WANT PRESIDENT TO TAKE OVER TELEGRAPH LINES

By Associated Press.

St. Paul, June 13.—A resolution-declaring that the Allies will demand that Germany be asked to sit a strike of union telegraph operators to enforce the recent peace between nations, was adopted today at a convention of the American Federation of Labor. Campbes wired president Wilson as follows: "We wish to express to you our determination to give whole-hearted support to the government of our free country in this war to establish principles of freedom that will secure peace between nations. We pledge our loyal support and service until human freedom and equality shall be the common right of all peoples.

Allied Excel Germans in Gas Warfare.

Washington, June 13.—The acrid gas used by the Germans in their recent offensive was only one of the means by which they tried to advance. The Allies have now a better understanding of the methods by which they plan to carry on the war. In the early part of the war, the Germans used gas as a defensive weapon, but now they are using it as an offensive weapon. They have discovered that the use of gas can be effective in breaking down the morale of the enemy, and they are now using it with great success.

**KEEP FAITH WITH YOUR BOY “OVER THERE”**

When your boy was so little that all the world was a foreign country to him, he trusted you to take care of him. You sent him to school and to play and on your little errands, and with implicit faith he did your bidding.

Now we have sent your boy or your neighbor’s boy out into a foreign land, into terrors that he cannot even know—and his faith has not faltered. He knows we will do our part if he does his.

**FRIDAY, JUNE 28TH NATIONAL WAR SAVINGS DAY**

Saving to help our sons is not to be called by the ugly name of duty or sacrifice. It is love’s blessed privilege.

Are we keeping the faith? Are we scrimping and saving and giving to help our boys do this thing that humanity has asked of them, and to help them come back to us sane and whole? Are we doing not only our bit, but all we can?

The Work of the Rev. Cross in Caribbard

Few people in this city realize the vast amount of work performed by the Rev. Cross, who is a member of the chapter of the Rev. Cross. The workers are busy every day, morning and afternoon, and more, many more hours a week. The poor, the sick, the aged, they are needed.

The ladies decided when the first left for the cantonment to present each man with a pocket comfort. The rule has been adopted that sixty and eighty packets have been distributed to as many men. At the same time, Mrs. H. K. Kerr had prepared twenty-eight pockets, making in all one hundred and thirty packets given to our men as they leave. Each packet has soap, a towel, tooth brush, tooth paste, postal card, pens, and chewing gum. These comfort packets are an expression of the pride of the people, and are ex- pressed thus, of the feeling of pride which our people have for the men who are going forth to fight our battles for us.

The ladies of the chapter, assisted by many young ladies of the city are now working on 150 pack- ets for the men who will go. Sixty packets have been made for the men who will go. The work is not finished, and we are continuing to prepare as long as your cash is not more than our prices are precisely the same as they would be had we made no such offer. What we want is to increase the sales of the Stamps.

J. O. Miller, the state labor man, for some time connected with the state labor office, has been up here some time ago, in Caribbard, stopping at the Bates hotel.
