A FATAL RIOT AT HAVANA

Trying to Compromise the Anthracite Coal Strike Troubles.

TRYING TO RELEASE BANKER ANDREWS

New York, Nov. 24.—A circular purporting to be issued by George J. Gould and concerning the fight for the company, appeared in Wall street today. At the office of George J. Gould word was sent out, in response to an inquiry about the circular, that Mr. Gould did not want to say anything either about its authenticity or supplementary to it.

The circular is addressed to the stockholders of the Colorado Fuel and Iron company and says:

"During a recent absence from the city, I ascertained that my name had been used in a certain circular dated November 10, requesting your proxies. This call was made without my knowledge, consent or authority, neither the circular letter nor form of proxy therewith enclosed having been submitted to me. On my return to the city, I promptly disavowed all responsibility for such call and proxies. I, therefore, request that all proxies bearing my name and executed in response to such circular, be revoked.

"As, however, I own and control a substantial interest in your company, I invite your co-operation at the coming election of directors and enclose a form of proxy, by signing which you will revoke any former proxy signed by you and will entrust the representation of your interests to my associates and myself, on the assurance that your proxy will be used for the election of directors who will conduct the business of your company with the sole purpose of protecting the interests of its stockholders."

Accompanying this circular is a proxy made out to George J. Gould, George P. Butler and John H. Clement. In view of the foregoing circular the following has been issued to stockholders of the Colorado Fuel and Iron company by Edwin Hawley and E. H. Harriman:

"In view of a misunderstanding as to Mr. Gould's desire to join in the request heretofore made for proxies covering stock of the Colorado Fuel and Iron company, the undersigned will esteem it a favor if you will kindly execute the enclosed form of proxy in accordance with directions printed thereon, and enclose same to them in the enclosed address envelope, for use, (in lieu of the proxy previously signed by you) as a substitute at the annual meeting of the stockholders of the Colorado Fuel and Iron company, to be held at Denver, Colo., December 10, 1902, or as otherwise provided in said proxy."

The proxy accompanying this circular carries the names of Edwin Hawley and E. H. Harriman.

Riot at Havana.

Havana, Nov. 24.—Police Captain Maso and two officers were wounded and two strikers were killed during a demonstration today in front of the palace. In addition two policemen and several strikers were wounded.

TRYING TO COMPROMISE

Differences Between Anthracite Operators and Strikers May Be Settled.

Scranton, Pa., Nov. 24.—No definite action was taken today with regard to the proposed private settlement of differences existing between the mine workers and employers.

All the attorneys for the coal companies have gone to their respective homes for the purpose of consulting with head officials of the concerns they represent and no conferences will be held until they return clothed with power to negotiate a settlement.

Much interest is manifested in the position of the independent companies, a committee from which will hold a conference with the presidents of the coal roads in New York tomorrow. They want to know what concession will be made to them by the coal carrying roads before they consent to an increase of wages.

Trying to Release Andrews.

Detroit, Mich., Nov. 24.—Argument on application for a new trial for Frank C. Andrews, former vice president of the wrecked City Savings bank, were begun today before Judge Murphy in the recorder's court. The application is based on several affidavits that Juror Bock was prejudiced against Andrews when he was sworn in as a juror in the case.

Death of Texas Promoter.

Dallas, Texas, Nov. 24.—News is received here of the death of J. C. Loving, secretary of the Texas association at Fort Worth, after a long illness.

Consul for Arizona.

Washington, Nov. 24.—The president has appointed Albert Morawetz, of Arizona, to be consul at Nogales, Mexico, vice James F. Darrell, of Kentucky.

Buried at Arlington.

Houston, Texas, Nov. 24.—The remains of Capt. J. D. McBlain, of the United States army have been sent to Washington, where they will be interred in Arlington cemetery. Captain McBlain was the first officer to obtain a commission under the act of congress permitting enlisted men to apply for examination.

A Fine Edition.

The Citizen has received a copy of the souvenir edition of the Shelbyville, Ky., Sentinel. It contains thirty-eight pages, with handsome cover, printed on an excellent quality of book print, and every page is profusely illustrated with fine half tone cuts, together with short sketches, and is artistically arranged as to general make up. The edition is by all odds the most progressive-like, showing in a marked degree prosperity that this office has ever received. C. M. Lewis is the editor, and Harry McCleight, brother of the junior member of The Citizen, is the young man who handles the mechanical end of the institution.

ROBBERS AT SAN MARCIAL.

The General Store of H. Bonem & Co. Burglarized.

City Marshal McMillin is in receipt of information that the general store of H. Bonem & Co., at San Marcial, was burglarized sometime between midnight Saturday night and Sunday morning, and requested him to keep a sharp lookout for suspicious characters. It is understood that the robbers entered the store from a rear window, and took a large quantity of the very best clothing and merchandise. In the safe there was considerable money, but the robbers did not touch the safe.

LOCAL PARAGRAPHS.

Hon. W. B. Childers, who was at Denver as attorney for the Grant estate enterprises, has returned to the city.

H. J. Ramer, the big stock raiser, who is interested in a well paying business here, is on a visit to the metropolis from his ranches up north.

Half a dozen cattle raisers and shippers, from the southern ranges, are in the city, and Charles Chadwick and David Farr are showing the visitors courtesies.

F. E. Robinson, the electrician, left this morning for Cuba, in the Nacimientos country, where he will enter the employ of Hon. E. A. Miera, at the latter's flour mill.

The Retail Merchants' association will hold a meeting of special importance this evening at 7:30 at Zeiger's Cafe. Every merchant in the city is requested to attend.

R. E. Leatherman and George Kasean, deputy United States marshals, left last night for Socorro, where Judge McMillan opened court for that district this morning.

A. A. Keen, the territorial land commissioner, is still in the city and probably will remain for a few days, eating his Thanksgiving meal at home, before returning to Santa Fe.

Messrs. Buck and Becker, interested in the early publication of the Buck business gazetteer, are in the city, after an exhaustive canvass of the San Juan district of this territory.

R. D. Gerard and O. C. McEwen, two well known and popular citizens of Farmington, came in from the west last Saturday, and are interviewing local wholesale merchants today.

Three postoffice inspectors were in the city last night, namely: W. T. Sullivan, A. P. Smithers and C. L. Doran. They are keeping a careful watch on some of Uncle Sam's crooked postmasters.

At the Lead avenue Methodist church last night, Rev. A. P. Morrison, the superintendent of English missions of the Methodist church, delivered an excellent address on "Echoes of the Cleveland Missionary Convention."

The Citizen learns today that Dr. J. S. Easterday, who has been dangerously ill the past few weeks with typhoid fever, is improving nicely, gaining strength daily, and it is hoped he will be out and among his many friends and patients in a very short time.

Dr. Wittwer, of Los Lunas, telephoned The Citizen that in a little railroad mix up at that place last night two men were injured, being quite badly bruised about the legs. Neither will be permanently injured, however. The doctor is looking after them.

STRIKE AT HAVANA

Street Car Service in the City Suspended.

HURRICANE IN SOUTH AMERICA

Catholics of Maryland Holding College Golden Jubilee

GRAND OPERA IN NEW YORK CITY

Havana, Nov. 24.—The strike here became general today. The conductors and motormen continued running their cars until 10 o'clock, when Superintendent Greenwood ordered suspension of traffic. He asked the civil governor for protection, but the authorities are unable to protect the cars. Several of them were wrecked and some motormen and conductors injured. The men were willing to remain at work, but the officials of the company, in order to protect the property, deemed it wise to suspend the services. The situation is grave. The police will not make arrests owing to pronounced sympathy of the mayor and other city officials with the strikers. A mob of strikers drove the employees of the Western railroad from the trains this morning. No bread or meat is on sale and a continuance of the strike will cause much suffering to the poor.

Severe Hurricane.

Buenos Ayres, Nov. 24.—A hurricane has swept over San Urbano, province of Santa Fe. Hundreds of houses are destroyed and five persons killed, a number injured and railroad and telegraphic communication interrupted.

Jubilee of Loyola College.

Baltimore, Md., Nov. 24.—Prominent Roman Catholic churchmen and educators from several parts of the country are here to take part in the golden jubilee celebration of Loyola college. The celebration commenced today with a solemn requiem mass for deceased alumni, the celebrant being Rev. John F. Quirk, S. J., rector of the college. The program covers the greater part of the week. Commemorative addresses will be delivered by men of note and on Thursday Cardinal Gibbons will celebrate pontifical high mass.

GRAND OPERA.

Opening of the Opera Season in the Metropolis.

New York, Nov. 24.—The wealth, fashion, beauty, and musical culture of New York will be at the Metropolitan opera house tonight for the opening of the greatest operatic season in the history of that temple of song. The excitement and glittering social pageant of last week's horse show has intensified the interest of society in the opera and the dress parade of the opening night will be the most brilliant of nights. The season will extend over a dozen weeks. All the standard operas of the great masters of music will be presented. The performances will be given in Italian, French and German to satisfy the most exacting cosmopolitan taste. Instead of the customary "Faust" the piece selected for the opening performance is "Otello," with Eames, Homer, Alvarez and Scott.

RAILWAY COMMITTEES.

They Will Get Together Tomorrow Morning at 10 O'Clock.

Owing to certain delays the appointed railroad committees on the Albuquerque Eastern Railway company failed to get together this morning, per agreement, but will undoubtedly be out among the people tomorrow morning. The preamble, with the proposition, has been printed, and is now in the hands of the respective committee chairmen. Let the members be prompt in meeting tomorrow morning at 10 o'clock.

The property owners' committee will meet at The Citizen office, while the merchants' committee will get together per request of its chairman, M. P. Stamm. The non-resident property owners' committee will be busy this evening mailing out letters and copies of the preamble and proposition.

HAYNES-ARMJO.

Dr. John Roger Haynes and Miss Juanita Armijo Married.

Pursuant to previous announcement, Dr. John Roger Haynes, of Park View, Rio Arriba county, and Miss Juanita Armijo were united in the holy bonds of wedlock last Saturday night, the ceremony being performed at the home of the bride's parents, Col. and Mrs. Perfecto Armijo, about four miles

up the valley. Quite a large crowd of the immediate relatives and friends of the couple were present, who, after the ceremony and congratulations, partook of a fine wedding supper. The doctor and bride came to town yesterday and stopped at Sturges' European. In a few days, they will leave for Park View, where they will reside in the future.

En Route to Mexico.

T. Evans, mining engineer, with the Green Consolidated Copper company at La Cananea, Mexico, stopped over in the city for a short time yesterday on his way to the mining camp, after a brief trip to Denver.

The reported recent murders of the American mining engineer in the Yaqui country of Sonora was news to Mr. Evans. He stated that the affairs of the Yaqui Indians were better known to the outside world than to the people in Cananea.

A great many stories with a sensational bearing are sent out from the towns along the border. The reports are mostly exaggerated and without any trace of truth.

The Mexican government have made it a point to keep the Indians away from the settlements and to concentrate them as far as possible.

New Pennsylvania Service.

Columbus, Ohio, Nov. 24.—The Pennsylvania Railroad company has completed arrangements for the inauguration, tomorrow, of the new passenger train service between this city and Toledo, via the Columbus, Sandusky & Hocking road.

TRADES' COUNCIL.

Was Perfected at Meeting of Delegates Yesterday Afternoon.

OFFICERS ELECTED.

A permanent organization of the trades assembly was effected yesterday in Albuquerque at a meeting in Knights of Pythias hall, at which representatives of every union in the city were present.

The organization of the central labor union has been a subject of discussion and consideration before the unions for some time, and now they feel assured of better and stronger work. The membership of the new organization will reach about 200, and with the unions that are to be organized soon and that are to join the new organization the membership will be doubled in a short time.

President Robert Massey, of the Cigar-makers' union, called the meeting to order.

The election of officers was the first important business before the meeting, which was as follows:

President—Robert Massey, Cigar-makers' union.

Vice President—W. B. Moore, Electrical Workers.

Recording, Corresponding and Financial Secretary—H. H. Wynkoop, Typographical Union.

Treasurer—R. D. Weems, Carpenters' union.

Sergeant at Arms—Frank Quier, Electrical Workers.

Board of Trustees—H. M. Munn, L. Hollingberg and R. Dewey.

A committee, one from each union, was appointed to formulate rules and by-laws, to report at the next meeting, to be held at the carpenters' hall the second Sunday in December. The committee will meet this evening at 7:30 to perform their duty.

The delegates present were: Painters, Paper Hangers and Decorators—H. M. Munn, C. A. Lampman, H. Beaubein.

Cigar-makers—Robert Massey, R. Dewey, B. Kemmerer.

Carpenters and Joiners—Messrs. Weems, MacGee, Hollingberg.

Typographical Union—Jas. S. Black, C. F. Roberts, H. H. Wynkoop.

International Brotherhood of Electrical Workers—Frank Quier, W. B. Moore, Amos Lukens.

All classes of tradesmen in the city have been encouraged to organize by the formation of the central labor union and no doubt it will be of great benefit to the city. The principal object of the organization is to promote the purchase of union made goods and promote home industry.

MASQUERADE BALL.

By Mrs. Rosa Berry at Odd Fellows' Hall Thanksgiving Night.

On Thanksgiving night, at Odd Fellows' hall, Mrs. Rosa Berry, the popular dancing teacher, will give a grand masquerade ball. Everybody will be expected to lift their masks at the door. No one allowed to dance unless masked, except after 11 o'clock. Admission, 50 cents for each.

STAMP ROBBERS

Suspicious Men Arrested by Chicago Police.

STOCK BROKER COMMITS SUICIDE

Fatal Accident in South Carolina Railroad Yards.

A NEW TRIAL ARGUED FOR PATRICK

Chicago, Nov. 24.—Two men who registered at the Wyoming hotel last Friday as E. B. and H. H. Fuller, of Minneapolis, were arrested last evening and are said to be wanted in connection with a big stamp robbery. Whether or not they were implicated in the \$74,000 Chicago postoffice robbery of last year is not known. A third man who appeared at the hotel this morning is believed to have been taken into custody, although the post-office authorities will neither confirm or deny the report. E. B. Fuller, who is said to have been in the employ of a prominent firm at one time in this city, approached a member of that firm, it is alleged, on Saturday, and sought to dispose of \$1,500 worth of stamps. Suspicion was aroused and letters and telegrams were intercepted at the hotel in which mention was made of the disposition of "swag." The men were apparently about to leave the hotel hurriedly when arrested. They are not thought to have any knowledge of the mail wagon robbery last Saturday night.

Stock Broker Suicides.

Chicago, Nov. 24.—Charles H. Moore, son-in-law of Judson Sherman and a member of the firm of A. J. Whittle & Co., stock brokers, killed himself by shooting this morning at his home. He was 35 years old and had been in poor health for some time. Members of his family say the shooting must have been accidental, as he had no reason for committing suicide.

RAILWAY ACCIDENT.

Fireman Killed and Several Persons Injured in South Carolina.

Spartanburg, S. C., Nov. 24.—Early today the south bound passenger train on the Southern railway collided in the yards at this place with three box cars that had broken loose. The fireman and killed and the engineer and several passengers severely injured. The dead: Bob Seaton, fireman. The injured: N. O. Solomon, engineer, arm broken, probably fatally; M. M. McGee, Spartanburg, will recover; Mary Wilson, may recover; J. C. Mitchell, baggage-master, was badly bruised. Several passengers were also more or less shaken up.

Motion for New Trial.

New York, Nov. 24.—Argument on the motion made a few days ago for a new trial for Albert T. Patrick, which was to have taken place today before Recorder Goff, was adjourned until Wednesday because of the absence from the city of Assistant District Attorney Garvin, who has charge of the prosecution's side of the case. Patrick was convicted of the murder of William M. Rice.

Thanksgiving Night.

The most interesting of the Thanksgiving week festivities will be the concert and dance to be given in Colombo hall, Thursday, Thanksgiving night, under the direction of Miss Katherine Heimbeck, the well known teacher of voice and physical culture. For the concert Miss Heimbeck has secured some of the very best musical talent in the southwest. She will be assisted by Miss Elizabeth Naylor, a pianist of unusual ability, who in her few appearances in Albuquerque, has won much favor by her sympathetic touch and intelligent interpretation of the masters. Edward F. Thomas, a singer with local music lovers, will sing and Professor Di Mauro will play on the sweet toned violin that has so often pleased great crowds in this city. The dance to follow the concert will be a most enjoyable feature of the evening's entertainment.

BLAND TO THE FRONT.

Active Operations to Be Resumed in the Cochiti District.

After a brief business sojourn in Boston, V. V. Clark, the well known mining and milling expert, returned to New Mexico a few days ago, and on Sunday journeyed to Bland with his estimable wife. The couple will reside there permanently, as Mr. Clark has secured a bond and lease on the famous Lone Star mine from the Nav-

aho Gold Mining company for a period of three years. Active development work will be resumed in the mine at an early date. It is understood that a part of the conditions of the contract call for a certain amount of development work to be accomplished each month below the water level in the mine. The company, which Mr. Clark represents, has secured possession of the ten-stamp mill in Bland, and in a few weeks its machinery will be heard in the canyon which has been silent for so many months.

The few remaining but staunch citizens who have always pinned their faith on the value and future of the golden Cochiti district, are quite jubilant about the immediate prospects, and many miners who were forced months ago to abandon their homes and seek labor in other camps, have started back to the scenes of their first love in the Cochitis to report for duty in the mines or mill.

For a week or ten days three or four gentlemen, representing eastern capitalists, have been in Bland and Alhambra, looking over the mines and prospects with a view to purchasing.

Messrs. McKinney and McKinney, who are interested in the work of having surveys made for the new railroad, left for Bland Saturday to inspect the work that was done by the surveying corps about two weeks ago. The work of cross sectioning the route from the mouth of Pino canyon to the Crown Point mine, will be started in a few days and when this work is completed an estimate of the cost of the road grade can be obtained in a very short time.

REMEMBER THE NEEDY POOR.

School Children and Others Will Help in the Worthy Cause.

The spirit of thankfulness and generosity has already begun to manifest itself. The children of the public schools in response to this prevailing spirit, will share their happiness on Thanksgiving with the less fortunate by giving articles of food and clothing which will help some poor soul enjoy the one best day of the year.

The ladies of the Non-Sectarian Benevolent society who are ever watchful of the welfare of the poor and needy, will take charge of contributions.

An urgent request is made to all the children who wish to be the helper of a needy cause, that they make their gifts not later than Thanksgiving eve. All the city churches will hold the usual Thanksgiving service and the generous treatment of the poor will be as plainly manifested as ever.

LOCAL PARAGRAPHS.

The First Regiment band will play for the cake walk.

Big dance after the performance at Colombo hall, December 2.

James D. Lucas, the well known expert on mines, is in the city from Cerrillos.

Miss Minnie Corcoran and Willie Hopkins are certainly going to try and win dat cake.

That copper walk, directly in front of "The Cabinet" saloon, is a new fad, and is pleasing to the eye.

You must see Master Ed. Corcoran and Alberta Stactson, also Hazel Ghering and Leslie Kieth in their cake walk.

Messrs. Zweiger and Goebel, two young gentlemen of Belen, were here yesterday. They returned south last night.

The W. R. C. will meet at K. of . . hall Tuesday at 2:30 p. m. Initiation. By order of president, T. A. Whitcomb, secretary.

The McSpadden-Springer Transfer company put a large safe in the second story of the Grant building for the office of the Co-operative Building and Loan association.

Prof. W. S. Ward, the mining commissioner of the St. Louis world's fair, was here yesterday, going north last night. The professor is just returning from a visit to the mines of central and southern New Mexico, in company with Prof. F. A. Jones, of this city.

Latest songs, jokes and dances at Colombo hall, December 2.

Max Ehrlich, the Los Candelaria attorney, has removed to the city from the country, and will soon hang out his shingle somewhere in the metropolis. Mr. Ehrlich has gained considerable reputation among numerous litigants along the Rio Grande valley as a disciple of Blackstone, and he will no doubt get his share of practice here in the city.

The Elks will hold the annual memorial service in Colombo hall, Sunday afternoon, December 7. The memorial service is given as a mark of respect and esteem by each lodge of the great order, for members who have passed away during the year. The entire program will be in charge of T. N. Wilkerson, T. Y. Maynard, and E. L. Washburn, who were appointed at the regular meeting. R. W. D. Bryan was elected to deliver the address.

Output of Wool.

New York, Nov. 24.—According to the Annual Wool Review for 1902, just issued, there are 42,184,122 sheep in the United States, exclusive of lambs under 1 year old, and the clip, exclusive of the pulled wool during the last year, comprised 274,341,032 pounds, against 265,502,328 pounds in 1901. This shows an increase of about 9,000,000 pounds. The number of sheep reported a year ago was 41,920,900. The only states which show any considerable increase in number of sheep since 1901 are Kentucky, Montana and Wyoming.

DEATH OF MRS. GORE.

Paris Officials will Make Searching Investigation of Cause of Shooting.

Paris, Nov. 24.—Acting on instructions from the United States state department to thoroughly investigate the shooting on Wednesday of Mrs. Ellen Gore, Consul General Gowdy today requested four representative American physicians living in Paris to form a commission, conduct an independent autopsy and report on the circumstances and probabilities of how she met her death. The commission is composed of Dr. A. J. Magin, who is in charge of the American hospital in Paris; Dr. Edmund L. Gros, formerly of San Francisco; Dr. Turner and Dr. Whitman. Mr. Gowdy has sent written instructions to each of the doctors, in which he asks them to spare no efforts to make the investigation searching. The commission has already conferred regarding its plans, but it has not yet been settled whether or not the autopsy will take place.

Car Works.

Mexico City, Nov. 24.—It is reported that car works on a large scale is to be established in this country, a favorable concession having been granted.

STILL A MYSTERY.

From All Appearances the Safe Crackers Have Made Good Their Escape.

The sensational safe cracking still remains a mystery. There were no new developments yesterday or today of note. There are theories upon theories and imaginary clues to the robbery, but these amount to very little. The police are working quietly and giving out no information either favorable or unfavorable. Everything that has any suspicious marks on it is run in and investigated. But all suspects so far have either turned out cheap jewelry fakirs or vagrants.

There are a few facts which have developed in the last few days that have brightened the situation somewhat.

The man Ward, held at El Paso, as a suspect of the Santa Fe robbery, will be brought to this city in a few days. The extradition papers have all been signed and are now in the hands of an officer, who will bring the prisoner here.

Special Officer Ben Williams, of the Santa Fe, is in the city looking over the situation.

He has been detailed on this case, for the reason that a number of the watches stolen were the property of the railroad men.

Irish Envoys in Chicago.

Chicago, Nov. 24.—John Dillon, M. P., and Michael Davitt, the Irish envoys, have arrived in Chicago after concluding a successful tour of the larger cities of the middle states. Tomorrow the two distinguished visitors will be the principal figures at the annual celebration of the anniversary of the death of the "Manchester Martyrs," under the auspices of the Irish societies of Chicago.

New Mexico demands Statehood from the Fifty-Seventh Congress.

The greatest men are made up of qualities that meet or make great occasions.

If the omnibus statehood bill is amended in the senate it is almost sure to defeat the bill.

All the committees are at work securing subscriptions to the fund to secure the building of the Albuquerque Eastern railroad.

The world's fair at St. Louis will be the greatest thing of the kind in history. The postponement for one year will prove beneficial in a great many ways.

One army that is not being mustered out is that of the rural free delivery service, in which under republican policies 11,000 carriers have been enlisted in four years.

For the first time since 1869 the post-office department, with the issuance of the new series of stamps now in preparation, will make use of the American flag in one of its designs. This will be a part of the two cent stamp, which will bear little resemblance to the one now in use.

Postmaster General Payne is in favor of reducing the rates of letter postage to one cent. He may not recommend action in this direction in his coming annual report, but it is said he will discuss the subject at some length and present the results of investigation that have been made by the department.

The department of labor has just issued statistics regarding the strikes and lockouts of the years 1881-1900, which are full of interest. During the period there were 22,793 strikes in 117,500 different establishments and 6,105,694 strikers. The last number does not include the strikers of 33 establishments for which no statistics were forthcoming. More than 65 per cent of the establishments referred to—77,607 in all—were situated in the states of New York, Pennsylvania and Illinois, in which there were 11,964 strikes—more than 52 per cent of the total.

HOW BEVERAGE INSPECTS.

The people of Alamogordo have very practical evidence that Senator Beveridge's senatorial statehood committee was not looking for the bright side of the New Mexico picture, says the El Paso News. The committee visited three places in New Mexico where the native population predominates. But enterprising places that have grown up in the mining regions got the cold shoulder. No trip was made to Silver City or any town representative of New Mexico's great mineral wealth and resources. Alamogordo, an energetic town, that grew up so rapidly and substantially, because of the investment of eastern capital, desired to show the senators what might be expected in our localities. If statehood were attained and investors induced to come who are now afraid to put their money where a people stand discredited by territorial guardianship. The town raised an entertainment fund, prepared for decoration, illumination and demonstration in favor of statehood. The senatorial committee was corresponded with by wire and the announcement came from Arizona that the citizens' wishes would be respected. It had been stated the committee would visit Deming, Las Cruces and Silver City, arrive in El Paso Friday, visit Alamogordo, re-

turn here Saturday night and go eastward. However, the committee cut out Silver City, slipped into El Paso at night unannounced and arranged for their car to go out on the Texas & Pacific before Alamogordo found out the program. Then a final urgent invitation was telegraphed and a representative of Alamogordo called upon the committee and told of the preparations that had been made, and what an important example of territorial enterprise and prosperity could be seen by a short trip. The secretary of the committee gave very little satisfaction to the caller, but said that perhaps he could arrange for the trip if free transportation were provided for the car and government party to Kansas City. Of course, the Alamogordo people were willing to guarantee a free trip to and from El Paso, but had no arrangements for saving expense to the government for a trip on the Rock Island from Santa Rosa to Kansas City.

TO BE TESTED.

It is inevitable that sooner or later the supreme court of the United States will be required to pass upon the validity of the negro disfranchising sections of the new constitutions, which have been adopted during recent years by several of the southern states, and it looks as if the machinery has at last been set in motion.

Action has been commenced at Norfolk, Va., with the idea of having the recent election in that state, so far as the ten members of congress are concerned, declared invalid and a declaration entered that no election was held. This action is based upon the disfranchisement of negro voters, and Governor Montague and the state canvassing board have been cited to appear in the United States court to show cause why a temporary injunction should not be issued to restrain them from issuing certificates of election. The allegation is made that all acts are made under the new constitution of the state, in so far as they related to depriving any citizens of their votes, are invalid and ought not to stand.

RESULT OF INVESTIGATION.

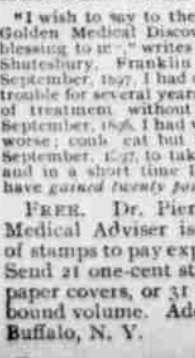

The Denver Republican says that the result of the investigation of the senate committee is still in doubt, but the impression seems to prevail that Senator Beveridge, chairman of the committee, is opposed to admission. The character of the inquiries made by the committee suggests that the report may be unfavorable, for the subjects touched upon relate to what may be called the weakest side of the statehood case. The fact that similar weaknesses can be found in the oldest states the Union may have little weight if the members of the committee were looking for an excuse to oppose statehood.

The real question involved is whether the territories in question are capable of maintaining state governments. If they have sufficient population and taxable wealth, that should settle the matter in their favor. The fact that a greater or less percentage of the population speaks habitually some other language than English is a matter of small consequence as far as the ability of the community to maintain a state government is concerned. There may also be a large percentage of illiteracy without rendering statehood a dangerous experiment. Certainly Senator Beveridge does not have to go beyond

GOOD LIVING

Quite often results in bad health, because what is termed "good living" is usually the gratification of the palate without reference to the nutrition of the body. When the good liver is a business man and rises from a full meal to plunge at once into work requiring mental effort the result is almost sure to be disastrous, because digestion draws upon the same nervous forces which are employed in thought. In time the stomach becomes diseased, the processes of digestion and nutrition are imperfectly performed and there is a physical breakdown.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It eliminates the effluvia poisonous matter which originates in the system as a consequence of imperfect digestion. It gives sound health to the whole body.

the limits of his own state, Indiana, to find a demonstration of the truth of this proposition.

The white caps of southern Indiana are an element of disorder and violence which has made Indiana notorious; and there is nothing in the condition of New Mexico, Arizona and Oklahoma to warrant a belief that an element of that kind will ever establish a condition of terrorism like that which exists in defiance of the law in some localities in southern Indiana. The foreign born and non-English element in New York is a more dangerous factor than the native born non-English element in New Mexico. But no one thinks that for this reason the people of New York are incapable of maintaining a state government.

The welfare of the southwest calls for the admission of the three territories in question, and since they are capable of maintaining state governments, the doors of the Union should be thrown open to them. Members of the senate from states east of the Mississippi should not let their prejudices control their action, especially when people who live in the Rocky mountains and possess full information concerning the qualifications of the proposed communities for statehood insist that they are entitled to admission.

OBJECT OF VISIT.

The Deming Headlight asserts that the object of the visit to Silver City of certain gentlemen of this city last week was to secure allies to down the governor. This is absurdly incorrect.

The object of the visit was to secure help to elect Hon. Nestor Montoya speaker of the house at the approaching session, and they met with flattering success.

Nothing was said about downing the governor. In fact, the delegation from this county who visited Silver City are among the best friends of Governor Otero.

The Headlight is a democratic paper at times, and its object is to bring about dissensions in the republican ranks.

The Thermometer is Seldom Higher Than 80° in Mexico City

This "Paris of Latin America" is situated over six thousand feet above the level of the sea, and the heat of the lower altitudes is never experienced. Although not generally known summer is the very best of seasons to visit the Land of Mañana.

The daily afternoon rain, which lasts about thirty minutes, so cools the atmosphere as to make the evenings and nights lovely.

Between the music, the flowers and the pretty customs of our Mexican neighbors; between the beautiful nights, and balmy mornings, and the cooling sea breezes of day, one becomes so entranced with the beauty of this country as to never forget his trip under "The White Umbrella."

DEATH OF THOMAS J. HELM.

Another Old Resident Answers the Last Summons.

Thomas J. Helm, one of the best known men in Santa Fe, in fact in New Mexico, died Saturday morning at 8:45 o'clock, after an illness of only a week. He had been suffering with a cold and only on Monday afternoon took to his room in the Kahn block on the south side of the Plaza. The cold developed into pleurisy and that in turn into pneumonia. The deceased came to Santa Fe twelve years ago for his health from Indianapolis, Ind. He was appointed superintendent of the Santa Fe Southern and eight years ago general agent of the Denver & Rio Grande railroad with headquarters at Santa Fe, his territory covering all of New Mexico. This took him to the leading towns in the territory and gave him a large acquaintance. Before coming west he had been general agent at Indianapolis of the Big Four system, on which line he commenced railroad-ing. He was 56 years old and a member of the Masonic order and of the Benevolent and Protective Order of Elks, in which he took a great deal of interest and which he served in various capacities.

Mrs. Helm, who was in the east visiting relatives, has been notified of her husband's death, which came so unexpectedly, as only Friday it was thought that he was on the way to recovery. Her maiden name was Mary Lake, and she and the deceased were married at Red Key, Ind.

The only daughter of the deceased, Mrs. Joseph E. Kilbourne, is a resident of San Francisco, Cal., and she has also been informed by telegraph of her father's sudden demise.

Late Saturday afternoon the Elks received a telegram from Mrs. Helm from Red Key, Ind., to ship the remains there. They will be sent today over the Denver & Rio Grande and the Elks will have full charge of all arrangements.—New Mexican.

One Minute Cough Cure is the only harmless cough cure that gives quick relief. Cures coughs, colds, croup, bronchitis, whooping cough, pneumonia, asthma, la grippe, and all throat, chest and lung troubles. I got soaked by rain, says Gertrude E. Finner, Muncie, Ind., and contracted a severe cold and cough. I failed rapidly; lost 48 lbs. My druggist recommended One Minute Cough Cure. The first bottle brought relief; several cured me. I am back to my old weight, 148 lbs. One Minute Cough Cure cuts the phlegm, relieves the cough at once, draws out inflammation, cures croup. An ideal remedy for children. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Colorado River Very Low. Although the Colorado river is at the lowest stage known in years the little gasoline boat makes the run as far as Bulls Head canyon with ease and without encountering delays by reason of bars forming in the channel. The new boat now in course of construction will be able to make trips at the present stage of water and will be a great convenience to people operating as far up as Pyramid.—Kingman Miner.

Best Liniment on Earth. I. M. McManey, Greenville, Texas, writes, Nov. 2, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

Big Onion Crop. San Juan county has taken to onions and it is estimated that 250,000 pounds of them were raised this season. Exact figures returned are Burt Hubbard 60,000 pounds, C. M. Hubbard 90,000 pounds, H. S. Bay 65,000 pounds, A. J. Gilmore 25,000 pounds, William Black 25,000 pounds, William Pickering 20,000 pounds, Jos. Howe 15,000 pounds. Those unaccounted for will bring the total to the figure given.

A Dangerous Month. This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night. Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West Fifth St., Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know its best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

For Over Sixty Years. An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

\$1,000.00 borrowed from the Mutual Building association of Albuquerque costs you only \$13.35 per month. A. E. Walker, secretary.

Mrs. Tupman, a prominent lady of Richmond, Va., a great sufferer with woman's troubles, tells of her cure by **Lydia E. Pinkham's Vegetable Compound**.

"DEAR MRS. PINKHAM:—For some years I suffered with backache, severe bearing-down pains, leucorrhoea, and falling of the womb. I tried many remedies, but nothing gave any positive relief.

"I commenced taking **Lydia E. Pinkham's Vegetable Compound** in June, 1901. When I had taken the first half bottle, I felt a vast improvement, and have now taken ten bottles with the result that I feel like a new woman. When I commenced taking the Vegetable Compound I felt all worn out and was fast approaching complete nervous collapse. I weighed only 98 pounds. Now I weigh 109 pounds and am improving every day. I gladly testify to the benefits received."

Mrs. R. C. TUPMAN, 423 West 30th St., Richmond, Va.

When a medicine has been successful in more than a million cases, is it justice to yourself to say, without trying it, "I do not believe it would help me?"

Surely you cannot wish to remain weak and sick and discouraged, exhausted with each day's work. You have some derangement of the feminine organism, and Lydia E. Pinkham's Vegetable Compound will help you just as surely as it has others.

Mrs. W. H. Pelham, Jr., 108 E. Baker St., Richmond, Va., says:

"DEAR MRS. PINKHAM:—I must say that I do not believe there is any female medicine to compare with Lydia E. Pinkham's Vegetable Compound, and I return to you my heartfelt thanks for what your medicine has done for me. Before taking the Vegetable Compound I was so badly off that I thought I could not live much longer. The little work I had to do was a burden to me. I suffered with irregular menstruation and leucorrhoea, which caused an irritation of the parts. I looked like one who had consumption, but I do not look like that now, and I owe it all to your wonderful medicine.

"I took only six bottles, but it has made me feel like a new person. I thank God that there is such a female helper as you."

Be it, therefore, believed by all women who are ill that Lydia E. Pinkham's Vegetable Compound is the medicine they should take. It has stood the test of time, and it has hundreds of thousands of cures to its credit. Women should consider it unwise to use any other medicine.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women. Perhaps she has just the knowledge that will help your case—try her to-day—it costs nothing.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

Lydia E. Pinkham Medicine Co., Lynn, Mass.

LOCAL HAPPENINGS.

Remember the A. O. U. W. hall at their hall Thanksgiving eve, Nov. 26. In the district court this morning the matter of the revocation of the will of S. W. Wilson was continued until next term.

J. A. Greager, one of the general merchants of Bland, came down from the little mountain town last night in company with his wife. The gentleman was around interviewing the local wholesale merchants today.

Secure your tickets at once for the concert and drama in Colombo hall, Thursday night. The big event of Thanksgiving week.

A telegram was today received by O. W. Strong & Sons from the father of Arthur J. Wilkins, the Englishman who died here Saturday morning, from Buxton, England, instructing them to give the body a respectable burial here.

The aged mother of Jose and Manuel Jaramillo, of Atrisco, died yesterday about noon. The lady had been in feeble health for about two months and was steadily on the decline until called to rest. The funeral services will be arranged later.

The Oberle Stock company—a good combination of actors—left for Gallup Saturday night, showing in that town Sunday night. They will be there also tonight. The company is all right, and should draw big crowds in the towns along the Santa Fe Pacific railway.

In the case of George S. Easlerday vs. P. Sandoval et al, tried this morning the court rendered a verdict in favor of the plaintiff in the sum of \$250.

Frank M. Wynkoop, who conducted a lively mining paper up in the Cochiti mining district a few years ago, is in the city from Denver, and will probably remain indefinitely. Frank is a reliable printer and has a good record. He is a brother of Harman Wynkoop, one of the linotype operators on The Citizen.

Hon. Frank A. Hubbell, the county school superintendent, but who, after January 1, 1903, will be the newly elected treasurer and collector of this county, returned yesterday morning from his sheep ranges in Socorro county. He reports his flocks in fine condition, with good water and grass for several months yet.

One of the principal events of the Thanksgiving week will be the A. O. U. W. hall on the eve of the national holiday. If you miss this hall you miss a pleasant evening. Get tickets now.

Juan Chaves, aged 32 years, a resident of Albuquerque all his life, died yesterday morning at his home on North Arno street. The cause of his death was throat trouble. The deceased leaves two daughters and two sons. The funeral took place from the residence this morning at 9 o'clock, interment at Santa Barbara cemetery.

The fine buildings which are to be erected for Gross, Kelly & Co. will not be built at the early date desirable, because of the difficulty in getting material. Not that there is a lack of lumber, brick and building material, but because of the prosperous times, which has blocked the big supply firms with orders, that only time will break. The new office building and warehouses of Gross, Kelly & Co. are to be built on Railroad avenue, along the Santa Fe yards. The buildings will be of stucco, mission style, harmonizing with the Alvarado on the other side of the track. This will be another favorable and proper improvement to Albuquerque's entrance.

Miss Naylor is a pianist of unusual ability; hear her Thanksgiving night in Colombo hall.

On Wednesday afternoon at 3 o'clock will be the initial meeting of the Ladies Auxiliary Sewing society, of St. Joseph's sanitarium, at the parlors of A. Borders, on West Gold avenue. The ladies were kindly given the use of the parlors for the carrying on of the benevolent work by Mr. Borders. All ladies interested in the work are earnestly requested to be present. The object of the auxiliary is the preparation and supplying of linen and clothing to the hospital to be used particularly in the charity wards, which is greatly in need of such help. The work which the auxiliary proposes to do is a worthy cause and should receive the hearty support of every lady interested.

Cured of Piles After 40 Years.
Mr. C. Hanev, of Geneva, Ohio, had the piles for forty years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

The Cherry and Silver basketball teams of the U. N. M. played the first of a series of games to be played this season on the campus at the university Saturday afternoon. The score was 15 to 11 in favor of Silver. The game was hot from the toss-up to the final basket, and in many instances resembled the dangerous and terrible game of foot ball. The basketball spirit is spreading and with a keen interest in evidence the boys will undoubtedly develop a good basketball squad which will furnish plenty of work for the sporting editor. It is sad indeed that the popular game of foot ball must be surpassed by basketball. There is good material for foot ball but the enthusiastic interest is lacking.

LAS VEGAS LACONICS.

Batch of Interesting Topics From a Northern Town.

Special Correspondence.
Las Vegas, N. M., Nov. 23.—W. C. Reid left Sunday afternoon for Socorro to attend United States court, which opened there today. The two principal cases on the docket this term is the trial of the postmasters of Captain and Lincoln, who are charged with embezzlement.

Charles Chandler, who has been foreman of the shops here and lately in charge of the air brake department, has resigned and left Sunday night on No. 8 for Springfield, Mo., where he has a fine position in the Frisco shops. Mr. Chandler has many friends here and has a splendid record with the Santa Fe. He was with the Santa Fe five years and was foreman of the La Junta shops and was gang boss at Raton. His father is in ill health at Springfield and that was one of the reasons for his leaving the Santa Fe here; besides his family is now back there visiting and Mr. Chandler concluded to just move back to "Mizouri."

Hon. John S. Clark returned Saturday night from his stay on his ranch on the Salado.

Governor M. A. Otero concluded to stop over here Saturday evening, as the train was so late and, with Major W. H. Llewellyn, of Las Cruces, spent the night with friends here, and Sunday continued their journey on to Denver.

Mrs. J. C. Rickman and daughter returned Sunday afternoon from her sad journey back to Kankakee, Ill., where she laid the remains of her husband at rest. Mrs. Rickman will continue to live in Las Vegas.

Walter B. Neill, the second house man at the Montezuma, at the springs, who was beaten up by the cooks at the hotel some time ago, and who has been spending some time since in the "Ladies" home and city jail, shows some signs of losing his right mind and is carefully watched.

Mrs. A. O. Wheeler returned Saturday evening on belated No. 2 from her visit of a week at Santa Fe.

Thomas Fleming, formerly of this city, and who has many friends here, passed through Saturday evening from his former home in Nevada, where he had just sold out his general merchandising business and was en route to Kansas City.

Paul Morton, third vice president of the Santa Fe, passed through Saturday evening with a party of five en route to Chicago from a trip to the coast.

Hon. Eugenio Romero left Sunday afternoon from a business trip to Santa Fe, where he will look after his tie business.

Hon. Benjamin M. Read came in Saturday evening from Santa Fe to see his wife here.

M. C. Gann and wife, of Folsom, passed through Saturday evening en route to Santa Fe.

Mrs. B. M. Read, on whom an operation was performed the first of the week for cancer, is having a remarkable recovery and is now able to sit up and take solid food. The operation proved a success.

The Thanksgiving exercises given Friday by the pupils of the high school were well attended and the pupils furnished a splendid program. The first part of the program consisted of music and recitations, after which the play, "Courtship of Miles Standish," was given. Miss Anna M. Foster taking the part of "Priscilla," Charles Hedgcock the part of "Miles Standish" and Waldo Twitchell the part of John Alden. The play was excellent and reflected great credit upon all the participants. The high school is forging ahead in a way that is most satisfactory, and even those who at first objected to divorcing it from the normal, are now glad of the change.

District court convened yesterday morning and transacted quite a little business.

Wyat Berkley, who pleaded guilty to the theft of a pocketbook, was given sixty days in jail.

The case of the territory vs. Pedro Padilla, for assault and battery, was dismissed.

The case against Doniciano Baros, for larceny of sheep was dismissed by the territory, as were the cases against Simon Garcia and Bandido Padilla for the same crime.

The case of the territory against Ramundo Castillo and thirteen others, an old murder charge, was dismissed. The murder case against Aparicio Tapia was also dismissed.

In the civil business the most important case was that of Margarito Romero, as administrator of the estate of Juan Leyba, who was killed in the Las Vegas yards by the switch engine. The case was dismissed. The attorney for the plaintiff then asked for an appeal to the supreme court, which was granted.

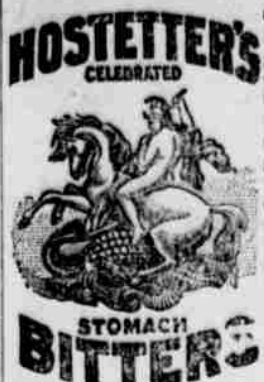

Court then adjourned until Monday morning, when the petit jury will be empaneled for the trial of the criminal cases.

Commencing on November 30, there will be a reduction in the force of forest rangers for the winter months. Rangers and Dockwell will be discharged, Ranger Stewart will have the east side and Ranger Williams the west side of the Pecos reserve.

A. J. Aber, one of the popular Santa Fe conductors, had the misfortune to get an arm broken Friday morning

while taking the second section of No. 3 south. He was leaning out as the train passed Algodones and was struck by a mail crane. He went on to Albuquerque and Conductor Cunningham went down on No. 7 last night to bring back No. 4 this morning.

An old judgment for \$507.10 in favor of Henry Essinger vs. Thomas Walton, of Mora, was renewed.

Luck in Thirteen.
By sending 13 miles Wm. Spirey, of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible Fever Sore on his leg. Nothing else could. Positively cures Bruises, Felons, Ulcers, Eruptions, Boils, Burns, Corns and Piles. Only 25c. Guaranteed by all druggists.

Going to Washington.
Hon. Bernard S. Rodey, delegate to congress, will leave for Washington either tomorrow night or Wednesday morning, to be on hand at the opening day of the short session of congress. He is confident that before Christmas the statehood bill will have been passed by the senate and signed by the president. He evidently hopes to make New Mexico a sort of a Christmas present of statehood.

Beautiful Clear Skies.
Herbina exerts a direct influence on the bowels, liver and kidneys, purifying and strengthening these organs, and maintaining them in a normal condition of health; thus removing a common cause of yellow, mothy, greasy skin, and more or less of pimples, blotches and blackheads. 50c at Metropolitan Pharmacy, B. Ruppe.

A Convict Killed.
Rito Montoya, a convict sent to the territorial penitentiary at Santa Fe November 21, 1899, from Socorro county, to serve a life term for murder, was killed Saturday afternoon at 3:30.

He was caught in the cog wheel in the brick plant and was killed before the machinery could be stopped. His number was 1,281. This is the first accident that has occurred since the machinery was put in place.

TURKEYS
Now is the time to order your Thanksgiving turkey. Really good turkeys are scarce this year, but by ordering from three different points in Kansas we are sure of receiving an adequate supply of fresh dressed, country bred turkeys. By ordering now you get the pick of our pick. That means a good deal in quality. Our turkeys will all be dry picked and heads and feet off. We will also have fat geese, ducks and chickens. We guarantee satisfaction. Order now. San Jose Market.

Merchants can get Lenox Soap at Gross-Kelly's. Costs no more than poorer grades. It will make you friends.

If you want to avoid the penalty, pay your taxes before December 1.

Good Fresh Milk.
You get 16 quarts of good fresh milk for \$1.00 from Albers Bros' dairy. Try us once.

The Lenox Soap is a good honest soap—from the Ivorydale factories where Ivory Soap is made. Your grocer keeps it.

The Mutual Building association of Albuquerque is managed at a very small expense. The stockholders and borrowers thereby deriving the special benefits that most loan associations pay to their officers and solicitors.

Buy some stock in the series begun in October, take out a loan and own your home by making small monthly payments, instead of paying rent. A. E. Walker, secretary.

DEMING.
A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming, the coming city of New Mexico.

Deming has a magnificent school system. Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico. Deming! Don't overlook it if you are looking for a sale and paying investment.

Deming, the seat of the n.w. county of Luna. Deming is the great mining center of the southwest.

Deming water is chemically pure—equal to Polar Springs. Deming has increased 50 per cent. in population in four years.

Deming water and pure ozone make strong and healthy people. Investments in Deming lots will double and treble in one year.

Deming has now a large ice plant and electric light system under contract. Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens. Buy lots and build in Deming. Your rental returns will be 20 per cent. on the investment.

In Deming good safe loans can be had at better rates than in the old established towns. In Deming you can buy lots for \$100 which will pay you 100 per cent. in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population. Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year. Why buy high priced lots when you can get them cheap in Deming now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds. Deming! Have you been there? If not, you should get there for the big sale of lots on the 17th of this month. Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattle men all know this.

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000 pounds. We wish to double that in 1902, and in order to do so we are offering the very best grades of coffee on the market at 40 cents per pound. We are sole agents for CHASE & SANBORN'S celebrated Seal Brand and Club House. We also have a full line of blended coffees at prices to suit from 20 cents up. Our 35 cent blend we consider equal to the most of the 40 and 45 cent grades offered by the trades.

As to teas. Everyone knows that we keep the very best to be had in the territory.

NEW MILLS.

To Handle Burro Mountain Ores of Grant County.

A correspondent of the Denver News, writing from Silver City, says: The International Gold Mining & Milling company of Malone, in the Burro mountains, is working a new force of men. A large body of high grade gold and silver ore has been exposed and a mill will shortly be constructed for the treatment of the ore. Dr. M. C. Sinclair, of Grand Rapids, Mich., president of the company, is on the grounds at present and will stop for some time.

The directors of the Michigan-New Mexico Copper company visited their properties at Lordsburg recently and were especially pleased with the carbonate mine which has thirteen feet of ore exposed in the tunnel, averaging \$4 gold, \$3 silver and 8 1/2 per cent copper. A mill of fifty tons capacity is in process of construction.

A corps of surveyors is at work on the railroad line from Waco, via Bismarck and Clifton, to reach the Gallup and Durango coal fields. Ample capital is ready for the construction of the road, which will pass through Alma, within seven miles of Mogollon and four miles of Graham.

Considerable prospecting is going on at Stein's Pass by Colorado and Michigan parties in the interests of capitalists who have been attracted by the new impetus to the southwest, directed by the press of New York, St. Louis and other cities, who are giving considerable space to the subject. Assay values of ore struck every day in Stein's Pass are astonishingly high. A car load of lead ore is shipped regularly every week to El Paso.

George Reid, assistant manager of the Alamosa Mining company, operating in the Burro mountains, has received word from Judge L. P. Deming, manager of the company, who went east to consult stockholders with regard to erecting a leaching plant upon their property, that he has met with most flattering success and that in all probability the plant will be constructed immediately.

D. A. Walker and A. R. Gilson, treasurer and president of the American Consolidated Copper company, are spending several days in the Burro mountains inspecting the company's property. While here a contract will be let for the erection of a plant for treating the ore from their properties in the Shakespeare district.

Asleep Amid Flames.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death and doctor's bills. A teaspoonful stops a late cough, persistent use and most stubborn. Harmless and nice tasting, its guaranteed to satisfy by all druggists. Price 50c and \$1.00. Trial bottles free.

The Elks Will Be Present at Tonight's Recital.

Mr. Bainbridge was most courteously received by the Elks on Saturday evening and said a few words with such good results that the whole herd have decided to be present this evening to hear our distinguished visitor's recital of adventure. Tonight's recital is no dry discourse but a resume of tragic and romantic adventures experienced in a 40,000-mile tramp through many strange lands interspersed with first class sketches on the blackboard, humorous stories, and inimitable Irish jokes which make a couple of hours fly by in quick time. Travel is the greatest of all educators—if one is unable to travel, the next best thing is to read books of travel, but when an opportunity of meeting and hearing such a famous traveler is afforded it should be embraced. Those who know something good when it comes along will certainly be present this evening to hear the king of tramps.

A Startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the Kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health. Try them. Only 50c at all drug stores.

THIEVING YOUNG HOBBO.

Found a Home, but Showed His Character by Stealing and Skipping Out. A few days since Mrs. C. G. Cruikshank had a call from a dilapidated but intelligent appearing boy of some 14 years, who offered to work that he might enjoy the fortifying influence of a square meal, says the San Marcial Bee. This he readily secured, and Mrs. Cruikshank became so interested in the boy's story of how he desisted tramping and was on his way to the coast to secure employment, the fruits of which would be carefully husbanded that he might secure an education, that she interviewed the doctor and secured his sanction to have the boy remain with them. He was fed, groomed and clothed in good shape and gave promise of becoming a useful member of society. He accompanied his guardians to the bazaar supper Thursday evening, and they were frequently reminded of their luck in securing such a promising lad. When the passenger train pulled out for the

ANOTHER PIONEER.

Bright's Disease and Diabetes Are Positively Curable.

When the San Francisco business men were investigating the Fulton Compound they heard that Dr. C. D. Zeile had both Bright's Disease and Diabetes, and was given up as incurable, and they waited on him and got him to take it. Now for the sequel. This letter was written 9 months later:

"522 Pacific St., San Francisco Sept. 2, 1901.
"Dear Sirs: I have conducted my own pharmacy on my own property on Pacific St. for forty-eight years, hence my association with some of the best old school physicians. I had chronic Bright's Disease and Diabetes of long standing, which got so serious that in October last the judgment of my medical friends was that three months would see the end. We all looked up in the mere suggestion of a cure as empirical and visionary. But I yielded to the earnestness of the parties, and the insistence of one of my family, and went on the Fulton Compound for Bright's Disease as a test. The first week I improved, but thought it a coincidence. But every week thereafter the improvement continued. The time for the fatal end passed and I was still as strong as ever. This continued till July, when the last trace of both diabetes and sugar disappeared. I suppose I have given the Compound to a dozen, and they all reported favorably. However unreasonable it may appear, the cure has been found. If those interested care to call at my drug store I will be glad to tell all I know concerning this important matter. The discovery is second only in importance to the discovery of a cure for consumption."
"C. D. ZEILE."

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 621 Montgomery Street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

east Friday morning the kid was on board and in his pocket was \$40 belonging to Mrs. B. W. Cruikshank. Train Dispatcher L. U. Morris was on the train. He recognized the lad and suspected some crooked work on his part. At Isleta he collared him and without much ceremony went through his pockets and secured the money. Then the young hobo was allowed to keep on to the coast in search of that education, new foster parents and possibly a ball and chain to exterminate the ignominy of a square existence of a few days in San Marcial.

He Could Hardly Get Up.

P. H. Duffy of Ashley, Ill., writes, "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." Alvarado Pharmacy.

A Policeman's Testimony.

J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Alvarado Pharmacy.

Serious Accident to D. M. Mills.

D. M. Mills, father of M. W. Mills, of Springer, 82 years of age, who has been living on the son's ranch, thirty miles southeast of Springer, fell over a precipice and was seriously injured, says the Raton Range. Mr. Mills had been quite feeble for some time and was constantly watched. The men who were watching him left the day he was hurt, engaging a couple of women to watch him, but he strayed away, was lost and when found was nearly dead as a result of his fall. It is doubtful if the old gentleman will live.

That the building will be a credit to the town is assured by the names of the men composing the committee—Mines.

and it continued to snow until yesterday. The snow was wet and heavy and it played havoc with the telegraph, telephone and electric light lines. The telegraph and telephone lines were out of service Thursday. The electric light lines were kept up by a force of men.

Snow varying in depth from two to four feet now covers the entire plateau. The snow extended as far west as Hackberry, east to the Little Colorado and south to Wickenburg. It is the heaviest snow fall that ever occurred in this section so early in the season.

With the recent rains it gives a precipitation of about seven inches, and means an abundant supply of water for next season, and will be of great benefit, not only to this vicinity, but to all of Arizona.—Flagstaff Sun.

Rheumatism

The liniment bottle and flannel strip are familiar objects in nearly every household. They are the weapons that have been used for generations to fight old Rheumatism, and are about as effective in the battle with this giant disease as the blunderbuss of our forefathers would be in modern warfare.

Rheumatism is caused by an acid, sour condition of the blood. It is filled with acrid, irritating matter that settles in the joints, muscles and nerves, and liniments and oils nor nothing else applied externally can dislodge these gritty, corroding particles. They were deposited there by the blood and can be reached only through the blood. Rubbing with liniments sometimes relieve temporarily the aches and pains, but these are only symptoms which are liable to return with every change of the weather; the real disease lies deeper, the blood and system are infected. Rheumatism cannot be radically and permanently cured until the blood has been purified, and no remedy does this so thoroughly and promptly as S. S. S. It neutralizes the acids and sends a stream of rich, strong blood to the affected parts, which dissolves and washes out all foreign materials, and the sufferer obtains happy relief from the torturing pains.

S. S. S. contains no opium or other mineral, but is a perfect vegetable blood purifier and most exhilarating tonic. Our physicians will advise, without charge, all who write about their case, and we will send free our special book on Rheumatism and its treatment.

Fifty Millions for New Railroad, Smelter and Big Steel Plant.

Articles of Incorporation of the Colorado, Arizona & Gulf Railroad company, the Southwestern Fuel & Iron company, the Gage National Reduction company, and the Bear Creek Mining & Reduction company will be filed within a few weeks, says the Denver Republican. Their aggregate capitalization will be \$50,000,000, which is said to have been subscribed. The four corporations will develop and furnish transportation to new areas of southwestern Colorado, northwestern New Mexico, southeastern Utah, and central Arizona. Denver will furnish supplies for a vast territory with great natural resources. The route between this city and the Pacific coast as planned would be 250 miles shorter than any other railway projected or already in operation.

The railroad is generally claimed to be a Gould project which will, when completed, furnish a western outlet for the Missouri Pacific-Denver & Rio Grande systems, and also for Gould's Texas Pacific system. The route will extend almost in a direct line from Denver southwesterly to San Pedro harbor, on the coast of southern California. The co-ordinate corporations are expected to develop the coal beds in the sections through which the railroad will pass, utilize the iron deposits which have lain dormant for lack of transportation facilities, and also open up the richest gold bearing sections of Colorado and southeastern Utah.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I can recommend it with the utmost confidence. It has done good work for me and will do the same for others. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64 Thirty-seventh St., Wheeling, W. Va. For sale by all druggists.

MANY TICKETS COUNTERFEITED.

The Santa Fe is Buncoed—Pinkerton Men on the Trail of the Gang.

Railroad ticket counterfeiting on a large scale has been unearthed by the Santa Fe passenger department, and the damage done has not yet been determined, says a dispatch from Los Angeles, dated November 21.

Transportation purporting to have been issued by the Cleveland, Lorain & Wheeling railway, that is part of the Baltimore & Ohio system, has found its way to Los Angeles. The tickets read: "Good for one first class passage to Barstow, California." from somewhere in the territory of the road purporting to have issued them. The tickets found are a clever imitation of original form, carrying the purported signature, "M. G. Carroll, general passenger agent."

Only two of these counterfeit tickets have been found by the Santa Fe. These were used from Berea, Ohio, and represent a value of \$200. The tickets, as they went the circuit of the railway auditors, bear only the coupon, reading Albuquerque to Barstow, and as no other coupons have turned up the counterfeiters may not have been used east of New Mexico. Undoubtedly many of these counterfeit tickets have been put into circulation. The Pinkerton agency has been apprised, and W. A. Pinkerton, who was in Los Angeles yesterday, is personally conducting the

Anxious Moments.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. ROCK ISLAND EXTENSION.

To be Built From Albuquerque to Salt Lake City, Utah.

SURVEYORS NOW AT WORK.

From Farmington Hustler.

The all-absorbing topic going the rounds in San Juan county these days, is railroad. From every source comes rumors of assurance that this line or that line will be built; however, the greatest encouragement comes from the survey now being made by parties connected indirectly with the great Rock Island system. From reliable information we may say the plan is a trans-continental line from the Missouri river to the coast via Salt Lake City, with a feeder from the San Juan river to Durango; this branch to leave the main line near Bloomfield providing the survey as now made down Largo canyon, be the accepted route. However, this is still in doubt as another survey is proposed to follow a course down Canon Gallegos, in which case the junction would be located between the two rivers, just to the east of Farmington. The Durango terminal following a water grade up the Animas, the main line continuing west along the San Juan river to a point which would enable them to avoid crossing the mountains, and from where an easy road could be surveyed from the river through Utah to Salt Lake City.

A Great Falls, Mont., newspaper clipping of recent date states that Senator W. A. Clark now has a surveying corps in the field staking a preliminary line from Albuquerque to Salt Lake, where the proposed road is to connect with his new coast line.

The building of the proposed railroad from Torrington to Roswell, to be part of a main line from Durango, Colo., to the gulf.

The Durango and Clifton project is still also very much alive, as the following article, taken from the Denver Times, will attest:

"Otto Mears, the pathfinder of the San Juan, will return to Colorado and take up again the work of railroad building, which made his name a household word in this state. Mr. Mears arrived in Denver a few days ago on one of his periodical trips, and is stopping at the Brown Palace hotel. To friends Mr. Mears said he intended to return to Colorado within the next sixty days and take up his residence here. He said he intended to enter upon the construction of another railroad in the San Juan country, where his name is synonymous with railroad building. Mr. Mears does not reveal the route of the proposed line, but it is understood to be the building of the long-talked-of railroad from Durango to the southwest. Mr. Mears was the builder of the Silverton railroad, long looked upon as the most remarkable piece of railroading in the country and the road which made the prosperity of the San Juan country certain, years before it would have been opened up otherwise. Half a dozen years ago he went to Washington and entered upon the construction of the Chesapeake Beach railway, a line running from the city of Washington down to Chesapeake beach, a resort of the bay below the capital city. The line has been in successful operation for a number of years and yearly Mr. Mears has remembered his friends in this city with handsome engraved annuals which have shown that his heart was still in Colorado. The return of Mr. Mears will be a matter of congratulation both for the state and for Mr. Mears. He has been so inseparably linked with the advancement of the state that his return is but natural, and that he is to enter upon railroad construction in the country where he won his first honors as a builder, is a matter of considerable interest.

We all know Otto Mears is a rustler, and is renowned for doing things. The survey of this proposed line runs directly through Farmington, much of the right of way and depot site having already been secured.

INSURES LOVES AND A HAPPY HOME.

There is no longer any need for men to suffer from lost vitality, night losses, varicocele, etc., when it can be cured almost like magic in the privacy of your own home and restore small weak organs to full strength and vigor of youth by a simple remedy which any man can use. Simply send your name and address to the Dr. Knapp Medical Co., 2083 Hull Building, Detroit, Mich., and they will gladly send you the Doctor's full prescription free and everything necessary for a quick and lasting cure.

The following, taken from their daily mail, shows what men say who have taken advantage of this grand free offer:

"Dear Sirs:—Please accept my sincere thanks for yours of recent date. I have given your treatment a thor-

ough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sirs:—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sirs:—Yours was received and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men."

Don't stop and wonder how they can afford to do all this, but send today; the offer is genuine, and the prescription will be sent by return mail in a perfectly plain envelope absolutely free just as stated. Write today and soon you'll be happy.

CHEAP JEWELRY GANG.

Officer Cooper Arrested Party of Jewelry Fakirs.

THEY ARE NOW IN CITY JAIL.

The news that a couple of boys were selling rings on the streets Saturday was the cause of no unusual excitement among those interested in the recent safe crackings.

The police authorities lost no time in placing the whole gang under arrest, but the developments in police court this morning were different from the first suppositions.

The men who had aroused the suspicion of many people as being connected with the robbery, only turned out to be cheap jewelry fakirs, of whom the country is overrun at this season of the year.

Officer Cooper swooped down on a little shack over in the northeast section of the city yesterday afternoon about 2 o'clock and found within two men and three boys sitting around a small table enjoying a midday meal. Two of the party, a man and boy, answered the description given by a small lad who had seen them trying to dispose of the jewelry on the street. Cooper brought the whole gang in with their luggage and belongings.

They came forth from the cold, grey walls of the city prison this morning to tell the story of their lives to Judge Crawford. The boss of the gang, Martin McAndrews, said that he was a street peddler, but positively denied having tried to dispose of any of his goods on the streets here. The small grip, the only property of the outfit, contained about twenty or thirty cheap razors, marked in bold letters \$3, but a rare bargain was made to the unsuspecting public of 75 cents, also a large quantity of needles put up in attractive packages.

Two of the boys, giving the names, John Simpson and Jack Williams, are confederates of McAndrews, the man manipulating the operations of working the fake racket.

These three men have the appearance of that hopeless element found in such large numbers around the slums of the larger cities.

The other two, traveling under the titles of Sam Scott, a heavy set man in a workman's garb, and an Italian boy, Emil Kunio, claim to have only been the guests of the occupants of the adobe. Scott told a pretty straight story of the trials and tribulations of the knights of the road, and that after numerous attempts to secure work here, he had met the boss who invited him over to the shack to spend the night. Being without means it was only his choice to accept. He had just got up and was eating the meal set before him by his generous friend, when the officer broke up the show.

The final act was postponed until this afternoon by the judge, in order that more investigations be made in regard to the operations of the gang.

The head man of the bunch will probably get the extent of the law for peddling in the city without a license, which is \$100. His confederates will also taste the usual dose provided for vagrants. The two, who were guests at the adobe, will no doubt be given a chance to hit the road, unless later developments show that they are in cahoots with the rest.
