TESTIMONY TAKEN

Anthracite Commission Hearing President of Miners.

MURDERER WAS ELECTROCUTED

Wabash Railway Offers Increase of Wages to Employees.

BIG INCREASE IN RAILROAD TRAFFIC

Scranton, Nov. 18.—Another large crowd was in attendance today when the arbitration commission began its fourth day's sitting. Mitchell, who has been on the stand since last Friday, took his place in the witness box and his cross examination by Wayne MacVeagh for the Erie company resumed. It was the general opinion of the attorneys today that some arrangement will have to be made to shorten the inquiry. At the rate of progress that is now being made it will take many weeks to hear both sides to the controversy. If counsel takes no action it is likely the commission will suggest that something be done. The commissioners recognize that President Mitchell is the most important witness the miners have and they are loath to have matters hurried while he is on the stand. Being president of the union his opinions are looked upon as official and also as reflecting the policy of the organization.

MacVeagh, in resuming cross examination, said he would be glad to get an expression as to the influence of acts of violence in the temper and disposition of the union men said to have committed them. Witness said he would not assume the report of acts of violence are true.

"If," said he, "Forest City, which had been referred to, would be an example of all the cities and towns in the anthracite region, it would indicate that we were a very law-abiding, religious people."

"The question," MacVeagh said, "is whether or not you have taken proper methods to prevent the repetition of violent acts when they have occurred." He did not care, he said, by whom these were committed. "What I am trying to show," continued MacVeagh, "is that there is a growing spirit of violence and disregard of law in its organization and that your influence over them is insufficient to keep them law abiding and peaceable as you desire them to be."

Under this arraignment of the union, Mitchell retained complete composure. The question was met with a ready response.

"The fear that my influence," said he, "is not sufficient to deter men from commission of crime, is a contradiction of the claims often made about me."

The cross examiner and the witness then plunged into a spirited colloquy over the question whether one man has the right to prevent another man from selling his labor.

The best answer MacVeagh could draw from the miners' chief was that he did not approve of anyone committing an unlawful act.

ELECTROCUTED.

Execution of a Murderer in a New York State Prison.

Auburn, N. Y., Nov. 18.—John Truck was put to death in the electric chair in the state prison here today for the murder of Frank W. Miller at Virgil, Cortland county, March 14, 1899. Truck met his fate calmly and five minutes after the witnesses assembled in the death chamber he was pronounced dead. The motive for the murder of Miller was robbery. Truck first crushed in the skull of his victim and then set fire to the house, thinking thus to destroy evidence of the crime. The body was recovered and the crime traced to Truck, who had a criminal record. He was also suspected of other crimes in Cortland county, including one, if not two, murders.

Offer Increased Wages.

Springfield, Ill., Nov. 18.—President Ramsay, of the Wabash railway, today offered an increase of 2 cents an hour to all employees receiving less than 30 cents per hour. Those receiving over 30 cents are to be advanced 1 cent. Helpers are advanced 1/2 cent. The strikers have not yet taken action.

Pass Agreement Expected.

New York, Nov. 18.—It is understood that the committee appointed at the meeting of western railroads held for the consideration of the pass agreement, to confer with the presidents of the trunk line association roads, are to have an opportunity to do so today.

The subject to be taken up is the anti-exchange pass agreement. That it will be reaffirmed for another year is doubtful.

Case Continued.

Cambridge, Nov. 18.—The case of George L. O. Perry, the young negro charged with the murder of Miss Clara A. Morton in Waverly, November 1, was today continued until February 16 next. The date was fixed by agreement between counsel.

Bank Robbed.

Sioux City, Iowa, Nov. 18.—Robbers cracked the safe in the Farmers' and Merchants' Trust bank at Arthur today and secured \$2,300 in cash. There is no clue.

S. W. Young, of Bland, is again in the city on district court matters.

Unprecedented Earnings Predicted.

Chicago, Nov. 18.—It is the opinion of officials connected with leading railroads that before next spring some of the western roads will have recorded the largest earnings in their history. Some traffic men say that the November reports will begin to show great strides in this direction. They assert the utmost faith in the indications which point to a tremendous volume of traffic through the winter.

CITY COUNCIL.

The Milk Ordinance, Creating Office of City Chemist, Presented.

SPECIAL MEETING TOMORROW NIGHT.

The city council, last night, devoted another meeting to the important question of milk inspection, which has been occupying the close attention of the aldermen for the past month.

City Attorney Stingle, chairman of the committee appointed to prepare an ordinance, creating the office of milk inspector and regulating the duties accompanying such an office, reported that after meeting three times, the committee had an ordinance ready to submit.

The ordinance submitted showed that the committee had considered all the different departments of the office of milk inspector thoroughly, and the ground was covered completely. It contains eighteen sections, and will be considered and voted upon separately. After hearing the ordinance read it was the pleasure of the council to postpone the consideration of the ordinance until a special meeting on Wednesday night.

The ordinance is very long, and covers all the important points which are necessary in considering a question of this nature. The office of city chemist, at a salary of \$250 per year, is the first provision. This official is to be appointed by the mayor and approved by the council. The duty of the chemist will be to make weekly chemical and bacteriological tests of all milk sold.

Further tests will be made if any of the milk is found impure, the samples are to be procured from the milk wagons by the city marshal.

The tuberculosis tests of cows whose milk is sold in the city, and cows herding with them, will be made yearly by a veterinary surgeon under the supervision of the city chemist.

There is a difference of opinion about this provision and many arguments for and against will be presented at the next meeting. A monthly inspection of all premises where cows are kept, whose milk is sold in the city, shall be made by the city marshal. A fee shall be collected for the tubercular test, of from 50 cents to \$1, according to the number of cows kept by the person.

An annual fee for inspection of dairies shall also be imposed ranging from \$15 to \$60 as the number of cows owned by the person varies from one to fifty. Monthly written reports shall be made by the city chemist, physician and marshal, to the council, setting forth the results of the tests and inspections and shall turn over monthly all collections.

Samples of all milk and cream sold in the city shall be furnished for inspection.

The ordinance fixes the following standard: No skim milk, nor milk and its products which have been watered, adulterated or contain preservatives, shall be lawfully sold. All milk must contain 12 per cent solids and cream 25 per cent solids. Skimmed or watered milk sold as such may be used for individual or family consumption. It shall be unlawful to sell milk from cows fed on garbage or refuse or cows kept amid surroundings not wholesome and healthful. No milk is to be sold which is taken from a cow thirty days before or ten days after calving. Every milk dealer must have the milk he sells protected by a suitable covering.

THE PRESIDENT

He Will Make a Tour of the South.

DENVER ALDERMEN UNDER ARREST

Death of Aged and Learned Bishop of Mississippi.

ACTIVE BOSTON WOOL MARKET

Knoxville, Nov. 18.—It is announced that on his return trip from Memphis, President Roosevelt will take the Southern railway direct to Washington and will make stops at Stevenson and Tusculum, Ala., Chattanooga and Knoxville, Tenn., and Asheville and Monroe, N. C. This will be the president's second visit this year to Chattanooga, Knoxville and Asheville. He is scheduled to reach Asheville on Thursday evening.

CONTEMPT OF COURT.

Denver Aldermen Arrested for Disobeying District Court Injunction.

Denver, Nov. 18.—District Judge Mullins ordered the arrest of eleven aldermen who voted for the ordinance granting a new franchise to the Denver City Tramway company, after they had been served with an injunction which forbade the passage of the ordinance as drawn. The matter will be brought to the attention of the court by attorneys for the Municipal League which secured an injunction on the representation that certain provisions in the ordinance violate existing contracts between the city and the tramway company. The court fixed the bail at \$1,000 for each alderman cited for contempt and set the case for hearing on Thursday.

AGED BISHOP DIES.

Bishop of Mississippi Dies from Cancer of the Throat.

Jackson, Miss., Nov. 18.—Bishop Hugh Miller Thompson died this morning at 5 o'clock of cancer in the throat. Since his arrival here from New York a week ago he had been sinking rapidly and made all preparations for the end that came peacefully and while surrounded by his family and friends. He was born in Londonderry, Ireland, in 1830, and came to America with his parents when 22 years old and filled several prominent pulpits, in Chicago, New York and elsewhere. He was appointed bishop of the diocese of Mississippi in 1886.

Bishop Thompson was a profound scholar and one of the most able ministers in the south.

Boston Wool Market.

Boston, Nov. 18.—An active demand continues in the wool market here and manufacturers are buying freely. The prices are very firm with an upward tendency. Fine staple territory wools are very active with quotations at 55¢ 60; strictly fine 50¢ 55; fine and medium 50¢ 53 and medium 45¢ 47.

Money Market.

New York, Nov. 18.—Money on call nominal, 5 1/2; silver, 49 3/4.

Railroad Accident.

Beaumont, Texas, Nov. 18.—The Southern Pacific fast passenger train ran into an open switch thirty miles west of Beaumont this morning. Engineer John Burtis was probably fatally injured. The name of the passengers injured are not obtainable. It is said that none were killed.

Indiana School Superintendents.

Indianapolis, Ind., Nov. 18.—Members of the Town and City School Superintendents' association are gathered here for their annual meeting, which will be in session at the state house during the next two days. At the initial session this evening needed school legislation and the best method of selecting teachers and determining their tenure of office are the two leading subjects scheduled for consideration.

Back from California.

Manager A. B. McGaffey, of the Hyde Exploring Expedition, accompanied by his wife and son, Herbert, returned from a month's trip in California.

"I had a very successful trip," said Manager McGaffey to a Citizen reporter today. "I have been placing goods with the wholesale dealers in many of the towns between and including Los Angeles and San Francisco is booming. Business is better than it has been for many years and the tourists are flocking into all parts of California in large numbers. The large part of them are

visitors who give new life to the curio business. The greatest surprise was waiting for me when I returned and found the store here a regular Paradise. The boys were busy during my absence and new shelving was placed for the pottery, blankets rearranged and in fact the whole place remodeled and decorated. I read in The Citizen about the prince visiting our store and am not surprised that he found so many interesting sights."

Mr. McGaffey stated that the trip aside from being a success from a business standpoint, had benefited his wife's health very much.

Illinois Foresters.

Peoria, Nov. 18.—The high court convention of the Independent Order of Foresters began in Peoria today with nearly every local court of the order throughout the state represented. In addition to the regular delegates Dr. Oronhyotekna, of Toronto, supreme chief ranger, and several other supreme officers are in attendance. Officers' reports to be presented to the convention show the order's affairs in this state to be in excellent condition.

GRADI-PALLADINO.

Ella Gradi and Miss Anita Palladino Will Be Married Tomorrow.

Frank Tomel and daughter, with L. Gradi and Miss Toti, left last night for El Paso to be present at the marriage of Ella Gradi and Miss Anita Palladino. The culmination of this happy courtship, which ends in marriage, will take place at the Church of Immaculate Conception, El Paso, tomorrow morning at 9 o'clock, after which a reception will be tendered the happy couple at the home of the bride's parents, 912 Myrtle avenue, that city. Mr. and Mrs. Gradi will then take a short trip to Chihuahua, Mexico, and on their return come direct to this city, arriving here next Monday morning. The groom is a brother of L. Gradi, the North Third street grocery merchant, and is the manager of the W. J. Lemp beer business here. In advance, The Citizen extends its congratulations.

AT THE ALVARADO.

Pleasant Reception Held There by Mr. and Mrs. Gibson Last Night.

A very pleasant reception was given at the Alvarado last evening in honor of Mrs. Savage, of Chicago, and Miss Cella Gibson, the charming daughter of Mr. and Mrs. E. J. Gibson, of West Gold avenue. Mrs. Savage, who has been the guest of her cousin, Mrs. Gibson, for the past month, will return to Chicago tonight, accompanied by Miss Cella Gibson.

The spacious dining room of the Alvarado was turned into a beautiful reception room and dancing was the enjoyable feature of the evening. The exquisite music filled the room with a feeling of gaiety and mirth. Edward F. Thomas, the popular vocalist, delighted the merry crowd with several fine selections.

The ladies present were: Meslames Macpherson, Kuhns, Savage, Gibson, Carnes, McKinney, Kloor, Albright, Misses Hartman, Celia and Edna Gibson, Braithwaite, Claude Albright, Sadie Lovett, Estella Lewinsson, Rams; Messrs. Edward Thomas, S. Lewinsson, A. Baum, Stanley B. Weld, Thomas Wilkerson, John Gibson, A. Faber, Ackney, Mudge, Kloor, Thomas Hughes, Jr., Adams, Fink, Dr. Carnes and Robert Kuhns.

Word comes from the sick chamber of Dr. J. S. Easterday that he is much improved today; that he had a good night last night and that his pulse is normal. His attending physicians today say that the reports in circulation yesterday that the doctor was in such a condition that his life was despaired of was an exaggeration. While the doctor was an extremely sick man, and is still very ill, his friends are advised that he is getting along nicely under the circumstances and it is hoped he will soon be up and around among his friends and former patients.

All members of Harmony lodge No. 17, I. O. O. F., and all other Odd Fellows are requested to be present at our meeting tonight. Initiation and refreshments. By order H. O. Strong, noble grand. O. S. Pillsbury, secretary.

Hon. Eugene A. Fiske, a well known attorney of Santa Fe, is here on some important legal matters. He was a pleasant caller at The Citizen office this morning.

Mrs. G. W. Stubbs, who was absent from the city the past few weeks, visiting relatives and friends in Salt Lake City, Utah, returned to the city last night.

Mrs. E. P. Jones and daughter, Miss C. F. Jones, are in the city from Findlay, Ohio.

FOR SALE—A good gentle working horse for sale cheap; must sell immediately. Yarrow, 209 South Second street.

LAST DAY

President Will End His Bear Hunt.

DESTRUCTIVE FIRE IN HELENA

One of Kentucky Convicts Confesses Conspiracy to Kill Goebel.

KENTUCKY GOOD ROADS CONVENTION

Smedes, Miss., Nov. 18.—This was the last of the president's hunting expedition in Mississippi. A messenger from camp this morning reported that the party got an early start. The weather conditions were better than they have been on any day of the hunt. It was cool and cloudy and the dogs could work without distress. The party will break camp late this afternoon.

Destructive Fire.

Helena, Mont., Nov. 18.—Fire early today threatened for an hour the complete destruction of East Helena. A fierce gale was blowing and to protect the residences and business portion blankets were made use of to prevent the flying fire brands from igniting. With the assistance of a steamer from Helena the fire was gotten under control after four buildings had been destroyed. The loss was \$100,000.

GOEBEL'S MURDER.

Youtzey Said to Have Confessed—Names Howard as Assassin.

Frankfort, Ky., Nov. 18.—It is generally believed that Henry Youtzey, now serving a life sentence for alleged participation in the conspiracy to assassinate Governor William Goebel, has made a confession. Warden Lillard, of the penitentiary, strongly maintains that no confession has been made by Youtzey to anyone, but admits that it could have been made in some manner without his knowledge. A prominent state official asserts, however, that there is not a bit of doubt of the confession and that it is a complete document.

The most sensational story told in connection with the confession is that Youtzey is quoted as saying that he stood in the private office of Secretary of State Caleb Powers, and pointed out William Goebel to the man who fired the fatal shot from one of the windows, and that he says that Jim Howard, now under life sentence for the crime, was the man behind the gun. He is said to have given even the minutest detail of what occurred in the room, for half an hour before the fatal shot was fired and who entered the room during that period. It is also alleged that Youtzey detailed his own actions immediately afterward in feeling to the office of Governor Taylor, and what was said and occurred in Taylor's presence in that office.

Another story told of the contents of the confession is that it, in one connection or another, contains the names of every member of the Kentucky administration with a single exception and that the single official avoided Frankfort during the days preceding the murder. This story, taken in connection with the testimony of former State Treasurer Walter Day, is taken as an indication that Youtzey called on all the officials as he did on Day, for a contribution to the fund he was accumulating to pay the assassin. What success he had cannot be known until the confession becomes public.

How the confession or statement was secured is a much mooted matter here. That there has been no promise of pardon is certain. There is a story that Mrs. Youtzey, wife of the prisoner, advised it. It is certain that neither J. J. Crawford nor Major Nelson, his attorneys, either advised or had knowledge of it.

Another story is that the act was voluntary on the part of Youtzey and that even his wife knew nothing of it until after it had been made. The alleged confession is said to be in the hands of officials of the commonwealth.

Gardner vs. Irwin.

Oakland, Cal., Nov. 18.—Billy Gardner, who has recently arrived on the coast, is scheduled to clash with Toby Irwin in a fifteen-round bout before the Reliance Athletic club tonight. Both men appear to be in good condition and an interesting fight is expected to be the outcome.

Good Roads Convention.

Lexington, Ky., Nov. 18.—The convention of the Kentucky Good Roads' association, for which preparations have been going forward for several months past, opened in this city today

and will continue its sessions through tomorrow. The attendance is representative of nearly the entire state. Several government good road experts are present and their talks and practical demonstrations are expected to give the good roads movement in Kentucky a decided impetus.

Death of a Young Lady.

Margaret Hogan, the 14-year-old daughter of Mr. and Mrs. P. D. Hogan, died this morning of heart failure at the home on South Broadway. Mr. Hogan, father of the young lady, is a machinist, having come to Albuquerque with his family from Chicago about two years ago. A wife of the death has been sent to the relatives in Chicago and arrangements will be made for the funeral as soon as an answer is received.

Edward Kaufman, who will be remembered as the southeastern agent for the W. J. Lemp's Brewing association of St. Louis, a few years ago, is returning to the United States after a recent trip to the Philippines in the interest of his association. He is at present visiting the principal cities of Italy, and has sent to his old friend, Oreste Bachechi, some fancy postal cards from Rome, Milan, Bologna, Florence and Verona, Italy.

OFFICIAL MATTERS.

Pensions Granted—Territorial Funds—School Reports.

LAND OFFICE BUSINESS.

The following pensions have been granted: Original, Prudentio Sanchez, Santa Fe, \$6; Increase, reissue, etc., Lorenzo Romero, La Cueva, \$10.

Territorial Funds.

Territorial Treasurer J. H. Vaughn received from Hon. H. O. Bursum, superintendent of the territorial penitentiary, \$11,120.10 to be credited to the convicts' earnings.

Superintendents Reports.

Territorial Superintendent of Instruction J. Franco, Chaves has thus far received only seven of the annual reports of the county school superintendents.

Designation of Agent.

The Tipografica Publishing company designated Raton as its place of business in New Mexico and Manuel C. Pacheco, of Raton, as its New Mexico agent.

Land Office Business.

Homestead Entries—Samuel J. Cease of Cedar Hill, 39.99 acres, San Juan county; Jose P. Lopez, La Baca, 160 acres, San Juan county; Charles Granville Coe, La Plata, 129 acres, San Juan county; Apolonio Valencia, Galisteo 160 acres, Valencia county.

Surveying Contract Awarded.

Surveyor General Morgan O. Llewellyn has awarded a contract to survey the Santa Teresa and Refugio Colony grants in Dona Ana county, and the San Miguel del Bado grant in San Miguel county, to Deputy United States Surveyor Wendell V. Hall for the sum of \$1,636.50. The contract has been approved by the interior department. Mr. Hall will start with a corps of surveyors about December 1, and intends to complete the work in about six weeks.

Apple Growers Meet.

St. Louis, Nov. 18.—As a result of the movement started last August the first American Apple Growers' congress began its sessions here today. Prominent growers from Illinois, Iowa, Missouri, Arkansas, Virginia, Nebraska, West Virginia, Alabama, New Mexico and other states and territories filled the assembly room of the Southern hotel when the gathering was formally opened. Permanent organization was effected, after which the growers listened to several papers on soils and other topics of interest, followed by general discussions. The sessions of the congress are to continue three days. While the primary purpose of the congress is to devise schemes, if possible to divert into the pockets of the growers a larger amount of the money obtained by the sale of the fruit, there will also be discussions of topics relating to the care and cultivation of apples, packing, etc. The attendance is fully up to the expectations of the promoters of the movement and the congress promises to be of material benefit to those engaged in the apple growing industry.

Excelsior lodge No. 1, Degree of Honor, will meet in regular session tomorrow (Wednesday) night at 7:30. All members urgently requested to be present. Very important business to discuss; also nomination of officers. Bata B. Allison, recorder.

STABBED TO DEATH

Desperate Deed of a Jealous Woman.

NEW MINISTER AT WASHINGTON

General Molineux and Son Refuse to Discuss Family Affairs.

STEAMER SUNK IN THE LAKE.

Rochester, Nov. 18.—Miss Florence McFarlan, aged 21 years, a music teacher, was stabbed to death in her father's house here today by another woman and an hour later Mrs. Lula Young, wife of Frank Young, at one time city purchasing agent, was arrested as being the supposed murderer. The woman who committed the deed rang the door bell of the McFarlan home and when Miss McFarlan answered it, attacked her with a knife. Miss McFarlan ran screaming through the hall into the kitchen, closely pursued by her assailant. In the kitchen she stumbled, half turning.

In a flash her pursuer was upon her and stabbed her five times. Miss McFarlan sank to the floor, dying instantly. The murderer fled. The only words she was heard to utter were:

"She came between myself and my husband and I am glad she's dead."

The dead woman was the daughter of a railroad man, and was a person of refinement and good appearance. Mrs. Young made no statement after her arrest.

Swiss Minister.

Berne, Nov. 18.—The Bundesrath has appointed Fernand Du Marthay to be Swiss minister at Washington. M. Du Marthay is now secretary of the legation at Rome.

DECLINE TO TALK.

And Why Should Anyone Want Them To Do So?

New York, Nov. 18.—Roland B. Molineux and his father were in conference with their counsel, George Gordon Battle, today. At the close of the talk Battle made the following statement:

"Neither General Edward Molineux nor his son, Roland B. Molineux, nor any other member of his family will make any statement in regard to the report in the press that Mrs. Roland B. Molineux has gone to South Dakota with the purpose of instituting an action for divorce."

"They regard it as private matter concerning which no public utterance should be made. General Molineux desires to say that all the members of his family have at all times treated Mrs. Roland B. Molineux with the utmost kindness and consideration. This is his last word on the subject."

Her Statement.

Sioux Falls, Nov. 18.—Mrs. R. H. Molineux today gave out in her own handwriting the following statement: "It is true that I am in Sioux Falls for the purpose of instituting divorce proceedings. I have no plans only that I shall be a resident here the next six months."

Senator Kittredge, her attorney, has enjoined her not to talk further to newspaper representatives.

Steamer Sunk.

Two Harbors, Minn., Nov. 18.—The steamer Robert Wallace, loaded with ore from Superior, Wis., for Cleveland, sank in the lake thirteen miles from this port last night, the result of breaking her stern pipe. Captain Nicholson and crew escaped to the schooner Ashland, which the boat was towing. The steamer sank in 300 feet of water and will be a total loss.

The trades' assembly will meet on next Sunday afternoon at 2 o'clock in Knights of Pythias hall. Delegates have been named from the painters, cigarmakers, linemen and printers' unions. The carpenters and blacksmiths are the other organized trades, but have not named their delegates as yet. However, they will be represented at the meeting. The trades' assembly is a sure go.

Rev. Mary J. Borden, the president of the territorial and local Woman's Christian Temperance union, was a north bound passenger last night. She expects to be absent some time, possibly until January 1, and before returning to this city will visit Chicago.

Judge John R. McFie, the judge of the First judicial district and one of the associate justices of the territorial supreme court, passed up the road for Santa Fe this morning, after a pleasant visit to his old home down in the Mesilla valley.

New Mexico demands Statehood from
the Fifty-Seventh Congress.

The republican party cannot afford
to disregard its platform pledges about
statehood.

Last night the enterprising people
of Silver City dedicated their new com-
mercial club with a banquet and ball.

Statistics of the last census show
that 94,083 of the 223,229 farms in Ala-
bama are operated by colored farm-
ers.

In October last the total value of sil-
ver coinage in this country reached
\$2,287,000, compared with \$2,791,488.50
in October, 1901.

The senate committee expect to
reach Deming next Friday, and if they
tarry in that enterprising town will be
entertained by the Commercial club.

Why not merge the Roswell military
institute with the Agricultural college.
This territory is maintaining entirely
too many institutions at the expense
of the tax payers.

Nestor Montoya, of this city, will be
the speaker of the house of the legis-
lative assembly. The session of the
assembly will begin January 19, and
continue sixty days.

Hon. A. W. Pollard, member-elect of
the territorial assembly from Luna and
Grant counties, is dangerously ill, and
his friends fear that he cannot recover.
He is afflicted with consumption and
has severe bleeding of the lungs on
Sunday evening.

The people of Las Cruces gave that
town a general cleaning up in expecta-
tion of a visit from the senate com-
mittee. The committee changed its route
and may not visit Las Cruces, and the
citizens are so disgusted that they are
carrying the dirt back into the streets.

In the middle of the Colorado desert
a little to the north of the Mexican
border and 264 feet below the level of
the sea, lies a field of crystallized salt
more than a thousand acres in extent,
presenting a surface as white as snow
and beneath the noonday glare of the
sun so dazzling that the naked eye can-
not stand its radiance.

SPANISH IN NEW MEXICO.

The Denver Republican, a strong
friend of statehood, has this to say on
the point made against New Mexico in
reference to the use of the Spanish
language in some parts of the terri-
tory:

"It is indicated that the movement
in behalf of statehood for New Mexico
will encounter opposition on account
of the fact that with a large percentage
of the population English is not the
language of every day speech.

"This would be equivalent to saying
that men who cannot speak English
cannot discharge the duties of Ameri-
can citizenship in a proper way. Yet
these Spanish-speaking inhabitants of
New Mexico are natives of the coun-
try. New Mexico is their home, the
land of their birth and the native place
of their ancestors for five or six gen-
erations. They are law abiding and
faithful now and they would be no less
so if the territory were to become a
state.

"To exclude New Mexico from state-
hood on this ground would be to put
the Americans residing there and deny
them the right of self government
through no fault of their own. To con-
demn New Mexico on this account
would be inconsistent with the fact
that many of the existing states have
a large illiterate population and the

further fact that every year more im-
migrants are admitted at the port of
New York who cannot speak English
than the entire non-English speaking
population of all the territories com-
bined.

"Congress has no right to discrimi-
nate between English-speaking and
Spanish-speaking citizens in respect to
their constitutional rights. The latter,
in the case of New Mexico, are as
much native to the country as the for-
mer, and in the eyes of the law their
rights are as sacred.

"The leading nations of the old
world number in the population tens
of thousands of people who do not
speak the language of the capital of
the country and it is wrong to say that
the rights of statehood under the Amer-
ican constitution should be restricted
to English-speaking communities. Re-
sides New Mexico is an English-
speaking community in respect to a
large percentage of its population, and
the English-speaking element is in-
creasing in strength from year to year.
Let it come in as a state and it would
be but a little while until the per-
centage of Spanish-speaking people would
be insignificant."

MINERS' HOSPITAL.

McKinley county wants the Miners'
hospital, says the Republican, and with
all due respect to the claims of other
places in the territory we believe it
should be located there. A thousand
men are engaged in the immediate vic-
inity of Gallup. A larger number will
be at work as the season advances.
The number of men injured in coal
mining is almost double that of those
engaged in mining gold, silver, copper
and lead. Gallup is on the main line
of the Santa Fe railroad, only five
hours' ride from Albuquerque. The
railroad from Durango to Clifton
through Gallup will be in operation in-
side of eighteen months, which will
give that city direct communication
with the mining country of southern
New Mexico and Arizona. McKinley
county has never been favored to the
extent of a dollar by the territory and
it should be recognized to the extent
of having the miners' hospital lo-
cated within its borders.

FOR SPEAKER.

The McKinley County Republican,
published at Gallup, says:
"Hon. Nestor Montoya, the talented
editor of La Bandera Americana, was
elected by a big majority to represent
the county of Bernalillo in the lower
house. Mr. Montoya is a candidate for
speaker and should by all means be
elected, as he is one of the best parla-
mentarians in the territory. He has
acceptably filled the position as court
interpreter in the second judicial dis-
trict for many years and is a finished
scholar. He has worked hard and
faithfully for the republican party
since he cast his first vote years ago.
He numbers his friends by the thou-
sands throughout the territory, and in
short is one of the best equipped men
we have to fill the difficult position of
speaker of the house."

SANTA FE.

From the New Mexican.
Superintendent Clinton J. Crandall
reports that there is very little ill-
ness at the United States Indian
school and not a single case of serious
or contagious illness.

Mrs. W. H. Manderfield and daugh-
ters, Eugenia and Cyrella, will leave on
Sunday evening.

Just within her grasp
is safety—but she
does not see it; she
is looking the wrong
way. There's many
a woman struggling
in a sea of disease
who is doing the
same thing—look-
ing the wrong way—
snatching at medi-
cinal straws when the
life buoy, Dr.
Pierce's Favorite Prescrip-
tion is within her reach.

Many a woman has testif-
ied: "I know I should
not be alive to-day but for Dr. Pierce's
Favorite Prescription." This famous
medicine establishes regularity, dries
weakening drains, heals inflammation
and ulceration, and cures female weak-
ness.

Weak and sick women, especially those
suffering from diseases of long standing,
are invited to consult Dr. Pierce, by letter,
free. All correspondence is held as
strictly private and sacredly confidential.
Address Dr. R. V. Pierce, Buffalo, N. Y.

"I take pleasure in writing to let you know
the great good I received from your 'Favorite
Prescription' and your Pleasant Pellets," says
Mrs. Nora Gaudin of Rio Hart Co., Ky. "I
took seven or eight bottles of 'Favorite Prescrip-
tion' and one or two vials of the 'Pellets'.
I think I would have been in my grave had it
not been for your medicines. It has been about
four months since I took the medicine. I was
all run down, had loss of appetite, could not
sleep at night, was nervous, had backache,
black spots on my limbs, and sick headache all
the time. I have not had sick headache since I
took your medicine."

"Favorite Prescription" makes weak
women strong, sick women well. Accept
no substitute for the medicine which
works wonders for weak women.
Dr. Pierce's Pleasant Pellets cure dis-
eases and sick headache.

Wednesday morning for Philadelphia,
Pa., to spend the winter season. Mr.
and Mrs. George W. Armijo will, dur-
ing their absence, have charge of the
Manderfield residence on College
street.

District Clerk A. M. Bergere has an
inquiry for Sara A. Beardsley, who lived
in Santa Fe some twenty years ago.
Her husband lives at Washington, D.
C., at present. Any information of this
woman's whereabouts that is available
should be given to District Clerk A. M.
Bergere.

Miss Grace Kennedy is home again
after a visit to her mother, sister and
brothers in Chicago. She declares that
the windy city is enjoying fine autumn
weather at present and that the only
trouble with it is that that kind of
weather does not last. The many
friends of the young lady are highly
gratified to see her in such good
health.

All but three of the thirty school dis-
tricts of the county now own their own
school houses and those three are
making arrangements to put up neat
school buildings. Much progress, in-
terest and improvement is being re-
ported in the county schools and an
especially able corps of teachers has
them in charge this year.

W. F. Dobbins was arrested recent-
ly on the charge of assaulting his wife
and for being intoxicated. He was
lodged in the county jail; this morn-
ing was given a hearing before Justice
of the Peace Francisco Anaya, who
held him under a \$500 peace bond and
under \$500 bail for appearance before
the grand jury at the next term of dis-
trict court.

Abe Gold has gained possession of an
ivory crucifix made solidly out of a
piece of ivory. It is of very beautiful
workmanship and was taken from one
of the priests who accompanied Maxi-
milian of Austria on his ill fated trip
to Mexico in the early sixties. The
crucifix which is mounted on black
ebony therefore has a historical as
well as an artistic value.

A. R. Manby, Jose Manuel Medina
and J. E. Russell, jury commissioners
for Taos county, have completed the
task of drawing the juries for the win-
ter term of the district court for Taos
county, which will convene on Decem-
ber 1 at Taos, and have placed the ven-
ues in the hands of District Clerk A.
M. Bergere. The next term of district
court for Santa Fe county will be held
in March.

Denver and El Paso Advertisers.

The big dry goods advertisers of
both Denver and El Paso monopolize
pages and half pages in all the after-
noon and morning papers without any
discrimination in favor of this or that
paper. They believe in placing their
goods before the people, and in doing
so use the columns of all the dailies. A
pretty good idea, and a winning propo-
sition in every instance. The Denver
Dry Goods company has two full pages
announcing their special and regular
sales, in the Saturday and Sunday is-
sues of all the Denver dailies, while
the other big merchants (and they all
believe in newspaper advertising) are
not far behind in their extensive an-
nouncements to the reading public.
They are reaching the people with
their Thanksgiving sales, and are do-
ing it along progressive lines.

interest to the western stockmen be-
cause of the particular attention being
given to the range cattle exhibit which
promises to be larger than ever before.
The Burlington Route is the popular
route with stockmen and the usual fine
service will be given to those who de-
sire to attend this big show. Tickets
will be on sale November 30 and De-

ROBBERS AT SPRINGER.

They Rob Two Stores, Dynamiting a Small Safe.

A special dispatch from Springer, N. M., to the Denver Republican, dated November 16, says:

"This morning after 3 o'clock burglars entered the store of P. P. Talle and partially opened his safe. They had secured entrance to the store by prying open with a bar the front door. Nothing was taken except a few groceries, razors and other small articles. The combination to the safe was blown off.

"During the same hours they also entered through a back door the saloon of J. W. Eshenour, wheeled a small safe that was near the front door to a back room and with dynamite blew the door entirely off. No money or other valuables was in the safe. From the cash register they took \$6 and from a slot machine \$4. They secured tools by breaking into the blacksmith shop of F. C. Peterson.

"This morning two men were arrested on suspicion and are in jail awaiting hearing tomorrow before the justice of the peace."

A Violent Attack of Croup Cured.
"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by all druggists.

ORCHARDS TO BE SET OUT.

Farmers Near Hagerman Will Set Out 11,000 Trees This Season.

While at Hagerman two days last week Wyatt Johnson was shown over a number of orchards. The trees were grown by him on the Stone ranch, set in the spring of 1894, and planted at Hagerman, one, two and three years later. The trees were large, thrifty, well shaped and in heavy bearing. Special notice was taken of the orchards of Harry Cowan and Mathew Larson. Mr. Cowan is planting 1,000 more trees and Mr. West, the owner of the Larson place, will plant 1,300 more. While there he booked nine orders, a total of over 11,000 trees. Pretty good for two days' work.—Roswell Register.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I can recommend it with the utmost confidence. It has done good work for me and will do the same for others. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64 Thirty-seventh St., Wheeling, W. Va. For sale by all druggists.

Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles as this great medicine. Alvarado Pharmacy.

DAM AT SILVER CITY.

Contract Awarded for the New Structure Which is Expected to Prevent Floods.

The city council of Silver City has awarded the contract for the construction of a dam across Main street to J. A. Harlan, until recently superintendent of bridges and buildings on the Santa Fe railway. The total cost will be \$13,414. The dam will extend from Bullard street to the bank on Main street and will be 235 feet long and 21 feet deep. It is believed this will prevent a repetition of the recent disastrous floods.

Luck in Thirteen.

By sending 13 miles Wm. Spirey, of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible Fever Sore on his leg. Nothing else could. Positively cures Bruises, Felons, Ulcers, Eruptions, Boils, Burns, Corns and Piles. Only 25c. Guaranteed by all druggists.

ALL OVER THE HOUSE.

Let the Sunshine Into the Sickroom and Taboo Curtains and Carpets.

Soft little rugs, which can be easily shaken, are the only covering that should be allowed on the floor of a sick room. Scrupulously clean that floor must be, for we have learned to fight infection with a scrubbing brush, and a nailed down carpet is looked upon as a sort of relic of the dark ages. Nothing which is incapable of washing should have a place in the sickroom. Since air and light

are remedial agencies of the very first importance, it is better not to have draperies. Let the light in to do battle with disease germs, to which is a far more powerful foe than any you can bring into the field. Screens are better than curtains. Light screens are easily shifted about to keep drafts and light from the patient, and they have none of the objections to be raised against curtains of harboring dust and shutting out light and air from the room. The best screens are simple wood frames hinged together and filled in with washable cretonne, suspended and held down by means of rods fixed in the same way as the short blinds on to a window frame.

DEFENDS "SCAB" LABOR.

President Eliot, of Harvard, Denounced the Unions.

Before the Economic club, of Boston, at their banquet the other night, President Eliot, of Harvard, denounced the labor unions of the country as opposed to the education of young men, and for what he termed "their fight against the development of manly instincts." In closing, he characterized the strike broker, or "scab," as he called him, "as a good type of the American hero." The Economic club was formed for the purpose of discussing current topics. The subject that night was "Industrial Battles and the Public." President Eliot had not promised to speak, but he was brought to his feet by discussion of the subject by previous speakers. He said present conditions indicated that many years must pass before the labor question is satisfactorily solved. Both sides must make concessions and adopt some plan. The principal objections to the labor unions, from the educator's point of view, he said, was their objection to young men becoming competent mechanics, and that they do prevent this is evident from the fact that all unions attempt to limit the number of apprentices employed in any industry. The right of labor is considered the most sacred right of the American citizen. President Eliot's objection to the labor unions was, he said, that the object of the union seemed to be to work as few hours as possible, produce as little as possible during that time and to receive as much money as possible for the service given. This attitude was in effect nothing more than a constant fight against the development of manly instincts. He said he had a profound contempt for any man who did not choose to labor every day, just as long as his strength would permit.

Jumped on a Ten Penny Nail.
The little daughter of J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by all druggists.

IN COLORED SOCIETY.

A Mix-Up Over a Wedding—A Mock Election in Las Vegas.

INTERESTING LOCAL HAPPENINGS.

Special Correspondence.

Las Vegas, N. M., Nov. 17.—The wedding bells of M. Jefferson and Miss Maggie Williams, colored, yesterday gave out a few discordant notes, and all because of a former joy of the groom's, who objected to being turned down so cold, especially after she had treated her "honey" so well and he had promised so faithfully to be good. It was a nice looking colored woman, who goes by the name of Fanny and lives in Raton. "Jeff" used to live in Raton and had made love to this lady there, and when she heard last week he was going to marry another "pusson" she came down at once and yesterday afternoon, after the ceremony which made her Jeff another woman's husband, she went to the little iron clad house back of the Opera bar, which was to have been the dove coot, smashed in the door, tore down the curtains, then grabbed an armful of dishes and went outside and smashed them over the rocks. As she was doing this the marshal came up and asked her what she meant, and she answered "You doan' s'pose white man I'm gwine ter 'low some odder wench to use de furnishuns I done paid for myself." Fanny was arrested, but no one appeared against her so she is out on peace bonds.

The trolley wire was being strung along Lincoln avenue today.

F. P. Waring is on as temporary agent for the Santa Fe again, relieving Agent J. W. Lucas, who left today for a trip to Canada. He will be gone about thirty days.

Jack Corbin, wife and party had a rather hard experience Saturday night. They went out to Kroonig's lakes on a hunting trip and got caught in the snow storm and came near freezing to death. They got considerable game, but Mr. Corbin also got sick and is today down in bed as a result of the exposure.

The funeral yesterday of Joe W. Morse was largely attended. Rabbi M. Lefkowitz performed the funeral ceremony at the home of the deceased.

A Baby's Birth

is very much like the blossoming of a flower. Its beauty and perfection depends entirely upon the care bestowed upon its parent. Expectant mothers should have the tenderest care. They should be spared all worry and anxiety. They should eat plenty of good nourishing food and take gentle exercises. This will go a long way toward preserving their health and their beauty as well as that of the little one to come. But to be absolutely sure of a short and painless labor they should use

Mother's Friend

regularly during the months of gestation. This is a simple treatment, which is to be applied externally. It gives strength and vigor to the muscles and prevents all of the discomforts of pregnancy, which women used to think were absolutely necessary. When Mother's Friend is used there is no danger whatever. Get Mother's Friend at the drug store, \$1 per bottle.

ed's father in law, B. Brash, on Columbia avenue, said a short prayer at the grave. The Elks turned out en masse to do honor to their dead comrade and friend and had the military band out to discourse funeral music on the way to the grave. The remains were laid at rest in the Jewish cemetery.

M. B. Bailey, mayor of the city of Danville, Ill., and state senator, passed through here today en route to San Diego, Cal., to see a sick brother. Mr. Bailey says Congressman Cannon, of Illinois, will be the next speaker of the national house and that Hopkins will be the next senator elected to Mason's seat.

Raton has sent a challenge here for a football game on Thanksgiving.

B. M. Read returned today to his home at Santa Fe and left his wife here. Mrs. Read had an operation performed yesterday for cancer and is getting along nicely, the operation having been very successful.

The Santa Fe tie picker started up today after a shut down of two months and has a run of 75,000 ties which will take another two months to preserve. The plant here has a capacity of 2,500 per day.

Messrs. Bond Bros., Bacharach Bros., and P. McCormick shipped yesterday a train load of sheep, forty cars, to Nebraska. They were loaded at the stock yards above the city.

Mrs. W. H. Smith left yesterday for Kenosha, Wisconsin, with her son, Earl, to spend the winter with her parents.

Hons. J. S. Duncan and Thomas Ross left this afternoon for the north on No. 2 on an extended trip in the interest of the Southwestern Building association.

Mrs. J. E. Harris, of Pueblo, who has been visiting the family of C. W. Todd, left this afternoon for Trinidad.

Mrs. J. Van Houten, after a visit of a few days to her parents here, returned this afternoon to her home in Raton.

J. C. Bromagren received the sad intelligence this afternoon of the death of his mother today at 12:30 in Mill Grove, Ohio. Mrs. Bromagren was 94 years of age yesterday and had been in feeble health for some time.

Most people, at least on the east side of town, were not aware that there was another county election yesterday held in Las Vegas, but there was and a right lively and typical one it was too.

It was a mock election, held by the young natives between the ages of 13 and 21, and there were two regular printed tickets in the field from delegate down to assessor, republican and independent republican. Conventions were held one night last week and full tickets put in the field, of which the Gallegos family seemed to be the ring leaders, for there were five Gallegos on one ticket and two on the other. There was also a Margarito Romero on the independent ticket. The boys had out rigs with signs on them and had a pocket full of nickels with which to buy votes, and were running the voters in heavily at a house back of the school house in precinct 26. There was the customary fights and several fellows had clubs and even guns intimidating the younger ones in their voting, so there was such a disturbance raised that the sheriff had to stop the election at noon to prevent somebody getting killed. The republicans claim that the independents were stuffing the ballot box inside and as their supply of nickels seemed to be the longest, they had a majority for their ticket at the time the polls were closed.

The older heads who promoted the election and gave the boys money with which to buy votes should be ashamed of themselves in teaching such ways of conducting elections to the young. If New Mexico is ever to have purity in elections it will not come by teaching young boys that their vote is saleable. Those youngsters should have been at home reading, or at least behaving themselves instead of promoting rottenness in elections.

Miss Catalina Flores, daughter of Mr. and Mrs. Gerardo Flores was married this morning at the west side Catholic church to Antonio Lujan of Sanchez. There was a reception at the house during the day and there

will be a "balle" tonight at the Buffalo hall in honor of the event.

Mrs. Charles Shirk is on the sick list.

Saturday night was the coldest yet this year, the thermometer getting as low as 9 degrees and only as high as 41 during the day. Last night was only 14 and not the coldest as was supposed.

Mrs. William Letcher is on the sick list today.

R. B. Rice, the city surveyor, left this morning for Santa Rosa to attend to some work there and look after business interests.

Second Successful Season.

People differ in their views on politics, religion, medicine, the value of a poker hand, the speed of a horse and a thousand and one other matters that come up in their daily lives; but there is a unanimity of opinion on the truth of the saying, "A laugh is worth a thousand groans in any market." The management of "A Wise Member," the jolly farce comedy that will be seen at Colombo hall Thursday, November 20, claims that it causes continuous laughter from start to finish; it is absolutely the brightest, cleanest, most wholesome and most entertaining musical comedy ever offered to a fun-loving public. It is a propeller of merriment, a compeller of hearty laughter. It will fresco melancholy faces with happy smiles, chase the blues back to Indigo, and make you feel that life is worth living.

POLICE COURT.

Several Offenders Fined—Two interesting Cases This Afternoon.

Police court started out this morning with prospects of a busy court, but two of the cases were postponed until this afternoon, on account of several witnesses not being present.

One case, which was to have been heard this morning, was the trial of a young girl employed by Ed Reible, charged with stealing several knives and a ruby pin. The girl was employed by Mr. Reible as servant. Several small articles were missed, and the girl was suspected. A trap was laid and Mrs. Reible claims to have caught the girl with several stolen articles in her possession. The trial of the girl is set for 4 o'clock this afternoon.

KILL THE DANDRUFF GERM.

Or Your Hair Will Fall Out Till You Become Bald.

Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causing falling hair, and, ultimately, baldness. After Prof. Unna, of Hamburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made which resulted in Newbro's Herpicide. It alone of all other hair preparations kills the dandruff germ. Without dandruff, hair grows luxuriantly. "Destroy the cause, you remove the effect." Send 10 cents in stamps for sample to The Herpicide Co., Dept. "F," Detroit, Mich.

AT COLOMBO HALL.

The Oberle Stock Company's First Appearance Last Night.

The Oberle Stock company in "The Lost Paradise" last night gave Albuquerque a most pleasant surprise. A good performance was expected, but no one was prepared for the refreshing clever and artistic manner in which the company made the initial appearance of their week's engagement. The play is a beautiful story and is not only entertaining, but instructive as well. Mr. Oberle as the young mill superintendent with a great heart and strong, broad mind, held the interest of his audience from his first appearance to the final curtain. His voice, action and make up were all in harmony and each varying emotion brought him nearer to an ideal interpretation of the part. He was well supported by Miss Lovell, the company's leading lady, who assumed the role of the rich mill owner's idolized daughter. It is a different part as there is not little in it to win sympathy. So much the more credit is due her for her personal efforts she scored a success which called forth frequent rounds of applause. She shows the true artistic spirit in the attention given to minute details. Mr. and Mrs. Louis Belmont are looked upon as old friends, for last night was not their first appearance here. Their work is always pleasing and in "The Lost Paradise" they pleased old friends and made new ones. Miss Della Buckley as a pretty, innocent and vivacious country girl warmed the hearts of all and simply filled the theater with brightness. Harry McAuliffe as a hale fellow well met and with a good word for all, made a decided hit. Miss Virginia Cranua and Ezra Norris made fun for everyone, as an eccentric pair of sparks from the factory. Miss Cranua is possessed of much magnetism and a faculty of entering completely into the spirit of a part portrayed. Her every appearance was hailed with delight. Mr. Norris was a revelation. One of The Citizen's staff was holding a conversation with him a few moments before he went upon the stage to make up. His change from the quiet, genial business manager to the uncouth, awkward and illiterate factory hand, was so complete, that

after the performance, the member of the staff in order to be real sure, asked him if it really was he who played "Billy." Miss Alice Graft won the love of the audience with the delightful portrayal of pure, self-sacrificing girl, Mr. Belasco as a fussy, precise old bachelor kept everyone in good humor and showed himself capable of great talent in characterization. A chat with him showed him to be possessed of great business ability also, and as one of the owners and managers of the company he has helped greatly in its success. Edward Hamilton as leader of the strikers, George Bosworth as a polished gentleman and Warren Sawyer were all fine and altogether it is the best balanced and cleverest organization of its kind that has ever visited Albuquerque. Mr. Hamilton's solo, "The Clang of the Forge," was a treat. He will give another solo tonight, as will also Miss Grace Hall, a mezzo soprano soloist who is said to be one of the best of our western production in that line.

The play tonight will be "The Big Casino" and it is an uproariously funny farce comedy.

It Was a Blunder.

The Optic is trying to make capital out of a blunder the Journal-Democrat and the local correspondent of the Denver News made in publishing the alleged opinion of Judge Baker in the Socorro county election case, wherein the articles stated that the judge had ousted all the independent republican and democratic candidates and had ordered that certificates be issued to the defeated republican candidates, when the judge had rendered no such decision and the case had not been concluded. No one regretted such an extreme partisan view of the case, then pending before the court, more than Judge Baker.

It is now understood that Attorney Alexander, for the republican candidates in the recent election of Socorro county, is filing ten contest cases, and the hearing of these suits will probably come up before Judge McMillan shortly.

FARMINGTON.

From the Mustier.

W. A. Hunter and wife returned home from Durango.

H. T. Hubbard, who was for some time quite ill, has about entirely recovered.

John S. Rodgers has accepted a position as bookkeeper in the First National bank.

E. C. Arnold had the misfortune to badly injure his leg a few nights ago by coming in contact with a wagon tongue, carelessly left in the street.

Mrs. A. F. Stump returned from Elfinham, Ill., where she went to undergo surgical treatment. We are pleased to say the lady comes back completely restored to health.

George Butler, S. E. Shoemaker and Woolman Waggoner, engaged in surveying the new Navajo canal, were all in town last week. The report the work progressing nicely, and soon to be completed enough to allow beginning of construction.

Arthur Thompson returned from the Fort Collins agricultural college, and will remain at home for the balance of the winter. Tom Locke, who has also been in attendance at the college, is likewise expected home during the week.

W. G. Ogle and R. D. Gerard, representing the Mutual Life Insurance company of New York, report having met with good success while in the country. These two gentlemen, accompanied by E. N. Buck and Dr. O. C. McEwen, will leave overland for Albuquerque next Wednesday morning.

A. B. McClure, of Aztec, accompanied by T. R. Bousman, H. Mosley and G. Y. Gaskins, all of Texas, were sight seeing in this vicinity. The latter gentlemen are home seekers who have concluded to make San Juan county their home in future, providing suitable ranches can be purchased.

CARLSBAD.

From the Argus.

Mrs. H. F. Christian has been suffering with a very severe attack of tonsillitis.

A letter received here recently by Mrs. F. G. Tracy announced the death of William, the infant son of Mr. and Mrs. W. L. McEwen, of Cooperstown, New York, from pneumonia. The bereaved couple's many friends here extend sincerest condolences.

The Denver News recently printed a good picture of James J. Hagerman, the Pecos valley "apple king," and devotes two columns to writing up his achievements in the western railway world, and in this section's irrigation systems. It is a deserved tribute to a strong man.

E. A. Herperger, formerly of Carlsbad, now mining in Alamogordo, has secured a ten years' lease on the Garnet group of mines, and will at once commence active development work. The mines are regarded as very rich and easily worked, as fifteen cars of ore were taken out and shipped during the first rough development, which run from \$4 to \$800 to the ton.

The invitations are out for the marriage of Ernest H. Every to Miss Young, in Colorado Springs, December 20. Mr. Every used to live in this section, owning the Ellice & Every ranch.

three miles south of town, and other property interests. He is an accomplished young Englishman and numbers many friends in Carlsbad. The bride is a daughter of a celebrated landscape artist whose home is in Colorado Springs, at which place Mr. Every is also in the brokerage business.

Some of the finest strawberry plants ever seen in this section were brought in, Saturday, from the Tracy orchard, a specimen of which was left at this office. They are large, healthy and acclimated, and Mr. Tracy will dispose of a few to parties desiring them in this neighborhood. More strawberry beds should be planted in this section, and these plants, raised here, offer better opportunities for successful growth than those brought in from eastern or southern nurseries.

WHITE OAKS.

From the Eagle.

Miss Pearl Keith is visiting her sister, Mrs. Leslie Ellis.

Miss Effie Hicks, sister of Mrs. S. M. Wharton, returned to Brownwood, Texas.

Misses Midge and Dottie Thomson, nieces of Mrs. Jones Taliaferro, left via El Paso for their home in Temple, Texas.

White Oaks is doing a good business this fall. A line of freight wagons are kept busy between White Oaks and Carrizozo all the time.

The Eagle Mining and Improvement company is putting in a set of four concentrators at the Old Abe. The excavation is about completed and the concentrators will set south of the mill on the north side of the canyon.

SOCORRO.

From the Chieftain.

Mrs. Frank Knoblock was of the number who arrived in Socorro from

MADE A TURN OVER.

Any One Can Do It.

A principal in a public school in Ohio had a food experience that will be familiar to many school teachers.

"The hard work of the school room was so wearing that I was completely worn out and could barely walk home at night and at other times I was so nervous that it was with much difficulty I ate or slept. I attributed my failing health to improper food, and felt that it would be necessary to quit my profession or get some food that would sustain my nerves.

"Fortunately enough at this juncture I discovered Grape-Nuts and am very grateful that I did. After using the food for a month I felt decidedly better and like a new man resurrected from the grave. The sluggish feeling, headache and nervous spells have all left me and I feel young and active.

"I can better concentrate my mind upon my work because my nerves have been strengthened and my health and energy has returned and I take interest in my work which before seemed a burden.

"I used Grape-Nuts every day because it is the best food for my system, has restored my health and I am correspondingly grateful." Name given by Postum Co., Battle Creek, Mich.

Magdalena.

Mrs. Charlotte Cortes was called to Kelly on business.

Dr. Charles R. Keyes returned to Socorro from a trip to St. Louis on business connected with the School of Mines.

Miss Helen Gildersleeve, of Santa Fe, came down to enter the School of Mines. She will make her home with her grandparents, Col. and Mrs. E. W. Eaton.

Max B. Fitch, of Magdalena, was in the city to meet his sister, Miss Bessie, who was returning from an extended visit with relatives and friends in the east.

When the clouds and mists rolled away from the Magdalena mountain Wednesday morning they revealed the mountains clad in a heavy mantle of snow, the first of the season.

Pantaleon Gonzales, of Lemitar, and Miguel Torres and Pablo Torres, of Socorro, have registered at the School of Mines. Thus the percentage of increase over any former enrollment goes merrily on.

The walls of Yunker's new brick building on lower Manzaneros avenue are laid nearly to the top of the first story. It is refreshing to see that somebody at last feels warranted in erecting a new building in the city. It is safe to predict that others will follow in the near future.

HILLSBORO.

From the Advocate.

Mr. and Mrs. Isaac Knight, of Lake Valley, are in town.

When the storm clouds lifted Wednesday they left a blanket of snow on the main range.

The recent election seemed to have cured many old sores and created some new ones.

Some of the machinery in the Porter mill is being overhauled, preparatory to making another run of Ready Pay ore.

The Andrews school opened with Miss Edna Anderson as teacher. The school house has just been completed and this is Miss Edna's first school. The young lady has the best wishes of her numerous friends.

Mrs. E. F. Pearson informs The Advocate that preparations are already underway to do a large amount of development work on the Mamie Richmond mine. A force of men are now engaged in repairing the road to the mine.

Juan Garcia, who lives on the river got his leg caught in a hay baler one day this week. Dr. Given was called to attend the unfortunate fellow. The limb was so badly mangled that amputation was necessary. The leg was taken off just below the knee. Garcia is but twenty years of age.

It is reported here that the Hillsboro Gold Mining & Milling Co. and the Snake and Opportunity people have consolidated their interests, and that these two famous groups of mines will be under one management. It is said that the mines will be extensively developed and large reduction works will be erected for reducing the ores of the mines.

Ed. Armer passed through town to bring back to the home ranch near Kingston several fine goats of the noted Armer flock, which had taken valuable prizes at the recent exhibit of the Angora Goat Breeders' Association at Kansas City. Accompanying these were a full-blooded Angora doe for which Mrs. Armer paid \$100, and an imported full-blooded Angora buck

from Asia Minor, for which she paid \$700.

A Policeman's Testimony.

J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Alvarado Pharmacy.

LORDSBURG.

Mrs. S. M. Patterson and family returned from her trip to Los Angeles. Dr. C. R. Lutton of the Michigan New Mexico company, left for his home in Grand Rapids, Michigan. He expects to return in a few weeks.

N. Hughes has sold his herd of cattle to John Robson. Mr. Hughes has reached that age where the labor of caring for a bunch of cattle is too much for him, and he thinks he is entitled to take life a little more easily.

The Lordsburg electric light plant and ice works appear to be in financial difficulties. The two plants are really one concern, operated by one boiler and one management. It has done a good business, but it would probably take an expert accountant to determine where the trouble was. The lights quit operating Sunday night, as did the ice plant, although the ice on hand has been peddled out since then. Monday E. C. Belt, the owner of the plant, and H. L. Gammon, who formerly was in partnership with him, and who has mortgage on the plant, went to Silver City to consult their lawyers and arrange for the continuation of the business. The closing of the light plant greatly disarranged the numerous patrons of the institution, who had got used to the lights and had to go back to lamps, candles, and the "lights of other days."

If you are bilious and seeking advisers, Take DeWitt's Little Early Risers, Just before going to bed. You will find on the morrow, You are rid of your sorrow—That's all; just enough said. These famous pills do not gripe, but move the bowels gently and easily, cleansing the liver. Their tonic effect gives strength to the glands, preventing a return of the disorder. J. H. O'Reilly & Co.; B. H. Briggs & Co.

The almost overwhelming volume of traffic which is crowding over American railways has within the last year or two brought to the front a number of able men who have developed wonderful abilities in dealing with the freight traffic problem. It would be invidious to mention a few names. They have found means for getting more work out of railroad tracks, out of motive power and rolling stock, and have evolved new rules for the management of their business which are of value. The presidents of many roads have

recognized the superior service of these subordinates and the business public likewise have recognized that the greater difficulties in the handling of traffic are bringing to the front men equal to the emergency.

Foley's Honey and Tar always stops the cough and heals the lungs. Refuse substitutes. Alvarado Pharmacy.

The thirteenth annual report of the Pennsylvania Hives west of Pittsburgh voluntary relief department shows a membership at the close of the fiscal year June 30 of 23,179, an increase of 2,122. The average number of members disabled per day was 778, or 35 for each 1,000. The death rate was 13 for each 1,000. Applications for membership were 11,010, while the cessations of membership were 8,868. Of

Asleep Amid Flames. Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death and doctor's bills. A teaspoonful stops a late cough, persistent use and most stubborn. Harmless and nice tasting, its guaranteed to satisfy by all druggists. Price 50c and \$1.00. Trial bottles free.

General Superintendent Smith, of the New York Central, says of the twenty-hour train service between New York and Chicago: "We are more than satisfied. It is making handsome returns, and the volume of business is such as to warrant its continuation."

Cured of Piles After 40 Years. Mr. C. Haney, of Geneva, Ohio, had the piles for forty years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

ASSESSMENT WORK. Six Hundred Claims in Socorro County Alone to Be Looked After.

The annual assessment work on mining claims has commenced and it is estimated there are 600 claims in Socorro county alone on which this work should be done. The law says that \$100 worth of work should be done on each claim which would mean \$60,000 worth of work in that county alone. El Republicano says there are many men who claim to own from ten to twenty mines who have not the money to do the work on one claim according to law and calls on them to allow others to locate their mines so the work can be done and the country developed.

A Thanksgiving Dinner. Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, exposing the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach. J. H. MRS. GEORGE WEBSTER DEAD.

For Two Years She and Her Husband Had Lived Near Carlsbad.

Mrs. George H. Webster, Jr., died suddenly at the home of her parents in St. Louis. Some few days previous her daughter, an infant of only two days, passed away. Mrs. Webster was a Miss Doughaday, daughter of a wealthy and prominent St. Louis business man. For the last two years she resided with her husband on the Vineyard Stock farm south of Carlsbad, this territory.

THOUSANDS OF WOMEN SUFFER, AND MANY DIE, OWING TO FALSE TREATMENT.

PAINE'S CELERY COMPOUND

Never Fails to Banish Disease and Re-establish Lasting Health.

Thousands of women are kept in sickness for months and years owing to false treatment and the use of worthless medicines, and we are inclined to believe that Milton thought of this class of almost dying women when he said:

"The angelic guards ascended, mute and sad."

The common sense treatment of today for weak, rundown and suffering women, is Paine's Celery Compound. This marvelous medicine is spoken of in every part of the civilized world, and men and women of all classes derive new life from its use. M. Elizabeth Messick, Marietta, Ohio, writes about her rescue from a low condition of physical weakness. She says:

"Eight years ago I was most successfully operated on for an ovarian tumor, weighing twenty-five pounds. After the operation tonics and foods were used in vain to bring back strength. In some way Paine's Celery Compound came to the rescue, and it really seemed that four doses produced a change. I was then 16 years old, and had three years more of school work. Your compound is the only thing I have to thank for strength during the last three years at school. Now, I am eight months of each year in the south in home missionary work among the freedmen. This last spring I would have had to give up, but one bottle of Paine's Celery Compound made me over again. My sister cured her eczema with Paine's Celery Compound. We recommend it to all."

INDIAN SCHOOL NOTES.

A number of improvements are in progress at present. The lavatory for the small boys is being moved to an outside building, thus giving much better accommodation for the little tots as well as having it much more sanitary.

The old store room is being remodeled and is being made in five commodious rooms for the lady employees. This is a much needed change and will be greatly appreciated by those who are to occupy the new quarters.

There are new gutters and down spouts being put on most of the buildings. The plumbing and trimming is being done by Whitney company.

The school exhibit, which was at the National Teachers' association at Minneapolis last July, has been sent to Washington, D. C., where it will be on exhibition in the Indian office during the session of congress.

Dr. Wood has gone to Zuni, N. M., to take care of the sick in that pueblo, as an epidemic of diphtheria had broken out among the Indians.

Miss M. E. Dissette, the supervising teacher of the day schools, has gone north to visit the schools in the northern districts.

Miss Mabel Collins and Mrs. Paul J. Smith have gone to their home in Acama, where they will resume their labors among the Indians of that pueblo.

He Could Hardly Get Up.

P. H. Duffy of Ashley, Ill., writes: "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." Alvarado Pharmacy.

International Stock Show.

The International Live Stock show at Chicago opens November 29 and continues until December 6. Reports from Chicago are that it will be the greatest show ever held in this country and probably the greatest in the world. Extra efforts are being made to accommodate the large number of entries which are greater than ever before. The Burlington Route will make a special rate of one fare plus \$2 for the round trip for stockmen desiring to attend this big show. Tickets will be on sale November 30 and December 1 and 2. Final arrival leaving Chicago December 8.

NEW SANTA FE LINE.

Will Reach Portions of Three Different States.

Now that the Santa Fe has started building new branch lines it seems to be getting a typical Rock Island move on itself. One after another new projects are sprung, and it is evident that if there is sufficient money and determination back of these projects, it will not be long until the new Santa Fe mileage equals the new mileage of its fast expanding rival.

First the Santa Fe went to work putting in new lines in Oklahoma. Next came rumors of important extensions in Texas and in Old Mexico. Then the proposed New Mexico cut off was incorporated. The very latest report is that the Santa Fe is planning to build a 250 mile line north from the vicinity of Needles, Cal., through the corner of Nevada and thence across Utah to connect with the Denver & Rio Grande at Cedar City, Utah.

The proposed line will probably follow the general line of the Black Canyon of the Colorado, which is an extension of the Grand Canyon. It will reach a rich mining country, and will give railroad facilities to a country which has heretofore been struggling along without.

In speaking of the proposed extension, the Searchlight, of Lincoln county, Nev., just north of Needles, says:

"R. B. Burns, chief engineer of the Santa Fe Pacific; J. T. Williams, local engineer, also of the Santa Fe Pacific; F. H. Minard, a mining engineer of Denver, and J. B. Graham, stenographer, arrived here Saturday by way of Manvel and left Wednesday morning for Eldorado and Cedar City, Utah."

"While as yet nothing definite has been given out by those in authority, still by the simple process of putting two and two together encouraging results follow. Less than two months ago John Denair, division superintendent of the Santa Fe, was here looking over the ground. Now comes Mr. Burns, chief engineer, accompanied by a competent mining and locating engineer. It would appear that the Santa Fe is seriously considering building into Searchlight. In fact, Mr. Burns practically admitted that his report would determine whether or not the road would be built."

"During their stay here Mr. Minard, the mining engineer, made a thorough examination of the different properties located in the district. The same careful examination of the resources of the country will be made on north as far as Cedar City. The report on construction cannot help but be favorable, and concerning resources it would be difficult to find a more desirable country from a railroad traffic standpoint. From Ithaca to Cedar City the country abounds in mineral wealth, including immense coal and iron deposits in the north, and gold, copper and lead propositions in the south. The road, if built, will be 250 miles in length, connecting with the main line of the Santa Fe at Ithaca, Cal., and the Denver & Rio Grande at Cedar City, Utah."

"The survey from here to Ithaca was made a year ago by T. L. Henderson, for Col. F. W. Dunn."

Anxious Moments.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons it can be safely given. Alvarado Pharmacy.

SANTA FE CENTRAL.

What Some People of Croaker Instincts Said About It.

"When the Santa Fe Central Railroad company first organized," said a well known railroad man to the El Paso Herald the other day, "many people said that it would never be built, and that it was simply a scheme to get the Santa Fe Railroad company to buy them off. From the evidence, however, that can now be seen, it is certain that the company will do all it has promised. The officers are pushing their grading work all they can and no doubt will be ready to commence laying steel by the first of January next. They have also just placed an order for twenty-five box cars, fifteen gondolas, four coaches, and one private car. They have also placed an order for one 18x24-inch mogul and two 19x24-inch mogul engines with the same company, requesting delivery as soon as possible. All these orders have not been placed for fun and would not have been placed had not the company intended to do something."

The Postal Telegraph people have also secured the right of way over the Santa Fe Central line and as this company has a line over both the Santa Fe and Rock Island roads, it will be in position to handle the traffic on the new line in better shape than any other company. At Torrance, under the

present arrangement, the company has to transfer all messages between the lines on the Santa Fe Central and on the Rock Island across town by special messenger, but this feature this company is now working to overcome, and it will not be long until the company will have a direct line from El Paso to any point on the new line by way of Torrance. This connection will greatly facilitate matters in the handling of business from El Paso to Colorado points, for should the line be down between El Paso and Santa Fe the company will be able to cut in and use the line over the Rock Island and Santa Fe Central routes, which will give them two outlets from El Paso."

DEMING.

A Few Pointers About a Good Town in Southern New Mexico.

Keep your eye on Deming. Deming has just been incorporated. Deming, the coming city of New Mexico.

Deming has a magnificent school system.

Deming, the railroad center of New Mexico.

Deming, the gateway to the best part of Old Mexico.

Deming! Don't overlook it if you are looking for a sale and paying investment.

Deming, the seat of the new county of Luna.

Deming is the great mining center of the southwest.

Deming water is chemically pure—equal to Polan Springs.

Deming has increased 50 per cent. in population in four years.

Deming water and pure ozone make strong and healthy people.

Investments in Deming lots will double and treble in one year.

Deming has now a large ice plant and electric light system under contract.

In Deming the demand for rental houses is five times in excess of the supply.

Deming has an abundance of water for irrigating vineyards, orchards, or gardens.

Buy lots and build in Deming. Your rental returns will be 20 per cent. on the investment.

In Deming good safe loans can be had at better rates than in the old established towns.

In Deming you can buy lots for \$100 which will pay you 100 per cent. in less than twelve months.

In Deming another good hotel is needed to accommodate the enormous increase of population.

Deming is a great health resort—has no superior in climate for the cure of pulmonary troubles.

Deming will be the great smelter center. Two large plants will be installed within the year.

Why buy high priced lots when you can get them cheap in Deming now, with certain advance assured?

Agricultural lands in Deming are unsurpassed for fertility, production of fruits and vegetables of all kinds.

Deming! Have you been there? If not, you should get there for the big sale of lots on the 17th of this month.

Deming offers the same opportunities now that the most prosperous cities in the west offered several years ago.

Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow.

Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the southwest and cattle men all know this.
