ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, NOVEMBER 28, 1902

NUMBER 314

CONGRESS

Mass of Legislation Before National Legislature.

INJURED FOOTBALL PLAYER DIES

St. Louis Flyer on the Big Four Badly Wrecked.

THE ISHTMIAN CANAL COMMISSION

Washington, Nov. 28.—Representative Sereno E. Payne, of New York, chairman of the ways and means committee of the house, and Representative Littlefield, of Maine, who have been prominently identified with the anti-trust legislation, saw the president separately for a few moments today. Mr. Payne does not expect any attempt at tariff legislation at the approaching session. The most important work of his committee this winter, he thinks, will be in connection with Cuban reciprocity. If a treaty is negotiated he believes the assent of the house will be required. Littlefield was reticent regarding the program for anti-trust legislation. He said he was not yet prepared to announce his withdrawal from the speakership race.

Died from Football Injuries.
West Chester, Pa., Nov. 28.—Charles Carr, colored, 21 years of age, of Philadelphia, died at the Chester county hospital from injuries received during a football game yesterday. Carr's neck was injured in a mass play and he was rendered unconscious.

FLYER WRECKED.

Fast Train on the Big Four Thrown Into a Ditch.

Indianapolis, Nov. 28.—Passenger No. 43, St. Louis flyer on the Big Four, was wrecked at 1:30 this morning on a high embankment half a mile west of Avon, six miles east of Danville. Three passengers were seriously hurt and a dozen or more slightly hurt, but none fatally. The train was running at a high rate of speed and struck a broken rail. Two sleepers were rolled over into a ditch and the passengers got out by breaking windows. Those most seriously hurt were:

Ira L. Kline, Cleveland, face badly bruised; Mrs. Stephen Englehart, Middleport, Ohio, seriously cut about the head and bruised about the body; Mrs. Anna Englehart, Middleport, Ohio, terribly cut about the head, injuries may be fatal.

Isthmian Canal Commission.

Washington, Nov. 28.—The president has given no consideration to the personnel of the Isthmian canal commission. He told Senator Cullom, of Illinois, today that until the pending negotiations with Colombia are ascertained and the government ascertained exactly where "it was at," that he would not consider the matter of appointing members of the commission.

Colorado's New Railroad.

Denver, Nov. 28.—Two parties, prominent eastern men, met at Denver this morning. Both are interested in the new Moffatt road and the Rock Island. There were a number of Providence capitalists who arrived over the Burlington and President W. B. Leeds, of the Rock Island, who, with a party of friends, arrived over the Rock Island. It is understood that they come to confer with Moffatt and the management of the new line in regard to plans for completing it.

PUT UNDER BOND.

Alleged Arizona Mine Swindler Arrested in New York.

New York, Nov. 28.—Wm. H. McNutt, who was arrested here yesterday at the request of Chicago police, was arraigned today and held in \$10,000 bond for examination next Monday. The complaint charges that Willard Block, a Chicago lawyer, was induced to pay \$13,500 worth of stock in the Horse Shoe Copper Mining company of Arizona. When arraigned McNutt denied that he was the man wanted, but he said that he was president of the Horse Shoe Copper Mining company and that he knew Block.

Dead.

London, Nov. 28.—Dr. Joseph Parker, minister of the City Temple, who had been seriously ill for some time, died at 5 o'clock this afternoon.

Kelly Arrested.

Philadelphia, Nov. 28.—Chas. Kelley, of St. Louis, was arrested in this city this afternoon. He was taken from the western train, which left New York at 11 o'clock, by a local detective. Kelley told the detective that he had been in

Ireland and left Londonderry with the intention of proceeding direct to St. Louis and facing the charges against him there. There is a reward of \$1,700 for his arrest. Kelley will be arraigned tomorrow morning and held for requisition papers.

Mount Pelee in Eruption.
St. Thomas, D. W. L. Nov. 28.—The royal mail steamer, Yare, which arrived here today passed Mount Pelee, Island of Martinique, during Wednesday morning and reports that the volcano was then erupting violently.

Sugar House Burned.
New Orleans, Nov. 28.—The magnificent sugar house at Ashton plantation at Luling, La., formerly owned by John A. Morris and now the property of Charles A. Farwell and others burned today. Loss, \$130,000; insurance, \$65,000.

Washington, Nov. 28.—Minister Hunter, of Guatemala City, has cabled the state department that his son, Godfrey, who shot Fitzgerald, is 24 years old, is in business on his own account and therefore is not under the protection of the legation. All that he asks is that Mr. Bailey, secretary of the legation, be allowed to testify before the Guatemalan courts. This permission has already been granted by the department.

SPORTS DOWN SOUTH.

Our Indians Defeated College Boys at Football.

WE LOST AT BASKET BALL.

The Albuquerque Indian school were victorious in the foot ball contest with the Agriculture and Mechanic Arts college team at Mesilla Park yesterday. The score was 6 to 0.

Intense interest prevailed from the kick off until time was called. The game was beyond doubt the best pigskin contest ever fought on the gridiron at the college. It was fast and furious, in both halves, but the Indians proved that they were superior in team work.

The first half began by the Indians attacking the college line, but seeing that they were holding out strong, the Indians worked the ends effectively.

In the second attack on the end, Roybal, the fast right half back of the Indians, went around the end and having a clear field, made the only touchdown of the game. Goal was kicked by full back Johnson. In the last half of the first the Indians had the ball within several feet of the college goal.

The second half opened with center rushes which soon broke the line of the college, but their staying qualities were all there and the Indians were prevented from another goal, although they advanced the ball within three feet of the college goal, which looked dangerous for some time. The Indians had the game in their hands all during the game, for at no time could the college get nearer than the forty-yard line.

Both teams were in excellent condition and the work was fast and of a nature that showed they had received plenty of practice since their last meeting.

"One Arm" Pelphrey and Hart of the college team played a star game, while Johnson and Roybal of the Indians were the heroes.

Prof. MacGregor and Dr. Woods were referees and umpires. Time-keeper, Miller.

OUR GIRLS DEFEATED.

High School Basket Ball Team Lose to Agricultural College Girls.

Defeated, and yet not disgraced, was the young ladies basket ball team of the high school, in the basket ball battle with the Agriculture and Mechanic Arts college team at Mesilla Park last night, resulting in a score of 14 to 4.

The young ladies from the high school held their adversaries down in the first half in a manner that called forth great admiration. As soon as the ball was put into play it was seen that the team work of the college team had received close attention and that the high school girls were doing good work, but were weak on several essential points in team work, although their individual playing was fine, and they were heartily cheered by the large crowd of enthusiastic lovers of college sport. Miss Rose Huntington threw a goal from field, which was the prettiest goal made during the game. The first half ended with a score of 6 to 4.

The fast work began in the second, and then the weak points of the high school team came into evidence. The college team made two baskets, scoring 8 points, which made the score 14 to 4.

(Continued on page four.)

MINE STATISTICS

Tabulated Statement of Coal Miners' Wages.

NEW YORK DISTRICT ATTORNEY

Noted Boer General Arrives in New York City.

NEW CUBAN RAILROAD COMPLETED

Scranton, Nov. 26.—Attorney Darrow, counsel for the United Mine Workers, announced today that the coal road presidents had promised to give the tabulated statistics in regard to miners' wages, etc., to the counsel for the miners some time today or tomorrow. The big coal mining companies have had expert accountants at work preparing these figures for several weeks past. It was because this part of the evidence was not ready for presentation that the adjournment of the coal strike commission became necessary. The counsel for the miners will have until next Wednesday in which to inspect this important part of their opponents' evidence. When the commission convenes President Nichols will be placed on the stand by the miners. President Nichols was in conference with Nichols most of today.

New York District Attorney.

Washington, Nov. 28.—The president has decided to appoint W. J. Youngs, of Oyster Bay, United States district attorney for the eastern district of New York to succeed George H. Pettit, whose term expires December 20. The selection of Mr. Youngs is in the nature of a personal appointment. Mr. Youngs has been a neighbor of President Roosevelt at Oyster Bay and their relations have been close. When the president became commissioner of New York, Mr. Youngs resigned the district attorneyship of Queens county to accept a position as private secretary of President Roosevelt.

BOER GENERAL.

General Viljoen Comes to America to Deliver Lectures.

New York, Nov. 28.—Among the passengers arriving on the American liner, St. Louis, today, was Gen. Ben Viljoen, the ex-Boer commander. During the latter part of the recent war in South Africa, General Viljoen was one of the most prominent military figures on the Boer side.

As a young man he was a policeman in Johannesburg, and later became editor of a newspaper and a member of the national legislative assembly. In the legislative chamber his speeches were always moderate in tone, but when hostilities became inevitable he was one of the first to organize a command and proceed to the front. Though one of the youngest commanders he speedily gained distinction on the field and was successful in a number of important engagements. His purpose in coming to America is to deliver a series of lectures for the benefit of the Boer relief fund.

NEW CUBAN RAILROAD.

New Line of Road Completed Through the Island.

Washington, Nov. 28.—A dispatch from Havana says the Cuba Central railroad from Havana to Santiago, will be opened for traffic today. The trip from Santiago to Havana, about 500 miles, will be made in about twenty-two hours, whereas three days are required by Steamship, the only means of travel heretofore.

With the opening of this new railroad Cuba is expected to enter upon a new era—a career of industrial development and activity which is expected to result in the betterment of the inhabitants, commercial prosperity and the improvement of internal affairs. The main line of the road is of standard gauge and its bridges are of steel and masonry. The equipment generally is similar to that of the best American roads, it being intended to run through sleeping cars between Havana and Santiago. The line runs through the heart of the eastern part of the island, where there is much undeveloped mineral wealth in the mountainous districts, but want of capital has hitherto prevented its profitable production. Copper mines are of great extent and rich, and water power is plentiful. Along the route of the main line are to be found great areas of land of the richest description, well scattered and suitable for raising sugar cane, tobacco, corn, cotton, coffee and all fruits of the tropical and subtropical regions, such as yams, man-

goes, oranges, pineapples and bananas, all within a short distance of market.

Unconstitutional.
St. Paul, Nov. 28.—The supreme court today, by upholding a decision of the Ramsey county probate court, declared the inheritance tax law to be unconstitutional.

Sullivan a Bankrupt.
New York, Nov. 28.—John L. Sullivan, former champion heavyweight prize fighter of the world, filed a petition in bankruptcy in the United States district court today. He said his liabilities were \$2,658 and his assets \$5 worth of wearing apparel.

Denies Polly's Assertion.
Denver, Nov. 28.—Vincent St. John, president of the Telluride miners' union, emphatically denies the statement attributed to him by "Polly Pry," in yesterday's Post to the effect that there were other men in Telluride in addition to Collins who ought to be "removed." It is stated that he will begin suit against the Post for the publication. In the Post this afternoon "Polly Pry" reiterates her charges.

Cabinet Meeting.
Washington, Nov. 28.—Neither Secretary Hay nor Secretary Root was present at the cabinet meeting today and the session was devoted to minor matters. Secretary Wilson discussed the measures that he had taken to suppress the epidemic of foot and mouth disease which had appeared among live stock in New England. From such information as Secretary Wilson has obtained he believes that the disease has existed in that section for some time, but has been concealed. Every effort will be made to stamp it out.

A FEW FACTS.

What Harry Alexander Says About the Albuquerque Eastern.

UP TO THE PEOPLE.

Harry Alexander, prominently connected with the Santa Fe Central and Albuquerque Eastern Railroad companies, and that means in close touch with the great Rock Island system, came down from Santa Fe last night and after a short talk with several citizens who are deeply interested in securing the Albuquerque Eastern railroad, continued on south on the 11 o'clock train.

To one of Albuquerque's prominent citizens, Mr. Alexander stated that he had orders to move their entire traffic department to Albuquerque next week, and also to commence to construct the telegraph line from Moriarty to Albuquerque, for which he has the wire already; but that his instructions were not to do either unless the people of Albuquerque want the road.

The new proposition of the Albuquerque Eastern Railroad company, made through Mayor Myers and Messrs. Strickler and Brooks to the people of Albuquerque, is the fairest and cheapest way to secure a competition railroad, and the citizens of Albuquerque should respond liberally with their subscriptions.

UNDER DISCUSSION.

A President for the Next Territorial Fair Association.

It is understood that at a recent meeting of the Retail Merchants' association the subject of a president of the Territorial Fair association was brought up and discussed, and it is also understood that, as several members had raised objections to the newly-elected secretary, the name of another gentleman for that place was likewise discussed.

At the recent mass meeting of citizens Emil Mann was unanimously elected secretary, and the gentleman has many friends in the city who believe and know him capable to fill the secretaryship.

Therefore, a president is to be elected, vice J. H. O'Reilly, resigned, and the Citizens would suggest that the Retail Merchants' association get together again and decide upon some one of their members for that position. If not, the Gentlemen's Driving association will no doubt be called upon to furnish a president, and that association, like the merchants, have some excellent material to select from.

Capital Stock Increased.

Springfield, Ill., Nov. 28.—The Moline plow works, of Moline, today certified to the secretary of state an increase in capital stock from \$200,000 to \$300,000.

MADE GUN PLAY

A Mulatto at Gallup Came to Quick Grief.

DEATH OF LAWRENCE NOLAN

Northern Pacific Will Shorten Line Across Bad Lands of Dakota.

SHOPS FOR THE SOUTHERN RAILWAY

Special to Citizen.

Gallup, N. M., Nov. 28.—Wm. Spring, a mulatto from Albuquerque, made a gun play at Kitchen's saloon yesterday morning, and then defied arrest by the marshal and Kitchen.

He was arrested by the marshal and two assistants three miles west of here after two shots were fired at him.

He got ninety days and a hundred dollar fine.

An Indian named "Navajo Jim" broke a back window of Wm. Weidemeyer's store last night about 8 o'clock and got \$75 in money. Weidemeyer happened to pass and ran in and arrested him and all but \$15 was recovered. The Indian was bound over to the grand jury this afternoon.

Lawrence Nolan, who shot himself with suicidal intentions, died last night of his wounds. His remains will be buried tomorrow. His relatives live in Palmyra, Tenn.

Cut Off Through Bad Lands.

St. Paul, Minn., Nov. 28.—The Northern Pacific is about to begin work on the construction of a cut off through the Bad Lands, starting at a point one-fourth of a mile east of Belvidere and running northwest to the head of Green River, about four and one-half miles north of Fryburg and thence westerly and crossing the high plateau half a mile west of the historic town of Medora. From the west side of the plateau a mammoth bridge will span the Little Missouri and the new line will cross the old line to the south of the big McDonald ranch. The new route will do away with the Fryburg hill and will give a good route through the Bad Lands.

Shops for Southern Railway.

Birmingham, Ala., Nov. 28.—The Southern railway will construct one of the largest shop plants on the great system at North Birmingham, a suburb of Birmingham, and construction work will begin at once. Plans have been drawn for eight large brick buildings, each 100x100 feet, and thirty-five tracks of railway have been laid out. The shops will build cars as well as repair cars and engines for those divisions of the road in this section of the south.

DIED TOGETHER.

Aged Couple Suffocated by Gas in an Albany Hotel.

Albany, N. Y., Nov. 28.—Wm. and Martha Hogeboom, aged about 60 years, were found dead in bed in a hotel here today, having been asphyxiated during last night by illuminating gas. They were residents of East Cobleskill and arrived in the city yesterday to meet their two sons and their daughter in law, who were to be discharged from the Albany county penitentiary today after having served a term of six months' imprisonment for petty larceny and burglary. It is believed the deaths were accidental.

THEY WILL IMPROVE.

The Electric Light and Gas Plants Will Be Enlarged.

The following officers, J. J. Henry, president; Charles K. Durbin, vice president and secretary; W. L. Hiff, treasurer; Maynard unsul, manager, were elected by the Albuquerque Gas, Electric Light & Power company. The articles of incorporation were filed with Secretary J. W. Reynolds in Santa Fe on Wednesday and published the next day in The Citizen.

The electric light plant in this city will undergo considerable improvement at once. A 100-kilowatt general electric alternator is now in transit. The additional demands on the plant for light and power will be taken care of by the big machine. Manager Gunsul, who has just returned from Denver, stated that the new street arc lights recently ordered are to be installed as soon as the poles can be placed and wiring completed. Also that the poles and wire for the new power circuits have been ordered and the new lines will be built right away.

Lively Runaway.

Last evening about 7 o'clock a couple of terrified horses hitched to a

small buggy, came dashing down Second street at a terrific speed and made a grand spectacular turn into Trimble's barn and passed through the long passage without slackening their speed until they turned in the passage at the far end of the barn. When the horses were stopped the perspiration was dripping from them in amazingly large quantities, and when they were unhitched after standing a few minutes they were so stiff they could hardly walk.

This morning a couple of young men with downcast faces came riding into the city on an old wagon loaded with wood. Their entrance was exceedingly slow, and did not possess the exciting qualities of the entrance of the horses. They finally got up enough courage to creep around to the barn, and then were told of the early and unsuspected arrival of the horses. Then their sad story was related. They had walked nearly fourteen miles and long miles at that. It seems as if the horses became frightened while the young men were doing some exploring, and breaking the hitchstrap, made a fourteen-mile run for the city.

Yesterday was a happy day for the prisoners at the county jail. Sheriff Hubbell instructed Jailer Lucero to purchase turkey for the occasion, and everyone at the county bastille had a turkey feast.

AT FAIR GROUNDS.

Small Crowd Present But the Races Were Interesting.

ALL EVENTS WERE LIVELY.

The cold, piercing winds which accompanied the feast day on its annual tour had a decided effect on the lovers of race horse sport, and consequently the races at the fair grounds yesterday failed to draw the crowd that was expected to turn out. However, the cold, crisp wind did not chill the ardor of the horsemen and lovers of the sport, and the program was carried out, which afforded an exciting and interesting afternoon for those present.

The green race, 3:00 minute trot, was won by McGinty, owned by R. H. Greenleaf. McGinty raced against William T., owned by W. L. Trimble, and won the second and third heats in 1:18.

The 2:40 trot was won by Lady Margaret, owned by Joseph Barnett, in two straight heats, time 1:20 in both heats. Boone, owned by Emil Mann, was a close contestant in this race.

Primrose carried off the first heat in the free-for-all in 1:09. The second heat was won by Shecam in 1:10. Both heats in this race were intensely exciting, the winning horse going under the wire by a nose.

Following the races the amusing features of the program were carried out with all kinds of fun. The greased pole was a slick event. About twelve boys attempted to overcome the sliding quality of grease, but Charles Benjamin was the first to overcome the slick article. He received a fine sweater, given by Mike Mandell for his successful climb. Harry Schaffer carried off second prize.

Emil Mann did better than his horse in the events of the day, and won first entries, and the race being for kids, Emil handed the sweater he won over to Newlander, one of the fast hobbiers. Otto Mann was a close second. The afternoon of sports was greatly enjoyed by those whose sporting blood is never daunted by the weather man.

"FAIR ENTHUSIAST."

Writes Letter About Good Material for Fair President.

Editors Citizen:

Albuquerque, N. M., Nov. 27.—I notice that you suggest half a dozen or more names for the presidency of the New Mexico Fair association, since it is a known fact that J. H. O'Reilly refuses to act. In looking over the names, and taking into consideration the qualifications of those mentioned, I think W. L. Trimble, C. K. Newhall, Mike Mandell, Henry Brockmeier, C. M. Foraker, Simon Stern and Arthur Everett would make very acceptable presidents. Any of these gentlemen, with Secretary Mann's well known knowledge of horse racing, would make the fair of next year a grand success. It is essential that we have horse racing in connection with the kind of fairs we have had the past two years, and we should have men who understand horses at the head of affairs. Yours truly,

FAIR ENTHUSIAST.

John Stein, superintendent of the Fred Harvey eating house system on the Kansas City Albuquerque division, is in the city.

REMOVING FENCES

Cattlemen Must Remove Fences From Public Land.

TEST OF VIRGINIA'S CONSTITUTION

Wreck on Wisconsin Central Road Injures Several Persons.

INDIAN TERRITORY STATEHOOD MEETING

Omaha, Nov. 28.—John S. Mosby, special inspector of the United States land office of Washington, arrived in Omaha and will at once begin proceedings for the removal of fences from government land in Nebraska. Col. Mosby said that tracts containing thousands of acres have been illegally fenced in by cattlemen and that his purpose was to have these fences torn down.

Test of Virginia's Constitution.
Richmond, Va., Nov. 28.—The question of the validity of the new state constitution of Virginia came up for argument today in the United States district court. The case is in the nature of an application for an injunction restraining the state board of censors from issuing certificates of election of the ten congressmen, on the ground that the constitution, under the franchise clause of which they were elected, is unconstitutional and void.

Wreck on Wisconsin Central.

Chicago, Nov. 28.—An engine on a Wisconsin Central outgoing freight train was wrecked early today at Displains, injuring three persons, one fatally. They were: John Scheidel, engineer, badly scalded about the face and hands; Albert Plunee, brakeman, face and hands scalded; Walter Sherman, fireman, scalded, will die. The accident was caused by the locomotive jumping the track.

Wants Single Statehood.

Vinita, I. T., Nov. 28.—Among those interested in the statehood question in Oklahoma and Indian Territory much interest is manifested in the convention of the Five Civilized Tribes in session today at Muskogee. The Five Civilized Tribes are strenuously opposed to the Indian Territory being absorbed by Oklahoma or attached to any other state and the purpose of the convention is to develop plans for the ultimate admission of the Indian Territory as a state by itself.

NEW YORK'S NEW HOTEL.

To Be Called Hotel Brunswick and Will Cost \$7,000,000.

New York, Nov. 28.—The latest marvel in the hotel line will be a structure on the old Hotel Brunswick site. It will cost \$7,000,000, will be twenty stories high and will contain 1,000 rooms. Negotiations closed seem to assure the realization of the scheme. The land was sold by Charles T. Barney and others for \$2,750,000 to the Brunswick Construction company, of which ex-Judge Henry E. Howland is president. The hotel will be constructed at a cost of \$4,750,000 by the Central Construction company, which was organized last winter by Mr. Cocheu. The great structure has been leased to the Brunswick Hotel company, of which Gustav Bauman, present proprietor of the Holland house, is president. The deal was completed by S. H. G. Stewart, who organized a company to build a twenty-story office building at 42 Broadway. Mr. Stewart says that the new Hotel Brunswick will be the first in a chain of similar great hotels which will be built in various large cities and operated by the same interests. If his plans are carried out, the hotel trust idea will be a reality.

SWINDLER ARRESTED.

He Made a Big Clean Up in Buffalo, New York.

Buffalo, N. Y., Nov. 28.—Wm. Landeau, who was arrested in New York on suspicion of being connected with a swindle, involving \$200,000, formerly kept a wholesale clothing store here and a branch at Niagara Falls. He left Buffalo some time ago and many local creditors have since been trying to locate his property. They found that his stocks had been transferred by bills of sale, and several suits have been brought to test the validity of these transfers. In the proceedings brought in the local courts, statements have been made that Landeau went to Texas and also that he was in Europe.

Hon. Solomon Lunt and Hon. F. A. Hubbell were passengers for Silver City last night. They will visit their stock ranges in that neighborhood before returning to the city.

THE WORST THING in the world for a cough is to cough. THE BEST THING in the world for a cough is a MUCH DISPUTED QUESTION

We keep all the leading remedies or would be pleased to fill your doctor's prescriptions.

New Mexico demands Statehood from
the Fifty-Seventh Congress.

It was an off year in Iowa and the re-
publican majority at the recent elec-
tion is only 79,214.

Congress convenes Monday next.
The president's message will no doubt
be read to that body on Tuesday.

If the people of Albuquerque wish to
kill the city they can do so by reject-
ing the liberal offer of the Albuquerque
Eastern company.

The socialist vote in Pennsylvania
in the presidential election of 1900 was
4,800, and at the last election 21,910.
Of these 12,000 were cast in the an-
thracite region.

The early building of the Alberque-
que Eastern railroad will insure the
early building of the military post near
this city. One will very much depend
upon the other enterprise.

The senate committee was not even
courteous to the people of Roswell.
They passed through the town without
stopping, after the citizens had gone to
considerable trouble in arranging for
their reception.

That the American Indian must be
dealt with as a perpetual problem is
clearly shown by statistics published
by the secretary of the interior in his
annual report. According to the cen-
sus of 1890 there were in this coun-
try, exclusive of Alaska, 259,000 In-
dians. The report of Secretary Hitch-
cock shows that in 1900 in the same
territory there were 270,000 red men.
It is therefore reasonably sure that our
copper-colored brother will have to be
dealt with throughout coming cen-
turies.

IGNORANT PREJUDICE.

The admission of Arizona and New
Mexico as states into the union is re-
ceiving attention all over the country,
and now and then we find a writer or
speaker, who is either so prejudiced or
willfully ignorant, says the Phoenix
Gazette, that they will make misstate-
ments, distort the facts, and go out of
their way to malign the people of these
two territories. They tell just enough
of the truth to make their remarks
have some weight to those who are
unacquainted with the facts, but to
those who are familiar with the coun-
try and the people, it is only disgust-
ing. That such ignorance and preju-
dice could exist in the "enlightened"
east around which and for whom east-
erners imagine the world revolves, is
beyond the broad-minded thinking
population west of the Mississippi.

ADMISSION OF TERRITORIES.

The San Francisco Chronicle is a
warm friend of the territories and is
urging the passage by the senate of
the omnibus statehood bill. In a re-
cent issue that paper says:

"Since the senate committee on ter-
ritories started taking testimony on
the subject of the application of Okla-
homa, New Mexico and Arizona for
admission to statehood, contradictory
reports have been issued regarding
their probable conclusions. The latest
report, which comes from Guthrie, the
territorial capital of Oklahoma, as-
sumes that the committee is at present
opposed to the admission of New Mex-
ico and Arizona. If the report is true,
the action of the committee will be a
misfortune and a mistake.

"New Mexico and Arizona are both
much older as territories than Okla-
homa, and both have extensive natural

resources which the latter does not pos-
sess. The only ground on which Okla-
homa can be specially favored is that
it has a larger population than either
of the others. But that ground is en-
tirely insufficient to warrant discrim-
ination against either of the latter ter-
ritories, for each has a much larger
population than many of the states
now in the union possessed when they
were admitted. Besides, New Mexico
and Arizona, particularly the latter,
are attractive fields for the investment
of capital, and, of late years, an im-
mense amount of eastern money has
entered into the development of their
vast mineral resources. The point has,
therefore, been made that the capital
already invested and that which may
be reasonably expected to be attracted
to both of these territories in the fu-
ture will be better protected by state-
hood than it can ever hope to be under
a territorial condition. The point is,
undoubtedly, well taken, and it ought
to appeal to the judgment of the senate
committee. Arrested development is
not desirable in either territory, but
that is what is likely to ensue if the
bill is adversely reported upon so far
as Arizona and New Mexico are con-
cerned. Arizona, in particular, has
come conspicuously to the front dur-
ing the past decade as one of the rich-
est mineralized sections on the con-
tinent, and if capital is given proper en-
couragement there the result will be
great additions to the national wealth.
If the boon of statehood will give cap-
ital better protection than territorial
government can give, it should be
granted forthwith. The senate com-
mittee will be remiss in its duty if it
reports adversely on the subject."

NEWSPAPER ADVERTISING.

Every up-to-date merchant recog-
nizes advertising as a necessary part
of his business. It is no more a de-
batable question then the necessity of
insurance. It is only a question of
how to advertise, and how much to
spend for that purpose. There is a
vast deal of money spent in injudi-
cious advertising. No doubt out-of-door
signs, street displays, programs, pam-
phlets and circulars have their uses in
certain lines of business, but in most
cases most of this special advertising
is thrown away. In nearly every in-
stance it is exceedingly expensive in
proportion to the results it brings.
In ninety-nine cases out of a hun-
dred the cheapest and best advertising
that can be done is in the newspapers.
Take it all in all, a daily paper of good
circulation is the best of all mediums.
The best proof of this is that they are
used most by advertisers who have
made the greatest success of business.
If the testimony of the direct advertis-
ers were not sufficient to establish this
fact, it can best be corroborated by the
evidence of the great advertising agen-
cies who are experts in the business,
and who are getting more and more of
the business in their hands.

WAGES OF WORKMEN.

The question of wages and tariffs
ought not to be associated with politi-
cal affairs, but that which is taking
place in the railway world certainly
points a political moral. When Mr.
Bryan was campaigning for the presi-
dency of 1896 he told the people that
the only way to raise prices was by
degrading the currency. He appealed
particularly to laboring men and told
them that their wages would advance

The man on the stage who does the
trick of escaping from firmly tied ropes,
submits to the bonds with a smile. He
knows he can get out of the ropes that
are being knotted. Put the same man in
the woods and let Indian captors bind
him to a tree for torture and he would
struggle to the last against the bonds.

When the stomach is diseased there
are bonds being woven every hour about
the organs dependent on the stomach—
heart, lungs, liver, kidneys, etc. The
folly of mankind is to passively submit
to the fastening of these bonds with no
effort to escape until the pain they cause
arouses fear.

Dr. Pierce's Golden Medical Discovery
cures diseases of the stomach and other
organs of digestion and nutrition. It
cures diseases of heart, liver, lungs, kid-
neys and other organs, when these dis-
eases, as is often the case, have their
origin in the diseased stomach.

"For a long time I was suffering and was
hardly able to get about," writes Mr. Andrew J.
Jeannings, of Thomas, Tucker Co., W. Va., Box
154. "Was bothered with kidney trouble and
my whole system was out of order; had no
appetite. A friend of mine told me to try Dr.
Pierce's Golden Medical Discovery. I did so
and the first bottle restored my appetite. I took
six bottles of 'Golden Medical Discovery' and
some of the 'Pleasant Pellets' and feel like a
new person."

Dr. Pierce's Pleasant Pellets cleanse
the clogged system from impurities.

at a rapid rate with the adoption of
free silver. He scoffed at those, not
politicians, but political economists,
who cited the experience of history to
prove that the last thing affected in a
change of conditions was the wages of
labor. But the political economists
have been fully vindicated by the
course of events. We find that the last
thing to respond to prosperous times
was the pay of the toiler. The estab-
lishment of the gold standard and the
quicken of commerce and industry
which followed resulted in an increase
in the cost of living. Very slowly the
pay of laboring men has advanced to
balance this condition, and it proba-
bly is true that an equilibrium has not
yet been achieved. But what would
have been the condition of the labor-
ing man under the slow process of ad-
justment if Bryan had succeeded in
cutting the dollar in the middle? We
may be sure that if free silver had
been adopted prices would have ad-
vanced more than 100 per cent. And
we may be just as sure that wages,
slowest of all to respond, would have
been much further from a balance than
they are at present.

SENATOR BARD ON STATEHOOD.
Before leaving Los Angeles for
Washington Senator Bard was inter-
viewed by the Times. The senator
said:

"Statehood for Arizona, New Mexico
and Oklahoma is one of the questions
that will occupy the early attention of
congress," said Senator Bard. "It is a
matter in which the entire country is
interested, and the great southwest, of
which the three territories are a part,
is concerned most particularly, as
their admission means increased rep-
resentation in congress, as well as a
departure in their form of government."

"I am a member of the committee on
territories, and am one of those who
compose the sub-committee, of which
Senator Beveridge is chairman, that
now is investigating the claims pre-
sented for the admission of the terri-
tories. Unfortunately, I was not able
to join the sub-committee, which has
been making a tour of Arizona, New
Mexico and Oklahoma, gathering in-
formation that will assist in determin-
ing the question, and am unable to out-
line the recommendations that will be
made. The report of the committee,
however, undoubtedly will govern the
action of congress."

"In this connection, I might say that
it is somewhat peculiar that, when the
matter was under consideration at the
last session of congress and my vote
was considered of importance, I re-
ceived many communications by wire
and by mail from constituents in Cal-
ifornia who urged action for or against
admission. Since I have been home,
however, I have not heard a word
about the matter, pro or con. Under
the existing circumstances, I cannot
say just now what position I shall take
on the question."

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets.
All druggists refund the money if it
fails to cure. E. W. Grove's signature
is on each box. 25c.

Boys' shoes a big assortment at M.
Mandel's.

DEMING.

A Few Pointers About a Good Town in
Southern New Mexico.

Keep your eye on Deming.
Deming has just been incorporated.
Deming, the coming city of New
Mexico.

Deming has a magnificent school
system.

Deming, the railroad center of New
Mexico.

Deming, the gateway to the best
part of Old Mexico.

Deming! Don't overlook it if you
are looking for a sale and paying in-
vestment.

Deming, the seat of the new county
of Luna.

Deming is the great mining center
of the southwest.

Deming water is chemically pure—
equal to Polan Springs.

Deming has increased 50 per cent in
population in four years.

Deming water and pure ozone make
strong and healthy people.

Investments in Deming lots will
double and treble in one year.

Deming has now a large ice plant
and electric light system under con-
tract.

Deming the demand for rental
houses is five times in excess of the
supply.

Deming has an abundance of water
for irrigating vineyards, orchards, or
gardens.

Buy lots and build in Deming. Your
rental returns will be 20 per cent. on
the investment.

In Deming good safe loans can be
had at better rates than in the old es-
tablished towns.

In Deming you can buy lots for \$100
which will pay you 100 per cent. in less
than twelve months.

In Deming another good hotel is
needed to accommodate the enormous
increase of population.

Deming is a great health resort—
has no superior in climate for the cure
of pulmonary troubles.

Deming will be the great smelter
center. Two large plants will be in-
stalled within the year.

Why buy high priced lots when you
can get them cheap in Deming now,
with certain advance assured?

Agricultural lands in Deming are un-
surpassed for fertility, production of
fruits and vegetables of all kinds.

Deming! Have you been there? If
not, you should get there for the big
sale of lots on the 17th of this month.

Deming offers the same opportuni-
ties now that the most prosperous
cities in the west offered several years
ago.

Deming needs one hundred new
houses to supply the demand, and
needs them now. This demand con-
tinues to grow.

Deming ships over 100,000 head of
cattle annually; is the center of the
greatest breeding region in the south-
west and cattle men all know this.

"Let the GOLD DUST twin do your work."

Use

GOLD DUST

to soften hard water and do your
cleaning. No soap or ammonia is
needed. GOLD DUST is the best,
quickest and most economical cleaner
known that will do your work and
save your hands.

Made only by

THE N. K. FAIRBANK COMPANY
Chicago, New York, Boston, St. Louis.
Makers of FAIRY SOAP.

If you want a soap that will lather
freely in hard water get some Lenox
Soap from your grocer. There is no
better hard water soap made.

Peninsular bat heaters burn less
fuel, give more heat and ventilate your
rooms.—Whitney Company.

We are sole agents for Wheeler &
Wilson sewing machines.—Albert Fab-
er, 305 Railroad avenue.

Tin, galvanized iron and copper
work. Albuquerque Hardware compa-
ny.

The Lenox Soap is a good honest
soap—from the Ivorydale factories
where Ivory Soap is made. Your gro-
cer keeps it.

No tuberculosis preservative or color-
ing in Matthews' Jersey milk.

Carpenters' and machinists' tools of
all kinds.—Albuquerque Hardware
company.

Home made bread, cakes and pies
at Mrs. Ackers, 501 Keleher avenue.

JEMEZ & SULPHUR HOT SPRINGS
STAGE LINE.

Carries the U. S. mail; only line with
a change of stock en route; good rigs,
horses and drivers; leaves Albuquerque
every Tuesday, Thursday and Sat-
urday at 5 a. m. For particulars ad-
dress W. L. Trimble & Co., agents, Al-
buquerque, or J. B. BLOCK, proprie-
tor, Jemez.

getting money from home.—The Lion
Store.

International Live Stock Exposition,
Chicago, Ill.

Tickets on sale November 29, 30 and
December 1 at rate of \$45 for round
trip. Good to leave Chicago up to and
including December 8. F. L. Myers,
agent.

(Homestead Entry No. 3942.)

Notice for Publication.

Department of the Interior, Land Of-
fice at Santa Fe, N. M., Nov. 7, 1902.

Notice is hereby given that the fol-
lowing named settler has filed notice
of his intention to make final proof in
support of his claim, and that said
proof will be made before U. S. Com-
missioner at East View, N. M., on De-
cember 22, 1902, viz: Augustina Si-
neros de Vallejos, widow of Carlos Val-
lejos, deceased, for the NE¹/₄ sec. 31,
T. 3 N., R. 6 E.

He names the following witnesses to
prove his continuous residence upon
and cultivation of said land, viz: Mar-
tin Sanchez, Jesus Maria Chavez y
Garcia, Juan Luna, Canuto Contreras
all of Manzano, N. M.

MANUEL R. OTERO, Register.

The Mutual Building association of
Albuquerque is managed at a very
small expense. The stockholders and
borrowers thereby deriving the special
benefits that most loan associations
pay to their officers and solicitors.
Buy some stock in the series
begun in October, take out a loan and
own your home by making small
monthly payments, instead of paying
rent. A. E. Walker, secretary.

To Chicago Cheap.

A special rate of one fare plus \$2 for
the round trip to Chicago has been
made by the Burlington for the great
International Live Stock Exposition
which will open there November 29
and continue for a week. This is the
greatest live stock show of the world
and this year promises to be of unusual
interest to the western stockmen be-
cause of the particular attention being
given to the range cattle exhibit which
promises to be larger than ever before.
The Burlington Route is the popular
route with stockmen and the usual fine
service will be given to those who de-
sire to attend this big show. Tickets
will be on sale November 30 and De-
cember 1 and 2, with a final limit for
leaving Chicago of December 8. See
your ticket agent or write for particu-
lars to

GEORGE VALLERY,
General Agent Burlington Route, Den-
ver, Colo.

OFFICERS AND DIRECTORS:

CATARRH

The treatment of Catarrh with antiseptic and astringent washes, lotions, salves, medicated tobacco and cigarettes or any external or local application, is just as senseless as would be kindling a fire on top of the pot to make it boil. True, these give temporary relief, but the cavities and passages of the head and the bronchial tubes soon fill up again with mucus.

Taking cold is the first step towards Catarrh, for it checks perspiration, and the poisonous acids and vapors which should pass off through the skin, are thrown back upon the mucous membrane or inner skin, producing inflammation and excessive flow of mucus, much of which is absorbed into the blood, and through the circulation reaches every part of the system, involving the Stomach, Kidneys and other parts of the body. When the disease assumes the dry form, the breath becomes exceedingly foul, blinding headaches are frequent, the eyes red, hearing affected and a constant ringing in the ears. No remedy that does not reach the polluted blood can cure Catarrh. S. S. S. expels from the circulation all offensive matter, and when rich, pure blood is again coursing through the body the mucous membranes become healthy and the skin active, all the disagreeable, painful symptoms disappear, and a permanent, thorough cure is effected. S. S. S. being a strictly vegetable blood purifier does not derange the Stomach and digestion, but the appetite and general health rapidly improve under its tonic effects. Write us about your case and get the best medical advice free. Book on blood and skin diseases sent on application.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

NEW MEXICO TOWNS

RATON.

From the Range.
Miss Ella Reed, of Willow, is visiting with Miss Mamie Gillespie.

Mrs. E. Tusher left to join her husband in Las Vegas, where they will make their home.

Miss Cora Ball gave a most enjoyable party to a large number of her young friends.

Mrs. Kohlhausen and sister, Mrs. Charles Springer, of Cimarron, who have been enjoying a visit east, are again at home.

C. E. Stivers, editor of the Range, is absent this week on a visit to eastern Kansas and St. Louis. He will return some time next week.

William A. Williams, of Denver, Colo., and Miss Leona M. Bryte, of Los Angeles, Cal., were united in marriage at the Palace hotel in this city Sunday, November 23, 1902, by Rev. Samuel Magill, and left for Denver, where they will reside.

Mrs. Bert Warner, whose singing has so delighted attendants at the Methodist church, will fill her place in the choir Sunday evening for the last time, as her husband has accepted a position in La Junta and she goes Monday to join him at that point.

Invitations are out for the wedding of Miss Ruby Grey and Samuel Ruffner, to take place at the Presbyterian church Thursday, December 4, at 8 o'clock. The announcement of the marriage of this popular young couple will be no surprise to their friends, and they will start their marriage life with the earnest good wishes of almost every man, woman and child in Raton.

A startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health. Try them. Only 50c at all drug stores.

DEMING.

From the Herald.
J. M. Hannigan, while climbing a ladder to inspect the work on his new house one day last week, slipped and

A PIONEER MERGHANT

Bright's Disease and Diabetes
Are Positively Curable.

Adolph Weate, the well-known pioneer of 929 Green street, San Francisco, one of the founders of the California Cracker Company, interviewed December 11, 1901:

Q—Will you permit us to refer to you as one of those cured of diabetes by the Fulton Compound?

A—You may. It ought to be known. I have told a great many about it myself.

Q—You found it hard to convince them?

A—Only those cured can believe easily. You will have great difficulty in making people believe it.

Q—Had physicians diagnosed your case as diabetes?

A—Several. The kidneys were also affected. I had to sleep with my hand under my back to sustain me so I could rest.

Q—How long before you began to improve?

A—It took hold slowly—it must have been several weeks.

Q—How long before you were fully restored?

A—About a year.

Q—Can you recall any you told about it?

A—One was a Mrs. H., a friend of mine in the country. Her trouble was Bright's Disease. She, too, recovered.

Q—Any other?

A—A lady friend in Windsor, Sonoma County, was swollen with dropsy, and I sent her the Fulton Compound, and the second dose completely restored her.

Q—What do you think now of the curability of Bright's Disease and Diabetes?

A—Cure await those who will take these Compounds for a sufficient length of time.

Medical writers agree that Bright's Disease and Diabetes are incurable, but 87 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price, \$1 for the Fulton Compound, and \$1.50 for the Fulton Compound, John J. Fulton Co., 422 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

J. H. O'Reilly & Co., Sole Agents, Albuquerque.

well in his new field. The departure of Dr. and Mrs. Strong will be very much regretted here.

Poley's Honey and Tar for coughs and colds: reliable, tried and tested, safe and sure. Alvarado Pharmacy.

Good Words.

In commenting on the advice of an exchange to "kill your dog and buy a pig with the dollar you save on dog tax," Our Dumb Animals says:

"Yes, kill your dear old faithful, mindful, thankful, trusted dog and buy a pig. But when you come home after a hard day's work don't expect the same pig to meet you two blocks away with a joyful little cry of welcome and jumps. Sometimes when you feel unusually 'blue' and it seems as if the whole world was 'knocking' against you, don't expect it to nestle up to your side, and lay its head within your lap and wag out its unalloyed sympathy. Don't expect it to leave its meal of 'scraps' just for the privilege of being your companion on a lonely drive or walk. Don't expect it to do any of these 'little things.' There's a vast difference between your most constant friend and a pig."

SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Send 10 cents in stamps for a sample to The Herpicide Co., Dept. "F," Detroit, Mich.

PLOT IS EXPOSED.

Doctor Confesses to Participation in Alleged Mexican Insurance Frauds.

NOW VICTIMS DIED.

A dispatch to the Denver News from El Paso, dated November 26, says:

The mystery which has surrounded the death of James Devere and Harry Mitchell, policy holders of the New York Life Insurance company, who died in Chihuahua, Mexico, was cleared up today by the testimony of Dr. C. S. Harle, the company's examiner there and a former practitioner in El Paso. On oath Dr. Harle said:

"In June, 1901, Mitchell, whom I knew as an inmate of the Richardson home, at Chihuahua, and brother of Mrs. Richardson, was insured for \$10,000. He died in convulsions the following February, and I diagnosed the case as strychnine poisoning and believed he committed suicide. By request of Richardson I reported to the company that death was due to cerebro-spinal fever, and the policy was paid Mrs. Richardson. James Devere was a worn-out, drunken bum, brought from El Paso by Richardson. He was insured for \$10,000, with Mason or Muendich as beneficiary, claiming to be a half brother.

"No examination was held by me in this case, but I filled out the blanks and made affidavit before the American consul that Devere had been examined. The policy was issued.

"He was a heavy drinker and was afflicted with dysentery. He was furnished with plenty of money to buy whisky and died in February of last year. Richardson and Mason said that if given plenty of whisky he would not last long. I knew that whisky would aggravate his ailment. I attended him when he died. His stomach was swollen and he suffered much pain. Poison would have had the same effect. I issued a certificate that death was due to dysentery.

"The policy was collected. Richardson told me that if I aided him in making out certificates he would pay me handsomely. He paid me \$200 at a subsequent date. Mitchell was taken ill in the day time while talking to his wife. He had just come out of the kitchen and fell in convulsions. Richardson wept when he saw his agony. I told him all the physicians in the world could not save the man's life. He said he was satisfied and refused to call others. Richardson told me that he was merely making an experiment with Devere and if successful he intended working the same scheme for \$100,000. He left Mexico and asked me to meet him at El Paso in October. I did not go. I reported privately after my first report to headquarters at New York that Mitchell had died of strychnine poisoning and that I thought it was suicide. They asked me if ground for contest existed and I told them no."

Dr. Harle's testimony created a sensation. Court adjourned until Friday. The defense will offer no testimony.

Definition of a Kiss.

Kiss is a noun; it is a name; proper noun because it is the proper thing to do when you are ready and the heart is willing; plural number because two perform it; common gender, because it is performed by one of each sex; possessive case, because it possesses a delicate infatuation for the human race and agrees with the parties performing the act. Kissing is closely connected with "buss," which is a good old backwoods expression, meaning a kiss that is highly enjoyed by two greenhorns who have powerful lungs to perform the act with. In this case buss means one kiss; rebus means kiss again; pluribus means a number of kisses; hornibus means to be caught by the old folks; merribus means to steal a kiss; symplibus means to kiss the hand instead of the lips; blunderbus means to kiss an old maid by mistake; and omnibus means to kiss all present, including the mother-in-law.—Ex.

BLACK MESA RESERVE.

Forest Supervisor Breen Issues Notice as to Stock Grazing.

I am advised by the department that 100,000 head of sheep will be allowed to graze on the Black Mesa Forest reserve of Arizona during the season of 1903, from April 1 to December 1, distributed upon the different sheep ranges as follows:

- Range No. 1, 30,000 head.
- Range No. 2, 20,000 head.
- Range No. 3, 30,000 head.
- Range No. 4, 20,000 head.

The closed areas where sheep are not allowed to graze in 1903 will be the same as during the season 1902.

A number of permits were revoked last year for trespassing on the excluded areas and from coming on the reserve with more sheep than allowed in permits, and are denied permits for the coming season.

Thirty thousand head of cattle and horses will be grazed on the Black Mesa reserve during the next year.

Applications will be reserved for

ACKER'S DYSPEPSIA TABLETS

cure dyspepsia and all disorders arising from indigestion. Endorsed by physicians everywhere. Sold by all druggists. No cure, no pay. 25 cents. Trial package free by writing to W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

sheep, cattle and horse grazing from this date.

Sheep grazing applications cannot be acted upon until they are all in and they should be made just as soon as possible, to avoid conflict in range and in numbers. The number allowed in this reserve last year was 150,000; this year it is 100,000, and it is expected that applications will be made with this reduction in view. Blank applications will be forwarded those desiring them on application. Applicant should state whether sheep or cattle and horse application is wanted.

F. S. BREEN,
Forest Supervisor,
Flagstaff, Ariz., Nov. 20, 1902.

to 4. There is no reason whatever on the part of the high school team to feel discouraged as their playing was fine, when their experience in the favorite game is considered. They have the quality and all the essentials for a good team, but need more practice in team work.

After the game a dance was given in honor of the guests from the Duke City. The social feature was a most enjoyable affair, and was celebrated in a manner of which young ladies and gentlemen with a prevailing college spirit are capable.

The game was refereed and umpired by J. O. Miller of the Albuquerque Indian school and Professor Woolton, of the A. and M. college.

Tomorrow morning the young ladies will return from their eventful trip.

THE HEIMBECK CONCERT.

A Musical Treat Hugely Enjoyed Last Night.

The Thanksgiving recital under the direction of Miss Katherine Heimbeck at Colombo hall last evening was a musical event, which pleased the large and appreciative audience. The numbers rendered by the talented musicians were of a nature that won the unstinted praise of the lovers of artistic and attractive music. Beethoven's Rondo, Eminor, Sonata, was presented by a trio, Miss Pratt, Miss Naylor and Prof. Di Mauro, and was received with hearty enthusiasm.

Miss Heimbeck, who has a voice of pleasing quality, sang "Se Saron Rose" by Arditi, as her first number, which greatly enhanced the attentive audience, by her clearness and delicacy of tones. Miss Heimbeck's appearance four times during the evening and each appearance demonstrated the popular soprano's ability. Each number was rendered in an excellent manner.

Edward F. Thomas made a most noticeable impression by his rich basso, which was full of volume. He responded to an enthusiastic reception each time he appeared, and that he was a favorite was plainly manifested.

Prof. Di Mauro, as a master of the violin, occupies a place of high esteem in the hearts of the lovers of the stringed instrument. The tones that came from the violin in the hands of the professor, charmed and inspired, by their sweetness and clearness.

Miss Elizabeth Naylor won for herself a favorite place by her pleasing and faultless qualities as a pianist.

Miss Margaret Jenks sang the "Song of Thanksgiving," which was a most appropriate number and rendered in a pleasing and commendable manner.

The discriminating accompaniment of Miss Pratt and Miss Hanthorn is deserving of special mention.

The hall was well filled and the enthusiastic appreciation of the audience was much in evidence. Following the recital the hall was cleared of the chairs and the remainder of the evening devoted to dancing.

Short Days of Winter.

The shortest days of the year are gradually crawling upon us, and merchants and office working people are necessitated to turn on the electric lights as early as half past four in the afternoon. Though short now, especially the afternoons, daylight will be curtailed still further until the 21st of next month, when after a standstill

of some days it will again begin to lengthen. Pretty nearly all of the northern half of the planet is now turned so far away from the sun that who live in this part of what is by a pleasant fiction called the temperate zone, only get his life giving beams at such an angle that we lost most of its heart giving power as well as of its light, notwithstanding that we are two or three million miles nearer to it than we are in the long, bright and heated days of June. Then it shines down upon us from a position almost vertical, while at present it shines from a point low down in the south.

STILL PROGRESSING.

Roswell Chamber of Commerce Keeps Everlastingly at It—Something Doing All the Time.

Chairman Jerry Simpson presented to the members a novel scheme for advertising the apple crop, at the meeting last Friday night, in Judge Richardson's office, and after discussion the project was heartily endorsed by everyone present, says the Roswell Journal.

A committee was appointed, consisting of Mr. Simpson and C. C. Emerson, to execute the idea as follows: Fifteen boxes of the very largest and finest Roswell apples, specially selected for the occasion, will be packed and shipped to Delegate Rodey, with the request that he place the boxes in the cloak rooms of the senate and house at Washington, from day to day, until the supply is exhausted. Each separate apple will be wrapped in a neat paper of quality, upon which will be printed appropriate reading matter, concerning our community. The Journal office will print the wrappers free of charge, and it has since been learned that the express agent, W. C. Baldwin, is exerting himself to get the fruit transported without cost as advertising matter. The expense of securing the apples will not be great, and John B. Gill has volunteered to pack them in a proper manner for keeping in good condition. In this manner specimens of the Roswell fruit will be placed in the hands of the congressmen and senators, while the advertising matter will be brought before the eyes in a manner to attract attention.

It is believed that the effect of this advertising will be far reaching and lasting. Just at this time New Mexico is a bone of contention in congress and that fact will cause the fruit specimens to receive still greater notice, as coming from the territory about which there is so much contention.

After disposing of the above matter the members present entered into a general discussion of railroad rates. The outstanding committee at work on this subject reported in part only, and asked for more definite instructions as to their exact duties. It was the consensus of opinion that a unanimous kick against the present discriminations in rates against Roswell might possibly have a slight effect upon the Pecos system officials; if they prove adamant, an appeal will be made to the interstate commission.

The prizes for the cake walk are on exhibition at Mandell's clothing store. Go and look at them.

billed to take unto himself a wife. The railroad boys are running the preachers pretty hard lately. Two engineers and three firemen have all met their happy fate within a few weeks.

Fidel Ortiz was a passenger yesterday afternoon on No. 1 for Santa Fe. N. S. Elderkin and wife went up to Park's ranch Wednesday evening to enjoy their Thanksgiving dinner.

L. T. Newlon, who has been visiting with Verne E. Joy, left today for the Grand Canyon and points in California before returning to his home in Danville, Ill. Mr. Newlon has improved greatly since being in this climate.

T. G. Martin was down yesterday from Wagon Mound.

Frank Carpenter came down from Cherry valley yesterday to take in the gun club shoot.

Ashley Pond, of Watrous, ate his turkey here yesterday.

The football game yesterday evening between the Santa Fe Indians and the Normal team here was quite a fair game. The play was rather loose and there was too much wrangling, but the crowd were well entertained. There was quite a good attendance, the boys taking in close to \$150 in receipts with an expense of about \$65.

The score resulted in a tie, with the Indians about thirty yards advanced when time was called, though throughout the game the Normals appeared to better advantage.

Rhodes thirty yard run around the end and Nolan's six yard kick were the features of the game.

No one was seriously hurt, though one of the Indians got a sprained knee and some of the Normal boys got a few bruises.

The Indians deported themselves as gentlemen and put up a good game.

A woman who went by the name of Emma Anderson died last night at the Ladies' Home. She arrived here last Sunday from Santa Rosa and underwent an operation for an affection of the liver, which proved too great an ordeal for her.

Letters were found among her effects which led to a belief that she had a mother living at Kansas City, and though the mother was telegraphed, no word has as yet been received.

The woman, who had been living a fast life, was as yellow as a pumpkin from her disease.

The gun club shoot yesterday was quite an event in local sporting circles. In the live bird shoot S. R. Dearth took first money out of the pot of \$65 and Frank Carpenter, of Cherry Valley, the second. At the trap shoot, jackpots were made and the highest score took the money. The attendance from outside was disappointing. Mr. Carpenter was the only one present.

COMMERCIAL CLUB BUILDING.

WILL COST \$25,000,000.

Project of the Builders of San Diego & Eastern.

George W. Marston, president of the San Diego & Eastern railway, has returned from New York, where he has been for the past month in the interest of the construction of that road from San Diego to Yuma and thence to a continental connection in Arizona. Mr. Marston says:

"Several New York capitalists are actively planning to build this new line. They have a bold object in view. One which will require \$25,000,000. They are therefore moving cautiously. The line proposed will have connections to enable it to get its share of transcontinental business. Several of the roads are building southwestward, and the harbor of San Diego is sought for as a Pacific port."

Cured of Piles After 40 Years.

Mr. C. Haney, of Geneva, Ohio, had the piles for forty years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

DEDICATE NEW SHOPS.

San Bernardino Will Follow Example of Topeka Shopmen.

As a housewarming for the new Santa Fe shops the employees of the company at San Bernardino will give a dance and entertainment the night of November 29. Several of the buildings have already been turned over to the company by the contractors, and it is in one of these that the entertainment will be held. A collection is being taken up to defray the expenses of the affair. Several officials of the Santa Fe will be asked to address the men and their guests. A regular program is being prepared and refreshments will be served. It is said to be the first affair of the kind ever held by the railroad men of the far west, though in other places it is quite the thing when a new shop building is completed.

FRISCO SHOE SHOP.

ROCK ISLAND INVOLVED.

Suit Involving \$150,000 on the Wiggins Ferry Deal.

The trial of the \$150,000 damage suit of Dr. Louis E. Newman, trustee of the estate of his father, the late Socrates Newman, against the Mercantile Trust company and others, growing out of a deal in Wiggins Ferry company stock last spring, was commenced in Judge Fisher's division of the circuit court, says a St. Louis telegram.

The Chicago, Rock Island & Pacific Railway company, John Scullin and Pestus J. Wade are defendants with the Mercantile Trust company. The suit grew out of the contest between the Mercantile Trust company and the Mississippi Valley Trust company to secure a majority of the Wiggins stock.

Dr. Newman entered into an agreement with the Mercantile Trust company to sell 100 shares of Wiggins stock for \$500 a share. The agreement contained a clause that the Mercantile Trust company would not be obliged to accept the stock unless the owners of a majority of the stock agreed to sell by May 5. The Mercantile Trust company, which was acting for the Rock Island company, sent a check for \$50,000 to Dr. Newman April 28. It is stated.

Dr. Newman avers that he accepted the check on the condition that the Mercantile Trust company had fully carried out the agreement and obtained a majority of the stock. He also avers that the Mercantile Trust company had not secured a majority of the stock on May 5.

He tendered the \$50,000 to Mr. Wade, president of the Mercantile Trust company, and demanded the return of the stock. He states that Mr. Wade told him that he had turned the certificates of the stock over to the Rock Island company. Dr. Newman avers that the stock was worth \$1,500 a share.

Attorneys Noble and Shields represent Dr. Newman. The defendants are represented by former Judge Jacob Klein and Attorneys James L. Blair, Clinton Rowell, J. H. Zumbelen and J. S. Laurie.

RAILWAY EARNINGS.

Nearly Two Billion Dollars for Fiscal Year and Over Fifty Millions Greater Than for Previous Twelve Months.

The preliminary report of the interstate commerce commission on the income account of the railways in the United States for the year ending June 30 last, contains returns of railway companies operating 100,000 miles of line, or probably 98 per cent of the total railway mileage of the United States.

The passenger earnings of these roads were \$1,100,000,000 and the freight \$1,200,884,602. Including these and other earnings from operation, gross earnings amounted to \$1,711,754,200, or \$8.10 per mile of line, and operating expenses to \$1,106,137,405, or \$5.645 per mile of line, showing that the net earnings were \$605,616,795, or \$3.091 per mile. The net earnings were \$51,055,421 greater than during the previous year.

The total income of the operating roads of the country, including \$82,

Good Digestion is essential to good health. A dose of the Bitters before meals will insure perfect digestion by stimulating the secretions of the stomach. It will also cure dyspepsia, headache, constipation, biliousness and malaria, fever and Ague. Try it.

714,492 derived from investments and miscellaneous sources, was \$688,331.287. The deductions from income aggregated \$458,459,961. This amount comprised interest on funded debt, rental of leased lines, betterments charged to income, taxes of \$49,426,675, and various minor expenditures. The dividends declared on stocks amounted to \$150,685,959, substantially \$29,834,690 greater than for the previous year. The surplus from the operations of the roads was \$79,185,367. The complete report for the previous year gave a surplus of \$84,764,782.

Miss Alberta Staetson, Minnie Cochran, Hattie Brown, Leslie Keith, Clara Wilson Mattie May Dodson and Hazel Gehring, are the seven little girls who will appear in the Japanese Willow Pattern Plate sextette at Colombo hall December 2.

PAUL MORTON ON RATES.

He Advocates a Raise of 10 Per Cent All Along the Line.

"Railroad freight rates are lower than they ought to be under the new scale of wages and the present cost of supplies and materials which railroads have been obliged to pay owing to the great prosperity of the country," Paul Morton, second vice president of the Santa Fe, made this statement, says a Chicago dispatch, and followed it up by declaring that a campaign was about to be started with a view to raising all freight rates in territory west of Chicago to the Pacific coast. Mr. Morton advocates an advance in freight rates of at least 10 per cent. "Some measure will have to be taken very speedily," declared Mr. Morton, "to readjust all our freight tariffs to meet the demands of the situation. Everything that the railroads need and deal in has been raised in price. The views I have expressed are the views of others also, and we are going to try to do something to readjust our rates."

It is estimated that each of the large railroad systems entering Chicago are handling from 2,000 to 3,000 more freight cars each week than they did at this time last year. The source from which this immense increase in freight comes has not yet been figured out by traffic managers. They have been too busy trying to keep the business moving to enter into a study of the conditions that have produced it. Heavy traffic was expected and railroad managers have been straining every resource to prepare for it, but the realization has been far in excess of anything that had been anticipated.

An attempt has been made to estimate the excess of the present freight traffic of the country over that of a year ago by comparing the number of freight cars in active service now and at the former date. This method is found to be unsatisfactory, as there has been a vast change in the capacity of the cars lately turned out. From the official reports it is shown that there are in use on the railroad lines of the country 1,500,000 freight cars. The increase for the fiscal year closed last June was about 70,000 cars and it is estimated that 80,000 more will be turned out of the shops during the current year.

There has been during the past year and a half an increase of the number of freight cars of slightly over 10 per cent. The number of new cars put into use, however, does not show the increased capacity for handling freight. The size has been increased to such an extent that the capacity of the new cars turned out is estimated to be 30 to 40 per cent greater than that of the old ones.

Little Miss Ethel and Master Frank Scott, aged 3 and 3½ years old, are going to do their best to win the cake at Colombo hall on December 2.

The Davenport Sofas seems to come under the head of a long felt want. It is not a classic in furniture designing, just a great big luxurious, roomy affair, whose sole mission is to do away with that tired feeling. Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease called dyspepsia took such a hold on me that I could scarcely go. I took quantities of pepper and other medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well. GEORGE S. MARSH, Attorney-at-Law, Nocona, Tex.

It can't help but do you good.

The bottle contains 24 times as much (actual measurement) as the trial size which sells for 50c. Prepared by E. C. DeWitt & Co., Chicago. Sold by all dealers.

DeWitt's Which Hazel Salve a soothing, healing application for piles, sores and skin diseases. Beware of counterfeits. J. H. O'RIELLY & CO., AND E. H. BRIGGS & CO.

ARIZONA TOWNS

HOLBROOK.

From the Argus.

F. J. Watron returned from Los Angeles on No. 2.

Industrial Teacher Woolsey, who spent the past two weeks in Idaho, returned to Whiteriver.

Mrs. J. L. Clark and son, Dick, returned from Los Angeles. Dick, whose eyes were treated by a specialist, is much improved.

H. H. Scorse claims to have felt two distinct earthquake shocks last Monday. The movement was from east to west and the exact time was 12:55 p. m. The shock was heavy enough to move tables and swing the lamps. No one else seemed to notice it, but as Harry has experienced several during his many years' residence in Arizona, no one doubts the report. San Francisco papers report a heavy shaking up of islands in the Pacific, and this was undoubtedly a slight shock from the same source.

Worm Destroyer.

White's Cream Vermifuge, not only kills worms, but removes the mucus and slime, in which they build their nests; it brings, and quickly, a healthy condition of the body, where worms cannot exist; 25c at Cosmopolitan Pharmacy, B. Ruppe.

ST. JOHNS.

From the Snips.

The double wedding of Hiram and John Jones to the two beautiful daughters of J. T. Patterson, was celebrated in grand style. Bishop C. P. Anderson performed the ceremony. The evening was devoted to dancing.

The Apache county warrant case was decided last week. The claim involved amounted to about \$21,000. The decision provides that this and Navajo county shall pay about \$1,500 each, net. This is about one-seventh of the claim and is a decided victory for the counties.

We received news of the death of Mrs. Estefania R. Nuanes. She was a sister of Mrs. Hunt, of this city. She also has a son and daughter living here. She lived here formerly and is well known by the entire native population. Her many friends are sympathizing with the bereaved relatives.

Anxious Moments.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons it can be safely given. Alvares Pharmacy.

WINSLOW.

From the Mail.

Father Connelly returned from his visit to Flagstaff.

R. C. Creswell shipped three cars of cattle to Bixley & Patterson, of Ash Fork.

Mr. and Mrs. John Noble will leave in a few days for Phoenix, where they will spend the winter.

Julius Lesser and daughter, Adele, returned from Los Angeles, where they went to have an operation performed on Miss Adele's eyes. The operation proved very successful.

The heavy snow of the last two days reminds the old timers of how it used to be eight or ten years ago. The storm was general throughout the southwest and augurs well for a good supply of water for next spring.

Dr. Brown is enjoying a visit with his wife and daughter, who are returning to their home in California after a short visit in Ohio. Miss Prudence was attacked with pneumonia on the journey and has been confined to the hospital this week. It is hoped she will speedily recover.

W. A. Parr has received an invitation to attend a family reunion to be held the first part of January in Simmi, Ventura county, California. This will be the first family reunion in many years and Mr. Parr will endeavor to attend.

A chorus choir has been organized at the Methodist church and made its first appearance last Sunday evening. It added materially to the vigor of the congregational singing. An anthem rendered by a quartette consisting of Mrs. Hoar, Mrs. Daze, Messrs. Smith and Young, was greatly enjoyed by the audience.

District Attorney Burbage was in Phoenix the first part of the week arranging for the refunding of Navajo county bonds by the territory. The amount involved is about \$38,000. The present rate of interest is about 6 1/2

per cent, but when the territory assumes the responsibility the rate will be reduced to about 5 per cent, a considerable saving and a great convenience to the taxpayers of the county.

Best Liniment on Earth.

I. M. McManey, Greenville, Texas, writes, Nov. 2, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatism, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

FLAGSTAFF.

From the Sun.

Owing to the snow storm the public schools were given a vacation last Thursday and Friday.

F. L. Noble, the Postal telegraph line repairer, was here recently from Ash Fork. The storm was hard on the telegraph lines, going down in many places.

Oswald Rueckwert and M. Harron left for Tonto Basin. They expect to be gone about fifteen days, and they will put in their spare time deer hunting.

Clinton Reed, of the Gospel Mission Union, Kansas City, is here awaiting transportation to Tuba City, where he will do mission work among the Indians on the reservation for the next three months.

W. R. Page came over from Prescott and left the following day for the Grand Canyon. He reports his brother, John H., as being ill with typhoid fever in Mercy hospital in Phoenix, and is slowly improving.

The following pupils of the intermediate department of the Emerson High school were neither tardy nor absent during the last school month: Ruth Baker, Charles Marshall, George Veit, Ella Vail and Paul Aubineau.

Col. James McLaughlin completed the transfers of the lands belonging to the Tuba City settlers and left for Yakima, Washington, where he has business as inspector of the land department that will keep him busy the balance of the year.

From the Gem.

Charles S. Howard is in town, confined to his room with pneumonia.

Wick Thompson and George Black, Jr., killed the largest buck deer last Saturday that has been killed in this vicinity up to date.

John Noble, one of the leading sheep

POOR COMFORT.

Cold Water Drinker Finds a Relief in Postum Coffee.

Our American people, who are nervous and overstrained, would never drink coffee if they knew how well and clear-headed they would be without it.

"When I was a little child," says Miss M. D'Alt, of Topeka, Kan., "I commenced the drinking of coffee. Naturally nervous, it made me as the years went on, a most miserable wretch, always in an unnatural state of excitement. I found, as I grew older, that I would at times stagger as a drunken person. It was coffee, for I had no desire to drink anything in liquors.

My health was very bad and my brother and I were talking of quitting coffee, when I was stricken with typhoid fever. Upon my recovery, my brother wisely allowed me no coffee and said if I wished to be well again, I must stop its use.

"For a number of years, cold water was my only drink, but this was poor comfort until about three years ago a package of Postum Food Coffee was left at our house. We prepared it as directed and found a wholesome, delicious drink; more than this, it has strengthened me without causing those terrible 'after effects' formerly left upon me by coffee.

"I recommend Postum to all my friends and in my varied experience, I find it a safe drink without effect on the nerves and the only one which with me has filled a long felt want."

Many people who have stopped drinking coffee because of its effect on the nerves, will find the pure food drink, Postum, a beverage that when properly made touches the spot, pleases eye and palate and fills the vacancy as no other drink can.

growers of this county, was here from Winslow to pay his taxes for the present year, which amounted to over \$600.

The report has gone abroad that Flagstaff has more marriageable women of uncertain age than any town in Arizona. Thirty-five women over 20 years is not many for a town of the population of Flagstaff.

Beautiful Clear Skies.

Herbine exerts a direct influence on the bowels, liver and kidneys, purifying and strengthening these organs, and maintaining them in a normal condition of health; thus removing a common cause of yellow, mothy, greasy skin, and more or less of pimples, blotches and blackheads. 50c at Cosmopolitan Pharmacy, B. Ruppe.

WILLIAMS.

From the News.

Mrs. Joseph Johnston returned from Phoenix. She reports Mrs. Johnston's mother, whom she was called to see, as being in a slightly improved condition.

A. F. Polson and Mesdames Fanshler and Carney returned from their trip to northern California in quest of timber land. They were successful, as were the rest of the party, some of whom will return later.

Ellery Knowles, of Deadwood, S. D., visited the News office last Saturday. Mr. Knowles has been with a party of surveyors for the past two months, doing government work in this county, and left Saturday night for his home to resume his duties as a clerk in the Deadwood postoffice.

Topographer F. E. Matthes has completed his work at the Grand Canyon, so far as the appropriation made by congress would allow. Messrs. Dough and Dunnington, of the topographic department, spent the first of the week at the canyon and on Tuesday, with Mr. Matthes, left for Prescott. It is understood that the work will be resumed soon and carried as far west as Bassa camp on the canyon.

It is expected that work on the smelter, east of town, will commence within the next two weeks, or as soon as the newly made special machinery arrives from Denver. Messrs. H. I. Nesmith and W. L. George arrived in the city Monday from the east and will proceed to get things in readiness for its installation. The members of the Anita Consolidated Copper company have every faith in the process invented by Mr. George for the economical treatment of their ore in the canyon district and upon the arrival of the new equipment things are very likely to get a bustle on themselves in this immediate section.

A Dangerous Month.

This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night. Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West Fifth St., Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know it is the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

KINGMAN.

From the Miner.

Newt. Hart, the last typhoid fever patient on the sick list at Gold Road, is now rapidly recovering. Good water is now used in the camp and all traces of sickness have disappeared among the miners.

Miss Hall, niece of Mrs. C. W. French and Mrs. Cummings, died at the home of Mrs. French in Kingman last Sunday. The young lady had been ill for several months past and her death was not unexpected. The body was embalmed and shipped to Prescott, where she formerly resided.

The bondsmen of "Farmer" Tobin are just now mightily concerned as to his whereabouts. Two of the heaviest bondsmen desired to turn him in and sent an officer to his former residence only to learn that he had "gone to California to hunt for work." It is possible that this good man has left his bondsmen in the lurch for \$2,500?

Charles Metcalf returned from Los Angeles, California, where he had been making arrangements for the placing of his pumice tufa on the market. He reports that he has arrangements now perfected for the sale of the stone in the city in large quantities. It dresses up beautifully and will be used for ornamentation.

F. W. Lowery, one of the foremost lawyers of Denver, arrived in Kingman the first of the week and has been looking after the litigation in the cause of Moffatt vs the White Hills Mining and Milling company. Executions have been issued and the personal property of the company will be sold the first week in December. Nothing is known as to the disposition of the mining property.

The rain and snow storm this week was the heaviest ever known in this part of the country at this season. The whole country is soaked and snow covers the high altitudes to a considerable depth. On the Wallapai moun-

Ayer's Cherry Pectoral
What would you do the next time you have a hard cold if you couldn't get Ayer's Cherry Pectoral? Better think this over.

tain, at the old Wheeler cabin, snow is eighteen inches deep. Telephone lines have been interfered with all over town and it will take a day or two to get them connected up again.

One Minute Cough Cure is the only harmless cough cure that gives quick relief. Cures coughs, colds, croup, bronchitis, whooping cough, pneumonia, asthma, la grippe, and all throat, chest and lung troubles. I got soaked by rain, says Gertrude E. Finner, Muncie, Ind., and contracted a severe cold and cough. I failed rapidly; lost 48 lbs. My druggist recommended One Minute Cough Cure. The first bottle brought relief; several cured me. I am back to my old weight, 148 lbs. One Minute Cough Cure cuts the phlegm, relieves the cough at once, draws out inflammation, cures croup. An ideal remedy for children. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Let us figure on your plumbing.—Albuquerque Hardware company.

Ed Corcoran and Alberta Stactson are going to be in the monster cake walk, so will Hattie Brown and Mattie Dodson, Hazel Gehring and Lessee Keith, and Clara Wilson and Ed Gehring.

Before buying your boy a new winter overcoat, you should see our line. We have just received all the latest styles. The long military, double breasted coat is very popular for boys from 4 to 8; \$5.50 up.—Simon Stern, Railroad Avenue Clothier.

If you want to avoid the penalty, pay your taxes before December 1.

Home Made Mince Meat.

The Farr meat market is the place to purchase first class home made mince meat. Will sell from one pound to a ton. It is first class—try some.

Home made bread, cakes and pies at Mrs. Ackers, 501 Keleher avenue.

Fresh Cut Flowers. IVES, THE FLORIST.

Mrs. Bambini, at her parlors, No. 295 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dressing, treat corns, bunions and ingrowing nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparations of complexion cream builds up the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and a pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Automatic telephone 490.

Gents' suits cleaned and pressed \$1 up. S. Knopf, 107 North First street.

Plumbing.

We have added a plumbing department and tin shop to our business. When you have anything in this line to be done see us about it before placing your order.—Albuquerque Hardware company.

Railroad Topics

A heavy boulder in the side of the canyon below Kingman was loosened by the heavy rains of the past few days and slipped out so far that it caught the steps of the coaches on the west bound passenger train the other night, ripping off a number and tearing up the side of the cars to some extent. The rock cuts through which the railroad passes are much too narrow and the slipping out of one of the large boulders would cause a terrible wreck. In the cut below Kingman the rocks appear to be very loose and there is danger of some of the large ones rolling out onto the track. The trains obtain a high rate of speed through this canyon and the destruction that the wrecking of a passenger train would cause can be imagined.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

The latest plans of the Frisco show that the Denver, El Paso & Gulf line, being completed from El Paso to Guthrie, will be extended immediately to Coalgate, 1, 1, 125 miles. The line is also being surveyed westward 150 miles. The plans also show the Arkansas & Choctaw, recently purchased by the Frisco, will be extended from Ardmore to Waurike, sixty miles, thence west to Vernon, Texas.

Builds up the system; puts pure, rich blood in the veins; makes men and women strong and healthy. Burdock Blood Bitters. At any drug store.

The board of directors of the Pennsylvania Railroad company, at its meeting, created the office of general counsel and appointed General Solicitor George C. Massey, of Delaware, to the position. Francis I. Gowen, formerly president of the Choctaw railroad, was appointed general solicitor to succeed Mr. Massey.

"I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

The net receipts of one hundred American railroads during the first eight months of 1902 exceed those of the same period in 1901 by \$8,500,000, and \$55,000,000 more than in 1899. Their prosperity is unexampled in the history of railroading.

"Cure the cough and save the life." Dr. Wood's Norway Pine Syrup cures coughs and colds, down to the very verge of consumption.

Assistant Foreman William Dunn had a narrow escape from death in the Winslow round house the other afternoon. One of the jacks which are kept above the smokestacks of the engines in the round house had been broken and Mr. Dunn, with some assistants, was making the repairs. The jack swung around and hit Mr. Dunn a terrific blow in the head, knocking him senseless. The first thought of those near by was that he had been killed.

but he soon regained consciousness. Dr. Brown was called and on arriving found that he was not seriously hurt, though there was a bad bruise on one cheek. It is expected that Mr. Dunn will soon be able to resume his duties.

Physicians Prescribe It.

Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles as this great medicine. Alvarado Pharmacy.

General Manager E. E. Calvin, of the Oregon Short Line railroad, announced that December 1 the wages of all switchmen and yard foremen in the employ of the road would be advanced approximately 10 per cent. This will make the wages conform with the new Chicago wage scale. The advance is voluntary on the part of the road. Several hundred men are benefited by the increase.

Foley's Honey and Tar always stops the cough and heals the lungs. Refuse substitutes. Alvarado Pharmacy.

General Manager H. U. Mudge has been invited to lead the grand march at the ball which will be given to open the new Santa Fe shops of San Bernardino, Cal., on November 29. The ball will be much after the plan of that given at the Santa Fe shops in Topeka at their dedication. The shops at San Bernardino have just been completed at a cost of over \$100,000.

Acker's Blood Elixer positively cures chronic blood poisoning and all scrofulous affections. At all times a matchless system tonic purifier. Money refunded if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

There was a meeting of the citizens' committee appointed to raise money for the union depot, in the chamber of commerce, El Paso. The city has so far raised \$14,000, and has the promise of \$30,000, including \$12,000 from the railroad companies. Four thousand more will be raised.

Startling, But True.

"If every one knew what a grand medicine Dr. King's New Life Pills is," writes D. H. Turner, Dempsytown, Pa., "you'd sell all you have in a day. Two weeks' use has made a new man of me." Infallible for constipation, stomach and liver troubles. 25c at all drug stores.

Two hundred and fifty teams are at work on the Phoenix & Eastern railroad grade, and the contractors will increase the forces as fast as they can find men and teams. The Lantry grading outfit, now finishing up the grade on the Fairbanks & Tombstone railroad, will be moved to Benson, to work from that point on the Phoenix & Eastern grade. It is also expected that a grading camp will be established at Butte, twelve miles from Florence, to begin on the heavy rock work that will have to be done in the Butte canyon.

THE SALT LAKE ROAD.

Work on New Line in West is Being Hastened.

Senator Thomas Kearns, of Utah, and Richard C. Kerns, of St. Louis, have held a conference at Chicago on matters connected with the San Pedro, Los Angeles & Salt Lake railroad. They said that all the contests and the legal obstacles over the right of way had been disposed of and that the road would be completed as rapidly as men and money could do the work.

"We have completed 112 miles in southern California," said Mr. Kearns, "and construction is progressing on the remaining 350 miles from Salt Lake. That part of the road now built connects with the Santa Fe at Redlands, Cal., and our trains will run over the Santa Fe track to a point in Arizona, where we will have another junction for the line from the north."

"In Utah the arrangements are to acquire by purchase what is known as the Oregon Short Line, and thus get an independent entrance to Salt Lake City. It is understood by all the parties interested that no parallel lines shall be constructed in that region."

Both Senator Kearns and Mr. Kerns declared that the new harbor and terminals at San Pedro would be as fine as any on this continent.

W. A. Herren of Pines, Ark., writes, "I wish to report that Foley's Kidney Cure has cured a terrible case of kidney and bladder trouble that two doctors had given up." Alvarado Pharmacy.

The Southern Railway has put on a "flyer" between New York and New Orleans that is startling the travelers of the southwest. It makes the run of 1,374 miles, leaving New York at 2:30 o'clock in the morning and reaches New Orleans, connecting with the Southern Pacific Sunset Limited for Los Angeles at 11:50 o'clock the next morning. The first run by this train was made in fifteen minutes less than schedule time.

A Violent Attack of Croup Cured.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by all druggists.

A meeting of the board of directors of the Eastern Railroad company of New Mexico was held at the office of Judge H. L. Waldo in Las Vegas Wednesday, at which important transactions were considered. The local directors of the company are Judge H. L. Waldo, Col. R. E. Twitchell and Charles A. Spiess.

A Thanksgiving Dinner.

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, exposes the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach. J. H. O'Reilly & Co.; B. H. Briggs & Co.

T. Booth, who has had charge of the Santa Fe shops at El Paso for the past fifteen years as master mechanic, has been promoted to the position of mechanical engineer on the Pecos Valley system, with headquarters at Amarillo, Texas. Mr. Booth left to assume his new duties.

Asleep Amid Flames.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death reared. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death and doctor's bills. A teaspoonful stops a late cough, persistent use and most stubborn. Harmless and nice tasting, its guaranteed to satisfy by all druggists. Price 50c and \$1.00. Trial bottles free.

HURT IN WRECK.

Trinidad Citizen and Conductor injured by Jumping From Train Off Track.

A wreck on the Gray Creek coal branch on the Colorado & Southern near Trinidad, resulted in two men being injured, and the ditching and almost total destruction of eight loaded coal cars and a caboose. The train jumped the track. Conductor Stone and J. M. Cochran, of Trinidad, who was returning home from Gray Creek, were in the caboose. Both jumped.

Stone fell nearly fifty feet and struck on his head, but was soon able to care for himself. Cochran was caught under the wreck and was dragged for some distance and rendered unconscious for an hour. He was later brought to his home in Trinidad. Physicians say he will be confined to his bed for several weeks.

A Liberal Offer.

The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to any one wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. All druggists.

Cottages 6 and 7 on the south side of the railroad track at Winslow have been thrown together and remodeled throughout. When the repairs are completed the cottage will be occupied by W. J. Francis, the company storekeeper at that place. It is stated that the railroad company intends to make single cottages of all the houses in that row.

The Best Remedy for Diarrhoea.

"Some years ago, while at Martinsburg, W. V., I was taken with cholera morbus, which was followed by diarrhoea. The doctor's medicine did me no good. I was advised to get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I did, and it cured me sound and well. G. A. Morris, Embreeville, Pa. Sold by all druggists.

Thursday morning Jesse Irwin and W. C. Phillips, of Winslow, were sent to the general hospital in Los Angeles, suffering from injured eyes. Adelbert Carter was sent to the hospital last Saturday with a similar injury. The men were members of different train crews and each had been struck in the eye by hot cinders from engines, causing severe inflammation.

Boys' and Youths' Overcoats.

Just received, a handsome assortment of boys' and youths' overcoats, comprising all the latest styles, from the long, loose coats so very popular, to the short reefer. All qualities and every price.—Simon Stern, the Railroad Avenue Clothier.

A new attractive depot is to be built at Adamana for the accommodation of the tourists who stop over to visit the Petrified Forest. A steel tank is also being erected at that point.

The Santa Fe is to start a new city at West Yard near Gallup, said "city" to consist of a tool house and bunk house which are now being built.

A Policeman's Testimony.

J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Alvarado Pharmacy.

A number of men have been examined lately by Dr. Brown, the company surgeon at Winslow, for various positions in the railroad service.

Brakeman Carl Reed has changed his run which was formerly from Winslow to Needles, to the eastern division between Albuquerque and Winslow.

Cut this out and take it to any druggist and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size 25c per box.

The Southern Pacific has bought the Shreveport & Red River Valley railway, a valuable road between Shreveport and Alexandria with a branch line to Manouira.

If you are bilious and seeking advice.

Take DelWitt's Little Early Risers. Just before going to bed. You will find on the morrow, You are rid of your sorrow—That's all; just enough said. These famous pills do not gripe, but move the bowels gently and easily, cleansing the liver. Their tonic effect gives strength to the glands, preventing a return of the disorder. J. H. O'Reilly & Co.; B. H. Briggs & Co.

William Schuttenheim, timekeeper at the master mechanic's office at Raton, has returned to that town with his bride.

There is no cough medicine so popular as Foley's Honey and Tar. It contains no opiates or poisons and never fails to cure. Alvarado Pharmacy.

Several railroad companies have entered into a combine to suppress train robbers. There are many different effective ways of suppressing them, but only one way to catch them, and no one seems to know the method.

SANTA FE CUT OFF.

May Build Only Half—Rumor of a Big Traffic Deal with Rock Island.

The report of an important Santa Fe-Rock Island deal comes from Las Vegas, N. M., and is believed to have originated with the Las Vegas backers of the Eastern Railway of New Mexico, the corporate name of the proposed Santa Fe cut off.

It is stated that the cut off will be constructed only from Rio Puerco eastward to the point where it crosses the Rock Island tracks, which is a short distance north of Pinos Wells. When this portion of the track is completed, the Santa Fe and Rock Island will enter into a traffic agreement by which Rock Island trains for Los Angeles and San Francisco will be sent over the Santa Fe tracks to the coast, while Santa Fe trains will go over the Rock Island tracks as far as Pinos Wells, N. M.

It is claimed in substantiation of this report that the Santa Fe has entered into important contracts for material for the track west of Pinos Wells, but has apparently made no preparations to build its line by which it was proposed to connect up with the Pecos Valley system.

The report that the Rock Island is planning to build a line west from Tucumcari to connect with the Santa Fe is denied. It is claimed that the above described plan has been devised to take its place.

The advantages of the proposed Santa Fe-Rock Island deal would be as follows:

Both lines would secure a shorter route to the Pacific coast than they now have. It would probably be the shortest possible route to Los Angeles. The Santa Fe would secure a much shorter route to El Paso and southern points.

The Rock Island would greatly cut down its mileage to the coast points, gaining more in this respect over present conditions than the Santa Fe would.

Each line would have exactly the same mileage to the coast, which would prevent the danger of speed wars and rate slashing.

Just how much of the Rock Island line would be included in the deal can not be stated. It is likely that the Santa Fe trains would leave the Santa Fe tracks at Hutchinson, and travel the 300 miles between there and Pinos Wells on Rock Island tracks. Some claim, however, that the Santa Fe main line as far as coast traffic is concerned would remain as at present, and that only the El Paso business would be sent over the Rock Island tracks. In confirmation of this theory they point to the fact that the Santa Fe is making costly improvements and double tracking on its main line, which indicates that there is no intention of abandoning it as a main line.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I can recommend it with the utmost confidence. It has done good work for me and will do the same for others. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64 Thirty-seventh St., Wheeling, W. Va. For sale by all druggists.

David Jones, master mechanic on the Pike's Peak Cog road, arrived in Raton to visit old time acquaintances. Mr. Jones learned his trade in the shops at that place.

He Could Hardly Get Up.

P. H. Duffy of Ashley, Ill., writes, "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." Alvarado Pharmacy.

GOULD A DIRECTOR.

Of Stillwell's Road—An Outlet for Missouri Pacific to Pacific Coast.

At a meeting of the executive committee of the Kansas City, Mexico & Orient Railway company, Warren G. Purdy, formerly president of the Chicago, Rock Island & Pacific railway, and George J. Gould were elected directors of the Kansas City, Mexico & Orient railway. The election was in accordance with instructions received from A. E. Stillwell, president of the road, who is now in New York city. George J. Gould is president of the Missouri Pacific railway, and vice president of the Kansas City Southern, being president or vice president of all the lines of the Gould system in the west and southwest.

It was announced last week that a traffic alliance had been made between

CONSUMPTION

the most dreaded and deadly of all diseases, as well as pneumonia, and all lung troubles are relieved at once and cured by Ackers English Remedy "the king of all cough cures." Cures coughs and colds in a day 25 cents. Your money back if unsatisfied. Write for free sample. W. H. Hooker & Co., Buffalo N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

the Missouri Pacific and the Orient road. The Stillwell line will give the Missouri Pacific and the other Gould lines an outlet to the Pacific coast.

Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

United Verde to Start Up.

It may be authoritatively stated that the long silence that has prevailed at Jerome is about to come to an end, says the Journal Miner, and inside of a month work is again to be resumed on that magnificent property.

While the entire plant is not to be operated to the extent it has been in the number of men employed, however, there will be several hundred on the payroll. Two furnaces will be blown in, it is said, and new machinery has been added to facilitate both reduction and mining facilities.

This news should be welcome tidings not alone to the community it directly affects, but likewise to the mining industry at large of the county and that immediate vicinity.

Luck in Thirteen.

By sending 13 miles Wm. Spirey, of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible Fever Sore on his leg. Nothing else could. Positively cures Bruises, Felons, Ulcers, Eruptions, Boils, Burns, Corns and Piles. Only 25c. Guaranteed by all druggists.

A little daughter of Conductor T. J. Murphey and wife, of Raton, died last Thursday of pneumonia.

You must not fail to see the two little Switzer children, aged 3 and 6 respectively, in the prize cake walk.

PROPOSALS FOR BIDS, NEW MEXICO PENITENTIARY.

Santa Fe, N. M., Nov. 22, 1902. Sealed proposals will be received by the board of New Mexico penitentiary commissioners, at the office of the superintendent until 10 o'clock a. m., Monday the 8th day of December, 1902, for the furnishing and delivery at the New Mexico penitentiary, of supplies hereinafter mentioned, or so much thereof as said board may deem sufficient.

Payment for said supplies will be made in cash. Delivery of all supplies except perishable articles must be made within sixty days after date of award; to commence at such time as the superintendent designates. The delivery of beef to begin on January 1, 1903.

Samples will be required of all articles marked with an asterisk, and these should be labeled showing name of bidder, price, etc., and must be delivered to the superintendent not later than 9 o'clock on said day. All bids must be made strictly in accordance with conditions on blank proposals, which will be furnished by the superintendent on application; bids otherwise made will not be entertained.

A bond will be required from all successful bidders, within ten days after date of award, for the faithful fulfillment of contracts.

60,000 pounds fresh beef, prime quality, necks and shanks excluded.
*5,000 pounds bran.
*50 cases laundry soap.
*3,000 pounds hominy.
*10,000 pounds beans.
20 cases roasted coffee.
10 cases tomatoes, standard quality.

*6,000 pounds granulated sugar.
*1,000 pounds rice.
100 pounds K. C. baking powder.
*100 pounds black pepper, whole.
1 dozen standard pints vanilla extract.

*10 cases canned corn.
*150 pounds laundry starch.
*300 pounds salsoda.
*150 pounds macaroni.
*50,000 pounds flour.
*50 pounds tea.
1,000 pounds D. S. Bacon.

The board of penitentiary commissioners reserves the right to reject any and all bids. In submitting bids for above supplies bidders should write plainly on envelope the following: "Bids for supplies for New Mexico Penitentiary," with name or names of bidders, to avoid the opening of same by mistake. Samples may be sent separately, duly marked and numbered, to the superintendent.

By order of the board of penitentiary commissioners.

H. O. BURSUM,
Superintendent.

LOCAL HAPPENINGS.

George Hofheins has returned to Bland, after a stay of a few months in Santa Fe.

Col. R. E. Twitchell passed through the city last night, en route to Silver City on legal business.

James Davis, wife and family, of Los Angeles, are visiting his sister, Mrs. E. D. Fluke, for a few days.

Mrs. W. H. Barney, wife of Conductor Barney, after a brief sojourn at Colorado Springs, Colo., has returned home.

Miss Annie Fisher, who has been visiting Mr. and Mrs. J. S. Beaven, since the fair, returned to her home at La Junta last night.

The cake for the cake walk of the Juvenile Minstrels is on exhibition at Simon Stern's, and the medals are at M. Mandell's store.

P. J. Towner, the Colorado live stock inspector for northern New Mexico, is in the territorial metropolis around among local stock owners and buyers.

Mrs. Allen G. Kennedy is here on a visit to Mrs. T. J. McLaughlin and Mrs. J. E. Saint. The lady is the wife of the chief engineer of the Santa Fe Central railroad.

Mrs. Maynard Gursul arrived last night from Pueblo, Colo. The lady is the wife of the local manager of the Albuquerque Gas, Electric Light and Power company.

The Eagles held a lively meeting last evening and initiated United States Marshal C. M. Foraker, Frank M. Jones and A. D. McDonald. The meeting closed with a fine lunch.

J. E. Saint, in charge of the commissary department of the Santa Fe Central at Torrance, came in from the north yesterday morning to enjoy the Thanksgiving with his family. Mr. Saint is still here.

Hon. J. M. Sandoval and family arrived home yesterday morning from their visit to California, and they report having had a fine time. The sons were left in California, and will attend school at Santa Clara.

George S. Cray and wife, former residents of Albuquerque, but now of Los Angeles, came in from the west this morning, and are around among old time friends. They will return west to Los Angeles tomorrow night.

Mr. and Mrs. T. K. Lawers, of 104 East Lead avenue, entertained a number of friends at a Thanksgiving dinner. The table was decorated with carnations and ferns. Mr. and Mrs. Lawers are jovial entertainers.

Miss Ada Philbrick's kindergarten school is growing. She has so many little tots under her personal supervision that she now has two sessions daily—in the morning and afternoon. Miss Philbrick is one of the best kindergarten teachers in the southwest.

Miss Candace Philbrick, of Omaha, Neb., who was here on a visit to her sister, Miss Ada Philbrick, left the other day for the west. Before returning to Omaha the young lady will visit the Grand Canyon of Arizona, all the resorts of southern California and the principal cities on the Pacific coast.

The milk inspection ordinance which required considerable work on the part of the city council, is not dead now that it has passed in a complete form. A number of placards bearing the ordinance in large black type have been ordered printed, as a reminder to the milkmen. These will be handed to every milkman in the city, so that he may become familiar with all its provisions. Mayor Myers will probably name the new officer at the council meeting Monday night.

Capt. A. B. Fitch, of Magdalena, and C. T. Brown, of Socorro, the well known mining expert, were in Albuquerque yesterday, returning from a trip to Joplin, Mo. The methods of metal reduction and separation employed in the hundreds of plants of the Missouri zinc fields were investigated while at Joplin, with a view of ascertaining their probable use in the operating of the Graphic and adjoining mining properties owned by Captain Fitch and associates.

Thanksgiving night was turned into a festival of gay and brilliant colors by the richly masked dancers at the Odd Fellows' hall last night. The ball was given by Mrs. Rose Berry and was a grand success. The dancers were cleverly masked, a greater variety of humorous characters could not have been represented. The beautiful music furnished by Mrs. Berry and Mr. Devine inspired in the merry makers a feeling of joy and merriment. There was no lack of the festive spirit which was in evidence until the day of thankfulness had passed, leaving a vivid remembrance of the pleasant event.

A most enjoyable Thanksgiving event took place at the pleasant home of Hon. and Mrs. W. B. Childers on West Railroad avenue. The social gathering was given in honor of Mr. and Mrs. W. B. Childers' nieces, Misses Suttle and Childers, of Tennessee. The evening was spent in that interesting and fascinating game of progressive euchre. The first prize awarded to the most successful lady was won by Miss Anita Otero, of Santa Fe. Miss Bettie Willey carried off second honors. Dr. Alger was awarded the first prize for the gentlemen. A delicious lunch was served after the entertaining feature of the evening.

W. W. Arnold, one of the proprietors of the Silver State Cigar company, of Denver, was here yesterday and several friends made his sojourn in the territorial metropolis very pleasant. Mr. Arnold returned south last night.

A. B. McGaffey, the manager of the Hyde Exploring Expedition, will leave tonight for Mexico. He will go as far

south as Mexico City, purchasing Aztec and Indian curios for the expedition's big stores here and in the east.

The district court this morning tried the case of Wm. A. Hathaway vs. G. Goodman, for obligation incurred in insurance matters, and the court rendered a verdict for plaintiff in the sum of \$200 and interest.

The court also rendered judgment in favor of the plaintiff in the case of F. L. Pearce against the Albright property on North Third street for amount of improvements placed upon the property.

Crooked Postmasters Sentenced.

C. L. Doran, the postoffice inspector for this district, and W. T. Sullivan, superintendent of the Denver district, are in the city, arriving yesterday from attending the district court at Socorro. Demetrio Perea, former postmaster at Lincoln, plead guilty to embezzling \$1,638. He was fined that amount and was also sentenced to two years and two days in the penitentiary at Santa Fe. Bert Rowland, former postmaster at Capitan, plead guilty to embezzling \$152. He was sentenced to the penitentiary for six months and to pay a fine of \$152.

St. Louis Boodler.

St. Louis, Mo., Nov. 28.—A New York dispatch says that Charles F. Kelley, formerly speaker of the house of representatives, who was connected with bribery in street railroad matter, and who went to Europe when indictments were secured, arrived from Europe today on his way to St. Louis. He may be arrested before he arrives here, although he says that he will return without.

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both 'phones.
