STILL ON STAND

President Mitchell Quizzed by Attorney Macveagh.

QUESTIONS AND ANSWERS LIVELY

Brussels Police Made a Mistake in Arresting an Englishman.

PRESIDENT'S BEAR HUNT UNSUCCESSFUL

Scranton, Pa., Nov. 17.—President Mitchell of the Miners' union, resumed the stand on the convening of the coal strike commission and his cross examination by Wayne Macveagh, which was begun on Saturday, was resumed. Macveagh represents the Erie company, which operates mines under the name of the Pennsylvania Coal company and the Hillside Coal and Iron company. Mitchell, who has been on the stand since last Friday morning, brought with him a number of documents and books which he frequently referred to in order to refresh his memory. Macveagh began the examination by reading from newspaper clippings the methods of a labor organization known as the Operative Plasterers' association of New York against the employers.

"Do you approve or do you heartily disapprove of these methods?" asked Mr. Macveagh.

"I should say that my union has no such rules," answered Mr. Mitchell.

Macveagh repeated his question and Mr. Mitchell said: "I can only say that in the absence of knowledge as to the causes which made them adopt such resolutions I am not competent to pass upon the fairness or unfairness of them. On the surface and with the information you convey to me, I should say they are unfair."

Macveagh referred to the subject of placing the responsibility for the increased price of coal and inquired: "Do you still say it is none of your business what additional cost the people will have to pay for their coal if that additional cost is the immediate result of your demand?"

"I have not said at any time it was none of our business," replied Mr. Mitchell. "I have stated it was beyond our control; that we have absolutely nothing to do with the selling price of coal."

"Mr. Mitchell, do you think you have the right to ask for an increase in wages which, if granted, would increase the cost in living to hundreds of thousands of poor?"

The miners' representative replied that there are hundreds of thousands of persons in the anthracite field who are starving and it is their fundamental right to ask for living wages in return for labor.

The examination for a few minutes became very spirited on this phase of the consequence of this strike, and then Macveagh turned to the matter of protecting properties during the strike. Raising his voice to a pitch and speaking with great fervor, Macveagh asked the witness: "Don't you know, as well as you know your name is John Mitchell, that in spite of the authorities of this city, this county and this state, this whole region has been treated for five months to a veritable forest of hell?"

Mr. Mitchell calmly replied: "I don't know anything of the kind."

"Well you will before we are through with you," was Macveagh's retort.

The commission allowed Macveagh the greatest latitude in his questions, many of which had no apparent bearing on the matter in hand.

The strike investigation commission decided to send invitations to representatives of the Illinois Coal Operators' association to appear before the commission and tell the condition in that state under the system of yearly agreements with the union.

WRONG MAN ARRESTED.

Brussels Police Arrest an Englishman on Suspicion.

Brussels, Nov. 17.—The police arrested an Englishman named James Hardie on suspicions of his having been connected with the attempt made on Saturday by Robino on the life of King Leopold. He turns out to be James Keir Hardie, M. P., former chairman of the independent labor party and a well known labor leader. He was subsequently released and has lodged complaint at the British legation.

Poor Bear Hunt.

Smedes, Miss., Nov. 17.—Rain, which began falling last night, was still coming down this morning and the prospect for a resumption of the bear hunt from the camp on the Little Sunflower

was not very flattering. Tomorrow night the party will break camp. Train will leave here in time to reach Memphis at 9:30 Wednesday morning.

No Alarm Felt.

Washington, Nov. 17.—No anxiety is felt at the White House concerning Theodore Roosevelt, Jr. It is expected he will be able in a couple of weeks to return to his studies at Groton, after resting his eyes.

Death of John Haberly.

John Haberly, who was employed during the summer as stenographer at E. J. Post & Co.'s, died last Friday at his home in Sterling, Ill., and was buried there yesterday. The deceased was pitcher of the Alouquerque base ball club, and in a game at Santa Fe during the past summer exerted himself to such an extent that he did not participate in any other game during the season. A short time ago, feeling that he was growing worse, the young man was taken back to Sterling, accompanied by his sister, and now a message has been received announcing his death. The local base ball players and admirers join The Citizen in extending condolence to the bereaved sister, who was here with her sick brother, and the family back in Illinois that waited their coming.

DISTRICT COURT.

Judge Baker Renders Decision in Socorro County Election Case.

OTHER COURT MATTERS.

The Socorro county election case was resumed before Judge Baker last Saturday. The court sustained the plaintiff's contention in part and held that the returns received by the commissioners from San Antonio precinct were illegal, because the board had illegally appointed the judges of election, and ordered the commissioners to canvass the returns as made by the judges of election who were elected by the electors at the polls.

In the injunction proceedings the court refused to enjoin the commissioners from granting certificates of election on the face of the returns, but ordered the ballots to be kept in a special custody, and preserved pending the result of contests; for the reason that it was admitted that in each precinct a number of the so-called independent ballots had been voted; and the court holding that the emblem of the independent republicans was used to deceive and defraud, they adopting the flag streaming in an opposite direction from that heretofore adopted by the republican party in connection and enclosed in a square made of delicate lines.

Court this morning tried the case of E. B. Quick vs. W. P. Metcalf, suit on promissory note for \$500 given by defendant to plaintiff in course of some transactions concerning land bought about the time of the panic in 1893, and the court rendered judgment for plaintiff for \$500, interest and costs.

In case of W. Hesselton vs. Albuquerque Construction company and J. B. Canrahan, judgment by default was entered for \$150 against each defendant.

The court also tried the case of Max Becker vs. Transito Galdon for \$73 note given for insurance premium, and the defendant denied the execution of the note, but plaintiff sustained his case and the court rendered judgment for the amount of note, interest and costs against defendant.

SALAS-WERNER.

A Pretty Wedding at Cathedral in Old Town This Morning.

This morning at 8 o'clock a very pretty wedding took place in the old town cathedral, the contracting parties being Miss Sofia Werner and David Salas. The marriage ceremony was performed by Rev. Father A. M. Gentile. The bride is the daughter of Mrs. Josefa C. de Werner, and a sister of Tomas Werner. The groom, David Salas, is the stepson of J. M. Chavez, of Old Albuquerque, one of the oldest and best known Spanish families of Bernalillo county. J. R. Sanchez and wife acted as groomsmen and bridesmaid. This afternoon a reception is being held at the residence of the bride's mother, where all is happiness and good cheer. The lovely bride was beautifully gowned in white, and with the groom received the congratulations of their friends. In another room was spread a bountiful repast, to which everyone did ample justice, wishing the happy couple a long and happy married life. Mr. and Mrs. Salas leave for California tonight on a two weeks' wedding tour, after which they will be at home to their friends. The Citizen extends congratulations.

DEPOT DESTROYED

Dynamite Exploded, Killing Half a Dozen Men.

YOUNG CORBETT TO MEET O'KEEFE

Club Women of Texas Holding Convention at Beaumont.

COLORADO CITY GAMBLERS IN JAIL

Birmingham, Ala., Nov. 17.—The freight depot on the Southern railway at Pell City, a junction point fifty-five miles east of Birmingham, burned early today and a quantity of powder and dynamite exploded. It is reported that four or five men were killed and several wounded. A freight train was partially wrecked. The wires are down and details have not yet been received.

Later.

Birmingham, Ala., Nov. 17.—Later information states that two persons were killed and ten injured, two perhaps fatally.

The dead are D. A. Merchant, of Pell City; Thomas Whitfield, brick mason from Cedartown, Ga.

The injured: Hon. J. B. Spears, a former member of the Alabama legislature and republican candidate for congress in the Seventh district two years ago, arm broken and internally injured, may not recover; Engineer John Griffin, terribly cut in side by piece of flying wood, fatally wounded; W. M. Tilden, Atlanta, bruised; Macey Seaborn, hand broken; D. A. Pike, agent Seaboard Air line, arm broken and leg injured; Frank Hightner, Cedartown, Ga., head injured; Mrs. Harry Cornell, proprietor Pell City hotel, foot crushed and internal injuries; W. A. Croley, druggist, face and chest hurt; Conductor E. P. Sinclair, arm broken; Conductor J. M. Jackson, right shoulder dislocated.

When the fire was discovered the night operator gave alarm by repeatedly firing his revolver. This aroused the citizens, who ran to the depot to help save the freight. The fact was overlooked that fifty cases of dynamite were stored in the place and the explosion occurred while a large crowd of citizens and railroad men were near the scene. Ten business houses were also wrecked, causing heavy loss. Two freight trains on the siding were gotten away in time to save them.

Champion to Fight O'Keefe.

Chicago, Nov. 17.—A battle of considerable prominence is promised at the American Athletic club tonight when "Young Corbett," the featherweight champion, meets Jack O'Keefe. O'Keefe has made a good record as a fighter in Chicago and vicinity and though hardly to be considered in the champion's class he is expected to give a good account of himself. Admirers of Young Corbett find grounds for complaint in the fact that the champion is not keeping himself in good fighting condition and consequently is taking an unnecessary risk in engaging in the numerous contests he has of late.

CLUB WOMEN MEET.

They, of the Lone Star State, in Convention at Beaumont.

Beaumont, Texas, Nov. 17.—The sixth annual meeting of the Texas Federation of Women's Clubs was called to order shortly after 9 o'clock this morning by Mrs. Percy V. Pennybacker, of Austin, the state president. The auditorium was elaborately decorated. More than 300 delegates and visiting club women were present. Addresses were delivered on behalf of the city and the local club women and the response was by Mrs. John C. Coit Osborne, Cleburne, for the north central district; Mrs. John B. Goodhue, of Beaumont, for the southwestern district; Mrs. Edmund Key, of Marshall, for the northeastern district; Miss Cockrell, of Abilene, for the northwestern district, and Mrs. Milton W. Sims, of Bryan, for the southwestern district.

Reports of the various federation officers and the election of new members were the principal features of business at the afternoon session. This evening the delegates are to listen to an address by Mrs. D. T. S. Dension, of New York City, president of the General Federation of Women's clubs. The sessions of the convention are to continue until next Friday. The promotion of the educational movement is to be the principal work of the present gathering. The federation hopes to be able to raise an endowment fund for scholarships in the state

university for poor but deserving girls. The movement has aroused general interest throughout the state and promises to result successfully.

Must Stay in Jail.

Denver, Nov. 17.—The Colorado City gamblers must remain in jail thirty days and pay a fine of \$500 each as sentenced by Judge Cunningham, of the El Paso county district court. Governor Orman this morning refused to extend clemency in their cases, saying that the men had a fair trial and he could see no reason for interfering. A petition for pardon was presented to the governor last week and raised a stormy protest from the citizens of El Paso county and the sending to the governor of numerous counter petitions.

Another Adjournment.

New York, Nov. 17.—The hearing in the case of Morse and others against the Montana Ore Purchasing company, which was set for today has been adjourned sine die. At every date set for a hearing the referee has met with an agreement between the lawyers for a further adjournment. Mr. Klein, the referee, said today the proceedings had not been abandoned.

NEW MEXICO BAPTISTS.

They Closed a Very Successful Convention in This City.

WILL MEET NEXT YEAR AT ROSWELL.

The New Mexico Baptist convention closed last night after a three days' session, and the general opinion is that it was the most successful in the history of the organization.

The convention will meet next year in Roswell.

The delegates attending the convention took great interest in the sessions and the genuine enthusiasm spoke well for the work being done. The reports of the missionaries in the field are highly encouraging. The Navajo mission at Two Gray Hills, founded a year ago, will receive another worker, Miss Carrie Newell, of Albuquerque, who will soon join Mr. and Mrs. R. B. Wright in the work among the red men.

The addresses by Dr. Rishel and Dr. Williams were very interesting features of the convention.

The missions in the Pecos valley and Las Vegas are reported in a progressive and gratifying condition.

A new appointment agreed upon at the convention for the coming year, will be a district missionary to assist Superintendent George H. Brewer in the extensive field in which he is working.

Yesterday's Program.

Rev. O. A. Williams, of Minneapolis, addressed the largest audience that had gathered in the church during the convention, yesterday morning. His sermon was very impressive and had a decided effect on the workers.

The afternoon, which was devoted to women's work, was of much interest. A large number of papers were read, addresses were made, which were an enjoyable feature.

The program was in charge of Miss Nina T. Everett and Mrs. Pauline B. Toombs, late of the Mexican mission at Las Vegas; Mrs. W. H. Rishel, of the school at Velarde, and Mrs. R. B. Wright, of the Navajo mission at Two Gray Hills.

"The Unseen Glory" was the subject of the sermon delivered by Rev. A. R. Willett, who was recently called to the church at Silver City, last night.

An interesting talk by Rev. R. B. Wright on the superstitious customs and life of the Navajos, followed the sermon, and was instructive as well as interesting.

A. L. Newton gave a pleasing number, after which the consecration services led by Rev. Herman J. Powell, brought the convention to a close.

The delegates were profuse in the expression of gratitude and appreciation for the kind attention shown them while guests of the congregation. Sincere thanks are expressed by the convention to the ladies who served meals in the church parlors during the convention, to A. L. Newton, Miss Florence Chapin and Prof. J. D. Walker, who gave their support in making several of the programs attractive.

Col. A. A. Trimble, the popular superintendent of Albuquerque street car line, has returned to the city after enjoying a visit of four days to his son, John S. Trimble, and his family at El Paso. Mr. Trimble says the Pass City is a fine town, and from all appearances everything in sight seemed to be prospering immensely. He left Mrs. Trimble, who was during the past summer a very sick woman, fully restored to health again.

TRAINS COLLIDE

A Fatal Wreck on the Pennsylvania Road.

EXPLOSION IN A COLORADO MINE

James Wilcox, Charged With Murder, Again on Trial.

ST. LOUIS CROOKED COUNCILMEN

Bolivar, Pa., Nov. 17.—As a result of a rear end collision of an extra freight train and light running engine on the Pennsylvania railroad at this place today two men were killed, one seriously injured and two engines demolished. The dead: Engineer H. S. Moore, Brakeman L. V. Dierman. The injured man is W. D. Mock, fireman.

EXPLOSION IN COAL MINE.

Night Shift Rescued—No One Killed, But Several Injured.

Lafayette, Colo., Nov. 17.—A terrific explosion occurred in the Simpson mine, the largest of the Northern Coal company's workings, at 3:40 o'clock this morning. A rescue party was immediately formed and after search the night shift was rescued. Three men were severely burned about the hands and face and five others slightly injured. Their rescue was almost a miracle as fire damp or smoke was everywhere in the mine. It is thought the fire in the mine will be controlled by night.

THE CROPSY CASE.

New Trial for James Wilcox, Charged with Murdering Nellie Cropsy.

Elizabeth City, N. C., Nov. 17.—The term of court which commenced here today promises to be of extraordinary interest as the case of James Wilcox, once convicted of the murder of Nellie Cropsy, comes up for trial again.

Wilcox is the son of ex-Sheriff Thos. P. Wilcox, of this town. He went to the home of William H. Cropsy, a well-to-do man of this place, on the night of November 20 last, to call on Miss Nellie Cropsy, to whom he had played the deserted lover since 1898. When he arrived the family was in the sitting room. Roy Crawford was there calling on Miss Olive, a sister of Miss Nellie. Soon after 9 o'clock the members of the household, except the two sisters and Miss Carrie Cropsy, a New York cousin, retired. At 1:30 o'clock Miss Carrie went to her room, leaving the two young men, Crawford and Wilcox, with Olive and Nellie. Wilcox and Nellie had been quarreling for a month or more and were not on speaking terms. The girls had refused the day before to accept fruit bought by Wilcox. He had been paying special attention to Miss Carrie for a week or two.

Without having said anything to the girl during the evening Wilcox put on his hat shortly after Miss Carrie had retired and asked Miss Nellie if she would not speak to him in the hall. She said nothing but went. The door was closed behind them. The girl disappeared and was never seen alive again by anyone except Wilcox. Her body was found thirty-seven days later in the Pasquotank river, not more than 100 yards from the house.

Wilcox was arrested and tried for her murder. Public feeling was very intense and speedy trial resulted in a verdict of guilty and a death sentence. There was some fear at the time of mob violence. In granting a new trial, the supreme court said that the evidence was entirely circumstantial; that the jury did not seem to have given the necessary cautious and vigilant attention to the evidence or to the presentation of the prisoner's case by counsel, and that the conduct of the spectators in and about the court was sufficient to prejudice the jury.

Crooked Aldermen.

St. Louis, Nov. 17.—Fourteen indicted members and former members of the house of delegates appeared in Judge Ryan's court today for trial on four charges. In most cases two each of bribery and two of perjury, in connection with the suburban street railway franchise deal. Lawyers pleaded lack of preparation and a continuance of half a day was granted.

A Double Birthday.

A double birthday was the occasion of a very pleasant surprise tendered Charles and William White, Saturday evening. Mrs. S. W. White, mother of the boys, had everything in readiness

for an enjoyable celebration of the event. The party was a complete surprise to both of the young gentlemen and everyone enjoyed themselves immensely. An elegant supper was served which was followed by dancing. Then the guests were entertained with games, music and more dancing. As the hour was nearing midnight the party broke up, and many good wishes were extended to the young men, and courteous compliments for the kind mother.

Stevens-Hill Marriage.

A very pretty church wedding took place in the Church of the Immaculate Conception yesterday afternoon at 5:30 o'clock, when S. D. Stevens and Miss Anna Hill were united in marriage by Rev. Father M. Mandalari. Only the most intimate friends were present at the wedding. After the ceremony an elegant wedding supper was served at the home of the bride. A short visit to Santa Fe and Las Vegas will be the extent of the honeymoon. The young lady has lived here all her life and has many friends. The groom has a reputation as a popular hotel man, having held the position as day clerk at Sturges' European hotel for some time. They have the hearty congratulations and best wishes of their friends.

WERE AT EL PASO.

Officers Returned This Morning Without the Suspected Robber.

WORKING ON GOOD CLUES.

Detectives Riley and Ben Williams have arrested two men believed to have been implicated in the recent robbery at Albuquerque, wherein a store was despoiled of money and jewelry, and \$900 was taken from the safe of the Santa Fe depot, after it had been dynamited.

One of the suspects was trailed from San Marcial, where he sold one of the stolen watches. A second watch sold by the same man was found at the Jockey Club saloon. Both timepieces were fully identified as part of the plunder taken by the burglars.

Ben Williams, after landing the suspects behind the bars, left for Albuquerque to secure further evidence against the accused. He is expected to return in a day or two and if there is no hitch in the proceedings the prisoners will be removed to New Mexico without delay.—El Paso Times, Nov. 16.

Marshal McMillin and Special Officer Ben Williams, of the Santa Fe, returned from El Paso this morning, but without the prisoner, who is in custody at El Paso. The other man spoken of in the above article was the suspect, Hackett, brought here from San Marcial the first of last week. The arrest of the man at El Paso was made through information secured from Hackett, who had several articles on his person when arrested, which he claimed he obtained from the man now held in El Paso. The prisoner at El Paso refused to return with the officers, without requisition papers. Chief McMillin has sworn out a fugitive warrant and will go after his man soon.

The property found on the man Hackett, held here, which he claims to have secured from the El Paso man, were identified as being the property stolen from the safe of Sol Benjamin & Co.

The officers are using every clue obtainable and mean to locate the safe crackers sooner or later. They think now they have a good clue and will keep working until they develop a substantial evidence.

However, the prisoner at El Paso claims to know nothing of the safe robbery and positively denies that he was in Albuquerque. He will be brought here as soon as the papers can be served.

Officers Return.

Deputy United States Marshals George A. Kaseman and R. E. Leatherman have returned from Las Vegas, where they were attending the trial of the four robbers connected with the Fort Sumner postoffice robbery October, 1901. Deputy Marshal Fornoff had gone to Santa Fe to place Witt Neil and Cook in the penitentiary, pending sentence. George Massague and Smith have made confessions that they were implicated in the Fort Sumner robbery and will be taken to Puerco de Luna, Guadalupe county, to be placed on trial for murder, alleged to have been connected with the death of a boy, who was killed in a hold-up. Neil and Cook were placed behind the bars, as it was thought safer on account of the bitter feeling against them.

Deputy Marshal Fornoff returned last night from Santa Fe.

TEXTILE WORKERS

Want Fewer Hours in Which to Labor.

THE SHAFFER-GOMPERS DIFFICULTY

They Bring Up Old Charges at the New Orleans Convention.

SULLIVAN IN A NEW ROLE.

Philadelphia, Nov. 17.—Thirty-five thousand textile workers in 300 mills in this city will make a demand upon the employers for a reduction in their hours of labor from sixty to fifty-five a week. This was decided upon at a meeting of delegates representing 20 unions, which was to embrace the entire local textile trades. It was said today the demand will be submitted to the manufacturers not later than January 1.

SHAFFER-GOMPERS.

Two Well Known Labor Leaders at War With Each Other.

New Orleans, Nov. 17.—The old dispute between President Shaffer, of the Amalgamated Steel Workers, and President Gompers, of the American Federation of Labor, broke out afresh in the labor convention today and there is every prospect that on this occasion the fight will be to the finish.

Charges were originally made by President Shaffer after the termination of the great steel strike of 1901. They were to the effect that President Gompers, of the American Federation of Labor, and President John Mitchell, of the United Mine Workers, had been guilty of non-unionlike conduct in refusing support of their organizations in the fight.

They, on the other hand, asserted that the association, over which President Shaffer presided, was trying to violate agreements and his stand was contemptible.

Delegate Sheridan, of the Amalgamated association, colleague of President Shaffer in the convention, threw a bomb by asking consent to introduce a resolution calling for investigation of the charges.

Both parties announced that they courted investigation and it will be referred to a special committee of five, two selected by President Gompers, two by President Shaffer and the four to choose the fifth.

After adjournment President Shaffer asserted with great emphasis:

"The entire thing is a scheme to injure me and to discredit me so that I cannot be re-elected. I had no part in the presentation of the resolution offered by Sheridan, and I believe he and Gompers are in collusion regarding it."

When this statement was made to Sheridan he denied there was any cooperation between himself and President Gompers. The latter said: "Shaffer may be entirely correct when he said he did not desire the introduction of the resolution, but it is utterly false that I am in league with Sheridan, or anybody else in this matter."

Sullivan in Vaudeville.

New York, Nov. 17.—Having grown tired of appearing as "Simon Legree" in an "Uncle Tom's Cabin" show John L. Sullivan has turned his attention to vaudeville. Tonight he will make his debut at Harlem Music hall as a monologue artist, emulating the example of James J. Corbett.

HERE FROM GOLDEN.

What an Old Mine Operator Has to Say.

J. B. Mayo, of Golden, is in the city today and was a pleasant caller at The Citizen office this morning and the following paragraphs were elicited from him in conversation:

The camp is quiet since the copper company shut down. Some prospecting going on continually.

Mr. Lofnick is doing some work on his McKinley mine and getting out some good ore.

The Gold Standard mine has not been operated for a short time, but is expected to resume work shortly.

Frank White recently struck a very rich vein of copper and is preparing to do considerable work on his property.

Work is being prosecuted on the Cartright & Perry property. Mr. Mayo is here on business, and may remain a couple of days.

B. Spitz left last Saturday night for El Paso, where he will visit relatives for a few days.

New Mexico demands Statehood from
the Fifty-Seventh Congress.

The contest in Socorro county will
result in doing away with deceptive
ballots at future elections.

Senator Beveridge could not belong
to a labor union. The distinguished
Indianian works about twelve hours
every day.

The senate committee left this city
most favorably impressed with the
enterprise and progress of the people of
New Mexico.

It is expected that President Roose-
velt will favor the territories by ur-
ging their admission to statehood in his
forthcoming annual message to con-
gress.

The states carried by the republic-
ans at the recent election have 315
electoral votes, a majority of 164. The
democracy has left the solid south and
Rhode Island.

Today the senate committee on ter-
ritories are viewing the Grand Canyon
of the Colorado, and Senator Bever-
idge is almost convinced that there are
a few things bigger than a United
States senator.

The director of the mint reports that
the United States last year produced
\$78,000,000 in gold and \$33,000,000 in
silver, or nearly one-third of the
world's total, which was \$368,373,800
for the two metals.

The El Paso Times scores the fol-
lowing good argument: "Senator Bev-
eridge, who is studying New Mexico's
qualifications for statehood, halts over
the fact that a large percentage of
that territory's voters do not speak
English. The senator could also dis-
cover that a large percentage of the
men who voted the republican ticket in
Pennsylvania last week cannot speak
English."

SOLIDLY REPUBLICAN.

The El Paso News, democratic,
says:

"The New Mexico legislative council
will not have on the roll a single dem-
ocrat, and the territory gave 10,000
majority to the republican nominee for
delegate to congress; and yet an Indi-
ana senator seems to act as if the wish
of democrats to have the territory
made a state is cause for opposing the
proposition. If he had lived in a ter-
ritory he might understand how people
can prefer advancement to politics;
that the citizens of New Mexico are al-
most a unit for statehood, and that any
party that bestows the rightful priv-
ilege will be gratefully remembered.
The democrats of congress were for
giving statehood at the last session,
even if the three territories should
give the credit to the republican party
majority in congress and a republican
president. But now, as then, some self-
ish senators are not willing to ren-
der to the people rights long prom-
ised by the nation and by both party
platforms, for fear some senators not
of their way of thinking may reach
Washington."

STAND FOR OMNIBUS BILL.

The Tucson Citizen, the leading
democratic paper in Arizona, says:

"No true and intelligent friend of
statehood should advocate the amend-
ment of the omnibus bill in the sen-
ate. It may not be fatal to the meas-
ure to have it amended in the senate,
sent back to the house and then jug-
gled with in a conference committee;
but it certainly would be safer to have
the measure put through the senate in
the identical form in which it passed

the house of representatives.

"The fact should not be lost sight of
that Speaker Henderson and the rep-
ublican leaders in the house are hos-
tile to statehood. They antagonized
the measure when it was in the house
committee, and when it was before the
house for consideration. The speak-
er would have the appointment of the
conference committee on the part of
the house, and it would be an easy
matter for him to stock it with en-
emies of the territories. Stephen B.
Elkins, when delegate to congress
from New Mexico more than a quarter
of a century ago, succeeded in having
a bill constituting New Mexico a state
passed through the house. It passed
the senate with a slight amendment
which Elkins did not approve and
which he succeeded in inducing the
house to reject. Then the measure
was sent to a committee of conference
of both houses and there politely killed.
This should be a warning to the
friends of statehood now. Experience
ought to make them wise. They should
take no unnecessary chances. The om-
nibus bill as it now stands is all right,
and only an enemy of statehood will
suggest its amendment by the senate.

"The apportionment of delegates to
the constitutional convention, which
is made an excuse for urging the
amendment of the pending bill, is in
accordance with the existing apportion-
ment of members of the territorial
legislature. Congress cannot make
an arbitrary apportionment, and De-
legate Smith is too wise and experi-
enced a legislator to suggest anything
of the kind. If the apportionment is
unjust the legislature of Arizona is to
blame. Certainly congress cannot go
outside the record and attempt to do
what the local legislature failed to do.
"Stand pat" on the omnibus bill.
It meets all the essential require-
ments and necessities of Arizona. It
enables the people of Arizona to form
their own government, to make their
own organic law, to choose their own
officials and to be represented fully in
the congress of the United States.
Apportionment of delegates or legisla-
ture is purely a local question, with
which congress has no right to inter-
fere, and with which it would not in-
terfere if it had the right."

ENTHUSIASTIC ENERGY.

If any man has ever pursued one
cause with a persistency that is ad-
mirable and with an enthusiasm that
is contagious, says the New Mexican,
it is Delegate Bernard S. Rodey in the
cause of statehood. It is not a matter
of personal aggrandizement, but of a
sentiment of pure patriotism that com-
pels the delegate in season and out of
season to preach statehood. Persist-
ency of that kind is certain to win and
to have its own reward even if there
are some who do not admire it. De-
legate Rodey, through his statehood
propaganda, has made himself a per-
manent place not only in the annals of
New Mexico, but in national history as
well.

AMERICAN INVENTORS.

Over 51,000 patents were issued
from the patent office during the past
year. Of these many are of no value,
some are of little value, but will prove
useful as suggestions for something
more practical, and a few are of much
use to mankind. This large number of
patents is in excess of the number pre-
viously issued in any year in the past.
A great part of the wealth of the coun-
try is due to the inventions of the

The Dinner Pail

Of the American working man is gen-
erally well filled. In some cases it is
too well filled. It contains too many
kinds of food, and very often the food is
of the wrong kind—hard to digest and
containing little nutriment.

As a conse-
quence many a work-
ing man develops some
form of stomach
trouble, which inter-
feres with his health
and reduces his work-
ing capacity.
Where there
is indigestion or
any other indica-
tion of dis-
ease of the stom-
ach and its
allied organs of
digestion and nu-
trition, the use of
Dr. Pierce's Golden
Medical Discovery
will almost invari-
ably produce a per-
fect and perman-
ent cure.

Mr. Thomas A.
Swartz, of San Antonio,
C. Columbia, Mo., writes: "I was
taken with severe
stomach trouble, and
my food would not digest, then kidney
and liver trouble and my back grew so
sorely that I could not get around. At last I had all the com-
plaints at once, the more I doctor the worse I
got until six years passed. I had become so
poorly I could only walk in the house by the aid
of a chair, and I got so thin I had given up
all hope of recovery. I was weighed, and found
one of my neighbors said: 'Take my advice and
take Dr. Pierce's Golden Medical Discovery and
make a new man out of yourself.' The first
bottle helped me so I thought I would get
another, and after I had taken eight bottles I
about six weeks. I was weighed, and found
I had gained twenty-seven (27) pounds. I am as
strong and healthy today. I think, as I ever was."

much planning Americans, says the
Boston Transcript, and this ability to
originate and adapt, together with the
restless industry of our entire popula-
tion which Grand Duke Boris and most
other foreign visitors have been im-
pressed with, explains our growth and
success as a nation. Many as have
been our inventions it is probable that
the discoveries already made are but
the foundations for our best inventive
work and that new Edisons will arise
from time to time as the nation
grows, and new methods be devised by
coming investigators beside which our
present facilities will appear crude and
slow.

DUTY OF CITIZENSHIP.

Everybody who lives in a city owes
certain obligations to the commu-
nity which he cannot slight without
annoyance to those about him. One
of these duties is to observe order and
care about his premises. A home which
is the very perfection of neatness may
be thoroughly spoiled by a slovenly
place adjoining it. In centers of popu-
lation the only way to get on without
irritation and discomfort is for each
individual citizen to do his part toward
making the general situation har-
monious and agreeable—not so much
by neighborly solicitude as by a high
regard for the maintenance of proper
standards of living. When a city
reaches this stage it may be said to be
fully civilized—but not until then.

THE NATIONAL DEBT.

In 1860 the interest bearing debt of
the country stood at \$55,000,000; in
1865 it reached the enormous sum
of \$2,850,647,869, and not a little of it
bore a high rate on interest. Wars
mean national debts, and between 1860
and 1865 we had very foolishly in-
dulged in a civil war of unprecedented
magnitude. It brought us an almost
unprecedented debt.
But O. P. Austin, an old Washington
newspaper correspondent, now chief
of the bureau of statistics, in the cur-
rent number of the North American
Review, shows that our interest bear-
ing debt has been reduced to \$969,457,
241, and the annual interest charge is
\$27,542,945. The per capita of debt is
now \$12.27, and the annual per capita
interest on account of the civil war is
now 35 cents, or one-twelfth of that
of 1865. The per capita interest charge
of France is sixteen times and that of
Great Britain six times greater.

POSTAL SERVICE EXTENSION.

The officials of the postoffice de-
partment look forward to the early
establishment of rural free delivery
throughout the entire United States
and are making their plans to meet
the demands which will be made up-
on the postal department through the
inauguration of this extension of the
postal service. The officials have for
some time been making estimates of
the probable cost to deliver letters
on every American farm and planta-
tion, and the cost will be an item of
no small moment. There are about
700,000 square miles of territory yet
to be covered, and should the service
be extended at the rate of 12,000 routes
a year as contemplated the annual de-
ficit will amount to near \$10,000,000.
It is believed, however, that with the
improved facilities will come an in-
creased patronage of the mails that
will within a few years make the pro-
jected extension of the service remun-
erative.

OFFICIAL RETURNS.

McKinley, Valencia, Grant and Bernalillo Counties File With Territorial Secretary.

MASS OF INTERESTING FIGURES.

McKinley county was the first county to file its official election returns with Territorial Secretary Reynolds. The total vote cast was 564, against 792 in 1900. Every precinct had a republican majority. The vote cast in each precinct was as follows: No. 3, Gallup, 172; Gibson, 111; No. 4, Gallup, 101; Clarkville, 72; Ramah, 29; Thorpe, 26; Guam, 23; Wingate, 22; Catampa, 8. There was a falling off in the republican vote of 49, and in the democratic of 121. The following is the vote cast for each candidate: For delegate, B. S. Rodey, r., 390; H. B. Ferguson, d., 174; Rodey's majority, 216; for the council, Thomas Hughes, r., 396; Horton Moore, d., 168; for the house, Alexander Bowler, r., 407; Theodore A. Fabbro, d., 162; county commissioner, second district, William H. Morris, r., 390; W. F. Kuchenecker, d., 167; for county commissioner, third district, S. E. Aldrich, r., 382; Oliver Acord, d., 178; probate judge, Diego Apodaca, r., 388; Henry L. Fenton, d., 171; probate clerk, F. W. Meyers, r., 377; W. J. Reid, d., 183; sheriff, W. A. Smith, r., 384; James B. Smith, d., 177; assessor, Stephen Canavan, r., 402; C. S. McIntyre, d., 158; treasurer, John C. Spears, r., 390; Murray B. Johnson, d., 166; superintendent of schools, L. L. Henry, r., 372; E. M. Clayton, d., 189; county surveyor, William McVicker, r., 399; Louis Silva, d., 163.

Valencia County.

Valencia county was the second county to send its returns. Its total vote was 2,054, an increase of 145 votes from two years ago, the republicans gaining 213 votes and the democrats losing 68. Every precinct gave a republican majority, only nine precincts showing any democratic vote at all. Tajique leading in that respect with 20 democratic votes, Torreón second with 14 democratic votes and Belen third with 7 democratic votes. The following precincts cast over 100 votes altogether: San Rafael 212, solidly republican; Manzana, 163, solidly republican; Belen 144, Los Lunas 124, Cebolleta 113, Tome Abajo 112 and Las Chaves 106. The following is the vote for the candidates: Bernard S. Rodey, r., 1,998; Harvey B. Ferguson, d., 56; for the council, J. Francisco Chaves, r., 1,971; Nicolas Molina, d., for the house, Carl A. Dalies, r., 1,971; Martin Sanchez, r., 1,953; Jose Leon Torres, d., 48; Manuel Sanchez y Sanchez, d., county commissioner for the second district, Ruperto Jaramillo, r., 1,969; Juan Jose Chaves y Romero, d., county commissioner third district, Reyes Garcia, r., 1,968; Vidal Chaves, 51; probate judge, Higinio Chaves, r., 1,971; Juan Salazar y Jimenez, d., probate clerk, Demetrio Balleja, r., 1,968; Desiderio Salas, 51; sheriff, Carlos Baca, r., 1,769; Jesus M. Luna, d., assessor, Ben W. Bilbao, r., 1,967; Lucas Zamora, 52; treasurer, Sol Luna, r., 2,020; superintendent of schools, Jesus C. Sanchez, r., 1,792; Policarpo Sanchez, d., county surveyor, Robert G. Marmon, r., 1,971; George H. Pratt, d., 48.

Grant County.

According to the official returns, Grant county cast 1,727 votes on November 4, which is 691 less than two years ago. The falling off in the republican vote is 259 and in the democratic vote 432. The republicans carried six out of the 23 precincts. Of the 28 candidates on the tickets five republicans and nine democrats received a majority. The largest vote was cast in precinct No. 3, Silver City, 454; Santa Rita stands second with 192 votes; Central polled 117 votes; Upper Gila 109 votes and Lordsburg 102 votes, the other precincts all polling less than 100 votes. The following is the vote received by the candidates: For delegate, B. S. Rodey 849; Ferguson 847; for the council, John D. Burnside, d., 912; W. A. Hawkins, r., 807; G. A. Richardson, d., 847; A. B. Fall, r., 865; for the house W. T. Cessna, d., 845; R. M. Turner, r., 879; Oscar C. Snow, d., 885; A. W. Pollard, r., 836; county commissioner second district, John C. Curton, d., 986; H. W. Dawson, r., 729; county commissioner third district, B. B. Ownby, d., 849; Hiram G. Schaeffer, r., 866; probate judge, R. O. Barrett, d., 859; L. H. Rowlee, r., 864; probate clerk, W. B. Walton, d., 1,009; James A. Shipley, r., 713; sheriff, James K. Blair, d., 919; Charles A. Farnsworth, r., 796; assessor, Joseph W. Bible, d., 827; E. J. Swartz, r., 883; treasurer, John W. Fleming, d., 924; Arthur S. Goodell, r., 789; superintendent of schools, Alvin N. White, d., 1,016; Sanford Robinson, r., 706; surveyor, George R. Brown, d., 943; R. L. Powell, r., 780.

Bernalillo County.

Bernalillo county on November 4 cast 4,235 votes, a falling off of 543 votes compared with two years ago. There is a gain of 846 republican votes since 1900, and a loss of 1,029 democratic votes. Every precinct gave a republican majority and the entire republican ticket was elected. The following is the vote for the candidates, the first named being republican, those second named democratic and the last named socialist: Delegate to congress B. S. Rodey, 3,818; H. B. Ferguson, 421; council, Thomas Hughes, 3,859; Horton Moore, 257; S. B. Gillett, 263; George F. Albright, 3,853; W. P. Metcalf, 137; William Bryce, 145; house, Alexander Bowler, 3,855; Nestor Mon-

Jumped on a Ten Penny Nail.

The little daughter of J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Portland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by all druggists.

Now in Its Second Successful Season.

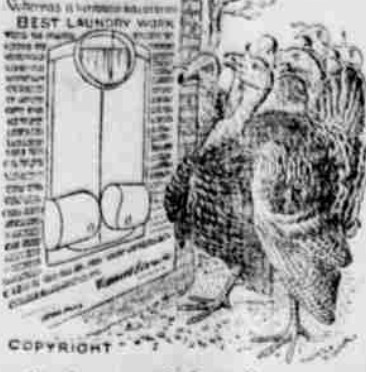

"Several people deserve credit for the new farce 'A Wise Member,' which was the attraction at English's opera house last night, playing to excellent business. These people are James Barrett, who has constructed an entertaining farce built on unconventional lines; C. B. Marvin, who has mounted the play attractively and chooses a thoroughly competent company to interpret it; and the company itself, all of whom give excellent renditions of their respective parts. The comedy abounds in unique and generally funny situations, bright lines and exceedingly humorous complications. Mr. Sam Murdy appeared in the character for which he seems to have been fitted by nature, and at once established himself a strong favorite. Miss Maud Marvin proved herself to be an exceedingly clever actress, whose methods are artistic. She is charming, natural, refined and graceful. The supporting company were the right people in the right place, and the musical features were of a high order."—Indianapolis Journal.

LAS VEGAS NEWS.

District Court Notes—Death of Aged Gentleman—Hunters Return.
Special Correspondence.

Las Vegas, N. M., Nov. 16.—United States court opened at 10:40 yesterday morning. Judge Mills on the bench.

The Revuelto postoffice robbery case for which Hawkins, Neil and Potter were indicted, was continued, as was the case against M. W. Mills, charged with making a fraudulent proposal for carrying the mail.

Mrs. Placido Vialpando de Baca, of Antonchico, pleaded guilty of adultery and was sentenced to only one day in jail, owing to the condition of the woman and the fact that Epifanio Marcos, her paramour, had not been captured. The defendant is about 30 years old and became the mother of a child fifteen days ago. The husband, who instigated her prosecution, is about 70 years of age, and quite decrepit.

On the Fort Sumner case yesterday evening, the jury, of which P. J. Murphy was chairman, was out only thirty minutes, bringing in a verdict of guilty after only one ballot.

This morning the two robbers who were convicted, Cook and Neal, were remanded to the penitentiary at Santa Fe, for safe keeping, and sentence was suspended pending the outcome of the trial of all the robbers for murder at Puerto de Luna next January. Smith, who pleaded guilty, and Massague, who confessed, will be kept here until the time for their trial at Puerto de Luna.

The grand jury reported this morning, bringing in two indictments, and court adjourned until Monday morning at 10 o'clock.

D. W. Mills, father of M. W. Mills, 82 years of age, who has been living on the son's ranch thirty miles southeast of Springer, fell over a precipice the first of the week and was seriously injured. A telegram to the son, M. W. Mills, who was in Las Vegas, gave the facts and he left here at once for home. The old man has been quite feeble for some time, and was constantly watched. The men who were watching him left the day he was hurt, engaging a couple of women to watch Mr. Mills, but he stayed away, was lost and when found was nearly dead as the result of his fall. It is doubtful if the old gentleman will live.

Mrs. G. Burks and daughter, Miss Maggie, returned yesterday afternoon from their summer's sojourn in Louisville, Ky. Miss Mossie Burks will remain in Kentucky for the winter.

Mrs. Guadalupe Martinez, of Tecolote, died yesterday morning at 3 o'clock, of dysentery. She was 48 years of age and leaves one son and five grandchildren, besides her husband.

Q. A. Martinez returned yesterday afternoon to his home at Wagon Mound. A complaint was made against Mr. Martinez for sheep trespassing, but the grand jury did not find an indictment.

Last night Joe Sundt had the misfortune to get a hand badly mangled in the planing mill. He was wiping the engine, when his hand got caught in the machinery, badly lacerating it and breaking the bones.

For the first time in many years the board of county commissioners of San Miguel county is paying accounts for election services incurred this year, immediately at the close of the election, and there is enough money on hand to pay every debt of this nature, with plenty to spare for other general expenses.

Isaac Bacharach and wife will leave early next week for New York City, from whence they will sail for Germany for a visit to their old "heimat" in the fatherland.

The snow extended from Raton to Chappelle on the Santa Fe and the fall was about the same as here.

M. A. Seelinger, the Santa Fe engineer, left this afternoon for St. Louis with his daughter, Katie, where she will be treated for hip disease.

G. D. Moore, one of Marshall Field's crack traveling men, who has been in the city a few days, left this afternoon for Denver where he will meet his wife and baby, who are returning from a trip to Chicago. Mr. Moore claims Albuquerque as his home and is a cure of New Mexico's sunshine.

There were a few out sleigh riding yesterday morning, but it was about 6 o'clock for as soon as the sun came up, the snow quickly disappeared.

A. C. de Baca, the probate judge of Santa Fe county, returned yesterday to his home at Santa Fe.

F. N. Pierce left Sunday afternoon for a trip on the Santa Fe Pacific in Arizona, taking in Winslow among other points.

Thornton Tate left last night for Atchison and Kansas City, Kas., for a ten days' rest up and visit at home.

J. F. Kates, wife, daughter and son arrived here yesterday afternoon from Dubuque, Iowa. Mr. Kates is to be the new Y. M. C. A. secretary here and comes highly recommended. Mrs. Kates is suffering severely with rheumatism and had to be taken off the train in a litter and up to her room in an ambulance.

Henry Eslinger, the wet goods traveler, has returned from an extended trip to California and Colorado.

Miss Mabel Harrison returned yesterday evening to her home in Giletieta after shopping in the city.

M. Jefferson, the colored porter at the Montezuma club, was married on Sunday evening at 7 o'clock to Miss Maggie Williams, of La Junta, at the present stopping place of Miss Williams in the city. Rev. McClelland, the colored minister, made "Jeff" and his bride one. A wedding supper was served and the couple received numerous presents.

C. R. James, A. R. Quinley, Walter Benjamin and Edward Lewis returned Saturday night for a five days' hunting trip down on the Conechas, Rock lakes

and other places. The hunters brought back a good string of game and C. R. James brought back as a trophy a fine specimen of black eagle measuring eight feet from tip to tip which he has presented to the normal taxidermist to add to the specimen cases there. The eagle, which was a monster, was sitting on the prairie eating a rabbit and when shot, gave one flop with its wings and rolled over dead. The shot was a good one, having been done with a Winchester at a distance of over 300 yards.

The fall of snow Saturday night was about two inches and the beautiful covered everything, but gave way to the hot sun before evening yesterday. The snow did incalculable good to the stock interests.

Best Liniment on Earth.
I. M. McManis, Greenville, Texas, writes, Nov. 2, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatism, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. MAY INCREASE FORCE.

Scheme to Bring Chinamen Across the Border Makes More Inspectors Necessary.

It seems highly probable that the force of immigrant inspectors at this place along the border will be materially increased in the near future to frustrate a gigantic smuggling scheme, says the El Paso Times.

The treasury department has gathered full details of the scheme. According to confidential information received by the commissioner of immigration, a steamship line is now being organized to run between La Encarnada, Mexico, and China for the sole purpose of bringing Chinese laborers. The department is not informed as to when the new company will start operations, or how often it will run its ships across the Pacific, but the officials at Washington are so much impressed with the importance of the plan that they are preparing to take extraordinary steps to thwart it.

As a first step the secretary of the treasury will recommend in his annual report that congress make provisions for adopting the Bartillon system of identification for Chinese leaving this country and claiming the right to return. This will prevent fraud in identification. The department will also, on account of developments for bringing Chinese to Mexico, ask for additional appropriations of \$500,000 to provide for better guarding the Mexican border.

OBERLE COMPANY TONIGHT.

Initial Production Will be Professor De Mille's "Lost Paradise."

After highly successful engagements in southern California, Arizona and at El Paso, the Oberle Stock company—organized at San Francisco and rehearsed at Phoenix, and intended by the management for a permanent southwestern institution—will make its debut in Albuquerque at Colombo hall tonight.

In Professor De Mille's thrilling drama, "The Lost Paradise," which will be the initial offering, the Oberle company is said to be seen at its best. The Tucson Daily Citizen of October 21, contained the following:

"The Oberle Stock company made its debut in the old pueblo last evening, in the play entitled, 'The Lost Paradise.' To say that it was a hit is putting it mildly. The production was simply superb. It took the house by storm. The audience, no doubt, was prepared to endure the usual play, but it was surprised beyond measure. Even those who had a tip that something big was behind the scenes were carried away in the torrent of rampant enthusiasm which swept over the house. Every actor made a hit in his role and the actresses did likewise. Surely a troupe of such artists has never visited the old pueblo before. The performance was brilliant. The Oberle-Belasco-Norris company can be the rage on any stage in the country."

"The Lost Paradise" itself is peculiarly apropos at this time. Its scenes portray the life of the present. Its plot brings on the labor question. For this

reason the situations in the play are won't to arouse enthusiasm. "The Lost Paradise" is an interesting drama by Henry C. DeMille. It is founded on the unending strife between labor and capital, the high and the lowly, the rich and the poor. The plot itself is a clash between the arrogant owner of the iron works and his employees, which results in a strike. Woven in with the main story is a fine thread of the deepest passion, which eventually brings about the happy union of all discordant elements."

A Violent Attack of Croup Cured.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by all druggists.

A Dangerous Month.
This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night. Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 254 West Fifth St., Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know its the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

THE ST. CECILIA CLUB.

Met at the Rodey Residence Last Saturday Afternoon.

At a meeting of the Cecilia club, Saturday afternoon, at the home of Mrs. B. S. Rodey, the ladies were pleasantly surprised by an unexpected call by the senators who were distinguished guests in the city. The Cecilia club is one of the most prominent social organizations and devotion to the study of music is the pleasure of the meetings. Mrs. Solomon Luna, who is visiting Mrs. Rodey, and Miss Mary Menaul, the accomplished pianist, were guests of the club.

The visit of the senators, which happened just as the program had been finished, was as pleasant a surprise to the senators, who had only intended to pay a call to Mrs. Rodey, as it was to the ladies. The meeting of the society ladies and distinguished statesmen became an enjoyable reception.

The ladies present were: Mesdames B. S. Rodey, Solomon Luna, Coddington, Noa Ifield, R. W. D. Bryan, A. A. Keen, E. L. Medler, Misses Mary Menaul and Mabel Fitch.

Navajos Returned to Work.

In the old blanket room of the Harvey Indian curio, the Navajo squaw is busily engaged stringing her loom for another blanket. The Navajos returned to their unique work shop Saturday night after having spent a week on the reservation. They now have everything in readiness for winter at home, the sheep, cattle and crops have all been attended to, and now the industrious buck and squaw will live at the curio during the winter. They have fallen in love with their work here, and the quiet life in the hogan on the village site north of the city, and were only too glad to return to their pleasant surroundings. They intended to bring another blanket weaver and a silversmith back with them, but the harvest season is not yet over and they had to remain. They possibly will come later and bring more with them.

A Policeman's Testimony.

J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Alvarado Pharmacy.

GERONIMO'S DAUGHTER.

She Is Attending School in New Mexico.

Old Geronimo, the famous Apache war chief, has a young daughter who is now a pupil at the Mescalero Indian school in New Mexico. A large photograph of her was received in Washington the other day and is now mounted on the desk of Col. J. H. Doertsch, the chief of the division of education of the bureau of Indian affairs, to whom it was presented by Superintendent Carroll, of the Mescalero school, says the Washington Post.

To the once fierce Apache warrior the young woman is the "apple of his eye."

Her name is Lenna Geronimo. She is 12 years of age and belongs to the Mescalero tribe of Apaches. Her photograph indicates that the blood of the old leader of the red men is coursing through her veins. Her face and high brow, her dignified pose, all bearing the earmarks of strength and force of will and character, point to a superior breeding. Her eyes are keen and her smooth raven black hair is trained with effect that would do credit to the most precise queen of the drawing room. Her features are regular, and, though an Indian, she would pass as a handsome girl. She posed for the photograph with head archly poised and hands demurely clasped in her lap.

Lenna's father is now a prisoner of war at Fort Sill abandoned military reservation in Oklahoma. There old Geronimo and some of his followers have been nominal prisoners for many years. Others of his band were sent to Carlisle and other Indian schools. Geronimo, it will be remembered, was captured over a score of years by Gen.

eral Miles, after leading General Cook a merry chase through the mountains of the southwest several years. Before being taken west Geronimo and many of his band were prisoners at Fort St. Augustine, Florida, and at Mobile, Alabama.

TRIPLITS.

Each One Has a Different Mother and All Girls But Two.

With the advent of the storm season, storking usually improves and with that purpose in view, Dr. O. C. McEwen provided himself with a lantern and a sack, Monday night, and sallied forth in the darkness to see what he could catch. The result was a girl and two boys.

He first presented the girl to Mr. and Mrs. Ed. Milligan. It always being best to start with a girl. He next handed Mr. and Mrs. F. B. Allen a big bouncing boy, and then called at the home of Mr. and Mrs. W. B. Johnson and did the same thing over. Indications are, if the cloudy weather continues the doctor will go out again about tomorrow night.—Farmington Hustler.

We sell the greatest of blood purifiers, Ayer's Blood Elixer, under a positive guarantee. It will cure chronic and other blood poisons. FUNDS FOR IRRIGATION.

More Than \$15,000,000 to Be Available in 1903.

There is more money available for the redemption of the arid lands of the west by irrigation than has been counted upon, even by the most enthusiastic advocates of national aid for irrigation enterprises. In the arguments before congress last winter when the irrigation bill was pending it was claimed that the funds then available would not exceed \$5,000,000, and that the sum would be increased but gradually from year to year. The annual report of Binger Hermann, general commissioner of the land office, shows that there was at the close of the fiscal year in June last a fund of \$9,500,000 on hand derived from the sale of public lands and available for irrigation for irrigation purposes. The sales for the last fiscal year were gradually in excess of those of any year in the past decade, aggregating \$6,500,000. This was due largely to the sale of public lands in the Indian Territory and Oklahoma. These were placed on the market and sold in some instances to the highest bidder, the total realization being much in excess of supposition.

Commissioner Hermann estimates that the receipts from land sales for the fiscal year ending June, 1903, will approximate \$6,000,000, making a total of more than \$15,000,000 in the fund that may be made immediately available for irrigation purposes.

The commissioner reports that the demand from homesteaders for western lands is increasing very rapidly and that the fund will grow from year to year at the rate of nearly \$5,000,000 a year.

SERIOUS ACCIDENT.

Buke Maupin Shot Through Left Lung Accidentally.

What came very near resulting in a fatal accident, occurred Friday afternoon near La Brea, a station on the Rio Grande railroad about thirty miles east of Durango, says the Farmington Hustler.

Buke Maupin, well and favorably known in this vicinity, was engaged driving a pack train of burros belonging to the state line surveying corps, and in breaking up camp that morning one of the chain men, who thought it necessary to carry a six shooter, had gone off and forgotten his gun, and as Mr. Maupin was the last to leave camp, threw the scabbard belt over his shoulder and proceeded on with the train, using a small tent pole as a persuader on such burros as were inclined to lag.

It was just about the noon hour and a few minutes more would have brought them to their destination, when one of the burros laid down. Mr. Maupin undertook to prod him up with the tent pole, when in some manner it struck the six-shooter, which instantly went off, the bullet striking a steel comb in Maupin's upper vest pocket, causing it to deflect and enter his left breast about two inches below the nipple, passed through the lung and lodged in the muscles of the back. At first he thought the concussion had simply knocked him down and told his comrades he was not hurt, but after walking some two hundred feet he became convinced otherwise, and gave up. He was immediately taken to the railroad station and sent to Durango on the afternoon train, and placed in Mercy hospital, where Dr. Prewitt made an examination of the wound and concluded to let the bullet remain where it was. Telephone advices received this morning say he is improving nicely.

AGRICULTURAL COLLEGE.

Total Enrollment—Army Officer Detailed at Institution.

OTHER INTERESTING NOTES.

Special Correspondence.

Mesilla Park, Nov. 13.—The athletic program for the present year, at the Mesilla Park college, offers more important events than in any previous year. On Saturday, November 15, a foot ball game will be played between the teams of the Santa Fe Indian school and the College. Three other games will be played during the season, but dates have not yet been definitely arranged. In addition to these a basketball game has been arranged to be played on Thanksgiving day between the teams of the Albuquerque high school and the College, at Las Cruces, and other basketball games are being arranged.

The total enrollment of students at the College, at Mesilla Park, is now 195. To accommodate this greatly increased enrollment new equipment has had to be purchased in some departments. In the shops of the engineering department new forges are now being installed to accommodate the large attendance of students taking the short course in practical mechanics. The great need for additional buildings at the College was never felt so keenly as at present and the crowded condition of things in the various departments is growing more serious with the increasing attendance of students. The need for additional buildings for the College is a most urgent one.

Special order No. 255, of the headquarters of the United States army at Washington, D. C., has just been issued detailing Maj. Alfred S. Frost, at present of Evanston, Ill., as professor of military science and tactics at the New Mexico Agricultural college, at Mesilla Park. This important order is the consummation of attempts that have been made by the College for many years past to secure the detail of a regular army officer to which the College is entitled under the congressional act organizing agricultural colleges. This detail means that hereafter all men students in the college will receive regular military drill and instruction in addition to the work they regularly pursue and that the department of military tactics in the college will receive a large amount of valuable equipment from the United States government to aid in such instruction. Major Frost, who is personally known to President Foster, of the college, is an unusually competent officer for the work of his position.

One of the striking features of the work of the college at Mesilla Park in recent years is the increasing attendance of native Mexican students. It becomes more and more evident each year that the Mexican population of the territory is growing to appreciate the advantages offered by the practical training in agriculture and mechanic arts, which the college offers. The enrollment of Mexican students consists for the most part of a class of fairly mature young men who are earnestly seeking to fit themselves better for the work of farmers, mechanics, and engineers. The two years' work provided in practical mechanics is proving especially attractive to these young men and out of a total enrollment in that course so far of thirty-four, almost 56 per cent consist of students of Mexican parentage. These students are many of them young men who would go through life without any special training whatever were it not for the practical work offered by the college.

The most important development in connection with the investigation of the best methods of pumping for irrigation at the experiment station, at Mesilla Park, is the fact that Fairbanks, Morse & Co., manufacturers of pumping machinery, have sent their consulting engineer to the Mesilla Valley to look into conditions. Upon his report, the company has undertaken to install on the grounds of the experiment station a 25-horse power, oil engine, burning Beaumont crude oil. The engine is guaranteed to develop one-horse power per hour on a consumption of one-quarter of a gallon of Beaumont crude oil and is expected to raise a flow of 1,200 gallons per minute from the station well at a thirty-foot lift. The cost of Beaumont crude oil, laid down at Mesilla Park, will be between 3 and 5 cents per gallon. The claims of Fairbanks, Morse & Co. for their crude oil engine, if they can be substantiated, mean the practical solution of the water question in the farming regions of New Mexico. The evidence of the company's faith in its claims is shown by its agreement to install the engine above referred to on the station farm. Farmers and all others interested in the water supply in this territory will look forward with intense interest to the installation and running of this plant.

Save the Children

All stomach and bowel troubles in child or adult are due to a single cause—Indigestion. Flux, colic, cholera morbus, diarrhoea, dysentery and all complaints of like nature, are the result of undigested foods fermenting in the stomach. The only way to prevent fever and to cure such troubles without injury to the membranes lining the stomach is to restore perfect digestion.

KODOL Digests What You Eat

Kodol is the new discovery which cures all stomach and bowel troubles by removing the cause. This famous remedy checks fermentation, cleanses, purifies and digests all classes of food and gives to the body all the nourishment, health and strength it contains.

"Kodol Dyspepsia Cure is just the thing for dyspepsia and stomach troubles. It has helped me more than anything else in a long standing case of catarrh of the stomach."—Oscar King, Cherry Valley, N. Y.

Prepared only by E. C. DeWitt & Co., Chicago. Sold by all dealers. One Minute Cough Cure. The favorite household remedy for coughs, colds, croup, bronchitis, grippé, throat, and lung troubles. It cures. J. H. O'REILLY & CO., AND B. H. BRIGGS & CO

from a point four miles east of Thornton to the Crown Point mine above Bland, are expected to arrive in Albuquerque this evening to remain until next week. One of the railroad promoters, Mr. McKinney, is here awaiting their arrival, who will give them a cordial reception and talk about the work which they have accomplished. The surveyors began work about ten days ago on the Santa Fe railway at the point where the extensive electric line crossed the track from Madrid to Alameda, and continued in a northerly direction over an almost level territory for ten miles; thence across the Rio Grande at Moore's ferry and upward into Pino canyon. It is understood a road can be extended to the Crown Point mine from the mouth of the canyon at a grade that will vary from 1½ to 3½ per cent. Next week the surveyors will return to the proposed line and begin the work of cross-sectioning the territory through which the railroad will pass, in order that an estimate can be placed as to the cost of the line.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I can recommend it with the utmost confidence. It has done good work for me and will do the same for others. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64 Thirty-seventh St., Wheeling, W. Va. For sale by all druggists.

OVER SIXTEEN YEARS.

Was Total of Penitentiary Sentences Given by Judge McMillan in Chaves County.

Two weeks' session of court in Chaves county has closed and Judge McMillan has gone to Carlsbad. The total costs of the term were about \$3,100, of which the grand jury was paid \$220, the petit jury \$500, stenographer \$143, interpreter \$84 and bailiffs \$88, the balance going to pay witnesses and incidentals.

Those convicted and sentenced were John M. Rouch, larceny, 90 days in jail; Roman Guillen, assault, two years; John McGuire, assisting to escape, one year; C. McKenzie, obtaining goods falsely, two years; James Foster, obtaining goods falsely, one year; John Sheridan, robbing a car, nine months in the penitentiary; Fabian Chaves, burglary of a car, one year; Henry Anderson, burglary of a car, two years and six months; Wm. F. Drake, two years; James Abostor, larceny, one year; James Toria, larceny, one year; Dora Gonzales, deadly weapon, one year. The penitentiary sentences alone amount to over sixteen years.

A Thanksgiving Dinner.

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, exposes the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach. J. H. O'Reilly & Co.; B. H. Briggs & Co.

One Minute Cough Cure

Is the only harmless cough cure that gives quick relief. Cures coughs, colds, croup, bronchitis, whooping cough, pneumonia, asthma, la grippe, and all throat, chest and lung troubles. I got soaked by rain, says Gertrude E. Penner, Muncie, Ind., and contracted a severe cold and cough. I failed rapidly; lost 48 lbs. My druggist recommended One Minute Cough Cure. The first bottle brought relief; several cured me. I am back to my old weight, 148 lbs. One Minute Cough Cure cuts the phlegm, relieves the cough at once, draws out inflammation, cures croup. An ideal remedy for children. J. H. O'Reilly & Co.; B. H. Briggs & Co.

LAND OFFICE BUSINESS.

The postoffice at Sabinal, Socorro county, has been discontinued. Governor Otero appointed Bonifacio Lucero captain of company K, of the First regiment of infantry of the national guard, stationed at Las Vegas; vice Captain A. R. Da Costa, resigned; Adolph Menett, Jr., first lieutenant, vice Bonifacio Lucero, and Louis Guein, second lieutenant, vice Alfred Menett, Jr.

Increase of Capital.

The Joliet and New Mexico Oil and Coal company notified Territorial Secretary J. W. Reynolds that it has increased its capital stock from \$1,000,000 to \$1,500,000. Its headquarters are at Joliet, Illinois.

Business is Booming.

More business was transacted in the United States land office at Santa Fe last week than during any week for some time. For a short time before election there was a decided falling off in land business, but it has again commenced to pick up. The receipts of the office Saturday in fees and commissions exceeded \$200.

Notary Public Appointed.

Governor Otero appointed Porfirio Abreu, of Penasco, Taos county, a notary public.

Official Returns.

The official election returns from Chaves, Guadalupe, Grant, Mora, Taos, San Juan, Socorro, Dona Ana and Lincoln counties have not yet been received by Territorial Secretary J. W. Reynolds.

Territorial Funds.

Territorial Treasurer J. H. Vaughn received \$23.66 of taxes of 1901 from C. Holman, treasurer and collector of Mora county.

Territorial Treasurer J. H. Vaughn received from Eugenio Romero, collector and treasurer of San Miguel county, \$52.72 of taxes of 1900, and \$225.01 of taxes of 1901.

Territorial Treasurer J. H. Vaughn received from Higinio Sanchez, treasurer and collector of Taos county, \$4.62 of 1901 taxes, \$72.41 of 1901 taxes, \$293.68 of 1902 taxes. From A. E. Burman, treasurer, and collector of Colfax county, \$254.41 of 1901 taxes, \$400.29 of 1902 taxes. From Romualdo Martinez, collector of Union county, \$426.13 of 1901 taxes.

Coupons to Burn.

Territorial Auditor W. G. Sargent is preparing for the annual burning of interest coupons and vouchers which generally takes place between the 15th and 20th of November. The papers to be burned this year represent over \$500,000 paid out of the territorial treasury.

Incorporation.

The Dallas Land & Cattle company filed incorporation papers, the incorporators and directors being J. R. Dendinger and Charles E. Rose, of Dallas county, Texas, and John M. Russell, of Henrietta, Clay county. The capital is \$15,000, divided into 100 shares. The headquarters of the company are at Dallas, Texas, and it will operate in southeastern New Mexico.

LOCAL PARAGRAPHS.

The city council will hold a regular semi-monthly session tonight.

Little Clifford Trotter, son of Frank Trotter, is very low with typhoid fever. Mr. and Mrs. John Calhoun are entertaining Mrs. Harvey Rice, who is here from Socorro.

Misses Celia and Edna Gibson will entertain a number of their friends at the Alvarado tonight.

Mrs. W. P. Morton and daughters have departed for Canon City, Colo., where they will reside in the future.

J. M. Sandoval and two sons have departed for San Francisco. The boys will be placed in school there for the winter, after which Mr. Sandoval will return.

Col. William McIntosh, the big Elk who resides at Chilili, where he has thousands of fine sheep grazing, is in the city. He will leave tomorrow night for Kansas City with 1,500 fat wethers for that market.

The Las Vegas Optic says: "Philip Holzman, after being in attendance at court for several days, left yesterday for Albuquerque, where he will visit his grandchildren."

Miss Zearing will open up in one of the vacant store rooms at the Commercial club building, on Thursday of this week, a school of domestic science and a chaffing dish lunch room.

The popular hack driver, Oakley Clifford, is wearing broad smiles today. It is a girl. Mr. Clifford was driving at a wedding this morning, and when he returned home found that his family had increased.

Mrs. Mary Toombs will leave soon for Pueblo, Mexico, where she will take charge of the Baptist mission in that city. The lady came here from Santa Fe and attended the New Mexico Baptist convention.

The annual union Thanksgiving service of the city will be held Thanksgiving day, November 27, at the Lead Avenue Methodist church. The sermon will be delivered by Rev. Mr. Hodgson, of the Highland Methodist Episcopal church south.

Hon. G. A. Richardson, of Roswell, was a pleasant caller at the Citizen office yesterday, coming up in the morning after attending a meeting of the board of regents of the Agricultural college at Las Cruces Saturday. He continued north to Santa Fe last night.

The Choral society of the University of New Mexico meets every Tuesday evening for rehearsal at 8 o'clock in the public library building. A concert is expected about December 15, and it is very necessary that every member should attend promptly and regularly. Good voices are always in demand.

A party of young people—a merry crowd of gentlemen and ladies—visited the "craters" to the west of the city yesterday in Trimble's "Jumbo." The most interesting member of the party was Dr. E. J. Alger, the popular dentist, and he saw to it that his guests enjoyed themselves to their hearts' content.

Dr. G. S. Easterday arrived last night from Watsonville, Cal., being called here in response to a telegram that his brother, Dr. J. S. Easterday, was dangerously low with typhoid fever. The sick man was getting along nicely when a few days ago he had another relapse and his case now is considered critical.

The football game between the Santa Fe Indians and the Agricultural college at Mesilla Park, Saturday, resulted in a score of 0 to 9. The Indians put up a strong game but were unable to score through the heavy college line. This is the second game of no score for the college this season, the first with the Albuquerque Indian school at the territorial fair. A return game will be played with the Santa Fe school at Christmas.

The new hall, being built as an addition to the St. Mary's college for boys on Sixth street, is nearing completion, and arrangements are being perfected for its dedication on December 18, at which a grand musical and specialty program will be rendered. The very best local talent has been secured to take part in the proceedings, and the promoters say emphatically that the entertainment will be one of the nicest ever given in the city.

BERTRAM MUSE

A Runaway Boy in a Bad Fix—Appeal From His Mother.

Lying on a cot in a small room at the rear of the city hall this morning was a small boy about 15 years of age, suffering intensely with an injured knee. "My name is Bertram Muse," said the boy. "I live in Pueblo, Colo., and ran away from home about a month ago. I was hurt by jumping off a yard engine at the round house in El Paso. I was in El Paso about a week. After I was hurt the officers offered to give me a pass to Pueblo. I signed a paper they gave me and thought I was going to get home, but they put me off here."

A richly dressed lady, of recent residence in the city, called on the boy at the city hall, bringing him clothes and many nice things to eat. The benevolent lady's name could not be learned, but it is pleasant to know that this woman has a mother's heart and administers aid and encouragement to some other mother's boy when in trouble.

The boy had several letters from his mother, which were addressed to him here. She wrote a letter such as only an anxious mother can write. The affairs and interesting happenings in the family circle are told, then she tells him to work hard, pay for everything he gets, be kind and good, and return

home soon, that she is uneasy about him. The mother shows in all the letters that it requires tender affection and kind words to appeal to a headstrong boy of this type. The lad is bright and shows that he has had some education.

This morning, about 11 o'clock, he was removed to the St. Joseph's hospital, where his leg, which is swollen very much, will receive medical attention.

His mother has been telegraphed and word is expected at any moment.

THE SENATORIAL PARTY.

Left for the West Saturday Night and Now in Arizona.

Quite a number of prominent New Mexicans were present at the depot, Saturday night, to see the departure of the committee on whom the question of statehood depends. The senators or their party did not say in words that they were favorably impressed by the Duke City, but their smiles and pleasant dispositions while here told as much. They could find no fault with the courteous treatment they received while honored guests in the city. It is the general opinion that the senators will carry the memory of Albuquerque and its people in their minds for time to come.

Previous to their arrival here there was no definite itinerary of the trip, but before leaving here a schedule was fixed for the next two weeks, taking in Oklahoma, which was at first reported as being above investigations. The party spent Sunday at the Grand Canyon, Monday morning at Ash Fork, Monday afternoon in Prescott and Tuesday in Phoenix. Wednesday night the party will leave for Tucson, Thursday will be spent in the old pueblo and Friday afternoon they will be back in New Mexico, visiting Deming and Las Cruces Friday and Saturday. The senators will leave El Paso by special train for Alamogordo, returning to El Paso Sunday night. Monday, November 24, will be spent in Carlsbad, then a short visit to Roswell and then the senators will leave New Mexico Tuesday night for Guthrie, O. T., thus completing their work in the southwest.

PASSED AWAY.

Charles E. Appe Found Unconscious—His Death at the Hospital.

Death came to Charles E. Appe yesterday afternoon at St. Joseph's sanitarium.

Early yesterday morning a cab driver found Appe in an unconscious condition on the sidewalk on South First street. Summoning an officer, the man was taken to the sanitarium, where his death occurred at 5:30 o'clock.

On his person was a through ticket from Winslow, Ariz., to Boston, a watch, \$10 in money, letters and papers.

Among the letters was one from Morris Appe, his brother, in Boston, requesting him to come home and offering to send him money. Appe was a large man, probably 35 years of age, was well dressed and had the appearance of a man of culture and education. It is supposed he was a passenger on the east train and after he got off for something to eat he became weak or delirious and was not able to get on again.

The body was taken charge of by O. W. Strong & Sons, and they have wired Morris Appe in Boston for instructions.

Matinee Races.

Shecam and Primrose were the center of attraction at the matinee of races given at the fair grounds yesterday afternoon by the Gentlemen's Driving club.

Shecam, owned by Frank E. Sturges, and Primrose, owned by Joseph Barnett, are acknowledged to be the fastest horses in the southwest, and every heat proved interesting and exciting. Primrose was driven by the owner, Joseph Barnett, while W. L. Trimble handled the ribbons of Shecam.

The first heat was pulled off in 1:07½, which surprised everybody, as the track was a little soft and good time was not expected. Primrose won this heat in a close finish after a bad break in the stretch. The second heat was won by Shecam in 1:08:15. The last heat was postponed on account of the cold chill of the late afternoon that was having an effect upon horsemen and drivers.

Primrose and Shecam can always make interesting races, and the crowd were all pleased with the matinee. At the next matinee the deciding heat will be pulled off.
