## SEVERE STORM

Snow and Sleet Visit the City of New York.

BLIZZARD IN THE CATSKILLS

Philadelphia in the Midst of a Terrific Storm.

### DEATH OF MINISTER BUCK

New York, Dec. 5.—A snow and sleet storm delayed traffic in New York today. Service on the elevated lines was seriously interfered with and communication between up town and down town by means of surface lines was very slow and difficult. Dispatches from all parts of the state show that the storm is prevailing everywhere with varying severity. At Albany the snowfall is very heavy and all trains reported from one to five hours late. Blizzard conditions prevail at Schenectady, Saratoga and other places in the east and north part of the state. From Rochester to Buffalo the storm is much milder. In this city the storm developed into a blizzard as the day grew. Sound steamers arrived several hours late and their officers reported the storm very heavy up the sound. Telegraphic service east of New York to New England especially is prostrated and northward through New York state the service is greatly impeded by the wind and snow.

The White Star liner, Teutonic, which reached her dock today, completed a trip of seven days and thirteen hours of almost continual storms. The ship met particularly severe weather last night approaching port and anchored in the lower bay. The last bit of the voyage up to the dock was made in a blizzard. Every day of the trip the passengers were kept within storm doors and one of the crew was nearly washed overboard. Toward noon the storm abated but the wind continued high.

### Terrific Storm.

Philadelphia, Dec. 5.—A fierce snow and rain storm, amounting almost to a blizzard, is prevailing through Pennsylvania today. Railroad service in all directions is badly crippled and telegraph and telephone wires are prostrated. Throughout the anthracite coal region the fall of snow is reported to be very heavy and it is drifting badly, necessitating the shutting down of many collieries.

### Heavy Snow.

Pittsburg, Dec. 3.—During the night the heaviest early snow storm in years visited this section. Today there are five inches of level snow and much inconvenience has resulted to street car and railway traffic. Snow flurries still continue.

### Storm at Washington.

Washington, Dec. 5.—Severe snow and wind storm visited this city last night and the snow is still falling. Damage to telephone and telegraph wires is reported. The weather bureau promises clear weather for the afternoon with much colder temperature to night. The storm is central on the New Jersey coast and will move northward into New England tonight, where it will be most active.

### Blizzard.

Catskill, N. Y., Dec. 5.—A fierce blizzard struck the Catskill mountain region last night. The wind is blowing a sixty mile gale and traffic is delayed.

### Cold in London.

London, Dec. 5.—Cold weather continues to prevail throughout the united kingdom. Gales and heavy seas interfere with the channel traffic and there have been many minor casualties among the shipping. The fall of snow is general, including the channel islands, which is almost unprecedented. Similar conditions exist on the continent.

### Rain and Sleet.

Memphis, Tenn., Dec. 5.—The rain and sleet in the territory adjacent to Memphis stopped falling at 9 o'clock last night. The weather is cloudy and colder. The telegraph companies report that communication with southern and western points is uncertain. The reports from Arkansas and Texas state that freezing weather prevailed. The freeze reached as far south as Palestine, Texas, with heavy frosts at Galveston, Houston and Beaumont. In western Louisiana the Red river is at the danger line and a further rise is predicted.

### Interscholastic Debate.

Fergus Falls, Minn., Dec. 5.—Much interest is displayed in scholastic con-

tests in the preliminary contests which take place tonight for the high school debating championship of the Ninth Congressional district. The schools have been paired as follows: Fergus Falls vs. Barnesville, Detroit vs. Perham, Ada vs. Moorhead, Crookston vs. East Grand Forks. The subject chosen for debate is, "Resolved, That United States Senators Should Be Elected by Direct Vote of the People."

### MINISTER BUCK.

He is Death Stricken by Paralysis of the Heart.

Yokohama, Dec. 5.—Paralysis of the heart caused the death of United States Minister Albert E. Buck, which occurred yesterday. The end was tragically sudden. Mr. Buck was the guest of the emperor on a duck hunt on the Shinbama preserves. A bird had been netted and the minister with a jocular remark started to reset the net. Suddenly he fell and without a word or groan expired instantaneously. He had suffered from a weak heart for some time. Buck was held in high esteem in Japan and the flags on the government buildings have been placed at half mast. The funeral has been set for Monday next.

### ANOTHER FADED CLUE.

The Police Thought They Had a Good Clue From Columbus, Ohio.

### MISSING LINK STILL OUT.

An encouraging clue, which had all evidence of unraveling the mystery surrounding the recent safe robberies, came to a standstill last night.

A paper from Columbus, Ohio, received by M. M. Luther, of The Citizen staff, told a story of a big jewelry catch by the police of that city. It stated that a man by the name of Munroe had been arrested there with a large amount of valuable jewelry in his possession. He had recently arrived from Denver and the authorities were unable to fathom the mysterious man and jewelry.

The matter was placed in the hands of Marshal McMillin and a telegram was sent immediately, telling of the jewelry stolen from S. Vann & Son's store and the safe robberies in the southwest. The marshal waited anxiously for a reply, thinking that perhaps at last the missing link was found, but the telegram received last evening caused all hopes of a successful find to collapse.

The telegram stated that the man's name was Munroe, but the jewelry had been identified as having been stolen from Wheeling, W. Va. It was also stated that the man had come from Denver, but that he had gone west with his loot and had just returned, believing that the noise had ceased.

Each day brings more enlightening facts regarding the supposed implication of the five prisoners held at the county jail. It was proven yesterday that Munroe, Ferrell and Myers had been in the southwest longer than they claimed and were seen in many places where robberies occurred previous to the safe cracking.

The facts which have been gathered since the Vann robbery indicate that Ward, the El Paso prisoner, was one of the gang, and that he knew of Munroe and his movements. Munroe still maintains his innocence of the safe robberies, and will do so until the evidence is overwhelming and he is forced to confess.

The police authorities refuse to discuss the matter, but the spirit of hopefulness seems to prevail, giving evidence that they are confident of soon arriving at the climax.

**WANTS ALBUQUERQUE BEAUTY.**  
El Paso Carnival Looking to This City for a Maid of Honor.

The directors of the El Paso mid-winter carnival has appointed a committee to select two young ladies, one from Santa Fe and one from Albuquerque, to act as maids of honor to the queen of the coming carnival. One of the gentlemen appointed to make the selections, was in the city this morning, and was around making inquiries as to who were the most popular young ladies of the city. The Citizen suggested several names. This is courteous of El Paso to offer this honor to the fair ones of Albuquerque, and the young lady tendered the honor should accept if possible. The carnival occurs in January.

At the Boston mining exchange last week, 125 shares of Santa Fe Gold and Copper company stock were sold at from \$1.50 to \$1.75 per share. There has been no trading at the exchange in Cochiti Gold Mining company stock for several weeks.

## ENTER CONTEST

Republicans of Colorado Contest Election District.

BIG DIVIDENDS TO BE DISBURSED

Texas Cattlemen Seeking Grazing Lands in Western Canada.

REPUBLICAN EDITORS OF MISSOURI

Denver, Dec. 5.—An alternative writ of mandamus, commanding the board of the state election to canvass the abstract of votes cast in precincts 1 to 18 inclusive, in San Juan county, for representative to the Fourteenth general assembly and restraining that board from canvassing "certain alleged spurious papers purporting to be an abstract of votes cast," was issued today by Judge Palmer at the instance of the republican state central committee. The application alleges that C. A. Cooper, republican, was elected by a plurality of two votes over J. T. Whitelaw, democrat. This, it is said, is shown by the official vote, but the board is said to be considering a document purporting to be the correct count, giving Whitelaw a plurality of 35 votes.

### BIG DIVIDENDS.

Over Fifty Millions Disbursed This Month by Railroads.

New York, Dec. 5.—Interest and dividend disbursements this month by the important railroads and industrial corporations will aggregate \$50,632,149, as compared with payments of \$47,461,684 in December of last year. This is the largest sum paid out in interest and dividends in the financial history of New York.

Dividend disbursements on railroads this month will amount to \$14,481,931; industrial corporations will pay out, \$20,424,648; traction, lighting, etc., \$2,494,894, and mining \$500,000; a total of \$30,303,119 in dividends. Interest on railroad bonds during the month will aggregate \$14,481,931; on miscellaneous bonds, \$3,097,099; and municipal bonds (estimated), \$2,750,000; a total of \$20,329,030.

The largest payment to be made by any corporation this month in dividends will be \$9,750,000 by the Standard Oil company, or \$10 a share on its outstanding capital stock. Next comes the United States Steel corporation, with disbursements of \$5,084,952, on its \$508,495,200 common stock. The largest payment by any railroad is that of the Atchison, Topeka & Santa Fe, amounting to \$2,040,000. The New York, New Haven & Hartford railroad will disburse \$1,093,708, and the Consolidated Gas company of New York will pay out \$1,458,330.

### AFTER GRAZING LANDS.

Texas Stockmen Seeking Large Tracts in Western Canada.

Winnipeg, Manitoba, Dec. 5.—Many Texas cattlemen are seeking to secure large areas of grazing lands in western Canada for the purpose of shipping hither and feeding big herds of cattle from present overcrowded Texas ranges.

A representative of large cattle interests in the southwest, who has lately been looking over the field in western Canada, says that Texas this year has been shipping thinner beef to Kansas City and Chicago than ever before. The range area has become so circumscribed by settlement that stock soon must move or go out of business. A group of some of the largest stockmen in Texas propose to obtain large areas of grazing lands in British Columbia and to ship their herds north by rail. They will find it necessary to invest large amounts in the building of sheds which they are willing to do if they can buy ranges or lease them for long terms of years.

### REPUBLICAN EDITORS.

Annual Meeting in Session at St. Joseph, Missouri.

St. Joseph, Mo., Dec. 5.—The men who work with pen and brain all the year round to keep the republican party in Missouri alive are gathered here in force for the annual meeting of the Republican State Editorial association. The gathering was formally opened this morning with the presidential address by C. M. Harrison, followed by committee reports and other routine business. This afternoon the speakers included William Allen White, of Kansas; Asa W. Butler, of Darlington; Capt. Henry King, of St. Louis, and other well known newspaper men and politicians.

This evening the visiting editors will

be the guests at a banquet to be given by the McKinley-Roosevelt club.

The meeting closes tomorrow with the annual election of officers.

The present meeting is regarded as of more than ordinary importance from a political point of view. The spirit of the meeting is "anti-boss" and the avowed purpose of the gathering is to bridge the breach between Kerens and the Hiechock factions of the republican party in Missouri.

### Condition of Mr. Reed.

Washington, Dec. 5.—The condition of former Speaker Reed is considerably improved this morning.

### House Proceedings.

Washington, Dec. 5.—This being Friday the house devoted the day to consideration of bills on the private calendar.

### Denies Rumors.

Scranton, Dec. 5.—Wayne MacVeagh left for New York this afternoon. He said that he had no engagement to meet anybody regarding a strike settlement. There are persistent rumors that he is to meet some of the presidents of the coal carrying roads.

### Congressional Election Contest.

Washington, Dec. 5.—The elections committee No. 2 of the house, considering the case of Wagoner vs. Butler from St. Louis, today decided to report a resolution providing that the time to be given the contestants for preparing their cases be limited to thirty-five days instead of 150, as the rules now provide.

### Peers Leave for England.

London, Dec. 5.—The Arabia, which left today for India, is the last ship to take people in time for the Durbar. Among the notable names in the passenger list are those of the Duke of Marlborough, Lord Durham, Lord and Lady Elcho, Lord and Lady Pews, Lord William Seymour, Lord and Lady Wolverton and Sir Edgar and Lady Helen Vincent.

### HOLIDAY TRADE.

Outlook Bright in the Eastern Cities For a Large Business.

New York, Dec. 5.—New York merchants are of the opinion that all records will be found to have been eclipsed when the figures for this year's holiday trade are summed up. The rush with which the season has opened certainly tends to strengthen their sanguine expectations. Leading jobbers in all lines of business report more orders on hand than they can fill, while the crowded streets in the shopping districts about Eighth avenue and Twenty-third street afford abundant evidence that the retail stores are getting their full share of the harvest. Reports from all points indicate that the country at large is enjoying the same measure of prosperity and abundance that is apparent in the metropolises.

### Oregon-Idaho Y. M. C. A.

Newburg, Ore., Dec. 5.—The Oregon-Idaho convention of the Young Men's Christian association opened here today with a good attendance of delegates from the chief cities of the two states. A three days' program will be carried out and a special effort made to infuse new vigor and life into the association movement in the Pacific northwest. Prominent among the participants are E. T. Colton, of Chicago, the international secretary of the college department; W. E. Peck, state secretary of Minnesota; President Wallace Lee, of Albany college, and A. S. Allen, the general secretary of the Seattle branch of the organization.

### Sale of Seats for "A Poor Relation."

"A Poor Relation," the late Sol Smith Russell's famous play, and by all odds the best one of his entire repertoire, is to be given at the Colombo hall next Thursday evening with Mr. Horace Lewis in the part of "Noah Vale," in which he is said to have made a great success. As many orders for seats for the performance of this great play next Thursday evening have already been received it behooves those who wish to see this delightful play to be on hand early, when the advance sale of seats is opened Monday morning at Matson & Co.'s book store.

### Probation for Offenders.

Newark, N. J., Dec. 5.—Probation for offenders was the principal subject of discussion today at the seventeenth annual meeting of the State Charities Aid society, held in the Newark public library. Judge Skinner, of the Essex county court, who has put the principle of probation into practical operation in his court, explained the workings of the system and the good results he hoped to achieve. Judge C. V. D. Joline, of Camden county, made an appeal for co-operation, and S. M. Lind-say, commissioner of education in Porto Rico, spoke of the conditions of the island in the absence of voluntary co-operation with public charities and corrections.

## PRINCETON BLAZE

The Big Recitation Hall Caught on Fire.

KANSAS MAN KIDNAPS HIS WIFE

Arkansas Negro Wears Largest Pair of Shoes in the World.

THE ENGLISH BAR AMERICAN ANIMALS

Princeton, N. J., Dec. 5.—Dickinson Hall, the big recitation building of the academic department of the university, narrowly escaped being burned to the ground today. Fire broke out in the third story at 10 o'clock while Prof. J. Mark Baldwin's junior class in psychology was in session. A bucket brigade was formed by the students and the local fire department was summoned. After a hard fight the blaze was smothered before it reached the main part of the examination hall. It is thought someone dropped a lighted cigarette in the hallway. The loss is \$3,000.

### KIDNAPED HIS WIFE.

A Peculiar Case of Kidnaping Comes Cherryvale, Kan.

Cherryvale, Kan., Dec. 5.—The Clarion says: What is supposed to be a case of a man kidnaping his wife took place here.

The facts, as near as can be learned, are that a Dr. Palmer and wife, of Ingalls, Oklahoma, separated some time ago, the wife coming to this place and making her home with her mother, Mrs. S. E. Rinker, and later applying for a divorce.

Today a telegram arrived for Mrs. Palmer purporting to come from a brother of her husband, stating he would pass through on the Santa Fe on his way east and that he wanted to talk with her, but had no time to stop, except a moment while the train was waiting at the station and requested her to meet him there.

She went and it is said that instead of her brother-in-law it was her husband who got off the train and persuaded Mrs. Palmer to go with him somewhere, but a search of city hotels, depots and trains passing through failed to locate the missing couple, the search being made by Mrs. Rinker, who notified Marshal Jones, but owing to the fact that the couple are still husband and wife, the officer was powerless to take any action.

### PRETTY BIG SHOES.

An Arkansas Negro Orders a Pair of No. 17's at a Cost of \$18.

Rockland, Mass., Dec. 5.—A pair of shoes was shipped from here which are said to be the largest pair of shoes ever manufactured in the world for actual wear. They were made for Harvey Murray, a negro saw mill hand at Tirrell, Ark. They are 17 size and FF width and are fifteen inches long. Four common shoe boxes were required for packing them. A special pair of lasts had to be made and an entire skin of patent leather was also used up. The shoes had to be stitched by hand and took three weeks in the making. Murray has ordered a second pair costing \$18.

### Bars New England Animals.

London, Dec. 5.—In the shipping and meat trades much apprehension is felt in the results of the order of the board of agriculture closing the ports of the United States against the importation of animals from Maine, Massachusetts and the other New England states, and which went into effect today. Fears are expressed that the interdiction may be extended to imports from other United States ports, which would result in a great rise in the price of meats, as only a few steamships have large refrigerator space for dead meat.

### CONSCIENCE HURT HIM.

Iowa Man Pays Railroad \$2 for Wire He Stole Fifteen Years Ago.

Toledo, O., Dec. 5.—Because his conscience bothered him a Greenville, Iowa, man who fifteen years ago stole sixty rods of wire from the company, has paid \$2 into the treasury of the Clover Leaf Railroad company. In a letter, the first intimation the company had that the man's conscience was pricking him, he said: "Fifteen years ago I took from your railroad just west of Ridgefarm, Ill., a bundle of wire (about sixty rods). I want to settle with you for it. I will pay money, replace the wire, or go to the pen, but it must be settled and whatever you say I will do. May the Lord bless and save your soul as he

has mine, for Jesus' sake, amen." This letter to one of the officials was answered by the statement that \$2 will recompense the company for its loss, and a check for that amount was promptly sent. The company refuses to give out the man's name, but says that he is prominent in his part of the country.

### Minister to Japan.

Washington, Dec. 5.—When the president comes to take up the question of succession to the vacancy caused by the death of Minister Buck at Tokio, it is understood that he will name John Barrett, of Oregon, at present commissioner general of the St. Louis exposition to Asia and Australasia, to be minister.

### Religious Educators Meet.

Ames, Iowa, Dec. 5.—The second Iowa conference of religious education began a three days' session today and prominent churchmen and others interested in the objects of the conference are here from many parts of Iowa and from adjoining states. Prominent among the divines who are to address the conferences are Rev. C. M. Heard, D. D., of Minneapolis, and Rev. J. E. Gilbert, D. D., of Washington, D. C.

### THE SANTA FE CUT-OFF

Engineer Jones Has Something to Say About Belen's New Road.

### WORK WILL SOON COMMENCE.

F. M. Jones, chief field engineer of the surveying corps doing work on the Santa Fe cut off, was in the city this morning between trains while en route from Belen to Canyon City, Texas, a small station on the Pecos Valley line, about half way between Amarillo and Portales.

A Santa Fe surveying corps is doing work near there, and Mr. Jones goes in connection with that.

The gentleman says that an article published in a recent number of The Citizen, stating that the cut off was sure to go through Belen, was correct. Not like Albuquerque, when the Santa Fe asked for a right of way through Belen, did a committee have trouble in raising the money. When asked about the right of way through Belen, John Becker said "charge it to me."

Mr. Jones said this morning that the bids for the building of the road were in and that the contracts would be let immediately and that the work would begin just as soon as a map of the survey is filed in Valencia county. The construction of the Santa Fe cut off will be a feat in railroad building. It will be pressed with the utmost rapidity. Six hundred men will be working in the Pass canyon inside of two months. An electrical plant will be installed and the work will progress both night and day, the night gangs working by electric lights. It will require about eight months to do the rock work in the canyon, although a greater part of the rock work first decided on, has been avoided by the survey being changed and a bridge used instead of cuts.

Belen will get the cut off and Albuquerque will lose by it to a certain extent, but what it loses one way will come back in another. The shops located here will never be moved, and the fact that all the important repair work of the Pecos Valley road and the new cut off will be brought here, has been overlooked. This alone will be of more benefit to the city than the passage of through trains.

### THE CAKE CUT.

Minnie Corcoran and Willie Hopkins Entertain Friends.

The large appetizing cake won by Minnie Corcoran and Willie Hopkins at the minstrel cake walk Tuesday night was spread before the cake walkers at Odd Fellows' hall last evening. Ice cream served to render the feast of cake more pleasant. The cake walkers greatly enjoyed the generosity of the winners.

Mrs. Rosa Berry will entertain all those participating in the minstrels with a private masquerade about the 10th of January.

The first prize, a gold locket, awarded to the one selling the most tickets for the minstrels, was won by Miss Bertha Loeb, who sold 110 tickets.

Following the cake feast was the regular dance at the hall given by Mrs. Rosa Berry. There was a large crowd in attendance, who danced to the sweet strains of music until the late hours.

Dr. E. N. Wilson left this morning for Sevanee, N. M., to do some examining for the Mutual Life Insurance company. He will return this evening.

## CUBAN TREATY

The Little Republic Hostile to the United States.

FATAL SNOW SLIDE IN OREGON

Sub-Committee of the House Reports Favorably a Trust Bill.

BRULE SIOUX INDIAN TO BE HANGED

Washington, Dec. 5.—The unexpected turn in the Cuban treaty negotiations at Havana have greatly surprised the officials here who had every reason to believe from Minister Squieres that the treaty was practically an accomplished fact. Now that it is to be thrown into the house of representatives at Havana with a nationalist majority supposed to be hostile to the establishment of closer relations with the United States, it is feared that the treaty is lost, for if not rejected outright, it is almost certain to be amended so as to make it unacceptable to the United States.

### SNOW SLIDE.

Fatal Snow Slide at a Mine in Oregon Mountains.

Baker City, Ore., Dec. 5.—James Sullivan and a man by the name of De Kibbis were killed in the snow slide which occurred at the Cornucopia mine on Wednesday night. An immense mass of snow and earth came crashing down the mountain side covering the men before they could reach a place of safety. The mine was damaged to the extent of several thousand dollars. Another slide occurred at the South Pole mine, carrying away the shaft house and a number of small buildings. No one was injured. Owing to the sudden heavy fall of snow other slides are feared.

### Trust Bill Reported.

Washington, Dec. 5.—The sub-committee of the house judiciary committee having trust legislation under consideration, today reported favorably to the full committee the publicity bill. Then the committee referred this bill and all others to a special sub-committee consisting of Messrs. Littlefield, Overstreet, Powers, Clayton and DeArmond.

### Another Indian to Swing.

Sioux Falls, S. D., Dec. 5.—George Bear, a Brule Sioux Indian, is to be hanged at the penitentiary here today. Bear's crime was the murder of John Shaw, his step son, and C. Edward Taylor, a school teacher at the Ponca sub-agency on the Rosebud reservation.

### Damaged by Fire.

Chicago, Dec. 5.—Franklin MacVeagh's palatial residence, at 103 Lake Shore Drive, was damaged \$10,000 by fire early today. Two maid servants jumped from a second story window, sustaining serious injuries and several others nearly suffocated were rescued by firemen. Only a small portion of the residence burned, the chief danger to the occupants being from suffocation from the dense smoke that filled every portion of the structure. Mr. MacVeagh and family were uninjured. An overheated furnace was the cause of the fire.

### Gathering of Scientists.

Washington, Dec. 5.—Advises received daily by those in charge of the local arrangements for the meeting of the American Association for the Advancement of Science, to be held in this city the latter part of the month, indicate that the gathering will be the most notable of the kind ever held in America. The association, comprising nearly 4,000 members, will be largely represented, and there will also meet in affiliation with the main society such societies of national scope as the American Chemical society, American Society of Geologists, Society of American Naturalists, American Botanical society and many others. The sessions will commence the Monday following Christmas and continue for an entire week.

### Fair Meeting Tonight.

The board of directors of the Territorial Fair association, elected at a meeting held Wednesday night, are requested by the newly elected president and secretary, to meet upstairs over Zelger's Cafe tonight at 8 o'clock. As matters of vast importance will come up for discussion, and as the salary question will undoubtedly be considered, it is hoped that the directors will attend in good numbers.

T. B. Catron, of Santa Fe, is in the territorial metropolis.

New Mexico demands Statehood from the Fifty-Seventh Congress.

Arizona will send a statehood delegation to Washington.

The best thing to do is to go right along and get up a big fair next year.

Congress thinks more of Indians than it does of the American people of New Mexico and Arizona.

And now, brethren of the Methodist persuasion, the best thing we can do is to beat Beveridge, and then put him upon probation.

Several republican politicians held a conference at Santa Fe this afternoon. They are trying to find where they are at on a number of measures.

If we get statehood and the Albuquerque Eastern railroad at the same time, the people of this city will paint things red for as much as a whole week.

The subscriptions to the Albuquerque Eastern fund, with which to purchase right of way and terminal facilities in this city, now aggregates over \$20,000. The committee hope to secure a fund of \$40,000.

New Mexico and Arizona have no intention of giving up the fight for statehood. If the bill is beaten by the present senate, it will be carried into the next and the next till the victory is won.

There is a bill now pending in congress providing for leasing government lands for grazing purposes at 2 cents an acre for a period of ten years, with the option of renewal. The measure is one to knock out homesteading and check the tide of homesteaders heading for the west.

The senator from southern California is opposing the admission of New Mexico and Arizona. These two territories have helped to build the city of Los Angeles. It is rather irritating to be stabbed in this manner by one who should be the strongest friend. Arizona, especially, should remember the action of Senator Bard.

A large and influential delegation from this territory should be appointed by the governor to visit Washington and help to pass the statehood bill. The Las Vegas Optic suggests Joshua S. Raynolds as one of such committee. Judge Benjamin S. Baker and Solomon Luna should be added to the committee. The territory will gladly pay the expenses of such a committee at Washington.

The American Federation of Labor has done well in voting down a socialistic proposition that workmen form a distinct political party and act in politics as a class. The proposition was not only un-American, but has no part in the political economy of this country. The United States is not a class country and the fate of the populist party and such movements is an evidence of the truth of this statement.

#### PUNGENT CRITICISM.

The El Paso News says that Senator Knute Nelson, a Swede, reported the senate bill that was intended to cheat the native born people of American territories and natives of states who now live in territories, out of deserved civil rights. Mr. Nelson's people came to this country to seek wealth, liberty and equality, and then one of them whom they are allowed to send to the senate

larger population, applies with equal force to Arizona and New Mexico.

#### DESERVE STATEHOOD.

The El Paso Herald contains the following cogent reasons for the admission of the territories:

"It has of course been expected that the senate committee on territories would report against the admission of New Mexico and Arizona as states. It has not been so certain that it would recommend the admission of Oklahoma and Indian Territory as a single state. The dispatch today settles all doubts as to the nature of the majority report of the committee, but it doesn't settle the statehood matter by a long shot.

"No one familiar with conditions in the various territories will refuse to concede the superior fitness of Oklahoma for statehood. Her population is half a million, exceeding that of Oregon, New Hampshire, Rhode Island, the Dakotas, and numerous other states. Her wealth is enormous. Her permanent buildings, her schools, banks, institutions of all kinds, public and private, bespeak a marvelously prosperous and progressive community. If Indian Territory is included the new state will outrank Connecticut and West Virginia.

"New Mexico cannot show so large a population or so much achieved in the way of permanent improvements. Her wealth in mines and live stock is great. But it is impossible to deny that New Mexico has within the last few years demonstrated that she possesses the spirit of progress and is determined to utilize her advantages to the utmost. From long neglect of her schools, she has come to a full realization of their importance, and the amount spent for them is increasing at an enormous rate every year. New Mexico is not simply moving; she is jumping ahead with great bounds.

"The question as to her ability to govern herself is overshadowed by the fact of her moral right to govern herself. There can be no valid reason why statehood should any longer be kept from a domestic community of a quarter of a million American citizens if they want it. It is opposed to every sentiment of self-government that lies at the foundation of our republic. No politics, no prejudice, no absurd concern for the 'best interests' of these people, can justify the senate for one moment in refusing to grant the privilege New Mexico has been seeking during half a century, unless we are ready to admit that our whole system of government is at fault.

"Even admitting all the indictments the opponents of statehood bring against New Mexico and Arizona, still it is best for the nation no less than for the territories themselves that they be admitted to statehood. It is true that the senators from the new western states have rarely displayed any particular ability or fitness for the place; it is true that they have often stood in the way of progress, and have advocated measures that would certainly be disastrous to the general welfare of the nation; it is true that they have neglected their opportunity to really help the west, and have indulged in cheap politics and false propaganda that have weakened their personal and state influence in congress. But eastern and northern and southern states have also at times sent small men to the senate—men who have misused their power to injure the country, and have been either too ignorant or too fearful to take the right side of great national questions. As a matter of fact, these things regulate themselves in time, and as states come to a higher plane of development they come to value their senatorships more highly, and do not throw them away on demagogues or rascals. The senate has need of good men from whatever section they come; it can generally find a way to control the bad ones.

"We cannot expect to achieve all at once. Progress is slow, and there are many obstacles. But certainly the federal government by its control of the affairs of the territories is doing nothing to elevate the masses of the people that could not be better done—and that would not be better done—by the state authorities were statehood to be conferred upon them. Pride alone would compel it; business necessity would add incentive. The state of New Mexico could not afford to go backward."

## The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

## ALAMOGORDO.

From the News.

Doctor and Mrs. G. C. Bryan gave a dinner to their many friends Monday evening in the new addition to the hospital and an enjoyable evening was passed by those present.

J. N. Daugherty of Weed, was in Alamogordo this week to receive a consignment of one year old Arizona bucks from California. There were eleven animals and they were magnificent specimens. Mr. Daugherty is an extensive goat raiser and intends to breed up his flock to an excellent grade.

Monday night E. E. Mensch in company with a friend made a trip to Banner's photograph car, which is located on a side track in the El Paso & North-eastern yards here. On their return from the car, walking up the track, Mr. Mensch fell headlong into the cinder pit which was full of water and to say the accident made a Baptist of him is putting it in a mild way. In his frightened grasp for either straw or dry land he struck his right arm on a steel rail, which came near breaking it at the elbow. Mr. Mensch says he didn't know before that the Gulf of Mexico was so near Alamogordo, or else he would have secured the services of one of the railroad boys to have piloted him to and from Mr. Banner's car. Laying all jokes aside, this accident was certainly serious as Mr. Mensch had only been out of bed a couple days from a light spell of fever and grip.

## COUGHS AND COLDS IN CHILDREN

Recommendation of a Well Known Chicago Physician.

I use and prescribe Chamberlain's Cough Remedy for almost all obstinate, constricted coughs, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—Mrs. Mary R. Melendy, M. D. Ph. D., Chicago, Ill. This remedy is for sale by all druggists.

## ROSSELL.

From the Journal.

A letter from Ed Ramsey conveys the information that the Hat outfit will feed ten thousand head of cattle for market this winter. They will also ship to market all the fat cattle gathered on the range. Their shipping point this winter will be Odesa, Texas.

The military boys gave a swell little hop at the institute Friday night last which was well attended in spite of the bad weather. About four bus loads of young people went out from town. Everybody had a good time and want to go again.

A cave in at the gravel pit one day last week came near causing the death of little Brown Gooding, son of A. Y. Gooding. He was caught under the gravel and had his hip badly sprained, one rib broken and leg seriously bruised and cut.

Clifton Chisholm has just received 2,500 apple trees, which are being delivered at the Oasis ranch. They will be planted in a hundred acre orchard. Within six years the owner of this orchard will have a good paying fruit investment, as a result of the time and money being expended at this time.

S. E. Patton, the opera house manager, met with a painful accident Wednesday morning, which will probably confine him to the house a week or more. Mr. Patton was riding on a lumber wagon, when the horses became frightened and ran into a fence tipping the wagon so he fell off. One wheel passed over his body and bruised him severely. He was carried home and medical attendance summoned.

Don't be imposed upon by taking substitutes offered for Foley's Honey and Tar. Alvarado Pharmacy.

## DEMING.

From the Herald.

Chas. E. Fuller and Miss Mattie Martin were married at Redrock by

the Rev. W. A. Dickey.

A daughter was born to Dr. and Mrs. E. V. Rowe Thursday night. This makes three daughters the doctor brags of.

J. A. Lowe went down to El Paso the first of the week, and while there was admitted to practice before the Texas bar, on his certificate as a member of the bar of Marion county, Indiana. He intends to move to El Paso to practice law.

County treasurer Witzel was in Lordsburg Thursday and Friday of last week, collecting taxes. He says that if all the precincts paid their taxes as fully and promptly as do the residents of Lordsburg life would be a dream for the county collector. He collected nearly three thousand dollars while in town, and went away with county money in every pocket.

Dr. M. C. Sinclair, president of the International Gold Mining company, operating at Malone, had an experience last week. He left Lordsburg a couple of weeks ago, and went to Denver to watch the treatment of some of his ore. He left Denver on the Colorado Southern, on the train that was held up last week. While the robbers were busy with the express messenger, who killed one of them, the conductor came through the Pullman and told the passengers the train was being held up, and the robbers were liable to visit and advised the hiding of valuables. Dr. Sinclair looked around and concluded the safest place he could find for his roll was in the cushion of the seat. He cut a hole in the cushion, tucked away his roll and calmly awaited the arrival of the robbers. After the express messenger had killed one of the gang the rest of them left without disturbing the passengers. The doctor does not write whether he paid for the cut cushion, or left it for the Pullman company to charge up to the train robbers expenses.

## What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. J. H. O'Reilly & Co.—B. H. Briggs & Co.

## SILVER CITY.

From the Independent.

Hon. Frank A. Hubbell, chairman of the republican central committee, and Hon. Solomon Luna, one of the leaders of the party in New Mexico, were in the city on business with Forest Supervisor McClure.

Mrs. Max Schlutz left for Los Angeles, where she will spend some time with her children, Miss Etta and Solo, who are attending school in that city.

Manager B. B. Thayer, of the Santa Rita Mining company, left on an eastern business trip, and upon his return will be accompanied by Mrs. Thayer and children, who have been visiting relatives and friends in the east for some time.

Owing to the crowded condition of St. Joseph's sanitarium, an addition has been decided upon, the contract for which will be let soon. The addition will be of brick and will complete the sides of the quadrangle already partly formed by the present buildings. The new building will enlarge the capacity of the sanitarium to fifty guests.

Mrs. James S. Fielder and little son, Forrest, went to Deming. Master Forrest has about recovered from his wounds and will be as well as ever within a few weeks with no permanent injury whatever. Mr. Fielder will remain in Silver City until about Christmas when he will go to Deming, where Mr. and Mrs. Fielder will reside in the future.

At Santa Rita, this county, Thanksgiving day, Miss Lola M. Franks and Mr. John W. Turner were united in the holy bonds of matrimony. The cere-

mony was performed at the bride's home in the presence of relatives and a few intimate friends of Rev. H. Van-Vaulkenburg of Pinos Altos. A sumptuous feast followed. The bride is a Grant county girl, born and bred, who is deservedly popular by reason of her many charming traits of character. The groom is engaged in business in Santa Rita, being a member of the firm of Turner & Son, and is highly esteemed and respected.

## A Thousand Dollars' Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years passing gravel or stones with excruciating pain. I got no relief from medicines until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and feel like a new man. It has done me a \$1000 worth of good." Alvarado Pharmacy.

## DEMING.

From the Herald.

John A. Deemer lies seriously ill at his residence on Silver Avenue. Indeed his condition creates considerable uneasiness among his family and friends.

Baylor Shannon bought three carloads of fat cows from Bob Herrington for the Clifton market, one day this week. He expects to soon return for more.

Some unknown person broke one of Byron & Son's big \$85 front windows Saturday night, with a stone. Loss fully covered by insurance in Burnside's plate glass agency.

A regular old fashioned blizzard struck Deming Saturday night. It was accompanied by snow enough to cover the mountains. The oldest inhabitant has been consulted and says that he never saw the like before.

Col. Smith writes his son that the organization of the new Deming Sanitarium company is about completed and active operations will be begun here in a few weeks.

Late Saturday night while the judge was up town and the children in bed, Mrs. W. R. Merrill was awakened in her sick bed by some one rummaging in the room. She called loudly for her son Arthur, when the night wanderer immediately fled, going out the side door. Mrs. Merrill thinks the fellow was a thieving tramp. He was discovered too soon to secure anything. Andrew, the ten year old son of John H. Allison, wandered up the stairway of the new Allison building to watch the men work. The little fellow was so absorbed with the sight that he lost his balance and fell to the ground, a distance of twelve feet. He struck on his head and was stunned, bruised and cut. Dr. McLennen was brought hurriedly and attended the little fellow. He is all right at present writing.

## A Million Voices.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for consumption and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1.00. Trial bottles free at all druggists.

## For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Mrs. Bambini, at her parlors, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. ## BRAVES FROM TAOS.

Indians from This Village on a Visit to the Metropolis.

Eleven big Pueblo braves from Taos came into the city this morning on their Indian ponies and attracted considerable attention on the streets.

They were clad in the characteristic picturesque garb and richly decorated with silver chains and rings. Their well formed faces were painted to an Indian's taste with bright red, which made their appearance very attractive. They are thinking of arranging for a street dance here Sunday, for a consideration of course. Then they will go to Isleta, where they will dance with the Indians of that village. All are fine Indian specimens and everyone was admiring them as they strolled along the streets taking in all the sights.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, December 1, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy—B. Ruppe.

## Forty Hours' Adoration.

This beautiful devotion, which is held once a year for three consecutive days in every church, will commence tomorrow morning at 9 o'clock at the Immaculate Conception church. The ceremony will open with high mass. The church junior choir, under the direction of the Sisters of Charity, will furnish the music. The mass will be followed by the procession, in which twenty-four little children will take part and will strew flowers before the blessed sacrament. This ceremony is undoubtedly one of the most solemn in the Catholic church. It was instituted over 300 years ago in memory of the forty hours during which the sacred body of our Savior was in the sepulchre. The exposition of the blessed sacrament will continue all Sunday and all Monday, and will close Monday evening at 7:30 o'clock.

## Ballard's Horehound Syrup.

Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, druggist Shullsburg, Wisconsin, writes May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle, they come back for more. I can honestly recommend it. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy—B. Ruppe.

## ALLITERATIVE LOVE-MAKING.

Two Old-Time Letters Which are Epistolary Curiosities.

In an old book, dated 1820, there are the following epistles, which contain an ingenious arrangement of alliterative words:

Dear Madam: Most worthy of admiration! After consideration and much meditation on the great reputation you possess in the nation, I have strong inclination to become your relation. On your approbation of this declaration, I shall make preparation to remove my situation to a more convenient station to profess my admiration; and if such oblation is worthy of observation and can obtain consideration, it will be an aggrandizement beyond all calculation of the joy and exultation of yours.

## SANS DISSIMULATION.

This elicited the following reply in kind:

Sir: I perused your oration with much deliberation at the great infatuation of your imagination to show such veneration on so slight a foundation. But after examination and much serious contemplation, I suppose your animation was the fruit of recreation, or had sprung from ostentation to display your education by an odd enumeration, or rather multiplication, of words of the same termination, though of great

variation in each respective signification. Now without disputation, your laborious application in so tedious an occupation deserves commendation, and thinking imitation is a sufficient gratification, I am without hesitation, yours.

## NEW MEXICO CONVICTS.

Batch in El Paso en route to Santa Fe, Among Them Dr. McKenzie and Maguire.

Sheriff Higgins, of Roswell, New Mexico, arrived last evening with a batch of prisoners for the pen at Santa Fe, and has them in the county jail in this city today. Many of them are well known in El Paso and all seemed to be at home in their cells in Hotel Molina. They were an apparently jolly lot of criminals and seemed to get sport out of the chiding they gave each other. When a Herald man visited the jail they talked freely of their offenses and all gave their names. Juan Alvarez and Juan Tenorio, are each going to the pen for a year for killing a calf that did not belong to them. Both have lived in El Paso. "Shorty" Maguire, a hunchback, who has been in El Paso at intervals for a long time, is in the bunch for trying to saw his way out of jail. He was incarcerated for vagrancy and while in the jail tried to break out. He got a year and says that he is the only one in the entire bunch that did not plead guilty. "I didn't plead guilty," he said, "but they proved that I was."

Dr. McKenzie, who was arrested in this city some time ago for embezzlement, was in the bunch. He got two years. His wife, who lives in this city, was visiting him while a Herald man was in the cell.

Ramon Gillen is in for two years for assault and murder and Pat Pagan is going up for a year for manslaughter, and considers himself a lucky man.

Robert Robertson stole a mule and he is in for a year, while J. Chaves is going up for two and a half years for cutting the ears off a mule owned by a man against whom he had a grudge.

Sam Hall is going up for a year for stealing a couple of burros. He is a mere boy.

Frank Murphy, a cripple, got a year for assault and Jasper Jaspersen, who looks like a hayseed from the backwoods, got the same time for the same offense.

George Washington, Jr., a negro youth as black as the proverbial ace of spades, is going up for a year for breaking into and robbing a house.

Jim Drake is going for two years for stealing a horse and saddle. He was in the El Paso county jail recently on a charge of insanity and was released only about three months ago as cured. He had another crazy spell and stole a horse and saddle with the result that he is now in for two years. He is still crazy and would not talk to anybody this morning.—El Paso Herald.

The above list of prisoners, in charge of Sheriff Higgins, passed through this city on the way to Santa Fe this morning, and the whole gang are now behind the bars of the penitentiary.

## Conference of Y. M. C. A.

Princeton, N. J., Dec. 5.—A conference of the Young Men's Christian associations of the seminaries of the country began today at Princeton Theological seminary and will continue through Sunday. The primary purpose of the conference is to discuss methods for spreading and making more effective the association work among students.

Among the prominent participants are John R. Mott, general secretary of the World's Student Christian Federation; Rev. Dr. Floyd Tomkins, pastor of Trinity church of Philadelphia; President Henry G. Weston, of Crozier seminary; Dr. Frank K. Sanders, of the Theological department of Yale university, and Robert E. Speer, traveling secretary of the Presbyterian board of foreign missions.

## SENATOR ANDREWS' NEW ROAD.

Albuquerque Does Not Seem Able to Raise the Necessary Bonus to Secure It.

It is now up to the people of Albuquerque as to whether they will have another line running into the city or not, but it appears that the people of the city are not willing to take very readily to the proposition.

G. L. Brooks, of the executive committee in charge of the work of securing funds with which to grant the concessions asked for in order to bring the Albuquerque Eastern, does not take a very hopeful view of the situation. So far the committees only see about \$19,000 in sight. The original proposition was for the city of Albuquerque to raise \$40,000, which was considered the smallest amount that would insure the road, as President Andrews demanded that sufficient money be raised to secure right of way and satisfactory terminals for the road.—El Paso Herald.

There is something wrong in the above article from the El Paso Herald, which leads The Citizen to say that while it is now "up to the people," the people have realized the importance of securing the Albuquerque Eastern road and are now becoming liberal subscribers. The bonus will be raised, and this city has every reason to expect the building of the road inside of a year.

## POLICE COURT.

Police court was entertained by one lone drunk this morning and he will spend ten days improving the streets. A two weeks' jag was his story, and it will require about ten days to get him good and sober.

In yesterday's issue of the El Paso Times the police chronicle relates the story of a prairie wanderer who tasted of the bitter fruits of Albuquerque police court. In lamenting his fate the young fellow said "It looks to me like its pretty tough on a man when he is not allowed to go around hunting for work. Look what happened to me in Albuquerque. They ran me out of town and I tramped twenty-two miles to the junction, and when I got there they wanted to run me back to Albuquerque, but it meant a life's sentence to hit that town again."

"Five dollars," that familiar old phrase rang in his ears once more.

Reasons Why the Dead Sea is Dead.

"Why the Dead Sea is Dead," is the problem which a writer in the Chicago Record-Herald undertakes to solve. Scientific observation, according to this writer, justifies the estimate that the daily average of 6,500,000 tons of water is received into the Dead Sea from the Jordan and other sources during the year. During the rainy season the amount is very much greater; during the dry season, it is, of course, very much less, but this average will be maintained year after year. There is no outlet and the level is kept down by evaporation only, which is very rapid because of the intense heat, the dry atmosphere and the dry winds are constantly blowing down the gorges between the mountains. This evaporation causes a haze of mist to hang over the lake at all times, heavy clouds to form and thunder storms sometimes rage with great violence in the pocket between the cliffs, even in the dry season. A flood of rain often falls upon the surface of the sea when the sun is shining and the atmosphere is as dry as a bone half a mile from the shore. The mountains around the Dead Sea are rarely seen with distinctness because of the haze.

## Merely a Reminder.

Bear in mind that Perry Davis' Painkiller is just as good for internal as for external troubles. It will stop the agonizing cramps in the bowels which follow exposure to cold and wet when taken internally, and will cure strains, sprains and bruises when applied externally. It should be administered in warm water, slightly sweetened. There is but one Painkiller, Perry Davis'.

## LOCAL HAPPENINGS.

Two wagons, one loaded with bedding, camp outfit and provisions and another with six ambitious hunters left the city this morning, bound for a duck hunt down the river. They were Joe Barnett, Arthur Henry, Jake Levy, Policeman Harry Cooper, Snapper Hale and Jack Dixon, and their destination will probably be the big lakes below La Joya. They expect to be gone several days.

Miss Doe Clayton, daughter of Rev. W. D. Clayton, entertained friends pleasantly at her home, 702 South Walter street, last night. Games and music proved to be the amusing features of the affair. Refreshments were served. Those present were Dr. and Mrs. F. O. Keyes, Misses Whitney and Morehead, Messrs. Barbee, Betts, Betts, and Baum.

In the district court this morning the habeas corpus petition for the release of a Pueblo Indian, who was confined in the pueblo jail at Isleta, under the order of the governor of Isleta, was brought to a close. The Indian had been arrested for violation of the tribal regulations. The court ordered the defendant discharged and gave the governor some points and advice in regard to the law.

A. A. Winterer, the optician, will leave Sunday morning for St. Louis, Mo., to accept the position as assistant manager of the optical department at Aloe's. Mr. Winterer is a thorough skilled optician, and has occupied quarters at B. Ruppe's drug store the past few months.

Major H. M. Benson, retired United States army officer, who was stationed at old Fort Craig before and during the civil war, is here visiting his daughter, Mrs. L. S. Laughlin, of this city. Old timers of the Rio Grande valley will undoubtedly remember Major Benson.

James Bingham and J. H. Smita, the ranchman, came up to the city this morning with a fine lot of ducks, which they had killed on the river near the Smith ranch. The web-footed fowls were sold to the Sturges' European hotel.

The stonemasons are at work on the foundation of the new Bachechi & Glom three-story brick and stone business building, which this enterprising wholesale liquor firm will erect on South First street and Silver avenue.

The first regular meeting of the Ladies' auxiliary of the St. Joseph's hospital is in progress this afternoon at the parlors of A. Borders in the Commercial club building.

George Chrouch, the new night operator at the Western Union Telegraph company office, is an experienced man at the keys, and Manager Gargan will find him always on deck.

J. H. Ballou, the well known engineer, and wife, have gone to Arkansas City, Kan., in response to a message that the mother of Mrs. Ballou is dangerously ill.

David Rosenwald, who has charge of the Roswell branch house of Flesher & Rosenwald, is in the city and will probably remain a few days.

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

## KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of pills and other medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well.

It can't help but do you good.

### CLAYTON.

From the Enterprise.

Mrs. Rev. J. C. Chapin is expected home this week. She has been visiting in Illinois for the past two months.

Miss Louise Winston, who has been quite ill at the home of her sister, Mrs. A. W. Thompson, is slowly recovering.

Thomas Mains died very suddenly last Saturday evening at his home here. Mr. Mains has been a resident of Clayton for a great many years, and he was a hard working industrious man. He was only about 50 years old, hale and hearty when the reaper cut him down, and left a wife and several children, who sadly mourn him.

### DOCTORS ENDORSE HERPICIDE.

Because its Formula is Submitted to Them.

Alexander McMillan, M. D., a prominent physician of Lansing, Michigan writes: "On three cases I have tested Herpicide for dandruff and the result has been all that could be desired."

Herpicide is made upon an entirely new principle, that is that dandruff and falling hair are caused from a microbe that infests the hair bulb, and, by destroying the microbe one's hair is bound to grow luxuriantly. Herpicide is the only hair remedy, that claims to, and really does destroy the dandruff germs. Send ten cents in stamps to The Herpicide Co., Dept. "F," Detroit, Mich.

### SANTA FE.

From the New Mexican.

Charles Wheeler has resigned his position as driver for the Wells, Fargo Express company and Augustine Pino has taken his place.

An interesting horse race is expected to take place on Monday, December 8, between the horses owned by John Ford and Jose Cortez. It will take place on the level stretch of road near the Indian school and will be a quarter of a mile race for \$100.

A. P. Hogle has completed a large sign, 4x17 feet, for the Elks with the following inscription: "The faults of our brothers we write upon the sand. The virtues upon the tablet of love and memory." He is also making their monogram "B. P. O. E." in evergreen, to be used to decorate the court house for the Elks' memorial service on Sunday.

The Woodmen of the World held a very interesting meeting in Odd Fellows' hall. A class of six new members was initiated. The officers elected for the coming year are: Council commander, Frederick Muller; advisor, Lieutenant, A. M. Dettelbach; clerk, J. C. Sears; banker, H. S. Kaune; managers, H. S. Lutz, Charles Palmer and E. Sena; escort, Manuel Delgado; watchman, Fred Lopez; sentry, Thomas P. Delgado.

Superintendent J. A. Wood, of the public schools, approached Senator Beveridge, of Indiana, during his recent visit to Santa Fe, about the sale of Fort Marcy reservation for the benefit of the public schools of the city. Senator Beveridge promised to do what he could to bring this about and has asked Prof. Wood to write him a letter on January 20, 1903, to serve as a reminder.

For some time Celestino Ortiz has been missing fruit from the fruit room in the rear of his house. On last Friday night the lock was broken, since which time Mr. Ortiz has been keeping close watch for the robber. Last evening he saw a fellow trying to get away with some of the fruit and fired a shot to scare him. In the thief's hurry to escape he dropped several jars of fruit that he had stolen, but escaped without being caught by Mr. Ortiz, who chased him for some distance.

### LAS VEGAS.

From the Optic.

Miss Elizabeth Shrock is now engaged in the office of Ira G. Hazzard, the real estate man in the Wyman block.

Pelix Garcia has been appointed chief of police on the west side and Charlie Monroe and Juan Flores policemen, the appointments to become effective on January 1.

Billy Reed, the barber who absconded from this city some months ago, is now in charge of a gang of Italian laborers at work on the streets of Brooklyn, N. Y.

Antonio Villa, who was admitted to the asylum from Eddy county, August 20, 1901, has been granted a sixty days' leave of absence, dating from December 1, 1902.

The proposition to have a heavy city license imposed on the proprietors of barber shops, in order to force smaller shops out of existence, does not seem

to meet with general favor among those most intimately concerned in the matter.

A citizen of the county who resides on the upper waters of the Gallinas, said to the Optic today, that unless some means shall speedily be devised to stop the cutting of timber on the banks of that stream, the whole section will shortly become a wilderness and the town of Las Vegas will be deprived of its water supply.

Diamond lodge No. 4, A. O. U. W., of this city, through Messrs. J. K. Martin, John Thornhill and G. A. Rotgeb, this day gave Mrs. A. C. Schmidt a check for \$2,000, being the amount of insurance upon the life of her husband, which he was carrying in that order. This is the fourth time in the present year this lodge has performed the same office.

From the Record.

B. Romero has kept a record of the weather for the last ten years. Two years ago today we had twelve inches of snow.

The bridge over the Gallinas river between the two towns needs a new floor badly, as it is in an unsafe condition for the passage of teams.

The switch leading to the power house of the street railway company was completed today and the engines will probably be unloaded tomorrow.

Clifford Trainer has resigned his position with O. G. Schaeffer and accepted one with the railroad company. He will call engine crews at the round house.

The case which was to have come up before Judge Wooster this morning in which one woman accused another of saying naughty, spiteful things about her failed to materialize, as the complainant withdrew the complaint this morning, deciding to let well enough alone. Another sensation spoiled.

### DISCOVERY OF COFFEE.

Made by an Arabian Shepherd. Coffee was first discovered in the Sixth century by an Arabian shepherd who having observed the goats of his flock skip about and display other signs of intoxication after eating the coffee berry, concluded to try its effects on himself, and thus discovered its exhilarating property.

This discovery proved the poor shepherd's undoing, for he indiscriminately used large quantities, green, for its exhilarating effect and soon died, poisoned by its use.

In the sixteenth century, it was introduced into France, and was used so strong and excessively, particularly by the Parisians that it was found to injure alike the complexion and digestion. This discovery prevented its general introduction into other European countries for the next century.

Since that period, its growth has gradually spread through the civilized world, despite the fact that pain and destruction follow its path, dyspepsia having been hardly known before its introduction. It is a "nervine stimulant" and narcotic poison, and though in no sense a food, is used for its stimulating principle. Caffeine, which excites the nerves unnaturally and wastes the reserve force of the body. Coffee drives the nerves for a time, stimulating them beyond their reserve force. After the first effects are past, comes breaking down of the nerve centers and general nervous derangement. Following this in many but not all cases is a long train of misery, among which the principal symptoms are dryness in the mouth and throat, headache, biliousness, pains in stomach or abdomen, pain in eyes and head, loss of appetite, dyspepsia and so on through a long, long list, but the one cause of all the different symptoms is the same.

The nerves have been broken down; their reserve force is gone. Many of the symptoms of poisoning are—extreme nervousness, restlessness, anguish of mind and heart, excessive relaxation of body and brain, gloominess, inability to think correctly, sleeplessness at night, drowsiness in the morning, etc.

A lady from Sebastopol, Calif., writes: "I was a sick and poisoned woman when I began to use Postum Food Coffee in place of coffee and after two years' steady use, I find that Postum soothes the nerves and builds them up, storing reserve force and strength for time of need, enabling one to sleep well, awake refreshed and bright for each day's task; it digests easily, builds and tones up the stomach and also builds up a good, strong brain, ready for any mental strain or toil." Name given by Postum Co., Battle Creek, Mich.

clerical force at the freight depot this morning. Theodore Thompson, who held the position of yard clerk for eight months resigned and J. B. Floyd took his desk, while B. L. Carey, who has been acting cashier, is assigned to a new desk, just created, that of refrigerating cars.

### LAS CRUCES.

From the Citizen.

The farmers are busy cleaning and getting their ditches ready for planting time.

Mrs. Chas. Cowan and children, of Organ, were here this week on a visit to her parents.

The Las Cruces band has suspended its Sunday concerts until the warm weather comes again, but will continue their regular rehearsals.

Henry Ames, after spending a week with his father and mother, Mr. and Mrs. Seneca Ames, left for Chihuahua, Mexico, where he holds a position with the Compania Independente Mexicana.

### A Cold Wave.

The forecast of sudden changes in the weather serves notice that a hoarse voice and a heavy cough may invade the sanctity of health in your home. Cautious people have a bottle of One Minute Cough Cure always at hand. E. H. Wiso, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures coughs, colds, LaGrippe, bronchitis, pneumonia and all throat and lung troubles. One Minute Cough Cure cuts the phlegm, draws out the inflammation, heals and soothes the mucous membranes and strengthens the lungs. J. H. O'Reilly & Co.—B. H. Briggs & Co.

### CARLSBAD.

From the Argus.

It is learned that E. S. Gutzman, formerly jeweler for the Eddy Drug Co., and very popular here, is to be married some time this month to Miss Mitts, who visited Carlsbad several years ago as the guest of Rev. and Mrs. H. J. Powell.

A. A. Beeman returned from Albuquerque, and left for Iola, Kas. He has taken a position with the Pecos Irrigation company, and is sent to Iola to attend to the shipment of the cement to be used in the construction of the new flume.

On Wednesday morning last, Mrs. John Reed, of Black River, died in childbirth. Dr. Whichey was summoned in attendance, but too late, as the unfortunate lady died before he got there. The deceased was a daughter of John Plowman and had only been married about a year.

H. S. Hall and W. T. Sartin, both from Kansas, came in from Roswell, and will spend a week or ten days here. They are looking for a location and if they can find what they want, will invest in a farm or ranch. They tell the same tale of Roswell's backbiting, as they state that the real estate agents up there gave the Carlsbad section such a hard name that they hesitated to come here. However, they now know better now, are very well pleased with what they have seen of the country.

An affray occurred Saturday between O. M. Lynn, a partner of W. H. Coon in the cattle business, and a man named Tolbert, in which Lynn was badly beaten up and cut with a knife. It seems that Lynn and Tolbert, together with a number of other men, were with the TX round-up wagon at Salt Lake, north of here, and they engaged in a quarrel that soon came to blows. Tolbert seized a spade and struck Lynn over the head, breaking it and then continued beating him with the handle, and cutting him severely in the head with a knife. Lynn was brought to Carlsbad for medical treatment and is under Dr. Whichey's care. His wounds are serious, but not dangerous. Tolbert had not been arrested at latest accounts.

### SANTA ROSA.

From the Democrat.

Chas. Graves will leave for Bland, N. M., shortly, where he has a number of valuable mining claims. Mr. Graves will do the assessment work on all of his claims before he returns.

Santa Rosa or Puerto de Luna are both well adapted for a plaster or cement factory. Near both places can be found great quantities of gypsum, plenty of wood and plenty of water.

Miss Gregg has twenty-one scholars in her private school. New seats are being put in and other necessary improvements made. Miss Gregg is an unusually competent teacher and is meeting with deserved success.

Word has been received by Judge F. D. Morse that his son, Louis, is in the hospital at the military institute at Roswell, suffering from an attack of typhoid fever. Corporal Morse spent a part of the summer in Santa Rosa and made many friends who hope to hear of his speedy recovery.

## Contagious Blood Poison

Is the name sometimes given to what  
is generally known as the BAD DIS-  
EASE. It is not confined to dens of  
vice or the lower classes. The purest  
and best people are sometimes  
infected with this awful malady  
through handling the clothing,  
drinking from the same vessels,  
using the same toilet articles, or otherwise coming in contact with persons  
who have contracted it.

It begins usually with a little  
blister or sore, then swelling in the  
groins, a red eruption breaks out on  
the body, sores and ulcers appear  
in the mouth, the throat becomes  
ulcerated, the hair, eye brows and  
lashes fall out; the blood becoming  
more contaminated, copper colored  
spots and pustular eruptions and  
sores appear upon different parts of  
the body, and the poison even destroys the bones.

S. S. S. is a specific for this loathsome disease, and cures it even in the  
worst forms. It is a perfect antidote for the powerful virus that pollutes  
the blood and penetrates to all parts of the system.  
Unless you get this poison out of your blood it will  
ruin you, and bring disgrace and disease upon  
your children, for it can be transmitted from parent  
to child. S. S. S. contains no mercury or potash,  
but is guaranteed a strictly vegetable compound.

Blood Poison. If you want medical advice give us a history of your case,  
and our physicians will furnish all the information you wish without any  
charge whatever.

Many soldiers in the last war wrote  
to say that for scratches, bruises, cuts,  
wounds, corns, sore feet and stiff  
joints, Bucklen's Arnica Salve is the  
best in the world. Same for burns,  
scalds, boils, ulcers, skin eruptions  
and piles. It cures or no pay. Only  
25c at all druggists.

Col. S. H. Brown, who some years  
ago was a superintendent of the Har-  
vey eating house system, with head-  
quarters at Chicago, and who at the  
same time was manager of the Monte-  
zuma hotel, Las Vegas hot springs,  
making frequent visits there in at-  
tention to that duty, has returned to  
the service of the Harvey system, and  
has been made superintendent, with his  
district extending from Raton to Dem-  
ing.

**Saved at Grave's Brink.**

"I know I would long ago have been  
in my grave," writes Mrs. S. H. New-  
son, of Decatur, Ala., "if it had not  
been for Electric Bitters. For three  
years I suffered untold agony from the  
forms of indigestion, waterbrash, stom-  
ach and bowel dyspepsia. But this ex-  
cellent medicine did me a world of  
good. Since using it I can eat heart-  
ily and have gained 35 pounds." For  
indigestion, loss of appetite, stomach,  
liver and kidney troubles Electric Bitters  
are a positive, guaranteed cure.  
Only 50 cents at all druggists.

much complaint because the mail on  
the California flyer for Santa Fe and  
Denver & Rio Grande points was al-  
lowed to lie over at Lamy from 9  
o'clock in the morning until 4 o'clock  
in the afternoon. This is the largest  
and most important mail of the day  
and it generally reaches Albuquerque  
several hours before it does Santa Fe.

### A HERO—RALPH HILL.

(By a Friend.)

Good honest feet that toiled and trod  
That those he loved might live  
Dear earnest feet that never strayed  
Away from home and God.

Great honest heart that ever throbb'd  
With love for truth and right,  
A man that God could look upon  
And see His image bright.

A husband true, a son most rare  
A brother ever kind, [care,  
A father whose love and watchful  
Was like to the divine.

God called him home—'tis sweet to  
When love lights up the tomb [die  
And angel wings are hovering nigh  
To brighten up the gloom.

WHO YEAR AFTER YEAR SPEND MONEY NEEDLESSLY ON EXPENSIVE MADE-TO-MEASURE SUITS. THEY THINK IT IS HUMILIATING TO WEAR READY-TO-WEAR CLOTHES, OR THAT THE MATERIAL, THE TAILORING AND THE FIT IS NOT OF THE BEST. READY-MADE CLOTHING HAS HAD ITS SHORT COMINGS. BUT THIS IS AN AGE OF PROGRESSIVENESS. NO LONGER IS IT NECESSARY TO GIVE \$25 to \$60 FOR MADE-TO-ORDER GOODS. WE OFFER YOU NOW

## Faultless Ready-to-Wear Clothing

AND BE YOU LONG OR SHORT, FAT OR THIN, WE CAN FIT YOU PERFECTLY. THE MATERIALS ARE OF THE SAME HIGH QUALITY, AND THE WORKMANSHIP IS OF HIGHEST POSSIBLE GRADE, SHOWING SPLENDID TAILORING SKILL.

## Prices are from \$10 to \$30 cheaper

THAN MADE-TO-ORDER GARMENTS.

JUST COME AROUND—WE SHOULD LIKE TO SHOW YOU SOME OF THE FEATURES OF THESE FAULTLESS SUITS, SHOW YOU THE GRACEFULLY BROAD, ROUNDING SHOULDERS, THE CLOSE FITTING COLLAR, THE FULLNESS ACROSS THE CHEST, AND ALL THE OTHER LITTLE THINGS, WHICH DEMONSTRATE THE SUPREMACY OF READY-TO-WEAR CLOTHES.
