## NO JOINT SESSION RESOLUTION

Bill Abolishing State Coal Oil  
Inspectorship Passed by  
Big Vote.

Immediately after prayer by Chaplain McCollough, Burg offered the following resolution in the House this forenoon—the resolution being adopted 40 to 3, only Sanchez, Toombs and Tully voting no:

Whereas, the House of Representatives of the legislative assembly of the State of New Mexico at its present session devoted considerable time to the election of and did elect two United States Senators, and

Whereas, soon after such election it was made known to this House that the term of office of one of such senators would expire on the 3d day of March, 1913, and

Whereas, on the 15th day of April, 1912, this House duly considered the question of the election of a United States Senator whose term shall begin on the 4th day of March, 1913, and

Whereas, it was then decided by a resolution that public legislation for the State of New Mexico demanded the exclusive attention of the legislative assembly of the State of New Mexico at its present session, and by reason thereof a resolution was duly adopted whereby it was resolved that the said House of Representatives would not, at the present session, further consider the election of a United States Senator for New Mexico whose term shall begin March 4th, 1913, and

Whereas, this House has been informed unofficially that the State Senate of New Mexico is taking some steps looking toward the possible selection of a United States Senator for the term beginning March 4, 1913, and

Whereas, it now appears that there are only three more legislative days of the present session of the legislature, and

Whereas, there will be another session of the present legislature beginning in January, 1913, and expiring a considerable length of time before the 4th of March, 1913, and

Whereas, no vacancy exists at the present time in the office of United States Senator for the State of New Mexico, and no occasion exists which necessitates action at this session upon the election of a United States Senator, and

Whereas, it is again deemed by said House that the public business of the State of New Mexico, other than the selection of a United States Senator, is of such a nature as to urgently demand and require the undivided attention of the legislature of New Mexico for the remainder of its present session.

Now, therefore, be it resolved by the House of Representatives of the legislative assembly of the State of New Mexico now in session that official notice be given by this House to the Senate of this State that this House adheres to its former decision as expressed in the said resolution of the 15th of April, 1912, that it will not, at this session, further consider or take any action with reference to the election of a United States Senator for the term beginning March 4th, 1913.

House. Moved that Senate Bill No. 179, be made the special order for tomorrow, but this was voted down. It is the Senate finance bill.

House Bill No. 267, by Moreno, an act to regulate the brands on certain kinds of animals, was laid on the table as the Pankey Brand Bill already passed, covers the subject.

House Bill No. 244, by Chrisman, an act defining liquor, regulating the liquor traffic and local option elections, including a county option provision, was taken up. Various amendments were offered by the finance committee, Mullens and Toombs. The most important amendment was to raise the number of voters needed for a local option petition from 20 to 25 per cent. It was passed.

A motion of Chaves to lay the bill on the table and to make House Substitute for House Bill No. 8, the Burg High License and Prohibit Option Bill, the special order this afternoon, was carried by a viva voce vote, a motion to table the Chaves motion being lost 26 to 22.

House Bill No. 262, by Speaker Baca, an act to amend section 2 of chapter 103, of the Laws of 1909, requiring the investment by the town of Las Vegas of surplus funds of the Las Vegas land grant, was passed, although Rogers and Smith pointed out it was special and local legislation and therefore unconstitutional. The bill passed 37 to 9.

Blanchard remarked that the House should get down to more important business instead of making "mud pies," and moved that House Bill No. 249 be taken up.

Speaker Baca reproved him for using unparliamentary language.

House Bill No. 268, by Speaker Baca, an act to provide for a state record of the incorporation of cities, towns and villages, was passed 47 to 0.

House Joint Resolution No. 27, by the committee on investigation, providing for a legislative investigation with the assistance of state officers of coun-

SUIT AGAINST  
SHIP OCTOPUSGovernment Begins Action  
to Dissolve Brazilian  
Pools

## MADE SWEEPING CHARGES

Complaint Named Prince, Hamburg, Lamport and Holt Lines.

(By Special Leased Wire to New Mexico) New York, N. Y., June 5.—The national government filed a civil anti-trust suit in the federal district court here today against steamship interests alleged to have monopolized the transportation of passengers and freight between the United States and Brazil.

**Sweeping Charges.** Sweeping charges of granting rebates, fixing arbitrary and unreasonable rates, and entering into conspiracies, combination and agreements in violation of the Sherman law are made against the Prince Line, Limited, the Hamburg lines, and the proprietors of the Lamport and Holt line.

**Fixed Rates.** New York, N. Y., June 5.—For five years, the government avers, the steamship lines and certain of their officers or agents, named as individual defendants, have combined and conspired to destroy all competition in the traffic between the United States and Brazil. Through the instrumentality of traffic and pooling agreements and conferences for concerted action, it is charged, dates of sailing have been apportioned, profits divided, freight rates fixed and discriminations leveled at shippers who refused to patronize the defendants exclusively.

**Asks Injunction.** The court is petitioned to declare the alleged combination a restraint of trade in violation of the Sherman law and to forbid the vessels of the defendants entering or clearing any port of the United States as long as the contracts, agreements, and practices of which the government complains are continued. The government applies for a series of injunctions prohibiting all parties concerned from granting rebates or bonuses and from fixing rates and eliminating competition among themselves or destroying the efforts of rivals. An interlocutory injunction is sought to restrain the steamship lines from continuing their alleged unlawful methods during the pendency of the suit.

**Searching Investigation.** Washington, D. C., June 5.—The anti-trust suit filed against steamship lines to Brazil is the fourth step by the federal government to destroy alleged monopolies in America's water traffic.

It is the latest result of one of the most searching and comprehensive investigations made by Attorney General Wickens under the Sherman law. The inquiry is far from finished. The situation in the coastwise trade of the Atlantic and the water traffic on the entire Pacific coast are still being investigated.

BRIBE MONEY  
TO BE TRAGEDState Attempted to Show Dar-  
row Secured Money From  
McNamara Fund

## DEFENCE OBJECTED TO CHECK

Admitted Signatures Were Gen-  
uine, But Fought Introduction  
as Testimony.

(By Special Leased Wire to New Mexico) Los Angeles, Calif., June 5.—That the prosecution merely desired to place in evidence the fact, alleged by them that certain sums of money amounting to about \$200,000 had been sent to attorneys for the McNamara defense was stated today by W. J. Ford, assistant district attorney, in discussing the placing on the stand of H. S. Flather, cashier of a Washington, D. C., bank. Mr. Ford said that the calling of Flather as a witness was not an attempt to incriminate others with Clarence Darrow, now on trial for the alleged bribery of a juror on the McNamara cases. Mr. Ford added that no attempt would be made by the attorneys to show that either Mr. Morrisson or President Samuel Gompers of the American Federation of Labor had any guilty knowledge of the alleged corruption of jurors and witnesses in the McNamara case.

**Looking for Legal Loophole.** The effort to have the ledger page containing the defense fund account admitted as evidence was expected to be resumed this morning. Up to adjournment last yesterday, the attorneys for Darrow had succeeded in keeping it out by raising various technicalities. The prosecution apparently was hard pressed for a legal loop hole through which the bank doc-

JOINT SESSION RESULTS  
IN NO SENATORIAL CHOICERepublican Majority Complies with the Requirements of  
the Law In an Orderly and Dignified Manner.—  
Democrats Refused to Vote.

The situation in both House and Senate was tense this forenoon and noon over the U. S. senatorship. The House reiterated its refusal to go into joint session and the senate to comply with the law and to keep the record straight, resolved itself into a joint session and balloted for a senator but the presiding officer declared as it took a majority not merely of the members voting but of the entire membership of both Houses to elect, that there was no election. The galleries in both houses were crowded and as the spectators and many members did not know what the movement really meant, there was much suppressed excitement.

**Senate Session.** The senate met promptly at ten o'clock, but after prayer by Chaplain McCollough and reading of the journal, took a recess to 11:30 o'clock. When the senate reconvened, a resolution from the House was received reaffirming the intention of the House not to go into joint session for the election of a United States senator until at the January session.

A number of House bills were received and referred to proper committees. Miers moved that "we proceed to ballot for United States senators as in joint session."

Lieutenant Governor E. C. de Baca, who was presiding, ruled Miers out of order on the grounds that a joint session could not be held with the members of the House absent.

Holt appealed from the chair's decision and explained that the proceeding contemplated had been passed upon by a large number of the best lawyers in the state and that these are of the opinion that it is absolutely legal, in fact, it is necessary that this action be taken at this time to comply with the federal statute.

Barth then launched into a scathing Philippic directed against the Republican members in which he predicted dire consequences to the party for what he deemed a high-handed proceeding. Incidentally, he paid a tribute to Senator Albert B. Fall and Senator Thomas B. Catron "as able men as there are in the United States senate." He was interrupted by Crampton and withdrew a remark which Crampton deemed a reflection on the members of the senate.

Lieutenant Governor E. C. de Baca, in a measured address that was calm and judicial in tone, and that evidently made a good impression on members of the senate as well as on the spectators, declared that he had no personal interest in the pending question, that even if he had an interest, his oath would not permit him to decide in favor of his prejudices, but in favor of what he considered the law. He read from the law of congress governing the procedure for electing a United States senator. He insisted that in all of his rulings during the session he had never been wilfully arbitrary and that he did not intend to be arbitrary now, although some might have anticipated him to be.

Holt in reply paid a high tribute to the fairness of the presiding officer and laid an offering of the highest respect at the feet of the lieutenant governor. He took but one exception to the remarks of the latter "that the majority knew it was proceeding in irregular manner." The presiding officer disclaimed having made such remark and if he did, withdrawing it.

"We believe this proceeding to be regular," said Holt, "otherwise we should not be taking it. Many hours were spent in examining the law and the decisions, all of the decisions, we believe, and it is necessary to take this action at this time." It is in accordance with the law and in accordance with the decisions of the United States. Certainly, the majority would take no action that would bring reproach upon the grand old Republican party of the state or of the nation. This is no occasion to get excited; no attempt will be made to perpetuate an outrage or even to be high-handed. The certificate that will be issued to Senator A. B. Fall will be based on the law.

On the motion to overrule the chair, Aldredge, Barth, Doepf, Evans, Hinkle, Mabry, McCoy, Sulzer and Walton voted no. The chair was overruled 15 to 9.

**Democrats Refuse to Vote.** The senate then proceeded to ballot. The Democrats and McCoy refused to vote. Progressive Sulzer voted for W. H. Andrews. The other fifteen cast their ballot for Albert B. Fall.

The president announced that since the statutory requirement demanded a total of 37 votes for a majority, no election had taken place.

There was applause from the galleries and the chair had to call for order.

Behind all of this procedure, apparently dull and meaningless, there is much significance, and the opponents of Senator Albert B. Fall are working feverishly to checkmate every move in his favor. It is predicted that the same procedure will be repeated tomorrow noon and that by

## SIX-YEAR PRESIDENTIAL TERM

The House Judiciary Committee  
Makes Favorable Report on  
Amendment.

(By Special Leased Wire to New Mexico) Senate.

Washington, D. C., June 5.—Convened at noon.

Magazine publishers and editors advocated before postal committee amendment to postoffice appropriation bills to give all second class mail equal facilities and treatment in postal transportation and distribution. Senator Page spoke urging passage of his vocational educational bill.

Naval affairs committee decided to report naval appropriation bill Thursday.

Senators Ashurst and Smith before the foreign relations committee urged action in pressing claims of American citizens for injuries and damages sustained as a result of the Mexican revolution.

Subcommittee which investigated Titanic disaster will begin hearings Thursday on proposed legislation to safeguard sea travel.

**House.** Convened at 11 a. m. when a lengthy fight was precipitated in an effort to dispense with discussion of legislation on the regular Wednesday calendar.

Agricultural expenditures committee resumed hearing in its investigation of drainage division of department, chief Drainage Engineer Wright of Florida, testifying of his connection with North Carolina projects.

Began consideration of bill to enlarge powers of bureau of mines.

Representative Aiken introduced resolution for investigation of Willis Moore, chief of weather bureau.

Judiciary committee decided to hold executive session Thursday to consider case of Judge Archbold.

Members of money trust in investigating committee departed for New York to begin investigation there Thursday.

## NEW MEXICO NOMINATIONS.

Washington, D. C., June 5.—President Taft today nominated as register of the land office at Las Cruces, New Mexico, Jose Gonzales, and Robert H. Sims, to be receiver of public moneys there.

**For Six Year Presidential Term.** Washington, D. C., June 5.—The House judiciary committee today voted to report favorably the constitutional amendments proposed by Representative Clayton of Alabama, extending the term of the President to six years and prohibiting more than one term.

**Underwood Cotton Bill.** Washington, D. C., June 5.—The Underwood cotton tariff reduction bill was reported favorably to the House today by the ways and means committee. The bill is identical with that passed by both houses and vetoed by President Taft last August. Democrat leaders repeat their claim that its enactment would save more than \$80,000 a year to the users of cotton clothing. The bill is expected to pass the House, but may encounter complications in the Senate.

**Lorimer Takes Kern's Hand.** Washington, D. C., June 5.—The Lorimer case was temporarily put aside in the Senate today, when Senator Kern, who is making a two-days speech against the Illinois case gave way to Senator Page for a speech on a vocational education bill. Mr. Lorimer left his seat, and crossing the aisle to Senator Kern shook hands with him across Senator Chamberlain's desk.

"I suppose," said Senator Chamberlain, "that you think each of us who is going to vote against you is a devil of a fellow?"

"Not at all," returned Senator Lorimer, with a smile. "I don't think so at all."

**Taft Will Sign Homestead Act.** Cheyenne, Wyo., June 5.—Special to the Tribune from Washington: Today President Taft assured Senator Warren this morning that he would sign the three year homestead bill without any delay. It was reported that the President contemplated vetoing the bill.

## ROOSEVELT CARRIED

SOUTH DAKOTA BY 10,000.

(By Special Leased Wire to New Mexico) Sioux Falls, S. Dak., June 5.—On returns received up to 1 o'clock, it is estimated that Roosevelt has carried South Dakota by ten thousand to twelve thousand as the result of the presidential primaries. Frank M. Byrne, Republican, for governor, is leading George W. Egan by eight to ten thousand. Manager for Edward S. Johnson, Democratic candidate for governor, claims he has won by 3,000 over P. F. Wickhem.

AMERICAN WON  
ENGLISH DERBYOn W. Raphael's Tagalie  
Johnny Reiff Secured  
1,000 Guinea Stake

## BELMONT'S TRACERY WASH THIRD

Sweeper 11 Owned by H. B.  
Duryea Seventh Among  
Twenty Starters.

(By Special Leased Wire to New Mexico) Epsom Downs, Eng., June 5.—W. Raphael's Tagalie, a little favored horse, won the English derby today. W. Newmann's Jaeger was second and August Belmont's Tracery third. The king's horse, Pintadesu was fourth.

**Rode by American Jockey.** Tagalie, Johnny Reiff up, won by four lengths. Two lengths separated second and third horses. Reiff is an American jockey and rode Richard Croker's Orby to victory in the derby on 1907.

**Sweeper II, Finished Seventh.** Sweeper II, the favorite owned by H. B. Duryea, the American, finished seventh among twenty starters. Time 2:38 4-5. Although Sweeper II did a sharp burst of six furlongs during the morning, showing splendid action, the layers were inclined to the field against the American horse and the betting lengthened to 100 to 200.

## Good Crowd.

The crowd was quite up to the usual for the derby despite threatening weather. King George and Queen Mary and the royal party were early arrivals and received a tumultuous reception. Richard Croker, whose derb by candidates was scratched, was at the track, interested in his entry for the last race of the day. Tod Sloan was here, resuming acquaintance with the scenes of his past successes. A. G. Vanderbilt's and other coaches, filled with brightly dressed women, lined the rails opposite the stand. The stands were crowded with society folk and the heath was thronged with tens of thousands of holiday makers.

## 100 to 8 Shot.

August Belmont's Tracery, held at 66 to 1, in a splendid final effort, crossed the line a scant two lengths in the rear of Jaeger. Twenty horses started. Sweeper II, the favorite, was never in the running.

## Tagalie Won Stakes.

Tagalie, a rank outsider in the betting, won the 1,000 guinea stakes at Newmarket May 3. By capturing the blue ribbon turf event today the filly earned for her owner \$32,500. The course that the three-year-olds had to make was about one mile and a half. It was Tagalie's race from the start to finish. Ridden with consummate judgment by Johnny Reiff, the filly jumped off in the lead followed by Orchestral, ridden by another American, Milton Henry, White Star and Javelin with Pintadesu, the king's entry, Sweeper II, the American favorite, and two others some distance behind.

## Won in a Canter.

Rounding Tattenham corner, Tagalie led by half a length with the field in about the same order as they got away. Two furlongs from home, the filly, still traveling in splendid form, had the race at her mercy. Tracery came through the rack with a rush, but Tagalie made the remainder of the running and won in a canter.

U. S. MARINES  
WERE LANDEDBattalion Will Protect Ameri-  
can Interests in Guan-  
tanamo Valley

## FOUR WARSHIPS DESPATCHED

This Country Has Permanent  
Naval Base Near City of  
Santiago de Cuba

(By Special Leased Wire to New Mexico) Calmanera, Cuba, June 5.—Four hundred and fifty American marines under command of Colonel Lucas, were landed this morning at Deses Point, near here from which point they proceeded by train for Guantanamo city. The announced purpose is to guard American property against possible attacks by negro rebels and not for intervention.

## Have Been at Guantanamo Bay.

Washington, D. C., June 5.—The marines referred to in the Calmanera report are said here to be a portion of those who have been in camp at the United States naval station on Guantanamo Bay since the arrival there of the cruiser Prairie a week ago.

## To Guard American Property.

In response to repeated calls for help and protection from the planters, mostly Americans, between four hundred and five hundred marines have been sent to Guantanamo, about fifteen miles inland from the American naval station. The large Santa Cecilia

BOTH FACTIONS  
ARE CONFIDENTMcKinley and Dixon Issued  
Statements on Arrival  
in Chicago

## DIFFERENCES OF OPINION

If Taft and Roosevelt Leaders  
can be Credited Impossible  
Will Happen.

(By Special Leased Wire to New Mexico) Chicago, Ill., June 5.—Congressman McKinley and Senator Dixon, managers of the Taft and Roosevelt forces, signaled their advent in the convention city by issuing statements containing diametrically opposite "certainties."

## Slight Difference of Opinion.

The Taft leaders in a formal statement said: "President Taft will be the nominee of the convention with approximately 600 votes on the first ballot." Senator Dixon, in an equally positive statement declared: "The nomination of President Taft is physically and hugely impossible with the delegates elected."

Congressman McKinley, added the personal presence of Colonel Roosevelt in the convention would only make the outcome more certain against him. Senator Dixon insisted "that the Roosevelt men absolutely control the convention without taking the contested delegates into consideration."

## Howell Defeat Predicted.

The attempt of R. B. Howell, to take Acting Chairman Roosevelt's place on the national committee Thursday is certain of defeat, according to leading members. William L. Ward of New York, a leader in the Roosevelt ranks, said he believed the committee would quickly dispose of the case, adversely to Mr. Howell's claim.

## Leaders in Conference.

A conference of the party leaders began shortly before noon. Senator Crane, who has taken charge of much of the preliminary work of organization, Senator Penrose and National Committeeman Mulvane, of Kansas, Brookline of Connecticut, and others were present. Senator Dixon's statement was in part:

## About Strongarm Methods.

"Taft managers in their desperation have thrown out broad intimations that a majority of the Republican national committee would by revolutionary methods and strongarm tactics, attempt to reverse the plain verdict of the Republican voters. I bitterly resent these insinuations."

## Dixon Does Not Fear Committee.

"We have no fear in resting our case in the matter of contested delegates to the committee's decision. Knowing the personnel of the committee, we have no mental reservations in saying that its members will try in a judicial spirit the 200 contests and will decide them according to their merits." Senator Dixon also declared he believed every Roosevelt delegate would support whatever man had the approval of Colonel Roosevelt for temporary chairman.

The talk of a bolt from the convention by Roosevelt forces he designated as "junk." The Senator pointed to the result of the South Dakota primaries as evidence of the triumph of Roosevelt. Concerning the Ohio convention, he said:

## "Boldly and Insolently."

"The Taft machine in Ohio refused to submit to the popular verdict the question of the election of the six delegates at large. They boldly and insolently in defiance of the express wish of the Republicans, stole the six delegates at large."

## Sober Second Thought.

Congressman McKinley in his statement declared: "The sober second thought not only of the Republican party, but of the people, will be further respected at the polls in November by the re-election of President Taft for a second term."

## People Will Pass Judgment.

"The campaign of bluff, bulldoze, and bluster, which Mr. Roosevelt has conducted for the nomination, is drawing to a close. The Republican party to which, as such, he has made only incidental appeal, will pass final judgment on the third term candidacy of Mr. Roosevelt."

## Taft Stands By Constitution.

"No terrorization or intimidation by Mr. Roosevelt or his managers can change the result. No compromise is possible as between the candidates, as the fight already is won by President Taft. The principles for which President Taft stands in his contest, the preservation of constitutional government, enforcement of the laws, and progressive evolution, as opposed to revolution will be written into the next Republican platform."

## Sherman Sure of Taft's Nomination.

Washington, D. C., June 5.—Vice-President Sherman at the White House today declared he believed President Taft would be nominated by the Republican national convention.

## Sherman's Real Opinion.

"I have not the slightest doubt that Mr. Taft will be nominated," he said. "He will have at least a hundred more delegates than Roosevelt. I would like to name the exact figure, but that will be near Mr. Taft's majority. That is my real opinion, too, not a mere boast."

**Barcelona Bridge Swept Away.**—The new bridge at Barcelona, Bernalillo County, was in part swept away by high water in the Rio Grande last night. The damage is \$10,000. The bridge was built a year ago at a cost of \$40,000.

### COMFORTING WORDS.

Many a Santa Fe Household Will  
Find Them So.

To have the pains and aches of a  
bad back removed; to be entirely free  
from annoying, dangerous urinary  
disorders is enough to make any kid-  
ney sufferer grateful. To tell how  
this great change can be brought  
about will prove comforting words to  
hundreds of Santa Fe readers.

Pasquale Yanni, College St., Santa  
Fe, N. Mex., says: "In 1902 I gave  
a public testimonial in praise of  
Doan's Kidney Pills to the effect that  
they had cured me of a pain in my  
back, caused by disordered kidneys.  
My work obliges me to sit down a  
good deal and this weakened my kid-  
neys, causing backache. While at  
work I suffered more intensely than  
at any other time and I was very  
anxious to find a remedy that would  
relieve me. Learning of Doan's Kid-  
ney Pills, I procured a box and to my  
delight, they soon fixed me up in good  
shape. I have since had no need of  
kidney medicine."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States.

Remember the name—Doan's—and  
take no other.

### AT SIXTY-TWO

Just sixty-two? Then trim thy light,  
And get thy jewels all reset;  
'Tis past meridian, but still bright,  
And lacks some hours of sunset yet.  
At sixty-two  
Be strong and true,  
Scour off the rust and shine anew.

'Tis yet high day; thy staff resume,  
And fight fresh battles for the  
truth;

For what is age but youth's full  
bloom,  
A ripper, more transcendent youth,  
A wedge of gold  
Is ever old;  
Streams broader grow as downward  
rolled.

At sixty-two life is begun;  
At seventy-three begin once more;  
Fly swiftly as you near the sun,  
And brighter shine at eighty-one.  
At ninety-five,  
Should you arrive,  
Still wait on God, and work and  
thrive.

—New Haven Courier-Journal.

### AROUND THE STATE

**Democratic Printing Craft.**  
George E. Hosmer, commissioner of  
printing of Colorado, has announced  
that it will cost the state about \$200,  
000 to advertise the bills initiated and  
referred to be voted on at the fall elec-  
tion.

### Just Boozed.

Oak Creek, Colo., June 5.—Coroner  
W. H. Dasher, who came here to hold  
an inquest upon the remains of Con-  
rad Donbrowski, found dead upon his  
claim ten miles west of town, decided  
that death was due to acute alcohol-  
ism. Suicide had been suspected.

### Fatally Injured by Engine.

Porter H. Tuttle, a Santa Fe car  
inspector, was struck by a switch en-  
gine at East Vaughn, Guadalupe coun-  
ty, and was fatally injured, dying on  
Sunday. He was aged 32 years and  
single.

### Sunday Fight in Rear of Saloon.

Juan B. Lucero was bound over to  
Las Vegas to await the action of the  
grand jury by Justice Pablo Ullbarri  
of the west side. Lucero was charged  
with assaulting Andres Aragon with a  
rock. He waived preliminary exami-  
nation. Aragon is exhibiting a badly  
lattered face. The fight between the  
two men is alleged to have occurred  
Sunday night in the rear of a Bridge  
street saloon.

### Wedding at Albuquerque.

At the church of the Immaculate  
Conception at Albuquerque yesterday,  
Miss May Teresa Beaven, daughter of  
Mr. and Mrs. John S. Beaven, was  
united in marriage to Edward Sher-  
man Rogers. Rev. A. M. Mandalari,  
S. J. performed the ceremony. Miss  
Beaven was given away by her father  
and was attended by Miss Julia Kele-  
her, the only bridesmaid. Mr. Rogers  
was accompanied to the altar steps  
by Stephen Matthew.

### Las Vegas Jail Record.

Thirteen persons were arraigned be-  
fore D. R. Murray, justice of the  
peace at Las Vegas during the month  
of May on various minor charges.  
Nine were taken before him on the  
charge of drunkenness, two for vagran-  
cy and two for fighting. The police de-  
partment has given all bums orders  
to move on and only those who failed  
to heed the first warning were taken  
before the police judge. The month  
closed with but two occupants in the  
city cooler.

### Brute.

Sterling, Colo., June 5.—County offi-  
cers left last night for Bluff with blood-  
hounds to take up the search for J. F.  
Hardwell, charged with committing an  
assault upon his 17-year-old sister-in-  
law, Esther Lopp. Hardwell is 30  
years old and married. The girl made  
her home with the Hardwells. Satur-  
day evening he is said to have enticed  
Miss Lopp to a deserted ranch house.  
Shortly after he disappeared and is  
believed to be in hiding at the present  
time.

### Johnson Likes the Lime Light.

Jack Johnson is building bleachers  
all around his boxing platform at his  
residence at Las Vegas. Johnson en-  
joys publicity and does not object to  
providing accommodations for his vis-  
itors. Florentino Montoya has pre-  
sented Jack Johnson with two wild  
cats captured by him in Canyon Blan-  
co. The brutes are little more than  
kittens. Montoya tried to capture the

mother cat. I was unable to do so.  
Johnson declares he may be able to  
learn something about fighting from  
the young wild cats. He says he will  
take them back to Chicago with him.

### More Pay for Faithful Teachers.

The board of education at Albuquer-  
que has voted to increase to the ex-  
tent of \$50 a year the salary of each  
teacher who has been employed in the  
city schools for ten years or  
longer. Teachers who will be affect-  
ed by this increase include Mrs. T. I.  
Butts, Mrs. Ella LeBar, Miss Willy,  
Miss Sallie King, and Miss Everett.  
The board elected Miss Jennie Trot-  
t of Junction City, Kas., music super-  
visor in the schools to succeed Miss  
Marion Mayes resigned; and Miss  
Vera H. Shafer of Long Beach, Cal.,  
to succeed Miss Stella Treadwell as  
teacher of Latin in the high school.

### Death of Young Journalist.

Lester Smith, aged 19 years and a  
journalist, son of Ed Smith, sporting  
editor of the Chicago American, died  
at Saint Anthony's sanitarium at Las  
Vegas. The young man arrived from  
Phoenix about ten days ago to join his  
mother and sisters, who came to Las  
Vegas preceding the father, Ed Smith,  
who planned to be at Las Vegas dur-  
ing the period before July 4, the occa-  
sion of the Johnson-Flynn bout. Young  
Mr. Smith had been in Phoenix six  
months previous to coming to Las  
Vegas, having gone to Arizona last  
October for his health. The young  
man suffered an attack of pneumonia  
while on a trip with the Chicago White  
Sox during the spring of 1911, as spe-  
cial correspondent of the Chicago Post.  
Tuberculosis developed as a result of  
this sickness and was the cause of his  
death.

### SIX PERSONS SHOT IN NEWARK STREET RIOT.

Five Strikers, a Policeman and a Cit-  
izen at Hospital as Result of  
Battle.

(By Special Leased Wire to New Mexico)  
Newark, N. J., June 5.—At least six  
persons were shot and many others  
wounded by missiles in a street battle  
here today between 150 striking labor-  
ers and the police. Five strikers, a  
policeman and a citizen are at the city  
hospital, most of them suffering from  
gunshot wounds. A group of Italian  
laborers at work on the Lacawanna  
railroad continued the fight with po-  
licemen who came to the rescue of  
strike breakers.

### Arrested Woman.

One woman was arrested, but the  
blue coat taking her to the police sta-  
tion encountered a body of marching  
strikers, who set upon him and re-  
leased his prisoner, knocked him down  
and pelted him with stones until a  
passer by came to his assistance.

### Five Left in Street.

The policeman emptied his pistol  
into the crowd, which returned the fire  
he was reinforced by reserves, and  
the strikers, after bombarding them  
with stones, fled, leaving five of their  
number lying in the street. A citizen  
was shot in the shoulder.

### EFFORTS MADE TO ARREST BRUSSELS RIOTS.

The Press United in Urging People  
to Refrain From Acts of  
Violence.

(By Special Leased Wire to New Mexico)  
Brussels, June 5.—Public opinion  
was exerted today to arrest the wave  
of sanguinary rioting, destruction of  
property and sacking of churches,  
which spread over the country as an  
expression of Socialist resentment of  
the government victory at the polls  
Sunday.

### Rioters Urged to Desist.

The press unites in urging the peo-  
ple to abstain from violence and M.  
Van der Velde and M. Denis, the So-  
cialist leaders, appeal to their follow-  
ers to refrain from rioting. If no gen-  
eral strike is called it is believed dis-  
orders gradually will die out.

### Tired of Catholic Rule.

The conservative newspaper Inde-  
pendence Belg says: Belgium, to safe-  
guard the national unity, must meet  
the problem of the Walloon provinces  
where a majority of the population is  
weary of being governed by the clerical  
majority of the Flemish provinces.

The press urges the suppression of  
manifestations and insists that the  
victory of the clericals is a triumph  
for the party of order and national  
prosperity.

DEAFNESS CANNOT BE CURED  
by local applications, as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure deaf-  
ness, and that is by constitutional  
remedies. Deafness is caused by an  
inflamed condition of the mucous lin-  
ing of the Eustachian Tube. When  
this tube is inflamed you have a rum-  
bling sound or imperfect hearing, and  
when it is entirely closed, deafness  
is the result, and unless the inflama-  
tion can be taken out this tube re-  
stored to its normal condition, hear-  
ing will be destroyed forever; nine  
cases out of ten are caused by catarrh  
which is nothing but an inflamed con-  
dition of the mucous surfaces.

We will give One Hundred Dollars  
for any case of Deafness, caused by  
catarrh, that cannot be cured by  
Hall's Catarrh Cure. Send for cir-  
culars, free.

The improvements and enlarge-  
ment of The Albany Hotel, Denver,  
have been going on for the past six  
months, and now the seven-story, fire-  
proof addition on the eighteenth  
Street side is gradually approaching a  
point which enables one to gain a  
faint idea of what this improvement  
really will be when completed. The  
building is already up to the sixth  
story, and the graceful arches span-  
ning the ball room on the ground  
floor, are certainly most imposing.  
This hall-room being sixty feet in  
width and extending from the street  
to the alley, will give the Albany  
what Denver people have been want-  
ing for a long time—a real chummy  
and dignified room for balls and banquets.  
The seating capacity of this room for  
a banquet will be 800 persons. The  
capacity of this room will be equal  
to that of the banquet room of El  
Jebel Temple.

### BASEBALL SEASON AT LAS VEGAS A FIZZLE.

All Interest Centers in Coming Prize Fight—Flynn Damages His Sparring Partners—Johnson's Work Slow.

Las Vegas, N. M., June 5.—Jim Flynn's sparring partners are laid up for repairs and Head Trainer Tommy Ryan gave the Fighting Fireman a vacation Monday. Rather Ryan excused Flynn from doing any boxing or operating in the gymnasium. Despite the fact that the Puebloan has been quarantined at Montezuma springs since May 10, it was not until Saturday that he donned the gloves and started his active work going. Flynn rendered two bruising work-outs in as many days. As a result, Al Williams, his 220 pound chief sparring partner, has three bent ribs and a badly bruised face, while Ray Marshall has an ugly cut below his right eye, as well as a bruised mouth. After Flynn negotiated a sixteen mile drill over the hills Monday morning, Ryan told him he could lay off in the afternoon if he wanted to. The camp bore a closer resemblance to a hospital ward than it did to the headquarters of a fighter and his retinue of handlers, and after Flynn lunched with Williams and Marshall and saw the way they were swathed in bandages, he remarked, "No game today." At 2 o'clock, the Puebloan climbed back into his road togs and in company with Chic Coleman spent the greater part of the afternoon up in the mountains. A big Monday crowd was disappointed over Flynn's failure to box. A party of autoists en route from Los Angeles to New York joined the local fight fans in an auto parade out to Montezuma Springs in the afternoon, only to find that Flynn was climbing the mountain and that the afternoon gymnasium performance had been called off. Jack Johnson again worked in public on the outdoor platform in the backyard of his bungalow in "Old Town."

Johnson was on the road this morning for the greater part of three hours. After lunch he took a long spin in his auto, which was finally delivered to him Sunday. About a mile from home a tire blew up and as a result the champion was slow to reach his cottage. It was 4:15 before he climbed on to the platform. He punched the bag for some three minutes and then boxed four rounds with George DeBray, a white boy, put up on like lines as Marty Cutler, and went the same distance with Rastus Respress. Lil' Artha worked very slowly, contenting himself with kidding DeBray and Respress over their inability to land on him.

Joe Woodman, manager of Sam Langford, the Boston Tar Baby, called Promoter Jack Curley from Sydney, Australia, today that he was leaving with his dusky charge and would be in Las Vegas no later than June 25. Woodman added that he would challenge the winner of the Flynn-Johnson match on behalf of Langford.

The curtain in apt to go down on the Las Vegas baseball season at an early date. Since the boxing fraternity took command of this city and began giving daily free shows to the public, the attendance at League Park has fallen off to a startling degree. The Las Vegas team wound up the

1910 campaign by winning its last seven games and has won eight straight this season. The fans were patronizing them finely until Jim Flynn and Lil' Artha move into view. Lately crowds of miserably small dimensions have attended the games. Monday a three-game series was completed with Albuquerque and though Magnate Plowman got in a Saturday and a Sunday, hardly enough money was taken in to pay the railroad bills.

### SPENT HIS LIFE IN SERVICE OF MASTER.

Funeral of Brother Bernard Tomorrow Morning From St. Michael's College.

Brother H. Edwards, president of St. Michael's College, went to Albuquerque yesterday because of the death there yesterday noon of Brother Bernard of the Christian Brothers, who succumbed at St. Joseph's hospital. The remains have been brought to Santa Fe and the funeral will take place tomorrow forenoon at 8:30 o'clock from St. Michael's College.

Brother Bernard was 55 years old and had been a Christian Brother for forty years.

Born near St. John's, N. B., he entered the Christian Brothers' novitiate in Montreal, Canada, when only a lad of 15 years. Assigned to work as a teacher, Brother Bernard taught in Montreal, New York City, and was then sent to Europe, teaching in England and in foreign missions in Egypt, Turkey and many foreign countries. Ordered to return to the United States, Brother Bernard taught in Oakland and San Francisco, Cal., coming from California to New Mexico four years ago, when his health broke down, spending considerable time on vacation leave as a guest of the Brothers in Bernalillo and Santa Fe. Brother Bernard was well known in Albuquerque and Santa Fe and many will regret his passing away. He was a member of Oakland council, Knights of Columbus. A devoted worker for the greater honor and glory of God, Brother Bernard spent the best years of his life in the service of the Master. His friends will unite in the hope that his soul is now enjoying the reward of a life well spent, of an eternity with God.

### HEAD OF SALVATION ARMY IS NEAR BLINDNESS.

Physicians Who Attended General William Booth Have Given Up Hoping.

(By Special Leased Wire to New Mexican) New York, June 5.—"In a few hours comrades, I may be under the painful compulsion of announcing that the general is hopelessly blind," are the words of General William Booth in a cablegram from London last night addressed to all members of the Salvation Army in America.

Booth hoped for recovery. "If the unexpected blow regarding the loss of my eyes has not actually fallen, as reported by the newspapers," says the head of the army, "it is hovering dangerously near. Instead of restitution of my sight which I had hoped for and which I know you have earnestly prayed for, the doctors tell me I am on the eve of entire blindness."

### BACA PASSES MANY MEASURES

His Registration and Election Laws Find Favor in House

### AUSTRALIAN BALLOT SYSTEM

Senate Wants Tax Commission, County Survey, Stream Gauging

The Legislative mills worked smoothly yesterday despite the senatorial interruption. Quite a number of important measures were sent to the executive for his signature and the final grist will after all be quite voluminous. The House calendar is again a very long one although the House worked until almost midnight to clear yesterday's calendar.

### House.

House Bill No. 177, by Moreno and Llewellyn, an act to amend Section 10 of chapter 96 of the Laws of 1909, providing for the appointment of two assistant traveling auditors and bank examiners at \$2400 each, one stenographer at \$1200 and \$3000 for contingent and traveling expenses was passed without debate by 32 to 6.

House Bill No. 253, by Hilton, appropriating \$10,000 for the construction of a wagon bridge across the Rio Puerco was tabled 21 to 20.

House Substitute for House Bill No. 213, by Young and Cooney, an act prescribing the qualifications, duties and powers and fixing the compensation of the inspector of mines, was passed 40 to 0.

Hilton made an effort to place Senate Substitute for Senate Bill No. 61, by Clark, as a special order on the calendar tomorrow, saying that unless it is passed, the tax-payers will lose thousands of dollars interest money, but the effort failed.

House Bill No. 265, by M. E. Baca, an act authorizing Commissioners of Community Ditches to grant irrigation to blind men or their widows, passed 40 to 0.

A recess was taken to 8 p. m., the Speaker saying that the House better dispose of the calendar as no one knows what might happen tomorrow.

### House—Tuesday Evening.

Speaker Baca called Clancy to the chair. Burg introduced a resolution that the resolution of the Dona Ana county delegation thanking the Speaker and members for the passage of the Holt Good Roads bills, be framed and presented to the New Mexico Historical Society. The resolution was adopted.

House Bill No. 102, by Speaker Baca, an act to regulate the calling, holding and conduct of elections was taken up.

Blanchard called attention to the fact that last evening the House passed an act upon the very same subject but entirely different and inconsistent with it.

Llewellyn replied that a third bill upon the same subject would probably be introduced tomorrow and the Senate would be given the privilege of choosing from among the three the one that suited it. As far as Llewellyn remembered, only one bill introduced the past 85 days had met with the approval of the gentleman from Lincoln county.

Smith declared that he would vote for every primary election bill that came along.

### Baca Bills Still Have Right of Way.

The bill passed 33 to 9. House Bill No. 103, by Speaker Baca, an act to regulate the calling, holding and conduct of elections was passed 44 to 0.

The act provides for the Australian ballot and a complete election code of a very advanced type.

House Bill No. 186, by Baca, an act to provide punishment for unlawfully practicing law, was passed 42 to 1.

House Bill No. 190, by Llewellyn, an act requiring state, district and county officials and all other persons rendering accounts against the state, for any and all expenditures, to present said accounts in itemized statement and verify same by affidavit before presenting same for payment and providing that false swearing to same shall be perjury. An amendment by Rogers to make the penalty 2 to 7 years imprisonment, was accepted. The bill was passed 40 to 0.

House Bill No. 237, by Montoya, an act to authorize the board of county commissioners of any county to transfer from the court house and jail repair fund any amount of money to the credit of the road fund, was tabled.

House Bill No. 257, by Young, providing for the appointment of a commission to represent New Mexico at

the Semi-Centennial of the Battle of Gettysburg next year, and appropriating not to exceed \$500 for the expenses of such a commission was passed 35 to 1.

### More Baca Measures.

House Joint Memorial No. 30, by Speaker Baca, memorializing Congress to appropriate \$6,000,000 for dykes and levees on the Rio Grande, passed 36 to 2.

House Bill No. 118, by Speaker Baca, an act more specifically to provide for the location and construction of that portion of the Camino Real between Santa Fe and Albuquerque, via Cerrillos, Golden, San Pedro and Tijeras pass, cutting out La Bajada hill, was passed 30 to 10.

The bill carries an appropriation of \$5,000 and the emergency clause.

House Bill No. 224, by Burg, an act relative to community land grants passed 28 to 9.

Senate Substitute for Senate Bill No. 82, by Walton, an act creating property in dogs, cats, birds, etc., passed 30 to 7.

The measure gave rise to many facetious remarks and much laughter. The House adjourned to 10 a. m. Wednesday forenoon.

### Senate—Tuesday Afternoon.

The Senate yesterday afternoon passed the important House Bill No. 77, providing for the gauging of New Mexico streams, after amending it, however.

House Bill No. 147, the Burg county survey bill, passed 15 to 9, those voting not being Burns, Clark, Cramp-ton, Evans, Gallegos, Hart, Ilfeld, Navarro and Laughren.

Ilfeld presented two petitions for the creation of Sumner county.

Concurrent Resolution No. 2, by Clark, naming Charles Springer of Cimarron, S. B. Davis of East Las Vegas, H. M. Dougherty of Socorro, J. F. Hinkle of Roswell and Gregory Page of Gallup, to investigate taxation methods, etc., in the State and report revenue recommendations to the legislature when it reconvenes in January, was passed 19 to 5. Barth, Evans, Hinkle, Mabry and Page voting no.

Barth moved to amend, giving the Governor the authority to appoint this commission. Clark moved to table the motion, which was done. Barth rose to a question of personal privilege. He made a point of order. The chair ruled in favor of Barth. The latter protested against what he called an usurpation of executive functions by the legislative branch of the State government.

Hinkle said that his name was placed on the commission without his consent and that he does not want any more free jobs. Barth continued to insist that the resolution is an infringement on the rights of the Governor although the objects to be attained are an absolute necessity. However, he declared the resolution unconstitutional.

Ilfeld asked to be cited the particular portion of the constitution and Barth read the clauses on the Executive and Legislative branches of the government.

After joshing Barth on the presentation to him of a red neck-tie by "an admirer in the galleries," the Senate adjourned to Wednesday.

### Subscribe for the Santa Fe New Mexican, the paper that boosts all of the time and works for the upbuilding of our new State.

Governor McDonald has to date vetoed only one legislative measure, the bill making appropriations for the state corporation commission. He has signed the following bills to date:

House Bill No. 10, defining perjury before a legislative committee and providing for punishment of perjury.

House Bill No. 29, making appropriations for legislative expense.

Senate Bill No. 31, providing for the printing and distribution of bills introduced in the legislature.

Senate Bill No. 112, appropriating \$12,500 for legislative printing and supplies.

House Bill No. 9, providing for the inspection of bees, the appointment of bee inspectors and the eradication of bee diseases.

House Bill No. 112, to empower district judges to adjudicate disputes over townships owned by probate or county judges.

House Bill No. 123, to enable school districts to borrow money for school equipment and buildings.

House Bill No. 15 to give employees two hours for voting.

House Bill No. 41, providing for the refunding of the state and county indebtedness, including the railroad bond indebtedness of Santa Fe and

### ROYAL WELCOME FOR GERMANS

Admiral of Squadron and Captains of Ships at White House

### BLUE JACKETS ENTERTAINED

American Sailors and Soldiers of Fortress Monroes are Hosts.

(By Special Leased Wire to New Mexican)

Washington, D. C., June 5.—The admiral of the German visiting squadron with the captains of the cruisers Moltke, Stettin and Bremen and other officers, including Prince Christian of Hessen-Philippsthal-Barchfeld arrived in Washington this morning from Hampton Roads to pay their respects to President Taft. This, and other calls on officials of the federal government will take up much of their time. During the forenoon they visited the secretary of state, and the secretary of the navy, wearing the brilliant full dress uniform of the German navy.

### Germans to Enjoy White House Luncheon.

A luncheon in honor of the visitors was arranged by the German ambassador, Count von Bernstorff, and afterward the German officers with the four American naval aides detailed to attend them called on the President at the White House where they have been invited to dinner in the evening. This banquet will form the most important function of their sojourn, as during its course, the president is to address them on behalf of the United States and the German admiral will reply.

### German and American Sailors Fraternize.

Fortress Monroe, Va., June 5.—While Rear Admiral Von Rebeur-Paschwitz and the higher officers of the visiting German cruiser squadron were visiting Washington today, the sailors of the three foreign ships who were given shore liberty, were taken in hand by sailors from the American ships and squads of coast artillerymen detailed by Colonel Strong commandant of the artillery district.

### Blue Jackets Entertained at Fortress Monroe.

The soldiers acting as hosts, met the German sailors at the wharf with their band and escorted them to the post quarters. At noon they were treated to an old fashioned army dinner, and during the afternoon, a game of baseball was played by teams from two of the artillery companies.

### OFFICIAL NOTES.

#### Santa Fe Railroad Fined.

In the three cases against the Santa Fe railroad in the United States court in which the company was found guilty of having broken the twenty-eight hour law a fine of \$100 and costs was assessed in each instance. Judgment was entered yesterday afternoon.

#### Treasurer's Receipts.

The two following sums of money were received in the office of State Treasurer O. N. Marren yesterday: Thomas P. Gable, game and fish warden, game protection fund, \$14.90; Venecio Jaramillo, treasurer of Rio Arriba county, taxes \$1481.39.

### MINES AND MINING

#### Taos County.

The good news has reached Taos that the Red River mining camp is beginning to show life again. The Trinidad Milling and Mining Company, a new company lately organized by parties living at Trinidad, Colorado, has bought the old June Bug mill and have remodelled it putting in a cyanide process and improving it in many other ways besides building an assay office, boarding house, bunk house and other necessary buildings. We also understand that this company has leased the Memphis mine and will treat its ore at the mill. The Memphis has shipped some ore but the owners thought that the vein which carried the valuable ore that assayed about \$45.00 to the ton was lost but Mr. Frank Reed and a Mr. Oates who investigated the property found that what was believed to be the walls was the rock that carried the high values in gold and some silver.

Another property, the Black Copper which has had some ore that carried values that assayed \$287,000.00

per ton, has been leased to mining men from Seattle, Washington, who also, have an option on the property. This property has a live stamp mill and many feet of ore blocked out. The leasers it is understood, will under the property by driving a tunnel to tap the shaft about the third level. They will also place machinery on the property to facilitate the work, as a compressor and air drills. It is also understood that the Carrie Belle will soon resume work. This property runs high in gold and has a very large vein. The last eighteen months the owners drove a tunnel to cut the lead at a very great depth, as to the outcome we are not now in position to say. The knowing ones seem to be well pleased and the owners, it is said have agreed to furnish ore for the mill when they are ready to treat custom ore. Other property owners in the camp, are making arrangement to furnish a few tons of ore to the mill for the purpose of finding out its value. It surely looks as if Red River would make good the year 1912.

#### KANSAS AND NEBRASKA RAINS WEAKENED WHEAT.

#### Corn Was Bid Higher, Oats Went Up on Commission Buying—Provisions Steady.

(By Special Leased Wire to New Mexican) Chicago Ill, June 5.—Rain in Kansas and promises of some tonight for Nebraska turned the wheat market to day in a downward direction. Assertions that the moisture in Kansas were hardly enough to lay the dust, led to a temporary rally. The opening varied from 3-8c lower to 1-8c up. September started at 106 1-8 to 106 1-2, ranging from 1-4c decline to 1-8c gain, touched 106 5-8 and then sank to 106 1-8@1-4.

The close was nervous at 105 3-8 for September, a net loss of 1c even.

#### Corn.

Bill leaders bid corn higher. July opened unchanged to 1-8c off at 73 3-4 @ 7-8 to 7-4c and rose to 74 5-8. The close was easy with July at 73 3-4c, a decline of 1-4c net.

#### Oats.

Oats ran up sharply on good general commission buying. July started 1-8 to 3-8c up at 50 1-2 to 50 3-4, and climbed to 51 1-4.

#### Provisions.

Trade in provisions had a steady tone. Initial sales swung from last night's level to 2 1-2 below with September delivery 18.70 to 18.72 1-2 for pork; 10.9, 1-2 to 11.00 for lard and 10.52 1-2 for ribs.

## OFFICIAL PAPER OF SANTA FE COUNTY.

The new Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the State, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

## WHY NOT A SQUARE DEAL FOR RAILROADS?

The railways have been passing through a season of great trial. Such an eminent authority as the Financial Chronicle editorially declares that "serious harm to the country as a whole must result if the present policy is pursued much longer and the railroads are not treated fairly and equitably, the same as all other business interests." Leslie's Weekly agrees with this conclusion and is glad to see that some of our leading railroad officials, including President Lovett of the Southern Pacific, President Bush of the Missouri Pacific, and Edward T. Jeffery, the chairman of the board of directors of the Denver and Rio Grande railroad, are speaking out publicly and clearly upon the subject. It is a misfortune that our captains of industry have not more generally followed the example of Judge Gary, of the Steel Corporation, and openly appealed to the public sense of fair play in discussing legislation affecting the prosperity of the country.

Under present conditions, said Mr. Jeffery, the railroads are no longer in the actual management of those who put their money into them, because public tribunals establish the rates and the rates control the revenues. The revenues control the managers and the owners, and also control the bankers, for, where the margins of profit are small, banking must be done at excessive cost. Thus railroads are obliged to pay for funds at such a cost that they cannot provide for needed improvements and extensions. The growth of the population from 1860 to 1910 has been from 31,000,000 to 92,000,000, and industrial growth has kept pace with this, until, as Mr. Jeffery says, "there is not an uncultivated field, except it be pasture or timber land, from the Alleghenies to near the foothills of the Rockies." Under such conditions our railroads must expand.

But a business doesn't need to be a monopoly in order to be "big." To the misfits who find difficulty in making both ends meet, the man who is successfully carrying on a business with ten or twenty thousand dollars' capital represents "big business." To the man with nothing, \$100 looks as big as \$25,000 does to some one else who is making a success of life. To all intents and purposes the latter seems to the former to be in the millionaire class.

We have no right to penalize success. What we want to do is to increase the number who belong in that class. Business isn't bad because it is big. The chances are that it is big because it has been intelligently managed and offers to the public something a little better than the average.

In the United States every man has a chance. The poor today may be rich tomorrow. What we want is a fair chance for everybody, the same law for rich as for poor, for big as for little business. That is what we have, and the demagogue who goes about sowing the seeds of discontent is unworthy of the right of citizenship in this great republic.

## THE NEW MEXICAN'S SEMI-CENTENNIAL.

The New Mexican celebrates its fiftieth anniversary this year. For fifty years, day in and day out, it has gone into the homes of New Mexico bringing the tidings of the day, chronicling the doings and happenings, watching the ups and downs of politics, industries, cities, villages, mining camps, giving a complete history to the minutest detail of the Southwest. Incidentally, the New Mexican has paid out two million dollars in wages those fifty years from money derived from all parts of the world, and only a small fraction from the people of Santa Fe. Has the capital any other industry which has done as much for it financially and otherwise? Any other agency which day after day for fifty years has been singing the praises of the city's climate, its attractions, its advantages, its progress? Surely, the New Mexican should have the active support of every merchant, every citizen, in its work and in its ambitions.

It is apparent that out of the multitude of primary, registration and election bills that have passed the two houses, the most practical propositions are the Crampton primary bill and the Baca Australian or secret, blanket ballot act, although the latter should be somewhat modified for its present form it is cumbersome and imposes a comparatively large expense on the public treasury. With those two bills enacted into law, the Republicans will have passed two measures of which they may well be proud, and which redeem party pledges, and that in a sensible way.

## SCHOOL REVENUES.

Senate Bill No. 172, introduced by Senator Lifeld and passed by the Senate on Monday afternoon provides for a half mill state tax, a three mill county tax, and a local tax not to exceed twenty mills in municipalities and not to exceed fifteen mills in rural districts for school purposes. Under the law providing school revenue heretofore, there has been a three mill county tax and a local tax of not to exceed twenty mills in all districts, city, town, village and rural. It will be seen, therefore, that when local taxes are levied to the limit there is an apparent increase of only one half mill for school purposes in cities, towns and villages and a decrease of four and one half mills in rural districts. As the cities, towns and villages will receive their pro-rata share of the proceeds of the one half mill state tax, the local levy may be decreased so that there will be no actual increase in taxation for school purposes in any district, and in rural districts there will be a substantial decrease, as compared with the amount of tax levy under the laws in force heretofore. On account of increased valuation, however, and a larger pro rata share of the state school fund, sufficient funds will be provided more than to offset any loss which may arise from a decrease in the levy.

Another feature of the bill is that providing state aid for districts unable to maintain school for five months as required by the constitution. A state school reserve fund is created out of which such aid shall be furnished under proper safeguards. The proceeds of the half mill state tax which is to be levied in compliance with the requirements of the constitution, as provided by this bill, the funds arising from leasing public school lands and other moneys in the current school fund of the state, will be distributed according to the number of school children in each county, except that a portion of the funds available for such distribution shall be set aside to the credit of the state school reserve fund. Weak districts, however, are limited in the annual amount of their expenditures and the number of school rooms per district which may receive aid from the reserve fund is limited by this bill.

Senator Lifeld, who drew this bill at the request of the state department of education, has worked hard to devise a plan which shall not increase the burden of taxation but which shall provide for the minimum school term required by the constitution. Every provision has been drawn with the utmost care and Mr. Lifeld deserves great credit for having brought forward one of the most important pieces of legislation which may be enacted at this legislature. In the vote on the bill in the Senate no objections were made and only one vote was cast against it.

## DOLLARS OR THE MAN?

The New Mexican does not fall in with the old idea that counties should be classified for county salary purposes by assessed valuation. Counties like Rio Arriba and Sandoval are in the fourth class, and yet, the sheriff and county school superintendents in those counties should be the best paid county officials in New Mexico, for if they perform their duties faithfully and intelligently, their tasks demand more work, more responsibility, more capacity, more assistance, than do similar positions in counties like Roosevelt or Quay which are in the second class. Rio Arriba and Sandoval are large counties, they have no incorporated municipalities, their settlements are scattered and separated by mountain ridges and canons, they are practically without railroads to connect various precincts and villages, and how any one can reason that the sheriff and county school superintendents of those counties can perform their duties on one-half the salary paid in much smaller, more compact counties, in which part of the burden is borne by incorporated municipalities, is beyond the New Mexican.

Isn't it about time that a people's education, and a people's safety from criminals, were measured by human pluck and not by dollars of assessed valuation?

The retail merchants of New Mexico, who through their associations have protested vigorously against the parcels post, will hardly erect a monument to Representative Rogers, a Democrat, who forced through the House a memorial to Congress asking for an extensive parcels post system. The retailers insist that a complete parcels post system would be entirely for the benefit of the big mail order houses and would put the average merchant in the smaller towns and villages out of business.

## The Switzerland of America.

## THE VALLEY RANCH.

## WHO WILL DO THE WORK?

Every day, the New Mexican receives inquiries from all parts of the world regarding New Mexico. It refers them to the Bureau of Immigration or sends in reply literature supplied by the Bureau of Immigration. Every day in the year, other businessmen and many people not in business are asked about climate, resources, products, and answer in a similar way. The Bureau in addition to its direct work which in itself repays manifold the few thousand dollars expended for it, is the right arm of every community and of every business in pointing the way to capital and enterprise looking toward New Mexico. Who is to do this work if the Bureau should be abolished?

Here is the type of letter received by some one or by many with each mail train entering this state:

Memphis, Tenn., May 27, 1912.  
Mr. E. D. McQueen Gray, M. A. Ph. D., President, University of New Mexico, Albuquerque, N. M.

Dear Sir—I am the president of the Business Men's Club of the city of Memphis and the secretary has just handed me your bulletin No. 63 and the circular letter from you in regard to the establishing of a Pan-American Institute. I have read your letter and bulletin with great interest. Kindly indicate to me the appropriate action that you desire the Business Men's Club to take, and I have no doubt that our board of directors will be glad to follow your advice.

I am in hearty accord with the ideas expressed in your bulletin and I hope you will permit me to say that it is one of the best written and most interesting articles that has been called to my attention in some time. If you see fit, you might send me a few documents relating to your University as it is quite probable that some of the young men here contemplating going to college might be interested in your school on account of climatic conditions, etc.

I notice that you enclosed in the bulletin a postal card in regard to furnishing information concerning New Mexico. It might be well to send to the Business Men's Club at Memphis a few publications concerning your state which we would be glad to place on our tables for general reading. I have never been in New Mexico, but the first time I have an opportunity to take a western trip, I hope to visit your state.

Yours very truly,  
H. B. ANDERSON,  
President Business Men's Club.

The Republican majority of the Senate has the right idea about the appointment of a tax commission to go into the revenue situation of New Mexico with care. The men designated for that work are certain to do it with intelligence and care, with due regard to all phases of a problem that is troublesome also in other commonwealths. It has been common complaint in New Mexico that taxation is inequitable, very burdensome to some while others escape their just proportion and some, quite able to do so, do not contribute anything at all toward the public exchequer. Some of the forms of taxation in the commonwealth are obsolete while others again duplicate taxes for the business interests. The greatest service that can be done the commonwealth at this stage of its existence is the devising of a system of revenue that will produce the money needed without being inequitable or excessively burdensome to any one. It was the greatest service Alexander Hamilton rendered the nation, and the Republican party deserves credit for earnestly seeking to meet its duty and responsibility in the matter.

Experienced politicians know how little dependence can be placed upon the staying qualities of what is generally called the crowd. No candidate for the presidency in our day attracted a larger or more enthusiastic following than James G. Blaine. He was a popular idol. The enthusiasm at his public meetings was greater than that which has been manifested during the excited canvass in Ohio and New Jersey for Taft or Roosevelt. Yet Blaine was defeated by Cleveland—a man who was looked upon almost with indifference as a public speaker, who never awakened profound enthusiasm or stirred the imagination of a great crowd excepting in very rare instances. Waste! We have paid too much for "bovine" statesmanship. Our method of selecting leaders ought to be broadened out so as to include something besides a test of their vocal powers.

The New Mexican is pleased to note the spirit in the House that puts the stamp of approval on meritorious measures from the Senate, such as the Republican good roads bills, and in the Senate that passes important Republican measures originating in the House such as the Baca Bond bill. As the New Mexican had predicted, the Republican majorities of both houses would ultimately perform their duty of putting through a consistent coordinate legislative program of which the party need not be ashamed and which conforms to party pledges made last fall. Every good measure put on the statute books must necessarily rebound to the credit of the Republican majorities in both houses.

The measure introduced by Senator Bowman yesterday is a complete code on weights and measures and its passage will bring about a desired reform, by furnishing not only a standard for all kinds of weights and measures, but by also providing a method of enforcement that throws no additional burden on the tax payers. It is difficult to form a conception of the vast sums annually lost to the consumer because of short weights and measures, but investigation in New York has shown it to amount to millions of dollars in the big cities. The Bowman measure makes the sheriff of each county and the constable in each precinct, the official weigher, and makes it possible for any one to have weights and measures tested so as to have them conform with the legally prescribed standard.

The general feeling of society toward the fallen woman but interprets the attitude toward her of her own sex. Leslie's will say editorially, tomorrow, and Leslie's is right: "Mothers who would feel their reputation forever ruined if they spoke a word to a 'woman of the streets' allow their daughters to go with men whose experience covers all forms of social sin. There can be no doubt that the double standard is largely due to woman herself. Instead of exalting her in the eyes of the world, it makes her an easier victim to the passions of man and renders the path of reform for the penitent most difficult to travel. It is a sign of social progress that of late years there has been a marked growth of sentiment in favor of a single standard of morality."

The final passage of the Crampton county high school bill by the House, puts through the legislature a meritorious Republican measure that will do more for public education in New Mexico than any act since the first adoption of a general public education policy. One by one, the Republican majority is placing on the statute books, sound, progressive measures for the benefit of the entire people. It helps to keep straight the record of New Mexico Republicanism for consistent progress.

The House within twenty-four hours passed three bills in reference to primaries, elections and registration. Each of the three bills contains provisions inconsistent with each other not only in actual provisions but also in theory. Evidently, the House feels like the old Tennessee doctor, who exclaimed to the bereaved parents: "I cannot understand that poor Johnny died, I gave him something of everything in my medicine chest!"

The Senate in answer to the demand of the businessmen of New Mexico has passed a garnishment act that will compel dead beats to pay their bills. Put down another act to the credit of the Republican majority.

The Senate has agreed to the House county survey and stream gauging acts. Two more important measures to the credit of the Republican majority.

## BOARD OF EDUCATION MET MONDAY EVENING.

The Santa Fe board of education met Monday evening in the high school building in regular session with J. D. Sena, Frank Gormley, Dr. J. H. Sloan, Dr. David Knapp and James Seligman, members, present, Professor J. A. Wood in attendance.

A communication from Miss Eva Ashton was read in which she declined to accept the position in the schools offered to her. It is understood that Miss Ashton will teach in the Roswell schools. The board instructed Professor Clark, superintendent elect, to interview Miss Helen Harrison with a view of ascertaining her qualifications to fill the position. It is understood that Miss Harrison will accept the place. Miss Harrison has just graduated from the normal department of the University of New Mexico.

R. R. Espinosa was retained as janitor of the second ward school and Pablo Moya as janitor of the high school building. The treasurer's report showed a balance of \$2050.39 in all funds. Bills were audited and ordered paid. The matter of fire escapes for the high school building and outside toilets for the second ward school were referred to building and ground committee. A committee was appointed to report on the proposed gymnasium equipment which has been under discussion.

## COAL SHARES AGAIN LEAD IN BULL MARKET.

(By Special Leased Wire to New Mexican.)  
New York, June 5.—Trading was of the usual professional character during today's early session on the stock exchange. Coal shares again led the movement with underlying strength in New York Central and other speculative issues. The standard specialties and others of relative unimportance also made gains.  
Bonds were steady. The market closed strong. Greater breadth and activity was manifested in the last hour, when the average price level was the highest of the day. Smelting, Copper and the lesser copper shares, were special features of strength.

## VALLEY RANCH, N. M.

## HIGH JINKS IN THE HOUSE.

(Continued from Page one)

ty officers, etc., and providing for paying members \$5 a day and expenses was opposed by Blanchard as unconstitutional, as involving a possible expenditure of \$40,000. He derided the possibility of the taxpayers voluntarily contributing their hard-earned cash and denounced any possible attempt to ask office holders to "put up" the cost.

Llewellyn replied that a resolution would be introduced by the steering committee restricting and defining the duties of this committee and its subcommittees. "Hundreds of thousands of dollars have been stolen from the county treasuries of the state. I want to serve notice now on the objecting member and on the gentlemen for whom he speaks that this investigation will be thorough and impartial."

Blanchard: "It is but fair to give the names of the gentlemen for whom I am supposed to speak."

Llewellyn: "I decline to answer. This House knows and the people know, to whom I refer. The investigation will be open, will be conducted by small committees and economically. They will be assisted by the best accountants that can be secured so that the people might know the truth. The investigations will result in the restoration of ten times \$40,000 stolen from the taxpayers. Nothing revolutionary, nothing unjust will be done or attempted to be done, no honest man need to fear this investigation. We expect opposition from the plunderers of the county treasurers, from the men who defend them and are behind them, but that will not deter us from making these investigations in the interests of the taxpayers. This assembly should be as one man in starting off this great state right!"

Cañon declared that it is unfortunate that this House is hampered in its work by a state constitution; still more unfortunate that the members held so lightly a constitution ratified by 18,000 majority. He explained the provisions regarding the legislature, its pay, the restrictions the constitution places upon it.

Speaker Baca ruled that Cañon was not explaining his vote and ordered him to sit down. Cañon failed to obey and the Speaker called on the sergeant-at-arms to compel obedience. A tense minute ensued. Blanchard rose in his seat, Cañon appeared defiant, Sergeant-at-Arms Lucero, approached him with mace uplifted and ordered Cañon to sit down.

Cañon after a moment's hesitation and a laugh that swept over the House, relieved the tension.

Rogers said he does not intend to violate the constitution. He had hoped that action would be unanimous. If the constitution does not give the right to make an appropriation at this time for this purpose, then we will investigate anyway.

Tully in explaining his vote declared that the House had just passed a bill giving the traveling auditor skilled accountants for assistants; these will work under the direction of the governor, and he has a strong hand. "Is this committee to be a mere whitewashing affair, or is it to have plenary powers to find men guilty? As I know nothing of the personnel of the proposed sub-committees, I vote no."

The resolution was adopted 29 to 18. A motion to adjourn was voted down, after the Speaker had cried: "No let us await the assault of the Senate."

House Bill No. 249 by Burg, an act to regulate the sale and providing for the inspection and testing of petroleum oils and gasoline, abolishing the office of coal oil inspector, etc., was passed 40 to 5.

A resolution by Llewellyn reciting that whereas there are several vacancies in brigadier generalships in the regular army to be filled, that President Taft appoint General John P. Guilford of the Ninth cavalry, whose meritorious service in New Mexico should have recognition.

## House—Afternoon Session.

House Bill No. 259, by Chrisman, to amend Section 1, Chapter 69, Laws of 1909, a horticultural bill providing for compulsory spraying of orchards, was passed as amended 44 to 0.

The House concurred in the Senate amendments to House Bill No. 77, by Manzanares, for gauging streams, appropriating \$2,000 a year for that purpose, out of the water reservoirs income fund now amounting to \$60,000 and growing at a greater rate than \$2,000 a year. The bill also provides a penalty for tampering with or injuring gauges.

## FIRST NATIONAL BANK OF SANTA FE

THE OLDEST BANKING INSTITUTION IN NEW MEXICO.

Loans money on the most favorable terms on all kinds of personal and collateral security. Buys and sells bonds and stocks in all markets for its customers. a new industry for ranchers, that of propagating game for the market. The bill passed 43 to 0.

The House tabled Senate Substitute for Senate Bill No. 30, the anti-slavery act, 25 members voting to table it and 18 to consider it. An effort of Llewellyn and Rogers to reconsider the bill, failed.

House Bill No. 218, by Chaves, creating the office of commissioner of charities and corrections, was defeated 16 to 22. The bill provided for the appointment of a commissioner of charities by the governor at \$2,000 a year and \$700 for contingencies. The duties of the commissioner were to be to examine all state, county and city penal and charitable institutions.

House Bill No. 240, by Speaker Baca, an act to set forth the duties of county superintendent of schools and classifying them, was taken up for passage.

The bill was recommended to the committee on steering.

House Bill No. 272, by Manzanares, an act to amend section 23, chapter 22, 23rd legislative assembly, relating to the sale of property for delinquent taxes, was opposed by Rogers, because as he declared, it placed a premium on non-payment of taxes. Evans favored an amendment to make the interest on delinquent taxes twelve per cent.

A committee from the senate, consisting of Senators Holt, Walton and McCoy was received with due ceremony, and announced that the senate had failed to concur in the House amendments to the senate bill that delinquent taxes should go into the good roads fund and asked for a conference.

An amendment by Rogers to make the interest on delinquent taxes twenty

per cent failed, although Rogers declared that the bill has behind it some one who owes taxes on a large tract of land. Manzanares acknowledging that he was merely the introducer but not the author of the bill.

An amendment by Manzanares to make the interest on delinquent taxes was adopted.

## PERSONAL MENTION

**Pleased With Himself.**  
I saw a little, giggling worm,  
Uncertain what to do,  
Who simply squirmed his little squirm  
Until the day was through."I want to know," the little worm  
Explained as he expired,  
"If one but wiggles all day long  
What more can be desired?"  
—Theodore C. Williams, in St. Nicholas.W. O. Hagenbuck, of Easton, Pa., is  
spending a few weeks in Santa Fe.F. H. Lester, attorney and former  
mayor of Albuquerque, is a visitor in  
the city and is stopping at the Palace.H. B. Jones, the banker, arrived in  
the city from his home in Tucuman last  
evening and is a guest at the Palace.Judge B. F. Adams, the attorney of  
Albuquerque, arrived in Santa Fe yester-  
day afternoon and is a guest at the Palace.The Misses Mary and Amelia McPhe  
are visiting friends in Albuquerque.  
They will probably be absent for two  
weeks longer.R. E. Twitchell, solicitor for the Santa  
Fe railroad, arrived in the capital  
from Las Vegas yesterday noon and is  
at the Palace.J. E. Hannum, the Continental Oil  
Company representative, is a visitor  
from Albuquerque in Santa Fe and a  
guest at the Palace.Professor E. A. Drake, president of  
the New Mexico School of Mines at  
Socorro, is a visitor in the city and a  
guest at the Palace.E. A. Mossman, the accountant, ar-  
rived in the city from his home in Al-  
buquerque yesterday afternoon and is  
registered at the Palace.M. M. Padgett, editor of the Las  
Vegas Optic, arrived in the capital  
from his home yesterday afternoon  
and registered at the Palace.Frank H. H. Roberts, president of  
the New Mexico Normal University at  
Las Vegas arrived in the city last eve-  
ning and is a guest at the Palace.B. Ruppe, the druggist, and Mrs.  
Ruppe, arrived in the city from their  
home in Albuquerque yesterday after-  
noon and are at the Montezuma.Professor W. A. Sutherland, a mem-  
ber of the faculty of the New Mexico  
College of Agriculture and Mechanic  
Arts at Las Cruces, is a guest at the  
Palace.Frank A. Hubbell, former county  
treasurer of Bernalillo county, arrived  
in the city from his home in Albuquer-  
que last evening and registered at the  
Palace.Judge E. L. Medler, of the district  
court, and Mrs. Medler, arrived in the  
capital from their home in Las Cru-  
ces last evening and are stopping at  
the Montezuma.Mr. and Mrs. Tincher, of Chicago,  
and Mrs. A. P. Moran, of Las Vegas,  
were members of a motor car party  
that came in from the Meadow City  
yesterday. They are at the Palace.Solomon Luna, National Republican  
committeeman, departed yesterday af-  
ternoon for Chicago and will be pre-  
sent at the sessions of the Republican  
national committee beginning June 9.Porfirio Chavez, sheriff of Lincoln  
county, arrived in the city last eve-  
ning.

Where Prices are Lowest  
for Safe Quality.USE  
Boss Patent FlourAND YOUR BREAD TROUBLES  
ARE OVER.Flour quality varies ac-  
cording to wheat quality. Poor wheat means poor  
flour, poor flour means poor bread. The gluten in  
hard wheat is the element that makes the bread  
raise. Hard wheat is rich in gluten—that's  
why it's hard. The more gluten the wheat  
contains the less flour you have to use—that's why  
the use of BOSS PATENT FLOUR means real econ-  
omy, better results and better treatment of your  
digestive organs. :: ::Fresh Oysters, Fish, Poultry,  
Grapes, Oranges,

Grape Fruit, Apples.

FRESH VEGETABLES DAILY

## H. S. KAUNE &amp; CO.

Where Prices are Lowest  
for Safe Quality.ing and will depart today with his  
daughter Miss Lea Chavez, a student  
of the Loretto academy, for their  
home in Lincoln.C. S. Pedregon, interpreter for the  
district court, arrived in the city last  
evening from his home in Las Cruces  
and is a guest at the Montezuma.Professor J. P. Harrington, of the  
staff of the School of American Arch-  
aeology here, will leave the city to-  
morrow for San Diego, California.  
Professor Harrington will engage in  
ethnological research among the Mo-  
haves Indians and will attend the sum-  
mer school of archaeology at Los An-  
geles. He has the reputation of be-  
ing one of the leading ethnologists of  
the country.Dr. J. W. Purcell, pastor of the Pres-  
byterian church, returned yesterday  
from an extended trip to points in the  
north. First he attended his class re-  
union and banquet at Princeton Uni-  
versity. Later he visited Washington  
and points in West Virginia, and then  
to Bristol, Tenn., to attend the general  
assembly of the Presbyterian church.Attending as the representative of the  
Savannah Presbytery. En route home  
he stopped off at Greenville, S. C., de-  
livering the annual literary address at  
the seminary from which his daughter  
Miss Lenore, graduated this term.Palatka, Fla. Times Herald. Rev. Pur-  
cell and family lived in Santa Fe a  
few years ago.Representative W. H. Chrisman has  
returned from a trip to Denver where  
his sister has been very ill in a hos-  
pital.Attorney Charles R. Easley has re-  
turned from a trip to Carrizozo, Es-  
tancia and Albuquerque.BRIBE MONEY TO BE TRACED.  
(Continued From Page One.)ment could be slipped into evidence  
when adjournment intervened.Gompers Exonerated.  
In exonerating the officials of the  
American Federation of Labor, the  
prosecuting attorneys also indicated  
that they did not consider Job Harri-  
man as one who had guilty knowledge  
of the alleged corruption. Harriman  
was the Socialist candidate for mayor  
of Los Angeles last fall and acted as  
assistant counsel in the McNamara  
defense. During the direct examina-  
tion of Bert Franklin, one of the  
state's chief witnesses, the latter tes-  
tified that Darrow had indicated to  
him that the \$4,000 used in the alleged  
bribery of George N. Lockwood had  
been procured from Mr. Harriman.Darrow Defense Satisfied.  
The Darrow defense expressed sat-  
isfaction with the result of Franklin's  
cross-examination yesterday declaring  
that he had greatly strengthened the  
contention of the defense that Darrow  
was the victim of a conspiracy in  
which Franklin was alleged to have  
played the leading role.Story a Lie, Says Darrow.  
Mr. Darrow denied today that he had  
ever mentioned the name of Samuel  
Gompers to Franklin in connection  
with an alleged jury bribery."Like most of Franklin's statements  
on the stand, it was a lie," said Dar-  
row. "I never received my money  
from Mr. Gompers except through the  
usual business channels."Los Angeles, Calif., June 5.—The  
prosecution in the case of Clarence S.  
Darrow, for alleged jury bribery, made  
further declaration today of its purpose  
to attempt to prove that a certain  
check sent Mr. Darrow from the Mc-  
Namara defense fund was converted  
into the money paid in the alleged  
bribery of McNamara jurors.Defense Objected to Check.  
Vigorous objections by the defense  
to the introduction into evidence of a  
book of cancelled checks brought a  
statement from District Attorney  
Fredericks that the prosecution would  
seek to trace only one check. Freder-  
icks said that, contrary to the usual  
methods of the defendant in deposi-  
tion checks received from Frank Mor-  
rison, secretary of the American Fed-  
eration of Labor, the check mentioned  
was taken to another city, and con-  
verted into currency.Admitted Signatures.  
The defense expressed willingness  
to admit that the signatures of Dar-  
row and Morrison on the checks were  
authentic, but denied the admissibil-  
ity of the checks into evidence.Cashier on Stand.  
H. S. Flather, cashier of a Washing-  
ton, D. C., bank, took the stand when  
the trial was resumed today. The book  
of checks bearing Morrison's signa-  
ture and said to aggregate a total of  
more than \$200,000, includes one for  
\$10,000, drawn by Morrison on Decem-  
ber 1, 1911, and cancelled on the same  
day. This was the day upon which  
the McNamara brothers pleaded guilty.U. S. MARINES WERE LANDED.  
(Continued from page one.)plantation is in that neighborhood.  
Some of its buildings have been burned  
and livestock has been stolen by  
negro marauders nominally attached  
to General Entoz's army of insur-  
rects.The Guantanamo Valley.  
The permanent American naval sta-  
tion at Guantanamo Bay is near Cal-  
manera. Guantanamo City is ten  
miles north of Calmanera and there is  
railroad connection. Both cities are  
on Cuban soil. American property  
near Guantanamo City consists of  
mines, sugar plantations, etc., located  
in the Guantanamo valley.Many American Companies.  
The Guantanamo valley is a flat  
horseshoe-shaped basin surrounded  
by mountains. In the valley are  
great cane plantations supporting  
nine sugar mills many owned by  
American companies, among them  
the Santa Clara Sugar Company of  
New York, the United Fruit Com-  
pany and the Nipe Bay Company.Four Battleships Dispatched.  
Washington, D. C., June 5.—After a  
conference between President Taft

## Great Bargains

—IN—  
MILLINERY

the balance of this month

MRS. W. LINDHARDT,  
125 Palace Ave.and Secretary Knox at the White  
House today it was announced that  
the Government would immediately  
dispatch four American battleships to  
Cuban waters.No Intervention.  
Washington, D. C., June 5.—At the  
state department it was said the  
movement of marines had not been  
directed from Washington nor did it  
mark any departure from the attitude  
from non-intervention in a political  
sense, to which the United States has  
so far strictly adhered. It is under-  
stood Commander Kline, of the  
Guantanamo station, sent the marines  
on his own authority.\$100,000 Worth of Property  
Destroyed.  
Complaints have been coming here  
from owners and managers of planta-  
tions, mines and railroads of Ameri-  
can-ownership against the attitude of  
the insurgents and the failure of  
the government to afford protection.  
It does not appear that destruction  
of property so far would amount to  
more than \$100,000. Today M. H. Lew-  
is, manager of the Guantanamo and  
Western Railway, an American cor-  
poration, came here and appealed to  
Major General Wood, chief of staff,  
for the protection of that property. By  
his account, only a small part of the  
truth as to the actual extent of the  
degradations committed by the in-  
surgents, has reached the public for  
the reason that the few Americans  
and Spaniards in Oriente are fearful  
of incurring the ill-will of the negro  
commanders.Not a Naval Demonstration.  
The marines which left Calmanera  
for Guantanamo City will be divided  
into two squads and assigned to the  
plantations exposed to danger. Presi-  
dent Taft's decision to dispatch the  
battleships to Cuban waters was  
reached because of the need of pre-  
cautionary measures and not with any  
intention of intervening. It is not the  
intent of the government to make a  
naval demonstration.Osterhaus at Key West.  
Admiral Osterhaus, commander of  
the Atlantic fleet, has been ordered to  
send one of his divisions to Guanta-  
mano. The admiral is at Key West with  
the flagship Washington and the third  
and fourth divisions of the fleet.ST. PAUL AND MINNEAPOLIS

WANTS

Get Ready for Your Job.  
It seems to be a part of youth's  
make-up to procrastinate, to seem safe  
in waiting until the opportunity offers,  
instead of being ready for it, when it  
does.Get Ready for Your Job, whatever it  
may be, and commence right away.Shorthand and Typewriting is the  
first story, for that is the stepping  
stone to further knowledge, as: Re-  
ports of lectures, quick notes of every-  
thing, extracts when reading.One Month at the new A B C Short-  
hand is equal to 6 months at the old  
systems. Three months produces a  
rapid verbatim reporter fit for Court  
and Congress work. It is now the ex-  
clusive shorthand in many countries,  
and is THE ONLY ONE that is taught  
to 7th and 8th grade scholars; the  
only one the young minds can grasp.Come in and talk it over. Say what  
you can afford weekly. We guarantee  
work when through.We Want a Janitor 2 hours daily in  
exchange for instruction. We want a  
hustler to interview parents, and  
guarantee a good wage. We want  
teachers and others to go into the  
country, take 2 typewriting machines  
with them and leave at newly enrolled  
pupils' houses and to sell the \$10 self  
instructing shorthand text books, and  
\$10 blindfold typewriting cards, a hus-  
tler to secure subscribers for the  
Standard Encyclopedia. The "Seven"  
Shorthand Institute secured a few  
copies from the "Times" office. Los  
Angeles immediately after the insur-  
rency after the dynamite explosion.  
The price is \$17.50 payable \$7 to 19  
cash, and \$2 to \$3 a month. Con-  
tains the residue of 100,000 books.  
8,500 pages, 55,000 articles, 900,000  
topics, 125 colored maps, 3,000 illus-  
trations. As good as ever, and price  
reduced from \$97. This profitable  
book should suit teachers or gradu-  
ates for summer.THE SANTA FE BUSINESS  
COLLEGE.  
The business university of New  
Mexico.WALTER NORTON, President,  
JOHN A. WOOD, Principal,  
(Recently superintendent of public  
city schools.)JOHN THOMPSON,  
Secretary and Treasurer,  
(Recently with Bond-McCarthy Co.,  
Taos, Professional Actuary.)All legal blanks are prepared ac-  
cording to the Statutes of New Mex-  
ico, New State form, for sale by the  
New Mexican Printing Company.

Superintendent of Public Instruction Alvan N. White.

ADDRESS OF SUPERINTENDENT  
ALVAN N. WHITE.

Praises Highly the Work of John V. Conway—Prince and McCoy Speak to Teachers.

This forenoon, ex-Governor L. Bradford Prince and State Senator W. M. McCoy addressed the county teachers' institute.

In addressing the Santa Fe county teachers' institute, at its opening session Monday morning, State Superintendent Alvan N. White, among other things, said:

"First, I want to congratulate the teachers and the people of this county upon having such a capable and energetic county superintendent. Superintendent Conway is deeply interested in bettering the teachers and the schools. He is a superintendent who actually supervises the schools. I want also to congratulate you upon having such an able corps of instructors. Mrs. Brumback is known throughout the state as an educator and her work as

institute conductor is surpassed by no other educator in the state. This you know, however, for she conducted your last institute. She will be ably assisted by Miss Hancock throughout the session and by Mrs. Leona Logue for the last two weeks of the session. Both assistants will do excellent work. Again, I may congratulate you for your large attendance, which will be later on considerably increased. It shows that the teachers of this county are alive to the importance of attending institute, as required by law; that they come not because it is required of them by law, but because they realize the great importance of fitting themselves better for the important work that lies before them as teachers. I want to say now, that the department of education is the friend of every teacher who is trying to build up, to fit himself or herself along all lines professionally for better things and better teaching, but it has no sympathy for that teacher who shirks duty. A teacher who will not attend institute

and thereafter begs to be excused upon some flimsy pretext, may expect no indulgence at the hands of my administration. One of two things must be done—either comply fully with the requirements of law or get out of the profession as a teacher. Today ten institutes open in that many counties of the state. Indeed, it is an important day in the beginning of our career as a state. So much depends upon the work done by the instructors and the teachers attending these institutes and those institutes to follow later on. While it is to be hoped, and all of us confidently believe, that we shall progress rapidly along material lines, that the opening of our mines, increase of our farming area, and development of all our natural resources will come, yet New Mexico will be known and regarded not alone for those things, but for what she shall accomplish educationally and morally. Good citizenship, intelligent citizenship is of very first importance. This rests largely with you. I feel that you shall discharge your share of this important responsibility. Under the helpful guidance and efficient instruction of your instructors, I know you shall be

JOHN V. CONWAY,  
Superintendent of County Schools.

all the better prepared for your tasks the coming year, when this institute shall have closed. Again, I congratulate one and all upon the good auspices under which the institute opens, and from time to time I shall trust to drop in and witness the good work you are doing. I thank you most kindly. The following telegrams have been received:

Superintendent J. V. Conway,  
Santa Fe, N. M.  
Many thanks for telegram of yesterday, wish you will have most successful institution.

A. MONTAÑA,  
County Superintendent.

MAGGIE L. FRIDAY, Recorder.  
NOTICE.  
State of New Mexico,  
County of Santa Fe.—ss.  
In the Probate Court.

In the matter of the Estate of Juan Miguel Valencia, deceased, intestate. Know all Men by These Presents: That Juan D. Alarid and Manuelita Valencia, Administrators of the Estate of Juan Miguel Valencia, deceased, intestate have filed their final report in the above entitled matter and that all persons having any objections to said final report and the settlement thereof are required to present the same within the time and in the manner prescribed by law and the Probate Court in and for the County of Santa Fe, State of New Mexico, has fixed Monday the 1st day of July, A. D. 1912 at the hour of 9 a. m. for the hearing of said objections filed to such final report, if any such there be, and for the settlement thereof.

The Administrators further give notice that upon the settlement of said final report, they will proceed to close the administration of said estate of said decedent and to obtain their discharge as such executors and their discharge as sureties of such.

In witness whereof, I have hereunto set my hand and affixed my official seal this 6th day of May, A. D. 1912.  
MARCELINO A. ORTIZ,  
Clerk of the Probate Court.

If you use embossed stationery, you can do no better than placing your order with the New Mexican Printing prices will be quoted upon request. Our styles and forms are strictly up to date.

Mexico: Tonight fair, cooler  
in northeast portion; Thurs-  
day generally fair.

Adobe bricks for sale at Frank F.  
Gormley.

See The Brave Hunter, a farce com-  
edy, at the Elks' tonight.

See Gerdes' advertisement on page  
three. It will mean dollars to you.

Scalecide for the San Jose scale  
can be obtained at Goebels.

Found at the Capitol, a leather card  
case. Owner can have same by call-  
ing at this office and paying for this  
advertisement.

All Boxes of the Santa Fe Electric  
Laundry brought into the office will  
be redeemed at 10c doz.

Marriage License—Reginald H. Mac-  
kenzie of Albuquerque, and Anne B.  
Stewart, of Hugo, Oklahoma, were  
granted a marriage license at Albu-  
querque yesterday.

See advertisement on page four if  
you are interested in fine Mexican  
blankets. Special designs woven to  
your order at reasonable rates.

Cease Your Search for delightful  
candies. Go straight to Zook's and  
you'll be glad. Fresh today.

For fine cut flowers and plants,  
call McConvery—Black 204. Oriental  
peppies, sweet peas, pansies, iris, col-  
umbine and pinkies.

It's a big laugh.. Won by a Fish at  
the Elks' tonight.

Dance Tomorrow Evening—The

city marshal's office will be moved  
today or tomorrow from its present  
location to 328 Lower San Francisco  
street. The new location is under the  
Lopez hall.

The Spanish Cavalier, a great  
drama at the Elks' tonight.

Another Cassidy Lecture—At the  
request of the Scribblers' club, Mrs.  
Gerald Cassidy will give an illustrated  
lecture on the Navajo Indians at the  
Archaeological rooms at 8 o'clock to-  
morrow evening. The public is cordi-  
ally invited.

See the "Big Smoke" box three men  
tomorrow evening at the Elks' Thea-  
ter. It will be a clean exhibition and  
the ladies are especially invited as  
the show will be similar to what John-  
son puts up before the large vaude-  
ville houses in the East.

Elegantly Furnished Rooms for Rent  
—Rooms elegantly furnished and hav-  
ing all modern conveniences, includ-  
ing electric light, steam heat and  
baths, in the First National Bank  
building. Apply to F. M. Jones.

Warm But Pleasant Days—The  
maximum temperature yesterday again  
for a minute or two, reached 84 de-  
grees, but last night the temperature  
dropped to 58 degrees, while the relative  
humidity last evening was only 11  
per cent. Fair and cooler weather is  
predicted for tomorrow. Yesterday was  
the hottest June day New York ever  
experienced, according to the dispatches.

For Wind, tan or sunburn try an ap-  
plication of Zook's Benzoin, Witch Haz-  
el and Almond Cream.

See the "Big Smoke"—The New

dance tomorrow evening in the as-  
sembly room of the public library will  
prove to be a most enjoyable affair.  
There should be a good attendance.  
Niagara Silk Gloves, new line staple  
colors, in long and short. Just received.  
—Townsend.

Twenty-five Per Cent is worth sav-  
ing a three day slaughter of J. H. Ger-  
des's line of men's and youth's cloth-  
ing, starting Thursday. Come early  
and get what you want.

Warm Weather is coming. Cooking  
by electricity is cheaper than coal.  
Sparks can prove it. See him.

An Evening of Pleasure—Is prom-  
ised all those who attend the dance  
in the assembly room at the public  
library tomorrow evening. It is the  
last public social event of the legisla-  
tive session.

It's a Pathe Weekly, at the Elks'  
tonight. See all the current events.

Probably an opportunity of a life to  
see a world's champion in action. To-  
morrow evening Jack Johnson will  
give the citizens of Santa Fe an op-  
portunity to see him in a boxing con-  
test with three men up against  
him.

Musical Tonight—Every music lover  
should attend the musicale tonight  
in the assembly room at the public li-  
brary tonight. The program is high  
class and will appeal to every discrim-  
inating musician.

History Now on Sale—B. M. Read's  
Illustrated History of New Mexico, just  
from press, is now for sale and may  
be ordered directly from the author,  
or through the New Mexican Printing  
Company. Price \$10.

Use a Cold Cream which imparts a  
softness to the skin. Use Zook's Rose  
Cold Cream.

City Marshal's Office to Be Moved—  
The city marshal's office will be moved  
today or tomorrow from its present  
location to 328 Lower San Francisco  
street. The new location is under the  
Lopez hall.

The Spanish Cavalier, a great  
drama at the Elks' tonight.

Another Cassidy Lecture—At the  
request of the Scribblers' club, Mrs.  
Gerald Cassidy will give an illustrated  
lecture on the Navajo Indians at the  
Archaeological rooms at 8 o'clock to-  
morrow evening. The public is cordi-  
ally invited.

See the "Big Smoke" box three men  
tomorrow evening at the Elks' Thea-  
ter. It will be a clean exhibition and  
the ladies are especially invited as  
the show will be similar to what John-  
son puts up before the large vaude-  
ville houses in the East.

Elegantly Furnished Rooms for Rent  
—Rooms elegantly furnished and hav-  
ing all modern conveniences, includ-  
ing electric light, steam heat and  
baths, in the First National Bank  
building. Apply to F. M. Jones.

Warm But Pleasant Days—The  
maximum temperature yesterday again  
for a minute or two, reached 84 de-  
grees, but last night the temperature  
dropped to 58 degrees, while the relative  
humidity last evening was only 11  
per cent. Fair and cooler weather is

experienced, according to the dispatches.

For Wind, tan or sunburn try an ap-  
plication of Zook's Benzoin, Witch Haz-  
el and Almond Cream.

See the "Big Smoke"—The New

Mexico Athletic club has certainly  
gone to a great expense in securing  
for the sport lovers of this city the ex-  
hibition bouts to be given by Jack  
Johnson tomorrow evening at the Elks'  
theater. These exhibitions will be  
strictly high class boxing and the la-  
dies are especially invited. Mark Levy  
director of the above club, is in charge  
of the affair and that should speak well  
for its success as Mark stands for  
nothing but clean sport. Get your res-  
ervation at once. See advertisement  
on another page.

Tonight's program at the Elks,  
"The Spanish Cavalier," "Pathe Week-  
ly," "The Brave Hunter," and "Won  
by a Fish. Don't miss this program.

METHODS OF AMERICAN  
SUGAR REFINING COMPANY.

Government Attempts to Show How  
Competitors Were Kept  
Out of Colorado.

(By Special Leased Wire to New Mexican)

New York, N. Y., June 5.—Alleged  
efforts by the American Sugar Refin-  
ing Company interests to keep competi-  
tors out of the Colorado market  
were the subject of testimony today  
at the hearing of the government's  
suit to dissolve the company.

Asked About Pool Operations.

Chester S. Morey, of Denver, presi-  
dent of the Great Western Sugar  
company, who resumed the stand,  
was asked about the operations of the  
pool, of which H. O. Havemeyer was  
a member, and which purchased sugar  
refineries in Northwestern Colorado  
in 1904 before the incorporation of  
the Great Western Company.

The witness said the factories  
which figured in the deal supplied the  
territory on the eastern slope of the  
Rocky Mountains while the factory  
at Grand Junction supplied consum-  
ers west of the divide. Freight rates  
governed the territory boundaries, he  
said.

Kept Grand Junction Out of Market.

After he had denied that his rea-  
son for attempting to obtain a loan  
from Mr. Havemeyer for the Grand  
Junction people was to keep them  
out of the eastern Colorado market,  
the government produced a letter from  
the witness to Mr. Havemeyer, in  
which Morey said, while discussing  
the proposed loan.

"I have succeeded in keeping them  
(the Grand Junction people) out of  
the market."

End of Long Examination.

The long examination of Mr. Morey,  
which has continued for several weeks  
ended today and the witness was  
turned over to his own counsel for  
cross examination.

HARMON WINO OHIO'S

DEMOCRATIC DELEGATES.  
Forty-Eight Selected Must Vote for  
Governor Until Released  
by Him.

(By Special Leased Wire to New Mexican)

Toledo, Ohio, June 5.—Judson Har-  
mon today won Ohio's forty-eight  
votes for president at the national  
convention at Baltimore under the  
unit rule. The Ohio Democratic con-  
vention adopted a resolution instruct-  
ing the state's forty-eight delegates to  
vote soildly for Harmon at Baltimore,  
until released by him or a majority  
of the delegation. The vote was 597  
to 355. Congressman James M. Cox  
was renominated for governor.

DEMOCRATS CAN WIN IN A  
CANTER, ASSERTS MACK.

(By Special Leased Wire to New Mexican)

New York, June 5.—"The Democratic  
party has several candidates for the  
presidential nomination and any one  
of them is strong enough to defeat  
either Taft or Roosevelt," remarked  
Norman E. Mack, chairman of the  
Democratic national committee while  
here today.

Chairman Mack will confer with  
Urey Woodson, secretary of the nation-  
al committee, next Monday in Balti-  
more, and on June 18 or 20 the com-  
mittee on arrangements, of which Mr.  
Mack is chairman, will meet to select  
the temporary officers of the conven-  
tion and arrange other details.

The national committee will meet  
June 24, the day before the convention  
to consider contests and make up the  
roll. There are three or more minor  
cases that are to come before the com-  
mittee from Ohio, Indiana and Wash-  
ington.
