## A GREAT VICTORY

**New York Gives Ten Thousand Majority.**

**WESTERN STATES ALL REPUBLICAN**

**Republicans Hold All the Northern and Western States.**

**ROOSEVELT ENDORSED BY THE NATION**

Albany, Nov. 5.—Latest returns show Odell, rep., elected governor by 10,000. He was elected two years ago by 40,000. The republicans carried nearly all the rest of the ticket, but the official count is necessary to decide some of the offices. The assembly is safely republican, insuring the re-election of Platt.

**Not Yet Satisfied.**  
Although the unofficial reports from the state apparently showed Odell's re-election by 10,000 plurality, Coler refused today to concede his defeat, declaring that he wished to wait for the official count.

### ARIZONA.

Phoenix, Ariz., Nov. 5.—Indications point to the election of Robert E. Morrison, republican candidate for delegate to congress.

Ash Fork, Nov. 5.—Yavapai county went republican for sheriff, district attorney, and Morrison, republican delegate to congress.

### CALIFORNIA.

San Francisco, Nov. 5.—Returns are still incomplete, but it is conceded that nearly all the republican candidates are elected. Of eight congressmen 5 and possibly 7 are republican.

### COLORADO.

Denver, Nov. 5.—The probable election of a republican governor and a possible republican majority in the lower house of the legislature has started talk of the hottest senatorial fight ever waged in the state. It is possible that the republican majority may organize a "rump legislature" and proceed to elect a republican senator on the ground of alleged democratic frauds in Arapahoe county. Returns would indicate, however, that the democrats have a majority of the legislature if Arapahoe county is thrown.

### DELAWARE.

Wilmington, Nov. 5.—On joint ballot the legislature will be 28 republicans, 23 democrats, one uncertain. Of the republican members it is conceded that eight are opposed to the election of J. Edward Addicks to the United States senate. This promises to produce another deadlock at the next session of the legislature.

### IDAH.

Boise, Idaho, Nov. 5.—Returns of the Idaho election confirm the figures sent out last night showing the election of the entire republican state and congressional tickets. The republican majority on joint ballot in the legislature seems assured and W. E. Borah probably will succeed Senator Helfelt in the United States senate. The democrat state chairman, Donnelly, this morning conceded the election of the entire republican ticket. However, he claims the republicans have one less than a majority on joint ballot in the legislature. The republican leaders claim a majority of 13.

### ILLINOIS.

Chicago, Nov. 5.—Practically complete returns from Cook county give the republicans the entire county ticket, except sheriff and four commissioners.

### IOWA.

Des Moines, Nov. 5.—The democrats succeeded in yesterday's election in electing one congressman in the state of Iowa for the first time in eight years, Judge Martin J. Wade defeating the republican candidate, Hoffman, by 800 plurality. Birdsell, rep., in Speaker Henderson's district, received 5,000

plurality. The republican plurality for the state ticket exceeds 70,000.

### KANSAS.

Topeka, Kas., Nov. 5.—The counting is very slow and it will be night before the exact result is known. The chairman of the republican state committee says that Bailey's plurality for governor will be close to 35,000. The republicans will have eighty members of the legislature, allowing them to select a successor of Senator Harris, democrat. The entire congressional delegation will be republican.

### MARYLAND.

Baltimore, Nov. 5.—Though the count has not yet been officially declared it is known that the republican majority in the state of Maryland is very near 8,500.

### MASSACHUSETTS.

Boston, Nov. 5.—Massachusetts yesterday elected the republican state ticket, congressional delegation of ten republicans and four democrats, a state senate of thirty-one republicans and nine democrats and a house of representatives of 155 republicans, eighty-two democrats and three socialists.

### MISSOURI.

St. Louis, Nov. 5.—While complete returns from all parts of the state have not been received, there is nothing to indicate change from last night's figures, which show the election of the democratic state ticket, and a safe democratic majority in the legislature that will select a successor to Senator Vest and the election of fifteen democrats out of sixteen congressmen.

### NEVADA.

Reno, Nev., Nov. 5.—Indications this morning are that the entire state fusion ticket with the exception of Ring, superintendent of schools, has been elected.

### OHIO.

Columbus, Nov. 5.—The republicans today say their plurality on the state ticket will approximate 100,000 and that the Ohio congressmen stand 17 republicans to four democrats as in the last congress.

### UTAH.

Salt Lake, Nov. 5.—The republicans are successful in Utah. They will have a majority of the legislature which insures the election of Apostle Reed Smoot to the senate.

### WASHINGTON.

Seattle, Nov. 5.—Returns indicate that Washington has gone republican on the congressional ticket by 8,000 to 10,000 majority. The legislature will be republican from 10,000 to 12,000.

### WISCONSIN.

Milwaukee, Nov. 5.—Latest returns show that La Follette has carried the state by at least 40,000.

### WYOMING.

Cheyenne, Nov. 5.—The republican majorities in Wyoming surpassed all expectations. Mondell, for congress, will have 6,000 majority. The entire state ticket is elected by 3,000 to 5,000. Legislature overwhelmingly republican.

### Zeiger vs. Bennett.

Savannah, Ga., Nov. 5.—The bill provided by the Savannah Athletic club for its patrons tonight will have as a wind-up a twenty-round go between Owen Zeiger, of Philadelphia, and Jack Bennett, of McKeesport, Pa. The two are old time rivals, both are hard hitters and quick on their feet, so that the mill promises to be a lively one from gong to gong.

### Louisville & Nashville.

New York, Nov. 5.—Railroad and financial circles are curious regarding the outcome of the adjourned meeting of the Louisville & Nashville stockholders to be held in Louisville today. The persons most concerned are reticent concerning the meeting, but it is generally understood that there will be a change in the directorate on account of the new ownership, but no change in the management of the operating department. It is reported that Directors John M. Atherton, John M. Helm and Attila Cox will retire to give place to John W. Gates and two representatives of the Morgan interests.

### Train Wrecked.

New York, Nov. 5.—The west bound Black Diamond express of the Lehigh Valley railroad, which left Jersey City at noon, was wrecked east of Newark about 12:20 p. m. Fifteen persons more or less are seriously hurt. The express ran on a siding and collided with an engine standing there. One of the passengers hurt was Mrs. Carrie Nation, of Kansas. Her hand was slightly cut and her arm badly bruised.

## IN THE TERRITORY

**Rodey's Majority Estimated Over Six Thousand.**

**LEGISLATURE WILL BE REPUBLICAN**

**Republican Gains in Every Territorial Democratic County.**

**GOOD WORK OF CHAIRMAN HUBBELL.**

"You can announce," said Hon. Frank A. Hubbell, the excellent chairman of the territorial republican central committee, "that Hon. B. S. Rodey will go back to congress with the satisfaction of knowing that his work as delegate was appreciated and that the people have given him the largest majority ever obtained by a victorious candidate for delegate to congress."

"What will be his majority over Ferguson?" was asked.

"I cannot give the official majority," remarked Mr. Hubbell, "but my estimate, based on telegrams already received from the various counties, place Rodey's majority between 6,000 and 7,000 votes."

Chairman Hubbell has figured the next legislature as follows:

Council—Ten republicans, two democrats.

House—Eighteen republicans, six democrats.

On joint ballot, the republicans will have a majority, according to the above figures, of twenty votes.

The telegrams received at republican headquarters, last night and today from various territorial counties, give the following results:

### THE TERRITORIAL COUNTIES.

#### Colfax County.

Raton—Thirteen precincts give Rodey 120 majority. Republicans will carry county for Rodey by about 200 majority.

Rodey will carry Colfax county by over 400.

#### Dona Ana County.

Las Cruces—Returns received so far indicate Rodey's majority in Dona Ana at 400; Fall, 600; Llewellyn and Hawkins each 400. The entire republican county ticket elected by large majorities.

#### Grant County.

Silver City—Rodey will carry county by about 50 or more. Looks now as if legislative ticket has carried only precincts 1, 2, 3, 9, 11, 13, 14 and 22.

#### Guadalupe County.

Santa Rosa—Rodey's majority in Santa Rosa, 50; Tucuman, 35; Rodey's majority in county not less than 400.

#### Luna County.

Deming—Precinct of Deming gives Rodey 18 majority. Pollard for legislature will carry county. The balance of legislature and county ticket close.

#### McKinley County.

Gallup—Seven precincts out of nine give Rodey and republican county ticket 200 majority out of about 500 votes. Guam cast a solid vote for Rodey.

Official returns from eight out of nine precincts give 535 votes. Every republican candidate carries every precinct. Majorities—Canavan 236; Bowie 227; Apodaca 223; Spears 218; McVickers 217; Morris 216; Smith 211; Aldrich 208; Rodey 200; Hughes 199; Meyers 175; Henry 170. The one missing precinct will increase these figures.

#### San Juan County.

Aztec—Ferguson's majority 39; Pendleton's majority 5; Crist's majority 120; Garcia's majority 98. Espinosa's majority 126. These are county majorities. Half the republican county ticket elected.

#### Socorro County.

Socorro—Rodey's majority about 500 in this county. Sheriff Blackington is elected. Others on republican ticket in doubt.

Rodey's majority in Socorro 148; Kelly 65, Magdalena 22, Escondido 24. Rodey will carry county by 500 votes.

A dispatch this afternoon says 19 precincts reported give Rodey 345 majority. County ticket yet in doubt, although indications are that Blackington, rep., is elected sheriff by a small majority.

#### Santa Fe County.

Santa Fe—Nine out of twenty-one precincts give Rodey 145 majority. Rodey has carried county.

#### San Miguel County.

East Las Vegas—Rodey gets West Las Vegas by 152 majority, and Ferguson East Vegas by 40. Returns from outlying precincts indicate ticket to be badly mixed. Democrats claim most of the county officers and the republicans the legislative ticket. It looks like Rodey has carried the county by an increased majority, possibly 325.

#### Sierra County.

Hillsboro—Indications show Rodey almost able to make a stand off in this county. Hillsboro, 85 for Rodey, and 32 for Ferguson.

#### Union County.

Clayton—Rodey gains 31 votes over two years ago in the Clayton precinct. A dispatch late this afternoon from Clayton says the election in Union county is mighty close. Will wire later.

#### Valencia County.

Los Lunas—The precinct of Laguna gave 113 straight for Rodey.

### BANK ROBBED.

Safe Blown Open With Dynamite and Robbers Escape.

Fort Scott, Kas., Nov. 5.—The bank at Richards, Mo., eight miles east of here, was blown up at 3 o'clock this morning, and the burglars got away with \$1,589. The citizens were awakened by the explosion and gathered on dark corners around and stood while the vault was being rifled. They had no arms to speak of and were fearful of being shot. It was two hours before any of them dared approach the wrecked building. The burglars are supposed to have escaped to Kansas City on a freight train.

### Charged with Dodging Alimony.

Trenton, N. J., Nov. 5.—The case of Frederick N. Innes, who was arrested last week in Jersey City on a charge of attempting to leave the state in an effort to avoid the payment of alimony, came up for argument today before Justice Collins. The complainant in the case is Georgia F. Innes, formerly his wife, who obtained a divorce in New York in June last. The court gave Mrs. Innes \$25 a week alimony. She alleges that Innes left the state to avoid payment and now owes her \$500.

### To Testify in Botkin Case.

Dover, Del., Nov. 5.—The Delaware witnesses in the case of Mrs. Cordelia Botkin, the alleged prisoner, soon to be tried again in California, are about to start for the Pacific coast. It is believed that without the testimony of John B. Pennington, father of the murdered Mrs. Dunning and Mrs. Deane, she will again be convicted. The news from San Francisco that the case would probably fall because of Mr. Pennington's death, he being a material witness, is said to be wrong, as the box of candy was obtained from the postoffice by Harry Pennington, a grandson.

### Heir Looked for in Italy.

Berlin, Nov. 5.—It develops that the postponement of the emperor's visit to Italy, which was to have taken place this month, is due to the delicate condition of the Queen of Italy, whose edification is expected in the next few weeks. The emperor's visit has been deferred until February, when he will join the imperial yacht Hohenzollern at Genoa and visit the King of Italy at Naples and the Duke and Duchess of Sparta at Athens.

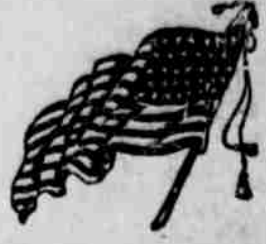

### Died Together.

Omaha, Neb., Nov. 5.—Rev. W. C. Rabe, pastor of the German Baptist church at Twenty-sixth and Seward streets, and Miss Augusta Barth, a young woman who had lived in the neighborhood, were found dead early today in the vestibule in the rear of the church auditorium. The bodies were locked in embrace and the gas jets turned on. Rev. Rabe was 65 years of age and a prominent minister.

### Tennessee River Improvement.

Florence, Ala., Nov. 5.—Pursuant to the call of President Thomas R. Roulhac, of Sheffield, the members of the Tennessee River Improvement association assembled in annual session here today. The efforts of the association, it is agreed, shall be directed during the company year toward securing an appropriation from congress for the improvement of the upper Tennessee.

## OUR OWN COUNTY

**Majorities Will Go Over Three Thousand.**

**DELEGATE RODEY WON IN A GALLOP**

**Many Precincts Return Solid Vote for Every Candidate.**

**SHERIFF HUBBELL LEADS TICKET.**

The Citizen publishes below the returns from all the precincts of this (Bernalillo) county, except the precincts of Casa Salazar, Las Placitas, Pena Blanca, Cuba, La Ventana, Guadalupe, Gonzales, La Jara and Bland.

The unofficial returns from Pena Blanca give the republican candidates 188 majority.

Chairman F. A. Hubbell, of the republican central committee, and his secretary, J. J. Sheridan, have figured up the majorities of the precincts already heard from and Rodey has a majority of 2,814 votes. The chairman, who is thoroughly familiar with the voting strength of the missing precincts, gives Rodey's majority in these precincts at 558 votes, thus making Rodey's total majority in the banner county of Bernalillo, 3,372.

The republican legislative and county candidates will all be elected by about the same number of votes.

**SUSPECTED OF MURDER.**

Massachusetts Man Charged With Murdering a Woman.

Cambridge, Mass., Nov. 5.—Allan G. Mason, who was arrested yesterday on suspicion of having committed an assault upon Miss Clara A. Morton in Waverly last Saturday night, causing Miss Morton's death, today was held for further hearing on the charge in the third district court for eastern Middlesex. It was understood last night to be the intention of the police to release the man today as they had been unable to make out a case against him, but it is claimed that new papers were brought to light this morning which warranted a change in procedure. Mason was remanded without bail.

New Mexico demands Statehood from the Fifty-Seventh Congress.

Next month New Mexico will be made a state.

Delegate Rodey is elected by an increased majority.

The Santa Fe Central will be built to this city next spring.

Socorro county gave Mr. Rodey a larger majority than was expected.

New Mexico will secure at least 500 miles of new railroad next year.

That was certainly a red hot political contest yesterday in New York state.

The Denver &amp; Rio Grande railroad will be broad gauged to Santa Fe next spring.

Of course this town will get that military post. We deserve every good thing in sight.

The people by their ballots have clearly shown that they demand statehood for New Mexico.

This city can get a number of new factories during the next few months by working to get them.

The election for delegate in Arizona is close, with indications that Morrison, republican, is elected.

Not counting some 72,000 Indians, there are 1,470,000 people in the United States who can't speak English.

McKinley county exceeded republican expectations. The majority for Mr. Rodey is better than two years ago.

Delegate Rodey made a remarkably active campaign. In two weeks he visited nearly every county in the territory.

Several democrats and socialists called at this office this morning and moved to make the election in this county unanimous.

McKinley county is all right, and the people of that county deserve good treatment at the hands of the republicans of New Mexico.

Cuba is indulging in the luxury of octopuses—built to scale. The "Cuban Railroad company" has been incorporated at Havana with a capital of \$20,000,000.

Let's drop politics and get to work on the next territorial fair. It is almost certain that the next big exhibition in this city will be a state fair. Let's make it a corker.

The editor of The Citizen is thankful to the people of McKinley and Bernalillo counties for his splendid majority, and he will try to deserve the confidence reposed in him.

The American people are thoroughly disappointed in the developments in Porto Rico. It turns out that the people of that island are mentally incapable of any conception of what American liberty is.

The republicans have held their own all over the United States, which is better than they expected in an "off" year. In the campaign of 1904 the republicans will carry every state except the solid south.

The man who ran and lost in yesterday's election deserves much consideration. It takes a brave man to make a race for office when he knows that defeat is staring him in the face. The democratic candidates in this county were in that situation. The party was disorganized, while the republicans were organized and enthusiastic in every precinct. Except in

precinct 26, this city, the party made no organized fight. The Citizen has a deep respect for the minority. Having been on the losing side in five territorial campaigns in this territory we know how it feels to get licked.

There was very little bitterness in the recent campaign in this county, and there are very few sore spots to heal.

Now it is said that J. Pierpont Morgan is working on a scheme for combining all the bituminous coal mines in the country. Mr. Morgan appears to find no difficulty in discovering something to do.

The daily newspapers certainly cannot be accused of unfairness to the opposition. Nothing of a derogatory character was mentioned about any of the county democratic nominees in either of the papers of this city, clearly showing that it is beneficial to conduct clean newspapers.

As a result of putting the civil service examination standards a little higher than the salary, Washington government departments are suffering a stenographer famine. There are plenty of eligible women, but the officials yearn for men—probably feel that it is impolite to distate to a lady.

The splendid republican victory in this county is largely due to Chairman Frank A. Hubbell. He is one of the best political managers in the country, and deserves the lasting gratitude of his party for his untiring and effective work. In this city the democrats and socialists made a special and united effort to cut down his majority, but with little result.

The business man who is contented with his business has stopped growing. The man who says he has business enough, therefore has no need to advertise, has reached the full flood of the tide. But after the flood is the ebb always. It is the law of nature that nothing shall remain in the state of rest. Everything grows, or it decays. No business can remain at a standstill for any considerable length of time.

The commissioner of education reports that last year the total number of pupils in the schools of this country was 17,299,230 (which number includes those attending the higher institutions). Of these 15,710,394 attend schools supported by general and local taxes furnished by states and municipalities. In addition to these a half million pupils are attending special technical, business and evening schools. The value of property used for school purposes is placed at \$576,963,089 and the expenditures for common schools (omitting all institutions of higher learning) was \$226,043,236 of \$2.93 per capita.

## IMPRESSIVE SPECTACLE.

There is something singularly impressive in a general election. Probably fourteen million American citizens cast their ballots yesterday, and not only was an entire new national legislature constituted, but in most states there were elected legislatures, governors and other state officers, and the legislatures chosen in half the states will have to choose United States senators.

Like the jury system, our elections are open to criticism in detail. There is corruption, there is ignorance, there is shirking; but with all, the net results as a rule mean progress and a bettering of the condition of living. The abuse of the voting privilege will in time right itself. Conditions today are far more fair and clean than they were a hundred or fifty years ago. Some decry the virulence of our campaigns, yet that virulence might be distilled to ten times its venom, and yet it could not compare with the personal abuse and violence of the days of our grandfathers.

There is immense power in public opinion. There is immense power in precedent. There is immense power in fear. Pride is a good, and ambition a hard master. All these things help to make many a man elevated to high office, more worthy to fill it than he may have seemed worthy to exercise his voting privilege.

# SURGICAL OPERATIONS

**Many of Them Unnecessary. Mrs. Pinkham's Advice and Medicine Have Saved Many Women From the Surgeon's Knife.**

Hospitals in our great cities are sad places to visit. Three-fourths of the patients lying on those snow-white beds are women and girls.

Why should this be the case? Because they have neglected themselves.

Every one of these patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back. All these things are indications of an unhealthy condition of the ovaries or womb.

What a terrifying thought! these poor souls are lying there on those hospital beds awaiting a fearful operation.

Do not drag along at home or in your place of employment until you are obliged to go to the hospital and submit to an examination and possible operation. Build up the female system, cure the derangements which have signified themselves by danger signals, and remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from the hospital. Read the letter here published with the full consent of the writer, and see how she escaped the knife by a faithful reliance on Mrs. Pinkham's advice and treatment by her medicines.

If in doubt write to Mrs. Pinkham at Lynn, Mass., for free advice; her experience covers twenty years.

Here is Proof, Undeniable Proof, That Many Operations May Be Avoided.

"DEAR MRS. PINKHAM:—As I am a great sufferer of female trouble I thought I would write to you to see if you thought there was any positive help for me. I am very sore through my bowels, especially over the womb, and on the left side low down I will be taken with a dull sore pain, and in an hour will be so sore that I cannot move myself, and will have to be poulticed, and will be unable to walk for two or three weeks. I have a bad discharge at times. The doctor says I will have to go through an operation and have the left ovary removed. If you can help me let me hear from you soon."—Mrs. M. G. SHIVELY, Upson, Wis. (Nov. 13, 1900.)

"DEAR MRS. PINKHAM:—When I wrote to you last fall in regard to my health, death would have been a welcome visitor to me, but I followed your advice and am now well. I had tried everything I could hear of, went to every doctor far and near, spent a great deal of money and received no benefit. At the time I wrote you I was saving up money to go to Chicago to have an operation upon the womb and ovaries which the doctor said unless I had I would die, but thanks to your remedies, I avoided this. I have taken eight bottles of Lydia E. Pinkham's Vegetable Compound, two of your Blood Purifier, and used four packages of Sanative, and am a well woman. I advise every woman suffering as I did to take Lydia E. Pinkham's remedies."—Mrs. M. G. SHIVELY, Upson, Wis. (March 20, 1901.)

**\$5000** REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

## OFFICIAL MATTERS.

**Amendment of Articles—Land Office Business—Entry Decided.**

**COMMISSIONS HOLD MEETINGS.**

Railroad mail service will be established on November 10 from French to Dawson, Colfax county, ten miles, over the Dawson railway. The service will be six times a week.

### Amendment of Articles.

James Sutherland, Harry F. Smith, Albert D. Garnett and Robert Kellahin, directors of the Pecos Valley Lumber company, with headquarters at Roswell, have filed with the territorial secretary amendments of their articles of incorporation designating an increase in capital stock from \$20,000 to \$25,000, divided as above into shares of \$100 each.

### Land Office Business.

Homestead Entries—Isabel Maes of Pinos Wells, 160 acres in Valencia county; James King, of Springer, 160 acres in Mora county.

Final Homestead Entries—Manuel Archibeque, of Puerto de Luna, 160 acres in Guadalupe county; Margaret M. Spratt, of Wagon Mound, 160 acres in Mora county.

### Contested Entry Decided.

The contest of Luther M. Shely against Felipe Baca, over homestead entry No. 6,166, was decided Monday. The land involved adjoins Santa Rosa and is rapidly growing in value. It was held that the homestead entry was fraudulent in inception as within three months Baca sold the land to the Alamogordo Improvement company and it was added to the town site of Santa Rosa. The holding was in favor of Shely and cancellation of the entry recommended.

### Capital Custodian Commission.

The capital custodian commission met in Santa Fe on Monday in regular monthly session at its office in the capitol building. Routine business was transacted and accounts were approved and paid. Instructions were given to the janitor in charge of the building to make all necessary improvements and to prepare the building and grounds for the holding of the sessions of the legislative assembly. The commission recently purchased a sufficient length of fire hose with nozzles complete for the purpose of using the same upon any part of the building from the fire plugs outside. There is also sufficient fire hose in the building to be used on each floor in case of necessity.

### Land Commission.

The United States land commission held its regular monthly meeting Monday and transacted routine business. The commission also ordered the selection of 50,000 acres of grazing land in the Pecos valley in Chaves and Eddy counties to be charged to the appropriation of lands for public buildings at the capitol.

The territorial land commission was also in session. It approved a number of leases for school sections. The commission, having had the appeal case of Barreras vs. Trujillo, as to the prior right to lease the school section in the vicinity of Puerto de Luna, in Guadalupe county, under consideration for a month, decided to sustain the action of Land Commissioner A. A. Keen in holding that the lease should be given to Barreras, who had established prior right to the same.

### Startling, But True.

"If every one knew what a grand medicine Dr. King's New Life Pills is," writes D. H. Turner, Dentsytown, Pa., "you'd sell all you have in a day. Two weeks' use has made a new man of me." Infallible for constipation, stomach and liver troubles. 25c at all drug stores.

### Money and Politics.

Simple—I suppose the correct way to go into politics is to go in with a barrel of money? Wise—It is not so much how one goes in, but how one comes out. Come out with a barrel of money, and you may be sure you are a successful politician.—Boston Transcript.

### A Startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health. Try them. Only 50c at all drug stores.

### Surprised His Wife.

A story is told of a Pennsylvania farmer who wore his old suit until every one was tired of it, and his estimable wife was almost ashamed of the hussling man who had been inside it so long. But one day he went to town to sell his produce, and while there he determined to buy a new suit and, happy thought, surprise Eliza. So he bundled a new suit into the wagon and drove homeward.

It was after midnight as he hurried homeward, and at a bridge over a river he stood up on the wagon and "peeled" and threw the despised old suit in the water. Then he reached for his new clothes. They were gone—had jolted out of the wagon. The night

was cold and his teeth chattered as he hurried home. He surprised Eliza even more than he anticipated.

# RHEUMATISM

**ACUTE AND CHRONIC, MUSCULAR, MERCURIAL, ARTICULAR AND INFLAMMATORY.**

Some people have been suffering from Rheumatism so long that they can scarcely remember the time when they were entirely free from an ache or pain, and have long since forgotten the joys of a painless existence. They are at the mercy of every ill wind, and their misery is aggravated by exposure to cold or sudden changes in the temperature. They become walking barometers and most accurate in weather predictions, the increasing pains in muscles and joints foretelling the approaching storm or the coming of bad weather. It is from these constant sufferers that the great army of rheumatic cripples is recruited. Their bodies are bent, the joints become so stiffened and bent that they are at last compelled to give up or hobble about on crutches.

Nobody ever outlived Rheumatism; the disease never loosens its grip or leaves of its own accord, but must be driven out by intelligent and persistent treatment through the blood, for Rheumatism of every variety and form is caused by an over acid condition of the blood, and the deposit in muscles, joints and nerves of corrosive poisons and gritty particles, and it is these irritating substances that produce the inflammation, swelling and pains, which last as long as the blood remains in this sour and acid state.

To cure Rheumatism permanently the blood must be purified and invigorated, and no other remedy does this so well or so promptly as S. S. S. It refreshes and restores to the thin acid blood its nourishing and health-sustaining properties. And when strong, rich blood is again circulating through the body the acid poisons and irritating matter are washed out of the muscles and joints, and the pains at once cease and Rheumatism is a thing of the past. S. S. S. is a purely vegetable medicine and does not derange the stomach like the strong mineral remedies, but builds up the general health, increases the appetite and tones up the digestion.

### THE SECOND NIGHT

Of the Merchants' Carnival Proved Another Big Success.

#### ADDITIONAL NAMES TO LIST.

The merchants' carnival, which was a pronounced success on Monday night, again drew a well filled hall last evening. Several new attractions were added in the way of entertainment which had a pleasing effect on the audience.

The program of merchant representatives was almost the same, many of the business establishments who were not represented on the first night came forth last evening with a well equipped display, and several made a complete change from their first appearance. Miss Florence Chapin of the university department of elocution, gave a reading by Richard Harding Davis, "Love Me, Love My Dog."

Merchants who were represented at the carnival, not mentioned in The Citizen yesterday for their clever displays, will be given the attention they deserve today.

A baggage smasher treating guests with courtesy and handling baggage with the usual smasher spirit, calling out the Alvarado, was as amusing as it was true to life.

William Glaesner, the second street tailor, was all there with his line of goods.

The Racket's girl clad in a gown covered with all kinds of useful articles, appeared among the other well represented houses.

Household specialties were the words on Borradaile & Co.'s banner. The "No Name Store" displayed those articles which one sees and wants in a novelty store.

A young lady arrayed in garments decorated with shingles and paint samples told of J. C. Baldrige.

Jacob Korber & Co., the well known carriage manufacturers and blacksmiths, made a display which attracted plenty of attention.

The diamond palace of Edward Everett was a feature worthy of special mention.

Switzer & Co., barbers; H. Brockmeier, by a kodak girl; Grunsfeld Bros., dry goods; Thomas F. Keleher, harness and robes, all made known their respective lines by a generous display.

A lady in black, artistically arranged watches, souvenir spoons, chains, a few brilliant diamonds, called attention to T. Y. Maynard and his jewelry store. O. W. Strong & Sons were also upon the list of those represented.

The drill of the young ladies was carried out with more precision and exactness than Monday night. The Arion Mandolin club delighted the audience with two numbers. There is promise of this club becoming one of the entertaining musical organizations. Their appearance last evening was highly appreciated.

Mr. McKenna, with his banjo, was one of the features that vastly pleased all. Mr. McKenna understands the banjo thoroughly and brings out all the sweet tones in the old popular instrument.

A. L. Newton, with a rich bass voice, pleased all the music lovers by his solo.

A lasting impression was made by the beautiful and marvelous electric statue.

The ladies of the Congregational

church are to be commended on their successful carnival, both by way of entertainment and financially.

I used it and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." ### THAT COCHITI ROAD.

It Will Start From Bland and Connect With the Santa Fe Near Thornton.

#### REDUCTION WORKS CONTEMPLATED.

Dr. J. R. McKinnle, of Colorado Springs, Colo., arrived in Santa Fe on Saturday evening and left for the south Sunday after making the preliminary arrangements for the incorporation of a company to build a railroad from the mining camp of Bland to some point on the Santa Fe railway, probably a little north of Thornton, and also for the erection of large reduction works on the Rio Grande river, just below the White Rock canyon, says the New Mexican.

A corps of engineers started Tuesday to survey the line and Dr. McKinnle will return to Santa Fe Wednesday or Thursday of this week, to file the incorporation papers and to consult with Santa Fe owners of mines in the Cochiti district for the treatment of their ore or the bonding and leasing of their mining properties. He will be in Albuquerque for several days to make similar arrangements with owners of Cochiti mining properties in the Duke city.

The railroad and reduction works will be built immediately. Quietly, experiments have been made as to the best treatment for Cochiti ore and an economical process has been decided upon that will railroad transportation facilities, will make many a Cochiti property a dividend payer. It is stated on the street that the railroad is also to be pushed up White Rock canyon to a connection with the Denver & Rio Grande near Buckman's.

Dr. McKinnle, was one of the principal promoters of the Cripple Creek Short line recently completed and which is a marvel of railroad engineering. He was also one of the principal owners of the Portland and other mines at Cripple Creek and is several times a millionaire. He is convinced that it will pay well to treat the low grade ores of the Cochiti district after the railroad facilities have been provided and large reduction works have been built where water power is available, as on the banks of the Rio Grande below White Rock canyon.

Ruppe.

Engry all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

### Army Surgeon's Romance.

New York, Nov. 5.—A romance of love and war culminated in the Roman Catholic church of St. Veronica today, when Miss Julia Agatha Dunne became the bride of Dr. William Donovan.

Three years ago, when Aguinaldo was making trouble in the Philippines, Dr. Donovan was appointed surgeon with one of the regiments sent there to help quell the insurrection. At that time he was engaged to Miss Dunne, but, believing that he owed his first duty to his country, he made the long journey across the sea. It was agreed that should the young physician survive his service they should get married on his return. With a good record for bravery under trying circumstances on the field and for faithful service, the physician returned home two months ago to take his bride and redeem his pledge.

### GASSING TREES FOR INSECTS.

The United States department of agriculture has just reported on a unique and effective method for killing the scale insects which are causing so much destruction to orange trees in California. The principal injury is the extraction of the juice of the tree. As the scale insect is a mere pumping machine, it is continually absorbing the sap from the tree. There is likewise a poisoning caused by the irritation excited by the beak of the insect, or some liquid injected through the same.

It has now been found that the only sure means of destroying these pests is by subjecting them to the fumes of hydrocyanic acid gas, commonly designated as "gassing." For most species of scale insects one good gassing, when done at the right season, will almost, if not quite, exterminate them.

The treatment consists in enclosing a tree at night with a tent and filling the latter with the poisonous fumes generated by treating refined potassium cyanide, 98 per cent. strength, with commercial sulphuric acid, 66 per cent., and water. The proportions of the chemicals as now employed in California are considerably in excess of the amounts recommended a few years since.

For small trees ordinary earthenware vessels are used to generate the gas. For larger ones, requiring heavy doses, tall wooden pails are employed, two generators being used.

The extremely dangerous nature of the gas demands that the greatest caution should be taken to avoid inhaling it by an operator. The treatment is made at night, and the person handling the chemicals holds up the tent and quickly drops the cyanide into the generator and makes a prompt exit. The gassing is often done for cultivators by individuals who make a regular business of it, charging a fixed rate per tree, depending on size, ranging from ten cents to a dollar or more.

About 50 trees of the largest size, 30 feet high or thereabouts, can be treated in a night with an equipment of 12 or 15 tents. With smaller trees the number which can be treated in a single night is very considerable, it being possible to gas from 300 to 500 trees, averaging ten feet in height, in 11 or 12 hours, employing about 40 ring tents.

## BRUTAL EXHIBITION.

A Bull Fight at Juarez Witnessed by Disgusted Crowd.

There was another brutal exhibition of how bull fights are not given, over in Juarez Sunday afternoon and as usual there was a good sized crowd in attendance, mostly visitors. Four bulls were killed and two horses were so badly injured that they had to be slain.

The poor horses were so feeble that when they entered the ring they could hardly stand and a Mexican had to run behind one or two of them with a whip to make them even move. The horses were either purposely starved to save the price of feed, as their doom was already known, or they were purchased from some party who had starved them to death through inability to get the forage to help them sustain life.

The fight was revolting beyond the ordinary and many of the Americans left before it was over. The bulls apparently had no more life than the poor horses, and only one of them showed the least bit of fight.

The fighters were also very clumsy, and had to make several thrusts to end the life of the animals.—El Paso Herald.

The couple were attended by Mr. and Mrs. Alphonse Dockweiler, of Tesuque, who are intimate friends.

## A Thanksgiving Dinner.

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, exposes the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach. J. H. O'Reilly & Co.; B. H. Briggs & Co.

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

## KODOL Digests What You Eat.

Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach. This rest soon restores perfect health. Cathartics and stimulants only reach the symptoms. Kodol cures. It is Nature's tonic.

Five years ago a disease the doctors called dyspepsia took such a hold on me that I could scarcely go. I took quantities of pepin and other medicines, but nothing helped me. As a drowning man grasped a straw I grabbed at Kodol. I felt an improvement at once, and after a few bottles am sound and well.

### DEATH OF MRS. E. A. CAHOON.

Occurred at Roswell and Was a Shock to Friends.

Died, Friday, October 24, 1902, at 3:48 p. m., Mabel Howell Cahoon, beloved wife of E. A. Cahoon, cashier of the First National bank of Roswell, aged 28 years, 11 months and 24 days, after a lingering illness of nearly five months. Mrs. Cahoon was born at Snelling, Cal., October 29, 1873. Her father, Major M. Howell, now treasurer and collector of this county, moved to Roswell with his family in 1887. She was a successful teacher in the public schools of Roswell for some time; the only photograph taken of the original public school building and the scholars as a group includes her picture as one of the teachers, standing among the children, by whom she was greatly loved. She was married April 26, 1894, to Edward A. Cahoon, at Merced, Cal. Three children have been born to them—Katherine, aged 7; Louise, aged 5, and little baby Mabel, only 11 weeks of age, at the time of the mother's death. Mrs. Cahoon was perfectly conscious and rational for three weeks before her death, and up to the Tuesday before her death, was apparently getting better. Her death was a terrible shock to all and particularly to her husband and the loving friends who had watched and hoped for her final recovery.—Roswell Register.

There is no cough medicine so popular as Foley's Honey and Tar. It contains no opiates or poisons and never fails to cure. Alvarado Pharmacy.

**Dropped Dead.**  
William J. Fountain, familiarly known as "Uncle Bill," dropped dead from heart disease in the grocery department of Porter-Ewell's store on Saturday afternoon at 5:30 o'clock. Mr. Fountain was about to make a purchase, when without any warning, he fell to the floor. His death was instantaneous. He had been complaining for several days with trouble in the region of his heart. The body was removed to the undertaking establishment of Clarence Ullery, and Judge Lea, the coroner, summoned, who deemed an inquest unnecessary.—Roswell Register.

## THE MAN IN ARMOR

Was no match for the microbe. Giants he might slay but this microscopic organism defied him, and in many a campaign more men were destroyed by camp diseases than by the enemy's sword.

The one way to arm against microbe disease is to keep the blood pure. Impure blood both breeds and feeds disease.

The signs of impure blood are easy to read. Pimples, boils, and eruptions generally proclaim the blood to be impure. Scrofulous sores and swellings, salt-rheum, eczema, etc., are other signs of a corrupt condition of the blood.

Doctor Pierce's Golden Medical Discovery purifies the blood and cures diseases caused by the blood's impurity. It cures scrofulous sores, boils, pimples, eczema and other defiling and disgusting diseases.

"It gives me great pleasure to express my faith in the virtue of Dr. Pierce's Golden Medical Discovery," writes Mr. Ezekiel Floro, of Graytown, Ohio, Co., Ohio. "I suffered everything for two years with humor on my face, which baffled the skill of some of the most noted physicians. Was at last induced to go to the hospital; was doctored there for three months without success. Came home discouraged. Then began to doctor with a chemist. He also failed to help me. Then I began Dr. Pierce's Golden Medical Discovery, with no 5th whatever in it. Did it only to please my wife; but I am happy to tell you that after taking five bottles I am entirely cured."

**FREE.** Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

ambushed by the Indians, who have been making trouble in Mexico for several months. Mrs. Sullivan is a sister to Gus Holmes, of this city, and is left with six children to support. Mr. Sullivan was well known here, and leaves many friends. He was quite prominent in the Red Men order, having been great sachem in the order in Colorado, while residing there. It is not yet known what will be done with the remains, whether they will be shipped here for interment or not.

In precinct 64 this morning there came near being a fatal affray. Amador Ulibarri and Secundino Romero got into an argument, and soon a number of fellows were pummeling Amador. Just what the altercation was about or how it came to take the turn it did, cannot be learned. Anyway, Amador got furious at his father-in-law, Hon. J. Santos Esquivel, and said he was going to shoot him. He went home and got a Winchester rifle and went on the warpath, but his wife followed him and succeeded in getting the gun away from her husband and thereby saving her father's life. This happened about 7:30 this morning.

At noon, in precinct 26, there was a scrap which a number indulged in, but no one was hurt. In precinct 5 this morning, Rociendo Martinez and Luis Ortiz, two rowdy unionists, tried to prevent the polls opening and used very abusive language. They were arrested and put in jail, where they would have remained had not O. A. Larrazola got an order from the district court for their release. They then came back and behaved themselves. In East Las Vegas all was orderly. A few "compliments" were thrown back and forth, but no damage was done.

**He Could Hardly Get Up.**  
P. H. Duffy of Ashley, Ill., writes, "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." Alvarado Pharmacy.

## Railroad Topics

Harry Alexander, assistant to W. H. Hopewell, general manager of the Santa Fe Central, is in the city.

General Superintendent D. E. Cain, of the Santa Fe, passed through the city last night en route to El Paso.

Night Switchman J. C. King unfortunately fell from an engine in the yards last night and severely injured his knee. Although the injury is not serious Switchman King will be laid up several weeks.

J. N. Turner, the accommodating gentleman who recently succeeded Day Ticket Clerk J. A. Courtney at the local station, went to San Marcial last night to finish preparations toward moving his family here from that city. Night Ticket Clerk Carpenter is doing double duty in the meantime.

Joint agencies shortly will be established by the southwestern railroads in New York, Boston and other eastern cities, and also in the principal European capitals, for the purpose of turning the tide of immigration into the southwest. This move, says the Times, involves an aggressive competition with the northwestern roads, which have been carrying the greater proportion of west bound immigrants for several years.

Reports have been persistently circulated for some time past that E. H. Harriman was about to resign the presidency of the Southern Pacific road, and various persons have been named as his probable successor. Mr. Harriman gave a quietus to all these rumors today by issuing a statement to the effect that while he would be glad to be relieved of the onerous duties and responsibilities of the position there is no immediate probability of any change at present. There are insurmountable difficulties in the way of his doing so at this time.

Sensational developments are looked for at the session of the interstate commerce commission in Chicago on November 6, when the western roads will have to show why they are making lower rates on live stock from points

west of the Missouri river than they are making from points east of the river. This discrimination against Chicago is being practiced by all the Chicago-Missouri river lines except the Santa Fe, which makes a lower rate east of the Missouri. The Santa Fe was named in the complaint, but it has been informed by the commission that its name would be stricken from the list of roads to be investigated.

### Jumped on a Ten Penny Nail.

The little daughter of J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by all druggists.

### BIG ROCK ISLAND ENGINES.

Coming West to Haul the Golden State Limited.

Two more of the monster compound engines which the Baldwin Locomotive works of Philadelphia has been building for the Rock Island, for use on its El Paso line, have come out west, says the Topeka State Journal. They tower up above the ordinary engines, and attracted considerable attention. They are equipped with four pairs of drivers, and weigh close to ninety tons each. The Santa Fe has held the record for big engines in this part of the country, but these engines are probably larger than the Santa Fe's prairie type engines, although not so large as the big decapods, which were taken out for use on the mountains, and which hold the world's record for size. The new engines will be taken on down

to El Paso "dead," and will be put into service there, possibly on the new Golden State limited.

### NEW OFFICES FOR SANTA FE.

A \$2,000,000 Building to Be Erected in Chicago.

A modern office building will be erected at the northeast corner of Jackson and Michigan boulevards by the Standard Office company, a new concern incorporated in Springfield, says a Chicago dispatch. The structure will cost \$2,000,000 and will be occupied by at least two railroad companies, one or more steel companies, and a number of other large corporations. It will be ready for occupancy May 1, 1904. Among the tenants of the new building will be the St. Paul and Santa Fe railroad companies, and probably the Alton railroad company.

The new building probably will be seventeen stories in height and will be a modern structure. It will be planned especially for the large corporations which are to occupy it.

### To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I can recommend it with the utmost confidence. It has done good work for me and will do the same for others. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64 Thirty-seventh St., Wheeling, W. Va. For sale by all druggists.

### COAL LED THE LIST.

Santa Fe Hauled More Bituminous Than Anything Else.

During its last fiscal year the Santa Fe carried 2,925,000 tons of agricultural products, 1,100,000 of animal products, 1,000,000 of lumber, 1,700,000 of manufactured articles, 600,000 of merchandise and 500,000 of miscellaneous stuff. The most important items are in order named: Bituminous coal, wheat, live stock, lumber, stone and sand, merchandise, corn, ores, fruits and vegetables, cement and brick, flour and cotton.

### A Violent Attack of Croup Cured.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by all druggists.

### WELLS DENIES IT.

Santa Fe Not Trying to Acquire Los Angeles Traction Company.

### HE STRUCK IT RICH.

An American With No Experience But Plenty of Grit Won Out Down in Old Mexico.

According to a report in the Mexican Herald, the great success of Richard Wallace, an American, has won a fortune in the mines of Oaxaca that reads like a fairy tale, but he has \$500,000

gold for his rich Zapote mine in the Ocotlan district, and a company of capitalists have a fabulously rich mine.

The story goes that Wallace went down into Mexico not very long ago with a capital of \$30,000, and with American pluck put it into the Zapote mine. He knew nothing of mining and was made light of by the miners for his plans and lack of judgment.

He set to work in earnest, but as he sunk on the mine he had nothing but indications to go on. His money went gradually with each day and no bonanza. He was down to his last dollar and the last day's work that he was able to do. It looked as though luck was against him, and he was "broke."

The last dollar's worth of work at the end of the last day, however, brought forth a chunk of the white metal. The bonanza of the Zapote mine had been struck and it was a bonanza sure enough.

Mr. Wallace did no more. He sold the property to a company of American capitalists a short time ago for the sum mentioned and left for the United States.

### INCIDENTS OF THE WAR.

Interesting Features of the Recent G. A. R. Encampment.

A telegram from Washington to the St. Louis Globe-Democrat has the following regarding Gen. E. A. Carr, and will be read with interest by his many New Mexico friends:

One of the most interesting features of the G. A. R. encampment to the old soldier are the anecdotes and personal incidents of the war. At the reunion of the Thirteenth army corps in Sherman tent, October 9, Gen. Eugene A. Carr of the regular army was made chairman. In introducing the first speaker, ex-Gov. Joseph Fifer, of Illinois, and now a member of the interstate commerce commission, General Carr said:

"Private Joe needs no introduction. The old soldiers know him. He belonged to the Thirty-third Illinois, called the 'normal school regiment,' and they started out as a regiment of school teachers. Charles P. Hovey was the principal of the school and became the first colonel. He was a typ-

ical scholar. Lippincott was lieutenant colonel, and afterwards secretary of state of Illinois, but there were not enough school teachers to fill up the regiment and they had to recruit from others not quite so learned. 'Private Joe' will now make his speech, and you can judge from which class he came." Time may have silvered "Private Joe's" hair, but time has made no impression on his energy or his splendid vigor. His wonderful eloquence thrilled his hearers, and it was decided by the audience that Private Joe was a whole school house of teachers combined.

Next on the program to speak was General Carr, and after he had related the many deeds of the gallant Thirteenth corps, he noticed in the audience Sergeant Rowley of the First infantry, and began to remember campaigns in Texas before the war.

General Carr said: "Sergeant, do you remember the two bear cubs we had that time we started out from Fort Cobb?"

Sergeant Rowley, blushing like sweet sixteen, stood up and said: "Yes, general, I don't know what became of them." Whereupon, another old soldier in the audience spoke out and said: "Well, I know, when they came back to the post, they ate up all my sugar."

The soldiers of the old army are fond of greeting Gen. Eugene Carr. He has always been their friend. When Frederic Remington visited General Carr's camp at Pine Ridge, he said: "I was well entertained and taken care of. General Carr is an accomplished soldier and a cultured gentleman, but his whole mind is absorbed in 'bacon and forage'—meat for his men, hay for his horses."

General Carr marched with his post, Ransom of St. Louis, parade day. He is one of their medal of honor men, and they gave him three cheers when he left the ranks. The regular army sent no better soldier to the civil war than General Carr. The Thirteenth elected him president of their corps for the ensuing year.

Ransom post and the Missouri commandery attracted attention parade day by their marching, uniform and splendid band. They may have been "old soldiers," but they have not forgotten how to appear on parade, and may they live long and prosper, and let us see them all again in 1903 in the city by the Golden Gate.
