RESUMING WORK

Miners in Anthracite Region Busily Employed.

DENVER DRUG CLERK SUICIDES

Santa Fe Cut-Off Road Files Articles of Incorporation.

FATAL ACCIDENT AT TRINIDAD.

Wilkesbarre, Pa., Oct. 30.—There was general resumption of coal mining today, but, as is generally the case after a holiday, quite a number of the miners did not report for work. All the mines in operation, however, are capable of turning out more coal now than last week and a large output is looked for.

President Mitchell is busy at headquarters compiling statistics for presentation to the arbitration board which he is called upon. He said he did not expect to go to Scranton today.

The various companies of the Fourth and Eighth regiments are leaving the coal region for their homes.

Strike Renewed.

Hazleton, Pa., Oct. 30.—The strike at the seven collieries of Cox Bros., the four mines of Markle & Co., and the Silver Brook operation of Wentz & Co., was officially renewed today through an order issued by District Secretary Gallagher, of the United Mine Workers, upon instructions from President Mitchell. The strikers at those mines were not permitted to return to work in a body, the Cox insisting that their employees make personal application for their former positions and Markle requiring that each man before going back to work promise to abide by the decision of the arbitration commission. The mine workers allege that the objects of these requirements are discrimination against the men who were prominent in the strike.

TROOPS ORDERED HOME.

Coal Region of Pennsylvania Again Peaceful and Quiet.

Pottsville, Pa., Oct. 30.—It is expected that all troops in the coal regions will be ordered home before the beginning of next week. One battalion located at St. Clair, and another at Minersville, left for Philadelphia today. The two battalions at Audenried will be sent home tomorrow. All the collieries in the Panther Creek valley resumed operations today. The Park Place colliery in the Mahoning region resumed operation today after a week's idleness. One thousand employees had gone on a strike because several union men were not reinstated. The strike leaders prevailed upon the men to return to work with the understanding that those who were discriminated against would be provided for by the union until they secured employment elsewhere.

BELEN GETS CROSS ROAD.

Santa Fe Company Files Articles of Incorporation at Santa Fe.

Santa Fe, N. M., Oct. 30.—The Eastern Railway of New Mexico filed incorporation papers today for the Atchison, Topeka & Santa Fe cut off from Texico, near the New Mexico boundary to Rio Puerco, in Valencia county. It will go through Abo Pass and cross the Rio Grande at Belen. It will be 265 miles long and will be the connecting link for a direct east and west line from Kansas City to Los Angeles.

Died for Love.

Denver, Oct. 30.—June C. Terrill, a young drug clerk employed by W. J. Kemper, his brother-in-law, committed suicide by poison this morning. Young Terrill formerly lived at Rocky Ford, where he was engaged to a beautiful girl, Sarah Vance. He left there some months ago and recently the girl wrote him that she was ill. Terrill wrote her to come to Denver and he would help her. Last night she died in a sanitarium. When Terrill heard of her death, he took poison. He left a letter asking that they be buried together.

Fatal Accident.

Trinidad, Oct. 30.—Joseph R. Miller, aged 50 years, postmaster up to last February, accidentally shot and killed himself this morning while cleaning a rifle, preparatory to going hunting. Frank Stipes, who loaned the rifle, is

positive that it was not loaded when he sent the rifle to him.

Directors Met.

New York, Oct. 30.—The directors of the Chicago, Milwaukee & St. Paul railroad, at a meeting here today, took no action on the proposed increase in the company's stock.

Jersey Club Women.

Jersey City, N. J., Oct. 30.—The new Jersey State Federation of Women's clubs began its biennial session here today and will continue through tomorrow. The general theme of the meeting is "Economic Conditions," and this will be treated by the club women in addresses and papers, with particular reference to child labor and factory inspection.

Peninsular Educators Meet.

Marquette, Mich., Oct. 30.—Members of the Upper Peninsula Educational association are gathered here for their seventh annual meeting which will be in session during the remainder of the week. Today was devoted to the reception of the arriving delegates and to meetings of committees at which the final details of the convention program were arranged. Judging from the number of prominent educators whose names appear on the program the meeting will be one of the most successful in the history of the association.

COAL CONTEST CASE.

Commissioner of General Land Office Makes Decision in Carthage Case.

MINES IN SOCORRO COUNTY.

A telegram from Washington, D. C., gives the information that Hon. Blinger Hermann, commissioner of the general land office, made decision on October 23, dismissing the contest made by the San Antonio Fuel company and others on coal lands at Carthage, N. M., also dismissing their application for new hearing before the register and receiver at Las Cruces, thus affirming the decision made by E. Solignac, register, and H. D. Bowman, receiver, on August 1, 1901, in favor of the Carthage Coal company represented by A. H. Hilton, of San Antonio, N. M. This contest, which began nearly two years ago, has been a hotly contested legal battle. It involves the ownership of some 400 acres of coal lands at Carthage, N. M., underlined with the best steam and coking coal in the southwest, with two or three developed coal mines which have several hundred thousand tons of coal in sight and has been shipping coal for the last seven years. The San Antonio Fuel company, represented by C. B. Allaire, of San Antonio, and John L. Emerson, of Titusville, Pa., contested the filings made by A. H. Hilton and others in behalf of the Carthage Coal company. They were represented at first by Judge S. B. Newcomb, of Las Cruces, who died before the contest came up. Afterwards they were represented by Hon. T. B. Catron, Judge A. B. Fall and Attorney Baker, of Las Cruces, besides two leading attorneys of Washington, D. C., before the general land office. Hon. Edward C. Wade, of Las Cruces, represented A. H. Hilton in behalf of the Carthage Coal company before the local land office and practically had charge of the contest all way through. Mr. Hilton took hold of these mines some eight years ago when the old Italian Coal company started them up under the name of the Carthage Coal company. P. Portigilite, John Goodall, Giocomo Loverso, Petre Pignocco were the original locators. The mines were located on the Socorro grant and no title could be had until the grant was rejected by the land court some two years ago when filings were made at Las Cruces and the contest began before the final receipt was given by receiver.

John L. Emerson, of Titusville, Pa., became interested in the property through purchase of portion of it through C. B. Allaire for \$14,000, also to pay the government for the land, which was \$6,000 more. When title was had this portion of the property is known as the Duffy mine, formerly known as the Government mine.

Riots in Porto Rico.

San Juan, Porto Rico, Oct. 30.—Political rioting at Ponce was renewed yesterday evening. From 9 to 11 o'clock the city was in the hands of a republican mob, alleged to have been aided by the municipal police. The federal club was fired on. One man was killed and several wounded, but not fatally. The rioting was renewed today. Business at Ponce is suspended.

A fine rain, with a little hail, visited the city and valley this afternoon.

C. F. & I.

Case Was Called in Court of Appeals.

HOT CAMPAIGN IN NEW YORK

Sheriff of Oregon Charges to See a Man Hanged.

OHIO RAILROAD TO EXTEND.

St. Paul, Oct. 30.—Judge D. C. Beaman and A. M. Stevenson, attorneys for the Colorado Fuel & Iron company, appeared before Judge W. H. Sanborn, in the United States court of appeals in this city today and prayed for an appeal from the order of Judge Caldwell, who in the United States court at Denver, Colo., October 2, 1902, was appointed a master in chancery to conduct and supervise the election of officers for the Colorado Fuel & Iron company and to determine who had a right to vote. C. N. Waterman, of Denver, opposed the application. The hearing was adjourned until tomorrow awaiting the arrival from New York of W. B. Hornblower, who will join in opposing the application. The appeal is the result of a controversy between John W. Gates and his associates and the officials, directors and other stockholders for the control of the fuel company.

HOT CAMPAIGN.

Republicans Will Whoop Up Things in New York.

New York, Oct. 30.—The republicans are to have their innings on the political stage in greater New York tonight. It is the beginning of the whirlwind finish planned for Governor Odell's campaign for re-election. The governor will be heard at three big meetings, to be held in Cooper Union, Durand's Riding academy and in the Bronx. Mayor Low will preside and outside talent will be heard in abundance. Secretary of War Root has come over from Washington and will be heard at one of the meetings, while Senator Foraker, of Ohio, is another star campaign orator advertised for the occasion by those in charge of the arrangements for the rally.

POLICE COURT.

Colored Society on North Third Street in an Uproar.

OTHER PROCEEDINGS.

Colored society, by means of all talking at once, telling the story of their lives and giving vent to tears, begging and beseeching the judge that they had done nothing and didn't want to leave town, gave a star performance in police court this morning.

The scene of the first act was at Dora Browne's place on North Third street last night.

Andrew Dillard, an accomplished goosener and pay ladies man, tried to make love to Pearl Springs, a new arrival in colored society. Pearl refused his attentions and a bad complicated mix up was the result.

Dillard appeared in police court this morning with his collar and necktie in a dilapidated and soiled condition; Pearl wore a lovely black eye.

Pearl made several attempts to tell her life's history, but the court would not listen to it. But notwithstanding all protestations she continued to talk. She told of being a lone woman in the world, no home, no mother, no nothing, and that she was a lunger here for her health, but for a woman with one lung she could handle a large amount of smutty talk.

Dillard had a scratch on his neck, said to be the result of a knife used by Pearl, but there was no evidence to prove that the woman cut him or that a knife had been used.

It was a case of catch as catch can. One would claim one thing and the other an entirely different story. The judge told them that this climate was not good for their health, especially the atmosphere around police court. Then began the flow of pitiful tears, but the judge was not to be touched and gave Dillard notice to vacate, and Pearl thirty days suspended sentence. Several witnesses gave testimony

that would lead one to believe the rough house occurred in different places altogether.

Ossa Maria Candelaria was fined \$10 for creating a disturbance in a saloon and pulling a young fellow over the floor, breaking his little finger.

Must Pay to See Hanging.

Portland, Ore., Oct. 30.—If Sheriff Storey, of Multnomah county, consummates his present intention, murderer A. L. Belding, who deliberately killed his wife, her paramour, Frank Woodward, and her mother, Mrs. Lemuel McCroskey, last July, will pass into history tomorrow as the first criminal who made money on the scaffold. The sheriff proposes that those who attend the hanging shall pay \$5 towards the support of Belding's 6-year-old boy, whom the noose will make an orphan. At last accounts there was a brisk demand for tickets to witness the execution.

Ohio Railroad to Extend.

Cleveland, Oct. 30.—The Pittsburgh, Western & Lisbon Railroad company has increased its capital stock from \$10,000 to \$5,000,000. The company, which was incorporated a few weeks ago, will control the lines of the company which formerly bore its name, and will make extensions to Ashtabula Harbor, Salem, Steubenville and Marion. The extensions will tap the rich Mahoning and Shenango valleys and will complete the physical connections between the new road and the Wheeling & Lake Erie.

Swiss Minister Says Adieu.

New York, Oct. 30.—The retiring Swiss minister, Mr. Pioda, sailed for home on La Savoie today. He is to go to Rome as successor to Minister Corlin, who is sent to London.

Miners Injured.

Iron Mountain, Mich., Oct. 30.—Six miners were seriously injured by a premature blast in the Walpole mine, among them Capt. Ben Martin.

THE GREAT SOUSA.

With His Band of Musicians, He Appeared at Colombo Hall.

BIG AUDIENCE PRESENT.

John Philip Sousa and his famous body of players held the filled house at Colombo hall spiced tonight with the wonderful achievements of this organization. Their tone and balance are truly wonderful, and so delicately poised is the caliber of the various wood, wind and brass instruments, that the absence of string is not felt, or, if it is, the ear never tires of listening to the rich, luscious tone of the clarionets, flutes and oboes, or the broad mellow sounds of the cornets, the saxophones and the trombones that fill out the general harmonic design. Equally marvelous are the precision with which these performers obey the slightest indication of their conductor, the crispness of their execution, the beauty of the pianissimos, the extraordinary delicacy of the nuances of light and shade. In short, no musical organization of the kind could possibly attain a higher degree of perfection.

The party left the city this afternoon on a special train for Santa Fe, where they will appear tonight.

Current Import Case.

Chicago, Oct. 30.—The custom protest case of Reid, Murdoch & Co., of Chicago, which in its earlier stages of litigation before the board of general appraisers and the United States circuit court attracted wide spread interest, came up for argument today before the federal court of appeals for the Seventh district.

The question at issue is whether the duty on currants should be imposed upon the government weight of the article, according to the find and record of the weighing officers, or whether the duty should be imposed upon the weight determined after subjecting the merchandise to the cleaning process.

Death of a Pioneer.

Kansas City, Oct. 30.—J. N. Irwin, of Irwin Bros. Commission company, died at his home here today of Bright's disease. He was 65 years old and in the 50s was a freighter, making many trips from Atchison, Kas., to Salt Lake City. Later Irwin and his brother held beef and mail contracts with the government and made trips to Denver, Salt Lake City and Santa Fe, New Mexico.

The Citizen understands, although no notice to the effect has been left at this office, that a reception will be tendered to Rev. Fisher this evening at the residence of Mr. and Mrs. R. Y. Short on West Coal avenue.

ARE INSPECTING

Anthracite Coal Arbitration Commission at Work.

PARIS ORCHESTRAS ON A STRIKE

New York Man Under a Delusion That He is a Murderer.

AUTOMOBILE DRIVER SENT TO PRISON.

Scranton, Pa., Oct. 30.—The real work of the arbitration commission appointed by President Roosevelt to adjust the differences existing between the coal operators and their employees began today. Briefly stated, the day's work will consist of a general inspection of inside and outside workings of coal mines and the homes and surroundings of workmen. All the region lying north of here to Forest City, a stretch of twenty-two miles, will be gone over. This will take up the entire day. Tomorrow and Saturday the mining region from here south to Wilkesbarre will be looked over.

Inspecting a Mine.

Forest City, Pa., Oct. 30.—The commission arrived here at 11 o'clock. Carriages were immediately entered and the party driven three-quarters of a mile to the No. 2 shaft of the Hillside Coal & Iron company, which is operated by the Erie Railroad company. The depth of the mine is 410 feet. This mine is said to be one of the best in upper region and was selected by the operators. The mine workers' representative will also select a colliery for the inspection of the commission.

Domestic Tragedy.

Pueblo, Oct. 30.—Frederick Roberts, owner of a foundry at Salt Lake, shot and fatally wounded Mrs. Charles F. Cooper in a lodging house in this city shortly after noon and then suicided, shooting himself in the head. The cause of the deed was the refusal of Mrs. Cooper to marry Roberts. Both Roberts and the woman had recently been divorced.

M. Kaufman and W. F. Williams, of San Pedro, are in the city today, to attend concert given by Sousa's band.

FAIR COMMITTEE.

Held Meeting Last Night—Funds Are Enough to Meet All Accounts.

MASS MEETING NOV. 12.

A majority of the members of the executive committee of the New Mexico Territorial Fair association met last night at the office of the secretary, P. F. McCanna, and discussed the finances in the treasury.

The secretary stated that the only bill, as far as he knew, yet unaccounted for was that of Richard & Win Wetherell, who were here in charge of the Navajo Indians, and that, on the subject of this bill, he had that day received a communication from Richard Wetherell. The letter, inclosing bill, was read, and the secretary was instructed by the committee to make a settlement with the Wetherells, after which there will yet be a small balance in the treasury.

It was reported that there remains \$125 in the base ball fund, and as the fair association helped out this fund when a deficiency existed last year, it was moved, seconded and carried that the \$125 be transferred to the fair association, and with this amount added to the receipts, and after all bills are paid, there will remain between \$25 and \$50 in the fair treasury—just a nice nest egg to commence business on next year.

It was then moved, seconded and carried that the same auditing committee of last year—Messrs. Frank McKee, C. F. Myers and R. B. Putney—be asked to officiate again for the fair, hence these three gentlemen were appointed, and are now going over the receipts and expenditures of the recent fair. After the completion of their work, the fair financial report will be ready for the public.

Although work on the recent fair was commenced several months earlier than on previous fairs, it was thought advisable by the executive

committee last night that a much earlier start should be made on the 1903 fair, hence it was moved and seconded that a mass meeting of the people, for the purpose of electing new fair officers, be held up stairs over Zeigler's Cafe on Wednesday, November 12. The meeting then adjourned.

PROBABLY INSANE.

Man in New York Thinks That He is a Murderer.

New York, Oct. 30.—William C. Johnson, who gave himself up to the Brooklyn authorities last night, declaring he was the slayer of Albert C. Latimer, who was shot at his home July last, was questioned today by the police. Johnson, when asked to describe the shoes, lantern and cap found on the Latimer premises following the shooting, he failed to do so. At the close of the prisoner's examination, Detective Captain Reynolds said to him that he was either crazy or a liar. Johnson told the police that he lived at 464 North Eighth street, Philadelphia.

Nothing Known of Johnson.

Philadelphia, Pa., Oct. 30.—Nothing is known in this city of William C. Johnson. The address given by Johnson, 464 North Eighth street, is a stable and has been for several years. No person by the name of Johnson is known in the neighborhood.

FERGUSON TALKED.

He Addressed a Small Crowd at Colombo Hall Last Night.

IN FAVOR OF STATEHOOD.

Hon. Harvey B. Fergusson, democratic candidate for delegate to congress from New Mexico, delivered an address in Colombo hall last night. The national issues were touched on briefly by the speaker, declaring himself in no uncertain terms a follower of the Bryan democracy. Mr. Fergusson's speech was not of the violent nature as they were in the early part of the campaign.

Comparing this speech with the one delivered at Las Vegas, those familiar with both are inclined to believe that Mr. Fergusson is changing his campaign tactics on the territorial administration. Mr. Fergusson was very emphatic in his denial of the statements made by San Marcial correspondents that in his speech there Tuesday night he had declared himself doubtful of the fitness of New Mexico for statehood. With much earnestness he claimed that he had been misquoted and called attention to his faithful efforts while in congress to secure statehood for the territory.

The speech was admittedly good and deserved a larger audience than was present. Mr. Fergusson is an eloquent speaker, his presence is pleasing and his speaking last night to a handful of faithful ones, is to be commended.

An indirect reference to the small hall could not be resisted even by the speaker, but he covered the issues of the campaign in the same manner he would to a large house.

Mr. Fergusson left last night for Gallup, where he speaks tonight.

PARIS ORCHESTRAS.

Strike of the Musicians of the Principal Play Houses.

Paris, Oct. 30.—The strike of the members of the orchestras of theaters and other places of amusement began at noon today. The strikers assembled at the Labor exchange, bearing their implements. Although the theater managers announced their intention of fighting the strike a number of them have already yielded rather than risk the loss of a protracted struggle. Most of the large music halls and cafes also yielded and their orchestras have returned to duty, though a number of them continue to resist and are giving performances without orchestras.

Sentenced to Prison.

New York, Oct. 30.—Six months' imprisonment in the Kings county penitentiary was the sentence pronounced today by Judge Kellogg upon W. B. Raymond, the automobilist who was arrested after his machine had been in collision with a trolley car on Sunday last. The accident caused injuries to twenty-two persons who were on the car. Judge Kellogg, in sentencing Raymond, said he was convinced that the automobilist had been negligent, and should be punished.

Miss Silve Munger has resigned as clerk in the Lion dry goods store and accepted a similar position with Solomon, Benjamin & Co.

MINE DISASTER

Several Lead Mines at Joplin Ruined.

BRITISH SAFE IN SOMALILAND

Post Office Inspector Makes Important Arrests in Montana.

WAIL OVER THE BUSINESS CONDITIONS.

Joplin, Mo., Oct. 30.—The Froese perity mine cave-in yesterday is assuming big proportions. In addition to seven shafts on the Eleventh Hour tract that were utterly destroyed, the Homestead and Cleveland mines have caved \$5 million dollars in dividends. Five other mines in the immediate vicinity are considered unsafe and have been abandoned.

SWAYNE IS SAFE.

British Commissioner in South Africa Escapes from Savages.

Aden, Arabia, Oct. 30.—Col. Swayne, the British commissioner in Somaliland, reached Barbers in safety. His wounded are doing well. No further movement of British troops against the Mad Mullah will be made until a large force is collected, which will be about two months hence. There is no doubt Somaliland showed the white feather in recent fighting with the Mullah's followers.

Col. Sobbe is in command at Bohotle, Somaliland, where the guns have arrived. The garrison there is not threatened.

IMPORTANT ARRESTS.

Postoffice Inspector Arrests Postage Stamp Robbers.

St. Paul, Minn., Oct. 30.—A Helena, Mont., special to the Dispatch says: "Postoffice Inspector Beattie made at Kallispell last night what is believed to be an important arrest, when he captured Louis Peterson and James Bourke, who are supposed to be leaders of a gang of robbers operating in Montana and North Dakota. The men were offering to sell stamps at a discount and when arrested had over 3,000 in their possession."

BRITISH WAIL

John Bull Excited Over Encroachment of American Capital.

London, Oct. 30.—The Globe this afternoon, commenting on the "tube" railroad debate in the house of commons yesterday, says:

"Last night's proceedings were melancholy foretaste of what we are to expect under the rule of American capitalism. The real sting consists in the fact that American syndicates should have been allowed to fight over the body of the London citizen. The paper attributes the present condition of affairs to the apathy of the British inventor, but declares that it is better to muddle on, overcrowded and badly served as we are, than to place our means of locomotion in the hands of trans-Atlantic jobbers."

In conclusion the Globe urges the government to control the "tube." The other afternoon papers comment on the situation in a similar tone.

Flower and Sculpture Show.

New York, Oct. 30.—After an interval of some years the National Sculpture society is again holding an exhibition—its fifth annual display—this time in connection with the New York Florists' club. The show opened today in Madison Square Garden and will continue through next week. Works of sculpture in all materials are shown, with a brilliant background formed by the magnificent floral displays. Among the floral exhibits that attracted most attention from the crowds attending the opening this afternoon was the new yellow chrysanthemum named Alice Roosevelt, from the white house conservatories.

Charity and Correction.

Iowa City, Iowa, Oct. 30.—Prison officials, county supervisors and others from various parts of the state are taking part in the annual session of the Iowa State Conference of Charity and Correction, which began here today. Round table discussions, papers and addresses dealing with many subjects of interest to those engaged in charitable or correctional work make up the two days' program.

FAIR TO FERGUSSON.

The republican press of this terri-
tory has been unusually kind to Mr.
Fergusson. It is well known that he
has no possible chance of election and
on that account no serious campaign
has been waged against the gentle-
man. Last night he complained that
he had no audience at Colomio hall on
account of the unfairness of the two
daily newspapers of the city toward
him. The dailies of this city have
shown every possible courtesy to Mr.
Fergusson. Full publicity has been
given to all his movements. A double
head free notice of his meeting was
published in yesterday's Citizen. The
democratic nominee started into his
campaign with a flourish of charges.
He was called down by the governor
and territorial land board. His paper
organ at Las Vegas asserted that he
was the champion and friend of the
laboring man, and The Citizen mildly
corrected that paper by pointing to
the fact that Mr. Fergusson was the
extra prosecuting attorney against the
railroad strikers in 1894. He signed
the legal papers causing the arrest of
one Wagg, who proved to be the most
contemptible man who ever went to
jail in a good cause. In the campaign
of 1896 Mr. Fergusson used him by
getting him reinstated on the Atlantic
& Pacific road, Wagg agreeing to go
over the territory in Mr. Fergusson's
interest. At that time Judge Collier

in which he is registered. This
will be rather hard on the men who
have been emigrating from camp to
camp and have no fixed habitation. It
is said that the law will be enforced
in every county in the territory.—Flag-

commissioners, E. I. Cooper and Jose
P. Sandoval; for collector and treasurer,
Leopoldo Sanchez, also on the demo-
cratic ticket; assessor, Juan
Clancy; superintendent of schools, Mil-
ner Rudolph, also on the democratic
ticket; probate clerk, Manuel B. Baca;
sheriff, Harry N. Ruseby; probate
judge, Florencio Garcia.

COMBINE AT SANTA FE.

A Ticket Nominated for Legislative
and County Offices.

The independent republican execu-
tive committee of Santa Fe county
completed a legislative and county
ticket and the following is the result:
For member of the council, William M.
Berger; for member of the house of
representatives, Canuto Alarid and
Juan R. Ortiz; county commissioner
from second district, A. L. Kendall;
from third district, Manuel Romero y
Dominguez; sheriff, Antonio J. Ortiz;
treasurer and ex-officio collector,
George W. Knaebel; assessor, Prisco
Garcia; probate judge, Ramon S. Tru-
jillo; probate clerk, Manuel E. Ortiz;
county surveyor, Frederick W. Thayer;
superintendent of schools, Antonio C.
de Baca.

It is understood that several of the
above candidates have withdrawn their
names.

Notice for Publication.
(Small Holding Claim No. 1763.)
Department of the Interior, United
States Land Office, Santa Fe, N. M.,
Sept. 24, 1902.

Notice is hereby given that the fol-
lowing named claimant has filed notice
of his intention to make final proof in
support of his claim under sections 16
and 17 of the act of March 3, 1891 (26
Stats., 854), as amended by the act of
February 21, 1893 (27 Stats., 470), and
that said proof will be made before the
clerk of the probate court at Al-
buquerque, N. M., on November 10,
1902, viz: Carmel Ruiz de Sandoval,
in behalf of the heirs of Telesforo Lo-
pez de Ruiz, for the tract in sections
Nos. 7 and 8, Tp. 9 N., R. 3 E., New
Mexico principal meridian.

He names the following witnesses
to prove his actual continuous adverse
possession of said tract for twenty
years next preceding the survey of the
township, viz:
Gregorio Barela, Francisco Apodaca
y Molina, Justo Gutierrez, Amador
Sanchez, all of Albuquerque, New Mex-
ico.

Any person who desires to protest
against the allowance of said proof,
or who knows of any substantial rea-
son under the laws and regulations of
the interior department why such
proof should not be allowed will be
given an opportunity at the above men-
tioned time and place to cross examine
the witnesses of said claimant, and to
offer evidence in rebuttal of that sub-
mitted by claimant.

ARIZONA TOWNS

WILLIAMS.

From the News.

H. F. Ashurst left for Flagstaff, expecting to be absent for several days.

Mrs. C. O. Hackley was the lucky winner of the music box raffled off at the Curio by Mrs. William Ergman, her number was 98.

Mrs. R. Postle, who for some time has been at Point Richmond, Cal., for the benefit of her health, returned home much improved.

The old wells and pools throughout the town have all been fitted up with good and substantial coverings, thus doing away with possible accidents in the future.

A horse race for \$50 a side was run last Thursday afternoon. The horses belonged to C. M. Wolf and James Wade. Wolf's horse won by much daylight, it is said. A large crowd was at the track to witness the event.

Mrs. G. H. Barney entertained a party of friends with a Dutch lunch last Monday evening. Anyone who has ever been fortunate enough to partake of the hospitality of Mr. and Mrs. Barney knows that a royal good time was given the guests.

Lyle Button had a narrow escape from a serious accident Thursday. The family horse was hitched near the carpenter shop, and as Lyle passed in front of him, the horse bit him in the face, inflicting painful, but fortunately, not serious injuries. Dr. Tyroler dressed the wounds.

Sheriff James A. Johnson has been doing a little rustling in these parts the past week. He spent a few days at Bright Angel—as he said to rest up—but from the number of votes he will get out there and the confident smile he wore we don't think he did much resting. Jim wants the office again. He is making a hard fight for it. He is entitled to it and will have it.

William Thomberg, a native of Sweden and a resident of South Bend, Ind., died on passenger train No. 1 last Sunday, just as the train was pulling into Williams. He was a sufferer from tuberculosis, and was on his way to Los Angeles, accompanied by his wife and baby. The body was placed in charge of Undertaker Button and prepared for shipment to the home of his parents in South Bend. The bereaved wife was taken to the home of Mrs. Nagiller during her two days' stay here, and everything possible was done to lessen the sadness of being a stranger in a strange land and suddenly bereft of a husband whose health it was expected would be restored by going to California.

If you desire a good complexion use **Moki Tea**, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures skin headache. 25c and 50c. KINGMAN.

From the Miner.

Sheriff Lovin departed for Yuma having in charge J. A. Cleveland and H. C. Graham, who have been sentenced to terms of five years each in the penitentiary. The young men held up and robbed a Jap last week near Hackberry. They plead guilty and received the minimum sentence.

A report comes from Phoenix that an estate of \$40,000 awaits the heirs of the late Gideon Cornell. The estate is in Ohio and a search has been made to find Cornell for some time past. It will be remembered that Mr. Cornell died in Kingman about two years ago. We hope his widow may come in for her share of the estate.

George Harold Smith, an attorney of Minneapolis, Minn., and a member of the Salt Springs and Arizona & Minnesota mining companies, was in Kingman a few days ago straightening out some legal entanglements of the Salt Springs company. The judgment against the mining plant, recently purchased by the company, has been paid off and now there will be smooth sailing. The mill is running and doing good work. Mr. Smith will visit the mines controlled by the two companies

before returning home.

Rev. Isaac Montfort, father of Mrs. E. T. Loy and Mrs. William Miller, died at the Commercial last Sunday morning. Deceased was 85 years of age at the time of his death and during all that long period had been an earnest and active worker in the church. During the civil war he had been entrusted with several important missions by the government, which he carried out in an able and conscientious manner. He was a noble, kindly man, who made the world better by his years on earth. Funeral services were held in the church Monday afternoon and the body taken to Independence, Kan., the following day, Mr. and Mrs. William Miller accompanying the remains.

The grand jury this week wrestled with many hard criminal problems, among which was the Mexican murder case from Peach Springs. The jury concluded that the man held for the crime was not the guilty party and ignored the charge against him. The fact of the matter is that the crime laid against the Mexican could hardly have been committed by him and the jury did the right thing in ordering him discharged. At the time he was held for the crime it was thought that something might develop that would fix the murder on some of the other Mexicans, but so far nothing has been discovered. The jury also investigated several other criminal charges and found several indictments. The work done was very thorough in the short space of time allotted.

Chamberlain's Cough Remedy Saved His Boy's Life.

"I believe I saved my (nine year old) boy's life this winter with Chamberlain's Cough Remedy," says A. M. Hoppe, Rio Creek, Wis. "He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right." For sale by all druggists.

ST. JOHNS.

From the Snips.

Juan Gonzales was thrown from a horse on Sunday and sustained a broken leg. He is quite old and his friends fear that the injury may result fatally.

Ambrosio Candelaria, cashier of the Apache county bank, is having the finishing touch of the artist placed on his beautiful residence. It is indeed a pretty residence and a pleasant home.

B. Schuster has returned from shipping a large consignment of wool. He visited the Albuquerque fair and other towns along the railroad. He reports a successful business trip and a good time. He was absent from the county convention, but says the republican ticket is good enough for him.

Fred Huning, a prominent sheepman of New Mexico, came in last week and took a company of sheep buyers out to look at his flocks. The buyers wanted fat sheep for their Los Angeles butcheries and as Mr. Huning's sheep were not quite fat enough for the Los Angeles men, he brought them back to St. Johns on Sunday.

Stricken With Paralysis.

Henderson Grimet, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. For sale by all druggists.

WINSLOW.

From the Mail.

"Farmer" Lee is in town from his ranch this week.

Dr. Brown was in Pinta on professional business.

A new flooring has been laid in the postoffice this week, and adds to the

already neat appearance of that institution.

Ted Isherwood was among the duck hunters along the river on Thursday. The Navajo restaurant has been closed on account of lack of patronage. Mrs. Frank Soler won the lunch cloth which was raffled by Mrs. J. F. Murray Wednesday afternoon.

Mr. McNeil, of Emporia, Kan., stopped over in town Wednesday while on his way west, and visited his sister, Mrs. Reilly Wolcott.

George F. Schaaf, the jeweler, went to Holbrook last week and returned imbued with all the rights and privileges of an American citizen. He was admitted to full citizenship by Judge Sloan.

Rapid headway has been made in the construction of the new storage building east of the depot and it is now nearly ready for use. It will be used principally for coal storage, but a small portion will be used for ice for the train service.

Mrs. C. R. Hayman left for San Francisco, where she will join her husband. Mr. Hayman is now employed on the Southern Pacific railroad in that city, and they will in the future reside there.

Diphtheria is very prevalent at Snowflake. On Wednesday Dr. Sampson, as county physician, visited the town and placed it under a strict quarantine, so that there is now no traffic in or out of the place. There are no reports of contagious diseases from other parts up the county.

Severe illness is prevalent in the family of Frank Wallace at St. Joseph. Mrs. Wallace is reported very low at present, but the chances seem fair for her recovery. Mr. Wallace's little daughter is sick with acute Bright's disease and but little hopes are entertained of any improvement in her condition.

Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "Dr. King's New Discovery of Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and all druggists guarantee satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

FLAGSTAFF.

From the Sun.

The family of Fred Kendrick left this week for Prescott, where they expect to reside in the future. Mr. Kendrick has employment at his trade at Mayer.

Hugh Anderson will enter the medical department of the University of Michigan in Ann Arbor. He is now at Butte, Mont., and will leave there for Ann Arbor November 1.

Perceval Lowell has commenced the building of a large residence on Observatory Hill. The work is in charge of Godfrey Sykes. Mr. Lowell will also force the city water to the observatory. Mr. Lowell expects to spend the greater part of the coming year here.

Ex-Gov. C. S. Page, of Hyde Park, Vt.; F. A. Day, of Boston, Mass., and William R. Page, of Burlington, Vt., are visiting the Grand Canyon of Arizona and incidentally the Grand Canyon Copper company. The visitors are all prominent citizens of their respective communities.

The town council, at a meeting on Wednesday, passed a curfew ordinance making it unlawful for any person under the age of 17 years to be on the streets after 8 o'clock at night. Those Flagstaff men who shaved off their mustaches so that they might look like little boys had better take warning.

The following pupils of the intermediate department of the Emerson high school were neither tardy nor absent during the last school month: Ruth Baker, Mary Black, Clara Mohlenpach, Cecil Schulz, Myrtle Pulliam, Ella Vail, Ruby Bayless, Marvin Francis, Paul Keller, Paul Aubineau, Harry Hibbon, Jr., and Raymond Kraus.

W. D. Powell was in from the Black Rock mines the first of the week, having returned with a party who had been visiting the properties. Mr. Powell says that he has opened up a five-foot vein of rich ore, which is getting larger as he goes down. He has started a drift at the eighty-five foot level, expecting to open the main body of ore in a short distance in the mountain.

Bronchitis for Twenty Years.

Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure." Contains no opiates. Alvarado Pharmacy.

HOLBROOK.

From the Argus.

Mrs. S. H. Fine was down from Flagstaff to attend the wedding of her brother, F. A. Zuck.

W. B. Cross and family came in from Utah and will make their future home in Navajo county.

J. H. O'Reilly, of Albuquerque, general agent for the Washington Life Insurance company, was in town.

E. H. Rose, of Riverside, Cal., who has the plumbing contract for the new buildings at Whiteriver agency, came in from the west.

Ed Canet, of Los Angeles, was here with about 650 head of cattle which he purchased in the Springerville country. They were shipped to California.

Charles Testerman and family returned from Defiance Saturday. Mr. Testerman has gone to Keam's can-

WORN TO A SHADOW.

When there is a falling off in flesh in woman or man there is "something wrong." And that something wrong is generally a loss of nutrition due to disease of the stomach and the other organs of digestion and nutrition. Sometimes this loss of flesh is accompanied by variable appetite, but in many cases the appetite does not fail and there may be a constant desire to eat. Languor, nervousness, irritability, sleeplessness, are symptoms often associated with this loss of nutrition and falling off in flesh.

Doctor Pierce's Golden Medical Discovery cures disease of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that lost flesh is regained and the physical health re-established.

"I had suffered from indigestion and only those who have suffered from it know what it really is," writes Mrs. M. J. Egan, of day East Genesee St., Syracuse, N. Y. "I had had severe attacks of headache and dizziness, with cold hands and feet; everything I ate distressed me, bowels were constipated and I was growing very thin and nervous. I cannot half express the bad feelings I had when I commenced taking Dr. Pierce's Golden Medical Discovery. I took nine bottles of the 'Discovery' and have taken a cold bottle of Dr. Pierce's Pleasant Pellets. I commenced feeling better with the first bottle and kept on improving. Now I am so greatly improved in health my friends often speak of it. I most heartily recommend these medicines to all suffering as I was."

The People's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps for expense of mailing only. Address Dr. K. V. Pierce, Buffalo, N. Y.

yon to work on the new buildings, but the family will remain here so the children can go to school.

County Recorder McAllister is to be congratulated on his style of getting up the copy for the great register this year. It is in alphabetical form and each precinct by itself, a great convenience for the printer and very handy for reference.

Married, at the residence of the groom's parents, Mr. and Mrs. F. M. Zuck, Wednesday evening, October 22, 1902, Frank A. Zuck to Mary Mahoney, Rev. S. Smith, of Winslow, officiating. Only immediate relations of the contracting parties were present. Mr. and Mrs. Zuck, who have lived here for many years, are well and favorably known and are held in the highest esteem by everyone. The newly married couple left for Keam's Canyon, where Mr. Zuck has employment on the new government buildings.

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

WHAT CAUSES DANDRUFF.

Greatest European Authority on Skin Diseases, Says It's a Germ.

The old idea was that dandruff is scales of skin thrown off, through a feverish condition of the scalp is explored. Prof. Unna, Hamburg, Germany, European authority on skin diseases, says dandruff is a germ disease. The germ burrows under the scalp, throwing up little scales of cuticle, and sapping the vitality of the hair at the root. The only hair preparation that kills dandruff germs is Newbro's Herpicide. "Destroy the cause, you remove the effect." Not only cures dandruff, but stops falling hair and causes a luxuriant growth. Delightful hair dressing. Send ten cents in stamps for sample to The Herpicide Co., Dept. "F," Detroit, Michigan.

HALLOWE'EN TOMORROW.

The Bad Boys Are Arranging to Make
Their Raids Tomorrow Night.

WATCH THEM CAREFULLY.

The evil spirits of Halloween have at last taken hold of the naturally bad boy, who develops into an unnatural and natural evil being all at once. Several weeks previous to the great event the young rascals are testing every gate in the city, visiting the near by corn and cabbage patches, locating vehicle that can easily be run on some porch, testing the water spout and pulling all nails out of the porch ballaster that they may slide down without catching on. All these things are looked after as carefully as a general inspects his army.

When darkness cover the land, bands of these evil spirits, who had safely escaped from mamma's apron string, are sneaking up dark alleys with old hats down over their faces. A coal shed is sighted and with long props they work rapidly, straining every nerve. Over it goes with a bang, and the coal continues to rattle, after the band have made a hasty retreat. A gate is quickly taken from its accustomed place and placed high in a tree; streets are blockaded, steps, torn up, wagons turned over and the wheel rolled to some distant place. They work ardently and quickly as if their lives depended upon it, and are only disturbed by the occasional report from a musket in the hands of a man who has never been a boy.

Then comes the boy who is not possessed of the evil thoughts of destruction and causing trouble. He is content with throwing corn at windows, which cause the peaceful denizens to jump with fright. A door given a lovely jar with a cabbage stock is also his delight.

We have also the boys and girls who look forward to Halloween as the greatest social event of the year. An attic or cellar is artistically decorated with boughs covered with tattered leaves, corn stalks, golden rods and jack-o'-lanterns. The young ladies drape in long white dresses, powdered hair and faces to give them a ghastly appearance. Informality is the key note of Halloween entertainments, and whims and conceits are always in order. Dignified maidens lay aside their dignity and jokes and laughter broken by the feelings of mystery that overpowers one, are the pleasure of Halloween.

In the decorated attics or cellars, the boys and girls assemble to enjoy the feasts of nuts, apples, pumpkin pies, cider and ginger cake. Then begins the popping of corn, burning chestnuts, ducking into tubs of floating apples to catch in the teeth and usually one must go to the bottom to fasten the teeth in the apple containing the initials of your loved one, burying your nose in a plate of flour to get the ring, telling fortunes, making wishes and as the bewitching hour of 12 approaches the lights streaming from the ugly and ghastly faces of the jack-o'-lanterns are extinguished, and ghost stories, weird and mysterious are told. The timid maidens cling fondly to her lover, while the witches weave in and out through the room. This is only one of the many ways in which the traditional Halloween may be enjoyed. In many places it is turned into a carnival night. Maskers as knights, ladies of high courts, brownies, fairies and witches, and all kinds of pranks are played on their friends, who enjoy them as much as the one doing the joking. Ghost parties are a great fad, so are the bon fires, on which a whole feast may be prepared and spread on the leaves in a grove. There is no curfew on this mysterious night.

From the bad boy to the dignified school girl Halloween is an event never overlooked, and all there is in it is brought out that the enjoyment may be complete.

Look out for Fever. Biliousness and liver disorders at this season may be prevented by cleansing the system with De Witt's Little Early Risers. These famous little pills do not gripe. They move the bowels gently, but copiously, and by reason of the tonic properties, give tone and strength to the glands. B. H. Briggs & Co.—J. H. O'Reilly & Co.

SEVEN TO ONE

Sometimes the weight goes up that way when taking Scott's Emulsion. Seven pounds of new, healthy flesh from a one pound bottle of Scott's Emulsion is on record.

Scott's Emulsion brings everything to its aid; good appetite, strong digestion, rich blood, new body strength, and above all the power to get all the good out of ordinary food.

For those who are in need of more flesh there is nothing better. Thin folks—try it!

We'll send you a little to try, if you like. SCOTT & BOWNE, Pearl Street, New York.

Coming Wedding.

The wedding of Miss Katherine Stephan and Alfonso Kobell has been announced to take place Monday afternoon at 2:30 o'clock, at the home of Mr. and Mrs. George Burrus, on Cromwell avenue. Miss Stephan came to Albuquerque about a year ago from St. Louis to make her home with her brother, Karl Stephan. Mr. Kobell, who is foreman of the tank builders in the Santa Fe shops, has lived here a number of years.

The Worst Form.

Multitudes are singing the praises of Kodak, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with digestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodak and after using four bottles I am entirely cured. I heartily recommend Kodak to all sufferers from indigestion and dyspepsia." Take a dose after meals. It digests what you eat. B. H. Briggs & Co.—J. H. O'Reilly & Co.

Trinidad Postmaster Dead.

C. L. Doran, the postoffice inspector for this district, is in the city. This morning, he received a telegraphic message announcing the death of Joseph E. Miller, the postmaster of Trinidad, Colo., but giving no further information regarding his death. Mr. Doran says that the deceased was one of the best known republicans of that section of Colorado.

A Husband in Trouble—Old Line
Democrats Will Vote Republican

Ticket.

A DOUBLE WEDDING.

Special Correspondence.

Las Vegas, N. M., Oct. 29.—George Grenier is in trouble. It was a case of "too much Johnson," at least so Mrs. Greenier says, for she yesterday made complaint against Maymie Johnston for alienating her husband's affections and using abusive language against her. Hubbie has also been reciprocating the affections of Maymie, it seems, and Mr. Greenier has trouble in last night himself if he does not behave himself and leave Maymie alone.

C. L. Doran, the popular and efficient postoffice inspector, came in last night from Trinidad, and left today for Albuquerque.

Miss Carrie Lunde, who has been waitress at Duval's, left last evening for San Francisco, where she will make her home with her uncle.

Mrs. Thomas Hayward returned yesterday evening on No. 7 from her extended visit back to her old home in Ohio.

Rev. A. M. Lumpkin left yesterday evening for Mexico, where he will stay after some interests. He will pass through the city going east in a couple of weeks.

Miss Susie Summers, head nurse at the Montezuma at the springs, will be joined here Saturday by her sister from Cleveland, Ohio, and they will together proceed to Los Angeles where they will visit.

Ramon Macenas, one of the democratic wheel horses at Rociada, died last night of old age. He was about 75 years of age and was the uncle of Mrs. E. H. Salazar.

Herman C. Hield and bride arrived home today from their honeymoon trip on the Pacific coast. They will live for the present at the home of the groom's father, while getting their own home ready.

A number of the old line democrats, those reared in the east and know what fidelity to party means, say, while they hate to do it, they will have to vote the republican ticket, as they cannot swallow the speckled combination nominated by the disgruntled. They will put Ferguson's name at the head of the ticket and vote the rest of the ticket straight.

Charles Rudolph, the fusion candidate for sheriff, left for his home at Rociada today. Some of Mr. Rudolph's good friends advised him to go home and keep his hands in his pockets with his money, and not let the hungry horde in his ranks get a turn at him, as there was no hope for election.

There was a double wedding last night at the east side Catholic church, in which two sisters became wives. Vivian Garcia, of this city, was the happy groom who took to wife Miss Mary Spiekman, Patricia Miraval and Miss Maria Deizer being attendants. The other couple were Thomas Miraval to Lucy Spiekman, Amado Hidalgo and Miss Felicitiana Maldonado being the best man and bridesmaid. Father Pouget tied the nuptial knot before quite a large audience at 9 o'clock.

ed up on Twelfth street to National. The city council will meet tonight in adjourned session, and the session promises to be a long one.

William Woods, the porter for the Crockett building, died last evening of consumption. "Billy," as he was familiarly known, was a most popular colored man and well known. He was buried this afternoon at 3:30 from his late home, the interment being made in the Odd Fellows' cemetery.

E. O. Thomas, the letter carrier, returned last evening on No. 7 from his extended trip east. He was gone thirty days and was in the big wreck in Pennsylvania the first of the week, but was not injured.

L. J. Marcus and family arrived here last evening from Tucumcari for a visit. Mr. Marcus was a former resident of Las Vegas, and is at present manager of the retail department of Gross, Richards & Co.

A. O. Wheeler and wife entertained sixteen friends last night at their home in honor of Miss Kenderdine, who is soon to leave for her home in Topeka. Whist was the amusement, and the guests enjoyed some unusually dainty refreshments.

Mrs. Joshua Reynolds will entertain a number of friends Friday afternoon at cards.

Mr. and Mrs. James Dick entertained six tables of friends last night most delightfully at six handed euchre. Mrs. J. A. La Rue was the winner of the most number of games for the ladies, and C. C. Gise for the gentlemen. Mrs. Ned Reynolds carried away the prize for the best bridge for the ladies and T. B. McNair for the gentlemen. Splendid refreshments were served and a most enjoyable evening spent.

Mr. and Mrs. William Realfe, who have been visiting Mrs. C. C. Gise, will leave on the morning flyer for California for a visit before returning to their home in the City of Mexico. Mrs. Realfe is a sister to Mrs. Gise.

J. L. Van Houten, the manager of the Maxwell land grant, is down from Raton on business. He came down yesterday evening.

Mrs. L. Corey arrived here this afternoon from Brunson, Mich., for a visit with her son, Bert Corey. Mrs. Corey will spend the winter here.

W. E. Gortner, the popular court stenographer, is expected to return this evening from his trip back to Goshen, Indiana, to visit with his mother.

Prof. J. G. Halapleus arrived this afternoon from Santa Fe and will go before the council tonight asking for the franchise for the Pecos river electric power plant.

Engineer John Findlay, of Raton, who was scalded about the eye a week ago, and has since been at the Santa Fe hospital here, left this afternoon for home, having about recovered.

We sell the greatest of blood purifiers, Acker's Blood Elixer, under a positive guarantee. It will cure chronic and other blood poisons. Briggs & Co.

STARTING EARLY.

Marshal McMullin Warns Halloween Tricksters—A Small Blaze.

"Tomorrow night is Halloween," said Marshal McMullin this morning, "and we don't mind one night of celebrating, but when they commence two nights before and end several nights afterward we have a kick coming."

The boys seem to get the idea into their active brains that the more property they destroy the better they have celebrated the event.

If there is any destruction of property and unreasonable pranks, the police station has a good capacity and it can easily be tested.

Marshal McMullin will be very reasonable on the carnival night, so long as the fun and boisterous noise does not exceed reasonable measures. But you'll have to be good tonight or there will be something doing by the police.

Last night, in advance of Halloween, some playful gentleman, with a pleasant jag on, played a trick on Jeweler Maynard. During the day Mr. Maynard had received a large box con-

ing some choice goods for his patients. At night he set the box out in front of his store, intending to send it to his home on South Second street for kindling purposes. About closing time he noticed fire coming from the box, and soon had the flames extinguished by the application of several buckets of water. Some one had passed the box and dropped a lighted match among the excelsior and straw. This was fire No. 1. After Mr. Maynard had closed his store and retired to his home, some one, probably the same party, returned to the box and saturated the contents with oil. Another match was applied, and in a few minutes a roaring blaze lit up that portion of Second street. The obliging, playful individual, when the police appeared on the scene, had made himself scarce.

DISTRICT COURT.

Case of W. H. Shoat Decided in Favor of Jacob Korber & Co.

In district court yesterday the case of W. H. Shoat against Jacob Korber & Co. was heard by Judge Baker. Shoat asked for \$5,000 damages for injuries received by falling into an excavation, and the accident was alleged to be due to the negligence of the defendants.

The plaintiff's case showed that he was on his way down town on Copper avenue, that he passed a building under construction by contractors for the defendants, that he fell into an excavation in the sidewalk made by the contractors, broke his wrist and sustained other injuries which caused damage to himself and his business to the amount of \$5,000.

The case of the defendants was to the effect that the hole was properly covered, guarded and lighted, and they attempted to show that if plaintiff fell in the excavation and injured himself that it was due to his own carelessness.

The plaintiff's case rested almost entirely on his own testimony, while the defendants introduced a number of witnesses to sustain their plea.

The defendants' attorneys moved that the jury be instructed to return a verdict in favor of Korber & Co., and in view of the preponderance of the evidence introduced in the defendants' favor, the court so instructed.

In district court this morning the docket for the setting of civil cases was called.

TEACHERS' RECITAL.

Held at the School of Music, Public Library Building, Yesterday Afternoon.

The first recital of the teachers of the new school of music of the University of New Mexico was well attended by the music lovers of Albuquerque yesterday afternoon from 4 to 5 o'clock in the hall, public library building.

The recital was entirely informal and the program given by the three teachers participating was received with much enthusiasm.

The program was opened by Mrs. Mabel Himoe, with a prelude by Rochmannoff and "Ni Tereña," by Carreno. This number brought forth many comments. Her second number, the very beautiful "Ballade," was well received.

A number of critics present yesterday declared that the "Ballade," which is one of the most difficult and most beautiful of the Chopin writings, was well rendered by Mrs. Himoe.

The readings of Miss Chapin were received in a gratifying manner. Miss Chapin showed versatility and power in her rendering of the "Beatrice," Holmes; "To a Usurper," Field; "L'Envol," Kipling, a trio of selections which were received with hearty enthusiasm.

Prof. John Douglas Walker, who has won much popularity as a talented singer, delighted his audience yesterday by singing "Song of the Morn," Young; "Love is a Sickness," Parker; "Life and Death," Neidlinger; "The Rosary," Nevins; "Diamonds Has Thou and Pearls," Allitsen, and "The Silver Ring," Chammadi.

That the school of music has a faculty of unusual musical ability was shown by the recital and undoubtedly made a very favorable impression with the pleased audience.

Foot Ball Captain Weds a Beauty.

Philadelphia, Oct. 30.—Garrett Cochran, Princeton's famous foot ball captain and coach, who while a collegian made a record as a campus fighter as well as an all around athlete, was married today to one of Philadelphia's most beautiful debutantes in the person of Miss Eleanor McNeely, daughter of Mr. and Mrs. Robert Knox McNeely. The ceremony was performed at noon in the presence of a fashionable assembly that completely filled Holy Trinity church. An elaborate wedding breakfast and reception followed at the home of the bride's parents. Mr. Cochran is the son of State Senator J. Henry Cochran and is reputed to be a millionaire in his own right, most of his wealth having been made in the Klondike since his graduation from Princeton.

The First National bank of Farmington have been placed in their vault a section of fifty of the latest improved safety deposit boxes. They are made of the best hard chilled steel one-half inch thick, the door to each box has a lock that requires two keys to open it, one held by the bank and the other by the customer. Cashier Amsden informs us the rental charge is \$3 per year, and that most of them are already spoken for.

AZTEC.

From the Index.

Lawyers have been plentifully in evidence during this week.

The foundation for John Green's new building in Aztec is fast nearing completion.

The little black bear that has been raiding the crops on the McIntosh and Cunniff ranches was killed last week by Frank Cooper on the ranch of A. R. Springer.

Mrs. F. T. Hickman and daughter, Lillie, will accompany Mrs. Logan and Miss Bessie Hickman on their return to their home at Shelbyville, Ky., for a visit during the winter and where Miss Lillie will be placed in school. This will be Mrs. Hickman's first visit to her old home in fourteen years and she will no doubt enjoy the visit and vacation very much. They will start next Monday.

The bazar and supper given at the Presbyterian church in Aztec Thursday evening was a decided success, financially, and a large sum was raised to be applied toward sealing the church and thereby making it more comfortable for winter. A large crowd was present from various parts of the county. A splendid program of music and songs by visiting and home talent was rendered.

DESERTING THE NATIONAL

American League Gets Many of the Old Association Stars.

TEAM FOR NEW YORK

Barring the wholesale jumping of ironclad contracts—which now seems altogether unlikely—the American league will be stronger in playing strength next year than ever. New York has passed from a possibility to a stern reality as a member of next year's circuit, and the team which has been signed promises to give Gothamites the best ball they have seen in years.

Nineteen of the National league's most brilliant stars have gone over to the Johnson forces for next year, and the champion Pittsburgh team has been absolutely riddled to form the club which will represent New York in the American league circuit.

Pitchers Chesbro and Tannehill, Catchers O'Connor and Harry Smith, Infielders Leach and Conroy, Outfielder "Lefty" Davis have all left Pittsburgh for the American league ranks, and the entire seven are booked for berths in the Gotham nine. The great "Willie" Keeler, of Brooklyn, together with Dave Fultz, the star outfielder of the Philadelphia Athletics, and Davis, completes the outfield for the New Yorkers.

"Doc" Newton, of Brooklyn, Wilkie, of Baltimore; Howell, of Baltimore; Adkins, of Milwaukee, and Owen, of Omaha, will help Chesbro and Tannehill in the slab work.

In the infield John Gansel, formerly of the Chicago and New York National league teams, and who last season headed the batters in the American association on the Louisville club, will be at first base; "Jimmy" Williams, formerly of Pittsburgh, and last year of Baltimore, will be on second; Herman Long, captain of last year's Boston team in the National league, is scheduled for short stop, and "Tommy" Leach, the star third baseman of the champion Pirates, will be at third.

First Baseman Jones, of Baltimore; Shortstop Conroy, of Pittsburgh, and Gus Dundon, a star from the Denver team, will be extra men for the infield positions, while Herman McFarland, the ex-White Sox and Baltimore outfielder, will be the extra man for the outer gardens.

Clark Griffith is still a probability for the position of field manager of the new Gotham team. He is signed with Comiskey, and in the appended list—which is the first official announcement of the make up of the American league clubs—he is allotted to the White Sox. Certain deals are now on, however, by which the transfer of "Griff" to New York may be accomplished.

New York has been the objective point of the American league for two years. Desirable grounds are already secured, although the announcement is still withheld.

Aside from the wholesale raid on Pittsburgh several of the other National clubs have suffered. Brooklyn has lost Pitchers Newton, Donovan and Kitson, besides Keeler; of the Boston club, Herman Long, Demontreville and Pitcher Willis have signed with the opposition; Philadelphia loses Pitcher White and Infielder Hulsitt, and New York loses Matthewson and Bowerman, and Cincinnati loses Sam Crawford.

The American league teams announced by President Johnson as signed to date and as they will start the season next summer follows:

New York.

Pitchers—Chesbro, Pittsburgh; Tannehill, Pittsburgh; Newton, Brooklyn; Owen, Omaha; Wilkie, Baltimore; Howell, Baltimore; Adkins, Milwaukee.

MISS VIRGINIA GRANES, President Nurses' Association, Watertown, N.Y.

Most distressing cases of inflammation and ulceration of the ovaries and womb. I have known that doctors used Lydia E. Pinkham's Vegetable Compound when everything else failed with their patients. I have advised my patients and friends to use it and have yet to hear of its first failure to cure.

"Four years ago I had failing of the womb from straining in lifting a heavy patient, and knowing of the value of your Compound I began to use it at once, and in six weeks I was well once more, and have had no trouble since. I am most pleased to have had an opportunity to say a few words in praise of your Vegetable Compound, and shall take every occasion to recommend it."

Miss VIRGINIA GRANES.—\$5000 for life if she testifies to its value.

Lydia E. Pinkham's Vegetable Compound has stood the test of time, and has cured thousands.

City.

Catchers—Warner, Criger.

First base—La Chance.

Second base—Ferris.

Short stop—Parent.

Third base—Collins.

Outfielders—Dougherty, Stahl, Freeman, Stone, of Omaha.

St. Louis.

Pitchers—Powell, Donovan, Sudhoff, Kelly, Matthewson, of New York.

Catchers—Kahoe, Sugden, Bowerman, of New York.

First base—Anderson.

Second base—Padden.

Short stop—Wallace.

Third base—McCormick.

Outfielders—Hemphill, Heidrick, Friel, Burkett.

Pitchers—Bernhard, Joss, Wright, Moore.

Catchers—Bemis, Abbott of New Orleans.

First base—Hickman.

Second base—La Jole.

Short stop—Gochaur.

Third base—Bradley.

Outfielders—McCarthy, Bey, Flick.

Washington.

Pitchers—Orth, Townsend, Lee, Paten, Smith, of Birmingham.

Catchers—Keeler, Drill.

First base—Carey.

Second base—Demontreville, of Boston.

Short stop—Robinson, of Kansas City.

Third base—Coughlin.

Outfielders—Delehanty, Stanley, of New Orleans, and another.

Among the players on the above list are several that are claimed by the National as well as the American league.

Elberfeld is said to have signed with McGraw's New York club, but he had previously signed a two year contract with Detroit. George Davis is also claimed by McGraw, but he is under a strict two year contract with Comiskey, and he has repeatedly stated that he would not turn down the Chicago agreement.

Bowerman and the Great Christy Matthewson were signed for St. Louis by McAleer in midsummer. Later reports from National league forces state that McGraw will have these men, but the American leaguers are confident that the men will stick to their contracts and play with the St. Louis Browns. Burkett is also claimed by McGraw, but he has signed with the Browns.

Pitcher Willis has signed with Detroit, but is reported to have jumped to the National league. Crawford signed with Detroit also, afterward being induced to return his advance money and sign a second contract with Cincinnati. The Reds claim that they will retain the great outfielder, but the American leaguers think that Crawford will stand by his first contract.

Catcher Warner signed a two year contract with the Boston American league last year, but is reported to have jumped to New York.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Texas, "billousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at all druggists.

AGRICULTURAL COLLEGE

Items of Interest From a Good Territorial Institution.

ENROLLMENT OF STUDENTS

Special Correspondence.

Mesilla Park, N. M., Oct. 26.—The exhibition of fine cattle made by the Agricultural college at the Albuquerque fair recently was awarded the only premium for live-stock. The cattle attracted a good deal of attention from the lovers of well bred stock.

The foot ball game between the teams of the Agricultural college at Mesilla Park, and the Albuquerque Indian school which was played during the fair week before a large attendance of visitors on the Albuquerque fair grounds, resulted in no score for either side. Arrangements are being made to bring these two teams together again early in November on the grounds of the Mesilla Park college and much interest is being aroused in the outcome of this second contest between the two strongest football teams of the territory.

The practical demonstration of actual mechanical engineering work being done at the fair attracted a large crowd of visitors. Two students from the college at Mesilla Park were present with the carload of exhibit material which the college sent up to the fair and were working at carpenter's benches and drawing tables. Another feature of the college exhibit that attracted much attention was its displays of results accomplished in its work of pumping for irrigation. The college had also a fine display of fresh and preserved fruits from Dona Ana county as well as work from nearly all departments of the institution.

A number of the young men who have been trained in stenography in the Mesilla Park college and most of whom have been born and raised in this territory, have gone out to fill lucrative and responsible positions. The rapid rise made by some of these young men is striking and illustrates forcibly the value of a practical education. One of these is now in the Philippines engaged in a prosperous commercial enterprise; another who left the college only six years ago is secretary of one of the largest business enterprises of northern Mexico; still another is cashier of a strong bank in Chihuahua, and another is filling a desirable position for the government in Porto Rico. If it was generally realized by the young people of New Mexico what the value of a practical education is, the attendance in our higher institutions of learning would be much greater than it is.

The total bona fide enrollment of students at Mesilla Park college is now 186. This is materially greater than ever before at this time of the year. One of the attractive features of the work offered by the college is that of the work in domestic science. The college has this year for the first time offered a complete four years' course in domestic science for young women. It has been taken by a large number of the young women of our territory who evidently find in it what they have wanted for a long time. The course includes complete instructions in cooking, sewing, hygiene, dressmaking and similar work. For the young women especially a sewing department has this year been nicely equipped with necessary machines, furniture and other equipment. The work of this course is along the line of what the college is doing for young men and young women in the way of a practical training for life.

The results of education as a means to success in life for the native young men and women of our territory is well illustrated in the case of those who have been educated at the Agricultural college at Mesilla Park. A particularly striking illustration is that of A. M. Sanchez. Mr. Sanchez was raised in the little town of Mesilla and had no special educational advantages beyond those of the ordinary Mexican boy when he entered the preparatory department of the Agricultural college. Instead of dropping out of school after one or two years' work, he persisted in completing the full college course, graduating in 1901. His record for careful and intelligent work secured him the appointment to a scholarship in the college for the following year, but before the close of that year the government at Washington had appointed him to an excellent position in connection with its division of soils. Since last May Mr. Sanchez has been travelling in the west with a government soil survey party and his future success in life is practically assured.

Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquidifies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung troubles. J. S. Mc Mahon, Hampton, Ga., "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure, it restored my voice in time to win the medal." B. C. A. Sluss, the popular and obliging cashier of the Santa Fe, at Williams, left for a month's well earned vacation to his home in Wichita, Kan. During his absence the duties of his position will be ably looked after by Joe Atwood.

The Topeka State Journal says: Henry Auge of the blacksmith shop will give up his position here and go to Albuquerque to work in the shops there. Otto Larson, who formerly worked in the blacksmith shop, will take his place.

William A. Deuel, superintendent of the Colorado division of the Union Pacific railroad with headquarters in Denver, is said to be slated for the position of general manager of the Union Pacific system to succeed E. E. Dickinson, the present general manager who, on November 15 will assume similar duties with the St. Louis road in Mexico.

The Mexican government, according to a report to the state department of J. Gonzales Pages, United States vice

consul at Vera Cruz, has purchased the major part of the recent issue of the Inter-oceanic Railroad company's bonds, thus obtaining a controlling interest in the road. The Mexican officials in effecting the purchase were actuated not so much by a desire to seek a profitable investment of government funds as by a determination to prevent, if possible, the formation of "pools" and "trusts."

THEY ALL SAY SO.

Not only in Albuquerque but in Every City and Town in the Union.

If the reader took the time and trouble to ask his fellow residents of Albuquerque the simple question given below, he would obtain the one answer. If he would read the statements now being published in Albuquerque which refer to this answer, it would surprise him to note that they number so many. As many more could be, and may be, published, but in the meantime ask the first person you meet what cures backache? The answer will be Doan's Kidney Pills. Here is a citizen who endorses our claim.

Mrs. J. Hall, of 519 South First street, says: "One of my daughters suffered from backache for about eight months or a year. Sometimes it was so bad that she was completely prostrated for a day or so at a time. I read about Doan's Kidney Pills in our Albuquerque newspaper and thought if they only performed half what they promised they might help my daughter and we went to the Alvarado Pharmacy for a box. In a remarkably short time the medicine took effect and a continuation of the treatment a little longer stopped the backache. We are pleased to recommend Doan's Kidney Pills."

SHORTAGE IS IMMINENT.

Journal of Commerce Says There Won't Be Enough Cars.

Railroad officials declare that the indications of a serious car shortage throughout the country are becoming more and more pronounced, and the outlook is causing no little apprehension, says the Journal of Commerce. The movement of general freight, both east and west bound, is reported to be unusually heavy. Under normal conditions the principal lines would find their facilities heavily taxed. The termination of the coal strike, however, and the resumption of mining has resulted in an abnormal demand for cars of all kinds suitable to carry coal by the anthracite roads, and the heavy coal shipments are expected to severely tax the hauling power of these lines. All-rail grain has not yet started to come forward to any great extent, but will begin to move in large quantities next month and then, judging from all present indications, the officials declare, the lines will witness one of the greatest car shortages on record. All the trunk lines are using their utmost endeavors to enforce the per diem agreement to hurry the return of their cars.

No danger of consumption if you use Foley's Honey and Tar to cure that stubborn cough. Alvarado Pharmacy.

Needles Hospital Improvements. There have been many improvements in the local railway hospital during the recent months, says the Needles Eye. It has been re-floored and painted and the sanitary conditions modernized. A library for the use of patients has been added. Wiring for electric lights has been made. The linen has been renewed and six new beds added, and a hot water heater installed. Besides the credit system has

been adopted which allows the workman in straitened circumstances to be examined. The more serious cases will be taken either to Albuquerque or Los Angeles. Pay patients will also be admitted under the care of the local surgeon when the admission will not interfere or inconvenience the service of railroad employees.

Foley's Honey and Tar cures coughs and colds and prevents pneumonia. Take no substitutes. Alvarado Pharmacy.

FOR TELEGRAPH POLES.

Railway Review Discovers a New Use for Catalpas.

The Railway and Engineering Review should get a new catalpa editor. In the last issue of that valuable publication the Illinois Central is reported to be raising catalpas for "telegraph poles." Catalpas are said to be excellent for ties, but their use as telegraph poles is a discovery which must have been made only by a man who never saw a catalpa. The Review says:

"Twenty-five thousand catalpa trees are to be planted in southern Illinois by J. P. Brown, secretary of the International Society of Agriculture. The trees are to be grown for the purpose of supplying telegraph poles, and the society has a contract with twenty different railroads to plant small orchards. An orchard has been established near Duquoin, Ill., which will be for the use of the Illinois Central railroad. The latter road is arranging to plant 200,000 trees in Louisiana."

WIRELESS TELEGRAPHY.

G. P. A. Excursionists Talked From a Fast Moving Train.

During the run of the general passenger and ticket agents' special train between Toronto and Montreal an interesting feat was performed in wireless telegraphy. A number of experiments were shown by Drs. Rutherford, Wilson, Boney and Prof. McLean of McGill university. They succeeded in establishing wireless communication between the train, which was running at the rate of sixty miles per hour, and St. Dominick station. This is the first time it is said, that wireless telegraphy has ever been attempted from a fast moving train and the experiment was a complete success. Communication was opened eight miles before reaching the station and was continued for some distance beyond.

Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." Alvarado Pharmacy.

STOREY AT ST. LOUIS.

Attends Meeting to Discuss Subject of Track Ballasting.

W. B. Storey, chief engineer of the Santa Fe, has recently been in St. Louis, where he attended the meeting of the committee on ballasting of the engineering and maintenance of way association. Those present were the chairman, Vice Chairman Molitor, S. B. Fisher and W. B. Storey, Jr. The subject as to "What Constitutes Ballasted Track" was discussed and the following definition drafted: "Ballasted track is track held in line with the surface by selected material placed above the roadbed in which cross-ties are imbedded. The object of such material bearing for the cross-ties to distribute the applied load and to provide suitable drainage." The question as to what material could be used for ballast was also discussed, and it was agreed that the materials named in the last annual report, namely, broken stone, gravel, burnt clay, partially disintegrated rock, chatts and cinders could be used. A rough draft was formulated for specifications for stone. It was decided that no specifications should be drawn up for gravel, as in each case any particular deposit would have to be passed upon as to whether it was of practicable value. The question of cinder ballast was discussed, and it was found that the experience of the members present has been that they have had very poor success with engine cinders. The question arises as to whether the increased weight loading has placed too great a burden on cinders. It was the desire of the members of the committee present that each member formulate specifications for each of the various kinds of ballast promptly and send to the chairman.

and shot up the town, together with her daughter, vamoosed Sunday, or, at least, so it seems. The daughters said they were going to Albuquerque, when seen Sunday at the station, but the mother was, apparently, no where to be seen.

It has since developed that the female who gave the name of Miss Emma Blake to the reporter, was no other than the mother in disguise, wearing goggles and disguised otherwise. The reporter thought he recognized her but the name and disguise temporarily misled him. It seems that they have jumped the town, at least so the boys who have been boarding at the hotel think. ELECTION PROCLAMATION.

Whereas, By law it is made the duty of the board of county commissioners in each of the counties of the territory of New Mexico to proclaim an election to be held in their respective counties for the purpose of voting for candidates for the several county offices for the ensuing two years at a general election to be held for that purpose; And, whereas, the first Tuesday after the first Monday in November is designated by law for the holding of said election.

Therefore, the board of county commissioners of Bernalillo county at a regular session held in Albuquerque, the county seat of said county, hereby designate and order as follows:

That on Tuesday, the 4th day of November, A. D. 1902, commencing at 8 a. m. and closing at 6 p. m., of said day an election shall be held in the various precincts of the county within the county of Bernalillo, territory of New Mexico, at which election candidates shall be voted for by the legally qualified electors in each precinct for the following offices, to-wit:

A delegate to the congress of the United States.

Two members for the territorial legislative council, one for Bernalillo county and one for Bernalillo and McKinley.

Two members for the legislative house.

One member for the legislative house for the counties of Bernalillo and McKinley.

One probate judge. One clerk of the probate court. One sheriff. One assessor. One treasurer and ex-officio collector.

One county surveyor. Five river commissioners. Two county commissioners.

In witness whereof I have this 6th day of October, A. D. 1902, at Albuquerque, N. M., affixed my hand and official seal.

E. A. MIERA,

Chairman board of county commissioners Bernalillo county.

The case against William Clifford, charged with murder in the third degree, the result of the death of Leonard Dunning during the recent territorial fair, was called before Justice Crawford at 3 o'clock this afternoon, but owing to the absence of the attorney and witnesses for Mr. Dunning, the case was postponed until 9 o'clock next Monday morning.

The meeting of New Mexico Baptist convention in this city on November 14, 15 and 16 promises to furnish a number of fine programs of public interest as well as all being of great importance in the interest of work presented. The evening music, besides song services, will be a marked feature, being under the charge of Prof. Walker and Mr. Newton.

Governor M. A. Otero, who was down in Otero county on a campaign tour, returned to the city this morning and continued north to Santa Fe on the delayed passenger train. He stated to a party of friends, who met him at the depot, that Rodey's prospects were exceedingly bright for carrying Otero and the other southern counties next Tuesday. The governor believes that Rodey's majority will be between 5,000 and 6,000.

Don J. Rankin, candidate on the republican county ticket for the office of surveyor, was at his insurance office today, having just returned from an official gaging trip to San Juan county. He reports everybody in that section of New Mexico in a prosperous condition, and that those who attended the recent territorial fair were well pleased with their visit to the territorial metropolis.

Even a family man has some troubles that are not down on the usual list of trials and tribulations. This morning, O. A. Matson picked up his little hatchet and sallied forth to the wood shed to do some chopping. He was getting along nicely and his wife, who was near by, was complimenting him on his efficiency as a wood chopper, when a piece of kindling flew up and took Mr. Matson by surprise. The piece hit heavily on the right side of the head, near the eye, and made several bad bruises. For a time Mr. Matson was pretty badly stunned.

A large crowd of merry dancers attended Mrs. Rose Berry's regular Wednesday night dance at Odd Fellows' hall last night. The classes are increasing and large numbers of old dancers come for the regular dance which follows the classes. These dances were formerly been given at Orchestra hall, but a change for a central location is appreciated by many, as it is more convenient for them to attend. Mrs. Berry's Saturday night dance will continue to take place at Orchestra hall.

The Sailors' Rest club were entertained by Harry Benjamin at his home on Tijeras road last night. The ping pong players were somewhat out of practice after several weeks of nothing doing, but with a few "love 15" and "30 love" they were as good as ever before. A dutch lunch followed an evening of interesting games.

Everybody should arrange to attend the merchants' carnival at Colombo hall Monday and Tuesday nights next week. Over 100 performers; all home talent. A fine program; good music. Many comic features. Benefit Congregational church. Tickets 25c, 35c and 50c.
