President Roosevelt Anxious for Republican Success.

BRITISH PACIFIC CABLE COMPLETED

Case of C. F. & I. Being Argued Before the Court.

PRESIDENT WILL VISIT VIRGINIA.

Washington, Oct. 31.—The following brief statement was issued at the White house this afternoon.

"In answer to inquiries this afternoon regarding the pending campaign, Secretary Cortelyou said: 'The president is watching with keenest interest and most earnest desire for republican success in the various congressional campaigns and in state canvasses in states like New York and Pennsylvania, where governors are to be elected.'"

Pacific Cable Completed.

Vancouver, B. C., Oct. 31.—The British Imperial cable was completed at 7 p. m. on Thursday, although the announcement was withheld by telegraph constructors until this morning. The cable is being used today for sending messages of congratulation to the British, Canadian and Australian governments.

C. F. & I. CASE.

Trial in Progress Before a St. Paul Court.

St. Paul, Oct. 31.—The appeal in the suit for control of the Colorado Fuel & Iron company was again taken by Judge Beaman in the circuit court of appeals today. When a recess was taken for dinner the argument was said to be about half through. Judge Beaman, of Denver, opened the argument for the Osgood side of the contest. He reviewed the case at considerable length, telling of the organization ten years ago with a capital of \$20,000,000, which was doubled at a later date, and of the fight for control of the stock. Judge Beaman finished his argument and Mr. Waterman, for John W. Gates and his associates, began his argument which was continued after dinner. A decision is not expected until late tomorrow.

WILL REST.

President Roosevelt Will Take Short Vacation in Virginia.

Washington, D. C., Oct. 31.—President Roosevelt, accompanied by Secretary Cortelyou and Surgeon General Rixey, will leave tonight on a special train for Manassas, Va. It is the desire of the president in taking the trip to get a day or two of recreation. He said that his purpose is to spend some time tomorrow and Sunday in looking over some Virginia battlefields in the vicinity of Manassas. On Monday the party will return to Washington and proceed immediately to Oyster Bay, where the president will cast his vote on Tuesday.

On Wednesday morning the president, accompanied by Mrs. Roosevelt, will leave Oyster Bay. Mrs. Roosevelt will come direct to Washington, but the president and other members of the party will stop in Philadelphia to attend the Sequi Centennial of the admission of George Washington into the Masonic fraternity.

Labor Leader.

Wilkesbarre, Pa., Oct. 31.—President Mitchell returned from Scranton today. He said his visit there had no significance. The chief officer of the miners' union and his attorneys were in conference the greater part of the day. Mr. Mitchell proposes to have everything in readiness for presentation to the investigation commission when called upon.

Crescens Makes New Record.
Memphis, Tenn., Oct. 31.—Crescens, in his attempt to lower the two-mile trotting record here this afternoon, made a wonderful performance, trotting two miles in 4:17 flat. His former record was 4:28 1/2.

Loud's Re-Election in Doubt.

Washington, D. C., Oct. 31.—Of all the political contests to be decided at the polls next Tuesday, the result of none is awaited with such intense interest by the letter carriers and other postal employees throughout the country as that in the fifth congressional district of California, now represented by Congressman Loud, republican. Mr. Loud is one of the most notable figures

in Congress. He has for years been at the head of the postal committee, and is reputed to know more about postal affairs than any other man in either house. He has been the stumbling block in the way of wholesale increase of salaries for postal employees, and the letter carriers and labor organizations are fighting him so vigorously that the democrats have hopes of electing their candidate for Mr. Loud's seat in congress.

Michigan Elocutionists.

Holland, Mich., Oct. 31.—There is a good attendance at the annual convention of the Michigan State Association of Elocutionists, which began here today. The sessions are to continue two days, during which time all branches of the elocutionary art, from kindergarten training to advance dramatic instruction, will be discussed.

Bernstein vs. Tipman.

Baltimore, Md., Oct. 31.—Joe Bernstein, who has been doing more fighting recently than any other man in his class, is slated for another go tonight, when he will face Joe Tipman, the local fighter. The affair will be for twenty rounds and will be pulled off under the auspices of the Eureka Athletic club.

Work of Burglars.

Ironton, Ohio, Oct. 31.—Burglars last night completely wrecked the safe in the postoffice at Steece and secured over \$4,200 in stamps, cash and government bonds.

"TOPSY" HARTSEL HERE.

He Will Play With the "All-Stars" at the Fair Grounds Tomorrow.

A BUNCH OF GOOD ONES.

"Topsy" Hartzell, who won the hearts of Albuquerque's base ball public last year by his clever fielding and base stealing during the games with El Paso, and whose hit at a critical time clinched first prize for Albuquerque, arrived in town last night.

"Topsy" is now with the All-American star base ball club, which is playing the All-Star national league club at Santa Fe today, and as they play here at the fair grounds tomorrow, Saturday afternoon, "Topsy" got a day off, so as to come down here and renew old acquaintances and thus have an extra day in the metropolis.

The two teams are now on their way to Honolulu and have been playing in all the principal cities throughout the east since the season closed to large crowds. Mr. Hartzell says their success has been phenomenal, but it could not well be otherwise, as both teams are comprised of the "pick" of the two big leagues and withal gentlemen of the highest type.

Topsy says there is considerable feeling between the teams, as Manager O'Neill has agreed to give \$1,000 to the team winning the most games on the trip between Chicago and California, the series standing at present 11 to 10 in favor of All-Americans. Mr. Hartzell says the management is holding Jack Chesbro, acknowledged to be the best pitcher in the United States, for tomorrow's game here, but as the American league team is also saving their star pitcher, young Joss, of the Cleveland team, to pit against Chesbro, he is of the opinion that the American league team will win.

He further says that all the players are anxiously awaiting their Albuquerque visit, as every ball player of any note in the United States knows of this town, through the big fair tournaments and every one of them speaks up in the highest terms of the treatment accorded them while with us.

Short Base Hits.

"Happy Jack" Chesbro, who won twenty-eight games for Pittsburgh and only lost six all season, will do the twirling at the fair grounds for the National league team. O. A. Matson, of this city, says he will have to look up his store again tomorrow so as to let all his folks see Happy Jack, as he and Mr. Chesbro are from the same town, North Adams, Mass.

Look at that All-National outfield—Dick Cooley, "Wahoo Sam" Crawford, and last, but not least, "Wee Willie" Keeler, acknowledged to be the most scientific batsman that ever played the national game, and the admission to see these, with fifteen other stars of the same magnitude, only 50 cents. Game at 3 p. m.

Joe Cantillon, the acknowledged leader of all umpires, will handle the indicator tomorrow at the fair grounds. It is well worth the price of admission, 50 cents, to see Joe umpire. Game called at 3 p. m. sharp.

The All-Star ball game will be called at 3 p. m. sharp tomorrow (Saturday) at fair grounds. Admission only 50 cents. You can't afford to miss it.

ANNUAL MESSAGE

Roosevelt Favors Statehood for Territories.

EXCITING ELECTION IN TEXAS

New Railroad to be Built From Omaha to New Mexico.

OHIO SCHOOL TEACHERS ARE MEETING.

Special to The Citizen.

Washington, D. C., Oct. 31.—President Roosevelt is preparing his message to submit to the next congress. He has decided to include under the sub-head of New Mexico, Oklahoma and Arizona, a very strong recommendation for the immediate admission of all of those territories to the sisterhood of states.

Can it be possible that New Mexico will say to the president by their votes by defeating the one delegate that has come nearer to securing statehood of all the delegates in fifty-two years, except one, that New Mexico is not ready for the great honor, boon and privilege of joining the glorious sisterhood of states; have the right to vote for next president, one, possibly two, members of congress and state officers? Should such a thing be done the Stephens-Culbertson bill will surely pass, depriving the people of the Rio Grande and Pecos valleys from using the water on their crops or storing the water in reservoirs, and New Mexico may be added to and made a part of Arizona territory.

Of the hundreds, yes thousands, of sufficient reasons that the people of New Mexico should vote for statehood—which means for Rodey—one that has never been mentioned is that in the millions of reports that are being sent out by the census bureau, departments, the 20,000 congressional directories, millions of copies of almanacs, with tables, statistics, etc., etc., New Mexico, if a state, would always come in the list after New Jersey and ahead of New York, which would be of itself worth many thousands, if not hundreds of thousands or millions as an advertisement, while now, in very many of such publications, if New Mexico is not left out altogether, it is frequently brought along at the tail end of such reports along with Alaska, Guam and Tutuila, Samoa Islands, thereby losing all the advantage it would have if placed just ahead of New York.

Postoffice Robbed.

Baraboo, Wis., Oct. 31.—The postoffice at Reedsburg was robbed last night of \$1,600 in cash besides registered letters and stamps.

MAINTAINED A NUISANCE.

The Offender Kept a Filthy Place, With a Cow Just as Dirty.

HE WAS FINED.

A. M. O'Reilly, proprietor of the Los Angeles lodging house on North Third streets, was fined \$10 in Justice Crawford's court this morning for maintaining a nuisance on his premises.

The filth and dirt that was piled up on his place was of the worst possible nature and a menace to public health. A cow, which kept all the neighbors awake at nights, was discovered this morning standing in filth up to her knees, and in quarters that were built on the contraction policy, the cow evidently had to shrink up to get into them. The milk coming from a cow in such unhealthy quarters could be nothing less than diseased.

O'Reilly had been notified a week or so ago to clean up his premises, but did not heed the notice.

Marshal McMillin went around this morning and arrested the public health offender, and besides being fined he was ordered to clean up his premises today or he would be arrested again tomorrow and fined heavily.

There are several other places in the city where filth and dirt exist in such quantities that it is dangerous to the health of the people. A crusade will be the order of the police and every offender will be dealt with according to the law.

Political Contest in Texas.

Austin, Texas, Oct. 31.—The returns from the fifteenth congressional district of Texas will be watched with interest all over the state next Tuesday

night. The district is a new one and the contest to represent it in congress is one of the most spirited in the political annals of the state. John N. Garner of Uvalde is the democratic nominee, and John C. Scott of Corpus Christi is the republican. The republicans are now on the wind-up of a whirlwind campaign in the interest of Mr. Scott's candidacy, and the fact that the democrats are uneasy over the situation is evidenced by the prominence of the party leaders who have been stumping the district for Garner, the number including Senators Culbertson and Bailey.

New Railway to Southwest.

Omaha, Neb., Oct. 31.—What are said to be plans for the extension of the Chicago Great Western Railroad from Omaha southwest through Nebraska and Kansas to the Pan Handle of Texas are being worked out by Kansas City promoters. If built, the new line will pass through a fine stock and grain country and will give to the packing houses of Omaha a direct road to the ranges of Northern Texas and Eastern New Mexico. The road will parallel Stillwell's Kansas City, Mexico and Orient, but will be 200 miles from that road at all points.

Ohio Teachers' Meeting.

Gallipolis, Ohio, Oct. 31.—Gallipolis is entertaining the members of the Southeastern Ohio Teachers' association, who are here to a total of several hundred in attendance on their annual convention. The teachers began arriving last evening and by the time set for the formal opening of the gathering this morning every county embraced in the association had a good representation on hand. Several educators of wide distinction are on the program, which covers two days, and consists of addresses, papers and discussions covering every branch of educational work from the primary grades to the higher instruction of high schools and academies.

TRADES' COUNCIL.

Meeting of Laboring People Sunday Afternoon.

The various trades' people of the city, skilled and otherwise, will meet on Sunday afternoon at the Odd Fellows' hall at 3:30 o'clock Sunday afternoon, for the purpose of discussing the advisability of organizing a trades assembly in this city. The idea of the organization is for the mutual protection of one another and to work in affiliation.

The interest being taken in this movement is far greater than was expected by the promoters and no doubt a large representation will be present from all classes of trades people. The carpenters, cooks, blacksmiths and barbers of the city are organizing and have sent for charliers, while the cigarmakers, printers, lipemen and switchmen are already organized. It is hoped to induce the clerks of the city to enter the movement and many will be present to hear the views of those who are now members of unions and are deriving benefits therefrom.

Should the idea be acted favorably upon the various unions will each elect delegates to the central body who will meet at given dates the same as all other lodges and discuss the conditions of their trades. If any have grievances that cannot be settled within their own unions it will be carried to the central body, where standing committees for this purpose will endeavor to amicably settle them.

In all large cities there exists similar bodies, and this is first movement of this kind in New Mexico. It would be a benefit to the city as well as to the working masses.

GUESTS OF HONOR.

Rev. and Mrs. Fisher Entertained by Methodists Last Night.

Rev. and Mrs. F. V. Fisher were the guests of honor at a very pleasant reception given last night at the home of Mr. and Mrs. R. Y. Short, corner of Coal avenue and Sixth street, by the ladies of the Lead Avenue Methodist church.

Rev. and Mrs. Fisher are only recent residents in the city.

Rev. Fisher accepted the call to fill the pulpit of the Lead avenue church made vacant by the resignation of Rev. C. A. Bunker.

An informal address was given by Rev. T. C. Beattie, to which a pleasing response was made by Rev. Fisher. Following was a music program, arranged by N. Houghton and in which a number of talented musicians took part. Later in the evening elegant refreshments were served. The reception was of the kind that renders strangers no longer strangers and a delightful and sociable time was enjoyed.

"Sandy" Wardwell will start his Second street passenger conveyance line on next Monday.

VISITING MINES

Anthracite Arbitration Commission Inspecting Collieries.

MAY INCREASE WAGES OF MINERS

Trial of the Celebrated Molineux Poisoning Case.

TRAIN ROBBER UNDER ARREST.

Scranton, Pa., Oct. 31.—The anthracite strike commission has officially decided that if any change is made in the rate of wages of the men, it shall date from tomorrow, November 1. This announcement was made by the commission through Recorder Wright in the following brief statement given out by him at 9 o'clock this morning:

"Voted unanimously that if the commission, at the conclusion of its hearings and deliberations, makes any award affecting the existing rate of wages, such award shall take effect from November 1, 1902."

Program of the Commission.

Scranton, Pa., Oct. 31.—The program of the anthracite strike commission for today calls for an inspection of the Manville colliery at Green Ridge, two miles from this city, and a drive through the nearby territory for the purpose of viewing the habitations of the men who toll in the mines. The commissioners expect to complete their inspection of the region this afternoon and go to Wilkesbarre tomorrow morning. The Manville mine, which was inspected today, was operated jointly by the Delaware & Hudson and Delaware, Lackawanna & Western companies. The mine is one of the worst for miners in this territory. The veins are small and there is barely room enough for workmen to stand up. This colliery was visited at the suggestion of the mine workers' representatives.

Train Robber Arrested.

San Angelo, Texas, Oct. 31.—Boone Kilpatrick, a brother of Ben Kilpatrick, who was arrested in St. Louis and sent to the penitentiary for participation in the Northern Pacific train robbery in 1901, has been arrested at Ozona and will be given a preliminary examination before United States Commissioner Keating here on the charge of having passed Helena, Montana, National bank bills here, which were stolen during the hold up.

TOOL THIEF IN TROUBLE.

John Dougherty Stole Tools and Was Bound Over to Grand Jury.

HIS CROOKED STORY.

A fortunate pick-up was made by Marshal McMillin last night, and this morning it developed into a case of burglary and grand larceny. The prisoner, John Dougherty, was bound over to the grand jury under a bond of \$1,000.

Early in the evening the marshal's attention was called to a young man of a workman's appearance, who was trying to dispose of a box of carpenter's tools. When questioned the young man said he had just come in on the train from Pueblo and wanted to sell some of the tools so that he might have a few dollars to get him something to eat and a place to sleep. The story went all right with the marshal until Dougherty said he had come here to work on the viaduct, and several other little slips, aroused the marshal's suspicions and he locked him up until he could learn something further in regard to the matter.

Later in the evening it was learned that the tool box under the viaduct had been broken into and tools to the value of \$25 had been stolen.

This morning in police court the tools found in Dougherty's possession were identified by John Thakbeen, John Kepple and A. Monk, owners of the tools, who had been working on the viaduct.

Dougherty waived examination and was placed under a bond of \$1,000 to appear before the grand jury. It was reported at first that Dougherty had a partner, who was with him when he was trying to dispose of the goods, but

when arrested he was alone. The police are confident of locating his partner if he has not left the city.

Arrested on Suspicion.

A man giving the name of Brown was arrested today on suspicion. He was thought to be in some way connected with the robbery of carpenter tools stolen from the box under the viaduct last night. He claims to know nothing about it and asserts he never knew John Dougherty the man placed under a \$1,000 bond this morning.

Brown has been working on the viaduct and it was reported he was with Dougherty last night while he was attempting to sell the tools. Brown will have his hearing in the morning.

NOTED CASE.

Trial of Molineux, Charged With Poisoning a Woman.

New York, Oct. 31.—When the trial of Roland B. Molineux was resumed today, the prisoner was put on the stand in his own defense. This was a departure from the course in the first trial when the defense offered no evidence at all.

Former Governor Black in his opening address spoke less than five minutes. He declared the accused man innocent of any connection with the crime and promised to show to the satisfaction of the jury that Molineux never wrote any of the incriminating letters or the address on the poisoned package. Molineux's testimony was long and entirely along the line indicated by his attorney.

THE SCHEME WORKED.

A Toy Pistol Shoved Into a Rascal's Face Made Him Pay Up.

PRETTY WELL FRIGHTENED.

A story with a sensational feature which has an indirect connection with the fair has just leaked out.

A couple of gentlemen handling with care the names William B. Starr of New York and Roger P. Smyth of Chicago, came into the city looking wise and important several days previous to the fair.

Having nothing to spend but time they each sought a position that they might see the fair and have time left to spend later.

Their hopes and endeavors materialized when they were offered a position with Clarence McGeehe, who represented Bradford & Co., of St. Joseph, Mich., selling souvenirs.

The week of the fair was a period of beautiful dreams; they had money coming, but after the great event every attempt to collect their hard earned wages was fruitless.

McGeehe, who was very prosperous in his sales of souvenirs, absolutely refused to pay the bill, thinking that he was dealing with a couple of tenderfeet and the rest was easy.

The sight seers were not the only ones put off from day to day, but they were men of wide and trying experiences and did not propose to be duped by any man. Learning that their former employer was going to leave town they betook themselves to his room a couple of hours before his departure and they demanded their money. Again the man who believed that the best debt is an old debt refused. Starr and Smyth were ready for the curtain act and Smyth drawing a pistol shoved it into the man's face and demanded their money. McGeehe shook so that the change rattled in his pocket. It is fright had reached unreasonable measures and he offered them all his money. They pointedly refused his United States bonds, vault key and bank book, but were only willing to take what was theirs by the right of the law of capital and labor. After they received their money the terrified man was shown that the cause of his being so eager to settle all bills was only a cap pistol. His chagrin can be easily imagined. Anyway he went back to his home on the next train.

Messrs. Starr and Smyth are prominent men in their respective cities, traveling through the southwest some times on foot, horseback or the train, just as it suits them. They left Albuquerque about a week ago, but one of their horses went lame and they returned for repairs. They will travel through New Mexico and Arizona to the Grand Canyon on horses, and will start on their return east on or about the first of the year in the same manner.

The gentlemen are taking in all the sights and having a great many exciting experiences. A book of their travels will be written on their return east.

Hon. Charles F. Easley, one of Santa Fe's well known democratic politicians, came in from the north last night and continued south.

OUT ON BAIL

Gooch Who Shot and Killed Ross, Liberated.

BRITISH CABLE TO FIJI ISLANDS

One of the St. Louis Bootlers Sentenced to the Penitentiary.

BOERS ENLISTING IN BRITISH ARMY.

Special to The Citizen.

Silver City, N. M., Oct. 31.—District Judge F. W. Parker has rendered his decision in the habeas corpus proceedings brought before him by the attorneys for F. B. Gooch, who shot and killed a man named Ross on his ranch near this city a short time ago, allowing him bond at \$5,000. Attorney James S. Fielder arranged for bond for him today and he was liberated from the county jail.

Cable Laid to Fiji Islands.

London, Oct. 31.—The last section of the British Imperial Pacific cable was laid at the Fiji Islands yesterday. A congratulatory message to King Edward reached Buckingham palace this morning, being the first message sent over the line which links the British empire together.

Convicted of Perjury.

St. Louis, Mo., Oct. 31.—Edmund Dersch, former member of the house of delegates, was today found guilty of perjury in his testimony before the grand jury as to the \$75,000 bond fund raised to secure the passage of the suburban franchise bill, and was given five years in the penitentiary. The defense rested about noon and after brief arguments the case was given to the jury, which deliberated but a few minutes.

Boers Enlisting in British Army.

Johannesburg, Oct. 31.—A number of former Boer commandants and British officers have offered their services and those of 1,000 men, half of whom are British and half Boer soldiers, for service in Somaliland.

KILLING IN TENNESSEE.

Two Men Shot and Killed by a Saloon Keeper.

Dayton, Tenn., Oct. 31.—Manuel Thurman, saloon keeper, shot and killed N. J. Cooley and his son in law, Will Whitfield, here last night.

Whitfield was shot three times and died immediately. Cooley lingered a few hours and made a dying statement to the effect that Cooley and Whitfield were at Cooley's home when Thurman entered a room occupied by Cooley's daughter. Whitfield followed Thurman into the room and grappled with him. Cooley then entered and Thurman opened fire. Thurman surrendered.

Sousa Pleased.

Sousa, the march king, had little time yesterday after the concert to see many of the attractive sights around Albuquerque. He expressed his regret in not being able to remain longer, but the depot and Alvarado was an attraction he did not overlook, and he spoke in commendable terms of a depot and hotel such as he had never seen before.

"I had never heard of this interesting place," said Sousa, "and am very much surprised at seeing such a beautiful structure in the southwest. Of all the places I have visited on my western tour I have found nothing so interesting."

He visited the museum and intended to visit the Indian rooms but "All aboard" was called before he saw all he wanted to see.

Domestic Tragedy.

Joplin, Mo., Oct. 31.—R. O. Randall, real estate dealer of Carthage, was shot at noon today by his wife and instantly killed. Mrs. Randall had sued for divorce and today when the couple met at a lawyer's office in Joplin a quarrel ensued. Randall drew a knife and attempted to stab his wife, when she shot him five times. Mrs. Randall was arrested. The Randalls are prominent.

James Tierney, son of Mr. and Mrs. Martin S. Tierney, left last evening for San Bernardino, where he will work in the Santa Fe machine shops. Mr. Tierney, who has been connected with the machine shops here, is one of Albuquerque's popular young gentlemen, and he takes with him the good wishes of his many friends.

Mr. Rodey deserves the vote of ev-
ery resident of Albuquerque.

The people who are satisfied to take
things as they come never get much.

Candidate Ferguson has reached
the denial stage of his brief campaign.

W. A. Smith has made an excellent
sheriff for McKinley county and he de-
serves re-election by a big majority.

It will be of great benefit to the
town of Gallup if the whole republican
ticket is elected in McKinley county.

Bonds issued in good old democra-
tic days are now being redeemed by
Secretary Shaw with a republican sur-
plus.

Thomas S. Hubbell will have from
three to four thousand majority in this
county. He has practically no oppo-
sition.

Gambling has increased so such an
extent in Europe that another Monte
Carlo is to be established and suicide
made easier.

The republican party has never in
all its history subjected workmen to
distress merely to prosecute to matri-
city an empty political theory. That

was what the free trade supporters
of that good for nothing theorist Gro-
ver Cleveland did nine years ago.

The democrats will be closely watch-
ed next Tuesday. No ballot stuffing or
illegal voting will be allowed in this
county.

If Alex Bowie carries McKinley
county by a big majority he will be
able to do good work for his county at
Santa Fe.

The net cash balance in the treasury
of the United States on the first day
of October, 1902, reached the large figure
of \$371,000,000.

Do not forget that a vote for the re-
publican ticket is a vote for the con-
tinuation of the prosperity which a re-
publican policy has produced.

The \$15,000,000 irrigation fund al-
ready on hand is being pointed to with
a large amount of satisfaction by the
newspapers throughout the west.

The Crown Prince of Siam says
American newspapers are the best in

have printed must flatter the boy.

Sleeping cars have been introduced

Detroit, Mich., and Cleveland, Ohio.
Thus the long distance trolley has in-
vaded another department of the steam
railroad service.

Prosperous people and nations are
in good credit. Everybody likes to
lend them money. By the competition
of lenders they borrow at low rates.
The prosperity of the United States is
operating to the benefit of every in-
dustry in it.

"We are neither the friend of the
rich man as such, nor the friend of the
poor man, as such; we are the friend
of the honest man, rich or poor, and
we intend that all men, rich or poor,
shall obey the law alike, and receive
its protection alike."—President Roose-
velt.

The sales of public lands have been
so augmented during the last year that
by the time the preliminary surveys are
completed and matters are in readi-
ness for the first undertakings of the
matter of irrigation the funds avail-
able will be two or three times as large
as was anticipated.

The coal commission is going right
down into the bowels of things, in-
cluding the bowels of the earth, in or-
der to arrive at a right understanding
of all the conditions surrounding the
mining business, the mode of life of
the miners and their families and the
profits of the business.

GET OUT THE VOTE.

We believe there is to be a republi-
can victory at the coming election;
but there may not be if republicans are
over confident and go to sleep. Now
is the time for every republican to con-
stitute himself a missionary—to talk
politics, to interest negligent friends
and neighbors, to see that ballots are
cast, and cast early, and in general to
do everything possible to insure the
casting of the biggest republican vote
that New Mexico has ever put in the
boxes.

CLEVELAND RESURRECTED.

Mr. Cleveland is making speeches
in New Jersey for what he calls tariff
reform, and hopes for the success of
the democratic party to bring it about.
Hope springs eternal in the human
breast, and Mr. Cleveland indulges in
an idealization, recalling the beautiful
bubble he blew at the beginning of his
second term, when all departments of
the government were democratic for
the first (and last) time in many years.
The democratic congress passed some-
thing it called tariff reform, but Presi-
dent Cleveland and Congressman Wil-
son mingled tears when they saw it
completed, and it became a law with-
out the president's signature. Why
Mr. Cleveland expects better things
from the democratic party in the fu-
ture is not clear. His own later ex-
perience with the gratitude of the
party is not reassuring. No man liv-
ing may survive long enough to see
a democratic president and congress
as in 1893. But bubbles are beauti-
ful in prismatic effects while they last,
and even an old politician out of a job
and out of a party may find pleasure
in watching them float away. Mr.
Cleveland's reversion to his early
dreams shows that he has more imagi-
nation than has been supposed.

GOOCH MURDER CASE.

Judge Parker Postpones Decision in
Habeas Corpus Proceedings.

In the habeas corpus proceedings be-
fore Judge Parker at Silver City in the
case of J. B. Gooch charged with the
murder of J. B. Roca, no decision has
as yet been rendered, the same being
withheld until a topographical map of
the ground where the tragedy occurred
can be made, as one of the most im-
portant points in the case hangs upon
the exact location of the pitchfork after
the shooting. At the preliminary
trial Gooch was held without bail to
await the action of the grand jury, and
habeas corpus proceedings were imme-
diately applied for but Judge Parker
was away and only returned to Silver
City a few days ago. The principal
witnesses in the case are Alexander
McKeen, Otto Heuchling, Arthur
White, Archibald McGregor and Mr
Turner.

BOSTON'S BARBER REGULATIONS.

Board of Health Orders Sterilization
of All that Barbers Use
on Customers.

A special dispatch from Boston, May
5, 1901, to the N. Y. Sun gives as new
regulations of the Boston Board of
Health as to barber shops: "Mugs,
shaving brushes and razors shall be
sterilized after each separate use there-
of. A separate, clean towel shall be
used for each person. Material to stop
the flow of blood shall be used only in
powdered form, and applied on a towel.
Powder puffs are prohibited." Where-
ever Newbrow's "Herpicide" is used
for face or scalp after shaving or hair
cutting, there is no danger as it is
antiseptic, and kills the dandruff germ.

Treasury Note No. 1 of Series "A" Be-
queathed to A. D. Milhouse.

An old treasury note, yellow with
age and use, the first of its kind ever
issued by the United States govern-
ment is the heirloom left by his father
to A. D. Milhouse of Carbondale, Ill. It
is a \$5 greenback and is No. 1 of series
A. It was printed May 10, 1862, by an
act of congress in February of the
same year. It is signed by L. E. Chit-
tendon, registrar of the treasury. The
note has been in the Milhouse family
since 1864, when John Milhouse, father
of the present owner, came into
possession of it.

Notice for Publication,
(Small Holding Claim No. 1762.)
Department of the Interior, United
States Land Office, Santa Fe, N. M.,
Sept. 24, 1902.

Notice is hereby given that the fol-
lowing named claimant has filed notice
of his intention to make final proof in
support of his claim under sections 16
and 17 of the act of March 3, 1891 (26
Stats., 854), as amended by the act of
February 21, 1893 (27 Stats., 470), and
that said proof will be made before the
clerk of the probate court at Al-
buquerque, N. M., on November 10,
1902, viz: Carmel Ruiz de Sandoval,
in behalf of the heirs of Telesforo Lo-
pez de Ruiz, for the tract in sections
Nos. 7 and 8, T. 9 N., R. 2 E., New
Mexico principal meridian.

He names the following witnesses to
prove his actual continuous adverse
possession of said tract for twenty
years next preceding the survey of the
township, viz:
Gregorio Barela, Francisco Apodaca
y Molina, Justo Gutierrez, Amador
Sanchez, all of Albuquerque, New Mex-
ico.

Any person who desires to protest
against the allowance of said proof,
or who knows of any substantial rea-
son under the laws and regulations of
the interior department why such
proof should not be allowed will be
given an opportunity at the above men-
tioned time and place to cross examine
the witnesses of said claimant, and to
offer evidence in rebuttal of that sub-
mitted by claimant.

Window shades in all colors and widths at Albert Faber's, 305 Railroad Deming! Don't overlook it if you are looking for a sale and paying investment. Deming, the seat of the n.w county of Luna. Deming is the great mining center of the southwest. Deming has increased 50 per cent. in population in four years. Investments in Deming lots will double and treble in one year. Kleinworth is the place to get your nice fresh steak. All kinds of nice meat. Deming has now a large ice plant and electric light system under contract. In Deming the demand for rental houses is five times in excess of the supply. Deming has an abundance of water for irrigating vineyards, orchards, or gardens. Buy lots and build in Deming. Your rental returns will be 20 per cent. on the investment. In Deming good safe loans can be had at better rates than in the old established towns. Deming offers the same opportuni- ties now that the most prosperous cities in the west offered several years ago. Deming needs one hundred new houses to supply the demand, and needs them now. This demand continues to grow. Deming ships over 100,000 head of cattle annually; is the center of the greatest breeding region in the south- west and cattle men all know this. Mrs. Bambini, at her parlor, No. 205 South First street, over the Hyde Exploring Expedition store, is prepared to give thorough scalp treatment, do hair dress- ing, treat corns, bun- and in- growing nails. She gives massage treatment and m- ing. Mrs. Bam- bin's own pr- ocess of complexion cream builds t- the skin and improves the complexion, and are guaranteed not to be injurious. She also prepares a hair tonic that cures and prevents dandruff and hair falling out; restores life to dead hair; removes moles, warts and superfluous hair. Give her a trial. She also has a very fine tooth powder, which she guarantees to be free from all metallic substances. It perfumes the breath, hardens the gums and makes the teeth clean and white. It is highly recommended by all first class dentists. Also a face powder, a freckle cure, and pimple cure, and pile cure. All of these preparations are purely vegetable compounds. Give her a trial. Mercury and Potash

ONLY SERVE AS A MASK FOR
CONTAGIOUS BLOOD POISON

They hide its repulsive form, and this serpent disease, stupefied by these drugs, lies dormant until the effects have worn off or treatment is discontinued, when it breaks down the mask and becomes as full of life and venom as ever. Mercury and Potash may dry up the sores and eruptions, but at the same time they drive the poison back into the blood and system, where it feeds upon the tender tissues, membranes and nerves, finally breaking out in most disgusting sores and even destroying the flesh and bones.

Mercury and Potash cannot accomplish a radical and permanent cure. They have a palliative but not curative effect upon this treacherous snake-like disease. These drugs produce mercurial Rheumatism, destroy the teeth and corrode the membranes of the stomach and bowels, causing inflammation and dyspepsia, nervousness and general derangement of the system.

S. S. S. is a Specific for Contagious Blood Poison, and the only antidote for the peculiar virus that spreads so quickly throughout the system, corrupting the blood and infecting every organ of the body.

S. S. S. destroys the serpent, and eliminates every atom of poison from the blood, it makes a thorough and radical cure of the disease, and at the same time builds up the general health. S. S. S. contains no minerals of any kind, but is a purely vegetable remedy and we offer \$1.00 for proof to the contrary.

Write us about your case and our physicians will cheerfully advise without charge. Our home treatment book will be sent free to all who desire it.

Stricken With Paralysis.

Henderson Grinnett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.

MESSAGE TO DIAZ.

President Roosevelt Compliments Mexico's Chief Magistrate.

Some of the foremost scientists of the world were among a party of thirty visitors who arrived at Washington from New York, where they attended the international congress of Americanists.

They were received by President Roosevelt, Ex-Secretary of State John W. Foster was chairman of the reception committee.

At the White House Alfredo Chavro, delegate from Mexico to the congress, presented a message of good will to President Roosevelt from President Diaz.

"Tell President Diaz," said President Roosevelt, in reply to the message, "that we in this country realize what a great friend of liberty, humanity and progress he has ever been."

When the delegates from the Netherlands were presented President Roosevelt exclaimed:

"We are fellow Dutchmen. I am very glad to see you."

The president also took occasion to express his interest in the Indian race when Miss Fletcher, of Washington, who has spent much of her life in the movement to uplift the Indians, and Frank La Flesche, an employee of the Indian bureau, were presented with the party.

"I believe," said the president, "that it is a good plan for the Indians to help themselves in bringing about their development."

"A dose in time saves lives." Dr. Wood's Norway Pine Syrup, nature's remedy for coughs, colds, pulmonary diseases of every sort.

ASKS STATEHOOD.

Arizona's Governor Renews Plea in Annual Report to Secretary of the Interior.

Governor Brodie, of Arizona, in his annual report to the secretary of the interior, renews the plea for statehood and makes the following recommendations:

That under the Newlands-Hansbrough act the claims of Arizona for government aid in irrigation be fairly and carefully considered and extended, so as to inaugurate in the territory the first of the great irrigation systems under that act; action to rejuvenate the depleted forest area; increase in Indian school facilities, in the salary of the governor and in the appropriation for the Arizona national guard; a proposition to improve the Colorado river and to construct a levee from Yuma to the Mexican line to prevent the overflow of cultivated land by the annual freshets; and appropriations for purchasing sites and erecting public buildings in Arizona cities. The report places the taxable property of the territory at \$39,983,178.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headache. 25c and 50c. Money refunded if it does not satisfy you. Write to W. H. Hooker & Co., Buffalo, N. Y., for free samples. J. I. O'Reilly & Co., and B. H. Briggs & Co.

"Where is Cavette, who represented the El Paso Lyceum bureau?" is a question that should be answered by the El Paso newspapers. Cavette did up the people of this city to the queen's taste, and received encouragement simply from the fact that he claimed to represent an El Paso company.

When you wake up with a bad taste in your mouth, go at once to a druggist and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.

Major Ernest Meyers, who makes trips quite often into Arizona towns and is a politician somewhat himself, writes to A. L. Morrison, Jr., of Santa Fe, that it is the consensus of opinion of both parties that Robert E. Morrison, the republican candidate for delegate to congress in Arizona, will carry both Navajo and Coconino counties which are strong democratic quarters. This, it is thought will insure Mr. Morrison's election.

Bronchitis for Twenty Years.
Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure." Contains no opiates. Alvarado Pharmacy.

The Albuquerque Electric Light company have just finished wiring the county jail. The lighting by electricity is a great improvement over the old dangerous coal oil lamps. The light poles from the city limits to old town have been painted yellow with base and cross bars of black, which added greatly to the appearance of the road ways.

Chamberlain's Cough Remedy Saved His Boy's Life.
"I believe I saved my (nine year old) boy's life this winter with Chamberlain's Cough Remedy," says A. M. Hoppe, Rio Creek, Wis. "He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right." For sale by all druggists.

Deputy United States Marshal F. M. Hall has moved into his beautiful brick residence on Marquette avenue, between Fifth and Sixth streets.

Never Ask Advice.

When you have a cough or cold don't ask what is good for it and get some medicine with little or no merit and perhaps dangerous. Ask for Foley's Honey and Tar, the greatest throat and lung remedy, it cures coughs and colds quickly. Alvarado Pharmacy.

Several bottles of whiskey were stolen from the Atlantic beer hall by some thirsty robbers last night. The glass in the back door was broken and the whiskey was the only thing missed this morning when the discovery was made.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

The foot ball players of the guards lined up last night for the first time. There was a good turnout, all the boys manifesting a great interest in the organization of a team. Captain Albers was not present but the players did some effective work nevertheless. They realize their time is limited for a game on Thanksgiving and consequently are working hard to get plenty of practice. The regular line up has

Would You Think It?

Would you think it possible that you could be disappointed in the face of a woman whose shapely shoulders, and beautiful hair suggest womanly perfection and beauty? Such disappointment comes not seldom when the face turned to you

shows disgusting blotches and blemishes. In general, the cause of these eruptions is impure blood. Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the corrupt accumulations which cause disease. When the blood is cleansed, pimples, tetter, salt-rheum, boils, sores, and other results of impure blood, are perfectly and permanently cured.

"For three years I suffered with that dreaded disease eczema," writes Mrs. J. Kewen of Herman, Oregon. "I was told to try Dr. Pierce's Golden Medical Discovery, which I did, and after I had taken fourteen bottles I was permanently cured. It has been a year since I stopped taking your medicine and it has never appeared since. I think your medicine a wonderful cure and hope others suffering as I did, will take it and be relieved of their suffering."

Some of the most remarkable cures effected by "Golden Medical Discovery," have been of scrofulous diseases.

"I will forever thank you for advising me to take Dr. Pierce's Golden Medical Discovery," writes Mrs. J. Kewen of Herman, Oregon. "I was told to try Dr. Pierce's Golden Medical Discovery, which I did, and after I had taken fourteen bottles I was permanently cured. It has been a year since I stopped taking your medicine and it has never appeared since. I think your medicine a wonderful cure and hope others suffering as I did, will take it and be relieved of their suffering."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

not been selected, but the players will be selected according to their merit from the practice games.

Forty Years Torture.

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what Dr. Witt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "Dr. Witt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits. B. H. Briggs & Co.—J. H. O'Reilly & Co.

Robert T. Blair, of Emporia, Kansas, has accepted a position as instructor of violin and stringed instruments with the school of music and will arrive next Wednesday to assume his duties. Mr. Blair comes from the Normal college of Emporia highly recommended.

Mothers.
Who keep their children in good health, should watch for the first symptoms of worms, and remove them with White's Cream Vermifuge. It is the children's best tonic. It gets digestion at work so that their food does them good, and they grow up healthy and strong. 25 cents at Cosmopolitan Pharmacy.—B. Ruppe.

A recent issue of the New York World contains a fine half tone cut of W. R. Morley, the Columbia college famous foot ball coach. Morley is from the Datli mountains of Socorro county, this territory, and has made a national reputation for himself as a foot ball player.

A Dozen Times a Night.

Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." Alvarado Pharmacy.

The receipts for fines in Judge Crawford's court for the month of October are \$652—the largest collection of fines ever known in Albuquerque police court. This is the kind of an interesting report City Marshal McMillin will make to the city council at the next regular meeting.

The Worst Form.

Multitudes are singing the praises of Kodak, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with digestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodak and after using four bottles I am entirely cured. I heartily recommend Kodak to all sufferers from indigestion and dyspepsia." Take a dose after meals. It digests what you eat. B. H. Briggs & Co.—J. H. O'Reilly & Co.

3,265 Men's and Boys' Fine Shirts are too many for any store to handle, especially if they haven't the room for 'em. But remember—go they must—and 39c for a finer shirt is just like getting money from home.—The Lion Store.

LAS VEGAS ITEMS.

Batch of Short Paragraphs from the Meadow Town.

Special Correspondence.

Las Vegas, N. M., Oct. 30.—At the meeting of the city council last night the question of the granting of a franchise to the Capitol Light and Power company, or the Pecos concern, was referred to the ordinance committee and will come up at the next regular meeting two weeks later. There is some opposition to the franchise on the ground that it may kill the street railway now being constructed, though the sentiment is in favor of the proposition, and if the company can come to terms with the street railway people, there is no question about the franchise being granted.

Mrs. Joe Richey will entertain a few friends at dinner tonight.

Mrs. Anna Kent and daughter, Miss Annabel, of East Orange, N. J., who have been visiting Miss Bushman here, left today for Albuquerque.

W. A. Welsh and wife, who have been visiting their daughter, Mrs. John Heiber, today returned to their home at Los Angeles.

G. W. Post is a new night machinist at the shops.

James Leeper is a new passenger brakeman on the Santa Fe, running out of Las Vegas.

Francisco Chavez, candidate for assessor on the speckled ticket, had a little insurrection on his hands among some of his people at El Cuervo. It seems that he was afraid of some of his delegates getting away from him during the convention last Monday so he had them locked up with a jug of whiskey while in town until ready to run them in the convention. They have signed a protest against such actions, as they should do, and there is blood on the moon in the El Cuervo ballfield. Such are the methods adopted by the ones manipulating the mongrel ticket.

The Agua Pura Water company have brought suit against the Raton Beer, Ice and Bottling works to secure judgment in the sum of \$235.90, balance due, it is alleged, for ice sold said defendant to the amount of \$623.75.

P. R. Lopez, who suffered a broken leg at Ribera a few weeks ago, and who is now able to be about, has secured the Chapelle school and will begin teaching November 10.

W. E. Gortner returned yesterday evening from his trip to see his mother and brother at Goshen, Ind.

Charles Carruth returned yesterday evening to his home in Santa Fe after a visit here.

Mrs. John Roberts returned yesterday evening from her trip back east, where she visited relatives.

P. E. Gates left last evening for El Paso. He will spend the winter in the Pass City.

Judge William J. Mills returned yesterday evening from his trip to Trinidad and other points.

J. M. Cunningham has returned from his trip back east and to Gotham.

A native's house over across the railroad tracks, the last house in the row of adobes there, was robbed yesterday evening while the inhabitants were away attending a wedding. A revolver and \$2 in money was taken. Two hobos committed the robbery and Marshal Curtright has one of the fellows in limbo and the other he expects soon to catch.

Miss Lydia Ballou entertained six couples of young friends last night at her home. The evening was spent playing crockinole and in a guessing contest. Miss Emma Vasse carried away the first prize in the guessing contest and R. C. Reid won out for the gentlemen. Refreshments were served and a delightful evening spent by the jolly crowd of intimate friends.

C. A. Coleman, who has been in the city since last February for his health, returned to his home today at Montgomery, Ala., the doctors having pronounced him well.

The married folks among the Spanish-Americans had a pleasant dance last night at Rosenthal hall.

Francisco Chavez, the speckled ticket candidate for assessor, returned today with fourteen of the misguided to Los Alamos. They took along a good supply of "ammunition."

There was a little wreck down at Waldo this morning and the wrecker went down and straightened things out.

Felipe Delgado, who has been sick for two months with typhoid fever, is now able to be up and around the house.

Mrs. P. C. O'Keefe and children arrived here yesterday from Oklahoma and will remain in Las Vegas. Mrs. O'Keefe is a sister of Mrs. T. F. Clay. Misses Ashbrooke and Shrock, who will be remembered as having spent the winter here last year, are expected here from Ohio in the next few days for the coming winter.

Miss Ella Anderson, who has been visiting her brother, Ira R. Anderson,

of suffering from indigestion if you eat what you want, or of starving yourself to avoid such distress? Acker's Dyspepsia Tablets taken after eating will digest your food perfectly and free you from all the disagreeable symptoms of indigestion and dyspepsia. Eat what you want at any time and take an Acker tablet afterward. Positively guaranteed. Your money will always be refunded if you are not satisfied. Write to us for a free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

for the past three months, today returned to her home at Bowling Green, Ohio.

Sister Madeline, the music teacher at the Loretto academy, left today for Santa Fe to hear Sousa's band. J. M. Allen and son, Albert, arrived here yesterday evening from Denver and will make their home here now. Mr. Allen is the manager of the Tecolote reduction mill and says good progress has been made in getting things in shape for the early erection of the mill.

Miss Marion Kenderdino, who has been visiting her sister, Mrs. T. B. Mills, for several months, today returned to her home at Topeka, via Kinsley, Kas., where she will also visit.

Mrs. G. H. Rhodes had the misfortune to severely burn her right foot Tuesday evening by letting a kettle of hot soup fall. She was wearing a slipper at the time and her foot was severely scalded.

The Fulton copper mine, nine miles the other side of Ribera, has shipped four cars of ore to the Corralitos smelter, where it is treated, the shippers getting 25 per cent of the net proceeds. It is the intention to ship three cars a week now, and a shift of five men day and five night is working the proposition.

Danger in Fall Colds.
Fall colds are liable to hang on all winter leaving the seeds of pneumonia, bronchitis, or consumption. Foley's Honey and Tar cures quickly and prevents serious results, safe and sure, contains no opiates and will not constipate. Alvarado Pharmacy.

CAVETTE AT SILVER CITY.

He Worked Them Down South—Young Fielder Accidentally Shot.

Silver City, N. M., Oct. 30.—Silver City was paid a visit by the same smooth talking young man who claimed to be representing the El Paso Lyceum bureau, named Cavette. He made arrangements for the course of entertainments to be given here under the auspices of the Normal school. When the date came for the first entertainment quite a number of tickets had been sold and the house was well filled, but the lecturer failed to make his appearance. He did not get off with much money in this city; few dug up and consequently the persons who had the entertainments in charge collected the money which is being returned.

Agee Drug company's store caught fire in the rear portion this morning from the explosion of some acids. No great damage was done as the fire was easily extinguished.

A very deplorable accident happened at the depot last evening just before the train pulled out. James S. Fielder, wife and little boy were standing in the waiting room waiting for the train to start, as Mr. Fielder was going up the road on a short trip, when a pistol was accidentally discharged and the bullet struck the little Fielder boy in the hip and passed on through his body. The doctors state that the wound is not serious and that no bones were shattered. The injured child is getting along very nicely at present.

United States Marshal Foraker is in the city today attending to some business matters pertaining to his stock interests in Grant county.

At the republican rally held in this city last Tuesday afternoon the principal speakers were Governor Otero, who had a very bad cold and only spoke a few minutes, but was followed by Hon. W. A. Hawkins, who delivered quite an extensive address. Hon. A. B. Fall followed with a very neat campaign speech. The meeting was held for the purpose of answering the charges made by H. B. Ferguson in his speech delivered in this city three days previous against them.

Silver City has registered 671 voters for the coming election. This shows considerable growth in the city since last election.

Look out for Fever.
Biliousness and liver disorders at this season may be prevented by cleansing the system with De Witt's Little Early Risers. These famous little pills do not gripe. They move the bowels gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands. B. H. Briggs & Co.—J. H. O'Reilly & Co.

POSTOFFICE DEPARTMENT.
Some Statistics, Showing Increases and Decreases for New Mexico. Special Correspondence.

Washington, D. C., Oct. 28.—By report of the fourth assistant postmaster general for the year ending June 30, 1902, there were 16,970 postmasters appointed, increase of 1,313 over last year. Offices are presidential or fourth class. The former is first, second or third class and receipts exceeds \$19,000 a year. In first class the gross receipts exceed \$40,000. A postoffice is established wherever it will accommodate a reasonable number of people. In New Mexico, of presidential 1 resigned, 1 commission expired, 1 removed, 1 became presidential, total 10.

Of fourth class 71 resigned, 13 not re-appointed, 10 removed, 4 deaths, 45 offices established, 11 discontinued, total cases acted on 154. New Mexico postoffices established only 6 behind New York, yet the latter had 234 abolished. New Mexico, in proportion to population, is ahead of every state or territory, Oklahoma following closely.

Presidential, second class 3, third class 11, total 14, increase 1. Of fourth class 109, money order; 250 money order; total, 359. Of presidential New Mexico has 14, same as Delaware, and ahead of Nevada, Hawaii, Alaska, Porto Rico, District of Columbia. Next year ought to pass Delaware, Wyoming and Utah and come close on Utah and Arizona.

Here New Mexico ran 48, in population 46. On average compensation for fourth class postmasters New Mexico is close to Connecticut, Idaho and New Hampshire, and ahead of Utah, Wyoming, Arizona, Nevada, Delaware, Rhode Island, Hawaii, Alaska, Porto Rico, District of Columbia and Lullula (Samoan Islands.)

In amount expended per capita for use of mails New Mexico makes a splendid showing, being 87 cents, just below Delaware, Florida and Indiana, and ahead of these above mentioned, also West Virginia, Virginia, Texas, Tennessee, Georgia, Arkansas, North Carolina, Alabama, Mississippi, South Carolina and here New Mexico ranks 37, yet in number of postoffices 43. This is an index of education and business transactions of all states. South Carolina is lowest, at 42 cents.

In 1790 there were 75 postoffices, one to each 52,400. Since then postoffices have multiplied over 1,000 times, population over twenty times. Bonds of postmasters are examined every two years. Personal securities are preferable to bond companies. Commissions are classified: Presidential to next session of senate or till successor qualifies. Presidential confirmation, by senate, and fourth class at pleasure of postmaster general. Number of postmasters reported by auditor for informalities or irregularities last year, 503. Total arrests, 1,721. Number New Mexico complaints, 37; loans, 22. Cuba deficit, Spanish system, \$523,046; under United States, \$105,574, and in another year would be self-supporting.

We sell the greatest of blood purifiers, Acker's Blood Elixir, under a positive guarantee. It will cure chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1. J. H. O'Reilly & Co., and B. H. DEATH'S DOINGS.

Mrs. J. E. Bronson.
Mrs. J. E. Bronson died last night at her home, 316 South Arno street, of tuberculosis. Mrs. Bronson is the wife of Dr. J. E. Bronson, the well known homeopath. The deceased has been a resident of Albuquerque for the past year, and had just passed the age of 46 years. The funeral will take place from the residence at 10 o'clock tomorrow morning. Rev. Beattie will officiate. Interment will be made at Fairview cemetery.

Dr. Gilbert Dead.
Dr. Bartlett Gilbert died this morning at his home on North Sixth street of tuberculosis. Dr. Gilbert and his family came to this city from Silver City, but formerly resided in Sterling, Colorado. A wife and three children survive the kind and loving father. Dr. Gilbert's mother and five sisters also reside in this city. The funeral will take place Sunday afternoon at 2 o'clock from the residence. Rev. P. V. Fisher, of the Lead Avenue Methodist church, will conduct the services and interment will be made at Fairview cemetery.

Spent More Than \$1,000.
W. W. Baker, of Plainview, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1,000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar and, thanks to this great remedy, it saved her life. She enjoys better health than she has known in ten years." Refuse substitutes. Alvarado Pharmacy.

At Neher's Pooling Place.
A few bets were posted last night at George K. Neher's White Elephant saloon: Five hundred dollars that Rodey beats Ferguson 3,000 votes; \$100 that no republican's plurality will be less than 1,500 votes in the county; \$100 that T. S. Hubbell gets twice as many votes as Hunk and O'Bannon combined for sheriff; \$100 that T. S. Hubbell has 2,000 or more plurality.

A wire will be cut in at the White Elephant to take the returns from all parts of the United States and from the territorial precincts.

It Goes Right to the Spot.
When pain or irritation exists on any part of the body, the application of Ballard's Snow Liniment will give prompt relief. "It goes right to the spot," said an old man who was rubbing it in, to cure rheumatism. C. R. Smith, Propr. Smith House, Tenaha, Texas, writes: "I have used Ballard's Snow Liniment in my family for several years, and have found it to be a fine remedy, for all aches and pains and I recommend it for pains in the throat and chest." 25 cents, 50c and \$1.00 at Cosmopolitan Pharmacy.—B. Ruppe.

Another Merger.
Helena, Mont., Oct. 31.—The absorption of the Great Falls & Canada road by the Great Northern will be consummated at midnight tonight, when the transfer of the property will be made. The officials of the Great Northern have recently completed a tour of inspection of the Great Falls & Canada. The property is reported in good condition, though it is understood a number of improvements will be made in the near future.

No danger of consumption if you use Foley's Honey and Tar to cure that stubborn cough. Alvarado Pharmacy.

Paper Company Meeting.
New York, Oct. 31.—At the special meeting of the United Board and Paper Company, in session today in Jersey City, the stockholders are to vote on two propositions. One is to correct a technical irregularity in the increase of the capital stock from the original \$1,000,000 and the other to authorize the directors to issue \$3,500,000 of five per cent. bonds. Of this issue of bonds, \$2,000,000 will be used to retire an equal amount of the preferred stock of the company. The other

\$1,500,000 will be devoted to the purpose of covering the mortgage indebtedness on some of the plants.

Beautiful Complexions.
Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from sallowness, pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion; 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

Still a Growing

Our fancy coffee business for 1901 reached the snug amount of 10,000
pounds. We wish to double that in 1902, and in order to do so we are
offering the very best grades of coffee on the market at 40 cents per
pound. We are sole agents for CHASE & SANBORN'S celebrated Seal
Brand and Club House. We also have a full line of blended coffees
at prices to suit from 20 cents up. Our 35 cent blend we consider equal
to the most of the 40 and 45 cent grades offered by the trades.

As to teas. Everyone knows that we keep the very best to be had
in the territory.

SENATOR W. H. ANDREWS.

Republican Candidate for the Legislative Council From the District Composed
of the Counties of Socorro and Sierra.

Senator William H. Andrews, of
Sierra county, is a native of the state
of Pennsylvania and about 50 years of
age. He was educated in the public
schools of his native state. His occu-
pation might really be called that of a
farmer, as he was always fond of ag-
ricultural pursuits and is the owner of
some extensive, well conducted and
profitable farms in Pennsylvania, al-
though for about a dozen years he con-
ducted successfully extensive mercan-
tile establishments at Titusville, Pa.;
Louisville, Ky., and St. Louis, Mo.
Upon attaining his majority, being a
strong republican, he immediately en-
gaged in politics and attained much
prominence. He served several terms
as a member of the house of represen-
tatives and of the senate of the legis-
lature of the Keystone state and dur-
ing this service was for most of the
time chairman of very important com-
mittees. For four years he served in
the senate, and during that time did
most valuable and efficient work for
his constituents and for the people. He
was always in favor of and supported
progressive legislation, a strong friend
of public education and advocated the
rights of the laboring man; at the
same time recognizing that the rights
of capital and capitalists should be re-
spected, and that even handed justice
should be meted out to all, regardless
of station, wealth or rank. For many
years he was a lieutenant of Senator
Matthew Stanley Quay in Pennsylvania
political affairs, and held the position
of chairman of the republican state
central committee, which he filled with
great success and ability. He has had
a thorough training for many years in
legislative and political affairs. This,
of course, will stand him in good stead
in the legislative council of the thirty-
fifth assembly. He came to New Mex-
ico about eight years ago and engaged
in mining at Andrews, Sierra county,
where he still retains valuable mining
interests and where mining operations
are being conducted by him and several
associates from Pennsylvania on an
extensive scale. About two years
ago his attention was called to the
fact that a railroad connection between
the Chicago, Rock Island & Pacific rail-
road in eastern New Mexico, with
Santa Fe, the capital of the territory,
and with Albuquerque would prove
profitable and timely. He carefully ex-
amined the situation and became con-
vinced that the plan was not only feasi-
ble, but, if carried out, would prove of
vast benefit to Valencia, Santa Fe, Ber-
nalillo and Lincoln counties in partic-
ular, and to the people of the entire
territory in general, in addition to be-
coming a source of profit to the cap-
italists who put up the money for the
building of such a line. He immedi-
ately commenced work, and in a few
months interested a party of wealthy,
shrewd and successful capitalists and
business men of Pittsburg, Pa., in the
project. Among these are General
Francis J. Torrance and Senator Ar-
thur Kennedy. After careful investi-
gation and thorough exploration, it
was demonstrated to the fullest satis-
faction to these men of affairs that the
building of the line proposed by the
senator would bring about the results
he claimed. Two and a half millions
of dollars were raised, surveys were
made and active work is now being
pushed on the construction of the
Santa Fe Central railway from Santa
Fe to Torrance, which, with the branch
lines will be 140 miles in length, and
on the Albuquerque Eastern railroad
from Moriarty station to Albuquerque,
which will have a trackage of about
forty-five miles. Senator Andrews, by
his endeavors and well directed efforts,
has brought more actual capital into
the territory since he has become a
citizen of it than has any other man
in its history. He is in a position to do
still better and more in the future, and
there are several great railroad and
mining enterprises under considera-
tion by him, which before many moons
will be resolved into realities
and will become great factors of
New Mexico.

which he is a citizen, composed of the
counties of Socorro and Sierra, was en-
dorsed by the democratic county con-
ventions of both counties and by the
independent republicans of Socorro.
His election, therefore, is assured. He
is in the prime of life, energetic, fear-
less, a man of affairs, a thoroughly
posted politician and experienced leg-
islator. He is a true and firm friend
and honorable man who always keeps
his word in politics as well as in busi-
ness. He has made himself well ac-
quainted with the necessities not only
of his district but of the entire terri-
tory, and in the thirty-fifth legislative
assembly will be found on the right
side and voting for progressive, bene-
ficial and fair measures.

His Life in Peril.

"I just seemed to have gone all to
pieces," writes Alfred Bee, of Welfare,
Texas, "illness and a lame back
had made life a burden. I couldn't eat
or sleep and felt almost too worn out
to work when I began to use Electric
Bitters, but they worked wonders.
Now I sleep like a top, can eat any-
thing, have gained in strength and
enjoy hard work." They give vigorous
health and new life to weak, sickly,
run-down people. Try them. Only 50c

Plans of the St. Paul.

New York, Oct. 30.—Railroad and
financial circles are considerably inter-
ested in the meeting being held today
by the directors of the Chicago, Mil-
waukee & St. Paul road. It is their
first meeting since the stockholders of
the road authorized an issue of \$25-
000,000 new stock and the public is
anxious to learn what disposition is to
be made of the funds. It is said that
extensions in the copper country of
northern Michigan are contemplated,
while in other quarters it is asserted
that the new stock will be used for
the purpose of giving the Milwaukee road
a connection to the Pacific coast so
that it can compete with the Northern
Securities roads.

Don't Treat Symptoms

Go after the cause. Stimulants and cathartics will never cure indigestion. They may temporarily relieve the system but the next meal clogs it again. The food should be digested. The nourishment—health—strength it contains should be appropriated—absorbed by the system.

KODOL

Children Thrive on Kodol

purifies, cleanses, strengthens and sweetens the stomach. This new discovery digests all classes of food and assists the stomach and digestive organs in assimilating and transforming it into the kind of nourishment that is taken up by the blood and fed to the tissues throughout the various organs of the body. Kodol cures indigestion and dyspepsia, thus removing the cause of all stomach troubles. Kodol gives such strength to the body that it is invaluable in all wasting diseases.

"I wish to thank you for what Kodol has done for me," writes Clifton Gilpin, Collett, Ind. "It cured me of dyspepsia after everything else had failed. When I tried Kodol it helped me right away. I cheerfully recommend it."

Six Physicians Said Diabetes.

Bright's Disease and Diabetes Are Positively Curable.

John A. Phelps, of the Hotel Repeller, 721 Butler street, an old-time San Francisco business man, interviewed December 21, 1901.

Q--It is hard for people to believe Bright's Disease and Diabetes are curable. Will you let us mention your case?

A--You may. I've told many about it.

Q--Did physicians declare it Diabetes?

A--A half dozen did. For three years I declined steadily till finally I had to sell my business. The last doctor thought I'd live only about six weeks and advised me to straighten out my affairs.

Q--How soon did you begin to mend under the Fulton Compound?

A--The specific gravity soon began to drop, but it was nearly a year before I was perfectly sound.

Q--Did any whom you told of it take it?

A--Several cases of Diabetes and Bright's Disease, upon hearing my experience, took it and recovered.

Q--Can you recall the names?

A--I don't like to mention them without their permission. One was a friend in Collinswood, Ohio, who was persuaded off by his cousin as he was incurable. He recovered. Another was that of a well-to-do lady in this city, who was also given up by her physicians. She is now perfectly well.

Q--What do you think now of the curability of chronic Bright's Disease and Diabetes?

A--I have known for several years that they are curable.

Q--But the books say that they are not?

A--Certainly they do, and I fear that reason many will not at first believe it, but they will gradually.

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent. are positively recovering under the Fulton Compound. (Common forms of kidney complaint and rheumatism offer but short resistance.) Price, \$1 for the Bright's Disease and \$1.50 for the Diabetic Compound. John A. Phelps, 420 Montgomery St., San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

avenue owned by Mrs. Judge Bristol and occupied by J. W. Potter and family and Mrs. W. F. Smith, caught fire from unknown cause and was entirely consumed. The Potters lost about everything and have no insurance. Mrs. Smith lost nearly everything, but has an insurance of \$400 in the Field agency. The Burnside agency had an insurance of \$450 on the house. The McGlinchy residences close by were damaged about \$200 from the flames. They are insured. The Headrick residence was slightly damaged and was also insured in the Field agency. The fire company, with the aid of a hastily organized and heroic bucket brigade, saved them.

A Typical South African Store. O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

Art Exhibition at Syracuse. Syracuse, N. Y., Oct. 31.--The first exhibition of the Central New York Society of Artists opened today in the gallery of the Museum of Fine Arts with a private press review. The exhibition, which will continue through November, consists of original works in oil painting, pastel and sculpture.

Natural Anxiety. Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquidifies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung trouble. J. S. Mc Mahon, Hampton, Ga., "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." B. DEMING.

From the Herald.

Work on the Mahoney building is being pushed rapidly to completion. Mr. Mahoney has decided to make this a handsome store room, which will add much to the attractiveness of this part of Gold avenue.

E. E. Burdick raised this year some of the largest quinces ever seen in this section of New Mexico. We were shown a dozen fine specimens of the fruit raised on a small tree in his yard here, and one of the quinces measured 16 inches in circumference and weighed 1 1/2 pounds.

M. A. Freeland just returned from service in the Philippines, tarried in town en route to Fort Bayard. The eastern trip didn't benefit his health and it is now necessary to try Fort Bayard for a few months. Mr. Freeland is an ex-tyo and paid this office a very pleasant call.

Word was received here announced the death of Mrs. H. H. Olcott, at the home of her daughter, Mrs. A. E. Bent, at Lamar, Colo., on Thursday night of paralysis. Mrs. Olcott was a former resident of Deming and was well known here. Mrs. J. H. Blackford and Miss Norma Krouse are both nieces of the deceased lady.

From the Herald.

While escaping in her bare feet from her burning house Monday morning, Mrs. J. W. Potter run a sliver in one of her toes, which caused her much pain until it was removed.

Judge Seamon Field, the receiver of the Deming ore mill and adjoining buildings, sold the property under order of the district court. It was purchased by John Corbett for \$1,500.

Charles Mehan, formerly Chinese Inspector in this district, but now holding an important position in the service at Boston, was in Deming closing up some business here, and left for the east Friday.

Mrs. George Shepard, who will be remembered as having lived in a tent behind the Methodist Episcopal church with her husband and three children a year ago, died at Hicksville, Ohio, October 12, 1902. Her many friends here condole with the family.

George Snyder returned this week from Baton Rouge, La., where he went with two cars of horses for market--one car belonging to J. N. Upton and the other to himself. The horses sold rapidly, and well. Mr. Snyder will take a few more cars of the animals to the same market shortly.

Saturday, October 18, Henry Meyers, a prominent stockman of Grafton, N. M., was married to Miss Belle Laphew of Fairview, in the parlor of Mrs. J. E. Ayres, at Hermosa, by Judge Taylor. "The groom looked happy and contented," writes our correspondent, "while the bride shone radiant with maidenly beauty."

We are informed that Prof. Joseph Merk, the well known horticulturist and florist, has commenced suit for \$5,000 damages for alleged assault against Michael M. McGeeney, sole heir to the \$35,000 estate of the late Patrick McGeeney, of Deming. S. M. Ashenfelter, Esq., is Professor Merk's attorney in the case. The assault is alleged to have been committed in April last, while Merk and McGeeney were returning from attending Merton Smith's gospel tent. On this occasion Professor Merk claims to have received injuries to his right leg that have crippled him more or less ever since. He is at present under the care of Dr. Cassels.

THE NEW LINES

The Santa Fe Contemplates Building Branch Roads in New Mexico.

INCORPORATION PAPERS FILED

Judge H. L. Waldo, solicitor for the Atchison, Topeka & Santa Fe railway, yesterday filed incorporation papers in the office of Territorial Secretary J. W. Reynolds for the Eastern Railway company of New Mexico. These articles indicate a coming change in the railroad situation of New Mexico which will be sweeping in its nature and will have far-reaching effects on the future prosperity and growth of the territory.

The main line of the Eastern Railway company of New Mexico will begin at a point on the Santa Fe Pacific near Rio Puerco in Valencia county. It will then pass in an easterly direction, crossing the Rio Grande, probably near Belen, and going through eastern Valencia and through Guadalupe counties to the boundary of New Mexico and Texas, forming a junction with the Pecos Valley & Northeastern railway near Texico, just across the New Mexico line. The length of this main line will be 265 miles in New Mexico and it will run through Abo Pass, going thence to Fort Sumner, will cross the Chicago, Rock Island & Pacific railway near Llanito station and the Santa Fe Central near Willard.

In addition to the main line, two branch lines are contemplated, one fifty-five miles long and the other sixty-five miles long, altogether in New Mexico. One of these branch lines will start at Rio Puerco and will follow the Puerco river to La Joya, Socorro county, there crossing the Rio Grande river, in township 2 north, range 1 east, to a connection with the main line of the Eastern Railway of New Mexico in township 3 north, range 4 east, in Valencia county, somewhere near Abo Pass. This branch or cut-off will give a more direct line to El Paso from Chicago as well as from Los Angeles.

The other cut-off will begin at Brazil Springs near Fort Sumner, Guadalupe county, and running eastwardly through Guadalupe and Chaves counties, will form a junction near Portales with the Pecos Valley & Northeastern and then continuing to the eastern boundary into Texas, where it will probably form a connecting link with a direct line to Fort Worth and Galveston. The total mileage in New Mexico of the Eastern Railway of New Mexico and its branches will be 385 miles.

The capital stock is \$9,625,000 divided into 96,250 shares, of which \$385,000 have been subscribed, \$379,000 being subscribed by Edward P. Ripley, president of the Atchison, Topeka & Santa Fe railway. The directors and incorporators are: Henry L. Waldo, Ralph E. Twitchell, F. C. Fox, Charles A. Spies, of Las Vegas; Edward P. Ripley, of Chicago; Victor Morawetz and Edward J. Berwind, of New York. The headquarters will be at Las Vegas, San Miguel county.

The building of the Eastern Railway of New Mexico will revolutionize railroad traffic in this territory. It will be noticed that the line on the east side of the Rio Grande via Abo, Fort Sumner and Texico, is nearly as due east and west as it can be, considering the topographical conditions. That the transcontinental business of the Santa Fe railway will go through New Mexico mainly via this new road is certain; it is also sure that the Mexico business of the road will be sent through southern Kansas via the new line and LaJoya, thence over the present Rio Grande division south. The line planned from near Fort Sumner east to a connection with the Pecos river division of the Santa Fe railway system, will certainly be used for the transaction of transcontinental business from Galveston to the Pacific coast. Belen, in Valencia county, in the neighborhood of which the new railroad will cross the Rio Grande and the Rio Grande division of the Santa Fe, is destined to become a most important railroad center. It is understood that the construction of the main line of the Eastern Railway of New Mexico will commence immediately and that its permanent location has been determined upon. The La Joya and Fort Sumner branches will not be constructed until the main line of the Eastern Railway shall have been finished.

This new road will prove an important factor in developing the portion of New Mexico east of the Rio Grande in Valencia and Guadalupe counties, a section understood to be capable of great development and of latent resources.

NOT LEFT OUT.

The Santa Fe Will Build From Bovina, Texas, to This City.

An Associated Press dispatch from Austin, Tex., gives another side of the railroad situation. The dispatch is as follows:

It was stated here today on good authority that the Santa Fe is negotiating for the purchase of the Texas Central railroad, which runs from Waco to Stamford, Tex., a distance of about 225 miles, and that the deal will probably be closed and confirmed at a meeting of the stockholders of the Santa Fe to be held at Topeka on December 11. It is said to be the purpose of the Santa Fe to extend the acquired road northwest from Stamford in a direct line to Bovina, where connection will be made with the Pecos & Northern Texas railroad, which is a Santa Fe property. The official announcement is also made that the purchase of the holdings of the Eastern Railway company of New Mexico by the Santa Fe will be approved at the coming stockholders' meeting, and that provision is to be made at that meeting for the immediate building of that road from Albuquerque, N. M., or a point near there to Bovina.

TRAINS IN NOVEMBER.

Definite Date Set for Beginning Passenger Service on the El Paso & Southwestern.

Much has been written recently concerning the time when the El Paso & Southwestern would be running trains out of El Paso, but the officials of that road have never fixed a definite time until now, says the Times. Superintendent Choate makes the announcement now that the first train will be run out of El Paso over the new line on the 25th day of November.

The force at the tunnel has been increased to its utmost and those in charge of the work say that they expect to see daylight in the big excavation in the next two weeks.

Track laying to the approaches is being pushed as rapidly as possible and will be up to both ends of the tunnel by the time the big hole through the mountain is completed.

The new bridge over the Rio Grande has just been painted a handsome steel color and is now ready for the laying of ties. Hundreds of people visit the new structure daily to view it and pronounce it a magnificent piece of work.

In anticipation of the early operation of trains orders have been given to have all small bridges on the line completed at once.

ESCAPED DEATH.

Passengers Stopped on Brink of Awful Chasm Under Arizona Bridge.

An outgoing combination train of the Maricopa & Phoenix railroad designed to connect with the Southern Pacific at Maricopa, Ariz., was wrecked ten miles from Phoenix, says a dispatch from that city, dated October 29. The engine, tender and two cattle cars fell sixty feet through a weakened span of the bridge, crossing the Salt river.

The dead: An Indian, riding on a cattle car. The injured are: Frank Goodrich, fireman; will die. One passenger coach was partially wrecked and is dangling over the end of the wrecked span. It impeded the passage of three passenger coaches and the Pullman which followed, and thus saved the lives of a score or more passengers. Several scores of cattle were killed or frightfully maimed.

ALEXANDER AGAIN PROMOTED.

He is Made Second Vice President and General Manager of Santa Fe Central.

Harry Alexander, formerly connected with the El Paso & Northwestern system at El Paso, but now with the Santa Fe Central, has left Tucumcari for Santa Fe. He is to drive the territorial capital over the route of the Santa Fe Central in company with W. E. Hagan, secretary and treasurer of the Santa Fe Central company.

These gentlemen spent a day at Tucumcari in conference with Manager Grieg of the El Paso-Northeastern system for the purpose of arranging for terminals and an interchange of business at that point where the Santa Fe Central will join the El Paso-Northeastern.

Harry Alexander has just returned from Pittsburg, Pa., where he was elected by the directors of the road to

the office of second vice president and general manager of the Santa Fe Central and he will have full charge of the construction of the road.

While General Manager Alexander was in the east, directly following his election, he ordered the following equipment for the road: 200 box cars, 250 coal cars, 100 flat cars, six locomotives and a fine special car for himself. He says he expects to have trains running between Tucumcari and Santa Fe by the first of next March.

The friends of Mr. Alexander are delighted to hear of his good fortune in securing these high offices, but are wondering how it came about. The prevailing belief is that the El Paso-Northeastern people are connected with the Santa Fe Central, that they are at least helping to furnish the means to construct it and may possibly be the controlling owners of it and that it will be operated in connection with the El Paso-Northeastern.

RAILROAD NOTES.

The new Santa Fe shops at Point Richmond, Cal., are nearly ready to be occupied.

From Las Vegas to Raton is known in railroad parlance as "the feeble-minded division."

The Santa Fe train from the west was nearly two hours late this morning on account of heavy traffic.

Another homesickness excursion last night. The two passenger trains from the east came in in several sections last night.

The Optic says: Engineer George Crossen left for Albuquerque today, his first trip since returning from a visit to Kansas City.

The contract for lighting and wiring the Santa Fe shops at San Bernardino, Cal., has been given to the Gas & Electric Supply company of that city.

W. V. Turner, air brake inspector for the Santa Fe, is east on personal business. During his absence D. W. Lewis, an engineer on the New Mexico division, is officiating.

Edward McKiernan, of Topeka, who had been in charge of the big rail cut-

ter at San Marcial, has returned to headquarters. The machine will go east within a few days.

When railroad employees, talking among themselves, speak of losing a lung, or of having lung trouble they have reference to draw bars on their trains, and not to the breathing part of man's anatomy.

At an early hour yesterday morning seven cars of a coal train left the track near Waldo on the Santa Fe railroad. None of the train crew were injured and the wreck was soon cleared up. Cause of the accident is not known.

Aaron Peckley, one of Albuquerque's well known Grand Army of the Republic members, returned to the city this morning. After attending the big national encampment at Washington and enjoying himself immensely hob-nobbing with the old soldier boys, Aaron went to Goshen, Ind., his old home, and spent a few weeks with relatives and friends. This was Aaron's first visit out of the city for thirteen years, and he reports having had a splendid time.
