## NOT IN THE BILL

### New Mexico and Arizona Reported Adversely.

## OKLAHOMA FAVORABLY REPORTED

### Anthraxite Coal Commission Again Taking Testimony of Miners.

## DENVER CONTEMPT OF COURT CASE

Washington, Dec. 3.—The committee on territories has agreed to report a bill for the admission of Oklahoma and Indian Territory as one state under the name of Oklahoma. New Mexico and Arizona are not in the bill.

### Friendly to Oklahoma.

When the senate met today, Mr. Ivelson, of Minnesota, from the committee on territories, reported a substitute for the house bill providing for the admission of certain territories into the union as states and recommending the admission of Oklahoma and Indian Territory as one state under the name of Oklahoma.

The bill authorizes the inhabitants of the two territories to adopt a state constitution defining the status of the Indians as follows:

"Nothing contained in the said constitution shall be construed to limit or impair the rights of person or property pertaining to the Indians of said territories so long as such rights shall remain unextinguished, or to limit or affect the authority of the government of the United States to make any law or regulation respecting such Indians, their lands, property, or other rights which it would have been competent to make if this act had never passed.

Indians are made eligible to become delegates to the constitutional convention. The statehood convention is to be held at the seat of government in Oklahoma territory. Among the declarations prescribed for the proposed state is one, "forever prohibiting polygamous or plural marriages." The new state is to be allowed four representatives in congress until the next census and also to have two United States senators. The state is to be divided into two judicial districts. The constitutional convention is empowered to divide the Indian Territory and the land comprised in the Osage and Kaw reservations into counties, the number being limited to twenty-four.

### TAKING TESTIMONY.

#### Arbitration Commission at Work Gathering Evidence of Miners.

Seranton, Pa., Dec. 3.—After an adjournment of ten days, during which time the representatives of the railroads and miners were kept busy at work preparing evidence for submission to the anthracite coal strike commission, the hearings of the miners' side of the controversy was resumed in the state superior court room at 10 o'clock this morning. The usual large crowd was in attendance and in addition there were several new faces among the large array of attorneys. The most prominent among these were Samuel Dickson, of Philadelphia, representing the Lehigh Coal & Navigation company, a large independent company, whose collieries are all located in the Panther Creek valley. Among the spectators were about twenty Italians and Poles who will be called upon to tell the conditions prevailing in the middle, or Hazleton, region.

### GETS SIXTY DAYS.

#### County Clerk at Denver Sentenced for Contempt of Court.

Denver, Colo., Dec. 3.—Judge Johnson, in the district court, today found County Clerk Aichele guilty of contempt of court in certifying to the number of names on the rolls at the late election after an injunction from Johnson's court. The judge fined Aichele \$500 and sentenced him to sixty days in the county jail. Aichele appeals to the supreme court.

### First Meeting Tonight.

Pursuant to notice from Emil Mann, secretary of the New Mexico Territorial Fair association, a meeting of the subscribers and citizens generally will be held upstairs over Zeiger's Cafe tonight at 8 o'clock, for the purpose

of electing a president of the association. The names of J. A. Weinmann, Noa and Louis Hild, P. F. McCanna, W. L. Trimble and Frank McKee were discussed in certain circles yesterday, and since the return of C. C. Hall from his trip south his name has been considered today. There are so many good men in the city, who are willing to give considerable time to working for the good of the community, that The Citizen believes that the right man will be selected at the meeting tonight.

### The New Captain.

Michael O'Donnell was elected captain of the Albuquerque guards at the called business meeting last night.

Mr. O'Donnell was for many years an officer in the regular United States army, and also in the national guard of New York state.

The opinion is general that the newly elected captain will promote new interest in the organization. The guards are fortunate in their selection of an officer with military experience.

Some hearless wretch sneaked into T. Y. Walton's wood house Monday night and carried off half of Mr. Walton's winter supply.

### CRUSHED BY A CHAIN.

#### Horrible Accident to a Conductor in Local Railroad Yards.

### HE CANNOT SURVIVE.

Conductor Artholony, of Las Vegas, was seriously injured in the local yards shortly after noon today. Every bone in his face is broken excepting the lower jawbone, and his chances for recovery are slight.

He was in charge of local freight No. 33, which arrived about 12:30 o'clock. No. 33 is due to arrive about 11 o'clock, but on this occasion had had hard luck and was late on account of several drawheads pulling out. It was arranging a chain to attach the cars together where a drawhead had broken, that Conductor Artholony was hurt. The train had stopped in the yards. The unfortunate man stepped between two cars and was kneeling over a slack chain, when the slack was taken up, catching and crushing him against the brake beam.

The accident was immediately discovered and an ambulance conveyed the bruised and almost lifeless body to the local Santa Fe Pacific hospital, where an operation was performed. Santa Fe Surgeon Wroth stated at 3 o'clock this afternoon that it was barely possible that Artholony would live. His face is mangled beyond recognition and the upper part of his body is horribly bruised.

The injured man has a family living at Las Vegas and if his condition is not improved late this afternoon, a special train will leave that city conveying the bereaved wife to the side of her husband.

This is the second accident, with indications of two deaths, which has happened in the local Santa Fe railway yards the past week. Ralph Hill, the first, having received injuries which resulted in his death on Monday, and now The Citizen is called upon to chronicle the accident to a well known conductor.

### LIBRARY COMMISSION.

#### Met Last Night, Holding a Very Interesting Meeting.

The prospects for forming and maintaining a special department of history and biography devoted to and relating to New Mexico was discussed at the regular meeting of the public library commission last night. People generally, not alone in New Mexico, but throughout the southwest, have taken an interest in the history of this territory, which fact has prompted this move.

Authorities on events and people of New Mexico are very scarce, and the importance of beginning a collection of a library of works on the southwest has been recognized by the commission.

Mrs. H. B. Ray accepted the nomination and was elected to fill the vacancy caused by the resignation of Mrs. G. W. Johnston, who will make her home in California during the winter.

Librarian Miss Wetter presented her report for the three months ending November 30. The report shows that during the three months 5,499 people visited the library, and of these 1,436 were children and 4,063 adults.

Books issued reached 3,760, 606 being juvenile, 2,491 fiction and 753 classified. The gift to the library of a clock by Arthur Everitt was acknowledged. An order has been made for the latest century dictionary.

## STOCK YARDS

### Kansas City to Get Improved Shipping Facilities.

## WAREHOUSE ASSOCIATION MEETING

### Railroad Building Boom in the State of Iowa.

## MEETING OF MISSISSIPPI METHODISTS

Kansas City, Dec. 3.—The change in management of the Bates depot and terminal, announced in the selection of George H. Ross to succeed Theodore Bates as president, has revived rumors regarding the building of an independent stock yards and packing houses and providing an entrance to Kansas City for the Rock Island system and probably other roads. The several hundred acres of river land owned by the company are, it is asserted, to be used as packing houses for the Armour, Swift & Co. and Nelson Morris, and the completion of the Winner bridge terminals, it is said, are to be pushed.

Mr. Ross does not deny that some railroads are interested in the deal, but declines to say what lines are back of it. Mr. Ross would not deny that the packers named are interested, but declared that stock yards had not been planned. "I cannot discuss the question of who is behind us," he said.

### WAREHOUSE ASSOCIATION.

#### Annual Convention in Progress at the National Capital.

Washington, Dec. 3.—The annual convention of the American Warehousemen's association, which began here today and will continue throughout the rest of the week, will consider many subjects of interest to those engaged in the storage warehouse and refrigerating business. The association represents a capitalization of over \$50,000,000, with a membership of nearly 100, including all the leading warehouse people of the country.

A committee is on hand from the convention of state commissioners on uniform laws, with a view of obtaining the opinion of the association as to legislation governing the issue of storage warehouse receipts. The laws governing such receipts are so varied and conflicting that they seriously interfere with the proper conduct of the storage warehouse business. It is urged by the members of the association that the storage warehouse receipts ought to be good collateral, but this is impossible, it is declared, until uniform laws are enacted in all the states.

Another important matter to receive attention at the convention is the subject of fire insurance. The rates fixed by the various tariff associations have been very unsatisfactory, and in many instances the cold storage men have not been able to secure sufficient fire insurance at any rate.

### IOWA RAILROADS.

#### Several New Lines to Extend From Des Moines.

Des Moines, Iowa, Dec. 3.—As the completion of the Des Moines, Iowa Falls & Northern, between this city and Iowa Falls approaches, public interest is turning to the intentions of the company relative to the construction of the line northeast from the last named point. It has been planned to build an extension to connect with some through line running to St. Louis and Minneapolis or to build an independent line to the Twin Cities. It is figured that if either the Chicago Great Western or the St. Paul should secure control of the road it would offer a shorter cut for the business of either of these lines to Des Moines and then south to Kansas City for a western and southern outlet and eventually become a link in a short line between the Twin Cities and Kansas City.

### Methodists in Conference.

Tupelo, Miss., Dec. 3.—Clergy and lay delegates of the Methodist church are here to a total of several hundred for the annual session of the north Mississippi conference, which will be in session for the remainder of this week. Bishop J. S. Key will preside over the session and several speakers of note will address the conference through the several days it is in session.

### Going to Venezuela.

Hamilton, Bermuda, Dec. 3.—The British second class cruiser Retribution sailed for Venezuela yesterday and the second class cruiser Charlydis, sloop of war Alert and torpedo boat destroyer Quail followed today.

The second class cruiser Tribune and the first class cruiser Ardane are under orders to proceed to the same destination.

### New Trial Granted.

Frankfort, Ky., Dec. 3.—The appellate court today awarded a new trial to Caleb Powers, convicted in the Goebel murder conspiracy and sentenced to life imprisonment.

### Venezuela Must Be Good.

London, Dec. 3.—It is officially announced here that Great Britain and Germany are taking naval measures to secure satisfaction from Venezuela, and that "for this purpose German warships have already assembled off the coast of Venezuela and those of Great Britain will shortly be there."

### Gallup Cleanings.

Gallup, Dec. 3.—Fred Backhouse, an old resident, was found dead in his bed today. The cause was dropsy of long standing.

Harry Davis, local switchman, and Mrs. Jessie Hunt were married last night.

### House Proceedings.

Washington, Dec. 3.—When the house met today the speaker announced the appointment of Mr. Shepherd, democrat of Texas, as a member of the committee on public buildings and grounds.

Mr. Cannon, of Illinois, chairman of the appropriation committee, who was to have charge of the bill to defray the expenses of the anthracite coal strike commission which was made an order for today, having been detained in his committee room, recess was taken for ten minutes to await his coming.

### DISTRICT COURT.

#### Several Interesting and Important Cases Decided.

### THE ST. ELMO PROPERTY SALE.

In district court yesterday the case of F. Scholle, of Belen, against the estate of Rafael Gutierrez was adjusted after many years of standing. More than seven years ago the administrators under the will were discharged, the estate then being insolvent, and a claim of F. Scholle, of Belen, N. M., amounting to \$700, remained unpaid. Recently a new administrator was appointed, who received from the government \$12,000, being the returns from an Indian depredation claim. Scholle brought suit to recover his claim for this sum.

The court held that the statute of limitations entered as a plea by the appellee was not well taken and that the accounts were not barred. The court ordered the administrator to pay to the court the sum of \$1,500 to cover the claim.

The case of Chas. Chadwick & Co. vs. L. R. Denman was heard in the morning session. The suit was on account of a contract entered into between the parties for the sale of certain sheep to one R. M. Turner, of Lincoln, by Wm. McIntosh, for which the plaintiff levied an attachment upon the Turner sheep. After hearing the evidence the court held that the plaintiff had established the contract and that the defendant, Denman, was liable thereunder. The court granted judgment in the sum of \$300 against the defendant, but in the attachment proceedings held that the property attached not being that of the defendant the attachment was dissolved and the property not liable for judgment.

The court tried the case of the Ramfano Chemical company against the Cochiti Gold Mining company for a claim of lien upon the defendant's mill in the sum of \$1,500 for powder sold. The court held the property subject to the lien and rendered judgment accordingly.

In the case of F. L. Pearce vs. J. G. Albright, et al., the court held that the plaintiff was entitled to a lien on defendants' property on North Third street for work done and labor furnished and rendered judgment for the amount sued for with attorney's fees.

In the matter of the sale of the St. Elmo property, the attorney for Harnett gave notice that he would ask for the funds in court, \$21,200, the proceeds of the sale, impressed with the expense of the current year's taxes and with lien for the claim of Ambrosio and Anita Armijo, for rents due, amounting to several thousand dollars, until decision of the case now pending in the supreme court. This motion will be resisted by the Neher interests.

The plaintiff, Donciano Gallegos, dismissed his case against the defendant, Quirino Lucero, for removal from office.

## OKLAHOMA FIGHT

### Indian Territory Trying to Secure Statehood.

## EX-SPEAKER REED SERIOUSLY ILL

### Fatal Fire in Lumber Works of a Boston Firm.

## THE PRICE OF SILVER IS FALLING

Claremore, I. T., Dec. 3.—It is accepted as a foregone conclusion that the inquiry Senator Beveridge and his fellow committeemen from the senate committee on territories have been making through Oklahoma, New Mexico and Arizona will precipitate a free-for-all fight on the statehood question when the bill comes up in the senate this week. The bill before the senate is known as the tri-state bill and provides for the admission of New Mexico and Arizona to statehood and the creation of a single state out of Oklahoma and Indian territories. The tri-state bill was the result of the efforts of Mr. Flynn, the delegate from Oklahoma, who felt so sure of its passage by the senate that he declined a renomination to the house, with the intention of being one of the first senators from the new state.

In both Oklahoma and Indian territories, however, there is a large element which is strenuously opposed to combining the two into one state. They favor single statehood and are working hard to promote their cause. Citizens of Oklahoma object to the joint statehood proposition on the ground that the Indian Territory is far behind their territory in progress, development and civilization, while a large element of the Indian Territory people are of the opinion that Oklahoma would have all the best of it in the combination deal.

The single statehood advocates of the two territories have decided to come together for the promotion of their plans. To this end a single statehood convention composed of nearly 500 delegates from each of the two territories assembled here today. The purpose of the convention is to frame a bill that will be introduced as a substitute for the omnibus bill, and which will provide for the making of a single state of the territory of Oklahoma and the Indian Territory.

### Ex-Speaker Reed is Sick.

Washington, Dec. 3.—Thomas B. Reed, former speaker of the house of representatives, who is ill in this city, is resting comfortably this morning. Mr. Reed is suffering from catarrhal appendicitis. His physician thinks from present indications that he will have a mild attack.

During the night and early today Mr. Reed suffered much pain in the bowels, but Dr. Gardner has succeeded in alleviating that and he expresses the hope that Mr. Reed will be able to be out in a day or two. Dr. Gardner telegraphed to Mrs. Reed this morning not to be concerned about Mr. Reed's condition as it was not at all serious.

### FIRE IN BOSTON.

#### Bodies of Two Men Recovered from the Ruins.

Boston, Dec. 3.—The bodies of two men were found today in the ruins of the fire of last night at the lumber works of L. S. Johnson & Co. The victims were Theodore C. Graves, of Roxbury, of the firm of Graves & Phelps, furniture manufacturers, and G. K. Pratt, of Roxbury, employed by Graves & Phelps. A third man, a Swede, employed by L. S. Johnson & Co., is missing. Graves & Phelps occupied the upper story of the Johnson building and Mr. Graves was in his office when the fire broke out.

### Price of Silver.

London, Dec. 3.—The renewed fall in the price of silver is attributed to eastern telegrams announcing the weakness of prices and to American selling.

### A SWITCHMAN CUT.

#### He Tackled the Wrong Man at Gallup and Was Done Up.

With a knife wound in his back a switchman from Gallup wandered around the town last night hunting high and low for a doctor, but none were to be found. Not being able to secure a doctor to dress the wound, he hunted up the marshal and told his troubles on the expansion policy. He was accompanied by another switchman from the same place, who had a dictionary open under his tongue. They

both had been working in the yards at Gallup under a foreman named Morris. These two switchmen had passed up their jobs and were getting ready to blow the town, when they remembered that they had a grievance to settle with Morris and went back with the intention of borrowing a few bundles of trouble which they were going to return with interest. Calling on Morris at the yards they presented him with a lovely mess of words, and the brand of a "scab" was shoved in Morris' ear. The combat soon developed from a tongue battle to a fist exhibition. The two switchmen went after Morris and were doing him, when he pulled a knife and slashed the larger antagonist across the shoulder, inflicting a wound about two inches long and a half inch deep in the muscle of the shoulder.

The smaller switchman, who was all words, last and thick, was out hunting up the United States marshal, inquiring into the strength and bravery of the militia and seeking all desperate citizens, he was going back to Gallup and have the stabber strung up, but he finally woke up to the fact that it would be better to let well enough alone.

### TRAFFIC MANAGERS.

#### Their Meeting at Alvarado Next Week Discussed by Commercial Club.

### OTHER MATTERS OF INTEREST.

The officers and directors of the Commercial club met in regular session at the club house last night. Besides the transaction of the regular monthly routine business, the subject of the meeting of Santa Fe passenger and freight traffic agents, which will be held at the Alvarado next week, was brought up. After some discussion by different members at the meeting, the club directors decided as Albuquerque is more or less obligated to the Santa Fe and its officials, it would be proper and courteous to extend the visitors the hospitality and use of the club rooms, and give them a reception and ball. It was decided that Wednesday night would be the most acceptable time for the social event, as the coming officials would arrive here on Monday and would have their business practically finished by Wednesday and be free to attend the pleasant affair.

Very little has been said about the coming meeting, probably not as much as it deserves, as it is one of the most important annual meetings of Santa Fe officials and a great compliment to Albuquerque. The guests will be more than a hundred in number and come from all the most important cities on one of the greatest continental railways in the United States. Passenger and freight traffic matters are of the utmost importance to railroads at present, and the doings of this meeting will be far reaching and affect freight and passenger rates both east and west.

A letter received by the club from S. E. Edmonds, manager of the Kentucky Leaf & Tobacco company, was also discussed. The letter was in reference to the cultivation of tobacco in the Rio Grande valley, and referred to investigations recently made by Wesley Merritt, industrial commissioner of the Santa Fe railroad. Secretary McCanna was instructed to correspond with Messrs. Edmonds and Merritt in regard to securing more data concerning the weed in the valley. Mr. Merritt may come to Albuquerque and make further investigation personally. C. C. Griffing and A. P. Smithers were elected to membership of the club.

### DISASTROUS EXPLOSION.

#### Steamer Progresso Burned in San Francisco Bay.

San Francisco, Dec. 3.—The steel steamer Progresso, which has been lying at the wharf of the Fulton Iron Co. at Harbor View, blew up this morning, causing great loss of property, the death of probably six men and the serious injury of a score of others. Of the six that are known to be missing and who it is feared lost their lives, these are known:

First Assistant Engineer Sparks, Sailor Keeper McGregor, Sailor Giew, Sailor Dow.

The names of the other two at the hour of writing cannot be ascertained. The first two mentioned were at work in the body of the ship and undoubtedly perished.

There were about eighty men on the vessel and of these about twenty were injured and fourteen are missing. The wreck of the vessel is complete. She is broken in two. It is believed that six men were killed. The Fulton works estimate their loss at \$30,000. The loss on the steamer is not known, but it is expected to reach into hundreds of thousands.

## PREMIER SAGASTA TENDERS RESIGNATION

Denver, Dec. 3.—Judge Mullins today granted the injunction filed by David W. Seerie as sheriff of Arapahoe county against Hamilton Armstrong, chief of police of the city of Denver, restraining him and all persons representing him from interfering with Sheriff Seerie and deputies from discharge of duties. Attorneys in behalf of Armstrong appeared in the supreme court at noon to begin action in quo warranto proceedings to compel Seerie to turn over the office to Armstrong. Court will decide this afternoon whether or to take jurisdiction.

### Election Frauds.

Denver, Dec. 3.—Attorneys representing Armstrong appeared before Judge Carpenter this morning and asked the court to recognize the authority of Armstrong as sheriff of the county of Denver so that he might summons a grand jury to investigate election frauds. The judge took the case under consideration, refusing to pass on the question at once.

### Appropriation Bills.

Washington, Dec. 3.—Work on appropriation bills has begun. Two of the sub-committees of the appropriations committee were in session today, one in charge of the legislative, executive and judicial appropriation bill, the other in charge of pensions. Mr. Putnam, librarian of congress, appeared before the former and Commissioner of Pensions Ware before the other.

### TERRIBLE ACCIDENT.

#### Passenger Train Wrecked and Several Persons Burned to Death.

Chattanooga, Tenn., Dec. 3.—The passenger train on the Queen & Crescent which left Cincinnati last night, ran into a box car that had blown on the main track at Sunbright, Tenn., early today. A fireman and express messenger are supposed to have been cremated in the fire which destroyed the mail, baggage and express cars and two passenger coaches. The remains of a negro tramp were found in the wreck. No passengers were hurt. One mail clerk had a leg broken. Two locomotives were demolished.

### Sagasta Resigns.

Madrid, Dec. 3.—Senator Sagasta had an audience with King Alfonso this morning at which he presented his resignation and intimated that the step was irrevocable. He informed the king that the opposition had treated him with distrust and discourtesy, which he did not deserve. His majesty will not decide on the course he will pursue until tomorrow.

#### Bill for the Regulation of the Currency of the Islands.

Washington, Dec. 3.—Senator Lodge, chairman of the senate committee on the Philippines, today introduced a bill for the regulation of the currency of the Philippine Islands. The bill provides that the currency of the United States shall be the legal tender in the islands and makes the gold dollar the unit of value, but it authorizes the coinage of silver pesos of 416 grains which is to be paid in sums of less than 100 pesos when demanded. The peso is also to be received for all dues to the islands unless specific legal provision is made to the contrary. The Philippine government is authorized to take such measures as it considers necessary to maintain the parity of the peso with the currency of the United States at the rate of two pesos for \$1.

The Mexican and Spanish pesos are to go out of existence by the first of December, 1903, meanwhile their value is to be fixed by proclamation by the governor of the Philippines.

### Bill Passed.

Washington, Dec. 3.—The coal strike commission bill passed in the house without division and at 2:35 p. m. the house adjourned until Friday.

New Mexico demands Statehood from the Fifty-Seventh Congress.

New Mexico has a compulsory public school law.

There are twenty-seven teachers employed in the public schools of this city.

Indiana was a state many years before it had a public school within its borders.

The people of New Mexico and Arizona are glad that Senator Bailey yielded Senator Beveridge's nose.

Forest fires in the United States destroy annually 400,000 acres of timber. During the present year alone, Washington and Oregon lost \$12,000,000 in timber thus destroyed.

St. Louis just now presents a bad showing in the way of boulder aldermen, but no one questions on that account the ability of the people of Missouri to maintain self-government.

Powerful influences are at work against the admission of New Mexico and Arizona. If the bill passes it will be to the credit of the democratic senators and to the untiring work of Senator Quay.

The Indianapolis Sentinel charges that Indiana is the most corrupt state in the union, and that thousands of votes are bought outright at so much per vote at each election. Senator Beveridge holds his seat in the senate by these bought votes, and yet he has the effrontery to insist that New Mexico is unfit for statehood.

New Mexico is unique in that it maintains a crowd of villifiers and slanderers of its own people, who never allow any occasion to pass to slur the territory to strangers. A falsehood is now going the rounds concerning the testimony given by Mr. Eslavio Vigil, of this city, before the Beveridge smelling committee. The story told is very old. It was used by Mark Twain in his "Innocents Abroad." He probably stole it from the ancient Romans. The story goes that Mr. Vigil was asked about Columbus, and that he was surprised to hear that he was dead. Mr. Vigil is a graduate of St. Michael's college at Santa Fe, having taken a four years' course there, and he knows more about Columbus than a majority of his slanderers will ever know. However, the story will be worked to a finish by the Beveridge type of statesmen, and the opponents of statehood will point to it as convincing evidence that New Mexico is unfit for self government.

#### STATEHOOD FOR TERRITORIES.

The Denver Republican says: "Probably the first important matter that will occupy the attention of the United States senate at this session will be the bill passed by the house to admit New Mexico, Oklahoma and Arizona. It is believed that some of the republican members of the senate committee on territories are opposed to its passage, and if this is the case they will probably vote for an adverse report. All republicans who oppose admission will act contrary to the judgment and desire of practically all members of that party in this section of the country, and of the latter it must be admitted that they are better informed on the subject than people living east of the Mississippi river. The theory of our government is that as soon as they are capable of

maintaining state governments, the territories should be admitted. Upon this theory all but these three territories have been let into the union. The Indian Territory—unorganized and inhabited chiefly by Indians—and Alaska and other detached parts of the national domain belong to a different class and are therefore not to be considered in this connection. With the admission of the three territories in question the assembly of states would be complete from the Atlantic to the Pacific and from the Canadian border to the Mexican line. It would be a notable event in the history of the union and a creditable act for the first congress of the Twentieth century. "The proposition to admit Oklahoma and exclude New Mexico and Arizona should not be entertained for a moment. New Mexico and Arizona are fully entitled to admission. Both, in common with Oklahoma, are capable of maintaining state governments, and it would be party folly as well as an act of gross injustice and wrong to shut the door against them. "The republicans of Colorado and other states in the transmississippi region have some rights in this connection that ought to be considered. They want the three territories admitted, and their information upon the question at issue is broader and ten times more valuable than that of all the opposition from east of the Mississippi taken together. The fact that they are strongly in favor of the passage of the admission bill should be considered by the republican members of the senate, who may safely take it as a guide for their own action."

#### THE HOLIDAY SEASON.

Only a short time remains before Christmas, and the holiday season in the stores has commenced. Show windows are full of new and attractive things, and the stores themselves are packed with new stocks of holiday goods ready for the onslaught of the shoppers. Many people are wise enough to do their Christmas buying before the crowded days of the end of the season, thus avoiding the discomfort of the crowds, and also having the advantage of full stock from which to make their selections. The jewellers, the dry goods men, the clothiers, the shoe men, the grocers, furniture men, haberdashers, milliners, stove men, indeed all the merchants are showing unusual activity, and the streets in the shopping center already present a much busier appearance than for many a day. The storekeepers expect a very busy season, and have prepared themselves for it in generous fashion.

#### FOREIGN IMMIGRATION.

In the fiscal year ending last June, 730,708 aliens came to United States ports. Of the 648,743 steerage passengers, 608,882 came direct to continental ports of the United States, 9,870 came to ports of the territory of Hawaii, 792 to those of Porto Rico, and 29,190 to Canadian ports. By comparison with corresponding figures for the preceding year, there has been an increase in steerage immigration of 160,825, and in cabin immigration of 7,105, making a total increase of 167,930. Of the total of 730,798, European countries furnished 690,472, Asiatic countries 23,082 and all other sources 17,244. As to countries of origin, the principal sources of this large influx of aliens were Italy, which furnished 184,683;

Austria-Hungary 175,900, and Russia, including Finland, 109,721.

As to illiteracy, the labor commissioner's report shows that 162,188 were unable to read or write, 2,917 could read but not write. The total rejections for all causes under the immigration laws were 4,974, or about two-thirds of 1 per cent of the total steerage immigration. It is urged that the present alien contract labor laws are weak and ineffective, as is shown to some extent by the decrease in the number of rejections thereunder to 275, as compared with 357 during the preceding year. On the Canadian and Mexican borders there were refused admission during the year, for various causes, 5,457 aliens.

# RHEUMATISM

## ACUTE AND CHRONIC, MUSCULAR, MERCURIAL, ARTICULAR AND INFLAMMATORY.

Some people have been suffering from Rheumatism so long that they can scarcely remember the time when they were entirely free from an ache or pain, and have long since forgotten the joys of a painless existence. They are at the mercy of every ill wind, and their misery is aggravated by exposure to cold or sudden changes in the temperature. They become walking barometers and most accurate in weather predictions, the increasing pains in muscles and joints foretelling the approaching storm or the coming of bad weather. It is from these constant sufferers that the great army of rheumatic cripples is recruited. Their bodies are worn out by the incessant pains and bent that they are at last compelled to give up or hobble about on crutches.

Nobody ever outlived Rheumatism; the disease never loosens its grip or leaves of its own accord, but must be driven out by intelligent and persistent treatment through the blood, for Rheumatism of every variety and form is caused by an over acid condition of the blood, and the deposit in muscles, joints and nerves of corrosive poisons and gritty particles, and it is these irritating substances that produce the inflammation, swelling and pains, which last as long as the blood remains in this sour and acid state.

To cure Rheumatism permanently the blood must be purified and invigorated, and no other remedy does this so well or so promptly as S. S. S. It refreshes and restores to the thin acid blood its nourishing and health-sustaining properties. And when strong, rich blood is again circulating through the body the acid poisons and irritating matter are washed out of the muscles and joints, and the pains at once cease and Rheumatism is a thing of the past. S. S. S. is a purely vegetable medicine and does not derange the stomach like the strong mineral remedies, but builds up the general health, increases the appetite and tones up the digestion.

Through our Medical Department the pain-racked, despondent Rheumatic sufferer will receive helpful advice from Physicians of experience and skill without charge. Write us fully about your case.

### INDIAN DICTIONARY.

Jesuit Fathers Are Compiling a Lexicon of the Language Spoken by Navajo Indians.

Four Jesuit fathers who are at the mission at La Cienega have been for two years at work on a lexicon of the language spoken by the Navajo Indians and within another year expect to have it completed. The work has been tedious and great pains have been taken to make it as perfect as possible. It is known the Indians formerly had a sign language but it has been lost.

### A Million Voices.

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for consumption and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1.00. Trial bottles free at all druggists.

Moving an ice house in the winter time is not a very pleasant job, but nevertheless, regardless of its unpleasantness, J. B. ### What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago, discovered, some years ago, how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. J. H. O'Reilly & Co.—B. H. Briggs & Co.

### KILLED AT A DANCE.

Sostenco Marquez was Accidentally Shot by Jose Armijo While Firing Off Revolvers.

At Chapelle, San Miguel county, on Saturday night, Jose Armijo accidentally shot Sostenco Marquez, from the effects of which he died Sunday. Both men were under the influence of liquor and went to a dance together. On their arrival, they commenced firing their revolvers and one of the bullets entered the breast of Marquez. Before his death, Marquez exonerated Armijo from any blame and said it was entirely accidental. Marquez kept a saloon.

### United States Land Commission.

The United States land commission, consisting of Governortero, Solicitor General Bartlett and Surveyor General Llewellyn, was in session Monday and yesterday at Santa Fe.

After the routine business of the commission had received attention, orders directing Locating Engineer D. M. White to repair to the various sections of the territory for the inspection and selection of lands still remaining due to the several territorial institutions from the appropriations of public lands granted the territory by congress. Commissioner Keen reported that fifty-seven leases for school sections had been returned by the secretary of the interior, approved, and that duplicate leases had been furnished by those who desired to lease the lands described therein. Seven leases were cancelled for non-payment of rent. Arrangements were made for the disposal of timber lands, amounting to about 20,000 acres, in the Manzano mountains and east of the line of the Santa Fe Central railway. The price to be paid for these timber lands is \$3 per acre. The commission then adjourned until its next monthly meeting.

### Asylum Trustees.

A meeting of the board of trustees of the Deaf and Dumb asylum will be held in the office of Benjamin M. Read, Esq., the secretary, at Santa Fe, this evening. Business of importance will be transacted.

### Land Office Business.

Homestead Entries—Transito Sanchez, Anton Chico, 160 acres in Guadalupe county; Trinidad Sanchez, Anton Chico, 160 acres in Guadalupe county. The local land office has received 112 patents for small holding claimants in this land office district.

### Wish to Practice Medicine.

An examination of the following named physicians desiring licenses to practice in the territory was held at the capitol: S. S. Clark, of Madrid; C. D. Smith, of La Plata; J. R. Shuman, of East Las Vegas; W. Purviance, of Springfield, Ill.; E. N. Wilson, of Albuquerque; J. B. Cutter, of Albuquerque; N. E. Richardson, of San Antonio, and J. L. Norris, of Albuquerque. The papers in these cases will be submitted to the Territorial Medical Board, which will be in session at the capitol tomorrow.

## PATHETIC SCENE.

It Was Enacted When Father Reviewed Dead Body of His Son.

### THE PENA KILLING.

A pathetic scene was enacted at the depot last night when Manuel Antonio Pena received the body of his son, Mateo Pena, who was shot and killed at Kennedy Sunday night. There were about forty people at the station to receive the body. The father refused to take the body until he was sure it was that of his son. Consequently the box containing the dead man was opened on the platform and the old gentleman was convinced by one glance that it was his son.

No attention whatever had been given the man since his tragic death. He had on the same clothes he wore when he was shot and was placed in a rough box, in which condition he reached the city.

The remains, accompanied by the father and several friends, left last night for Pajarito, the home of the deceased, where the funeral took place today.

### GOLDEN DISTRICT.

Mining Items from a District Just Above the City.

Golden, N. M., Dec. 1.—Messrs. Loack & Hall, of the McKinley mine, keep doing some development work on the McKinley and are taking out some good ore.

J. L. Lopez and Mr. Brooks, of Las Vegas, will spend several weeks in camp looking over the district and several mining claims in the vicinity of the San Miguel mine.

H. T. Brown, United States deputy mineral surveyor, with several men left this morning for the Cerrillos mining district to survey a group of claims for patent.

Prof. J. B. Livesay and Frank Romero have been doing some work in the San Miguel mine and have taken out some high grade ore which will be treated in the Lopez arrastre in Golden.

Messrs. McCullough brothers, who have been doing some extensive development work for the Gibson company in the Perry gulch, have struck some good ore in one of the company's properties.

W. D. Herington, of Herington, Kas., who owns several promising claims here, and in Cerrillos, will spend several weeks in the district, working over some development work which he intends doing, both in Golden and Cerrillos.

The work of building an arrastre in the Pine Tree gulch is progressing right along, and the Mexican mill will be ready by next week to commence grinding away on the ore of the Shamrock lode. Mr. Protzman, owner of the mine, is well pleased with the free gold ore taken out recently and expects to run his little mill all the winter.

The Gold King lode, one of the largest bodies of copper ore now being worked by T. P. White, is showing bigger than ever, and the ore being taken out every day keeps improving on every foot gained in depth.

Frank White will ship a carload of his ore to the Cerrillos smelter for treatment, from which he expects to receive high enough returns to keep doing some more extensive work in the Gold King.

The Una de Gato coal fields, in Bernallillo county, on which quite extensive work has been done by the Pennsylvania Development company, have shown very large bodies of the best heating coal ever found in the country, and from present indications before long the Una de Gato coal fields will be one of the heaviest coal producing camps in New Mexico. Besides working the coal mines, gas and oil wells will be drilled for by the company, and the day is not far away until New Mexico will have some natural wells equal to any in the country.

## STATEHOOD WAR.

Attempt of the Majority to Keep New Mexico and Arizona Out.

### DEMOCRATS HELPING QUAY.

A special dispatch to the Denver News, from Washington, D. C., dated December 1, says:

It is expected that a report from the committee on territories upon the bill for the admission of New Mexico, Arizona and Oklahoma will be made on Wednesday, and that except as to Oklahoma, it will be unfavorable. The visit of the committee to the three territories just before the convening of congress was made to discover why New Mexico and Arizona should not be admitted. Delegates Rodey and Smith are very bitter in their denunciation of the committee's methods. Chairman Beveridge hurried them through and subpoenaed only such witnesses as would tell against the territories' ambitions.

"It was a smelling committee," one of the two said, "instead of a committee to find out the truth."

Senator Quay is the only republican member on the territories' committee favorable to the admission of all the territories.

Beveridge and the other republican members of the committee covered their tracks pretty well until the recent trip. There is no longer and doubt as to where they stand. The admission bills will be reported, whether favorably or unfavorably, by the ninth day of the session. They therefore stand on the calendar in the regular order of business, and will continue such until a vote is had, unless they should be displaced by some other measure. It is expected that the discussion will be long and somewhat rancorous.

As soon as the senate adjourned today there was a conference of the committee on territories in Senator Hale's room, attended by Senators Allison, Aldrich, Hale, Platt (Connecticut), Culom, Lodge, Hanna and Beveridge, the

latter the chairman of the committee on territories. These gentlemen represented the republicans who are opposed to the omnibus bill admitting Oklahoma, New Mexico and Arizona, and it is understood favor a bill admitting Oklahoma only.

The principal part of the discussion was on the forthcoming report of the committee on territories. Senator Beveridge briefly outlined the main features of the prospective report, from which it was gathered that the majority would be strongly adverse to either the admission of Arizona or New Mexico.

The senators at the conference expressed the opinion that if the conditions were such as shown by the testimony, features of which were given by Senator Beveridge, then it would be unwise to admit either New Mexico or Arizona.

The admission of Oklahoma and Indian Territory found considerable favor, though no conclusion was reached.

Later in the afternoon there was a conference in Senator Beveridge's committee room, attended by the republican members of the committee supposed to be opposed to the omnibus bill. Other senators also called during the day and discussed the question.

Owing to the fact that the committee is working under an order to make a report on Wednesday, the republicans are trying hard to get the report ready.

The republicans who are making the fight for the omnibus bill are under the leadership of Senators Quay and Elkins. They claimed fifteen republicans pledged to that bill, which, with the democrats, would give the omnibus bill a clear majority.

Republicans opposed to the territorial statehood bill think that certain favorable remarks have been taken for pledges, and that when the vote is taken a majority cannot be mustered to admit three new states at this session.

## JUVENILE MINSTRELS.

A Most Successful Entertainment at  
Colombo Hall Last Night.

CAKE WALK WAS GRAND.

The juvenile minstrels had a filled house at Colombo hall last night, in fact the largest house that has ever congregated in the hall.

Everyone was pleased, and showed their immense appreciation of the commendable home talent entertainers by loud applause and an ample supply of hearty laughter.

The company gave the people all and more than they expected and Mrs. Berry had numerous requests during the evening to repeat the performance that pleased.

Interlocutor Billy Berry was a star actor and his impersonation of a grand old lady was a hit.

Edward Howard, Frank Scottie, A. Baum and Maurice Hartsnett were the cause of all kinds of trouble and either kept the audience laughing or getting ready to laugh.

A very pretty number on the program was "The Willow Pattern Plate" by six little Japanese maidens.

Mrs. Rosa Berry was especially pleasing in her singing of "Trouble" and "Fade Away."

The famous real thing quartet composed of Mrs. Berry, Messrs. Berry, Strausner and Howard, in their latest song hit, "Oh, Didn't He Ramble," was the most amusing feature of the program. The make-ups were fine, and the bowery atmosphere was in evidence.

The grand cake walk in which thirteen couples walked all manner of walks, was a spectacular scene in which the walkers did justice to the famous walk. Hortense and Norine Switzer, the smallest couple on the stage, carried off the medals. They were very cute in their small white suits.

The favorite cake walker was Minnie Corcoran, who was graceful in her stepping and charming with her saucy coon air. The highly prized cake was captured by Miss Corcoran and her able escort, Willie Hopkins.

Katherine Corcoran and Abraham Baum, in fantastic costume, brought great applause from the audience by their clever cook acts. Their walking was deserving of much praise and would have undoubtedly carried off the medals had not the small walkers received the more applause by reason of their cuteness.

Besides winning the cake, Minnie Corcoran and Willie Hopkins were made a present of their pictures with the cake by Mrs. Albright, which was greatly appreciated by the successful cake walkers.

Miss Corcoran will entertain the minstrels company Friday night, when the cake will be cut and all will eat and enjoy the real cause of all the trouble between the coons.

The First Regiment band in their striking uniforms completed the musical feature of the Juvenile Minstrels by the fine music rendered.

The orchestra pleased the audience by the selections of fast and inspiring music.

They donated their services to Mrs. Berry for the evening and she was profuse in her thanks for the valuable assistance.

Remember the Mrs. Rose Berry class dance at Odd Fellows' hall tomorrow night.

## Elks' Memorial.

The Elks' memorial service will be held in Colombo hall next Sunday afternoon at 2:30 o'clock.

The public is cordially invited to attend and help enjoy a grand musical recital and address by R. W. D. Bryan.

The soloists are Miss Maud Summers and John Douglas Walker. The Apollo male quartette, composed of Messrs. Hunt, Bell, Bullard and Burg, will sing "Remember Now Thy Creator" and Tennyson's "Crossing the Bar," arranged by Holden.

Attend the Berry class dance at Odd Fellows' hall tomorrow night.

## NEW MEXICO NORTHERN.

New Railroad to the Cochiti District  
Files Incorporation Papers.

LINE OF THE PROPOSED ROAD.

The New Mexico Northern Railway company, which will build a railroad from Bland to connect with the Santa Fe railway near Thornton, was incorporated at Santa Fe Monday afternoon with a capital stock of \$1,000,000. The incorporators are Dr. Patterson, L. McKinnie, of Chicago; D. C. Dunlap, Ralph R. McKinnie, of Albuquerque; A. L. Allen and David S. Cook, of Chicago. The first four named with G. Leonard McKinnie, of Chicago, constitute the board of directors. Albuquerque is designated as headquarters although offices will be maintained in Chicago.

The road will start three and one-half miles from Thornton on the Santa Fe railway, and will be in a northerly direction to the Pino Canyon, through which it will be built to Bland. The first survey has been made and no insurmountable difficulties have been encountered. The first mile and one half out of Bland is through rather rough country and there will be a deep grade, but the rest of the line will be easy. The road will be extended to the upper mines at Bland, so that all mining properties will be brought in direct connection with it.

The same persons incorporated the Alamo Reduction company, with a capital stock of \$500,000, with the same directors and same offices. The reduction plant will be built at the point where the railroad crosses the Rio Grande, and the road and the plant will be operated in conjunction. The projectors of the road have received the hearty co-operation of many owners of mines in Bland and the extensive Cochiti district, and to secure the co-operation of all is the only thing that remains to be done. They are satisfied with the extent and character of the ore bodies and, though much of the vast ore deposits is of low grade, they believe the ores can be treated and worked at a profit. They consider the field practically undeveloped as yet, but full of promise.

The directors met in this city yesterday to organize and elect officers. Dr. McKinnie was elected to the presidency of both companies. The contract for the work will be awarded to a live construction company and it will be pushed with all speed.

## REWARD FOR GOODS.

S. Vann & Son Trying to Recover Their Stolen Property.

A reward of \$500 has been offered by S. Vann & Son for the recovery of the jewelry stolen from their safe, or a proportionate amount for any part. The vigilance and efforts of the police have not been relaxed for a single moment since the robbery occurred and the prospects for capturing the much wanted crooks are brightening every day.

A couple of suspicious characters were run in last night, but the marshal refuses to discuss any of the particulars relating to their arrest.

The opinion prevails that the mystery surrounding the sensational robberies will be cleared up in a very short time.

Through passengers who arrived from the south on train No. 22 had a nice visit in the city this morning, on account of the delayed passenger train No. 2, which arrived from the west more than four hours late. A heavy train, bad weather on the San Francisco mountains in Arizona and a few bum engines caused its lateness.

# Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

## KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of peppin and other medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well.

It can't help but do you good.

The 51 bottle contains 24 times as much (actual measurement) as the trial size which sells for 50c. Prepared by E. C. DeWitt & Co., Chicago. Sold by all dealers.

DeWitt's Witch Hazel Salve a soothing, healing application for piles, sores and skin diseases. Beware of counterfeits.

## NEW MEXICO TOWNS

### SANTA FE.

From the New Mexican.

The exterior of the deaf and dumb asylum is almost completed and the building is one of the finest in Santa Fe.

On the 25th of this month the Cavalry band will give another dance to raise funds for the purchase of new music.

The boys and girls are enjoying fine skating on the ice on the ponds adjacent to the city is four or five inches thick. All the ponds were covered with skaters yesterday.

C. E. Kessler, George Gligson and I. Saynard, stockmen from Cripple Creek, Colo., arrived in Santa Fe with a herd of horses which they are trying to dispose of in the city.

Owing to the illness of W. M. Berger, editor of the Capital, there was no issue of that paper on Saturday last. Mr. Berger has gone to Denver to have an operation performed.

Charles J. Parsons, clerk in the post-office, received the welcome tidings yesterday morning that his wife on Saturday evening at 11:30 o'clock gave birth to a girl. Mrs. Parsons is with her parents in Colorado Springs, Colo.

Word has been received here of the death at DuBois, Pa., on Sunday, November 23, of Erie Lankard, eldest daughter of Mr. and Mrs. S. E. Lankard, of typhoid pneumonia. Mr. and Mrs. Lankard are well known in this city, having made their home in Santa Fe for five years. For a year Mr. Lankard was principal of the city schools, and later engaged in the insurance business. His daughter will be remembered as a little girl, and the sympathy of many friends here will go out to the parents in their affliction.

Herman Quente, of this city, a fancy painter by trade, died yesterday afternoon of heart disease. He came here in 1884 and had charge of the painting of the old capital building, which was burned in 1892, and has resided here ever since. He was a man of kind disposition and well liked. He was a native of Germany, but came to this country in early manhood. He leaves a wife and several grown daughters. The funeral took place at 4 o'clock this afternoon. The remains were interred in the Odd Fellows' cemetery.

**Ballard's Horehound Syrup.**  
Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, druggist Shullburg, Wisconsin, writes May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle, they come back for more. I can honestly recommend it: 25c, 50c and \$1.00 at Cosmopolitan Pharmacy.—B. Ruppe.

### ROSWELL.

From the Register.

N. E. Stevens, general agent in New Mexico for the Montezuma Savings, Loan & Building association, has been here this week from Albuquerque.

Jessie, the 15-year-old daughter of J. L. Hyde, living about twelve miles northeast of town, died and was buried in the cemetery here.

Frank Anderson, manager of J. J. Hagerman's big ranch of 240,000 acres east of the Pecos river, was in town one or two days on business.

J. L. Wilson raised 8,000 pounds of Irish potatoes on one acre this season. He then planted some of the new potatoes and is now digging the second crop. How is that for "intensive farming?"

Tom Bell, of Hillsboro, Tex., father of Mrs. J. R. Warren, who was sheriff of that county for twelve years, has moved here to live. He started with a bunch of good Durham milk cows, but the inspector at Fort Worth declined to allow them to pass on account of the quarantine.

The Roswell club is considering a proposition to change its quarters and will have several proposals from parties who are going to build soon, including Barnett & James, who submitted their proposal at a meeting held Friday night.

Mrs. O. E. Cockrell, daughter and two sons, and Miss Minnie Hardin, of Owensboro, Ky., arrived here and registered at the Sheldon. Mrs. Cockrell is a sister-in-law of Capt. Thomas Cruise, who owns real estate here and who, with his wife, is expected here soon on a visit.

Mrs. Harry Walters, who suffered a stroke of paralysis over a year ago, and whose recovery has not been as rapid as her friends have wished, left

for Battle Creek, Mich., where she will enter a sanitarium for treatment. Mrs. Walters will remain there about five months if she continues to improve under the treatment.

At last Thursday evening's meeting of the Retail Clerks' union seventeen employees of Joyce, Fruit & Co. were admitted to membership, making the total roll fifty-three. A permanent organization was affected, as follows: Grand vice president, F. J. McConnell; president, Harry Carmack; first vice president, W. Shepherd; second vice president, Otis Jones; treasurer, Cy Davidson; financial secretary, W. A. Bryan; recording secretary, M. Schloss; guide, A. Blackwell; guardian, Walter Gill.

Wednesday morning S. E. Patton, the contractor was injured by being thrown from a wagon. Mr. Patton, with the driver, was just coming out of the Pecos Valley Lumber company's yard on the small delivery wagon of the firm, when the hub struck the gate post and the horse lunged, throwing Mr. Patton to the ground, and before the horse could be controlled, the rear wheel had run over Mr. Patton's back. The injured man was taken to his home at the new opera house where it was announced that the injury was slight. The wagon, fortunately, was only partially loaded.

### Favorite Family Remedy.

Frequently accidents occur in the household, which cause burns, cuts, sprains and bruises; for the use in such cases, Ballard's Snow Liniment has for many years been the constant family remedy. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy.—B. Ruppe.

### LAS VEGAS.

From the record.

The report of the public library for the month of November is as follows: Books loaned, 454; attendance, 956; card holders, 709.

Ike Bacharach and wife, of this city, will sail next Saturday from New York for Hamburg, on the ocean liner Pennsylvania.

Maria, the little daughter of Cleofes Romero, was operated on for tonsillitis. The operation was very successful and the little girl was quite cheerful today.

J. A. Baker came in from the Tecolote country and went down to Ribera. He reports work progressing fast on the foundation for the mill, also that the machinery has been ordered.

A. M. Hollenbeck, a merchant of Maxwell City, was in the city. Some one rifle, his valise the night before and he came here in search of the thief, but discovered on his arrival that he was on the wrong trail, so he returned home.

H. C. McDonald and wife, G. E. Sutherland and C. H. McDonald, are latter being an artist, are making their way overland from Colorado Springs to Los Angeles. They spent Sunday here and continued on their way today. Mr. McDonald is gathering material on the way to be used later in landscape painting.

From the Optic.

Max Nordhaus went down to Albuquerque yesterday. On Tuesday he will leave for New York, where he will

### COFFEE DID IT.

Put a Man Out of the Race.  
Coffee serves some people in a most atrocious manner.

"I was a veritable coffee fiend, until finally my stomach rebelled at the treatment and failed to work," writes a gentleman from New York.

"I had dyspepsia in its worst form; blind, staggering headaches with vertigo about a half hour after each time I ate, and I finally grew so weak and became so thin that my mother advised me to stop coffee and try Postum Food Coffee.

"I did not like it at first, but after experimenting in making it, mother soon got it just right, and I then liked it better than coffee.

"I soon noticed my biliousness stopped and I lost the trembling effect on my nerves; Postum did not stimulate me but seemed to exhilarate. I gradually regained my wanted good health; my old appetite returned, and today I am well—dyspepsia, headache and vertigo all gone, and Postum did it."

"When I began its use, I had been troubled for two years with all kinds of stomach trouble. I became a veritable walking apothecary shop, but I have not taken a dose of medicine since I commenced using Postum." Name given by Postum Co., Battle Creek, Mich.

join Mrs. Charles Ilfeld and Mr. and Mrs. Simon Bacharach, the entire party then leaving for Europe.

It is estimated that fully 150 parties went skating out to the springs yesterday. The ice is reported good, though a little soft.

Lynwood, the little daughter of Dr. and Mrs. E. L. Epperson, for whom one of the electric street cars has been named, is reported very sick.

P. F. Nolan bought three cars at alfalfa at Bernalillo, which he pronounces very fine. In that part of the Rio Grande valley, the alfalfa crop was large and excellent.

Sam Landis has added five fan-tail pigeons to the remarkable collection he already had. If he can out succeed in crossing them in time, he may be able to raise enough pigeons for the gun club's Christmas shoot.

A kidney or bladder trouble can always be cured by using Foley's Kidney Cure in time. Alvarado Pharmacy.

### HILLSBORO.

From the Advocate.

The Porter mill is grinding out a 300-ton run of ore from the Ready Pay mines.

Aloys Preisser expects to leave in a few days for Mexico to be gone at least six months.

Mrs. B. L. McKinney and her mother left for Tucson, Ariz., to be gone a month or so. Mr. McKinney accompanied them as far as Nutt.

E. H. Bickford, manager of the Lake Valley Mines company, and A. W. Gifford, of El Paso, and secretary of the International Miners' association, spent two or three days here. They were here for the purpose of looking into various mining interests in this vicinity.

Work at the Mamie Richmond mine is delayed somewhat while awaiting tools and lumber. The shaft will be timbered from the 300-foot level down, as far as possible. A large tank will be placed on the hill above the shaft house into which the water will be pumped from the shaft to be utilized. Mrs. Pearson informs us that by the first of February there will be fifty men at work. The road from Warm Springs gulch to the mine has been repaired and is now in excellent condition.

### A Timely Topic.

At this season of coughs and colds it is well to know that Foley's Honey and Tar is the greatest throat and lung remedy. It cures quickly and prevents serious results from a cold. Alvarado Pharmacy.

### DEMING.

From the Herald.

Mrs. Frank Ward left for her home in Missouri after a pleasant month's visit at the Spruce street home of her parents, Mr. and Mrs. Henry Nordhaus.

Clement & Givens' office at their lumber yard on Gold avenue, was broken into last Saturday night. Nothing of any great value was taken, however, the burglars confining their wants to paint brushes and some other articles of less value.

I. B. Stone, senior member of the real estate firm of Stone, Smith & Rogers, of this city, left for a week or ten days' trip up the Rock Island, where he spent Thanksgiving and other days with some old time friends.

Deputy Collector W. R. Fall, of Columbus, was in town the fore part of the week attending to the entry and collection on 400 head of cattle that were imported from Mexico and brought here for shipment. The duties on these cattle amounted to a very neat little sum, being \$3.75 per head.

### The Pride of Heroes.

Many soldiers in the last war wrote to say that for scratches, bruises, cuts, wounds, corns, sore feet and stiff joints, Bucklen's Arnica Salve is the best in the world. Same for burns, scalds, boils, ulcers, skin eruptions and piles. It cures or no pay. Only 25c at all druggists.

### PORTALES.

From the Herald.

William Franklin was kicked by a horse and was thought to be seriously hurt. Dr. Pearce was called and after a close diagnosis decided that his injuries were not necessarily fatal. At present he is getting along very nicely.

While returning home at an early hour last Saturday morning, W. S. Self was thrown violently from his horse and received what was at first thought to be serious internal injuries. He was found in an unconscious condition by Deputy Sheriff Stoldt and brought to town where he received medical attention, and it is now thought that nothing serious will grow out of the fall.

The examining trial of L. C. Freeman, charged with killing William Faris, was begun before Justice of the Peace Benson last Friday and continued through the greater part of the day Saturday. The court, after hearing the testimony, held the defendant to answer at the next term of the district court and fixed his bond at \$1,000. Attorney B. H. Baker, of this place, appeared for the defense.

Claude Crosby left the city very unexpectedly recently and to the surprise of his many friends, returned with a bride. He was married at Aledo, Oklahoma, to Miss Pearl Addington, of that place. Claude Crosby is well known here in Portales, where he has numerous friends who wish him a long, happy and prosperous life. The bride is a sister of Joe Addington, of this place, and has endeared herself to those with whom she has become acquainted.

Fred Scholle, a prominent merchant of Belen, spent Sunday in the city. Mr. Scholle says that Belen will get the Santa Fe cut-off sure.

### He Found a Cure.

R. H. Foster, 318 Second street, Salt Lake City, writes: "I have been bothered with dyspepsia or indigestion for twenty one years, have tried many doctors without relief, but I have found a cure in Herbine. I recommend it to all my friends, who are afflicted that way, and it is curing them, too. 50c at Cosmopolitan Pharmacy.—B. Ruppe.

## SANTA FE ALL RIGHT.

Commerce Commission Sustains Its  
San Francisco Rates.

Commissioner Prouty of the inter-  
state commerce commission has handed  
down a decision in the case of the  
Atchison, Topeka & Santa Fe railway  
and other roads accused of charging  
exorbitant freight rates on goods  
shipped from Chicago, St. Louis and  
other middle western points to San  
Francisco. The commissioner holds  
that the evidence is not sufficient to  
prove violation of the law on the part  
of the railways. He says in part:

"The differences between car load  
and less than car load rates from St.  
Louis, Chicago and other points in the  
middle west to Pacific coast territory,  
which are the subject of complaint  
herein and which average about 50  
cents per 100 pounds, are not, taking  
the rate adjustment as a whole, and  
giving due consideration to the con-  
trolling force of water competition be-  
tween the eastern seaboard and the Pa-  
cific coast, different enough to be un-  
just. But while the tariff cannot be  
condemned as a whole upon grounds  
urged by the complainants, many of  
the details in such tariff are in viola-  
tion of law."

Further hearings in the case will be  
held at St. Louis on the second Tues-  
day in February.

## PUEBLO TO SANTA ROSA.

Rock Island Said to Be Ready to Let  
More Contracts.

Within sixty days it is said contracts  
will be let for the building of 265 miles  
of railroad by the Rock Island system  
connecting Pueblo with Santa Rosa.  
The object is to secure for the Rock  
Island another outlet from Denver and  
Colorado Springs to the Pacific coast  
via El Paso, and, at the same time, tap  
the immense coal fields at Trinidad, Col.

The Rock Island line from Liberal,  
Kan., which connects with the South-  
ern Pacific at El Paso, runs through  
Santa Rosa, and the proposed line  
from Pueblo will be the connecting link  
in the system between Colorado and  
the Pacific coast.

The Rock Island uses the tracks of  
the Denver & Rio Grande railroad be-  
tween Colorado Springs and Pueblo,  
and when the proposed line is finished,  
it is understood the road will lay its  
own tracks from Colorado Springs to  
Pueblo.

## RIO PUERCO BRIDGE.

It Is Being Repaired, Rip-Rapped and  
Strengthened.

That the bridge spanning the Rio  
Puerco is being repaired and its abut-  
ments are being rip-rapped and other-  
wise strengthened, and that the Santa  
Fe Pacific tracks and roadbed for sev-  
eral miles this side of the bridge are  
being set with rock ballast, is strong  
evidence that the Santa Fe intends to  
haul its heavy trains that way and is  
almost positive proof that Belen will  
get the cut off. If the cut off is to be  
built by way of La Joya, these im-  
provements would be unnecessary, as  
the road would cross the Rio Puerco  
on the Rio Grande bridge below Sal-  
inal and thus avoid a second crossing  
of that treacherous bridge-weakening  
stream.

The contracting firm of B. Lantry &  
Sons are doing the rock work on the  
Rio Puerco bridge abutments. The  
foreman of the gang was here yester-  
day to confer with Charles J. Lantry,  
of the firm, who arrived from Strong  
City, Kan., where the firm also has  
contract work on the Strong City  
branch of the Santa Fe. Mr. Lantry  
said that they were going to bid for the  
building of the cut off, and as they are  
in favor with the Santa Fe, the chances  
for getting the job are good. Mr. Lantry  
as good as said that the road would  
go by way of Belen, for he did not  
deny that his firm were to bid on the  
building of the road across the Rio  
Grande at that place. It is not yet  
known what disposition the Santa Fe  
will show toward Belen, but it is very  
likely to make it quite a station, as it  
will be a junction between the Rio  
Grande division and the new road. A  
Harvey eating house will probably be  
established there. The good people of  
Belen expect great things.

Further hearings in the case will be  
held at St. Louis on the second Tues-  
day in February.

## STATION AGENT JONES.

How He Attends to His Duties at the  
Indian Village at Laguna.

Out at Laguna where the wind blows  
cold these days, in a room as big as all  
outdoors and with such cracks and  
crevices in the walls that a good part  
of the cold outdoors get in, using a  
dry goods box for a desk, burning his  
hands while fixing the fire and shiver-  
ing with cold when working at his  
desk, is Station Agent Jones. But re-  
gardless of all of these hardships, Mr.  
Jones treats the strangers that happen  
to stop at the little Indian village with  
most gracious, cheerful hospitality, and  
tells them, whoever they may be,  
whether railroad men or sightseers,  
that the company has promised him a  
new depot and station house.

It will be remembered that the La-  
guna depot burned down last summer,  
the fire destroying with it all of Mr.  
Jones' household goods. Since that  
time one corner of Simon Bilo's large  
warehouse has been used for a depot.

The plans for the new depot are now  
in the office of D. A. Shope, superin-  
tendent of buildings on the Winslow  
division, and when built, will be a big  
improvement over the adobe that was  
destroyed by fire. The building will be  
stone and brick. The foundation  
and lower portion stone, and the upper  
part built of brick. It will be one story.  
The building will have a 40-foot front  
and be equipped with five living rooms  
for the agent, an office, baggage room  
and freight house, and possibly a room  
for a Harvey lunch counter. The In-  
dians are attracting quite a bit of tour-  
ist travel there and a lunch room is  
badly needed.

"Harry Duckwell, aged 25 years,  
choked to death early yesterday  
morning at his home, in the presence  
of his wife and child. He contracted  
a slight cold a few days ago and paid  
but little attention to it. Yesterday  
morning he was seized with a fit of  
coughing which continued for some  
time. His wife sent for a physician  
but before he could arrive, another  
coughing spell came on and Duckwell  
died from suffocation.—St. Louis Globe-  
Democrat, December 1, 1901." Ballard's  
Horehound Syrup would have  
saved him. 25c, 50c and \$1.00 at Cos-  
mopolitan Pharmacy B. Ruppe.

The final transfer of the offices of  
the local station from the old depot to  
the new was the beginning of a gen-  
eral move up. The Gross-Kelly com-  
pany moved into the old freight house  
and the Santa Fe ice house is taking  
a move.

## THE SHORTER ROUTE.

Santa Fe Will Hereafter Run Slow Be-  
tween Chicago and Kansas City.

Because the Santa Fe is thirty miles  
shorter than any other line between  
Chicago and Kansas City, it has forced  
the other Chicago-Kansas City roads  
to beg for mercy in the matter of time  
schedule. Whatever the Santa Fe's  
rivals may try to do in speed between  
the points in question, the Santa Fe  
can always, without any more effort,  
accomplish in half an hour's less time.

This condition is responsible for the  
promulgation of a time card supple-  
ment by the Santa Fe for the Chicago  
division of the road. This supplement  
is issued to announce that in the fu-  
ture the Santa Fe trains will make  
slower time between Chicago and Kan-  
sas City and return.

It is of course evident that this con-  
cession by the Santa Fe was not made  
voluntarily. It was no doubt forced to  
extend its running time by the rival  
roads which could not keep up the  
pace which the Santa Fe had set. It  
was probably announced to the Santa  
Fe management that unless they put in  
slower trains, the rival roads would in-  
sist upon a differential rate, lower than  
that of the Santa Fe, between Kansas  
City and Chicago.

The fast time of the Santa Fe trains  
has been winning much patronage for  
that road out of both Kansas City and  
Chicago. People who investigated dis-  
covered that by using the Santa Fe,  
they could take advantage of the  
shorter line without any additional ex-  
pense.

It is believed possible that the Santa  
Fe has been granted some concessions  
by the other roads to compensate it for  
the change in the time of its trains, but  
what these concessions are has not  
been announced.

The officials of the Santa Fe located  
in Topeka claim that they know nothing  
of the cause of the deal, as it was  
all arranged by the executive officers  
in Chicago.

## A Thousand Dollar's Worth of Good.

A. H. Thurnes, a well known coal  
operator of Buffalo, O., writes: "I have  
been afflicted with kidney and blad-  
der trouble for years passing gravel or  
stones with excruciating pain. I got  
no relief from medicines until I began  
taking Foley's Kidney Cure, then the  
result was surprising. A few doses  
started the brick dust like fine stones  
and now I have no pain across my kid-  
neys and feel like a new man. It has  
done me a \$1000 worth of good." Alvar-  
ado Pharmacy.

## Here is a Chance for a Pretty Girl.

Here is a chance for some good look-  
ing young woman to become famous  
and have her picture scattered all over  
the country. If not beautiful, she must  
be at least attractive or fascinating.  
The passenger department of the  
Santa Fe wants such a woman to pose  
in one of the company's new tourist  
cars, while the photographer secures  
a picture that may be used everywhere  
for advertising purposes.

This is a rare chance for some girl  
to be taken at her face value, and the  
lucky person who secures the job will  
doubtless be treated handsomely by  
the Santa Fe people. Applicants for  
honors should lose no time in present-  
ing themselves at headquarters, as cer-  
tain advertising matter needing fem-  
inine beauty in it must be gotten out  
at once.

## Had a Good Time.

A. J. Snell wanted to attend a party,  
but was afraid to do so on account of  
pains in his stomach, which he feared  
would grow worse. He says: "I was  
telling my troubles to a lady friend,  
who said: 'Chamberlain's Colic, Chol-  
era and Diarrhoea Remedy will put  
you in condition for the party.' I  
bought a bottle and take pleasure in  
stating that two doses cured me and  
enabled me to have a good time at the  
party." Mr. Snell is a resident of Sum-  
mer Hill, N. Y. This remedy is for  
sale by all druggists.

As an incentive to the production of  
valuable club papers, the Pacific Coast  
Railway club has offered \$250 in prizes  
for the best papers pertaining to the  
construction, equipment, maintenance  
and management of steam railways.  
The papers must contain not less than  
2,000 and not more than 6,000 words  
and the competition is open to mem-  
bers of any railway club in the United  
States.

## A Good Cough Medicine.

(From the Gazette, Toowoomba,  
Australia.)  
I find Chamberlain's Cough Remedy  
is an excellent medicine. I have been  
suffering from a severe cough for the  
last two months, and it has effected a  
cure. I have great pleasure in re-  
commending it.—W. C. Wockner. This  
is the opinion of one of our oldest and  
most respected residents, and has been  
voluntarily given in good faith that  
others may try the remedy and be  
benefited, as was Mr. Wockner. This  
remedy is sold by all druggists.

## A WHITE ELEPHANT.

Such is the Santa Rosa Oil Well Con-  
sidered.

A meeting was held last night by the  
directors of the Consolidated Fuel and  
Oil company and representatives of  
the six companies interested in the  
well which was put down as a test well  
near Santa Rosa, N. M., says the El  
Paso Herald. The purpose of this  
meeting was to devise means of sink-  
ing the well about 200 feet beyond the  
1,000 feet which it was to have been  
sunk under the contract with S. A.  
Newman and J. A. Herrera.

The well is now that deep and it was  
proposed that the present stockholders  
take some of the treasury stock suffi-  
cient to raise the necessary amount to  
go down deeper.

It seems that this proposition did not  
meet with much favor as S. H. New-  
man, who is a part owner of the rig,  
had contracted with other parties to  
use it for assessment work on other  
property before the first of the year  
and time to do much further work on  
the well is too limited. The rig is also  
contracted out to put a well down on  
the Jordan property near by and some  
of those interested are inclined to  
want to wait and see how the Jordan  
well will turn out before putting up  
more money.

Some of the stockholders are not  
satisfied with the management of the  
affair by Newman and Herrera, and  
feel that Mr. Newman should have  
given the Consolidated and the allied  
companies the preference for the use  
of the rig.

It was reported at the meeting that  
the depth of 1,000 feet had been reached,  
and Mr. Haggard, of Las Cruces,  
and H. L. Edwards, of the committee  
previously appointed for that purpose,  
will go to Santa Rosa to inspect the  
well and if up to the contract, accept  
it.

## Coughs, Colds, and Constipation.

Few people realize when taking  
cough medicine other than Foley's  
Honey and Tar, that they contain  
opiates which are constipating besides  
being unsafe, particularly for children.  
Foley's Honey and Tar contains no  
opiates, is safe and sure and will not  
constipate. Alvarado Pharmacy.

## RAILROAD NOTES.

R. B. Mudge, day clerk at the Alva-  
rado, is back at his accustomed po-  
sition after a few days' sickness.

Local No. 99 was held several hours  
today on account of power shortage.  
The Santa Fe is short on engines.

John H. Bell has been succeeded as  
messenger of the Wells-Fargo Express  
company on the Lamy branch, by Ray  
Rivenburg.

E. J. Scott resigned his position in  
the car repairing shop at Las Vegas,  
and left for Santa Fe, to take a po-  
sition in the job rooms of the New Mex-  
ican.

Conductor Forkner and brakemen  
Miller and Shepherd have taken a lay  
off and will spend their leisure time  
hunting bear in the mountains around  
Glorieta.

Dan Strawmatt, who had been firing  
on the Hot Springs branch for several  
days, has gone back on the main line,  
and Fireman Lyster takes the Springs  
run.

The nuptials of W. K. Etter, chief  
clerk to General Superintendent J. E.  
Hurley at Topeka, Kan., and Miss  
Lockie Fort, of Las Vegas, are an-  
nounced in railroad circles.

The industrial department of the  
Santa Fe is locating several large  
creameries in Texas, where that busi-  
ness has been found to be very profit-  
able.

A local railroad man thinks it is a  
sure thing that the Rock Island will  
enter into a joint traffic agreement  
with the Santa Fe to use its new cut  
off.

A letter of inquiry has been received  
asking for J. H. Wilson, formerly of  
Longview and Mineola, Texas. He was  
at one time a railroad man and is well  
known at Tusahoma, I. T., Rockport  
and Tyler, Texas. The letter, which is  
from F. L. DeShong, of Tyler, Texas,  
says his friends fear he has met with  
foul play, but they have just been in-  
formed Wilson has been seen at Santa  
Fe. The letter is one of friendly so-  
litude only.

Cure for my present good health, and  
probably my life." It cures coughs,  
colds, LaGrippe, bronchitis, pneumonia  
and all throat and lung troubles. One  
Minute Cough Cure cuts the phlegm,  
draws out the inflammation, heals and  
soothes the mucous membranes and  
strengthens the lungs. J. H. O'Reilly

## LOCAL PARAGRAPHS.

Ladies of the Degree of Honor will meet tonight. Members are requested to be present if possible.

M. Mandell, the Railroad avenue collier, is handing around some very handsome calendars for 1903.

Mr. and Mrs. N. T. Mays, residing on South Second street, are rejoicing over the arrival at their home of a bouncing baby girl.

The woman's circle of the Baptist church will hold its regular monthly social at the home of Mrs. W. V. Wolvin, Thursday afternoon at 3 o'clock.

W. H. Jack, or Silver City, who was at Santa Fe attending a meeting of the United States land commission, passed down the road home bound last night. Excelsior lodge, No. 1, D. of H. O. O. U. W., will meet in regular session tonight at 7:30. Election of officers. All members requested to be present. Etta B. Allison, recorder.

The annual meeting of the Congregational church will be held this evening in the church parlors. All members and supporters of the church are urged to be present. Round table supper served promptly at 7:30 o'clock.

Gov. M. A. Otero, who was at Chicago on business, came in from the north last night, and this morning was in consultation with Hon. Solomon Lund and other republican politicians. He returned to Santa Fe this afternoon.

Regular review of Albuquerque tent No. 1, K. O. T. M., will be held this evening, December 3, in Knights of Pythias hall at 8 p. m. All sir knights are requested to be present. Election of officers will take place. C. B. Ruppe, commander.

There will be a meeting of the Ladies' Auxiliary Sewing society of St. Joseph's sanitarium next Friday afternoon at 3 o'clock in the parlors of A. Borders, Commercial club building. All ladies of the city interested are invited to be present.

Walter Darling and wife came in from Winslow this morning, spending the day with old Albuquerque friends. They will go up to Santa Fe tomorrow morning, and will probably remain until the adjourning of the territorial legislature.

Gen. James S. Clarkson, who was here the past week or ten days on a visit to his son, Grosvenor Clarkson, left this morning for New York, where he is the collector of the port. The general expects to return to Albuquerque in a few weeks.

The funeral of Ralph Hill took place from the residence this afternoon. The Order of Railway Trainmen attended in a body and escorted the body to its last resting place in Fairview cemetery. There was a large attendance at the ceremony over the deceased, whose friends are numbered by hundreds.

Mrs. Charles Madison, of Burlington, Iowa, who has been spending the past seven weeks in the city visiting with her brother, Street Commissioner Martin S. Tierney, left last night on her return home. Mrs. Madison was much pleased with what she saw of New Mexico, and enjoyed her short stay here immensely.

Drs. John Tascher and W. G. Hope, who attended the meeting of the territorial medical board at Santa Fe yesterday, returned to the city last night. Dr. W. D. Radcliffe, of Belen, and Dr. C. G. Bryan, of Alamogordo, who also attended the meeting, accompanied the Albuquerque physicians to this city, and continued south to their respective homes. The doctors report a good meeting.

Architect La Driere is now receiving bids for brick, carpenter, painting and plastering work for the new Bachechi & Glom building on South First street. Hon. Charles A. Spiess, the district attorney of the First Judicial district, is in the city, and called at The Citizen office this morning, to talk politics and to renew his subscription. He will be one of the members of the upper house of the approaching territorial legislature, representing San Miguel and Guadalupe counties.

Miss Marie Stuart Klooz, the pretty little Miss of the family of Mr. and Mrs. J. Fred Klooz, will soon have a birthday. It will be her first—one year old, and the fond parents are now arranging matters to make the event a notable one in the life of pretty Marie. It will occur on Tuesday, December 30, and on that day there will be happiness galore at the Alvarado, where Mr. Klooz is the popular manager. In January, Mr. and Mrs. Klooz, with the young lady, will visit Kentucky, to introduce Miss Marie to her grandparents at Louisville.

George Zirhut, a young man who some times acts as a fire volunteer, had his right foot mashed by the wheels of the heavy fire wagon last night. As the department dashed out of the station to answer the call to a small blaze on Second street, Zirhut attempted to swing on the wagon, when his foot slipped and the rear wheel passed over it, crushing the bone very badly. The young man was taken to his home on Edith street where the injured foot was dressed and the young man made as comfortable as possible.

Frank Carpenter, the sheep man, went to Lamy last night to look after the shipment of a bunch of fine lambs from that point to Colorado, where they will be fed this winter for the spring market. The lambs were driven from Mr. Carpenter's ranch near Torreon, New Mexico. Shippers are experiencing considerable trouble getting cars in which to ship their stock. Several bunches of sheep are being held near Lamy on account of car shortage.

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.

## There are Some Men

WHO YEAR AFTER YEAR SPEND MONEY NEEDLESSLY ON EXPENSIVE MADE-TO-MEASURE SUITS. THEY THINK IT IS HUMILIATING TO WEAR READY-TO-WEAR CLOTHES, OR THAT THE MATERIAL, THE TAILORING AND THE FIT IS NOT OF THE BEST. READY-MADE CLOTHING HAS HAD ITS SHORT COMINGS. BUT THIS IS AN AGE OF PROGRESSIVENESS. NO LONGER IS IT NECESSARY TO GIVE \$25 TO \$60 FOR MADE-TO-ORDER GOODS. WE OFFER YOU NOW

## Faultless Ready-to-Wear Clothing

AND BE YOU LONG OR SHORT, FAT OR THIN, WE CAN FIT YOU PERFECTLY. THE MATERIALS ARE OF THE SAME HIGH QUALITY, AND THE WORKMANSHIP IS OF HIGHEST POSSIBLE GRADE, SHOWING SPLENDID TAILORING SKILL.

## Prices are from \$10 to \$30 cheaper

THAN MADE-TO-ORDER GARMENTS.

JUST COME AROUND—WE SHOULD LIKE TO SHOW YOU SOME OF THE FEATURES OF THESE FAULTLESS SUITS, SHOW YOU THE GRACEFULLY BROAD, ROUNDING SHOULDERS, THE CLOSE FITTING COLLAR, THE FULLNESS ACROSS THE CHEST, AND ALL THE OTHER LITTLE THINGS, WHICH DEMONSTRATE THE SUPREMACY OF READY-TO-WEAR CLOTHES.
