**LaFOLLETTE AND BRYAN
IS LATEST COMBINATION**

**Insurgent Republicans of Wisconsin Will Not Stand for
Roosevelt at Head of New Party, But Will Go In
For Progressive Movement.**

(By Special Leased Wire to New Mexico.)
Madison, Wis., June 24.—Progressive Republicans here will refuse to talk of a third party until after the Democratic convention. Those high in Republican councils said today that if Bryan is nominated on a Progressive platform, the third party movement will be dead.

All agree, however, that if the Bryan progressive program should be defeated, Wisconsin's progressives would favor the formation of a new party—without Roosevelt at its head—which would embody the followers of LaFollette and Bryan. Some even go so far as to predict that these two might become leaders of the ticket. An interesting dilemma has developed from the fact that the Republicans of Wisconsin have chosen Progressive Republican presidential electors, who, unless they resign, must appear on the platform ticket as Taft electors and according to an unwritten law, they will be morally bound to vote for the President.

Some of the electors will resign, it is expected, but leaders are advising no action until the outcome at Baltimore is known.

Bryan Assured Support for President.
Baltimore, Md., June 24.—The headquarters of William J. Bryan swarmed all day with visiting delegates and friends who came to advise with him over the situation. Several Ohio delegates led by William H. Reinhardt of Sandusky, visited Mr. Bryan.

"I don't want to embarrass you, Mr. Bryan," said Mr. Reinhardt, "but we want you for President." "I have something more important right now," replied Mr. Bryan, "I want you for the first round for temporary chairman. I am not talking about anything else."

Mr. Reinhardt said he was elected as an independent Progressive delegate.

Several delegates from Alabama called on Mr. Bryan and said that while they were bound by the unit rule to vote for Oscar Underwood for President, they would be against Mr.

Parker for temporary chairman. Mr. Bryan replied he hoped the national committee would settle the matter without a fight. Regarding a report that he had been visited by William R. Hearst, Mr. Bryan said he would not give out a list of his callers.

Back to Oyster Bay.
Chicago, Ill., June 24.—Colonel Roosevelt departed for New York this afternoon. A crowd gathered at the station and cheered as the colonel entered.

Madison, Wis., June 24.—Senator LaFollette's defeat in the Chicago convention was attributed by the governor today to the "mismanagement of his campaign—a mismanagement that was well high criminal."

The governor said that Walter L. Houser, LaFollette's campaign manager, is responsible for the election of Senator Root and "of the whole cascade of calamities that followed."

Governor McGovern in a long statement in justification of his candidacy for temporary chairman of the national convention, held figures tending to show that had he been chairman, the net Taft strength would have been 180 and the net Roosevelt strength 470.

"Had I been elected temporary chairman," said Governor McGovern, "I would have ruled that the 78 contested delegates should have been disqualified until lawfully seated. There would have been an appeal of course, from the decision of the chair, but to support this appeal from the chair, there would have been only 480 Taft delegates, while to sustain the chair, Cummins and LaFollette delegates would have been united and the chair sustained. Contests thereon would have been referred to the committee on credentials which would have brought as it did, a majority and a minority report. The Taft men would have tried to secure the adoption of the majority report in each instance but without assistance, they had not votes enough."

Received President's Message asking appropriation for army maneuvers.

Adjourned at 1:30 p. m. until noon Thursday.

Militia May Have Maneuvers Yet.

Washington, D. C., June 24.—President Taft today sent a special message to Congress, recommending the immediate appropriation of \$1,350,000 for use of the War Department in joint maneuvers of the regular army and the national guard next month. The President also asked the appropriation of \$167,000 for urgent necessities of the War Department. Both items were in the general army appropriation bill which the President vetoed.

Democrats Have an Inning.

Washington, D. C., June 24.—For forty minutes today, the House enjoyed itself over the situation in which the Republican party finds itself because of the Chicago convention. Representative Campbell of Kansas started off by having read a letter written by former President Roosevelt in 1908 extolling the virtues of President Taft then a candidate.

Republican applause greeted the phrases containing fulsome praise for President Taft. Democrats laughed uproariously. When the reading was finished, Heflin of Alabama, made one of the Chicago statements by Colonel Roosevelt. The Democrats had a lot of fun by applauding loudly at the numerous references to "fraud" and "rascality."

Will Confer With Taft.

As soon as this committee has conferred with President Taft, it is expected that another meeting will be called and the organization of the committee completed with the election of a permanent chairman, secretary and other officers. Victor Roosevelt, acting chairman of the old national committee, attended the meeting, holding the proxy of L. B. Moss of Mississippi. The committee of nine decided to meet next Monday in Washington and will proceed to the White House for a conference with Mr. Taft, as to the campaign for the reelection of Taft and Sherman, who were nominated late Saturday evening.

The national committee authorized this committee to make the selection of national chairman who will have charge of the campaign and to name the national committee secretary after the conference with President Taft. Sergeant-at-Arms Stone was unanimously re-elected.

ROOSEVELT PLANNING FIGHT

New Organization to Be Something Like Correspondence School.

(By Special Leased Wire to New Mexico.)

Chicago, Ill., June 24.—There was no formal meeting of Roosevelt followers today but informal conferences were held in which Colonel Roosevelt discussed the situation with leaders of the new party which sprang into being last Saturday night. Senator Joseph M. Dixon, field general of the Roosevelt forces, in the anti-convention fight, talked with his chief.

Governor Johnson of California, on whom rests a part of the responsibility of the appointment of the committee of seven which will map out the first chart for the voyage of the new party, was the next to confer with the Colonel. James R. Garfield and Clifford Pinchot followed. No statement was made by Colonel Roosevelt. He said he did not expect to make any until some "definite program of progress" was formulated.

The Illinois Roosevelt men expected to confer with their leader before his departure.

Nebraska Progressives Throw Down Teddy.

Lincoln, Neb., June 24.—In the opinion of Governor Aldrich, expressed today, there is no occasion for organization of the Roosevelt party in Nebraska.

"The Progressives are in the majority here," he said, "and there is no occasion for a new party. To organize one simply would be to throw the Republican machinery into the hands of the reactionaries."

A meeting of the Republican state committee has been called for tomorrow night at Omaha to consider the situation regarding the presence of the Roosevelt party in the Republican ranks, it is reported.

Not Influenced By Baltimore.

Chicago, Ill., June 24.—The nomination of a pronounced "Progressive" at Baltimore will make no change in the plans of Colonel Roosevelt to lead the new party born last Saturday. The Progressive statement came from him after there had been some discussion of the possibility that a "Progressive" might receive the Democratic presidential nomination. Some of the visitors at headquarters appeared to think that if a recognized Progressive was nominated it might hamper the independent party.

"Will your position be influenced by any act of the Baltimore convention?"

**MAKING PLANS
FOR CAMPAIGN**

Republican National Committee Holds Brief Session at Chicago

TAFT AND SHERMAN WILL WIN

Walter F. Brown and Other Rooseveltites Attend Today's Meeting.

(By Special Leased Wire to New Mexico.)

Chicago, Ill., June 24.—Powell Clayton, Republican national committee man from Arkansas, was made temporary chairman of the new Republican national committee when that body convened in executive session today in the Coliseum. Alvan H. Martin of Virginia, was made temporary secretary.

Rooseveltites in Committee.

A surprise was the absence of William Allen White of Kansas, from the committee meeting, and the presence of F. B. Stanley of Kansas, in his place. It was explained that Committee man White had told the Kansas delegation that he was undecided whether he could support the candidate of the convention, President Taft, and Mr. Stanley accordingly was chosen as state committee man. F. B. Stanley, through the pre-convention campaign was an ardent Roosevelt man. Today, he said he was willing to act with the national committee. Walter F. Brown of Ohio, also took his seat. Before he entered he said no plan had been decided on by the Roosevelt members, and that he would sit with the committee, and see what was done.

Sub-Committee of Nine.

The meeting was brief and adjourned after the appointment of a committee of nine to confer with President Taft and ascertain his wishes regarding a chairman and the campaign. The committee to wait on the President is composed of:

Powell Clayton, Arkansas; Roy O. West, Illinois; John J. Adams, Iowa; Charles B. Warren, Michigan; Thomas K. Nieldinghaus, Missouri; F. W. Estabrook, New Hampshire; Newell Smith, Tennessee; Alvan H. Martin, Virginia; S. A. Perkins, Washington.

Will Confer With Taft.

As soon as this committee has conferred with President Taft, it is expected that another meeting will be called and the organization of the committee completed with the election of a permanent chairman, secretary and other officers. Victor Roosevelt, acting chairman of the old national committee, attended the meeting, holding the proxy of L. B. Moss of Mississippi. The committee of nine decided to meet next Monday in Washington and will proceed to the White House for a conference with Mr. Taft, as to the campaign for the reelection of Taft and Sherman, who were nominated late Saturday evening.

The national committee authorized this committee to make the selection of national chairman who will have charge of the campaign and to name the national committee secretary after the conference with President Taft. Sergeant-at-Arms Stone was unanimously re-elected.

Rotten Excursion Dock Precipitates a Hundred Into Niagara River.

AT LEAST TWENTY DROWNED

Thus Far Only Six Bodies Have Been Recovered from the Swift Current.

(By Special Leased Wire to New Mexico.)

Buffalo, N. Y., June 24.—Up to noon today, six bodies had been recovered from the Niagara river at Eagle Park, the scene of last night's drowning tragedy and the official list of identified dead and missing reached a total of thirty.

The disaster occurred on the west shore of Grand Island, about 10 miles below Buffalo. More than one hundred persons were thrown into the Niagara river by the collapse of an excursion dock.

The identified dead are: Mrs. Arthur Mayer, Mrs. John Hays, Mrs. Lillie Kellogg, Celia Kelly, nine years old, Mrs. Agnes S. Gallagher.

Families Separated.

In the terror and confusion of the accident, families became separated and there is faint hope that some of those listed as missing may be found today. There remains little doubt, however, that the list of dead will be at least twenty.

The section of the dock which gave way was about 50 feet in length and 25 feet in width. The medical examiner who examined the wreckage at dawn, found that many of the broken planks were rotten and that directly beneath the collapsed portion of the structure there were no supporting piles.

**WILL NOMINATE

That Is Threat of His Friends if Alton B. Parker Is Pushed

PROGRESSIVES ARE MILITANT

Will Stand For No Control of Convention by Wall Street Forces.

(By Special Leased Wire to New Mexico.)

Baltimore, Md., June 24.—A compromise between the Democratic factions contending over the temporary chairmanship of the Democratic national convention was said to have been reached this afternoon. It was reported that Alton B. Parker of New York, slated for temporary chairman, and opposed by W. J. Bryan, would meet Mr. Bryan and read to him the speech Mr. Parker has prepared. This speech is declared to be both progressive and aggressive.

Saving His Face.

The Parker forces believe it will meet many of Mr. Bryan's objections. If after reading the speech, Mr. Bryan still insists upon his objection to Parker, the latter then will be selected by the national committee but will decline to serve.

Compromise in Sight.

Representative Henry of Texas, who had been a candidate for temporary chairman of the Progressive wing, declared after a conference with Mr. Bryan that a compromise should easily be effected since the national committee had indicated a disposition to prevent a clash on the floor.

"I will be eliminated from consideration altogether," said Mr. Henry. "We will accept any good Progressive" for temporary chairman who can be agreed upon. Senator Kern, Representative Ollie Jones, Theodore Bell of California, or Senator O'Gorman will be acceptable."

Bryan Takes a Poll.

Mr. Bryan ordered a poll of arriving

SHOT DOWN LIKE WILD BEASTS

Forty Federals Lined Up Against Wall and Killed by Rebels

PITIFUL SIGHTS RECORDED

Drunken Brigands Are Ravaging State of Durango With 1800 Men

(By Special Leased Wire to New Mexico.)

El Paso, Texas, June 24.—Word was received here today that at Valdemora, Mexico, forty federal volunteers captured by General Campa, the rebel leader, were executed. Rebel officers vied with each other for the privilege of conducting these executions.

One of the pitiful sights was the killing of a federal volunteer, about 45 years old, by a rebel soldier hardly out of his teens.

Drunken Brigands Demand Ransom.

Seventeen Americans in Valdemora, fifty miles west of Torreon, recently were lined up against a barn while a half dozen drink-crazed brigands threatened summary execution unless a million dollars ransom was forthcoming. The "rebels" halted their threats when \$25,000 in gold was paid them. The story was told by a party of witnesses here today.

Campa Jailed.

Americans, they said, had feared the consequences of a revelation of their plight through official channels and only with the routing of rebel columns under General Campa and Arguendo, after nearly two months of depredations had the facts begun to come to light. Campa reached Chihuahua city with 600 men out of a force of 3,000 men, became involved in a quarrel with General Orozco and was jailed.

Ravaging Durango.

General Arguendo, however, with about 1800 men is now ravaging the state of Durango, pursued by the federal commander, General Blanquet. Arguendo is said, is arranging to make his way southward to form a junction with the Zapatistas.

Huerta Near Bachimba.

Las Delicias, Chih., June 24.—The main column of the federal army under General Huerta reached here at 5 o'clock this afternoon, having covered the distance from Sanguito, about 16 miles, since 6 o'clock this morning. The distance from here to Bachimba in the north is about 20 miles.

GREAT BRITAIN WILL REDUCE NATIONAL DEBT.

(By Special Leased Wire to New Mexico.)

London, June 24.—David Lloyd-George, chancellor of the exchequer, confirmed in the House of Commons today, rumors that he proposed to devote \$25,000,000 of the surplus of \$32,500,000 to the reduction of the national debt.

**DEMOCRACY IS SPLIT, EVEN
BEFORE CONVENTION HAS OPENED**

National Committee Has to Adjourn Because It Can Not Agree on Temporary Chairman.—Bryan and Tom Taggart Stand Pat Against Each Other.

(By Special Leased Wire to New Mexico.)

Compromise Fails.
Baltimore, Md., June 24.—5 p. m.—A conference this afternoon between William Jennings Bryan, Alton B. Parker, National Chairman Mack and Vice Chairman Hall to effect a compromise on the question of the temporary chairmanship of the Democratic national convention failed.

Mr. Bryan announced that he had not changed his mind. Vice Chairman Hall indicated that Mr. Parker would be named and that the fight against him would be carried on from the floor by Mr. Bryan.

Kentucky Stands Pat.

Word reached the convention hall that the Kentucky delegation met and voted overwhelmingly to sustain the selection of Parker as temporary chairman. This action was in spite of a protest by Senator-elect Ollie James of Kentucky, one of Mr. Bryan's staunchest supporters.

Wilson Steam Roller Works Smoothly

Baltimore, Md., June 24.—The Delaware delegation will vote solidly for Governor Wilson until otherwise instructed. Colonel William H. Stevens, chairman of the delegation, at a caucus today enforced the unit rule in spite of the protest of two members who expressed preference for Speaker Clark.

Baltimore, Md., June 24.—Sixty-five of the seventy-six Pennsylvania delegates held a caucus today and instructed James M. Guffey, national committeeman, to vote against the selection of Parker for temporary chairman. This action was taken 59 to 6.

The Lion and the Lamb.

Baltimore, Md., June 24.—The report of a compromise arrangement gained confirmation later when it was announced a conference was being held in Mr. Bryan's rooms, Mr. others participating.

Guffey in Same Boat With Penrose.

Baltimore, Md., June 24.—James M. Guffey, leader of the Pennsylvania Democracy for many years, was overthrown today when the Pennsylvania delegation voted to oust him from the Democratic national committee, and elected Congressman A. Palmer Mitchell, a "progressive."

The delegation also adopted 59 to 6, a resolution calling on the committee not to name Alton B. Parker as temporary chairman of the convention. No preference for the position was expressed in the resolution.

These will be opened when the boomers march from the station to their hotel. Badges with the mayor's picture and the inscription "For President, He Can Win" also were conspicuous.

New York supporters of Woodrow Wilson will hold a mass meeting tonight at which plans to increase the Wilson delegation will be carried out. Wilson adherents will depart for Baltimore after the meeting.

According to Edwin M. Bassett, former public service commissioner, who will preside at tonight's meeting, Governor Wilson's candidacy will be endorsed and resolutions will be passed urging that the ninety New York delegates support him.

Baltimore, Md., June 24.—The national committee took no vote on the chairmanship before adjournment. It was learned that Committeeman Hall had been the first to protest against the ratification of Parker and had been joined by Committeeman Kremer.

Following the recess, the chairman announced that an agreement had been reached to send a committee to see Mr. Bryan and Mr. Parker to suggest means whereby harmony could be reached before the convention. Chairman Mack and Mr. Hall departed to take up peace negotiations. Mr. Hall made a vigorous address to the committee declaring the party rank and file would protest against it, and that the delegates would not "stand for it."

TRAMPAS TOWNS WILL REMAIN

Unique Suit Involved Several Villages on Big Land Grant and Alarmed People

DIFFICULTY IS SETTLED NOW

A. B. Renahan, attorney for a certain group of residents on the Trampas land grant, in Taos county, returned this morning from a visit to the big grant where all difficulties between the residents on the grant and the owners of the land were finally adjusted.

O. N. Marron and Charles C. Catron, also attorneys, visited the grant in the interests of their respective clients. It seems that there are several villages on the grant and the residents of those villages feared that their municipal rights might be jeopardized. These towns are Ojosoreo, Canada de las Alamos, Trampas, Valle, Llano and Chamisal. Meetings were held in each of these towns and the people were assured that their possessions would not be interfered with in any manner and all disputes were amicably adjusted so that the towns will not bring suits to protect their rights, as such action will not be necessary.

**MAGONS AND RIVERA
ARE FOUND GUILTY.**

Will Be Sentenced Tomorrow Despite Demonstration Made Yesterday at Los Angeles.

(By Special Leased Wire to New Mexico.)

Los Angeles, Calif., June 24.—Ricardo Flores Magon, Enrique Magon, Anselmo Figueroa, and Librado Rivera, found guilty by a jury in the federal court of having violated the neutrality laws of the United States during the Madero revolution in Mexico, will be sentenced tomorrow. It was stated no appeal would be made. The four defendants were said to have been reconciled to having been convicted of aiding the Mexican revolutionists through a Junta maintained in Los Angeles. Their friends, however, conducted a demonstration yesterday, against the prosecuting officers.

AMERICAN ATHLETES HAVE ARRIVED AT ANTWERP.

(By Special Leased Wire to New Mexico.)

Antwerp, June 24.—The steamer Finland, bringing the American athletes for the Olympic games at Stockholm, arrived here today. Most of the men are in good condition but several are suffering from slight accidents which occurred during their training on board. The Finland is to remain here two days.

CONVICT MUST SERVE TIME

Charles Garner Would Have Been Paroled Next Month But He Ran Away

CAPTURED HIM AT ROSWELL

Had Charles Gardner not escaped from the convict road camp in Bernalillo county, three weeks ago he would have been paroled next month. Now he must serve two more years having been under an indeterminate sentence of from two to three years. He had almost served his two years with his good time allowance when he ran away. He was caught 110 miles east of Roswell in what is known as the Plains Country after a fight with deputy sheriffs. No one was wounded during the fight.

Gardner is now enroute here in charge of officers and will be kept in close confinement for the balance of his term. He is the last escaped convict from Bernalillo county to be retaken and Superintendent McManus was especially anxious for his capture.

Gardner was sent up from Chaves

**HARMON AND MARSHALL
SPECIALS HAVE ARRIVED.**

Booms for Ohio's and Indiana's Favorite Sons Take on New Life at Baltimore.

(By Special Leased Wire to New Mexico.)

Baltimore, Md., June 24.—Nearly 500 supporters of Governor Harmon headed by George S. Long, the governor's secretary, arrived today. Harmon headquarters at once took on new life.

Statements were issued by the press bureau reciting instances when Mr. Bryan had made complimentary reference in his speeches to Harmon.

The arrival of the Alabama delegation with Underwood banners flying gave renewed vigor to the Underwood campaign.

Probably the largest contingent arrived today from Indiana. The "Marshall special" brought six hundred of his enthusiastic supporters. Later two more special trains will arrive.

Tammany on the Way.

New York, June 24.—Many Democrats bound for Baltimore departed today in special trains. Among them were 200 supporters of Mayor Gaynor and six special railroad of Tammany members. Each member of the Gaynor delegation carried a large umbrella bearing a likeness of the mayor.

300,000 HAVE VOTED ON RAILROAD STRIKES.

Ballots Are Now Being Counted and 150 Railroads East of Chicago Are Affected.

(By Special Leased Wire to New Mexico.)

St. Louis, Mo., June 24.—The executive council of the Federation of Labor, an organization comprising nine branches of railroad employees, began to count the ballots today cast by members on the question of a strike. Three hundred thousand members voted. The strike, if voted, will be one of sympathy, with the shipworkers of the Harriman lines and will be effective on 150 railroads east of Chicago.

MCDONALD DENIES LAS VEGAS STATEMENT.

Late this afternoon, Governor McDonald was not yet ready to issue the promised statement regarding to what extent he would go to stop the prize fight at Las Vegas and denied the statement implied in the following dispatch.

Las Vegas Is Hopeful.

Las Vegas, N. M., June 24.—Advices were received here to the effect that the statement to be issued by Governor W. C. McDonald late today will contain the announcement that he will not attempt to prevent the Johnson-Flynn bout scheduled for July 4. The advices, though unofficial, were given credence in sporting circles here.

Brought to the Pen.

Sheriff Duffer of San Juan county,
brought F. Brandt to the penitentiary,
Brandt having been convicted of cat-
tling stealing at the recent term of the
district court. Chic-Chilling-Gay,
the Navajo, who murdered Richard
Wetherill was sentenced to serve from
5 to 10 years, but on order of the
judge he was turned over to Superin-
tendent Shelton at Shiprock, pending
the appeal of the case which will be
taken to the supreme court.

Lightning Strikes Young Woman.

While standing between her brother
and sister in the west room of their
home on Strawberry Flats, at Abbot,
Mora county, Miss Corrienne Johnson
was struck by lightning. She fell to
the floor, seeming to be lifeless. Res-
toration was applied at once and in a
short time she became conscious.
Her hand at the time was resting on
her brother's shoulder and her other
arm touching her sister, and yet neither
of them were shocked in the least.
At this writing, Corrienne is able to
up, but her eyes are badly affected.
The lids seem to want to droop.

Eight Explosions in One.

In order to remove the shelving
rack near the railroad bridge at the
new dam near Cuervo, Guadalupe
county, eight holes were drilled to a
depth of six or eight feet and charged
with dynamite. They nearly all went
as one charge, throwing the rock and
killing hundreds of swallows that were
nesting there. The jar nearly upset
the boiler at the pump house some
thirty rods away, also jarred the
smoke stack.

Unearthed a Mastodon.

While digging a well on his prop-
erty in the Capitan mountains, Lincoln
county, Juan Gutierrez, unearthed the
skeleton of a mammoth pre-historic
animal, generally believed to have
been a mastodon. The bones were
found about 12 feet from the surface
of the ground in a lot of gravel and
in view of the fact that nearly every
bone of the entire animal is included
in the find the discovery is regarded
as important.

Massacre on Navajo Reservation.

A telephone message which came
to the Gallup authorities a day or two
ago was to the effect that an Indian
woman had arrived at Fort Wingate
bearing a message that a riot had oc-
curred among the Indians on the Nava-
jo reservation. The first rumor was
that twenty children and women have
been killed, but this report later dwindle
d to a total of seven. The message
was rather unintelligible and up to
the present time it has not been con-
firmed by investigation.

While Drunk, Beat His Wife.

Ricardo Ascarate was arrested at
Las Cruces and bound over to the
grand jury for beating his young wife
with a six shooter after coming home
at midnight intoxicated. Mrs. Ascarate
is in a serious condition from wounds
on the head about the temple and in
the eyes made by the butt of the re-
volver. This was a runaway match
of a few months ago, the bride being
the younger daughter of Margarito
Barela. She was stolen from the
house of her employer through her
chamber window and the couple were
married by Justice Lopez.

Girl Badly Burned at Clovis.

Miss Vernon Riley was burned badly
at Clovis, with gasoline, in endeavor-
ing to put some gasoline in a boiler
full of clothes that was on the stove.
The gasoline spilled on the stove and
of course ignited at once. Miss Riley

line which also ignited catching her

Human Fiend Kills Horse.

Last Friday night about nine o'clock
some human fiend killed two fine
horses owned by Mariano Latasa, a
young man who came to Carlsbad sev-
eral years ago from Spain. The horses
were his only team and were kept in
a corral at his place in the south part
of Carlsbad. The worse than devil
who killed the horses stabbed each
horse once near the flank and one died
in probably ten minutes while the other
lived four hours. Latasa went to
his corral at about nine and found
one dead and the other one dying. Sus-
picion points to an enemy of Latasa
and as there is other direct evidence
it is hoped that the officers will lo-
cate the guilty party.

Three Suits Filed.

Luis Padilla, at Albuquerque, filed a
suit against S. H. Hampshire for al-
leged false imprisonment and defama-
tion of character for \$2,000. Padilla
alleges in his complaint that Hamp-
shire had accused him of the theft of
a saddle and set of harness, the
whole being valued at \$40, and that he
had caused his (Padilla's) arrest and
detention for two hours while he
was being secured, that he never
pressed the charge, and that the al-
legation of theft, with the arrest, had
injured his character and reputation
to the extent that \$2,000 would be
about the right balm for him. Walter
D. Buchanan filed a suit against
Thomas J. Curran and the First Na-
tional bank, the latter as garnishee,
for the sum of \$1,288.09, alleged to be due
on a note. The paper had been trans-
ferred several times, but was in the
hands of the plaintiff at the time the
suit was filed. Gross, Kelly & Co.,
Saturday filed suit for \$1,533.35,
against W. A. Danlavy, alleged to be
due on a note.

Lincoln County Seat Contest.

The Lincoln county seat case came
again to hearing in the District Court
of the First District of New Mexico be-
fore Judge E. C. Abbott at Santa Fe.
Saturday had been set as the day on
which Lincoln was to furnish an ad-
ditional bond in the sum of \$10,000
to protect the county and the con-
tractor from the damages to be sus-
tained from further delay in the con-
struction of the county buildings at
Carrizozo; this bond being in addi-
tion to the former bond of \$15,000 put
up some time ago. Judge Abbott ex-
amined the bond in the presence of
Attorney A. B. Renahan for Lincoln
and Attorney A. H. Hudspeth, repre-
senting Carrizozo and the county com-
missioners. Judge Abbott refused to ac-
cept the bond and ruled that Lincoln
be allowed two more weeks from that
date or until June 29th, in which to
secure a surety company bond or a
bond on which each person qualifying
be liable for at least \$1,000.

Home endorsement, the public expression of Santa Fe people, should be evidence beyond dispute for every Santa Fe reader. Surely the experience of friends and neighbors, cheerfully given by them will carry more weight than the utterances of strangers residing in faraway places. Read the following:

J. T. Sandoval, 115 Ortiz St., Santa Fe, N. Mex., says: "I have used Doan's Kidney Pills off and on for two years and they have done me a world of good. A dull pain in the small of my back, sometimes extending into my bladder caused me a great deal of trouble particularly when I took cold. I was bothered mostly in the winter, and in addition to the pain in my back, there were symptoms of inflammation of the bladder. The kidney secretions were highly colored and when passed were attended with a scalding pain. I never used another remedy that acted as satisfactorily as Doan's Kidney Pills. They proved to be just the medicine my case required, and the complete cure they brought has led me to recommend them on more than one occasion."

A JAIL BREAK AND ELOPEMENT

Deputy Sheriff by Mistake Pursues Newly-Weds out of Santa Rosa

5 MILE COMIC OPERA CHASE

Three Prisoners Walk Out of Prison Doors That Were Left Open Accidentally.

A jail break and an elopement occurred at the same hour of the night in Santa Rosa. This coincidence caused a deputy sheriff a ten-mile ride for nothing. He mistook the trail of the carriage of the fleeing couple for that of the escaped prisoners and followed it for five miles out of town and back again before he discovered his mistake.

The Jail Break.

Three prisoners, William Biel, Elmer Beasley, and Cosme Zamora, confined in the county jail at Santa Rosa, for assault with deadly weapons on Constable Carson in Vaughn, all escaped. It is reported that the jail door was left open. Up to the present time none have been recaptured. There were three other prisoners in jail but they did not care to go.

The Elopement.

Guy Doty and Miss Katie Hearsley were married by Reverend Whiting. The wedding was a complete surprise to all except a few intimate friends of the bride and groom. None were more surprised than the family of the bride. Guy Doty is a nephew of Mrs. R. H. Brown of Santa Rosa. He is in the employ of the Charles Hotel Company in Santa Rosa. Miss Katie Hearsley is a daughter of Mr. and J. W. Hearsley, of Los Tamos, and since leaving school as a student has been teaching in Guadalupe county. The newly wedded couple were driven to Pintada by a friend and left on the west-bound passenger for El Paso and other points.

COMPERS, MORRISON, ET AL., CONVICTED OF CONTEMPT.

Supreme Court of District of Columbia Again Finds Them Guilty and They Appeal.

(By Special Leased Wire to New Mexican)
Washington, D. C., June 24.—Samuel Compers, Frank Morrison and John Mitchell, the labor leaders today were held guilty of contempt of court by the supreme court of the District of Columbia in connection with the court's injunction in the Buck's Stove and Range boycott case. They will attempt to appeal again to the supreme court of the United States which reversed their former conviction. Justice Wright announced the decision of the court. It covered 72 closely typed written pages and took about two hours to read. Bondsmen were on hand and attorneys for the labor men gave notice of an intention to file an appeal to have the supreme court review the judgment. In its previous review the supreme court reversed the conviction on the ground that the contempt proceedings had been improperly instituted. New proceedings were at once begun. The sentences under the first conviction were: Compers, one year; Morrison, six months; Mitchell, nine months.

The charge was that the three men, as officers of the American Federation of Labor, through the organization's official publication, had disregarded Justice Gould's injunction against the publication of the Buck's Stove and Range Company's name in its "boycott list." Justice Wright sentenced Compers to one year, the same as upon his previous conviction, and Morrison to six months.

John Mitchell was not present and sentence upon him was deferred. His first sentence was nine months.

GOVERNOR GETS GOOD AND WET

Forced to Wade Creeks and Help Pull Auto up Hill

A COW PONY AFTER THIS

Chief Executive Had a Good Time at Mora Anyhow.

Hereafter, when Governor McDonald wants to visit any part of the state off the railroads, he will travel there astride a good old fashioned cow pony. This decision has been reached after the governor's recent experiments with an automobile and some New Mexico good roads in a driving rainstorm. The governor is not authority for the above. In fact the governor is not discussing that trip for publication but Alvan N. White, the superintendent of schools who with Dr. Roberts, president of the Normal University at Las Vegas, and Mr. Desmarais, superintendent of schools, went with the governor, told all about the trip this morning.

It was a tale of woe. The party started for Mora and arrived there in good season where they had a pleasant visit and where the governor and his party were royally entertained. Then they started back to Las Vegas in the automobile. The full particulars are not necessary, but before they had gone far, it began to rain, a regular New Mexican rain. The further they went, the harder it rained. The mud was ankle deep on one stretch of road and the automobile stuck. The governor and his party alighted and after a couple of hours' hard work, during which they waded a few creeks and were thoroughly soaked, they got the auto up a hill and onto a sandy road. Mr. White declined to state just what the exact remarks of the party were but at all events, they were not official.

EDITORIAL FLASHES

Newspaperman's Confidence Inviolable.

The question whether a newspaper reporter can be required to reveal under oath the source of information on which he bases a newspaper article came up before Judge Turner in Milwaukee, Wis. Judge Turner ruled in effect that a newspaper man's confidence is inviolable.

John Killilea, who had caused a reporter to come into circuit court, requested the court to require a reporter on oath to reveal the names of the persons from whom he had obtained information which was used in a news article. Killilea said the publication of the article during the pendency of the case tended to prejudice the jury and that statements made in the review of the history of the condemnation proceedings were incorrect and evidently supplied to the reporter by persons interested in the case.

Judge Turner decided that he had no power to require the reporter to be sworn or examined unless the reporter volunteered.—American Press.

Danger of Education.

Senator Robert L. Owen of Oklahoma, whose mother was a Cherokee Indian, was called a liar in court.

Owen addressed the court in about this language:

"Inasmuch as the court has done nothing to maintain its own dignity, and as I am amply able to take care of myself, I shall take this affair into my own hands."

Then he turned to the lawyer across the table and remarked to him in a loud voice that he was both a liar and a blackguard, and that, furthermore,

MINES AND MINING

Grant County.

All the machinery in the Utter concentrator at the Cleveland group near Pinos Altos is in place and a test run will be made this week. The mill will be able to treat 50 to 60 tons a day. A good strike of zinc sulphide known among the miners as resin-jack was made recently in the mine, and will add greatly to the value of the property.

Sierra County.

Murphy and Gray have taken a lease on John Cavin's Sand Flat claim near Kingston and propose to start operations on the property in the near future. John Cavin expects to commence work on the Gray Horse claim very shortly.

Ray Grayson has returned to Hillsboro from Hermosa where he went to take charge of the Ocean Wave or the New York Leasing Company pending an examination of the mine by the company's experts. The company claims to have enough money on hand to pay off all claims. If the report of the experts is favorable, operations will be resumed. The men who did not get their wages are refusing admission to the company's agents though there is no warrant in law for this action. Grayson had to return.

Sierra County.

George Bullard, manager of the Boulder Champion mine at Hembria, is trying to get teams to haul ore. He will ship through Tularosa. George E. Stone, the "bismuth king," is sinking a two-compartment shaft on the Pioneer group. He is following the

vein and has encountered some exceedingly high grade bismuth ore. The St. Lawrence people have cross-cut their vein at a depth of 75 feet and have eight feet of ore. Four feet of it is very high grade copper, which is being sacked for shipment. B. S. Farrar, a prominent mining engineer of El Paso and Chihuahua, Mexico, spent several days examining the St. Lawrence group in the Hembria district, for some prominent mining operators of Chihuahua, Mexico.

Socorro County.

I. J. Stauber, manager of the Sa-vauna Copper Co., returned to Silver City from a trip to Mogollon where he went to inspect a recent rich strike on the Iron Bar claim which he has under bond and lease from Mogollon parties consisting of Syl Gambelin, Abe Peterson, H. M. Dougherty of Socorro and others. The ore runs about \$45 a ton, and old-timers say that its richness reminds them of the early days in Mogollon when some fabulously rich ore was taken from surface workings.

Grant County.

There were thirty-one cars of ore shipped from Lordsburg last week. The Atwood company near Lordsburg has been shut down to put in a new hoist. The old one could not carry enough to economically handle the ore, and so the new one was decided on. B. C. Johnson while at work on his claims at Gold Hill has developed some fine zinc ore. It also carries considerable lead. He has not found a smelter that will separate the zinc from the lead and pay for both, so there is considerable loss in treatment.

he could just take that, and that, and that. Whereupon the opposing counsel fell to the floor as one man. Owen had used only his fist, but everybody in the court room fled, not knowing when bullets might be in the air.

After the affair was over the lawyer who had called Owen a liar stood on the front steps of the court house and observed to a couple of friends:

"I was never much in favor of educating these Cherokee boys, anyhow!"

SEARCHLIGHT ON THE SKY.

Mrs. E. A. Bishop of Brooklyn, N. Y., says: "I should like to have the merits of Lydia E. Pinkham's Vegetable Compound thrown on the sky with a searchlight, so that all suffering women could read and be convinced that there is a remedy for their ills. For years I was a great sufferer from organic female troubles and had despaired of ever being well again, but found relief in Lydia E. Pinkham's Vegetable Compound, which I tried as a last resort."

For nearly forty years, Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills.

NOW FOR THE BATTLE.

While the opening advantage of the national political battle lies with Taft and Sherman, yet it behooves every Republican to stand loyal, and more than that, to fight staunchly for his party and its ticket. The invasion of a foreign foe would not threaten the existence of the nation. The foreign foe would be repulsed though it took years, much treasure and rivers of blood. But the revolutionary forces that now threaten the republic are much more dangerous because they are insidious. If they once gain the upper hand, the life of the republic, that is the kind of republic that was founded in 1776, will be at an end. A new and different republic will take its place. Not since the Civil War, has the nation faced such a crisis. Surely, the majority of the voters will cast their ballots for the republic so that it may work out its latter day problems within the constitutional limitations so wisely created by the fathers and cemented with the blood of the heroes of hundreds of battle fields. Or is this heritage, this priceless heritage, to be flung away?

New Mexico has just been given participation in the affairs of this nation, after sixty years of waiting and fighting. Will it too help to destroy the very thing it has hoped for, prayed for, fought for, these many decades? Even if it were ready to give up its share in the greatest and noblest republic since the world began, its people may not be so ready to sacrifice the material advantages that Republican domination means to them. Prosperity is the difference between happiness and unhappiness, between satiety and hunger, for thousands upon thousands of people who must look to their daily wage or their daily business profit to supply food, clothing, education, pleasure.

The enabling act that lifted New Mexico to the high plane of other states politically, was passed by a Republican Congress and signed by a Republican President; magnificent land donations that have come to New Mexico by virtue of that enabling act will give every child a good education. The protective tariff, the homestead laws, the three years homestead act, all inestimable blessings to the nation but to New Mexico in particular, were enacted by the Republican party and conform with basic Republican principles.

Examine the platform adopted at Chicago. It is one that conforms to modern ideas, that battles with today's problems, that holds fast to that which is good from the fathers, and assimilates that which is sound in so-called modern progressiveness. It leaves the way open for any reforms that local situations may demand, any laws that unexpected exigencies, economic or political, may make advisable.

After all, the Republican party and its principles and policies are worth working and fighting for. Men who have followed the party's standard for years will not lightly desert it and their sons are apt to prove as loyal as their fathers.

Any one who imagines that there will be heavy defections from either of the two great parties on November 5, is deceiving himself. Every indication is that the revolutionary, socialist, anarchistic elements that have been preaching class hatred, will receive a set-back that will curb them for many years to come.

AN IMPORTANT WORK.

The Agricultural College of New Mexico realizes the importance of instructing the children of the entire state along the most modern lines of agriculture and for that reason it has undertaken a unique system to interest the pupils of the rural schools in scientific farming.

In this work, the college should by all means, have the support of every county teacher because the farming industry will eventually be the main industry of the state for the bulk of our population.

The College now has its superintendent of extension, W. T. Conway, in the field visiting as many of the teachers' institutes as possible and earnestly

striving to interest all teachers in rural districts in the proposed work. He is urging, primarily, the installation in all courses of study, of agriculture and domestic science as the first step towards the establishment of a state wide course which the legislature and the state school board eventually will make compulsory.

By teaching these highly important subjects, the boys and the girls in rural districts are spurred to active interest in their surroundings and instead of becoming tired of life in the country, they become strong workers for the betterment of conditions. The faculty of the college has taken the stand that it is due the boys and girls that they be given every opportunity to learn the fundamentals in the sciences that pertain to their every day lives and are so vital to themselves and to the state. The development of agricultural resources in New Mexico is dependent upon scientific farming and upon scientific and economical management both on the lands and in the homes. The College officials realize more fully than any one else, that the proper place to begin the training of the boys and girls of the country in newer and better methods, is in the country school. In connection with the courses, as outlined, the superintendent of extension has begun the organization of Boys and Girls Industrial Clubs. Since the first of February, fifty-four clubs have been organized in the sixteen counties with an aggregate membership of 509.

About 500 boys and girls have planted each a half acre in grain and a sixteenth in peanuts under direction of the superintendent of extension. The experiment is a contest to see who can produce the most and best on the least land. The remaining 300 who are all girls, have entered a contest in bread making and sewing. Prizes will be awarded to the winners. These Clubs are organized and directed by the Superintendent of Extension of the College and it is the belief that they will do some excellent work. They choose their own officers. The rural teachers are supervisors over these Industrial Clubs and in this way they have an opportunity to get close to the home lives of every pupil and to teach agriculture and domestic science in the most practical way.

The work is commendable from every standpoint and it is the opinion of this paper that by pursuing the teachings of these two important branches through the medium of the county school, the College of Agriculture will greatly increase the productivity of the lands and do excellent work in improving conditions in the rural districts. This is borne out by experiments made in nine southern states where the farmers in 1910 produced 158,000,000 bushels more corn than in 1909. Dr. S. A. Kemp of the U. S. Department of Agriculture declared this to be largely due to the adoption by the farmers of the improved methods of the Boys Corn Clubs which were organized and carefully supervised by those states. It is to be hoped that all of the teachers in the rural districts will take an active interest in the work and aid the boys and girls to get such clubs under way in every rural community in the state.

BECAUSE WE HAVE SENATORS.

In last week's issue of the Columbus Courier, "A small industry well kept," there appears an editorial on the three year homestead law which declares the measure one of the most important in many years for the development of the southwest. The editorial is quite correct in its statement but it ought in all fairness to go a trifle further and give credit to Albert B. Fall and Thomas B. Catron, the first U. S. Senators from New Mexico, who by making a combination with five other western senators, threatened a filibuster against the appropriation for the secretary of the interior unless that act were passed for the benefit of the long suffering homesteaders of the west. Quite naturally, congress passed the three year homestead act in record time although it was being held up in committee prior.

In the same issue of the Courier, is another editorial which complains that cattle are not being shipped from Mexico through Columbus, as a port of entry because of an unfair ruling of the Bureau of Animal Industry. Have the people of Columbus taken the matter up with our two Senators? If they have not, they should do so at once as they probably will get prompt relief, if their cause is just. The Columbus people ought to realize by this time that we have a couple of Republican Senators in Washington and they have proven more than capable thus far, of doing things for the new state. The three year homestead law, is a mere trifle to what they expect to accomplish during the next five years, as the New Mexican happens to know. It used to be that the territory was forced to take just about

what was passed out to it but not so any longer. The Courier says of the homestead act: "No law has been passed for many years that will mean more toward the development and prosperity of New Mexico than that which revises the homestead law of 1862, cutting down the residence requirement to three years. Since the signing of this bill by President Lincoln, thirteen states have been created west of the Mississippi river, and hundreds of thousands of people have taken advantage of its beneficent provisions. Now practically all the government land to be acquired is located in irrigated or dry-farming sections, and the recent amending of this law will have a mighty influence toward the rapid settlement of such lands, at the same time giving the entryman a much better opportunity to provide for the needs of himself and family and to obtaining the wherewith necessary for the improving of his land."

REMARKS From the Side Line

JUST FOR FUN.

I don't want the presidency, Said Truthful Theodore, But the little common geezer, In vain shall not improve. They are thieves he wildly shouted, Also rascals and such. I don't want the presidency, That is—not very much. If the common geezer calls me, Of course I'll have to run. We can lick 'em to a frazzle, And the fight will sure be fun. There is Ormsby and Heney, There is Finn and Dicky Quay, I'm against these crooked bosses, With exceptions, I might say. We will start a brand new party, With a gang that I can run, I don't want the presidency, I'm in it just for fun.

Flynn denies that he is fat. But aren't fat men all the rage this season.

That January session of the legislature must be held, says Attorney General Clancy. Major Llewellyn and Mr. Rogers may yet have a chance to go one round, Queensberry rules.

The inmates of the state reform school at Springer will hope that the state auditor is right about there being no appropriation for that institution.

"Huerta takes Batopilas," reads a newspaper headline. Is it as bad as castor oil?

We arise to ask what has become of the old fashioned statesman who used to take the platform at the psychological moment and "pour oil on the troubled waters."

It begins to look as though the dark horse hasn't much chance against a buzz wagon without a speedometer.

Albuquerque had a dog fight the other day and a crowd of two hundred people gathered whereat the owners of the dogs were arrested. Think of a dog fight in—but what's the use.

Cheer up. Just wait until that Baltimore convention gets the riot call.

On behalf of the press, however, we desire to thank Theodore for some handsome headlines and half a dozen new words for our vocabulary.

To allay the apprehension of the populace over the political situation, it may be stated with absolute authority that the peach crop is safe.

Jack Johnson knocked out a big cowpuncher in the first round at the training camp the other day. Jack has simply got to quit knocking our cowpunchers around.

Great excitement! The D. and R. G. arrived on time.

DEMOCRACY IS SPLIT EVEN BEFORE CONVENTION HAS OPENED.

Delegations who crowded around the committee room, were told the committee would probably be unable to hear contests before night. With the arrival of the Louisiana delegation the national committee was informed that rival factions desired to be heard as to the alternate who should take the seat of the late Representative Wickliffe.

Colonel B. J. Vega claims the seat as an alternate. The rival faction asserts that Vega was not elected as an alternate to Wickliffe.

Trying to Compromise. Baltimore, Md., June 24.—Efforts were continued today to effect compromises among the contending delegations to the Democratic convention, particularly in those from the territories.

No Compromise in Illinois. There was seemingly no hope of amicable adjustment of the fight between the Hearst-Harrison forces and the Sullivan people from Illinois. The contests will be taken up at once after the temporary chairmanship is passed upon.

Boss Mack is Excited. Baltimore, Md., June 24.—Mr. Bryan said: "I had a very pleasant meeting but beyond that I do not care to say anything. I will say, however, that I think a Progressive will be named."

When National Chairman Mack emerged from the conference room he was excited and disheveled. "There has been no agreement," he exclaimed hurriedly, "the program as originally planned still stands. The conference was without result."

Charles Bryan his brother, and Jerry Sullivan had the poll in charge and hoped by tonight to get a line on the situation.

Governor John Burke of North Dakota was closeted with Mr. Bryan and later made public his reply to Mr. Bryan's note, asking him to join in the fight against Parker. The reply read: "I will do all I can to elect a Progressive."

Committee Excited. Former Governor Glenn of North Carolina; former Governor Beckham of Kentucky, and Senator Kern of Indiana, talked over the situation with Mr. Bryan. Mr. Bryan, true to his announcement earlier in the day, did not appear before the committee to oppose the selection of Mr. Parker as temporary chairman. The news that Mr. Bryan had declared he would personally go before the convention as a candidate against Mr. Parker caused much

S.S.S. REMOVES BLOOD IMPURITIES
Every pore and gland of the skin is constantly at work, purifying the blood, and regulating the temperature of our body. When the blood becomes impure, it is the cause of many diseases, such as pimples, boils, eruptions, itching, and all other skin affections. S.S.S. cures all these diseases, and restores the skin to its natural healthy condition. It is the greatest of all skin remedies, and is the only one that cures all skin diseases, and restores the skin to its natural healthy condition. It is the greatest of all skin remedies, and is the only one that cures all skin diseases, and restores the skin to its natural healthy condition.
THE SWIFT SPECIFIC CO., ATLANTA, GA.

Quarter of a Century Ago.
(From the Santa Fe Daily New Mexican of June 24, 1887.)
While Judge Prince was in the east he delivered no less than thirty-four addresses and lectures at Boston, Providence, Hartford, New Haven, New York, Brooklyn, Newark, Philadelphia, Cincinnati, Cleveland, Rochester, Chicago, Detroit, Indianapolis, St. Louis, and other points.
The Gas Company has doubled the capacity of its plant and on July 1 the street lamps will be turned on again.
Leavenworth, Kansas, had a half million dollar fire.
Las Vegas concedes the point that the Southern Kansas road now building down from Kiowa is to build its main line to Hot Springs and thence across the mountains to Santa Fe. H. S. Gratz, living northeast of Springer, in the dry Cimarron canon, states that the Rock Island surveyors have recently run lines from near Raton west into the Cimarron range of mountains that skirt the eastern edge of Taos county. This doesn't look as if that great line was heading for Albuquerque. The Cimarron range and Taos valley are not very far north of Albuquerque.

WINTER OATS CROP BEING HARVESTED.
Carlsbad is Planning a Big Fourth of July Celebration--Dairying at Otis.
Carlsbad, N. M., June 22.--The winter oat crop in the Carlsbad project is being harvested. The threshing began this morning. The acreage of oats planted last fall was small, the crop is turning out well.
The Groves Lumber Company has opened a hardware store in Loving in connection with the lumber yard established several years ago.
Augustino Calderone near Loving has sold his farm and is preparing to move to Johnston, Pa. Mr. Calderone has lived here many years and has prospered.
The people at Otis are giving much attention to dairying. For some time they have shipped cream to Roswell. Now they have decided to build a creamery of their own. Several meetings have been held to agree on plans. Last week a committee was appointed to prepare final plans and submit to a meeting Saturday. It is proposed to start a co-operative creamery.
July Fourth will be duly observed. A regulation celebration will be held in Carlsbad with a long program of sports for the entertainment of visitors. The Farmers' Union will have a big picnic on the Bolles Farm, south of Otis.
The canals of the Carlsbad project are carrying the greatest amount of water at present since the opening of the project five years ago. There is more land under actual cultivation this season than at any time since irrigation first began some twenty-two years ago.
E. T. Carter has purchased the Slocum farm of sixty acres near Otis. It is nearly all in alfalfa and is one of the best improved places in the Carlsbad project. Mr. Carter will make extensive improvements at once to demonstrate what can be done in the project.
J. I. Sawvel who came here last winter is so well pleased with the country that he has bought another farm of seventy acres. A month ago he bought eighty acres that he is already improving.
The peach growers are busy getting ready to take care of the early crop. The cold weather thinned the crop and the peaches will in consequence be of extra large size and be market topers. The weather turned cool some days ago which will delay the ripening somewhat.
Death of Miguel Gonzales.
Miguel Gonzales aged twenty years, died of acute indigestion after a brief illness at Gallup.

WOMAN'S TRIALS.
The burdens a woman has to carry through life are many but they can be lightened if she will turn to Dr. Pierce's Favorite Prescription. A soothing and strengthening nerve--subduing nervous excitability, prostration, hysteria, hot flashes and the many symptoms which may be caused by disordered life peculiar to women. For those "dragging-down" pains or distress and for the derangements and irregularities the "Favorite Prescription" has had many thousands of testimonials from people living in every part of America. Another important thing to every woman is that this medicine is made from efficient medicinal roots, without the use of alcohol, narcotics, or any injurious agents. Full list of ingredients given on bottle-wrapper and sworn to by Dr. R. V. Pierce--who is President of the Invalids' Hotel and Surgical Institute, at Boston, N. Y. Every woman is invited to write to this Institute and receive confidential and sound medical advice, entirely without cost from one who makes the diseases of women his specialty.
"I can cheerfully recommend your remedies, especially your 'Favorite Prescription,' for all female disorders," writes Mrs. M. M. Norrell, of Blue City, Tenn., Route 2. "During the past seven years I suffered from pains in the back and ovaries. Tried many remedies but found only transient relief until I was persuaded by a friend to try Dr. Pierce's 'Favorite Prescription.' After giving this remedy a fair trial, I found that it would do just what it is recommended to do. I used in all seven bottles. I cannot speak too highly of Dr. Pierce's remedies for all female derangements."

IN THE PUBLIC EYE
District Judge E. C. Abbott.
This paper is pleased to say that Judge Abbott has made a very efficient officer while presiding during this term of court. We did not support him when a candidate and we therefore feel it all the more our duty to give him credit when credit is due. His rulings have been uniformly fair and his work quick and thorough. He deserves the approval of men of all parties so far as this his first session, in San Juan county goes.--Farmington Times-Hustler.

Senator Pankey.
Senator Pankey and some of his friends came through Tuesday. They had been out to Faustina Garcia's where he purchased 1500 sheep. He made us a pleasant call, presenting to us a pamphlet of bills passed by the legislature during its first session. We note four bills of special importance which he framed and offered were passed, each gaining the Governor's signature. He acquitted himself well as a representative of his people, becoming an active and important factor in the session of the legislature which has just passed into history.--Moriarty Messenger.

Did He Win?
The governor refused to grant an interview with local and visiting newspaper men. A representative of The Optic found him playing a game of billiards in the Commercial club rooms after the conference. His antagonist was W. J. Lucas and the governor's string was considerable shorter than that of his Democratic opponent. "No time for my fellows," was the governor's reply when he was asked if he would give the newspaper men five minutes. "And if you make me lose this game of billiards," he continued, "I'll be peeved at you to say the least. I like the newspaper boys, but I don't want to see them tonight."--Las Vegas Optic.

Roosevelt's Waterloo.

Theodore Roosevelt has met his Waterloo. He deserved it. He is one of the most remarkable men the world has produced, not for the things he has done, but because of the things he has made a large number of people believe he would do. He is a man of tremendous personality, a forceful, aggressive, shrewd egotist. His thoughts are centered in himself, not in the welfare of the people as he professes. He is an opportunist, not a statesman who builds for the future.

In the last year of President Roosevelt's term, he said: "I have done my work, I am interested now in ethical and in moral questions; statesmanship, I have not the qualities of mind to take up the trust question, the currency question and the transportation questions. These things do not interest me."

It is such utterances of candor, or apparent candor, that have made the people believe in the greatness of Roosevelt. He admits obvious limitations and says a man of a different type of mind must solve the great problems which he confesses he has no mental aptitude for. He furnished Taft for that purpose.

But Mr. Roosevelt is so many-sided that it is difficult to follow him. For instance, "under no circumstances" would he accept another nomination, yet he entered the fight for another nomination and for 100 fateful days fought the most spectacular war that has ever occurred in the history of American politics.

"A petition with a million signatures would not move me to recommend woman suffrage to congress," he said. But just on the eve of the convention he came out for woman suffrage in the most emphatic terms. There are about a million woman voters in the country now, and the Colonel gives evidence of opportunism of action while he is preaching public morality.

He shouts about "rule of the people" and "malefactors of great wealth" and "special interests that must be controlled," and derives his campaign fund from the Morgan interests, George W. Perkins, Senator Dupont, and men of that stamp. He is very positive that the bosses must be destroyed, yet he makes "Old Bill" Flinn, the most corrupt boss Pittsburgh ever had, his practical manager at Chicago, ably assisted by Dick Quay, the son of the late Senator Quay, a chip of the old block.

He deprecates mud-slinging as being hitting to the great office of chief executive of the nation, and then inaugurates the most terrific contest with mud batteries and Chinese stink-pots ever known to this country.

He is bitter in his denunciation of a candidate who receives his nomination at the hands of southern delegates who cannot deliver one single electoral vote to the Republican party, yet he sent Ormsby McHarg into those same southern states to try to get the delegates instructed for President Taft to violate their pledges, and where Mr. McHarg failed, he was instructed to bring contesting delegates to Chicago.

He charges that the two delegates seated for Taft from California hold their positions by "theft," and says that "the moral sense revolts" at the thought. Yet he has permitted the delegates at large from Massachusetts, where the state went for Taft, to support the Roosevelt cause in the convention.

The trouble with Colonel Roosevelt is that he believes whatever he may do is right. He believes he is above the rules that must control the actions of ordinary men. Like most men of the past, who have believed themselves great, he feels that he is the son of destiny. His egotism is like that of Victor Hugo, who believed he could cause the Germans to raise the siege of Paris by having himself killed on the fortification of the defenders. He did not try it. Neither would Colonel Roosevelt.

With all of his inconsistencies, and they have been legion, Roosevelt has made a tremendous number of people believe in him. They think he discovered the ten commandments. On the other hand, Taft has never had credit for the things he has done. He despises red fire and the beating of the bass drum. The people of the country have always believed Taft was going to do something to them and that Roosevelt was going to do something for them. Neither position has been justified.—Albuquerque Morning Journal.

Waterloo!

The hook is now firmly fixed in the jaw of the Oyster Bay Leviathan, and with five hundred and sixty odd stout and willing hands resolutely pulling at the other end of the line the pulling out of him will very soon be accomplished. If Tuesday was a day of reverses for the Colonel, yesterday was not only one of crushing defeat,

but of most infuriating humiliation.—New York Times.

Frothing.

The way Theodore is frothing at the mouth is pitiful. His fulminations, however, are having an entirely different effect on the people than he thinks. The American people do not like a bad loser and Theodore is rapidly acquiring the reputation of being that.—Sierra Free Press.

No Compromise.

Let no regular Republican mistake at this time the temper of the people. Those who are not for Mr. Roosevelt are against him—wholly, completely, irrevocably against him. Their detestation of him is not personal; it is principle.

To them Roosevelt is but a name for Rooseveltism—Rooseveltism is but a name for subversion of the Republic, violation of the constitution, annihilation of the orderly liberty.

Like patriotism, therefore, the opposition to Roosevelt has become a political religion. It is not to be tampered with, not to be modified, not to be frittered away, not to be compromised or diluted with cheap opportunism.

Consequently, woe to the compromiser. If such there be in the leadership of the Taft forces, woe to him. For, if he were to have his way, he would have nobody behind him or his candidate.

There is but one thing to do in this emergency. There is but one thing that can be done safely—but one thing that can be done surely. Theodore Roosevelt has been nailed down—keep him there—clinch the nails on the other side—fasten him and keep him fastened to his present position. Chicago Inter Ocean.

The Road From Moscow.

You would better have taken the Sun's disinterested advice, Mr. Theodore Roosevelt, and stayed at Oyster Bay. You see the point now, perhaps. You went out not to the crowning victory that in your mind at least would have obliterated the unworthiness of the previous proceedings, but to your own humiliation and destruction. You have had a belly full of the excitement which possibly you prize above all the other ceteras of life, but the satisfaction of the appetite will not accompany you through the pages of history. You may bolt and struggle and continue to issue grandiloquent proclamations, all marking retreat, not not glorious advance. The Republican party lives; it is the Rooseveltian ideal that is murdered. You killed it with your own mouth.

We are rather sorry for you, Mr. Roosevelt, for our sentiments concerning you are not unfriendly when you cease to be dangerous. And you will pardon the Sun for addressing you on this solitary occasion, directly in the second person. You know you are no longer the first person.—New York Sun.

"Cussing" the Court.

It is recognized as the privilege of a defeated litigant to adjourn to the tavern and "cuss" the courts. So after the session at the Coliseum and shouts sent up each day from the Congress hotel about "thieves" and "robbers" and "assassination" were what might be expected from bad losers. And a little study of the way these wholesale claims of outrage have shrunk in the face of facts shows that they are merely the cry of bad losers.—New York Tribune.

Definition of Progressive.

A delegate with a fondness for the Gilbert & Sullivan comic operas, declared that the most perfect definition of the Roosevelt type of a Progressive is to be found in "Pinafire." "His eye should flash and his throat should growl. His teeth should gnash and his brow should scowl. His chest should heave and his jaw protrude. And this should be always his attitude."—Rocky Mountain News.

\$2,000,000 GOLD TO BE SENT TO PARIS.

Dismal Feeling on Wall Street Which Was Reflected in Decline of Stocks.

(By Special Leased Wire to New Mexican) New York, June 24.—The financial district seemed in a dismal mood as reflected in prices. Financial conditions seemed to be the impelling cause but the approach of the mid-year settlements with prospects of stringency abroad contributed to the general feeling. An engagement of \$2,000,000 gold for export to Paris was another indication of the trend of events across the water. Stocks here declined 1 to 2 points, with the greatest weakness in Reading. Coppers were heavy on the sharp decline in London. Bonds were irregular.

Close Is Heavy. New York, June 24.—Prices made up ground steadily, and by 2 o'clock the list ruled about midway between Saturday's closing and the lowest of

the forenoon. Lehigh Valley showed exceptional strength, and tobacco issues rose from 10 to 15 points.

The market closed heavy. Prices fell back again in the last hour when Reading declined to within a fraction of its early low. Canadian Pacific also showed renewed weakness.

REFORM SCHOOL HAS AN APPROPRIATION.

The reform school at Springer, N. M., will not have to close its doors at the end of the fiscal year for want of funds because the original appropriation for its maintenance is a continuing one. The state auditor and other state officials have decided that the appropriation for the school continues from year to year until it is repealed, cut down or enlarged and hence it was not necessary to repeat the appropriation in the bill at the first state legislature.

YOUR SALESMAN may speak to twenty persons a day praising your wares. HE BRINGS YOU BUSINESS.

YOUR ADVERTISEMENT in the NEW MEXICAN speaks to thousands every day. IT IS BOUND TO BRING YOU BUSINESS.

THE SUBSCRIBERS to the local paper are the prosperous people of your town. THEY ARE THE PEOPLE WHO BUY.

YOUR ADVERTISEMENT in the local paper helps to build the town. The outside judges Santa Fe by the advertisements in its local papers.

It is a BUSINESS MAXIM universally accepted that advertising pays. That is, if it is done right.

PEOPLE READ ADVERTISEMENTS. Let the "New Mexican" place in its most obscure column that you are selling sugar at one cent a pound and your store tomorrow will not hold its customers. Advertise calico at one cent a yard and you will have to telegraph to your wholesale house for car-load lots.

YOU CAN STIMULATE BUSINESS BY ADVERTISING. Today no business will increase permanently unless by some method of advertising. The fool in his heart will say that there is no virtue in advertising but the wise man knows that the fool is deceiving himself.

AN ADVERTISEMENT in the "New Mexican" DRAWS LIKE A POROUS PLASTER. It cannot fail if it advertises the right goods at the right price.

THE NON-PROGRESSIVE MERCHANT is noted by the fact that his advertisement does not appear in the local papers. The sheriff has an eye on his business and his credit must be poor.

LAST YEAR, the "New Mexican" took in \$12,000 in subscriptions. The readers who had that much for the local paper have as much for your store but you must let them know that you are doing business, where, and how you are doing it.

THE ADVERTISING RATES in the "New Mexican" are but a fraction of the rates in other cities. It is untrue that you cannot afford to advertise; the fact is when you feel that you cannot afford to advertise, you cannot afford NOT to advertise.

The "New Mexican" goes into the homes of Santa Fe and it reaches every post office in New Mexico

It pays to advertise in the "NEW MEXICAN"

TRY IT!

The above design by Secretary J. S. Harris of the Chamber of Commerce is being used in various colors on envelopes by enterprising local merchants and also on their letterheads. The New Mexican is prepared to furnish such letterheads and envelopes in any quantities at commercial rates.

We arranged with the Railroad Company to sell the beds at
whatever we could get for them, and make claim for the difference
to them, and they have put the beds with us on consignment until
they are sold. We are putting the prices below cost in order to move

MRS. EMMELINE PANKHURST

Hunger Strike Impairs Her Health to

(By Special Leased Wire to New Mexican)

London, June 24.—Mrs. Emmeline
Pankhurst, the militant suffragette
leader, was released from Holloway
jail, owing to a breakdown in health
as a result of the hunger strike insti-
tuted by her and her imprisoned fol-
lowers recently.

Forcibly Fed.

tenced at the same time as Mrs. Pank-
hurst, are being forcibly fed. Mrs.

Pankhurst had been sentenced to nine

conspiracy and inciting malicious
damage to property.

CONVICT MUST SERVE TIME.

(Continued From Page One.)

county last spring, a year ago, after
he pleaded guilty to stealing fifty
head of horses from the Thompson
ranch. His term was three to four
years. He told the deputies after the
capture that he fled while one of the
guards was asleep.

Since he had been out he had been
stealing horses along the territory

covered.

He was first noted at the Finley
ranch Thursday, where he stole \$40, a
six-shooter and Winchester. The peo-
ple out that way at once notified the
sheriff's office and his force was at
once on his trail. Deputies Loveless
and Browning first sighted Gardner at
Plainview. He saw them and waved
his gun at them. They followed on
at a regular cow-boy gait for seven
miles. They could not catch up with
him for 20 or 25 miles and when they
did so it was out on the open plains.

He saw they were gaining on him.
He got off his horses, and took to the
sage brush for protection, lying down.
When the officers were about 200
yards from him, Gardner opened fire,
just grazing Loveless' horse's hoof.
Loveless returned the fire.

Seeing that he was trapped the es-
caped convict surrendered, holding up
his hands.
