DETECTIVE RENO

He Was Here After Prisoner, Harry Munroe.

RETURNED WITHOUT THE CULPRIT

Some Facts About the New Railroad for Cochiti District.

THE DIRECTORS MET THIS MORNING

Without the prisoner, Harry Munroe, W. H. Reno, of Denver, special agent of the Colorado & Southern railroad, left this morning for Trinidad. Officer Reno had with him a warrant for Munroe, not for committing the recent safe robberies, but for crooked work in this section of the country in 1899.

It will be remembered that in the year mentioned there occurred a series of safe robberies similar to those of the past month. Safes at La Junta, Trinidad, Las Vegas and the sensational Simpson robbery of this city all followed in rapid succession.

Harry Munroe, the crook now in the county jail and his pal E. G. Collier were arrested and confined in the jail here. They both escaped and Collier was caught in Los Angeles. When arrested he had in his possession a \$5 bill of a peculiar nature, which was identified as having been stolen from the safe at Trinidad. The bill was placed between two small saws concealed under his shirt bosom. All the other booty was sent by express and never recovered. However, the peculiar five dollar bill sent Collier to the penitentiary at Canon City, where he is now serving eight years. Munroe escaped the officers at Los Angeles and went north, where he got mixed up in some crooked work and was doing time at Walla Walla, where he made his escape.

Officer Reno had been done much harm by Munroe and kept close track of him. He kept a close watch for Munroe when he learned of his escape from Walla Walla, but had never been able to apprehend him. When he learned of the important catch by Marshal McMillin he came on with his papers, with the purpose of convicting him for the crime of 1899.

The incriminating evidence would not doubt get him about twelve years. Collier confessed when on trial that Munroe was with him when they raided this part of the country three years ago.

"I have no doubt whatever," said Mr. Reno to a Citizen reporter this morning, "but that Munroe committed all these recent robberies here, and I am of the opinion that he had a large gang of crooks working with him. The authorities here are inclined to let me take him and convict him with the old charges against him if nothing further develops here. Munroe will never talk unless he is forced to, and I am afraid a great many things will have to be learned before that happens."

"He is wanted all over, but I have evidence that will place him in safe keeping for at least twelve years. He has caused us a great many losses, and I am confident he is at the head of the gang which has caused so much consternation in the southwest. I expect to return for Munroe in a very short time, as we believe by putting him through the hot irons he will reveal some of his secrets."

"He is a smooth crook and needs watching."

THE COCHITI ROAD.

Directors Held an Important Meeting Here This Morning.

The directors of the new railroad to be built from about three miles north of Thornton connecting with the Santa Fe to Bland and the Cochiti mining district held a meeting at the Alvarado this morning.

The directors are P. L. McKinnie, of Chicago; D. C. Dunlap, of Albuquerque; A. L. Allen and G. L. McKinnie, of Chicago.

A survey of the new road has been made by Chief Engineer Dunlap, and the profile maps have been completed. The topographical maps are under construction and will be completed soon. Engineer Dunlap will remain here for some time, and will go over the line next week.

The chief business transacted by the directors was the consolidation of the various mines in the Cochiti mining district. Deeds were executed yesterday and this morning to the Alamo Consolidated Mining company by

the Washington Mining and Milling company and North Star to the Washington, North Star and Sunny South lodes, and other fractional interests lying between; also to the Crown Point, Bull of the Woods and Giant lodes. Adjoining lodes known as L. & L. and Mammoth, Black Girl, Allerton, Mogul, Miners' Union, Laura S., Wandered and high tide. These properties are patented and form a one body acreage. It is the purpose of the company to develop them in a systematic manner from three different points. It is generally conceded that these properties are the principal and most valuable in the district.

Officers of the company have not been elected, but will be shortly. The local interests of the company will be represented by members of the board of directors, with headquarters in Albuquerque.

The company will be officered by well known men of experience and financial ability. It is probable that P. L. McKinnie will be made president. Chief Engineer Dunlap will make complete surveys both over and under ground upon which plans for development will be prepared.

Most of the mining property has been patented and that which has not will be in a very short space of time.

R. L. McKinnie will leave for Chicago tonight.

Death at Bluewater.

Col. J. S. Van Doren, of the Bluewater Land & Irrigation company, came in from Bluewater this morning, and called at The Citizen office. He states that the company's clerk and bookkeeper, Charles M. Stude, died at Bluewater on Tuesday, December 2, from hemorrhage of the lungs. The remains, at the request of his mother, were buried at Bluewater, subject to being exhumed and shipped for permanent burial to Chicago, where his mother and sister reside. The deceased was 24 years old, and Colonel Van Doren says "he was a most excellent young man and a valuable employee."

ELKS' OPERA HOUSE.

Money Paid Over to F. E. Sturges for the Property Site.

MATTERS WILL NOW BE PUSHED.

"The money has been paid to F. E. Sturges' former owner of the San Felipe hotel site and the Elks have a deed for the property and site for their new opera house," said Frank McKee, of the Elks' building committee. The Elks have also paid for the plans of the new building, and will take the matter of building up just as soon as the Albuquerque Eastern railroad business is settled, which will be in the near future. And next winter Albuquerque will have one of the finest play houses in the southwest.

FALSE RUMOR.

Joe Barnett Said to Have Been Shot and Mortally Wounded.

Yesterday morning, at about 8 o'clock, Joe Barnett and a party of hunters, left the city in two wagons for a few days' hunt along the river and at the lakes around La Joya. This morning, a report reached the city, via the local railway shops, that the rumor was current down there that Mr. Barnett had been accidentally shot and was considered mortally wounded.

On hearing the report, The Citizen notified the Western Union Telegraph company to ask its operators south of the city, and as far as La Joya, if they could substantiate the report, and a wire was received that the rumor was undoubtedly false, as no one had been shot in their vicinity.

Mrs. Barnett heard of the report and feared the facts, but this afternoon, on being informed that the rumor was false, became easy of mind.

Santa Fe Printers.

At the meeting of Santa Fe Typographical union, No. 405, held on Wednesday, the following officers were elected to serve for the ensuing year: President, Camilo Padilla; vice president, H. W. Stevens; treasurer, Canuto Alarid; secretary, Benigno Muniz; sergeant at arms, John Howland; executive committee, M. Vigil, J. J. Ortiz and R. A. Watkins.

The university basket ball team, the Silver and Cherry, engaged in a contest on the university campus this afternoon. There exists an interesting rivalry between the teams and the games are fiercely fought. The young ladies of the university engaged in a practice game this afternoon, preliminary to their basket meet with the young ladies of the high school.

VESSEL BURNED

Philadelphia Firemen Drowned Fighting the Flames.

EX-SPEAKER REED'S CONDITION

Laboring Classes of England Suffering From Severe Winter.

NEW MINISTER TO JAPAN APPOINTED

Philadelphia, Dec. 6.—One fireman was drowned, another missing and two others were taken to the hospital overcome by smoke as the result of a fire which broke out early today on the steamer Saxon, owned by the Boston and Philadelphia Steamship company. The steamship lies in twenty-five feet of water at the foot of Pine street, burned to the waters edge.

The dead fireman is William Seville, who went into the hold of the vessel to fight the flames. Before he could reach the deck again the vessel gave a lurch and Seville was caught in the rush of water and drowned.

Another fireman who was in the hold is missing and it is feared that he was drowned.

All other firemen have been accounted for.

Divers are now in the hold of the vessel, searching for the bodies of Seville and the other fireman.

It is not known how the fire originated. The loss is about \$50,000.

Ex-Speaker Reed's Condition.

Washington, D. C., Dec. 6.—Ex-Speaker Reed's physicians this morning issued the following bulletin:

"Mr. Reed passed the night with the supervision of alarming symptoms. He slept during the most part of the night, but was unable to retain nourishment satisfactorily. Pulse, 88; temperature, 98.3-5; respiration, 34."

At 2:30 this afternoon Dr. Gardner said there had been no change for the better in Mr. Reed's condition from that recorded in the bulletin issued early today.

In response to inquiries as to Mr. Reed's actual condition Dr. Gardner said it was extremely serious. His condition he regards as extremely critical.

SEVERE WINTER.

Cold Weather Causes Suffering Among the English Poor.

London, Dec. 6.—Winter is having a serious effect on the laboring classes in England. Thousands of unemployed daily congregate at the dock yard gates, literally fighting for a chance to get a day's work. Unskilled laborers there are in so great numbers that police find it necessary to protect the foremen who distribute tickets each morning.

The board of trade returns show the largest per cent for ten years past of unskilled persons out of work, while the proportion of skilled men without employment is constantly growing.

Woolwich arsenal authorities have discharged 2,000 mechanics since winter set in and are preparing to discharge 4,000 more.

To the army of people out of work must be added 56,000 members of the army reserve who have been released from the colonies.

Coincident with the general distress the ship builders federation is preparing for a test of strength that may precipitate a general strike equal to the great engineers strike of a few years ago.

Minister to Japan.

Washington, D. C., Dec. 6.—President Roosevelt today authorized the official announcement to be made that he would name John Barrett, of Oregon, to be United States minister to Japan, to fill the vacancy caused by the death of Minister Alfred E. Buck.

BACK FROM PITTSBURG.

Experiences Encountered on Trip with Indians to the Smoky City.

John Lee Clark, of the Hyde company returned from Pittsburgh yesterday, where he installed the Indian blanket weavers at the Hyde store in the smoky city.

His exhibit occupies a department of the Joseph Horn & Co.'s large store, and is filled with spectators and curious seekers all the time.

"The first day was the most exciting," said Mr. Clark this morning. "As soon as the people learned that the blanket weavers were at work it required a half dozen police to keep the crowd away from the door. I took them up the elevator and instead of being frightened they were tickled,

and displayed their feelings with laughter and shouts. In the afternoon I took the whole bunch out for a street car ride. They attracted lots of attention and crowds followed us everywhere. We had not proceeded far with the car ride, when the fuse blew out, and the Indians bolted for the door and had leaped off into the snow before I could stop them. I finally assured them that the car was not dangerous and they got back in and finished the ride. I tried to get them into an automobile but they would not risk their lives with it, and said "White man's things no good."

At dinner, by mistake, the waiter brought on ice cream rather early, and after the delicious frozen delicacy touched their lips they would eat nothing more.

"It was the first time any of them had ever seen any of the eastern cities and it was really amusing to watch them when something new which they could not understand was brought to their attention."

"The trip to Pittsburgh was full of minor experiences, the most exciting of which occurred at Kansas City. The train was eight hours late, and wishing to look up our connections I left the Indians in the train. When I returned train and Indians were both gone. I immediately put all the police, Pullman porters and everyone I could obtain on the trail. In the course of an hour they were found in the waiting room huddled up in one of the far corners. I learned afterwards that the train had been pulled up in the yard about a mile and the Indians thrown out. How they found their way back to the waiting room I could not learn. I left them happy and contented in their new environments."

H. E. Fox, Jr., of the Hyde company, will leave tomorrow night for Chicago with three industrial Indians from Thorpe, who will be put to work in the Hyde curio department in the large store of Schlesinger & Meyer of the windy city.

NO LONGER A CANDIDATE.

Major W. H. H. Llewellyn Withdraws From Race For Speakership.

WILL ASSIST HON. NESTOR MONTAÑA.

Hon. M. A. Otero, of Santa Fe, governor of the territory; Hon. Solomon Luna, of Los Lunas, national republican committeeman of New Mexico; Hon. F. A. Hubbell, of this city, chairman of the territorial republican central committee, and Major W. H. H. Llewellyn, of Las Cruces, district attorney of the Third judicial district, held a most important conference at the Alvarado, in this city, last night.

It was mutually arranged and agreed upon that Major Llewellyn would withdraw as a candidate for speaker of the lower house of the next territorial legislature, and that the united support of the republican legislators would be given to Hon. Nestor Montaña, of this city, for the speakership.

"There is no factional fight," remarked Major Llewellyn, "in the republican party of this territory. Everything is harmonious and Mr. Montaña will be the next speaker. Bernalillo county assisted me in securing the office when I was speaker a few years ago, and I now return the compliment by withdrawing my name and will lend my influence toward the election of the candidate from Bernalillo county, a county which has never been honored with a speakership."

Major Llewellyn will leave tonight for Deming, where the Luna county court opens next Monday.

PASSENGER WRECKED

Four People Killed and Several Injured in Canadian Pacific Wreck.

Truro, N. S., Dec. 6.—The Canadian Pacific fast express which left Halifax for St. John and Montreal this morning was wrecked on the Inter-Colonial railway near Belmont station. Four passengers were killed and several passengers and one brakeman were injured.

Two of the bodies were so badly mutilated as to make identification difficult. The other two are those of Engine Driver Rider and a second class passenger, W. B. McDonald.

The accident was due to the pilot, which dropped in front of the engine.

There will be a free concert tomorrow (Sunday) afternoon at the Orchestration hall. Everybody invited to attend.

PENSION BILL

Unanimously Passed the House in Ten Minutes.

MURDERER WANTS NEW TRIAL

French Chamber of Deputies Indulgo in a Free Fight.

SENATOR QUAY WILL FIGHT TO A FINISH

Washington, Dec. 6.—Immediately after the reading of the journal, the house today entered upon the consideration of the pension appropriation bill. The bill aroused no discussion. Mr. Barney, of Wisconsin, in charge of the measure, explained that the appropriations it carried, aggregating \$139,847,000, were practically identical with those for the current year and that it contained no new legislation. The bill then was passed without a word of comment, exactly ten minutes having been consumed in its consideration.

Mr. Olmstead, of Pennsylvania, presented the report of the Wagner-Butler contested election case from Twelfth Missouri district and gave notice that he would call it up next Wednesday.

The regular order was then demanded. This was the London dock charge bill, which came over from last session as unfinished business. As Mr. Sherman, of New York, who is opposed to the measure, was absent it was agreed by unanimous consent that the bill should be taken up on Monday and that a vote should be taken at 4:30 on that day.

The house then proceeded with the call of committees. Bills were passed to readjust the time for holding court in the western judicial district of Texas; to confer jurisdiction upon the circuit court and district courts of South Dakota in certain Indian cases; to create a new division of the western judicial district of Missouri.

MURDER CASE.

Lawyer Patrick Pleading for New Trial of His Case.

New York, Dec. 6.—Argument on the motion for a new trial for Albert T. Patrick, convicted of the murder of William M. Rice, was continued today before Recorder Goff. It was agreed by both sides to present all their evidence in the form of affidavits to be ready next month. An exception was made as to Frederick T. House, Patrick's former counsel, and Aurich and Payne, morgue attendants, whose evidence was ruled out at the last trial, counsel for the prosecution wishing to examine them.

Disgraceful Scene.

Paris, Dec. 6.—There was an unprecedented scene in the chamber of deputies this afternoon over the Humbert case. Members of the right party engaged in a free fight with the center party members. The premier, M. Combes, was forcibly ejected from the rostrum and the sitting was suspended amid intense excitement. The disturbance arose when M. Vallée, progressive republican, described Frederick Humbert as a "Boulangist deputy."

QUAY WILL FIGHT.

He Will Force the Passage of the Statehood Bill.

Special to The Citizen.
Washington, Dec. 6.—Senators Quay, Elkins, Penrose, Bate and Bailey are leading the statehood fight; Hale and Beveridge the opposition. Quay says that if the opposition talk to the end of the session there would be a large amount of unfinished business. The president authorizes a survey of the Texas and New Mexico boundary line.

Divorce Case.

Denver, Dec. 6.—The divorce of Mrs. Cathryn Atkins vs. Edwin G. Atkins, was decided today by the jury in favor of Mrs. Atkins. The amount of alimony is left to the judge. Mrs. Atkins sued for \$50,000.

Critically Ill.

New Orleans, Dec. 6.—A. C. Hutchinson, president of Morgan's Louisiana & Texas railroad (Southern Pacific), is reported critically ill at his residence in this city.

GOT FOUR MONTHS.

Denver Aldermen Go to Jail for Contempt of Court.

Denver, Dec. 6.—Mayor Wright and eleven aldermen were sentenced this afternoon by Judge Mullins, of the district court, to serve four months in jail for contempt of court. The eleven aldermen who voted for the franchise in face of the injunction are: W. B.

Tebbetts, president of the board; John D. Moss, Andrew Horan, P. B. Russell, John Conlen, Wm. Gahan, James Parish, George W. Welch, F. A. Bailey, D. S. Gray and Pinkney Wallack.

Badly Ventilated Schools.

It is believed by many parents that the lack of modern sanitary, ventilating and heating apparatus in the Santa Fe public schools, is the cause of considerable illness among the children of the city and many parents are keeping their children out of school on that account while those who can see their way clear are speaking of moving to places which have modern public school facilities. When will Santa Fe recognize that Santa Fe's greatest need at present is not so much railroads, factories and other improvements as desirable as these are, as modern school buildings?—New Mexican.

J. F. McNally, the superintendent of the Rio Grande division, is in the city from San Marcial.

SOLICITING COMMITTEE.

They, for the Albuquerque Eastern, Meeting With Big Success.

The Albuquerque Eastern railroad rustling committee, (The Citizen will not mention names for fear of leaving out some of the good workers), started on the rounds early this morning, and at 4 o'clock this afternoon the workers were on their way to the manufacturing plants on North First street and the railroad tracks.

To a hail from The Citizen representative, Mayor Myers remarked: "Tell the good news to the people, that the Albuquerque Eastern is a go, and that the merchants and property owners are now responding nobly. The amount needed will undoubtedly be subscribed in a few days, and the glad tidings will then go sailing down the avenues, alleys and by-ways of the land that Albuquerque will soon have a competing line of railroad."

ANOTHER FAIR MEETING.

Held Last Night and Proved a Genuine Love Feast.

EXTRA POWER GIVEN OFFICERS.

C. C. Hall, president and P. F. McCanna, secretary, accepted the honors at last night's meeting of the Territorial Fair association. Those assembled voted them a salary of \$500 each, and gives them power to make additional expense, if they see fit. Before adjournment, all differences were healed, and the meeting developed into a love feast of the genuine kind.

The newly elected officers, C. C. Hall, president; P. F. McCanna, secretary, and thirty members of the board of directors of the fair association met in called session last night over Zeigler's Cafe to discuss the matter of salaries for the officers and to ascertain if the officers would accept, as there were rumors afloat that they would not.

President Hall called the meeting to order.

President Hall then stated that he hoped that the ill feeling, if any, coming out of a recent meeting be dropped and that harmony reign in the association in the future, if they expect to make the fair a success.

A director asked the chair for the business this meeting had been called for.

The matter of salaries of the president and secretary were then taken up. A motion made to pay the president and secretary salaries of \$500 each was carried.

A discussion of expenses of the secretary's office then followed. Secretary McCanna said that he thought the salary of \$500 would pay all expenses.

President Hall stated that there was more or less extra expense connected with the office and did not think it right to restrict the secretary to any extent. If the citizens of Albuquerque desired a good fair it would cost money. He said that the office for several weeks before the fair was a beehive and that two good men could barely do the work and answer all questions.

Mr. Ackerman thought that the matter of a few hundred dollars should be no obstacle in the way of the newly elected officers, as unforeseen expenses were sure to arise.

B. Ruppe made a motion that the officers of the fair association be authorized to use their own judgment in the matter of clerk hire and expenses.

Another discussion then followed. Mr. Everett suggested that the mat-

UTAH SHAKEN UP

Southern Utah Disturbed by Earthquake Shocks.

WHEN CONGRESS WILL ADJOURN

Cuban Children Released by New York Immigration Authorities.

A COLORADO POSTOFFICE ROBBERD

Salt Lake, Utah, Dec. 6.—Since November 17, when an earthquake shook up southern Utah and as far north as Salt Lake, there have been daily shocks felt in the extreme southeastern portion of the state.

According to advices received from Pine valley, a hamlet, in the mountains of Washington county, not a day has passed since that date that at least one earthquake shock has not been felt, and serious alarm is being felt for the safety of the place. Every chimney in town has been badly cracked or completely tumbled over. At Pinto the shocks have been so severe that the public school has been abandoned for several days. About fifteen miles south are five or six old craters, and the continuance of the earthquake shocks has strengthened the belief that there has been a fresh outbreak of volcanic activity in mountains of that region.

Date of Adjournment.

Washington, Dec. 6.—Representative Payne, leader of the majority, today introduced a resolution in the house for a holiday adjournment from December 20 to January 6.

Children Released.

Washington, Dec. 6.—The eleven Cuban children, who have been detained at New York during the past several weeks by the immigration authorities, were ordered released today by the treasury department and they will immediately proceed to the Point Loma Universal Brotherhood school in California.

Postoffice Robbed.

Rocky Ford, Colo., Dec. 6.—The postoffice was robbed early this morning. The safe was dynamited and wrecked. Only money was taken. Postmaster Young refuses to say how much. Registered packages and stamps were not molested. Blood-hounds have been sent for.

CORONA SHOOTING.

Pistol Shooters Get at Each Other—One Killed.

Information has reached the city of a spirited shooting affray at Corona, a new town on the Rock Island, last night. W. L. Day started the fight by pulling a shot gun on P. Thompson, a bartender, who is said to have hit Day's nephew over the head with a six-shooter. The discharge from the shot gun took effect in Thompson's right arm. Thompson dropped his gun, but quickly recovering, let Day have all there was doing. Six shots were fired, each one taking effect. One shot entered the abdomen, others pierced the hands, chest, face and neck.

The wound in the abdomen is thought to be fatal. He was brought to Alamogordo this morning, and the opinion is that he will die today.

Thompson gave himself up and was placed in the Lincoln county jail. The feeling is strong against Thompson, and strenuous measures will be taken against the carrying of fire arms.

New Lodge Officers.

Albuquerque camp, No. 1, Woodmen of the World, at their meeting last night, elected the following officers for the ensuing term:

P. A. Little, P. C.; F. A. Hopping, C. C.; W. F. Albertson, A. L.; P. Scheck, bookkeeper; D. E. Philipps, clerk; J. Strumquist, escort; C. P. Fredericks, watchman; C. A. Hall, secretary; J. P. Leighton, L. F. Maier, A. W. Bambook, managers; W. G. Hope, J. F. Pearce, W. W. Spargo, physicians; D. E. Philipps, delegate.

Putney's New Building.

The big grocery house of L. B. Putney, located on Railroad avenue, directly opposite the Alvarado is to have a handsome new home in the spring. The new building will be brick and be built on the site directly opposite the old Santa Fe freight house, and will extend from Railroad avenue to Tijeras road, a distance of several hundred feet. It will have a sixty foot front.

Mr. Putney was seen this morning and acknowledged that he had been notified by the Santa Fe to move, and also stated that he was going to build in the spring.

New Mexico demands Statehood from the Fifty-Seventh Congress.

There are a few drones in this city
who are a clog on every public enter-
prise.

The statehood situation is hopeful.
The bill of admission is almost sure to
pass before the holiday recess of con-
gress.

The people of the territories demand
that the republican party of the United
States quit lying in its national plat-
form.

Nearly all the brewers of St. Louis
are millionaires, and a surprisingly
large number of them are being sent
to the penitentiary.

While December is pleasant as May
in this portion of the world, the Atlan-
tic coast is being swept by a blizzard
of snow and sleet.

Secretary Hitchcock is in favor of
storing up the surplus water of the
great west, but is vigorously opposed
to the fencing of the public domain
for the benefit of cattle syndicates.

The speakership contest in this ter-
ritory is happily settled. Major Llew-
ellyn has withdrawn from the contest,
and Nestor Montoya will be the unani-
mous choice of the republican mem-
bers of the house for the position.

The republicans of Oklahoma are in
favor of the omnibus statehood bill.
Admitting New Mexico, Arizona and
Oklahoma into the Union. That terri-
tory does not wish to be tied up in a
state with the several hundred thou-
sand and Indians of the Indian territory.

The numerous Indian depredation
claims in the territory give convincing
proof that the Indians of the past gen-
eration worked overtime sheep steal-
ing. The evidence shows that all the
sheep in the territory in those days
were stolen by Indians two or three
times a year.

No commissioner of Immigration any
where will have complaint to make
about Kansas. There are 8,106 school
houses in Kansas and 11,709 school
teachers. There have been 137 new
school houses built during the year.
Of the school teachers 8,223 are school
ma'ams and the rest are men.

A Washington dispatch to the St.
Louis Globe-Democrat says: "Senator
Quay, in conducting the canvass for
the statehood bill has been fighting in
the open. Today he did not hesitate,
when one of the republican senators
questioned the strength he claimed, to
show a canvass made of the senate. It
indicated the solid democratic side for
the measure and twelve republicans."

The El Paso News says that the Ok-
lahoma admission bill is only a
scheme to sidetrack the omnibus bill.
It is understood that President Roose-
velt may veto a bill that gives Indian
territory tribes a share in Oklahoma
statehood. At any rate the house
would probably refuse to approve of
the substitute bill. The senate can
kill much time in discussing the Okla-
homa bill and perhaps prevent any ac-
tion in favor of Arizona and New Mex-
ico.

The New Mexican says that one of
the most influential advertisements
that the climate of New Mexico has
ever received is that included in the
annual report of the secretary of the
treasury, Leslie M. Shaw, when he
recommends that the sanitarium be

thrown open to pay patients in ad-
dition to patients from marine service,
because such a step would undoubtedly
result in the cure of many cases that
would be incurable under other envi-
ronments.

Reports from the general land office
show that 6,109,939 acres of land was
disposed of by the government during
the first quarter of the current fiscal
year, the receipts therefrom aggregat-
ing \$2,615,189, an increase of 600,837
acres and \$1,184,910 in receipts over
the first quarter of the last fiscal year.

Arizona is making an earnest fight
for statehood. Governor Alex. Brodie
and other prominent territorial offi-
cials, and B. F. Porter, president of
the Phoenix board of trade, and many
citizens are sending out numerous
telegrams to people of prominence in
this country to influence favorable ac-
tion in the passage of the omnibus
statehood bill now before the senate.
A special effort is being made to se-
cure the co-operation of the southern
California industrial organizations to
influence Senator Bard, whose assist-
ance is much needed.

ALMOST IN SIGHT.

The city soliciting committee are do-
ing energetic work securing a sub-
scription of \$40,000 to purchase depot
grounds and right of way for the Albu-
querque Eastern railway. They hope to
finish the work next week. About
three-fourths of the necessary sum has
been subscribed. This is a matter that
is of vital interest to every property
owner and business man in Albuquer-
que, and everyone should subscribe
to the limit of his ability to the fund.

RIGHT MEN.

Messrs. C. C. Hall and P. F. McCann
have accepted the presidency and
secretaryship of the Territorial Fair
association, and will get to work at
once on the preparations of the next
annual fair which will be held in this
city next October. These two gentle-
men are in every way qualified to
make the big exhibition a grand suc-
cess and a credit to the city and terri-
tory. Entirely new features will be on
the program, and while it will be hard
to exceed the exhibitions of the past
two years, every effort will be made to
put the fair next year far ahead in
scope and attractiveness. If the state-
hood bill passes the senate it is the
intention to make the first state fair
a gala week in every way.

A MISSION OF HATE.

The Las Vegas Record says that
Senator Beveridge and his allies in the
anti-New Mexico scheme were not in
Las Vegas one hour, before it became
quite apparent that their mission was
not an honest one. They could not con-
ceal the fact that they came to New
Mexico on a mission of hate, for the
chief purpose of finding some excuse
for their unfounded and bitter prej-
udice against the people of this terri-
tory. They displayed but little, if any,
anxiety to see the numerous creditable
features of New Mexico, of which
its citizens have every reason to feel
proud, their chief desire being to nose
around the alleys and caverns of civic
government and human existence,
which can be found in every state in
the Union, as well as in New Mexico.
The fact is that they came here in the
capacity of scavengers, instead of hon-
orable senators whose sworn duty it

children. But there can be no joy in
motherhood without health, and without
health for the mother there can be no
health for the child.
It is of vital importance for women to
know that the health of mother and child
is in general entirely within woman's
control. The thousands of women who
have used Dr. Pierce's Favorite Pres-
cription when expecting motherhood,
have testified that it made them healthy
and happy in the days of waiting, made
the baby's advent practically painless,
and gave them health to give their chil-
dren.

Mrs. W. J. Kidder, of Hill Dale Farm (Enos-
burg Center), Enosburg Vt. writes: "During the
past year I found myself expecting maternity,
and in rapidly failing health. I suffered dread-
fully from bleeding and urinary difficulty. I
was growing perpetually weaker each day and
suffered much sharp pain at times. I felt that
something must be done. I sought your advice
and received a prompt reply. Took twelve
bottles of Doctor Pierce's Favorite Prescription,
and also followed your instructions. I began
to improve immediately, my health became
excellent and I could do all my own work (we
live on a good sized farm). I walked and rode
all I could, and enjoyed it. I had a short, easy
confined and have a healthy baby boy."

was to seek facts with fairness, unbi-
ased by prejudice, and render an honest
report to the distinguished body of
which they ought to be truthful mem-
bers. It was for this reason that they
paid so little attention to the bright
side of New Mexico and gloated over
anything and everything calculated to
serve their treacherous purposes.

PLEA FOR STATEHOOD.

The senate committee on territories
has decided to report adversely on the
applications of Arizona and New Mex-
ico for admission to statehood and fa-
vorably on that of Oklahoma. It is ex-
ceedingly unfortunate that the com-
mittee should have decided on this
course, says the San Francisco Chron-
icle.

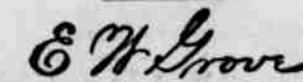

In most cases the report of the com-
mittee would settle the point at issue.
But in this instance there is every
likelihood of a strong fight being made
in favor of the minority report recom-
mending the admission of all three ter-
ritories.

An analysis of the division of the
committee indicates that its action has
been influenced by politics. It is not a
case, however, where politics should
govern. Arizona and New Mexico are
seeking admission to statehood to fa-
cilitate self government. The issue in-
volved in their application is simply
this: Shall they be permitted by con-
gress to enter the larger field of use-
fulness as integral parts of the na-
tion which their population and natu-
ral resources entitle them to occupy,
or will congress insist upon continuing
to dwarf their ambitions and capabili-
ties by refusing to remove their terri-
torial limitations? The issue ought to
be met fairly and squarely on its own
merits, and entirely independent of
any question in politics.

Few parts of the country has devel-
oped as Arizona has done during the
past ten or fifteen years. The value of
its vast resources began to be revealed
as soon as its Indian troubles were set-
tled. Since then enterprising men and
an abundance of capital has entered
the territory. It ranks high as a min-
eral producer. Its possibilities in other
directions are beginning to be under-
stood. Self government is desired for
the purpose of stimulating their devel-
opment, as it surely will do. As a
state, Arizona will doubtless become
a great industrial and manufacturing
region. It is now possessed of a popu-
lation large and prosperous enough to
warrant its assumption of the respon-
sibilities which self government im-
poses. Few of the states of the Union
has as large or as enterprising a popu-
lation as it possesses today when
they were admitted.

What is thus said in Arizona's favor
applies in the main also to New Mex-
ico.

The prayer of both should, there-
fore, be granted by congress without
hesitation or discussion.

Notes from Correspondents

GOLDEN NOTES.

Few Paragraphs From a Good Mining District North of the City.

Special Correspondence.
Golden, N. M., Dec. 5.—Leonard Skinner, of San Antonio, spent the day among his friends in Golden yesterday.

J. Yoeman, manager of the boarding house at the Una de Gato coal fields, was a visitor in Golden yesterday on special business.

Messrs. Edgar Moore and S. H. Farley, managers for the New York and Boston mining companies, are building a cyanide plant on the Industrial Placer Gold Mining company's ground to treat the cement beds.

W. H. Dicks, agent for Charles L. Thayer, trustee for the Monte Cristo Placer Mining company, situated in Golden, has several men working in the company's placer ground, doing the annual assessment work for the year 1902.

The McKinley Mining company, in the San Lazarus gulch, are working every day and the main shaft is now over eighty feet deep. Work will continue to the 125 foot level before any drifting will be done to tap the main free gold ore body found above. The McKinley company have been doing the best work in this shaft that has ever been done in this county, and the owners deserve credit for doing their work in the best mining way that can be done.

The San Lazarus gold mines and machinery was sold in Santa Fe last week under the master's hammer to pay the indebtedness incurred by the mismanagement of the last superintendent of the company, in doing the work where no ore was ever found. As the property has produced a good many thousands of dollars of gold since its discovery there is not the least doubt of it being made a heavy producer of the precious metal when it becomes the property of some good mining men who would go to work on the ore the mine has, and quit prospecting for large dykes and mountains of ore. There is ore in the San Lazarus mine right now if it is properly taken out that will pay big when run in the company's mill, which is built right at the mine. It is hoped that this property will become the possession of good mining men who will use the right judgment in working the mine. The old company done enough work in the San Lazarus to have made a great mine out of the property if the many thousands of dollars that the company spent had been put in developing the rich veins discovered years ago, instead of trying to find a mountain of gold all piled up by the Spaniards many years ago, as some of the managers thought. The Spaniards did not pile the gold in the mountains for somebody else's benefit. They had use for all they could get themselves.

Ballard's Horehound Syrup.
Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, druggist Shullsburg, Wisconsin, writes May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle, they come back for more. I can honestly recommend it; 25c, 50c and \$1.00 at Cosmopolitan Pharmacy—B. Ruppe."

MESILLA PARK.
Some interesting items from Agricultural College.

Special Correspondence.
Mesilla, Park, N. M., Dec. 4.—Col. A. B. Frost has installed the military department in the college. Each student will drill five hours a week—one hour each day.

The basket ball team will play two games at Albuquerque Christmas. They expect to play the high school and the Indian school.

The foot ball season is over at the college. The team this year tied the Albuquerque and Santa Fe Indians, but lost the second game with the Albu-

querque Indians by a score of 6 to 0. Everything looks good for a strong team next year. Following are the members of the college eleven this year: Coach, J. O. Miller; captain, Rex Hart. The line-up: Full back, O. B. Metcalfe; right end, H. Opegrworth; left end, J. O. Miller; left half back, Clay Newberry; right half back, Bernard Miller; quarter back, A. Brown; right tackle, Rex Hart; right tackle, William Pophrey; left guard, Cadwallader; center, V. Brown; substitutes, C. Randal, W. Isaacs, Ray Albridge, Benjamin Mabours, Lucero John Hughes, Rex Gilliam.

The college will put out a fine base ball nine this spring. About six of the college students are old base ball players. Walter L. Miller has charge of base ball and is trying to arrange games to be played at Roswell, Albuquerque, El Paso, Santa Fe and Las Vegas.

Miss Davis, the efficient professor of English, is getting up a theatrical company to give a play at the college and in Las Cruces. The money will go toward helping the basket ball girls pay up expenses.

Professor Goss took his class in mineralogy to his ranch in the Organ mountains and had them do some practical work.

D. E. Case, brother to L. W. Case, who has been at the college since September, arrived here a few weeks ago and will take a short course in agriculture.

BODY OF GOVERNOR ARMY.

Will Be Buried in the Potters' Field Unless Some Suitable Arrangement Can Be Made.

The removal of bodies from the Odd Fellows' and Masonic cemetery was commenced yesterday, and is being carried forward as rapidly as possible, says the New Mexican.

The remains of W. M. F. Army are buried there, but will not be moved until the territory has been given an opportunity to take action or some arrangement is made for their suitable care. W. M. F. Army was secretary of the territory from 1862 to 1867 and again during 1872 and 1873. During the civil war he was for 15 months acting governor. His remains are buried in a metal casket and unless some proper provision is made for their re-interment, there will be no place to put them except in the potters' field at Fairview cemetery. Those in charge of the work do not wish to place the remains of an ex-governor of the territory in the potters' field, and will give until January 1 for some arrangement to be made. It has been informally suggested that permission be secured to bury the body in the national cemetery as he was a war time governor. Another suggestion made is, that the territory purchase a lot in Fairview cemetery and the body be re-interred there. Until the end of the month no action will be taken for the removal by those doing the work, in order that some of the officials or some organization may take the matter up and make a proper arrangement for re-burial.

To Make Steel Rails.
Birmingham, Ala., Dec. 6.—As a result of the successful tests of the manufacture of steel rails which have just been completed at the Ensley plant of the Tennessee Coal, Iron & Railroad company, the rail mill at that place will now be kept in steady operation. The successful manufacture of steel rails is considered as opening a new era for the Birmingham district.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested, you are underfed, no matter how much you eat. And the underfed man, to the extent of the underfeeding, is crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you eat. Then you ought to use a good digestant like Kodol Dyspepsia Cure, which digests what you eat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspepsia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspepsia Cure will digest it. It quickly relieves the sensation of fullness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Leonel James, Marysville, O., says: "I suffered from dyspepsia for thirty years but a few bottles of Kodol Dyspepsia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

THE HISTORY CLUB.

Met Last Night in a Most Interesting Meeting.

The History club met in regular session last night. The resignations of H. J. Stone and Roy A. Stamm were accepted and the names of six applicants for membership were presented. W. S. Burk and Dr. P. G. Cornish were selected from the six by ballot vote.

The regular program decided on at last meeting was then carried out and the numbers proved interesting. Attorney O. N. Marron made a short talk on "The Rio Pecos" and the early settlements along its banks. Dr. Hope on the story of "La Mesa Enchantada" was the subject of some discussion.

Professor Alonzo Norman expounded undisputed facts on the story of "El Dorado," the gilded man.

The Jemez ruins and the fifth chapter of Bancroft's New Mexico and Arizona were briefly but interestingly spoken of by Attorney A. B. McMillen.

The program decided on for the next meeting is as follows:

Discussion of sixth chapter of Bancroft's New Mexico and Arizona; leaders, M. E. Hickey, C. W. Ward.

Talk on life of Juan de Onate, James A. Wroth.

Montezuma myths, A. B. McMillen. The Taos country, its earliest history, W. S. Burk.

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades. As to teas. Everyone knows that to keep the very best to be had in the territory.

POLICE COURT.

Four vagrants were on the bench in police court this morning, and as they were in hard luck the judge was easy with them.

They claim they were to have been shipped out of here this morning. Being without money and a place to sleep they spent the night the best way they could. About 4 o'clock Officer Barton threw them into the black hole because they could not give a good account of themselves. The train carrying about twelve vags, who were being shipped to Kennedy, went without them and now they will have to shift for themselves.

A bad looking Chinaman got \$10 for being drunk. He didn't want to understand the charge, but he had to when he heard the sum of \$10 placed over him.

PROBATE COURT.

Proceedings of the Session Held at
Court House the Other Day.

SEVERAL ESTATES SETTLED.

Regular proceedings of probate court of Bernalillo county, held at Albuquerque, December 1, 1902.

Present: Hon. Esquipula Baca, probate judge; T. S. Hubbell, sheriff; J. A. Summers, clerk. Proceedings of previous meeting read and approved.

Now comes B. V. Garcia and presents a petition to be appointed a guardian of Biceña y Garcia, minor, which was approved, he to file a bond of \$50, which bond was also presented and approved.

The report of the appraisers in the estate of H. C. Leeds, deceased, amounting to \$1,688.12 was presented and approved.

In the matter of the estate of Santiago Gonzales, deceased, now comes Mariano Gonzales, administrator, and files his final report, and thereupon it is ordered that publication be made according to law; that approval of said final report be made if no objections are made at the January term of said court.

In the matter of the estate of H. C. Leeds, deceased, Ben Bothe, administrator for the estate, presented a petition, asking that the court grant him permission to sell all the household goods and personal property of deceased stored in house owned by estate, and that moneys so derived could be used in payment of debts due and owing by the estate. The petition further states that this recommendation does not include jewelry, but simply the other listed personal property.

Upon the reading of the foregoing petition and after hearing counsel for the administrator, the court ordered that said administrator be and is authorized to sell said personal property listed, except jewelry, and give report of doings in the premises.

In the matter of the estate of Quirica Padilla, deceased, the court appointed Estanislado Padilla and Nepomacino Padilla as administrators of said estate and further ordered that said administrators give bond in the sum of \$500. It is further ordered by the court that said administrators perform no duty relating to said estate until after said bond is approved and filed.

In the matter of the estate of Antonio Sandoval, deceased, the court discharged the former administrators, Charles F. Hunt and Amado C. de Baca, on account of their failure to comply with petition of heirs and furnish a report of estate. The court further acted in the matter of said estate by appointing Nicolas Ortega as administrator of said estate in the place of former administrators and that he should file bond as required by law in the sum of \$3,000, the estate consisting only of a pending Indian depredation claim. Nicolas Ortega presented said bond of \$3,000 and it was approved. Francisco Apodaca y Molina and Rafael Apodaca y Molina acting as sureties.

In the matter of the guardianship of Willie G. Neher, Carrie J. Neher, Lola Neher and George M. Neher, minors, Max Ehrlich, attorney for Mrs. Anna Zirhut, presented a petition to the court asking that Geo. K. Neher, guardian of said children, be ordered to give a new bond in the matter of said estate, as Ferdinand Lowenthal, one of the bondsmen, had left the territory. The granted petition ordered said Geo. K. Neher to file new bond in the sum of \$9,000.

In the matter of the estate of Juana Chaves de Armijo the court released J. B. Armijo as administrator de bonis non and appointed in his stead one Jacobo Yrisarri, he furnishing bond in the sum of \$20,000, furnishing M. W. Flournoy and Andres Romero as sure-

ties.

The will and testament of Minnie Toefter, deceased, was opened and read in open court. The court decided, after hearing witnesses, that the will be approved. Attorney J. H. Stingle, counsel for Henry F. Kaefer, husband of deceased, prayed an appeal from the said judgment, appealing said will to the district court, which was granted. Prudencio Garcia was appointed administrator of the estate of Avelina Vigil de Barros and furnished approved bond in the sum of \$300.

Prudencio Garcia was appointed guardian of Pedro Archibeque and Felipe Archibeque and of their estate, and furnished approved bond in the sum of \$300.

In the matter of the estate of Pablo Garcia de Mirabel, deceased, Epiménio A. Miera, administrator, made final report of final settlement of said estate all debts having been settled, the court approved said report and discharged said administrator from further liability.

Frank H. Strong was appointed administrator in the estate of Edward C. Keath, deceased, he filing an approved bond in the sum of \$370.

Frank H. Strong was appointed administrator in the estate of John A. Lagge, deceased, and filed an approved bond in the sum of \$240.

The last will and testament of Andrew Smith, probated in Los Angeles, Cal., was admitted to the court of Bernalillo county, New Mexico.

Adjourned Regular Term. Albuquerque, N. M., Dec. 2, 1902.

Present: Hon. Esquipula Baca, probate judge; T. S. Hubbell, sheriff; J. A. Summers, clerk.

The last will and testament of Jose Baca y Barola, deceased, was admitted and approved.

The matter of probating the last will and testament of Percilena C. de Baca de M. was postponed until the next regular meeting of court.

T. C. Montoya, attorney for Francisco Padilla y Arias, presented a petition asking a citation upon Jose Padilla y Arias, administrator of the estate of Jose Manuel Padilla, deceased, requiring the said Jose Padilla Arias to make report of all his doing as such administrator to the court on or before the next January term, which petition was granted.

Eugenio Hurtado, administrator of the estate of Vicente Hurtado, deceased, made final report of said estate, which report was approved and the administrator and his bondsmen were discharged.

John W. Akers, administrator of the estate of Pantaleon Miera, deceased, presented his final report on said estate.

CAN WRITE THEM.

Calkins, the Story Teller.

Franklin W. Calkins, of Wyoming, Wis., who writes many interesting stories for the "Youth's Companion," says: "Food can make or unmake a writer. For a number of years, living the sedentary life of a writer and student, I suffered all the ills of nervous dyspepsia. I could eat nothing in the morning save the dry crust of toasted bread and a cup of weak coffee. For my dinner at 6 o'clock I had been in the habit of eating rare beef steak, the only food from which I seemed to get proper nourishment, but the meal was taken without the after pangs of indigestion; I was beginning to get disgusted with life.

"About a year ago a friend suggested Grape-Nuts, telling me of the benefit he had received from the food and I began with it as directed; I found immediate relief from my indigestion and in a short time my dyspepsia left me entirely. I have now used Grape-Nuts for a year and have had no trouble with my stomach, having eaten many enjoyable dinners.

"I find in fact that all you say for Grape-Nuts is true and it is certainly the food for brain workers and the truth of your claims is proved in my own case. I have no appetite for meats."

estate, which was approved, and together with his bondsmen he was discharged.

In the matter of the estate of Chas. W. Lewis, the court decreed that the administrator, George E. Lewis, pay all preferred accounts in full from funds in bank and to compromise with other accounts and suits pending, and after performance of said order he report same to court in full.

In the matter of the estate of T. A. Finical, the claim of J. A. Henry against said estate was paid in the sum of \$1,104.13.

HE DESERVES IT.

Alton Flagman Who Fought Robbers Will Be Rewarded.

It takes courage to fight two highwaymen armed with rifles, and because he did fight them, B. F. Patton, a Chicago & Alton flagman, is to be rewarded by his employers. When the Alton train No. 12, from Kansas City to St. Louis, reached Independence, Mo., last Saturday night two men boarded the rear sleeping car, each man carrying a rifle. They ordered Patton to hold up his hands. Patton grasped the barrel of one of the rifles, and with his lantern struck the other bandit in the face, knocking him off the car. Robber No. 2 promptly fled, and from a safe distance both highwaymen opened fire on the railway man. When he fell, shot in the leg, they fled. A railway company surgeon who was on the train dressed Patton's wound and the flagman remained at his post till his run ended.

Patton has been in the employ of the Alton as flagman since November, 1895, and is a popular and painstaking employee. His record, officials say, is an exceptionally good one.

Foley's Honey and Tar positively cures all throat and lung diseases. Refuse substitutes. Alvarado Pharmacy.

Something good for Christmas

During the holiday season, when good cheer everywhere prevails, there is nothing nicer to have in the house than a little good whiskey, and besides, your physician will tell you it is excellent in many cases of sickness. But you must have good whiskey, pure whiskey. You don't want to drink poor whiskey yourself, much less offer it to your friends, while as a medicine, poor whiskey, adulterated whiskey, may do you decided harm.

HAYNER WHISKEY goes to you direct from our own distillery, with all its original goodness and flavor, and carries a **UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY AND AGE**. When you buy **HAYNER WHISKEY** you save the enormous profits of the dealers and have our guarantee that your money will be promptly returned if you are not perfectly satisfied with the whiskey after trying it. That's fair, isn't it?

HAYNER WHISKEY
PURE SEVEN-YEAR-OLD RYE
4 FULL \$4.00 EXPRESS
QUARTS 4 PREPAID

We will send you **FOUR FULL QUART BOTTLES** of **HAYNER'S SEVEN-YEAR-OLD RYE** for \$4.00, express charges paid by us. Try it and if you don't find it all right and as good as you ever drank or can buy from anybody else at any price, send it back at our expense and the next mail will bring you your \$4.00. Could any offer be better? This offer is backed by a company with a capital of \$200,000, paid in full, and the proud reputation of 36 years of continuous success. We have over a quarter of a million satisfied customers, proving conclusively that our whiskey is all right and that we do exactly as we say. Shipment made in a plain sealed case, with no marks or brands to indicate contents.

If you can use 20 Quarts, or can get some of your friends to join you, we will send you 20 Quarts for \$10.00, by freight prepaid, thus saving \$4.00.

FREE With each four quart order we will send free one gold-tipped whiskey glass and one corker. If you wish to send an order to a friend, as a Christmas present, we will enclose with the shipment an elegant souvenir card, with both your names neatly printed thereon.

George Baumgartner made a business trip down from Rhodes last Monday.

Ice has formed on several of the ponds from six to eight inches thick and cutting will soon commence.

Clarence Sluss, it is said, has decided not to return to Williams, but will stay in Kansas, among the sunflowers.

Wood has been in great demand the past week. Many were caught without a sufficient supply and had to hustle for more.

Howard Noble and Jack Mullin, who have been teaming to Hill Top for the United Gold & Platinum Mines company, have been compelled to lay off this week as the roads are too heavy.

Gus Reamer came in Wednesday from the east. He had visited in Toledo, Ohio, and several places in Michigan. Through his neglect to send proper word the boys didn't have cause to charivari him, much to their disappointment, and his—if he would only own up.

Abd Fork is to have electric lights. C. T. Lewis has let a contract for the construction of a building 60x20, adjoining Pitts' store on the east, which will be occupied on January 25 by the Postal Telegraph company as an office and relay electric power station. The Postal company will furnish light for the business houses and residences of that thriving burg.

A Cold Wave.

The forecast of sudden changes in the weather serves notice that a hoarse voice and a heavy cough may invade the sanctity of health in your home. Cautious people have a bottle of One Minute Cough Cure always at hand. B. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures coughs, colds, LaGrippe, bronchitis, pneumonia and all throat and lung troubles. One Minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs. J. H. O'Reilly & Co., B. H. Briggs & Co.

Mrs. Alexander left here the first part of the week for Algert, where she has secured a position as teacher in the Indian school.

Miss Mabel Stark, of Cayuga, Ind., is stopping at the Navajo hotel. She has been engaged as teacher at the Indian school in Algert and will leave in a few days for that place.

Little Miss Bernice McCann is visiting her cousin, Norma McGinty. Miss Bernice made the trip from her home in Los Angeles all alone and now considers herself quite an experienced traveler.

Freeman Stewart returned from a short visit to the camp of the Briggs' hunting party. He says that the gentlemen have plenty of game on hand and that they are enjoying a very successful outing.

William W. Bass, the genial proprietor of the Bass hotel and trail at the Grand Canyon, made a short business visit to Winslow. Mr. Bass said that the tourist business at the Grand Canyon was very satisfactory, though a foot of snow makes matters a little disagreeable at present.

Most of the hunting parties which left for the mountains on the opening of the deer season have returned home and most of the hunters were flushed with success. Game is reported plentiful along the headwaters of Chevelon creek and many a fine deer and an abundance of wild turkeys were bagged. Superintendent Hibbard's party was caught in a heavy snow

storm on the north side of the Grand Canyon and was obliged to return without getting a chance at any deer.

Mrs. Theodore Roosevelt, wife of the president, donated a snug sum of money to aid in purchasing Christmas things for the Indian children at the Truxton Indian school. The donation was made through Miss Fannie Calfee, matron of the school.

George R. Gooding, who has been in the Mount Hope country on a deer hunting expedition, arrived home. He succeeded in killing one deer, while Charley Blakey, his companion, killed the limit. The hunters were snowed in and had to pack over to Seligman.

At Needles, the other day Eli Hilly, the well known mine owner of the Gold Roads country, met with a painful accident. He was going out to the street from one of the business houses and fell, fracturing the bones in one of his legs below the knee. He was taken to the hospital and will be laid up for some time.

H. H. Watkins, who was one of the party that recently went into the Mogollon mountain country on a hunting expedition, returned home a few days ago. His party had great success in the mountains but the snow fell too deep to remain there longer. Mr. Watkins got the limit of deer allowed by law and was well pleased with his bag. The party got twelve deer and some other game.

Had a Good Time.
A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says: "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. In the matter of the petition for the granting of a franchise to the Electric Light Company to furnish electricity for power, heat and illuminating purposes.

Be is ordained by the Honorable Board of County Commissioners of Bernalillo County, New Mexico:

Section 1. That the Electric Light Company of Albuquerque, New Mexico, a corporation organized and existing under and by the virtue of the laws of the territory, and its successors and assigns shall have the right to establish, construct and maintain in the County of Bernalillo, electric power plants for the manufacture of electricity for all purposes to which the same may now or hereafter be applied, and to operate and maintain same during the continuance of the franchise.

Section 2. That there is hereby granted to the said Electric Light Company, and to its successors and assigns, the right to furnish to the inhabitants of the County of Bernalillo, whenever its proper authorities may desire to contract therefore, electricity for power, heat and illuminating purposes and for such purposes to maintain the necessary poles or posts of wood, iron or other suitable material, and to string and put in place all necessary wire, apparatus and other attachments suitable or proper for the successful operation of electric light and power plants as the same is now and has been heretofore constructed and maintained by the said Electric Light Company, or to excavate the roads, avenues and public highways within the limits of the said county as they now exist or may exist in the future and any additions thereto, for the purpose of conducting such wires beneath the surface of the ground and for the transmission of such electricity and from time to time to replace the poles and wires now existing, or to erect and construct additional poles and wires as the occasion may require along the said public highways, roads or avenues, or across the same, and other public places within the limits of the said County of Bernalillo, and all additional thereto; and string, put in place and maintain the necessary lamps, wires, apparatus and other attachments upon the posts or poles hereafter to be erected above and across said roads, public highways or avenues.

Section 3. Said Electric Light Company shall put and keep in good order all such poles, posts, lamps, wires and other apparatus as has been heretofore erected or in use by it, and which may hereafter be erected, so long as the same shall be kept for use, and shall always be prepared to furnish, and shall furnish to the county and its inhabitants a good quality of electricity for power, heat and illuminating purposes.

Section 4. The Electric Light Company shall adopt and use in its business any and all devices and safeguards which may be from time to time discovered, invented for the protection of persons, and the protection against injury growing out of the use of said electric currents.

Section 5. The County of Bernalillo in granting the franchise surrenders no privileges or rights that it may now have or possess of owning or installing any system of light, heat or power, and furnishing the same to the said county and inhabitants thereof.

Section 6. That the Electric Light Company or its assigns shall assume and pay all liabilities or risks for damage to persons or property which may arise from the construction or operation of any or all parts of said plant or plants or appliances connected therein that may be erected or constructed, and shall save the County of Bernalillo, its officers, agents and servants harmless from any and all liability that may arise or be incurred from the erection, construction or operation of same.

Section 7. The rates to be charged by the Electric Light company shall not exceed the following, to-wit:

Meter rates: Business houses 15 cents per kilowatt; residence rates, 20 cents per kilowatt; 16-candle power, 10 o'clock closing, one dollar and

fifty cents each per month; 16-candle power, all night, two dollars and twenty-five cents each per month.

Section 8. That all grants and privileges herein granted and conferred upon the said Electric Light Company, its successors and assigns, shall continue in full force and effect for the period of twenty-five years from the passage of this franchise.

Section 9. That this franchise shall be null and void unless the said grantee shall, within thirty days after its passage file with the clerk of the Board of County Commissioners, its acceptance of the franchise herein granted, subject to the conditions herein provided.

Approved by the Chairman of the Board of County Commissioners of Bernalillo County, New Mexico, this 16th day of August, 1902.

E. A. MIERA,
Chairman Board of County Commissioners, Bernalillo County, New Mexico.

A. HARSCH,

Newbro's Herpicide

Don't blame the dog for not finding this bottle in time, to save his master's hair, for the microbic growth that denuded the hunter's scalp was planted there years before the dog was born.

What an authority says:

"Baldness is a contagious disease caused by a microbe. It begins in the young, and increases with age, sometimes slowly and sometimes rapidly." Such is the straightforward statement of Dr. Sabouraud, of Paris, the noted author and investigator. It requires years of microbic growth in the scalp to produce dandruff, but its appearance shows that the work of destruction is well advanced and that Newbro's Herpicide should be used at once. Read what a well known physician says: "I have used Herpicide with marked results. I was troubled with intense itching of the scalp and a great deal of dandruff. Since using your preparation both of these symptoms have disappeared. I assure you that I will prescribe it in cases where I think it can be used successfully." (Signed) A. O. JOHNSON, M. D. Kansas City, Mo.

A retired army officer's experience:

"For some time past I have been troubled with dandruff, and with hair falling out. My head itched continually, while my hair appeared lusterless and dead. I tried several remedies without any permanent relief, and had about reconciled myself to premature baldness. After using a bottle of your treatment, I have been very greatly benefited. The hair has stopped falling out, the itching has ceased, no more dandruff forms on the scalp, my hair is coming in thick and soft and has a fine, glossy appearance. What rate can you make me on one-fourth dozen bottles?" (Signed) C. D. TOWSLEY, Lieut. U. S. Army, Retired, Colonel W. N. G. Milwaukee, Wis.

WARNING!

The success of Newbro's Herpicide has caused the market to be flooded with so-called dandruff cures. Don't expect satisfactory results from something the druggists assure you was "just as good." HUDSON AT HEAD.

Appointed Traffic Manager of the Mexican Railway.

Announcement was received yesterday of the appointment of C. R. Hudson, formerly Santa Fe assistant general freight agent at Topeka, to be traffic manager of the Mexican Central railway, a new position which has been created to take care of the increasing business of the road. As traffic manager of the Mexican Central Mr. Hudson will have charge of both the freight and passenger departments. Mr. Hudson's position with the Mexican Central has been that of general freight and passenger agent.

It is also announced that W. D. Murdoch, formerly district passenger agent of the Santa Fe at Wichita has been promoted from the position of assistant general passenger agent of the Mexican Central to that of general passenger agent. H. Lawton, formerly assistant general freight agent of the road, takes the position of general freight agent.

Saved at Grave's Brink.

"I know I would long ago have been in my grave," writes Mrs. S. H. Newsum, of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the forms of indigestion, waterbrash, stomach and bowel dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For indigestion, loss of appetite, stomach, liver and kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50 cents at all druggists.

IN NORTHERN CALIFORNIA.

The Santa Fe's Plans are Now Revealed.

The future plans of the Santa Fe in northern and central California are beginning to be revealed, says the San Francisco Chronicle. Articles of incorporation of an extension of its system from Stockton to the Nevada line, via Sacramento, Oroville and Beckwith pass, have been filed at Sacramento. The incorporators are practically the same as those who recently obtained a franchise to enter Oakland on the east and occupy a commanding position on the harbor on the south side of the city, where a new ferry to San Francisco is to be established. No concealment is made now of the fact that these incorporators represent the Santa Fe company. Having obtained the terminal facilities it desires at tidewater, and secured the right of way to reach them, the company has

evidently no interest to serve by further concealment of its relations with these new projects.

The Santa Fe is seemingly determined to occupy the northern and central part of the state as thoroughly and aggressively as it has the southern counties. This means more to these sections than can be expressed in words. From Stockton to Oroville the new line will practically parallel the roads of the Southern Pacific company. But the country covered is rich enough and sufficiently extensive to support more than two competitive railroads. Between these two points it will probably appear later that certain short and independent roads, apparently beginning and ending nowhere, will dovetail naturally into the main trunk and form important feeders, as many of the far-end railroads in southern California did when the main line entered that territory.

To Get Rid of a Troublesome Corn.

First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequaled. For sale by all druggists.

175 LOADS OF RAILS.

Lot of Steel for Salt Lake Road at Barstow.

One of the largest consignments of steel rails ever shipped west is tied up at Barstow, awaiting disposition by the San Pedro, Los Angeles & Salt Lake railroad, to which corporation the material is consigned. The aggregate is 175 car loads.

J. Ross Clark denied any intention of the Clark railroad corporation to absorb the California & Eastern. Chief Engineer Burns of the Santa Fe is said to be investigating the San Pedro, Los Angeles & Salt Lake railroad proposed route from one terminus to the other. J. Ross Clark, when pressed for a statement, said:

"We propose to use the steel now at Barstow for a little construction in that vicinity. We may cross the Santa Fe at Daggett or at a point in that neighborhood. Our complete plans are not yet ready for newspaper exploitation."

Senator W. A. Clark is in Europe and is expected to land in New York December 10. He went abroad for the ocean voyage.

STUDYING MEXICAN LAW.

Robert Mather Doing Some Preliminary Work for a Railroad.

Robert Mather, of Chicago, second vice president and general counsel of the Rock Island, has been at Mexico City several days investigating the legal requirements governing the building and operation of railroads in Mexico. It is reported that he will make application to the Mexican government for a concession in behalf of the Rock Island for building a railroad from a point on the international boundary at El Paso, Texas, to one of the Pacific coast ports of Mexico, probably Guaymas, on the gulf of California. The presence of Mr. Mather in Mexico at this time gives color to the recently published report that negotiations are pending for the purchase of the Rio Grande, Sierra Madre & Pacific road. The latter line runs from El Paso southwest to Torrazas, a distance of 156 miles in a direct line toward Guaymas. By the acquisition of the road an extension of about 250 miles would have to be built to reach Guaymas.

Boy's life saved from Membranous Croup.

C. W. Lynch, prominent citizen of Winchester, Ind., writes: "My little boy had a severe attack of membranous croup, and only got relief after taking Foley's Honey and Tar. He got relief after one dose and I feel that it saved the life of my boy." Refuse substitutes. Alvarado Pharmacy.

WANT HEAVY DAMAGES.

'Frisco Road Has a Big Suit on at Mound City.

The trial of the case of Mrs. Carrie Marshall, of Kansas City, vs. the St. Louis & San Francisco railway for \$10,000 damages for the death of her husband, Sperry W. Marshall, who was killed by being struck by the cars on the Frisco platform at LaCygne, Kan., last December, began in the district court here Wednesday. Most of the day was consumed in securing a jury to try the case, which promises to be one of the hardest fought legal battles tried for many years.

C. O. French and L. C. Boyle, of Kansas City, and John C. Cannon, of Mound City, late democratic candidate for associate justice, are attorneys for Mrs. Marshall, while James Black, 'Frisco attorney at Kansas City, and James D. Snoddy, of Pleasanton, represent the railway company.

Coughs, Colds, and Constipation.

Few people realize when taking cough medicine other than Foley's Honey and Tar, that they contain opiates which are constipating besides being unsafe, particularly for children. Foley's Honey and Tar contains no opiates, is safe and sure and will not constipate. Alvarado Pharmacy.

HEROINE'S LIFE PASS.

Mrs. Holtzclaw, of Langdon, Kan., Warned a Train of Danger.

Mrs. J. M. Holtzclaw, of Langdon, Kan., is the proud possessor of a lifetime pass on the Rock Island railroad, given to her for saving a train. A week ago Tuesday Mrs. Holtzclaw discovered that a Rock Island bridge near her home was on fire. Around a curve beyond a hill she saw the smoke of an engine. She hastened to the railroad track and succeeded in flagging a heavily loaded freight train. Had she not stopped the train, life and property undoubtedly would have been lost.

As a recognition of her services a pass good for life on all the lines of the Rock Island system was sent to her by the general superintendent of the road.

A Good Cough Medicine.

(From the Gazette, Toowoomba, Australia.)

I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Wockner. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by all druggists.

CURING

CONSUMPTION.

When Scott's Emulsion makes the consumptive gain flesh it is curing his consumption.

Exactly what goes on inside to make the consumptive gain weight when taking Scott's Emulsion is still a mystery.

Scott's Emulsion does something to the lungs too that reduces the cough. More weight and less cough always mean that consumption is losing its influence over the system.

Scott's Emulsion is a reliable help.

RAILROAD NOTES.

Passenger Brakeman Dolman is laying off suffering from an abscess of the hip.

Charles H. Stoneback, editor of the Rand-McNally Official Railway Guide, has resigned, to take effect December 31.

D. F. Davis, of Topeka, an assistant to James Dun, chief engineer of the Santa Fe system, was in the city yesterday and went to Belen last night.

Mrs. F. R. Williams, of Needles, arrived this morning and will spend a couple of days visiting with her husband, who is at the Santa Fe Pacific hospital suffering with fever.

The Toledo, Fort Wayne & Southwestern Railroad company has been organized and proposes to build a steam railroad from Topeka to Indianapolis by way of Fort Wayne. Toledo has no direct line to Indianapolis.

At Madisonville, Ky., it is announced that the Illinois Central has awarded the contract for the grading of the proposed road between Marion, Ky., and the Ohio river, thus completing their line between Nashville and St. Louis.

It is stated that the Pennsylvania company has decided to increase its proposed expenditures in Pittsburgh from \$2,000,000 to \$5,000,000. The freight congestion is practically ended, and the yards in Pittsburgh are comparatively clear.

Following close upon the announcement that the Union Pacific railroad would pension its old employees General Manager Bancroft, of the Oregon Short Line, has just issued a circular stating that on January 1 the Oregon Short Line, the Oregon Railroad & Navigation company and the Southern Pacific company will establish a pension system. A fund will be provided

for the purpose of each separate road, the benefits of which will accrue to those employees who have been in the service for twenty years continuously and who have reached an age necessitating retirement from the service. All of these roads belong to the Harriman system.

George W. Dunn, superintendent of bridges and buildings for the middle division of the Chicago & Alton, left Springfield, Ill., for Sacramento, Cal., to become assistant resident engineer of the Southern Pacific road, headquarters in Sacramento.

A. E. Stilwell states that the election of George J. Gould to the directorate of the Kansas City, Mexico & Orient road did not mean that the Goulds were to invest any money in the project. It does mean, however, that all the Gould lines will be feeders for the Orient and will in turn get all the Orient's traffic.

The Santa Fe California limited has something new and entirely up-to-date in her equipment. It is a new buffet smoking car which is somewhat different from all others in style and finish. These cars have just been built by the Pullman company for the Santa Fe. The first one put in service went through yesterday on No. 3.

It is a matter of surprise to Rock Island passenger officials that the passenger traffic to Colorado, New Mexico and California does not fall off, now that the low rates are past. But day after day the west bound trains are packed full. The Golden State limited has been carrying more passengers each day since it was put on the schedule.

There is hardly a road in the country that is not in the market for freight cars and most of them are placing orders as fast as they can for new passenger equipment. The Rock Island is reported to be completing arrangements for 10,000 new freight cars to be delivered in 1903. The Santa Fe is trying to find some factory willing to take an order for 3,000 cars.

D. Hardy, general superintendent of the Missouri Pacific until a month ago, who went to Salida, Colo., to become superintendent of the second division of the Denver & Rio Grande, has resigned that job. It is said that Hardy is in poor health, and will go to his ranch in New Mexico. His son, S. J. Hardy, has been appointed chief dispatcher of the Denver & Rio Grande at Salida.

BITTER FIGHT.

Senator Quay in the Best Battle of His Career.

A special Washington dispatch, dated December 3, to the St. Louis Globe-Democrat, says:

"The ball was started rolling in the senate this afternoon in the statehood fight by the offering of a verbal report from the committee on territories. It favors the admission of Oklahoma and Indian Territory as a single state. It rejects the proposal in the house bill to give like privileges to Arizona and New Mexico. The majority of the committee made this report. The committee stood 6 to 5 on the proposition. The republicans, with the exception of Senator Quay, of Pennsylvania, favored the bill for Oklahoma and Indian Territory and the rejection of the other two territories.

"The fight over the measures is expected to be a bitter and prolonged one. Senator Quay, as leader of the forces contending for statehood for all three of the territories, proposes to lose no opportunity of securing the rejection of the majority bill and the passage of the house bill providing for all three. That the battle is to be a closely contested one was indicated by the events of the afternoon, when half an hour was spent in establishing just what the procedure should be a week from today, when, under an agreement made at the long session, the bill will come up as unfinished business. Senator Quay contended that the agreement provided that the bill should be

unfinished business until disposed of. President Pro Tem. Frye held that it would become unfinished business unless displaced by a vote of the senate. "Evidently the republican senators are planning to sidetrack the matter if they find they can not get a sufficient number of votes to admit only Oklahoma and Indian Territory. The democrats will favor three territories. Senator Bate gave formal notice to this effect.
