MAYOR OF LONDON

Great Parade in the Ancient English City.

IMPROVED ARMY MUSKET ADOPTED

A School to Teach Socialism Established in Kansas.

ANNIVERSARY OF TIPPECANOE BATTLE

London, Nov. 10.—Today, for the first time in the history of London, the lord mayor's procession traversed the unfashionable thoroughfare of Petticoat Lane, in the heart of the Ghetto. In recognition of the Jewish ancestor of Sir Marcus Samuel, the new lord mayor, Jewish London especially celebrated the event. The quaint annual progress of the chief executive of the city through the streets of the metropolis was probably more brilliant than usual. Seven richly decorated floats and fifteen bands representing crack regiments, together with city officials and London guilds, made up the goody pageant. A unique feature was a float representative of the Anglo-Japanese alliance, surmounted by the arms of both countries and surrounded by a guard of Japanese and British blue jackets. The procession left Guild hall at 11 o'clock and traversed the principal streets of the old city of London to the law courts, where, according to custom, the lord mayor was formally presented to the lord chief justice and was sworn in.

Sir Marcus Samuel, London's new lord mayor, is a typical London merchant. He is 49 years of age and is associated with firms of Japanese silk and oil importers and Japanese merchants. His succession to the civic chair is interesting for the fact that he is another instance of a member of the Hebrew faith attaining to the highest municipal dignity in England. Sir Marcus was knighted in 1898 and served in the office of sheriff seven years ago.

ARMY RIFLE.

Improved Musket Adopted for Use of the Army.

Washington, Nov. 10.—Gen. William Crozier, chief of the bureau of ordnance, in his annual report to the secretary of war, says that the improved musket is completed and has been tried with very satisfactory results, the various changes not only improving the weapon, but cheapening and accelerating the production. A rod bayonet is a feature of the new rifle. Its advantage is said to lie in the fact that it lightens the weight of the gun and dispenses with the bayonet and bayonet scabbard now in use, and in place of which trenching tools may be carried by the soldiers. The new piece weighs but a little less than nine and a half pounds, considerably lighter than the German and Mauser, yet it has greater velocity and greater penetration. It is noted that opinions differ as to the value of the rod bayonet. The construction of 5,000 new muskets has been authorized.

SOCIALIST SCHOOL.

Peculiar Educational School Established in a Kansas Town.

Kansas City, Mo., Nov. 10.—At Argentine, Kan., there was opened today a school for the teaching of socialism. It is the International School of Social Economy, originally established in Chicago in 1899, and afterward conducted in Girard, Kan., and San Francisco, Cal. The founder and chief promoter of the college is Walter Thomas Mills and he claims that 100 students from various parts of the United States and Canada are enrolled for the first course at the institution. Instruction will be given in the origin and development of the means of production, of the class struggle, of the industrial arts, of the learned professions, of the use of domestic animals, of military powers and tactics, of the forms of government, of the fraternal organizations, of the ecclesiastical institutions, and why these associations and institutions should culminate in socialism.

Another Strike.

Chicago, Nov. 10.—Seven hundred employees of the Hammond Packing company went on a strike today. They say the company failed to live up to an agreement entered into some time ago with the Amalgamated Meat Cutters and Butchers' Workmen's union for a uniform wage scale.

Celebrated Battle of Tippecanoe.

Cincinnati, Ohio, Nov. 10.—The anniversary of the battle of Tippecanoe

was celebrated today at the tomb of General William Henry Harrison, at North Bend, near this city. The late President Benjamin Harrison, before his death, had a new tomb built over the grave of his illustrious grandfather. The exercises today consisted of historical orations and selections of music.

Here From His Mine.

J. M. Wilson has returned from San Acacio, Socorro county, where he and a number of associates are opening up some promising copper mining properties. Mr. Wilson says that a shaft has been sunk about forty feet, from which they have run a cross cut tunnel sixty feet in length. The tunnel pierces a rich body of ore, which runs about 65 to 90 per cent copper and carries with it enough gold and silver to pay for the taking out. He thinks that they have struck the mother vein and that it is the richest strike ever made in the territory. A steam hoist is being installed and ore will be taken from the mines in a few days in car load quantities. The strike has created considerable excitement and a rush of mining men to that vicinity is in progress. A townsite has been laid off and lots are being sold at good prices. A store and several houses are already in course of construction.

CHAVES-SALAZAR.

Roberto J. Chaves and Miss Faustinita Salazar Married.

This morning, at 8 o'clock, Roberto J. Chaves, of Los Lunas, and Miss Faustinita Salazar, of Peralta, were united in the holy bonds of wedlock at the San Felipe de Neri church, old town, the ceremony being witnessed by only the immediate friends of the happy couple. The groom is the popular son of Hon. Jacobo Chaves, a well known republican of Valencia county, and the bride the daughter of Hon. Jesus Salazar, a big ranchman of Peralta. Today at the old town the happy young couple are receiving the congratulations of friends, and tonight they will leave for El Paso, where they will enjoy a short honeymoon.

THE VOTES COUNTED.

County Commissioners Went Through the Ballots Today.

The county commissioners, with Chairman Miera at the head of the table, met at the court house this morning, and counted the votes cast at the election held in this county last Tuesday. Chairman Miera called at The Citizen office at 4 o'clock this afternoon and stated that the total votes for the various candidates, with the majorities, were found to be practically the same as those published as unofficial in The Citizen last Saturday afternoon, except in a few instances, where the majorities of certain republican candidates were increased a few votes. The commissioners adjourned after the count, and Chairman Miera left immediately for his home in the Nacimiento country.

New Skin Grafted On.

Stamford, Conn., Nov. 10.—Dr. T. J. Biggs, of this city, performed a very successful skin grafting operation on Holly Seeley, a wealthy man. The grafting was made necessary by an erysipelas sore of two or three years' standing. The surface covered by the new skin extended from Mr. Seeley's hip to his ankle, and averaged two and three-quarter inches in width. The patient is doing well.

LOCAL PARAGRAPHS.

The Jaffa Grocery company finished moving yesterday.

Santa Fe Pacific Watch Inspector T. Y. Maynard has gone to Gallup on official business.

A dozen wagons, loaded with baled alfalfa, came in from the river ranches this morning. Ready sales.

The painters of the city will hold a meeting this evening and perfect a local union. They will also elect delegates to the trades assembly being organized in this city.

The Cigarmakers' Union at their last regular meeting elected Messrs. Massey, Dewey and Kemmerer as delegates from that order to the trades assembly being organized.

The German Ladies Aid society of the Lutheran church will hold their monthly coffee social at the residence of Mrs. W. F. Sweitzer, 615 North First street, Wednesday afternoon.

C. W. Laidlaw, a well known mining man of Sierra county, was here last Saturday, and during the day was shown over the city by E. H. Dunbar, the real estate agent. Mr. Laidlaw left last night for Denver.

John A. Large, aged 43 years, died this morning at 2 o'clock at the St. Joseph's hospital from tuberculosis. The deceased came here from Salem, West Virginia, and as he has no relatives, as far as known, will be buried here tomorrow.

THE COMMITTEE

Senator Beveridge and Party Will Soon Be Here.

CLUB MEETING THIS EVENING

Missouri Suit Over the Drainage of the Chicago Canal.

AERONAUT IS NAVIGATING THE AIR

In view of the fact that the senate committee on territories will visit this city the latter part of the present week, the members of the Commercial club are requested to meet at the club tonight at 7:30 o'clock for the purpose of making arrangements to properly entertain the distinguished gentlemen while here.

Let all members attend and let arrangements be made to give Senator Beveridge and party a reception which they will always remember as one of the nicest affairs in their lives.

Delegate Rodey has telegraphed for the exact day they will be here, but it is quite certain this afternoon that the congressional committee will be here the latter part of this week.

THEY LEAVE TONIGHT.

Senator Beveridge and Committee Coming to the Territories.

An Associated Press Dispatch from Chicago, under date of November 9, says:

Sensors Beveridge, of Indiana; Nelson, of Minnesota; Dillingham, of Vermont; Bate, of Tennessee, and Helfeld, of Idaho, will leave Chicago on Monday night for Oklahoma, New Mexico and Arizona to investigate those territories' claims for statehood. Five of the senators are members of the senatorial sub-committee on territories and it is likely their reports will have much weight with the upper house of congress. The route will cover all the principal cities of the territories.

Navigating the Air.

London, Nov. 10.—Rev. J. M. Bacon, aeronaut, accompanied by official representatives of the naval and military authorities, ascended in a balloon from Douglas, Isle of Man, today, with the object of crossing the channel. The gunboat Renard is following the balloon so as to be of assistance in case of mishap.

Drainage Canal Case.

Washington, Nov. 10.—In the United States supreme court today a stipulation for taking testimony was presented in the case of Missouri vs. State of Illinois, involving the right of the Chicago drainage canal to discharge waters in the Mississippi river. The stipulation is signed by attorneys representing both states and provides for the appointment of a commissioner to gather evidence.

Colorado Election Case.

Denver, Nov. 10.—This morning Julius Alchele, by his attorney, appeared before Judge Johnson and asked the judge to permit a jury to hear the charge of contempt entered against him in an election case. Attorney H. J. Hersey, who represents the republicans, gave notice that he would contest that portion of the answer of the defendant which calls for a jury. The case was set for Friday morning.

FIRE AT ALVARADO.

Discovered in Time to Prevent a Big Blaze.

A small blaze was discovered in the basement of the Alvarado yesterday morning, which was extinguished before any damage was done. It is supposed to have originated from a match which was among the rubbish dumped through the trap, and a rat in its ravaging ignited it, causing the small blaze. Had it not been for Mr. Walker, the night clerk, making his time by investigation, the result might have been disastrous.

A stream from a small hose did its effective work in a short time. A few lessons of this kind will teach that rubbish of very small lots may cause quite a conflagration.

Several complaints have been made that the people of the city are very careless in the storing of inflammable matter in cellars and outhouses. Here comes the urgent need of a fire warden to inspect the business houses, stores and other places where boxes and packing are stored in large piles. All precautions should be used to guard against fire which is cruel and inconsiderate when it once has a start. Al

though the Alvarado and many stores of the city are equipped with good fire appliances, yet this is not to be considered when dry boxes and packing material are thrown loosely about as to encourage fire. A fire, like all trouble, always comes unexpected and everyone knows the result. This is proved by the fact that the fire yesterday morning originated in a locality entirely separate from anything connected with the lighting and heating apparatus and at such an inopportune time, that only a fortunate discovery thwarted its purpose.

Cold Wave.

Washington, Nov. 10.—The weather bureau has issued the following bulletin:

"The northwestern cold wave has extended over the upper lakes and Mississippi valley and the middle western states and will overspread the middle Mississippi and Ohio valleys and the interior of New York and western New England on Monday."

STRATTON'S WILL.

It Would Have Saved Trouble If He Had Died Poor.

Colorado Springs, Colo., Nov. 10.—The Stratton will case came up for probate before Judge Orr in the county court of El Paso county this morning, but action was postponed until 2 o'clock when it is likely that further postponement of the hearing will be taken. For the first time in the history of the case Attorney General Post, of Colorado, appeared today in the interest of the case. His connection will be first to look after the inheritance tax, which the state will get, and second, look after the state's interest in the case if the will is broken, in which event the entire fortune will revert to Colorado, according to the wishes of the dead millionaire.

NOT A CANDIDATE.

Mitchell Declines to Be Candidate for President Federation of Labor.

Indianapolis, Nov. 10.—W. B. Wilson, secretary of the United Miners, today received the following telegram dated Wilkesbarre, from John Mitchell, president of the United Mine Workers:

"Replying to your inquiry concerning the use of my name by the press as an aspirant for the presidency of the American Federation of Labor, I desire to say that I am in no way responsible for the circulation of these rumors, and while it is the duty of every man to serve the cause of labor in any position in which he can be most useful, and while I appreciate the honor of being mentioned for this office, I firmly believe that I can be of more real service in my present position, and if any attempt is made to present my name for the presidency of the American Federation of Labor at the New Orleans convention, you will favor me by saying that under no circumstances would I accept."

Peepers at a Dance Shot.

Altoona, Pa., Nov. 10.—At a dance which was given by Mrs. Rachel Brodie in this city 15-year-old Ambrose Gehl was shot in the back and killed. Elaine and William Dodson, aged 16 and 19 years, respectively; Mrs. Lizzie Shambagh and Mrs. Brodie are under arrest, charged with the murder. The three former are cousins. The latter is their aunt. It appears that a crowd of boys had been peeping in at the windows, and that shortly after the women and the Dodsons had gone outside young Gehl was shot so severely that he died within an hour.

BRIBERY CASE ON TRIAL IN MISSOURI

Washington, Nov. 10.—President Roosevelt will leave Washington today to be absent nearly two weeks. He will be accompanied by Secretary Cortelyou and his physician, Dr. George A. Lund, of the navy. In addition a corps of servants and secret service officers will be of the party.

The president will leave at 12:10 tonight on a special train over the Pennsylvania road for New York, where at noon tomorrow he will attend the exercises dedicatory of the new chamber of commerce building. In the evening the party will be guests at a banquet given by the New York chamber of commerce.

At midnight tomorrow the president and party will leave New York on a special train for Memphis.

From Memphis the president will go to Mississippi on a bear hunt as the guest of President Fish, of the Illinois Central railroad. He will be absent on the hunt five days. It is impossible at this time to indicate even approximately the route to be followed by the president after he leaves Memphis.

'Frisco to Issue Bonds.

St. Louis, Mo., Nov. 10.—Favorable action is expected today at the annual meeting of the stockholders of the St. Louis & San Francisco railroad on the proposal of the directors to increase the bonded indebtedness by \$18,000,000. The issue is to be used for the construction or acquisition of additional lines.

CLOSE OF CASE.

Celebrated Poisoning Case in New York Given to Jury.

New York, Nov. 10.—The criminal branch of the supreme court opened today on the closing scenes of the second trial of Roland Molineux for the murder of Katharine J. Adams, December 28, 1898.

Before 8:30 every seat was occupied, the reporters' tables overwhelmed, chairs blocked, and in the aisles and passage way between the justice chamber and bench were about twenty women. Contrary to general expectation, the proceedings did not open with the appeal of ex-Governor Black for dismissal of charges against the accused. That was the scheduled program, but for some reason or another a change was made and Assistant District Attorney Osborne called out:

"Is Mr. Eveal here?"

A voice replied that he was, and at Osborne's invitation Eveal walked to the witness chair.

Ex-Governor Black protested that the case was closed so far as taking testimony was concerned and counsel for the defense and prosecution had a long whispered conference with Justice Lambert as to the admissibility of the testimony.

Eveal did not testify and the summing up of the counsel was begun.

Former Governor Frank S. Black made the opening address for the defense. Mr. Black, in summing up in the Molineux trial, declared:

"There was crime and there was a motive and the motive points to Harry C. Corliss."

Bribery Case.

Columbia, Mo., Nov. 10.—The postponed trial of Col. Ed. Butler, millionaire politician in St. Louis, indicted on the charge of attempted bribery in connection with the adoption of the city garbage contract, was taken up again today before Judge Hockaday. A venire of forty men, thirty-two of whom are farmers, have been summoned from which to select the jury.

Rich Vein of Manganese Ore.

Lynchburg, Va., Nov. 10.—What is regarded as the most notable discovery of manganese ore in the mineral history of the United States, is about to be developed near here by a syndicate of Pittsburgh capitalists. It is a continuous vein of sufficient bulk to warrant the experts in making plans for its development at the rate of fifty tons a day.

Anticipating a Strike.

Chicago, Nov. 10.—In order to save themselves from the effects of a possible strike by members of the Brother-

hood of Railway Trainmen, four of eighteen Chicago railroads today entered into agreements with the Switchmen's Union of North America, a recently organized rival of the Brotherhood. In case the Brotherhood men go out, as threatened, the railways expect to be able to operate with the men belonging to the rival organization.

Prisoner Taken to Kansas.

Sheriff E. E. Meyers, of Lawrence, Kansas, arrived last night to take charge of Duff Rice, the negro who was arrested here Friday by Marshal McMillin.

Sheriff Meyers stated to a Citizen man last night that Rice was wanted in Lawrence for breaking into a drug store about three weeks ago. He was suspected of the robbery, but disappeared before the arrest could be made. Telegrams of his description were sent east and west, and Marshal McMillin's quick and watchful eye with one glance decided Rice was the man and he was locked up. Mr. Meyers said that if Rice was found guilty he would serve seven years digging coal several hundred feet down into the bowels of the earth, where he will have no chance to play with fire works Rice had been in this city several days in which time he had worked at a few places as porter.

"This is the manner in which he works himself in," said Sheriff Meyers, "and in a short time he would have been up to his old tricks." Sheriff Meyers returned with his man this morning.

MINING SWINDLER.

Arrested for Promoting Mining Fraud in Arizona.

Kansas City, Nov. 10.—Theodore Stenger, of this city, well known promoter, today was indicted by the grand jury on the charge of promoting a mining fraud. The case was worked up by the local postoffice inspector, who presented evidence to the jury tending to show that Stenger, who had advertised for sale shares in a copper mining company in Arizona, and represented that the company owned four mines, whereas, it is alleged, he controlled but one. Stenger has lived in Kansas City for the past twenty years.

OUR BOYS VICTORIOUS.

They Vanquished the Old Town Foot Ball Team.

A fiercely contested platoon battle took place yesterday afternoon between The Citizen and Old Town teams. It was a game of skill matched against weight, but the Citizens, who lack the former but have an enormous quantity of skill and nerve scored five while their heavy opponents were not able to make a single goal.

The game was noted for its roughness and a few fights would no doubt have been on the program had not the leading players of The Citizen team been true and respectful to their game.

As the gladiators emerged from the arena, covered with dirt, faces blood black eyes, hair torn and ragged and their usual neat appearance in a dilapidated condition, it was a sight to behold.

The Old Town eleven were all large and husky fellows, but the little fellows full of fire and knowing no defeat were not afraid of the avoidpools of their contestants.

The Citizens have never been defeated since their entrance into the athletic world. They are willing to play any team that will come within reasonable bounds of their weight.

POLICE COURT.

The usual Monday morning visitors of police court were the occasion of a short session, endowed the police funds with a small amount of the necessary.

Lucas Chaves was fined \$5 for being drunk on the streets last night.

Three offenders of public decency were run in last night and each paid a fine of \$5 for the offense.

The police are keeping a close eye on men who have not respect enough for the public to refrain from committing public nuisance, and the violators of the law are receiving their just dues.

Resigned.

Madrid, Nov. 10.—Premier Sagasta today tendered to King Alfonso the resignation of the entire cabinet.

DESTRUCTIVE FIRE IN SOUTH AFRICA

Oklahoma Single State Advocates Will Hold Statehood Convention.

BANKERS' MEETING AT NEW ORLEANS

Caracas, Venezuela, Nov. 10.—President Castro made a triumphal official entry into Caracas yesterday at the head of 3,200 troops, amidst the ringing of bells and display of fireworks. President Castro reached Los Teques from La Victoria Saturday without having encountered any revolutionists on the way there.

The flight of the armies of the revolutionists continues. Not even the Caracas revolutionary committee can explain the cause of the split among the leaders of the movement or say what has become of the 10,000 soldiers who were in arms as late as November 2. Communication between Caracas, Valencia and Puerto Cabello is re-established.

Destructive Fire.

London, Nov. 10.—A special dispatch from Cape Town announces that an area of eight acres at East London, Cape Colony, has been devastated by fire. Thirty large buildings in the center of the town were destroyed.

Oklahoma Statehood Convention.

Oklahoma City, Okla., Nov. 10.—The single statehood executive committee met here today to discuss the advisability of calling a third convention and to consider the question of framing a state constitution and further demand admission into the union of states. The promoters of the movement represent those favoring the admission of Oklahoma and Indian territories as a single state in opposition to those who desire to have Oklahoma admitted alone.

BANKERS' CONVENTION.

American Bankers' Association Annual Meeting at New Orleans.

New Orleans, La., Nov. 10.—Every incoming train today has brought large parties to the twenty-eighth annual convention of the American Bankers' association, which convenes at 10 o'clock tomorrow morning in Tulane hall. At the headquarters of the local secretary there was a busy scene today. The registers were the objective point of a large crowd of bankers and visitors from abroad, who had to wait and take their turn at registering and receiving the official credentials in the form of a card encased in a neatly engraved silver case, and a button to display on the lapel of the coat. Tomorrow's exercises will be opened by President Myron T. Herriek, of Cleveland, and addresses of welcome will be delivered by Governor Heard, Mayor Capdeville, and R. M. Walsley, president of the New Orleans clearing house. The reading of various reports will occupy the remainder of the day.

WEALTHY LADY.

Mrs. Williams, of New York, and Party Here Today.

Mrs. Lawrence Williams, an elderly lady of immense wealth, whose home is in New York, arrived from the west this morning, accompanied by her niece, Miss Marguerite Peters, and Messrs. James L. King and W. H. Deal. The latter gentleman is the Albany superintendent for the Pullman company. Mrs. Williams and her party travel in the luxurious private car "Colonial" and are touring the west for pleasure. They have been to the Grand Canyon of Arizona and after spending the day in Albuquerque will go to Santa Fe tonight and thence north through Colorado to New York.

Mrs. Williams was seen by a Citizen reporter this morning and said that she was enjoying her trip very much and was sure she would be pleased with her visit to Albuquerque. She is very wealthy and has gained much notoriety through the west for her liberality.

The "Colonial" is sidetracked near the Alvarado.

Exiles.

Port au Prince, Nov. 10.—General Jumeau, leading supporter of M. Formin, ex-leader, accompanied by 830 persons who sought refuge in the consulates at Gonaves, started for Jamaica on board the Cuban steamer Paloma.

L. L. Gatewood, representing the Equitable Life Assurance society, has returned from a business trip north.

DIVIDENDS FROM MINES.

According to the compilation pub-
lished by the New York Engineering
and Mining Journal, dividend pay-
ments in October by American mining
and metallurgical companies were not
as satisfactory as in previous months
this year. The falling off is most mark-
ed in the industrial section. In all,
fifty-four concerns paid \$4,926,501, of
which a considerable part is credited
to the combinations. Since January the
dividends distributed by 154 com-
panies amount to the large total of
\$120,628,979. Of this amount the gold,
silver, lead, copper, zinc and quicksil-
ver properties furnished \$23,197,633,
or 19.2 per cent, and the industrial
companies associated with the mineral
industry, \$97,431,346, or 80.8 per cent.
Owing to lower quotations for refined
copper in this country and London
and to the desire of leading producers
to keep in check the output of raw cop-
per, dividends on copper stocks have
been cut severely this year. These
properties paid \$9,371,481, which is
equal to 40.4 per cent of the total di-
vidends declared by all metal mines.The gold, silver and lead properties,
which include the smelting and refin-
ing combinations, paid \$12,859,185 this
year. The majority of these companies
pay dividends monthly or quarterly.
Few zinc and quicksilver companies
paid dividends.

TO VISIT THE TERRITORIES.

Senator Beveridge, chairman of the
senate committee on territories, and
the other members of the committee
who may desire to do so, will soon
make a tour of Oklahoma, New Mexico
and Arizona for the purpose of inquir-
ing into their condition and its relation
to their application for statehood.This tour will give the committee an
excellent opportunity to obtain valu-
able information about these territories
and every member should go. But if
none of them have ever been in the
southwest they should avoid forming
a wrong impression from the arid con-
dition of the country, says the Denver
Republican.To one not informed in regard to the
fertility of its soil under irrigation and
its wealth in iron, coal and precious
metals, the arid region at first looks
unable to support a large population.
But fuller information reveals the con-
trary.Statistics of population, industrial
production and natural wealth are the
chief matters to consider, and of these
there is abundant evidence that all
three of the territories named are fully
entitled to statehood. They are able
to support state governments, and
their people desire to erect govern-
ments of that kind. They are also
qualified to govern themselves, main-
taining order and advancing in step
with the existing members of the
union. To deny statehood to these ter-
ritories is to violate a fundamental prin-
ciple of the American union, for the
right of the people to govern them-
selves is the cornerstone of American
liberty.The people of the territories should
be prepared to receive the members of
the committee and supply them with
full information in regard to all mat-ters bearing upon the question of ad-
mission. They should get ready at once
to do this, so that there may be no de-
lay in the presentation of the case of
each territory when the committee ar-
rives.TO CURE A COLD IN ONE DAY

ORDER IS REVOKED.

Wool Growers' Association Cannot
Aliot Lands in Forest Reserve.The following order has been receiv-
ed by Supervisor McClure, of the Gila
Forest Reserve, from Hon. Binger Her-
mann, commissioner of the general land
office:R. C. McClure, Forest Supervisor, Sil-
ver City, N. M.:Washington, D. C., Oct. 30, 1902.—
Sir: On page nine of the Forest Re-
serve Manual it is stated that when the
secretary of the interior has al-
lowed sheep grazing in a forest reser-
vation the application for the privilege
are handled in two ways:

"(a). Where a wool growers' asso-
ciation exists, which includes a major-
ity of the persons who are interested
in the use of the reserve, the associa-
tion may allot the range and sheep
among the applicants." * * * "(b).
Where such an association does not
exist, or does not care to assume the
responsibility, all applications are
made to the supervisor direct, who
acts upon and forwards same to the
commissioner of the general land
office, with his approval or other rec-
ommendation." The said rules were
established by the honorable secre-
tary's order of February 8, 1902.

You are now advised that on October
25, 1902, the honorable secretary of the
interior decided that in the future the
"wool growers' association will be
eliminated from the matter of allot-
ment or other control, and that the
grazing be placed directly in the hands
of the forest supervisors, under exist-
ing rules, and that all penalties and
obligations imposed by department or-
der of February 8, 1902, remain in
force against all permit holders."When sheep grazing is allowed for
1903, and the supervisor has been ad-
vised of the number of sheep to be ad-
mitted, applications should be sub-
mitted to him direct. Please obtain
through the newspapers, as a matter
of news, without expense, as wide pub-
licity of this order as possible.BINGER HERMANN,
Commissioner.

To the Public.

Allow me to say a few words in praise
of Chamberlain's Cough Remedy. I can
recommend it with the utmost confi-
dence. It has done good work for me
and will do the same for others. I had
a very severe cough and cold and fear-
ed I would get pneumonia, but after
taking the second dose of this medi-
cine I felt better, three bottles of it
cured my cold and the pains in my
chest disappeared entirely. I am most
respectfully yours for health, Ralph S.

CHANGE OF LIFE

Some Sensible Advice to Women by
Mrs. E. Sailer,

President German Relief Association, Los Angeles, Cal.

Owing to modern methods of living, not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

Those dreadful hot flashes, sending the blood surging to the heart until it seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop for good, are only a few of the symptoms of a dangerous nervous trouble. The nerves are crying out for assistance. The cry should be heeded in time. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life, and all women who use it pass through this trying period with comfort and safety.

MRS. E. SAILER.

"DEAR MRS. PINKHAM:—When I passed through what is known as 'change of life,' I had two years' suffering.—sudden heat, and as quick chills would pass over me; my appetite was variable and I never could tell for a day at a time how I would feel the next day. Five bottles of Lydia E. Pinkham's Vegetable Compound changed all that, my days became days of health, and I have enjoyed every day since,—now six years.

"We have used considerable of your Vegetable Compound in our charitable work, as we find that to restore a poor mother to health so she can support herself and those dependent upon her, if such there be, is truer charity than to give other aid. You have my hearty endorsement, for you have proven yourself a true friend to suffering women."

—Mrs. E. SAILER, 736 1/2 Hill St., Los Angeles, Cal.

When one stops to think about the good Mrs. Sailer derived from Mrs. Pinkham's advice and medicine, it seems almost beyond belief yet it is all true as stated in her letter published above at her own request.

No other medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

As a matter of positive fact Mrs. Pinkham has on file thousands of letters from women who have been safely carried through that danger period "Change of Life." Mrs. Sailer's cure is not an unusual one for Mrs. Pinkham's medicine to accomplish.

No other person can give such helping advice to women who are sick as can Mrs. Pinkham, for none have had such a great experience—her address is Lynn, Mass., and her advice free—if you are sick write her—you are foolish if you don't.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letter is not genuine, or was published without obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

SAN MARCIAL.

From the Bee. Mr. and Mrs. Caleb Anderson returned last week from a visit with friends in Oklahoma.

The stockmen in the vicinity of Paraje are gathering cattle and expect to ship from 2,000 to 3,000 head from Engle about November 15.

For two or three years we have not been able to have school term longer than three months at a time. Thursday, Engineer John K. De Hart was around interviewing our citizens in regard to subscriptions to have school six and possibly eight months each year. He received considerable encouragement in that line.

W. B. Lamkin completed the plastering of the new residence of Dr. C. G. Cruickshank last Tuesday and returned to Albuquerque. Mr. Lamkin has demonstrated by this piece of work that he is a thorough mechanic and Dr. Cruickshank is of the opinion that the \$6 a day and traveling expenses he allowed Mr. Lamkin is a good investment. The finish, curves and angles are perfect and every detail in the direction of perfection appears to be above criticism.

Thursday Contractor W. G. Lane commenced to put on the hard finish on the interior of Dr. C. G. Cruickshank's progressing new residence on Railroad avenue near Second street, that was commenced about a year ago and that it is expected will be completed and ready for occupancy in about sixty days hence. It has six rooms on the lower floor and four above. The building is adobe, very smoothly plastered outside, and with a fine hard finish on the inside. The outside dimensions are 36x46 feet, and the whole property covers two lots. The building will cost about \$3,500 when completed.

NO CHANGE IN HOUSE.

The Republicans Will Have a Safe Majority in Congress.

The latest returns show that the republicans, including in this description the fusionists elected from the Pittsburgh-Allegheny districts in Pennsylvania,

will control the next house by a vote of 206 to 178 democrats, with one district, the Eighth Tennessee, and two California districts remaining so much in doubt that the official returns will be needed to decide the result. The totals given are believed to be correct, although there are a few districts, such as two in Colorado and one in Minnesota, where the republican and democratic managers respectively do not concede defeat, but the general result could not be affected even should their claims prove well founded. The table by states is as follows:

State—	Dem.	Rep.
Alabama	9	7
Arkansas	7	4
California	2	4
Colorado	3	2
Connecticut	5	5
Delaware	1	1
Florida	3	1
Georgia	11	1
Idaho	1	1
Illinois	9	16
Indiana	4	9
Iowa	1	10
Kansas	1	8
Kentucky	10	1
Louisiana	7	1
Maine	1	4
Maryland	2	4
Massachusetts	4	10
Michigan	1	11
Minnesota	1	8
Mississippi	8	1
Missouri	15	1
Montana	1	1
Nebraska	1	5
Nevada	1	1
New Hampshire	1	2
New Jersey	3	7
New York	17	20
North Carolina	10	2
North Dakota	1	17
Ohio	4	12
Oregon	2	2
Pennsylvania	2	28
Rhode Island	1	1
South Carolina	7	2
South Dakota	1	2
Tennessee	7	2
Texas	17	2
Utah	1	1
Vermont	2	1
Virginia	9	3
Washington	1	1
West Virginia	1	10
Wisconsin	1	5
Wyoming	1	1
Totals	178	206

The Eighth Tennessee and the First and Second California districts are not included in this table, being classified still as doubtful, leaving three votes to be added to the columns according to later returns.

He Could Hardly Get Up.

P. H. Duffy of Ashley, Ill., writes, "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." Alvarado Pharmacy.

Saltin' Mines Not a Lost Art.

The "saltin'" of mines has not yet passed into "innocuous desuetude," not at least, in Alaska. A report from there, telegraphed from Tacoma, Wash., gives some details of a "salter" who was nabbed and indicted by the grand jury at Nome, charged with having committed this most reprehensible act. It speaks well for the moral tone of Nome that the gentleman in question should have been permitted to make an appearance before a grand jury; the time was, and not so far remote when, in some camps, the grand jury before whom the culprit would have been brought, would have consisted of the stout limb of a tree, not too high up, and a strong hempen cord; but "tempora mutantur," so let it go at that.

Anxious Moments.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons it can be safely given. Alvarado Pharmacy.

Roswell Will Have Better Postoffice.

As a result of Postoffice Inspector Doran's visit last week, Roswell is now assured of greatly improved postoffice facilities by the first of the year. For the past eighteen months the present postoffice furniture has been entirely inadequate to accommodate properly the business of the office. In fact, if Postmaster Mathews had been able to give boxes to all who desired them, the receipts would already be large enough to justify free mail delivery. In this and many other ways has the postoffice force been hampered in the transaction of the large postal business handled in Roswell. New fixtures to cost \$4,500 are to be put in by the first of January.

A Dangerous Month.

This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night. Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West Fifth St., Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know its best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. For Want of a Nail The Shoe Was Lost.

FOR WANT OF A SHOE THE HOUSE WAS LANED.

Every blacksmith knows that story of the neglected nail, the cast shoe and the ruined horse. In old country smithy's you may see the legend rudely painted or chalked on the wall as a reminder to customers that it pays to care for horses' shoes, and that a little neglect may have a very serious result. But the blacksmith is, as a rule, like the good doctor, who passes on the pastor's denunciation of his own foibles to some one else. It never occurs to him to take the sermon home to himself. The blacksmith has for example a little touch of "stomach trouble." His food seems to

be like a lump in his stomach. It ferments and gives off gases which cause him discomfort and uneasiness. He has sour and bitter risings, or "water brash." But this man who knows and preaches the danger of neglect in the loss of a nail from a horse's shoe goes right along neglecting symptoms which in scores and hundreds of cases are fore-runners of a physical break-down.

SOMETHING DOCTRINE.

That's the doctrine of a great many insolent people. They say "it will go away after a bit" when cautioned to "do something" for their ailment. Just imagine a farmer looking over the fence at the sprouting weeds in his corn and saying "they'll go away after a bit." Diseases are like weeds. All they ask is neglect and they will grow and flourish. Neglect the first symptoms of disease of the stomach and it will not be long before other organs are involved, because every organ of the body is dependent on the stomach and its allied organs for nutrition. When the stomach and other organs of digestion and nutrition are diseased the food eaten is not perfectly digested and assimilated. Hence there is a loss of nutrition by the body; a loss which shows itself in loss of flesh, and reduced weight, and that loss of nutrition is shared by every organ of the body, heart, lungs, liver, kidneys, etc. As a consequence when the stomach is diseased, the heart is liable to be involved, or the lungs, kidneys or liver. These facts emphasize the danger of neglect of what is popularly termed "stomach trouble."

The timely use of Dr. Pierce's Golden Medical Discovery will generally result in a complete cure of disease of the stomach and other organs of digestion and nutri-

tion and will establish the body in a condition of sound and vigorous health. "I was taken with Grippe, which resulted in stomach and heart trouble," writes Mr. T. R. Caudill, of Montland, Alleghany Co., N. C. "I was unable to do anything a good part of the time. I wrote to Dr. Pierce about my condition, having full confidence in his medicine. He advised me to take his 'Golden Medical Discovery,' which I did. Before I had finished the second bottle I began to feel better. I have used nearly six bottles and am well."

DON'T EXPERIMENT WITH YOUR STOMACH.

It's a waste of time and money to experiment on medicines. If you are on a journey to a certain town, you take the road that will surely bring you there. You don't turn aside and experiment on roads simply because they are roads. The road you follow is the road which leads to where you want to be. It's that way with medicines. When you want the way which leads straightest and surest to health you will follow the thousands who have taken Dr. Pierce's Golden Medical Discovery and have been perfectly and permanently cured.

"It gives me great pleasure to inform you of the benefits that I have realized from the use of your 'Golden Medical Discovery' and 'Pleasant Pellets,'" writes Mrs. J. C. Fink, of York, Pa. "I was so bad off that I thought it impossible for me to live until spring. I was taken sick in January and was in pain all over. The doctor was called, and said my liver was out of order. He gave me some medicine but it did me no good. I grew steadily worse. I could not eat as much as one bite of bread without great pain, and was so hungry all the time that I thought I would starve to death. My head ached, my shoulders ached, my back ached. I could not rest. I was so much that I thought I was almost insane. I could not sleep nights only a short while at a time. Would get up mornings so weak and nervous, I could scarcely stand. In this way I suffered, I think, about two months, when a friend of mine induced me to write to Dr. Pierce for advice, which I did. His answer was that I had indigestion and liver complaint, and advising me to take his 'Golden Medical Discovery.' I followed the Doctor's directions closely, and in a few days I could discover that I was getting better slowly. Every day I felt just a little better, then I could begin to eat a little light diet. Then I began to sleep a little better at night and in the morning would feel refreshed and rested. Next I began to gather a little flesh, and then I began to improve rapidly. I took eight bottles of 'Golden Medical Discovery' and several vials of 'Pleasant Pellets,' and I felt that I was well enough to leave off medicine and go to work, which I did with pleasure. I have not taken any medicine since except Dr. Pierce's Pellets. I can eat anything and as much as I want and it never now hurts me a particle."

There is no alcohol in "Golden Medical Discovery," and it is free from opium, cocaine, and all other narcotics. A HOLE IN THE POCKET may mean a serious loss of money. It's the same way with a hole in the health; it may mean a serious loss of vitality and vigor. Dr. Pierce's Common Sense Medical Adviser teaches how to mend the health, as well as how to prevent disease. Lively Election Times Forty Odd Years Ago in New Mexico.

SHOTS FIRED IN A DUEL.

In the early days of this territory political campaigns were not conducted in as quiet and peaceful manner as they are now or have been of late years, nor were the majorities obtained very large. The following interesting episode of the delegate campaign in 1859, when Miguel A. Otero, of Albuquerque, father of the present governor, was the democratic candidate for that office and John S. Watts, a Santa Fe lawyer, was the republican candidate, is published to show the difference in times, men and manners between 1859 and 1902.

In an issue of the New York Evening Journal in 1859, under the heading "Thirty-fifth congress, appears the following: "New Mexico has one territorial delegate. It has lately been democratic, and is represented by Miguel A. Otero, of Albuquerque, Bernalillo county. Mr. Otero is a lawyer and has been the delegate in congress from his territory since 1855. He is a democrat."

In this connection the following from the editorial page of the Missouri Republican of September 27, 1859, will be found of great interest:

"From Arizona. "Mesilla, Arizona Territory, September 12, 1859.—In a speech made in our plaza on Sunday, the 4th instant, Judge Watts charged Mr. M. A. Otero with neglect of duty towards his constituents, and stated that on the night of the 2nd of March, 1859, during the pending of a certain appropriation bill before the senate, Mr. Otero was absent at a ball with his family. This Mr. Otero resented by giving Judge Watts the lie, both in English and in Spanish, in such a manner that it was impossible for Judge Watts to overlook it. A challenge ensued, which Mr. Otero, through his friend, Colonel Samuel J. Jones (Sheriff Jones) late of Kansas, and now United States cus-

toms collector at this place, promptly accepted; Frank Green, of Santa Fe, acting as friend of Judge Watts. The weapons selected were Colt's navy six-shooters, one barrel loaded, distance fifteen paces. The parties met at sunrise on the 7th near the Mexican line. Mr. Green won the choice of position, also the word. After the first shot the friends of the parties endeavored to effect a reconciliation between them, which failed. The second and third shots were then fired, without effect, when, after a consultation with his principal, and other friends, Mr. Green declared himself satisfied and the parties were withdrawn from the field, the difficulty remaining unsettled.

"Both parties were brave and cool, and Mr. Otero won for himself the golden opinions of all who witnessed the affair by his bravery and gallantry."

Startling, But True. "If every one knew what a grand medicine Dr. King's New Life Pills is," writes D. H. Turner, Dempstons, Pa., "you'd sell all you have in a day. Two weeks' use has made a new man of me." Infallible for constipation, stomach and liver troubles. 25c at all drug stores.

FIRE AT LAS VEGAS.

Henry Goke's Residence Scorched—Late Miguel County Returns. Special Correspondence.

Las Vegas, N. M., Nov. 9.—The fine large two-story house belonging to Henry Goke, on North Sixth street, opposite the Montezuma park, occupied by Dr. J. M. Cunningham, was badly damaged by fire yesterday afternoon.

The fire was caused by a pile of leaves being burned in the alley, the

fire communicating to the barn, which was soon enveloped in flames. From the barn to the house was a lattice work, along which the flames, fanned by the wind, reached the residence and soon the whole rear of the house, barn and lattice work was a seething mass of flames.

The fire company was slow in getting to the scene, and the garden hose which was played against the barn when the flames were just breaking out availed nothing.

The furniture was carried out of the house, when it was seen that it could not be saved and almost everything of value was removed by willing hands. Express wagons then carted the goods to a place of safety and the principal loss will be in the house itself, which is badly damaged.

The west side company was not called at first, as the fire was not thought serious, and when they arrived it was too late to save the house from catching fire, despite the fact that three lines of hose were playing on the fire. Good work was done by the companies when they did arrive and the fine home of H. W. Kelly, only a few feet away, was saved, with only some of the paint being blistered.

The fire broke out about 2:20 and it was a long, hard fight for the companies, which deserve praise for their work.

Ed. McWenle received quite a bad injury by a slab of marble falling downstairs and striking him in the head, knocking him senseless for a short time. A large gash was cut, and a surgeon sewed the wound in his scalp.

Returns have been received from every precinct in the county, and the following shows the vote reported for each candidate:

For Delegate—Rodey, 2,794; Ferguson, 1,984.
For the Council—Spies, 2,420; Duncan, 2,367; Gallegos, 2,320; Olney, 2,366.
For Sheriff—Romero, 2,470; Rudolph, 2,272.

Probate Clerk—Jaramillo, 2,297; Sena, 2,454.

For County Commissioner—Second district, Gallegos, 2,395; Pate, 2,356. Third district, Rogers, 2,445; Gise, 2,298.

For Treasurer and Collector—Eugenio Romero, 2,439; Benigno Romero, 2,306.

For Assessor—Esquibel, 2,286; Chavez, 2,436.

For Probate Judge—Baca, 2,428; Pena, 2,314.

For County Superintendent of Schools—Quintana, 2,423; Gallegos, 2,328.

For Representatives—Coleman, 2,346; Gutierrez, 2,411; Romero, 2,389; Ortiz, 2,313; Jimenez, 2,334; Lucero, 2,430.

For Surveyor—Fresquez, 2,401; Rice, 2,354.

From the above it can be seen that the fusionists have elected three of their candidates—assessor, clerk and one representative—on the face of the returns, but the official count may show different results.

Miss Martha Owen arrived here yesterday afternoon from Springer, to be the guest of Miss Dove Wilson.

Nate Leivy left Friday evening for El Paso, where he has a position in one of the Harvey system lunch rooms.

R. C. Rankin has returned from his trip to Kansas, where he buried a brother, who died in the Philippines.

C. J. Gavin left Saturday afternoon for El Paso, and will return home in the morning. Mr. Gavin is very enthusiastic about the outlook for New Mexico, and predicts that there will be more development in this territory in the next five years than in any other point in the southwest. On November 19 he will address the Kansas City Commercial club at its annual banquet, on statehood. Admiral Schley will be present also.

W. F. Althoff, a Denver machinery man, arrived here yesterday afternoon to look after his business interests. He intimated that there is another artificial ice plant contemplated here.

Gus Krabbe, the drug clerk in the Center Block pharmacy, will leave Monday for Keokuk, Iowa, to take a course in dentistry.

Col. R. E. Twitchell returned Saturday evening from his trip down the road.

M. Greenberger returned Saturday evening from his sojourn of a couple of days at Albuquerque.

Mrs. Philip Holman arrived Saturday evening from Albuquerque and will remain here some time.

Levi A. Hughes came over Sunday afternoon from the territorial capital.

Deputy United States Marshals Fred Forno and R. E. Leatherman arrived here Sunday afternoon with Will Neil and Sam Bass, two of the Fort Sumner postoffice robbers who have been in jail at Albuquerque for several months.

George Massague and George Cook are in jail here and the four of them will have their trial this week before the United States court.

Asleep Amid Flames.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death and doctor's bills. A teaspoonful stops a late cough, persistent use and most stubborn. Harmless and nice tasting. Its guaranteed to satisfy by all druggists. Price 50c and \$1.00. Trial bottles free.

ST. JOSEPH'S HOSPITAL.

It is One of the Most Beautiful in the United States.

The Sisters' hospital at Albuquerque is one of the most beautiful, airiest and best in all its appointments in the United States, says the San Marcial Bee. Everything is new, neat, cheerful as possible, and kept scrupulously clean. The Lady Superior is Sister Alexandra of the Order of St. Joseph. The cuisine is superb; nevertheless there are some patients who have to be kept on a low and simple diet. It costs \$10 a week for a bed and board in the main ward, which is exclusive of the cost of medical attendance and the cost of medicine. On the floor below, there are elegantly furnished rooms, to occupy some of which, it is said, costs from \$25 to \$50 a week. A fine looking and highly intelligent Catholic priest comes round and talks kindly to all the patients but there is no proselyting. The chief male nurse is "Jo." "Jo" is a character; he was in the Philippines and as he had to eat some of that embalmed beef the wicked commissary general allowed to be sent out there it affected his liver, which in turn impaired his health generally and now he is asking the government to give him a pension and will get it. The institution possesses trained nurses, young ladies, who wear the nurse's conventional dress, and look quite natty, chick and loveable.

Jumped on a Ten Penny Nail.

The little daughter of J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by all druggists.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Best Liniment on Earth.

I. M. McManey, Greenville, Texas, writes, Nov. 2, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. JOE GARDNER WON.

Clay McGonagill Claims Foul in San Antonio Roping Contest.

The big roping contest in San Antonio, last week, for a purse of \$1,000, was won by Joe Gardner, of San Angelo, in 35½ seconds. There were sixty entries. Clay McGonagill, the Pecos Valley champion, who was here at the recent territorial fair, was entered, and the following from the San Antonio Light probably explains why he did not get a chance at the big prize, as he is capable of making much better time than did the winner:

"Clay McGonagill, of Carlsbad, N. M., who holds the world's championship for roping and tying a steer, his record being 23 seconds, showed his two lariats he used in yesterday's roping contest, at the Light office. It is plain to be seen why he missed first prize, as both of his ropes broke. He had his steer caught in 4 seconds and then his rope broke. He tried again with a second rope, and it broke and he gave it up. He picked up the broken ends of the ropes and closely examined them and found the inner strands of both ropes had been cut partially with a small penknife. The ropes bear the evidence and it looks greatly like very foul play to him. His friends lost lots of money on him on this account and Clay feels very bad about it. It is probable he will challenge the entire crowd for the contest on the 29th with a thoroughly tested and carefully examined rope."

Later—Another match was arranged for a purse of \$1,000, each one to rope and tie three steers. Clay McGonagill won, tying his three animals in 2:00½ seconds. His best time on a single steer was 34 seconds. Jim Hopkins won second money and Ellison Carroll, third.

Christmas Number of the Delineator. To do justice to this number, which, for beauty and utility touches the highest mark, it would be necessary to print the entire list of contents. It is sufficient to state that in it the best modern writers and artists are generously represented. The book contains over 230 pages, with thirty-four full page illustrations, of which twenty are in two or more colors. The magnitude of this December number, for which 728 tons of paper and six tons of ink have been used, may be understood from the fact that 91 presses running fourteen hours a day, have been required to print it; the binding alone of the edition of 915,000 copies representing over 20,000,000 sections, which had to be gathered individually by human hands.

Civil Service Positions. The United States civil service commission announces that on December 9 an examination will be held for the position of chemical clerk in the bureau of chemistry, department of agriculture, salary \$600 per annum; on December 9, for the position of medical interne, government hospital for the insane, Washington, D. C., salary \$600

OLD PEOPLE

Do not always receive the sympathy and attention which they deserve. Their ailments are regarded as purely imaginary, or natural and unavoidable at their time of life. Disease and infirmity should not always be associated with old age. The eye of the gray haired grandire may be as bright and the complexion as fair as any of his younger and more vigorous companions.

Good Blood is the secret of healthy old age, for it regulates and controls every part of the body, strengthens the muscles elastic and supple, the bones strong and the flesh firm; but when this life fluid is polluted or poisoned and loses its nutritive, health sustaining elements, then there is a rapid decline of the vital powers, resulting in premature old age and disease. Any derangement of the blood quickly shows itself in an ulcer, sore, wart, tumor or some other troublesome growth upon the body, and rheumatic and neuralgic pains become almost constant, accompanied with poor digestion and cold extremities.

S. S. S. being purely vegetable, is the safest and best blood purifier for old people. It does not shock or hurt the system like the strong mineral remedies, but gently and thoroughly cleanses the blood and stimulates the debilitated organs, when all bodily ailments disappear. S. S. S. is just such a tonic as old people need to improve a weak digestion and tone up the stomach. If there is any hereditary taint, or the remains of some disease contracted in early life, S. S. S. will search it out and remove every vestige of it from the system.

Write us fully about your case and let our physicians advise and help you. This will cost you nothing, and we will mail free our book on blood and skin diseases.

THE SWIFT SPECIFIC COMPANY, Atlanta, Ga.

per annum; on December 9 and 10, for position of department assistant. As the result of the examination to be held on December 9 and 10 it is expected that appointments will be made especially of eligibles qualified in book-keeping, finance, chemistry, civil engineering, electrical engineering, agriculture, and the Spanish language, at salaries of \$1,200 to \$1,400 per annum. The time allowed for this examination is two days of seven hours each.

Wash day is a hard day at best. Don't make it harder by using poor soap. Lenox is a good honest soap. Your grocer has it.

Soon to Be Seen.

A feast of frolic, fun and song. Will soon in town be seen, It causes laughter, loud and long; Sad thoughts ne'er come again. Ever we seek with strong desire Mirth, music, song and dance, Ever for happiness aspire. More joys life to enhance. Bring sister, sweetheart, wife and friend, Each child with laughter gay. Reserve your seats, then troubles end. "A Wise Member" is the play. Colombo hall, Thursday, November 20.

Death of Danna Wingate Cobb. The Los Angeles Times gives a brief account of the death of Danna Wingate Cobb, which occurred in Los Angeles a few days ago. He was about 48 years of age, and was from Muscatine, Iowa. In the early days of Albuquerque Mr. Cobb was the local agent of the Wells-Fargo Express company, and resided in a nice frame cottage on South Broadway near the Congregational church. The deceased, with his wife, was a good citizen while a resident of this city, and many friends will condole with Mrs. Cobb over the death of her husband.

INDIGESTION is the cause of more discomfort than any other ailment. If you eat the things that you want and that are good for you, you are distressed. RATON NOTES.

Epworth League New Officers—Suit Settled—School Teacher Married.

From the Gazette.

Mrs. Davis, of Topeka, left for her home after a pleasant visit with her mother, Mrs. M. A. Dukeland.

Little George Henning had his right hand badly crushed by a horse stepping on it, several of the bones being broken and the flesh badly lacerated.

Mrs. Lon Cochran and baby returned from a three months' visit to relatives in Topeka, Kansas.

Mrs. Cochran was accompanied by her little sister, Maude Craig, who will spend the winter in Raton.

At their annual meeting the Epworth league elected the following officers for the ensuing year: S. E. Lee, president; Frank Bellamy, first vice president; Miss Warner, second vice president; Miss Leeman, third vice president; Miss McAbbe, fourth vice president; Miss Armstrong, secretary; S. W. Clarke, treasurer; Miss White, organist. The league has done good work in the past year and hopes for greater success this year.

In the suit of the San Miguel National Bank et al vs. Moses E. Dane et al, a suit to partition the Horseshoe pasture in Colfax county, the commissioners, W. E. Gortner, C. J. Gavin and M. M. Dawson, reported that they were unable to do so fairly to all parties concerned. The court then ordered the land sold and appointed W. E. Gortner to make the sale. This sale was made recently and has just been approved by the court. Charles Springer bought the pasture for \$20,000.

At the home of Mr. and Mrs. W. J. Linwood, east of Raton, Wednesday morning, November 6, occurred the marriage of Hugh McKee and Miss Laura Linwood. The ceremony was performed by Rev. S. Magill. The bride was elegantly gowned; the groom wore conventional black. After the ceremony the bride and groom were escorted to the parsonage of a sumptuous repast that had been prepared. The bride has been one of our most successful teachers for a number of years. She is a young lady of much personal charm and of lovely disposition and estimable qualities. The groom is one of Raton's leading business men. The popularity of the couple is attested by many elegant and useful gifts and sincere, cordial expression of warm wishes to Mr. and Mrs. McKee. The happy couple left on No. 7 for Los Angeles and other California points where they will spend the winter.

What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and kidneys strong and active. Burdock Blood Bitters does it.

HILLSBORO.

From the Advocate.

It is said that the Philadelphia Mining and Milling company will soon resume work on their valuable mines at Andrews.

Austin Crawford, one of Chloride's old time citizens, now a resident of Albuquerque, is stopping in Chloride for a few weeks.

R. B. Wood, general manager for the Oliver Mining company, is back from a trip to Magdalena and Socorro.

Dr. F. I. Given received word this week that his son, Guy, who is at the Agricultural and Mechanical college at Mesilla Park, had a fall from a tree and was quite severely injured.

Dr. Given was called to Kingston to attend John Balderheim, who is seriously ill with apoplexy. He was found on the ore dump at his mine where he had evidently laid for several hours in an unconscious condition. At last accounts he was in a precarious state.

The American-Spanish balle given by the republicans last Friday, under the management of Col. A. W. Harris, Major Marlot and J. W. Honsinger, was well attended by both the Spanish and Americans of this place. The music was good and the enchilada supper a decided success.

Cut this out and take it to any druggist and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size 25c per box.

DEMING.

From the Headlight.

C. A. Ament has returned to Fairbanks, Arizona, after a pleasant sojourn with his family here last week.

Work has been resumed on the new Clark building, and the carpenters are busily engaged on the second story of this handsome structure.

Mrs. J. H. Blackford left for Naco, Arizona, at which place she will in the future reside. Mr. Blackford is chief clerk for the railroad on the American side.

Pinney Burdick came in from the Gila ranch with a bunch of cattle. He reports conditions in that section flourishing, plenty of calves being branded and the stock generally in fine condition.

Billy Sprague, the popular prescription clerk at the Aquarium saloon, received a very flattering offer from Col. W. F. Cody to accompany the great Wild West show on its coming tour of Europe as one of its crack marksmen. Clements & Givens will now be the name by which the lumber business of W. C. Wallis will be known, these gentlemen having bought the entire stock of lumber, hardware and building material of Mr. Wallis.

At the dance given in the opera house the Deming Social club was organized for the season, and the following officers were elected: President Frank L. Nordhaus; vice president, T. A. Keith; secretary and treasurer Wright Lawhon. Fortnightly dances will be given, notice of which will appear later.

Work on the foundation for an extension of the present quarters of the Adelphi club was commenced, and when the building is completed an addition to the gymnasium and bowling alley will be added, thus making the club one of the best equipped and most modern club houses in the territory.

If you are troubled with impure blood, indicated by sores, pimples, headache, etc., we would recommend Acher's Blood Elixer, which we sell under a positive guarantee. It will always cure scrofulous or syphilitic poisons and all blood diseases. 50 cents and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

FARMINGTON.

From the Hustler.

Mrs. and Mrs. Charles F. Boettcher, of Albuquerque, arrived here Monday via McKenzie's overland, and expect to make this their permanent home. Mr. Boettcher will be employed in the fruit evaporator. His wife is a daughter of Thomas Neville, the upper San Juan rancher.

The Dayton, Ohio, colony will be pained to learn of the serious accident that befell Howard I. Williams, son of Chas. I. Williams, the well known architect of that city. While superintending the construction of a new brick block, the concert floor caved in on him and severely crushed his leg below the hip. The chances are good, however, for a speedy and permanent recovery.

The surveying corps under charge of Mr. Carpenter, engaged in locating the line between Colorado and New Mexico, made camp recently at the Elliott dinner station, where they will remain for several weeks. The outfit consists of eighteen men, thirty-five head of stock. Buks Maupin is a member of the party and expects to be with them all winter. The new line is about two chains north of the old line.

Worm Destroyer.

White's Cream Vermifuge, not only kills worms, but removes the mucus and slime, in which they build their nests; it brings, and quickly, a healthy condition of the body, where worms cannot exist; 25c at Cosmopolitan Pharmacy, B. Ruppe.

LORDSBURG.

From the Liberal.

Miss Lillie Wilson, of Llano, Texas, is visiting her sister, Mrs. John McCabe.

E. W. Ulmer, who had charge of the dry goods department of the Eagle Drug Mercantile company, and left for Tombstone a few months ago, returned the first of the week and again took charge of the dry goods department.

Thomas A. Lister, president of the North American Mining company, writes the Liberal that he expects to arrive in Lordsburg in a few weeks, and spend the winter here pushing work on the company's properties south of town.

John McCabe and family came in from the Animas last week. Mr. McCabe stayed to vote, and then left for the northern part of the territory to buy a few dozen bulls to put on his ranch.

Harry Hawley, who was here a few weeks ago, visiting his sister, Mrs. R. M. Kedzie, went from here to Los Angeles, where he was taken sick. He went to the hospital. The disease proved to be typhoid fever, and Wednesday came the word that he was dead. He was a bright young man about 19 years old, and his untimely death was sad.

The Independent reports that School Superintendent White has reestablished the school at Hachita. There have been so few school children in the district no school was kept and the district abolished. A petition for the reestablishment of the district was signed by every man at Hachita. The school will be held at the new town of Hachita, and will commence as soon as possible.

CHILDREN'S HOME.

A Well Run Place.

At a children's home in Fort Wayne, Ind., they have entirely abandoned coffee because of the bad effect of it. Mrs. M. B. Gorsline, who is the matron in meeting with grand success. She was compelled four years ago to discontinue the use of coffee and after making several experiments concluded that Postum filled the bill and has used it ever since.

She has charge of a family of children numbering from 22 to 30 and writes us: "I give Postum Coffee freely, using no coffee at all. The children are always well; we have had no sickness for two years, except such as they contract at school like whooping cough, measles, etc. No bilious attacks, no fevers, no skin diseases. The children are all plump and in good condition. Clear complexions, no sallowness or muddy looking faces, such as result from the use of coffee. We always make Postum strictly according to directions and it gives pleasure and health to all."

12 Minutes for Lunch.

That is the average time spent in a large city restaurant by three thousand lunchers. It takes three hours to digest a fresh egg soft boiled; three hours to digest a boiled apple dumpling; three hours to digest a fresh roast beef. In fact, three hours is about the time required to digest the average twelve minute lunch. The object of the hasty lunch is to let the busy man get back to his office work. But when the brain is active, the stomach is inactive for lack of necessary blood. The natural consequence is indigestion, and indigestion opens the door to many diseases.

Indigestion is cured by the use of Dr. Pierce's Golden Medical Discovery, which cures diseases of the stomach and other organs of digestion and nutrition, and enables the perfect digestion and assimilation of food.

"It is with heartfelt gratitude that I send this testimonial which I want to publish with my name and address," writes Mr. Willis Seaman, of Washingtonville, Orange Co., N. Y. "I had stomach trouble from childhood and suffered with it more or less as I grew up. At the age of 26 I was broken down with dyspepsia. My suffering was terrible. Could not eat without distress. Could only eat a few certain things and was not able to work half the time. Every thing I tried only gave me temporary relief. My wife finally persuaded me to try Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' I took six bottles of the 'Golden Medical Discovery' and two vials of Dr. Pierce's Pleasant Pellets. I then felt so well that I stopped taking medicine. Several months have passed and I can do the hardest kind of work, can eat anything that is set before me and enjoy it. I am 35 years old and this is the first time I have ever been well."

Free. Dr. Pierce's Common Sense Medical Adviser in paper covers is sent free on receipt of 21 one-cent stamps to pay expense of mailing only, or 31 stamps for cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

as a building can be procured for its use.

A Policeman's Testimony.

J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Alvarado Pharmacy.

LAS CRUCES.

From the Citizen.

Captain Smith, who was ill, is able to be about again.

A man was caught by a belt at the Modoc mill and was badly hurt. Archbishop Pedro Bourgade, of Santa Fe, was here on a visit to Father Lassagne.

Mrs. Tracy, of Deming, spent a very pleasant day with her little daughter, Mary, who is a pupil at the academy. Harry Lane, the popular custom house official of El Paso, was here on a visit to his brother, Dr. B. E. Lane. Mrs. Lillie Ward, wife of Pedro G. de la Lanza, died in Phoenix, Arizona. Mrs. de la Lanza was a native of La Mesilla and a member of the Ruelles family.

Parasites Cause All Hair Troubles.

Nine-tenths of the diseases of the scalp and hair are caused by parasite germs. The importance of this discovery by Professor Unna of the Charity hospital, Hamburg, Germany, can not be overestimated. It explains why ordinary hair preparations, even of the most expensive character fail to cure dandruff; because they do not, and they can not kill the dandruff germ. The only hair preparation in the world that positively destroys the dandruff parasites that burrow up the scalp into scales called scurf or dandruff, is Newbro's Herpicide. In addition to its destroying the dandruff germ Herpicide is also a delightful hair dressing, making the hair glossy and soft as silk. Send 10 cents in stamps for sample to The Herpicide Co., Dept. "F," Detroit, Mich.

CARLSBAD.

From the Argus.

Work is progressing rapidly on the new Smith block, the walls being already up and the roof being put on. It will be ready for occupancy about December 1.

Moody Harwood and wife left for a visit to the former's old home in east Tennessee. They will be gone about a month. This is the first time Moody has been home since 1896 and his wife's first visit to his people.

Major L. Martini Mancini, the well known and popular Military Institute instructor, forewore allegiance to the King of Italy last week before Judge McMillan, and is now a full fledged American citizen. His past record is a sufficient guarantee that he will make a useful, loyal one.

Owing to delicate health A. A. Boeman has resigned his place in the First National bank, and his place is taken by Frank Bell, who has been here some months with his mother for her health. Mr. Boeman will spend most of his time in out-of-door work hereafter. He left for Albuquerque to attend the convention of New Mexico Baptists, and he is slated for an address.

A wire from C. B. Eddy to C. H. McLenathen announced the death, in New York City, of his mother, Mrs. Sarah M. Eddy. Mrs. Eddy was of advanced age, and a woman of great culture and attainments. She was well known throughout central New York, being interested in various educational and philanthropic work. Many friends at Carlsbad offer their heartfelt sympathy to the Eddy brothers and Mrs. M. A. Fox, the surviving children.

Snow Starvation

Is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could eat nothing. I took quantities of pills and medicines, but nothing helped me. As a drowning man grasps at a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well.

It can't help but do you good. The \$1 bottle contains 2 1/2 times as much (actual measurement) as the trial size which sells for 50c. Prepared by E. C. DeWitt & Co., Chicago. Sold by all dealers.

DeWitt's Witch Hazel Salve. A soothing, healing application for piles, sores and skin diseases. Beware of counterfeits. J. H. O'REILLY & CO., AND B. H. BRIGGS & CO.

Railroad Topics

Engineer Patterson is back at work again after a short lay off.

Conductor W. C. Hurt has returned from a brief sojourn at Kansas City and other eastern cities.

Mrs. Thomas Stewart, wife of the well known engineer on the Arizona & New Mexico road, died in El Paso the other day, where she had been in the hospital.

Mrs. Kennedy, wife of Chief Engineer Kennedy, of the Santa Fe Central, arrived at Hillsboro. She is the guest of Mrs. W. S. Hopewell at the Animas ranch.

Senator W. H. Andrews and Hon. W. S. Hopewell, prominent officials of the Santa Fe Central and, Albuquerque Eastern railroads, went to Santa Fe Saturday night.

The new time cards have arrived and will soon be distributed among the railroad men entitled to them. There are few changes except that the California limited will be in daily service after the 16th.

R. B. Miller, an old time Santa Fe conductor, who left New Mexico in 1893 and had not been back since 1895, when he passed through on his way to Mexico, is now in Las Vegas for a few days, shaking hands with old friends.

The Brotherhood of Railroad Trainmen will give a masquerade ball on New Year's eve at Needles. They are making elaborate preparations for the event and it will undoubtedly be one of the events of the season. A large assortment of costumes will be on hand for rent for several days previous to the ball.

Cured of Piles After 40 Years. Mr. C. Haney, of Geneva, Ohio, had the piles for forty years. Doctors and druggists could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

The Santa Fe railway reading room is availed of by many outside of employees of the company. Of course the room and its appurtenances are much restricted since the fire but still it is a neat and cozy place. The number of volumes in the library is between 400 and 500. This literature embraces fiction, history, science, arts, etc. There are papers there received daily from New York, Chicago, Kansas City, Topeka, Albuquerque and other important cities. These papers are not donated but are subscribed for regularly. A pack of cards grace the center table showing that the "boys" are educated.

A CITY EDITOR

Bright's Disease and Diabetes Are Positively Curable.

Before the business men who incorporated the Fulton Compounds invested their money in the test in dozens of cases. Hearing that R. M. Wood, the editor and proprietor of The Time and Spirit Review, of 300 Montgomery St., had a certain case of Bright's Disease, he was one of those urged to test it. The following letter will now be understood:

"Office Wine and Spirit Review, 300 Montgomery St., San Francisco, Sept. 21, 1902. 'Gentlemen: I consider it my duty to tell the world what the Fulton Compounds did in my case. In November, 1900, after a long illness, which carried me to the verge of the grave, a scientific analysis by the most noted analysts, in this city disclosed that I was a victim of Bright's Disease. My physician told me that my only hope lay in a strong constitution. Santa Barbara, and I went there, having fallen from 225 pounds to less than 160 in a short time. I was actually dying. Bright's Disease, and urged that I try it. I began under protest. I soon felt better. Normal sleep returned, and in a few months I reached my health. I now weigh 225 pounds, and enjoy better health than I have in fifteen years. Naturally I told several friends, and in every instance, the results were the same, even where they had been suffering for years. The world ought to know that Bright's Disease is not curable, and appreciating my own good fortune, I will be glad to give further details to interested parties."

"R. M. Wood."

Medical works agree that Bright's Disease and Diabetes are incurable, but 92 per cent. are positively recovering under the Fulton Compounds. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 350 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

IN ABSOLUTE CONTROL.

Power to Control Rock Island Vested in Four Men.

With the issuance of the new Rock Island company stock now going on four men have absolutely fixed their control of the Rock Island system, one of the largest and most promising in the country and the west. The four men are W. H. and J. H. Moore, William Leeds, and D. G. Reid.

This control is fixed through the terms printed on the stock certificates, which are being issued by the Central Trust company and accepted by shareholders. They provide in plain language that the control of the board of directors of the company, being a majority, shall be elected by votes of the preferred stockholders. The preferred stock is principally owned by these four men. In response to criticism, the provision that the management of the company might buy and sell its own securities was eliminated. But the control of the board through the preferred stock has not been changed, as the certificates show.

Out of the old capitalization 95 per cent has been deposited to exchange for the new securities, and it would appear that the stockholders are not dissatisfied with the provisions of the new issue. The acceptance of stock has finally settled the matter.

WOULD NOT BE BLUFFED.

The Santa Fe Refuses to Yield to Beef Trust's Threats.

The Southern Pacific has renewed its contract with Armour & Co. to use Armour refrigerators for another three years. The Santa Fe declares it will not renew its contract and is proceeding with plans to get all the refrigerator cars it can. These two roads recently announced they would not renew their contracts with Armour & Co. because they said the packing companies held a practical monopoly over railroads in the refrigerator car service. The packing house merger would make the monopoly absolute, and place the railroads at the mercy of the packers. When the declaration was made Armour & Co. said they would organize a company for the buying and transportation of California fruit, so that their cars would not have to be idle. This announcement brought the Southern Pacific to terms.

A Violent Attack of Croup Cured.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by all druggists.

An American railway engineer who has just been placed on the pension list has one of the most remarkable records of any locomotive engineer in the world. For forty-two consecutive years he has kept an account of the miles he has traveled. The total amount is 1,402,297 miles. Had his engine always headed in the same direction he would have circumnavigated the globe fifty-six and a half times.

A Startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health. Try them. Only 50c at all drug stores.

RAILROAD TIME TABLES.

Genius Who Can Arrange to Be Understood by Public Yet to Be Born.

The genius to arrange a railroad time card, or time table, so that it may be readily, easily and accurately understood by the occasional traveler is not yet born, says the New York Press. Perhaps he will be made. But no matter how much the patron of a road may be mystified the management takes particular pains to supply a special

card "for the government and information of employees only." This table is so simple that a child can understand it. The second page usually contains a table showing the rate of speed required per mile for a train to travel a given number of miles in an hour. It starts at fifteen miles an hour, which is four minutes to the mile, and goes as high as 100 miles an hour, or a mile in thirty-six seconds, and shows 200 subdivisions.

This card gives locations of regular water stations, yard limits, situations of standard clocks, maximum speed of freight trains between different towns, what days are holidays, speeds at which trains may cross bridges at various hours and a list of all stations and trains. It is likely, of course, that were similar cards furnished to the traveling public there would be no abatement of fool questions. Besides, it is not to the interest of a railroad company to take the public too entirely into its confidence.

A Liberal Offer.

The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to any one wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. All druggists.

PAUL MORTON PRESIDENT.

Harriman Said to Want Him for Southern Pacific.

Since it became known that President Harriman, of the Southern Pacific intended to resign, there has been much speculation as to who the new president would be. Several prominent railroad men in the west have been mentioned in this connection, but who the new man will be cannot be said for certain until the chairman of the board officially announces Mr. Harriman's successor.

In talking to an El Paso Herald man a prominent El Paso man who is in a position to know a good deal on the subject, said:

"I am certain Paul Morton, vice president of the Santa Fe, stands as good a show as any man to get the presidency of the Southern Pacific system, if he wants it. He is in very close touch with Mr. Harriman, both personally and in a business way, and I believe Mr. Harriman has asked him if he would accept the position."

The Best Remedy for Diarrhoea.

"Some years ago, while at Martinsburg, W. V., I was taken with cholera morbus, which was followed by diarrhoea. The doctor's medicine did me no good. I was advised to get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I did, and it cured me sound and well. G. A. Morris, Embreeville, Pa. Sold by all druggists."

TOO MANY TICKETS.

Denver Brokers Have Over 1,200 on Hand Unsold.

It is said by the various ticket brokers of Denver that over 1,200 tourists' tickets expiring will leave numbers of people stranded in Denver with no means of paying board bills and other necessities.

The people had left their tickets to be sold and counted on using the money resulting from the sales, but on account of the over supply of tickets, the 1,200 were not disposed of, leaving the owners with neither tickets or money.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

TRUNKS LEFT BEHIND.

Rush to California Too Big for Santa Fe to Handle.

Last Wednesday about 100 trunks belonging to passengers who had gone through on numerous excursion trains to California were put off at Emporia, Kan., and remained until the next day. In the meantime passengers have wired for their baggage until the wires almost melted. The fact is, none of the baggage cars would take the trunks because the cars were already filled, so there was nothing to do but leave the trunks there till a baggage car happened along that would take them. The trunks were sent west last Friday. The owners of them reached their destination some time ago. Such a thing seldom ever happens on the Santa Fe, and the situation but demonstrates how many passengers are going west to California to spend the winter.

OFFICERS ELECTED.

Leeds President of the Rock Island's St. Louis Line.

The board of directors of the St. Louis, Kansas City & Colorado railroad, the Rock Island's St. Louis-Kansas City line, have held their annual election of officers. The old officers were elected with the following exceptions:

William B. Leeds, president, was selected to succeed David R. Francis, as chairman of the board. Mr. Francis is still a director.

ONE FARE FOR CHRISTMAS.

Santa Fe Announces Low Rate for Holiday Travel.

It is announced by the Santa Fe passenger department that a one fare rate will be made to all points within 200 miles for the Christmas holidays. The tickets will go on sale December 24 and 25. They will also be on sale December 31 and January 1. The final return limit on all these tickets is January 2.

Last year the railroads made a one fare rate for holiday travel and it proved to be a successful venture. Usually the rates are slightly higher than one fare.

E. M. Quinlan, wife and child were visitors for a few hours this morning in the city. They were on their way to Helper, Utah, after a pleasant visit with relatives in San Marcial. Mr. Quinlan is a conductor on the Rio Grande Western, and was formerly a conductor on the Santa Fe. He has many friends in the city, who were glad to shake hands with the popular conductor that once made Albuquerque his headquarters.

ORIENT OFFICERS.

Elected at a Meeting Held in Kansas City.

Edward Dickinson, the new general manager of the Kansas City, Mexico & Orient railroad, was elected third vice president of the Orient at a meeting of the board of directors held in the company's offices in Kansas City. The meeting was the annual one held for the purpose of electing officers of the Orient company.

With Mr. Dickinson as third vice president the new officers of the Orient are as follows:

President—A. E. Stilwell, Kansas City.
First Vice President—Enrique C. Creel, Chihuahua, Mexico.
Second Vice President—W. W. Sylvester, Kansas City.
Third Vice President—Edward Dickinson, Kansas City.
Fourth Vice President—H. H. Melville, Boston.
Secretary—Neal S. Doran, Kansas City.
Assistant Secretary—J. Crosland Taylor, London.
Treasurer—W. A. Rule, Kansas City.
General Counsel—Judge J. McD. Trimble.

Members of the executive committee were chosen as follows: E. L. Martin, chairman; Edward Dickinson, W. S. Woods, W. A. Rule, A. E. Stilwell and W. W. Sylvester. The election and the transaction of routine business occupied the entire time of the meeting.

Ira C. Hubbell, general purchasing agent for the Orient railway, arrived at the Coates house from St. Louis. He came to confer with Mr. Stilwell.

"The Orient railway is buying rails and locomotives in both Europe and America," said Mr. Hubbell. "There have been few delays in shipping during the last few months. We are buying some rails in England, but there is very little difference in cost between American and foreign made rails."

Prof. C. E. Hodgins is in receipt of a letter from Attorney Karl A. Snyder, of Roswell, formerly of this city, which gives the announcement of the arrival at his home of a fine baby boy. Attorney Snyder is one of New Mexico's staunchest republicans and says that he will train the heir in the right line.

There will be a regular meeting of G. K. Warren post, No. 5, tomorrow evening, November 11, at 7:30 o'clock prompt, in Knights of Pythias hall. Camp fire by Woman's Relief Corps after post meeting. All G. A. R. comrades are welcome. J. W. Edwards, commander. W. W. McDonald, adjutant.

Robert T. Blair, of Emporia, Kan., is now in charge of the violin and stringed instrument work at the school of music. He comes highly recommended both as a teacher and an artist. All interested in this work are cordially requested to see him in the public library building or make arrangements for him to see them.

E. W. Spencer is in receipt of a letter from his son, Arthur, conveying the pleasing news that he had been commissioned as gun captain. The young man entered the navy less than two years ago as a marine and his promotion to gun captain reflects considerable credit as to his ability. He expects to be assigned to the armored cruiser Texas.

The third annual session of the New Mexico Baptist convention will be held in this city November 13-15. All Baptists are especially urged to attend, as matters of unusual interest are to be discussed. Several prominent missionary leaders of the denomination are expected to address the convention on important topics. The Santa Fe railway has granted a rate of one and one-fifth fare for the round trip.

The funeral of Peter Strumquist who died of pneumonia early Saturday morning took place from A. Borders' undertaking parlors yesterday afternoon. The services were largely attended by the many friends who have the deepest sympathy of the family in their dark hour of trouble. Religious services were conducted by Rev. Marsh of the Congregational church, with interment in Fairview cemetery.

Forrest McKinley, special timber inspector, came in from the south this morning and took the flyer for Gallup. Mr. McKinley spent two weeks on the Lincoln county forest reserve, and sold a large number of trees on the reserve to certain parties for saw mill purposes. The government receives for the trees on the reserves \$1 per 1,000 feet.

No one who has a piano in their home should fail to attend Miss Mary Menaul's concert in Colombo hall next Friday evening. Her mastery of that instrument will be a revelation to all, an inspiration to beginners and a genuine pleasure to those who have played for years. Those who have themselves handled the ivories, can best appreciate the playing of a real artist.

Fred Brooks, former bookkeeper for the Southwestern Brewery and Ice company, who, with his wife and daughter, Miss Bessie, is visiting at Mainz, Germany, writes Dr. F. O. Keyes that they had a smooth journey across the big pond and are enjoying themselves. Mr. Brooks sends his regards to his Albuquerque friends.

Mr. Laird, of Wheeling, W. Va., spent yesterday at the Alvarado talking over old times with a few of his friends in this city. Mr. Laird has been connected with the Riverside Steel company of Wheeling, which occupies a very high position with the steel industries of the world.

The funeral of Miss Nellie Booth took place in Kansas City today. It was postponed from yesterday on account of the late arrival of Eldridge Booth, a brother of the deceased, from his home at Chihuahua. Crepe adorns the front of E. B. Booth's tailoring establishment today.

Captain A. J. Armstrong returned from the Grand Army of the Republic national encampment at Washington, D. C., this morning. The captain had quite an interesting trip. A meeting with a brother, whom he had not seen for many years, was published previously to his return.

Miss Clyde Hatcher, the popular and accomplished daughter of J. H. Hatcher, of the Wells-Fargo Express company, is ill at her home on Atlantic avenue. Miss Hatcher is quite a favorite among her many friends who regret to learn of her illness.

Edward F. Thomas, whose strong and rich basso has won him an enviable reputation among the music lovers of the city, will use his talents in the concert to be given by Miss Menaul at Colombo hall next Friday night.

W. V. Wolvin, D. D. S., Dental Surgeon Santa Fe Pacific Railroad, Grant block. Both phones.

G. D. Moore left this morning for Las Vegas. After spending a day in the Meadow city, Mr. Moore will go to Denver, where he will meet Mrs. Moore, who comes from Chicago. They will then come to Albuquerque for their future home. Mr. Moore has accepted a position as traveling salesman for Marshall Field & Co., of Chicago, and will make this city his headquarters.

Frank Townsend, who resided in this city five years ago, was here yesterday, greeting old friends. He is in the employ of the Postal Telegraph company, and will be assigned work out west.

Diphtheria relieved in twenty minutes. Almost miraculous. Dr. Thomas' Electric Oil. At any drug store.

W. A. Warren of Emin, Ark., writes, "I wish to report that Foley's Kidney Cure has cured a terrible case of kidney and bladder trouble that two doctors had given up." Alvarado Pharmacy.
