Santa Fe company.

W. S. Keenan, who is with the party, is the general passenger agent of the Gulf, Colorado & Galveston of the Santa Fe company.

J. R. Dillon is the general passenger agent.

STATEHOOD COMMITTEE.

Large Non-Partisan Delegation to Visit National Capital.

WILL DEMAND PASSAGE OF BILL.

The chairmen of the republican and democratic territorial committees have appointed the following non-partisan delegation to visit Washington and urge the passage of the statehood bill:

Gov. M. A. Otero, Sol Luna, Frank A. Hubbell, O. N. Marron, E. V. Chaves, Judge Benjamin S. Baker, C. M. Foraker, Judge Frank W. Parker, Major W. H. H. Llewellyn, Capt. W. E. Dame, Thos. Hughes, Nestor Montoya, N. B. Laughlin, Jerry Leahy, O. A. Larrazola, W. H. Greer, Fred Fornoff, C. A. Spies and Thos. S. Hubbell.

Judge Baker, Thos. S. Hubbell, O. N. Marron, E. V. Chaves, Thos. Hughes and Fred Fornoff will leave for Washington this evening.

Judge Parker, Major Llewellyn and W. H. Greer will leave in a few days, just as soon as court can be adjourned at Deming.

O. A. Larrazola and C. A. Spies will join the delegation at Las Vegas tonight, and Jerry Leahy at Raton.

Governor Otero will join the delegation at Washington upon the return to Santa Fe of Secretary Reynolds.

Sol Luna and Frank A. Hubbell are unavoidably detained in the territory a few days, and will join the delegation at Washington in a short time.

A determined effort will be made upon the senate by this representative delegation to grant statehood to the territories.

Albuquerque Council.

The Albuquerque Council of Knights of Columbus met in regular session at the Knights of Pythias hall Saturday night and elected officers for the ensuing year. They are as follows:

Grand Knight—O. N. Marron. Deputy Grand Knight—P. F. McCanna.

Chancellor—L. T. Delaney. Financial Secretary—Charles White. Recording Secretary—C. E. Burg. Treasurer—Elias Garcia.

Warden—T. E. Gargan. Lecturer—Anastacio Montoya. Advocate—Dr. H. B. Kauffman. Trustee—J. S. Cregan.

Inside Guard—Thomas Powers. Outside Guard—Charles Pink. The installation of officers will occur at the January meeting. The Albuquerque council, although less than a year old, is quite a large organization and continues to grow rapidly. Twelve new members will be initiated at the January meeting.

DEATH OF REED

The Famous Republican Leader is Dead.

HOUSE ADJOURNS IN HIS HONOR

His Body Will be Buried at Portland, Maine.

CHEYENNE OPERA HOUSE BURNED

Washington, Dec. 8.—The house today paid a remarkable tribute to the memory of ex-Speaker Thomas B. Reed. His death has created a profound impression and there was a universal desire among members that the house show a signal mark of respect to his memory. For the house to take action on a former member had only three precedents in its history, namely on the occasions of the death of Benton, Blaine and Alexander Stephens, when the house adopted resolutions and adjourned out of respect to their memories. It was decided to follow these precedents in the case of Mr. Reed. The chaplain at the opening of the session paid a feeling reference to the death of the ex-speaker. No business was transacted beyond the formal reading of two messages from the president and an arrangement to postpone the special order for today—the London dock bill, until tomorrow. Mr. Sherman, of New York, then amid profound silence, and in a few feeling remarks, offered the following resolutions:

"Resolved, That the following minute be spread upon the record of the house of representatives:

"Hon. Thomas Brackett Reed died in Washington, December 7, 1902.

"For twenty-two years he has been a member of this house; for six years its speaker. His service terminated with the fifty-fifth congress. Within this chamber the scene of his life's greater activities were laid. Here he rendered services to his country which placed him in the front ranks of American statesmanship.

"Here he exhibited characteristics which compelled respect and won admiration. Forceful ability, intrinsic worth and strength of character brought him popular fame and congressional leadership. In him depth and breadth of intellect, with full and well rounded development had developed a giant who towered above his fellows and impressed them with his power and wisdom.

"A distinguished statesman, a lofty patriot, a cultured scholar and incisive writer, an unmatched debater, a master of logic, wit and satire; the most famous of the new world's parliamentarians, the great and representative citizen, has gone into history.

"Resolved, That in honor of the distinguished dead the house now adjourn."

When the reading of the resolutions had been concluded, Speaker Henderson asked if there was objection to the present consideration. The silence remained unbroken. The resolutions were then unanimously adopted and accordingly at 12:15 the speaker declared the house adjourned out of respect to the memory of Mr. Reed.

Going Home.

Boston, Dec. 8.—The body of ex-Speaker Thomas B. Reed passed through this city today on its way to Portland. Two cars, in one of which the body rested, while in the other Mrs. Reed, the widow and friends comprised a funeral section of the Federal express. The train reached Boston at 8:28 a. m., more than an hour and a half late. It was at once sent on to Portland, where it is due to arrive at 11 a. m.

Reaches Home.

Portland, Maine, Dec. 8.—The funeral train bearing the body of former Speaker Thomas B. Reed, arrived here at 12:09 p. m.

Church Celebrates Centennial.

Sharpsburg, Pa., Dec. 8.—Many prelates and priests of the Roman Catholic church are here to take part in the semi-centennial celebration of St. Mary's church. The celebration, which is to continue three days, began this morning with the celebration of pontifical high mass by Bishop Donohue of Wheeling, assisted by the Rev. J. J. Bullion of Homestead, the Rev. C. Grunewald, of Detroit, and the Rev. P. Miller of North Carolina.

Cheyenne Opera House Burned.

Cheyenne, Wyo., Dec. 8.—The Cheyenne opera house, owned by James M. Carey and valued at \$150,000 burned this morning. The Wyoming Tribune Publishing company, which occupied the basement of the building, suffered

a loss of \$15,000. The adjoining property was damaged and the total loss is estimated at \$75,000.

The fire was discovered at 4:45 p. m. by the janitor. The north half of the building was then in flames, where two score or more people were sleeping in the building. The janitor woke all and none were hurt. The fire started under the stage of the opera house, but was not incendiary.

Big Chicago Fire.

Chicago, Dec. 8.—An explosion at 2 o'clock in the basement of a five story building at Nos. 62 and 64 Canal street, occupied by the Marshall & Huschart Machinery company, and Schneider & Trenkamp Stove company, enveloped the structures in flames and threatens other property. It is feared that several lives were lost. The fire has spread to the five story building, Nos. 66 and 68 Canal street, occupied by several machinery companies. Several people have been injured, but there has been no confirmation of reported loss of life.

STATEHOOD MEETING.

This evening, at the city building, a mass meeting of citizens will be held on the important matter of statehood. Judge L. S. Trimble, Hon. W. B. Childers and H. B. Ferguson, all staunch advocates of statehood, will be present to address the meeting.

LAND FREE.

Ground for the Terminals of the Albuquerque Eastern.

Hon. Joshua Reynolds and A. W. Clellan, jointly, have offered to the executive committee between forty-five and fifty acres of land, near the old valley mill on West Lead avenue, for terminal grounds for the Albuquerque Eastern, free of all cost. The proposition is being considered by Messrs. Myers, Strickler and Brooks, and will be submitted, with other offers, to the promoters of the Albuquerque Eastern Railway company as soon as possible.

Victory for Republican.

Denver, Dec. 8.—Judge Palmer today sustained the returns from San Juan county, whereby the republican candidate was given a majority for the house.

PRISONER MUNROE.

He Will be Returned to Walla Walla Penitentiary.

THE SLICK CONVICT.

If no further evidence can be obtained which will connect Munroe with the Vann safe robbery he will be returned to Walla Walla to serve the remaining three years of his sentence with five years attached.

The Walla Walla claim dates previous to the robberies for which Special Agent W. H. Reno, of Denver, has evidence for, and consequently Mr. Reno will deal with Munroe after he has served his long sentence at Walla Walla. Then, if by that time he can in any way be connected with the mysterious robberies in Albuquerque, the authorities here will have their chance at him. His future is certainly well taken up, unless he gets next to his old graft and makes his escape.

Marshall McMillin is expecting word from Walla Walla, telling him to send Munroe to that confining climate. Munroe's raid through the southwest in 1899 was after he had escaped from the state prison at Walla Walla, Wash., and it was known at that time that he was an escaped convict, but no one that hunted him ever had an opportunity to lay their hands on him, and those that did were not wise that he was the hunted man.

There has been no new developments with regard to the recent robbery, the past week, and it seems as if it will remain a mystery unless some of the jail birds open up and tell a few of their secrets. But as long as they are flocked together they will reveal nothing. It is possible that after Munroe's influence is removed that something important may be gained from them.

Mrs. Bell Berry, who has been visiting her sister, Miss Beatrice Hayes, left last night for San Francisco, where she will join her husband, who has lately come from Dawson City, Alaska.

There will be a meeting of the Ladies' auxiliary of the St. Joseph's hospital on Wednesday afternoon at A. Borders' parlors. Let all the ladies attend and come prepared to pay their dues as the money is needed.

City Engineer Pitt Ross will go to Magdalena tonight on important business.

COLD WEATHER

The Coldest Day of the Year Back East

BLIZZARDS PREVAIL UP NORTH

Island of Samoan Group Shaken by an Earthquake.

ENGLISH DEMAND ON VENEZUELA

Chicago, Dec. 8.—The cold wave that bore down upon this city yesterday reached its climax at 8 and 9 o'clock today with a temperature at the zero mark. Today and tonight the mercury will, according to official forecast, remain near that point with some relief promised tomorrow.

Five casualties from causes directly attributable to the weather have been reported to the authorities and numerous cases of destitution incident to the sudden drop in temperature were afforded relief during the night and early today. Delay to traffic on the railroads, street railways and elevated roads is general. Through trains from the east and west are reported from two to six hours late.

Snow at Cleveland.

Cleveland, Ohio, Dec. 8.—More than six inches of snow fell in this city during the last thirty-six hours. Early today the government thermometer registered 22 above zero. The weather bureau predicts that temperature will fall to 10 above zero tonight. The severe weather has caused the almost total suspension of navigation. A fierce gale is prevailing on the lake.

Coldest Day.

Detroit, Mich., Dec. 8.—This is the coldest day of the season here and in Michigan. At 8 o'clock it was 16 above zero in this city. A drop of 10 degrees during the night. Snow fell in furies throughout the night.

Severe at Omaha.

Omaha, Neb., Dec. 8.—Last night the mercury went to the zero mark throughout Nebraska and western Iowa, but today's reports indicate moderating weather, with snow falling in several places. The present cold wave has been particularly serious in this city, because of the small supply of coal and a fear that it will be soon exhausted.

Zero Weather.

Kansas City, Dec. 8.—Today is the coldest of the season in this part of the southwest, the temperature being close to the zero mark. At Kansas City the Missouri river is filled with floating ice, the first this year, and at 8 o'clock it was 10 degrees above zero. Through-out Kansas and the territories a further fall of temperature is expected within the next twelve hours.

Cold Wave.

St. Louis, Dec. 8.—A veritable cold wave has struck St. Louis and vicinity. Yesterday was the coldest day of the season, but today there is a still further drop in the thermometer. At 7 a. m. the weather bureau record was 15 degrees above zero. The sky is clear.

Cold in Ohio.

Columbus, Ohio, Dec. 8.—Ohio was in the grasp of the cold wave this morning and the mercury was dropping with indications that it would go to zero in central and below in western Ohio by tonight.

Severe Weather.

Milwaukee, Dec. 8.—Reports from Wisconsin and upper Michigan showed the weather to be very severe. At Madison it was 2 below zero. All trains in the western and central parts of Wisconsin are late.

British Ultimatum.

London, Dec. 8.—Premier Balfour announced today that an ultimatum had been sent to Venezuela and that in the event of a satisfactory reply not being received the British and German governments would take measures to enforce British and German claims against that country.

EARTHQUAKE SHOCKS.

One of the Samoan Islands Shaken by Severe Earthquake.

United States Naval Station, Tutuila, Samoa, Nov. 24, via San Francisco, Dec. 8.—On November 1, the Samoans at the western extremity of the group at the island of Savaii, were startled by severe shocks of earthquake which lasted throughout the night and morning. Some of the shocks were severe enough to throw down a concrete church and wreck several others. Then it was discovered that several extinct

volcanoes, toward the west of Savaii, in German Samoa, had become active. The fires at present are observable at four peaks of the mountain ridge, which form the backbone of the island and so long as the disturbance is confined to that portion of the country little harm can happen.

Julia Marlowe no Longer Ill.

New York, Dec. 8.—Miss Julia Marlowe has fully recovered from her recent illness and will reopen her interrupted engagement tonight at the Criterion Theatre. Her play is the same in which she was seen in several cities earlier in the season, namely, "The Cavalier," a dramatization by Paul Kester of George W. Cable's novel of Southern life.

Lottery Tickets by Express.

Washington, Dec. 8.—Bearing on the question of trusts and involving the right of congress to regulate interstate commerce to the extent of preventing lottery gambling by the aid of express companies. Coupled with this case is one from Chicago, Charles F. Champion vs. John C. Ames, United States Marshall, which involves the constitutionality of the Lottery Act of 1895. Eminent lawyers and jurists regard the two cases as having decisive bearing on the future policy of courts and of congress.

Tree Lovers in Session.

Des Moines, Ia., Dec. 8.—The second annual meeting of the Iowa Park and Forestry association opened in the state capitol today and will remain in session through tomorrow. At the forenoon session papers were presented as follows: Civic improvement for small cities, DeLa Sheldon of Ames; Government timber planting in the sandhills of Nebraska, J. C. Blumer of Halsey, Neb.; Progress of forestry and the work of forestry in Iowa, W. H. Mast, Washington, D. C.; Our wild plants for parks and gardens, Wesley Greene of Davenport. This evening the association will listen to the annual address of the president, T. H. Macbride of Iowa City, and to the reports of the other officers.

Engineer Killed.

Los Angeles, Cal., Dec. 8.—Peter Peterson, a Santa Fe engineer, was instantly killed and two firemen were seriously injured in a head-end freight collision on the Santa Fe near Peach Springs, Ariz., about 125 miles east of Needles, yesterday. Both engines were wrecked and several freight cars were smashed up.

COLORADO COURT.

Trying to Unravel the Intricacies of a Legislative Act.

Denver, Dec. 8.—The supreme court announced today that it had assumed original jurisdiction in the Rush bill case, and decision on the amendment's validity is assured in six weeks. Issues will be decided on the suit of County Treasurer Elder, against City Treasurer Sours. No other suit will be filed. According to agreement by stipulation the final decision will be rendered between January 20 and January 27.

Denver Election Frauds.

Denver, Dec. 8.—Judge Carpenter today discharged the grand jury drawn to investigate alleged election frauds. This action is taken because of the uncertainty of the validity of the Rush constitutional amendment and there will be no further action along this line till the supreme court renders a decision on the matter.

Public Health Convention.

New Orleans, La., Dec. 8.—Scores of eminent medical men and public health officials from many parts of the United States, Canada and Mexico are gathered in New Orleans for the thirtieth annual convention of the American Public Health association. The Henry D. Holton of Vermont, is the presiding officer and Dr. Charles Probst of Columbus, Ohio, the secretary of the convention.

The subject to be discussed at the convention show the great scope of the association's work. Among them are the following: The pollution of public water supply; the disposal of refuse material; animal disease and animal food; car, steamship and steamboat sanitation; public health legislation; cause and prevention of infant mortality; national leper homes; dangers to the public health from illuminating and fuel gas; transportation of diseased tissue by mail; the investigation of the canteen system of the United States army.

Advance in Freight Rates.

Chicago, Dec. 8.—The advance in freight rates, as ordered by the joint meeting of executive officers of the trunk lines and Central Freight association two weeks ago, went into effect today. The principal item is the advance in grain and flour rates which amounts to 2½ cents a hundred pounds and five cents on provisions. The advance in rates decided upon for most of the other commodities will not become operative until January 1.

Money Market.

New York, Dec. 8.—Money on call, firm, at 6 to 6½ per cent. Silver, 47½.

New Mexico demands Statehood from
the Fifty-Seventh Congress.

One thing is certain, the Santa Fe
company has a handsome lot of traffic
managers.

The subscriptions to the Albuquerque
Eastern terminal fund should have been
subscribed by this city this week.

This territory for many years has
been familiar with all sorts of bever-
ages, but the Indiana brand is pro-
nounced the worst of the whole lot.

The official vote of New York shows
even a closer contest than that in Cal-
ifornia. It was 665,350 against 665,347.
Maybe the next voting scrimmage in
New York state won't be interesting!

The value of the exports of animals
and animal products for the year ended
June 30, 1902, according to Secre-
tary Wilson's report, amounted to the
large sum of \$244,733,062. Of this
amount, \$44,871,684 was the value of
the animals, \$192,756,608 of the meat
and meat products, and \$7,104,770 of
the dairy products.

The Chicago Tribune thinks there
must be a scandal in the statehood
question. It says that Senator Quay's
friends are building a railroad in New
Mexico, and that they "figure out that
the value of this property will be
greatly increased if the territories are
converted into states." This is good
statehood argument. With statehood
New Mexico would be worth several
million more dollars, and in every way
the country would be benefited.

COMMERCIAL FAILURES.

Reports to R. G. Dun & Co. show
commercial failures in the United
States during November 1,000 in num-
ber and \$9,276,716 in amount of de-
faulted liabilities, compared with 974
failures a year ago for \$9,070,446.
There were 215 manufacturing failures
for \$3,391,060, against 216 last year in-
volving \$3,507,695; 746 in trading lines
for \$5,029,943, compared with 707 in
1901 for \$4,836,275; and in other com-
mercial lines, not properly included in
either of the two chief classes, there
were 41 defaults with liabilities of
\$855,813, compared with 51 a year ago
for \$726,476. Banking and other strictly
financial insolvencies were only four
in number and \$157,369 in amount,
while in November, 1901, there were
two failures for \$450,000.

SECTIONAL NARROWNESS.

The Denver News says that the op-
position in the senate to the admission
of New Mexico and Arizona is sec-
tional rather than political. The influ-
ences which control legislatures and
elect senators in the states east of the
Mississippi and north of the Ohio are
opposed to an increase in the strength
of the west in the affairs of the gov-
ernment.

The News says: "It is a pity that
narrow sectionalism should play such a
part. No portion of the United
States is more ready than the west to
vote money for the support of the
navy, and other similar purposes,
which are of no direct local benefit to
it, but which are necessary to secure
the greatness of the nation as a whole.
The patriotic sentiment of the west
stands ready to make any sacrifice for
the good of the country, but the po-
litical powers of the northeast are
willing to hamper the development of
the west rather than permit it to en-
large its share in the direction of the
nation's business. Of course the pres-
ent exhibition of narrowness is not a

new thing. Similar instances have
marked the history of American poli-
tics for a century. It was hardly to be
expected that Mark Hanna would be
broader than Daniel Webster."

CAUSE FOR CRITICISM.

The Phoenix Republican says of the
senate committee report:

"The majority report of the senate
committee on territories against the
admission of Arizona and New Mexico
occasioned regret, rather than sur-
prise, in these territories. The com-
mittee, as expected, followed the rec-
ommendations of Senator Beveridge's
sub-committee, and the tenor of this
recommendation had been fully dis-
counted. It is regrettable that the re-
port of the visiting senators is adverse,
and that thus it apparently affords
some justification for the assertions so
freely made, that the chairman and
his associates approached the subject
with minds already made up. Of course
if they did go into the investigation
with opinions previously formed, it is
unfortunate for them, as well as un-
fortunate for the aspirants for state-
hood, for they will be subjected to
much unpleasant criticism.

"Where Senator Beveridge and his
associates laid themselves open to
criticism was in making such a flying
trip that they could gain but little
more than an impression of the im-
measurable resources of the country
through which they passed. To ac-
quire illuminating knowledge was an
impossibility, and it would be griev-
ously unjust to Arizona and New Mex-
ico to compel them to rest their case
upon the smattering, insufficient and
incompetent testimony adduced."

SHOULD BE HONEST.

The Springfield, Mass., Republican,
one of the leading papers of New Eng-
land, says:

"The merits of the question aside, it
is certain that, from the political
standpoint, the republican senators
have no justification for their opposi-
tion, since the republican party at the
Philadelphia national convention of
1900 adopted this resolution: 'We
favor home rule for and the early ad-
mission to statehood of the territories
of New Mexico, Arizona and Okla-
homa.'

"If the pledges contained in plat-
forms merit any respect whatever,
then the republicans are bound to pass
the statehood bill, and not postpone
the matter for another indefinite
period. But if that platform be waived
and the question be considered on its
merits, it should at least be said that
the republicans ought to keep out Ok-
lahoma if they are determined to keep
out the other two.

"To admit Oklahoma alone would
have the look of a very discreditable
partisanship, for, of the three, Okla-
homa is believed to be the more likely
to maintain a republican supremacy,
and elect republicans to the United
States senate. New Mexico has waited
for statehood for fifty years, and Okla-
homa ought to be able to wait a while
longer, in view of the fact that its ter-
ritorial life has not extended much
over a decade."

"I was a total wreck—could not sleep or eat,"
writes Mr. J. C. Beers, of Berryman, Crawford
Co., Mo. "For two years I tried medicine from
doctors but received very little benefit. I lost
flesh and strength, was not able to do a good
day's work. I commenced taking Dr. Pierce's
Golden Medical Discovery, and when I had
taken one bottle I could sleep and my appetite
was wonderfully improved. I have taken five
bottles and am still improving."

The sole motive for substitution is to

ous medicines. He gains; you lose.
Therefore, accept no substitute for

the Molly Maguires are fully matched by
the ingenious intrigues of the em-
ploying foremen and superintendents.
One of the witnesses before the strike
commission said that prices at the
company stores were 10 to 20 cents
higher than at other stores. When he
got a good run of work he made as
high as \$70 in a month, but this was
eaten up in paying his debts to the
company. Then when he was clear of
debt the company gave him a bad
place to work till he was again in debt.
Such villainous methods as this would
disgrace the dark ages. They are a
discredit to American industries and
American citizenship. They are to-
tally at variance with the American
idea of open dealings and honorable
business between man and man, no dif-
ference what part of the country they
are in. Moreover, the scheme of mak-
ing a double profit off the workman—
one from his labor and another by
robbing him in the purchase of his nec-
essary supplies, is a disgrace to any
country in which it is practiced,
whether east or west.

DEMAND FOR SMALL NOTES.

Secretary Shaw in his annual report
says the demands of the people for
notes of small denominations have sur-
passed the closest students of the cur-
rency.

During the year ended September 30,
1901, there was an addition of \$75,956,
845 to the paper currency of \$20 and
under, while only \$9,794,500 was added
to the higher denominations. Inclu-
sive of gold coin, the smaller denomi-
nations constituted over 80 per cent of
the whole stock of money. In the next
twelve months the increase of the
smaller denominations was \$71,283,
124, and of the higher only \$4,745,750,
raising the percentage of the former to
over 83. In 1890 there were 37,000,880
pieces of government paper issued, of
the average value of \$6.61. In 1902 the
issue was 116,697,874 and the average
value \$4. In July, August and Septem-
ber, 1902, the issues and redemptions
were each over 7,000,000 pieces greater
than in the same months of the pre-
ceding year. The average value has
fallen to \$3.62. The currency distrib-
uted from Washington to the sub-
treasuries and banks during the fiscal
year amounted to \$387,319,888, against
\$319,912,188 in the year preceding.

From the occupation of the Philip-
pines in September 15 last, an aggre-
gate of \$27,331,050 in American money
was sent there to be used in govern-
ment disbursements. Of this, \$15,680,
000 was in paper, \$10,290,000 in gold,
and the remainder in silver and minor
coin. There is no record to show what
has been returned.

This famous remedy does for the stomach what it is unable to do for itself, even if but slightly disordered or overburdened.

Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles and membranes of that organ are allowed to rest and heal. It cures indigestion, flatulence, palpitation of the heart, nervous dyspepsia and all stomach troubles by cleansing, purifying and strengthening the glands, membranes of the stomach and digestive organs.

Fire Clay Works—Attorney Fitch's Bad Eye—Another Blaze.

From the Chieftain.

David Farr, of Albuquerque, was one of the guests at the Windsor.

W. W. Jones was in town on business connected with the survey of the city grant.

Dr. Charles R. Keyes has consented to read a paper at the approaching meeting of the miners' association in El Paso.

J. W. Datil was a visitor in Socorro on his way home from Colorado and Kansas City.

The insurance appraiser is in town to adjust the losses caused by the burning of the Grand Central.

Mrs. S. E. O'Brien, who had been visiting her daughter, Sister Louise Marie, at Mt. Carmel convent, left for her home in eastern Kansas.

Home Hill returned from a trip to Douglas, Ariz. He reports that N. A. Conner is employed in one of the smelters at that place and that George Hasty is in Bisbee.

Misses Cecil and Lolita, daughters of Attorney Silas Alexander, left for Mesilla Park, where they will take a course in Spanish stenography at the agricultural college.

There is a probability that the fire clay works will resume operations soon. Mr. Dodd, of Albuquerque, the owner of the property, has been in the city most of the week superintending arrangements.

While the Grand Central was burning it was suddenly discovered that fire had broken out in the rear of Abran Alebyta's store. This proved to be only a pile of alfalfa that had probably been ignited by sparks from the burning building.

Dr. G. W. Grove, the well known oculist of Albuquerque, was called to Socorro to attend Attorney James G. Fitch, who is suffering a severe and dangerous attack of iritis. Great care will be necessary to save Mr. Fitch the loss of one of his eyes.

An alarm of fire was sounded Tuesday evening at about 8 o'clock. A fierce wind was blowing and many were fairly terrorized at the thought of a fire breaking out on such a night. Luckily, however, the alarm was caused by nothing more serious than the burning out of a chimney at the residence of Mr. and Mrs. James G. Fitch.

A POSSIBILITY

That Became a Fact and Pleases Many Bald People.

A. R. Lewis, M. D., in a lengthy article in the columns of the American Journal of Health, says concerning hair: "Its deterioration is a constant source of worry to humanity, consequently bald people are readily deceived by 'fake' hair restoratives. The wish that a hair preparation will 'fill the bill' is father to the fancy that it is likely to do so. A rare case in point is that of Newbro's Herpicide, which actually does 'fill the bill.' It destroys the parasite that attacks the hair root, and prevents dandruff, falling hair and baldness." Send 10 cents in stamps for sample to The Herpicide Co., Dept. "F," Detroit, Mich.

We make the best door and window screens. They are far superior to any made in the east at the same price.—Albuquerque Planing Mill company, A. T. Telephone No. 462.

PISTOLS AND DEATH.

The Windsor Hotel, Socorro, the Scene of a Desperate and Fatal Shooting Affray.

TRAGIC END OF AN OLD QUARREL.

The Citizen published, the other day, a brief account of the shooting and killing of David Baca by City Marshal Felipe Baca, the crime being committed in Socorro. The full particulars of the tragedy are here reproduced from the Socorro Chieftain:

One of the most determined and deadly pistol duels ever fought in Socorro began in front of the Windsor hotel Wednesday evening at 7 o'clock and ended on the stairway inside the hotel when David Baca fell dead at the foot of the stairs, pierced with two pistol balls fired by City Marshal Felipe Baca.

This deadly affair created some excitement in the city, but no surprise. Just such an event has been confidently expected since about three weeks ago when the man now dead and two of his friends fell upon City Marshal Baca in one of the saloons of the city and beat him over the head with a heavy cane and other weapons so severely as to send him to bed for several days.

As nearly as can be ascertained from many conflicting reports the facts of the affair Wednesday evening are about as follows:

The marshal entered the Windsor bar room and David Baca entered the office at about the same time. The latter was seen to look through the window in the partition between the two rooms as though intently in search of somebody and then to go out pistol in hand at the front door. A moment later the two men met on the walk in front of the hotel and the fusillade began. Deceased then ran into and through the office and started up stairs, closely followed by the marshal using his pistol as fast as opportunity offered. Circumstances seemed to show that the victim turned to run up stairs, when the fatal shot entered his right side, ranged upward to a vital spot, and he fell dead at the foot of his slayer. The marshal escaped with a pistol hole in his hat and a powder burn on his face.

Just how many shots were fired in the affair cannot be told. There were probably no less than eight. The office door of the hotel bears the marks of three, one penetrated the wall of the office inside as pursuer and pursued were running toward the stairway, two or three were fired in the hallway and probably two at the foot of the stairs. It was found that the dead man had suffered one shot through the groin. It is supposed that this wound was inflicted during the shooting out side, and that it caused the victim to drop his pistol and seek refuge within. A pistol, full cocked, was picked up in front of the hotel after the affair was over.

As soon as Marshal Baca saw that he had killed his man he walked back into the office and threw the shells out of his pistol and reloaded it. Sheriff Blackington soon appeared upon the scene, took the marshal into custody and lodged him in the county jail.

This deadly affair has its comical side. There were eight or ten guests of the hotel in the office when the shooting began. In an instant splinters and glass were flying from the front door. Then followed a mad stampede into the bar room, into the dining room, up stairs, anywhere to get out of range. One man enjoys the distinction of having plunged heels over head through the wire screen on a screen door and alighted broadside beyond. A bigger man made the same attempt but made a ludicrous failure of it. A stranger in the city who was a guest at the Windsor was hit by some flying putty from the window and was sure he was shot. He vowed that he served four years in the civil war and was wounded two or three times, but that he would not go to bed that night. He would sit up for the midnight train to take him out of town.

A coroner's jury consisting of J. J. Leeson, A. E. Howell, Henry Dreyfus, G. Biavacchi, Francisco Jaramillo and Amado Chavez was empaneled Thursday. The jury examined the remains of the deceased and gave a verdict that he came to his death from the effects of gunshot wounds.

The funeral was conducted at the church of San Miguel yesterday afternoon and the remains were laid to rest in the Catholic cemetery. Company H, in uniform, was in attendance, as was also Socorro Hose company No. 1, of both of which organizations deceased was a member. The attendance of these organizations lent a peculiar impressiveness to the funeral ceremonies.

The Pride of Heroes.

Many soldiers in the last war wrote to say that for scratches, bruises, cuts, wounds, corns, sore feet and stiff joints, Bucklen's Arnica Salve is the best in the world. Same for burns, scalds, boils, ulcers, skin eruptions and piles. It cures or no pay. Only 25c at all druggists.

SAN MARCIAL NOTES.

Accident to Mrs. Lohman—Pet Dogs Poisoned—Methodist Revival Meetings.

Away out on the plains near the base of the San Andres, a well-boring machine has been at work several weeks with good results. The well is down some 160 feet with a six-inch casing,

and eighty feet of water demonstrates the feasibility of the scheme. It is the intention to sink 500 feet in the hope of an artesian flow. Success in this instance means other wells and a rapid advance in the agricultural welfare of that region. Charles Story is standing the cost.

From the Bee.

Mrs. R. A. Shaw returned to San Jose, Cal.

Dr. C. G. Cruickshank lost a valuable Jersey cow by the green alfalfa route.

It seems to be understood that owing to lack of funds, the present term of the public school will not extend into the new year.

Dr. and Mrs. Cruickshank moved into their new residence this week. There is still considerable work to be done before the structure reaches the completion stage.

Mrs. Henry Lohman, Sr., met with a painful accident last week. While leaving the residence of William Darr the good lady made a misstep which landed her on the ground in a bruised and sprained condition. She is still confined to her bed.

Dr. and Mrs. McCrory are mourning the loss of a couple of highly prized pet dogs. The playful creatures found a small box of poison, and while rolling it about it is thought they must have sampled the contents. Of these pets it may well be said: "They were the rich man's guardian, and the poor man's friend, the only creature faithful to the end."

A Good Cough Medicine.

(From the Gazette, Toowoomba, Australia.)

I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Wockner. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by all druggists.

A Farmer's Ping Pong.

An Iowa farmer is the inventor of a new game called improved ping pong. It's to be played on a farm in the fall of the year. The player gets up at 4 o'clock in the morning, milks the cows, feeds the hogs and horses, eats breakfast, then hitches up a team to a wagon about the size of a box car and starts for the corn field. Here is where the ping pong comes in: You grab a big ear of corn in the left hand and with the right hand you yank the shucks off and throw the ear at the big wagon. When the ear of corn strikes the throw board it goes "ping" and it then hits the bottom of the wagon and sounds "pong," making a very interesting game at about 2 1/2 cents per bushel.

Had a Good Time.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says: "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by all druggists.

Buy lots and build in Deming. Your rental returns will be 20 per cent on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

At Deming you can buy lots at \$100 which will pay you 100 per cent in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them in Deming cheap now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and catmen all know this.

A Million Voices.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for consumption and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1.00. Trial bottles free at all druggists.

Seriously Burned at a Capitan Dance.

At Capitan the other evening, Miss Kittle Snirly was burned terribly by a falling kerosene lamp. The accident occurred at a dance of the Select Knights and Ladies. One of the masqueraders, dressed as Uncle Sam, came in contact with one of the hanging lamps, knocking it down and causing it to explode, the burning oil covering Miss Snirly, whose injuries, however, are not fatal.

COUGHS AND COLDS IN CHILDREN

Recommendation of a Well Known Chicago Physician.

I use and prescribe Chamberlain's Cough Remedy for almost all obstinate constricted coughs, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—Mrs. Mary R. Melendy, M. D. Ph. D., Chicago, Ill. This remedy is for sale by all druggists.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and a pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Winter Stock to be Sacrificed!

We take stock January 2nd, and we consider it much better business to sink the knife into profits now and dispose of a large quantity of Dry Goods than to wait until next year, when the demand for goods of this character will not be so great. This is something entirely unlooked for at this time, as merchants generally figure on doing business in December on a good, round profit. We are not anxious to cut prices like this, but there's no help for it—circumstances demand it.

ELKS' MEMORIAL SERVICE

Held at Colombo Hall Yesterday Afternoon

The Elks' annual memorial services were largely attended yesterday afternoon at Colombo hall. The tribute which the organization paid to their departed brother was very impressive. The program was of unusual merit. Exalted Ruler, Dr. John F. Pearce, the presiding officer filled that position in a commendable manner. The opening hymn, "Nearer My God to Thee," sang by the entire audience was followed by the rendering of "Remember Now Thy Creator" by the Apollo male quartette, Messrs. Hunt, Bell, Bullard and Burg.

An invocation was pronounced by Rabbi Kaplan, which was appropriate for the solemn occasion.

"The Lord is My Light" was sang exceedingly well by Prof. John Douglas Walker.

A pleasing number on the well selected musical program was the singing of Miss Maud Summers. Her beautiful soprano voice always pleases. A slight sore throat spoiled the richness of her tones, yet nevertheless her singing of "Lead Kindly Light" was highly appreciated. Miss Summers appeared again in a duet with Professor Walker.

R. W. D. Bryan was introduced as eulogist. The following address was delivered with eloquence and earnestness that was very impressive and expressed the noble sentiments of the order:

Mr. Bryan's Address.

"An earnest cry comes from the dim past—if a man die, shall he live again?"

"Life and death—death and life."

"Scarcely for our race had life begun, when death forced the question of another life. Beside the graves of loved ones, the flowers of immortality bloomed. Bridges of hope and longing sprang outward to span the abyss that seemed to have engulfed the departed. Love went with the lost ones and built for them abodes of bliss. Memory cherished them and impelled the expectation of reunion. With the ages these feelings grew until belief in immortality became fixed and well nigh universal.

"As with the race so should it be with the individual; as life's shadows meet eternity's day, with parents, brothers, sisters, dear ones, waiting greeting, thoughts, hopes and aspirations turn from sublunary things to fix themselves upon the supernal glories of the life eternal.

"While belief in immortality springs naturally from the human mind, the Exalted Ruler of the Universe, in the Bible, the Book of Law, has revealed the wondrous truth for the guidance, inspiration and comfort of his children. The Eternal Father dwells in us and we, partakers of His nature, cannot but rejoice in the hope of an immortality with Him.

"It must be so—Plato thou reasonest well.

Else whence this pleasing hope, this fond desire, This longing after immortality?

Or whence this secret dread and inward horror, Of falling into nought? Why shrinks the soul

Back on herself, and startles at destruction?

'Tis the divinity that stirs within us; 'Tis Heaven itself that points out an hereafter

And intimates eternity to man."

"We see about us, constantly, the planting of seeds whose fruitage can only be in eternity. Our souls are stirred by wrongs which cannot be righted this side of the grave. We bow before virtue and worth that must go unrewarded if death ends all. As we watch the ceaseless procession of human beings, who are born, reproduce their kind, live a brief period and then are resolved to earth, confusion and dismay confront us, if we deny the life beyond.

"The love of fame—so general and so strong—a striking feature of the noblest minds—bespeaks the desire for immortality.

"The physical forces of man exhaust themselves. They reach their limit. There comes a time when the machinery is worn out. But how often a man, weak and decrepit in body, from years of toil and struggle, has his mental faculties unimpaired and his soul fairly rioting in vigorous life.

"The mind of man, in its keen questionings, in its love of truth, in its struggles for greater freedom, in its insatiable thirst for knowledge, is hampered by the weakness and weariness of its clay tenement—it can reach its maturity only during the ceaseless ages of eternity.

"The wondrous capacities of the soul its immaterial life, its passions and sentiments, its constant progress in development, its keen insight, its unfathomable depths, its apprehension of things outside the province of the senses, its ceaseless struggles as though engaged, its longings and aspirations—all demand an immortality.

"Human life is too short, for the proper and complete expansion of either the mental or the spiritual natures. Is it not reasonable to conclude that they were designed by their Maker, to grow and develop into all the possible fullness of their potentialities?"

"'Twas clear to him as was his own existence, In which he felt the fact personified, That man himself was for this world too mighty,

Possessing powers which could not ripen here, But asked infinity to bring them forth,

And find employ for their unbounded scope."

"My brothers—this is our annual memorial day. Albuquerque lodge, No. 461, has not during the year been visited by death. Our brothers in other lodges have not been so fortunate. We sympathize with them today in their affliction.

"We extend over the dead as over the living, the broad mantle of charity as required by the motto of our order 'The faults of our brothers we write upon the sand, their virtues upon the tablets of love and memory.'

"Our duty today is not done, however, when we recall the virtues of our departed brothers. Our thoughts are directed to death and the hereafter that we may be stimulated to right living. These commendable virtues—justice, charity, brotherly love and fidelity—are by these exercises, impressed upon our minds not merely for our approbation, but that they may become ingrained in our lives. Life and death, time and eternity, are the verities we contemplate that we may so live as that the eternity shall be to us an ever increasing joy.

"The reciprocal action of mind and matter is not sufficiently understood. We are learning, however, every day, something of its mysteries. Worthy actions spring from worthy thoughts, and worthy thoughts are the consequences of worthy actions. My brothers, it is the height of folly to expect to find a pure soul in a debauched body or to look for a body to be perfect if it contains a debased soul. That man violates every principle of development who thinks the soul in eternity will have attributes other than those manifested in time.

"The life and death of Ninus, the great Assyrian monarch, is summed up in these words:

"Ninus, the Assyrian, had an ocean of gold, and other riches more than the sand in the Caspian sea; he never saw the stars, and perhaps he never desired it; he never stirred up the holy fire among the magi; nor touched his god with the sacred rod according to the laws; he never offered sacrifice, nor worshipped the deity, nor administered justice, nor spoke to the people, nor numbered them; but he was most valiant to eat and drink, and having mingled his wines he threw the rest upon the stones. This man is dead; behold his sepulchre and now hear where Ninus is. Sometime I was Ninus and drew the breath of a living man, but now am nothing but clay. I have nothing but what I did eat and what I served to myself, in lust, is all my portion."

"We all admire and desire moral excellence. We will search in vain for a more promising basis of morality than the expectation of immortality.

The man who cherishes a low opinion of the dignity of his nature will act along that level. If, however, he regards himself as of regal birth and princely endowments, as a child of God and heir of immortality, every thought and deed will be purified and energized by the vitality of a lofty purpose and a high endeavor.

"My brothers, how is it possible for one to elevate his thoughts, purposes and aims to the truly noble, great and beautiful, who believes that after a brief appearance on the stage of this world, he is to sink into oblivion and to lose his consciousness forever?"

"The problems of life confront us. The struggle for existence is intense. There is a maddening rush for power and pelf. Pleasures pall upon us. Successes bring not satisfaction. Struggles enervate and tire us. Injustice and failure are common experiences.

"We cry out in the words of the preacher, 'Vanity, vanity, all is vanity.' 'We toil up the mountain slope only to find higher peaks beyond. When one achievement is ours, others more desirable enlist our energies. Human life with all its joys and consolations, has its chief value in the fact that it is a transition state. It is the school of the soul from which it graduates into a more perfect and a never ending condition.

"Our order gives us this lesson today. Let us learn it well—let us practice it daily—prepare in time for eternity.

"So live, that when the summons comes to join The innumerable caravan, which moves To that mysterious realm, where each shall take His chamber in the silent halls of death,

Thou go not, like the quarry-slave at night, Scourged to his dungeon, but, sustained and soothed, By an unfaltering trust, approach thy grave Like one who wraps the drapery of his couch

About him, and lies down to pleasant dreams."

The beautiful musical program was brought to a close by the Apollo Male quartet, who rendered "Crossing the Bar," by Holden. There were over 150 Elks present in uniform. After the closing ode of the lodge they filed out first and marched back to the hall in double column. The beautiful teachings of the lodge as given at the memorial services yesterday were impressive to a large number of people who attended.

Miss Mabel Stevens-Himoe and Mrs. John Douglas Walker were accompanists to the musical program and their works were greatly appreciated.

TAOS INDIANS.

They Are in the City, Returning from the Isleta Feast.

About ten stalwart, picturesque braves from Taos, who had just returned from Isleta, entered the Indian curio room of J. W. Bennett & Co. on North First street this morning and gave a couple of dances, which attracted a large crowd.

John Oliphant, manager of the store, secured a photographer and several pictures were taken of the group in the gaudy and ostentatious finery.

While they were dancing, singing their characteristic chant, the beautiful blankets which adorn the walls of the curio, attracted their attention. They stopped dancing and immediately began to trade the beautiful beaded leggings and wearing apparel for the blankets.

These Indians proved to be clever traders and would not trade unless they were certain the bargain was in their favor.

The influence of civilization was plainly manifested in all their actions, especially in their dealings. They are not after the money, and their prices being high they will certainly go back to Taos with a few dollars.

More stately and well appearing Indians have not been in the city since Buffalo Bill's Sioux were here.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive, another fit of coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, December 1, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy B. Ruppe.

At Neher's.

Albuquerque is putting on metropolitan airs. A Las Vegas returning from there last night brought with him a two and a half cent chip. A man who has taken a glass of nerve stimulant puts down fifteen cents and gets back one of these chips, making it twelve and a half cents straight.—Optic.

Ballard's Horehound Syrup.

Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, druggist Shullsburg, Wisconsin, writes May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle, they come back for more. I can honestly recommend it; 25c, 50c and \$1.00 at Cosmopolitan Pharmacy—B. Ruppe.

Entertained at Cards.

Mrs. A. G. Nelson and daughter, Miss Euphonia, entertained at cards at their home on the Highlands one afternoon last week in a very pleasant manner. Six handed euchre was the game. Refreshments were served at the tables.

Those present were Mesdames W. J. Johnson, R. W. D. Bryan, F. H. Lester, J. E. Saint, Ralph Halloran, O. N. Marron, A. A. Keen, A. Wisner, W. S. Strickler, F. H. Kent, E. L. Medler, A. Crunfeld, A. B. Stroup, R. B. Thomas, S. Neustadt, G. L. Brooks, W. H. Barney, P. G. Cornish, A. B. McMillen, Norman Kemmerer, Misses Mills, Menaul and Mann.

Favorite Family Remedy.

Frequently accidents occur in the household, which cause burns, cuts, sprains and bruises; for the use in such cases, Ballard's Snow Liniment has for many years been the constant family remedy. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy.—B. Ruppe.

Chess and Checkers.

An organization has been affected recently in the city by a number of business and professional men, who will devote the long winter evenings and spare hours to chess and checkers. The name adopted by the organization is the Albuquerque Chess and Checker

To Get Rid of a Troublesome Corn.

First soak it in warm water to soften it, then pare it down as closely as possible without drawing too much blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

The ladies of the Methodist church are noted for their good dinners. The one to be given by them next Thursday is to be the biggest ever known, but the price the same as usual, 35 cents. Remember it is to be chicken pie and a regular dinner will be served from 12 to 2 p. m. and also from 5 to 7 p. m.

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades.
As to teas. Everyone knows that we keep the very best to be had in the territory.

OUR VISITORS.

(Concluded from page one.)

ger agent of the Beaumont & Kansas City at Beaumont, Texas.

J. E. Gorman, general freight agent at Chicago, and F. C. Maegler, assistant general agent at Topeka, are in the party.

H. P. Anawalt, general freight and passenger agent of the Santa Fe, Prescott & Phoenix, is among the railroad ers.

Edward Chambers, popular general freight agent at Los Angeles, and H. K. Gregory, assistant general passenger agent at San Francisco, both of the coast lines, have met friends in the city.

George E. Roe, the well known and popular general agent at El Paso, and who visits Albuquerque quite often, was noticed mingling with the visiting managers and agents today.

D. E. Cain, who is the general superintendent of the Santa Fe from Dodge City, Kas., south, is in the city, giving some good pointers to the traffic managers and agents.

Meeting This Afternoon.

The traffic managers went into session this afternoon at 2:30. No exceedingly important issues are involved, but merely the exchanging of ideas and suggestions in regard to the improvement of the freight and passenger traffic departments.

The questions of schedules, rates, etc., will be covered fully, that all managers attending may be benefitted by the ideas of those of different territories.

Death of W. H. Allen.

William H. Allen, a brick mason, died at the family home three miles north of the city Sunday afternoon. A wife and two children mourn the death of a husband and father. The deceased came to Albuquerque about four years ago from Dover, Delaware. He was a member in good standing of the Ancient Order of United Workmen and of Albuquerque tent No. 1, Knights of the Maccabees.

The funeral will be held from the home with public services tomorrow afternoon at 2 o'clock at the Presbyterian church. Rev. T. C. Beattie will officiate.

Brother lodge men, the Ladies of the Maccabees and friends of the family are invited to attend. Interment will be made in Fairview cemetery.

Celebrate Bjornson's Birthday.

Christiania, Dec. 8.—Bjornstjerne Bjornson, the Norwegian poet, dramatist, novelist and political reformer, was seventy years old today and the event was made the occasion for celebration throughout Norway.

Bjornson is the national poet of Norway. His name is a synonym of the hopes and aspirations of the Norwegian people in their political and intellectual struggles.

Bjornson was born in 1832 and began his literary career in the early 50's. In 1857 he published a peasant novel, "Synnove Solbakken," which proved epoch-making in Scandinavian literature. In it and several others that followed he gives an idealized picture of peasant life—brought the thoughts and aspirations of the peasantry into literature. These stories have been a

great source of pleasure and profit to the Norwegian people. Peasants have read them and learned to know their better selves.

Bjornson's literary activity since the days of the peasant novel has been to elevate the Norwegian people. And to accomplish this he has worked in various directions. He has written numerous songs that have fired his countrymen with a spirit of self-reliant patriotism; other songs touching the various phases of life and love that have been ennobling and refining. He has written historical dramas to bring vividly before his people the sturdy qualities of their forefathers; powerful social dramas which probe deep in social evils, not primarily for dramatic effect, but to arouse the public conscience and to suggest the remedy; modern realistic novels that have dealt in the broadest manner with the great questions of education, religion and domestic duty.

Bjornson is therefore known better in Scandinavia as a political reformer, though his reputation outside his native country is that of a delightful novelist and poet. A republican of the republicans, he has for years been dodging jails and writing problem books. Years ago he was given a jail sentence for treason, but got out of Norway and lived in Germany until 1882. On his return to Christiania he at once resumed his anti-government agitation and his novel writing. He wrote tragedies, too, and won a wide fame as a writer and describer of Norwegian life. His seventy years weigh lightly on him, and he is full of intellectual and physical vigor. He is the son of a country pastor and began his career by writing folk stories for periodicals. His early education was received in Denmark and his literary masters are Danish. He has written about twenty-five works in all—plays and novels.

He Found a Cure.

R. H. Foster, 318 Second street, Salt Lake City, writes: "I have been bothered with dyspepsia or indigestion for twenty one years, have tried many doctors without relief, but I have found a cure in Herbine. I recommend it to all my friends, who are afflicted that way, and it is curing them, too. 50c at Cosmopolitan pharmacy.—B. Ruppe.

Alabama Miners Meet.

Bessemer, Ala., Dec. 8.—The Alabama district convention of the United Mine Workers of America began here today with delegates present from the various local unions throughout the state. The session is to continue a week or possibly longer. There will be the usual amount of discussion concerning wages and conditions of labor, and a large amount of routine business transacted. In the annual election of officers president Ed. Flynn has the opposition of several rival candidates. J. L. Ciemo, the present secretary treasurer, will be re-elected without opposition.

Burdock's Blood Bitters gives a man a clear head, an active brain, a strong, vigorous body—makes him fit for the battle of life.

Members of Albuquerque tent No. 1, K. O. T. M., will meet in the K. of P. hall Tuesday, December 9, at 1:00 p. m., for the purpose of attending the funeral of Brother Wm. H. Allen, which will take place from the Presbyterian church at 2 o'clock. All sir knights are requested to attend. B. Ruppe, commander.

Croup instantly relieved. Dr. Thomas' Electric Oil. Perfectly safe. Never fails. At any drug store.

There is considerable complaint from merchants, and bicycle riders, regarding the sprinkling of the principal streets of the city. The man who handles the sprinkler is quite liberal with the water, which at present appears unnecessary, and as the water does not dry rapidly the streets are a mass of mud.

Itching piles? Never mind if physicians have failed to cure you. Try Doan's Ointment. No failure there. 50 cents, at any drug store.

Belong to that class of inflammatory and disfiguring skin eruptions that cause more genuine bodily discomfort and worry than all other known diseases. The impurities or sediments which collect in the system because of poor digestion, inactive kidneys and other organs of elimination are taken up by the blood, saturating the system with acid poisons and fluids that ooze out through the glands and pores of the skin, producing an indescribable itching and burning, and the yellow, watery discharge forms into crusts and sores or little brown and white scabs that drop off, leaving the skin tender and raw. The effect of the poison may cause the skin to crack and bleed, or give it a scaly, fishy appearance; again the eruptions may consist of innumerable blackheads and pimples or hard, red bumps upon the face. Purification of the blood is the only remedy for these vicious skin diseases. Washes and powders can only hide for a time the glaring blemishes. S. S. S. eradicates all poisonous accumulations, antitoxins the urine and other acids, and restores the blood to its wonted purity, and stimulates and revitalizes the sluggish organs, and the impurities pass off through the natural channels and relieve the skin. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no Arsenic, Potash or other harmful mineral. Write us about your case and our physicians will advise without charge. We have a handsomely illustrated book on skin diseases, which will be sent free to all who wish it. **THE SWIFT SPECIFIC CO., Atlanta, Ga.**

Report of School Superintendent.
Col. J. Frank Chavez, superintendent of public instruction, during the past week has distributed hundreds of copies of his annual report to county superintendents of schools and to principals of city schools throughout the territory. He has also sent 400 copies of his report to Delegate B. S. Rodey for distribution to members of congress and to department officials. The report is very comprehensive and makes an excellent showing for New Mexico's school system. In the work of sending out this publication he has been aided to some extent by the bureau of immigration, which has mailed additional copies to officials of educational institutions throughout the country by whom they will be appreciated and where they will do great good.

SANTA FE NOTES.
Mrs. A. R. Gibson III—Ex-Governor Arny's Remains—Dr. Manley Very Sick.

From the New Mexican.
Mr. and Mrs. A. G. Kennedy have moved into the residence on Palace avenue formerly occupied by Colonel and Mrs. Frost.

District Clerk A. M. Bergere has been attending to his official duties as clerk of the district court in Taos during this week.

Mrs. A. R. Gibson, who has been quite ill during the past week and who has been confined to her residence, is greatly improved.

Miss Pain, of Kansas City, who has been on a visit to her sister, Mrs. Frost, left during the week for her Kansas City home.

Dr. D. W. Manley, who has been confined to his bed in St. Vincent's sanitarium the greater part of the week, is reported to be in a serious condition today.

Mrs. A. M. Bergere and daughter, Miss Nina Otero, expect to leave within the next two weeks for a visit to Los Angeles and other southern California resorts.

Adjutant General W. H. Whiteman has recovered from a severe attack of the grip which has kept him in the house for eight days and is again able to be at his desk in the capitol.

Mrs. L. B. Prince and son expect to leave for New York about the latter part of this month and will be absent about six weeks or two months visiting relatives and friends in New York.

A SOLDIER'S FOE.
Knocked Down by Unsuspected Enemy.

Coffee so affects the brain and nerves that proper nutrition is interfered with and the final ending is frequently nervous prostration.

"During the Spanish-American war, I went with my troop to Chickamauga," says Lieut. J. G. Talbot, of Springfield, Ill. "If there is any one place on earth where one drinks more coffee than another it is in the army. It is a soldier's 'back bone,' and I can assure you that I drank my share. After several months of hard drilling my health gave out, the chief cause being coffee, bad food, over-exertion and heat."

"On the advice of the surgeon, I tendered my resignation and with my heart full of regret and my nervous system shattered, I returned home. Almost the first thing the doctor whom I consulted advised me to quit coffee. That was the first intimation I had that coffee had anything to do with my condition. The next thing was 'What shall I drink?'"

"My wife's mother used your Postum Food Coffee and knew how to make it right, so I tried it and grew very fond of it. My nervous trouble soon left; my old time health came back, and that fall I gained so in flesh that the boys on returning after 'muster out' hardly knew me. Quitting coffee and using Postum did wonders for me."

Washington and Long Island.
It is insisted by some of the older residents of Santa Fe that the body of ex-Governor Arny was removed from the Odd Fellows and Masonic cemetery to the National cemetery some time ago. This is a disputed point and the New Mexican is making an investigation.

Cards have been received here announcing the marriage of Miss Lulu Bessie Reed and Dr. Thomas Archibald McIntyre at Denver on Thursday, November 27. The bride is a daughter of Mr. and Mrs. S. T. Reed, who were early settlers in Santa Fe and resided here for many years. Dr. and Mrs. McIntyre will make their future home at Florissant, Colo. Their many friends here have nothing but the best wishes for them.

Saved at Grave's Brink.
"I know I would long ago have been in my grave," writes Mrs. S. H. Newson, of Decatur, Ala. "If it had not been for Electric Bitters. For three years I suffered untold agony from the forms of indigestion, waterbrash, stomach and bowel dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For indigestion, loss of appetite, stomach, liver and kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50 cents at all druggists.

LAS VEGAS LOCALS.

Death from Diphtheria—Piano for High School—Bell Writes a Letter.
From the Record.

Enrique Mares passed the examination successfully, and has been granted a certificate to teach at Los Gallinas, and Iridora Trujillo will teach at El Rito Salado.

Cards are out announcing the marriage of Miss Alice Koebel, the popular milliner at Elfeld's, and A. C. Potter, on Christmas eve, at the home of the bride's mother in East Las Vegas.

Juan Duran, son of Espridion Duran, of Mareno, N. M., aged 15, died on the west side of diphtheria. The deceased was attending school at the La Salle Institute when stricken with the dread disease.

Despite the bad crops of the past year, the native population will fare much better this winter than was expected. Several large tie contracts have been let lately, and every man or boy who can swing an ax is in demand. The contractors are finding much trouble in getting enough men to supply their contracts.

Miss Paulita Zamora suffered from an accident that may cause her the loss of an eye. She was breaking a board for kindling, when a piece flew up and struck her in the left eye, and the attending physician expressed the opinion that she would very likely lose the use of that member.

From the Optic.

C. D. Boucher, the grocer, has been confined to his bed, threatened with deadly pneumonia.

Of the force employed at the Headquarters restaurant three are ex-employees of the navy.

Dr. Walter Purviance, formerly of Springfield, Ill., who passed a very creditable examination before the territorial board of health at Santa Fe, and has been granted a license to practice as a physician in New Mexico, will likely locate in this city.

At the regular monthly meeting of the city school board it was decided to purchase a piano for the high school at a cost not to exceed \$250, a number of bills were audited and ordered paid and steps were taken to improve the heating apparatus of the Baca avenue school building.

W. M. Bell, who is now a traveling salesman out of Albuquerque for a St. Louis shoe concern, has written to the secretary of the Las Vegas board of trade that his health will not permit of his taking hold of the proposition to establish a shoe factory in this city at present, but asks that the proposition be held open until spring.

Sol. Smith Russell's Great Play, "A Poor Relation."

The engagement of Horace Lewis and company in that thoroughly wholesome play, "A Poor Relation," will take place at the grand opera house next Thursday.

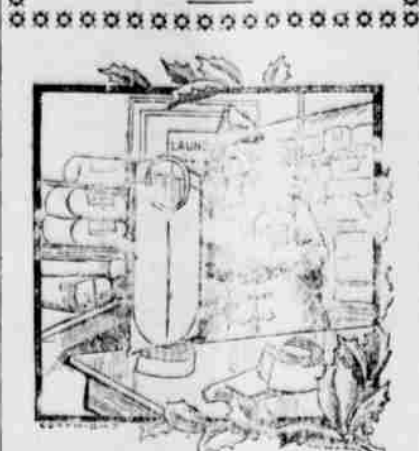

When such plays and "stars" come our way, it is to be hoped that our playgoers will take a day off and give the attraction such a welcome that will bring them back each recurring season. Mr. Lewis, who was selected by Mr. Russell himself to play the part of "Noah Vale," is meeting with wonderful success in this play, and is said to possess the same great underlying qualities of naturalness, dryness of humor and lovable mannerism that endeared Sol. Smith Russell to the American public. In selecting an actor for the part of "Noah Vale" in "A Poor Relation" Mr. Russell recognized these qualities in Mr. Lewis, with whom a long contract was signed, and the famous play will now be seen in its entirety in many places where it has not been seen and where it has been impossible for Sol. Smith Russell to visit. Nearly all of Mr. Russell's own company, together with all the original scenery, property and stage settings will be seen with this company. In the supporting cast will be seen that sterling actor, George R. Sprague, Thurston Hall, George Cowen, Horace Newman, W. S. Miller, O. B. Smith, and Misses Marie Harriott, Fanny B. Sprague, Portia Albee, Henrietta Newman and Maude Calla.

BRILLIANT BANQUET.

El Paso Celebrated the Advent of the
New Southwestern Railroad.

One of the most brilliant banquets
ever served in El Paso was on Wed-
nesday evening to President James W.
Douglas and his associate officials of
the El Paso & Southwestern railroad,
celebrating the completion of that
line. It was under the auspices of the
chamber of commerce and the toasts
were highly eulogistic of El Paso and
the officers of the road. El Paso was
constantly referred to as the Chicago
of the southwest.

Don't be imposed upon by taking
substitutes offered for Foley's Honey
and Tar. Alvarado Pharmacy.

THE GRAND CANYON.

An Edition de Luxe of a Beautifully
Illustrated Volume.

The Grand Canyon of Arizona, is the
simple title of a beautiful book of 124
pages, published by the passenger de-
partment of the Santa Fe system. C. F.
Lummis, J. L. Stoddard, Harriet Mon-
roe, Joaquin Miller, Hamlin Garland,
Edwin Burr Smith, David Starr Jordan,
Charles Dudley Warner and others of
equal renown each contribute an
article, or rather a superb word paint-
ing, descriptive of the Grand Canyon
and its glories. Several of these arti-
cles have already a permanent place in
literature and each one of them is
worthy of the theme. The book is
prolifically and splendidly illustrated
with the finest of half tones from ac-
tual photographs and printed on heavy
calendered paper, making the volume
a work of art and a souvenir which every
visitor to the southwest and espe-
cially to the Grand Canyon, will
want. A limited number of copies
have been placed on sale at the local
ticket office at 50 cents.

Foley's Honey and Tar positively
cures all throat and lung diseases. Re-
fuse substitutes. Alvarado Pharmacy.

HOSPITAL ON WHEELS.

Southern Pacific Will Prepare to Care
for Fatal Wrecks.

The Southern Pacific railroad has
preparations completed for the con-
struction of a completely appointed
hospital car, such as are in use on some
of the northern roads and upon the
Plant system in the south. The plan
was first broached when Dr. Knox
took charge of the medical department
of the road.

The car will be constructed in the
Houston, Texas, car shops and be up

to date in every particular. Operating
rooms, a ward, kitchen and berths for
the attendants required will complete
the equipment within. The construction
has been left in the hands of the
medical department. The hospital on
wheels will be on duty in the yards al-
ways ready for immediate service
when needed on any of the Southern
Pacific roads. Room for eight or ten
patients will be provided.

The headquarters of the car will be
Houston, Texas.

A Thousand Dollar's Worth of Good.

A. H. Thurnes, a well known coal
operator of Buffalo, O., writes: "I have
been afflicted with kidney and blad-
der trouble for years passing gravel or
stones with excruciating pain. I got
no relief from medicines until I began
taking Foley's Kidney Cure, then the
result was surprising. A few doses
started the brick dust like fine stones
and now I have no pain across my kid-
neys and feel like a new man. It has
done me a \$1000 worth of good." Alvarado

BUYS A RAILWAY.

Santa Fe Pays \$50,000 for San Fran-
cisco Suburban Line.

The Santa Fe railroad has secured a
terminal and ferry in Oakland by pur-
chasing the California & Nevada rail-
road, a narrow gauge line which was
planned to run from Emeryville, a sub-
urb of Oakland, to Bodie, near the line
between California and Nevada. Only
twenty-two miles of road were ever
built.

The road was sold under foreclosure
by the Central Trust company of New
York. The Santa Fe paid \$50,000 for
the property, whose chief value is its
terminal facilities for a ferry between
Oakland and San Francisco. The com-
pany secured the road through the
Oakland & East Side railway, one of
its tributaries.

Report From the Reform School.
J. G. Gluck, superintendent, Prunty-
town, W. Va., writes: "After trying
all of the advertised cough medicines
we have decided to use Foley's Honey
and Tar exclusively in the West Vir-
ginia Reform school. I find it the most
effective and absolutely harmless." Alvarado Pharmacy.

MID-CONTINENTAL LINE.

A Director Says Rock Island Wants no
Coast Extension.

"The Rock Island company," said a
director, "has no wish to extend its
system to the Pacific coast, if the com-
pany continues to be fairly treated, as

**Ayer's
Hair Vigor**
This is what Ayer's
Hair Vigor does: Re-
stores color to gray
hair, makes the hair
grow, stops falling,
cures dandruff. Isn't
that enough?

It is now being, by the other great rail-
road companies. There is absolutely
no plan at present under consideration
for the Rock Island to build to the Pa-
cific. A story about an extension of
the Choctaw road from Dallas to Gal-
veston is incorrect. A branch of the
Choctaw ends at Ardmore, which is
about ninety-eight miles from Fort
Worth, Texas, a southern terminus of
the Rock Island. A link between Fort
Worth and Ardmore will undoubtedly
be built. From Fort Worth at the pre-
sent time the Rock Island is building
an extension southward, which, with-
in two years, is expected to reach Gal-
veston and be in full running order.

This extension will give the Rock Is-
land its much desired outlet to the Gulf
of Mexico and tide water. The Rock
Island, as matters stand, is a great
mid-country system, touching the city
of St. Paul on the north, Chicago and
St. Louis on the east, Denver and El
Paso on the west and when the gulf
outlet is completed it will reach Gal-
veston on the south. It will have there
its gulf outlet, while at Chicago it will
have its lake outlet, its lines tapping
all this immense stretch of territory,
the golden agricultural domain of the
United States. The new extension
from Fort Worth to Galveston will run
through some of the best agricultural
country in the south, yielding wheat,
corn and cotton.

THEY'RE "SALESMEN" NOW.

Santa Fe Finds a New Title for the
News Butchers.

The new plan of the Harvey system
to care for its news service on the
Santa Fe's limited trains is meeting
with nothing but favorable comment.
The uniformed newsboy has been the
paramount nuisance to the American
railroad traveler for many years and
any move that tends to displace him
will be well received. The Harvey
system through introducing well paid,
intelligent, gentlemanly salesmen on
the swell trains, expect eventually to
displace the uniformed "butcher" on
all trains. It is found that the sales-
man on the limited trains is very well
received by all classes of travelers.
He is well dressed, polite, well in-
formed and forces his attention on no one.
His thorough knowledge of conditions
along the line make him a valuable
companion and his work results in
sales just the same. It will be many
years before the "butcher" disappears
but the day of his passing has dawned.

Coughs, Colds, and Constipation.

Few people realize when taking
cough medicine other than Foley's
Honey and Tar, that they contain
opiates which are constipating besides
being unsafe, particularly for children.
Foley's Honey and Tar contains no
opiates, is safe and sure and will not
constipate. Alvarado Pharmacy.

It is the intention of the railway company to install an electric plant, when the San Marcial depot is finish- ed, to illuminate the various offices, shops, company dwellings, Harvey house, etc., provided the citizens of that town are in favor of encouraging the scheme to the extent of paying a moderate price for a given number of lights. Dr. C. G. Cruikshank has in- terested himself in the subject, and the prospect of San Marcial becoming modernized along this line will un- doubtedly soon be a reality.

RAILROAD NOTES.

W. E. Hulse, an assistant to Resi-
dent Engineer F. H. Mudge, of Las
Vegas, is in the city.

Fireman Charles Fitch, of the Rio
Grande division, just recently released
from the Las Vegas hospital, is in the
city.

Fuel Inspector J. W. Closson, of the
Santa Fe, arrived from Topeka Sat-
urday night and spent yesterday in the
city.

Dispatcher John Cohan relinquished
his trick at San Marcial and became a
patient in the Santa Fe hospital at
Las Vegas.

It is reported that A. L. Melisen, for-
merly employed in the mechanical de-
partment of the local shops, died in
Chicago last week.

Judge Henry L. Waldo, solicitor for
the Santa Fe railway in New Mexico,
spent last week in New York City on
legal business for the road.

Mrs. S. Long, wife of a brakeman,
left Las Vegas for Chicago. When she
returns she will bring her household
goods and go to housekeeping in that
town.

J. M. Leseney, the passenger conduc-
tor, has sold his residence in Las Ve-
gas to Frank C. Baker, of Kansas, pos-
session of the premises being given at
once.

Superintendent J. S. Hibbard, of the
Winslow division, arrived from the
west this morning in a private car at-
tached to relayed passenger No. 8, run-
ning as first No. 2.

The Farmington Hustler says: Al-
buquerque has awakened to a realiza-
tion of all the good the building of the
Albuquerque Eastern may bring her
people. San Juan alone would send
them \$50 for every dollar they now

Percy F. Knight has been tendered
and accepted the responsible position
of superintendent of telegraph of the
Santa Fe Central railway, with head-
quarters at Santa Fe. H. A. Dodge,
who has been superintendent of tele-
graph, has resigned and will leave
with his family for his former home at
Denver.

W. S. Hopewell, general manager of
the Santa Fe Central railway, left for
Durango, Colo., where he will meet the
corps of surveyors that has been run-
ning a line from Albuquerque to Du-
rango. The work is almost completed
and the line will be in Durango by the
last of the month, unless there is seri-
ous interference from snow.

John C. Sterling, a railway mail
clerk, filed suit in the court of common
pleas at Kansas City against the Santa
Fe road for \$10,000 damages for in-
juries. He alleges that he was work-
ing in mail car at Newton, Kas., when
a switch engine collided with it, the
force of the collision throwing him
against a partition, causing serious in-
juries.

The Southern Pacific reports that
17,164 passengers came over their line
via the Ogden gateway while the low
settlers' or colonist rates were in effect
during September and October. The
number via El Paso during the same
time was 6,686. As the rates were only
effective west bound it is a fair infer-
ence that a large majority of these
passengers remained in California.

The Pacific Coast limited, on the
Denver & Rio Grande line, ran into a
rock slide near Westwater, Utah, the
other day and Fireman Charles Beedle,
formerly of San Marcial, was instantly
killed. Mr. Beedle was a brother to
Mrs. S. G. Hanna and Mrs. P. P. Wil-
son, of El Paso, and was married at
San Marcial about three years ago to
Miss Alzie Anderson. Mrs. Wilson
was a passenger for Helper, Utah, on
Wednesday morning, where the de-
ceased had his residence.

The Optic says: F. Meredith Jones,
chief engineer of the Santa Fe cutoff,
came up from Belen, N. M., on a visit
to his family here. He stated that
John Becker not only granted the
right of way through his lands, but
also said he would foot the bills in-
curred by the company in building that
way. This is a broad assertion and
must be taken with some degree of al-
lowance. However, there is no gain-
saying the fact that the construction
of the line means much for Belen in
general and Mr. Becker in particular.
The contracts will be let on the 10th

A Physician's Tests.

**Bright's Disease and Diabetes
Are Positively Curable.**

Judge Henry S. Foote, a former member of
our State Supreme Court Commission, and one
of the best known jurists on the Coast, makes
the following certificate:

"I am pleased to certify the following facts. A
well-known physician in active practice has two
cases of Bright's Disease and one of Diabetes on the
Fulton Compound. He is willing the results should
be known, but for professional reasons without his
name. As the results are so squarely opposed to all
medical facts, I was asked to investigate and re-
port the facts, which I did and I find and certify as
follows:

"An old-school physician of unquestioned stand-
ing and ability has just tested the Fulton Com-
pound in three cases with these results:
Case No. 1—Mrs. T., chronic Bright's Disease; usual
albuminuria; dropsy, etc.; limbs swollen almost to
bursting. Cause: treatment without result. Under
the Compound the dropsy disappeared in thirty days,
and last of the albuminuria in 30. Cured.

Case No. 2—Mr. H., chronic Bright's Disease of 3
years' standing; albumen large, dropsy, etc. In 3
weeks albumen reduced a half, and a few weeks
later albumen down to a trace and dropsy entirely
gone. Patient insisted it was well and left for an
extended trip. (How early it is believed, for per-
manency.)

Case No. 3—Mrs. P., Chronic diabetes; physician
states: "typical case, worst I ever saw." First ten
days pain disappeared and sugar decreasing. Sec-
ond report: Sugar reduced half; improvement
wonderful; sugar going to zero every test."

Asked what percentage are curable by these
Compound, the physician replied: "I don't know,
but it must be far more than a hundred, if my own
cases are any criterion."

"About: HENRY S. FOOTE,
San Francisco, Cal., San Francisco, Cal.,
Asked who he believed cured by the cure has been
found: "I am satisfied the cure has been found."

Medical works agree that Bright's Disease
and Diabetes are incurable, but \$2 per copy and
positively recovering under the Fulton Com-
pound. (Common forms of kidney complaint
and rheumatism cured, but short residence.)
Price, \$1 for the Bright's Disease and \$1.50 for
the Diabetes Compound. John J. Fulton Co.,
300 Montgomery St., San Francisco, sole com-
pounders. Free tests made for patients. De-
scriptive pamphlet mailed free.

Circular About Holiday Rates.

Circulars of instruction have been
delivered to all the Santa Fe ticket
agents concerning the holiday rates.
There are to be two different rates,
those for teachers and students and
those for the general public. The rate
of one fare for the round trip has been
made for the teachers and students.
This is only for the district west of the
Missouri river, the rate east of the
river being a fare and one-third for the
round trip. The limits are to be from
date of sale to January 8. After the
teacher or the student, as the case
may be, has received a certificate from
the principal of the school stating that
he or she is positively a member of
said school, they may go to the city
ticket office on the day the school
closes or the day after, but no later,
because rates will not be given to
those who appear after said day. The
rates for the general public are the
same as the teachers' and students'
rates and he limit will be from dates
of rate to January 2. Tickets will be
sold on December 24, 25, 31 and Janu-
ary 1.

The Sierra County Advocate says:
A wreck occurred on the Lake Valley
branch last Saturday. How it hap-
pened, or what was the cause, we have
been unable to learn; but some unkind
person spread the report that there was
a race on between the train and a
prospector riding a fast burro from
Rincon to Lake Valley, and that in try-
ing to overhaul the burro the train
jumped the track.

A poultry fattening house of 5,000
capacity has just been completed in
Newton, Kansas, for the Fred Harvey
eating house system. By a new pro-
cess an instrument is used for forcing
prepared food down the throats of the
chickens, causing them to gain from
one to three pounds of fat in about two
weeks. With this machine one man
can feed about 300 chickens an hour,
it being possible to move the appar-
atus from one coop to another.

A Cold Wave.

The forecast of sudden changes in
the weather serves notice that a hoarse
voice and a heavy cough may invade
the sanctity of health in your home.
Cautious people have a bottle of One
Minute Cough Cure always at hand.
E. H. Wise, Madison, Ga., writes: "I
am indebted to One Minute Cough
Cure for my present good health, and
probably my life." It cures coughs,
colds, LaGrippe, bronchitis, pneumonia
and all throat and lung troubles. One
Minute Cough Cure cuts the phlegm,
draws out the inflammation, heals and
soothes the mucous membranes and
strengthens the lungs. J. H. O'Reilly

LOST \$200,000.

Mexican Central Suffers from a Depre-
ciating Currency.

The steady decline in the price of
silver has been a source of consider-
able loss to the Mexican Central, and
mars the otherwise good showing of
the company so far this fiscal year.

After having last year received an
average of 47.8 cents for its Mexi-
can dollars, it is confronted this year
with a fall in Mexican exchange of
from 44.9 cents January 1 to 43.7 cents
April 1, 41.5 cents July 1 and 39 cents
November 22. This fall has caused a
loss to the company up to September
30 of probably \$200,000.

Emporia Gazette Tells Tales About the
"Brass Buttons."

A lot of Santa Fe officials were here
yesterday, says the Emporia, Kansas,
Gazette.

Among them were General Superin-
tendent Hurley, Superintendent Mc-
Lellan and others. They reached Em-
poria rather late, but decided they
would improve the time and go down
and take a look at the new round-
house. They went, but afterwards
were almost sorry for it. In the round
house an engine had been smoking
badly and part of the house was filled
with smoke. In this "brass collars" be-
came lost and could not find the doors.
One of them, in trying to reach an
opening, fell through
