ALBUQUERQUE, NEW MEXICO, MONDAY AFTERNOON, NOVEMBER 3, 1902

NUMBER 292

## THE DAY BEFORE

### Big Republican Meeting Here Tonight.

#### DELEGATE RODEY'S FINE CAMPAIGN

Campaign Lie Against F. A. Hubbell That He Wants a "Divvy."

#### RODEY, STATEHOOD AND PROGRESS.

The republicans of Albuquerque will hold a rousing meeting tonight at the corner of Second street and Railroad avenue. Half a dozen well known orators will address the meeting. Everybody in the city invited to come out and hear the orators.

#### Villainous Lie.

One of the dirtiest political lies ever put afloat by a political lying committee, is that story which has been manufactured and circulated by the democratic managers in this county in which they tell the people of Albuquerque and of Bernalillo county that a number of the men on the republican county ticket have agreed to divide their salaries with Chairman F. A. Hubbell, in consideration of their nominations.

There is no probability that any number of intelligent persons would believe a lie as thin and dirty as this, but it serves to show the desperate straits to which the so-called democratic managers have been reduced in their attempts to manage the remains of the democratic party in this county.

The men on the republican ticket are all well known reputable citizens of the county, who would treat with contempt and suggestion of this character, while Mr. Hubbell's reputation, not only in his own county, but throughout the territory of New Mexico, is amply sufficient of itself to render such a story supremely preposterous. But lest a few voters who are unacquainted with the parties might be led to give some credence to the matter The Citizen brands the statement as a malicious and contemptible lie, manufactured out of whole cloth, without a shadow of foundation in truth.

#### Short Notes.

Hon. B. S. Rodey, who was at San Marcial yesterday, came in from the south this morning and left on the flyer for Gallup, where he addresses the voters of McKinley county tonight. Hon. Thomas Hughes, candidate for the territorial council, is now at Gallup.

The dirtiest lie of the campaign is that one which says the county officers have to divide their salaries with Chairman Hubbell.

That democratic roorback about republican county officers dividing their salaries with Chairman Hubbell is not only without truth but without sense.

The republicans will hold a grand rally tonight at the corner of Second street and Railroad avenue. Hon. W. B. Childers and others will speak.

During the past week the republicans held rousing meetings at all the river towns. It is safe to say that they will return a solid vote for the republican ticket, from top to bottom.

Hon. W. B. Childers, the United States attorney for New Mexico, was one of the republican speakers at the Raton rally last Friday night. It was a big meeting.

At tonight's republican meeting, corner of Railroad avenue and Second street, the orators will be Hon. T. B. Catron, of Santa Fe; Hon. W. B. Childers, Hon. F. A. Hubbell and Col. E. W. Dobson.

Delegate Rodey says that the sentiment among the democrats in the southern and southeastern part of the territory is so great that he expects enough of them to vote for him to carry the southern counties. The delegate in every one of his speeches pointed out the fact that partisanship can have no effect in a territory. Many democrats said to him, "Rodey, we will vote for you because we want statehood, but we will give your party a fight for its money in the first state election."

Democratic voters of New Mexico, if you think more of paying a sentimental compliment to Mr. Ferguson by voting for him than you do of voting for statehood and helping create the great state of New Mexico, of which your sons may yet be governors, or which they may yet represent in the congress of the United States, then it is your duty to do so, but you are poor patriots. The way Delegate Rodey

puts it is that "the democratic party in congress is in a minority; it cannot pass an act to even buy a paper of pins, therefore all our favors must come from the republican party. If New Mexico is your home, then now is your time to strike for your alter and your fires," and vote for Delegate Rodey at this election.

The Las Vegas Optic last Friday published an article stating that United States Marshal C. M. Foraker was flooding Mora county with deputy sheriffs. Marshal Foraker was seen this morning and emphatically denied the truthfulness of the report.

#### McKeehan's Promotion.

Although the appointment of Fred. B. McKeehan as Chinese inspector of Arizona and New Mexico was made more than two weeks ago, it was safely kept a secret until today. The new position is an advancement over the gentleman's present position as Chief deputy United States marshal to C. M. Foraker, and he is to be congratulated. Mr. McKeehan has tendered his resignation in the marshal's office and will leave the latter part of the week for his headquarters at Nogales, Ariz., to take up the duties of his office. Mr. and Mrs. McKeehan's departure from the city will be regretted by a large number of friends. Marshal Foraker has not appointed a successor to Mr. McKeehan.

#### CENTRAL LABOR UNION.

Trades People Have Decided to Organize Assembly.

#### HARMONIOUS MEETING YESTERDAY

Pursuant to a call issued during the past week in the neighborhood of 125 union men and those desiring to assemble at Odd Fellow's hall yesterday afternoon for the purpose of organizing a central labor body. Among those represented were the cigarmakers, printers, carpenters, horseshoers, painters and paper hangers, brick and stone masons, barbers, linemen and various other trades.

The meeting was organized with R. P. Massey, of the cigarmakers', as temporary chairman, and Harman H. Wynkoop, of the Typographical union, as temporary secretary.

The chairman announced that the purpose of the meeting was to discuss plans for the organization of a central labor body and called for a discussion. A large number of the union men gave their views on the project, all of them favoring the movement. It was pointed out that with a well organized central body the strength of the individual unions would be materially increased and the general position of organized labor made more secure.

On motion it was ordered that each union now in existence and those who are organizing and expect their charters soon elect three delegates each and notify the temporary secretary, who will meet with the temporary president and select a date for a meeting of the delegates, who will organize the central body, adopt a name, draw up resolutions and by laws and elect permanent officers. Thereafter a regular date will be selected for meetings and, it is hoped, everything will work smoothly. After a time the organization will incorporate and become a member of the American Federation of Labor. It is the first movement of the kind ever attempted in this territory and the promoters feel fully repaid for their efforts in the attendance and enthusiasm displayed yesterday.

Immediately after adjournment was taken the carpenters held a meeting and effected a permanent organization with forty members on their rolls. The blacksmiths will receive their charter in a few days and the painters, paper hangers and decorators will also receive theirs soon. The barbers are making strenuous efforts to organize.

The meeting of the delegates from the various unions to organize the assembly will be held about the first of the coming month. Announcement of the day and date will be made in the daily press.

#### All Miners oWrking.

Wilkesbarre, Nov. 3.—All the mines in the Wyoming and Lackawanna regions are working with increased forces of men today and the output of coal for the day will be the largest since mining was resumed. President Mitchell has completed the task of collecting statistics and other matters of information for the investigating commissioners and all of it is now in the hands of the recorder of the commissioner. President Mitchell's legal advisers think that a very strong case has been made for the miners.

Mrs. L. C. Sadler, of Joplin, Mo., is here on a visit to her parents, Mr. and Mrs. C. W. Kunz.

## STATE ELECTIONS

### Both Sides Claiming the State of New York.

#### LITTLE INTEREST IN NEBRASKA

Both Parties Confident in California and Indiana.

#### THE COLORADO CASE.

New York, Nov. 3.—Both sides are claiming tomorrow's election from 1,000 to 5,000. Tammany Hall claims the city for Bird Coler by 112,000. The republicans concede 62,000.

#### Kansas.

Topeka, Kan., Nov. 3.—Interest in the election tomorrow is largely confined to legislative and congressional contests. Fusionists are making a strong effort to re-elect Senator Harris.

#### Missouri.

St. Louis, Nov. 3.—Managers of the leading parties both predict success in tomorrow's election. Complexion of the legislature which elects a successor to Senator Vest seems doubtful.

#### Ohio.

Cincinnati, Nov. 3.—Only minor state officers are to be elected in this state tomorrow and the only interest is the possible bearing of the election of a successor to Senator Hanna next year.

#### Nebraska.

Lincoln, Nov. 3.—Both parties are apathetic and the result of tomorrow's election will depend on which is the most successful in getting voters out.

#### Illinois.

Chicago, Nov. 3.—Illinois elects minor state officers and congressmen. The republicans claim sixteen, if not eighteen, of twenty-five congressmen, while the democrats are sure of twelve, if not more.

#### Pennsylvania.

Philadelphia, Nov. 3.—Indications point to the election of the republican governor and state ticket by reduced majorities.

#### Massachusetts.

Boston, Nov. 3.—There is little doubt but the state will give the republican state ticket approximately 5,000 pluralities.

#### Indiana.

Indianapolis, Nov. 3.—Both sides are claiming the state. The democrats say they are sure of the election of a successor to Senator Fairbanks.

#### Texas.

Dallas, Nov. 3.—Indications point to the election of the entire democratic state ticket and all democratic congressional candidates tomorrow. Republicans are concentrating in the Fifteenth district in an effort to elect the congressman.

#### Maryland.

Baltimore, Nov. 3.—Conservative non-partisan estimates are that the republicans will elect four and the democrats two congressmen. The present representation of this state is all republicans.

#### Colorado.

Denver, Nov. 3.—The democrats today decided to not press the appeal to the supreme court of Judge Johnson's injunction prohibiting County Clerk Achela from certifying to some 1,800 said to be illegally registered. A number of these names were shown to be genuine and the county clerk decided to certify nearly the whole list. The case may come up in the supreme court after the election in some other form. Judge Johnson has not decided whether to take cognizance of partial disobedience of his injunction by the county clerk.

#### California.

San Francisco, Nov. 3.—Both republicans and democrats are confident of winning tomorrow. Democrats claim a plurality of 12,000 and the republicans 14,000.

#### Utah.

Salt Lake, Nov. 3.—The republicans claim 3,500 plurality in the legislature. The democrats also claim a victory, but don't quote figures.

#### Another Foot Ball Team.

Another foot ball team, known as the Matson Athletics, has been organized. The line-up is drawn from some of the pigskin chasers of the university, high school and some of the boys

around town. They will practice to-night for the first time. The Athletics, as far as can be learned, are Ward Anderson, Bowler, Holman, Strong, Cannon, Dean, George Cole, Kuckebacher, Myers, Bearup, Strumquist and Pratt.

Complete organization has not yet been effected, but will soon be completed as a permanent organization. The university foot ball team into which so much energy and enthusiasm was first placed, did not materialize, and the Athletics sprung from the foot ball players who are ever on the alert for improvement and bettering of the team material.

M. J. McAtee and wife are still located at Deming, where Mr. McAtee has several contracts for buildings. As soon as the contracts are completed, they will again take up their residence in El Paso. In a letter to The Citizen, they wish to be remembered to their many Albuquerque friends.

#### INTERESTING FORGER.

Claims That His Mind Has Been a Blank for Weeks.

#### NO MEMORY OF FORGERY.

The check forger, who created considerable excitement here during the last week by his clever handling of checks, which he succeeded in having cashed, is developing into an interesting character. The evidence in his trial before Judge Crawford that he was bound over to the grand jury.

When arrested he gave the name of Myers, but the news of his capture reached Denver and other cities, and the Pinkertons began to investigate the case, thinking that the present forgeries in Denver might be the work of the same man. The man's record was looked up and Marshall McMullin was informed that the prisoner's name was W. L. Denning, alias Strong, and alias Myers. It was stated that his people are very prominent in Colorado and in good standing in the community in which they live. The most interesting part of the affair was revealed yesterday when Marshall McMullin held a conference with the young man in his cell at the county jail.

Denning's appearance and good manners give evidence of cultured surroundings and proper training. The story he told the marshal Saturday was a case of lost memory. He stated that all that had transpired from the hour he left Denver until he found himself in jail here was a blank. He had no memory of coming here or handling checks. It is to be presumed that if he has not lost his memory of all that elapsed he is willing to. The evidence against him is considered overwhelmingly strong and he will no doubt serve some years for his offense. To what influence this remarkable condition was not made known.

#### MILLS MACHINERY.

President Bearup Has Received Some Equipment for His Enterprise.

#### ALBUQUERQUE WOOLEN MILLS.

J. H. Bearup, president and the chief promoter of the Albuquerque Woolen mills, who has been spending some weeks in the east buying machinery and the equipment for the new mills, is expected home the latter part of this week. The building, or home of the new mills, which is to be three stories when completed, is growing rapidly. The first story is finished, and a large force of mechanics are busily engaged with hammer and saw, pushing the other stories of the building toward completion.

Several cars of machinery have arrived and are being unloaded in the local yards. The remainder, twenty cars in all, is on the road and will be here about the middle of the week. The machinery will be moved to the plant and placed in position immediately.

The new mills are expected to be in operation by the first of February, and it is a foregone conclusion that they will be run with skill and as successfully as the Albuquerque Wool Scouring mills, of which Mr. Bearup is also president.

This is one of the few manufacturing institutions that have been started in Albuquerque that the builders or promoters have not asked a bonus of the city. Mr. Bearup and his colleagues are to be praised and commended for the good work they are engaged in, and the benefit the city of Albuquerque is deriving from their institutions.

## POSTOFFICE SITE

### Lots on Gold Avenue Approved by Department.

#### DISPOSAL OF PUBLIC LANDS

Ladrones of the Philippines Murder School Superintendent.

#### ILLINOIS CATTLE QUARANTINE.

Washington, D. C., Nov. 3.—G. L. Brooks, Albuquerque, N. M.: Your site was recommended but report disapproved by the department and the Johnson's proposal accepted.

#### W. D. WINDOM.

The sender of the above dispatch is the assistant supervising architect, who was here the latter part of September. It was known by a few, that Mr. Windom favored the site directly opposite O. W. Strong & Sons' store on North Second street and they were confident that his recommendations would be approved. Such, however, was not the case, for when an extension of time was granted the Gold avenue advocates added two more lots to their proposed site and the news is now flashed from Washington that they won out. The Johnson proposal constitutes eight lots in all, located on West Gold Avenue directly opposite the Commercial club. Six lots belong to W. B. Childers, E. W. Dobson and F. H. Kent jointly, and two lots to J. C. Baldridge.

#### LANDS.

Commissioner Hermann Report on the Sale of Government Lands.

Washington, Nov. 3.—The annual report of Binger Hermann, commissioner of the general land office, shows public land disposed of by the government during the year aggregated 19,488,535 acres, an increase of 3,925,739 acres over the previous year. Of the aggregate 1,757,793 acres were sold for cash, 17,614,792 acres were embraced in miscellaneous entries and the remainder were Indian lands.

#### SCHOOL TEACHER MURDERED.

Ladrones of the Philippines Kill a School Superintendent.

Manila, Nov. 3.—D. C. Montgomery, superintendent of schools in Oriental Negros, was murdered Friday by Ladrones, three miles from Bacolon. Montgomery was going to Bacolon for consultation with the retiring superintendent and to assume control of the division. He had a large sum of money with him. Six natives armed with bolos and spears attacked the superintendent, quickly killed him and then mutilated and robbed him. The constabulary offered a reward for the murderers, and it is thought they will be captured. The robbery is understood to have been the motive for the crime. This is the first instance of a teacher in the Philippine islands being harmed while being in charge of his duty.

#### Cattle Quarantine.

Springfield, Ill., Oct. 3.—A proclamation has been issued by the governor, in accordance with an order issued from the department of agriculture at Washington, amending the order providing for the exclusion from the state of Illinois cattle from the states of Virginia, North Carolina, Tennessee, Missouri, Kansas, Texas and Arizona from February 1 to November 15 each year, so as to provide for admission of such cattle after November 1.

#### HAVE COME AND GONE.

The All Star Base Ball Players Now in El Paso.

The much heralded all star ball game was played last Saturday amid a terrific wind and small sized-sand storm.

It was impossible for the players of national repute to give an exhibition of fine points. The score was 4 to 2 in favor of the Americans was good considering the unfavorable conditions. The players displayed their feelings of the disagreeable weather by playing fast and without the usual discretion usually shown.

The outfielders were playing in positions to suit the wind, and it could safely be called a weather game.

The balls that came in the outfield made all kinds of fancy curves, a right

fielder getting all the left and center fielder's balls.

The pitchers, Joss and Chesbro, who usually pitch faultless games, had to stand for the large number of balls thrown.

The game would undoubtedly have been all that we expected had we been favored by good weather.

A large number left before the second inning had been played and by the ninth inning very few people remained.

#### In Favor of Strikers.

Trinidad, Nov. 3.—A message received at the office of Broadhead mine this afternoon announcing the Colorado & Southern had granted the Broadhead property the same rate of freight as paid in Walsenburg field and the strike is practically settled in favor of the strikers. A meeting will be held this afternoon and the men will return to work in the morning on the rate they demanded—50 cents for 2,000 pounds of coal.

The funeral of Dr. Bartlett Gilbert, which took place from the residence on North Sixth street yesterday afternoon was largely attended. The funeral was under the auspices of the Masonic lodge, who attended in a body. Rev. F. V. Fisher, of the Lead Avenue Methodist Episcopal church officiated.

#### FIRE AT CITY JAIL.

Hoboes and Drunks in Danger of Cremation.

#### FLAMES FINALLY EXTINGUISHED.

A yelling aggregation of hoboes and common drunks sounded an alarm of fire at the city prison about 5 o'clock this morning which put to shame the shrill mocking bird whistle.

The fire boys were awakened by yelling and screaming that would raise the hair of the dead, but being accustomed to hearing such clamor in the jail, when several hilarious drunks were thrown in, they at first did not pay much attention to the sounds issuing from the cage. However, the yells reached such a high pitch, that the firemen made an investigation and found that the floor in the reception room was on fire. They discovered that their key to the jail had been borrowed and never returned. Not willing to be thwarted in their duty, and to hunt up a police for a key meant unwilling death to a lot of imprisoned men. So running a hose through a side window to the frightened prisoners soon had the fire out. Although they were working under great difficulties, having to play the hose through the small cell doors, they were not long in throwing water over the entire floor. By this time a key had been secured and the firemen with their axes chopped into the floor destroying all evidences of fire. The blaze springing up at such an untimely hour has disturbed the peaceful dreams of several hoboes and a few common drunks were made sober, which was a very unnatural condition. They were frantic and terrified when they first saw the small blue flames issuing from the floors, and gave vent to their feelings by yells and screams until the deadly enemy had been destroyed.

Many a long unused prayer floated heavenward and many a good resolution was hastily made, only to be broken after the judge pronounced the sentence this morning.

The fire is supposed to have originated from the hot coals dropping out on the floor. It was most fortunate for the unfortunate that the fire department was so near at hand.

#### POLICE COURT.

Saturday night and Sunday gave an opportunity for a large collection of peculiar human specimens to be arraigned before the police judge this morning.

Frederick Hutchinson was thrown in Saturday night for disturbing the peace at a dance. He is a constant source of trouble on Saturday night and his methods of celebrating are bullying and testifying. Fifteen days of quiet living was the prize he drew this morning.

Drunk and asleep on the street was the charge against Ed Van Houghton. Ten days on the streets was the result of his appearance.

James Logan, J. C. Hall and Will Hart, a dilapidated colored gentleman, were each given ten days on the streets for vagrancy.

Charles Colton and Arthur Morgan, neither of whom could give a good account of themselves, were each given ten days on the streets.

The city council will convene in regular session at the city hall tonight.

## THE COMMISSION

### They are Still at Work Among the Mines.

#### A WEALTHY INDIAN ROBBED

President Roosevelt Has Left Washington for New York.

#### CORBETT-RICE FIGHT OFF.

Hazleton, Pa., Nov. 3.—The anthracite coal strike commission arrived in Lehigh valley region from Scranton today. The commission spent the night and ate breakfast in their special train. The program for today was an extensive one and was made up as follows: to cover the entire Hazleton region. The greater part of the territory was viewed from the special train. Upper Lehigh, Sandy Run, Highland, Freeland and Jeddoh, the latter place the home of John Markle, the individual mine operator, were visited, and the train was then run to Abertown, Latimer, Milnesville and into Hazleton. The visit to one of the mines took up the time until 3 noon.

This afternoon South Side will be gone over by the commission and it is probable tomorrow will find the arbitrators in Panther Valley.

#### WEALTHY INDIAN ROBBED.

White Men Get a Good Sum of Money and Escape.

Miasoula, Nov. 3.—News of a sensational robbery has just been received here. A wealthy Methuen Indian, named Mitchell, was robbed Saturday night of \$22,000 in cash, the money being in \$100 bills and \$20 gold pieces. A white man dressed as a squaw visited the home of Mitchell on Camas prairie and engaged Mitchell's squaw in conversation. She noticed he was a white man but had no suspicion of anything wrong till she saw two other men run from an outbuilding carrying something with them. With the third man all jumped on horses and disappeared. The alarm was given and a score of young Indians are now trying to locate the robbers, but so far unsuccessfully.

#### PRESIDENT ROOSEVELT.

Reached Washington from Virginia and Then Left for New York.

Brandy, Va., Nov. 3.—The special train bearing President Roosevelt and party left here at 9:30 a. m. for Washington. The party arrived at the train in carriages from the home of Representative Rixey soon after 9 o'clock. The president is in excellent health and spirits, having enjoyed the outing greatly. On the station platform after the arrival, the president held an informal reception, many residents of Brandy and vicinity embracing the opportunity to meet and shake hands with him.

Washington, Nov. 3.—President Roosevelt arrived here from his trip to Virginia at 11:15 o'clock this forenoon and at 11:45 left for New York.

#### Pugilist Bound Over.

Waterbury, Conn., Nov. 3.—Austin Rice, pugilist, who was arrested Saturday on alleging intent to break the peace by engaging in a boxing match with "Young" Corbett on next Thursday night, was today bound over under \$100 bonds to keep the peace.

Later William L. Crowley, of Hartford, manager of the proposed exhibition, announced the Corbett-Rice bout and preliminary bouts were off.

#### DEPRAVED SOCIETY DUDES.

London Excited Over Immoral Acts of Her Society Men.

London, Nov. 3.—The excitement of yesterday over the reported flight of Peer to the continent was heightened today by the announcement that a well known society man, Bernard Frazer, had been sentenced at Norwich assizes to ten years penal servitude. With him was also sentenced Arthur Thorold, son of a clergyman, connected, as is Frazer, with one of the oldest and proudest families in the United Kingdom. The prisoners are charged with carrying on a regular campaign to deprave the morals of youths all over the country.

Dr. G. W. Harrison was a passenger for Bernalillo this morning. He will remain over until tomorrow when he will return.

EDWARD ELLSWORTH.The democrats have made no cam-  
paign in this county.Santa Fe county will give Delegate  
Rodey about 500 majority.Fergusson will be badly beaten to-  
morrow in his home precinct.If a full vote is gotten out this city  
will cast 1,800 ballots tomorrow.Reliable Rio Arriba county is good  
for 600 republican majority tomorrow.Vote the republican ticket and help  
the city of Albuquerque and the whole  
territory.See to it that the flag is at the head  
of your ticket, and that it is not tam-  
pered with in any way.The McKinley County Republican  
has made a splendid fight for the  
whole republican ticket in that county.Socorro will benefit every interest in  
that town and county by giving the  
straight republican ticket a big ma-  
jority.The republicans of San Miguel coun-  
ty have made a grand fight, and every  
man on the county ticket deserves  
election.Delegate Fergusson served two years  
in congress. In that time he served  
in the long session, in an extra session  
as you will all remember, and in the  
short session. In all, three full ses-  
sions of congress, and at that time

passed but one really good bill—his  
land bill—and that he did by the aid  
of republicans. Delegate Rodey has  
served as yet but one session, the long  
one, and has the short session of his  
term yet to serve, and has many bills  
of benefit to the territory through the  
house and on the senate calendar  
ready for passage at the short session.  
His work on the statehood bill, which  
Delegate Fergusson failed to even get  
reported, and his work on the irriga-  
tion bill, which is now a law; his work  
on the bill to permit our citizens to  
mine on land grants, which will pass  
at the short session; his passage of the  
Indian war pension bill, and his gen-  
eral advertising of the territory, en-  
titles him to the gratitude of every vot-  
er of New Mexico. Vote for Rodey,  
progress and statehood.

Fall and Hawkins are almost sure to  
carry the southern counties, and if  
elected will ably represent that section  
in the territorial council.

The republicans of the territory ask  
only one pledge from Gallup. That is  
a majority for the whole republican  
ticket in McKinley county.

The people of Albuquerque consider  
Mr. Fergusson a traitor in the military  
post location matter, and will cover  
him over with Rodey ballots tomor-  
row.

The Citizen has made a careful can-  
vass of each precinct in Bernalillo  
county, and confidently predicts that  
Mr. Rodey's majority in this county  
will reach 3,000.

Delegate Rodey spent the Sabbath  
at Socorro and went to Gallup this  
morning. He will speak at that town  
this evening and will return to this  
city tomorrow morning.

The Afro-Americans of New Mexico  
are to a man for Mr. Rodey and the  
republican ticket. They deserve sub-  
stantial recognition at the hands of the  
republicans of the territory.

There was a rousing republican  
meeting at Bernalillo last evening. This  
is the home of Esclavio Vigil, the popu-  
lar republican candidate for school su-  
perintendent, and Bernalillo will give the  
whole republican ticket a big majority.

The republicans are closing an ac-  
tive campaign in this county. There  
is scarcely any opposition anywhere in  
the county. Mr. Fergusson will be  
swamped by the largest majority for  
Rodey ever given in any county for  
any candidate in New Mexico.

The location of the territorial min-  
ers' hospital at Gallup depends on the  
vote of the two precincts of that town  
tomorrow. If the town goes democra-  
tic it will be notice to the republican  
delegation of Albuquerque that Gallup  
does not want their help at Santa Fe.

McKinley county certainly cannot  
afford to desert its best friend. The  
Republican says: "The efforts of Hon.  
Alex. Bowie in the last legislature ob-  
tained seventy additional townships to  
McKinley county, and added by his  
efforts, \$700,000 to the assessed value  
of the county."

Delegate Rodey has lost his law  
practice for two years and it was  
worth six or seven thousand dollars a  
year to him; has spent all his salary  
and \$2,500 additional work for New  
Mexico. Don't be ungrateful now, but  
vote for him. He worked for New  
Mexico without reference to politics,  
therefore vote for him in the same  
spirit, and let him finish the grand  
work he has begun by bringing New  
Mexico in as a state.

The New Mexican says: "The democ-  
ratic campaign in Bernalillo county  
has absolutely collapsed and no one  
will be astonished, in view of this  
fact, were the republican majority  
there to go to 3,000. Rodey's election  
is sure and citizens should not throw  
their votes away by voting for his op-  
ponent, as it is plain and a fact that  
the larger the republican majority for  
delegate, for the legislature and for  
the several county tickets, the better  
it will be for the political prospects of  
the territory."

Don't think for a single moment  
that all the newspaper advertising  
New Mexico has received during the  
last year, including the two great car-  
toons in Puck, and the great number  
of editorials favoring New Mexico, in  
all the metropolitan papers and the  
papers of the nation, came by accident.  
They didn't. They are work of our de-  
legate. Don't think, either, that all the  
resolutions of the different associa-  
tions, municipalities, societies, organ-  
izations, boards of trades, etc., favor-  
ing New Mexico came to us by ac-  
cident. They didn't. They were the  
work of Delegate Rodey. In fact the  
advertising the delegate gave the ter-  
ritory has been worth ten times the  
amount of his salary to our people, and  
the territory is feeling the benefit of  
it now in the way of increased immi-

gration. Voters, it's up to you now.  
Don't turn down a man who did all of  
that for us.

Every coal miner in New Mexico  
should vote for Delegate Rodey be-  
cause of the law he got passed at the  
last congress increasing the quantity  
of air that must be put in mines for  
their use from thirty-five to eight-five  
cubic feet per minute, and obliging ev-  
ery mine owner to sprinkle every room  
and entry daily to keep down coal dust  
and explosions. This act is the great-  
est blessing ever conferred upon a  
miner in a territory, so vote for the  
man that got that act passed for you  
miners.

Delegate Rodey makes the point that  
it is useless to talk national issues in  
a territory; that trusts, strikes, tariffs  
and all such national things cut no fig-  
ure in a territory, save in the effect  
they can have upon us; that our votes  
cannot change them. Therefore we  
can have nothing to do with them and  
that we might as well be over in Eng-  
land talking politics as to talk them in  
a territory until after we become a  
state. Republican policies have been a  
blessing to this nation, but the peo-  
ple of the territories can only thank  
the national republicans for such bless-  
ings. They cannot vote in favor of  
them or against them until they be-  
come a state.

## THE LABOR VOTE.

There is no "labor vote," as such, in  
New Mexico, or elsewhere in the United  
States. A constant effort is made  
during every campaign to make it ap-  
pear that there is such a "vote," but  
every man of sense knows that in a  
country where all men are workers  
there cannot be a division on the lines  
of labor. We are either republicans,  
democrats, populists, or the members  
of some other party in this country,  
and it is upon party lines that men di-  
vide, if they divide at all. All this talk  
about the "labor vote" is mere rot. The  
man who works may be depended upon  
this fall to cast his ballot for the party  
that gives work to do; as we are all  
workers of one kind or another, this  
means a big republican victory.

A. Morelli was the name of the man  
fined \$10 for maintaining a nuisance in  
the rear of the Los Angeles lodging  
house, instead of O'Reilly, as published  
yesterday. There had been several  
complaints from neighbors and differ-  
ent parties. The police are keeping a  
close watch on the place, and if it is  
not cleaned up another fine will be im-  
posed.

The Best Remedy for Diarrhoea.  
"Some years ago, while at Martins-  
burg, W. V., I was taken with cholera  
morbus, which was followed by diar-  
rhoea. The doctor's medicine did me  
no good. I was advised to get a bot-  
tle of Chamberlain's Colic, Cholera  
and Diarrhoea Remedy, which I did,  
and it cured me sound and well. G. A.

Battle of Flowers.  
Tucson, A. T., Nov. 1.—The fiesta  
season is up in Sonora. One of the  
greatest of these is to be the carnival  
at Guaymas, on which work has been  
started already, with the expectation  
of having the most gorgeous affair  
ever known in Mexico. One of the  
features is to be a battle of flowers,  
much on the style of the Roman car-  
nival, participated in by the townspeople  
and visitors generally.

Jumped on a Ten Penny Nail.  
The little daughter of J. N. Powell  
jumped on an inverted rake made of  
ten penny nails, and thrust one nail en-  
tirely through her foot and a second  
one half way through. Chamberlain's  
Pain Balm was promptly applied and  
five minutes later the pain had disap-  
peared and no more suffering was ex-  
perienced. In three days the child was  
wearing her shoe as usual and with  
absolutely no discomfort. Mr. Powell is  
a well known merchant of Forkland,  
Va. Pain Balm is an antiseptic and  
heals such injuries without maturation  
and in one-third the time required by  
the usual treatment. For sale by all  
druggists.

No one heard the shots and there is absolutely no clue.

It is the general sentiment around town that Delegate Rodey's speech last night was next to unanswerable by the democrats. He straddled nothing but was frank and open on all questions. He was kind to his opponent, but showed explicitly that Mr. Ferguson had presented three bills to congress for the location of a post at Albuquerque, in addition to which he helped Rodey on his bill. If Ferguson presented three bills and Mr. Rodey one, who did the most work for the post going to Albuquerque? It is Holson's choice, so vote for statehood and the only man who can get statehood, Mr. Rodey.

Delegate B. S. Rodey and W. E. Martin, his popular interpreter, accompanied by Hons. Charles A. Spiess and J. S. Duncan, on the belated No. 1 this afternoon for San Miguel, where they held a big meeting last night.

Mr. and Mrs. W. G. Haydon returned Friday evening from their stay in Missouri, where they visited their old home, and Mr. Haydon told about the hopeless condition of the democratic party and its Missouri disciples in New Mexico.

W. B. Twitchell shipped a complete mining outfit to his property near Glorieta, and went down today to push development work on his prospects, which he thinks are unusually fine.

Mrs. Joshua Reynolds gave a most delightful party to fifty of her lady friends Friday afternoon, at her beautiful home on National avenue. Six-handed euchre was the game played and there were five prize winners. Mrs. J. A. LaRue took the first prize, Miss Jennette Richley the second, Mrs. E. B. Shaw the third, and Mrs. Howell Givens the fourth. Mrs. William J. Mills was the consolation winner. Delicious refreshments were served and the decorations were yellow, the flowers being chrysanthemums.

Mr. and Mrs. L. J. Marcus and Mrs. J. Linde left Saturday afternoon on No. 2 for Trinidad to attend the wedding of Miss Ethel Moses, known here, to Joseph Brackman, of New York city. The wedding will take place Wednesday and promises to be quite a social event.

Donald Browne, a son of E. L. Browne, had the misfortune Friday to get his left arm broken just below the elbow. Since Buffalo Bill was here the boys have been playing at lassoing. Yesterday a large boy roped young Browne, and in falling he struck his elbow on a rock, snapping it. This sport is too rough for even young Americans, and should be forbidden at school, where it is practiced daily.

The Halloween social Friday night, given by the young men of the Normal to the young ladies and the faculty, was a most pronounced success. The mandolin club furnished music, and ping pong and crockinole, furnished amusements. The hall was decorated with the Normal colors, and a large crowd was present. Sherbet and cake were served, as refreshments and a merry time was spent.

Thomas Burke, general chairman of the grievance committee of the Brotherhood of Locomotive Firemen, was here Friday in consultation with the local lodge to see if everything is all right and if the boys have any complaint to present at the general meeting to be held at Topeka, November 10. The boys are satisfied here, and except a few frivolous kicks, they have no grievance. Mr. Burke makes a trip over the lines every two months and lives in St. Joe.

Mrs. Taylor Storm, whose husband is employed at C. D. Boucher's arrived last night from Edna, Kansas, and will make her home here.

J. D. W. Veeder and E. C. de Baca went down to San Miguel yesterday evening to try and win a few of the votes back Delegate Rodey took there Saturday night from the democrats.

Charles Doll left yesterday evening for Santa Fe to look at an offer made him there by Cartwright, the grocer. He will return if the outlook is not favorable and make a business deal here. He was formerly with Stearns.

Charles Lewis, who has been sick since the middle of last September, is now convalescent.

J. N. Jameson, the Santa Fe painter, left yesterday afternoon for Arton.

Hon. Jerry Leahy passed through here yesterday afternoon en route home to Raton from a trip to Albuquerque.

## JUDGE A. B. FALL

Thinks There Should be Less Partisanship and More Statesmanship.

### BELIEVES IN EXPANSION.

A few days ago Judge A. B. Fall, with Governor Otero and W. A. Hawkins, appeared before a Silver City audience. Both Messrs. Fall and Hawkins are candidates for the legislative council. The following extract of Judge Fall's speech will prove interesting reading:

Mr. Chairman, Ladies, Gentlemen and Fellow Citizens of Grant County:—I have come before you often in the past as a county, and have asked votes of democrats. Heretofore I have stood flat-footed upon the democratic platform. I was born a democrat. I was born in the great state of Kentucky. I knew nothing but democracy from my cradle to the time I cast my first vote. As I have grown older, fellow citizens, I have come to believe that partisanship is not so much. I am not a Wellington republican—I am a John T. Morgan democrat. I believe in the greatness of this country. I am not for Mr. Bryan, and I believe that Theodore Roosevelt is one of the grandest men this country has ever produced. (Applause.) I believe in expansion and the retention of the Philippines. If expansion is not democratic, then Thomas Jefferson was not a democrat. If expansion was not democratic, what are we doing here in New Mexico today, and why is this country not the original thirteen colonies? The democratic party has invariably favored expansion up until Mr. Bryan nearly defeated it. I say that I am in favor of expansion; I am in favor of the retention of the Philippines and the building of the Nicaragua canal.

Honest, old Dave Culbertson, upon being asked what he thought of this question of expansion and retention replied: "Why, darn it, we've already expended."

The people of the United States realize that we have already expanded. Who is the democrat that, if Mr. Dewey had sailed away from Manila, would have been willing to have born the shame and disgrace of taking down

**COURTING DANGER**  
It is courting danger to stand under icy eaves. Not a few have learned this to their cost. Every winter injury and even death are reported as the result of this carelessness. But there is a far more popular way of courting danger. Every man or woman who neglects a cough is inviting sickness, and many a fatal sickness has its beginning in a slight cough.

The timely use of Dr. Pierce's Golden Medical Discovery will cure the cough. Even when the cough is obstinate and there is hemorrhage with emaciation and weakness, "Golden Medical Discovery" always helps and almost always cures.

"I was troubled with a bad cold, which settled on my lungs and left me with a miserable cough," writes Mr. Joseph D. Burns, of 311 Hucalis Street, Ithaca, New York. "I used two bottles of your 'Golden Medical Discovery,' after which my cough disappeared entirely. I cannot recommend your medicine too highly."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood, and lungs. Substitution means a little more profit to the dealer but a loss to you.

The Common Sense Medical Adviser, 1008 large pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

that day where it had once been planted? (Applause.)

The time is coming when we need a great deal less partisanship and a little more statesmanship. If being an expansionist makes me a republican, then I am a republican. I come before you not asking your votes as a republican or democrat, except in so far as statehood is concerned. Elect me, if you will, and I will discharge my duties as heretofore.

### SWIFT CANINES.

En Route to the St. Louis Coursing Meeting.

A number of running dogs passed through the city Saturday night on their way to St. Louis to contest for the American Waterloo cup, which is under supervision of the American coursing board.

The races begin on the 8th of November, which will give the dogs several days rest before the contest.

The dogs were taken from the train here and exercised up and down the platform.

Among those that have a national reputation were Great Sacramento Bird, twice winner of the John Grace cup, owned by Ed Walsh, of Sacramento; Rural Artist and Roman Athlete, both with good records, owned by J. H. Rosetter, of San Francisco; Apollo, a runner with many victories, owned by Geo. Malcolm, of San Francisco, who accompanied by the party on the trip; Black Coon, Pat Mularkey, Cloud Hunt and Charlie Trout, owned by John Shannon, of San Francisco.

The dogs were perfect beauties and for athletic qualifications they were perfect. Their muscles on the legs were prominent and hard as rocks. Great care is exercised in the shipment that they will not lose for the contest.

Considerable interest is being taken by dog fanciers in the coming event, as the entries are from good kennels and the Waterloo cup is greatly desired by all the owners of fast dogs.

### BELÉN BREVITIES.

**Special Correspondence.**  
Belen, N. M., Nov. 2.—The locating engineers, who have been working on the Santa Fe cut off for the past seven months, are now nearly through with their work. Mr. Stewart's party are nearly through at the Rio Puerco and Mr. Wallace's are within a few miles of Belen.

C. E. French, who two weeks ago started overland for Colorado, decided that New Mexico was good enough for him and returned to Belen. From here he goes to Magdalena, and then expects to put in several months on a ranch southwest from there.

H. L. Bozeman, of Leavenworth, Kan., has accepted the position of head miller, at the Belen roller mills. William Owings, the former incumbent, resigned, and family, have moved to Albuquerque.

Mr. and Mrs. John Becker yesterday celebrated the twenty-fifth anniversary of their marriage. They were recipients of some very beautiful gifts.

Carl A. Huning, a nephew of Mrs. Louis Huning, of Los Lunas, and formerly an employe of Mr. Becker, who has spent the past three years in Germany, has decided to again take up his residence in the land of sunshine. He was accompanied by his bride and arrived in Belen the latter part of the week. He takes up his old position in Mr. Becker's establishment, and their friends, both new and old, extend to them their heartiest congratulations and best wishes.

Miss Frances Graves, of Albuquerque, spent Sunday here, the guest of her sister, Miss Kathryn Graves.

## SAFE BLOWERS.

They Visit Las Vegas and Dynamite a Big Safe.

### RODEY MADE FRIENDS.

Special Correspondence.

Las Vegas, N. M., Nov. 2.—There were safe blowers in town Friday night, and the safe in the brick air-chambered vault of Browne, Manzanares & Co. bears witness to their skill. The job was certainly done by professionals, and there must have been at least three in the gang. They got nothing for their trouble, and if they had gained entrance to the safe they would have gotten only a small amount of change, some bills receivable and a few papers which would have availed them nothing.

Entrance was gained some time during the night by removing one of the panes of glass high up on the side of the rear wall, where they stood on a wagon to reach the window. Only one glass was removed, it being large enough to admit a man's body. They next drew out the staple in the iron covered fireproof door which leads from the house to the building proper, and then raised the glass window in the rear private office, admitting them to the rear of the brick vault. They had previously broken into the Las Vegas carriage works and taken some crowbars and other tools which they left behind. They brought in a large iron shaft on which were a couple of big cog wheels, which was used as a battering ram against the brick vault. Picks, hatchets and other instruments were used against the walls until an entrance large enough for a man to get his body through was made in the fire brick wall with aid chamber. Their next move was to lift the heavy safety deposit iron case off the safe and put it on the floor. Then they took liquid nitro-glycerine, which was banked in with soap, making cups around the door, to which was attached a long fuse. The shot took off the thin steel veneer of the front door, blowing off the combination attachment and knobs. A hole was drilled in the top and a second charge set off, which sprung the door and wrecked the safe, but which did not open the door. Evidently they ran out of charges then, or else were frightened away, as they were unsuccessful in getting to the inside of the safe, which was a Hall burglar proof about five feet high. The shots destroyed the safe's usefulness entirely and damaged some of the books, the

entire damage being about \$700. No one heard the shots and there is absolutely no clue.

It is the general sentiment around town that Delegate Rodey's speech last night was next to unanswerable by the democrats. He straddled nothing but was frank and open on all questions. He was kind to his opponent, but showed explicitly that Mr. Ferguson had presented three bills to congress for the location of a post at Albuquerque, in addition to which he helped Rodey on his bill. If Ferguson presented three bills and Mr. Rodey one, who did the most work for the post going to Albuquerque? It is Holson's choice, so vote for statehood and the only man who can get statehood, Mr. Rodey.

Delegate B. S. Rodey and W. E. Martin, his popular interpreter, accompanied by Hons. Charles A. Spiess and J. S. Duncan, on the belated No. 1 this afternoon for San Miguel, where they held a big meeting last night.

Mr. and Mrs. W. G. Haydon returned Friday evening from their stay in Missouri, where they visited their old home, and Mr. Haydon told about the hopeless condition of the democratic party and its Missouri disciples in New Mexico.

W. B. Twitchell shipped a complete mining outfit to his property near Glorieta, and went down today to push development work on his prospects, which he thinks are unusually fine.

Mrs. Joshua Reynolds gave a most delightful party to fifty of her lady friends Friday afternoon, at her beautiful home on National avenue. Six-handed euchre was the game played and there were five prize winners. Mrs. J. A. LaRue took the first prize, Miss Jennette Richley the second, Mrs. E. B. Shaw the third, and Mrs. Howell Givens the fourth. Mrs. William J. Mills was the consolation winner. Delicious refreshments were served and the decorations were yellow, the flowers being chrysanthemums.

Mr. and Mrs. L. J. Marcus and Mrs. J. Linde left Saturday afternoon on No. 2 for Trinidad to attend the wedding of Miss Ethel Moses, known here, to Joseph Brackman, of New York city. The wedding will take place Wednesday and promises to be quite a social event.

Donald Browne, a son of E. L. Browne, had the misfortune Friday to get his left arm broken just below the elbow. Since Buffalo Bill was here the boys have been playing at lassoing. Yesterday a large boy roped young Browne, and in falling he struck his elbow on a rock, snapping it. This sport is too rough for even young Americans, and should be forbidden at school, where it is practiced daily.

The Halloween social Friday night, given by the young men of the Normal to the young ladies and the faculty, was a most pronounced success. The mandolin club furnished music, and ping pong and crockinole, furnished amusements. The hall was decorated with the Normal colors, and a large crowd was present. Sherbet and cake were served, as refreshments and a merry time was spent.

Thomas Burke, general chairman of the grievance committee of the Brotherhood of Locomotive Firemen, was here Friday in consultation with the local lodge to see if everything is all right and if the boys have any complaint to present at the general meeting to be held at Topeka, November 10. The boys are satisfied here, and except a few frivolous kicks, they have no grievance. Mr. Burke makes a trip over the lines every two months and lives in St. Joe.

Mrs. Taylor Storm, whose husband is employed at C. D. Boucher's arrived last night from Edna, Kansas, and will make her home here.

J. D. W. Veeder and E. C. de Baca went down to San Miguel yesterday evening to try and win a few of the votes back Delegate Rodey took there Saturday night from the democrats.

Charles Doll left yesterday evening for Santa Fe to look at an offer made him there by Cartwright, the grocer. He will return if the outlook is not favorable and make a business deal here. He was formerly with Stearns.

Charles Lewis, who has been sick since the middle of last September, is now convalescent.

J. N. Jameson, the Santa Fe painter, left yesterday afternoon for Arton.

Hon. Jerry Leahy passed through here yesterday afternoon en route home to Raton from a trip to Albuquerque.

If you want a soap that will lather freely in hard water get some Lenox Soap from your grocer. There is no better hard water soap made.

# Save the Children

All stomach and bowel troubles in child or adult are due to a single cause—Indigestion. Flux, colic, cholera morbus, diarrhoea, dysentery and all complaints of like nature, are the result of undigested foods fermenting in the stomach. The only way to prevent fever and to cure such troubles without injury to the membranes lining the stomach is to restore perfect digestion.

## KODOL What You Eat

Kodol is the new discovery which cures all stomach and bowel troubles by removing the cause. This famous remedy checks fermentation, cleanses, purifies and all of the nourishment, health and strength it contains.

"Kodol Dyspepsia Cure is just the thing for dyspepsia and stomach troubles. It has helped me more than anything else in a long standing case of catarrh of the stomach."

Prepared only by E. C. DeWitt & Co., Chicago. Sold by all dealers. The favorite household remedy for coughs, colds, croup, bronchitis, gripe, throat and lung troubles. It cures J. H. O'REILLY & CO., AND B. H. BRIGGS & CO

### He Could Hardly Get Up.

P. H. Duffy of Ashley, Ill., writes, "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." Alvarado Pharmacy.

### Friend of McKinley County.

Hon. Thos. Hughes, of the Albuquerque Daily Citizen, is the nominee of the republicans of Bernalillo, and McKinley counties for member of the territorial council. Mr. Hughes has been a member of the territorial legislature for several terms and has always worked hard and faithfully for his constituents and the welfare of the entire territory. He is a true and tried friend of McKinley county, and to his ability and faithful work the people of Gallup can thank themselves that they live in a new county and not obliged to travel 150 miles two or three times a year to transact business at the county seat. In many other ways Mr. Hughes has proved himself a friend of Gallup and McKinley county. Don't forget to give him a vote next Tuesday—McKinley County Republican.

### A Dangerous Month.

This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night. Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West Fifth St., Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know its the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

R. J. Turnbull, president of the Manueto Oil company, spent yesterday in the city and left last night for McKinley county to take active control of the company's workings there.

### A Startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health. Try them. Only 50c at all drug stores.

T. B. Whitted, of Denver, is in the city looking after J. J. Henry's interests.

### Best Liniment on Earth.

I. M. McManey, Greenville, Texas, writes, Nov. 2, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgia pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

A large number of friends gathered at the family residence, 317 Atlantic avenue, this afternoon to attend the funeral services of the late Mrs. F. M.

### PIONEER OF PLAINS.

J. N. Irwin Dead—He Freight to New Mexico Years Ago.

J. N. Irwin, of the Irwin Bros. Commission company, died at his home in Kansas City of Bright's disease. He was 65 years old and in the '50s was a freighter, making many trips from Atchison, Kansas, to Salt Lake. Later Irwin and his brother, Dick, held beef and mail contracts with the government and made trips to Denver, Salt Lake and Santa Fe, N. M.

In 1857 Mr. Irwin went into partnership with his brother-in-law and together they started from Atchison with a train of freight wagons bound for Salt Lake City. At Rocky Ridge, Wyo., their train was stopped by soldiers under the command of Gen. Albert Sydney Johnston, then on their way to suppress the Mormon outbreak in Utah. The brothers continued their journey as far as Fort Bridger and turned their stock over to Lexington, Kincaid & Co., sutlers of Salt Lake. They made two other trips with goods to Salt Lake and for more than a year made their home at Salt Lake and managed a store. But they came back in 1860 and for six years were freighters across the plains, making trips to Denver, Salt Lake and Santa Fe.

They afterwards became government mail contractors and contractors for beef supplies for the army at the frontier posts. Later they hauled grain to forts in the Indian Territory and New Mexico. The brother was on the plains continuously from 1853 to 1871.

### Startling, But True.

"If every one knew what a grand medicine Dr. King's New Life Pills is," writes D. H. Turner, Dempseytown, Pa., "you'd sell all you have in a day. Two weeks' use has made a new man of me." Infallible for constipation, stomach and liver troubles. 25c at all drug stores.

### Hold Up at Santa Rita.

Shortly after 7 o'clock October 30, N. C. Booth, leader at Santa Rita, while coming from the company's office with returns amounting to about \$70, was held up and robbed near the school house by a man with a gun, either Winchester or shot gun, who ordered him to remove his coat and place money thereon. Sheriff Goodell was on the ground soon after and doing all in his power to ascertain the culprit.

### A Policeman's Testimony.

J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Alvarado Pharmacy.

### Which is Which?

A couple of opposing candidates for congress were riding along the road during the campaign to meet a joint appointment at a back country seat, and it was dry, hot and dusty. At the foot of a hill they came upon a pleasant, cool-looking house with a woman sitting in the shade. They pulled up at the gate, saluted the lady, and the democratic candidate said:

"Madam, can we get a drink here?"

"Air you a democrat or a republican?"

"I am a democrat, madam, and my friend, here is a republican."

"John," called the woman to someone inside, "there's two gents here that wants a drink. Bring out a tin full of liquor and a tumbler of water."

## Tapped 14 Times

Edwin W. Joy's Test Case of Bright's Disease.

WHEN THE SAN FRANCISCO BUSINESS men who incorporated the J. J. Fulton Co. were putting the Fulton Compounds to practical tests in cases of Bright's Disease and Diabetes, Edwin W. Joy, the Kansas street druggist, stopped one of the investigators and said he had a friend who had an advanced case of Bright's Disease and was beyond human aid. Joy explained that he had been in one of the large city hospitals, had been tapped nearly a dozen times and was so weak that his case was looked upon as so hopeless that his recovery would create a sensation and that it would be a fine test for the compounds. We told Joy to send the patient's brother down. He came and we gave him a treatment. Joy started for a trip around the world, fully expecting on his return to find that his friend had joined the silent majority.

We now skip ten months. Joy has returned. His friend is not only still living, but instead of the tapplings being a month apart, as formerly, he has not been tapped for over six months, and instead of being confined in a hospital he is living at home and is now down on the street daily and growing stronger all the time. There is no wider known druggist on the Pacific Coast than Edwin W. Joy.

Interested parties will find him at his stores at Kearney and California streets, where he will confirm these important facts and give the details. The editor of the Overland Monthly investigated the above case and certified to its entire correctness.

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent are positively recovering under the Fulton Compounds. (Dropy, Bladder trouble, Rheumatism, Gravel, etc., and the minor kidney diseases are soon relieved.) Price, \$1 for Bright's Disease and \$1.50 for Diabetes Compound. Free tests made for patients. Descriptive pamphlet mailed free. Call or address John J. Fulton Co., Mills Building, Montgomery street, San Francisco.

**ECZEMA**

is due to the retention in the system of Uric Acid or other inflammatory poisons which find their way into the blood, and are forced by the circulation through the glands and pores of the skin, causing it to burn like fire, and the incessant itching allows no rest night or day. Eczema appears in a great many different forms, beginning frequently as a mere redness of the skin, followed by little blisters or pimples, from which a clear or straw colored matter oozes, forming into sores, scales or scabs; this is weeping Eczema, commonly called Salt Rheum. These acid poisons sometimes dry up the natural oils and the skin becomes hard and dry, often cracking and bleeding and causing intense pain and fearful itching. This form of Eczema is known as Tetter, and oftenest attacks the hands and feet. Unsightly eruptions in the shape of pimples and blackheads break out upon the face, neck and shoulders as a result of polluted blood, and this humiliating disease is called Acne. Local remedies afford but scant relief. The blood and system being saturated with the poison, the disease cannot be reached with washes, salves, powders or other local applications. S. S. S. restores the deteriorated blood to its normal condition, stimulates the sluggish organs, and all the waste matter is eliminated through the proper channels. S. S. S. makes the blood rich and strong, and under its tonic and invigorating effects the general health improves, and the skin becomes soft and smooth again.

**Railroad Topics**

Santa Fe Architect Charles F. Whitely arrived from the west this morning.

The railroad well at Chaves is down 300 feet and a good body of water has been tapped.

The laborers in the Topeka store house have received a raise. They were getting \$1.25 a day, but are now getting \$1.40.

Judge Henry L. Waldo, solicitor of the Santa Fe railway for New Mexico, visited Santa Fe during the past week on legal business.

The Frisco completed the laying of rails into Marshall, Okla., Friday night and operated the first train into that city on the Denver, Enid & Gulf extension.

J. T. McLaughlin, of Albuquerque, a former county commissioner of Santa Fe county, and now treasurer of the Santa Fe Central railway, was at Santa Fe on business.

The Santa Fe is laying a pipe line from a Spring to Manuquito. The line will be about four miles long and when completed will give all the water they need for engine purposes. The water is of the finest quality.

Frank S. Gannon, third vice president of the Southern railway, has tendered his resignation to the company. Mr. Gannon's resignation was filed some time ago, when he started on a trip to the Pacific coast.

The Gallup Republican says: The first time in the history of the Santa Fe Pacific railroad she paid taxes on her road bed was in the year 1901. This is the direct efforts of Mr. Roddy and the republicans of McKinley county.

Senator W. H. Andrews, of Sierra county, republican candidate for the council from Socorro and Sierra counties, and president of the Albuquerque Eastern and Santa Fe Central railways, left for the south and will vote tomorrow at Hillsboro.

George W. Andrews, former traveling passenger agent of the Rock Island at Fort Worth, later representing the company at Colorado Springs as agent, has just been appointed traveling passenger agent of the Pacific coast company, with headquarters at Seattle, Wash.

President Cassatt and the officers of the Pennsylvania have completed the budget for 1903 and it comprehends the expenditure of \$18,000,000 for betterments, exclusive of the work to be done on the proposed New York terminals. A large portion of this sum will be spent in track elevation and in track improvements.

S. T. Park, late division master mechanic of the Southern California division of the Santa Fe, with headquarters in San Bernardino, is now traveling for the Chicago Steel company. He has his headquarters in the "windy city," and has several states in his territory. His wife and child are in Washington, D. C., visiting with relatives.

W. H. Cooley, superintendent of the Santa Fe water service west of Albuquerque has resigned. Mr. Cooley has had headquarters in Winslow and has been in the service for some time. He is well known and popular from Albuquerque west. The position vacated by Mr. Cooley goes to D. A. Shope, superintendent of bridges and buildings, with headquarters at Winslow.

G. T. Nicholson, passenger traffic manager of the Atchison, Topeka & Santa Fe, sends a postal card to The Citizen, stating that the daily service of the California limited will be resumed Sunday, November 16. "As the new time card is not ready, exact figures cannot be given. Following is approximate schedule: No. 3 west

leave Kansas City 8:45 a. m., Monday; arrive Los Angeles 2:10 p. m., arrive San Diego 6:20 p. m., arrive San Francisco 11:10 p. m. on Wednesday. And on the same time for each and every other day during the week. The east bound daily schedule will be about as at present."

F. H. Mudge came down from Las Vegas Saturday night.

The family of Fireman A. J. Lyle, of San Marcial, have moved to Rincon.

Santa Fe Water Service Man W. J. Hanna, came up from the south this morning.

Passenger train No. 22 was thirty minutes late this morning on account of slow engine.

Brakeman Ed. Hale is laying off for thirty days. He will put in the time rusticating at Sulphur springs.

Fred Cunahel is now comfortably located as chief clerk in Superintendent I. L. Hibbard's office at Winslow.

Work was begun yesterday by a large force of men placing new boilers in the engine room of the Alvarado.

The steam wrecker returned to Las Vegas from Waldo, where it aided in clearing up a small mix up on the main line.

railroad line from Naco via Bisbee and Clifton into New Mexico to reach the Gallup and Durango coal fields. It is said that there is ample capital ready for the construction of the road. The new road as surveyed previously will pass through Alma and within seven miles of Graham and seven miles of Mogollon.

Physicians Prescribe It. Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles as this great medicine. Alvarado Pharmacy.

The New Time Card. The Topeka State Journal in commenting on the new fall and winter time card, says:

Many of the important changes mentioned in the circular are of interest to traveling men and of course it is part of the business of railroad men to be interested in them all. There are a few which will be news to the general public.

For one thing the Santa Fe has fixed its schedule so that California tourists can stop over at Albuquerque long enough to inspect the new Alvarado hotel, with its wonderful collection of Indian curios, and its Indian village. The through trains for the coast will make the following stops at Albuquerque:

No. 1, arrive at Albuquerque 7:15 p. m., leave 8:15 p. m.

No. 2, arrive Albuquerque 10:40 a. m., leave 11:00 a. m.

No. 7, arrive Albuquerque 10:00 p. m., leave 11:45 p. m.

No. 4, arrive Albuquerque 11:59 p. m., leave 12:09 a. m.

No. 8, arrive Albuquerque 6:45 p. m., leave 7:30 p. m.

The schedule for the daily California limited for important points is announced as follows:

No. 3 will leave Chicago at 8:00 p. m.; Kansas City, 8:45 a. m.; Newton, 2:00 p. m.; La Junta, 10:35 p. m.; Albuquerque, 11:00 a. m.; and arrive at Los Angeles, 2:10 p. m., and San Francisco, 11:10 p. m. Should train arrive at Point Richmond after midnight, passengers may remain in sleeper until morning and arrive in San Francisco on boat due at 8:00 a. m.

No. 4 will leave San Francisco 9:30 a. m.; Los Angeles, 6:25 p. m.; and arrive at Albuquerque at 11:59 p. m.; La Junta, 11:47 a. m.; Newton, 9:25 p. m.; Kansas City, 2:41 a. m., and Chicago, 2:15 p. m.

Luck in Thirteen. By sending 13 miles Wm. Spirey, of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible Fever Sore on his leg. Nothing else could. Positively cures Bruises, Felons, Ulcers, Eruptions, Boils, Burns, Corns and Piles. Only 25c. Guaranteed by all druggists.

LOST A MILLION DOLLARS.

Reading Railway Suffers from the Coal Strike.

The September statement of earnings of the Reading Railway company and of the Reading Coal and Iron company combined shows a gross decrease of \$2,645,006, compared with 1901. The coal and iron company receipts for the month were only \$115,316, against \$2,304,213 a year ago. The net loss was \$1,009,337.

This is the most striking illustration of the loss of profits by the coal carrying roads since the strike began. In the months of July, August and September, the Reading companies lost in gross \$7,323,903. Of this amount the coal company was responsible for a reduction of about \$6,000,000. The net increase for the same period was \$2,427,195.

It is estimated that with the May and June losses and those of the month the Reading earnings have contracted in the half year approximately \$10,000,000.

Anxious Moments.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons it can be safely given. Alvarado Pharmacy.

BUYS THE CHENEY STOCK.

The following statement was issued from the office of the St. Louis and San Francisco in New York Friday:

B. F. Youkam and James Campbell, of St. Louis, have purchased the St. Louis & San Francisco holdings of the trustees of the Cheney estate of Boston. B. P. Cheney, who is one of the trustees, retains his personal holdings, which are large.

Neither Mr. Youkam, who is president of the company, nor Mr. Campbell would discuss tonight the significance of the sale of the Cheney stock.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I can recommend it with the utmost confidence. It has done good work for me and will do the same for others. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64 Thirty-seventh St., Wheeling, W. Va. For sale by all druggists.

**CHANGE THE SITE.**

Edward Wilder Gives His Opinion About Kansas City Depot.

The Kansas City Journal quotes Edward Wilder, treasurer of the Santa Fe, as giving the following opinion about the proposed Kansas City depot.

"I believe that there will be a new depot, but just when and where are still rather problematical. They seem to be getting into quite a snarl about it. The Santa Fe wants a new depot, but I am not able to say what they would prefer in the way of a site. It seems to me personally that this site would certainly have to be abandoned. The space here is altogether too limited. The tracks are getting all snarled up now. They ought to have a place where the passenger and freight tracks would not have to cross each other. You see, there are a number of freight trains going along here right now. It seems to me that out on the belt some where would be the natural place. Then they could have the passenger business all clear of the freight tracks and could bring all the freight business in this way. Now, understand, this is not official, but that is the way the matter appears to me."

ROAD TO FARMINGTON.

The Chances for the Building of a Railroad Improving.

Never before in the history of San Juan county were the prospects so good for the immediate building of a railroad to Farmington, says the Hustler.

True, for twenty years, our people have hoped in vain and listened to the dreamy prophecies of newspapers and promoters, only to be disappointed in the end. The conditions now, however, are vastly different—reliable capital has become interested, definite survey carefully made, the resources and possible revenues commuted to a minimum, and in two instances the company formed and about ready to begin active operations, one from the north, the other from the east.

That the Boston Coal and Fuel company have taken earnest hold of the Durango-Clifton project, there is no denying; and it is furthermore known that these people do things. On the other hand, the Santa Fe Cen-

tral construction company have a corps of surveyors, twelve in number, under direction of a competent man, now on the ground and have a line staked out, both as to height and course, from Albuquerque to within a few miles of the mouth of Largo canyon. Within two weeks the party will be in Farmington, where they will make their headquarters for probably six weeks, on their way to Durango and Salt Lake. Mr. Farwell is compiling through maps of the route over which he is going, and sparing neither time nor expense in making the survey permanent and adaptable to immediate grading.

**SANTA FE CENTRAL RAILWAY.**

Work on Thirty-Nine Miles of Grade from Torrance Northwest Commenced on Saturday.

Mulligan Bros., contractors, of El Paso, Texas, commenced work last Saturday on the grade of the Santa Fe Central railway from Torrance northwest. They started with 100 teams and 150 men. They have a contract to grade thirty-nine miles, which they will push to completion very speedily, as it is very easy work and there is no heavy grading whatever and scarcely any bridging. On the northern end, from Santa Fe south, thirty-nine miles of grade are completed. This was the hardest and heaviest portion of the line, and from the end of it to Torrance it is light work. The construction of the necessary bridges along the line, large and small, has been going on for some time, and most of the bridges are ready for the ties and the track. There are three camps of graders a few miles south of Moriarity, fifty-three miles south from Santa Fe, but their work will be completed during the coming week, and then the several camps will be moved south to join the Mulligan Bros.' grading forces. The putting down of ties and laying of the track will commence between the first and fifteenth of December, and may be so commenced on the first of that month.

### THE CLIFFORD CASE.

Called This Morning and Continued Until 4 O'Clock This Afternoon.

The preliminary hearing of the case of William Clifford, charged with murder in the third degree, the result of the death of Leonard Dunning, who was run over by a carriage driven by Clifford, was called this morning, having been postponed from last Thursday.

The complaining witness, H. L. Dunning, asked to have the case continued from last Thursday until this morning, but he failed to appear and the case was set for 4 o'clock this afternoon.

Two witnesses for the defendant, who had made special arrangements to appear this morning, gave their testimony, as it would be impossible for them to appear this afternoon.

S. C. Berry, who was one of the occupants of the carriage at the time it passed over the boy, stated that he did not know they had run over anyone until told of it afterward, and that they were going no faster than other carriages which were coming and going.

It seemed as if they were in a block and all were traveling at about the same speed. He said he noticed the carriage slow up, but supposed there was a jam of wagons. He stated that no outcry or any noise which would make them know anyone had been run over had been heard.

Pedro Garcia, who was driving a wagon during the fair, testified that he was coming to the city and had seen the boy run in front of the horses, knocked down and run over. He stated that the horses were not running, but on the trot, and that the boy dashed out of the gate and ran right into the horses; that it would have been impossible for any driver to have pulled up the horses and avoided the accident. He said that it was a dangerous place and the wagons which were going and coming formed a jam there.

He saw the boy get up and run into the house, but as to whether there was anyone at the gate or on the porch he was not certain.

The hearing of the case will be continued this afternoon at 4 o'clock.

### DISTRICT COURT.

This morning the case of Oreada Armijo de Baca et al vs. Adolph Harsch was called for trial and plaintiff dismissed the bill of complaint, a stipulation being entered into that there should be no liability on the bond. The case has been pending for more than ten years, and involved a controversy over the right to the exclusive use of the word "Coyote" as a trade mark.

The case of the Colorado National Bank vs. Jesus M. Castillo, administrator, was heard upon motion, and plaintiff required to proceed and close all proofs within ninety days.

In Switzer, Pembroke & Co. vs. Leaser & Lewinson, the plaintiff's attachment was dismissed.

In the case of Rosenwald Bros. vs. Santos Ortiz an order was made that defendant show cause why a receiver should not be appointed pending foreclosure of a chattel mortgage.

### IN GOOD OLD FASHIONED DAYS

Powdered Wigs Formed an Important Adjunct to a Gentleman's Apparel.

It is safe to say that the majority of bald men of today would gladly revive the old, dignified custom if they could. But, they can do the next best thing to it; that is, to revive the growth of the hair nature gave them.

In cases where the hair root or hair bulb has not been completely destroyed by parasites that infest it, Newbro's Herpicide will do wonders in the way of stimulating the growth of lifeless and falling hair. Destroy the cause, you remove the effect. That is the successful mission of Herpicide.
