FIRST CLASS WORK

What the Voters Did in Bernalillo County.

BIG MAJORITIES FOR REPUBLICANS

Official and Unofficial Returns From the County Precincts.

THE MAJORITIES FOR THE DELEGATES

The Citizen yesterday announced that there were yet three outlying precincts to be heard from. They reported this morning to the republican headquarters as follows:

Precinct 15, Casa Salazar—Straight republican vote of 34.
Precinct 20, Nacimiento or Cuba—Straight republican vote of 149.
Precinct 32, La Jara—The republican ticket received 92 votes to 1 for the democrats.

The Majorities.
The Citizen here presents the official and unofficial votes of the county precincts, as received at headquarters, with the appended majorities. Outside of two or three precincts, where the votes were placed at a low estimate, the change in figures will be very slight, if any, after the official count next Monday.

Read these interesting figures:
For Delegate—Rodey, rep., 3,818; Fergusson, dem., 421. Rodey's majority, 3,397.
For Council—Hughes, rep., 3,862; Moore, dem., 251. Hughes' majority, 3,611.
For Council—Albright, rep., 3,766; Gillett, dem., 257. Albright's majority, 3,509.
For Representative—Bowie, rep., 3,858; Pabro, dem., 255. Bowie's majority, 3,603.
For Representative—Montoya, rep., 3,805; Martinez, dem., 318. Montoya's majority, 3,487.
For Representative—Sandoval, rep., 3,833; Berg, dem., 280. Sandoval's majority, 3,553.
For Commissioner—Gutierrez, rep., 3,850; Montano, dem., 263. Gutierrez' majority, 3,587.
For Commissioner—Harsch, rep., 3,854; Dodd, dem., 280. Harsch's majority, 3,574.
For Sheriff—Thos. S. Hubbell, rep., 3,907; Hunick, dem., 214. Hubbell's majority, 3,693.
For Assessor—Sandoval, rep., 3,856; Mora, dem., 252. Sandoval's majority, 3,604.
For Treasurer and Collector—Frank A. Hubbell, rep., 3,783; Beaven, dem., 369. Hubbell's majority, 3,414.
For County School Superintendent—Vigil, rep., 3,742; Lucero, dem., 369. Vigil's majority, 3,373.
For Probate Judge—Baca, rep., 3,802; Samora, dem., 311. Baca's majority, 3,491.
For Probate Clerk—Summers, rep., 3,899; McCallan, dem., 253. Summers' majority, 3,646.
For Surveyor—Rankin, rep., 3,841; Ross, dem., 322. Rankin's majority, 3,519.

These figures are republican and democratic. The votes cast by the socialists are not included.

Thomas Hughes, for the territorial council, was the candidate for both Bernalillo and McKinley counties. In the latter county he received a majority of 219. This added to his majority in Bernalillo county, gives him a total majority in the district of 3,830.

Two years ago, Rodey received in this county a total vote of 3,332 against 1,450 for Larrazola, making his majority then of 1,882. His majority this election was greater than the vote he received two years ago.

NEW MEXICO COUNTIES.

Rodey's unofficial majority, 9,197.

STOCK MARKET.

Stocks Had a Sharp Break in Prices This Morning.

New York, Nov. 8.—Stocks broke sharply at the opening of the market today under the lead of American Sugar Refining and United States Steel and also was influenced by declines of 1/4 to 3/4 for some American shares in London before the local opening. Soon the entire list gave way on heavy selling.

Two news reports did much to unsettle prices. Advice from Chicago yardmen in the switching terminals of that city refused to accept the offer of the eighteen companies in reply to their demands for increase of 5 cents an hour in wages, the officials being willing to make an increase of half that amount. The other report was that Secretary Shaw had decided not to make further deposits with the national banks at present. On top of this came the apparently authentic statement that the big banks had come to the decision not to make any more time loans for less than 6 per cent.

Various rumors of a disquieting nature were in circulation all day, but were not confirmed.

Notable Wedding.

New York, Nov. 8.—Riverdale-on-Hudson was the scene of a notable wedding today, the contracting parties being Miss Lucretia Booth Robinson, daughter of Mrs. Moses Mason Robinson, and Mr. Morgan Dafydd Evans, of this city. The ceremony was performed by Bishop Worthington, of Nebraska, assisted by the Rev. John Campbell and Rev. Mr. Carstensen, of Riverdale. Following the ceremony there was an elaborate reception at "Robin's Nest," the home of the bride's mother.

Jumped to Death.

New York, Nov. 8.—An unidentified man about 25 years of age killed himself today by jumping off the Brooklyn bridge into East river. Many persons saw the man suddenly climb the high railing and then throw himself down head foremost.

BACOLED'S RULER

The Old Man Writes a Friendly Communication.

MINE FIREMAN IS FATALLY SHOT

An Ohio Man Killed Himself for Love of a Woman.

NEBRASKA MAN MINISTER TO BRAZIL

Manila, Nov. 8.—Sultan Bacoled has sent a letter to Captain Pershing, in command of the American troops at Camp Vicars, island of Mindano, disavowing any desire to make war on Americans. He denies molesting the Americans and says that he is not in possession of stolen American property. General Sumner has been preparing to send a column to Bacoled, but the expedition will probably be abandoned, although the military will watch the sultan and determine if his friendly assurances are genuine.

Mine Foreman Shot.

Wilkesbarre, Nov. 8.—Dennis Doris, foreman, was fatally shot today by a miner named J. C. Hennessey, because he had been refused work. Doris is popular and there were threats of lynching.

Blew Out His Brains.

Columbus, Ohio, Nov. 8.—Homer Cramer, of Groveport, Ohio, today fired two shots at Miss Alemda Burk, his former landlady, with whom he was in love, and then blew out his own brains. One of the bullets grazed Miss Burk's cheek and the other took effect in her left breast. She will recover. Cramer had been denied admission to Miss Burk's house.

Minister to Brazil.

Lincoln, Neb., Nov. 8.—D. Thompson, of Lincoln, has accepted the appointment of United States minister to Brazil. This place was offered him by the president about a month ago. Thompson was the caucus candidate for United States senator from Nebraska two years ago, but withdrew in favor of Senator Dietrich.

ANOTHER SUSPECT JAILED.

Arrested at San Marcial and Brought Here This Morning.

Another suspect of the safe robbery was arrested at San Marcial by Special Officer Ben Williams of the Santa Fe last night.

The prisoner was brought to the city this morning and locked up on suspicion. A watch of the fake jewelry similar to those taken from Ed Joyce, who is being held here, and a few cheap rings were found on the man's person when searched. It was learned that the new suspect answered the description given by Yanow, the broker, as one of the men who visited his place the night previous to the robbery. This man is no doubt a partner of the man arrested the morning after the safe cracking, who had in his possession twenty or more fake watches and a lot of cheap jewelry. They claim to be peddlers and make their living by selling this kind of jewelry.

There are many crooks throughout the country who travel under the disguise of peddlers, yet what they may do on the side is a large question. They may or may not be connected with the recent robberies, yet it is to be considered that their business is not legitimate and suspicion can only be placed upon them. Very desperate men have been known to travel under the guise of peddlers, and of late years have been caught in many instances with large quantities of nitroglycerine on their person which they use in safe blowing.

It is thought by the police that the expert crackers who operated here have gone south, and that the papers found near Winslow was only a ruse to throw the detectives off their track.

Reform Prison System.

London, Nov. 8.—In England's four great convict prisons of Dartmoor, Portland, Parkhurst and Borestal, young convicts are in future to be treated as a class apart and every possible means will be employed to keep them from association with older criminals. They will officially be known as "juvenile adults," the term applying to those who at the time of conviction are 21 years of age or under. The scheme is already in force at Dartmoor, where schoolmasters are employed in teaching the youths. An ex-army officer trains them in physical culture, and they are instructed in carpentry to aid them in earning a living when liberated. Another advance step

in prison reform has been made by the abolition of oakum picking by female prisoners. In its place needlework has been adopted, and it will in future be the tasks of the women convicts to make their own garments and also those of the male prisoners.

To Be Remembered.

Chicago, Nov. 8.—The sixteenth anniversary of the execution of August Spies, A. R. Parsons, A. Fischer and G. Engel, known as the Haymarket anarchists, on Nov. 9, 1886, will be commemorated tomorrow by the local labor and socialist organizations. Memorial services will be held as usual and in the afternoon delegations will visit Waldheim cemetery and decorate the graves of the anarchists, and also the grave of Louis Lingg, who killed himself the night before the execution.

There was a time when those anniversary demonstrations were a source of much trouble to the police. Firebrand speeches would be delivered by Lucy Parsons and others and it was often found necessary to use force in breaking up the meetings. Of recent years, however, the ardor of the Chicago group of anarchists has cooled considerably and the anniversary exercises are usually in an orderly nature.

Train Accident.

St. Louis, Nov. 8.—Nine persons were badly injured today in a collision between a train of the St. Louis Valley railroad and a car of East St. Louis and suburban electric railway at the Terminal railway belt crossing. Six others escaped with slight bruises.

Trolley Car Accident.

Kansas City, Nov. 8.—A trolley car on the Broadway line got away from the motorman today and crashed into another car that stopped to discharge passengers a block ahead and at the bottom of a hill. Both cars were damaged and five persons were injured, but none fatally.

Factories Burned.

Camden, N. J., Nov. 8.—Plants of the Norpariel Cork company, the Camden Manufacturing company, manufacturers of chemicals, and McAndrews & Forbes, liquor dealers, comprising about a dozen frame buildings, located in the southern section of the city were destroyed by fire today. The combined loss is estimated at \$250,000.

Treaty Signed.

Washington, Nov. 8.—Secretary Hay for the United States and Sir Michael Herbert, representing the British government and the government of Newfoundland today, at the state department, signed what is known as the Bond-Hay treaty, providing for reciprocity between the United States and New Foundland, covering fish products and bait. The treaty will be submitted to the senate immediately upon reassembling.

Football Player Lamed.

Andover, Nov. 8.—John Collins, a member of the Princeton foot ball team, lost his left leg at the knee, as the result of being run over by a train here today. Collins, who was the star half back on Phillip's Andover eleven for two years and captain of the team in 1899, came here yesterday to attend the annual game between Phillip's Andover and Phillip's Exeter teams today. While walking on the Boston & Maine track a freight train struck him and cut off his left foot.

Murderers Arrested.

Washington, Nov. 8.—A cablegram has been received at the war department from Governor Taft dated Manila today, saying that the Ladronez who murdered D. C. Montgomery, substitute superintendent of schools, have been captured. The murder was committed several days ago, while Montgomery was passing through one of the country provinces.

Lord Mayor's Day.

London, Nov. 8.—Lord mayor's day falling this year on Sunday the celebration and historic pageant attendant upon the installation of Sir Marcus Samuel as the city's new chief magistrate will not take place until Monday. Today Sir Samuel was formally sworn into office in accordance with time honored custom.

Miss Menaul's Concert.

Few world famed pianists visit this city. We read of the enthusiastic adoration which crowd the concert halls and evolves the wondrous music. Perhaps no city in the southwest can, however, show as many homes with pianos as can our city. Certainly a larger number of creditable piano players can be found here than elsewhere. It is therefore welcome news that one of our own young ladies, Miss Mary Menaul, who has become proficient in the use of that instrument by years of study and practice, will give a concert in Columbus hall next Friday night.

ELECTION FRAUDS

Denver Ballot Box Stuffers Will Suffer.

NEW CHINESE MINISTER APPOINTED

King Edward of Great Britain is Sixty-One Years Old.

MEETING OF BANKERS' ASSOCIATION

Denver, Nov. 8.—Attorney John D. Fleming is preparing a petition today to be presented to Judge Carpenter of the district court asking for a grand jury to investigate alleged frauds in Arapahoe county. Mr. Fleming is acting for the grand jury committee of republicans. It is probable the petition will not be presented to the court before Monday afternoon or Tuesday. The committee which will push the proceedings before the grand jury will be non-partisan, a number of well known democratic lawyers acting with the original republican members.

CHINESE MINISTER.

Wu is Recalled to China to Negotiate Treaties.

Washington, Nov. 8.—Minister Wu served official notice on this government of the change to be made in the Chinese legation here. Today he called at the white house accompanied by Tung, his first secretary of the legation, and presented President Roosevelt his letter of recall. Wu, acting under instructions from the government, which is very anxious he shall return speedily to China to carry forward the work of preparing commercial treaties, will return home immediately and without awaiting the arrival of Liang Cheng, who is to succeed him as minister at Washington, and is still in China. Therefore Wu will leave First Secretary Tung in charge of the legation here until the arrival of his successor.

EDWARD'S NATAL DAY.

England's Ruler Passes the Sixty-first Mile Stone in Life.

London, Nov. 8.—King Edward will be 61 years old tomorrow. Beyond the customary salutes and the display of flags over the royal residences there will be no observance of the anniversary, the general celebration of his majesty's birthday being deferred until May 30 in accordance with a wish expressed by the king upon ascending the throne. The king will pass the day at Sandringham, where he has continued to reside since his return from his northern trip, with the exception of a few short intervals spent in London.

King Edward's Imperial Nephew.

The German emperor, arrived at Sandringham today and will remain there during the coming week. He is accompanied by a small suite, including the imperial chancellor and two physicians. Though the visit ostensibly is purely a personal one there is every reason to believe that the meeting of the two monarchs will result in important international understandings, especially as regards South Africa, and more particularly Delagoa bay, which is so vitally important to Great Britain as an outlet for her newly acquired colonies. The presence of King Carlos of Portugal in England gives strength to this surmise concerning the importance of Emperor William's visit. The Portuguese government, it is understood, is willing to transfer some portions of its South African territory to British rule. Germany, however, is understood to be strenuously opposed to British trade securing such an advantage, at any rate unless Portugal is willing to placate Germany by granting her some similar concession, and it is believed that before the emperor and King Carlos leave England a bargain will be arranged.

Big Orders for Flour.

Everett, Wash., Nov. 8.—The flour mills of this city are now working on three consignments, two for China and one for Vladivostok. The three orders aggregate 25,000 barrels of flour and will be shipped this month.

BANKERS TO MEET.

Annual Meeting of Their National Association Convened Next Tuesday.

New Orleans, Nov. 8.—Final preparations have been made for the annual meeting of the American Bankers' association, which is to begin its sessions in this city next Tuesday. The participation of such eminent men of finance as Myron T. Herrick, of Cleveland; John Johnston, of Milwaukee; Congressman Charles N. Fowler, of New Jersey; Theodore Gilman, of New

York; Congressman Burton, of Ohio, and Joseph G. Brown, of North Carolina, is expected to make the gathering one of the most important of the kind that has ever taken place in this country.

Leave for New Orleans.

Cleveland, Nov. 8.—A special train of eight Pullman coaches left this city over the Big Four at noon today carrying a party of 150 delegates to the convention of the American Bankers' association to be held in New Orleans next week. The party includes prominent bankers from all parts of northern Ohio, and it is headed by Myron T. Herrick, of Cleveland, president of the association. The party will stop over tomorrow in Chattanooga to visit the battlefields and other places of interest in that vicinity.

The Football World.

New York, Nov. 8.—This is the greatest day of the year for the leading football teams so far. Of the many games scheduled the most important to be decided this afternoon are as follows: Harvard and Pennsylvania at Cambridge, Princeton and Orange Athletic club at Princeton, Cornell and Washington and Jefferson at Ithaca, Brown and Columbia at New York, Wesleyan and Vermont at Middletown, Chicago and Indiana at Chicago, Michigan and Iowa at Ann Arbor, Wisconsin and Northwestern at Madison, Illinois and Minnesota at Minneapolis, Naval Cadet and Lafayette at Annapolis, Dartmouth and Boston College at Hanover, Amherst and Williams at Amherst, Nebraska and Kansas at Lincoln, Oberlin and Western Reserve at Oberlin and De Pauw and Rose Polytechnic Institute at Terre Haute.

"Du Barry" in German.

Vienna, Nov. 8.—David Belasco's piece, "Du Barry," in which Mrs. Leslie Carter is now appearing in New York, was produced for the first time in German here tonight. Frau Helene Odilon, the famous German actress, appearing in the title role. The piece has been staged in an elaborate manner and promises to be a notable success.

Second Class Rates Restored.

Pittsburg, Nov. 8.—Second class fares were restored today by the railroads operating between Pittsburg and Chicago, St. Louis and other points in central territory. The only difference in the desirability of first and second class fares in this territory is that holders of second class tickets are not entitled to Pullman accommodations.

Peter Strumquist Dead.

Peter Strumquist, aged 51 years, died of pneumonia this morning at his home on South Arno street. The deceased had only been sick about seven days, when death relieved his suffering. Mr. Strumquist has been a resident of Albuquerque for the past seven years, previous to that he was connected with a mine at White Oaks. He has followed the mining business most of the time since his residence here. Several years ago he was connected with the gold mines at Black Hills, South Dakota.

Mr. Strumquist was born in Sweden and came to this country in 1869. He leaves a wife and two boys. John Strumquist, a plumber at Brockmeier & Cox, and Ed Strumquist, a student of the high school, to mourn his death. The family have the deep sympathy of the entire community in their sad hour of trouble. The funeral will take place from the Congregational church tomorrow afternoon at 2:30 o'clock. Rev. W. J. Magah will officiate.

DISTRICT COURT.

The case of the city of Albuquerque, for the use of Hayden & McClure, vs. A. M. Gentile, owner of a certain lot on South Third street, came up in the district court yesterday and a decision was rendered in favor of the defendant. Over two years ago the city by resolution ordered the construction of a sidewalk abutting the property of the defendant, a non-resident of the city of Albuquerque, and personally served a copy of the resolution on him. Mr. Gentile, failing to obey the order, the city council gave Hayden & McClure the contract to build the sidewalk, and as provided by law, issued a tax bill in their favor. Upon the refusal of Mr. Gentile to pay the amount of the tax, suit was entered to foreclose the tax lien. The decision was rendered as above for the reason that improper notice had been given the defendant, the notice having been personally served instead of by posting on a conspicuous place on the lot as required by law in cases where the owner is a non-resident of the city. This is the only case of the kind pending, being a relic of a former administration, and as the present city council is by ordinance ordering the construction of all sidewalks and giving notice to owners as above required, there will doubtless be no further contests.

Harry Alexander, with the Santa Fe Central railroad, is in the city.

COLD WAVE

Zero Weather in the Northern States.

CORLIST DISCOVERED IN SPAIN

Emperor William of Germany Welcomed by London People.

A FATAL TRAIN WRECK IN INDIANA

Washington, Nov. 8.—The weather bureau this morning issued the following bulletin:

"This morning the northwestern cold wave shows temperatures ranging from zero to 20 degrees below in the British Northwest territory. During the night and Sunday the cold wave will extend southward over the middle and western states and eastward over the upper Mississippi valley with temperatures falling to zero or below in central and eastern Montana, North Dakota and northern Minnesota. Heavy snow will fall in the northern Rocky mountain districts."

Carlist Plot Discovered.

Barcelona, Nov. 8.—The discovery of another Carlist plot here has been followed by the arrest of a number of the leaders of the movement. Apparently the immediate object was to secure funds for future operation, the plan being to raise the standard of revolt and reap profit in the course of transactions by operating for a fall in prices.

EMPEROR WILLIAM.

He is Given a Noddy Welcome on Visiting London.

London, Nov. 8.—The German imperial yacht, Hohenzollern, with Emperor William on board, accompanied by escorting German cruisers and a flotilla of British torpedo boats, reached Port Victoria at 8 o'clock this morning. The arrival of the German emperor was made the occasion of an imposing naval display.

After breakfast Emperor William landed, the crew of the Hohenzollern manning the ship, and cheering lustily and British warships firing another salute as the emperor boarded the train for Dover on his way to Shorncliffe camp, where he will review the First Royal Dragoons, of which regiment he is honorary colonel in chief.

It was raining heavily when Emperor William left the train at Dover, whence, mounted on one of his own chargers, he rode to Shorncliffe camp, accompanied by Lord Roberts and a brilliant staff.

Fatal Train Wreck.

Indianapolis, Nov. 8.—In a collision between a freight train and a work train on the Cincinnati, Hamilton & Dayton railroad, three miles east of this city this morning two men were killed and several injured. One of the injured, whose legs were cut off, will die.

Gompers' Report Ready.

Washington, Nov. 8.—The headquarters of the American Federation of Labor in this city present a busy scene these days. Officers and clerks are up to their ears in work connected with the approaching annual convention of the organization to be held in New Orleans the coming week. President Gompers and Secretary Wilson have put the finishing touches to their annual reports, which will contain facts and figures tending to show the federation to be enjoying the period of greatest prosperity in its history.

Six Day Walking Match.

Philadelphia, Nov. 8.—Beginning at midnight tomorrow night forty of the world's most famous pedestrians will start on their long journey in the annual international six day race as you please race for the championship of the world. The contest takes place in industrial hall. While it is hardly probable that George Littlewood's wonderful record of 631 miles is going to be broken, the indications are that the record of Pat Cavanaugh made in last year's race is going to get an awful jolt. This year the field is made up of men who all hold records and who are in condition to stand a fast pace from the start. Among the men who are entered and trained for the event are Pat Cavanaugh, of Trenton; John Glick, of Philadelphia; Pete Hegleman, of Germany; Tom Howarth, of England; "Kid" West, of Harrisburg; Gilbert Barnes, of Pittsburg; Peter Golden, of New York; George Noremec, of Scotland; Guerrero, of Mexico; Davis, the full blooded Indian, and Harry Shelton, the colored flyer.

to threaten to strike unless the manu-
facturers agree not to import the Am-
erican machines.The Bernalillo delegation in the ter-
ritorial assembly will present the
name of Nestor Montoya for speaker
of the house. He is a native of the
territory, is well qualified, and will
make a most excellent presiding offi-
cer. He is one of the best parliamen-
tarians in the territory, and will be fair
in his rulings.The clean newspaper is once more
resuming the place in popularity that
the yellow journals usurped for awhile.Sewer news and anatomical details
make men on the streets buy papers
for a little while, but the paper that
goes into the household is the one that
is clean. And it is in the paper that
goes to the household, that sordid
business men advertise.The number 17 is fateful in Santa Fe
county. Two years ago Thomas B.
Catron was beaten by that number and
this year J. D. Hughes was beaten by
17 votes. The singular part of the co-
incidence is that the defeat of Mr. Cat-
ron was brought about by the friends
of Hughes and in turn Catron's friends
scratched Hughes. In getting "even"
in politics there are many boomerangs.There are in the United States 135
cities having a population of more
than 30,000. The income from prop-
erty tax in these cities aggregate \$260-
000,000, while the income from fran-
chises gives the comparatively minute
total of \$2,350,000. Of these 135 towns
only five have public gas works, and
but twelve own electric light plants.
The investment in public cemeteries is
\$9,000,000 and in markets \$19,000,000.
There is an investment of \$36,000,000
in buildings for police and penal pur-
poses, and an annual expenditure of
\$35,700,000 for 29,000 police officers,
who make nearly a million arrests.

NATIONAL PROSPERITY.

The annual report of the treasurer
of the United States is a great show-
ing of our national prosperity. The
report of the treasurer does not, like
the report of the secretary of the treas-
ury, deal specially with the fiscal
policies of the nation. It merely
tells what money has been taken in
and paid out and its sources, with a
description of the forms of the cur-
rency handled. The treasury during
the last fiscal year received the enor-
mous sum of \$1,062,124,003.7, and dis-
bursed \$969,627,041. The available cash
balance at the close of the fiscal year
was \$362,187,361. In spite of our sub-
stantial protective duties, the increase
of receipts from the customs was \$15-
859,252 and the decrease of internal
revenue receipts of \$25,207,104 was
much more than made good by a de-
crease in expenditures of \$38,776,459.

A CLASSIC PHRASE FROM IOWA.

With returns indicating a republican
plurality of 50,000 or more in Iowa,
Chairman Jackson of the democratic
state committee gave out this brave
statement: "We are making no claims,
but concede nothing." Here is a man
to delight one's soul, says the Kansas
City Star. You might search for days
and fail to find his equal. The ordi-
nary manager would have been claim-
ing the state by a "safe" majority, or
would have been admitting its loss
with fierce outbursts against fraud.
But Mr. Jackson is no ordinary poli-
tician. With fine tact, dignity and
courage he makes no claims, but con-
cedes nothing.Possibly he had in mind the blunder
of 1876 by which the democratic chair-
man revealed to the republican editor
his doubt as to the four southern
states that until that time had been
conceded to Tilden. That one indi-
cation suggested to the Hayes organ-
ization a line of attack which was fol-
lowed out successfully. Mr. Jackson
was not to be caught showing possible
weak spots in his case to the enemy by
failing to claim the right things. Nor
was he going to give the apparent vic-
tors a chance to overwhelm him with
ridicule on any specific assertions of
democratic success in districts that
might prove republican strongholds.
So he rose to the occasion with the
valiant statement: "We are making
no claims, but concede nothing."

BOUNDARY DISPUTE.

The Land Commissioner of Texas Asks
an Appropriation to Make
a Survey.In his annual report just submitted
to Governor Sayers of Texas, Land
Commissioner Charles Rogan asks for
an appropriation for surveying the
south boundary line of New Mexico
regarding the dispute between Texas
and New Mexico regarding this line,
he says:"Attention is respectfully called to
the fact that we are having some trou-
ble along the border between Texas
and New Mexico. An individual claim-
ing to hold land under the United
States government brought suit to re-
cover certain land against certain les-
sees of the state in the federal court
of New Mexico. The plaintiff was suc-
cessful in the suit and on appeal the
judgment of the lower court was af-
firmed. The land claimed by the plain-
tiff and recovered by him, as against
the lessee of the state, extends 2,000
varas below the south boundary line
of New Mexico into the state of Texas,
but it is tantamount to the lease on
the part of the state if the suit operat-
ed in disposing the state's tenants,because he declines to pay lease upon
the strip of land recovered from him
and the state will also likely lose the
taxes on land owned by individuals in
the strip. This strip is 208 1/4 miles
long by 2,000 varas in width, which is
equivalent to a loss to the state of
more than 208 square miles for taxa-
tion and other purposes if the line, as
established by the court, prevails."An appropriation of \$1,500 is re-
quested for the purpose of surveying
and remarking the south boundary of
New Mexico from the southeast corner
of that territory to a point fifty or six-
ty miles west. It would be better if
both the south and east boundary lines
of the territory adjoining the state of
Texas could be resurveyed and perma-
nent stone monuments placed at least
every two miles so as to avoid disputes
which are now arising and which will
continue to arise until the authorities
of New Mexico and the state of Texas
thoroughly agree as to where the
boundary lines run. To do this it would
be necessary to have the stone cut and
marked and hauled a great distance,
both by rail and by wagons, and it is
believed that it would cost \$20,000 to
have the lines thoroughly surveyed
and marked."

A Startling Surprise.

Very few could believe in looking at
A. T. Hoadley, a healthy, robust black-
smith of Tilden, Ind., that for ten years
he suffered such tortures from Rheu-
matism as few could endure and live.
But a wonderful change followed his
taking Electric Bitters. "Two bottles
wholly cured me," he writes, "and I
have not felt a twinge in over a year."
They regulate the kidneys, purify the
blood and cure Rheumatism, Neural-
gia, Nervousness, improve digestion
and give perfect health. Try them.

Health and beauty are the glories of perfect womanhood. Women who suffer constantly with weakness peculiar to their sex cannot retain their beauty. Preservation of pretty features and rounded form is a duty women owe to themselves.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound removes such troubles.

Case of this Prominent Chicago Woman Should Give Everyone Confidence in Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—It affords me great pleasure, indeed, to add my testimonial to the great number who are today praising Lydia E. Pinkham's Vegetable Compound. Three years ago I broke down from excessive physical and mental strain. I was unable to secure proper rest, to attend to my work, and I became so nervous and irritable too that my friends trembled, and I was unable to attend to my work. Our physician prescribed for me, but as I did not seem to improve, I was advised to go away. I could neither spare the time nor money, and was very much worried when, fortunately, one of my club friends called. She told me how she had been cured of ovarian troubles, and how like my symptoms were to hers, seven bottles of your medicine cured her, and she insisted that I take some.

"I did so, and am glad that I followed her advice. Within six weeks I was a different woman, strong and robust in health, and have been so ever since.

"A number of my friends who have been troubled with ailments peculiar to our sex have taken your compound, and have also been greatly benefited."—Miss ELIZABETH DAREY, 270 Loomis St., Chicago, Ill. President of the St. Ruth's Court, Order of Foresters, Catholic.

What is left for the women of America, after reading such letters as we publish, but to believe. Don't some of you who are sick and miserable feel how wicked you are to remain so, making life a burden for yourself and your friends, when a cure is easily and inexpensively obtained? Don't you think it would pay to drop some of your old prejudices and "Try Lydia E. Pinkham's Vegetable Compound, which is better than all the doctors for cures?" Surely the experience of hundreds of thousands of women, whom the Compound has cured, should convince all women.

Follow the record of this medicine, and remember that these cures of thousands of women whose letters are constantly printed in this paper were not brought about by "something else," but by Lydia E. Pinkham's Vegetable Compound, the great Woman's Remedy for Woman's Ills.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Moral—stick to the medicine that you know is the Best. Write to Mrs. Pinkham for advice.

\$5000 FORFEIT If we cannot forthwith produce the original letter and signature of above testimonial, which will prove its absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

HUBBELL AS MANAGER.

Chairman of the Republican Central Committee is Happy. Nobody in New Mexico, and especially in Bernalillo county, probably feels any better over the result of last Tuesday's election than He is the efficient chairman of the territorial and county republican central committees, and the victory, with its immense majority for delegate to congress and the big majorities for legislative and county officers in this county, really exceeded his expectations.

HON. FRANK A. HUBBELL, The Man Who Led the Republican Forces to Victory.

tions. The highest estimate he made during the last week before election was between 4,000 and 5,000 on the delegateship and now the returns show a majority of over 9,000, while in the county he placed the majorities at from 1,500 to 2,000, and the returns, now, in, show majorities from 3,000 to 3,500. Mr. Hubbell was particularly fortunate in his estimates, although placing them at low figures, and the republicans are pleased at his thorough work as an organizer and the personal attention he paid to all the details of the campaign. He is familiar with every precinct in this county and with all the large outside precincts, and as a result has never been fooled the wrong way on his estimates since being at the head of the two central committees. He is receiving many congratulations from leading politicians of the territory over his good work, and The Citizen joins them in their praises.

Anxious Moments.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons it can be safely given. Alvarado Pharmacy.

OFFICIAL MATTERS.

Governor Otero has appointed the following notaries public: Otto Diekmann, Albuquerque; Carl Harberg, Cleveland, Mora county, and Simon F. Reuther, Las Vegas, San Miguel county.

Regent Appointed.

Governor Otero has appointed Dr. W. R. Tipton, of Las Vegas, San Miguel county, a member of the board of regents of the New Mexico Normal University at Las Vegas, vice Rev. George Selby, resigned.

A Policeman's Testimony.

J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Alvarado Pharmacy.

HISTORICAL SOCIETY MEETING.

Resignation of Solomon Spiegelberg Who Has Been Treasurer Since 1883, Was Accepted.

A special meeting of the Historical society of New Mexico was held at the residence of the president, Hon. L. B. Prince, Santa Fe, at which the resignation of Solomon Spiegelberg, as treasurer, was accepted. The resignation was tendered because of Mr. Spiegelberg's removal from the territory and a resolution was adopted expressive of the appreciation by the society of his long and faithful services. He was first elected treasurer in 1883, and has served eighteen terms. W. W. Mills, United States consul at Chihuahua, Mexico, and the author of a recent book of reminiscences of El Paso was elected to honorary membership. Arrangements were made for the purchase of various articles of historic interest and for improving the room of the society. Cards are being prepared for the systematic marking of articles belonging to the society.

He Could Hardly Get Up.

P. H. Duffy of Ashley, Ill., writes, "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." Alvarado Pharmacy.

SANTA FE NOTES.

Election Contests Rumors—Cavalry Band Dance—City Marshal Resigns.

There are 232 convicts in the penitentiary at present, six of them being women.

Cleora Weidner, city marshal, has resigned, and Mayor Sparks has temporarily appointed Severino Alarid to serve until the council meets to take action.

George E. Ellis contemplates the erection of four modern 8-room brick cottages on lots he has recently purchased near the Denver & Rio Grande railroad depot. Plans and specifications for these new buildings are now being drawn.

The street has it that there is some talk of a contest to be inaugurated for the office of sheriff, for which, upon the face of the returns, H. C. Kinell, republican candidate, has a small majority. If this is done it is very likely that a contest will be made for the office of treasurer and collector, for which George W. Knaebel received a small majority upon the face of the returns.

The first cavalry band will give a dance at Armory hall on Thanksgiving night to raise money to pay the necessary expenses of the band, such as rent, etc., and to buy new music. No part of the money received will be divided among the members, but all will be in the band treasury. The amount collected for the Sunday concert is small and does not meet the current expenses and the band hopes that those who have enjoyed its music weekly will come to the front and help it out. Music for dancing will be furnished by Professor Ceres' orchestra. —New Mexican.

morning asking to keep on the lookout for a negro answering Rice's description, wanted there for first class burglary. It was stated that Rice was headed for Albuquerque. The marshal played a sleuth act until about 4 o'clock, when he located his man. Rice denied his guilt and said he wouldn't go back, but the marshal told his prisoner in those kind, soothing words that they would believe him guilty if he refused to return. The authorities at Lawrence were notified and late last evening a telegram was received from Sheriff E. E. Myers, stating that he would start immediately for Albuquerque.

FAKE HAIR PREPARATIONS

Do Hair No Good, But Often Cause it to Fall Out.

Many hair preparations are "fake" because they are merely scalp irritants. They often cause a dryness, making the hair brittle and finally lifeless. Dandruff is the cause of all trouble with hair. It is a germ disease. The germ makes cuticle scales as it digs to the root of the hair, where it destroys the hair's vitality, causing the hair to fall out. To cure dandruff, the germ must be killed. Destroy the cause, you remove the effect. Newbro's Herpicide is the only hair preparation that kills the dandruff germ, thereby leaving the hair to grow luxuriantly. Send ten cents for sample to The Herpicide Co., Dept. "F," Detroit, Mich.

Yesterday the court tried the case of Silver Creek Mining company against F. M. Logan, of Las Cruces, a suit upon a promissory note for \$500. ORIGIN OF THE CAMEL

Clews Supplied by Fossils Found in Arctic and Tropical.

Animals That Could Endure the Greatest Extremes of Cold as Well as Heat—Small Species of the Gobi Desert.

Many people think of the camel as practically a tropical animal, perhaps because some of its most striking characteristics fit it for crossing the Desert of Sahara. Its large storage of water and the insensitive soles of its feet naturally suggest a life near the equator. Even the domesticated camels of Asia, whether of the Persian-Arabian-African species, which has but one hump, or those of Bactrian origin, which are endowed with two, perform most of their service in what is, after all, a pretty hot climate, says the New York Tribune.

However, in a recent number of "Globe," Dr. Nehring, of Berlin, lays stress on the fact that the Bactrian camel is sometimes found in Siberia, and can endure the greatest known extremes of cold as well as those of heat, if the air is only dry. In the region west of Lake Baikal the average winter temperatures are considerably lower than zero, and are often 40 and 50 degrees below that point. The habitat of the camel here overtops that of the reindeer! Yet in the Gobi desert, in Turkestan, animals of the same species have occasion to trot over earth whose temperature at times rises to 130 and 140 degrees Fahrenheit!

There has been much speculation concerning the origin of the old world camels. Bactria, the little kingdom which gives its name to the two-humped animal, lies only a little north of Afghanistan. And inasmuch as fossil remains of the family have been recovered in the tertiary rocks of the Siwalik hills, in northern Hindostan, it has been supposed that this was the birthplace of the race. But Dr. Nehring points out the equipment of teeth—one of the most valuable clews in tracing genealogies. Remains have also been found in Algeria, and the Berlin naturalist is confident that the genus thus revealed was a connecting link between the Siwalik camel and the modern dromedary.

Only at a comparatively recent date was a satisfactory clew found to the Bactrian camel's ancestry. But fossils from Roumania, near the Danube, and from the vicinity of Sarepta, on the Volga, now indicate pretty clearly that the modern two-humped camel originated either in eastern Europe or northwestern Asia. The Russian fossils were associated with teeth belonging to the mammoth, from which it is fair to infer that the climate of that region was milder when the bones were interred than it is now.

Dr. Nehring refers to the story told a few years ago by Dr. Langkavol that there are camels no bigger than a horse running wild on the Gobi desert. Having two humps, they are evidently related to the domesticated camels of central and northern Asia. Dr. Nehring feels, however, that the accounts thus far received need confirmation. He wants to see the skins and bones before he will credit the statements made concerning the size of these creatures.

No mention is made of the extinct camels of America by the contributor to the pages of "Globe." It is well known that remains have been discovered in the Rocky mountains which date back as far as any Asiatic fossils, and which show a long and gradual development of the race on this continent. Some of the specimens found are even smaller than the modern horse. In like manner, there were primitive horses in America no bigger than sheep. Hence the only remarkable part of the story about wild camels in the Gobi desert which are smaller than those now in the service of man is that the species should be in existence to-day.

FOUND FORTUNE AND LOVE.

Poor Young School Teacher in Texas Finds a Rich Uncle and a Husband.

One of the most interesting romances of the great southwest has recently come to light, and Miss Maxine Doubleday, a young school-teacher at the little town of Laurel Valley, Tex., is the heroine. Many years ago Maxine's mother, when she married his brother he enlisted in the southern army and the family lost trace of him. The soldier, however, always kept his sweetheart's picture. Later he had

Every woman in the country ought to know about

Mother's Friend

Those who do know about it wonder how they ever got along without it. It has robbed child-birth of its terrors for many a young wife. It is an external liniment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other discomforts of pregnancy. A druggist of Macon, Ga., says: "I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results claimed for it."

A prominent lady of Lamberton, Ark., writes: "With my first six children I was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours."

Write for our free illustrated book, "BEFORE BABY IS BORN."

A life-size portrait of it made and of recent years it has hung in a costly frame in his handsome castle at Cordova, Mexico. It was this picture which led to the discovery of his niece, says a western exchange.

She has since her father's death supported herself and mother by her school-teaching in the little Texas town. A few months ago she went on a visit to Brazos county. There she met a young man, Lee Payson, who told her of her marked resemblance to the portrait of a beautiful woman whom a friend of his loved in his youth.

"And it is a curious fact," the young man added, "that his name is the same as yours—Doubleday, Maximilian Doubleday."

"Why, I wonder if it can be my lost uncle!" the girl exclaimed. Further inquiry proved that such was the fact. A reconciliation followed. The wealthy Doubleday found his boyhood sweetheart, who is now his wife. He has made his niece his heiress and she is soon to wed Payson, the young man instrumental in bringing about all this good fortune.

Deaths of Royalty.

The lingering death of the late dowager empress of Germany has had few counterparts in English royal history. Twenty-five per cent. of the number that has reigned there since the Conquest met violent deaths. Two, Henry VII. and Edward VI., died of consumption. Old age, with its complication of physical troubles, helped to carry off Victoria, George III., Elizabeth, Henry VI., William VI., Edward III. and Henry III. Three died young, Edward V., at 14; Edward VI., at 16, and Henry VI., at 23. Queen Anne died comparatively young of apoplexy. Mary's death is said to have been due to sorrow over the loss of English territory in France. Henry VI.'s and George III.'s last days were clouded with dementia, and George II.'s demise was occasioned by the bursting of a blood vessel.—Philadelphia Times.

Christmas Number of the Delineator.

To do justice to this number, which,
for beauty and utility touches the high-
est mark, it would be necessary to
print the entire list of contents. It is
sufficient to state that in it the best
modern writers and artists are gen-
erously represented. The book contains
over 230 pages, with thirty-four full
page illustrations, of which twenty are
in two or more colors. The magnitude
of this December number, for which
728 tons of paper and six tons of ink
have been used, may be understood
from the fact that 91 presses running
fourteen hours a day, have been re-
quired to print it; the binding alone

POLICE COURT.

The wheels of justice began to grind
slowly in police court this morning,
after the lull caused by the election.

Pedro Apodaca was found guilty of
an assault on Pamento Martin and was
fined \$25 and costs. The disturbance
which resulted in a knockout, occurred
Wednesday night about 10 o'clock in
front of the chili wagon on the corner
of Railroad avenue and First street.
The trouble began with the usual pre-
liminary word battle and ended fatally,
in which Martin lost a tooth and is
now nursing a badly bruised nose.

Our fancy coffee business for 1901 reached the amazing amount of 10,000
pounds. We wish to double that in 1902, and in order to do so we are
offering the very best grades of coffee on the market at 40 cents per
pound. We are sole agents for CHASE & SANBORN'S celebrated Seal
Brand and Club House. We also have a full line of blended coffees
at prices to suit from 20 cents up. Our 35 cent blend we consider equal
to the most of the 40 and 45 cent grades offered by the trades.

Will Shuttelheim, timekeeper at the Santa Fe shops at Raton, left for Cincinnati, Ohio, where he will be united in marriage to Miss Cora Beery, of that city.

Engineer John Franklin is looking unusually pleasant these days. A baby girl at the home, 1002 South Edith street, is the cause.

J. M. McMullin has left Raton for California, where he has secured a good position with the Santa Fe. Mrs. McMullin will follow within a few weeks.

Engine 634, with Fireman J. H. Luke of the local round house feeding her fire box, is doing a good work these days furnishing steam to run the Alvarado laundry. This unusual duty of 634 is made necessary because of the change in boilers which is being made at the hotel. The old boilers were badly eaten by the alkali water and were too small for the work they had to do. The engine room is also undergoing some few improvements.

One Minute Cough Cure

Is the only harmless cough cure that gives quick relief. Cures coughs, colds, croup, bronchitis, whooping cough, pneumonia, asthma, la grippe, and all throat, chest and lung troubles. I got soaked by rain, says Gertrude E. Fenner, Muncie, Ind., and contracted a severe cold and cough. I failed rapidly; lost 48 lbs. My druggist recommended One Minute Cough Cure. The first bottle brought relief; several cured me. I am back to my old weight, 148 lbs. One Minute Cough Cure cuts the phlegm, relieves the cough at once, draws out inflammation, cures croup. An ideal remedy for children. J. H. O'Reilly & Co.; B. H. Briggs & Co.

E. E. Jenks, formerly foreman of the Topeka wrecking shop, has notified the company of his resignation. Mr. Jenks has been with the Santa Fe for the last five years and his resignation was a surprise to his friends. From Topeka he goes to Champaign, Ill., where he

will engage in the plumbing business. W. A. Mitchell, who is the other foreman in the east shops, will now fill both positions.

Cured of Piles After 40 Years.

Mr. C. Haney, of Geneva, Ohio, had the piles for forty years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Several changes have been taking place in the office of the general storekeeper at Topeka on account of the vacancy which was caused when Joseph Ost, former assistant general storekeeper, resigned to become purchasing agent of the Colorado & Southern. H. E. Ray, former order clerk, will fill Mr. Ost's position and T. B. Metsker and Allen Lauck, both distribution clerks, were promoted to fill the succeeding vacancies.

A Thanksgiving Dinner.

"Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, exposes the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach. J. H. O'Reilly & Co.; B. H. Briggs & Co.

The annual meeting of the Chicago, Burlington & Quincy railroad (the old company) stockholders was held at Chicago Wednesday. The old directors were re-elected except J. W. Sterling, who is succeeded by Robert Bacon, of

New York. The directors of the road will meet in New York and elect officers.

If you are bilious and seeking advisers,

Take DeWitt's Little Early Risers. Just before going to bed. You will find on the morning. You are rid of your sorrow—That's all; just enough said. These famous pills do not gripe—move the bowels gently and easily, cleansing the liver. Their tonic effect gives strength to the glands, preventing a return of the disorder. J. H. O'Reilly & Co.; B. H. Briggs & Co.

A. S. Barney, traveling freight agent of the Denver & Rio Grande railroad, arrived in Santa Fe Thursday night. He has been appointed acting general agent of the road at that point to succeed T. J. Helm, who has filled this office for several years and has resigned. It is understood that Mr. Helm has accepted a position on the Santa Fe Central.

A Violent Attack of Croup Cured. "Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by all druggists.

\$10,000 PER ACRE.

Rock Island Buys Another Vacant Tract in Chicago.

The Chicago, Rock Island & Pacific has increased its real estate possessions in South Chicago by the purchase from Mrs. Sarah J. Howard of fourteen acres on the Calumet river and One Hundred and Sixth and One Hundred and Eighth streets for \$130,000.

For some years the company has owned forty acres at that place and about a year ago erected a large warehouse for the interchange of freight

with lake transportation lines, which it has been using with success during the past season.

The land just purchased comprises the vacant tract, 666 by 775 feet, at the southeast corner of One Hundred and Sixth street and Carondelet avenue and 476 by 250 feet at the northwest corner of One Hundred and Eighth street and Carondelet avenue.

Title to the property was taken by James H. Moore. It is not the intention of the company to make any improvement at present, but it will develop ultimately as business demands.

Jumped on a Ten Penny Nail.

The little daughter of J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by all druggists.

The Southwestern Passenger bureau announces a rate of one and one-third fare for the round trip to the annual meeting of the American Roentgen Ray society at Chicago, December 10 and 11; also the same rate to the annual meeting of the Farmers' Co-operative Grain and Live Stock association, at Topeka, Kan., on December 2 to 4.

A Liberal Offer.

The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to any one wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. All druggists.

OFFICIAL COMPLAINT.

Says That Demands of Union Labor Will Cut Down Net Earnings.

A prominent railroad official who has just returned to Chicago from a

trip over the western lines, says: "All agricultural and business conditions in the west warrant the highest hopes for the railroads for the current year. That gross earnings on nearly all lines will show handsome increases may be conceded."

"There is great danger that net earnings will not fairly reflect the improved conditions in the country. Labor is unsettled and its demands are imperative. The railroads have received fair warning that organized railroad labor will demand a perpendicular advance in wages this fall. Little count is taken of the fact that in various departments of the roads advances have already been made. No account at all apparently is taken of the other fact that in hard times the railroads paid their labor better than they really could afford. The unions are better organized, better led and more closely related and connected than ever before. The machinists will start it, but the other unions intimate that they will back them up. The demand will be practically for a 20 per cent increase over the existing scale, and will be accompanied by a threat of a general strike unless the demand is met. I do not believe that there will be a strike. I think there will be a settlement, but our net earnings next year will show very clearly the effect of the movement now beginning."

The Best Remedy for Diarrhoea.

"Some years ago, while at Martinsburg, W. V., I was taken with cholera morbus, which was followed by diarrhoea. The doctor's medicine did me no good. I was advised to get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I did, and it cured me sound and well. G. A. Morris, Embreeville, Pa. Sold by all druggists."

COMMITTEE COMING.

Conditions in Territories Will Be Investigated.

Senator Beveridge, of Indiana, chairman of the senate committee on territories, has left Indianapolis for Washington to make arrangements for a tour of the committee through New

Mexico, Arizona and Oklahoma. The trip will be for the purpose of securing data on which to base a report on the omnibus statehood bill which is now in the hands of the committee. The committee will start from Chicago next Tuesday and will continue its investigations until within a few days of the first of December, when congress will meet.

School is Crowded.

Farmington is in trouble over the large school enrollment. There are 78 pupils in the primary grade but the board is unable to employ another teacher on account of a judgment against it for \$91 and costs. A public subscription has been started to meet the judgment in order that another teacher may be employed for at least four months.

Asleep Amid Flames.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fanned security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death and doctor's bills. A teaspoonful stops a late cough, persistent use and most stubborn. Harmless and nice tasting, its guaranteed to satisfy by all druggists. Price 50c and \$1.00. Trial bottles free.
